#### SUSPENSION OF RULES

On motion by Representative Kimura, seconded by Representative Soares and carried, the rules were suspended for the purpose of taking up bills on Third Reading on the basis of a modified consent calendar.

#### THIRD READING

The following bills, which were on the calendar for Third Reading, were read throughout and the following actions taken:

##### H.B. No. 16

Representative Suwa moved that H.B. No. 16, having been read throughout, pass Third Reading, seconded by Representative Akizaki.

Representative Stanley then stated:

"I rise to speak in favor of H.B. 16. H.B. 16 attests to the majority's commitment to economy of full employment and to economic security as a matter of right. H.B. 16 provides improved tax credits to those working people who have low incomes. Such a measure enables a state to provide an equitable benefit to those who cannot work while directly encouraging and rewarding those who do work. H.B. 16 is an important part of our efforts to enable all our citizens to have an adequate income and a reasonable standard of living. I urge all my fellow representatives to support this bill. Thank you."

Representative Suwa then stated:

"In support of this measure, Mr. Speaker, I would like to point out that much discussion has taken place in caucus, but I would like to point out that this measure is another supplementary action to that of the national program as to the tax rebate, Mr. Speaker, and the rightful tax credits, when you discuss this, rightfully belongs to the hardworking people. Mr. Speaker, therefore, I ask the members of this House to support this measure."

The motion to pass H.B. No. 16 on Third Reading was put by the Chair and carried by a roll call vote of 50 ayes, with Representative Sakima being excused.

##### H.B. No. 171

Representative Suwa moved that H.B. No. 171, having been read throughout, pass Third Reading, seconded by Representative Akizaki.

Representative Suwa then stated:

"Mr. Speaker, in taking the legislative expense bill, Act 1, we had pointed out some argument, and insofar as in this measure, Mr. Speaker."

Representative Sutton then stated:

"I rise to speak against Standing Committee Report 33, H.B. 171, H.D. 1.

H.B. 171, H.D. 1 raises the annual allowance for each member of the Legislature to \$1,500.00 to cover incidental expenses.

It is submitted that this is neither the time or place for said action.

The Constitutional Convention established an appropriate procedure. We should use the Constitutional procedure and accomplish directly what we are trying to accomplish indirectly.

We are all, Mr. Speaker, representatives of the people of Hawaii. We are all pledged to government of the people, by the people, and for the people.

I feel the words of President Abraham Lincoln are just as appropriate in the 50th State as they were for the United States of America in the year of our Lord 1860.

I respectfully wish to record a 'no' vote against the \$1,500.00 allowance.

Thank you, sir."

Representative Kimura then made the following statement:

"The learned colleague of mine from the 15th District alludes to the State Constitution as prescribing a method by which this problem should be handled and might I point that the specific provision of our State Constitution, Article 3, Section 10, does provide for this very specific way in which this matter should be considered. The section, in part, provides that the members of the Legislature shall receive allowances reasonably related to expenses and salary as prescribed by law and what we are doing here today, Mr. Speaker, is to change by statute and providing future allowances as prescribed by law, so we are in accord with the premises of the Representative of the 15th

District. Only thing we differ drastically in is conclusion. Thank you."

Representative Cobb then rose and stated:

"Mr. Speaker, I rise to speak in favor of H.B. 171, H.D. 1. This bill is the 2nd step towards an independent legislature. We took the 1st step a few weeks ago with Act 1, including the money for this bill. This bill will make possible the year-round staff we talked about and will make possible greater legislative independence and monitoring of administration. Now, for those of us who are not independently wealthy, we need this bill to continue year-round operations at our own personal expense. So, I say if anyone who votes against this bill should not accept the additional money, for to do so is to vote and speak with a forked tongue. Mr. Speaker, a wise man once said that the journey of 1,000 miles begins with a single step, so now let us take the 2nd step, knowing that more are to come to complete that journey. Thank you."

Representative Abercrombie stated:

"Mr. Speaker, I deserve the money."

The motion to pass H.B. No. 171 on Third Reading was put by the Chair and carried by a roll call vote of 49 ayes to 1 no, with Representative Sutton voting no and Representative Sakima being excused.

#### H.B. No. 369

On motion by Representative Suwa, seconded by Representative Akizaki, H.B. No. 369 passed Third Reading by a vote of 50 ayes, with Representative Sakima being excused.

#### H.B. No. 370

On motion by Representative Suwa, seconded by Representative Akizaki, H.B. No. 370 passed Third Reading by a vote of 50 ayes, with Representative Sakima being excused.

#### H.B. No. 371

On motion by Representative Suwa, seconded by Representative Akizaki, H.B. No. 371 passed Third Reading by a vote of 50 ayes, with Representative Sakima being excused.

#### H.B. No. 12

Representative Suwa moved that H.B. No. 12, having been read throughout, pass Third Reading, seconded by Representative Akizaki.

Representative Amaral then rose and stated:

"Mr. Speaker, I rise to speak in favor of H.B. 12, H.D. 1. Mr. Speaker, we have voiced our concern in the past, have made a sincere effort, and have worked for the passage of legislation to relieve the problem of ever increasing valuations and their corresponding effects on real property taxes. Such a bill is before us today.

The reason I support this bill is simple, Mr. Speaker. It is because it is long overdue. Real property assessments have risen sharply over the past few years and under our present system of using the highest and best use method, I see a continued increase in assessment. I thus see this as a temporary relief measure while we develop a different and more equitable approach to this problem. In the meantime, we are striving to make life a little more enjoyable and affordable to our people.

We live in an era of economic uncertainty, high unemployment, and runaway inflation; and there is little relief in sight.

Realistically speaking, there is not very much we can do as a State Legislature to slow down inflation and perk up the economy. These must be handled by higher authorities.

What we can do, Mr. Speaker, is lighten the heavy financial burden carried by our citizens--in the specific case of this bill, the homeowners.

House Bill 12 will allow the homeowner to keep more of his money in his pocket by increasing the real property exemption from \$8,000 to \$12,000 for persons below age 60 and by providing additional exemptions for those over age 60.

Our senior citizens will probably benefit the most from the passage of H.B. 12. With many of them on fixed incomes, the elderly

are among the hardest hit by the soaring cost of living. And they could make use of any help that we can give them.

For these reasons, Mr. Speaker, I urge this honorable body to pass H.B. 12, H.D. 1.

Thank you."

Representative Takamura then stated:

"As the Chairman of the House Committee on Youth and Elderly Affairs, I believe that I can speak for the majority of our members in favor of H.B. 12, which, if passed, will bring much needed relief to the senior citizens of Hawaii, particularly those who own their own homes and are struggling to maintain them. It is my belief that we do so, given the fact that the Governor of the State of Hawaii, plus the Democratic members of this honorable body, have taken, I think, a very strong and stated position, committing themselves to better the lives of the senior citizens of the State of Hawaii, not because we feel sorry for them, but because we feel and we recognize that because of their hard work, their struggle and their sacrifice that the prosperity that we all in Hawaii enjoy today is ours and that they, more than any group, I think, here in the State deserves to participate in that prosperity. To put it very simply, I think that we here today are taking an important first step in meeting that commitment, not only through words and fine deeds and programs, but through specific and concrete action. I think that's the only way in which we will show people that we really mean what we say."

Representative Suwa then stated:

"In supplementing the remarks made by my colleagues, I would like to point out on page 2, repealing the section which the Committee felt was archaic is that such an exemption shall be revoked if the home is not occupied by the owner or owners during the first 3 months of the tax year. Mr. Speaker, this section creates a problem for the residents of Hawaii because, as you know, first tax months of the year are in July, August and September. As you know, this is the summer months and many of them do travel. For that reason, Mr. Speaker,

repealing the archaic section, the Committee recommended this change, Mr. Speaker."

The motion to pass H.B. No. 12 on Third Reading was put by the Chair and carried by a roll call vote of 50 ayes, with Representative Sakima being excused.

The Chair directed the Clerk to note that H.B. Nos. 16, 171, 369, 370, 371 and 12 had passed

Third Reading not earlier than 12:03 o'clock p.m.

On motion by Representative Kamalii, seconded by Representative Ushijima and carried, H.R. No. 390 was adopted.

At this time, Representative Kunimura stated:

"Mr. Speaker, it is very difficult to perform this task of introducing such a fine fellow. Many of us remember the man I am going to introduce. He came here a few years ago as a freshman and as freshman goes, this man made very little mistakes. This man left his heart at Saint Louis College, went to Saint Mary's, won the hearts of the nation in football and left his heart there. But during the course of performing his duties in this House, he almost lost his heart here and he is back with us today, fully recuperated, and chosen as the 'Heart Man of the Year.'

Mr. Speaker, it gives me very, very great pleasure and honor to introduce the man that sat to the left of me where Henry Peters is sitting today; a man that we all love so very much; a man that never had anybody say one bad word about him in this House. Mr. Speaker, may I present our honorable former colleague, 'Wede' Wedemeyer."

Representative Soares then stated:

"If I may, Mr. Speaker, it will be remiss on the part of the House Republicans by not saying a few words on behalf of us to a colleague we miss on the floor of this House. I personally have known Herman Wedemeyer from the time I was a little kid and had the unfortunate pleasure of having to follow in his footsteps a few years later playing football for the same high school he played at and he set such immortal records that Abe Dung and myself just couldn't get near him. But serving with him in this House was indeed an extreme pleasure by all of us and I look forward to the day that we can always spend more time with Herman and I hope now on the golf course because I think he will eat us alive over there. But, Herman, we wish you the greatest aloha and respect and look forward to being with you a lot of times, both here and elsewhere.

Thank you, Mr. Speaker."

Representative Sutton then rose and stated:

"Mr. Speaker, I have been the President of the Quarterback Club and we have had the honor of naming this man to the Hall of Fame. In 1946, on the first day of the year, before a crowd of 60,000 against Fordham University, he thrilled not only those there, but the thousands that heard what he was doing and he got the name of 'Squirring Herman.' I think we must add that to the record.

Thank you, sir."

At this time, the Chair appointed Representatives Kamalii, Ushijima, Kunimura and Peters to escort Mr. Herman Wedemeyer to the rostrum whereupon the Chair presented Mr. Wedemeyer with a certified copy of the resolution.

Representatives Kamalii and Ikeda then presented Mr. Wedemeyer with leis.

Mr. Herman Wedemeyer then addressed the members of the House:

"Mr. Speaker, members of this august body, many of my former colleagues, and those who are serving their first term:

Along with those very kind words, and those of the resolution which speaks for itself, I, as Honorary

Chairman of the Hawaii Heart Association, humbly accept this resolution. I would like to make but one request--that this resolution lie on the Clerk's desk for further signatures."

A resolution (H.R. No. 391) observing "Heart Month" and urging public support for the Hawaii Heart Association was jointly offered by Representatives Ikeda, Kamalii, Ajifu, Amaral, Blair, Carroll, Clarke, Fong, Hakoda, Inaba, Kimura, Larsen, Machida, Medeiros, Naito, Oda, Peters, Poepoe, Sakima, Santos, Soares, Sutton, Yamada and Yuen.

#### THIRD READING

The following bills, which were on the calendar for Third Reading, were read throughout and the following actions taken:

##### H.B. No. 79

On motion by Representative Yuen, seconded by Representative Machida and carried, H.B. No. 79 was recommended to the Committee on Education.

##### H.B. No. 60

Representative Takamura moved that H.B. No. 60, having been read throughout, pass Third Reading, seconded by Representative Segawa.

At 12:40 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:41 o'clock p.m.

Representative Takamura then offered the following amendment to H.B. No. 60.

"SECTION 1. House Bill 60, H.D. 1, is amended to read as follows:

1. by deleting from line 3, page 1, the words 'substance abuse'

2. by deleting from page 2 the comma at the end of line 1 and the words 'substance abuse' from line 2

3. by deleting lines 5 through 8, page 2, defining 'substance abuse'

4. by deleting from page 2 the words, 'or by a minor who suffers or professes to suffer from substance abuse', on lines 18 and 19

5. by deleting from page 2, line 23 and page 3, line 1, the words or a minor who suffers or professes to suffer from substance abuse

6. by deleting from page 4, line 21, the words substance abuse."

Representative Takamura moved that the amendment be adopted, seconded by Representative Segawa.

Representative Takamura then explained the amendment as follows:

"The purpose of the amendment is to change the bill so that it no longer grants to minors a legal capacity to consent to treatment for substance abuse without parental consent and knowledge. These amendments are proposed because the need is felt for further study of the extent of the problem of drug abuse, the cost of treatment and the nature of treatment services provided and the composition of the group of which constitutes substance abusers.

Basically, I feel that after some discussion with the members of our Committee, plus other concerned members of the House, that there's a general feeling that this would be a wiser course to take and this would be a necessary thing to take.

I would also like to apologize, at this time, if there was any misunderstanding among part of some of the other members as to the way in which this came about. But, anyway, I feel that the amendment is an important one and that it is important to the overall nature of the Bill.

Thank you."

Representative Soares then stated:

"Would the Chairman yield to

a question?"

The Chair then put the question to Representative Takamura who answered in the affirmative.

Representative Soares stated:

"Mr. Speaker, on page 4 of the Bill - the amendment covers pages 5 to 8 - and I notice that under Section 5778-5 on line 21, the word 'substance abuse' is still in there. Do I assume that in that Section also you want to amend and remove? It does not reflect that in the amendment."

Representative Takamura then stated:

"Mr. Speaker, the intent of the amendment is to eliminate totally throughout the Bill all references to 'substance abuse'. I believe that we have, in the amendment, covered all areas. I assume that if this amendment is carried through, that if through some oversight it has been left in any other section, that this would be eliminated because it would be just an oversight."

Representative Soares then stated:

"Mr. Speaker, it doesn't work that way, the amendment has gotta be adjusted to include line 21 on page 4."

Representative Cobb rose on a point of order and stated:

"In reference to the remarks by the Minority Floor Leader, the copy of amendment item 6 states very specifically, 'by deleting from page 4, line 21, the words 'substance abuse' - I believe that covers the question."

Representative Soares stated:

"Thank you, Mr. Speaker, that does cover it."

The motion was put by the Chair and carried and the amendment was adopted by a roll call vote of 50 ayes, with Representative Carroll being excused.

By unanimous consent, further action on H.B. No. 60, as amended, was deferred until tomorrow, Wednesday, February 19, 1975, and in accordance with Article III, Section 16, of the Constitution of the State of Hawaii, printed copies of H.B. No. 60, HD 1, were made available to the members of the House at 12:45

o'clock p.m.

At this time, Representative Peters introduced Mr. David Pali, Chairman of the Waianae District Neighborhood Planning Committee.

The members of the House of Representatives wished Representative Kondo a Happy Birthday.

Representative Kunimura then stated:

"Mr. Speaker, I have seen dedication; I have seen hard-working men and women here in the House of Representatives so many years; but, yesterday and last night, I have seen the extreme of dedication and sacrifice, and I thought, until a few minutes ago, that

all this was for the Presidents of the United States - because yesterday was Presidents' Day - that the Judiciary met yesterday and all night until 4:30 this morning - but I guess I was wrong. I guess I must now change my mind and say no man had more love than love for his friend - Representative Roehrig must sure love Kondo because he worked all night to show his dedication to Kondo."

#### ADJOURNMENT

### THIRD READING

The following bills, which were on the calendar for Third Reading, were read throughout and the following actions taken:

#### H.B. No. 106

On motion by Representative Roehrig, seconded by Representative Uechi, H.B. No. 106 passed Third Reading by a roll call vote of 50 ayes, with Representative Cayetano being excused.

#### H.B. No. 104

Representative Roehrig moved that H.B. No. 104, having been read throughout, pass Third Reading, seconded by Representative Uechi.

Representative Naito then rose and stated:

"Mr. Speaker, I rise to speak in favor of House Bill 104, House Draft 1, and urge its passage on Third Reading. The purpose of this bill is to designate specially trained units in each county who have the principal responsibility for the immediate investigation of rape and other sexually related offenses.

The problem that currently faces many rape victims is the lack of adequately trained personnel who are readily available to offer assistance to the victim and to investigate the offense in a professional but also in a compassionate manner.

The current procedure is to send any available officer to the rape victim on report of the crime. Intensive questions are asked, frequently with little regard or sensitivity for the distress and trauma that the victim is undergoing. A second investigator then may appear, subjecting the victim to the same questions and, as we learned at the Committee hearing on House Bill 104, it frequently occurs that a third, then sometimes even fourth party, will compel this helpless victim to repeat over and over the details of the offense. These repeated interrogations are presently carried out before the special rape investigator actually ever gets to see the victim.

House Bill 104, House Draft 1, has been designed to alleviate the victims' anguish in this most harrowing ordeal by creating a special unit with training to deal with the unique circumstances that accompany this type of crime and with the ability to respond immediately to the call. It provides for the long overdue humane treatment of the victim. This bill also provides for the unit to participate as a liaison and to serve as a guide for the victim as she is led through the maze of procedures and information gathering that is necessary for the successful prosecution of the offender.

Finally, the unit should be composed of both sexes as we recognize that many victims feel more comfortable discussing the incident in the presence of a member of the same sex. It does not, however, dictate that a female victim be questioned by a female investigator. Further, it does not dictate that female personnel be promoted or given special consideration over male personnel. What it does mandate is that, where possible, personnel of both sexes be properly utilized to render aid and act as liaison in these investigations. Also, it is expected that, where possible, the Police Departments will, in their discretion, allow such courtesies, where to do so will be within the bounds of administrative feasibility. To that extent, House Bill 104 has been satisfactorily amended in the form of House Draft 1.

Mr. Speaker, in this crucial and neglected area, House Bill 104, House Draft 1, is a reasonable and long overdue response to

the humiliation and degradation which accompanies the reporting of sexual crimes by traumatized victims. I, therefore, urge that this honorable body pass House Bill 104, House Draft 1, on Third Reading.

Thank you, Mr. Speaker."

The motion was put by the Chair and H.B. No. 104 passed Third Reading by a roll call vote of 49 ayes to 1 no, with Representative Fong voting no, and Representative Cayetano being excused.

The Chair directed the Clerk to note that H.B. Nos. 106 and 104 had passed Third Reading not earlier than 12:37 o'clock p.m.

DEFERRED MATTER FROM  
EARLIER ON THE CALENDAR

H.B. No. 60, HD 2, on Third Reading:

Representative Takamura moved that H.B. No. 60, HD 2, having been read throughout, pass Third Reading, seconded by Representative Segawa.

Representative Takamura then spoke in favor of H.B. No. 60, HD 2, as follows:

"The present law grants to minors the legal capacity to consent to treatment for venereal disease and pregnancy without parental authorization. If the minor is found to be infected with V.D. or pregnant, the law requires the physician or agency to notify the minor's parents. This law intensifies the problems of the minor, of the physician, and of society.

House Bill 60, HD 2, takes steps to solve these problems by removing obstacles in the path of a minor who needs medical services and treatment. It does this by adding family planning services to the enumerated areas; by extending to minors the traditional physician and patient confidentiality; and by clearly assigning to the minor financial responsibility for payment of services he obtains under this Act. House Bill 60 further provides for patient counseling intended to strengthen the family structure by encouraging and assisting the minor to communicate with his parents regarding the problem which led him to seek treatment in the first place.

Testimony from many responsible organizations and agencies dealing most closely with minors including the Department of Health, the Department of Social Services, the PTA, the Hawaii Medical Association, The Commission on Children and Youth, Hawaii Planned Parenthood, Child and Family Services and Windward Health Planning Council indicates that whether we like it or not, and whether we choose to confront it or not, a problem exists; that problem is, that a significant number of minors are sexually active; become pregnant out of wedlock; and are infected with venereal disease; and a significant number believe that they must conceal these facts from their parents.

Such minors cannot bring themselves to face these health problems at the earliest opportunity if the price of medical care includes a confrontation with their parents over the acts which gave rise to such problems.

Preliminary results of a survey by Hawaii Planned Parenthood show that over 50% of the youth responding are sexually active, yet 91% of those responding have never used a birth control method. Furthermore, the majority stated they did not know at what time of the month they or their partners are fertile, and did not know how sexually involved they could become without risking the consequence of pregnancy.

The State Department of Health, testifying in favor of House Bill 60, stated that in 1973, there were 760 births to girls in Hawaii aged 12-17; an additional 502 pregnancies in this age group terminated in abortion. This is a total of 1262 reported pregnancies to minors in one year, of which 840 were illegitimate.

Statistics on V.D. indicate a problem at least as grave and demanding of attention: The 1974 report of the Department of Health's Communicable Disease Division, Epidemiology Branch, estimates that each year approximately 150-185 minors aged 14-17 contract gonorrhea and either do not seek treatment or receive unreported treatment which almost assures the lack of any contact investigation. The net loss due to such inadequate reporting and nontreatment is estimated to be the unrecognized

retention of about 700 more individuals per year capable of future transmission.

Based on these and similar statistics, the Department's State Advisory Council for Comprehensive Health Planning has concluded that minors infected with venereal diseases left untreated due to fear of embarrassment or potential parental reprisals present a serious threat of advanced complications of gonorrhoea and syphilis to the individual, and an increase of venereal diseases in the State.

Finally, with respect to the concerns regarding financial obligation, testimony submitted by the Hawaii Medical Association in support of House Bill 60 emphasized in two separate hearings that as far as the Hawaii Medical Association is concerned, the financial problem is minimal, because many doctors are willing to treat minors for free or to make adjustments in their fee schedule depending on the minor's ability to pay. Dr. George Goto, Chairman of the Hawaii Medical Association's Legislative Committee has indicated that this is in fact the current situation-- many doctors are treating minors for free or at minimal cost rather than see these minors go without necessary health services. What the Hawaii Medical Association has repeatedly asked us to do is to eliminate the legal threat that now hangs over the heads of these doctors who are currently in jeopardy for living up to their professional obligations and I would add, ethical obligations.

House Bill 60 has been drafted so as to eliminate any possibility that the State will suddenly be faced with an increased financial burden for minors' medical care. The bill states that governmental agencies shall not be liable for these costs; and the Standing Committee Report emphasizes that the Department of Social Services and Housing in particular shall not be compelled to pay for these services to minors unless the Department issues prior authorization.

The Department of Social Services and Housing, indicating it was reversing the position it has taken for the past 3 years,

testified in support of House Bill 60 in its entirety. In doing so, the Department indicated its approval of the bill's financial responsibility provisions.

In view of the severity of the problem, we must conclude that while we may wish to institute long-range programs to instill different attitudes among minors, the immediate alternatives presented to us is not whether to allow minors to engage in sexual activity, since that activity is already a fact; but whether, given this fact, we will use the law to encourage them to seek necessary health services, or punish them by requiring them to go through unwanted pregnancy or suffer venereal disease without the help of a physician.

For these reasons, I would urge all the members to support House Bill 60, HD 2."

Representative Sutton then stated:

"Mr. Speaker, I rise to speak against House Bill 60, and I would like to bring to your attention, Mr. Speaker, the fact that when Chairman, Representative Carl Takamura, asked at the close of the prepared testimony if anyone wishes to speak, a young 17 year old high school girl, Miss Bright, electrified all of us with her brilliant defense of the rights of the family and strongly condemned the idea of having interference of government in the matter of dispensation of medical care to minors without consulting or informing parents.

Mr. Speaker, the basic thrust of this proposed legislation, as amended, is not to inform the parent of any minor child under 18 who is diagnosed as pregnant, or afflicted with venereal disease. Thus, Mr. Speaker, the government is substituted for the family in the matter of dispensing medical care to minors. This will destroy the lines of communication between parent and child. It will destroy the values of honor, integrity, self-discipline, self-respect, and the love and care of parent and child. Thus, House Bill 60 will adversely affect the citizenry of this entire State of Hawaii as well as the affected young minors. I submit it will destroy the family itself, the most sacred institution of the United States of America

and ours, the 50th State of the Union, Hawaii.

Thank you, Mr. Speaker."

Representative Evans then stated:

"I rise to speak in favor of House Bill 60, House Draft 2. I would like to preface my remarks by saying that I was in favor of House Bill 60, House Draft 1. I am not as great an orator as my colleague that spoke previously; however, I feel that I speak with some authority as a former registered nurse.

The venereal disease incidence in our State is at an alarming proportion and has been found that not only the female is asymptomatic in venereal disease, but it has now been found that the male is asymptomatic so the increase of venereal disease is on a rampant incidence. The lines of communication between parents and child-- this bill does not sever. Many times, the lines of communication have already been severed and so the child must seek counseling outside of his home but certainly, in most homes, the lines of communications are good.

Venereal disease is still something not talked about. It is still something that is thought about as a dark age disease and something that teenagers cannot really speak with his parents about. I don't care how good the lines of communication are, it is a very personal thing; it is admitting to sexual activity which the teenagers find very difficult. Therefore, I urge the passage of House Bill 60, House Draft 2.

Thank you, Mr. Speaker."

Representative Ikeda then stated:

"Mr. Speaker, I rise to speak against House Bill 60, House Draft 2.

Mr. Speaker, although the bill was amended to delete substance abuse, it is still too broad in its present form. House Bill 60, HD 2 would allow minors to seek treatment for pregnancy,

family planning and venereal disease without parental consent. The law, in its present form, leaves the withholding of information to the discretion of the physician in cases where a minor is not diagnosed as pregnant or afflicted with V.D. I feel that this is sufficient.

Speaking as a mother, I feel that consideration should be given to the rights and responsibilities of parents. We, as lawmakers, should not add to their difficulties that parents face in trying to raise their children properly. Parents have a right to know if their children are in need of help in order to provide that help. That right should not be taken from them.

I fully recognize the fact that some youngsters unfortunately have parents who have abdicated their roles as parents and thus are forced to seek help from other sources. But I am also convinced that they are a minority and can be provided for without passage of this particular bill. I must, therefore, vote against this measure."

Representative Cobb then stated:

"Mr. Speaker, I rise to speak in favor of House Bill 60, House Draft 2.

A few years ago, we passed this bill in an expanded form and it was vetoed by the Governor because it was too all-encompassing. So this particular measure was designed to meet the Governor's objections and that was discussed in Committee.

Some time ago, a colleague with more experience in this business of being a parent than myself, explained to me some of the long range problems of the parent. He indicated that the first ten years, the parent and the child are very close; then, in the second ten years, they tend to move away from each other; and after that magic age of 18 or 21 or 23, they begin to come back together again. While this bill attempts to deal with that most difficult second ten-year period when the most help is needed, the real purpose of this bill is to provide medical care and counseling service without the barrier of parental notice which causes so many children not to seek care, ranging in illnesses from V.D. to most anything else enumerated in the bill.

This House bill comes down to one basic question. Which is more important--our pride as parents in being notified with the need of our children to receive needed medical care and counseling. For it is precisely our pride as parents that interferes with the basic needed medical care for our children. It is that barrier that is the reason we are here today in considering this legislation. Otherwise, there would be no need for this bill. I think I would be hurt personally if my child did not tell me of a problem, but I would be hurt even more by his death or his blindness, or his disfigurement, caused in part by my attitude as a parent. I hope my family situation is secure enough to communicate such problems. But if it is not, it is always possible to communicate after the fact but it is not possible to correct blindness or disfigurement or to rectify the death of a child. For then I ask, who is really responsible? The basic decision we face today is, which is more important --our pride as parents or the health of our children. In this case, I intend to vote for our children. It is for their sake, not for ours, and I wonder, Mr. Speaker, is that too much to ask?"

Representative Soares then stated:

"Mr. Speaker, I rise to speak against House Bill 60, House Draft 2.

While I have, and the record will show, voted against this bill in the past due to the breaking up of what I call the family unit, Mr. Speaker, there are several questions raised by House Bill 60, House Draft 2's placing a financial responsibility for medical care and services on a minor recipient. Mr. Speaker, how many minors are capable of paying cash for these services and how many doctors will be willing to provide these services on other than a cash basis?

If a minor without economic means is denied treatment by doctors unwilling to have to undertake collection procedures and to invoke the legal process,

the further question arises as to whether or not the State must pay for the medical care and services.

If testimony before the House Committees is correct, most of the minors that are to be benefited by this Act are without economic means and, as such, the Act will accomplish nothing without State financial assistance. This fact is highlighted by the provisions of Hawaii Revised Statutes 346--55, concerning child welfare services, which states that, 'before a child is eligible for public assistance, the child must be deprived of parental support or suitable care under a series of circumstances not identical to this situation.'

If this House wishes to provide meaningful assistance to minors in this area, the financial aspects thereof must first be examined and resolved. I recommend that this bill be recommitted and be referred to Finance for that reason.

The language of proposed Section 577A-5 might also be reconsidered at that time. Proposed Section 577A-1(3) adequately defines medical care and services to include certain items and specifically excludes other items. Good drafting dictates that care should be taken not to use other words to state the same point, for in such cases, the courts may determine, not unreasonably, that these other words possess different meaning. Yet, Section 577A-5 neglects to use the defined term 'medical care and services' in favor of a new set of terms implying that 'treatment' other than medical care and services may be available under this Act.

For these reasons, Mr. Speaker, I strongly recommend that this body not take action on House Bill 60, House Draft 2, at this time and have it recommitted and re-referred to Finance.

Thank you, Mr. Speaker."

Representative Takamura then concluded:

"There has been concern expressed regarding the cost of the minor and to the State in increasing the accessibility of health care services to minors. Testimony and information received from the Hawaii Medical Association, the Hawaii Planned Parenthood, the Department of Health, by the two Committees involved, indicated that the currently available

health services facilities are capable of handling the anticipated influx at little or no additional cost since, while the percentage of minors who stand to benefit from this bill is significant, the actual numbers when apportioned among the facilities providing free or pay-as-you-can services are small.

The Health Department's Communicable Disease Division, Epidemiology Branch, states in its 1974 report that if all minors are brought to examination and treatment, the maximum number of cases to be expected is 244 per year with a maximum of 1,815 clinic visits for examination--60% of these or 1,089 will use the V.D. Clinic at Kapahulu Health Clinic at the rate of 4 patients per day. The Department concludes that this increase can be absorbed by the current program at no additional cost. Of the remaining 40%, about 2% to 4% would use private physicians participating in the fee-for-service program in the Department of Health. This cost is within the Department's current budget. Another 12% or 218 will receive services at the Family Planning Clinic, either Hawaii Planned Parenthood or the Department of Health. The Department of Health states that these can also be served in the current program at no added cost. The remainder, approximately 435, will either have financial resources or will utilize the free services available at the Waikiki Drug Clinic, Kapahulu V.D. Clinis or the various family planning clinics.

The Department concludes that the anticipated number of minors in need of V.D. treatment and examination but unable to pay for such services can

be served at little or no additional cost. The Children's Health Services Division and Health Education Office of the Hawaii Department of Health lists 24 clinics in this State providing free family planning services and/or maternal and infant care. These include facilities on Hawaii, Kauai, Maui, Molokai and Oahu. In addition, the University of Hawaii offers a fee-for-service clinic and dispensaries for military dependents.

The accountant of the Health Department's Family Planning Office has stated that State money accounts for less than 6% of the funding for these services. With federal funds paying the remaining 94%, the State's contribution for the next biennium has already been requested and this amount, according to the Department's accountant, includes enough to accommodate the predicted increase and demands.

I believe that this sufficiently answers some of the concerns raised by Representative Soares."

The motion to pass H.B. No. 60, H.D. 2, on Third Reading was put by the Chair and H.B. No. 60, H.D. 2 passed Third Reading by a roll call vote of 41 ayes to 9 noes, with Representatives Amaral, Fong, Ikeda, Medeiros, Oda, Poepoe, Soares, Sutton and Uechi voting no, and Representative Cayetano being excused.

At this time, Representative Carroll rose on a point of personal privilege and stated:

"Mr. Speaker, last week, it was my misfortune to be felled, I trust temporarily, by a disease which affects the lungs. Upon my return--I was absent some seven days--I felt quite good and I came to caucus, came on the floor of the House and began to attend Committee hearings. I have never been afflicted with this type of disease called borderline pneumonia, but after approximately 3 hours in the House, and I am talking about these chambers and elsewhere, the effect of the smoke was truly disabling. I have heard people comment about this in prior years but never was really that aware of how much effect this can have on a person's ability to function. So the point that I am rising to make, Mr. Speaker, is that there are people who can be seriously afflicted or hurt, in effect, by smoke, and I think that since it is such a prevalent matter here, that it would do well if each of our members would consider the other in the area where they are smoking.

Thank you, Mr. Speaker."

The Chair replied:

"The point is well taken. Will the members exercise discretion and prudence."

#### SUSPENSION OF RULES

On motion by Representative Kimura, seconded by Representative Soares and carried, the rules were suspended for the purpose of taking up bills on Third Reading on the basis of a modified consent calendar.

#### THIRD READING

The following bills, which were on the calendar for Third Reading, were read throughout and the following actions taken:

##### H.B. No. 429

On motion by Representative Yamada, seconded by Representative Yap, H.B. No. 429 passed Third Reading by a vote of 51 ayes.

##### H.B. No. 54

Representative Shito moved that H.B. No. 54, having been read throughout, pass Third Reading,

seconded by Representative Cayetano.

Representative Shito then spoke in favor of H.B. No. 54 as follows:

"Mr. Speaker, I rise to speak in favor of House Bill 54, House Draft 1.

The purpose of this bill is to remove, by constitutional amendment, any inference that the State's power to enact housing programs is solely for the benefit of those persons in the low income group. By deleting this term, 'low income', we are then able to include all individuals and families whose income is not sufficient to qualify for private home financing.

Housing needs for the 'gap group'; that is, those whose financial status is above low income levels, yet not enough to afford adequate housing on private sector terms, has grown tremendously. This amendment attempts to ease this burden and make owning a home financially more comfortable for all persons who need assistance.

I ask that all members of this honorable body vote for this bill. Thank you."

The motion was put by the Chair and H.B. No. 54 passed Third Reading by a vote of 51 ayes, which was not less than two-thirds of all members to which the House is entitled.

##### H.B. No. 85

On motion by Representative Kawakami, seconded by Representative Ho and carried, consideration of H.B. No. 85 on Third Reading was deferred until Tuesday, March 4, 1975.

The Chair directed the Clerk to note that H.B. Nos. 429 and 54 had passed Third Reading at 2:17 o'clock p.m.
