TO THE HOUSE COMMITTEE ON FINANCE
ON SENATE BILL NO. 1359 HD1

March 28, 2025
2:00 p.m.
Conference Room 308 & Videoconference

RELATING TO THE HAWAII EMPLOYER-UNION HEALTH BENEFITS TRUST FUND
BASE COMPOSITE MONTHLY CONTRIBUTION

Chair Yamashita, Vice Chair Takenouchi, and Members of the Committee:

The Hawaii Employer-Union Health Benefits Trust Fund (EUTF) Board of Trustees strongly supports this bill. The EUTF Board believes that this administrative change will be beneficial to current and future retirees.

In accordance with Chapter 87A, Hawaii Revised Statutes (HRS), the State and counties' (Employers) contribution to retiree healthcare benefits (i.e. medical, prescription drug, dental and vision premiums) is based on a percentage of the Base Composite Monthly Contribution (BMC). The BMC was last updated on July 1, 2014, in HRS 87A-33, as separate dollar amounts for non-Medicare and Medicare retirees and by tier (i.e. self, two-party and family). The BMC changes each calendar year based on the change in Medicare Part B premiums which is a measure of national healthcare inflation.

The intent of this bill is to correct a timing issue. The 2025 BMC was based on the change in the Medicare Part B premiums from 2024 to 2025. The 2025 Medicare Part B premium was published by the Centers for Medicare and Medicaid Services in November

EUTF's Mission: We care for the health and well being of our beneficiaries by striving to provide quality benefit plans that are affordable, reliable, and meet their changing needs. We provide informed service that is excellent, courteous, and compassionate.

2024. The EUTF conducts retiree open enrollment during the last two weeks of October. As a result, in some years such as 2025, retirees do not know the Employers' contribution to their retiree healthcare premiums during open enrollment. The EUTF is not able to move open enrollment back because of deadlines to report changes to the insurance carriers to be effective January 1st.

The proposed bill would create a lag so that retirees would have the BMC almost a year before open enrollment as follows:

BMC Year	BMC Available	Change
<u>Current</u>		
2025	November 2024	2024 to 2025 Medicare Part B premiums
2026	Oct/Nov 2025	2025 to 2026 Medicare Part B premiums
2027	Oct/Nov 2026	2026 to 2027 Medicare Part B premiums
<u>Proposed</u>		
2025 (no change)	November 2024	2024 to 2025 Medicare Part B premiums
2026	Passage of bill	5.2%*
2027	Oct/Nov 2025	2025 to 2026 Medicare Part B premiums

**5.2% represents the 5 and 10-year annualized growth in Medicare Part B premiums through 2024.*

Thank you for the opportunity to testify.

Comments:

TESTIMONY TO THE COMMITTEE ON FINANCE**SB1359, HD1 - Relating to the Hawaii Employer-Union Health Benefits Trust Fund Base Composite Monthly Contribution****Chair Yamashita, Vice Chair Takenouchi and members of the committee,**

The O'ahu District Hawai'i State Teacher Association-Retired supports SB1359, HD1 which increases the employer base composite monthly contribution to the Hawaii Employer-Union Health Benefits Trust Fund by 5.2 percent of the 2025 employer base composite monthly contribution. Effective 1/1/2007, requires that the employer base composite monthly contribution be calculated based on the change in Medicare Part B premium from 2025 to 2026 and at a two-year lag thereafter.

The passage of this bill will correct a timing issue, benefit the retired educators who have served Hawaii's educational system and future retirees.

Mahalo for the opportunity to testify, Laverne Fernandes Moore, President
