It's your job to save pedestrian lives in a state with egregious pedestrian danger, pedestrian injuries, and pedestrian deaths. You must do this regardless of cost, political unpopularity, and bureaucratic obstacles.

Leaders have vision before it's popular to do something different. Be leaders, not weathervanes. When people are led, they come to support better ways of living.

Best,  
Dylan P. Armstrong

This is an essential study. I know many people who have been involved in traffic accidents on and around Paiwa Street. We urgently need to explore more effective ways to enhance safety and mitigate speeding in this area.

thank you.
