HOUSE COMMITTEE ON JUDICIARY & HAWAIIAN AFFAIRS

2:00 p.m. – Room 325, Hawaii State Capitol

In consideration of
SB 602
RELATING TO THE HAWAII PUBLIC HOUSING AUTHORITY

Honorable Chair Tarnas, and members of the House Committee on Judiciary & Hawaiian Affairs, thank you for this opportunity to provide testimony on Senate Bill (SB) 602, relating to the Hawaii Public Housing Authority.

The Hawaii Public Housing Authority (HPHA) **strongly supports** the passage of SB 602, which includes any parcel owned by the Hawaii Public Housing Authority (HPHA) as areas that may be closed to the public. Specifies required signage.

The HPHA's mission is to provide Hawaii's residents with adequate and affordable housing, economic opportunity, and suitable living environments that are free from discrimination through both its public housing and rental assistance programs. The HPHA serves our state's most disadvantaged populations, including families earning less than thirty percent of the Area Median Income, the disabled, and the elderly.

One of the HPHA's greatest concerns and priorities is the safety and well-being of its tenants and staff. Too often, incidents arise on HPHA property due to the presence of uninvited individuals. Clarifying the conditions under which HPHA properties may be closed to the public will allow prosecution of trespassers pursuant to section 708-914, Hawaii Revised Statutes (HRS). Clarifying what property is closed to members of the public will assist to deter late night gatherings that disturb the community. Especially at HPHA properties with community centers that are leased out to nonprofit organizations.

The passage of this bill should provide a positive impact on the public, especially public housing tenants, their household members, and the surrounding community by affording a safer living environment for all.

We appreciate this opportunity to provide the committee with our testimony. Thank you very much for your continued and dedicated support.

Comments:

I oppose SB602 because it does not serve a public purpose that is already not covered by the current statute. Further, "closed to the public" should not mean that residents are further restricted from inviting guests. More important, "closed to the public" should not mean that members of the media are prohibited from the premises without prior authorization.
