RE: H.B. No. 250  
H.D. 2  
S.D. 2

Honorable Ronald D. Kouchi  
President of the Senate  
Thirty-Third State Legislature  
Regular Session of 2025  
State of Hawaii

Sir:

Your Committees on Commerce and Consumer Protection and Ways and Means, to which was referred H.B. No. 250, H.D. 2, S.D. 1, entitled:

"A BILL FOR AN ACT RELATING TO HEALTH,"

beg leave to report as follows:

The purpose and intent of this measure is to:

- (1) Require utilization review entities doing business in the State to report certain data relating to prior authorization of health care services to the State Health Planning and Development Agency; and
- (2) Establish the Health Care Appropriateness and Necessity Working Group to make recommendations to improve and expedite the prior authorization process.

Your Committees received testimony in support of this measure from the State Health Planning and Development Agency, Hawai'i Primary Care Association, 'Ahahui o nā Kauka, Hawaii Medical Association, and five individuals.

Your Committees received comments on this measure from the Hawaii Association of Health Plans and Hawaii Medical Service Association.

Your Committees find that prior authorization is a health plan cost-control process that requires healthcare providers to obtain advance approval from a health plan before a specific service to a patient is qualified for a payment or coverage and has become an issue of contention between providers, consumers, and insurers nationwide. Existing prior authorization requirements have greatly diminished the provision of essential services to patients on a timely basis, negatively impacting the health care outcomes of patients and delaying patient care. In rural and disenfranchised communities, the damage caused by prior authorization policies are magnified. Your Committees further find that health care providers struggle to overcome prior authorization barriers that impede the evaluation, diagnosis, and treatment of their patients and create administrative burdens that can divert valuable time and resources from direct patient care. Your Committees recognize that developing consensus recommendations will help reduce the administrative burdens and costs of prior authorization and assist health care providers in ensuring the health and safety of their patients.

Your Committees have amended this measure by:

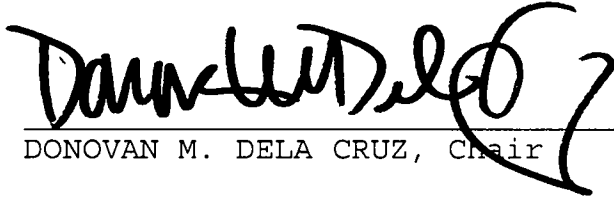

- (1) Inserting language requiring the working group to make recommendations on the treatments for common chronic or long-term conditions for which prior authorization may remain valid for the duration of the treatment in the appropriate clinical setting;
- (2) Clarifying that the State Health Planning and Development Agency shall explore means of automating prior authorization determinations that decrease delays and disruptions of medically necessary patient care in the near future; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Commerce and Consumer Protection and Ways and Means that are attached to this report, your Committees are in accord with the intent and purpose of H.B. No. 250, H.D. 2, S.D. 1, as

amended herein, and recommend that it pass Third Reading in the form attached hereto as H.B. No. 250, H.D. 2, S.D. 2.

Respectfully submitted on  
behalf of the members of the  
Committees on Commerce and  
Consumer Protection and Ways  
and Means,

DONOVAN M. DELA CRUZ, Chair

JARRETT KEOHOKALOLE, Chair
