A. MISSION STATEMENT, STRATEGIC OBJECTIVES, GOALS, AND PERFORMANCE METRICS

Legal Services

Our mission is to provide excellent legal services to the State of Hawaii by providing advice and counsel to client agencies, assisting in implementing policy decisions, and aiding the core activities of the client agencies. Carrying out this mission includes (1) initiating lawsuits to protect the interests of consumers and the public, and appearing for the State in civil and criminal cases when the State is a party; (2) investigating violations of state laws, enforcing the laws, and prosecuting those who violate the law; (3) preparing legal opinions for the Governor, Legislature, and the heads of state departments; (4) advising state officials, including more than 170 boards and commissions, on legal matters so they can faithfully execute their duties and responsibilities; (5) defending and representing state officials and employees when they are sued for actions that have occurred as part of their official duties; and (6) collaborating with other states as well as federal and local counterparts on matters of importance to our State.

Our strategic objectives, or "big picture goals" including maintaining an environment that attracts and nurtures talented attorneys with a commitment to public service, so that our department can continue to represent the state successfully at the local and national level on the myriad matters.

Our immediate goals are to adapt efficiently and effectively to evolving technological requirements necessitated by the COVID-19 pandemic, while at the same time conserving our operating budget and resources.

Our performance metrics rarely change because they are so closely tied to successful representation of our clients. If we do our job well, we save money and resources for the State. During the COVID-19 pandemic and the resulting economic stresses, our performance was primarily measured by our ability to adapt to working with fewer resources, successfully manage the safe travels program, and perform our usual work.

Crime Prevention and Justice Assistance Division

The Crime Prevention and Justice Assistance Division assists the Attorney General to facilitate and coordinate efforts to improve the criminal justice system and to encourage community partnerships in addressing crime. Its operations are encompassed in ATG100 Legal Services, and funding concerns related to it are addressed in Section D, below.

Hawaii Criminal Justice Data Center (HCJDC)

The mission of the HCJDC is to provide complete, accurate, and timely criminal justice information for use by all criminal justice agencies, as well as certain authorized non-criminal justice agencies, throughout the State and to provide a statewide system of civil and criminal identification based on fingerprints and demographics.

The HCJDC is statutorily mandated to collect, store, and disseminate all criminal justice data to be used nationally by criminal justice agencies as a tool "to prevent crimes and detect criminals in support of the right of the public to be free from crime and the fear of crime." Section 846-2.5, Hawaii Revised Statutes (HRS). Criminal history data serves a critical tool in determining dangerousness during arrests and during initial court appearances to ensure appropriate custody status is maintained (including bail) as well as fair sentencing. HCJDC provides 24x7 on-call services to law enforcement and criminal justice agencies to respond to system issues for both State and Federal criminal justice systems.

Child Support Enforcement Agency (CSEA)

To provide assistance in obtaining support (both financial and medical) for children by locating parents, establishing paternity, establishing support obligations and enforcing those obligations.

B. HOW OUR BUDGET REQUESTS CONTRIBUTE TO ACCOMPLISHING OUR STRATEGIC OBJECTIVES, GOALS, AND PERFORMANCE METRICS

As we recover from the COVID-19 pandemic, we continue to focus our requests on utilizing special funds and conserving general funds where possible to prioritize the needs and provide effective services to our client agencies.

C. HOW CURRENT STATEWIDE ECONOMIC AND FISCAL CONDITIONS HAVE AFFECTED OPERATIONS AND THE ABILITY TO MEET GOALS

Legal Services

The fiscal crisis caused by the COVID-19 pandemic has required us to evaluate all of our divisions and units to find efficiencies and cost savings. To achieve this, we have worked closely with client agencies and their staff to reduce their need for attorney services. We recognize that certain compromises have and will need to be made but will work to ensure that our core function, providing solid legal advice and support, will not be jeopardized.

The department continues to face workforce challenges. Recruiting and hiring deputies, legal assistants, legal secretaries, and legal clerks has been extremely difficult. Some positions have been open for 24 months despite active efforts to recruit. Without support from our civil service employees, other employees are carrying the work for those divisions with vacancies and deputies end up spending time on administrative work that takes time away from their ability to provide services to our clients. We have informally been developing internal workforce training, which we have had some success with. This process, however, requires additional time and attention from deputies and staff that are already over-worked.

Hawaii Criminal Justice Data Center (HCJDC)

HCJDC's overall yearly budget is covered by 34.64% general funds. The remaining 65.36% of HCJDC's budget is funded by the use of special funds from the criminal history record improvement revolving fund established by section 846-10.6, HRS (account # S321). The S321 account funds 25.5 of the 49 positions that are essential to the operations of HCJDC and the purchase of maintenance, consultants, and hardware not budgeted for in HCJDC's general fund allocation. Without special funds, HCJDC will not be able to continue to support the State's mission-critical criminal justice systems, which require 24x7 on-call services to law enforcement and criminal justice agencies. This is a high priority for the HCJDC and all such agencies that depend upon these criminal justice services to maintain public safety for the State of Hawaii.

HCJDC is responsible for the daily operations, upkeep and maintenance of (1) the Criminal Justice Information System (CJIS)-Hawaii, (2) the statewide Automated

Biometric (ABIS) and facial recognition system, (3) the statewide system/database of booking information (otherwise known as the Green Box System), (4) the Lights-Out Transaction Controller (LOTC) which ties together these systems in the real-time positive identification process, and (5) the Hawaii Integrated Justice Information Sharing (HIJIS) program which is a portal to share Hawaii criminal justice information by single logon and query and connectivity to the FBI's Criminal Justice Information Services (CJIS) which includes the National Crime Information Center (NCIC), National Instant Criminal Background Check System (NICS), National Data Exchange (N-Dex), and the Law Enforcement Enterprise Portal (LEEP). In addition to the above systems HCJDC is responsible for public access to Criminal History Records, expungements, and the Covered Offender Registry.

Child Support Enforcement Agency (CSEA)

In state fiscal year 2022, CSEA managed approximately 91,000 cases and collected over \$100 million in child support payments. These collections went to supporting children and providing families critical resources. CSEA receives 66% of its funding from the federal government. For every \$1 the agency receives from the state general fund, \$2 is received from the federal government. Any budget restriction to CSEA's general fund appropriation reduces the agency's available funds by three times the amount. This impacts CSEA's ability to fill vacancies, maintain its quality of customer service and provide critical resources to families.

In addition, CSEA, in partnership with the Federal Office of Child Support Enforcement, is committed to improve its operations according to federal performance effectiveness measures. The categories to show performance effectiveness are (1) percentage of children born out of wedlock where paternity is established, (2) percentage of cases with a child support order, (3) level of performance in collecting current support, (4) level of performance in collecting arrearage, and (5) cost-effectiveness of the program. The CSEA is awarded with federal incentive money every federal fiscal year based on its performance in these categories after an annual data reliability audit. The incentive funds are used to supplement, but not to supplant, the agency's general and federal funding sources for operational purposes.

D. FEDERAL FUNDS

Legal Divisions

No impact at this time.

Crime Prevention and Justice Assistance Division

Federal agency: U.S. Department of Justice, Office of Justice Programs, Office for Victims of Crime Federal program at risk of reduction of federal funds: Victims of Crime Act (VOCA) Victim Assistance Grant CFDA: 16.575

There has been a steady decline in federal funds received for the Victims of Crime Act (VOCA) Victim Assistance Grant. The Department's Victim Assistance grant amount in FFY 2018 was \$14,803,390; in FFY 2019, the grant amount was \$10,058,537; and in FFY 2020, the grant amount was \$7,502,120, and in FFY 2021, the grant amount was \$4,783,838, and in FFY 2022, the grant amount was \$6,547,786. There are no plans to supplant the reduction of VOCA grant funds with other funds, including state general funds, for the current state fiscal year (FY23). It is unclear when the reductions will slow or reverse. The Sustain the Crime Victims Fund Act of 2021 (VOCA Fix) enacted in July 2021 by President Biden permits the VOCA Victim Assistance Grant to allow state administering agencies a no-cost extension of up to one year per grant award to provide states with additional time to re-purpose or use available Victim Assistance funds that otherwise would lapse back to OVC. The VOCA fix also expanded Crime Victim Fund deposits to include non-prosecution and deferred prosecution cases which is reflecting some immediate impact. As of September 30, 2022, the amounts received from deferred prosecution and non-prosecution agreements in 2021 and 2022 were \$224 million and \$531 million, respectively.

Background: In 1984, the federal Victims of Crime Act (VOCA) was passed establishing the Crime Victims Fund (CVF) to assist and compensate victims and survivors of crime. The CVF comprises federal criminal fines, forfeited bonds, forfeited profits from criminal activity, additional special assessments, and donations by private parties. Congress disburses money from the CVF in the annual appropriations process, and the Office for Victims of Crime (OVC) oversees the fund and distributes the money in the form of formula grants to states and territories. The Department administers the Victim Assistance grant program (CFDA 16.575) and sub awards the fund to victim services for victims of all crimes including crimes such as murder and drunk driving, with a statutory priority for child abuse, domestic violence, and sexual violence services. Over the past several years, deposits to the CVF have decreased dramatically. As the amount of money available in the CVF has dwindled, so has the money available for VOCA grants to the states. Appropriators wrote in 2019, "The Committee is concerned . . . by the historically low receipts deposited in the CVF, and in turn, the decrease in resources available for OVC's disbursement of CVF funded grants and cooperative agreements." After a watershed disbursement from the CVF in Fiscal Year 2018, disbursements have decreased annually. Accounting for transfers, the disbursement in Fiscal Year 2020 was 40% lower than it was in Fiscal Year 2018. This decrease was expected to continue unless Congress took action to fix the Crime Victim Act. In July 2021, President Biden signed the Sustain the Crime Victims Fund Act of 2021 to stabilize the Crime Victims Fund and provide enhanced support to survivors and victim-centered programs.

Hawaii Criminal Justice Data Center (HCJDC)

No impact at this time.

Child Support Enforcement Agency (CSEA)

Federal Funds continue to be available at a match rate of 66% federal to 34% state funds. This is a 2:1 match rate, one of the best offered to fund entitlement programs. In general, federal funds are available to match all state funds appropriated without limit. The agency is under strict federal regulations that require all personnel and other expenditures be completely related to child support activities. If this requirement is not met the federal government will not provide the matching funds.

E. NON-GENERAL FUNDS

<https://ag.hawaii.gov/wp-content/uploads/2022/09/Non-General-Fund-Report-2021-2022-Final.pdf>

F. PROCESS TO DEVELOP AND PRIORITIZE BUDGET REQUESTS

All division supervisors were asked to submit budget modifications (reductions and non-general fund adds) to the Administrative Services Manager (ASM), which were reviewed and prioritized. Calculations of costs (Form A) were prepared by the ASM and reviewed with the Attorney General and the First Deputy Attorney General. Requests were then reprioritized and submitted to Budget and Finance.

G. HOW SIGNIFICANT BUDGET REQUESTS ARE EXPECTED TO AFFECT OUTCOMES

Legal Division

1. Add \$470,000 in general funds to increase litigation fund budget.

To support the increased amount of litigation cases facing the State, additional funds are needed to bring our litigation budget to \$2 million to help cover litigation and other case related expenditures.

2. Add \$365,000 in FY 2024 and \$94,000 thereafter for CPJAD eGrants Management System.

The Grants and Planning Branch is working with an IT vendor on an on-line grants management system called CPJAD eGrants. The pilot system was launched in March 2022 for two formula grant programs. One-time funding from the U.S. DOJ Coronavirus Emergency Supplemental Fund (CESF) and some admin funding from the formula grant programs are being used for the initial

implementation of CPJAD eGrants. The initial implementation includes software license and installation, onsite kick-off project meeting, product branding, project management, product security role setup, contract/agreement process, revision/amendment process, request for funds/expenditures reporting process, performance report process, closeout process, reporting package, training, and service enhancement hours. Federal administrative funds will not be available after the initial implementation is completed and state funds would be essential to help support the annual maintenance and to also allow our Grants and Planning Branch to expand the development of the system to other federal grant programs.

3. Add 4.0 FTE and general funds of \$534,388 in annual funding for the Hawaii Correctional System Oversight Commission.

Funds are needed to help carryout the commission's objective of establishing and standardizing responsible, efficient, and transformative oversight practices for the State of Hawaii's correctional system.

Hawaii Criminal Justice Data Center

No changes.

Child Support Enforcement Agency

No changes.
