Testimony in SUPPORT of HB584
RELATING TO ADOLESCENT MENTAL HEALTH SERVICES

REPRESENTATIVE JOHN M. MIZUNO, CHAIR
HOUSE COMMITTEE ON HEALTH

Hearing Date: February 5, 2019, 9:45 A.M. Room Number: 329

1 **Fiscal Implications:** None.

2 **Department Testimony:**

3 The Department of Health is in support of this bill which clarifies the expectations of the health
4 plans when an adolescent chooses to consent to mental health services. This bill prohibits health
5 plans from disclosing to a policy holder or other covered person any payment information for
6 mental health services given upon the consent of a minor according to §577-29, HRS, and
7 specifies that the minor, minor's parents or legal guardian are not responsible for out-of-pocket
8 payments for minor-initiated mental health services. The suppression of the explanation of
9 benefits (EOB) is a standard practice where minor consent laws exist. If such a suppression were
10 not required, the minor's privacy would not be retained resulting in a decrease in the access to
11 confidential mental health services. Health plans will be required to have standard operating
12 practice to suppress the EOB in circumstances where a consenting minor is receiving mental
13 health services.

14 This bill is a product of a task force led by the Department of Health (DOH), Child and
15 Adolescent Mental Health Division (CAMHD) as mandated by Act 13, SLH 2018. The task
16 force was comprised of legislators, representatives of health insurers, state agencies, and
17 advocates, and community members. A list of task force attendees and a summary of task force
18 findings may be found in the task force's legislative report:

19 https://www.capitol.hawaii.gov/session2019/bills/DC240_.pdf.

- 1 **Offered Amendments:** None.
- 2 Thank you for the opportunity to testify on this bill.

Honolulu, HI 96813

Hearing: Tuesday, February 5, 2019 – 9:45 a.m.

RE: STRONG SUPPORT for House Bill 584 – RELATING TO ADOLESCENT MENTAL HEALTH SERVICES

Aloha Chair Mizuno, Vice Chair Kobayashi and fellow committee members,

I am writing in STRONG SUPPORT for House Bill 584 on behalf of the LGBT Caucus of the Democratic Party of Hawai'i. SB 584 prohibits health plans and providers from disclosing to a policyholder or other covered person any payment or billing information for a minor's mental health services if the minor received the services without the consent or participation of the minor's parent or legal guardian. Specifies that the minor and the minor's parent or legal guardian are not responsible for out-of-pocket payments for minor-initiated mental health treatment or counseling services.

HB 584 stems out of the taskforce that was formed as requirement of Act 13, 2018 which ban conversion therapy for minors. One of the concerns that was raised during the hearings was that by banning conversion therapy LGBTQIA youth would not seek therapy. I am happy to respond, [as shown in the report](#), banning conversion therapy will not stop LGBTQIA youth from seeking therapy.

What the taskforce did find is that there is barrier for ALL minors from seeking mental health care. That barrier can be the minor's parent or guardian they may either not support mental health care or the minor does not want them to know why they are seeking mental health care. HB 584 will help remove that barrier from all minors seeking mental health care.

The LGBT Caucus of the DPH asks that you support this very important bill as it will help ensure that ALL youth will have access to mental health care.

Testimony in SUPPORT of HB584 RELATING TO ADOLESCENT MENTAL HEALTH SERVICES

COMMITTEE ON HEALTH

Rep. John M. Mizuno, Chair

Rep. Bertrand Kobayashi, Vice Chair

Tuesday, February 5, 2019 9:45 AM

Conference Room 329

State Capitol

415 South Beretania Street

The Hawai'i Psychological Association (HPA) supports this bill and its efforts to ensure minors can access counseling and mental health services without their parents' knowledge by clarifying the expectations of the health plans when adolescents choose to consent to their own mental health services. This bill prohibits health plans from disclosing to a policy holder or other covered person any payment information for mental health services that are given upon the consent of a minor according to §577-29, HRS. The bill further specifies that the minor, minor's parents, or legal guardian are not responsible for out-of-pocket payments for minor-initiated mental health services.

The suppression of the explanation of benefits (EOB) by the insurance plan is a standard practice where minor consent laws exist. If such a suppression were not required, the minor's privacy would not be retained, resulting in a decrease in the access to confidential mental health services. Health plans will be required to have standard operating practices to suppress the EOB in circumstances where a consenting minor is receiving mental health services.

This bill is a product of a task force led by the Department of Health (DOH), Child and Adolescent Mental Health Division (CAMHD) as mandated by Act 13, SLH 2018. The task force was comprised of legislators, representatives of health insurers, state agencies, advocates, and community members, including an HPA representative.

A list of task force attendees and a summary of task force findings may be found in the task force's legislative report: https://www.capitol.hawaii.gov/session2019/bills/DC240_.pdf.

Thank you for the opportunity to provide input into this important bill.

Sincerely,

Julie Takishima-Lacasa, PhD

Re: TESTIMONY IN SUPPORT OF HB 584 RELATING TO ADOLESCENT MENTAL HEALTH SERVICES

Hearing: February 5, 2019, 9:45 am, CR 329

Thank you for hearing **House Bill 584**, which amends Section 323B-3 of the Hawaii Revised Statutes to prohibit health plans and providers from disclosing to a policy holder or other covered person any payment or billing information for a minor's mental health services if the minor received the services without the consent or participation of the minor's parent or legal guardian. The bill also specifies that the minor and the minor's parent or legal guardian are not responsible for out of pocket payments for minor-initiated mental health treatment or counseling services.

Mental Health America of Hawaii (MHAH) is a 501(c)3 organization founded in Hawai'i 77 years ago, that serves the community by promoting mental health through advocacy, education and service. We support youth mental health in Hawaii through our Youth Suicide and Bullying Prevention Program and through our advocacy work. In 2016 we provided testimony in support of SB 2886 SD2 HD2 CD1 which became Act 181, allowing minors fourteen years or older to consent to their own mental health treatment. Sometimes youth need to talk to a mental health professional but may not feel safe or comfortable asking their parent for consent for a variety of reasons, which may include family violence, sexual abuse, or substance abuse.

Implementation of Act 181 demonstrated the need for this bill to fulfill Act 181's intention, which is for minors that are unable to disclose their need for mental health services to their parents to be able to receive care without disclosure. Unfortunately, it is sometimes critical to their safety that minors are able to receive treatment without their parent or legal guardian finding out. In those cases, it is important that they do not find out through their health insurance company and that they are not responsible for out-of-pocket costs they did not consent to. Youth must also not be held responsible for out-of-pocket costs that would be a barrier to receiving services.

In mental health, access to care is everything and we humbly ask you to authorize this change to increase access for youth in these circumstances. Thank you for considering my **testimony in support of HB 584**. Please contact me at trisha.kajimura@mentalhealthhawaii.org or (808)521-1846 if you have any questions.

TESTIMONY IN SUPPORT OF HB 584 RELATING TO ADOLESCENT MENTAL HEALTH SERVICES

Hawaii Youth Network Services, a statewide coalition of youth- serving organizations, supports HB 584 Relating to Adolescent Mental Health Services

Youth aged 14 and older may consent for mental health services. Sometimes the involvement of the parent or guardian may be inappropriate and the law allows for minors to receive services without parental notification or involvement under those circumstances.

This bill will prevent medical insurance providers from disclosing treatment and billing information to parents if the mental health counseling services were provided without the consent or participation of the parents. This will ensure that confidentiality of services is maintained as intended by the minor consent law.

Thank you for this opportunity to testify.

Sincerely,

Judith F. Clark, MPH
Executive Director

The Honorable John M. Mizuno, Chair
The Honorable Bertrand Kobayashi, Vice Chair
House Committee on Health

Re: HB 584 – Relating to Adolescent Mental Health Services

Dear Chair Mizuno, Vice Chair Kobayashi, and Members of the Committee:

The Hawaii Medical Service Association (HMSA) appreciates the opportunity to testify on HB 584, which prohibits health plans and providers from disclosing to a policyholder or other covered person any payment or billing information for a minor’s mental health services if the minor received the services without the consent or participation of the minor’s parent or legal guardian. It also specifies that the minor and the minor’s parent or legal guardian are not responsible for out-of-pocket payments for minor-initiated mental health treatment or counseling services.

HMSA has mechanisms in place to prevent the disclosure of information regarding a minor’s mental health services if the minor, or their health care provider, informs HMSA that the information should be kept confidential from the policyholder or other covered persons.

We have serious concerns on this measure. This bill would add separate obligation to accomplish a similar result that could undermine the intent of weight of Hawaii’s HIPAA Harmonization law that passed in 2012 which consolidated, at that time Hawaii’s approximately 50 privacy laws and aligned them with HIPAA. To go back to having multiple overlapping privacy laws could cause much confusion and complexity, and create an administrative burden for plans and providers.

In short, we think that existing protections for members under HIPAA are sufficient.

Thank you for the opportunity to provide testimony.

Sincerely,

Pono Chong
Vice President, Government Relations
