
A BILL FOR AN ACT

RELATING TO MENTAL HEALTH.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that mental health
2 conditions are treated in various ways, depending on the
3 condition, and can include medication, therapy, and psychosocial
4 services. Congress, through the Breakthrough Therapies Act, and
5 the Food and Drug Administration have indicated that
6 methylenedioxymethamphetamine, commonly known as MDMA, and
7 psilocybin will be rescheduled to enable therapeutic use. MDMA
8 and psilocybin have already been granted the Food and Drug
9 Administration's breakthrough therapy designation to fast-track
10 research and potential approval given efficacy in treating
11 treatment-resistant depression and post-traumatic stress
12 disorder. These treatments, while effective for certain
13 conditions and patients, do not treat all mental health
14 conditions. Research supports that the effectiveness of natural
15 and alternative medicines and therapies, such as the use of
16 MDMA, psilocybin, and other therapies, as being safe and
17 effective ways to treat depression, post-traumatic stress
