# A BILL FOR AN ACT

---

RELATING TO PROCUREMENT.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1       SECTION 1. The legislature finds that the department of  
2 health, department of human services, and judiciary fulfill some  
3 of their statutory mandates and support access to justice by the  
4 State's residents through contracts with community-based  
5 organizations. Many community-based organizations provide  
6 services to the State's vulnerable populations, including  
7 victims of domestic violence, at-risk youth and youth in foster  
8 care, low-income households, the elderly, and homeless  
9 individuals and families. Community-based organizations play a  
10 critical role in strengthening families and communities in the  
11 State through the provision of essential services, including  
12 support for access to justice.

13       The legislature finds, however, that while the cost  
14 incurred by community-based organizations to provide their  
15 services, including wages, utility expenses, and administrative  
16 costs, have increased significantly during the past decade,  
17 government contract rates have remained the same. Consequently,

1 a recent survey revealed that ninety-one per cent of community-  
2 based organizations in the State were resourced below the full  
3 operating costs required to provide the contracted services.  
4 Community-based organizations have been struggling to fill the  
5 gap between funding levels and demand for services, and some  
6 have publicly stated that they may be forced to eliminate or  
7 reduce the services they provide.

8 Accordingly, the purpose of this Act is to ensure the  
9 continued delivery of essential services by community-based  
10 organization to the State's vulnerable populations by:

- 11 (1) Requiring contracts for services awarded to community-  
12 based organizations by the department of health,  
13 department of human services, or judiciary in support  
14 of fulfilling their statutory mandates to individuals,  
15 families, and communities in the State to include  
16 certain protections against inflation; and  
17 (2) Appropriating funds to the department of health,  
18 department of human services, and judiciary to  
19 increase the contract price in existing contracts for  
20 services provided by community-based organizations in
