RE: Petition for Investigation of Rep. Sharon Har's DUI and Lack of Auto Insurance

Aloha Speaker. Saiki,

I petition the Hawai'i House of Representatives in accordance with House Rule 46:1 and 46:2:

46:1. Any person may petition the House. Petitions shall be in writing, the petitioners shall sign them.

Rule 46.2 The Speaker shall order all petitions and communications filed or referred to a committee without any motion or vote, unless there is objection from the members. If there is objection, the Speaker shall dispose of the matter as the House directs.

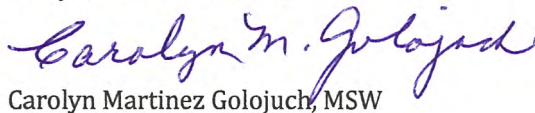

This petition is filed with you for action because No One is Above the Law. It is disappointing that not one person from District 42 has been asked about Representative Sharon Har's DUI. The press has quoted you, Rep. Mizuno or Ward. Not one lives in our District. I'm Democrat from birth and a Hawaii resident since 1981.

This is not a debate because a DUI is crime. Rep. Har knows this with her work on DUI's. As a resident of District 42, I understand that a DUI is a crime. No one is above the Law. There's no small print that says except if you're a House or Senate member.

The other issue in this case, is that Har was driving without an Auto Insurance Policy. Last session, a pay raise was given to the legislators. Yet, Har has three financially funded jobs: Representative, Low Income Developer and an attorney with Bays Lung Rose Holma. Is not having an Auto insurance another perk the public knows about? BTW, this is not her first time citation for driving without Auto Insurance as stated in the Honolulu Star Advertiser, KHON, HNN, KITV, New York Post, Civil Beat, etc.

Because No One is Above the Law and a DUI is a legal citation, I ask that an investigation by the Standards of Conduct Committee be conducted. I respectfully request that I be advised of any action taken on my request for information on this investigation regarding Rep. Sharon Har. Thank you in advance.

A Loyal Active Democrat,
