Chair Gabbard, Vice Chair Richards, and Members of the Senate Committee on Agriculture and Environment.

The Office of Planning and Sustainable Development (OPSD) **strongly supports** GM 557 nominating **Dawn Hegger-Nordblom** to a seat on the Environmental Advisory Council.

Dear Senators, I had the privilege of serving with Dawn Hegger-Nordblom on the Information & Outreach Committee a sub-committee of the EAC before I was term limited. Together we produced several successful forums for the public. Dawn was a great resource, very well connected and respected in the environmental community. She worked hard to overcome the zero budget EAC has for such forums delivering professional communications consistently. Not only is Dawn a committed volunteer with a love for our aina but she is a lot of fun to serve with. She has all the qualities one looks for in a capable volunteer. Please re-appoint Dawn Hegger-Nordblom to EAC. The State of Hawaii is fortunate to have her willing to fill this role!

With sincere respect & Aloha, Mary Begier

Aloha Sentate of Hawaii,

I am submitting this testimony in strong support of the consideration and confirmation of Gubernatorial Nominee, Dawn Hegger-Nordblom, to the Environmental Advisory Council.

Dawn is a dedicated professional with deep knowledge of environmental issues. Her previous work with the Department of Land and Natural Resources, combined with having lived in Hawai‘i for the majority of her life, reflects her genuine understanding of and commitment to the needs of our local communities.

It is crucial that individuals appointed to these roles have firsthand experience living in Hawai‘i, as this brings a necessary perspective on how best to care for and protect our unique environment. Most importantly, Dawn brings valuable expertise in environmental processes and systems, which makes her exceptionally qualified for this position.

Mahalo for reading.
