"EXECUTIVE CHAMBERS
HONOLULU
March 2, 2010

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1311

Honorable Members
Twenty-Fifth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1311 entitled "A Bill for an Act Relating Aquatic Resources."

The purpose of this bill is to exempt the University of Hawaii from any law that requires a permit or application to carry out repair and maintenance of the Hawaii Marine Laboratory Refuge. The bill also allows the University of Hawaii to use Department of Land and Natural Resources staff without charge.

This bill is objectionable because it grants the University of Hawaii an overly broad and unnecessary exemption from permitting requirements that protect and preserve Hawaii's natural public trust resources.

A permit allows a privilege conveyed to individuals or agencies to perform an activity not normally available to the general public. A permit carries a responsibility to uphold high standards that will benefit society and protect our environment. To exempt a single State agency, in this case

the Hawaii Institute of Marine Biology, from this obligation is inappropriate and conveys to them disproportionate powers without adequate public accountability.

The legislation fails to define what constitutes repair and maintenance activities. It is unclear what projects would be granted a permitting exemption under this measure. The lack of guidance provided by the ambiguous bill language could exempt a broad range of activities from the State's permitting requirements.

Further, the measure is unnecessary since routine repair and maintenance of facilities existing in conservation districts are already permissible under current conservation district rules. Any activities that extend beyond basic repair and maintenance projects in a conservation district should be subject to the additional oversight and standards established in the permitting process.

Additionally, the bill would allow the University to use the Department of Land and Natural Resources staff at no charge in the operations of the Hawaii Institute of Marine Biology. The department does not have surplus personnel to take on additional responsibilities. This legislation would impose a durable and indeterminate potential fiscal liability on the Department of Land and Natural Resources.

For the foregoing reasons, I am returning Senate Bill No. 1311 without my approval.

Respectfully,
/s/ Linda Lingle
LINDA LINGLE
Governor of Hawaii"

H.R. No. 76, entitled: "HOUSE RESOLUTION COMMEMORATING THE 90TH ANNIVERSARY OF HONOLULU COMMUNITY COLLEGE," was offered by Representative Ching.

Representative Ching moved that H.R. No. 76 be adopted, seconded by Representative Rhoads.

Representative Ching congratulated Honolulu Community College on its 90th Anniversary and thanked them for their contributions to technical and vocational education in our community.

Representative Ching then introduced the honorees representing the Honolulu Community College who were seated on the Floor of the House:

Mr. Michael T. Rota, Chancellor;
Ms. Erika Lacro, Vice Chancellor;
Mr. Ramsey R. Pedersen, former Chancellor; and
Dr. Ronald Pine, Chair of the Faculty Senate.

Representative Rhoads also congratulated and thanked Honolulu Community College.

Representative Pine recognized her father, Dr. Ronald Pine, and thanked the Body for honoring Honolulu Community College.

Representative Yamane also congratulated Honolulu Community College and recognized their programs that support the Pearl Harbor Naval Shipyard.

The motion was put to vote by the Chair and carried, and H.R. No. 76 was adopted with Representatives Bertram, Hanohano, Marumoto, Nakashima, Thielen and Ward being excused.

The following resolution (H.R. No. 77) was announced by the Clerk and the following action taken:

H.R. No. 77, entitled: "HOUSE RESOLUTION CONGRATULATING THE HONOLULU JAPANESE CHAMBER OF COMMERCE ON THE

UNFINISHED BUSINESS

H.B. No. 2737, HD 1:

Representative B. Oshiro moved that H.B. No. 2737, HD 1, be recommitted to the Committee on Finance, seconded by Representative Evans.

Representative Saiki rose in support of the motion to recommit and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Saiki's written remarks are as follows:

"Mr. Speaker, I rise in support of the motion to recommit H.B. 2737.

"One purpose of a motion to recommit is to prevent action on the question or to delay action. Recommittal of H.B. 2737 is appropriate because it essentially proposed a "fire sale" of public land. This measure is troubling for at least three reasons.

"First, H.B. 2737 applies to all public lands, both ceded and non-ceded.

"Second, Part II, section 4 exempts any legislative approval notwithstanding H.R.S. section 171-64.7. Section 171-64.7 requires two-thirds approval of the Legislature when public land is sold. The Legislature enacted section 171-64.7 less than one year ago in the 2009 Session, and there is no reason to exempt the forced sales in this measure from legislative approval.

"Third, this measure targets the sale of Sand Island Parcels. Part II requires DLNR to negotiate sales terms with a certain non-profit entity. Part II only applies to the Sand Island Business Association, which is registered as a not-for-profit with the Department of Commerce and Consumer Affairs.

"Sand Island should not be sold in the manner provided for in this measure. According to the State Auditor, Sand Island is ceded land (see attachment). Sand Island is significant, both in terms of its inclusion in the State's public land inventory and to the Office of Hawaiian Affairs.

"Accordingly, I support the motion to recommit."

Representative Saiki also submitted the following:

A Report to the Legislature of the State of Hawaii

Submitted by the

Report No. 86-17
December 1986

FOREWORD

This report is the *Final Report on the Public Land Trust*, a study which was authorized by Act 121, Session Laws of Hawaii 1982. It supersedes the *Progress Report on the Public Land Trust*, which our office submitted to the Legislature in 1983.

The final report is in two volumes of which this particular volume is of more general interest. It contains our findings and recommendations pertaining to issues related to the public land trust. The other volume, which will receive a limited distribution, contains the chain of titles and land title maps of lands encompassed within the boundaries of certain state airports and harbors.

We were fortunate to have obtained the services of Yukio Naito, an authority on public land policy, to direct and coordinate the study. Mr. Naito, who is an attorney with the law firm of Shim, Tam, Kirimitsu & Naito, has frequently been called upon by the State Legislature for advice on important public issues.

Consultant firms which contributed to the study include Peat, Marwick, Mitchell & Co.; Coopers & Lybrand; and the Consulting Group of Hawaii.

We were also assisted in the study by Nardess Awana, formerly with the abstracting section of the highways division of the State Department of Transportation, who performed all title searches on the airport and harbor lands dealt with in the report. The staff of the cadastral engineering section of the highways division performed the land surveys and land title mapping, and we especially want to acknowledge the assistance of Donald King, former head of the section; Layton Chew, land surveyor; and Dorothy Miyata.

During the course of the study, a number of government agencies and jurisdictions provided needed information and cooperated fully in the study. We acknowledge the assistance of the land management division of the Department of Land and Natural Resources, the commercial harbors and airports divisions of the Department of Transportation, the Hawaii Housing Authority, the University of Hawaii, the Department of Education, the City and County of Honolulu, the County of Hawaii, the County of Kauai, and the County of Maui.

It is our hope that this study contributes to the deliberations on a very important public issue.

listing, the county currently controls about 250 separate parcels. Several of these parcels are owned by private entities and are being used by the county. A majority of the parcels are owned by the county and the State. The large number of state-owned parcels suggests that a significant portion may be former crown or government lands. It is our understanding that all state-owned parcels controlled by the county have been classified by Admission Act sections and are included in the DLNR's state land inventory.

The only state-owned parcel under the control of the County of Kauai that produces any significant amount of revenues is the county's Waiiua Golf Course. Green and locker fees, and rents and concessions comprise the revenues.

The golf course consists of 195 acres. The land underlying the golf course is owned by the State and is controlled by the county under two Governor's executive orders, issued during the territorial period. Executive Order No. 97 issued on April 20, 1921, granted use of 190 acres to the county, and Executive Order No. 112 dated May 10, 1945, granted use of 4.51 acres. Based upon a limited review of available documentation, it appears that the entire golf course rests on former crown or government land which had been ceded to the United States on annexation. Title to the parcel appears to have been conveyed to the State under section 5(b) of the Admission Act.

Sand Island

Sand Island includes about 507 acres of land plus surrounding submerged lands. Most of the 507 acres are filled lands. Forty-nine acres of the 507 acres are still set aside for the use of the United States government. The 49 acres are being used

for coast guard purposes. A portion of the remaining 458 acres is used for harbor purposes and included in the Honolulu Harbor boundaries. The remainder of the island is under the management of the Department of Land and Natural Resources.

Sand Island is all ceded lands. However, for a time in the 1900s there was a continuing dispute as to the ceded or non-ceded status of the island, and upon the enactment of HRS chapter 10, particularly section 10-13.5, this issue of ceded versus non-ceded status of Sand Island surfaced again briefly. Today, no one denies the ceded status of Sand Island.

The major concern with Sand Island is whether the DLNR has properly classified the lands in terms of the statutory source of Hawaii's title to the lands.

It is our finding that the DLNR's classification of lands on Sand Island is technically correct. However, we believe that all of Sand Island should be considered a part of the trust established by section 5(f) of the Admission Act and possibly subject to HRS chapter 10.

A summary of transfer of fee title to Hawaii. At annexation, the U.S. took over Sand Island, which at that time consisted of less than 10 acres of land. It was set aside by presidential executive order for use by the United States as a military reservation. Between 1902 and 1941, the Army and Navy filled the surrounding reefs from materials dredged from the entrance to Honolulu Harbor and Keehi Lagoon.

Sand Island was returned to Hawaii in three segments. The first segment consisted of 16 acres. By two presidential executive orders, one in 1946 and the other in 1947, the Territory of Hawaii acquired the possession, use, and control of,

but not fee title to, the 16 acres.⁵ The DLNR has treated the 16 acres as lands, the fee title to which was returned to Hawaii at statehood under section 5(b) of the Admission Act.

In 1955, the territorial government sought title to some 202 acres of Sand Island. The impetus to gain the fee title to the land came from an offer by the Standard Oil Company of California to purchase the 202-acre site for its \$30 million oil refinery. This site was conveyed to the Territory on August 20, 1959, one day before statehood, by Presidential Executive Order No. 10833. Since the return was before statehood, the 202 acres have been classified by the DLNR as lands returned to Hawaii under section 5(a) of the Admission Act.

The final transfer occurred in 1963 when another 360 acres were conveyed under the Revised Conveyance Act (Public Law 88-233). Of the 360 acres, approximately 244 acres are landed property. Another 116 acres are still submerged.

Appended to this chapter are maps of Sand Island. Map A depicts the return of the various parcels to Hawaii. Map B shows the uses to which the parcels returned to Hawaii are currently being put. Map C is the same as map A, less the submerged portions. Map D shows those portions of the 202 acres that were returned to Hawaii one day before statehood and those portions of the 244 landed acres that were returned to the State in 1963 that are being used as a container yard and marginal wharf under the jurisdiction of the DOT.

5. Of the 16 acres, 12 acres previously set aside in 1920 by Presidential Executive Order No. 3358 for military purposes were restored in Presidential Executive Order No. 9752 for a sewerage treatment plant. Another four acres were restored under Presidential Executive Order No. 9860. The four acres, which are part of the Keehi Lagoon seaplane runway, are submerged and not included in the 507 acres that comprise Sand Island's landed property.

51

Controversy over the ceded status. Although it is generally agreed that the lands on Sand Island are ceded lands, it is appropriate that we review briefly the controversy over the ceded, non-ceded status of the lands. We do so for two reasons: first, the issue needs to be put to rest; second, the ceded, non-ceded controversy has impacted the question of the entitlement of OHA to the revenues generated on Sand Island.

Our study of the matter leads us to conclude that the lands on Sand Island are indeed ceded lands. They were owned by the Republic of Hawaii at the time of annexation, and upon annexation, the United States succeeded to the Republic's title to the lands.

Sand Island lies within what used to be the Mokauea and Kaholaloa fishing grounds. Sand Island as we know it today was essentially built by filling the reefs within these grounds. The controversy over whether Sand Island consists of ceded or non-ceded lands arose largely from the Land Commission awards made of the Mokauea and Kaholaloa fisheries. The Land Commission which was established in 1846⁶ to adjudicate all private claims to landed property acquired before 1846, awarded the fishing grounds to private individuals. Moreover, in making the awards, it used language which appeared to grant the fee title to the lands beneath the fisheries (the submerged lands).

6. An Act to Organize the Executive Department of the Hawaiian Islands Pt 1, Ch VII, Art IV; April 27, 1846. Section 1 states in part that "His Majesty shall appoint through the Minister of the Interior and upon consultation with the Privy Council, five Commissioners, one of whom shall be the Attorney General of this Kingdom, to be a board for the investigation and final ascertainment or rejection of all claims of private individuals, whether natives or foreigners to any landed property acquired anterior to the passage of this Act; the awards of which unless appealed from as hereinafter allowed shall be binding upon the Minister of the Interior and upon the applicant. . . ."

52

Had the Land Commission the authority to make the awards in the first instance and to award the fee to the lands beneath the fisheries, the awards would have deprived the Republic of Hawaii of title to the fisheries and the lands beneath them, and Sand Island today would not be considered as ceded lands.

However, it does not appear that the Land Commission had the authority to make awards of fishing grounds or the lands beneath the fisheries. The Land Commission's authority extended only to making grants of landed property. Fishing rights had been conferred initially by King Kamehameha III in 1839,⁷ and in subsequent years the Republic of Hawaii enacted laws governing fisheries and fishing rights as a means of regulating and controlling the coastal waters and its fish. As the term implies, fishing rights were simply rights to fish in defined coastal areas.

The dispute came to the fore upon the enactment of the Organic Act. A portion of the act brought to an end the exclusive rights to fish in the sea waters of the islands that had been conferred to individual persons by the laws of Kamehameha III.

Soon after the enactment of the Organic Act, those who had received Land Commission awards to fishing grounds brought suit to confirm their title to the fishing grounds and the lands beneath the fisheries. In one case, the Land Commission eliminated in a subsequent order the fishing ground from its award, and the awardee petitioned the court to re-establish its claim to the fishery. In that case, the court awarded the fishery rights to the awardee but the Territory of Hawaii took strong exceptions to the judgment.

7. Laws of 1839, chapter 3, section 8.

53

All cases relating to the Mokauea and Kaholaloa fisheries ended in a settlement between the parties. As part of the settlement, all fishing rights, title and interest in the Mokauea and Kaholaloa fisheries were quitclaimed to the Territory of Hawaii and the awardees received other lands in exchange.

Although the court in one case held for the awardee, the position of the government of Hawaii and that of the United States has consistently been (and we believe rightly so) that the Land Commission had no authority to make awards of fishing grounds and that the private claims to the fisheries were not valid. The present treatment by the State of Sand Island as ceded lands is consistent with this early position.

The return of 202 acres. About 1955, the territorial government received an offer from the Standard Oil Company of California to purchase a 202-acre site on Sand Island for its \$30 million oil refinery. All of Sand Island, however, had been set aside by presidential executive order for the use of the United States. Hawaii, therefore, needed to have the acreage returned to Hawaii's control before it could sell the site to Standard Oil. The Territory of Hawaii initiated action to have the 202-acre site returned to Hawaii.

However, the transfer of the lands to Hawaii was not easily accomplished. Between 1955 and 1956, the U.S. Department of Justice wrestled with the question, whether a presidential executive order would be sufficient to transfer the lands to the territory, or whether an act of Congress was also required. Although section 91 of the Organic Act provided that public property ceded at annexation for the uses and purposes of the United States could be restored to its previous status by the direction of the President, the U.S. Department of Justice was troubled by the earlier asserted private claims to the fisheries and it questioned, assuming that Sand

54

Island constituted ceded lands, whether the 202-acre site, ceded as submerged land could be restored under section 91 as filled land.

In view of the fact that the Territory intended to sell the filled land and therefore required clear title, the U.S. Department of Justice ruled in late 1956 that special congressional legislation would be required to enable the President to return the land by executive order.

On January 21, 1958, Hawaii's delegate to Congress, the late John A. Burns, introduced HR 10173. The purpose of this bill was "to authorize the President, by executive order, to transfer to the Territory of Hawaii, without monetary reimbursement, not to exceed 202 acres of the Sand Island Military Reservation. . . ." According to Senate Committee Report No. 2257, which accompanied the bill,

"It appears that an Executive order may not be sufficient in this instance, however, for although the lands in question appear to be public lands ceded within the meaning of the Hawaiian Organic Act, there is some question whether they may be sold or otherwise disposed of by the Territory. This question arises because portions of Sand Island are made up of land filled in subsequent to annexation. Inasmuch as the Sand Island property is likely to be a useful site for commercial development, it is desirable that the Territory have full authority to dispose of such portions of the land as are not required for military purposes."

HR 10173 became law (Public Law 85-756) on August 25, 1958; however, actual transfer of the 202 acres did not occur immediately. There was some difficulty in negotiating the exact parcel to be transferred. At one point, talks were stalled because the Army claimed that part of the area sought by the Territory was needed for a highly classified missile site.

When it became clear that Hawaii would attain statehood, efforts to transfer the 202-acre site by executive order intensified. The territorial government and Hawaii's delegate to Congress expressed concern that Public Law 85-756 would be

invalidated once Hawaii became a state because the law made specific reference to Hawaii as a territory, and not as a state. The territorial government reasoned that if Hawaii became a state before the executive order was signed by the President, new congressional legislation would be required and the transfer of land, which had been delayed for almost four years, would be further delayed. On August 20, 1959, one day before statehood, title to the 202 acres of Sand Island was transferred to the Territory by Presidential Executive Order No. 10833.

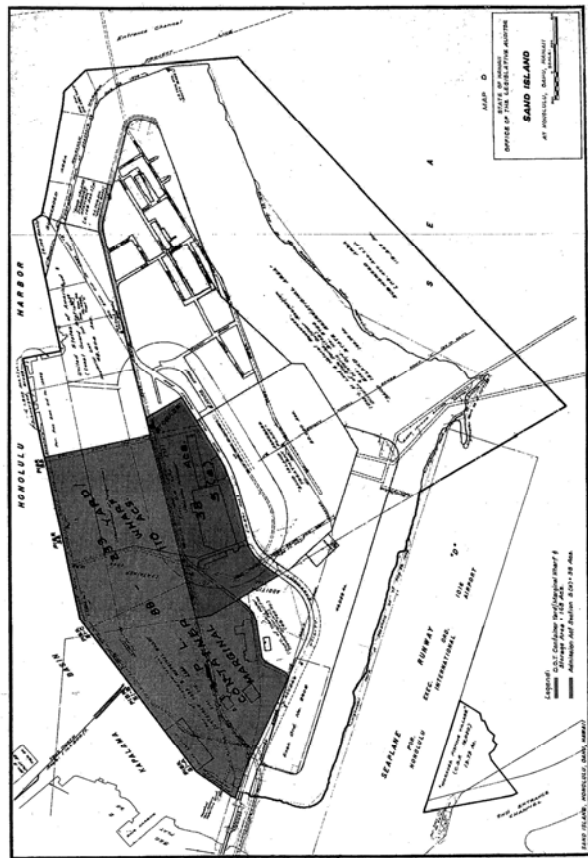

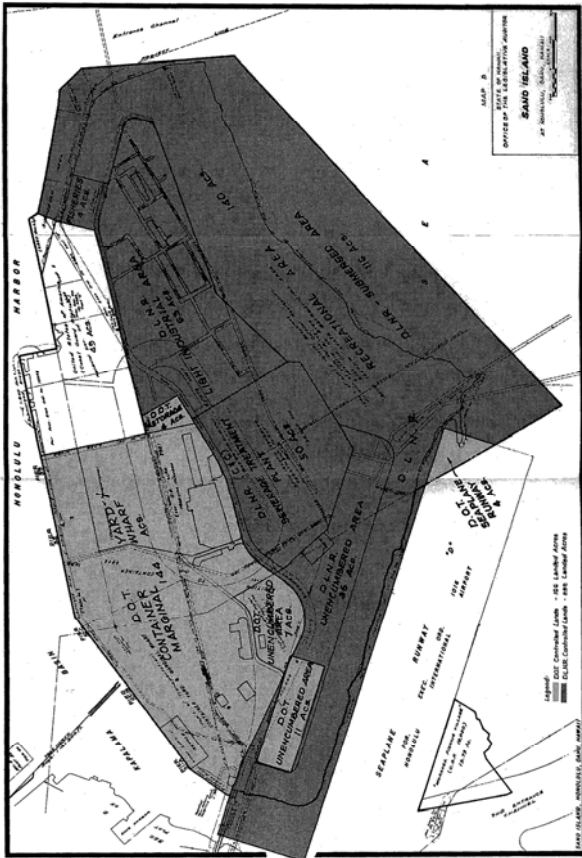

The treatment accorded the 202 acres. Since the presidential executive order returning the 202 acres to Hawaii was signed before Hawaii became a state, the acreage is listed in the state inventory as having been received by Hawaii under section 5(a) of the Admission Act. As section 5(a) land, the 202-acre site is not subject to the section 5(f) trust or to HRS chapter 10.

Technically, the listing of the acreage as section 5(a) land is correct. However, there is no good reason why the 202 acres should not be treated in the same manner as the 244 acres of landed property that were conveyed to Hawaii (together with the 116 acres of submerged lands) in 1963 under Public Law 88-233. First, the only reason for the transfer of the 202 acres to Hawaii one day before statehood was the fear of the need for another congressional act if the land was not transferred before statehood. There was no other reason for the urgency to convey, for Standard Oil in 1958 had decided to locate its refinery on Campbell Estate land at Barbers Point. Second, had the President not signed the executive order and the 202 acres not been transferred to Hawaii on August 20, 1959, in all probability, the 202 acres would have been conveyed to Hawaii after statehood under Public Law 88-233 in the same manner (and possibly at the same time) as the conveyance of the 244 acres. Thus, it would appear to be fair to treat the 202-acre site the same as

the 244-acre site and subject it to the public trust of section 5(f) of the Admission Act. Although legislative action may be necessary to accomplish this legally, we think that equity supports this treatment.

As a footnote, we observe that the 244 acres were conveyed to Hawaii under Public Law 88-233, rather than under section 5(e) of the Admission Act, even though the conveyance was had within the five-year review period provided in section 5(e), because of the same two problems that compelled the U.S. Department of Justice to require congressional authority for the conveyance of the 202-acre site--the earlier asserted private claims to what used to be the Mokuauia and Kahaloua fishing grounds, and the questionable ability of the United States to return to Hawaii as filled lands what the United States had received on annexation as submerged lands.

Representative McKelvey rose to speak in support of the motion to recommit, stating:

"Thank you Mr. Speaker, in support of the recommit and I would just like to thank the introducer of this bill for his wisdom in taking a second look at the issue."

Representative C. Lee rose in support of the motion to recommit and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative C. Lee's written remarks are as follows:

"Mr. Speaker, we cannot allow the short-sighted fire-sale of State lands to balance the budget. This bill forces the State to sell between a half to three quarters of a billion dollars in public trust lands. This is a permanent solution to a temporary problem that will haunt us for generations to come, who might be deprived of the public parks and open spaces that our fathers handed down to us to properly steward."

Representative Pine rose in support of the motion to recommit and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"Mr. Speaker, I rise in support to re-commit House Bill 2737, Relating to the Disposition of Public Lands to the Committee on Finance.

"Hawaii's most precious resource is land. The sale of public lands by the Department of Land and Natural Resources would generate revenue of up to \$750,000,000 for the State general fund. However, once these lands are sold, it is unlikely that the State will re-obtain them in the future.

"I support recommitting House Bill 2737 for the following reasons:

There should be further review as to how certain State lands were obtained in order to definitively determine if they were crown or ceded lands;

Issues relating to the original intent for land use should be addressed;

Discussion should have been made in the appropriate standing committee prior to a hearing being held by the Committee on Finance.

"For the reasons above, I support recommitting House Bill 2737."

The motion was put to vote by the Chair and carried, and H.B. No. 2737, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE DISPOSITION OF PUBLIC LANDS," was recommitted to the Committee on Finance, with Representatives Bertram, Ching, Hanohano, Marumoto, Nakashima, M. Oshiro, Thielen, Tokioka and Ward being excused.

STANDING COMMITTEE REPORTS

Representative McKelvey, for the Committee on Economic Revitalization, Business, & Military Affairs presented two reports:

(Stand. Com. Rep. No. 673-10) recommending that H.R. No. 16, be adopted; and

(Stand. Com. Rep. No. 674-10) recommending that H.C.R. No. 54, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 16, and H.C.R. No. 54, be adopted, seconded by Representative Evans.

Representative Mizuno rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I rise in support if I may on Stand. Com. Report Nos. 673 and 674. Thank you, Mr. Speaker. The United States Constitution requires a national census, which is a count of everyone residing in our nation, once every ten years. The allocation of federal and state funding for critical social services and other public purposes depends on complete and accurate age, population, and demographic information. The federal government can allocate over \$400 billion to states in large part on census data. This was pointed out by the Representative from Makiki.

"However, in the last census, Hawaii was determined to have the second highest census undercount. That's correct, undercount, which has resulted in the loss of millions of dollars in federal funds for each of the last ten years. Mr. Speaker, last year federal grants to Hawaii totaled nearly \$290 million, including \$88 million for education and \$97 million for health and human services. Therefore the most compelling reason to participate in the census is to benefit our State by allowing us to get our fair share of federal funding. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 16, entitled: "HOUSE RESOLUTION SUPPORTING THE UNITED STATES BUREAU OF THE CENSUS AND URGING ALL HAWAII RESIDENTS TO PARTICIPATE IN 2010," was adopted, with Representatives Bertram, Hanohano, Marumoto, Nakashima, M. Oshiro, Thielen, Tokioka and Ward being excused; and

H.C.R. No. 54, entitled: "HOUSE CONCURRENT RESOLUTION SUPPORTING THE UNITED STATES BUREAU OF THE CENSUS AND URGING ALL HAWAII RESIDENTS TO PARTICIPATE IN 2010," was adopted, with Representatives Bertram, Hanohano, Marumoto, Nakashima, M. Oshiro, Thielen, Tokioka and Ward being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 675-10)

recommending that S.B. No. 2015, SD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2015, SD 1, entitled: "A BILL FOR AN ACT RELATING TO INTRASTATE TELECOMMUNICATIONS SERVICES," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Bertram, Hanohano, Marumoto, Nakashima, M. Oshiro, Thielen, Tokioka and Ward being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 676-10) recommending that S.B. No. 2017, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2017, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE CLAIMS ADJUSTERS," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Bertram, Hanohano, Marumoto, Nakashima, M. Oshiro, Thielen, Tokioka and Ward being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 677-10) recommending that S.B. No. 2812, SD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2812, SD 1, entitled: "A BILL FOR AN ACT RELATING TO CAPTIVE INSURANCE COMPANIES," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Bertram, Hanohano, Marumoto, Nakashima, M. Oshiro, Thielen, Tokioka and Ward being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 678-10) recommending that S.B. No. 2602, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2602, HD 1, entitled: "A BILL FOR AN ACT RELATING TO REAL ESTATE LICENSEES," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Bertram, Hanohano, Marumoto, Nakashima, M. Oshiro, Thielen, Tokioka and Ward being excused.

Vice Speaker Magaoay: "Representative Brower, since you're from the district with the highest income generation, do you have any comments you would like to share with the Body?"

Representative Brower: "Well Mr. Speaker, I'm just glad that we didn't make a motion to recommit any of the statements that the Housing Chair said today. I'm just very excited to be recognized. Thank you."
