
HOUSE CONCURRENT RESOLUTION

REQUESTING THE DEPARTMENT OF LAW ENFORCEMENT AND DEPARTMENT OF

12 the resources available to respond to each traffic safety issue
13 within their jurisdiction; and
14

15 WHEREAS, to effectively curb excessive and dangerous
16 speeding, other states have sought collaborative efforts with a
17 variety of state departments including those with jurisdictions
18 over transportation, law enforcement, and engineering; and
19

20 WHEREAS, where technology such as automated speed
21 enforcement systems has been implemented, state and local law
22 enforcement have been able to maximize the impact of scarce
23 resources in order to prevent speeding-related crashes; and
24

25 WHEREAS, as statewide departments, the Department of Law
26 Enforcement and Department of Transportation have a greater
27 capacity for collaborative work to develop clearer traffic

1 safety designs than local law enforcement agencies; now,
2 therefore,
