THE SENATE THIRTY-SECOND LEGISLATURE, 2023 STATE OF HAWAII

S.B. NO. 1472

JAN 2 5 2023

A BILL FOR AN ACT

RELATING TO BEHAVIORAL HEALTH SERVICES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the Hawaii 2 coordinated access resource entry system (CARES) is overseen by 3 the department of health's behavioral health administration and is managed by the University of Hawaii Myron B. Thompson school 4 of social work. On October 1, 2019, contracts commenced to form 5 a statewide network of service providers that is focused around 6 crisis intervention, substance use disorder treatment, mental 7 8 health, and other behavioral health services. These service 9 providers are contracted through the administration's three 10 behavioral health divisions: adult mental health division, 11 child and adolescent mental health division, and alcohol and drug abuse division. 12

Hawaii CARES, through its crisis helpline, a statewide crisis call line open twenty-four hours a day, seven days a week, connects Hawaii residents who are experiencing a mental health crisis with appropriate service providers to reduce unnecessary hospitalizations and arrests, and provides continual

1 care by staying in touch with the individual and providers throughout the duration of treatment. Services provided through 2 3 Hawaii CARES include: 4 (1) Suicide crisis hotline services that provide 5 therapeutic support and de-escalation techniques to 6 active suicidal callers and connects them with crisis 7 services; (2) Crisis support management services, a temporary 8 9 thirty-day case management service provided when 10 requested by the crisis mobile outreach team, which 11 provides face-to-face contact with each individual 12 within twenty-four hours after receiving referral and 13 maximum effort to support and assist while linking the 14 individual to additional services; 15 (3) Crisis mobile outreach services that send out local 16 crisis therapists to callers experiencing a mental 17 health crisis in a variety of community settings to 18 provide them with face-to-face, short term, intensive 19 mental health services; trauma informed care response 20 with initial screening and comprehensive assessment;

and assistance in returning to their baseline level of 1 2 functioning; Licensed crisis residential shelters offered on a 3 (4) temporary ten-day admission basis for purposes of 4 stabilizing and preventing serious mental health 5 decompensation, psychotic breaks, or hospitalization 6 to individuals in crisis who would continue to be at 7 high risk without the benefit of the twenty-four-hour 8 9 support services; and Bed stabilization services, provided to individuals in 10 (5) crisis with mental health concerns or substance use 11 disorder and in need of a stabilization bed as a 12 13 bridge or a long-term solution in their continuum of care, with case managers assigned to individuals to 14 ensure wrap-around service as needed. 15 In addition to receiving calls made directly to its crisis 16 17 helpline, Hawaii CARES also serves as Hawaii's local crisis

18 center for the National Suicide Prevention Lifeline, a national 19 network of over one hundred eighty local crisis centers 20 established by the federal government to assist individuals in 21 suicidal crisis or emotional distress to connect with suicide

1 prevention and mental health support services at any time of the 2 day or night. Calls to the National Suicide Prevention 3 Lifeline, currently made by dialing a ten-digit, toll-free 4 number, 1-800-273-TALK (8255), are routed to a certified local 5 crisis center closest to the caller, as determined by the 6 caller's area code. For Hawaii, calls made from within the 7 State to the National Suicide Prevention Lifeline are routed to 8 the Hawaii CARES crisis helpline. 9 In 2020, the Hawaii CARES crisis helpline received 138,856

10 calls, which amounts to over three hundred thirty calls a day on 11 average. The volume of calls has increased following the 12 transition of the National Suicide Prevention Lifeline's 13 telephone number to a new, easy-to-remember, three-digit dialing 14 code "9-8-8".

To accommodate the increase in volume of calls and ensure that individuals who access the Hawaii CARES crisis helpline directly or through "9-8-8" are provided with appropriate crisis intervention services and crisis care coordination, the behavioral health administration requires funds to improve or establish the necessary technology and infrastructure, retain necessary personnel, and expand and enhance existing services
