HOUSE DISTRICT 44 NEWSLETTER

Greetings and Aloha, District 44!

Mahalo for staying engaged and connected! The start of the year has been filled with important legislative hearings and community activities, and I'm grateful for the opportunity to serve you.

To help keep you informed, I share weekly updates on upcoming road and lane closures via Instagram, NextDoor, Facebook, and local community groups. I encourage you to follow these updates to help plan your week ahead.

I also recognize that not everyone in our district has regular access to the internet or social media. **If you or someone you know prefers to receive updates another way, please don't hesitate to contact my office at repkila@capitol.hawaii.gov or 808-586-9480.**

Your voices matter, and I truly appreciate your support and engagement. It is an honor to represent and advocate for our community.

Mahalo nui loa,

Representative Darius K. Kila,
House District 44, Mā'ili, Nānākuli, Ko'Olina, and Honokai Hale

Special Announcement

It is a privilege and honor to serve as the Chair of the House Committee on Transportation. As you know, our district and communities across Hawai'i face ongoing challenges when it comes to commuting and road safety. This role provides an opportunity for us to work together toward solutions that will make our roads safer and more efficient for everyone.

Visit to the Waianae Coast Comprehensive Health Center in Mā'ili. WCCHC is the largest employer in the 96792 and serves patients from Ka'ena to Waipahu.

Visit to the Behavioral Health Crisis Center on O'ahu with my colleagues from the Hawai'i State House of Representatives.

Safety Reminders

Emergency Concerns:

Downed Power Lines or Sparking Near a Utility Pole: If you witness downed power lines or sparking, call 911 immediately. Never touch a downed power line or attempt to move it, and always assume it is energized. Once 911 is called, dispatchers will notify the electric utility, and a troubleshooter will be sent. For after-hours emergencies, always contact 911 first, then report it to your electric utility's trouble line.

Emergency Contact Information:

Hawaiian Electric

O'ahu: 1-855-304-1212

Non-Emergency Safety Concerns:

Vegetation Concerns or Equipment Issues Near/On Electric Utility Poles or Power Lines: If you see overgrown vegetation near power lines or have safety concerns related to electric utility equipment on utility poles (power lines, transformers, etc.), please report them to the relevant electric utility company. This document can assist with identifying electric utility equipment.

Contacting Electric Utility Providers: Once the electric utility company has been notified, a troubleshooter will assess the risk and, if necessary, remove the potential hazard. Response times vary based on the amount of volume being managed at that time.

Non-Emergency Contact Information:

- **Hawaiian Electric**
 - For vegetation concerns or questions regarding tree trimming and inspection, please contact:
 - O'ahu: 808-543-7836
 - Or visit: [Hawaiian Electric Tree Trimming Safety](#)

Safety Reminders:

- Never touch a downed power line or attempt to move it.
- Always assume a downed line is energized.
- Never plant vegetation below or close to power lines.
- Keep vegetation trimmed away from your home to prevent contact with power lines.
- If you see sparking or smoke near a utility pole, call 911 and report it immediately to your local electric utility company.
