

THE

INTRODUCTION OF RESOLUTION

A resolution (H.R. No. 1) declaring the Honorable Jack K. Suwa, Representative from the First District as the duly elected Temporary Chairman of the House of Representatives of the Eighth Legislature was offered by Representative Inaba and was read by the Temporary Clerk.

On motion by Representative Inaba, seconded by Representative Segawa and carried, H.R. No. 1 was adopted.

The Temporary Chairman then appointed George M. Takane as Temporary Clerk of the House of Representatives.

The Temporary Chairman then appointed the Honorable Charles T. Ushijima, Chairman, Minoru Inaba, Vice Chairman, Russell Blair, Richard C.S. Ho, Ted T.

Morioka, Ralph K. Ajifu, Richard Ike Sutton and Donna R. Ikeda to the Committee on Credentials.

At 10:08 o'clock a.m., the Chair declared a recess, subject to the call of the Chair, and the Apana Sisters from Kauai and the Waiehu Sons from Maui entertained the members of the House and their guests.

At 10:29 o'clock a.m., the House of Representatives reconvened.

At this time, the Temporary Chairman introduced the Honorable George R. Ariyoshi, Governor of the State of Hawaii, and Mrs. Ariyoshi to the members of the House and their guests.

Representative Suwa then addressed the members of the House as follows:

"Distinguished guests, ladies and gentlemen:

On behalf of my colleagues, I welcome you to the beginning of the Eighth State Legislature. Today, we begin a process which will determine the destiny of the State of Hawaii. A great number of people view this process with increasing frustration, and we intend to provide reassurances that this process not only works but also represents the full interest of the people. The most effective means of providing this reassurance is to demonstrate that government is open. However, even the most open political structure will not suffice to serve the people of the State if the citizens do not take the initiative to become involved and to present their views in the public's interest. In the next few weeks, my colleagues and I hope to demonstrate our support for more public participation in our political process. I truly hope that you, the public, will take the initiative to get involved and help us shape Hawaii's destiny.

With those remarks out of the way,
let us commence with the order of
business."

INTRODUCTION OF RESOLUTIONS

The following resolutions (H.R. Nos. 2 and 3) were read by the Temporary Clerk and were disposed of as follows:

A resolution (H.R. No. 2) providing Rules for the House of Representatives was offered by Representative Roehrig and was read by the Temporary Clerk.

On motion by Representative Roehrig, seconded by Representative Uechi and carried, H.R. No. 2 was adopted.

A resolution (H.R. No. 3) declaring the Honorable James H. Wakatsuki, Representative from the Eighteenth District; the Honorable Richard Garcia, Representative from the Seventeenth District; and the Honorable Ted Yap, Representative from the Sixteenth District, to be the duly elected Speaker, Vice Speaker, and Assistant Vice Speaker, respectively, of the House of Representatives of the Eighth Legislature was offered by Representative Mizuguchi and was read by the Temporary Clerk.

On motion by Representative Mizuguchi, seconded by Representative Naito and carried, H.R. No. 3 was adopted.

The Temporary Chairman then appointed Representatives Takamine, Kondo, Kunimura, Yap, Ushijima, Kimura, Garcia, Poepoe and Soares as a Committee to escort the newly elected Speaker to the rostrum.

Escorted by the aforesaid Committee, the Speaker took the Chair and thereupon addressed the members of the House as follows:

"The day has finally arrived for us and the sun still shines.

Governor and Mrs. Ariyoshi, Lieutenant Governor Doi, distinguished guests, my fellow colleagues, friends and fellow citizens. . . greetings and welcome to the opening of the Eighth Legislature of the State of Hawaii. This is my first opportunity to extend such greetings from this rostrum. I am deeply honored to do so, but I am also aware of the awesome and heavy responsibilities of the office of the Speakership of this House. They are indeed large and challenging, but they create in me a deep sense of urgency and determination to move our great State towards new directions.

I am convinced that this apprehension of urgency and determination to move our social, economic and political processes toward new directions are shared by all of Hawaii. In this regard, we who are in the majority have adopted a new approach

in the structuring of our committee system. We have taken a program approach which will build expertise among the members of this House in related fields of governmental involvement.

We have in recent days had many and meaningful interchange of ideas amongst ourselves and with different people in the community relative to the goals and objectives of our State. Our majority has developed a legislative program which will serve as guidelines in the development of legislative directions and policies. The production of this document has not been an easy nor a small task. It has consumed many, many hours. It is a significant, enlightened and a provocative legislative program document. I am proud of it. And I am extremely proud of my colleagues and grateful to them and to those who contributed unselfishly in producing such a document. We have entitled it, "New Directions For A New Hawaii." We firmly believe that to be responsive to the needs of our people, we must freshen our outlook, taking note of changed conditions and circumstances. Our document reflects this kind of outlook and change.

There is within our community skepticism--even suspicion, if you will, of our governmental and political processes. Our response shall be openness, candor, and accountability. This will be our theme in this and succeeding sessions.

We have affirmed this theme in the Rules of this House, which require open decision-making meetings. These same rules state the support of this body for open conference committee meetings. We further propose the enactment of a sunshine law which would extend to all governmental bodies that same openness to which we aspire in this House. We also propose the enactment of legislation requiring the registration of all lobbyists who seek to influence the outcome of legislation.

This body's responsibility is to set policy; to establish directions; to set goals and objectives for this State--and to hold the executive branch accountable for the efficient and timely execution of the policies we set. We propose to adopt a system which will utilize the resources of the Legislative Auditor and others to ensure that legislative policies and intent are realized.

The particular concerns for which we would set new goals, and the programs with which we would address them are as diverse as our community. At the core is our economy. It has fared better

than those of our sister states, but we cannot afford to be comfortable nor complacent. There are signals of economic weakness. Our unemployment rate is heading upwards; our housing market is at a near standstill; commitments for construction have declined; and business expansion has curtailed. We propose that government, management, and labor join hands in developing a course, or courses of action that will ensure levels of employment and economic activity that will be beneficial to our people.

Land in Hawaii is limited. Since statehood, government has been a party to the effort of stimulating the expansion of our economy and of increasing public services. We have learned, however, that rapid growth bears its own liabilities--liabilities which may be offset without adverse economic consequences, by planned, coordinated and controlled growth through the judicious use of our lands.

We propose to review the concept and administration of the Land Use Law in the expectation of devising stronger legislative policies. If necessary, these may extend to requiring legislative review and approval of land use changes. Similarly, we believe that the fragile and valuable coastal zone must be protected and well-managed. And in the light of recent court decisions, we must enact new legislation for the protection, development, and the use and treatment of our water resources. We must also articulate legislative policies with respect to the development, preservation and use of our energy resources.

These same natural resources that we would newly protect are the sources that help our visitor industry to be the largest contributor to our economy. Government has been a willing partner to the development of tourism, and the rewards of government and industry promotion have been great indeed. We welcomed this rapid and successful growth, but success without stability and direction can also mean more hotel rooms to fill than there are visitors; a proliferation of resorts that consume our landscape; cutthroat competition and unstable management; and inadequate services to the very visitors who help us prosper.

We are convinced that government must become partners with our visitor industry to ensure its stability and direct its growth and management. We, therefore, propose new legislation for this purpose.

Among the benefits that prosperity has brought us is the means to support a public education system of quality, and to which access is equal. We must, however, continue an aggressive approach to further improve our educational system to meet the needs of our rapidly changing times. We believe that the schools should be places of learning enjoyment. That while curriculum offerings may be appropriate to our present needs, students should also have the opportunity to articulate their individual talents and to pursue their individual interests.

We propose the continuing development of our educational system that will overcome any cultural, economic, and geographical barriers to educational attainment. We further propose the distribution of financial support for equal educational opportunities that will provide us with a system that will yield greater participation by students and public alike. We shall seek accountability in administration and in instruction.

The success of all these efforts will be measured in the people of our State. Economically secure, intellectually engaged, they must continue to be able to enjoy the special blessings of our great State, even through changing times, to changing conditions and changing circumstances. In the process, we must make certain that there is no loss of the varied cultural traditions with which we are so richly endowed. We have witnessed the erosion of our cultural heritage and the awareness of the arts by rapid urbanization and social changes. We propose to seek out and preserve the teachings, the customs and the arts of our cultural heritage and to stimulate the understanding and appreciation of this valuable asset.

I realize that our legislative program reflected in our document is an ambitious one. We believe, however, that it is realistic, and speaks well of that sense of urgency and determination that I earlier described, and it will afford our people new directions for a new Hawaii.

I am extremely grateful to my colleagues for entrusting the Speakership of this House to me. I pledge to maintain the integrity of this office. I also pledge my full support and cooperation to all.

I trust that you will accord this

office your patience, your understanding and cooperation, and God willing, with His divine guidance, we shall succeed.

I thank you."

The Chair, at this time, appointed Representatives Lunasco, Lee, Stanley, Roehrig, Takamura, Soares and Carroll to escort the newly elected Vice Speaker to the rostrum and stated:

"Ladies and gentlemen, I am indeed honored and privileged to introduce to all of you the Vice Speaker of this House of Representatives, Representative Richard Garcia."

Representative Poepoe, on behalf of the Minority, then rose and stated as follows:

"Mr. Speaker, members of the House and guests. . .

The start of a new legislative session always brings with it the hope of new solutions to the many problems that have been haunting us throughout the years. We will dedicate ourselves again, to resolving these problems. . . and we welcome the help that the new members bring to this House.

Our beautiful State of Hawaii is relatively small in our nation of States, yet our problems are as complex as any other State. Our available resources--in terms of qualified people--are therefore restricted in numbers, and it behooves this body to use each legislator and each resource person to the fullest extent. Let us in the House focus on cooperating and providing the people of this State with the best possible results.

Our Republican caucus will cooperate with you, Mr. Speaker, in every reasonable way. We bring our respective experiences and the thinking of our constituencies to the discussion and the decision making process. We will, of course, object should we feel the decision-making to be in error, and we will clearly state our positions in this assembly. The Republicans will be a strong and effective caucus, and this I believe will aid you in your deliberations.

Speaking for the House Republicans, I can say that we are pleased with the movement towards an independent Legislature--a Legislature that will assert itself, and one that will operate independently of the Administration. This is a position that we Republicans

have long advocated.

We are concerned with specific problems facing this State: education, the environment, housing, transportation, public health, the economy, and the like. However, our overriding concern can best be summed up in our anxiety over the changing lifestyles in Hawaii. We believe that new philosophies and new directions are required. . . a roadmap for the future, if you will. And that these are best expressed, legislatively, through sound planning which is a result of a government that is open to the full participation, of all interested citizens.

Thank you, Mr. Speaker."

The Chair then responded:

"Thank you, Representative Poepoe. It only indicates that the minority will be cooperating with the majority at all times because we will always be reasonable."

On motion by Representative Akizaki, seconded by Representative Suwa and carried, the report of the Committee was adopted.

MISCELLANEOUS BUSINESS

At this time, the Clerk of the House informed the members that certain corrections will be made to rules 26.1 and 26.2 appearing on page 22 of the House Rules which were adopted yesterday.

Copies of the amended version of said Rules were made available to the members at 11:30 o'clock a.m. in compliance with the 24 hour notice provision under Rule 54.

At 12:05 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:06 o'clock p.m.

SUSPENSION OF RULES

On motion by Representative Kimura, seconded by Representative Soares and carried, the Rules were suspended for the purpose of allowing members to remark on the House Rules.

Representative Cobb stated:

"Mr. Speaker, I rise to speak in favor of the Rules. With the adoption of these rules this House has become one of the most open Chambers in all of the 50 states. In less than 2 years, we will have moved out of a period of the dark ages, to a degree of openness unmatched even by the other house of this Legislature.

The credit for this achievement belongs to every member of this House, including some who are no longer with us. And, Mr. Speaker, a special note of thanks must be given to the leadership of this House, for your patience, your understanding, and even your endurance in the long dialogue that brought about these changes.

With this Resolution, we have rules that provide for openness in virtually every step of the legislative process. And, we have built-in safeguards for the minority point of view, whether it be expressed by party or position.

In fact, over 80% of these rules are based directly on the recommendations of the Citizens' Ad Hoc Committee on House Rules. And over 10% more have been modified and included with provisions to insure freedom of expression for all members of this honorable body.

Mr. Speaker, much has been said about rules reform in the last few years, so perhaps we should reflect for a moment on the definition of 'reform' (by Webster):
1) To amend or improve by change of form or removal of faults or abuses; and 2) To put or change into an improved form or condition.

These new rules should meet the test of such a definition.

But no rule of procedure or law can guarantee quality or a unanimous vote. But with these rules, we will be able to discuss - and openly disagree about our public concerns throughout the

legislative process.

Now more than ever, the public will be able to see both the joy and the frustrations in our deliberations - to witness how our decisions are made and to share in the knowledge of why they were made. In doing so, we can move to lessen the degree of public suspicion that now pervades the land.

By the bracketing of our committees into program areas, we have not only reduced the conflicts of committee schedules, but have guaranteed public input at all hours of the day and evenings.

But a note of caution is also in order. Until we build a product, we do not have a renaissance. The method of our product is to translate vital human concerns into the dry, legal language of a bill of law, and we have many such bills on the agenda this year.

These rules will give us a process to consider and pass such bills openly. But only with the public's help can we achieve the products that are so urgently needed. So let us not feel that our job is done by achieving an open process for the final products are the ultimate test of our success or failure and we are just beginning.

Yesterday, with one vote in one day, we adopted the process to make it all possible. It is fitting that such a decision should be made with so many new faces, for even in our rules we have a fresh beginning - and I want to thank every member for voting aye.

Thank you."

Representative Sutton stated:

"Mr. Speaker, I had the privilege of being appointed Chairman for the Minority on Rules. I am a professional parliamentarian. I had been a former Federal Judge and it was my very distinct privilege to work with Representative Cobb and his Committee. We have followed very closely the general concepts that were recommended by John Scott and his Ad Hoc Committee. I think we have the finest rules than any state in the Union. I think that we have one of the greatest reforms in the history of Hawaii considering that the other rules gave you, Mr. Speaker, much, much more power

than you should have had, and I think you yourself, as Speaker, has been one of those who was willing to take these restraints of your power and I commend you, Sir, for your great sense of fairness and equity in so doing.

I would like to consider also that we move on there are two caveat. I was a Latin scholar -- excuse the use of the word 'caveat', but it means two things that I have reservations of and these two caveat are that when you appoint special committees and also when you appoint interim committees, and it is my opinion, Mr. Speaker, that we are going to have interim committees, because this legislature, I think, is going to assert itself and, therefore, interim committees will be highly important to us in the Minority. We come to you and ask that when you do appoint these special committees and these interim committees, that you follow the general concept that we have on conference committees, and that is to recognize our proportional representation and that ratio that we bear to the total numbers and try to see if you could not possibly allow us to have such representation.

Except for that caveat, I can give you nothing but applause, but I would like to give one recount of a very important person from the State of Idaho who was here yesterday and he has headed a Rules Committee. He asked that he have a copy, and my secretary has given a photostat of these Rules so the sovereign State of Idaho, which came into the Union many years before Hawaii, is now following what we, the baby state of the Union, have set a precedent.

Thank you, Mr. Speaker."

The Speaker then stated:

"The Chair appreciates the remarks made this morning - they were very timely. I think the members of this House, 51 members, deserve the applause that Representative Sutton spoke of and I am fully aware of your request, Representative Sutton. We in the Majority will always consider your request."

At this time, Representative Carroll introduced former House member, Senator Dennis O'Connor.

At 12:15 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:17 o'clock p.m.

Representative Kunimura rose and made a personal request, as follows:

"May I request that the Speaker make an announcement that in the total atmosphere of reform, that several of us smokers did not place the whims of the Speaker's desire to allow us to smoke right after roll call and that we be permitted to smoke every morning."

The Chair so ordered.

ADJOURNMENT

At 12:22 o'clock p.m., on motion by Representative Kimura, seconded by Representative Soares and carried, the House of Representatives adjourned to 11:30 o'clock a.m. on Friday, January 17, 1975.

The Divine Blessing was invoked by The Reverend John Wetzel of Saint John Lutheran Church, after which the Roll was called showing all members present with the exception of Representatives Blair, Kimura and Kunimura, who were excused.

The Clerk proceeded to read the Journal of the House of Representatives of the Second Day.

On motion by Representative Ushijima, seconded by Representative Soares and carried, reading of the Journal was dispensed with and the Journal of the Second Day was approved.

ORDER OF THE DAY

UNFINISHED BUSINESS

Amendment to Rules of the House of Representatives.

On motion by Representative Roehrig, seconded by Representative Soares and carried, the following amendment proposed to Rules 26.1 and 26.2 was adopted by not less than two-thirds vote of all the members to which the House is entitled:

At 11:35 o'clock a.m., the Chair declared a recess, subject to the call of the Chair.

Upon reconvening at 11:37 o'clock a.m., the Chair directed the Clerk to note the presence of Representatives Blair and Kimura.

At this time, Representative Soares inquired whether or not the Chairman of the Judiciary Committee would yield to a question, to which Representative Roehrig replied in the affirmative.

Representative Soares then questioned:

"We do not have a Republican on Judiciary from the Big Island. Would it be possible for a Republican to participate on the outer island trips?"

Representative Roehrig replied that he had no objections.

The Chair then stated that the matter will be taken under advisement.

The Chair at this time announced that bills will be received by the Chief Clerk's Office up to 4:00 o'clock p.m. on Monday, January 20, 1975.

ADJOURNMENT

At 11:43 o'clock a.m., on motion by Representative Kimura, seconded by Representative Soares and carried, the House of Representatives adjourned to 11:00 o'clock a.m. on Monday, January 20, 1975.

FOURTH DAY

Monday, January 20, 1975

The House of Representatives of the Eighth Legislature of the State of Hawaii, Regular Session of 1975, convened at 11:00 o'clock a.m., with the Speaker presiding.

The Divine Blessing was invoked by the Reverend Everett W. Curry, Jr. of the Community Baptist Church and Christian School of Pearl Harbor, after which the Roll was called showing all members present.

At 11:07 o'clock a.m., the Chair declared a recess, subject to the call of the Chair.

Upon reconvening at 11:14 o'clock a.m., the House of Representatives met in joint session with the Senate, pursuant to House Concurrent Resolution No. 1, to receive the Governor's message.

The Chair then appointed Senators Kawasaki, Ching, Taira, Anderson and Yee and Representatives Garcia, Ushijima, Kimura, Poepoe and Soares to escort the Honorable George R. Ariyoshi, Governor of the State of Hawaii, to the rostrum.

Representative Kathleen Stanley presented Governor Ariyoshi with a lei on behalf of the Senate and the House of Representatives.

At this time, the Speaker introduced to the members of the Eighth Legislature the Honorable George R. Ariyoshi:

"Members of the Senate and also of the House, ladies and gentlemen, it is my distinct honor and privilege to present to you our Governor, the Honorable George R. Ariyoshi."

The following is the address of Governor George R. Ariyoshi (Gov. Msg. No. 1):

"Mr. Speaker, Mr. President, Mr. Chief Justice, Honorable Members of the Eighth State Legislature, distinguished guests, ladies and gentlemen:

A year ago, it was my solemn duty to address this forum in an acting capacity and under circumstances I did not seek. Today, I approach this forum in a different

frame of mind.

For me, this is a high privilege and distinct honor. I welcome this opportunity to share with you some thoughts on matters of mutual concern and to present you with some insight as to the posture of this new Administration.

I would be less than candid in not confessing to a measure of trepidation as we begin to establish a new relationship between our respective branches of government. I am well aware that my distinguished predecessor has set only the highest standards for his successors to follow.

Yet, I can only be inspired by his example. Words are inadequate to express to him once again our deepest gratitude for the many years of noble service he has given to the people of this State.

Perhaps the greatest achievement of Governor Burns' years of leadership lies in the full democratization of our Island society. Certainly, this is reflected in your own respective successes as duly elected members of the House and of the Senate.

At the outset, let me extend my personal congratulations to each of you--members who have served in the past as well as those of you who are in your first term of office. My congratulations and best wishes also to your new Speaker, Representative Wakatsuki, and to your new President, Senator Ushijima. I am confident that your leadership--both of the majority and the minority--will continue to stimulate only the highest standard of performance in exercising your legislative responsibilities.

The remarks of Speaker Wakatsuki and of President Ushijima when you convened here last week were indeed timely and appropriate. Having served in your chambers for 16 years before assuming executive duties, I am especially appreciative of the Legislature's responsibility in setting the basic policies of this State.

Indeed, I would be the first to support appropriate measures to redress any imbalances of authority that may exist between our respective branches of government. I

share with you a very firm belief in the constitutionally prescribed roles of the law-making and the executive components of our State.

As we begin our work together, I want to assure you that this Administration is willing and determined to cooperate with you in a spirit of close harmony and understanding.

Our collective task today is to develop a program of action that will enable the people of our State to look to the future with hope and with confidence.

We sought this responsibility through a tested democratic process. We now accept our obligations in the full realization that critical times may be ahead and that the job before us will demand the best efforts of each of us.

Whatever our individual views of the future and of the initiatives required by the times, I am confident that we are all bound together by a genuine unity of purpose. Such differences as may exist among us are, by and large, differences only in method, or pace or direction, but not in our basic purposes. For we are, all of us, of single mind in our determination to move our State forward and to continue the orderly progress of our society.

Let us remember, too, that while we respect the inevitability of change, we must never fail to bear in mind and to appreciate the good work of all who have gone before us and who have brought us to our present state of development.

Over the past three decades and particularly during the years of the previous Administration, many important and far-reaching changes have been made in our society, in our economy and in all those institutions that impinge upon our lives.

We know that these changes have generally given our children and ourselves better health, greater educational opportunities, wider mobility, improved social communications and intercourse, and a broader range of opportunities and employment and choices of lifestyle to

suit our individual needs.

In general, we have welcomed these changes. I do not believe there are many among us who, upon careful reflection, would honestly want to return completely to the old days.

On the other hand, rapid growth and changes have created other problems of accommodation and adjustment. We are justifiably concerned that irreparable damage not be done to our environment; that the manifestations of social maladjustments be properly attended; that we provide adequate relief to those among us who remain ill-fed, ill-housed and ill-equipped to cope with a more complex society.

To be sure, the problems we face are not all of our own making, nor all within our immediate capabilities to resolve. We, too, are subject to national and worldwide pressures that will affect the course of our future, and we are prepared to make our share of necessary sacrifices.

At the same time, we have the responsibility of taking the initiative in moving forward to our own chosen destiny.

Among our first and most urgent task is that of building up and strengthening our employment inventory. We should seek this through orderly and well-planned expansion of our present industries and the development of new ones consistent with our State goals and compatible with our desired style of Island living.

From experience, we know the undesirable consequences of an overheated economy. Thus, we seek balanced and selected growth. By this means, we hope to achieve a lower rate of population increase than we have experienced in the past. At the same time, the policies we adopt should encourage even distribution of our people among our several islands.

To provide for more efficient private and public facilities and services, as well as to conserve energy and our precious limited agricultural land and open space, we should, wherever possible, accommodate any growth in our population in compact urban centers.

In seeking greater diversification of our economic base, I suggest that agriculture deserves special attention

in terms of State policy and programs. We know there are new and rising pressures on the world's essential but limited resources--principally in energy and food. These pressures have been manifested in worldwide shortages. One of our basic and traditional industries has been the beneficiary of such a worldwide shortage, but we cannot expect such conditions to prevail without future adverse effects for all of us.

In the face of what is happening, it is vital that we become as self-sufficient as we possibly can.

We should remember, too, that accelerated agricultural development will require more than just more farmers producing more crops, livestock or export products. It will need all of the supporting services necessary for efficient and prudent use of our limited land. It means water development and transportation systems, research and development programs, manufacturing and processing technology, product promotion, communication capabilities and management and marketing institutions.

With your continued support, this Administration is committed to encouragement and development of those enterprises and activities that will restore a greater measure of self-sufficiency throughout our State.

In our efforts to provide new jobs for our people, we cannot overlook the visitor industry, which today is our major source of export revenues. It is important that we strengthen the underpinnings of this industry and, at the same time, moderate its growth to a level consistent with our overall objectives for Hawaii's development. Accordingly, this Administration will seek a closer working relationship with all components of our visitor industry, with labor organizations and with local government to insure the maintenance of quality facilities and services for the satisfaction and enjoyment of our visiting guests.

We are committed, too, to the further development of those programs designed to make better use of our marine resources. Only in recent years have we begun to

fully recognize the abundant resources in the marine environment that surrounds us. In most cases, the valuable assets in that ocean remain untapped. Recent events, however, clearly demonstrate the potential that lies in marine research and development--not only to Hawaii, but to the nation and to the world.

The offshore fisheries, the mineral deposits, precious coral, mariculture, energy and transportation systems available through the judicious use of our sea are but a few of the benefits to be reaped through continued and more intensive studies of the ocean's potential.

As we proceed to provide those conditions conducive to selective growth, we must be ever mindful of the need for prudence. We do want growth and expansion. But we want it properly paced; we want it properly placed; and we want it properly planned.

We share your concerns for the protection, the preservation and enhancement of our physical environment. We, too, are committed to the prevention of environmental degradation, the preservation of historic sites, our choice agricultural lands, and coastal and conservation areas. We share your interest in studies being developed to determine the carrying capacity of our environment. This is important because this will permit the wise management and conservation of our resources and guide us in our future developments.

You have already indicated that our Land Use Law may be subject to review. I would suggest that any amendments to this law be carefully considered in terms of the jurisdictional responsibilities.

I believe one can take issue with any specific decision of the Land Use Commission in the recent five-year boundary review. However, in balance, I believe that the commissioners should be commended for the judicious restraint exercised by them in their recent actions.

Nevertheless, review of the Land Use Law is timely and necessary. We have under consideration a proposal to redefine the role of the commission and the means for the establishment of State goals and policies which must be used as criteria for their decisions.

Our special environment is equally

important for yet another reason: we enjoy abundant and year-round recreational opportunities because of the special characteristics of our Islands. And while I hesitate in raising this subject, I cannot ignore it because it is a matter of legitimate interest on your part. I speak, of course, of the new stadium at Halawa and the status of this project. Without prejudicing pending litigation by other parties involved in the development of the stadium, I can report to you that the Comptroller is doing everything in his power to have this job completed as soon as possible. He has met with the contractor and the architect, and he will continue to monitor the project closely so that the State's interests are protected.

In the meantime, pursuant to an earlier legislative mandate, the State has begun negotiations to acquire the old Honolulu Stadium site. I have instructed the appropriate agency to determine the cost of continuing the operations there for the use of those organizations requiring a place to play, pending the completion of the Halawa stadium. Barring major costs, we will do what we can to accommodate traditional users of the stadium.

Let me turn, for a moment, to a subject that has been the source of our most attentive concerns for many years. We can all be proud that public education, in the past, has received the vigorous support of the Governor, the Legislature, the Board of Education and especially the people of this State. With the broad base of support it has enjoyed, education in Hawaii has been both innovative and creative. Hawaii has kept pace with, and in some instances led, the rest of the nation in the development of our educational programs.

While we acknowledge past accomplishments, we must continue to refine elements within the system to better meet the needs of our young people. To be sure, the financial austerity imposed in recent years has prevented us from doing everything we would have wanted to do. Most restrictions have been lifted, however, and we are prepared to initiate new priorities,

particularly in the expansion of curriculum in 'non-core' programs such as art and music education and in vocational skills. Renewed efforts are also proposed to improve our special education and foundation programs.

Additional problems in education have merited our recent attention. Campus unrest and disturbances, although not new, have become the focus of some public attention in our public school system. It is regrettable that special action has become necessary to improve student security. Rather than risk injury to innocent children, we have provided the support necessary to bring the problem under control.

In the past, we have also been troubled by enrollment fluctuation in our lower education programs--both as to totals and as to geographic dispersion. You are well aware of the impact on our classrooms: we have empty schoolrooms in some areas and overcrowding in others. We have asked appropriate administrators to identify alternatives to present practices so that such imbalances of facilities can be prevented in the future.

The University of Hawaii was particularly handicapped in its programs during the period of fiscal constraints. The effects of reduced allotments at the University have been abundantly publicized and need no repeating at this time.

I am pleased to report, however, that with your support of our budget proposals, the University will be back 'on tract' during the forthcoming biennium.

There is one phase of the University's development plans that merits review by all of us--by the Legislature, the Board of Regents and by the Executive. I refer to the earlier commitment for another four-year campus on Oahu. I fully appreciate the concerns of you legislators whose constituencies are directly affected by the fate of this proposal. Therefore, based on past legislative policies, funds have been included in the executive budget for further implementation of the West Oahu College. Nevertheless, it is my hope that you will carefully review this project. Enrollment projections, the Land Use Commission's recent actions in its boundary review, and recent and developing educational concepts are important considerations that

prompt me to suggest this at this time.

The standards in our public health care services are also deserving of closer attention by all of us. Nationally, medical care costs are rising at rates exceeding the general inflationary trend. The same is true in Hawaii. New methods that will enable us to mitigate the rising costs of health care are being considered. We intend to promote the concepts of comprehensive and preventive care in group settings as a means of keeping costs down.

This Administration's proposals also include provision for improving conditions and programs at the Waimano Training School and Hospital, at the State Hospital and the other long-term and acute care facilities throughout the State of Hawaii.

Housing remains a difficult problem for many. Under the provisions of Act 105, the State has managed to construct more than 2,600 units, while another 2,600 units are presently under construction. An additional 4,500 units have been committed in the next few years.

I have also taken the necessary steps to clarify the authority of the State to issue general obligation bonds for the purpose of converting leasehold properties into fee ownership. I am also aware that the law providing for such acquisition is being given new consideration by your committees. I welcome this and I look forward to working closely with you in our endeavors to make the law more effective.

While we can cite statistics to show that the State's housing program is achieving some degree of success, I am not fully convinced that the most needy families are being accommodated by this program. Accordingly, the Hawaii Housing Authority has been advised that a greater degree of selectivity is necessary in identifying the 'target group' to be assisted. Also, our efforts in the Department of Hawaiian Home Lands will be further intensified.

Furthermore, I believe greater attention should be given to

other means for providing housing and related amenities where the need is the greatest. For some years now, the State has encouraged a comprehensive development of Kakaako, within the area beginning at the waterfront down to the Ala Moana Center. The three major landowners, sometime in the past, have indicated a willingness to work together so that the most meaningful use can be made of this valuable property.

I suggest that this may be an opportune time to consider special legislation for what might be considered as a 'Kakaako Redevelopment Authority' under whose umbrella this district could be rebuilt in a manner compatible with the rest of the city. There is great potential here to redesign the face of Honolulu and, at the same time, provide more housing near our job centers.

It is in the nature of our Hawaiian society that we look with special fondness upon our citizens who are in their twilight years. This is only proper, inasmuch as the things that we enjoy today are largely a result of their earlier endeavors.

Much has been done recently to assure the elderly in our community of days filled with joy and purpose: we have established senior citizen programs, housing and activity centers. But just as surely, more remains to be done.

We have recently had presented to us a Master Plan for the Elderly, a study commissioned by your predecessor body. The recommendations contained in this report deserve our serious consideration. Additionally, Hawaii will host the 1976 Bicentennial Governor's International Conference on Aging. A basic purpose of this meeting is to seek ways to promote the re-entry of the elderly in our society into the mainstream of community life.

I turn now to one of the most pressing problems that reflect the character of a society--our corrections program.

Our serious attention has been and will be focused on long-standing problems in the criminal justice system. They are difficult, but nor insurmountable ones.

Foremost, there must be creative improvement and innovative planning and development of additional community-located rehabilitation programs.

We need alternatives to incarceration when incarceration is not necessary to insure an offender's successful adjustment to the community. On the other hand, we also need secure and humane alternatives for the offenders who cannot or will not respond to such rehabilitation efforts in the interest and protection of public safety.

We are taking another important step toward in-facility improvement as we plan the first three phases of construction, following guidelines of the Corrections Master Plan.

To pave the way for the Juvenile Justice Master Plan, we shall ask for changes in the juvenile laws to concentrate on preventive programs.

Community alternatives to incarceration will also be sought for the juvenile offender, and while we must all be involved in solutions, we must more actively be concerned with their prevention.

We must care as much about our young people before they get in trouble as after.

For the short term, we have organized a task force under the supervision of Lieutenant Governor Doi to study the immediate situation at the Hawaii State Prison and to propose such administrative changes as will permit that institution to operate effectively in the interim.

A fundamental aspect of our economy is the complex question of energy. While this problem has national and international dimensions over which we have little control, our almost total dependency on petroleum products demands that we take our own initiatives for our own future security.

A report will soon be presented to you by the State Committee on Alternate Energy Sources for Hawaii. This study will describe those resources and techniques that are best suited for continued research and development in Hawaii. It recommends support for a proposed Hawaii Natural Energy Institute at the University of Hawaii and a Natural Energy Institute on the Kona coast of the Big Island.

If we mean to become more self-sufficient in all respects, this report merits your serious consideration. Whether the search for new energy sources is successful or not, we should never be faulted for failing to try to develop viable alternatives to safeguard our State's future.

By now you are familiar with the broad outlines of the budget proposals submitted for the next biennium. In the weeks ahead, members of the cabinet will present you with detailed information on the implementation of these proposals. There is also the possibility that a supplemental appropriation will be requested.

Additionally, during the year ahead, we will prepare proposals based on the recommendations contained in the report compiled by the Commission on Operations, Revenues and Expenditures. This report is worthy of the most serious consideration by all of us, and I want to take this opportunity to publicly commend the members of the commission and staff for so ably discharging their assigned responsibilities.

While we propose no broad-scale revenue measures at this time, there is one element in our financial structure that requires immediate attention. As you know, our special fund for the construction and maintenance of highways will run a deficit this year. Several alternatives are being considered to bring the fund back into balance. We are presently contemplating a proposal for a 3.5-cent increase in the fuel tax so that the Highway Special Fund may remain solvent. This proposal may, however, need revision depending on the ramifications of the National Administration's recently enunciated policies on petroleum. While we are examining this, State and County functional responsibilities and the funding system in the transportation areas are also under review and consideration.

There is much more that I would like to present to you in this forum but I will not belabor you further at this time. I know that we will have ample opportunity to get into more detailed discussions as the session progresses and as we develop a closer working relationship.

The cabinet members of this Administration have been instructed to deal directly, candidly, frankly and cooperatively with you of the Legislature, your committees and with the public at large. They have promised to do so; and I intend to do likewise.

I have charged my cabinet officers with the responsibility for developing and managing their programs, and I have given them the authority to do so. On January 1st of this year, many fiscal and personnel controls previously exercised by myself and the Department of Budget and Finance were delegated to the department directors. Appropriate procedures for monitoring and reporting on program performance are now being established so that my office will be able to maintain administrative coordination and provide leadership and direction. Our department directors can now be held directly accountable for their performance, and as the State's chief executive, I will so hold them. I will also hold them accountable for providing efficient and courteous services to the public at all times.

I have asked my cabinet officers to face squarely the problems of our times, to identify all possible solutions to these problems, to select those solutions which promise the greatest success, and to move boldly in their implementation. I expect no less from them.

There is a need for greater access by the community-at-large to our decision-making processes. I believe that our decisions must adequately reflect our people's needs and concerns. Therefore, we must devise new methods of obtaining this indispensable input.

For example, to foster needed substantive communication, I am very seriously considering convening a statewide conference on public education. Such a conference will allow the affected parties--students, parents, teachers, administrators, and unions to articulate and discuss problems from their particular viewpoints. More funds and more positions are not necessarily the solutions to the multi-faceted problems confronting our school system--perhaps a forum is needed to obtain a clearer perspective of the educational programs.

I have chosen my immediate associates in this Administration with great care. Together we can provide the leadership and

direction for our great State of Hawaii and our people, to lay the foundation for the creation of a future which will be preferred by our children and our children's children. But we cannot do it alone. We need your help, your wisdom, your cooperation in the task that lies ahead. We need the advice, the assistance and the understanding of all those who call Hawaii their home, for it is for them that we all strive. Without them, there is no purpose. We are embarked upon a mutual undertaking. We have a mutual obligation. Let us work together in a spirit of mutual trust and confidence.

Aloha and Mahalo."

Senate President Ushijima then rose and stated:

We appreciate your message this morning. The problems have been focused. We sense an offer of cooperation and we assure you that insofar as the Legislative Branch is concerned, we also offer you our cooperation to move Hawaii forward."

President Ushijima then introduced the First Lady of Hawaii, Mrs. George R. Ariyoshi, and Representative Kiyabu presented her with a lei on behalf of the Senate and the House of Representatives.

At 11:50 o'clock a.m., the Chair declared a recess, subject to the call of the Chair.

The joint session of the House of Representatives and Senate reconvened at 11:56 o'clock a.m.

The Chair then stated:

"This morning, we are indeed privileged and honored to have a distinguished visitor amongst us. At this time, I would like to recognize Representative Akira Sakima."

Representative Sakima then stated:

"Mr. Speaker, Mr. President, members of the House and Senate, it is my privilege to introduce a real honored guest from the Prefectural Government of Okinawa, the Governor of Okinawa, Governor Chobyō Yara. His background was a school teacher and he also

became President of the Okinawa Teachers' Association. When the U.S. Army Civil Administration approved to have an election to select their governor--at that time, they were called the Chief Executive--he was elected. And upon reversion to Japan, he was re-elected as the first Governor of Okinawa. So, at this time, I would like to present to you Governor Chobyō Yara from Okinawa and Mrs. Yara."

Representative Naito presented a lei to the Governor and Representative Machida presented a lei to Mrs. Yara.

The following members of the Governor's party were also introduced by Representative Sakima:

"Accompanying the Governor, we have the Secretary, Mr. Joei Gima; and the Public Relations Director, Mr. Shinji Nakamura; and this year Okinawa will be having an Oceanographic Exposition and the Chairman is Mr. Kazuo Itosu."

Leis were presented to them by Representatives Ikeda, Kamalii and Santos.

The Chair then stated:

INTRODUCTION OF RESOLUTIONS

A resolution (H.R. No. 7) honoring the memory of Mitchell Pauole and extending condolences and deepest sympathy to his family was offered by Representatives Kondo, Abercrombie, Akizaki, Amaral, Blair, Cayetano, Cobb, Garcia, Ho, Inaba, Kihano, Kimura, Kiyabu, Kunimura, Lee, Lunasco, Machida, Mizuguchi, Morioka, Naito, Peters, Roehrig, Sakima, Santos, Segawa, Shito, Stanley, Sutton, Suwa, Takamine, Takamura, Uechi, Ushijima, Yamada, Yap, Yuen and Wakatsuki and was read by the Clerk.

On motion by Representative Kondo, seconded by Representative Machida and carried, H.R. No. 7 was adopted.

Representative Kunimura then

rose on a point of personal privilege and stated:

"I am utterly confused this morning. May I request that our good colleague, Neil Abercrombie, to wear something more solid in color because I cannot tell the difference between the bouquet and his blanket."

Representative Peters then stated:

"I have a similar concern."

Representative Abercrombie replied:

"Mr. Speaker, may I commend the two previous speakers for their satorial splendor."

Representative Abercrombie then stated:

"Mr. Speaker, I am not sure whether this comes under announcements. I'm afraid my protocol situation is not quite down in my case. If this is inappropriate in terms of announcements, I apologize and will try to learn to do it in its proper place.

I had occasion this morning to fulfill a long-standing commitment to a high school student concerning a program in his school, Moanalua High School. So I went to fulfill that, and I was reminded by being at Moanalua High School and as I came back towards the Capitol--what's happened to our city since I first had the privilege of coming to Hawaii in 1959. I merely want to state that when you look at the filth that the smog covers this city with, when you look at the sin that we're committing against ourselves, I just made up my mind when I came in, that given the fact that this was the opening with the Governor, and so on, I know that Mr. Blair and Mr. Cayetano, Mr. Segawa, among others, are going to be dealing with these kinds of things. I hope that I can fulfill the responsibility that I have. It's just something that struck me so deeply, that this beautiful city that we have is now enshrouded in filth and our responsibility in these air conditioned chambers, it seems to me, is to make this state and especially this city return to the pristine splendor that it had when I first had the privilege of arriving here.

Thank you."

The Speaker responded by saying:

"Point is well taken, Mr. Abercrombie.

But you'll have an opportunity when the proper measures hit the floor for such statements."

At this time, the Chair announced that dress wear shall be optional. However, no T-shirts, and shoes to be worn at all times.

Representative Soares, on a point of order, stated:

"Mr. Speaker, I feel a little disappointed that we should make our dress wear optional. I do have a very fond feeling that this floor, this chamber of this house, is a very honorable one and not that I begrudge any member for not enjoying a coat and tie attire.

I've always felt very honored to represent the State on this floor and I do hope that we do not discontinue some of the fine suits and fine threads, so to speak, from being worn on this illustrious floor. I had the pleasure of replacing Representative Joseph Gafcia who always felt that the honorable

floor of the house was in the highest respect when it came to dress. He wouldn't even allow me to wear an aloha shirt on Fridays, but I do hope that we maintain the honorable attire that I think we should really all be proud of."

The Chair responded:

"The Chair makes this observation. Dress wear does not lessen any the sanctity of this chamber nor the honorableness of any individual."

Representative Kunimura then rose on a point of personal privilege and stated:

"Utterance of the Minority Floor Leader makes me think--does clothing make a man or does the man make the clothing? I say, man makes the clothing. Regardless of what he wears, his soul is most important. I have seen a lot of crooks with sharp suit and I don't want this body to wear nice suit and being indifferent to the public. I would rather see a humble man come here as he is and do a good job as a legislator."

The Chair responded that the point was well made.

Representative Soares, in response to Representative Kunimura, stated:

"I would fully agree with my colleague that the clothes don't wear the man. I repeat, however, that the decorum has always been very honorable and that was my comment."

Representative Abercrombie then stated:

"Mr. Speaker, a number of years ago. . .

The Chair interrupted:

"You rise on a point of personal privilege?"

Representative Abercrombie replied:

"Yes, I do, indeed."

The Chair then asked Representative Abercrombie to state his point.

Representative Abercrombie continued:

"My point concerns the remarks of

the Minority Leader about honor and about decorum.

I never thought myself, you know, that fashion denoted courtesy. I think manner and attitude is what counts and I just would like to state in relation to that that as a measure of dignity and that is innate in any one and, many years ago, when I was not popular, a gentleman for whom I have great regard, Bertrand Russell, participated in a march that came from Aldermaston in England against the poisoning of the air and it was easy to call people communists; it was easy to talk about honor, and it was easy to talk about all kinds of things that didn't have anything to do with the real essential issue which, at that time, was whether we were going to poison our children; poison ourselves. This man had won two Nobel Prizes, not one, two Nobel Prizes, and he marched with these people and he was in his 80's, by that time a world reknown philosopher, and when he got to Trafalgar Square in London, they sat down in that Square and this was an act of visible symbol--a demonstration, and I think symbols are important. The Minority speaker is correct. Symbols are very, very important, but when symbols get outworn, when symbols become tired cliches, then perhaps it is time to reinvigorate those symbols.

When Russell got there and sat down, he was admonished by someone: 'How can you, a Nobel.

Prize winner, twice over, sit down in this Square, in this filthy Square, cars going by, people tramping by, and do that. Where's your sense of dignity?' And Russell replied: 'I was never aware that my dignity was located in the seat of my pants.' And I think that that sardonic comment bares some meaning today.

The Representative from Kauai stated something about clothes. I remember a friend of mine from UH. Very smart man. I'll tell you how smart he is. He is a gardener up there and he always works in the shade. You start to work at 8:00 o'clock in the morning and finish at 5:00 o'clock and never come out of the shade, you got brains. That man said: 'Hey, Neil, you going wear suit?' I said, 'No.' He said, 'Good--you know why?' I said, 'Why?' He said, 'Suits got pockets eh? You walk across the floor, maybe the pockets fill up, brah. No wear suit.'

I'm not going to wear a suit.
I'm going to start a new symbol."

STANDING COMMITTEE REPORTS

Representative Akizaki, for the Committee on Legislative Management, presented a report (Stand. Com. Rep. No. 6) informing the House that House Bill Nos. 299 to 324, House Resolution Nos. 236 to 245 and House Concurrent Resolution No. 25, have been printed and distributed.

On motion by Representative Akizaki, seconded by Representative Kiyabu and carried, the report of the Committee was adopted.

Representative Suwa, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 7) recommending that H.B. No. 3 pass Second Reading and be placed on the calendar for Third Reading with certain amendments.

Representative Suwa moved that the report of the Committee be adopted and H.B. No. 3, as amended, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Akizaki.

Representative Suwa then stated:

"At this time, I would like to point out some . . . as we discussed in both caucus, there is a typo error and it is not intended to be a substantive change on page 2 of this bill as the Constitution required the third Wednesday opening. In 1976, it will be the 21st day and will be the third Wednesday. Therefore, it is a typo error and if there is no objections from the minority, I would like to put that in the record."

The Chair so ordered.

Representative Sutton, on a point of order, stated:

"Mr. Speaker, under Rule 48.2, 'When the House is ready to vote on any question, the Speaker shall rise, state the question, and ask all those who wish to vote yes on the question say 'aye' in a clear, loud voice. The Speaker shall then ask all those who wish to vote no on the question to say 'no' likewise.' I want to be sure that my 'no' is recorded when this resolution comes up."

The Chair replied:

"This is not a resolution, Representative Sutton."

Representative Sutton corrected himself:

"Standing Committee Report No. 7, sir."

The Chair then stated:

"You note your proper vote, Mr. Sutton, after the Chair rules."

The motion to adopt the report of the Committee and to pass H.B. No. 3, as amended, on Second Reading was put by the Chair:

"All those in favor, say 'aye'. . . all those oppose, say 'no'."

Representative Sutton voiced a strong 'no' vote.

The Chair directed the Clerk to note Representative Sutton's no vote.

The Chair then directed the Clerk to note that printed copies of H.B. No. 3, H.D. 1, were made available to the members of the House at 11:30 o'clock a.m.

THIRD READING

The following bill, which was on the calendar for Third Reading, was read throughout and the following action taken:

H.B. No. 3, H.D. 1

Representative Suwa moved that H.B. No. 3, H.D. 1, having been read throughout, pass Third Reading, seconded by Representative Akizaki.

Representative Suwa then rose to speak in favor of the Bill:

"Mr. Speaker, I rise to speak in favor of House Bill 3, House Draft 1 and respectfully urge that this honorable body pass it on Third Reading.

The Bill appropriates \$4,967,247 for the legislature and the legislative support agencies. Mr. Speaker, this represent the share of the House of Representatives from previous appropriation of \$1,409,540 to \$1,709,540 represent a \$300,000 increase. The recommended appropriation will help to provide the services and the resources to make for a more open legislature, for we will now be able to modernize, through the application of advance

technology and the competent and qualified staff, various functions and processes of the legislature, not only to make the legislature more efficient, but to make the legislative process and the legislative information more accessible to the public.

We can begin to provide for the adoption of a system to monitor and ensure that the legislative policy and intent are implemented. We can undertake improvements in the operational and administrative function of the legislature.

This Bill will provide for a well-functioning legislature and therefore, I urge that this honorable body to pass House Bill on Third Reading."

Representative Sutton then rose to speak against the Bill:

"I wish to make it very clear that I speak only for myself and not for any of my brethren on either side of the aisle."

The Chair then stated:

"That is well known we presume that."

Representative Sutton then went on to say:

"I rise to speak against Standing Committee Report and against the Bill entitled: 'Making Appropriations to Provide for the Expenses of the Legislature, the Legislative Auditor, the Legislative Reference Bureau, and the Ombudsman'.

Mr. Speaker, the Legislature controls the purse strings of this State; and therefore, it should set the example of controlling expenses. Instead, this Bill would increase the cost of the Legislature to the largest expense for the fiscal year 1975-76 that Hawaii has ever had. It not only increases these legislative expenses, it considerably increases the expense of the Legislature at a time when the rest of the nation is in the worst recession since 1933.

We, the Legislature, should set the example of fiscal restraint and not open the sluice doors to unrestrained spending in our own chambers.

We are the representatives of the people and our House members, coming up for election every two years, should be the most responsive to the people.

We know the people look to us to

spend their tax dollars wisely. Therefore, in the first instance, we should be tightening our own belt, not doing the opposite as this Bill does.

We are talking about a figure for this House of Representatives of \$1,709,504.00 for one year. This represents a large increase.

I am unable to see how this is justified. The Legislative Management Committee has used a justification of resources for research and collection of data for meaningful decision-making.

It is submitted that the meaningful decision-making is made by each individual legislator. It is his prerogative to get any fact of government from the Executive Branch. This has been the explicit order of the Governor to all his department heads meeting jointly with us.

I consider the present legislative staffs as more than adequate. I do not feel that we can accomplish our mission in a budget session such as this, by showing a disregard of the trust placed in us by the electorate. I ask that you vote nay on this Bill and send it back to committee for a more reasonable expenditure of public funds for our own legislative function.

Thank you, Mr. Speaker."

Representative Kimura rose to speak in favor of the Bill:

"I rise to speak in favor of the Bill.

Mr. Speaker, we serve at a time when the public rightfully demands that their elected officials perform their duties in an efficient, organized and responsible manner. We must not sacrifice our obligations to the public. We must not abuse their trust and confidence by reducing our budgetary requirements below our actual needs. To do so would be to succumb to political expediency and to turn our backs on our responsibilities.

The recommended appropriations are higher than previous years, to be sure, but the increase is justified and needed. The public we are to serve has expressed its desire that we hire competent and qualified staff so that we will

meet head-on the complex and pressing problems facing our State. We cannot find the personnel that is required unless we are willing to pay them at a salary level equivalent to the private sector.

The commitments that this House has made to maintain the high quality of our educational institutions, to preserve our precious agricultural lands, to provide adequate and decent housing for the people of our State at prices they can afford, and the many other problems that confront our State--all of these require that we hire the personnel and purchase the equipment that we need.

We recognize that many of the problems that face our State today cannot be solved through overnight studies or rushed measures that have not been thoroughly reviewed and evaluated. The interim period between session provides us with the time to comprehensively and thoughtfully study the issues; thereby improving the legislation that we will enact. However, we must be willing to commit ourselves as well as the required resources to this end.

The additional funds will permit us to work toward developing a year-round, full-time professional staff of fiscal and legal researchers and program specialists and analysts, as the committee report so provides. To strengthen staffing, we must employ the required technical and analytical personnel. By doing this, we will upgrade the capabilities of legislative committees, improve the research and collection of data, avoid the duplication of our efforts, and enact legislation responsive to the public's needs.

The agencies of the Legislature have lent valuable support and assistance to the various subject-matter committees, from assisting in the development and drafting of programs that enhance the quality of life in Hawaii, to the monitoring of the implementation of our programs by the State departments and agencies. Even a cursory evaluation of their past performance demonstrates that they have done a highly credible and reliable job. The additional funds allotted to these agencies can only strengthen and improve the service that they have provided.

To ensure that the decisions we make are meaningful and are based

on all relevant and pertinent facts at our disposal, it is imperative that we hire the necessary personnel. The appropriations contained in House Bill 3 can only improve and promote the objectives which we have set for this body. Therefore, Mr. Speaker, I urge that this honorable body pass House Bill 3 on Third Reading. "

Representative Amaral spoke in favor of the Bill:

"Mr. Speaker, I rise to speak in favor of House Bill 3, House Draft 1. I believe this Bill provides this body with a good budget; a budget which provides the funds necessary to put the Legislative Branch of Hawaii's government into the middle of the decision-making process; a budget which provides the members of this honorable body the support staff necessary to provide the voters of Hawaii with the programs and direction they mandated to us upon our election to the Eighth Legislature.

Mr. Speaker, for too long the Legislature has been relegated to the role of 'rubber stamp' for the Administration's proposals and policies. For too long the House and the Senate have relinquished their duties to aggressively participate in the determination of policy for the State of Hawaii to the Governor and his administration.

This has been due in the past to a lack of a highly qualified and professional support staff to aid the legislators in formulating policies and programs. We just did not have the funds available to attract many of the people really qualified to help us formulate programs we, as a Legislature, could call our own.

Those days, Mr. Speaker, are at an end and quoting my good friend from Waianae, 'This is a new ball game'.

With the passage of this measure before us, we are taking the first important step in restoring the Legislature's role as the policy-making, program formulating branch of government in Hawaii. Furthermore, this appropriations bill will provide the House and Senate with the necessary staffing to review the budget submissions of the Executive Branch, conduct fiscal and program research,

identify issues, trends, and problems for legislative analysis.

Mr. Speaker, I believe that we have before us a good budget and I encourage the members of this honorable body to vote aye on this Bill.

Thank you, Mr. Speaker. "

Representative Cobb rose to speak in favor of the Bill:

"Mr. Speaker, I rise to speak in favor of this Bill. Mr. Speaker, this bill, H.B. No. 3, H.D. 1, represents the first, although small, tentative faltering step towards a full-time Legislature. We hear a great deal from both chambers and from many members of both houses about the need and the desirability for legislative independence.

Mr. Speaker, talk is easy and talk is cheap, but to achieve that independence, to enforce it, costs money and it does become more expensive, so let's face the issue of expenses head-on. This budget has an increase of 14.4% overall. Last year the rate of inflation was 12.2%, yet this legislative budget, when we consider the Legislature only, is more than we annually appropriate to the Hawaii Visitors Bureau each year. Now consider, if you will, the priority of those figures. Are we going to spend more money appropriated to one agency to run one industry than we do to manage this entire State?

In addition, Mr. Speaker, one of the previous speakers remarked that he considered staffing is adequate precisely as a result of this Bill. In the past critics have accused the Legislature of passing bills without thorough legal review by attorneys and by committees. So we have added attorneys for each major committee and each major program area and this is an added cost that is absorbed and reflected in this Bill. In addition, we have added legislative information services, year-round research and staffing capabilities for both parties--all in addition to minimum wages plus overtime required under the Fair Labor Standards Act.

Finally, Mr. Speaker, all of the expenses are clearly shown, the accounts have been consolidated and there is a built-in audit required again for next year to show that our money was spent properly. This Bill is a

detailed open document that deserves the support of every member of this House and since we will have other bills coming out to provide for a full-time legislature, I say now is the time we should take that first step. Thank you."

Representative Abercrombie rose to speak in favor of the Bill:

"I rise to speak in favor of the Bill by saying that those who wish to vote against the Bill, in the interest of fiscal restraint, might return their salaries to the Treasury."

The motion was put by the Chair and carried, and H.B. No. 3, HD 1, having been read throughout, passed Third Reading by a vote of 48 ayes to 1 no, with Representative Sutton voting no, and Representatives Larsen and Yap being excused.

The Chair directed the Clerk to note that H.B. No. 3 passed Third Reading at 11:55 o'clock a.m.

At 11:55 o'clock a.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 11:58 o'clock a.m.

DEFERRED MATTER FROM EARLIER ON THE CALENDAR

Stand. Com. Rep. No. 9 (H.C.R. No. 20):

Representative Stanley moved that the report of the Committee be adopted and H.C.R. No. 20 be adopted, seconded by Representative Peters.

Representative Stanley then rose to speak in favor of the Resolution as follows:

"This Resolution requests the U.S. Congress to direct the Secretary of Agriculture to maintain food stamp prices at their present level. The reasons for your Committee urging the adoption of H.C.R. No. 20 include the adverse effect of increasing the purchase price of food stamps would have on one and two person households. Forty percent of our present participants in the Food Stamp Program are one and two person households. These people include the aged who are on fixed incomes and would suffer a great deal of loss of their purchasing power if these new regulations are adopted by the federal government.

Secondly, increasing the purchase price of food stamps up to 30 percent of the adjusted gross income from the previous average of about 23 percent will force many people to stop participating in the program thus affecting their nutrition and their health. For these reasons, your Committee urges the adoption of H.C.R. 20."

The motion was put by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 20 was adopted.

On motion by Representative Garcia, seconded by Representative Kimura and carried, H.C.R. No. 28 was adopted.

At 12:03 o'clock p.m., on request by Representative Kunimura, the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:04 o'clock p.m.

By unanimous consent, the following resolutions (H.R. Nos. 262 and 263) were referred to the Committee on Legislative Management and further action was deferred until tomorrow, January 30, 1975:

A resolution (H.R. No. 262) requesting that more efforts be devoted to construction and acquisition of adequate low-cost housing for public assistance recipients was jointly offered by Representatives Stanley, Shito, Abercrombie, Cayetano, Garcia, Kimura, Kunimura, Lee, Medeiros, Morioka, Naito, Peters, Poepoe, Roehrig, Sakima, Segawa, Sutton, Suwa, Takamine, Yamada and Yuen.

A resolution (H.R. No. 263) requesting the counties to develop programs to facilitate citizen participation in planning was jointly offered by Representatives Takamura, Blair, Cobb, Evans, Garcia, Ho,

Kamalii, Kihano, Kunimura, Lee, Lunasco, Naito, Peters, Poepoe, Roehrig, Santos, Segawa, Shito, Stanley, Yamada and Yuen.

At this time, Representative Kunimura rose on a point of personal privilege and stated:

"Yesterday, I believe, Mr. Speaker, this House chambers heard a very strong cry for economy, for setting the pace for this State, and setting good example of not wasting money and I am utterly confused, Mr. Speaker, when I find House Bill 412 on my desk here. This must have cost us quite a bit of money. A person sincere in trying to save money would have introduced the short form bill because all the information contained in House Bill 412 is already in a booklet form. If we can't do justice in these halls, then let us be consistent."

Representative Abercrombie, on a point of personal privilege, stated:

"Mr. Speaker, I was somewhat shocked this morning myself when I came in and, as you know from our short but intense relationship, it takes a great deal to shock me. I saw House Bill 412 in front of me this morning and I thought for a moment it was, perhaps, the contract that I signed with Representative Sutton when I rented his home some years ago and instead

I found before me something which indicated that it was a short title. I wish the bill was as short as the title. I didn't know there was that much probate work on Wake Island.

When Mr. Sutton said yesterday that . . . when he indicated, rather, yesterday that we would tighten our belts, I didn't realize it was supposed to be my weightlifting belt. I do think, however, that the bill was very important and I will give it my best consideration because I notice under probate here that it includes incapacitated persons and after lifting this bill, I may find myself in that category so I appreciate the opportunity to vote on it.

Thank you."

Representative Sutton then responded:

"Mr. Speaker, it is evident from the discussion this morning that some of my colleagues have not gone to Stanford Law School. They can come up to Room 420 and they will be so educated."

STANDING COMMITTEE REPORTS

Representative Akizaki, for the
Committee on Legislative Management,
presented a report (Stand. Com. Rep.
No. 11) informing the House that
House Bill Nos. 457 to 484, House
Resolution Nos. 262 and 263, and
House Concurrent Resolution No. 28,
and Standing Committee Report No.
12, Re: H.C.R. No. 5, have been
printed and distributed.

On motion by Representative
Akizaki, seconded by Representative
Kiyabu and carried, the report of
the Committee was adopted.

Representative Roehrig, for the
Committee on Judiciary, presented
a report (Stand. Com. Rep. No. 12)
recommending that H.C.R. No. 5 be
adopted.

Representative Roehrig moved
that the report of the Committee be
adopted and H.C.R. No. 5 be adopted,
seconded by Representative Uechi.

Representative Naito then rose
to speak in favor of the concurrent
resolution:

"Mr. Speaker, I rise to speak in
favor of the adoption of House
Concurrent Resolution 5 that calls
for this House to endorse and
recognize a significant, world-wide
milestone, International Women's
Year.

As you know, Mr. Speaker, 1975
has been designated International
Women's Year by the United Nations
General Assembly. This action has
already been lauded in this State
through proclamations from

Governor George Ariyoshi and Mayor Frank Fasi. Among the special objectives of International Women's Year are: the elimination of prejudices that result in discrimination against women; the opening of opportunities to women so that they are enabled to participate fully in all areas of endeavor; and, the recognition of women's contributions on behalf of world peace.

These objectives surely are lofty and noble and it should be noted that the realization of these objectives will redound not only to the benefit of women, but to men as well.

A visiting legal scholar who is an authority on sexbased discrimination spoke on this subject here recently. Professor Leo Kanowitz emphasized in his presentation that sex discrimination works as often to the disadvantage of men as it does to women. Thus, Mr. Speaker, be assured that when I urge adoption of this Concurrent Resolution, I do so on behalf of all my sisters and all my brothers.

I would add one thing more. While it is true that the lofty and noble objectives of the Concurrent Resolution before us are unobjectionable, progress in human affairs is not made so much by endorsing lofty and noble principles, but rather through the hard, practical work that is carried on in the spirit of those principles. I noted that 1975 International Women's Year is a milestone, however, we still have many miles to go before we have dealt finally with the hard, practical problems that still are before us such as removal of the last vestiges of legal discrimination that continues to bind half the population; improvement of the economic position of women through education, training programs and employment practices that still impose barriers to many occupations and professions; revision of the criminal justice and corrections systems so that women and girls caught up in the system, as wrongdoers or as victims, are treated fairly and with realistic recognition of their needs; and strengthening the institution of the family to meet the human needs of the mother, father and the children.

Mr. Speaker, I urge all members of this honorable body to give

their strongest endorsement to this Concurrent Resolution with the hope that the sentiments expressed therein will serve as an inspiration to get on with the hard and practical work before us."

On motion by Representative Kunimura, seconded by Representative Peters and carried, the report of the Committee was adopted and H.C.R. No. 5 was adopted by a roll call vote of 49 ayes, with Representatives Soares and Yap being excused.

A resolution (H.R. No. 267) congratulating the Association of Hawaiian Civic Clubs and commending them for their work in the Hawaiian community and civic affairs was jointly offered by Representatives Kamalii, Ajifu, Akizaki, Amaral, Blair, Cayetano, Evans, Garcia, Ikeda, Inaba, Kihano, Kunimura, Lee, Lunasco, Machida, Medeiros, Mizuguchi, Naito, Oda, Poepoe, Roehrig, Stanley, Sutton, Uechi, Ushijima, Yamada and Wakatsuki.

Representative Akizaki moved that the resolution be adopted, seconded by Representative Suwa.

Representative Akizaki then stated:

"I have to say a few words on this Manual. May I proceed?"

As you recall, during the last session of the Legislature, some concern was raised by members of the House of Representatives over the financial affairs of the House. As a result, the House directed an independent audit to be conducted of all expenditures of the House. The principal deficiency noted by the certified public accounting firm of Coopers and Lybrand which conducted the audit was, and I quote, 'The absence of clearly defined and delineated policies and procedures to govern and guide the operational activities of the House.' The proposed draft of the Manual is the product of the efforts of the Committee on Legislative Management during the interim to improve the operations of the House of Representatives.

Thank you, Mr. Speaker."

Representative Sutton then rose and spoke against the adoption of the resolution:

"Consistent with my prior vote against the expense increase of this high body at a time when Hawaii and the nation are suffering very high unemployment and recession, I feel that this is inflationary and, therefore, I vote against it."

Representative Akizaki responded:

"Welcome to the Club, Representative Sutton. Now, I know where I can get the other person to support my fight against the \$28 million. Thank you very much."

The motion to adopt the resolution was put by the Chair and carried and H.R. No. 268 was adopted.

but does the concurrent resolution passed by the past Legislature on Aloha Friday stand with this committee. . .I mean, in this House? The spirit, I am asking."

The Chair replied that it still stands and will continue.

Representative Kunimura then stated:

"Then, I would like to, at this time, Mr. Speaker, request that the leadership of this House set the good tone by observing Aloha Friday because I noticed the Speaker, the Vice Speaker, the Majority

Floor Leader, are here almost naked as far as aloha spirit is concerned."

The Chair responded:

"Regarding House Bill 638 entitled: 'Hawaii Act, Limiting Population', and referred to Water, Land Use, Development, and Hawaiian Homes and Environmental Protection, Judiciary and Finance Committees. . . I was wondering, Mr. Speaker, since the ramifications of this bill also include Agriculture, Labor, Public Assistance, Transportation,

"That is a very good question. It will be taken under advisement."

Representative Kunimura then rose and stated:

"Mr. Speaker, I am not going to ask about dessert today, but I would like the members of this House to take note of House Bill 665. In my growing up years, Mr. Speaker, I heard wise sayings like 'wise men change their minds, fools don't'; 'word to the wise is sufficient.' Mr. Speaker, maybe the author of this bill fits in that category because it is one of the shortest bills I have ever seen in my life."

Representative Cobb, on a point of information, inquired:

"Will there be decision making in the Consumer Protection Committee today?"

Representative Yamada replied:

"Mr. Speaker, due to the anticipated length of the hearing, we are not anticipating to hold decision making this afternoon."

"Whenever we feel the breeze in this chamber, that is to remind you that our good Representative, Henry Peters, is on the floor and he was born yesterday, at what particular year I am not sure. He observed his 29th birthday yesterday."

Representative Peters responded:

"Mr. Speaker, without going into details, thank you very much."

The Chair then stated:

"I had forgotten to mention when my remark was directed to the breeze, I had meant to say that that was the 'Waianae Tornado'."
