**PRESENTATION**  
**OF THE DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS**  
**BEFORE THE JOINT**  
**SENATE COMMITTEE ON WAYS AND MEANS**  
**HOUSE COMMITTEE ON FINANCE**  
**SUPPLEMENTAL BUDGET REQUEST FOR FISCAL YEAR 2017**  
**THE TWENTY-EIGHTH LEGISLATURE**  
**REGULAR SESSION OF 2016**  
**JANUARY 5, 2016**

Honorable Chair Tokuda and Chair Luke, Vice Chair Dela Cruz and Vice Chair Nishimoto, and Members of the Senate Committee on Ways and Means and the House Committee on Finance.

I am Catherine Awakuni Colón, and I am the Director of the Department of Commerce and Consumer Affairs (“DCCA” or “Department”). I appreciate this opportunity to discuss the Department’s fiscal year (“FY”) 2017 budget with the committees.

**Overview**

The Department’s mission is to promote a strong and healthy business environment by upholding fairness and public confidence in the marketplace, and by increasing knowledge and opportunity for our businesses and citizens.

DCCA’s funding structure was established by the Legislature in 1996 through the creation of the compliance resolution fund (“CRF”). The CRF is the primary funding source for DCCA’s programs. The Department’s financial strategy is based on ensuring that divisions have revenues to pay their expenses and that they contribute equitably to departmental overhead costs, while maintaining sufficient reserves to address unexpected contingencies. The Legislature’s foresight to develop this self-sufficiency model has benefitted our customers and the public we serve and the State over many years. Self-sufficiency notwithstanding, strong fiscal oversight continues to be important to the Department. Consistent with applicable law, the fees and revenue collected by the Department are provisioned for the purpose of delivering important commerce and consumer protection related services.

Toward that end, I appreciate the committees' thorough review and consideration of the Department's budget.

### **Impact of Current Economic and Fiscal Conditions**

The Department operates in a quickly evolving consumer and business environment. Major developments in a number of regulated industries – including significant proposed mergers in Hawaii's energy and communications services industries, and fundamental changes in the State's implementation of the Affordable Care Act – demanded both the attention and the dedicated resources of several of the Department's divisions throughout this year. These significant changes require DCCA to remain focused on those priorities and initiatives that will allow the Department to operate most effectively and responsively to the needs of Hawaii's consumers and regulated businesses. Accordingly, the Department's supplemental budget for FY17 is selective and is designed to focus DCCA's efforts on those items that are identified priorities and that will help better position the Department to respond to consumer and commercial needs as the environment continues to change.

Among the significant developments faced by the Department this year are major changes in Hawaii's energy industry, both proposed and effective. Much of the Department's work over the past FY has been to ensure that the State's current and future energy needs are met in a resilient, cost-effective, and environmentally responsible manner. As the representative of Hawaii's utility ratepayers, the Division of Consumer Advocacy ("DCA") [CCA-103] has been extensively involved in ensuring that the State's electric utilities are providing reliable service at reasonable rates, in analyzing that they are meeting the State's Renewable Portfolio Standards ("RPS") and Energy Efficiency Portfolio Standards ("EEPS") goals, that steps are taken to ensure utilities' compliance with new EPA regulations, and that community concerns over energy-related projects are being adequately addressed. The proposed merger between NextEra Energy ("NextEra") and Hawaiian Electric Industries ("HEI") has also proven to be a significant regulatory development over the last year that continues to utilize much of the time and resources for both DCA and the Public Utilities Commission ("PUC") [CCA-901].

As the PUC has presided this year over the proposed NextEra-HEI merger and various other matters, the transfer of the PUC from the Department of Budget and Finance to the DCCA as an attached agency became final and effective on July 1, 2015. The PUC continues to also build its own internal capacity by increasing staff and expanding its facilities through a legislatively approved office renovation project and organizational restructuring. These steps are part of the PUC's long-term efforts to becoming the kind of regulatory agency that Hawaii and its dynamic energy industry needs. DCCA continues to support the PUC in its transition.

Similar to DCA and the PUC in the energy industry, the Cable Television Division of DCCA ("CATV") [CCA-102] also dedicated much of its time in the last year-and-a-half reviewing a pair of major proposed mergers, both involving the proposed acquisition of Oceanic Time Warner

Cable. The first proposed merger with Comcast was ultimately unsuccessful, while the second proposed merger with Charter Communications was conditionally approved by CATV in December of 2015, and resulted in a number of customer benefits for the local cable television service market. In both proposed mergers, CATV visited each of the major islands to hold public hearings and to gather input that would inform its decision making.

FY15 also saw the closing of Heald College, which created a significant influx of requests for guidance and materials from the recently created Hawaii Post-Secondary Education Authorization Program (“HPEAP”) [CCA-107] within DCCA. In response to a substantial increase in workload for the program almost overnight, HPEAP was able to add an additional staff member in FY15 to assist with the program’s operations. This program also continues to seek adjustments to its funding and operations as its role and the post-secondary environment changes.

Hawaii’s transition from a state-based to a federal exchange under the Federal Patient Protection and Affordable Care Act (“PPACA”) has significantly increased the work of the DCCA Insurance Division (“INS”) [CCA-106]. The volume of filings at INS remains at about a nine-fold increase as compared to pre-PPACA. In addition, INS continues to contribute to the evolution of Hawaii’s healthcare exchange by providing keen oversight of insurance-focused matters for the State, while the appropriate state and federal agencies continue to transition the organizational aspects of the winding down of the Hawaii Health Connector.

In addition, DCCA’s multiple other divisions saw an active year working to ensure that Hawaii’s consumer are protected and that business regulation in the State is appropriately carried out in a prudent fashion. Implementation of new DCCA programs established by the Legislature in the last several years, such as establishment of new professional licensing programs and related enforcement of new consumer protection laws, continue to be a top departmental priority. At the same time, the Department continues to view the upgrading of its information systems and related infrastructure as an essential part of providing effective regulation across many diverse industries, such as those in the areas of banking, mortgages, and other financial institutions, and those businesses making up the nearly 50 professional licensing boards, commissions, and programs within DCCA’s purview. Finally, the Department recognizes the positive impact of proactive consumer and business education activities, and, as such, DCCA staff have worked hard this year to continue outreach efforts that include the recently revised Hawaii Fraud Guide for consumers and continued coordination of the Hawaii LifeSmarts Program both under the Business Registration and Securities Regulation Division [CCA-111].

### **Federal Funds**

The Department has no programs that have lost or are at risk of losing federal funds.

### **Budget Request**

The Department formulated a budget that provides the resources necessary for our programs to perform their functions and meet their goals and objectives. In designing this supplemental budget, the Department continued to focus on using its funding and resources as efficiently and judiciously as possible, which is consistent with the prudent fiscal approach stressed for all executive agencies. As such, the Department's requests for FY17 supplemental funds are limited to items that will allow the Department to successfully implement those priorities for which it has recently been given primary responsibility to carry out or in which the Department has come to otherwise play a significant role.

Where appropriate, trade-offs and transfers are proposed and ceiling increases are limited to situations including, but not limited to: 1) resources are needed to carry out legislatively prescribed functions or actions, such as the funding of required administrative assessments for the PUC pursuant to Section 36-30, Hawaii Revised Statutes ("HRS"); 2) funds are needed for information technology projects, like the replacement of the outdated licensee monitoring systems for the Division of Financial Institutions; and 3) resources are needed for new programs or initiatives, such as the creation of the behavior analyst licensing program effective January 1, 2016, pursuant to Act 199, Session Laws of Hawaii (SLH) 2015. The Department's requested budgetary adjustments are reflective of DCCA's expanded responsibilities and activity over the last several years in areas such as mortgage industry regulation, health care insurance reform, electric-energy utilities regulation, and the expanding communications services industry across the State. In order to keep pace with technological advancements and ensure that it is equipped with the right tools to adequately protect Hawaii's consumers, the Department also continues to place a high priority on the upgrade of the Department's information systems across multiple divisions.

Selected non-general fund adjustments are discussed in greater detail below:

**1. Add \$500,000 in special funds to replace the Division of Financial Institution's ("DFI") outdated Financial Institutions Management Systems ("FIMS") information-database system for monitoring various licensees. [CCA-104]**

DFI ensures the safety and soundness of state chartered and state-licensed financial institutions, and ensures regulatory compliance by state-licensed financial institutions, escrow depositories, money transmitters, mortgage servicers, mortgage loan originators and mortgage loan originator companies, by fairly administering applicable statutes and rules, in order to protect the rights and funds of depositors, borrowers, consumers, and other members of the public.

This request would increase DCCA's appropriation ceiling by \$500,000 in Other Current Expenditures for application replacement (7721-data equipment) that will allow DFI to replace its outdated FIMS application. The current FIMS data system was built more than 10 years ago, holds information about banks only, is based on an obsolete web-based platform that is no longer supported, and is incapable of interfacing with the national multi-state application, which is the primary means of obtaining and managing information on all types of licensees with the exception of banks. The FIMS replacement application will enable DFI to efficiently

process all aspects of the licensee interaction, from application processing and payment, through examinations and any required response by the licensee, to investigation initiation and final resolution, allowing for data analysis by industry and information storage in a secure environment.

The scope of this project will need to include a system gap analysis to determine the final implementation costs, recurring costs, and suitability of various solutions. DFI has already started preparing their application needs in anticipation of the system gap analysis. Because we are already in the process of implementing solutions utilizing a similar database platform, we anticipate the initial implementation costs, including hardware, may be negligible as compared to other solutions. Currently, we plan to run this project in two phases over a two-year period, with the gap analysis included in the first phase, along with the associated work to determine the details that need to be included in the statement of work, for the implementation phase of this project. Because of this, an estimate for the total implementation costs will not be available until the first phase is completed.

**2. Add \$304,889 in special funds to allow the PUC to cover its portion of annual administrative assessments required by HRS § 36-30. [CCA-901]**

The PUC ensures that regulated companies efficiently and safely provide their customers with adequate and reliable services at just and reasonable rates, while providing regulated companies with a fair opportunity to earn a reasonable rate of return.

The PUC's pro rata share of costs incurred by DCCA to fulfill DCCA's oversight and administrative support functions were calculated to be \$604,889 for FY17. However, Act 119, SLH 2015, approved only \$300,000 to meet this assessment for FY17 leaving the PUC Special Fund (PUC SF) ceiling \$304,889 short. HRS § 36-30 provides that the PUC SF "shall be responsible for its pro rata share of administrative expenses incurred by the department." Furthermore, HRS § 269-33 provides that the PUC SF shall be used "for costs incurred by the department of commerce and consumer affairs to fulfill the department's limited oversight and administrative support functions." Therefore, we request a PUC SF ceiling increase of \$304,889 in order to fully cover DCCA's administrative expenses assessment for FY17 as required by HRS § 36-30 and HRS § 269-33. Denial of this request may negatively impact the effective administrative operations of both the PUC and DCCA and/or cause a statutory violation.

**3. Add \$40,000 in special funds for the Professional and Vocational Licensing Division ("PVL") to appropriately fund the creation of a new Behavior Analyst licensing program pursuant to Act 199, SLH 2015. [CCA-105]**

PVL ensures that the individual is provided with professional, vocational, and personal services meeting acceptable standards of quality, equity and dependability by establishing and enforcing appropriate service standards; to regulate activities for the protection, welfare and safety of the participants, as well as the public.

PVL is requesting an adjustment related to the creation of a licensing program for Behavior Analysts pursuant to Act 199, SLH 2015, and to be effective January 1, 2016. Act 199, SLH 2015, authorized the appropriation of funds for FY16, in the amount of \$40,000 for office supplies, postage, and other current expenses. The monies appropriated for the new program are currently in the separate fund CCA-105, S363. PVL is requesting the appropriation be added to the CCA-105, S305 fund, as monies for S363 are already being funded by the S305 fund.

### **Additional Information**

#### Table 1: Prioritized List of Functions

The Prioritized List of Functions encompasses all of the major functions and associated activities performed by the Department's programs.

#### Table 2: Department-Wide Totals

The Department's FY16 operating budget is \$78,193,107 (\$75,283,433 in special funds; \$2,659,674 in trust funds; \$250,000 in competitive federal grants). The Department's proposed FY17 operating budget is \$78,749,094 (\$75,623,365 in special funds; \$2,875,729 in trust funds; \$250,000 in competitive federal grants).

#### Table 3: Program ID Totals

The Department's total appropriated amount for FY16 in Act 119, SLH 2015 is \$78,193,107 (\$75,283,433 in special funds; \$2,659,674 in trust funds; \$250,000 in competitive federal grants). The FY17 amount proposed is \$78,749,094 (\$75,623,365 in special funds; \$2,875,729 in trust funds; \$250,000 in competitive federal grants), an increase of 1% as compared to the FY16 appropriation.

#### Table 4: Budget Decisions

The Department's requests, the Department of Budget and Finance's recommendations, and the Governor's decisions are listed.

#### Table 5: Proposed Budget Reductions

None.

#### Table 6: Proposed Budget Additions

##### **1. Special Funds**

- CCA-104: \$500,000 for an IT project for the Division of Financial Institutions.

- CCA-105: \$40,000 for Behavior Analyst Registration program costs for the Professional and Vocational Licensing Division.
- CCA-105: Convert two temporary civil service positions to permanent positions for the Professional and Vocational Licensing Division.
- CCA-110: \$30,000 for litigation costs for the Office of Consumer Protection.
- CCA-191: \$150,000 for Office 365 licenses for the Director’s Office & Administration.
- CCA-901: \$304,889 for HRS § 36-30 compliance for the Public Utilities Commission.
- CCA-901: \$430,102 for fringe benefits and collective bargaining costs for the Public Utilities Commission.
- CCA-901: \$15,000 for Office 365 licenses for the Public Utilities Commission.

**2. Trust Funds**

- CCA-105: \$200,000 for mediation services for the Professional and Vocational Licensing Division.

								Pos (P)	Pos (T)	\$\$\$
CCA 901	MA	AR	1	1	Increase ceiling for HRS 36-30 Compliance	The PUC's pro rata share of costs incurred by DCCA to fulfill DCCA's oversight and administrative support functions were calculated to be \$604,889 for FY 17. However, Act 119, SLH 2015 approved only \$300,000 to meet this assessment for FY 17 leaving the PUC SF ceiling \$304,889 short. HRS § 36-30 provides that the PUC SF "shall be responsible for its pro rata share of administrative expenses incurred by the department". Furthermore, HRS § 269-33 provides that the PUC SF shall be used "for costs incurred by the department of commerce and consumer affairs to fulfill the department's limited oversight and administrative support functions." Therefore, we request a PUC SF ceiling increase of \$304,889 in order to fully cover DCCA's administrative expenses assessment for FY 17 as required by HRS § 36-30 and HRS § 269-33. Denial of this request may negatively impact the effective administrative operations of both the PUC and DCCA and/or cause a statutory violation.	B			\$ 304,889
CCA 105	GA	AR	3	2	Convert 2 positions to Permanent	Pursuant to Act 300, SLH 2006, the positions were converted from exempt to civil service in the Professional and Vocational Licensing Division (PVLVD), CCA-105. The positions are essential to ensure the continued efficiency and timeliness of the operations of S305. Position No. 120570 is an Administrative Assistant II position in the Administration Branch. The position was originally established in June 2005 as a temporary exempt position (#117413). The incumbent has been in the position since July 2005. Position No. 120571 is an Administrative Assistant I position also in the Administration Branch. The position was originally established in November 2007 as a temporary exempt position (#118829). The incumbent has been in the position since October 2008. The positions perform as staff assistants in providing administrative services to the various regulatory boards, commissions, and programs. The positions maintain close liaisons with the members of boards, the division administrator, and the supervising executive officer. The positions advise and consult with assigned boards as to their needs; orients and acquaints new members with their responsibilities; and follows through on administrative details. Converting these positions to permanent status is needed if the programs are to be able to attract and retain qualified personnel. We respectfully request that these positions be converted to permanent status.	B	2.00	-2.00	
CCA 110	DA	AR	1	3	Increase ceiling for litigation	The Office of Consumer Protection seeks to raise its budget ceiling relating to Litigation for FY 17 and forward. Currently, OCP's litigation line item is set at \$69,104. OCP is requesting that it be raised so that it will have sufficient resources to litigate complex consumer protection cases. Several cases that OCP intends to prosecute in the near future may involve litigating actions against large corporations that will necessitate the expenditure of substantial costs. In order to effectively prosecute these cases the office will need to review a great number of documents, retain experts, and depose numerous witnesses.  Additionally, OCP participates in numerous multistate enforcement actions each year that often require participating states to share the costs for investigation and or the retention of experts. In some of these cases participating states have had to contribute more than \$10,000.  Raising the ceiling will help to ensure that OCP will be able to achieve its objectives in protecting Hawaii consumers from unfair or deceptive trade practices.	B			\$ 30,000

Department of Commerce and Consumer Affairs  
Proposed Budget Additions

Prog ID	Sub-Org	Addition Type	Prog ID Priority	Dept-Wide Priority	Description of Addition	Justification	MOF	Pos (P)	Pos (T)	\$\$\$
CCA 105	GA	AR	1	4	Increase ceiling for mediation services	<p>Act 187 was signed into law by the Governor on June 25, 2013. The purpose of Act 187 (2013) is to provide monetary support of evaluative mediation for resolving disputes between condominium owners by increasing the fees paid into the Condominium Education Trust Fund ("CETF") of the Real Estate Branch ("REB") beginning with the July 1, 2015 condominium association biennium registration period.</p> <p>Act 187 (2013) directs that the additional CETF funds be used for promoting and subsidizing evaluative mediation. Based upon the number of condominium associations registered with the REB, it is expected that approximately \$400,000 will be received over the two-year registration period; these funds are mandated to go directly to support and subsidize evaluative mediation for condominium owners.</p> <p>Thus far, cost has not been a factor. The CETF funds will be used exclusively to fully subsidize the evaluative mediations conducted which officially began on July 1, 2015. Educational support and promotion has up to now been accomplished through the procured mediation providers themselves, various community professional groups involved with condominium associations, in professional journals such as the Hawaii State Bar Journal and through information on the REB's online website, all at no cost to the REB.</p> <p>It is anticipated, however, that for each mediation conducted the REB will be billed a maximum of \$8,000 by procured private providers at a cost of \$375 per hour with an eight hour maximum, although some cases may mediate for longer at the mediator's discretion. The REB expects to begin having to pay out of this fund within the next few months as mediations are conducted. There has been much interest generated over the evaluative mediation program as a means of resolving the numerous condominium disputes that arise among owners. The REB is requesting that its budget ceiling be increased by \$200,000 for each year, based upon an estimate of how many evaluative mediations the four procured providers will conduct. Additionally, it is important to have sufficient funds on hand to pay for the mediations; the REB does not want to discourage any possible evaluative mediations due to an inability to reimburse the procured providers.</p> <p>Accordingly, in order to fulfill the mandate of Act 187 (2013), the REB respectfully requests that for FY 2016 and all future years going forward, its budget be increased by \$200,000 to fully subsidize evaluative mediation for condominium owners.</p>	T			\$ 200,000
CCA 105	GA	AR	2	5	Increase ceiling for Behavior Analyst Registration program costs	<p>Act 199, SLH 2015, enacted a new registration program for behavior analyst, effective January 1, 2016. Act 199, SLH 2015, authorized the appropriation of funds for FY16, in the amount of \$40,000 for office supplies, postage, and other current expenses. The monies appropriated for the new program are currently in the separate fund CCA-105, S363. The Professional and Vocational Licensing Division is requesting the appropriation be added to the CCA-105, S305 fund, as monies for S363 are already being funded by the S305 fund.</p>	B			\$ 40,000
CCA 104	BA	AR	1	6	Increase ceiling for IT project	<p>Increase in ceiling in Other Current Expenditures for application replacement (7721-data equipment) that will allow the Division to replace the outdated FIMS application. New licensees have been added to DFI's oversight and a new application solution is needed to manage the data captured by a national multi-state application. The new licensees that use the national multi-state application include mortgage loan originators, mortgage loan originator companies, mortgage servicers, and money transmitters. The current FIMS data system was built to hold information about banks, it was not built to accommodate the new licensees and does not permit data mining which is critical to fully analyze the myriad of data points maintained for all the Division's licensees and is incapable of interfacing with the national multi-state application which is the primary means of obtaining and managing information on all types of licensees with the exception of banks. A replacement application will be able to provide efficient oversight from licensing to supervision to examinations, allow for data analysis by industry and information storage capability in a secure environment.</p>	B			\$ 500,000
CCA 901	MA	AR	2	7	Increase ceiling for collective bargaining and fringe benefits costs	<p>Section 269-33, HRS established the Public Utilities Commission's ("PUC") special fund "to be used by the PUC and DCA for all expenses incurred in the administration of chapters 269,271,271G,269E, and 468J". This request is to cover the State's fringe benefit increase to 52% that was effective in FY16 and the CB adjustments for BU 03 and 13. Denial of this request will negatively impact the effective performance of statutory duties and responsibilities for two agencies, the PUC and DCA.</p>	B			\$ 430,102

Multi-State Mortgage Servicer Agreement Fund	Provide support of general consumer protection enforcement efforts, including but not limited to, mortgage rescue fraud, and to educate homeowners about mortgage rescue fraud scams. Monitor compliance with the terms of the multi-state mortgage servicer settlement agreements, supervise and regulate the mortgage loan industry, and provide consumer education.	Multi-state Mortgage Settlement Agreement/ Multi-state Mortgage Servicer Settlement Agreements	T	\$ 878,025	\$ 434,166	\$ 725,940		\$ 721,362	\$ -
Premium Taxes Paid Pending Appeal	Premium taxes paid in protest due to denial of high tech tax credits.	Sections 431:7-202, 431:7-209, HRS	T	\$ 2,265,346	\$ -	\$ -		\$ 2,265,346	\$ -
Real Estate Appraisers Registry Fee	The Legislature finds that the regulation of real estate appraisers is reasonably necessary to protect consumers. The Legislature further finds that 12 United States Code §3301 et seq. requires that real estate appraisals utilized in connection with federally related transactions be performed by individuals who are licensed or certified appraisers. The purposes of this chapter (466K, HRS) are to implement the requirements of 12 United States Code Sec §3301 et seq. and to require that all real estate appraisals be performed by licensed or certified appraisers. The requirements of this chapter do not apply to any real estate appraiser employed by any county for purposes of valuing real property for ad valorem taxation.	Chapter 466K, HRS; Title 16, Chapter 114, HAR	T	\$ 5,330	\$ 55,000	\$ 55,000		\$ 5,330	\$ -
Real Estate Education Fund	As stated in §467-19(b), HRS, the Real Estate Education Trust Fund is intended to "promote the advancement of education and research in the field of real estate for the benefit of the public and those licensed under the provisions of this chapter and the improvement and more efficient administration of the real estate industry." Program ID Sub-Organizations

<u>Program ID</u>	<u>Sub-Org Code</u>	<u>Name</u>	<u>Objective</u>
CCA 102	FA	Cable Television	To foster the development of responsive and reliable cable television communications services for the people of Hawaii, by promoting the public interest in authorizations by the state regarding cable television franchises; regulate basic cable television rates and service to ensure compliance with applicable state and federal law; expand the statewide institutional network ("INET"); continue the availability of public, education and government ("PEG") cable access; and to engage in activities promoting the expansion of, and accelerating, the deployment of broadband infrastructure.
CCA 103	HA	Consumer Advocate for Comm, Util, & Tran Svc	Through advocacy, education, and long-range planning, to ensure sustainable, reliable, safe and quality communications, utility, and transportation services at fair cost for Hawaii's consumers for the short and long-term.
CCA 104	BA	Financial Services Regulation	To ensure the safety and soundness of state-chartered and state-licensed financial institutions, and ensure regulatory compliance by state-licensed financial institutions, escrow depositories, money transmitters, mortgage servicers, mortgage loan originators and mortgage loan originator companies, by fairly administering applicable statutes and rules, in order to protect the rights and funds of depositors, borrowers, consumers and other members of the public.

Program ID Sub-Organizations

<u>Program ID</u>	<u>Sub-Org Code</u>	<u>Name</u>	<u>Objective</u>
CCA 105	GA	Professional & Vocational Licensing	To ensure that the individual is provided with professional, vocational, and personal services meeting acceptable standards of quality, equity and dependability by establishing and enforcing appropriate service standards; to regulate activities for the protection, welfare and safety of the participants as well as the public.
CCA 106	EA	Insurance Regulatory Services	To ensure that consumers are provided with insurance services meeting acceptable standards of quality, equity, and dependability at fair rates by establishing and enforcing appropriate service standards and fairly administering the Insurance Code.
CCA 107	IA	Hawaii Post-Secondary Education Authorization Program	To ensure the soundness of accredited degree-granting post-secondary educational institutions by fairly administering applicable statutes and rules in order to protect students, consumers, and other members of the community.
CCA 110	DA	Office of Consumer Protection	To protect consumers by investigating alleged violations of consumer protection laws, taking legal action to stop unfair or deceptive trade practices in the marketplace, and educating consumers and businesses about their respective rights and obligations in the marketplace under Hawaii consumer protection laws.
CCA 111	CA	Business Registration and Securities Regulation	To ensure that business registration information is accurately maintained for corporations, partnerships, limited liability companies, trade names, trademarks, service marks and other entities; to run business centers to provide personalized assistance to small and startup businesses; and to ensure compliance with and enforcement of securities and franchise laws.

Program ID Sub-Organizations

<u>Program ID</u>	<u>Sub-Org Code</u>	<u>Name</u>	<u>Objective</u>
CCA 112	AB	Regulated Industries Complaints Office	To assist the general public through consumer education and by enforcing the state’s licensing laws.
CCA 191	AA	General Support	To uphold fairness and public confidence in the marketplace, and promote sound consumer practices by increasing knowledge and opportunity for our businesses and citizens.
CCA 191	AH	General Support	To uphold fairness and public confidence in the marketplace, and promote sound consumer practices by increasing knowledge and opportunity for our businesses and citizens.
CCA 191	AI	General Support	To uphold fairness and public confidence in the marketplace, and promote sound consumer practices by increasing knowledge and opportunity for our businesses and citizens.
CCA 901*	MA	Public Utilities Commission	To ensure that regulated companies efficiently and safely provide their customers with adequate and reliable services at just and reasonable rates, while providing regulated companies with a fair opportunity to earn a reasonable rate.
