

WHO CAN GET A COVID VACCINE ?

Vaccines are currently available to Group "1b" which is **people 75+ years old and certain essential workers**. Due to limited supply, priority within the "1b" group is being given to people 75+ years old.

Some vaccine hubs (Kaiser and Castle) will allow qualified essential workers to register and obtain appointments as vaccine supply permits – so check the links and see if you can get in the system.

WHERE CAN WAIMANALO AND KAILUA RESIDENTS GET VACCINATED ?

KAISER Eligible Kaiser members who are registered on kp.org will receive an email with an e-ticket to make an appointment to get the shots. Kaiser's 24-hour hotline for vaccine information is
1-855-550-0951

ADVENTIST HEALTH CASTLE is open to all and free, unless you are a Kaiser member, in which case there is a \$20 fee. You can register for an appointment at Castle's website:
<https://castlehealthgrouphawaii.com/#covid19>

CONFUSING: Castle is using an appointment booking system called Vagaro.com. Don't be put off by the web page; it is designed for salon and spa bookings. You will need to create a Vagaro account to use the website to make a vaccine appointment. Once you have booked an appointment, Vagaro will send you a confirmation email with further instructions from "Adventist Health Castle COVID."

VACCINATION CENTERS

On Monday, Jan. 25, a community vaccination center is scheduled to open at Neil Blaisdell Concert Hall, administered by Queen's Medical Center.

The Queen's Health Systems COVID-19 Infoline (808-691-2619) is available to anyone with questions about the vaccine. Call Monday through Friday 8:00am to 8:00pm and Saturday and Sunday 8:00am to 4:30pm.
