
A BILL FOR AN ACT

RELATING TO CESSPOOLS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that cesspools are
2 contaminating the State's ground water, streams, drinking water,
3 and coastal ecosystems. Maintaining the cleanliness of the
4 State's waters is a matter of statewide concern.

5 The purpose of this Act is to establish a three-year new
6 wastewater system demonstration and implementation pilot program
7 within the University of Hawaii sea grant college program.

8 SECTION 2. (a) There is established a three-year new
9 wastewater system demonstration and implementation pilot program
10 within the university of Hawaii sea grant college program, in
11 coordination with the university of Hawaii water resources
12 research center.

13 (b) The pilot program shall:

14 (1) Examine and demonstrate new wastewater technology
15 systems, ranging from individual toilets to
16 significantly larger multi-unit systems and options,
17 including decentralized wastewater treatment systems

1 for community scale solutions as appropriate, as well
2 as review and evaluate the affordability, feasibility,
3 and efficiency of the treatment technologies, with an
4 emphasis, as appropriate, on reducing nitrogen waste
5 that harms coral reefs;

6 (2) Administer no less than four wastewater system
7 demonstration projects implementing new sewage
8 treatment and toilet technologies; provided that:

9 (A) Each project shall include one cesspool or
10 multiple cesspools in an area designated as
11 priority level one by the cesspool conversion
12 working group's Hawaii cesspool hazard assessment
13 and prioritization tool report; and

14 (B) There shall be no less than one project in each
15 county; and

16 (3) Document, validate, and summarize the various tests,
17 research, and outcomes of each wastewater system
18 demonstration or implementation project.

19 (c) The university of Hawaii sea grant college program
20 shall submit an annual report to the legislature no later than

1 twenty days prior to the convening of each regular session for
2 the duration of the pilot program. Each report shall include:

3 (1) Information on the new wastewater technology systems
4 reviewed and implemented;

5 (2) The number of cesspools converted pursuant to the
6 pilot program;

7 (3) The costs incurred to convert each cesspool;

8 (4) Recommendations on how to improve the efficiency of
9 the pilot program;

10 (5) Comments on whether the pilot program should be made
11 permanent; and

12 (6) Any other recommendations the university of Hawaii sea
13 grant college program finds appropriate.

14 (d) The pilot program shall cease to exist on June 30,
15 2027.

16 SECTION 3. There is appropriated out of the general
17 revenues of the State of Hawaii the sum of \$ or so
18 much thereof as may be necessary for fiscal year 2024-2025 for
19 the new wastewater system demonstration and implementation pilot
20 program.

1 The sum appropriated shall be expended by the university of
2 Hawaii for the purposes of this Act.

3 SECTION 4. In accordance with section 9 of article VII of
4 the Hawaii State Constitution and sections 37-91 and 37-93,
5 Hawaii Revised Statutes, the legislature has determined that the
6 appropriations contained in H.B. No. , will cause the state
7 general fund expenditure ceiling for fiscal year 2024-2025 to be
8 exceeded by \$ or per cent. In addition, the
9 appropriation contained in this Act will cause the general fund
10 expenditure ceiling for fiscal year 2024-2025 to be further
11 exceeded by \$ or per cent. The combined total
12 amount of general fund appropriations contained in only these
13 two Acts will cause the state general fund expenditure ceiling
14 for fiscal year 2024-2025 to be exceeded by
15 \$ or per cent. The reasons for exceeding the
16 general fund expenditure ceiling are that:

- 17 (1) The appropriation made in this Act is necessary to
18 serve the public interest; and
- 19 (2) The appropriation made in this Act meets the needs
20 addressed by this Act.

1 SECTION 5. This Act shall take effect on July 1, 3000.

Report Title:

University of Hawaii; Cesspools; Wastewater System and
Demonstration Pilot Program; Appropriation; Expenditure Ceiling

Description:

Establishes a three-year new wastewater system demonstration and
implementation pilot program within the University of Hawaii Sea
Grant College Program. Appropriates funds. Effective 7/1/3000.
