JUSTIFICATION SHEET

SB. NO. 1476

DEPARTMENT: Transportation

TITLE: A BILL FOR AN ACT RELATING TO CAPITAL ADVANCEMENT CONTRACTS.

PURPOSE: To increase the cap for the contract value of any one capital advancement contract (CAC) and the cap for the total aggregate value of CACs in a fiscal year entered by the Department of Transportation with private parties for harbor improvements and to add reporting requirements for the department.

MEANS: Amend section 266-19.5(d), Hawaii Revised Statutes (HRS).

JUSTIFICATION: Increasing the cap for the contract value of any one CAC from \$2,000,000 to \$5,000,000 and the cap for the total aggregate value from \$5,000,000 to \$20,000,000 of CACs in a fiscal year entered into by the department for harbor improvements will expedite certain projects at state commercial harbor facilities and increase project efficiencies when private parties lead such projects in a manner that minimizes project impacts on cargo operations. Additionally, increasing the maximum amounts of the CAC caps is necessary because the department anticipates escalating project costs due to inflation and rising costs of materials and labor. The higher limits will facilitate improved project delivery given these factors.

Impact on the public: The amendment will allow the department to expedite additional projects and prioritize public improvements to state commercial harbor facilities.
