A BILL FOR AN ACT

RELATING TO FISHER SAFETY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. State law currently protects fishers from
2 harassment if they are taking fish pursuant to a freshwater game
3 fishing license. The legislature finds that there is a need to
4 extend these protections to all persons fishing in marine waters
5 to promote the safety and enjoyment of individuals engaged in
6 fishing activities.

7 The legislature further finds that Makai Watch is an
8 official program of the department of land and natural resources
9 that enhances protection of nearshore and coastal resources by
10 providing community members opportunities to work and interact
11 with resource managers and enforcement officers in their
12 community. The Makai Watch program plays an important role as
13 the eyes and ears of the division of conservation and resources
14 enforcement. Makai Watch volunteers participate in two types of
15 activities:

- 16 (1) Observation and incident reporting; and
17 (2) Awareness raising and outreach.

1 Volunteers in the Makai Watch program are trained to conduct
2 these activities in a manner that does not interfere with
3 fishing activities.

- 5 (1) Prohibit purposeful harassment with the intent to
6 prevent the taking of fish for people who are fishing;
7 and

9 section.

21 begun before its effective date.
