STAND. COM. REP. NO. 120

Honolulu, Hawaii MAR 13 , 2025

RE: S.B. No. 997 S.D. 3 H.D. 1

Honorable Nadine K. Nakamura Speaker, House of Representatives Thirty-Third State Legislature Regular Session of 2025 State of Hawaii

Madame:

Your Committees on Energy & Environmental Protection and Labor, to which was referred S.B. No. 997, S.D. 3, entitled:

"A BILL FOR AN ACT RELATING TO ENERGY,"

beg leave to report as follows:

The purpose of this measure is to:

- Allow the Public Utilities Commission to authorize preferential rates for the purchase of firm renewable energy from facilities in conjunction with prevailing wages; and
- (2) Require public utilities to forward requests for preferential rates for the purchase of firm renewable energy produced from facilities in conjunction with prevailing wages to the Public Utilities Commission for approval.

Your Committees received comments on this measure from the Department of Commerce and Consumer Affairs; Hawaii State Energy Office; and Public Utilities Commission.

Your Committees find that the State must support the development of renewable energy projects while ensuring that such

projects abide by certain project labor standards. However, your Committees find that this measure, as currently drafted, allows the authorization of rates that are preferential to producers of firm renewable energy, which may increase rates for ratepayers. Your Committees further find that amendments to this measure are necessary to focus instead on the adherence of renewable energy generation projects to certain labor standards.

Your Committees have amended this measure accordingly by reverting to the version of this measure as introduced, which requires an attestation or declaration regarding project labor standards, including adherence to state-approved apprenticeship programs and prevailing wage requirements, for covered large-scale renewable energy generation projects, and further amending the measure by:

- Removing the exemption to the attestation or declaration regarding project labor standards;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Labor that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 997, S.D. 3, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 997, S.D. 3, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.
