
HOUSE CONCURRENT RESOLUTION

URGING THE DEPARTMENT OF EDUCATION TO INCREASE ACCESS TO ARTS
AND CULTURAL INSTRUCTION IN PUBLIC SCHOOLS.

1 WHEREAS, providing a well-rounded education to all public
2 school students advances the economic and social health of
3 Hawaii; and
4

5 WHEREAS, art, music, and cultural curricula constitute
6 important parts of a well-rounded education that address the
7 developmental needs of the whole child; and
8

9 WHEREAS, in 2013, researchers in the Department of
10 Education Reform at the University of Arkansas found that
11 instruction in visual arts led to gains in critical-thinking
12 skills; and
13

14 WHEREAS, according to a 2014 study performed by Lois
15 Hetland and Ellen Winner of the Harvard Graduate School of
16 Education, education in music and drama is causally related to
17 increases in verbal achievement and spatial reasoning; and
18

19 WHEREAS, Paul T. Sowden, a professor of psychology at the
20 University of Winchester in England, has noted that arts and
21 cultural education develops children's capacity for
22 collaboration, creativity, and intellectual inquiry; and
23

24 WHEREAS, research performed by Mariale Hardiman, Director
25 of the Neuro-Education Initiative at the Johns Hopkins School of
26 Education, has shown that students with access to arts and
27 cultural content are more adept at retaining instruction
28 regardless of subject matter, demonstrating that arts and
29 cultural instruction could help to mitigate learning loss; and
30

H.C.R. NO. 39

1 WHEREAS, a study conducted by researchers at the University
 2 of Missouri and Texas A&M University found that a substantial
 3 increase in access to arts education led to a 3.6 percent
 4 reduction in disciplinary infractions, an improvement of 13
 5 percent on standardized writing scores, and an increase of 8
 6 percent in measures of compassion for others; and

7
 8 WHEREAS, in an article published by the Brookings
 9 Institution, the same researchers concluded that the arts
 10 "challenge us with different points of view, compel us to
 11 empathize with others, and give us the opportunity to reflect on
 12 the human condition"; and

13
 14 WHEREAS, the researchers further found that "among adults,
 15 arts participation is related to behaviors that contribute to
 16 the health of civil society, such as increased civic engagement,
 17 greater social tolerance, and reductions in other-regarding
 18 behavior"; now, therefore,

19
 20 BE IT RESOLVED by the House of Representatives of the
 21 Thirty-second Legislature of the State of Hawaii, Regular
 22 Session of 2024, the Senate concurring, that the Department of
 23 Education is urged to increase access to arts and cultural
 24 instruction in public schools; and

25
 26 BE IT FURTHER RESOLVED that no later than twenty days prior
 27 to the convening of the Regular Session of 2025, the Department
 28 of Education is requested to provide a report to the Legislature
 29 on the amount of arts and cultural instruction provided in
 30 public schools and recommendations for improving access to arts
 31 and cultural education in underserved areas; and

32
 33 BE IT FURTHER RESOLVED that certified copies of this
 34 Concurrent Resolution be transmitted to Chairperson of the Board
 35 of Education and Superintendent of Education.
