S.B. NO. 1400

#### JAN 2 3 2025 A BILL FOR AN ACT

RELATING TO THE OFFICE OF WELLNESS AND RESILIENCE.

#### BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that the office of
 wellness and resilience leads efforts to make Hawaii a trauma informed state. Trauma-informed care is defined as an approach
 to understanding, recognizing, respecting, and responding to the
 pervasive and widespread impacts of trauma on our ability to
 connect with ourselves and others, our place and the elements
 around us, and our ways of being.

8 The legislature further finds that strengthening policies 9 and programs to be trauma-informed can result in better 10 workforce retention and recruitment.

11 The legislature finds that the office of wellness and 12 resilience is best suited to be a semi-autonomous authority 13 under the department of human resources development because of 14 its unique oversight of, and collaboration with, other executive 15 state departments.

16 The department of human resources development has oversight 17 over all other state departments on topics of focus for the 18 office of wellness and resilience and a trauma-informed state,

including workplace environment and well-being, training and
 professional development, benefits, and recruitment and
 retention.

The purpose of this Act is to transfer the office of wellness and resilience to the department of human resources development for administrative purposes only, establish a wellness and resilience advisory board within the department of human resources development, and update the office of wellness and resilience functions.

SECTION 2. Chapter 27, Hawaii Revised Statutes, is amended by adding to part IX a new section to be appropriately designated and to read as follows:

#### 13 "§27- Wellness and resilience advisory board;
