In consideration of  
HOUSE BILL 1141, HOUSE DRAFT 1  
RELATING TO UPDATING PUBLIC LAND LEASES ISSUED PURSUANT TO  
CHAPTER 171, HAWAII REVISED STATUTES

House Bill 1141, House Draft 1 proposes to require that lease extensions approved by the Board of Land and Natural Resources (Board) update the terms and conditions of leases using the most current lease form at the time the extension is approved and to repeal existing language in sections 171-36(c) and 171-192(c), HRS, providing that lease extensions shall be subject to the rules of the Board. **The Department of Land and Natural Resources (Department) supports this Administration bill.**

An audit conducted by the State Auditor at the direction of the Legislature made critical findings regarding the Special Land and Development Fund within the Department. The Auditor's findings and recommendations were contained in Audit Report No. 19-12. Subsequently, a House Investigative Committee (Committee) was established on April 29, 2021.

The Committee made several recommendations to provide clear legislative intent and authority to assist the Department in carrying out its statutory functions. This bill is the result of the Committee's recommended legislation to allow the Board to update the terms and conditions of its leases in the lease extension context using the most current lease form. This will ensure that, in the event the extension of a lease results in a conflict or inconsistency between an updated lease term or condition authorized under chapter 171, HRS, and a term or condition in the lease being extended, the updated lease term or condition authorized under chapter 171, HRS, shall control.

House Bill 1141, House Draft 1 is intended to apply to all leases issued under chapter 171, HRS, regardless of whether they were issued by public auction or direct negotiation. The Department of the Attorney General has determined that the Hawaii Supreme Court's decision in *State v. Kahua Ranch, Ltd.*, 47 Haw. 28, 384 P.2d 581 (1963), aff'd on reh'g, 47 Haw. 466, 390 P.2d 737, which concluded that leases issued by public auction cannot be amended, does not apply to extended leases. The bill makes clear that extended leases must be drafted using current, Board-approved terms and conditions.

The issues that were identified in the audit and report are of significance to the State, as the inability to update lease terms and conditions not only deprives the public of a fair return for the use of public lands, but also could lead to additional liability against the State and significant public health and safety issues such as when structures beyond their useful life are left on public lands at the end of a lease.

Adding a new subsection 171-36(g), HRS, will make the most current Board lease form apply to "any lease," thus, all state leases - including those lease types in sections 171-36(b)-(f), 171-36.5, and 171-192, HRS, will be affected.

Finally, the bill proposes repeal existing language in sections 171-36(c) and 171-192(c), HRS, providing that lease extensions shall be subject to the rules of the Board. The Board has no rules on lease extensions and the Department has no need to adopt rules because the statutory requirements for a lease extension are sufficiently detailed.

Mahalo for the opportunity to provide comments on this measure.
