HOUSE COMMITTEE ON FINANCE

INFORMATIONAL BRIEFING JANUARY 5, 2022

SUPPLEMENTAL BUDGET REQUEST FOR FISCAL YEAR 2023

Honorable Chair Luke, Vice Chair Cullen, and Members of the House Committee on Finance:

OVERVIEW

A. Mission Statement

The mission of the Department of Labor and Industrial Relations (DLIR) is to, "...administer programs designed to increase the economic security, physical and economic well-being, and productivity of workers, and to achieve good labor-management relations, including the administration of workers' compensation, employment security, apprenticeship training, wage and hour, and industrial relations laws. The department shall also have the function of developing, preparing, and disseminating information on employment, unemployment, and general labor market conditions," section 26-20, Hawaii Revised Statutes (HRS).

B. Current Economic and Fiscal Conditions

The DLIR's generally funded and partially generally funded programs face challenges as they have suffered significant cutbacks and restrictions due to the COVID-19 Pandemic. Fiscal conditions have eased somewhat pursuant to Executive Memorandum 21-04 that eased the restriction to 5% and contingency restriction to 2%. As explained further below, all DLIR programs, including generally funded programs, have focused on filling vacancies as emphasized by recent Legislatures and embodied in Act 57 (SLH, 2019).

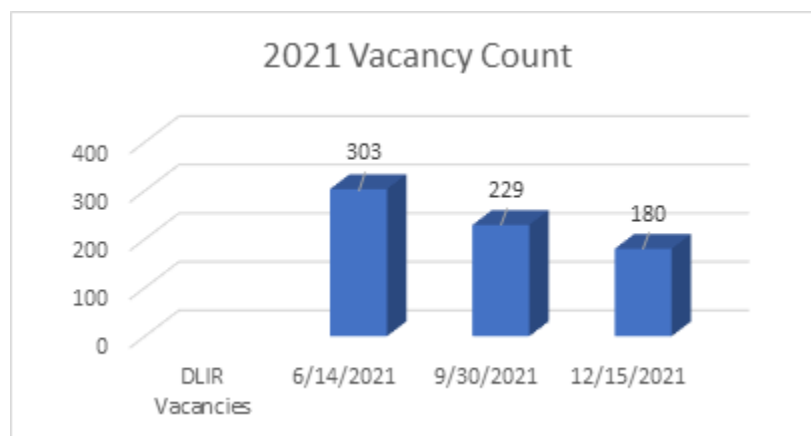

COVID-19 federal legislation and funding has provided significant support to federally funded programs (Families First Coronavirus Response Act [FFRCA], Coronavirus Aid, Relief, and Economic Security Act [CARES], American Rescue Plan Act [ARPA]). The

Unemployment Insurance (UI) Division has implemented and operated numerous pandemic unemployment insurance & assistance programs (Federal Pandemic Unemployment Compensation [FPUC], Pandemic Emergency Unemployment Compensation [PEUC], Pandemic Unemployment Assistance [PUA], Lost Wages Assistance [LWA] plus the triggering on and off of the Extended Benefits (EB) program). Many of these programs expired and were subsequently extended retroactively during the course of the pandemic. In addition, UI implemented emergency relief for non-profit organizations (50% then 75% reimbursement) and took advantage of the emergency state staffing flexibility and temporary assistance to states with Title XII advances to pay unemployment insurance benefits.

To date, the DLIR has distributed approximately \$6.5B in unemployment insurance benefits and assistance.

Pursuant to 76-11.5, Hawaii Revised Statutes (HRS), the DLIR also set up special projects for unemployment insurance adjudication and a call center at the Hawaii Convention Center, both of which were recently relocated to the Keelikolani Building at 830 Punchbowl Street. Currently, UI has telephone appointments for employers, adjudication, general inquiries and PUA while the building is open for all DLIR programs Wednesdays through Fridays.

With a \$700M appropriation from the 2021 Legislature and \$100M in CARES Act assistance from Governor Ige the department was able to pay down the Title XII advances so employers will not face an increase in Federal Unemployment Tax Act (FUTA) taxes during calendar year 2022. The department has a legislative proposal as part of the Governor's Package to further ameliorate unemployment taxes during the next decade by taking out the unprecedented draw from the UCTF during 2020-21 in the calculation of employers' taxes.

The DLIR has engaged in a concerted effort to fill vacancies during the interim including those identified pursuant to Act 57 (SLH, 2019) in collaboration with the Department of Human Resources Development (DHRD).

C. Federal Funds

The DLIR does not have any programs that have lost or at risk of losing federal funds at this time other than the loss of matching grant funds (\$125,000) from the Occupational Safety and Health Administration (OSHA) due to unexpenditure of matching state funds.

D. Non-General Funds

Pursuant to 37-47, HRS, the DLIR's non-general fund reports are available at: <http://labor.hawaii.gov/find-a-report/>

BUDGET REQUESTS

E. Budget Development Process & Prioritization

The DLIR budget process utilizes a "bottom-up" approach. Each program is requested to review their current operational activities and identify resources needed to adequately provide the required statutory services to the public at acceptable levels. All program findings are then reviewed by the Director and appropriate staff to develop the department's final budget.

Requests for additional funds are prioritized based on factors that include, but are not limited to, the following: service levels to the public, State and Federal legal mandates, and modernization efforts to increase efficiency and transparency for workers, employers and beneficiaries.

F. Significant Adjustments

The department is requesting revolving funds for two unfunded elevator inspector positions in the Boiler & Elevator Branch of the Occupational Safety and Health Division (HIOSH). The significant increase of the boiler & pressure vessel inspection fees, a modest increase in elevator & kindred equipment fees, successful collection efforts of the Department of the Attorney General's Civil Recoveries Division on overdue invoices, the over-all improvement of inspection productivity of the remaining inspectors, and the more efficient operations of the branch support staff contributed to the increase in revenue income to support this budget request. The beginning balance of \$211,249 on July 1, 2020 has increased to \$576,628 on June 30, 2021.

The Branch made a \$50,000 loan repayment pursuant to 397-13, HRS, which reduces the remaining balance to \$250,000. Pursuant to Act 186 (SLH, 2018), DLIR has until June 30, 2022 to reimburse \$1,000,000 to the general fund and to date has deposited \$750,000. The DLIR has developed a legislative proposal for inclusion in the Governor's Package to extend the general fund loan. The Branch intends to file a modest boiler inspection fee increase during FY2021 - 2022 to continuously support the self-sustainability of operations.
