
A BILL FOR AN ACT

RELATING TO ROAD IMPROVEMENTS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hana highway serves
2 as the primary route for the residents of east Maui to reach
3 services, employment, college, healthcare, and businesses in
4 central Maui. Additionally, the road to Hana experience is a
5 highly popular tourist activity, with an estimated average of
6 one thousand nine hundred daily trips on Hana highway occurring
7 in 2019.

8 The legislature additionally finds that the road to Hana is
9 64.4 miles long, contains fifty-nine bridges, has multiple
10 culverts, has six hundred twenty curves and blind turns, and
11 includes some areas allowing only one-way traffic. The natural
12 terrain of the area also includes densely forested mountains,
13 waterfalls, streams, and cliffs.

14 The legislature further finds that the condition of Hana
15 highway is in severe need of repair and maintenance and the
16 highway has become unsafe in several locations. These
17 conditions can cause delays in the delivery of life saving

1 services, create extended commutes for residents, and cause
2 accidents.

3 Accordingly, the purpose of this Act is to appropriate
4 funds for the equipment and personnel necessary to address
5 needed improvements on Hana highway.

6 SECTION 2. There is appropriated out of the general
7 revenues of the State of Hawaii the sum of \$6,000,000 or so much
8 thereof as may be necessary for fiscal year 2024-2025 for
9 equipment and one full-time equivalent (1.0 FTE) position to
10 conduct and administer the following improvements on Hana
11 highway:

- 12 (1) Road repairs;
- 13 (2) Brush clearing and vegetation maintenance;
- 14 (3) Additional and replacement signage;
- 15 (4) Repairs to emergency call boxes; and
- 16 (5) Other activities as necessary.

17 The sum appropriated shall be expended by the department of
18 transportation for the purposes of this Act.

19 SECTION 3. In accordance with section 9 of article VII of
20 the Hawaii State Constitution and sections 37-91 and 37-93,
21 Hawaii Revised Statutes, the legislature has determined that the

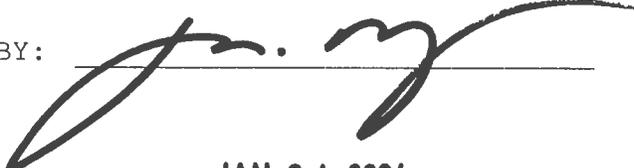

H.B. NO. 2702

1 appropriations contained in H.B. No. , will cause the state
 2 general fund expenditure ceiling for fiscal year 2024-2025 to be
 3 exceeded by \$ or per cent. In addition, the
 4 appropriation contained in this Act will cause the general fund
 5 expenditure ceiling for fiscal year 2024-2025 to be further
 6 exceeded by \$ or per cent. The combined total
 7 amount of general fund appropriations contained in only these
 8 two Acts will cause the state general fund expenditure ceiling
 9 for fiscal year 2024-2025 to be exceeded by
 10 \$ or per cent. The reasons for exceeding the
 11 general fund expenditure ceiling are that:

- 12 (1) The appropriation made in this Act is necessary to
- 13 serve the public interest; and
- 14 (2) The appropriation made in this Act meets the needs
- 15 addressed by this Act.

16 SECTION 4. This Act shall take effect on July 1, 2024.
