

THE
TWENTY-THIRD LEGISLATURE
STATE OF HAWAII
REGULAR SESSION OF 2006
JOURNAL OF THE HOUSE

FIRST DAY

Wednesday, January 18, 2006

In accordance with the provisions of Section 10, Article III of the Constitution of the State of Hawaii, the House of Representatives of the Legislature of the State of Hawaii, convened in Regular Session of 2006.

The Honorable Calvin K.Y. Say, Speaker of the House of Representatives, called the House to order at 10:00 o'clock a.m.

The members of the House, guests, and audience rose for the singing of *The National Anthem* and *Hawaii Pono'i* led by the Kauai Filipino Centennial Chorale. TEAM Paresa: Trey Paresa, age 13; Evan Paresa, age 12; AJ Paresa, age 11; and Makoa Paresa, age 6, then led in the recitation of the *Pledge of Allegiance*.

The invocation was then delivered by Representative Ezra R. Kanoho, after which the Roll was called showing all members present.

INTRODUCTION OF BILLS

On motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the following bills (H.B. Nos. 1787 through 1845) passed First Reading by title and were referred to Printing:

At this time, the members of the House, their guests and audience were entertained by the following:

Larawan Youth Ensemble
Ms. Kristian Lei
Mr. Jordan Segundo

The House of Representatives reconvened at 10:47 o'clock a.m.

INTRODUCTION OF RESOLUTIONS

The following concurrent resolutions (H.C.R. Nos. 1 and 2) were announced by the Clerk and were disposed of as follows:

H.C.R. No. 1, entitled: "HOUSE CONCURRENT RESOLUTION RELATING TO RECESS DAYS FOR THE REGULAR SESSION OF 2006," relating to the mandatory recess for the Regular Session of 2006, determined to be the 23rd, 24th, 27th, and 28th days of February and the 1st day of March, 2006; and the dates of the recesses, other than the dates of the mandatory recess, for the Regular Session of 2006, determined to be the 24th and 26th days of January, the 6th, 8th, and 29th days of March, the 10th and 12th days of April, and the 1st and 3rd days of May of 2006, pursuant to Article III, Section 10 of the Constitution of the State of Hawaii, was jointly offered by Representatives M. Oshiro and Finnegan.

On motion by Representative M. Oshiro, seconded by Representative Finnegan and carried, H.C.R. No. 1 was adopted.

H.C.R. No. 2, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO ADDRESS THE LEGISLATURE ASSEMBLED IN JOINT SESSION," on the 23rd of January at 10:00 a.m., was jointly offered by Representatives Say, Takai, M. Oshiro, and Finnegan.

On motion by Representative M. Oshiro, seconded by Representative Finnegan and carried, H.C.R. No. 2 was adopted.

At 10:49 o'clock a.m., the Chair declared a recess, subject to the call of the Chair.

At this time, the members of the House, their guests and audience were entertained by the Society of Seven Las Vegas

The House of Representatives reconvened at 11:11 o'clock a.m.

At this time the Speaker delivered his address, stating:

"Mahalo, S.O.S. Las Vegas for today's electrifying entertainment. Please join me in thanking our performers today. And please join me in expressing our appreciation to the Filipino community as it celebrates this 100th Anniversary in Hawaii.

"We are also deeply honored today, that the father of former Representative Ben Cabreros is with us. Mr. Juan Santanela Cabreros is a *sakada*. The first group of Filipinos to come to Hawaii a century ago. His humble beginning was a start of a great migration that now find Filipinos on the verge of becoming the largest ethnic group here in the State of Hawaii.

"Ben, ask Papa to wave his hands. Papa, raise your hand for the audience and the Members of the House.

"Also with us are Elias Beniga and Angel Ramos. They are also decedents of *sakada*. Please join me in giving them a warm welcome. Elias and Angel.

"Governor Lingle, honored guests, members, ladies and gentlemen Aloha. Welcome to the opening of the 2006 Session of the Hawaii State Legislature."

"You know, most parents work hard trying to make life better for their kids; better than it was for us when we were growing up. The value of doing this is taught by almost every religion and culture on this planet. And for all of us, I believe this is called stewardship. We must be good stewards today, to build a better Hawaii for tomorrow.

"We are facing a big challenge as a nation, and as a state. But our people are looking for real leadership. Our ability to be good stewards will be tested in a different way this year – for all of us as Members of the House. In many ways, this year will be a very defining moment in Hawaii's history.

"Why? For the first time in 14 years, we begin our deliberations today with a budget surplus. So instead of trying to figure out what to cut and what to say "no" to, we are in a very different set of challenges. Let's call it today, the \$600 million question. No one seems to have much trouble coming up with an answer to that question. All of us this afternoon will find, there's a long line of people with answers.

"We need to take a collective breath, a deep breath and think hard before we decide what to do. As good stewards, we know we carry a significant responsibility on our shoulders. And we must make the right choices. Why? Because we may not have another chance like this for a long, long time; when you reflect and think about it. Each one of us must choose, and we must choose wisely.

"Cutting taxes is an easy thing to do and maybe that's what we'll decide to do at the end of the day. \$300 million is a lot of money, but when you add up your share of the refund, what do you get? Enough extra money to buy another loco-moco or a plate lunch every week? If you add it up, it may.

"Or else, think about what else we could accomplish with that money. I always say, think about our kids sitting in a classroom where the roof is leaking, without a decent cafeteria, without enough books in the library. Think about our harbors that are falling apart. Think about the water we need to grow our own food. Maybe you think we should continue to import 90 percent of the food and energy we use every year. Think about how much money you need to buy a house. Most of all, think about the future our kids will inherit if we don't make the right choices.

"The world is changing fast. But right now we have, we have, the opportunity to invent our future. We have the means to do it. We have the brains, the heart, and the strength to do it. And now we also have the money. But, do, do we have the will? That is the question I pose to the Members of this House.

"Let's start in the classroom where our future begins. We do have a big backlog, a huge backlog of school repairs. I respect the Governor in wanting to spend \$63 million to fix our schools. But personally, it's not enough. It's not enough. We need twice that amount, and we need it now to get our schools back up to par.

"We know, that we want to be good stewards. But to build a better Hawaii, we must make the quality of our public schools the number one priority. We need to listen to the rising tide of voices in Hawaii that they demand that we get our priorities straight.

"We started on the right track two years ago when we did pass comprehensive education reform. We gave principals and teachers, the power to make decisions at the school, and inside the classroom. We raised teacher salaries. Now let's finish the job by fixing our public school buildings this year. This is our highest priority. And we propose, all of us as Members of the House propose, spending a \$150 million to fix our schools.

"At the University of Hawaii, we will provide the additional \$85 million to undertake repair and maintenance of our campus buildings. Our kids deserve better and now we have the means to do it. As good stewards, we can do no less.

"But our schools are more than just places to learn. They are critical shelters for emergencies. It's not a question of if, but when, another hurricane strikes Hawaii again. Personally, we can't rely on the federal government to help us out. And Katrina taught us that

lesson. When it comes to trouble, we need to stand on our own. The sooner we act on that knowledge, the better it is for all of us.

"So when we fix our public schools, we need to strengthen these school buildings for public shelter in an emergency. We need to make sure that adequate shelter is provided for our animals as well. We saw what happened again in New Orleans as thousands of people refused to leave their homes, because there was no place to take their family pet.

"Government must set the standard for good stewardship. Our schools, and other public buildings should be models, for renewable energy also. The people of Hawaii have waited too long for a real energy policy. A policy with long-term incentives, for renewable energy – may it be wind, solar, geothermal and bio-fuels.

"Living green is now the new 'red white and blue.' There is no reason that Hawaii shouldn't lead the way in demonstrating what can be done by living green.

"The traditions of our culture are wide and deep. They teach us that we are more than just the sum of our parts. Our culture is rooted in the land. And here is our stewardship for the future. Our open lands and green spaces are a big part of what makes Hawaii a very special place. Last year, we took a bold step in establishing the Legacy Lands program. This program protects our most precious resources for future generations. As good stewards, we must increase the funding for our Legacy Lands that we have presently.

"You've seen it on television; you've seen it on the media. Waimea Valley showed all of us what can be done when public and private groups work together. Today, I call on all private landowners to join us as good stewards of the land. We must help the farmers who grow food on our land and restore the precious water system that supports our very way of life.

"Private landowners must learn the wisdom of leaving the land better off than they found it. Private landowners must stop treating our farmers as short-term tenants and private landowners must join us in the public-private partnership to fix our irrigation systems. We will help you to make those repairs. We recognize that it's in our common interest to do this. But in exchange for our help, we would like to insist that the adjacent areas to those irrigation systems be designated as Important Agricultural Lands.

"I listen to farmers; I listen to business forecasters. They both agree: Diversified agriculture is a wave Hawaii can ride into the future. Nobody should feel safe knowing that we now import almost all our foods. We need to grow local. And local it shall be as we move into the future. All around our Islands, groups of farmers are breaking new ground in diversifying agriculture; but they need private landowners to give them more than just a one-year lease. It's hard to grow a business when you don't know what your future on the land will be.

"Good stewards look out for the land and they also look out for the people living on the land. And so, housing is a big problem. We all know that. We intend to help solve it also. Right now, working men and women are getting squeezed out. They can't buy. They can't afford to rent and our homeless population is growing and they need our help.

"Let me be honest with you. I couldn't afford to buy my home today at the price the County says it's worth.

"To help our Island's working men and women, we will increase funding for public-private partnerships to build more affordable housing and rentals over the next five years. Our five-year-goal is to put ten-thousand new affordable homes on the market.

"Good stewards know that the promise of a brighter future is the greatest legacy we can leave to our children. For the first time in our

history, we have the opportunity to create new businesses and better paying jobs that don't hurt our environment. We have worked for a long time to build new industries that complement and respect Hawaii's natural resources and beauty. Now we are at a tipping-point and the opportunities for our children's future hang in the balance. We are in a position to realize the payoff in new jobs being created in life sciences, community healthcare, digital media, advanced technology, telecommunications, ocean sciences, and alternative energy.

"We, as this House, will envision a \$100 million innovation fund to stimulate economic development in these areas. But it's not enough just to give out the money. To make sure that we achieve the results, we will put project funding in the hands of the experts. And we will create a public-private partnership to provide business and marketing assistance to the projects that are approved. The bottom line for this fund is better paying jobs for our future *keiki o ka aina*. The bottom line for this investment is when a local parent can turn to a son or daughter and say, 'You don't have to leave the Islands to have a decent future.'

"Can we achieve this? I believe we can. In fact, it's already happening, here in this State. Today we have some unsung heroes of this new success, sitting with us today. You know, we don't always remember how important it is to celebrate our success. So I want you to meet them this morning. Maybe you noticed them earlier. And I think they were answering their e-mails on their 'Blackberries' while I was speaking, but that's okay.

"I wanted to introduce you to Dustin Shindo of Hoku Scientific - who was here earlier. His company is doing pioneering work in cell membrane research. Dustin was in the Chamber, but he told me he had to close the deal. And I said, 'That's great.' I know we all wish him good luck in closing that deal.

"Hoku Scientific is a great example of Hawaii's potential for homegrown ingenuity. Dustin, and his former Waiakea High School classmate, Kaleo Taft, developed an effective technology for fuel membrane research. Dustin and Kaleo successfully launched their company's Initial Public Offering just last year.

"Randy Cates. Randy raises Moi. Hard to believe he raises Moi. But Randy's company is the first aquaculture firm in the nation to be granted an open-ocean leasing agreement to raise fish in submerged cages offshore. Hawaiian culture recognizes the Moi as the fish of the Ali'i. Thanks to Randy, it's now being raised and exported across the United States for everyone's enjoyment.

"My good friend Hank Wuh, is the founder and CEO of Cellular Bioengineering. This Iolani graduate recently received the "2005 R&D 100 Award" for the development of the Neural Matrix Chip. The chip that Hank and his brilliant team at CBI developed was rated one of the hundred most significant innovations in the United States last year.

"Vaughn Vasconcellos is president and CEO of Akimeka, LLC. This Kamehameha Schools graduate served in the United States Army for fifteen years before starting his own high tech company. Akimeka has operations on Maui and here in Honolulu. One of the most important things is their electronic-based health services that help keep our military safe.

"Dr. Richard Diverse. Richard, Director of Instrument Research for Plain Sight Systems, chose to remain in Hawaii and build his company on the Big Island. This UH Hilo graduate is responsible for the development of an entirely new class of instruments based on optical domain computation for chemical measurement. I have to be honest with you, Richard, I have no idea what it is. But Richard's device will soon become the gold standard for this technology.

"Next, Dr. Anton Krucky, CEO of Tissue Genesis. Dr. Krucky is developing tissue replacement products to improve survival rates for

trauma injuries, cardiovascular diseases, cancer and metabolic diseases. Dr. Krucky moved his business to Kaka'ako to work more closely with the new medical school. Tissue Genesis invented a Bio-optimization System, as a way of creating an engineered environment for cell and tissue growth.

"Finally, Myron Thompson and Robin Danner are the driving forces behind Hawaiian Homestead Technology. Their company does top level work in digital imaging. The people who work for Hawaiian Homestead Technology come from Anahola, Waimanalo and Papakolea Homesteads. In less than a year, these workers have learned new skills and landed new jobs with a future. And most important, these good technology jobs are helping economically challenged Native Hawaiian communities. The profits from Homestead Technology are invested back into the community.

"Please join me, all of you, in expressing our appreciation and support for these pioneers of Hawaii's new innovation economy.

"Our guest, and all of us here today, share a common belief; that in the rush toward technology, we can never lose sight of the human person. We will not undertake these challenges just so we can boast of having a bigger economy. We're doing this to raise the standard of living for everyone. We are doing this to make good on our commitment as good stewards today who will build a better Hawaii for tomorrow. We must build this society and our educational system to maximize our people's ability to innovate, export and compete.

"My heart tells me the best is yet to come for Hawaii. My heart tells me our people will soon be doing even greater things. My heart tells me we will rise to the challenge. And along with all of you, I am grateful to be here and see it happen. Aloha and Mahalo."

The Chair then recognized Representative Finnegan, the Minority Leader, to present the Minority's response.

Representative Finnegan rose and stated:

"Thank you Mr. Speaker.

"Aloha and Mabuhay, Mr. Speaker, colleagues, and guests. Mr. Speaker, thank you for recognizing the Centennial of the Filipino *sakada*, or farmer, and the contributions Filipinos have made in Hawaii. I was fortunate to accompany the Governor on her Hawaii-Philippines mission trip. It was an enriching experience that helped me re-live, reflect, and understand my own family's Philippine origin.

"Please allow me this opportunity to introduce two people who have shaped my life. Behind me is my mother Francisca Suan Ledesma. My mother was born on Moloka'i, a daughter of a pineapple field worker that came here from the island of Cebu in the Philippines. No stranger to hard manual labor, for years, my mother worked at a charcoal farm doing whatever it took to keep the business going. It often meant carrying 5-, 25-, and sometimes 50-pound bags of charcoal while covered in black soot.

"And this is my father, Douglas McArthur Quejas Berbano. He was born and raised in a family of very humble means in Aparri, Cagayan. My father applied to the United States Navy every week for a year. Two years after his initial application, the Navy informed him that he would be a United States Navy Sailor. After serving his country, my dad worked 12-hour days in construction, 6 to 7 days a week, also taking side jobs whenever time permitted.

"Over the years I've watched my mom and dad struggle to provide a better life for our family. Because of their hard work and perseverance, we progressed from a small apartment in Kuhio Park Terrace, to a rental in Pearl City, to realizing home ownership in a 4-bedroom townhouse in Uluwehi, Waianae.

"I know that my parents' way of life and their hard work ethic are familiar and common to many people in Hawaii. I often wondered why people of Hawaii's threshold for taxes are so high.

"In reflecting since my return from the Philippines, I believe I've uncovered a reason. Hawaii's people are generous and sacrificial people. As I have pointed out, my parents are examples of the willingness to sacrifice of themselves to make better lives for others. This is an aspect of Hawaii that makes it a wonderful place to live.

"If you ask my father today what he would do with Hawaii's tax surplus, he would probably say, 'Help the homeless or improve education.' Notice that there would be no request for personal benefits or rewards. This is a man whose body is tired and worn. He should be retired, but instead he works a full time janitorial job in order to make ends meet. I couldn't be prouder.

"This is exactly why your Republican Caucus is focusing on pursuing the tax relief issue this session. Sure - you have heard this mantra before from Republicans, however, it could not have more relevance than it does today. The hardworking citizens of Hawaii have shouldered the crippling load in our high tax; high cost of living State and they definitely deserve a break.

"We have prepared legislation to increase the standard deduction, eliminate the general excise tax on food purchases and medical services, and create a long-term care tax credit among other tax relief measures to help Hawaii's families. We stand ready to review budgetary requests to ensure that they are reasonable, effective and deliver results.

"We must be mindful of the "baby boom" generation that will retire in the next few years, leaving a substantial hole in the workforce. This group will depend on young workers and the government to assist them through their golden years. Baby boomers supported the economy through strong and weak times for many years and we must not repay them by robbing their already fixed incomes.

"We are seeking tax breaks not just for those who are retired or approaching retirement. We must also consider the young workers responsible for carrying us into the future. With the high price of real estate, today's young adults feel there is no hope for homeownership. The message we're sending, regardless of intent, is 'That's the price of paradise; take it or leave it.' As leaders of this State, we must give them a fighting chance to raise their families here at home. Considering the challenges our youth face, can we honestly say we're doing a good job?

"Hawaii is not conducive to starter families. Many who wish to marry and raise their children here are faced with the ultimate dilemma: struggle to stay afloat in the islands or leave in search of a more affordable place to live? Let's ease the stress on these families by returning their hard-earned money in the form of tax relief.

"College graduates quickly discover the harsh realities of living in Hawaii upon receiving their first paycheck. No matter what the chosen profession, be it teachers, hotel workers, doctors, bus drivers, lawyers, or small business owners - no one is exempt from the financial obligations of a growing government.

"Few make enough money to purchase homes. They work day to day and sometimes cannot see the light at the end of the tunnel. Growing up we had an expression for that hopeless feeling and it was 'kill fight'.

"With the walls closing in on Hawaii residents due to the skyrocketing property taxes and substantially increased rents, people can barely keep their checking accounts out of the red. But if we weren't bad enough, next year we will realize one of the largest tax

increases in our history with a more than 12% increase in the General Excise Tax.

"When is enough - enough? When we drive out Hawaii's best and brightest to other lands for better opportunities? When we do not have enough of a workforce to support our growing elderly population? When we have to work 2 or 3 jobs just to make ends meet, leaving our children to fall into wrong hands and dangerous situations? When people have so little they become consumed by their desperation and we lose the war on crime, the war on drugs, the war on domestic violence? Odds are you know people in these situations.

"To the Legislature's credit, initiatives were made to address all of these problems. However, we often ignore the foundational fiscal problem of over taxation.

"Some say, 'What about education?' Your House Republicans support quality schools and a learning environment for our children. But, we must also be prudent and realistic. There is over half a billion dollars currently appropriated to attack the repair and maintenance of our educational buildings and grounds. Appropriating more money, in and of itself, will not repair buildings any faster until we streamline the process of completing the work and paying for it. Let's not allow money to sit and do nothing.

"Some say, 'What about the poor; those who need our help the most?' Hawaii is known for even taxing them. This group really needs immediate tax relief. They also need other measures like innovative programs in addition to raising the standard of need for government assistance. Yesterday, the Department of Human Services held a press conference explaining how they've been handcuffed from spending \$35 million for programs aimed at assisting children and families with needs or who are at risk.

"There is no better time to take action than now. Hawaii's generous people will continue to give. Our government will continue to take. Republicans are ready to invest in people by letting them keep more of their hard-earned money. Mr. Speaker and colleagues, your Republicans, though just 10 of 51 in this House, are passionate, dedicated, and we are ready to work in concert with you for tax relief. Or we are willing to roll up our sleeves for the uphill battle this Session on behalf of Hawaii's people so they can reach the unreachable star.

"Mahalo, Maraming Salamat Po, and God bless."

The Chair then recognized Representative M. Oshiro, the Majority Leader, who rose and responded:

"Thank you Mr. Speaker. Before I embark upon my remarks, Mr. Speaker, I would like to take this opportunity for all of us to recognize the sacrifices of the past and the present of our Armed Services. I look around the room, Mr. Speaker, and I notice there are many, many here who are either retired, have family members, or loved one, serving right now overseas. So, let us recognize them. Any of you seated here in the gallery or on the floor, who are members of our Armed Forces, active or retired, National Guards or Reserves. Please rise to be recognized by very grateful and humble people. Mr. Speaker.

"Thank you Mr. Speaker. Aloha Governor Lingle, Lieutenant Governor and Mrs. Aiona, Congressman Abercrombie, Congressman and Mrs. Case, Chief Justice Moon, OHA Board Chair Apoliona, Mayor and Mrs. Hannemann, Mayors Kim and Arakawa, Council Chair Dela Cruz, former Governor and Mrs. Ariyoshi, former Governor and Mrs. Waihee, former Lieutenant Governor Hirono, Associate Justices of the Hawaii Supreme Court, distinguished guests, colleagues, friends and families.

"It is indeed an honor to stand in this Chamber today, to share the highlights of the Democratic Caucus with you and the people of Hawaii."

"First, let me say that I too thoroughly enjoyed today's entertainment. Celebrating the anniversaries of immigrants to Hawaii is a very special part of who we are as a people. In some way or another, we are all immigrants to Hawaii and share a common appreciation of our forefathers and early arrivals to these shores.

"You see Mr. Speaker, whether you trace your roots to the first Polynesian voyagers, European explorers or Missionaries, Chinese or Japanese field hands, or Portuguese or Korean laborers, we are all bound together by a common heritage of people in search of a home and a better life for their children and themselves.

"As I look across the gallery of the sea of multi-ethnic faces, men and women who have descended from immigrant families and who are now our community, government, and business leaders, I wonder how many states, in our great nation, have opened their legislature, their sessions honoring their ethnic diversity? How lucky we are to live in a place where diversity is celebrated. Indeed, Dr. Martin Luther King would have been proud of what Hawaii is and proud of what Hawaii is becoming. Indeed, Hawaii is *No Ka Oi*.

"Mr. Speaker, today, on behalf of the Democratic Caucus, let me congratulate all of those of Filipino ancestry, including my colleagues and members of our Filipino Caucus -- Representatives Abinsay, Berg, Cabanilla, Finnegan, Magaoay, Pine, and Sonson. To all Filipinos and Filipinos at heart, I say 'Aloha' and 'Mabuhay'. 'Mabuhay' to Filipinos in Hawaii, '100 Years and Beyond'.

"Those last two words, 'and Beyond', Mr. Speaker, are important. If we truly honor the 100 years of the past -- all the blood, sweat, and tears, hardship, loss, and sacrifice, of the generations that came before us -- we must be as responsible as they were to save and invest for a better future, to think about the next generation, and to work together for that most promising tomorrow.

"Mr. Speaker, Hawaii has passed through some rough waters over the past 15 years. We have shown our grit and resolve by withstanding the challenges of the Persian-Gulf War, the SARS Epidemic, and the terrorist attacks of 9/11. It was during these challenging and uncertain times that your Democratic Legislature made prudent budgetary and policy decisions to create the large surplus we enjoy today.

"Indeed, under the exemplary leadership of Speaker Emeritus Joseph Souki, yourself as former Chair of the House Finance Committee, and the current Finance Chair Dwight Takamine, we remained committed to the common good and forged sound public policy that provides us today with a \$600 million surplus. Mr. Speaker, I only wish that Governor Cayetano was here, so that I could publicly thank him and give credit where credit is due.

"For my freshmen colleagues, Mr. Speaker, let me remind each of you that this surplus did not come easy. And it did not come fast. There were no free lunches. But we kept the faith in each other, and together as a community of one people, one *Ohana*, one State, we weathered these storms.

"Now that the state economy is booming -- thanks to the strong foundation built in the past and the sacrifices of all of us, we have a budget surplus that presents us with a great opportunity. It is a great opportunity with an even greater responsibility.

"Mr. Speaker, we are an island state subject to the global winds of fortune that no man can assure. And, if we are not wise in preserving our resources and developing new initiatives, we will be dangerously dependent on others for our well-being. We will lose our most precious privilege -- the freedom and independence to direct our own

future, the ability to chart our own course, to be the master of our own destiny, to be steersman of our own canoe.

"Last year, your Majority Caucus focused on achieving and maintaining 'quality of life' for all who are blessed to call Hawaii home. Working with a broad base of stakeholders, who were successful in passing landmark legislation to preserve Hawaii's most precious resources and protect our important agricultural lands for farming. We addressed the critical issues facing our State from education to health care to public transportation.

"This year, we set our sights on investing in the future. We will do so with these guiding principals:

"We will invest our surplus to ensure that our children will have the skills to compete in the global economy and to excel in new industries.

"We will invest our surplus to maintain the balance between economic growth and open space, diversified farming, and ecological diversity.

"We will invest our surplus to increase energy efficiency and renewability today so that we will have the energy resources needed for tomorrow.

"And we will invest our surplus in ways that support the expansion and sustainability of a diversified economy.

"Mr. Speaker, honored guests, it is with great pride that I share with you the highlights of the Majority's agenda.

"At the top of our agenda is public education. We have toured some of the neediest school facilities throughout the State. We have listened to parents, teachers, and children themselves. If we are to expect greater performance from students and teachers, we must provide them with safe and clean schools to teach in, to learn in. We will spend \$150 million on the repair and maintenance of our public schools, and an additional \$80 million in our classrooms. We will also retrofit our schools to serve as emergency shelters in time of need.

"As we look to the future, Mr. Speaker, we also see new communities coming up throughout the State that require construction of new school classrooms.

"To meet this need, we will use certificate of participation funding - known as COPS - to finance private developers. We will leverage \$50 million of public funds and its interests to lease back payments and use by developers to build new schools. This innovative public-private partnership will support new housing projects and schools being built together.

"We must also consider the serious repair and maintenance of our University of Hawaii system and its 13 campuses. For too long, we have repair and maintenance projects for other needs, and much of their infrastructure is in serious disrepair. As such, we will spend an additional \$84 million on repair and maintenance, with \$50 to \$60 million for operations.

"Mr. Speaker, the backlog of repair and maintenance projects throughout our school system and the University of Hawaii is staggering. But now that we have the means, let's add another "R" to the 3 "R's" of Reading, Writing, and Arithmetic. Let the 4th "R" be 'repair' and for doing it 'right'.

"The Economy. Mr. Speaker, last week, the House and Senate unveiled a joint package that centered around the revitalization and promotion of agriculture. It also builds upon our legacy of commitment to our local farmers and small businesses - the 'Moms and Pops' - because farmers of today will play a greater role in our economic future of tomorrow.

"Many of the fresh foods and local produce that we buy at the grocery store - or at the market place - or enjoy at our restaurants are supplied by local farmers. Diversified agriculture is alive and well, in Hawaii, and holds great promise. But not only that, Mr. Speaker, if Hawaii should ever be faced with a shipping strike or natural disaster, the food we get from local farmers will sustain us during these times of crisis. This is more about public safety than only about keeping the country, country.

"Today, our farmers need help. Our State and private irrigation systems are in need of serious repair. Repairing old flumes and ditches will not come cheap, but rebuilding them from scratch would cost a king's ransom and more.

"We propose to establish a \$50 million fund of which to repair our irrigation systems statewide. We invite our private landowners and farmers to break bread at the table of common interest and shared rewards.

"We will also elevate agriculture in our economy by enhancing the role of the Agribusiness Development Corporation, by transferring responsibilities for marketing, land management, and irrigation system development to the ADC, with the Department of Agriculture retaining its important regulatory function. Farmers, landowners, and consumers will all benefit from these initiatives.

"And we will not stop at the fields and the forest, but also invest in the laboratories of science and technologies and cultivate home grown inventions, inventors, and plug the hole in the dam of human capital and talent leaving our State and country.

"Mr. Speaker, you and I have talked about this for years. We have wanted to do this for years. We have longed for an opportunity, but lacked the resources to devote funding for sometimes risky, but important research and development. Your Democratic majority believes that now is the time to make that commitment.

"We will devote \$100 million, and establish an annual dedicated source of funding to support research in life sciences, biotechnology, renewable energy, agricultural, medical sciences, and the Cancer Research Center of Hawaii.

"The results will be high paying jobs for Hawaii's best and brightest, with business profits and new technologies remaining in the State. These funds will be used for projects that develop businesses related to the life sciences.

"The results will be high paying jobs for Hawaii's best and brightest, improvements to our quality of life as we find new cures for illness and disease.

"Mr. Speaker, one day we will look back to this moment, and know that we started this program so that Hawaii will one day be the Life Sciences Center of the Pacific.

"To complement this infusion, we will focus on workforce development for high need areas, such as construction, health care, and nursing. Using monies from the public funds, we will partner with federal government funds, and create new programs within our University community college system for purposes of building a local work force. Home-grown talent, like home-grown food, is just as good, Mr. Speaker, and quite often even better.

"Housing. Mr. Speaker, it is no exaggeration to say that we are in a housing crisis. Hawaii's lack of affordable housing and the need for shelters must be considered a priority for everyone in this State. No community is immune from this human tragedy. Are we not our brother's keeper?

"The Joint Legislative Housing and Homeless Task Force has worked diligently throughout the year, traveling across the State to assess our needs listening to our communities.

"The Majority Package will follow their recommendations to increase funding for the Rental Housing Trust Fund for programs for homeless and transitional housing; create developer incentives to build moderate income homes; set aside public lands for self-help community housing; and repair our vacant public housing units.

"How we resolve the crisis today, Mr. Speaker, will have a deep impact on all of us, rich and poor, Republican and Democrat, *Malahini* and *Kamaaina*. It does not matter if you live in Waianae or Waialae, we are all in the canoe together and we must use our surplus to address this problem now.

"Energy. This year alone, the cost of crude oil shot up dramatically, directly resulting in higher costs for gasoline and electricity, and indirectly causing prices to rise like everything else.

"We can no longer afford to take energy for granted. Conservation is not just for environmentalists. It must be practiced by everyone, and government should lead by example.

"Your Democratic Majority will set aside \$100 million toward energy conservation in public buildings by installing energy efficient lighting, cooling and heating technologies that will cut our electricity bills and use our natural energy sources.

"We will also propose a 'Pay-As-You-Save' pilot program for residents to finance the cost of a solar water heaters through their monthly electricity bill. We believe it will be a 'win-win-win' for power companies, landlords, and tenants alike.

"Our energy package also includes pilot projects in our schools to install sun-powered batteries and photovoltaic system where roof repairs are already scheduled.

"Mr. Speaker, we will make permanent the renewable energy tax credit and increase the credit for both residential and commercial properties that install solar panels.

"We will also consult and partner with such groups as the Apollo Alliance and meld technology with labor, and labor with industry. Our energy package will be a hallmark of this Session.

"In closing, Mr. Speaker, your Democratic Majority agenda for 2006 was built by a vision for the future - a vision of what Hawaii can and will be, if we plan thoughtfully and demonstrate the political will to make the right decisions today for the future we want tomorrow.

"It is all about investing in our future. It is all about believing in ourselves and each other. It is all about believing that there are endless possibilities in the hearts and minds of our youngest citizens. It is about faith in the future and the promise of today.

"When we opened this Twenty-third Legislature last year, I shared with you my pride and reverence for the Democrats who served this Chamber fifty-one years ago. Not only did they make history, but they laid the foundation for our Hawaii built on the unchanging principles of equality, opportunity, and justice for all. Yet, what really led them to do all this was really their never-ending desire to make life better for their children and their children's children. I have come to believe this more and more each year as I reflect upon my own legacy.

"In words of one of my heroes, Bono, of the group U2 sums it up in a song.

One love, one blood, one life, you got to do what you should.

One life with each other, sisters, brothers, one life, but we're not the same. We get to carry each other. Carry each other. One.

"So as we celebrate the 100th Anniversary of the first Filipino immigrants to Hawaii, it is fitting that we honor a great contributions and sacrifices of the *sakadas* – who made Hawaii better for us today. And all immigrants, for they shared a common bond of hardship, longing, and sacrifice - a vision of what Hawaii could be and should be, and we are blessed by their love for Hawaii and their unceasing drive to make their dreams come true.

"Your Majority Members are continuing this legacy of our immigrant forefathers and predecessors and we have created a vision of what Hawaii can and should be. Mr. Speaker, we each were born for a time such as this. The legacy of the past has already been laid for the legacy of the future. All we must do, is do as they did.

"Aloha, Mabuhay. Thank you Mr. Speaker."

The Chair then called upon the Most Reverent Clarence "Larry" Silva to deliver the benediction.

ADJOURNMENT

INTRODUCTION OF RESOLUTION

The following resolution (H.R. No. 1) was announced by the Clerk and was disposed of as follows:

H.R. No. 1, entitled: "HOUSE RESOLUTION RELATING TO THE CAUCUS LEADERS AND THE COMMITTEE ASSIGNMENTS OF THE HOUSE OF REPRESENTATIVES OF THE TWENTY-THIRD LEGISLATURE," was jointly offered by Representatives M. Oshiro and Finnegan.

On motion by Representative M. Oshiro, seconded by Representative Finnegan and carried, H.R. No. 1 was adopted with Representative Souki being excused.

ANNOUNCEMENTS

Representative Arakaki: "Thank you, Mr. Speaker. We have some Keiki Caucus Bills for signing in Room 414. These bills have to be introduced by tomorrow, which is the deadline. So all the Keiki Caucus Members, please go to Room 414. You have until 5:00 this afternoon to sign them. Thank you, Mr. Speaker."

Representative Halford: "Thank you, Mr. Speaker. Yesterday was a big event, and I thought it went very well. No apparent mistakes that were obvious. But basically I was really impressed on how well it went off. And I would like to take this opportunity to thank the Sergeant-at-Arms and the Clerk's Office for making that happen. Thank you."

Representative Takamine: "Mr. Speaker, thank you. Your Committee on Finance went overtime this morning and we weren't able to finish our budget briefing on the Department of Transportation. Therefore, we'll begin this afternoon, by finishing up with that before we move to our afternoon agenda."

Representative Lee: "Mr. Speaker, thank you. I would like to invite everyone including the men in the audience to sign the Women's Caucus package bills. They're on my desk in Room 421. Thank you."

Representative Ching: "Thank you, Mr. Speaker. I would also like to invite everyone who would like to attend the first ever Heritage Caucus press conference tomorrow at 10 a.m., here in the Capitol Rotunda, for those who are interested. Thank you."

Speaker Say: "Any further announcements? The Chair has one announcement for Representative Arakaki, Representative Waters, and Representative Cabanilla. Can you meet me after the session is adjourned?"

ADJOURNMENT

At 12:16 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon tomorrow, Friday, January 20, 2006. (Representative Souki was excused.)

The Speaker then presented to the Members of the Twenty-Third Legislature and the audience, the Honorable Linda Lingle, Governor of the State of Hawaii.

The Governor then addressed the Joint Session as follows:

"Mr. President, Mr. Speaker, Lt. Governor and Mrs. Aiona, members of the Legislature, Chief Justice Moon, Chair Apoliona, cabinet members, Congressman and Mrs. Case, Mayor Arakawa and Mrs. Arakawa, Mayor Baptiste, Mayor Kim, members of the counselor corps, distinguished guests, and to all the people of Hawai'i. Aloha and good morning.

"It is a great privilege to once again come before you to talk about our State's future. It is a hallmark of American democracy that governors across our nation are given the opportunity to speak freely about the challenges their states face as well as their hopes and dreams for the future. This, and other freedoms we too often take for granted, are being fought for today in distant lands across the globe. Thousands of miles away, countries that suffered under tyranny for decades are now budding democracies because of America's leadership and sacrifice.

"In the recent elections in Iraq, people walked as far as eight miles just to exercise their right to vote. Thanks to the efforts of America's armed forces, democracy is gaining a foothold in Iraq and Afghanistan, and we in America are safer. While in Iraq, our own Hawai'i National Guard 29th Brigade Combat Team conducted thousands of patrols, destroyed dozens of weapons stockpiles and detained hundreds of insurgents.

"Perhaps equally important, these American soldiers provided thousands of Iraqi citizens with clothing, food, purified water, shoes, school supplies and medical care. And they provided Iraqi citizens with a sense of hope and security that resulted in a 90% turnout for voting in the sector patrolled by the 29th Brigade. Allow me to take a moment to recognize some of our heroes who are with us this morning.

"Seated in the gallery and just recently returned home from Iraq is the Commander of the 29th Brigade, Brig. General Joe Chavez, Sgt. Major Robert Inouye, members of their brigade, and their families. Please stand and be recognized.

"These soldiers represent the more than 3,000 men and women of our Hawai'i National Guard and Army Reserve who answered the call of duty and served with honor in Iraq, Kuwait and Afghanistan.

"On behalf of all the citizens of Hawai'i, welcome home, and thank you for your sacrifice and for ensuring a safer world for future generations.

"Today, it is once again my great privilege to report on the state of our State. This year's address is made more meaningful by the presence of our soldiers.

"2005 will go down in history as one of our best years ever.

"The economic indicators are strong, investment is robust, and people are optimistic about the future.

"Our work force grew by 3% this year, one of the fastest growth rates in the nation.

"Our unemployment rate decreased to below 3%, the lowest in the nation.

"Total personal income grew by 8%, the biggest increase since 1990, and the third largest increase in the nation.

"Our gross state product, the most comprehensive measure of the economy, increased 4.7% in 2004. That is the biggest increase since 1991, and the fourth biggest increase in the nation.

"Visitor arrivals in 2005 are estimated to have reached 7.4 million, the first time in history that we had more than 7 million visitors in a year.

"And employment in the construction industry is nearing record levels.

"As strong as those numbers are, they alone don't capture the full story of our success during the past year.

"We achieved longstanding goals, from opening a new medical school in Kaka'ako, to establishing a refuge to protect our precious marine resources in the Northwestern Hawaiian Islands.

"We strengthened our ties to Asia. Our delegation to China and Korea returned with significant agreements covering education and economic development. The businesses that went on the trip already expect to generate more than \$100 million in new business.

"We regained our fiscal equilibrium because we were willing to make the tough choices, and exercise restraint in our spending.

"When I came into office in 2002, the State was spending \$215 million more than it was collecting.

"Today, rather than red ink, we are projecting a \$574 million positive balance. This is a turnaround of over three-quarters of a billion dollars in just three years.

"Now is the perfect time to share the results of this success with the people who made it possible, taxpayers who are struggling with the high cost of living, including skyrocketing housing prices and property taxes.

"It is also the right time to address many unmet needs, from dilapidated school buildings, to a lack of access to healthcare, to deteriorating public housing and a growing homeless population, to overburdened transportation systems.

"And it is obviously the best time in many years to save for the future while making smart investments in those areas that will secure a brighter tomorrow.

"I want to talk first about the least glamorous of my proposals, setting aside more money to meet unexpected challenges in the coming years.

"I am suggesting that we double the size of the State's Rainy Day Fund from \$55 million to \$110 million. Combined with the \$188 million in the Hurricane Relief Fund, this is a good start in creating a cushion for those times when the unexpected occurs.

"Putting aside more money for a rainy day is the responsible, prudent and smart thing to do. And it is exactly what responsible individuals do when they have an increase in their income, because they know that the unexpected can and will happen.

"At the same time we are putting something aside for future unexpected events, people need help right now in coping with the high cost of living.

"I want to use about half of the State's \$574 million surplus for tax relief for those who need it most.

"I was disappointed last year when my proposal to raise the standard deduction was not adopted because it meant that those struggling to make ends meet would fall further behind.

"The bottom line is that we are collecting income taxes from people who simply can't afford to pay them.

"Given our current fiscal condition and projected future revenue, we can raise the standard deduction further than I suggested last year, to 75% of the federal level.

"Moreover, raising the standard deduction helps hundreds of thousands more people than the Earned Income Tax Credit. It is simple for the State to implement, and easy for taxpayers to understand.

"I realize there are other points of view on how to get money back into the hands of our citizens, including President Bunda's call for adjusting the income tax brackets.

"I like his approach as well. That is why I am calling on the Legislature to adopt both ideas.

"Combining an increased standard deduction with a widening of the income tax brackets would reduce the tax burden by \$86 million and benefit over 80% of taxpayers and their dependents.

"It would mean that a family of four earning \$50,000 or less a year would save an estimated \$568 a year.

"This proposal alone, however, is not enough to make a real difference for families coping with higher housing costs, higher property taxes, higher car registration taxes, higher electricity rates, higher water and sewer bills, higher medical bills, and higher food prices.

"In light of higher prices for so many necessities of life, I am proposing two additional tax relief measures this year in recognition of the reality that people are facing across our State, especially the hundreds of thousands who are living paycheck to paycheck.

"First, I am suggesting that we grant a \$100 per person tax credit to those households earning \$50,000 or less a year in order to offset the taxes people pay on food, medical services and non-prescription drugs. I think it is unconscionable that we tax people for eating and getting sick. This tax credit would equal \$400 for a family of four and would benefit 707,000 taxpayers and their dependents.

"Finally, I am proposing a one-time tax refund of \$150 per exemption for all but the highest income residents. A couple with two children would receive a check for \$600 early next year. This one-time tax refund would benefit 857,000 taxpayers and their dependents.

"The advantage of including a one-time refund in the tax relief package is that it gets money to people now when they need it, but it preserves our future options since we are not committed to pay it in the coming years.

"If the Legislature enacts this \$285 million tax relief package, a family of four earning \$50,000 or less would receive \$1,568. Let me repeat how much a family would save, \$1,568. This is enough to pay a year's tuition at a community college with money left over for books, enough for a family to pay its electric bills for a year, or enough to pay off the mounting credit card debt that many are carrying.

"I don't view this session as a fight between tax relief or more money for education, or between education and saving for a rainy day, or between saving for a rainy day and securing our economic future through investments in new energy resources. I view it as a chance to literally have it all.

"Perhaps not in the exact form and amounts that each of us wants, but surely we can manage to compromise now that the treasury is full. We must resist framing the discussion in terms of either/or, but rather we should frame it in terms of how.

"Education must be one of our highest priorities, and is deserving of more support. It is our hope for a better tomorrow, both for us as

individuals and as a State. Over time, it can wash away the barriers of disadvantage.

"Almost all of us have been in a DOE or UH building that was run down, peeling paint, lack of electrical power, broken fixtures and worse. And new housing developments have created over-crowded conditions at some schools.

"I am proposing a dramatic increase of \$132.5 million for K-12 public education, including \$90 million in additional funds for school construction and repairs and maintenance. This money is on top of the \$570 million already appropriated, but not yet spent by the Department of Education for a total of \$660 million. These are big numbers, although they are not as large as some have suggested.

"Before we give the DOE a blank check, we must be certain we are getting our money's worth for the more than \$2 billion we are already spending each year on K-12 operations, and the \$570 million already approved to construct, repair and maintain our schools.

"Besides the need for a robust repair and maintenance program and new school construction, the DOE is facing a severe teacher shortage. I am proposing four laws to immediately address the shortage.

"One, allow retired DOE teachers to be hired for difficult to fill classroom positions for 24 months without any loss of retirement benefits.

"Two, start a Master Teacher Program that would pay a \$10,000 a year bonus to any of the 111 National Board Certified Teachers who agree to teach in an underperforming school for three years. They must mentor the other teachers and would be allowed to return to their original school.

"Three, create an Emergency Certified Teacher Program that would allow anyone holding a bachelor's degree or higher to teach in the subject in which they have degrees as long as they complete the substitute teacher training program or similar course.

"And four, use \$500,000 to reestablish the Hawai'i Educator Loan Program, and reduce the amount of time you must teach from 10 to 6 years in order to qualify for loan forgiveness for tuition at any certified teaching program.

"I have also included money in the Supplemental Budget for 100 more students in the College of Education at Manoa and West O'ahu and 150 more students from the community colleges who would transfer into the College of Education.

"The charter schools are an important adjunct to the traditional DOE schools. This important option for parents, students and teachers has never received fair and equal funding and we should change that this Session.

"Also, we should give the charter schools their own school district so they are able to receive funds directly from the federal government.

"This will be a net gain for our state school system.

"I am also requesting that you remove the cap on the number of charter schools so that we can establish seven new charter schools around the State that would use environmental education as their foundation. I view environmental threats as one of the most serious problems for us to address. It is increasingly important that future generations have an understanding of these issues and the choices we will face in the years ahead.

"I have included money in my Supplemental Budget to establish these seven charter schools throughout the major islands, including two on the Big Island. I hope you will give this proposal your most serious consideration.

"While public schools garner most of the education headlines, both good and bad, our University system is equally important and deserving of additional support. Last month I proposed that the UH receive an additional \$45.6 million in operating funds and \$252 million more for facilities, including \$175 million in private funding to make the dream of a West O'ahu campus a reality.

"These proposals include the money needed to repair crumbling buildings throughout the UH system, to increase campus security, expand workforce education in nursing, teaching and the construction trades; to fund the College of Pharmacy at UH-Hilo, and to support the Hawaiian Studies program.

"A good education is still the surest way to a higher-paying job, but even with rising wages, the price of rental housing and home purchase is out of reach today for too many people. The supply of rental housing has tightened and Hawai'i ranks 48th in home ownership. And as anyone knows who has visited Ala Moana Beach Park, the breakwater at Kahului Harbor on Maui and other areas across the State, the number of homeless among us is growing.

"It is simply not *pono* for our families to be living in cars, people to be sleeping in the doorways of businesses downtown or on picnic tables in our parks. There is no one silver bullet to solve the problems of homelessness and affordable housing, but there are many good ideas that can and should be enacted. We should begin by learning from our successes.

"I am proud to report that the Department of Hawaiian Home Lands has awarded more residential leases and provided more families with opportunities for home ownership in the last two years than in the entire decade of the 1990's. This fact is impressive, but let me share with you the human side of this success.

"This is a letter written to Hawaiian Homes Commission Chairman Micah Kane after the recent awarding of homestead lots in the Lai'opua subdivision on the Big Island.

"Dear Mr. Kane. I am writing to thank you and the DHHL administration for all of your love and support yesterday at the selection meeting in Kailua-Kona. I cannot express the emotion that I felt from the very beginning of the meeting. The *pule* from Kaulana Park was truly spirit filled. I did not know what to expect at this meeting. When I saw my husband's name, Wendell Kualaaui, on the big screen and heard his name called, I couldn't help but to feel an emotion of finally. Then I watched him hold his composure and his emotions through the whole process. Each and every one of you practically held everyone's hand through the entire procedure. Your administration was so organized and displayed such a sincere congratulations to each of the awardees. I don't know what it feels like to win the lottery but I imagine that this was pretty close. We all need hope in life to carry on and to have a future to look forward to. DHHL gave that to so many Hawaiians yesterday. Once again, thank you for an experience that will live in my heart forever. Aloha, Teresa A. Kualaaui."

"It is important to note that every home built by DHHL means there is one less family competing for an affordable home in the open market. DHHL's success has been so dramatic that the Building Industry Association recently named Hawaiian Homes Commission Chairman Micah Kane as its Housing Advocate of the Year.

"This Department achieved this success through many innovative programs, such as leveraging federal rural development funds, pre-selection credit reviews, and ongoing counseling to assure successful home ownership. Such approaches can serve as a model for other affordable housing programs.

"But we need more housing for our non-Hawaiian residents as well, so I am making good on my commitment to ask the Legislature to redirect Legacy Lands tax money from the general fund into our

housing funds. After all, there is no greater legacy that we can leave our children than a home they can call their own.

"Coupled with this infusion of additional State funding, I am proposing that the Legislature authorize the use of special purpose revenue bonds to encourage the construction of additional workforce housing across the State. Special purpose revenue bonds have proven to be a successful tool for funding private schools, hospitals and economic development projects. It is time to apply this tool to meeting our housing needs.

"To address the problem of homelessness, I am proposing that we spend \$10 million to renovate and repair existing homeless shelters, which have long suffered from neglect, and another \$10 million in grants for supportive housing. The importance of this funding cannot be over emphasized. Experience has shown that the homeless need more than just a roof over their head. They need services as well, substance abuse counseling, mental health treatment, and job training, that will give them the tools they need to stay off the streets. Supportive housing provides all of that in one package.

"I have submitted again this year a complete package of housing proposals, including: increased rental subsidies, a program to pay the first month's rent and security deposit, the lack of which keeps many people homeless; streamlined land use processing, and a redefinition of affordable housing in order to qualify more families.

"Lastly, we need to keep our eye on the ball and severely restrict the raiding of any of our housing funds as has been done to the tune of more than \$200 million over the last 10 years. I am proposing a new law to require that any future diversion of funds meant to finance housing projects would need a two-thirds vote of the Legislature.

"While tax relief, education and housing may be the State's most obvious needs, access to medical care and social services has also suffered during the lean years and now requires more funding. Now is the time to move forward to extend MEDICAID coverage to more low-income children and adults. I am proposing programs to extend coverage to an additional 29,000 people over the next six years, with the majority of the cost borne by the federal government.

"It is also time to restore dental coverage for needy adults, specifically preventive care for adults in the MEDICAID program. This is both the humane thing to do and the smart thing to do since a lack of preventive dental care will lead to the need for more painful and costly oral surgery for which the State would be obligated to pay.

"I spoke earlier this morning about the environmental threats we could face if we fail to teach our children the concept of good stewardship of our lands, oceans and other natural resources. And while teaching stewardship will help protect our resources over the long term, we need to invest now in various environmental programs and projects. That's why we've asked you to approve a record \$92 million budget for the Department of Land and Natural Resources that is unprecedented in scope and scale.

"The disrepair of our State parks deserves immediate attention. Residents and visitors alike expect and deserve better than broken or filthy restrooms. I have asked you for an additional \$10 million to repair our park facilities as well as additional funding to clean them more regularly and to provide nighttime security patrols. And I am again calling on the Legislature to invest in the repair and reconstruction of our small boat harbors.

"Besides this additional spending, I am proposing strict new penalties for those who illegally trespass into our forests and who steal timber, including our precious koa.

"Additionally, I am asking that revenues derived from forest reserves be used to expand and enhance forest stewardship.

"I am also proposing that we continue the successful partnerships with private landowners in order to encourage more habitat conservation plans on private lands. This law is set to expire next year.

"Respect for nature and respect for our native Hawaiian culture go hand in hand. To lose this would be to lose the very essence of our islands. A vibrant host culture enriches and benefits all of us. I pledge my continued support for those programs and efforts that preserve and perpetuate the Hawaiian culture.

"Of all the tasks that government undertakes, none is more fundamental than ensuring the safety of our citizens. The natural disasters of the past year made it clear that civil defense preparedness is a necessity, not a nicety. Last month, I announced a comprehensive emergency preparedness package. There are many components to that package, but the bottom line is this.

"First, we must harden our public and private buildings, to better resist natural disasters when they do hit.

"Second, we must be better prepared to respond before and after a disaster strikes by: modernizing our warning systems, stockpiling supplies, doubling the funds available to respond in the first hours after an emergency, and entering into an agreement with other states so we can call on them for aid when disaster strikes. We are the only state in the nation that has not yet signed that agreement and I am asking the Legislature to authorize us to do so now.

"Third, we must create additional shelter spaces including special areas for those needing medical care, and a place where people can bring their pets. We learned from Hurricane Katrina that the unwillingness to leave pets behind can lead to human death and injury.

"And finally, we must adopt severe penalties for those caught looting during or after a disaster and make it a serious crime to attack a civil defense worker.

"In addition to natural disasters, there are other, more subtle threats to our security that we must address.

"Our dependence on imported oil leaves us vulnerable to price swings and shortages of supply. Earlier this month, I proposed a sweeping set of proposals designed to move us from our decades-long overdependence on imported oil toward energy self-sufficiency based on renewable resources.

"If we are going to achieve self-sufficiency, we will need to push hard on many fronts. State government needs to lead the way by building more efficient buildings and using less oil itself. Weaning ourselves from oil won't be cost-free, but we must do so if we want our economy to survive the next time the price of a barrel of oil increases by 50%.

"I am proposing a bold new initiative to make Hawai'i the center of America's development of hydrogen as an alternate fuel source. Already internationally recognized leaders in this field have expressed interest in using Hawai'i as the place where hydrogen can move from the research phase into production.

"Additionally, we need to provide expanded tax incentives for people or businesses who install energy efficient appliances, solar hot water heating, photovoltaics or wind energy systems.

"We also need to encourage the development of biofuels as a substitute for oil, fuels through farming. Just as we want to mandate 20% alternative fuels for electricity production by 2020, we also want to adopt a standard of 20% use of biofuels in gasoline by 2020.

"The price of gasoline is just one of the challenges that we face when we drive each day. Another is gridlock on our highways. This is why I am seeking an additional \$137 million for highway

construction for projects such as: the North-South Road and Kapolei Parkway on O'ahu, the expansion of Kuhio Highway on Kaua'i, the realignment of Honoapi'ilani Highway on Maui and the design of an afternoon contra-flow zipper lane on the H-1 Freeway.

"Along with improved traffic flow, we have an obligation to make sure that pedestrians are safe when crossing the street. Just last week another senior citizen was killed by a driver while crossing the street in a marked crosswalk. This 86-year-old kupuna, who was so full of life, was on her way to buy supplies for centerpieces for her church choir. The news story said that Betty Tanaka Santiago's great grandchild asked, 'But why can't I see her anymore?'"

"My heart breaks for Mrs. Santiago's family. I am very angry about this senseless loss of life.

"I am proposing tough new measures to place traffic violators in jail and to revoke their driving privileges for failing to yield the right-of-way to a pedestrian.

"We must not abandon our search for solutions to this and other very difficult problems that continue to plague our State, most notably drug abuse.

"I am again calling on legislators to recognize that tougher penalties for repeat drug offenders and the manufacture of ice are essential if we ever hope to make a dent in this community crisis.

"But we also need to increase prevention efforts. As an example, I am proposing \$10.2 million in federal funds to expand the About Face and Healthy Lifestyles programs for at-risk youth and needy adults. This new spending will allow us to double the size of these programs.

"Director Ted Daligdig and students from the About Face program are with us today. Please stand and be recognized.

"I have shared a wide range of ideas with you today that I believe all fit into the following basic framework, ensuring that our economic prosperity continues, ensuring that we all share the benefits of that prosperity, and ensuring that we protect those things that make Hawai'i so special.

"Of all the things that make us special, one of the foremost is our diversity as a people. Remember the euphoria we all felt last year when the Little League team from Ewa Beach won the world championship? Where else would you find a team that close-knit with kids named Memea, Aliviado, Ranit, Javier, Guevara, Fe'au, Baniaga, Rosete, Enos, Aglipay, Kam and Tirpak? Just like that team, as a State we draw strength from our diversity. And we truly believe that it is right and proper to help those in need.

"These two characteristics of diversity and a desire to help others blended together for our troops as they not only fought wars in far-off lands, but helped people who were different than them. The soldiers from Hawai'i always treated the Iraqi and Afghan people with respect.

"As one of our returning National Guardsmen shared his experiences with me at a welcome home ceremony at Kalaeloa, tears came to his eyes as he spoke of having to leave the Iraqi children behind. Our ability to show aloha for others, including people from vastly different backgrounds...is one of our greatest sources of strength.

"I'm also reminded of our diversity as we begin the yearlong centennial celebration to mark the journey taken by the first 15 Sakadas who arrived on the Big Island from the Philippines in 1906. Like so many before them and so many since, they were driven by a dream, a dream of a better life, of hope and opportunity. From those humble roots, today the Filipino community makes up almost 25% of our population. Its members are among the leaders in all walks of life, from business to politics to the professions.

"Earlier this month, I had the privilege of retracing the journey of the Sakadas as part of an official delegation that traveled to the Philippines to celebrate this landmark event. That journey reminded me of the obligation that those of us in public service have to keep Hawai'i a place where diversity is respected, and where the dreams of our people, regardless of their origins, can be fulfilled.

"This is the final State of the State Address I will have the privilege of making during this term of office. I'd like to take this opportunity to thank the members of the Legislature for working with me to move our State forward. While we haven't always seen eye-to-eye, the debate has benefited the public and often made the results better.

"I'd also like to thank the 50,000 State employees, my colleagues in public service, who work hard to make life better for the citizens of this State.

"There is one State employee in particular whom I would like to recognize today. He is Francis Lum, our State's protocol officer. Mr. Lum has worked directly with five different governors, beginning with Governor Burns. He is retiring after 58 years of service, 40 as the State's protocol officer. Please join me in acknowledging the dedication and commitment of this exemplary public servant. Mr. Lum is a true public servant. It never mattered if he was working in a Democratic Administration, in a Republican Administration. Whether he was dealing with the House, the Senate, and the Executive Branch. He was exemplary and I will miss you terribly Mr. Lum.

"My final thanks go to the people of Hawai'i for giving me the chance to serve. Whether here at home, or traveling on the mainland or in foreign countries, wherever I go, whoever I talk with, I am always so full of pride because I represent the best people in the best place in the world.

"In closing I can say with gratitude and humility that the state of our State is better today than it was 3 years ago. It is better today than it was last year and if we have the political will to work together to make the correct choices during this Legislative Session, the state of our State next year be even better and stronger and more promising. Let's commit to work together to ensure that our economic prosperity continues. That we all share in the benefits of that prosperity and that we protect those things that make Hawai'i special. We have the opportunity; we have the means, now together let's seize the moment. Mahalo and God bless to all."

President Bunda then rose and stated:

"Thank you, Governor. We certainly do have a lot of work to do this session. Your proposals will be a subject of much discussion in the coming weeks and it is our hope that we can find some common ground for the good of the people of Hawaii. At this time, this Joint Session of the Legislature is now adjourned."

At 11:00 o'clock a.m., President Bunda declared the Joint Session of the House of Representatives and the Senate of the Twenty-Third Legislature adjourned.

ADJOURNMENT

At 12:00 o'clock midnight, the House of Representatives adjourned until 12:00 o'clock noon, Wednesday, January 25, 2006.

2251 Committee on Education, then to the Committee on Finance

STANDING COMMITTEE REPORTS

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1-06) recommending that H.B. No. 1949, pass Second Reading and be placed on the calendar for Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1949, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative B. Oshiro.

Representative Halford rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'd like to speak in, well I am in favor of this bill. I'm voting for this bill. But I would like to point out what I've perceived to be a shortfall in this bill, specifically regarding the Legislative Auditor, the funding for the Legislative Auditor.

"Again, there's insufficient funding for regular and ongoing comprehensive auditing of all State activity as required in our State Constitution. Mr. Speaker, I feel that this is so important because for us, our Legislature is responsible for the purse strings, for the management of our State finances. It is specifically these management and performance audits that will give us the insight and clarity into how to get the most value for the dollars that we spend.

"Perhaps, funding this would yield value in excess of the surpluses that we now see in our coffers. So I just wanted to take this opportunity again to say that I hope we will fulfill these constitutional mandates soon. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1949, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," passed Second Reading and was placed on the calendar for Third Reading, with Representative Meyer being excused.

At 12:13 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:14 o'clock p.m.

Representative Takumi, for the Committee on Education presented a report (Stand. Com. Rep. No. 2-06) recommending that H.B. No. 1860, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1860, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Mr. Speaker, I rise in support of HB1860. This bill appropriates funds to operate the DOE website. Although I think a website is important to the Department of Education, when we adopted the Weighted Student Formula we wanted the School Community Councils to prioritize where education funding would be spent. When we continue to direct spending from the Legislature we hurt the intentions of the WSF and push our agenda before those at the school level."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1860, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance, with Representative Meyer being excused.

Representatives Takumi and Caldwell, for the Committee on Education and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 3-06) recommending that H.B. No. 1863, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 1863, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Mr. Speaker, I rise in support of HB1863. This bill repeals the transfer of functions to the Department of Education that were specified in Act 51 from the Departments of Budget and Finance, Attorney General, and Human Services, and delays for one year the transfer of public health nurses from the Department of Health."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 1863, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance, with Representative Meyer being excused.

Representatives Takumi and Caldwell, for the Committee on Education and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 4-06) recommending that H.B. No. 1865, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 1865, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Finnegan rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Mr. Speaker, I rise in support of HB1865. This bill establishes 8 new positions in the DOE and appropriates funding for them. I am in strong agreement with the DOE hiring a Chief Financial Officer. At this time I am unsure about prioritizing the other two positions over school based spending. I have requested from the Department of Education an organization chart with job titles and job functions to get a better understanding of the current management structure and the proposed new management structure."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 1865, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF EDUCATION," passed Second Reading and was referred to the Committee on Finance, with Representative Meyer being excused.

INTRODUCTION OF RESOLUTIONS

By unanimous consent, the following resolutions (H.R. Nos. 7 and 8) and concurrent resolutions (H.C.R. Nos. 11 and 12) were referred to Printing and further action was deferred:

H.R. No. 7, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES AND THE JUDICIARY TO CLEAN UP AND BEAUTIFY THE AREA IMMEDIATELY ADJACENT TO THE BANYAN TREE BETWEEN THE TERRITORIAL BUILDING AND ALIOLANI HALE," was offered by Representative Harbin.

H.R. No. 8, entitled: "HOUSE RESOLUTION REQUESTING HAWAII'S CONGRESSIONAL DELEGATION TO SEEK FEDERAL FUNDING TO BE USED FOR PROGRAMS AND MEASURES INTENDED TO CONTAIN AND ERADICATE COQUI FROGS IN HAWAII," was jointly offered by Representatives Takamine, Chang, Evans, Green, Hale, Herkes and Tsuji.

H.C.R. No. 11, entitled: "HOUSE CONCURRENT RESOLUTION ESTABLISHING A TASK FORCE TO STUDY AND RECOMMEND ACTIONS TO PREVENT THE SPREAD OF COQUI FROGS AND OTHER INVASIVE SPECIES," was jointly offered by Representatives Evans, Chang, Green, Hale, Herkes, Tsuji and Takamine.

H.C.R. No. 12, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING HAWAII'S CONGRESSIONAL DELEGATION TO SEEK FEDERAL FUNDING TO BE USED FOR PROGRAMS AND MEASURES INTENDED TO CONTAIN AND ERADICATE COQUI FROGS IN HAWAII," was jointly offered by Representatives Takamine, Chang, Evans, Green, Hale, Herkes and Tsuji.

ANNOUNCEMENTS

Representative M. Oshiro: "Mr. Speaker, I just like to announce that one of our Members celebrated his birthday this past week Tuesday. I think we'd all like to wish him a belated 'Happy Birthday' to Chair Herkes. Happy Birthday. Thank you Mr. Speaker."

Speaker Say: "Any further announcements? If not, Members if you look at your appendix for tomorrow, it shows the hearings that are scheduled. It's on your agenda."

ADJOURNMENT

At 12:15 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Thielen and carried, the House of Representatives adjourned until 12:00 o'clock noon, Monday, January 30, 2006. (Representative Meyer was excused.)

SEVENTH DAY

Monday, January 30, 2006

The House of Representatives of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2006, convened at 12:04 o'clock p.m., with the Speaker presiding.

The invocation was delivered by Representative Barbara C. Marumoto, after which the Roll was called showing all members present with the exception of Representatives Berg, Halford and Meyer, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Sixth Day was deferred.

GOVERNOR'S MESSAGES

The following messages from the Governor (Gov. Msg. Nos. 203 through 207) were received and announced by the Clerk and were placed on file:

Gov. Msg. No. 203, dated January 20, 2006, transmitting the High Technology Development Corporation's 2005 Annual Report.

COMMITTEE REASSIGNMENT

The following bill was re-referred to committee by the Speaker:

<u>H.B. No.</u>	<u>Re-referred to:</u>
1904	Committee on Transportation, then to the Committee on Judiciary, then to the Committee on Finance

STANDING COMMITTEE REPORTS

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 5-06) recommending that H.B. No. 1840, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1840, entitled: "A BILL FOR AN ACT RELATING TO CONSERVATION," passed Second Reading and was referred to the Committee on Judiciary with Representatives Berg and Meyer being excused.

Representative Takumi, for the Committee on Education presented a report (Stand. Com. Rep. No. 6-06) recommending that H.B. No. 1864, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1864, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance with Representatives Berg and Meyer being excused.

Representatives Takumi and Waters, for the Committee on Education and the Committee on Higher Education presented a report (Stand. Com. Rep. No. 7-06) recommending that H.B. No. 1866, pass Second Reading and be referred to the Committee on Economic Development & Business Concerns.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1866, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Economic Development & Business Concerns with Representatives Berg and Meyer being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 8-06) recommending that H.B. No. 1879, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1879, entitled: "A BILL FOR AN ACT RELATING TO VETERANS," passed Second Reading and was referred to the Committee on Finance with Representatives Berg and Meyer being excused.

Representatives Ito and Arakaki, for the Committee on Public Safety & Military Affairs and the Committee on Health presented a report (Stand. Com. Rep. No. 9-06) recommending that H.B. No. 2125, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2125, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On Stand. Com. Report 9-06, I have some concerns. It's a very good bill in general. However, it talks about providing treatment and assessment for any crime. I think it's a little broad. I don't know if any crime would be considered, or just those crimes that might relate to drugs, because we're talking about substance abuse. So maybe it can be limited a little bit more as it moves through the other committees.

"Also, there is no financial impact assessed in the bill, at least attached there. I know it will require some funds. So just those comments. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2125, entitled: "A BILL FOR AN ACT RELATING TO SUBSTANCE ABUSE TREATMENT," passed Second Reading and was referred to the Committee on Judiciary with Representatives Berg and Meyer being excused.

Representative Takumi, for the Committee on Education presented a report (Stand. Com. Rep. No. 10-06) recommending that H.B. No. 1861, pass Second Reading and be placed on the calendar for Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1861, pass Second Reading and be

placed on the calendar for Third Reading, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising to just express some reservations about this bill. Thank you. Mr. Speaker, I will be voting for it, but I would like to get more information before we go through to Third Reading.

"The bill eliminates the requirement that the Department of Education's annual report of principals are provided to the Board of Education, I believe. I may be misreading this. But I believe that it's eliminating that requirement. I think that the more regular information that is provided, as we struggle to improve our school system, is important. And so I will talk to the Chair of the Education Committee to try to get some more insight on this. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1861, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was placed on the calendar for Third Reading with Representatives Berg and Meyer being excused.

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Thielen and carried, the rules were suspended for the purpose of considering a bill on Third Reading on the basis of a modified consent calendar. (Representatives Berg and Meyer were excused.)

THIRD READING

H.B. No. 1949:

Representative M. Oshiro moved that H.B. No. 1949, pass Third Reading, seconded by Representative B. Oshiro.

Representative Halford rose to speak in support of the measure, stating:

"Thank you Mr. Speaker. In favor of this bill, and for brevity, I'll just reference my remarks at Second Reading."

The motion was put to vote by the Chair and carried, H.B. No. 1949, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," passed Third Reading by a vote of 49 ayes, with Representatives Berg and Meyer being excused.

ANNOUNCEMENTS

Representative Stevens: "Mr. Speaker, our islands and especially the maritime community lost a distinguished citizen last night. Many of you know Captain David Lyman who was the Senior Pilot from the Pilots Association. He died last night while piloting a cruise ship out of Nawiliwili Harbor. He was just an outstanding citizen, a very good friend and mentor of mine. If you know, he's been involved in so many community service and charitable causes including the Hawaii Maritime Museum. He was a founding member. I would just like to request a moment of silence in his memory. Thank you Mr. Speaker."

At this time, the House of Representatives stood for a moment of silence in memory of veteran harbor pilot, Captain David Lyman.

Representative Moses: "Mr. Speaker, I'd just like to wish this Body *chung hee fat choy*. Happy New Year"

Speaker Say: "Representative Ching, would you like to clarify?"

Representative Ching: "*Do jie, do jie*. Thank you, Mr. Speaker. Yes, I would also like to wish this Body a *kung hee fat choy sa nin fai loh san tai gin hong* 'Happy New Year and in all four seasons, may peace and health be with you.'"

2708	Committee on Economic Development & Business Concerns, then to the Committee on Judiciary
2960	Committee on Agriculture, then to the Committee on Finance
3070	Committee on Agriculture, then to the Committee on Finance

STANDING COMMITTEE REPORTS

Representatives Sonson and Hale, for the Committee on Human Services and the Committee on International Affairs presented a report (Stand. Com. Rep. No. 11-06) recommending that H.B. No. 2050, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2050, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INTERNATIONAL MATCHMAKING," passed Second Reading and was referred to the Committee on Judiciary with Representatives Meyer and Thielen being excused.

Representatives Takumi and Caldwell, for the Committee on Education and the Committee on Labor & Public Employment

presented a report (Stand. Com. Rep. No. 12-06) recommending that H.B. No. 1859, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 1859, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading, and was placed on the calendar for Third Reading with Representatives Meyer and Thielen being excused.

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Moses and carried, the rules were suspended for the purpose of considering a bill on Third Reading on the basis of a modified consent calendar. (Representatives Meyer and Thielen were excused.)

THIRD READING

H.B. No. 1861:

Representative M. Oshiro moved that H.B. No. 1861, pass Third Reading, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I know it is Third Reading and there's no way to go back and look at this bill a little more. And I was not in the Committee. So I apologize.

"I just have a little concern that the Board of Education is the governing body over the Department of Education, it just seems to me that they would deserve to take a look at some of these documents in proceedings. And there was no testimony from the Board. So we have no idea if they think that this is a good idea or not. Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Yes Mr. Speaker, I have similar concerns. Particularly in the fact that if you just read the bill alone, it seems like we're taking away the Legislature's directive to be accountable to the Board of Education. And so, just because I don't know that much about this bill, I just wanted to voice my strong reservations and hope that we're not taking away a requirement to be accountable to us and the Board. Thanks."

Representative Takumi rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. I had to put on the glasses so I can see you better. Just as a clarification on this bill, and if any Member has any questions regarding any bill, they're more than welcome to come in, talk to me so I can explain the rationale behind it.

"This bill, what it does is it repeals the requirement for an annual report submitted to the Board of Education on all principal transactions. In another words, on an annual basis, the Superintendent submits a report to the Board listing every principal in the system and whether or not they got promoted, retired, they left, whatever the case may be.

"This was a Board-initiated request. There were 7 bills proposed by the Department of Education. This was one of them and as people

who know the process, any bills submitted by the Department has to be approved by the Board. This bill was approved by the Board. It had their support. And it's basically a housekeeping bill.

"Secondly, more importantly, Mr. Speaker, this raises a whole question that we tried to embed in the Re-inventing Education Act of 2004. And that is, the Department and the Board should really be able to control their own destiny.

"I do believe the Legislature should not be in the business of saying, "Superintendent, provide a report to the Board." It should be the Board that requests the Superintendent to provide reports to them on a timely basis. This is a report that they don't feel they need. It's in statute. I believe we should repeal it.

"The Board is under its total authority at present to request any and all reports of the Superintendent that they deem necessary to conduct their business. So they do not need a law for us to tell them that they need a certain report. And that's the whole impetus behind this bill. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, H.B. No. 1861, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 49 ayes, with Representatives Meyer and Thielen being excused.

At 12:11 o'clock p.m., the Chair noted that H.B. No. 1861 passed Third Reading.

INTRODUCTION OF RESOLUTIONS

By unanimous consent, the following resolution (H.R. No. 9) and concurrent resolutions (H.C.R. Nos. 13 through 15) were referred to Printing and further action was deferred:

Dept. Com. No. 51, from the Legislative Reference Bureau, transmitting the Bioprospecting: Issues and Policy Considerations.

Dept. Com. No. 52, from the Legislative Reference Bureau, transmitting the On-Call Crisis in Trauma Care: Government Responses.

ORDER OF THE DAY

COMMITTEE REASSIGNMENT

The following bills were re-referred to committee by the Speaker:

<u>H.B. Nos.</u>	<u>Re-referred to:</u>
1830	Committee on Judiciary, then to the Committee on Finance
1831	Committee on Judiciary, then to the Committee on Finance
2057	Committee on Health, then to the Committee on Judiciary
2544	Committee on Judiciary, then to the Committee on Finance
2576	Committee on Higher Education
2864	Committee on Judiciary, then to the Committee on Finance
2866	Committee on Human Services, then to the Committee on Judiciary
3157	Committee on Higher Education, then to the Committee on Finance
3176	Committee on Higher Education, then to the Committee on Finance
3242	Committee on Judiciary

STANDING COMMITTEE REPORTS

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 13-06) recommending that H.B. No. 1647, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1647, HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Just one concern. What I understand, and again, this is not a Committee I'm in, and it'll come to my Committee later. But I understand that the intent is to do all of this undergrounding without passing on the cost to the consumer. I think that's an impossible task. I just want to point that out for anybody who is business-minded. They'll know that the consumer will ultimately pay. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 1647, HD 1, entitled: "A BILL FOR AN ACT RELATING TO UNDERGROUNDING OF OVERHEAD UTILITIES," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce.

Representative Takumi, for the Committee on Education presented a report (Stand. Com. Rep. No. 14-06) recommending that H.B. No. 1891, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1891, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations and short comments. Thank you. This is the State Educational Facilities Improvement Special Fund, otherwise known as SEFI. The money in this SEFI does not lapse. This creates a disincentive to meet deadlines. Also there is no oversight. It interferes with Budget and Finance's management of State's finances and bond authorizations. So I'm just a little concerned. Thank you."

Representative Takumi rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In support of this measure. And just for the edification of the Members who are not on the Education Committee, this SEFI Fund as many of you who were here in previous years know that we reduced that amount from \$90 million to \$45 million in 1999.

"This bill merely asks, I mean it's going to be forwarded obviously to the Finance Committee to take a look at that. It's a blank amount. And whether or not we should increase that \$45 million to whatever amount. And it has a drop dead clause of one year. So we all know we're in unique circumstances. This is an opportunity for us to make a commitment to the repair and maintenance of schools and to have a one-time allocation into that Fund and then it will sunset. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 1891, HD 1, entitled:

"A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance.

ANNOUNCEMENTS

Representative Waters, for the Committee on Higher Education requested a waiver of the 48-hour advance notice requirement for the purpose of conducting a public hearing on H.B. No. 3157, Relating to the University of Hawaii at Manoa Hawaiian Affairs tomorrow at 2:30 p.m. at the Campus Center Ballroom of the University of Hawaii and the Chair "so ordered."

Representative Ito for the Committees on Public Safety & Military Affairs and Water, Land, & Ocean Resources requested a waiver of the 48-hour advance notice requirement for the purpose of conducting a public hearing with decision making to follow on H.B. No. 2833, Relating to Prisons on Friday, February 3, 2006 in Conference Room 312 and the Chair "so ordered."

Speaker Say: "At this time, the Chair has an announcement for all of you. If you look in your tray, Members, you'll find H.B. No. 1949, SD 1. It has been placed on your desk. This measure is positioned to pass Third Reading in the Senate tomorrow and be returned to this Chamber.

"There upon, we will take Final Reading action on Friday. So this is to give you the 48 hours notice that this measure is coming back and we will take action on Friday. The Chair has given you this notice in order to comply, once more with the provisions of Article III, Section 15 of the State Constitution, which states in pertinent part: no bill shall pass Third Reading or Final Reading in either House, unless printed copies of the bill in the form to be passed shall have been made available to the Members of this House for at least 48 hours.

"That is to support all of our employees who are presently working this Session and for the Members of all the Neighbor Island delegation and for our legislative allowance."

Representative M. Oshiro: "Mr. Speaker, it gives me great pleasure to announce that today, we celebrate the birthday of one of our leaders. And that gentleman is none other than yourself. So I'd like to ask the Members to wish you, Mr. Speaker, a very Happy Birthday. And also Mr. Speaker, to invite all Members of the House to have some birthday cake outside the Caucus Room."

Speaker Say: "May I extend to all of you, for those individuals or colleagues whose birthdays do not fall during the Session, I want to wish you a Happy Birthday also."

ADJOURNMENT

At 12:16 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon, tomorrow, Thursday, February 2, 2006.

TENTH DAY

Thursday, February 2, 2006

The House of Representatives of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2006, convened at 12:05 o'clock p.m., with the Speaker presiding.

The invocation was delivered by Pastor Glenn Yamaguchi from New Hope Chapel, Kapolei, after which the Roll was called showing all members present.

On motion by Representative B. Oshiro, seconded by Representative Meyer and carried, reading of the Journals was dispensed with and the Journals of the First, Second and Third Days were approved. (Representatives Kahikina, Nishimoto and Souki were excused.)

GOVERNOR'S MESSAGES

The following messages from the Governor (Gov. Msg. Nos. 209 through 215) were received and announced by the Clerk:

Gov. Msg. No. 209, dated January 31, 2006, transmitting the Preliminary Report on the Implementation of Act 183, Incentives for Agricultural Lands.

STANDING COMMITTEE REPORTS

Representative Kanoho, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 15-06) recommending that H.B. No. 2147, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2147, entitled: "A BILL FOR AN ACT RELATING TO DROUGHT MITIGATING WATER STORAGE FACILITIES," passed Second Reading and was referred to the Committee on Finance.

Representative Kanoho, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 16-06) recommending that H.B. No. 1982, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1982, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE FISH," passed Second Reading and was referred to the Committee on Judiciary.

Representatives Ito and Souki, for the Committee on Public Safety & Military Affairs and the Committee on Transportation presented a report (Stand. Com. Rep. No. 17-06) recommending that H.B. No. 1809, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 1809, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE DRIVER'S LICENSE," passed Second Reading and was referred to the Committee on Finance.

Representatives Takumi and Waters, for the Committee on Education and the Committee on Higher Education presented a report (Stand. Com. Rep. No. 18-06) recommending that H.B. No. 2182, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2182, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations, please. Thank you. Mr. Speaker, I am in strong support of the repair and maintenance of our schools. I have just a couple concerns.

"One being the new special fund, the New School Construction Special Fund that allows the DOE to enter into financing agreements without the approval of the Director of Finance. The DOE would be allowed to incur that. That would become a State obligation without regard to the statewide budget. That was the concern of the Budget and Finance.

"As we are taking a look at the numbers, we'll go ahead and just wait for Third Reading. But I have some other concerns that I'd like to put in written comments. Thank you," and the Chair "so ordered."

Representative Finnegan's written remarks are as follows:

"Thank you, Mr. Speaker. I want to thank Budget and Finance and the Department of Education for working together to create a better system of transparency in the way CIP money is managed and released. I am hopeful that this new process will be beneficial for all those involved, including those at the school level.

"Make no mistake that there currently is \$210 million available for Repairs and Maintenance and CIP projects for Fiscal year 06-07. In the Governor's supplemental budget, she offers an additional \$90 million, and the House Majority is suggesting an additional \$150 million. The DOE is asking for \$368 million and for the funds to be

deposited into SEFI. No proposals have come forward to even meet half of what DOE is asking for. It is extremely important to fund our school facilities; however, DOE isn't the only department that needs help with facilities. The University of Hawaii has major facility challenges, some in dilapidated conditions. I just ask that in our desire to help the DOE that we do not ignore other areas of desperate need. These projects did not show up overnight. For decades we ignored repairs and maintenance. Let us move forward in a responsible and realistic manner accountable to the taxpayers of Hawaii.

"Currently, this bill has a blank amount for additional appropriations for operations for the DOE for 06-07. I am a strong supporter of sending any new money for education directly to the school level to work in line with Act 51 and the Weighted Student Formula. Please consider HB 3208, a mechanism to fund money directly to the School Community Councils, to use at their discretion. Thank you, Mr. Speaker."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I just have reservations too. I believe the Comptroller and Budget and Finance need to be involved with the process."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2182, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 19-06) recommending that H.B. No. 2260, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2260, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Arakaki rose to speak in support of the measure, stating:

"Thank you Mr. Speaker. H.B. 2260 is one of the priority bills for the Health Committee, especially for the Chair and Vice Chair."

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I'd like to speak briefly in support of the measure. Thank you. I'd just like to briefly quote from an article that appeared in the *Honolulu Advertiser* written by Don Thompson of the Associated Press. The dateline is Sacramento, California.

"California last week became the first state to declare secondhand smoke a toxic air pollutant, putting tobacco fumes in the same category as diesel exhaust, arsenic, and benzene, because of its link to breast cancer.

"The article goes on to talk about how breast cancer is linked to a lot of other kinds of cancers including incredibly, cervical cancer which the Women's Caucus has a project on this year. So I'd like to have permission to put the remainder of this article into the Journal. Thank you very much," and the Chair "so ordered."

Representative Lee submitted the following article:

"Secondhand smoke is air pollutant, Calif. Rules
Link to breast cancer puts fumes in rank of arsenic for first time
By DON THOMPSON
Associated Press

SACRAMENTO, Calif. - California last week became the first state to declare secondhand smoke a toxic air pollutant, putting tobacco fumes in the same category as diesel exhaust, arsenic and benzene because of its link to breast cancer.

The unanimous decision by the state Air Resources Board relied on a September report that found a sharply increased risk of breast cancer in young women exposed to secondhand smoke. It also links drifting smoke to premature births, asthma and heart disease, as well as other cancers and numerous health problems in children.

"If people are serious about breast cancer, they have to deal with secondhand smoke. That's what this is all about," said Dr. Stanton Glantz, director of the Center for Tobacco Control, Research and Education at the University of California - San Francisco.

"This is a seminal, international document," Glantz said. "It's impossible to underestimate what a big deal this is."

The report by scientists at California's Office of Environmental Health Hazard Assessment drew on more than 1,000 other studies of secondhand smoke and blamed the fumes for 4,000 deaths each year in California from lung cancer or heart disease alone.

The most significant new finding cited by state officials is that young women exposed to secondhand smoke increase their risk of developing breast cancer between 68 percent and 120 percent. The disease kills about 40,000 women in the United States each year.

That conclusion conflicts with a 2004 report by the U.S. surgeon general. Sanford Barsky, a researcher writing on behalf of the R.J. Reynolds tobacco company, told the board the state report "either ignores mentioning or does not give the appropriate weight" to studies refuting a link between secondhand smoke and breast cancer.

California scientists say their research is more current than the surgeon general's report. The state report went through an exhaustive review that delayed its release for nearly a year but ensures it is based on sound research, said Dr. John Froines, director of UCLA's Center for Occupational and Environmental Health and head of the scientific review panel.

R.J. Reynolds spokesman David Howard said regardless of the dangers from passive smoke indoors, no research supports regulators' decision to declare it an air pollutant.

"No studies exist that show that exposure outdoors leads to any increased risk of tobacco-associated illness," he said.

The air board must next consider regulatory steps to reduce exposure to the smoke, a process that could take years.

"This is no longer some crazy, California, Left Coast way of thinking," said Cynthia Hallett, executive director of Berkeley-based Americans for Nonsmokers' Rights.

She cited smoking bans that have been enacted or are being considered across the nation and in other countries.

Much of the initial effort in California will focus on public education, said Paul Knepprath, vice president for government relations at the American Lung Association of California.

Representative Evans rose to speak in support of the measure with reservations, stating:

"Thank you. I rise with reservations. I know that we took a look at this bill I believe last year and possibly even the year before. I stood up with reservations then and I have not changed my mind. Until I see the details of the bill, I'm very concerned that it says 'prohibit smoking.' At least in the Committee Report, it says, 'prohibit smoking' in public places and places of employment.

"I really feel that you're going to force people out on the sidewalks, in the street. I really don't understand. If it's saying you can't smoke at all in the facility, which is where I think they're headed, then where are you going to put these people? So, I think we don't like smoking but we need to find appropriate places for them. And I don't agree with this total elimination. Thank you."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I have reservations also. I don't smoke. I quit cold turkey 13 years ago. I never wanted to go back and never feel the urge to. I don't think smoking is good for you. But I have a problem with the... You know, in some of the work places, of course, it's been negotiable to date at least. It's a negotiable item. But also more than that, if we really are opposed to smoking, as a State, and as a Body here, let's stop taking the tax money from cigarettes and let's ban the use of cigarettes in the State of Hawaii. It's simple. Thank you, Mr. Speaker."

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support of this bill. The place that we're going to put our workers is in the ground and in their graves. So I strongly support this bill."

Representative Meyer rose in support of the measure with reservations, and asked that the remarks of Representative Evans be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2260, entitled: "A BILL FOR AN ACT RELATING TO SMOKING," passed Second Reading and was referred to the Committee on Judiciary.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 20-06) recommending that H.B. No. 2060, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2060, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Pine rose to speak in opposition to the measure, stating:

"Mr. Speaker, thank you. Last year, I had some concerns about this bill. I'm speaking with reservation. Well actually I'm voting no. I'm not agreeing personally with some of the things I'm about to say, but I'm trying to think on the other side, what parents who think and believe in that are sending their kids to our public schools.

"I'm assuming that this bill relates to sex education partly in our public schools. I was concerned last year because in the Finance Committee I asked specifically, a proponent of this measure, what exactly are they teaching kids in these schools? It says, 'age appropriate' in this bill.

"However, age appropriate could mean very different things to many different parents. For example, this bill requires that the people teaching this sex education in our schools have to teach contraception. And I can tell you that I have a very large religious community in my district and they don't even teach their kids that, because they don't believe in it. So while I'm open-minded myself, I am just expressing the views of the parents that send their kids to these schools.

"The other concern that I had last year, I asked the same question in the Finance Committee. I said, since there are parents that may have beliefs that the rest of the society do not believe in, are you contacting these parents to specifically tell them ahead of time, what their children will be taught? And they had promised to get that information to me, and I've asked it several times during the Session last year and they never gave that information to me to prove that they're actually doing that. Thank you, Mr. Speaker."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I have some of the similar concerns. I just look at the list of testifiers. I don't see any parent organizations there. I don't see any church groups there. So I think that we're leaving out a large segment of our society. Maybe the teachings are great. But I haven't seen what it is. Thank you, Mr. Speaker."

Representative Stonebraker rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Also with reservations. Considering that the proponents of the bill have offered to capitulate with age appropriate education. My concern is that their recognition of what is appropriate for a certain age is contradictory to what many parents would feel. I know that in Massachusetts, a number of students as young as kindergartners are being taught the use of condoms, mutual masturbation, and even 'fisting'. If you don't know what that is, you can look it up.

"But this is inappropriate but there are some people, and the supporters of this bill will say that it's absolutely appropriate for a six year old to learn about mutual masturbation and some other things like that. I don't think it is appropriate and I'd like to keep some of these groups out of our schools."

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support of this measure. This argument about age appropriate can last for '40 days and 40 nights'. But I believe that we have our Department of Education that looks at this. And other members in the community that would look at what age appropriate sex education would be. But to close a long discussion about what is appropriate and not appropriate is for us to look at the bigger picture. This is something that we need for our youth. We deal with diseases like venereal diseases, AIDS, and so on. And unwanted pregnancy.

"I don't think that we need to mandate sex education in our class. We just have to believe that our leadership in this subject matter can come out appropriate to the most of us. We can never come to a 100% agreement on this matter. But I think that we should go with what we think is best for most of us. Thank you, Mr. Speaker."

Representative Stonebraker rose to respond, stating:

"Mr. Speaker, I would like to close by mentioning that one of the primary proponents of this bill, the ACLU, is notorious for its protection of pedophiles. Thank you."

Representative Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 2060 relating to medically accurate sex information.

"Each year a million American teens become pregnant and approximately half of all teenagers ages 14 to 18 have engaged in sexual intercourse. Two-thirds of the girls who have engaged in sexual intercourse in this age group become pregnant unintentionally.

"The incidence of sexually transmitted diseases has been increasing for the first time in over a decade. One quarter of all new STD cases occur in the adolescent population.

"While abstinence is the best way to avoid pregnancy and STD's, research indicates encouraging abstinence is not the most effective way to reduce pregnancies and the spread of STD's. Surgeon General David Satcher's 2001 report, "Call to Action to Promote Sexual Health and Responsible Sexual Behavior," stressed the importance of accurate information about sex and its possible consequences in addition to encouraging our youth to abstain from sexual intercourse.

"HB 2060 requires that any recipient of State funds that provides information or programs about sex, family planning, pregnancy or sexually transmitted diseases must not only present information on the benefits of abstinence, but must also provide accurate information about contraception and its role in preventing pregnancy and the spread of STD's including HIV/AIDS. To minimize unwanted pregnancies and the abortions that often follow and the spread of STD's we owe our youth the best information available.

"Mahalo Mr. Speaker, for the time. I encourage my colleagues to vote yes on this measure."

Representative Sonson rose to speak in support of the measure, stating:

"In strong support. I would like the record to reflect that I'm adopting the words of the Representative from Lower Waipahu, Upper Ewa as my own," and the Chair "so ordered."

Representative B. Oshiro rose to speak in support of the measure, stating:

"In support, Mr. Speaker. Just very briefly to counter some of the prior comments. I believe one of the testifiers, the ACLU's mission is actually to stand for the constitutional rights of everyone. Whoever it is. And it doesn't necessarily have anything to do with pedophiles. Thank you."

The Chair then stated:

"Members, we've had a lot of discussion on this. It's going to be referred to the Committee on Judiciary. For those members who are part of the Committee, you've heard the discussion on Second Reading. So with the input that you have, I hope you'll come up with a better bill as we move into Third Reading."

Representative Kahikina rose to speak in support of the measure with reservations, stating:

"I'd like to just register reservations and put in a request that information be given to us on what the medically accurate information is."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2060, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second

Reading and was referred to the Committee on Judiciary with Representative Pine voting no.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 21-06) recommending that H.B. No. 2082, pass Second Reading and be referred to the Committee on Education.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2082, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR SCHOOL-BASED SUBSTANCE ABUSE TREATMENT FOR MIDDLE SCHOOLS," passed Second Reading and was referred to the Committee on Education.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 22-06) recommending that H.B. No. 2095, as amended in HD 1, pass Second Reading and be referred to the Committee on Education.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2095, HD 1, pass Second Reading and be referred to the Committee on Education, seconded by Representative B. Oshiro.

Representative Evans rose to speak in support of the measure with reservations, stating:

"On Standing Committee Report 22-06, I rise with reservations. I just noticed, unless it's incorrect, the Committee Referral just says Health. My question would be, if the intent is to ask our schools to provide suntan lotion, it's going to have a cost. And so it's not referred to Finance.

"The other thing is, if a child does get skin cancer, can they go back and say, 'Well, gee, the schools didn't provide adequate sun care protection.' So are we now creating a liability situation? So I just want to bring that up to the Members and if it is only going to the Health Committee, you know I have some concerns. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2095, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SUN PROTECTION," passed Second Reading and was referred to the Committee on Education.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 23-06) recommending that H.B. No. 2045, as amended in HD 1, pass Second Reading and be referred to the Committee on Higher Education.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2045, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PERINATAL CARE," passed Second Reading and was referred to the Committee on Higher Education.

Representatives Kanoho and Abinsay, for the Committee on Water, Land, & Ocean Resources and the Committee on Agriculture presented a report (Stand. Com. Rep. No. 24-06) recommending that H.B. No. 2146, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2146, entitled: "A BILL FOR AN ACT RELATING TO LAND USE," passed Second Reading and was referred to the Committee on Judiciary.

Representatives Kanoho and Abinsay, for the Committee on Water, Land, & Ocean Resources and the Committee on Agriculture presented a report (Stand. Com. Rep. No. 25-06) recommending that

H.B. No. 2145, as amended in HD 1, pass Second Reading and be referred to the Committee on Tourism & Culture.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2145, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL TOURISM," passed Second Reading and was referred to the Committee on Tourism & Culture.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 26-06) recommending that H.B. No. 2619, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2619, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce.

Representatives Arakaki and Sonson, for the Committee on Health and the Committee on Human Services presented a report (Stand. Com. Rep. No. 27-06) recommending that H.B. No. 2375, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2375, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE DEPARTMENT OF HEALTH FOR THE DEVELOPMENTAL DISABILITIES DIVISION," passed Second Reading and was referred to the Committee on Finance.

Representatives Arakaki and Sonson, for the Committee on Health and the Committee on Human Services presented a report (Stand. Com. Rep. No. 28-06) recommending that H.B. No. 2377, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2377, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE DEPARTMENT OF HEALTH FOR EARLY INTERVENTION SERVICES," passed Second Reading and was referred to the Committee on Finance.

Representatives Arakaki and Sonson, for the Committee on Health and the Committee on Human Services presented a report (Stand. Com. Rep. No. 29-06) recommending that H.B. No. 2378, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2378, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII EARLY INTERVENTION COORDINATING COUNCIL," passed Second Reading and was referred to the Committee on Finance.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 30-06) recommending that H.B. No. 2076, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2076, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MINORS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No.

31-06) recommending that H.B. No. 1952, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1952, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF GENERAL OBLIGATION BONDS," passed Second Reading and was referred to the Committee on Finance.

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the rules were suspended for the purpose of considering a bill on Third Reading on the basis of a modified consent calendar.

THIRD READING

H.B. No. 1859, HD 1:

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, H.B. No. 1859, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 51 ayes.

At 12:27 o'clock p.m., the Chair noted that H.B. No. 1859, HD 1, passed Third Reading.

ANNOUNCEMENTS

Representative Shimabukuro: "Thank you, Mr. Speaker. I'd just like to announce that the Legal Aid Society of Hawaii will be having a reception today from 4 to 6 p.m. in Conference Room 329. So if you all can make it. Thank you."

Representative Finnegan: "Thank you Mr. Speaker. In your trays you have a pin and it reminds you to 'Go Red For Women' tomorrow. Please wear red in support for women and heart disease. Wear it tomorrow whether you're a woman or you're a man. Thank you."

ADJOURNMENT

At 12:28 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon, tomorrow, Friday, February 3, 2006.

ELEVENTH DAY

Friday, February 3, 2006

The House of Representatives of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2006, convened at 12:05 o'clock p.m., with the Speaker presiding.

The invocation was delivered by former Representative Nobu Yonamine, after which the Roll was called showing all members present with the exception of Representative Halford, who was excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Tenth Day was deferred.

GOVERNOR'S MESSAGES

The following messages from the Governor (Gov. Msg. Nos. 216 and 217) were received and announced by the Clerk and were placed on file:

Gov. Msg. No. 216, dated January 24, 2006, transmitting the Natural Energy Laboratory of Hawaii Authority's 2005 Annual Report.

Gov. Msg. No. 217, dated January 26, 2006, transmitting the Department of Business, Economic Development and Tourism's 2005 Annual Report of the State of Hawaii Overseas Offices.

At 12:11 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:11 o'clock p.m.

The Chair announced:

"Before we take the Senate Communication out of turn, we are going to introductions and then call for a recess."

INTRODUCTIONS

The following introductions were made to the members of the House:

Representative Cabanilla introduced Ms. Teo Gallegos of the Adult Care Home Association.

Representative Hale introduced her daughter, Mrs. Indira Hale Tucker, and son-in-law, retired judge Mr. Marcus O. Tucker of Longbeach, California.

Representative Marumoto introduced Ms. Michelle Squyer of the San Francisco State University Government Affairs Department.

Representative Takai, on behalf of Representatives Takumi and Berg, introduced and recognized members of the Hawaii State Student Council:

Ryan Hironaka, Chair; Tu Nguyen, Vice Chair; Mamelli Joy Basilio, Lobby Chair; Tiffany Lau, Deanne Sameshima, Jasmine Enos, Jessica Ogihara, Beatrice Morlan, Brittney Sutton, Hayden Atkins, Kelsey Copes-Gerbitz, Ashley-Rae Fujie, Angela Chong, Laura Layugan, Darren Ibara; and Advisor, Mr. Blain Shinno.

Representative Takai also introduced members of the 2005 Secondary Student Conference Planning Committee:

Francis Choe, Vice Chair; George Bodgen, Lobby and Political Action Chair; Jessica Au, Christopher Lee, Lindsey Nakashima,

Shyla LaVasseur, Sarah Iida, Geoffrey Kahapea, Ericson Abalos, Agustin Garcia, Cristhel Carinio, Jaelyn Mison, Vavi Domingo, Glen Bissell, Melanie Dudley, Lynn Nakagawa; and Advisors, Mr. Sean Ibara, Ms. Janice Uemori, Ms. Susan Marciel, Ms. Regina Yoshimori, Ms. Netlie Yokoyama, Ms. Glenda Joyo, Mr. Cliff Fukuda.

At 12:15 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:30 o'clock p.m.

The Chair announced:

"Prior to the recess, we had the introductions of our audience and now we would like to take up the Senate Communication."

SENATE COMMUNICATION

The following communication from the Senate (Sen. Com. No. 3) was received and announced by the Clerk:

Sen. Com. No. 3, transmitting H.B. No. 1949, S.D. 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," which passed Third Reading in the Senate on February 2, 2006.

SUSPENSION OF RULES

Representative M. Oshiro moved that the rules of the House be suspended for the purpose of considering a certain bill on Final Reading on the basis of a modified consent calendar, seconded by Representative B. Oshiro and carried. (Representatives Halford, Kahikina, Kanoho, Marumoto and Saiki were excused.)

FINAL READING

Representative M. Oshiro moved to agree to the amendments proposed by the Senate to H.B. No. 1949 (SD 1), seconded by Representative B. Oshiro and carried. (Representatives Halford, Kahikina, Kanoho and Saiki were excused.)

H.B. No. 1949, SD 1:

Representative M. Oshiro moved that H.B. No. 1949, SD 1, pass Final Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm going to be voting with reservations on this bill. I know that our staffs are all waiting eagerly for this bill to pass. And I think my reservations aren't going to stop that. But one reservation that I expressed in the Finance Committee was the fact that there's a provision in this bill that appropriates \$100,000 for the Legislative Auditor to audit the Youth Correctional Center. In my mind, that was an unusual way of funding that. That should have come as a separate bill. A stand-alone bill which would have a hearing.

"In the Finance Committee, there was nobody from the Executive Branch there to speak to that. I don't think they were really even aware that that provision was in this budget. So that I just don't think that's the way we should operate. I think we should be more transparent and every bill should have a hearing. That is not the

usual part of this bill. So I felt that there wasn't enough communication to people that might want to come and testify.

"Also, two days ago when you discussed the 48 hours dealing with this bill, and the bill was on our desk. I didn't look at it. I wasn't aware that the Senate had amended the bill. In fact, it wasn't until yesterday that they passed it on Third Reading.

"I'm somewhat troubled with this bill, having to do with fairness issues. The discussion and argument on the Senate side dealt with fairness. And some of the things that came up were the fact that Senators on the Majority side had two staff people during the interim, where the 5 Republican Minority Members did not.

"So they were being funded, the Majority was being funded with an additional person to handle correspondence and to do all the kinds of things that we all have to do and with less people to help us. That to me is an issue of fairness.

"As far as the reduction that was made in the Ways and Means Committee, I don't know where that money was appropriated. I mean, who was going to receive it and for what position or whatever. But I think ..."

Representative Takai rose to a point of order, stating:

"Point of order, Mr. Speaker. Thank you. I think the speaker is speaking to something totally out of our jurisdiction. In fact, the governance of the Senate is beyond your scope as Speaker, Mr. Speaker."

The Chair then ruled:

"That's correct but it is part of the Senate Draft that we are adopting today. So please proceed, Representative Meyer."

Representative Meyer continued, stating:

"Thank you, Mr. Speaker. That's absolutely right. The Draft that we sent to the Senate appropriated \$7,216,979 for the operation of the Senate. The bill that came back to us was \$340,000 less.

"There is no explanation in the Committee Report as to what that reduction was. What it represents. Because of some of the lack of fairness issues, or at least the perceived lack of fairness as we are all elected by constituents of very nearly equal numbers of constituents, it only seems proper that we should all be given the same amount of resources to do our jobs. So for those reasons, I'll be voting with reservations. Thank you, Mr. Speaker"

Representative Stonebraker rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I would also like to voice my reservations and include the words from the good Representative from Kahaluu. Adding to that, many of us know that it is the responsibility of the House to hold the 'purse strings'. So when it comes to spending money and allocating that to the Senate side, I'm very grateful to the previous speaker for indicating to us what may be an issue of unfairness that is going on perhaps in the Senate.

"It's important that we know that in the interim, the Minority members did not have an equal amount of staff, even though they do serve an equal amount of people. Those kinds of things are very important for us as we vote on these because all of us hope to have a fair and equitable means of funding for every Representative regardless of Party. For those reasons, I'm very grateful that this has come to light. Thank you."

Representative Pine rose in support of the measure with reservations, and asked that the remarks of Representatives Meyer and Stonebraker be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Finnegan rose in support of the measure with reservations, and asked that the remarks of Representatives Meyer and Stonebraker be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I will also vote with reservations. I always stand up for parity. I would like to have the words of the Minority Floor Leader incorporated as my own," and the Chair "so ordered." (By reference only.)

Representative Stevens rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and the same request," and the Chair "so ordered."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Also with reservations for the same reasons."

Representative Moses rose in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations and the words of the previous speakers. Thank you."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. To the comments raised by the Representative from Kahaluu in regard to the audit for the Youth Correctional Facility, I think we need to do the audit. The audit is in my district. Its operations clearly affect the well-being of my community, especially in terms of security. I don't see a need to wait to have that audit."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Just briefly in support. I also wanted to speak a little bit about the audit for HYCF. Mr. Speaker, the notion that there was no awareness on behalf of the Administration is not true. Whether they knew it when the House Committee heard it. You know, it's irrelevant by the fact that when it went over to the Senate, it was clearly in the budget.

"If the Administration wanted to come and object to the audit, they could have come in front of the Senate Committee. Since we heard that bill, we have heard nothing from the Administration whether anybody objected to the audit.

"The second thing is in August 2005, the Department of Justice came down with a very scathing report of the HYCF and the administration of the HYCF. For us to float a bill as opposed to doing something on behalf of the Legislature would be absurd, because then we would be losing five months before we can actually act and find out more clearly what's going on. I think we need to act now. We need to act fast.

"In the meantime, the ACLU continues to have battles with the HYCF administration and the Lingle Administration. We continue to have abuse at HYCF. That's not something that we should be happy with and just allow it to go on.

"It's also not true that something like this has never happened before. We have done this in a serious situation like the Felix situation. Thank you."

Representative Moses rose to respond, stating:

"Thank you Mr. Speaker. I just ask the previous speaker to present to me the documented proof of the abuses. Thank you."

The Chair then stated:

"Thank you very much. She will, after."

Representative Pine rose to respond, stating:

"Yes, Mr. Speaker. I thank the previous speakers for the comments. I just want to make it clear that the Members of the Minority are not against this audit. We believe it's a very serious problem going on with the teenagers and the students there. We're just concerned about the process, Mr. Speaker. We want everything to be transparent here.

"And also, there's also very serious problems like homelessness and people that are losing their families for various reasons. I say we speed all those things up and pass all those things right now. Instead of waiting five months to house these people. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Stonebraker rose to respond, stating:

"Very briefly, Mr. Speaker. We do agree that an audit of the Youth Correctional Facilities is in order. However, it is surprising that when it comes to light, that a Body counter to us, being a bicameral Legislature here, the Body on the other side. When it comes to light that there has been some injustice as far as funding of positions, it's rather surprising to find no reservations on the part of this Body from the other side of the isle. We don't want to make an issue of this.

"However, it should be something that upon coming to light, that the Senate has had some questionable practices in the past. It would be forthcoming to have a little reservation about that. I'm sure many of the people in this Body were not aware of what was going on, on that side. But now that it is brought up ..."

Representative M. Oshiro rose to a point of order, stating:

"Point of order, Mr. Speaker. I believe the remarks by the current speaker are not germane to this bill before us. The process and procedures of the Body on the other side are not relevant to the discussion in the House Chamber."

The Chair then stated:

"Thank you very much. Representative Stonebraker, could you confine your remarks."

Representative Stonebraker continued, stating:

"Well, pertaining to the spending, the funding, which is primarily the duty of the House. We let the money go. Now if I gave money to my children and I say, this is only to purchase such and such a thing. If I learn that they have purchased other things, I'm going to be concerned the next time that allocate money in that direction.

"So in light of that, finding out that there has been some lack of parity on the other side, I would think that this Body would show some reservation when it comes to voting on this. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 1949, SD 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS TO PROVIDE FOR THE EXPENSES OF THE LEGISLATURE, THE AUDITOR, THE LEGISLATIVE REFERENCE BUREAU, AND THE OMBUDSMAN," passed Final

Reading by a vote of 48 aye with Representatives Halford, Kanoho and Saiki being excused.

At 12:42 o'clock p.m., the Chair noted that H.B. No. 1949, SD 1, passed Final Reading.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. The Department of Education had some concerns in regards to the definition of expunge, that I thought was very important to lay out what that will mean. So as we move forward with this bill, just keep that in mind. I know that it's going to Judiciary so I will wait till then. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2212, entitled: "A BILL FOR AN ACT RELATING TO SUBSTANCE ABUSE," passed Second Reading and was referred to the Committee on Judiciary with Representatives Halford, Kanoho and Saiki being excused.

Representatives Takumi and Arakaki, for the Committee on Education and the Committee on Health presented a report (Stand. Com. Rep. No. 34-06) recommending that H.B. No. 2213, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2078, HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative B. Oshiro.

Representative Evans rose to speak in support of the measure with reservations, stating:

"On 38-06, I rise with reservations. As I read this bill, I see two sections to it. There is just one that I have a concern with. And that is: 'Requiring the cost of fostered child's motor vehicle insurance shall be paid by the natural parents.'

"I believe that parents can tell a child, you know if you want to drive a car, you have to go work at McDonald's or whatever and raise the money. Then you can maybe drive a car and you can pay for your motor vehicle insurance. I'm kind of surprised that we're telling parents they have to pay for their child's motor vehicle insurance. So that's my reservation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2078, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FOSTER CHILDREN," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Halford, Kanoho and Saiki being excused.

ANNOUNCEMENTS

Representative Finnegan: "Thank you, Mr. Speaker. As you know, a lot of us are wearing Red for Women today in regards to heart disease. I just wanted to bring awareness to one situation. That is, if you are experiencing pains in your chest, neck, arms, or that sort of things, and please let your elderly parents know that one of the things that I've learned through my husband, who's a fire captain at Kuakini Station, is that you should always call 911 first before trying to call a doctor, or call a family member or anything like that, because those minutes will count. So that's a very important piece of information. I would like to pass it on to Dr. Green to talk a little bit more about the 'Go Red For Women' Day."

Representative Green: "Thank you, Mr. Speaker. Thank you, Minority Leader. It's an important day because what we're really talking about is, half of our population who, just like the men have heart attacks, have cardiovascular problems, and they have real needs for care.

"Historically, research was done on men. That's something that is really good to know. For many decades, dating well back into our previous centuries, the way we did scientific research, especially in cardiovascular problems, was we had study groups that were only composed of men. Actually, white men for the most part. So what we learned over the years, as far as heart health goes was mostly how best to treat men. Cardiovascular disease in women isn't exactly the same disease as it is in men. We still have to be careful about smoking. We all have to be careful about our diets and all the other risk factors. But there are different presentations. So it's really good that we're addressing this today.

"Finally, Mr. Speaker and colleagues, several people came up to me and they wanted to know if I would say something specifically about a dear colleague of ours. I went to our colleague, Helène Hale

and asked her. She gave me permission to make a statement about her health.

"Cardiovascular fitness, vascular fitness in general, affects all of the blood vessels of the body. I just wanted to say, I'm proud to see that one of our colleagues, who has worked through a health problem, is recovering and is contributing to us in an extraordinary fashion, is here with us today having experienced some of these problems that we're honoring today by wearing red and talking about the issue. So I really think it's a good and honorable thing that we're doing today to bring special awareness to cardiovascular disease in women. Particularly in honor of Representative Hale"

Speaker Say: "The Chair has an announcement to make to all of you. I realize tomorrow, we'll be having a lot of Committee hearings. If there is no quorum, Chairs and Vice Chairs, you could defer decision making to the following hearing date and notice that you present to this Body. So you all realize on your desk, the number of hearings on Saturday.

"The Higher Education Committee will be going to the Big Island. For those who aren't going, just be aware that no decision making can occur if there is no quorum."

Representative Lee: "Mr. Speaker, could I just ask that all the women briefly remain in the Chamber for a photo opportunity immediately following the adjournment. Thank you."

ADJOURNMENT

At 12:49 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon, Monday, February 6, 2006. (Representatives Halford, Kanoho, Morita, Saiki and Souki were excused.)

TWELFTH DAY

ANNOUNCEMENTS

Representative Harbin: "Mr. Speaker, I'd like to make my first announcement. That would be an announcement of absolute dismay at the inability of us to pay our employees their checks on Friday. I just cannot fathom being a leader and hiring staff and to have them wait since January 3rd to get a paycheck; hit the stagger, and then suddenly sit in the office until 5:30 p.m. to find they are not getting paid. And I as their leader was not told about this until I saw it in the paper the next day. I am embarrassed and I need to say, 'shame on

us, shame on the Chief Clerk, and shame on the Office of the Speaker.' Thank you."

Speaker Say: "Thank you very much. Your point is well taken."

Representative Caldwell: "Brief announcement. You know last week Friday, Betty Friedan passed away, the author of *Feminine Mystique*. Today they're having a memorial service for her at Riverside Drive in Manhattan. For some of us, for example, maybe the Representative from Kaimuki/Kapahulu wasn't born when *Feminine Mystique* was written. It really helped change the world of women in our country. It resulted in great progress in terms of women in business, women in politics, our current Governor has benefited from what Betty Friedan started. Hopefully we'll see it in further progress. There's much more that needs to be done.

"I thought it could be appropriate at this time to have a moment of silence for Betty Friedan and reflect on what she's done for our country. Thank you very much, Mr. Speaker."

At this time, the House of Representatives stood for a moment of silence in memory of *Feminine Mystique* author, Ms. Betty Friedan.

Representative Cabanilla: "Mr. Speaker, I would like to rise in defense of all of us and the Clerk, as well as for you. I believe the reason why our staff didn't get paid last Friday is because the Executive Order wasn't signed, because the Governor was out of town. I believe the Lt. Governor was in the building. I was just wondering how come the measure to allow our staff to get paid wasn't executed. I stand corrected if I'm wrong with my assumption. But from what I was told, that was the cause of why my staff as well, didn't get paid. Thank you."

Representative Arakaki: "Thank you, Mr. Speaker. The Committee of Health will be reconvening at 1:00 p.m. in Conference Room 329 for the purpose of hearing one last bill on our agenda and also to make decisions on the measures that we heard in the morning. Thank you, Mr. Speaker."

Representative Karamatsu: "Your Members of the Economic Development & Business Concerns Committee and Labor Committee will reconvene in Room 423 at 2:15 p.m."

Representative Pine: "Thank you, Mr. Speaker. Not to continue in this conversation but I just wanted to make clear that it has nothing to do with the Governor. I think it has everything to do with a particular legislative Body here. I'll talk to Representative Cabanilla about what happened there."

ADJOURNMENT

At 12:19 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon, tomorrow, Tuesday, February 7, 2006. (Representative Carroll was excused.)

Representative Finnegan rose to speak in support of both measures with reservations, stating:

"Thank you, Mr. Speaker. Please note me having reservations on 86 and 87. And just short comments. I am currently a part of the Health Task Force. I know that we are expecting a report come either mid-February hopefully, or the ending of February. I'd like to see where that goes before we move forward. Thank you."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Stonebraker rose to speak in opposition to both measures, stating:

"I'd like to register a no vote on both of these please, Mr. Speaker. I'm sure that we'll have a lot of debate on these coming up. We will see these in their future Committees. But this is of course to create the Hawaii Health Authority and for Universal Health Care, to study it. Mr. Speaker, to summarize, this has been studied all over the world in different countries where it's failing. I think it would be disastrous.

"In its current form, \$1 is allocated. We can save the trouble of passing this bill. I'll give a dollar here to end it. But Mr. Speaker, this is bad idea. And it comes up every year. If you want the health care system to look like the DMV, then this is the bill to do it. But I think it's a bad idea. Thank you."

Representative Green rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker, in support. These two bills, we want them to keep moving because we are, as the Minority Leader stated, in the process of a good dialogue to look at whether our system needs to be changed. In some countries around the world, it has benefited the people greatly."

Representative Moses rose to speak in support of both measures with reservations, stating:

"Thank you, Mr. Speaker, reservations on both measures. You know, maybe Universal Health Care is good for some countries, but how come they're all trying to come here? Thank you."

Representative Cabanilla rose to speak in support of both measures, stating:

"Mr. Speaker, I stand in support of this measure. Our health care system is at stake in this State. We are plagued with the high cost of health care. So studying this measure or other measures, it's worthwhile. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.B. No. 2670, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representative Stonebraker voting no, and with Representatives Chang and Souki being excused; and

H.B. No. 2103, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second Reading and was referred to the Committee on Higher Education with Representative Stonebraker voting no, and with Representatives Chang and Souki being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 88-06) recommending that H.B. No. 2162, as amended in HD 1, pass Second Reading and be referred to the Committee on Higher Education.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee

was adopted and H.B. No. 2162, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RURAL HEALTH CARE," passed Second Reading and was referred to the Committee on Higher Education with Representatives Chang and Souki being excused.

Representative Magaoay, for the Committee on Legislative Management presented a report (Stand. Com. Rep. No. 89-06) recommending that H.B. No. 2259, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2259, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Sonson rose to speak in support of the measure, stating:

"On page 4. Yes, a quick comment in support of Stand. Com. 89-06. Mr. Speaker, you might have noticed a huge headline in the newspapers this Saturday. \$100 million was brought into the State. Mr. Speaker, by just looking at that, it seems that there are millions of dollars coming into the State. We probably have no idea where it's going and how it's being used.

"The current Administration has greatly impacted the amount of money, federal funds, that are coming in. And it's terrific. However, the body, which has been established, the Legislative Auditor, which is the body I think that we need at this point; because we need to be sure that the money that's coming in, the federal funds that are coming in, will be spent wisely.

"Let me tell you one thing that has been done that presents the concern that will be resolved by this. Mr. Speaker, \$100 million is actually brought here because there is now an obligation of the State to continue. We have no choice on it because we have been obligated, unilaterally by the Administration to a contract with the federal government. But we must continue.

"Indeed we have been subsidizing the federally qualified health centers, and we've been willing to do so. However Mr. Speaker, the Legislature has not had anything to say regarding the continued funding over 6 years, which made this amount of federal funds coming in. Moreover, Mr. Speaker, the money that is going to be brought in within the next 6 years, \$50 million every year seems to be targeted to be distributed to private hospitals.

"Again, Mr. Speaker, federal funds are coming into the State. The Legislature at this point has no say in how it's being distributed. We don't know whether or not the programs being funded by these funds are the best. We don't know whether or not we're getting the best bang, I've always wanted to say this, for the buck.

"So, Mr. Speaker, funding these positions that has been created, as the Legislative Analyst, is wise. It's again, in adopting words from the Administration, it's not going to cost the State anything because it's going to be federally funded. Thank you, Mr. Speaker."

Representative Finnegan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in support. I just wanted to make a couple comments in regards to these federal funds. Yes, these federal funds should be credited to the hard work of the Administration because they've been working very hard to get us these additional funds.

"We've seen a lot of positive affects from that in regards to making payments to some of these private hospitals who take care of our Medicaid clients. So I definitely think that we're heading in the right direction. I don't think that there's ever been a time, at least I haven't been a part of any conversation, memos, or letters that have said that the Administration does not want any guidance, leadership, from the

Legislature. So I will stand in support of this measure. But I definitely think that that ability is already there. Thank you."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising with some reservations on this measure. I noticed in the Committee Report it says, 'the purpose of this bill is to take steps, to activate the dormant office', dormant office at the Legislative Analyst. So for many years, we have had no need for this position.

"My concern is that because we have a surplus, we're finding ways to spend it. I believe that the present Administration has, at least in some of the departments, the Department of Human Services, they have maximized the use of the federal money. I think each department; it's their responsibility to account for the federal money. They are working in that arena day in and day out. I just question the needs of this. So that's the reason for my reservations. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2259, entitled: "A BILL FOR AN ACT RELATING TO OFFICE OF THE LEGISLATIVE ANALYST," passed Second Reading and was referred to the Committee on Finance with Representatives Chang and Souki being excused.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3130, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with deep reservations on Stand. Com. Report 97. This bill, I have said, and I suppose it's an old issue that comes up every year. It has a wonderful intent in protecting children. However, what I find difficult with the bill as written right

now is that it does not take into account the whole picture. At the crux of it is the anonymity.

"On page 2 of the bill it says, anonymity, confidentiality, and freedom from prosecution for parents may encourage them to leave the newborn infant at a suitably safe place. There's speculation as to what encourages someone to abandon their baby at any given place. But the problem with the anonymity part of that is that it causes many problems down on the line because it forever severs the relationship of that parent and child, and the ramifications as you know are medical. You can see there is no medical history required or asked for in this bill. The medical history can change. Then if you can't find the parent or the child, and you're in need of plasma or bone marrow, or such, of course can't find the person. So that kind of defeats the purpose.

"Secondarily, what does not change? Medical conditions change. Some people don't know they're going to get diabetes in ten years. But they might. What doesn't change is people's identity, their ethnic background, their genetics. So we're finding that many diseases are oriented towards what particular ethnic group you might come from. So as it's written, I still have problems as it is written. But I will go with reservations because of the intent. Thank you."

Representative Moses rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Arakaki rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support of this measure. I just want to note that now, we're just one of five States that don't have some type of safe haven or safety net provisions. Really, this really is a life saving measure. Even if it only saves one life, I think it'll be worth it.

"I also want to note that, although I didn't have a chance to talk to my colleague from Liliha, last year, we did make some amendments. The current bill reflects those amendments to allow the personnel at the hospital, fire station, or police station; although they may not inquire as to the identity of the person leaving the newborn child, they can inform the person that the information may be voluntarily put forth regarding any medical history, including major illnesses or disease. It also allows the personnel to ask the person leaving the newborn child, about the history of the child.

"So I think we need to keep the fact that the information has to be confidential, unless it's volunteered. But with that, I think to the greatest extent possible, we want to be sensitive to the issues brought up by the Representative from Liliha. Thank you, Mr. Speaker."

Representative rose Finnegan and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3130, entitled: "A BILL FOR AN ACT RELATING TO CHILD PROTECTION," passed Second Reading and was referred to the Committee on Judiciary with Representatives Chang and Souki being excused.

No. 2961, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 105-06) recommending that H.B. No. 1934, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1934, entitled: "A BILL FOR AN ACT RELATING TO THE NATURAL ENERGY LABORATORY OF HAWAII AUTHORITY," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representative Sonson, for the Committee on Human Services presented a report (Stand. Com. Rep. No. 106-06) recommending that H.B. No. 937, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 937, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Arakaki rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise to speak in support of the measure with some reservations. Thank you. I'm supporting this measure because I'd like to support the Chair of Human Services and his concerns for the problems that were brought up, especially in light of the many interim briefings that they had on the problems at the Youth Correctional Facility.

"I guess my concern is that over the years we've really not provided the needed resources at the Youth Correctional Facility. In fact, the Office of Youth Services has needed to fulfill their mandate.

And I would hate to see our Youth Correctional Facility become just another prison.

"There are many corrections that need to be made. I'm just hoping that along with the reformation and this new structure, there'd be added resources provided, because without the resources, it's like just rearranging the deck chairs in the *Titanic*. It's going to take a great deal of resources to turn the ship around.

"There's a Department of Justice settlement that was just issued. There was also a finding in the District Court against the Administrators, both of the Office of Youth Services and the Administrator for the Youth Correctional Facility. And these are very grave charges that were made of abuses against young people who are wards of the State. I don't think we can allow this to continue happening.

"So I'm hoping that by supporting the Chair and his efforts, that we can resolve this problem and get immediate action and provide especially the emergency funding that the Youth Correctional Facility and the Office of Youth Services need to make the changes. So with that, Mr. Speaker, I urge everyone to support this measure."

Representative Moses rose to speak in support of the measure with reservations, stating:

"I'd like to note my reservations on the measure. I believe it's another level of bureaucracy and it's not going to solve the problem. It's just going to make it worse. Thank you."

Representative Sonson rose to speak in support of the measure, stating:

"Mr. Speaker, in support. This is a very important measure, Mr. Speaker. This measure as it moves along, will actually help to solve the problems that has been undergoing at the HYCF, OYS. OYS oversees HYCF. In the agreement that's been reached by the State and the feds that was signed yesterday, also mentioned by a prior speaker, actually speaks to HYCF as having the problem. What the bill does is to isolate HYCF on itself, give it more autonomy, and also ensure that the resources are indeed provided.

"The concern of the Health Chair that the resources has not been given to OYS in the past is true. We have not. However, we are not there now, we are here. We are trying to face a problem that's been created by the lack of resources in the past. New resources must be afforded to the facility. As I read the agreement between the Federal Government and the State of Hawaii, it seems to indicate that there will be a monitor, Mr. Van Fleet, who will be overseeing this agreement to ensure there's implementation of the conditions contained therein.

"It also states here that there will be identification of new resources in the federal side, to ensure that we are successful. HYCF must be successful. It is their duty to ensure that the kids that go in there are treated for mental health, medical needs. And treated in such a way to ensure that they are safe from each other, that they are safe from the workers that work there, and so forth, that they are free from harassment, and the other things that were complained about in the separate lawsuit brought on by the ACLU.

"This bill, as it moves forward, I hope that, Mr. Speaker, that everyone can continue to look at it and support it because it is indeed very important that we do not fail in meeting all the conditions that are contained in this agreement with the DOJ. If we fail, then a lawsuit will ensue. A consent decree is not and I would backup, I would like to credit the State Attorney General in doing a fine job in negotiating with DOJ to ensure that we don't have a federal consent decree over our heads; that the DOJ is allowing the State to try to address the concerns and the problems that are brought on by the ACLU head-on and be given an opportunity to fix it within three years.

"As stated in the article that's been written in *Honolulu Advertiser*, Mr. Bennett has said that the work has already been done. And thanks to the Committee that worked over the interim, that looked and identified the problems that were complained of. It is the interaction between that Committee that was formed, and the questions that they've asked the Administrators of the facility that has started not only the dialogue going, but actually the work going. There have been massive improvements already, although there are a lot of things to be done. And yes, we do need the resources and we need your support. Thank you very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 937, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HUMAN SERVICES," passed Second Reading and was referred to the Committee on Judiciary with Representatives Chang, Kahikina and Kawakami being excused.

Representative Kanoho, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 107-06) recommending that H.B. No. 2573, pass Second Reading and be referred to the Committee on Higher Education.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3060, entitled: "A BILL FOR AN ACT RELATING TO HIGH TECHNOLOGY," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representative Karamatsu, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 110-06) recommending that H.B. No. 1979, as amended in HD 1, pass Second Reading and be referred to the Committee on Labor & Public Employment.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1979, HD 1, pass Second Reading and be referred to the Committee on Labor & Public Employment, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating:

"I'm assuming we're talking about 110. Mr. Vice Speaker, I rise with reservations regarding this bill. I have a very serious concern about carving out the requirement for licensing for certain unlicensed contractors for repairs. I feel this is a very, very, very important

issue for many of our property managers. You know, incidental repairs. But as long as we're going to require a whole large group of small businesses to follow very strict requirements for licensing, which includes many, many requirements for insurance and other requirements, that we have to be very, very careful about who we allow to do unlicensed work because of the potential liability and injury to the employees of the business community.

"So again, with very strong reservations. I really, really, request that we proceed very cautiously on extending unlicensed activity."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1979, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONTRACTORS," passed Second Reading and was referred to the Committee on Labor & Public Employment with Representatives Chang, Kahikina and Kawakami being excused.

Representative Karamatsu, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 111-06) recommending that H.B. No. 2127, as amended in HD 1, pass Second Reading and be referred to the Committee on Education.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2127, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Education with Representatives Chang, Kahikina and Kawakami being excused.

Representative Karamatsu, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 112-06) recommending that H.B. No. 3068, as amended in HD 1, pass Second Reading and be referred jointly to the Committee on Agriculture and the Committee on Water, Land, & Ocean Resources.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3068, HD 1, pass Second Reading and be referred jointly to the Committee on Agriculture and the Committee on Water, Land, & Ocean Resources, seconded by Representative B. Oshiro.

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3068, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Second Reading and was referred jointly to the Committee on Agriculture and the Committee on Water, Land, & Ocean Resources with Representatives Chang, Kahikina and Kawakami being excused.

Representatives Karamatsu and Souki, for the Committee on Economic Development & Business Concerns and the Committee on Transportation presented a report (Stand. Com. Rep. No. 113-06) recommending that H.B. No. 2877, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2877, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating:

"Mr. Vice Speaker, again I rise with very strong reservations. I would like to caution us with taking away gross excise taxes on gasoline. Because what I'm very, very concerned about is the studies on the mainland have shown, when you do these types of release of taxes, it just adds to the profit coffers of the oil companies, which is

money still coming out of the backs of our people of Hawaii. So if we're going to take away gross excise tax, which I support in many measures as we all, know, let us please proceed cautiously with some type of protection that this doesn't end up being another profit column for the oil companies."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2877, entitled: "A BILL FOR AN ACT RELATING TO GENERAL EXCISE TAX," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representatives Karamatsu and Chang, for the Committee on Economic Development & Business Concerns and the Committee on Tourism & Culture presented a report (Stand. Com. Rep. No. 114-06) recommending that H.B. No. 2421, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2421, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise and speak in favor of Standing Committee Report 114, which would provide tax credits to performing arts, qualified high tech businesses. I'm for helping our performing arts as much as possible. However, I did vote WR because the testimony from the Department of Taxation, and Business and Economic Development said that H.B. 3080 was a preferable vehicle, much easier to administer. So I think we should take a look at this one. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2421, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PERFORMING ARTS BUSINESSES," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representatives Karamatsu and Morita, for the Committee on Economic Development & Business Concerns and the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 115-06) recommending that H.B. No. 2931, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2931, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GENERATED ELECTRICITY," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Chang, Kahikina and Kawakami being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 116-06) recommending that H.B. No. 2811, pass Second Reading and be referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2811, pass Second Reading and be referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure, stating:

"Yes, thank you, Vice Speaker. I stand in very, very strong support. I wanted to take this opportunity to speak to what exactly is Mutual Benefit Society. What it is in our laws. This is, the Mutual Benefit Society is a law that was passed in the early 70s. Mutual Benefit Societies were created by nurses to attempt to expedite healthcare to the people of Hawaii. Basically the workers, the employees of the small business community of which the Prepaid Healthcare Act mandates coverage.

"This started off as a very, very wonderful concept. However, the Mutual Benefit Society Law has not been looked at or reviewed since the early 70s. What is happening now is that the members of the Mutual Benefit Society, especially the healthcare organizations, the members which our employees and workers have no voice in the management appointment of the Boards of Directors, or even have the ability to bring forth any special hearings or request to address management of the Mutual Benefit Societies.

"What we need to do is we need to have that particular law looked at but if not at least some type of oversight that the rights of our employees are protected as the owners and members of the Mutual Benefit Societies and that's the reason that I am standing in very strong support and I ask that my fellow colleagues really take a look at the Mutual Benefit Societies laws as it stands. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2811, entitled: "A BILL FOR AN ACT RELATING TO MUTUAL BENEFIT SOCIETIES," passed Second Reading and was referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Judiciary with Representatives Chang, Kahikina and Kawakami being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 117-06) recommending that H.B. No. 3053, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3053, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Chang, Kahikina and Kawakami being excused.

Representatives Ito and Kanoho, for the Committee on Public Safety & Military Affairs and the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 118-06) recommending that H.B. No. 2833, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2833, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PRISONS," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 119-06) recommending that H.B. No. 2549, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2549, entitled: "A BILL FOR AN ACT RELATING TO MILITARY RESERVE COMPONENTS," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 120-06) recommending that H.B. No. 2998, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2998, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION TO ASSIST THE UNITED STATES ORGANIZATION WITH ITS PLANNED WELCOME HOME CELEBRATION FOR RETURNING HAWAII NATIONAL GUARD MEMBERS IN THE COUNTIES OF HAWAII, MAUI, AND KAUAI," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representatives Ito and Caldwell, for the Committee on Public Safety & Military Affairs and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 121-06) recommending that H.B. No. 2715, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2715, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I stand with reservations on 121-06. House Bill No. 2715. This is relating to police officers. It is giving a maintenance allowance for the uniforms and weapons. Sounds like a good bill and God knows, I mean I'm a Marine. Most police officers, you know, they end up coming from the military and such. We're all for them. My problem with it is it's a negotiable item and if they're unhappy with the maintenance allowance that they get now or the uniform or the weapons they get now, they should negotiate that contract. What we're doing is setting it up so anytime a bargaining unit in this State doesn't like what they bargain for, they'll come back to us and ask us to make them whole again and I think it's a dangerous precedent. We ought to be very careful."

Representative Ito rose to speak in support of the measure, stating:

"Mr. Speaker, I'm in support. Mr. Speaker, this is not a collective bargaining issue. This is a public safety issue. This version will allow officers, to buy equipment, offer some monetary relief to help minimize a pay differential between Hawaii police officers and that of other jurisdictions. It's a valuable tool for the retention and equipment of our officers, and this will help address the State shortage issue in our police department. If you read this Sunday's paper there was an article on Chief Correa and he explained it clearly that they need some help. Thank you."

Representative Meyer rose in support of the measure with reservations, and asked that the remarks of Representative Moses be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support. Our officers are on duty 24 hours a day, 7 days a week. They're required to report in and respond to situations even though they're off duty. If we value our safety, want to make sure that our communities have adequate officers, if you want to tackle the issues of drugs, ice, property crimes, murder, and incidents against the innocents, then we need to start standing up and supporting the men and women that make our community safe. Thank you."

Representative Waters rose to speak in support of the measure, stating:

"In strong support. We need to support our brave men and women in blue and I like to incorporate the words of the Chair of Public Safety as my own," and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2715, entitled: "A BILL FOR AN ACT RELATING TO POLICE OFFICERS," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representatives Ito and Caldwell, for the Committee on Public Safety & Military Affairs and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 122-06) recommending that H.B. No. 2339, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2339, entitled: "A BILL FOR AN ACT RELATING TO CIVIL DEFENSE AGENCY," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representatives Ito and Caldwell, for the Committee on Public Safety & Military Affairs and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 123-06) recommending that H.B. No. 2340, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2340, HD 1, entitled: "A BILL FOR AN ACT RELATING TO VETERANS' SERVICES," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representatives Ito and Caldwell, for the Committee on Public Safety & Military Affairs and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 124-06) recommending that H.B. No. 2265, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2265, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2265, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CORRECTIONS," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representatives Ito and Caldwell, for the Committee on Public Safety & Military Affairs and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 125-06) recommending that H.B. No. 2131, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2131, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. This goes back to the police officers. This is a tax credit for law enforcement officers. I'm speaking with reservations. Again it's a negotiable item. We heard it on the previous measure that we should support them and I do support them and therefore, I will support their bargaining unit to get more money for their uniforms, etc. This is a tax credit so they can go out and buy vests, bulletproof vests. They're issued bulletproof vests now. Some of the officers don't care for the vest that's issued to them. They think it's too heavy so they go out and buy a different one and that's fine but I don't think we should pay for it. I think they should go back and negotiate for the vest that they choose. There are more of them than us and I think they could do that. Thank you."

Representative Stevens rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise up with reservations. Thank you. I certainly support the police officers safety. The reason for my reservations is that we did receive some testimony if these officers buy these upgraded vests, their insurance policy would be null and voided. If they were injured when they were wearing those vests. So I would like to see as this bill moves along perhaps that loophole could be corrected. Thank you."

Representative Ito rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Mr. Speaker, this bill is to assist our law enforcement officers by providing a one time, one time tax credit to purchase non-departmental bulletproof vest. Right now the tax credit reimburses police officers for an amount equal to the difference between the cost of a high quality vest and the cost of a department-issued vest. The department-issued vests do not adequately withstand the stress of daily use. For example, an officer's perspiration, weight, and body size are factors that can contribute to the failure of a vest with a possible result of serious injury to the officer. Again, Mr. Speaker, this is not a collective bargaining issue. This is a public safety issue. Thank you."

Representative Yamane rose to speak in support of the measure, stating:

"Standing in strong support. We've been hearing about supporting our police officers. Well what does support mean, Mr. Speaker? The Director of Taxation states that this legislation will result in a loss of approximately \$10,000 to \$15,000, Mr. Speaker. One time, \$15,000. Is that what we call support? Thank you."

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support. Our police officers put their lives on the line for us. And if individuals need certain types of vests to protect them to the greatest extent possible, I would like to stand in support of protecting those that protect us. Thank you."

Representative Kanoho rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. A ruling on a potential conflict. I have two sons who are police officers," and the Chair ruled "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2131, entitled: "A BILL FOR AN ACT RELATING TO TAX CREDITS," passed Second Reading and was referred to the Committee on Finance with Representatives Chang, Kahikina and Kawakami being excused.

Representatives Ito and Caldwell, for the Committee on Public Safety & Military Affairs and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 126-06) recommending that H.B. No. 1999, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 1999, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Halford rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Moses rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, in opposition. Thank you, Mr. Speaker. The Adjutant General's Office, our major defense and civil defense agency in this State, is doing an annual review. Actually, a reorganization review and it will be due in October of this year. We're looking at reorganization. I think what we're doing here is we're jumping the gun. They testified against this measure and they said, 'Let's wait until the reorganization review is published this October and see what is needed.' Thank you."

Representative Stonebraker rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Stevens rose to speak in opposition to the measure, stating:

"Thank you. I would just like to register a no vote. We did receive really compelling testimony in opposition from the Department of Defense in Committee. Our Civil Defense Department has just received national recognition for their tsunami readiness and I feel that the organization should be allowed to complete their reorganization study before we pass this measure. Thank you."

Representative Finnegan rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ito rose to speak in support of the measure, stating:

"Mr. Speaker, in support. You know, Mr. Speaker, you know, this will give the Governor, first hand information to react. Right now within the chain of command, it goes through several bureaucracies. And if you saw what FEMA did on the mainland, it wasn't within the cabinet. It was detached from the cabinet so the response time was very, very slow.

"Mr. Speaker, with our increased concern about terrorism and natural disasters, Hawaii's state of readiness to respond is critical to the safety, welfare, and defense of our people. It is imperative that our Civil Defense team has the authority to act quickly and therefore I believe this proposal merits further discussion.

"Mr. Speaker, I just want to say that the reason why they got the award is because of our package last Session about the hurricane preparedness. So again it was the Legislature that took the initiative. Thank you."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm rising in opposition to this measure. Having lived through Hurricane Iniki right in Kauai, sort of in the eye of the storm and seeing how well that the Civil Defense worked with the National Guard, which is under, is now under General Lee's command, I think you needed that coordination between those two groups. Many people that come out to work for the Civil Defense are volunteers and I mean they work very hard but it's not a pay job, and I think they benefit greatly by being attached to a bonafide military organization. And I think we ought to wait till that report is

completed before we move forward with this. Thank you, Mr. Speaker."

Representative Evans rose to speak in support of the measure with reservations, stating:

"With reservations. Thank you. I really appreciate the comments from the Chair of Public Safety and what the intent of the bill is. I would just like to think that we could address those concerns about quick response time in another manner than creating another department. Thank you."

Representative Ching rose in support of the measure with reservations, and asked that the remarks of Representative Evans be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Yamane rose in support of the measure and asked that the remarks of Representative Ito be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2039, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker. I'd like to speak in support of this measure. This measure is part of a package of legislation that was put forth by the Mililani Drug Free, which is a community group in Central Oahu. And I just briefly would like to say that Hawaii is currently experiencing a severe housing shortage and we need to ensure that every available property is habitable especially for our *keiki*. We also need to give landlords and law enforcement officials guidance on what constitutes a thorough decontamination. I have additional written remarks that I'd like to insert in the Journal. Thank you very much, Mr. Speaker," and the Chair "so ordered."

Representative Lee's written remarks are as follows:

"Mr. Speaker. With the popularity of synthetic drugs like crystal methamphetamine, clean up of illegal drug production facilities has become a major problem.

"Many of the chemicals used in the production of crystal meth are toxic especially to children. These chemicals include volatile organic chemicals like toluene, acetone, methanol, petroleum distillates and others, lead (depending on the manufacturing method) and mercury (also depending on the manufacturing method).

"When illegal labs are discovered, human habitation of the premises is often unsafe. To determine whether living in the building is safe and to conduct necessary clean up, it is important to adopt regulations for the testing and decontamination of property used for the production of illegal drugs.

"Hawaii is currently experiencing a severe housing shortage. We need to ensure that every available property is habitable especially for our *keiki*. We also need to give landlords and law enforcement officials guidance on what constitutes a thorough decontamination."

Representative Sonson rose to speak in support of the measure with reservations, stating:

"I believe 146, Relating to Child Endangerment. I believe this measure, and I'm speaking with strong reservations, Mr. Speaker. This would make it illegal actually to leave a child and a child is defined as under the age of 9 in the bill, unsupervised in a motor vehicle. We may open up certain circumstances where we really have to take a look at.

"What's going on in our schools today is that if you go to Waipahu Elementary, when the bell rings and it's time to go home, children that are 9 years old may walk home. This bill says that we can't leave them without supervision in a car and yet we're going to be allowing them to walk home. This may lead to a situation where shall we then lock up our kids in the school to ensure that they are safe.

"I think that there are a lot of concerns out there regarding or as a result of what has happened to a child that was accidentally abducted when this person tried to steal a car. I'm not sure if we're not just overreacting with legislation such as this. It did fix up at least a more concerning portion of it where it was actually at age 15, which I think is very unreasonable. That if you leave a child in a car supervised but by a person, another child that is age 15, it would be a criminal act. So although we did improve some, Mr. Speaker, I still think we really need to think about this some more and perhaps look at what other things are impacted by this bill. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I like to speak in favor of the measure. Mr. Speaker, would you leave \$1 million in your car? Would you let your child play with a loaded gun? Of course not, not even for a minute. Lots of caring and responsible parents have left their children alone and around a car not realizing the risks involved. Some parents think it's okay to leave a child in a car alone while they run into a store, quickly drop off dry cleaning or drop off another child in school. The dangers are real.

"The results of leaving a child unattended in or around a vehicle can be deadly and in the hands of a child, a car is a lethal weapon. It's dangerous to leave children unattended in or around a vehicle because children are naturally curious, they like to pretend to drive and they can set the vehicle in motion. Young children are impulsive, unpredictable, and move very fast. I'm sure you know that, Mr. Speaker. They can quickly get into the path of a moving vehicle.

"Young children have very poor judgment and little understanding of danger, they're not aware of the hazards of motor vehicles. Children left in vehicle with keys in the ignition are at risk of being taken with the vehicle. Children can activate power accessories and become trapped in windows or sunroofs. The Center for Disease Control and Prevention reports that from July 1, 2000 through June 30, 2001, an estimated 9,160 children age 14 years and younger were treated in US hospital emergency departments for injuries caused by being left unattended in and around motor vehicles.

"A local merchant observed people are more concerned about taking their wallets and purses out of cars than about leaving their keiki alone in a car. The recent incident in Wahiawa on the day that this bill was passed I think illustrates my point. Thank you very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the rules were suspended for the purpose of considering certain bills on Third Reading on the basis of a modified consent calendar. (Representatives Arakaki, Chang, Herkes, Kahikina, Saiki and Takamine were excused.)

UNFINISHED BUSINESS

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 152-06) recommending that H.B. No. 439, as amended in HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 439, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF THE OMBUDSMAN," passed Third Reading by a vote of 45 ayes, with Representatives Arakaki, Chang, Herkes, Kahikina, Saiki and Takamine being excused.

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 153-06) recommending that H.B. No. 440, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 440, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE OMBUDSMAN," passed Third Reading by a vote of 45 ayes, with Representatives Arakaki, Chang, Herkes, Kahikina, Saiki and Takamine being excused.

At 12:43 o'clock p.m., the Chair noted that H.B. Nos. 439, HD 1, and 440, HD 2, passed Third Reading.

STANDING COMMITTEE REPORTS

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 178-06) recommending that H.B. No. 2240, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2240, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Evans rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support. The only reason that I'm standing is I just think this is part of the whole package that we're trying to push forward on affordable housing. What I'd like to see in this bill, if at all possible, is to construct teacher housing and student housing on or adjacent to the planned State facilities. If it's just a possibility to include that in there. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2240, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Second Reading and was referred to the Committee on Finance with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 179-06) recommending that H.B. No. 2237, as amended in HD 1, pass Second Reading and be referred to the Committee on Education.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2237, HD 1, pass Second Reading and be referred to the Committee on Education, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with some fairly strong reservations. This bill creates a collective bargaining unit for substitute teachers of the Department of the Education including, the way that it was amended, it also now includes part-time substitute teachers working less than one-half of a full-time equivalent. It also covers part-time employees working more than 20-hours. So this may be people doing janitorial work, cleaning rooms and things such as that.

"Substitute teachers are defined as casual employees. Establishing a collective bargaining unit for substitute teachers would set a precedent for other casual employees. Additional cost would incur such as medical and other employee benefits, the number of hours worked, and the benefits received would create an administrative challenge to determine cost-sharing arrangements. All substitute teachers would be required to be teacher trained and be subjected to

similar employment qualifications of high educational standards and be licensed, according to No Child Left Behind.

"Only 44% of the 4,100 substitute teachers are presently licensed. This would adversely impact the pool of substitute teachers. This bill will also extend bargaining rights to substitute teachers, but not to other half-time ... No, that's incorrect. That was the original bill.

"Another reason I was surprised that this bill came out is because there was a task force of substitute teachers and out of that, that was not of priority for them to join a union. They wanted medical insurance or a \$700 bonus if they worked 90 days out of the year. But as far as the union, the bargaining unit, that was not one of their priorities. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2237, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING IN PUBLIC EMPLOYMENT," passed Second Reading and was referred to the Committee on Education with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 180-06) recommending that H.B. No. 2450, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2450, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 181-06) recommending that H.B. No. 2629, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2629, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 182-06) recommending that H.B. No. 315, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 315, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I wanted to register reservations on Stand. Com. Report 182. This bill would have the State pay 50% of over-time cost for police officers who are subpoenaed to testify in various judicial situations. I just think that we should not be getting in the middle of what should be a collective bargaining situation, when you're talking about wages. So that's why I have strong reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 315, HD 1, entitled: "A

BILL FOR AN ACT RELATING TO SUBPOENAS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 183-06) recommending that H.B. No. 2778, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2778, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LANGUAGE ACCESS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Chang, for the Committee on Tourism & Culture presented a report (Stand. Com. Rep. No. 184-06) recommending that H.B. No. 1818, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1818, entitled: "A BILL FOR AN ACT RELATING TO MINORS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Chang, for the Committee on Tourism & Culture presented a report (Stand. Com. Rep. No. 185-06) recommending that H.B. No. 2965, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2965, entitled: "A BILL FOR AN ACT RELATING TO A COMMISSION TO CELEBRATE 2008 AS THE YEAR OF THE FAMILY," passed Second Reading and was referred to the Committee on Finance with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 186-06) recommending that H.B. No. 2968, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2968, entitled: "A BILL FOR AN ACT RELATING TO INTEREST RATES," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 187-06) recommending that H.B. No. 2256, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2256, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Sonson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support of this Spyware Bill. First, I'd like to thank the Chair of CPC for moving this bill out. Mr. Speaker, the purpose of this bill is to protect Hawaii. The purpose of the bill is to protect Hawaii computer users from attacks by malicious software programs, oftentimes called "search and replace," which use

their system in order to gather confidential information or are designed to compromise the confidentiality, availability, or integrity of data on a user's computers.

"The bill allows the Attorney General or a prosecuting attorney to seek up to \$2,500 per violation, and includes a provision for private individuals to seek up to \$5,000, or three times the amount of actual damages caused by the malicious software, whichever is greater.

At present, Mr. Speaker, there are 12 States that already have laws similar to this measure. Hawaii needs to be defended against the onslaught electronic threats on the Internet. House Bill 2256 will deter companies that make a profit by exploiting the security vulnerabilities of consumers and malicious software programmers, known as 'hackers', from attacking Hawaii computer users with impunity. I strongly encourage my colleagues to support this measure.

"The companion bill in the Senate died, Mr. Speaker. The reason for that is that there was objection from the police department, seemingly because they said it would be difficult to enforce. I believe, Mr. Speaker, that because the bill provides for private enforcement also, I think we should keep it alive and keep it moving. It is important for computer users, such as you and me, to ensure that there is at least something on the books that hackers will look at which will in itself form a deterrent. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2256, entitled: "A BILL FOR AN ACT RELATING TO CONSUMER PROTECTION," passed Second Reading and was referred to the Committee on Finance with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Hale, for the Committee on International Affairs presented a report (Stand. Com. Rep. No. 188-06) recommending that H.B. No. 2293, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2293, entitled: "A BILL FOR AN ACT RELATING TO COURT ADVISEMENT CONCERNING ALIEN STATUS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Kanoho, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 189-06) recommending that H.B. No. 2515, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2515, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LAND LIABILITY," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Sonson, for the Committee on Human Services presented a report (Stand. Com. Rep. No. 190-06) recommending that H.B. No. 1815, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1815, entitled: "A BILL FOR AN ACT RELATING TO CHILD PROTECTION," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representatives Morita and Abinsay, for the Committee on Energy & Environmental Protection and the Committee on Agriculture presented a report (Stand. Com. Rep. No. 191-06) recommending that H.B. No. 1946, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 1946, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FERTILIZER," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representatives Morita and Abinsay, for the Committee on Energy & Environmental Protection and the Committee on Agriculture presented a report (Stand. Com. Rep. No. 192-06) recommending that H.B. No. 2308, as amended in HD 1, pass Second Reading and be referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Higher Education.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2308, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," passed Second Reading and was referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Higher Education with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 193-06) recommending that H.B. No. 3218, pass Second Reading and be referred jointly to the Committee on Economic Development & Business Concerns and the Committee on Agriculture.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3218, pass Second Reading and be referred jointly to the Committee on Economic Development & Business Concerns and the Committee on Agriculture, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker, I am going to cast a no vote on House Bill 3218. Thank you. I do believe that we need to get more information about genetically modified organisms that are presently in Hawaii. I think it needs to be much more transparent. The bill needs some work. I look forward to supporting it later on. Thank you."

Representative Kanoho rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3218, entitled: "A BILL FOR AN ACT RELATING TO GENETICALLY MODIFIED ORGANISMS," passed Second Reading and was referred jointly to the Committee on Economic Development & Business Concerns and the Committee on Agriculture with Representatives Kanoho and Thielen voting no, and with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 194-06) recommending that H.B. No. 1807, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1807, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations. This is talking about steel plates over ditches and such in the road. A very good idea, we should have them. Motorcycles are especially susceptible to hitting a steel plate. What they want is a warning before it. Good idea, but we already have standards for that. We have national standards that apply. Our State highways already comply with this. The county says they already do too. So I'm not sure if it's private people that are putting out steel plates without any signs. So signs are needed, but we have to make sure we don't go afoul of the federal guidelines for our roads. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1807, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 195-06) recommending that H.B. No. 1812, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1812, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. This is red light photo cameras. It may be a good idea. I'm speaking with reservations. Thank you. It may be a good idea. The problem is the camera takes a picture of the license plate and the intersection. It doesn't take a picture of the person, the driver. I know it talks about, well, it's expected that it's the registered driver unless you prove that somebody else is driving your car. That's all well and good. But I think when you get to court, it's going to require that you prove who was actually driving it. And the camera won't do that."

"The bill itself says: No summons or citation pursuant to the photo red light imaging detector systems program shall be issued unless it contains a clear and unobstructed photographic, digital, or other visual image of the driver of the motor vehicle."

"That's right in the bill itself. Yet in the other places in the bill, it says: picture of the license plate at the intersection. So, there's some conflict. Thank you."

Representative Harbin rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in complete support of this measure. My Neighborhood Boards in my district, in Chinatown and the Keeaumoku area, we are trying so hard to protect our elders. I guess I'm one of them too, because I've almost gotten run over a couple of times. But we need to, we need to start implementing deterrents because it will make our drivers be a little bit more considerate of the people in the crosswalks. Thank you."

Representative Stevens rose in support of the measure and asked that the remarks of Representative Harbin be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Stonebraker rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm opposed to this measure. I was here when we had that traffic cam debacle a couple of years ago. It actually is a

nice breather from the monotony that happens. A lot of people were here. There's a lot of things going on in the news.

"I think the general consensus from the people in the community was that the traffic cameras really weren't working to deter speeders or accidents. But really they were in place to generate income. I think that was the feeling of many people in the community. I felt the same thing.

"The problem with that program was that the cameras weren't set up in the rural neighborhood areas where they were needed the most. But they were set up in very large thoroughfares, Mr. Speaker, where the most amounts of tickets could be generated. And so what you had is people breaking the speed limit and receiving a ticket in the mail, when they had really only gone two or three ..."

Representative Souki rose to a point of order, stating:

"Mr. Speaker, point of order. I believe the Representative is speaking about a bill that has long since seen its demise. It doesn't have any relevance here to this bill. Thank you."

The Chair then stated:

"Representative Stonebraker, please proceed but confine your remarks to the bill dealing with the red lights."

Representative Stonebraker continued, stating:

"I appreciate my esteemed colleague's concern for the subject matter here. Thank you for interrupting me, Mr. Souki.

"Mr. Speaker, the issue is that it's generating money. The real problem is not that we don't have cameras. The problem is that we don't support our police officers. For years, this Body has refused to allow the adjudicated traffic fines to go directly to the police officers. Here is another example that since we have not supported the police officers directly, allowing them to keep the money that they worked for in giving tickets, in keeping law and order on the street. Now, my concern is that we're going to put up these traffic cameras that will be not designed to keep safety, not designed to protect pedestrians, but rather they'll be another way that we can generate income.

"The Standing Committee Report even says that this is to be administrated by the counties and the funds will go in a general fund. I haven't been able to see thoroughly the text of the bill itself, but I believe what's going to happen is the counties are going to administer and the State is going to reap a windfall. I don't think this is fair and I don't think this is the way we should go about protecting our citizens. Thank you."

Representative Souki rose, stating:

"Mr. Speaker, point of information. If I can for this Body here on this particular bill. I wish to speak in favor of this bill. The money is going to be deposited in the general fund only as it prepares to disburse the money to the counties. It goes into the general fund and then to the respective counties. Thank you very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1812, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY," passed Second Reading and was referred to the Committee on Judiciary with Representative Stonebraker voting no, and with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 196-06) recommending that H.B. No. 1901, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1901, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. This is another pedestrian safety measure. I'm in support but with reservations. And I'm all for protecting pedestrians whether they be *keiki*, the elderly, or any of us at any age. This one provides for red flags at the intersections. So you pick up a red flag, hold it out, cross the street, put it in a bucket. My reservation is not with protecting the safety of the people, but I just can't see this working. I can't see the flags remaining in the bucket. I think they'll end up walking across the street themselves. Thank you."

The Chair then stated:

"For the edification of the Members of this House, this particular measure has two more Committees to make the crossover. So it's going go to Judiciary, where the Committee Members on Judiciary will have another opportunity to address the concerns that are being voiced."

Representative Stonebraker rose to speak in opposition to the measure, stating:

"Very briefly, Mr. Speaker, in opposition. This kind of regulation I think should raise a red flag for anyone of the legislators here. This is ridiculous."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker. I like to speak in favor of the measure that we just passed. Mr. Speaker, I'm well aware that we have a time crunch here, but I think that it's important to speak about this measure because it's another way to look at how we can cut down our dubious distinction of being the leader in the nation in pedestrian deaths.

"In 2005 we began to crack down on drivers who failed to yield to pedestrians. Media outlets ran stories warning drivers to yield to pedestrians. The police department focused their enforcement on drivers that fail to yield to pedestrians. And as a result drivers became more aware of pedestrian right-of-way laws, but in 2005 we have 33 pedestrians killed by cars so obviously something's not working. We're just about the worst in the nation.

"So a few years ago, Salt Lake City, Utah, faced the same problem. The National Transportation Agency ranked the city first in the nation in pedestrian deaths and as a result, Salt Lake City tried this unconventional method to protect pedestrians. They did have success. There've been a number of other cities in the nation that have tried this and have found it successful.

"The bill would establish a pilot flag program similar to the highly effective flag program of Salt Lake City. Several of Hawaii's most dangerous intersections as chosen by the Department of Transportation will be provided with containers and day-glow flags. Over the course of two years the data would be collected on the effectiveness of the flag program. Twenty days before the 2008 Legislative Session a report will be provided to the Legislature. At that time the Legislature will decide the fate of the program based on its effectiveness.

"The flag program is unconventional in many ways. For one, the use of a flag is completely voluntary. Secondly, unlike the majority

of pedestrian safety measures it approaches the problem of pedestrian safety from the pedestrian side. Clearly the most unusual aspect of the flag program is how well it has worked in other cities. Will it be as astoundingly effective here in Hawaii? Your vote in favor of this bill will allow us to find out. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1901, entitled: "A BILL FOR AN ACT RELATING TO PEDESTRIAN SAFETY," passed Second Reading and was referred to the Committee on Judiciary with Representative Stonebraker voting no, and with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 197-06) recommending that H.B. No. 1904, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1904, entitled: "A BILL FOR AN ACT RELATING TO TRAFFIC SAFETY AT PUBLIC SCHOOLS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 198-06) recommending that H.B. No. 1953, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1953, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 199-06) recommending that H.B. No. 2234, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2234, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support of this measure. I agree with many of the premises here on the Standing Committee Report, Relating to Motor Scooters and I would like to add that a number of our other densely populated neighborhoods also suffer noise pollution. This an issue that while it perhaps has not gotten the proper coverage, it is a real quality-of-life issue for us. Especially our elderly who have spent their many years and their resources to purchase a home only to not be able to sleep at night, and to have it eroded by inconsiderate mopeds and motor scooters that are actually being altered at times, I believe by the stores themselves. So in strong support, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2234, entitled: "A BILL FOR AN ACT RELATING TO MOTOR SCOOTERS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 200-06) recommending

that H.B. No. 2264, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2264, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STREET LIGHTING," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 201-06) recommending that H.B. No. 2655, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2655, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Stonebraker rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2655, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE ACCIDENT INVESTIGATION," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 202-06) recommending that H.B. No. 2214, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2214, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. This is relating to the Rental Motor Vehicles Surcharge Tax. If this Body remembers, we used to charge a \$2 tax for rental vehicles. I'm in support with reservations. And then we raised it to \$3 a few years ago, and it's due to sunset August 31, 2007. So it's good. I like the sunset. I like taking less tax from the people even if they're visitors.

"The problem with this is we're reverting it early back to \$2, and it's estimated by DOTAX that's it about \$17 million loss for the Highway Special Fund, where this money goes. Now the problem with that loss for the Highway Special Fund is that that money is already figured in to the plans for the construction of the roads and the repaves of the roads, and much of it is matched 4 to 1 by the federal government.

"So by taking this money out of the Highway Special Fund, we're going to drop some of the projects that have already been planned through the OMPO planning process and they're already in our constrained STIP, State Transportation Improvement Plan.

"So I don't know who is going to make up the money. I guess the Legislature could put some money from the general fund into the Highway Special Fund, but I'm not sure if we can or not. Thank you."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, with reservations as well. I wanted to reiterate the concerns of taking a \$17 million loss to CIP projects, a loss to supplements of the CIP projects as well. I think that we are already an attractive, I understand from the tourism industry, we're the most desirable place to visit. So I don't think that lowering taxes needs to be, in this particular case, to visitors, needs to be encouraged to make us more attractive. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2214, entitled: "A BILL FOR AN ACT RELATING TO RENTAL MOTOR VEHICLE SURCHARGE TAX," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 203-06) recommending that H.B. No. 2244, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2244, entitled: "A BILL FOR AN ACT RELATING TO THE MOTOR VEHICLE RENTAL INDUSTRY," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 204-06) recommending that H.B. No. 2735, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2735, entitled: "A BILL FOR AN ACT APPROPRIATING FUNDS FOR BRIDGE SIGNS ON HANA HIGHWAY," passed Second Reading and was referred to the Committee on Finance with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Saiki, for the Committee on Hawaiian Affairs presented a report (Stand. Com. Rep. No. 205-06) recommending that H.B. No. 3216, as amended in HD 1, pass Second Reading and be referred jointly to the Committee on Energy & Environmental Protection and the Committee on Legislative Management.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3216, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISLAND OF KAHOLAWE," passed Second Reading and was referred jointly to the Committee on Energy & Environmental Protection and the Committee on Legislative Management with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Takumi, for the Committee on Education presented a report (Stand. Com. Rep. No. 206-06) recommending that H.B. No. 1884, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1884, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with reservations. Thank you, Mr. Speaker. I surely support measures like these for programs and positions like the Hoa Aina O Makaha. The

reservations that I do have though is that we are going directly opposite in where we wanted to be with the weighted student formula and we should really try to resist so that we can build the weighted student formula to what its intent was supposed to be. So that's my reservations. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1884, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representatives Ito and Chang, for the Committee on Public Safety & Military Affairs and the Committee on Tourism & Culture presented a report (Stand. Com. Rep. No. 207-06) recommending that H.B. No. 2000, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2000, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Evans rose to speak in support of the measure with reservations, stating:

"Mr. Speaker. I rise with reservations. I believe there's really good intentions in this bill because we always worry about people getting hurt from fireworks, but I really worry about government going too far in looking at the behavior of people. The best example I have is young people like to run around in playgrounds. And if you look at children you think, in my mind sometimes, they're just accidents waiting to happen, and it takes adults to teach them and educate them about you know the potential hazards. A good example in the parks is swing sets and swings. If you don't teach your children to be careful, you're going to get hit by a swing. So I really have concerns how far we're going to go with outlawing and restricting fireworks. Thank you."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with reservations. Yes, Mr. Speaker. This measure bans non-aerial common fireworks that means sparklers, snakes, those such of things that our children use. It bans them only in counties over 500,000. I guess that's us. And it bans the use of them on the Fourth of July. Only on the Fourth of July. I don't know what the intent of the measure is. If it's to stop fires, well then let's look at the fires that were started this last Fourth of July.

"There were a lot of fires where I live, out Leeward way especially. Most of them were by arsonists. They were not caused by the normal use of fireworks even the aerial fireworks. That's not what caused the fires. Ask the firemen. They were caused by arsonists. They were caused on purpose either by using flares or by setting brushfires.

"So it doesn't seem like this measure is for the purpose of stopping fires. It seems it's to punish the patriotic celebration of the Fourth of July. Thank you."

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with reservation on this measure. I think every now and then, or every year, we always look at fireworks and we always blame fires on fireworks. I think it's time for us to realize that every time we visit this topic we're visiting tradition. I've lived in Hawaii for 40 years and one of the things I look forward to is New Year's and July 4th because I get to enjoy myself and watch my children play.

"I think rather than looking at this fireworks bill in the way we are looking at it now, we should look at people's behavior and how they use it, rather than restrict sales. Thank you, Mr. Speaker."

Representative Stevens rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise in support with reservations. I just don't feel that we should take one holiday and eliminate the celebration, the traditional type of celebration of that holiday and leave it for the others. If our intent is to ban all firework use, I think it should go across all holidays. Taking the Fourth of July out of all the other holidays that we traditionally celebrate with fireworks, I just think it's not achieving the purpose that we would set out. Thank you."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to this measure. I feel that this is just an incremental way to have the Legislature eventually ban all fireworks of every kind, totally. I was born and raised in Hawaii. This was always an exciting time. In our neighborhood for the Fourth of July, New Year's, it is a cultural practice. It's something that is so much a part of Hawaii and I would hate to see that gone."

"The area that I represent has people of all ethnic persuasions. When I go door to door, I have people that say they have stopped voting when we banned fireworks, the aerials and put a restriction where you had to pay a permit to get the firecrackers. Last New Year's in Kahaluu it was pretty quiet actually, and I think the record will show that they had a record amount of permits that people bought to buy the fireworks."

"It's just it seems like there's a lot of people that just don't want to have fun. I think the few nights out of the year is not you know something that is not bad. I understand why the firemen would rather not have to put out fires, but I think we have to look at the whole picture and not just do away with the little pleasures in life that we still have. Thank you."

Representative Takai rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. Thank you, Mr. Speaker. I just wanted to mention to you and the Members that when we take a look at State law governing fireworks, we're only taking a look at two holidays. New Year's Eve and the Fourth of July. So let's be very clear that we're not talking about just banning it for the Fourth of July. State law only allows fireworks on New Year's Eve and the Fourth of July. It also permits the use of fireworks for cultural and religious, or weddings and those types of things. But what we're looking at right now is restricting the use of fireworks during the Fourth of July."

"I think it's a good move on our part because if you take a look at the debate we had when we considered banning fireworks across the board, the one thing that resonated though all the debate was this: Hawaii's a very special place with a unique culture. People do celebrate New Year's and New Year's Eve in a special way. We understood that and we continue to appreciate that and that's why I think we continue to utilize fireworks during New Year's Eve. However I don't think you can use that same argument for the Fourth of July. In fact if you take a look at the Fourth of July as compared to New Year's Eve, most people, myself included, don't necessarily celebrate the Fourth of July as we do New Year's Eve. So I think this is a good attempt at addressing some of the concerns that the firefighters have and that we as a community have."

"My hope in the future, because I made this very clear years ago, is that we eventually ban all the use of fireworks and we go and enjoy fireworks from the standpoint of being spectators at these grand

million dollar events put on by General Growth Partners or whoever. That's what I hope to do, but in this case I think we should take a look at the Fourth of July as being an event where we can go and participate in firework shows and not necessarily create fires across the entire State. So I support this measure. Thank you."

Representative Sonson rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker, in support and request that the words of the prior speaker be inserted into the Journals as my own," and the Chair "so ordered."

Representative Sonson continued, stating:

"Two speakers ago, someone talked about those little things in life that we go through when we're young and we miss it. It brought to mind an incident when I was young when I was playing with firecrackers. I was very curious to see what would happen if I held one in my hand and let it blow up. These are little pleasures in life that I really want to forget, now that I'm old."

"It's stupid to blow your hand off, but those are the things that you do when you're a kid. Like I said I don't miss those little pleasures. Again as I grow up, Mr. Speaker, I realized that it costs money to buy these things, and there's a lot of poverty all over the world. We're lucky that only 10 to 14% of our children in Hawaii are living in poverty. But you know there are a lot of states that are way up high. We happen to be better than the national average. Every cent that I blew up when I was a child, if I had that right now, I could put it to better use."

Representative Meyer rose, stating:

"Mr. Speaker. The speaker is straying far from the bill as poverty and these kinds of data that he's bringing in have nothing to do with this bill."

Representative Sonson continued, stating:

"That's right, Mr. Speaker. I'm really going way out of hand and luckily, I still have my hand. So I'm really encouraging that we should limit the use of fireworks as the prior speaker said. And it is not to limit our the way we show our patriotism either. Anyway, Mr. Speaker, I support this bill. Thank you."

The Chair then stated:

"Members, let's proceed on because it is Second Reading and it's going to go to Judiciary where they will have another chance at it."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Mr. Speaker, I rise with strong reservations on H.B. 2000. While I agree with the Hawaii Police and Fire Departments that the increase in injuries and property damage from fireworks are serious concerns, this particular draft is problematic."

"First, this piece of legislation as drafted is not equally applied throughout the State of Hawaii. H.B. 2000 would ban the sale of non-aerial fireworks on the Fourth of July in counties with a population of more than 500,000 residents, ultimately affecting only those residing in Honolulu County."

"Second, there are better solutions. Studies report that bans such as those described in this bill would contribute to the promotion of

black markets. According to the State Department of Health, over 50% of the people treated for fireworks-related injuries during 2006's New Year's festivities were under the age of 15. We need to make sure vendors are enforcing the laws by checking the I.D.s of customers, and that parents are adequately supervising their children. Through public announcements the State can better educate people on firework safety.

"Lastly and perhaps most importantly, as public policy makers, it behooves us to be mindful of the power of the message legislation sends to the community. As currently drafted, H.B. 2000 is demeaning in its discrimination to the celebration of our country's birthday, which has been marked with fireworks celebrations from the first anniversary in 1777. The Fourth of July binds Hawaii to our fellow states and nation, and this draft is contrary to the values of civic spirit."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2000, entitled: "A BILL FOR AN ACT RELATED TO FIREWORKS," passed Second Reading and was referred to the Committee on Judiciary with Representative Meyer voting no, and with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 208-06) recommending that H.B. No. 1941, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1941, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC UTILITIES," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 209-06) recommending that H.B. No. 2503, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2503, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DERELICT VEHICLE," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representatives Souki and Morita, for the Committee on Transportation and the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 210-06) recommending that H.B. No. 3097, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 3097, entitled: "A BILL FOR AN ACT RELATING TO PETROLEUM STORAGE FACILITIES," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Karamatsu, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 211-06) recommending that H.B. No. 1970, pass Second Reading and be referred to the Committee on Labor & Public Employment.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1970, pass Second Reading and be

referred to the Committee on Labor & Public Employment, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I have strong reservations about House Bill 1970. The reservations relate to the fact that if this bill becomes law we're going to really slow down our efforts to create low and affordable housing for our people. I think we have to look at it in a much more comprehensive way. You put this requirement in and the housing just comes to a halt. It won't be able to go ahead. Maybe some day something like this will make sense, but not today when we have homeless on the street and other families that are desperately trying to find a place that they can live in whether it's rental or be able to buy. Thank you."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I'm rising with some reservations on this bill. I'm concerned like the previous speaker about adding to the cost of housing. I believe that this bill sets up an artificial staffing requirement that is difficult to comply with and to enforce. It will also operate as an impediment to putting more practices and trainees on the work site. It's calling for more licensed people and that will automatically disqualify a premises. Thank you."

Representative Stonebraker rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Kahikina rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, as your Chair of Housing I stand in support with reservations if this does affect affordable housing. It is getting my attention."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, please note my reservations with similar concerns."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, my reservation on 211 and 212 with similar concerns."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1970, entitled: "A BILL FOR AN ACT RELATING TO CONTRACTORS," passed Second Reading and was referred to the Committee on Labor & Public Employment with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Karamatsu, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 212-06) recommending that H.B. No. 1972, as amended in HD 1, pass Second Reading and be referred to the Committee on Labor & Public Employment.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1972, HD 1, pass Second Reading and be referred to the Committee on Labor & Public Employment, seconded by Representative B. Oshiro.

Representative Stonebraker rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, please note my reservations with similar concerns."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, my reservation on 211 and 212 with similar concerns."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Kahikina rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1972, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTRICIANS," passed Second Reading and was referred to the Committee on Labor & Public Employment with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Karamatsu, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 213-06) recommending that H.B. No. 3118, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3118, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I speak in favor of this measure. I do have reservations however. The purpose of the bill is to allow responsible corporations that will take into consideration the interest of its employees and the public in areas such as the environment, and allowing businesses to incorporate as responsible business corporations.

"I think the goals of these corporations are very idealistic and very noble but perhaps a little unrealistic. Testimony came from the Democratic Party of Maui and some other individuals. The part where I have serious reservations is that it exempts these corporations from the corporate income tax, and so I just wanted to point that out. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, reservations with similar concerns. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3118, entitled: "A BILL FOR AN ACT RELATING TO CORPORATIONS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Karamatsu, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 214-06) recommending that H.B. No. 2524, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2524, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, this bill will disallow automatic permit approvals. A lot of people testified for this bill because they're philosophically against automatic approvals. But some agencies who are probably for it said they had problems dealing with it because when there was a vacancy or lack of quorum, there might have been automatic approval even though the number of people who were there voted against the measure. So rather than killing the entire automatic approval bill law, I think we should look to amending it, and perhaps making some leeway when there is a lack of quorum or when there are vacancies. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2524, entitled: "A BILL FOR AN ACT RELATING TO PERMIT APPROVALS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Karamatsu, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 215-06) recommending that H.B. No. 2594, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2594, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Karamatsu, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 216-06) recommending that H.B. No. 3067, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3067, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," passed Second Reading and was referred to the Committee on Finance with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representatives Karamatsu and Caldwell, for the Committee on Economic Development & Business Concerns and the Committee on Labor & Public Employment presented two reports:

(Stand. Com. Rep. No. 217-06) recommending that H.B. No. 3074, pass Second Reading and be referred to the Committee on Finance; and

(Stand. Com. Rep. No. 218-06) recommending that H.B. No. 3073, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative M. Oshiro moved that the reports of the Committees be adopted, and that H.B. No. 3074, pass Second Reading and be referred to the Committee on Finance, and H.B. No. 3073, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative B. Oshiro.

Representative Stonebraker rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker. I believe this is a study to see if we should create a Hawaii Construction Authority. I believe that it's unnecessary and therefore I'll be voting no on this.

"The next measure is actually the creation of the Hawaii Construction Authority so we're doing a study and creating it at the same time. So I believe this is waste of money and we don't need it. So I'm going to be voting no on both of these. Thank you."

The Chair then stated:

"The Chair will entertain the motion that we address both of these measures at the same time. Standing Committee Report Nos. 217 and 218."

Representative Meyer rose to speak in support of both measures with reservations, stating:

"I'm rising in support with strong reservations on both of them. On Stand. Com. Report 217, which creates a task force. I believe you got too many people on the task force, and I'm troubled by the fact that there's no representation from non-signatory contractors. Thank you."

Representative Marumoto rose to speak in support of both measures with reservations, stating:

"Mr. Speaker, I have reservations on these two measures. I believe that it would increase cost, cause delays, and this oversight committee will actually, when bringing complaints, will also bog-down the Department of Labor, who will be hard pressed to handle all the complaints. Thank you."

Representative Thielen rose to speak in support of both measures with reservations, stating:

"Thank you, Mr. Speaker, I have reservations for this same reason expressed by the previous speaker. Mr. Speaker, we just have got to stop doing things that can slow down the delivery of low and affordable housing."

"Everything that we have on our desk today and everyday henceforth we should look at through that perspective and say what's going to hurt our delivery of the low income and affordable housing. If it's going to hurt it, or might hurt it, put it on the side. Deal with it in another three, four, five years. But right now the main focus has got to be streamline. This in no way streamlines. This just adds a whole nother overgloss of bureaucracy, and it will not help deliver those projects. Thank you."

Representative Harbin rose to speak in support of both measures with reservations, stating:

"Mr. Speaker, I rise with very, very strong concerns about this bill. It also surprises and shocks me that it's being couched as an economic development tool for the success and growth of the Hawaii construction industry. The construction industry along with other industries in this State are so heavily, overly regulated, controlled, reports, you name it, that the administrative costs for the end product to the people that need it the most. And right now, the homeless and low income housing is very upfront on our agenda."

"But to add another layer of oversight that can create more havoc for our struggling businesses that are just trying to get their employees out there working without another authority, I find really, really not an economic development tool but, in fact, a tool of slowing growth."

Representative Moses rose in support of both measures with reservations, and asked that the remarks of Representative Thielen be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Stevens rose and asked that the Clerk record an aye vote with reservations on both measures for her, and the Chair "so ordered."

Representative Ching rose in support of both measures with reservations, and asked that the remarks of Representative Thielen be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Finnegan rose in support of both measures with reservations, and asked that the remarks of Representative Thielen be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Evans rose and asked that the Clerk record a no vote on both measures for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted and H.B. No. 3074, entitled: "A BILL FOR AN ACT RELATING TO ECONOMIC DEVELOPMENT," passed Second Reading and was referred to the Committee on Finance with Representatives Evans and Stonebraker voting no, and with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused; and

H.B. No. 3073, entitled: "A BILL FOR AN ACT RELATING TO ECONOMIC DEVELOPMENT," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Evans and Stonebraker voting no, and with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representatives Karamatsu and Caldwell, for the Committee on Economic Development & Business Concerns and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 219-06) recommending that H.B. No. 2335, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2335, HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative B. Oshiro.

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I am rising in support of HB 2335 with some reservations. The bill as written requires the public utility furnished telephone service, in our case that would be Hawaiian Telecom, to disconnect the telephone number of any person who has advertised as a licensed plumber or electrician when they are in fact not licensed."

This requirement puts the telephone company in a very compromising position. They could be found liable if a person died because they could not reach 911 due to the disconnected line. The utility could be found liable for wrongful termination of service. It is also possible that the Board of Electricians and Plumbers could provide the utility with an incorrect name or number causing an innocent person to lose phone service, which could negatively impact their business. I don't believe we should put the phone company in this position. Hopefully this bill will be amended as it moves through the process. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2335, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CHAPTER 448E, HAWAII REVISED STATUTES," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representative Meyer voting no, and with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 220-06) recommending that H.B. No.

2991, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2991, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I am rising with reservations on this. Thank you. First of all, I want it to be known that housing is at the very forefront of what I believe in, and what I need, and what I personally need. But I just want to start bringing it to the attention of my fellow colleagues here as we move along trying to solve these problems, we have to make sure that we understand that we have some inherent problems in the existing system.

"For instance with the special revenue bond this is a very, very good vehicle for attempting to deliver a need that our people need through nonprofits and I support that totally. But until we come to grips with, and deal with, the encumbrances that come along with these special revenue bonds such as a very questionable ... We don't we haven't figured out yet whether or not Chapter 104 even applies to this. And if Chapter 104 does apply to these special revenue bonds for the low income housing, then what we've done is we taken a special project, given it special revenue bond capabilities, and then what we're doing is covering it with another 20% to 30% of increase of administrative cost to comply with these Chapters.

"So I think we need to really look at some of the underlying cost drivers and we maybe need to look at maybe revising, I believe it's Chapter 201G where we can increase the exemptions for nonprofits from the Chapter 104 requirements. I think it's at a half million now, and perhaps maybe we need to raise that substantially so that we can give them the true benefit of what we're trying to do with these SPRBs. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2991, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL PURPOSE REVENUE BONDS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 221-06) recommending that H.B. No. 2992, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2992, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in support of the measure, stating:

"Mr. Speaker, I would like to speak in favor of 221. I feel that a special purpose ... Changing the Constitution is not necessary to achieve low-income housing and all those noble goals. Also I feel that in the event we pass the Little Davis Bacon Law to cover special purpose revenue bonds, it would increase cost and defeat our purpose in trying to provide low and moderate income housing. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2992, entitled: "A BILL FOR AN ACT PROPOSING AMENDMENTS TO THE HAWAII STATE CONSTITUTION RELATING TO SPECIAL PURPOSE REVENUE BONDS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 222-06) recommending that H.B. No. 1021, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1021, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC UTILITIES," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 223-06) recommending that H.B. No. 1913, as amended in HD 1, pass Second Reading and be referred to the Committee on Economic Development & Business Concerns.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1913, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SOLID WASTE," passed Second Reading and was referred to the Committee on Economic Development & Business Concerns with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 224-06) recommending that H.B. No. 2508, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2508, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WAIVER OF ABANDONED VEHICLE PUBLIC AUCTION REQUIREMENTS," passed Second Reading and was referred to the Committee on Finance with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representatives Morita and Abinsay, for the Committee on Energy & Environmental Protection and the Committee on Agriculture presented a report (Stand. Com. Rep. No. 225-06) recommending that H.B. No. 2873, pass Second Reading and be referred to the Committee on Transportation.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2873, pass Second Reading and be referred to the Committee on Transportation, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with reservations. I'm in support of the portion of the bill that talks about trying to deal with invasive species, and putting some money into a fund to do that. That's important to do, although I have problems with creating more and more special funds because they usually end up getting raided somewhere down the line.

"But it also takes a certain percentage and a disclosed percentage at this point from the Harbor Special Fund, which I don't think is a very good idea at all, and from Airport Revenue Fund. I think that may cause a lot of problems in the future too. We'll end up having to put the money back in from somewhere else. So let's just take money out of the general fund and pay for combating invasive species. Thank you."

Representative Stevens rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise in support with reservations. I don't feel that money should be taken from the Harbor Special Fund. Our piers are deteriorating and we need that money to keep the piers and our harbors in working order. Although I do believe that fighting invasive species is a very, very good cause and we do get them through the ships that come to the harbors. I believe the Harbor Special Fund should be reserved for taking care of the harbor itself. Thank you."

Representative Pine rose in support of the measure with reservations, and asked that the remarks of Representative Moses be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2873, entitled: "A BILL FOR AN ACT RELATING TO INVASIVE SPECIES," passed Second Reading and was referred to the Committee on Transportation with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representatives Morita and Abinsay, for the Committee on Energy & Environmental Protection and the Committee on Agriculture presented a report (Stand. Com. Rep. No. 226-06) recommending that H.B. No. 2263, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2263, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONTROLLING INVASIVE SPECIES," passed Second Reading and was referred to the Committee on Finance with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 227-06) recommending that H.B. No. 2950, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2950, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with reservations. Last year we passed a bill that reinstated the Voluntary Employee's Beneficiary Association Trust for the HSTA. This bill will broaden it to cover all unions.

"I'm somewhat concerned because we did experience a lot of savings in the Employer Union Trust Fund, and I think most of us saw where we didn't have to make payments for a month because there were those savings. I think with broadening this to all unions it may have the effect that everyone's premiums on healthcare will go up. Thank you."

Representative Stonebraker rose to speak in support of the measure with reservations, stating:

"I agree with the previous speaker and I'd like to voice my reservations as well."

Representative Takumi rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support. Mr. Speaker, the previous two comments reminds me after you read *A Million Little Pieces*. It's hard to separate fact from fiction.

"The facts are that this bill does nothing to enlarge the VEBA coverage. Last year's bill actually did that. Last year's bill was not just limited to the HSTA. It was open to any bargaining unit. This bill is merely a housekeeping bill so that a union like the HGEA doesn't have to create a VEBA Trust for every single one of their bargaining units, but it can be done as a union in general. Thank you, Mr. Speaker."

Representative Takai rose in support of the measure and asked that the remarks of Representative Takumi be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2950, entitled: "A BILL FOR AN ACT RELATING TO VOLUNTARY EMPLOYEES' BENEFICIARY ASSOCIATION TRUSTS," passed Second Reading and was referred to the Committee on Finance with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

No. 2647, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 232-06) recommending that H.B. No. 2694, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2694, HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating:

"I'm getting slow. I rise on 232. I'd like to state my very, very large, substantial reservation. The purpose of this bill if I can just recap it real quick, is to attempt to increase or tamper with the reimbursement rates for certain physicians, the medical providers. Then it goes on further to talk about the inordinate amount of paper work that the physician networks have.

"I'd really like to caution my fellow colleagues here in the House if you were not here back in the 90s when we attempted to tinker with the workers' comp system, and the only outcome was the capping of reimbursements to the physicians. It has had a horrible affect on our medical provider network, so I'm going to ask that we really, really proceed with caution as we start to do this and perhaps maybe we really need to look at having some type of a good working relationship with the providers, with the Department of Labor, before we take any radical steps as we did in the 90s. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2694, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2695, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII EMPLOYERS' MUTUAL INSURANCE COMPANY," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 234-06) recommending that H.B. No. 2698, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2698, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating:

"Mr. Speaker. I'm at 234. Again with strong reservations on this bill. I think we're headed in the right direction. I think that this bill, the purpose of this bill is to try to establish some type of standardization of forms. This is one of the biggest problems we have in our work comp system.

"About three or four years ago when I was with the Chamber of Commerce, as a small business advocate, the Chamber strongly worked with the Department of Labor and with this Legislature and the then Governor to attempt to try to get some type of funding directed specifically to the DCD, which is the Disabilities Compensation Division of the Department of Labor. They are terribly, terribly under, not only understaffed, but they are under computerized.

"As of 6 months ago unless things have changed in my new capacity here, and not as a person out on the streets. The only way that you can submit forms was by a fax. The fax machine breaks you can't get your forms in. They need help. They need computerization before you can even start to standardize forms because the forms need to be standardized from the employer to the provider to the employees everywhere.

"We need this but, we need to enable that Department and we need to really look at some funding for them specially to get them online in this electronic world. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2698, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative Morita, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 235-06) recommending that H.B. No. 3222, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative Harbin rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'm sorry I have to rise again with reservations and actually I may end up having to oppose these measures that are going to be coming before us that deal with procurement.

"I'll speak on 240 and what I'll do is stay seated on the rest of the procurement issues for today. I need to really, really, really, really get into the record my position on procurement. We have spent I think, the last two years trying to deal with: Do we want procurement? Do we want controlled procurement? Do we want to ... What do we want to do?

"I feel that we as policymakers, we need to make a decision. We're either going to be a State that has even-handed, across-the-board, uniform procurement. We cannot be allowing our tax dollars and the trust that our taxpayers put in us to be handed out to different agencies in different ways so that the providers of the services have no way of knowing what are the rules, what is the game plan for certain departments.

"This bill I think starts off correctly with the assumption of at least establishing a chief executive officer as the procurement officer. At least we can earmark someone that is responsible. But I think to raise the threshold amount before we have these people trained in how and what procurement is, I think is putting the cart before the horse and we really, really need to lay the bar of responsibility to not only this particular agency, but to all. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3087, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," passed

Second Reading and was referred to the Committee on Economic Development & Business Concerns with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1992, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Evans rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising with reservations on 241. I really like the part of the bill that looks to raising the cigarette tax by 2.5 cents per cigarette for dealing with Native Hawaiian programs that assist uninsured with focus on smoking cessation, prevention, education, and treatment of diseases caused by smoking. That makes sense to me.

"What I don't like about the bill is that we're trying to fund community health centers by taxing cigarettes. I think if we need money for community health centers then we should just say it and look on how we're going to do this. I don't believe we keep using cigarettes for a way to get money to fund programs.

"Like I said, I support the idea of the Hawaiian Program because it's the focus is smoking. But like I said, with community health centers, I think we should look at funding elsewhere. Thank you."

Representative Moses rose to speak in opposition to the measure, stating:

"Mr. Speaker, in support with reservations. Actually I'm not in support. I have to vote no on this, Mr. Speaker. The problem is, it is a tax increase. It doesn't matter whether it's from cigarettes or anything else. It's a tax increase.

"Once again, I'll say if we don't want to have the health problems that are associated with smoking, we ought to ban smoking in the State of Hawaii, but instead we keep taxing the cigarettes and we get more and more money from it. So we don't really want it to go away because if it went away, how would we fund these rural health centers? We also take money from the big settlement. We take a lot of money from that. So again if we want to fund rural health care let's do that. Let's not tax cigarettes to do it. Thank you."

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I appreciate the comments from both of the previous speakers. They make good and correct points.

"The point of this bill is to do a couple of things. Very briefly as we increase the cost of tobacco, fewer people smoke and it has exactly double the effect on young people so for every dollar that a pack of cigarettes cost more, 5 to 7% of adults smoke less, and it's double the effect on children. So it has a very good effect.

"The less smoking we have in this State decreases overall health costs very, very dramatically. Without tobacco in the country we would save \$500 billion. Those are national health numbers. \$500 billion annually.

"And finally the purpose for giving the moneys to the federally qualified health centers, while I completely agree that we should essentially fund them well, because there are 13 health centers across the State, geographically well-placed to take care of our uninsured,

underinsured, and families that in general are more poor than other families. I was instructed directly by the Director of Health and other people in leadership positions in government that if I wanted to find money for new programs or expanding programs I liked, I had to go find it on my own. I'm not a rich guy so I couldn't fund them personally. We had to find a measure that would actually get money directly to go into these health centers.

"So this has a really nice coordinated effect. We'll have less in the way of chronic health and expensive health problems for the State and at the same time, moneys will go while we're preventing those illnesses into the places where we have our greatest need to take care of the uninsured. So I actually think this is a perfect mechanism. Thank you, Mr. Speaker."

Representative Stonebraker rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I have strong support for this measure, Mr. Speaker. I would like just like to ask that the remarks from the Representative from North Kona be entered in the Journal as if they were my own," and the Chair "so ordered."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1992, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CIGARETTE TAX," passed Second Reading and was referred to the Committee on Finance with Representative Moses voting no, and with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representatives Arakaki and Sonson, for the Committee on Health and the Committee on Human Services presented a report (Stand. Com. Rep. No. 242-06) recommending that H.B. No. 3123, as amended in HD 1, pass Second Reading and be referred to the Committee on Public Safety & Military Affairs.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 3123, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR HURRICANE PREPAREDNESS," passed Second Reading and was referred to the Committee on Public Safety & Military Affairs with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representatives Arakaki and Sonson, for the Committee on Health and the Committee on Human Services presented a report (Stand. Com. Rep. No. 243-06) recommending that H.B. No. 2941, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2941, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGING," passed Second Reading and was referred to the Committee on Finance with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

Representatives Arakaki and Caldwell, for the Committee on Health and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 244-06) recommending that H.B. No. 3128, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 3128, HD 1, pass Second Reading and

be referred to the Committee on Consumer Protection & Commerce, seconded by Representative B. Oshiro.

Representative Evans rose to speak in support of the measure with reservations, stating:

"Mr. Speaker. On 244, I rise with strong reservations. I have real concerns about a universal healthcare system, and I won't go into all the details of that. But I am struck by something on page 2. Interesting, whoever authored this bill is really making some really interesting and strong statements that I don't believe reflect probably me and some other members of our Body, but I'm just going to read one paragraph. I haven't read the rest of it but, there must be other comments in there I wouldn't agree with, but this one particular.

"Let me frame it for you. The three biggest cost-drivers of healthcare in the United States and Hawaii today are associated with the following: a profit driven complex of payments; reluctant, multi-payer, health insurance bureaucracies competing to insure only the healthy; and the wealthy by leaving those who need healthcare the most to the taxpayers.

"There's a lot of editorial comments in this legislation right now and I just have some concerns about that. But also I have concerns about the whole concept of universal healthcare. So with reservations. Thank you."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I'm rising with the same reservation as the Representative from Waimea. Thank you."

Representative Hale rose to speak in support of the measure, stating:

"Yes, Mr. Speaker, thank you. I strongly support this. Every major civilized nation of the world can take care of their people. We can't take care of them. We have to stop thinking about money and thinking about welfare. Thank you."

Representative Stonebraker rose to speak in opposition to the measure, stating:

"I'll be voting no on this and I'll vote no on it till the very final Reading, with these brief comments. A study once said, and I agree with it, if you think healthcare is expensive now, wait until the government runs it.

"We've seen how the government runs the Department of Motor Vehicles, the education system. To put them in charge of health care, well one could argue on a philosophical level, why don't we make government run auto insurance? What's the difference? There's a lot of people that don't have auto insurance and they drive. Well the same argument is made to provide universal health care. Well, there's a lot of people that aren't insured. The problem is that there's so much evidence from around the world that people are waiting in lines and dying for treatments that they need to have done, procedures that they need to have taken care of immediately. And it's just not getting done.

"We have the best healthcare in the world. The medicine here is fantastic. As a matter of fact, Mr. Speaker, my father was diagnosed and is recovering remarkably from Guillain-Barre syndrome and my colleague from North Kona probably knows a lot about that. But what was amazing was going into the hospital, the emergency at Queen's. We found that the care was tremendous. It's hard to compare the amount of attention that one receives. Now if you made a universal healthcare system, what you would have is everybody down there just to get attention.

"Now when we were there, there was a woman and I don't want to make any personal judgment, but she was uncontrollable by the

security guards because she was flighty, she was wandering off, she talked about this, that and the other. And really all they wanted to do was provide for her but she wouldn't sit in one place and wait for the nurse to get her name and number. And my father appropriately leaned over to me and said, now could you imagine what would happen if there was a universal healthcare system. This place would look like Aala Park. Everybody would be here for this drug, that drug, this treatment, that treatment. And everybody else that might really need treatment, who is undergoing dialysis or other serious ailments, would be shutout. And that's exactly what happened in Canada and other parts of the world.

"The rate of death for prostate and breast cancer is doubled in Canada and England because of this system. This system doesn't help the people. It hurts them. And for that reason, I'll vote no. Thank you."

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Just brief comments in support of the concept. And I would remark that the first patient I ever saw had Guillain-Barre syndrome, in 1995. Conceptually, I think that we need to get healthcare for everyone in the United States of America. And I think that once universal healthcare becomes a reality, it will be an American form of universal healthcare. I cannot say what that will mean. I'm not advocating a new tax on the people of America or the State of Hawaii.

"What I'm trying to do when bills like these come forward is to say, we really have to have an honest and large dialogue that includes all of the players, the hospitals, the insurers but most importantly the consumers of health care which is every single one of us. So going forward, if the system worsens, if it becomes more expensive or excludes even more people from getting care, that we're prepared as Americans to take care of all of our own. So I hope people will keep their minds open. A lot of these bills are meant to keep discussion going because it's probably the most principle issue that will affect all of our constituents. Thank you, Mr. Speaker."

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in support of this measure. I believe that this bill has something to do with a single-payer system in which they take care of the billing for all the different companies because billing drives the cost by 30 percent. By funneling them to a single-payer system, that 30 percent becomes a savings. And let me just say that it doesn't have anything to do with the delivery of healthcare. It has something to do with billing. And we have to do something with our healthcare, Mr. Speaker. The cost of insurance is going so high that if we don't do any intervention, the system and all the insurance companies dealing with us will go bankrupt.

"It's nearing its demise. Everybody wants a lot of coverage, expanded coverage. And we now as a society believes that health care is a right as opposed to a privilege. And if you want a lot, you have got to be willing to pay a lot, and right now we're not willing to pay a lot. Thank you."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support at this point, at least with reservations. It creates another special fund which is one thing that I don't like right off the bat. But also, we have tremendous medicines here that cost a lot, and we're not allowing for that fact in all of our discussions. We're talking about healthcare being so costly. Well yeah, because it is good healthcare. Usually you pay for what you get.

"People from Canada, universal healthcare, they flock across the border to get treatment. In fact, our waiting list is very long for most

countries trying to come here. I don't see any Americans waiting in line to go to countries with universal healthcare just to get good health care. They want to get their healthcare here. So I think we ought to bear that in mind. Thank you, Mr. Speaker."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Mr. Speaker, I rise with strong reservations on this bill. Single payer systems have raised a quality and timeliness of care issues and may require complex and expensive financing arrangements. During the 2005 Legislative Session, HB 1304, HD1, SD2, CD1 was passed creating a temporary healthcare task force to investigate the different options available to provide health care to all of Hawaii's residents. The task force was appropriated \$200,000 with which to "contract for services and studies as necessary". Since the task force has not yet made recommendations regarding a single payer system, HB 3128 is premature. Thank you."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 3128, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTHCARE," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representative Stonebraker voting no, and with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

THIRD READING

H.B. No. 462, HD 1:

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, H.B. No. 462, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTION DAY POLL WATCHERS," passed Third Reading by a vote of 46 ayes, with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

H.B. No. 2539, HD 1:

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, H.B. No. 2539, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTION," passed Third Reading by a vote of 46 ayes, with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

H.B. No. 2779, HD 1:

Representative M. Oshiro moved that H.B. No. 2779, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Abinsay rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. This is Third Reading, and if I may stand in strong support. Very briefly, Mr. Speaker, this is a bill that makes it a civil rights violation to unlawfully discriminate against

preventing an individual from city, State or county benefits, including financial assistance for the sole reason that the individual cannot use English proficiently.

"Mr. Speaker, passing this measure, I believe is a demonstration once again by the State that we are indeed a very compassionate State in extending our support for our people who are most in need of our support or help.

"Mr. Speaker, this issue is really very dear to my heart because at one point of my life, being an immigrant, I had experienced the same situation on many occasions. And at that time, I just didn't have any recourse, where to go.

"We also passed a measure Mr. Speaker, House Bill 2778 on Second Reading, and this is Relating to Language Access. As a result, this is going to create an office under that Department of Labor. And I would just like to speak more, hopefully, on this measure at the appropriate time. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, H.B. No. 2779, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DISCRIMINATION," passed Third Reading by a vote of 46 ayes, with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

H.B. No. 1787, HD 1:

Representative M. Oshiro moved that H.B. No. 1787, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I have some written comments to submit to the Journal. But I just wanted to say one thing about this HD 1, that I hope that the Senate will restore a provision contained in the as introduced version, that requires driver license exams to have a question in this provision. Teenage parents and teenage babysitters are the most likely to be unaware of the dangers of leaving *keiki* in a vehicle unattended. For the majority who have children later in life, it's important for them to be made aware of the dangers of leaving unattended *keiki* in cars. After their initial driver's test, drivers generally do not take a written exam for many years. We need to take advantage of the opportunity to inform drivers of the dangers of leaving *keiki* unattended in vehicles. I ask that my colleagues support this measure and send it on to the Senate. Mahalo."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 1787, HD1, Relating to Child Endangerment. Many people do not realize how dangerous it is to leave small children in cars for even short periods of time. It is dangerous for the child and for those in close proximity to the car as well.

"In 2005, four vehicles on Oahu were stolen with *keiki* inside left there by their parents or babysitters while running quick errands. All four of these incidents ended without major tragedy, but unfortunately that is not always the case.

"Hundreds of these kinds of incidents happen every year in the United States and unfortunately we are not immune to them here in Hawaii. Most of us remember the tragic accident on the Windward side in late 2003 where a little girl died from hyperthermia after being left in the backseat of a car.

"To give two further examples, a 10-week old baby died in a car in North Carolina when the car caught on fire. The baby's mother had gone into the Lyle Creek Elementary School to pick up another of her children who was in kindergarten. She had only been away from the car for a few minutes.

"In Hamilton, Massachusetts a 2-year old was run over by a minivan (and fortunately survived) after he and his sister accidentally put the vehicle in neutral while they were playing in it. The sister jumped out, but the little boy got caught under the vehicle.

"HB 1787, HD1 would put parents on alert that leaving their *keiki* in cars for even short periods of time is very dangerous. The bill makes it a traffic infraction to leave a *keiki* unsupervised in a motor vehicle.

"While I hope my colleagues will support this HD 1, I also hope the Senate will restore a provision contained in the 'as introduced' version that requires driver's license exams to have a question about this issue. Teenage parents and teenage babysitters are the most likely to be unaware of the dangers of leaving *keiki* in a vehicle unattended. For the majority who have children later in life, it is important for them to be made aware of the dangers of leaving unattended *keiki* in cars. After their initial driver's test, drivers generally do not take a written exam for many years. We need to take advantage of the opportunity to inform drivers of the dangers of leaving *keiki* unattended in vehicles.

"I ask that my colleagues support this measure and send it on to the Senate. Mahalo."

The motion was put to vote by the Chair and carried, H.B. No. 1787, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD ENDANGERMENT," passed Third Reading by a vote of 46 ayes, with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

H.B. No. 1825, HD 1:

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, H.B. No. 1825, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TRAFFIC INFRACTIONS," passed Third Reading by a vote of 46 ayes, with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

H.B. No. 1983, HD 1:

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, H.B. No. 1983, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," passed Third Reading by a vote of 46 ayes, with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

H.B. No. 2114, HD 1:

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, H.B. No. 2114, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GRAFFITI," passed Third Reading by a vote of 46 ayes, with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

H.B. No. 2207, HD 1:

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, H.B. No. 2207, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SEXUAL ASSAULT," passed Third Reading by a vote of 46 ayes, with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

H.B. No. 2303, HD 1:

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, H.B. No. 2303, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD SUPPORT ENFORCEMENT," passed Third Reading by a vote of 46 ayes, with Representatives Arakaki, Cabanilla, Saiki, Schatz and Takamine being excused.

At 1:59 o'clock p.m., the Chair noted that H.B. Nos. 462, HD 1; 2539, HD 1; 2779, HD 1; 1787, HD 1; 1825, HD 1; 1983, HD 1; 2114, HD 1; 2207, HD 1; and 2303, HD 1, passed Third Reading.

ANNOUNCEMENTS

At 1:59 o'clock p.m., Representative Herkes requested a recess, and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:00 o'clock p.m.

Representative Sonson: "Mr. Speaker, it's an honor to stand up and say Happy Birthday to the doctor in the House. Josh Green will be 36 tomorrow. I also would like to stand up and say Happy Birthday to my daughter who is 10 years old today. Happy Birthday Marie."

Representative Takumi: "Mr. Speaker, just an announcement. We have a 2 o'clock hearing for Education, but we also have a joint decision making with the Labor Committee. And so in deference to the Labor Committee members, we'll do decision making on those bills first, and then we're going to the regular Education hearing. Thank you."

ADJOURNMENT

At 2:01 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon, Monday, February 13, 2006. (Representatives Cabanilla, Saiki, Schatz, Takamine and Yamane were excused.)

The House of Representatives reconvened at 12:13 o'clock p.m.

STANDING COMMITTEE REPORTS

Representatives Sonson and Arakaki, for the Committee on Human Services and the Committee on Health presented a report (Stand. Com. Rep. No. 261-06) recommending that H.B. No. 2672, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2672, entitled: "A BILL FOR AN ACT RELATING TO QUEST," passed Second Reading and was referred to the Committee on Finance, with Representative Takai being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 262-06) recommending that H.B. No. 2215, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2215, entitled: "A BILL FOR AN ACT RELATING TO CONCESSIONS ON PUBLIC PROPERTY," passed Second Reading and was referred to the Committee on Finance, with Representative Takai being excused.

Representatives Hale and Karamatsu, for the Committee on International Affairs and the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 263-06) recommending that H.B. No. 1889, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 1889, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Evans rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 1889, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF INTERNATIONAL AFFAIRS," passed Second Reading and was referred to the Committee on Finance, with Representative Takai being excused.

Representatives Chang and Ito, for the Committee on Tourism & Culture and the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 264-06) recommending that H.B. No. 2688, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2688, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. This measure regulates fireworks again, like the one we had the other day. This one talks about not only the definitions of fireworks. That's okay. But it also talks about when you can buy them. One of the limiting factors is no more than five days before New Years, Chinese New Years, or the Fourth of July.

"Another one though is not after 12:00 a.m. on New Years Day. So I'm thinking, okay I want to take my children out to use sparklers or snakes at the park because it's a holiday, and I can't buy any fireworks on that day. Then you look at Chinese New Years, not after 6:00 p.m., and 8:00 p.m. on the Fourth of July. So I'm just wondering about these time restrictions. I think next we'll regulate what color of fireworks we're able to buy. Thank you."

Representative Evans rose in support of the measure with reservations, and asked that the remarks of Representative Moses be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2688, entitled: "A BILL FOR AN ACT RELATING TO FIREWORKS," passed Second Reading and was referred to the Committee on Judiciary, with Representative Takai being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 265-06) recommending that H.B. No. 2619, be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2619, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," was referred to the Committee on Finance, with Representative Takai being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 266-06) recommending that H.B. No. 2439, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2439, HD 1, entitled: "A BILL FOR AN ACT RELATING TO A ONE CALL CENTER," passed Second Reading and was referred to the Committee on Finance, with Representative Takai being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 267-06) recommending that H.B. No. 2969, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2969, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Sonson rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Strong reservations on this measure. There was no support from either the Insurance Commissioner or the Securities Commissioner on the portion which mandates the transfer of jurisdiction of variable annuities from the Securities Commissioner to the Insurance Commissioner. I know this is moving to Judiciary, Mr. Speaker, so I will limit my comments to that. Just strong reservations. Thank you."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this measure. For the same reason stated by the previous speaker, I am in opposition. But I would like to point out that the bill does more than affect seniors. It affects all consumers. I am on the subsequent Committee, so we'll discuss it there. Thank you very much."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Mr. Speaker, this is just a policy call. With these types of annuities, one of the problems is that they're sold to seniors promising them a return in the period of time when they're not going to be alive. So this is a senior protection act. It's a model bill that was given to us by NCOIL. When I was at the NCOIL meeting in November, we spent a lot of time on this issue.

"So the question is, do variable annuities come under the securities administration or under the insurance division? The consensus from NCOIL was that they are an insurance product, basically, and should be under the insurance division. Then this bill really calls for protection of seniors being sold those variable annuities. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2969, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ANNUITIES," passed Second Reading and was referred to the Committee on Judiciary with Representative Marumoto voting no, and with Representative Takai being excused.

Representative Chang, for the Committee on Tourism & Culture presented a report (Stand. Com. Rep. No. 268-06) recommending that H.B. No. 3238, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3238, HD 1, entitled: "A BILL FOR AN ACT RELATING TO OUT-OF-STATE SALES OF TIME SHARE INTERESTS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representative Takai being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 269-06) recommending that H.B. No. 2637, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2637, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Second Reading and was referred to the Committee on Finance, with Representative Takai being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 270-06) recommending that H.B. No. 2058, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2058, entitled: "A BILL FOR AN ACT RELATING TO THE REPRODUCTIVE RIGHTS PROTECTION COMMITTEE," passed Second Reading and was referred to the Committee on Judiciary, with Representative Takai being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 271-06) recommending that H.B. No.

2105, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2105, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR DONATED DENTAL SERVICES," passed Second Reading and was referred to the Committee on Finance, with Representative Takai being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 272-06) recommending that H.B. No. 2526, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2526, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION AS A GRANT-IN-AID TO THE COUNTY OF HAWAII FOR EMERGENCY MEDICAL SERVICE PERSONNEL TO STAFF THE AEROMEDICAL HELICOPTER UNIT," passed Second Reading and was referred to the Committee on Finance, with Representative Takai being excused.

Representatives Herkes and Arakaki, for the Committee on Consumer Protection & Commerce and the Committee on Health presented a report (Stand. Com. Rep. No. 273-06) recommending that H.B. No. 1975, as amended in HD 1, be adopted, passed, and recommitted jointly to the Committee on Consumer Protection & Commerce and the Committee on Health.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1975, HD 1, be adopted, passed, and recommitted jointly to the Committee on Consumer Protection & Commerce and the Committee on Health, seconded by Representative B. Oshiro.

The Chair then addressed Representative Stevens, stating:

"Representative Stevens, what is the motion before us this afternoon, on this particular measure?"

Representative Stevens responded, stating:

"To recommit."

The Chair responded, stating:

"Yes, absolutely right. Okay, you got it."

The motion was put to vote by the Chair, and the report of the Committees was adopted and H.B. No. 1975, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY MEDICAL SERVICES," was adopted, passed, and recommitted jointly to the Committee on Consumer Protection & Commerce and the Committee on Health, with Representative Takai being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 274-06) recommending that H.B. No. 2746, as amended in HD 1, be adopted, passed, and recommitted to the Committee on Transportation.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2746, HD 1, be adopted, passed, and recommitted to the Committee on Transportation, seconded by Representative B. Oshiro.

Representative Berg rose to speak in support of the motion to recommit with reservations, stating:

"Thank you, Mr. Speaker. I'd just like to register a vote with reservations. Taxes are a methodology and avenue for us to enhance

quality of life. They're not intended to exacerbate problems of fuel prices. So I'm with reservations. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2746, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AVIATION FUEL TAXES," was adopted, passed, and recommitted to the Committee on Transportation, with Representative Takai being excused.

SUSPENSION OF RULES

Representative B. Oshiro moved that the rules be suspended to consider certain House Bills on Third Reading on the basis of a modified consent calendar, seconded by Representative Meyer.

The Chair then addressed Representative Tsuji, stating:

"Representative Tsuji what is the motion before this Body at this point in time? The motion before this House?"

Representative Tsuji responded, stating:

"I'm sorry, Mr. Speaker. To recommit?"

Speaker Say: "No. To suspend the Rules of the House, to consider certain bills for Third Reading by consent calendar. That's okay. You weren't paying attention Representative Tsuji."

Representative Tsuji: "Mr. Speaker, I wasn't paying attention. I apologize."

The motion was put to vote by the Chair and carried, and the rules were suspended for the purpose of considering certain House Bills on Third Reading on the basis of a modified consent calendar. (Representative Takai was excused.)

THIRD READING

H.B. No. 1878:

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, H.B. No. 1878, entitled: "A BILL FOR AN ACT RELATING TO INVESTMENT SECURITIES ACT," passed Third Reading by a vote of 50 ayes, with Representative Takai being excused.

ANNOUNCEMENTS

Representative Caldwell: "Mr. Speaker, in 1809 on this day, Abraham Lincoln was born – an outstanding man. You know when he read his Gettysburg Address, one comes to understand when he talked about, "We the people ..." For the first time, he defined it as all the people of our great country. And that legacy lives on. I think even though for us as Democrats, we may find that he was the first, I think, really great Republican President. We've all learned much from his legacy. I just wanted to bring that to the attention of the Members of this Body. Thank you."

Representative Souki for the Committee on Transportation requested a waiver of the 48-hour hearing notice requirement to hear H.B. No. 2746, HD 1, Relating to Aviation Fuel Taxes, to be held Wednesday, February 15th at 11 o'clock a.m., with decision making to follow, and the Chair "so ordered."

ADJOURNMENT

At 12:23 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon, tomorrow, Tuesday, February 14, 2006. (Representative Takai was excused.)

EIGHTEENTH DAY

Tuesday, February 14, 2006

The House of Representatives of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2006, convened at 12:03 o'clock p.m., with the Speaker presiding.

The invocation was delivered by Mr. Jacce Mikulanec, office manager to Representative Schatz, after which the Roll was called showing all members present with the exception of Representatives Takai and Takamine, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Seventeenth Day was deferred.

INTRODUCTION

The following introduction was made to the members of the House:

Representative Sonson introduced Mr. Jack Tweedie, Director of the Children and Families Program, National Conference of State Legislatures.

Representative Sonson also introduced Ms. Park Kaleiwahea, his office manager.

ORDER OF THE DAY

STANDING COMMITTEE REPORTS

Representative Chang, for the Committee on Tourism & Culture presented a report (Stand. Com. Rep. No. 275-06) recommending that H.B. No. 3113, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3113, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support of this measure. Thank you. This measure seeks to introduce a concept and have a museum, which would honor all the various cultures here in Hawaii. Of course, including our native host culture. And tell the story of all of our cultures that have come here, the story of hard work, the story of success to inspire the children, our future of tomorrow to know that they too can *carpe diem* or seize the day. This museum seeks to connect with the different schools around the State and make sure that children know from where they come and who they are, and participate in history.

"Secondarily, this museum seeks to also capitalize on a new trend, a growing trend in tourism, which is heritage tourism. We have many reports that now state, that of all the profiles of tourists, it is the heritage tourists who stays longer and spends more money in Hawaii. And as we know, we cannot always accommodate every single person or else we would have hotels on every square inch of our islands. We have to look to those who also care about our island culture. So I see it a win-win for visitor and resident alike. Mahalo."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3113, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HISTORY MUSEUM," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3235, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE OF HAWAII ENDOWMENT FUND," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representative Kanoho, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 277-06) recommending that H.B. No. 2400, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2400, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Magaoay rose to speak in support of the measure, stating:

"Mr. Speaker, I'm in strong support on this bill. I ask my colleagues to support this bill. It's really a good endeavor, especially as you mentioned in your speech on Opening Day, about being stewards of the land. This is one of the *ainas* that we need to preserve. I had a bill that I introduced, but this bill is an Administration bill, but the money is going to be coming from this year's budget instead of next year. I think working together in partnership, we can preserve and be good stewards. So I recommend it to all of my colleagues for their support. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2400, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR ACQUISITION OF WAIMEA VALLEY,

OAHU," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

No. 2551, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representatives Takumi and Abinsay, for the Committee on Education and the Committee on Agriculture presented a report (Stand. Com. Rep. No. 283-06) recommending that H.B. No. 1843, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees

was adopted and H.B. No. 1843, entitled: "A BILL FOR AN ACT RELATING TO VOCATIONAL AGRICULTURE EDUCATION," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 284-06) recommending that H.B. No. 3232, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3232, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with reservations. All the testimony we got from the Civil Defense is that they already do this. This is just adding another delaying factor to them trying to plan as they do now. Thank you."

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I'm rising in support of HB 3232, but with some strong reservations. This bill, as written, will appropriate funds to support the efforts of a newly created commission on disaster hazards. It will also pay for additional work, to be performed by the Civil Defense Division, to update information relating to disaster hazards and make that information accessible in electronic form. I believe this bill will divert the Civil Defense Division's efforts from its main purpose, which is preparing for and training volunteer members for Hawaii's next natural disaster.

"Mr. Speaker, in addition, the testimony from both the Civil Defense Division and Department of Defense was tepid and less than enthusiastic. Thank you, Mr. Speaker."

Representative Ito rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Mr. Speaker, this bill will establish a Commission on Disaster Hazard Information to oversee the process of compiling information relating to disaster hazards across the State into a manageable and accessible electronic form and keep the information up-to-date. The University of Hawaii concurs with the necessity of making sure that this information is verified and valid. This will greatly enhance our State's ability to make comprehensive mitigation plans for the safety of the Hawaii people. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3232, entitled: "A BILL FOR AN ACT RELATING TO CIVIL DEFENSE," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 285-06) recommending that H.B. No. 2444, HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2444, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. Thank you, Mr. Speaker. This bill, right in the bill itself it says, "no state or county agency, commission, corporation, department, or any other authority of the state or county, shall expend any federal funds provided by the United States Office for Domestic Preparedness under the State Homeland Security Program, unless the department of defense submits to the legislature." And then it goes through a bunch of things they have to submit.

"My contention is, Mr. Speaker, nowhere in the bill does it say what the Legislature will do with that. It goes on to say if the Legislature is not in Session, the reports will be submitted to yourself and the President of the Senate. Again, it doesn't say what the Legislature will do or that the Legislature must approve. So I don't understand why we're putting this burden on the Department of Defense for expending federal money on preparedness. Thank you."

Representative Stonebraker rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'll be voting against this. I'm assuming that it's for the same reasons. I was reading on other bills when the previous speaker was speaking. But in a time where we need to be extra cautious with what we do regarding natural disaster and our emergency needs, I think most importantly, we've seen with some examples, especially in the Gulf Coast states, where the inflexibility of the government agencies has led to an exacerbation of much of the problems caused by natural disasters. So for those reasons, I believe that this bill goes in the opposite direction. I believe it makes it more rigid and more difficult to local agencies to spend the money that they need and to get the assistance that needs to be gotten to the residents in the area as quickly as possible. This will go in the opposite direction, making it more difficult to do that. So for those reasons, I'll be voting no. Thank you."

Representative Ito rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Mr. Speaker, all this bill does is require the State to disclose a plan for homeland security. While it is important to ensure that Hawaii is safe from terrorists and threats of harm, the public should have a general idea of what the priorities are and how the taxpayer dollars are being spent. For example, Hawaii is 95% dependent on food and other goods being shipped in and through Hawaii harbors and Neighbor Island harbors. Protection of this transportation hub would be critical for homeland security.

"Furthermore, our hospitals and other industrial manufacturers use nuclear materials that could be used to build a nuclear weapon. We need to know if our homeland security plan addresses the safeguards of such materials. Mr. Speaker, we need to know what concerns are being addressed. Thank you."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with some strong reservations. My concern is that as written now, this bill would limit the Department of Defense's ability to spend funds in a timely manner. It will restrict the expending of funds received by the Department of Transportation Port Security Grant of Health. It will delay implementation of federally mandated safety and security improvements to our transportation facilities. In this time of terrorists, as well as some of the concerns that the bill has, but my concern is for homeland security and any kinds of terrorist threat, that we don't want to tie the hands of the very people that we rely on to keep us as secure as possible. Thank you, Mr. Speaker."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Please note my strong reservations and that I'll be looking in the future to understand this bill a little bit more."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Same request, Mr. Speaker."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Yamane rose in support of the measure and asked that the remarks of Representative Ito be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2444, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Second Reading and was referred to the Committee on Finance with Representatives Moses and Stonebraker voting no, and with Representatives Kanoho and Takai being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 286-06) recommending that H.B. No. 2448, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2448, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CORRECTIONAL FACILITIES," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representatives Saiki and Kanoho, for the Committee on Hawaiian Affairs and the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 287-06) recommending that H.B. No. 2930, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2930, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAIIAN TRADITIONAL AND CUSTOMARY PRACTICES," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representatives Herkes and Arakaki, for the Committee on Consumer Protection & Commerce and the Committee on Health presented a report (Stand. Com. Rep. No. 288-06) recommending that H.B. No. 1872, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 1872, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising in strong support of House Bill 1872. Thank you. Mr. Speaker, we all know that it's important to be able to provide prescriptive drugs, particularly to our seniors at a cost that is affordable. Unfortunately, that's not been the case in the

United States or particularly here in our island. Americans pay the world's highest drug prices. We paid more than 81% than buyers in Canada last year. And also at 81% higher than in six Western European countries. In 2000, the differential was 60%. So we're just on an upward scale with the high cost of prescriptive drugs. We pay 108% more than the French for the same drugs. 118% more than the Italians. 58% more than the Swiss. And that's the country with prices closest to those in the United States.

"This bill is an effort to increase access to affordable prescriptive drugs, Mr. Speaker, by allowing the consumers of this State to obtain an injunction or damages or other relief when a drug manufacture or its licensee sells drugs for an excessive price. That part of the bill may be changed as we go to Judiciary. And the Committee Report does indicate that the Judiciary Committee should look at the legal aspects of the bill. What it does is, which should not be changed or modified in any way, it will require the drug industry to justify why it's medications cannot be priced more reasonably when the prices are compared with four high income industrialized countries. And the prices here, locally, exceed 30% over those four highly industrialized countries. Then the drug industry has to justify why we should be paying these excessive prices.

"It's all in the best interests of the consumer, Mr. Speaker, that we have this information. And I think it's also telling to note that the only entities that testified against the bill are the drug manufacturers who are reaping in these huge profits. Thank you."

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. A very brief story. A constituent and patient called me the other day and said, 'Dr. Green, my medicine, I ordered it from Canada because it was 60% cheaper and it was seized.' She wanted to know why the medicine was seized. It was a federal thing. But she had this medicine called Plavix, which is meant to keep the blood a little thinner when aspirin is not enough. She had a heart attack and she needed to not have another heart attack. So she didn't have her medicine. And then she had to go rebuy the medicine that was taken from her.

"Now I'm not advocating or even broaching the subject of whether or not we should be able to get medicines from Canada or other countries. But it was so expensive that she then couldn't purchase the medicine when she went to rebuy it here. And had to wait once again for all the paperwork and processes to go by. So she went six or eight weeks without having that medicine that decreased her likelihood of having another heart attack. It's the same medicines used for strokes.

"So, it's such a conundrum for people that are on fixed incomes that we need a bill or some kind of bill that just provides for common fairness because it's absolutely a real situation. A lot of people can't afford their medications and are at increased risk for very, very serious complications. Thank you, Mr. Speaker."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise in favor of this bill but I have some reservations. I can tell we're going to have an interesting time in Judiciary with this measure. This one, this bill would go into effect when the wholesale price of a patented prescription drug in the State is more than 30% higher than the comparable price in any high income country. These countries would be the United Kingdom, Germany, Canada, and Australia. And I'm kind of wondering whether we have somebody in the Department of Health who's checking these prices, or some Attorney General who maybe checking the prices in these countries. I think that sounds like a kind of a lot of work to chase down these prices in all these countries to determine whether there's a 30% differential.

"I do not like excessive prices. I wish our drug prices were lower. I'm not certain that this is the proper vehicle, the proper route to take in getting lower prices. But I think it's a little bit unwieldy to prove where the prices are 30% lower, and when, on what day. You've got a moving target here in Hawaii too. We have all different prices at all different points in our State. So I have my reservations. I'm looking forward to hearing testimony on this in the next Committee. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 1872, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PRESCRIPTION DRUGS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Kanoho and Takai being excused.

Representatives Herkes and Arakaki, for the Committee on Consumer Protection & Commerce and the Committee on Health presented a report (Stand. Com. Rep. No. 289-06) recommending that H.B. No. 1873, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 1873, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PRESCRIPTIONS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Kanoho and Takai being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 290-06) recommending that H.B. No. 2076, HD 1, as amended in HD 2, be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2076, HD 2, be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Stonebraker rose to speak in support of the measure with reservations, stating:

"I have some reservations on this measure, Mr. Speaker. Currently, the law allows for the treatment of minors as far as in regards to medicine. Primarily, the concern of many people is the administration of abortions to minors without the consent of a parent. That's embarrassing."

The Chair stated:

"That's okay, just turn your phone off."

Representative Stonebraker continued, stating:

"You're not supposed to call me here. Just kidding. I'm sorry, Mr. Speaker. Please forgive me.

"This bill, what it does, Mr. Speaker, is it allows for parents to be involved in plastic surgery. To me, it just seems very awkward that parents don't have the right to be involved in any other forms of medication or surgery or treatment, except for plastic surgery. It seems to be illogical. It continues to violate the rights of parents to be involved with their children's medical treatment. Thank you."

Representative Sonson rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. In support with the same reservations as the prior speaker. In addition to my reservations, Mr. Speaker, testimony was brought forward that this is actually a bill that's targeted towards minors, who are predominantly the clients of the Waikiki Health Center. The bill, though as promulgated, as stated in this measure, defines medical services too broadly. As I understand it, the Center does not provide anything more than

primary care. So I think that in order to address the issues of that particular entity, we should limit this bill indeed to just primary care.

"Right now, it does include major surgery, heart transplant, kidney transplant, whatever it may be because it's defined as any care treatment service or procedure. So as this bill moves forward, Mr. Speaker, we should take a look at this and try to limit it in order to not have the doctor substitute for parents' right to determine what happens to their 14-year old. Thank you so much."

Representative Pine rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"Mr. Speaker, I rise to speak with reservation on HB 2076, HD2.

"This bill proposes to improve the provision of medical services to youth that do not have a parent or guardian to authorize medical procedures. Within the State of Hawaii, there are many teens that are either homeless, runaways, from Micronesia or other countries, with no parents in the State, or otherwise lacking adult supervision. The bill allows these teens the ability to receive seriously needed health services, while acknowledging a minor's right to privacy and control of their own health services. The bill also allows providers to accept the consent of a minor if a physician determines the minor understands the benefit and risk of medical care and the services are for the minor's benefit.

"As written, the bill appears much broader than its intent because the bill would allow all 14 year old minors in the State of Hawaii to have access to medical services without parental consent. Although this may not be the bill's intent, the bill may cause conflict for those children with parental guardians who cover the children under their health care plans, in situations such as pregnancy. Therefore, the bill should be narrowed to reflect the intended purpose.

"The wording of the bill also raises concerns as to how the bill may affect care to children who are not at risk described in section one of the bill. For children who are unable to carry out their care without assistance, as in the case with those children with chronic disease such as asthma and diabetes, the bill fails to account who would be responsible for covering the costs of long term care.

"In its current form, HB 2076, HD2, is the right step in providing much needed emergency medical services for those minors who are in serious need of medical care, but the bill still needs to be narrowed for its intended purpose. For these reasons, I am voting with reservations on HB 2076, HD2."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Arakaki rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Mr. Speaker, I just want to point out that we actually had this law in place several years ago. It was tied to the operations of the Youth Outreach Program in Waikiki. As the Chair of Human Services mentioned, this is primarily targeted to homeless youth. When we talk about parents, I would agree with the Representative from Hawaii Kai that I think in every case possible, we want parents to be involved in the decisions, especially when it comes to the healthcare of minors.

"But for these youths, there actually is no connection with their parents. I think we don't want to deny some needed healthcare that a lot of time is urgent for these street children. Therefore, what we're doing is we're just allowing for these decisions to be made. In terms of the family planning issues, we're told that these are rights that they already have given by law. So we're not extending anything beyond what is in the current law.

"I don't think there's any real cause for alarm because in most cases it's the very everyday decisions that have to be made, especially in primary care to make sure that these young people even if they're runaways and on the street, that they can have access to the care that they need. So I would urge everyone to support this measure. Thank you, Mr. Speaker.

Representative Green rose to speak in support of the measure, stating

"Just a very brief comments in support. I think that everyone needs to know that the tenor of this bill is to focus on basic primary healthcare services. Just to be up front, probably at the community health centers also. None of those centers do perform abortions. We don't have to have that whole debate now but we can work on the language together I'm sure. Just to make sure that for essential and necessary care, and it's almost always basic care, that the minors can get it rather than get no care. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2076, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MINORS," was referred to the Committee on Judiciary with Representatives Kanoho and Takai being excused.

Representatives Arakaki and Sonson, for the Committee on Health and the Committee on Human Services presented a report (Stand. Com. Rep. No. 291-06) recommending that H.B. No. 2106, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2106, entitled: "A BILL FOR AN ACT RELATING TO THE GENERAL EXCISE TAX," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 292-06) recommending that H.B. No. 1852, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1852, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE CONDEMNATION OF LAND IN NANAKULI, OAHU, FOR A PUBLIC HOUSING PROJECT," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 293-06) recommending that H.B. No. 1886, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1886, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 294-06) recommending that H.B. No. 2964, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2964, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating

"Thank you, Mr. Speaker. I rise with reservations. The intent of this bill is to transfer land to nonprofits for self-help building and affordable housing and I applaud that and I support that concept. However, I really feel that we need to take a very strong look at the implications and the possible underlying impacts by the requirements of Chapter 104 on the transfer of land to a nonprofit.

"Right now the exemption is at only a half a million dollars and if we want this to really work without the consequences of a 20% to 30% increase in expense that we need to address that issue simultaneous with any type of transfer. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2964, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 295-06) recommending that H.B. No. 1853, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1853, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RENTAL HOUSING," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 296-06) recommending that H.B. No. 2239, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2239, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LAND ACQUISITION," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representatives Sonson and Luke, for the Committee on Human Services and the Committee on Judiciary presented a report (Stand. Com. Rep. No. 297-06) recommending that H.B. No. 2371, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2371, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR THE HAWAII YOUTH CORRECTIONAL FACILITY," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representatives Sonson and Arakaki, for the Committee on Human Services and the Committee on Health presented a report (Stand. Com. Rep. No. 298-06) recommending that H.B. No. 1822, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 1822, entitled: "A BILL FOR AN ACT RELATING TO COMMUNITY CARE FOSTER FAMILY HOMES," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representatives Sonson and Arakaki, for the Committee on Human Services and the Committee on Health presented a report (Stand. Com. Rep. No. 299-06) recommending that H.B. No. 2910, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2910, entitled: "A BILL FOR AN ACT RELATING TO HUMAN SERVICES," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representative Sonson and Arakaki, for the Committee on Human Services and the Committee on Health presented a report (Stand. Com. Rep. No. 300-06) recommending that H.B. No. 2097, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2097, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Stevens rose to speak in support of the measure, stating

"Mr. Speaker, I rise in support of this bill. The purpose of this bill is to provide caregivers with some financial relief by providing \$1,000 tax credit to every eligible caregiver providing care to one or more elderly relatives requiring such care. Mr. Speaker, I have some personal experience. I am a caregiver for my elderly mom and it's usually the wishes of an elderly person to stay at home as long as possible. This bill is a good start in recognizing the efforts and sometimes the sacrifices of caregivers who work really hard to allow their elderly loved ones to stay at home and enjoy the life that they have. Thank you."

Representative Lee rose to speak in support of the measure, stating

"Mr. Speaker, I stand in strong support and I'd like the words of the Representative from Waikiki to be recorded into the Journal as if they were my own," and the Chair "so ordered."

Representative Ching rose to speak in support of the measure, stating

"Thank you, Mr. Speaker. Also in strong support. Similarly I had recently experienced in what it is to be a caregiver and I appreciate this bill. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2097, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CAREGIVERS," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representative Sonson, for the Committee on Human Services presented a report (Stand. Com. Rep. No. 301-06) recommending that H.B. No. 2365, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2365, HD 1, entitled: "A BILL FOR AN ACT RELATING TO NOTICE TO FOSTER PARENTS FOR CHAPTER 587, HAWAII REVISED STATUTES, CHILD PROTECTIVE ACT HEARINGS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Kanoho and Takai being excused.

Representatives Kahikina and Kanoho, for the Committee on Housing and the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 302-06) recommending

that H.B. No. 2566, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2566, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating

"Thank you, Mr. Speaker. I once again rise with very strong reservations on this bill. I again am totally, 100% in support of dealing with our affordable housing crisis. However, I question two things. One again, transferring \$60 million for construction of housing makes it subject to Chapter 104 thereby increasing the cost 20% to 30%. And my second reservation is if we in fact, as policy makers, should be stepping in to micromanaging an authority that has overall planning of a distinct such as Kakaako. Thank you."

Representative Evans rose to speak in support of the measure with reservations, stating

"I rise with strong reservations. I believe the intent of trying to get affordable housing in closer to the downtown core of Honolulu is a good idea, conceptually. But I actually believe this bill has some unintended consequence that I wanted to point out to my colleagues. That is so far, the Alexander and Baldwin residential property is still on the books. It has not been discontinued as an idea. And so if the Alexander and Baldwin, two residential, housing projects go up, what I see is actually the State ending up subsidizing those two buildings being built, because if you read the way it's written, it says subsidies and other assistance could come from this fund for qualifying multifamily ownership housing units for households with incomes at or below 140% of the median family income.

"So if you think about this you could build a high-rise. Alexander and Baldwin could build this high-rise on the backside of the buildings where it faces away from the ocean. They could take the less desirable properties. They could put them into qualifying for this. The State actually subsidizes and gives them money and then it pencils out for them because the houses or the condo units on the front side of the project that face the ocean, they could actually make a lot of money I suspect on those in this type of real estate market. So I think there's an unintended consequence, and in fact I don't believe the State wants to subsidize them. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2566, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Second Reading and was referred to the Committee on Finance with Representatives Kanoho and Takai being excused.

Representatives Kanoho and Souki, for the Committee on Water, Land, & Ocean Resources and the Committee on Transportation presented a report (Stand. Com. Rep. No. 303-06) recommending that H.B. No. 2875, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2875, entitled: "A BILL FOR AN ACT RELATING TO FISHING," passed Second Reading and was referred to the Committee on Judiciary with Representatives Kanoho and Takai being excused.

Representatives Kanoho and Souki, for the Committee on Water, Land, & Ocean Resources and the Committee on Transportation presented a report (Stand. Com. Rep. No. 304-06) recommending that H.B. No. 2533, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2533, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Green rose to speak in support of the measure, stating

"Thank you, Mr. Speaker. In support. I just wanted to ask my colleagues to consider this bill closely because what it does it allows the counties to look at using impact fees, the other counties that is, to use impact fees if they're significant infrastructure needs that have been unmet. Currently in our statutes only Oahu is able to deal with this if they choose to apply impact fees, which is my understanding because their population is 500,000 or greater. This bill simply removes that language for the State so that the other counties, if those county councils and individuals in the county think they need infrastructure dollars can use impact fees to help them.

"It's particularly important on my side of the Big Island where they feel there's some shortage of infrastructure and they're looking for ways to get it. From my dialogue with a lot of the development community, they've been very much in favor of working with the local areas to use some of this so-called, impact moneys to help out. So I think really we can work out language, but this is a bill I would like my Oahu colleagues to join our Neighbor Island colleagues to get passed. Thank you, Mr. Speaker."

Representative Moses rose to speak in support of the measure with reservations, stating

"Thank you, Mr. Speaker. In support with some reservations. Thank you, Mr. Speaker. You and the Body remember I'm sure, the debate we had in this House a couple years ago about the impact fees to build the North South Road. Many considered it a tax on the developer. Basically we passed it because the developer was interested in paying the fees so that they could get the road built so that they could develop. So it was a win-win, and that we had no problem with and it's worked out well. But there's some problems in this bill I think that need to be straightened out and I'm sure they can be.

"One is Section 2 of the bill, and is supposedly redundant according to most of the people that have seen it. It defines public facility capital improvement costs as the cost of land acquisition, construction, planning, and engineering, etc., etc. So it should be looked at I think a little closer.

"Section 3 has several problems. It substantially alters the impact fee legislation that we passed earlier by removing the requirement that seven specific factors must be considered. So it leaves it a little more vague and it does not say what the percentage is. The impact fees are based on an objective and fair process in the current law, but now it looks like these decisions may be left up to the agency and it will create a problem and raise questions of fairness. Again the developer in the previous instance felt this was a good idea, they wanted to proceed. Now I'm concerned about, will they say, 'This is not fair. Don't do this to us.'

"It also removes the developer's ability to claim offset payments. So that will make it less desirable for the developers. Further the county, at least City and County of Honolulu says that they don't believe the wording in that section, Section 3 will stand judicial scrutiny. So, Mr. Speaker, I'm just pointing there are concerns that we need to work out as this bill moves forward. Thank you."

Representative Herkes rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, about eight years ago we passed an Act in this Legislature requiring counties to pass defensible impact fee ordinances, and we gave them a year to do it. That was about I think, eight years ago. The County of Hawaii is

just thinking about it. Trying to comply with that law. I used to work for Kamehameha Investment Corp., we were developers. And I would take projects into the County Council of Hawaii and they would say, "Oh boy, here comes Kamehameha Schools so we'll sock it to them." The quote, impact fees were out of line and we'd lose the project. And that's why I think the defensible impact fees are important. Developers should know up front what's happening. We require counties about eight years ago to adopt one. So that's why I'm opposed to this bill."

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise in support with reservation on this measure. My reservation lies with full understanding of this bill, mainly because every resident on the Leeward side that's a member of a planned community, a certain amount of their payment goes to impact fees. It's with their understanding that this money collected for impact fees is for their infrastructure in our area. I don't understand if this money that we're collecting right now from the people on the Leeward side, will be shared by people on the other islands. I think that if it's put forward, the impact fees will serve specific area, then that should be it. But if it's otherwise, then I will welcome my colleagues from the other islands to take part of it. But as of now I believe that the impact fees we're collecting are for our particular region. Thank you, Mr. Speaker."

Representative Stonebraker rose to speak in opposition to the measure, stating:

"I'd just like to register a no vote and I'll reserve my debate for this for Final Reading."

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I am rising in support of HB 2533 but with some serious reservations. The bill as written substantially alters the existing impact fee statute. It all but removes the requirement that seven specific factors must be considered in determining the proportionate share of the public facility capital improvement costs a developer is required to pay by way of impact fees. This is a major shift away from determining impact fees based on an objective and fair process.

"Section 3 of the bill also removes a developer's ability to claim offset payments. Offset payments are defined as a reduction in impact fees designed to fairly reflect the value of non-site related public facility capital improvements provided by a developer pursuant to county land use provisions.

"If this bill were to pass in its present form, it would leave an agency to determine impact fees without having to justify them, which would surely raise questions of fairness for developers."

Representative Harbin rose to speak in support of the measure with reservations, stating:

"Very strong reservations, Mr. Speaker."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Moses rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I rise in opposition. Thank you, Mr. Speaker. We already authorized the counties to assess an additional half percent GET Tax for mass transit. This measure now says that we want to take part of our GET on gasoline and give that to the counties basically for mass transit again. Thank you."

Representative Finnegan rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Stevens rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'd also like to register a no vote on this measure. This is another special fund, another place to squirrel money away. After all the funds that were taken out of the Highway Fund over the years, I think we need to keep that money for highway repairs. Thank you."

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Stonebraker rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Harbin rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I'd like to speak in favor of the measure. Mr. Speaker, the nexus between gasoline sales and mass transit is obvious. All of us who buy gasoline for our private vehicles should support the increase funding this bill would provide for mass transit including purchasing buses and subsidizing bus fares. Similarly those who drive vehicles with poor fuel efficiency would contribute more to this special fund than those who drive fuel-efficient vehicles. The measure is intended to enable the poor and low income mass

transit riders and bus riders to have better access to transportation by allowing for fare subsidization programs to be established on a sliding scale based on income. I have further written comments to insert. Thank you."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure. This bill will establish a mass transit special fund and directs the general excise tax revenues collected on gasoline sales to the new special fund. The funds would then be disbursed to the counties to assist them with mass transit issues.

"The nexus between gasoline sales and mass transit is obvious, and all of us who buy gasoline for our private vehicles should support the increased funding this bill would provide for mass transit, including purchasing buses and subsidizing bus passes. Similarly, those who drive vehicles with poor fuel efficiency will contribute more to the special fund than those who drive fuel-efficient vehicles.

"The measure is intended to enable the poor and low-income mass transit riders to have better access to transportation by allowing for fare subsidization programs to be established on a sliding scale based on income.

"I recognize the concerns raised by the testimony in opposition to this bill by the Department of Taxation, where they note the obvious, but hard-to-estimate, impact on general fund revenue this bill would involve. This is a cost that I think is worth paying. As for their argument that Honolulu County already has a GET surcharge to fund mass transit, I would counter that this bill would not supplant those monies but rather supplement them. Without this bill the City and County of Honolulu would receive their share (0.5%) of the 4.5% GET on gasoline sales, this bill would provide the remaining 4.0% on this particular product.

"I urge my colleagues to support this measure. Thank you."

Representative Meyer rose to respond, stating:

"Thank you, Mr. Speaker. Just kind of a brief rebuttal. The taxpayers of this State and this County. Let's just start with this County. We already subsidize The Bus by about 75% to 80%. That's a direct benefit for people that are riding the bus. There's no question in my mind that if we go through with this mass transit we will be subsidizing that at a very high level. There is a point at which we have to look at what makes sense. Thank you, Mr. Speaker."

The Chair then stated:

"The bill is going to the Finance Committee and they will have a lively discussion on this."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1902, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Second Reading and was referred to the Committee on Finance with Representatives Finnegan, Harbin, Marumoto, Meyer, Moses, Stevens, Stonebraker and Thielen voting no, and with Representatives Kanoho and Takai being excused.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2878, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to 331. The reason for my opposition is I really question using the SPRB process for a company that is not even registered to do business in the State of Hawaii, and has no place of residence or anything in the State of Hawaii. So I just raise that as a potential policy issue about what our policy should be as far as SPRBs. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2878, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL PURPOSE REVENUE BONDS TO ASSIST TRADEWINDS FOREST PRODUCTS, LLC," passed Second Reading and was referred to the Committee on Finance with Representative Harbin voting no, and with Representatives Halford, Takai and Thielen being excused.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3019, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HIGH TECHNOLOGY," passed Second Reading and was referred to the Committee on Finance with Representatives Halford, Takai and Thielen being excused.

Representative Karamatsu, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 334-06) recommending that H.B. No. 3058, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3058, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Evans rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, on 334, I rise with reservations. In reading the Committee Report, it says that they can establish operational bank accounts of foreign denominations in out-of-state locations, which is fine. But if you take this in context with another bill that we're passing out today, that we're not going to audit the High Tech Innovation Corporation, that we're going to do some exemptions. When you put these two together, I have some real concerns on that. Thank you."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise to express some reservations. I have very similar reservations on this bill. This would provide an exemption from Chapter 40 and it would result in HTIC, the Innovation Center, not being subject to DAGS supervision and pre-audit. The Comptroller could no longer supervise their expenditure to ensure that their funds are properly spent and comply with the Executive Orders and rules. They would not be able to pre-audit the expenditures to make certain appropriations are proper. They also would be exempted from Chapter 36 and 38. That was a problem for me too. Testimony was in opposition from B&F. So I would just want to express these reservations as this bill goes forward. Thank you."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations, and asked that the remarks of Representative Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The Chair stated:

"Members, this is going to the Finance Committee so for those who are on the Finance Committee, please address the issues that were brought to our attention."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3058, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HIGH TECHNOLOGY INNOVATION CORPORATION," passed Second Reading and was referred to the Committee on Finance with Representatives Halford, Takai and Thielen being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 335-06) recommending that H.B. No. 2332, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2332, entitled: "A BILL FOR AN ACT RELATING TO PRINCIPAL PRIVATE DETECTIVES AND GUARDS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Halford, Takai and Thielen being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 336-06) recommending that H.B. No. 3226, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3226, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with some reservations. Thank you, Mr. Speaker."

The Chair stated:

"Representative Moses, you're on Finance, right? Do you want to address it in Finance since we have a time constraint? But I'll let you say a few words with reservations if you want."

Representative Moses continued, stating:

"Okay, I'll bring it up but there are several issues that need to be addressed. It's just that it only applies to certain high-rises, not to other facilities that could benefit from it, and it makes the Tax Department the expert in determining who benefits from this. I don't think they can do it. Thank you."

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'll be very brief. This bill has something to do with ... I have strong reservations. My reservation comes from the fact that I'm a taxpayer and I'm also a member of the Human Services Committee. I think that making a blanket policy on taking the initiative to retrofit these buildings, although I support the intent, I think these buildings should be safe. However, we're talking about a major high-ticket item here. Just imagine how many high-rise buildings we have in Honolulu. I would rather see these tax dollars spent on fixing our schools, building more homes for the needy, the disabled and the homeless. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3226, entitled: "A BILL FOR AN ACT RELATING TO BUILDING IMPROVEMENTS," passed Second Reading and was referred to the Committee on Finance with Representatives Halford, Takai and Thielen being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 337-06) recommending that H.B. No. 3231, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3231, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3231, entitled: "A BILL FOR AN ACT ESTABLISHING A STATE COMMISSION ON EMERGENCY RESPONSE," passed Second Reading and was referred to the Committee on Finance with Representatives Halford, Takai and Thielen being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 338-06) recommending that H.B. No. 2595, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2595, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Stonebraker rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Moses rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tanaka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support for this bill. Family visits are important aspects of the rehabilitation process. It is beneficial for inmates to have direct contact with their loved ones. I know personally how bad the situation is in Maui Correctional Center. At MCC, family visitations are routinely cancelled without notice, leaving family members, some of whom have flown in from Molokai and Lanai, alone in the parking lot unable to see their loved ones. And the reason often given by Maui Correctional Center is that they have a shortage of adult correction officers or ACOs. To me, this is not an excuse. MCC has known about the staff shortage for a while. Yet, nothing is done to improve moral or recruit new employees. This is not right. And the individuals who hurt the most are the inmates and their *ohana*.

"H.B. 2595 aims to ensure that pre-approved and prescheduled family visits are honored by the Department of Public Safety and that incarcerated inmates have the opportunity to visit with their children and families. Thank you, Mr. Speaker."

Representative Moses rose to respond, stating:

"Thank you, Mr. Speaker. In brief rebuttal. I agree with every word that the previous speaker said. The problem is there's not enough correctional officers. So we can't just direct that these visitations occur when we don't have enough officers. Also there could be an infraction by the inmate that precludes him from seeing visitors. And it doesn't allow for that. Thank you, Mr. Speaker."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2595, entitled: "A BILL FOR AN ACT RELATING TO FAMILY VISITS," passed Second Reading and was referred to the Committee on Finance with Representative Moses voting no, and with Representatives Halford, Takai and Thielen being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 339-06) recommending that H.B. No. 3092, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the reports of the Committee be adopted, and that H.B. No. 3092, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Stonebraker rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Moses rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cabanilla rose to speak in opposition to the measure, stating:

"Mr. Speaker, I stand in opposition of this measure. Although I support the intent of expanding the Halawa Correctional Facility, I think that we here as a Body wanted longer and harsh punishment for our criminals. However, we're short of prisons. And I think we need

both. As we go forth, for us to carry on our intent, we should also support it by doing the right thing to support more prisons. Thank you."

Representative B. Oshiro rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with some reservations on this. I do support the actual initiative for us to take a look at what we're going to do with our prison systems. I don't think we've seen enough leadership in this area. As long as people are going to be asking for more mandatory sentences and for longer prison terms for all of the many crimes that we have on our statutes, we do need to make sure that there's a proper infrastructure. My reservations come around in the area of expanding the Halawa Community Prison, which is in my district. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3092, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CORRECTIONAL FACILITIES," passed Second Reading and was referred to the Committee on Finance with Representatives Cabanilla and Moses voting no, and with Representatives Halford, Takai and Thielen being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 340-06) recommending that H.B. No. 2598, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2598, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Tanaka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support of H.B. 2598. We need to support our *kupunas*, just as they took care of and taught each of us. They are linked to the past. Their knowledge and experience shapes future generations in society. I know that many of us, myself included, are over 55-years old and can relate to being raised on plantation-style housing. While I have no doubt that these homes are warm and loving, years of wear and tear have made them rickety and unsafe. Unfortunately, house renovation and repairs are not cheap, especially for elderly individuals trying to enjoy their retirement and golden years.

"This bill will aid those *kupunas* living in potentially hazardous and deteriorated housing by providing them with low-interest loans. Thank you to Housing Chair Kahikina and the members of the Housing Committee for supporting this measure. Thank you, Mr. Speaker.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2598, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Second Reading and was referred to the Committee on Finance with Representatives Halford, Takai and Thielen being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 341-06) recommending that H.B. No. 2990, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2990, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE MORTGAGE CREDIT CERTIFICATES," passed Second Reading and was referred to the Committee on Finance with Representatives Halford, Takai and Thielen being excused.

Representative Kanoho, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 342-06) recommending that H.B. No. 2943, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2943, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

The then Chair stated:

"Representative Caldwell, this may be your last chance so please say something."

Representative Caldwell rose to speak in support of the measure, stating

"Actually, Mr. Speaker. It is a very good bill. And it is addressed towards the victims of Manoa flood although, I think it's something that could be expanded to victims of flooding anywhere in the State. Thank you very much."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition although I sympathize with the flood victims. Mr. Speaker, my home was flooded twice up to the level of about two and a half feet. I think we need to consider very carefully, are we going to set up a State policy that in any event of a flood, we are going to help the victims of that flood? And do we have the funds to do that? Or is it better that the people are able to get National Flood Insurance Program flood insurance. I didn't have that for the first flood. And it was a sorry lesson I learned. I did have it for the second flood. I just don't think we should single out a small group of people, as much as I sympathize with them, because probably more than anyone else in this Chamber, I've been through it twice. But I don't think we should single them out to give them this tax credit. Thank you."

Representative Finnegan rose to speak in opposition to the measure, stating:

"Mr. Speaker, also in opposition and just similar comments as the Representative from Kailua, as well as, we have had flood victims in our area with Mapunapuna, as well as Moanalua and Foster Village. So I have the same comments. Thank you."

Representative Evans rose to speak in support of the measure with reservations, stating:

"With reservations. I also, in my district, have many flood victims. But the other comment that hasn't come up yet is also, maybe a needs assessment. I know this year we're looking at affordable housing and helping low-income. Maybe if we had a needs assessment for low-income people, that would be more in line with what we're trying to do this year. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2943, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RELIEF OF MANOA FLOOD VICTIMS," passed Second Reading and was referred to the Committee on Finance with Representative Finnegan voting no, and with Representatives Halford, Takai and Thielen being excused.

Representatives Caldwell and Karamatsu, for the Committee on Labor & Public Employment and the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 343-06) recommending that H.B. No. 2691, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2691, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm in opposition to H.B. 2691. Thank you. This would have to do with, the title is prevailing wages. It would form a very large joint Labor Management Committee to watch over construction projects in the event that there's any violation of the Little Davis-Bacon Act. I will just simply note that employees can now take civil action against employers for various violations. So I don't think we need a joint Labor Management Committee to watch over every individual project. This may extend it to non-governmental sponsored projects. That means private projects. So I think it's a big step toward a lot more paperwork and higher cost for construction. Thank you."

Representative Harbin rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in complete opposition to this measure. I will try to proceed in my usual delicate manner as I address this issue. I'm also going to request that I'd be able to sit in on the Finance Committee when and if this bill does come out. I really question a quasi-public, or I guess, a private committee which claims to possess experience and expertise in the construction industry, to have the right to sue private employers on the behalf of employees. We have an agency that's mandated to do this.

"During the interim, I sat in on many wage standards meetings and saw statistics. It's quite interesting that for a little minimal clerical errors, which happen quite a bit in completing certified payrolls, that there are these real *manini* errors that were corrected, employers made the employees whole. It was considered a big deal. It raised the number of citations for the employers. It was all types of employers. And I really question a policy of giving a Labor Management Committee, which has no statutory right to be going after private employers in any size, shape, or form. I look forward to some more in-depth discussion as to why we need something like this. Thank you."

Representative Meyer rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I am rising in opposition to HB 2691. This bill would allow a federal Labor Management Committee established under 29 USC 175-a to bring an action for injunctive in other relief against contractors who fail to pay prevailing wages under Chapter 104 HRS on public works projects. These federal labor management committees are only formed when a collective bargaining agreement is in place. The problem here is this bill would give the committee the right to bring injunctive action against a contractor regardless of whether there is a collective bargaining agreement in place or not.

"I would question the legality of the committee to bring injunctive action since they are not the injured party. The injured party is the employee and they have a neutral advocate in the State Department of Labor and Industrial Relations Enforcement Division."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Stonebraker rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2691, entitled: "A BILL FOR AN ACT RELATING TO PREVAILING WAGES," passed Second Reading and was referred to the Committee on Finance with Representatives Harbin, Marumoto, Meyer and Stonebraker voting no, and with Representatives Halford, Takai and Thielen being excused.

Representatives Caldwell and Karamatsu, for the Committee on Labor & Public Employment and the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 344-06) recommending that H.B. No. 2692, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2692, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Stonebraker rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Harbin rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise to say no to this bill. I, like many of us in this Chamber, we are here for one very specific reason, which is to try to, at least in this Session, to find some way to have, develop different means, mechanisms of funding our need for affordable housing. It is these types of bills that will interfere with controlling the cost of affordable housing. I really wish that we would pause, take a look at what it is that we're trying to do. Are we trying to deliver affordable housing to our people, or are we not? If we are not, then let's continue to pass these types of measures. If we are, let's stop and think about what we are doing to the cost of affordable housing. Thank you."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Again, I'm in opposition to this measure. I think this would require that Little Davis-Bacon Act, the State prevailing wage law to cover a lot of private projects. Especially those that are financed by special purpose revenue bonds. I've said this many times on the Floor. We use these bonds to allow public utilities, medical centers, housing projects, industrial bonds, independent schools to get lower priced financing. So when you add this type of layer over these projects, it increases the cost. It causes delays. And time is money. So it certainly increase the cost of our affordable housing that we're so concentrated on this year.

"I question the title of this bill, and the previous bill. This was entitled "Public Works," and yet it really covers private projects. I would hope that the next Committee would take a serious look at it and not even hear this bill. Thank you very much."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm voting no on this measure as well. Thank you. Mr. Speaker, I'd like to also have the remarks of the Representative of Kakaako entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Thielen continued, stating:

"Mr. Speaker, it's once again, we're not looking at how we're going to deliver low-income and affordable housing. That should be the primary focus of this Legislature this Session. That's the huge drastic need. Bills like this are going to hurt. And they're actually going to stop some of those projects. So I think we need to answer to those people who so desperately need housing if we go ahead with this bill. Thank you."

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. I believe this came up because we have a lot of contracts with the federal government here in town that mainly repair a lot of military projects. These contractors are bringing in people from California thereby affecting our local job market and the industries in town because as federal contractors, they don't have to abide with our rules. We would like them to hire our own people. So it's about protecting our own turf, Mr. Speaker. Thank you."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I'll just go with reservations at this point. I wasn't going to say anything but the last speaker commented on hiring out-of-state worker, but the problem is we can't hire enough carpenters within the State to do the jobs that we have already. So that's why we have to go out-of-state. Thank you."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm rising in opposition to this measure. This bill just creates a tremendous expansion of public works jobs. The body of law that created the public works rules and requirements, it seems very clear to me that this was to cover just public works. Jobs that were initiated by the State government, county governments. But because of an opinion by the Attorney General, the justification for this bill has come about. I would like to see this whole thing go to the Supreme Court of the State of Hawaii. I think one Deputy Director up at the Attorney General's Office could very possibly be wrong.

"The Department of Labor couldn't possibly have the staff and space to monitor all kinds of additional jobs that we're now going to call public works that we never called public works before. In this situation there is not governmental contract agency. If Hanalei School decides to build something with SPRBs, they are the contractors. Not a county or State department. So there's a whole lot of problems with this bill, but it seems very clear that the whole genesis of this is to expand almost, double, triple, the jobs that will now be considered public works and we don't have a department that could handle that. Thank you."

Representative Caldwell rose to speak in support of the measure, stating:

"Just one brief comment. In support, Mr. Speaker. We've heard both in Committee and now on the Floor about opinions of the Attorney General. I like to just point out that this same Attorney General in written opinions has given the Governor the basis for vetoing numerous bills in the three years I've been here. Those opinions of the Attorney General are valid for the Governor when she wants to veto something. And now when you get an opinion from the same Attorney General, not one but two, Mr. Speaker, somehow that opinion no longer counts. We're doing what the Attorney General has asked us to do. Thank you."

Representative Finnegan rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2692, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC WORKS," passed Second Reading and was referred to the Committee on Finance with Representatives Ching, Finnegan, Harbin, Marumoto, Meyer and Stonebraker voting no, and with Representatives Halford, Takai and Thielen being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 345-06) recommending that H.B. No. 3017, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3017, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TOBACCO PRODUCTS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Halford, Takai and Thielen being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 346-06) recommending that H.B. No. 2376, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2376, HD 1, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE DEPARTMENT OF HEALTH FOR THE EMERGENCY MEDICAL SERVICES SYSTEM BRANCH," passed Second Reading and was referred to the Committee on Finance with Representatives Halford, Takai and Thielen being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 347-06) recommending that H.B. No. 2187, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2187, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Magaoay rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, on this Standing Committee Report 347, I stand in strong support. I'd like to thank the Chair of Health who pushed this out. It's really a critical matter for us on the North Shore, on the Windward and Leeward side, and also the island of Kauai. The service has been provided by DOD for the air ambulance. It's been provided to us. This will be going out as of March 31st of this year.

"Right now what we're trying to do is provide some kind of stopgap, hopefully a temporary measure, as the unit is deployed to Iraq. What we're looking at right now is that hopefully this is a tool for us to find a service, and not only looking on Oahu, maybe we can use it as a model to look at different islands like Kauai which doesn't have this service. So it goes to Finance and I ask my colleagues for their support as we look for a permanent solution. Hopefully it's temporary for us at the State, and hopefully the DOD takes over. Thank you."

Representative Pine rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"Mr. Speaker, I rise to speak in strong support on HB2187HD1.

"As all of us know that the 12 Black Hawk helicopters with Charlie Company of the 25th Infantry Division's combat aviation brigade who have over the past 31 years served as Hawaii's guardian angels in the sky are being deployed to Iraq in August for a yearlong mission to protect the United States from terrorism. These brave military men and women have transported over seven thousand patients and saved countless lives by transporting patients from rural areas of Oahu to downtown area hospitals. I wish them Godspeed during their mission.

"HB 2187, HD1 will appropriate funds (\$600,000) to the Department of Health to contract with a government agency or U.S. military branch to provide intra-island only roto-wing aeromedical services for rural Oahu.

"It is the duty of this Legislature to pass this bill. We have the duty to make sure that our citizens are protected and cared for. This important legislation guarantees that our rural communities will have access to aeromedical services.

"We all know how bad traffic can be here in Honolulu. Some of us have even been late to committee meetings because of the heavy traffic. Imagine a child on the Leeward Coast who is in need of immediate emergency attention. Without this bill, that child would have to be loaded into an emergency response vehicle and transported from the Leeward Coast to downtown Honolulu through heavy traffic.

"We owe it to that child and to all our citizens to make sure we have reliable aeromedical services on this island. That is why I am supporting HB 2187. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2187, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR EMERGENCY MEDICAL SERVICES," passed Second Reading and was referred to the Committee on Finance with Representatives Halford, Takai and Thielen being excused.

Representatives Arakaki and Sonson, for the Committee on Health and the Committee on Human Services presented a report (Stand. Com. Rep. No. 348-06) recommending that H.B. No. 3116, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 3116, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Arakaki rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support of H.B. 3116. I just want to note this is probably a proud moment in our Legislature's history. I did want to thank the Majority Leader and my Vice Chair for their efforts in negotiating and crafting this public-private partnership. And I also want to note the Department of Human Services and Director Koller and the Health Committee agree that investing in children's health is probably one of the best things we could do for our future. So I'd like to ask everybody to remember this moment and hopefully we can celebrate this at the end of Session."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 3116, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII CHILDREN'S HEALTH CARE PROGRAM," passed Second

Reading and was referred to the Committee on Finance with Representatives Halford, Takai and Thielen being excused.

Representatives Herkes and Arakaki, for the Committee on Consumer Protection & Commerce and the Committee on Health presented a report (Stand. Com. Rep. No. 349-06) recommending that H.B. No. 1869, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 1869, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising in support of this bill. Thank you. Mr. Speaker, the bill deals with an aspect of pharmaceutical research that highlights the growing trend of drugs being rushed to the market without adequate trials and lack of input, and also with lack of information provided to physicians.

"The bill provides that a manufacturer or laborer of prescription drugs shall post on the Internet information concerning any clinical trial that the manufacture conducted or sponsored. Specifically it's supposed to post the name of the entity that conducted the clinical trial, summary of the purposes of the clinical trial, dates during which the trial is taking place, and information concerning the results of the clinical trial, including potential or actual adverse effects of the drug.

"That's important information for our consumers to have, Mr. Speaker. When you look at the Vioxx drug problem and the constant downplaying of any negative finding, or not answering the concerns raised by physicians, we see that this information is really important to our consumers. So I would urge my colleagues to vote in favor of this measure."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, please cast a no vote for me on this measure. The pharmaceutical companies had no problem with disclosing some of the results of their later clinical trials, but they said earlier ones would be problematic. Also there's one feature in this measure that is retroactive and calls for clinical trials to be on the Internet if sponsored on or after October 2002. So I think we should take another look at this measure. Thank you."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 1869, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ADVERTISING BY DRUG MANUFACTURERS AND DISCLOSURE OF CLINICAL TRIALS," passed Second Reading and was referred to the Committee on Finance with Representative Marumoto voting no, and with Representatives Halford, Takai and Thielen being excused.

Representative Ching rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you Mr. Speaker. I rise in strong support of House Bill 3108 - Relating to Education.

"The time has come to give teachers the choice of where and how they need to spend their allotted funds for classroom supplies. It is our responsibility as the State of Hawaii to prepare each child to succeed in today's society and work force, and being technology proficient and innovative are important in achieving this goal. The debit card program for public school teachers will enhance education.

"Firstly, teachers need creative curriculum. Every child is unique and has different learning skills and needs. One size doesn't fit all. Debit cards liberate teachers to be free in their way of reaching children. Elements of innovation are a must in a classroom.

"Secondly, teachers need flexibility. Debit cards give teachers the freedom to go to different providers of supplies, rather than the restricted options of vendors that appear on the supply list. Teachers come across situations in which they have limited tools and not all events can be foreseen. Flexibility in curriculum is essential.

"Lastly, debit cards encourage a relationship between businesses in a school's community and the school. As members of an island State, relationships help us succeed and contribute to the success of a community as a whole. When we reach out to the 'mom and pop' stores within a community, they will be more inclined to support and get involved with the school in the future. Community relationships will strengthen with a debit card program, as well as boost morale and serve as an appealing tool to recruit teachers."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3108, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance with Representatives Halford, Takai and Thielen being excused.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, in support with reservations. I understand the need for regulating the noise of the mopeds. It's very bad, especially in Waikiki. There's maybe even concern that they're being used for drug deliveries. My problem with the bill is that the HRS already requires that mopeds be inspected and the laws actually broader than this current law that the bill we're looking, the bill that we're looking at. But HRS also allows police to issue the citations already. But bikers could just put on pipes to pass the test. It's very easy then they take the pipes back off. So there's not assurance. Thank you."

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I wanted to also mention that I agree with the previous speaker on what he had to say. There've been reports to my office that moped drivers at 2:00 and 3:00 a.m. in the morning. A couple people have reported that they believe them to be drug dealers. But what we know is that fatalities have skyrocketed because of the retrofitting of mopeds. Also we know that our elders who spend all their money to have a nice home, it's affecting their quality of life. Something has to be done about mopeds. In strong support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2677, entitled: "A BILL FOR AN ACT RELATING TO MOPEDS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Halford, Takai and Thielen being excused.

referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'm rising in support with some pretty strong reservations on H.B. 2558, having to do with vocational rehabilitation. My concern is, the way this bill is changing the law, it could create an increase in the cost of workmen's comp insurance, which is already very high. I guess that's my main concern. Thank you."

Representative Harbin rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise with a strong no on this provision. Vocational rehab is a tool that is used for our employees that have been permanently injured and are unable to return to their job. Voc rehab is a self-referral process to help our employees gain gainful employment in other areas. What this attempts to do is to expand it to those that are not permanent and give them the same benefit. I was under the assumption coming into this Session that we were on a quest for some type of work comp reform because of the brokenness of the system. These types of measures are the types of measures that will set us back tenfold. Vocational rehab is one of the most quickest growing expense cost drivers in the work comp system. It's a self-referral system. I think before we start making these expansions of benefits, we really need to stop and take a look at the whole system, which is horribly broken. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2558, entitled: "A BILL FOR AN ACT RELATING TO VOCATIONAL REHABILITATION," passed Second Reading and was referred to the Committee on Finance with Representative Harbin voting no, and with Representative Kahikina being excused.

Representative Marumoto rose to speak in support of the measure, stating:

"Mr. Speaker, I'm in favor of this measure. I'm in favor of fuel efficiency in motor vehicles. In fact, I'm probing the market now for a hybrid car. But very briefly, I think if this bill is enacted it would result in a very expensive and bureaucratic nightmare for the counties. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2620, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLES," was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 380-06) recommending that H.B. No. 2670, HD 1, be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2670, HD 1, be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Stonebraker rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Green rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. So many reservations. Just briefly in support. I do appreciate the reservations. I think we all need to have reservations about where we are in our healthcare system. The purpose of keeping these bills alive and working on them is to find out where at the end of the day, when we get a very good idea from the Lewin Group, which is a professional group hired by the Hawaii Healthcare Task Force that we, this Body, created; that the Governor supported; that she put money into; and that we appropriated. And to find out what the place of, even the consideration of single payer healthcare is. And goodness knows what that professional group will come to. So I'm appreciating that we're not voting these bills down. But instead, keeping our minds open so that by the end of the Session, if we need to act, we can. Thank you, Mr. Speaker."

Representative Evans rose to speak in support of the measure with reservations, stating:

"With reservations. Just one comment that if this moves forward, I do hope that they look at things like getting rid of the Certificate of Need and how to promote private and competitive healthcare in Hawaii also. Thank you."

Representative Halford rose to speak in support of the measure with reservations, stating:

"Thank you. With reservations. And just to point out that the bill as it is now certainly deserves reservations. The speaker from Kona made a good point about further deliberation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2670, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," was referred to the Committee on Finance with Representative Stonebraker voting no, and with Representative Kahikina being excused.

Representative Saiki, for the Committee on Hawaiian Affairs presented a report (Stand. Com. Rep. No. 381-06) recommending that H.B. No. 2204, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2763, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Tsuji rose to speak in support of the measure, stating:

"Mr. Speaker, I'm paying attention. Thank you very much. Mr. Speaker, I speak in strong support of H.B. 2763. During the last Session, we finally recognized the value and the importance of this invasive Coqui frog eradication. This bill really has embraced the

Big Island majority. This is one of the packages that we've made into the Legislative Session this Session. It talks about appropriation originally for the Island and the County of Hawaii. But in final realization, we realize that this is more than a County of Hawaii concern. We realize it's the continuing concern and effort of a statewide eradication program. It involves all counties throughout the State of Hawaii. The appropriations amount has been deleted and we urge continued support. Thank you very much."

Representative Sonson rose to speak in support of the measure with reservations, stating:

"In support, Mr. Speaker. But you know, I have some reservations on this. I think we're going about this war on frogs in a very limited way. It's a band-aid approach. We're giving only a slight amount of money. Last year, we gave \$100,000, I think. Whereas this one calls for \$1 million. But when I was on the Big Island just two weeks ago, I was reading the paper about what the actual need is to eradicate. The war on frogs must escalate to a point of \$45 million. Either we commit to this war on frogs or we find other ways to eliminate the problem. Coqui mochi was suggested, but I don't know whether or not that's even appropriate for the Big Island.

"Mr. Speaker, prevention might be something we can do. Containment might be something we can do. But eradication for the Big Island is not going to happen with \$1 million. It's going to cost \$45 million according to the government official, I believe from BLNR. So more money for the war on frogs."

Representative Chong rose in support of the measure and asked that the remarks of Representative Tsuji be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Evans rose to speak in support of the measure, stating:

"I rise in strong support. Thank you. I hope that we continue moving this bill forward and do provide appropriations because the beauty of us getting involved is that we're actually empowering the local people to take charge of themselves, and what this problem is creating for them. What this money, I think, will do is give the ability to the counties to provide equipment, to provide some grant money and support to the local people that are coming together in these kind of Coqui frog patrols to educate their neighbors and to actually know how to solve the problem if in fact they bring plants home with Coqui frog on them. So I think the money that we give goes an awful long ways to fighting this battle.

"The other thing is in many areas of the Big Island, it's probably, some of the neighborhoods, there's thousands and thousands of them. So to totally eradicate, I think they've come to a point where they know that that probably won't happen. But what they can do is they contain it. And that's very important on the Big Island, to contain those areas. Thank you."

Representative Hale rose to speak in support of the measure, stating:

"Yes, all I can tell you, if any of you have 30,000 Coqui frogs all night long, you'd all be for all of this. Thank you."

Representative Abinsay rose to speak in support of the measure, stating:

"Yes. Thank you, Mr. Speaker. Also in strong support. But first, I would like to adopt the words of the Vice Chair of the Agricultural Committee as if they were my own," and the Chair "so ordered." (By reference only.)

"And now for the edification of our colleague from Waipahu, we would like to also mention that aside from the two million that we originally requested on this measure, with the work of the Hawaii Invasive Species Council, they were also given a certain amount of

dollars, we're talking about millions. And one of the components or responsibilities of this Council is to also address the Coqui frog problem. So I hope that will address the concern of our colleague. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2763, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION TO ERADICATE AND CONTROL THE COQUI FROG," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Stevens rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise in support but with some reservations. Thank you. The purpose of this bill is to provide for much needed parking space in Kakaako by authorizing the University of Hawaii in consultation with the HCDA, to enter into agreements with private developers to expedite construction of a parking structure at Kakaako Makai. As you know, Mr. Speaker, the medical school is very close to our harbors and our container yard. I would just like to urge that the location for this parking structure not interfere with our cargo operations down at the harbor. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2479, entitled: "A BILL FOR AN ACT RELATING TO THE CONSTRUCTION OF A PARKING STRUCTURE AT KAKAOKO MAKAI, OAHU," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. Thank you. Mr. Speaker, I rise in strong support of this bill that celebrates Senator Hiram Fong's legacy by naming a scholarship program at UH in his honor. Not only am I very proud to have had Senator Fong as a constituent, but I'm blessed to call him a friend and mentor. He was truly a kind and generous man who always made the time to help young people. This scholarship would honor his legacy.

"As an aside, might I note that it was a nice, remarkable find to see that when I taught at Maemae, that Senator Fong is in many of our national textbooks, and also that he is the first Asian to ever been nominated for the U.S. presidency. Mahalo."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2040, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE SENATOR HIRAM L. FONG SCHOLARSHIP PROGRAM," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Yamane rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I wanted to express a potential conflict. I'm a graduate of the School of Social Work," and the Chair ruled "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3165, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE UNIVERSITY OF HAWAII SCHOOL OF SOCIAL WORK,"

passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Waters, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 394-06) recommending that H.B. No. 3167, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3167, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support for H.B. 3167. If I may, I would like to include the rest of the leadership from the Leeward side to say thank you to all my colleagues on this Floor for this measure having made it this far. As we know, the population, there's a big population shift on the Leeward side. And this infrastructure has been long awaited in coming forth. This will bring economic boost to the area. We welcome this campus and I hope that this Body will continue to support it."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3167, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE UNIVERSITY OF HAWAII WEST OAHU," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2063, HD 1, entitled: "A BILL FOR AN ACT RELATING TO A LONG-TERM CARE RESOURCE INITIATIVE," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representatives Arakaki and Sonson, for the Committee on Health and the Committee on Human Services presented a report (Stand. Com. Rep. No. 398-06) recommending that H.B. No. 3131, as

amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 3131, HD 1, entitled: "A BILL FOR AN ACT RELATING TO YOUTH SUICIDE PREVENTION," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 399-06) recommending that H.B. No. 1965, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1965, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure, stating:

"Stand. Com. Rep. 399, which is H.B. 1965, Relating to Drug Treatment, residential drug treatment and appropriations. I'm all for this bill. It was written to operate residential drug treatment facilities for adults and children in rural areas in the counties of Hawaii, Maui, and Kauai. I would hope that we would have some money in there for the rural areas of Oahu because our need is certainly as great, if not greater. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1965, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DRUG TREATMENT," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Arakaki rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. I'd like to speak in support of the measure. And actually, I just wanted to give credit to a young lady. She's a 10-year old at Momilani Elementary School, who's really the driving force behind this measure. She suffers from juvenile diabetes, but in spite of that she's had the courage to come forward and advocate for others who also suffer the same condition. Her name is Natasha Garcia and because I'm not sure whether this bill is going to be heard in Finance, I just wanted to read her name into our Journal, so that we can credit her and also acknowledge her for her courage in advocating for research, and also to raise funds personally, and asking us to help her raise funds for the research of juvenile diabetes. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2074, HD 1, entitled: "A BILL FOR AN ACT RELATING TO JUVENILE DIABETES CURE RESEARCH," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Kahikina rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Kahikina's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure Relating to Health. The purpose of the measure is to appropriate funds for important emergency services at the Waianae Coast Comprehensive Health Center.

"To reiterate: this bill makes an appropriation to WCCHC to:

- (1) Provide vital health care services to an estimated population of 40,000 people; and
- (2) Ensure continued twenty-four-hour emergency room and ambulatory service to Leeward, O'ahu.

"The Waianae Coast Comprehensive Health Center is a vital part of our health care delivery system for the medically under-served in Waianae. Access to adequate emergency health care for all persons certainly is one of the most significant needs of our community. Thank you, Mr. Speaker"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2590, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 403-06) recommending that H.B. No. 2592, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2592, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH CARE," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

"Mr. Speaker, I would like to declare a potential conflict. I am a member of the Corporate Board of the American Cancer Society," and the Chair ruled "no conflict."

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I'm rising to support HB 2047 with some serious reservations. Personally I believe this bill goes way too far. It is one thing to prohibit smoking in State offices and buildings, but quite another to dictate to the counties and private employers what they must do on their premises. State government should not usurp the counties' home rule rights, nor should it interfere with private property rights. Business owners who own or lease their premises should be free to run them as they see fit. This bill as written is overbearing. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2047, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second Reading and was referred to the Committee on Judiciary, with Representative Kahikina being excused.

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Yamashita rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Stevens rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Chong rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Sonson rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, can I not vote on this? I actually walked out of the room because I really didn't know what to do on this particular measure, but as I walked out and sat down ... Yes, I am in support with reservations and I want the discussion to go on. As I sat down I came up a memory of what was said, and I think it's worth noting of what the psychiatrist said. I have no objection of a psychologist prescribing psychotropics. However, he also then goes on to say that we have to balance the reason why we're pushing this forward, which

is access versus consumer protection. There was a issue whether or not the curriculum for the psychologist to take, because there's a curriculum that's been submitted and there's a question whether or not it was sufficient to address the whole array of psychotropics that a psychologist will have to prescribe in lieu of having a medically trained psychiatrist to prescribe.

"So as this bill moves forward, I hope that we all look at that. That there's an open mind at least in the psychiatrist side saying that, 'Yeah there's a way.' But however we must take a look at the safety, the safety of the consumers to see whether or not the curriculum is sufficient to address that. I would have a suggestion and I did suggest this to my good friend, the doctor, who is the introducer of this bill. I said, 'You know, this measure is limited to prescriptive authority only in the rural areas where there is an access problem. However maybe we should ask what kinds of psychotropics are being dispensed at those areas to see whether or not we need the whole array of psychotropics.' Because, Mr. Speaker, as he explained it to me. Most of the need out in the rural areas is really something that could be addressed by a much more limited prescriptive authority which is only for antidepressants.

"As you know we had a big debate last Session regarding what kinds of access consumers would have as to psychotropics and I think I was mistaken when I said that the whole array of psychotropics had to do with something like Mel Gibson going crazy in one of his movies. I was wrong. I think those kinds of psychotic behaviors like Mel Gibson displayed in the movie are addressed by psychotropics that are antipsychotic. I learned this as I go on. And actually the kinds of needs that are in the rural areas could be addressed by antidepressants. They are less dangerous, have less side effects, and etc. And I think that if the discussion would go along those lines I think more Members would probably consider prescriptive authority. Anyway, Mr. Speaker, that's my piece. Thank you very much."

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"I would like to register a reservation with this measure and if I may briefly state why I have reservations. This prescriptive authority that's now written in this bill requires a psychologist to work with a medical doctor. I would much rather see this psychologist work collaboratively with a psychiatrist, because a lot of this psychotropic medication that they write are very potent and has a lot of side effects. Thank you, Mr. Speaker."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Yamane rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hale rose to speak in support of the measure, stating:

"I would just like to say that we just had a hot discussion on this and it was passed by the Committee and it will go to another Committee so that's enough right now."

Representative Evans rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. So let me sum up the big dialogue for the group here. We're talking about giving psychologists the right to prescribe medications, but specifically medication for mental health issues, about 3% of all the medications that are prescribed by any health care professional. The reason we need this, and I'm convinced we need this is the following.

"A person stands on the edge of a cliff literally, and gets sunburned, for 5 hours, comes in with second degree burns, they see their primary care doctor. The doctor treats him for sunburn they think, and find out later that they were suicidal standing on the end of the cliff, literally. This is the kind of testimony we had about this. Now why on earth would we give psychologists the right to prescribe something that someone went through medical school and then residency for 4 years, and then additional 3, 4, or 5 years to prescribe? The reason is this, we don't have psychiatrists prescribing in the rural countryside areas, in the health profession shortage areas.

"This bill only allows, only allows for prescriptions in community health centers and others like the Hawaiian Health Center. Places that there are no psychiatrists and there aren't any other ways to get care. So the psychiatrists who have chosen not to go there over the past 20 years cannot deliver that care have left this vulnerable population. People from a socioeconomic standpoint, if they have mental health problems gravitate to areas where they can possibly afford to live. To Ocean View, to Ka'u, to the rural areas around the State. The psychiatrists don't go there.

"No one has more respect from me than the psychiatrist and their expertise. We don't want a second-tier system. What this bill is about is getting psychologists the right to prescribe when, number one, they're in a collaborative relationship with a doctor of medicine. That will not change. In fact, I'm sure that the compromises ultimately will go to a point where there will always be in a collaborative relationship because they will be doing it only at Community Health Centers where the doctors still don't have enough time to prescribe those medications. We won't do anything unsafe because we're not going to have some lack of supervision. We're completely prepared to negotiate the curriculum. That was set forth after a long discussion.

"I don't know if everyone is aware of this but last year we passed a resolution, which forced a task force of six people, two psychiatrists, two psychologists, Senator Baker, and myself to sit down and talk about these issues. The last thing I want to do is do something that's unsafe for people, but everyday that the majority of the poor don't get this kind of care, they remain subject to suicidal ideation, catastrophic problems. They can't get their medicines. It's not a perfect world.

"Every doctor should come to you and say they have reservations. There's no question, colleagues, that that's important. But the bottom line is every weekend I see three or four people that are suicidal. They couldn't get their medicines. These are rural ERs that I'm working in. They couldn't get them because there was no doctor available, there's no psychiatrist available. The solutions that you'll hear from the Psychiatry Association, again a well-respected organization with excellent professionals, would be we could do more tele-medicine. I also put in a bill for that. We can do other things such as provide residency coverage. All of these recommendations amount sadly to solutions that might, might account for less than 5% of the problem."

Representative Yamashita rose to yield his time, and the Chair, "so ordered."

Representative Green continued, stating:

"Thank you. And I'll wrap up. But the bottom line is this. That these two groups, the psychiatrists and psychologists, are urged more by me than by anybody else to find negotiated ground on the curriculum, number one. The relationship with the professionals, number two. And number three, very possibly the formulary, the extent of the formulary because there's no question we don't want to make things more dangerous for a patient.

"But everyday that we don't do something which has sadly amounted to many years where we haven't taken definitive action. All the recommendations that came from the Psychiatry Association, we had years to take up. We actually got a task force together and

they still didn't come up with any substantive recommendation that would account for more than 5% of the problem.

"So we got to do something if not this year it's another year that poor mental health patients will go untreated. That's all you really need to remember. Now when people say there's controversy, it will be hammered out between the professionals on both sides. I've told them that. But we really can't afford any longer to neglect this group of people. Thank you, colleagues."

Representative Schatz rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker, a ruling out of a potential conflict of interests. I'm the Executive Director of a not-for-profit that provides psychiatric services to adults with mental illness," and the Chair ruled "no conflict."

Representative Schatz continued, stating:

"Thank you. I'd like to vote in favor of this and adopt the words of the Vice Chair of Health with the exception of the part about being an ER doctor," and the Chair "so ordered."

Representative Kahikina rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I stand in support of this measure and ask that the words from my colleague from the Big Island be entered in the Journal of my own," and the Chair "so ordered." (By reference only.)

Representative Kahikina continued, stating:

"Mr. Speaker I fully agree with the doctor. Coming from Waianae and as I was going through trying to investigate the homeless crisis. We find that a lot of the homeless are mentally ill. It was sad for me to find out that many of them are turning to ice because they don't have the medical treatment that they need.

"Now I got elected, this is my 12th year. For 11 years we've been dealing with the same issues. And for 11 years these psychiatrists have been promising that they will go into this narrow, limited areas such as the community centers. Mr. Speaker, maybe they have gone there but that's not enough. We need more.

"Lastly Mr. Speaker, if I were to be sick and I would listen to advice, I would listen to a doctor before I would listen to any other professional. Thank you."

Representative Arakaki rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I stand in strong support of this measure. And this is not the first time we're introducing this measure although this is the first time that the Health Committee has passed it out of Committee, and it was a rather narrow vote. But last year, we deferred the bill in order to study the matter further. You heard from the Vice Chair from Kona, and I think he was a perfect person to lead this task force because not only is he a prescribing doctor, but he also works in an underserved area.

"Actually, as he said, we need this bill to sort of force the parties to come to a compromise, because I mean there are arguments on both sides. I think there is a way to compromise and to craft a measure that may not satisfy everyone, but at least it will assure patient safety and at the same time address the access issue. For those who have reservations, especially those who come from a Neighbor Island and those who come from rural areas, I really want you to ask yourself, who are the psychiatrists that you have within your island and within your zip code? And if you can name them that's fine. But also, I want you to visit your community health centers because these are

people who really don't have access like you and I and most of us here on the Floor.

"We have access probably to the finest providers because we can afford it and because most of us, for those of us who live in Honolulu, we have access to psychiatrists or even psychologists. But we have to think about those who probably need the services the most and who needs the services critically. We have to think about them. And that's who it's directed to. It's not directed to the whole population. It's just directed to those that we feel are very vulnerable and don't have the kind of access that's needed for the needed services. So if you have reservations, then do some research and ask those questions. Thank you, Mr. Speaker."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm remaining with reservations. I heard all my colleagues, and I've heard our colleague from the Big Island, who is a doctor. One of the things I heard was that the psychologist would be doing this, at least in communications with a medical doctor. It wouldn't be in total isolation. My concern over this is maybe there's an underlying cause that's being missed. Maybe it's a tumor or some other disease and not just you know a mental condition. And that could be missed without a doctor."

"I understand the rural health centers don't have doctors and I think that our solution should be to ensure that they do have adequate medical care at those facilities, even if it's you know out in the Old West. Doctors hopped from town to town, I mean, at least have some visitation. But I'm just concerned about that they will be treating the symptoms and not the underlying cause. Thank you."

Representative Kanoho rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support but with reservations. Just want to clarify that it could have been a no except for the words of wisdom from the Chair of Health and the Vice Chair of the Health Committee. Thank you."

Representative Green rose to respond, stating:

"Just a brief clarification, Mr. Speaker, again in support. That the health centers will have doctors. They do have doctors. In fact, they're federally mandated to have a full-time physician. They'll also have other providers there."

"The expectation is these patients will be seen in a follow-up with a physician or in consultation with a psychiatrist, but the reality is that there's so much mental health need in this population that they can't get appointments. They never can get appointments with psychiatrists, virtually. Virtually never. With the doctors, the primary care doctors, they have a very difficult time getting consultation, maybe every six weeks. You've all been burdened by the phone person on the other end when you call and they'll say, 'Okay we can see you in eight weeks.' Well, if you're suicidal or depressed eight weeks won't do it."

"So what the plan is, is they will actually be able to see someone, who then can give them the definitive care, who then will speak to the doctor. And if they think it's desperate, they will get them in to see the doctor. But right door is closed and we have to open some door to these people. Thank you, Mr. Speaker."

The Chair then stated:

"Members, we've had a lot of discussion on this matter. You all realize it's going be referred to the Committee on Consumer Protection and Commerce. For those of you who are on the Committee, you've heard the discussion with reservations and in strong support. May we proceed on at this point?"

Representative Stonebraker rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2589, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PSYCHOLOGISTS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce with Representatives Stevens, Stonebraker and Thielen voting no, and with Representative Kahikina being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 410-06) recommending that H.B. No. 2952, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2952, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Stonebraker rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Harbin rose to speak in opposition to the measure, stating:

"I stand in opposition and absolute no to 410. I did not hear you move on. I'm very sorry. This is going to be a very... I'm going to be speaking all Session on these bills of these types on this particular issue. Just so that some of us in this in this Chamber can understand why I am so concerned about this type of language."

"Chapter 104 is the Chapter that I have been repeatedly saying is going to have a very large, substantial impact on our ability to deliver affordable housing to our people."

"Chapter 104 and this particular measure in particular is attempting to 'jerry-rig' the statute by requiring that the Department of Labor become the collector of certified payrolls. And why do I say jerry-rigging? Because there was an innocuous, and very innocuous Attorney General's opinion on one section of Chapter 104, without looking at the entire Chapter. And what that did was it raised issues and questions about certified payrolls and government entities."

"So this measure like many others that are going to come before us are going to attempt to address this questionable AG's opinion on one section by appointing an agency to become a government contracting agency when in fact the government contracting agency has no control over the money, the funding, or the relationship between the employer and employee."

"So we need to look at this not just as little pieces of the statute. I think we need to step back and look at the entire statute and the impact that it is, will have on our ability to deliver affordable housing. Thank you."

Representative Marumoto rose in opposition to the measure and asked that the remarks of Representative Harbin be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to this measure. No, I'm not going to speak on it right now. Thank you."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm voting no also, Mr. Speaker. And as I've said a number of times on bills of this sort, we have to examine them with a magnifying glass to see what their impact will

be on our need - our absolute need to create low income and affordable housing.

"Every time we do something like this, we prevent this State from moving forward in delivering those needed units. I think it's really important, Mr. Speaker. I mean I wish that the Majority Leadership would sit down at a table, and I'll gladly provide magnifying glasses. But sit down at a table and just go over the legislation in total and pinpoint the ones that are going to stop affordable housing and low income housing, and housing for the homeless. And when those are going to prevent that, set them on the side and say maybe in two years maybe in three years, but not now. Because our primary focus, we're going to stay focused, we're going to deliver those housing units. This bill will hurt that effort. Thank you."

Representative Moses rose in opposition to the measure and asked that the remarks of Representative Thielen be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Finnegan rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose in opposition to the measure and asked that the remarks of Representative Thielen be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2952, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC WORKS," passed Second Reading and was referred to the Committee on Finance with Representatives Ching, Finnegan, Harbin, Marumoto, Meyer, Moses, Stonebraker and Thielen voting no, and with Representative Kahikina being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 411-06) recommending that H.B. No. 2931, HD 1, be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2931, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GENERATED ELECTRICITY," was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 412-06) recommending that H.B. No. 2176, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2176, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with strong reservations. This is another bill that I think has got wonderful intentions and I really want to support it. But I think it's a dream if we think we're going to accomplish until we resolve the issues that we discussed in Standing Committee Report 410. I encourage us to put these things together when we talk. Thanks."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2176, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed

Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 413-06) recommending that H.B. No. 2368, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2368, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Arakaki rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I speak in support of this measure. And I want to start by thanking the Chair of the Housing Committee for considering the amendment that we made to this measure to exempt families with children, the disabled, and the elderly from this expedited, eviction process. And I guess my concern as a policy maker is we have a public housing program that essentially is a safety net for people without housing. And to think that we're going to expedite the process with that where we actually are cutting holes in that safety net, and allowing people to become homeless. People who have children, people who are disabled, people who are elderly.

"The question is if we take away public housing, what do they have left? Do we want put them in shelters or do we want to allow to be on the streets? We have few alternatives so in a way I'm hoping we can force a discussion on what do we do with people who can't afford rents even in low income rental housing. And what can we do perhaps in helping them to manage their finances because many times that's the problem, that they fall behind a rents and once they do, they can't really catch up.

"So I believe we need to hold people accountable to pay their rent, but I believe that our State agency shouldn't be thought of as landlords or even Simon Legree and be allowed to just toss people out, and for us to make it easier for them to do that. So, Mr. Speaker, I hope we can continue this discussion, but in the meantime I hope we can consider the most vulnerable in our population as an exemption. Thank you, Mr. Speaker."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. It's been a while since I actually visited this issue because I'm no longer on this Committee. However, I'm going to go by memory. I'm voting with reservations. One of the reasons why this bill came forward, I believe if I remember correctly is that there are situations where people take advantage of the eviction process. And many times we've discovered that there are areas where there's families that will go and you know spend for other things, other things that are not as priority as housing. And what's happening is in these situations there are other people that need this public housing, that they are living on the beach or don't have a home.

"And so what they wanted to do was not cut the eviction process short just to get them these people in public housing, just to get them out sooner. But it was basically to say stop manipulating the eviction process and take this seriously, and we'll help you through this process so that you can stay in public housing. But pay your rent first. And then from there you know if you're truly having a hard time, I think that there are those types of mechanisms in place where they can get help.

"So I'm like I said I need to revisit the situation a little bit better, but as it goes forward I'd just like to voice my reservation because of that."

Representative Sonson rose to speak in support of the measure with reservations, stating:

"Reservations and the words of the prior speaker be inserted in the Journals as my own," and the Chair "so ordered."

Representative Sonson continued, stating:

"In addition, Mr. Speaker, it's not only rent that these people are being evicted for, it's also for breaking house rules like brining in people at all hours of the night, drug use, and what not.

"So as long as there are similarly situated people waiting in line. People with children, elderly, disabled that are waiting in line who have never had the chance to get into the housing yet, let's not make exceptions for the troublemakers. Thank you."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"I just wanted to rise with reservations and ask that the words of the Minority Leader be inserted in the Journal. But brief comment about the fact that when people are breaking the rules and are not paying their rent and the word gets around, it's demoralizing for the other people that are doing what they're supposed to do. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2368, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC HOUSING," passed Second Reading and was referred to the Committee on Judiciary, with Representative Kahikina being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 414-06) recommending that H.B. No. 2996, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2996, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Cabanilla rose to speak in opposition to the measure, stating:

"Mr. Speaker, I stand in opposition of this measure. This measure has something to do with repealing the prohibition against the manufacture, possession, sale, or acquisition of detachable ammunition magazines for pistols with capacity in excess of 10 rounds.

"Mr. Speaker, I believe that we have the constitutional right to bear arms. However allowing us to have high capacity magazines just because criminals have access to it is not right. Just because criminals can carry this that doesn't mean that those of us who are law abiding should do the same.

"We now live in civilized times. We're no longer in frontier times and besides if you can't defend yourself with 10 rounds, you might as well forget it. Thank you, Mr. Speaker"

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. A no vote please for many of the same reasons."

Representative Moses rose to speak in support of the measure, stating:

"In support, Mr. Speaker. All we're doing here is complying with federal law. It's been repealed federally this prohibition, and we're just conforming. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2996, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Cabanilla and Thielen voting no, and with Representative Kahikina being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 415-06) recommending that H.B. No. 2192, as amended in HD 1, pass Second Reading and be referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2192, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONTROLLED SUBSTANCES," passed Second Reading and was referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Judiciary, with Representative Kahikina being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 416-06) recommending that H.B. No. 2446, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2446, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Stonebraker rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have reservations on this measure. This would allocate \$11 million from the Hurricane Relief Fund for increasing capacity at Queen's Medical Center. I appreciate Queen's Medical Center and I support what they're doing there, but my concerns have to do with the Hurricane Relief Fund."

Representative Moses rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, basically the same comments. I'm in opposition. In opposition, Mr. Speaker. This does take the money from the Hurricane Relief Fund. If we want to give it to a private hospital, do a grant-in-aid, do it out of the general fund. Don't use the Hurricane Relief Fund."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. A no vote for the same reasons please."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I did have reservations on this and it's mainly before we get to the Hurricane Relief Fund part. Just doing it for one hospital kind of concerns me as well, so I'll be with reservations for now."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Reservations, Mr. Speaker. I note that the original bill was for \$11 million. Thank you."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Caldwell rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, a potential conflict. My wife serves on the Board of Queen's," and the Chair ruled "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2446, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR INCREASING POWER GENERATING CAPACITY FOR THE QUEEN'S MEDICAL CENTER," passed Second Reading and was referred to the Committee on Finance with Representatives Moses and Thielen voting no, and with Representative Kahikina being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 417-06) recommending that H.B. No. 3121, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3121, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CIVIL DEFENSE," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representatives Takumi and Caldwell, for the Committee on Education and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 418-06) recommending that H.B. No. 2552, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2552, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance, with Representative Kahikina being excused.

Representatives Takumi and Caldwell, for the Committee on Education and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 419-06) recommending that H.B. No. 2962, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. Representative Harbin rose to speak in support of the measure, stating:

"I stand in complete support and in total excitement that we actually have something to help the local and small business community.

"On Opening Day, I was really pleased that you invited and had on the Floor, I think it was four or five budding, growing, small, young, small businesses. This is great. Small businesses employ over 98% of all our workers are employed by the small business community and so often because we're so busy working they get lost in the shuffle here at the Legislature.

"I am happy to see that we are attempting to support them and help them with development and training because being in business is a constant, constant not only battle, but a need to learn and modernize and grow. I encourage that we move this bill out and I encourage that we all support this. And I believe there's another bill that hopefully will make it to the Floor soon, which will be a complement to this, which will enable DBED to reach out and assist these businesses with their business and retention and expansion.

"So let's keep this moving. Let's support our business community because these are the backbones of our economy and they're going to be here if and when our economy starts to cool down. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1924, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR SMALL BUSINESS DEVELOPMENT," was referred to the Committee on Finance, with Representative Kahikina being excused.

Representative Stonebraker rose to speak in opposition to the measure, stating:

"Just on SCR 438, I'm going to be opposition of this. Mr. Speaker, my first year in office I actually introduced a measure just like this, but I have changed my mind. This is a bill that would prohibit the use of cell phones while driving unless it has a hands-free system. I think it looks on the surface like a good idea, but the real problem is the dialing. The problem is the eating, and the problem is doing the fingernails. The problem is dealing with the kids. There's a lot of distractions. And I just am opposed to this for those reasons. Thank you."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I also have reservations on this measure. You heard some of the problems from my colleague. The main problem is of course you still have to dial with this measure and we can outlaw that too and then you can't use cell phones at all. But I have seen people right behind me on the freeway putting on makeup and we're not outlawing that.

"When I ask the police isn't there a law against distracted driving and they said only if you get in an accident and they can say that that's the cause. It should be the same thing with cell phones. If you're weaving and bobbing and you end up hitting a car and you get stopped then and they say you were using a cell phone. Okay, then that should be a penalty for you but to just outlaw it completely I think is not good. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The Chair then stated:

"Members, this measure will be going to the Judiciary Committee also to look into the legal aspects of it."

Representative Meyer rose in opposition to the measure and asked that the remarks of Representatives Moses and Stonebraker be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1805, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE USE OF MOBILE PHONES WHILE DRIVING," passed Second Reading and was referred to the Committee on Judiciary with Representatives Meyer and Stonebraker voting no, and with Representative Kahikina being excused.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker, I rise in support of House Bill 1948, Relating to Solid Waste Management. I do have one reservation about it. There was an addition put into the bill that I don't actually support and that's adding the 68 oz. bottles to Hawaii 5 Program. I would prefer that those not be included. Thank you."

Representative Stonebraker rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose to speak in support of the measure with reservations, stating:

"I also have reservations, Mr. Speaker, on 445. I do support recycling in Hawaii. I think we don't do enough of it. But the people in my district are really hurting financially. Half the people in my district are amongst the poorest in this State. And I see this as an additional tax, but I'm hoping we find another way to pay for this recycling of this 2-liter bottle. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Stonebraker rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. With reservations. In time, anyone can lessen their tax burden, I support that, Mr. Speaker. And this would be for the counties for the fuel tax. I do believe that they do need some help because of their rising cost of the gas. However, Mr. Speaker, we've traditionally taken monies out of the State Highway Fund to pay for other things. I believe that's a Fund that we should no longer touch as a Body. The reason is, Mr. Speaker, we get a one to four matching dollars for this particular Fund. So it doesn't make fiscal sense for us to take money out of this Fund. Although I do support the county to be relieved of this tax, I think we should perhaps look at another place to find the million dollars. Because in essence, we'll be losing a total between \$4 and \$5 million for that Fund. Thank you."

Representative Evans rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

INTRODUCTIONS

The following introductions were made to the members of the House:

Representative Harbin introduced Dr. Loretta Reid of Chicago, mother of Mr. Paul Reid of the House Sergeant-at-Arms Office. She was accompanied by her sister, Ms. Delores Crismon, and grand-niece Camile, also from Chicago, Illinois.

Representative Harbin also introduced students from McKinley High School: Janice, Odlast, Stanley, James and Richard. They were accompanied by their teacher, Ms. Joyce Tashiro.

Representative Meyer introduced her friend, Ms. Donna Kidner of Phoenix, Arizona. She was accompanied by her friends, Ms. Susan Fix and Ms. Suzanne Rogers of Denver, Colorado.

At 12:17 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 1:33 o'clock p.m.

ORDER OF THE DAY

COMMITTEE ASSIGNMENTS

The following concurrent resolutions (H.C.R. Nos. 3 through 22) and resolutions (H.R. Nos. 2 through 15) were referred to committee by the Speaker:

STANDING COMMITTEE REPORTS

Representative Karamatsu, for the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 630-06) recommending that H.B. No. 1368, as amended in HD 1, be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1368, HD 1, be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Stonebraker rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker, I'm rising to speak against this bill and to cast a very definite no against this bill. Thank you. Mr. Speaker, this bill has been called the 'Hokulia fix'. It is extremely unfortunate that the proponents of fixing the Hokulia development have incited hysteria within this Chamber. Some of the people, some of the Members in the Chamber have bought into this hysteria, that unless we go ahead with the 'Hokulia fix', people such as Mayor Kim will be booted off the land or be forced to plant an agricultural crop on his property. Nothing could be further from the truth.

"And what the bill does, obviously it was drafted by the lawyers or at least with input from the lawyers and lobbyists for the 'Hokulia fix'. The bill sets up this scenario that invites Members in this Chamber to buy into this bill. It starts out: 'The purpose of this Act is to end damaging controversy over the legality of thousands of homes and lots located on agricultural lands throughout this State.' Well that's flatly wrong, Mr. Speaker.

"And then the bill goes on: 'This Act is necessary to protect the substantial investments of the owners of these homes and lots; these thousands of homes and lots ... to protect the counties and others against legal claims that may be asserted if those investments are devalued or lost.' That's absolutely false too, Mr. Speaker.

"And then it goes on to talk about the court decision in the Hokulia case. And it says: 'The reasoning of the decision if applied throughout the agricultural district would invalidate thousands of lots and subdivisions and make it illegal for people to live in thousands of homes already built.' Mr. Speaker, this is called 'setting up a straw man'. And then you go shoot it down. Then you go draft a bill that legalizes these thousands of homes. But the real fix is to legalize the Hokulia development.

"Mr. Speaker, the existing homes that are there are not at risk. There's absolutely no evidence that anyone is going to sue the Harry Kims on the Big Island. Buyers in mature subdivisions did not have notice. They bought without actual knowledge of the law, and they have multiple defenses. That would mean any lawsuit that would be brought against the Harry Kims would be thrown out on its ear. Any plaintiff or plaintiff group that tried that would be wasting their time and wasting their money. Laches would apply.

"With the plaintiffs, alleged plaintiffs, that might appear, if they knew about it, they should have sued decades ago. And they didn't. These were *bona fide* purchasers in equity. Equity would not allow a

COMMITTEE REASSIGNMENT

The following bill was re-referred to committee by the Speaker:

judge to take the Harry Kims out of their homes in a mature subdivision.

"Now let's contrast it with the Hokulia. Let's contrast it with what the developers actually knew. Let's contrast it with what the buyers knew, when they knew from the HUD disclosure statement in the CC&Rs. According to the Court's ruling, Oceanside had express notice in 1994 that its proposed development, the Hokulia, did not comply with governing State land use laws which preempted any apparent County authority for residential residences on agricultural land. What we're talking here is this State law that preempted what the County did and what those developers did. What we're talking about today is overturning our State law to satisfy these scofflaw developers, the Hokulia developers. This is not about the Harry Kims. They are not at risk. And anyone that bought in to that hysteria should really go back and talk to the people that know about the legal ..."

Representative Pine rose to yield her time, and the Chair, "so ordered."

Representative Thielen continued, stating:

"Thank you, Representative. Go back and talk to the lawyers that know this case inside and out. We're talking simply about the Hokulia. And the trial court did not rule that a subdivision creating one-acre agricultural lots had to go to the Land Use Commission for reclassification to urban. Instead, what the trial court ruled was that a gated luxury resort residential subdivision consisting of 730 residential lots surrounded by a golf course, clubhouse, dining facilities, beach clubs, spa, and a hotel, which is supposedly a guest lodge, is not agricultural. You know that. I know that. And anyone that has looked at this case and looked at the record knows that. The court said, it is not agricultural and such a project can only proceed in the urban district. Who in their right mind sitting in this Chamber can argue that this is agricultural?"

"So what are you asking today, by proposing that this bill be passed? You're asking for us to fix the Hokulia problem, claiming that we must do it to help the Harry Kims. Well you know in your hearts that's wrong. The Harry Kims are not at risk and you know that. The Hokulia is and it deserves to be, because its developers were told by their attorneys that they needed to go to the Land Use Commission. So what this Body is doing today with your vote, anyone that votes in favor, or with a wimpy yes with a WR, what you're doing is to say, okay we'll fix the Hokulia and we'll ignore what our long-standing law has provided to protect our agricultural lands. I would hope you'd have the guts to stand up and vote no. And I would hope certainly, on the other side of this aisle, that we would have a majority of you standing up to vote no on this bill, Mr. Speaker. It's a travesty. And it's an embarrassment. And it's wrong. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"I have the guts to stand up and say, yes. You want to talk about Hokulia. Let's talk about Hokulia. The former Director of the State Land Use Commission, under oath, at the trial said that she advised the developers, not once but twice, that they did not need LUC approval for this development.

"But let me talk about it. This is my district. I've lived and worked in Kona since 1955. These are my people and I know them. They want this settled. I listen to the *kupuna* in my district. I listen to the Billy Parises, who can trace his ancestry back to the ruling Chiefs of Manukaa, and he wants this settled. He wants this development. I listened to Herb Kane, who's pretty upset about it and he wants this settled. He wants this development. I listened to Henry Cho. I listened to Tommy Hickok. I listened to the people in my district. They want it settled.

"Look at my district. My district has over 500,000 acres of conservation land. My district has over 440,000 acres of agricultural land. 98% of my people live on ag land, whether they're farmers or not, and most of them are not. It's because as a government, whether it's State or county, we've never had the guts to change our land use laws. Get some rural classifications. Get some urban classifications.

"In this district of mine that is bigger than Oahu, I don't have a single spot on here that's rural. If you can imagine, if you can imagine that South Kona and Ka'u has no rural land. We have a couple of dots of urban. Fortunately I live on one of them. My purpose for supporting this really is to support the people that sent me here. Thank you."

Representative Hale rose to speak in opposition to the measure, stating:

"Mr. Speaker. Mr. Speaker, I would like to strong vote of no. I would like to say that I'm probably the only one here that was on the County Council when that development was first developed. And at that time to me, if they were going to do all of the things that they promised to do, they should have done them first. But all this time, they have not finished the road they promised. They have desecrated the ocean, and the Hawaiian artifacts.

"I'm sorry this makes me so excited that it really makes it very difficult for me to speak. But I would like the words of the Representative from Kaneohe [Kailua], or where are you from? I would like to strongly support her arguments. I also would like to have things added to the Journal. But I will tell you that all these people ever had to do was, in the beginning, was to go to ... The judge told them go to the Land Use Commission and get it zoned properly.

"I have my home on an agricultural one acre non-ag, except for what I have in my yard. I may lose, but to me the importance is not to let Hawaii become the millionaires' and billionaires' gated communities that have now gone into the South Kona area. And although I do not represent that area any longer, I did live in South Kona for the first 15 years before I moved to Hilo, and now I represent another area. I don't want to see this kind of development.

"This is a judicial problem. It's not something we should be solving here. We have the three divisions, Executive, Legislative, and Judicial. And the Judicial has said you have got to go to the Land Use Commission. And right now it's before the Supreme Court, if that is the right position. But we have no business going in to try to have special bills to help one developer. Thank you."

Representative Hale's written remarks are as follows:

"Mr. Speaker, I stand in firm opposition to HB 1368, HD1.

"Two-week Men

When I was the Executive Officer of Hawaii County back in the '50's, there would always be these suave Mainlanders with suede shoes and big ideas for developments out deep in the country. In those days, no sane local would go and live out there, without electricity and water. But these were big ideas and big projects with big promises of needed infrastructure improvements: roads, water lines, you name it. They were enticing offers for a County then ravaged by a tsunami with an economy teetering on collapse.

"But before they would begin, they always wanted something first. Tax breaks, fast-tracked approval, assurances. They always wanted something big from the local taxpayers in return. I wouldn't give any promises and they would tell me that they would be back in "two weeks." They never returned and from those days on, I always referred to them as the "two-week men."

"Yamashiro and Hokulia

Going forward several decades, I was on the County Council when the "two-week men" of Hokulia came to the Big Island with their big

ideas and big projects and big promises. They called themselves Red Hill 1250 then. It was the same game. They promised to build a needed by-pass road, but only with assurances from the County government. I asked them why not build the road first and then we will follow through. I wanted no empty promises like all the other "two-week men" before them. But they would not agree because they needed to sell the land first before they could build.

"Call it like it is; Hokulia is land speculation. It's a scheme. And they needed the assistance of the County government to pull it off. Unfortunately, the mayor then, Steve Yamashiro, was a willing accomplice and fast-tracked the development through the County.

"We Need the LUC"

Of course, that is why we have a two-tiered land-use approval process with the County governments on one hand, and the Land Use Commission on the other. The number one reason why we have this two-tiered system is to keep our open spaces, open. We don't want suburban sprawl. Why? Because we value open spaces; because we value the rural lifestyle that accompanies it; because we value Hawaii agriculture; because we value sacred Hawaiian lands; because tourist don't come here out to the neighbor islands from Waikiki to see suburban sprawl! If they wanted to see suburban sprawl, they could just drive a couple miles out of Chicago or San Antonio or San Francisco.

"That is why we have State laws and a State Land Use Commission. We have it so that when we decide to irreversibly develop our open agricultural lands, we do it with much thought and we do it right.

"Suing Puna Homesteaders?"

Now the Hokulia "two-week men" have a media campaign scaring everyone living out in the countryside like myself and my neighbors and friends in Puna of imminent lawsuits for improper land use. To this I say:

-We are not big business land speculators bent on getting rich selling hundreds of multi-million dollar snow-bird homes;

-We do not get our County to hold our hand and fast-track our permits and assure us that they will take care of all the government red tape for us;

-We do not knowingly and viciously desecrate ancient Hawaiian burials;

-We do not disregard conservation officials and dismember ancient Hawaiian trails;

-We do not allow millions of tons of run-off to blanket a pristine State marine life conservation district and historical park, killing the coral reefs;

-We do not try to bribe government officials to get our way;

-And we do not think that we are above the Law.

"Eroding the Law"

With this bill we are allowing some stubborn "two-week men" to knowingly and maliciously circumvent State Law. All Judge Ibarra said was that there is State Law and the Land Use Commission and that the "two-week men" just needed to follow the State Law and get the final approval from the Commission. But we are going to happily allow them to not follow our own Laws and processes? In essence, we are happily eroding our own authority.

"Acting as a Court onto Ourselves"

Furthermore, we are taking a case that is currently before our State Supreme Court and acting as a court onto ourselves. Article I, Section 10 of our United States Constitution explicitly forbids this stating: "No State shall...pass any Bill of Attainder." This Bill of Attainder clause is the precise implementation of the separation of

powers, a general safeguard against legislative exercise of the judicial function or more simply- trial by legislature.

"James Madison once wrote a Federalist paper on this matter. "Bills of Attainder..." he wrote. "are contrary to the first principles of the social contract, and to every principle of sound legislation... The sober people of America are weary of the fluctuating policy which has directed the public councils. They have seen with regret and indignation that sudden changes and legislative interferences (*sic*), in cases affecting personal rights, become jobs in the hands of enterprising and influential speculators, and snares to the more-industrious and less-informed part of the community."

"Vote for Inequality"

Mr. Speaker, what we are saying by voting for this measure is that we are in the hands of enterprising and influential speculators, "two-week men!" We are ourselves circumventing Constitutional mandate and precedence to give them the nod to disobey a permitting process set forth in State Law. We have taken a good bill and messed it up by inserting this bad bill, and I think that this is wrong.

"And most unfortunately, we are sending a message out to everyone in the State of Hawaii that if you have enough money, you can cajole the government to allow you to exist above the Law. In essence, we are voting for Inequality in our society. Most unfortunately, indeed."

Representative Morita rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, rise in opposition to this bill. Mr. Speaker, let's be real clear on the purpose of this bill. The motivation for this bill is the desire of a developer who wishes to avoid a court's order. Prior to development, the developer could have complied with the law and was advised to do so by his attorneys and government agencies, and that is going to the Land Use Commission. But he didn't.

"Now a judge has ordered the developer to follow the law and land use process. Instead the developer is asking us to change the law for him. This is not a state of emergency and the thousand of homes described in this bill will not be declared illegal.

"Our good citizens and law-abiding developers can rely on the doctrine of equitable estoppel to protect their investment and simply put this developer cannot.

"In the County of Kauai v. Pacific Standard Life Insurance Company with the Committee to Save Nukoli as an appellant, finding in favor of the appellant, the Hawaii Supreme Court said and I quote, "When a property owner has actually proceeded towards development pursuant to an existing zoning the initial inquiry in determining whether his development rights have been vested is whether his actions constituting irrevocable commitments were reasonably made or were merely speculative business risk."

"I believe the developer in this instance proceeded on a speculative business risk when he ignored the advice of his counsel and government agencies and failed to obtain the Land Use Commission's necessary approval. Judge Ibarra affirmed this in his findings.

"The most important testimony yesterday was from the Executive Officer of the Land Use Commission, Anthony Ching. He said, 'I believe Section 1 of this proposal contains inaccuracies and is ill-advised. I believe that Section 2 of this proposal is technically flawed, confused, and ultimately counterproductive. In lieu of trying to address a multi-faceted need for update and reform of the land use law by considering a very narrow proposal such as this before you today, I would propose that emphasis is instead placed on proposals arising from Act 183 Session Laws of 2005, Act 205 Session Laws of 2005, and as described in House Bill 1938, House Draft 1.'

"He says, 'Section 1 notes the wide application of a recent trial court decision is suppose to, quote, 'invalidate thousands of lots in agricultural districts.' And he quotes, '... make it illegal for people to live in thousands of homes already built.' As the trial court rulings only applies to specific lots in that action, I believe it is premature for anyone to assert that lots in subdivision outside of the scope of the trial action are automatically invalidated solely on the basis of that it involves one acre lots.'

"I mean, I urge my colleagues, in the interest of time, to read the LUC's testimony in this case. I also believe what we're doing is premature. You know if this, after the court's decision, after the court's the judicial process is finalized and we see that a problem has occurred, then I think it's right for us to take action. But anything we do now is premature. Thank you. And Mr. Speaker, I'd like to submit the LUC testimony for the record," and the Chair "so ordered."

Representative Morita submitted the following testimony:

Statement of
ANTHONY J. H. CHING
 Executive Officer
 LAND USE COMMISSION
 Department of Business, Economic Development, and Tourism
 before the
Committee on Economic Development & Business Concerns
 February 16, 2006
 9:00 a.m.
 State Capitol, Conference Room 325
 in consideration of
HB 1368 HD 1
RELATING TO LAND USE.

- 1 **Purpose.** Address the legality of homes and lots approved for development by the
- 2 county and/or constructed on lands within the State Land Use (SLU) Agricultural
- 3 District.
- 4 **LUC Position.** I believe that section 1 of this proposal contains inaccuracies and is ill
- 5 advised. I believe that section 2 of the proposal is technically flawed, confused and
- 6 ultimately counter productive. In lieu of trying to address a multi-faceted need for
- 7 update and reform of the Land Use Law by considering a very narrow proposal such as
- 8 before you today, I would propose that emphasis is instead placed on proposals arising
- 9 from Act 183 SLH 2005, Act 205 SLH 2005 and as described in HB 1938 HD1.
- 10 **Section 1 Inaccuracies.** Section 1 notes that wide application of a recent trial court
- 11 decision is supposed to "invalidate thousands of lots in agricultural subdivisions" and

HB 1368 HD 1
RELATING TO LAND USE
 Statement of Anthony J. H. Ching
 Page 2

- 1 "make it illegal for people to live in thousands of homes already built". As the trial
- 2 court's ruling only applies to specific lots in that action, I believe that it is premature for
- 3 anyone to assert that lots and subdivision outside of the scope of that trial action are
- 4 automatically invalidated solely on the basis of that it involves a one acre lot.

- 5 I also believe that notwithstanding narrative contained in section 1 of this
- 6 proposal, individual counties have routinely required that applicants for building
- 7 permits within the SLU Agricultural District acknowledge the farm dwelling
- 8 requirement contained in the State Land Use Law. Except where individuals
- 9 purposefully choose to ignore this county-enforceable requirement, I again do not
- 10 believe that the trial court's ruling would automatically deprive agricultural lot owners
- 11 of the right to occupy homes which have already been constructed.

- 12 Section 1 also asserts that the "trial court decision also brings into question the
- 13 counties' authority under section 205-5(b), Hawaii Revised Statutes, to define allowable
- 14 accessory agricultural uses". However, as the definitions section of the Land Use Law
- 15 clearly distinguishes between farm dwelling and single family dwellings, I do not
- 16 believe that the county authority to define accessory uses would allow individual
- 17 counties to establish single family dwellings as an allowed accessory use.

HB 1368 HD 1
RELATING TO LAND USE
 Statement of Anthony J. H. Ching
 Page 3

- 1 I also believe that it is ill advised and likely inaccurate for the Legislature to
- 2 assert that individual counties might have historically been engaged in an illegal
- 3 activity (e.g., county allowance of construction of many homes in the agricultural
- 4 district with little or no agricultural activity connected to those homes).
- 5 **Technically Flawed, Confused and Counter-Productive.** Section 2 amends §205-4.5(c)
- 6 by listing as an "or" condition that under certain conditions, lots or single family
- 7 dwellings in the SLU Agricultural District as of the effective date of the act shall be
- 8 deemed to be an approved use, provided that no more than 10% of the project area
- 9 consists of soils classified as A or B."

- 10 The proposal is flawed in that it does not propose any other changes to the Land
- 11 Use Law. Applicable sections of §205-2(d), §205-4.5(a) and §205-4.5(b) and §205-8
- 12 (which speak in some way to the proposed new category of approved use) have not
- 13 been amended. Absent a comprehensive review and amendment of Chapter 205, it is
- 14 my belief that if this proposal is adopted as is, at best a non-conforming class of use
- 15 would have been established within the SLU Agricultural District.

- 16 The proposal also begs the question as to what status would any other similar
- 17 lots created after the effective date have. This underscores my personal objection to any

HB 1368 HD 1
RELATING TO LAND USE
 Statement of Anthony J. H. Ching
 Page 4

1 proposal which seeks to retroactively "fix" lots or homes in a very specific
 2 circumstance. I believe that you confuse more than you clarify.
 3 The proposal's restriction that not more than 10% of the project area can consist
 4 of soils classified as A or B is also technically flawed. I believe that the "A or B"
 5 language needs to be amended and consistently reflect the description used elsewhere
 6 in the chapter. However, I believe that this restriction allowing as an approved use
 7 single family dwellings on land which are classified by the land study bureau's detailed
 8 land classification system as overall (master) productivity rating class A or B is in direct
 9 contradiction to the inherent specifications of §205-4.5(a) and (b).
 10 The proposed amendment of §205-4.5(c) is also flawed in that the section
 11 currently restricts the uses of qualifying lands (i.e., Land Study Bureau C,D,E or U) to
 12 those uses specified in §205-5(b) or specifying that qualifying lots or homes shall be
 13 approved uses. As the amendment does not clearly specify when the provision is
 14 applicable, I believe that the amendment only confuses the issue.
 15 It is also my belief that given a lack of clarity, uses which are qualified under this
 16 proposal will fall into the non-conforming use category. Existing administrative rules
 17 of the Commission covering non-conforming uses (§15-15-31 and 32) explicitly state that

HB 1368 HD 1
RELATING TO LAND USE
 Statement of Anthony J. H. Ching
 Page 5

1 illegal use lands or buildings shall not be sufficient to establish a non-conforming use
 2 and that whether a nonconforming use exists shall be a question of fact and shall be
 3 decided by the Commission.
 4 Given the inaccuracies, flaws and anticipated confusion, which would result
 5 from adoption of a proposal such as this, I urge the Committee to reject the proposed
 6 amendment to §205-4.5(c). If adopted as proposed, at best, this proposal would create
 7 an uncertain class of use within the SLU Agricultural District and no small opportunity
 8 for continued controversy, litigation and harm.
 9 **Alternative.** I would suggest that what is needed besides thoughtful update and
 10 reform of the State Land Use Law is a fair, consistent and transparent process for
 11 reclassifying lots or subdivisions seeking relief from current and future requirements of
 12 the SLU Agricultural District. Comprehensive update and reform of the State Land Use
 13 Law requires action on multiple fronts. These multiple fronts include, but are not
 14 limited to:
 15 • The initiatives, elements and implementation of Act 183, SLH 2005 regarding
 16 Important Agricultural Lands (IAL);

HB 1368 HD 1
RELATING TO LAND USE
 Statement of Anthony J. H. Ching
 Page 6

1 • The findings of the community dialogue and study; implementation of the
 2 subsequent legislative proposals carried out as a function of Act 205, SLH 2005;
 3 • Much community and legislative dialogue; and
 4 • The clarification provided within HB 1938 HD1 as to the permissible uses within
 5 the SLU Agricultural District.
 6 **A Solution For The Issue At Hand.** I believe that the fair, consistent and transparent
 7 process for reclassifying lots or subdivisions seeking relief from current and future
 8 requirements of the SLU Agricultural District would involve a quasi-legislative
 9 proceeding which would allow individual counties and/or the State Office of Planning
 10 to pursue boundary review and amendment of SLU district boundaries in a manner
 11 which is consistent with approved community and county general plans. I believe that
 12 establishing such a State or County proceeding is necessary to ensure fairness and
 13 consistency in resolving and reclassifying uses, which are in conflict with the district
 14 standards under which they currently exist.
 15 This process would be enduring and not one-time as proposed in this measure.
 16 The process would also seek to ensure that any relief or reclassification given would be

1 in concert with established and accepted patterns of human settlement as expressed in
 2 county community or general plans.
 3 Such a process allowing State and/or County agencies to apply for district
 4 boundary amendments would require that a new section of the State Land Use Law be
 5 established which would prescribe:
 6 • Application requirements and qualifications for state and county agencies;
 7 • Specific periods within which such applications could be entertained by the
 8 Commission (e.g., every 5 years);
 9 • That all references to such proceedings conducted by the Commission be that of
 10 a "public meeting" versus "public hearing" to ensure consistency with the
 11 defined terms contained in Chapter 92, Hawaii Revised Statutes;
 12 • General or specific requirements that notice be given consistent with the
 13 requirements set forth in Chapter 92, Hawaii Revised Statutes;
 14 • The maximum processing time frame for the Commission to review such
 15 applications;

- 1 • The general requirement that the submission and acceptance of testimony be
- 2 consistent with the requirements set forth in Chapter 92, Hawaii Revised
- 3 Statutes;
- 4 • The decision making criteria that the Commission is obliged to utilize;
- 5 • A specification that requirements for Chapter 343, Hawaii Revised Statutes as
- 6 they pertain to individual parcels be satisfied at the time of rezoning before the
- 7 appropriate county authority;
- 8 • The provision that individual lot owners affected by such a reclassification action

- 10 • That upon the issuance of any order by the Commission, that order might be
- 11 appealed to the Circuit Court (as allowed for in applicable sections of state law);
- 12 and
- 13 • Other appropriate specifications as might be deemed necessary.
- 14 It is my belief that such a process is more appropriately responsive to situations

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. This issue is controversial. This is in support however of the measure. This is Representative Herkes' district and my district. It's something that I've worried about and thought about for the last 18 months. The bottom line on this issue for me is, I've spent time with the people of Kona, in the last say three years, walking up and down the streets of Royal Poinciana and Lako and Kapuna Street. And there's an unbelievable majority of those people that want this situation resolved.

"This may not be the most ideal forum. This is an evolution for sure. This is February 17th, in a very significant session. It's going to have to go and it has to evolve, this bill. But I can tell you from the standpoint of my district, the people have great concern. They wonder who is going to help them resolve these major issues in their district and they look to us to resolve problems. They may not understand or recognize at this time the nuance of the Judiciary system versus our powers here at the Legislature, or even the Executive Branch. But when they go up and down the road, they say why are we 20 years later going round and round about this issue with Hokulia when we've had our plans on hold.

"I have to say it's a very poignant argument that those people make over and over to me. I'm speaking about liberal Democrats, conservative Republicans, people who have no party affiliation. They come to me one after another and say, 'Can you please help us?' They look to this road. They look to us to steward the land. There's no question. And they don't want it to be overrun as a major urban area. But I really have to say the majority of the people, which is really what we're here for, certainly I'm here to represent Kailua-Kona. Those people are telling me, 'Please help us with a solution. Don't stick your head in the sand.' I have hundreds and hundreds of letters asking me to help them with a solution. It's difficult for me to say to them let's wait a few more years until the Supreme Court makes a ruling."

Representative Cabanilla rose to yield her time, and the Chair, "so ordered."

Representative Green continued, stating:

"Thank you. I will try to sum up. I personally believe that is a rural piece of land. I personally believe it would be best if we didn't have to have a law, that if it was settled by the plaintiffs. And I'll hope they'll do that. I've been pleading with them to do that because I think that is the best way to get through this problem. But that road right now goes past the hospital, and people have been waiting for 15 or 20 years to have other finances to get a road in. They've been building their houses and coming to the area with certain expectations of what Kona is like.

"So I do think this is an incredibly important issue. I do not think we should compromise land use laws. But I do hope that my colleagues will see the wisdom in trying to help the people of West Hawaii who seem to be in favor of some kind of resolution. Get to it. Because this really affects every single person that lives in that area. I welcome everyone to come and spend time in the community. But from my perspective, which has been a person-to-person perspective, they want this resolved somehow. So I will vote yes on this measure, Mr. Speaker."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Waters rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, in opposition. I don't come from Kona, but I would ask if I lived there: Why didn't the developer go to the Land Use Commission? Why did they go to trial? And why are they

appealing this? Because had they gone to the Land Use Commission from day one, this would have been resolved. Thank you."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I'd like to request a ruling on a potential conflict. The law firm that I work for is involved in two lawsuits, in federal and State court, involving the Hokulia lot owners. And I have worked on that case."

The Chair then ruled:

"You are excused from this vote."

Representative Caldwell rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I also may have a potential conflict. The firm that I am a partner in represents the County of Hawaii in the Hokulia lawsuit. And I think there's a direct conflict."

The Chair then stated:

"Are you a part of the lawsuit itself?"

Representative Caldwell responded, stating:

"I'm an owner in the firm that's part of the lawsuit and I believe that this legislation, should it become law, will resolve the problem that our firm was hired to fight for. We're hired to defend the County. This legislation, if it becomes law, will relieve the County of liability. I think there's a direct relationship."

The Chair ruled:

"You are excused."

Representative Shimabukuro rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to the measure for the precedent that I fear that this bill could set. I would like to read testimony submitted by my boyfriend at yesterday's hearing.

"I reside in both Puna and Anapuka on the Big Island. Both areas are far from each other. Both are agriculture. And both so-called, 'bad soil', yet I farm both areas. Soil quality should not be used to determine whether or not someone can grow things on agricultural land. You should determine whether or not land can be farmed based on the farmer and the crop. For example, protea, coffee, papaya and other diversified agriculture is all grown on these so-called, bad soil areas.

"If soil quality is used to determine what land should be developed for single-family homes, most of the Big Island, because of potential financial economic gains could be developed under these types of bills. This is because you can either make thousand of dollars selling or renting houses, or you can work hard at farming your land.

"If people want to develop they should buy lands already zoned for that. Developers must stop trying to encroach on our precious agriculture lands which is absolutely so critical to sustain the face and identity of Hawaii.

"And if this bill is referring to the Hokulia project we can look at it like this. Oceanside bought a desert zone for agricultural purposes and now they're trying to sell it to people who thought they bought it free and clear. This should be settled in litigation, and the courts serve their purpose in these kinds of issue.

"When you buy agricultural land you're supposed to farm. I live amongst more gentlemen's farms than farms. There's too many buyers coming in looking to buy at agricultural prices in order to build luxury residences, and this is wrong.

"And it's signed by Ianuali Kaonohiokalanikoholua. In addition, Daniel Anthony and Kaonohiokalani Jeremiah. Thank you."

Representative Berg rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I rise in strong opposition to this bill as well. Thank you. And urge my colleagues to look beyond the Committee Report to look at the content of HD 1 and the process by which HD 1 is before us. I think we need to ask ourselves as a governing body, what's the real issue and what are the questions that are underlining this measure.

"Notwithstanding that this proposed measure is specifically designed to rescue Hokulia and Big Island County from their current circumstances, and that there are many differing perspectives on this situation, I believe that this bill is one of those measures that has the potential of defining us as a governing body. The role we play individually and collectively in the future of Hawaii. Mr. Speaker, the values upon which we rest, and upon why I ran for election, are inherent in the passing of this bill to the next Committee.

"In light of our evolving efforts to move Hawaii towards a sustainable future, we're undergoing discussions as to what constitutes important ag land. I wish to register my opposition in three major areas. One, from the perspective as some of my colleagues have shared, that the bill is flawed. There are details, and I understand that the process that we're involved in at the moment, allows us to continue the dialogue. But when we look at the testimony from the County Council of Maui, the Chairperson, saying that the proposed bill has broad land implications and may conflict with the policies in the Maui Country General Plan and Community Plans. Individual counties have been following the law and have been doing their best to interpret what the law means in terms of their county plans. If the County of Maui is concerned about this, and maybe it doesn't involve the City and County of Honolulu, I think we need to look more specifically at the pieces that some of my Representative colleagues have said about the bill being flawed.

"The second reason that I believe we need to be not only cautious, but we need to vote no on this particular measure moving forward is that, in addition to the separation of powers discussion, I think there is an incongruity from the Committee Report and what the bill actually says. The Committee Report says that the purpose of this bill is to end controversy over the legality of thousands of homes, etc., by authorizing each county to establish an advisory group to assist the Country Planning Department to identify land use policies and develop standards. This is what the bill was when it left our Committee. Water, Land, and Ag last Session. I don't see anywhere in the bill where it establishes an advisory group to help the County in planning. So I have concerns that the process is somehow confused there.

"And more importantly, Mr. Speaker, to me democracy matters. And if what we're doing at this moment is deciding that we as a Body are more knowledgeable than land use people, than planning people, than the community, and we're going to fix something that we weren't even part of creating. We can talk about this particular Hokulia issue until we're all blue in the face, and we won't agree with that. But I think we have an opportunity at this moment to decide what is our role as a State legislative body. Honoring our colleagues, who are representing their constituents who are upset about this. But Mr. Speaker, we have come so far in the last few years, in the many years. 20 years ago I wouldn't have run to be a part of this Body, but I believe deeply in the process. I hope my colleagues also will vote no at this particular time, and let's go back and work on this. Work on a solution, not through legislation, but let's enable the counties to help themselves. Thank you, Mr. Speaker."

Representative Tsuji rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of this bill. Mr. Speaker, I don't believe that this is about travesty or mass hysteria. I don't believe that this is about the Harry Kims or the Hokulia. But I do believe that this is about what is wrong. And we as legislators are in a position to right the wrong, or maybe really the vagueness that has lead the counties in the past years to approve the creation of several thousand of these agricultural lots in the districts.

"It is easy for me to say that I do not belong in the district, or that is the other Representative's district. It is true, a lot of us are not in these two respective districts. But we all collectively are part of this one community, one State. We as legislators, Mr. Speaker, I truly believe feel the responsibility. This is why we are here today and this is why we can share in such a dialogue. That we truly want to right this vagueness that has created this. Mr. Speaker, I request and rise in support of this bill. Thank you very much."

Representative Evans rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with reservations. I've been concerned about how this gets framed as the Hokulia fix, and then also hearing that it's about all these thousands of homes that are in jeopardy if we don't do something.

"So what it does is I think it really creates confusion for the public, and also for the people on the Big Island where I represent, West Hawaii. All my residents are confused. They can't figure out if it is a Hokulia fix, or if in fact, like up in Waimea, are their lands in jeopardy because that's where they live and so they worry about it.

"So I think they look at us for that kind of leadership. I think this is one of these ... It's a moment in time where we have to step up. We have to at least talk about it. That's why I'm with reservations because I want it to continue. I want the discussion to be continued. I think it should be moved forward. I have some reservations though. I don't like the idea that it's just quote, 'going to be a Hokulia fix.'

"What I'd like to think is this is an opportunity to address things like important agricultural lands. Things like, why aren't we more defining about what a rural district looks like, and passing some laws on that. Another bill that I've introduced that says that we've got to stop the loophole, right now, in law. We allow the counties to actually have variances and they can, what I call, 'spot zone.' But they don't have to follow the permitted uses that has been passed by State law. So we have given a hole to the counties to kind of do what they want.

"And sometimes I wonder, people say this is a 'Hokulia fix'. I'm wondering why the other counties aren't at the table screaming as loud as Harry Kim saying that we have got to stop and think about our agricultural lands, and we need to fix the laws because there are some nonconforming uses in ag. And so why isn't everybody at the plate saying things have got to change? That confuses me.

"I'd like to think that if we keep this bill moving forward that we can really get the discussion going. Get all the mayors and the county councilmen. Maybe some of the lawyers that work for the mayors to start weighing on this. I'd like to see more testimony come from them to really tell us where a lot of the laws that maybe should be fixed. And maybe from this whole discussion, this topic might be able to help us deal with some of those issues about important ag lands. Thank you."

Representative Schatz rose in opposition to the measure and asked that the remarks of Representative Waters be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Sonson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in support. I think the fix is always going to be in our hands. These interpretations of laws are a product of the way we do our job here. It seems to me that the problem arises from business decisions from these businesses, interpretations from lawyers that are hired, interpretations of county officials in how to implement the laws that we create. We have to take some responsibility. And this is a way that we step back in when things go wrong.

"I don't think it's unusual that when there's a court ruling, be it at the circuit level or at the Supreme Court level, that our constituencies will come to us for help. And we do it. We do it not quite as often, but yes we do it.

"This business regarding whether or not a land use process had to be followed before building starts, it's done. It's over. The court has ruled they have not done it properly. That they should go to the land use process. Change from ag to urban. Yes that's an interpretation of what has happened. I wasn't there. We were not there. We can only listen or read about what has happened there.

"But the problem is before us. The bill says, let's provide a solution. When I look at the parties in this case. There are those that may push this and say, 'You didn't do it right. You did not follow the law. It's a matter of principle.' Indeed. If it is a matter of principle, then the only way to fix it, Mr. Speaker, would be to follow the law, but the law has not been decided because it has been appealed. But yet I question the fact of whether or not this is a matter of principle. If it is a matter of principle, then there is no value that can pay for it. There should be nothing that can change the people's mind who are pushing this. 'Developer, you go and do this. If you don't do this, we're going to push you to the limit. You have to follow the law no matter what it costs you.' But I don't think so. If that was the case, Mr. Speaker, my vote would be probably different today.

"But given the new developments provided by the evidence that was taken by the Chair of EDB. The answers to questions posed by the Chair of Water, Land to the zealous attorneys who are representing the plaintiffs and also those who are supposedly doing this as a matter of principle. I changed my mind because it is already a matter of money. I am convinced that it is not a matter of principle, because we can easily fix that. This would be just a matter of money and that has a middle ground.

"Let us provide this vehicle to encourage the parties to come closer to whatever it is that is reasonable to fix this problem. We cannot undo what has been done. And shall we let the community bleed in the wait for the judicial process to take place? It may take years.

"I feel and empathize with the question posed by the Chair of Higher Ed. He says, why didn't they just go to the LUC afterwards? Well again, we cannot second-guess at this point where we stand today, and where we discuss this today. We don't know why. What we have before us is we have a bill, a vehicle that can be used as a means to resolve the issues. I think, Mr. Speaker, that this bill deserves further scrutinizing, further discussion, and I think that we should let it go and proceed as though. And so, Mr. Speaker, I urge you and my colleagues to please support this bill as it goes through the process. It is not over. Far from over. Thank you."

Representative Karamatsu rose to speak in support of the measure, stating:

"Mr. Speaker. In support. Mr. Speaker, let's go to the law. The reason why these developments have happened is because the law allowed it to happen. The law allowed one-acre lots to be developed. If you look at the statutes we defined what A and B lands are. C, D, E and U lands, what they are as well. Under A and B, you see a laundry list of restrictions. And under C, D, E and U, we gave

authority to the counties. We also gave the authority to the counties to define accessory agricultural uses.

"The Land Use Commission created some rules which conflict with what the restrictions are for A and B. They tried to apply some of the A and B restrictions to C, D, E and U which is not stated in the law. And law supersedes ruling. So I think there might be a conflict in rulemaking versus what the law is stating.

"I think for this issue, there's language that allows this. If you look at 205-2, it's not limited to farm dwellings. You can also build buildings and not grow agriculture on that same lot. You can grow agriculture in other lots. So the law doesn't restrict C, D, E and U the way some attorneys are trying to make it restricted. So who's right or wrong depends on who interprets the law. And in this case the counties were given authority so they did what they did in permitting these developments. They didn't have to go to LUC. So maybe we need to clarify even better because the law doesn't state that the A and B restrictions should be applied to C, D, E and U. People are saying it should, but the law doesn't say that. So I'll just stand by the law. Thank you."

Representative Harbin rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. We talk about leaving this issue up to the courts to decide and separation of power, and I believe that is why we are here. We are here to make the statement of policy. There are inconsistencies in the law. People are being damaged and there is potential damage because of these inconsistencies. I think we have a responsibility to continue to discuss them, and find those inconsistencies and fix them.

"These are the types of things that continue to make Hawaii a joke in the world of the business community because of our inconsistencies and inability to face them. We need to fix this. We need to make corrections and not just sit back and say, 'Oh, let's just leave it to the boys at the Supreme Court.' Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"With strong reservations, Mr. Speaker. I heard a lot of conflicting information today and I think the most important thing that will come out of this legislation is it's really forced all to look within ourselves to decide what kind of Hawaii we want in the future. I believe I want to continue that discussion so that we can provide better policies and better laws that prevent these gray areas. Thank you."

Representative Saiki rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Thielen rose to respond, stating:

"Thank you. Mr. Speaker, I know this is my second time. I would just like to enter the remarks of the Chair of the Sierra Club, the Executive Director of the Sierra Club. I'm going to quote it because it's brief. I like to enter them into the Journal.

"This is nothing more than special interest legislation for an irresponsible developer who was nailed by the 3rd Circuit Court for polluting the water and desecrating burials and avoiding our land use law, and now the Legislature is going to bail him out at the expense of our agricultural land. Those are the words of Jeff Mikulina, Executive Director of the Sierra Club.

"Mr. Speaker, after the debate is concluded I would like to call for a roll call vote, please."

The Chair then stated:

"I believe at this point Representative Thielen, the Chair was going to recommend to this Chamber that you record your vote now because this is a voice vote on Second Reading."

Representative Thielen continued, stating:

"Mr. Speaker, I'd like to call for a roll call vote, please."

The Chair then stated:

"You cannot call for a roll call vote when the motion is to take up from pages 1 through 30, and then we will have the voice vote."

At 2:19 o'clock p.m., Representative Thielen requested a recess, and the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 2:20 o'clock p.m.

The Chair then stated:

"We've had a lot of discussion on this measure at this point. It's going to right now, be referred to the Committee on Finance. Any of you who would like to cast a no vote or an aye with reservations, you're allowed to do so at this time because it is a voice vote for all 176 bills, from pages 1 through 30."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm going to vote with reservations. And I have just really short comments. I was planning on just fully supporting this piece of legislation, but now I do have very strong reservations. Thank you."

Representative Abinsay rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. First of all I've got to say, well I'll tell you, I have reservations. Support with reservations. I'm just so proud of this Body. This is the first time in 10 years I've really honest debate on the Floor among both parties regardless of political persuasions. This is a vote on issues. This is a debate on issues.

The Chair addressed Representative Moses, stating:

"Representative Moses, your remarks are not tied to the measure before us."

Representative Moses continued, stating:

"Exactly, but it was a compelling debate and that's why I have with reservations because I have not been involved in the Committees. It's going on to Finance and I'm ready to hear the testimony there. Thank you."

Representative Ching rose in opposition to the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Mr. Speaker, in view of the testimony supplied by the testifier from the Land Use Commission, other agencies, as well as my colleagues' debate on the floor, I cannot support this measure.

"It appears that Oceanside ignored letters regarding Hokulia's project consistency with HRS Chapter 205 as well as advice from their own attorneys. The State Department of Agriculture, the Office of State Planning, and the Land Use Commission sent letters raising

concerns over Hokulia's project consistency with HRS 205. Oceanside had express notice in 1994 that its proposed development did not comply with governing State land use laws, which preempted any apparent county authority for residential residences on agricultural land.

"Aside from other points brought up, testifiers stated that the bill as written is flawed. There were also objections pointing to the fact that the bill was not referred to; or heard by the Committee on Agriculture.

"My concerns rest with the statement from the testifier from the Land Use Commission, that: 'If adopted as proposed, at best, this proposal would create an uncertain class of use within the State Land Use Agricultural District and no small opportunity for continued controversy, litigation and harm. Thank you.'

Representative Stevens rose in opposition to the measure and asked that the remarks of Representative Thielen be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Lee rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Kanoho rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. I rise in strong support of this measure."

The Chair addressed Representative Kanoho, stating:

"Would you like to submit written testimony because I'm just asking Members to record their vote at this point. We've had close to 45 minutes of debate. If you would like to submit your comments to the Journal at this point in time."

Representative Kanoho continued, stating:

"In strong support. Thank you."

Representative Wakai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Carroll rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Luke rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tanaka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative M. Oshiro rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Oshiro's written remarks are as follows:

"Mr. Speaker, I rise to speak in favor of House Bill No. 1368, House Draft 1, Relating to Land Use.

"This bill would provide a remedy to the ongoing controversy surrounding settlements in agricultural subdivisions by grandfathering as an authorized use within the State land use agricultural district:

- (1) Existing single-family dwellings; and
- (2) Single-family dwellings that were initiated pursuant to county ordinance that are currently pending completion, provided that not more than ten percent of the pending project consists of soils classified as A or B.

"I. House Bill No. 1368, House Draft 1, Would Provide Relief For Thousands Of Property Owners Throughout The State.

"Opponents of this measure have called this a 'special interest bill', but that argument is misplaced and meaningless. All measures have constituencies and by definition and purpose all measures are for 'special interest'. Moreover, critics ignore the simple truth that this legislation may be necessary to protect and preserve thousands of single-family homes and the thousands of Hawaii residents that currently exist within the agricultural district. Let me be perfectly clear to the public and community. I am not providing my support for this bill to help any particular developer, or investor. I do not have any pecuniary interests in the disposition of the lawsuit. On the contrary, I lend my support to this bill because in my measured judgment that it is the right thing to do for our Kamaaina and long-time Hawaii residents.

"The Mayor of the County of Hawaii put it best when he testified that:

"... We can all agree that our laws should be clear and understandable by the public. This is especially true for laws that affect what people can do with their land. Unfortunately, our present state land use law... does not give sufficiently clear standards for what is allowed and not allowed in the agricultural district.

Example: Single-family homes. In 1976, the Legislature amended [the law] to say that on A and B soils (the best quality) in subdivisions created after that date, homes had to be 'farm dwellings' rather than 'single-family dwellings'. The Land Use Commission extended that by administrative rule to all soil types. This rule affects thousands of lots created in the agricultural district since 1976 on all islands, yet few lot owners know this, and the law give no precise standard for what should be considered a 'farm dwelling'. In the County of Hawaii, we have more than 2,500 such lots, many of them on rocky lava lands unsuitable for agriculture. Maui County has more than 1,600. A law that lacks precision on what the landowner can or cannot build must be fixed.

Example: Projects that consist of 1-2 acre lots along golf courses. [The law] expressly allowed golf courses, except on A and B soils, and one-acre lots. At various times in the 1980's and 1990's, the Land Use Commission, the executive director of the Land Use Commission, our county planning director, our county corporation counsel, and our county council, all believed such projects could be legal in the agricultural district. But a circuit court judge has ruled that they are not. Whether you agree or disagree, a law that leads people to such different conclusions must be fixed."

"It should also be noted that contrary to testimony by the Sierra Club of Hawaii and counsel for one of the Plaintiffs in the Hokulia controversy, a contested case proceeding currently before the Land Use Commission places another legal cloud over nonconforming structures situated in the agricultural district -- this time, for County of Maui. In Docket No. DR04-30, In The Matter Of The Petition For Declaratory Order By Kuleana Kuikahi, LLC, the petitioner, Kuleana Kuikahi, has argued that the developers of lands situated in the agricultural district are developing agriculturally-zoned land into luxury home sites and using them for non-agricultural purposes in violation of the requirements of the State Land Use Law.

"Similar to the Hokulia situation, many of the lots in this Maui subdivision have been sold and many of the new owners are building homes and other buildings which the petitioner contends should not be allowed on lands situated within the agricultural district. The petitioner has alleged that the County of Maui has not enforced compliance with State and County rules, and has thus filed a petition with the LUC to obtain declaratory rulings to obtain protection for the agricultural lands in question.

"In light of Judge Ibarra's decision in Walter John Kelly et al. v. 1250 Oceanside Partners, et al., Civil Action No. 00-1-0192K (2003), or more commonly referred to as "the Hokulia" Decision, a ruling in favor of the petitioner by the LUC might conceivably result in future class action suits by the owners of the Maui subdivision lots and subject the County of Maui to the same problem that is currently being experienced by the County of Hawaii -- potential civil liability in the magnitude of tens to hundreds of millions of dollars that could possibly bankrupt the county.

"In addition to its impacts on government finances, this problem also has a huge impact on individual landowners and their families. Rodney Watanabe, Executive Vice President of Member Services for the Hawaii Community Federal Credit Union, and member of the Hawaii County Planning Commission, testified that:

"... [A] fundamental aspect of lending is assessing and mitigating risk. Within mortgage lending this necessitates a reliable determination of the value of the real property being secured. A significant factor in determining the proper valuation of real property is whether or not the secured property was properly subdivided and that the lot and any dwelling constructed on that lot was legally built and may continue to be used in compliance with the applicable State and County land use laws. The legality and attendant value of such secured property directly impacts not only the ability of a financial institution to make such loans, but also to be assured of the continued value of any security, once a loan has been made..."

"... [The] recent Land Use Order and the uncertainty it creates is a greater risk than eminent domain and condemnation for the greater public good. At least condemnation provides for remuneration. This decision simply removes property rights, thereby devaluing the property and completely[ignoring] any loss utility."

"The solution posed by this bill has vast potential to remedy an enormous problem. Yet, this bill would only impact a relatively small amount of land within the agricultural district. The Hawaii County Planning Director testified that:

"... Since 1976, the counties have allowed several thousand lots to be created in the agricultural district. Most owners of these lots expect to build a home. In some cases, the zoning laws supported this expectation. Hawaii County, for example, listed 'single-family dwelling' as a permitted use in agricultural zones, with no mention of a 'farm dwelling' requirement, until 1996, and Kauai's zoning ordinance still says that single-family dwellings are allowed in agricultural zones."

"This bill simply allows these lot owners to build homes, as long as they are not on A or B class soils. It applies only to areas that have already been subdivided, and a few projects where subdivisions have begun but are not finished. While this bill helps thousands of people, it affects less than 1% of the land on the island of Hawaii that is in the agricultural district. It affects a similarly small percentage of the ag district land on other islands." [Emphasis added.]

"In my opinion, the idea proposed in the bill before us is just that -- an idea. It may not be the best idea, nor may it be the worst. But I commend the Chair of your Committee on Economic Development and Business Concerns, as well as the Chairs of your Committees on Water, Land and Ocean Resources, and Agriculture for at least proposing a solution for this body to discuss and to work on this session. Let me emphasize. We must not lose sight that there is a huge problem before us, and to not even discuss this issue would truly be a disservice to the people we are sworn to represent.

"II. The Legislative Process Was Not Circumvented.

"Opponents have also argued that the legislative process was circumvented when your Committee on Economic Development and

Business Concerns amended the original substance of House Bill No. 1368, and in its place, held a public hearing on a proposed House Draft 1, containing the substance presently before us.

"First, let us be honest with each other and acknowledge that the scheduling of proposed drafts for public hearing is not an uncommon practice. I personally drafted, held public hearings, and passed proposed drafts when I served this House as the Chair of your Committee on Labor and Public Employment during the Regular Sessions of 2003 and 2004. Given the time constraints placed on standing committees by the Hawaii State Constitution and the legislative timetable, the practice of hearing proposed drafts is a vital tool to ensure that the people's work gets done. Using proposed drafts is not an extraordinary procedure, and I would bet that all of your present standing committee chairs have used this legislative tool to advance measures.

"In the instant case, the public was notified of the public hearing at 8:30 a.m. on Tuesday, February 13, 2006, more than forty-eight hours prior to the start of the public hearing in accordance with Rule 11.5, of the Rules of the House of Representatives, State of Hawaii, The Twenty-third State Legislature (2005-2006).

"In addition, copies of the proposed House Draft 1 were available to the public and the members from the afternoon of Monday, February 12, 2006 from Offices of the Vice-Chair and Chair of your Committee on Economic Development and Business Concerns. These accommodations were made not only to ensure that the public would have ample opportunity to review the proposed draft and participate in the hearing process, but equally important to notify all House members of the Chair's intention of taking up this issue at that time in the form of the proposed House Draft 1. It is my understanding that no member of this House raised an objection to the bill referral at that time and no member objected to the proposed Draft 1 although several public advocacy groups contacted several House members expressing both dismay and opposition.

"But, it should also be noted that the issue of resolving the controversy surrounding agricultural subdivisions is not new and last year this Legislature attempted to address this issue. In fact, a measure which was heard and approved by this body -- House Bill No. 109, Conference Draft 1, which was enacted as Act 205, Session Laws of Hawaii 2005, is noteworthy from both procedural and substantive perspectives.

"House Bill No. 109 was originally referred to the Joint Committees on Water Land and Ocean Resources and Agriculture (WLO/AGR), then to the Committee on Economic Development and Business Concerns (EDB), and then to the Committee on Finance (FIN). This is the same referral that was given to House Bill No. 1368.

"When House Bill No. 109 was reported out of WLO/AGR, in the form House Draft 1, it contained a provision that would have grandfathered the nonconforming uses of land or buildings existing within all State land use districts, including agricultural districts, on the date of the enactment of the bill. Moreover, this provision sought to address the same situation that House Bill No. 1368, House Draft 1, seeks to address -- to remedy the controversy surrounding single-family dwellings within the agricultural district.

"WLO/AGR reported Standing Committee Report No. 373 on House Bill No. 109, House Draft 1, and was subsequently overwhelmingly approved on Second Reading on February 16, 2005. February 16th was just two days prior to the First Lateral Deadline, which occurred on February 18, 2005. In addition, to ensure the timely processing and filing of bills, pursuant to my directive to the Chairs of all Standing Committees, all measures had to have been filed with the Chief Clerk's Office on Thursday, February 17, 2005, and be placed on the Order of the Day for February 18th in order the meeting the First Lateral Deadline.

"At the time, our colleague from North and South Kona served as the Chair of EDB. He demonstrated his intention to address this issue when he scheduled the bill for hearing prior to it being reported from WLO/AGR Committee and approved on Second Reading. A notice was filed for EDB to hear House Bill No. 109 on February 10, 2005. However, because the measure was not reported from WLO/AGR and approved on Second Reading prior to the scheduled hearing, EDB was forced to delete the measure from its February 10th agenda.

"Ultimately, because the measure was reported so close to the February 18, 2005, First Lateral Deadline, EDB was precluded from hearing, reviewing, and reporting the measure in time to meet this deadline without obtaining a waiver of the forty-eight hour rule. Because of the sensitive nature of this issue, the Chair of EDB chose not to hear the measure, but instead waived referral on the measure to facilitate continued discussion on the bill.

"Had he obtained the waiver, heard the bill, and reported the measure to the floor, would he and this body have not been criticized by the public?"

"It should be noted that this House approved this version of the bill on both Second and Third Readings unanimously.

"When the House Bill No. 109, House Draft 1, returned from the Senate, the bill was given its original referral of WLO/AGR, EDB, FIN to ensure that the EDB Committee would be represented during the Conference negotiations on the measure. The rest is history and today we have Act 205, SLH 2005.

"So why do I bring this up? My point is this: the issue of resolving the controversy surrounding homes on agricultural subdivisions is just as much an economic development issue as it is a water land and agricultural issue or a finance issue. Last year's House Bill 109 referral of WLO/AGR, EDB, FIN was approved by this House and all Chairs because it made sense and was consistent with the House Rules pertaining to Committee jurisdiction.

"Because of this, I believe it was well within the EDB's jurisdiction to offer a proposed House Draft 1 on House Bill No. 1368, solicit public testimony, and report the bill to the floor. It was done so in an open and transparent manner where both supporters and opponents were able to voice their opinions on the issue. It was done so in a manner that facilitated constructive discussion by all members of this House. And most importantly, it was done to facilitate further discussion on this issue during this legislative session.

"III. It Is The Role Of The Legislature To Occasionally Resolve Controversies That Are Pending Further Litigation."

"Opponents have also objected that this measure seeks to resolve a controversy that is currently before the courts. They have correctly asserted that the role of interpreting our laws and deciding the constitutionality of laws rests solely with the Judiciary. However, it is the role of the Legislature to establish public policy and to clarify public policy whenever these policies are unclear or conflict with one another. It is also the prerogative of the Legislative branch to correct or restrain the Judiciary from misapplying legislative policy or embarking on judicial lawmaking. It is this dynamic tension that seeks to keep the three co-equal branches of government vital and relevant.

"Moreover critics are conveniently overlooking that numerous examples of this Legislature clarifying public policy in this fashion. Just the other day, this body approved Standing Committee Report No. 466-06 on House Bill No. 3241, House Draft 1, which was reported from your Committee on Water, Land, and Ocean Resources.

"House Bill No. 3241, House Draft 1, seeks to prohibit private owners of oceanfront property from claiming accreted lands caused by the private landowner's planting and maintaining or otherwise

encouraging vegetation on the seaward boundary of the property. As we are well aware, the issue of using the vegetation line as the demarcation between private property and publicly-owned beach areas has been contentious in recent years leading to numerous lawsuits that are currently pending further action by the courts.

"This bill will have a material affect upon the pending lawsuit, Maunaloa Bay Beach Ohana 28 v. State of Hawaii, Civil No. 05-1-0904-05. This case is pending in the First Circuit Court, wherein plaintiff oceanfront owners are alleging that Act 73, Session Laws of Hawaii 2003, effected a taking of their pre-existing rights to claim accreted land. They also claim that the Act did not provide for just compensation and is, therefore, unconstitutional and void.

"Likewise, that same day, we also approved Standing Committee Report No. 527-06 on House Bill No. 2372, House Draft 1, which was reported from your Committee on Labor and Public Employment. This is an Administration bill that seeks to address a recent lower court decision invalidating a law prohibiting non-Hawaii residents from applying for government jobs by removing the requirement that applicants must be a resident of Hawaii at the time of application. The bill would also allow the director of a jurisdiction to waive the "residency during employment" requirements for positions within that jurisdiction.

"According to the Justification Sheet attached to this Administration bill, House Bill No. 2372, would adopt the common law domiciliary-based definition of "resident" to simplify the application process. The text further clarifies that:

"... It also needs to be noted that the constitutionality of the resident-at-time-of-application requirement in section 78-1(c) is presently being challenged in the federal court. See, Walsh v. City and County of Honolulu, et al., Civil No. 05-00378 DAE/LEK. Amending that section in the manner proposed by this bill ought to moot the plaintiffs' claim...." [Emphasis added.]

"Also, last year, this House approved on Third Reading House Bill No. 875, House Draft 2, which would appropriate funds to be used, if necessary, by the Department of Education to settle two pending lawsuits brought by substitute teachers against the Department of Education for unpaid wages.

"The record will show that all of us here today voted in support of House Bill No. 875, House Draft 2, thereby bringing ourselves into "live" cases pending in court. The cases are entitled Garner v. Department of Education and Kliternick v. Hamamoto, and they are still in court. House Bill No. 875, House Draft 2, is still alive and currently pending further action in Conference.

"Finally, for me, the most notable example of the Legislature getting involved with a matter under review by the courts was the issue of same-sex marriage during my second term in office. During the Regular Session of 1997, we approved House Bill No. 117, a bill proposing an amendment to the Hawaii State Constitution that sought to clarify that the Legislature has the power to reserve marriage to opposite-sex couples. It was a one of the most contentious issues of the day and today's current controversy pales in comparison.

"I vividly recall the Chief Justice's State of the Judiciary Address of 1997, where he acknowledged that it was the Legislature and not the Judiciary that had the final say on issues:

"Although the phrase 'separate, independent, and equal branches of government' may suggest to some that there are no limits as to what each branch can do, such perception is, of course, inaccurate. The system of checks and balances, built into our system of government, has, at its core, the purpose and intent of protecting our citizens against one branch becoming too powerful and of guarding against the potential for excesses and abuses of power. Therefore, as each branch asserts its

constitutional independence, discord and tension may arise as a natural consequence.

"For example, the courts are sometimes characterized as legislating from the bench, that is, making or remaking the law. When deciding cases, judges often apply common law, statutory law, or constitutional law to new facts and circumstances. In so doing, we do not intend to usurp the legislative function. However, under our system of checks and balances, if we stray into legislative prerogative, the Legislature has the ability to cure the trespass. As you know, in our legal system, statutes trump common law, and constitutions trump statutes. We are ever mindful that the Legislature -- the peoples' representatives -- hold the highest trumps. That is, the peoples' representatives have the authority, within constitutional limits, to write or rewrite statutes and to propose amendments to our Constitution." [Emphasis added.]

"From the context of the Supreme Court's ruling in Baehr v. Lewin, 74 Haw. 530, 852 P.2d 44 (1993), and the subsequent furor this decision caused within the community, the Chief Justice's statement is that much more telling.

"He made it very clear during a time of great confusion and uproar caused by an unpopular court decision that it was the Legislature -- "the peoples' representatives" -- and not the Judiciary that makes the final call on public policy. He reminded all of us then that we had the responsibility and authority to use our constitutionally derived "trump" as public policymakers.

"It is my opinion that our actions today do not conflict with the separation of powers doctrine and that our approval of this measure is fully within our prerogative as "the peoples' representatives".

"IV. Your Majority Caucus Will Continue To Address This Issue In A Civil And Orderly Manner.

"In closing, let me make it perfectly clear that additional discussion and debate is needed on this extremely complex and contentious issue. There are no silver bullets. And, there are well-intentioned people on all sides of this issue. For what this bill speaks to and forces us to take notice of is how we are to resolve a multi-faceted and multi-layered problem that has been with us for generations -- a problem that appears so intractable that our predecessors could not or chose not to resolve it.

"The landmark land use laws passed in 1962 began the process. The laws passed in 1976 further refined the policy, but did not finish the task. Perhaps, in 2006, this generation of legislative leaders will add its own imprimatur to address the issues of the day. I hope so for there are at least two very important public policies that are seemingly in conflict with one another:

- The need to protect and preserve our agricultural lands and the natural and cultural resources for future generations; and
- The need to promote economic stability and the productive uses of our limited land and water resources.

"These are both very important policies and equally vital for the health, welfare, and safety of our citizenry and future generations. I am confident that the Legislature can use its democratic forum to engage the community of stakeholders and assist in shaping public policy that addresses the needs and desires of both contemporary settlements and future communities.

"We, the House Majority, have addressed other contentious issues before and will continue to do so as we pursue the common good for all concerned. It will not be easy or it would have been done years ago. And, it will probably not be without flare ups or friction, but good public policy -- like a priceless gem -- is often the product of great pressure and friction.

"Mr. Speaker, perhaps there may never be total consensus on this issue, but, your Majority members have debated this issue with the utmost respect and courtesy toward one another. We all realize that we need to work with one another in order to get the people's work done. And we pledge to continue to conduct ourselves in a civil and orderly manner as this issue progresses through the legislative process.

"Finally, as your Majority Leader, I am very proud of the way your Majority Caucus has handled this issue. All of us have held our tongues and restrained our passions and tendencies. The respect shown to each other, despite strong disagreement, reveals traits of statesmanship befitting our office and honoring ourselves and our constituents. We have set a high standard for decorum and debate for Majority Caucus and thereby elevated and honored the legislative institution and traditions that we only temporarily occupy. We are committed to respecting each others views and to work through our differences for the common good. In the final analysis, we are all here to do an important job, and together we can do more than what we could do by ourselves.

"I urge my esteemed colleagues to support this measure as their conscience dictates. Thank you."

Representative Herkes rose, stating:

"May I submit written comments and some documents," and the Chair "so ordered."

Representative Herkes submitted the following written remarks and documents:

"Mr. Speaker, I rise in support

"Mr. Speaker, I have listened with some astonishment to the discussions concerning the Hokulia development and the bill that attempts to fix the thousands and thousands of non-conforming agricultural lots in the State.

"Hokulia went through years and years of public hearings before they received their permits and a development agreement with the County of Hawaii. During the trial in Judge Ibarra's court, the former Executive Director of the Land Use Commission testified, under oath, that she advised the developer, not once but twice, that they did not need LUC approval.

"At question is the Farm Dwelling law which is the basis for the Ibarra decision. I spoke with former State Senator Richard Henderson who was in office when the Farm Dwelling law passed. He is emphatic when he says that the Legislature was clear in its intent that this condition would apply only to ag lands classified A and B. The law also recognized the importance of specialty crops such as Hanalei taro, Puna papaya and the Kona coffee belt where the Farm Dwelling condition could be applied. Hokulia is not any of the above. The other ag lands could be developed because of the scarcity of lands not classified ag or conservation. This was the legislative intent. The LUC, through rule making, turned this on its ear. Under rules they subjected all ag lands to the Farm Dwelling condition. They made law under rule making which is not unusual.

"Let's look at Sunrise Ridge in Hilo, a non-conforming ag subdivision. The County of Hawaii will issue you a building permit if you say that you are going to build a farm dwelling. There is no ag in Sunrise Ridge. Where is the outcry over taking ag lands for a residential subdivision in Hilo? Just silence. What about Kohala Estates? No outcry.

"Mr. Speaker, I would like to submit into the record the land classification for my district. The population in my district is a little over 20,000. Over 444,000 acres in my district are designated ag land, and 98% of that is in C, D, E or U. There are over 500,000 acres in conservation and a tiny speck that is urban, and none in rural.

"46% of the population in the counties of Hawaii, Kauai and Maui live in an ag district. 75% of these are on lands classified C, D, E, or U. Non-conforming ag use.

"Mr. Speaker I think that I know the people of Kona. I started going to Kona to fish with my grandfather in the late 1930s and early 40s. I have lived and worked in Kona off and on since 1955. I brought to Kona the Ironman, many golf tournaments, and the San Diego Chargers as fundraisers for Junior Golf.

"The people in Kona that I know work hard and pretty much keep to themselves. Over the years I have worked with them, grieved with them, partied with them, and played golf with them. People like Sweetie and Lance Ako, Donna and Melvine Kualii, dozens of Keanaainas, Billy Paris, Henry Cho and Herb Kane. They tell me that they have finally had enough. They are tired of people telling them how Kona should look. They are angry. They want to know why Kupuna like Billy Paris, who traces his ancestors to the ruling Chiefs of South Kona, or Henry Cho who served on the Hawaiian Homes Commission, or artist, historian Herb Kane are ignored. These people support Hokulia, as do many thousands of Mauka Kona people.

"After the Ibarra decision, the Judge asked the parties to try to mediate their differences. Hokulia came in with an \$80 million offer of community benefits. This was in addition to about \$80 million that they had already committed to. The plaintiffs responded with a \$50 million offer with \$14 million going into their pockets. Mr. Speaker, I would like to submit these documents into the record. So Mr. Speaker, if you clear away all of the rhetoric, the Hokulia controversy comes down to one thing. It is not principle. It is who is going to get paid off and the record shows that. Mr. Speaker, this sort of demand for payoffs has been going on for years in Kona and Kohala, targeting developers. In Hokulia's case, there were just too many of them at the trough.

"Finally, Mr. Speaker, most of Hokulia is in my district. I know the problems that this project has caused: loss of jobs, community anger and much more. But Mr. Speaker, it is my district. If there is a problem in Waimanalo, I will defer to the Representative from that District for his *manao*. The people of the district elected him and he should know how they feel. If there is a problem with the Haiku stairs, I will defer to the Representative from that district for his *manao*. Mr. Speaker, this is my district, I know how my people feel about this issue. And Mr. Speaker, that is what I am doing, representing the people of my district. Thank you."

Gentlemen:

Aloha. As promised, enclosed is the monetary component of Plaintiffs' proposal. We believe the categories are self-explanatory. However, should you have any questions that relate to the parameters of each, we will be happy to address those concerns during tomorrow evening's session.

The proposal is based in part upon financial information obtained during trial and contemplates that construction will commence immediately after court approval of the terms of an agreement. As such, please understand that, before we can in good faith begin to negotiate the figures proposed, we will require convincing, uncontested proof of your client's inability to absorb these costs. We look forward to discussing these issues in depth tomorrow and in the days to come.

Sincerely,

Alan T. Murakami

1.3 Elimination of Hōkūli'a Members' Lodge. During the 1990's, the County of Hawaii (the "County") approved ordinances and took other actions intended to allow Oceanside to develop an 80-unit Members' Lodge within the Hōkūli'a site. Oceanside would agree to forego the development of the Members' Lodge within Hōkūli'a, which would eliminate a significant facility/amenity from the project site and cause Hōkūli'a's character to be more agricultural/rural.

1.4 Limitation on Combined Density of Hōkūli'a and Keōpuka. Under existing zoning, ordinances and/or agreements in effect prior to the County's recent rulings, approximately 730 agricultural lots and 80 lodge units could be developed at Hōkūli'a and approximately 125 agricultural lots could be developed at Keōpuka, representing a combined total of 935 units at the two sites. In recognition of community concerns about density, traffic and the agricultural/rural character of South Kona, Oceanside would agree that not more than a total of 790 homes or homesites would be built at Hōkūli'a and Keōpuka combined (any affordable housing units built at either site would not count against the foregoing total). This provision would insure that the total number of dwellings (excluding any affordable housing) established at Hōkūli'a and Keōpuka would be less than the number of dwellings and lodge units authorized by the County at Hōkūli'a alone.

In order to document these commitments, Pacific Star would record a restrictive covenant (the "Keōpuka Density Covenant") permanently limiting the number of units at Keōpuka to not more than 125, and Oceanside would record a document (the "Hōkūli'a Density Covenant") permanently limiting the number of units at Hōkūli'a to not more than 665, subject to the following provision. In the event that Pacific Star were to elect to modify the Keōpuka Density Covenant to reduce the number of units allowed at Keōpuka, which Pacific Star would have a unilateral right to do, then Oceanside could unilaterally amend the Hōkūli'a Density Covenant to increase the number of units allowed at Hōkūli'a by the same amount as the reduction at Keōpuka. Oceanside would not be permitted, however, to increase the number of units at Hōkūli'a to more than 730. Plaintiffs would have a right to enforce these recorded density limitations.

1.5 No Golf Course or Lodge at Keōpuka. Oceanside is also mindful that some members of the Kona community do not want to see certain uses developed on the Keōpuka property. In order to address these concerns, Oceanside is prepared to cause Pacific Star, and its successors, to forego permanently the development of any golf course or lodge on the Keōpuka property. These limitations on development would be evidenced by a recorded restrictive covenant, which Plaintiffs would have an express right to enforce.

1.6 Donation of 130 Acres at Keōpuka to Conservation, With Limited Use Permitted. Pacific Star, a company owned by Lyle H. Anderson, has already committed to donate, for the benefit of the people of Hawaii, 130 acres of property at Keōpuka (the "Keōpuka Donation Parcel") to an appropriate entity for conservation, on terms that will allow use of the donated property for purposes similar to those contemplated for the shoreline park area at Hōkūli'a. The Keōpuka Donation Parcel is contiguous to the approximately 30 acres of shoreline at Keōpuka that is already in the State land use Conservation District. Oceanside would agree to cause Pacific Star to provide appropriate confirmation of this donation. Given that the Keōpuka Donation Parcel is currently in the State land use Agricultural District and zoned Ag-5, this donation will eliminate the possibility that the Keōpuka Donation Parcel might be developed for

PROPOSED TERMS SHEET FOR

SETTLEMENT AGREEMENT

KELLY, ET AL V. 1250 OCEANSIDE PARTNERS

INTRODUCTION

This Terms Sheet is submitted by 1250 Oceanside Partners ("Oceanside") to the parties in the Hōkūli'a litigation ("Parties"), as a statement of the terms on which Oceanside would resolve all pending litigation.

This Terms Sheet carries forward most of Oceanside's May 8, 2004 proposal. It also modifies that proposal in certain areas, based upon recent mediation communications.

By way of overview, this Terms Sheet deals first with issues of widespread concern to the Kona community, then speaks to issues of particular concern to Native Hawaiians, particularly descendants of the approximately 1550 acres included within Hōkūli'a, and finally addresses other matters of concern primarily to the Parties. The Terms Sheet is not an agreement. It is Oceanside's earnest hope that the Terms Sheet will assist the Parties in reaching a comprehensive written settlement agreement (a "Mediated Settlement Agreement") that will be acceptable to the Court and beneficial for the Kona community and all of the Parties.

1. Oceanside Would Agree to Complete the Bypass Highway, to Eliminate the Hōkūli'a Members' Lodge and to Reduce Density at Hōkūli'a. Oceanside Would Also Commit to Cause the Owner of Keōpuka to Agree to Limit Overall Density at Keōpuka, to Agree that Keōpuka Would Have no Members' Lodge or Golf Course, to Confirm Donation of the Keōpuka Shoreline Area to Conservation and to Limit Density at Keōpuka Makai of the Old Government Road.

1.1 Background: Community Concerns About Roadway Infrastructure and Density. Plaintiffs and others have emphasized two concerns widely shared within the Kona community: the lack of infrastructure, particularly roadways; and the possibility that future developments in Kona, especially South Kona, may be too dense. In response to these concerns, Oceanside (the developer of Hōkūli'a) would be prepared to agree to do the following, as part of a comprehensive settlement: (i) complete promptly the approximately five and one-half miles of public highway (the "Bypass Highway") that Oceanside was building before the Hōkūli'a project was effectively shut down last September; (ii) eliminate the Members' Lodge at Hōkūli'a; (iii) reduce the permitted density at Hōkūli'a; and (iv) cause Pacific Star LLC ("Pacific Star"), the owner of the Keōpuka property, to agree both that no golf course or members' lodge would be developed at Keōpuka and that not more than 125 dwelling units would be constructed at Keōpuka. Keōpuka, which is located a short distance south of Hōkūli'a, contains about 660 acres. Accordingly, this provision would limit the number of homes at Keōpuka to roughly one home for each five acres.

1.2 Completion of Bypass Highway. Subject to obtaining all of the necessary right-of-way and governmental agency approvals, Oceanside would agree to complete the Bypass Highway promptly, by a date to be established pursuant to Section 24.1.

residential use at some time in the future, as well as create a shoreline parcel at Keōpuka, consisting of 160 acres in total, which will be accessible to the public.

1.7 Limitation on Density at Keōpuka Below the Old Government Road. The area at Keōpuka located makai of the Old Government Road and mauka of the Keōpuka Donation Parcel contains approximately 130 acres. Oceanside would agree to cause Pacific Star to include in the Keōpuka Density Covenant a permanent agreement that not more than 20 home sites would be created at Keōpuka below the Old Government Road, provided that Pacific Star is able to obtain approval for one or more subdivisions at Keōpuka containing a total of 125 residential units.

2. Oceanside Would Make a Significant New Commitment to Affordable Housing.

2.1 Oceanside is Already Providing Significant Public Benefits, but Oceanside is Also Prepared to Contribute Toward Affordable Housing. When the County granted permits and approvals for Hōkūli'a in the 1990's, the County did not require developers of projects like Hōkūli'a to agree to build affordable housing units or to pay in-lieu impact fees. Instead, Oceanside was asked to agree, and did agree, to provide other public benefits. Among other things, Oceanside agreed to build the Bypass Highway, at a cost now expected to approach \$55,000,000 (some of which may be reimbursed in the future), to dedicate to public use a two and one-half mile stretch of historically private coastline, valued at roughly \$11,000,000, to install park improvements (expected to cost about \$5,000,000) in the dedicated area and to maintain and operate the public park and associated improvements in perpetuity. Thus, while Oceanside was not required to make contributions toward affordable housing, Oceanside did agree to devote significant resources to what were considered at the time, and are still considered today, to be pressing community needs.

Plaintiffs and Mayor Harry Kim have noted persuasively that there is a critical need for more affordable housing in the Kona area. Notwithstanding the fact that Oceanside has already committed to make substantial contributions to the Kona community, Oceanside is prepared, at the request of Plaintiffs and Mayor Kim and as part of a comprehensive settlement, to agree to make meaningful contributions toward addressing this important community need as well.

Under the provisions set forth below, Oceanside, Pacific Star and the new Hōkūli'a Foundation would contribute as much as \$23,000,000 or more to a newly formed entity that will be dedicated to providing affordable housing in the Kona area. Various community members, including Plaintiffs, would be invited to serve on the board of directors of this new entity. And because there are not a large number of companies currently building affordable housing in the Kona area, Oceanside would agree to put together a plan, for consideration by the new entity, to build at least 50 affordable housing units in the Kona area.

2.2 A New Affordable Housing Entity Would be Established, Dedicated to Increasing the Supply of Affordable Housing in the Kona Area. Under the Mediated Settlement Agreement, Oceanside would form a new entity (the "Affordable Housing Entity"), the sole purpose of which would be to increase the supply of affordable housing available in the Kona area. The governing documents of the Affordable Housing Entity would provide that the entity's board of directors would consist of nine or more members, including three individuals designated by Plaintiffs, three individuals designated by the County and three individuals designated by

Oceanside. The Affordable Housing Entity would be formed, at Oceanside's expense, and its board of directors would be appointed, within 6 months after the effective date of the Mediated Settlement Agreement. Upon its formation, Oceanside would contribute \$25,000 to the Affordable Housing Entity, to defray its initial general overhead and operating expenses.

2.3 Funding of Affordable Housing Entity. Under the Mediated Settlement Agreement, monies would be contributed to the Affordable Housing Entity from time to time as follows:

2.3.1 Oceanside Would Contribute One-Half of Certain Bypass Highway Reimbursements to Affordable Housing. In 1998, Oceanside entered into a Development Agreement with the County. Under the terms of that agreement, Oceanside is entitled under certain circumstances to receive payments from the County (to be funded from roadway impact fees charged to other developers who benefit from the Bypass Highway) reimbursing a portion of the approximately \$55,000,000 that Oceanside now expects to spend on the Bypass Highway. As part of a comprehensive settlement, Oceanside would agree to contribute to the Affordable Housing Entity one-half of any such reimbursements that Oceanside receives relating to Keōpuka or to any lands located north of Keōpuka. Oceanside might recover as much as \$34,000,000 pursuant to the reimbursement provisions of the Development Agreement, in which event a significant amount, which on certain assumptions could be as much as \$17,000,000, would be contributed to the Affordable Housing Entity pursuant to this provision.

2.3.2 Oceanside Would Contribute at Least \$4,350 Toward Affordable Housing for each Hōkūlū'a Lot Sold After the Effective Date of the Mediated Settlement Agreement. Oceanside would agree, upon the sale by Oceanside of any Hōkūlū'a lot after the effective date of the Mediated Settlement Agreement, to contribute to the Affordable Housing Entity a sum equal to the amount, if any, by which \$4,350 exceeds any sum(s) that Oceanside may otherwise be required (as a result of proceedings before the LUC pursuant to Section 5.4 below) to contribute toward affordable housing in connection with such Hōkūlū'a lot.

Oceanside has already sold approximately 195 Hōkūlū'a lots. If Oceanside were to sell a total of 460 additional lots at Hōkūlū'a, this provision would result in total contributions to affordable housing of at least \$2,000,000.

2.3.3 Pacific Star Would Contribute at Least \$8,000 Toward Affordable Housing for each Keōpuka Lot. Oceanside would cause Pacific Star to agree that, if Pacific Star were able to subdivide the Keōpuka property to include 125 lots (or such lesser number of lots as Pacific Star may approve), then upon the sale by Pacific Star of any Keōpuka lot, Pacific Star would contribute to the Affordable Housing Entity a sum equal to the amount, if any, by which \$8,000 exceeds any sum(s) that Pacific Star may otherwise be required to contribute toward affordable housing in connection with such Keōpuka lot. If Pacific Star were to sell a total of 125 homesites at Keōpuka, this provision would result in total contributions to affordable housing of at least \$1,000,000.

2.3.4 Further Deposits into the Affordable Housing Account. As provided in Section 7 below, Oceanside would establish the Hōkūlū'a Foundation, one purpose of which would be to promote the development, maintenance and use of affordable housing in the Kona area. The Hōkūlū'a Foundation would be entitled to receive certain funds pursuant to the

4

provisions described in Section 8 below. The Hōkūlū'a Foundation would be required to contribute at least one-half of any funds thus received to the Affordable Housing Entity, until such time as \$2,000,000 has been contributed to the Affordable Housing Entity from such funding source. After \$2,000,000 has been contributed to the Affordable Housing Entity from such funding source, the Hōkūlū'a Foundation would be required to contribute at least one-fourth of any funds thus received to the Affordable Housing Entity, unless the Affordable Housing Entity agreed that any such funds otherwise to be donated to the Affordable Housing Entity could instead be applied toward other purposes of the Hōkūlū'a Foundation.

2.4 Disbursement of Funds by the Affordable Housing Entity. The Affordable Housing Entity would be permitted to disburse funds to support the development, maintenance or use of affordable housing in the Kona area. The Affordable Housing Entity could not spend on general overhead and office expenses, in any year, more than 10% of the amounts received by the Affordable Housing Entity in such year (for this purpose, the \$25,000 provided for in Section 2.2 would not be treated as an amount received by the Affordable Housing Entity).

2.5 Oceanside Would Offer to Cause 50 Affordable Housing Units to be Constructed in the Kona Area Within Five Years. Within two years after the effective date of the Mediated Settlement Agreement, Oceanside would develop, in consultation with the Affordable Housing Entity, a plan to cause at least 50 units of affordable housing to be constructed within the Kona area. The business plan would be prepared on the premises (i) that the Affordable Housing Entity would use its funds, and as when received, to pay when due or to reimburse any costs incurred in connection with the planned affordable housing units and not recovered from the sale, leasing or financing of such units, (ii) that any revenue from the sale, leasing or financing of such units, in excess of costs of such enterprise not otherwise recovered, would be contributed to the Affordable Housing Entity and (iii) that the housing units would be sold or leased on terms which would cause them to qualify as low income housing under the applicable County standards. If the Affordable Housing Entity approves such business plan, then Oceanside would cause the affordable housing units contemplated by such plan to be built within three years after the date of such approval, subject to obtaining the necessary entitlements and approvals, even if the Affordable Housing Entity did not have funds available at the time to pay (or to reimburse immediately) the associated costs. At Oceanside's election, the business plan submitted to the Affordable Housing Entity may provide that the proposed units would be located adjacent to the Kona Scenic Park or elsewhere. In the event that the Affordable Housing Entity were to object to portions of the plan, Oceanside would be obligated to make a good faith effort to address the objections and to submit a modified plan. If Oceanside is not able in good faith to modify the proposed plan to address such objections, or if the Affordable Housing Entity does not approve the modified plan prepared by Oceanside in good faith, Oceanside would have no obligation to implement the plan. In that event, the Affordable Housing Entity would be free to invest all of its receipts in affordable housing projects in which Oceanside is not involved.

3. Oceanside Would Cause the Owner of Keōpuka to Agree that Keōpuka Would Not Become a Gated Community.

3.1 Keōpuka Would Not Become a Gated Community, if Low-Density Development Were Permitted. Plaintiffs and Mayor Kim have expressed a desire that additional "gated communities" be established only on a highly limited basis. In response, Oceanside is prepared to cause Pacific Star to agree that, if Pacific Star is able to obtain the entitlements needed to

5

subdivide the Keōpuka property to include 125 lots (or such lesser number of lots as Pacific Star may approve), the public would have access to all roads developed within Keōpuka. This commitment would not, however, prevent any Keōpuka lot owner from erecting a gate on any private driveway within the boundaries of his/her lot, nor would it prevent Pacific Star or others from erecting any gates as may be required by law or any governmental agency (such as a gate securing any water or wastewater facilities which may be developed at Keōpuka) or any gates that may be intended to help secure specific improvements (such as a public facility located in the shoreline area and open only during certain hours or a private common area facility). Pacific Star's commitment would be set forth in a recorded document, which by its terms would be enforceable by Plaintiffs against Pacific Star and all of its successors in perpetuity.

4. Oceanside Would Agree to Add More Facilities to the Kona Scenic Park.

4.1 Oceanside Would Add an Additional Three Acres to the Kona Scenic Park. In the 1990's, Oceanside agreed to contribute to the County two acres adjacent to the existing Kona Scenic Park, to give the County an opportunity to add additional off-street parking at the Park. As part of a comprehensive settlement, Oceanside would agree, subject to obtaining the necessary permits and approvals, to donate approximately three more acres to the Kona Scenic Park (the "Park Addition") in addition to the two acres previously committed.

4.2 Oceanside Would Construct Two Pavilions, Public Restrooms and Additional Parking Within the Additional Acreage. Subject to obtaining the necessary permits and approvals, Oceanside would construct, within the Park Addition, two pavilions (roughly 1,000 square feet in one case and 500 square feet in the other), public restrooms and additional parking. Once built, these facilities would be dedicated to the County for use by the public, including Native Hawaiians and others.

5. Oceanside and Hōkūlū'a's Residents Would Continue to be Responsible for Most of the Public and Cultural Resources at Hōkūlū'a, with Guidance Provided by a Community-Based Advisory Board.

5.1 Guiding Principles and Objectives. The Hōkūlū'a site includes a parcel in the State land use Conservation District. This parcel (the "Hōkūlū'a Shoreline Parcel") contains approximately 140 acres, which include Pu'u Oahu, near one summit of which Kama'eokalani's burial site is located. Oceanside owns the Shoreline Park Parcel, subject to an agreement with the County, pursuant to which Oceanside covenanted (i) to commit the parcel in perpetuity for use as a public park, (ii) to improve the parcel as a passive park open to the general public and (iii) to convey the parcel (subject to the park agreement) to the Hōkūlū'a Owners Association, obligating that association to maintain and operate the park and related improvements at its sole cost in perpetuity.

The Hōkūlū'a site also includes a number of other significant archaeological and cultural resources, including about 137 identified burial or possible burial sites. In addition, the State owns a 15-acre parcel, called the "Villages at Hōkūkano," located along the Hōkūlū'a shoreline and surrounded by the Shoreline Park. The Villages at Hōkūkano parcel is rich with archaeological sites. Hōkūlū'a thus includes significant cultural resources and is planned for

6

public use of the shoreline area, which would nonetheless continue to be privately owned and funded.

In addition, before the development of Hōkūlū'a began, there were few if any certified descendants of the lands within Hōkūlū'a. Today there are over 180 certified descendants, and the number is still growing. Given the number of descendants who are now reestablishing their formal ties to the Hōkūlū'a lands, and given the tradition of dealing with key cultural resources in consultation with descendants of the pertinent lands, Oceanside agrees with the criticism made by some that Oceanside made a mistake in the past when it asked a small group of individuals to shoulder responsibility for guiding Oceanside's stewardship of these important cultural resources. Oceanside now understands that there are significant differences of opinion within the group of Hōkūlū'a descendants, and that it is important to allow the various viewpoints to be expressed in a way which invites compromise and the reaching of a broad-based consensus.

With this background, the Parties have discussed alternatives for the long-term ownership and management of the public and cultural resources at Hōkūlū'a. Mr. James Medeiros, Sr., one of the leaders of Plaintiff PKO, proposed that the Parties agree to designate an independent, highly respected Native Hawaiian trust to own – and, in consultation with Hōkūlū'a descendants, Oceanside and others, to manage – some if not all of these public and cultural resources. The Parties subsequently learned that the trust which Mr. Medeiros had in mind is not prepared today to accept the role envisioned by Mr. Medeiros. It also appears that, due to the law applicable to such entities and to those who serve as their trustees, and due to the limited purposes for which such entities are typically formed, other similar entities are unlikely to want to own the pertinent assets, particularly as a result of the related significant responsibilities, obligations and potential liabilities (particularly the Shoreline Park at Hōkūlū'a, portions of which are already open to the public and the balance of which must be improved and opened to the public in the future).

The Parties have also explored the creation of a new trust, to own and/or manage these assets. Oceanside would be comfortable with this approach, but only if the newly formed trust included broad-based representation of Hōkūlū'a descendants and residents, the Kona community and respected statewide leaders in culture and commerce. In Oceanside's opinion, Plaintiff PKO is seeking more authority in these areas than is consistent with such a broad-based leadership structure for any new trust entity. Oceanside also believes that it will be possible to attract respected statewide leaders to a new trust entity only after the Hōkūlū'a controversies have been resolved and the future of Hōkūlū'a, upon which the perpetual funding for any new trust would depend, has been further solidified.

Given these circumstances, Oceanside is proposing that Oceanside, and in the future the residents of Hōkūlū'a, retain the normal responsibilities of a landowner to manage properly any public and cultural resources on the owner's property. On the other hand, Oceanside understands it is critical that Oceanside and Hōkūlū'a's residents consult with, and be guided by, the descendants of the lands and other community leaders. As a result, Oceanside is also proposing to form an advisory committee, with a significant although not exclusive cultural focus. Over time, Oceanside and the residents of Hōkūlū'a would work, in consultation with this advisory committee, to establish additional relationships with partners throughout the educational and cultural communities, including particularly trusts and associations affiliated with the legacy of Queen Lili'uokalani. For many years, Oceanside has been planning to open up meaningful shoreline areas to environmentally and culturally responsible public use. The Hōkūlū'a property,

7

including approximately two and one-half miles of shoreline, was closed to the public, before Oceanside began, together with the County, to plan for use of the shoreline area as a public park. The same was true of Keōpuka, and its one-mile or so of shoreline, before Keōpuka was purchased by a company controlled by Lyle Anderson.

Oceanside and Pacific Star have since developed a long-term plan to open all of the shoreline within the two properties to public access, subject to reasonable limitations. At Hōkūliʻa, Oceanside agreed in the 1990's to convert the 140-acre shoreline area into a public park and to maintain the park in perpetuity, pursuant to a plan approved by the County.

Some time ago, the owners of Keōpuka committed to donate 130 acres of property to conservation. This property is contiguous to the 30 or so Keōpuka shoreline acres already in the Conservation District. The terms of the donation would also permit public access generally to this 160 acres as well, again on reasonable terms.

At Hōkūliʻa and Keōpuka, a total of 300 acres of shoreline property, previously closed to the public, will now be open to all, when the necessary access, sanitation and cultural preservation facilities are designed, permitted and installed and the necessary resource management plans are finalized. These extraordinary coastal areas are also historically significant, and contain a number of cultural sites of great importance.

Oceanside and Pacific Star want to continue to learn from and be guided by the advice of descendants of these properties and other recognized community leaders. If community members work together, these extraordinary coastal resources can support and sustain Native Hawaiian practices and traditions, serve as places for others not steeped in the history of Hawaii to learn more about Hawaii's ancient and more recent customs and offer all who venture there an unparalleled opportunity to experience the extraordinary variety, beauty and richness of coastal Hawaii.

With these goals in mind, the following provisions of this Terms Sheet propose the immediate creation of a new entity (comprised of Hōkūliʻa land owners) to own the Shoreline Park Parcel and the formation of a community-based advisory board to help guide the new entity in its stewardship of public and cultural resources at Hōkūliʻa. The advisory board would include recognized leaders in Native Hawaiian culture and tradition, including descendants of the Hōkūliʻa lands. The new entity would be charged with responsibility, over time, to establish relationships with partners throughout the community, including particularly trusts and associations associated with the legacy of Queen Liliʻuokalani.

5.2 Formation of New Entity. Oceanside would form a new non-profit entity. This new entity (the "Park and Cultural Sites Entity") would be responsible for the preservation, operation, and maintenance of the Shoreline Park and other cultural sites within Hōkūliʻa. Because the Hōkūliʻa lot owners would continue to bear legal and financial responsibility for the Shoreline Park Parcel, they would also be the owners of the Park and Cultural Sites Entity and would select its board of directors.

5.3 Formation of Advisory Board. Oceanside would cause the Park and Cultural Sites Entity to establish an advisory board (the "Advisory Board") whose purpose would be to provide advice and guidance to the Park and Cultural Sites Entity regarding the preservation, operation, and maintenance of the Shoreline Park and cultural sites within Hōkūliʻa. The

8

Advisory Board, which would have 20 members, would be comprised of representatives designated by Oceanside, the Hōkūliʻa Community Association, Plaintiffs, other descendants, the kupuna, the County, kuleana owners and other appropriate groups. Oceanside, the Hōkūliʻa Community Association and the Park and Cultural Sites Entity would each agree to provide to the Advisory Board, on a frequent basis, information relating to the status, operation, maintenance and preservation of the Shoreline Park and cultural sites within Hōkūliʻa. Oceanside and the board of directors of the Park and Cultural Sites Entity would be required to consult with the Advisory Board:

5.3.1.1 On all plans, policies and practices relating to the improvement, operation or use of any part or all of the Shoreline Park. In the case of plans, policies and practices to be adopted in the future, and any changes to existing plans, policies and practices, this consultation would occur before such plans, policies, practices or modifications are submitted to any County or State agencies or otherwise finally adopted;

5.3.1.2 On all plans, policies and practices regarding the treatment of cultural, historic and burial sites at Hōkūliʻa. In the case of plans, policies and practices to be adopted in the future, and any changes to existing plans, policies and practices, this consultation would occur before such plans, policies, practices or modifications are submitted to any County or State agencies or otherwise finally adopted;

5.3.1.3 On the choice of any firm or individual retained by Oceanside to conduct archaeological work, or to monitor construction work, at Hōkūliʻa in the future; and

5.3.1.4 On the roles of, and the resources being devoted by, the State and County in the management of cultural, historic and burial sites at Hōkūliʻa.

5.4 Purposes of the Park and Cultural Sites Entity. As set forth in its organizational documents, the permitted purposes of the Park and Cultural Sites Entity would include the following:

5.4.1 Preservation, operation, and maintenance of the Shoreline Park and cultural, historical and burial sites located elsewhere within Hōkūliʻa, in a manner consistent with the provisions of the Shoreline Park Management and Access Plan and the Project Preservation Plan; and

5.4.2 Developing educational materials and programs designed to encourage a deep understanding of and appreciation for the importance of the cultural resources at Hōkūliʻa and developing standards for the proper maintenance of and care for such resources. In particular, these efforts would include the development of an educational package and acclimation program for the benefit of people new to Hawaii or to Kona. Oceanside and Pacific Star would agree to include such materials in the information provided to buyers of homes or home sites at Hōkūliʻa and/or Keōpuka.

5.5 Oceanside Would Cause Pacific Star to Commit to a Similar Approach to Managing the Shoreline Area and Cultural Resources at Keōpuka. Oceanside would cause Pacific Star to agree to establish an advisory board to provide advice and guidance to Pacific Star with respect to the shoreline area and cultural sites within Keōpuka. Pacific Star (and any

9

successor owners of Keōpuka or lots within Keōpuka) would be required to consult with this advisory board:

5.5.1.1 On all plans, policies and practices relating to the improvement, operation or use of any part or all of the Keōpuka Donation Parcel or the Keōpuka land now in the State land use Conservation District. In the case of plans, policies and practices to be adopted in the future, and any changes to existing plans, policies and practices, this consultation would occur before such plans, policies, practices or modifications are submitted to any County or State agencies or otherwise finally adopted;

5.5.1.2 On all plans, policies and practices regarding the treatment of cultural, historic and burial sites at Keōpuka. In the case of plans, policies and practices to be adopted in the future, and any changes to existing plans, policies and practices, this consultation would occur before such plans, policies, practices or modifications are submitted to any County or State agencies or otherwise finally adopted; and

5.5.1.3 On the choice of any firm or individual retained by Pacific Star to conduct archaeological work, or to monitor construction work, at Keōpuka in the future.

6. The Parties Would Agree that the Court's Land-Use Rulings Would Stay in Place Insofar as Potential Future Projects are Concerned, but that an Improved Hōkūliʻa Could Proceed, for the Benefit of the Kona Community, the County and the State. Oceanside Would Commit to Rehire Hōkūliʻa Employees and to Apply to the LUC for the Hōkūliʻa Site Generally to be Moved into the Rural District.

6.1 The Court's Land Use Decision Creates Tremendous Risks for the County and State. The Court determined that the Hōkūliʻa project was fundamentally non-agricultural and therefore could not be approved by the County for development primarily in the State land use Agricultural District. The Court then applied this conclusion generally to enjoin further development at Hōkūliʻa, notwithstanding the fact that the County approved the development of Hōkūliʻa through a protracted public process during the 1990's, which resulted (among other things) in the execution of a development agreement; development was well underway (with expenditures totaling approximately \$300 million, including roughly \$30,000,000 on the Bypass Highway); about 195 lots had already been sold; three homes were under construction and approximately 40 additional homes were in design review; and extensive lender financing and title insurance was in place. Given the Court's decision, the validity of similar entitlements granted by the County to other substantial projects during the 1990's is also in doubt.

If the Court's land use rulings stand, the County and State face tremendous risks. In particular, the owners of the roughly 195 Hōkūliʻa lots that have been sold, and their lenders, will no doubt seek relief from the County, the State, Oceanside, title insurers and real estate brokers. As a result, if the land use rulings are not revisited, the County, the State and Oceanside are likely to become embroiled in litigation that clearly has the potential to distract, debilitate and perhaps even bankrupt some of the parties.

Plaintiffs recognize these risks, but they also believe that the Court's interpretation of the State's land use law is fundamentally correct. While the County and Oceanside do not agree with that assessment, all Parties are prepared to stipulate to an Amended Decision, which would

10

retain the core land use law analysis, but not apply it to Hōkūliʻa. With this approach, the Stipulated Amended Decision would still be a meaningful precedent in the event that Plaintiffs or others wish to challenge promptly any similar projects approved in the same manner in the future, but the stipulated Amended Decision would effectively bar challenges against the adequacy of the approvals granted by the County to Oceanside. Plaintiffs thus would retain the benefit of the Court's rulings on a prospective basis and obtain for the community the tremendous benefits available through settlement, while also eliminating the risks to the County, the State and others arising out of the application of those rulings to Oceanside – risks that benefit no one.

As part of a comprehensive settlement, Plaintiffs would also obtain concessions and commitments from the defendants, for the benefit of the Kona community and for the advancement of other goals of Plaintiffs. One commitment that would be especially meaningful to all Parties would be a commitment by Oceanside to offer renewed employment to many of the people who were terminated following the Court's land use decision. Oceanside has offered to make such a commitment.

6.2 All Parties Would Ask the Court to Enter an Amended Decision. As part of a comprehensive settlement, the Parties would all agree to ask the Court to enter a Stipulated Amended Decision (in a form approved by the Parties and the Court), which would retain core elements of the Court's analysis of State land use law, but determine that it is too late (based on the legal doctrine of *laches*, equitable estoppel or another recognized doctrine acceptable to the Parties and the Court) to challenge the Hōkūliʻa project based on that analysis. In an appropriate manner, the Stipulated Amended Decision would carry forward the Court's determination that the ordinances authorizing a Members Lodge at Hōkūliʻa—Ordinances No. 97-34, 97-35 and 97-36—are invalid, the legal effect of which the Parties agree would be to cause the site previously designated for the Members' Lodge to revert to Ag-1 zoning and to the General Plan designation that existed prior to the passage of such ordinances. Under the Stipulated Amended Decision, Oceanside would be allowed to move forward with development of Hōkūliʻa, other than the Members' Lodge, in a manner consistent with the Mediated Settlement Agreement.

6.3 Commitment to Rehire Hōkūliʻa Employees. After further development at Hōkūliʻa was generally enjoined last September, Oceanside sadly concluded that it had to terminate approximately 110 employees. The Parties regret deeply this unfortunate consequence of the litigation. As part of a comprehensive settlement, Oceanside would agree, as it remobilizes, to rehire as many of its prior employees as possible to fill positions reestablished at Oceanside.

6.4 Application to LUC to Move Hōkūliʻa Generally into the Rural District. In order to give the State Land Use Commission ("LUC") an opportunity to make statements about (i) the manner in which projects like Hōkūliʻa should be entitled in the future and (ii) the circumstances in which the LUC may be prepared to move marginal agricultural lands (like those at Hōkūliʻa) into the Rural District, Oceanside would agree to file an application with the LUC, on or before December 31, 2005, to change the State land use designation for those portions of the Hōkūliʻa site which are not currently in the Conservation District. The application would request that the portion of the Hōkūliʻa site currently not in the Conservation District, with the exception of the Bench Area (defined below in Section 9.2) and the Pu'u Ohau Cultural Area (defined below in Section 9.3), be moved into the Rural District, and that the Bench Area and Pu'u Ohau Cultural

11

Area be moved into the Conservation District. The application would also limit the uses of, and the density at, the Hōkūliʻa site, in a manner consistent with the terms of the Mediated Settlement Agreement. The County would agree to support Oceanside's application.

The Parties understand that the LUC often imposes certain conditions upon amendments of the type that Oceanside would be seeking pursuant to the provisions described in this Section 6.4. In particular, the LUC often conditions the approval of any proposed redistricting upon the applicant agreeing to make contributions to regional traffic needs, to affordable housing and to local education needs. The Parties would agree that Oceanside's existing commitment to construct the Bypass Highway entails a regional traffic contribution substantially in excess of that typically required by the LUC, and that Oceanside's contributions to affordable housing pursuant to the provisions described in Section 2.2 and 2.4 above would also exceed those typically required by the LUC. Oceanside nonetheless agrees that, in the event the LUC were prepared to approve the redistricting application, but only on the condition that Oceanside agree to make the contribution to local education needs typically required as of the date of this Terms Sheet (about \$4,000 per unit), Oceanside would accept the additional condition. The Parties would also agree, however, that Oceanside could withdraw its redistricting application (and would nonetheless have the right to continue developing Hōkūliʻa in the Agricultural District) if the LUC were to propose any other material condition or if LUC approval would result in any other material condition under applicable law, including any density restriction, condition, or exaction, that is not authorized by or consistent with this Terms Sheet. The LUC could, however, impose conditions requiring Oceanside to satisfy any unsatisfied conditions heretofore imposed by the County or any commitments made by Oceanside in the Mediated Settlement Agreement, and Oceanside would agree not to withdraw its redistricting application based on the imposition of any such conditions. If the LUC were to grant the requested redistricting on terms and conditions accepted by Oceanside, the County Administration would agree to take such actions as may be required to allow the County Council to vote upon an ordinance amendment and/or such other appropriate documents as may be required to remove the agricultural requirements from any ordinances and other approvals relating to Hōkūliʻa, including without limitation Hawaii County Ordinance 96-8.

6.5 Confirmation of Continuing Implementation of Agricultural Plan. Oceanside is also prepared to offer additional assurances that the Hōkūliʻa agricultural plan will continue to be implemented, for so long as Hōkūliʻa remains within the Agricultural District. To that end, the Mediated Settlement Agreement would require: (i) that agricultural activities be conducted on certain Hōkūliʻa common areas and on each Hōkūliʻa lot; (ii) that Oceanside continue to install the improvements needed to provide non-potable irrigation water to each Hōkūliʻa lot for agricultural use; (iii) that the aggregate area to be utilized for agriculture in each Hōkūliʻa lot phase be at least 20% of total lot area in such phase; (iv) that agriculture be planted on each Hōkūliʻa lot prior to occupancy of any home on such lot; and (v) that, when it applies for approval of any future Hōkūliʻa subdivision, Oceanside submit to the County a specific plan identifying the area to be cultivated in such subdivision and the plant materials to be grown in such areas. The foregoing notwithstanding, the obligations described in this Section 6.5 would terminate if (i) the LUC were to grant and Oceanside were to accept the land use boundary amendments contemplated by Section 6.4 above or (ii) if Hawaii State law were to be amended in such a manner that homes on lands like those present at Hōkūliʻa were no longer required to be "farm dwellings."

7. The Hōkūliʻa Foundation Would be Established, Devoted to Addressing Needs of the Larger Kona Community

7.1 Background. In communities developed elsewhere by affiliates of Oceanside, the residents have become active, contributing members of the host community. That is proving to be especially true at Hōkūliʻa, where early owners have demonstrated they are anxious to make meaningful contributions to the community.

In recognition not only of this existing desire to contribute, but also of Oceanside's willingness to make certain additional contributions, Oceanside would form the Hōkūliʻa Foundation as part of a comprehensive settlement. The Foundation's purposes would be broad, in order to create a vehicle for Hōkūliʻa residents and others to pool their contributions and direct them toward a variety of community needs. The Foundation would also be obligated to make a meaningful contribution to affordable housing in Kona.

7.2 Formation of Foundation. Oceanside would establish a tax-exempt foundation whose purposes would include: advancement within the Kona community of affordable housing, health care, education and Native Hawaiian culture. The Board of Directors of the Foundation would consist of a diverse group of approximately 15 community-minded individuals, including individuals designated by the Hōkūliʻa Community Association, any owners association formed for Keōpuka, Plaintiffs, and the County Administration.

7.3 Commitment to Cause Certain Funds to be Provided to Foundation; Use of Such Funds to Support Affordable Housing. The Hōkūliʻa Foundation would receive certain funds pursuant to the provisions described in Section 8 below. A portion of those funds would be dedicated to supporting the development, ownership and use of affordable housing in Kona.

7.4 Other Funds Provided to Hōkūliʻa Foundation. Based on the experience of its affiliates elsewhere and the past practice of Hōkūliʻa's initial lot owners, Oceanside expects that additional funds, beyond those contemplated by Section 8 below, would be contributed to the Hōkūliʻa Foundation from time to time. The Hōkūliʻa Foundation could use any such funds for any purpose described in Section 7.2 above.

8. A Portion of Hōkūliʻa and Keōpuka Sale and Resale Proceeds Would be Dedicated In Perpetuity to Community Needs, Including Cultural Preservation.

8.1 Background. As part of a comprehensive settlement, Oceanside would be prepared to commit, for use in support of community causes, a portion of any proceeds from future sales and resales of lots and homes at Hōkūliʻa. In addition, Oceanside would be prepared to cause Pacific Star to make a similar commitment with respect to future sales and resales of any lots and homes developed at Keōpuka.

Half of these funds would go to the Hōkūliʻa Foundation, and the other half would go to the Park and Cultural Sites Entity (or its Keōpuka counterpart), to be used by them to pursue their different but complementary purposes. As Hōkūliʻa and Keōpuka began to mature (assuming that Keōpuka were to be developed to include 125 homesites), the funding sources described below might be expected to produce as much as \$1,000,000 a year or more in perpetuity to support these important community goals.

13

8.2 Hōkūliʻa Transfer Fee Fund. The Hōkūliʻa CC&R's would be amended to provide that one-half of one percent of the proceeds from the future sale or resale at any time of any Hōkūliʻa lot and any improvements thereon would be contributed to a fund (the "Hōkūliʻa Transfer Fee Fund") from which disbursements would be made as follows:

8.2.1 Fifty percent of any amounts deposited in the Hōkūliʻa Transfer Fee Fund would be paid to the Park and Cultural Sites Entity, to be used by such entity in pursuit of the purposes described in Section 5.4 above.

Fifty percent of any amounts deposited in the Hōkūliʻa Transfer Fee Fund would be paid to the Hōkūliʻa Foundation, for use as described in Section 2.4.4.

8.3 Exception for Existing Lot Owners. The Parties recognize that there would be one exception to the general rule stated in Section 8.2; no amount would be contributed to the Hōkūliʻa Transfer Fee Fund upon the next resale of any Hōkūliʻa lot owned by an independent third party as of the effective date of the Mediated Settlement Agreement, unless such third party were to elect to make such a payment. This exception would recognize the fact that Oceanside is not in a position to make a commitment on behalf of individuals who buy lots before the Hōkūliʻa CC&R's are modified to provide notice that such payments will be required in the future.

8.4 Keōpuka Participation. Prior to the sale of agricultural lots or other homesites at Keōpuka, Oceanside would cause Pacific Star to adopt CC&R's containing provisions providing that, upon the sale or resale at any time of any home site or home at Keōpuka, one-half of one percent of the proceeds would be contributed to another transfer fee fund (the "Keōpuka Transfer Fee Fund"). The Keōpuka CC&R's would further provide that fifty percent of any amounts deposited in the Keōpuka Transfer Fee Fund from time to time would be paid to the Hōkūliʻa Foundation and the other fifty percent would be paid to the Park and Cultural Sites Entity or to any entity performing a similar function with respect to the shoreline area and cultural sites at Keōpuka.

9. Areas at Hōkūliʻa of Particular Concern to Plaintiffs Would be Added to the Puʻu Ohau Preserve.

9.1 Background. The Hōkūliʻa site includes Puʻu Ohau, located adjacent to the shoreline. The summit of Puʻu Ohau is in both the State land use Conservation District and in the 140-acre area that Oceanside has agreed to set aside and develop as the public Shoreline Park. The burial site of Kāmaʻeokalani is located near the summit of Puʻu Ohau, within the Conservation District.

On the north side of Puʻu Ohau, located about 120 feet below the summit, there is a relatively flat area, or bench, which is in the State land use Agricultural District. The preliminary archaeological evidence indicates that at least some of this area was used historically for habitation purposes.

Throughout the public planning process for Hōkūliʻa, this bench area was shown as part of the area available for development. In 2000, the County approved Oceanside's phase two plat, which includes five lots on this bench.

14

The green for the second hole of the Hōkūliʻa golf course is built on a relatively flat area located north of, and at a somewhat lower elevation than, the bench. The grassed area south of the green covers a portion of the slope between the green and the bench; there are also sand traps and a cart path on this slope. These golf course areas are in the State land use Agricultural District, and no archaeological or burial sites were found in these areas prior to (or during the course of) construction of the golf course.

Puʻu Ohau, the lots on the bench on the north side of Puʻu Ohau and the second hole of the golf course, are depicted on Exhibit 1 attached hereto.

In 1999, members of the Keohokālole Ohana approached Oceanside, and asked that special measures be taken to honor and protect the burial site of Kāmaʻeokalani. In response, Oceanside included in its proposed Burial Treatment Plan a commitment to build a six-foot wall around the base of Puʻu Ohau. Oceanside and members of the Keohokālole Ohana understood that the wall would be constructed at an elevation of between 100 and 110 feet (close to the lowest elevation of the mauka side of Puʻu Ohau's summit), generally in the location depicted on Exhibit 1. Some members of the Hawaii Island Burial Council, which recommended to the Department of Land & Natural Resources ("DLNR") that DLNR approve the proposed Burial Treatment Plan, understood that the wall would be located at a lower elevation.

In connection with the Court proceedings, DLNR was called upon to interpret the relevant Burial Treatment Plan provisions and determine where the wall should be located. DLNR issued its decision in 2003, finding that the intent of the parties, and the meaning of the Burial Treatment Plan, was that the wall should be constructed in the location shown on Exhibit 1. Plaintiffs PKO and Kelly have since filed a separate lawsuit, challenging that determination. Plaintiffs are asking that, on the north side of Puʻu Ohau, the wall be constructed at the 30-foot elevation, which would eliminate the lots on the bench as well as the cart path, sand traps and a portion of the grassed area on the south side of the second green.

In order to resolve these disagreements, Oceanside is prepared to abandon the five bench lots and add them, along with an additional area containing approximately six acres mauka of Puʻu Ohau, to the Puʻu Ohau preserve. Oceanside is not prepared, however, to relocate any portion of the second hole.

9.2 Conservation Easement on the Bench Area North of Puʻu Ohau's Summit. Oceanside recognizes that Plaintiffs and some other community members believe strongly that it would not be appropriate to develop lots in the area (the "Bench Area") included within Lots 26-30 (the "Bench Lots") as depicted on Oceanside's Phase 2 lot plat. In response to these sentiments, Oceanside is prepared to agree to forego development of the Bench Lots, as part of a comprehensive settlement.

9.3 Addition of Still More Acreage to Puʻu Ohau Preserve. Oceanside would also be prepared to agree to forego development of an area comprised of approximately 6 acres, contiguous to, and on the mauka side of, the Puʻu Ohau preserve (the "Puʻu Ohau Cultural Area"). The Puʻu Ohau Cultural Area is generally depicted on Exhibit 2 attached hereto.

9.4 Conservation Easement on Bench Area and Puʻu Ohau Cultural Area. As part of a comprehensive settlement, a conservation easement would be recorded over the Bench Area and the Puʻu Ohau Cultural Area, allowing improvements to be installed in the affected areas

15

only as may be agreed by Oceanside and Plaintiffs. Recordation of the conservation easement would be a condition precedent to the effectiveness of the Mediated Settlement Agreement.

9.5 Oceanside Would not be Required to Modify the Golf Course. In recognition that Oceanside is prepared to accept Plaintiffs' preference that the Bench Area not be developed as home sites, the Parties would agree that the golf course, including particularly the second hole and the related cart paths and sand traps, may remain intact, as it exists today.

9.6 Oceanside Would Commit to Plaintiff PKO to Build the Pu'u Wall at a Specified Location. Oceanside would also agree with Plaintiff PKO, as part of the Mediated Settlement Agreement, to erect a six-foot wall on a new alignment, shown on Exhibit 1 attached hereto, which would include approximately 22.8 more acres in the area enclosed by the wall (as compared to the wall location approved by DLNR). Oceanside and PKO acknowledge that questions have been raised as to whether a six-foot wall is culturally the most appropriate way to honor the burial site of Kāma'eokalani, whether the footings needed to support a six-foot wall can be installed without causing damage to, and disfiguring, the area around the base of the wall and whether such a wall would result in erosion in the event of heavy rains. Given these concerns, Oceanside and Plaintiff PKO intend to continue a dialogue with other interested individuals, to determine if there is a better alternative to such a wall, which would achieve the same objective in perhaps a more appropriate manner.

9.7 Use of Conservation Areas. The Parties would agree that activities within the Bench Area, the Pu'u Ohau Cultural Area and areas now in the Conservation District would be consistent with all applicable laws, including but not limited to, the requirements of Hawaii Revised Statute Chapter 183C.

9.8 Maintenance of Vegetation Affecting Burial Site of Kāma'eokalani. As the owner of the Shoreline Park, Oceanside would agree to apply to DLNR for any amendment to the Conservation District Use Agreement which may be needed to permit the owner of such lands and such owner's designees to trim or remove from time to time any vegetation overhanging, or preventing appropriate access to, Kāma'eokalani's burial site. Oceanside agrees to develop, in consultation with Hōkūli'i's descendants, a culturally appropriate protocol for trimming or removing from time to time any vegetation overhanging, or preventing appropriate access to, such burial site.

9.9 Removal of Non-Indigenous Plants. Oceanside would also agree to consult with certified lineal descendants about removing the non-indigenous plants located on Pu'u Ohau and replacing them with native plants. In the event that there is a consensus among the descendants in favor of such a plan, and any required permits and approvals can be obtained, Oceanside would implement the plan.

10. Oceanside Would Convey the Contested Trail at Hōkūli'i to the State.

10.1 Background. The Hōkūli'i site includes remnant segments of a trail comprised of rounded stones. Plaintiffs contend that the remnants were part of the Ala Loa Trail, which encircled the island of Hawaii, and that the trail is owned by the State. The Court entered a decision agreeing with Plaintiffs, and Oceanside appealed that decision.

16

DLNR takes the position that there is insufficient evidence to determine whether the trail remnants at Hōkūli'i were part of the ancient Ala Loa. Oceanside agrees with DLNR, and also believes that there is insufficient evidence to support the legal conclusion that the State owns the trail.

Oceanside is nonetheless prepared to convey the trail to the State, based on the trail alignment specified by DLNR, which includes all intact trail segments. Oceanside is also prepared to agree to restore segments of the trail, as requested by Plaintiffs, and to bear in perpetuity the cost of maintaining the trail, through the Hōkūli'i site, again as requested by Plaintiffs. In return, Oceanside would need to obtain reasonable trail crossings, on the same terms as have been applied to other similar trail crossings in other areas of west Hawaii. Without such crossings, significant parts of the Hōkūli'i site would be inaccessible and/or unusable.

10.2 The State Would Own the Trail. As part of a comprehensive settlement, Oceanside would agree to convey to the State title to the trail that is the subject of a pending appeal (the "Trail") based on the alignment previously submitted to the Court by DLNR. The area that would be conveyed to the State is depicted on Exhibit 3 attached hereto (the "Trail Area"). DLNR would designate the Trail Area as a preservation site on terms permitting only pedestrian use of the Trail Area, except for any crossings of the types contemplated by Section 10.7 below.

10.3 Oceanside Would Restore Trail Segments. In some portions of the Trail Area, there are no rounded stones, indicating that historic trail stones may have been removed at some time in the past. Oceanside would apply to DLNR for authority to place new rounded stones, shaped to resemble the remnant stones, in the areas depicted on Exhibit 4, in order to create a continuous trail segment, varying in width from three to five feet, through the area depicted on Exhibit 4, which runs generally from a tee box on the second hole of the Hōkūli'i golf course to the southern end of the Hōkūli'i site. As part of its application, Oceanside would submit to DLNR a set of proposed plans for such work, a copy of which proposed plans Oceanside would also provide to Plaintiff PKO. Before DLNR takes any action with respect to such plans, PKO would be allowed a period of at least 30 days to comment upon such plans.

10.4 Oceanside Would Create A Trail Buffer. Oceanside would establish as a buffer zone an area five feet in width on each side of the Trail Area centerline. Except as provided in the following sentence, no improvements would be placed within the buffer zone, other than the Trail segments to be created by Oceanside pursuant to Section 10.3, any trail crossings approved by DLNR and landscaping which does not interfere with use of the Trail. In the event that any existing tee boxes or other golf course improvements are located within the buffer zone, those improvements would be allowed to stay in place.

10.5 Oceanside Would Create and Maintain Two Interpretive Sites Close to the Trail. In addition, Oceanside would establish, and agree to maintain in perpetuity, two interpretive areas alongside existing remnant trail segments located in the southern third of the Trail Area, available for public access from the Shoreline Park. The proposed locations of these interpretive sites are depicted on Exhibit 4 attached hereto. Oceanside would prepare a set of proposed plans for the interpretive areas. Before Oceanside begins any construction of the interpretive areas, Oceanside would provide a set of such plans to Plaintiff PKO and give Plaintiff PKO a period of at least 30 days to comment on such plans.

17

10.6 Oceanside Would Maintain the Trail and Trail Area. Oceanside would cause the Park and Cultural Sites Entity to enter into an agreement with DLNR to be responsible, under supervision by DLNR, for maintenance/preservation of the Trail and of the Trail Area.

10.7 Oceanside Would Install Signs Warning Golfers and Trail Users of One Another's Presence. Oceanside would install signs on the Hōkūli'i golf course advising golfers that others may be present in the area in connection with the Trail, that their presence is to be respected and that care should be taken not to put such people at risk by virtue of golf play. Oceanside would also post signs along the Trail Area, and in the adjoining interpretive areas, advising persons in those areas that golf is being played in the vicinity and that they should be aware of the associated risks.

10.8 Oceanside Would be Granted Reasonable Trail Crossings, Consistent With Practices Followed Elsewhere on the West Coast of the Island of Hawaii.

10.8.1 Reasonable Crossings. Plaintiffs would agree that Oceanside would be permitted easements for at-grade ingress and egress over, and easements for underground utilities beneath, specified portions of the Trail Area, on terms consistent with standard practices evidenced by similar crossings at other locations along the west coast of the Island of Hawaii.

10.8.2 DLNR to Process Applications Expeditiously. DLNR would agree to process expeditiously, and in accordance with applicable law, Oceanside's application for access and utility easements on the terms described in Section 10.8.1, in the locations specified in Exhibit 5 attached hereto and at such other locations as may reasonably be required in the future.

10.8.3 PKO May Review and Comment on Oceanside Applications. Oceanside would provide Plaintiff PKO with all current and future applications for easements pertaining to the Trail Area and allow Plaintiff PKO a thirty-day period to comment on such applications. To the extent feasible and reasonable, Oceanside would endeavor to modify Oceanside's applications to incorporate any comments and recommendations submitted by Plaintiff PKO. Plaintiff PKO could also submit its comments and recommendations to DLNR. Plaintiffs would agree, however, not to initiate, request, file, fund, support or participate in any challenge to Oceanside's applications for access and utility easements or DLNR's determinations with respect to such applications.

10.9 Oceanside Would Dismiss its Trail Appeal. Oceanside would dismiss with prejudice its appeal of the Court's Trail decision.

10.10 Old Cart Road. Oceanside and DLNR would agree that the State owns the Old Cart Road and that the Old Cart Road alignment at Hōkūli'i runs from the southern boundary of the Hōkūli'i site to Pu'u Ohau along the alignment identified as Site No. 17189, as depicted on Exhibit 5 attached hereto. Oceanside would cause the Park and Cultural Sites Entity to enter into an agreement with DLNR to be responsible, under supervision by DLNR, for maintenance/preservation of the Old Cart Road within Hōkūli'i as a public pedestrian access trail. Oceanside would grant an easement to DLNR for a pedestrian connector between the Old Cart Road and the Old Government Road in the vicinity of Pu'u Ohau/Road I-3.

18

11. Oceanside Would Take Additional Steps to Protect Native Hawaiian Burial Sites at Hōkūli'i.

11.1 Background. Today, there are a total of approximately 137 identified burial sites or possible burial sites within the 1550-acre Hōkūli'i property. All of the burials located at these identified sites are to be maintained in place, with one pending potential exception. Oceanside has filed an application to relocate one burial, discovered during the course of construction. This burial is located in the alignment of the Bypass Highway.

The Hōkūli'i site was used for cattle ranching before development planning and related pre-development fieldwork began. Much of the property was chain-drag during the cattle-ranching era, which may have adversely impacted archaeological and burial sites on the property. As required by law, Oceanside retained an archaeology firm to do an archaeology inventory survey, before any development work began. The property's past uses, together with the dense vegetation on the site, made it especially challenging to identify and properly assess archaeological and burial sites on the property. For his work, Oceanside selected a firm recommended by DLNR. The work, and the related review by DLNR, took four years to complete.

The archaeology inventory survey identified most of the burial or possible burial sites known to exist today, and it identified a number of potential burial sites which, upon testing, have turned out not to be burial sites. As is typical with surveys of large areas, some additional burial sites and potential burial sites have been discovered during follow-up archaeological work, clearing and construction.

As is normal and required in such cases, Oceanside continued, after the initial archaeological inventory survey was completed, to engage in further archaeological fieldwork. In order to facilitate review and use of the resulting data, DLNR directed Oceanside to present the additional information in a series of "block reports," based upon a division of the Hōkūli'i site into several separate areas or "blocks." While many of the block reports have been finished, a few are still in process. The unfinished block reports cover virtually all of the land which is to be included in future Hōkūli'i subdivisions.

Plaintiff PKO has indicated that it believes pre-development archaeological work should not be done under the direction of private land owners, but should instead be done under the direction of the State, with heavy participation by Native Hawaiians. Plaintiff PKO requested that Oceanside agree to allow PKO to undertake a comprehensive new archaeological survey of the entire Hōkūli'i property owned by Oceanside and that Mr. Medeiros be given the authority to determine that particular sites are burial sites, even if his conclusion was not shared by the archaeologist selected by PKO to participate in the new survey. Oceanside respectfully believes that no developer could agree to such a proposal, particularly with respect to a development which is already underway.

Plaintiff PKO has asked Oceanside to agree that no burials will ever be relocated at Hōkūli'i, including burials discovered during the course of construction. Oceanside respectfully believes that no developer, and no governmental authority responsible for the development of any substantial project or facility, could make such a commitment.

19

Plaintiffs have also been critical of the monitoring efforts made by Oceanside, to detect quickly any previously unknown burial sites that might be uncovered during the course of construction. In addition, Plaintiffs have asserted that DLNR is understaffed to monitor compliance with State burial laws on a 1550-acre project like Hōkūli'i. In order to address these concerns, Oceanside was bearing the cost of two DLNR staff persons, assigned full-time to Hōkūli'i, and employing a number of construction monitors, when further development was generally enjoined last September. As part of a comprehensive settlement, Oceanside has offered to continue to support DLNR in this fashion.

While Oceanside is not in a position to do some of the things requested by Plaintiffs, there a number of other things that Oceanside is prepared to do in a good faith effort to address Plaintiff PKO's concerns. First, the unfinished block reports cover virtually all of the areas to be included in future subdivisions at Hōkūli'i. Oceanside is prepared to agree that the unfinished block reports, and the lava tube resurveys which Oceanside is also conducting, would be reviewed by a second archaeologist selected by Oceanside, after consultation with the Advisory Board as contemplated by Section 5.3 above. Oceanside is also prepared to agree that any burials identified in the unfinished block reports or unfinished lava tube resurveys would be treated as "previously known," and thus be subject to the jurisdiction of the Hawaii Island Burial Council.

11.2 The Unfinished Block Reports and Lava Tube Resurveys Would be Subjected to Peer Review. As part of a comprehensive settlement, Oceanside would agree to consult with the Advisory Board on the selection of one or more archaeologists and/or cultural specialists to review any unfinished block reports and lava tube resurveys. After this consultation, Oceanside would retain an archaeologist and/or cultural specialist to review and comment upon the unfinished block reports and lava tube resurveys. Before such reports are submitted to DLNR for review, Oceanside would cause the individuals preparing the block reports or lava tube resurveys to address any concerns or criticisms made in such reviews.

11.3 Treatment of Burial Sites Discovered in the Future. As part of a comprehensive settlement, Oceanside would agree that:

11.3.1 All burial sites identified in the block reports and lava tube resurveys yet to be completed would be treated as previously identified.

11.3.2 With the exception of those burials identified in the block reports and lava tube resurveys described in Section 11.3.1, all burial sites identified after the effective date of the Mediated Settlement Agreement on the Hōkūli'i site, and all burial sites located in the existing alignment for the Bypass Highway, would constitute inadvertent discoveries within the meaning of HRS § 6E-43.6 and Haw. Admin. R. § 13-300-2 and would be treated in accordance with HRS § 6E-43.6 and Haw. Admin. R. § 13-300-2.

11.4 Oceanside Would Extend the Time Allowed for DLNR to Determine the Appropriate Treatment of Inadvertently Discovered Burial Sites. In the case of any inadvertent discovery of a burial on any portion of the Hōkūli'i site owned by Oceanside, or in the current alignment for the Bypass Highway, Oceanside would automatically grant DLNR a 60-day extension of time in which to gather sufficient information, including oral tradition, to document the nature of the burial context and to determine appropriate treatment of the remains.

20

11.5 Oceanside Would Continue to Fund DLNR Staff Positions. In order to assist DLNR, Oceanside would continue to fund in full two DLNR staff positions: one burial staff position and one position for reviewing archeological reports and performing various compliance oversight tasks. The job descriptions for such positions are attached hereto as **Exhibit 6**. The persons assigned by DLNR to these positions would focus primarily on Hōkūli'i, but could work on other matters and projects as time and circumstances permit. Funds for each position would be paid on a quarterly basis. Funding of the burial staff position would terminate upon Oceanside's completion of the Bypass Highway and construction of all Hōkūli'i infrastructure. Funding of the archeological staff position would terminate on December 31, 2006.

11.6 DLNR Would be Allowed to Make Decisions on Applications Pending With Respect to Particular Sites.

11.6.1 Site No. 21833. The burial located at Site No. 21833 is located in the alignment of the Bypass Highway and was discovered during the course of construction. After the burial at Site No. 21833 was discovered, and at the request of DLNR, Oceanside consulted with the descendants of the lands within Hōkūli'i. A majority of the descendant-respondents favor relocating this burial to a contiguous site, just makai of the Bypass Highway alignment. Plaintiffs, on the other hand, have requested that Oceanside redesign and rebuild the Bypass Highway, so as to avoid the burial site. Oceanside has concluded that, given the topography of the area, the Bypass Highway could not be realigned in a manner that would comply with applicable safety standards. Oceanside is also concerned that, in building any realigned Bypass Highway, one or more additional unknown burials might be discovered, giving rise to the same issues presented by Site No. 21833. Taking these facts into account, Oceanside proposes that, as part of a comprehensive settlement, the Parties agree that Site No. 21833 would be treated as an inadvertent burial site, and that DLNR has the authority to approve Oceanside's pending application to relocate such burial to an area immediately makai of the existing Bypass Highway alignment. In the event that DLNR were to approve Oceanside's application, Plaintiffs would agree not to contest such decision.

11.6.2 Site No. 16478. Site No. 16478 is a lengthy lava tube, which contains burial remains in one area. Under the approved Burial Treatment Plan, Oceanside is to install and maintain a twenty-foot buffer around this entire lava tube.

Oceanside has applied for a variance from the Burial Treatment Plan, to allow Oceanside to install infrastructure above this lava tube, at a location approximately 400 feet from the burial remains. This crossing would not intrude upon any area within twenty feet of the surface area above the burial, and thus would be outside the buffer that would be installed, if the burial in question were located on or just below the surface. As part of a comprehensive settlement, Oceanside proposes that the Parties would agree that DLNR has the jurisdiction and authority to modify the buffer for and permit Oceanside to traverse Site No. 16478 for infrastructure purposes, in accordance with the written request previously filed by Oceanside. Plaintiffs would agree not to contest any decision that DLNR might make in response to Oceanside's application.

21

12. Oceanside Would Take All Practical Steps to Preserve the Entirety of any Lava Tubes That Contain Burials.

12.1 Background. The Hōkūli'i site contains a number of lava tubes, some of which contain burial sites. In early 2000, Oceanside agreed to a Burial Treatment Plan which states that Oceanside (i) will preserve the entirety of any lava tube which contained a burial and (ii) install and maintain a surface buffer encompassing an area twenty feet on all sides of each burial lava tube.

When the Burial Treatment Plan was finalized, Oceanside believed that it was aware of all significant lava tubes on the Hōkūli'i site and that it knew the location and extent of those tubes, based on the surveying and mapping work that had been done at that time. With that understanding, Oceanside believed it was in a position to go beyond the requirements of law, and agree to preserve the entirety of lava tubes known to contain burials.

Oceanside has since learned that some of the known lava tubes were not mapped accurately. In addition to learning that known chambers were not mapped correctly, Oceanside has also determined that some known lava tubes contain chambers that were not identified in the early mapping and that the Hōkūli'i site contains lava tubes which were not identified when the Burial Treatment Plan was approved.

Under these circumstances, Oceanside has asked DLNR to approve a limited number of exceptions to the Burial Treatment Plan, in order to allow Oceanside to cross or breach specific burial lava tubes at points a considerable distance away from any known burials. Oceanside also understands, however, that the commitment made in early 2000 was meaningful to members of the Hawaii Island Burial Council, which it considered the proposed Burial Treatment Plan. As a result, Oceanside would like to propose a compromise, which would give weight to the commitment made in early 2000 but also recognize both DLNR's authority to grant variances from Burial Treatment Plans and the practical necessity of being allowed to cross lava tubes in certain circumstances, so long as actual burial remains, and their immediate environs, are not impacted.

12.2 Oceanside Would Agree With the Plaintiffs Not to Request Any Additional Variances Over Burial Lava Tubes Correctly Mapped by Early 2000. As part of a comprehensive settlement, Oceanside would agree not to apply to DLNR for any additional variances that would allow Oceanside to cross or breach any portion of any burial lava tube identified by the date of the Burial Treatment Plan, as such lava tube was mapped at the time. In other words, Oceanside would not apply for any additional variances from conditions known when the Burial Treatment Plan was approved. **Exhibit 7** attached hereto is a map, showing the location of the lava tubes known in early 2000 to contain burials, as well as the extent of such tubes as mapped in early 2000.

12.3 Oceanside Would Also Attempt to Minimize Any Variances With Respect to Burial Lava Tubes First Discovered After Early 2000 or Incorrectly Mapped as of Early 2000. With respect to burial lava tubes discovered after March of 2000, and portions of burial lava tubes missed or incorrectly mapped before March of 2000, Oceanside would agree to use all practical efforts to avoid applying for any further variances from the Burial Treatment Plan. In the event that Oceanside applies for any variances in the future, Oceanside would provide a copy

22

of the application to Plaintiff PKO, at the same time that the application is filed with DLNR. Plaintiffs would agree not to initiate, request, file, fund, support or participate in any administrative appeal, litigation or legal action relating to any application which Oceanside has filed or may file seeking waiver or amendment of the provisions of the March 2000 Burial Treatment Plan relating to the protection of the entirety of previously known lava tubes containing burial sites, provided that Oceanside's proposed treatment of any lava tube that is subject to the application or amendment is consistent with the statutory definition of "burial site" in HRS § 6E-2, as interpreted in the Attorney General's opinion regarding the protection of lava tube burial sites dated May 9, 2001.

13. Descendants Would Have Extensive Access to Cultural Sites at Hōkūli'i

13.1 Background. Oceanside wants descendants to have extensive access to burial and other important cultural sights within Hōkūli'i, as well as the opportunity to engage in religious and cultural ceremonies at those sites. Oceanside also wants the owners of homes in Hōkūli'i to enjoy an appropriate level of privacy and control over the grounds around their homes. Over time, particular homeowners and descendants will no doubt come to know and respect each other and to extend hospitality and courtesies to one another, but as a starting point mutually accommodative procedures need to be agreed to and put into operation.

13.2 Descendant Access Plan. As part of an overall settlement, Oceanside would propose that lineal and cultural descendants have access to burial and other cultural sites within Hōkūli'i, and to other specified areas within Hōkūli'i, based on the following principles:

13.2.1 With respect to burial sites located within a subdivision and within 100 feet of a finished home, descendants would have access on any day, from sunrise to sunset, for the purposes of caring for and worshipping the burial remains.

13.2.2 With respect to burial sites located within a subdivision but not within 100 feet of a finished home, descendants would have access at all times, for the purposes of caring for and worshipping the burial remains.

13.2.3 With respect to burial sites located outside of the subdivisions, descendants would have access at all times, for the purposes of caring for and worshipping the burial remains, subject to any limitations on access set forth in the Shoreline Park Management and Access Plan and the Project Preservation Plan.

13.2.4 Descendants would have access to the Hōkūli'i Cultural Area and the Agricultural Preserves from sunrise to sunset, but descendants would not be entitled to engage in any agricultural activities within the Agricultural Preserves unless expressly authorized to do so by the Hōkūli'i Owners Association.

13.2.5 Descendants would have access to the Shoreline Park, the Pu'u Ohau Cultural Area and the Bench Area on the terms stated in the Shoreline Park Management and Access Plan and the Project Preservation Plan.

13.2.6 Visits to any authorized site, including a burial site located outside the Shoreline Park (which has capacity and use limitations, as set forth in the Shoreline Park and

23

Management Access Plan), involving ten or more individuals, would require a special permit issued by the Park and Cultural Sites Entity.

13.2.7 Cultural activities, including caring for and worshipping burial remains, to be performed at night at any location within 100 feet of a completed home, including midnight ceremonies, and cultural activities to be conducted at any location which involve significant noise, artificial light or other conditions which may disturb or (absent warning) alarm others in the area, would require a special permit, issued by the Park and Cultural Sites Entity. In considering applications for such permits, and for permits required pursuant to Section 13.2.6, the Park and Cultural Sites Entity would seek to insure that reasonable accommodations were made with respect to the interests of the applicants and any homeowners who might be affected by the proposed activity, in an effort to achieve an environment of respect and understanding. If Plaintiffs wish to do so, Oceanside would be prepared to enter into a Memorandum of Understanding that would identify the dates, terms and/or conditions for particular events or activities, so that those events and activities would be pre-approved.

13.2.8 The main roads in Hōkūliʻa, including those leading to the Shoreline Park, will be open to the public, but there will be unmanned gates on some side streets. In the event that gates need to be opened in order for descendants to gain access to any area to which access is authorized, the Park and Cultural Sites Entity would be required to provide a Cultural Liaison, available during normal business hours generally at a location within the Hōkūliʻa site, to provide the descendants an access pass which will open the pertinent gate. Descendant families who wish to plan ahead may reserve use of an access pass. If the access pass is not returned within a designated period, it will be deactivated.

13.2.9 If asked to do so, the Park and Cultural Sites Entity would also be required to provide a general access pass to any requesting descendant, in order to allow such descendant to enter any gates at Hōkūliʻa. If any such pass is used to gain access in violation of the rules described above, the Park and Cultural Sites Entity could revoke the pass.

14. Oceanside Would Establish Specified Agricultural Preserves and Cultural Practice and Preservation Sites Within Hōkūliʻa

14.1 Agricultural Preserves. As part of a comprehensive settlement, Oceanside would agree to include in the Project Preservation Plan at least three specified areas, to be set aside and maintained as Agricultural Preserves. The three Agricultural Preserves and their minimum acreage would be:

14.1.1 Ke'ekē'e Agricultural Preserve (approximately 2.50 acres).

14.1.2 Kanāueue Agricultural Preserve (approximately 3.50 acres).

14.1.3 Hōkūkano Agricultural Preserve (approximately 3.50 acres).

These Agricultural Preserves are generally depicted in Exhibit 8 attached hereto. The Project Preservation Plan is still in progress and Oceanside, after consultation with DLNR, may expand the identified preserves and may set aside additional acreage for the creation of additional Agricultural Preserves.

24

14.2 Use of Agricultural Preserves. The Agricultural Preserves would provide areas where traditional Native Hawaiian agricultural crops could be cultivated by Hōkūliʻa residents and by others authorized by the Hōkūliʻa Owners Association to engage in such activities. The Ke'ekē'e Agricultural Preserve would be an active agricultural preserve, with crops planted and cultivated; the Kanāueue Agricultural Preserve would be a non-active preserve designed primarily for the preservation of remnants of the Kona Field System located therein; and the Hōkūkano Agricultural Preserve would consist of an active area, except as needed to protect and preserve remnants of the Kona Field System located there. Oceanside and DLNR would consult with Plaintiff PKO before determining the types of traditional agricultural activities that will be permitted within the Agricultural Preserves.

14.3 Cultural Practice and Preservation Sites. Oceanside would also establish and, to the extent provided in the Mediated Settlement Agreement, improve two cultural practice and preservation sites ("Cultural Preserves") consisting of the following:

14.3.1 An area near site 21833 ("Hōkūliʻa Cultural Area") (approximately 6 acres); and

14.3.2 The Po'u Ohau Cultural Area (approximately 6 acres, and contiguous to the current Conservation District area).

The Cultural Preserves would provide areas where lineal and cultural descendants could engage in certain traditional cultural practices. The Cultural Preserves are generally depicted on Exhibit 2 attached hereto.

14.4 Access. Lineal and cultural descendants would have access to the Agricultural Preserves and the Cultural Preserves in accordance with the provisions described in Section 13.

14.5 Provision of Water. Oceanside would provide non-potable water to the Agricultural Preserves and Cultural Preserves in which crops and/or plants may be grown.

14.6 Proposed Re-interment Site for 21833. A portion of the Hōkūliʻa Cultural Area, to be given a name in consultation with the descendants of the Hōkūliʻa lands, would be improved by Oceanside in the manner illustrated conceptually on Exhibit 9 attached hereto. If allowed to do so by DLNR, Oceanside would re-inter the burial located at Site No. 21833 in this location. Oceanside would also commit to make this area available as a re-interment site for other burials located within the Hōkūliʻa site, if the relocation of such other burials to this area were to be approved by the entities or agencies with authority to approve any such burial relocations.

15. Oceanside Would Deal With Artifacts and Relics in Accordance With Plaintiffs' Requests

15.1 Background. Plaintiffs have requested that Oceanside develop a comprehensive catalogue of information relating to artifacts and relics found at the Hōkūliʻa site. Plaintiffs have also asked that Oceanside assemble all such artifacts and relics now under Oceanside's control, store such items in a secure location and dispose of some or all of such items as provided below. Oceanside is prepared, as part of a comprehensive settlement, to do as requested.

25

15.2 Artifact Inventory Database. Oceanside would create and maintain a comprehensive inventory of the Native Hawaiian artifacts and relics discovered by Oceanside or its agents on the Hōkūliʻa site or in connection with Hōkūliʻa. This inventory would include a description of the artifact or relic, the location where it was found (specific burial site or area on property), its present location, the date of removal, if it has been removed, and the identity of the person or entity believed to have removed it. Oceanside would create and maintain a computerized database containing the data set forth in the inventory. The Parties would have access to the database. To the extent feasible, the database would be adapted to include certain data recovery material for future research, field notes, documented oral histories, and maps.

15.3 Management of Artifacts. The Hōkūliʻa Owners Association would take possession of and store all such artifacts and relics now under the control of Oceanside. In consultation with descendants, the Hōkūliʻa Owners Association would develop a protocol providing for the care and disposition of such artifacts and relics. The protocol may include returning artifacts and/or relics to the site where found, particularly if the artifacts or relics were found in the vicinity of a burial or possible burial site. If requested by a majority of the descendants, the protocol shall include transferring possession, ownership and management of some or all such artifacts and/or relics to an entity owned by, and under the control of, the descendants or designated by the descendants.

15.4 Delivery of Certain Artifacts to Mr. Medeiros. Notwithstanding the foregoing, Oceanside would agree to deliver to Mr. Medeiros the artifacts listed on Exhibit 10.

16. Oceanside Would Implement a Perpetual Water Monitoring Program and Commit to Bear the Cost of Studies Designed to Establish a Base-Line for Water Quality Along the Kona Coast. Oceanside Would Also Help to Develop Best Management Practices for Golf Course and Landscape Management.

16.1 Background. As part of the County entitlements for Hōkūliʻa, Oceanside agreed to provide for monitoring of the ocean waters off Hōkūliʻa. The required monitoring is ongoing today.

Construction at Hōkūliʻa began in 1999. In late 2000, before the golf course turf was established, heavy storms caused surface water runoff and associated sediments to reach the ocean. This resulted in litigation, which was settled upon entry of a stipulated permanent injunction, enjoining Oceanside from polluting the coastal waters. The stipulated permanent injunction also provides for court-supervised monitoring of the impact on ocean water quality of construction at Hōkūliʻa. Since the storms of late 2000, Oceanside has completed the Hōkūliʻa golf course and invested approximately \$6,000,000 in additional drainage improvements, which have successfully prevented any recurrence of the unfortunate runoffs.

The Parties have agreed that, as part of a comprehensive settlement, the County-required ocean water monitoring program would be continued, on terms which would require the monitoring to be performed quarterly and in conformance with certain state water quality testing standards. In addition, Oceanside would agree to fund a more encompassing program to determine water quality along a much broader coastal area in Kona. The injunction against polluting would continue, but the court-supervised water monitoring would be discontinued,

26

given the fact that it would duplicate the monitoring to be conducted pursuant to the modified County program.

16.2 Stipulated Permanent Injunction. The Stipulated Permanent Injunction would continue, insofar as it enjoins Oceanside from polluting the ocean waters.

16.3 Modified County-Driven Monitoring Program. The water monitoring program required by the County would be continued, on terms which would require that the water monitor be approved by the County; DOH, Plaintiffs (for 20 years after the effective date of the Mediated Settlement Agreement) and Oceanside and that the water monitoring be conducted quarterly, in accordance with State ocean water monitoring protocols of general application.

16.4 Baseline Study. Oceanside would retain a qualified consultant, acceptable to Plaintiffs and DOH, to undertake a comprehensive baseline study of the near offshore waters for the area from Ho'okena Beach Park to Kahalu'u Bay. The baseline study would contain the elements set forth in Exhibit 11. To insure the creation of an appropriate baseline study, Oceanside would require the consultant to seek the advice of DOH with respect to the protocols and elements of the study. Oceanside would also require the consultant to conduct the study within an approved budget, in an amount to be set forth in the Mediated Settlement Agreement. The study would begin within six months after the effective date of the Mediated Settlement Agreement. All data and reports resulting from the study would be provided promptly to all Parties.

16.5 Canoe Landing. Oceanside would redesign the silt containment measures at Nawawa Bay so that, if and to the extent possible, the canoe landing may be reopened, and Oceanside would seek DOH and DLNR approval of said redesign and to undertake the work. Maintenance of the canoe landing would be the responsibility of the Park and Cultural Sites Entity.

16.6 Administrative Penalty. DOH would agree to continue to pursue the November 2000 Notice of Violation regarding violations of the Clean Water Act by Oceanside and assess a fine deemed appropriate by DOH. In its proposal to DOH as to the manner in which any fine may be used, Oceanside will ask that 75% or more of the fine be used on special environmental projects in, or of particular relevance to, Kona.

16.7 Best Management Practices. Oceanside would work with Plaintiffs, the County and DOH to prepare proposed best management practices for golf courses and landscape maintenance.

17. The County Administration Would Enhance the County's Cultural Resource Protection and Preservation Policies.

17.1 Background. As part of a comprehensive settlement, Plaintiffs have asked the Mayor of Hawaii County and his staff (the "County Administration") to reexamine certain rules and procedures relating to grading and grubbing permits, which the County Administration is willing to do.

17.2 Legislation to Amend County Grading and Grubbing Ordinance to Increase Protection for Cultural Resources. In an effort to provide greater protection for cultural, historic

27

and burial sites, the County Administration would work with Plaintiffs to draft, introduce and support before the County Council legislation that would amend Chapter 10 of the Hawaii County Code, consistent with the public interest. The focus of these cooperative efforts would be to amend Chapter 10 in a manner that would increase the level of education and enforcement regarding protection of cultural, historic and burial sites. Such amendments could include:

17.2.1 The implementation of educational processes as a part of the permitting process; and

17.2.2 Adding to Chapter 10 detailed definitions of activities falling under the categories of grubbing, removal of surface vegetation, and grading to provide better notice to the permit holder of permitted activities.

17.3 Codification of County Practice of Cooperating with DLNR on Grading and Grubbing Activities. The County Administration would codify its current practices of cooperation with DLNR for implementing Chapter 6E-42, HRS, by adopting written internal work rules or procedures. At a minimum, the new work rules or procedures would embrace the following principles:

17.3.1 An applicant would have to secure recommendations from DLNR before the County Administration would accept a grading or grubbing permit application;

17.3.2 The application would be required to include, by attachment, any conditions recommended by DLNR;

17.3.3 The County Department of Public Works would suspend any grading or grubbing permit as may be requested or required by DLNR; and

17.3.4 The County would be required to report immediately, telephonically or by facsimile, any evidence of historic/burial sites to the State Historic Preservation Department ("SHPD"), should such evidence become known to County personnel in the course of granting, monitoring or closing grading/grubbing permits.

In connection with these codification efforts, union consultation might be required. Should any such work rules or procedures require HRS Chapter 91 rulemaking, the County Administration would agree to pursue such rulemaking.

17.4 Adoption of Related County Administrative Policies to Enhance Knowledge of Potential Impact of Grading and Grubbing on Cultural Resources. The County Administration would agree to adopt an administrative policy requiring persons or entities seeking grading or grubbing permits with respect to lands known to contain cultural, historic or burial sites to review the educational materials described in Section 18 prior to the issuance of any such permit. The County Administration would also adopt an administrative policy requiring the grantee of a grading or grubbing permit to affirm that he/she/it has read, reviewed and understands the applicable State and County laws and regulations regarding the protection of cultural, historic and burial sites. Should any such administrative policies require HRS Chapter 91 rulemaking, the County Administration would agree to pursue such rulemaking.

28

17.5 Support for State and County Legislation Strengthening and Extending Laws Intended to Protect Cultural Resources. The County Administration would agree to work with Plaintiffs and Oceanside to draft, introduce and support legislation in the State Legislature that would provide additional protection for documented and undocumented cultural, historic and burial sites together with appropriate funding to implement the new requirements. Such legislative efforts would include, but not be limited to, seeking additional staff and funding for the Burial Sites Program. Nothing in the Mediated Settlement Agreement would require DLNR to endorse such legislation or prevent DLNR from expressing its independent view as to any such proposed legislation. In the event that the State Legislature were not to pass such legislation within two years of the effective date of the Mediated Settlement Agreement, the County Administration would agree to work with Plaintiffs and Oceanside to draft, introduce and support before the County Council a new ordinance which would give greater protection to cultural, historic and burial sites, to the extent the County is authorized to adopt such an ordinance under HRS Chapter 6E. Among other things, such an ordinance might provide for the creation of a County Historic Preservation Commission established under the Certified Local Government program under the auspices of the National Park Service and procedures for identifying and preserving cultural, historic and burial sites.

17.6 Support for Rulemaking by DLNR. The County Administration would agree to work with Plaintiffs and Oceanside to urge DLNR to establish appropriate standards and inclusive procedures relating to the consideration of any requests for variances from, or amendments to, approved burial treatment plans.

18. Oceanside Would Work With Plaintiffs and Others to Develop Educational Materials Intended to Protect Cultural Resources.

18.1 Educational Materials. In consultation and cooperation with Plaintiffs, the County, and DLNR, Oceanside would agree to produce at Oceanside's expense a videotape and a brochure, each of which would be available for viewing by developers on the Island of Hawaii, purchasers of undeveloped lots, and machinery operators to be employed by such persons, outlining the legal, practical and community considerations relating to the protection of cultural and historic resources.

19. Oceanside Would Pay Reasonable Attorneys' Fees.

19.1 Payment by Oceanside of Individual Plaintiffs' Attorneys' Fees. As part of a comprehensive settlement, Oceanside would pay \$1,002,435.01 as attorneys' fees and costs to Robert D.S. Kim.

19.2 Payment by Oceanside of PKO Attorneys' Fees. As part of a comprehensive settlement, Oceanside would pay \$2,037,732.74 as attorneys' fees and costs to Native Hawaiian Legal Corporation.

19.3 Payment by County of PKO Attorneys' Fees. As part of a comprehensive settlement, the County would pay Native Hawaiian Legal Corporation the fees and costs awarded by the Trial Court against the County and in favor of Native Hawaiian Legal Corporation.

29

20. Oceanside Would Join Others in Making Appropriate Apologies

20.1 In the spirit of ho'oponopono, Plaintiffs, Oceanside, Lyle Anderson, John De Fries and the County would convene a meeting with Hōkūli'a descendants and other members of the Kona community as a forum for conveying appropriate apologies.

21. Future Challenges to Hōkūli'a Would be Barred

21.1 Except for the rights, obligations and covenants set forth in the Mediated Settlement Agreement, the Individual Plaintiffs and PKO, including its officers and directors, would agree and covenant that they would not themselves, nor counsel others to, directly or indirectly, initiate, aid, request, file, fund, support or participate in any administrative hearing, litigation or other legal action specifically directed to any aspect of the approval, permitting, entitlement, development, construction or operation of Hōkūli'a, except as it relates to Oceanside's compliance after the effective date of the Mediated Settlement Agreement with the law regarding the treatment of burials. The Individual Plaintiffs and PKO, including its officers and directors, would further agree and covenant that they would not themselves, nor counsel others to, directly or indirectly, initiate, aid, request, file, fund, support or participate in any administrative hearing, litigation or other legal action specifically directed at the density or components of the Keopuka project so long as those elements and density are consistent with the Mediated Settlement Agreement.

21.2 Plaintiffs Kelly and PKO would agree to dismiss with prejudice all of their claims in *Fries and the County v. Oceanside, Lyle Anderson, John De Fries, et al.*, Civil No. 03-1-0117K.

21.3 As part of the Mediated Settlement Agreement, the parties would each agree to waive and release any claims they have against one another. These releases would not, of course, (i) amend any of the permits and approvals obtained by Oceanside or (ii) amend, alter or waive any future obligations of Oceanside or the County under their development agreement or of any party under the Mediated Settlement Agreement.

22. The Parties Would Agree to Remedies, in the Event of Future Disputes.

22.1 Available Remedies in the Event of Breach. The parties would agree that, in the event of a default under the Mediated Settlement Agreement by any party, the sole and exclusive remedies available to the other parties would be: (i) to enforce by specific performance the obligations hereunder of the defaulting party; or (ii) to exercise any other remedies specifically set forth therein. No party would be required or compelled as the result of any proceeding to take any action, or refrain from taking any action, other than those actions expressly identified in the Mediated Settlement Agreement. In connection with any demand or cause of action related to a matter released, the Mediated Settlement Agreement could be pleaded as a defense by the parties hereto and would operate to effect a dismissal of such demand or cause of action.

23. The Parties Would Agree to Resolve Future Disputes Through Alternative Dispute Resolution.

23.1 Enforcement Procedure. The Honorable Patrick Yim would resolve any disputes between the County, Plaintiffs and Oceanside (hereinafter referred to in the singular as a

30

"Dispute Party" or in the plural as "Dispute Parties") as to the enforcement or interpretation of the Mediated Settlement Agreement. The Dispute Parties would resolve any dispute regarding the enforcement or interpretation of the Mediated Settlement Agreement pursuant to the following procedure:

23.1.1 Notice of Breach. Within ten business days of its determination that another Dispute Party has breached the provisions of the Mediated Settlement Agreement, a Dispute Party would notify all other Dispute Parties and their counsel of this determination in writing and provide a written explanation of the basis of its determination.

23.1.2 Response to Notice of Breach. Within ten business days of their receipt of the notice described in Section 23.1.2, above, the Dispute Parties receiving said notice would be required to provide a written response to the notifying Dispute Party indicating its concurrence with, or rejection of, the determination of breach, or indicating that the alleged breach has no bearing on that party's rights or obligations under the Mediated Settlement Agreement, as the case may be.

23.1.3 Meet and Confer Obligation. Should the Dispute Parties disagree with respect to the determination of breach of the Mediated Settlement Agreement, or the remedy necessary to cure any alleged breach, then within fifteen business days of the receipt by the Dispute Party claiming the breach of all responses by the other Dispute Parties, or other mutually agreeable date, the Dispute Parties who claim an interest in the subject matter would meet and confer in good faith in an attempt to resolve any differences.

23.1.4 Resolution of Breaches. In the event that the dispute were not resolved within fifteen business days of the meeting described in Section 23.1.3 above, then the Dispute Party claiming the breach would be entitled immediately to seek relief exclusively from Judge Yim. Any action taken to resolve a dispute between the parties with respect to the enforcement or interpretation of the Mediated Settlement Agreement would be determined through binding and final arbitration (with no right of appeal). The arbitration would be conducted in accordance with the commercial arbitration rules of Dispute Prevention & Resolution, Inc. then in effect. All proper costs of the arbitration including, without limitation, witness fees, attorneys' fees, and fees of the arbitrator, would be charged to the party or parties in such amounts as might be determined by Judge Yim. Any such award would be subject to the provisions of Chapter 658A, Hawaii Revised Statutes, as the same may be amended from time to time.

23.2 Unavailability of Judge Yim. In the event that Judge Yim were unable to serve in the capacity set forth above, then the Dispute Parties would ask the presiding judge of the Third Circuit Court to appoint an individual to act as the arbitrator.

23.3 Resolution of Claims Involving Non-Dispute Parties. To the extent the resolution of any disputes as to the enforcement or interpretation of the Mediated Settlement Agreement involves parties other than the Dispute Parties, the resolution of the dispute would not be in accordance with this Section 23, but would be as permitted by law, subject to Section 22 above.

24. Miscellaneous Provisions.

24.1 Extension of Time For Performance of Oceanside's Commitments to the County. As a result of the delay created by the pending Hōkūli'i litigation, the County Administration would grant to Oceanside, as permitted by the Zoning Code and other applicable law, such reasonable extensions of time as may be required to complete Oceanside's obligations, including but not limited to the construction of the Bypass Highway, and to satisfy pertinent conditions under the Hōkūli'i Project approvals.

24.2 Possible Application to LUC to Place Keōpuka into a Different State Land Use District. At its election, Pacific Star could make, and could thereafter withdraw at any time and for any reason, an application to the LUC to change the State land use designation for Keōpuka, as to any Keōpuka a land (other than the Keōpuka Shoreline Area) currently in the Agricultural District. The County would agree to support Oceanside's application, and Plaintiffs, to include Mr. Medeiros, would agree not to object to any such application and not to challenge any decision which the LUC might make in response to any such application, if the application and any resulting decision limit the permitted uses of, and the permitted density at, Keōpuka, in a manner consistent with Sections 1.4, 1.5, 1.6 and 1.7 above.

24.3 Joint Press Release. The Parties shall work together to develop joint press releases, to be available for distribution when the Parties notify the Court that a settlement has been reached, subject to Court approval (or as soon thereafter as the fact of such agreement becomes public) and when the Court approves the Mediated Settlement Agreement.

24.4 Organizational Documents of New Entities. The organizational documents of the Hōkūli'i Foundation and of the Park and Cultural Sites Entity would be written to release from liability all individuals serving as directors or officers of such entities and to provide indemnities from such entities for all such directors and officers, in each case to the fullest extent permitted by law. In the event of any claims against directors or officers of the Hōkūli'i Foundation or of the Park and Cultural Sites Entity, or against the entities themselves, the claims shall be submitted wherever possible to arbitration pursuant to the provisions of Section 23.

25. The Settlement Would Require Court Approval.

25.1 Court Approval. As a condition precedent to the effectiveness of any Mediated Settlement Agreement, the Court would need to approve the settlement and enter the form of Amended Decision contemplated by the Mediated Settlement Agreement. The parties would agree jointly to submit the settlement set forth in the Mediated Settlement Agreement to the Court for approval.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3241, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Evans rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations on 466. I hope as it moves along we look some more clarifying language. This is about accreted lands. Thank you."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm voting no on the same measure, Mr. Speaker. The title is Relating to the Land Court and yet the bill speaks to accreted lands, and of course, the accreted lands can occur in the regular system at the Bureau of Conveyances, not just at the land court.

"In addition to a defect in the title, the bill attempts to muddy the waters for ongoing litigation. The Deputy Attorney General came in and said do not pass this bill because it could impact this State's defense in the case that was brought by landowners that want to claim our newly accreted beach land to be their own property.

"The frightening thing in the bill that they wanted to see go, that was before our Committee, it would have taken that newly accreted land out of the conservation district, put it in the open district, and then those beachfront owners could have built on it.

"It's a very serious issue, Mr. Speaker. You'll remember in 2003 that we passed a law stating that all newly accreted lands that was not part of a formerly eroded away parcel, all newly accreted land belonged to the State. These are our beaches for the people of the State of Hawaii.

"The plaintiff, beachfront owners have filed a lawsuit and I believe that one of our Members will ask for a conflict of interest because I believe his law firm is involved in representing those beach front owners. The thing that's very difficult about it is that we shouldn't meddle now. That case is before the court. If we go in and pass this bill, even though it is dealing with don't plant vegetation, if we do that the Deputy Attorney General said it's going to negatively affect the State's position. Why would we want to do that when we want to preserve the newly accreted beach land for our people? Thank you."

Representative Morita rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With strong reservations. I'd like to submit written comments on this measure. But simply put, this section, this area dealing with planting shouldn't be addressed in this section of the law. It's a shoreline issue so I believe this bill is technically flawed, but I would like to submit written comments. Thank you."

Representative Morita's written remarks are as follows:

"Mr. Speaker, I rise in support but have strong reservations about this bill.

"House Bill 3241, House Draft 1 prohibits private owners of oceanfront property from claiming accreted lands caused by the private landowner's planting and maintaining or otherwise encouraging vegetation on the seaward boundary of the property. While on its face this bill may seem innocuous, no one, during the public hearing process, could really flesh-out the intent of this measure.

"First of all, the planting and maintaining of all vegetation should only be done after a shoreline certification process has been completed on properties along the coast. A prohibition of such plantings seaward of a property should not be limited to just accreted lands, but part of the broader public policy of maintaining as much of the beach as possible as a public resource.

"In In Re Application of Ashford, 50 Haw.314 (1968), the Hawaii Supreme Court explained the majority of titles were conveyed in the 1850's even though the government had no knowledge of tidal datums or benchmark elevations. Hence, there is no intention to use elevation in establishing coastal deed boundaries. In most cases, the government relied, instead, on the high water mark of the waves. In Ashford, the State of Hawaii successfully argued that traditional

rights of public access existing under the monarch land tenure system, prior to the Great Mahele, extend to the present and include the right to traverse along the rocky shoreline to swim, fish, and seek other variety of seafoods. The Hawaii Supreme Court decision in Ashford that "the location of a boundary described as *ma ke kai* is along the upper reaches of the wash of the waves, usually evidenced by the edge of vegetation or by the line of debris left by the wash of the waves" serves as the foundation of the present legal definition of Hawaii's shoreline and a long standing public policy of extending to public use and ownership as much of Hawaii's shoreline as is reasonably possible.

"Without knowing of the true intent of this measure, I do not know how it can enhance this long-standing public policy. I urge my colleagues to proceed cautiously."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I like to ask for another ruling on a potential conflict. The law firm that I work for is also involved in the litigation over accreted lands, but I have not worked on that case," and the Chair ruled "no conflict."

Representative Caldwell rose to disclose a potential conflict of interest, stating:

"Same for me Mr. Speaker. I don't know if the Representative from Kailua is talking about my firm, but we from time to time do represent landowners who have accreted land issues. I have not worked on any of those cases," and the Chair ruled "no conflict."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose in support of the measure with reservations, and asked that the remarks of Representative Thielen be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Moses rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Berg rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose to speak in support of the measure, stating:

"Mr. Speaker, I'm in strong support of this measure. I recall the debate in 2003. There were, I don't believe any, property owners who had shoreline property there. And it's sort of the nature of the Legislature. We're part time and we have so much business moving through the process that people who are affected oftentimes don't know what kind of laws we're considering. So I think that this is appropriate to take another look at this. Thank you, Mr. Speaker."

Representative Shimabukuro rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3241, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE LAND COURT," passed Second Reading and was referred to the Committee on Judiciary with Representative Thielen voting no, and with

Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representatives Sonson and Arakaki, for the Committee on Human Services and the Committee on Health presented a report (Stand. Com. Rep. No. 467-06) recommending that H.B. No. 2223, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2223, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CARE HOMES," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Sonson, for the Committee on Human Services presented a report (Stand. Com. Rep. No. 468-06) recommending that H.B. No. 2257, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2257, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to this measure. This bill deals with the Department of Human Services. It adds a new section to the law, and the gist of it is that the Department will not be able to decide how to spend federal funds without legislative approval. It's like the Legislature will have to do the appropriating of any of those federal funds.

"As amended, they've added a measure that the Governor may authorize the Department to receive federal funds, but I just feel this is another example of micromanaging the Executive Branch. We are only a part-time Legislature. We are not here all the time. I don't think it's appropriate to pass a bill like this. Thank you."

Representative Sonson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in support. That last discussion or last comment, Mr. Speaker, was based on nothing, because it has nothing to do with what is going on in this bill. This bill merely states what is already federal law. This bill is dealing with federal funds in the way that it has to be appropriated. Federal law says that the Legislature appropriates this.

"Unfortunately when your Chair of Human Services speaks to the Department, the Executive Department about this, they look at me as if I was speaking like the previous speaker, coming out of nowhere. But you see I'm coming from somewhere. I'm following the law, and I'd like the State law to reflect the federal law in order to ensure that your Chair, whoever will chair Human Services will have the authority written in our own law, the HRS. Maybe that will be something clearer than a little sliver of law from the federal government.

"So, Mr. Speaker, this law that's contained in Stand. Com. Rep. No. 468-06 will ensure that the Executive Department respects the right of the Legislature to appropriate funds. That is our job. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Moses rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2257, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HUMAN SERVICES," passed Second Reading and was referred to the Committee on Finance with Representative Meyer voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Sonson, for the Committee on Human Services presented a report (Stand. Com. Rep. No. 469-06) recommending that H.B. No. 2258, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2258, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Reservations and we'll talk about it more in Finance."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Stonebraker rose to speak in support of the measure with reservations, stating:

"With reservations and brief comments. The speaker on SCR 468 said that the concerns that the Legislature was seeking to micromanage the Executive was coming from nowhere. This bill indicates otherwise. This is a direct attempt by the Legislature to micromanage the Executive Branch when we speak about TANF funds.

"Mr. Speaker, I don't think anybody can debate that this Legislature over the past number of years has sought desperately to limit the power of the Executive Branch. We don't expect any different, that's the nature of politics and this is the embodiment of that sort of action. And so for those reason I have reservations until the Final Reading."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2258, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HUMAN SERVICES," passed Second Reading and was referred to the Committee on Finance with Representatives Meyer and Pine voting no, and with

Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representatives Takumi and Caldwell, for the Committee on Education and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 470-06) recommending that H.B. No. 3237, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 3237, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EARLY CHILDHOOD EDUCATION," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representatives Morita and Karamatsu, for the Committee on Energy & Environmental Protection and the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 471-06) recommending that H.B. No. 2863, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 2863, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ESTABLISHMENT OF THE NATURAL ENERGY LABORATORY OF HAWAII AUTHORITY INNOVATION CORPORATION," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 472-06) recommending that H.B. No. 2311, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2311, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 473-06) recommending that H.B. No. 2693, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2693, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, on 473, I'll be voting no on this measure. It appropriates \$250 million to address the unfunded liability of the Retirement Fund. I believe we should address the problem because we have a huge unfunded liability. We should not be taking money out of it to put into our general fund, but I think \$250 million is a bit excessive. I would hope that the Finance Committee would address all the needs of our State. We should look at spending some of the surplus for tax credits, for education, for housing, for health, and high tech and other needs. Thank you."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising with very strong reservations and would ask that the words of the Representative from Kahala be inserted in the Journal as my own," and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2693, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," passed Second Reading and was referred to the Committee on Finance with Representative Marumoto voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2641, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, again a no vote on this. This one creates a new animal. Something called an indirect public works. And I think its newspeak. It's really private works and, where did my bill go? Nevertheless, I don't know what a construction project owner is, and this would pertain to a construction project owner."

"I was hoping that the author of the bill could perhaps clarify who this pertains to that has to turn over their payroll to the Labor Department. I don't know whether a construction project owner is a landowner, or a building owner, or a contractor, or a developer, but in any case it would be very difficult for a landowner to turn over payroll records to the Department of Labor. Thank you."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition to this measure. This is just a series of bills that are like this that are broadening the scope of prevailing wage types of jobs. This would affect a public-private partnership. In the past, I think we had some schools built. The schools were built more quickly. There was a savings. This law would take away the savings that you would have. It's just another bill that is broadening the prevailing wage type jobs. Thank you."

Representative Harbin rose to speak in opposition to the measure, stating:

"Mr. Chair, I rise in opposition, against this bill. We have found ourselves in a kind of mess with Chapter 104. This is another bill to try to undo the mess by creating more of a mess. And that mess would be having DAGS be the recipient of certified payrolls. As I have said many, many times in the past, prevailing wage and employees are a very important part of our economy and I respect them. It's the public works and the administrative expenses that go along with it. And the fact that these indirect or bonding type of

funding for many of our projects, such as affordable housing. We don't have a home for the certified payrolls because there isn't any required. So we need to look at Chapter 104 in totality. Not in little piecemeal fixes, which is basically not going to work, and add more cost of expense, and expense to creating affordable housing. Thank you."

Representative Moses rose to speak in opposition to the measure, stating:

"In opposition, Mr. Speaker. Again, I agree with many of the speakers today. It adds another layer of complexity on all the projects we're trying to build. Some of the private partnerships have worked very well. Not only for the schools, but like the upcoming UH West Oahu. I don't want to see any of those jeopardized. Thank you."

Representative Ching rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Stonebraker rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2641, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC WORK PROJECTS," passed Second Reading and was referred to the Committee on Finance with Representatives Ching, Harbin, Marumoto, Meyer, Moses and Stonebraker voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

No. 2947, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 477-06) recommending that H.B. No. 2951, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2951, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Mr. Speaker, on 477. This has to do with collective bargaining, but as the bill is written, it looks like ... I'm against the bill. I'm concerned about it because the way the bill is written now, the language is so broad that it will open the door for employers to be challenged on any task assignment to a public employee as a subject of negotiation. The employer should have the ability to transfer people. And it's just taking the power away from the employer and will make it a far more lengthy process than it is now. Thank you."

Representative Moses rose to speak in opposition to the measure, stating:

"In opposition. Yes, Mr. Speaker. I'm very concerned. We've had bills like this before. We always talked about them. This is making everything subject to negotiation. We just can't operate anything like that, whether it is government or a private business. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

No. 2951, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LABOR," passed Second Reading and was referred to the Committee on Finance with Representative Meyer, Moses and Stonebraker voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 478-06) recommending that H.B. No. 2953, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2953, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I would like to cast a no vote on this, Mr. Speaker. My concern is, it's going to affect, if I'm reading the bill correctly, my concern is it will affect SPRBs. And I believe that SPRBs are going to be used for a multitude of purposes. Mr. Speaker, some of those purposes, I believe will be addressing our housing crisis. And I would like to have permission to have today's article by Lee Cataluna that appeared in the *Advertiser* be inserted into the Journal."

The Chair responded, stating:

"For what purpose?"

Representative Thielen responded, stating:

"The purpose of this is she's talking about the crisis in housing and she's talking about a walk-in closet that was advertised for rent on the internet and it had something like I think 40 responses immediately from people looking for a place to live. The walk-in closet was evidently quite a large closet. It had room for a bed and a night chest and could be secured. And then the tenant ..."

Speaker Say: "Representative Thielen, the question that the Chair has posed is, for what purpose do you want to insert that?"

Representative Thielen: "SPRBs, that would be addressing the housing crisis."

Speaker Say: "There's nothing in the article that addresses SPRBs at this point in time."

Representative Thielen: "No, there's only the talking about the housing crisis that ..."

Speaker Say: "The Chair will deny you the right to insert that in the Journal."

Representative Thielen: "All right then. I'll save it, Mr. Speaker, until we come to a housing bill. And then we can have it inserted then to show the crisis that we have. Thank you."

Representative Meyer rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, the OD mentions that 478 deals with, Relating to Labor, prevailing wages, public works, which has to do with, well it may cover special purpose revenue bonds in eventuality. But I will rise against this measure. I will vote no in opposition, because it would cover any public work in excess of \$2,000, which is a very small amount. And I think it would be very onerous to comply with all the laws required under prevailing wage for such a small contract. Thank you."

Representative Moses rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Finnegan rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Stonebraker rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 480-06) recommending that H.B. No. 3018, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3018, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT EMPLOYEES," passed Second Reading and was referred to the Committee on Judiciary with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Sonson, for the Committee on Human Services presented a report (Stand. Com. Rep. No. 481-06) recommending

that H.B. No. 2052, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2052, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Kawakami rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Kawakami's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 2052 relating to the establishment of a Foster Children's Bill of Rights.

"House Bill 2052 reaffirms society's responsibility along with parents for the well-being of children in foster care. We as lawmakers are responsible for acting to insure their welfare.

"Every child in foster care is endowed with the rights inherently belonging to all children. In addition, because of the temporary or permanent separation from and loss of parents and other family members, the child requires special safeguards, resources, and care.

"Thank you Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2052, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FOSTER CHILDREN," passed Second Reading and was referred to the Committee on Judiciary with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representatives Kahikina and Kanoho, for the Committee on Housing and the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 482-06) recommending that H.B. No. 2963, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2963, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Stonebraker rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'd like to register reservations on this vote. This has to do with eminent domain. I don't have much to say about it except that I'd like to consider it further and mark it for my notice. Thank you."

Representative Ito rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ito's written remarks are as follows:

"Mr. Speaker, I rise in support of Standing Committee Report 484-06, HB 2994, HD1.

"Mr. Speaker, the Kulana Nani Apartments is a City owned, HUD financed, low-income housing project on land owned by Kamehameha Schools. Presently the City has a long-term lease with Kamehameha Schools.

"Mr. Speaker, recently Kamehameha Schools stated that they were selling the land under the Kulana Nani Apartments and the City stated that they wanted to get out of the housing business. Fearing that the residents of Kulana Nani Apartments might be losing their affordable housing, Ms. Dorothea Pale, President of the Kulana Nani Residents Association, and two other residents came to see me asking for help. They feared that should the City get out of the housing business, the new landowner might convert the apartment units into condominium units, or demolish the apartment complex entirely. Should this occur the residents of Kulana Nani Apartments would have no place to go for affordable housing and many will become homeless.

"Mr. Speaker, there is already a large number of Kaneohe residents, due to the real estate market boom, who cannot afford the increase in their rents and have become homeless or are close to becoming homeless.

"Mr. Speaker, we can help prevent an increase in the number of homeless residents in Kaneohe by purchasing the land under the Kulana Nani Apartments from Kamehameha Schools. This will ensure that this land will always be used for the purpose of providing affordable housing.

"Mr. Speaker, for this purpose I ask my colleagues to support Standing Committee Report 484-06, HB 2994, HD1. Thank you."

Representative Chong in support of the measure, stating:

"Mr. Speaker, I am in strong support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2994, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LAND ACQUISITION," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Kanoho, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 485-06) recommending that H.B. No. 1931, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1931, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Mr. Speaker. I would like an aye with reservations. I really think that this should be handled by rules in the department."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1931, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BOATING," passed Second Reading and was referred to the Committee on Finance with Representative Thielen voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 2666, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I'm concerned that there's no rational basis to punish the seller when the seller has no control over whether the buyer will be subject to an exemption. But also that the conveyance tax is just not a worthy source of funding because it fluctuates so much. Thank you."

Representative Stonebraker rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Evans rose to speak in support of the measure with reservations, stating:

"With reservations. This bill, I thought it was kind of clever to come up with an idea to get some money to address homeless. But what concerns me is it's trying to tax people who may be speculators and they call it 'flipping' in the marketplace. But I do believe that we may be impacting our own local people that happen to buy into an area where the market gets really hot. They see what it is, and they sell it and move to another part of the State. So inadvertently, I think we may harm people that live here locally. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. And adding on to the previous speaker, I think you know whenever you're selling property, or selling property and your cost are most, that that means the next buyer's cost will be more as well. I mean it works hand in hand, being from that industry. Thank you very much."

Representative Pine rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Yamashita rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I'd like a ruling on a potential conflict. I'm part owner of a gas station," and the Chair ruled "no conflict."

Representative Harbin rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to this measure. However, before I proceed to explain my logic, or illogic, I'd like to have a little housekeeping measure here. I noticed that on the Committee vote, it indicated that I voted yes, when in fact, I was not at the table. I still consider myself resigned. Therefore, the yes vote is an inappropriate vote. And I'm going to quote from our *Mason's Manual*."

The Chair then stated:

"Representative Harbin, you are out of order at this point. If you would like to address this issue, you can address it at the end of the calendar."

Representative Harbin continued, stating:

"Mr. Speaker, I want to make sure that my vote isn't inconsistent because it shows a yes in the Committee, which I am now voting no. And I just want to make sure that there's no inconsistency because of the inability of our Committee Chairs to follow *Mason's* rules of the legislative procedure. So with that being said, let me now explain why I'm voting no. Thank you.

"This particular measure is to repeal, which alludes to repeal in 2008, the gas cap that we have presently in action. I very much support the past legislative actions, which implemented the gas cap. I think as with anything that's new, we may have stumbled and may be put a little bit too high of a market amount on the gas cap. And I think a lot of it was because of the inability to get the correct information from our monopolistic oil industry.

"I think that we're stepping in the right direction as far as asking for more information, so that we can make the right decisions so that we can stop money coming out of the pockets of our local people. But to do that, we have got to get to the bottom of what is the right information. And as long as we keep tying ourselves to this confidentiality request on the part of the monopolistic oil companies. And with them knowing that in 2008, this thing goes 'poof,' and it goes away. We have no impetus or any hammer over their heads. We are committing a full surrender to the oil companies. We have got to stop them from taking our money back to Texas. Keep the gas cap in effect. If the information works, then fine let's repeal it. But let's not repeal it or even indicate we're going to repeal it ahead of time."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 3115, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PETROLEUM INDUSTRY," passed Second Reading and was referred to the Committee on Finance with Representative Harbin voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

No. 2153, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 497-06) recommending that H.B. No. 3154, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3154, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Lee rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, on Stand. Com. Rep. 497, I'd just like to express some reservations on this measure. I attended the CSG Healthcare Task Force this year and this subject came up. It came up in a very lively discussion. I think the concern with prohibiting mercury-containing vaccines is that there may be some people who then become afraid of having their child immunized. Immunization is one great weapon we have against childhood diseases. So I think we should proceed very carefully with this measure and listen to our medical experts. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3154, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representatives Arakaki and Sonson, for the Committee on Health and the Committee on Human Services presented a report (Stand. Com. Rep. No. 498-06) recommending that H.B. No. 2064, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 3259, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR DENTAL HEALTH," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representatives Kanoho and Kahikina, for the Committee on Water, Land, & Ocean Resources and the Committee on Housing presented a report (Stand. Com. Rep. No. 500-06) recommending that H.B. No. 3119, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 3119, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONVEYANCE TAX," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Kanoho, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 501-06) recommending that H.B. No. 2889, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2889, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Carroll rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I'd like to share with the Members regarding the historical Nahiku School. This measure is before us because the community there and most of the members who live there, it's like a village. It's part of the Hana District, but it's a small village with a lot of our *kupunas* too, who went to this school.

"Unfortunately in December of last year, the school burned down and as a result of that, the community has come forward and asked if they could do a replica of the school so that they could use it as a facility for gathering, and also for sharing some of their cultural practices. So with that, I'd just like to ask for support from our colleagues. Thank you."

Representative Ching rose to speak in support of the measure, stating:

"Thank you. In strong support and written comments," and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this bill. This measure provides the funding to replicate an essential structure of the Nahiku community and restore the original architecture previously intended for the school. The bill seeks to construct a replica of the old Nahiku School and make it available to the existing community to gather and share Hawaiian historical and cultural activities. However, there exists concerns raised by the DLNR due to the fact that the original property was destroyed by fire, any new structure is ineligible to be listed on the State or National Registers of Historic Places and will not meet existing guidelines. This section of the bill may need to be reconsidered. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2889, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR RECONSTRUCTION OF HISTORIC OLD NAHIKU SCHOOL," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Waters, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 502-06) recommending that H.B. No. 1829, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1829, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Kawakami rose to speak in support of the measure with reservations, stating:

"Yes, in strong support of this measure for the University in terms of the social workers having some kind of a case management that will be part of the curriculum. Thank you very much. And I would like to have some comments in the Journal," and the Chair "so ordered."

Representative Kawakami's written remarks are as follows:

"Mr. Speaker, I rise in strong support of HB 1829 relating to an appropriations for the University of Hawaii's School of Social Work. Mr. Speaker this measure will establish a long-term case management program at the UH School of Social Work.

"Hurricane Katrina has brought to light some very hard learned lessons, one of those being the lack of an established system for the provision of long-term case management services. We all know that Hawaii is no stranger to natural disasters and the next hurricane is not a matter of if, but when. This measure would aid victims of major

natural disasters by identifying and assisting the on-going, long-term needs of affected communities wherever they may be needed.

"Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1829, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Waters, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 503-06) recommending that H.B. No. 2041, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2041, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you very much. I'm rising with some reservations on Stand. Com. Rep. 503. This is a bill that would create a scholarship program in the name of Oren E. Long by using general funds. I think we had another similar bill, which created the scholarship program in the name of Senator Fong. I think this sets kind of a dangerous precedent. Our University is pretty highly subsidized with State tax dollars. And I think it's more appropriate that these scholarship programs be created by foundations and individuals. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2041, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE SENATOR OREN E. LONG SCHOLARSHIP PROGRAM," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Waters, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 504-06) recommending that H.B. No. 3158, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3158, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE UNIVERSITY OF HAWAII," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Waters, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 505-06) recommending that H.B. No. 3166, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3166, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION TO THE UNIVERSITY OF HAWAII," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Waters, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 506-06) recommending that H.B. No. 2573, be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2573, be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Magaoay rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Magaoay's written remarks are as follows:

"Mr. Speaker, I rise in support of House Bill 2573.

"Mr. Speaker, I believe that the passage of HB2573 will provide substantial land, water and ocean resource management. Currently, in the Kaiaka Bay Watershed, there are extensive life threatening flood erosion, sedimentation, waste and other resource management concerns.

"This bill will enable UH Manoa's College of Tropical Agriculture and Human Resources to collaborate with various agencies, businesses and community members, such as Haleiwa Community Gardens Association, Waialua High & Intermediate School, Waialua and Haleiwa Elementary Schools, and the North Shore Neighborhood Board.

"HB 2573 will allow the above-mentioned parties to conduct joint efforts to assess and take action on environmental issues and other concerns in this economically important watershed on Oahu's North Shore.

"This measure would allow for a pilot project to potentially exemplify proper management of our valuable natural resources, and in so doing allow Kaiaka Bay to heal, regenerate and be a resource for future generations to explore and enjoy.

"Thank you Mr. Speaker, and I ask my colleagues to support me on this bill. Malama Pono."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2573, entitled: "A BILL FOR AN ACT RELATING TO NATURAL RESOURCE MANAGEMENT," was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Waters, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 507-06) recommending that H.B. No. 1993, HD 1, be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1993, HD 1, be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Ching rose in support of the measure, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of H.B. 1993 – Relating to Telepsychiatry. The one-year pilot project would be a beneficial and economical tool for the State of Hawaii:

"First, it is essential that all citizens of Hawaii have access to specialty medical care. The one-year pilot telepsychiatry project at the University of Hawaii would be an informative tool in determining Hawaii's needs, particularly those of rural residents who are currently lacking the resources and access to mental health treatment. Studies show telepsychiatry offers effective treatment with a high patient satisfaction rate.

"Last, telepsychiatry is cost-efficient in reaching patients in rural areas and neighboring islands. With today's technology we're

capable of providing mental health care to all of those in need through videoconferencing at a stable expense. In fact, many clinics already possess the required equipment. 95% of graduates from the University of Hawaii Psychiatry Residency Program choose to reside in Hawaii post graduation. H.B. 1993 will not only make mental health care easily accessible at a cost-efficient level, but also expose and help retain these graduates in rural areas for long-term service in the mental health field."

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Very briefly in support. I think this is another important adjunct to get healthcare into our rural communities in the area of mental health. I think it's a good idea. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1993, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TELEPSYCHIATRY," was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Waters, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 508-06) recommending that H.B. No. 2045, HD 1, be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2045, HD 1, be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Lee rose to speak in support of the measure, stating:

"I stand in strong support of this Women's Caucus measure and I would like to submit written comments into the Journal," and the Chair "so ordered."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 2045 HD1, Relating to Perinatal Care.

"Perinatal' is defined as relating to the period before and after childbirth usually the five months before and one month after birth. Obviously this is a critical time for mother and baby. Good health habits during that period can set a *keiki* on the course for a happy and healthy life. Maternal drug, alcohol and tobacco use, however, can have a very negative effect on the health of a fetus.

"In 2000, Child Welfare Services received reports of 208 drug-exposed infants. Most of them had been exposed to methamphetamine. In addition, about 20% of pregnant women in Hawaii drink and about the same percentage smoke. All of these practices can have serious consequences for the *keiki's* health.

"Unfortunately, women who use illegal drugs are the least likely to seek perinatal care many for fear that their children will be taken from them. HB 2045 would establish a pilot perinatal clinic at the John A. Burns School of Medicine. The clinic will provide care for women with a history of substance abuse including substance use counseling and psychiatric care. The clinic will also provide case management coordinating its efforts with CWS and social service providers.

"We must do what we can to protect the innocent victims of maternal drug, alcohol and tobacco abuse. This pilot program is an important step in protecting the next generation for as we all know, the children are our future.

"I ask my colleagues to support this measure. Mahalo."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2045, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PERINATAL CARE," was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2039, HD 2, be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support of this measure which is part of the package of bills that's supported by Mililani Drug Free. And I'd like to insert written comments in the Journal," and the Chair "so ordered."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure.

"With the popularity of synthetic drugs like crystal methamphetamine, clean up of illegal drug production facilities has become a major problem.

"Many of the chemicals used in the production of crystal meth are toxic, especially to children. These chemicals include: volatile organic chemicals like toluene, acetone, methanol, petroleum distillates and ethers, lead (depending on the manufacturing method) and mercury (also depending on the manufacturing method).

"When illegal labs are discovered, human habitation of the premises is often unsafe. To determine whether living in the building is safe and to conduct necessary clean up, it is important to adopt regulations for the testing and decontamination of property used for the production of illegal drugs.

"Hawaii is currently experiencing a severe housing shortage. We need to ensure that every available property is habitable especially for our *keiki*. We also need to give landlords and law enforcement officials guidance on what constitutes a thorough decontamination.

"HB 2039 would require the Department of Health to adopt rules establishing standards for the decontamination of property used for manufacturing of illegal drugs. This will help ensure that subsequent residents of a property are not harmed and will give landowners guidance on the goals and methods of a decontamination effort.

"I respectfully urge my colleagues to support this measure. Mahalo."

Representative Yamane rose in support of the measure and asked that the remarks of Representative Lee be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2039, HD 2, entitled: "A BILL FOR AN ACT RELATING TO DECONTAMINATION OF ILLEGAL DRUG MANUFACTURING SITES," was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2696, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in opposition to the measure, stating:

"I'd like to register a no vote. Sick leave is a very important benefit that employers need to be able to give to their employees. To start mandating what you can and cannot do with sick leave, I think is going to start discouraging employers from providing this very wonderful tool for their employees. So please register my no."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Meyer rose in opposition to the measure and asked that the remarks of Representative Harbin be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Evans rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you. Reservations, Mr. Speaker. There's one of these bills on sick leave that I'm actually for and I haven't had the chance to take a look at this one, so I'm going to go with reservations."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2696, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT PRACTICES," passed Second Reading and was referred to the Committee on Finance with Representatives Harbin and Meyer voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representatives Caldwell and Karamatsu, for the Committee on Labor & Public Employment and the Committee on Economic Development & Business Concerns presented a report (Stand. Com. Rep. No. 529-06) recommending that H.B. No. 3209, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 3209, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'm going to rise with reservations on this. The Restaurant Association has been trying for many, many years to try to get some type of equitable relief with tip credits. I think this is an attempt towards assisting them. But I think trying to mandate what they do with the tip credits, such as taking care of what they call the back room folks, I think is sticking our nose into the operations of a business on the assumption that they're going to take the tip credit and go out and buy a Porsche or something for themselves, which I can tell you they're not.

"With that being said, I think as this proceeds to Finance, I would like to ask Finance to perhaps take a look at maybe we're not treading into federal law by sharing tips from the front end to the back end, and I'm sure we don't want to do that. Thank you."

Representative Cabanilla rose to speak in opposition to the measure, stating:

"Mr. Speaker, I stand to say loud and clear that I'm voting no on this measure. This bill asks to lower the wages of the lowest paid people in this State. It lowers the minimum wage by \$1.25, and then 75 cents, and then \$1.25 in a couple of years. Granted that there are places of employment wherein the waiters and waitresses receive a substantial amount of tips, but that is not across the board. How about the waitresses at Likelike Drive Inn that go home with a \$5 tip at the end of the day?

"Furthermore what are tipped employees? Hotel maids, porters, the lei employers, as well as some others are called tipped employees. Restaurant revenues go up and down, and sometimes tourists don't come. What will happen to these people? The minimum wage law was implemented to protect our people from 'Scrooge' employers. It is wrong for us to circumvent this law.

"Furthermore to make matters worse, the bill was amended to give the savings of the tipped employee to the non-tipped employees. We are now 'robbing Peter to pay Paul'. Most of us in here in this House claim we ran for office to represent the working people. Why is this bill on the table? Our clergy today at noon, at the beginning of the session, asked us to reflect within ourselves on why we are here. I urge you to do it again. Thank you, Mr. Speaker."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I stand in support with reservations, I guess. It's very interesting how this bill came out. I'm taking a look at what we're trying to do and I agree with Representative from Kakaako/Downtown that we should not be trying to micromanage businesses. There are many reasons why I think that we would be asking for the tip credit, and sometimes it might be reinvesting in the business so that they can produce more jobs within the restaurants or wherever. But also I find it's going to be quite difficult to, I would think, to enforce something like this. So I'm just trying to see ... I'm in support of the tip credit, but we're taking a very interesting approach to this."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise in support with reservations. I'm in strong support of tip credits because I think what this measure's talking about in the restaurant community numerous times said this in Committee, that the reality is we're talking about the restaurant business and very few of them are the ones, with all due respect, with what the former speaker was talking about. We're talking about the young student that comes fresh out of college and they're making a lot of money. And the dishwasher in the back who is maybe a little older, is not making much money.

"And so the fact is that, I think I brought this up on the Floor before. There are a number of young people capable, talented, etc. who instead of going on to business fields or going into any other industry, unlike maybe their parents or grandparents did, they're going into the serving business because of the money, and the money is so lucrative. So what the restaurants are asking for is a little bit of fairness, I believe.

"My reservation comes as a result of the amendment that was made in Committee which is dictating to the businesses how that money should be used. Thank you."

Representative Sonson rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support of tip credits, and with reservations on the redistribution of the funds."

Representative Stonebraker rose to speak in support of the measure with reservations, stating:

"I have strong reservations, Mr. Speaker. I'll retain my comments for Third Reading."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 3209, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE MINIMUM WAGE," passed Second Reading and was referred to the Committee on Finance with Representatives Cabanilla and Sonson voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representatives Caldwell and Sonson, for the Committee on Labor & Public Employment and the Committee on Human Services presented a report (Stand. Com. Rep. No. 530-06) recommending that H.B. No. 2367, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. referred to the Committee on Consumer Protection & Commerce with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Chang, for the Committee on Tourism & Culture presented a report (Stand. Com. Rep. No. 533-06) recommending that H.B. No. 3223, as amended in HD 1, pass Second Reading and be referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3223, HD 1, pass Second Reading and be referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Stonebraker rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm going to vote against this bill. This is a bill that can make you fighting mad. I'm furious. No, I'm just kidding, Mr. Speaker. But it just seems we want to regulate every thing in the books. Mixed martial arts is a beautiful sport. A combination of many sports. I just think that we should leave it alone and allow the Boxing Commission to do its job. Let's not micromanage everything that comes across our table."

Representative Chang rose to speak in support of the measure, stating:

"Mr. Speaker, in support of the martial arts bill. I just wanted to let the previous speaker know that the Boxing Commission does not regulate mixed martial arts."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3223, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MIXED MARTIAL ARTS," passed Second Reading and was referred jointly to the Committee on Consumer Protection & Commerce and the Committee on Judiciary with Representative Stonebraker voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 534-06) recommending that H.B. No. 2175, HD 1, be referred to the Committee on Finance.

No. 2175, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 535-06) recommending that H.B. No. 2401, HD 1, be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2401, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ALCOHOL AND SUBSTANCE ABUSE," was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 536-06) recommending that H.B. No. 2694, HD 1, be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2694, HD 1, be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating:

"I rise with reservations on this, Mr. Speaker. The last time the Legislature decided to insert itself into stating or determining what physicians should be paid for work comp services, we ended up being warned that we're going to get ourselves into a mess, and here we are. We're in a horrible mess.

"Doctors are not taking work comp, other types of providers are not taking work comp, and a lot of it is because they say the medical reimbursement is too low. First to take up to where the medical reimbursement is high enough, it will further bankrupt our system. Our doctors need to be paid the right amount for what they do, but I think as you talk to doctors, it's not just the pay. It's the hassle factor and there's no way to put the dollar value on that.

"So we can't just look at this as trying to come up with some unknown amount, which apparently even the second Committee hasn't come up with an amount yet, but we need to look at this together with establishing set medical algorithms. Standardization of our forms, and getting our doctors more efficient and easier so that workers' comp becomes a desirable commodity and not try to set some type of unknown repayment amount. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2694, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 537-06) recommending that H.B. No. 2695, be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2695, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII EMPLOYERS' MUTUAL INSURANCE COMPANY," was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 538-06) recommending that H.B. No. 3129, be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. Representative Meyer rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Stevens rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Pine rose to speak in opposition to the measure, stating:

"A no vote, Mr. Speaker, and a couple of comments. I just believe that this Body has done so much to try to get into the business of the Governor. I think we have so many responsibilities as it is right now. We should focus on our legislative job and allow the Governor to do hers. Thank you."

Representative Halford rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2717, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC UTILITIES COMMISSION," passed Second Reading and was referred to the Committee on Finance with Representatives Ching, Finnegan, Halford, Marumoto, Meyer, Moses, Pine, Stevens and Thielen voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

No. 2248, HD 1, entitled: "A BILL FOR AN ACT RELATING TO KIKALA-KEOKEA," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Kahikina, for the Committee on Housing presented a report (Stand. Com. Rep. No. 546-06) recommending that H.B. No. 2989, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2989, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I'm standing in strong support of House Bill 2989, and this is a tax credit for low income housing development. Thank you, Mr. Speaker. Now I would like to ask that the article by Lee Cataluna be inserted into the Journal because it shows how desperate our housing need is when a closet, a large walk-in closet was advertised for rent for \$100 a month. There were 33 replies, and the closet rented within one day. It just shows that people are desperate. Thank you." and the Chair "so ordered."

Representative Thielen submitted the following:

"A renter hangs out in a closet

By Lee Cataluna

There are more and more examples of just how tight the local housing market is, from tales of simple homes in regular neighborhoods going for close to a million dollars to stories of families tripling up in shoebox apartments.

But the one making the rounds this week is a high-water mark.

Among listings of rooms for rent was a closet — a closet! — in a Kailua house, for \$100 a month. There were 33 replies and the closet was rented immediately.

The walk-in was advertised on the Web site Craigslist.org.

The posting, dated Feb. 10, made it clear that this closet was intended for living space:

"We are 4 professionals living in a very spacious house. We have a huge walk-in closet downstairs outside living areas that is being used for storage. You can fit a twin bed in there and probably a small nightstand. We can power your closet with some extension cord.

"This space is best for someone who doesn't stay at home much, and literally just needs a bed to crash. We did some tests with a metal bar so you can definitely 'lock' your door for full privacy. Obviously there is limited storage space.

"You will share a bathroom with 4 other people. Utilities are included. Fifteen minute walking distance to Kailua Beach Park, safe neighborhood, plenty of street parking."

This brings up so many questions about who would live this way, how you make it work, who came up with the idea and so on. Three days after the ad was posted, the e-mail contact for the rental unit was no longer active (the closet was scooped up that fast), so further questions about the arrangement couldn't be answered.

There apparently was also a laundry room for rent in the same household that was spoken for immediately.

The posting later picked up this anonymous commentary: "It is no crime to rent out very small places. The crime is when they are way over priced. I hope you guys that placed the ad feel good. You made it work out better for everyone."

Clearly, there are people who find this arrangement acceptable, even desirable. The landlords came up with a workable idea and people lined up for a chance to have a bed and a hot plate and a place to get their mail.

Why not? There are hot, noisy hollow-tile hovels in town that are 10 times the price and only two or three times the space. There are wait lists for public housing and Section 8. Even the beach encampments are full.

This is the plain truth of Hawaii's housing crisis. People are willing to sleep in a closet.

Representative Cabanilla rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I want to register a no vote on this measure. I would like to say that I support construction of low-income housing, and I support tax credits when it's given to the right people, on the right occasion, for the right purpose.

"Tax credits destroy our tax base, and my opposition for this bill is that it's a blanket award of tax credits. I would like them, these developers, to come to our Body and ask for this tax credit so we can

determine whether we're giving the tax credit to the right people, for the right occasion, and at the right time. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2989, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Second Reading and was referred to the Committee on Finance with Representative Cabanilla voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 547-06) recommending that H.B. No. 1342, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1342, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MOTORCYCLE AND MOTOR SCOOTER SAFETY," passed Second Reading and was referred to the Committee on Judiciary with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 548-06) recommending that H.B. No. 2452, pass Second Reading and be referred to the Committee on Judiciary.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2452, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Reservations at this time. This is about seatbelts in school buses. Our testimony was that the buses are constructed such that it makes it more dangerous for students to wear seatbelts than not, and they'll be providing more information I hope, on the subject. When it gets to Judiciary, I hope that the Committee does ask for that data. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in support of this measure. If society believes seatbelts are desirable and necessary, then it's a grave oversight for schools not to offer our children that choice. This life-saving habit comes to a halt every September when the school year begins as we send our children off to school on belt-less buses. The arguments against seatbelts on school buses are finally beginning to fade and the truly valid reasons for their installation are starting to surface.

"Opponents say seatbelts are harmful to small children. If this is true then why is there a child restraint law in every state? Although none of these groups submitted testimony at our Transportation Hearing, seatbelts on school buses have been endorsed by the American Medical Association, the American Academy of Pediatrics, the American Academy of Orthopedic Surgeons, the American College of Preventive Medicine, Physicians for Automotive Safety, and the Center for Auto Safety.

"Opponents claim that seatbelts on school buses are not cost effective and that school districts should weigh cost versus their school system safety record. Yet they ignore the fact that seatbelts would cost most districts a few dollars per child each year for the added protection. Even districts with proper driver screening and the best safety records cannot predict the performance of the other driver. Do we base our actions regarding safety of children on the cost? I have additional written comments to insert in the Journal. Thank you," and the Chair "so ordered."

Representative Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure. I would like to refer members to the National Coalition for School Bus Safety. At their website they make a strong case to support school bus seatbelts which I would like to share with you.

"If society believes seatbelts are desirable and necessary, then it's a grave oversight for schools not to offer our children that choice. This lifesaving habit comes to a halt every September when the school year begins, as we send our children off to school on beltless buses. The arguments against seatbelts on school buses are finally beginning to fade and the truly valid reasons for their installation are starting to surface.

"Opponents say seatbelts are harmful to small children. If this is true then why is there a child restraint law in every state? Although none of these groups submitted testimony at our Transportation hearing, seatbelts on school buses have been endorsed by the American Medical Association, American Academy of Pediatrics, American Academy of Orthopedic Surgeons, American College of Preventative Medicine, Physicians for Automotive Safety, and Center for Auto Safety.

"Opponents claim that seatbelts on school buses are not cost effective and that school districts should weigh costs vs. their school systems safety record. Yet they ignore the fact that seatbelts would cost most districts a few dollars per child per year for this added protection. Even districts with proper driver screening and the best safety records, cannot predict the performance of the "other driver". Do we base our actions regarding safety on the cost?

"Opponents ignore the fact that by not providing seatbelts, a school district is demonstrating a form of negative education. This negative training carries over to the family car, leaving children defenseless against their number one killer, the automobile collision. Our teens are killed in drastic numbers each year because they haven't learned the importance of wearing a seatbelt. What a great opportunity we have before us to educate and condition a new generation of children with this life saving belt.

"Opponents state that 'compartmentalization' (protection between high-back padded seats) provides sufficient protection, yet they ignore the effects of rear-end, lateral and rollover collisions. During a crash, children become human missiles as they are thrown from their seats, into one another or into aisles, blocking quick evacuation.

"Opponents suggest that seatbelts are more trouble than they're worth and that children won't wear them. Wearing seatbelts twice a day, 180 days a year will make wearing seatbelts a routine and not an ordeal. Over 200 school districts across the nation have adopted seatbelts as an added safety feature and report usage rates from 80% to 100%. Districts must encourage, if not demand their usage and support must come from parents, administrators and school bus drivers.

"There are also valid concerns about liability, Mr. Speaker. The School Board, in its capacity as provider of transportation for students, could be considered as a 'common carrier.' Common carriers are required to use the utmost care consistent with the nature of its business to guard its passengers against all dangers which might reasonably and naturally be expected to occur, in view of all the circumstances. A legal argument could be made that this includes the duty to protect passengers who are unable to protect themselves. Thus, at some point in the near future it may be the case that a common carrier fails to meet its duty by not installing seat belts in its buses.

"I urge my colleagues to support this measure. Thank you."

Representative Stevens rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations on this measure. We did hear some compelling testimony in Committee that actually wearing seatbelts would be more dangerous for the children in the school buses, so that why's I like to note my reservations. Thank you."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising with in support with strong reservations."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you. I rise with reservations, Mr. Speaker. I had the pleasure of sitting in on that specific Committee hearing though I not be on the Committee, and I heard firsthand the testimony about how seatbelts in buses because buses don't work the way that cars do, are actually much more dangerous than without seatbelts. If that's the case then I don't see why we need to add this to what schools need to do."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative M. Oshiro rose to speak in support of the measure, stating:

"I am in strong support and I ask that the words of the Vice Chair of Transportation be adopted as my own," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2452, entitled: "A BILL FOR AN ACT RELATING TO SCHOOL BUSES," passed Second Reading and was referred to the Committee on Judiciary with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 549-06) recommending that H.B. No. 2737, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2737, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HONOPOU DISTRICT OF THE COUNTY OF MAUI," passed Second Reading and was referred to the Committee on Judiciary with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 550-06) recommending that H.B. No. 2873, be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2873, be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Stevens rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'd like to register a no vote on this measure. Thank you. This measure is very important to stop invasive species coming into our islands but I believe that the Harbor Special Fund is not the correct way to fund this. I believe that there are better methods of funding the location and the detection of invasive species especially

on ships. I believe that there are federal grants available for this. We've had those in Hawaii before. Or, I believe that the general fund is a more appropriate funding mechanism. Thank you."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I'll go with reservations at this time because we'll see it in Finance, but it does take money from the Harbor Special Fund and the Airport Revenue Fund to fund invasive species battles. I think that it's broader than just the ports of entry. I think it's a serious problem and we should dedicate some general fund money to the eradication of the invasive species. Thank you."

Representative Stonebraker rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. And I'd like to point out that I believe one of our earlier measures was to increase moorage fees. If there is a surplus in the Harbor Special Fund, why are we increasing fees, and why are we raiding that Fund. I just think it's something to consider."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, reservations because of all the other things that have been said."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Souki rose to speak in support of the measure, stating:

"Yes, Mr. Speaker, very quickly. And Members. I just wanted to make mention that ... I'm speaking in favor, of course. The entryways through the harbors and through the airports, and rightfully so, should be coming out the respective Funds of those respective areas."

"I'm generally opposed to raiding the Highway Funds. I'm spoken against that in the past, but there is a surplus in the Highway Fund when you look at all the expenses that are going to be considered for the year, less the surplus, there are sufficient dollars in the Highway Fund to take care of this."

"Furthermore, I am very disturbed that, and I use this in a positive sense, that not only this Administration but past Administrations, have refused to raise the fees for both the landing fees and harbor fees. In fact, there won't be any increase until 2007, and in the meantime we have all these needs. So if we want to point the finger somewhere, I think we should be looking in that direction, as to the disrepair of the airports and harbors. Thank you very much, Mr. Speaker."

Representative Chong rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support. This measure seeks to find a funding source and to address the issue of invasive species. As we have known from many bills in the past and many speakers here, that invasive species are something that not only affects our lifestyle, our ecosystem, and our environment, but also our economy."

"This is going to Finance where more work can be tended to this bill, but it's time to do something. Invasive species, again not only the environment, but just on the economy, probably costs us in the tens of millions of dollars. I think this is a good first step in addressing that issue and protecting our economy. Thank you."

Representative Tsuji rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I rise in support. Mr. Speaker this is another very important measure regarding the detection and prosecution of invasive species, especially in our port of entry areas. The purpose of this bill is to provide funding for inspection and eradication; a very important goal in our continuing effort of detection and eradication of invasive species. Thank you very much."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising in support with some pretty serious reservations. I realize that we are always looking for funding for important programs, but I am concerned that this bill creates a new special fund, the Hawaii Invasive Species Special Fund. And also, I don't believe it's appropriate."

"The revenues of the airport and harbor divisions are pledged for the use of operations, maintenance, and repair of the airports and harbors systems. So I don't think it's something that we should be doing. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2873, entitled: "A BILL FOR AN ACT RELATING TO INVASIVE SPECIES," was referred to the Committee on Finance with Representative Stevens voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 551-06) recommending that H.B. No. 418, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 418, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION TO ALLEVIATE TRAFFIC CONGESTION ON FARRINGTON HIGHWAY IN MAILI AND NANAKULI, OAHU BY ADDING AND OPERATING A CONTRA-FLOW TRAFFIC LANE," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 552-06) recommending that H.B. No. 2267, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2267, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. Thank you, Mr. Speaker. This bill allows DAGS, or authorizes DAGS to implement payroll deductions for State employees who wish to buy City and County of Honolulu bus passes. Well, Mr. Speaker, they already have that authority, and in fact they're already doing it. Right now DAGS, DHRD, and DOT have already gotten together and they agreed to implement this thing and they're reprogramming the computers to do it. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2267, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 553-06) recommending that H.B. No. 1835, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1835, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF TRANSPORTATION," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 554-06) recommending that H.B. No. 1880, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1880, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating:

"I'm sorry I didn't move fast enough, but I'm looking at 554. I'd like to offer my support with reservations. Prior to my becoming a member of this Body, I spent a very good part of my life trying to stop the transfer of Piers 1 and 2 from the HCDA to the Department of Transportation, and I had sort of a quick lesson through the Water, Land, Ocean that our harbors are in such disrepair and we need to have some one agency looking at it. So I'm kind of right now, tending towards liking this idea of Piers 1 and 2 being moved.

"However the next step of moving the Foreign Trade Zone and another piece from HCDA over to DBEDT, now raises another issue with me, bifurcating what I think is a very good statute, which is for establishing the HCDA so that we can look at Kakaako in its totality, not in pieces. It looks to me like now what we're doing is maybe trying to piece it up. I have some real concerns with that because it is such a valuable asset for the State of Hawaii. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1880, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HARBORS," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 555-06) recommending that H.B. No. 2130, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2130, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, at the appropriate time if we can go back to 552. On 555 I'm in support with reservations. This adds a commission to the Harbor Land Commission, which would just add another layer of bureaucracy. It'll slow down what we're trying to do with our harbors. It should be pointed out that a certain amount of non-critical lands at the harbors need to be available for non-direct

maritime use. That doesn't mean reducing the actual usable harbor space. Thank you, Mr. Speaker."

Representative Harbin rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm going to vote no on this at this time. I have a real issue of creating governments within a government. We have agencies, we have the Administration, we have this Body and we have a responsibility and accountability. I truly feel that when we start developing commissions to be in charge of this and commissions to be in charge of that, we lose the ability to have one-on-one control. I just deplore 'passing the buck' to a commission of appointees. Thank you."

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, standing in strong support. I wanted to address the concerns regarding H.B. 2130, and to highlight the fact that the Commission which is written in the bill, part of the bill in establishment of the Land Commission is that they shall identify and designate important harbor lands, Mr. Speaker.

"One of the other issues that this bill would do beside identifying the current lands now, not dictating its use by saying the need and the impacts on our State. The other issue that this would do is also map our current harbor lands so that this Body, and Department of Transportation, have a full understanding of what is available, and what the lands are currently being used for, Mr. Speaker.

"Also we have to realize that 98% of all our goods and food come through our harbors. We need to address this issue now. Part of addressing it in the most timely and most efficient way is to first identify what are our current conditions, what areas can be used, and what are important harbor lands. And that's what this bill is identifying, trying to do. Not to add another layer of bureaucracy, but actually condense it and make it more user friendly. Thank you, Mr. Speaker."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I just want to vote with strong reservations. Support with reservations."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Evans rose to speak in support of the measure, stating:

"Mr. Speaker, just one quick comment in support of Standing Committee Report 555. This is Relating to Harbors. I want to say, 'You go,' to the Chair of Transportation because, I think this is a great idea and what I'd really like to hope is that they add the small boat harbors to it. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2130, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HARBORS," passed Second Reading and was referred to the Committee on Finance with Representative Harbin voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 556-06) recommending that H.B. No. 2160, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2160, HD 1, pass Second Reading and

be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. This has to do with Kapalama and actually talking about issuing Special Facilities Revenue Bonds to assist Horizon Lines in constructing and equipping new facilities at Kapalama Military Reservation.

"That's being studied and the Kapalama plan isn't ready yet, so this would be quite premature. But there's also the problem with, are we going to, by law, issue Special Revenue Bonds per each individual entity? I don't know if we want to get into that. Thank you."

The Chair then stated:

"You can address that, Representative Moses, on the Finance Committee."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Stevens rose to speak in support of the measure with reservations, stating:

"Yes, with reservations. And I look forward to more discussion in Finance. Thank you."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2160, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HARBORS," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 557-06) recommending that H.B. No. 2746, HD 1, as amended in HD 2, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2746, HD 2, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2746, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AVIATION FUEL TAXES," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representatives Souki and Luke, for the Committee on Transportation and the Committee on Judiciary presented a report (Stand. Com. Rep. No. 558-06) recommending that H.B. No. 1882, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committees be adopted, and that H.B. No. 1882, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Stonebraker rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I'm in support with reservations. This has to do with allowing the Department of Transportation to issue permits to businesses that have five or more commercial vehicles, to utilize the HOV lanes and charge a fee.

"Problem is, the HOV lanes were not designed for that. HOV lanes are quite narrow. Some of these commercial vehicles will be too wide and get stuck in the HOV lanes without a lot of money spent to redesign the freeways. So I don't think this is a good idea. Thank you."

Representative Sonson rose to speak in opposition to the measure, stating:

"Short comments in opposition. The testimony in Committee in support of this was that if you allow these trucks, these slower trucks to go in the HOV lane, then it will free up some of the other lanes. I don't think that makes a lot of sense."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose to speak in opposition to the measure, stating:

"Mr. Speaker, a no vote on this measure. As someone who takes an hour and a half to get into town, and I work really hard to get people to ride with me so that I can take the HOV lane, which is already full and backed up, I just cannot support this measure."

Representative Cabanilla rose in opposition to the measure and asked that the remarks of Representative Moses be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Yamane rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. My community out in Mililani, Waipio Gentry, we have a far drive into town and we struggle daily, sometimes taking upwards of two hours to get to our destination both to work as well as home.

"I understand some of the intent to encourage businesses to get to their destination quicker, that's why I'm going with reservation rather than a no vote, but I think we owe it to those who are trying to carpool to give them the right of way. Thank you."

Representative Lee rose in support of the measure with reservations, and asked that the remarks of Representative Yamane be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, in support with reservations. I think letting commercial vehicles use the HOV lanes contradict the purpose of these lanes. Thank you."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 1882, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HIGH OCCUPANCY VEHICLE LANES," passed Second Reading and was referred to the Committee on Finance with Representatives Cabanilla, Pine and Sonson voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 559-06) recommending that H.B. No. 2624, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2624, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LABOR," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 560-06) recommending that H.B. No. 2678, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2678, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representatives Kahikina and Kanoho, for the Committee on Housing and the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 561-06) recommending that H.B. No. 3202, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committees was adopted and H.B. No. 3202, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 562-06) recommending that H.B. No. 2374, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2374, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Sonson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2374, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE DEPARTMENT OF HEALTH FOR THE ADULT MENTAL HEALTH DIVISION," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 563-06) recommending that H.B. No. 2384, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2384, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION TO THE DEPARTMENT OF HEALTH FOR THE FAMILY HEALTH SERVICES DIVISION," passed Second Reading and was referred to

the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 564-06) recommending that H.B. No. 2126, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2126, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, standing up on Stand. Com. Report 564. I'm standing in strong support. I would like to also state to this Body that the passing of this, getting an emergency medical vehicle in the area of Central Oahu will impact communities as far as the North Shore, and as far as Waianae, and I ask for your support. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support. I think especially with the fact that we will be losing the aerovac services of the military coming up in April that this is a very important measure to serve the people, not only of Mililani, but of the whole Central Oahu and Leeward areas. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2126, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR EMERGENCY MEDICAL SERVICES," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Arakaki, for the Committee on Health presented a report (Stand. Com. Rep. No. 565-06) recommending that H.B. No. 2884, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2884, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Carroll rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I'm speaking in strong support of 565, requesting for ambulance service in the Haiku region. Because the nearest ambulance is in Makawao and it takes between 26 minutes to even up to an hour, depending on in the area of Haiku, where the call is coming from. Haiku residents have expressed some deep concern because of the response time. And coming from the other side, Hana is the next closest area where it's 37 miles. So I ask my colleagues for support on this. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2884, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR AMBULANCE SERVICE FOR THE HAIKU REGION OF MAUI," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2555, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Evans rose to speak in support of the measure with reservations, stating:

"I rise with strong reservations on 572. This is known as the Kakaako Development Bill, I think. We can call it that. I have really strong reservations because we had a really productive hearing on this in our Committee but I really believe that we could have gone a lot farther than we did in really giving direction to the Hawaii Community Development Authority on it. As it stands now, what we have said in this bill is they cannot sell land on the *makai* side. We've also said that we're going to put in this bill for the issuance of revenue bonds, and we limited it at that.

"I was at the hearing that we had on the original bill, and of course this is a House Draft 1, and we had the public show up. What I learned from that hearing is that inadvertently the Legislature had passed laws that basically treated the *mauka* side of Kakaako different from the *makai* side of Kakaako, and as a result HCDA does not plan the whole area as one huge master plan. They treat each one separately. When I asked them what they felt their guidance was in terms of planning it, the discussion got into kind of what was the overall theme of what they were trying to accomplish.

"If you wanted to make it an area that was recreational, had open space. Was that the direction you thought you had? What I got out of it was they felt that they were told to look at a mixed use, and it kept coming up in the Director's testimony. We thought we were supposed to do mixed use.

"What I'd like to see is this legislative body giving direction to HCDA to go back to the drawing board. Look at the whole Kakaako area as one big area, *mauka* and *makai*, and really look on the *makai* side as no residential. Whatever uses that go in there are really for recreational, and play, and for supporting the development that's going on the *mauka* side of Ala Moana Boulevard.

"In the testimony they said that by 2020 they expect the population in the Kakaako area to go from 6,000 to 25,000 people. One of the things I said to the Director is, in addition to that, there are 12 high-rise condominiums being constructed right now between Downtown Honolulu and Waikiki. And until they come on board and we understand the impacts to the quality of life in that neighborhood, why would we want to build residential housing at this time on the *makai* side? Why is there a sense of urgency? And I do not believe that we should be so urgent and rush this.

"I think we can wait. I think State government has the ability to hold onto land. One of the beauties of State land, is that we can hold onto it. Not like private developers. So I really hope that as this goes forward that we give a much stronger direction to HCDA. Thank you."

Representative Stevens rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. And I'm just delighted that this Body has taken up this issue because it's of great importance to the constituents of my district. It relates to one of the very, very last open pieces of land that you actually can see the ocean from Ala Moana Boulevard. I just think it's so important that we continue this discussion and try to reach a good conclusion on this issue. I do believe that HCDA needs some further guidance in their operations and the way they do business. Thank you very much."

Representative Berg rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I rise with reservations. Thank you. The portion of the original bill which calls for a public hearing has been deleted in this version, and so I hope that the next Committee will consider that. Thank you."

Representative Carroll rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support of SCR 575. The purpose of this bill is to protect youth and the general public from exposure to products of an indecent nature by requiring individuals and businesses who sell adult entertainment products to display the products separately and obscurely.

"I'd just like to say that it was a 9 year old boy and his mother who came before me, and the 9 year old boy said to me, 'I think that teddy bear that was displayed in this one business, is not right.' And because of that discussion, this is how this measure came to be. Because he was concerned that other children who go into this business will see this paraphernalia that are not for viewing for the youth. I just ask for everyone's support on this measure. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2885, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ADULT ENTERTAINMENT PRODUCTS," passed Second Reading and was referred to the Committee on Judiciary with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2751, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure, stating:

"Sorry, I was asleep on the job. I would like to go back to 578. I'm sorry. I'm a little confused today. I'm standing in support of this particular measure. This is one of the two that I feel send a very strong signal to the small business community that this Legislature does in fact, respect their needs and includes them as part of our march into the future with economic stability.

"I think business retention and expansion is a relatively new term in economic development. In economic development there are two ways to do it. You can go out and you try to attract new businesses to come into the State. But the new way of maintaining your economic stability is to continually nurture and continually work with your existing business because they are the ones that produce over 80% of all new jobs.

"As I said a couple of days ago, I was really pleased to see on Opening Day, five or six new, young businesses that have stepped into, that are growing in Hawaii. It's businesses like this that need to be continually nurtured so we can see what their needs are, be it workforce, or regulatory, or other things. That's what this business retention program is about. And I really would like to encourage my fellow Members to really look at this as a tool to go along with all of the new industries that we are developing in Hawaii. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2751, entitled: "A BILL FOR AN ACT RELATING TO BUSINESS RETENTION

AND EXPANSION," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1817, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FIREWORKS," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 582-06) recommending that H.B. No. 2278, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2278, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative B. Oshiro rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise in support with some reservations. Basically, while I do feel that the funding for these programs is important and something we should consider, I don't think it rises to the level of being an emergency."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2278, HD 1, entitled: "A BILL FOR AN ACT MAKING EMERGENCY APPROPRIATIONS FOR THE DEPARTMENT OF THE ATTORNEY GENERAL," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2060, HD 2, be referred to the Committee on Finance, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"This is our favorite bill from a couple days ago, relating to medically accurate sex information. And of course it's medically accurate and it's sex information, but what kind of sex information? So I've got severe reservations for this and I'll look forward to seeing it again in the Finance Committee."

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker. I'm going to have to still vote no on this. I was hoping that we were going to insert a line that requires in the law that parents be notified that this is going to be taught at the schools. I know that everyone has different beliefs on this. But I'm being taught from the people in my district that they do want to be notified because, they only believe in abstinence-only education.

"But also, I don't think we should punish those groups that do want to teach abstinence-only programs; allow the groups to teach the other types of programs, but also allow those that want to teach abstinence-only. I also think that we're punishing ourselves because we do get almost a million dollars from the federal government to teach abstinence-only programs in our schools. And I think that that would be bad for us. Thank you."

Representative Stonebraker rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'll be voting no on this Planned Parenthood Bill. As I indicated, Mr. Speaker, this bill is taken directly from Planned Parenthood's website. For the edification of the Body that they might know that they are the driving force behind this legislation, as well as the ACLU. I believe that we should give abstinence-only education a chance. Really, we've had a broad spectrum of sex education in our schools for 40 years. And abstinence only has only been given about seven years chance. We have found that the information provided an abstinence-only curriculum provides about 38% of the overall curriculum itself, speaking of healthy families, healthy education. But when it comes to medically accurate sex information, only 5% of that information has to do with abstinence programs. For those reasons and other reasons which I'll reserve for the Third Reading, I'm going to vote no. Thank you."

Representative Finnegan rose to speak in opposition to the measure, stating:

"Please note my no vote. This is on 590. I'd just like to mention that as a parent, it kind of penalizes us that want to be able to understand what our children are learning, especially if there's no

parental consent required in this. When and what our children are learning, and when the appropriateness of that is. Let parents be able to guide that type of education. Thank you."

Representative Kahikina rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support of this measure. Like I've said in the previous discussion, this is a matter that cannot be resolved in this Body. We'll have to leave it with the experts. But I also want to say that I don't like abortion. I'm opposed to abortion. But if we only teach abstinence in schools, it's been proven that it only works half of the time, or even less. And as long as I'm opposed to abortion, I'm going to advocate for sex education in our schools because that's a deterrent to a more grave scenario that we don't want. Thank you, Mr. Speaker."

Representative B. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. Just briefly, I just wanted to clarify. I think the version of this bill has changed somewhat from the original version. And I would like to explain it. Basically as we've heard from the testifiers, there is federal funding that comes down for abstinence-only programs. However, the bulk of those programs are devoted to actually, basically doing the 'keeping the kids busy after school' kind of activities. Not necessarily doing any preaching, on any educational efforts in abstinence only. Rather, they've used that definition broadly so that they can find other ways in which to move towards that direction. All we're saying in this bill is that, if you are going to be preaching anything about sex education, make sure it's accurate. Thank you."

Representative Kahikina rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. Again, with reservations. Mr. Speaker, no matter what we say, no law should circumvent a parent's right to raise their family and their children. And for those reasons, I stand in reservations."

Representative Lee rose to speak in support of the measure, stating:

"I rise in support. And I just wanted to add to the list of people who support this bill, the American Medical Association, American Academy of Pediatrics, the National Education Association and American School Health Association. They all support comprehensive sexuality information. And I believe that many parents sitting here on the Floor also support this. We need to make sure that all teens in Hawaii are provided with medically accurate sex information so they'll make knowledgeable and informed decisions about their sexual health. Children may be excused from receiving sex education at the request of their parents."

Representative Pine rose to respond, stating:

"Mr. Speaker, I'm sorry. Just in rebuttal to the Majority Floor Leader. I was really disturbed that we're getting federal funding to teach abstinence-only programs, and it's not going to abstinence-only programs. I think that we should also look into the fact that we should use this money for those reasons. But I'll reserve my comments for Third Reading. Thank you."

Representative Finnegan rose to respond, stating:

"Yes, Mr. Speaker. I just want to make clear, and I'm still in opposition, that I understand that parents can request, but how do we know when it's going to be taught, to request that we don't want our children to be taught certain information or whatever. And it doesn't state anything like that in here. So that's my opposition to the bill. Thank you."

The Chair then stated:

"For those members of Finance, this bill is being referred to your respective Committee. I hope you've heard the discussion this afternoon on this particular topic, which is such an emotional topic. And I hope you can work on some compromise."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Just reservations. And I'd like to add that I would like to see parents have some sort of notification. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2060, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," was referred to the Committee on Finance with Representatives Finnegan, Pine and Stonebraker voting no, and with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2646, HD 2, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Kanoho, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 596-06) recommending that H.B. No. 2635, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2635, entitled: "A BILL FOR AN ACT RELATING TO THE AHIHI-KINAU NATURAL AREA RESERVE MANAGEMENT PLAN," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Kanoho, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 597-06) recommending that H.B. No. 2587, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2587, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MARINE RESOURCES," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Ito, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 598-06) recommending that H.B. No. 173, as amended in HD 1, pass Second Reading and be referred to the Committee on Labor & Public Employment.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 173, HD 1, pass Second Reading and be referred to the Committee on Labor & Public Employment, seconded by Representative B. Oshiro.

Representative Moses rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Thank you, Mr. Speaker. This bill limits the Governor's ability to appoint an Adjutant General unless he served five years or more in the National Guard. Now, it says that in addition to that, he has to be a commissioned officer, field grade officer, and federally recognized, and he can serve that in the National Guard or in any of the State territories. Armed forces of the United States, that counts. Reserved component or active duty, that's all good. But then there's that limitation, he has to serve five years in the National Guard.

"I just want to point out they grandfathered in our current Adjutant General, but the point isn't directed toward him. It's directed toward

the whole philosophy of limiting a person like that. Let me give you an example. Now let's say this bill wasn't grandfathering in this Adjutant General. Just listen to his background.

"He was commissioned in 1971 to the ROTC program at the University of Hawaii. He went through the Air Defense Artillery Basic Course; he was assigned to the Army Reserve. He's served as ..."

Representative Takai rose, stating:

"Point of information, Mr. Speaker. Thank you, the speaker right now is talking about the Adjutant General, General Lee. And this bill exempts General Lee from the amendments made to law. So I'm not too sure why the Representative is talking about the credentials of our present General. Thank you."

Representative Moses continued, stating:

"I can make my point, Mr. Speaker. I'm trying to show how this would affect other officers of the same kind of nature, the same kind of background. Why they should not be limited. So I'm just giving you a background of this particular officer who is not five years in the National Guard.

"Then he went on to be platoon leader for 411th Engineering Battalion and the 332nd Civil Affairs Group. In 1972, he went to the 100th Battalion, 442. He served in successive assignments there, promoted to platoon leader, company commander, battalion operations officer. In 1980, he served two years on active duty. And then he was assigned back to the 100th Battalion, 442 as the assistant air operations officer.

"In 1982 he was reassigned as ground liaison officer in the corps operations staff, IX Corps (Reinforcement). 1988, he returned to the 100th Battalion, 442 as a commanding officer. 1991, following that command, he served as assistant chief of staff for operations and training IX Corps, and then the 9th Army Reserve Command. In 1996, he was appointed as the chief of staff, 9th Army Reserve Command.

"He's attended the Army War College, the Command and General Staff Officers Course, the Infantry Officer Advanced Course, and the Air Force Ground Operations School. He's got the Legion of Merit, Meritorious Service Medal, Army Commendation Medal, and the Army Achievement Medal. All of that without serving five years in the National Guard of this State.

"My point is that there can be very qualified people without serving five years in the National Guard. The problem that brought this all about is there is a club. There's a club in all services. We call it the 'ring knockers' club, or whatever you want to say. There's people within the National Guard that say, 'Why were we passed over? Why weren't we made the Adjutant General or considered for it because we served our time in the National Guard?' Well, it's simple. Sometimes people come along that are better qualified and they get the appointment. And that's what happened here.

"And now we're trying to go back and make a law to say that can never happen again. So for instance, the Chair of the Military Affairs Committee, if he retires from this Body, or if I retire from this Body, neither of us could be the Adjutant General because we have not served five years in the National Guard. I don't think it's good. Thank you."

Representative Ito rose to speak in support of the measure, stating:

"Mr. Speaker, in support. First of all, I'm not qualified to be a General. I'd rather be an enlisted man, with four stripes. And Mr. Speaker, General Lee did serve in the National Guard. I'm in support. You don't want anybody applying for this job. You want the best. And if you want the best, you want a guy with minimum qualifications, and that they served in its organization. We put five

years, and if appointed, you can lead the organization. I think if you really want the best, I think this is the way to go. Thank you."

Representative Stonebraker rose to speak in support of the measure with reservations, stating:

"I'd like to vote with reservations and make reference to the Representative's comments from Makakilo. I think it's a dangerous precedent if we begin to disqualify the lot of people who may be very well qualified to direct such a fine organization. And for those reasons and in reference to the fine qualifications of General Lee, I'm voting with reservations. Thank you."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Yes, with reservations also. I think this speaks to merit, and the wider the menu of people you can choose from, the better. Thank you."

Representative Stevens rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'd like to vote no on this measure. I just don't want to limit the pool of good officers that could come and serve our State in this capacity. Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"With reservations, Mr. Speaker. Every Governor since Statehood has appointed the person to this position, but for some reason, we don't believe that this Governor can appoint the right person. We have to tell this Governor who, and on what they need to qualify, to appoint. Thank you."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. An aye with very strong reservations."

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, I'm standing in support. We've talked about the Legislature being aware and involved. A part of this is that when we hire people in the various businesses and the various organizations we belong to, we look at minimum qualifications. We look at areas of expertise. We look at the needs of what our company, and in this position, our State need. And what is a factor in all those decision hiring is a fact of experience, expertise, and knowledge. And that's something that somebody who may come from a different area or even branch of service, could qualify for this position.

"And what the intent of this, Mr. Speaker, is to make sure that we do get the best. And we do get the people who are going to be involved with protecting our lives following a natural disaster. So I stand in strong support. Thank you."

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support of this measure. Mr. Speaker, our State already has laws against prostitution and other crimes. So why do we need an anti-trafficking law? According to the National Institute on State Policy on trafficking of women and girls, until states enact comprehensive anti-trafficking laws, prosecutors' use existing criminal statutes to prosecute traffickers for such crimes as false imprisonment, kidnapping, rape, and aggravated assault. But these laws are insufficient and they do not criminalize all manifestations of exploitative trafficking into the United States. They don't offer protection from prosecution for all trafficked women, girls and persons. Criminalizing human trafficking should bring State law into accord with a Federal Trafficking Victims Protection Act of 2000. Reauthorized in 2003, and would enable local and State law enforcement to investigate and prosecute these crimes working in partnership with federal law enforcement.

"Another aspect of trafficking is the regulation of international marriage brokers that operate to bring mail-order brides to our State. From 2003, our State became the second in the Nation to pass such a law. Additionally, in 2004, Hawaii became the first state in the Nation to regulate travel services that operate in the State to facilitate State tourism. The provision of social services victim assistance to trafficked persons is an important aspect of any trafficking legislation. The task force which part of this bill will be charged with looking into this important part of the puzzle that is not addressed in the present draft. Not perfect legislation at this point, the passage to this bill out of the Judiciary Committee is a major

milestone. It is my hope that the many important people in our community including police, prosecutors, immigrant services, public defender, domestic violence providers and victim advocates who work together to determine the nature and extent of trafficking in our community; and make recommendations for legislative policy and programmatic initiatives.

"Although most of what we read and hear concerns the horrors of trafficking of persons in other countries, the United States and yes, Hawaii, are major destination for traffickers. We are obligated, therefore to respond to this most appalling violation of the basic human rights of women and girls, men and boys. I urge the Members to support this measure. We can complete the trilogy of support for victims and lead our Nation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2051, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PROTECTION FOR VICTIMS OF HUMAN TRAFFICKING," passed Second Reading and was referred to the Committee on Finance with Representatives Green, Hale, Souki, Takumi and Tanaka being excused.

Representative Hale rose and asked that the Clerk record a no vote for her and the Chair "so ordered."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I also would like a no vote cast for me on this and just a few words, Mr. Speaker. Thank you, I'm glad Representative Hale caught this measure. I ask the Members to look at this and see if we really want to do away with jury duty exemptions for certain classes of people. One of which would include a judge of the United States, a judge of the State of Hawaii, a practicing physician, a practicing dentist, a member of law enforcement or militia when on active service.

"Those are exemptions that are presently in the law and this bill would remove them along with some others. I really ask Members to look at this and consider whether the bill should come back out again for Third Reading or just be quietly deferred. Thank you."

Representative B. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in support of this measure. I just wanted to offer some comments for clarification. Actually this really isn't necessarily declaring an automatic exemption. What this does, is it allows a person, when they receive what is called a 'jury pool office questionnaire' to mark whether categorically, they want to exempt themselves from jury service.

"All we're saying with this bill is over the years, we've added tons of different categories and really the question is, do people deserve a categorical exemption in terms of their service to the public and our judicial system? And if they don't, then all they need to do is put it down. They can write whatever reason they have why they feel they should be exempted and it's up to them individually. But categorically what do we feel rises to the level that they should be excluded. Thank you."

Representative Karamatsu rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Sonson rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Meyer rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Souki rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Harbin rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'd like to speak first of all to Standing Committee Report 657 and I'd like to enter a very strong, strong no. I really thought learning the ropes here was going to be full of a lot of new experiences, but I guess I wasn't quite prepared for some of these new experiences.

"This particular bill is attempting to set up a process of appointments should we have a vacancy in the US Senate. I know that many of us in the 'old guard' or many of the 'older guard' or the 'older leadership', are probably very, quite worried right now because we have a lot of new, young blood emerging asking for their place in our future. This type of bill is exactly what the 'old guard' would

want us to do, which is very stealthily introduce a bill that should there be a vacancy, that the appointment come from a list from the prevailing Party.

"Well I'm going to speak to the next bill and I'm going to tell you what it's like to interact with the prevailing Party. Especially with a prevailing Party that doesn't even follow their own rules. So if we're going to pick for a vacancy, as important as a US Senator is, from a list that comes from the Chair of a Party that doesn't follow its own rules, where are we headed? What are we going to do?

"But I think the question that I'm begging an answer for right now, and I sure I hope get it from my Party members is, why now? Is there something that we should know about our existing US Senators that we suddenly have to have a way to appoint them? Where we have an election coming up this year? I think we need to maybe get some answers from our Party leaders. What is wrong with our US Senators that we have to stealthily run a bill through one Committee down to this Floor so that our Party Chair can make a recommendation to the Governor should a US Senator fall ill or resign?

"Now I'm going to say this number once and I'm going to say it again. There are over 630,000 voters in this State. 630,000. We have 30,000 registered Democrats, and maybe 10,000 registered Republicans. Of those people what do we have? Five backroom leaders who are going to select our next US Senator as an incumbent. Is there something wrong with our US Senators? This is wrong, wrong, wrong. Let's just grow up and let's do it the right way. Get some public input into how we do this selection process and let some of our young people step forward. And I'll be back for the next bill."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm in opposition to this measure. I notice that this bill was introduced by several Democrats and the testifiers were all Democrats. The Democratic Party of Hawaii; the Democratic Action Hawaii, that must be a committee; and William Woods, who is a well-known Democrat. And I'm wondering whether the motivation behind this measure rises from the fact that the present Governor who would select the replacement for a US Senator is from the Republican Party?

"I think this is a rather scary measure in that the Committee could ... Well, the bill could change in Committee where instead of picking five perspective candidate, could instead propose three or two or even one, and I hope this wouldn't happen by the end of Session. I hope this measure does not make it to the end of Session. Thank you very much."

Representative Stonebraker rose to speak in opposition to both measures, stating:

"I like to cast a no vote on Standing Committee Report 657 and 658."

Representative Thielen rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker, I like to cast a no vote on the same two measures, 657 and 658, for the reasons that have been expressed by the Representatives from Kakaako and from Kahala. Thank you."

Representative Halford rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I like to vote no on this and I have a couple comments. This is on 657, Mr. Speaker. This bill has a lot to do with partisan politics, and does not really, in my view, have very much to do about the welfare of the State of Hawaii or the welfare of its citizens.

"Mr. Speaker, this bill is asking that a Central Committee of a Party decide essentially who the next Senator may be. Maybe better said that the next interim Senator, because very soon thereafter there'll be a vote the very next even numbered year. In November there will be an election by the people for our next Senator, so this bill is addressing an interim, short-term replacement being chosen by the Central Committee of a Party. And God bless them. The Central Committees of the Parties that I'm been familiar with were very energetic in being partisan and having their team win, but I don't know that they're so well-suited to choose for the benefit of the whole State, and having this partisan limitation limits the field tremendously.

"As was earlier said, that maybe not even 50,000 not even you know 5% of the population of the State of Hawaii are partisan to begin with. So this limits the choice from any other Party or any Independent or anyone else that might be qualified to serve Hawaii in a very good way. So I vote no."

Representative Stevens rose to speak in opposition to both measures, stating:

"Yes, Mr. Speaker, I'd like to cast a no vote on Standing Committee Reports 657 and 658, and just a couple comments. I've been reading the series on the Broken Trust in the newspaper and I just felt that in reading that, I could see where the difficulty that the Supreme Court ran into when they had a Special Committee formed to make a selection. It seemed to run counter to the way things should be done. So I just encourage colleagues, Mr. Speaker, to take a look at that series of articles as they cast their vote on this bill. Thank you very much."

Representative Meyer rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker, I'd like to register a no vote on both Stand. Com. Reports 657 and 658."

Representative Finnegan rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker, same request. And just one comment in regards to SCR 657. According to NCSL, there are no other states that appear to have this limit on the Executive in this way as well."

Representative Ching rose to speak in opposition to both measures, stating:

"Thank you. Same request. A no vote on both measures."

Representative Schatz rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in support of 657. There seems to be a little bit of misunderstanding about current law. The Representative from Kihei expressed a concern that this process, if it were passed, the law would somehow preclude other Parties or other people from participating in the process.

"The current law is such that if the incumbent Representative or Senator is a member of a particular Party, then the Governor's requirement is only that they appoint somebody from the same Party. That's the only requirement. And it actually doesn't even say whether the person has to be long-standing member of the Party. They can sign up on the spot. That raises some concerns. This legislation tweaks the process only slightly to say that it should be somebody that is selected by the political Party that is currently occupying that seat. It's a reasonable tweak in the right direction.

"Now the arguments against this current legislation are actually arguments against the current law. If we really want to be pure about this, then maybe the solution is to move to upon vacancy, we move to a special election. That's the way it's done in a lot of other states.

If we ask NCSL, I'm sure they will provide us with model legislation. But what's clear is that the current process is unacceptable. The current process provides too much authority to one individual to appoint a United States Senator, a United States Representative, a Council person, or whatever.

"So this an attempt to improve the process from where we are now. We shouldn't compare this bill to some other imaginary bill that doesn't exist yet. If the Members on the other side of the aisle want to work on this process to make it make more sense for everyone, I'd be happy to work with them. I'm sure the other Members would be happy to make it work. But let's not pretend that the current process is an inclusive one. The current process in statute allows the Governor to just pick somebody, and I don't think that's enough of a process to make the public feel confident that the community is being provided with adequate input. Thank you."

Representative Moses rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker. In opposition to both measures. And the current process seemed to have worked fine with the previous Governors. We didn't try, on this side of the aisle, to change it under Governor Cayetano or anybody else. And everybody over on the other side can say, 'Well our Senators weren't that old then,' but they were still pretty old. We never attempted to try and change it. We had faith in our Governors.

"And this does preclude, 590,000 other registered voters in this State. Many of them are Democrats or Republicans, but maybe not active members of the Party so they will not rise to the level of observation if you will, by the Central Committees. But that doesn't mean they're not of those Party affiliations. Thank you."

The Chair then stated:

"Thank you very much. Members, let's proceed on. Stand. Com. Report No. 658."

Representative Harbin rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Once again a very strong no and let me for this particular bill, dig down into my own personal experiences. First of all, maybe perhaps we might want to change the title from 'Relating to Legislative Vacancies' to 'The Bev Harbin Bill' or Anti-Bev Harbin ..."

The Chair interjected, stating:

"Representative Harbin, you're out of order when you state your name. Proceed."

Representative Harbin continued, stating:

"Thank you. Thank you. With me continuing in order, let me start by saying that I'm a victim of the process which we're trying to imbed into statute right now.

"Let me tell you the veil of secrecy. In fact what I'm going to do is I'm going to ask that rules of the Democratic Party be entered into the Journal for me please so we can in the future ..."

Speaker Say: "Representative Harbin, you're out of order, Representative Harbin. Can you confine your remarks to the legislation that is before you."

Representative Harbin: "Yes. The legislation says that should a vacancy occur the person shall be selected by the Party. Correct? At least I believe that's what the legislation says. What I'm saying is, we have a problem and I have my own personal experiences, which says the Party has rules and bylaws on how they go about holding meetings and making selections. In my instance, they failed to have

minutes. In my instance, they failed to even have a secretary. In my instance, there were no records of who they interviewed, what their background was. And once the selections were made, when we take a look at the people who were selected, one still had a residence in Hawaii Kai in the telephone book. One didn't know what HCDA was, or is.

"What I'm saying is I really wonder whether the Party has the benefit of the State at heart, or the benefit of establishing a strong Party for certain individuals. I go back again to my number. There are at least 630,000 voters in this State of Hawaii. We've been very happy with the Constitution. The voters voted in the Constitution on how we select vacancies. It's worked. Do we have a problem with it now? Is it because we have or are going to be looking at more vacancies because some of us are getting older? Some faster than others. I know I am.

"But if that doesn't work, then we need to put it to the voters. We've done it once through the Constitution. If there's a *puka* in the Constitution, let's fix it through the Constitution. Let's put it to the voters. Let us not sit here as a group and make determinations on how we're going to change it for how the voters established they wanted it done.

"There's been three vacancies that I know of in this past two Sessions. One was done beautifully because it was a cooperative effort. It was a beautiful, beautiful process and we got a beautiful Representative that represents part of the outer islands. There was the second process which was a disaster and still is a disaster. And through that we're going to learn our lessons and maybe do things right around here and follow rules, and the Party follows their rules. And the third was another very nice process. Thoughtful process and we got another beautiful Representative who's actually more freshman than me, and I love it. She's good. She knows what she's doing.

"But we need to, when we have these interim vacancies, is do it right. Not in secret, around the rules. Coming up with people who are maybe not prepared, and are just here just to make way for whomever the Party decides.

"Sorry, this is a strong no. And when we come around to the Third Reading I sure hope we get a roll call because I'm telling you, the people out there need to know who here wants to hang in with the old guard. Thank you."

Representative Schatz rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in support of 658. And you know, in my view this bill is essentially addressing the problem the Representative from Kakaako is describing, which is that we have three legislative vacancies and three different processes. And the public needs to know, and we need to establish as a policy making body, what is the process for replacing a Representative or Senator who vacates their seat.

"Now let's have a discussion about what's the appropriate process. Maybe this bill isn't perfect. Maybe there's a new process that we can talk about. But what I'm hearing is we ought not to have a process and that because we didn't have a process under Cayetano, Waihee, and Ariyoshi that we still ought not to have a process.

"In my view, let's figure out what the most fair, the most reasonable, the most inclusive way to replace a Representative who vacates their seat is. We had three Representatives replaced in three different ways, and it should not depend on the good judgment of any particular Executive, whether or not we are including the community.

"It's a really simple question. Should we, or should we not, have a process set in statute? Or should we leave it all up to whoever's sitting in the Governor's seat? You know, it's an election year so everybody wants to make this about what we are doing or not doing

to the current Governor. This is a really bigger question than that. Whatever we do here is going to remain in statute probably for decades and determine who 10, 20, or 30 Representatives and Senators will be.

"So let's get serious. Let's talk about what the best process is. If you really think that the best process is the current statute which says, it's the Governor's call, then that's fine. Then go up and articulate that argument. But if you think that the process deserves further consideration and we should set something in statute that makes people feel confident that when somebody is appointed that it was done right, then let's get working on this. We have a half a Session to work on it. Thank you."

The Chair then stated:

"The Chair has been fair because most Members have recorded their votes on both measures at this time."

Representative Marumoto rose to speak in opposition to the measure, stating:

"I did not express the fact that I am also in opposition to Stand. Com. 658."

Representative Halford rose to speak in opposition to the measure, stating:

"A no vote on this measure, 658 also."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted and H.B. No. 2455, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNITED STATES SENATE," passed Second Reading, and was placed on the calendar for Third Reading with Representatives Ching, Finnegan, Harbin, Halford, Marumoto, Meyer, Moses, Stevens, Stonebraker and Thielen voting no, and with Representative Shimabukuro being excused; and

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1936, HD 1, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative B. Oshiro.

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support of Stand. Com. 668 and I ask that my comments be added to the Journal. In strong support," and the Chair "so ordered."

Representative Cabanilla's written remarks are as follows:

"This Body has supported over the years extending particular rights and privileges to condominium association members so that greater transparency and equality between the owner and management is facilitated.

"This bill, HB 1936, HD 1, merely permits members with Planned Community Associations to have greater access to documents, and thus, be better educated on the affairs and operation pertaining to their investment – that being their own home.

"Testimony on this measure revealed that there is a void, a lack of recourse for Planned Community Association members to exercise the very basics meant to assist them in preserving their investment. This measure fills in that void.

"In addition, the measure will provide the Department of Commerce and Consumer Affairs with the guidance and ability to ensure that the very laws protecting condo owners are rightfully extended to Planned Community Association members."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1936, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PLANNED COMMUNITY ASSOCIATIONS," passed Second Reading, and was placed on the calendar for Third Reading, with Representative Shimabukuro being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 669-06) recommending that H.B. No. 1980, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1980, HD 1, pass Second Reading and

be placed on the calendar for Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise on Stand Com. Report on 669. It's on the top of page 10. I will rise in favor and express some reservations. I really feel that the use of these multi-use gift cards may be a problem for consumers. I don't think they realize that it will cost them a little more money to use these, as opposed to a gift card from a department store such as Macy's, if I may use that for as an example.

"Ala Moana sells multi-use gift cards but they have dormancy fees in them. What that means is that if you don't use them for a while, let's say after 6 months or a year, the value of it is automatically deducted at a certain amount. You buy a \$25 gift certificate and after a period of time, it loses its value without you knowing it as opposed to a Macy's cards which holds its value.

"These cards are only good at certain areas. The Ala Moana card only in some Ala Moana stores that carry American Express because this is the type of card that they sell. When you get a gift card from Macy's, you know you can buy something at any Macy's store with it. But a lot of people go into an Ala Moana store that doesn't have American Express and they're disappointed when the card is not honored.

"It's hard to tell the balance on some of these multi-use cards. You must go to a certain type of ATM that can read your card and you find out what your balance is, but they charge a fee for that. So that's something the consumer is not really aware of when they purchase it or give one away. Of course you know that if you go to Macy's you can buy something and they will give you your balance.

"Both types of cards must escheat to the State so if it's not cashed in or redeemed after five years, they will they have to pay that balance to the State. Although I wonder that with dormancy fees on the multi-use card whether there will be a balance left on it to escheat.

"The multi-use card makes a profit when they sell the card and as the dormancy fees are collected. On the other hand the Macy's card counts as a liability on its books until it's redeemed or escheated. So that hurts their bottom line.

"We passed a bill. We passed a law last year that said, when it comes to gift certificates no one can charge a fee, and so that's the law now. But the present bill before us will exempt these multi-use cards from fees, and so I think it creates a very unlevel playing field. I would hope that we look at this bill very carefully before we pass it on Third Reading. Thank you."

Representative Sonson rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker, in strong support. This is a very creative way to allow somebody to have something that almost looks like a credit card, feels like a credit card, and spends like a credit card to a limited amount that the buyer will buy the card for and gift it to someone.

"For example, I believe the current limit that's planned for these cards in Hawaii is \$300. So instead of getting a credit card for someone that you love, give them something you can afford. It's \$300, there you go. You pay \$300 and that's it.

"The way that the public is going to be protected is of course, you are going to have a print-out every time you purchase something. That's how much you have left. And on the card it says if you don't use it within a period of time we'll charge you these fees.

"Now there's something to be said about fees. Fees are because we tend to pay for convenience all the time. How convenient it is to use a card from Macy's to Nordstrom's to any store in Ala Moana instead of just being limited to a shopping place? So we pay for the convenience of being able to go to any store. Use this as if it's a credit card. Do the people that issue these cards deserve a fee? Yes. Mr. Speaker, that's why we exempt them from this gift certificate's law. We pay for this. We pay for convenience all the time. It makes a lot of sense. Thank you."

Representative Halford rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1980, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GIFT CERTIFICATES," passed Second Reading, and was placed on the calendar for Third Reading, with Representative Shimabukuro being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 670-06) recommending that H.B. No. 3100, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3100, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MORTGAGE FORECLOSURES," passed Second Reading, and was placed on the calendar for Third Reading, with Representative Shimabukuro being excused.

No. 3101, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN SPENDING," passed Second Reading, and was placed on the calendar for Third Reading, with Representative Shimabukuro being excused.

Representative Green then rose, stating:

"Mr. Speaker, just reservations on 676. House Bill 1242 please. Thank you sir."

At 12:41 o'clock p.m., Representative M. Oshiro requested a recess, and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:41 o'clock p.m.

At this time, then Chair stated:

"Members, at this time the Chair stands corrected. We are on page 11 on the motion by the Majority Leader. His motion was from page 2 through 11, up to Stand. Com. Report 675. Does everyone understand that? Representative Moses? Representative Pine? So we're taking the vote, which is a voice vote all the way up to 675."

At 12:42 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 12:43 o'clock p.m.

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 676-06) recommending that H.B. No. 1242, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1242, HD 1, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative B. Oshiro.

Representative Green rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I apologize for that previous mistake. I just wanted to rise with reservations on 676 and express my concern that I didn't have a chance as Vice Chair of Health to weigh-in on the bill. Thank you, Mr. Speaker."

Representative Arakaki rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations also for the same reasons as the Vice Chair."

Representative Stonebraker rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'll be voting against this measure. A couple of things. First of all, if you're pro-life you should vote against this measure. There's no sense voting with reservations. This measure was originally designed to carve out partial birth abortions, but it was amended in the Judiciary Committee where it was given only a single referral, Mr. Speaker. This is a bill that has to do with physicians, with patients, with doctors, with surgery, with abortion, and it didn't go to the Health Committee. That is unfortunate and I think it's a dangerous precedent to set.

"But we have seen this kind of pattern, Mr. Speaker, in this House where anything controversial that has to do with life, abortion, and so forth skips the Health Committee and has a single referral to the Judiciary Committee. It's unfortunate to see what may smack of political agenda being attached to such measures. This bill really should go to the Health Committee.

"Besides that, the measure was amended in Committee to remove the partial birth abortion portion, but in the process it also removes a provision for what has functioned as a 90-day waiting period. On page 3 of the measure under number 3, the woman upon whom such abortion is to be performed has to wait 90 days or they have to have been in the State for 90 days. This is now removed and also in the process that's removed which can be a safety measure. Anytime you have a waiting period it allows the parties to have some time to think, have some time to contemplate what they're about to do. It also prohibits sort of Hawaii becoming a destination for abortion.

"We're going to fly there on vacation away from our parents and provide an abortion. That's what the measure provided for the in the past. We're removing that. And also we're expanding abortion to clinics and to physicians' offices so for those reason I'm voting no. Thank you."

Representative Sonson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Moses rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Halford rose to speak in support of the measure with reservations, stating:

"Thank you, with reservations. And I note that I would have appreciated hearing this in the Health Committee. Thank you."

Representative Meyer rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Harbin rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Specifically not going to the philosophy of the subject matter, but my discontent with the process of not following our own rules and expanding this without proper hearing in the right committees."

Representative Cabanilla rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition, and may I state my reason for opposition. When people come to Hawaii they think of the beautiful beaches, the beautiful parks, the Aloha Spirit, and the wonderful people of Hawaii. And I love that that's the way the country and the whole world remembers us.

"I think removing the residency guidelines for having an abortion in this State will make us be 'sin city' in the world. I can just imagine a lot of people coming down, parking at the Honolulu International Airport to have their procedure done, and that's the grounds for my opposition. Thank you."

Representative B. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. I just wanted to briefly clarify some of the concerns about the procedural process. Basically what happened is there are two bills that were introduced, substantially on the same issue. One was House Bill 1241, one was House Bill 1242.

"House Bill No. 1241 actually has to do with the substantive issue of what is the procedures, and what do we want to have as prohibition when we talk about abortion. That was referred to Health and Judiciary. Unfortunately that bill did not move.

"This Session when we took a look at House Bill number 1242, we carefully looked at the case law that is already standing out there based off of what the United States Supreme Court and other federal jurisdictions have held, and we found that House Bill No. 1242, HD 1, merely is a conformance of the statute that currently we have on the books which is outdated, to meet the case law. That's all that it is.

"It really is a legal matter. It's not a matter of a health concern because the courts have already decided what is allowable and not allowable. We have no choice in this. All we're doing is making our statute meet up with what is out there in the case law. Thank you."

Representative Finnegan rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Just with reservations. I've had very little time to read this bill until now."

Representative Kahikina rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Moses rose to respond, stating:

"Brief statement. I already stated I am in opposition. It's just that it's very saddening to me to hear that life and death are now just legal matters. Thank you."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1242, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SECTION 453-16, HAWAII REVISED STATUTES," passed Second Reading, and was placed on the calendar for Third Reading with Representatives Cabanilla, Finnegan, Kahikina, Meyer, Moses and Stonebraker voting no, and with Representatives Evans, Nishimoto and Shimabukuro being excused.

THIRD READING

At this time, the Chair announced:

"This will also be deferred one legislative day so we can take up all Third Reading bills on tomorrow's Order of the Day."

H.B. No. 1794, HD 1:

By unanimous consent, action was deferred one legislative day.

Representative Harbin rose, stating:

"I'm sorry. I was asleep at the wheel. Could you say that again for me? Where are we?"

Speaker Say: "Okay we are on number 6 on page 18. Where you see Third Reading for Finance. That particular measure will be deferred one legislative day also."

Representative Harbin: "With that being said then, was I asleep when we went past Committee Report 702?"

Speaker Say: "Nope you were not asleep. What I said to all of you is that from 684 ..."

Representative Harbin: "It will all be for tomorrow? Oh good, then I will be awake tomorrow. Thank you."

HB 3060, Relating to High Technology
HB 3133, HD 1, Relating to Federally Qualified Health Centers

"Mr. Speaker, these bills will be heard by your Committee on Finance this afternoon at 2 pm in Room 308. Decision making to follow. Thank you very much," and the Chair "so ordered."

Representative Carroll: "Thank you, Mr. Speaker. Members, you are invited to an informational briefing given by the HSTA and they're going to do a Power Point presentation on the impacts of the weighted student formula in rural areas. Lunch is provided in Room 329. Thank you."

Representative Tanaka: "Thank you, Mr. Speaker. As some of you may know, the offices of myself and Representative Yamashita have been selected to take on the task of raising money and food for the Hawaii Foodbank 2006 food drive. I would like to personally thank all of the offices that put in the effort and enthusiasm to participate in yesterday's box decorating contest. This is the first step in making this year's food drive a huge success and also helps to generate excitement for such a worthwhile cause.

"I hope my colleagues will take the time to check out the fantastic creations around the State Capitol, namely the Division I, first and second place winners: Representative Kahikina and his staff, and Representative Takai and his staff. As you can see on the podium on the left side, you have Representative Kahikina's display and on the right side on the USS Arizona is Representative Takai's display.

"Division II, first and second place winners, you have the House Technical Support and the House Chief Clerk's Office and their boxes are also displayed in front of the podium.

"Thanks also to the judges of the contest. Representative Lynn Finnegan, Kevin Kuroda, and Georgette Deemer, as well as my staff and the staff of Representative Yamashita who are working very hard for this year's food drive. I hope all my colleagues will encourage their offices to participate in raising can goods and getting involved in the many upcoming events that benefit the Hawaii Foodbank and helping Hawaii's hungry. Thank you very much, Mr. Speaker."

Speaker Say: "Thank you very much, and congratulations to all the winners."

Representative Finnegan: "Mr. Speaker, just one short comment. In regards to one point, being a judge. I just wanted to point out that one of these entries had a perfect score, and that was from the Representative from Waianae. Representative Kahikina."

Representative Arakaki: "Mr. Speaker, I'd just like to request that anyone, any Member planning to attend the HIPA or Hawaii Institute for Public Affairs dinner tonight, please sign the certificate for the honorees. Thank you."

ADJOURNMENT

At 12:57 o'clock p.m. on motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the House of Representatives adjourned until 12:00 o'clock noon, tomorrow, Friday, March 3, 2006.

TWENTY-FIFTH DAY

Friday, March 3, 2006

The House of Representatives of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2006, convened at 12:05 o'clock p.m., with the Speaker presiding.

The invocation was delivered by Reverend Bob Nakata of Kahaluu United Methodist Church, after which the Roll was called showing all members present.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Twenty-Fourth Day was deferred.

INTRODUCTION

The following introduction was made to the members of the House:

Representative Cabanilla introduced Reverend Marban Z. Lagmay, representing the Evangelical Pentecostal Church of Ilocos Sur in the Philippines, and Ms. Virginia Pineda of Kalihi.

ORDER OF THE DAY

UNFINISHED BUSINESS

The Chair then announced:

"Members, please note that H.B. No. 3193, HD 1 has been referred solely to the Committee on Higher Education per Committee Referral Sheet No. 26 that was placed on your desk yesterday. The Committee on Judiciary has waived its referral to this measure and therefore it is appropriate for the House to consider action for placement on the calendar for Third Reading.

Does everyone understand what we did? This measure has been re-referred from the Committee on Judiciary, back to the Committee on Higher Education. So this measure has been put on the agenda for Third Reading next week."

SUSPENSION OF RULES

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the rules were suspended to reconsider action previously taken on H.B. 3193, HD 1.

RECONSIDERATION OF ACTION TAKEN

Representative M. Oshiro moved that the House reconsider its action previously taken pursuant to the recommendation contained in Standing Committee Report No. 396-06, recommending referral to the Committee on Judiciary, seconded by Representative B. Oshiro and carried.

H.B. No. 3193, HD 1:

Representative M. Oshiro, moved that notwithstanding the recommendation of Standing Committee Report No. 396-06, that H.B. No. 3193, HD 1 be placed on the calendar for Third Reading, seconded by Representative B. Oshiro and carried.

The Chair then addressed Representative Pine, stating:

"Representative Pine, what was the process that we just went through?"

Representative Pine responded, stating:

"We re-referred a bill back to Judiciary. I'm sorry, Higher Ed. I'm sorry, Mr. Speaker. I was trying to multi-task. I apologize."

Speaker Say: "It went through a three-step process, for all of us on the floor of this House."

At 12:13 o'clock p.m., Representative B. Oshiro requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:16 o'clock p.m.

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the rules were suspended for the purpose of considering certain bills on Third Reading on the basis of a modified consent calendar. (Representatives Abinsay, Herkes, Kanoho, Magaoay and Takai were excused.)

UNFINISHED BUSINESS

Representative Chang, for the Committee on Tourism & Culture presented a report (Stand. Com. Rep. No. 684-06) recommending that H.B. No. 2145, HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2145, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Berg rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Yamashita rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support of 684. Mr. Speaker, we must recognize the importance of diversified agriculture operations in Hawaii's economy. This measure will provide farmers with the opportunity to diversify their operations, as well as alternative forms of income to allow agricultural tourism to be conducted on existing farms.

"Hawaii has long been recognized as a prime destination for tourism worldwide. Now is the time to showcase Hawaii's agricultural tourism. The key points of this measure are agricultural tourism operation shall be on existing farms and shall be accessory and secondary to principal agricultural use. Also agriculture tourism permits under this measure should not interfere with surrounding farms farming operations.

"Currently there are no guidelines to conduct agricultural tourism on land zoned for agriculture. This measure requires that each county shall set regulations to govern agricultural tourism. In addition, the passage of this measure will aid in clarifying land use codes regarding accessories uses on ag land. I urge my colleagues to support this bill. Thank you."

Representative Berg rose to respond, stating:

"Thank you, Mr. Speaker, I wasn't going to say anything and just leave it with WR, but my concerns have to do with the fact that the counties, at the moment, are already empowered to permit and regulate agricultural tourism. My real concern is that while we talk about tourism, are we talking about gift shops where they sell the products from the farms? Are we talking about restaurants where

they sell the food made from the products? Are we talking about overnight accommodations where they can experience the fragrance of the products on the ag land? So we need to just be cautious. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2145, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL TOURISM," passed Third Reading by a vote of 47 ayes to 1 no, with Representative Waters voting no, and with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 685-06) recommending that H.B. No. 2058, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2058, entitled: "A BILL FOR AN ACT RELATING TO THE REPRODUCTIVE RIGHTS PROTECTION COMMITTEE," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 686-06) recommending that H.B. No. 2737, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2737, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Carroll rose to speak in support of the measure, stating:

"Mr. Speaker. I'd like to speak in support of Standing Committee Report 686, which requires the Attorney General to assist in resolving ownership in issues related to Honopou Road including the Honopou Bridge of the Honopou District in Maui County.

"I would like to say that there was a house that burnt down as a result of the fire department not being able to cross the bridge to get to the house because they were afraid the bridge would actually collapse. This measure would allow for an analysis of how to strengthen that bridge, but also to finalize the dispute on who owns the road as well. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2737, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HONOPOU DISTRICT OF THE COUNTY OF MAUI," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 687-06) recommending that H.B. No. 3238, HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3238, HD 1, entitled: "A BILL FOR AN ACT RELATING TO OUT-OF-STATE SALES OF TIME SHARE INTERESTS," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 688-06) recommending that H.B. No. 1468, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1468, entitled: "A BILL FOR AN ACT RELATING TO FIREWORKS," passed Third Reading by a vote of

48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 689-06) recommending that H.B. No. 1869, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1869, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm standing up in opposition to Stand. Com. Report 689. I'm not in favor of this \$1,000 annual fee that the pharmaceutical companies that do business in Hawaii will have to pay the Department of Health. I'm not sure that some of the information that's being requested could be proprietary. I also have concerns that the Department of Health does not have the staff to carry out the duties that are required in this bill. For those reasons, and I'm afraid that it will also increase the cost of drugs in the long run, so I'm going to be voting no. Thank you."

Representative Moses rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Takumi rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In support. Mr. Speaker, this law has already passed in the State of Maine. They've dealt with the question of whether or not the drug companies have to release proprietary information. Certainly, Mr. Speaker, I think we're all well aware of the fact of what happened with Vioxx which is manufactured by Merck.

"Let me just give a little background about that. In 2004, Vioxx was withdrawn from the market based up studies that showed Vioxx increased heart attack risk. It appeared that Merck was aware of the cardiovascular risk as early as 2000. In their testimony to the Committee they said that disclosure results are already mandated by federal law. That is simply not true. The federal law only requires your registration of trials; not the publishing of results after the completion of those trials. That is a crucial difference. Registering that you're going to do a trial, and then not having to publish the result of those trials.

"Since 1989, when it was approved I think ... Well I don't know if you know people who take Vioxx. It's an anti-inflammatory drug with a COX-2 inhibitors like Celebrex, which was withdrawn in 2004. In that 5-year period, Mr. Speaker, over 80 million people worldwide took that drug. In the United States, it is estimated that between 88,000 and 140,000 cases of serious coronary heart disease resulted from the use of Vioxx, and that's why it was withdrawn from the market.

"Had the results of those clinical trials been available for the public and for the medical community when it was disclosed in 2000, I don't know what number would have resulted as far as serious coronary heart disease. My assumption is that it would have come down. If this is what it takes to lower the incidences of these serious illnesses as a result of flawed prescription drugs, I believe that's a step we should take. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1869, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ADVERTISING BY DRUG MANUFACTURERS AND DISCLOSURE OF CLINICAL TRIALS," passed Third Reading by a vote of 46 ayes to 2 noes, with Representatives Meyer and Moses voting no, and with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 690-06) recommending that H.B. No. 1923, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1923, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Moses rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, rising in opposition. This measure extends by three years, HTA's ability to retain attorneys independent of the Attorney General. I'm concerned that these attorneys, local attorneys, will make decisions that are contrary to the decisions of the State and therefore the State will be liable. But also they can find themselves in court arguing against themselves. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1923, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII TOURISM AUTHORITY," passed Third Reading by a vote of 43 ayes to 5 noes, with Representatives Finnegan, Meyer, Moses, Pine and Thielen voting no, and with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 691-06) recommending that H.B. No. 2258, HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2258, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HUMAN SERVICES," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 692-06) recommending that H.B. No. 2950, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2950, entitled: "A BILL FOR AN ACT RELATING TO VOLUNTARY EMPLOYEES' BENEFICIARY ASSOCIATION TRUSTS," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 693-06) recommending that H.B. No. 2952, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2952, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'd like to register my no vote. What do I do with this? Just for the record, I'd like to explain the reason for my no vote and I would encourage my fellow colleagues to please follow with me as we try to understand what these bills of these types, relating to public works, are going to do to our desires as policymakers for affordable housing and fixing our irrigation ditches and the rest of it. This bill as I read it, is attempting to expand what a public works is. When you have a public works without a government contracting agency, you basically have an unenforceable statute.

"What this is trying to do is to create more problems within Chapter 104, which is already creating problems in our construction

and development industries, and I urge all of us to really start to understand Chapter 104.

"During the interim, I was very fortunate to be involved with many, many businesses and the Department of Labor and our labor community in many informational workshops, trying to understand, to see how we can deal with the problems of Chapter 104 and the enforcement, and government, and what government contracting agencies are. We're still befuddled. We're unable as a community to come together on the understanding of what to do. And bills like these are just going to add to the confusion, and to the cost to do the projects that we need to do for people. Thank you."

Representative Moses rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, in opposition. I just want to remind my colleagues that the way this is interpreted, projects that are not directly built or developed by a governmental contracting agency are covered by this. So that could be almost everybody. Thank you."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm rising in opposition to this bill. This bill really creates confusion. It implies that Chapter 104 can apply to a project that is not directly built or developed by a governmental contracting agency. It also would require the Department of Labor to collect and maintain the certified payrolls for public works projects that are interpreted to be subject to Chapter 104, but there is no governmental contracting agency. They don't have the staff to do that. I think that if this is the interpretation, that we broaden the public works bill, a lot of things in this actually will have to be changed or we will just have chaos. Thank you, Mr. Speaker."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'll be voting no on this measure. This sounds like 'new speak'. We are now going to be calling 'private projects,' 'public works'. Thank you."

The Chair then stated:

"Before we proceed on Members to page 5, is there any further discussion on 695? Because this is Third Reading, you are supposed to submit your green slips and your pink slips to your respective Minority Floor Leader and Majority Floor Leader. They should have all of your vote slips. Representative Harbin, you can ask one of the Sergeant-at-Arms staff behind you to give your vote slip to Representative Blake Oshiro."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2952, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC WORKS," passed Third Reading by a vote of 38 ayes to 10 noes, with Representatives Ching, Finnegan, Harbin, Marumoto, Meyer, Moses, Pine, Stevens, Stonebraker and Thielen voting no, and with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 694-06) recommending that H.B. No. 3123, HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3123, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR HURRICANE PREPAREDNESS," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 695-06) recommending that H.B. No. 3235, HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3235, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE OF HAWAII ENDOWMENT FUND," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 696-06) recommending that H.B. No. 1819, HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1819, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CHAPTER 281, HAWAII REVISED STATUTES," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 697-06) recommending that H.B. No. 1863, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1863, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 698-06) recommending that H.B. No. 2309, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2309, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII EMPLOYER-UNION HEALTH BENEFITS TRUST FUND," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2479, entitled: "A BILL FOR AN ACT RELATING TO THE CONSTRUCTION OF A PARKING STRUCTURE AT KAKAOKO MAKAI, OAHU," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 701-06) recommending that H.B. No. 2805, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2805, entitled: "A BILL FOR AN ACT RELATING TO STATE PLANNING," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 702-06) recommending that H.B. No. 2953, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2953, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in opposition to the measure, stating:

"Yes, thank you. I'm standing again with another no, and I've got my little green slip turned in. The purpose of this bill again is to take SRPBs and take other projects again into the Chapter 104 jurisdiction. I can keep rising, and I will continue to rise until we all get used to saying, 'Chapter 104,' but perhaps maybe what we might want to do is maybe re-do Chapter 104 and do it the right way so we can include these where we can determine what is a government contracting agency. I would encourage my colleagues to perhaps maybe the next time around, let's see if we can't maybe just re-do Chapter 104. Thank you."

Representative Moses rose to speak in opposition to the measure, stating:

"On 702. Thank you, Mr. Speaker. I did turn in my slip and I just want to point something out. I want to reiterate some of the things that were said. This is subjecting all indirect public works projects such as SRPBs, making the enforcement of Chapter 104 complex and problematic. The problems are exasperated by the fact that there is no clear governmental contracting agency."

"So if there is no government-contracting agency, who's suppose to do this? Who's suppose to track all of this? You know, there is no contract funds that are used to pay laborers in the event of violations, and the contractor has no clear authority, and it goes on and on and on. There are just so many problems with the bill. Thank you."

Representative Meyer rose to speak in opposition to the measure, stating:

"Mr. Speaker. I'm just going to add just a few words on 702, in opposition. As amended this bill will require the Chief Procurement Officer to notify every governmental contracting agency that the requirements of Chapter 104, such as certified payroll and prevailing wage, shall apply to all public works contracts over \$2,000."

"I mean, this just broadens the public works law so much and \$2,000 is a small repair job. Whatever contractor takes a job like that will have to do the certified pay roll. There's only one thing that these bills would do is drive up the cost of construction in this State. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2953, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LABOR," passed Third Reading by a vote of 38 ayes to 10 noes, with Representatives Ching, Finnegan, Harbin, Marumoto, Meyer, Moses, Pine, Stevens, Stonebraker and Thielen voting no, and with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3160, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Waters rose to speak in support of the measure, stating:

"In support, Mr. Speaker. It's a good bill. I ask all of you to support this appropriation bill for the University at Manoa. By the way, I'll be speaking on all these other bills that are appropriating money for Hilo, the Community Colleges, and West Oahu as well."

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I would like to express my support on Stand. Com. 704. I'm in strong support of the nursing program at the University of Hawaii. We currently import nurses from Canada and the mainland, which double the cost of healthcare in Hawaii. We as a Body here are very concerned about the high cost of healthcare. Developing our own health support system, of which nurses are the number one members of the healthcare force here, we will be decreasing the cost of health care tremendously.

"Also educating our own residents will also increase our economy. Mr. Speaker, as our society is aging at the rate of 6,000 elders per day. And as we get older, our rate of healthcare services also increase, and nurses are the biggest provider of healthcare. So I urge my colleague to support the School of Nursing at the University of Hawaii."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3160, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE UNIVERSITY OF HAWAII," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 705-06) recommending that H.B. No. 3166, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3166, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, again I rise in support of the School of Nursing at Leeward Community College. We now have the population to support it. Exit interviews at the different high schools in the area indicate that they want to go to the School of Nursing. We also have high demographics of old people in the area, and we don't have any community college on that side of the island. This school will be attended by people from not only the Leeward side, but also from the North Shore and Central Oahu. So I urge my colleagues to support the two-year school of nursing at Leeward Community College. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3166, HD 1, entitled:

"A BILL FOR AN ACT MAKING AN APPROPRIATION TO THE UNIVERSITY OF HAWAII," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 706-06) recommending that H.B. No. 3173, HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3173, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE UNIVERSITY OF HAWAII AT HILO," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 707-06) recommending that H.B. No. 3244, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3244, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in support of the measure, stating:

"Mr. Speaker. Thank you, Mr. Speaker, in support with some comments. Thank you, Mr. Speaker, I was taking a look at this bill and I am in support. Being a former victim of identity theft, I was hoping that we would keep the original bill in its original form which prohibits mailing of unsolicited credit cards offers, and makes possession of another's mail with intent to commit identity theft a class C felony.

"We do need to give our police some laws so that they can start to work on some of these issues. Identity theft is a big crime. We just recently tried to put different things like mail email boxes in our areas so that we can try and not have people stealing mail. So even though I am in support of it, I wish that we had kept it in its original version. Thank you."

Representative Luke rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Just for the clarification of the Members. We passed out another bill that prohibits financial association from mailing out pre-approved applications. We also have penalty provisions relating to mail theft, so this is another provision. The reason why the original language was not moved out of the Committee is because those two provisions have been passed out in other bills."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3244, HD 1, entitled: "A BILL FOR AN ACT RELATING TO IDENTITY THEFT," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 708-06) recommending that H.B. No. 3259, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3259, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Arakaki rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I like to rise in strong support of this bill. This bill will provide and fill a huge cavity in the dental health need of our State."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3259, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR DENTAL HEALTH," passed Third Reading by a vote of 48 ayes, with Representatives Abinsay, Kanoho and Magaoay being excused.

At 1:38 o'clock p.m., Representative Takai requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:39 o'clock p.m.

At 1:40 o'clock p.m., the Chair noted that the following bills, passed Third Reading:

By unanimous consent, consideration of Stand. Com. Rep. No. 794-06 on H.B. No. 3139, HD 3 was deferred and in accordance with Article III, Section 15 of the Constitution of the State of Hawaii, printed copies of H.B. No. 3139, HD 3, were made available to the members of the House.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 795-06) recommending that H.B. No. 3158, HD 1, as amended in HD 2, pass Third Reading.

By unanimous consent, consideration of Stand. Com. Rep. No. 795-06 on H.B. No. 3158, HD 2 was deferred and in accordance with Article III, Section 15 of the Constitution of the State of Hawaii, printed copies of H.B. No. 3158, HD 2, were made available to the members of the House.

The Chair then addressed Representative Carroll, stating:

"Representative Carroll, what did I just state?"

Representative Carroll responded, stating:

"Mr. Speaker, you just said we were going to go over page 8 to page 25, and vote on these measures."

The Chair then stated:

"48-hour notice. Thank you."

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 796-06) recommending that H.B. No. 2213, HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee

was adopted and H.B. No. 2213, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR SUBSTANCE ABUSE ASSESSMENTS FOR UNINSURED STUDENTS," passed Third Reading by a vote of 47 ayes, with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 797-06) recommending that H.B. No. 2503, HD 2, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2503, HD 2, entitled: "A BILL FOR AN ACT RELATING TO DERELICT VEHICLE," passed Third Reading by a vote of 47 ayes, with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 798-06) recommending that H.B. No. 2974, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2974, pass Third Reading, seconded by Representative B. Oshiro.

Representative Herkes rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Herkes' written remarks are as follows:

"Mr. Speaker, I rise in support of HB 2974. This bill extends the sunset date for one year on the measure designed to acquire the historic lands of South Kona. Mr. Speaker, in the original bill there was funding to do an appraisal of the 11,000 acres for the purpose of seeking funds to acquire this very important parcel of land for preservation. To date, the Governor has not released these monies. Recently I met with her Chief of Staff, and believe that an RFP will be issued by DLNR for the purpose performing the audit. I urge the Members to support this bill. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2974, entitled: "A BILL FOR AN ACT RELATING TO HISTORIC PRESERVATION," passed Third Reading by a vote of 47 ayes, with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 799-06) recommending that H.B. No. 3167, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3167, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support of this measure. We on the Leeward Coast deserve a 4-year university. We have been waiting for it for a long time. This campus will not only provide parity with the rest of the island, but it serves as a social and economic stimulant in our neighborhood. I urge you to help me pass this measure."

Representative Moses rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in support. I want to say again, as my colleague just said. This is long overdue, much needed. It will serve as a center of the new city of Kapolei, and it will be a gleaming jewel out there on the Ewa Plains. It's something we desperately need and it will I think, be a benefit for the entire State because an entire

portion of the population just doesn't go to Manoa. It's too far. I think you're going to see a lot more students going to college now and that will help the entire State, the University System, and of course, us in the long run. Thank you very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3167, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE UNIVERSITY OF HAWAII WEST OAHU," passed Third Reading by a vote of 47 ayes, with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 800-06) recommending that H.B. No. 1852, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1852, pass Third Reading, seconded by Representative B. Oshiro.

Representative Kahikina rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Kahikina's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure, Making an Appropriation for the Condemnation of Land in Nanakuli, Oahu, for a Public Housing Project. The purpose of this measure is to:

1. Direct the Hawaii public housing administration to commence eminent domain proceedings, pursuant to section 201G-16, for the condemnation of the Nanakuli B site for a public housing project.
2. Ensure that the Leeward Coast is not further taken advantage of by being the home site of yet another landfill. Our community should not have to pay the price for the many years the City has failed to invest the necessary time, effort and planning into finding alternative technologies. The placement of another landfill in our community will have a compounded detrimental affect on the already compromised health and safety of our school children and elderly who are the most vulnerable."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I have a few concerns. I'm in support of housing that we need on the Leeward Coast and this will serve that purpose. My only concern is that this particular site, as I understand it was a site that was picked as the Nanakuli B Landfill site. In other words when they looked at all the sites that could be used for landfills, this was one of the sites they picked meaning it's probably not a very good site. I understand it's prone to landslides and I would have concern for any people placed in housing on that site. Thank you."

Representative Stonebraker rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm rising in opposition to this and if I may briefly state my reasons. It's not because I don't have a concern for the need for housing, but in principle and philosophy regarding the government's role in private property and land rights, I'm opposed to eminent domain. The acquisition of lands for even public good. I think it's a dangerous slide that we're making.

"We had some Supreme Court cases in the past year or two that are going in that direction, and the reason for that is just where I come from, as far as my world view on the role of government in society. I've done a lot of reading on the founding of our nation and so forth and so on, and we read often times in the Declaration of Independence that governments are created to protect the rights of

individuals which are endowed by their creator. We're all familiar with the words, 'life, liberty, and the pursuit of happiness.'

"Mr. Speaker, but I didn't realize this before. I did some in-depth study that even the phrase, 'pursuit of happiness,' is synonymous and interchangeable in the founding era of our country, with private property rights. The ownership of land by individuals, private citizens is so fundamental and is so ingrained in our system of government that as we begin to erode at that. If we begin to pick away at that, and we allow that to corrode as far as one of the shining and upstanding rights that we revere and hold dear, I believe that it undermines the very principles on which our government stands. And so anything that has to do with the government interfering with private property rights is a dangerous, dangerous precedent to set. Thank you."

Representative B. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. I actually will disagree with the prior speaker. I think actually the 5th Amendment says that the government can take whenever it will provide just compensation, and I believe that's the primary issue. If the government is taking without compensating the private landowner, then it is an issue for the courts to decide. However if the government is willing to pay, then eminent domain is within it's police powers in order to make sure the public health, safety, and welfare of the entire general public is taken care of. Thank you."

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support of this measure and I would like to carry on the conversation about 'life, liberty, justice, and the pursuit of happiness.' Yes that area was a dumpsite, and I think it's about time that we change the scenery of the Leeward coast.

"We all can use a dumpsite, but I think for years and years it's been there. It's about time that we close the dumpsite and build a shelter and residence for our people. We all should take the responsibility and be just amongst ourselves. We should take responsibility of this dump and it should be moved somewhere else. We on the Leeward side have taken it for a long time, and it is just for us to have it moved somewhere else I think, for the life, liberty, justice and pursuit of happiness that our nation has. Thank you, Mr. Speaker."

Representative Kahikina rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support. I just wanted to respond to some of the remarks. This land is not a landfill, but it is targeted and planned to be a landfill. And I appreciate the comments on the floor on the philosophy of eminent domain, and I hold that to be really true. If anyone has experienced eminent domain, it's the Native Hawaiians. And then the speakers on the Floor would agree that perhaps we need to address that eminent domain issue. But the real issue this is addressing is ecological injustice.

"All the dumps are in the Waianae, Nanakuli area. All of the dumps. We take all of the rubbish from Oahu and it's about time we share that burden with the rest of the islands. Not to mention we get all the homeless in our area. I think it's a very compassionate effort to try to build houses for the people that are really in need, instead of making excuses why we cannot build.

"So this bill addresses all of those needs and I appreciate the discussion about eminent domain, and people should support Native Hawaiian getting back their native land.

Representative Shimabukuro rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support with the words of the Chair of the Housing Committee as my own," and the Chair "so ordered. (By reference only.)"

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm in support with some pretty serious reservations. From some of the testimony that I read there do seem to be some fairly large problems with this site. I think one of the reasons that it was considered a dumpsite was because it had some high, steep areas to it that you could fill up to but those steep areas create a real danger with boulders rolling down in the future.

"I think there is no question we need housing, but we also have a responsibility to look for a site that's appropriate and healthy and safe. So I think we need to think about that. Thank you."

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker, in opposition. I do have the highest respect for the Housing Committee Chair, and I do believe that in the concept and intent of this bill, but I am in definite opposition of eminent domain. In the cases that I've read in situations that are happening already on the mainland and to the Hawaiian people, I just believe that it's bad for society to take someone's land.

"The Majority Floor Leader talked about just compensation and that is a reason why I'm voting against this measure, because nowhere in the bill does it justly give the right compensation to the owner of the land. I do support the concept of the bill."

Representative Carroll rose in support of the measure, stating:

"Mr. Speaker, in strong support, and I would like the words of the Chair of Housing to be my own," and the Chair "so ordered." (By reference only.)

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I did want to rise with some reservations on this bill in light of recent flooding and the announcement of what has happened on our island, concern for the safety of all of our people would be one of the reasons that I have reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1852, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE CONDEMNATION OF LAND IN NANAKULI, OAHU, FOR A PUBLIC HOUSING PROJECT," passed Third Reading by a vote of 45 ayes to 2 noes, with Representatives Pine and Stonebraker voting no, and with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 801-06) recommending that H.B. No. 2239, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2239, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Kahikina rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Kahikina's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure, Relating to Land Acquisition.

"The purpose of this measure is to:

1. Appropriate funds to acquire the property currently known as Kukui Gardens from Kukui Gardens Corp;
2. Authorize eminent domain proceedings should the acquisition be unsuccessful; and
3. Allow the Hawaii Public Housing Administration to acquire the Kukui Gardens property, and partner with private developers for acquisition of the property; provided that one hundred percent of the housing units on the property shall be retained in perpetuity as affordable housing for households at or below one hundred twenty percent of the median family income as determined by the United States Department of Housing and Urban Development.

"I do not choose to use the legislative power of eminent domain lightly. However, we are in a housing crisis of epic proportion. We presently have over 20,000 people in need of affordable housing. This is with Kukui Gardens in the affordable housing inventory. However, if we were to lose Kukui Gardens and it's over 800 units, the ramifications would be far reaching. At a building rate of 2 to 3 years per 250 units, it would take over 10 years to replace the affordable units lost at Kukui Gardens. This is not taking into account the travesty of displacing over 800 families who are not able to afford market rate housing. We must do all that we can do preserve our present inventory in addition to building additional housing. We cannot allow our present affordable housing inventory to be depleted."

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, just in opposition for some other concerns. I would like to see in this language just compensation to buy this land, instead of taking away with eminent domain. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Arakaki rose to speak in support of the measure, stating:

"Mr. Speaker, just some brief comments in support. I think the Legislature and our leadership is showing foresight in looking at this coming crisis. I just hope we don't wait until the last minute until we have a crisis where we have to look for housing for people.

"There are over 3000 residents in Kukui Gardens. I think that will be a real tragedy. I just hope we can use our foresight to start planning, even on an incremental basis, to acquire this really valuable property. And just keep in mind that many of these residents really don't have much alternative when it comes affordable rental homes. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2239, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LAND ACQUISITION," passed Third Reading by a vote of 45 ayes to 2 noes, with Representatives Pine and Stonebraker voting no, and with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 802-06) recommending that H.B. No. 2346, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2346, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR

DEPARTMENT OF EDUCATION ELECTRICITY," passed Third Reading by a vote of 47 ayes, with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 803-06) recommending that H.B. No. 2619, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2619, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Third Reading by a vote of 47 ayes, with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 804-06) recommending that H.B. No. 2763, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2763, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Tsuji rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support on HB 2763. Amidst the humor and laughter of our group, I strongly encourage, Mr. Speaker ... May I continued?"

The Chair then stated:

"Okay, that's enough. Let's have some order here. Yes, please proceed. Someone's making that coqui frog noise that's why I just said, 'Let's have some order here,' and let Representative Tsuji proceed."

Representative Tsuji continued, stating:

"Thank you, Mr. Speaker. The coqui frog infestation has now reached epidemic proportions on the Big Island, with more than 150 firmly established sites. A simple lack of dedicated funding, personnel, and really maybe political support are to blame for the coqui's exploding population growth in the County of Hawaii, as well as for its subsequent proliferation throughout every county in the State.

"These frogs have borne the brunt of many jokes, Mr. Speaker, but the situation is no laughing matter. In reality, the coqui poses a significant threat to Hawaii's economy and natural environment, not to mention the health and well-being of its people. In spite of these circumstances, however, I remain steadfast in my conviction that with the right amount of support, the coqui can be controlled, if not eradicated entirely. This bill seeks to appropriate the much-needed support to Big Island residents and also our State of Hawaii for precisely such eradication efforts.

"The fact is, we are indeed facing a state of emergency, made worse by inadequate support. To give you an example of just how important this measure is, consider the State's multi-million dollar floriculture industry situated largely in East Hawaii, within the context of the Island's dynamic agriculture industry as a whole. A few million dollars worth of eradication funding appropriated by this bill pales in comparison to the sheer economic productivity that proper control of coqui would help safeguard, and that's not including tourism.

"The time to act is now. Living in the most geographically isolated landmass in the world carries with that distinction an obligation to preserve our unique island lifestyle and the lush surrounding ecosystem that has evolved here over centuries. Let's not allow coqui to besiege the rest of our State as it with our County of Hawaii,

nor threaten to have our quality of life held hostage. Thank you, Mr. Speaker."

Representative Souki rose, stating:

"Yes, Mr. Speaker, point of information. I have never heard a coqui frog and was wondering if the Representative from Hilo could mimic the coqui frog for all of us to understand the sound of a coqui frog."

The Chair then stated:

"The Chair will call a recess for this request."

At 1:57 o'clock p.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 1:58 o'clock p.m.

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I rise in strong support. You know, we kind of make some jokes about this issue, but for me I think this is a serious issue. It's not just a Big Island issue. It's a Statewide issue.

"If I may share with my colleagues, it is on here on Oahu. Recently when going to my mom's house to help her tend her house, we were pulling out plants out of a portion of the house around the rock garden area, and there was a coqui frog. We know it's in Waimanalo. We know it's in I think, Wailua, and it's clearly making it's way to Kailua. So I stand in strong support and ask that the words from the Representative from Hilo be also added as my own," and the Chair "so ordered. (By reference only.)

Representative Marcus Oshiro rose to speak in support of the measure, stating:

"Yes Mr. Speaker, I rise in strong support. My community also has a small, but growing infestation of the coqui frog. I'd like the record to reflect the remarks of the Vice Chair of Agriculture as my own.

"And finally, Mr. Speaker, I think this will be one of the more important measures we pass out this year, especially in light of the fact that I learned at one time the mosquito was not apart of our natural ecology. It too was an imported pest that came in either through the ballast of ships or in the waterholds of ships. I can only imagine what Hawaii would be without the mosquito. So I really commend the Vice Chair of Agriculture for taking such an aggressive stand against coqui. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2763, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION TO ERADICATE AND CONTROL THE COQUI FROG," passed Third Reading by a vote of 47 ayes, with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 805-06) recommending that H.B. No. 2842, HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2842, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST IN CONSTRUCTING AND MAKING IMPROVEMENTS TO THE AGRICULTURAL IRRIGATION SYSTEMS ON THE NORTH SHORE OF THE ISLAND OF OAHU," passed Third Reading by a vote of 47 ayes,

with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 806-06) recommending that H.B. No. 2934, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2934, entitled: "A BILL FOR AN ACT RELATING TO HOMELESS VETERANS," passed Third Reading by a vote of 47 ayes, with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 807-06) recommending that H.B. No. 2986, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2986, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Tanaka rose to speak in support of the measure, stating:

"Mr. Speaker, on 807. Relating to Housing, the Puunene Airport land affordable housing study. I'm rising in strong support. The housing crisis in Hawaii saddens me. Increasing rents and rent prices have forced many locals to live in parks, beaches, and sidewalks. These families need our help and this affordable housing study is a positive step toward eliminating homelessness. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2986, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Third Reading by a vote of 47 ayes, with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 808-06) recommending that H.B. No. 3029, HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3029, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," passed Third Reading by a vote of 47 ayes, with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 809-06) recommending that H.B. No. 3105, HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3105, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. Mr. Speaker, the purpose of this bill is to, 'facilitate the effective treatment of mental health services to consumers by prohibiting the Department of Human Services from restricting the physician's ability to treat a fee-for-service patient with psychotropic medications.' It goes on to say, 'that are approved by the FDA and considered appropriate treatment for the physician's practice and professional judgment.'"

"The reason why I'm voting no is more for the principle of the matter. It seems like what you're saying this is because you're either saying unhindered access to psychotropic drugs if they're part of the

fee-for-service program, but in regards to the QUEST programs we've exempted them from that same requirement.

"This came up last year and I was hoping that maybe you could find it. If you're going to go with either unhindered access, or if you're going to go with some kind of PA or formulary, that you just be consistent between the two.

"It seems as if you're poor, but you're under a health plan then you don't get access to whatever drugs you need to get treated. But if you're poor, but you're not within a health plan, then you have access to whatever medications you need to be treated. So I guess on the principle of this, and just trying to make sure that the poor in the Medicaid plan will get access to psychotropic drugs one way or the other and are treated fairly. So I will be voting no. Thank you."

Representative Ching rose in support of the measure with reservations, and asked that the remarks of Representative Finnegan be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3105, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PSYCHOTROPIC MEDICATION," passed Third Reading by a vote of 43 ayes to 4 noes, with Representatives Finnegan, Moses, Pine and Thielen voting no, and with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 810-06) recommending that H.B. No. 2641, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2641, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I rise with a very strong no. I think this bill may be incorrectly titled because it doesn't have anything to do with public works. What it has to do with is expanding what is private works into 'public works."

"Let's take a look at what could happen. You have a private developer that builds a building, and part of it is going to be leased out or part of it is being built for another public entity. The project becomes an indirect public work.

"Let's take a look at the impact it will have on building drug treatment facilities, residential projects, and I even have some questions on what kind of impact this is going to have on relationships between public-private partnerships at the county level. I think we've seen a lot of this on some of the outer islands when private entities will use a partnership with the counties to build roads and other infrastructures.

"So I think we really, really need to be very careful before we go down this trail of indirect government or indirect funding because it is very dangerous and it's really going to expand the cost of doing any type of development and improvement in the State of Hawaii. Thank you."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm also rising in opposition to this measure. Thank you. Mr. Speaker this measure, as I read, it will

affect projects such as Hanahauoli School and other schools that are trying to improve their facilities.

"As I understand it, it clarifies that an indirect public works project means any project that will have received a government benefit. Mr. Speaker, I don't know if you're going to remodel your home, but in the event you do, the indirect public works could be interpreted to include unintended results such as your residential home remodeling where you as a homeowner would receive a government benefit of real estate tax exemption or deduction.

"I think that we really should not proceed with this bill. The main focus of this Legislature should be to find a way to provide housing for the serious needs that we have in our State. 30,000 units are needed right away, of affordable housing. This means that any measure such as that is a hindrance, and that's where I think it's important that we all look at through the microscope again to say, what is going to hinder our efforts to create affordable housing for people? And Mr. Speaker, if this bill goes through, don't remodel."

Representative Marumoto rose to speak in opposition to the measure, stating:

"In opposition, Mr. Speaker. Often times a builder would put up a building, office building or whatever, warehouse and not know who the tenants would be. It's advertised on the open market and very often the State or a county will be a client and want to lease maybe one quarter of the property, and the developer will not know in advance who the tenants might be, so I think this is a ill-advised.

"Also when you have to file documents with the Department of Accounting and General Services, this is something new to them and I don't know if they have the staff to handle these types of documents. I think this bill is very ill-advised. I would ask you to consider very strongly to vote against this measure. Thank you."

Representative Caldwell rose to speak in support of the measure, stating:

"Just a brief comment in support, Mr. Speaker. On the issue of remodeling your home, I did want to clarify that. This involves projects where 25% of the project is going to be leased out to some government entity. So if you in fact you are remodeling your home and you intend to lease out part of it, 25% or more, then it would apply. But I would think that most people in Hawaii when they are remodeling their home, are doing it for private purposes and not to lease out to government.

"I didn't want anyone get concern that somehow it applied to that. I know that was raised last year. The bill makes it very clear it does not apply to that kind of project. Thank you."

Representative Moses rose to speak in opposition to the measure, stating:

"In opposition, Mr. Speaker. I don't know if it's only going to cover people that are leasing out. I'm concerned about things like where we have a tremendous amount of impact fees from developers to help build a North South Road, so it means millions and millions of dollars.

"Also Campbell Estate is giving, I think, \$31 million to help build the Kapolei Interchange. It sounds to me, according to this bill, that's going to you know for the public benefit. And what about the Kapolei Judiciary Complex where Campbell Estate is giving all the land? And it goes on and on and on. I don't know where it's going to stop. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2641, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC WORK PROJECTS," passed Third Reading by a vote of 37 ayes to 10 noes, with Representatives Ching, Finnegan, Harbin, Marumoto, Meyer,

Moses, Pine, Stevens, Stonebraker and Thielen voting no, and with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 811-06) recommending that H.B. No. 2691, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2691, pass Third Reading, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I will be voting a very strong no on this bill. What this bill intends to do is to take some self-anointed self-appointed labor management committees of various labor organizations, who've already appointed themselves 'watch dogs' by pouring over the papers, the documents of certified payrolls of employers, usually non-signatory employers.

"What they do is that they know if you look hard enough there could be a clerical, a very small mistake in the transposition of numbers, as we all know happens in accounting. Rather than allow the employee to go forward and work with their employer, what they do is they get the employees to file complaints, and then you get a lot of these little, small, \$25, \$10, \$100 mistakes which the employers make the employees whole.

"Sometimes there comes along a fine by the Department of Labor if they find that it was something that the employers should have been more cautious about, but what we're trying to do now is we're trying to take these self-anointed, self-appointed 'watch dogs' that have the money and the resources to just dig around and pour into certified payrolls, and now give them statutory power to go out there and file civil actions against employers, which I'm again are going to assume are non-signatory employers.

"This is a major step from allowing our Department of Labor to enforce the labor laws by now, through statute, creating a private enforcer. This is not where I think we want to head. It belongs in the hands of our departments under our statute and I encourage everyone to understand what is really going on here. Thank you."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm rising in strong opposition to this measure. I'd like the words of the previous speaker inserted in the Journal as if they were my own. I just would like to add that this presents a potential opportunity of abuse because the bill gives authority to a federal labor management committee. The power to bring injunctive and other relief against any employer who fails to pay prevailing wages regardless of whether there is a collective bargaining agreement in place."

Representative Moses rose to speak in opposition to the measure, stating:

"In opposition, Mr. Speaker. I believe the powers given in the bill are also unnecessary because the current law already allows for those directly involved in the dispute, the laborers who have not been paid prevailing wages or overtime compensation, to bring court action. You don't need an outside agency to do that. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2691, entitled: "A BILL FOR AN ACT RELATING TO PREVAILING WAGES," passed Third Reading by a vote of 37 ayes to 10 noes, with Representatives Ching, Finnegan, Harbin, Marumoto, Meyer, Moses, Pine, Stevens, Stonebraker and Thielen voting no, and with

Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 812-06) recommending that H.B. No. 2400, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2400, entitled: "A BILL FOR AN ACT MAKING AN EMERGENCY APPROPRIATION FOR ACQUISITION OF WAIMEA VALLEY, OAHU," passed Third Reading by a vote of 47 ayes, with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

At 2:12 o'clock p.m., Representative B. Oshiro requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:12 o'clock p.m.

Representative Caldwell, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 813-06) recommending that H.B. No. 173, HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 173, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Moses rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, in opposition. I made quite a speech on this on Second Reading. I won't go into all of that again. I just want to remind the Members that whoever the Governor may be, not this Governor because I know this doesn't cover this Governor or the appointment of the current person holding the office. But in the future any Governor should have the ability to pick the best qualified person to lead our troops. Our brothers and sisters, our children if they may go into combat or national disaster or whatever it is, we should have the best person possible leading them.

"And I want to point out that this measure really arose from a group of people that maybe thought they were the best qualified and were overlooked for some reason. It's a protectionist measure. They only want to have members of their club be considered for the position and it should never be that way.

"If you're familiar with the regular military, it's up or out. You don't get picked just because you happen to be a member of a certain group.

"And the last point is, I think all of the members here are very familiar with General Shinseki and know his qualifications. I don't think anyone would ever question his ability to be our Adjutant General, but under this measure General Shinseki is not qualified to be the Adjutant General."

Representative Cabanilla rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this matter. I just would like to say that the selection of a general officer, of all of the services, of any of the services we have, it's always been on a best-qualified basis. This bill adds a sub-class to the system that's going on, and just let me elaborate the difference within the Army, the regular Army and the Army Reserve and the Army National Guard, there is none. They go to the same school. Their mission is the same, and their training is the same.

"Putting a five-year requirement for any of these other officers to compete for the National Guard is not fair because they all go into the service to be General someday, and they've always being taught

on the best qualified basis. The only difference I see between the two classes is that the Governor has a role to play. But whether it be the regular Army or the Army Reserve, when given a mission, they all can deliver.

"So I say that this is a 'protect your own turf' legislation and we should stay away from the regulations that are set forth by the Department of Defense, and let our military determine who is the best qualified. Thank you, Mr. Speaker."

Representative Caldwell rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support and I want to try to clarify some of the misunderstanding here. Anyone who looks back at the founding days of our country knows the great struggle that took place at that time with then General Washington and Alexander Hamilton, one of his chief aides, where they wanted to create a national standing army. At that point, we were at 13 colonies. We believe strongly in individual rights for each colony, and they were very suspicious about putting the power of a standing military in any form of federal government, so each colony and then later each state, came forth with their own state militia.

"It's a proud part of our history, and if anyone visits Lexington or Massachusetts you'll see a statue to one of the first Minutemen, John Parker, and it defines what the National Guard is, Mr. Speaker. It comes from that history, from that base. It's a unique form of standing army. It's not like the federal Army or Air Force or Navy or Marines. It has a unique history. As was pointed out, in each state the Governor is in charge. It's a state militia that has been federalized. They have a unique understanding of their role. It's very different than the other branches of government. The National Guard works closely with various state agencies and is very different from the rest of the federal military.

"Mr. Speaker, we found out in testimony what I found interesting. 44 states across our country right now have requirements of 4 to 7 years service in the National Guard before you can command the National Guard. 44 states, Alaska would be the 45th state to pass a bill in a Republican Legislature before a Republican Governor. We've been told the Republican Governor will sign that bill. The 5 other states of which we are one, the others are all southern states. Alabama, South Carolina. For me, it's not that I don't consider that a proud group to be with, and in some of those states, Mr. Speaker, they have an elected person to head up the National Guard.

"So I think there's strong public policy. If you look at the members of the National Guard they served so well in Iraq, Afghanistan, Desert Storm, and they have put in the time in their branch. And think about for any of one of us, Mr. Speaker, if we served with an organization and we saw someone from outside of that organization come in to head us up, we would ask, why is that? Why do they need someone from outside of the National Guard to command one of us when there are so many qualified people within the guard to step forward?

"Right now, if you're serving in the National Guard you can't move over and head up the Army Reserve. You have to go through a procedure and put in your time and go through the paperwork. It's not a simple thing. And even in the standing Army you can ask, why couldn't someone from the Air Force go and head up a division in the Navy? Or someone from the Marines go and head up a division in the Army. It doesn't work that way. Each branch has its own pecking order, and we're setting a minimum of 5 years.

"I don't know what the big issue here is. I think it's something that we should do to support our National Guard. To support the people that who are out there helping not only our State, and now with the floods they'll be out on the North Shore, but in all parts of the world. Thank you very much, Mr. Speaker."

At 2:20 o'clock p.m., Representative Thielen requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:23 o'clock p.m.

Representative Stevens rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition for a couple of reasons. This limits the pool of qualified officers to head our State's National Guard, and I'd just like to say that when I served in the Coast Guard, we were considered US Customs officers so we had to learn all of their procedures, their policies. So going back and forth from one service to another is something that is actually done quite often.

"A general officer should really be able to learn the policies and procedures of another service. Certainly someone as qualified as people to be consider for heading up our National Guard. That's not unusual. I do believe an officer can transfer from service to service and can head different divisions, and it happens all the time. So I really do believe that we should not limit the pool of officers we have to head our National Guard.

"One other item that I'd just like to note is that on the mainland, it's much easier to serve in the National Guard because they can transfer easily, travel from guard service from state to state. For us, our guard people, it's hard to, just because of the distance, to serve and travel back and forth from California or to the mainland to perform in their service.

"So I think we should be cautious in passing along this legislation because we're definitely going to limit the people we can choose from to serve in this position. Thank you very much."

Representative Moses rose to respond, stating:

"Thank you, Mr. Speaker, remaining in opposition. My colleague from Manoa made some very good points in the favor of opposition to this measure. He talked about the founding fathers wanted to make this a separate militia in the states and not under the national government. Well that's a very good reason for the Governor to be in charge of her appointments and picking the best person.

"I wanted to point out that as he is from Manoa, he would understand that we do go outside very often. In fact, look at all the UH Presidents. We've gone out all the time to find the best-qualified person. We didn't pick from within the ranks of the UH faculty.

"As far officers serving under other officers. I want to point out that there's one senior officer. He used to be called CINPAC, but they changed the name. He's now the Pacific Commander. He commands all the troops in about two-thirds of the world of all services. He happens to be Navy, but the last time we picked a Pacific Commander, we almost picked an Air Force General. So it could have been either one, and they command all the troops in the Pacific whether they're Army, Navy, Air Force, Marine Corp. Whatever they are.

"It happens to be a Marine Corp General that is the Chairman of the Joint Chiefs of Staff right now. He commands all the forces in the United States. A Marine Corp General.

"Special Operations Command is commanded by a Marine Corp General. He commands all the special operation forces in the United States including the Army, the Seals, everybody. Airborne, everybody.

"I'm a Marine Corp officer and I was commanded by Army and Navy at different times in my career. And I also have Army and Navy and other Forces under my command who served under me. So this malarkey about you have to come from within one group to

command that group is absolutely not true in this nation. Thank you."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition and just wanted to make the note that those who have spoken in opposition of this measure appear to be what I would refer to as front-lineman – those who have actually served in the military. I believe in people who have actually served in the military to speak upon these matters, and I would like to ask that the words of the Representative of Ewa and the words of the Representative from Waikiki be entered as my own," and the Chair "so ordered." (By reference only.)

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker, I rise in support of this measure. Thank you. First, Mr. Speaker, I like to request the ruling of a potential conflict. The Representative from the Windward side, the Assistant Minority Floor Leader believes I have the chance to become TAG of this State one day, so I need your ruling, Mr. Speaker," and the Chair ruled "no conflict."

Representative Takai continued in support of the measure, stating:

"Thank you, Mr. Speaker. I appreciate her support and her well wishes on that endeavor, however this bill is not about me. This bill is in fact about our State militia. The National Guard of Hawaii. I'd like to take some time, Mr. Speaker, to read a speech made by Representative Bob Lynn who is the Chairman of the House Military and Veteran Affairs for the State of Alaska. He's a Republican and the Governor of that State is currently a Republican, and he said:

Currently the Governor of Alaska is free to appoint any citizen of Alaska without other qualifications to be Adjutant General. This bill, and this bill would be House Bill 354, remedies that situation by recognizing additional guidelines for appointees such as serving at least five years in the Alaska National Guard, Alaska Air Guard.

The current requirements and qualifications for appointment must be tailored to the unique requirements of Alaska's Adjutant General's mission without political consideration. The nature of the job requires substantial experience and understanding of military operations in general, and the Alaska National Guard, Alaska Air Guard in particular. Other civilian business and managerial experience is valuable, but in itself not comparable to high-level military operations.

Business people cannot operate their businesses like the military. Likewise the military cannot conduct operations like a business. In addition, operating conditions in Alaska are unlike any other jurisdiction. As a result, extensive Guard experience in Alaska is critical. This Alaska experience, as well as qualifications that operation or strategic levels of military leadership are essential to the interest of Alaska. It is also important to the interaction of Alaska with national homeland security, national disaster agencies, and national war efforts.

"Mr. Speaker, this gentleman, Representative Bob Lynn, is again like I said, a Republican. And the Governor of the State of Alaska is Republican. In fact, Mr. Speaker, if Alaska becomes a state to adopt this qualification, it will become 1 of 45 other states in the nation to require it's Adjutant General to have at least five years of experience in their National Guard. I think the Chairman of the Labor Committee made very good points as to why this is important, but I'd like to also mention a couple more.

"In response to the Representative from Kapolei. He talked about the PACOM Commander. Pacific Command Commander, currently Admiral Fallon. Admiral Fallon a Navy Officer who commands the joint forces of the entire Pacific. There is no analogy between that

relationship and the relationship of the National Guard, because Mr. Speaker, if someone comes in from active duty or the Reserves to serve as the Adjutant General of the State, the active duty or the Reserves are not under the command of the Adjutant General. His analogy is more in line with what this bill does. In fact his analogy suggests that someone that commands the National Guard of our State should be from within. Admiral Fallon is from within the Pacific Command.

"In fact he mention also the Marine Corp General now serving as the 4-Star Joint Chief of Staff. Even that particular General commands under him a unit, a branch of service from which he grew up into. So I think that his analogy in fact supports this bill.

"The last thing I'd like to say, Mr. Speaker, is this. I think General Lee, our current Adjutant General, is doing a fine job. In fact, General Lee is a constituent of mine and this is a very difficult bill for me. I told the Assistant Minority Floor Leader that I was not planning on speaking, but since she thinks that I'm going to be the Adjutant General one day and I had to ask for your ruling of a potential conflict, I felt I needed to say a little bit.

"This bill is not about General Lee. General Lee has done a fine job for our State and I hope General Lee continues in his role as the Adjutant General because we all need his level of expertise, but regardless of General Lee, if you take a look at the testimony from all the officers, mainly retired National Guardsmen. They have serious concerns about what happened in terms of the appointment of General Lee, and there are concerns of other appointments in the future regardless of whether the Governor is the current Governor or the Governor becomes another Democrat.

"Again, Mr. Speaker, 44 other states and possibly Alaska already do this. Thank you."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm going to be voting against the bill. I would just like to respond. As an attorney, I learned that there are times when it's very important to disclose a potential conflict of interest. When I took a look at the bill and realized it was introduced by the Vice Speaker, and since he was a member of the Hawaii National Guard, he very likely could be part of the pool that would be considered to be that appointed position, and I felt that it was appropriate and ethical and right for him to at least ask you, Mr. Speaker, on the ruling of a potential conflict of interest.

"I'm not promoting his candidacy. I just want to keep the record, ethical and straight so people are in line or could be in line for something, where a bill might directly impact them stand up and ask for your ruling. Thank you."

The Chair then stated:

"Yes the Chair has ruled once more that there is no conflict. It is a class of Guards."

Representative Ito rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support. I would like permission to enter into the Journal my comments here, and also I want the words of the Vice Speaker and the Chairman of the Labor Committee as my own."

"I just want to say a few words about the Representative of Kapolei. You know, if I were General Shinseki and I had 4 stars, I would never come back to 2 stars. And secondly, if anytime they want me as a TAG, I'm available. But actually, I want to be a Sergeant Major, Command Sergeant Major of the National Guard. Thank you."

Representative Ito's written remarks are as follows:

"Mr. Speaker, I rise in support of Stand. Com. No. 813-06, HB 173, HD 1. Mr. Speaker, the purpose of HB 173, HD 1, is to require that any person who is newly appointed to the position of Adjutant General must possess at least five years of service as an active commissioned officer in the Hawaii National Guard, whether Army, Air, or both. This five-year experience requirement was placed on the Adjutant Generals position because of the unique role the National Guard plays. Under questioning at the Labor Committee hearing, Major General Lee confirmed the fact that the National Guard has a unique role. Additionally, because of the importance of the military component of the Adjutant General's position, nowhere in HB No. 173, HD 1, has the military experience requirement been removed.

"Mr. Speaker, following are only two samples of job requirements appearing in the want ad in today's *Honolulu Advertiser*:

An applicant for a Controller's position must have a BA in Accounting, Finance or Business Administration with a minimum of 5 years experience and 3 years supervisory experience; and must possess excellent communication and computer skills.

To apply for a Chief Laboratory Engineer's position, the applicant must be a Licensed Professional Engineer (Civil or Chemical Branch) and possess a 4 year BSCE degree in either civil or chemical engineering. The applicant must also have a minimum of 10 years engineering experience associated with construction activities in the inspection and testing of soils and rock, concrete, and asphaltic concrete in accordance with ASTM standards and a minimum 5 years experience managing laboratory operations.

"Mr. Speaker, the 5-year National Guard experience that has been placed on the Adjutant General's position is no different than any of the requirements for the respective jobs mentioned above.

"Mr. Speaker, I urge all my colleagues to pass HB 173, HD 1, out."

Representative Cabanilla rose to respond, stating:

"Mr. Speaker, I rise to say that I am not asking for a conflict mainly because yes, I am an officer in the Army Reserves, but I also spent some time in the National Guard. Almost 5 years. So I'm not asking for a conflict because I could be included with this present ruling, but I honestly say that we should not circumvent the current process. To rise for consideration to become a general officer also states that you are multifaceted, that you have learned the other services, and you have attended the Army War College which teaches you how to do, and how to run the National Guard as well."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm rising in opposition to the bill. I don't think it's appropriate to talk about being a Republican and Democrat. I don't think this is a political bill. At least I hope it's not. The law that's on the books now that allows the Governor of the State of Hawaii to appoint somebody to the Adjutant General's position has been on the books for a long time. When there were Democrat Governors, some did pick from the National Guard and some did not. So we had it both ways and we've been served well by those choices, by those Executives who have made the choices.

"I think it is an important fact that we should not limit the pool. As a State we are fairly small state with our population of 1.2 million. We only have 500 something registered voters as adult. We don't have a large population. Nothing like California or some of these other states that have made this choice. I think we would shortchange ourselves by limiting the people that the Governor could look at. Thank you, Mr. Speaker."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker, in due respect to the Chairman of Public Safety and the Vice Speaker who was so eloquent in expressing his forte as far as the National Guard, I wish to speak with some reservations on this measure. The reservation I have as this bill moves on, I would hope the author and the Chairman, as this goes into Conference, to look at where they could provide some flexibility, as we move on. I think that we as a small State need to look beyond our own personal interest. Thank you very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 173, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE NATIONAL GUARD," passed Third Reading by a vote of 36 ayes to 11 noes, with Representatives Cabanilla, Ching, Finnegan, Halford, Marumoto, Meyer, Moses, Pine, Stevens, Stonebraker and Thielen voting no, and with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

At 2:42 o'clock p.m., the Chair noted that the following bills, passed Third Reading:

HB No. 2213, HD 1	HB No. 2842, HD 1
HB No. 2503, HD 2	HB No. 2934
HB No. 2974	HB No. 2986, HD 1

No. 3016, HD 1, entitled: "A BILL FOR AN ACT RELATING TO UNSERVED ARREST WARRANTS," passed Second Reading, and was placed on the calendar for Third Reading with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 818-06) recommending that H.B. No. 2412, HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2412, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONFORMITY OF THE HAWAII INCOME TAX LAW TO THE INTERNAL REVENUE CODE," passed Second Reading and was placed on the calendar for Third Reading with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 819-06) recommending that H.B. No. 1026, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1026, HD 1, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Moses rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm rising in opposition to Stand. Com. Report 819, Relating to Taxation. This bill as it was originally drafted would double the ... Let's see what they were using. This is for the Transient Accommodation Tax on timeshare units. Right now I think they use the ... I don't have it in front of me, but this was going to double the fair market rental value on Transient Accommodations Taxes by using twice the amount of the gross daily maintenance fees for timeshare units. I don't think that we should be increasing the cost to our visitor industry.

"In Committee there was only one person that testified in favor and that was the ILWU. The Department of Taxation, the Hawaii Hotel and Lodging Association, the Maui Sunset International, All Island Timeshare, Marriott International, Hilton Grand Vacations, Starwood Vacations, just most all of the testimony was against this.

"The way this was amended in Finance, it's got a blank now. We don't know what they're going to do. If they're going to double it or raise it one and a half times. I don't know, but it's an increase and for those reasons I'll be voting no."

Representative Marumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Stonebraker rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Stevens rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'd like vote no on this measure. This is a tax increase on our vital tourism industry and it's the foundation of our State's economy. I just don't think we should raise taxes for them. Thank you."

Representative Pine rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. Representative Herkes rose to speak in support of the measure with reservations, stating:

"Mr. Speaker. On Stand. Com. Report 820, I vote with reservations. Mr. Speaker, NCOIL has cautioned the states that any rainy day funds or reserve funds, FEMA will grab those first in case of a natural disaster. There are ways that we can protect these kind of funds against FEMA, and I would urge the money Committees to take a good hard look at how we can protect those funds and not have them just gobbled up by FEMA. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2312, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION TO THE EMERGENCY BUDGET AND RESERVE FUND," passed Second Reading, and was placed on the calendar for Third Reading with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I rise with reservations on 822. I'm all for substance abuse treatment and appropriating funds for doing that. My concern here is this measure doesn't tell me who's going to do it; how they're going to do it; are there any measures of accountability or effectiveness. I don't know. I don't know enough details about it. It's very vague. I do think we should move it along. It's a work progress and maybe we can get the details as the measure moves. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1466, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," passed Second Reading, and was placed on the calendar for Third Reading with Representatives Abinsay, Kahikina, Kanoho and Magaoay being excused.

Representative Halford. rose to speak in opposition to the measure, stating:

"Mr. Speaker. On 823, a no vote please. I'll just briefly comment that this bill certainly does not benefit the Neighbor Islands. In my view, it does not benefit the Health Systems Corporation in any way. Thank you."

Representative Moses rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, in opposition. I believe this measure reverses the openness and transparency and the nonpartisan process that we've been trying to go through. The Attorney General says it doesn't provide for the process or procedure that the Governor is to use to appoint individuals to the Board. So I think there's a lot of work. Thank you."

Representative Meyer rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Finnegan rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I would like a no vote, and just that if this does dwindle the Neighbor Islands from having a stronger say in the HHSC. The system is created for the Neighbor Islands and the rural hospitals, so I have some very strong concerns and I'll be voting no. Thank you."

Representative Pine rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Stevens rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Marumoto rose to speak in opposition to the measure, stating:

Representative Halford rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Moses rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, on 824, House Bill 1800, I'm rising in opposition. This measure raises withholding from 5% to 8.5% of sales prices. Not profits. Again it's a tax increase. You can say it's for people who don't live here, nonresidents, but it's still a tax increase. And the thing is this is raising the price on the sales amount. Not the amount they might realize as profit. Thank you, Mr. Speaker."

Representative Stevens rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Meyer rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

ADJOURNMENT

At 12:00 o'clock midnight, the House of Representatives adjourned until 8:30 o'clock a.m., Tuesday, March 7, 2006.

TWENTY-SIXTH DAY

Tuesday, March 7, 2006

The House of Representatives of the Twenty-Third Legislature of the State of Hawaii, Regular Session of 2006, convened at 8:43 o'clock a.m., with the Speaker presiding.

The invocation was delivered by Ms. Laura E. Thielen of the Affordable Housing and Homeless Alliance, after which the Roll was called showing all members present with the exception of Representatives Cabanilla, Karamatsu, Meyer, Stonebraker and Waters, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Twenty-Fifth Day was deferred.

INTRODUCTION

The following introduction was made to the members of the House:

Representative Thielen introduced her infant granddaughter, Anna Ellis Thielen; her son, Mr. Greg Thielen; and daughter-in-law, Ms. Laura Ellis Thielen who delivered today's invocation.

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Meyer and carried, the rules were suspended for the purpose of considering certain bills on Third Reading on the basis of a modified consent calendar. (Representatives Cabanilla, Karamatsu, Stonebraker and Waters were excused.)

At this time, the Chair announced:

"Members, the Chair will be moving two items to the end of the calendar. On page 4, Standing Committee Report No. 728-06, H.B. No. 2696, HD 2; and on page 11, Standing Committee Report No. 775-06, H.B. No. 2589, HD 2, both to the end of the calendar. Any questions?"

UNFINISHED BUSINESS

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 709-06) recommending that H.B. No. 1821, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1821, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Sonson rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker, and good morning. Good morning colleagues. I'm standing in support, strong support of HB No. 1821, HD 2, Relating to Care Homes.

"Mr. Speaker, there are about 140,000 caregivers in this State. Most of them however take care of their own parents, their brothers, even their friends at home. What this bill is talking about are care homes or caregivers that are professionals.

"We need professional caregivers because there are people out there who don't have parents, who don't have children, who don't have friends to care for them. Most of the time these patients are in the nursing homes or in hospitals. They're occupying beds that are valued at about \$4,000 or \$8,000 a month. It's very expensive to

upkeep them and the State has this obligation to a lot of these in the elderly population.

"Your typical patient that goes into care homes, Mr. Speaker, normally has various kinds of disabilities. They could be mentally retarded, or they could just be old, they have dementia, Alzheimer's disease, whatever ails them, Mr. Speaker. They need 24-hour care.

"The caregivers that we're talking about here are primarily from third world countries. They are immigrants here; they're first time immigrants. They are normally suited for these kinds of jobs, this kind of care giving because of the countries they come from. It is often the practice that they will expect their children to care for them when they grow old. Therefore they prepare these children as they grow up to say, 'You know, son, daughter, you know when I'm old, you're going to take care of me.'

"That's the kind of attitude they bring to this country and lo and behold, an industry opens up when there are parents out there, or brothers and sisters that nobody cares for, and they will bring them into their homes. They bathe them, they comb their hair, brush their teeth, feed them, they give them a special diet, they make sure that they don't lose more than five pounds a month or gain more than five pounds a month.

"Mr. Speaker, the work is 24 hours. If you neglect them, there are severe penalties that may ensue. So these professional caregivers must go through a lot of training. They have to have a year experience working at a facility where they care for a lot of these patients. And when these patients leave those expensive facilities, they go to their home.

"The State supplemental, Mr. Speaker, is currently set at \$521. The \$521 from the State, Mr. Speaker, is the number that we want to increase with this bill. I hope that colleagues understand that housing is an extremely important issue out there, and look at this. With \$521 these caregivers provide a room, special diet if needed, 24-hour care, rides and trips to the hospital, to the clinics, to the doctor. They bathe them.

"Mr. Speaker, I don't think we could question that they work very, very hard. It is unfortunate that we don't actually see it. When I speak of it, it's hard to picture it, but I visited care homes. I slept in one in Hilo. A very nice care home and the work that the caregivers do is something that I can tell you, I don't think I can do it.

"I am so happy that my father who is elderly, he's 88 years old now. He married a 44-year-old caregiver. I'm happy about that because if not, I will probably have a very difficult time fulfilling my obligation to my father. Thank you, Mr. Speaker, and I hope this bill will go forward. Thank you."

Representative Abinsay rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I'm in strong support of the measure, and if I may also adopt the words of the Representative from District 35 as if they were my own. Thank you, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative Finnegan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in support with short comments. Thank you. Basically, Mr. Speaker, across the nation we're looking at ways on how we can have community-based care for long-term needs for the elderly and the disabled. Hawaii has a great model with our ARCs and our care homes, and anyway that we can motivate that and continue that out to the future is very important. Thank you."

Representative Kawakami rose to speak in support of the measure, stating:

"Yes, Mr. Speaker, on the same measure in strong support and I'd would like say a few words. Mr. Speaker, and Members of the House, on my home island of Kauai we've had several care homes, adult care homes close because they simply could not meet the financial ends.

"The level of care payments paid to the care home operators just wasn't enough to keep them open and it is a travesty, because once they close it is impossible to replace them. There are no housing alternatives for those who are displaced.

"The level of care payments have remained the same since 1997 and with rising costs of housing and care, we need to keep the operators of the care homes for the disabled compensated to the level that makes operating a care home at least a good venture.

"Therefore Mr. Speaker, I stand in strong support of House Bill 1821, HD 1, and I urge my colleagues to do the same. Thank you very much."

Representative Magaoay rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Magaoay's written remarks are as follows:

"Mr. Speaker, I rise in support of House Bill 1821.

"Mr. Speaker, I believe that the passage of House Bill 1821 will assist in providing adequate residential settings for individuals requiring housing in developmental disability domiciliary homes, developmental disability adult foster homes, and developmental disability apartment complexes. It will assure proper funding where funding may be insufficient for the caregiver, and recipient.

"Mr. Speaker, this piece of legislation would adjust the level of care payments for adult residential care homes, adult foster homes, developmental disability domiciliary homes, and developmental disability apartment complexes. Acceptance of House Bill 1821 will support the integrity of generated funds for the developmental disability homes, foster homes, and apartment complexes. Thank you, Mr. Speaker."

Representative Pine rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"Mr. Speaker, I rise in support. The purpose of this bill is to adequately compensate care home operators by clarifying that domiciliary care includes care provided in developmental disabilities domiciliary homes, developmental disabilities adult foster homes, and developmental disabilities apartment complexes. It also establishes a minimum level of care payment for type I and type II adult residential care homes, licensed developmental disabilities apartment complexes, and certified adult foster homes.

"This bill is long overdue. Our care home providers have not received an increase in pay for 12 years. Because people are living longer and the so-called "baby-boomers" are beginning to retire, care home providers are needed more than ever before.

"Home and community based caregivers are qualified, trained, and experienced nurses' assistants. Compared to nurses' assistants in hospitals, nursing facilities, and home health agencies, whom are paid at entry levels starting at \$11.29 per hour, or \$90.32 per 8-hour day, currently home and community based caregivers provide 24 hour/7 days a week services and are only paid \$24.98 per 24-hour day per Care Level I client and \$41.06 per 24-hour day per Care

Level II client. We must make sure our home care providers are cared for because they contribute a noble service for our community. Thank you."

Representative Ching rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of this measure.

"Patients, as well as families rely upon the compassion and loving care provided by care homes. H.B. 1821 – Relating to Care Homes, will adjust the levels of care payments for adult residential care homes, adult foster homes, developmental disabilities domiciliary homes, and developmental disabilities apartment complexes. An increase in pay for employees of Type 1 and Type 2 homes will address the great need to insure quality care. Based on current levels, care homes have no incentive to provide these kinds of services because the money is just not there.

"Each passing year the cost of operating care homes have increased, without a corresponding increase in payments to employees. We must make sure these facilities remain viable options for those in need."

Representative Kahikina rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support. Just a word as the Chair of Housing, I understand the emergency need to fill and repair the housing stock. It will be a travesty if we cannot help to keep these homes open. Thank you."

Representative Finnegan rose in support of the measure and asked that the remarks of Representative Kawakami be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1821, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CARE HOMES," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Hale being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 710-06) recommending that H.B. No. 1888, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1888, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Hale rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Hale's written remarks are as follows:

"This bill (HB 1888) is simply a common sense statement. We may have great minds and great talent latent in our people here in Hawaii who can devise ways to harness renewable energy sources to save our islands from foreign energy dependence. But more minds in a larger talent pool are obviously better. By cooperating and collaborating with other institutions internationally, we allow our State to leverage this greater pool.

"Energy policy has always been of great concern to our State, as all of our State funded energy projects can attest. Our Governor has also dedicated a great portion of her agenda to this issue this year with various initiatives, and so has your Majority in this House. But with available technologies, curbing foreign energy dependence means having to make sometimes painful trade-offs. It is only with

technological innovation that we can find ways to curb our dependence and yet maintain our standard of living.

"What we in this Legislature are stating, our common sense statement, is that DBEDT needs to make sure that their research and technology is pertinent and on the cutting-edge. The only way to do this is by seeking cooperation and collaboration both here domestically and internationally; perhaps with a legislative mandate, DBEDT can now coalesce the needed resources to boost their international cooperation agreements and collaborations. In their benefit, developing and bringing to market renewable energy technologies is an overwhelmingly difficult task. If it were easy, it would have already been done.

"But I am optimistic of what our University of Hawaii, DBEDT, Hawaii firms like Hoku Scientific and researchers around the world can discover. In addition to strong collaborations with our University and Hawaii firms, let us allow and encourage DBEDT to go beyond and bring home new and viable ideas from abroad so that this long awaited future of energy independence can finally arrive."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1888, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INTERNATIONAL COOPERATION," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Hale being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 711-06) recommending that H.B. No. 1975, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1975, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support. Mr. Speaker, this is an effort to try to provide basic medical services and urgent care services to rural areas, portions of the Big Island.

"If we can make this model work, then I can see it as appropriate for areas like Hanapali where there's one road going into that district and many other areas in the State. So I hope that this will be a model to try to bring some basic clinical support and urgent care to all the rural residents of this State. Thank you."

Representative Harbin rose to speak in support of the measure, stating:

"Mr. Speaker, I too would like to stand in strong support, but I would also like to make sure that we understand that this is a statewide issue. We have areas all over the State, and even in Honolulu that need this type of assistance.

"According to the trauma system consultation that was done for the Department of Health by the American College of Surgeons, they recommend that we develop a county trauma audit committee, and I truly hope that this will be the first step for us to identify a very bad problem because of the imploding of our health care system. With that in mind I have strong support for this measure."

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support of the measure. I just wanted to echo the comments made by the Representative from Volcano. On the Big Island we have really long distances on many occasions, between health care facilities. This kind of thinking out of the box will save lives over time. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1975, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY MEDICAL SERVICES," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Hale being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 712-06) recommending that H.B. No. 2126, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2126, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Yamane rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I rise in strong support. Mr. Speaker, EMS has responded to over 73,000, 911 calls in 2005, and currently on this Island of Oahu we have 18 ambulance units, which is not enough. Currently, all of last year from January 1st to December 31st in the Central Oahu area, we received, they received over 563 calls in Wahiawa, 572 in Mililani, 636 in Waikale, and 258 in Mililani Mauka.

"This bill will ask for an investment of \$1.3 million to add a 16-hour ambulance unit 7 days a week for the Mililani/Waipio/Gentry area. This ambulance unit, Mr. Speaker, will have wide ranging impact from the North Shore to Waianae, and all the way to Aiea.

"So I ask all of you to remember that they will respond. EMS will respond when you call 911. The issue with this bill is it will save lives because they will be able to respond quicker. There's a saying, the 'golden hour' – within the 'golden hour' – which means from the time of a traumatic accident to the time that you get emergency care. Within that hour you need the quickest and fastest response. This bill will save lives. Thank you for your support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2126, HD 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR EMERGENCY MEDICAL SERVICES," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Hale being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 713-06) recommending that H.B. No. 2187, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2187, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Magaoay rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I stand in strong support regarding SCR 713, House Bill 2187. Colleagues, I ask for your strong support. In light of what has happened on the Windward side with the rain that we have, this bill right now will provide for the MAST helicopters that will be going on to Iraq, so I'm asking my colleagues to please support this. It is one small mission for us to make sure that the lives of the North Shore, the Windward side, the Leeward Coast, and Central Oahu are taken care of because of the way our world is changing, our climate – not the change in weather, but things that we have. We have a lot of young people that like to be adventurous, thrillseekers, who go out to these various areas. We need this kind of service to help us as we go.

"Also in this bill, we also provide another ambulance in the mean time as we try to pursue a contract to get this MAST helicopter. So colleagues I ask for your support. Hopefully this is a temporary

measure, and hopefully DOD will come back and be a permanent solution. Thank you."

Representative Meyer rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I'm rising in strong support of this measure. And I just would like to just say 'ditto' to all the things the Representative from Haleiwa said. Over the years I can't tell you how many times I've seen the military helicopter there. And you know, it gives you a sense of, 'Oh, thank goodness they are there,' because they have saved many lives. I also would ask that I could insert some additional remarks into the Journal. Thank you," and the Chair "so ordered"

Representative Meyer's written remarks are as follows:

"This measure is very important to my district. Due to the increased military presence in Afghanistan and Iraq, aeromedical helicopters, which have served the residents of Oahu for the last 31 years may soon be deployed to foreign countries. Many lives have been saved due to the speedy transport of seriously injured persons from rural areas to Queen's Hospital via the military's Medical Assistance to Safety and Traffic (MAST) victims.

"This bill provides funding for an alternative aeromedical service and an ambulance to service the North Shore area until the state is able to provide an alternative aeromedical service."

Representative Green rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support. I would echo the previous two speakers' comments. I would also like to say that this past weekend, I was on call and I had a young woman who shattered her left arm. Both bones were shattered completely, and because of the weather up in Hawi, it was impossible to transport her. It's a very difficult problem. Because of unfortunately, economies of scale where populations cluster and so on, on the islands, we may never have, or it might be many, many years before we have orthopedic access and full trauma access on some of the Neighbor Islands, or in some communities.

"I think we're going to have to focus, as a Legislature and a State, on increasing our capacity to easily transfer people who are suffering, because we probably won't be able to afford complete and comprehensive teams, surgical teams, at each of these other sites. But by having access to more helicopter services and ground services to accommodate any circumstance, we'll get people the care they need. Thank you, Mr. Speaker."

Representative Pine rose to speak in support of the measure, stating:

"Yes, Mr. Speaker, just in strong support. In fact, just this past week, a person from Ewa Beach was medevaced to Queen's Hospital by using this service. So I'm strong support and request written comments. Thank you," and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"Mr. Speaker, I rise in support. The brave men and women of the United States Army's 68th Medical Company who have served as Hawaii's lifesaving responders for the past 31 years are being deployed to the Middle East. These brave soldiers have transported over seven thousand patients and saved countless lives by transporting patients from the rural areas of Oahu to downtown area hospitals. This void could put us in a crisis situation. For example, when we have to medevac a person from the Leeward Coast to Queen's Trauma Center, emergency personnel will have to load the patient into an ambulance and transport them through heavy traffic to downtown Honolulu. By looking to other government agencies or another military unit like the National Guard in Ewa Beach to fill the

void is the right step to ensure that our citizens in rural Hawaii have the necessary aeromedical services to receive fast and immediate emergency care.

"This bill also requires that all three levels of government participate in funding this important medical service. State, City, and county governments will all share the cost to contract with an existing government agency or United States military unit to provide intra-island roto-wing aeromedical services for rural Oahu. With all three levels of government involved in funding the aeromedical services demonstrates that the governments of Hawaii are united to make sure our citizens receive the best medical services available during an emergency. Thank you"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2187, HD 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR EMERGENCY MEDICAL SERVICES," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Hale being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 714-06) recommending that H.B. No. 2526, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2526, HD 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION AS A GRANT-IN-AID TO THE COUNTY OF HAWAII FOR EMERGENCY MEDICAL SERVICE PERSONNEL TO STAFF THE AEROMEDICAL HELICOPTER UNIT," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Hale being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 715-06) recommending that H.B. No. 2884, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2884, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Carroll rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I rise in strong support of Standing Committee Report 715, House Bill 2884. The purpose of this bill is to improve emergency health care for residents and visitors of the Haiku region of Maui by providing 24-hour advance life support ambulance services.

"I would like to just mention that the closest ambulance in Makawao responds over 15 times per week to Haiku, with the response time that averages about 40 to 45 minutes each time. The next closest is Pukalani which is a little further from Makawao, and then from there, it's the region of Hana, which is 90 minutes further.

"My deep concern is not only the 'golden hour', which our Representative from Mililani had mentioned about, but also in time of disaster and also in times of traffic. On your way out on the Hana Highway going to Ho'okipa, there's quite a bit of traffic going out that way. So having a Haiku ambulance will not only serve the purpose of our response time, but because that is a rural area, and we have some areas where it's very hard to reach, this service is very much in need. It will also save lives, so I encourage my colleagues to support this. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2884, HD 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR AMBULANCE SERVICE FOR THE HAIKU REGION OF MAUI," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Hale being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 716-06) recommending that H.B. No. 2771, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2771, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Karamatsu rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Karamatsu's written remarks are as follows:

"I rise in support. This bill appropriates monies to the Department of Agriculture's agricultural park in Royal Kunia. The agricultural park is one hundred fifty acres of prime agricultural land and would encourage agricultural development and serve as a buffer between urban lands in Kunia and the *mauka* agricultural lands. As the demand for urban land development increases, it is vital that prime agricultural land be protected through agricultural parks such as this."

Representative Magaoay rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. On Standing Committee Report 716, House Bill 2771, House Draft 2. Mr. Speaker and colleagues, I'm standing in strong support. We need to preserve the ag land that we have in Kunia, in light of what has happened with Del Monte and the people out on that side. We need to make sure that the agriculture is restored in that Plain because the only water source that we have is coming from Waiahole, and we want to make sure that the water keeps on flowing to the district and that area. Hopefully we can continue to see that, and ask my colleagues for a strong support on this bill. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2771, HD 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR AN AGRICULTURAL PARK IN ROYAL KUNIA," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Hale being excused.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 717-06) recommending that H.B. No. 3118, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3118, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, rise in strong support. I ask that I be given permission to insert written comments so that we may move this Body along as soon as possible, Mr. Speaker. 'Thank you,' and the Chair 'so ordered'"

Representative M. Oshiro's written remarks are as follows:

"Mr. Speaker, I rise to speak in favor of House Bill No. 3118, House Draft 1, Relating To Corporations.

"This bill, if enacted into law, would allow the incorporation of a business that has stakeholders other than shareholders. There is no State in our country that has this law and Hawaii can become the first.

"I find this measure to be similar to the laws that established our captive insurance industry in 1987. Who could have imagined that twenty years later, Hawaii would be one of the captive insurance

leaders in our country with \$741 million dollars deposited in our local banks, stimulating \$10.5 million in economic activity in this State every year. According to the Department of Commerce and Consumer Affairs, although captive insurance companies only employ around 50 positions, these companies create ancillary jobs for professionals who help manage the captive companies. An example of these businesses are KHM LLP for accounting and auditing purposes, Goodsill Anderson Quinn & Stifel from the legal sector, First Insurance Company of Hawaii, Ltd. providing business management services, as well as many other businesses prospering from captive insurance in Hawaii.

"The same effect could result from Hawaii becoming the first state in the nation to incorporate responsible business corporations and bring in related legal, financial, and investing expertise that will follow these corporations. Hawaii can become a leader in creating a positive corporate climate for businesses and set an example for the nation to follow.

I. OUR COUNTRY NEEDS RESPONSIBLE CORPORATIONS

"Mr. Speaker, the term "responsible corporation" has become an oxymoron in society today. Corporations and its directors are charged with one fiduciary goal: to make a profit for their shareholders. The fact is that corporate law today does not allow for any other goal for the corporation. As long as the bottom line has a dollar sign, a corporation is doing its job.

"While corporations are great at making profits, sometimes these profits are at the expense of the public. Since the start of the 21st century, just six years ago, we have had our share of corporate malfeasance. In 2001, the corporations Enron and WorldCom violated the public's trust and as a result crippled our financial markets. The burden of these problems on our society is staggering. We need to take a stand for a truly responsible corporation.

II. NON-PROFIT CORPORATIONS DO NOT ADDRESS THE NEED FOR RESPONSIBLE CORPORATIONS

"Socially Responsible Investing, or SRI, is a growing trend among investors. Today, SRI funds are growing in number and diversity. They consist of large and small cap corporations that have good track records in areas such as diversity, the environment, and labor relations. Investors look at these funds not only for their own conscience, but also to mitigate the costs of litigation, regulatory fines, and corporate scandals or malfeasance that affect non-SRI companies. Some examples of corporations with impeccable reputations are Graco, General Mills, Proctor & Gamble, and Whole Foods Market.

"The responsible corporation is a hybrid between a regular corporation and a non-profit corporation. The responsible corporation will have board members from different interest groups, but more importantly, maintain the ability to issue stock that non-profit corporations are prohibited. House Bill 3118, House Draft 1, takes advantage of socially responsible investing by allowing these investors to purchase stock in them. These corporations will have a growing investment base to attract.

III. MINNESOTA IS CONSIDERING A SIMILAR MEASURE IN ITS SESSION

"Mr. Speaker, we are not the only State in the union discussing the importance of responsible corporations. The State of Minnesota is also considering a similar bill in their 2006 Session. Let us be the first in the nation to take an affirmative action on advocating for responsible corporations.

IV. THE RESPONSIBLE CORPORATION WILL PUT THE COMMUNITY AND PROFITS ON THE SAME LEVEL

The Responsible Corporation model puts community members and employees into decision-making roles of the business. Many

businesses today have found that morale and job satisfaction are greatly increased by giving the employees a chance to guide and direct the corporation. Community leaders will also have a place in the corporation to promote the public welfare. A responsible corporation would be able to balance profits with impact to the employees, effects on the environment, the public's general welfare, and other social policy issues.

V. THE RESPONSIBLE CORPORATION IS VOLUNTARY

"The election to become a responsible corporation is voluntary. Corporations are free to choose from the different business models in Hawaii. We should allow for-profit businesses with the public interest at heart to have a corporate structure designed specifically for them. For example *Inner Ocean Publishing* in Maui is one such business. This small corporation believes in responsibility toward the environment and its community. In her testimony, Karen Bouris of *Inner Ocean Publishing* stated,

"I strongly believe that the Responsible Corporation Act would give us – and others – access to clear guidelines and incentives that would provide long term benefits for our company and Hawaii. Currently, we evaluate bottom line benefits to our company . . . For the production of books, we currently use post-consumer waste paper, the least offensive ink available, and work with a printer whose plant is adhering to clean waste guidelines . . . For each book, [The Green Press Initiative] calculate[s] the cost benefit to the environment. The benefit to Inner Ocean – beyond the benefit of 'doing the right thing' and the long term benefit for future generations – is that our marketplace, [our] authors, organizations, and independent bookstores [are] enthusiastically supportive of our company, books, and the integrity with which we aspire to match our talk with our actions."

"If this bill were enacted, a company such as *Inner Ocean Publishing* with beliefs of corporate responsibility, would be the first to convert. Give these businesses a chance to become true models of corporate governance. Allow a corporation to fight for something much greater than profit.

VI. TAX BENEFITS ARE IN THE PUBLIC'S BEST INTEREST

"The tax benefit provision in House Bill No. 3118, House Draft 1, is an incentive to promote responsible corporations in our State. As a matter of public policy, it is in the public's best interest to have responsible corporations. This provision can be addressed later in this Legislature, or in future Legislatures.

"For these reasons, I urge my esteemed colleagues to support this measure. Thank you."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I'm rising in support with some reservations. This is a bill that seeks to give tax credits to responsible business corporations. I would like to point out a few problems with House Bill 3118, House Draft 1.

"As I said, the bill seeks to give breaks to corporations whose primary concerns are the public interest rather than their own success. Let's look at the bill in relation to a specific industry. Let's take the oil industry. This industry is made up of corporations that fulfill the requirements outlined in House Bill 3118, House Draft 1, and thus merit corporate tax exemptions.

"The popular view of the oil industry is that they are gouging consumers, making a huge profit at the expense of the common man. But wait, what if you look at it another way. They really do have our best interest at heart. High gas prices encourage people to drive less. That reduces the amount of air pollution and encourages people to walk more both of which contribute to a healthy population. Sure it

may make it difficult to get around. It may take more time to get places, but the corporations refining gasoline know what is best for the public. They are merely trying to encourage a healthier Hawaii.

"Expensive gasoline is not only good for the public's health, it increases the public safety. With fewer cars on the road and fewer people driving while dialing on their cell phones, or doing other distracting activities, the roads and the crosswalks would be safer for everyone. Fewer cars mean lighter traffic, and less stress and frustration to those who continue to drive, reducing the amount of road rage and resulting altercations. The high prices also reduce the amount of irresponsible driving as more drivers will be encouraged to take the bus as a more cost efficient alternative.

"Again the oil industry corporations will do what they could to protect Hawaii's consumers from irresponsible and unhealthy lifestyles. It doesn't matter that people find it inconvenient to take the bus and be reliant on others for transportation. It is the best thing the oil industry could do to keep the people of Hawaii safe.

"That will be one way to look at it. With such altruistic motivations the oil industry desperately deserves the tax breaks afforded in House Bill 3118, and lucky for the rest of us they will be able to keep themselves in business rather than relying on the government to do so as many of the responsible business corporations will undoubtedly have to do. Indeed the high prices of gasoline are in the public interest as defined in House Bill 3118, House Draft 1.

"In all honesty, while this bill is a noble idea, it needs some serious reconsideration. This bill is too far reaching and could get out of hand if not outlined with more concrete restrictions. Otherwise we may be inundated with requests from corporations for the responsible business corporation status and the attending tax breaks it will bring. It's all a matter of how you look at it."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I will also rise with reservations. The Department of Commerce and Consumer Affairs was less than enthusiastic about this measure. They decided that it would be problematic to create this new animal: the very idealistic, responsible business corporation. It will take adjustment in their software and many hours of work for new rules and regulations. But there is an alternative that was suggested in the Tax Bill Service testimony. It says and I quote,

... as an alternative it should be noted that these responsible business corporations appear to be similar to nonprofit corporations as they are established under federal IRC 501C 3 provisions. Their tax exempt nature would allow similar activities to those proposed by the responsible business corporation so they can already tack onto what is already in existence.

"Thank you very much."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, also with reservations. Besides all the things you just heard from my colleagues, I would say that maybe the power generating companies would qualify because of course, they have a lot to do with public health. How can we operate our machines and hospitals without electricity?

"Public safety, because of course people won't hurt themselves at night because they can see what's going on in their homes. And educational, because after all, the children can watch PBS so they obviously involve the general well being of the local State enterprises. So I think that we again have to be very, very careful. This could apply to just about anybody."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3118, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CORPORATIONS," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Hale being excused.

At 9:12 o'clock a.m., the Chair noted that the following bills, passed Third Reading:

H.B. No. 1821, HD 2	H.B. No. 2526, HD 2
H.B. No. 1888, HD 1	H.B. No. 2884, HD 2
H.B. No. 1975, HD 2	H.B. No. 2771, HD 2
H.B. No. 2126, HD 2	H.B. No. 3118, HD 1
H.B. No. 2187, HD 2	

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 718-06) recommending that H.B. No. 3216, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3216, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Carroll rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I rise in strong support of Standing Committee Report 718. The purpose of this bill is to direct the Auditor to conduct an audit to determine the feasibility of deploying alternative energy resources to meet the energy needs of the Island of Kahoolawe.

"I'd like to note for the record that in 2004, a report was sent to the Legislature on the use of alternative energy sources to address energy needs on the Island of Kahoolawe, and in this report there were four recommendations that were made.

"The first recommendation was an exemption from the Public Utilities Commission oversight and regulation. The second recommendation was additional data collection sites. The third recommendation was the development of model encampment, and the fourth recommendation was ongoing evaluation of long-term alternative energy.

"There was a cost analysis that was attached to that, however because of time and because of infrastructure which was not added in the report, in this bill that is before us today will help us to move Kahoolawe forward in seeking and actually providing alternative energy sources.

"I would like to say that this is an opportunity for the State of Hawaii. In conclusion, the revitalization of Kahoolawe represents a unique opportunity to build a sustainable development model for the world based on innovative alternative energy and environmentally conscious technology. So I urge my colleagues to please support this measure."

At 9:15 o'clock a.m., Representative Souki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 9:16 o'clock a.m.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3216, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE ISLAND OF KAHŌ'OLAWĒ," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 719-06) recommending that H.B. No. 1809, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1809, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE DRIVER'S LICENSE," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 720-06) recommending that H.B. No. 1879, as amended in HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1879, HD 1, entitled: "A BILL FOR AN ACT RELATING TO VETERANS," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 721-06) recommending that H.B. No. 1890, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1890, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Hale rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Hale's written remarks are as follows:

"In light of some concerns over the effectiveness and the viability of our Sister-State and Province relationships, this bill addresses the conclusions and recommendations of DBEDT as outlined in the State of Hawaii Sister State/Province Program Report (December 2002). The conclusions and recommendations are as follows:

1. The State should continue to pursue Sister relationships, for both cultural and economic development reasons, with attention to fostering the most productive ties.
2. In order to assure the productivity and viability of a Sister relationship, the State needs to establish a rigorous selection process, which would include the re-formation of the Hawaii Sister-State Committee and the re-utilization of the Sister-State application form developed by the Office of International Relations.
3. The State should strive to increase business opportunities through its existing Sister partners and through the creation of new Sister partners, and, wherever possible, the State should provide small businesses access to these opportunities.
4. Sister agreements should henceforth include a higher degree of specificity, including the responsibilities of each side: when, where, what.
5. The State should re-examine Sister Summit 2002 and follow-up with the most promising opportunities; moreover, the State should consider the possibility of a second Sister Summit: when and where.

"Your Chair of your Committee on International Affairs believes that by instituting the second recommendation aforementioned, all of the other recommendations will fall into place. It is my observation that successful Sister agreements require broad community input and support and that the institution of the Sister State Committee by the OIR provided a means to achieve this. Therefore, this bill seeks to re-establish the Sister State Committee attached to DBEDT, and if and when an Office of International Affairs/Relations is re-established the Sister State Committee can migrate to that agency, as it deems fit.

"This bill's companion, Senate Bill 3192 Senate Draft 1 is also going to be voted on today in the Senate and I welcome its passage and crossover to the House. As we go through the second half of the Session and prepare for Conference Committee, several issues emerge that will need to be discussed.

"First is the need to define membership of the re-established Sister State Committee. The original 5-member Committee now does not seem broad enough in community input and inclusion to effect the goals of its re-establishment. Five major constituencies need to be included: government, education, arts and culture, including Native Hawaiian cultural groups, business, and technical specialists in matters such as trade economy, international commerce law, peace and dispute resolution, foreign languages and tourism. In defining membership and the number of members, I err towards the side of greater inclusiveness.

"Second, we need to decide to what degree our open meeting requirements will apply to a Sister State Committee who will act in an advisory capacity to the Governor and the Legislature. It may be counterproductive to mandate that Committee members not be allowed to speak about Committee matters outside of the Committee when they will most likely be collaboratively working on projects and agreements outside. Actually, one of the reasons for the Committee is to create an environment for a critical mass of key people to discuss and devise ways in both the public and private sectors to keep our Sister-State program viable and pertinent and to leverage its full potential. Yet it is of utmost importance that we create and constantly maintain a transparent and open process in the development of the Committee's recommendations.

"And third is to fully define the function of the Sister State Committee. I envision a Committee that will be a strong and intelligent advisor on international relations, and a Committee whose membership is conducive to the mobilization of broad segments of the community to create tangible realities for our agreements.

"Essentially we are dealing with an issue of robustness and I intend to advocate for a robust Sister State Committee that will continue operating well under constantly changing conditions to provide for solid benchmarks of progress for our Sister agreements and to maintain a sensible and solid policy foundation for our State's conduct abroad."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1890, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SISTER STATE AND PROVINCE RELATIONSHIPS," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 722-06) recommending that H.B. No. 2259, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2259, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, in support with reservations. This measure only applies to analysis of federal funds expended by the State. It would be far more beneficial if this fully looked at our bills and required fiscal notes for all of our bills. Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker, I also rise with some reservations. This bill creates positions of a Chief Operating Officer, a Chief Financial Officer, and an Executive for External Affairs and many secretaries for those positions within the DOE.

"The creation of a CFO of course for the DOE is definitely needed, but in my opinion I don't think these other positions are. The total cost for all positions created in this bill would be more than a half a million dollars."

Representative Meyer rose to a point of order, stating:

"Point of order. I'm not sure that the speaker is speaking on the bill that's before us."

Representative Pine responded, stating:

"Actually I am corrected, Mr. Speaker. But I also would like to speak on this measure though. I'm sorry someone just handed this to me.

Representative Pine continued in support with reservations, stating:

"I find it very interesting, Mr. Speaker, and it sounds like this is something that is definitely needed, but it seems that we have been every year, every Session, cutting the Governor's budget and increasing our own staff, and so I'm really am concerned about that. Thank you."

Representative Finnegan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. Just for the record, we have not cut the Governor's budget."

Representative Meyer rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker I'm going to be voting no on this measure. This is something that we all have, I mean we've always supported the Legislative Analyst, but I think what we wanted was to get fiscal notes and to analyze each bill as to what it would cost. This seems to be targeted just for one thing. Just the federal funds and that includes a whole lot of departments. It seems like it's taking over areas that are normally handled by the Executive branch."

Representative Pine rose to respond, stating:

"Just a rebuttal, Mr. Speaker. I just wanted to clarify that since Governor Linda Lingle has been in office, we have cut many positions within her staff that were once provided to many previous Governors. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2259, HD 1, entitled: "A BILL FOR AN ACT RELATING TO OFFICE OF THE LEGISLATIVE ANALYST," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Meyer voting no.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 723-06) recommending that H.B. No. 2443, as amended in HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2443, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE EMERGENCY MANAGEMENT

ASSISTANCE COMPACT," passed Third Reading by a vote of 51 ayes.

At 9:20 o'clock a.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 9:22 o'clock a.m.

At 9:22 o'clock a.m., Representative Halford requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 9:23 o'clock a.m.

At 9:24 o'clock a.m., the Chair noted that the following bills, passed Third Reading:

H.B. No. 3216, HD 2	H.B. No. 1890, HD 1
H.B. No. 1809, HD 2	H.B. No. 2259, HD 1
H.B. No. 1879, HD 1	H.B. No. 2443, HD 1

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 724-06) recommending that H.B. No. 2446, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2446, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I would like to vote for this bill to help Queen's Hospital, but would like to express a reservation. Very simply, I disagree with taking the money from the Hurricane Fund because I feel that once we start eating into this Fund it would be very difficult to stop with one bite. Then one of these days, we're going to turn around and say, 'We can't believe we ate the whole thing.' Thank you."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I also have reservations. I believe in the trauma center, and Queen's needs it. However again, the Hurricane Relief Fund I believe is not the right source. It should be general funded. We also need trauma centers at other hospitals especially on the Neighbor Islands and this is just funding one hospital. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. Thank you. I was in the mortgage industry before becoming a legislator, and one of the things that we went through was the period of time when we were collecting for this Fund through the closing of mortgages. The argument that was made to me was that we needed it in order to help Hawaii's people be able to get mortgages, as well as sell property and buy property, that we needed to have this HRF in place. And I believe whole-heartedly that we did the right job by putting that in place.

"However that was a promise I believed to the homeowners that they will be protected in regards to getting insurance in the future should a hurricane hit which, it's a matter of time, when it will hit and how destructive it will be. So if we are going to discuss these types of things, let's make a commitment and talk about it with the general funds.

"The second point is we do have a trauma system report, and I don't have the name of the report by the American College of Health or something like that, and basically it talks about all the different challenges in our trauma system. At the point and time when we have a priority list and a plan as to how to go forth, I think that is when we should bring up how important this is. I believe it's important, but we have to take a look at a broader picture and plan and move accordingly."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. My reservations are similar, and I'd like to have the words of the Minority Leader as my own," and the Chair "so ordered." (By reference only.)

Representative Meyer rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm voting no on this issue. I'm all for it. I think we need to support Queen's, and it's our only trauma hospital on Oahu and it's used all the time.

"I mean, it's so important, but again last year Queen's was asking for some financial assistance. I think with the surplus that we have, and the news this morning that we may have an additional \$50 million, it would be far more appropriate to use the general funds because this is something almost everybody needs. I think we are doing a disservice by taking money out of the Hurricane Relief Fund. We did that last year.

"This is an incremental thing. We're just creeping in there and we have to stop. So my no vote is not about helping Queen's Hospital, but it's a resounding no to taking money out of the corpus of the Hurricane Relief Fund. Thank you."

Representative Stevens rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations, and asked that the remarks of Representatives Finnegan and Meyer be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Caldwell rose to disclose a potential conflict of interest, stating:

"Mr. Speaker. I would like to just disclose a potential conflict. My wife sits on the Queen's Board," and the Chair ruled, "no conflict"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2446, HD 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR INCREASING POWER GENERATING CAPACITY FOR THE QUEEN'S MEDICAL CENTER," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Meyer and Pine voting no.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 725-06) recommending that H.B. No. 2448, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2448, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Ito rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ito's written remarks are as follows:

"Mr. Speaker, I rise in support of Stand. Com. Rep. No. 725-06, HB 2448, HD2.

"Mr. Speaker, the purpose of HB 2448, HD2, is to direct the Auditor to retain a consultant to review all correctional facilities under the jurisdiction of the Department of Public Safety's Corrections Division to determine the cost of upgrading the facilities' surveillance systems. If as a result of the consultant's review, any upgrade of the surveillance system at any correctional facility will not only enhance the safety of the corrections' officers, but that of the inmates as well.

"Mr. Speaker, the Department of Public Safety testified in support of this bill.

"Mr. Speaker, I urge all of my colleagues to support HB 2448, HD2."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2448, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CORRECTIONAL FACILITIES," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 726-06) recommending that H.B. No. 2521, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2521, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Meyer rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I'm rising in strong support for Stand. Com. Report 726, Making an Appropriation for Community Anti-drug Fund. There's been a lot of articles in the last week about how our ice problem has not decreased at all. We're like, I guess number two under Oregon. We have a huge problem and I'm very pleased to see that we have this bill and it's moving forward.

"Everyone, every community must be doing all that they can. Prevention is the real key to keep the young ones from coming up. Getting caught up in the tentacles of this, of the drug scene, so I encourage everybody to vote in support of this bill. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2521, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR COMMUNITY ANTI-DRUG FUND," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 727-06) recommending that H.B. No. 2595, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2595, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I have reservations on this measure. I'm all for inmates and their visitors getting together. I think this mainly arose out of Maui Correctional Center. The problem is there's no leeway for wardens really. I don't believe at least. It mandates that visitors have to be allowed to visit the inmates. I'm thinking of an inmate who struck an ACO just prior to the visitation, or who was caught maybe with drugs. A visitor who comes in who may be visually inebriated. There has to be some leeway.

"One of the other problems I think, the problem arose originally because people traveled long distances to get to Maui possibly, and when you get there you're turned away. I think some of that problem is a lack of ACOs on duty. And the ACOs may not be on duty because I think we all are aware that on Fridays and Mondays, it's hard to find ACOs. They try to take off. Those who are there are overworked. If it's on a holiday when many visitors would travel, same thing. ACOs want holidays too.

"So I think some of it is funding for ACOs. Some of it are things that can be worked out within DPS, but to just mandate that they must allow the visitor in is just going a little overboard. Thank you."

Representative Finnegan rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition with brief comments. I do have some similar concerns as the previous speaker. And I do realize that family visits are extremely important to the healing of families, as well as reintegration. But I don't believe that this is the mechanism that we should use in order to solve this problem.

"By voting for this bill, I kind of see it as, because of the lack of the wardens and the management to be able to use their discretion, by voting for this bill, I envision risking the safety of possibly other visitors, guards, inmates, or possibly the general public.

"So let's try and find different ways. If it does come back from the Senate in a changed manner that gives some discretion, I'd be in support of it. Thank you."

Representative Tanaka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I rise in strong support. Family visits are an important aspect of the rehabilitation process. It is beneficial for inmates to have direct contact with their family, especially the young children. I know that some of my colleagues have their reservations about this bill because of the obvious problem of security issues at the prison.

"I have worked many years at the Maui Correction Center and it has been over 6 years since I have retired from Public Safety. In my tenure, this problem started to escalate from officers calling in sick. The reason was because of very low morale and too much overtime. During my time, if six to seven officers called in sick on one shift, it was bad then. At present, in a shift of 18 officers or more, we have about 15 officers calling in sick. This means you have to get officers to work overtime, and in that process they get burned out.

"Now to say prisons are closed because of these reasons, visitations on weekends and the holidays are affected by this problem, and the leadership of Public Safety is very bad. The problem was there for years and yet it was not taken care of then.

"Why should the family suffer because the problems were not rectified when Public Safety knew of the problems. They are still using the same excuse. Not enough security so their family suffers. Is this the way to run visitations in prisons? If one is to count, in the last 10 years how many directors we had in Public Safety? We need a permanent director in Public Safety so we can run in the right direction. Thank you, Mr. Speaker."

Representative Stevens rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with some reservations. Thank you. I believe the wardens must preserve the authority to balance visitation privileges with the overall security of the facility. I understand there's inadequate staffing and I understand there have been many changes in the head of DPS, but only when the sound security of the facility is jeopardized due to unavailability of appropriate staff would the wardens reluctantly suspend the visits. So I think that this bill is

just trying to just get into the business of the wardens a little too closely."

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support of this measure. I would like to say that our incarcerated brothers and sisters also have needs, and they also need their families as much as their families on the outside miss them too. I realize that there are issues that need to be addressed in this bill, and would like to see its passage so we can continue to work on it. That's a win-win situation for all of us.

"We all talk about ways to rehabilitate our inmates, and ways that we can improve them to be better citizens when they come out and be with us again. Having them in touch with their families and feeling that they're loved and cared for is one of the good things that they can benefit from with these visits. So I would like to see my colleague's work on improving the bill so we can all be happy at the end of the Session. Thank you."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I rise with reservations. Thank you. I see that the bill does address the idea of the humane nature of making sure that our inmates do have connection, and visitation from their families. And I can understand the value of that. But I do want to reiterate that if the premise that the prison, is not safe in terms of having enough security, and that measures are not taken to ensure that security guards are there, then we actually put those very family members at risk, and that is my concern."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2595, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FAMILY VISITS," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Finnegan voting no.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 729-06) recommending that H.B. No. 1880, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1880, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I vote yes with very strong reservations. For many, many years as a citizen participant in this Legislature, I represented people from Kakaako and the business community, and we have all been very strongly against moving Piers 1 and 2 to the Department of Transportation.

"However with the changes in the Department of Transportation, Harbors, with more modernization of their implementation of their plans, I think we are starting to see the value of that.

"However, now to look at the Foreign Trade Zone, and transfer that to DBEDT, I personally have some very strong concerns on that move because again, once again, we are legislating and selectively carving out pieces of areas that we have given to an Authority for overall planning. So with that in mind, I'm still very strongly concerned but will vote yes."

Representative Stevens rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support. This bill basically just returns the Piers 1 and 2 area to the same configuration or ownership

in the State that it originally had before the area was transferred to HCDA.

"The language that refers to the Foreign Trade Zone, it's a very complicated tax map key and that language really needed to be inserted in order to put the property back to the way it was before it was transferred. So I am in very strong support of this bill. It protects our important cargo handling facility and our maritime lands. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1880, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HARBORS," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 730-06) recommending that H.B. No. 1922, as amended in HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1922, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE GENERAL EXCISE TAX," passed Third Reading by a vote of 51 ayes.

At 9:40 o'clock a.m., the Chair noted that the following bills, passed Third Reading:

H.B. No. 2446, HD 2	H.B. No. 2595, HD 1
H.B. No. 2448, HD 2	H.B. No. 1880, HD 2
H.B. No. 2521, HD 1	H.B. No. 1922, HD 1

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 731-06) recommending that H.B. No. 2075, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2075, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, in support with reservations. Thank you, Mr. Speaker, I support the idea of bike paths. I support that it helps relieve congestion. It's better for the people that use it as far as health. So there's many reasons to have bike paths.

"What I have a problem with is this limit, the percentage in the measure, a fixed percentage. I believe it may limit the number of bikeways that we actually end up with. All the new roads have them. There's some federal guidance on this. Our new roads such as Fort Weaver, the widening, the new South Road, etc., they have bike paths. Fort Barrett Road widening is going to be designed with bike paths on both sides, etc. So that's all coming.

"In the past, I agree, in prior Administrations, it was possibly overlooked, but to have a fixed amount I think would hamper DOT from doing what they're doing. Maybe a percent, not less than such a percent, might work. But to say a fixed percentage, we actually limit them. I suggest that the Legislature sit down with DOT and find out what a good percentage might be. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, with slight reservations. Thank you. I actually had the occasion to ride my bike from home to the Capitol, and it was kind of a frightening experience actually, so I'm really looking forward to investing in more bikeways.

"However I do share the concern with the previous speaker that it basically states a percentage, so it doesn't give the discretion to go over. Basically if you want to go more than 5% and you want to go 10%, it doesn't allow you to do that. So in case we have the urge to want to just have bike paths, bikeways all over the island, I'm sure that wouldn't fall within the percentage. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2075, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 732-06) recommending that H.B. No. 2214, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2214, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I'm all for reducing taxes at anytime. I like that aspect of the measure, but I do have some reservations. The reservations are that it was set to sunset anyway in August 2007. By sunsetting it now, we lose an estimated \$17 million from the Highway Special Fund.

"You know, that is money that has already been programmed by DOT for the projects that were mentioned concerning the other bill. Fort Weaver Road, North South Road, Fort Barrett Road, and by taking that money out we lose the four to one match of federal funds, so I'm not sure the DOT can just go on with what they have planned. They'll probably have to reduce, what is it, \$60 million or so in projects, and that means the delay of some of these much-needed projects. So that's my concern."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Yes, just in support with reservations. Mr. Speaker, I have always been for tax cuts and against tax increases in general. However I guess when we look at the whole picture of what we've have done so far, and what we're going to do today it seems like the priority should be tax cuts."

At 9:44 o'clock a.m., the Chair declared a recess, subject to the call of the Chair.

The House of Representatives reconvened at 9:45 o'clock a.m.

Representative Pine continued, stating:

"As I said, I have always been for tax cuts and especially against tax increases of any kind. However, when I look at the whole picture of what we're going to be doing today and what we've done so far, it seems like the priority for tax cuts should be more for the local people who are truly suffering in this State. That is my personal belief, where we should put our direction into, and this tax cut of 75% would go to tourists for breaks on renting a car. I don't see them suffering right now, so that's why I have reservations. Thank you."

Representative Sonson rose to speak in support of the measure with reservations, stating:

"I'd like my reservations be recorded, Mr. Speaker. I'm for exporting some of our tax liabilities. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"In support. Mr. Speaker, maybe some of the previous speakers might want to take a look at what DOT's doing and why they aren't moving projects along.

"For example, there's money for fixing flooding conditions in Ka'u. That money is going to lapse in June. They haven't done anything about it. The bypass road around the hotel, it's been under contract with no notice to proceed for three years.

"If you take a look at all of our highway projects that are on the books and analyze what their status is, you'll notice that there's a good many of them that aren't proceeding, and many of them aren't even proceeding with a design. What that's going to mean is in two or three years, we got no construction work, and we have no match. There's where we're losing the federal match. Those that have a problem with what this bill says better take a look at just what DOT is doing, period."

Representative Ching rose in support of the measure with reservations, and asked that the remarks of Representative Pine be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Pine rose to respond, stating:

"Just a rebuttal, Mr. Speaker. I'm sorry. I don't think we should get into legislation to punish a particular department because we personally may feel they're not doing their job. Thank you."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you. Just slight reservations. I do want to see basically that we take a look at giving the tax cuts to the poor and the hard working. I'm not sure what's actually in Conference currently, and all of those things, but that's my reservation."

The Chair then stated:

"Representative Finnegan, you are out of order because this deals with the gasoline, or this is part of the Highway Fund. It's not part of the general fund. So you are out of order."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2214, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RENTAL MOTOR VEHICLE SURCHARGE TAX," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 733-06) recommending that H.B. No. 2423, as amended in HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2423, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE HIGHWAY FUND," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 734-06) recommending that H.B. No. 2520, as amended in HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2520, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE ROADS IN LIMBO PROGRAM FOR THE COUNTY OF HAWAII," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 735-06) recommending that H.B. No. 2637, as amended in HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2637, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 736-06) recommending that H.B. No. 2715, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2715, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Moses rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker, on 736 with reservations. I'm all for supporting police officers. There's nothing that can make me not support a group more, the public safety and the job they do. They put their life on the line all the time. I understand that.

"But I believe this is a matter of collective bargaining and it's part of their compensation package. It's a little resentful to have groups come here when they could bargain for what they want. They can't get it in bargaining so they say, 'Okay, we'll go to the Legislature.' If they don't get it from us, what are they going to do next? Go to the courts? I don't know, but go back and bargain for it. If it's that important they should be able to get it. Thank you."

Representative Finnegan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in support. Thank you. I just have a question in regards to the legislation. It basically sets an allowance that goes from \$500 a year for an officer employed five years or less. Then it goes to \$700 for employment from five to ten years. Then \$1,200 a year for ten or more years. And when I think of maintenance or operations of uniforms and equipment, and all that other kinds of stuff, I just don't see where the difference comes from. From how long you've been in the department.

"So if there's a way that someone can explain this to me, as the weapons get older, do they cost more to maintain. I don't know. So I disagree with that part, but I will support the bill. Thank you."

Representative Caldwell rose to speak in support of the measure, stating:

"In strong support, with brief comments. This bill is designed, Mr. Speaker, with one purpose in mind and that's to increase public safety for all of us, and to do that we need to support our men in blue, and women in blue.

"They start off at a young age, unmarried, no families, in the service protecting all of us. And as they get older, they start a family, they look at either renting a place, buying a place, obtain a mortgage. The cost of living is extremely high here and we don't pay our police officers all that much compared to mainland jurisdictions. We've been told time and again by different police officers associations how we're losing our police officers to other jurisdictions and to other professions.

"This bill is designed, Mr. Speaker, to keep our police officers protecting us over the long term. That's why the amount of the credit increases over time, because you want to keep those men and women that are trained. That get better as time goes by. That know how to handle difficult situations. To have them continuing to serve in the force, and not lose them somewhere else. That's why it gets larger as time goes by. It's a good bill, Mr. Speaker, it's about public safety, and we all should support it. Thank you."

Representative Yamane rose to speak in support of the measure, stating:

"I stand in strong support, Mr. Speaker, with comments. Mr. Speaker, we talk about supporting our police officers and supporting public safety, so I looked it up in the Merriam-Webster Online Dictionary. This is what the definition of true support is, Mr. Speaker.

"It says, 'endure bravely; to promote interest and cause of; to uphold and defend the valid; to argue or to vote for; to pay the cost of; to keep from fainting, yielding, and losing courage; and to keep going.'

"That's what the definition of support is, true definition. So, Mr. Speaker, these officers dedicate and risk their lives to protect all of us. In 2004, there were 2,507 violent crimes on the Island of Oahu, and 44,000 property crimes as well. We have 1,970 officers to support all these needs.

"There was a question brought up on why we need to support this. They not only respond to these issues, they actually arrested 37,999 people in 2004. 7,500 of them were juveniles, Mr. Speaker.

"These people work all the time. They're on-call 24 hours a day, 7 days a week, risking their lives. If we want to protect our communities, reduce crime, attack drug usage, and promote the safety of Hawaii, we need to support our police officers. Truly support. It takes more than a sticker on your car, holding a SHOPO cup, or a pin. It means voting in support of this kind of measure. Thank you, Mr. Speaker."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, thank you very much, Mr. Speaker. I hate to be a 'wet towel', but I want to speak with some reservation on this bill. It is the great intention of the author of the bill, and the Chairman of the Labor Committee, and the Representative from Mililani who spoke quite eloquently about the need for this bill, however this belongs to the counties, and not to the State.

"The county has a lot of money that they make when they increase valuations, and some of that money can be used to purchase the uniforms. Thank you very much, my fellow colleagues."

Representative Waters rose to speak in support of the measure, stating:

"In true support. May I simply adopt the words of the Representative from Mililani. Thank you," and the Chair "so ordered." (By reference only.)

Representative Marumoto rose to disclose a potential conflict of interest, stating:

"A request for a ruling on a possible conflict. Mr. Speaker, I have a stepson who's a police officer," and the Chair ruled, "no conflict."

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I'm rising in support but with some strong reservations. I would like to adopt the words of the Representative from Kahului, the Speaker Emeritus. I think that it was just a few years ago that we passed a law that spelled out that we should stay out of collective bargaining areas, and this really looks like a collective bargaining measure.

"As the previous speaker said, the counties have quite a bit of money now that the valuations of real property has gone up as much as they have, and the police are their direct responsibility.

"I also have a problem with this scaled up amount that's in the bill. I think that actually, if you want to attract more police officers, you would have a bigger amount of money in the front end for the young ones coming in. I don't think there's any real relationship of these dollar amounts to the uniforms and the weapons. It seems like it's just sort of a bonus from how it was described by the Chairman of Labor. And so for those reasons, I do have reservations. Thank you."

Representative Finnegan rose to respond, stating:

"Thank you, Mr. Speaker, again in support. Again it's just the difficulty in what we say, and just being honest with what we're doing. If this is for maintenance and operation of officer's uniform, and equipment and weapons, then why is it different for how long you stay in?"

"Now if it's a recruitment tool or if it's a bonus, then we name it as a bonus, or we name it as a recruitment tool, but I don't agree with us going in and saying that it's for the maintenance and operation based on how long you were in, because that's not what it's for. You don't have to, at least I don't believe you have to, at least in the fire department, you don't have to submit receipts or something that says that you spent it on your uniform, or anything like that. It's basically untaxed from what I know. It's untaxed and it comes in as a uniform allowance or maintenance allowance or whatever

"And all I'm saying is let's just be truthful and honest. We can still support the police officer strongly without having these type of things in here that make us believe that it's for operations and maintenance of uniforms and gear and other weaponry. Thank you."

Representative Ito rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support with short comments. Mr. Speaker, this is not a collective bargaining issue. This is a public safety issue. This measure will provide some monetary relief to help minimize the pay differential between Hawaii police officers and the mainland jurisdictions. It's a valuable tool for the retention of our police officers and help address the State shortage and address the issue for our police department. Thank you."

Representative Kanoho rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker, I request ruling on a possible conflict. I have two sons in the police department," and the Chair ruled, "no conflict."

Representative Kanoho continued in support of the measure, stating:

"Thank you, Mr. Speaker. In support with the words of the Chair of the Public Safety Committee as my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Sonson rose to speak in support of the measure, stating:

"In support, Mr. Speaker, and may the record reflect that the opinion and words of the Chair of Public Safety to be entered in the Journal as my own.

"In addition, I believe that the money escalating as you go up, it does stop at a certain level. It does not, for instance the bill does not provide for the officers that are Captain or higher. So I don't think it's as much as a bonus as was best describe by the Chair of Labor.

"However if you could just imagine that the young officers when they just come in. \$500 to maintain is actually probably more adequate. Those who have been in a lot longer will have more wear and tear on their equipment. As they grow older, they get slower. They may need to have a bigger gun. As they sit and watch over us

in the communities, some of them do gain weight and yes their uniforms get bigger.

"I don't know, Mr. Speaker. But I know this money is not even sufficient to address all those issues that may come. The difference is not all that much, but I think it's reasonable to have a difference in the amount of money that goes to equipment because time does take a toll on the uniforms and equipment as time passes. Thank you, Mr. Speaker."

Representative Moses rose to respond, stating:

"Thank you, Mr. Speaker, last points here. I heard on the Floor from my colleagues that this is for retention. Another really good reason that it should be a matter of collective bargaining. They should raise the salaries, and they could raise the salaries with longevity raises also. But if we really want to help, let's give the counties part of our TAT tax and give them the adjudicated traffic fines. Then we're feeling like we helped and they can do it through collective bargaining. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2715, HD 1, entitled: "A BILL FOR AN ACT RELATING TO POLICE OFFICERS," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 737-06) recommending that H.B. No. 1865, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1865, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

The Chair then addressed Representative Pine, stating:

"Representative Pine, is this the measure that you were speaking on earlier? Please proceed."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Thank you so much, Mr. Speaker. I didn't have enough coffee yet, but yes, just in support with reservations. Mr. Speaker, of course this will allocate funds for a Chief Operating Officer and many other positions for a cost of more than half a million dollars, and my reservation is that last year we passed, in Act 51, when we passed it we passed it for a reason. To take the decision making away from the DOE and also to give the power to the schools, and it just seems like we're starting to give some power back to the DOE, just in my opinion, and at a time we're adding more administrative positions to the DOE, at very large salaries, when we're making cuts at the schools.

"We heard in the news that many schools are going to suffer from the Weighted Student Formula and in districts like mine where we're really excited about Act 51 and the Weighted Student Formula. We're being told, 'Sorry, you can't get the money that you deserve to help all the different types of students that you have.' And so those are my reservations for doing this right now."

Representative Finnegan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, with reservations. Thank you, Mr. Speaker, as our colleagues that spoke right before me said, this appropriates more than a half a million dollars to solve a problem that the DOE Central is having, whether it be fiscal management, or external functions, or external communications.

"One of the positions that it funds is basically a CFO, or Chief Financial Officer. It is evident that we need a Chief Financial Officer for the Department of Education. The thing that I'm unsure

about is our COO, or the Chief Operating Officer, as well as the external affairs executive position. So I asked the DOE for an organizational chart to help me understand what DOE will look like if we invest more than a half a million dollars and what will they end up looking like. I was told that they don't have one, and so I have no idea what to envision for our DOE with this infusion of another half a million dollars, which leads me to not wanting to appropriate the money for these positions.

"By the way the external functions person has three secretaries, and the Chief Financial Officer has one. I understand this was a recommendation, I think it was recommendation of the Business Roundtable which I think for the most part, I do agree with a lot of the recommendations that they have made. But if it is, and the DOE doesn't know what to do with these positions which I'm unsure of either, I still don't think that we should just automatically fund these positions.

"And as the former speaker has mentioned, we're losing school level positions at this point and time because of not enough funds going into the Weighted Student Formula and I think that this is a disservice to the Weighted Student Formula. We should be talking about how we can infuse more money at the school level so we don't have to lose things like counselors, teachers, and librarians.

"The whole Act 51 was to turn it on its head and do a paradigm shift so that the Department of Education would listen to and provide the things that are most needed at the school level by connecting those dollars to the school level. If we're going to just go ahead and do this without asking questions, I think we're doing a disservice to the schools. Thank you."

Representative Takumi rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker, I stand in support and hopefully some of my comments can at least address some of the reservations expressed by the previous two speakers.

"First of all, Mr. Speaker, this bill creates eight new positions within the Department of Education. The previous speaker was correct. There's a Chief Operating Officer, a Chief Financial Officer, and a Director, if you will, of External Affairs, along with support staff.

"I would urge the previous two speakers to take a look at the University of Hawaii and the way they operate. Just for the Department of External Affairs at the University of Hawaii, they have well over a dozen people staffing that office with a budget of well over \$2 million. That's just for the Department of External Affairs, and yet the Department of Education's budget is more than double that of the University of Hawaii, and they have almost 4 times as many staff people. So unless we're going to see a bill that repeals or eliminates the University of Hawaii's External Affairs Department, in my mind, that's acceptance at the higher ed level, they do need these functions. But I'm puzzled as to why at the K to 12 level, we do not.

"What would this external affairs person do? It's communications, it's military liaison, playing that role of working with our military. It's to build relations and deeper relations with business and other sectors of our community. It also improves the relationships at all levels of government, City, State, and federal.

"It's really baffles me, the ways that the Department gets knocked, and slammed, and pummeled all the time that they somehow don't have the ability or don't have the capacity to reach out to the greater community and explain what they're doing. This bill attempts to address that, and yet again there's criticisms.

"I've also heard that people say that maybe the principal should do that, because after all, the principal of the given school should really be the great communicator and go out to the greater community. I

would also urge my colleagues to just spend a day with the principal of any school and find out what they do on a day-to-day basis, and you tell me if these principals will then go out to the Rotary Clubs, and the Neighborhood Boards, and the community associations, and all the rest of it. Mr. Speaker, I do not think that it is something that principals should be mandated to do or charged to do. That should be something that the Department ought to do in a far more comprehensive way.

"Lastly, Mr. Speaker, the whole point about the Weighted Student Formula. I realize that's not the point of the bill, but it was mentioned by the previous speaker. As we all know, with the first iteration of the Weighted Student Formula of the 284 schools in our system. 140 supposedly lost money, but again, I would encourage members to look very deeply and critically as to why each school has been left with fewer dollars than they had previous to the implementation of the Weighted Student Formula. Of the 140 schools, Mr. Speaker, there are 140 reasons why.

"I'll just give one small example. If you look at a school like Kaimuki High School and Farrington High School. Kaimuki High School if I recall, has 1,279 students. Farrington has 2,579. This is last year's student count. In other words Farrington is double the size of Kaimuki. Kaimuki had eight full-time counselors. Farrington had nine full-time counselors. Which means in the real world, that a student of Farrington had to wait twice as long to access a counselor than that student at Kaimuki. Mr. Speaker, that's simply not the way we should run business. The business of our schools, Mr. Speaker.

"So on the one hand, some schools may see a reduction of their funds, but Mr. Speaker, there are reasons why that is happening. Thank you, Mr. Speaker."

Representative Finnegan rose to respond, stating:

"Thank you, Mr. Speaker. I actually agree a lot with the previous speaker, our Chair of Education, but the only problem that I have with this particular bill is that we don't have an organizational chart. Without an organizational chart, we can't tell what exists currently at the DOE; if there's nothing, or if there are supported positions under this external functions position existing, or are they going to plan it that way. How do we compare to UH, or a university, and how they staff their offices? But what this does right now, it just blindly gives money to establish these positions in the central bureaucracy, and in order for me to make a good prudent decision on whether or not I would like to see the money infused at the school level or in the DOE central area. That I would like to have some of that information. So it's just a matter of making a responsible choice. Thank you."

Representative Meyer rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Meyer's written remarks are as follows:

"Mr. Speaker, I'm rising in support with reservations. The DOE has long been criticized for its accounting practices. The Auditor has made critical remarks about their data system, budgeting practices, and their ability to provide information in a timely manner when requested by the auditing team. HB1865 will appropriate money to hire a Chief Operating Officer, a suggestion that has been championed by both the Hawaii Roundtable and the Honolulu Chamber of Commerce. The DOE is handling a lot of money, 40% of all general funds the State receives go to the DOE, 25% of the entire annual state operating budget goes to the DOE. In addition to that, depending on the year, the DOE is allocated 30%- 50% of all Capital Improvement Project funds. This year, that could be as high as \$300 million.

"I'm concerned with the number of new full-time positions this bill calls for. A Chief Operating Officer, Chief Financial Officer and maybe two secretaries will be okay, but this bill also calls for an External Affairs person and three more secretaries, 8 people in all

and \$500,000. I'd rather see more money go to the schools. We simply don't have enough information on the numbers of people and their positions who are presently doing this work. This bill establishes wages for these positions, all on the high side. I would rather see an incremental approach: hire a COO and a secretary and see what can be accomplished, in a year. Then, evaluate, make recommendations and set up new procedures. This approach is more conservative and will preserve general funds. Thank you, Mr. Speaker."

Representative Ching rose in support of the measure with reservations, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker.

"I rise with reservations on H.B. 1865 – Relating to Education. I support the intent of this legislation that addresses the long awaited hopes of students, teachers, families, and most of all, taxpayers. The bill creates a new permanent management structure in the Department of Education. A CFO in the Department of Education could play a critical role in determining business goals and the ability to meet them by maximizing resources and ensuring efficient operations from a financial perspective. This legislation presents an opportunity for the Department of Education to make the most of taxpayers' money and to properly administer the money flow.

"With 24,000 full-time positions, thousands more part-time positions, 268 properties across the State and a budget of over \$1.7 billion, the Department of Education is undoubtedly the State's largest and most complex enterprise. Educational systems today are faced with changing needs and growing demands, but on tighter budgets.

"H.B. 1865 will create a new permanent management structure, including a Chief Financial Officer (CFO) for the Department of Education that will help the Department of Education towards becoming a more operationally effective, fiscally transparent, and results-driven entity.

"However, it's imperative the Department of Education set expectations and create results."

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"I have reservations on this bill, Mr. Speaker, mainly because I'm one of those that support if there's more money to be infused in the Department of Education, I would like it to go to the classroom for smaller class sizes, more educational buildings, and more supplies for our schools. This half a million dollars allocates for more bureaucracy, and there may be a need for it. I'm not saying that. But I think that we should address those basic issues first before we address the bigger picture. Thank you."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I'm rising with similar reservations as the previous speaker had. Mr. Speaker, I believe that this Department of Education is top heavy. That it could do some readjusting with the present staff that it has, and I believe that when we're in danger of losing our librarians, losing our wonderful theater program at Castle High School. Those are the things we should be supporting and using the money for, rather than adding to the bureaucracy at DOE. Thank you."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I like to vote on this measure with reservations please. I think eight positions is excessive. Thank you."

Representative B. Oshiro rose to speak in support of the measure, stating:

"I rise in support. Very briefly, I just wanted to point out that much of the recommendations were based on a Price Waterhouse Coopers audit that was performed, and it recommended that we establish this CFO position because what they found is that the Department Budget Director's scope of duties is much too broad.

"As to the other concerns about whether we need additional positions. I think much of the testimony stated by Hawaii Business Roundtable and the Chamber of Commerce of Hawaii saying that really, if we expect the Department of Education to act like a business and act like a corporation, we need to ensure that they have the proper support and positions in order to achieve that goal. Thank you."

Representative Evans rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1865, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF EDUCATION," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Stonebraker voting no.

At 10:12 o'clock a.m., the Chair noted that the following bills, passed Third Reading:

H.B. No. 2075, HD 1	H.B. No. 2637, HD 1
H.B. No. 2214, HD 1	H.B. No. 2715, HD 1
H.B. No. 2423, HD 1	H.B. No. 1865, HD 1
H.B. No. 2520, HD 1	

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 738-06) recommending that H.B. No. 1889, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1889, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Hale rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I would like to put written remarks in the Journal, but on the other hand I have one quote that I would like to point out, and this was from a former Ambassador at Nepal. She is now at the Institute for Global Chinese Affairs at the University of Maryland. She has put it in a way I think that can explain the purpose of this bill. She said:

'Hawaii is situated in the middle of the Pacific, understands firsthand that the Atlantic-Pacific economic shift has taken place. Isolated from the political and commercial power centers on the mainland, Hawaii has experienced firsthand American's Eurocentric prejudices. So who better than Hawaii, America's most multiracial and multicultural state, to guide America toward embracing the Pacific, as well as the Atlantic. What Hawaii has to offer is not only its geographic or natural beauty, but more important in the Pacific century, its people who's cultural and value affinities combine the best of the East and West. Hawaii offers a natural intellectual bridge between the cultural forces that border the vast Pacific.'

"She has put in, I think, the mission of the International Affairs Committee and she has stated this very well and therefore that is why our Committee believes it's necessary for the Administration to

reinstate the Office of International Affairs. The rest of my remarks will be in the Journal. Thank you."

Representative Hale's written remarks are as follows:

"Looking back through some of my files, I found a speech given by Julia Chang Bloch in 1988 on Hawaii seizing the initiative to make the twenty-first century, the Pacific Century, Hawaii's century. Ms. Bloch was assistant administrator of the U.S. Agency for International Development and was the head of its Asia and Near East Bureau. She went on to become the United States Ambassador to Nepal and is now Ambassador-in-Residence at the Institute for Global Chinese Affairs at the University of Maryland.

"With the rise of China and the Asia Tigers to join Japan, this new century will belong to the Pacific and not the Atlantic. This is already evident with East Asia being the most productive economic region in the world and its largest creditor, currently sustaining our federal government's massive debt.

"Ms. Bloch stated:

"Hawaii, situated in the middle of the Pacific, understands firsthand that the Atlantic-Pacific economic shift has taken place. Isolated from the political and commercial power centers on the mainland, Hawaii has experienced firsthand America's Eurocentric prejudices. So, who better than Hawaii, America's most multiracial and multicultural state, to guide America toward embracing the Pacific as well as the Atlantic. What Hawaii has to offer is not only its geography or its natural beauty but, more important in the Pacific Century, its people, who's cultural and value affinities combine the best of the East and West. Hawaii offers a natural intellectual bridge between the cultural forces that border the vast Pacific."

"It is for this, although rather grandiloquent reason, that we need to proactively embrace our international destiny, not only because we want to, but because we need to. As for why then we need an Office of International Affairs/Relations, someone gave a great analogy on this floor many years ago. Not having an Office of International Affairs/Relations they said, is like not having a lifeguard on the beach.

"Since the dissolution of the Office of International Relations in 1994 as a cost saving measure, it is true that the Department of Business, Economic Development, and Tourism (DBEDT) has taken responsibility for the former Office's functions. But under DBEDT, our State's international activities have greatly accelerated. Director Theodore Liu stated in my Committee that an Office of International Affairs would help him and his Department carry out our State's international activities more effectively. Unlike the Office of International Relations, the Office of International Affairs will not be attached to the Governor's office, but within DBEDT. The purpose of coalescing international activities under an office with an executive director is for the same reason that there is a tourism liaison in DBEDT. The Department director is only one person that must divide his or her time between all of the department activities. The tourism liaison solely handles the enormous burden of tourism issues that the department director used to handle as a slice of his total available time, thereby increasing the quality of public-private sector communication and coordination. An International Affairs executive director would provide a similar service.

"Perhaps in 1994, the true benefit of the Office of International Relations was not realized. I must say that our State was ahead of its time then, in establishing that office. But now, twelve years later, the effects of so-called globalization have really made us see that we cannot sit complacently and allow the world to overwhelm us. This year, a federalism issue on state sovereignty over procurement practices and the usurpation of it by international trade agreements negotiated by the United States Trade Representative highlights one important reason why we as a state need to invest in our international relations. We need to be more proactive in international trade

agreements that are infringing on state sovereignty more and more. We need to invigorate our sister-state agreements with broader community support and activities. Sister-state agreements are a perfect way to dialogue on and manage intra-border trade impediments in our sister-states to help our Hawaii businesses gain a competitive edge in international commerce. Our sister-state agreements more importantly counteract increasingly provincial sentiments across the globe and at home as globalization leaves people with a lost feeling of identity; an effect that may come to threaten world peace and our State's well being. We need to leverage our natural endowment as an intellectual bridge between East and West.

"I look forward to going to Conference again on this matter and I remain very optimistic about being able to report it out of Conference."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I rise in support with concerns. This measure establishes the Office of International Affairs within DBEDT to coordinate and promote peace through improved economic, social, cultural, and scientific relations with other countries and its \$200,000 from the general fund.

"Of course with salaries, retirements, health, etc. It's going to be a lot more than that year after year. That's money that could be used for other purposes like tax relief or even to the schools.

"The real concern of this measure is that most of the functions included in this bill are currently coordinated and undertaken by DBEDT. Why are we establishing a new office when they already do it? It's DBEDT and they do it with a streamlined departmental structure with close partnership of other public and private sector organizations. DBEDT has a virtual Office of International Affairs, which includes international initiatives. DBEDT already has overseas offices in Taipei and Beijing, and the need for a new Office of International Affairs is unclear. Thank you."

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support of this measure. We all realize that we live in Hawaii, an island nation in the middle of nowhere. And as much as we say we want to be sufficient, we are far from that. At this time, we are currently a state that relies too much on tourism. And with that we could like to our relationship with other countries. This bill will allow DBEDT to increase their efforts and expand their horizons, as far as our International Affairs Committee is concerned.

"I realized that there's only \$200,000 funded in here, but also on the same measure as the previous speaker said, DBEDT already has some functions that deals with this and it was annotated that this has a virtual office. If you know what a virtual office is, it's one of those that you go to the computer and click on and go search it. We want DBEDT to be more active in pursuing our role as an international state, and we would like their efforts to expand more. I'm not saying that they're not adequate, but I think the office there needs be improved. We at the Legislature should take part in making sure that every effort that needs to be undertaken through expanding the Hawaii center in the State needs to be explored. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1889, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF INTERNATIONAL AFFAIRS," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 739-06) recommending that H.B. No. 1891, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1891, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Finnegan rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, in opposition. Thank you, Mr. Speaker, this is in regards to the Special Education Facilities Fund and well, I'm in opposition. Any proposal to provide mandatory revenue diversion of funds bleeds the State's ability to fund priorities and could negatively impact the State's general fund financial plan.

"The other point in this bill is it says that currently, there's \$45 million. That is the minimum amount to be placed in this Fund. If it states that it's the minimum, then I'm sure that we need to raise it or need to adjust it because it already states that that's only the minimum, so I'm sure there's another mechanism that would say how much we can put in there. I also have a concern that the bill states an undetermined amount of GET revenue will be automatically diverted to the special fund for cash funded repair and maintenance of schools. This could mean hundreds of millions of dollars of GET revenues lost from the operating needs of the State. This could be very harmful because of the importance GET revenue serve to the State's overall fiscal health of operating expenses.

"The Act 51 interagency working group. I read some notes that were just basically saying that they weren't sure why we even need this SEFI funds right now and so I'd like to look a little more deeply into that as well. I think that the SEFI Fund should be repealed. The automatic set aside money for this Fund restricts budget flexibility. And one of the main things that this Fund does is it does not lapse. The money that's in it does not lapse and I think that kind of creates a disincentive to get projects done on a timely manner and that's why we have the type of restrictions on time that we do now for our bonds and CIP funds.

"This year the DOE requested all of the R&M and CIP appropriations to be either in SEFI bond funds or SEFI cash funds, and I see that it's an admission that they do lack some capacity which is the very reason that we must continue to appropriate R&M and CIP money in a responsible and reasonable way. Thank you."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have reservations on this measure also. And they're much along the lines as the previous speaker, but the DOE facilities fund gives the Department \$45 million, or in this case it's a blank amount, and spend as high as \$90 million in the past. These are earmarked funds, and they simply have to sit back and wait for the money to flow to them. But what is really frustrating to many of us legislators is that sometimes they're given an additional amount of money, and there still is a balance from the previous year.

"I bring to your attention the fact that in 1991, the State Auditor said that there was no nexus between the user benefits and user charges and recommended that the Fund be repealed, and that educational facilities should be funded through the normal capital improvements process. I think we should re-look at the validity of this Fund and more importantly, the public should recognize that we are attempting to circumvent the general fund expenditure ceiling with this measure, and these types of measures. These funds, once earmarked, will never be charged as expenditures against the general fund spending limit. I think we should look at this very carefully. Thank you."

Representative Stevens rose in support of the measure with reservations, and asked that the remarks of Representatives Finnegan

and Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ching rose in support of the measure with reservations, and asked that the remarks of Representatives Finnegan and Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Meyer rose in support of the measure with reservations, and asked that the remarks of Representatives Finnegan and Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Pine rose in support of the measure with reservations, and asked that the remarks of Representatives Finnegan and Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Takamine rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I rise in strong support. I guess this is just for clarification, Mr. Speaker. But in listening to the concerns that have been raised by the earlier speakers, I think you will recall that historically this special fund was established because as a policy matter, the Legislature wanted to say very loudly and very clearly, that having a safe and healthy environment to provide maximum opportunity for the most qualified educational experience is a priority in this State.

"We have gone through a whole history from agrarian times, the kind of struggles that immigrants first experienced, and they saw education as the way to allow their children not to have to go through the same struggle and all of that.

"That has been a historical tradition and we recognized it to the point when we saw ceilings falling on children, that was something we should never tolerate. Given that, this fund makes a lot of sense because if, as happened this past year in the last legislative Session, we passed \$95 million for a new courthouse in Kapolei. In less than a year we're told that it's going to cost \$48 million more. So now the Judiciary has to come back here. Unless they get that, there is no way that that structure will be built.

"Similarly, if we look at all of the needs in the DOE and if they had to go through every instance where they have a large project come to a halt because of post-Katrina circumstances, that's something that we cannot control. Yet these are the kinds of mechanisms that were put into place in the past learning from history so we can address those needs that we have considered priority, Mr. Speaker. In light of that, this provides for that function and should be supported. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1891, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Finnegan voting no.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 740-06) recommending that H.B. No. 2179, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2179, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Abinsay rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, on House Bill Number 2179, HD 2, in strong support. Thank you, Mr. Speaker, and very briefly the purpose of this measure is to establish the Irrigation Repair and

Maintenance Special Fund. This also establishes a tax credit for matching funds provided by the owners who receive funding from this special fund. It also appropriates funds for various irrigation systems and for this special fund, Mr. Speaker.

"Mr. Speaker, I would like to just mention that this measure is indeed very, very important. Last legislative Session, we did pass a measure trying to implement some of the major components of Article XI, Section 3 of our Constitution to conserve and protect agricultural lands. We did that by passing the measure last Session after almost three decades, by identifying important agricultural lands.

"This measure at hand right now is indeed testimony that we as a Legislature recognize the importance of agriculture. When I see that we are pouring millions of dollars to repair our irrigation systems, it is indeed conveying a message to the public that we are indeed in support of the agricultural industry. I'd like to say that maybe the message we're trying to convey here is recognition that we're also giving hope.

"Hope not only for the people who are working so hard out there, the farmers, but hope also for our children. Our children that they will eventually find that we as a Legislature recognize the importance of the agricultural industry. Because of that, I would like to just mention that as we recognize the difficulty of being a farmer, we are also creating opportunities for them to make sure that we do recognize their sacrifices. We do recognize their contributions to our economy. We do recognize the importance of what they're doing. But most importantly, recognizing the future, and the future is about again, conveying to our children that hopefully they will find a way to convey this message, or maybe find a way to have some kind of interaction with their parents who are doing the agricultural work. Who are farmers, but they will find out what's going on and hopefully they will be encouraged to attend school and take up some agricultural subjects.

"So again, Mr. Speaker, in recognition of once again, as we recognize agriculture, we also recognize that without water there's no such thing as agriculture. Thank you."

Representative Kanoho rose in support of the measure and that the remarks of Representative Abinsay be entered in the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Kawakami rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, on the same measure I'd like to say that I'm in strong support of this measure because it establishes the Irrigation Repair and Maintenance Special Fund. How does it affect Kauai?

"The East Kauai irrigation system plays a very important role in the drainage of the Wailua residential area, as well as the area surrounding the Wailua State Park. One of its ancillary benefits is the ground water recharge to the Wailua State Park Fern Grotto. I'm sure many of you have been there. We must ensure that our vital irrigation systems are fully functional for agriculture and drainage, as their loss will be catastrophic to our State and all of our residents. Thank you very much, Mr. Speaker."

Representative Carroll rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. I would like all the words of all the previous speakers on this measure, and also note that the Molokai irrigation system, the farmers on Molokai depend on that system for their economic development. Thank you."

Representative Harbin rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in very strong support of the measure. However as a word of caution, as we all know I'm raising the bar of concern because as we go forward with these wonderful measures of tax credits and SPRBs, while we at the same time are going forward with expanding the definitions of Chapter 104, I am so concerned that the Legislature will taketh what it's giving.

"We could very easily if we continue on this trail of the Chapter 104 expansion, price ourselves right out of the market where these repairs and maintenance improvements cannot be done because of the additional burden on regulations and additional costs of 20% to 30%. I hope that we will eventually come to some type of understanding of how can we do this without increasing cost. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2179, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 741-06) recommending that H.B. No. 2180, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2180, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Waters rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Waters' written remarks are as follows:

"Hawaii is currently experiencing one of the greatest shortages of employees in the construction industry and thus, the demand for qualified construction workers is at an all time high. Notwithstanding the current construction demand for workers, nearly 1,200 jobs per year need to be filled by qualified construction workers.

"In an effort to address the significant shortage of employees in Hawaii's construction industry, the Construction Academy is a partnership among the University of Hawaii Community Colleges, the high schools of the Hawaii State Department of Education, unions, and industry representatives in Hawaii's building and construction industry. The goal is to increase the number of high school graduates entering careers related to the industry by establishing a Construction Academy that teaches multiple disciplines in a small learning community environment, including, the integration of technical skills training with the related areas of math, reading, and job readiness/employability skills, and to articulate said training with certificate and degree programs at the community college, thereby allowing students to earn dual credit for Construction Academy classes taken in high school."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2180, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LABOR," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 742-06) recommending that H.B. No. 2277, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2277, HD 2, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 743-06) recommending that H.B. No. 2540, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2540, HD 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR INCREASING STIPENDS FOR VOLUNTEER PRECINCT OFFICIALS," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 744-06) recommending that H.B. No. 2625, as amended in HD 1, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2625, HD 1, entitled: "A BILL FOR AN ACT RELATING TO UNIFORM STATE LAWS," passed Third Reading by a vote of 51 ayes.

At 10:30 o'clock a.m., the Chair noted that the following bills, passed Third Reading:

H.B. No. 1889, HD 1	H.B. No. 2277, HD 2
H.B. No. 1891, HD 2	H.B. No. 2540, HD 2
H.B. No. 2179, HD 2	H.B. No. 2625, HD 1
H.B. No. 2180, HD 2	

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 745-06) recommending that H.B. No. 2947, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2947, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Moses rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, rising in opposition. Thank you, Mr. Speaker, I believe Section 5 of this bill violates the State Constitution. The requirement there is that the allotment to the counties must be timely, fully and completely released to the counties before the Governor can release any moneys to the Department of Labor. And also, it takes appropriations from Reed Act funds, and this operates as a legislative intrusion into the Department's executive decision-making power.

"Secondly there is another problem with this bill. Section 3 of the bill repeals an Act that does not exist, and this is based on an Attorney General's opinion. February 27, 2006. He stated that the needed problem with this bill is that last Session, Senate Bill No. 813, was vetoed by the Governor. The proclamation contained a clerical error that the Attorney General's office concluded in opinion number 0502 did not affect the validity of the veto. Thus it is the Attorney General's opinion that Senate Bill No. 813 was vetoed and did not become law even though it was assigned an Act number, Act 249, and printed in the Session Laws. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2947, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY," passed Third Reading by a vote of 47 ayes to 4 noes, with Representatives Finnegan, Meyer, Moses and Stevens voting no.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 746-06) recommending that H.B. No. 3068, HD 2, as amended in HD 3, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 3068, HD 3, pass Third Reading, seconded by Representative B. Oshiro.

Representative Karamatsu rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Karamatsu's written remarks are as follows:

"I rise in support. With the drastic increase in urban development in Central and Leeward Oahu, valuable agricultural lands must be protected. The Kunia agriculture lands bounded by Farrington Highway to the South, Kipapa Gulch and Kamehameha Highway to the East, Wheeler Airforce Base and Schofield Barracks to the North, and Makakilo Drive, the Makakilo residential urban district, and the Honouliuli forest reserve to the West is considered to be one of the best, if not the best agricultural lands in the State.

"House Bill 3068 would establish the Kunia Special Agricultural District (District) and require the Agribusiness Development Corporation (ADC) to acquire public and private lands within the District for the development of agricultural projects and project facilities. The measure appropriates funds into the Hawaii Agricultural Development Revolving Fund to enable ADC to carry out this mission. Lastly, there is a low interest loan program in this bill to help entrepreneurs in the agricultural industry."

Representative Moses rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I'm rising with reservations. A great deal of the original bill contained part of my district. It has deleted that in the current version, but it did contain a great amount of territory of my district. Even though that's removed now, there's just no discussion so far, it needs further discussion and examination of what the exact boundaries would be. But there's no specific boundaries designated in the current draft of this bill, and I just want to point out that to date, nobody in this Body has talked to me about this measure. Thank you."

Representative Karamatsu rose to respond, stating:

"Mr. Speaker. Just want to clarify, in support. The original boundaries were stated in the first draft of the bill, the original bill. That was removed for further discussion. The Attorney General has agreed to the original boundaries as stated in the first bill; the original draft."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 3068, HD 3, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Third Reading by a vote of 51 ayes.

Representative Takamine, for the Committee on Finance presented a report (Stand. Com. Rep. No. 747-06) recommending that H.B. No. 3154, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 3154, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Evans voting no.

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 748-06) recommending that H.B. No. 861, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 861, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative Harbin rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support of 748. I just wanted to thank my colleagues for allowing this bill to have a very slow process to being passed, but I think bills such as these will send a very resounding message to the small business community that we in fact are friendly to them. This will bring parity with the regular C Corporations when it comes to workers' comp for owners. So I beg you all to vote so that we can have a positive measure go forward."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 861, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Third Reading by a vote of 51 ayes.

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 749-06) recommending that H.B. No. 1899, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1899, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Marumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I rise in favor of this measure. It will require all minors to wear helmets when riding mopeds. I first introduced a similar bill in 1995 that required helmet use for all motorcycles, motor scooters, and moped riders, but it failed to make it into legislation. It died again in 1997, so I began to support a modified version, which required only minors to wear helmets while riding two-wheel vehicles.

"Unfortunately each year it was introduced it never made it out of Committee, but this year it looks like it's moving out. Often it takes years to implant a concept and mandatory helmet use is one of those ideas.

"It's controversial, it's one reason why it has not been immediately accepted, but it's important and one day it will work its way into legislation. From my years at the Legislature, I know that it's easy to kill a bill, but it's impossible to kill an idea. Helmet use is an important issue. It is a health and safety issue. It is a health and insurance cost issue. It is a rational issue.

"Helmets are important despite those who claim the opposite. If not, why do 20 states and the District of Columbia have mandatory helmet laws covering all riders. If helmets are not an important safety device, why do race car drivers, pilots, skiers, football players, baseball players, hockey players, lacrosse players all wear helmets? Any player's union like the NFLPA, National Football League Players Association, would be outraged if it were not required. While moped driving may not be a sport, one can assume that a teenager riding a moped at 30 miles per hour with larger and faster vehicles on the road runs an inherent risk for head injury.

"In the late 1990s, Kentucky and Louisiana repealed their universal motorcycle helmet laws. Statewide survey showed that helmet use decreased from nearly full compliance to the 50% range when they did not have the law. The rate of motorcycle fatalities per 10,000 registered motorcycles increased by 37% in Kentucky, and 75% in Louisiana. Injuries also increased. Experience in Kentucky and Louisiana reflects the same experience in Arkansas, Florida, and Texas and other states that repealed universal laws, leaving little doubt that no helmets result in more death and injuries.

"So while we at the Legislature may not be the NFLPA and our teenagers may not be our football players, we are the advocates for our people and we must insist on their safety. Mahalo."

Representative Lee rose in support of the measure and asked that the remarks of Representative Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ching rose in support of the measure and asked that the remarks of Representative Marumoto be entered in the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Meyer rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I have some reservations on this measure. I really believe that it's the parents who should decide whether their children should wear helmets and not the Legislature.

"We can pass all the laws we want and we do. We have you know hundreds on the books but the police are already unable to enforce the helmet for kids on bicycles and this just creates another area where we're asking them to do something more. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1899, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE USE OF SAFETY HELMETS BY MINORS," passed Third Reading by a vote of 51 ayes.

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 750-06) recommending that H.B. No. 1939, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 1939, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," passed Third Reading by a vote of 51 ayes.

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 751-06) recommending that H.B. No. 1982, HD 1, as amended in HD 2, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1982, HD 2, pass Third Reading, seconded by Representative B. Oshiro.

Representative B. Oshiro rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative B. Oshiro's written remarks are as follows:

"For twenty-two years now, Hawaii's residents have been proud to call the little, eccentric, pug-nosed fish with the ridiculously long name our State fish. It has proudly represented our great state along with the *kukui*, our State tree, the yellow hibiscus, our State flower, the *nene*, our State bird, and the humpback whale, our State mammal. It is only fitting that we allow the *humuhumunukunuaapua*'a to take its rightful place as State fish, and allow it the permanence it deserves.

"When Joel and Dane Itomura came to me with the question, "Why isn't the *humuhumu* our State fish anymore?" I thought they were joking. But they weren't, and it was their aspiration to see that their favorite fish be reinstated. These two little boys did their research, wrote testimony, and even came to the Capitol to testify before the Committee on Judiciary. Their resolve and commitment to this piece of legislation has been wonderful, and I hope that my fellow Members of the House of Representatives will join me in supporting this important bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1982, HD 2, entitled:

"A BILL FOR AN ACT RELATING TO THE STATE FISH," passed Third Reading by a vote of 51 ayes.

At 10:40 o'clock a.m., the Chair noted that the following bills, passed Third Reading:

H.B. No. 2947, HD 2	H.B. No. 1899, HD 1
H.B. No. 3068, HD 3	H.B. No. 1939, HD 2
H.B. No. 3154, HD 2	H.B. No. 1982, HD 2
H.B. No. 861, HD 2	

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 752-06) recommending that H.B. No. 2057, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative M. Oshiro, seconded by Representative B. Oshiro and carried, the report of the Committee was adopted and H.B. No. 2057, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 48 ayes, with Representatives Cabanilla, Marumoto and Yamane being excused.

Representative Luke, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 753-06) recommending that H.B. No. 2397, as amended in HD 1, pass Third Reading.

Representative M. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 2397, HD 1, pass Third Reading, seconded by Representative B. Oshiro.

Representative Stevens rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. This bill clarifies the responsibility for cleaning up and removal of grounded vessels. In my experience, grounded vessels also have a 'golden hour'. The sooner action is taken to remove them, the less chance of pollution to the environment, and the potential damage to the vessel is lessened if it's removed from its grounded position very quickly.

"I would also like to note that the Senate has a similar version of this bill that also includes a 'Good Samaritan' provision. This provision protects boaters who offer immediate assistance to a grounded vessel from liability, and as this bill hopefully makes it to Conference, I would like to see maybe a similar provision added to it, but I really appreciate this bill passing out of our House today. Thank you."
