"Senate Bill 596 appropriates funds to increase access by medically underserved resident populations to culturally appropriate primary health care services by supporting the development of the rural health workforce at the Hilo Medical Center, by implementing and sustaining the rural interdisciplinary residency program.

"The Legislature has continued to provide support for this initiative that would address the growing shortage in medical professionals especially in rural and geographically isolated areas in the State. This is done by encouraging medical doctors to participate in rural residency programs which have shown to have lead to medical practice where medical doctors they have established ties to the community while in residence programs. Unfortunately, funds appropriated by the Legislature were not released by the previous Administration and the program has had to rely on community donations and support. This measure serves as another attempt by this Legislature to establish this program in Hawaii for the benefit of Hawaii's future."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 596, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAII HEALTH CORPS," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1548) recommending that S.B. No. 1221, SD 2, HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1221, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO

PROCUREMENT," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1550) recommending that S.B. No. 1065, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1065, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1552) recommending that S.B. No. 1089, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1089, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO DISLOCATED WORKERS," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1553) recommending that S.B. No. 281, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 281, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Tsuji's written remarks are as follows:

"This bill would amend the current statute to allow the animal quarantine property or facilities to be used commercially.

"The Department of Agriculture supports this bill as it favors the general commercial use of the animal quarantine property to supplement the Division's general fund appropriation. DOA is looking for ways to become more self-sufficient and this measure allows the Department to create an important revenue source from a currently underutilized 5-and-a-half acre parcel at the animal quarantine station. Funds generated under this bill will help to alleviate urgent financial need by supplementing animal industry and DOA programs and - most importantly - restoring essential positions lost in the 2009 reduction-in-force."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 281, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ANIMAL INDUSTRY," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1555) recommending that S.B. No. 145, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 145, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of this bill. The purpose of this measure is to allow the Director of Finance to appropriate funds in order to improve various irrigation systems.

"Survival of agriculture requires reasonably priced land and reliable water supply.

"Our State's irrigation systems are often plantation area ditch systems that were constructed and maintained for our shrinking agribusinesses. These water systems – employing gravity and other engineering designs that make water delivery cheaper than energy reliant systems – remain

crucial to sustaining our farming regions. Many are over 100 years old. Providing these funds for improvements, repair, and maintenance ensures Hawaii's farmers will have some opportunity to meet Hawaii's food sustainability goals.

"I urge my colleagues to vote in favor of this bill."

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations. This measure provides additional funding needed for improvements to irrigation systems throughout the State using general obligation bonds. This bill was not referred to the Committee on Hawaiian Affairs which is tasked to examine issues concerning water. The Moloka'i irrigation system was built for the Hawaiian homesteaders on Moloka'i."

Representative Tsuji's written remarks are as follows:

"This bill appropriates funds for various irrigation systems which provide an essential resource to farming.

"The systems listed in this bill provide reliable irrigation water to over 22,000 acres of farm land. Some of these systems are over 100 years old and direly need significant improvements to reduce water losses and maintenance costs. Funding is necessary to help extend the life of these systems and to fortify Hawaii's agriculture industry. Any disruption in water delivery to farmers could severely impact their viability as demonstrated after the 2006 earthquake on the Big Island.

"A systematic process to repair, maintain and build irrigation systems is critical as agriculture seeks to expand despite Hawaii's long standing drought conditions. Agricultural stakeholders feel this bill will greatly assist them by providing funding necessary to conduct preventative maintenance and make infrastructure and other improvements to irrigation systems for the sustainability of agriculture. These are valuable investments in the food, feed and fuel needs for Hawaii's current and future generations. If the state is committed to food and fuel security, there must be a continued commitment to water delivery infrastructure."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 145, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO IRRIGATION," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1557) recommending that S.B. No. 1153, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1153, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of this bill. The purpose of this measure is to make it easier for new farmers and ranchers to obtain loans. Our State Constitution makes preservation of agriculture as a major goal of our land use policies. Additionally, our State has a practical need to preserve and maintain agricultural lands which is reflected in our plans to foster food security by being less dependent on crops grown elsewhere for our island food supply.

"If we don't offer the means for these farmers and ranchers to remain in cultivation, we harm our ability to protect our productive agricultural lands and surrender our food security to outside forces. This investment in Hawaii's farmers is a good use of our resources.

"As I said before, the State of Hawaii is furthering its goal to become more sustainable, and making these loans available to new farmers and ranchers fosters this goal. I urge my colleagues to vote in favor of this bill."

Representative Tsuji's written remarks are as follows:

"This is similar to a House Bill passed in early March. SB 1153 would provide affordable access to loans for new farmers by enhancing the New Farmer Program.

"Among other things, the measure raises the ceiling on program loans from \$100,000 to \$250,000. This has not been increased since the establishment of the program in 1972, despite ever-rising capital requirements. Noting this disparity, the Department of Agriculture testified in support of this proposed increase.

"The Farm Bureau also stated its strong support of the measure as it directly aids new farmers. In general, commercial lenders are reluctant to fund start-up operations because new farmers and ranchers often do not have significant collateral. This problem is compounded by banks' decrease use of ag loan officers.

"SB 1153 address these issues by increasing the availability of affordable credit- a critical step if we are committed to encouraging new farming ventures and meeting Hawaii's sustainability goals in food production."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1153, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL LOANS," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1559) recommending that S.B. No. 1247, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1247, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations. This measure abolishes the Aloha Tower Development Corporation (ATDC) and transfers the ATDC assets to the Hawai'i Community Development Authority (HCDA). This bill was not referred to the Committee on Hawaiian Affairs which examines public lands."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1247, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE ALOHA TOWER DEVELOPMENT CORPORATION," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1573) recommending that S.B. No. 1394, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1394, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAII PUBLIC HOUSING AUTHORITY," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1576) recommending that S.B. No. 52, SD 1, HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 52, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO REGISTRATION OF SEX OFFENDERS," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1577) recommending that S.B. No. 1491, SD 1, HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1491, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DISTRICT COURTS," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1578) recommending that S.B. No. 155, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 155, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ATHLETIC TRAINERS," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1581) recommending that S.B. No. 698, SD 2, HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 698, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ROADWAY MATERIALS," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1590) recommending that S.B. No. 243, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 243, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE WESTERN INTERSTATE COMMISSION FOR HIGHER EDUCATION," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1592) recommending that S.B. No. 23, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 23, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in strong support for the Aha Kiole Advisory Council. The Legislature passed Act 212, Session Laws of Hawaii 2007, which created the Aha Kiole Advisory Committee (AKAC) to initiate a process to create a system of best practices that is based upon the indigenous resource management practice of *moku* (regional) boundary management. The AKAC fulfilled their mandate by submitting annual reports to the Legislature and consulting with Native Hawaiian Communities and the general public in the 43 *moku* in the State including fishermen, farmers, environmentalists, educators, organizations, and agencies through six statewide public conferences, island conferences held on every island, and many public *moku* and *ahupua'a* meetings convened from 2007 through 2010. Gathering and organizing the meetings and *moku* is a daunting task, but it has been accomplished through unity among the islands and an enduring need of all citizens to protect their environment. This can best be achieved by learning, integrating and incorporating the generational knowledge of the indigenous people of Hawaii into current resource policy through the Aha Moku System.

"The purpose of these public community consultation meetings was to fulfill the mandate of Act 212 and to contribute and integrate traditional and generational knowledge that is site specific into current resource management policy so that the environment and ecosystem can be strengthened, sustained and protected. The foundation of this entire effort is to protect and sustain the resource. The strength of this is in the empowerment of the citizens of specific districts to have a voice in the

protection of these very districts. This is achieved through the Aha Kiole Council (AKC) which has no authority except that of a pass-through between agencies and the people.

"The general public has embraced this concept and became part of it. The Aha Moku System encourages all stakeholders in Hawai'i ecosystem and natural assets to be a part of this.

"Because this a community consultation process, it is important to know that the foundation of the Aha Moku System is in the *ahupua'a* and the communities that live within as this is a site specific process because natural resources differ island to island, district to district. And, while this is a Hawaiian term for a grass roots natural resource initiative, it is open to everyone."

Representative Jordan's written remarks are as follows:

"I have reservations on SB23, HD2. While I support empowering Native Hawaiians to participate in management of Hawaii's natural, cultural, and historical resources, I have concerns about the exclusion of community practitioners in better resource management decisions. I am also concerned with the testimony submitted by a private individual indicating that the, "role of the Aha Kiole changed" and therefore this private individual believes that, "these changes should be further discussed among all stakeholders." It is also important to note that OHA's testimony emphasizes OHA's support for "an open and fair selection process for the proposed eight-member 'Aha Kiole Council and believes that a transparent and inclusive selection process would strengthen the council and any actions it may undertake."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 23, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO NATIVE HAWAIIANS," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

THIRD READING

S.B. No. 1068, SD 1, HD 1:

Representative B. Oshiro moved that S.B. No. 1068, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of this bill. Voting for this measure adds the torturing or killing of any pet animal belonging to another person without the consent of the pet owner to our animal cruelty criminal law in Hawaii Revised Statutes, Section 711-1108.5.

"This bill recognizes the important bond between humans and their pets and balances that interest in owners protecting their pets from harm with appropriate choice of evils exceptions. The exceptions included in this bill will prevent any unintended consequences – residents will still be able to protect themselves as allowed in our current statutes and common law from animal attacks against themselves or their own pets.

"I urge my colleagues to vote in favor of this bill."

The motion was put to vote by the Chair and carried, and S.B. No. 1068, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ANIMAL CRUELTY," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

S.B. No. 946, SD 1, HD 1:

Representative B. Oshiro moved that S.B. No. 946, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of this bill which provides some additional guidance to our court system in applying its discretionary authority in difficult and sensitive circumstances involving domestic violence victims. The purpose of this measure is to allow a motion, complaint or document to be filed that identifies a person or party as "Jane Doe" or "John Doe" in order to protect the privacy of domestic violence victims.

"This bill outlines for the court some of the relevant criteria – followed in other jurisdictions and the federal courts – to consider in balancing the interest of the public in open court proceedings and the privacy and safety concerns of the parties to the proceeding. Clearly, victims of battery or ongoing harassment may be reluctant to pursue civil actions against those victimizing them when the usual course of filing a complaint under their full name subjects them to further stigmatization and trauma. Sealing the court records from the start may be the most appropriate use of judicial discretion and this bill will assist the court in its use of that wide authority and to fashion appropriate conditions in fashioning orders to seal records.

"I urge my colleagues to vote in favor of this bill."

The motion was put to vote by the Chair and carried, and S.B. No. 946, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

S.B. No. 1318, SD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.B. No. 1318, SD 1, entitled: "A BILL FOR AN ACT RELATING TO USE TAX," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

S.B. No. 163, SD 1, HD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.B. No. 163, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE BONDS," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

S.B. No. 233, SD 2, HD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.B. No. 233, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TOBACCO PRODUCTS," passed Third Reading by a vote of 50 ayes, with Representative Awana being excused.

The Chair then announced:

"Members, please remember to submit to the Clerk your list of Senate Bills on the Consent Calendar for which you will be submitting written remarks for, in support or in opposition. This must be done before the end of today's Floor session which I am anticipating to be around 4:00 p.m."

At 9:07 o'clock a.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 9:29 o'clock a.m.

At this time, the Chair announced that certain measures would be taken out of order.

ORDINARY CALENDAR

UNFINISHED BUSINESS

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1498) recommending that S.B. No. 1079, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1079, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

At this time, Representative Fontaine offered Floor Amendment No. 6, amending S.B. No. 1079, SD 2, HD 2, as follows:

"SECTION 1. Senate Bill No. 1079, Senate Draft 2, House Draft 2, is amended by deleting its contents, and replacing it with the following text, to read as follows:

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. Chapter 663, Hawaii Revised Statutes is amended by adding a new section to be appropriately designated and to read as follows:

"§663- Trespass; agricultural land; range land; limited duty of care and liability of owner. (a) An owner of agricultural or range land owes no duty of care to a trespasser for injury, property damage, or death of the trespasser that occurs on agricultural or range land, or to warn a trespasser of dangerous natural conditions or range activities or uses; provided that the agricultural or range land:

- (1) Is fenced, enclosed, or secured in a manner designed to exclude the general public, or marked by a structure or barrier, such as a cattle grid, cattle grate, or other obstacle used to secure livestock;
- (2) Is fenced, enclosed, or secured in a manner designed to exclude the general public, or marked by a structure or barrier that identifies it as agricultural or range land; or
- (3) Has at least one sign displayed on the agricultural or range land that is sufficient to give notice and reads: "No Trespassing" or a substantially similar message. The sign shall contain letters not less than two inches in height and shall be placed along the boundary line of the agricultural or range land in a manner and position that is clearly noticeable from outside the boundary line. Where an owner knows or should reasonably anticipate the presence of trespassers in an area or areas of agricultural or range land, a sign or signs sufficient to give notice shall be placed at the area or areas.

(b) Nothing in this section shall limit the liability of a agricultural or range land owner whose acts are grossly negligent or in willful or wanton disregard of the safety of a trespasser, or who intentionally causes injury, property damage, or death to a trespasser. This section shall not apply to minor children twelve years of age or younger where the owner knows of or should reasonably anticipate the presence of the children on the agricultural or range land.

(c) The duty of care of an owner of agricultural or range land who allows recreational use of agricultural or range land shall be as provided in section 520-3.

(d) As used in this section:

"Agricultural land" means any land exceeding four acres that is used primarily for agricultural purposes, including general farming, cane growing, fruit growing, flower growing, grazing, dairying, and the production of any form of livestock or poultry. Agricultural land includes land required for adequate farm dwellings and other essential farm buildings, roads, and adjacent lands under the control of an owner.

"Owner" means the person who holds title to or is in lawful possession of the range land.

"Range land" means any land exceeding four acres that is used primarily for range use, including livestock grazing, dairying, or keeping of equine, bovine, and similar livestock, such as cattle, horses, sheep, and goats. Range land includes appurtenant roadways, waterways, buildings, structures, and machinery or equipment attached to the land that is used in connection with range land activities. Range land in rural areas may include multiple parcels of less than four acres in size that together exceed four acres in the aggregate, when operated as a single venture.

"Trespasser" means a person who enters or remains unlawfully on the agricultural or range land without the permission of the owner."

SECTION 2. The Hawaii Farm Bureau Federation shall submit a report to the legislature no later than twenty days prior to the convening of the regular session of 2013 regarding the number of personal injury claims brought by or on behalf of trespassers against owners of agricultural or range land.

SECTION 3. This Act does not affect rights and duties that matured, penalties that were incurred, and proceedings that were begun before its effective date.

SECTION 4. New statutory material is underscored.

SECTION 5. This Act shall take effect on January 1, 2012, and shall be repealed on December 31, 2017."

Representative Fontaine moved that Floor Amendment No. 6 be adopted, seconded by Representative Thielen.

Representative Fontaine rose to speak in support of the proposed floor amendment, stating:

"Yes, Mr. Speaker. The floor amendment helps protect more of our ag lands than just the ranchers. The farmers, as well as the ranchers, need protection from liabilities from trespassers. This bill is extremely important to farmers and ranchers all over the islands. And although they may not realize it, everyone in Hawaii is affected by the concerns that this bill will address.

"Trespass, theft, vandalism and liability are constant threats to Hawaii's farmers and ranchers. Every year, millions of dollars in losses are incurred as a result of agricultural trespass and the theft of crop, livestock, machinery, equipment and supplies. It is estimated that almost 10% of the net farm income is lost to trespassing thieves and vandals. Farming and ranching are inherently risky. They deal with droughts, floods, bugs, disease, market price, import competition, and transportation costs which determine success or failure of our farms.

"Trespassing vandals and thieves, and the liability for their injury should not be part of the equation, Mr. Speaker. They cannot afford to lose everything they worked so hard for to create all because of somebody trespassing on their lands. There are certainly no benefits provided to the rancher or farmer for these trespassers or their activities and therefore, they should be afforded the minimum duty of care owed to them. Thank you, Mr. Speaker."

Representative Thielen rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I'm rising in strong support of the amendment to protect our farmers. Thank you. Mr. Speaker. The bill as drafted now only protects ranchers with a certain amount of acreage. And the ones that are left without any protection are the farmers who do so much to help our economy, to help put food on our tables, and take such pains to make sure that we can truly eat local from locally-produced crops. We aren't protecting them with this bill.

"I'd like to read a few sentences from the Hawaii Farm Bureau testimony. The Farm Bureau and many others have testified at every trespass bill hearing this Session to explain how ranches and farms across Hawaii are being used without permission from owners for hunting, hiking, dirt biking, and worse, illegal activities. Hard-earned crops are stolen. Livestock is in danger by cut fences and broken gates. And valuable land is used as a rubbish dump, or a place to abuse alcohol and drugs and to commit other crimes. The police departments do not have the resources to address the problem. Recent agricultural trespass and thefts highlight the need for stricter laws and better protection from trespassers who have no respect for the work that farmers do and the benefits that they provide the public.

"And one other statement from the Hawaii Farm Bureau. Trespassing vandals and thieves, and the liability for their injuries should not be part of the equation. Individuals who trespass, hurt themselves and then sue for their injuries should not be rewarded. Farmers cannot afford to lose everything they worked so hard to create in litigation due to trespass. There is certainly no benefit provided to the farmer or rancher from these trespassers or their activities, and there should only be a minimal duty of care owed to them.

"Mr. Speaker, I believe that this Body should stand up for the farmers in our State. And when we pass this amendment we will show that we do want to protect them. Thank you."

Representative Herkes rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker and Members, the term, 'agricultural land' is far too broad. I have 400,000 acres of quote, 'ag

land' in my district. The entire Volcano community is ag land. All of those single-family homes. There's no ag there. The Oceanview community has 5,000 people. That's all ag land. They don't grow anything. It's far too broad and I oppose this."

Representative B. Oshiro rose to speak in opposition to the proposed floor amendment, stating:

"Mr. Speaker, I rise in opposition. I will try to be very brief. I think that we all here in this Body want to support our farmers. We want to support agriculture as an industry. However, I think the problem with the bill as it's currently drafted, and as mentioned by the CPC Chair, it is way too broad.

"Specifically if you look at the floor amendment, page 3, lines number 11 through 17, there is a definition as to agricultural land. And so if we use that definition of agricultural land, because it's not actually referring to anything in our current law, we will need to go to our current law to find out what are permissible uses on agricultural lands. To do so, I would say we have to look at HRS 205-4.5, permissible uses within the agricultural land districts.

"And specifically what raises my concern is subsection 6. This is permissible activities on agricultural land which is public and private open area types of recreational uses including day camps, picnic grounds, parks, and riding stables, but not including drag strips, airports, drive-in theaters, golf courses, golf driving ranges, country clubs, and overnight camps. It also includes in subsection 7, public, private, and quasi-public utility lines, roadways, transformer stations, communications equipment, buildings, solid waste transfer stations, major water storage tanks.

"So the problem I think, with this current draft is it says, 'agricultural lands,' and it tries to limit what types of uses and activities, but it uses the word, 'including general farming, cane growing,' and it goes on and on. However, under our statutory construction, 'including' is not an exhaustive list. It doesn't mean it's an exclusive or limited list and therefore, it just means including, but not limited to all of these activities.

"So the problem is, once you don't define it properly as stated by the CPC Chair, you've broadened it to any type of agricultural activities. I would strongly recommend people look at the existing allowable uses under section 205-4.5 because I only read two subsections, and there are 14 or 16 different subsections on allowable uses. That is a problem with this current bill.

"I think we need to support this as it continues to move through the process. I think the Chairs in Conference are more than willing to take a look at ways in which we can protect and make sure that we enhance our agricultural industry, but unfortunately, this floor amendment is fatally flawed and therefore, I recommend people vote it down."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. The Majority Leader spoke like a true attorney. I would direct the Majority Leader to line 12 on page 3. There is language defining agricultural land that is used primarily for agricultural purposes. The Conference Committees can tighten up the language. The point is, as the House of Representatives, do we want to show that we want to protect farmers? And if so, we will pass this amendment. Thank you."

Representative McKelvey rose to disclose a potential conflict of interest, stating:

"Thank you very much, Mr. Speaker. May I have a ruling on a potential conflict? I live on land that is zoned agricultural," and the Chair ruled, "no conflict."

Representative McKelvey continued to speak in opposition to the proposed floor amendment, stating:

"Thank you, very much. I stand in opposition to the floor amendment for the very same reasons that were stated by the speaker from Ka'u. While well-intentioned, I actually do ideologically support the intent of what is

trying to be done in the Floor Amendment. But as the good speaker from the Big Island noted, it's far too overreaching and very broad.

"Is this going to include areas where land is zoned agricultural, but people living there are primarily residential? Is it going to include lands that are classified as Soil Classification D, E, and F on which no agricultural activity can even take place? On which there's only renewable energy or basically nothing going on.

"And so what I'd like to ask Members to do is, while well-intentioned, is let's just go ahead and move the underlying bill to Conference so we can work with the Farm Bureau and we can come up with language so that the farmers who are working the lands, are protected from frivolous lawsuits from trespassers. Theft is addressed in another bill, Mr. Speaker. So that we can come up with something that will truly reach the lofty goals that are being embodied, which is protection of the working farmers here in Hawaii. Thank you, very much."

Representative Pine rose, stating:

"Yes, just for the edification of the Body, since people are just reading partial words in the amendment, I'll read the whole part that explains very clearly what the intent of this amendment is, and what the intent is meant for the words, 'agricultural land.' It specifically states, word for word, 'agricultural land means any land exceeding four acres that is used primarily for agricultural purposes including general farming, cane growing, fruit growing, flower growing, grazing, dairying, and the production of any form of livestock or poultry. Agricultural land includes land required for adequate farm dwellings and other essential farm buildings and adjacent lands under the control of an owner.'

"So it does not include race tracks, parks, streets, roads that are public use. So please do not further mislead what this very kind amendment states. It's very clear to me, word for word, what its intention is."

Representative Herkes rose to respond, stating:

"Thank you. Still in opposition. When the previous speaker talked about poultry, that will include all the people in my district that raise fighting chickens."

Representative B. Oshiro rose to respond, stating:

"I'll be very brief. Unfortunately, intent cannot be read into the law. All we have is the actual language, and the actual language is flawed because as I pointed out, under statutory construction, including, even if you insert 'primarily,' it doesn't mean that it excludes all of those other uses because it is an allowable use on an agricultural district. Our laws define those allowable uses, so if it's primarily used as a drag strip, that's primarily agricultural use on an agricultural lands. So for those reasons I would suggest that people stop arguing about what is the intent or not. Do our job. Read the bills. Learn how to draft bills so that they are properly constructed, and therefore we can take up things as they are meant to be."

Representative Pine rose to respond, stating:

"Mr. Speaker, with all due respect to the previous speaker, I take great umbrage in what he is implying. If this becomes law, it will be law. It's not primarily or implied. That's just false, Mr. Speaker. This will become law where it specifically states what agricultural land means. My intelligence is insulted."

The Chair addressed Representative Pine, stating:

"Representative Pine, you are out of order. Please proceed with your comments in regards to the floor amendment that is before us."

Representative Pine continued, stating:

"Well, as I stated, Mr. Speaker, if this amendment passes into law, it will specifically say this, and not be implied or perceived. It will be very strict in what it's meanings and intentions are."

The motion that Floor Amendment No. 6, amending S.B. No. 1079, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LANDOWNER LIABILITY," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry, with Representatives Herkes, McKelvey and B. Oshiro voting no.

(Main Motion)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1079, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LANDOWNER LIABILITY," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Fontaine and Pine voting no.

At 9:44 o'clock a.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 1079, SD 2, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1504) recommending that S.B. No. 1358, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1358, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

At this time, Representative Ward offered Floor Amendment No. 7, amending S.B. No. 1358, SD 2, HD 2, as follows:

"SECTION 1. Senate Bill 1358, Senate Draft 2, House Draft 2, is amended by amending Section 1, to read as follows:

"SECTION 1. The Kulani correctional facility closed on November 20, 2009, and the facility was transferred to the state department of defense. The incarcerated population of approximately one hundred twenty at the Kulani correctional facility was transferred to the Halawa correctional facility, to the federal detention center in Honolulu, and to mainland prisons. The Kulani correctional facility specialized in providing sex offender treatment, which the department of public safety describes as being one of the most successful programs in the country.

The legislature finds that Hawaii's incarcerated persons who serve their incarceration sentence in Hawaii have more potential for rehabilitation when they can live in familiar surroundings and be close to relatives. The legislature further finds that the sex offender treatment services that were provided at the Kulani correctional facility were among the finest in the country. The legislature further finds that consideration of the State's financial costs of incarceration on the mainland, rather than incarceration in Hawaii, is outweighed by the rehabilitation success of persons incarcerated in Hawaii. Successful rehabilitation eventually results in lower recidivism and lower costs.

The legislature further finds that the state department of defense opened a second National Guard Youth Challenge Academy in the fourth quarter of 2010, which is providing housing and education to over one hundred "at-risk youth" in buildings at the former Kulani correctional facility, that once held inmates of the department of public safety.

The purpose of this Act is to require the department of public safety to make plans to reopen the Kulani correctional facility."

SECTION 2. Senate Bill 1358, Senate Draft 2, House Draft 2, is further amended by amending Section 2, to read as follows:

"SECTION 2. (a) No later than December 31, 2011, the department of public safety shall:

- (1) Formulate a plan to reopen the Kulani correctional facility;
- (2) Include in that plan an implementation process to transfer incarcerated persons back to and house new inmates at the Kulani correctional facility; and
- (3) As part of that plan, find an alternate location for the Hawaii Army National Guard Youth Challenge Academy, which is currently

housed at Kulani; provided that the alternate location should be approximately equal in size, possess comparable types of facilities, and equipment of the current Kulani site, and cost not more to operate than the existing National Guard Youth Challenge Academy.

(b) The department of public safety shall not reopen the Kulani correctional facility until the Hawaii Army National Guard Youth Challenge Academy is relocated at the alternate location.

(c) The emphasis of the reopened Kulani correctional facility shall be on providing sex offender treatment rehabilitation services.

(d) The department of public safety shall cooperate with the state department of defense to transfer the Kulani correctional facility back to the department of public safety. In addition, the department of public safety shall staff the Kulani correctional facility upon its reopening with former employees of the Kulani correctional facility in the positions they held prior to the closing of the facility and, with the exception of those who wish to remain in a different location, bring back any and all employees who may have been bumped, terminated, or accepted employment in a new geographical location, regardless of any agreements made between the employee and the employer regarding transferring back to their original workplace. These positions shall be offered first to former employees of the Kulani correctional facility and Hawaii community correctional center before allowing any other transfers from employees who were not affected or employed by Kulani correctional facility or Hawaii community correctional center at the time of the closing.

(e) The department of public safety shall submit its plan and any related findings and recommendations to the legislature no later than twenty days prior to the convening of the regular session of 2012."

Representative Ward moved that Floor Amendment No. 7 be adopted, seconded by Representative Thielen.

Representative Ward rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, thank you very much. Mr. Speaker, I rise in support of this because it's fair and because it's just. It's the right thing to do and as our former Lieutenant Governor said, 'It is easier to heal our children than to fix broken adults.' This is about our kids, the kids who are troubled, and the kids are going to be evicted if you will, Mr. Speaker, from Kulani Prison. This amendment simply says, before you evict our kids, let's find a place for them, which is the only sensible and fair thing to do.

"The National Guard Youth Challenge Program is what this is all about because they're the ones who bring in these hundreds of kids per year and get them their GED, get them back on the right path to hopefully normal lives after their troubled lives where they are now being taken out of school. They have a 22-week program curriculum. It works. In fact it works so well that retiring General Ishikawa has been tapped by Secretary of Defense Gates at the national level to replicate Youth Challenge for a million kids that have been identified to under this DOD program. So he's replicating that nationwide. We've got a stellar program here, Chair, and we've the people of Hawaii who originated this. We're the progenitors and are going to throw these kids out and make them find their own place.

"All we're saying in this amendment is, find them another place, then move back into the prisoner area. Find them a place first, and then give them a chance to do what they do. Mr. Speaker, one of the first tenants of the Hippocratic Oath, which our Caucus is discussing and adopting, is 'do no harm to our families.' This hurts the weakest families. This hurts the troubled families. This hurts those who need a second chance and we shouldn't throw them on the side while we bring other prisoners back to do what otherwise this Kulani Prison does already. Thank you, Mr. Speaker."

Representative Riviere rose to speak in support of the proposed floor amendment, stating:

"In support of the amendment. Thank you. My support is not in opposition to Kulani being used as prison. In fact, I support that. My support for this amendment involves the tossing aside without a definite

home for the Youth Challenge Academy which presently is graduating about 400 troubled youths a year at Kulani and also in Kalaeloa. These two facilities provide our at-risk youth a second chance to lead productive lives and contribute back to their communities.

"Also of importance is the Youth Challenge Academies that are sponsored by the National Guard nationwide. They're federally funded with 75% of the costs coming from a regular budgetary item. It's not an earmark. It's money set aside specifically for this program. And the amendment that we're discussing here will change this basic statement.

"In the current bill that's up for consideration here, it says, 'The Department of Public Safety is urged to assist the State Department of Defense in identifying alternative sites.' That's all it says. It will assist in identifying alternative sites. What we're asking for is the Department of Public Safety shall not reopen the Kulani Correctional Facility until the Hawaii Army National Guard Youth Challenge Academy is relocated at the alternative location.

"So I just think it will be a tragedy. I think we could all agree that it would be a tragedy if our at-risk youth lose this program due to a rush to do something else which has its own merits, but we mustn't toss one under the bus so that we can rush for the other. Thank you."

Representative Takai rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I rise in opposition to this amendment. Thank you. I think Members should understand the situation at Kulani. In fact there are a couple of us that went to the opening last year of the second Youth Challenge Program.

"And I had a chance to talk with Major General Darryll Wong recently regarding the second campus. There's another concern that wasn't raised yet today, and that concern is it's in a remote area on the Big Island. So remote that right now the biggest concern for the cadets is actually the safety of the kids because of elopements. Some of the Youth Challenge cadets walk off. When you walk off at Kalaeloa there are a lot of things around there. When you walk off at Kulani, there's nothing there.

"So primarily, the concern right now in regards to the current TAG is that the safety of our kids in fact, is in jeopardy because of the location at Kulani. Now there is no doubt in my mind that the students will be moved to a safe location elsewhere prior to the closure. We owe that to the program, and we owe that to the children.

"But I think Members should understand that right now, the current assessment by our current Adjutant General suggests that the site was ill-advised. We should have not moved there and we need to look for another place.

"The other thing, Mr. Speaker, is when we had discussions Kulani last year, I think the concern among a few of us was why close a prison like that when we have in fact, hundreds, if not thousands of prisoners right now on the mainland. And our main objective right now is to get those prisoners home in facilities in Hawaii so we can pay our own people to guard our own people, and not send money away outside of the State.

"So I think people need to kind of take a look at this from a little different perspective and realize that number one, safety is a concern and we will not put our children in unsafe situations which Kulani right now is. And number two, we need to bring our prisoners home. Thank you, Mr. Speaker."

Representative Ward rose to respond, stating:

"Mr. Speaker. Yes, a very brief rebuttal. Number one, Mr. Speaker, I would hope that the words of the previous speaker would be taken and be codified because what he said is that they're actually going to find another place before they move the prisoners in. All we want to do is to codify what he said. Now if what he said on this Floor was law, I say, end game. Finish it. But there's nothing that says they're going to do that and that's what our concern is.

"In regards to the safety. We have some people who represent the Big Island who may not share that people who are streetwise, those who got in trouble are going to be afraid of living on the Big Island. I did Peace Corp training on the Big Island. I don't think I was afraid in the rural area that I lived in. No one else should be afraid on the Big Island.

"So Mr. Speaker, I know that we have to be politically correct because this is so common sensical. Give these kids a chance. Let's do prevention. Let's do this while they're young while we can get them. Recidivism rates are at 50% for everybody who goes to prison. If these kids go to prison it's going to cost us more in the long run, so it's penny wise and pound foolish. Doing the right thing which is to pass this amendment. Get the kids in there into another place, and then get the prisoners back to where they were. Thank you."

Representative Tokioka rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, I'd like to raise a point of clarification. I guess when the speaker from Hawaii Kai was referencing the General Lee and the program, I think he was referring to General Ishikawa who would be running the national program, and we wish both of them Godspeed. Thank you very much, Mr. Speaker."

Representative Hanohano rose to speak in opposition to the proposed floor amendment, stating:

"Having spent 25 years at Kulani, I am in strong opposition. There really is no need for the Youth Challenge to be at Kulani. Kulani is at the 5,000 foot elevation and medical services take at least, the fastest is 45 minutes to an hour to reach Hilo Medical Center. And even for our medical vehicles to reach the facility, it takes at least a half an hour. So if we have people that have medical concerns, they won't be getting the services as fast as they could, like on Oahu.

"Also because of the climatic change up there, it becomes very cold in the winter months which is from November, December, January, and February. You walk in and it's like you're on the mainland. There's frost on the ground. It's really, really cold. Helicopters cannot land there because of the fog that sets in, in the late afternoon between the hours of 1 p.m. and all the way to the evening. Sometimes you cannot even see. Visibility is so poor. You cannot even see the person right next to you. I mean, that's how thick the fog is.

"Also because of our continuous volcanic eruptions that come up, there's a lot of vog that is set free to Kulani so youth that have respiratory conditions, they won't make it there because like I said, the medical services are not readily available as in your urban areas.

"And when they took out the prisoners, they forgot to even include the community and how it impacted our community. So the Island of Hawaii as you know, suffers from unemployment from this, plus we had to relocate a lot of our workers.

"The Youth Challenge Program is supposed to be an end of the line program, but technically, the way I look at it, it's just a military school. And in one of the briefings in January, the Youth Challenge came and said they wanted to expand and invite other mainland Youth Challenge students to be there. So I find this very deceptive.

"When I went to the opening of Kulani with the Youth Challenge, I was pretty appalled at what the former Governor said. She wanted to make that actually a charter school. Then after that, when one of the people from the National Guard said, 'Let's do Youth Challenge,' then she jumped at it and that's how we got Youth Challenge up there.

"Throughout last year when we were asking the questions of why Kulani, nobody could answer it. Then I found out the answer when I went to the opening. So I'm really in strong opposition and I don't want to even adopt this draft in front of us. Thank you."

Representative Ching rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I rise in support of the amendment. Thank you, Mr. Speaker. At its core, I guess we're asking that we invest in prevention rather than prisons. And I guess this amendment to clarify is really not to debate the issue of whether the location is so ideal. It's to debate the question of are we going to make sure that this program can continue, because if you just eliminate them, the only provision that is being made by this amendment is to make sure that there's a place prior to ending and basically maybe kicking these people out and eliminating a positive step.

"I used to tell my daughter, think of it this way. When you're approaching life and you have a problem, do you want to, should you be overflowing the tub? The tub is overflowing. The faucet is on. We've all done that maybe once. Do you take your sponge and start wiping up the water? Or do you shut off the faucet? That to me is the metaphor I've always felt for prevention in terms of our prisons, in terms of the things that we do. We need to find the source. We need to get the source, and we need to shut off the faucet, versus wiping up the floor.

"So that is why I think that our Caucus feels strongly about protecting this program that has had accolades on this Floor and that is truly, I believe, the intent of the amendment, Mr. Speaker. Thank you."

Representative Ward rose, stating:

"A point of clarification, or information. I was referred to as having referred to General Lee. It's General Ishikawa that I referred to as heading up the national program which is the model based upon this one."

The Chair responded, stating:

"That is what Representative Tokioka clarified on your behalf. He mentioned General Ishikawa."

Representative Ward: "I believe he said that I referred to General Lee. I never mentioned General Lee's name. I think maybe the gentleman who serves in the military is the one. Thank you."

Representative Takai rose to respond, stating:

"Mr. Speaker, again I'm in opposition. I just wanted to clarify to everybody, General Ishikawa our former Deputy Adjutant General is possibly heading up a national program for About Face. It's not the Youth Challenge Program. So although the focus of his program are the kids, the program that is run by him here, it is actually in the late elementary and middle-school age. Youth Challenge is a separate program, so I just wanted to make that clear."

The motion that Floor Amendment No. 7, amending S.B. No. 1358, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry, with Representatives Hanohano, Takai and Tokioka voting no.

(Main Motion)

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have strong reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1358, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Har and Pine voting no.

At 10:00 o'clock a.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 1358, SD 2, HD 2

At this time the Chair announced:

"Members, we will return now to the Ordinary Calendar on our Order of the Day."

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1461) recommending that S.B. No. 1025, SD 1, as amended in HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1025, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I stand in strong support of SB 1025 and I am particularly supportive of language that highlights the intentional targeting of seniors over sixty-two years old or individuals who are incapacitated or have a developmental disability. I believe crimes committed against those individuals who are vulnerable, either because of age or disability, are among the most offensive and criminals who commit such crimes should be punished accordingly."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In strong support and just some brief comments. I'm just so glad to see this measure finally moving on to Third Reading. It is long overdue. Thank you, very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1025, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PENAL CODE," passed Third Reading by a vote of 51 ayes.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1467) recommending that S.B. No. 1040, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1040, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against Senate Bill 1040. Thank you. I fully support safety in the workplace and I applaud efforts to ensure that Hawaii workers and their employers operate their businesses in a safe and appropriate manner.

"But I'm concerned that this bill is taking a punitive approach to our occupational health and safety laws by increasing fines for violations. This punishes the employer after the fact, when the employee is already harmed, rather than taking a preemptive, proactive approach. Our HIOSH formerly focused on educating employers and employees about workplace safety. This approach helps prevent accidents before they occur and I propose that's a far better way to do it.

"The federal OSHA offers to provide inspections of work sites to help employers identify and address safety concerns without fear of reprisal or punishing penalties. The State should focus on continuing to work, as the former Administration did, continue to work with the business community to help lessen the number of accidents in the workplace. I support this kind

of constructive initiatives rather than placing more financial burdens on those who create jobs in Hawaii. In other words, education can prevent injury and that's the better way to go. Thank you."

Representative B. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. I'll be very brief. I find that ironic to say that we want to look at what the former Administration did when they cut HIOSH from 14 positions, down to 3. Now we're under a federal audit. The OSHA on the federal level is asking if HIOSH even does its job.

"And so I find that very surprising to say that we should continue that model when on Friday what happened was we had five people die in an industrial accident, as well as one more in Mapunapuna. Now that's six people dying all on the same day in industrial workplace accident. I don't know if it was an OSHA violation or not, but when you only have three inspectors, the ability for inspectors to go out there and make sure that we have a safe workplace is extremely unlikely and extremely difficult.

"And so I find that extremely surprising that anyone would say these very modest increases in fines are actually something that should be opposed because we're actually only talking about a 10% increase. A 10% increase and that's the maximum amount of fine that can be assessed.

"And let me tell you how fines are assessed under our HIOSH law. What happens is there are two basic standards: one is for the seriousness of the potential injury, and one is the likelihood of the potential injury. So if it's extremely serious, like death, then at that point you're going to get the max of now \$7,700 for somebody dying. So if it's anything less than that, then it usually goes sliding down that scale.

"The other way that it's looked at is the likelihood of that happening. So let's say it's not a serious injury, but it continues to happen where it's very likely, because you have hundreds of employees walking through the same place, then at that point yes, they will assess the additional \$7,700 because of the likelihood of that injury.

"But third, let me say that there is a safeguard mechanism and monitoring. Anybody that gets assessed a HIOSH fine has a full right to review and appeal before a Hawaii Labor Relations Board, and so at that point if a fine is deemed to be too extreme, if any sanction is deemed to be too draconian, they have the right of an appeal. The Labor Relations Board will look at it, look at the facts, and determine whether the fine should be reduced. So for those reasons, I urge my colleagues, for the safety of our workplace, to support this bill."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I just wanted to adopt the words of the Majority Leader as my own. I might mention that this is the first time I've ever done that on the Floor. That was a very eloquent statement. I'd also point out that the HIOSH fines have not been raised since 1992, so the 10% increase that's proposed in this bill does not even come close to keeping up with inflation over the last 19 years.

"The other thing I would point out is that the average fine that HIOSH levies is less than \$500, which means two things. One, it means that very, very few of the really big fines are utilized because it doesn't take very many \$70,000 fines to pull the average above \$500. The other thing that it indicates is that the emphasis on safety that one of the previous speakers had mentioned is there, because most of the smaller fines are for a failure to put up safety notices and things like that.

"So I think this is a very moderate step and to call it punitive, I think is not accurate. Mahalo."

Representative Thielen rose to respond, stating:

"Thank you. I'll be very brief, Mr. Speaker. I would like to just say my objection comes because of the focus of the bill. The focus of the bill is punitive; fines and punitive. I believe that we should encourage education to prevent accidents because the prevention is much better for the

employees, and that's what should be the true focus of this measure. Mahalo."

Representative Har rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, can I get a ruling on a potential conflict? I represent contractors that could be impacted by this bill," and the Chair ruled, "no conflict."

Representative Har continued in support of the measure with reservations and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I forgot to ask for a ruling on a potential conflict. At my law firm I represent employers who often have OSHA cases. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1040, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII OCCUPATIONAL SAFETY AND HEALTH LAW," passed Third Reading by a vote of 46 ayes to 5 noes, with Representatives Ching, Fontaine, Marumoto, Pine and Thielen voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1472) recommending that S.B. No. 1284, SD 2, HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1284, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1473) recommending that S.B. No. 1485, SD 1, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1485, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Morikawa rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise in support with reservations. Employees deserve fair treatment. There is a process in place to deal with personnel issue. In my opinion, some of the causes of failing schools are the lack of employee motivation, guidance and training. I know that the Superintendent of Education will do what's best for our children, and will respect the rights of our teachers and our DOE employees. Thank you."

Representative Kawakami rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Kawakami's written remarks are as follows:

"Mr. Speaker, on House Standing Committee Report No. 1473, Senate Bill 1485, Senate Draft 1, House Draft 1, Relating to Reconstituting Schools, I vote aye with reservations.

"Mr. Speaker, I have serious concerns on the potential affects that Senate Bill 1485 could have on the morale of our Hawaii's public school teachers, who are already being impacted by furloughs and school closures.

"This bill could result in penalizing teachers who are not performing at an "excellent" level, through no fault of their own, but simply because the

school at which they teach is operating, overall, at a substandard level. If this happens, it will be sending our school teachers, some of our most important public servants, a negative message. It may be saying that we do not support them. And I believe that we can ill afford to send this message.

"Those who have chosen a career as a public school teacher for this State already face stress and hardship. Many of them must expend their own resources to try to provide our children with educational opportunities, despite low pay, budget cuts, increased class sizes, school closures, and furloughs.

"Mr. Speaker, this bill may result in additional, unnecessary weight upon their shoulders."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. I rise in support with reservations. I just want to say my concerns are that there's a lot of issues as to why a school is in restructuring that are not solely because of the teachers that are there at the school, nor the staff. Thank you, very much."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I speak with reservations on SB 1485. It is vital for the Legislature to continue exploring how to reform our education system for the sake of the children, particularly because more reform can help us ensure our children are getting the best education possible and are prepared for their futures.

"My concern with this particular bill is related to teacher recruitment, retention and morale. Should reconstitution of schools take place, every effort should be made by the Superintendent to ensure a positive work environment for our hard working teachers who remain and optimization of those staff members who are transferred from any reconstituted schools.

"I believe that this is a needed reform and I want to make sure that the implementation of this legislation improves our educational system, encourages effective teachers to remain in the classroom, and improves the quality of education for our children."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose in support of the measure with reservations and asked that the remarks of Representative McKelvey be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Keith-Agaran rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of this bill with some reservations. The purpose of this measure is to allow the Superintendent of Education to reform a public school (except for certain charter schools).

"It would also recommend changes to the charter school review panel, including the retraction of a school's charter sooner than authorized under current law.

"Reconstituting a school is an extraordinary power and can disrupt seriously the life of any school and the community it serves. Use of this power should be wielded judiciously.

"Restructuring, like other tools intended for educational improvements, needs to keep student achievement as the primary goal. Drastic changes should not be done for the sake of change alone.

"Nevertheless, when necessary, I agree that the Superintendent needs the flexibility to make changes – we shouldn't remove our kids from their neighborhood school, but we certainly can move the adults charged with their education if improvements are not shown after opportunities and resources are provided to them.

"I urge my colleagues to vote in favor of this bill."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Wooley rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Wooley's written remarks are as follows:

"I am in support of this bill with reservations. I have concerns about providing the Superintendent with so much control over whether or not a school will close. Rural schools have been at a disadvantage when the DOE evaluated potential school closures in the past. In addition, I believe the DOE can save money in other ways, such as allowing schools to share staff and facilities, or simply by reducing administrative costs.

"Fortunately, this bill clearly limits the Superintendent's power to close schools only after they have been in restructuring for four or more school years and have not made significant advancements toward improving academic performance. I hope that changes to the bill can be made to ensure that the state's rural schools are not put at a disadvantage when the Superintendent makes any school closure decisions."

Representative Nakashima rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Nakashima's written remarks are as follows:

"Senate Bill 1485 would allow the Superintendent of Education to reconstitute a public school. I do support the intent of the bill which provide the Department another tool to address under-performing schools, however I am concerned that the Department has failed to demonstrate its ability to utilize conventional tools such as an effective evaluation process, in-service training, and mentoring programs as less intrusive opportunity for improving individual personnel performance and allowing for enhanced school opportunities."

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of SB 1485. While I support efforts to improve the education being offered to Hawaii's children, education system needs a reform. I agree that there are number of factors determining a child's success in school. The question becomes if this is the best comprehensive solution? Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1485, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RECONSTITUTING SCHOOLS," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1475) recommending that S.B. No. 590, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 590, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I'd like a ruling on a potential conflict. I previously served as a member of this Commission. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 590, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE LEGISLATIVE FEDERAL ECONOMIC STIMULUS PROGRAM OVERSIGHT COMMISSION," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1477) recommending that S.B. No. 779, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 779, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Har rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, can I please get a ruling on a potential conflict? At my law firm I represent owners, contractors, and design professionals. Thank you," and the Chair ruled, "no conflict."

Representative Pine rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition to this measure. Yes, what this bill does is for the first time in the history of the State of Hawaii we're going to now give a financial award to losing bidders of contracts. And I started researching this issue to see what other states are doing. One of the states that does this is Texas. It was a provision in a law that a legislature just like ours put in and the goal was to spur competition, more competition. They felt that this would be good for the people of Texas and so they implemented this law in the late 1990s.

"However, Texas right now is re-examining this law. The Chairman of the Transportation Committee, Senator Mike Fasano, was not present at the time of the law and so in his review of different types of contracts and Texas expenditures, he was very concerned that this was a current practice in Texas. He stated, 'This is one of the most ludicrous things I have ever heard of government doing.' And he said, 'We are concerned now because a lot of money is being spent dishing out this money. What concerns me is here we are having to tell education and nursing homes, Sorry we're going to have to cut you, but oh, by the way, we're going to continue to pay companies that put in bids and don't get selected.'

"And in our current fiscal situation, Mr. Speaker, I have to say what the head of Transportation in Texas said is really close to my heart because like the Majority, the Minority did put together a budget and we had to look at these very programs that possibly we know will be cut if we don't find moneys elsewhere.

"I've been concerned about this since I first heard this bill in ERB and I just find it fundamentally wrong. It goes against everything in terms of what business is all about. Business is about risk. Business is about a desire for success and knowing that there's a chance that there's failure. And so in these economic times I feel that we should not be giving out money to losing bidders.

"Another state who has implemented this type of pay structure, what they asked was, did it encourage competition? Well what they did is they went back to the time before the law and they found out that there was no increase in the amount of bidders. In fact what they did find was an increase in the amount of larger companies that had broken up into smaller companies and they in exchange, gave different bids as different

companies, but they were still part of the same larger company. And there's nothing in this bill that will prevent that type of thing from happening, Mr. Speaker.

"And I think what's concerning is the amendments that were made to this bill is that it allows the Director of Transportation to make the final say. I think as a Legislature we should not give up any more of the 'purse strings' because it's going to take some time to get out of the economic straits that we're in now. We need to be wiser. If we want to help education, and we want to help human services, and we want to help the homeless, and other areas that are so key to what government is for, we should ensure that we approve these types of bids if this is the type of bill that this Legislature wants to go forward with."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I rise in support. Mr. Speaker, this bill is giving a tool to State government to hopefully come up with some really good construction projects. It's not a 'shall,' it's a 'may.' Also it has a lot of conditions on it. It would allow for a Request for Proposal to be selected from the short list, and the request shall include design requirements, solicit proposal development documents, and state proposal evaluation criteria. The Procurement Officer may pay a conceptual design fee to non-selected authors that submit a technically responsible proposal to the Request for Proposals in this, provided that the terms of payment of the conceptual design fee shall be stated in the Request for Qualifications, and the Request for Proposals.

"Now coming from a state that used design-build, and this was Washington State, it was a critical point in time where they were going to put the Department of Natural Resources building, a brand new building, on the State campus. Design-build was a critical element to coming up with the design that was very acceptable to the community, to government leaders, and that really fit well with the whole State campus. If it had not been design-build where they had people come up with conceptual designs and put it out to everybody to look at, if it had just been low bidder, who knows what we would have ended up with.

And so I think sometimes you have to give tools and flexibility to come up with some great conceptual designs that are not only visual, but functional so that people believe that this is really what we want. I think the focus should always be on whoever is putting together the specifications and putting the proposal together before they put it out to bid and allow the community to come in on the decision. But I love this tool. I think it's long overdue and I hope everybody supports it. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. Actually I voted for this before I voted against it, and let me tell you why. Because the bill in the Committee Report contradicts and goes against what it is saying in the bill. The Committee Report says the purpose of this bill is to preserve creativity. Mr. Speaker, I was looking for that word because I think in a previous iteration of this there was creativity or value added, that when you do reward somebody for a technical proposal it's because a good idea can be adopted and a better mouse trap can be made. But this says simply, 'Hey if you put a technically responsible proposal, you get paid for it.' Or may get paid for it, which is a second problem.

"These kinds of things should not be at the discretion of one person. It's the Procurement Officer, and if there's anything that corrupts people it's when the bidding process and the relationship between the bidder and the biddee and all those things.

"So, Mr. Speaker, it's a great idea, I agree with the previous speaker. A good idea, but the way it's codified is incorrect, imprecise. If it doesn't mention, there's got to be some value added, some creative that we're paying for. Otherwise as my colleague has mentioned why are we giving corporate welfare for the sake of people going through what they should otherwise do, if they want to win a State contract. Thank you, Mr. Speaker."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"May I have a ruling on a potential conflict, Mr. Speaker? At my law firm, I do procurement law," and the Chair ruled, "no conflict."

Representative B. Oshiro continued to speak in support of the measure, stating:

"Thank you. Very briefly I'd like to make a few comments in support. The surprise to me is that there is any objection about the potential for a public-private partnership, and that's really what procurement is about especially when it comes to the idea of design-build.

"Design-build is the most flexible type of procurement that is out there because what you're doing is putting out what your need is, and then you're asking the private sector to come up with innovative approaches through design, as well as build, and to find a cost effective manner to address that need.

"And so that to me is extremely surprising because all you do as a government agency is identify the need. You don't necessarily say what you want. You just say, here is the service or the material or the good that I am seeking and how are you going to creatively put that in a proposal so we can consider that. And this is actually a standard way of procurement that's done under the federal acquisition regulations, and this is the basis by which the feds actually enhance creativity and innovation.

"Because under design-build what happens is when you get a good idea, even if that person may be too expensive, you can use that idea, select the other person, and you pay that person for their idea through reimbursement of their proposal cost. Therefore you don't have to worry about them coming after you for taking a license, or taking their creativity. You pay them for their idea and then the State gets to use it. And so for that reason I find this a very creative approach, and think it's something we should support as we continue to want to enhance public-private partnerships. Thank you."

Representative Pine rose to respond, stating:

"In rebuttal. I actually agree with the previous speaker in a lot of the things that he said. We're definitely for private-public partnerships. We really believe that is certainly the way to go if you want to save taxpayer dollars.

"However, I guess I have a better way to implement that better idea. Why don't we, instead of automatically saying that we're going to give the Director of Transportation the authority and the power to give money away, instead say in this bill that if we want to use your idea, that we will pay for it. But we're not going to automatically give winning bidders. That's what this bill is saying. It's that we want to go ahead and put in statute, just as what they did in Texas that gives the authority to the head of transportation. What was happening in Texas is they were giving away money, and what they were doing is they'll give away like \$500,000 for one or two sentences used in a contract.

"Certainly we can say of course, that such an intent is not in this bill, Mr. Speaker. However, there's nothing in this bill that guards against that type of fraud. We could have a renegade Governor one day who solely gets all of their donations from bills like this. And because of the way that the bill is written, as this bill is very similar to Texas's law, it gives the Director of Transportation that discretion.

"And so all I'm saying, Mr. Speaker, is we need to be wiser and be very concerned about the way that this is drafted. So in Conference Committee I hope that we do put in those safeguards."

Representative Ward rose to respond, stating:

"Mr. Speaker, just a very brief footnote of concurrence with the Majority Leader. It was so well spoken. I just want to reinforce if could codify what he said, hands down, the bill is perfect. But the bill doesn't say what he said, and that's the problem. If it's a good idea, it should say something

about value added. It should say something about creativity. It should say something utilization. The bill is silent about that. So as we read things in. For the gentleman who always says, 'Read the bill,' I would say, 'Please read the bill.' What you said is not in there, but I hope it would be codified through Conference Committee. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 779, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," passed Third Reading by a vote of 47 ayes to 4 noes, with Representatives Fontaine, Pine, Riviere and Ward voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1478) recommending that S.B. No. 1107, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1107, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE GENERAL EXCISE TAX," passed Third Reading by a vote of 51 ayes.

At 10:23 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1025, SD 1, HD 1
S.B. No. 1040, SD 1, HD 2
S.B. No. 1284, SD 2, HD 1
S.B. No. 1485, SD 1, HD 1
S.B. No. 590, SD 1, HD 2
S.B. No. 779, SD 2, HD 2
S.B. No. 1107, SD 1, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1480) recommending that S.B. No. 1241, SD 1, as amended in HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1241, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations. I completely understand the context in which this bill was crafted, and I'm aware of the budgetary constraints that we're under. The one reason that I have reservations about this particular bill is that in the broader context of our affordable housing discussions, it's not the most lucrative prospect to be building affordable housing and low-income housing in the State. And I worry that by removing the Conveyance Tax exemption, we're increasing the costs of building affordable housing and low-income housing, thus reducing the catalyst for building more stock. That may not necessarily happen, but that is a concern to me which is why I have those reservations on this bill. Thank you."

Representative Pine rose in support of the measure with reservations and asked that the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Souki rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I wish to speak with reservations on this measure, Senate Bill No. 1241. I believe we don't have enough low-income housing, and to take away the exemption, I believe, doesn't help the situation. I would hope that the Conferees can possibly make some adjustments to this particular measure. My understanding is that they have not been very successful enticing business people to come in and provide low-income housing, but I believe that possibly we need to put more effort into that measure because we do have a tremendous problem out in the community. Thank you."

Representative Fontaine rose in support of the measure with reservations and asked that the remarks of Representative Souki be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. And just a couple of points. According to the Department of Taxation, the revenue impact of this measure is of minimal revenue consequence. But more important, Mr. Speaker, according to the Hawaii Housing Finance and Development Corporation in their testimony presented to the House Finance Committee, they informed us that the Conveyance Tax is actually paid by the property seller, and not the purchaser. And that the entity that will actually be developing the low-income housing project is the purchaser, usually a nonprofit housing developer.

"But more importantly, Mr. Speaker, there is no requirement for the seller to pass on any of the savings realized from the exemption to the low-income housing project being developed, or are reserved. I thought we should understand that, Mr. Speaker."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'm not that familiar with the bill, but I'm taken by the words of the speakers from Moanalua and Wailuku so I vote with reservations, and would like their words incorporated as my own," and the Chair "so ordered." (By reference only.)

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, I want to adopt the words of the Finance Chair, as far as the testimony of the Hawaii Finance Development Corporation that no one has used that ever since it was in the books. I also want to comment that since there is a budget shortfall, the Conveyance Tax is an entity of the State. It goes into the State coffers. So this bill is something that we should support. We should all vote for because we are short with funds. This is a good way to balance the budget, Mr. Speaker. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1241, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONVEYANCE TAX," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1486) recommending that S.B. No. 809, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 809, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1488) recommending that S.B. No. 1332, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1332, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on another potential conflict? My law firm is involved in litigation against the UH with its procurement practices, but I'm not working on those cases. Thank you," and the Chair ruled, "no conflict."

Representative Takai rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to this measure. Thank you, Mr. Speaker. You know, over the years I've supported the University of Hawaii and its procurement exemptions, but most recently I've become very critical of what the University has done. In fact, we can take a look at two recent examples. One, being the process at UH West Oahu and the selection of the developer, and most recently, the process of selecting the developer for the UH Cancer Research Center.

"Now at best, I believe that the process for both were inadequate. At worst, as alleged by a few people that made bids for those two particular projects, at worst UH wasn't playing fair. UH should not be seeking preferential treatment as they are a State public university funded by taxpayer dollars. The same goes for the Judiciary, DOE, Executive agencies, counties, etc. who are all subject to the requirements of the Code. Our public university should be an example of fostering equality, fairness, transparency, and openness in government contracting and the procurement process.

"Passage of this bill provides special treatment for UH, instead of the University being a leader in championing a level playing field for all. Public procurement's primary objective is to give everyone equal opportunity to compete for government contracts to prevent favoritism, collusion, or fraud in awarding contracts. Meeting this objective requires a single set of statutes and rules that define and mandates the use of selection processes that are competitive, efficient, fair, transparent, open and impartial. The Code should not be viewed as an obstacle to a purchasing agency's mission, but rather as a single source or public procurement policy to be applied equally and uniformly.

"And if we intend to continue this exemption, the exemption should include assurances that the University of Hawaii's exempt process includes fair and open competition, disclosure, transparency, due process for aggrieved parties, and defined selection and awards process in the various elements contained in the Code to ensure public confidence that this exempt procurement process is fair.

"I want to also add, Mr. Speaker, the Cancer Research Center, the most recent project worked on by the University, despite the fact that the University of Hawaii has a procurement exemption, they chose to route that project to the Resource Corporation University of Hawaii, otherwise known as RCUH. I still don't understand why because they currently have the procurement process exempt from the State procurement process. But they chose to go to another distant organization to run that particular project through, and there are tremendous concerns regarding that. I just raise this today and I hope people take a look at this. Ask questions about what has happened recently, and just kind of look at it from the perspective of being taxpayer dollars going out, and from our perspective, in a fair and equitable way. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I stand in support, but with serious reservations. And I would just like the words of the previous speaker adopted as if they were my own. I just find it ironic that a university that has an institute dedicated to procurement would want to exempt themselves from the Code. Thank you."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Awana rose in support of the measure with reservations and asked that the remarks of Representative Takai be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of the alma mater of 60% or 70% of us on this Floor. For the sake of the University, Mr. Speaker, we the Body, the House, the Senate, the Legislature gave them autonomy. In fact, we haven't given them all autonomy. One of the autonomy is this procurement, or it falls under the umbrella of autonomy.

"We either give them autonomy or we don't, and this is part of it. We trust those who generally with the education perform with what is expected of them. If there's a little bump in the road, it doesn't mean to take it back. It means to get along with it and do it better the next time. Obviously the University can do better. We can do better. But if we've given them autonomy, it's a dream that they have not yet realized and we have not yet given them. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1332, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," passed Third Reading by a vote of 46 ayes to 5 noes, with Representatives Belatti, C. Lee, Luke, Rhoads and Takai voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1489) recommending that S.B. No. 112, SD 1, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 112, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. Thank you for the reminder. The University sidetracked me. I'll be very brief, Mr. Speaker.

"This bill is a bright light in the future of our economy, our economic diversification. In fact, if we look at what's on the Floor today with tax increases, with things that are bad news for the economy, bad news for our families, bad news for jobs, this one is a bright light. It allows for diversification. In fact, if we look at the whole of what's on the Floor today there are two bright growth nodes for our economy. One is the movie industry with the tax credits. The second one is the diversification of space tourism, along with the space lunar park that will be discussed later. Or was it on the Consent Calendar? I forget.

"The point being, those are high-paying jobs. It gives us a future. It gives us a hope. And Mr. Speaker, I stand in strong support. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, and much as it chagrins me, I would love to have the words of the previous speaker adopted in the record as if they were my own," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 112, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TOURISM," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Pine voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1491) recommending that S.B. No. 1522, SD 2, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1522, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising in strong support of outlawing 'puppy mills,' but I wanted to just point out some unforeseen problems with this bill. I believe that we will have time to fix those because I believe that it requires a sunrise review, and there is a measure moving to have that happen.

"I totally applauded the shutdown of the 'puppy mill' in Waimanalo. That was just an inhumane situation and it was very fortunate that the Humane Society was able to take over 200 dogs and puppies to the Humane Society. A number of us participated in getting the Humane Society the different things that they needed. We took a couple of trips up

there with some of the newspapers for the bottoms of the cages, and we took some cages up and other things. I wanted to thank the Members that participated in that drive.

"But the problem, well first of all there is a Senate Concurrent Resolution 111, and it's being moved through. The Auditor would examine how to regulate 'puppy mills' or how to regulate dog breeders and propose effective legislation for us next year. This bill, which maybe should just sit and wait, could have the unfortunate side effect of putting out of business your legitimate hobbyist from continuing their breeding programs.

"And these legitimate dog breeders, they provide service, search, rescue, therapy, competition, and performance puppies, as well as family pets. Were they to be shut down inadvertently by this legislation, those animals would have to be purchased through retail outlets which might come from an illegal 'puppy mill' that's still operating, or from imported countries without rabies restrictions such as New Zealand or Australia.

"The issue is, Mr. Speaker, you can't have more than 25 puppies per year. We had a golden retriever when our children were growing up and she gave birth to 14 puppies humanely, and everything was fine. But the point of that is if you have a large breed dog, that dog could very likely have two litters a year, not be a 'puppy mill' but would exceed the limit of 25.

"So whatever we do, we don't want to cause any problems for our legitimate breeders. I would think that the Senate Concurrent Resolution gives us a very good reason to hold off on actually passing this bill and just waiting. Leave it in Conference Committee so it's ready to go once we get the Auditor's report. But let's be very careful that we don't harm the legitimate breeders in our community. I imagine a lot of us here in this building have, or have friends, or ourselves have obtained dogs from legitimate breeders. Certainly not from 'puppy mills' one would hope. Thank you."

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, and I ask that the words of the Representative from Kailua be entered as my own. Thank you. I did just want to thank this Body, and the Chairs and Vice Chairs for their support of dogs, and lifting us from the notorious position of one of being rated very low in terms of protecting our animals. Ironically, in the Aloha State.

"I did want to just say that it's fitting that this particular animal be supported in the House because it's important to support those who protect us. I wanted to call attention to a full-page newspaper article that was in the March 15 *Star-Advertiser* reprinted from the *New York Times* that talks about how good dogs are for the health. So for those who protect us, whether it be at the airport for terrorism, for ag, for everything, it's important that we remember that they are man's best friend."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1522, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DOGS," passed Third Reading by a vote of 51 ayes.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1493) recommending that S.B. No. 41, SD 1, as amended in HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 41, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with strong reservations. Mr. Speaker, this bill is potentially dangerous in that it is working with the Prepaid Health Plan of Hawaii of which we're not sure what the outcome, and what's it going to be. I think if we rely upon what we have been told, that we are going to be exempted from the National Health Insurance that's about to hit, we can

rest. But I think we should do our homework before rushing into this, and the price of being wrong is simply too high.

"Remember that we've constantly assured the people of Hawaii that there will be no change in their health measures, health premiums, health carriers. We seem to be rushing into something that is unknown. But like builders and carpenters always say, when in doubt, 'measure twice, cut once.' And I think we have to get back and do some homework. Thank you."

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker. In opposition. I'm looking at the Attorney General's testimony on this bill, Mr. Speaker. And the Attorney General states that he understands the intent of the bill, but has very serious legal concerns that the proposed repeal would likely be preempted by the Employer Retirement Income and Security Act. However, since there is no case on point, should the repeal be challenged on preemption grounds, the outcome just cannot be predicted with certainty.

"So even our own Attorney General is saying, 'Hey, while we're trying to exempt us from certain provisions of President's Obama healthcare program, we could be putting at risk our own healthcare program.' The bill he cites will also repeal Act 99 passed by the Legislature in 1994 which repeals Part 5 of Chapter 393 HRS, but only becomes effective upon the effective date of any federal Act permitting.

"So, Mr. Speaker, I'm really concerned. When the federal government was debating President Obama's healthcare bill, our Congressional delegation all individually said, 'Hawaii, you don't have to worry, because we have made sure that we are exempted from this federal legislation.' And so as a constituent, I was telling my constituents repeating what our Congressional delegation said. So did they not tell us the whole truth? Was there a deal saying, okay you have to pass all these bills for us to really be exempted? So as I see more of these bills going through the Legislature, I'm very concerned that we weren't given all the information."

Representative Takai rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations. Thank you. I do share the concerns of the Minority. In fact, I appreciate their concerns and I'm assuming that we all support the continuation of the Prepaid Health Care Act in Hawaii, and that is good news for all of us because we can't afford to lose it. I do note as well, the concerns made by the Attorney General. So as we move forward on this, we need to be extremely sure that we don't lose Prepaid Health Care in Hawaii.

"I note also that the federal law doesn't come into effect until January 1st, 2014 so we do have some time. I urge the Managers of this bill as it goes to Conference, and I know it's a clean bill right now, but I'm hoping that we hold off or the Senate holds off on Final approval until we get clarification. But I urge the Managers of this bill to ensure that we don't lose Prepaid Health Care. Thank you."

Representative Marumoto rose in support of the measure with reservations and asked that the remarks of Representative Ward be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 41, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII PREPAID HEALTH CARE ACT," passed Third Reading by a vote of 51 ayes.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1494) recommending that S.B. No. 1086, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1086, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker. In opposition."

The Chair addressed Representative Pine, stating:

"Would you like to reference your statements on Second Reading to be incorporated in the Journal?"

Representative Pine responded, stating:

"Well it didn't really work to convince anybody so I think I have to say it again. Last chance, okay? In opposition, Mr. Speaker.

"You know what's so great about our country? When my grandpa came here on a boat many, many years ago from the Philippines, he came here with just a scraggly pair of shoes, a few different pairs of clothing and just enough food to eat for a week. But he had this incredible dream that he could make something out of himself and change the poverty that he lived through in the Philippines. And since then he has motivated our family to rise up and to change our history, and we have many business owners in our family.

"We don't sell bread, but it's given me a lot of affinity to the many business people and to the local people and the workers that came in opposition to this bill.

"This bill is still about putting a sign at a store claiming whether a piece of bread has been frozen or not. We're misusing, in my opinion, Mr. Speaker, we are misusing our positions of power to start a marketing campaign for another company. And that's not the kind of dreams that my grandpa had for America. He believed that government was supposed to help people. We're supposed to help the poor. We're supposed to help you have education. But we're not to help one corporation that's already a multimillion-dollar corporation to destroy the little guys.

"Who are the little guys? Lava Rock Café from Volcano Hawaii says, 'I see no reason whatsoever to legislate anything regarding previously frozen products unless your goal is to raise the prices for Hawaii consumers and help the State be monopolized by one bakery.'

"The Waianae Store owner said, 'Waianae Store is a family business that has served the community in Waianae for many years. These products we provide are serviced by local companies with local employees. Signage or labeling would only confuse our customers and mislead them into thinking something is wrong with our products.'

"Freezing bread, baked goods, is an industry standard to maintain freshness yet we're saying in our bill as it's amended, we can't call something fresh anymore. But these bakers are saying that's the way you keep freshness.

"Kahului Trucking and Storage, their biggest clients are those people that sell bread and he also agrees that this is going to confuse their products, hurt their business.

"Island Catering of Maui said, 'This is going to hurt us.' Hawaiian Isles Distributors are saying, 'You're hurting local people.' Pukulani Superette from Pukulani said, 'Please don't do this.'

"Punaluu Bake Shop in Naalehu states, 'Over the past several years, Punaluu Bake Shop has expanded our sales of our bread products to the Neighbor Islands of Maui, Kauai, and Oahu.' This is a local business that started from nothing, Mr. Speaker. 'We have done so through this new frozen and thaw program. The frozen and thaw program has enabled us to increase production and sales for our company and staff here while making customers happy throughout the State with our delicious product from the Big Island. Like any baked product in our distribution system, our products come with a full money back guarantee. Labeling things misleads people into saying that what we're now doing and hiring more people because we have increased business is wrong.'

"And Ani's Bake Shop in Aiea states, 'This bill will cause us to lose business and have to lay off staff as we cut back our local operations.' Watanabe Bake Shop finally, Mr. Speaker, says, 'This bill will punish us and make our customers think that there's something wrong with our product.'

"So finally, Mr. Speaker, I plead with the Members again. This economy is not doing very well right now and we must do everything that we can to use government wisely."

Representative Brower rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Mr. Speaker, the bananas our grandfathers picked are now labeled non-GMO, and GMO is an industry standard. Thank you."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. And you know, I really love Love's Bakery. I do. And actually I wanted to mention that once again, like I did on past readings, that they actually have some ties to my district and I'm proud of that. And I point it out every single time, I say, 'You see that house? That's a Love's Bakery family house.' And I would love to see them promoted as one of the oldest bakeries. It's a wonderful thing. It's an impressive thing to last this long.

"But this piece of legislation, why it concerns me is once again, I always feel that we have to be able to stand for what we vote on in this House because we are the leaders. We're the leaders and what we say is a message to the people. And the concern I have for this bill is that it tells the people that, maybe it's an anti-business thing, that maybe if you're the favorite son or something, you're okay. You can have some of this special labeling because if it was a health related situation, I'm all for things like a Surgeon General's warning.

"If it was health related to protect our people we must. But if it's under this kind of this transparency, at what point do you take that logical argument? You take that argument to what you're going to now say what second and what minute it was delivered in the store. It's not health related so it doesn't have that pragmatism.

"And what it does is, to me, it sends a message that we don't have a level playing field. And then it doesn't attract people for business and then they think, 'Gee you know, is Hawaii a good place to do business?' And we want that reputation, especially before APEC.

"So I wanted to incorporate the words I did have in the last reading. Thank you, Mr. Speaker, and reiterate that we must remember the messages we send. Thank you."

Representative Kawakami rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I'd like to ask for a ruling on a potential conflict of interest. My family owns and operates a chain of grocery stores on Kauai," and the Chair ruled, "no conflict."

Representative Kawakami continued to speak in support of the measure, stating:

"I stand in support of this measure. Thank you, Mr. Speaker."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to the measure. Mr. Speaker, there's another player on the field. Stop the game. In football, where I used to be the quarterback, you can't have an extra person on the field, and in this case, in the marketplace, the government is supposed to be the referee. He's not supposed to get down on the field and play. This is where the referee is getting down and playing on one side for one special interest. Mr. Speaker, it's not fair.

"The problem is the Hippocratic Oath says: Do no harm to our families. Do no harm to our jobs. Do no harm to our economy. This really hurts the jobs, particularly the small guys. Particularly the Neighbor Islands. And Mr. Speaker, quite frankly, my wife cooks the best curry west of the Mississippi, but she also cooks the best bread. She said, what are you guys doing? I always freeze my bread to keep it fresh. There's no health reason whatsoever for what we're doing. So if it's not for health reasons, but it's to tilt the playing field, Mr. Speaker, we've got an illegal man on the field.

"The spirit behind this bill, Mr. Speaker, is the same protectionism that the government, when it took over or took favorite industries that we argued a few days ago on the Floor that lead to wars, trade wars, and then world wars. Mr. Speaker, this is not good policy. We can do better. We're Hawaii. We should seek excellence and not these petty 'bread wars' that we're going to start here. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This is a 'truth in labeling' bill. That's all it is. And it's a dispute between the people that work at Love's and the Hawaii Food Industry. They're the ones who bring in all the frozen bread. They don't want anybody to know that their bread has been frozen. They sell it cheaper than Love's. That's fine. That ought to be the incentive. And so at the hearing, that's what we heard. We heard employees from HFA, many of whom quite frankly, supported the bill. We heard from the employees at Love's.

"Now I find it interesting that they keep throwing the Punaluu Bakery in my district in my face. Punaluu Bakery happens to be an ILWU house, and the employees support the bill. Thank you."

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I am in opposition to SB 1086. There was a large volume of testimony supporting and opposing this bill. I believe the most compelling piece of testimony was that of local bakeries and their employees, who will be significantly and negatively impacted by this measure. While I do understand and support the labeling of certain food products for health reasons, this measure is not a health-related change to the product packaging. Thus, I do not think it is worth potentially jeopardizing our local bakeries and their survival by advancing this measure."

Representative Pine rose, stating:

"Sorry. Just a point of clarification. This testimony from Punaluu Bake Shop is from the managing partner, Annie Kosa."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1086, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CONSUMER INFORMATION," passed Third Reading by a vote of 43 ayes to 8 noes, with Representatives Ching, Fontaine, Johanson, Marumoto, Pine, Riviere, Thielen and Ward voting no.

At 10:57 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1241, SD 1, HD 1
 S.B. No. 809, SD 1, HD 1
 S.B. No. 1332, SD 2, HD 2
 S.B. No. 112, SD 1, HD 1
 S.B. No. 1522, SD 2, HD 1
 S.B. No. 41, SD 1, HD 1
 S.B. No. 1086, SD 1, HD 2

Representatives Herkes and Keith-Agaran, for the Committee on Consumer Protection & Commerce and the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1495) recommending that S.B. No. 975, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committees be adopted, and that S.B. No. 975, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Kawakami rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Souki rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 975, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO APPRAISALS," passed Third Reading by a vote of 45 ayes to 4 noes, with Representatives Belatti, Fontaine, Luke and Saiki voting no, and with Representatives Har and Tokioka being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1496) recommending that S.B. No. 229, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 229, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure. Domestic abuse victims can face loss of their jobs at a time when employment and financial independence is critical. They are vulnerable and the consequences of physical and emotional pain are detrimental to their health and financial stability.

"The act of firing (or not even hiring) prohibits the victim from earning a living wage with which to support her children, lowers her confidence and inhibits her ability to further pursue employment, causes other potential employers to see her in a less positive light, jeopardizes the ability to maintain a place to live, increases the risk of depression and increases the likelihood of having to go on public assistance. Women retreat back to their abuser because they do not have the finances to leave. All of these negative effects only serve to re-victimize the victim.

"We are hopeful Hawaii can follow the footsteps of Illinois, New York City, Connecticut, Rhode Island and Westchester County in New York State who have enacted legislation to ban discrimination against a victim of domestic violence, sexual assault, or stalking. Other states have safety accommodations such as screening phone calls, allowing the employee to work in the back of the office with a lock on the door, etc. As of now, the time frame allowed to the victim is case by case.

"Leaving things the way they are is not an option. How many more cases do we need to review in order make changes? This bill offers protection and reassurance that the victim will have stable employment through tumultuous times. State legislation that models the previously introduced federal SAFE Act would enable battered women to seek safety while working towards financial independence."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 229, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT RELATIONS," passed Third Reading by a vote of 49 ayes, with Representatives Har and Tokioka being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1497) recommending that S.B. No. 892, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 892, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO SERVICE ANIMALS," passed Third Reading by a vote of 49 ayes, with Representatives Har and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1503) recommending that S.B. No. 48, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 48, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CORRECTIONS," passed Third Reading by a vote of 49 ayes, with Representatives Har and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1505) recommending that S.B. No. 1233, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1233, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Aquino rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I'd like to ask for a ruling on a potential conflict. I work for a nonprofit that solicits funds from the public. Thank you, very much," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1233, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE SOLICITATION OF FUNDS FROM THE PUBLIC," passed Third Reading by a vote of 49 ayes, with Representatives Har and Tokioka being excused.

At 11:00 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 975, SD 1, HD 2
 S.B. No. 229, SD 1, HD 2
 S.B. No. 892, SD 2, HD 2
 S.B. No. 48, SD 1, HD 2
 S.B. No. 1233, SD 2, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1508) recommending that S.B. No. 99, SD 2, as amended in HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 99, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Belatti rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition and just a few remarks. This bill represents an increase of the number of Commissioners on the Public Utilities Commission. In this time of austerity, I don't think that this is a good example of growing government. If this is something that we should take a look at closely, I think what the Public Utilities Commission really needs is more staffing versus more executive level members at the commissioner level. Thank you, Mr. Speaker."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 99, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC UTILITIES COMMISSION," passed Third Reading by a vote of 47 ayes to 3 noes, with Representatives Belatti, Luke and Takai voting no, and with Representative Kawakami being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1509) recommending that S.B. No. 583, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 583, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CABLE TELEVISION SYSTEMS," passed Third Reading by a vote of 50 ayes, with Representative Kawakami being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1510) recommending that S.B. No. 651, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 651, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak in support of this measure which repeals the old non-judicial foreclosure. Mr. Speaker, a number of years ago I said to this Body that the non-judicial foreclosure bill was going to affect primarily the elderly who had worked their whole lives to be able to purchase their home. It set up a process where the court is not involved, which means that a lender could foreclose upon a home without the court ever being involved in that process, and the court being able to provide a fair forum for the homeowner. The rush to foreclosure measure puts convenience above fairness and equity in foreclosure proceedings.

"Mr. Speaker, I had those concerns a number of years ago when we were addressing that non-judicial foreclosure bill. I had made it clear I wasn't talking about lenders like Bank of Hawaii or First Hawaiian Bank. I was talking about the others on the mainland. Those concerns unfortunately turned true. We have the out-of-state lenders who have set up a foreclosure system that has resulted in chaos and a lot of harm to our local people. And I had concluded in this, I think when we pass this non-judicial foreclosure bill, we're going to set in process a motion that will prevent Hawaiian families and other families from being able to retain their homes.

"Mr. Speaker, the reason I am bringing up the past history today is that we are now undoing something that we never should have done. I'd also like to just say, Mr. Speaker, sometimes the Minority Members can call something the way it is and forecast what may be the result if we pass a bill. This is one of those examples and I would like to encourage the Majority Members to pay a little bit of attention to what we say from time to time because it really could carry a great deal of weight and become true.

"So today we are undoing something we never should have passed, and I would like to reference my comments in the Journal those years ago when we did first pass the non-judicial foreclosure, where I said that was the wrong thing to do and we shouldn't do it. And today that has become true. Thank you."

Representative McKelvey rose to disclose a potential conflict of interest, stating:

"Thank you very much, Mr. Speaker. May I have a ruling on a potential conflict? On both Stand. Com. Rep. Nos. 1510 and 1511, my family's currently undergoing a remodification with a lender. Thank you very much," and the Chair ruled, "no conflict."

Representative McKelvey continued to speak in support of the measure, stating:

"In strong support of Stand. Com. Rep. No. 1510. I would like the words of the previous speaker, except for the Minority part of it, entered into the record as if they were my own. Hey guys, I'm a D. And also just a few comments.

"Mr. Speaker, what we're trying to undo is a travesty of history which has occurred where we're the only state to adopt two separate non-judicial foreclosure tracks which puts the power solely in the hands of the lender to choose, and all the protections of which lay in Part II to which the homeowner has to sign off on the final non-judicial.

"Not to mention 667-34 and 35, and I bring this up again for the Members' edification as we go in to Conference because the rumblings of the other Chamber disturb me in wanting to preserve this two-track system. If these two are allowed to stand, Mr. Speaker, basically what it is, says in a nutshell is, if you don't object within 30 days to a non-judicial foreclosure auction, many of you won't even know about it considering it'll be in a newspaper nobody subscribes to, then that non-judicial foreclosure will have been deemed to being done completely above board in good faith without fraud or any type of illegal activity. That is the biggest 'get out of jail free card' I have ever seen in my life, Mr. Speaker.

"This cuts very deep, Mr. Speaker, because as you know, we're talking about the economic integrity of the State of Hawaii. As the good *kanaka maoli* have often said, the life of the land is preserved in righteousness. And if we don't have land, if our homeowners, those who are working hard with two and three jobs, can't just get a fair shake, can't get a lender to

come with one voice to them and deal in good faith, then we're looking at the entire unraveling, Mr. Speaker, of our way of life and indeed the integrity of the State of Hawaii.

"So, Members, I appreciate your support on moving this forward and stay strong in Conference because what we're doing today is to rectify the wrongs that have been visited upon us by entities that aren't even within a thousand miles of this good State. Thank you, very much."

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I'd like a ruling on a possible conflict on both Stand. Com. Rep. Nos. 1510 and 1511. The practice of my law firm includes foreclosures. Thank you," and the Chair ruled, "no conflict."

Representative Carroll rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Carroll's written remarks are as follows:

"I would like to express my support to SB 651 SD2 HD2, which would establish a temporary mortgage foreclosure dispute resolution program, as well as implement recommendations of the mortgage foreclosure task force relating to conversion from non-judicial to judicial foreclosure. SB 651 SD2 HD2 would also strengthen the laws regarding mortgage servicers, as well as repeal the old non-judicial foreclosure process, as well as strengthen and clarify the new non-judicial foreclosure process.

"The issue of foreclosure has plagued our islands since the beginning of the economic crises of our nation. In 2010, Hawaii's properties affected by foreclosures have jumped 38% from 2009 resulting in over 12,400 properties. I have received numerous phone calls from constituents desperately seeking assistance regarding foreclosures, many of which have already faced eviction.

"I believe that SB 651 SD2 HD2 will create additional measures necessary to protect individuals from further vulnerability through its dispute resolutions program. This dispute resolution program will require mortgagees to offer dispute resolution to owner-occupants before conducting a public sale on a property, notify mortgagors that dispute resolution is available, and notify mortgagors that the mortgagee is required to participate in dispute resolution if an owner-occupant so chooses.

"It is up to us to help promote legislation that helps support our constituents from the predatory lending practices of financial institutions that have led to this foreclosure disaster. It is for the above mentioned reasons that I support SB 651 SD2 HD2."

Representative Riviere rose to speak in support of the measure with reservations, stating:

"Support with one reservation I'd like to identify. Thank you. This bill has come a long way. It's getting quite a bit better and there's a lot of good work that needs to happen in this in the next bill.

"The concern I have for this specific bill is the mediation. It has a potential to become an endless mediation, and that will not ultimately serve anybody. So in Conference I hope that we can tighten that up and have a mediation process that does have some finality to it. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. A couple of notes. This bill does not, does not, get rid of the non-judicial foreclosure law. It severely amends it. This reform is designed to allow mortgagees to use a fast track, non-judicial foreclosure process if, and only if they can demonstrate up front that they have the legal authority to do so. They must also proceed with due notice on the borrower and participate in good faith negotiations to modify the loan and to reach some other settlement.

"In this bill the judicial foreclosure process remains in large part, not affected. As far as the Alternative Dispute Resolution we continue to work with both the Chief Justice and Judiciary and the DCCA. They came in to us quite late with a whole new process for Alternative Dispute Resolution to get the mortgagee and mortgagor together with hopes of some settlement. And quite frankly, if there is no reason for the choice of the mortgagee, the mortgagor has no ability to service a loan at any case and they ought to proceed with the foreclosure.

"So this bill is very complex, as you know it's like 74-pages long. We are still working on parts of it. One of the problems that I think we will have in Conference is that, my understanding is the Senate does not want to modify the non-judicial parts of the law, which we think is necessary. Thank you, Mr. Speaker."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on a potential conflict. My law firm does some foreclosure actions, but I don't do any of that type of work. Thank you," and the Chair ruled, "no conflict."

Representative Pine rose to speak in support of the measure with reservations, stating:

"I rise in support with some small reservations, and I wanted to incorporate the words of the speakers from Kailua and the North Shore as my own," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 651, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MORTGAGE FORECLOSURES," passed Third Reading by a vote of 50 ayes, with Representative Kawakami being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1511) recommending that S.B. No. 652, SD 2, as amended in HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 652, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative McKelvey rose to disclose a potential conflict of interest, stating:

"Thank you, very much. Mr. Speaker, may I have a ruling on a potential conflict? On both Stand. Com. Rep. Nos. 1510 and 1511 my family's currently undergoing a remodification with a lender. Thank you very much," and the Chair ruled, "no conflict."

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I'd like a ruling on a possible conflict on both SCR 1510, 1511. The practice of my law firm includes foreclosure. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 652, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MORTGAGE FORECLOSURES," passed Third Reading by a vote of 50 ayes, with Representative Kawakami being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1513) recommending that S.B. No. 150, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 150, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 150, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BUILDING DESIGN FOR PERSONS WITH DISABILITIES," passed Third Reading by a vote of 50 ayes, with Representative Kawakami being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1514) recommending that S.B. No. 240, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 240, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to disclose a potential conflict of interest, stating:

"Thank you. A potential conflict ruling, please. My grandson is at the Medical School. Thank you," and the Chair ruled, "no conflict."

Representative Ching rose to disclose a potential conflict of interest, stating:

"May I have a ruling on a possible conflict. My husband is a physician," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 240, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PHYSICIAN WORKFORCE ASSESSMENT," passed Third Reading by a vote of 50 ayes, with Representative Kawakami being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1517) recommending that S.B. No. 1300, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1300, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose to speak in support of the measure, stating:

"Thank you. In support, Mr. Speaker. I'll just be brief. I think this is a good bill and it moves us in the right direction. But I also think it begs the broader question for this Body of structural and financial reform that needs to be happening at the Hawaii Health Systems Corporation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1300, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HEALTH SYSTEMS CORPORATION," passed Third Reading by a vote of 50 ayes, with Representative Kawakami being excused.

At 11:12 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 99, SD 2, HD 1
S.B. No. 583, SD 1, HD 2

S.B. No. 651, SD 2, HD 2
S.B. No. 652, SD 2, HD 1
S.B. No. 150, SD 2, HD 2
S.B. No. 240, SD 2, HD 2
S.B. No. 1300, SD 2, HD 2

At 11:12 o'clock a.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:17 o'clock a.m. with Vice Speaker Manahan presiding.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1518) recommending that S.B. No. 1458, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1458, SD 2, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Pine rose to speak in opposition to the measure, stating:

"As my Caucus is about to debate each other on this bill and they're not here, I will stall for them. Mr. Speaker, I just want to stand in opposition."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I rise in opposition to Senate Bill 1458, Senate Draft 2, House Draft 3. Mr. Speaker, I rise in opposition to this bill which creates a pilot program for medical marijuana.

"First of all, I believe that passing this bill is unwarranted, it's premature, and the fact is that the federal law has not changed, and the selling and use of marijuana is still illegal. The Department of Public Safety testified that a white paper written about the subject stated clearly that policies and procedures are being developed to address the issues of access, distribution, and security with regard to the medical use of marijuana. However, these policies and procedures appear to be at a very early stage of development and do not as yet provide an established model with a proven ability to successfully address these issues. Seeing how they develop, how they approach the obstacles they are likely to encounter, what methods are successful versus what methods prove problematic, will no doubt prove informative and valuable in determining how Hawaii chooses to address the issues of access, distribution and security with regards to its own medical marijuana program. Mr. Speaker, this tells me that this is premature.

"In addition to this, the Department of Public Safety noted that storefront marijuana businesses are prey for criminals and create easily identifiable victims. The people growing marijuana are employing illegal means to protect their valuable cash crop and others distributing marijuana to the businesses are perfect targets for thieves and robbers. They are being assaulted, robbed and murdered. Those buying and using medical marijuana are also being victimized.

"Public Safety also asked, why are we doing this? Is it for compassion? If it is, then why such a high fee? If it is to raise revenue for the State of Hawaii, then it should be noted that the additional revenue would not even come close to offsetting the additional cost associated with increased use.

"The two legal substances which are already highly taxed prove this point. Taxes on alcohol account for \$14.5 billion in revenue, but alcohol abuse costs us \$185 billion. In the case of tobacco, taxes account for \$25 billion, but the cost to society is \$200 billion.

"In sum, Mr. Speaker, Hawaii is a beautiful and healthy place to live. So why do we want to jeopardize that reputation, that branding in tourism, by becoming known as a drug capital. Hawaii is already ranked fifth in the nation for meth use and that is the sad reality. Mr. Speaker, 30% of our high school seniors have admitted to trying marijuana. These compassion centers will make it even easier to get. And in the Public Safety's

testimony they noted that a white paper by California Police Chiefs Association said that the problems with these dispensaries were sales to minors, loitering, an increase in crime, increase in foot traffic, etc. Do we really want this for Hawaii? Or do we want a better, healthier Hawaii full of vitality? For these reasons, I respectfully oppose this measure.

"We just recently spoke about what I referred to as, the faucet. There are so many better ways to be healthy. So many better ways to be healthy in our mind and our body. Let's not forget one of the greatest nations ever at the time it was powerful, was brought down by opium. China was brought down by opium. At that time it was the oldest civilization. It was brought down. Do we need this? Do we really want that kind of reputation? We don't need it. We've got other things that are healthy.

"And when I walked around in San Francisco when I was visiting there just recently, it's amazing. Gee, I guess there are that many people who are not well or are ill. You can smell it all over Union Square. You go up the street, and you walk up Geary. You walk up any of those streets and you smell marijuana everywhere. Thank you, Mr. Speaker."

Representative Fontaine rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker. I rise in opposition as well. And in the interest of time I'll have the words of the previous speaker entered as my own. But I would also add that law enforcement across the State is against this measure. And I also worry about the unintended consequences of going down this slippery slope. Where we are actually going to create in our State the kind of environment that we are going to be in if we start allowing more and more of these kinds of dispensaries to show up. Thank you."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cabanilla rose to speak in support of the measure, stating:

"In support, Mr. Speaker. I think that we have been discussing this medical marijuana issue for the last four years in this Chamber and I think it's about time to at least give the pilot program a chance, so we can see if it works or if it has devastating consequences for our State. I think we should try it to see what it is because I've been hearing a lot of pros and cons about the issue. And furthermore when it's the proper time, I would like to name this compassion center the Joe Bertram III Compassion Center. Thank you."

Representative Hanohano rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in support for this comprehensive five-year medical marijuana distribution pilot program in an unspecified county. It is refreshing to see the change in my colleagues' beliefs. This bill will assist qualified patients and caregivers to have safe, legal and reliable access to medical marijuana. This is a bold, humanitarian bill."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Awana rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in opposition. When we are facing economic challenges and cutbacks in our Public Safety Department, now is not the time to exacerbate an already difficult situation and expect a positive outcome. Hawaii, Honolulu, and Maui County Police Departments oppose this measure – for good reason. The State of California is facing a huge battle with these so called "Compassion Centers". There are many abuses taking place. The undesired consequences of these centers have turned

into legalizing illegal substances. Let's learn from California's hardships. For these reasons, I oppose this measure. Thank you, Mr. Speaker."

Representative Har rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise with reservations. To be clear, I support chronically ill patients who have found that medical marijuana is an effective means of managing chronic pain and other symptoms.

"My main concern, however, arises because this bill cannot supersede federal law, which still classifies marijuana as a Schedule I controlled substance. I am troubled by the prospect of placing federal law and State law directly at odds. In jurisdictions that have passed laws on medical marijuana, complications have arisen because of these conflicts. When the State attempts to pass laws that are rendered moot by the federal law, federal law supersedes and essentially abrogates state law.

"Even if we pass laws at the State level, the prospect of prosecution for any medical marijuana user at the federal level remains. For these reasons I stand with reservations. Thank you, Mr. Speaker."

Representative Brower rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I would like to submit written comments. I believe that a society that is forward thinking and mature needs to provide all natural medicines to people. This could be an important export crop for Hawaii. And while there will be growing pains, this is something that I think we need to do as a start. And may I have the thoughts that the Representative from Kailua is thinking right now entered into the Journal as if they were my own."

Representative Brower's written remarks are as follows:

"I rise in support of the five-year medical marijuana distribution pilot program. This is about reasonable, herbal remedies for health. This can be an important export industry for Hawaii, generating revenue for our state while giving residents new health management options.

"We know it can go wrong, but we must be vigilant. The following safeguards contained in the current version of the bill may help control abuses (and other unintended consequences):

- Authorizes the Department of Public Safety (PSD) to conduct criminal history record checks on applicants for compassion care center licenses.
- Authorizes PSD to convene a task force to study and advise in the drafting of PSD's Administrative Rules for the pilot program.
- Allows for Temporary registration certification for out-of-state visitors who are qualifying patients or primary caregivers in their home state to obtain medical marijuana.

"Since it is a pilot project, we can assess its effectiveness and make changes along the way, where needed. Or eliminate it entirely, if it proves to be unsuccessful. For these reasons, SB 1458 deserves a chance. Mahalo."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative M. Lee rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise with strong reservations to this measure because of professional issues, and also the history of marijuana or "compassionate care" dispensaries across the mainland of the United States.

"As a registered nurse for over 40 years, I have cared for many patients with terminal, life threatening and painful conditions. Years ago, there was little available to ease severe pain and nausea. Patients suffered greatly. Today, the administration of pain medications is a science that is quite advanced. It is not unusual for patients to be ambulatory in the community with such devices as a morphine pump which keeps them comfortable during their daily routine. Medications which control nausea have advanced as well. These are given in controlled amounts and in doses that do not render the patient unable to function.

"Marijuana has been a popular alternative to traditional medicine; however smoking it has both safety and regulatory concerns attached. Smoking cannabis is similar to smoking tobacco – there may be damage to the lungs, potential for severe burns if the patient falls asleep in bed while smoking, property damage from fires, loss of capacity to drive and carry out ADLs and exposure of family members to second hand smoke. Marijuana is also widely used as a recreational and street drug. Some feel it is a gateway drug, and from all reports, the strength of what is available is increasing.

"I have other concerns related to the proliferation of dispensaries in states such as California, Colorado and Montana. For the most part, these establishments are simply "restaurants" which offer a wide variety of doses, flavors and prices to their clients. The "scene" on the Internet is quite colorful and many ads clearly proclaim the virtues of marijuana use for recreational purposes.

"Cities have found that organized crime loves these establishments, which often have more than marijuana on the menu. In Montana, on March 11, 2011, a major raid was conducted by federal law enforcement agents on many of these establishments, despite the fact that the Obama Administration has stated they would not seek to punish marijuana users.

"Mr. Speaker, the bill before us is complicated and flawed. It makes use of resources we can't afford such as monitoring by police, expensive photocopying requirements, a database, live video feed to police station, and on and on. It almost seems as if this draft is asking to be killed.

"No one wants to take away a remedy from people who really need it. I believe we need to find another way to make the substance available to truly needy patients, but this is not the way. This is a medical issue. The Department of Health and prescribing physicians should be involved to set a standard of care, dosing recommendations. Organizations like the Cancer Society and the Lung Association need to come out of their safe zones and make recommendations as well.

"Even though this is just a pilot, I believe we risk seeing rows of marijuana "shops" in the near future in Waikiki if we should we pass this bill."

Representative Jordan rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"Medical cannabis dispensaries are essential to support the acquisition of medical marijuana in a method that does not promote illegal drug trafficking. Act 228 of the 2000 Session Laws of Hawaii legalized the use of medical marijuana by critically ill patients in Hawaii, but provided no safe provisions for the access to their medicine. Senate Bill 1458, SD2, HD3 explores solutions to this problem, providing a pilot dispensary program which gives the critically ill a safe manner to obtain treatment. Additionally, the bill could generate significant State revenues, with license fees and excise tax collections. I am in support of SB1458, SD2, HD3 for the fiscal benefits it will provide to the State of Hawaii and a legal avenue to purchase prescribed medicine."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1458, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 40 ayes to 11 noes, with Representatives Awana, Ching,

Choy, Fontaine, Johanson, M. Lee, Marumoto, Nakashima, Pine, Tokioka and Ward voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1520) recommending that S.B. No. 1383, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1383, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO SCHOOL REPAIR AND MAINTENANCE," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1521) recommending that S.B. No. 1385, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1385, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Awana rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise with support, but at the same time, I have a few reservations. The Department of Education should not be in the business of land development. As we are all aware, this Department uses over half of our State budget. My concern is that with this pilot project, more funds will be requested to carry out this measure.

"A three-year pilot is not enough time to develop housing as we all know. Should a business decide to embark on such a project located on public school lands and having invested time and money, they will be faced with uncertainty should this project end. This leads me to believe that not much will take place within this relatively short time frame.

"Furthermore, some of those lands are not State lands. The DOE should release these lands back to its original owner or governmental agency. The cost to maintain those properties will no longer be needed within the DOE. Monies saved could help pay for school bus service, books, lunch and other essential items for our *keiki*. For these reasons, I stand with reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1385, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SCHOOL LANDS," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Kawakami voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1522) recommending that S.B. No. 1503, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1503, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL EDUCATION," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1523) recommending that S.B. No. 298, SD 3, HD 2, as amended in HD 3, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 298, SD 3, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you, in support with some reservations. On its surface I think this particular measure is a very creative idea, and I also recognize the fact that it is trying to pursue very worthy aims by promoting social corporate responsibility.

"The reservations that I have about this measure are just that in doing so, I think we are exploring territory that does need to be explored, but puts businesses potentially in an awkward hybrid plane of not necessarily being completely profit driven or nonprofit driven. It's not necessarily a bad thing to create another designation for entities that really are trying through their business purposes to achieve social good or environmental good for the broader society, but I do think in some respects it's a bit problematic unless those aims reconcile with either a profit motive or a non profit motive. So as this bill moves forward, I guess I'd just like to see how it develops. Thank you."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and a brief comment. Mr. Speaker, this bill says that some corporations are created more equal than others. This essentially creates do-good corporations environmentally, which is very well taken in the nonprofit sector of which there are 7,000 in the State, and have done a very, very good job.

"This one however, goes to the extreme of saying that if you are a board member or an officer, you will not be held liable. Generally speaking, liability is a fact of life for all of us. We're all liable to friends, spouses, families, corporations, Majority leaders, Minority leaders, all of these kinds of things that occur in life. But in this corporation we're going to say if you're a board member or you're an officer, you don't have to be liable because you're going to do good.

"Now what if you get corrupt people in do-good corporations? The human element is, they're going to use this to their advantage. So what is the advantage of this? I'm not really sure, Mr. Speaker, except it may encourage people to do good stuff. But we've got a great private sector out there that's doing good stuff, and why do we need this for the potential of changing a very good business code and codification of ethics. Why we want to do this, I'm not really sure. So with that, Mr. Speaker, very strong reservations. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 298, SD 3, HD 3, entitled: "A BILL FOR AN ACT RELATING TO BUSINESS REGULATION," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1524) recommending that S.B. No. 1161, SD 1, HD 2, as amended in HD 3, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1161, SD 1, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Pine rose to speak in support of the measure with reservations, stating:

"Just in support with some reservations and some comments. Yes, thank you, Mr. Speaker. I do want to thank the Finance Committee for amending this bill in a way that improved the bill. I've been watching this bill for a while because it would have affected my community, because what it would have done is exempt a person or entity from any requirement to upgrade, or replace existing utility poles when using the pole to install new or improve existing telecommunication cables. And so I'm very happy that the Finance Committee added safety and engineering requirements which made me originally oppose the bill.

"I'm sure many people in the Body remember what happened to us in Ewa Beach on March 4th, when we suffered a massive power blackout because the wind and the rain had knocked down 22 utility poles on Fort Weaver Road. And 15 of them blocked our ability to get into Ewa Beach.

"I have some reservations still on this bill. I know that we still have Conference Committee so this is why I'm mentioning it now, is that the new draft of SB 1161 requires that telecommunications and broadband installations or improvements not make any significant changes to the existing public rights of way. The bill however does not include underground utilities, and this is where it would affect my newer communities. Many telecommunication and broadband infrastructures are in the form of underground cables and conduits.

"The City and County Department of Planning testified that without the permitting process to keep us currently aware of where the underground utilities are, digging up a patch of ground to install or improve telecommunications could well dig up other underground utilities, be those water, sewer, electrical, gas, or even other telecommunication broadband conduits.

"And so I hope as this bill goes along that we can perfect it even more and include those underground utilities as being part of the process."

Representative Yamane rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm standing in support with reservations. A brief comment, Mr. Speaker. This measure currently looks at providing an exemption from all the requirements of Chapter 171, HRS. Mr. Speaker, there are some concerns regarding these easements and the right of way, and how those adjacent lands situated next to them would be affected.

"Mr. Speaker, I also would like to note that the Office of Environmental Quality Control of the Department of Health opposed this measure and felt that trying to piecemeal amendments to Chapter 343 was not in the best interest of the environmental protection intent.

"Mr. Speaker, I also note that this exemption has been an issue in many communities. I understand that it's a need in the rural areas. However, as we proceed forward, I think those issues need to be considered. Thank you."

Representative Yamashita rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In support. Mr. Speaker, Act 2, Special Session, 2007 created the Broadband Task Force, which asked the questions: Why is broadband important? What are other states doing? And what are other counties doing?

"The Task Force noted that the United States is 15th in the world in broadband speed, when telecommunications was once ours and we led the world. Hawaii is at the bottom of all the states in the Union as far as broadband speed goes. The infrastructure needed for us to catch up with the rest of the world is estimated to be close to a billion dollars. Other countries that have these types of world-class speeds, the nation or the federal government or their equivalent pays for that infrastructure. We in Hawaii are not a country and we cannot afford to pay for these types of things.

"The private sector has stated that they want to invest in our State, however the reason why they hesitate is because of the time it takes to go through the permitting process. They would rather invest in other states. So this measure is saying to them, 'Okay, if that's what it takes for you to invest in our State and we can't afford it, we're going to clear the way for you. Come in. Put it in, And we'll review it at the end of this process, and decide whether to extend it, to modify it, or whatever needs to be done.'

"Mr. Speaker, Section 3 of the bill refers to utility poles. This is an important component for the \$35 million ARRA grant that will connect all public schools and libraries. Without this mechanism in place it may not be

possible for us to utilize this \$35 million grant. What needs to be noted also is that the \$75 million Race to the Top ARRA grant is dependent upon online testing, which is also critical for this grant. So for those reasons and many others, I stand in support. Mr. Speaker, Thank you."

Representative Awana rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, I rise in strong support and ask that the words of wisdom from our Representative from Makawao be entered into the Journal as if they were my own. And I'd also like to add additional written comments. Thank you."

Representative Awana's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support. If there is one measure that needs to move forward that expedites a process, it should be this one. As I understand, there is also a House measure with similar language.

"The United States is slipping from the rankings of high speed broadband technology throughout the world. Why is this relevant? Technological infrastructure will help us compete with other neighboring countries. These advancements will assist in all areas: education, tourism, business, economic development and trade to name a few.

"At an NCSL meeting comprised of the Black, Hispanic, Asian and Native American Caucuses, we voted in support of broadband infrastructure. As minorities, we know that these improvements will provide opportunities and open doors. Hawaii being a state with a majority of minorities, I ask for your support on this measure. Thank you, Mr. Speaker."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Mr. Speaker, we are not a third world country. This bill sets the bar up where we should be, world class. And may I have the words of the Representative from Maui as my own. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker, in support. And I would just like the words of the Representative from Ulupalakua entered into the record as if they were my own.

"And if anybody wants to see a visual graph of this reality, please come by my office. I've had it on my wall for about three years now since the broadband ARRA money announcement was made by the previous Administration showing that we have the highest prices and the lowest speeds of any of the industrialized nations in the Pacific Rim. Thank you, very much."

Representative Cullen rose in support of the measure with reservations and asked that the remarks of Representative Yamane be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Nakashima rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support and permission to insert written comments please."

Representative Nakashima's written remarks are as follows:

"Senate Bill 1161 would exempt broadband infrastructure improvements from State and county permitting requirements. As we face opportunities to improve broadband infrastructure and federal regulatory mandates to narrow band our first responder communications, it is important to allow these infrastructure projects to move forward uninhibited by numerous governmental permitting requirements that would prevent broadband opportunities for isolated and rural areas of our State."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1161, SD 1, HD 3, entitled: "A BILL FOR AN ACT RELATING TO TELECOMMUNICATIONS," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1525) recommending that S.B. No. 1355, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1355, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I wish to speak in opposition to this measure. I'm opposed to Senate Bill 1355, Senate Draft 1, House Draft 1, relating to taxation. The bill establishes for GET purposes a nexus or a connection between businesses in the State, and out of State businesses that engage in or solicit business with persons within this State. It gives out of state businesses that conduct business in Hawaii the option to: one, collect the GET; or two, file an annual statement with the Department of Taxation regarding sales of tangible personal property to Hawaii residents. This annual report will include the names of those persons to whom the sales were made, their addresses and amounts, among other items.

"Currently businesses with no physical presence in the State are not taxed. We have no jurisdiction to tax businesses in other states. Instead, Hawaii purchasers are supposed to pay a Use Tax for out of state purchases. And since most people are unaware of the law, this bill is an attempt to get the out of state businesses to help DOTAX collect the Use Tax by providing information on Hawaii sales and information on Hawaii people.

"But this bill may be illegal. The US Supreme Court cases have held that a state cannot impose a sales use tax collection obligation on out of state vendors unless those retailers have a physical presence in the taxing state. I cite, Quill Corp vs. North Dakota. A recent Colorado case has upheld this as well against the Colorado Department of Revenue.

"I think it's ridiculous to assume that an out of state vendor is supposed to help DOTAX collect use taxes. Out of state businesses do business with many jurisdictions, and forcing them to collect and provide information on their customers in various states would be a burden. This would be especially difficult for smaller businesses that don't have large staffs.

"In addition, there are issues of consumer trust and privacy concerns that are raised by having out of state businesses provide this information to DOTAX. To have a third party give personal information to a government agency raises privacy concerns and may have consumers up in arms. Therefore, as you can tell, I am opposed to Senate Bill 1355. Thank you."

Representative Choy rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. There was some advertising on this bill in the last couple of days, so I'm not going to go into the details, but let me just highlight some facts. First of all, this is not a new tax. People who make out-of-state purchases have to pay a use tax. This is also not an increase in tax since they're already supposed to have paid it.

"Mr. Speaker, this is also an equality issue. The 'brick and mortar' stores, the stores that establish themselves in the State of Hawaii who have employees that support our community, that support our tax system, collect these particular taxes. Why shouldn't Internet purchases, when you buy something over the Internet, also collect taxes for us?

"Mr. Speaker, we wouldn't be talking about this particular problem if it wasn't growing. And you know that more people are making purchases online. And more and more revenues are being lost. So it's really not fair to the stores that are here in the State that are collecting our taxes.

"I too have read the court cases, the preliminary injunctions for Colorado, and I don't think that those particular cases are on point, especially to Hawaii. All those cases pertain to a sales tax and we don't have a sales tax here. We have an excise tax. The difference being that a sales tax is levied on the buyer. An excise tax is levied on the business. So if this particular bill is illegal, it's time to test it. It's time to test it under our taxing scheme.

"And finally, Mr. Speaker, I realize that in these times any little tax increase will be opposed. And I understand that. Everybody's having a hard time. But not paying your tax liability is cheating. Cheating on your taxes is not, and should not be a tax planning tool. And it cannot be tolerated in our voluntary compliance tax system that we have in Hawaii. So for those reasons, Mr. Speaker, I stand in strong support of this particular measure. Thank you."

Representative Marumoto rose to respond, stating:

"Thank you, Mr. Speaker. I do appreciate the words of the Manoa Representative. He makes a good point. He feels that these court cases were based on sales taxes and those are on the buyer as he said. Our general excise tax is supposed to be paid by the seller. It's a tax for the privilege of being in business. And so we cannot tax an out-of-state seller. We do not have jurisdiction through our excise tax structure. So I do not see how we can possibly have jurisdiction over these people to force them to provide us information. They may do so as a favor to us.

"But he is correct in saying this is not a new tax, and this is not a tax increase. This is our existing use tax. So I would suggest that we educate more people, citizens in this State, that when they do make purchases out-of-state that they do pay their use tax, especially if the items are over \$100. So I will rely on him start an educational campaign. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker, a rose by any other name is a rose. This is a money grab. It's a tax on the Internet, plain and simple. Fortunately we have an Interstate Commerce Clause that keeps the Representative from Manoa from doing what he's proposing to do. That's so one state is not pitted against the other. And of course we want to feel for the 'brick and mortar' of those who are in the State.

"However they have the option of going on the Internet. We get 7.5 million people here a year. If you want to keep them as customers, you keep an association, you sell the products that made them happy while they're here, on the Internet. Equal playing field.

"That's why the interstate commerce got out of this kind of pitting one state against the other. They used to in the granger days, they put up a fence. You can't cross from this state, to the other state because you have to pay a tariff. We've gotten away from that. In fact we're doing it, contrary to some people on the Floor here, internationally. We want to do free trade.

"But, Mr. Speaker, let me focus the last part on what Americans value very, very strongly, and that is privacy. This, if there's a Hippocratic Oath about do no harm to privacy, this is big time. This is every time you purchase something on the Internet, the provider on the mainland has to give the name, the amount, and your zip code. No, that was the earlier version. The new version name, address, amount and zip code.

"Now what if we have somebody of prominence who is undergoing cancer or some other disease that no one should know about. Yet by revealing what they're purchasing from that particular company, their privacy is totally invaded. Or something maybe a little more risqué, sexy lingerie and you're here out publicly. You bought sexy lingerie. What are you doing in your position of responsibility? You should not be doing that. This is an invasion to the basic values of privacy that Americans hold very, very dearly.

"If we are so hard up for money to tax the Internet, to want to out everybody about everything that they buy, I think we're going to extremes.

Let's fix the economy. Let's grow the economy. Let's not money grub with what we're doing in this bill. Thank you."

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. Just a couple of points that need to be made. I believe the Retail Merchants of Hawaii would appreciate us passing this measure. The Retail Merchants of Hawaii is a not-for-profit trade organization representing about 200 members and over 2,000 storefronts who are 'brick and mortar' retail establishments. It is about fairness, Mr. Speaker.

"And just another note from the Department of Taxation, the revenue impact for this bill would be similar to the revenue impact of a streamlined sales tax which is the federal measure that's being considered by several states. For this measure the revenue impact is indeterminate, but could provide between \$25 and \$30 million per year. Thank you, Mr. Speaker."

Representative Choy rose to respond, stating:

"Thank you, Mr. Speaker. Just to be really, really brief. And just to rebut the statement from the Representative from Waialae. I agree with her, but we have to remember that the GE Tax is a privilege tax for doing business in our State. The sales tax again is a tax on the purchase of goods.

"As a business person in the State of Hawaii, I pay a GET for the privilege of doing business in this State. When you sell something to somebody in this State, shouldn't you also be paying the same amount of taxes? So again, that could be a legal question that has to be looked at, but this bill is the beginning of that particular process. Thank you, Mr. Speaker."

Representative Takai rose to speak in opposition to the measure, stating:

"Thank you, I rise in opposition to this measure. First of all, I'm not arguing against use taxes, nor suggesting that consumers should not meet their obligations under State law to remit this tax, much as we do with property taxes or licensing fees, or any number of other moneys owed to the State. Instead of reading all of this, I just wanted to point out just a few things and insert the rest into the Journal, Mr. Speaker. Thank you.

"Notwithstanding the federal court decisions regarding nexus, there are privacy considerations, and I want to re-stress this because I think it's very important. First of all, no business should be required to report the buying histories and habits of its customers. Information customers assume to be private. People purchase online for a variety of reasons and many times the type of products being purchased may be known just from the name of the business.

"Senate Bill 1355 is an unprecedented invasion of privacy that most consumers will not appreciate. In fact I remind the Members that we should not forget, just recently the University of Hawaii, I believe it was West Oahu campus, had a release of information, sensitive information, that included myself and other Members here.

"And for supporters of the bill who argue that it's about fairness and a level playing field, consumers really turn out to be the biggest losers. Remember, consumers pay the tax, not businesses. Business only collects the tax. And as we had seen in other states, if we pass this bill, we can expect that online retailers will terminate their affiliate relationships in Hawaii, thus eliminating any nexus with the State.

"Internet firms don't use or benefit from government services in the same way, or at the same level as any of our local businesses. And it's a tremendous undue burden to require Internet firms to comply with more than 7,500 separate tax jurisdictions around the country. A burden that 'brick and mortar' companies here in the State are not required to share.

"And the most important influence on State tax revenue and for curing our fiscal crisis is to foster economic growth, and this bill does not do that. Thank you, Mr. Speaker."

Representative Takai's written remarks are as follows:

"Mr. Speaker, I rise in opposition to this measure. Nobody is arguing against use taxes nor suggesting that consumer should not meet their obligations under State law to remit that tax, much as they do with property taxes or licensing fees or any number of other monies owed by citizens to the State.

"Like many revenue generation and cost cutting initiatives we've debated this year, SB 1355 or the "affiliate nexus" bill has a number of unintended consequences such as costing the State money to implement the program.

"We could face costly federal litigation trying to defend the program. We WILL lose revenue currently realized by local tax-paying online companies.

"We WILL subject Hawaii companies which rely on Internet sales to the "taxing arms race" when Hawaii businesses are forced to comply with tax laws from other states.

"We WILL jeopardize taxpayer confidence in the State's ability to keep the purchasing habits of residents safe and secure as hackers are tempted to access the data base of information. Let's not forget the University of Hawaii fiasco.

"In the end – We WILL NOT generate any new tax revenue for the State from Internet sales. Instead, we will weaken our State's economic recovery efforts, as well as certainly raise concerns as more citizens learn about our government's attempt to collect and stockpile their buying histories.

"More than forty-years of established federal law is very clear: the states cannot burden businesses with tax collection responsibilities if they have no physical nexus in the state.

"In January, Colorado Federal District Court Judge Robert Blackburn issued a preliminary injunction enjoining the Colorado Department of Revenue from enforcement of a similar law. By requiring out-of-state marketers to report customers' purchase histories to the Department of Taxation, SB 1355 imposes upon out-of-state retailers the very burden the Federal District Court determined was unconstitutional.

"So, under current federal law, neither collecting sales tax, nor filing a report can actually be required of remote sellers.

"While use taxes are owed by Hawaii residents, that tax relationship is between the taxpayer and the State; remote sellers should not be conscripted into the process.

"Notwithstanding the federal court decisions regarding nexus, there are privacy considerations that continue to make the bill troubling. No business should be required to report the buying histories and habits of its customers – information customers assume to be private. People purchase online for a variety of reasons and many times the type of products being purchased may be known just from the name of the business.

"SB 1355 is an unprecedented invasion of privacy that most consumers will not appreciate.

"For supporters of this bill who argue that this is about "fairness" and "leveling the playing field", consumers really turn out to be the biggest losers. Remember - consumers pay the tax – not businesses. Businesses only collect the tax.

"As we have seen in other states, if we pass this bill, we can expect that online retailers will terminate their affiliate relationships in Hawaii, thus eliminating any nexus with the State. Internet firms don't use or benefit from government services in the same way or at the same level as our local businesses.

"It is a tremendous undue burden to require Internet firms to comply with more than 7,500 separate taxing jurisdictions around the country ... a burden that "bricks and mortar" companies are not required to share.

"The most important influence on State tax revenue and for curing our fiscal crisis is to foster economic growth. This bill does not do that. Thank you."

Representative Souki rose to speak in support of the measure, stating:

"Yes, thank you very much, Mr. Speaker and Members of the House. I speak very strong for this measure and I wish to congratulate the author of this very ingenious bill. Certainly it's a test, but if it can work, it will give us another stream of income which we badly need in the State. As we all know, we simply don't have enough revenue to maintain all the services and programs that we have. And this is another attempt.

"I'd also like to mention that it will help businesses. Right now, businesses are losing over \$30 to \$40 million a year in purchasing through the Internet. All these small little businesses are certainly not getting any wealthier with the citizens of Hawaii using the Internet more and more for their purchase of goods. It means less sales for our local businesses, and we need to help our local businesses. So I'm very surprised that some people are speaking against this measure when this is a pro-business measure that will help all the small businesses in Hawaii. They should buy locally, and if you're going to buy from the outside, you should pay for it. Thank you, very much."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. I would like the words of the Representative from Pearl City entered as my own. I think the points were perfectly stated. I wanted to also ask that the words of the Representative of Waialae be entered as my own.

"Recently I refurbished a couple buildings in my district. I wanted a certain kind of product because I wanted to re-identify one building so that it wouldn't be graffitied anymore because it had been graffitied for 20 years. We kept painting it out and painting it out. So I said I'm going to make it a little different. I couldn't find what we have here because we are far away from the rest of the contiguous states, and so much of what I wanted to have, I had to go through the Internet. I had to pay the additional shipping for the heavy bench, for the certain mailbox, for certain things.

"There are things that our people, our taxpayers, have to do. I think I've always been clear in my support for small business, but what I'm clear on is my support for our people. And our people to be the best that they can be for merit, for everything that they want to be. And I think that what we can do is we can have the best of both worlds by having that. And I think that the Representative from Pearl City established why this is the wrong way to go about helping small businesses. It's just one more notch in that tally of Hawaii's reputation of not being business friendly."

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Mr. Speaker, I rise in opposition to SB 1355. I have no qualms with the State trying to recoup tax revenue that is rightfully the State's under our current General Excise Tax laws. My primary opposition to this bill revolves around the State asking for information on retail purchases and the consumption habits of our residents. I am concerned that this measure is an infringement on personal privacy rights and that it is an overstep by government into our citizens' lives."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Just a few things. Yes, this is a fairness issue. We have many stores here, small businesses, retail merchants, who presently pay the GET, as well as a whole list of other taxes and benefits, especially when employing our local residents.

"Secondly, there was some issue brought up regarding tax information or sensitive information. DOTAX already manages people's confidential information. This is going to be nothing new. If you itemized a medical expense, DOTAX has that information. In fact, in many cases you probably submitted the receipt in which case they're going to know what it was for. So it's not like they don't do it anyway.

"Third is the issue of tax jurisdictions and the complications. My response to that is that's like any other business. If you are the CFO for Sears, or Macy's, or Costco, and you want to sell in 50 states, in varying counties, guess what? You have to know the jurisdiction and the tax code for each of those areas. If you want to sell to the country and you want to be all over the place, guess what? Just like the 'brick and mortar' guys, you have to know their tax code, too. I'm sorry. That's fairness.

"And then the last thing is the issue of the consumers. If the consumers walk into a storefront here, or a crack seed store on Fort Street Mall, they have to pay the four percent tax here as well, or in this case and in this county, four and a half percent. So irrespective of whether it's bought online or bought here, they still pay it. Thank you."

Representative Pine rose to respond, stating:

"I just wanted to make it clear that the reason I'm in opposition to this bill is purely because of the privacy issue. The previous speaker had stated that DOTAX already collects privacy information in terms of anything relating to our taxes. But according to our federal information practice statutes, what a person purchases online is not included as being protected under what he's saying that DOTAX already collects.

"And I do want to mention that I do support the Retail Merchants of Hawaii and I would support this bill, but even Carol Pregill, the President of the Retail Merchants of Hawaii, while they're for most of the bill, yet strongly urged lawmakers to eliminate the data-sharing option which is the very reason why I'm against this bill."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Jordan rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I would like to express my reservations on SB1355, SD1, HD2, relating to taxation of out-of-state businesses on their activities in the State of Hawai'i. While revenue obtained from online purchases would be beneficial to the State budget and is required to be reported and paid under current State law, I have concerns over the logistics of implementing this current proposed legislation. Mainly, I have concerns about whether or not the Department of Taxation (DOTAX) has the power to require out-of-state companies to provide private information in regard to sales occurring in the State. This type of private data collection of names, addresses and total purchase cost could be challenged in court under privacy protection acts, which has occurred in other jurisdictions.

"Currently DOTAX does not have the manpower or equipment to process what is currently reported to the Department for many other revenue collections. To better capture out-of-state revenues, I would like to see a line item included on individual tax forms so individual filers can self-report their out-of-state consumption. This would ease the burden on DOTAX and would generate revenue for our State under our current requirements."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1355, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 35 ayes to 16 noes, with Representatives Belatti, Brower, Ching, Cullen, Fontaine, Johanson, Luke, Marumoto, Nishimoto, Pine, Riviere, Takai, Takumi, Thielen, Ward and Yamane voting no.

At 11:59 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1458, SD 2, HD 3
S.B. No. 1383, SD 2, HD 2
S.B. No. 1385, SD 2, HD 2
S.B. No. 1503, SD 2, HD 1
S.B. No. 298, SD 3, HD 3
S.B. No. 1161, SD 1, HD 3
S.B. No. 1355, SD 1, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1526) recommending that S.B. No. 1496, SD 1, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1496, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I would like the words of the Representative of Hawaii Kai entered into the Journal as if they were my own. Thank you, very much," and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I am in support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1496, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENTERPRISE ZONES," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1528) recommending that S.B. No. 752, SD 2, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 752, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker, just in opposition on Stand. Com. Rep. No. 1528. The reason I'm concerned about this, Mr. Speaker, and I know that we're trying to find money in different places. It just adds numerous new and increased surcharges for businesses and various places. I'm just concerned that once we add up the whole pie of all the tax increases and the fee increases, that this may be a little bit too much for business."

Representative Ching rose in opposition to the measure and asked that the remarks of Representative Pine be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Choy rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just want to talk about the \$20 surcharge. The origin of that surcharge was the Business Registration Division did a really good job during the former Administration and they dropped the fees by over 50% over a seven-year period. So the businesses did get a break. And so like the Minority Floor Leader said, we are looking

for money right now. So actually we're just asking for it back just for a short period of time. Thank you."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. I really think this is just about the worst tax increase bill that we are going to see before us this Session. It's not the biggest but it's insidious. Just as a reminder I said at Third Reading on the House Bill that several other departments testified in opposition. I think it was the Department of Labor, the Department of Commerce and Consumer Affairs, the PUC, and I can't even remember the other one. It all goes to DBEDT to feed its operations.

"And there're so many people out there that have no idea that they're going to be slapped with a \$20 surcharge. Every single barber, cosmetologist, doctor, dentist, realtor, will be paying this and I just think it's a bad idea. Thank you."

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Mr. Speaker I rise in opposition to SB 752, which I believe has the potential to dramatically raise costs for Hawaii's business sector. As I stated in my remarks in the House version of this measure, I believe a surcharge like this has the potential to be levied multiple times on small businesses. I also worry that this fee may be passed onto consumers at a time when they are already under significant financial burden.

"This bill is well intentioned in its efforts to fund the Department of Business, Economic Development and Tourism, but I believe this measure may be counterproductive. The added fees will further burden already struggling small businesses in Hawaii."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 752, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ECONOMIC DEVELOPMENT," passed Third Reading by a vote of 43 ayes to 8 noes, with Representatives Ching, Fontaine, Johanson, Marumoto, Pine, Riviere, Thielen and Ward voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1529) recommending that S.B. No. 1213, SD 1, HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1213, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PERMITTING," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1531) recommending that S.B. No. 787, SD 2, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 787, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of Stand. Com. Rep. No. 1531. Thank you, Mr. Speaker. On any given day there's between 150 to 200 patients in Hawaii's hospitals who are waiting to be transferred to long-term care. Who are these waitlisted patients? Mr. Speaker, these patients will require hospitalization, but they have now since recovered and are deemed medically ready to transfer out of acute care to a long-term care facility.

"The total loss to hospitals in Hawaii was estimated at \$72.5 million in 2008. \$72.5 million. This is due to under payment by Medicaid and its

contracted health plans. In fact, Maui Memorial Medical Center reports that their waitlisted patients in acute care cost them \$1,200 per day. This would amount to \$36,000 per month, or \$432,000 per year. In fact, DHS, the Department of Human Services, already pays hospitals \$25 million a year in supplemental payments for these patients.

"To sum it up, patient transition is difficult from acute care to long-term care facilities. The key would be to make patient transition fast and effective, and reduce the cost. We could do this by placing more patients in home care, aging in place. That's why Kupuna Care is essential. We can also do this by having these patients that are medically ready to leave transferred to a community-based care home. It's \$1,800 a month for a foster home, compared to \$36,000 a month at Maui Memorial Medical Center.

"Perhaps transfer these patients to a public long-term care facility which would be about \$7,000 a month, or to transfer these patients to a private long-term care institution, about \$10,000 a month. But still, far below \$36,000 per month.

"If we can do these things, we can reduce the cost and perhaps reduce the \$72.5 million that was estimated to be spent and turned losses to Hawaii's hospitals. That's why I support this bill. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 787, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1535) recommending that S.B. No. 1360, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1360, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ichiyama rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Jordan rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I would like to express my reservations on SB 1360, SD1, HD2, relating to community care foster family homes. As pointed out in the testimony of the Long-term Care Ombudsman (LTCO), "most of the testimony in favor of this bill has focused on the cost of hiring a certified nurse aide as compared to a nurse aide (\$10/hr vs. \$7/hr), but the focus should really be on what's best for the resident."

"The LTCO further explains that "this bill weakens the care that community care foster family homes will be providing to our most vulnerable population by reducing the caregiver qualification." The LTCO shares my sentiments in summing up their testimony by focusing on the protection of our *kupuna*. I support the more practical approach proposed by the Department of Human Services that this bill be deferred and in the interim, all interested parties engage in discussions to restructure service delivery that ensures equity for the care providers and the safety of their clients."

Representative Belatti rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition and if I could make a few comments. Thank you, Mr. Speaker. I debated whether or not to speak up and make comments, but I feel the need to because I'd like to correct the record and let the Members know that in the Committee Report section where we talk about the testimony below, it's misstated that there was no opposition in this measure, when in fact the Long-Term Care Ombudsman strongly opposes this measure, as well as the Department of Human Services recommending a deferral, and the City and County Department of Community Service strongly opposing section 2 of this bill.

"At the end of the day, Mr. Speaker, this bill asks us to balance the health, safety and welfare of our *kupuna* against real business concerns about cost for the substitute caregivers and the providers in the community. But there's a better way to address this issue as identified in DHS testimony. While the bill is well-intentioned, according to DHS, the ability that a comprehensive restructuring of the service delivery with input from all, including agencies such as the Department of Health and the Executive Office on Aging, will provide a more effective and efficient way to provide the long-term care services needed with the welfare of the clients as the primary goal.

"Again, Mr. Speaker, I think if we have to balance the needs of business costs and concerns of the substitute care givers against the health, safety and welfare of our *kupuna*, we need to err on the side of ensuring the health, safety and welfare of our *kupuna*. Thank you."

Representative Wooley rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Wooley's written remarks are as follows:

"I support this bill with reservations. I have met with many caregivers to talk about our laws and their challenges. I'm concerned about potential risks this bill creates for our *kupuna* – our seniors who live in community care foster homes.

"This bill will would weaken existing qualifications that a community care foster home caregiver be a nurse. Instead, the primary caretaker, who may not be present, is the only person that would have to be a nurse. If a substitute caretaker is caring for a senior, they would not need to be a nurse if this bill becomes law.

"This bill can be revised to reduce risks to our seniors by at least requiring that substitute caretakers become certified within two years. There are other revisions to our laws that can also better ensure our senior caregiver options are clear, risks to seniors are minimized, and caregivers are paid a fair wage."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Thank you, Mr. Speaker, this bill mandates that the community care foster family home must be certified and in operation for at least one year prior to being approved for a third client. Today the foster family homes are allowed to have two clients. One Medicaid client, and one private pay; or two Medicaid clients. There is no time limit. There is no experience requirement that allows them to go from a two-client household, to a three-client foster home. So this bill mandates that they have to be in operation for at least one year before being approved for that third client. It's a consumer protection issue and we think it's a proper safeguard.

"Second, this bill requires that nurse aids have minimum training of at least 16 continuous educational hours every two years.

"Third, this bill does state that the primary caregiver must be a certified nursing assistant, but it does allow the substitute caregiver to be a nurse's aide.

"And fourth, the foster home needs to make available for inspection to either DHS or any of their clients, or perspective clients and family members, a certification of approval that they're licensed to do business in Hawaii. They need to have for review, license of the current case manager

or case management agency that oversees their practice. They need to also provide certification of their certified nurse aides, as well as their certifications of certified nurse aides and nurse aides available for inspection anytime.

"I should note that the Medicaid patient who transfers out of acute care to a community care foster home will be saving the State, the hospitals and consumers a large amount of money. In fact, as I stated in the prior bill, it would be \$1,800 per month for a foster care patient, compared to \$36,000 per month in acute care. This is again for a patient that's medically deemed ready to leave that acute care facility. Thank you, Mr. Speaker."

Representative Cabanilla rose to speak in support of the measure, stating:

"Just short comments, Mr. Speaker, in favor of the measure. The Department of Health and the Department of Human Services have long micromanaged the only two kinds of service that we have in the community for our *kupunas*. That is the foster homes and the care homes. And with the previous bill we discussed the patients that languished in hospital beds that we cannot place in the community which is costing the hospital and the State a lot of money.

"The only two measures that we have, I repeat again, for our *kupunas*, because we don't have enough long-term care facilities, and the ones that we do have are very expensive. They talk about restructuring the delivery of care. They have been talking about that for years, Mr. Speaker, and have opposed the measures that we have passed in this Legislature for the care of our *kupunas*, but they have not done so.

"If they have a better system they should have come up now and I would like them to come up so I could support this better system that they are proposing. But until then, I will support what we have because that's the only one that we have. Thank you, Mr. Speaker."

Representative M. Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support and I want to include some written comments. But I would like to say that in testimony, I think the new Director of Department of Human Services is very sensitive to this issue and has a lot of good ideas. Particularly those ideas which would help language access in the area of examination for the nurses aides to become CNAs. So I support this, and I support the Director's ideas for improvement of the system. Thank you."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure. We have heard how the impact of wait-listed patients affects the bottom line of our hospitals as well as fill up needed acute care beds.

"Community Care Foster Family Homes are the front line of destination for the patients who are unable to return to home. A family setting is a good thing for many patients. Many operators have a substantial amount of nursing care experience.

"Whether a home can handle 2 or 3 patients is dependent upon the specific patient needs and skill of the caregiver- something that should be determined by the licensing agency.

"Whether a caregiver is a nurse's aide or holds a certificate as a certified nurse's aide has led to some of the Members' questions.

"The problem here is that there is a significant language access problem associated with the CNA exam which is given only in English and is a significant cost item.

"I believe this bill should deal with this concern by asking the Department of Human Services to assist with providing CNA classes in appropriate language. The bill should go forward with a 2 to 3 year sunset allowing time for those who would take advantage of a revised test. Patient safety is at stake here. I believe the DHS has a flexible attitude towards

this and will work with the care homes to achieve that result. I urge the Members' support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1360, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO COMMUNITY CARE FOSTER FAMILY HOMES," passed Third Reading by a vote of 47 ayes to 4 noes, with Representatives Belatti, C. Lee, Luke and Takai voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1536) recommending that S.B. No. 367, SD 3, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 367, SD 3, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker, I'm rising to cast a no vote and to speak in opposition to the interisland high voltage electric transmission cable system which will cost your constituents and the ratepayers untold amounts of money as yet to be determined. Thank you.

"Senate Bill 367 will shift the entire cost of the interisland cable on to the ratepayer. All our constituents on Oahu. By voting for Senate Bill 367 we pass on to our constituents the entire cost of the cable even if the final project does not deliver the electricity as promised. By voting for Senate Bill 367 we will be shielding Hawaiian Electric Company and its shareholders from all possible negative outcomes. Wouldn't the Representative from Manoa love to see these kinds of business deals in the general business community, as we all would? It doesn't happen. The normal business community shares the risk, as it should, and they don't ask to be exempt from it.

"Our constituents will be bound to pay Hawaiian Electric shareholders a guaranteed rate of return even if the interisland cable fails to deliver. And for the first time in HECO's history, the Legislature will give HECO a profit, no matter what. And our constituents will pay, no matter what.

"Proponents argue that the risk is negligible yet they insist that your constituents pay upfront. But if the risk is so small, Mr. Speaker, why are HECO and the Department of Business and Economic Development so determined to pass all the cost onto our constituents.

"Proponents also argue that by funding the cable upfront it will protect the ratepayer down the road, but is this really true? This legislation doesn't establish any protection for the consumer that would guarantee that the ratepayer would actually benefit from lower rates. And yes, Majority Leader, I've read the bill. Go look at page 19, 20, 21 and see what happens with this. We have no indication whatsoever what the price per kilowatt hour will be. But we are allowing the electric utility company to recover its costs. It can recover its revenue requirement resulting from acquiring the undersea cable system. It can recover through an automatic rate adjustment clause its revenue requirement resulting from the capital cost that it incurs for on-island transmission infrastructure.

"For those of you that haven't looked at your utility bill and seen the ECAC, that's the Energy Cost Adjustment Clause, where every time the price of oil goes up, Hawaiian Electric passes 100% of that increase on to the ratepayer. We're now going to have an ECAC for the cable, an automatic rate adjustment clause, meaning boom, up it goes. And it can be coupled with the existing ECAC or be a separate one. To provide for the timely recovery of the revenue requirement, the Public Utilities Commission shall establish a separate automatic rate adjustment clause for that purpose. You watch your bill. It's going to up and you'll have no power or control over that.

"The electric utility company's revenue requirement shall include an approved rate of return. Wouldn't you love that? You go into business, you're not sure if you're going to be able to make it work, but you're going to get an improved rate of return. You're going to be guaranteed a profit.

Hawaiian Electric is. Our other businesses in the State aren't. You're also going to be able to recover depreciation revenue taxes, other relevant costs, and the electric utility company's net investment includes the cable acquisition costs, cost of planning, permitting, construction, the on-island transmission infrastructure ..."

Representative Ching rose to yield her time, and the Chair "so ordered."

Representative Thielen continued in opposition, stating:

"Thank you. Including an allowance for funds used during construction where the utility finances the planning, permitting and construction costs. It's just outrageous, Mr. Speaker, because you don't know what the cost is going to be.

"Cost estimates range from \$500 million to \$1 billion, but we don't know. Because we've had no analysis made available to us as decision makers. \$500 million to \$1 billion, and yet it could be more. Is it fair to commit the public to having to pay back for this? Because the bill automatically gives them this, and gives them a profit.

"Senate Bill 367 is rife with conflict and it allows Hawaiian Electric, as I've been saying, to take great risks without any consequence, and may actually act to delay meaningful contributions to our green energy transition. We all want a green energy economy and a green energy island chain. But Senate Bill 367 could lock us into a lawsuit similar to SuperFerry.

"And as I've noted to this Body a while ago, a number of years ago I said, 'Don't do away with judicial foreclosures. Don't allow the banks to do non-judicial foreclosures because there'll be dire consequences to many of the people in our islands who will lose their homes.' I said that a number of years ago.

"Today I'm saying, we're passing a bill that can lock us into SuperFerry type of litigation, cause those expenses to the State and Mr. Speaker, that takes the resources of this State to try to defend a bill that is a special interest bill for a monopoly utility and it draws us away from the true renewable energy efforts that we should be making in our State.

"I would also note that many residents of Lanai strongly oppose the wind farm that would provide electricity for the cable. And I would just ask those of us that live on Oahu to think, what right do we have to say that the residents of Lanai should have a large portion of their island turned over to a wind farm with that, I'd say visual blight some would call it, to provide power for Oahu. Not for Lanai. Not a self standing wind farm to provide the power to take Lanai off the electric grid. But no, we on Oahu feel that we have the right to say, Lanai, too bad. You're going to have to be the industrial wasteland to provide power for the residents of Oahu. I think that's shameful, Mr. Speaker.

"By voting for this bill, we're going to be giving Hawaiian Electric a \$500 million to \$1 billion gift that may or may not work. And it doesn't matter whether it works or not, the ratepayer has to pay for it under this scheme. Wouldn't it be better to insist that Hawaiian Electric take a risk just like any other business has to do in our State, Mr. Speaker. And then if they had to, I truly question whether this big wind project form Lanai would be their answer. I truly question if they wouldn't look at local resources that we have right on the Island of Oahu and tap into those resources at a less expensive cost to the ratepayer. This is a bad bill, Mr. Speaker. And I've read it. Thank you."

Representative Fontaine rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker, I'm standing in strong reservations on this measure. While I'm in favor of renewable energy, and the concept of wind and other types of technologies that will help address our issue of energy dependency on oil, being a resident of Maui and having wind technology on that island, it forever changed the landscape of the West Maui mountains having those windmills there. I think a lot of people on Maui bought into that consequence by thinking that by having wind that our electric bills were going to go down, and in fact they didn't. They've been

steadily going up. So I'm concerned about that. I'm concerned about that impact that it will have on the people of Lanai.

"And the only reason I am not voting in total opposition is because I believe that it is a technology that we need to look at. I'm not in favor of the sweetheart deal that we are giving Hawaiian Electric in terms of doing this project, but I think we have to be really careful as we proceed forward with these types of projects and really take a look at the unintended consequences of our actions as this Body moves forward. Thank you."

Representative Wooley rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I rise with reservations. And I'd just like to make a couple of comments and then insert written comments. Thank you."

"I think we all generally agree we need to reduce our dependence on oil. We need to increase our renewable energy production within the State. And I think we all need to strive for efficiency and actually reducing our use of energy."

"This bill claims that it will move us in that direction. And if you look at the Committee Report, however, it says, the purpose of this bill is to establish a regulatory structure for the installation and implementation of an interisland high voltage electric transmission cable system. I think it's premature. I think that with the concept of us having wind mills on Neighbor Islands and then connecting it to Oahu is a concept, and I think it's potentially a good one. But there's been no analysis about the cost or the benefits that I've seen. Nothing in the record. I think also that I'm very concerned that this actually expands government at a time when we shouldn't be expanding government."

"And as the Representative from Kailua indicated, if you look at the language in this bill it looks like it's designed to benefit one corporate entity. So if you just glance at the bill throughout it, it has words such as, 'a cable company shall be selected through a request for proposal.' Or, 'an application for certificate of public convenience and necessity,' which is essentially what the PUC would do when they apply. It actually will be approved within 180 days."

"So, Mr. Speaker, again I just want to say that I think that this is premature. It may increase our electric costs significantly. It may be a dream for some lucky cable company. But I would much rather see something like a task force. Thank you."

Representative Wooley's written remarks are as follows:

"As I said, I have serious reservations about this bill, but that doesn't mean I'm opposed to an underwater cable system to promote renewable energy. I strongly believe in and support the many efforts underway to decrease our dependence on imported fossil fuels and move us toward energy independence and sustainability. However, this bill is premature. It also goes too far -- it will lead to a dramatic increase in electricity rates (estimated to be around 25% higher) with the risk of failure shifted entirely from a private corporation that wins a contract, to the ratepayers."

"In the State of Hawaii Department of Business, Economic Development and Tourism Progress report to the Governor and Legislature on January 4, 2010, DBEDT identified activities and initiatives to support HRS Section 196-41(c)(2). Priorities in that report included the study of interisland cable feasibility and likely performance, the evaluation of cost/benefit studies, and an economic modeling of the energy system. These activities have not been completed; it's possible that none of them have even begun. There simply has not been a qualitative or quantitative analysis of the cable system."

"In addition, a request for proposals to do an environmental impact statement was initiated by DBEDT, but it is nowhere near complete."

"My question for other legislators and the public to consider as they contemplate the potential for this bill to move forward is how can we go from a report in 2010 that identified studies and activities that need to be completed to evaluate an underwater cable proposal, directly to the

establishment of a regulatory support structure for a cable system, with specific provisions for one corporation to win a contract and then shift all the financial risks and costs to the ratepayers? This bill simply doesn't make sense in its current form -- it's in the wrong place at the wrong time and has potentially devastating consequences for the people of Hawai'i."

"Without more information and justification for a bill like this, I will not be able to support this bill in final reading if the language stays the same. I would support a bill that sets up a task force to evaluate the underwater cable system and report the findings to the legislature prior to the next legislative session. We simply cannot put the cart before the horse without serious negative consequences and risks."

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, in opposition, Mr. Speaker. I would like to use the words from the speaker from Kailua as my own. My opposition is really very simple: if it is this Legislature's priority to make the ratepayers pay for this, then the ratepayers should have equal ownership and equal profit. And I think that's what I found so troubling in this bill that the ratepayer is taking on all of the risk and getting no part of the profit."

"And so I hope as this bill moves along that we start thinking about what Alaska has done with their natural resources and their natural gas. Their Legislature and their Governor helped the people of Alaska to be part owners of all this natural energy that they have. And so it's not unusual for our constituents to be part owner of this windmill project. I think we are very smart to be in favor of promoting natural energy and I support that aspect, but I do believe that we should all have the profits as well."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. In support. I do have reservations and I would like the words of the Representative from Kihei, aka my brother from another mother, entered in the record as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Ching rose in support of the measure with reservations and asked that the remarks of Representative Pine be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise with reservations on SB 367, Mr. Speaker. I do support efforts to build infrastructure that will encourage and facilitate renewable energy and bring our State into an economy reliant on renewable energy. However, I am concerned that this project holds HECO ratepayers, our constituents, financially liable for the project, whether or not it is completed efficiently and successfully."

Representative Coffman rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support of Senate Bill 367. Mr. Speaker, this bill does not approve a wind farm project. It does not approve the installation of an undersea electric transmission cable. It does not approve the installation of the electric utilities on-island AC to DC conversion station."

"Mr. Speaker, what this bill provides is a regulatory structure for the PUC. Mr. Speaker, the certification section of this bill outlines the steps for the development of a request for proposal, an RFP process that will determine the necessity for a high voltage electric transmission cable system. Determine if a cable company is financially fit, and determine if a cable system would be a cost effective and smart investment for the future of Hawaii."

"Mr. Speaker, the certification process outlines the steps to protect the ratepayers of our state by using a project on project process. A process that

links the cable company, the independent power producer, and the electric utility company together. The system has to work before a cable company and the independent power producer are compensated by the ratepayers. The PUC does not have to authorize any compensation to the electric utility if the project is started and not completed.

"Mr. Speaker, the only way that we can explore the possibility of bringing renewable energy from the Neighbor Islands to Oahu is to take this first step and authorize this regulatory structure. Thank you."

Representative Riviere rose to speak in opposition to the measure, stating:

"I rise in opposition. This bill is a blank check. It's a blank check for an uncertain future that is completely at the risk of the ratepayers of this island. The purpose of this bill according to its text says it's to establish the regulatory structure under which interisland undersea transmission cables can be developed, financed and constructed on commercially reasonable terms.

"Well that may be, it may be built and it may be built on commercially reasonable terms, however there's no clear indication what that's going to cost. And if we're going to write a blank check, I would suggest that this bill include a cap. How much are we going to pay? Are we going to pay \$1 billion, \$1.5, where does it stop? This is premature in my opinion because we haven't got to that question of what is the overall cost. And further, the section where it says recovery of electric utility company costs, and this is the great part, it says an electric utility company may recover the costs that it prudently incurs in acquiring a high voltage electric transmission cable system throughout the commercial operations period after it is acquired. So this bill is giving a blank check to buy the system as soon as it's complete and operational and we will continue to pay for it essentially without limit. That's how I'm reading this.

"The argument for the interisland cable is because there's so much wind on the outer islands and we have all the electrical demand over here. We have other resources that we can and should be exploring. In my district, Kahuku, we just turned on, we activated a new 30 megawatt wind power, so I'm not opposed to wind. Our community is very proud of this system. It is state of the art.

"But this project, you hear this number waved around that we're spending, \$7 billion a year is going overseas to the oil companies. This project is justified if the price of oil goes greater than \$120 a barrel. That magic \$7 billion. My question to the membership and you, Mr. Speaker is, what's the benefit to the ratepayer if that \$7 billion goes from the oil company straight into the pocket of the electric company? I'm not seeing the gain for our community, and our independence, and our financial security.

"So those are some of my major concerns. There is another one that says, right here where it says, if the electric utility company elects not to complete the on-island transmission infrastructure, the electric company may be allowed to recover reasonable costs. It doesn't say they're stopped or something got in their way. It says if the company elects not to complete the infrastructure they may be able to recover their moneys.

"So the questions I have are three. How much are we going to pay for this cable? Why are we writing a blank check? When we have wind generation we also have to have backup generation in case the wind stops blowing, so we have to pay the costs which is not calculated in any of this, of that backup reserve power. That is not insubstantial when we're talking about one third of our power coming from another part of the State. Where's the savings from the oil cost going? I don't see any savings in this project. So we're committing to spending a high price. There's no risk on the utility. They get everything they want. And we don't know what we're signing up for right now. I really don't think this bill should go forward at this time and not until we know the other pieces of this puzzle. Thank you very much."

Vice Speaker Manahan then stated:

"Before we proceed on Members, just so you know, the Senate has adjourned their session."

Representative Carroll rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, I've gone back and forth on this measure. And like many, I do support renewable energy, and getting us off of the importation of oil. Looking at creative ways of how we get the energy to the other islands.

"But today I have to oppose this bill, and with all due respect to the Chair of Energy and Environmental Protection, this measure states that Neighbor Island resources should be used to satisfy Oahu energy needs. Maui County has many of its unresolved energy issues. These issues need to be addressed and resolved before the State considers Maui, Lanai and Molokai as abundant energy sources to be tapped for Oahu's sole benefit.

"This measure also presumes that using high voltage transmission cables to carry energy from Maui, Lanai and Molokai to Oahu is feasible. But environmental and other necessary technical studies have not yet been completed and reviewed.

"More importantly, the voices of the people of Lanai and Molokai and Maui, which I have been bombarded by my constituents, have said that they have not yet been heard. At a minimum, public meetings need to be conducted on both islands before a regulatory structure is considered. And I'm sure the intention of the Public Utilities Commission is to do that, but like I said today, I need to oppose this.

"Also regarding the proposed regulatory framework is unclear on how community benefits would be determined, who would bear the cost if these projects fail, and how these costs would be apportioned among ratepayers on Maui, Molokai and Lanai for an electrical transmission cable to service Oahu customers. A deferral is warranted to allow more time for community input. I ask for permission to submit comments to the Journal. Thank you."

Representative Carroll's written remarks are as follows:

"I would like to express my opposition to SB 367 SD3 HD2, establishing a regulatory structure for the installation and implementation of an interisland high voltage electric transmission cable system to transmit clean, renewable energy in the State. Although, I support efforts in promoting clean energy technology within our State, I need to oppose this bill for the following reasons. I would like to address the concerns of Maui County, the Office of Hawaiian Affairs, and many other constituents that have asked for my help regarding this measure.

"I would like to reiterate that Maui County has many of its own unresolved energy issues. These issues need to be addressed before jumping into an aggressive and risky enterprise that will not only be very extremely costly, but one that does not offer much remedy if such a plan should fail. I believe that more study and planning needs to be completed before undertaking such an enormous task designed to benefit the island of Oahu while potentially having drastic cosmetic changes, especially to the islands of Moloka'i and Lana'i.

"I question the feasibility of such a project when many technical and environmental impact studies need to be done to properly assess whether or not such a venture is indeed possible in its most current form. Furthermore, this interisland power cable in the state would lie across submerged ceded lands, which should require the support of the parties that govern such area.

"Again, I understand the need for this State to become energy efficient, but I am hesitant in supporting an undertaking that, assuming all the stages go according to plan, has the potential to only benefit 10% of Oahu's energy needs, does not significantly reduce energy costs, and will drastically impact the islands of Maui, Lana'i, and Moloka'i. It for the abovementioned reasons that I oppose SB 367 SD3 HD2."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. And you wonder why we don't have more alternative energy in this State. This discussion today takes me back 23 years when I was in the Senate and we were trying to legalize geothermal. I heard all the same arguments. I almost got lynched when I voted for it, and some of those same people that opposed geothermal are part of that group that's trying to expand geothermal in the State of Hawaii today. We talked about undersea cable. Oh we're going to kill the whales. If your electricity rate goes up on Oahu, you know what you can do? PV, solar, on demand gas, your own generator. You've got a lot of options. Let's keep discussing this. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with reservations. Mr. Speaker, I love geothermal. I love solar. I love photovoltaic. I love wind energy. I love wave energy. I love all of those. And my wife is bugging me to put photovoltaic on my roof, but I'm not going to pay \$100,000. Well you say, it doesn't cost that much. Well, because we got proof. This one says there's no proof of what taxpayers are going to have to come up with and if the Chair of the Energy Committee is so certain, my goodness just put it in the bill or 'statutize' it, or put it in the Committee Report for all of us who love the idea. I think this is a great idea.

"It's a great idea with a bad business model. And those of us who can add and subtract are saying, 'My God. Okay you can get photovoltaic on your roof, but hey it's going to cost you an arm and a leg which for another 100 years you can pay for.' I mean, let's get real. Let's get down to the dollars and cents. And if it's not a good deal, let's not do it. There's other ways of doing it as the gentleman from the Big Island said. Let's do it ourselves and become self-independent.

"Mr. Speaker, it reminds me of the African saying that when the elephants fight, the grass and the trees, the small guys, get smashed. And we want to make sure when the big monopoly and the big government of the State of Hawaii fight, that the ratepayers don't get smashed on this. Let's go back and do our homework. Thank you."

Representative Fontaine rose and stated:

"Yes, Mr. Speaker, please change my vote to a no vote."

At this time, Representative Tokioka called for the previous question, stating:

"Thank you, Mr. Speaker. I can smell the aromas of lunch and I'd like to ask to call for the question. Thank you very much, Mr. Speaker."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in opposition to this measure, Relating to Energy. This bill was not referred to the Committee of Hawaiian Affairs which is tasked to examine submerged ceded lands. Establishing the regulatory scheme for an interisland power cable is presumptuous when the environmental impact studies (EIS) are in the preliminary stages. The native Hawaiian people on Moloka'i and Lāna'i have grave concerns and the potential impacts of their islands resources before tapping their neighbors resources. It is interesting that the Chair of the Public Utilities Commission deferred to the Legislature on whether to facilitate the development of the inter island cable system."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 367, SD 3, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," passed Third Reading by a vote of 44 ayes to 7 noes, with Representatives Carroll, Fontaine, Hanohano, M. Lee, Pine, Riviere and Thielen voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1537) recommending that S.B. No. 725, SD 2, as amended in HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 725, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Awana rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations. Solid waste is a burden to the people of my district. Increase the solid waste fee and watch the increase in illegal dumping. My district along with many rural areas is also burdened by illegal dumpsites. There is already a solid waste fee. We add to an already bad situation and make it worst. For these reasons, I rise with reservations. Thank you. Mr. Speaker."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"On solid waste, reservations on the increase on fees."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 725, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SOLID WASTE," passed Third Reading by a vote of 48 ayes to 3 noes, with Representatives Fontaine, Pine and Ward voting no.

At 12:39 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1496, SD 1, HD 1
S.B. No. 752, SD 2, HD 1
S.B. No. 1213, SD 1, HD 1
S.B. No. 787, SD 2, HD 1
S.B. No. 1360, SD 1, HD 2
S.B. No. 367, SD 3, HD 2
S.B. No. 725, SD 2, HD 1

At this time, the Chair announced:

"Members, we will now recess for lunch and return at 1:15 p.m. Thank you."

At 12:40 o'clock p.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:28 o'clock p.m.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1538) recommending that S.B. No. 146, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 146, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 146, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BIOFUEL," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Cullen and Yamane voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1539) recommending that S.B. No. 699, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 699, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Thank you. Mr. Speaker. I am in opposition to this particular measure. It raises fees and I think they're quite large. This is Senate Bill 699, Senate Draft 2, House Draft 2, Relating to the Office of Environmental Quality Control. It establishes fees to help fund the operations of the OEQC and to create an Environmental Review Special Fund. It will help fund the activities which include the ability to hire staff, support outreach, training, education, research, modernize and maintain technology systems, and develop technology training.

"But the proposed fee is as follows:

- \$1,500 for a draft environmental assessment;
- \$1,000 for a final environmental assessment;
- \$500 for an environmental impact statement preparation notice;
- \$4,000 for a draft environmental impact statement;
- \$3,000 for a final environmental impact statement;
- \$500 for other significant addendum to a final environmental assessment;
- \$500 for a final environmental assessment or supplemental environmental statement preparation notice;
- \$2,000 for a supplemental draft environmental impact statement; and
- \$1,000 for any supplemental final environmental impact statement.

"These fees are quite high and one project may incur many of them in completing their EIS. And this is according to the testimony from the Land Use Research Foundation of Hawaii. And they said it's based on what appears to be an arbitrary interim fee schedule for review of environmental documents. The arbitrary criteria for waiver of fees and the lack of transparency and stakeholder input in setting the arbitrary interim fees and waiver criteria. They were unhappy because it was created without stakeholder input of those select organizations that would be burdened by paying these fees. They state that it will increase the cost of State, county, and private development projects and economic development.

"So I think I agree with them. It's simply bad policy and bad business, especially in these economic times. Thank you."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Wooley rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Wooley's written remarks are as follows:

"I support this bill with reservations. I'm simply concerned that the increased fees will cause the cost of projects to go up at a time when we need to stimulate the economy. In addition, the increased fees may encourage scofflaws and shortcuts that will hurt the environment in the future."

Representative Coffman rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support of Senate Bill 699. Mr. Speaker, what's going to cost a lot of money is the developers who are delayed by months, and in some cases years, to get their EAs or EISs processed.

"The fees that were mentioned by the previous speakers are small compared to their cost to get their things processed, in upwards of a half million dollars. So what we need to do is to be able to fund the Office of Environmental Quality Control so they can move forward with the process, speed up the process, and help our development community move forward. Thank you, Mr. Speaker."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Souki rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Awana rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in opposition. The increases in fees are too large and consumers will ultimately pay for these increases. We want to support construction and development. I can foresee a decrease in construction and development because of this measure. Mr. Speaker, I believe the real question that should be asked is, "How much do they need?" and "How much will these additional fees bring to the department it needs?" Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 699, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE OFFICE OF ENVIRONMENTAL QUALITY CONTROL," passed Third Reading by a vote of 45 ayes to 6 noes, with Representatives Cullen, Fontaine, Har, Marumoto, Pine and Yamane voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1540) recommending that S.B. No. 1244, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1244, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BIOFUELS," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1541) recommending that S.B. No. 239, SD 2, HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 239, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to disclose a potential conflict of interest, stating:

"A ruling on a potential conflict, please. My grandson is at the Med School. Thank you," and the Chair ruled, "no conflict."

Representative Johanson rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Thank you. When this bill came up before in the House version at Third Reading, I was fine with it. And actually I still don't mind it. I don't mind the underlying tenant of this particular measure. But what I think is most problematic is the inclusion in this particular draft of the establishment of a Public Health School. I think again, most of us would like the UH Medical School to wean itself off of Tobacco Settlement Funds. I don't have any principal disagreement with any two of the other programs that it goes to.

"But I think an establishment of a Public Health School as this particular bill calls for is not necessarily very timely or prudent, given one, our budgetary constraints. It sort of suspends reality when we're looking for money in the public eye to be creating another school which may or may not be duplicative of the Medical School in its scope and mission.

"Furthermore, in splitting up the money that is taken from the Tobacco Settlement Fund it doesn't really achieve the end that any of the intended parties seek. The Medical School is losing money. That's going to have an adverse impact on them. It's not enough money for the public Health School to necessarily be self sufficient. And I'm not sure, with respect to the other two programs, that this diversion of funds goes to, whether or not that fully achieves their ends. So I think as a compromise, I understand why this may have been made, but I don't think it necessarily satisfies the ends of all of the intended parties.

"And lastly I think what is most ironic about this bill is given that it's underlying premise is rooted in achieving self-sufficiency and financial solvency for the Medical School, it's ironic that by creating another school we're perpetuating that cycle of dependency because it's not likely that the Public Health School as established by this bill is going to be receiving enough revenue to be self sufficient, get off the ground, and create itself.

"So for all those reasons, I hope that as this goes to Conference, this particular section of the bill, the creation of a Public Health School at UH is taken out. Thank you."

Representative Yamane rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm standing in support. Mr. Speaker, in regards to the establishment of the School of Public Health, Mr. Speaker, JABSOM is currently looking at reestablishing in conjunction with the UH to develop the School of Public Health, and hopefully if they get the right resources, a School of Public Health could be established within about three years.

"Also, Mr. Speaker, also a UH School of Public Health would be able to draw in federal moneys from, for example, areas like the Center for Disease Control, as well as FEMA and other federal funds to do research in the area specifically related to issues relating to disease outbreak, chronic health issues, which includes tobacco cessation, Mr. Speaker.

"In regards to the School of Public Health and the nexus of the Tobacco Funds, public health and education is actually a more direct nexus than actually programs like JABSOM.

"Mr. Speaker, as we look forward, and as we move forward in regards to how to wean or get the School off the chronic cycle of using Tobacco Funds, the issue was using these funds with a more direct nexus of helping the future generations understand and be aware of diseases, and the impacts of cancer and tobacco related issues. A School of Public Health is

a direct nexus, Mr. Speaker. They would be the ones to educate and train those in the field that would be dealing with those suffering from respiratory and chronic disease. Thank you, Mr. Speaker."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I will vote on this measure with reservations, serious reservations. I found the arguments from the Representative from Moanalua compelling. Thank you."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I also rise with some reservations and they are reflected in the comments made by the Representative from Moanalua.

"It's my hope that one day that we will be able to harness the John A. Burns School of Medicine as again, a source of excellence reflecting the East-West understanding of the strengths of both types of medicine, to be able to really be a source of pride and excellence. And I'd like to see us realize that goal because there are so many countries out there, be it Korea, etc. who would love to come here with their revenue, and come here and utilize somehow connected to our Medical School. And I think that was probably one of Dr. Cadman's goals. So getting back to Dr. Cadman's vision, I'd just like to see our Medical School excel. Thank you."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takai rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition and I request written comments to that effect. Thank you. I just wanted to briefly just explain to the Members my opposition. I do recognize and appreciate the efforts made by the Chairs of Health and Higher Education as they attempted to address the shortage of medical personnel in the State by creating those residency programs, or at least putting it into this bill.

"However, Mr. Speaker, and I've said it from the beginning in 2001 when we created the Hawaii Tobacco Trust Fund that I'm going to, as long as I'm here on this Floor, I'm going to defend to the day that I'm not, why we set it up and how important it is. I would have let this bill pass this year, but there's another bill going through the Legislature that basically erodes the corpus of this Tobacco Trust Fund and also takes, for the next two years, the money going to tobacco prevention efforts.

"So not only do we not do what the advocates, the anti-tobacco advocates want in this bill, but we basically cut off their legs in the other bill. And when we go back to the creation of the Tobacco Trust Fund in 2001, I don't think any of us expected that we'd be here today talking about this.

"The other thing is in the hearing in Higher Ed, we had a discussion not only on the JABSOM, the John A. Burns School of Medicine, but also the Cancer Research Center. And as you all know these two facilities or two entities are kind of like combined and working together. What you may not know is a few years ago we appropriated I believe, it was 1 cent per cigarette to the Cancer Research Center, which amounts today to \$16 million a year.

"Now the reason why that's significant is because we learned through written testimony that was filed late, and you can take a look at it on the computers. We learned that the debt service for the Cancer Research Center is going to be in the amount of \$7 million a year. So what does that mean? Well there's another \$9 million somewhere being saved up for different things. Things like hiring new researchers for the Cancer Research Center.

"So I had an opportunity to talk with MRC Greenwood, the President of the University, and I asked her why doesn't she take some of this \$9 million, which is coming from the cigarette tax, and have that money support the Medical School, because the Medical School does need the

money. And give the \$4 million, which is what we're doing here today, give it back to the advocates so that they can do what they need to do in terms of tobacco prevention. No answer there.

"The reason why I bring this up is because I think we need to take a look at this package. We need to understand how much money is going to the Medical School. How much money is going to the Cancer Research Center. What they're using it for. And what the realities are in terms of the future request and general funds? And I think if you put everything together you'll understand why I stand here in opposition to this bill. Thank you, Mr. Speaker."

Representative Takai's written remarks are as follows:

"Mr. Speaker, I rise in opposition to this measure. Let me say at the onset that I continue to support the University of Hawaii and the John A. Burns School of Medicine (JABSOM). However, I have two major objections to this measure. First, I continue to raise serious concerns about the use and erosion of the tobacco settlement funds. Second, I continue to take issue with the University's failure to fulfill numerous promises.

"I remind my colleagues of the Master Settlement Agreement (MSA) between the 46 states and the five major tobacco companies. According to the agreement, the settling states and our citizens will receive "significant funding for the advancement of public health and the implementation of important tobacco-related public health measures."

"In keeping with the spirit of the original lawsuit and the MSA, the 1999 Legislature passed Act 304 (SB 1034 CD 1), which states, "The fund shall serve as a mechanism to maximize financial resources for tobacco prevention and control, health promotion and disease prevention programs, children's health programs, and to serve as a long-term source of stable funding for prevention-oriented public health efforts."

"In 1999, when we set up the Tobacco Settlement Special Fund (TSSF), we dedicated 25 percent of the funds to tobacco prevention and quit-smoking programs. The reason why we dedicated 25 percent of the funds to tobacco prevention was the return on investment for tobacco prevention and control is quite significant. Essentially, for every \$1 spent on tobacco control, Hawaii saves \$5 in health care costs.

"Recently, the Hawaii Tobacco Prevention and Control Trust Fund (TPCTF) reported that from 2000-2009, \$88.9 million was spent in tobacco control. The projected health care savings from this \$88.9 million investment is \$451.7 million.

"In addition, there has been a significant decline in smoking rates from 2000-2009. In 2000, 12,000 high school students smoked. In 2009, only 5,500 high school students smoked.

"In 2000, 2,200 middle school students smoked. In 2009, only 1,300 middle school students smoked.

"In 2000, 187,900 adults smoked. In 2009, 154,000 adults smoked.

"I mention these statistics to show concrete evidence that since its inception, the TPCTF has saved lives by being a major driving force behind the reduced smoking rate in Hawaii.

"On the heels of September 11, 2001, the Legislature reallocated 28 percent of the annual tobacco funds to the UH Medical School while cutting the funding to tobacco prevention programs to 12.5 percent (one half of the initial amount).

"In 2009, tobacco prevention programs were again deprived of settlement funding with a further decrease to 6.5 percent.

"In 2001, JABSOM received 28 percent. Ten years later, JABSOM continues to receive 28 percent. In addition, in 2001, the intent of the Legislature was to fund only the construction of the medical school campus. Since 2007, funding over and above the bond payment went to the operations of the medical school. This temporary use of the extra funds

was supposed to end. Today, the UH Medical School says that it needs this extra funding forever.

"How can we explain the decrease of tobacco prevention support from 25 percent to nothing, while we hold steady and protect the funding to the UH Medical School at 28 percent?

"To add salt to the tobacco prevention efforts wounds, the Legislature is contemplating a raid of about \$30 million from the corpus of the TSSF and the elimination of all funding for tobacco prevention efforts for at least the next couple of years (SB 120).

"Even the Hawaii Department of Health (DOH) is deeply concerned that the long-term viability of tobacco prevention efforts is at risk. In testimony before the Legislature this year, DOH urges that "any redistribution of the TSSF be done in consideration of the original spirit of the lawsuit, settlement and resulting state statutes that established the special fund."

"In addition to our initial commitment to tobacco prevention efforts, I'm also concerned about the University's failure to follow through on commitments made to the Legislature since 2001.

"If we don't hold the University or other departments to their commitments, what good are their promises? And how can we believe them in the future?

"The commitment to use 28 percent of the funds for the UH medical school is much more than covering a \$150 million bond float. It's really about spending 300 million dollars! The debt service agreement was originally pegged at \$302 million or around \$10 million for 30 years.

"In addition, the University committed to raising \$150 million in matching funds to cover the cost of renovating the old Bio-Medical Sciences Building, to cover the cost of construction of the new Cancer Center, and to cover the operational costs of the new medical school in Kakaako.

"In 2001, I voted against our efforts to erode the promises we originally made in 1999. My vote today is in part because of this. But, my vote against this measure today is much, much more.

"We must hold people accountable for their words, commitments, actions, or, in this case, inactions. I would like to quote from a few letters that I have received in the past.

"On March 25, 2003, Dr. Ed Cadman, former dean of the UH Medical School, wrote: "Our best guess would be that operation and maintenance costs of the facility will be between \$6-\$7 million annually. We expect to primarily fund these costs through F&A (facilities and administration) cost recovery from sponsored projects."

"Cadman continued, "We understand (the Legislature's) expectation that the new school campus will be financially self-sufficient and the importance of having the ability to accurately measure and evaluate the school's return on investment."

"On February 25, 2004, David Morihara, former Director of Government Relations, wrote: "We anticipate that a substantial portion of the operating costs of the core facilities will be funded in future years mainly through the extramural facilities and administrative recovery mechanism and secondarily through interest earnings on endowments generated from naming opportunities and a contribution from the ancillary services provided on campus."

"Director Morihara also provided us with a chart explaining the Operating Cost Projections from fiscal year 2005 to fiscal year 2009. The chart shows that there were initial state funds of \$1.8 million to fund the start up of the medical school in FY05. An additional \$3.9 million was needed in FY06 to carry the medical school through a second year of transition. However, in FY07, the operations of the medical school were supposed to be nearly 100 percent self-sufficient. At that time in 2004, their own figures suggested that only \$364,952 were needed in additional

state funds to operate the new facilities. They projected general fund requirements of \$352,094 for FY08 and \$337,822 for FY09.

"On March 7, 2005, President David McClain wrote: "I do want to acknowledge that with regard to the funding of the operating costs of the research building and the educational building of the John A. Burns School of Medicine at its new location in Kakaako, initial commitments made in 2001 at the time the construction of the new facility was approved have been shown with the passage of time to have been overly optimistic."

"President McClain's comments were welcomed and necessary. In 2003, he committed to re-doing the financial plans for the medical school. He brought in Professor Shirley Daniels to come up with the new plan. In 2005, we approved an additional \$3.7 million for both FY06 and FY07. This temporary funding was placed in our budget as a proviso because the University committed to fixing their balance sheets by June 30, 2007. According to their commitments in 2005, they were only going to need this \$3.7 million for two years. Afterwards, their financial plans suggested that very little state funds would be needed in the biennium budget (FY08 – FY09) for the operations of the medical school.

"Gary Ostrander, who in 2007 served as the Interim Dean for the Medical School, said to *The Honolulu Advertiser*: "To the best of my knowledge to this day there was never a business plan. If there was one I have not seen it." This is totally absurd.

"In 2007, the University requested \$4.1 million for FY08 and \$4.35 million in FY09, in addition to the \$3.7 million in the two-year proviso. Just two years prior, they said that they would need little to no State funds to operate the medical school. In 2007, they said they will need \$15.8 million for two years in new money! This is absolutely irresponsible.

"In 2007 when the House passed our version of the State budget, I said then that I would support increasing the medical school base by \$3.63 million and \$3.95 million for the next two fiscal years. Our budget was very generous. The total general fund support to the Medical School in our budget was about \$5.6 million each year.

"But the University said that it was still around \$4 million short in operating funds even after our very generous support in our budget. So, what did they do? They proposed to make up the difference utilizing the tobacco settlement funds.

"In 2007, I asked then-Dean Gary Ostrander what would happen if they did not get the additional \$4 million. He said that they would be able to survive, but will need to make some reductions to their financial plans. I told him that his comments on right-sizing the budget were the same comments we heard two years prior. Did the university right-size the budget? The answer is no.

"This bill will allow the university to continue to access the left over monies from the 28 percent annual allotment. The University did refinance the bonds in 2006. We need to acknowledge and thank them for this. The payment for FY08 was \$6.6 million and the payments for the out years are a little less than \$10 million for each year.

"If this bill passes, the University will realize a lot of money. In 2008, with a significant increase in funds going into the TSSF, the University realized an additional \$7.4 million. Since FY09, the University continues to receive additional funds in excess of \$3 million each year.

"How can we in all good conscience provide this amount of funds to the University? What we're saying with this bill is that the University is no longer responsible to keep their commitments, no longer required to keep their financial books balanced, because they can always come back to the Legislature if they should fall short. Is this a good message? My answer is absolutely NO.

"I wanted to talk a little bit about our commitment to the Cancer Center. Recall that in 2001 when we approved the use of tobacco funds for the UH Medical School that the University's commitment was to provide the necessary funds to construct a new Cancer Center facility. In 2006, we passed SB2961, which became Act 316. This bill increased the cigarette

tax from \$1.40 per pack to eventually \$2.60 per pack in 2011. Some of this increase was to pay for the construction and operations of the new Cancer Center. In fact, the University was expected to receive \$11 million in 2009, \$16 million in 2010, and \$22 million from 2011 forward for the construction and operations of the Cancer Center.

"Recently, we received the "University of Hawaii Cancer Center Operating Budget Plan" (See testimony on SB 239 on March 22, 2011). In this plan, the Cancer Center plans on receiving \$17 million from the tobacco tax. The debt service for the new building will be \$8 million annually. With an extra \$9 million each year, surely the University can use some of these funds (again from tobacco) to assist the UH Medical School with their budget challenges.

"The public expects the Legislature to be accountable for the taxes we collect and the services we provide. We should do no less to those that receive our approval and funding as well.

"JABSOM will go a long way in providing the next generation of healers with the knowledge and support to serve the people of Hawaii. But we cannot send them forward on the basis of broken and empty promises.

"I conclude with the insertion of an article, which ran on Sunday, July 22, 2007 in *The Honolulu Advertiser*."

Hawaii med school goals come up short

By Sean Hao
Advertiser Staff Writer

The University of Hawaii's new state-of-the-art medical school and research facility in Kakaako is having less of an economic impact and costing more than originally promised.

The school has so far failed to deliver on several promises made by former UH president Evan Dohelle and former John A. Burns School of Medicine dean Ed Cadman, including:

- A promise to raise \$150 million to finance a new Cancer Research Center in Kakaako. Less than \$1 million of that money has been raised to date.
- A plan to draw in \$100 million or more per year in research and training grants. Medical school grants improved to nearly \$73 million in the fiscal year that ended June 30, 2006. They fell to \$48 million the following year, according to preliminary figures.
- An expectation the med school would create 500 new jobs. Total medical school jobs rose by 43 between June 2004 and July 2007.

In addition, a key pledge — that the medical school would not require added state funds to cover costs — may not be fulfilled for several years. That promise was based in part on plans to boost grant awards to \$100 million or more, which in turn would generate enough money to cover the new facility's overhead costs.

"The fact is we are actually doing what we said we were going to do," said Gary Ostrander, interim dean for the medical school. But "maybe not at that grandiose scale."

To be sure, the medical school has a positive impact on healthcare in the state. The first crop of 62 students is expected to graduate in 2010, and 60 percent of medical school graduates here go on to practice medicine in Hawaii, Ostrander said.

The \$73 million in grants to the school in 2006 was almost entirely spent locally, with the bulk going toward salaries.

"These dollars are being spent at the local 7-Eleven, being spent at movie theaters," Ostrander said. "That's a significant economic driver."

The health and economic benefits of a local medical school exceed the burden on state finances, he said.

"Healthcare would suffer tremendously in this state if there wasn't a medical school," he said.

As for the goal of \$100 million in grants, Ostrander said, part of the difficulty in reaching that goal has been a more competitive climate for grants in the wake of Sept. 11 and Hurricane Katrina.

In addition, the medical school has suffered from a lack of focus during a prolonged search for a permanent dean, Ostrander said. Cadman resigned in 2005 for health reasons, and the appointment of a permanent replacement dean has been delayed by a change in university leadership.

DIPPING DEEPER

Lawmakers gave UH the go-ahead to build the medical school in hopes of bolstering the state economy in the aftermath of the Sept. 11 terrorist attacks. The medical school was given a portion of a state settlement with tobacco companies to repay \$150 million in construction bonds.

The new school was then supposed to operate without costing the state any more money than it cost to run the university's old medical school. However, earlier this month Gov. Linda Lingle signed a new law expected to provide the school with an added \$3 million to \$4 million a year for the next four years.

That's on top of \$7.4 million in supplemental, additional budget funds already given to the medical school during the past two years. That means that by mid-2011 the state will have given the medical school an estimated \$20 million to cover increased operating costs.

Some lawmakers are losing patience with the lack of follow-through on the university's original promises. Those promises were the basis for much of the Legislature's support for the project, said state Rep. K. Mark Takai, D-34th (Newtown, Wai'aleale, Pearl City).

On Jan. 27, 2004, Dobelle promised legislators that by September 2005, UH would raise \$150 million to finance a new Cancer Research Center to be built in Kakaako next to the medical school and to retrofit the Biomedical Sciences Building on the Manoa campus.

Dobelle said he would get the money from federal, private and UH Foundation sources. "We're committed to that and confident of that," Dobelle told lawmakers at the time.

Takai said, "We were led to believe very early on that they would come up with a \$150 million match (and) ... they would pay for operating the new facility. I believe we need to support the university. ... All I ask is that when promises are made, promises are kept.

"I would expect that in four years the UH medical school will no longer need additional money."

'NEVER' A BUSINESS PLAN

In hindsight, key projections, including the amount of grant money that could be used to run the school, were off-base, Ostrander said. From the outset there was a lack of basic understanding of how much the new school would cost and how much money it would bring in.

"To the best of my knowledge to this day there was never a business plan," for the medical school, said Ostrander, who has run the school for about eight months. "If there was one I have not seen it."

The school doesn't have a firm grasp on operating costs in part because its facilities aren't fully utilized and because of the transition from older facilities on the Manoa campus into the new Kakaako campus, Ostrander said.

Meanwhile, the school's increased reliance on tobacco settlement money ultimately means less money for smoking cessation programs. Currently the state receives about \$35 million a year to settle healthcare claims connected with smoking. Of that, 24.5 percent goes into a state

emergency "rainy day" fund, 35 percent goes to the state Department of Health, 28 percent to the medical school and 12.5 percent into a tobacco prevention fund.

Until this month, the money not used by the medical school to pay debts had to be returned to the rainy day and tobacco funds. Under the new law, excess money can be used to pay medical school operating costs instead.

The U.S. Centers for Disease Control and Prevention has said Hawaii doesn't spend enough on tobacco prevention. Hawaii should spend \$11 million to \$23 million a year to have an effective tobacco prevention program, the CDC says. But the state spent just \$9.1 million on tobacco prevention in fiscal 2007 (ended June 30), according to the Campaign for Tobacco Free Kids.

Among those opposed to the new law was the Coalition for a Tobacco Free Hawaii. Kathy Harty, its interim director, said the group already doesn't get enough money for its programs: "We believe these should be funded rather than filling in a deficit for the medical school."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 239, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII TOBACCO SETTLEMENT SPECIAL FUND," passed Third Reading by a vote of 43 ayes to 8 noes, with Representatives Johanson, C. Lee, Luke, Pine, Rhoads, Riviere, Takai and Takumi voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1543) recommending that S.B. No. 797, SD 1, HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 797, SD 1, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR HEALTH INFORMATION TECHNOLOGY," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1544) recommending that S.B. No. 1348, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1348, SD 2, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Pine rose to speak in support of the measure with reservations, stating:

"In support, but actually with more reservations on Stand. Com. Rep. No. 1544. What this bill does is it establishes the Hawaii Health Connector to create a health insurance exchange pursuant to the federal Patient Protection and Affordable Care Act of 2010. And I just want to note again, we continue to be looking at these bills that basically put us in line with using President Obama's healthcare for Hawaii.

"And I continue to be concerned because on November 7th, Congresswoman Hirono put an amendment in the President's healthcare bill and basically she said in supporting this bill, I want to highlight several points. But the most important one, first for the Hawaii bill, includes the Hirono amendment that provides an exemption for Hawaii's Prepaid Health Care Act of 1974. And then a few days later, CBS News in Washington covered the story where she stated that we have this exemption because our Prepaid Health law is better than most throughout the federal government.

"And so I'm just really concerned that we continue to have these bills that include the President's Healthcare Act with our healthcare, and I just hope that we really analyze all of these stipulations very carefully."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, likewise on this measure, I will vote with reservations. I think it's premature. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1348, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HEALTH INSURANCE EXCHANGE," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1545) recommending that S.B. No. 1274, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1274, SD 2, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising with some concerns and reservations on this measure. Thank you. Mr. Speaker, what this does is it provides uniform standards for external review procedures to comply with the requirements of the federal Affordable Care Act which I'll call the ACA.

"A number of the present consumer protections are being repealed by this Senate Bill. Consumers presently under the current law awaiting a hearing are guaranteed all of the rights and protections under the current law. But under this new Senate Bill, the consumers presently awaiting a hearing will apparently be stranded because this bill fails to preserve all of the rights under the present law.

"Then the second thing is under the present law, consumers have a right to a face-to-face hearing before the Commissioner. Under this Senate Bill, consumers get no hearing at all and all external reviews are conducted by third party independent review organizations.

"The third point. Under the present law consumers have a remedy for errors of fact or law. Under the Senate Bill that we're addressing now, consumers have no remedy for errors. The IRO physician makes on the law, or applying the law to the facts.

"And then fourth issue. Consumers under the present law are assured of a level playing field against the legal resources and information available to the plans. Under this bill, consumers have to bear the cost of any assistance they receive from attorneys or experts.

"And then finally, under the present law all consumers are assured that Hawaii has a strong deterrent of proven effectiveness against managed care abuses. But under the Senate Bill, all consumers have no assurance that sending cases to a third party independent review organization will be as effective a deterrent against managed care abuses as the present law has been.

"So in summary, in trying to pass measures to put us in conformity with the ACA, I think we are taking some steps that are removing Hawaii's present consumer protection measures that are in our present law. I don't think that's progress and I would ask that the Conference Committee Members take a harder look at this. Thank you."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on a potential conflict? At my law firm, they do represent health insurance plans in defense at administrative hearings, but I don't do any of that work. Thank you," and the Chair ruled, "no conflict."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I vote with reservations. I'm hoping that before the end of Session we are able to add an external review process to the bill that's existing now. Thank you."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1274, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE," passed Third Reading by a vote of 51 ayes.

At 1:51 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 146, SD 1, HD 2
S.B. No. 699, SD 2, HD 2
S.B. No. 1244, SD 2, HD 1
S.B. No. 239, SD 2, HD 2
S.B. No. 797, SD 1, HD 1
S.B. No. 1348, SD 2, HD 3
S.B. No. 1274, SD 2, HD 3

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1546) recommending that S.B. No. 1078, SD 2, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1078, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I am in favor of Senate Bill 1078, Senate Draft 2, House Draft 1, but would like to express some reservations. This measure would make EUTF benefits subject to collective bargaining and I believe this might raise the State's health insurance cost.

"Presently, collective bargaining on benefits center solely on the employer and employees split to pay for the cost of health insurance premiums. And this system has served the State well as it gives us leverage by negotiating on behalf of all State employees so that we can obtain a good price from health insurance providers. I realize the price is going up, but nevertheless it's better than others.

"This bill totally changes this dynamic. It complicates an already difficult negotiation process by adding health benefits into the mix and weakens the State's ability to secure a better price for health coverage. The Department of Budget and Finance summed up this situation well in testimony when it said, 'Allowing individual units to negotiate benefit plans, and allowing arbitration panels to award specific benefits diminishes the leverage of the EUTF as a large group purchasing pool.' This means the State's ability to negotiate a good price will be weakened because it'll be approaching providers on behalf of several collective bargaining units.

"So health costs already make up a significant portion of our budget and this will mean that those costs might go up when we can least afford it. So I hope that you will consider this bill in the few weeks as we pursue the end of Session. Thank you, very much."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and one comment, please. Mr. Speaker, as the Representative from Waialae indicated, cost implications are implicit in this bill, and my concern is with what happened a couple of weeks ago with the notion of 'most favored nations.' It means that cost differential will disappear. It means that the cost of premium programs will be probably the order of the day. VEBAs will no longer exist. There will be no differentiation, and I think we have to take that into consideration. Thank you."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Thank you, Mr. Speaker. I rise with reservations on SB 1078. I do want to recognize the intent of the measure. I believe that all of us in this Body recognize that the EUTF currently is not functioning optimally for both the employer and employee. However, I do have some concerns with this bill as currently drafted due to its potentially negative impact on the worker. Because of the current structure of the EUTF, I worry that by adding EUTF benefits to the collective bargaining process, we may exacerbate the dysfunctional process of determining a quality and affordable health care plan for our workers. In fact, this measure may engender the exact opposite outcome.

"Additionally, given our State's current budget constraints, I worry that this bill compromises the Governor and the Executive Branch's ability to manage costs, which has an impact on the entire State as we work to create a balanced budget for this fiscal year and in future years."

Representative Ching rose in support of the measure with reservations and asked that the remarks of Representative Marumoto be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Just a quick note that this bill does not split up the bargaining process into separate bargaining units. It simply allows for the bargaining of benefits as opposed to simply the dollar amount. I think the assertion that's something different is incorrect.

"Also I would just say that the current bill, there's been a lot emphasis on the cost aspect of this, rightfully so because it's an expensive part of what we do in the government. But I do think it's important to know that to point out that the arbitration process as it stands now is as fair as can be imagined where you have three arbitrators. One chosen by the unions. One chose by the employer being the government, the State and the counties. And the third one, if the two other arbitrators can't decide who they're going to pick, they take one from the list of the American Arbitration Association, which is what all private sector companies do too whenever they're arbitrating any kind of dispute.

"So there are cost considerations, but there also is an issue of just fairness with regard to the price that we pay for things, and the amount of money that we support our public workers who do the government's work for us. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1078, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1547) recommending that S.B. No. 1088, SD 1, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1088, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Fontaine rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. I'm standing with reservations on this matter. Just a quick comment. My reservations pretty much circle around the aspect of where in this bill, benefits are paid indefinitely. Before there was a time limit, a cap. Now it's kind of indefinite and that makes me feel a little queasy, having an indefinite period of time when a benefit could be paid. Thank you."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Mr. Speaker, I rise with reservations on SB 1088. I have some concerns with the proposed changes to existing law, primarily the language that states an "individual shall be exempted from the work search requirement," while on unemployment. Such a change may have the potential to perpetuate and facilitate individuals remaining on unemployment for a greater length of time. I think we should instead look to create mechanisms within our unemployment system that help individuals return to work and foster self-sufficiency."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker. Thank you. Just with regard to the concern about the indefinite period of the benefits being paid. No, they're not indefinite. The very maximum it's a 6-month period that we pay unemployment benefits in general, but the bill requires that the only way that you're eligible for these is if you're already attached to an employer who's going to hire you back and who has made it clear that they're going to hire you back, either by giving you a definite date or by keeping you on the books with regard to vacation time or sick leave. So this is not open ended. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support. I would just like the words of the Chair of Labor entered into the record as if they were my own. And with the Members' indulgence, just a brief explanation of why this is important for my community, and for the businesses in my community, believe it or not.

"This very Legislature, several years ago, before my time, passed a law that basically banned certain kinds of visitor activity operations during whale season, thereby putting a lot of people out of work. Now they know that they're going to come back to work at the end of the whale season in May, but until that time they can't go out and get part-time work because they will lose their benefits.

"Meanwhile, their services are in big demand for the other activity operators especially given their mechanical and technical skills, but they can't hire them. So you have a situation where you have people who want to go to work, who don't want to pull down full-time unemployment, who are going to be out of work because of the law that this very Body passed, and yet cannot go to work for the other industries that sorely need them.

"So I ask for Members to keep that in mind as this measure moves forward in Conference and hopefully, what can come out will be a win-win for everybody. Thank you."

Representative Marumoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Marumoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition to this measure that makes various negative changes to the Unemployment Insurance law.

"I take strong issue because it undermines our work ethic. For "attached employees, we get "work comp" if we are laid off. We get full benefits for part-time work. We don't have to seek gainful employment. We can quit anytime; we don't have to get laid off. This bill will be a drain on our Unemployment Fund when have borrowed from the federal government and must pay it back.

"The heart of this bill is the elimination of the requirement that those individuals who are on partial unemployment have to go back to the employer they are attached to within eight weeks of losing their job or else they will be totally unemployed. The advantage of a person being on partial unemployment is that is he or she is not subject to the 8 week work search requirement of unemployment benefits, meaning he or she doesn't have to look for a job.

"This bill makes that situation worse by completely eliminating that eight week time period. Now, that person on partial unemployment can continue to collect work comp indefinitely as long as that person maintains some sort of connection to the original employer.

"This goes against our unemployment compensation system. The very heart of that system is that, in exchange for offering a safety net for people who fall on hard times, is that they must be actively searching for a job. This legislation goes against that concept. He or she can just sit at home and do nothing to justify receiving the unemployment check.

"I know that it is nice that the individual is connected to an employer, but at some point we have to say that the partially unemployed individual has been on work comp long enough. The individual has to look for work. We cannot extend partial unemployment up to the limit.

"I think it is also useful to look at the history of this legislation. In 2009, we established that 8 week limitation into law through Act 170. The original time period was actually four weeks, but it was extended to eight weeks in recognition of the recession. As noted by the Chamber of Commerce's testimony on this bill, the Finance Committee report for that underlying measure stated it would "help employers retain employees' loyalty and productivity during the current recession." That point was further emphasized in the Act itself by the establishment of a sunset date in 2012. This bill eliminates that sunset date, so instead of providing temporary help during a deep economic recession, we are extending this benefit and making it easier for people to get "on the dole".

"A second way this bill undermines our unemployment compensation system is that it establishes numerous ways for people on partial unemployment to quit a subsequent part-time job and still receive unemployment benefits. Mr. Speaker, unemployment benefits are available to people who lose a job through no fault of their own. This bill changes that very fundamental idea. Unemployment compensation is there to help people who lose a job. We should not make it easier for people to voluntarily quit and go back to collecting unemployment.

"Finally, it must be mentioned that our UI Trust Fund is still under tremendous stress. It is already running at a deficit, and our employers are being asked to assume a greater financial burden by paying more into it each year. With this legislation, we are making it easier for people to collect those benefits, and make the Fund's situation even worse. This is not fair to employers, and these additional costs will harm their ability to begin hiring again. We need to recognize that fact, and not do anything that burdens the UI Trust Fund payouts even further.

"Mr. Speaker, I fully support the safety net that our unemployment system provides people, but there has to be limits. There are certain expectations that we have to place on recipients, and I feel that this bill

undermines those expectations, our values and our work ethic. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1088, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO UNEMPLOYMENT INSURANCE BENEFITS," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Marumoto and Pine voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1549) recommending that S.B. No. 1341, SD 2, HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1341, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1551) recommending that S.B. No. 1076, SD 1, HD 2, as amended in HD 3, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1076, SD 1, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Marumoto's written remarks are as follows:

"I oppose this bill that allows employees to use their negotiated sick leave without retaliation from management. "I call this "the Surf's Up" bill. I have voted against this measure for several years – often the only legislator to do so.

"I am not opposed to employees using their sick leave when they are sick. I do not condone employer retaliation of employee use of legitimate sick leave. However, I do oppose employees using sick leave when they are not sick, when they frequently take a day off before or after a weekend, when their chronic absences force other employees to take up the slack, and, often, when the surf's up.

"Employers do not have any recourse if the sick leave has been awarded through collective bargaining. It helps those frequently claiming sickness and burdens other workers who take up the slack."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1076, SD 1, HD 3, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT PRACTICES," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Marumoto voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1554) recommending that S.B. No. 1393, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1393, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Tsuji rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tsuji's written remarks are as follows:

"This bill would authorize the inclusion of dams and reservoirs serving important agriculture lands when calculating total acreage for IALs. It would also provide tax credits for dam remediation.

"The Legislature passed IAL initiatives with the goal of encouraging new, viable farms and ranches. In turn, this helps preserve agricultural lands for future generations. Water is a necessary component in this scenario, and dams and reservoirs efficiently manage the use of valuable water resources. Hawaii cannot afford to neglect its dams and reservoirs, especially when we are striving towards food sustainability.

"Stakeholders stated to the Committee how they believe this bill will greatly assist dam and reservoir owners as they attempt to finance the costs of upgrading their dams and reservoirs to meet DLNR's regulatory safety requirements.

"By providing dam owners with a financial incentive to meet additional regulations, the landowners will be encouraged to keep their dams operating efficiently and safely. This benefits Hawaii's farmers, ranchers and our ag communities."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1393, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1556) recommending that S.B. No. 249, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 249, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Souki rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker. I wish to speak against this measure. And it is with some difficulty because I know how difficult it is to operate a ranch without having a slaughterhouse, if I can use that term. However, in checking with some ranchers who are well aware of the problem, they feel that basically there is no way that the slaughterhouse can make it.

"Inasmuch as hogs are concerned, my understanding is one of the reasons they need the slaughterhouse is it's mostly for the hogs. In following up on that, my understanding is the hogs are shipped dressed already, and chilled. Hardly any of the hogs are slaughtered here.

"There is no dairy in Honolulu, and slaughterhouses are usually used to, if I can use the term, 'send the cows to their maker' when they're not productive anymore. And for that reason you need a slaughterhouse. But they don't have a dairy in Honolulu.

"So when you put all of this together, there's no way that the slaughterhouse, or this meat processing plant can make it in Honolulu. In fact, an offer has been made by some people in Maui for about a million dollars for the whole plant. And my understanding is that we're looking at about \$8 million.

"So with this kind of information, I need to vote against this measure. I'd like to make clear that it is not because of the emails that I've been getting. It has nothing to do with it. The question is strictly economics. And the precedent the State will set up by buying this meat processing plant. Thank you, very much."

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support of this measure. Mr. Speaker, there are many things that come to mind when someone mentions Hawaii. Our warm weather, our Hawaiian beaches, our great surf. But rarely what comes to mind perhaps are our cattle ranches, our cowboys. Hawaii is home to one of the largest cattle ranches in the United States. And our *paniolo* culture runs deep. We give them nomenclature, the *paniolo*.

"Indeed there are ranches throughout Hawaii and they're part of our history. They're part of our heritage, and they're the cornerstone of the agricultural industry. We recently had Prince Kuhio Day. Price Kuhio was an avid supporter of the cattlemen. He himself enjoyed it. It's written how he enjoyed going out with the *paniolo*.

"Today with fierce outside competition and the global economic shock, our agricultural industry is struggling tremendously. Uncertainty is on the horizon, but this bill is one of those that promotes food security to grow our agricultural industry. We just had a tsunami in Japan. I mean, what are we doing about sustainability? What if something were to get cut off? We want to be independent. Be able to feed ourselves.

"The Hawaii Livestock Cooperative Slaughterhouse at Campbell Industrial Park is the only one on the island. And Oahu is 80% of the meat consuming market in the State. The parcel of land that the HLC facility sits on is already owned by the State and so is the structure. The appropriation is mostly for capital improvements to the leasehold property, as well as the equipment.

"With many of our local Oahu residents wanting to support local, buy local, instead of meat that is flown in from the mainland. A facility such as this is necessary. Having a meat finishing facility on Oahu also means that cattle ranchers can process more beef in Hawaii, establish a premium grass-fed specialty meat industry. Hawaii-grown and grass-fed beef could become and actually is a gourmet food. So there's much promise for the agricultural and food security in Hawaii if we at the Legislature maintain the foresight to pursue it.

"You know, it always was interesting for me to note how Restaurant Row, not far from here, had many, many closures. Sunset Grill, other ones around there. You know, who expands in Hawaii? Ruth's Chris. We love our steak. We love our steak. I mean, let's just be honest. We go out. We go luau. We go anywhere. We love our meat. In fact, there are some who will go so far, if you go to a local event and there's no meat you, 'Aiyah,' right? So the thing is, why not do it here in Hawaii? Profit. Help our *paniolo*. Win win. Thank you, Mr. Speaker."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Jordan rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I have reservations on SB249, SD2, HD2. While I recognize the need for a local slaughterhouse to ensure food safety in the slaughter of hogs and cattle on Oahu and food sustainability in our State, I have large concerns about the State investing \$1.6 million only in equipment and liability of this operation since the State currently owns the warehouse and land it sits on.

"The better option is to just foreclose on the 2 outstanding loans owed to the State totaling about \$600,000. This investment could come with additional unexpected facility and equipment costs, which will be a liability to our already strained State budget. In addition, the number of slaughters conducted by the facility has been insufficient to be profitable.

"In this time of economic crisis, encouraging our State to invest in an unprofitable facility and no operational history causes great concern for our future State debt. A much more affordable option may be to create mobile slaughterhouses on Oahu at a fraction of the requested amount of \$1.6 million which has the ability to travel to local farms, has updated equipment, and does not require facility or land maintenance."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Reservations just on the cost. Thank you. And I wanted to insert written comments with reservations."

Representative Pine's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations. What S.B. 249 does is make an appropriation to the Department of Agriculture for the State to acquire the slaughterhouse at Oahu's Campbell Industrial Park. Generally, I am against using State funds to acquire a private business. However, given the desire of us in Ewa Beach to be self-sufficient and given Hawaii's geographic isolation – this slaughterhouse facility will give us in Hawaii the ability to feed ourselves should a natural disaster cut us off from the rest of the world, even if for a short while.

"What I object to, however, is its cost: Given that the State has already made loans to the owners of this slaughterhouse and has in essence already paid a vast amount of money to these owners, the State should negotiate a better price for the public. Further, we can also not pay out a large portion of the State's limited cash because we should also cut from any cash outlay the portion of these loans which these owners still owe the State.

"We should not be overpaying for this. So because these prudent considerations about cost were not part of this bill's deliberations, I can only vote for this bill with reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 249, SD 2, HD 2, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION TO THE DEPARTMENT OF AGRICULTURE," passed Third Reading by a vote of 48 ayes to 3 noes, with Representatives Brower, Rhoads and Souki voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1558) recommending that S.B. No. 14, SD 2, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 14, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Tsuji rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tsuji's written remarks are as follows:

"This bill would allow certain ag special funds to go towards the improvement of dams and reservoirs. It would also allow the monies to fund investigative studies to identify and assess necessary improvements to dams, reservoirs, irrigation systems, transportation networks and water quality testing and improvements.

"This bill will assist dam and reservoir owners as they deal with financing the significant additional costs to upgrade their dams and reservoirs to meet regulatory requirements. Providing dam owners with a financial incentive to improve their facilities raises the likelihood that more facilities will be kept in continued operation, with fewer decommissioned due to the high cost of compliance.

"Recent news articles reported on the severe drought that continues to plague our State, illustrating agriculture's paramount need for water. Dams and reservoirs together with irrigation systems provide necessary water resources for the agricultural industry and communities statewide. We should not neglect these structures, and I ask my colleagues to join me in support of the measure."

At 2:07 o'clock p.m. Representative Evans requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:08 o'clock p.m.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 14, SD 2, HD 1, entitled: "A

BILL FOR AN ACT RELATING TO AGRICULTURAL DEVELOPMENT," passed Third Reading by a vote of 51 ayes.

At 2:11 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1078, SD 2, HD 1
S.B. No. 1088, SD 1, HD 1
S.B. No. 1341, SD 2, HD 1
S.B. No. 1076, SD 1, HD 3
S.B. No. 1393, SD 2, HD 2
S.B. No. 249, SD 2, HD 2
S.B. No. 14, SD 2, HD 1

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1560) recommending that S.B. No. 98, SD 2, as amended in HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 98, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support and I'd like to ask for permission to insert comments into the Journal. Thank you."

Representative Tokioka's written remarks are as follows:

"Thank you, Mr. Speaker for allowing me to stand in support of SB 98. The intent of this bill is to level the playing field for water carriers throughout the state of Hawaii. The PUC's recent decision to allow a new water carrier into the market place even though it would not service all of the routes, especially to the smaller markets, seems to be very unfair. The passage of this bill will allow for fair competition minus unfair advantages in the PUC water carriers market.

"Thank you Mr. Speaker, for the opportunity to speak in support of SB 98."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 98, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WATER CARRIERS," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1561) recommending that S.B. No. 1324, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1324, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO RENTAL MOTOR VEHICLE SURCHARGE TAX," passed Third Reading by a vote of 45 ayes to 6 noes, with Representatives Fontaine, Marumoto, Pine, Thielen, Ward and Wooley voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1562) recommending that S.B. No. 1328, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1328, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Yamane rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ichiyama rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support. This bill proposes to increase the motor vehicle registration fee from \$25 to \$45, the proceeds going into the State Highway Fund. The State Department of Transportation (DOT) relies on the Highway Fund to implement its strategic plan for highway improvements across our islands. It is essential for the safety of our residents and visitors that our roads, bridges and sidewalks are maintained in good condition.

"Many of my constituents have expressed concerns about the numerous potholes on the on-ramp to the H-1 by Mapunapuna. We use this on-ramp daily, often swerving from side to side to protect our cars, trucks and vans. The Director of DOT testified that due to insufficient amounts in the Highway Fund, they have extended the repaving schedule of our roads to every 14 years instead of the recommended 10 years. DOT is focused on repair and maintenance, not new projects, as we cannot sustain the current system. Ideally we should be spending \$86,000,000 each year on maintenance for our highway system, but the Highway Fund does not even come close to that amount. Having a low balance also negatively affects our ability to qualify for federal matching money for highway projects.

"I understand the financial pinch that many of our local families are feeling, but this is a demand that we cannot ignore. A failure to maintain our highways results in reduced road space, deteriorating infrastructure, increased accidents and increased liability. Thank you, Mr. Speaker."

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Thank you, Mr. Speaker. I oppose SB 1328. I would point out that if the Legislature had not previously raided the Highway Fund, this measure would be unnecessary. As I have said previously on the House version of this measure, I do believe the State must work to improve our roads and highways and I recognize the intent of this bill is to raise revenue for the State Highway Fund. However, I believe this measure is one that my constituents cannot afford at this time.

"These are difficult times for everyone in Hawaii and this fee increase will add to the cost of living for many of my constituents because of its broad-based nature. Many of my constituents are barely getting by financially and this is not the right time for this fee increase on everyone who drives."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1328, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE REGISTRATION," passed Third Reading by a vote of 35 ayes to 16 noes, with Representatives Belatti, Brower, Ching, Fontaine, Har, Johanson, Keith-Agaran, C. Lee, Marumoto, Morikawa, Nishimoto, Pine, Takai, Thielen, Ward and Wooley voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1563) recommending that S.B. No. 1329, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1329, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Mr. Speaker, I rise in opposition to SB 1329. I would point out that if the Legislature had not previously raided the Highway Fund, this measure would be unnecessary. I wholeheartedly support the intent of this measure and its efforts to raise revenue for the improvement of our roads and highways. However, I do not believe our constituents can afford a widespread fee increase such as the one proposed in this bill, which will exacerbate their already high cost of living, merely for the privilege of continuing to drive. I do believe this particular tax increase will hurt most of the people in my district and adversely impact many of our constituents statewide. This is a broad-based tax increase that will hurt families, seniors, and those individuals barely managing to make a living in Hawaii these days."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Yamane rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ichiyama rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support. This bill proposes to slightly increase the motor vehicle weight tax, the proceeds going into the State Highway Fund. The State Department of Transportation (DOT) relies on the Highway Fund to implement its strategic plan for highway improvements across our islands. It is essential for the safety of our residents and visitors that our roads, bridges and sidewalks are maintained in good condition.

"Many of my constituents have expressed concerns about the numerous potholes on the on-ramp to the H-1 by Mapunapuna. "I understand the financial pinch that many of our local families are feeling, but this is a demand that we cannot ignore. A failure to maintain our highways results in reduced road space, deteriorating infrastructure, increased accidents and increased liability. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1329, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE WEIGHT TAX," passed Third Reading by a vote of 40 ayes to 11 noes, with Representatives Belatti, Fontaine, Johanson, C. Lee, Marumoto, Morikawa, Pine, Takai, Thielen, Ward and Wooley voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1564) recommending that S.B. No. 1493, SD 1, HD 2, as amended in HD 3, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1493, SD 1, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Morikawa rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise in support with reservations. I believe that all new lighting projects should conform so as to preserve the quality of the night sky. However, I foresee problems with the replacement of fixtures.

"Kauai County is in the process of changing athletic facility lighting and the expense is tremendous. Here on Oahu, while driving down North King Street, I noticed about a mile of beautiful decorative, old fashioned, lamp poles. I don't know if those lights actually work, but if they do and they eventually need to be replaced, the responsible agency needs to be prepared to change or retrofit all of those lights to meet the criteria of this bill.

"Ultimately however, we should all pursue this goal, but we need to give agencies time and resources to achieve it. Thank you."

Representative Ching rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of SCR 1153, S.B. 1493 - Relating to Light Pollution. If enacted, this bill would enact the recommended legislation of the Starlight Reserve Committee. Specifically, this piece of legislation would require that all new and replacement outdoor light fixtures use a full-cutoff fixture with a few exemptions.

"I am in support of this bill for two very specific reasons. First, economic impact. At present, astronomy is responsible for an estimated \$150 to \$200 million in revenue per year. For the observatories on Mauna Kea and Haleakala to operate at optimum levels we must preserve Hawaii's visibility of the stars by minimizing light pollution. This measure supports this goal.

"Second, there are health and safety concerns. As is cited in the testimony of Starlight Reserve Committee Chairman, Richard J. Wainscoat, "Fully shielded lights emit much less light at near horizontal angles, meaning that light trespass is substantially reduced. Light from adjacent properties or from streetlights entering our bedrooms is a form of light trespass. It can make it difficult to sleep at night. Excessive light at night has been linked to some forms of cancer, particularly breast cancer."

"I share Mr. Wainscoat perspective and concern on lights ability to influence our health and wellbeing and for these reasons, I support S.B. 1493."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1493, SD 1, HD 3, entitled: "A BILL FOR AN ACT RELATING TO LIGHT POLLUTION," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1565) recommending that S.B. No. 823, SD 1, HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 823, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Marumoto voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1566) recommending that S.B. No. 1327, SD 2, HD 1, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1327, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PASSENGER FACILITY CHARGES," passed Third Reading by a vote of 51 ayes.

At 2:17 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 98, SD 2, HD 1
S.B. No. 1324, SD 2, HD 2
S.B. No. 1328, SD 1, HD 2
S.B. No. 1329, SD 1, HD 2
S.B. No. 1493, SD 1, HD 3
S.B. No. 823, SD 1, HD 1
S.B. No. 1327, SD 2, HD 1

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1567) recommending that S.B. No. 1555, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1555, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1555, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF LAND AND NATURAL RESOURCES," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Brower voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1568) recommending that S.B. No. 1219, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1219, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1219, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE LANAI WATERSHED," passed Third Reading by a vote of 48 ayes to 3 noes, with Representatives Carroll, Pine and Riviere voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1569) recommending that S.B. No. 1511, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1511, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Awana rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations. My concern is the length of the lease before an audit of leased lands has been completed. My other concern is using the Department of Transportation lands for aquaculture which in testimony the DOT was against. In addition DOT stated by allowing aquaculture in an area that receives funding for federal transportation dollars, this may jeopardize funding. This is recipe for disaster. For these reasons, I ask this Body to move cautiously as this measure goes to Conference."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1511, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AQUACULTURE," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1570) recommending that S.B. No. 1549, SD 2, as amended in HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1549, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1549, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SMALL BOAT HARBORS," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Brower voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1571) recommending that S.B. No. 903, SD 1, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 903, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with reservations of SB 903. While this is an important bill to ensure that critical housing resources remain affordable. However, there are several problems with the mechanics of the affordable rental housing development program.

"According to HHFDC, while it is able to contact and encourage owners of expiring HUD and USDA-RD projects to either extend or transfer their interests in such projects to nonprofit organizations, we cannot require private property owners to negotiate if they are not inclined to do so. Additionally, HHFDC also cannot require private property owners to cede their ownership interests to any other person or entity, including nonprofit organizations without additional appropriated funds to cover the full market value of these projects.

"My reservations lie in the perpetual affordability requirements will hinder private sector participation in the preservation of HUD-assisted projects. First of all requiring a property to remain affordable beyond its useful life is not reasonable. Second, nonprofits pledge to keep their projects affordable over the long-term (typically 50 to 60 years). Restrictive land use covenants, including the agreed-upon term of affordability, are recorded and run with the land. Government cannot impose regulations that apply beyond the term of government assistance. This requirement will stifle reinvestment in the project and preclude the option for redevelopment of the project site in the future. Even nonprofits in the business of providing affordable housing would like the option to sell a poorly performing project to reinvest in another rental project. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 903, SD 1, HD 1, entitled: "A

BILL FOR AN ACT RELATING TO HOUSING," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Riviere voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1572) recommending that S.B. No. 912, SD 2, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 912, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Pine rose to disclose a potential conflict of interest, stating:

"Yes, I needed to declare a potential conflict on Stand. Com. Rep. Nos. 1572 and 1574. I work occasionally for a homeless shelter," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 912, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1574) recommending that S.B. No. 900, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 900, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Jordan rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I have reservations on SB900, SD2, HD2. I appreciate that this bill is intended to help address the needs of the unsheltered homeless population by establishing safe havens in surplus or available open or vacant locations. The concerned questions arise with security, sanitation, legal liabilities and entry criteria. The focus should remain on providing safe, decent and affordable housing to address this issue and not create a new way of life that could become difficult to undo for our most vulnerable population.

"For many years my community has been inundated with homeless encampments stretching along the entire coast. I have seen firsthand the many issues that homeless have encountered, and heard the outcry of community members requesting something be done to clean up public spaces. These are hard choices and we again, must remain focused on providing housing and not open spaces for temporary stays."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Thank you, Mr. Speaker. I rise with reservations to SB 900. I appreciate and honor the solutions before us to combat homelessness here in Hawaii, which I believe to be of grave concern for all of us of here on the Floor today. While I recognize the need to find immediate and effective solutions to these challenges, my reservations with this particular measure center on whether or not the use of State facilities are going to be utilized by the homeless, if these facilities will be safe and secure, and

quite frankly, how the use of State facilities to temporarily house the homeless might impact the surrounding community at large.

"I am in full support of measures and programs that create long-term solutions to our homeless problems, but I am concerned that this measure may create only partial solutions to a much broader problem. Moreover, this measure may create a new set of challenges for our communities. We must address the problem of homelessness in a comprehensive, systematic fashion that helps solve the root of the problem."

Representative Fontaine rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker. Please note my opposition to this measure. Although on the surface this sounds well-intended, to corral or warehouse homeless in parking lots. There are a number of concerns that we may need to address with this. One of them is sanitation, and the safety of those individuals who are now living in their cars in a parking lot, their overall safety. And what kind of cost and liability there may be if something happens to someone while they're occupying the parking lot and utilizing it for this fashion.

"We heard from various homeless groups that help the homeless who are also opposed to this measure and don't feel that this is the direction we should be going. We should be looking at trying to provide more affordable housing and looking at more shelter options, versus having people living in their cars. Thank you."

Representative Marumoto rose in support of the measure with reservations and asked that the remarks of Representative Fontaine be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Aquino rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Aquino's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations on Stand. Com. Rep. No. 1574, SB 900, SD2, HD 2. I support the idea of attempting to address our growing homeless issues. This is a short-term answer and I appreciate the Committee Chairs that passed this measure forward. However, this bill does not address some of the core issues surrounding homelessness. Services that address drug and substance abuse along with mental health issues are items that should be included in this measure.

"Providing temporary shelter is very meaningful and needed, but I believe we are missing these key puzzle pieces to make this endeavor more effective. Thank you, Mr. Speaker."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Thank you. Clearly homelessness has become quite a front-page issue over the last couple years, but obviously not a new problem to Hawaii. What this bill does is it tries to provide perhaps not the most ideal solution, but maybe something that can be done for the short term to address the issue of homelessness.

"I know there are many concerns on where we will place it. Whether or not there will be programs and services for those at the location, and so on and so forth. But I would say that if we want to provide a place for people to be able to go, off the street such as is being reported on say, Kuhio Avenue, or Kalakaua Avenue where not only have they encroached residential areas, but our tourist area. You have encampments, as well as defecation. And now it is permeating, like I said, into the residential and now our tourist industry.

"Is this the most ideal situation and solution? No. But it is one I think, of the options that we need to take a look at as a stop-gap measure. Do we

need to build more affordable housing? Absolutely. Are we going to do it in the next three to six months? I don't think so. It's not going to happen. And can we have more shelters? Yes. And I would be very supportive of anybody who would like to introduce even a resolution with their name on it, putting it in their own district.

"So let's be real. We have these people, brothers and sisters, living in the parks, on the streets. They have no place to sleep, and put their head down in peace.

"One of the people who came to the Housing Committee who worked with homeless, as well as having been a homeless person, they were talking about clearly, the mental health issues. One of the Committee members asked about treatment, medication, and things of that nature. One of the people had responded in saying, 'I don't take my medication because generally anti-psychotics make you dull. And if you're sleeping on the street and you want to protect yourself physically from attack or being assaulted, or having what little possessions you have being taken away, you don't take it because you cannot defend yourself.'

"And so while we don't have as much affordable housing as we would like, or as much shelter space as we would like, I think this should be something for consideration and for the Members to address the short-term issue while we can work on some of the more medium- and long-term solutions. Thank you."

Representative Brower rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I used to joke that the issue of homelessness wouldn't be taken as seriously as it should at the State Capitol until homeless began to populate our State Capitol lawn. Last night was one of several nights where I walked home late at night, after 11 p.m. And as I left the Capitol there were three people sleeping in the cement areas near the Rotunda. I often walk through the district late at night, and I try to walk on the back streets of Kakaako. I passed several encampments where the homeless are just sleeping right on the doorsteps of private businesses there, and we get these complaints often.

"I support this bill because it's modeled a lot like a resolution which I authored two years ago on homeless safe zones. And part of the issue is that the chronic homeless will not go into affordable housing for various reasons, and that's why I think we really have to think 'outside the box.' And there isn't going to be a perfect solution, but I know that when a natural disaster strikes, the first thing that government does is it takes the people who are homeless and provides shelter for them. So why shouldn't our response be any different during what I'll call an economic disaster. Thank you."

Representative Cabanilla rose to speak in support of the measure, stating:

"In support, Mr. Speaker. And I just would like to first thank the Representative from Waikiki for giving us, with the Chair of Human Services, in giving us this option of a safe haven. I would like to thank him again, for his wisdom.

"And second, I would like to make a correction. This bill that we have before us is not about parking lots. So Members, if you would read the bill, it is not about parking lots, but rather to address the public health issue that's at hand.

"I have toured a lot of encampments for the homeless, and the stench of urination and defecation around the area is something that we need to be concerned about. This bill is about building toilets, showers, washing machines, and water fountains so the homeless people have somewhere to go to relieve themselves as opposed to doing it everywhere. So to the contrary, Mr. Speaker, this is for public health being addressed in this bill. Thank you."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Mr. Speaker, this bill is not a 'silver bullet' for homelessness. It certainly is not a panacea, and I will say

that it is a work in progress. But I believe it provides options not only for the safety of our homeless persons or population, but also for the residents, the area residents around this safe zone wherever it may be. So I see this as an option.

"We have to do something. We have already outlawed our homeless population throughout the State and there just needs to be flexibility and a place for them. And so I believe in this option, and I support this measure. Thank you, Mr. Speaker."

Representative Pine rose to disclose a potential conflict of interest, stating:

"Yes, I needed to declare a potential conflict on Stand. Com. Rep. Nos. 1572 and 1574. I work occasionally for a homeless shelter," and the Chair ruled, "no conflict."

Representative Pine continued to speak in opposition to the measure, stating:

"I would like to speak briefly in opposition to Stand. Com. Rep. No. 1574. I have tried very hard, as someone who works in the industry, to support this measure because I do believe that the introducers care a lot about the homeless and want to solve this problem. But because of some of the words I've been hearing, I feel it is important for me to clarify what causes homelessness.

"What causes homelessness is poverty and lack of housing. It's not just drugs and things like that. You can have a wealthy drug addict, but they still have a home and they won't be homeless. And I think what concerns me the most is the reason why we're all seeing more homeless in our districts, it is because poverty has increased.

"And if you look at the overall picture of what we're doing today, what causes poverty is the inability to afford your cost of living, and what we have done so far since 9:00 this morning is we've raised multiple taxes and fees which would cause poverty for some people. We have potentially reduced the amount of housing that we can produce by taking away some tax credits for those that build affordable housing. And so I hope as we continue to talk about homelessness, let's first look at what causes it.

"The reason why I'm so concerned about creating these areas where the homeless will go is, well the Representative from Waikiki had mentioned that we can't even get people into shelters. How are we going to get these people to go into these areas that we want to create if that's what we're trying to solve? The Representative from Kaneohe said that a person testified in Committee that he didn't want to take his psychotic medicine. Well for those of us in the homeless industry, this is what concerns us. We see it every day and so we're going to force people to go in these areas with their children, with men like this that don't want to take their psychotic medicine.

"And so while I know that this is well-intended, but I just feel like every single penny that we have should go into building more affordable rentals. More affordable housing where people can possibly purchase like we do with Hawaiian Homelands. And we should also definitely stop passing bills that cause poverty."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, a short comment. I'm in favor of this with a number of concerns. One is the history of providing funding for the homeless has been very negligible, and until I can see some dollars, I will be very cautious and have reservations. As the old saying goes, if you really believe that you need to take care of the problem, show me the money."

Representative Yamane rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Rhoads rose to speak in support of the measure, stating:

"In support. I just differ on what the cause of poverty is. I don't think there's any question that poverty has increased in this country in the last few years, but I think it's pretty clear that the reason that more people fall into poverty is not that we've raised taxes incrementally at the State level. It's that the private sector had a major meltdown that practically put the whole world into an economic tailspin, and that's where the poverty was derived from. Not from the fact that this Body has very marginally raised taxes over the last couple years. Thank you."

Representative M. Lee rose to speak in support of the measure, stating:

"In support with some written comments. But also I would just like to add that it's not just taxes that are causing homelessness. It's basically mental illness, and substance abuse, and the lack of treatment thereof. Thank you."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support. The homeless problem is getting worse and suggested solutions are many, but none are perfect.

"This bill would place sanitary facilities in an undesignated place which would allow homeless to set up temporary shelter. "Safe Haven" is probably not the best term here as a shelter such as this could not possibly be a haven.

"Services such as medical, legal and social would be available here and the land used would be most likely State owned.

"Personally, I am very much in favor of the Housing First concept; however, finding a building or landlords willing to take in the homeless is difficult. The Safe Haven concept would be an alternative to the shelter and superior to having people pitch their tents on the street. It is worth a try."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 900, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HOMELESSNESS," passed Third Reading by a vote of 48 ayes to 3 noes, with Representatives Fontaine, Har and Pine voting no.

At 2:34 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1555, SD 2, HD 2
S.B. No. 1219, SD 2, HD 2
S.B. No. 1511, SD 1, HD 2
S.B. No. 1549, SD 2, HD 1
S.B. No. 903, SD 1, HD 1
S.B. No. 912, SD 2, HD 1
S.B. No. 900, SD 2, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1575) recommending that S.B. No. 1073, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1073, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Marumoto's written remarks are as follows:

"Mr. Speaker, I am in favor with reservations on SB 1073, SD2, HD2 Relating to Surcharge for Indigent Legal Services. This bill increases the amount of surcharges for the indigent legal assistance fund to provide basic civil legal needs for access to shelter, medicine and custody of

children, among other things. It requires the Hawaii Justice Foundation to review, on a biennial basis, the indigent legal assistance fund to determine whether it is meeting the civil legal needs of indigent persons, and report to the Legislature starting in 2014. These are all very worthy services.

"However, I have reservations about this bill. It raises the District Court fees from \$10 to \$25 in 2012, and to \$35 in 2014. That amount will go to organizations providing indigent legal services. It raises Circuit Court fees from \$25 to \$50 in 2012, and to \$65 in 2014. The civil action in the Court of Appeals fees will go from \$25 to \$50 in 2012, and to \$65 in 2014 for civil actions. Organizations such as Legal Aid Society of Hawaii, Domestic Violence Action Center, Mediation Center of the Pacific, Hawaii Disability Rights, Hawaii Justice Foundation, Hawaii Immigrant Justice Center, ACLU can apply for grants to access the money.

"While I believe it is worthy of these groups to provide legal services to those in need, my concern is that the fees are now large so as to be a burden on smaller legal firms and their clients who are struggling to stay afloat in this bad economy. It will also be a burden on banks and credit unions with many filings – the fees will quickly mount up. So I vote with reservations on this bill."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker, and Members. I stand with reservations and I would like to see the Bar Association contribute a little bit more and offer more of their services for their indigent people. I would hope that the Conference Committee members, when they go through the Conference on this issue, would possibly make some adjustments in the fees. I think the increase in some of the fees and the fines are relatively high. This is beginning to hurt some of the businesses, and I think that is why there are some no votes and those with concerns on this measure. So if they can better share in the costs instead of relying on one particular business, I think it would be a lot more fair. Thank you, very much."

Representative McKelvey rose in support of the measure with reservations and asked that the remarks of Representative Souki be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"May I have a ruling on a potential conflict? I serve on the Board of Directors for Legal Aid, one of the recipients of the fee and surcharge. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1073, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO SURCHARGE FOR INDIGENT LEGAL SERVICES," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Marumoto voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1579) recommending that S.B. No. 1347, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1347, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising with reservations about the bill. Thank you. If the Members would turn to page 7 of the bill, this is another measure that pretty much solely benefits Hawaiian Electric. And on page 7 of the bill it states that an electric utility company, which basically is Hawaiian Electric and its subsidiaries, they can recover through an

automatic rate adjustment clause, the electric utility company's revenue requirement. This is in relation to any cost and expenses of a renewable portfolio of the electric utility company.

"So again, the Commission can establish a separate automatic rate adjustment clause or approve the use of a previously approved automatic adjustment rate clause without a rate case filing. It's those last five words that are the key words. Without a rate case filing means that there's no opportunity for the Consumer Advocate to be a part of that process to say on behalf of the consumer, 'We don't believe that this rate increase is legitimate. We don't believe you should authorize it.'

"So once again, you have an automatic rate adjustment going upward for the ratepayers. It shows up on their utility bill, but no intervention by the Consumer Advocate to protect the consumer. Thank you."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Yamashita rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. May I have a ruling on a potential conflict? On section 5 of the measure, HRS 486H is the section on gasoline dealers and I'm a part owner of a gasoline station. Thank you," and the Chair ruled, "no conflict."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1347, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC UTILITIES COMMISSION," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1580) recommending that S.B. No. 1270, SD 2, as amended in HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1270, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. In fact Mr. Speaker, I rise in support with kudos and commendations for the Chair of Finance. Earlier the Representative from Kailua had said that, 'I told you so,' regarding the foreclosures.

"Regarding this bill I would hope they would see the Minority website at www.hawaiistatebudgetonline that we showed you so that we can pay it back as this bill does. Take the money for the emergency, but then repay it and allow enough in there for the reinsurance in the event there is a hurricane so we are safe and sound. So I think iron does sharpen iron, and I commend both sides of the aisle for this bill. Thank you."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Mr. Speaker, I stand with reservations on SB 1270. I have concerns about further tapping the Hurricane Relief Fund to help us balance our State budget as it perpetuates lawmakers' habit of raiding this and other

funds in the future. I do appreciate that this version includes a provision explicitly borrowing and repaying money from this fund.

"The State Insurance Commissioner has submitted testimony indicating that insurance experts believe a Hurricane Relief Fund balance of \$70 million is sufficient critical mass by insurance experts to leverage for reinsurance purposes should another hurricane strike our islands. Moreover, I prefer this method of borrowing from the Hurricane Relief Fund rather than an increase in the General Excise Tax as a source of balancing our State budget."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1270, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HURRICANE RELIEF FUND," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Thielen voting no.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1582) recommending that S.B. No. 723, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 723, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL IMPACT STATEMENTS," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1583) recommending that S.B. No. 772, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 772, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BIOFUEL FACILITIES," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1584) recommending that S.B. No. 1363, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1363, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Rhoads rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I just need to request a ruling on a potential conflict on Stand. Com. Rep. No. 1584, the plastic bag bill. One of my wife's clients is Safeway. Thank you," and the Chair ruled, "no conflict."

Representative Souki rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker. I would like a ruling on a potential conflict of interest. I'm a consultant with the American Chemistry Council. They produce plastics, and right now I'm hired as a consultant to work with Maui County on the styrofoam problem. Thank you," and the Chair ruled, "no conflict."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Souki rose to speak in opposition to the measure, stating:

"Mr. Speaker, I wish to speak against this measure. Inasmuch as I recognize that plastic is a problem and we need to take care of the problem comprehensively, I don't believe this is taking care of the problem of plastic comprehensively. You are only looking at bags. When you go to a supermarket, as probably our new Representative from Kauai can tell you,

and you fill your package, probably 9 or 10 items in there have plastic. You buy fruits, and it's usually wrapped in plastic. Meats wrapped in plastic. A lot of the items have plastic and yet none of those plastic items are being taken care of. All those plastic items are going into the waste stream and it's going to be there forever. So you're taking care of one little part of the problem.

"I'm saying, instead of having the 10 cents and giving some of that money to the supermarket so that for one year, or whatever the time is, it's better to develop a more comprehensive recycling program and send all these plastic products to H-Power. I think they would love to have plastic products going to H-Power inasmuch as it's all made of oil. But to take care of only one item when you have dozens of items, literally in that particular market, it serves no purpose to take care of the plastic problem. Thank you."

Representative Herkes rose to speak in support of the measure with reservations, stating:

"With reservations. We each have one of these 51 bags in this room."

Representative Morikawa rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Morikawa's written remarks are as follows:

"I believe that current County Ordinances should govern the ban on plastic bags and not be preempted in any way by this measure."

Representative Kawakami rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I'd like to ask for a ruling on a potential conflict of interest. We have some grocery stores that we own and operate on Kauai," and the Chair ruled, "no conflict."

Representative Kawakami continued to speak in support of the measure with reservations, stating:

"Please note my reservations. I have concerns about this measure and how it will affect the counties that have taken steps to ban the use of single-use plastic bags in retail and food service establishments.

"Most notably on Kauai, and that's where I'm from, we've taken a step to ban plastic bags so the only option we have is paper. Now a paper bag is going to run between 12 to 17 cents per bag, and so the current proposal on the table requires the retailer to charge 10 cents, of which 2 cents goes back to the retailer. And that is subject to income and general excise tax.

"So if you don't have a plastic bag ban enacted in your county, it may come out to a win win because the cost of a plastic bag is about 1 to 2 cents. And maybe you break even. But on islands like Kauai where our only option is either to provide no bag or a paper bag, the 2 cents coming back to the retailer doesn't cover the cost of the bag, and it does not cover the cost of all the implementations that would be required. You have a checkout teller that now has to count how many bags are being distributed. And you have to break the fee out in your accounting department.

"So for the small businesses, and the 'mom and pops,' it would be an excessive burden in my opinion. And this is for counties that have taken the right step to eliminate the use of plastic bags. So please note my reservations, Mr. Speaker. Thank you."

Representative Johanson rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Thank you. Again, I have no qualms with the underlying tenants of this bill to achieve a friendlier environment. What I do worry about is my constituents' ability, as well as all of our constituents' abilities to absorb the costs that we would be passing on through this measure. So given the hard economic times that all of our constituents live in, that is why I will be voting in opposition. I also

ask for further written comments to be inserted into the Journal. Thank you."

Representative Johanson's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition to SB 1363. While I do support the intent of this measure to improve the environment and to proactively reduce the amount of material put into our landfills, I cannot support this particular fee increase. Though it seems like a small fee, I believe the added cost to the grocery bill is not a cost that can be absorbed by our constituents, especially in these difficult economic times. This fee will increase the already high cost of living because it targets the purchase of necessities such as food and groceries. This added fee will touch everyone, each time they step into a store or business. Again, I do support the intent of this measure and support actions that help increase and improve environmental awareness and conservation. However, this particular fee has too broad-based of a negative impact on all of our constituents. I do not believe my constituents can afford this additional fee."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Do no harm to Hawaii's families, which we're in the process of."

Representative Keith-Agaran rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'd like to issue my reservations. And I'd like the words of the Representative from Hanalei adopted as if they were my own, except that wherever he said Kauai, it should be Maui."

Representative Har rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, I think that the intent of this bill is certainly laudable and I've discussed this with the Chair of the Energy and Environmental Protection Committee. But my biggest problem with this bill, well I should say I have several problems with this bill. But at this point, let's talk about what's going on at the retail level.

"And with all due respect to my colleague from the 14th District, one of the issues that has come up is with retailers, and the fact of the matter is this. They spend anywhere between one and six thousand dollars per store, per month, on the purchase of these plastic bags. So while we as consumers receive them free currently, they in fact take that one to six thousand dollars and they incorporate that into their price point. So we, the consumers, are still paying for those bags notwithstanding the fact that they're 'free.'

"So what this bill will do is allow the retailers to still purchase these bags, but we're now paying them for the cost of these bags. But when I ask the retailers this question: Will you now bring down your price points? They will not do that. And to add further insult to injury, they all tell us to institute this bill, but they need some time and money to get this program going. So the Finance Committee, and with all due respect to the Chair, I thank him for only allowing that 20 percent to go to the retailers for one year.

"But again, where are the retailers in all of this? Of course they stood up in support of this bill because we're now paying for these bags for them. But the problem is we're sticking it to the consumers and our constituents.

"Another problem I have with this is, this is just not the time. This has been a horrible Session. We're now facing another \$1.2 billion shortfall. We have just passed a multitude of measures raising fees, raising taxes, and all I can ask is this: Is this the time for this bill? I submit that this is not the time for this bill.

"Finally, I think that the ones that would be most hurt by this bill will be the seniors. This bill is really about changing people's behaviors, and I submit that I have done that. Because when I go to stores which actually provide me with a discount for every bag I bring in, a reusable bag, they'll

give me a 5 cent credit. I submit that's the way to go. We should be incentivizing these retailers to that type of program as opposed to instituting this 10 cents surcharge. Essentially what we're doing is we're taxing plastic bags now, and I just think at this point in time with the economy going the way that it is, this is just not the time for this bill. So for those reasons, Mr. Speaker, I stand in opposition."

Representative Yamane rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I would like the words of the Representative from Kapolei inserted as my own without the intensity and all the exclamation points. Thank you," and the Chair "so ordered." (By reference only.)

Representative Awana rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and that the remarks of Representatives Souki, Johanson and Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in opposition. Food is a basic necessity. As we know, many are going without another necessity – shelter – but I will save those comments for another discussion. Transporting food with bags that were already paid by consumers through built in costs is unconscionable. The concern is our landfills, yet most in my district are in opposition to this measure. These are the constituents who carry the burden of the only solid municipal waste landfill. This landfill borders the fastest growing community in the State located in the most populous island.

"In addition, everyone I know recycles their plastic bags. Those in my office recycle bags. The carbon footprint to the eventual disposal of cotton bags is much larger than plastic. The small businesses – mom and pop shops will be burdened. This measure is short sighted, but I can foresee the impacts will be long range and hurting the most vulnerable. Thank you, Mr. Speaker."

Representative Yamashita rose to disclose a potential conflict of interest, stating:

"Thank you very much, Mr. Speaker. May I have a ruling on potential conflict? We have retail outlets on Maui where we have a plastic bag ban. We have discontinued plastic bags, but there is potential for us to reinstitute that with this bill. Thank you very much, Mr. Speaker," and the Chair ruled, "no conflict."

Representative Yamashita continued to speak in support of the measure with reservations, stating:

"Please note my reservations. And my reservations are just from the standpoint that we are like others who have concerns about just raising the cost to our consumers. So that is my concern. Thank you."

Representative Fontaine rose to speak in support of the measure with reservations, stating:

"Please note my reservations. I'll submit the same concerns that the Representative from Upcountry Maui expressed. I'm also concerned about the two counties that have already banned the plastic bags. What's going to happen with that? Because one of the things that, I know at least on Maui the selling points was to ban the plastic bags and there was going to be an alternative. There was going to be paper bags. Now we're potentially going to go back to them and say, Okay, you can have paper bags, but now you're going to have to pay 10 cents, or 12 cents, or whatever for it. So I think that's going to be a hard pill to swallow in our communities. Thank you."

Representative Aquino rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Coffman rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of Senate Bill 1363. Thank you. Mr. Speaker, the support behind a 10 cent fee on a single-use checkout bag was amazing. Both the environmental community and the large grocery store industry have backed this bill.

"Mr. Speaker, according to a March 8th article in the *Honolulu Star-Advertiser* the people on Oahu alone use an estimated 300 million bags or more, annually. This is an unsustainable practice that will spoil our natural resources for generations to come. Some say that this isn't the time. I don't know when the time is ever to make the right decision.

"Mr. Speaker, the intent of this bill is not to simply collect fees from our citizens. The intent of this bill is to provide the incentive for our citizens to utilize reusable bags that will not pollute our lands and our waters. In cities, that has worked worldwide.

"Mr. Speaker, sometimes we need a little help when it comes to changing our behavior. It is time to help our citizens break the bad habit of using throwaway single-use bags and provide the incentive to utilize reusable bags. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1363, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL PROTECTION," passed Third Reading by a vote of 45 ayes to 6 noes, with Representatives Awana, Cullen, Har, Johanson, Souki and Yamane voting no.

At 2:54 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1073, SD 2, HD 2
S.B. No. 1347, SD 1, HD 2
S.B. No. 1270, SD 2, HD 1
S.B. No. 723, SD 1, HD 2
S.B. No. 772, SD 2, HD 2
S.B. No. 1363, SD 2, HD 2

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1585) recommending that S.B. No. 318, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 318, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I'd like a ruling on a potential conflict. One of my law partners has been lobbying on this bill. Thank you," and the Chair ruled, "no conflict."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 318, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BUSINESS DEVELOPMENT IN HAWAII," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1586) recommending that S.B. No. 753, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 753, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HIGH TECHNOLOGY," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1587) recommending that S.B. No. 1154, SD 2, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1154, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations. This bill relates to the historic preservation of the South Kona Wilderness Area on the Island of Hawai'i. This measure was not referred to the Committee on Hawaiian Affairs which is tasked to examine public lands and historic preservation."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you. Let me just quote to you from a testimony of Jim Case submitted to the Senate.

The area covered by this bill contains within it some of the best preserved remnants of Hawaiian history. For example, there is Holua Slide, which is quite well preserved. Probably the best example in all Hawaii. The old King's Highway courses through the entire area. The smooth stones are well preserved, and in many places the highway is still the best way to travel over the raw lava.

There are many foundations of ancient Hawaiian house sites, an ancient well still exists. The Hawaiian community existed at Honomalino Bay, Okoe Bay, Kapua Bay, and Manuka. The Reverend William Ellis circled the island of Hawaii in 1824 and wrote about these communities in his book about his trip on foot around the island. This bill would preserve one of the few remaining examples of ancient Hawaiian culture.

"I urge your support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1154, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HISTORIC PRESERVATION," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1588) recommending that S.B. No. 883, SD 2, HD 1, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 883, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Takai rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support of this measure. Thank you. This measure is the companion to the House Bill No. 1 which I introduced this Session and both bills, House Bill No. 1 and Senate Bill No. 883 seek to designate a new, special design gold star family plate for children, parents, grandparents, spouses, and siblings of fallen service members.

"The gold star legacy is part of the traditions of our country which trace back to World War I when an Army Captain, Robert Queisser of the 5th Ohio Infantry created the flags to honor his two sons serving on the front lines in 1917.

"The flags were quickly adopted by families with sons in the army. With President Wilson's support, the Council of National Defenses proposed permitting mothers who had lost children serving in the war to wear a gold star on the black armband while in mourning. The black armband was exchanged for a small flag and the gold star was outlined in a thin blue outline signifying that the service member had died in battle.

"What better way to honor the lives of all our fallen warriors so that they will never be forgotten. This Body has a remarkable record of supporting the Hawaii service members and their families. And as mentioned prior, in 2005 we created the Hawaii Medal of Honor.

"I'd like to share with you an excerpt from testimony submitted by one of the recipients of the Hawaii Medal this year. This is from United States Army Lieutenant Colonel retired Patrick B. Collins, a three time combat veteran and a gold star father. His son, United States Corporal Patrick Collins was inducted into the Hawaii Medal of Honor this past March and he wrote, and I quote:

I've always stayed from personalized license plates designating myself as a combat veteran because that is a personal identification that didn't need to be made. However the opportunity to have a gold star plate provides me the chance to honor my son's sacrifice, and I appreciate the opportunity to do so. My son did not live long enough to ever own his own vehicle and having the ability to put a gold star plate on my vehicle representing his service presents a unique chance in my mind to honor my son's sacrifice and give him the opportunity of driving down a freeway.

"The very essence of our freedom, to live in a free society, is the direct result of the bravery by those whose heroic acts and deeds this license plate honors. While a medal or a license plate can't take away the pain of losing a loved one, it shows that Hawaii will never forget them. The single most important aspect of the adoption of Senate Bill 883 will be that this Body declares that the gold star license plate represents a life that has been lost, and it also reminds everyone that freedom is not free. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I would just like the words of the previous speaker entered into the record as if they were my own. And I also would like to take this chance to publicly, to thank the Chair of Public Safety and Military Affairs for his very hard work on this measure, working with the City and County, the DMVs, and everybody else to make this a reality. Thank you."

Representative Cullen rose in support of the measure and asked that the remarks of Representative Takai be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ching rose in support of the measure and asked that the remarks of Representative Takai be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 883, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL NUMBER PLATES," passed Third Reading by a vote of 51 ayes.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1589) recommending that S.B. No. 244, HD 1, pass Third Reading.

S.B. No. 1154, SD 2, HD 1
S.B. No. 883, SD 2, HD 1
S.B. No. 244, HD 1
S.B. No. 806, SD 1, HD 2
S.B. No. 2, SD 2, HD 1

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1594) recommending that S.B. No. 573, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 573, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Third Reading by a vote of 50 ayes, with Representative Souki being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1595) recommending that S.B. No. 333, SD 3, HD 1, as amended in HD 2, pass Third Reading.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 333, SD 3, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support for this measure which seeks to preserve Hawaii's unique architectural history. Heritage and historic preservation efforts are important especially as APEC nears. We know that places like Charleston; San Francisco; Athens, Greece; Rome, Italy; Paris, France, all hold the attraction over time. Come recession, or come a boom economy, these places, particularly Charleston in the United States, do very well in the tourism industry.

"I believe architecture is in fact the largest, most utilized, most recognizable form of art in all of our daily lives. You may see art on a wall, but everyone drives past certain avenues. We've witnessed countless opportunities to showcase the diversity of the monumental structure and aesthetically beautiful Hawaii and the truth is that the built environment is arguably as important as a natural environment to the tourist.

"My colleagues, this is an opportunity to rise and I'm thankful for this help of the history of Hawaii because together by passing this measure we protect the indispensable avenue for tourism. It's encouraging, this initiative, for the betterment of our State.

"The reason I support historic preservation, and again believe that it is deserving of significant recognition has to do with page 1 here. That we find that as we begin to compete economically in the Pacific Basin, we are beginning to realize that much of our strength lies in our own uniqueness. Those factors that provide us with a distinct advantage over our competitors and that is our heritage, and our architecture reflects that.

"There's a temple in my district, the Liliha Shingon Temple that as was explained by Lorraine Minatoishi Palumbo, an expert on Japanese temples, who will be coming out with a film and a book soon, that it's the unique blend. You will never find this kind of temple in Japan, and you will never find it on the mainland USA, because it's again, always the blend that

Hawaii has that unique ability to blend. And so it is a unique piece of architecture throughout the world, according to Lorraine.

"And so once again I express my strong support for this measure, and my gratitude for this measure. And additional written comments. Thank you, Mr. Speaker."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of SB 333. As a lead advocate for heritage and historic preservation efforts, I believe architecture is in fact the largest, most utilized, most recognizable form of art in our daily lives. I have witnessed countless opportunities to showcase the diversity of the monumental, the structural and aesthetically beautiful Hawaii.

"The historic, cultural and natural resources of Hawai'i are a great legacy and irreplaceable treasures. Each of the sites is an important icon for Hawai'i residents and visitors, adding to the enjoyment, education, and understanding of Hawaii's history and inspiration for the future.

"Ultimately, this bill is an investment in Hawaii's economy and its future by preserving its past while instilling pride in residents and educating visitors in the present.

"This bill benefits Hawai'i's economy in the short-term by providing jobs. It also benefits Hawai'i's economy in the long term by making Hawai'i a better, more competitive destination for business, relaxation, and especially cultural enrichment. And it benefits Hawai'i overall by reinforcing cultural connections and preserving elements of the past that are a source of pride and identity for our people. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 333, SD 3, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HISTORIC PRESERVATION," passed Third Reading by a vote of 50 ayes, with Representative Souki being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1596) recommending that S.B. No. 986, SD 2, HD 2, as amended in HD 3, pass Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 986, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO THE CRIMINAL JUSTICE SYSTEM," passed Third Reading by a vote of 50 ayes, with Representative Souki being excused.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1083, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations and can I just make some brief comments, please. Mr. Speaker, as this Body knows, public employee unions generally have two year agreements, and yet this particular bill deals with the University of Hawaii Professional Assembly. And as this Body recalls, under the Lingle Administration the UHPA actually got an unprecedented six year contract.

"To the best of my recollection in the terms of that contract, in the first two years UHPA did not get any pay raises. Then in the subsequent years they would begin to take pay raises. It is my understanding now we're in the third year of that contract. So the fact of the matter is UHPA members are now getting a pay raise when all other public employee union members are taking pay cuts.

"So yes, the argument can be made that this particular union had great negotiators on their behalf and yes, kudos to them. But the fact of the matter again is this. Everybody is taking pay cuts and the University of Hawaii Professional Assembly is not.

"One further comment. When this bill came up, I asked the Deputy Director of Finance if he knew what the numbers were because the contract was set. Where are they? They should be in here. We should be able to finish this particular bill. We should know the numbers. And they were not able to provide them. So for those reasons, I stand with reservations. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. I'd like the powerful words of the previous speaker entered in the record as if they were my own."

Representative Ward rose and stated:

"Mr. Speaker, the last speaker brought to mind a question of the most favored nation. If in effect it's such a darling agreement, does that mean it's going to go around the loop with all the other unions? And I'm not sure the previous speaker would answer that question. But if anybody knows it, I certainly will put it on the Floor."

The Chair addressed Representative Ward, stating:

"At this time, I believe none of us know what the negotiations are like."

Representative Ward: "Most favored nation is a big dollars sign. Thank you."

Representative Pine rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I just wanted to reveal a potential conflict. I do have a family member that I believe is in the University of Hawaii System. Thank you," and the Chair ruled, "no conflict."

Representative Awana rose in support of the measure with reservations and asked that the remarks of Representative Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1083, SD 1, HD 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR COLLECTIVE BARGAINING COST ITEMS," passed Third Reading by a vote of 51 ayes.

At 3:19 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1095, SD 1, HD 1
S.B. No. 1055, SD 1, HD 1
S.B. No. 1062, SD 1, HD 1
S.B. No. 1061, SD 1, HD 1
S.B. No. 1083, SD 1, HD 1

THIRD READING

S.B. No. 1260, SD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.B. No. 1260, SD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC FINANCE," passed Third Reading by a vote of 51 ayes.

S.B. No. 1271, HD 1:

Representative B. Oshiro moved that S.B. No. 1271, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you, with reservations and brief comments. My only qualm with this particular bill is, if Members look on page 3, in the particular criteria that notes how the notice should be given. Because there is an 'or' in here, and I think it gives a little too wide of a latitude and discretion to the Executive Branch and I worry that it may reduce transparency ultimately. So for those reasons, I'll be voting with reservations on this measure. Thank you."

The motion was put to vote by the Chair and carried, and S.B. No. 1271, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC NOTICES FOR THE EXPENDITURE CEILING AND THE AWARDING OF GRANTS," passed Third Reading by a vote of 51 ayes.

S.B. No. 1285, SD 2, HD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.B. No. 1285, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CAPITAL INVESTMENTS," passed Third Reading by a vote of 51 ayes.

S.B. No. 1288, SD 1, HD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.B. No. 1288, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE EMERGENCY AND BUDGET RESERVE FUND," passed Third Reading by a vote of 51 ayes.

S.B. No. 199, SD 2, HD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.B. No. 199, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Third Reading

by a vote of 49 ayes to 2 noes, with Representatives Belatti and Takai voting no.

S.B. No. 570, SD 2, HD 1:

Representative B. Oshiro moved that S.B. No. 570, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I am in opposition to this measure. One of the things that this bill does is it imposes a tax on pensions and pension income. I realize that the Senate took the pensions out of their bill that they were dealing with, but it lives on in this measure. Earlier I was rejoicing because they had taken it out. But then it dawns on me that it is still alive as an issue.

"Our senior citizens are very apprehensive, and all those that are planning their futures are nervous. Military retirees are very wary. This bill will disrupt their financial planning and pull the rug out from under their lives. The Legislature had seen the language of this measure in many forms since Governor Abercrombie first introduced his plan to tax pensions in his State of the State Address. When this Body first entertained the idea of taxing pensions, it was suggested that we tax individuals with an adjusted gross income as low as \$37,500. At the time, I called the idea almost cruel.

"Today the measure before us taxes pensions at the threshold of \$100,000 and higher to make the bill more palatable to retirees. However my concerns remain the same and they're best stated in the testimony provided by Mrs. Barbara Kim Stanton of AARP, the American Association of Retired Persons. She said that this bill could be a foot in the door that will lead to taxing pensions of seniors at moderate and lower income levels sooner rather than later. If we pass this measure today, we will have our foot in the door to start taxing the pensions of all our seniors. We may end up taxing pensions at \$10,000 or \$5,000 or maybe at no threshold at all. If we return to the Governor's original proposal of \$37,500, it will be harmful to our low income seniors.

"The House Finance Committee has even considered a proposal to tax a minimum amount of each pension to avoid an unattractive feature of this bill, the income trigger. In other words, in this bill, those who make \$99,999 are safe from pension taxation. But should they make one dollar more, their pensions are taxed. The person making \$100,000 will realize less income after taxes, then the person making one dollar less.

"Mr. Speaker, my point is that the fluidity of this measure is disconcerting. As I said before, seniors are quaking in their boots. I understand that the pension bill we sent to the Senate was modified to tax pensions of \$100,000, not adjusted gross incomes of \$100,000 which is our version. And then it was stripped. Very few people have such large pensions as \$100,000, but with the income and pension figures wildly fluctuating, seniors don't know what to expect. They are at the mercy of the Conference Committee, and we all know that those who've voted no on these bills are not allowed to serve on Conference. So since I've been voting no against a tax on pensions I will not be able to weigh in on this measure. Only those who have voted yes on this bill will be selected.

"Will the income trigger go up or down? Will the \$100,000 go up or down? Will only \$100,000-plus pensions be taxed? Will the first X amount of every pension get taxed? Where this elevator stops, nobody knows. This situation gives retirees absolutely no assurance of safety. For this reason and for many others, I ask the Conference Committee to totally strip the pension tax out of this bill and any other bill. Join me in voting no on this and other measures. Thank you."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you. Mr. Speaker. I rise to speak against the bill also. Mr. Speaker, there's also a very serious constitutional defect in the bill. Whether or not the constitutional challenge would be upheld no one could say. I can remember arguing the SuperFerry issue and going back and forth

and being assured by the Majority Party that the SuperFerry legislation wasn't special legislation, and we all know how that turned out.

"So on this, the Department of the Attorney General has stated that Part I of the proposed House Draft 1 could be the subject of a constitutional legal attack. Should this bill become law in this proposed form it could be challenged and the outcome would not be certain. It could take years to litigate the issue through the Hawaii Court System and subject the State to refund lawsuits if the bill is found unconstitutional. At the least it should be made prospective, but the better way to deal with this is to just strip the pension tax out of the bill. And given our track record on other measures, no one would feel secure that their pension would be safe because I'm sure that future Legislatures would dip down further, further, and further until every pension is taxed by this Body. Thank you."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. With serious reservations. I am opposed to the Part II the pension portion. However this bill as noted, has several other parts that are very important for us and our overall financial plan. So because of that case, I will be going with reservations because these other parts of the bill that need to move forward to Conference. However, I am opposed to Part II. Thank you."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I also rise in opposition of this measure. And with all that's been said, I won't repeat it, but I will state my position, that it's a promise made, a promise kept. People have lived their lives already, most of the majority of their lives, and made decisions based on expectation. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise also in opposition. In addition to promises made and promises broken, in addition to the legal arguments, in addition to the slippery slope, there's one more argument, Mr. Speaker, which I would proffer to enter into the Journal and that's the military argument.

"Mr. Speaker, the military will be hit big time by this bill. There are 33 states that deal specifically with military pensions. I think people have gotten misinformation about taxes on military pensions. But they put it in a special category. We of course are putting into a special category called, we are going to tax your pension. Let's look at the numbers though, Mr. Speaker.

"Do we really know what the military's doing for the State of Hawaii. Let's take for example our biggest industry, tourism. If you add up military spending, defense contractor spending, and federal spending in 2008, it was \$13.5 billion. That same year, tourism was \$12.8 billion. It's really our biggest industry.

"If we look at some of the other additions that they've added to our State economy, \$4,740 per person per capita is the third ranking in the United States behind Virginia and Alaska in terms of spending. We're the 'apple of the eye' of the DOD. And according to the 2000 US Census, Hawaii topped all states for volunteer military personnel. 4.5% of our population. These are the people we're going to repay for their patriotism when they come back. Every major defense contractor has local staff and spending over \$2 billion annually since 2002. Pearl Harbor is literally the largest industrial employer in Hawaii. The Pacific Missile Range is the largest multi-environment military range in the world and these are our local residents who work at those places, and who are going to retire and whose pensions we are going to tax. And let us not forget the Coast Guard. They have in 2006 conducted more than 1,200 search and rescue missions, saving 409 lives, \$3.8 million in property being secured. Again, these are local residents.

"The bottom line, Mr. Speaker, you take away the military. Take away the military spending and we become a third world country. Look at the numbers. Do the math. One third of our economy is tourism. One third is federal spending. And one third is other. If you take away that one third,

we become a mediocre visitor destination. Without the military we are not who we think that we are.

"The bottom line is this. Let's remember in a town hall meeting that Representative Marumoto had a few weeks ago. There were about a hundred people in a room and I asked, 'How many of you have served in the military?' Probably about 10% raised their hand. I said, 'Was that an important decision for you to retire in Hawaii?' Another 100% of those 10% raised their hands.

"Mr. Speaker, we have been a haven. We have benefitted militarily by those who are on active duty. Those who are off duty, and to do this pension for the military is to take what otherwise has been spoken by my colleagues about the *kupuna*, about the legal arguments, about a pension tax, that heretofore has not been considered in these more difficult times. It's something that's not needed. Our colleagues in the Senate have just kicked it out of the bill. Mr. Speaker, the best thing to do is that we also do the same. Throw it under the bus. Get rid of it. Thank you."

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. Mr. Speaker, there are several key parts in this bill and I'm going to cover several that have not been touched upon, but Members need to understand are in this current draft.

"In Part IV of the bill there is a temporary cap on the amount of itemized deductions that may be claimed by a tax payer at \$50,000. \$50,000 of deductions is a lot of money, Mr. Speaker and I doubt that many of the Members in this Chamber or even those listening in have itemized deductions in that amount of \$50,000. And that applies in the case of a joint return with an adjusted gross income of \$200,000. It goes down to \$37,500 in the case of a head of household with adjusted gross income of over \$150,000, and then \$25,000 for an individual with again, an adjusted gross income over \$100,000. So that's in Part IV of the bill.

"It's important for Members to know, Mr. Speaker, that that particular element of this bill means \$22.4 million for fiscal year '12 through fiscal year '15. That will weigh in and help us address the \$1.3 billion shortfall we are facing over the two years, and the current shortfall that we all need to address. It will also impact approximately 22,700 returns or 3.8% of the tax payers. So that's Part IV of this measure regarding the cap on the itemized deductions. \$22.4 million.

"Part V of the bill will delay the standard deduction and personal exemption that was increased under Act 60 two years ago in 2009. Also it makes the increases permanent. The revenue gain for those two components is \$8.3 million per year for fiscal year '12. For fiscal year '13, a loss of \$8.3 million. And fiscal year '14, \$8.3 million thereafter. So in general, it's about a \$30 million impact, or \$22 million impact going out after fiscal year '12 on just those two components.

"A couple of points need to be made on the pension issue here. The revenue that the State will receive, about \$17 million, is derived from approximately 4,000 tax filers or 0.7% of total resident returns. That's less than 1%, Mr. Speaker. It kicks off at a very high level for a couple having \$200,000 or more in joint returns, or a head of household \$150,000, or a single at \$100,000, Mr. Speaker.

"It's a very modest amount, but it does a lot of good for the general public, so I hope that Members can see that. Understand the enormous importance of this measure. Not only as a matter of fairness and equity, but as a matter of balancing the budget and addressing this \$1.3 billion shortfall and taking care of the needs of our school kids, the needs of our community hospitals, and those weakest and poorest among us. Thank you, Mr. Speaker."

Representative Ichiyama rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker. I rise with strong reservations. I understand that this measure is a part of the Governor's package in addressing our shortfall of \$1.2 billion over the next two years, but I also feel it is an additional burden on our senior population. The House proposal did raise the threshold levels, for example from \$75,000 to \$200,000 AGI filing jointly, but I am still concerned that these amounts are too low.

"One of the fundamental principles of taxation policy is the balanced treatment of different types of income. I acknowledge the need to include pension income in some form of tax scheme as a matter of evenhandedness, as other types of retirement income like 401(k)s are currently taxed. I would suggest, however, that in these difficult economic times we consider raising the thresholds so that fewer families will be impacted.

"I am also concerned about the elimination of the deduction for State taxes paid for taxpayers with income above specified thresholds. I would suggest that these threshold levels could be raised higher so that fewer families will be affected. In these difficult economic times, taking away this deduction will make it even harder for our local families to make ends meet. Thank you for the opportunity to speak with strong reservations."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. And it's reluctant support because you never want to be in the position of raising taxes on anyone. As an elected person, it's not something that they ever want to do. But it does seem to me that the pension question is a lot more murky than some would have us believe. Primarily because many kinds of retirement income are already taxed. Social Security is already taxed by the federal government for example.

"But it's done in a way that if you don't make a lot of money, you don't get taxed. And that's one reason why I believe in a progressive taxation system is those at the bottom end of the economic scale pay little or nothing. And as long as we craft the pension parts of this bill to make it consistent with the way that we tax other retirement income, I think it's unfortunate, but a fair way to do it, especially when you have people who work in the private sector who get 401ks or IRAs that I believe are both taxed already under State law. There is a fairness issue here about how we tax retirement income. Thank you."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative M. Lee rose in support of the measure and asked that the remarks of Representatives M. Oshiro and Rhoads be entered into the Journal as her own, and that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure which taxes pension incomes above \$100,000 for a single filer. Mr. Speaker, we have heard a lot of inflammatory conversation about this measure, but in reality it is a measure that would affect only 1 to 3% of the population and give back \$17 million in revenue.

"It is true that persons who have IRA's, 401K's and other retirement vehicles are taxed, so in many ways this bill is about fairness. Both military and government pensions at this high level should be taxed.

"This bill has a way to go and needs some adjustments and clarifications, yet it is something that is done by a great majority of the states. The opponents should consider that it is often pensioners who need and use such services as Kupuna Care, and who will eventually enter the Medicaid benefit for long-term care.

"The Governor has said everyone needs to help. High-level pensioners are among those who should be asked to help and many are willing to do just that."

The motion was put to vote by the Chair and carried, and S.B. No. 570, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 28 ayes to 23 noes, with Representatives Belatti, Brower, Carroll, Ching, Cullen, Fontaine, Hanohano, Hashem, Johanson, Keith-Agaran, C. Lee, Luke, Marumoto, Morikawa, Nakashima, Nishimoto, Pine, Riviere, Saiki, Takai, Thielen, Ward and Wooley voting no.

At 3:38 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1260, SD 1
S.B. No. 1271, HD 1
S.B. No. 1285, SD 2, HD 1
S.B. No. 1288, SD 1, HD 1
S.B. No. 199, SD 2, HD 1
S.B. No. 570, SD 2, HD 1

S.B. No. 756, SD 2, HD 1:

Representative B. Oshiro moved that S.B. No. 756, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Fontaine rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker. I rise in opposition to this measure. What this does is basically tax DirecTV and Dish Network to try to level the playing field with Time Warner Cable. It's trying to do that and trying to compare apples with apples when actually, we're comparing apples to oranges.

"Time Warner has to pay the PUC regulation fees because their cable crosses roadways and streets and public areas whereas the satellite technology is able to deliver directly into the homes of the consumers without having to use wiring or land based systems other than the satellite dish mounted on a person's home.

"So I don't think it's fair because one industry utilizes one sort of technology, that we are singling out a specific industry and trying to level the playing field from the government's perspective where we should allow free competition to occur and allow these companies to continue to provide services and to be competitive with Time Warner. Thank you."

The motion was put to vote by the Chair and carried, and S.B. No. 756, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 47 ayes to 4 noes, with Representatives Fontaine, Pine, Thielen and Ward voting no.

S.B. No. 831, SD 2, HD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.B. No. 831, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 51 ayes.

S.B. No. 1186, SD 2, HD 1:

Representative B. Oshiro moved that S.B. No. 1186, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Kawakami rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 1186, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE TRANSIENT ACCOMMODATIONS TAX," passed Third Reading by a vote of 45 ayes to 6 noes, with Representatives Awana, Belatti, Brower, Marumoto, Pine and Ward voting no.

S.B. No. 1356, SD 1, HD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.B. No. 1356, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 51 ayes.

S.B. No. 120, SD 1, HD 1:

Representative B. Oshiro moved that S.B. No. 120, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I have reservations because of the taking of money from the Land Conservation Fund and the Tobacco Settlement Fund. Thank you."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. With reservations on a couple of items on this bill. And I understand why we need the funds. We need to balance the budget. But I am concerned about some of the transfers of funds. Some of them include the School Food Service Special Fund of \$3 million, and the Mental Health and Substance Abuse Special Fund of \$2 million, and the neural trauma funds that we provided some legislation for in case someone has some accident.

"So I'm concerned with those items, and if you can find the wisdom and wherewithal to resolve that and replace those fund transfers, I would be very happy. Thank you, very much."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 120, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Takai voting no.

At 3:44 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 756, SD 2, HD 1
S.B. No. 831, SD 2, HD 1
S.B. No. 1186, SD 2, HD 1
S.B. No. 1356, SD 1, HD 1
S.B. No. 120, SD 1, HD 1

At 3:44 o'clock p.m. Representative Thielen requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 3:45 o'clock p.m. with Vice Speaker Manahan presiding.

S.B. No. 754, SD 1, HD 1:

Representative B. Oshiro moved that S.B. No. 754, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Mr. Speaker, I rise in opposition to SB 754. I recognize our State's current fiscal situation and believe it is our duty as a legislative body to make critical decisions to meet our constitutional obligations to balance the budget. I am deeply concerned that this measure will very negatively impact the availability of local jobs for our local workers. This bill increases the cost of doing business in Hawaii and removes necessary tax exemptions that the construction and building industries need in order to survive. By removing these tax exemptions in the short-term to generate revenue to balance one fiscal year's budget, we may be delaying our State's economy recovery and creating larger economic and fiscal problems for the State in the future."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker, with reservations. Again a caveat, It's no secret that I would have preferred and increase in the excise tax, however it's the will of the House that we don't do it. So we have this temporary suspension of excise taxes. The concern I have is that how some of these may affect the labor market, the housing costs, especially the exemption on subcontractors. And the exemption on airlines may cost us jobs.

"Years back when I was the Speaker, back then we provided some assistance to Continental Airlines so they would come in and do all their repairs here in Hawaii, in Honolulu. And for a number of years, that's what they have been doing. This temporary exemption for the airlines would injure that capability that they have now. In fact, there have been some discussions that they'll probably or they might move back to the mainland. That's Continental Airlines.

"Being a Neighbor Islander, it also will affect Hawaiian Airlines and other airlines that do business between the interisland routes. It's expected to affect Hawaiian Airlines by \$25 million. Now how that would affect the airfares, I don't know. It's already high, and probably it's going to be passed on to the consumer at some point in time.

"So there are other concerns I have with this bill. Again I applaud the Finance Committee for finding the money and the wherewithal so that we can balance the budget. But I only wish that we had looked at it on a broader scale and not on this nitpicking that we did this past Session. Thank you, very much."

Representative Thielen rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I'd like to request a ruling on a potential conflict. I have contractors in the family. Thank you," and the Chair ruled, "no conflict."

Representative Thielen continued to speak in opposition to the measure, stating:

"Mr. Speaker, I rise to speak against the bill. Thank you. And Mr. Speaker, I have to say I oppose the bill for many of the reasons enunciated by Speaker Emeritus. He has a great deal of knowledge and experience in this area. I think the bill can be more detrimental to our recovery than it would be to help us put a little bit of money into the budget. Thank you."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have reservations on this measure and I think that I have a little different stance than Speaker Emeritus. He had said he prefers an excise tax increase rather than this bill. Well I think this bill is a little more preferable than an increase in the excise tax which I think would be very harmful. I term this as, 'a lesser of the evils.' I am voting for this measure because I feel we have to make up and we have to pass a balanced budget.

"But I want to point out the fact that subleases will be taxed at the four percent rate, and in Honolulu that is four and a half percent. And this affects all house rent, all retail stores that lease and sublease, and sub-sublease. All offices that do the same. There are a whole lot of people out there who don't know that this is coming down the pike, and their rents are going to be a lot more expensive every single month. So I vote for this with a great deal of trepidation with reservations. Thank you."

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker, in opposition. I did want to support this bill originally because I believe that it's time that we look at our tax structure and look at those exemptions that perhaps are no longer needed for the time. And I do believe that many exemptions should be eliminated and we did include that in the House Minority Budget.

"Unfortunately we have to vote on the bill that's before us, and it has been mentioned that some double taxation will occur, especially in subcontractor area. So it's my hope as we go through this in the final version in Conference Committee that we can maybe somehow be able to vote on these different measures separately."

Representative Ching rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition of SB 754. It should be remembered that many of the exemptions exist because if the general excise or use tax were imposed on these entities or transactions, it would impose an undue burden or cause businesses to structure transactions in an inefficient manner. There are those exemptions that exist because to tax the transaction would be a violation of superior law or maybe deemed unconstitutional.

"Other deductions, exclusions and exemptions exist because they help to reduce the pyramiding effect of the general excise tax. It should be remembered that any imposition of tax will not only result in the increase in the cost of doing business in Hawaii, but may create inequitable taxing situations that were addressed by the specific general excise tax exemption. Thank you."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Again, this is part of our plan to address the \$1.3 billion shortfall. While it may seem that we are picking on certain industries or people, I think it is the exact opposite. We are making sure that those who do not pay, pay like everybody else. Thank you."

Representative Morikawa rose in support of the measure with reservations and asked that the remarks of Representative Souki be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Say rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on a potential conflict? I am an owner of a small business where I'm a sublessee in Kalihi. And I'm also an officer of another business in Mapunapuna, which is Tokyo Bento. I am an officer and not the President who operates the business. Just an officer," and the Chair ruled, "no conflict."

Representative Say continued to speak in support of the measure, stating:

"I'm willing to sacrifice the repeal of this particular exemption for two years. Thank you, very much."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker, in the Hippocratic Oath that I've been referring to today, you do no harm to families. You don't increase the cost of living as we've already done today. Driving is more expensive. Being a senior is more expensive now."

"Second part of do no harm to our jobs. In this bill we've got subcontractors, renovators, airline tickets."

"And most importantly, the third part of the Hippocratic Oath is do no harm to the economy. Mr. Speaker, this is robust and as the gentleman said earlier, that this is going to help us close our budget gap. But you can close a budget gap by blowing a hole in the economy by stalling it."

"And as I've spoken previously on this Floor, what does stalling the economy look like? Let us all rewind to September 2008, an abrupt stoppage of investment. Abrupt flow of goods and services. And those who have the money, holding on to it because they are so afraid that nothing out there is secure. So, Mr. Speaker, what messages we're sending here today is going to stall the economy. Those people who should be hiring more people will hold on to that investment capital because we taxed them all the more and made it all more certain regarding their future. And then we go into a tailspin."

"Now, how can I say this with such confidence? If we go to the Hawaii State Budget Online, www.hawaiistatebudgetonline it's all the choices that everybody in this Chamber has to look at what the Governor proposed, what the House proposed, what the Senate is proposing, we're proposing. These taxes are not necessary in this bill. Look at the data, look at the numbers, and let's not do harm to our family, our jobs, and particularly stalling our economy, which is already sputtering. Thank you, Mr. Speaker."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Unfortunately, it seems to me like this is very much a zero sum game, because if we don't raise taxes and preserve the State programs and jobs that the tax increases support, that also hurts the

economy. I think the mistake in the argument of the previous speaker is that only private sector jobs, only private sector investment are worth anything. And that's simply not true."

"Public sector jobs. Public employees spend their money just like everybody else. Investments we make in infrastructure at the State level are very important to the economy functioning well, and there's no data or any indication that somehow government economic activity is any less effective at propelling an economy forward, if you have to choose one or the other, than not raising taxes."

"So it is kind of a Hobson's Choice because I think both will have a negative effect on somebody, but you know that's what they pay us the big bucks to do. It's to make Hobson's Choices. Thank you."

Representative M. Lee rose to speak in support of the measure, stating:

"In support and written comments. But I'd also like to say that I also ascribe to the philosophy of first do no harm. And I think by voting on some of the measures we did today, we assure that some of the most vulnerable people will not be harmed. Thank you, very much."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in favor of this measure which temporarily suspends the exemption from the general excise tax from certain persons and corporations. The exemptions would be suspended for 2 years at 4%. This is an essential element of the House Financial Plan, and is a matter of fairness as some entities have enjoyed this exemption for many years."

"During this period of financial crisis, everyone needs to help. Entities such as these would be helping the state to recover from the deficit, and also be a factor in avoiding an increase in the GET. I urge the Members' support."

Representative Choy rose to speak in support of the measure, stating:

"Mr. Speaker, I'd just like to read this one sentence: 'The code is also patently unfair as many of the deductions and preferences in the system which serve to narrow the tax base are mainly used by a relatively small class of mostly higher income individuals.' This is for the feds. 'Washington should not be in the business of picking winners and losers.'"

"This particular statement in the pro-growth tax reform of the Path to Prosperity from the <http://www.gop.gov/budget> embodies what I see in this particular bill. What we're doing here is we're restoring the tax base. We're taking special interest out, and we're representing the ordinary people. What we're doing here is the first step to a pro-growth tax reform. That's what I feel. So I stand in strong support of this particular measure as the first step. Thank you, Mr. Speaker."

Representative Pine rose to respond, stating:

"Just in rebuttal, Mr. Speaker. As I mentioned earlier, I do believe we need to look at our tax structure and make it fair, but no other state in the nation has a general excise tax. And as the previous speaker knows very well, it's very different when we talk about the federal government and the Path to Prosperity that was presented by the Republicans in the US Congress who believe that all these tax credits should be eliminated. No one should have preferential treatment over the other."

"But unfortunately with our very unique tax structure, the general excise tax has the ability of taxing, and then taxing again, and then taxing again with every different part of business that works together. And so it's estimated in some cases that the general excise tax can make a product cost between 18% and 20% more than it really should. And so while I agree with a lot of the statements of the previous speaker, and I do agree with a lot of the eliminations of tax deductions in this bill, we really should not compare our tax structure to the federal or any other states tax structure."

Representative Cabanilla rose to disclose a potential conflict of interest, stating:

"I may have a potential conflict, Mr. Speaker. I'm a lessee of residential properties," and the Chair ruled, "no conflict."

Representative Cabanilla continued to speak in support of the measure, stating:

"And I'm in support of this bill. Thank you."

Representative Souki rose to respond, stating:

"Yes, Mr. Speaker. My second time. And again, I'm not opposed to what has happened. I understand. I would prefer to have again a broader tax. However Members here must understand this. In the past two or three years we've made many draconian cuts and I believe over 200 positions or more have been cut in these past few years.

"This year in trying to resolve the budget with the Senate, we may face another major cut into the 'bone and marrow' of the State departments. So what will that mean to the State and to the community as the quality of life deteriorates when we don't have enough staff to take care of the dengue fever mosquito problem? We don't have enough public health nurses to go into the community. Our classes are increasing in size because we don't have enough money, so every year the class size increases. The University continues to deteriorate, their facilities, and not having enough classes.

"All this is happening before our eyes, and what we're talking about is not raising taxes. Watch out for the money. Think of what we've done in the past, and what we're going to be doing before this Session is over. We're going to be further lowering the quality and standard of life for the people in the State of Hawaii. Those who receive mental health services, Medicaid services, Head Start services. All of this is all going to be hurt and we are doing nothing about it. So I ask you to think about this. Thank you, very much."

Representative Ward rose to respond, stating:

"Mr. Speaker. A brief rebuttal and a few additional comments. Mr. Speaker, lest we forget where the money comes from. The private sector hires 85% of the people. Government is not where it's at. We're the ones who live off of them. So when we say we're running short of money, it's because those in the private sector who produce the money are having a hard time vis-à-vis the regulation.

"I think the saying is best put this way. We do not have a deficit because we don't tax people enough as the Representative from Chinatown suggested. We're in trouble if we don't tax people. We have a deficit because we spend too much. Smart government, right-sizing government is what the people out there are asking us for. Cut spending and make sure that there's enough money to go around, Mr. Speaker. That's really where the issue is at.

"Let's not forget. We're not the third world where government hires 40, 50, 60% of the people, and runs all of the industries and distributes the sugar and like in Gaddafi's place. He gives gas at 7 cents a gallon. Government is not the center of American life. But in Hawaii, you would think that government is the beginning and the end of everything. Mr. Speaker, that's not true. It's deceptive.

"And let us not forget that the economy runs on liquidity. Liquidity means people spending money and keeping that pump primed, and keeping the small, the big, and everybody confident that if they spend they're going to have enough money for tomorrow. Right now we have scared the daylight out of those people who got the money to do investments, and without investment, there's no jobs. And the more that we tax and we send signals from this Floor, the more those people are going to hold on to their investment money and there's not going to be any jobs.

"So it's not, 'they're right, we're wrong,' or 'we're right and they're wrong.' We just got to see both sides of the equation that's why there's an adversarial two party system so we just don't hear one side, but you see both sides of it. Because what's prospered this nation is the private sector. We're not a great nation, we're not an exceptional people because of government. We're an exceptional nation because of the people who

occupy this nation. The 'can do' spirit. The innovative. The creative. The ones who from poverty built the greatest and strongest nation in the world, which we may be slipping away because we're relying upon our government instead of ourselves.

"Mr. Speaker, there's going to be a Tea Party on Friday, and those people are going to talk out against some of the things that we're doing but they're talking about some of the fundamental values of what we were as Americans in the beginning. So let us not praise at the altar of taxation, but get down to the basics that people want jobs and government is not the solution to creating jobs. It's part of the process of being the referee of making sure the game played in the marketplace of ideas that the marketplace where there's actual sales."

Representative Riviere rose to yield his time, and the Chair "so ordered."

Representative Ward continued, stating:

"Have I gone over 5 minutes? Mr. Speaker, in conclusion, the genius of the American people is the American people and not the American government. It's our job. Our business is governance. We have to govern wisely with what resources we have. And we can't complain every time that there's not enough resources to tell our people to 'eat more cake.' Give us more taxes. If we want to go to the European model in which way we're already heading that's fine and dandy. But there's some of us in this State, some of us in this nation saying that's not the American way. That's not the American model. That's not who we are.

"And, Mr. Speaker, I think if I look at the people of Hawaii who they are, they're a world class people. We're the center of ethnic mix. We're the center of intelligence. We're the center of all the things that the world together puts together in one place. One beautiful place blessed by God. We can do better than this. We can do more than just tax the people. Let's use our heads and just stop living off of our good looks. I think that's what Hawaii has got to get out, through, and above. With that Mr. Speaker, I rest my case. Thank you."

Representative Rhoads rose to respond, stating:

"Mr. Speaker. In support still. Mr. Speaker, I studied communism when I was in graduate school, and I'm very aware of the fact that if you ignore the free market, strange things happen because that's exactly what the Soviets tried to do. They tried to ignore the market. You can't ignore the market. But the market will also take into account, and investment will just as much stop coming into our State if our roads have so many potholes in them that you can't drive down without shaking your teeth out. If dengue fever takes the place over because the Vector Control Division has been cut. If you can't eat at a restaurant because you're afraid you're going to get food poisoning. If you are injured in your elevator as you go to your hotel room because there are no elevator inspectors in this State.

"The government and the private sector can work together to make and achieve prosperity. But if you shortchange one or the other to the extent that they don't function, that's when you have problems. This whole idea that government is the problem is just baloney. Government is part of the solution. Government is why the private sector can function. If you have a government that teams with the private sector that understands economics, then things will progress quite well. But if you downplay the government's role, you're asking for trouble.

"All you have to do is go to a country where the government doesn't function and you'll see what I'm talking about. Look at Somalia, or Afghanistan, or many places in the world where the government just doesn't function and you'll see that the economy's not doing so well either. Thank you, very much."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I wasn't really going to get up on this debate, but I think I will now. I wanted to reiterate, I rise in opposition mostly because of the subcontractors. I had a very good conversation with a subcontractor at a restaurant the other night, and he explained to me in

detail why this was going to be so destructive. And as Speaker Emeritus mentioned, those points I believe in and I believe are valid.

"I don't mean to be pontificating in any way, but I really see the world sometimes, as a classroom. I was at my favorite restaurant last night because we got out late. It's open until ten, thank goodness. It's my favorite because it has fresh chicken and fresh vegetables. And as I was leaving, they waved goodbye. I got there about 9 o'clock and five waitresses were leaving. My friend and I, and my daughter looked. God, did we get the timing wrong? No, no. It still closes at 10.

"What they were doing, Mr. Speaker, is they were flexible. They were adjusting, and they let those five waitresses go home early to be home with their children, hopefully. You know good moms. They're going to tuck in their kids, or spend time reading to them. So it's an efficient use of time. Because they had the flexibility to do so. So I feel that perhaps, I speak I don't know, but from this Caucus, the debate to me, I believe, yes that's why I ran for office, I do believe government is good, and it is a solution. But in the debate of free market ideas, we all know government can't be flexible.

"We know this from special funds. We know this from the budgeting process. I knew this when I was teaching at Maemae School. The whole section of funds. You can't touch. Sorry. Because it has regulation. So even though what I needed in my classroom was something outside of that fund, I can't use that money. They want me to continue to use the money for something I don't need it for.

"The difference between government and the private sector is that Chinese restaurant last night. The manager can say, 'Hey ladies. You want to go home? You can go home.' You can't do that that quickly. You can't adjust that quickly in government. And there is no accountability. At bad times, you can't let somebody who's not performing, go. And we know that, and there are nations who have said, 'What's wrong with you guys. You spend so much money. End of productivity.'

"The fact is that 70% of our surplus went to pay raises, right?"

The Chair addressed Representative Ching, stating:

"Representative Ching, we're on the exemptions."

Representative Ching: "Correct. And I'm just responding and adding to the Minority Leader's conversation in a rebuttal to my good friend, the Representative from Chinatown that I believe in government too. But I believe that everyone brings something special to the table. And I believe that everyone belongs at the table. And I believe that if all of something goes to only one son, and one son starves, you really do diminish the family.

"That son is the private sector. We do want to bring in more prosperity. I do believe that not always they should be held to OSHA standards and everything. I'm not saying that there should be *carte blanche*. What I'm saying is that there should be that invitation to have prosperity. And the private sector needs some help. I think so. So when we think about government, it does do some things very well, but there are other things that it just doesn't have the flexibility to react quick enough. Thank you."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker, in support. One of the things that the Minority Leader said is that government doesn't pay taxes. Government employees pay taxes. And the cut back in services, I doubt that the people in Hawaii Kai notice it. I will tell you who notices it. The people I represent in Pahala, Naalehu, and South Point. Those are the people I represent. And those are the people who feel it and I'm going to make sure that they get a fair share if there's any chance that I can."

Representative Har rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker, can I get a ruling on a potential conflict. At my law firm I represent subcontractors," and the Chair ruled, "no conflict."

At this time, Representative Har called for the previous question, stating:

"Mr. Speaker, on that note, may I call for the question, please. Thank you."

Representative Ward rose and stated:

"Mr. Speaker, a point of personal privilege."

The Chair addressed Representative Ward stating:

"You've already spoken twice."

Representative Ward: "I know, but I was not told that the people of Hawaii Kai do not know what's going on in the rest of this State, nor do they know that what it is like to live in other districts. That's a personal privilege."

Representative Herkes: "Point of order."

At 4:12 o'clock p.m. Representative B. Oshiro requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvene at 4:14 o'clock p.m.

Representative Pine rose in opposition to the measure and asked that the remarks of Representative Ward be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and S.B. No. 754, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 44 ayes to 7 noes, with Representatives Brower, Ching, Fontaine, Johanson, Pine, Thielen and Ward voting no.

S.B. No. 778, SD 1, HD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.B. No. 778, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 51 ayes.

S.B. No. 741, SD 1, HD 1:

Representative B. Oshiro moved that S.B. No. 741, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I think this is the last time I speak. I hope, anyway. I rise in opposition to this Senate Bill. Thank you, Mr. Speaker. That increases the liquor tax rate by 20%. And my main concern with this bill, besides the fact that it's bad timing with the tragedy in Japan and our tourism industry needing help.

"My main reason for supporting, well wanting to support Hawaii regional cuisine and the local restaurants that will be affected by this. Roy of Roy's Restaurant was one of our main founders of the Hawaii Regional Cuisine movement. He testified that this would be damaging. He would lose business. He would have to cut jobs, and potentially it would drive him and others in his industry out of business. We want to support those types of businesses, and to express sort of the relationship that so many things are interrelated in my mind.

"I don't think in terms of silos. I don't like silos. When you think of a silo, it's not too far away from being myopic, short sighted. So the thing is without Hawaii regional cuisine and restaurants, particularly Roy's and

some of the others, Alan Wong's, etc. who's going to buy that Waimanalo greens? Who's going to buy the Maui Gold pineapple? Who's going to buy the ag products that one of our goals is to have sustainability and to promote our agriculture. This is not good for tourism, and it's not good for agriculture. We can't afford to lose these valuable businesses. And if we let Roy's close his door, well, we'll not only lose the restaurant, we lose the jobs, the tourists, and the venue to showcase local agriculture. The very things that makes our State unique.

"And with those wonderful opportunities like APEC around the corner, we want to encourage our local businesses. We want them to flourish. We want them to shine come November. Thank you."

Representative Say rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on a potential conflict? I'm an importer of Japanese wine," and the Chair ruled, "no conflict."

Representative Say continued to speak in support of the measure, stating:

"So I will support the measure, and the 20% increase."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 741, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INTOXICATING LIQUOR," passed Third Reading by a vote of 37 ayes to 14 noes, with Representatives Brower, Ching, Fontaine, Hanohano, Johanson, Luke, Marumoto, Morikawa, Nishimoto, Pine, Takai, Thielen, Ward and Wooley voting no.

S.B. No. 1006, SD 1, HD 1:

Representative B. Oshiro moved that S.B. No. 1006, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Thielen's written remarks are as follows:

"The Legislature should not establish regulatory standards for water quality. In 2009, the Hawaii State Legislature inappropriately waded into the administrative realm by establishing regulatory standards for water quality. This is a dangerous precedent and one that I oppose. I do not believe we should extend the sunset of Act 126. I believe this Body is not equipped to review and analyze conflicting scientific data.

"This legislation sets a dangerous precedent. If this action sets a precedent, we must remain vigilant that polluters do not use the Legislature as a vehicle to lower health standards through the political process."

Representative Pine rose to speak in opposition to the measure, stating:

"In opposition and written comments, and I'd like to use the words of the previous speaker's written comments as my own."

Representative Pine's written remarks are as follows:

"Mr. Speaker, I am opposed to S.B. 1006 which, like H.B. 266, really lowers our State's water quality standards. Coming from Ewa Beach, I find that unacceptable.

"Although this bill would change some of the State's water quality standards to those of the EPA, such a change constitutes for us a step backwards since our standards in Hawaii are actually higher than those of the EPA's. This is as it should be: Hawaii's water quality should be different from the mainland's because we in Hawaii consume more fish

and sea food than any other state, and S.B. 1006 will negatively affect this important source of food for us here.

"As the State was trying to change its water quality standards, the EPA said, 'Well, before we approve your standards we want to see some real data on fish and the fish consumption and how that relates to the water quality in the population.' So in my opinion the ultimate effect of S.B. 1006 is to give the City an easy out for not maintaining the standards we should have.

"And in 2009 the EPA fined the City for putting untreated sewer water into Ewa Beach waters. As someone who surfs, canoe paddles, and swims, I find it totally unacceptable that the City would not want to improve its water standards. A thorough reading of the Sierra Club's testimony shows why Hawaii should have higher water quality standards than the national standard. Therefore Mr. Speaker, please record my "NO" vote against S.B. 1006."

Representative Johanson rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"May I have a ruling on a potential conflict? At my law firm we represent the plaintiffs in some lawsuits against the City for water quality standards. Thank you," and the Chair ruled, "no conflict."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 1006, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WATER QUALITY STANDARDS," passed Third Reading by a vote of 46 ayes to 5 noes, with Representatives Ching, Hanohano, Pine, Thielen and Wooley voting no.

At 4:21 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 754, SD 1, HD 1
S.B. No. 778, SD 1, HD 1
S.B. No. 741, SD 1, HD 1
S.B. No. 1006, SD 1, HD 1

ANNOUNCEMENTS

Representative Ward: "Mr. Speaker. I have an announcement about an upcoming budget event. Today we tried to do our best to do no harm to families, jobs, and the economy. We passed over 165 bills. A good percentage of these make the cost of drinking, driving, pensioning, you name it, a little bit more expensive. So while the cost of living has gone up, we need some budget balancing logic.

"What we have, and this is an invitation to everybody, I have a flyer that's going to be passed around to everyone. There's a budget summit that the Minority Caucus is sponsoring. Not just to listen to us and our budget that's online, but we are flying in two experts, budget experts from the American Legislative Exchange Council. For those of you who know the NCSL, this is the equivalent of it mostly on the other side of the aisle. But

it's where we will be talking about a budget toolkit which they have been bringing around the country.

"That is a budget summit next Wednesday on the 20th of April. That's at 10:00 a.m. in the Auditorium of the State Capitol. Mr. Speaker, I hope everybody will come, not because we want to make believers out of them, but we want to show the data and in more detail be able to stand up and defend a no GET Tax budget for this year. Thank you, Mr. Speaker."

LATE INTRODUCTIONS

The following late introduction was made to the Members of the House:

Representative Ichiyama introduced a volunteer in her office, Miss Jessica Serikawa, a 6th grade student at St. Andrews Priory. She was accompanied by her legislative staff, Ms. Cu Ri Lee.

ANNOUNCEMENTS

Representative Evans: "Thank you, Mr. Speaker. Pay inequity affects women. Pay inequity affects families. And pay inequity affects our economy. It affects everyone. Today, April 12th, is Equal Pay Day. This day symbolizes how far into 2011 women must work to earn what men earned in 2010. I put on my red shawl today because the color red is worn to show how women and minorities are in the red.

"The Equal Pay Day Act was signed in 1963 when a women earned 59 cents to every dollar earned by a man. Today that number is 77 cents to every dollar. Mr. Speaker, I'd like permission to insert written comments. And also I would like a few more words to close.

"We've made many small steps in the right direction, and it's taken a lot of individuals and a lot of women to stand up for this issue. There was a woman, Lilly Ledbetter, and she stood up for herself.

"She stood up for the welfare of women, and the welfare of families. And the first bill President Obama signed into law, it was the Lilly Ledbetter Fair Pay Act. This was to recognize their pay. That Act amends the Civil Rights Act of 1964 so that a person can file an equal pay lawsuit even if that person discovers they've been discriminated against years after the pay discrimination began. She stood up for the welfare of future generations. At the current half cent a year, the pay gap is closing. At that rate, women's pay won't be equal to men's until 2050. Mr. Speaker, that's too long. Thank you."

Representative Evans' written remarks are as follows:

"We are taking steps toward equal pay for equal work.

"The first bill President Obama signed into law was the Lilly Ledbetter Fair Pay Act. This Act is named for a woman who, after a 19-year career and nearing retirement, found she had been paid less than her male colleagues for the exact same work. She took her case all the way to the Supreme Court, who ruled in favor of her employer – not because Lilly Ledbetter had not been discriminated against, but because her claims were filed more than 180 days after the discriminatory decisions relating to her pay were made. The Lilly Ledbetter Fair Pay Act amends the Civil Rights Act of 1964 so that a person can file an equal pay lawsuit even if that person discovers they've been discriminated against years after the pay discrimination began.

"And there's the Fair Pay Act of 2009, which is currently in Congress. This bill aims to prohibit wage discrimination by requiring employers to provide equal pay for work of equal value, whether or not the jobs are the same.

"But the steps we're taking are small.

"A woman's 77 cents to every dollar earned by a man translates to an average loss of \$431,000 over a 40-year career. Census data shows

women have earned 77 cents to every dollar since 2005, so the average loss is much higher.

"When a woman graduates from college, she should – absent of discrimination – be on an equal playing field with her male counterparts who have also just graduated. However, a study done by the American Association of University Women found that one year after graduation, a woman earns 80 cents to every dollar earned by a man. That number continues to decrease over the next 10 years, so that ten years after college, a woman's earnings are 69 percent of a man's. This pay inequity follows a woman into her retirement years, reducing her Social Security benefits, pensions, and savings.

"And this report found that even after "[c]ontrolling for hours, occupation, parenthood, and other factors normally associated with pay, college-educated women still earn less than their male peers earn. . . . **A large portion of the gender pay gap is not explained by women's choices or characteristics.**"

"This pay inequity not only impacts women – it impacts their families.

"At 77 cents to every dollar, this translates to an average loss of \$10,000 each year. According to Aloha United Way's Family and Individual Self-Sufficiency study, \$10,000 is ten months' worth of groceries for a family of four in Hawaii.

"And the pay gap is worse for women minorities. African American women earn 61 cents to every dollar, and Hispanic women earn 52."

Representative M. Lee: "Thank you, Mr. Speaker. Actually, I have two announcements to make. One is to expand upon what the Majority Floor Leader just said and to ask if I could insert in the Journal a copy of today's article in the *Star-Advertiser* written by the *Star-Advertiser's* staff called Gender Balancing Act. It states that full time working women in Hawaii are paid on the average \$9,934 less per year than their male counterparts according to a study released today. The study was conducted by the National Partnership for Women and Families and the American Association of University Women. We're not the only state where this is the case, but it's significant. That's my first announcement."

Gender balancing act

Pay gaps that hurt women are costing isle families \$1.7 billion yearly, a study finds

POSTED: 01:30 a.m. HST, Apr 12, 2011

Full-time working women in Hawaii are paid on average \$9,934 less per year than their male counterparts, according to a study released yesterday.

The study conducted by the National Partnership for Women & Families and the American Association of University Women concluded that the gap costs Hawaii's families a total of more than \$1.7 billion annually.

With 68 percent of Hawaii women now bringing in more than a quarter of their families' income and women heading more than 55,000 households, unequal wages are a major drag on the state economy, the groups said.

"This new data illustrate the very real harm unequal wages are doing to families and the state," said Debra Ness, president of the National Partnership for Women & Families. "It is long past time to close the gender-based wage gap. With women playing an increasingly important role as family breadwinners, there is no time to waste."

According to the report, if the gap between men's and women's wages were eliminated, each full-time working woman in Hawaii could afford mortgage and utility bills for four more months per year, rent for eight more months or more than three more years of family health insurance premiums.

"This research proves that the gender pay gap is not simply a numbers issue or a women's issue," said AAUW Executive Director Linda Hallman. "It's a bread-and-butter issue. It's an everyday issue for people who are trying to support their families and provide for their futures. No more lip service; it's time to act."

Hawaii is not the only state with a wage gap. Nationally, women working full time are paid an average of only 77 cents for every dollar paid to full-time working men, according to the study. The gap has been closing at a rate of less than half a cent per year since the passage of the 1963 Equal Pay Act. At that pace, working women won't earn the same amount as men until 2058. Ness said she was encouraged to see the reintroduction of the Paycheck Fairness Act in Congress. The legislation, which would establish stronger workplace protections for women, was passed by the U.S. House of Representatives in the last Congress but fell two votes short of moving forward in the Senate last year.

Representative M. Lee: "And secondly, I'd like to request a waiver of the 48 hour hearing notice requirement for the purpose of hearing two resolutions."

Representative M. Lee, for the Committee on Finance requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing and decision making on the following measures on Wednesday, April 13, at 10:40 a.m. in Conference Room 308, and the Chair "so ordered."

H.C.R. No. 166, requesting the Auditor to conduct a study regarding the transfer of non general funds to the general fund.

Decision making

H.C.R. No. 204 and H.R. No. 176, requesting the Director of Public Safety to form a task force to initiate the planning and design process to develop a correctional treatment facility to house 1,000 to 1,200 inmates on undeveloped Hawaiian Home Lands on the Island of Hawaii, and or to consider the feasibility of a community based program at that location.

Representative Morikawa: "Mr. Speaker, I'd like to just express our thank you for the cookies from our District 14 Representative. It was a very welcomed snack on a very long day. Thank you."

Representative Fontaine: "Yes, Mr. Speaker. I'd like to express my thanks to Speaker Say for the lunch today. It was outstanding. Thank you very much for that."

Representative C. Lee: "Since you called on me. Thank you, Mr. Speaker. And thank you again for the Mexican lunch. I believe we're

getting a few emails here and there about perhaps pursuing a Mexican Consulate. I don't know where I'm going with that. I'm just following a rich tradition of random announcements.

"But just to follow up on the other Representative Lee, from Mililani's comments, as well as the Majority Floor Leader.

"If you look at actually, interestingly at our own State government, which is where, first and foremost, we should be looking since we are the proprietors of that institution, you have about a \$10,000 differential in median pay, which suggests a number of different things between men and women here. So perhaps the first place to go, if anyone is looking anywhere, is right in our own backyard. Thank you."

Representative Cabanilla: "Mr. Speaker, I just would like to thank my Vice Chair and the Committee on Housing, and all the Members for putting up with all those options and solutions, and resolutions that I have thought up in addressing homelessness. And I'm sure they have some qualms about it, but I thank them for their indulgence and their support. Thank you."

ORDER OF THE DAY

At this time, the Chair announced:

"Members, please note that HCR No. 24 has been re-refereed solely to the Committees on Health, and Human Services per Committee Referral Sheet No. 56. The Committee on Legislative Management waived its referral to this measure and it is therefore appropriate for the House to consider action for Adoption."

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the rules were suspended to reconsider action previously taken on H.C.R. No. 24. (Representatives Cabanilla, Carroll, Chong, M. Oshiro, Say and Thielen were excused)

RECONSIDERATION OF ACTION TAKEN

Representative B. Oshiro moved that the House reconsider its action previously taken pursuant to the recommendation contained in Standing Committee Report No. 1397, recommending referral to the Committee on Legislative Management, seconded by Representative Evans and carried. (Representatives Cabanilla, Carroll, Chong, M. Oshiro, Say and Thielen were excused.)

UNFINISHED BUSINESS

Representative B. Oshiro moved that H.C.R. No. 24, be adopted, seconded by Representative Evans.

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of HCR24, which EXTENDS THE DEADLINE FOR THE HOME FOR LIFE TASK FORCE TO REPORT ITS FINDINGS AND RECOMMENDATIONS FOR REDUCING BARRIERS TO AGING IN PLACE AND FACILITATING MULTIGENERATIONAL LIVING.

"Though authorized in 2009, the Home for Life Task Force did not officially convene until June 2010. The authorizing Resolution was very detailed, and contained many responsibilities for the task force members, all of whom are volunteers, with no budget or staff. Under these circumstances, the Task Force has made significant progress, through its four working groups.

"The Task Force held seven general meetings between June 2010 and January 2011, and submitted an Interim Report to the Legislature in January 2011. This report described the activities of the working groups and contained preliminary recommendations for your consideration. That said, a great deal more remains to be done by this volunteer body, and an extension of the life of the Task Force until June 2012 is urgently needed. I ask the Members' support."

The motion was put to vote by the Chair and carried, and H.C.R. No. 24, entitled: "HOUSE CONCURRENT RESOLUTION EXTENDING THE DEADLINE FOR THE HOME FOR LIFE TASK FORCE TO REPORT ITS FINDINGS AND RECOMMENDATIONS FOR REDUCING BARRIERS TO AGING IN PLACE AND FACILITATING MULTIGENERATIONAL LIVING," was adopted, with Representatives Cabanilla, Carroll, Chong, M. Oshiro, Say and Thielen being excused.

REPORTS OF STANDING COMMITTEES

Representative Mizuno, for the Committee on Human Services presented a report (Stand. Com. Rep. No. 1605) recommending that S.B. No. 923, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 923, entitled: "A BILL FOR AN ACT RELATING TO THE COMMISSION ON FATHERHOOD," passed Second Reading and was

placed on the calendar for Third Reading, with Representatives Cabanilla, Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1606) recommending that H.R. No. 26, as amended in HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 26, HD 1, entitled: "HOUSE RESOLUTION URGING THE MAYOR OF HONOLULU AND THE HONOLULU CITY COUNCIL TO ALLOW AN EXEMPTION FROM SECTION 15-14.1(a)(2) OF THE REVISED ORDINANCES OF HONOLULU TO ALLOW FOR STREET PARKING IN THE COMMUNITY OF HO'OKEA IN EWA VILLAGES," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1607) recommending that H.C.R. No. 30, as amended in HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 30, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE MAYOR OF HONOLULU AND THE HONOLULU CITY COUNCIL TO ALLOW AN EXEMPTION FROM SECTION 15-14.1(a)(2) OF THE REVISED ORDINANCES OF HONOLULU TO ALLOW FOR STREET PARKING IN THE COMMUNITY OF HO'OKEA IN EWA VILLAGES," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented two reports:

(Stand. Com. Rep. No. 1608) recommending that H.R. No. 44, as amended in HD 1, be adopted; and

(Stand. Com. Rep. No. 1609) recommending that H.C.R. No. 51, as amended in HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 44, HD 1; and H.C.R. No. 51, HD 1, be adopted, seconded by Representative Evans.

Representative Marumoto rose to speak in support of both measures with reservations, stating:

"Mr. Speaker, I rise in favor of these resolutions, Stand. Com. Rep. Nos. 1608 and 1609. I believe they are companion measures. And I will vote with reservations, but I wanted to ask the introducer of these resolutions if he will yield to a question."

At 12:15 o'clock p.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:15 o'clock p.m.

Representative Marumoto continued, stating:

"Thank you. I believe the introducer of these measures is the Representative from Pearl City and I'm wondering if he would yield to a question. I'm just asking the impact of these resolutions, Urging the United States Congress to Propose an Amendment to the US Constitution for the States' Consideration to Provide that Corporations are not Persons under the Laws of the United States or Any of its Jurisdictional Subdivisions."

Vice Speaker Manahan: "Representative Takumi, will you yield to a question?"

Representative Takumi: "No, Mr. Speaker."

Representative Marumoto continued, stating:

"Thank you. I don't quite understand the impact of these resolutions therefore, I am voting with reservations. Thank you."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him on both measures, and the Chair "so ordered."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him on both measures, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him on both measures, and the Chair "so ordered."

Representative Ward rose to speak in support of both measures with reservations, stating:

"Mr. Speaker. Reservations with a couple of comments. Mr. Speaker, there's a rich history of corporate law that goes back about 120 year where corporations were defined as individuals so in effect, they could be had if you would, in terms of a court of law rather than some nebulous Board of Directors, or shareholders, or officers.

"And then in 1907, corporations were forbidden to contribute to political entities. Then in the '40s unions were prohibited and there's been a series of court cases where campaign spending has become really quite a legal ... The word is, complications and a bailiwick of confusing decisions.

"These resos however add to the confusion because it attacks the corporate law, which is part of the marketplace, which is part of what America does through its interstate commerce, versus campaign spending law. And there is a problem with the campaign spending law. But to attack the corporate law through an amendment of the Constitution I think, is putting the 'cart before the horse.'

"And Mr. Speaker, if there's any reason that we open up the Constitution, it better be for a bit of a heavier reason than playing around with something that we could handle by a law strictly regarding campaign spending. The law needs to be fixed, but I don't think this is the remedy. For those reasons, I have strong reservations. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative B. Oshiro rose to speak in support of both measures, stating:

"Mr. Speaker, I rise in support. Looking at the resolutions, looking at the Whereas clauses and the Be it resolved clauses, I fail to see how this does in anyway impact corporate law. This is specifically talking about campaign spending and the Citizens United case which held that corporations are persons under the campaign spending law and therefore are afforded the same and equal rights and treatment. All these resolutions are doing is seeking to make a distinction and say that corporations are actually fictional legal entities and they are not persons. That's all it is saying. Because what we are trying to do is uphold the most basic tenants of democracy ensuring that persons are the ones that actually participate in the electoral process, ensuring that persons are the ones that actually exercise their free speech rights under our campaign spending laws. I don't see how this impacts corporation law.

"Furthermore, having done corporate law at my law firm, I don't think there's anywhere, anywhere in corporate law, whether its common law or statutes which says that a corporation is a person. And so therefore there is no impact at all to corporate law. And so I fail to see the concerns or reservations being raised. Therefore I support these resolutions."

Representative Ward rose to respond, stating:

"Mr. Speaker, just a brief rebuttal. Number one, I did read the resolutions. And number two, it does say that these resos propose an amendment to the US Constitution for the states' consideration to provide that corporations are not persons under the laws of the United States.

"The laws of the United States have ruled since the 1800s that corporations are persons. So when the learned gentleman says that corporations are not persons, he is saying something I certainly don't understand. Thank you, Mr. Speaker."

Representative Ching rose in support of both measures with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise with reservations of HR44, HCR51. While I can see the intent of these resolutions, it states that the *Citizens United v. Federal Election Commission* decision **forces** candidates to divert attention from the interests and needs of their constituents. I do not believe that this is always true. While, as stated in these resolutions corporations cannot vote, there are times when a candidate raises money from corporations, but still loses the election because they do not represent the voters' wishes. Finally, I believe the spurious language used in this resolution disparages and belittles. Thank you."

Representative Rhoads rose to speak in support of both measures, stating:

"Mr. Speaker, in support. I would say in the relative long history of American jurisprudence that qualifies corporations as persons was incorrect from the very beginning, and that corporations clearly are not persons. They can't vote. I think you could probably make the same, if you're going to start giving inanimate objects the right to vote, you can have our cars voting and our refrigerators voting.

"A corporation is a useful legal fiction that helps to limit liability for those who want to invest, but it doesn't make any sense for them to be given the same kinds of rights that actual people. They've never been actual people, and they were never intended to be actual people. And the whole idea that the Supreme Court would hold that they are people has never made any sense in any realistic way. Thank you."

Representative Souki rose, stating:

"Yes, Mr. Speaker. A point of information. May ask a question to the Majority Leader as to how many states are needed to ratify an amendment that's made by the Congress?"

At 12:22 o'clock p.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:25 o'clock p.m.

Representative B. Oshiro responded, stating:

"Mr. Speaker, in response to the question that was posed by Speaker Emeritus, and it took a refreshing of my civics lessons. But going back to Article V of the US Constitution, there appears to be two ways by which an amendment to the Constitution can be done. One of which is when two-thirds of both Houses shall deem it necessary, they propose an amendment. And then at that point, the several states have the option of calling a Convention proposing an amendment. In either way, these must be ratified by three-fourths of the states."

Representative Pine rose to respond, stating:

"Yes, I just wanted to note why I am voting with reservations. On the bottom of page two there is a sentence that just concerns me personally. It says, 'Whereas large corporations own most of America's mass media and employ those media to loudly express the corporate political agenda and to convince Americans that the primary role of human beings is that of

consumers, rather than sovereign citizens with democratic rights and responsibilities. Whereas the only way to reverse this intolerable societal reality is to amend the United States Constitution.'

"And I just find that statement really far off in left field somewhere. I don't think anyone in this Body is controlled by corporations. I think we have the best Constitution in the world that gives us more rights than any other citizens in the world and I just think this sentence should not be in this resolution."

Representative Riviere rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Riviere's written remarks are as follows:

"I disagree with the entire premise of these resolutions. The inflammatory descriptions and accusations against corporations do nothing more than encourage the image so many Americans have about Hawaii: that Hawaii is unfriendly to business. This effort to overturn longstanding legal standing as described in these resolutions has no chance of success and sends the wrong message. Mahalo."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 44, HD 1, entitled: "HOUSE RESOLUTION URGING THE UNITED STATES CONGRESS TO PROPOSE AN AMENDMENT TO THE UNITED STATES CONSTITUTION FOR THE STATES' CONSIDERATION TO PROVIDE THAT CORPORATIONS ARE NOT PERSONS UNDER THE LAWS OF THE UNITED STATES OR ANY OF ITS JURISDICTIONAL SUBDIVISIONS," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused; and

H.C.R. No. 51, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE UNITED STATES CONGRESS TO PROPOSE AN AMENDMENT TO THE UNITED STATES CONSTITUTION FOR THE STATES' CONSIDERATION TO PROVIDE THAT CORPORATIONS ARE NOT PERSONS UNDER THE LAWS OF THE UNITED STATES OR ANY OF ITS JURISDICTIONAL SUBDIVISIONS," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented two reports:

(Stand. Com. Rep. No. 1610) recommending that H.R. No. 112, be adopted; and

(Stand. Com. Rep. No. 1611) recommending that H.C.R. No. 132, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 112; and H.C.R. No. 132, be adopted, seconded by Representative Evans.

Representative Tsuji rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tsuji's written remarks are as follows:

"These resolutions request the Department of the Attorney General to review confidentiality laws pertaining to court-involved, multi-agency youth. In Committee, the Department of Education (DOE) testified in support. In the public school system there are a number of court-involved youth who receive services from multiple agencies. Schools have consistently confronted challenges in sharing of information between agencies. This may result in service gaps, or occasionally, duplication of services. It would be highly valuable for the Department of the Attorney General to review the existing federal and State laws and rules in order to facilitate sharing of appropriate and necessary information. This action would serve to ensure better coordination of services and supports for these youth.

"In addition, the Department of Human Services also stated these recommendations should enhance the ability of schools, social service agencies, courts, and the juvenile and criminal justice systems to share information while safeguarding and protecting the rights of juveniles and their families."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 112, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF THE ATTORNEY GENERAL TO REVIEW CONFIDENTIALITY LAWS PERTAINING TO COURT INVOLVED, MULTI-AGENCY YOUTH," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused; and

H.C.R. No. 132, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF THE ATTORNEY GENERAL TO REVIEW CONFIDENTIALITY LAWS PERTAINING TO COURT INVOLVED, MULTI-AGENCY YOUTH," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1612) recommending that H.R. No. 242, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 242, entitled: "HOUSE RESOLUTION URGING THE CITY AND COUNTY OF HONOLULU TO PROVIDE IMMUNITY FROM LIABILITY FOR NEIGHBORHOOD BOARD MEMBERS ACTING IN THEIR OFFICIAL CAPACITY OR TO ENSURE THAT NEIGHBORHOOD BOARD MEMBERS WILL BE DEFENDED," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1613) recommending that H.C.R. No. 275, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 275, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE CITY AND COUNTY OF HONOLULU TO PROVIDE IMMUNITY FROM LIABILITY FOR NEIGHBORHOOD BOARD MEMBERS ACTING IN THEIR OFFICIAL CAPACITY OR TO ENSURE THAT NEIGHBORHOOD BOARD MEMBERS WILL BE DEFENDED," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1614) recommending that H.R. No. 9, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.R. No. 9, be adopted, seconded by Representative Evans.

Representative Ichiyama rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of this resolution. Women make up more than half of Hawaii's population, including those eligible to vote. They are a significant force in Hawaii and their voices deserve to be heard.

"The results of the Patsy T. Mink PAC poll show that we need to make it easier for women to participate in political life, by recognizing their unique challenges and meeting their specific needs. For example, we can offer free childcare at our community events to help single parents attend. We can look at more ways to address the high cost of living in our State, the most important issue identified by women in the survey. Many families are

struggling to make ends meet and I challenge this Body to do better to improve their quality of living.

"We can also do a better job right here in the State Legislature, by recognizing the work of the Women's Caucus as advocates for the women in our communities. I am honored to work with my female colleagues to improve the lives of women in our State and I will continue to do so during my term in office. Thank you, Mr. Speaker."

Representative Brower rose to speak in support of the measure, stating:

"Mr. Speaker, in support. The purpose of this resolution is to request the Legislature to encourage women to take active roles in services like government. According to the Judiciary Committee Report, the Hawaii Democratic Women's Caucus submitted testimony stating that of the 10 member House Majority Leadership team, 2 are women. Of the 20 State House Standing Committees, 5 are chaired by women. Please note that 16 of 51 House Members are women.

"Mr. Speaker, this next sentence is for the ladies. I'd like to ask a gentleman who sits in this room if he would be willing to give up his position of leadership in order for a woman to assume that position. I'm speaking to of course, the Representative from Hawaii Kai.

"Right now, if he gives up his position as Minority Leader, I will relinquish my position as Committee Chair. Okay, times up.

"Mr. Speaker, the issue of gender equality is important. I would like to see more qualified women in the House. Not that there's anything wrong with the women in the House today.

"Where it gets dangerous is, in general affirmative action devalues the accomplishment of people who are chosen on the basis of their qualifications. I would like to see the Legislature help all people succeed so that everyone who wishes to partake in public service is given the same opportunities in education, work, and civic engagement. Thank you."

Representative Pine rose to speak in support of the measure, stating:

"In support, Mr. Speaker. And I just want to comment that I'm almost certain that the Minority Leader would give up his leadership position if the Representative from Waikiki gave up his seat in the House of Representatives for a woman. I'll second that motion.

"But our Caucus certainly endorses this resolution. As you know, just a term ago our Caucus had more women in its entirety, in its ratio to men than any other Caucus in the United States. So we on the Republican side, who've elected the first female Governor in the State of Hawaii, certainly appreciate this resolution."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker. In support. Not in retort, but in accepting the challenge. Except the Member from Waikiki must have missed last year when I was the only testosterone of all of my Caucus. The only surviving one. But I am in support of this resolution.

"This is very serious business because if you look at what's going on in the world, particularly the Islamic world, women are not even allowed to drive cars. I was in a conference in Azerbaijan and some of the women said, 'You know what? The Saudis are going to be able to drive cars in the near future,' because the economy doesn't allow all the Filipino drivers to come in and all the other stuff. There's so much discrimination against women in the world.

"USCID where I used to work, the Foreign Aid Department, actually had programs, Civil Society, to encourage women to number one, get an education and to be somebody who God has given gifts and talents to everyone that they can be. Right now, much of the world has one arm behind its back and that's because the women are not being utilized, respected, and given what otherwise this resolution says. So it's light, but it's a heavy one. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"In support, Mr. Speaker. I've already given up my leadership position at home."

Representative Ching rose, stating:

"Thank you, Mr. Speaker. I'd be remiss not to add this. I had often in the last couple terms, considered the fact that the elephant is led definitely, by the matriarchal line. Thank you."

Representative M. Lee rose to speak in support of the measure, stating:

"Mr. Speaker, just in strong support. And although we've had a lot of interesting comments, this is a serious resolution and I would like to insert written comments in strong support. Thank you."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure. The needs and concerns of Hawaii's women should be attended to. The Patsy Mink Political Action Committee (founded in 2003) contacted QMark Research to conduct a quantitative study via telephone and internet surveys among full time female residents, between 18 and 44 years of age, to gain insight into motivations in terms of voting.

"27% of female residents have contacted a local politician. 26% have not received a response back from a politician. Over 60% reported having no satisfaction in reporting or inquiring. The women were articulate about not seeing their government as addressing issues that mattered to them and not seeing themselves as having any power to change that.

"When explaining and speaking about what they go through on a daily basis, the women were in tears. Women are living in areas less than desirable because of what they can afford for rent - not even including buying property. Women are also absolutely concerned with education and their child's education as well. Women are overstretched with family obligations and a tough economy.

"It is with hope that we encourage and uplift Hawaii's women by engaging them in the political process."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 9, entitled: "HOUSE RESOLUTION RECOGNIZING THE NEED TO REACH OUT TO HAWAII WOMEN AND ENGAGE THEM IN THE POLITICAL PROCESS," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1615) recommending that H.C.R. No. 5, HD 1, as amended in HD 2, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 5, HD 2, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO CONDUCT A STUDY TO IDENTIFY MEASURES USED TO DETERMINE WHETHER SEX OFFENDER REGISTRATION LAWS ARE ACHIEVING THEIR GOALS AND OBJECTIVES AND REQUESTING THE ATTORNEY GENERAL TO APPLY THE IDENTIFIED MEASURES TO CRIMINAL JUSTICE DATA ON REGISTERED SEX OFFENDERS IN HAWAII AND DETERMINE WHETHER HAWAII SEX OFFENDER REGISTRATION LAWS ARE BEING IMPLEMENTED IN THE WAY THEY WERE INTENDED AND ARE MEETING THEIR GOALS AND OBJECTIVES," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative McKelvey, for the Committee on Economic Revitalization & Business presented a report (Stand. Com. Rep. No. 1616) recommending that H.R. No. 252, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 252, entitled: "HOUSE RESOLUTION REQUESTING COMMERCIAL GENERAL LIABILITY INSURERS TO SUBMIT PREMIUM INFORMATION TO THE LEGISLATURE," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative McKelvey, for the Committee on Economic Revitalization & Business presented a report (Stand. Com. Rep. No. 1617) recommending that H.C.R. No. 285, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 285, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING COMMERCIAL GENERAL LIABILITY INSURERS TO SUBMIT PREMIUM INFORMATION TO THE LEGISLATURE," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative McKelvey, for the Committee on Economic Revitalization & Business presented a report (Stand. Com. Rep. No. 1618) recommending that H.R. No. 253, as amended in HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 253, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS TO ESTABLISH A TASK FORCE TO WORK COLLABORATIVELY TO FIND WAYS TO MORE EFFECTIVELY ENFORCE THE STATE'S CIVIL AND CRIMINAL LAWS THAT MAY APPLY TO UNLICENSED CONTRACTORS," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative McKelvey, for the Committee on Economic Revitalization & Business presented a report (Stand. Com. Rep. No. 1619) recommending that H.C.R. No. 286, as amended in HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 286, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS TO ESTABLISH A TASK FORCE TO WORK COLLABORATIVELY TO FIND WAYS TO MORE EFFECTIVELY ENFORCE THE STATE'S CIVIL AND CRIMINAL LAWS THAT MAY APPLY TO UNLICENSED CONTRACTORS," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative Mizuno, for the Committee on Human Services presented a report (Stand. Com. Rep. No. 1620) recommending that H.R. No. 115, as amended in HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 115, HD 1, entitled: "HOUSE RESOLUTION URGING THE CONTINUED SUPPORT OF THE ALOHA SPIRIT OF ALL PEOPLE OF THE STATE OF HAWAII," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

Representative Mizuno, for the Committee on Human Services presented a report (Stand. Com. Rep. No. 1621) recommending that H.C.R. No. 135, as amended in HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 135, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE CONTINUED SUPPORT OF THE ALOHA SPIRIT OF ALL PEOPLE OF THE STATE OF HAWAII," was adopted, with Representatives Carroll, Chong, M. Oshiro, Say and Thielen being excused.

ANNOUNCEMENTS

Representative Herkes: "Thank you, Mr. Speaker. Mr. Speaker, I just want to thank all of you for the support that you gave at the breakfast yesterday morning. We had over 70 people. The individual that we flew in from Kona that saw all of the destruction from a canoe, he got very emotional about it, along with many of us listening to him. It was quite an experience. The speaker's ability to sing brought us another \$200.

"As of this moment, it looks like we have raised between \$20,000 and \$25,000 for Red Cross of Hawaii. Thank you all."

Representative Nakashima: "Thank you, Mr. Speaker. In honor of National Jazz Month, the 32-member Honokaa Jazz Band from the Big Island is scheduled to be on a Big Island City Tour of Oahu with several performances and appearances from today through the 17th. They will open tomorrow for the Royal Hawaiian Band on the grounds of the Iolani Palace beginning at 11:10. So if anybody needs to be put into the proper frame of mind before session tomorrow, please join me at Iolani Palace.

"The Honokaa Jazz Band is a pride and joy of Honokaa High School. Last year, the music program was selected by the National Association of Music Merchant Foundations for its outstanding music program and commitment to music education. Honokaa is also a recipient of the prestigious 2011 Grammy Signature Schools Enterprise Award, and Band Director Gary Washburn recently received the 2011 Claes Nobel Educator of Distinction Award from the National Society of High School Scholars.

"On a side note, they will be at Dot's in Wahiawa this evening at 7:00, so if anybody would like to join me, I will be out there. Thank you, very much."

Vice Speaker Manahan: "The Chair would like to remind the Committee Chairs and Vice Chairs of today's 6:00 p.m. filing deadline for the House Concurrent Resolutions which are to cross over to the Senate. That's a 6:00 p.m. deadline to file."

INTRODUCTIONS

The following introductions were made to the Members of the House:

Representative C. Lee introduced Ms. Kat Brady and Kailua Neighborhood Board Chair, Mr. Chuck Prentiss.

Representative Choy introduced his friend, Mr. John Roberts, a CPA from Maui.

Representative Tokioka, on behalf of Representative Kawakami and himself, introduced the Board members and staff of the Kauai Island Utility Cooperative: Mr. Peter Yukimura, Mr. Phil Tacbian, Mr. Steve Rapozo, Mr. Allan Smith, Ms. Carol Bain, Mr. Ben Sullivan, Mr. David Bissell, Mr. Cary Koide, Mr. Jan TenBruggencate, and Mr. John Cox. They were accompanied by Ms. Linda Rosehill.

Representative Takumi introduced Brig. Gen. (ret) Norman E. Arflact, Executive Director of the Interstate Commission on Education Opportunity for Military Children.

Representative Takumi also introduced Mr. Rick Masters, General Counsel for the Interstate Commission; and Brig. Gen. (ret) Kathy Berg, State Commissioner for the Interstate Compact for Education Opportunity for Military Children, Hawaii State Council. They were accompanied by Ms. Kristine Duong of Representative Takai's office.

ORDER OF THE DAY

REPORTS OF STANDING COMMITTEES

Representative Cabanilla, for the Committee on Housing presented a report (Stand. Com. Rep. No. 1622) recommending that H.R. No. 225, HD 1, as amended in HD 2, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 225, HD 2, entitled: "HOUSE RESOLUTION URGING THE USE OF CERTIFIED FIRE-RETARDANT COATINGS IN NEWLY-CONSTRUCTED ONE- AND TWO-FAMILY RESIDENTIAL DWELLINGS, AND IN CONDOMINIUMS AND OTHER HIGH RISES THAT DO NOT HAVE SPRINKLER SYSTEMS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative Cabanilla, for the Committee on Housing presented a report (Stand. Com. Rep. No. 1623) recommending that H.C.R. No. 263, HD 1, as amended in HD 2, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 263, HD 2, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE USE OF CERTIFIED FIRE-RETARDANT COATINGS IN NEWLY- CONSTRUCTED ONE- AND TWO-FAMILY RESIDENTIAL DWELLINGS, AND IN CONDOMINIUMS AND OTHER HIGH RISES THAT DO NOT HAVE SPRINKLER SYSTEMS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative Mizuno, for the Committee on Human Services presented a report (Stand. Com. Rep. No. 1624) recommending that H.C.R. No. 231, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 231, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE RATIFICATION OF THE UNITED NATIONS CONVENTION ON THE RIGHTS OF PERSONS WITH DISABILITIES," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1625) recommending that H.R. No. 24, be adopted; and

(Stand. Com. Rep. No. 1626) recommending that H.C.R. No. 27, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 24; and H.C.R. No. 27, be adopted, seconded by Representative Evans.

Representative Ching rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of HR24 and HCR27. According to Rosebella Martinez, the President of Ewa Historic Society, Hawaii plantation housing is one of the unique architectural styles of the Hawaii Islands. The houses were built by sugar plantation owners to house the workers who were imported from Japan, China, and Philippines. The structures are single wall construction of cedar shingle roofs and pier post on lava rock foundations. They are now preserved for their historic value.

"In 1936, Ewa was a thriving plantation town with eight separate housing villages. Today an ambitious renovation project aimed to bring vitality back to the three remaining villages - Tenney, Renton, and Varona is a reality. In the community that dates back to the 1920s, more than 250 historic plantation homes were renovated and sold at an affordable price to the original residents. The restoration of the historic building in addition to new utilities, widened roads and new infrastructure improvements brought a new life to a community that will preserve the areas unique historic and cultural feel of the plantation era. Thank you."

Representative Cabanilla rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cabanilla's written remarks are as follows:

"Mr. Speaker, I want to affirm the importance of preserving historic Ewa Villages. This settlement dates back to the 1920s, and due to the hard work of many people in our community, it has been preserved in its original state.

"We realize that, even though Ewa Villages is a designated historical district, property owners will want to build or upgrade their properties. As these property owners must abide by the same restrictions as the original properties, we feel that it is only fair to give them the same property tax exemptions.

"Mr. Speaker and colleagues, I respectfully request that we adopt HCR27 and HR24, which will help support the continuation of historical districts such as Ewa Villages."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 24, entitled: "HOUSE RESOLUTION URGING THE HONOLULU CITY COUNCIL TO EXTEND HISTORIC PROPERTY TAX EXEMPTIONS TO INFILL HOMES WITHIN THE EWA VILLAGES HISTORIC DISTRICT," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 27, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE HONOLULU CITY COUNCIL TO EXTEND HISTORIC PROPERTY TAX EXEMPTIONS TO INFILL HOMES WITHIN THE EWA VILLAGES HISTORIC DISTRICT," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1627) recommending that H.R. No. 29, as amended in HD 1, be adopted; and

(Stand. Com. Rep. No. 1628) recommending that H.C.R. No. 34, as amended in HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 29, HD 1; and H.C.R. No. 34, HD 1, be adopted, seconded by Representative Evans.

Representative Takai rose to speak in support of both measures, stating:

"Thank you, in strong support with written comments, please."

Representative Takai's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure. Currently, in the general yearly audit reports by the State Auditor of the Department of Education (DOE), it is unclear as to whether there is mismanagement of funds at the school, district, or Department level as these are purely financial audits that examine the overall budget and spending.

"However, several of the State Auditor's reports criticized the Department for not being able to implement an effective system of accountability. The specific concern of how the DOE monitors procurement or purchases within the Department came up in the State Auditor's report in February 2009.

"The Auditor's 2009 report states that DOE's officials cannot assure the Legislature that their new responsibilities and powers have indeed come with accountability. The Auditor and Grant Thornton, a contracted firm, found that the DOE had not been monitoring procurement and there were in fact numerous instances of non-compliance and violations of procurement rules and regulations and even potential fraud.

"The report goes on to say that the reason for the multiple violations stemmed from a lack of leadership and controls which in turn permitted a culture of indifference toward procurement and unconcern for procurement rules. Procurement accountability was not an issue until the passage of Act 51.

"Superintendent Patricia Hamamoto addressed the Legislature in 2004, calling for a transformation of the system, including giving the Department the resources and authority to carry out its capital repair and maintenance project by de-linking the DOE from other State agencies such as the Department of Accounting and General Services. The resulting Act 51, Hawaii Reinventing Education Act of 2004, empowered the DOE to manage its own procurement of goods and services.

"Hamamoto promised full accountability, but did not develop clear policies or controls regarding procurement, and rather delegated the responsibilities of overseeing procurement down the line to the point where individuals and staff were allowed to regulate their own purchases.

"These resolutions will force the DOE to take a good, hard look at how they are doing business in educating our *keiki*. Unfortunately, given the DOE's track record, I foresee that this will not be the last resolution of its kind that will pass through this House. Thank you."

Representative Ching rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of HR 29 and HCR 34. This concept was introduced by Minority Caucus sometime ago.

"According to the staff attorney at the Hawaii Disability Rights Center, Hawaii ranks at the bottom of the country in terms of the quality and quantity of its special education. It ends secondary education and special education earlier than 48 states and denies meaningful vocational training for older students. Hawaii's special education achievement levels rank 49th among the states. Hawaii ranks third per capita in the number of special education due process cases filed therefore; the audit of the DOE should not only examine how funds are used at the administration level, but also at the district and school level. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 29, HD 1, entitled: "HOUSE RESOLUTION REQUESTING A FINANCIAL AND MANAGEMENT AUDIT OF THE DEPARTMENT OF EDUCATION," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 34, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING A FINANCIAL AND MANAGEMENT AUDIT OF THE DEPARTMENT OF EDUCATION," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1629) recommending that H.R. No. 38, HD 1, be adopted; and

(Stand. Com. Rep. No. 1630) recommending that H.C.R. No. 44, HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 38, HD 1; and H.C.R. No. 44, HD 1, be adopted, seconded by Representative Evans.

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"May I have a ruling on a potential conflict for these two resolutions. My law firm is involved in litigation regarding the compact and the benefits association impact. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 38, HD 1, entitled: "HOUSE RESOLUTION STRONGLY URGING THE UNITED STATES DEPARTMENT OF THE INTERIOR AND THE UNITED STATES CONGRESS TO PROVIDE ADDITIONAL FEDERAL AID TO THE STATE OF HAWAII FOR THE PROVISION OF VARIOUS STATE SERVICES TO MIGRANTS FROM THE COMPACT OF FREE ASSOCIATION NATIONS; DEEM MIGRANTS ELIGIBLE TO RECEIVE FEDERALLY FUNDED FINANCIAL AND MEDICAL ASSISTANCE; AND PROVIDE DIALYSIS AND CHEMOTHERAPY CENTERS IN MICRONESIA AND ALL AREAS WITHIN THE COMPACT OF FREE ASSOCIATION NATIONS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 44, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION STRONGLY URGING THE UNITED STATES DEPARTMENT OF THE INTERIOR AND THE UNITED STATES CONGRESS TO PROVIDE ADDITIONAL FEDERAL AID TO THE STATE OF HAWAII FOR THE PROVISION OF VARIOUS STATE SERVICES TO MIGRANTS FROM THE COMPACT OF FREE ASSOCIATION NATIONS; DEEM MIGRANTS ELIGIBLE TO RECEIVE FEDERALLY FUNDED FINANCIAL AND MEDICAL ASSISTANCE; AND PROVIDE DIALYSIS AND CHEMOTHERAPY CENTERS IN MICRONESIA AND ALL AREAS WITHIN THE COMPACT OF FREE

ASSOCIATION NATIONS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1631) recommending that H.R. No. 39, be adopted; and

(Stand. Com. Rep. No. 1632) recommending that H.C.R. No. 45, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 39; and H.C.R. No. 45, be adopted, seconded by Representative Evans.

Representative Yamane rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Yamane's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of H.C.R. 45 and its companion, H.R. 39, which requests the Hawaii State Department of Transportation to conduct a feasibility study relating to safety improvements on Roosevelt Bridge.

"Mr. Speaker, Roosevelt Bridge was built in 1933, when fields of pineapple and sugar cane stood where Mililani and Waipio stand today. The bridge was conceived long before these two towns were built, and was not designed to withstand the present-day suburban reality of the region.

"Because of this, the 78-year-old bridge is definitely showing its age. The bridge is very narrow and provides drivers with limited visibility, especially at night. It has been the site of numerous accidents, many of them fatal. Further, flooding has closed the bridge on numerous occasions.

"The residents of Waipio Gentry and Mililani have long had concerns regarding vehicular safety on the bridge. The State needs to look at what options we have to improve the bridge. The Department of Transportation has suggested some alternatives, including realigning the roadway in such a way that rebuilding Roosevelt Bridge would be possible, or building a second, parallel bridge next to the existing Roosevelt Bridge to improve capacity and safety. A feasibility study would allow us to determine what the best route for us is in moving forward. For these reasons, Mr. Speaker, I support the adoption of these resolutions. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 39, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF TRANSPORTATION TO CONDUCT A FEASIBILITY STUDY RELATING TO SAFETY IMPROVEMENTS ON ROOSEVELT BRIDGE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 45, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF TRANSPORTATION TO CONDUCT A FEASIBILITY STUDY RELATING TO SAFETY IMPROVEMENTS ON ROOSEVELT BRIDGE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1633) recommending that H.R. No. 48, be adopted; and

(Stand. Com. Rep. No. 1634) recommending that H.C.R. No. 55, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 48; and H.C.R. No. 55, be adopted, seconded by Representative Evans.

Representative M. Lee rose to speak in support of both measures, stating:

"Mr. Speaker. On Stand. Com. Rep. Nos. 1633 and 1634, in strong support with written comments. Thank you."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support. According to Dr. R. Sean Morrison, Hermann Merkin Professor of Palliative Care at the Mount Sinai School of Medicine, "Palliative care is specialized healthcare for anyone who is diagnosed with a serious and life-threatening illness, starting when they get the diagnosis, regardless of the prognosis." Palliative care means patient and family-centered care that optimizes quality of life by anticipating, preventing, and treating suffering. Palliative care throughout the continuum of illness involves addressing physical, intellectual, emotional, social, and spiritual needs to facilitate patient autonomy, access to information, and choice.

"These days, if you make it to 65, you will probably live beyond 82. The numbers of older citizens and people living with chronic diseases are increasing. Palliative care is often the most desirable and effective care for many of these people as well as a cost effective choice.

"Palliative care improves the quality of life. Growing bodies of research support the use of palliative care. Palliative care is recognized as a medical sub-specialty by internal medicine and family medicine boards. Palliative care supports physicians with guidance in how to deal with a patient's need for a plan to proceed with their illness—helping them set goals and suggesting bedside management of symptoms. Palliative care is usually cost effective or cost neutral.

"People have a right to know about palliative care. Standards, however, that apply to specific situations need to be established. National Health Care reform included recommendations for the National Institutes of Health to provide more research funding for palliative care. Palliative care is not just about better end of life care, but it is about improving care for people with serious or life-threatening illness throughout their lives.

"Famous science fiction writer Isaac Asimov once said, "Life is pleasant. Death is peaceful. It's the transition that's troublesome." Palliative care can ease this transition. I urge the Members to support these resolutions."

Representative Cabanilla rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cabanilla's written remarks are as follows:

"Mr. Speaker, I am in strong support of HCR55/HR48, which requests the development and implementation of a pain and palliative care policy. According to Dr. R. Sean Morrison, Hermann Merkin Professor of Palliative Care at the Mount Sinai School of Medicine, "Palliative care is specialized healthcare for anyone who is diagnosed with a serious and life-threatening illness, starting when they get the diagnosis, regardless of the prognosis." Palliative care means patient and family centered care that optimizes quality of life by anticipating, preventing, and treating suffering. Palliative care throughout the continuum of illness involves addressing physical, intellectual, emotional, social, and spiritual needs to facilitate patient autonomy, access to information, and choice.

"Mr. Speaker, as Hawaii's population ages, and as the field of palliative care advances, it is critical that we keep up with advances and ensure that our doctors and nurses are utilizing the most up to date and appropriate treatment for individuals with life-threatening illnesses and chronic pain.

"Mr. Speaker, colleagues, I urge your support of these resolutions."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 48, entitled: "HOUSE RESOLUTION REQUESTING THE DEVELOPMENT AND

IMPLEMENTATION OF A PAIN AND PALLIATIVE CARE POLICY," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 55, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEVELOPMENT AND IMPLEMENTATION OF A PAIN AND PALLIATIVE CARE POLICY," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1635) recommending that H.R. No. 60, HD 1, be adopted; and

(Stand. Com. Rep. No. 1636) recommending that H.C.R. No. 67, HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 60, HD 1; and H.C.R. No. 67, HD 1, be adopted, seconded by Representative Evans.

Representative Awana rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I rise in strong support. Thank you. HR 60, HD 1, and HCR 67, HD 1 are resolutions that are long overdue. The cultural significance of our island state in relation to other islands in Oceania is immeasurable. As shared by the Hawaii Navigator Nainoa Thompson, our ocean is what connects us. It is not what divides us.

"I applaud the collaboration that had ensued during our House International Affairs hearing by members to strengthen this measure, and I look forward to its passage. And I hope that the Members of this House subscribe to the same thought. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 60, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE ESTABLISHMENT OF A RELATIONSHIP BETWEEN THE STATE OF HAWAII AND THE ISLANDS OF OCEANIA," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 67, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE ESTABLISHMENT OF A RELATIONSHIP BETWEEN THE STATE OF HAWAII AND THE ISLANDS OF OCEANIA," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1637) recommending that H.R. No. 76, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 76, entitled: "HOUSE RESOLUTION STRONGLY URGING THE PEST CONTROL BOARD TO DEVELOP STANDARDS FOR PEST CONTROL OPERATORS AND TERMITE INSPECTION REPORTS, AND TO ADOPT THOSE STANDARDS PRIOR TO THE CONVENING OF THE 2013 REGULAR SESSION OF THE HAWAII LEGISLATURE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1638) recommending that H.C.R. No. 82, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 82, entitled: "HOUSE CONCURRENT RESOLUTION STRONGLY URGING THE PEST CONTROL BOARD TO DEVELOP STANDARDS FOR PEST CONTROL OPERATORS AND TERMITE INSPECTION

REPORTS, AND TO ADOPT THOSE STANDARDS PRIOR TO THE CONVENING OF THE 2013 REGULAR SESSION OF THE HAWAII LEGISLATURE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1639) recommending that H.R. No. 77, HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 77, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF AGRICULTURE, IN COOPERATION WITH THE UNIVERSITY OF HAWAII COLLEGE OF TROPICAL AGRICULTURE AND HUMAN RESOURCES, TO CONVENE A WORKING GROUP TO EVALUATE THE CURRENT LAWS, RULES, AND STANDARDS OF PRACTICE REGARDING HIGH RISK PLANTS REQUIRING INTERVENTION," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1640) recommending that H.C.R. No. 84, HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 84, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF AGRICULTURE, IN COOPERATION WITH THE UNIVERSITY OF HAWAII COLLEGE OF TROPICAL AGRICULTURE AND HUMAN RESOURCES, TO CONVENE A WORKING GROUP TO EVALUATE THE CURRENT LAWS, RULES, AND STANDARDS OF PRACTICE REGARDING HIGH RISK PLANTS REQUIRING INTERVENTION," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1641) recommending that H.R. No. 78, HD 1, be adopted; and

(Stand. Com. Rep. No. 1642) recommending that H.C.R. No. 85, HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 78, HD 1; and H.C.R. No. 85, HD 1, be adopted, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Jordan rose in support of both measures with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I would like to express my reservations on HR78 and HCR85, which urges the Department of Land and Natural Resources (DLNR) to determine if the lands along the Waipio and Waipahu shorelines are accreted and therefore State property for prospective use as a State park.

"I have reservations about these resolutions due to the testimony presented by DLNR. DLNR has indicated that if they take ownership of the land, it will burden the Department with substantial costs in both staff time and funding. They would have to establish if the accretion is natural and permanent, perform ground surveys, initiate clean-up actions, and provide on-going maintenance of the land. DLNR has already faced a 10% loss of positions over the past 3 years. These resolutions would further burden the Department's functioning."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 78, HD 1, entitled: "HOUSE RESOLUTION URGING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO DETERMINE WHETHER LANDS ALONG THE WAIPIO PENINSULA AND WAIPAHU SHORELINES ARE ACCRETED LANDS AND THEREFORE STATE PROPERTY FOR PROSPECTIVE USE AS A STATE PARK," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 85, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO DETERMINE WHETHER LANDS ALONG THE WAIPIO PENINSULA AND WAIPAHU SHORELINES ARE ACCRETED LANDS AND THEREFORE STATE PROPERTY FOR PROSPECTIVE USE AS A STATE PARK," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1643) recommending that H.R. No. 91, HD 1, as amended in HD 2, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 91, HD 2, entitled: "HOUSE RESOLUTION ENCOURAGING THE DEPARTMENT OF LAND AND NATURAL RESOURCES AND HAWAII COMMUNITY DEVELOPMENT AUTHORITY TO LOCATE LAND SUITABLE TO CONSTRUCT A MOTORSPORTS CENTER ON THE ISLAND OF OAHU," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1644) recommending that H.C.R. No. 100, HD 1, as amended in HD 2, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 100, HD 2, entitled: "HOUSE CONCURRENT RESOLUTION ENCOURAGING THE DEPARTMENT OF LAND AND NATURAL RESOURCES AND HAWAII COMMUNITY DEVELOPMENT AUTHORITY TO LOCATE LAND SUITABLE TO CONSTRUCT A MOTORSPORTS CENTER ON THE ISLAND OF OAHU," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1645) recommending that H.R. No. 92, be adopted; and

(Stand. Com. Rep. No. 1646) recommending that H.C.R. No. 101, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 92; and H.C.R. No. 101, be adopted, seconded by Representative Evans.

Representative M. Lee rose to speak in support of both measures, stating:

"Mr. Speaker, in strong support with written comments. Thank you."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support. These resolutions seek to improve traffic congestion at Mililani Interchange of the H-2 freeway, which has gotten worse over the years. Mililani Mauka is one-way-in, and one-way-out so residents in Mililani Mauka have no other option aside from waiting in traffic every weekday morning. The present H-2 freeway interchange configuration limits access to H-2 from Mililani Mauka to one lane, as

opposed to two entry lanes from Mililani. This causes severe traffic backups and added travel time during the morning commute.

"I believe the implementation of these resolutions will improve traffic congestion at the Mililani Interchange of the H-2 freeway, and make the morning commute for Mililani Mauka residents bearable. For these reasons, I ask the Members' support."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 92, entitled: "HOUSE RESOLUTION REQUESTING A PILOT PROJECT TO STUDY AND REDUCE THE MORNING TRAFFIC CONGESTION ON THE MEHEULA PARKWAY GOING ONTO THE H-2 FREEWAY FROM MILILANI MAUKA," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 101, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING A PILOT PROJECT TO STUDY AND REDUCE THE MORNING TRAFFIC CONGESTION ON THE MEHEULA PARKWAY GOING ONTO THE H-2 FREEWAY FROM MILILANI MAUKA," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1647) recommending that H.R. No. 95, HD 1, be adopted; and

(Stand. Com. Rep. No. 1648) recommending that H.C.R. No. 104, HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 95, HD 1; and H.C.R. No. 104, HD 1, be adopted, seconded by Representative Evans.

Representative Hashem rose to speak in support of both measures, stating:

"Mr. Speaker. In strong support and written comments. Thank you."

Representative Hashem's written remarks are as follows:

"It is only right that the State of Hawaii restore Kalauha'iha'i. This historic landmark was once the summer home of King Kamehameha the Great and Queen Ka'ahumanu. When the Department of Transportation widened Kalaniana'ole Highway in the 1990s they transferred the power lines under ground and blocked the flow of water to the fishpond. There used to be over a million gallons a day of fresh water flowing to this pond.

"By reducing the utility and sewer load and repairing an artery to allow traditional water flow to Kalauha'iha'i Fishpond and Maunaloa Bay we can bring back the thriving ecosystem that once flourished here. Thank you, Mr. Speaker."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Ward rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Mr. Speaker. I rise in support of House Resolution 95 and its companion concurrent resolution, HCR 104. These resolutions request the State Department of Transportation, in consultation with the Board of Land and Natural Resources, to conduct a study on reducing the sewer and utility line load by repairing an artery to allow the traditional water flow into Kalauha'iha'i fishpond and Maunaloa Bay.

"The purpose of this study would be to determine ways to restore the natural flow of waters into these two bodies to help restore the ecosystem,

improve the environmental quality of Maunaloa Bay and mitigate potential environmental damage to the coast line in this area.

"Reportedly in the early 1990s during the widening of Kalaniana'ole Highway lava tubes that connected the pond and bay to a natural spring and artesian well were ruptured. This interrupted the fresh water flow and changed the salinity of the pond and bay encouraging the growth of salt water algae and other species.

"A study could determine the most cost effective and least disruptive manner in which the flow of water could be restored. For these reasons I support passage of these resolutions."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 95, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE SUPPORT OF THE DEPARTMENT OF TRANSPORTATION, IN CONSULTATION WITH THE BOARD OF LAND AND NATURAL RESOURCES, FOR A STUDY ON REDUCING THE SEWER AND UTILITY LINE LOAD BY REPAIRING AN ARTERY TO ALLOW TRADITIONAL WATER FLOW TO KALAUHA'IHA'I FISHPOND AND MAUNALOA BAY," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 104, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE SUPPORT OF THE DEPARTMENT OF TRANSPORTATION, IN CONSULTATION WITH THE BOARD OF LAND AND NATURAL RESOURCES, FOR A STUDY ON REDUCING THE SEWER AND UTILITY LINE LOAD BY REPAIRING AN ARTERY TO ALLOW TRADITIONAL WATER FLOW TO KALAUHA'IHA'I FISHPOND AND MAUNALOA BAY," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1649) recommending that H.R. No. 108, be adopted; and

(Stand. Com. Rep. No. 1650) recommending that H.C.R. No. 124, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 108; and H.C.R. No. 124, be adopted, seconded by Representative Evans.

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on a potential conflict? At my law firm I'm working with the Hawaii Farm Bureau on procurement policies related to the local preference. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 108, entitled: "HOUSE RESOLUTION REQUESTING THE GOVERNOR TO ENSURE THAT THE CHIEF PROCUREMENT OFFICERS COMPLY WITH THE HAWAII PUBLIC PROCUREMENT CODE PREFERENCES FOR HAWAII PRODUCTS TO PROMOTE GROWTH OF THE STATE'S AGRICULTURE INDUSTRY AND THEREBY ASSURE FOOD SECURITY FOR HAWAII'S CITIZENS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 124, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO ENSURE THAT THE CHIEF PROCUREMENT OFFICERS COMPLY WITH THE HAWAII PUBLIC PROCUREMENT CODE PREFERENCES FOR HAWAII PRODUCTS TO PROMOTE GROWTH OF THE STATE'S AGRICULTURE INDUSTRY AND THEREBY ASSURE FOOD SECURITY FOR

HAWAII'S CITIZENS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1651) recommending that H.R. No. 117, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 117, entitled: "HOUSE RESOLUTION REQUESTING THE ATTORNEY GENERAL TO ASSESS THE IMPACT OF DIVERTING DRUG POSSESSION OFFENDERS FROM THE CRIMINAL JUSTICE SYSTEM TO DRUG TREATMENT PROGRAMS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1652) recommending that H.C.R. No. 137, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 137, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE ATTORNEY GENERAL TO ASSESS THE IMPACT OF DIVERTING DRUG POSSESSION OFFENDERS FROM THE CRIMINAL JUSTICE SYSTEM TO DRUG TREATMENT PROGRAMS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1653) recommending that H.R. No. 139, be adopted; and

(Stand. Com. Rep. No. 1654) recommending that H.C.R. No. 159, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 139; and H.C.R. No. 159, be adopted, seconded by Representative Evans.

Representative Ward rose to speak in opposition to both measures, stating:

"Mr. Speaker. This is why I missed the earlier reso, because I didn't want to say what I said before, but this is probably the third or the fourth time I'm going to be voting no on the State Bank, Mr. Speaker. If it's possible to have inserted in the Journal all the reasons I said before, but this one, primarily now is because the reso ends with an implementation clause that says that all these recommendations are put into a plan. Which means it's kind of a done deal already. And task forces usually say things like feasibility study. It's a go, or no go. This one already has prejudged that it's a go.

"State banks, just because there's one in North Dakota that after 90 years is profitable, doesn't mean it's going to be good for us. And, Mr. Speaker, government has not been very good in showing that we are a business friendly state. In fact, I would think that the business community is going to look at this, particularly if they're in banking or finance or investment capital and say, this proves it. Hawaii's not open for business because they themselves think they're better in doing banking than the private sector. And for those reasons and my previous reasons I vote no. Thank you."

Representative M. Oshiro rose to speak in support of both measures, stating:

"Mr. Speaker, in strong support. There are a couple of points I need to make. First of all, let's break this down into five major points. I think we need to understand that nearly 24,000 Hawaii families have lost their homes to foreclosure in the last three years since the banking crisis and the Great Recession began back in 2008. And those are primarily commercial banks that were referred to by the previous speaker.

"Also, Mr. Speaker, Hawaii has lost about 33,000 jobs and seen more than 200 small businesses go bankrupt in the first two years of the Great Recession. Many of them went bankrupt because they could not get loans.

"From 2007 to 2010, the amount of money loaned to Hawaii's businesses through the Small Business Administration 7(a) Program fell by 36% thereby taking away from small business much needed capital.

"Fourth, Mr. Speaker, at the Bank of America the number of business card loans fell by 50% from 2007 through 2009 with a value of those loans falling by nearly 70%.

"Mr. Speaker, the Bank of North Dakota doesn't compete with local community banks. It supports them by primarily creating a crowding in effect. From 2007 to 2009 through the trough of the financial crisis, the Great Recession, the Bank of North Dakota's participation loans with local banks actually grew by 35%. At the same time, Mr. Speaker, the Bank of North Dakota returned \$60 million in revenue to the state treasury in North Dakota allowing the state to both cut taxes and balance their budget during the Great Recession.

"And finally, Mr. Speaker, a fully operational State Bank may help Hawaii's community banks expand lending by \$1.7 billion and lead to approximately 3,000 new small businesses and agricultural jobs in the first 3 to 5 years. This will all be accomplished at a great profit for the citizens and taxpayers in the State of Hawaii. May I add additional comments? Thank you."

Representative M. Oshiro's written remarks are as follows:

"Mr. Speaker, I rise in strong support of House Concurrent Resolution No. 159 and House Resolution No. 139, Creating the Task Force on Establishing the Bank of the State of Hawaii.

"These resolutions would create a two-year task force that would study the issue of a state-owned bank, starting with the model of the Bank of North Dakota, looking at the feasibility of a state-owned bank in Hawaii, and how such a bank may affect the local economy.

"The financial crisis that many have referred to as the Great Recession has caused nearly 24,000 Hawaii families to lose their homes to foreclosure. Hawaii has lost more than 33,350 jobs and has seen more than 200 small businesses go bankrupt—many because they could not access credit, refinance loans, or obtain alternative finances.

"Simultaneously, the amount of money loaned to Hawaii businesses from 2007 to 2010 through the Small Business Administration 7(a) Loan Guarantee Program—designed to help small entrepreneurs start or expand their businesses—fell by 36 percent, leaving businesses without much-needed funds. At Bank of America, the number of business card loans fell by 50 percent from 2007 to 2009—and the value of those loans fell by 68 percent.

"Our local families and communities are in the middle of a huge financial crisis. And we must be willing to consider and look for new and innovative solutions to the problems facing our neighbors and our small businesses. This task force is one proposal worth exploring.

"From 2007 to 2009, the Bank of North Dakota returned \$60 million in revenue to the state treasury, allowing North Dakota to both cut taxes and balance their budget during the worst of the recession while growing participation loans with local banks by 35 percent. Rather than competing against local banks, the Bank of North Dakota works with local community banks to provide overnight loan solvency and "banker's bank" services every day and when they need it most.

"With a track record as impressive as the Bank of North Dakota's, it is clear why several states (e.g. Oregon, Washington, Vermont, Maryland, etc.) all across the country are looking at state-owned banks to see if they make sense for their community.

"According to a recent study by the Center for State Innovation, a fully-operational state bank would help Hawaii's community banks expand lending by \$1.7 billion and would lead to 2,840 new small business and farm jobs in the first three to five years—at a profit. The annual dividend from a fully-operational state bank would mean \$61 million a year for Hawaii's general fund.

"Through investing in local banks and partnering with them on large loans, a state-owned bank would be able to help free up local bank capital for even more lending. Freeing up bank capital is vital—especially when federal funds, whether for disaster relief or health care reimbursements, are slow in reaching our State. As opposed to playing the market and seeing how a simple investment can cause disastrous results for the State, a state-owned bank is one way that we can diversify and help our economy.

"We have a fiduciary duty to our State to explore every opportunity that comes our way for economic security and development. As such, we must be willing to have a discussion, to study and listen to other ideas that have worked in other states. There is no danger in a study—it is a responsible first step towards opening the doors of our minds to a new idea. Let us take this opportunity to look at growing our economy and our state in new and innovative ways.

"Thank you, Mr. Speaker, for this opportunity to insert written comments."

Representative Fontaine rose and asked that the Clerk record a no vote for him on both measures, and the Chair "so ordered."

Representative Marumoto rose to speak in opposition to both measures, stating:

"Mr. Speaker, likewise I will vote no and would like to make a couple of comments. I really don't think the State has any expertise in running a bank, and I don't think our civil servants have much background to work in a bank and so I do think it would hurt our local banks.

"Our mortgage problem was primarily because of mainland banks and mortgage brokers. One particular mainland bank held 60% of all the foreclosures and was responsible for 60% of all the foreclosures in the past couple of years. So I wouldn't blame the local banks for all the foreclosure problems. I think we should support them rather than go into competition with them. Thank you."

Representative Ching rose in opposition to both measures and asked that the remarks of Representative Marumoto be entered into the Journal as her own, and asked that her written remarks be inserted in the Journal, and the Chair "so ordered." (By reference only.)

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition of HR 139, HCR 159. The main concern is simply that public funds being deposited into a State bank would be insured by the State itself. Without the benefit of being insured by a separate entity like the National Credit Union Administration (which insures and oversees all credit unions in the State of Hawaii), the State would be in an extremely precarious situation in the event of any financial difficulty within the bank. Thank you."

Representative Pine rose and asked that the Clerk record a no vote for her on both measures, and the Chair "so ordered."

Representative Takumi rose to speak in support of both measures, stating:

"Thank you very much, Mr. Speaker. In support. I thank the introducers of these resolutions. I've always been in favor of at least looking at the possibility of creating a State Bank after seeing what has happened in North Dakota and the success they've had with a state owned bank for many decades.

"I would urge Members to read the resolutions and see what it says in terms of what it resolves to do, particularly on page 4 at the end it says,

that the task force will look at the feasibility, not the guarantee, not the absolute possibility, but the feasibility of creating the Bank of the State of Hawaii. What that tells me, Mr. Speaker, is that this task force, which by the way would be made up of representatives both from the credit union and banking industry, not to mention a representative will be appointed by the Minority Leader of the House so they will all have a seat at the table to at least look at whether or not this makes sense for Hawaii.

"Yes, we're not North Dakota. We're a little warmer than them. But nevertheless why don't we at least study the possibilities. It seems to me those who are opposed to this resolution are saying, I've made up my mind. Don't tell me what the facts are. Don't confuse me with the facts. I'm opposed to it.

"It seems to me as responsible policy makers that we ought to at least entertain the possibility of whether or not this makes sense. And when they come back next year with the report, we will have a full debate as we always do on many issues, and at that point we can weigh what the report says. We can weigh whether or not this makes sense, and then take action accordingly. Thank you, Mr. Speaker."

Representative Jordan rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I stand in support of HR139 and HCR159, which create a task force to establish the Bank of the State of Hawaii. This task force would explore the model established in North Dakota, which is able to provide economic stability to the state during times of economic crisis. The Bank of North Dakota is able to create loan programs to spur economic development within the state, using the capital and resources of its own population. It is also able to put bank profits back into the general fund, using state money as a resource for its own growth. A task force would allow for better understanding of how a state bank would work in Hawaii and the benefits it would provide.

"A state bank of Hawaii could make credit more available to our people, providing consistent capital lending regardless of the economic conditions. I agree with the testimony submitted by the Hawaii Alliance for Community Based Economic Development, who said, that "The creation of a state bank has the potential to build a unique asset base for the state and the evaluation of this model is an appropriate step." Once we establish the feasibility of creating a State bank, we will be able to take appropriate action."

Representative M. Lee rose to speak in support of both measures, stating:

"Mr. Speaker, in support. And I'd like to insert the words of support that I gave when we first discussed this issue, and I'd like to have the words of the Chair of Education and the Chair of Finance entered in the Journal as well. Thank you." (By reference only.)

Representative Tsuji rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. In support. I support creating a task force for establishing this State Bank of Hawaii. It really is a concept that is modeled after the successfully continuing institution in the State of North Dakota. I believe this concept of the state bank is not really for competition, but complementing and working side by side, and providing financial assistance and sustainability within the State of Hawaii. Further written comments to be submitted. Thank you."

Representative Tsuji's written remarks are as follows:

"HCR159/HR 139 would create a task force that will explore the impact of a Bank of the State of Hawaii on economic and community development. I am a former banker with 30 plus years in the industry. Combined with my current role as House Agriculture Chair, I feel that this proposal would benefit farming ventures. Creative revenue building initiatives during these tough economic times are prudent, especially

because existing government resources are challenged to adequately support community needs.

"A state-owned bank could provide access to loans/credit for new farmers who are the future of Hawaii's agriculture industry. In that regard, I am in support of the measures."

Representative Ward rose to respond, stating:

"Mr. Speaker, I know we don't debate resos because they're just resos. I say this because there are very few bills that have become really ideological oriented. 80% of our stuff is executive tweaking, and maybe 10% are party related. But this is really big picture ideology. This is macroeconomics. And from my perspective and the perspective that the private sector does better than the public sector, this is stepping over a line by which I say we have to stop, think, listen and learn.

"Listen and learn, vis-à-vis what we've done already as a loan provider in DBEDT. Has anybody ever heard of the great successes or failures of the DBEDT loan program? How about the Department of Agriculture? We have not been able to do that, Mr. Speaker. The record says we are not qualified or capable.

"And I guess the bottom line is if this does pass, and it does go through, I would hope that they wouldn't go to the original draft that says, Governor Abercrombie's going to be the Chairman of the Board, and his political appointees are going to be the Board members. I hope if there is something that comes out of this and it is feasible, that the implementation plan will have at least private sector principles. Because of that macro ideological impact I've just felt compelled to say something more than just letting 'a reso' go by. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 139, entitled: "HOUSE RESOLUTION CREATING THE TASK FORCE ON ESTABLISHING THE BANK OF THE STATE OF HAWAII," was adopted, with Representatives Ching, Fontaine, Marumoto, Pine and Ward voting no, and with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 159, entitled: "HOUSE CONCURRENT RESOLUTION CREATING THE TASK FORCE ON ESTABLISHING THE BANK OF THE STATE OF HAWAII," was adopted, with Representatives Ching, Fontaine, Marumoto, Pine and Ward voting no, and with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1655) recommending that H.R. No. 142, be adopted; and

(Stand. Com. Rep. No. 1656) recommending that H.C.R. No. 163, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 142; and H.C.R. No. 163, be adopted, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Coffman rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Coffman's written remarks are as follows:

"Establishing a multi-purpose and intergenerational veterans' center in West Hawaii will be beneficial to the residents of the entire Island of Hawaii. Sixty acres will be able to provide a permanent home for the Office of Veterans Services, upgrading the National Guard Armory, all

while serving as an emergency public shelter for West Hawaii when needed."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 142, entitled: "HOUSE RESOLUTION REQUESTING THE GOVERNOR TO SET ASIDE AND TRANSFER SIXTY ACRES OF LAND TO SUPPORT THE ESTABLISHMENT OF A WEST HAWAII MULTI-PURPOSE AND INTERGENERATIONAL VETERANS CENTER," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 163, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO SET ASIDE AND TRANSFER SIXTY ACRES OF LAND TO SUPPORT THE ESTABLISHMENT OF A WEST HAWAII MULTI-PURPOSE AND INTERGENERATIONAL VETERANS CENTER," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1657) recommending that H.R. No. 144, be adopted; and

(Stand. Com. Rep. No. 1658) recommending that H.C.R. No. 165, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 144; and H.C.R. No. 165, be adopted, seconded by Representative Evans.

Representative M. Oshiro rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Oshiro's written remarks are as follows:

"Mr. Speaker, I rise in strong support of House Concurrent Resolution No. 165 and House Resolution No. 144, Requesting the Department of Accounting and General Services to Allow State-Owned Lands to be Used by Community Groups for an Open Market in Wahiawa. The targeted site for this endeavor is the current Wahiawa Civic Center area located across from the Wahiawa Shopping Center and adjacent to the Wahiawa General Hospital, bordered by the library, post office, and the City and County Bus Depot. This central location, easily accessible and with plenty of parking, would be a good location for periodic markets, similar to those held at Mililani High School and Kapiolani Community College.

"The adoption of these resolutions would be an important first step towards establishing an open market in Wahiawa and would help support the strong agricultural community that exists within the area.

"Agriculture in Hawaii is a vital and historical part of our economy, supporting more than 40,000 jobs and generating an estimated \$2.9 billion to the State's annual economy. Historically, the Polynesian voyagers who first traveled to Hawaii brought with them familiar plants to grow and harvest, ensuring they would be able to provide for themselves in a new land. The plantation era in Hawaii brought the rise of sugar and pineapple, and thousands of acres of Hawaii were utilized as agricultural lands.

"However, today, as one of the oldest economic industries, agriculture is often overlooked in favor of new, up-and-coming ideas for economic assistance. We must take every opportunity we have to ensure that this historical and vital industry has the staunch support that it requires.

"Open markets allow consumers to have access to locally grown, farm-fresh produce which ultimately supports Hawaii's agricultural industry by providing market sites for local farmers, fishermen, and their representatives to sell their products and to develop personal relationships with their customers. They help both the consumers and the producers, creating a symbiotic partnership that protects and promotes our agricultural industry.

"As the home of pineapple, one of Hawaii's first agricultural industries, my hometown of Wahiawa has a deep rooted pride in agriculture. We hold annual events like the Wahiawa Pineapple Run and the Wahiawa Pineapple Festival and Parade, which celebrate our history and our cultural ties to agriculture.

"Wahiawa is home to one of the only four egg farms left on Oahu—the Peterson Upland Egg Farm—which recently celebrated its 100th anniversary. We also have a high school program dedicated specifically to agriculture—Leilehua High School's "Natural Resources Pathway," which has a specific "Agricultural Academy," where classroom study is combined with outdoor laboratory activities and the Future Farmers of America program. Wahiawa's dedication to agriculture is indisputable—our past, our present, and our future all show our reliance and benefit.

"For these aforementioned reasons, I stand in strong support of these measures. Wahiawa's agricultural ties make it an ideal place for the establishment of an open market—both for the consumers and the farmers and fishermen who provide the farm-fresh, local produce. It is my firm belief that we should support our agricultural community at every opportunity that is presented.

"Thank you, Mr. Speaker, for allowing me the opportunity to insert written comments."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 144, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES TO ALLOW STATE-OWNED LANDS TO BE USED BY COMMUNITY GROUPS FOR AN OPEN MARKET IN WAHIAWA," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 165, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES TO ALLOW STATE-OWNED LANDS TO BE USED BY COMMUNITY GROUPS FOR AN OPEN MARKET IN WAHIAWA," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1659) recommending that H.R. No. 157, be adopted; and

(Stand. Com. Rep. No. 1660) recommending that H.C.R. No. 183, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 157; and H.C.R. No. 183, be adopted, seconded by Representative Evans.

Representative Fontaine rose to speak in support of both measures, stating:

"Yes, Mr. Speaker, in strong support with written comments."

Representative Fontaine's written remarks are as follows:

"Mr. Speaker, I rise in support. The 9.0 Honshu Earthquake, on March 11, 2011, caused millions of dollars in damages. HCR183/HR157 encourages the County of Maui and the County of Hawaii to apply for federal relief funds to aid in the recovery of important harbors that were severely damaged. With federal funds, we can restore businesses, properties, and major harbors back to working condition."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 157, entitled: "HOUSE RESOLUTION REQUESTING APPLICATION FOR, GRANTING OF, AND FISCAL SUPPORT FOR EMERGENCY RELIEF AND EMERGENCY PREVENTION EFFORTS FOR THE COUNTY OF HAWAII AND THE COUNTY OF MAUI IN THE WAKE OF THE MARCH 2011 TSUNAMI," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 183, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING APPLICATION FOR, GRANTING OF, AND FISCAL SUPPORT FOR EMERGENCY RELIEF AND EMERGENCY PREVENTION EFFORTS FOR THE COUNTY OF HAWAII AND THE COUNTY OF MAUI IN THE WAKE OF THE MARCH 2011 TSUNAMI," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1661) recommending that H.R. No. 158, be adopted; and

(Stand. Com. Rep. No. 1662) recommending that H.C.R. No. 184, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 158; and H.C.R. No. 184, be adopted, seconded by Representative Evans.

Representative Cullen rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I submit written comments in strong support of Standing Committee Reports 1661 and 1662 for respectively, House Resolution 158 and House Concurrent Resolution 184, urging the City and County of Honolulu to construct a crosswalk on upper Aiki Street along Kupuna Loop in Village Park for pedestrian safety.

"This cross walk would provide a clear path for those residents and another tool that drivers may use to slowdown and identify pedestrians. Each year, Hawaii residents are either injured or killed due to the lack of existing or functioning crosswalks. Installing this crosswalk will hopefully help to decrease the number of people injured each year."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 158, entitled: "HOUSE RESOLUTION URGING THE CITY AND COUNTY OF HONOLULU TO CONSTRUCT A CROSSWALK ON UPPER AIKI STREET ALONG KUPUNA LOOP IN VILLAGE PARK FOR PEDESTRIAN SAFETY," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 184, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE CITY AND COUNTY OF HONOLULU TO CONSTRUCT A CROSSWALK ON UPPER AIKI STREET ALONG KUPUNA LOOP IN VILLAGE PARK FOR PEDESTRIAN SAFETY," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1663) recommending that H.R. No. 159, be adopted; and

(Stand. Com. Rep. No. 1664) recommending that H.C.R. No. 185, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 159; and H.C.R. No. 185, be adopted, seconded by Representative Evans.

Representative Cullen rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I submit written comments in strong support of Standing Committee Reports 1663 and 1664 for respectively, House Resolution 159 and House Concurrent Resolution 185, urging the City and County of Honolulu to construct a left-turn signal and left-storage lane for motorists traveling on Lumiaina Street and turning onto Kamehameha Highway to ease traffic congestion and add to the residents quality of life.

"This particular area in my district has been the concern of many residents, especially during the morning and afternoon traffic hours. Because there is no designated traffic light signal nor lane for the left turn onto Kamehameha Highway, traffic becomes increasingly congested, compounding on the actual amount of time it should take to exit the Waialeale and Waipio Gentry neighborhoods. Adding a left-turn signal and storage lane will help to alleviate such congestion, as well as become a more efficient and safe route for local residents."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 159, entitled: "HOUSE RESOLUTION URGING THE CITY AND COUNTY OF HONOLULU TO CONSTRUCT A LEFT-TURN SIGNAL AND LEFT-STORAGE LANE FOR MOTORISTS TRAVELING ON LUMIAINA STREET AND TURNING ONTO KAMEHAMEHA HIGHWAY TO EASE TRAFFIC CONGESTION IN WAIKELE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 185, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE CITY AND COUNTY OF HONOLULU TO CONSTRUCT A LEFT-TURN SIGNAL AND LEFT-STORAGE LANE FOR MOTORISTS TRAVELING ON LUMIAINA STREET AND TURNING ONTO KAMEHAMEHA HIGHWAY TO EASE TRAFFIC CONGESTION IN WAIKELE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1665) recommending that H.R. No. 160, be adopted; and

(Stand. Com. Rep. No. 1666) recommending that H.C.R. No. 186, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 160; and H.C.R. No. 186, be adopted, seconded by Representative Evans.

Representative Cullen rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I submit written comments in strong support of Standing Committee Reports 1665 and 1666 for respectively, House Resolution 160 and House Concurrent Resolution 186, urging the City and County of Honolulu to construct a traffic light signal at the intersection of Honowai and Waipahu Streets to relieve traffic congestion and provide a safer way for pedestrians to cross the street.

"This particular intersection sees heavy traffic throughout the day, entering and exiting this Waipahu neighborhood on Honowai Street can be difficult. A number of accidents have already occurred and in order to

prevent more from happening, it is pertinent that a traffic signal is installed."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 160, entitled: "HOUSE RESOLUTION URGING THE CITY AND COUNTY OF HONOLULU TO CONSTRUCT A TRAFFIC LIGHT SIGNAL AT THE INTERSECTION OF HONOWAI AND WAIPAHU STREETS IN WAIPAHU TO RELIEVE TRAFFIC CONGESTION," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 186, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE CITY AND COUNTY OF HONOLULU TO CONSTRUCT A TRAFFIC LIGHT SIGNAL AT THE INTERSECTION OF HONOWAI AND WAIPAHU STREETS IN WAIPAHU TO RELIEVE TRAFFIC CONGESTION," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1667) recommending that H.R. No. 162, be adopted; and

(Stand. Com. Rep. No. 1668) recommending that H.C.R. No. 188, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 162; and H.C.R. No. 188, be adopted, seconded by Representative Evans.

Representative Aquino rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Aquino's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of HR 162 and HCR 188. Mr. Speaker, these resolutions provide a possible answer to traffic and pedestrian issues in this area of Waipahu. Currently, Managers Drive along with the adjoining Hiapo street intersection present several safety issues.

"First, Managers Drive connects lower Waipahu and Waialeale – a straight thoroughfare. This allows on many occasions of drivers operating their vehicles at high rates of speed in the area, which can be dangerous for homes and individuals.

"The second issue is pedestrian safety. Due to the speeding cars, most residents are concerned about pedestrians who would like to cross Managers Drive and Hiapo Street.

"Mr. Speaker, these resolutions seek protection for residents and homes in the area. Urging our City's Transportation Department to install a four-way stop at the intersection will help to reduce speeding in the area and provide safe access for pedestrians to safely cross. For these reasons Mr. Speaker, I speak in strong favor. Thank you, very much."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 162, entitled: "HOUSE RESOLUTION URGING THE DEPARTMENT OF TRANSPORTATION SERVICES OF THE CITY AND COUNTY OF HONOLULU TO INSTALL A FOUR-WAY STOP AT THE INTERSECTION OF MANAGERS DRIVE AND HIAPO STREET IN WAIPAHU," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 188, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE DEPARTMENT OF TRANSPORTATION SERVICES OF THE CITY AND COUNTY OF HONOLULU TO INSTALL A FOUR-WAY STOP AT THE INTERSECTION OF MANAGERS DRIVE AND HIAPO STREET IN WAIPAHU," was adopted, with

Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1669) recommending that H.R. No. 163, be adopted; and

(Stand. Com. Rep. No. 1670) recommending that H.C.R. No. 189, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 163; and H.C.R. No. 189, be adopted, seconded by Representative Evans.

Representative Aquino rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Aquino's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of these measures. The mixture of heavy traffic flow and extensive pedestrian use of roadways occurs most frequently at intersections throughout our state. In Waipahu, an area around Mokuola Street and Hikimoe Street has such heavy vehicle and pedestrian traffic. This area is surrounded by senior care homes, elderly housing complexes, assisted living facilities, nearby businesses and single family dwellings.

"Due to the vast number of assisted living and senior facilities in the area, the intersection of Mokuola and Hikimoe Streets is heavily used by seniors traveling on foot, wheelchair, and electric scooters to access the bus terminal in the area so they can accomplish everyday tasks such as grocery shopping and receiving medical care. In addition, this bus terminal is also used by numerous students of all ages, and individuals who use public transportation to get to and from work, creating even more pedestrian traffic in the area.

"Mr. Speaker, the safety of this intersection has been a concern among the residents living in the area as there is currently only one crosswalk at the intersection of Mokuola and Hikimoe Streets and street lighting in the area has been described as poor, which creates visibility problems at night.

"Mokuola Street has also been designated as the site for Waipahu's second rail station for Oahu's mass transit system which will increase motor vehicle and pedestrian traffic in the area, creating additional safety concerns. Mr. Speaker, a traffic and pedestrian study of this intersection will work toward increasing pedestrian and motor vehicle safety, as well as address traffic congestion concerns, especially with the completion of the rail station. This would greatly benefit our residents, including our seniors, students, and many others who not just live in the area, but who utilize our public transportation system. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 163, entitled: "HOUSE RESOLUTION URGING THE DEPARTMENT OF TRANSPORTATION SERVICES OF THE CITY AND COUNTY OF HONOLULU TO CONDUCT A TRAFFIC AND PEDESTRIAN STUDY OF THE INTERSECTION OF MOKUOLA AND HIKIMOE STREETS IN WAIPAHU," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 189, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE DEPARTMENT OF TRANSPORTATION SERVICES OF THE CITY AND COUNTY OF HONOLULU TO CONDUCT A TRAFFIC AND PEDESTRIAN STUDY OF THE INTERSECTION OF MOKUOLA AND HIKIMOE STREETS IN WAIPAHU," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1671) recommending that H.R. No. 171, be adopted; and

(Stand. Com. Rep. No. 1672) recommending that H.C.R. No. 198, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 171; and H.C.R. No. 198, be adopted, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Coffman rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Coffman's written remarks are as follows:

"The Island of Hawaii has the second largest population in the State, and specifically the County of Hawaii has had the highest population growth rate in the State in the past decade. The population in North and South Kona represents approximately 25 percent of the entire County population. Currently the court facilities are grossly inadequate to meet the needs of the community. La'i'opua is a potential site that should be considered, and strongly urged to be the site of the new Kona Judiciary Complex."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 171, entitled: "HOUSE RESOLUTION URGING THE JUDICIARY TO EXPEDITE THE SELECTION OF THE SITE FOR THE KONA JUDICIARY COMPLEX AND CONSIDER LA'I'OPUA AS A POTENTIAL SITE FOR THE COMPLEX," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 198, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE JUDICIARY TO EXPEDITE THE SELECTION OF THE SITE FOR THE KONA JUDICIARY COMPLEX AND CONSIDER LA'I'OPUA AS A POTENTIAL SITE FOR THE COMPLEX," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1673) recommending that H.R. No. 176, HD 1, be adopted; and

(Stand. Com. Rep. No. 1674) recommending that H.C.R. No. 204, HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 176, HD 1; and H.C.R. No. 204, HD 1, be adopted, seconded by Representative Evans.

Representative Hanohano rose to speak in support of both measures, stating:

"In strong support with written comments."

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in support and submit these written comments for inclusion in the House Journal. During the last 30 years the State of Hawai'i hasn't built any correctional treatment facility for non-violent inmates. Building a facility in partnership with the Department of Hawaiian Homes is in the right direction. Every year, \$60 million plus dollars are exported out of the State of Hawai'i with no positive economic returns. More than 24% of the inmate populations are native Hawaiians. Community-based programs are effective in transitioning inmates back into society and connect them to their families."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 176, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE DIRECTOR OF PUBLIC SAFETY TO FORM A TASK FORCE TO INITIATE THE PLANNING AND DESIGN PROCESS TO DEVELOP A CORRECTIONAL TREATMENT FACILITY TO HOUSE ONE THOUSAND TO ONE THOUSAND TWO HUNDRED INMATES ON UNDEVELOPED HAWAIIAN HOME LANDS ON THE ISLAND OF HAWAII, AND/OR TO CONSIDER THE FEASIBILITY OF A COMMUNITY-BASED PROGRAM AT THAT LOCATION," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 204, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DIRECTOR OF PUBLIC SAFETY TO FORM A TASK FORCE TO INITIATE THE PLANNING AND DESIGN PROCESS TO DEVELOP A CORRECTIONAL TREATMENT FACILITY TO HOUSE ONE THOUSAND TO ONE THOUSAND TWO HUNDRED INMATES ON UNDEVELOPED HAWAIIAN HOME LANDS ON THE ISLAND OF HAWAII, AND/OR TO CONSIDER THE FEASIBILITY OF A COMMUNITY-BASED PROGRAM AT THAT LOCATION," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1675) recommending that H.R. No. 177, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 177, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF HEALTH TO ESTABLISH A TASK FORCE REGARDING THE IMPLEMENTATION OF ACT 1, SESSION LAWS OF HAWAII 2011," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1676) recommending that H.C.R. No. 205, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 205, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF HEALTH TO ESTABLISH A TASK FORCE REGARDING THE IMPLEMENTATION OF ACT 1, SESSION LAWS OF HAWAII 2011," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1677) recommending that H.R. No. 179, be adopted; and

(Stand. Com. Rep. No. 1678) recommending that H.C.R. No. 208, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 179; and H.C.R. No. 208, be adopted, seconded by Representative Evans.

Representative Hanohano rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in support and request to submit written comments into the House Journal. During the last 30 years the State of Hawaii has not built any correctional facilities, instead the State has been sending our people to America to serve their time. Establishing a public-private correctional partnership for the construction and operation of prisons in Hawai'i can be a cost savings tool."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 179, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF PUBLIC SAFETY AND DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES TO STUDY THE FEASIBILITY OF ESTABLISHING A PUBLIC-PRIVATE CORRECTIONAL PARTNERSHIP FOR THE CONSTRUCTION AND OPERATION OF PRISONS IN HAWAII," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 208, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF PUBLIC SAFETY AND DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES TO STUDY THE FEASIBILITY OF ESTABLISHING A PUBLIC-PRIVATE CORRECTIONAL PARTNERSHIP FOR THE CONSTRUCTION AND OPERATION OF PRISONS IN HAWAII," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

At 12:36 o'clock p.m. Representative B. Oshiro requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:38 o'clock p.m. with Vice Speaker Manahan presiding.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1679) recommending that H.R. No. 183, HD 1, as amended in HD 2, be adopted; and

(Stand. Com. Rep. No. 1680) recommending that H.C.R. No. 212, HD 1, as amended in HD 2, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 183, HD 2; and H.C.R. No. 212, HD 2, be adopted, seconded by Representative Evans.

Representative Mizuno moved that notwithstanding the recommendations contained in Standing Committee Report Nos. 1679 and 1680, that H.R. No. 183, HD 2; and H.C.R. No. 212, HD 2, be recommitted to the Committee on Human Services, seconded by Representative C. Lee.

The motion was put to vote by the Chair and carried, and H.R. No. 183, HD 2, entitled: "HOUSE RESOLUTION ENCOURAGING THE DEPARTMENT OF HUMAN SERVICES TO CONSIDER IMPLEMENTING A COMPUTER APPLICATION FOR FOSTER YOUTH WHO ARE TRANSITIONING OUT OF THE FOSTER CARE SYSTEM," was recommitted to the Committee on Human Services, with Representatives Ching, Chong, Kawakami, Luke, McKelvey, Souki, Thielen and Tokioka being excused; and

H.C.R. No. 212, HD 2, entitled: "HOUSE CONCURRENT RESOLUTION ENCOURAGING THE DEPARTMENT OF HUMAN SERVICES TO CONSIDER IMPLEMENTING A COMPUTER APPLICATION FOR FOSTER YOUTH WHO ARE TRANSITIONING OUT OF THE FOSTER CARE SYSTEM," was recommitted to the Committee on Human Services, with Representatives Ching, Chong, Kawakami, Luke, McKelvey, Souki, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1681) recommending that H.R. No. 190, HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 190, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO CONDUCT A STUDY ON THE CURRENT LAW AND PROCEDURES RELATING TO THE

DISPOSITION OF VACATION CREDITS FOR PUBLIC EMPLOYEES THAT TRANSFER TO ANOTHER DEPARTMENT IN THE SAME JURISDICTION OR TO ANOTHER JURISDICTION," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1682) recommending that H.C.R. No. 219, HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 219, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE LEGISLATIVE REFERENCE BUREAU TO CONDUCT A STUDY ON THE CURRENT LAW AND PROCEDURES RELATING TO THE DISPOSITION OF VACATION CREDITS FOR PUBLIC EMPLOYEES THAT TRANSFER TO ANOTHER DEPARTMENT IN THE SAME JURISDICTION OR TO ANOTHER JURISDICTION," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1683) recommending that H.R. No. 195, HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 195, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF HAWAIIAN HOME LANDS TO PARTNER WITH THE OFFICE OF HAWAIIAN AFFAIRS, THE DEPARTMENT OF AGRICULTURE, AND OTHER APPROPRIATE ENTITIES TO PROVIDE SUPPORT SERVICES TO ITS BENEFICIARIES TO ENCOURAGE SUCCESSFUL FARMING ON AGRICULTURAL AND PASTORAL LANDS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1684) recommending that H.C.R. No. 224, HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 224, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF HAWAIIAN HOME LANDS TO PARTNER WITH THE OFFICE OF HAWAIIAN AFFAIRS, THE DEPARTMENT OF AGRICULTURE, AND OTHER APPROPRIATE ENTITIES TO PROVIDE SUPPORT SERVICES TO ITS BENEFICIARIES TO ENCOURAGE SUCCESSFUL FARMING ON AGRICULTURAL AND PASTORAL LANDS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1685) recommending that H.R. No. 218, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 218, entitled: "HOUSE RESOLUTION REQUESTING THAT THE TAX REVIEW COMMISSION CONDUCT A STUDY ON THE PROJECTED NET LOSS TO HAWAII RESIDENTS IN THEIR FEDERAL TAX LIABILITY THAT IS ATTRIBUTABLE TO THE MANNER IN WHICH THE STATE AND COUNTY GOVERNMENTS ARE CURRENTLY FUNDED," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1686) recommending that H.C.R. No. 255, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R.

No. 255, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THAT THE TAX REVIEW COMMISSION CONDUCT A STUDY ON THE PROJECTED NET LOSS TO HAWAII RESIDENTS IN THEIR FEDERAL TAX LIABILITY THAT IS ATTRIBUTABLE TO THE MANNER IN WHICH THE STATE AND COUNTY GOVERNMENTS ARE CURRENTLY FUNDED," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1687) recommending that H.R. No. 226, be adopted; and

(Stand. Com. Rep. No. 1688) recommending that H.C.R. No. 264, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 226; and H.C.R. No. 264, be adopted, seconded by Representative Evans.

Representative Jordan rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I am in strong support of HR226 and HCR264, which requests the Department of Land and Natural Resources (DLNR) to do a study of the feasibility of generating revenues from commercial operations occurring in private boat harbors. This study would examine the commercial activities occurring through private boat harbors and establish if fees should be charged to these operations as they are charged to those that operate out of public facilities.

"During this time of economic difficulties, studying the feasibility of assessing these equal fees to all commercial vessels is reasonable and prudent. In addition, as DLNR identified in their written testimony, the Ninth Circuit Court of Appeals ruled that the State can only charge commercial vessels for services provided by the State. These charges can be for activity included in State waters if there is a justification of the expense, such as enforcement services, permitting, and the cost of managing natural resources. Each commercial vessel should be charged their fair share for the State resources that they use, despite the boat harbor they operate from. An exploration of the resources being utilized and compensation being paid by commercial boaters is the first step in generating revenue to sustain State operations."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 226, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO CONDUCT A STUDY OF PRIVATE BOATING FACILITIES STATEWIDE AND DETERMINE THE FEASIBILITY OF GENERATING ADDITIONAL REVENUES FROM COMMERCIAL OPERATIONS OCCURRING AT OR FROM THESE FACILITIES," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 264, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO CONDUCT A STUDY OF PRIVATE BOATING FACILITIES STATEWIDE AND DETERMINE THE FEASIBILITY OF GENERATING ADDITIONAL REVENUES FROM COMMERCIAL OPERATIONS OCCURRING AT OR FROM THESE FACILITIES," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1689) recommending that H.R. No. 246, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No.

246, entitled: "HOUSE RESOLUTION REQUESTING THE UNIVERSITY OF HAWAII AT HILO TO SEEK GRANT MONEYS AND ADDITIONAL RESOURCES FOR STUDYING THE FEASIBILITY OF INCORPORATING NATIVE HAWAIIAN PLANT SPECIES IN CAPITAL IMPROVEMENT PROJECTS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1690) recommending that H.C.R. No. 279, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 279, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE UNIVERSITY OF HAWAII AT HILO TO SEEK GRANT MONEYS AND ADDITIONAL RESOURCES FOR STUDYING THE FEASIBILITY OF INCORPORATING NATIVE HAWAIIAN PLANT SPECIES IN CAPITAL IMPROVEMENT PROJECTS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1691) recommending that H.R. No. 256, be adopted; and

(Stand. Com. Rep. No. 1692) recommending that H.C.R. No. 291, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 256; and H.C.R. No. 291, be adopted, seconded by Representative Evans.

Representative Hanohano rose to speak in support of both measures, stating:

"In strong support with written comments."

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in strong support and request to submit written comments into the House Journal. A learning center in lower Puna by the University of Hawaii at Hilo is a step in the right direction. The population in lower Puna gained the most for the Hawai'i Island. Having a learning center in lower Puna will assist the population in gaining skills for jobs and lessen the traffic on Highway 130. The learning center will produce an employable population and create new business opportunities for this 'fast growing' area."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 256, entitled: "HOUSE RESOLUTION REQUESTING THE UNIVERSITY OF HAWAII AT HILO TO SEARCH FOR A SITE IN LOWER PUNA TO HOUSE A LEARNING CENTER," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 291, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE UNIVERSITY OF HAWAII AT HILO TO SEARCH FOR A SITE IN LOWER PUNA TO HOUSE A LEARNING CENTER," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1693) recommending that H.R. No. 280, HD 1, be adopted; and

(Stand. Com. Rep. No. 1694) recommending that H.C.R. No. 315, HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 280, HD 1; and H.C.R. No. 315, HD 1, be adopted, seconded by Representative Evans.

Representative Carroll rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Carroll's written remarks are as follows:

"In support to HCR 315 HD1 / HR 280 HD1. I would like to express my full support on both measures as it would request the Department of Business, Economic Development, and Tourism (DEBDT), along with the input from the Office of Hawaiian Affairs, and funding from the Native Hawaiian Advancement Act to examine the feasibility of jointly establishing a Native Hawaiian Research, Science, and Technology Park.

"Creating such a facility could greatly expand not only Hawaii's technological related industries, but also provide the necessary resources to numerous Native Hawaiian entrepreneurs. Currently we lose many young and talented Native Hawaiians to either other areas of the globe or to other industries that are more easily accessible. Not only does this hinder the creative minds of our technologically savvy youth, it creates a 'brain drain' within our state as we lose many young entrepreneurs to opportunities found on the mainland and elsewhere.

"Such a park would provide Native Hawaiian entrepreneurs with the knowledge and professional expertise to adequately deal with inevitable business start-up challenges as well as make them highly competitive in various high technology areas throughout the nation. With the help and support of these organizations along with Native Hawaiian businesses, we can provide a technological facility to foster, encourage, and enable our local entrepreneurs to establish new technological developments that can remain and flourish within our state. It is for the abovementioned reasons that I fully support of the abovementioned resolutions."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 280, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM, WITH INPUT FROM THE OFFICE OF HAWAIIAN AFFAIRS, TO EXAMINE THE FEASIBILITY OF JOINTLY ESTABLISHING A NATIVE HAWAIIAN RESEARCH, SCIENCE, AND TECHNOLOGY PARK," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 315, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM, WITH INPUT FROM THE OFFICE OF HAWAIIAN AFFAIRS, TO EXAMINE THE FEASIBILITY OF JOINTLY ESTABLISHING A NATIVE HAWAIIAN RESEARCH, SCIENCE, AND TECHNOLOGY PARK," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1695) recommending that H.R. No. 196, HD 1, be adopted; and

(Stand. Com. Rep. No. 1696) recommending that H.C.R. No. 225, HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 196, HD 1; and H.C.R. No. 225, HD 1, be adopted, seconded by Representative Evans.

Representative Cabanilla rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cabanilla's written remarks are as follows:

"Mr. Speaker and colleagues, I urge you to support HR196/HCR225 which urges the establishment of the Kanaka Villages for homeless Hawaiians. Mr. Speaker, it can be argued that Native Hawaiians have been uprooted from their land and perhaps stripped of their culture. As a consequence of this, many members from our host culture have ended up in poverty, and eventually homeless.

"Mr. Speaker, because Hawaii has mild weather, and Hawaiians were able to live here comfortably for centuries in tent like structures, creating a Kanaka Village, including cultural practices such as fishing and taro growing, will not only give shelter to those who are homeless, but will engage Native Hawaiians in life sustaining cultural practices.

"Mr. Speaker and colleagues, please support these resolutions as a cost-effective, socially and culturally effective program to ameliorate the issue of homeless Native Hawaiians."

Representative Carroll rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Carroll's written remarks are as follows:

"In support to HCR 225 HD1 / HR 196 HD1. I would like to express my full support on both measures as it would request that the Governor's Coordinator on Homelessness conduct study in conjunction with the Department of Hawaiian Home Lands and the Hawaii Public Housing Authority on the feasibility of establishing kanaka villages for the Native Hawaiian homeless population. The majority of this vulnerable population may be entitled to the rights and privileges offered by the Department of Hawaiian Home Lands.

"There is an alarming disproportionate representation of native Hawaiians among the State's homeless (nearly 40%) that need immediate attention and care. For the purpose of these resolutions, the term "kanaka village" refers to a community where homeless native Hawaiians may live in tents or in other approved types of shelters on Hawaiian Home Land while utilizing traditional Hawaiian methods of sustainability as they progress towards home ownership.

"Despite our State's efforts along with various nonprofit organizations in providing overnight shelters for the homeless, there are still many who inhabit our public parks, sidewalks, and other public spaces. Our current resources to address the homeless population have been tightened due to economic constraints, creating an even greater need for assistance. These resolutions may offer a potential support for our Native Hawaiian homeless population, as well as easing some of the tension off our current programs that have been stretched too thin. It is for the abovementioned reasons that I fully support HCR 225 HD1 and HR 196 HD1."

Representative Hanohano rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in strong support and request to submit written comments into the House Journal. Requesting the Governor's Coordinator on homelessness to study the feasibility of establishing *kanaka* village for homeless native Hawaiians, is a doable and bold commitment to the host culture. Undertaking this task will assist homeless native Hawaiians more forward to become productive citizens and improve their social-economic status."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 196, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE GOVERNOR'S COORDINATOR ON HOMELESSNESS TO STUDY THE FEASIBILITY OF ESTABLISHING KANAKA VILLAGES FOR HOMELESS NATIVE HAWAIIANS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 225, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR'S COORDINATOR

ON HOMELESSNESS TO STUDY THE FEASIBILITY OF ESTABLISHING KANAKA VILLAGES FOR HOMELESS NATIVE HAWAIIANS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1697) recommending that H.R. No. 201, HD 1, as amended in HD 2, be adopted; and

(Stand. Com. Rep. No. 1698) recommending that H.C.R. No. 230, HD 1, as amended in HD 2, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 201, HD 2; and H.C.R. No. 230, HD 2, be adopted, seconded by Representative Evans.

Representative Johanson rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Thank you Mr. Speaker. I am in strong support of HR 201 and HCR 230, urging the United States Department of Education to accept nationally recognized college admissions exam results for determining if a school is meeting No Child Left Behind (NCLB) compliance. It is my strong desire to improve our education system, both in terms of achievement and results, as well as the delivery of education to our students.

"Like many good ideas, the genesis for this piece of legislation arose directly from schools and teachers. I have heard from the high schools that I represent that so much time is devoted to test preparation, actual testing, re-testing, and subsequent remediation. Much of the testing stems from federal mandates. The intent of these mandates is to establish the standards and measurements that are part of ensuring that our children are receiving the highest quality education possible. However, student measurements are not the end in and of itself. Rather, optimal student academic preparation and a quality education represent the primary mission of our education system.

"In order to alleviate some of the testing burden, some of my community's teachers have suggested being able to use widely-accepted and nationally-administered comparable tests, such as the ACT college entrance exam, for determining applicable students' NCLB compliance. Many of our high school students are currently taking the ACT in order to apply to college. If such a test provides the important feedback and gauge for a student's achievement and competence, why should we force the same student to take the Hawaii State Assessment simply for NCLB compliance? Currently, the U.S. Department of Education and Hawaii State Department of Education do not have guidelines for allowing for the substitution or use of any scores, such as the ACT, for determining whether a student is achieving academic proficiency. If a child demonstrates such proficiency on a college admissions exam, the student should not have to take an additional test to prove the same thing, nor should they have to worry about testing that student. Such testing is duplicative and takes away from actual learning and instruction time.

"These resolutions urge the U.S. Department of Education and Hawaii State Department of Education to study whether an appropriate nexus exists and to work toward allowing states the freedom to utilize comparable tests. They are meant to be a first step and the opening of a broader long-term dialogue that needs to occur at the federal and state levels. Given the importance of ensuring our children are receiving the best education possible as well as the finite resources of our schools, the State must start to creatively think about how to achieve measurable results without compromising education. The teachers who serve our children deserve the best tools we can give them. Allowing the use of already proven examinations speaks to our support of their work and our commitment to a brighter educational future. Ultimately, improving the quality of education is our highest goal. We must work diligently to achieve that end by leveraging our public school resources and treasured human capital to stimulate effective outcomes for Hawaii's students."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 201, HD 2, entitled: "HOUSE RESOLUTION URGING THE UNITED STATES DEPARTMENT OF EDUCATION TO ACCEPT NATIONALLY RECOGNIZED COLLEGE ADMISSION EXAM RESULTS FOR DETERMINING IF A SCHOOL IS MEETING "NO CHILD LEFT BEHIND" COMPLIANCE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 230, HD 2, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE UNITED STATES DEPARTMENT OF EDUCATION TO ACCEPT NATIONALLY RECOGNIZED COLLEGE ADMISSION EXAM RESULTS FOR DETERMINING IF A SCHOOL IS MEETING "NO CHILD LEFT BEHIND" COMPLIANCE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1699) recommending that H.R. No. 208, be adopted; and

(Stand. Com. Rep. No. 1700) recommending that H.C.R. No. 245, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 208; and H.C.R. No. 245, be adopted, seconded by Representative Evans.

Representative Awana rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I stand in support. Thank you. Both Stand. Com. Rep. Nos. 1699 and 1700 are extremely important to our Native Hawaiian community. As stated in testimony, we have *kupuna* waiting over a half a century for both pastoral and agriculture leases.

"For a lack of a better phrase, this wait is much, much too long and I look forward to the Department's completion of their plan to begin the release of pastoral and agricultural lands, especially at a time when we are moving in the direction of supporting food security and sustainability in Hawaii. If positive steps are taken by the Department of Hawaiian Homelands to allow Native Hawaiians to work at one with the *aina* everyone in our State benefits. Thank you, Mr. Speaker."

Representative Ching rose to speak in support of both measures, stating:

"In strong support and may I have the words of the previous speaker. Thank you."

Representative Tsuji rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tsuji's written remarks are as follows:

"I am in support of these measures and was glad to learn in Committee that the Department of Hawaiian Home Lands (DHHL) is currently in the process of assessing both agricultural and pastoral homestead programs with the intent of revising, re-developing and advancing these programs. Many current homesteaders would like to expand operations, but cannot do so unless lands are released. It is incumbent on this Body to support initiatives that make more agricultural and pastoral homesteads available to appropriate beneficiaries."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 208, entitled: "HOUSE RESOLUTION URGING THE DEPARTMENT OF HAWAIIAN HOME LANDS TO RELEASE PASTORAL AND AGRICULTURAL LEASES TO ITS BENEFICIARIES," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 245, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE DEPARTMENT OF HAWAIIAN HOME LANDS TO RELEASE PASTORAL AND AGRICULTURAL LEASES TO ITS BENEFICIARIES," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented two reports:

(Stand. Com. Rep. No. 1701) recommending that H.R. No. 211, HD 1, be adopted; and

(Stand. Com. Rep. No. 1702) recommending that H.C.R. No. 248, HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 211, HD 1; and H.C.R. No. 248, HD 1, be adopted, seconded by Representative Evans.

Representative Ward rose to speak in support of both measures, stating:

"Mr. Speaker, strong support with written comments, please."

Representative Ward's written remarks are as follows:

"Mr. Speaker. I rise in support of House Resolution 211 and its companion measure House Concurrent Resolution 248. These resolutions urge the Hawaii Sister-State Committee to establish opportunities to develop and foster international relationships.

"I have had the privilege to serve abroad as a Peace Corps volunteer in Malaysia, as well as Peace Corps country director in East Timor and subsequently as a United Nations advisor in Asia, as well as Africa. These experiences taught me that the ability to develop and foster personal and diplomatic relationships, economic ties, and maintain two-way communications are essential to retaining and expanding peace and cooperation in the world.

"Opportunities abound for Hawaii to build upon the sister-State relationships we currently enjoy, and to add to these relationships in a mutually rewarding manner. Our own cultural and ethnic diversity makes us a model for the world to see how peoples of various colors, creeds, religions and backgrounds can live in harmony on a small strand of islands in the middle of the ocean. We have lessons we can share and in turn we can learn from other jurisdictions.

"The Sister-State Committee was established by the Legislature in 2006 to advise both our Body and the Governor on matters relating to this State and international jurisdictions. These resolutions encourages this group to increase their activities to develop, plan and coordinate international events. It also encourages them to find venues for showing and sharing Hawaii's arts, culture, history and unique beauty with the rest of the world.

"Finally, these resolutions ask this Sister-State Committee to report on its work to the 2012 Legislature. Hawaii can be a beacon of hope in a world filled with strife and difficulties. Let us encourage the sharing and exchange with peoples from around the globe.

"I fully support these resolutions and request all of my colleagues to vote in the affirmative. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 211, HD 1, entitled: "HOUSE RESOLUTION URGING THE HAWAII SISTER-STATE COMMITTEE TO ESTABLISH OPPORTUNITIES TO DEVELOP AND FOSTER INTERNATIONAL RELATIONSHIPS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 248, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE HAWAII SISTER-STATE COMMITTEE TO ESTABLISH OPPORTUNITIES TO DEVELOP AND FOSTER INTERNATIONAL RELATIONSHIPS," was adopted, with

Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1703) recommending that H.R. No. 217, HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 217, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS AND THE DEPARTMENT OF HUMAN SERVICES TO CONTINUE TO ENGAGE IN DATA EXCHANGES IN ORDER TO VERIFY THE ELIGIBILITY OF RECIPIENTS OF MEDICAID ASSISTANCE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1704) recommending that H.C.R. No. 254, HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 254, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS AND THE DEPARTMENT OF HUMAN SERVICES TO CONTINUE TO ENGAGE IN DATA EXCHANGES IN ORDER TO VERIFY THE ELIGIBILITY OF RECIPIENTS OF MEDICAID ASSISTANCE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1705) recommending that H.R. No. 63, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.R. No. 63, be adopted, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and brief comments. Two comments. Basically one is, there's too little input from the Minority on the broadcast system. It's basically isolated to one person and another.

"Secondly the vision of realizing what openness and transparency could be vis-à-vis CSPAN, we have not realized that and I think we're missing opportunities to be more open and more transparent.

"For those reasons I have reservations. And we haven't moved. This reso could have been here 10 years ago. It's read the same for 10 years. We haven't really changed. I think we have to get a little bit broader and more open to the public. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 63, entitled: "HOUSE RESOLUTION ESTABLISHING POLICIES FOR THE LEGISLATIVE BROADCAST PROGRAM'S CABLECASTS AND WEBCASTS OF HOUSE OF REPRESENTATIVES' PROCEEDINGS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1706) recommending that H.C.R. No. 23, HD 1, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.C.R. No. 23, HD 1, be adopted, seconded by Representative Evans.

Representative M. Lee rose to speak in support of the measure, stating:

"Mr. Speaker. I stand in strong support and I'd like to insert written comments. Thank you."

Representative M. Lee's written remarks are as follows:

"Our *kupuna* population is increasing, and falls are a major threat to their health and independence. Each year, one third of older adults, 65 years of age and older, fall. Falls often result in serious injury, such as a hip fractures or head injuries, which requires hospitalization. In addition to the physical and emotional pain, many need to spend at least a year recovering in a long-term care facility.

"Some never return to their homes.

"In Hawaii, every five hours, a senior is so severely injured by a fall that they must be hospitalized. Locally, emergency room, hospitalization, rehabilitation and care home charges total \$143.8 million per year, which equals \$193,000 per day!

"Thirty percent of falls are preventable! The Task Force working with health professionals, State and community agencies, and private organizations can help bring early detection and fall prevention programs to the forefront. For this reasons, I ask the Members' support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 23, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION ESTABLISHING A HAWAII STATE FALL PREVENTION AND EARLY DETECTION TASK FORCE TO DEVELOP A STATEWIDE APPROACH TO REDUCING FALLS AMONG OLDER ADULTS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1707) recommending that H.C.R. No. 126, HD 1, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.C.R. No. 126, HD 1, be adopted, seconded by Representative Evans.

Representative Cullen rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I submit written comments in strong support of Standing Committee Report No. 1707, House Concurrent Resolution 126, which requests the Department of Public Safety to determine the feasibility of establishing an earned-time program for Hawaii's non-violent and low-level drug offenders.

"Giving non-violent and low-level drug offender inmates the option for earned-time credits increases their chances to be released before their regular minimum date should they be able to fulfill the program's requirements. This incentive would encourage inmates to participate and complete their programs in facility like substance abuse counseling and working towards their GE. These are a couple of examples of a program that that would help an inmate earn credit for time being served.

"Having this program also reduces the costs of incarceration and recidivism, as well as help offenders succeed when they return to the community as witnessed by 31 other states that provide these types of programs."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 126, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF PUBLIC SAFETY TO DETERMINE THE FEASIBILITY OF ESTABLISHING AN EARNED-TIME PROGRAM FOR HAWAII'S NON-VIOLENT AND LOW-LEVEL DRUG OFFENDERS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1708) recommending that H.C.R. No. 128, HD 1, as amended in HD 2, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 128, HD 2, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR OF THE STATE OF HAWAII TO CONVENE A TASK FORCE TO REVIEW POLICIES AND PROCEDURES FOR STATE FUNDED DRUG COVERAGE PROGRAMS AND SERVICES," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1709) recommending that H.C.R. No. 146, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 146, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING AN AUDIT OF THE EMPLOYER-UNION HEALTH BENEFITS TRUST FUND," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1710) recommending that H.C.R. No. 160, as amended in HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 160, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO REQUIRE REIMBURSEMENT TO THE GENERAL FUND FOR THE AMOUNTS OF REFUNDABLE TAX CREDITS UNDER HRS 235-12.5, THE RENEWABLE ENERGY TECHNOLOGIES INCOME TAX CREDIT," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1711) recommending that H.C.R. No. 166, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 166, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO CONDUCT A STUDY REGARDING THE TRANSFER OF NON-GENERAL FUNDS TO THE GENERAL FUND," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1712) recommending that H.C.R. No. 167, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 167, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF AGRICULTURE TO CONVENE A WORKING GROUP TO EXAMINE THE FEDERAL 2008 FARM BILL AMENDMENT TO THE RICHARD B. RUSSELL NATIONAL SCHOOL LUNCH ACT," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1713) recommending that H.C.R. No. 173, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.C.R. No. 173, be adopted, seconded by Representative Evans.

Representative Ichiyama rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of this resolution. Kamananui Valley, located in Moanalua Valley, is the last remaining undeveloped *ahupua'a* in urban Honolulu. Its pristine 3,700 acres are enjoyed by hikers, bird watchers, hunters and many students that take educational walks through the valley.

"The Moanalua Gardens Foundation (MGF) was established in 1970 as a non-profit organization by the granddaughters of Samuel Mills Damon, Frances "Patches" Damon Holt and Harriet "Haku" Damon Baldwin. Its mission is to preserve and perpetuate the native culture, environment and people of Hawaii through education, celebration and care for Kamananui Valley and Moanalua Gardens.

"The MGF has stated its sincere interest in partnering with the Department of Land and Natural Resources to help care for Kamananui Valley for the people of Hawaii and to conduct educational and cultural programs in Kamananui Valley as a community resource to benefit the public. I understand that the Department is also interested in working with the MGF to create a memorandum of understanding to preserve and protect Kamananui Valley. This resolution recognizes the ongoing work by both the MGF and the Department to allow the MGF to continue its outstanding work within our community and I strongly support its passage. Thank you very much, Mr. Speaker."

Representative Johanson rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise in support of this HCR 173, Mr. Speaker. I am pleased that this resolution was offered because of the significance Kamananui Valley has for the Moanalua community that I represent. The Moanalua Gardens Foundation does important work for the Moanalua community and the State of Hawaii. I know my neighbors and I share in our support and appreciation for this organization and its contributions. I hope that coordinating with the State's Department of Land and Natural Resources will help better serve and protect this treasure for not only the Moanalua community, but also for the entire State of Hawaii."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 173, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO WORK WITH MOANALUA GARDENS FOUNDATION TO EXECUTE A MEMORANDUM OF UNDERSTANDING FOR THE USE OF KAMANANUI (MOANALUA) VALLEY FOR EDUCATIONAL AND CULTURAL PURPOSES," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1714) recommending that H.C.R. No. 196, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 196, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE CONVENING OF A TASK FORCE TO DEVELOP A QUALITY IMPROVEMENT INITIATIVE TO REDUCE ELECTIVE CESAREAN SECTIONS AND INDUCTION OF LABOR," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1715) recommending that H.C.R. No. 238, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.C.R. No. 238, be adopted, seconded by Representative Evans.

Representative Ching rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of HCR 238. According to Analytical Services Inc., the lack of a Statewide Classification Program for shellfish growing areas has been a roadblock to establishing a shellfish aquaculture industry in Hawaii for decades. Work to date has recognized the most significant issues toward the end of securing this most promising segment of local food production for local consumption. All evidence to date indicates the absence of growth, taste, economic, or production hurdles to the revitalization of this local aquaculture. Thank you."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 238, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF HEALTH TO FULLY SUPPORT THE DEVELOPMENT OF THE SHELLFISH AQUACULTURE INDUSTRY AND IMPLEMENT A STATEWIDE CLASSIFICATION PROGRAM FOR SHELLFISH GROWING AREAS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1716) recommending that H.C.R. No. 294, HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 294, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION ENCOURAGING DISCUSSIONS TO PROPOSE RECOMMENDATIONS TO THE LEGISLATURE TO RESOLVE OUTSTANDING DIFFERENCES REGARDING CLAIMS OF THE OFFICE OF HAWAIIAN AFFAIRS TO INCOME AND PROCEEDS FROM THE PUBLIC LAND TRUST BETWEEN NOVEMBER 7, 1978, AND JULY 1, 2008," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative Awana, for the Committee on International Affairs presented a report (Stand. Com. Rep. No. 1717) recommending that H.R. No. 79, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 79, entitled: "HOUSE RESOLUTION URGING CONGRESS AND THE PRESIDENT OF THE UNITED STATES TO SUPPORT THE FILIPINO VETERANS FAMILY REUNIFICATION ACT OF 2009, OR SIMILAR LEGISLATION, TO EXPEDITE FAMILY REUNIFICATION FOR CERTAIN FILIPINO VETERANS OF WORLD WAR II," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative Awana, for the Committee on International Affairs presented a report (Stand. Com. Rep. No. 1718) recommending that H.C.R. No. 86, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 86, entitled: "HOUSE CONCURRENT RESOLUTION URGING CONGRESS AND THE PRESIDENT OF THE UNITED STATES TO SUPPORT THE FILIPINO VETERANS FAMILY REUNIFICATION ACT OF 2009, OR SIMILAR LEGISLATION, TO EXPEDITE FAMILY REUNIFICATION FOR CERTAIN FILIPINO VETERANS OF WORLD WAR II," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative Awana, for the Committee on International Affairs presented two reports:

(Stand. Com. Rep. No. 1719) recommending that H.R. No. 30, as amended in HD 1, be adopted; and

(Stand. Com. Rep. No. 1720) recommending that H.C.R. No. 37, as amended in HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 30, HD 1; and H.C.R. No. 37, HD 1, be adopted, seconded by Representative Evans.

Representative M. Lee rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support. The Republic of Turkey was founded in 1923. According to its constitution, Turkey is a secular, democratic republic that derives its sovereignty from the people. Turkey today has a population of more than 75 million and is the world's 15th largest economy.

"Turkey is a member of NATO and of the European Organization for Economic Cooperation and Development. Turkish troops are part of the NATO-led security mission in Afghanistan.

"Since 1955, the United States has operated Incirlik Air Base in southern Turkey in cooperation with Turkey and our other NATO allies. In 2008, more than half the supplies for our forces in Iraq and Afghanistan were delivered via Incirlik. Incirlik has also supported humanitarian and relief missions in the Middle East and South Asia.

"Hawaii and Turkey may seem worlds apart, but we have something in common in the legacies of our leaders.

"We all know of Kamehameha, the warrior king who united our islands. Kamehameha turned from war to become a champion of justice and self-determination. Kamehameha's story has a parallel in the life of Mustafa Kemal Atatürk, the founder of modern Turkey.

"Atatürk was also forged in battle, during World War One. Like Kamehameha, Atatürk turned from war to peace. Atatürk transformed Turkey into a modern nation-state, enacting public education, full political rights for women, and a secular legal code. "Peace at home and peace in the world" was his motto.

"As we watch the current upheavals in the Middle East, many look to Turkey as an example of stability, prosperity, and multi-party democracy. However, we must stress that all nations should live up to the ideals of democracy, including equality, the rule of law, human rights, and freedom of the press.

"We in Hawaii look forward to continued warm relations and mutual beneficial interactions with Turkey and the Turkish people. I urge the Members' support."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 30, HD 1, entitled: "HOUSE RESOLUTION RECOGNIZING THE CULTURAL, EDUCATIONAL, POLITICAL, AND ECONOMIC RELATIONS BETWEEN THE PEOPLE OF HAWAII AND THE REPUBLIC OF TURKEY," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 37, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION RECOGNIZING THE CULTURAL, EDUCATIONAL, POLITICAL, AND ECONOMIC RELATIONS BETWEEN THE PEOPLE OF HAWAII AND THE REPUBLIC OF TURKEY," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative Awana, for the Committee on International Affairs presented two reports:

(Stand. Com. Rep. No. 1721) recommending that H.R. No. 151, as amended in HD 1, be adopted; and

(Stand. Com. Rep. No. 1722) recommending that H.C.R. No. 175, as amended in HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 151, HD 1; and H.C.R. No. 175, HD 1, be adopted, seconded by Representative Evans.

Representative Evans rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker, in strong support."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 151, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE SAN FRANCISCO MEXICAN CONSULATE TO CONSIDER ESTABLISHMENT OF A MEXICAN CONSULATE IN HAWAII," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 175, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE SAN FRANCISCO MEXICAN CONSULATE TO CONSIDER ESTABLISHMENT OF A MEXICAN CONSULATE IN HAWAII," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representative Awana, for the Committee on International Affairs presented two reports:

(Stand. Com. Rep. No. 1723) recommending that H.R. No. 216, as amended in HD 1, be adopted; and

(Stand. Com. Rep. No. 1724) recommending that H.C.R. No. 253, as amended in HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committee be adopted, and that H.R. No. 216, HD 1; and H.C.R. No. 253, HD 1, be adopted, seconded by Representative Evans.

Representative Aquino rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Aquino's written remarks are as follows:

"Mr. Speaker, I rise in strong support of these resolutions and would like to make a few comments. In 1941, 250,000 Filipino soldiers volunteered their services after being promised full veterans benefits to fight for the United States against the threat of Japan in World War II. While fighting, on April 9, 1942, the United States surrendered Luzon in the Philippines, leading to the Bataan Death March where thousands of American and Filipino prisoners of war died as they traveled to Japanese prisoner of war camps. Shortly thereafter in May of 1942, the United States retreated completely from the Philippines. While this was a definite blow to the war, the Filipinos along with their U.S. counterparts, continued to fight. Several years later in 1945, Japan surrendered the Philippines to the United States, which would set off a chain reaction of events that would lead to Japan's official surrender to end the war later that year.

"Mr. Speaker, despite the promises made earlier in the war, Congress enacted the Rescission Act in 1946. This would deny World War II Filipino rights to veterans' benefits such as healthcare, disability pensions, and burial expenses. Over the next few decades, Congress considered legislation to restore the benefits denied to Filipino veterans and even received encouraging words from Presidents George W. Bush and Bill Clinton to fulfill the broken promises made by the United States government.

"Over 60 years later in 2009, President Obama signed the American Recovery and Reinvestment Act. In this bill was a provision that called

for the release of \$198,000,000 for lump sum payments to Filipino veterans in lieu of pensions. Mr. Speaker, today there are only 11,000 veterans who are now in their 80s and 90s to collect these payments. There are some Filipino veterans who are still waiting for their promised checks.

"In Hawaii alone, there are approximately 400 Filipino veterans qualified for payments under the ARRA Act of 2009. About 15 percent are still waiting for their checks, and approximately 20 percent have claims that are still pending. Mr. Speaker, our senior Senator in Washington D.C. believes that it is out of honor that we need to provide to these veterans what they have earned through their courage, service and dedication.

"Mr. Speaker, I truly believe that the funds appropriated through the ARRA Act while good intentioned, does not correct the inequities felt by these Filipino warriors. However, it does make an attempt to try and make things right. These resolutions provide that. Thank you."

Representative Cabanilla rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cabanilla's written remarks are as follows:

"Mr. Speaker, I strongly support HR 216, and HCR 253 which urge the President of the United States and the United States Congress to expedite payment of war benefits to Filipino veterans who fought in the World War II, but were subsequently denied their entitled benefits.

"Mr. Speaker, since our WWII Filipino American veterans were given U.S. citizenship, health benefits and burial in our veterans' cemeteries nationwide, the President of the United States signed the American Recovery and Reinvestment Act of 2009 on February 17, 2009, authorizing the release of a one-time, lump-sum payment to eligible World War II (WWII) Philippine veterans.

"While some Filipino veterans have already been paid this compensation, there are still many waiting, caught up in technicalities. I urge the passage of these resolutions which will expedite compensation for those brave Filipino soldiers who risked their lives for the United States of America."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 216, HD 1, entitled: "HOUSE RESOLUTION URGING THE PRESIDENT OF THE UNITED STATES AND THE UNITED STATES CONGRESS TO EXPEDITE PAYMENT OF WAR BENEFITS TO FILIPINO VETERANS WHO FOUGHT IN WORLD WAR II BUT WERE SUBSEQUENTLY DENIED THEIR ENTITLED BENEFITS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 253, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE PRESIDENT OF THE UNITED STATES AND THE UNITED STATES CONGRESS TO EXPEDITE PAYMENT OF WAR BENEFITS TO FILIPINO VETERANS WHO FOUGHT IN WORLD WAR II BUT WERE SUBSEQUENTLY DENIED THEIR ENTITLED BENEFITS," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representatives Awana and Mizuno, for the Committee on International Affairs and the Committee on Human Services presented a report (Stand. Com. Rep. No. 1725) recommending that H.C.R. No. 232, as amended in HD 1, be adopted.

Representative B. Oshiro moved that the report of the Committees be adopted, and that H.C.R. No. 232, HD 1, be adopted, seconded by Representative Evans.

Representative Ward rose and stated:

"Mr. Speaker. Is it possible to insert comments in the Journal on 1725? Yes that passed me. My page numbers were different than the last agenda. Somehow the page numbers threw off the word.

"In fact let me just give a brief comment rather than that then. Stand. Com. Rep. No. 1725 is relating to a UN resolution. I should explain to the Members when I recued myself having to leave, because oftentimes we're asked to adopt a UN resolution and we never read it."

The motion was put to vote y the Chair and carried, and the report of the Committees was adopted and H.C.R. No. 232, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION SUPPORTING THE REVIEW AND CONSIDERATION OF THE HUMAN RIGHTS RECOMMENDATIONS FROM THE 2010 UNITED NATIONS UNIVERSAL PERIODIC REVIEW OF THE UNITED STATES OF AMERICA," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representatives Awana and Tsuji, for the Committee on International Affairs and the Committee on Agriculture presented two reports:

(Stand. Com. Rep. No. 1726) recommending that H.R. No. 263, as amended in HD 1, be adopted; and

(Stand. Com. Rep. No. 1727) recommending that H.C.R. No. 298, as amended in HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committees be adopted, and that H.R. No. 263, HD 1; and H.C.R. No. 298, HD 1, be adopted, seconded by Representative Evans.

Representative Ching rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I rise in strong support of these two measures. Thank you, Mr. Speaker. As the *Star-Advertiser* reports, APEC means business for Hawaii and we must capitalize on this opportunity. The Asia-Pacific Economic Cooperative is a 21-member country economic forum, plus us, with the primary goal to support sustainable economic growth and prosperity in the Asia-Pacific region.

"We're facing tough economic times, and an event of this magnitude brings foreign heads of states and their diplomatic corps to our City and it will become a boon for our economy and our agricultural industry. The Asia-Pacific Economic Cooperation, the premiere forum, comes in November and is a once in a lifetime opportunity to promote the uniqueness and the quality of our own local grown agricultural products. This is a once in a lifetime opportunity to showcase some of our excellence.

"One of those crops of excellence that I think we might be able to showcase as an example here. This is a 100% local-grown cacao. We have single-origin bars from the North Shore. But here I have something that's quite special. This was presented by President Bill Clinton. An exact duplicate of what was presented by President Bill Clinton to the Emperor of Japan. When the former, at the time President Bill Clinton gave this to the Emperor of Japan. This is an example of what's possible. This is in a *koa* wood box. Curley *koa*, and in it are chocolates that are made of *kiawe* honey, Hawaiian vanilla, Hawaiian apple banana, local Hawaiian pineapple, local Hawaiian *liliko'i*, local Hawaiian sea salt, local Hawaiian Ka'u orange, local Hawaiian macadamia nut, and of course local Hawaiian Kona coffee and including *matcha* green tea, some of the top green tea in the world. This is an example to me of what's possible. And I'm hoping that this translates to good business for Hawaii. Thank you."

Representative Awana rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker, I rise in strong support and ask that the words from the Representative of Liliha be entered into the Journal as if they were my own. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted and H.R. No. 263, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THAT THE ASIA-PACIFIC ECONOMIC COOPERATION HOST COMMITTEE SELECT PRODUCTS UNIQUE TO HAWAII THAT SHOWCASE HAWAII'S

EXCELLENCE IN AGRICULTURE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

H.C.R. No. 298, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THAT THE ASIA-PACIFIC ECONOMIC COOPERATION HOST COMMITTEE SELECT PRODUCTS UNIQUE TO HAWAII THAT SHOWCASE HAWAII'S EXCELLENCE IN AGRICULTURE," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused.

Representatives Awana and McKelvey, for the Committee on International Affairs and the Committee on Economic Revitalization & Business presented two reports:

(Stand. Com. Rep. No. 1728) recommending that H.R. No. 251, as amended in HD 1, be adopted; and

(Stand. Com. Rep. No. 1729) recommending that H.C.R. No. 284, as amended in HD 1, be adopted.

Representative B. Oshiro moved that the reports of the Committees be adopted, and that H.R. No. 251, HD 1; and H.C.R. No. 284, HD 1, be adopted, seconded by Representative Evans.

Representative Hashem rose to disclose a potential conflict of interest, stating:

"I have a potential conflict. My wife is from Peru," and the Chair ruled, "no conflict."

Representative Hashem rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Hashem's written remarks are as follows:

"Lima, Peru and Honolulu, Hawaii have strong ties rooted in cultures that respect and utilize the ocean. Just across the Pacific, Lima has a very strong surfing culture. A few of the top surfers in the world are Peruvian like Sofia Mulánovich Aljovín and Luis Miguel "Magoo" De La Rosa. Our own Hawaii Senator Fred Hemmings won the Peruvian International Surfing Championships in 1964. Lima even has beaches named after those found in Hawaii like Waikiki and Makaha. Truly Lima and Honolulu have a relationship that should be recognized and strengthened by these resolutions. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted and H.R. No. 251, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE GOVERNOR TO ESTABLISH A SISTER-STATE RELATIONSHIP THROUGH THE HAWAII SISTER-STATE COMMITTEE BETWEEN HAWAII AND THE PROVINCE OF LIMA, PERU," was adopted, with Representatives Chong, Herkes, Kawakami, McKelvey, Thielen and Tokioka being excused; and

At 12:56 o'clock p.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 923

SUSPENSION OF RULES

Representative B. Oshiro moved to suspend the rules for the purpose of reconsidering action previously taken in disagreeing to amendments made by the Senate to certain House Bills, seconded by Representative Evans.

Representative B. Oshiro rose to speak in support of the motion, stating:

"Mr. Speaker. I rise in support of the motion. Just very briefly, I would like to just provide clarification for those who haven't been here before. The purpose of this motion is to provide notice of our intent to move to agree, and later on pass on Final Reading the bills that will be listed in the next motion. So I highly recommend that Members look at their Yellow Action Sheets and note every single bill that I'm going to be reading, because that will come up on the next legislative day for substantive action. Thank you."

The motion was put to vote by the Chair and carried, and the rules were suspended for the purpose of reconsidering action previously taken in disagreeing to amendments made by the Senate to certain House Bills. (Representatives Chong, Har, Herkes, Kawakami, McKelvey, Nishimoto, Thielen and Tokioka were excused.)

H.B. No. 1640, HD 2, (SD 1)

Representative Ward rose to speak in support of the motion, stating:

"Mr. Speaker, I rise with support and with thanks given to the Majority Leader for doing the slowest pace that I've heard in the last four Sessions. Thank you."

The motion was put to vote by the Chair and carried, and the House reconsidered its action previously taken in disagreeing to the amendments made by the Senate, and gave notice of intent to agree to such amendments for the noted House Bills. (Representatives Chong, Har, Herkes, Kawakami, McKelvey, Nishimoto, Thielen and Tokioka were excused.)

ANNOUNCEMENTS

Representative Ching: "Thank you, Mr. Speaker. I wanted to announce that Kaiser Permanente right now has the Hawaii Community Health Needs Assessment Community Voices On Health until 1:30 in the

Auditorium. This is an exciting new concept of approaching health needs, looking at vitality in neighborhoods and making sure that our people have access to fresh fruits and vegetables, farmer's markets, etc. And I think this is something worthy of considering given our health care costs and our budget being unhealthy as it is. Thank you."

Representative Riviere: "Thank you. Thank you, Mr. Speaker. The Representative from Kailua is absent today. She asked me to convey this message. Today as you may know is Hemp Aloha Friday. I'm sporting one, and so is the Floor Leader over there. It's hemp fabric. It has longer fibers. It's more durable. It has more UV protection. It's a quality cloth that doesn't wear out.

"You all probably know that George Washington and Thomas Jefferson grew hemp. They promoted it. It was part of our national security for many years. It was grown in the United States as an important crop until the 1950s. There are products that can be made that are more durable, lighter, and more resistant. There's a product called hempcrete which is a nice, environmentally-friendly form of concrete.

"So I just wanted to say that it is a viable product. I don't think it should be scoffed at as many people do. It is a good product that we could grow in this State and we should. I just want to put that plug in for hemp. It's Aloha Hemp Friday. Thank you, very much."

INTRODUCTION OF RESOLUTIONS

The following resolution (H.C.R. No. 319) was announced by the Clerk and the following action taken:

H.C.R. No. 319, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE JAPANESE CONSUL GENERAL IN HONOLULU TO ADDRESS THE LEGISLATURE ASSEMBLED IN JOINT SESSION," was offered by Representative Say.

Representative B. Oshiro moved that H.C.R. No. 319 be adopted, seconded by Representative Evans.

Representative Ito rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ito's written remarks are as follows:

"Mr. Speaker, I rise in support of House Concurrent Resolution No. 319.

"Mr. Speaker, on March 11, 2011, a 9.0 magnitude earthquake struck the northeastern coast of Honshu Island, Japan, triggering tsunami waves that reached a height of sixty feet in some areas. The resulting devastation along the northeastern coastline impacted the lives of many throughout Japan, as well as here in Hawaii. The impact to Hawaii has been immeasurable both economically, as well as personally, as many Hawaii residents have friends and relatives living in the affected areas. Following the disaster in Japan, Hawaii's residents immediately began community-wide fundraising relief efforts. Other than what we hear on the radio or view on the television, we in Hawaii do not know the true extent of the devastation in Japan nor the actions taken by the government.

"Mr. Speaker, this House Concurrent Resolution invites the Japanese Consul General in Hawaii, the honorable Yoshihiko Kamo to address the State of Hawaii Legislature in a rare Joint Session. Through this Joint Session, Mr. Kamo will update the Legislature on the aftermath of the devastation and give insight to the present situation.

"Mr. Speaker, I ask all of my colleagues to support House Concurrent Resolution 319."

The motion was put to vote by the Chair and carried, and H.C.R. No. 319 was adopted, with Representatives Carroll and Thielen being excused.

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the rules were suspended for the purpose of reconsidering action previously taken in disagreeing to amendments made by the Senate to certain House Bills. (Representatives Carroll and Thielen were excused.)

RECONSIDERATION OF ACTION TAKEN

Representative B. Oshiro moved that the House reconsider its action previously taken in disagreeing to the amendments made by the Senate, and give notice of intent to agree to such amendments for the following House Bills, seconded by Representative Evans and carried: (Representatives Carroll and Thielen were excused.)

H.B. No. 122, HD 1, (SD 2)
H.B. No. 1069, HD 2, (SD 1)

ANNOUNCEMENTS

Representative Ward: "Mr. Speaker, just to announce that the Budget Summit is coming on Wednesday. That's this Wednesday at 10:00 in the Auditorium. It'll be a good chance to have the last licks at the budget, and

what are some of the revenue and some of the enhancements. The House Minority budget will be presented in addition to expert presentations on what the other states are doing in balancing their budget and how they're doing it. We have an expert coming in from Washington D.C. So that's the Budget Summit on Wednesday, 10:00 in the Capitol Auditorium. Thank you."

Representative M. Lee: "Mr. Speaker, I'd just like to remind the Members that tomorrow IHS will come to pick up the Easter baskets which are being collected. We have a lot of them in our office so if you haven't dropped off your Easter basket to my office, you can also bring it directly downstairs tomorrow at 2:00. Thank you, very much."

Representative Cabanilla: "Thank you, Mr. Speaker. I'd just like to make an announcement to our Members. I'm very happy about this since we are in discussion about mortgage refinancing and foreclosures. As of April 1st, the federal law has been enacted so there are no more origination fees. If you get a mortgage, or refinance a mortgage, the bulk of the closing costs are origination fees. So for those of you that want to refinance, there're no more origination fees. Thank you, Mr. Speaker."

Representative Brower: "Thank you, Mr. Speaker. It being Tax Day I would just like to let everyone know that according to the National Tax Foundation founded in 1937, Hawaii's Tax Freedom Day is April 6th. Tax Freedom Day is an estimate of how long Americans have to work into the year to pay their combined federal, state, and local tax bill.

"Hawaii's Tax Freedom Day falls 27 days before other states and it falls after 20 other states. Of the 20 states it falls after, 13 of those states come within four days of Hawaii's Tax Freedom Day. Thank you."

Representative Choy introduced students from Roosevelt High School and the University Laboratory School.

Representative Tokioka introduced his friend, Mr. Gerald Orozco, former Legislative Director for the Los Angeles City Council. He was accompanied by Mr. John Carlin.

At 11:47 o'clock a.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:16 o'clock p.m.

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Pine and carried, the rules were suspended for the purpose of considering certain House Bills for Final Reading by consent calendar. (Representatives Awana, Carroll, Chang, Cullen, Hashem, Herkes, Ichiyama, C. Lee, Souki and Wooley were excused.)

UNFINISHED BUSINESS

Representative B. Oshiro moved to agree to the amendments made by the Senate to the following House Bill, seconded by Representative Evans:

H.B. No. 1134, HD 1, (SD 2)

Representative Belatti rose to speak in opposition to the motion, stating:

"Thank you. I rise in opposition, but I'll reserve my comments for Final Reading."

The motion was put to vote by the Chair and carried, and the House agreed to the amendments made by the Senate to the noted House Bill, with Representative Belatti voting no, and with Representatives Carroll, Hashem and C. Lee being excused.

H.B. No. 1134, HD 1, SD 2:

Representative B. Oshiro moved that H.B. No. 1134, HD 1, SD 2, pass Final Reading, seconded by Representative Evans.

Representative Belatti rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to this motion on House Bill 1134, House Draft 1, Senate Draft 2. Thank you. First I'd like to start by clarifying what a no vote means at this point in the legislative process with regards to this bill. I think we all agree that the Prepaid Health Care Act is one of the landmark pieces of legislation that we hope to preserve.

"So a no vote now means simply that we are pushing this bill to Conference so that the troubling questions that had persisted with the movement of this bill can be answered more definitively, or a compromise effective date can be placed into this measure that preserves the Prepaid Health Care Act, but allows the industry to move forward with all the measures that they have to do to comply with regulations.

"I think this is the better, more cautious approach to take because I think back to comments like, 'measure twice, cut once.' I think this bill and the removal of the termination clause raises even more troubling questions that we can take a pause by enacting a compromise effective date. I believe that a no vote here will actually help improve this measure. For my conscience, for my constituents I don't want to let this bill move forward if it should in fact jeopardize prepaid health care in the State of Hawaii. Thank you, Mr. Speaker."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. My concerns to this measure go not only to the possibility of an ERISA preemption, but to a phrase in the purpose clause as well. The Hawaii Prepaid Law will be repealed, and I quote from the purpose clause. 'Upon the effective date of federal legislation that provides for voluntary prepaid health care for the people of Hawaii in a manner at least as favorable as the healthcare provided by this chapter, or upon the effective date of federal legislation that provides for the mandatory prepaid health care for the people of Hawaii.'

"I take issue with the ambiguous phrase, 'in a manner at least as favorable.' That is a condition, should Congress pass a law that provides for voluntary healthcare for Hawaii. What does at least as favorable mean? Access to healthcare, prescriptive medicines, external review committees. Or does it refer to the number of people covered. Perhaps a higher percentage than is covered by our present prepaid insurance. This may prove to be a contentious provision.

"Of course it is more likely that Congress will pass a Mandatory Health Insurance Act so this concern in that case will be moot. But because there are real unknowns, I would prefer that we go slow in this bill.

"I also note that there is a lot of favorable testimony from many important groups in the community, HMSA, Hawaii Association of Health Plans, ILWU, Chamber of Commerce of Hawaii, American Cancer Society, American Association of Retired Persons.

"However on February 23rd the AG opined that House Bill 1134 is preempted by ERISA, the Employee Retirement Income Security Act. There might have been a change since February, but I note that the Department of Commerce and Consumer Affairs defers to the Department of Labor and Industrial Relations. The Department of Labor testimony has been in support. However the Department concludes federal legislation appears eminent and such amendment may not possess the level of high quality healthcare currently enjoyed by Hawaii's citizens. The Department notes however the changes to the Prepaid Health Care Act are subject to preemption by the federal ERISA Healthcare Act.

"So for those reasons, I think we should step back and reassess the possible adverse ramifications of House Bill 1134. Thank you."

Representative Takai rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to this measure. I'd first like to incorporate the words of the previous two speakers as if they were my own. And I'd also like permission to insert additional written comments. Thank you, Mr. Speaker.

"You know, Mr. Speaker. I had made some statements yesterday and as a result of the statements, we received a couple of communications. One was from HMSA, and the other from the Hawaii Association of Health Plans. And let me be very clear, crystal clear, I personally support the Hawaii Prepaid Health Care Act. It's done us best for the last 30-plus years, and it will continue to do us best, better than, I argue. Better than the federal Healthcare Act that's coming into being hopefully January 1st,

2014. Okay so let's make that very clear. My no vote by no means suggests that I don't support the Hawaii Prepaid Health Care Act. In fact my note vote today shows that I totally support the Prepaid Health Care Act and I'm very concerned about the effective date.

"The effective date, upon approval, means that any time after the Governor signs it, we're basically up in the air. The feds can come down and rule against us immediately. All I suggested is we delay it. Now I've made the recommendation of delaying it one day prior to the effective date of the federal Act, December 31st, 2013. We have since learned from HMSA that that's not practical. I agree with that, but what's the harm with extending the effective date to June 30, 2012, one year. One additional year to work with the feds to make it crystal clear that our intentions as the State of Hawaii is to continue the Prepaid Health Care Act. What's the harm?

"From my perspective there is no harm so I don't understand why we're here on the Floor today rushing this piece of legislation at the request of HMSA and the Hawaii Association of Health Plans, because I do believe as lawmakers we need to be very clear as to what the effects this will have on probably the most or one of the most significant pieces of legislation that the Hawaii State Legislature has ever passed. Thank you, Mr. Speaker."

Subject: HB 1134 HD1, SD2 - Relating to Prepaid Health Care

April 18, 2011

TO Members of the Hawaii House of Representatives

FROM: Jennifer Diesman and Mark Oto

Re: **HB 1134 HD1, SD2 – Relating to Prepaid Health Care**

We write to provide information regarding HB 1134, HD1, SD2, which would repeal Section 393-5, Hawaii Revised Statutes, the sunset provision in the State's Prepaid Health Care Act (PHCA). This measure is needed now to communicate Hawaii's commitment to preserving the 35 year old PHCA.

We understand legal questions have been raised. And, as a result, it has been suggested that the effective date of the bill can be delayed until December 31, 2013, which is one day before the federal Affordable Care Act (ACA) must be fully implemented, on January 1, 2014.

As you know, the PHCA has delivered undeniable benefits to our islands: better overall health in Hawaii compared to the mainland, lower uninsured rates, remarkable access to care and generally smaller dues for health plans. The individual mandate in the ACA is unproven. It is because the PHCA is established and effective that it is imperative that Hawaii takes action now to preserve it, even as we move towards fully implementing the ACA in 2014. Taking action now signals to the federal government and Congress our clear intention to preserve the PHCA.

From an operational perspective, it's not possible to wait until 2013 for clarity on which direction the State will pursue --- the federal ACA or Hawaii's own PHCA. There is a cloud of uncertainty for health plans and employers who purchase health care coverage for their employees.

For example, the planning required of employers and health plans to

comply with both the PHCA and ACA as parallel, and sometimes conflicting, regulatory schemes takes a huge amount of effort. Having the sunset provision issue immediately addressed would reduce that uncertainty and make for a more successful implementation of the ACA, while ensuring the continued benefits of the PHCA.

We all are committed to the successful implementation of the ACA while preserving Hawaii's own, unique PHCA. We believe the passage and enactment of HB 1134, HD1, SD2 is an important step to that end.

Jennifer:

Thanks for your email. I, too, share your commitment to the implementation of the federal ACA and the continuation of Hawaii's PHCA.

My concern is that this bill may jeopardize Hawaii's PHCA and our ERISA exemption.

All I'm requesting is that we take this bill into conference and extend the effective date of the act to a later date, which will allow additional time to ensure that a bill like this will not eliminate PHCA upon the effective date of this act.

Maybe December 31, 2013 is too far away. However, what's wrong with June 30, 2012 or December 31, 2012 (it still gives us the 2012 session to fix something should be find a problem).

Does HMSA actually need more than two years to plan? And is there anything wrong with an effective date of June 30, 2012 or December 31, 2012?

Can you let us know about this before 11 a.m. on Tuesday.

By the way, passing a bill with a delayed effective date can still signal to the Feds that we intend to keep our PHCA.

Thanks, K. Mark Takai"

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise also in opposition. First, Mr. Speaker, I commend both sides of the aisle for the commitment that they have with this issue. A no is a no - not a yes with reservations. A sincerely-felt issue as some of us very sincerely will, and I will repeat. What is the hurry? What is the rush? And I hope someone from the other point of view will answer the question. Why now?

"Generally speaking, Mr. Speaker, we are told to be wary of rushing anything. When you buy a house and the salesman says, 'If you don't buy today it's going to be gone tomorrow.' Or the car salesman, 'If you don't buy today, it's going to be gone.' I think that makes us a little edgy and the methodology. Even though the House is accused of being the Body that is more adjusted and responds quickly to the people's needs. The Senate being the more deliberate. If it does get through the House, hopefully the Senate as a deliberating body will stop this in the tracks.

"Because we don't want to jeopardize what we have, therefore being premature, Mr. Speaker. And as Shakespeare said, 'Discretion is the better part of valor.' I think to be discrete is to contemplate this, weigh the options, and then act. Because there are two sides of this issue. They're too uncertain that if we do pass it and we make a mistake, there's going to be a lot of regret and a lot of mourn. Therefore, Mr. Speaker, I think this is premature and I vote no. Thank you."

Representative B. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. The reason I support this is I believe that we need to take affirmative steps to ensure that our Prepaid Health Care Act remains in place. And unfortunately, currently because of the uncertainty that exists on the federal level, we don't have that certainty. Therefore my understanding is the signals we received from the US Department of Health and Human Services is that we need to take affirmative action to demonstrate that we want our Prepaid Health Care Act to stay in place. That is the purpose and intent behind the passage of this bill. Because otherwise without this bill, at any moment our Prepaid Health Care Act could automatically sunset without any of our control or without us doing anything. That is something we want to avoid at all costs. And therefore that is the purpose of putting forward this bill.

"As to the question of whether we're rushing. I would say there's no rush. This is something that has moved through the legislative process. I do think there is a wide and varied amount of opinions as to what the practical effect of this will be and I think no one knows, and that is the unfortunate uncertainty that exists. Because, my understanding is the Department of Health and Human Services currently is in the process of issuing regulations. Some of these regulations are hundreds of pages, and that's just a single regulation because it comes with the regs, and it also comes with the opinions and interpretations thereby. When this is completed what will happen is there's going to be thousands of pages of regulations.

"Under the federal law, all you have is the 'skeleton.' The flesh is actually put on the bones through the regulation. The reason why we need to take action now is Hawaii stands sort of in limbo. We cannot demonstrate to the Department of Health and Human Services that we are committed to our Prepaid Health Care Act as long as this termination, this automatic sunset clause exists in our law. Because what they will tell us is, 'Why should we actually go through the process of evaluating our regulations against what you have passed to determine whether you will be in compliance or not. Whether you will actually be preempted or not, when at the end of the day, this could all just dissipate by any action of the Legislature.' And so what we need to do is affirmatively show we want to keep this in 'stone.'

"Now there is another question as to whether our action today could possibly preempt it. That's a whole other question. Again, I think that one remains uncertain. However I do take some comfort in two pieces of authority.

"The first one is found in the Republic of Iraq vs. Beatty 129 Supreme Court 2183 in 2009, where the Supreme Court of the United States held that a sunset clause is generally construed not to define substantive rights or powers, but instead merely to limit the time in which they may be exercised. So what this is saying under our US Supreme Court law of the land is generally sunset clauses, whether you leave them in place, whether you take them away, are procedural and not substantive in nature.

"The second reason I also believe that this actual action under the preemption question, whether we pass this is not that dangerous is because when you look at the legislative history of the Congress, and that is how preemption is determined. There is only one test under preemption under the Constitutionality of preemption and that is Congressional intent. When you look at what happened in 1974, a United States Supreme Court Case in 1981, Standard Oil Company vs. Agsalud 663 F.2d 670 where they actually held that our Prepaid Health Care Act was preempted by ERISA. It was later in that year that we finally got our exemption from ERISA and since 1974, things have remained okay.

"And so I think there's Congressional intent not only in the ERISA bill, but also in the ACA, the federal healthcare legislation that shows they want Hawaii's law to remain in place. And so I don't think that any preemption would suddenly throw out the baby with the bath water to entirely delete our exemption under ERISA just because we've taken this one step in affirmatively showing we want to keep our Prepaid Health Care Act.

"The third thing that I would say brings me comfort when it comes to this preemption doctrine."

Representative Manahan rose to yield his time, and the Chair "so ordered."

Representative B. Oshiro continued, stating:

"And I'm sorry, this is my last point. Preemption is a limited doctrine in application. What that means is if there is a preemption question, if there is a challenge that is brought, all that will happen is House Bill 1134 in its enacted form will be found invalidated. It won't actually throw out the entire Prepaid Health Care Act. That is not the way preemption works. That is never the way preemption has worked.

"And so because of those three things I really don't think we need to fear a loss of our ERISA exemption and instead what we need to do is take affirmative action to show we want our Prepaid Health Care Act to stay in place. Thank you."

Representative Takumi rose to speak in opposition to the measure, stating:

"Thank you very much, Mr. Speaker. In opposition. And actually I think the Majority Leader raised some very salient points and I'm not going to doubt those points. My colleague from Pearl City also raised some relevant points as well. The reason for my opposition is not because I don't think we ought to take affirmative action. I do believe we must do something. The question is, why do we have to something today? I don't know whether or not we should delay it a year, two years, six months, or a day.

"But I do know that given our legislative process, and we still have a few weeks, it seems to me that we can get a bit more clarity to kind of clear up some of the ambiguities that seem to exist among some of the Members because today is not the final day. We don't have to vote on this today, by the way, and we can get some clarity.

"Say for example, I think some colleagues would feel some assurances if they had a letter from Senator Inouye's office and if Senator Inouye said himself that we really need to take action. I believe, and my office believes in checking with the various federal agencies that are relevant to the issue, that a delay, or no delay, would be prudent. As of today, we do not have that kind of assurance. And again it's not as if it's the last day. If it were the last day, frankly I would vote yes. But since we still have time, I do not see what the rush is to pass out something today.

"My last point, to correct my good friend from Hawaii Kai and to correct historical inaccuracies. If you're going to quote Shakespeare, you know in *Henry IV*, Falstaff said, 'The better part of valor is discretion,' and not the opposite way around. Thank you, Mr. Speaker."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered." her

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition to HB 1134. Let me be clear - I strongly support the Hawaii Prepaid Health Care Act (PHCA). Changes to our State laws should be done carefully in a manner that is thorough and legally incontrovertible. I oppose HB 1134 because I am concerned that, in rushing this legislation through, we may potentially be

jeopardizing the existence of the PHCA and creating legal uncertainty for Hawaii's current healthcare laws.

"To date, the Legislature has not clearly and publicly addressed the potential adverse implications of this legislation. There is no public record explaining the reasons for the immediate repeal of Section V of PHCA when the Patient Protection and Affordable Care Act does not fully become effective until 2014. Additionally, the Legislature has not received a definitive explanation or guidance on this measure from our State's Attorney General. On February 23, 2011, the Attorney General stated his opposition in written testimony because it was not clear whether the repeal of Section V of the PHCA is a non-substantive amendment that is not preempted by ERISA. The Attorney General then switched his position a few weeks later. Unfortunately, at the time the House was asked to pass this measure, the Attorney General had not explained whether H.B. 1134 will or will not impact the PHCA and the preemption issue.

"I believe my colleagues and I may benefit from being prudent and waiting for clearer guidance before proceeding. The people of Hawaii enjoy quality healthcare and I want to be sure that they are able to keep it. The state of our healthcare system is important to all of us. Consequently, our constituents deserve certainty that we are preserving that system, not jeopardizing it."

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. May I have a ruling on a potential conflict? And I apologize for not doing this earlier, but I broker health insurance. Thank you, very much," and the Chair ruled, "no conflict."

Representative Saiki rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition, with written comments. The gist of my comments is the lack of due diligence on the part of the Legislature in passing legislation that could have very sweeping ramifications. I also note that the Attorney General switched his position within a matter of three weeks. First on February 23rd, 2011, he testified in opposition to this measure. Three weeks later he changed his testimony basically by changing one word from saying, that the Attorney General is opposed, to saying that the Attorney General is not opposed to this bill. That testimony was submitted on April 4th, 2011. Thank you, very much."

Representative Saiki's written remarks are as follows:

"I submit these written comments in opposition to H.B. 1134 because there is no need to rush this legislation. By doing so, this Body is jeopardizing the continued existence of the Prepaid Health Care Act (PHCA). There are at least two reasons that the actions of this Body are premature.

"First, this Body has not clearly and publicly addressed the potential implications of this legislation. There is no public record (e.g., committee reports, testimony) that explain the reasons that Section V of the PHCA must be immediately repealed when the Patient Protection and Affordable Care Act (PPACA) does not become fully effective until 2014. It is also unclear whether the PPACA meets the requisite elements of H.R.S. § 393-51, i.e., whether the PPACA constitutes "federal legislation that provides for voluntary prepaid health care for the people of Hawaii in a manner at least as favorable as the health care provided by this chapter". It is not sufficient to point to anecdotal statements from unidentified sources that support this legislation. In the event of litigation, there should be a written record that clearly evinces the basis and justification for this legislation.

"In this respect, the second reason this legislation is premature is because the Attorney General has not provided definitive guidance on this matter. On February 23, 2011, the Attorney General stated his opposition in written testimony because it was not clear whether the repeal of §393-51 is a non-substantive amendment that is not preempted by ERISA. Only amendments that provide for the "effective administration" of the PHCA are preempted.

"However, three weeks later, on April 4, 2011, the Attorney General switched his position. In new testimony, he wrote that he is "not opposed" to this legislation. Curiously, the only difference between the February 23 and April 4 testimonies is the addition of "not" before the word "opposed." (The April 4 testimony also added a non-substantive paragraph at its conclusion.) In short, the Attorney General has not explained whether H.B. 1134 will or will not impact the PHCA and the preemption issue.

"The rushed nature of this legislation has drawn the attention of the media subsequent to the final reading vote. Attached is the transcript of the article that appeared in *Civil Beat* on April 21, 2011. The article highlights some of the additional internal questions surrounding this bill.

"Thank you, very much."

"House Clashes Over Saving Hawaii Health-Care Law

By Chad Blair 04/20/2011

The state House passed a bill Tuesday designed to keep the landmark Hawaii Prepaid Health Care Act intact in light of recent federal legislation.

But 14 House members — six Democrats and all eight Republicans — voted against House Bill 1134, in spite of their commitment to the 1974 act.

The disagreement over the bill centers in part on perceptions of political maneuvering. There is also concern that HB 1134 might actually end up hurting Hawaii's health law, the first in the nation to set minimum standards of health-care benefits for workers.

But a key supporter of the bill defends the process the bill went through and says it is legally sound.

HB 1134 now heads to the desk of Gov. Neil Abercrombie for his consideration.

What HB 1134 Does

When the Hawaii act was enacted some 35 years ago, the Legislature anticipated that a similar health-care law might be enacted at the federal level. In that event, a termination clause was built into the Hawaii act.

In 1993, the Clinton administration pushed federal health-care reform, ultimately unsuccessfully. But, hedging its bets, Hawaii's Legislature enacted Act 99 in 1994, which repeals the Hawaii act's termination clause upon the passage of a federal health-care law.

In 2010, President Obama signed into law the federal Patient Protection and Affordable Care Act. At the behest of Hawaii's congressional delegation, the federal act carves out an exemption so that Hawaii's act can continue.

But the federal legislation has never been popular, and Republicans have been talking about repealing or dramatically amending it ever since. Those efforts gained urgency with the fall of the U.S. House to the GOP, thanks in part to Tea Party voters.

In response, HB 1134, introduced by House Majority Leader Blake Oshiro, calls for eliminating both the original termination clause and the Act 99 termination clause.

HMSA's Involvement

Prior to Tuesday's floor vote, no Democrats had voted against the measure.

But, on Tuesday several argued in caucus prior to the vote and later on the House floor that they now had concerns about the bill that they wanted to work out in conference committee.

What upsets some House members who ultimately voted against HB 1134 is the role of the Hawaii Medical Service Association.

HMSA testified in support of the bill, as did the Department of Labor and Industrial Relations, the Hawaii Association of Health Plans, the American Cancer Society and AARP Hawaii.

In testimony dated March 22, Jennifer Diesman, HMSA's vice president for government relations, wrote, "The provisions of HB 1134 HDI offer a simple, single step to maintain the premium health care that the majority of people in Hawaii already enjoy."

Diesman argued the same point in two other pieces of written testimony.

The problem, say several lawmakers, is that HMSA sent an email to all House members on Monday — the day the House voted to defer voting on the measure for 24 hours — warning against amending HB 1134 to delay implementation of the bill until Dec. 31, 2013 — the day before the federal act must be fully implemented.

"From an operational perspective, it's not possible to wait until 2013 for clarity on which direction the State will pursue — the federal (health-care act or ACA) or Hawaii's own (health-care act, PHCA)," wrote Diesman. "There is a cloud of uncertainty for health plans and employers who purchase health care coverage for their employees. ... Having the sunset provision issue immediately addressed would reduce that uncertainty and make for a more successful implementation of the ACA, while ensuring the continued benefits of the PHCA."

Democrat Rep. Della Au Bellati, who voted against HB 1134, told Civil Beat she doesn't understand how HMSA — "the largest insurer in the state" — got wind that the bill might be amended.

"(Diesman) could not have had access to that information unless she was privy," she said. "She was in effect lobbying us when this all should have been done internally."

Democrat Rep. Mark Takai, who also voted against HB 1134, wrote Diesman back on Tuesday saying that he wanted to preserve the Hawaii act.

"My concern is that this bill may jeopardize Hawaii's PHCA and our ERISA (Employee Retirement Income Security Act) exemption," he wrote. "All I'm requesting is that we take this bill into conference and extend the effective date of the act to a later date, which will allow additional time to ensure that a bill like this will not eliminate PHCA upon the effective date of this act."

Takai added, "Does HMSA actually need more than two years to plan? And is there anything wrong with an effective date of June 30, 2012 or December 31, 2012?"

(Takai's email was cc'd to all House members as well as Democratic Sens. Josh Green, chairman of Senate Health, and Roz Baker, a committee member.)

Asked about her email and the possibility that the bill might have been amended, Diesman chose to reiterate HMSA's support for the legislation.

"We think it is a good bill," she said. "We think preserving the Prepaid Health Care Act is a good thing for the people of Hawaii, and until we know what happens with the federal law, we want to make sure we preserve what's good with our system and ultimately take what's good about the federal system and apply to it to Hawaii's."

Democrat Rep. Ryan Yamane, chairman of House Health, also said he was not surprised that HMSA responded quickly once the vote on HB 1134 was deferred Monday. That's what lobbyists do, he said.

"They are in this building a lot — they have a lot of bills they are following, so for them to get involved, well — that's for them to say," he explained.

The AG's Concerns

The Hawaii Chamber of Commerce, meanwhile, took no position in its testimony on HB 1134 but advised that HB 1134 would not have any legal effect "based on the narrow exception" that ERISA granted to Hawaii's law.

ERISA supersedes state laws related to employee benefits.

"The Chamber believes the people of Hawaii need time to understand the benefits" of the federal health-care act "before determining which model will hold down costs," the chamber said in its testimony.

But, the Attorney General's Office on Feb. 23 submitted testimony in opposition to HB 1134 precisely because ERISA "likely" preempts it — in spite of the "narrow exemption" for Hawaii.

Louie and Deputy Attorney General Gary Ige wrote, "Any substantive amendment to the PHCA would go beyond the allowable exemption of amendments only for the "effective administration" of the PHCA and would, therefore, be subject to preemption."

Rep. Belatti says House leadership informed members in the caucus before the floor vote that there was now a legal opinion in support of the bill having an effective date, and that the opinions were from the law firm of Alston Hunt Floyd and Ing.

"But that legal opinion was never part of the official committee hearing testimony," said Belatti.

One House Democrat who voted against HB 1134 said members were told that the attorney general later reversed his opinion on the bill.

But that second opinion was not among the bill's written testimony as of Wednesday afternoon, a day after the floor vote.

A spokesman for the attorney general sent Civil Beat separate testimony from Deputy AG Ige.

The first, dated March 2, clarifies the AG's position, stating that the office is "not opposed" to the intent of HB 1134 but that it "continues to have legal concerns" how a repeal of the Hawaii act could be preempted by ERISA. Ige also writes, "However, since there is no case on point, should the repeal be challenge on preemption grounds, the outcome cannot be predicted with certainty."

The last paragraph of Ige's testimony states that, even if a court rules that ERISA preempts HB 1134, "such a ruling would not affect the Hawaii Prepaid Health Care Act as it exists today..."

Testimony from Ige dated April 6 to state senators says much the same.

Rep. Yamane said he has no problem with the AG's office at first opposing a bill and then later modifying its position.

"We were advised that this measure was good to go, that it was clean," said Yamane. "It also passed 25-0 in the Senate and has gone through several committees in both chambers. For someone to suggest that the bill was somehow sprung on them, well, that surprises me."

Congressional Involvement

Belatti also said House leadership informed members that Hawaii's congressional delegation "was working on this, but it is unclear who in the delegation was pushing this — we have not had any communication in writing."

But Yamane said that he understands that the delegation is involved with integrating the state and federal legislation, and that the point person for that is Rep. Oshiro.

Civil Beat left a message with the Oshiro's office. Oshiro is an attorney with Alston Hunt, an influential local law firm whose clients include HMSA and other businesses in the health-care industry.

Late Wednesday the House Minority Caucus released a statement critical of the passage of HB 1134.

House Republican Leader Gene Ward said in the release, "This bill, passed by the House yesterday, will jeopardize the superior Hawaii healthcare by repealing a portion of the 1973 law, subjecting Hawaii's program to a potential legal challenge."

"The Attorney General also continues to have doubts about this bill," Rep. Cynthia Thielen said in the statement.

Rep. Barbara Marumoto told Civil Beat that, while the Department of Labor and Industrial Relations supports the bill, it also said passage of HB 1134 could "trigger" ERISA.

"They said that, and the (Department of Commerce and Consumer Affairs) did not say diddly-poop — he just deferred to Department of Labor," she said. "And the AG's testimony the first time said the bill was dangerous. The next time they came in, (Democratic Rep.) Scott Saiki pointed out that their testimony was exactly the same but instead of saying the AG was opposed they just changed one word to say they are not opposed."

Marumoto continued: "So, we are saying we don't want to kill the bill, but that we should all just take a deep breath, assess the situation, talk to some legal beagles. Why take a chance with our Prepaid Health Care Law?"

Honolulu Civil Beat"

Representative Yamane rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm standing in support. May I have the words of the Representative from Aiea inserted as my own? I do just want to clarify to the Members that this has been an ongoing issue since the passage of the federal Healthcare Reform Act. This has been an ongoing thing for the last 18 months in which we've been working with local and federal counterparts to get some discussion going as to how to trigger the discussion about Hawaii's Prepaid Health Care Act, Mr. Speaker. So this has not been done just for the last three months, but over a year and a half. Thank you."

Representative Ching rose in opposition to the measure and asked that the remarks of Representative Takai be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Nishimoto rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose and stated:

"Mr. Speaker. Yes, just a comment and suggestion. Regarding what the Majority Leader said. Those were very salient points, but when you mention the notion of affirmation and intention, Mr. Speaker, this sounds like a reso to me. We don't need a bill if we want to just say what we affirm and what our intent is. A reso, as well as what the Representative who mentioned a letter from our Congressional delegation should do the trick. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 1134, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO PREPAID HEALTH CARE," passed Final Reading by a vote of 35 ayes to 14 noes, with Representatives Belatti, Ching, Fontaine, Hanohano, Johanson, Marumoto, Nishimoto, Pine, Riviere, Saiki, Takai, Takumi, Thielen and Ward voting no, and with Representatives Carroll and C. Lee being excused.

At 12:37 o'clock p.m., the Chair noted that the following bill passed Final Reading:

H.B. No. 1134, HD 1, SD 2

ANNOUNCEMENTS

Representative Ward: "Mr. Speaker. Just another announcement that I made yesterday that tomorrow at 10:00, the Budget Summit will be at the Auditorium. It's a chance for all those who've seen what the Minority Caucus has put online at Hawaii State Budget Online. It's a chance to either throw flowers or tomatoes, but to really know how we can balance the budget without raising the GE Tax. Thank you."

INTRODUCTIONS

The following introductions were made to the Members of the House:

Representative Awana welcomed the participants at the Habitat for Humanity's Hammer it Home event at the Capitol, and recognized the members of the Habitat for Humanity's Leeward Affiliate Board:

Ms. Jo Bautista, Mr. Lautoa 'Jr.' Atisanoe, Mr. Rodney Villanueva, Mr. Kealoha Ariellano; and Executive Director, Ms. Trinda Sanchez.

Representative Cabanilla introduced Ms. Cathy Hasegawa of Habitat for Humanity's Honolulu Affiliate Board.

Representative Ito, on behalf of Representatives Wooley, Chong and himself, introduced Mr. Rocky and Mrs. Jerry Kaluhiwa of the Koolaupoko Hawaiian Civic Club.

Representative Ward welcomed Mr. Jonathan Williams, Director of the Tax and Fiscal Policy Task Force of the American Legislative Exchange Council. He was accompanied by Mr. Andy Mertz and Mr. Dick Rowland of the Grassroots Institute in Hawaii.

Representative Jordan introduced the students of Waianae High School, Don Potgis, Tristan Kim, Leland Arcangel, Betty Mafi, Kira Goto, Whitney Nansen, Maia Stovall, Scott Brooks, Shelly Sisneros, Bev Willis and Robert Ford; and their teachers, Ms. Nicole Sarrazin and Ms. Christina Henning;

Representative Thielen introduced the students of the Hawaiian Mission Academy in Kailua and their Principal, Mr. Lane.

Representative Thielen rose, stating:

"Thank you, very much. I will defer to Chair Ito and I probably will want to second his comments. So if I may defer to him please, and then if I may speak after."

Representative Ito rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ito's written remarks are as follows:

"Mr. Speaker, I rise in support of HB389, HD3, SD2.

"Mr. Speaker, this measure will establish the "He'eia Community Development District", comprising of approximately four hundred five acres. Presently, this area is under the jurisdiction of the Hawaii Community Development Authority (HCDA). The Authority will serve as the local development authority of the district to facilitate culturally appropriate agriculture, education, and natural-resource restoration and management of the He'eia wetlands, in alignment with the Honolulu Board of Water Supply's most current "Koolaupoko Watershed Management Plan" and the City and County of Honolulu's most current "Koolaupoko Sustainable Communities Plan". In the past, water from Ha'ikū and 'Ioleka'a Valleys flowed into the 'ili known as Hoi, presently known as the "He'eia Wetlands", where wetland kalo was traditionally grown. Since the mid-1800s this area has been subjected to various land uses, creating intense erosion, flooding, and runoff during heavy rains, which have degraded the health and productivity of He'eia fishpond and Kāne'ohe bay. Today, the mangrove and hau trees that were planted upstream to control erosion are choking the stream and have reduced wetland habitat for native species.

"Mr. Speaker, the communities in and around the ahupua'a of He'eia have long advocated for retention of the He'eia wetlands for open space, conservation, and eventually a return to the productive agricultural use that once thrived there. Over the past half-century, there have been various attempts by landowners and others to develop these lands for purposes other than farming and conservation, and they have all been met with strong community opposition from the people of He'eia, Kāne'ohe, and Kahalu'u. Among the strongest advocates for preservation of these lands were Rocky and Jerry Kaluhiwa, from among the kupa'aina (grassroots) families, whose roots go back many generations of farming and fishing in the area. One day, Jonathan Kanekoa "Koa" Kukea-Shultz of the Nature Conservancy presented his proposal to Jerry and Rocky to develop a project that could restore the agricultural activity, incorporate cultural and educational programs, provide economic opportunities, and revitalize the communities that would re-connect with the area. It was an opportunity to bring back to productivity the rich lands that once were filled with kalo fields in ancient times. Meeting with Jerry and Rocky Kaluhiwa, Mahealani Cypher, Alice Hewett and others, a kupuna council was formed to help guide development of the plan for the wetlands, an 'ili known in ancient times as Hoi. Also brought into the kupuna council were Clifford Naea Kanae and other kupa'aina families closely connected to these lands. All of these participants represented active native Hawaiian community organizations, the Ko'olaupoko Hawaiian Civic Club and the Ko'olau Foundation.

"Mr. Speaker, eventually, talks began with Mr. Tony Ching and the Hawai'i Community Development Authority. Mr. Ching readily saw the potential value of allowing a culturally-sensitive agricultural restoration of the land, and awarded a temporary consent of entry to the Ko'olaupoko Hawaiian Civic Club to allow a demonstration taro field to be established. This was done on the mauka portion of the property, just makai of Kahekili Highway. Acknowledging that a federally recognized non-profit was needed to pursue development of the plan, Kako'o 'Oiwī was tapped to assist with this kuleana. During the first planting period, the newly reorganized board of Kako'o 'Oiwī elected Jerry Kaluhiwa as its President, Mahealani Cypher as its Vice-President, and Alice Hewett as its Treasurer. Serving as Directors are Rocky Kaluhiwa, Christina Lucas, Jonathan Osorio, and David Henkin. Jonathan Kukea-Shultz was to serve as the executive director of the project they were developing for the wetlands, to

ORDER OF THE DAY

REPORTS OF STANDING COMMITTEES

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1741), recommending that S.C.R. No. 134, SD 1, be referred to the Committee on Finance.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 134, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE CONVENING OF A WORKING GROUP TO INVESTIGATE THE CREATION OF A LOCALLY-FOCUSED, HAWAII-BASED STOCK EXCHANGE," was referred to the Committee on Finance, with Representatives Carroll, Ching and Tsuji being excused.

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Pine and carried, the rules were suspended for the purpose of considering certain House Bills for Final Reading by consent calendar. (Representatives Carroll, Ching and Tsuji were excused.)

FINAL READING

Representative B. Oshiro moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Evans and carried: (Representatives Carroll, Ching and Tsuji were excused.)

H.B. No. 389, HD 3, (SD 2)
H.B. No. 1004, HD 1, (SD 1)

H.B. No. 389, HD 3, SD 2:

Representative B. Oshiro moved that H.B. No. 389, HD 3, SD 2, pass Final Reading, seconded by Representative Evans.

be known as "Mahuahua Ai O Hoi" (the land of hoi flourishes and provides food).

"Over the past several years, the group has worked tirelessly to develop a comprehensive short- and long-term plan for re-establishment of the kalo fields at He'eia wetlands. In 2010 the HCDA awarded a 38-year lease to Kako'o `Oiwī to allow development of an agricultural farm at Hoi. The group has received grants and worked collaboratively with government and private entities to develop formal plans and undertake research and other activities necessary to move forward on a large-scale clearing and planting of taro and other food products in the area. Kako'o `Oiwī has pursued and received numerous grants, and continues to seek additional financial support to satisfy all permitting requirements and implement a master plan, now approaching the final stages of preparation.

"The major partners in the project today are Kako'o `Oiwī, the Hawai'i Community Development Authority, the Ko'olaupoko Hawaiian Civic Club, Ko'olau Foundation, and the Nature Conservancy.

"Mr. Speaker, for these reasons I ask my colleagues to please support HB389, HD3, SD2."

Representative Thielen rose to speak in support of the measure, stating:

"Thank you. Thank you, Chair Ito. Mr. Speaker, I'm rising in support of this measure. The measure establishes the Heeiea Community Development District, and it will establish policies to guide the development of this community development district.

"By doing this it will allow the community development district to be locally managed, and to be able to have appropriate agricultural, education, and natural resource restoration and management of the Heeiea Wetlands. It's a good way to treat this land. And it's a good way to bring the community members into the area and into the management of this area. So I encourage all Members to vote for this measure. Thank you."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support and permission to insert written comments into the Journal. Thank you."

Representative Chong's written remarks are as follows:

"Mr. Speaker, I stand in strong support. This bill will allow the community to move forward on this important project for the Windward side. Mahalo."

Representative Wooley rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, and I'd like to adopt the words and written comments of the Representative from Kaneohe."

Representative C. Lee rose to speak in support of the measure, stating:

"Thank you. In strong support."

Representative Har rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I would just like the words of all the previous speakers, written and verbal, entered in the Journal as if they were my own. And although I'm a Maui 'bruddah,' I think what's great about this bill here is it offers a model for other islands in helping to preserve and protect our cultural wetlands and to reinvigorate. Thank you, very much."

The motion was put to vote by the Chair and carried, and H.B. No. 389, HD 3, SD 2, entitled: "A BILL FOR AN ACT RELATING TO LAND

USE," passed Final Reading by a vote of 48 ayes, with Representatives Carroll, Ching and Tsuji being excused.

H.B. No. 1004, HD 1, SD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, H.B. No. 1004, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO CHAPTER 480, HAWAII REVISED STATUTES," passed Final Reading by a vote of 48 ayes, with Representatives Carroll, Ching and Tsuji being excused.

At 11:52 o'clock a.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 389, HD 3, SD 2

H.B. No. 1004, HD 1, SD 1

ANNOUNCEMENTS

Representative M. Lee: "Mr. Speaker, I do have an announcement. On behalf of the Women's Caucus I'd just like to thank all the Members for their donations to our Easter Basket project. I would especially like to thank the Easter Bunny who hopped over to help and jumped up on the truck to load the truck. It was very, very thoughtful. So thank you all. And for those who are listening in, thank you as well. Thank you."

Representative Tokioka, for the Committee on Legislative Management requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing S.C.R. No. 127, SD 1, on Wednesday, April 20, today, at 2:00 p.m. in Conference Room 423, and the Chair "so ordered."

Representative C. Lee: "Thank you. I'd just like to thank the Women's Caucus for the opportunity to present the Easter Baskets yesterday. Often their work goes unreported and unnoticed, and they deserve far more recognition than they tend to get. And thank you to the Representative from Mililani."

Representative Riviere introduced his friends from Los Angeles, Mr. Manny and Mrs. Irma Acosta; and their children, Ms. Brooke Acosta and Mr. Carson Acosta.

ORDER OF THE DAY

REPORTS OF STANDING COMMITTEES

Representative Cabanilla, for the Committee on Housing presented a report (Stand. Com. Rep. No. 1742) recommending that S.C.R. No. 44, SD 1, as amended in HD 1, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.C.R. No. 44, SD 1, HD 1, be adopted, seconded by Representative Evans.

Representative Cabanilla rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cabanilla's written remarks are as follows:

"Mr. Speaker, I am in strong support of this resolution. Since we passed Act 212 into law last year, the State is now in receipt of \$7 million in federal funds. I would like to thank this Body for passing the bill, which was a hard sell at the time. Housing First programs have been shown nationwide to dramatically reduce governmental spending on homelessness. By first providing housing for the chronically homeless, many exorbitant costs, such as emergency room visit, unnecessary jail stays, child protective service visits and on-going shelter costs can be avoided.

"Mr. Speaker, Housing First will save the State money by first handling the most basic need, which will ameliorate unnecessary additional costs. Also, it will get the chronically homeless off of Downtown sidewalks, which will improve the health, safety and the appearance of our city.

"Mr. Speaker, colleagues, please support this resolution."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 44, SD 1, HD 1, entitled: "SENATE CONCURRENT RESOLUTION ENCOURAGING FURTHER IMPLEMENTATION OF HOUSING FIRST PROGRAMS AND SERVICES TO COMBAT CHRONIC HOMELESSNESS," was adopted, with Representatives Jordan, and M. Oshiro being excused.

REPORTS OF CONFERENCE COMMITTEES

Representatives Souki, Herkes and M. Oshiro, for the Committee on Conference on the disagreeing vote of the Senate to the amendments proposed by the House in S.B. No. 98, SD 2, HD 1, presented a report (Conf. Com. Rep. No. 1) recommending that S.B. No. 98, SD 2, HD 1, as amended in CD 1, pass Final Reading.

In accordance with Article III, Section 15, of the Constitution of the State of Hawaii, action on Conf. Com. Rep. No. 1 and S.B. No. 98, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO WATER CARRIERS," was deferred for a period of 48 hours.

SUSPENSION OF RULES

At this time, the Chair stated:

"Members, the Chair at this time has discharged House Conferees previously appointed to House Bill No. 49, House Draft 1, Senate Draft 1; House Bill No. 397, House Draft 2, Senate Draft 2; and House Bill No. 915, House Draft 2, Senate Draft 2. So the Chair has discharged the House Conferees on the respective House Bills that I've just stated for you."

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the rules were suspended for the purpose of reconsidering action previously taken in disagreeing to amendments made by the Senate to certain House Bills. (Representatives Jordan and M. Oshiro were excused.)

RECONSIDERATION OF ACTION TAKEN

Representative B. Oshiro moved that the House reconsider its action previously taken in disagreeing to the amendments made by the Senate, and give notice of intent to agree to such amendments for the following House Bills, seconded by Representative Evans and carried: (Representatives Jordan and M. Oshiro were excused.)

H.B. No. 49, HD 1, (SD 1)
H.B. No. 320, HD 2, (SD 1)
H.B. No. 397, HD 2, (SD 2)
H.B. No. 915, HD 2, (SD 2)
H.B. No. 1093, HD 1, (SD 2)

INTRODUCTIONS

The following introduction was made to the Members of the House:

Representative Kawakami introduced his friend, Aunty Janice Bond of Kauai.

At 11:41 o'clock a.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:58 o'clock a.m. with Vice Speaker Manahan presiding.

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Pine and carried, the rules were suspended for the purpose of considering certain Senate and House Bills for Final Reading by consent calendar. (Representatives Cabanilla, Carroll, Ching, Chong and M. Oshiro were excused.)

UNFINISHED BUSINESS

Conf. Com. Rep. No. 1 and S.B. No. 98, SD 2, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 98, SD 2, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition, with strong reservations in my opposition. This bill is for the doubters. This bill is for those who hear when people say, 'You know Hawaii's really anti-business.' And they say, 'You know, that's just somebody making noise. It can't be true.' This is a bill for those people who doubt that we are not open for business. That we're not open for competition. We're not open for believing that when as a member of the Broadband Task Force, Google was going to lay a cable between the mainland and Asia and they bypassed us because they said that we're anti-business, too regulated.

"And here we have for sea carriers, for ocean-going vessels, a very difficult proposition. And in the words, Mr. Speaker, of our former colleague from Kauai, who's now Chair of the PUC Commission, saying as follows: This bill would make it extremely difficult, if not impossible, repeat, if not impossible. Those are my words. Repeat, if not impossible, for companies to gain entry into the water carrier business in Hawaii.

"Mr. Speaker, we love Matson. We love Pasha. We love all these people, but do we want to lock them in forever and ever? Isn't there a way of not making it almost not impossible? Mr. Speaker, we need investment to create jobs. Investment is based upon perceptions of economic climates.

If our economic climate is diminished by this, we are cutting our nose to spite our face. We have to become more business friendly. We have to be open for business.

"For those who doubt what the impact of this will be, it's just piling on top of what otherwise is a, 'we are not open for business' image and this is not good policy for the State of Hawaii. Thank you, Mr. Speaker."

Representative Evans rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. I just want to comment on the previous speaker's comments. I believe that we are an island state and water carriers serve such a purpose. It's like having our highway in the water, and we've got to move the goods around.

"And I believe the intent of this legislation is a really good intent which is to make sure that when someone does come into the State and they want to compete, that they actually compete for the whole State in terms of how we move in the water. That in fact they just don't come in and pick one route and that route might be the only high-profit route that we have in the State.

"So I think that it tries to make sure, since our regulations weren't really clear at this time. It was open for a lot of interpretation. This brings an awful lot of clarity and if anybody wants a stake in the business, the rules and regulations will be there, and they can come in and they can still compete. Thank you, Mr. Speaker."

Representative Souki rose to speak in support of the measure, stating:

"Thank you, very much. I wish to speak in favor of this measure. Yes, Members, in speaking of competition, I believe that the PUC erred in coming up with the decision to allow Pasha to have an ability to go with the intrastate route which the PUC had previously given to Young Brothers with some caveats. The caveats were that they needed to serve all of the islands. The smaller islands, as well as the major islands.

"Now when the PUC allowed Pasha to come in, and they allowed Pasha because of its size. But they allowed them to cherry pick and to only go to the major islands, and at the same time they did not release Young Brothers of the agreement that they had that they serve all of the islands.

"Now if we're talking about pure competition, then you would apply both with the same terms. But to continue to have Young Brothers serving all the islands, and to have Pasha serving only the major islands, that is not competition. That is in fact favoritism, and this bill is trying to provide fairness so that whatever decision is made, it is made in a fair manner. There should be transparency, more public hearings, and I would think this bill is all about competition, and not non-competition. Thank you, very much."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"I will vote for this bill with reservations. I do feel it does restrict and hamper competition. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, just a brief retort to my learned colleagues from the Neighbor Islands. I think their points are well taken, however as our learned Majority Leader says, if you read the bill and read what the PUC said about the ruling of Pasha and the Neighbor Islands, it said if there is damage, they're going to pull back that Pasha permit. So the existing PUC regulations have taken care of that unequal playing field. That's number one.

"Number two. This bill says, 'the Commission shall not issue a certificate if the evidence indicates that the existing water carrier's ability to realize its allowed rate of return will be diminished.' Which is saying, if you're a monopoly and you're going to lose any money in what you're used to making at a fixed rate, nobody can come in. I mean, what a deal. If anybody comes and diminishes your profit, they're out of here.

"Mr. Speaker, there's a better way of writing these regulations. There's better ways of opening the State for commerce. We've got to help our farmers on the Neighbor Islands. We've got to do a better job of getting between us without a SuperFerry because this is kind of a reaction to what the SuperFerry did. There's a better way of doing business. Hawaii needs that diversification of transportation and I don't think this is the bill that gets us there. Thank you."

Representative Pine rose in support of the measure with reservations and asked that the remarks of Representative Ward be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 98, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO WATER CARRIERS," passed Final Reading by a vote of 46 ayes to 2 noes, with Representatives Belatti and Ward voting no, and with Representatives Cabanilla, Carroll and M. Oshiro being excused.

At 12:06 o'clock p.m., the Chair noted that the following bill passed Final Reading:

S.B. No. 98, SD 2, HD 1, CD 1

REPORTS OF STANDING COMMITTEES

Representative Coffman, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1743), recommending that S.C.R. No. 85, SD 1, be referred to the Committee on Finance.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 85, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO CONDUCT AN AUDIT RELATING TO GEOTHERMAL RESOURCES," was referred to the Committee on Finance, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

Representative Mizuno, for the Committee on Human Services presented a report (Stand. Com. Rep. No. 1744) recommending that S.C.R. No. 53, SD 1, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.C.R. No. 53, SD 1, be adopted, seconded by Representative Evans.

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on a potential conflict? At my law firm they are representing some of the plaintiffs in the lawsuit against the State for the Compact and the services provided thereby, but I'm not working on the case. Thank you," and the Chair ruled, "no conflict."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support. May I make one brief comment? Mr. Speaker, I was a United Nations advisor in Micronesia. I know the enterprising nature of the Micronesian people and the debt of gratitude that we owe them for having used their good land for bombing practice, atomic weapons, and nuclear explosions.

"The Compact of Free Association has given us an obligation to have open borders for them, but within the last few years I think we've gone overboard in what is allowable so we have to pass this. We have to have the federal government who promised Guam, California, and Hawaii they would reimburse us. But the problem is they capped it, and now hopefully

this will take that cap off and make it fair and equitable. But it's a great people who need help. It's a great emerging nation, but it's one whose health system needs a lot to be desired. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 53, SD 1, entitled: "SENATE CONCURRENT RESOLUTION STRONGLY URGING THE UNITED STATES DEPARTMENT OF THE INTERIOR AND THE UNITED STATES CONGRESS TO PROVIDE ADDITIONAL FEDERAL AID TO THE STATE OF HAWAII FOR THE PROVISION OF VARIOUS STATE SERVICES TO MIGRANTS FROM THE COMPACT OF FREE ASSOCIATION NATIONS; DEEM MIGRANTS ELIGIBLE TO RECEIVE FEDERALLY FUNDED FINANCIAL AND MEDICAL ASSISTANCE; AND PROVIDE DIALYSIS AND CHEMOTHERAPY CENTERS IN MICRONESIA AND ALL AREAS WITHIN THE COMPACT OF FREE ASSOCIATION NATIONS," was adopted, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

Representative Yamashita, for the Committee on Legislative Management presented a report (Stand. Com. Rep. No. 1745) recommending that S.C.R. No. 127, SD 1, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.C.R. No. 127, SD 1, be adopted, seconded by Representative Evans.

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on a potential conflict? At my law firm they do represent some health insurers that may potentially be impacted by this, specifically Kaiser, but I don't work on any of those cases. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 127, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE CONVENING OF A LEGISLATIVE WORKING GROUP TO EVALUATE AND MAKE RECOMMENDATIONS REGARDING THE POLICIES AND PROCEDURES OF THE STATE HEALTH PLANNING AND DEVELOPMENT AGENCY AND PREPARATION OF AND AMENDMENTS TO THE STATE HEALTH SERVICES AND FACILITIES PLAN," was adopted, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1746) recommending that S.C.R. No. 28, SD 2, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 28, SD 2, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE ESTABLISHMENT OF A PROMPT PAYMENT TASK FORCE TO EXAMINE AND RESOLVE ISSUES THAT PREVENT STATE AGENCIES FROM MAKING PROMPT PAYMENT FOR GOODS AND SERVICES PURCHASED THROUGH NONPROFIT ORGANIZATIONS, PARTICULARLY HUMAN SERVICE NONPROFIT ORGANIZATIONS, THAT DELIVER PIVOTAL GOODS AND SERVICES TO INDIVIDUALS, FAMILIES, AND COMMUNITIES," was adopted, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1747) recommending that S.C.R. No. 134, SD 1, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.C.R. No. 134, SD 1, be adopted, seconded by Representative Evans.

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you. Just in strong support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 134, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE CONVENING OF A WORKING GROUP TO INVESTIGATE THE CREATION OF A LOCALLY-FOCUSED, HAWAII-BASED STOCK EXCHANGE," was adopted, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1748) recommending that S.C.R. No. 159, SD 2, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 159, SD 2, entitled: "SENATE CONCURRENT RESOLUTION URGING THE DEPARTMENT OF HAWAIIAN HOME LANDS TO RELEASE PASTORAL AND AGRICULTURAL LEASES TO ITS BENEFICIARIES AND REPORT STATISTICAL DATA RELATED TO IMPLEMENTATION OF ARTICLE XII, SECTION 1 OF THE HAWAII STATE CONSTITUTION," was adopted, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1749) recommending that S.C.R. No. 124, SD 2, as amended in HD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 124, SD 2, HD 1, entitled: "SENATE CONCURRENT RESOLUTION URGING THE CONVENING OF TASK FORCES TO DEVELOP COMMUNITY BENEFITS PACKAGES FOR THE NEIGHBORHOODS LOCATED NEAREST TO LANDFILLS," was adopted, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

Representative M. Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1750) recommending that S.C.R. No. 2, SD 1, be adopted.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 2, SD 1, entitled: "SENATE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS PURSUANT TO SECTION 171-53, HAWAII REVISED STATUTES, RELATING TO RECLAMATION AND DISPOSITION OF SUBMERGED OR RECLAIMED PUBLIC LAND," was adopted, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

FINAL READING

Representative B. Oshiro moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Evans and carried: (Representatives Cabanilla, Carroll and M. Oshiro were excused.)

H.B. No. 49, HD 1, (SD 1)
H.B. No. 320, HD 2, (SD 1)
H.B. No. 397, HD 2, (SD 2)
H.B. No. 915, HD 2, (SD 2)
H.B. No. 1093, HD 1, (SD 2)

The Chair addressed the Clerk who announced that the record of votes for the appropriate measures had been received which indicated that the requisite number of House Conferees appointed had agreed to the amendments made by the Senate, and had cast affirmative votes to report said measures to the Floor for final disposition.

H.B. No. 49, HD 1, SD 1:

Representative B. Oshiro moved that H.B. No. 49, HD 1, SD 1, pass Final Reading, seconded by Representative Evans.

Representative Takai rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Takai's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure. The intent of this measure is to simply recognize in State statute the approach that Service members under Title 10 USC Section 1482 are required by federal law to follow in designating a Person Authorized to Direct Disposition (of human remains), or PADD.

"This bill will ensure that the DD Form 93 is consulted and viewed as the legally sufficient document for designating a PADD.

"The DD Form 93 is an essential part of their military record, also designating their beneficiaries for Service Members' Group Life Insurance. Service members are required to update it annually and before any deployment.

"Forty-eight percent of Service members are less than 25 years old. Since they are required to designate a PADD on the DD Form 93, it is highly unlikely they will research to see whether they also need to follow a different state requirement for designating an agent in the event of their untimely death.

"The proposed amendment to State law on disposition removes confusion for the family. If the unthinkable should ever happen, the last thing grieving family members want to do is fight through paperwork to have the body of their loved ones returned.

"This bill streamlines the process in what should be naturally uncomplicated. Thank you to all the Committee members and Conferees who work diligently on this measure. What may seem insignificant on our part means everything to military families. Thank you again."

Representative Wooley rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Wooley's written remarks are as follows:

"I am in strong support of this bill. Members of the United States Armed Forces are required by federal law to designate a person to arrange for the disposition of their remains. This measure will ensure that the DD Form 93 -- which must be updated annually and before any deployment -- is deemed a legally sufficient document for designating an agent to arrange for the final disposition of a service member's remains in the event of that service member's death while serving in the Armed Forces. I strongly support the effort this bill and other efforts to streamline standard operating procedures for the men and women of our Armed Forces.

"This bill is part of the State Legislature's Military Appreciation Package. This package strives every Session to care for our service members and their families. In particular, I would like to recognize the Representative from Newtown for his diligence and leadership in spearheading this bill and the State Legislature's Military Appreciation Package. It is the efforts of individuals like him that really give a voice to the men and women that selflessly give of themselves in the defense of our State and country. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 49, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO ARMED FORCES SERVICE MEMBERS," passed Final Reading by a vote of 48 ayes, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

H.B. No. 320, HD 2, SD 1:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 320, HD 2, on the following showing of Ayes and Noes:

Ayes, 4 (Herkes, Keith-Agaran, Cabanilla and Marumoto). Noes, none. Excused, 1 (Souki).

H.B. No. 320, HD 2, SD 1
H.B. No. 397, HD 2, SD 2
H.B. No. 915, HD 2, SD 2
H.B. No. 1093, HD 1, SD 2

SUSPENSION OF RULES

At this time, the Chair announced:

"Members, please note that the Chair has discharged House Conferees previously appointed to H.B. No. 519, HD 1, SD 2. The House will now proceed to reconsider its disagreement to the Senate amendments of certain House Bills, including the aforementioned measure."

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the rules were suspended for the purpose of reconsidering action previously taken in disagreeing to amendments made

by the Senate to certain House Bills. (Representatives Cabanilla, Carroll and M. Oshiro were excused.)

RECONSIDERATION OF ACTION TAKEN

Representative B. Oshiro moved that the House reconsider its action previously taken in disagreeing to the amendments made by the Senate, and give notice of intent to agree to such amendments for the following House Bills, seconded by Representative Evans and carried: (Representatives Cabanilla, Carroll and M. Oshiro were excused.)

H.B. No. 299, HD 1, (SD 1)
H.B. No. 519, HD 1, (SD 2)

ANNOUNCEMENTS

Representative Ichiyama: "Thank you, Mr. Speaker. I just wanted to quickly announce that today we have a birthday. The good Representative from Wailuku is celebrating his birthday, our own Speaker Emeritus. If we could just help him celebrate his birthday."

Vice Speaker Manahan: "Members, please note that our regular session will convene at 11:30 a.m. tomorrow, and then recess for our Joint Session with the Senate at noon in this Chamber. Please be prompt to our regular session so we may conduct as much business as possible before recessing. Thank you, very much."

RECESS

Representative Evans moved that the House stand in Recess for the purpose of convening in Joint Session in the House Chamber at 12:00 noon, and reconvene for regular session at 11:30 o'clock a.m. tomorrow, seconded by Representative Pine and carried. (Representatives Cabanilla, Carroll and Herkes were excused.)

At 11:40 o'clock a.m., the Chair declared a recess and the House of Representatives stood in recess, subject to the call of the Chair, and in accordance with House Concurrent Resolution No. 319, met in Joint Session with the Senate, for the Address of the Consul General of Japan in Honolulu.

JOINT SESSION

The Joint Session of the House of Representatives and the Senate of the Twenty-Sixth Legislature was called to order at 12:00 o'clock noon by the Honorable Calvin K.Y. Say, Speaker of the House.

The Speaker addressed the Joint Session as follows:

"The Fourth Joint Session of the 26th Legislature of the State of Hawaii is now called to order. Distinguished guests in attendance, residents of Hawaii and family and friends in Japan, the Members of the Hawaii State Senate and the Hawaii State House of Representatives assemble today in a very special Joint Session to receive the remarks of the Honorable Yoshihiko Kamo, Consul General of Japan in Hawaii.

"On March 11, 2011, America's great friend, the majestic Country of Japan, experienced a natural disaster of epic proportion. The earthquake off the eastern coast of Japan, and the tsunami of epic magnitude which followed caused casualties and devastation to the people and land dear to Hawaii. Many of us have close ancestral ties, and a deep cultural appreciation for the people of Japan. And as Americans we all acknowledge that Japan has been a most steadfast ally of the United States for the past 60 years.

"Today we will receive a message from Consul General Yoshihiko Kamo about recovery and restoration efforts in Japan by holding a rare Joint Session. To do so, we publicly display Hawaii's profound sympathy and support for Japan and its people.

"Before receiving the Consul General's message I would like to recognize our special guests."

At this time, the Speaker introduced the following special guests:

The Honorable Neil Abercrombie, Governor of the State of Hawaii;

The Honorable Brian Schatz, Lieutenant Governor of the State of Hawaii;

The Honorable Mark E. Recktenwald, Chief Justice of the Hawaii Supreme Court; and

Mrs. Etsuko Kamo, wife of Consul General Kamo.

The Speaker then asked the House Sergeant-at-Arms to escort the Honorable Yoshihiko Kamo to the rostrum, where he was presented with lei by Senator Donna Kim on behalf of the Senate, and Representative Karen Awana on behalf of the House.

The Speaker then presented to the Members of the Twenty-Sixth Legislature and the audience, the Honorable Yoshihiko Kamo, Consul General of Japan in Honolulu.

The Consul General addressed the Members, guests and audience as follows:

"Speaker Say, President Tsutsui, Governor Abercrombie, Lieutenant Governor Schatz, Chief Justice Recktenwald, Senators, Representatives, ladies and gentlemen. It is indeed my honor and privilege to be invited to this Joint Session of the two houses of the 26th Legislature of the State of Hawaii, Regular Session of 2011, and to be given a chance to address the distinguished assembly, an update of the aftermath of the greatest Japan earthquake.

"First of all, as the Representative of the Japanese government in Hawaii, I would like to express my deepest appreciation for the sympathy and support that the people of Hawaii so generously accorded to us. I am very pleased to say that your thoughts and prayers have much encouraged us and reminded us how lucky and privileged we are to be bonded with the people of Hawaii.

"More than a month has passed since the outbreak of the disaster. Mr. Naoto Kan, Prime Minister of Japan, recently issued a statement entitled, 'Japan: the Road to Recovery and Rebirth.' In this statement he has given an update of the aftermath of the disaster and expressed his determination to bring recovery and reconstruction to Japan. So let me share his message with you by directly quoting from the text of his statement in full:

"At 14:46 on March 11, Japan was hit by one of the most powerful earthquakes in recorded history. We are now making all-out efforts to restore livelihoods and recover from the series of tragedies that followed the Great East Japan Earthquake. The disaster left more than 27,000 people dead or missing, including foreign citizens.

Since March 11, Japan has been strongly supported by the international community and our friends around the world. On behalf of the Japanese people, I would like to express my sincerest gratitude for the outpouring of support and solidarity we have received from over 130 countries, nearly 40 international organizations, numerous NGOs, and countless individuals from all parts of the world. The Japanese people deeply appreciate the *kizuna*, a Japanese word for 'bonds of friendship,' that has been shown to us by friends around the world. Through this hardship, we have also come to truly understand the meaning of, 'a friend in need is a friend indeed.'

Immediately after the earthquake struck, the U.S., our most important friend and ally, has provided swift cooperation. President Obama kindly called me to convey his strong commitment, confirming that the United States stands ready to provide all-out support to the Japanese people during this time of great difficulty. He also reaffirmed that the friendship

and alliance between our nations is unshakable. So many Japanese citizens, including myself, were enormously encouraged by these remarks. From an early stage in the response efforts, U.S. forces have diligently performed relief activities on multiple fronts as part of 'Operation Tomodachi,' named after the Japanese word for 'friendship.'

The cordial attitude that Americans have demonstrated towards us and this operation has deeply touched the hearts and minds of the Japanese. Support has come from not only the government but also NGOs and countless individuals, in various forms of humanitarian assistance, search-and-rescue missions, and charity events and fundraising. We have also received the full support of the U.S. in responding to the accidents at the Fukushima Daiichi nuclear power plant, from providing equipment and other material assistance such as fire trucks and special protective suits, to dispatching nuclear experts and radiation-control teams.

I wish to express our sincere thanks for all the sympathy and assistance the American people have extended to us.

That Japan has experienced nuclear accidents at the Fukushima Daiichi plant, whose severity was assessed as most serious based on an international scale, is extremely regrettable and something I take very seriously. Bringing the situation at the plant under control at the earliest possible date is currently my top priority. I have been working at the forefront of efforts to tackle this troubling situation. Leading a unified effort by the government, I have mobilized all available resources to combat the risks posed by the plant, based on three principles: first, give the highest priority to the safety and health of all citizens, in particular those residents living close to the plant; second, conduct thorough risk management; and, third, plan for all possible scenarios so that we are fully prepared to respond to any future situations. For example, we continue to make the utmost efforts to address the issue of outflow of radioactive water into the ocean from the plant.

In addition, the government has taken every possible measure to ensure the safety of all food and other products, based on strict scientific criteria. We have taken highly precautionary measures so that the safety of all Japanese food and products that reached the market has been and will continue to be ensured. In order to ensure domestic and foreign consumer confidence in the safety of Japanese food and products, my administration will redouble its efforts to maintain transparency and keep everyone informed of our progress in the complex and evolving circumstances at the Fukushima Daiichi plant.

I pledge that the Japanese government will promptly and thoroughly verify the cause of this incident as well as share information and lessons learned with the rest of the world in order to prevent such accidents from occurring in the future. Through such a process, we will proactively contribute to global debate to ensure the safety of nuclear power generation. Meanwhile, from a comprehensive energy policy perspective, we must squarely tackle a two-pronged challenge: responding to rising global energy demand and striving to reduce greenhouse gas emissions to combat global warming. Through the rebirth of Japan I would like to present a clear vision to the world that includes the aggressive promotion of clean energy that may contribute to solving global energy issues.

The Great East Japan Earthquake and the resulting tsunami are the worst natural disasters that Japan has faced since the end of the Second World War. Reconstruction of the devastated Tohoku region will not be easy. However, I believe that this difficult period will provide us with a precious window of opportunity to secure the 'Rebirth of Japan.' The government will dedicate itself to demonstrating to the world its ability to establish the most sophisticated reconstruction plans for East Japan, based on three principles: first, create a regional society that is highly resistant to natural disasters; second, establish a social system that allows people to live in harmony with the global environment; and third, build a compassionate society that cares about people, in particular, the vulnerable.

The Japanese people rose from the ashes of the Second World War using our fundamental strength to secure a remarkable recovery and the

country's present prosperity. I have not a single doubt that Japan will overcome this crisis, recover from the aftermath of the disaster, emerge stronger than ever, and establish a more vibrant and better Japan for future generations.

I believe that the best way for Japan to reciprocate the strong *kizuna* and cordial friendship extended to us by the international community is to continue our contribution to the development of the international community. To that end, I will work to the best of my ability to realize a forward-looking reconstruction that gives people bright hopes for the future. I would wholeheartedly appreciate your continued support and cooperation. Arigato."

"Ladies and gentlemen, I know that all of us deserve breaking up for a nice lunch by this time, but please allow me to continue another 5 minutes so that I can get my own words out to you.

"The Great East Japan Earthquake brought to Japan the unprecedented triple woes of earthquake, tsunami, and nuclear disaster. Amid this calamity I was touched by the two unlikely stories of human dignity and compassion.

"First, I marveled at the resilience of the people of the stricken Northeast Japan. They remain calm and composed and ultimately responded to the crisis helping each other and caring for the weaker instead of fighting for survival in time of extreme difficulty. These reticent, decent and enduring men and women quietly attested what human dignity and tolerance could accomplish even in extreme circumstances. I'm most obliged to them for doing us proud to be Japanese.

"Second, I was touched by the generous offers of support and assistance from the international community. As Prime Minister Kan pointed out, the United States was a principle rescuer, coming to us first and helping us most. The Pacific Command played a key role in organizing Operation Tomodachi, which mobilized the 20,000 military personnel and 20 vessels per day for helping Japan. The collaboration between U.S. forces and Japan's self-defense forces in responding to the disaster has further strengthened the U.S.-Japan alliance.

"The government and people of Hawaii showed their sympathy and support from the very beginning as well. On March 11, the day following the earthquake, Governor Abercrombie and Lieutenant Governor Schatz visited me at the Japanese Consulate and conveyed their condolences. We opened the condolence book at the Consulate from March 16 to March 25; many people including Senators and Representatives came and signed the book.

"Lieutenant Governor Schatz took the initiative in establishing the statewide fundraiser called 'Aloha for Japan.' Apart from the 'Aloha for Japan,' many other fundraising events in support of Japan are being held in Hawaii. This gushing of sympathy and support for Japan may derive from the history of the close relationship between Hawaii and Japan. The day sparked from more than 125 years ago. It is my pleasure to note that during this past month, you have made us local Japanese deeply impressed by your kindness and thoughtfulness. I will take it as my important job to let as many Japanese as possible know how much the people of Hawaii helped and cared about us.

"The strong bonds between Hawaii and Japan explain for our genuine yearning and attachment to Hawaii. I want to tell you that Japanese tourists will be back soon. The great earthquake and tsunami made many Japanese refrain from having fun to show condolence and solidarity with the victims. With more than 500,000 cancelations, Japan's domestic tourism suffered a heavy blow. Accordingly, there has emerged a growing apprehension that excessive self-restraint does more harm than good to the stricken area as it slows down the economy. Hawaii's appeal to Japanese tourists remains unchanged. Nature, people, history, safety, cleanliness and proximity all contribute to luring Japanese to Hawaii. You can count on our loyalty.

"What is more serious is a sharp drop of foreign visitors to Japan, which can be ascribed primarily to the concerns for potential exposure to radioactive substances while in Japan. Some of you may be surprised to

hear this, but Japan is not a small country. Radioactive contamination is largely an on-site and near-site issue. A large part of Japan escapes from contamination that poses general threat to the public health. World Health Organization, International Civilized Aviation Organization, and International Maritime Organization have made objective assessments that general travel restriction to Japan is not needed. Going to Japan is not prohibited by any laws. Whether it is Hokkaido or Kyushu, Tokyo or Kyoto, we are eagerly awaiting you in Japan and opportunities to reciprocate the hospitality.

"My dear Hawaii friends, I believe that Japan is blessed with new hope and future. She is endowed with virulent talent to overcome this hardship. Prime Minister Kan states that Japan aims at an innovative reconstruction rather than a mere recovery, by introducing new ideas and credible means. He set up a wise man's group to garner all available expertise and ideas from home and abroad to help map out concrete plans for reconstruction. Japan is responsible for rebuilding her nation steadily and innovatively as she has been so generously accorded with support from Hawaii and the rest of the world. The task we are undertaking is certainly challenging but we are ready to do whatever it takes with all our resolve and commitment. May our friendship with the people of Hawaii continue to guide us to a new hope and future. Thank you, Hawaii. Aloha."

The President then rose and stated:

"On behalf of the House and Senate we would like to thank the Honorable Yoshihiko Kamo for joining us today and providing us with an update on the aftermath of the great tragedies that have recently occurred in Japan.

"With many ties to Japan, our residents are deeply moved by the devastation and the suffering that the Japanese people have endured. Together we mourn the loss of life, search for answers to the missing, and offer our sympathies and support to the survivors. The resiliency and determination of the people of Japan, as well as the citizens of the world, will be necessary in rebuilding and the restoration efforts that are to come. We will continue to offer our thoughts and prayers to all those affected. Thank you again, for your presence here today.

"There being no further business, I now declare the Joint Session adjourned."

At 12:24 o'clock p.m., President Tsutsui declared the Joint Session of the House of Representatives and the Senate of the Twenty-Sixth Legislature adjourned.

ADJOURNMENT

Oshiro being excused.

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Pine and carried, the rules were suspended for the purpose of considering certain House Bills for Final Reading by consent calendar. (Representatives Cabanilla, Carroll and M. Oshiro were excused.)

UNFINISHED BUSINESS

Representative B. Oshiro moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Evans and carried: (Representatives Cabanilla, Carroll and M. Oshiro were excused.)

H.B. No. 299, HD 1, (SD 1)
H.B. No. 519, HD 1, (SD 2)

The Chair addressed the Clerk who announced that the record of votes for the appropriate measure had been received which indicated that the requisite number of House Conferees appointed had agreed to the amendments made by the Senate, and had cast affirmative votes to report said measure to the Floor for final disposition.

H.B. No. 299, HD 1, SD 1:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 299, HD 1, on the following showing of Ayes and Noes:

Ayes, 3 (B. Oshiro, Luke and Thielen). Noes, none. Excused, none.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, H.B. No. 299, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO COURTS OF APPEAL," passed Final Reading by a vote of 48 ayes, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

H.B. No. 519, HD 1, SD 2:

Representative B. Oshiro moved that H.B. No. 519, HD 1, SD 2 pass Final Reading, seconded by Representative Evans.

Representative Pine rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"Mr. Speaker, I rise in support of H.B. 519. Our workers' compensation law provides medical insurance and wage loss protection for employees who suffer work related injuries while also protecting employers from the civil liability resulting from such injuries. For a 50% owner of a business organized as a corporation, that owner may choose to buy coverage for him- or herself, but it's not required. Yet owner-employees of Limited Liability Companies ("LLCs") cannot do this. Under the current law, an owner-employee whose business is organized as an LLC must purchase coverage regardless of how much of a percentage in that business that person owns. There's no logical reason for this difference in treatment — it is simply a historical accident. Our Workers' Compensation law was written before LLCs came into being in Hawaii, so LLCs were not mentioned. The law we presently have reflects the business world of 25 years ago.

"What this bill does then, Mr. Speaker, is modernize our Workers' Compensation law by allowing certain owner-employees to decide whether they should buy Workers' Compensation insurance coverage for themselves. H.B. 519 does this by exempting from the definition of "employment" under the workers' compensation law, those owner-employees who (1) are members of a LLC or a partner of a LLP and who possess a distributional interest in the company or partnership of at least 50%, (2) a partner in a partnership, and (3) a sole proprietor. For such owners it makes sense to opt out of workers' compensation coverage. Mandating coverage for such owner-employees imposes additional costs on businesses, particularly for sole proprietors.

"Further such mandated coverage is irrational: A business owner who is not actively involved in the day-to-day activities of the business will most likely not suffer a work-related injury and would not benefit from workers'

compensation insurance. Even if that owner does work at the business, there's little or no gain to filing a worker's compensation claim, which would increase premium costs borne by his business. It is also highly unlikely for a sole owner of a company to file a claim against his company, and thus himself. And in the case of a sole proprietorship, an injury would likely result in the termination of the business' operations. Worker's compensation insurance imposes additional costs on a business, so this bill would provide additional and much needed financial resources for small businesses.

"The testimony in support of H.B. 519 by DLIR and business organizations representing LLCs is compelling, while the arguments by those who oppose this measure because "coverage gaps" will cause more "costs to the government" lack merit: Worker's Compensation is insurance bought from a private insurance company or is self-insurance, so there is no added cost to the government should some persons not be covered — while conversely, requiring coverage in those owner-employees covered by this bill has added to the workload of our Disability Compensation Division.

"Finally, if this modernization to our workers compensation law is not enacted, our State will look all the more "business-unfriendly" to those businesses we are working to attract to Hawaii. Many states already have statutory provisions making workers' compensation coverage non-mandatory for sole proprietors and LLC members. Hawaii, Mr. Speaker, should do the same.

"The Minority Caucus for many years has worked hard on this bill, and we are justly proud of the fairness that this bill finally brings to our law today. I therefore gladly rise in support of H.B. 519."

The motion was put to vote by the Chair and carried, H.B. No. 519, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Final Reading by a vote of 48 ayes, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

At 11:50 o'clock a.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 299, HD 1, SD 1
H.B. No. 519, HD 1, SD 2

REPORTS OF STANDING COMMITTEES

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 1753) recommending that H.R. No. 149, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.R. No. 149, be adopted, seconded by Representative Evans.

Representative Ichiyama rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support. HR149 urges the City and County of Honolulu to complete the Salt Lake District Park Master Plan, to connect Salt Lake District Park and Ala Puumalu Park with a walking and biking trail. The families in our neighborhood greatly enjoy our local parks. Our kids play basketball, baseball or football, building teamwork and learning lifelong skills. Our seniors often walk around the park in the evenings or early mornings, getting their daily quota of exercise. This walking and biking trail would provide an additional recreational area for our local families. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 149, entitled: "HOUSE RESOLUTION URGING THE CITY AND COUNTY OF HONOLULU TO COMPLETE THE IMPLEMENTATION OF SALT LAKE

DISTRICT PARK MASTER PLAN," was adopted, with Representatives Cabanilla, Carroll and M. Oshiro being excused.

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Pine and carried, the rules were suspended for the purpose of considering certain House Bills for Final Reading by consent calendar. (Representatives Cabanilla, Carroll, Souki and Takai were excused.)

FINAL READING

Representative B. Oshiro moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Evans and carried: (Representatives Cabanilla, Carroll, Souki and Takai were excused.)

H.B. No. 1130, (SD 1)
H.B. No. 1376, (SD 1)

H.B. No. 1447, HD 2, (SD 2)

The Chair addressed the Clerk who announced that the record of votes for the appropriate measures had been received which indicated that the requisite number of House Conferees appointed had agreed to the amendments made by the Senate, and had cast affirmative votes to report said measures to the Floor for final disposition.

H.B. No. 1130, SD 1:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 1130, on the following showing of Ayes and Noes:

Ayes, 3 (Herkes, Keith-Agaran and Marumoto). Noes, none. Excused, 2 (Cabanilla and B. Oshiro).

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, H.B. No. 1130, SD 1, entitled: "A BILL FOR AN ACT RELATING TO SERVICE OF PROCESS," passed Final Reading by a vote of 47 ayes, with Representatives Cabanilla, Carroll, Souki and Takai being excused.

H.B. No. 1376, SD 1:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 1376, on the following showing of Ayes and Noes:

Ayes, 3 (Keith-Agaran, B. Oshiro and Thielen). Noes, none. Excused, none.

Representative B. Oshiro moved that H.B. No. 1376, SD 1, pass Final Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, in support with brief comments and slight reservations, and request for additional comments into the Journal.

"Mr. Speaker, this is a good bill and I commend the Majority Leader for ushering it through. It's the shield law. It's for protecting our First Amendment rights for the media. The unfortunate thing about this bill is that it expires in two years. I don't think the papers are going to go away. We're evolving. We're getting more information, it's out. I think it's more important that this become permanent and does not have a sunset. But that's the only reservation of what otherwise is a very good bill. Thank you."

Representative Ward's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations for House Bill 1376, Senate Draft 1, Relating to Evidence. This measure, also known as the "Shield Law," extends the limited news media privilege against the compelled disclosure of sources and unpublished information to June 30, 2013.

"The original version of House Bill 1376 is very similar to a measure I introduced, House Bill 194. These measures would have made the "Shield Law" permanent, ensuring protection for non-traditional journalists.

"My reservations lie in the compromise that this measure extends the "Shield Law" to June 30, 2013 and requires The Judiciary, through its Standing Committee on Rules of Evidence, to report to the 2012 Legislature, statistics and the Judiciary's recommendations on the future of the "Shield Law."

"One mandate requires the Judiciary to collect information on other states that have enacted legislation that is similar to Act 210 (SLH 2008). Mr. Speaker, at the Thursday, April 7, 2011 Senate Committee on Judiciary and Labor hearing, the Media Council of Hawaii's written testimony clearly states that "thirty-six states and the District of Columbia have enacted shield laws." Furthermore, they write that "Hawaii's law is widely regarded as one of the best in the nation."

"The Society of Professional Journalists – Hawaii Chapter, at the same hearing, opines that "there has been no documented harm to the state in the two years the shield law has been in effect and at least two cases where the law served its purpose in furthering a free press."

"Mr. Speaker, as digital media continues to evolve, and print media disappears, we must be proactive and protect non-traditional journalists such as bloggers, and media sources that publish their material on the Internet and via other forms of electronic media.

"I remain optimistic that The Judiciary's Standing Committee on Rules of Evidence will make the right decision in 2012, and recommend that the "Shield Law" remain permanent.

"Unfortunately, a codified reality repealing Act 210 (SLH 2008) on June 30, 2013 will exist if the Governor signs this bill into law. Therefore, I vote in support with reservations for House Bill 1376, Senate Draft 1."

The motion was put to vote by the Chair and carried, and H.B. No. 1376, SD 1, entitled: "A BILL FOR AN ACT RELATING TO EVIDENCE," passed Final Reading by a vote of 47 ayes, with Representatives Cabanilla, Carroll, Souki and Takai being excused.

H.B. No. 1447, HD 2, SD 2:

Representative B. Oshiro moved that H.B. No. 1447, HD 2, SD 2, pass Final Reading, seconded by Representative Evans.

Representative Choy rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Choy's written remarks are as follows:

"I am in support of this bill. Last year we passed legislation that created a new product for the financial services professionals to offer. This year we tweaked the law by making this product more attractive. A lot of our time is spent on trying to diversify our economy and support businesses by focusing on tax preferences. Not enough of our efforts are put into areas of creating new financial products, which is a very environmentally clean business. In fact, the last time I can remember creating a new niche in financial services was the creation of captive insurance companies.

"This legislation should be the rebirth of using our intellectual capital to support and diversify our economy. I look forward to sharing our efforts with the professional accounting community this summer and watching this new product grow. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 1447, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO THE PERMITTED TRANSFERS IN TRUST ACT," passed Final Reading by a vote of 46 ayes to 1 no, with Representative Rhoads voting no, and with Representatives Cabanilla, Carroll, Souki and Takai being excused.

At 6:48 o'clock p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 1130, SD 1
H.B. No. 1376, SD 1
H.B. No. 1447, HD 2, SD 2

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the rules were suspended for the purpose of

reconsidering action previously taken in disagreeing to amendments made by the Senate to certain House Bills. (Representatives Cabanilla, Carroll, Souki and Takai were excused.)

RECONSIDERATION OF ACTION TAKEN

Representative B. Oshiro moved that the House reconsider its action previously taken in disagreeing to the amendments made by the Senate, and give notice of intent to agree to such amendments for the following House Bills, seconded by Representative Evans and carried: (Representatives Cabanilla, Carroll, Souki and Takai were excused.)

H.B. No. 467, HD 2, (SD 1)
H.B. No. 924, HD 2, (SD 2)
H.B. No. 1056, HD 1, (SD 2)
H.B. No. 1107, HD 1, (SD 2)
H.B. No. 1434, HD 2, (SD 1)

DISPOSITION OF MATTERS PLACED ON THE CLERK'S DESK

Representative B. Oshiro moved to agree to the amendments made by the Senate to the following House Concurrent Resolution, seconded by Representative Evans and carried: (Representatives Cabanilla, Carroll, Souki and Takai were excused.)

H.C.R. No. 309, HD 1, (SD 1)

Representative B. Oshiro moved that H.C.R. No. 309, HD 1, SD 1, be Adopted, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure, stating:

"Thank you so much, Mr. Speaker. I rise in support. I know we have a lot of important things that we're discussing now, so this reso is very little compared to what we are discussing. But it has some meaning I think. And hopefully it can, and I'm very grateful that it can give us some positive feelings as we enter what is a challenging, what continues to be a challenging week, and next week.

"Mr. Speaker, I rise in support of this measure that was established by Marcie Davis, a paraplegic of over 35 years. This National Assistance Dog Week was created not just to recognize the devotion, the hard work, and the often times heroic deeds of assistance dogs, but also to those who provide the training and those who work with these animals that provide service to our community. We can educate those on the service that they give.

"Mr. Speaker, coming back from the Pali Highway, picking up my daughter, there was a car in front of me. Many of you may have seen this bumper sticker. Maybe many of you have seen this graffiti on your parks, on your buildings, in your communities. And it said, 'ainokea.' It's spelled A-I-N-O-K-E-A. It said, 'Ainokea. I do what I like.' This is what the bumper sticker said.

"So maybe there are those who care. These dogs, these trainers, they care. And people are aware of guide dogs who assist people, not just with vision loss. They assist them with walking, balancing, carrying items, opening doors, helping. Hearing alert dogs who assist those with hearing loss. Seizure response dogs who alert people and medical conditions such as heart attack, stroke, diabetes. Trained to provide notice to their owners about the medical conditions that they have. They serve in the police department. They serve in the military tactical arsenals, in scouting, in tracking, in service. And through these resolutions, perhaps we acknowledge these people who are associated with this uniquely caring, service-oriented animal.

"From Barry, the Superdog of Switzerland, he rescued over 40 people from heavy snow in the Swiss Alps. To this day, a statue is in Switzerland for him. To Bear, the Hero of Ground Zero who led the first search and

rescue teams after the World Trade Center tragedies. But also to Hachiko, where there stands a statue in Japan of a dog who was known for his loyalty to his master. The most loyal friend, who awaited his owner's return, even as his owner had passed away.

"Perhaps we as leaders will remember that we stand for the power of this Capitol because much like perhaps, some of the roles that they play, it's our duty, our honor to serve and to remain forever loyal to the people of Hawaii. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.C.R. No. 309, HD 1, SD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO PROCLAIM THE SECOND WEEK OF AUGUST OF EVERY YEAR AS "HAWAII STATE ASSISTANCE DOGS WEEK"," was Adopted, with Representatives Cabanilla, Carroll, Souki and Takai being excused.

At this time, Representative Evans moved to keep the Journal open until 12:00 midnight this legislative day, seconded by Representative Pine and carried. (Representatives Cabanilla, Carroll, Souki and Takai were excused.)

RECESS

At 6:55 o'clock p.m., on motion by Representative Evans, seconded by Representative Pine and carried, the House of Representatives stood in recess until 6:30 o'clock p.m. tomorrow, Friday, April 29, 2011. (Representatives Cabanilla, Carroll, Souki and Takai were excused.)

ANNOUNCEMENTS

Representative Choy: This Sunday on May 1st, Malama O Manoa is going to have a historic walking tour. I don't know if any of you participated before, but this is an opportunity to see all the historic homes in old Manoa. It's going to be from 8:30 in the morning, to 10:30. I'd like to welcome all of you to Manoa Valley for the walking tour. I think parking is going to be at Punahou School. Thank you, Mr. Speaker."

Representative B. Oshiro: "Thank you, Mr. Speaker. I'd just like to remind all of the Members, especially those who are Conference Committee Members, as well as Co-Chairs or Chairs, that you are on-call for the rest of the evening just in case any of the Conference Committees needs to reconvene. Thank you."

Representative Ward: "Mr. Speaker. A point of information. How long should we be on standby? 10, 11, 12? 5 in the morning? What?"

Representative B. Oshiro: "Mr. Speaker, I would respond that people should be on-call until 12:00 in the evening unless there is an announcement made otherwise."

Representative Say: "Mr. Speaker. On a lively and jovial note, we have a birthday boy who just turned 55. Representative Ken Ito. Please rise."

At 6:50 o'clock p.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 6:51 o'clock p.m.

At this time, Representative Evans moved to keep the Journal open until 12:00 midnight this legislative day, seconded by Representative Pine and carried. (Representatives Cabanilla, Carroll, Har, M. Oshiro and Takai were excused.)

RE: Extension of Conference Committee Report Filing Deadline

In January of this year, we prepared an internal legislative timetable, setting April 29th as the last day to file fiscal bills to deck for Final Reading. Earlier this month, we signed the Conference Committee Guidelines that provides, in paragraph 11(c) that all Conference Committee reports shall be filed by 11:30 p.m. on Friday, April 29th. However, several measures were being negotiated throughout this evening on April 29th.

The Conference Committee on SB120, SD1, HD1, reached agreement on the substance of the measure, but did not have the time to prepare and adequately review the report and the final form of the Conference Draft prior to the filing deadline. Therefore, we exercised our powers under Rule 13 of the Conference Committee Guidelines, to make an exception to this deadline for SB120, SD1, HD1, as it was agreed to and voted upon in Conference Room 309.

We granted this exception to provide the conference members with an opportunity to ensure that the Conference Committee report and the Conference draft reflect the agreement made on Friday evening. We felt that since the Conferees had reached timely agreement on this bill, allowing this bill to die based on an internal procedural deadline for filing paperwork with the respective Clerks' Offices, is not in the best interest of the people of Hawaii.

For SB120, SD1, HD1, the Clerks of the respective Chambers shall accept a Conference draft no later than 9:00 a.m. tomorrow, Saturday, April 30th.

I wish to emphasize that previous Legislatures, when facing similar problems in past years, have followed the same procedure we will follow with these measures."

RE: Additional Extension of Conference Committee Report Filing
 Deadline for S.B. 120, S.D. 1, H.D. 1

On April 30, 2011 at 12:30 a.m., we granted an extension of the Conference Committee report filing deadline for S.B. 120, S.D. 1, H.D. 1, to ensure adequate time to prepare and review the report and the final form of the Conference Draft prior to the filing deadline. The Clerks of the respective Chambers were instructed to accept a Conference draft no later than 9:00 a.m., Saturday, April 30th.

Pursuant to Rule 13 of the Conference Committee Guidelines, we granted a further extension to instruct the Clerks of the respective Chambers to accept a Conference draft no later than 11:00 a.m., Saturday April 30th.

A further extension was necessary to ensure the report and Conference Draft accurately reflected the agreement of the Conference Committee, as negotiated during the evening of April 29, 2011."

FIFTY-NINTH DAY

Tuesday, May 3, 2011

ORDER OF THE DAY

REPORTS OF CONFERENCE COMMITTEES

At this time, the Chair announced:

"Members, at this time, we will take one item out of order. On page 23 of your Order of the Day, Conf. Com. Rep. No. 144 and SB No. 120, SD 1, HD 1, CD 1."

Representative M. Oshiro, for the Committee on Conference on the disagreeing vote of the Senate to the amendments proposed by the House in S.B. No. 120, SD 1, HD 1, presented a report (Conf. Com. Rep. No. 144) recommending that S.B. No. 120, SD 1, HD 1, as amended in CD 1, pass Final Reading.

In accordance with Article III, Section 15, of the Constitution of the State of Hawaii, action on Conf. Com. Rep. No. 144 and S.B. No. 120, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," was deferred for a period of 48 hours.

At this time, Representative M. Oshiro offered Floor Amendment No. 8, amending S.B. No. 120, SD 1, HD 1, CD 1, as follows:

"SECTION 1. Senate Bill No. 120, S.D. 1, H.D. 1, C.D. 1, is amended by deleting Section 2 and replacing it with new language to read as follows:

"SECTION 2. On July 1, 2011:

- (1) All moneys in the travel agency recovery fund and the travel agency education fund, as of June 30, 2011, shall be transferred to the general fund of the State of Hawaii; and
- (2) The travel agency recovery fund and the travel agency education fund shall cease to exist."

SECTION 2. Senate Bill No. 120, S.D. 1, H.D. 1, C.D. 1, is amended by amending the language in Part III, relating to fund transfers, by replacing in each instance, the phrase, "On July 1, 2011," with "until June 30, 2011," and the phrase "fiscal year 2011-2012" with "fiscal year 2010-2011".

SECTION 3. Senate Bill No. 120, S.D. 1, H.D. 1, C.D. 1, is amended by changing the amount identified and authorized to be transferred in Section 23 from \$1,500,000 to \$4,200,000.

SECTION 4. Senate Bill No. 120, S.D. 1, H.D. 1, C.D. 1, is amended by deleting Section 30.

SECTION 5. Senate Bill No. 120, S.D. 1, H.D. 1, C.D. 1, is amended by adding two new sections to Part III to read as follows:

"SECTION 37. The legislature determines that there is in the captive insurance administrative fund at least \$2,500,000 in excess of the requirements of the fund. Until June 30, 2011, the director of finance is authorized to transfer from the captive insurance administrative fund to the general fund the sum of \$2,500,000 or so much thereof as may be necessary for fiscal year 2010-2011.

SECTION 38. The legislature determines that there is in the health care revolving fund at least \$916,284 in excess of the requirements of the fund. Until June 30, 2011, the director of finance is authorized to transfer from the health care revolving fund to the general fund the sum of \$916,284 or so much thereof as may be necessary for fiscal year 2010-2011."

SECTION 6. Senate Bill No. 120, S.D. 1, H.D. 1, C.D. 1, is amended by adding two new sections to Part V to read as follows:

"SECTION 56. Part XIII of chapter 346, Hawaii Revised Statutes, is repealed.

SECTION 57. Part XV of chapter 346, Hawaii Revised Statutes, is repealed."

SECTION 7. Senate Bill No. 120, S.D. 1, H.D. 1, C.D. 1, is amended by amending Section 58 to change the phrase "On July 1, 2011," to "By July 1, 2011".

SECTION 8. Senate Bill No. 120, S.D. 1, H.D. 1, C.D. 1, is amended by changing the effective date of the bill from July 1, 2011 to upon approval.

SECTION 9. Senate Bill No. 120, S.D. 1, H.D. 1, C.D. 1, is amended by renumbering the sections of the bill accordingly."

Representative M. Oshiro moved that Floor Amendment No. 8 be adopted, seconded by Representative M. Lee.

The motion that Floor Amendment No. 8, amending S.B. No. 120, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," be adopted, was put to vote by the Chair and carried. (Representatives Carroll and Pine were excused.)

At 9:38 o'clock a.m. the Chair noted that Floor Amendment No. 8, was adopted.

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Ching and carried, the rules were suspended for the purpose of considering certain House and Senate Bills for Final Reading by consent calendar. (Representatives Carroll and Pine were excused.)

UNFINISHED BUSINESS

Conf. Com. Rep. No. 143 and H.B. No. 200, HD 1, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 200, HD 1, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in favor of House Bill 200, Conference Draft 1. Mr. Speaker, please allow me to begin by first thanking my Vice Chair, Representative Marilyn Lee. The ever gentle and demure 'Nurse Nightingale' whose patience, once tested and pushed, she becomes 'Nurse Ratched.' But truly, Mr. Speaker, she's the one that kept us on track, on schedule, and made sure that we spoke loudly and clearly into the microphone. Thank you very much, Marilyn.

"To the House Leadership, thank you for your unwavering support through these very difficult times. And of course, Mr. Speaker, you and your trust and confidence along the way. It has been humbling to me and your support has sustained me. A special thanks to the Vice Speaker, Majority Leader, Majority Floor Leader, and of course your aide, Mr. Speaker, Mr. Azama, for always being there. And, of course, the Committee Chairs. Your participation and counsel has been critical to setting our priorities.

"Finance Committee members, you too. You stood by, eager to assist in our efforts to craft a balanced budget. Your inquiries, input and ideas have added immensely to the success of our efforts. Please share your insights to our collaborative and open style with the larger community. I believe they'll be encouraged by what they know about how we work.

"And my counterpart in the Senate, Chair David Ige. Thank you. David, thank you very much for your kind and cool demeanor, as well as your willingness to remain open to ideas that led to provocative and productive discussions. You and I indeed share many common values, insights and aspirations. It has been my pleasure and privilege to work with you, Chair Ige, and I look forward to continuing the collaboration.

"I also extend my deepest gratitude to the Ways and Means staff for their hard work and dedication to producing a balanced budget. Like my staff, please take pride in knowing that you have served the people of Hawaii well through the long days and nights.

"And, Mr. Speaker, my final thanks go out to the Finance Committee staff who burned the midnight oil, and spent sleepless nights analyzing every aspect of every line item of every budget request over, and over, and over again. We did the same on every single bill: House Bill, Senate Bill, and even resolutions. I have been a severe taskmaster, I know, but you have all risen to the occasion and done me proud. Your endurance and diligence in crafting this budget have gotten us to where we are today. And so specifically I'd like to publically thank Nandana, Randall, Stacey, Puna, Alex, Erik, Tracy and Jo, and all the budget and research analysts, as well as the front office staff for standing by me through the challenges of this Session.

"To our new Governor, Neil Abercrombie. Thank you for setting a high goal for all of us. Not all of your ideas and your priorities made it into this budget and financial plan, but I thank you for taking on the leadership mantle of the Governor. I thank you and your cabinet, especially Director of Finance Kalbert Young, and Deputy Director Dean Hirata for the countless hours spent in consultation and collaboration. Kudos also go out to Directors Fuddy, Louie, McManaman, Takamine and Kokubun, for your timely response and availability.

"Governor Abercrombie, you came into office after all of the easy decisions had been made and federal stimulus support was evaporating. You were left with a government in tatters, workers demoralized, workers marginalized, and tasked them to do more and more, with less and less. You put forth an aggressive and controversial agenda for change, but you tackled our problems head on without flinching. You spoke the truth. At the end of the day, this budget and financial plan may not move the State as far as we wish."

Representative Ichiyama rose to yield her time, and the Chair "so ordered."

Representative M. Oshiro continued, stating:

"Thank you, Representative Ichiyama. At the end of the day this budget and financial plan may not move the State as far ahead as you may wish, but it does provide the building blocks for long-term structural fixes to our budget and a promise of a brighter future. A sage political pundit named Boylan once told me many years ago, 'Political change is often achieved more through evolution than through revolution.' And the same holds true for changing government as we are all creatures of habit.

"But the fact of the matter is this, Mr. Speaker. That the ship of state of this great canoe has changed, and we are making the turn with all hands on board, facing forward, we are on a new course. And there is light at the

end of the tunnel. The long, dark tunnel that we have been travelling in for the past two years. There are brighter days ahead and this budget will get us there.

"Mr. Speaker, the budget is balanced; balanced on the books, balanced between our wants and our needs, and even balanced between hard choices of lesser evils. It wasn't easy. There was no pleasure. But we ensured the fiscal viability of our State. But this is the time, Mr. Speaker, when funding and resources are at their lowest, that we must put our minds together to reassess the very basic needs of government service. We must determine exactly what we want Hawaii to look like when we emerge from the effects of the Great Recession.

"Mr. Speaker, I trust and believe the Governor will reprioritize and retool State government, but we are all accountable. We must all do our part. We all need to work together to reconfigure and retool government services and programs to make sure we are not only living within our means, but also maximizing our resources. We need to reconfigure our perspectives and align them to come up with collaborative solutions.

"Mr. Speaker, in the Finance Conference Room hangs an old poster of mine, from my days at law school, and I believe it summarized the challenge before us. We cannot change unless we survive, and we cannot survive unless we change. Mr. Speaker, I know it can be done. I've seen it. I've felt it. I've lived it. And I've experienced it in a more collaborative relationship within the House and the Senate this past Session.

"As many of you know, we reconfigured the whole Conference Room. Instead of sitting across the table, we sat next to each other. It changed not only the dialogue and the discussion, but the symbolism of us working together on one side on one team. And both of us are fulfilling the important roles necessary for any human endeavor of sometimes leading, and sometimes following. We made decisions together. We come from different Chambers, perspectives, and viewpoints, and we brought those to the table. Where there was disagreement, we respectfully worked out a meaningful compromise to best serve the needs of Hawaii.

"Mr. Speaker, I'm proud of the work Chair Ige and I have done together. We made difficult choices. Considering the challenge we faced at the three years of budget shortfalls that total \$4.6 billion, could we have expected anything different? Let's think about that for a minute, Mr. Speaker. We, all of us, the entire State, our families, our friends, our neighbors, our relatives, our colleagues, our coworkers, we've had to find solutions to balance the budget to a total \$4.6 billion. To give an example of \$4.6 billion. All 76 legislators can buy 82,000 barrels of Kentucky Fried Chicken a day for a whole year. That's a lot of chicken for all of us. Honestly, it's hard to comprehend that number, but Mr. Speaker, we are almost out of it. It looks like we have finally gotten to the final stage of grief, and that is acceptance. We can move on now.

"Perhaps we can move on now. Perhaps that's what we all felt Friday night, exhausted, weary, getting through the pass. There is hope at the end of all of this. That's what this budget represents. We made structural fixes and invested in our future.

"In response to the exponential growth and demand for services, we have provided nearly \$550 million in new money to the Department of Human Services. Included in that amount is additional money for Medicaid, Temporary Assistance for Needy Families."

Representative Hashem rose to yield his time, and the Chair "so ordered."

Representative M. Oshiro continued, stating:

"Thank you, Mr. Speaker. \$3 million for Preschool Open Doors. \$3 million for homeless services and outreach programs, and shelters on Maui, Waianae, and in Kona. The budget also includes close to \$45 million for Department of Health for adult mental health services, and child and adolescent health mental services; \$20 million for developmentally disabled intellectually challenged citizens; and \$4.3 million for early intervention programs for vulnerable infants and toddlers to give them a chance, a fair start in life.

"We further recognize an unprecedented increase in enrollment of about 35% at the community colleges, and nearly 20% at University of Hawaii at Hilo. Mr. Speaker, this budget provides \$6.6 million in each year to address the escalating needs of the University of Hawaii Hilo and Hawaii Community College.

"And finally, Mr. Speaker, this budget lays the foundation for long-term energy and economic development for our State to the energy security special fund. This budget funds positions critical to advancing the Department's efforts towards the goal of 70% clean energy by 2030. In addition, we created an Aerospace Division, Mr. Speaker, and provided nearly \$800,000 to the Creative Energies Division.

"In closing, Mr. Speaker, a little over a month ago I stood here and urged my colleagues to recognize the need for a reality check. Mr. Speaker, the reality is that we can make good things happen through openness, collaboration, and plain old fashion hard work by keeping our eyes on the prize, and keeping our nose to the grindstone. I've seen it happen. Mr. Speaker, I stand in strong support of this budget because it is evidence of what we can do together when we set aside our weaker natures, become our better statesmen and stateswomen, and speak truth to reason in the reality of limited dollars and cents. In essence, embedding our values and aspirations and hopes in this budget.

"Mr. Speaker, we're almost there. Landfall is near. I can see the breakers. I can see the shore. We have come through the stormy pass together. We have made the difficult choices, battled the leviathan of special interests, and overcome the counter currents of partisans tailwinds that ebb and flow with an ever changing mood. But we have kept the course, and we must all stay in the canoe and paddle. Paddle hard, paddle together, in unison. The Hawaiians have a proverb. The canoe moves forward when we all paddle together. *Lokahi. Holomua. Imua Hawai'i nei.* Let's get to work. Thank you, Mr. Speaker."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise in support with some observations and some reservations. Mr. Speaker, I commend the Chair of Finance not only for his speech, but for the way he has commanded the ship, or if he's in the canoe, he's got his paddle, most of the time in the right direction. I have a few things that steered us left, right and center.

"Unfortunately the public is first going to look at the budget as, 'Hey, why did it grow?' Everything is tough. We've raised almost \$600 million worth of taxes. Why has the budget increased? And I know its nondiscretionary funds, but I think the obligation is that we explain to the public that these are automatic increases, but I think that's a point of vulnerability.

"I think the second thing is the commitment and the effort to balance almost \$4 billion over the last three years. No Legislature would ever desire as their marching orders to have to do that. So it's a tough time to be the Chair of the Finance Committee. It's a tough time to be in the Legislature; to know that your job is basically a slicer, or a tax raiser.

"Mr. Speaker, you know our side of the aisle said, 'Okay, let's slice, but let's not raise taxes.' I think the Chair has become a master at slicing and it's tough. People don't want to do that, but it has to be done. But it's where Mr. Speaker, I want to emphasize the other side, and that's the pie and the growth of it.

"We do not have a vision in this State to grow the pie. We've been able to cut it into smaller pieces, but we haven't been able to grow it. Case in point. The two opportunities that many of us had our hearts set on were the aerospace industry to be launched. There was no money even though it's got a new structure. There's no money to really get it off the ground, so to speak. Secondly, the movie studio industry. We're going to give tax credits to get them on Maui, to get them here on Oahu. That fell off the table, or got pushed off the table Friday night.

"So in terms of a vision, I think we have a deficit upon where we're going in terms of growing the pie, Mr. Speaker, and it's a very serious issue. Half of our kids in our public schools cannot afford to pay for lunch. 47% are either on a subsidized full or partial grant from the State. We need a business model that grows the pie. You know during hard times we've got to be a slicer and get everybody a smaller piece, but it's in that area that I would suggest, Mr. Speaker, we can do much better. And quite frankly, regardless of whether it's the Governor's budget, or the House's budget, or the Senate's budget, unless this economy turns around, we are in 'deep, deep kim chee.'

"So, Mr. Speaker, let's grow the pie. Let's do positive things for our economy. Let's remember the fiduciary Hippocratic Oath. Do no harm to Hawaii's families. Do no harm to Hawaii's jobs. And let's not stall the economy. And, Mr. Speaker, with \$600 million worth of new taxes, stalling the economy is a very big reality and that's what some of us fear, as a result of this Session that might be coming down the line. Having said that, Mr. Speaker, I know there's a way to right-size government, to put Hawaii back on track, to steer the canoe in the right direction, and that's for the pie of Hawaii to get bigger, to get us more prosperous. We've got the brains. We've got the culture. We've got the entrepreneurial ingenuity to do it. We can do it, but it needs the political will on this Floor. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, very much. First of all, Mr. Speaker, I stand in support, strong support of the budget. I would like the words of the good Chair of Finance entered into the record as if they were my own. However, I would like the words of the speaker from Hawaii Kai entered into the record as my own for history to show once and for all, for the record, because my lament is the same as his. We lost two multi-billion dollar potentials this year. We've managed to tackle the issues before us now, but the opportunities to grow the pie, unfortunately it needs to be noted for the record.

"But I stand in full support of this budget because this is a strong budget. It gets capital improvement projects going. It makes cuts to right-size government, but not at the expense of any one group or special program. So good job there, Chair of Finance. Aloha."

Representative M. Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. Mr. Speaker, this has been a year of unprecedented concern over the local and national economies and the efforts of government, both federal and local, to restore economic health. Within the last months and weeks the world has been rocked by events which will have an effect on our local economy, yet to be realized.

"First, there was the political turmoil in Egypt, Libya, Bahrain, and elsewhere. Then the tsunami which devastated parts of Japan. This event brought out the best in our Hawaii community. Group after group left their own worries aside to participate in a multitude of activities to help our Japanese friends, including Members of our House and especially Representative Tokioka. Next the whole world watched in wonder as a Prince and Princess lived out their dreams in a storybook wedding which brought tears to many of our eyes. Then after months of questions and persistent rumors, President Barack Obama, a native son, brought to rest questions about his place of birth by releasing his birth certificate with the signature of a well-known Hawaii physician documenting his birth at Kapiolani Hospital. And yesterday, unbelievably, a team of Navy SEALs conducted a successful raid upon the hiding place of Osama Bin Laden in Pakistan. Killing him and quickly burying his body at sea, thus bringing some closure to one of the most tragic events in the history of our country on September 11th; 10 years ago.

"Besides these events, our economic ills may seem small. But to the citizens of Hawaii struggling with the effects of a lengthy recession, what is happening here has a huge effect on everyday lives.

"Our Finance Committee has worked extremely hard dealing with the enormous deficit we faced, led by Chair Marcus Oshiro who never seems

to stop working and whose quest to master the intricacies of the budget is insatiable. The Finance staff helped our members understand the often puzzling numbers and were always patient, smiling and helpful. Thank you, Chair and Finance staff for your tremendous investment of time, energy and spirit. And thank you for your considerable sacrifice. The Finance Committee members mostly arrived on time and were an enthusiastic group, ready to learn, curious, and innovative in some cases. We're very fortunate to have the experience and expertise of Representatives Chong and Yamashita, and the career and life skills of Representative Choy. It has been quite a daunting experience to listen to the new department heads and staffs that are truly dedicated, yet labor under staff shortages, furlough days and budget cuts. Each Committee Chair in his own way struggled too, as advocates they realized the resources available to them were so limited.

"And so we vote on our budget. To quote Chair Oshiro, it is very, very, very tight. Each and every cut was considered carefully, and every Chair felt some sense of loss when coming to the realization that all is not the same as before. But as a Committee and a House, we can be very, very proud that in these difficult times we did not resort to raising the general excise tax; something that would have especially hurt the economy, business, the poor and the elderly. We can be proud that much of the safety-net survived and there is hope that a new day will come if we all do our part and are willing to sacrifice our personal priorities.

"Read the Committee Report. It is a model of thoughtful analysis and is a solid response to the serious fiscal crisis we face. In the long run, this budget will enable us to weather the storm and prevail in the future. I urge the Members' support. Thank you, Mr. Speaker."

Representative Tsuji rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Personally I don't envy the task for the Finance Chair, his Committee and also staff, and I thank you very much. With very limited revenue, and unlimited requests and needs, this Committee made some very hard decisions and, in particular, with agriculture, no matter how miniscule the piece of the pie was, they planted the seeds for agricultural sustainability in the future. With this in mind, I would like to ask that additional written comments be submitted into the Journal. Thank you, Mr. Speaker."

Representative Tsuji's written remarks are as follows:

"I do not envy the task that the Finance Chair and members had this Session. With very limited revenue and unlimited needs, this Committee made hard decisions and did not take it lightly.

"I am in support of this bill because it recognizes agriculture as an important component of Hawaii's economy. Last year, DOA had a 44% general fund reduction that resulted in the delay of services and discontinuation of several functions. Honolulu International Airport, which accounts for 95% of the statewide airport system, has only five to seven plant quarantine inspectors daily. This is a dangerous trend and it is estimated that about 90% percent of invasive species will avoid detection, and thus gain entry into Hawaii. The Conference Committees anticipate the lifting of the hiring freeze to fill the twenty-two plant quarantine inspector positions restored by the Legislature last year in the Plant, Pest and Disease Control program and fifteen additional positions throughout DOA determined to be essential to operations. As such, the bill's language shields DOA from reductions to enable adequate funding for these important positions.

"The Finance Committee also supports the efforts to reduce general fund costs in these challenging economic times by changing the means of financing for twelve positions from general funds to special funds. This alleviates the need to come back to the Legislature annually to seek money for those employees.

"The Finance Chair and Committee showed their dedication to promoting self-sufficiency, conserving resources, and preventing the introduction of invasive species in our State. I thank them and ask that HB 200 pass Final Reading today."

Representative Souki rose to speak in support of the measure, stating:

"Mr. Speaker, thank you very much. And Members of the House. First of all, of course, I want to thank the Chair of Finance for doing a wonderful job, and the Vice Chair and all the members. I know how difficult it is. I once served in that particular role. And this year especially, the third year or the third Session where we had to make cuts that were extremely difficult and he did his job. We have a balanced budget and I think for that we all owe the Committee, and the leadership, a debt of gratitude.

"However the concerns I have, and the caveats I have, are that with what has been done, the ship of state is not well. It continues to, if I can say, rock quite a bit. In the next few weeks there is going to be another Council on Revenues meeting. We expect the projection to be down. The Governor will have then a budget that probably will not be balanced at that time. Further adjustments will have to be made within the budget. This is the ship of state that we have. Do we want to continue with this situation in the years to come? I think it's a given that we don't have enough of an income stream coming into the State to support all of the programs that we have.

"This year we had an opportunity to have a movie industry here to provide additional funding, and through no fault of the House, that particular measure died. We also had a measure for gaming. A lot of people don't like gaming and that's your right, but it had the potential of providing an additional income stream. That has failed. We also had the opportunity to raise taxes, which no one wants. The majority of people don't want that. However it does provide an income stream given the fact there is no other type of income stream that's coming in to support the needed programs for the State of Hawaii.

"The quality of life is diminishing. The number of homeless is increasing. The enrollment of QUEST will be going down when the need should be going up, simply because of the lack of funds. There is over an \$800 million adjustment that was made just to balance the budget, and that includes cuts, lapses, etc., etc., and you know that is going to affect the people and the quality of life in the State of Hawaii.

"So Members, this is not to blame anyone. The Chair and the Leadership did what needed to be done and they balanced the budget courageously, and they've done a wonderful job. But I think we collectively in the future, we must be able to make the strong decisions if we want to maintain the quality of life that we have enjoyed all of these past years. Thank you, very much. Aloha."

Representative Cabanilla rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I just would like to acknowledge my gratitude to the Chair of Finance and the members of the Committee. This Session, there were a lot of needs that needed to be addressed that really don't get a lot of support from the public. But through their vision of the overall needs of the State they were able to fund appropriate needs for the homeless, such as the health van services for the Big Island, as well as outreach services for the homeless and funding more and creating more homeless shelters.

"One of the basic needs of these people, as well as those who are not homeless, is affordable rentals and affordable housing. And in this bill that we're passing today, there are items which the Finance Committee approved that will give flexibility and creative means for private-public partnerships to use federal funds and also tax credits, so private companies can join us in creating more affordable rentals. The Public Housing Authority has also been afforded flexibility to create, build, and maintain new public housing units for our people. And for that I'm thankful for the Committee, and your support, Mr. Speaker, as well as to all the Members. Thank you."

Representative Yamashita rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. I rise in support of House Bill 200, Conference Draft 1. Thank you. Specifically I'd like to speak on the

Capital Improvement Projects budget. At the outset, Mr. Speaker, I'd like to thank you, the Chair of the Committee on Finance, and my fellow colleagues for the opportunity to negotiate on behalf of the House on this portion of the budget. Also I'd like to thank our House CIP Specialist, Erik Abe, for his many hours of hard work and working on behalf of all of us. And of course, my staff, Lois, Kristen, Tannya, and Eddie.

"Over the past four months there have been many challenges and difficulties, but in the end, what is incorporated in House Bill 200, Conference Draft 1, is responsible and responsive to the immediate needs of our people.

"House Bill 200, Conference Draft 1, provides appropriations of capital improvement projects in the amount of \$2,858,762,000 for the biennium by all means of financing. Of that, \$1.477 billion is recommended for General Obligation Bonds and GOR Bonds.

"The impact of the new bond issuances was of primary concern, especially in light of the refinancing of General Obligation Bonds in 2009, which resulted in a dramatic increase in debt service payments beginning in fiscal year '15 and '16. While we continue to invest in infrastructure and facilities vital for the short-term economic growth and job creation, creating too much debt load on our State will stymie our economic viability and drain precious revenues needed for essential programs and services.

"Further compounding the problem was word from the Administration that the clerical error in the accounting of General Obligation Bond authorizations for the State Education Facilities Improvement Special Fund, the SEFI Fund, an additional \$390,000,000 would be needed to be appropriated for Fiscal Year 2011-2012 to ensure that sufficient resources would be available to cover contractual obligations currently encumbered.

"While I understand from an accounting and legal perspective that the amount of General Obligation Bonds authorized and issued must equal the amount of SEFI funds appropriated and expended, the current problem that the \$390 million is intended to fix is a manifestation of a larger, systemic problem with the SEFI's financing mechanism which requires further evaluation and deliberation.

"Because of the sheer number of educational projects funded over the years, and each having encumbered varying portions of the amounts authorized at any given time, it was and continues to be a monumental task for the Department of Budget and Finance to ascertain an exact amount needed for the re-appropriation for the fiscal year. While numerous inquiries were made by this House to the Department of Budget and Finance for an accounting of the specific SEFI Fund appropriations needed to be covered by the appropriation of general obligation bonds, with each inquiry, the House received a different answer. By the time we needed to put this budget together, we received what amounted to, "a best guess" from B&F at what this amount should be -- \$440 million.

"Because we received word of this \$50 million more than what was "officially" requested by the Administration in a Governor's Message just three days before the Final Decking Deadline, there was no way to incorporate this new appropriation into the budget. However, the Department of Budget and Finance did receive word from their bond counsel that any discrepancy in the total amount would not, Mr. Speaker, I repeat, would not jeopardize any bond rating or the ability for the State to issue bonds in the future in any way.

"Mr. Speaker, in my view, this budget shows the Legislature's good faith effort to work with the Administration to fix the problem and to ensure that our credit rating and ability to issue bonds in the future was not hindered.

"All GO and GOR Bond-funded projects were prioritized. Those deemed essential for health, safety, and identified as "shovel-ready" for immediate implementation were included in the budget. It was felt that these projects would fulfill a dual function of protecting the public welfare."

Representative Awana rose to yield her time, and the Chair "so ordered."

Representative Yamashita continued, stating:

"Thank you, Representative. It would fulfill a dual function by protecting public welfare while providing instantaneous stimulus to our economy.

"The largest areas funded by the budget by all means of financing included:

- (1) \$816,166,000 for the Department of Transportation for airports, highways, and harbors;
- (2) \$328 million for the Department of Education, charter schools, and public libraries;
- (3) \$174 million for the University of Hawaii System; and
- (4) \$149 million for the Department of Health, Hawaii Health Systems Corporation.

"In addition, \$7.8 million was appropriated for the repair and reconstruction of infrastructure damaged by the tsunami that struck our State on March 11, 2011.

"Lastly, Mr. Speaker, in recognition of the various community public service-oriented organizations that have not been able to maintain their fiscal infrastructure because of the economic downturn, your Committee also recommended \$20,000,000 in CIP grants-in-aid to assist them.

"Mr. Speaker, it was my privilege and honor to serve you this Session and I respectfully urge my colleagues to support this budget. And, Mr. Speaker, may I also be allowed to insert additional remarks into the Journal. Thank you."

Representative Yamashita's written remarks are as follows:

"Mr. Speaker, may it please this Body, to clarify, it is the intention of your Committee on Conference that for the appropriation of general obligation bonds for fiscal year 2010-2011 of \$16,500,000 for Program ID AGS221 (LUMP SUM MAINTENANCE OF EXISTING FACILITIES, PUBLIC WORKS DIVISION, STATEWIDE), the sum of \$8,000,000 be used for construction to reroof and reseal the State Capitol Building.

"Thank you."

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, I'm standing in support. I would like to be brief. I just would like the words, the very long words of the previous speaker. I never heard him speak that long before in my life, so may they be inserted as my own," and the Chair "so ordered." (By reference only.)

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with a few reservations. Mr. Speaker, I very much appreciate the many hours that the Finance Committee put into our State budget, and the leadership of the Finance Chair and of the staff because it cannot be said enough that not only do they put in their valuable time, but this has been an exceptionally, as the Vice Chair said, difficult year.

"But I have to agree with the words of the Minority Leader, and I ask that they be entered as my own. And also Speaker Emeritus with the exception, and the deletion of the comments regarding gambling. Thank you.

"My concern has been that while it has been a very difficult year, the hope is that there are guiding principles that guide the State budget, that guide where we want to go and not just to tread water and take care of the chaos that surrounds us. The guiding principles of making sure that as it was said by the Finance Chair, that we invest in what we want Hawaii to look like in the future.

"So with the difficulty we have not taken care of aerospace, and film, but we have also not taken care of some of those bills that would have enhanced our unique assets as a State. Our assets that are our strengths.

"And so I'll end with just a quote here from the Blue Planet Foundation.

As the unchecked rise of oil prices continues to batter our State's economy, the Blue Planet Foundation is frustrated that few transformative energy policies advanced at the Legislature this Session and in particular, we are disappointed at the failure to pass critical clean energy measures.

"And they go on to describe those. So it's my hope while we are in what appears to be a survival mode, that yet as Speaker Emeritus did mention, we never forget the guiding principles, the assets, the unique assets of Hawaii and push for those as well. Thank you, Mr. Speaker."

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Mr. Speaker, I'd like to ask that the words of the Finance Chair, the Vice Chair, and the Chair of Health be inserted as if they were my own. And I'd also like to thank the Finance staff. I'm not sure if they're still here, but the staff of Finance and all of the members of the Finance Committee, and especially the freshmen members of the Finance Committee, Mr. Speaker.

"The last thing I'd like to close with is for the last three Sessions we've talked about the 'low hanging fruit' and picking all the low hanging fruit. This Session, with the leadership of Chair Oshiro, we've cut down branches, Mr. Speaker. They were very tough decisions. I'm proud of the work that we've done, and I appreciate the guidance. Mahalo."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have some reservations dealing with charter schools and their desire to seek equality. Thank you, very much."

Representative Kawakami rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Kawakami's written remarks are as follows:

"Mr. Speaker, Members of the House, as the newest Member of this Body, I have to say that I have been so impressed by how we have all handled the deepening concerns around the budget. Although we are facing tough times ahead, I believe that we should, as a Body, stand united and be proud in the fact that we came to this place, observed what was going on around us, and did what we could to conserve the State's resources, while preserving core services and minimizing the impact of some very difficult decisions on the community."

Representative Ward rose to respond, stating:

"Mr. Speaker, just to add a couple of comments inspired by the Vice Chair of Finance. She reminded us that there's no GE Tax. That's a great victory for this budget, for all of the budgets except for those in another chamber that wanted it otherwise. But also I think conspicuously absent in her celebration of the victory was that there's no pension tax in here, Mr. Speaker. That's a victory for this. We did not have to tax our seniors.

"The reality and the wakeup call, however, I should also note came from Speaker Emeritus from Maui. He reminds us that we're in trouble, not only as a State, but as a nation. 40% of the budget that sits in Washington is borrowed money, Mr. Speaker. That is not viable. You're a businessman. You know you cannot borrow for very long, that much and sustain yourself. We need a new model. We need to grow jobs. And we need to grow the pie.

"I'll probably be complaining more later when we get to all of the opportunities for green jobs with photovoltaic and solar on every roof. And instead of really going big time on that, we're having studies, and we're

contemplating our navel about the power of the sun rather than actually harnessing it. Mr. Speaker, we've got to have a resolve, and I think that's the wakeup call from Speaker Joe.

"We've got to wakeup. On May 22nd. How many days away is that? Today's May 3rd. In 19 days, reality hits the fan again. Everybody said we're going to go down again. If you look at where we were in December in terms of the forecast, we were at 0.3 growth. Then on March 10th, it went down to 0.5. And on March 22nd, in a special March 29 prognosis, minus 1.6.

"So if we go again on May 22nd, Mr. Speaker, the probability is very strong we're going to go down, and that's why we've got to think of not just slicing and cutting, but growing and using our assets, and our strength. We've got sun. We've got entrepreneurial people. We've got to think about growing the economy to create jobs that create a good-paying future for our families. So I think it's prescient what the Representative from Maui has said and has warned us. Wake up, House, Senate, Governor. May 22nd. Thank you."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, just in support and a quick rebuttal. I just would say that we probably don't need a new model. We need to return to an old model we had during the Clinton Administration. We had both booming economic growth and we had somewhat higher taxes. But we had surpluses at the federal level for as far as the eye could see. It was a conscious choice on the part of Congress and the Bush Administration to undo what was a very successful fiscal policy and head us in the direction of gigantic debt. So I would say that we don't need a new mode. We need to look to the past for successful models, as opposed to trying something completely different. Mahalo."

Representative Marumoto rose to respond, stating:

"Mr. Speaker, I would not blame all the ills on a national Republican Administration. I am rising in favor of this bill and I did not mention that I wanted my remarks submitted for the Journal. Before closing, I'd like to thank the Chairman and Vice Chairman of the Finance Committee. They had a very, very difficult job. The members of the Minority did try to help in our own ways. We had our differences, but we were very supportive. Thank you."

Representative Marumoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise with reservations on HB 200, the Executive Budget bill. There are many items one can address when discussing the budget, but I would like to bring up just one: charter schools and how this budget affects them.

"Charter schools have offered a popular alternative public education for Hawaii's *keiki*. Since the 2003-04 school year, charter school enrollment has grown from 4,317 students to an enrollment of 9,026 students for the 2010-2011 school year, an increase of 52%.

"The oldest one is in the 19th House District – Waialae Charter School on 19th Avenue in Kaimuki, and I have watched this parent-driven school successfully educate a generation of youngsters with innovative teaching methods.

"Unfortunately charter school funding has not kept up with this growth and has even gone in the reverse. In the 2007-08 school year, per-pupil funding for charter school students peaked at about \$8.6 thousand per student. This school year the per-pupil funding is just around \$5.6 thousand per student. That is a decrease of 35% in just three school years. Charter funding has never equaled that of regular public schools.

"I recognize that our budget situation necessitates cutbacks, but is this fair? This budget does little to correct this inequity. This budget increases charter school per pupil spending to a mere \$6,000 per student. That amount is nowhere near what it was in the 2007-08 school year, and is \$100 less per student than what was in the Administration's December submittal and approved in the HD1 version of the budget.

"Mr. Speaker, we need to show more support for our charter schools. They are *public* schools, and they deserve our help. Last year, throughout all of the Furlough Friday controversy and despite their steep budget cuts, 17 of the State's 31 charter schools took *no* furlough days, with another 9 taking some, but not all of the furlough days available to them. These schools took advantage of the freedom, flexibility and innovation granted them to benefit their students.

"Compared to regular schools, charters have had to operate with less staff and defer building maintenance or capital building projects. Some schools even cut faculty to get through the school year. If this were to continue, many charters would be forced to turn away students or close their doors.

"Moreover, there is no denying the popularity of these schools. Last year, it was reported that Hawaii's charter schools have a wait list of more than 2,800 students. Parents and students recognize that charters offer them an opportunity to attend a school that best fits their children's education needs.

"I recognize the current sad budget situation. But, looking to a brighter future, we must pledge to give these schools more support. We must grant them equity."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 200, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

At 10:21 o'clock a.m., the Chair noted that the following bill passed Final Reading:

H.B. No. 200, HD 1, SD 1, CD 1

At 10:22 o'clock a.m. the Chair declared a recess subject to the call of the Chair.

Conf. Com. Rep. No. 17 and S.B. No. 142, SD 1, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 142, SD 1, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Hanohano's written remarks are as follows:

"Mr. Speaker. This is a Bill for an Act Relating to Dams and Reservoirs which the purpose of is to protect Hawai'i water resources by establishing safeguards and mechanisms to preserve and maintain the State's dams and reservoirs. This bill was not referred to the Committee of Hawaiian Affairs, which is tasked to examine water issues in the State of Hawaii."

Representative Nakashima's written remarks are as follows:

"The former plantation irrigations systems that once supported a thriving sugar industry were crucial to the success of sugar in Hawaii. This same infrastructure continues to serve as a foundation for a new generation of farmers and ranchers in Hawaii and continues to support Hawaiian agriculture. Rules adopted by the Department of Land and Natural Resources following the Koloko Dam failure on Kauai have set high standards in the name of safety that may threaten the continued viability of these historic water systems, rendering them impotent.

"This legislation which we adopt today would require the Board of Land and Natural Resources to consider dams and reservoirs as important water resources for the State and acknowledge the need to maintain and operate them in a safe and feasible manner in the context of an important agricultural industry in Hawaii."

Representative Tsuji's written remarks are as follows:

"This bill protects Hawaii's water resources by establishing safeguards and mechanisms to preserve and maintain the State's dams and reservoirs.

"It specifically directs the BLNR to consider dams and reservoirs to be vital water resources for the State. It will also enable the BLNR to better understand and more strongly consider the importance of dams and reservoirs to the State in connection with the administration of the dam and reservoir safety program in DLNR.

"Agriculture is critical to Hawaii's food security and sustainability. Agriculture ventures need water. Our State is currently experiencing drought, and water storage facilities are essential infrastructure components to irrigation systems and safeguard against below average rainfall."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support to SB142 SD1, HD1, CD1, which requires the Board of Land and Natural Resources to consider dams and reservoirs as important water resources and acknowledge the need to maintain and operate them in a safe and feasible manner.

"Hawaii's dams and reservoirs serve not only our agricultural community, but our energy industry through the offer of hydropower, and our residential communities by supplying our drinking water. The effects of maintaining our dams and reservoirs have far-reaching positive effects to the people of Hawaii and this bill establishes a means by which to preserve them as integral resources for our State's wellbeing."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 142, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO DAMS AND RESERVOIRS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 19 and S.B. No. 1213, SD 1, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1213, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PERMITTING," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 23 and S.B. No. 1503, SD 2, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1503, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL EDUCATION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 25 and S.B. No. 40, SD 2, HD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 40, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PSEUDOEPHEDRINE," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 30 and S.B. No. 217, SD 2, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 217, SD 2, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure. We need to protect Hawaii's children.

"There are untold numbers of hidden child predators who are preying on one child after another, because the statutes of limitations have been configured to give them that opportunity. This is a sunshine law for children and if passed, it will put Hawaii in the forefront of child protection.

"At least one in four girls is sexually abused, and at least one in five boys. Sadly, 90% never go to the authorities and the vast majority of claims expire before the victims are capable of getting to court. Most wrongdoings are done at the hands of family or family acquaintances. This bill would protect the children of Hawaii by making it possible for victims to come forward and identify their perpetrators in a court of law. It is justice for our victims.

"There are three compelling public purposes served by window legislation:

- (1) The identification of previously unknown child predators to the public so children will not be abused in the future;
- (2) Giving child sex abuse survivors a day in court; and

- (3) Remedying the wrong done to child sex abuse survivors caused by an overly short statute of limitations that placed predators and their enablers in a preferred position to the victims.

"Statute of limitations reform is the one tried and true means that will identify the many hidden child predators, who are grooming other children as we speak. The "window" in California led to the public identification of over 300 perpetrators previously unidentified. Delaware also enacted a window, which has led to the public identification of dozens of perpetrators previously hidden.

"A number of improvements have been incorporated into this measure including pieces of Delaware and California law. Please do not let this bill slip away for the children of Hawaii. I urge the Members' support."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I support SB 217, S.D. 2, H.D. 2, C.D. 1, which expands the ability of sex abuse victims to seek civil claims and damages for abuse that occurred during childhood. The bill revives for a two year period claims that were barred by the expiration of the former statute of limitations and eliminates the statute of limitations for any new acts of childhood sexual abuse. Persons who commit or have committed acts of childhood sexual abuse will be held accountable for their actions. As well, any legal entity that owes or owed a duty of care to the victim or exercise or exercised responsibility over the person who committed the act will be subject to liability.

"Incorporated into the bill are certain safeguards, including the requirement of a certificate of merit documenting a third party's professional conclusion that there is a reasonable basis to believe that the sexual abuse occurred. This bill will help to bring justice for past victims and protect children from sexual abuse in the future. I urge my colleagues to vote in favor of the bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 217, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO LIMITATION OF ACTIONS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 32 and S.B. No. 1025, SD 1, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1025, SD 1, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Aquino's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of the measure. This bill would make an assault on a firefighter or water safety officer while they are performing their important duties, a felony. Mr. Speaker, this is needed to ensure that those who are keeping us safe from harm and danger can carry out their work without undue interference and harm upon themselves. This is a bill that our counties needed.

"Another part of the bill would also classify a felony offense for an individual who unlawfully enters a home where there are seniors, developmentally challenged, or incapacitated individuals. This is also sorely needed in our communities and neighborhoods, Mr. Speaker. Home invasions - especially on those who I have mentioned - can be a traumatic experience. The tougher punishment of a Class B felony seeks to protect our most vulnerable in our communities from those who prey on them. For those reasons Mr. Speaker, I strongly support this measure. Thank you."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I rise in support of SB 1025 SD1 HD1 CD1, which adds the assault of firefighters and water safety officers to the offense of assault in the second degree and creates a Class B felony for unauthorized entry in a dwelling based on occupant's age and incapacity. Firefighters and water safety officers are public safety employees who are responders to a number

of dangerous and rescue situations and are responsible to protect and render aid. Unfortunately, there have been incidents when individuals have used physical violence against these employees during the performance of their official duties. We need to provide the safety net for our firefighters and water safety officers and display their importance through the protection of this law by the consequence that may follow for those who may commit those unlawful acts.

"This measure also, includes a Class B felony for any unauthorized entry by any person that is not invited into a dwelling that is inhabited by someone who is sixty-two years of age or older, incapacitated, or/and has a developmental disability. It serves as a protection for lawful dwellers that are unable to defend themselves. This sends a message to the criminals that we care for our *kupuna* and if you want to do the crime than you will have to pay the consequences. Thank you, Mr. Speaker."

Representative Johanson's written remarks are as follows:

"I rise in support of SB 1025, Mr. Speaker. I am truly glad that through this measure, we are giving additional protection to our firefighters and water safety officers, who protect us and our community on a daily basis. Mr. Speaker, I am also very supportive of creating a Class B felony for criminals who prey on our seniors in their homes. We need to take greater care of our seniors and this measure creates greater levels of protection for the elderly and those who are most vulnerable."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in strong support of this bill which will protect firefighters and water safety officers from unnecessary harm from members of the public. Also, this bill will establish a new offense of unauthorized entry in a dwelling in the first degree, as a Class B felony, for intrusions into dwellings in which vulnerable individuals are present.

"Being a victim of a home invasion is very traumatic, and more so for the elderly and disabled individuals. Thus, this bill will reflect a stronger punishment against the perpetrators.

"Firefighters and water safety officers respond to many rescue incidents and are exposed to individuals who may use physical violence against them. This bill will provide protection in case such an event occurs."

Representative Choy's written remarks are as follows:

"Mr. Speaker, I rise in support of SB1025 SD1, HD1, CD1. This bill enhances penalties for those who assault life guards and firefighters, and also protects our senior and disabled population from home invasions.

"My speech focuses on the second part of the bill that will increase unlawful entry into a dwelling from a Class C felony to a Class B felony for those who enter a dwelling of another and there is person who is a senior or disabled individual in the dwelling when the unlawful entry occurs.

"Mr. Speaker, I fortunately have two older dogs, Maile and Tanner. Whenever a stranger comes into my driveway, my dogs alert me. Because they are getting older and probably losing some of the hearing, I even installed cameras outside my house.

"Some homes do not have dogs. One of my constituents, a senior citizen, was watching tv while someone invaded his home. From what his children told me, due to Alzheimer's disease, he was unaware of the break-in and the rummaging through his home. Lucky for him, he did not notice the intrusion. In another case, also involving a senior constituent, the man was beaten by the intruder.

"I am happy that the Conference Committee decided to make this crime a strict liability crime. In other words, if you enter into another's dwelling, you have just committed a felony if someone happens to be lawfully in the dwelling.

"With increased use in drugs, especially crystal methamphetamine, and I would like to also add even perhaps our economic situation, home break-

ins seem to be increasing. Everyone should not live in fear of someone breaking into their homes. I hope this gives a strong tool to our prosecutors to stop criminals before they can do real harm.

"This bill should send a message to criminals that if they want to break into someone's home, they better knock first before entering because once they enter unlawfully and someone else is inside, tough luck! Thank you, Mr. Speaker."

Representative Kawakami's written remarks are as follows:

"Mr. Speaker and Members of the House. As the past President of the Hawai'i State Association of the Counties, and the one who first requested that this measure be introduced as part of its original legislative package, which was subsequently introduced this Session by both Speaker Say and Senate President Tsutsui, it is an honor to be able to see this piece of legislation move through the legislative process and be able to come here and actually shepherd this bill through its final passage. This measure is extremely important to the counties and the State as it protects those who are in charge of protecting us. I am so grateful for the support of my colleagues in both House and Senate in getting this measure passed."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1025, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PENAL CODE," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 33 and S.B. No. 1067, SD 1, HD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1067, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PROBATION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 34 and S.B. No. 285, SD 2, HD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 285, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 36 and S.B. No. 806, SD 1, HD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 806, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TEACHERS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 38 and S.B. No. 1290, SD 1, HD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1290, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAIIAN HOMES COMMISSION ACT, 1920, AS AMENDED," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 39 and S.B. No. 1331, SD 2, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1331, SD 2, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I support SB 1331, S.D. 2, H.D. 2, C.D. 1, which requires the University of Hawaii to report on certain special and revolving funds for a five year period. The bill's reporting requirements are reasonably limited to those funds with an unencumbered cash balance

of \$1,000,000 or more, or a cash deficit of \$1,000,000 or more at the end of the previous fiscal year, where the balance is greater than twenty-five percent of the previous fiscal year's expenditures. This bill will provide increased transparency and greater accountability of funds appropriated to the University of Hawaii.

"I urge my colleagues to vote in favor of the bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1331, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 42 and S.B. No. 742, SD 2, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 742, SD 2, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Aquino's written remarks are as follows:

"Thank you, Mr. Speaker. I am in support of Senate Bill 742. This measure allows the State Fire Council to hire two positions: an administrator and an assistant. These positions allow the Council to carry out their statutory duties and to implement the reduced ignition propensity cigarette program which would be established in another measure.

"Currently, there is one part-time assistant who is carrying the water, Mr. Speaker. Should this bill pass, this would greatly help the Council fulfill its responsibility to provide public safety and health throughout our communities statewide. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 742, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE FIRE COUNCIL," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 43 and S.B. No. 1383, SD 2, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1383, SD 2, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Takai's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure. For the past ten years, Hawaii 3R's has successfully put a dent in the public school repair and maintenance backlog by providing proactive schools with a way to complete needed repair and maintenance projects outside of the normal DOE process.

"Additionally, Hawaii 3R's provides community-minded businesses and organizations with a means to give back to the public schools across the state through donations and volunteerism.

"Another reason that I support Hawaii 3R's endeavors is that they have built a partnership with the Joint Venture Education Forum (JVEF), a partnership between the Department of Education and the United States Pacific Command.

"This relationship benefits not only military-impacted or military-partnered schools, but all of Hawaii's public schools through increased military partnerships. Through funding from JVEF, Hawaii 3R's can provide grants to over 100 military-impacted, dependent, or partnered schools.

"The level of support that the community has given to Hawaii 3R's and, more importantly, to the public schools is extremely encouraging.

"Skilled and unskilled volunteer labor from private businesses, the military, civic clubs, churches, teachers, parents, and students, combined

with donations from community businesses and foundations, have all contributed to the success of Hawaii 3R's.

"I believe that it is necessary to continue to provide resources to support Hawaii 3R's. They have proven their commitment to improving the condition of public school facilities and promoting community involvement. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1383, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO SCHOOL REPAIR AND MAINTENANCE," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 44 and S.B. No. 2, SD 2, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 2, SD 2, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in support for SB 2. This requires the Department of Land and Natural Resources to initiate and coordinate all efforts to establish a public lands information system. This public lands information system is long overdue and will assist decision makers in making crucial decisions in the usage of public lands. *He ali'i ka 'āina, he kauwa ke kanaka* (The land is chief, man is servant)."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC LAND," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 50 and S.B. No. 34, SD 1, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 34, SD 1, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I support SB 34, S.D. 1, H.D. 1, C.D. 1, which makes necessary improvements to the procedures for small claims heard in the Tax Appeal Court. In particular, the bill prohibits pretrial discovery without the Tax Appeal Court's prior written approval, limits costs and fees that may be awarded to the prevailing party to fees paid directly to the Tax Appeal Court, and requires that appeals of decisions where a county is a party be served on the relevant county's Real Property Assessment Division.

"The existing procedures frustrate the purpose of the State's small claims tax appeal process and the costs of appeal can far exceed the amount of the dispute. This bill represents a balanced approach to the procedures for small claims before the Tax Appeal Court. I urge my colleagues to vote in favor of the bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 34, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAX APPEALS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 51 and H.B. No. 1094, HD 1, SD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. Conf. Com. Rep. No. 53 and H.B. No. 555, HD 1, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 555, HD 1, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Aquino's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of House Bill 555. Mr. Speaker, this bill seeks to update and strengthen last session's graffiti bill. Some of the notable amendments include:

- Increasing the distance to remove graffiti through community service from one hundred yards to two hundred fifty yards of the original offense;
- Graffiti removal should not place the convicted person in danger and does not cause any public inconvenience; and
- In lieu of graffiti removal, the convicted person may serve up to one hundred hours of community service.

"Mr. Speaker, this bill allows some flexibility options for our court judges to sentence convicted persons. I truly believe this will help to better and beautify our communities while still providing stiff punishment for those who break the law. Thank you, Mr. Speaker."

Representative Johanson's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of HB 555. I think this measure is an important part of the restitution process. Graffiti is a significant problem in my community as I know it is in many of my colleagues' communities as well. Graffiti can often be the precursor to further, more serious crime. Thus, we need to combat it early on for the good of our community. I believe this measure restores the community damaged by graffiti and holds the perpetrator accountable for their actions in a responsible, effective way that benefits all."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 555, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO GRAFFITI," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 54 and H.B. No. 866, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 866, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Tsuji's written remarks are as follows:

"Mr. Speaker I am in support of HB 866. Colleagues, this bill will help address the many challenges faced by Hawaii's apiary industry by allowing beekeepers to register with the Department of Agriculture (DOA).

"When this measure was first introduced, there was appropriation language. However, in Conference Committee that was deleted while retaining the provisions establishing the apiary program. DOA officials were consulted and they are agreeable to the CD1, as the Department is eager to begin the program.

"The devastating discovery of the Varroa mite on Oahu in 2007, and on the Big Island in 2008, indicates a need to improve the Department of Agriculture's ability to quickly respond and control further spread.

"Mr. Speaker, your Committee on Agriculture took great interest in earlier testimony stating that, "The lack of registration extremely hindered the initial responses to Varroa mite detections on Oahu in 2007, and on Hawaii Island in 2008. While beekeeping associations existed on these islands, precise knowledge of where beekeepers located hives in relation to first detection would have allowed the Department to develop better strategies to respond to Varroa mite incursions with careful consideration of the potential impacts on beekeepers."

"HB 866 is a good first step to address any new invasions, whether it is Varroa mite, small hive beetle or new pests or diseases to Hawaii. Beekeeping registration provides the DOA with a more effective mechanism for rapid response in times of need. I ask my colleagues to join me in support of this bill."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I support HB 866, H.D. 2, S.D. 2, C.D. 1, which allows beekeepers to register with the Department of Agriculture so that the State may better address the challenges faced by the apiary industry in Hawaii. The State does not currently compile statistics on this industry and will benefit from beekeepers' data on apiary activity to develop statistical information. Information provided to the Department as part of this optional registration will be protected and kept confidential pursuant to chapter 92F, Hawaii Revised Statutes, though the name and business address of registrants will be made public. The bill also establishes an apiary program within the Department and requires it to report to the legislature on the effectiveness of beekeeper registration in keeping accurate statistics on the industry.

"The recent losses of Hawaii's bee colonies threaten honey production and agricultural production and the Department was limited in its ability to respond and support the apiary industry because it did not know the exact location of hives and the affected numbers of bees and colonies. This bill will allow the Department to take proactive steps to support beekeeping as registration will allow it to identify and locate beekeepers, survey beekeepers to determine if any new pests or diseases have been introduced to Hawaii's bee colonies, and provide services such as pest and disease diagnostics. By ensuring that Hawaii's beekeeping industry remains strong and vibrant we move closer to a sustainable Hawaii.

"I urge my colleagues to vote in favor of the bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 866, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 56 and H.B. No. 663, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 663, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in support of HB 663, a measure which provides consumers the benefit of greater transparency regarding renewal clauses in consumer contracts, and provides clarity to cancellation procedures for such contracts.

"Automatic renewal presents an unwanted burden to many consumers, who too often do not realize, upon entering into a contract, that such a provision even exists. It is only after being charged multiple times, sometimes without realizing it, that many consumers become aware that they are still paying for a service they no longer use. To compound the harm done, cancellation procedures for such contracts are often complicated and frustrating for the consumer. HB 663 HD2, SD2, CD1 allows for clarity and a greater level of simplicity and fairness for consumer contracts."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 663, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CONTRACTS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 931, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Hanohano's written remarks are as follows:

"Mr. Speaker. This bill concerns small boat harbors in the State of Hawai'i and there was no referral to Committee of Hawaiian Affairs. Small boat harbors are on public lands and the Committee on Hawaiian Affairs is tasked to examine public lands."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 931, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO SMALL BOAT HARBORS," passed Final Reading by a vote of 48 ayes to 1 no, with Representative Jordan voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 59 and H.B. No. 227, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 227, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Nakashima's written remarks are as follows:

"Agricultural theft threatens the viability of our sustainable agriculture industry where profit margins are already razor thin, and farmers and ranchers toil long hours to make ends meet.

"In order to provide relief for Hawaii's farmers, this bill makes entering or remaining unlawfully on unimproved or unused agricultural lands without permission an offense of criminal trespass in the second degree if the lands are fenced, enclosed, or secured, or a sign is displayed. The bill would also establish a limited liability for agricultural land owners for any injury, death, loss, or damage suffered by a trespasser."

Representative Tsuji's written remarks are as follows:

"I am in support of this bill as it would help protect owners of unimproved and unused land by, among other things, making entering or remaining unlawfully on unimproved or unused agricultural lands without permission the offense of criminal trespass in the second degree if the lands are fenced, enclosed, or secured, or if a sign that meets certain criteria is displayed to provide notice. The bill also adds definitions for "agricultural land", "fallow", "owner", "trespasser", and "unimproved or unused lands".

"Testimony throughout this Session affirmed the merit of this bill as it sets the penalty for those who have long been exposed to liability resulting from injury or death of persons who commit the offense of criminal trespass onto the property

"By creating these definitions, owners and occupants of unimproved/unused land (including agricultural land which is fallow or has a visible presence of livestock or a crop) are now legally protected, and thus I am in support of HB227."

Representative Keith-Agaran's written remarks are as follows:

"Mr. Speaker. This measure provides owners and tenants of unimproved or agricultural lands with new legal remedies in the event of unauthorized entry to their lands.

"I introduced this bill as a vehicle to address a long-standing anomaly in our criminal trespass statute which hindered its effective use to combat agricultural theft and trespassing on our range and farmlands. The Hawaii criminal trespass statute included an unrealistic requirement for the landowner or occupier of "unimproved" range lands to provide actual notice to the trespasser that the trespasser – for example, perhaps an armed poacher – was encroaching on private land. This measure adds a new subsection to the Penal Code allowing for criminal prosecution for unlawful entry onto unimproved lands as criminal trespass in the second degree. By carefully defining "unimproved or unused land" and also requiring fencing or signage, it is my hope that this new prosecutorial tool will only be used in the cases involving egregious willful intruders.

"I believe that the changes to the criminal law provisions in Hawaii Revised Statutes sections 708-800 and 708-814 better reflects the reality for ranchers and farmers in managing large tracts of open, sometimes fallow, acreage. The amendments hopefully will alleviate some of the frustration suffered by ranchers in dealing with poachers and other trespassers, and provides a better tool for police and other law enforcement officials to implement this law.

"I do have some reservations with the language added to the bill that carves out changes to Hawaii's civil liability law. Approximately 40 years ago, the Hawaii Supreme Court ruled that all landowners have "a duty to exercise reasonable care for the safety of all persons reasonably anticipated to be upon the premises," regardless of their legal status. Section 3 of this measure, establishes a new statutory limitation on the liability of agricultural landowners to trespassers, and therefore represents a different approach to the issue. I am encouraged, however, that this section of the measure applies only to agricultural land that is in excess of four acres, and is fenced or has clear signage to exclude the general public. Therefore it is my hope that this new limitation on landowner liability will not come to be utilized in the case of persons who innocently wander onto land that is not actively used for agriculture."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 227, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TRESPASS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 66 and H.B. No. 56, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 56, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Johanson's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 56. I believe grandparents play an important role in the health of child. My own grandmother was an integral part of my life and played such a significant role in my growth and development. This measure recognizes this unique bond between grandparent and grandchild and allows for grandparents to continue playing a role in a child's life and development. I wholeheartedly support any measure that furthers the best interest of Hawaii's children."

Representative Takai's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure. In 2010, I attended the National Conference of State Legislators Annual Meeting where I met with Texas Senator Leticia Van de Putte who is a strong advocate for children, veterans, and quality public education. She currently serves as Chair of the Veteran Affairs and Military Installations Committee, and serves as a member of the Senate Committees on Education, State Affairs, and Business and Commerce and is the Chair of the Texas Senate Democratic Caucus.

"In Texas, Senator Van de Putte authored Senate Bill 393, relating to grandparents' visitation. She shared with me that after hearing of the heartbreak felt by so many families, she was compelled to help the children of military members who are deployed remain connected with their non-custodial parent's family. This legislation, similar to Hawaii's House Bill 56, allows visitation rights for grandparents with a judge's order. It permits family courts to award reasonable visitation to grandparents if denial of visitation would cause significant harm to the child. Additionally, it establishes presumption that visitation decisions by the parents are in the best interest of the child.

"Since the bill's passage in Texas, the protection has been proven effective in reinforcing family ties for children whose parents are mobile. Sen. Van de Putte was very pleased to hear that Hawaii is pursuing this law which ultimately, and most importantly, focuses on the well-being of children.

"There's tremendous value in meeting with colleagues from across the nation at conferences such as the NCSL Annual Meeting. In fact, I'm proud to mention that our very own Hawaii Medal of Honor has now been embraced by the State of Alaska and the State of New Hampshire."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 56, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD VISITATION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1654, HD 1, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Choy's written remarks are as follows:

"Mr. Speaker, I rise in support of HB1654 SD1, HD1, CD1. This bill provides an automatic repeal of conditional use permits that have been

issued, but not used within one year from issuance or have not been used within a one year period after issuance.

"I believe I have two examples of what this bill will do. We have two homes in Manoa that were used as youth transitional facilities. Currently, the organization has withdrawn from using these homes as youth transitional facilities. Others should be afforded an opportunity to use these permits. Testimony indicated that unless a permit is allowed to terminate, services that should be provided may not be available. It makes no sense to have an organization hold on to a permit it is not using. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1654, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO GROUP LIVING FACILITIES," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1003, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I support HB 1003, H.D. 2, S.D. 2, C.D. 1, titled the "Protect Victims of Domestic Violence Act." The bill provides greater protection to victims of domestic violence by elevating certain crimes where the victim had obtained against the defendant a temporary restraining order, protective order, or protection of the police, or where the victim was known to the defendant to be a witness in a family court proceeding. Crimes against these victims are currently insufficient to provide adequate deterrence and this bill will upgrade murder in the second degree to murder in the first degree, and the misdemeanor offenses of assault in the third degree and terroristic threatening in the second degree to the class C felony offenses of assault in the second degree and terroristic threatening in the first degree.

"The bill is part of the Hawaii Law Enforcement Coalition's legislative package and has full support of the Attorney General, the United States Attorney for the District of Hawaii, Prosecuting Attorneys of the four counties, and the Chiefs of Police of the four counties. The bill is intended to deter violence against victims of domestic violence that the courts and police have already recognized are in need of protection and are attempting to keep safe. By upgrading crimes against these victims, the State will help ensure their safety and stiffly punish those who defy temporary restraining orders, protective orders, or police orders.

"I urge my colleagues to vote in favor of the bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1003, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PENAL CODE," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure, which seeks to combat prostitution by including witnesses in cases that involve promoting prostitution amongst those that are afforded the greatest priority when determining whether the resources of the statewide witness protection program may be provided. Individuals who are caught being prostituted may cooperate with law enforcement if they are provided witness protection. Their testimony may help ensure the effective prosecution of those involved in prostitution activities and prevent more women from being victimized and exploited. For these reasons, I urge the Members' support."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in support of this measure, which implements several recommendations from law enforcement to make successful prosecution of existing sex trafficking laws more effective.

"First, the bill makes amendments to HRS 28-101, adding witnesses to cases involving promoting prostitution the highest priority to government protection. Such an inclusion affords those caught up in prostitution operations a greater sense of security in testifying, which can mean all the difference in the outcome of a sex trafficking case. Those with a financial stake in the promotion of prostitution often use fear and violence as tactics to ensure their victims stay silent. Providing witnesses with protection from these dangers can create a safe and productive dialogue with those witnesses to build a stronger case against those who've done wrong.

"This Conference Draft also refines our penal statutes to broaden the notion of the coercion used by sex trafficking promoters. This bill includes the use of fraud as a means to compel a person to engage in prostitution as an element of promoting prostitution in the first degree. We received testimony that a considerable number of those who are brought to Hawaii and forced to work as prostitutes under false pretenses by someone they believed they could trust. Broadening the definition of fraud provides an additional tool for the criminal prosecution of such deception. These changes were recommended by the Prosecutor's Office and the final language vetted with law enforcement and our Penal Code with the intent to improve and strengthen Hawaii's existing sex trafficking laws.

"Passing this legislation – or a stand-alone sex trafficking statute in place of our present prostitution law – however, will accomplish little unless our law enforcement agencies have adequate training to identify and pursue applicable cases – testimony indicated that law enforcement and other officials may not be able to distinguish the nuance between the culturally constructed prostitution case and the reality of coerced sex trafficking. Much of the debate over several Sessions has been the resistance of law enforcement officials to go beyond what the Trafficking Task Force recommended some years ago – changes that advocates for sex trafficking victims assert have not gone far enough and as a result have not been very effective. I would not be surprised if criminal convictions statistics do not markedly improve in bringing sex trafficking promoters to justice until such information becomes a regular part of training for our law enforcement officials. Nevertheless, this bill marks a start towards a different mindset about criminal elements in the sex trade."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 240, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PROMOTING PROSTITUTION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in support to HB 141. This bill establishes Class A and B felonies for labor trafficking offenses. This measure provides a clearer and more structural means for law enforcement agencies to protect and aid victims of trafficking. This statute moves the State of Hawai'i in the right direction of social justice."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in support of this measure to provide law enforcement with a clearer basis on which to protect victims of labor trafficking. Hawaii has for too long been a state without adequate safeguards to prevent our people, as well as those of other states and nations, living a life of servitude, and suffering in our islands.

"HB141 creates a single, comprehensive state statute to assist local law enforcement with a tool to pursue cases against modern day slavers. As in the case of the changes to our sex trafficking laws in HB 240 CD1, a key to effective use of this tool will depend on training officials to become aware of labor trafficking tactics and to use this statute to pursue these cases. The tragedy of the Thai labor cases is that victims were viewed as being in run-of-the-mill employee-employer wage disputes rather than enslaved in a criminal enterprise. How well this statute works will depend on the human beings charged with using its provisions to properly identify and to protect labor trafficking victims."

Representative Johanson's written remarks are as follows:

"I rise in support of HB 4, Mr. Speaker. I want to thank and congratulate my colleagues for their hard work on this measure, which is particularly important to many of the schools and communities in my district because of the significant number of military families we have within House District 32. This measure makes it easier for military children to transition into our local schools and provides realistic and helpful mechanisms for ensuring their success here in Hawaii. Given all the sacrifices our service members and their families make on behalf of our country, I am truly pleased that we are able to honor and recognize their service in this small, but significant way by ensuring that their children are able to excel in Hawaii's classrooms."

Representative Takai's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure. Military children are our nation's children. Care of military children sustains our fighting force and strengthens the health, security and safety of our nation's families and communities.

"Military families move between postings on a regular basis, and while reassignments can often be a boon for career personnel, they can be difficult for the children of military families. I have been working closely with Retired Brigadier General Norman Arflack and Rick Masters from the Military Interstate Children's Compact Commission (MIC3). General Arflack is the Executive Director of MIC3 and Rick Masters is the Legal Counsel MIC3. We have been working for the past couple of years to resolve the educational transitional issues that are faced by these children and their families stationed in Hawaii.

"The average military student faces transition challenges more than twice during high school and most military children will attend six to nine different school systems in their lives from kindergarten to 12th grade. The overall purpose of this measure is to make permanent Hawaii participation in the Interstate Compact on Educational Opportunity for Military Children (ICEOMC), which attempts to permanently remove educational barriers faced by children of military families due to frequent moves and deployment of military parents.

"Enacted first in 2009, Act 152 allowed Hawaii to join the Interstate Compact on Educational Opportunity for Military Children for two years. Act 152 has a lapse date of June 30, 2011. HB4 will remove the lapse date and will permanently ease the transition for the military children so that they are afforded the same opportunities for educational success as other children and are not penalized or delayed in achieving their educational goals.

"The bill recognizes and addresses the issues and the uniqueness of Hawaii's state-wide school system, such as allowing Hawaii's tuberculosis clearance requirement and allowing the child of a deployed service member to continue and finish the school year at the school currently enrolled while in the custody of a guardian. Hawaii will be joining 36 other states that have adopted the compact. Hawaii State Commissioner Brigadier General (ret.) Dr. Kathleen Berg heads our State councils and works tirelessly with military-impacted schools of the terms of the compact.

"Since the 2008 legislative session, my staff and I have worked with numerous organizations and individuals to analyze how Hawaii supports children who frequently move into and out of our education system. Together with Department of Education Military School Liaison Cherise Imai, Senator Jill Tokuda, former Senator Norman Sakamoto, and Representative Roy Takumi, I have worked diligently over the past decade to build a comprehensive partnership between the military and our school system to understand and recognize the unique challenges facing military children and their families. The success of the Interstate Compact in

Hawaii highlights the support behind the Military Appreciation Package that my office coordinates each session. These bills, resolutions and appropriations that make up this package demonstrate the Legislature's support and appreciation of Hawaii's military community.

"The Military Appreciation Package was created to support the efforts of our men and women who have served throughout our history and all who now serve in uniform and their families, as well as, those Americans who have given their lives in defense of our freedoms we all enjoy today. The pieces of legislation that comprise the Military Appreciation Package address some of the many challenges facing our military personnel and their families, including significant recruitment and retention issues, especially for the National Guard and Reserves. It honors, remembers, recognizes and appreciates all military personnel.

"Every session, my staff and I work closely with legislators in the House and Senate, representatives from the active, Guard, and Reserve branches of the military, veteran groups, and concerned individuals to address the needs of our military men and women and their families. This session, thanks in large part to the efforts of Lisa Vargas and Kristine Duong from my office, the package includes eleven bills, seven resolutions and over \$66 million in FY2011-2012 and over \$63 million in FY2012-2013 in capital improvements funds to build or improve facilities. In the seven years I have been coordinating this package, I am fairly certain that this has been our most successful package to date.

"Over the years, we have introduced various measures to address veterans' cemeteries improvements, educational benefits and tuition assistance for service members, creating the Gold Star Family license plates, military base capital improvement projects, tax exemptions on vehicles, adjustment of deadlines for State and county elections to accommodate overseas voters, and funding for the National Guard Youth Challenge Academy. If there is any way we can assist the needs of our military men and women and their families, you can be sure we will find it.

"May is National Military Appreciation Month, as designated by Congress, and provides a time and place on which to focus and draw attention to our many expressions of appreciation and recognition of our armed services via numerous venues and also to recall and learn about our vast American history. It recognizes those on active duty in all branches of the services, the National Guard and Reserves plus retirees, veterans, and all of their families - well over 90 million Americans and more than 230 years of our nation's history.

"On May 1, 2011, President Barack Obama delivered the news that many families, soldiers and veterans have waited for nearly a decade to hear. Word of Al Qaeda leader Osama Bin Laden's death caused a national - and even international - pent-up sigh of relief. But with relief also came memories . . . memories of those who could not be here with us to celebrate the news - those whose deaths have led us to this day.

"On the fateful sunny Tuesday morning in September just ten years ago, 2,819 U.S. citizens in New York, Pennsylvania and Washington D.C. would not live to see September 12. With heavy hearts, we also bid 'aloha' to members of our own Hawaii *ohana*: Georgine Corrigan, Christine Snyder, Heather Ho, Maile Hale, and Rich Y.C. Lee.

"In response, U.S. military forces activated around the country and in our global bases on a mission to bring those responsible for the heinous murders to justice. We discovered soon after that the man taking credit for the attacks was Osama Bin Laden. From then on, the U.S. led a world-wide man hunt for him.

"Since 2001, 5,900 valiant members of our U.S. Army, Navy, Air Force, Marine Corps, and Coast Guard (including our Army and Air National Guard) have given their lives in this pursuit. As President Obama solemnly reaffirmed, "The American people did not choose this fight. It came to our shores, and started with the senseless slaughter of our citizens. After nearly 10 years of service, struggle, and sacrifice, we know well the costs of war."

""Freedom isn't Free" isn't just a catchy bumper sticker – it's a declaration that those who defend our country with their lives do so for the millions of other Americans they have never and will never meet.

"One of the most unfortunate consequences of war is the loss of our men and women in uniform. The establishment of the Hawaii Medal of Honor in 2005 has allowed the Legislature and the entire State of Hawaii to recognize military personnel with Hawaii ties killed in action. The Legislature held, for the sixth time, a Joint Session this past March to honor and award Hawaii's fallen soldiers and their families with the Hawaii Medal of Honor. A total of 284 service members have been honored since March 29, 2003.

"I would like to include the following report from Brigadier General (ret.) Kathleen Berg, who also serves as Hawaii's State Commissioner for the MIC3. In this report, General Berg details the activities over the past two years."

Report on Activities of the Hawaii State Commissioner and the Hawaii State Council of the Interstate Compact on Educational Opportunity for Military Children (ICEOMC)

May 2, 2011

As we near the two-year anniversary of the passage of Hawaii's Interstate Compact law, I would like to recount the major accomplishments to date of the Interstate Compact on Educational Opportunity for Military Children (ICEOMC) Hawaii State Commissioner and the ICEOMC Hawaii State Council.

After Hawaii's law was signed in June 2009, making the state a member of the ICEOMC, the Hawaii Department of Education (HIDOE) embraced the compact and immediately began implementation of the law, beginning with the recommendation for appointment of the state commissioner. After Board of Education approval, I was appointed in October 2009 and began working with the HIDOE military liaison Ms. Cherise Imai, who acts as the administrative assistant for the commissioner. The HIDOE covers the operation of the ICEOMC Hawaii State Council through Ms. Imai's office.

As the state commissioner, I am responsible for the administration and management of the state's participation in the compact. My duties include chairing the state council and setting its agenda and activities as well as representing Hawaii on the national commission (nicknamed MIC3 for Military Interstate Children's Compact Commission), which is made up of commissioners from each of the compact member states. Shortly after my appointment, I attended the second annual meeting of the national commission where the final set of compact rules was approved for implementation by the member states starting January 2010. At that meeting I was elected to serve as the commission vice chair for 2009–2010, and I joined the Training and Communications Committee. I remain active on that committee and was re-elected last year as vice chair for 2010–2011. Through my membership on the MIC3 Executive Committee, as vice chair, I have given Hawaii a prominent voice in the operation of the commission, and Hawaii has benefited from visits the past two years by commission leadership and legal counsel, who have helped answer questions from our local constituency about the compact and Hawaii's compact law. I have also played an integral role in identifying, adapting, and creating training materials for use by state commissioners for their role in providing training to their state school personnel about the compact and its provisions to ease the transition of military children from school to school as their families move with each change of station or deployment of their military parent.

At the end of 2009, I worked closely with the HIDOE military liaison to coordinate with the military services in Hawaii as well as with the other agencies represented on the state council to identify our members and

hold the first state council meeting. Starting with that meeting on April 22, 2010, the council has held a total of seven official meetings and one informational meeting; our next official meeting is scheduled for June 16, 2011. We have had a very active state council.

The council is a cooperative partnership composed of seventeen members including the governor, legislators, education and military representatives. While other states have identified one military representative for their councils, Hawaii has included representatives of the Army, Air Force, Navy, Marines, Coast Guard, and the United States Pacific Command. Superintendents from school complex areas with a high number of military dependents are included to complete the forum. The state commissioner is an ex-officio member of the council and presides over the meetings.

Over the past year, our state council formed into a wonderfully collaborative and productive group. We had a great start, with the Governor of Hawaii attending our first meeting in person to give appropriate emphasis to the importance of our job—to provide the coordination among relevant agencies of government, local education agencies, and military installations concerning the state's participation in, and compliance with, the compact and Interstate Commission activities. Our success was due to the individuals who made up the council, including leadership from the legislative education committees, superintendents from the HIDOE, and uniformed military representatives with authority and rank who had children of their own in Hawaii public schools and were supportive, constructive, and experienced from their work with the Joint Venture Education Forum. When action was needed, the people in the room were the ones who could make it happen. Listed below are some of the major achievements of the council during the first year of its operation.

- Establishment of an appeal process that parents can use to get redress for decisions at the school level that they feel violate the rules of the compact
- Selection of a military family education liaison to assist military families and the state in facilitating the implementation of the compact
- Examination of placement issues in high school involving algebra and state history courses when similar or prerequisite courses are taken in middle/intermediate school
- Clarification of requirements for the Board of Education Diploma in terms of course substitution
- Exploration of the rules and requirements in athletics in the public schools through an ad hoc committee with participation by both civilian and military members
- Word-by-word examination of Hawaii's compact law with changes as recommended in preparation for the reauthorization of the state law to make Hawaii a permanent member of the Interstate Compact
- Solicitation of support and testimony for passage of the reauthorization legislation

Meetings of the council resulted not only in decisions on major issues, but in rich discussions of educational topics often not directly related to the compact but of importance to the military community. Through such discussions understanding and appreciation grow, bridges are built, and relationships are developed that strengthen understanding and cooperation. From my work chairing the council came an invitation from Major General Terry to be part of the US Army TV Town Hall meeting in July 2010; I presented a briefing on the compact that was followed up with commentary by MG Terry. Subsequently, a recording of the briefing and comments was made available to us for posting on the HIDOE website devoted to the Interstate Compact, which, by the way, was set up through the efforts of Ms. Cherise Imai as part of the "Aloha, Military Families and Students" (AMFAS) website hosted by the department. That website also contains all the agendas and minutes of council meetings as well as links to educational materials, news articles,

bios, compact rules, and other information relevant to the Interstate Compact and Hawaii's participation.

Ms. Imai also coordinated a very aggressive communication program of briefings, forums, and formal training sessions conducted by the state commissioner and the military family education liaison. I have briefed the Board of Education, HIDOE Leadership Team, Military Youth Advisory Council, and Hawaii Joint Interservice Regional Support Group (HJIRSG) and held forums with the military School Liaison Officers (SLOs) and the Military Impacted Principals Council. I conducted formal training for principals at several different complex area meetings throughout Oahu; the military family education liaison (Mr. Darren Dean) and Ms. Imai conducted training sessions for school registrars as well as some principals. Mr. Dean and I both participated in the Hawaii Joint Spouse Conference at an information table for the Interstate Compact. My status as a retired brigadier general as well as the ICEOMC state commissioner garners me invitations to military events, allowing another venue for publicizing Hawaii's role in the Interstate Compact. Ms. Imai is coordinating a schedule to provide training to the rest of the school principals in the state this year, and we are exploring the use of web-based presentations for periodic refreshers as well as initial training for new principals. The ICEOMC training report is updated regularly and posted on the AMFAS website.

Ms. Imai's role in the work of the state commissioner and the council is invaluable, and this relationship has turned out to be an ideal organization for the smooth execution of the provisions of the Interstate Compact. It surely accounts for much of the success we have enjoyed in Hawaii in the implementation of the compact rules within the HIDOE, communicating and educating through briefings, forums, and training sessions. According to the national commission's executive director, Brig Gen (Ret) Norman Arflack, who visited Hawaii in April of this year, Hawaii and Virginia are the furthest along in compact implementation of the 35 member states, and Hawaii's state council is the most active. I am very pleased and proud to have played a part in these efforts, working with the dedicated educators of the HIDOE as well as with committed civilian and military leadership, to ease the transition of military dependent students in and out of Hawaii public schools.

Hawaii has sometimes been a target of negative attention and press regarding our school system and our efforts to improve the education for our children. This is why I was so please to see an article written in the local military paper about the Interstate Compact. The following is the article taken from

Representatives, military, educators meet for interstate compact
Hookele – Pearl Harbor Hickam News

Mainland representatives from the National Interstate Compact Commission in Kentucky met with members of the Hawaii State Educational Opportunity for Military Children (also referred to as the Military Interstate Children's Compact Commission or MIC3) on April 15 to discuss ways to improve the quality of education and address unique challenges faced by children of military families.

Rep. K. Mark Takai Hawaii State Representative of (District 34- Aiea, Pearl City), military leaders, Hawaii Department of Education officials and educators convened at Lehua Elementary School in Pearl City, host school for the Friday session. Lehua is one of the 45 schools in Hawaii that have significant populations of military dependent students.

Sixth grade students at Lehua welcomed guests and offered presentations and slam poetry, talking about what they experienced as their parents leave on deployment and the ensuing separations. They also used the strategies of the "Seven Habits of Highly Effective People" in their presentations.

Beginning this school year, Lehua implemented the "Seven Habits" by Steven Covey in its curriculum. Known in schools as "The Leader in Me" program, students learn the habits of success and leadership skills as part of their curriculum.

Fay Toyama, principal at Lehua Elementary, explained that 61 percent of the school's students are military dependents, according to the school's official enrollment count day in August 2010. She emphasized the importance of the interstate compact to help children from military families as they transition to schools in other states.

"The interstate compact is important for all students to continue their education as much as possible with the least amount of interruption, especially at the primary school level when the basic foundations are established for lifelong learning," Toyama said.

"When students are enrolled after the school year starts, they are missing out on learning, as well as the social aspects of being among peers. The compact allows for students to transition as smoothly as possible when their parents are transferred from one duty station to another," she added.

Brig. Gen. (retired) Norman Arflack, executive director of the National Interstate Compact Commission, and Rick Masters, legal counsel to the commission, highlighted the significance of the military in celebration of the Month of the Military Child and the importance of the compact for military children.

Arflack commended the state of Hawaii on the accomplishments that it has made with regard to the compact. "If every state had the organization and structure Hawaii has, there would no challenges. You have broken the code here in Hawaii," he said.

Masters noted that other states look to Hawaii as a model and that Hawaii is one of the most active state models in the nation. "Other states monitor what is being done here. This is what the compact is about," he said.

So far, 36 states have joined the interstate compact. According to Arflack, the 36 states that are currently members of the compact represent almost 78 percent of the military student population. The goal is for all 50 states and U.S. territories to eventually be part of the compact. Six states, including New York, Pennsylvania, Vermont, Nebraska, North Dakota and Nevada, currently have pending legislation.

Arflack said that Hawaii has the largest number of representatives in military uniform. "It's important to have senior leaders sitting around the table with educators and making decisions," he said. Arflack noted that the participation between all military branches and the Department of Education is an important part of Hawaii's program and what makes it so successful.

Brig. Gen. (ret.) Kathleen F. Berg who serves as the state commissioner for Hawaii for the Interstate Commission on Educational Opportunity for Military Children, added, "We have a really nice working model here [in Hawaii]. There needs to be a lot of sharing among states."

Takai discussed the significance of the military involvement. "We have considerable participation from all branches of the military [Department of Defense] and homeland security with the Coast Guard," he said.

"We go to the mainland and we are one of the models that other states look to for guidance," he noted.

"Our military children, just like our local children, deserve the very best. We work tirelessly to meet the special needs and demands of being a military child," Takai added.

Hawaii enacted Act 152 in 2009 that allowed Hawaii to join the Interstate Compact on Educational Opportunity for Military Children for two years. Currently, the legislature is discussing reauthorization of the law under House Bill 4 for the enactment of the interstate compact on

educational opportunity for military children, which was introduced by Takai.

"The interstate compact strengthens and builds on Hawaii's support to our military community. The compact will ease the challenges created when children are uprooted from school as parents are transferred or are deployed," Takai explained.

There are common problems that impact military students as a result of frequent moves and deployments. States that join the compact agree to work together with other "compact" states in creating uniform standards of practice regarding transfer of school records, course placement, graduation requirements, redundant or missed testing, and entrance age variations.

"The overall purpose of the interstate compact is to remove educational barriers faced by children of military families due to frequent moves and deployment of military parents," Takai said.

Arflack emphasized the importance of the interstate compact for military children. "We're trying to see that military kids aren't disadvantaged," he said.

"[Military] children talk about how tough it is when their parents deploy. We have to do what we can do as a commission to relieve that burden," Arflack said.

Conf. Com. Rep. No. 90 and H.B. No. 1079, HD 2, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1079, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FEES FOR HABITAT CONSERVATION PLANS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 91 and H.B. No. 1000, HD 2, SD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1000, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ENHANCED 911 SERVICES," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 94 and H.B. No. 423, HD 1, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 423, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 95 and H.B. No. 855, HD 1, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 855, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST PACIFIC POWER AND WATER COMPANY, INC., IN THE DEVELOPMENT OF HYDROPOWER FACILITIES IN HAWAII," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 98 and H.B. No. 545, HD 1, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 545, HD 1, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in support of HB 545, which facilitates the elections office creating a system for online voter registration by the 2014 election.

"This measure is a step toward increasing voter access to, participation in, and turnout for, Hawaii's elections – all of which play a significant role in ensuring the integrity of our State's electoral system. A comprehensive process by which to allow voters to register with greater ease is what Hawaii needs to increase our comparatively low level of voter participation. Using technology to ease the registration process is one step towards providing full opportunity for our people to participate in elections."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 545, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO VOTER REGISTRATION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 99 and H.B. No. 828, HD 2, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 828, HD 2, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I strongly support this bill which addresses cash business tax enforcement in a more practical and business friendly fashion. This measure requires that those businesses conducting more than ten taxable transactions per day in cash to offer a receipt or other record and maintain a record of all business transactions whether generated by hand or cash register.

"This measure repeals the penalty for failure to record transactions by cash register and clarifies that a receipt and record of cash transactions may be hand written or generated by a cash register. This will allow merchants at a farmers' market and craft fairs a fairer and more practical way to comply with tax reporting requirements.

"This is a step forward towards addressing the issue of merchants compliance to insure that cash transactions are properly reported and general excise taxes are paid on such transactions."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 828, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 100 and H.B. No. 838, HD 2, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No.

838, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO REAPPORTIONMENT," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 101 and S.B. No. 1089, SD 1, HD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1089, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO DISLOCATED WORKERS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 104 and S.B. No. 163, SD 1, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 163, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE BONDS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 108 and S.B. No. 1348, SD 2, HD 3, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1348, SD 2, HD 3, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HEALTH INSURANCE EXCHANGE," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 109 and S.B. No. 1174, SD 2, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1174, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CHARTER SCHOOLS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 110 and S.B. No. 1284, SD 2, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1284, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 112 and H.B. No. 1333, HD 1, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1333, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO SMALL CLAIMS COURT," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 116 and H.B. No. 761, HD 1, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 761, HD 1, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Jordan's written remarks are as follows:

"I stand in strong support of HB 761, HD1, SD2, CD1 – Relating to Intellectual Disabilities. The purpose and intent of this bill is to change references to "mental retardation" or like terms in the Hawaii Revised Statutes to "intellectual disability" or like terms. This bill follows a national movement led by self-advocates to use people-first language that is less offensive and more respectful, and to eliminate the negative stigma that is associated with the term mental retardation or like terms. Two of my constituents submitted testimony on this measure before the House Humans Services Committee and both individuals shared their personal experience in supporting this measure. These individuals are the champions that we should recognize in this nationwide effort and in

representing their voice. It is my privilege to stand in strong support of this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 761, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO INTELLECTUAL DISABILITIES," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 117 and H.B. No. 1045, HD 1, SD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1045, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 120 and H.B. No. 1342, HD 1, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1342, HD 1, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Nakashima's written remarks are as follows:

"This bill would exempt broadband infrastructure improvements from State or county permitting requirements for five years, under certain conditions. This is necessary to support a federal grant to expand broadband access to all of our public schools and for efforts to achieve federal "narrow banding" requirements for first responders as set by the Federal Communication Commission. This legislation will also assist in efforts by the University of Hawaii to provide broadband access to all public schools and libraries in the State of Hawaii bringing this important resource to rural communities in the State."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1342, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TELECOMMUNICATIONS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 122 and H.B. No. 1089, HD 1, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1089, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CONFORMITY OF THE HAWAII INCOME TAX LAW TO THE INTERNAL REVENUE CODE," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 123 and H.B. No. 960, HD 1, SD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 960, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO LOW-INCOME HOUSING," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 124 and H.B. No. 1405, HD 1, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1405, HD 1, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Hanohano's written remarks are as follows:

"Mr. Speaker. This bill implements smart growth principles without using indigenous principles that have been established by the host culture (*kanaka maoli*). This bill uses states (Maryland and Florida) that are not island oriented."

Representative Nakashima's written remarks are as follows:

"In order to preserve Hawaii's natural resources for future generations, it is important to identify and plan for a system of greenways and trails statewide. Many of these valuable natural resources have already been diminished by the need for development and growth, however it is not too late to set out a policy of preserving greenways and trails to insure that the needs for growth are balanced by the desire to preserve Hawaii as a very special place."

Representative Jordan's written remarks are as follows:

"I speak in strong support of HB 1405, HD1, SD1, CD1 – Relating to Planning. The purpose of this bill is to promote smart growth and sustainability in the State by requiring the Office of Planning to develop a plan to establish a statewide system of greenways and trails. The City and County of Honolulu Department of Planning and Permitting testified in support of this bill and explained that "such a plan would provide enhanced predictability for local communities and the community planning process and would allow for more systemic planning, design and funding of greenway and trail projects." The Outdoor Circle and Sierra Club Hawaii Chapter also submitted testimony in support of this measure. This bill is the first step in a process toward a broader examination of other elements of smart growth, including an analysis of the long-term land use planning needed to support Hawaii's energy and food needs. Thus, I ask for your support of this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1405, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PLANNING," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 126 and H.B. No. 1082, HD 1, SD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1082, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE CONSERVATION AND RESOURCES ENFORCEMENT SPECIAL FUND," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 134 and S.B. No. 1482, SD 1, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1482, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC UTILITIES COMMISSION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 135 and S.B. No. 146, SD 1, HD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 146, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO BIOFUEL," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 136 and S.B. No. 1244, SD 2, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1244, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO BIOFUELS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 142 and H.B. No. 1568, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1568, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Tsuji's written remarks are as follows:

"This bill protects Hawaii's natural environment from the threat of invasive species and assists Hawaii's agricultural industry. It would establish biosecurity and inspection facilities at major State airports and harbors to strengthen and support Hawaii's agricultural industry and protect Hawaii's environment from invasive species.

"In Governor Abercrombie's *A New Day in Hawaii* publication, he stressed "A strong economy is not one based on unfettered consumption of our natural resources, but instead one that is sustainable over time." One of the bullet points that followed was to "Improve prevention, management, and response system for invasive species."

"We are keenly aware that Hawaii's beauty is a fragile and complex ecosystem that can be destroyed by any introduction of invasive species. Hawaii's geographical isolation results in importation of most of the products that we use. This creates numerous pathways for invasive pests to arrive here. Stopping the threat of invasive species at ports of entry by constructing and operating biosecurity facilities is the most effective and economical means of protecting our islands.

"Modern, enclosed inspection facilities will provide safeguards and will also assist the agricultural industry in alleviating the delay experienced when shipping perishable items out-of-state. Also, the biosecurity facilities will serve as a barrier to the exporting of invasive species to other parts of the world, which may result in embargos and quarantines of our produce and goods.

"DOA and DOT would collaborate to make these facilities. I believe this is appropriate especially when you think about the many ways goods arrive in Hawaii and who is responsible for the necessary inspections.

"Evidence shows that *preventing* a new pest establishment is much more economical than eradicating a pest or, even worse, controlling it indefinitely once it is established. Mr. Speaker, the State has already seen the negative effects of having less ag inspectors defending our ports of entry. We cannot further risk the future of Hawaii's agriculture by letting our guards down against invasive species. Colleagues please join me in support of HB 1568."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1568, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

At 10:55 o'clock a.m. the Chair noted that the following bills passed Final Reading:

"Members, please remember to submit to the Clerk your list of bills on the Consent Calendar for which you will be inserting written comments, in support or in opposition. This must be done before the adjournment of today's Floor session."

ORDINARY CALENDAR

UNFINISHED BUSINESS

Representative McKelvey, for the Committee on Economic Revitalization & Business presented a report (Stand. Com. Rep. No. 1755) recommending that S.C.R. No. 111, SD 1, be adopted.

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.C.R. No. 111, SD 1, be adopted, seconded by Representative Evans.

Representative Thielen rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Thielen's written remarks are as follows:

"SCR 111 SD1 provides a Sunrise Review on SB 1522, SD2, HD1 which requires the regulation of large scale commercial dog breeders and dog breeding facilities. This Review will be instituted by the Auditor for the Department of Commerce and Consumer Affairs which would become the licensing and regulating authority for commercial dog breeders.

"Although legislation was introduced this Session regulating dog breeders, several issues must first be considered in order to produce effective laws which consistently prevent and discourage puppy mills while allowing reputable hobby breeders to continue producing quality healthy dogs. Limits on dogs, whether it is one or one hundred, may not address the puppy mill problem as much as establishing strict health and housing requirements for dogs. These standards of care should include adequate food, fresh water, clean housing, socialization, regular vet care and limits on numbers of litters which can be produced by a breeding female.

"The Sunrise Review will consider not only how many breeders will be impacted by this legislation, but how effective licensing will be on eliminating puppy mills. SCR 111 SD1 will enable us to enact legislation which works, rather than pass a law which will prevent dog hobbyists from breeding healthy and happy family pets."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 111, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO CONDUCT A SUNRISE REVIEW OF THE REGULATION OF LARGE-SCALE DOG BREEDERS AND DOG BREEDING FACILITIES," was adopted, with Representatives Carroll and Pine being excused.

Representative B. Oshiro moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Evans and carried: (Representatives Carroll and Pine were excused.)

H.B. No. 467, HD 2, (SD 1)
 H.B. No. 924, HD 2, (SD 2)
 H.B. No. 1056, HD 1, (SD 2)
 H.B. No. 1107, HD 1, (SD 2)
 H.B. No. 1434, HD 2, (SD 1)

The Chair addressed the Clerk who announced that the record of votes for the appropriate measures had been received which indicated that the requisite number of House Conferees appointed had agreed to the amendments made by the Senate, and had cast affirmative votes to report said measures to the Floor for final disposition.

H.B. No. 467, HD 2, SD 1:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 467, HD 2, on the following showing of Ayes and Noes:

Ayes, 5 (Rhoads, Keith-Agaran, Yamashita, Wooley and Fontaine).
 Noes, none. Excused, none.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, H.B. No. 467, HD 2, SD 1, entitled: "A BILL FOR AN ACT RELATING TO WHISTLEBLOWERS' PROTECTION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

H.B. No. 924, HD 2, SD 2:

Representative B. Oshiro moved that H.B. No. 924, HD 2, SD 2, pass Final Reading, seconded by Representative Evans.

Representative Cabanilla rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cabanilla's written remarks are as follows:

"Mr. Speaker, I am in strong support of HB 924 HD2, SD2.

"This measure simply reinstates insurance coverage that has been previously paid for by certain construction companies that may have been inadvertently dissolved by a court ruling. This measure will ascertain if the companies can cover any liabilities incurred from construction defect, thereby ultimately benefiting the consumers and our citizens. I thank the members in supporting the intent of this legislation and the benefits that it will bring to our State."

The motion was put to vote by the Chair and carried, and H.B. No. 924, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

H.B. No. 1056, HD 1, SD 2:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 1056, HD 1, on the following showing of Ayes and Noes:

Ayes, 5 (Takumi, Rhoads, Yamashita, Belatti and Johanson). Noes, none. Excused, 1 (Saiki).

Representative B. Oshiro moved that H.B. No. 1056, HD 1, SD 2, pass Final Reading, seconded by Representative Evans.

Representative Johanson rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of HB 1056. I think this measure is important in helping equip our schools with quality talent at the administrative level. By making current certification routes for principals and vice principals more flexible, we are allowing for an infusion of potentially non-traditional, but equally valuable and effective administration in our local schools. I hope this change will infuse new ideas, experiences and vibrancy into the Department of Education and our classrooms – a clear benefit to all of our students."

Representative Awana rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in support. This bill will provide for highly qualified individuals to be certified principals and vice-principals in our school system. Allowing the Department of Education with options will assist with the ongoing challenges our schools face – administrators who may not have the necessary documentation in one area, but yet may excel in another area which is equally beneficial to becoming an administrator. For these reasons I am in support. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.B. No. 1056, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO THE CERTIFICATION OF PRINCIPALS AND VICE-PRINCIPALS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

H.B. No. 1107, HD 1, SD 2:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 1107, HD 1, on the following showing of Ayes and Noes:

Ayes, 3 (Aquino, B. Oshiro and Fontaine). Noes, none. Excused, 2 (Ito and Takai).

Representative B. Oshiro moved that H.B. No. 1107, HD 1, SD 2, pass Final Reading, seconded by Representative Evans.

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. May I have a ruling on a potential conflict? I'm a member of the Hawaii Army National Guard," and the Chair ruled, "no conflict."

Representative Takai continued in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Takai's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure. Last year, President Obama selected Honolulu as the host for the annual Asia-Pacific Economic Cooperation (APEC) Leaders Meeting in November 2011. The Asia-Pacific Economic Cooperation is the premier forum for cooperation among Asia-Pacific economies on trade and investment issues.

"The annual APEC gathering is one of the world's largest intergovernmental meetings and is attended by heads of state, cabinet ministers, heads of the World Bank and World Trade Organization, and other business leaders. This will be the single largest gathering of distinguished world leaders in Hawaii's history.

"Scheduled for the week beginning November 13, 2011, the meetings will be very beneficial for Hawaii's economy, as they are expected to draw more than ten thousand people to Honolulu and will provide a boost to the State's struggling tourism industry.

"High profile events, such as the Asia-Pacific Economic Cooperation meetings, carry many security concerns. With security preparations already underway, it is in the State's best interest to maximize its security resources.

"HB 1107 will help increase the capability of our Hawaii National Guard – "Hawaii's own" – in using the appropriate level of force during civil disturbance and riots, as well as enhance our Hawaii National Guard's readiness in a federal mobilization and deployment in support of the Global War on Terrorism.

"Currently only our Hawaii Law Enforcement (Police and Sheriffs) are allowed to use electric guns. This hinders the Hawaii National Guard's ability to adequately support Hawaii Police should they need our valued assistance in preventing and deterring civil disturbances and riots.

"Passing HB 1107 will allow our Hawaii National Guard to be prepared for our Federal Mission to protect the United States. Currently Active Duty units are training in non-lethal instruments to include electric guns in order to provide the appropriate level of force during situations in deployments to Afghanistan.

"Allowing our Hawaii National Guard to possess and train on electric guns will increase our readiness and prepare our Soldiers in the event of a deployment overseas for the Global War on Terrorism. It is necessary for the safety and protection of our Soldiers and Airman who are put into harm's way. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 1107, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO THE

HAWAII NATIONAL GUARD," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

H.B. No. 1434, HD 2, SD 1:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 1434, HD 2, on the following showing of Ayes and Noes:

Ayes, 3 (Rhoads, Yamashita and Cullen). Noes, none. Excused, none.

Representative B. Oshiro moved that H.B. No. 1434, HD 2, SD 1, pass Final Reading, seconded by Representative Evans.

Representative Har rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. May I get a ruling on potential conflict? At my law firm I represent contractors. Thank you," and the Chair ruled, "no conflict."

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Mr. Speaker, I rise in opposition to HB 1434. I wholeheartedly believe that people should be fairly compensated for their hard work. I also believe that people who willfully violate prevailing wage laws should be held accountable for their actions. However, this measure leaves no room for an employer who made an honest mistake in calculating wages. By making each violation punishable instead of grouping systematic mistakes into one single violation, the consequences for honest mistakes are more than punitive – they can be crippling for our local businesses. We need to take actions that help businesses to thrive here in Hawaii and I do not believe, despite its intent, that this bill will accomplish that. Rather, it has the potential to negatively impact our small businesses and Hawaii's economy."

The motion was put to vote by the Chair and carried, and H.B. No. 1434, HD 2, SD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC WORK PROJECTS," passed Final Reading by a vote of 42 ayes to 7 noes, with Representatives Ching, Fontaine, Johanson, Marumoto, Riviere, Thielen and Ward voting no, and with Representatives Carroll and Pine being excused.

At 11:00 o'clock a.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 467, HD 2, SD 1
H.B. No. 924, HD 2, SD 2
H.B. No. 1056, HD 1, SD 2
H.B. No. 1107, HD 1, SD 2
H.B. No. 1434, HD 2, SD 1

At 11:01 o'clock a.m. Representative B. Oshiro requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:02 o'clock a.m.

Conf. Com. Rep. No. 7 and S.B. No. 281, SD 2, HD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 281, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ANIMAL INDUSTRY," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 8 and S.B. No. 1493, SD 1, HD 3, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1493, SD 1, HD 3, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. Brief comments, please. A brief comment that when astronomy is your number one industry, and as a world leader, darkness is a natural resource. This bill is about protecting the 30 meter telescope and having the resource of darkness not intercept what it's done. It may sound trivial, but we're the leaders of astronomy in the world and we have the 30 meter telescope.

"Mr. Speaker, this is an important bill, even though it has a 'twinkle, twinkle, little star' kind of title to it and people look otherwise. It's very serious. Thank you."

Representative Morikawa rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Morikawa's written remarks are as follows:

"In support with reservations. The goal of this measure is an excellent one, especially when you can plan future lighting projects to achieve it. The consequence, however, are the costs for replacement fixtures. The decorative lamp posts will all need to conform and may not look appealing unless all lamp posts are changed at the same time. These costs will be tremendous to the Counties, State and other businesses."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Jordan rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I speak in support of SB1493, SD1, HD3, CD1 – Relating to Light Pollution. Artificial lighting has many negative impacts on biological and cultural resources. It affects Hawaii's astronomical observatories, impeding the viewing of the stars, which is important for Native Hawaiian Cultural Practices. It also affects native wildlife populations, like turtles and marine birds, who are often disoriented and disrupted by the glare from unshielded outdoor lighting. There is a duty of protection owed for natural areas that attract native wildlife at locations such as Kaena Point and Kaneilio Point on Oahu that house habitats for Newell Shearwaters and Hawaiian Sea Turtles and this legislation is just one step toward that protection. The use of shielded lights will reduce light above the horizontal plane and direct it toward populated areas, where it is needed. This will improve energy efficiency and reduce light pollution."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1493, SD 1, HD 3, CD 1, entitled: "A BILL FOR AN ACT RELATING TO LIGHT POLLUTION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 9 and S.B. No. 631, SD 1, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 631, SD 1, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On Conference Committee Report No. 9, Senate Bill 631, Relating to Renewable Energy, I'm voting in favor of it, but I do have one strong reservation. Thank you.

"Mr. Speaker, unfortunately this bill will allow the use of B Class land, agricultural land classified as B, B as in boy, which means that it is much more valuable agricultural land. Some renewable energy projects could really prohibit the use of the B land then for agricultural purposes. I think we could have done this without including that land in there, and I thought at one point that was going to be removed, but it isn't. So that's my reservation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 631, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 12 and S.B. No. 975, SD 1, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 975, SD 1, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Saiki rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 975, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO APPRAISALS," passed Final Reading by a vote of 42 ayes to 7 noes, with Representatives Belatti, Hanohano, C. Lee, Luke, Rhoads, Saiki and Takai voting no, and with Representatives Carroll and Pine being excused.

At 11:06 o'clock a.m., the Chair noted that the following bills passed Final Reading:

S.B. No. 281, SD 2, HD 2, CD 1
S.B. No. 1493, SD 1, HD 3, CD 1
S.B. No. 631, SD 1, HD 2, CD 1
S.B. No. 975, SD 1, HD 2, CD 1

Conf. Com. Rep. No. 13 and S.B. No. 1519, SD 3, HD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1519, SD 3, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MORTGAGE LOAN ORIGINATORS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 18 and S.B. No. 14, SD 2, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 14, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL DEVELOPMENT," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 20 and S.B. No. 298, SD 3, HD 3, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 298, SD 3, HD 3, CD 1, entitled: "A BILL FOR AN ACT RELATING TO BUSINESS REGULATION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 21 and S.B. No. 1485, SD 1, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1485, SD 1, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Morikawa rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Morikawa's written remarks are as follows:

"With strong reservations. Employees deserve fair treatment. There is a process in place to deal with personnel issues. One of the causes of a failing school is the lack of motivation, guidance and training. I hope that the Superintendent of Education will do what's best for our children and respect the rights of our teachers and other DOE employees."

Representative Nakashima rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Nakashima's written remarks are as follows:

"Mr. Speaker, I stand in opposition to this measure. This bill, would allow the Superintendent of Education to reconstitute a public school. Mr. Speaker, this measure is necessary because of our failure to implement a meaningful and effective evaluation and in-service training program for the public schools.

"School principals receive woefully inadequate training in the execution of the teacher evaluation program and teachers are denied the opportunity to succeed in their chosen profession.

"Principal evaluation is almost non-existent. It consists of a form and a few pages of notes, but falls well short of the policy mandate for administrator performance contracts as mandated in Act 51.

"Mr. Speaker, without a system of evaluation, feedback and when necessary corrective action, our public school system cannot move forward and succeed in the "Race for the Top." This bill does nothing to improve the school system or to address the needs of staffing inadequacies as it merely allows the superintendent to "pass the trash." Our students deserve better than this Mr. Speaker."

Representative McKelvey rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Keith-Agaran rose to speak in support of the measure with reservations, stating:

"In support with some slight reservations that I'd like to put into written comments."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I have reservations on SB1485 SD1 HD1 CD1 which would allow the Superintendent to reconstitute a public school that has been in restructuring for four or more years.

"I respect the present Superintendent of Education. I worked with her in the Cayetano Administration and personally know she is a smart and effective administrator. However, until the Department of Education has produced an adequate and comprehensive evaluation of Hawaii's public school teachers and administrators, it is premature to allow the Superintendent the sweeping powers to remove some or all of a public school's personnel. This measure raises particular concerns in regard to our rural and Neighbor Island schools, where the retention of successful principals and teachers may be jeopardized.

"Our current law already authorizes the Superintendent with enough authority to make changes when existing policies and agreements are respected and followed. Shortcuts are no substitute for carefully considered reform. I fear that too many times policymakers believe that creating a law completes the reform mission. But as the State has experienced with Act 51 and other past efforts, follow-through, implementation and changing an entrenched culture takes more than tough words in the Hawaii Revised Statutes."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1485, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO RECONSTITUTING SCHOOLS," passed Final Reading by a vote of 40 ayes to 9 noes, with

Representatives Chang, Cullen, Hanohano, Ito, Kawakami, McKelvey, Nakashima, Souki and Wooley voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 22 and S.B. No. 1282, SD 1, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1282, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 24 and S.B. No. 986, SD 2, HD 3, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 986, SD 2, HD 3, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE CRIMINAL JUSTICE SYSTEM," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 26 and S.B. No. 181, SD 1, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 181, SD 1, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Cabanilla rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 181, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PHOTOVOLTAIC-READY NEW RESIDENTIAL HOMES," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

At 11:08 o'clock a.m., the Chair noted that the following bills passed Final Reading:

S.B. No. 1519, SD 3, HD 2, CD 1
S.B. No. 14, SD 2, HD 1, CD 1
S.B. No. 298, SD 3, HD 3, CD 1
S.B. No. 1485, SD 1, HD 1, CD 1
S.B. No. 1282, SD 1, HD 1, CD 1
S.B. No. 986, SD 2, HD 3, CD 1
S.B. No. 181, SD 1, HD 1, CD 1

At 11:09 o'clock a.m. Representative B. Oshiro requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:09 o'clock a.m.

Conf. Com. Rep. No. 28 and S.B. No. 106, SD 1, HD 1, CD 1:

Representative B. Oshiro moved that notwithstanding the recommendations contained in Conference Committee Report No. 28, that S.B. No. 106, SD 1, HD 1, CD 1, be recommitted to the Committee on Conference, seconded by Representative Evans.

The motion was put to vote by the Chair and carried, and S.B. No. 106, SD 1, HD 1, CD 1, entitled "A BILL FOR AN ACT RELATING TO THE HAWAII PENAL CODE," was recommitted to the Committee on Conference, with Representatives Awana, Carroll and Pine being excused.

Conf. Com. Rep. No. 27 and S.B. No. 49, SD 1, HD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 49, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CORRECTIONAL FACILITIES," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 29 and S.B. No. 1068, SD 1, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1068, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ANIMAL CRUELTY," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 31 and S.B. No. 229, SD 1, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 229, SD 1, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure. Domestic abuse takes a heavy toll on both victims and their employers, including increased security and safety concerns, reduced productivity, and increased healthcare costs. As a result, victims of domestic abuse can face a loss of their jobs at a time when employment and financial independence is critical.

"The act of firing (or not even hiring) prohibits the victim from earning a living wage with which to support her children, lowers her confidence and inhibits her ability to further pursue employment, causes other potential employers to see her in a less positive light, jeopardizes the ability to maintain a place to live, increases the risk of depression and increases the likelihood of having to go on public assistance. Women retreat back to their abuser because they do not have the finances to leave. All of these negative effects only serve to re-victimize the victim.

"We are hopeful Hawaii can follow the footsteps of Illinois, New York City, Connecticut, Rhode Island and Westchester County in New York State who have enacted legislation to ban discrimination against a victim of domestic violence, sexual assault, or stalking. Other states have safety accommodations such as screening phone calls, allowing the employee to work in the back of the office with a lock on the door, etc. As of now, the time frame allowed to the victim is case by case.

"The Conference draft adds a provision that allows employers to request the employee provide corroboration of their victim status in order for the protections available under section 378-2, Hawaii Revised Statutes, to apply. This provision will help address employer concerns over abuse of protection under the new law.

"Leaving things the way they are is not an option. How many more cases do we need to review in order make changes? This bill offers protection and reassurance that the victim will have stable employment through tumultuous times. State legislation that models the previously introduced federal SAFE Act would enable battered women to seek safety while working towards financial independence."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 229, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT RELATIONS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 35 and S.B. No. 1394, SD 1, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1394, SD 1, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Cabanilla rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker, and I would like permission to insert written comments."

Representative Cabanilla's written remarks are as follows:

"Mr. Speaker, it is extremely difficult to find affordable housing in Hawaii. This bill authorizes the HPHA to enter into contracts with developers to develop public housing projects in exchange for commercial space in the project.

"Public-private partnerships can bring much needed affordable housing. Mixed use developments are in line with Smart Growth design. Residents are then in close proximity to shopping and other community amenities. They become less dependent on cars or other transportation as they are able to walk to these services.

"And concomitantly, commercial space can be situated in high traffic areas, while residents can be placed on higher floors, giving more privacy and quiet. Mixed use development is the wave of the future. It is a win-win for both developers and residents.

"Mr. Speaker and colleagues, please support SB 1394, SD 1, HD 1, CD 1, which will put Hawaii on track with developing affordable sustainable housing."

Representative Johanson rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Thank you, Mr. Speaker. I am in support of SB 1394. I believe this innovative measure has the potential to vastly improve the quality of life and create greater self-sufficiency in public housing complexes by potentially offering residents nearby and convenient places to work and shop. It also encourages local businesses to invest in our community and in affordable housing. I hope that a creative idea such as this can reduce the cost of living and offer our neighbors a good home, not merely an adequate shelter."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1394, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAII PUBLIC HOUSING AUTHORITY," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 37 and S.B. No. 1511, SD 1, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1511, SD 1, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Keith-Agaran rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. The bill will increase the maximum lease terms for aquaculture operations from 35 to 65 years, and allow aquaculture lessees who are in good standing to renew their leases; and thus, would encourage greater commercial aquaculture production in the State of Hawaii. I have reservations however, about the environmental and cultural impact of expanding commercial finfish open ocean cage aquaculture operations.

"We have yet to understand how offshore aquaculture will impact our environment. This type of industrial aquaculture has introduced parasites and diseases into the wild fish stocks of the Canadian Coast. Also, experiments in Hawaii have encountered lost cages, escaped fish, and damaged coral. In allowing any extension, the Department of Land and Natural Resources should include appropriate conditions for monitoring environmental effects and for modification of the leases to deal with adverse impacts on natural resources.

"Thus, I support SB1511, SD1, HD2, CD1 with reservations."

Representative Tsuji rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tsuji's written remarks are as follows:

"SB 1511 would give parity to aquaculture leases with other ag leases. Increasing aquaculture lease terms to sixty-five years and allowing aquaculture lessees who are in good standing to renew their leases would only encourage greater commercial aquaculture production in the State.

"Furthermore, this bill assists all aquafarms that are approved for State leases, including near-shore saltwater aquaculture, inland freshwater aquaculture and aquaponics, and even revival of Hawaiian fishponds if they are owned by the State.

"Speaking more broadly, this bill addresses the public's growing interest in food security and self-sufficiency in Hawaii, as we currently import approximately 90% of our seafood.

"The value of Hawaii's aquaculture production has nearly doubled in the last 12 years, to more than \$32 million in 2009. This measure would increase the maximum lease terms for aquaculture and aquaponics farms, which would encourage investment in farm facilities and allow farmers greater access to Federal loan guarantees."

Representative Jordan rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I would like to express my reservations on SB 1511, SD1, HD2, CD1, which increases the maximum term for aquaculture leases from thirty-five years to a maximum term of sixty-five years. While the purpose of this bill is to encourage commercial aquaculture production in the State by providing favorable terms for leasing of public lands, it does so at the expense of ensuring fair competition. This legislature should also consider whether this bill complies with Article XI, Section 1 of the State Constitution, which specifies that "all public natural resources are held in trust by the State for the benefit of the people." As the trustee of Hawaii's natural resources, we have a duty and responsibility to "promote the development and utilization of these resources in a manner consistent with their conservation" for the benefit of present and future generations."

Representative C. Lee rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1511, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO AQUACULTURE," passed Final Reading by a vote of 45 ayes to 4 noes, with Representatives Awana, Belatti, Hanohano and C. Lee voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 40 and S.B. No. 1347, SD 1, HD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1347, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC UTILITIES COMMISSION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

At 11:12 o'clock a.m., the Chair noted that the following bills passed Final Reading:

S.B. No. 49, SD 1, HD 2, CD 1
S.B. No. 1068, SD 1, HD 1, CD 1
S.B. No. 229, SD 1, HD 2, CD 1
S.B. No. 1394, SD 1, HD 1, CD 1

S.B. No. 1511, SD 1, HD 2, CD 1
S.B. No. 1347, SD 1, HD 2, CD 1

Conf. Com. Rep. No. 41 and S.B. No. 1520, SD 2, HD 3, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1520, SD 2, HD 3, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Jordan rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I rise to express my reservations with SB 1520, SD2, HD3, CD1 – Relating to Government. I would like to first thank the Chairs of the Hawaiian Affairs and Finance Committees because I believe that the House Draft 3 version of the bill recognizing the native Hawaiian people as the only indigenous, aboriginal, *maoli* people of Hawaii is the more prudent approach than this Conference Draft 1. State recognition of a reorganized native Hawaiian governing entity and ultimately formal federal recognition, must be driven by the native Hawaiian people, not the State of Hawaii. Because my district encompasses a large native Hawaiian population, I must express my reservations with this bill and impress upon this Body the importance of consulting the native Hawaiian people before moving beyond a single statement of recognition to the establishment of a process for a reorganized Native Hawaiian governing entity."

Representative Kawakami rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1520, SD 2, HD 3, CD 1, entitled: "A BILL FOR AN ACT RELATING TO GOVERNMENT," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 45 and S.B. No. 23, SD 1, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 23, SD 1, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Jordan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 23, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO NATIVE HAWAIIANS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 46 and S.B. No. 903, SD 1, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 903, SD 1, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Cabanilla rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cabanilla's written remarks are as follows:

"Mr. Speaker, SB 903, SD 1, HD 1, CD 1, creates the affordable rental housing development program and allows nonprofit organizations to acquire expiring United States Department of Housing and Urban Development, or United States Department of Agriculture housing contracts and ensures the projects remain affordable.

"This bill specifies that affordable units under the affordable rental housing development program shall be held to the same maintenance

requirements as those of different target income groups or mixed use development, and shall not be subject to deferred maintenance.

"Mr. Speaker, affordable rental housing is one of the most pressing needs in the State. This bill will allow nonprofits to help contribute to increasing the stock of affordable housing. Also, it will ensure that these units are maintained with the same standard of quality as moderate and high income units.

"Mahalo Mr. Speaker and colleagues, for supporting SB 903, SD 1, HD 1, CD 1, and hence, affordable rental housing."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On Conference Committee Report No. 46, I'd like to vote in favor with reservations, mostly because of the term, 'in perpetuity.' Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 903, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 47 and S.B. No. 1154, SD 2, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1154, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HISTORIC PRESERVATION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 48 and S.B. No. 1530, SD 1, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1530, SD 1, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Jordan rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I stand with reservations on SB1530, SD1, HD2, CD1, which authorizes the Board of Land and Natural Resources to extend leases of public lands for hotel or resort use. The problem with this bill is that it allows for an extension of the lease period for the use of public lands to 55 years. This lease provides security for business owners who will theoretically use that security to invest in their properties. However, it neglects the public's interest to ensure State land is leased through public auction and fair procedures. The long lease term also restricts the lease values through time, limiting State revenues and making it difficult to keep up with market rents. Having incremental increases in lease terms would be in the State's best interest as it would allow the State to generate revenue and ensure that properties are maintained and yielding the greatest return."

Representative Hanohano rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations on SB 1530. This bill authorizes the Board of Land and Natural Resources to extend leases of public lands for hotel or resort use upon approval of a proposed development agreement to make substantial improvements to the existing improvement. This bill was not referred to the Committee of Hawaiian Affairs and this Committee is tasked to examine public lands."

Representative Keith-Agaran rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I support this bill which would authorize the Board of Land and Natural Resources to extend leases of public lands for hotel and resort use upon approval of a development agreement to make substantial improvements to the property.

"Improvements to hotel and resort infrastructure are important to the growth of Hawaii as a visitor destination. However, if you are a lessee involved with a lease that will expire in a few years, there is little incentive for you to reinvest in the premises.

"This bill provides for a lease extension to enable the private sector the incentive to improve Hawaii's hotel facilities. It encourages investment, which in turn ensures that Hawaii remains competitive as a destination while providing enhancements to the visitor experience. This measure may help revitalize, for example, the Banyan Drive area on the Big Island."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1530, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 49 and S.B. No. 1555, SD 2, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1555, SD 2, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative C. Lee rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Keith-Agaran rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support with some reservations with this measure. This measure purports to establish the Public Land Development Corporation to administer an appropriate and culturally-sensitive public land development program that makes optimal use of public lands for the economic, environmental, and social benefit of the State.

"Despite this three-fold projected benefit to the State, this measure mostly includes economic betterment such as conducting market analysis to determine the best revenue-generating programs for the public lands and providing leadership for the development, financing, improvement, or enhancement of the selected development opportunities.

"In a time of austerity, restoring the development function of the land department may be counterproductive.

"The Department of Land and Natural Resources (DLNR) should focus on natural resources and sustainability rather than organizing to support a new development mandate.

"However, if this effort will provide additional resources to DLNR's primary mission, I will support the proposal."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1555, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF LAND AND NATURAL RESOURCES," passed Final Reading by a vote of 40 ayes to 9 noes, with Representatives Awana, Belatti, Brower,

Hanohano, Jordan, C. Lee, Luke, Saiki and Wooley voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 55 and H.B. No. 319, HD 1, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 319, HD 1, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Har rose to disclose a potential conflict of interest, stating:

"Mr. Speaker. Can I please get a ruling on a potential conflict? At my law firm I represent owners and builders who are builders. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 319, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO OWNER-BUILDERS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

At 11:17 o'clock a.m., the Chair noted that the following bills passed Final Reading:

S.B. No. 1520, SD 2, HD 3, CD 1
S.B. No. 23, SD 1, HD 2, CD 1
S.B. No. 903, SD 1, HD 1, CD 1

Conf. Com. Rep. No. 75 and H.B. No. 243, HD 1, SD 1, CD 1:

Representative B. Oshiro moved that notwithstanding the recommendations contained in Conference Committee Report No. 75, that H.B. No. 243, HD 1, SD 1, CD 1, be recommitted to the Committee on Conference, seconded by Representative Evans.

The motion was put to vote by the Chair and carried, and H.B. No. 243, HD 1, SD 1, CD 1, entitled "A BILL FOR AN ACT RELATING TO ANIMAL CRUELTY," was recommitted to the Committee on Conference, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 57 and H.B. No. 680, SD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 680, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO KAKAAKO," passed Final Reading by a vote of 44 ayes to 5 noes, with Representatives Belatti, Brower, Hanohano, Morikawa and Takumi voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 60 and H.B. No. 985, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 985, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 985. I am in favor of a strong, robust construction industry here in Hawaii, as well as a better business environment as a whole here in our State. However, I do have concerns about possibly setting the precedent of financially incentivizing unsuccessful bidders in a free market economy. Successfully winning a

bid should provide the strongest incentive to submit the highest quality design. The winning bidders should be rewarded for their ingenuity and hard work. I can support this bill because it does not automatically mandate subsidizing all unsuccessful bids. However, I do think we need to be careful to support the small business community without necessarily directly subsidizing it."

Representative Har rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. Can I get a ruling on a potential conflict, please? At my law firm I represent owners, contractors, and design professionals. Thank you," and the Chair ruled, "no conflict."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on potential conflict? At my law firm I do some counseling and representation for procurement issues. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 985, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 61 and H.B. No. 117, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 117, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Riviere rose to speak in support of the measure, stating:

"In support with some comments. Thank you, Mr. Speaker. When this bill left the House it was in pretty good shape. But it came back across from the Senate, in my opinion, in a very bad way. In Conference Committee we were able to fix it.

"There's one piece that's a bit ambiguous and I would like to, and that's why I'm standing now is that there is a statement that final subdivision is not included. In the Committee Report it was agreed upon that it would state that this clarification has no impact on tentative subdivision approval.

"So I just wanted to be clear for the record and in the Journal that it was the Committee's agreement that this change does not affect in any way the processing of tentative subdivision approvals regarding SMAs. Thank you."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I have reservations on this measure as well, and I'd like to have remarks put into the Journal. There were a number of things that were done in Conference Committee that made it quite frustrating for the affected public to weigh in as changes and things took place, and deletions took place. And so I will be a bit more thorough in my remarks in the Journal."

Representative Thielen's written remarks are as follows:

"In favor, but with reservations. Legislators had a golden opportunity this Legislative Session to achieve two goals: update permitting for smaller projects while increasing protection for shoreline resources. The outcome? A big gift to shoreline developers, and a backroom change that took out the promised shoreline protection.

The Bill

"At first, HB 117 HD2 SD2 had promise. The purpose of HB 117 was to allow for the expeditious processing and approval of minor construction projects within special management areas (SMAs). This accelerated process was to offset construction costs and shortage of personnel in the county planning departments.

Purpose of Special Management Areas

"Special management areas are places in which coastal resources are likely to be impacted by development activities. Each county sets the boundaries for its SMA through the Coastal Zone Management Act, and SMA boundaries may range from about 100 yards from the coastline to several miles inland, depending upon how far inland development may have an adverse impact on coastal resources.

How the SMA Process Works

"In order for a project to trigger the requirement to obtain a SMA permit, a series of conditions must be met. First, the project must fit within the definition of "development." Surprisingly, under the current law, single family residences that are not part of a larger development do not trigger a SMA permit. This means that even a large oceanfront home does not trigger the SMA permit process.

"Next, the planning commission must make the determination as to whether the project has a significant environmental impact or not. This process is also complicated by a financial limit. If the project is deemed to have no significant impact and is less than \$125,000, then only a minor permit is required. But if the project will exceed \$125,000 or the planning commission determines that it will have a significant environmental impact, then a major SMA permit is required, which includes additional costs and a public hearing on the project. Both the major and minor permits enable the commissioner to attach conditions to protect the coastal resources, and may require inspections and reports describing compliance.

Amendments Under HB 117 HD2 SD2

"Until a few days ago, proposed amendments under HB 117 HD2 SD2 worked to find a harmonious balance between eased permitting and increased shoreline protection. On the one hand, legislators had amended HB 117 so that single family residences that were oceanfront were no longer exempt. This meant that oceanfront property that had the potential to impact coastal resources would have been required to go through the SMA permitting process. On the other hand, legislators increased the financial exemption from \$125,000 to \$500,000, thus allowing smaller projects, even those on the oceanfront, to avoid getting a SMA.

"But after the opportunity for public input and oversight passed, the oceanfront provision was removed and a weaker, meaner version was inserted in its place. Now, no single family oceanfront residence will trigger an SMA, and the threshold for other types of development has increased from \$125,000 to \$500,000. With these changes, development has less oversight, and the public had no opportunity to comment on proposed changes.

Where it stands now

"Legislators have now voted for weakening the permitting process while leaving loopholes intact. Shoreline residential properties, enormous castles by the sea, will avoid public comment, and the increased financial threshold will allow projects under \$500,000 to escape review. Has the process been improved? Are special management areas still protected? What started as a balance between compromise and concession has just turned into a bait and switch on shoreline protection."

Representative Keith-Agaran rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in support of this measure, which prudently balances updating our Coastal Zone Management Act standards with environmental concerns. This bill also facilitates smaller and less intrusive development and construction projects in special management areas.

"HB117 HD2, SD2, CD1 amends the definitions of both the Special Management Area Minor Permit and Special Management Area Major Use permit to increase the dollar amount threshold from \$125,000 to \$500,000 for distinguishing between minor and major developments which require more thorough review for coastal impacts. Such action balances concerns regarding rising development costs, the failure of the previous definition to keep pace, and the continued protection of coastal zone resources and values.

"This failure to change the threshold despite the years since the \$125,000 was established has lead to a backlog of processing Major Use permits. In addition, small business owners and homeowners have forgone maintenance and repairs entirely, fearing the more rigorous and costly process associated with Major Use Permits.

"HB117 HD2, SD2, CD1, provides a means for careful development in Hawaii to continue to keep up with demand while protecting our important coastal resources. I understand that some will remain categorically opposed to increasing the threshold or changing the definition of development to allow minor work on residences in the coastal zone. But key players in ensuring these changes do not hinder coastal zone protection will be the county and State officials implementing the coastal zone law. The changes do not apply to work that is part of bigger development scheme; land use officials will need to vigorously review whether projects proposed are not piecemeal increments of a larger development."

Representative Hanohano rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Hanohano's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations. This bill is to facilitate development in Special Management Areas. This bill involves public land and was not referred to the Committee of Hawaiian Affairs which is tasked to examine usage of public lands."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 117, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL MANAGEMENT AREAS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 67 and H.B. No. 1230, HD 2, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1230, HD 2, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Tsuji rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tsuji's written remarks are as follows:

"HB 1230, under certain conditions, waives the building permit process for the construction of nonresidential temporary or permanent structures used for agricultural or aquacultural operations.

"In Conference, we added language to indemnify the State against any liability resulting from the lack of building permits applicable to the counties, and to require the owner and/or occupier to obtain a certification that the building plans are in compliance with all applicable codes, rules, and requirements. If said structure does not meet accordance, the exemption is prohibited.

"Generally speaking, agricultural structures are treated as commercial buildings and are subject to burdensome standards that may be appropriate for large public buildings, but are excessive for farm structures such as sheds, greenhouses, and equipment housings.

"As it stands now, many of our farmers and ranchers face difficulties obtaining building permits because of prohibitive cost requirements.

"Farmers want their buildings to be safe; they do not want their insurance rates to increase. Structures covered by the exemption are not meant for public occupancy or public access. Rather these are utility-type buildings that only the farmer or farm workers will use.

"In summary, compliance with the applicable regulations has always been the building owner's responsibility and it will remain so. The changes proposed by this Bill simply aids ag businesses by mitigating burdens or delays associated with the building permit process."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1230, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO BUILDING PERMITS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 69 and H.B. No. 1520, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1520, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Thielen rose in support of the measure, stating:

"Thank you, Mr. Speaker. I'm standing to speak in favor of this measure, but with some disappointment. No, not reservations. I'm in support, but just let me express the disappointments. I am in support. The measure started out to be something really positive to create an on-bill financing for solar energy and efficiency. The on-bill financing would eliminate the upfront cost of the solar, and it was a wonderful way to do this. It would be put onto your electric bill and because the electric bill, the price of your electricity each month would diminish as you were using your solar energy or your efficiency methods, then your bill will not be as much, and yet you would be paying back the cost of that new solar system or the efficiency methods.

"It made a lot of sense to do it, and we just keep taking these little baby steps. So now instead of doing it, we're saying to the Public Utilities Commission, 'PUC, you look at it. See how you can go ahead and implement this sort of program if you feel that we should go ahead with it.' Instead, we are taking the step to say, 'PUC, implement this and do it now,' which I believe we should have done.

"The Public Utilities Commission is a creation of statute. We tell them what to do. They don't establish policy. We establish the policy and the PUC carries that out. We should have given them the directive, set up the on-bill financing now because this would have taken care of the complication for so many homeowners that want to put in these energy efficiency or solar energy systems, and they could have gone ahead. The end result, the monthly bill, would not have been increased because the savings they would recoup would go toward paying off that new system.

"So now we have another so-called study, another baby step, and I'm really disappointed in that, Mr. Speaker. It's better than nothing, but that's really virtually all it is at this point. Thank you."

Representative Ward rose in support of the measure, stating:

"Mr. Speaker, I rise in support with disappointment also. Slightly stronger disappointment than my colleague from Kailua. I consider this a continuation of my speech against the budget where we did 'cake cutting,' and not cake growing, pie growing. Pie cutting. Because this was a missed opportunity, Mr. Speaker.

"This is at the core of green job creation. And basically what we've taken, as my colleague referred to the PACE Bill, the PACE Bill where in effect GO bonds fund the solar on the roof, and property taxes amortized over 20 years, paid for it. It was a win-win and Hawaii finally realizes its rhetoric that we're going to be the best in the nation, the best in the world.

"Mr. Speaker, this is such a disappointment. It even says that the PUC is to consider implementing it rather than, with the boldness of my colleague

from Kailua. We are the policy makers. We should be responsible. If we're responsible for balancing the budget, we should be able to be responsible for creating jobs and this is one of those missed opportunities, Mr. Speaker.

"We need the boldness of a country that's even smaller than one of our smaller states and that's Israel. Israel has a 99% penetration of solar energy production. You know what ours is? 25%, maybe 30 at max. We've been trying to do this for 30 years, but finally we're waking up to the oil crisis. We've got to move on this and as policymakers it's a wakeup call. 25% penetration with a \$7 billion imported oil ticket just doesn't cut it.

"Israel, case in point. You put solar voltaic on your roof, the feed-in tariff gives you 40 cents per kilowatt hour. You buy it. It's 10 cents, which means if you generate and give to the government, your solar energy, you get a 4 to 1 ratio. So the incentive is really there. The incentive of this bill is zero. In fact, even now with the feed in tariff with Hawaiian Electric, I think they end up even if you generate more than you are using, you still have to pay \$18. So where's the structure of the incentives? Why are the people of Hawaii essentially saying, 'Hey, I'm not going to go photovoltaic. It costs too much, and the agreements with our power company are too *manini*.'

"Mr. Speaker, again this is the wakeup call. When May 22nd comes around and we get hit again. I don't think the genius of our slicing the pie is going to work. We've got to create jobs. We've got to expand the pie. This is one of those opportunities and I hope the PUC will take this quickly, and take it seriously. Not sitting 6, 8, 12, 15, 16 months the way they do on some rate issues, but move on it quickly and adopt something that's aggressive and use Israel as a model and with the steel and the commitment of the Navy SEALs who can get the job done. Thank you, Mr. Speaker."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with some reservations. I'm just going to put it down because it is. Thank you. I just ask that the words of the Minority Leader, as well as the Representative from Kailua be entered as my own. And I'm just going to ask also that I read from a memorandum from May 2nd from Blue Planet Foundation so it may also be entered, if you don't mind?

"Thank you. I will just once again reiterate what was said in their just two first sentences.

As the unchecked rise of oil prices continue to batter our State's economy, the Blue Planet Foundation is frustrated that few transformative energy policies advanced at the Legislature this Session. In particular, we are disappointed in the failure to pass critical clean energy measures including bills to provide additional funding through the Energy Office, and existing barrel tax, establish the Hawaii Electricity Reliability Council, allow wheeling of electricity directed from producer to consumer, prohibit the permitting of future fossil fuel plants, expand the barrel tax to include coal and enact TV efficiency standards and beyond.

"So I just wanted to add that to the Journal. Thank you."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support to H.B. 1520 - Relating to Renewable Energy. This bill directs the public utilities commission to implement an on-bill financing program for residential electric utility customers to finance purchases of energy efficient or renewable energy devices and systems through their regular electric utility bills. While I would prefer a more immediate implementation schedule for accomplishing our renewable energy objectives, I nonetheless endorse HB 1520 for its well-directed strides toward environmental sustainability.

"On-bill financing, which allows customers to pay for energy efficiency upgrades and solar through energy savings, would eliminate up-front costs for Hawaii's many consumers who have long sought energy efficiency but

have deemed the high initial cost an insurmountable obstacle. Indeed, a consumer Kai Holland testifies, "I've been wanting to install [a photovoltaic system] for years but simply can't afford the high up-front cost. And a lot of people I know feel the same." The Blue Planet Foundation confirms that even those consumers who may, on paper, appear able to afford solar energy may be derailed from doing so by the conversion cost. Consumer behavior researchers repeatedly find, according to Blue Planet, that consumers are "highly myopic in their purchasing decisions when it comes to energy saving technologies... even less expensive purchases, like high efficiency refrigerators, are passed over because of their initial cost." Thus, whether Hawaii converts to solar energy is no question of mere numbers, but one of psychological factors weighing on decisions.

"I sincerely hope this Legislature can devise ways for the islands to sustain themselves well into the future with more realistic energy-consumption guidelines. Thank you."

Representative M. Oshiro rose to speak in support of the measure, stating:

"In strong support with written comments in the Journal, please. Thank you."

Representative M. Oshiro's written remarks are as follows:

"Mr. Speaker, I rise in support of House Bill No. 1520, House Draft 2, Senate Draft 2, Conference Draft 1, Relating to Renewable Energy. This bill requires the Public Utilities Commission to investigate the viability of an on-bill financing program to allow Hawaii residents to finance purchase renewable energy systems or energy efficient devices through the energy savings provided by such systems or devices.

"I support the purpose and intent of this bill as it directs the Public Utility Commission to investigate mitigating the upfront costs that can prevent residents from purchasing renewable energy systems that will reduce the need to import oil to sustain Hawaii. The Consumer Advocate noted that while some financing programs exist to help residents acquire such systems, these pilot programs have had little success. By creating a streamlined process for rate payers to add renewable power sources to their homes or reduce their power consumption through efficiency, the rate at which these new technologies are adopted should increase. Including infrastructure improvements in a preexisting payment structure prevents the rate payers of Hawaii from facing an additional bill each month and the hardships that come with additional loan payments.

"Increasing the adoption of renewable energy systems across the islands is of the utmost importance for preserving the quality of life that all Hawaii residents enjoy. Each barrel of oil burned to generate energy puts more pollutants into the air we all breathe. Each barrel of oil imported sends money out of our State and drains our economy. Each barrel of oil cannot be sold at a guaranteed rate, instead fluctuating in the wake of international activity. We cannot remove these burdens completely as members of the international community, but we can reduce the impacts to our citizens by stabilizing our energy costs through renewable energy sources.

"Finally, Mr. Speaker, this bill does not force the rate payers of Hawaii to adopt this program; this bill forces the Public Utility Commission to investigate what public good could come if such a program is implemented. Instead of mandating that all rate payers adopt a single model of financing, the Public Utility Commission will determine what will be the most effective ways to assist renewable energy system adoption and the best ways to increase energy efficiency. Once the Public Utility Commission has decided on a course of action, this bill will allow rule making without requiring further legislation. This allows the people of Hawaii to receive the benefit of on-bill financing without having to wait for the next Legislative Session.

"Mr. Speaker, for these aforementioned reasons and with an eye on the future of Hawaii's energy infrastructure, I support this measure."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1520, HD 2, SD 2, CD 1,

entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 71 and H.B. No. 484, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 484, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative M. Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support and I'd like to insert written comments in the Journal. Thank you."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure which requires hospitals in Hawaii to recognize and permit advanced practice registered nurses to practice within the full scope of authorized and allowable practice. Qualified advanced practice registered nurses would be able to function as primary care providers. Requesting, receiving, and dispensing of over the counter and non-controlled legend drug samples to patients under their care would also be permissible for qualified advanced practice registered nurses with prescriptive authority.

"Our citizens, especially those in rural areas, would have greater access to necessary medical care and medicine. Timely medical care helps people recover and resume optimal performance while decreasing costs due to delays in treatment. For these reasons, I ask for the Members' support."

Representative Cabanilla rose to disclose a potential conflict of interest, stating:

"I would like a ruling on a potential conflict, Mr. Speaker. I'm a nurse," and the Chair ruled, "no conflict."

Representative Cabanilla continued in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cabanilla's written remarks are as follows:

"Mr. Speaker, in strong support of HB 484 SD2 CD1. Advance practice registered nurses are critical for family practice healthcare. The training of nurses has drastically changed over the years and services and care provided are now comparable to that of family physicians. Hospitals will benefit from their collaborative efforts and their authority to prescribe medication and treatments will increase access to healthcare without sacrificing the quality of care and service."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 484, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ADVANCED PRACTICE REGISTERED NURSES," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

At 11:30 o'clock a.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 680, SD 2, CD 1
H.B. No. 985, HD 2, SD 2, CD 1
H.B. No. 117, HD 2, SD 2, CD 1
H.B. No. 1230, HD 2, SD 1, CD 1
H.B. No. 1520, HD 2, SD 2, CD 1
H.B. No. 484, SD 2, CD 1

At 11:31 o'clock a.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:32 o'clock a.m.

At 11:33 o'clock a.m. Representative B. Oshiro requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:34 o'clock a.m.

Conf. Com. Rep. No. 82 and H.B. No. 747, HD 1, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 747, HD 1, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Kawakami rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I'd just like to ask for a ruling on a potential conflict of interest. Our family owns and operates a chain of minimarts," and the Chair ruled, "no conflict."

Representative Kawakami continued to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I am in support."

Representative Yamashita rose to disclose a potential conflict of interest, stating:

"Thank you. Can I have a ruling on a potential conflict also? I am a part owner in a convenience store chain. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 747, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO LIQUOR LIABILITY INSURANCE," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 83 and H.B. No. 1155, HD 1, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1155, HD 1, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Hanohano rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of House Bill 1155, CD 1, as a start to chip away at our costly mandatory minimum laws. Mr. Speaker, the data shows that mandatory minimum sentences, especially those for drug offenses, have been the main driver of our imprisoned population in Hawaii. Mandatory minimum sentences have come with many unintended consequences such as: One, raising correctional costs. Two, removing other less costly, more effective sentencing options from consideration. Three, increasing the burden across our criminal justice system. And four, removing the discretion of the court by turning over sentencing decisions to the prosecutors.

"Cookie cutter sentences are not justice. Mr. Speaker, we need to restore discretion to our Judiciary or the phrase, 'and justice for all,' means nothing. Mahalo."

Representative Cabanilla rose, stating:

"Mr. Speaker, in opposition to this matter, and I would like to make a few comments. I'm in opposition to mandatory sentencing, whether it's maximum or minimum, because I think that job belongs to the Judiciary system. By legislating the sentences, we are removing the flexibility of the judges, for they know the real detail of the cases. Not us in this Chamber. Thank you, Mr. Speaker."

Representative Keith- Agaran rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"I rise in support of this important measure that returns sentencing discretion back to judges and removes mandatory sentencing for certain nonviolent crimes. This measure removes some of the "property," "morals" and "drug" offense from the repeat offender statute under HRS§ 706-606.5. This measure does not affect crimes against the person, crimes of violence and crimes of a serious nature.

"HRS§ 706-606.5 subjects offenders who have certain prior convictions to non-probationable, indeterminate terms of imprisonment accompanied with prescribed mandatory minimum terms of imprisonment. Even with the passage of this measure, many offenses would remain in the statute. The offenses removed from the HRS§706-606.5 resulted from a compromise between the stakeholders. The process to get to this conference draft resulted from a long discussion between interested parties who wanted more removed from the statute, and law enforcement interests who preferred no deletions at all.

"This measure is not intended to abolish mandatory minimum. This measure does not even come close to restructuring the mandatory minimum sentencing structure. This measure does however make the first serious revision of HRS§706-606.5 that addresses unfairness in sentencing. These concerns have been repeated by many: the law is unnecessarily harsh; the law leaves judges without discretion; the law puts more poor people in jail than others; and the law allows too much power to the prosecuting authorities.

"As to the last factor, excessive prosecutorial discretion has led to long prison terms which have the very noticeable result of overcrowded prisons. Incarceration which has serious economic impact to our government should not be mindlessly handed out as sentences. We must trust our judges to fashion appropriate sentence on an individual basis. Those who merit the harshness of the court can still be subject to the full array of sentencing. This measure merely allows the court to consider the appropriate sentence. With this measure sentencing discretion transfers back to the judges from the prosecutors."

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, on Stand. Com. No. 83. I would like to change my vote from a no, to yes. After I spoke with the Majority Leader, he alerted me that this is for the removal of mandatory sentencing on certain offenses. But I would like my comments and my sentiments on mandatory sentencing kept in the Journal. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1155, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO REPEAT OFFENDERS," passed Final Reading by a vote of 48 ayes to 1 no, with Representative Har voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 84 and H.B. No. 945, HD 2, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 945, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Final Reading by a vote of 39 ayes to 10 noes, with Representatives Chang, Cullen, Ito, Kawakami, Keith-Agaran, McKelvey, Morikawa, Nakashima, Souki and Wooley voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 86 and H.B. No. 739, HD 2, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 739, HD 2, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of this measure, House Bill 739, CD 1. Thank you, Mr. Speaker. After opposing this measure at all four hearings for this bill, it gives me great satisfaction that the final bill before this Body was drafted by the Department of Human Services. I personally want to thank DHS Director Patricia McManaman and Deputy Director Pankaj Bhanot for their fine work and dedication to this bill. They wrote this bill. The final draft before us. I remember in one of the hearings, Panjak Bhanot had jokingly said, 'Take a chance on me,' and today it's come to fruition. I also want to thank the Attorney General's Office for their kind review and stamp of approval for this bill.

"Mr. Speaker, the hospitals in our State lose between \$70 million to \$100 million. This is annually. Every year they lose this. The reason for this is because they have formerly acute care patients who no longer need acute care. They're medically ready to leave the hospital, Mr. Speaker. But what happens is that you have a vast number of these patients wait-listed. They are not able to move them efficiently out to long-term care. This is key for us to save hospital costs, and reduce substantially the millions of dollars that is spent every year on these wait-listed patients. And if we can get them to community-based care homes, perhaps allow them to age in place, or even to have them in a private nursing institution it will still save State hospitals millions of dollars.

"Mr. Speaker, I will briefly go through what this bill does and I actually believe this is a consumer protection bill. I'll tell you why. First of all, the community care family foster home must be certified and in operation for at least one year before they can take in the third client. Basically they have two clients right now. One private, one Medicaid client. And there's no time limit. They can get a third client subject to simple approval by the Department of Human Services. This bill ensures that before they make that jump to the third client they have to be in operation for at least one year.

"Second, this bill requires that the primary caregiver is a certified nurse aide. Third, the requirement that the primary and substitute caregiver must be age 21 or older. Fourth, the substitute caregiver may be a nurse aide, provided that the nurse aide's hours will be limited to five hours a day or no more than 28 hours per week. Fifth, this bill mandates that the substitute caregiver have at least one year experience in a community residential healthcare setting or medical facility. And finally, this bill mandates that the nurse aide completes a minimum of 24 hours of continuing education every two years. This is the same requirement as our certified nurse's aide. It's the same requirement. The only difference is that the CNAs are required to take an examination. They pass that examination, and that's the only difference.

"Finally, Mr. Speaker, this bill will provide greater consumer protection for our elderly and disabled. As stated earlier, this is to save our State hospitals millions of dollars. In fact, the Department of Human Services pays \$25 million in supplemental payments every year to our hospitals. Today the House of Representatives will have the opportunity to provide greater healthcare to our elderly and disabled, and to reduce millions of dollars in cost to the hospitals in Hawaii. Therefore, I ask all Members to support the passage of House Bill 739, Conference Draft 1. Thank you."

Representative Cabanilla rose in support of the measure and asked that the remarks of Representative Mizuno be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Morikawa rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Morikawa's written remarks are as follows:

"With reservations. This is a good measure to provide additional care facilities for our elderly and disabled patients. I would be concerned about the language barriers. If passing an exam for licensing is not possible due to language barriers, can the patient or caregiver understand each other?"

Representative Awana rose in support of the measure and asked that the remarks of Representative Mizuno's be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 739 regarding community care foster family homes.

"The purpose of this bill is to amend the current Community Care Foster Family Home caregiver requirements to specify that if the CCFFH's approved for a maximum of three clients the primary caregiver must be a certified nurse aide and the substitute caregiver must be a nurse aid.

"Because the substitute caregiver assumes the responsibilities of the primary caregiver whenever the primary caregiver is absent from the home, the substitute caregiver must have the same qualifications as the primary caregiver in order to adequately care for the needs of the clients. For the health, safety and welfare of each client residing in the CCFFH, the substitute caregiver must be as knowledgeable and competent as the primary caregiver. However, the competency level and the ability to pass the certificate test are often not in sync because of language access issues.

"Testimony provided asserts that not only is the certificate exam quite expensive, but also only given in English. Consider that a large number of CAN's do not speak English as a first language; it would be wise for the department to provide an alternative exam. Certificate for all CAN's should still be a desired goal. I urge the Members' to support this bill."

Representative Takai rose in support of the measure with reservations and asked that the remarks of Representative Morikawa be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 739, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO COMMUNITY CARE FOSTER FAMILY HOMES," passed Final Reading by a vote of 40 ayes to 9 noes, with Representatives Belatti, Hanohano, Keith-Agaran, C. Lee, Luke, Nakashima, Nishimoto, Takumi and Wooley voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 87 and H.B. No. 605, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 605, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, I'm standing in strong support with a brief comment. The passage of this bill will allow our State Fire Council to continue to improve the reduced ignition propensity cigarette program. The goal is to make our State safer and prevents fires. Thank you."

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of the measure. The primary mission of the State Fire Council is to develop a comprehensive fire service emergency management network for the protection of life, property and the environment throughout the State of Hawaii. This bill establishes a Reduced Ignition Propensity Cigarette (RIPC) program special fund to administer and provide staff for the Council.

"The SFC, which is comprised of the four county fire chiefs, is responsible for amending and adopting the State Fire Code, applying for and administering federal fire-related grants, and implementing and administering a statewide RIPC program. It is important to note that the purpose of the RIPC program is to reduce the number of fires caused by cigarettes in the State. The SFC indicated in its 2008 report to the legislature that there were 438 fire incidents attributable to cigarettes in the

State of Hawai'i from 2001-2006 causing approximately \$1.4 million in property damage. We need to do all we can to protect life and property from fires caused by cigarettes. Ensuring that the Council has the funds needed to sustain the RIPC program is a step in the right direction. I urge the Members' support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 605, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 88 and H.B. No. 1085, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1085, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise to speak in opposition. My reservations about this bill are because we should not be making amendments to the medical marijuana program in a housekeeping bill meant only to bring us into compliance with federal law, which ironically, does not allow medical marijuana.

"Aside from my procedural concerns, I disagree with a \$10 increase in the Department of Public Safety's medical marijuana program and the use of the monies for additional staff.

"I don't support the medical marijuana program because it facilitates the use of an illegal narcotic. This fee increase will only help to perpetuate the program. If there's one thing we've all learned this year, it's that once you put money and personnel into a program, it's very hard to get the money back out. It's harder still to ever shut down the program entirely. In a word, if we provide more money, the program becomes dependent or addicted to that money. For these reasons I vote no. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1085, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CONTROLLED SUBSTANCES," passed Final Reading by a vote of 48 ayes to 1 no, with Representative Marumoto voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 92 and H.B. No. 688, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 688, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Awana rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I am in strong support and would like to submit written comments."

Representative Awana's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support. The public has approached the Legislature for many years to address this serious issue. Although this measure has been watered down substantially, I am happy to see that we are moving in the right direction with the passage of this bill. In addition, it is my hope that a more conscious approach by the Department of Education with the oversight from the Board of Education will pay attention to those individuals engaging in bullying or harassment in schools, as well as students who are the recipients of such behavior. Children should not be exposed to these activities where learning needs to be the focus. The components of a classroom should consist of competent educators and students willing to learn in a violent-free environment. We must not have it any other way. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 688, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

At 11:48 o'clock a.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 747, HD 1, SD 2, CD 1
H.B. No. 1155, HD 1, SD 1, CD 1
H.B. No. 945, HD 2, SD 1, CD 1
H.B. No. 739, HD 2, SD 1, CD 1
H.B. No. 605, HD 2, SD 2, CD 1
H.B. No. 1085, HD 2, SD 2, CD 1
H.B. No. 688, HD 2, SD 2, CD 1

Conf. Com. Rep. No. 93 and H.B. No. 491, HD 1, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 491, HD 1, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Awana rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in strong support and ask that written comments be entered into the Journal."

Representative Awana's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in strong support. The City and County of Honolulu Police Department is accredited. The County of Maui Police Department is accredited. The Hawaii State Sheriff Division is not accredited. Something is wrong with this picture and this bill takes steps to address this disparity. With the title of being an accredited institution, comes the opportunity for qualified funding sources which are currently not available. Proper training, adequate equipment and necessary supplies to allow this department to function properly is part of this accreditation. Although no funds have been allocated in this measure, an audit has already been completed which will provide the department with guidance and direction to help pave the path for successful accreditation. HB491 will help our State law enforcement division at a time when monies are tight and the ability to operate efficiently is paramount. Thank you, Mr. Speaker."

Representative Fontaine rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. I also stand in strong support of this measure, HB No. 491. It's long overdue that the Sheriff's Department come up to speed with the rest of the State in terms of improving themselves to becoming accredited. I strongly support this and encourage the other departments from the Big Island and Kauai to also look at accreditation as well. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 491, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 96 and H.B. No. 1286, HD 2, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1286, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST BIOENERGY HAWAII, LLC," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 97 and H.B. No. 301, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 301, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY COMPUTER SYSTEM SPECIAL FUND," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

**Conf. Com. Rep. No. 102 and S.B. No. 1328, SD 1, HD 2, CD 1; and
Conf. Com. Rep. No. 103 and S.B. No. 1329, SD 1, HD 2, CD 1:**

Representative B. Oshiro moved that the reports of the Committees be adopted, and that S.B. No. 1328, SD 1, HD 2, CD 1; and S.B. No. 1329, SD 1, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Riviere rose to speak in support of both measures, stating:

"In support of Conf. Com. Rep. Nos. 102 and 103 and I'd like to submit written comments, please."

Representative Riviere's written remarks are as follows:

"I generally oppose fee and tax increases and I would have opposed the vehicle registration fee increases in SB 1328 and SB 1329, if it were not for the fact that our highway funds are severely depleted. Our roads are in terrible shape. The Department of Transportation recently noted that the highway repair fund has about \$20 million, but it needs \$85 to \$115 million to operate effectively.

"Some have argued that the current funding crisis is directly related to the legislative decision to raid highway funds to balance the budget in 2002. Not only were the State moneys taken out of repairs, but matching federal funds were never received, so that decision was doubly punitive to a very necessary State function.

"Still, the question today is how to go forward. Highway funds have traditionally been generated by gasoline taxes. How should the roads be maintained if more and more cars run on electricity and do not buy gasoline? While one could argue that we should not add an additional financial burden on to our residents at this time, I think we have no choice but to replenish the highway funds, which will be matched with federal money.

"I reluctantly support these bills because we have to fix the roads. I will oppose any attempt to raid these funds in the future."

Representative Johanson rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker. In opposition. I think I want to start off with my remarks on this measure and also the following measure stating that I, like everyone else in this Body, clearly would like to support the improvement of our roads and highways. I don't think that's in debate with any of us, and that certainly is long overdue.

"My principle opposition to both of these measures is that I truly believe that they will exacerbate the cost of living at a time when most of our constituents can least afford it, especially if you contextualize this particular fee increase which is a \$20 increase in addition to the next fee increase that we'll be talking about merely for the continuation of the privilege of going to get your groceries, going to work, dropping your kids off at school. These are basic life necessities. This is a broad-based fee increase, and when you contextualize it with the City and County may increase fees depending on what you do or don't do, based on other measures that this Body is considering.

"The cost of living is going to go up, and I heard from quite a few constituents in my district, and most of them have said it's not an additional cost of living increase that they can absorb. And so for those reasons, as much as I would like to support this, I do believe that perhaps at a different time this measure would be a lot better. Certainly a well-

intended measure, but I just think the timing of this particular cost of living increase is just too much for some of my constituents to bear. So for those reasons, I would be voting no on these measures. May I also have additional written comments in opposition. Thank you."

Representative Johanson's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition to SB 1328. I have spoken previously on this and similar measures before us and will reiterate my strong concerns with this bill. While I believe the State must work to improve our roads and highways, I think this measure is one that my constituents simply cannot afford at this time. This measure increases the vehicle registration fee of \$25 to \$45, a \$20 total increase for taxpayers. These are difficult times for everyone in Hawaii; this fee increase will add to the cost of living for my constituents because it is such a broad-based tax increase. I would also like to point out that had the Legislature not previously raided the Highway Fund, this measure would be unnecessary. Unfortunately, while I understand the intent of this measure to raise revenue for the State Highway Fund, it places too big of a financial burden on all of our drivers at a time when the people of Hawaii are struggling."

"Mr. Speaker, I also rise in opposition to SB 1329. As I have said on previous versions of this bill, I do recognize and agree with the intent of this measure to improve our roads and highways. However, I do not think our constituents can afford a widespread fee increase such as the one proposed in this bill. This measure calls for an extra cent increase per pound for most vehicles and a flat fee of \$150 increase for large commercial vehicles over 10,000 lbs. These significant tax increases exacerbate our constituents' already high cost of living, merely for the privilege of continuing to drive. This vehicle weight tax increase could be truly damaging to families, businesses, seniors and those individuals barely managing to make a living in Hawaii."

Representative Fontaine rose in opposition to both measures and asked that the remarks of Representative Johanson be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Morikawa rose in opposition to both measures and asked that her written remarks and the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Morikawa's written remarks are as follows:

"In opposition to SB 1328. I am concerned about the costs to own a vehicle. With the price of gasoline going up and up, and additional taxes and fees we are proposing, some people will not be able to keep a vehicle. I could support this if it was a temporary measure, just to replenish the Highway Fund, but history has shown that these funds could be raided for other purposes."

"In opposition to SB 1329. I agree that heavier vehicles cause more damage to highways, but I have concerns again about the additional tax on people. Now is not the time to levee this high increase on people, State and county governments need to be more efficient on how they plan their improvements."

Representative Ichiyama rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of SB 1328. This bill proposes to increase the motor vehicle registration fee from \$25 to \$45, the proceeds going into the State Highway Fund. The State Department of Transportation (DOT) relies on the Highway Fund to implement its strategic plan for highway improvements across our islands. It is essential for the safety of our residents and visitors that our roads, bridges and sidewalks are maintained in good condition.

"Many of my constituents have expressed concerns about the numerous potholes on the on-ramp to the H-1 by Mapunapuna. We use this on-ramp daily, often swerving from side to side to protect our cars, trucks and vans.

The Director of DOT testified that due to insufficient amounts in the Highway Fund, they have extended the repaving schedule of our roads to every 14 years instead of the recommended 10 years. DOT is focused on repair and maintenance, not new projects, as we cannot sustain the current system. Ideally we should be spending \$86,000,000 each year on maintenance for our highway system, but the Highway Fund does not even come close to that amount. Having a low balance also negatively affects our ability to qualify for federal matching money for highway projects.

"I understand the financial pinch that many of our local families are feeling, but this is a demand that we cannot ignore. A failure to maintain our highways results in reduced road space, deteriorating infrastructure, increased accidents and increased liability. Thank you, Mr. Speaker."

"Thank you, Mr. Speaker. I also rise in support of SB 1329. This bill proposes to slightly increase the motor vehicle weight tax, the proceeds going into the State Highway Fund. The State Department of Transportation (DOT) relies on the Highway Fund to implement its strategic plan for highway improvements across our islands. It is essential for the safety of our residents and visitors that our roads, bridges and sidewalks are maintained in good condition.

Representative Souki rose to speak in support of both measures, stating:

"Yes, Mr. Speaker and Members of the House. I'm speaking in favor of this measure. I am kind of surprised that some of the Members have disagreements in paying for increases in vehicle registration for the improvements of the highways. I think we all must understand that we have one of the worst highways in the nation. It's in the bottom ten, and getting worse every day. The revenue situation for highways is not getting any better. It's based on the federal tax, the gasoline tax. We are using less gasoline now. People are conserving their driving time and purchasing less gasoline. Cars are smaller, and that affects the vehicle weight tax. So a combination of these items, smaller cars and less driving impacts the revenue from taxes. And the share that we get from the federal government which is based on the gasoline tax becomes less, and less, and less.

"We all benefit from highways whether you're from Maui, or Kauai. You fund your highways through taxation, gasoline taxation. You don't get it from the air. It just doesn't appear there. And so what we are trying to do with these two measures, this and the following measure, is to get enough revenue so we can go on a 20 to 80, or 25 to 75 match with the federal government to take care of our highways, and our bridges. We can include of course, some of the new highways, which in some areas here in Honolulu are badly needed because of the traffic situation.

"Without this revenue, without this additional revenue, you are not going to get your highways fixed. This is not a threat. This is a promise. We need the revenue to match with the federal government for the dollars that are coming in to repair, to maintain, to fix our roads and bridges. All of these items need to be done. You need to fix the potholes. You drive anywhere in Honolulu and you've got potholes all over the place. They don't have the revenues to fix it up.

"So good Members, realize this. You need to pass these measures in order to get the revenue so we can maintain the highways. We're going to

be looking like a third rate country when we have all the foreign countries come in the fall for APEC. They will be traveling through the highways with the potholes. We will be the host to all these countries coming in. We can do better. We should do better. Please vote for these measures."

Representative Cabanilla rose to speak in support of both measures, stating:

"In rise in favor of these measures, Mr. Speaker. I would just would like to say that as a Representative from the West Side where there's a lot of infrastructure needs because of the growing population, I support that we should put more money into the Highway Fund.

"I do understand the sentiment of my colleague from Moanalua, and I understand where he's coming from. But we always say, you need to 'pay to play' and this is something that our people need. So we need to make these hard decisions so we can deliver. Thank you, Mr. Speaker."

Representative M. Oshiro rose to speak in support of both measures, stating:

"Mr. Speaker, rise in strong support. Just a couple of points to be made. This increase of \$25 to \$45 per year will go into the State Highway Fund. According to the DOT, the increase in the vehicle registration fee will raise about \$22.9 million for the Highway Fund. If you break that down at \$20 per car on a monthly basis, that will be an increase of about \$1.65 a month, or about the cost of a tall coffee at Starbucks, or 5 Jamba Juices over a year.

"Mr. Speaker, I also acknowledge the fact that for that amount of money, about \$1.60 a month it will go towards maintaining and repairing the pavement and shoulders of the State-owned roads, repairing and maintaining bridges and other structures, fencing and walls, drainage systems, traffic signs, guard rails, highway pavement markings, highway lighting systems, sidewalks, wheelchair ramps, landscaping, irrigation systems, the cleaning of the streets, restoring of State highways after mud or rock slides, prevention of flooding due to heavy rains, accident remediation, and other catastrophic events.

"Mr. Speaker, as alluded to by the Representative of Waipahu, the registration fee should be viewed as an admission charge for the privilege of being able to drive and enter the State highway system. The fee was last raise in 2004, and not for highway maintenance, but rather for emergency medical services.

"Finally, Mr. Speaker, this is where the rubber meets the road. The DOT needs the money for the routine operation and maintenance of the State highway system of about \$115 million per year. This goes towards that by raising about \$23 million. This, in combination with the next bill, will raise about \$54 million for the State highway system.

"May I ask for further remarks to be entered into the Journal. Thank you."

Representative M. Oshiro's written remarks are as follows:

"Mr. Speaker, I rise in support of Senate Bill No. 1328, Conference Draft 1, Relating to Motor Vehicle Registration. This bill increases the Motor Vehicle Registration Fee from \$25 to \$45, and directs the funds to the State Highway Fund.

"The increase in the motor vehicle registration fee is estimated to provide an additional \$22.9 million annually for the State Highway Fund and combined with the increase in the State Vehicle Weight Tax contained in SB 1329 CD1 the fund will see a revenue gain of \$54,900,000. The Department of Transportation testified that over \$115 million is needed for routine operation and maintenance of the State highway system, which is essential to the health, welfare, and safety of the motoring public. These funds will greatly assist the Department's ability to construct, operate and maintain the State highway system.

"The funds generated are used for maintaining and repairing the pavement and shoulders; bridges and other structures; fencing and walls;

drainage systems; traffic signs; guardrails; highway pavement markings; highway lighting system; sidewalks and wheelchair ramps; landscaping and irrigation systems; cleaning the streets; and restoring State highways after slides, storm damages, accidents, and other catastrophic events. Additionally, operations and maintenance activities on Oahu includes a 24-hour, 7-days-a-week schedule, a traffic management center, all mechanical, electrical, electronic, plumbing and drainage, ventilation, traffic monitoring and control, and fire control systems in our major tunnels.

"Mr. Speaker, the Highways Division has changed its resurfacing cycle for State highways from an average of once every 10 years to once every 14 years due to a shortage of funds. Studies have shown that after 10 years the pavement condition deteriorates at an accelerated rate. The overall condition of the State highway system has deteriorated because of the reduced Special Maintenance Program funding and to date the department has not caught up with its resurfacing program. As the highway pavement deteriorates, the cost increases exponentially. Potholes and cracks continue to grow, damaging cars and trucks and forcing the public to pay for these damages to their individual vehicles instead of paying towards repairing the road; in some cases the State ends up paying for the damages. Last session the Legislature passed Act 98 (Claims Against the State) which included two settlements to be paid by the Department of Transportation's Highway's Division. The two settlements came out to \$100,000. In both instances the State was found ineligible due to its inability to properly maintain its roadways and storm drains.

"Finally Mr. Speaker, the fuel tax is the highway fund's largest revenue source; with the cost of gas rising every week many car owners may begin to change their driving habits. Some drivers may begin to catch the bus to work or carpool and some may even trade their gas guzzlers and upgrade to smaller more fuel efficient vehicles, hybrids or electric vehicles. With the automotive industry moving to producing more fuel efficient "green" vehicles and the increasing cost of a barrel of oil, the State will see a decrease in its fuel tax revenue and thus fewer funds for the highway fund. The State must seek alternative revenue sources for the highway fund if it is to properly maintain its roadways. Increasing the registration fee is one solution. The fee can be viewed as an admission ticket that motorists must pay to utilize the State highways and roads. Every vehicle has an impact on the wear and tear of the roadways, and as the number of vehicles on the road increases, the amount of money needed to maintain a healthy traffic corridor increases. Having each motorist contribute some funds to the State Highway Fund is a reasonable expectation and allows the State to keep the roads in the good condition the citizens of Hawaii deserve.

"Mr. Speaker, for these aforementioned reasons and with an eye on the need to maintain Hawaii's highways, I support this measure."

"Mr. Speaker, I also rise in support of Senate Bill No. 1329, Conference Draft 1, Relating to Motor Vehicle Weight Tax. This bill increases the Motor Vehicle Weight Tax and directs the funds to the State Highway Fund.

"The increase in the State Vehicle Weight Tax is estimated to provide an additional \$32.9 million annually for the State Highway Fund and combined with the increase in the motor registration fee contained in SB 1328 CD1, the fund will see a revenue gain of \$54,900,000. The Department of Transportation testified that over \$115 million is needed for routine operation and maintenance of the State highway system, which is essential to the health, welfare, and safety of the motoring public. These funds will greatly assist the Department's ability to construct, operate and maintain the State highway system.

"The funds generated are used for maintaining and repairing the pavement and shoulders; bridges and other structures; fencing and walls; drainage systems; traffic signs; guardrails; highway pavement markings; highway lighting system; sidewalks and wheelchair ramps; landscaping and irrigation systems; cleaning the streets; and restoring State highways after slides, storm damages, accidents, and other catastrophic events. Additionally, operations and maintenance activities on Oahu includes a 24-hour, 7-days-a-week schedule, a traffic management center, all mechanical, electrical, electronic, plumbing and drainage, ventilation,

traffic monitoring and control, and fire control systems in our major tunnels.

"Mr. Speaker, the Highways Division has changed its resurfacing cycle for State highways from an average of once every 10 years to once every 14 years due to a shortage of funds. Studies have shown that after 10 years the pavement condition deteriorates at an accelerated rate. The overall condition of the State highway system has deteriorated because of the reduced Special Maintenance Program funding and to date the Department has not caught up with its resurfacing program. As the highway pavement deteriorates, the cost increases exponentially. Potholes and cracks continue to grow, damaging cars and trucks and forcing the public to pay for these damages to their individual vehicles instead of paying towards repairing the road; in some cases the State ends up paying for the damages. Last Session the Legislature passed Act 98 (Claims Against the State) which included two settlements to be paid by the Department of Transportation's Highway's Division. The two settlements came out to \$100,000. In both instances the State was found negligent due to its inability to properly maintain its roadways and storm drains.

"Finally Mr. Speaker, the fuel tax is the Highway Fund's largest revenue source. With the cost of gas rising every week many car owners may begin to change their driving habits. Some drivers may begin to catch the bus to work or carpool, and some may even trade their gas guzzlers and upgrade to smaller more fuel efficient vehicles, hybrids or electric vehicles. With the automotive industry moving to producing more fuel efficient "green" vehicles and the increasing cost of a barrel of oil, the State will see a decrease in its fuel tax revenue and thus fewer funds for the Highway Fund. The State must seek alternative revenue sources for the Highway Fund if it is to properly maintain its roadways. Increasing the weight tax is one solution. The weight tax can be viewed as a required contribution by motorists that reflects the size vehicle they decide to utilize and the impact that that vehicle has on roadways. Larger vehicles contribute more to the deterioration of roadways than smaller vehicles, and therefore contributing more to help maintain those roads is very reasonable. The State Weight Tax has not increased since 1991, while the cost of materials has gone up significantly. This increase is essential to providing a safe and healthy traffic corridor across our islands.

"Mr. Speaker, for these aforementioned reasons and with an eye on the need to maintain Hawaii's highways, I support this measure."

Representative Ward rose to speak in opposition to both measures, stating:

"Mr. Speaker, I rise in opposition of this measure and the following measure thereafter. Mr. Speaker, I learned a Third World joke about roads, and drinking, and potholes in Uganda while working for the UN. They said, 'How do you know the difference between a drunk driver and a sober driver by just watching them go down the street?' And the response is, the drunk driver is the one who comes straight at you. The sober driver is the one who dodges the potholes.

"And I think increasingly we are seeing people of Hawaii dodging the potholes because there are so many. People know I represent the Hawaii Kai area. We are also a Third World nation in terms of our potholes. It's embarrassing, but yet I would remind the good Representative from Maui that the sins of the father visit the sons. The generation of Representatives who raided the Highway Improvement Fund to fix the roads, took the money and ran, and now we're paying the debt for that. So we shouldn't be surprised that the roads are in such bad shape because it was this Body, this policymaking body in the '90s that took that money away.

"Mr. Speaker, the problem with this thing is, having cited the Hippocratic Oath, I'll cite it again. Do no harm to Hawaii's families. This is going to hurt Hawaii's families big time because it's on top of, I don't care how many Starbucks or coffees you can compare it to, this is real money taken, nickel, dime, dollar by dollar to where we have almost the highest cost of living in the nation and this is going to push some over the top.

"I go back to the mantra of this morning. We need to create more jobs. We've had the opportunity in the green sector. We need to stimulate the economy. We need to grow the pie. Grow the pie, Mr. Speaker. The

bottom line is we need to refocus and get more job creation. We need to know that we can do this. We need to know all of our assets and we can take this and do better than what we have here increasing the taxes on the people of Hawaii just to get in the car. To be free to go to work and do basic, basic, basic things, which we shouldn't have to tax increasingly for them to do that. Thank you."

Representative McKelvey rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I stand in support. I would like the written comments of the good Vice Chair of Transportation, as well as the eloquent written comments of the Chair of Transportation and the Chair of Finance entered in the record as if they were my own.

"I won't call it a rebuttal because I agree with a lot of what the previous speakers had to say, especially on growing the pie, but that is a different conversation. The conversation here revolves around the roads and about two things. One is that we can get from the federal government 80%, that's 80 cents on every dollar to fix our roads and improve them. And the list given by the good speaker of Finance is accurate and true, but to dumb it down, or to bring it down to the street level vernacular, we're talking about things such as the lighting system to stop our *kupuna* from being hit, which made us the number one fatality state. We're talking about potholes and degradations of the roads that you can check online. Talk to the automotive association about the impact that that has on your cars, Mr. Speaker. The wear and tear of brakes, tires, and other things is really going to hit the consumer in the pocket. Bottom line, if we can fix the roads, then the consumer will not be paying more from the pocket for wear and tear, in addition to the fuel prices and everything else.

"What is also happening is the feds are saying, 'We will give you 80 cents on your dollar, Hawaii. We will pick up 80 cents of every dollar spent for your roads if you can merely provide the 20 cents.'

"Now I wasn't around in the 1990s like my good friend from East Oahu, so, the fact of the matter is that I can't speak to that Legislature, or the decisions they faced that time. But we're facing decisions today in this world, in reality. And I don't like having to do this either. But if we're going to get the revenue we need to get 80 cents for our 20 cents, if we're going to be able to fix all the roads so that when APEC comes here they don't see, as the good previous speaker said, a Third World Country, they will see a state of the art, emerging power player in the middle of the Pacific Ocean that is a world leader in many fields. And finally, the consumers won't be going over, and over again to Manny, Moe, and Jack to get more tires, replacement hoses, and all the other things which will really add up in the long run.

"So I know it's controversial. I know it's very problematic. But all I ask is you look at what was said in the invocation today, the hierarchy of needs and the infamous balancing test. At the end of the day, our consumers are going to come out ahead because of the 20 cents we're asking them for. Or do we say no and lose the 80 cents and nothing happens, and then the consumers pay for it anyway. That's all I have to say, and again in support. Thank you, very much."

Representative B. Oshiro rose to speak in support of both measures, stating:

"Mr. Speaker, I rise in support. I think it's important to go through some historical notes so we see why we are where we're at. The Minority Leader referenced the sweeps that were taken from the Highway Fund, but the last time that was done was back in 2002 so it's been nine years actually since there's been any sweeps from the Highway Fund. So during those nine years the question is, what is the problem? Why have the revenues not been able to meet up with the needs?

"And for that I would point to a 2007 study financed by the Reason Foundation, which actually found that in 2005, Hawaii spent the fifth highest amount of money to build and maintain each mile of highway, but we also had the fifth highest percentage of bridges and roads in poor condition, and the fourth highest percentage of narrow rural lanes. So basically what this study found was we're paying the most amount of

money, but getting the least amount of return. There are a host of problems, but I think that is probably why we are in many ways finding ourselves where we are today.

"But the other thing I would like to point to, and I would like to suggest that Members read the NCSL magazine that came out in March 2011 where they specifically talked about the highway fund problem that is facing all of the states across this nation. Back when President Obama signed a federal stimulus package in 2009, it did inject \$48.1 billion, but that money has disappeared. The ARRA Clift as we all know has come and gone, and things have fallen off. And so instead what states had to do was really start to look at what's going on. The findings from this article, as well as some recent reports, I think are very, very telling.

"In recession, driving declines. And overall, driving coupled with the larger numbers of fuel efficient vehicles have resulted in lower gas tax revenues. At the same time, the cost of building and repairing roads continues a steady climb, and that really echoes what the Speaker Emeritus was talking about as to why we need to actually have some revenues injected into our Highway Fund.

"But the other thing that I did find telling was another quote by a study that said, 'The systematic failure of current financing has made clear that the traditional approach to highway, road, street, and bridge maintenance and construction is in its present form no longer sustainable when measured against a changing economic and technological environmental erosion of purchasing power and continuing escalation of the costs.'

"And so I will highly suggest that Members take the time to read this article. I found it very telling as to why we need to actually start looking and going down this road because unfortunately, the current status that we have is unsustainable and therefore we do need to look at other sources of revenues if we are going to have safe roads and safe bridges so that our constituents can travel on them and not have to worry about public safety; that they can actually travel on them and not worry about having to avoid these potholes; and be able to travel on them and avoid getting in additional accidents. We have the power to avoid and mitigate these, and for that reason, I stand in support."

Representative Brower rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker. In token opposition. Thank you. There's a lot of what the Majority Leader said, and others have said, that I agree with. But I want to remind Members that just because you have a car, it doesn't mean that you drive that car a lot. And if the funds raised are to repair roads, I say we begin to charge people by how much they drive, because I don't think I should be paying as much to register a vehicle if I drive it four times less than others, if the intention is for these monies to be used to repair roads.

"And I, like many others in the Chamber and in town make choices and sacrifices to live in town. We have less amenities at home, or a smaller yard, or not a neutered dog at all. And so we should be keeping that in mind and not raise the price because it's getting closer to a thousand dollars than \$200 as when I first was driving. Thank you."

Representative Awana rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. In strong support. I'd also like to ask that the words of wisdom from the Representative from Lahaina, as well as from Aiea Heights be entered into the Journal as if they were my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Hashem rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Hashem's written remarks are as follows:

"Thank you Mr. Speaker, I rise in support. This bill proposes to increase the motor vehicle registration fee from \$25 to \$45, the proceeds going into the State Highway Fund. The State Department of Transportation (DOT)

relies on the Highway Fund to implement its strategic plan for highway improvements across our islands. It is essential for the safety of our residents and visitors that our roads, bridges and sidewalks are maintained in good condition.

"Many of my constituents have expressed concerns about the condition of Kalanianaʻole Highway. We use this daily, often swerving from side to side to protect our cars, trucks and vans. The Director of DOT testified that due to insufficient amounts in the Highway Fund, they have extended the repaving schedule of our roads to every 14 years instead of the recommended 10 years. DOT is focused on repair and maintenance, not new projects, as we cannot sustain the current system. Ideally we should be spending \$86,000,000 each year on maintenance for our highway system, but the Highway Fund does not even come close to that amount. Having a low balance also negatively affects our ability to qualify for federal matching money for highway projects.

"I understand the financial pinch that many of our local families are feeling, but this is a demand that we cannot ignore. A failure to maintain our highways results in reduced road space, deteriorating infrastructure, increased accidents and increased liability. Thank you, Mr. Speaker."

Representative McKelvey rose to respond, stating:

"Thank you. In support. Just a slight rebuttal to my good friend over there. There's no 'I' in 'We'. Thank you, very much."

Representative Ching rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker. I'd just like to also rise in opposition and ask that the words of the Minority Leader and the Representative from Moanalua be entered as my own.

"Thank you, Mr. Speaker. I do believe that the skyrocketing cost of living, with the fact that people have been laid off, they may need to take on second jobs, they may need to be travelling more. This is going to really affect them deeply. Thank you."

Representative Wooley rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker. In opposition. I just want to make a couple comments. DOT's funding is all special funding or federal funding and as a result, the Legislature has very little influence over their budget or how they spend their money. We may set policy, but if you've ever seen that bumper sticker 'ainokea,' I think that's kind of the sense I get from DOT.

"And my concern, in particular, is the focus on their spending has been on single occupancy vehicles only. Year after year, they've turned down money from the federal government for safe routes to school. Year after year they refuse to build paths, multi-use paths, despite the fact that the federal government has encouraged us to move in this direction, despite the fact that it would be a wonderful, safe alternative for so many people, and it would actually encourage us to be healthier.

"So I stand in opposition and I just want to emphasize that DOT's budget does need help. I do agree with that. However they need to spend their money more efficiently, and they need to spend their money for the community and for the needs of the State. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted and S.B. No. 1328, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE REGISTRATION," passed Final Reading by a vote of 31 ayes to 18 noes, with Representatives Belatti, Brower, Ching, Cullen, Fontaine, Hanohano, Har, Johanson, Keith-Agaran, C. Lee, Luke, Marumoto, Morikawa, Nishimoto, Takai, Thielen, Ward and Wooley voting no, and with Representatives Carroll and Pine being excused; and

S.B. No. 1329, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE WEIGHT TAX," passed Final Reading by a vote of 33 ayes to 16 noes, with Representatives Aquino,

Belatti, Ching, Cullen, Fontaine, Hanohano, Johanson, Keith-Agaran, C. Lee, Marumoto, Morikawa, Takai, Thielen, Ward, Wooley and Yamane voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 105 and S.B. No. 52, SD 1, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 52, SD 1, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of this measure which requires convicted persons in the first degree of violation of privacy and promoting prostitution to register as sex offenders. This bill will also be retroactively applied.

"According to section 711-1110.9 of the Hawaii Revised Statutes, "Violation of privacy in the first degree is a class C felony. In addition to any penalties the court may impose, the court may order the destruction of any recording made in violation of this section." This section also states that, "A person commits the offense of violation of privacy in the first degree if, except in the execution of public duty or as authorized by law, the person intentionally or knowingly installs or uses, or both, in any private place, without consent of the person or persons entitled to privacy therein, any device for observing, recording, amplifying, or broadcasting another person in a stage of undress or sexual activity in that place."

"The "Video Voyeurism Prevention Act of 2004" was also passed to amend the United States Code to include the fine and/or imprisonment of up to one year for perpetrators intending to and committing acts of videotaping, photographing, filming, recording by any means, or broadcasting an image of an individual's private area without their consent and against their reasonable expectation of privacy.

"The violation of privacy in the first degree is not only a punishable crime, but a traumatizing emotional offense on the victim. With technological advances and the social network, the accessibility of viewing private images can continue long after the image is captured. Unfortunately, the victims must live with the consequences and reminders of another person's crime against them.

"The registration of convicted persons in the first degree of violation of privacy and promoting prostitution as sex offenders is imperative to help deter future crimes of this nature. As legislators, we need to protect our citizens and ensure that our privacy is not violated. For these reasons, I ask the Members' support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 52, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO REGISTRATION OF SEX OFFENDERS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 106 and S.B. No. 1274, SD 2, HD 3, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1274, SD 2, HD 3, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm speaking against Senate Bill 1274. Thank you, Mr. Speaker. I'm just going to quote some brief comments from an Ewa Beach resident who sent this to me.

This bill is taking away the rights of Medicaid patients to challenge the medical "opinions" of personnel who are paid for by the insurers who are focused on their medical loss ratio, the MLR. This bill has nothing to

do with improving the cost structure of the State of Hawaii – this is simply to stop the challenges against the insurers and Department of Human Services when it comes to providing the medical standard of care for patients with diseases. By eliminating the external review, this simply grants the insurers and DHS a referendum to deny as much as they would please to all Medicare patients, as there would no longer be any checks and balances.

Too many times insurers make improper denials – too many times DHS backs them up – and too many times it is either in the courts or at the external review that the medical evidence is finally able to see the light of day to overturn the original improper denial.

"And then he concludes:

Hawaii would be first to implement such a repeal – not exactly something to claim with pride.

"I would encourage other members to join me in voting against this measure."

Representative Morikawa rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Morikawa's written remarks are as follows:

"In support. This measure is to adopt a uniform standard for the external review process and is based on the Uniform Health Carrier External Review Model Act. I quote from the Committee Report, "the enactment of the amendments to Hawaii's Patients' Bill of Rights and Responsibilities as contained in this measure is necessary to ensure that Hawaii remains in compliance with federal law." It is under this premise that I support this measure."

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. May I have a ruling on a potential conflict? I broker health insurance," and the Chair ruled, "no conflict."

Representative Takai continued in opposition to the measure and asked that the remarks of Representative Thielen be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on a potential conflict on Conference Committee Report 106? At my law firm, they do representation of insurers in some of these administrative matters, but I don't handle any of them. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1274, SD 2, HD 3, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE," passed Final Reading by a vote of 43 ayes to 6 noes, with Representatives Belatti, Hanohano, Rhoads, Takai, Takumi and Thielen voting no, and with Representatives Carroll and Pine being excused.

At 12:18 o'clock p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 491, HD 1, SD 1, CD 1
H.B. No. 1286, HD 2, SD 1, CD 1
H.B. No. 301, SD 1, CD 1
S.B. No. 1328, SD 1, HD 2, CD 1
S.B. No. 1329, SD 1, HD 2, CD 1
S.B. No. 52, SD 1, HD 1, CD 1
S.B. No. 1274, SD 2, HD 3, CD 1

The Chair then announced:

"Members, we will recess until 1:15. We will take a break for lunch and be back at 1:15."

At 12:18 o'clock p.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:22 o'clock p.m.

At 1:23 o'clock p.m. Representative Johanson requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:23 o'clock p.m.

Conf. Com. Rep. No. 107 and S.B. No. 1221, SD 2, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1221, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," passed Final Reading by a vote of 47 ayes, with Representatives Carroll, M. Oshiro, Pine and Takumi being excused.

Conf. Com. Rep. No. 111 and H.B. No. 1070, HD 2, SD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1070, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CONDITIONAL RELEASE TIMEFRAMES," passed Final Reading by a vote of 46 ayes to 1 no, with Representative Har voting no, and with Representatives Carroll, M. Oshiro, Pine and Takumi being excused.

Conf. Com. Rep. No. 113 and H.B. No. 1368, HD 2, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1368, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," passed Final Reading by a vote of 47 ayes, with Representatives Carroll, M. Oshiro, Pine and Takumi being excused.

Conf. Com. Rep. No. 114 and H.B. No. 1613, HD 1, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1613, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO VOTING," passed Final Reading by a vote of 47 ayes, with Representatives Carroll, M. Oshiro, Pine and Takumi being excused.

Conf. Com. Rep. No. 115 and H.B. No. 889, HD 2, SD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. Conf. Com. Rep. No. 118 and H.B. No. 801, HD 2, SD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 801, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Final Reading by a vote of 47 ayes, with Representatives Carroll, M. Oshiro, Pine and Takumi being excused.

Conf. Com. Rep. No. 119 and H.B. No. 667, HD 1, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 667, HD 1, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak in favor of the measure and just to make one note about it. If the Members could turn to page 2 of House Bill 667, it's talking about the problem with the nematode population. The nematode can cause serious illness. One thing that Members may remember when we had the industrial hemp research project, the University of Hawaii determined that it was one of the best crops to eliminate the nematode population. So maybe next year we can consider getting that crop planted more widely. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 667, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FOOD SAFETY," passed Final Reading by a vote of 47 ayes, with Representatives Carroll, M. Oshiro, Pine and Takumi being excused.

At 1:26 o'clock p.m., the Chair noted that the following bills passed Final Reading:

S.B. No. 1221, SD 2, HD 1, CD 1
H.B. No. 1070, HD 2, SD 2, CD 1
H.B. No. 1368, HD 2, SD 1, CD 1
H.B. No. 1613, HD 1, SD 1, CD 1
H.B. No. 889, HD 2, SD 2, CD 1
H.B. No. 801, HD 2, SD 2, CD 1
H.B. No. 667, HD 1, SD 2, CD 1

Conf. Com. Rep. No. 121 and H.B. No. 1060, HD 1, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1060, HD 1, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you. With reservations. I think it's actually a good bill. My concern primarily revolves on page 6 and the ability for DAGs and the Chief Information Officer to raise funds and accept donations. While not necessarily bad on its face, I think it begs the larger question for this Body of when should government be able to solicit and/or actively raise money? I think it's just a question of propriety and a concern that it may set a bad precedent in the future with respect to the fact that we're the governance organization often over many of these bodies that potentially may be donating their services or their goods to DAGs and to the CIO. So while I do support this measure, but I do have concerns over that provision. Thank you."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support on CCR 121. I ask permission to insert written comments. Thank you."

Representative M. Oshiro's written remarks are as follows:

"Mr. Speaker, I rise in support of House Bill No. 1060, Conference Draft 1, Relating to Information Technology. Modernizing the State's technology systems is one of Governor Abercrombie's top priorities which will provide for greater accountability for data and spending, enhance security and back up measures and reduce energy. The public will benefit through a broad range of improved services, from filing State taxes to applying for licenses and permits.

"The Department of Accounting and General Services strongly supported this Administration bill, as a means to implement Act 200, Session Laws of Hawaii 2010, which called for establishment of a full time Chief Information Officer, development and implementation of an information technology strategic plan, and creation of the shared services

technology special fund. The plan will become the basis for the long term statewide technology transformation, operational organizational structure for the Chief Information Officer and consolidated IT staff, and the required technology budget. This bill acts to keep Hawaii up to date with the rest of the world with regard to new technologies.

"More specifically, this bill moves the position of Chief Information Officer from the Office of the Governor to the Department of Accounting and General Services, provides authorization for the Chief Information Officer to fill positions critical to the successful implementation of increased data security requirements, and allocates a percentage of central service fees to the Shared Services Technology Special Fund.

"Additionally, for transparency purposes, this bill also requires that the Chief Information Officer report to the Legislature on the activities and programs under the authority of the chief information officer and the information technology steering committee, and the expenditures of all moneys received from all sources and deposited into the information technology trust account and the shared services technology special fund.

"By funding this crucial office, this Legislature will be ensuring that Hawaii remains at the forefront of the expanding information technology sector.

"Mr. Speaker, for these aforementioned reasons and with an eye on the future of Hawaii's need to keep abreast of the ever evolving information technology industry, I support this measure."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1060, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION TECHNOLOGY," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 125 and H.B. No. 1505, HD 2, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1505, HD 2, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of H.B. 1505 - Relating to State Facility. This bill seeks to establish the state facility renovation partnership programs, effective July 1, 2011.

"Public facilities have fallen into such disrepair across Hawaii that our State has become, in many cases, an embarrassment to locals hosting visiting friends, and a deterring force for the tourism industry. Because local retailers and hotels are gradually increasing rates to align with the economy, and Hawaiian Airlines' revoked GET exemption will precipitate a hike in airfare, Hawaii must strive now more than ever to offer tourists a premium destination experience worth every invested dollar. Dilapidated structures, ruptured plumbing, and faulty wiring neither impress visitors nor maintain the health and morale of local residents. Not only the facilities themselves, but also the effect an ambiance has on local constitutions, act as deciding factors, as prospective visitors weigh Hawaii getaways against cheaper destinations nearer to home. As Hawaii's price tag climbs, our only means to maintain value is to raise our quality as well.

"The State's financial deficit leaves scant margin for *any* further government expenditures, not to mention expenditures of magnitudes required to sufficiently address Hawaii's facility problem. Private-public partnerships thus prove invaluable – first for meeting financial figures, but also in cultivating a sense of communal ownership in those willing and able to make a difference. There was a time, in the early years of Hawaii, when endowed individuals took vested interest in public welfare; pride

rewarded those who could point to urban infrastructures or green spaces, and know that they led those parks or town centers into existence. As real estate and construction costs have grown to unprecedented scales, Hawaii's pool of donors able to fund significant improvements may have narrowed. In fact, however, our market's high stakes have expanded the income gap between the surviving masses and the few of fortune; thus, although perhaps small in number, Hawaii's well-endowed class is strong in giving potential. Let us not impede mutually-beneficial opportunities, and eliminate financial barriers between public and private entities. Hawaii must operate as a single organ to enable the changes we want and need. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1505, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FACILITIES," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 127 and H.B. No. 331, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 331, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tsuji rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tsuji's written remarks are as follows:

"This main idea behind this measure is to change the extension of certain public lands leases from 55 years to 65 years.

"Many tenants in Hilo's industrial area are strong advocates for this specific change. Several of them have lease reopening/arbitration with DLNR, who is the final determinant of land values based on their policies. This is because more than 90% of industrial zoned land in Hilo belongs to DLNR.

"Throughout this session, business groups testified in support of this Bill and I would ask my colleagues to vote aye."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 331, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 128 and H.B. No. 1164, HD 1, SD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1164, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," passed Final Reading by a vote of 36 ayes to 13 noes, with Representatives Awana, Belatti, Coffman, Hanohano, Keith-Agaran, C. Lee, M. Lee, Luke, Nakashima, Rhoads, Saiki, Takai and Wooley voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 129 and H.B. No. 300, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 300, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Keith-Agaran rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I just want to take this time to acknowledge the efforts of the Finance Chair and his staff, and for the Vice Chair of Judiciary and the Majority Leader for the assistance they gave in crafting a

budget for the Judiciary that balances their need to restore the Judiciary to five days of actively working for justice. I think we did that this year by restoring the money for the furloughs, and like the Executive Budget, also taking into account the expected collective bargaining savings. For that, I urge my colleagues to vote in favor of this budget."

Representative Awana rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. On the same measure, I'd like to stand in strong support with written comments."

Representative Awana's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support. Mr. Speaker, before this Session, the House Chair of Finance, the Minority Leader and I attended a tour of the State Judiciary Building on Alakea Street. During this eye-opening tour, we were able to see for ourselves the challenges faced by many in this vital branch of government. Justice Delayed – Justice Denied was the title of a report provided to us by judges, and staff administrators. Detailed in this report was information that led me to believe that the passage of this measure is the right decision; cases are being pushed back because of furloughs along with an increased workload, judges calendar's are scheduled six months out because of such delays, and overtime has been halted to compound this situation. These are just a few examples of the burdens facing the Judiciary and with the passage of this measure, some relief will be given to this department. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 300, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 130 and H.B. No. 1566, HD 1, SD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1566, HD 1, SD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Brower rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Thank you. I respect the bill's attempt to address certain inefficient uses of public lands including those of the Ala Wai Small Boat Harbor. This bill would create a public-private development with private management.

"What I oppose in the bill is the fact that it would allow for the commercialization of the small boat harbor. My opposition is basically on two points. One is, in addition to public safety concerns, this would violate a deed which was set forth in the Territory of Hawaii, and although we as a State are not legally bound to the deed, about 50 years ago, our Governor Samuel Wilder King had enacted in 1956 an item to only allows for non-commercial vessels at this harbor because I think back then, they knew some of the problems with commercialization here.

"If we commercialize the Ala Wai, I think it's going to take business away from Kewalo Basin, some business in our areas downtown near Aloha Tower, and possibly other business from Oahu small boat harbors that do allow for commercialization because a lot of these businesses have expressed interest in being at the Ala Wai should that be opened to commercialization. The Kewalo Basin is just a few blocks from the Ala Wai, and there are a number of empty slips there where they do allow for commercial vessels.

"It's also going to displace the people who currently live at the harbor. Many of these people, they are not wealthy and they may have no other option than to live aboard a boat in that neighborhood. It's unfortunate that because the State hasn't done as well a job as it could in managing the harbor, it seems to now want to give it up.

"In that neighborhood where the Ala Wai is, there is the small boat harbor that we're talking about right now. There's also on the Ala Moana Park side, a private yacht club. If we begin to commercialize or privatize the State side, we could end up with two private yacht clubs not allowing for a number of local people to participate in boating activities in Waikiki. They will be forced to go to Heeia, the Kalihi area or to Waianae.

"Mr. Speaker, in closing, I would just like to say that instead of reducing people's choices for affordable housing or encroaching on one of our last enjoyable places where local boating and recreation is in Waikiki, we should be looking for ways to increase the inventory and generate more revenue. I propose increasing the amount of live-aboards at the harbor. And the profit from increasing the amount of live-aboards at this harbor greatly would exceed the grand total of \$140,000, which is what the commercial vessels at Haleiwa, Heeia Kea, Keehi and Waianae generate combined. Thank you, for allowing me to speak."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1566, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO SMALL BOAT HARBORS," passed Final Reading by a vote of 46 ayes to 3 noes, with Representatives Brower, Hanohano and Luke voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 131 and S.B. No. 1073, SD 2, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1073, SD 2, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Fontaine rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. I stand with strong reservations on this matter. Although I support the intent of indigent legal services and what we're trying to do here, I'm concerned that this is going to be placing a burden on small businesses, credit unions, and small banks. The credit unions and small banks use the courts as a tool to recover money that is owed to them. This will increase their cost of doing business and trying to recover money that is owed and ultimately, I fear that this may be passed on to the consumers that utilize these services with the banks and everything else. So I believe there may be some unintended consequences with this measure. Thank you."

Representative B. Oshiro rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, can I ask for a ruling on a potential conflict on CCR 131? I serve on the Board of Directors for the Legal Aid Society, one of the recipients. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1073, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO SURCHARGE FOR INDIGENT LEGAL SERVICES," passed Final Reading by a vote of 47 ayes to 2 noes, with Representatives Har and McKelvey voting no, and with Representatives Carroll and Pine being excused.

At 1:37 o'clock p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 1060, HD 1, SD 2, CD 1
H.B. No. 1505, HD 2, SD 1, CD 1
H.B. No. 331, HD 2, SD 2, CD 1
H.B. No. 1164, HD 1, SD 1, CD 1
H.B. No. 300, HD 2, SD 2, CD 1
H.B. No. 1566, HD 1, SD 1, CD 1
S.B. No. 1073, SD 2, HD 2, CD 1

Conf. Com. Rep. No. 132 and S.B. No. 1270, SD 2, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 1270, SD 2, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Mr. Speaker, I rise in support of SB 1270. Our State is in a difficult fiscal position that requires sacrifices and compromises. I have consistently expressed reservations on using money from the Hurricane Relief Fund to offset some of our State's budget woes. I believe the Hurricane Relief Fund should be used for its intended purposes. Additionally, raiding from this Fund has the potential to perpetuate, even encourage, state lawmakers' habits of raiding this and other funds in the future. I am pleased, however, that my colleagues in the Senate heard some of these concerns and included a mechanism to return the borrowed funds to the Hurricane Relief Fund by 2015.

"The State Insurance Commissioner has submitted testimony indicating that insurance experts believe a Hurricane Relief Fund balance of \$70 million is sufficient critical mass by insurance experts to leverage for reinsurance purposes, should another hurricane strike our islands. I appreciate that this measure takes these recommendations into concern by maintaining a \$75 million balance. Moreover, I prefer this method of borrowing from the Hurricane Relief Fund rather than an increase in the General Excise Tax as a source of revenue to balance our State budget. We must remain vigilant in our fiscal decisions as a Legislature and truly take into account all those affected, as well as the long-term consequences of our actions. By including a mechanism to pay back this fund, as well as keeping a \$75 million balance in the fund, I believe we are doing exactly that."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1270, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HURRICANE RELIEF FUND," passed Final Reading by a vote of 47 ayes to 2 noes, with Representatives Belatti and Thielen voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 133 and S.B. No. 651, SD 2, HD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 651, SD 2, HD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I'd like a ruling on a possible conflict. My law firm's practice includes foreclosures," and the Chair ruled, "no conflict."

Representative Keith-Agaran continued in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in strong support of this bill which will implement a comprehensive strategy to reform the foreclosure process by placing additional protections for homeowners in foreclosure or at-risk of foreclosure. This measure is the major vehicle for addressing the abuse of nonjudicial foreclosures brought predominantly by mainland banks and their collection agencies against local working families and homeowners. Among other things, it will institute a mortgage foreclosure dispute resolution program in the Department of Commerce and Consumer Affairs for nonjudicial foreclosures, will authorize an owner-occupant of residential real property to convert a nonjudicial foreclosure to a judicial foreclosure action, and will suspend the foreclosure actions by a junior lien holder during the pendency of a mortgage foreclosure. It also makes our nonjudicial foreclosure law modern and fairer than the 19th century model being used by mainland lenders.

"The number of residential mortgage foreclosures in Hawaii is very high and it is important to address foreclosure problems caused by out of state banks against local residents. This bill is the result of collaboration among many people including advocates, mortgage professionals, and State regulators. While speculators, real estate professionals and bankers focus on a catalogue of awfuls, I commend the Chair of the Consumer Protection Committee and his Senate counterpart for remaining focused on the Hawaii residents coping with the unfair foreclosure practices pursued by out-of-state, faceless corporate entities. No bill is perfect, but this one address and focuses on the needs of Hawaii's residential homeowners who need a fairer loan modification process.

"It promises to provide some relief to distressed homeowners across the State of Hawaii and I wholeheartedly vote in favor on this bill."

Representative Riviere rose to disclose a potential conflict of interest, stating:

"May I have a ruling on a potential conflict? I am a registered mortgage loan officer," and the Chair ruled, "no conflict."

Representative Riviere continued to speak in opposition to the measure, stating:

"I rise in opposition. The easy thing would be to keep my head down and let this bill go without comment. It's quite clear it's going to pass today. I have spoken on these measures several times on various aspects of them. There are several good elements to this bill, namely the improvements in Part II of the non-judicial foreclosure. The parts that I find unsupportable from my point are the moratorium on Part I, which would effectively be about a 13 month moratorium. Granted non-judicial foreclosures can continue in the Part II.

"Part II has never been used. It's been on the books for several years and it's never been used. With the fixes that are in this bill they may be used. Or they may not. We'll see. There are some concerns, and really the question is, what are we fixing here? There's trouble in the lending industry. There are people that are very passionate. Some people being put through hoops that they need not be put through, or shouldn't be put through. I'm not here to defend any banks or any institutions. I'm just standing up to speak about some of the issues, and trying to take this in a rational form.

"The uncertainty of this program is that it will force meditation, or will likely result in meditation leading up to 198 days. That's six months. That's six months after presumably somebody has not paid a mortgage bill, or there's been a dispute over the mortgage payments for four months. Every month that a mortgage is not paid or delayed adds to the cost to cure. So adding this, I don't know if in the end it helps anyone because of the uncertainties in the real estate market. The best policy, the best way to cure the situation would be to process these quickly.

"The vast majority of non-judicial foreclosures proceed unopposed. There are currently, it is possible to file a claim in federal or State court, if you feel that you've been wrongly approached or put in a non-judicial foreclosure. The State, they cannot kick you out of your house without going through court proceedings. There are many things.

"So anyway, not to belabor the point, but there's a couple other elements. Lenders will be subject to unfair practices if they violate any part of the law, and that means triple damages. That can be rather severe. Meanwhile, I notice that if any of the delays are caused by the DCCA or any other party, there's no sanction. So the delays, we're at 198 days if meditated, 53 days if not meditated. So no matter what, we're throwing two more months onto the process of curing the situation. 53 days. Two months anyway. What I would suggest is that this bill would have been better to require meditation before the foreclosure process begins. By the time we get to foreclosure, it's very difficult to cure. The bills are piling up.

"So while I understand the situation, I also point out that 23% of our economy is related to the real estate industry. People buy appliances. They buy carpets. They buy drapes. They hire carpenters. There is a huge effect in our economy based on real estate. And if we create a great uncertainty attempting to fix something without really, really looking at the potential unintended consequences, I fear that we might be hurting our economy more than we need to.

"Loan modifications. There are some scammers out there. There are many scammers out there. This bill does nothing to take care of the people who are fraudulently representing to owners that they can fix their loans. Many people that are caught in the problems, and the stories that we hear have gone for loan modification. Maybe they paid somebody thousands of dollars to modify it, and they get down to the end and they realize that their loan never really was modified. That is a problem and those people need to be brought to justice.

"There are people, due to the home affordable mortgage program that was created in 2009, the federal programs to help meditate and to save people's home. There are people that go through the process on temporary loan modification, but when they get to the final line, they do not qualify and that becomes a tragedy and those are things that are just unavoidable.

"So I don't plan on converting everybody here in the House on this, but I must say that ..."

Representative Fontaine rose to yield his time, and the Chair "so ordered."

Representative Riviere continued, stating:

"Thank you. It's a well-intentioned bill. I'm not faulting anybody. The bill started out based on the task force recommendation. As it was worked on, it got more unwieldy. It got bigger. It got more cumbersome. And I don't believe the end product is nearly as good as the product when it started. So for those reasons, I'll be voting no. Thank you."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. At the beginning of the Session I was very distressed by the large number of foreclosures here in Hawaii. I was looking for some sort of fix to the problem, a legislative fix. But I feel that this bill does not. It's not really the right medicine that really will not help the patient that much. I'm particularly concerned about the moratorium. I think it will hurt our banking and mortgage industries. And ultimately raise interest rates, which will depress our real estate market.

"I have other comments, which I'd like to have inserted in the Journal, with your permission. Thank you."

Representative Marumoto's written remarks are as follows:

"Undoubtedly the large number of recent mortgage foreclosures in Hawaii has alarmed legislators. Constituents have been pleading for relief. However, I am not at all certain whether HB 651 will solve their problems and save their homes.

"Under this bill, there will be a 1 year moratorium on non-judicial foreclosures which use the "old" 1874 law. This is ironic because the Mortgage Foreclosure Task Force made recommendations to improve and

strengthen the "old" law by adding more consumer protection provisions. The bill before us incorporates those recommendations while at the same time imposing a moratorium on using it.

"The imposition of a moratorium concerns me. A 1 year moratorium on the "old" improved non-judicial foreclosure process forces lenders to either use the "new alternate" non-judicial foreclosure process or the judicial foreclosure process.

"The "alternate" non-judicial foreclosure process is untested and has been unused since it became law in 1998. This measure makes some changes to the "alternate" process supposedly to make it usable. However, industry representatives are skeptical.

"If lenders do choose to use the "alternate" non-judicial foreclosure process with its new bells and whistles (rather than judicial foreclosures), that will move those cases into the new dispute resolution program which won't be set up until late this year. The newness of the "alternate" process and the newness of the dispute resolution process will slow down the foreclosure process and will make it harder for lenders to foreclose when foreclosure is the "last resort".

"The new dispute resolution program is partly modeled after the Nevada foreclosure mediation system. I am not an expert in this field, but I have been told that the Nevada program is not as effective as some people claim. Although many enter the Nevada mediation program, less than half emerge with successful results that allow them to keep their homes. However, among these successful few, many default again on their loans within a year of the modification.

"The dispute resolution process may be redundant for Fannie Mae and Freddie Mac loans. That's because these entities already require loan modification negotiations before and during the foreclosure process. Perhaps a duplicative process would be helpful, but it may just result in delays.

"I do not know whether the fees collected by the dispute resolution program will cover all costs. While the Compliance Resolution Fund of the Department of Commerce and Consumer Protection is providing \$400,000 seed money for start-up, will the CRF be required to cover future shortfalls in the program?

"Some foreclosure attorneys say that the "alternate" non-judicial foreclosure process still has some practical problems which make this process unworkable. Also, the "alternate" process might not be used as much as envisioned because the dispute resolution process associated with it will stretch out the foreclosure process unnecessarily.

"If the "alternate" process isn't used, and with the moratorium on the "old" non-judicial foreclosure process, then foreclosure cases will have to be filed in the court system using the judicial system. I'm told by some foreclosure experts that the court foreclosure process currently takes about 10 to 13 months or longer. More judicial foreclosures will only add to the backlog that already exists in the courts. Auwe!

"Finally, the delays in either the "alternate" non-judicial foreclosure process (with dispute resolution) or in the judicial foreclosure process ... and the costs related to the delays will leave lenders with less capital to lend to homeowners and will make it more costly if lenders have to foreclose. This may cause interest rates to inch upward, and will have the eventual effect of hurting the real estate and housing market and Hawaii's economic recovery.

"Because I am concerned about the foreseen and unforeseen consequences that SB 651 will have, I am compelled to vote no."

Representative McKelvey rose to disclose a potential conflict of interest, stating:

"Thank you very much, Mr. Speaker. First, may I have a ruling on a potential conflict? My family's currently undergoing a remodel, or attempting to," and the Chair ruled, "no conflict."

Representative McKelvey continued to speak in support of the measure, stating:

"Thank you, very much. In strong support. My strong support revolves around the idea that we're finally doing something to address Chapter 667. I will admit to everybody today that it falls short of what I thought when we started the Session, which is to create a one uniform track. But at the same time, what this does is it gives us finally, an ability to bring these entities to the table.

"With all due respect to my good friend there from the North Shore, and much of what he said is true, but the fact of the matter is that these endless modifications are not because of the homeowners in the vast part of the situation. It's because of the entities particularly, to be specific, the mainland entities that drag things on over, and over, and over again. Stories, daily of repeated requests for the same forms submitted over, and over, and over again. Six times. Seven times. Getting letters that basically have been post-dated two weeks earlier saying if you don't respond with even more documentation by a date that is in Hawaii two days later, you're out of the remodification program. There was admittance by one of these biggest lenders on Utah television that basically the whole aim in most of these is to not make anything happen so they can collect on the FHA insurance, Mr. Speaker.

"Mr. Speaker, if they were dealing in good faith, if they were giving the consumer a straight-up answer, one way or the other, and I agree, working with them before the process of foreclosure began, then I think we'd be in a better place. But I think you'll speak to many people across this great State, Mr. Speaker, and you will see that they didn't have that opportunity before foreclosure came. No entity from this bank came and said, 'You know what? You're behind.' Or, 'Let's work something out.' No. What they get is a notice, and then their checks get returned, uncashed. Then you have to go into this program. We need this information. Sorry we can't help you. Back and forth, and back and forth, and back and forth. You either go insane, then you hire an attorney, and they go insane. Or the end result is you don't have a home. And you're a hard working person. You're not a scammer. And to that point, the issue of originators has been addressed in another measure, and so that has also been addressed although it's not in this bill.

"We can cite any legislation as not being fully formed of function, but I think the legislative intent is clear. If we're going to be stuck with a two part system and the banks want to use the easier path system, they cannot. They've got to use the system that has protections. And if they just work with the homeowner, a majority of the time there will be no mediation. Endless mediation doesn't seem to be the game of the homeowner. Endless mediation seems to be the game of the lender, Mr. Speaker, to get to foreclose one way or another, to collect whatever interest they can on paper on this and be done with the homeowner.

"So I just ask all of my colleagues, and I think pretty much our various positions are clear. But remember that this is not something where the State of Hawaii is deciding we need to go after banks because banks are bad. This is endless, and endless of our friends and neighbors and constituents coming forward and saying, 'We cannot get a straight answer. Nobody will work with us. And it seems like the only end game is that we have to be shown out of our homes, despite the fact that we can work and come up with at least an 80% of the solution.' I would say that more of a win-win is where the banks can receive their money, keep their value, the property stays intact, and the homeowner has a home. For once again, as our State Seal outside this building says: The life of the land, Mr. Speaker, is preserved in righteousness. Let us not forget that. Thank you, very much."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support of Senate Bill 651. First, let me start by clearing up some of the BS due to this SB. First, you can foreclose. The moratorium is on Part I, of non-judicial, which was passed in the 1800's. You could still foreclose in Part II, which we amended to make it work. There is no foreclosure moratorium.

"We have heard this will depress mortgage lending in the State. I don't believe that banks will not lend money anymore. This is a knee-jerk

reaction, Mr. Speaker. Lenders will always lend to people who have the ability to pay. Banks need to lend. People need to borrow. Bottom line. Are the banks going to shoot themselves in the foot to protest this bill? I don't think so.

"We've also heard this will raise your down payment. I don't know where it says that anywhere in the bill, but Mr. Speaker, part of the problem was that banks made loans to people by building a house of financial cards. Down payment may increase because banks need to know that borrowers can afford the house. Lending needs to make sense. If this legislation ends the practice of loose loans and fast money, we all benefit.

"We've also heard this bill will lead to endless mediation. Mr. Speaker, this bill is not drafted to create an endless process. We put very clear timelines on dispute resolution and require the advanced assistance of housing and credit counselors. All the financial information is required up-front. A neutral third party will have enough information to determine whether a work-out is possible even before the first face-to-face meeting. But what was sorely lacking and what this process provides is an opportunity for the homeowners to communicate with someone face-to-face who actually has the authority to help them with the modification. That person can say to the lender, 'You don't have the authority to foreclose.' Or can say to the borrower, 'You don't have the money to do a loan mod. We're going to foreclose.' And that's someone who keeps losing their paperwork, giving them mixed messages, and jerking them around. Through dispute resolution, the banks will have an opportunity to live up to what they've been professing through this whole crisis, which is that the last thing they want to do is foreclose. And, Mr. Speaker, this is only a 3-year program. We're going to sunset it.

"We've also heard this is a one-size fits all legislation. This message is echoed by our local banks, the do-no-wrong banks. If they do no wrong, how will this bill hurt them? The local banks oppose dispute resolution so we asked them, why? If the local banks are in contact with borrowers, they should be able to work out a loan mod before it even gets to dispute resolution. Then we asked them, 'How many foreclosures do you have?' Mr. Speaker, they don't have many. Only a handful. Then they told us that they only foreclose through the judicial process. Well, Mr. Speaker, the dispute resolution does not apply in judicial foreclosures. Simply stated, it doesn't apply to them, so what's the problem? They still have not given me a straight answer besides the same economic doomsday sound bites.

"So, Mr. Speaker, who's this bill for? Well I'll tell you. The bill's not for realtors, the people who encouraged their clients to purchase expensive homes by saying, 'Don't worry. Your property will increase your value and give you instant equity.' They're wrong.

"This bill is not for the national banks, Mr. Speaker. Our pillars of the economy, the same lending institutions that required millions of our dollars in bail-out money to fix their mistakes, told our neighbors, 'You can afford this home.' They offered loans with no money down, and brokered deals we couldn't afford. They said, 'Don't worry. The housing market is hot.' They were wrong.

"This bill is not for investors and real estate speculators. This bill only requires dispute resolution for owner-occupants, people who live in their home, raise their families, and people who we call neighbors. All those critics who believe that we want to protect investors as well, they were wrong.

"This bill is not for the local banks either, Mr. Speaker. Throughout this Session, the local banks pointed out that they were not the problem, but they also offered absolutely no solutions. We didn't want to hurt them, but they couldn't tell us how this bill hurt them. All they wanted was a carve-out. And the exemption was the only answer since quote, "it hurts them." But if you look at the bill and how they foreclose, there's no problem. They were wrong.

"Well, Mr. Speaker, we wanted to do something right. Let's help those who truly need our help. So who's this bill for? This bill is for the thousands of people like Marcy, a resident of Maui, who wrote me and said:

"Mahalo, Representative Herkes."

Representative Rhoads rose to yield his time, and the Chair "so ordered."

Representative Herkes continued, stating:

"I have not met you, but I feel I almost know you from following these foreclosure bills so closely. Thank you so much for all your hard work and for fighting for us on SB 651! Your efforts have saved people unaccountable dollars and hardships and will stop the rain of fraud that has been happening to the people of Hawaii by the banks! I know the pressure had to be strong and you proved the system does work and fought for us! I am so proud of you and Hawaii, this might be the strongest bill in the nation and a model for other States! This is so much bigger than most people realize right now, thanks for being a true leader! Aloha from Maui!"

"Mr. Speaker, our people needed help. We stepped up. We worked with DCCA, the Judiciary, the Senate staff, and my staff. We spent countless hours working on this bill. The dispute resolution program is the result of a collaborative effort between the Legislative, Executive and Judicial branches all working together. Hawaii expects its government to work hard for its people, and I'm proud to report today that this bill is the result of that hard work.

"Mr. Speaker, I've also heard from Louisiana, Florida, and California in support of this bill. Thank you, Mr. Speaker."

Representative Cabanilla rose to speak in support of the measure, stating:

"Thank you for recognizing me, Mr. Speaker. I just want to speak in favor of this bill. This bill may not be as comprehensive as we want it to be, and it doesn't address everybody's needs. This problem is so convoluted and complicated, and a lot of it has a lot to do with interstate commerce. The product that we have today is the best ever this House made towards this effort. At least this bill will communicate to our citizens that we in this building are doing something to address their needs. It will alert those mortgagees that their abuses are now being scrutinized. The bill has a lot to do with the current situation, and for this measure, Mr. Speaker, I stand in strong support of this bill."

Representative McKelvey rose to respond, stating:

"I know it's my second time, Mr. Speaker. And I'm still in support. I would just like the words of the good Chair of CPC entered in the record as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Souki rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker. I may have a potential conflict of interest. I'm a realtor, and I have my own business in real estate," and the Chair ruled, "no conflict."

Representative Souki continued to speak in support of the measure, stating:

"Thank you, very much. First of all, Mr. Speaker, I speak very strongly in favor of this measure. I would want to incorporate the remarks of the speaker from Lahaina, and the speaker from the Volcano area in Hilo, who has worked so hard to prepare this measure. He put his heart and soul into it. And I wish to support this measure wholeheartedly. Thank you."

Representative Cabanilla rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cabanilla's written remarks are as follows:

"Mr. Speaker and colleagues. I appreciate the intent of SB651. While it may not be the instantaneous answer to our foreclosure crisis, it has furthered the conversation. This measure will lead to a foundation of effective reforms, from both the Judicial and the Administrative Branch.

This bill acknowledges that there are serious problems with how foreclosures have been handled in Hawaii. Our non-judicial foreclosure process, one of the most draconian in the country, was originally designed to make it easy to take land from Native Hawaiians. Repealing the non-judicial foreclosure law is a step in the right direction.

"It is important to remember that banks from the mainland do not own most of these properties or even the mortgages. They are only servicers. The loans were sold to investors or paid for by TARP and/or insurance funds in some cases thirty times the value.

"In a complex Wall Street ponzi scheme, together with Mortgage Electronic Registration System (MERS) and large insurance companies, the homeowner is doomed to fail from the first instance while the top New York Wall Street investment bank CEOs and big banks financially benefited from this crisis; all while knowing that the overall economy was in a steep decline, causing massive unemployment and ultimately borrowers to default on loans.

"In a delusional "too big to fail" state of mind, hoping to stave off a complete collapse, Wall Street developed the defective financial products known as subprime loans (also known as ARMs, HIBORs, LIBORs, HELOCs). They bundled millions of mortgages into thousands of trusts, insured them and falsely rated these securitized mortgages triple A; which enabled Wall Street to attract TRILLIONS of dollars in investor funds and peel off their risks – in just a little over 5 years.

"By Friday, September 12, 2008 Wall Street knew that the game of intentionally inflating appraisals, lowering lending standards, and overrating trust bonds was over. These were wrongdoings in which the Hawaii borrower had no control. From that point forward the foreclosure devastation in Hawaii began to get ugly.

"Mr. Speaker, this ponzi scheme induced many mortgage brokers to fabricate information for their borrowers; it seduced some borrowers to agree to lie about income. They were all told from the top, "don't worry about the loan now, they don't care how much money you make, just maintain your credit and you can always refinance later". Others were coerced into wrapping their unsecured credit card debt in to their secured mortgage loan, essentially eating up whatever equity they may have had – and paying a lot more in the long run. The borrowers maintained their payments and their credit scores until they lost their jobs and wages as the economy collapsed.

"This is not only a financial crisis, but also a moral one, in which deceit was encouraged from the top of our financial system all the way down to the homeowner. Borrowers were offered candy and then, by the very mechanisms purposely set in place, lost their investments and their homes.

"Although the intent of SB 651 is beneficial to Hawaii, in order to save our economy and our precious land from being taken over by mainland banks we must take further and more dramatic steps. I am committed to taking whatever steps are necessary next session, to bring accountability to the banking industry and to retain Hawaiian land in the hands of our locals.

"My concern, as explained to me by a local foreclosure defense attorney, is that with SB651 there will be a rush to file thousands of Part I non-judicial power of sale action notices immediately before its effective date if it passes, and after the Bill becomes effective the bill's dispute resolution procedures will look like a ghost town as intelligent lenders will just bypass it entirely, rendering the moratorium useless, by filing judicial foreclosures instead, which could further harm the homeowner in that the bill then allows the taking of deficiency judgments.

"I am also concerned that come October 1, 2011 if the DCCA has not been able to put its dispute resolution program into operation it appears the entire Bill evaporates.

"Mr. Speaker, the mortgage foreclosure task force included numerous banking industry representatives, including a representative of the Hawaii Financial Services Association, of which Bank of America, one of the most egregious players in this mess, is a member. This is basically allowing the 'fox to guard the henhouse.'

"Mr. Speaker, again, while I support the intent of this measure, and will vote yes, since it is the only serious foreclosure bill that we have at this time, I am concerned that it won't stop foreclosures to a large enough degree, and I urge my colleagues to work on a stronger legislation in the immediate future."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 651, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MORTGAGE FORECLOSURES," passed Final Reading by a vote of 47 ayes to 2 noes, with Representatives Marumoto and Riviere voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 137 and S.B. No. 570, SD 2, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 570, SD 2, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker, this is one of the pillars of, or part of the \$600 million tax increases that are proposed by the Majority. This one will eliminate the tax deductions and limit itemized deductions.

"But let me begin by saying the good thing about the bill. It doesn't have any pension tax in it. In the beginning it had taxing on pensions. And let me also begin by commending my colleague from Kaimuki who's now the star of YouTube's jousting with the Governor about the threshold or the floor of, the pension tax, and I'm sure she may have something to say about this bill.

"But this bill takes the standard deduction and delays it. The personal exemption and delays the increase. And not that it's that bad. Our Caucus agreed to do this, but for only two years. This bill also eliminates deduction for State taxes paid, which our Caucus only wanted to delay. It also places a temporary limitation for itemized deductions. Mr. Speaker, as I said many times today, the fiduciary fiscal Hippocratic Oath is do no harm to Hawaii's family, jobs, and don't stall the economy.

"This bill has the serious potential for us to pause and to know that this may pull back those who are the job creators, those who are going to make investments, those who counted on tax deductions, who otherwise might be creating jobs, to pause, to pull back, and literally stall our economy. Mr. Speaker, we can do better than this by passing legislation that grows the pie, and just doesn't keep cutting it up in smaller, and smaller pieces. Thank you."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations on this measure. Thank you. You know, it's a big tax increase. And normally I would vote no, but I was so glad that the pension portion was removed from this particular bill. On Friday I was thinking, 'ding dong, the pension tax is dead.' So when Senate Bill 570 passed, minus the provision, I was truly happy. Yes, it would only have affected high-income earners above \$100,000 for individual filers, but a lot of us were afraid that the income level would slide downward, if and when the State needed more money. And then if the AGI went down to \$37,500, it would have indeed have been a very cruel tax.

"But all this Session, I received a steady stream of letters, phone calls, and emails. I was stopped several times in neighborhood markets and shopping centers, and none of the communications were form letters or robo-calls or blast faxes. They were all individual pleas reminding me that retirees could not afford to lose more income to taxes. There were several that reminded me that the Governor and Legislature should keep their hands off of our pensions. Many were incensed that they had worked for decades with the expectation that their pension would be tax free, and felt that the rug was being pulled out from under them."

Representative Cabanilla rose, stating:

"The pension tax is no longer in this bill, Mr. Speaker. So I think that should not be the discussion."

The Chair addressed Representative Marumoto stating:

"Representative Marumoto, please confine your comments to the measure on this page."

Representative Marumoto responded, stating:

"I think previous speakers have referred to the marriage of Prince William and Kate, and the death of Osama Bin Laden. I just have two or three more sentences if you'll allow me. Thank you.

"You know you legislators must have also received similar communications that amounted to a very focused message that people do not want their pensions taxed. This was not a big, powerful lobby. They are sincere cards and letters, and admonitions that really did the trick. It killed the pension tax. I want to congratulate these seniors and also the American Association of Retired People who worked very hard for that purpose. So I say the retirees have won the day. Thank you, very much."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I'm just referring back to the Minority Leader's analogy about doing no harm. The problem is the analogy is not apt, because if we had not raised taxes, then we would have made cuts. We would have had to probably lay people off. We would have Furlough Fridays again. We would have to decrease the number of ag inspectors and elevator inspectors, and vector control personnel.

"Not raising taxes is not doing no harm. The harm just comes out on a different place. I think it's unfortunately that it's a zero sum game. If we raise taxes, \$600 million, then people who have their taxes raised are hurt by \$600 million. If we don't raise by whatever amount, I'm not sure if \$600 million is the exact amount. But if we cut spending by the same amount, people lose their jobs, and services that people rely on that are provided by the government are lost as well. So it's not a matter of doing no harm. It's a matter of choosing which harm you think is more important. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, I think if we're going to be rebutting, we should be accurate. If we look at the structure of the economy, 80% of the jobs are in the private sector. I'm speaking on Conf. Com. Rep. 137, the huge tax increase.

"The notion that we have to protect public jobs is true. We have to protect public jobs. But the structure of an economy in a free society and a market driven economy, 80% of the jobs come out of the private sector. The private sector means that's the big job reservoir. If we look at the unemployment rolls, which are now at 6.4%, the huge, vast majority are private sector individuals. Not public sector individuals. And that's from the Lingle Administration up to now, it's been preservation of jobs and we have to continually try to do that, but when we stall the economy, this is where the gentleman from Chinatown needs to listen.

"When we stall the economy, those who are in the majority, unemployment lines, welfare lines, down and out, citing what the Homeless Czar said, Father Mark, 100,000 people in hidden homeless in the State of Hawaii. We're punishing the people of Hawaii by only thinking about government. We have to think about government, but that's not the whole enchilada. We are responsible for all the people of Hawaii. Just not maintain government jobs or maintaining government. We have to look at the bigger picture.

"If the bigger picture is 80% of the jobs come out of the private sector, we should be mindful when we increase by \$600 million, that's almost the equivalent of a 1% GE Tax by the way. What we've done here with *manini*

here, *manini* there. We've basically put on the people of Hawaii a 1% increase or the equivalent of \$500 million plus.

"The point is, Mr. Speaker, we need to protect all jobs, but these are hits on the private sector jobs of which a majority of the people in the unemployment lines, and we don't need that. We need to get them back to work. Thank you."

Representative Wooley rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Wooley's written remarks are as follows:

"I voted no on this bill the last time we voted on the floor, on April 12th. This time I vote yes.

"No one likes taxes, at least no one I know, and no one likes it if their tax breaks are taken away. Here, at the Legislature, we have talked time and time again about how to avoid raising taxes. We spent a lot of effort cutting government spending, but can only cut so much without eliminating essential services. As a result, even after all the cuts to government each year for the past three years, the big question has not been, 'Should we tax?' The question has been, 'Which taxes?'"

"We heard a lot of proposals this time around, some worse than others. This bill, with the various versions that included a tax on pensions, was not acceptable, at least not to me or many of my constituents.

"It's not simply that seniors are a vulnerable group of people and the pension tax appears to simply pick on this one group, it's also that people have been making life decisions based on their expectations about their pension income and tax rates.

"To add insult to injury, the proposed pension tax in the previous version of this bill barely raised any money. Why should so many seniors suffer stress and worry for so little?"

"I want to thank AARP, the 22 other members of the House who voted no on the last version of this bill and the Senate members for all their work on this issue. Without their efforts, we would have seen a different outcome today.

"This version of the bill is a victory for all of us. Our *kupuna* will sleep better, none of us will have to witness the messy litigation to determine whether or not the taxing of pensions is constitutional or not, and the conflicts over this issue will end ... at least for today."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 570, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Final Reading by a vote of 43 ayes to 6 noes, with Representatives Brower, Cullen, Hanohano, Hashem, Nishimoto and Ward voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 138 and S.B. No. 754, SD 1, HD 1, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that S.B. No. 754, SD 1, HD 1, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Thielen rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. First I'd like to disclose a potential conflict. I have contractors in the family," and the Chair ruled, "no conflict."

Representative Thielen continued to speak in opposition to the measure, stating:

"Thank you. Mr. Speaker, I'm rising to speak against Senate Bill 754, which does hit the private sector very severely. Yes, I'm in opposition. Very much in opposition. Mr. Speaker, I'm talking about the subcontractor deduction that had been in place because if that deduction had not been in

place, contractors would have had an untold pyramiding tax to have to pay. Well, Senate Bill 754 now does that to the contractors in our State and the problem is Mr. Speaker, that we look at the building industry as one of the engines, economic engines in this State to help pull us out of our depression. Now we've done something that is going to just slow them down and make it very difficult for them.

"The Building Industry Association of Hawaii made some comments and some of you have these because I handed them out to you. They're talking about how Senate Bill suspends the deduction for payments to subcontractors from the calculation of the general excise tax liability of contractors. This now results in a pyramiding of the general excise tax paid on all construction projects. For most contractors, the subcontractor deduction runs between 60% to 80% of the total moneys received so that under the current law, general contractors generally pay general excise tax on 20% to 40% of funds received from the owners so they don't have that pyramiding effect. Now the Senate Bill increases the general excise tax liability of general contractors by 300 to 400%. Listen to that. I mean, that's just unconscionable. The larger the project, generally the higher percentage of funds are paid to subcontractors.

"Some lawmakers have been told, and in fact I have a colleague within this Body that has said what I'm going to tell you now. The increase in taxation can be avoided if subcontractors bill owners directly. Well that's really questionable tactics. We pass a bill to put more money into the State's coffers and then say, 'Hey wait a minute. The contractors don't have to follow it. Here's a cutesy way of getting around this provision.'

"First if this is true, goes the BIA, 'This is a strong argument to not suspend the deduction as it would generate no additional revenue. Second at best, such a tactic would effectively make the construction contract a cost-plus contract which would dramatically shift the risk of cost overruns and defective workmanship to the owners, making it highly unlikely such an arrangement would be adopted.' In other words, is an owner going to go along with this scheme to avoid paying pyramided taxes? Then goes BIA, 'At worst, this tactic could be interpreted as a form of tax evasion, depending on how the arrangement is structured.'

"So what we're doing is passing a bill that some Members in this Body say, 'Gee, you can evade paying it so go ahead and evade these taxes.' That's really questionable, Mr. Speaker. BIA goes on, 'General contractors play a key role in managing project quality and controlling cost. To say that subcontractors could simply bill the owners directly ignores this basic fact of the construction industry. Most projects require bonding by the general contractors thus it would be improbable to contract with the subs directly.'

"So we're taking a step today in passing this bill to hit one of the most important industries in our State with a 300% to 400% increase in taxes."

Representative Fontaine rose to yield his time, and the Chair "so ordered."

Representative Thielen continued, stating:

"Some in this Body are saying, 'Not to worry. Evade your taxes, I'll give you a scheme whereby you don't have to pay them.'"

Representative B. Oshiro rose to a point of order, stating:

"Point of order, Mr. Speaker. I've been letting this go on, but it is improper under *Mason's*, as well as our Rules to misalign anyone's motives. You can talk about the bill. You can talk about its consequences. But you cannot talk about Members and their motives."

The Chair addressed Representative Thielen, stating:

"Please confine your comments to the bill."

Representative Thielen continued, stating:

"Okay, let me just continue on with this whole scenario. Mr. Speaker, when we take a look at trying to pull together an economic recovery we

turn to the construction industry to say that they're the one of the most important areas. Military is too, but that spending is out of our control. Contractors are not out of our control. They're the ones that if you're a homeowner, or if you're hoping to be a homeowner and you want to remodel a house, you have a contractor come to you and say, 'Well, I've got this scheme where you're going to have to pay this sub directly and have a separate contract with them.' You're going to go, 'What are you talking about? What's going on here? What's happening?' And most of the contractors that I personally know wouldn't do that kind of questionable arrangement because it is tax evasion no matter how you structure or what you say. It's tax evasion.

"So we're taking a step today and I hope those of you that are voting for this bill recognize what you are doing to an industry that is so important to our recovery. We don't hit that industry with a 300% to 400% tax increase. Thank you, Mr. Speaker."

Representative Say rose to disclose a potential conflict of interest, stating:

"Mr. Speaker. May I have a ruling on a potential conflict? I am a sublessee," and the Chair ruled, "no conflict."

Representative Say continued to speak in support of the measure, stating:

"May I speak in support of the measure before this Body? General excise tax exemptions. The general excise tax. What are they? When they were created in the late '60s or '70s, the general excise tax was the tax of the rich. They wanted to have every business transaction be affected by this particular law that we have on the books throughout the years. Yes, it is time for this Body to review the exemptions that are on the books. It has taken me 16 years, Mr. Speaker, to have this particular measure brought to the Floor of the House.

"When I was the Chair of Finance, in my first year as Chair, I brought this issue up. The churches, the nonprofits, everyone came out in opposition. But at the end of the day, Mr. Speaker and Members of the House, what would be your solution to a \$400 million revenue enhancement measure that does not affect everyone, but those that are part of the bill today? What is your solution Members of the House, in addressing this budget shortfall?

"I am a sublessee willing to sacrifice that 4.5% at this point and time. It is part of P and L, but I'm willing because everyone in the canoe has to share a little for the greater good of the people of the State of Hawaii.

"Members of this Chamber have stated for the record, that we're proud that this Body has not addressed an increase, an increase in the general excise tax where these entities would still be exempt if it was adopted. All we're asking for is that these 22 entities pay a fair share of what the present law as it was created was all about. The general excise tax is a tax of every business transaction.

"I shared with those who are opposed to this measure, those entities, businesses that have come to see me, that the bottom line for all of you is this. Would this Body have been willing to address a GET increase and affect 1.4 million people in the State of Hawaii? Or support this measure and affect maybe close to 150 employees throughout the State of Hawaii in the private sector, and those companies. You make that choice this afternoon. Everybody wants services which the Speaker Emeritus from Maui talked about, but nobody wants to pay the bill.

"I followed the presentation given by the ALEC and Jonathan Williams for the Minority, which I attended. A lot of that particular proposal this Chamber has addressed. So I'm saying to all of those who are being affected today in the suspension for two years, please consider it for the greater good of our community rather than our own special interest and protectionist views. Thank you, very much."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. And thank you, Mr. Speaker, for asking that question. And here's my answer. First of all, we take a salary deduction that should have been the top item that we did this Session. We reduce our salaries and that money goes into the general funds.

"Second of all, we turn the Bureau of Conveyances over to the private sector, which pays the State money for doing what the Bureau actually does now, but can be done just as well or even better by the private sector. We take that space in the Department of Land and Natural Resources, bring in one of the agencies or divisions that are renting in the private sector and in the budget today before us there's a dollar figure of about \$5 million for that rental in the private sector. We put them into this State building. Mr. Speaker, those are just a few ideas that I have and those will bring money into the general fund. Then we don't have to harm an industry that is responsible for our economic recovery. Then we have an economic recovery that truly will pull us out of the recession that we are in now. There are other ways.

"Salary deductions for all legislators, now. Privatize the Bureau of Conveyances and get the other departments out of private sector locations where they're paying large amounts, \$5 million or more a year for those facilities. Those are just two ideas, but we don't have to hurt our economic engine and that's what this bill does. Thank you."

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support. Just so we have some basis of speaking from fact, I think we have several more days left in this Session. We passed out a balance budget, much of it is dependent upon this particular measure. And just let me throw out a shot of reality so the Members and the audience listening in know what this bill means.

"It means \$173 million for fiscal year '12 that starts on June 30, 2011. It also means \$220 million for fiscal year '13. These are two important components to realize. \$173 million for fiscal year '12, and \$220 million for fiscal year '13. And these two numbers have been incorporated into the budget allowing us to not cut more than about \$800 million in the budget and giving us a cash balance of about \$150 million in fiscal year '12 in case the Council of Revenue's projection goes down.

"So if anyone wants to talk about not moving this bill forward, I am open to receive any amendments today and the source of where they will make up those revenues. But just keep in mind, Members, you can go ahead and eliminate most of State government entirely except for the Departments of Human Services, Health, DOE, and University. You can eliminate about 14 departments and agencies, and you'll come up with about \$200 million. Thank you, Mr. Speaker."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. I would like to continue with the vision deficit that was brought up by my colleague from Kailua. This is a budget deficit, but really the vision deficit of thinking other than hitting the private sector that creates the jobs. And she's only talking about the contracting industry. What about the airline industry that's going to take a hit and make everybody pay more to fly to various parts of the U.S., as well as interisland. 80% of our foods come from ships. Those who unload and load ships are going to be hit.

"So Mr. Speaker, I appreciate you getting up and speaking out with such compassion, but Mr. Speaker, the vision of where we are taking the people of Hawaii leaves a lot to be desired. We have to show how year after year we're not just going to keep cutting in to what otherwise has been the sustaining part of our economy. And as my colleague from Kailua said, what got us out of the slump of the '90s? The real estate market. And following the real estate market, the construction market. We can't keep hammering these back down.

"The vision deficit is we've got to, as I mentioned earlier in one of my speeches, the green jobs that we basically passed right by. The lack of political will to do solar and photovoltaic. We punted it over to the PUC instead of taking the policy by the horns and implementing it. We have

proposals to sell Aloha Tower. Different ways of getting through these difficult times.

"Mr. Speaker, this bill gets us \$175 million as the Chair of Finance said. It's a fixed pillar in this budget. But a fixed pillar, if it holds up the building, but then in a couple of years collapses the whole structure, what good will it have been? And that's what your Minority is saying. Be careful of stalling the economy, hurting those jobs that are there because if we get any more unemployment, then we will cut our nose to spite our face. We have to be long range with strategic planning, working on our strengths, minimizing our weaknesses.

"And our weaknesses in the State of Hawaii are quite frankly, taxing and taxing. Learning and getting a reputation that we're anti-business. We're not welcoming people. Investment capital is minimal. And this is again, for saving the government workers and the private sector workers. But I think this Body is a little bit tilted too far on the public sector workers and forgetting those who are out there in the private sector. That's 80% of who the people of Hawaii are who we are supposed to all represent.

"So Mr. Speaker, this is a pillar, but I think it's going to hold up the wrong building with the economy that we know cannot support all of these tax increases. With that, I'm voting no and I hope my colleagues will also vote no. Thank you."

Representative Chong rose to speak in support of the measure, stating:

"Mr. Speaker. Thank you. I am in support of this measure. There has been a lot of discussion regarding government services, business, and fairness, and this bill may somehow hurt the industry and recovery. Well my response to that is, what about the tourist industry that not only pays their General Excise Tax, but pays a Transient Accommodation Tax and creates jobs. What about the taco restaurant that we had here a few weeks ago who invested money, created jobs to open a restaurant. They pay General Excise. What about the renewable energy company who may come here and try and invest. When they sell, they will pay the General Excise Tax.

"This bill merely creates a level playing field amongst all businesses. This is a pro-business bill. If you pay general excise tax now, you're going to like this bill because everybody else who did not have to pay it will now have to pay it.

"And one of the issues that was brought up is the issue of the airlines. Prior to Continental being moved here, everyone else had to pay on their maintenance facility. They used to do it, and then when one exemption was given to one company, the other companies said, 'Well, I want mine too.'

"If you look at most tax policy books, and whether it's conservative or not, one of the key points of a tax policy is, is it fair and broad. We have broad, but it wasn't really fair. So this bill is a pro-business bill because as the Representative from Wahiawa said, if anybody has any other ideas to make up the ... I don't know. I think it's over \$300 million over two years. Then who's going to pay for it? Everybody else, so that these companies can continue to have their exemption?

"And as the speaker from Palolo said, we have over a billion dollars, and that's billion with a 'b', in exemptions. Everybody else has to come before us every year. The Department of Education, University of Hawaii, State hospitals and ask for money. But those with these exemptions, they don't have to. They get theirs every year. And so this bill, yes, it helps us balance our budget and address our shortfall. But it also helps and provides fairness in the General Excise Tax Code.

"And finally, on the issue of government. You know the Chair of Finance, the Committee, and all the Members here have done a great job to maintain costs and balance the budget. Nobody here is saying that we need to protect public jobs, but rather to protect public trusts. In a capitalist society and a society of democracy, the last time I checked, private business didn't do it on their own either. You need an educated workforce, and last I checked you can get that from the Department of Education and the University of Hawaii. To the prior speaker regarding the construction

industry, we have the trade schools at the Community College System. One of the other things that we provide is infrastructure which is another thing we talked about today. Can there be commerce without roads or harbors or airports? No. Would business invest if there's not good infrastructure? No. Will there be democracy without a public library system? No."

Representative Hashem rose to yield his time, and the Chair "so ordered."

Representative Chong continued, stating:

"Thank you. I'm almost done. And so the issue that it's the private sector that does everything. The private sector invests and they take risks. They are one of the key components of our economy. But like in life, I'm very lucky to be here as an elected official. It's a professional success. Did I do it on my own? No. Was it my third grade teacher who helped me? Yes. Was it my mom and my dad? Yes. Was it my mentor in college? Yes. Nobody does anything on their own, not even the private sector. And we all live together, and we will succeed together. Thank you."

Representative M. Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support of the measure. I think one of the things that hasn't been said is that some of the things in the bills that we passed, or tried to pass this year have been recommendations by the experts. And by the experts I mean the Tax Review Commission. It's really easy to grandstand about certain issues when you have an audience, but really, some of the things we've been doing have been highly recommended for a number of years. I'm just happy that we can stand up today and say, we're really happy that we did not have to pass an increase in the General Excise Tax, because who does that harm? It harms the elderly.

"Who else does it harm? Children, the poor, and business. So I'd like to add some additional comments in the record, but when we're criticizing, we ought to remember that some of the actions that we have taken have been recommended by the experts. Thank you."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in favor of this measure which temporarily suspends the exemption from the general excise tax from certain persons and corporations.

"The exemptions would be suspended for 2 years at 4%. This is an essential element of the House Financial Plan, and is a matter of fairness as some entities have enjoyed this exemption for many years.

"During this period of financial crisis, everyone needs to help. Entities such as these would be helping the State to recover from the deficit, and also be a factor in avoiding an increase in the GET. I urge the Members' support."

Representative Ward rose, stating:

"Mr. Speaker, would the Representative from Kaneohe take a question without a recess?"

The Chair responded, stating:

"What is the question, Representative Ward?"

Representative Ward responded, stating:

"I guess he's not going to respond to that. The question would have been, if it's about fairness, because that was the second premise in his discussion. If it's about fairness, why did we put a sunset? It's \$175 million that in two years, suddenly those guys that are equal to all other GE Tax payers, they get to come up and get off the field. If it's just about that and not the money, I think the fairness article and the issue would have substance.

"The point is these are people who are part of the economy, and the job of the government is to be the referee in the marketplace, not playing one side or the other. I'm not going to go into the frozen bread and all the other issues that we've taken up on this Floor, where we as the government, the referee, start playing on one side of the equation and not the other. So, Mr. Speaker, if it's about fairness, this wouldn't have a sunset. And if they're looking for a modification, let's have this thing go forever and ever if they feel that strongly about it. Thank you."

Representative M. Oshiro rose to respond, stating:

"Mr. Speaker, I rise in support again with just a couple of points. I think an important one is this is a two-year measure, two years of temporarily setting aside the exemption of the GET by these businesses. It's for two years.

"The second point that needs to be made regarding the interisland shipment of goods is, at the Conference we did put in a provision in the Conference Draft to address most of the interisland shipment of goods between Honolulu and the Neighbor Islands through exclusion of the stevedoring services as subsidiaries of those major shippers such as Matson and Pasha, so it has been addressed.

"Another point on the airlines. The airlines' GET exemption came into being back when we had two airlines. Aloha and Hawaiian. And if one would go back and look at the Committee Report that was passed out back in 1991 or thereabout, it was for the specific purpose of supporting the intra-island air service between the islands. It has expanded since that time to include interstate, and now even foreign airline transportation, when back in 1991 it was to support two intra-state airlines. Today we only have one major provider. Aloha is gone, so it's primarily Hawaiian Air.

"Regarding the maintenance facility exemption, that too was done several years ago back in 1998, I believe, when then Governor Cayetano sought to woo Continental Airlines to erect and build a maintenance facility here for Continental Airlines. We created that exemption and that's where it's been all this time. And we've never gone and reviewed it.

"Just so you understand what this might mean for the airlines. If they fly about 8 million a year and they may pay about \$12 million more, in 2012 that comes out to about \$1.50 per ticket. So if they're flying between Hawaii and California, they'll pass on a \$1.50 more on a ticket of maybe \$300."

Representative Mizuno rose to yield his time, and the Chair "so ordered."

Representative M. Oshiro continued, stating:

"Thank you. If it's on a flight between here and Asia, or a ticket to Australia which is about \$900. Or a ticket to South Korea at about \$800. A ticket to Manila about \$1,000. A ticket to Tokyo for about \$1,100. This will add about another \$1.50 to \$1.90 per ticket. Those are the real numbers, Mr. Speaker, that were provided to us in public testimony by Mr. Wagner. So let's keep things in perspective. Thank you."

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Thank you, Mr. Speaker. I think sometimes we forget things that have happened in the past, Mr. Speaker. As I've heard the debate from the Minority Caucus and I think about the budget that was presented to us by the previous Administration on their way out, I believe that this Body passed a budget that was less than that. So if I were a Member of the Minority Caucus, I'd be saying, 'Wow. They did more with less,' Mr. Speaker.

"And to the Representative from Kailua, as far as some of her points, if we just eliminated this Body right here, 51 Members, you're talking about \$2.5 million. If we eliminated the Senate, you're talking about \$1.25 million. If you eliminated as she said, the DCCA, that's \$5 million. In total, that's just \$8 million. So, Mr. Speaker, I don't know where the rest of the money is going to come from."

Representative Thielen rose, stating:

"Mr. Speaker, a point of personal privilege. Yes, he's misstating what I said and I'll be very glad to call a recess and go over and tell him again what I said."

Representative Tokioka: "Mr. Speaker, if I misstated, I apologize. But that's what I heard."

Representative Thielen: "Yes, he did."

Representative Tokioka: "If I misstated, I apologize, Mr. Speaker. But the point is that total comes out to \$8.75 million which is still nowhere near enough to balance the deficit that we have, Mr. Speaker. And so for those reasons, I strongly support this and I appreciate the opportunity to speak, Mr. Speaker. Thank you."

Representative Har rose to disclose a potential conflict of interest, stating:

"Mr. Speaker. Can I please get a ruling on a potential conflict? At my law firm I represent contractors and subcontractors. Thank you," and the Chair ruled, "no conflict."

Representative Choy rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Choy's written remarks are as follows:

"Mr. Speaker. In support and in rebuttal. The Representative from Kailua is again pandering to the crowd and not making hard policy decisions, or for that matter, any sense. As with most of the rhetoric she spouts, she again tells people what they want to hear; instead of they need to hear.

"First, she does not understand that the General Excise Tax (GET) is made to tax transactions at every level. That's the reason why we pay a mere 4% instead of the 10 plus percentage point like residents of other states that have a sales tax. The General Excise Tax system embodies pyramiding.

"Second, she does not understand that by granting exemptions to certain groups, the rest of us have to pay more. Exemptions from the GET have now reached the billion dollar mark. That is equal to approximately two percentage point of GET. Wouldn't it be fairer for everyone if our GET was reduced by two points instead of favoring just few select groups?

"Third, it is not fair to give tax preferences to a specific group. I have been in business for over thirty years and have received no tax preferences from the government. Why should any one group be favored over another?

"Fourth, during the remarks by the Representative from Kailua she mentioned something about tax evasion; again not knowing the difference between tax avoidance and tax evasion. Judge Learned Hand once said:

"Anyone may arrange his affairs so that his taxes shall be as low as possible; he is not bound to choose that pattern which best pays the treasury. There is not even a patriotic duty to increase one's taxes. Over and over again the Courts have said that there is nothing sinister in so arranging affairs as to keep taxes as low as possible. Everyone does it, rich and poor alike and all do right, for nobody owes any public duty to pay more than the law demands."

"Finally, there is a lesson for all of our colleagues in this debate. That lesson is, we must be very careful when giving preferences to any special interest group. Tax preferences are like a drug that one can very easily become addicted to.

"We have witnessed how groups have become so protective of their tax preferences. We have heard the exaggerations of how jobs will be lost and industries crumble. Interference with the natural progression of economics and the success of businesses by the government is not good for the

stability or strength of our economy; I think this is a Republican philosophy.

"I stand in strong support of this measure!"

Representative Kawakami rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I'd like to ask for a ruling on a potential conflict. We are sublessees, and we also have contractors in the family," and the Chair ruled, "no conflict."

Representative Kawakami continued to speak in support of the measure, stating:

"Thank you. In strong support. We're willing to be a part of the solution. Thank you."

Representative McKelvey rose in support of the measure and asked that the remarks of Representatives Chong and M. Oshiro be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 754, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Final Reading by a vote of 39 ayes to 10 noes, with Representatives Brower, Ching, Cullen, Fontaine, Har, Johanson, Marumoto, Riviere, Thielen and Ward voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 139 and S.B. No. 1186, SD 2, HD 1, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1186, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE TRANSIENT ACCOMMODATIONS TAX," passed Final Reading by a vote of 48 ayes to 1 no, with Representative Brower voting no, and with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 140 and H.B. No. 1020, HD 2, SD 2, CD 1:

Representative B. Oshiro moved that the report of the Committee be adopted, and that H.B. No. 1020, HD 2, SD 2, CD 1, pass Final Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm going to request to put comments in the Journal. I'm sure you're going to be pleased with that. I'm voting in favor of the measure. I have one reservation and that's because of Section 4, which prematurely abolishes the harbor's modernization group, and if I may have your permission to put the comments in the Journal."

Representative Thielen's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations on HB1020, a bill relating to the Aloha Tower Development Corporation.

"In particular, I want to draw attention to Section 4 of this measure which prematurely abolishes the Harbors Modernization Group and reverses the important work this Legislature accomplished in 2007 and 2008.

"In 2007 my colleagues and I passed Act 127 which established an unprecedented partnership between the State Department of Transportation and the organizations that use these harbors. Known as the Harbors Modernization Group, the collaborative effort between unions, commercial shipping companies, State officials, the cruise ship industry, and similar harbor users set the framework for a comprehensive prioritization of what needed to be done to modernize our State Harbor facilities.

"An estimated 90% of everything Hawaii uses comes into this State via our State harbors. These facilities have not enjoyed the kind of upgrades

and reinvestment necessary to keep Hawaii competitive and ensure we can handle the cargo needs of our State in the 21st century.

"The Harbors Modernization Group set about to examine and prioritize harbors CIP needs and to set forth the fiscal framework to pay for the modernization.

"In 2008 the Legislature recognized the initial work of this group and enacted Act 200 to codify the first set of harbors projects under the modernization program. That Act recognized that a major multi-island modernization program is a long range effort and specifically indicated that Act 200 should remain in effect through June 30, 2016.

"The bill before us today, undoes the important and useful work of the Harbors Modernization Plan and jeopardizes the fundamental arrangements that made it possible to ensure that Hawaii has the infrastructure necessary to meet the shipping demands of a modern era.

"For the above reasons, I will vote aye with reservations on HB 1020."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"I have reservations for the very same reason that was raised by the Representative from Kailua. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1020, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ALOHA TOWER DEVELOPMENT CORPORATION," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

Conf. Com. Rep. No. 141 and H.B. No. 1039, HD 1, SD 2, CD 1:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1039, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Final Reading by a vote of 47 ayes to 2 noes, with Representatives Thielen and Ward voting no, and with Representatives Carroll and Pine being excused.

At 2:43 o'clock p.m., the Chair noted that the following bills passed Final Reading:

S.B. No. 1270, SD 2, HD 1, CD 1
S.B. No. 651, SD 2, HD 2, CD 1
S.B. No. 570, SD 2, HD 1, CD 1
S.B. No. 754, SD 1, HD 1, CD 1
S.B. No. 1186, SD 2, HD 1, CD 1
H.B. No. 1020, HD 2, SD 2, CD 1
H.B. No. 1039, HD 1, SD 2, CD 1

REPORTS OF STANDING COMMITTEES

Representatives Takumi and Wooley, for the Committee on Education and the Committee on Culture & the Arts presented a report (Stand. Com. Rep. No. 1756), recommending that S.C.R. No. 130, SD 1, be referred to the Committee on Finance.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committees was adopted and S.C.R. No. 130, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF EDUCATION TO CONSIDER USING THE PROPERTY LOCATED ON YOUNG STREET, ADJACENT TO THE ACADEMY ART CENTER, AS AN ART RESOURCE CENTER FOR TEACHERS," was referred to the Committee on Finance, with Representatives Carroll, Herkes, Nishimoto and Pine being excused.

Representative Takumi, for the Committee on Education presented a report (Stand. Com. Rep. No. 1757), recommending that S.C.R. No. 145, be referred to the Committee on Finance.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 145, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE BOARD OF EDUCATION AND THE DEPARTMENT OF EDUCATION TO COLLABORATE WITH PARENT ORGANIZATIONS TO DEVELOP STATEWIDE POLICIES FOR FAMILY ENGAGEMENT FOR HAWAII'S PUBLIC SCHOOLS," was referred to the Committee on Finance, with Representatives Carroll, Herkes, Nishimoto and Pine being excused.

FINAL READING

Representative B. Oshiro moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Evans and carried: (Representatives Carroll, Herkes, Nishimoto and Pine were excused.)

H.B. No. 318, HD 2, (SD 2)
H.B. No. 404, HD 1, (SD 1)
H.B. No. 773, HD 1, (SD 1)
H.B. No. 953, HD 2, (SD 1)
H.B. No. 968, HD 1, (SD 1)
H.B. No. 1009, HD 2, (SD 2)
H.B. No. 1036, HD 1, (SD 2)
H.B. No. 1313, HD 2, (SD 1)
H.B. No. 1532, HD 2, (SD 2)

The Chair addressed the Clerk who announced that the record of votes for the appropriate measures had been received which indicated that the requisite number of House Conferees appointed had agreed to the amendments made by the Senate, and had cast affirmative votes to report said measures to the Floor for final disposition.

H.B. No. 318, HD 2, SD 2:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 318, HD 2, on the following showing of Ayes and Noes:

Ayes, 4 (Aquino, Cullen, Herkes and Fontaine). Noes, none. Excused, 1 (Tsuji).

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, H.B. No. 318, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO VOG," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

H.B. No. 404, HD 1, SD 1:

Representative B. Oshiro moved that H.B. No. 404, HD 1, SD 1, pass Final Reading, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of House Bill No. 404, House Draft 1, Senate Draft 1. Thank you. Mr. Speaker, this is Relating to the Issuance of a Special Purpose Revenue Bond to assist Palolo Chinese Home and its subsidiaries.

"Today the Palolo Chinese Home, a private 501(c)(3) nonprofit organization is Hawaii's largest and second oldest adult residential care home. They are a community-based free-standing geriatric care home that provides a residential non-medical setting for adult residential care, skilled nursing, intermediate-care, adult day care and overnight respite services.

"The Palolo Chinese Home continues this excellence established so long ago by adhering to their mission statement to assist and care for elders and their families by providing a continuum of care, professional and interdisciplinary in a culturally-sensitive family setting. The Palolo Chinese Home continues to honor its founding principles while moving forward with a planned growth of its facilities and programs to provide a continuum of care for Hawaii's elder community. It meets its mission to aid the aged in Hawaii regardless of the race, regardless of religion, gender, or national origin. That is why this special purpose revenue bond is so important and I rise to speak for it in strong support. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.B. No. 404, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST PALOLO CHINESE HOME AND ITS SUBSIDIARIES," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

H.B. No. 773, HD 1, SD 1:

Representative B. Oshiro moved that H.B. No. 773, HD 1, SD 1, pass Final Reading, seconded by Representative Evans.

Representative M. Lee rose to disclose a potential conflict of interest, stating:

"I'd just like to declare a possible conflict. My husband is a graduate of St. Louis School," and the Chair ruled, "no conflict."

Representative Say rose to disclose a potential conflict of interest, stating:

"May I have a ruling on a potential conflict on behalf of Representative Yamane, Representative Chong, and myself? We're all graduates of St. Louis High School. Thank you, very much. Representative Yamane, you're okay," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and H.B. No. 773, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS FOR SAINT LOUIS SCHOOL," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

H.B. No. 953, HD 2, SD 1:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 953, HD 2, on the following showing of Ayes and Noes:

Ayes, 6 (Takumi, Rhoads, Yamashita, Belatti, Mizuno and Johanson). Noes, none. Excused, 1 (Evans).

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, H.B. No. 953, HD 2, SD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Final Reading by a vote of 38 ayes to 11 noes, with Representatives Cabanilla, Ching, Cullen, Fontaine, Hanohano, Hashem, Marumoto, McKelvey, Thielen, Wooley and Yamane voting no, and with Representatives Carroll and Pine being excused.

H.B. No. 968, HD 1, SD 1:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 968, HD 1, on the following showing of Ayes and Noes:

Ayes, 6 (Mizuno, Keith-Agaran, Aquino, Jordan, Tsuji and Pine). Noes, none. Excused, none.

Representative B. Oshiro moved that H.B. No. 968, HD 1, SD 1, pass Final Reading, seconded by Representative Evans.

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure, which will ensure that Temporary Restraining Orders (TROs) issued pursuant to HRS Chapter 586 remain in effect for one hundred eighty days or until the service of a Protective Order (PO) upon the respondent, whichever occurs first.

"Temporary Restraining Orders and Protective Orders are valuable tools which victims of domestic violence can use to help protect them from abuse. However, there is a lapse in protection in cases where the respondent is served a TRO, but does not appear at the "Order to Show Cause Hearing" (OSC) where the Protective Order is granted. The approval of the Protective Order makes the TRO no longer enforceable until it has been served. Abusers are often aware of this loophole in the law and are intentionally absent from the OSC hearing to avoid service of POs, leaving domestic violence survivors vulnerable.

"This bill closes this loophole thereby providing abuse victims the safety and security that a TRO is supposed to provide them. For these reasons, I urge the Members' support."

Representative Aquino rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Aquino's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of this measure. House Bill 968 provides coverage and greater protection for victims of domestic abuse by clarifying the transition between temporary restraining orders and protective orders. At times, there are "gaps of continuing protection" which could potentially place people in harmful and dangerous situations. Mr. Speaker, this measure is needed to ensure that these "gaps" can be covered. Domestic violence and other related issues are unfortunately a part of today's society. Bills such as this ensure victims are protected throughout the process. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 968, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO DOMESTIC ABUSE PROTECTIVE ORDERS," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

H.B. No. 1009, HD 2, SD 2:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 1009, HD 2, on the following showing of Ayes and Noes:

Ayes, 4 (Keith-Agaran, Choy, McKelvey and Thielen). Noes, none. Excused, none.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, H.B. No. 1009, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO FINGERPRINT RETENTION BY HAWAII CRIMINAL JUSTICE DATA CENTER," passed Final Reading by a vote of 49 ayes, with Representatives Carroll and Pine being excused.

H.B. No. 1036, HD 1, SD 2:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 1036, HD 1, on the following showing of Ayes and Noes:

Ayes, 4 (Rhoads, Yamashita, B. Oshiro and Fontaine). Noes, none. Excused, none.

ANNOUNCEMENTS

Representative Ito: "Mr. Speaker, I'd like to take this time to say thank you to everyone who supported the Foodbank this year and acknowledge some of the people. I want to thank:

The Chief Clerk, Pat Mau-Shimizu and the staff of CCO for the Taste of CCO, and the Peanut Butter Sandwiches;
 Representative Manahan for the Spaghetti Plate Lunch;
 Representative Aquino for the Tanioka Bentos;
 The Freshman Class, Representatives Cullen, Ichiyama, Hashem, Jordan and Morikawa for the Freshman Bake Sale;
 Representatives Tsuji and Hashem for Ag Awareness Day;
 Representative Nakashima for the Jamba Juice;
 Representative Keith-Agaran for Bentos, Sushi and the Mystery Bag event;
 Representative Mizuno for the Filipino Breakfast;
 Representative Awana for the Naked Cow Dairy;
 Representative Choy's Frozen Assets Ice Cream;
 Representatives Yamashita, Hashem, Blake Oshiro, Chong, Manahan, Choy, and Souki for the Bizarre Bazaar;
 Representative Rhoads for their Bake Sale; and
 Mr. Speaker, your office for the Musubi Sale.

"As we all know, none of us could do any of these events without the help of staff. They are the ones working quietly behind the scenes to help make all of us look good! So I would like to give a wholehearted thanks to all of the staff, especially my office manager Melissa Miranda-Johnson for coordinating this event. In addition, for anyone who purchased something at the various events or wore a Foodbank t-shirt, thank you very much for your support.

"As a result, the House has donated a total of \$10,846.75 to the Hawaii Foodbank, the Maui Food Bank, the Food Basket on Hawaii Island and the Kauai Independent Food Bank. So Members, thank you very much."

Representative Fontaine: "Yes, Mr. Speaker. I just wanted to thank the Majority Caucus, Speaker Say, and Representative Marilyn Lee for the fabulous lunch today. Again, thank you for inviting us."

Representative Ching: "Thank you so much, Mr. Speaker. On this occasion of May 3rd, I did want to announce that it is Teacher Appreciation Day, as well as week. So maybe we can all take time to thank those in our district who help make education better.

"And on that note as well, just to let you know that May does celebrate Historic Preservation Month, remembering our unique culture and our unique heritage. Thank you."

Representative Ward: "Mr. Speaker. I have an invitation from Gladys Burrill, the world's oldest marathon finisher. She was our guest speaker at the Fellowship Luncheon. It came about as we were talking about her longevity and her energy within the group. I believe it was the Representative from Waikiki who said, 'What if we came alongside you in the 2011 Marathon?'

"So we're in the process of opening an invitation. I just want to give a verbal one now, but there will be invitations coming to walk 26 miles with the world's oldest marathon finisher, Gladys Burrill. Thank you."

At 3:06 o'clock p.m. Representative M. Lee requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 3:06 o'clock p.m.

ADJOURNMENT

At 3:07 o'clock p.m. on motion by Representative Evans, seconded by Representative Ching and carried, the House of Representatives adjourned until 10:00 o'clock a.m. Thursday, May 5, 2011. (Representatives Awana, Carroll, Har and Pine were excused.)

Representative Rhoads introduced his legislative staff: Legislative Aides, Ms. Kelly Morikone and Mr. Anthony Chang; Interns, Mr. Davin Aoyagi and Mr. Joseph Veary; Committee Clerk, Mr. Ryan Hew; and Office Manager, Mr. Sonny Le.

Representative Rhoads also introduced Mr. Wes Machida of the Employees Retirement System.

Representative Yamashita introduced the 5th grade students, teachers and chaperones of Pukalani Elementary School visiting from Maui.

Representative Fontaine introduced his legislative staff: Ms. Kehau Cortez-Camero and Mr. Jeffrey Lyons.

Representative Hashem introduced his friend, Ms. Fran Kagawa.

Representative Hashem also introduced his legislative staff: Ms. Dorothy Mulkern and Ms. Angelica Moore.

Representative Thielen introduced her Office Manager, Ms. Melody Heidel.

Representative Awana introduced fellows participating in the East-West Center's Asia Pacific Leadership Program. They were accompanied by Leadership Program staff, Ms. Christina Monroe; and legislative staff, Mr. Kent Jiang, Mr. Enoka Lucas, Mr. Yoon Ju Kim and Mr. Rodney Silva; and Sir William Souza.

Speaker Say introduced former Iowa State Speaker of the House, Representative Christopher Rants.

At 10:25 o'clock a.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:20 o'clock a.m.

ORDER OF THE DAY

The Chair then announced:

"Members, at this time please note that per Referral Sheet No. 69, SCR No. 130, SD 1 has been re-referred solely to the Committees on Education, and Culture & the Arts; and SCR No. 145 has been re-referred solely to the Committee on Education. The Committee on Finance has waived its

referral to these measures and it is therefore appropriate for the House to consider action for adoption."

SUSPENSION OF RULES

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, the rules were suspended to reconsider action previously taken on S.C.R. No. 130, SD 1; and S.C.R. No. 145. (Representatives Carroll, Nishimoto and Pine were excused)

RECONSIDERATION OF ACTION TAKEN

Representative B. Oshiro moved that the House reconsider its action previously taken pursuant to the recommendation contained in Standing Committee Report Nos. 1756 and 1757, recommending referral to the Committee on Finance, seconded by Representative Evans and carried. (Representatives Carroll, Nishimoto and Pine were excused.)

UNFINISHED BUSINESS

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.C.R. No. 130, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF EDUCATION TO CONSIDER USING THE PROPERTY LOCATED ON YOUNG STREET, ADJACENT TO THE ACADEMY ART CENTER, AS AN ART RESOURCE CENTER FOR TEACHERS," was adopted, with Representatives Carroll, Nishimoto and Pine being excused.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, S.C.R. No. 145, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE BOARD OF EDUCATION AND THE DEPARTMENT OF EDUCATION TO COLLABORATE WITH PARENT ORGANIZATIONS TO DEVELOP STATEWIDE POLICIES FOR FAMILY ENGAGEMENT FOR HAWAII'S PUBLIC SCHOOLS," was adopted, with Representatives Carroll, Nishimoto and Pine being excused.

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Ching and carried, the rules were suspended for the purpose of considering certain House and Senate Bills for Final Reading by consent calendar. (Representatives Carroll, Nishimoto and Pine were excused.)

UNFINISHED BUSINESS

S.B. No. 120, SD 1, HD 1, CD 2:

Representative B. Oshiro moved that S.B. No. 120, SD 1, HD 1, CD 2, pass Final Reading, seconded by Representative Evans.

Representative M. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. Mr. Speaker, this is an important part of our overall financial plan to make sure that we not only have enough money for services in this current fiscal year, but to assure a healthy ending balance for the biennium for the next two years.

"I'd like to note the following changes to the bill currently before us and in agreement with the Conference Committee for this Conference Draft. Number one, there is no diversion of money to the Land Conservation Fund. There is also no diversion of money from the Department of Commerce and Consumer Affairs dedicated to the Division of Financial Institutions, the banking regulatory arm. Also, this bill no longer contains any payback of interest on the GO Bonds issued on behalf of the Department of Commerce and Consumer Affairs. And also, Mr. Speaker,

the provision to transfer money from the Tobacco Prevention and Control Trust Fund corpus, about \$50 million in the corpus, is no longer in this bill before us.

"It does, however, Mr. Speaker, contain a two year diversion of the master settlement tobacco money that otherwise would go to the Emergency Budget Reserve Fund, also known as the Rainy Day Fund, approximately \$6.5 million every year for the next two years, and the Tobacco Control and Prevention Trust Fund, \$3.8 million per year for the next two years. Mr. Speaker, this bill also repeals and restructures about 15 special and revolving funds, and transfers a little over \$17 million from 18 special and revolving funds.

"Just to take note, Mr. Speaker, that in 2009 we diverted about \$96 million in excess non-general funds to the general fund to help us balance the budget. In 2010 we transferred about \$45 million from those same revolving and special funds. This year we are transferring about \$17 million. In other bills passed earlier by this Body, we tapped out the Rainy Day Fund, and we also authorized the Governor, recently, to draw down additional moneys from the Hawaii Hurricane Relief Fund.

"Mr. Speaker, the point I need to make this morning is that going forward this Session, we have no reserve of funds. There is no Rainy Day Fund and very little non-general funds to look to transfer except for one, Mr. Speaker. And that fund is about \$50 million residing in the Tobacco Control and Prevention Trust Fund corpus currently held by the Hawaii Community Foundation. Thank you."

Representative Takai rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise in support with reservations. Thank you. First I'd like to adopt the words of the Finance Committee Chairman as if they were my own. Thank you, Mr. Speaker.

"One thing he failed to mention and, I guess he mentioned it at the very end, is that one of the reasons why I stand here in support of this particular measure is that they did pull out the provision to take from the corpus of the Tobacco Settlement Trust Fund and for that I commend him and the other Conferees for doing so.

"The reason why I have some reservations though is in 1999 when we set up the Tobacco Special Fund, when we all set it up and looked at this as one of the historic Acts that we passed as a Legislature, and for that matter leading the entire nation, I said then and I say it again, that I wanted to, as long as I'm here on the House Floor, to support what we did in 1999. This is the first time, Mr. Speaker, that I'm supporting a measure on this Floor that erodes from the tobacco prevention efforts funding, but I do so because I appreciate the efforts of the Finance Chair and the Conferees for eliminating the take from the corpus.

"Number two, Mr. Speaker, I appreciate and do support wholeheartedly, the reporting requirements now on page 40 in section 60. We will in a few months understand and appreciate, I hope, the work that the tobacco prevention advocates have done over the course of the last 10 years or so. But this particular measure requires a study to be conducted to analyze the benefits of the money going into tobacco prevention and control efforts and I believe that is prudent and wise on our part, and necessary as we move forward.

"So, Mr. Speaker, I stand here in support with reservations, but I do so because I do understand the reason why this bill is in front of us and how it fits into the financial plan. Thank you."

Representative M. Oshiro rose to respond, stating:

"Mr. Speaker, just to allay the fears of the previous speaker, there is about \$52 or \$53 million in the corpus held by the Hawaii Community Foundation. Review of the most recent report filed with the Department of Health reveals that over the past several years they've spent about \$5 million a year on various programs and services geared towards the prevention and the discontinuance of using tobacco so that even with the diversion of only two years, there is sufficient money to expend and

sustain the level of programming over about 10 years should there be no further moneys going into the current trust fund.

"So I just wanted to allay any fears that people might have that they have insufficient funds. There's more than enough money in the trust fund, about \$50 million given their recent spending habits and practices of about \$5 million a year. Mr. Speaker. Thank you."

Representative Takai rose to respond, stating:

"Thank you, Mr. Speaker. I'd like to also adopt the words of the Finance Chair, his recent words, as if they were my own. Because I do agree with him. But recall in 1999 when we set up this Fund, we set it up to create a funding mechanism for tobacco prevention and control efforts in perpetuity. Our goal back then, and I hope our goal in the future, is to ensure that funding doesn't end after they spend the \$50 million over the next 10 years at \$5 million.

"Our goal, I believe, in 1999 and I think to this day, is to make sure that we have enough funding in that particular fund to continue forever or at least until tobacco disappears. So my hope is that through the reporting requirements prescribed in this bill that we as a Legislature will get a clear understanding of the benefits that have come as a result of this funding and hope that in the future we do not, we do not continue this take from the tobacco prevention efforts and we do not erode the corpus. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and S.B. No. 120, SD 1, HD 1, CD 2, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," passed Final Reading, with Representative Rhoads voting no, and with Representatives Carroll, Nishimoto and Pine being excused.

At 11:31 o'clock a.m., the Chair noted that the following bill passed Final Reading:

S.B. No. 120, SD 1, HD 1, CD 2

FINAL READING

The Chair addressed the Clerk who announced that the record of votes for the appropriate measures had been received which indicated that the requisite number of House Conferees appointed had agreed to the amendments made by the Senate, and had cast affirmative votes to report said measures to the Floor for final disposition.

H.B. No. 916, SD 1:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 916, on the following showing of Ayes and Noes:

Ayes, 4 (Souki, Yamane, Ichiyama, Johanson). Noes, none, Excused, 1 (M. Lee).

Representative B. Oshiro moved that H.B. No. 916, SD 1, be recommitted to the Committee on Finance, seconded by Representative Evans.

The motion was put to vote by the Chair and carried, and H.B. No. 916, SD 1, entitled: "A BILL FOR AN ACT RELATING TO FUNDING FOR PARKING FOR DISABLED PERSONS," was recommitted to the Committee on Finance, with Representatives Carroll, Nishimoto and Pine being excused.

H.B. No. 922, SD 3:

Representative B. Oshiro moved that H.B. No. 922, be recommitted to the Committee on Judiciary, seconded by Representative Evans.

Representative Wooley rose to speak in opposition to the motion to recommit, stating:

"Thank you, Mr. Speaker. I'd like to oppose this motion. Every moment that we fail to meet our responsibilities toward the Hawaiian people, and every time we make it more difficult for them to keep the ties that they may have to the land, the quicker we're going to cause their extinction, not only of the people, but of the culture. And I'm going to again read something that I read during the invocation, from King Kalakaua.

In the midst of prosperity and advancement, it is but too apparent that the natives are steadily decreasing in numbers and gradually losing their hold upon the fair land of their ancestors. Within a century, they have dwindled from 400,000 healthy children of nature, to a little more than a tenth of that number of landless, hopeless victims to the greed and vices of civilization. They are slowly sinking under the restraints and burdens of their surroundings and will in time, succumb to social and political conditions foreign to their natures and poisonous to their blood.

Year by year their footprints will grow more dim along the sands of their reef-sheltered shores, and fainter and fainter will come their songs until finally their voices will be heard no more, forever. And then, if not before, and no human effort can shape it otherwise, the Hawaiian Islands with the echoes of their songs will pass into the political as they are now firmly within the commercial system of the great American Republic.

"And despite that, I was also able to find another quote to give me some hope, from King Kalakaua: The fire of hope almost went out. We have to rekindle it.

"This bill is a very simple bill, *manini* in some respects, because the only thing it does is it provides leaseholders of 999-year leases that they have had since before the State was a Territory, it gives them a tool that fee-simple landowners also have and have used successfully, particularly *kuleana* lands. It's a tool to allow families to create family land trusts. It's been successful, and the remaining families who have these leases have been begging for it for years.

"This bill was first introduced in 2009. It moved through the House. It moved through the Senate. It passed unanimously in the House. It passed almost unanimously in the Senate. It was vetoed by Governor Lingle at that time because my understanding, based on conversations with Cynthia Thielen, they wanted the families to default on their leases, so the land would return to the State and the State could sell it to the highest bidder.

"So I must say that I'm very disappointed to see that there have been enough no votes to cause this to be considered for recommitment. I'm ashamed that the people in this room are unwilling to take the responsibility that they owe to the State and to the Hawaiian people.

"In the testimony that came forward during Committee hearings, I want to just quote a couple things from some of the families who may lose this land.

We have seen Hawaiian people lose their *aina* in piecemeal portions over the years through the illegal and legal means that were not understood by our ancestors. I for one realize we cannot bring back the old ways, however I want to preserve that which is good, the past generations, and look forward to a blending of that which was good in the olden days with that which is good for our people's future.

Holding the lease in a trust would resolve most of the issues that could occur between family members because there will be an organized body of likeminded family members interested in preserving the land and lease rights in a cooperative way where all share in the responsibility and the upkeep of the land and other expenses. The farm, as we affectionately call it, is where we have had opportunities to gather, farm, and as previous generations have gathered for years, to celebrate the family events that binds our families together from the past and onto the future.

"And in another testimony it says ..."

Representative Hashem rose to yield his time, and the Chair "so ordered."

Representative Wooley continued, stating:

"While HB No. 921, which this year is HB No. 922, does not provide a magic bullet to solve all problems, it gives real hope to families by allowing them to pull their energies and resources to solve them together themselves. At no cost to the State, it also creates a strong incentive for cooperation and positive participation. And perhaps most importantly of all, it allows them to dream together to establish a collective vision of what is possible and to ask themselves integral questions such as, 'What would our *kupuna* want?'"

"Now I realize that there are some people who would much rather see the land auctioned to the highest bidder; sold, and develop. I'm not one of them. It's one reason I've continued to fight for this bill since 2009. And the families that will be affected are not just in Hauula. They're in Waianae. They're in Maui. They're in Molokai. They're in the Big Island. And they're in Kauai. All those families are working very hard to keep their families together on the land. I hope that those of you who may have caused this to happen will receive your due."

Representative Thielen rose to speak in support of the motion to recommit, stating:

"Thank you, Mr. Speaker. Mr. Speaker, I'm rising to speak in favor of the motion to recommit. Thank you, Mr. Speaker. If the former speaker used my name with an assumption that I wanted to have the land be available to be sold, I'd like to ask her, where on earth she got that impression? If she used my daughter's name, which I don't believe she did, I think that my daughter should have an opportunity to state what was truly the case and the facts. So to that extent, I really challenge her statement in using that last name of Thielen."

"Mr. Speaker, I'd like to just read from the former Governor's objection to the prior bill. And in her objection she stated that the bill from the prior year, does not address the underlying issue of how to best resolve family disputes that were identified in the purpose section of the bill."

"The Governor also noted that the establishment of a trust can complicate the process because descendants must now also agree on the process of setting up the trust, appointing the trustee, and naming the beneficiaries. And as an attorney, the previous speaker should have at least a working knowledge of trust law to know that this is really the case."

"The Governor also noted, that under our present laws, OHA can provide assistance to persons with an interest or presumed interest in a 999 year homestead lease to determine their legal interests under the provisions of Section 171-99(e). And then in addition, the Governor noted a very serious concern that the bill would require the Board of Land and Natural Resources to take actions involving trust law outside this sphere of the Board's expertise."

"So, Mr. Speaker, I believe that this motion to recommit is very wise and prudent, and there are remedies through OHA's assistance for these 999-year lessees. Thank you."

The Chair then stated:

"Before calling for the question, I would like to have a clarification from the Representative from Kahaluu-Hauula in regards to the name that was mentioned on the Floor of the House. So if it is the Representative from the Windward side that talked to her about this, I would support you. But if it is not, I'm going to ask the Clerk to retract Representative Cynthia Thielen's name, which you stated on the Floor. Representative Wooley."

Representative Wooley: "Thank you, Mr. Speaker. I met with Cynthia Thielen and the words that she said to me were that DLNR is in charge of."

Representative Thielen: Mr. Speaker."

Speaker Say: "Representative Thielen, for what point do you rise?"

Representative Thielen: "A point of personal privilege."

Speaker Say: "State your point of personal privilege."

Representative Thielen: "I have not met with that Representative."

Speaker Say: "The Chair will make a decision at some point in time after we take the vote. So if it is ..."

Representative Thielen: "Thank you. I have absolutely not met with that Representative. And Mr. Speaker, were I to be asked to do so, I would always have a second person present with me that would be able to say what truly went on in any meeting. I have not met with her."

Speaker Say: "Representative Thielen, I appreciate your point of personal privilege and that's why the Chair has asked the question from the Representative from Kahaluu and Hauula. If you want to continue on with your statement, Representative Wooley, the Chair will allow you, but I will make that final decision with the Chief Clerk in regards to retracting the Representative's name from the Journal."

Representative Wooley: "Thank you. I appreciate that. I did meet with Cynthia ... Or, I'm sorry. Not Cynthia. Laura. I'm sorry. I may have misspoken. I did meet with Laura Thielen from DLNR, and she stated that she did not want the DLNR ..."

Representative Thielen: "Mr. Speaker, I object on behalf of my daughter. She's not here to be able to say whether this Representative is lying."

Speaker Say: "Representative Thielen, I'm just clarifying it at this point in time. The statement that the Representative from Hauula and Kahaluu is that it is not the Representative from the Windward side of Kaneohe. Your daughter was a public official with the Department of Land and Natural Resources as a Chairperson. All of you had the opportunity of talking to the respective Chairs and Directors of the departments and I'll allow Representative Wooley to continue on. This is your second and final time."

Representative Wooley: "Thank you, Mr. Speaker. I met with Laura Thielen several times, and both in Kahana Valley and for this particular bill, she made clear that she did not want the DLNR to be in charge of any leases that involve people. She believed that DLNR's goal was to manage land for the public, and she did not like to have to deal with people."

Speaker Say: "That is fine. I have clarified it for all of you at this point in time. It is not Representative Cynthia Thielen that had communicated with Representative Wooley."

Representative Ward rose, stating:

"Mr. Speaker, I have either a point of information, or point of ... As a Member of the Body of the 51 in this House, I was not sure what the speaker intended to mean by, 'Those who are responsible for this will get their due.' What was she intending to say? That is an offensive statement to make on this Floor."

The Chair responded, stating:

"Representative Ward, I believe you are out of order at this point in time. Representative Ward, please."

Representative Ward: "So too was that comment."

Representative Awana rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. After reviewing this measure, and I understand that the introducer of the measure is extremely passionate about her constituents in the community. However, after reviewing the measure I see no mention of Native Hawaiian or Hawaiian, and so with that, I'm supporting the motion to recommit, Mr. Speaker."

Representative Saiki rose in opposition to the motion to recommit and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Saiki's written remarks are as follows:

"Mr. Speaker. I submit these written comments in opposition to the motion to recommit H.B. 922.

"This motion is yet another example of the lack of open and substantive discussion concerning the passage of legislation in this Body. More significantly, the decision to recommit this bill – at a whim – manipulates the expectations of those in the community who are impacted by it. It is the latter concern that is most disconcerting.

"There is no substantive or procedural basis to recommit this bill. This Body has unanimously approved this legislation seven times notwithstanding that it was saddled with triple referrals. It was transmitted to the former Administration, but was vetoed because the former Administration did not support the continuance of these leases.

"The concept of extending leases intended for homesteading is not unique. A few years ago, the Legislature expanded the scope of successor beneficiaries to preserve leases for families. This legislation is intended to accomplish a similar purpose – to preserve homesteads through the creation of family trusts that will collectively share in the rights, benefits and obligations of these parcels.

"Through this recommitment, this Body is sending the same message made by the former Administration: that it does not support the continuation of these homesteads.

"This is a message that I cannot support, particularly where there has been no other substantive argument made by the proponents of this motion. Accordingly, I oppose this motion. Thank you."

Representative Belatti rose in opposition to the motion to recommit and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative M. Oshiro rose in support of the motion to recommit and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Oshiro's written remarks are as follows:

"Mr. Speaker, I rise in support of the recommitment of H.B. 922 S.D. 3. This measure would expand the potential assignees of a 999-year homestead lease to include land trusts created for the purpose of managing and holding a homestead for the benefit of the lessee and lessee's family members.

"Pursuant to the Hawaiian Homes Commission Act, Title 1A: Purpose, §101(b)(2) Hawaii Revised Statutes, placing native Hawaiians on the lands set aside under this Act to assure long-term tenancy to beneficiaries and their successors is one of the hallmarks of this statute.

"Under the present draft of H.B. 922, S.D. 3, upon the death of the lessee, the measure before us could potentially allow persons of no native Hawaiian blood quantum to be designated as a trustee of a land trust, if named the successor by the current lessee. And hence, be entitled to the full rights and privileges of tenancy on lands set aside exclusively for native Hawaiians of a certain blood quantum. As such, the passage of H.B. 922, S.D. 3, would conflict with stipulations of strict conditions of the successor to a lessee, as stated in the Hawaiian Homes Commission Act. Furthermore, should a homestead lessee lose the lease due to right of survivorship or other successorship provision of the land trust, this would leave homestead lands that are previously available for "wait-listed" Hawaiian home lands applicants from promptly being placed back onto the land. Heretofore, the Hawaiian Homes Commission Act has stood for the proposition of preventing alienation of fee title to the lands set aside so that these lands will always be held in trust for continued use by native Hawaiians of a certain blood quantum in perpetuity.

"The structure of the 999-year leases may continue to pose challenges for lessees because of the uncertainties regarding amendments made to §171-99, Hawaii Revised Statutes, of which complex existing legal rights make identifying the rightful leaseholder difficult to determine and hampers orderly transfer of leases. Although disputes over leaseholder rights may exist, the right of the successor, as determined by the Hawaiian Homes Commission Act, should be upheld. Past legislative efforts, such as the amendments of Hawaii Revised Statutes §171-99, during the 2000 & 2004 Legislative Sessions, make it easier for the present leases to be more freely available to members of the lessee's family through the allowance of a leaseholder's parent's siblings, children of parent's siblings, and grandchildren of a parent's siblings to become the occupier or lessee. It should also be noted that the Department of Hawaiian Home Lands and the Attorney General have not commented on this measure throughout any of the House and Senate Committees it passed through. This conspicuous absence of commentary, either for or against, in public hearings, suggest that due diligence would be served by postponement of this important measure.

"In closing, please be assured that I do understand the discerning intent of this measure to create an additional legal option for native Hawaiian families to keep their homestead land within their extended 'ohana, but cannot support this legislation as currently drafted because of the foreseeable allowance and the possibility of an unqualified Hawaiian homestead tenant becoming the lessee of a homestead parcel in direct violation of the Hawaiian Homes Commission Act of 1920. I could not countenance this occurrence knowing that so many qualified native Hawaiians of requisite blood quantum, will not be given the opportunity afforded under the Act. Indeed, unless and until such time that the U.S. Congress amends the Act, to allow such disposition, I will tend to disfavor this type of measure. Criteria for eligibility of homestead lands should remain to be a permanent land base for the benefit and use of native Hawaiians."

Representative Ching rose in support of the motion to recommit and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and H.B. No. 922, SD 3, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," was recommitment to the Committee on Judiciary, with Representatives Belatti, Saiki and Wooley voting no, and with Representatives Carroll, Nishimoto and Pine being excused.

Representative B. Oshiro moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Evans and carried: (Representatives Carroll, Nishimoto and Pine were excused.)

H.B. No. 575, HD 1, (SD 2)
H.B. No. 1038, HD 2, (SD 2)
H.B. No. 1076, HD 1, (SD 2)

H.B. No. 575, HD 1, SD 2:

Representative B. Oshiro moved that H.B. No. 575, HD 1, SD 2, pass Final Reading, seconded by Representative Evans.

Representative Cullen rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 575 HD 1 SD 1, which extends the five per cent Legislative, Executive, and Judicial salary decrease until December 31st, 2013. We are fortunate and blessed to serve this great State, and given that our economy has not recovered fully and that we are asking government employees to take a five per cent reduction in pay, we believe it is the right thing to do. The State faces a \$1.3 billion deficit over the next two years, and it looks like the future projection for State revenues may be decreasing. We must all make a sacrifice in order to get through this difficult period. Thank you Members, for your support on this

measure, because it is a symbol of us doing what is right in this tough economic time. Thank you, Mr. Speaker."

Representative Belatti rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to this motion with a few comments and a request to insert additional written comments into the Journal. Thank you, Mr. Speaker.

"As an initial premise, I am not opposed to salary reductions for Executive, Judicial, and Legislative officers, but this path we are taking is unconstitutional. According to the Oath of Office inscribed in our State Constitution that we took on the Opening Day of this Legislature, I swore to support and defend the Constitution of the United States and the Constitution of the State of Hawaii, and to faithfully discharge my duties as a legislator to the best of my ability. Mr. Speaker, I want to be known as a legislator and a leader who carefully and faithfully weighed all of the evidence and testimony presented to us, and made decisions that were aligned with those principles we swore to support and defend.

"To that end, I would like to thank the Representative from District 34, Pearl City, Waimalu, and Newtown for providing all of us in this Chamber, and in the Senate, with copies of letters from the Administrative Director of the Courts to the House Finance Chair, and from the Director of the Department of Human Resources Development to the House Finance Chair. These letters contain important information about House Bill 575, Senate Draft 2 that I only became fully aware of yesterday.

"I would also like to thank you, Mr. Speaker, for providing us late yesterday with two letters, including an April 26, 2011 letter that was circulated among some of us, namely those in the Conference Committee of House Bill 575 from the Administrative Director of the Courts that lays out the serious constitutional problems of ambiguity, unlawful delegation of legislative powers, and violation of Article XVI, Section 3.5 that prohibits salaries from being decreased except by a general law applying to all salaried officers of the State.

"Mr. Speaker, I will let these letters, which are more than commonplace observations, speak for the bulk of the constitutional and policy problems raised by House Bill 575, Senate Draft 2. But I want to expand upon and highlight this last concern that the bill before us does not represent a general law applying to all salaried officers of the State.

"As drafted, this bill will on January 1, 2014, endow upon all legislators a nearly \$10,000 salary increase. What is grossly unfair and unconstitutional in this bill is that it will leave our Judicial brethren and sisters, and our Executive counterparts on the July 1st, 2009 pay step that is not a simple 5% reduction in salary, but represents a huge pay cut of upwards of \$30,000 for those public servants who have in some cases, and in particular with our judges, have dedicated decades to the State. For this very serious constitutional and policy concern, I stand in opposition to this flawed unconstitutional measure. Thank you, Mr. Speaker."

Representative Belatti's written remarks are as follows:

"The following are letters received by Members of the Legislature outlining the serious constitutional flaws with House Bill 575, Senate Draft 2."

TO: Representative K. Mark Takai
FROM: House Majority Staff Office
RE: Concerns Regarding H.B. No. 575, H.D. 1, S.D. 2 (Relating to Salaries)

This transmittal responds to your request regarding concerns with H.B. No. 575, H.D. 1, S.D. 2. Please note the following:

- Concerns raised in the letter dated April 13, 2011, from the Office of the Administrative Director of the Courts (*refer to the attachment*);
- Concerns raised in the letter dated April 14, 2011, from the Department of Human Resources Development (*refer to the attachment*); and
- Executive and Judicial Branches.** Further, House Chief Counsel notes that there appears to be inconsistencies in the S.D. 2 bill language (*page 2, line 15 to page 3, line 2*), with §26-56, HRS. §26-56, HRS, states, in part: "The recommended salaries submitted by the commission shall become effective July 1 of the next fiscal year unless the legislature disapproves the recommended salaries" The bill language states that "if any salary recommendations for these positions are made and are to take effect on or after January 1, 2014, by the commission on salaries" However, the January 1, 2014, effective date, as determined by the 2006 Commission on Salaries, applies to the salaries of the Legislative Branch, not the salaries of the Executive and Judicial Branches. Pursuant to §26-56, HRS, the new salaries for the Executive and Judicial Branches under a new salary commission would take effect on July 1, 2013, not on January 1, 2014.

The 2006 Commission on Salaries' established when the salaries of the respective branches take effect, as follows:

- Executive Branch and Judicial Branch:** On July 1, 2007; July 1, 2008; July 1, 2009; July 1, 2010; July 1, 2011; and July 1, 2012.
- Legislative Branch:** On January 1, 2009; January 1, 2010; January 1, 2011; January 1, 2012; January 1, 2013; and January 1, 2014.

Section 3.5 of Article XVI of the Hawaii Constitution states, in part, that "any change in salary which becomes effective shall not apply to the legislature to which the recommendation for the change in salary was submitted."

Re: H.B. No. 575, H.D. 1, S.D. 2, Relating to Salaries

Dear Senator Hee:

I would like to share concerns about H.B. No. 575, H.D. 1, S.D. 2, with regard to challenges that may be raised about the bill's ambiguous language and possible constitutional infirmities. We have informally raised these issues with the Department of the Attorney General. Although they have not taken a formal position on this matter, they have informally reviewed the bill and concur with the concerns raised in this letter.

H.B. No. 575, H.D. 1, S.D. 2 extends the present 5% salary reduction for justices, judges, the governor, and other officers of the executive branch until December 31, 2013. Section 2(b) states that on January 1, 2014, the salaries of these positions shall be restored to the level they would have been on July 1, 2009 without the salary decrease. Section 2(b) further states, "if any salary recommendations for these positions are made and are to take effect on or after January 1, 2014 by the commission on salaries, and the recommendations are not disapproved by the legislature, then the salary recommendations shall become effective on the date specified by the commission on salaries." (Emphasis added.)

Ambiguity

The next commission on salaries must submit salary recommendations during the 2013 legislative session. Hawaii's Const. art. XVI, § 3.5. Based on the practice of the previous commission, the 2013 commission on salaries will recommend new salaries effective as of July 1, 2013. The present language in Section 2(b) of H.B. No. 575, H.D. 1, S.D. 2 is ambiguous as it appears to authorize two different salaries during the period from July 1, 2013 to December 31, 2013. Lines 10–12 on page 2 of the bill extends the 5% salary reduction during this period. Assuming that the recommendations of the commission on salaries take effect on July 1, 2013,

Letter to Senator Clayton Hee
April 13, 2011
Page 2

however, lines 15 – 21 on page 2 and lines 1 -2 on page 3 of the bill state that the positions shall receive the salaries specified by the commission's 2013 report.

Potential Constitutional Challenges

An Attorney General letter cited by the House Committee on Finance (House Standing Committee Report No. 950, 2009 Hawaii House Journal, pg. 1283, 1284, re: H.B. No. 1536, H.D.2), states that "[T]he express language of article VI, section 3.5, prohibits a salary decrease unless by general law applying to all salaried officers of the State . . ."

In its present form, H.B. No. 575, H.D.1, S.D.2 raises two constitutional issues. First, Section 2(b) states that if the 2013 legislature disapproves the commission's recommendations, the salary for justices and judges in 2014 will be the amounts that were effective as of July 1, 2009. Thus, justices and judges would continue to be subject to a salary reduction in 2014. Legislators, however, will not be subject to a similar salary reduction in 2014 because there is no language to that effect in Section 2(c) of the bill. Accordingly, if H.B. No. 575, H.D.1, S.D.2 is enacted, it may be challenged on the ground that it does not comport with Hawai'i Const. art. XVI, § 3.5, that prohibits salaries from being decreased during a term of office except by a general law applying to *all* salaried officers of the State.

Second, H.B. No. 575, H.D.1, S.D.2 specifies that the salary commission's recommendations on salaries for legislators shall take effect on 2014. State legislation which adopts by reference future legislation, which is enacted by another sovereign entity constitutes an unlawful delegation of legislative power. *State v. Tengan*, 67 Haw. 451, 460, 691 P.2d at 373 (1984). The current state legislature may not bind a future state legislature in such a manner. Article XVI, section 3.5 of the Hawaii State Constitution specifies that the salary commission recommends salaries to the legislature and those recommendations become effective unless the legislature disapproves the recommendations as a whole. The bill's attempt to bind a future legislature to accept recommendations from a future commission on salaries may also be challenged as an improper delegation of its powers.

Please consider the potential challenges created by this proposed legislation. The possibility that this bill, if enacted, could generate litigation raises significant budgetary implications. Moreover, the possibility that salaries may be subject to litigation creates an inherently uncertain situation for all those public officers whose salaries may be impacted.

Sincerely,

Dear Representative Oshiro:

Re: House Bill No. 575, H.D. 1, S.D. 2, Relating to Salaries

Senate Bill No. 575 amends Act 85, Session Laws of Hawaii 2009, and extends the 5% reduction in salaries from June 30, 2011 to December 31, 2013 for certain members of the executive, legislative, and judicial branches.

The Commission on Salaries makes recommendations to the Legislature on the salaries of these members. The Department of Human Resources Development provides staff support to the Commission and we have concerns that the language in this bill may conflict with Article XVI, Section 3.5 of the State of Hawaii Constitution.

Section 3.5 states that the Commission on Salaries shall submit to the legislature its recommendations at the 2007 regular legislative session and every six years thereafter. The salary recommendations for the next six year cycle beginning July 1, 2013 for the executive and judicial branches, and January 1, 2015 for the legislative branch, are the responsibility of the next Commission on Salaries that will be appointed in 2012.

This bill extends the 5% salary reduction to December 31, 2013 but does not address the impact of the reductions on the Commission on Salaries' recommendations for the executive and judicial branches for the period July 1, 2013 to December 31, 2013. This will result in an unresolved conflict between the bill and the next Commission on Salaries' recommendations.

To avoid the conflict as well as the need for further legislative action at the time of the next salary recommendations, we would recommend that a June 30, 2013 end date be used for the current bill.

We appreciate your consideration of the above as you continue your deliberations.

Re: H.B. No. 575, H.D. 1, S.D. 2, Relating to Salaries

Dear Conference Committee Members:

Through our last letter on the subject of the proposed legislation relating to salaries for public officers, dated April 13, 2011, we explained our concerns about H.B. 575, H.D.1, S.D.2, concerning challenges that could be raised about the bill's ambiguous language and possible constitutional infirmities. As we explained, we first raised those issues with the Department of the Attorney General and they too, informally, had concerns about these issues.

This letter details our concerns about the ambiguity inherent in H.D. 1 and S.D.2; the constitutional issues raised by S.D. 2; and also the general policy impacts of both the House and Senate drafts of these bills, given the disproportionate effects these bills, if enacted, will have upon judges.

The Judiciary recognizes that the severe economic crisis requires *all* public officers to make sacrifices to help the State meet its economic challenges. We also deeply appreciate the support that the Legislature has given the Judiciary to enable us to continue to provide core and fundamental services to the people of Hawai'i. Respectfully, however, we wish to point out the disproportionate impact this legislation would have upon judges, based upon the detailed analyses provided by the National Center for State Courts and the Commission on Salaries, discussed below.

Ambiguity -- H. D. 1 and S. D. 2

House Draft 1 contains ambiguous language with regard to what the July 1, 2012 salaries would be, as it extends the 5 % reduction in salaries to June 2013 for the executive and judicial

Conference Committee on House Bill No. 575, H.D. 1, S.D. 2
April 26, 2011
Page 2

branches but does not amend the language restoring the Commission on Salaries' recommendations effective July 1, 2012.

Senate Draft 2 contains a different ambiguity. It also proposes to extend the present 5% salary reduction for justices, judges, the governor, and other officers of the executive branch until December 31, 2013. Section 2(b) states that on January 1, 2014, the salaries of these positions shall be restored to the level they would have been on July 1, 2009 without the salary decrease. Section 2(b) further states, "if any salary recommendations for these positions are made and are to take effect on or after January 1, 2014 by the commission on salaries, and the recommendations are not disapproved by the legislature, *then the salary recommendations shall become effective on the date specified by the commission on salaries.*" (Emphasis added.)

The next commission on salaries must submit salary recommendations during the 2013 legislative session. Hawai'i Const. art. XVI, § 3.5. Based on the practice of the previous commission, the 2013 commission on salaries will recommend new salaries effective as of July 1, 2013. The language in Section 2(b) of H.B. 575, H.D.1, S.D.2 is ambiguous as it appears to authorize two different salaries during the period from July 1, 2013 to December 31, 2013. Lines 10 – 12 on page 2 of the bill extends the 5% salary reduction during this period. Assuming that the recommendations of the commission on salaries take effect on July 1, 2013, however, lines 15 – 21 on page 2 and lines 1 – 2 on page 3 of the bill state that the positions shall receive the salaries specified by the commission's 2013 report.

Potential Constitutional Challenges to S.D.2

An Attorney General letter cited by the House Committee on Finance (House Standing Committee Report No. 950, 2009 Hawai'i House Journal, pg. 1283, 1284; re: H.B. No. 1536, H.D.2), states that "[T]he express language of article VI, section 3.5, prohibits a salary decrease unless by general law applying to all salaried officers of the State . . ."

In its present form, H.B. 575, H.D.1, S.D.2 raises two constitutional issues. First, Section 2(b) states that if the 2013 legislature disapproves the commission's recommendations, the salary for justices and judges in 2014 will be the amounts that were effective as of July 1, 2009. Thus, judges would continue to be subject to a salary reduction in 2014. Legislators, however, will not be subject to a similar salary reduction in 2014 because there is no language to that effect in Section 2(c) of the bill. Accordingly, if H.B. 575, H.D.1, S.D.2 is enacted, it may be challenged on the ground that it does not comport with Hawai'i Const. art. XVI, § 3.5, prohibiting salaries from being decreased during a term of office except by a general law applying to *all* salaried officers of the State.

Second, H.B. 575, H.D.1, S.D.2 specifies that the salary commission's recommendations on salaries for legislators shall take effect in 2014. State legislation which adopts by reference future legislation, which is enacted by another sovereign entity, constitutes an unlawful delegation of legislative power. *State v. current state legislature may not bind a future state legislature in such a manner. Article XVI, section 3.5 of the Hawai'i State Constitution specifies that the salary commission *recommends* salaries to the legislature and those recommendations become effective unless the legislature disapproves the recommendations as a whole. The bill's attempt to bind a future legislature to accept recommendations from a future commission on salaries may also be challenged as an improper delegation of its powers.

Policy Impacts of Both House and Senate Drafts: Disproportionate Impact Upon Judges

While House Bill 575, H.D.1, S.D.1 is preferable in that it does not raise the myriad legal and constitutional issues raised by the other drafts, nevertheless, there are significant policy concerns associated with reducing salaries for judges, since they will be disproportionately impacted by this legislation.

On March 14, 2007, the Hawai'i Commission on Salaries issued its Report and Recommendations to the 2007 Legislature, noting that their recommendations were based upon principles of equity and fairness and consideration of:

- the impact of having no increases in judicial salaries from 1990 to 1999;
- the states' rankings of both non-adjusted salaries and COLA adjusted salaries (adjusted for cost of living, as provided by the National Center for State Court published Survey of Judicial Salaries.) The Commission found that Hawai'i's judicial salaries were lowest and last among all states when adjusted for cost of living, which the Commission considered as an "unfair and inaccurate reflection of our State's regard for the Judiciary and its effect on judicial decisions and justice throughout the State."
- Judicial retirement benefits and the judicial mandatory retirement.

The Commission concluded:

While the Commission had hoped to raise Hawai'i's rank on the National Center for State Court Salary Comparison Among States from lowest and last to a slightly higher position of 42nd or 43rd, it chose, instead, to recommend a more moderate and affordable salary adjustment, in light of salaries of employees of other State departments. Thus, despite the recommended increases, Hawai'i's adjusted salary comparison among all states will remain lowest and last . . .

Thus, even if the Commission on Salaries' recommendations as provided in their March 2007 Report had been implemented through June 30, 2013, the salaries of Hawai'i's judges would still have been ranked the lowest of all states, adjusted for cost of living.

According to the most recent Survey of Judicial Salaries published by the National Center for State Courts, as of July 1, 2010, Hawai'i's trial judges continue to receive the lowest salaries in the nation when adjusted for cost of living, and Hawai'i ranked 51st out of all states and the District of Columbia.

The cumulative impact of Act 185, 2009 Session Laws of Hawai'i (SLH) and H.B. No. 575, H.D.1, S.D.2, will be to defer the judicial salaries recommended by the Commission on Salaries in 2007 for a total of four years (FY 10 through FY 13), thus resulting in a total net loss of salary for trial judges equivalent to more than one year's salary.¹ This net loss of compensation reflects the disparate impact this bill would have on judges, compared to the other positions for which the Commission on Salaries established compensation.

While Hawai'i's judges are committed to serving the people of this State, our ability to retain and recruit judges in the future may be impacted by further reductions in their salaries. With regard to retention, we have seen many highly experienced judges leave the bench. Indeed, as noted in the *Report of the Special Committee on the Effects of the Economy and the Judiciary*, issued by the American Judicature Society, Hawai'i Chapter, on March 7, 2011:

During the course of Committee discussions, one consequence of the budget reductions was noted that while certainly unintended had significant consequences.

In 2009, the year in which budget reductions were announced, 9 judges representing 161 years of judicial experience retired. Reasons varied but one element was a concern with how the budget reductions would impact pensions. As pension is salary based, a reduction in salaries can lessen pension amounts.

Considering All Options

Again, we appreciate the Legislature's diligence in finding budget savings given these dire economic times. We ask, however, that both the concerns raised above and all feasible options be considered. One possible option could be reducing pay for a shorter period (e.g., one year) so that the Legislature may consider next year's economy before determining that the specified pay reduction is further required. We stand ready to assist the Conferees in identifying and evaluating all appropriate options.

¹ For district, family, and per diem judges, the total net loss of salaries for FY 10 through FY 13, as a result of Act 185 and the proposed present legislation, is \$133,257.00; for circuit court judges, the amount would be \$141,446.00.

As a final matter, we would point out that if the Legislature is inclined not to reduce the salaries through these bills, or to change the duration of the salary reductions, adequate funding in the Judiciary's budget would need to be provided.

Re: H.B. No. 575, H.D. 1, S.D. 2, Relating to Salaries

Dear Speaker Say:

In light of the House of Representatives' anticipated reconsideration of H.B. No. 575, H.D. 1, S.D. 2, Relating to Salaries, the Judiciary would like to take this opportunity to reiterate our very significant constitutional concerns about H.B. No. 575, H.D. 1, S.D. 2, which we previously shared with the Conference Committee. Attached for your review are copies of our:

- 1) April 13, 2011 letter to Senator Clayton Hee which expressed the results of our initial research and consultation with the Department of the Attorney General; and
- 2) April 26, 2011 letter to the members of the Conference Committee, which discusses our policy and constitutional concerns regarding H.B. No. 575, H.D. 1, S.D. 2.

For the reasons discussed in our April 13, 2011 and April 26, 2011 letters regarding the constitutional issues pertaining to H.B. No. 575, H.D. 1, S.D. 2, we would respectfully request that the House not adopt H.B. No. 575, H.D. 1, S.D. 2 in its present form.

Sincerely,

Rodney A. Maile

Representative Gilbert S.C. Keith-Agaran
Representative Karl Rhoads

Representative B. Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. I do recognize that there are some legal questions that have arisen with this bill and there are some serious legal questions. However I do think that we at this time, have little other choice, and little other opportunity to address this issue. That is why we must vote on House Bill 575, move to agree to the amendments made by the Senate, and pass this on Final Reading. Because at the end of the day it is a symbolic action that I think is worthwhile for us to be going down this road.

"I think there is the potential for a legal challenge, but that in and of itself should not be the reason why we shy away from this bill. I think we will have further and additional opportunities if there are questions, if there are uncertainties, if there is vagueness, to address those questions. However without this bill, I think we lack the leverage that is necessary for us to have that opportunity and make those changes. Without this bill, if this bill were to fail as of today, we will not ever again have this kind of leverage and opportunity to try and change it in the way that we need to. I do recognize that there are technical problems and there a few words and a couple of numbers that we do need to change.

"Now as to the opportunity or the likelihood of litigation, the reason I don't have too much fear for that at this point is there is some justiciability questions that are primarily at heart right now. First and foremost is the rightness issue. Even though this bill comes into effect on June 29, 2011 the actual effect of the reduction doesn't occur until later. And so at that point, that is when somebody has that legal opportunity and standing with which to challenge.

"In addition to that I would also raise that there is a potential for this to be a political question. I think courts have often raised the opportunity for the Legislative Branch to properly address and take remedy and action when they have that chance. And I do think we will have that chance and opportunity in the next coming months, if not in the next Session to fix that problem before it ever becomes and realizes itself into a true constitutional problem.

"And for that reason, I think and I recommend to my colleagues, vote in favor of this bill because if we do not, I am telling you my belief is that we won't have this opportunity, we won't have this leverage, we won't have this fulcrum for anything to change in the future. Thank you."

Representative Takai rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise in support with reservations. Thank you. First, I'd like the words of the Representative from Makiki entered into the Journal as if they were my own. Thank you, Mr. Speaker.

"You know, I stand here embarrassed because of this bill. We should not be debating a bill that some, or most, or if all of us believe is constitutionally flawed. I mean, something went wrong in the process and today we sit here on our last day, trying to resurrect a bill, Senate Draft 2 of House Bill 575 because that's all we have. I don't like being put in these types of positions. This bill is not the right way to go about business in the Legislature. It's embarrassing.

"Now I agree with the Majority Leader, I believe that we need to pass on this bill, and send it up to the Fifth Floor. But I'm going to urge the Governor for a veto. Because if the Governor vetoes this bill, then we have another crack at it. My understanding is if the Governor vetoes this bill and specifically outlines the problems raised by not only the DHRD Director, but also the Administrative Director of the Courts. If the Governor outlines those concerns and sends it down in the veto message, we can fix it. And that is my hope, Mr. Speaker.

"I do support the continuation of our 5% pay cut. I believe it's prudent. I believe it's fair. But my biggest concern is that should this bill go up, the Governor signs it, and it gets challenged in court, and gets thrown out of court, we all jump tremendously.

"The other thing, Mr. Speaker, and what people probably don't realize is that the intent of the Salary Commission, a few years ago, was to take a look at what salaries should be paid to all classes in the Executive, Judicial, and the Legislative Branches. And the Salary Commission, justifiably so, said that these judges in the Judicial Branch should be receiving X amount of money. This bill is a 30% pay cut for our judges, 25% to 30% pay cut to our judges. Now what does it say as a society? What does that say as a State? What does that say as a Legislature? That we don't value the Judiciary? That we don't value the judges currently seated on all our courts? I have a problem with that, Mr. Speaker.

"So my hope is that with this vote with reservations, that we encourage the Governor to veto with very specific instructions on how to fix this measure. And hope that his instructions include restoration of some of these cuts that both the Judiciary and the Executive Branches are receiving. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. In support with reservations, and I would like the words of the Representative from I believe Makiki, and our Majority Leader entered in the record as if they were my own.

"Just a few brief comments. It's kind of funny. Why am I adopting the words of two people who had different positions? Because I think it represents the struggle. And the good Representative from Aiea, I apologize if my geography is not accurate, brought up those very good points. What started out as a House Bill, and the House position was clean, Mr. Speaker. And I thank you, the Members and the others who worked on presenting a very clean, sound bill that unfortunately was rendered pretty much ineffective because of the antics that went on. And I'm just going to quote my good friend, the senior Senator from Hawaii who says, 'I'm going to hold my nose and vote for this measure today,' because I believe the previous speaker was correct. But I'm hoping that the Governor will instruct us through a corrective action and veto, to take those measures so we can restore the position of this Body which was to basically continue the cuts, but also not to jeopardize the judges.

"And from a Neighbor Island perspective, that's where it comes home to roost. Because if what has been said is true, you're going to have a lot of vacancies occurring on the Neighbor Islands, and the wheels of justice will stop. When you have important programs like mediation and other programs that many people are relying on. When you have a hard time to access justice to begin with on the Neighbor Islands, I think this could have some really bad side effects. So with that, Mr. Speaker, I am in support with reservations, and I will hold my nose."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. Mr. Speaker, I think the discussion on the Floor is symptomatic of this Session. What is obvious to people out in the street seems to be esoteric, technical, controversial, and not too clear. I guess the case in point was when we were told not to use the AG's opinion because we could equivocate back and forth. To equivocate on this issue is to totally negate what's going on with the people of Hawaii in terms of the amount of \$5 a gallon they're paying for gas. \$5 per quart of a gallon of milk. \$200 bucks to get back and forth from the Neighbor Islands.

"The people are hurting out there and we have got to show them by leadership and demonstration that we know what's the best policy. We are policy makers. Let the courts do what they do and we can come back and fix it. We have to not be symptomatic of being out of touch with what the people of Hawaii are saying. And, Mr. Speaker, this is an imperative and we are compelled without any equivocation to pass this pay cut bill. If we don't do it, we have absconded our responsibilities and what the people of Hawaii, who've trusted us by voting for us to get here, to do. We have no excuses but to pass this bill. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 575, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO SALARIES," passed Final Reading by a vote of 43 ayes to 4 noes, with

Representatives Belatti, Hanohano, Morikawa and Souki voting no, and with Representatives Carroll, Ito, Nishimoto and Pine being excused.

H.B. No. 1038, HD 2, SD 2:

Representative B. Oshiro moved that H.B. No. 1038, HD 2, SD 2, pass Final Reading, seconded by Representative Evans.

Representative Fontaine rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. I rise with reservations, and if I may, brief comments. I spoke on this before. I'm really concerned about the aspect of if we're going to have 52 or 53 year-old police officers out there, who will have to deal with perhaps a 20 year-old criminal. If we just looked at the physical aspects of the job, and I know the job because I did it for 25 years.

"I'm 51 and I can say for myself, I would not like to have to be in a police car right now and having to deal with a young offender. I really think that, and I'm saddened that SHOPO and others didn't come out more opposed to this. I seem to be the only one that's speaking about this. But I have some great concerns about that and what we're potentially putting our senior law enforcement officers in jeopardy by putting them into a physical confrontation. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.B. No. 1038, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," passed Final Reading by a vote of 47 ayes, with Representatives Carroll, Ito, Nishimoto and Pine being excused.

H.B. No. 1076, HD 1, SD 2:

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, H.B. No. 1076, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY LAW," passed Final Reading by a vote of 47 ayes, with Representatives Carroll, Ito, Nishimoto and Pine being excused.

At 12:01 o'clock p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 575, HD 1, SD 2
H.B. No. 1038, HD 2, SD 2
H.B. No. 1076, HD 1, SD 2

INTRODUCTION OF RESOLUTIONS

The following resolutions (H.R. Nos. 305 through 308) were announced by the Clerk and the following action taken:

H.R. No. 305, entitled: "HOUSE RESOLUTION HONORING AND COMMENDING THE UNITED STATES NAVY SEALS FOR SUCCESSFULLY NEUTRALIZING THE WORLD'S MOST WANTED TERRORIST," was jointly offered by Representatives Ward, Aquino, Choy, Cullen, Evans, Fontaine, Har, Herkes, Ito, Johanson, Kawakami, B. Oshiro, Riviere, Say, Takai, Takumi, Thielen, Tokioka and Yamashita.

Representative B. Oshiro moved that H.R. No. 305 be adopted, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. Mr. Speaker, on 9/11, I was in Washington D.C. and experienced the havoc that was going on with the Pentagon burning and the smoke coming across the Potomac right to my building at the Regan Building, and thinking, 'Oh my God. What has happened to our country?'

"From that day after, the world changed and ceased to be as it is. The United States ceased to be the United States. Getting in the airport. Going

on an airplane ceased to be when travel was fun. But now, Mr. Speaker, with this resolution, and with this most-wanted terrorist being removed, the hope is that civilized society can progress again. That the dialogue between the great two cultures of Islam and Christianity can progress. And that we can have a safer, better society so we can benefit all the people of the world and not cower and be afraid because one person existed. Thank you, Mr. Speaker."

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. Thank you, Mr. Speaker. Mr. Speaker, I support this resolution on many levels. But the number one reason would be to acknowledge those who put their lives on the line. Not just for some, but for a nation. It was a dangerous mission. There are those who in real life, really consciously, through their bravery and courage, protect others. And it's important to remember those people. It's not to rejoice in the death *per se* of a human being. It is rather to say that we are a safer nation and that we do what we must to be a safe nation.

"I want to acknowledge at this just about 10 year time, how many Hawaii people lost their lives in 9/11. Sometimes it's easy to think that something goes on somewhere else in a far-off shore, but we are all interrelated. And there was an individual I knew, a friend of the family, who perished on 9/11. A pastry chef up on the top floor. A family friend, and classmate of my brother's. There were a lot of some of Hawaii's best and brightest that wanted to fly like eagles to far away cities, and it is our loss. And so when we remember those who keep us safe, we remember those people that lost their lives. Thank you, Mr. Speaker."

Representative Brower rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. And, Mr. Speaker, I say to fully support it, I wish the President made the decision to show the picture of the number one terrorist's death to the country. I'd like to note, Mr. Speaker, the President went out of his way to see that the world's number one terrorist received a religious ceremony at this death. Now that could be interpreted as a violation of the separation of church and state. In some circumstances, a violation I support. It shows us the importance of religion and spiritual beliefs in regards to man's law. Thank you."

Representative Takai rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of this measure. As the Minority Leader has mentioned, and also the acting Minority Floor Leader and have mentioned already, I do want to acknowledge the lives that have been lost. Not only the six from Hawaii that died on that day, but the 3,000 or so that died as well.

"In addition to that, Mr. Speaker, I think we're edging up to about 5,000 service members who have perished, both in Iraq and Afghanistan of which 286 were with ties to Hawaii. And as you know, we've recognized them with the Hawaii Medal of Honor. So as we look at celebrating, and I do mean celebrating, because I think this is a celebration, we also have to be mindful of the fact that the war is not over and the missions not done. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in strong support. I would just like the words of the not only the previous speaker, but of the Representatives from Hawaii Kai and Liliha entered in the records as if they were my own," and the Chair "so ordered." (By reference only.)

Representative M. Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in support. Today the President is at Ground Zero speaking to the families of the people who died in 9/11. I do feel some mention should be made of the bravery of the President, the courage that he had to give the go-ahead for this mission, because without his decision it wouldn't have happened. Thank you."

Representative Cabanilla rose to speak in support of the measure, stating:

"In favor of the measure, Mr. Speaker. And at the appropriate time, I would like for us to stand for a moment of silence for all the service members who died in the name of the War Against Terrorism."

The Chair responded, stating:

"Thank you. We will take that up at the end of today's session."

The motion was put to vote by the Chair and carried, and H.R. No. 305 was adopted, with Representatives Carroll, Chong, Ito, Nishimoto and Pine being excused.

At 12:08 o'clock p.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:10 o'clock p.m.

H.R. No. 306, entitled: "HOUSE RESOLUTION EXPRESSING APPRECIATION AND GRATITUDE TO ROWENA "AUNTY RONIE" LOW FOR HER YEARS OF SERVICE TO THE HOUSE OF REPRESENTATIVES AND BEST WISHES FOR A HAPPY RETIREMENT," was offered by Representative Say.

Representative B. Oshiro moved that H.R. No. 306 be adopted, seconded by Representative Evans.

Representative Souki rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. Thank you, very much. First of all, I want to congratulate Ronie for her successful career working for the Sergeant-at-Arms. I want you to know that on behalf of the House, and certainly for myself, we're all going to miss you. I enjoyed working with you. I enjoyed travelling with you. God bless you as you move forward in your transition in life. Aloha."

Representative Takumi rose to speak in support of the measure, stating:

"Thank you, very much, Mr. Speaker. I would be remiss if I didn't offer my congratulations, and my appreciation for all the work that Ronie has done over the years. She always has a wonderful smile when you walk into the Sergeant's Office, and her kindness extended to my granddaughter whenever I came by there with the Princess. We wish you the best with your granddaughter as well, as you move to the Big Island. And don't forget us here back in Honolulu. Thank you."

Representative Marumoto rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. I am in favor of the resolution honoring Ronie for all her hard work. I don't know how many times she helped me get into my office after I locked myself out. She has always conducted her duties with great professionalism, cheerfulness, and real consideration for the Members of this House. We're going to miss you.

"And you remember my grandson Brian and how he used to crawl around on the floor of the Sergeant-at-Arms Office. He'll be home from college tomorrow, and he's now 6'3". So we wish you well and aloha. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, just to add to those great accolades of appreciation from the Minority in how you treated us like the Majority. You were so friendly, so professional. We owe you a debt of gratitude. And from my former office manager, Fran Voege you are blessed, and you have been a blessing. Godspeed. Aloha."

Representative Kawakami rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Auntie, on behalf of the Kawakami's that came before me who had the opportunity to work with you, we would like to say thank you, from the bottom of our hearts. Good luck, and we love you."

Representative Ching rose to speak in support of the measure, stating:

"Ronie, my staff and I also thank you. And I know especially Bev, from where she is, always spoke so highly of you, and was grateful to you. Bev thanks you. We all thank you."

Representative C. Lee rose to speak in support of the measure, stating:

"Thank you. Just very briefly, none of our words here can express the thanks we truly have for you. We do wish you the best."

Representative Manahan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm standing in strong support of this resolution. And I just wanted to take this opportunity to extend a very heartfelt aloha. Having met Auntie Ronie about 10 years ago when I started here as a staffer working for former Representative Dennis Arakaki, I had to stop at the Sergeant-At-Arms Office, naturally as part of the training period. Auntie Ronie was one of the first people I met and she certainly steered me in the right direction, and has guided me certainly to this. I wouldn't be here, I don't think, standing here before you as a Representative if not for her guidance way back when. So thank you very much for your words of wisdom over the years. I'm very grateful, and I'm very happy to see her today."

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong, very strong support. And on behalf of the Kauai delegation, now, in the past, and those in the future, including Senator Kouchi and all the Senators who have been here, thank you very much, Auntie Ronie for everything."

Representative Awana rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Thank you, Mr. Speaker. And just a few words. When I first came to this Body here, one of the first instructions that were given to me from my predecessors were to go and speak with Auntie Ronie in the Sergeant-at-Arms and she'll take care of you. And indeed she has during this entire time that I've been here at the Legislature. She's been nothing but helpful. Not only to Members, but also to their staff as well. I'd just like to extend my aloha and appreciation for all that she has done. Surely she has taken care of us, and I'm sure that once retired, she'll go ahead and take care of more people in her *ohana*. Thank you, Mr. Speaker."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. You know, people that work in the back office or the front office become such an integral part of the success of an organization. And I know that Auntie Ronie, that you were there when people were having their ups, and they were having their downs. Their good days, and their bad days. But you were an integral part of who we are. And I know I'm feeling tears of sadness and happiness, and I know you are too. But it is a loss for us that you're going. I know all the people that work with you, sit next to you in those desks and see you every day, more than me, are going to feel it too."

"But I just want you to know that you gave so much and were such an integral part. We're going to be sad, but I think also we can share in the joy of the next phase of your life. We'll be anxious to see you come by and visit, and tell us where you've gone to next, whatever that next chapter in your life will be. It'll be very exciting for you. So please come by, and please know that we're wishing you the best and we won't forget. Thank you."

Representative Takai rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. Thank you. At 9:30 today, we were once again reminded that session was to begin in 30 minutes. And when I heard those words, it brought a smile to my face because we all knew what was going to happen today. But I just wanted to thank you for everything you've done, and also thank your family for letting us have you for these many years. Aloha and mahalo. Thank you, Mr. Speaker."

Representative Yamane rose to speak in support of the measure, stating:

"I'm standing in strong support. On behalf of the Yamane Ohana, which you've helped for many years now, we'd like to express much appreciation and more importantly, our love for you. We'll miss your blessed voice reminding us and keeping us on track, but also we'll miss your warm and loving smile when we visit the Sergeant-at-Arms Office. Thank you."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Thank you. My personal message to Ronie, I'm going to miss you. Thank you for all the talks we had during the interim. All the phone calls and the jokes. We always used to laugh, and we're going to miss that, both May and I. So God bless you in everything else you do. We're going to miss you. Thank you, Mr. Speaker."

Representative Jordan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Walking in the doors in January, on the first day after the Session began, it was so sweet to see another face from Waianae. It meant a lot to me. In my short time with you, I realized it's not us sitting on the Floor, but it's the staff of the House Sergeant-at-Arms and the Clerk's Office that make us look good as we sit here."

"Ronie, I'm going to miss you. It's been very short for me, but I appreciate everything that you have done for me. I want to thank your family for sharing you with me for the short time. I'm definitely going to miss you. Mahalo. And hopefully I can keep your spirit here with the Waianae that I bring to this place. Mahalo."

Representative Har rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Auntie Ronie, on behalf of the members of the Leeward Delegation, thank you so much for everything you've done for us. I can remember so many great conversations we've had, candid conversations, where we'd just giggle, and laugh, and laugh, because it's someone like you who reminds us why we're here, and why we're supposed to be trying to do the right thing. You've always taken care of all of us. All of our staffs know that if there's ever a problem, just call Auntie Ronie. She'll take care of it. So on behalf of our staffs too, thank you so much for always taking care of each and every one of us from the time we've all been here. Our very best to you and your family in all of your endeavors."

Representative Chang rose to speak in support of the measure, stating:

"In support. On behalf of the Big Island Delegation, the present and in the past, we want to thank you so very much, Ronie. You've been a wonderful, wonderful help to all of us, especially all of our Neighbor Island members who especially need the help. And whenever we call your office, we have no fear of feeling like we're bothering you because you've always been very friendly. I think you conveyed that to your entire staff and we thank you, so much. Aloha."

Representative M. Lee rose to speak in support of the measure, stating:

"In support. I just want to thank you very much, and wish you a happy retirement. But I also would like to thank you for being a sterling example of a strong woman. Thank you."

The motion was put to vote by the Chair and carried, and H.R. No. 306 was adopted, with Representatives Carroll, Chong, Ito, Nishimoto and Pine being excused.

At 12:19 o'clock p.m. the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:37 o'clock p.m.

H.R. No. 307, entitled: "HOUSE RESOLUTION AUTHORIZING AND EMPOWERING THE SPEAKER TO PERFORM AND CARRY OUT ANY OFFICIAL LEGISLATIVE BUSINESS DURING THE INTERIM BETWEEN THE 2011 AND 2012 REGULAR SESSIONS," was jointly offered by Representatives B. Oshiro and Ward.

On motion by Representative B. Oshiro, seconded by Representative Evans and carried, H.R. No. 307 was adopted, with Representatives Carroll, Chong, Ito, Nishimoto, Pine and Saiki being excused.

H.R. No. 308, entitled: "HOUSE RESOLUTION INFORMING THE SENATE AND THE GOVERNOR THAT THE HOUSE OF REPRESENTATIVES IS READY TO ADJOURN SINE DIE," was jointly offered by Representatives Say and Manahan.

Representative B. Oshiro moved that H.R. No. 308 be adopted, seconded by Representative Evans.

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker, as I look at the resolution, I see two signatures. One of course is yours, and the other, Vice Speaker Manahan. So on behalf of the Junior Class, who the Vice Speaker is a member of, we'd like to thank him for all the hard work and all the effort he put in being on the rostrum this year. So, Vice Speaker Manahan, thank you for the leadership. And Mr. Speaker, thank you for the time given to acknowledge the Vice Speaker."

The motion was put to vote by the Chair and carried, and H.R. No. 308 was adopted, with Representatives Carroll, Chong, Ito, Nishimoto, Pine and Saiki being excused.

ANNOUNCEMENTS

Representative Ward: "Mr. Speaker. This is the time when Joe Moore says, 'And finally tonight ...' Finally this afternoon, where there are few times for mahalos. Mr. Speaker, your young disciple did a great job. I think, Mr. Speaker, you did a good job. All of us did a good job. We tried to do our best under the circumstances.

"Mr. Speaker, it's a little bit disappointing. Or should I put it this way? Did we do our best when we're taking \$642 million out of the economy? We have to remember, and I tried to say it earlier. Gas is \$5 a gallon. Milk is \$5 a gallon. It takes a couple hundred dollars just to get to our Neighbor Islands. I think we have to look at increasing the size of the pie, rather than slicing it smaller.

"But let's celebrate. All of us should be proud there was no GE Tax increase. All of us should be proud there was no pension tax. I think some of us are happy there's no frozen bread. Some of us are happy that there's no State Bank. Iron sharpens iron, Mr. Finance Chair. But the point is, Mr. Speaker, and you reminded me that May 26 is when the Council of Revenues hits. Hopefully the budget that we pass is going stand, but if it doesn't, it's going to be another reason why we've got to grow the pie. So, Mr. Speaker, in thanking you, I want to send a send-off for all of those who have dessert in the interim, especially if you eat pie. Just imagine that baby growing bigger.

"And secondly, Mr. Speaker, if I can encourage all of us to get behind Tim Johns, Peter Ho, and all of the people. Charles Morrison at the East-West Center. APEC is coming to town. They need us. Hopefully you'll volunteer with Lt. Governor Schatz. He needs some of you to be there to escort, to show your interest, your respect. Because this is our chance to be on the world stage, Mr. Speaker. The bottom line is we got through, but we

can do better, and hopefully we're going to grow the pie the next time around. So thank you, and thank all of you. Aloha."

Representative M. Oshiro: "Mr. Speaker. Mr. Speaker, I too would like to thank you and the leadership team for bringing us to this very auspicious day. Just a reminder that I believe the Clerk's Office is currently receiving confirmations to attend the CSG-West Annual Meeting. Mr. Speaker, this year we have the privilege of being host to the members of the 13 states the CSG-West organization from July 29 through August 2nd. Our theme for the annual meeting this year is *Halawai*, which means in Hawaiian, the gathering place, or where leaders gather. So I encourage all of the Members to sign up with the Clerk's Office and let's go and be great hosts to our friends from the 13 western states. Thank you."

Representative Cabanilla: "Mr. Speaker, I just would like to take this time on behalf of the Filipino Caucus, to acknowledge our pride and admiration for the Vice Speaker as a proud member of the Filipino Caucus. We take pride in your work, and we thank you so much for doing a great job. Thank you, Mr. Speaker."

Representative Wooley: "Thank you, Mr. Speaker. I just want folks to know that the Book and Music Festival, a celebration of story and song will be held on May 14 through 15, from 10:00 a.m. to 5:00 p.m. at Honolulu Hale. It's very *keiki* friendly. There will be PBS' Steve Songs and your favorite 12 PBS Kid's characters. Hope to see you there."

Representative Kawakami: "Thank you, Mr. Speaker. May I ask permission for my fellow Freshman Class to rise with me. I guess because I'm the low man on the totem pole, I've been asked to say a few words on behalf of the Freshman Class. I would like to first and foremost, say *mahalo nui loa* to all of our colleagues and to all of the staff. You are all bravehearts. Thank you so much for guiding us, for taking the time to talk to us, and for showing us big aloha. Mahalo nui loa.

"To the people of the great State of Hawaii, thank you for putting your trust in us. It's an honor and it's a privilege to be able to work for you. There is no greater honor than to be able to represent the best state in our nation. A state that has a single word to describe our way of life. No other state has that. A single word to describe and define who we are, and that is *aloha*. And we will do everything that we can to protect that. We came in as babies, and we leave as potty-trained toddlers. Mahalo nui loa. Thank you."

Representative McKelvey: "Thank you, Mr. Speaker. Today is actually an anniversary day too. And it was a day for our country because on this day, several years ago, actually many years ago, the United States sent the first man into space on a rocket ship that would lay the way for the first man on the moon and for the emergence of NASA, and for the United States to, in the words of our President, to think beyond our own wars and borders, and to look beyond.

"I use this also as a vehicle for celebration, and to lament the opportunities that were lost both in this and in the film initiatives. Initiatives that would have brought \$2.2 billion, probably more, over the next seven years to the State of Hawaii. And I'm proud of the work this Chamber did to construct something that would allow for immediate investment and dollars to come in to Hawaii, right now. The relocation of major corporations, right now without impacting any social programs or jeopardizing our budget situation.

"I'm fearful, as the good Representative said, of the Council's next numbers. I was hoping with these initiatives, they would have powerful numbers to offset the bad news. And I'm hoping that should these numbers prove out to be true and we are called back, I publicly and humbly ask the Governor, if he does bring us back, that he would consider, and all of our colleagues, to bring these initiatives back, if a Special Session is called, so we can have powerful investment occur now and positive numbers to reverse the trend that is happening.

"But at the end of the day, Mr. Speaker, this Body accomplished a lot and I'm proud. We're the first state in the country to tackle the mortgage situation. We have done great work on a lot of issues, and we once again managed to find a way out of another huge deficit that was thrust upon the

people of Hawaii on 3/11. And I know that your Committee and I, and I believe my colleagues, they will, we will, work hard to pursue these initiatives. To make sure that we can, in the words of the good speaker of Hawaii Kai, grow the pie, but also to be realistic and to basically be able to balance our fiduciary responsibilities against the ability to bring much needed jobs and economic opportunity in the State of Hawaii.

"I'm proud of the work we did, and I'm proud of next year. And I'm hoping that if chance avails itself, that this Body will once again rise to the level and be able to move forward and deliver powerful legislation that gives us the opportunity that we need, not only for this generation, Mr. Speaker, but for the future generations. For the *keiki* that were in the audience before so they can see that clean jobs, high paying jobs, do exist in the State of Hawaii. And we are a leader to the world and the Pacific, as will be illustrated by APEC. And we are not just merely in the middle of the Pacific.

"So thank you colleagues, for everything. Thank you for all your *manao* and again, I really appreciate the fact that you were all committed, no matter what our various views on different issues were, on trying to make Hawaii the best state in the nation and the best place in the world and a leader for the 21st century. Thank you, Mr. Speaker."

Representative Awana: "Thank you, Mr. Speaker. I'd just like to also share the comments from all the other previous legislators in support of your leadership during this past Session, as well as the leadership of our Vice Speaker.

"In addition, there were some comments made about APEC and I'd just like to happily announce that as the Chair of International Affairs, I've been working closely with the likes of Tim Johns, Peter Ho and Gregg Yamanaka to talk about initiatives where our legislative body could participate. And I'm pleased to announce that they have spoken with the State Department and there will be opportunities for our legislative body to engage.

"During the interim, I'd just like to encourage Members, if they would like to participate, they can contact our office. Along with the opportunities during the interim with CSG, we have our Clean Energy Summit which is scheduled for September 12 through 15 which will also help us with our economy, and other perhaps even creating more opportunities for more growth within our State. Thank you, Mr. Speaker."

Representative C. Lee: "Thank you, Mr. Speaker. I would, just on a final note, want to wish everybody a Happy Boy's Day. Apparently now it's called Children's Day. I don't know whose reso that was, but Happy Boy's Day."

Representative Souki: "Yes, Mr. Speaker. Thank you very much to you and your leadership team for leading the State in a right direction. It was the third consecutive Session facing a huge deficit and you pulled us through. And may I say, with a nice, healthy surplus as well. So to you and your leadership, the Finance Committee, and all the Chairs, thank you very much. Good job."

Speaker Say: "The Chair has some very short remarks to make. First and foremost, let us thank our office managers. Let us thank our Session employees. Let us thank the House Chief Clerk's Office in supporting all of you, and their staff who are sometimes in the back and we may not know about them. Let us thank the Printshop for their job in providing us with the hard copies.

"Let us thank the Sergeant-at-Arms in supporting all of you in whatever inventory that you have in your offices and their staff. Let us thank our Chief Clerk and Assistant Chief Clerk. Let us thank our Executive Director and the Deputy Executive Director of the House Majority Staff Office, CJ Leong and Joan Yamaguchi. And let us thank Mr. Kevin Kuroda and Lon Paresa for a job well done.

"You always hear the statement about how it is based on tradition. Let us thank, for the Members of this House, two individuals who have also done

so much for us. Mr. Richard Dvovich and Mr. Jim Funaki as our legal counsel.

"Let us thank the LRB Office, and the Minority Research Office with Beth and John. But also let us thank the Legislative Reference Bureau for all the requests that you have made and they have fulfilled.

"If you look in the cubby hole to my left and to maybe your right, let us thank the news reporters. BJ, Derek, and Mark. And also to the *Civil Beat* who has always been here trying to report the openness and the transparency and the operations of the State House of Representatives.

"In closing the Chair recognizes. Blake Oshiro. Would you like to make any comments since you are the Majority Leader? The Minority Leader spoke previously. Thank you very much, Blake, Cindy, and Joey for a job well done. Gene, Kimberly, Corinne, Cynthia from the Minority Leadership."

Gov. Msg. No. 1145, transmitting his statement of objections to H.B. No. 382, HD 2, SD 2, as follows:

"EXECUTIVE CHAMBERS
HONOLULU
May 5, 2011

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 382

Honorable Members
Twenty-Sixth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 382, entitled "A Bill for an Act Relating to the Auditor."

The purpose of this bill is to specifically allow the Auditor to inspect the documents, confidential tax returns, and financial affairs of the Department of Taxation and to require the Auditor to implement internal policies to protect confidentiality of private personal information contained in tax returns.

This bill is objectionable because the Auditor currently has statutory authority to inspect the records of agencies pursuant to section 23-5, Hawaii Revised Statutes. Moreover, section 23-5(c)(1), Hawaii Revised Statutes, authorizes the Auditor to issue subpoenas that are subject to judicial review. This bill appears to give the Auditor unrestricted access to taxpayers' tax returns and return information "only to the extent necessary in the auditor's duties within the scope of the audit," but leaves it to the Auditor to determine what is within the scope of the Auditor's duties.

America's taxation system, as well as Hawaii's taxation system, relies and rests on a bedrock principle of voluntary compliance and self assessment. In return for a taxpayer's voluntary act of self-assessment, federal and state laws provide stringent confidentiality requirements that provide a strong incentive for taxpayers to report all of their income. See, generally, Federal Savings and Loan Insurance Corporation v. Krueger, 55 F.R.D. 512, 514 (D.C. Ill. 1972); see also United States v. Tucker, 316 F. Supp. 822, 825 (D. Conn. 1970) (statutes forbidding unauthorized disclosure of income tax return information encourages the full and accurate reporting of income for tax purposes).

Currently, with respect to tax returns or return information, sections 235-116 and 237-34, Hawaii Revised Statutes, make it a criminal offense for any officer or employee of the Department of Taxation to disclose tax returns or return information to any other person by the taxpayer or the taxpayer's authorized representative, with certain other limited exceptions. Similarly, sections 6103(a) and 7213 of the Internal Revenue Code generally prohibit the disclosure of federal income tax returns. Moreover, federal law in section 6103(i)(8)(C) of the Internal Revenue Code contains a provision for disclosures to the Comptroller General for auditing purposes, but this statute also contains the following pre-condition for disclosure for audit purposes:

(C) Disapproval by Joint Committee on Taxation

Returns and return information shall not be open to inspection or disclosed under subparagraph (A) or (B) with respect to an audit-

- (i) unless the Comptroller General of the United States notifies in writing the Joint Committee on Taxation of such audit, and
- (ii) if the Joint Committee on Taxation disapproves such audit by a vote of at least two-thirds of its members within the 30-day period beginning on the day the Joint Committee on Taxation receives such notice.

The bill lacks this important and essential provision that would safeguard and serve as an oversight function on the Auditor. In addition, the bill is silent on the Department of Taxation's ability to assert the

attorney-client or executive privilege for certain communications and documents.

For the foregoing reasons, I am returning House Bill No. 382 without my approval.

Respectfully,
/s/ Neil Abercrombie
NEIL ABERCROMBIE
Governor of Hawaii"

State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1416, entitled "A Bill for an Act Relating to Highway Safety."

The purpose of this bill is to extend the period in which an owner of a new car is exempted from obtaining a certificate of inspection from two years to three years from the date of purchase.

While new vehicles are unlikely to experience major mechanical defects during the first three years after purchase, other faults, which would be discovered during an inspection, may still occur. These faults include defective head lamps, signal lamps, and brake lamps, expired registration and insurance cards, worn-out brakes, tires, and windshield wipers, modified suspension and window tint, and cracked windshields.

New cars already have a two-year exemption from a required inspection and I cannot, in good conscience, sign a bill into law that would add another year to that exemption, because that would increase the likelihood of the aforementioned faults occurring without discovery.

For the foregoing reasons, I am returning Senate Bill No. 1416 without my approval.

Respectfully,
/s/ Neil Abercrombie
NEIL ABERCROMBIE
Governor of Hawaii"

Gov. Msg. No. 1151, dated May 5, 2011, informing the House that on May 5, 2011, pursuant to Section 16 of Article III of the State Constitution, the following bill will become law without his signature, stating:

"Dear President Tsutsui, Speaker Say and Members of the Legislature:

Re: HB1552 HD1 SD2

On May 5 2011, I intend to allow HB1552 HD1 SD2, entitled "RELATING TO COFFEE" to become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to provide restrictions on the use of geographic origins of Hawaii-grown coffee on coffee packaging, including prohibiting the use of a Hawaii geographic origin in certain labeling unless one hundred percent of the coffee contained in the package is from that geographic region.

While I remain committed to protecting the integrity of Hawaii grown coffee, I do not believe that geographic references on coffee packages necessarily mislead consumers and imply that the coffee in the package was grown exclusively in the named geographic region. Additionally, the existing statute already requires the identity statement for blended coffee to be conspicuously displayed on the packaging. Therefore, I believe that prohibiting the use of a geographic origin on coffee packaging unless one hundred percent of the coffee is from that geographic region is more excessive than is necessary to serve the State's interest.

For the foregoing reasons, I intend to allow HB1552 HD1 SD2 to become law as ACT 049 (11) effective May 5, 2011, without my signature.

Respectfully,
/s/ Neil Abercrombie
NEIL ABERCROMBIE
Governor of Hawaii"

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 56

Honorable Members
Twenty-Sixth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 56, entitled "A Bill for an Act Relating to Child Visitation."

The purpose of this bill is to clarify the process for the family court's review of a petition of grandparents' visitation rights by establishing a rebuttable presumption that a parent's decision regarding visitation is in the best interests of the child, permitting the family court to award visitation rights to the child's grandparents if they can prove by clear and convincing evidence that the denial of those visits would cause significant demonstrable harm to the child, and listing factors that the family court shall consider when awarding grandparent visitation rights.

While the goals of this bill are laudable, several difficulties need to be addressed. I believe that it will be too difficult for grandparents to show by clear and convincing evidence that the denial of visitation will cause significant demonstrable harm to the child. While I recognize that parents have a constitutional right to raise their children as they see fit, I also recognize that grandparents often have a significant role in children's lives and should be able to visit their grandchildren.

For the foregoing reasons, I am returning House Bill No. 56 without my approval.

Respectfully,
/s/ Neil Abercrombie

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 545, entitled "A Bill for an Act Relating to Voter Registration."

The purpose of this bill is to require the Chief Elections Officer to create and implement an electronic voter registration system by January 1, 2014 and to maintain the system thereafter. The bill also requires the Chief Elections Officer to employ measures to ensure the security, accuracy and integrity of the information that is electronically submitted. The Attorney General, counties, and the Office of Elections are required to modify their computer systems to verify the information in the online voter registration

system and to obtain an electronic copy of each applicant's signature. The estimated cost of implementation is \$2.5 million and no funding was provided in the bill.

While the goal of this bill is laudable, it creates an unfunded mandate at a time when fiscal resources are scarce, and agencies are fighting to meet their existing responsibilities.

For the foregoing reasons, I am returning House Bill No. 545 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 667, entitled "A Bill for an Act Relating to Food Security [sic]."

The purpose of this bill is to establish a food safety and security program within the Department of Agriculture.

This bill has a laudable goal of achieving food safety by requiring the Department of Agriculture to establish and operate port facilities where agricultural commodities can be inspected, treated for disease, or destroyed. The department must develop and implement programs to educate the agricultural industry to meet state and federal laws, rules, and regulations. However, the authority to adopt administrative rules for the new program has not been provided and funds have not been appropriated to support this program. This issue is important enough that this Administration will work to put together comprehensive legislation including a funding mechanism for the next legislative session.

For the foregoing reasons, I am returning House Bill No. 667 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1155

Honorable Members
Twenty-Sixth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1155, entitled "A Bill for an Act Relating to Repeat Offenders."

The purpose of this bill is to amend the repeat offender law to do the following:

- (1) Amend the current law, which includes all class A and B felony offenses, to specify only certain class A and B felony offenses that may be considered in qualifying repeat offenders for mandatory minimum prison terms; and
- (2) Add and delete certain class C felony offenses from the list of class C felony offenses that could qualify repeat offenders for mandatory minimum prison terms.

While the goals of this bill are laudable, several difficulties need to be addressed as it reduces the applicability and effectiveness of the repeat offender law.

The repeat offender law, set out in section 706-606.5, Hawaii Revised Statutes, was enacted in 1976 and has been in place for almost thirty-four years. It was intended to address the serious problem of repeat and habitual offenders and career criminals who have no regard for the law or the legal system. It helps protect Hawaii's people and communities from the relatively small group of criminals who commit so many of the crimes that occur in Hawaii. These individuals can have a tremendous impact on our communities and the entire criminal justice system.

This bill would make the repeat offender law inapplicable to all felony drug offenses. The current law is particularly important in combating the sale and distribution of dangerous drugs in our community which often destroy families and the lives of those who become addicted to and abuse the drugs.

This bill makes the repeat offender law inapplicable to the offense of ownership or possession of firearms or ammunition by persons convicted of certain crimes, in violation of section 134-7, Hawaii Revised Statutes. Section 134-7(b) prohibits a person convicted in this State or elsewhere of having committed a felony, or any crime of violence, or an illegal sale of any drug from owning, possessing, or controlling any firearm or ammunition.

The exclusion of the class C felony offenses of theft in the second degree and unauthorized control of a propelled vehicle is also troubling. These offenses are frequently committed by repeat offenders, who are often professional and career criminals. There are many car thieves who commit the offense as part of organized criminal activity involving motor vehicle "chop shops." The repeat offender law helps to ensure that these professional criminals, when finally caught and convicted, are incarcerated to protect our community and our visitors from their persistent criminal activity.

This bill disregards many concerns that led to the adoption of the repeat offender law and prompted changes in the law. It undermines many of the efforts made to address the problems.

For the foregoing reasons, I am returning House Bill No. 1155 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1230, entitled "A Bill for an Act Relating to Building Permits."

The purpose of this bill is to exempt construction of nonresidential structures used for agricultural or aquacultural operations from county building permitting processes.

While the goals of this bill are laudable, several difficulties need to be addressed. First, it does not require the reviewer of an owner's proposed building plans to be a state-licensed professional with technical knowledge of the various building code requirements. Second, it eliminates construction compliance inspections by city inspectors during and upon completion of improvements. While this bill would alleviate the delay associated with county building permitting processes for the construction of agricultural or aquacultural improvements, it does so at the expense of the health and safety of the public.

For the foregoing reasons, I am returning House Bill No. 1230 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1654

Honorable Members
Twenty-Sixth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 1654, entitled "A Bill for an Act Relating to Group Living Facilities."

The purpose of this bill is to provide for the automatic termination or expiration of conditional use permits, issued by the counties, for group living facilities that cease operations for a one-year period or fail to commence operations before the end of a one-year period from the date of issuance.

While the goals of this bill are laudable, several difficulties need to be addressed. This bill amends section 46-4(d), Hawaii Revised Statutes. Section 46-4 provides broad requirements for the counties to implement their zoning plans. Subsection (d) specifically applies to "group living in facilities with eight or fewer residents and that are licensed by the State." The purpose of this subsection is to prohibit the counties from enacting permitting requirements for these types of group living facilities that are different from or more burdensome than permitting requirements for residential family dwellings. The prohibition exists to ensure compliance with the federal Fair Housing Act Amendments, which prohibit discrimination against the disabled or elderly in community settings. This bill would amend this subsection to require the counties' conditional use permits to expire within one year if the group living facility has ceased operations for one year, or has failed to commence operations for one year. However, the subsection being amended prohibits counties from requiring "conditional use permits" or any other regulatory requirements for these specific group living facilities. Therefore, this amendment is inapplicable to the facilities that are the subject of this subsection. The bill does not effectuate its stated purpose because there are no "unused permits" that can be made available to other organizations who wish to provide these "critical group home services."

Furthermore, if there were any unused permits or ordinances that prohibit others from providing group living facilities, these county zoning and permitting issues should be left to the jurisdiction of the counties, rather than the State.

For the foregoing reasons, I am returning House Bill No. 1654 without my approval.

Respectfully,
/s/ Neil Abercrombie

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 23

Honorable Members
Twenty-Sixth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 23, entitled "A Bill for an Act Relating to Native Hawaiians."

The purpose of this bill is to establish within the Department of Land and Natural Resources, the aha kiole advisory council, which may advise the Office of the Chairperson of the Board of Land and Natural Resources and the Legislature on issues relating to land and natural resources management through the 'aha moku system. The bill requires the 'aha kiole advisory council to submit an annual report to the Office of the Chairperson of the Board of Land and Natural Resources and the Legislature at least twenty days prior to the convening of each regular session listing all recommendations made by the 'aha kiole advisory council and the resulting action taken by the Department of Land and Natural Resources over the course of the year. This bill also appropriates funds for an executive director.

While the goals of this bill are laudable, several difficulties need to be addressed. First, the council is self-selected, not confirmed, has no defined term limits, offers no guidelines concerning the role of its members, and will select its own executive director. In addition, there is no recourse for inappropriate conduct by its members or the ability to remove for cause. The resulting council would essentially be a private entity funded by taxpayers with no governmental oversight. Second, the intent in creating the council is similar to the purpose for which the Office of Hawaiian Affairs ("OHA") was created and is a natural evolution of what a new Native Hawaiian governing entity would seek to accomplish. If there is determination to not wait until this entity is formed, then the council should at least be placed within OHA and funded by OHA. Third, the bill only provides funding for an executive director. This assumes that all other costs associated with this legislation, including travel and other expenses for the eight council members, will be absorbed by the Department of Land and Natural Resources. I support the intent of the legislation to provide state government the knowledge of traditional Native Hawaiian resource management practices and welcome the chance to review a bill that addresses the previously mentioned concerns.

For the foregoing reasons, I am returning Senate Bill No. 23 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 40, entitled "A Bill for an Act Relating to Pseudoephedrine."

The purpose of this bill is to establish an electronic tracking system for the sale of products containing pseudoephedrine or ephedrine base to further control access to pseudoephedrine and ephedrine.

This bill is objectionable because it embraces more than one subject in violation of Section 14 of Article III of the Constitution of the State of Hawaii, which provides in part:

Each law shall embrace but one subject, which shall be expressed in its title

The single subject expressed in the title of this bill is "pseudoephedrine" Section 1 of the bill amends section 329-75, Hawaii Revised Statutes, which regulates the sale of products containing pseudoephedrine and sets out record-keeping and reporting requirements for pseudoephedrine transaction, but this bill adds ephedrine, a different drug, to the provisions of section 329-75. This is clearly beyond the subject matter expressed in the title of the bill.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 44, entitled "A Bill for an Act Relating to Public Safety."

The purpose of this bill is to require the Department of Public Safety ("Department") to develop "key performance indicators or measures to be incorporated in reports that evaluate the Department's efforts to improve offender reentry and rehabilitation" and to consolidate the various other reports required of the Department of Public Safety. The bill does this by amending the Community Safety Act, chapter 353H, Hawaii Revised Statutes, to require these things. It also adds an additional annual report to be made to the Legislature regarding the Department's rehabilitation and reentry efforts.

While the goals of this bill are laudable, several difficulties need to be addressed. This bill requires the Department to establish performance measures and a tracking mechanism without enough time to accomplish these things in a well-thought-out manner. Additional funds and personnel are also not provided. This bill would require the first report to the Legislature to be made in December of this year, to include the established measures and tracking data. While the goal of this bill is laudable, appropriate implementation requires planning and resources so that the establishment of measures, tracking, and assessment of the Department's rehabilitation and reentry efforts are accomplished and reported substantively and meaningfully. Without the appropriate time and resources, the tracking of quickly established measures would not help the Department, the Legislature, or our citizens.

For the foregoing reasons, I am returning Senate Bill No. 44, without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 49, entitled "A Bill for an Act Relating to Correctional Facilities."

The purpose of this bill is to amend chapter 353C of Hawaii Revised Statutes to require the director of the Department of Public Safety (Department) to report the death of any Hawaii inmate, or any death or injury causing the death of an employee at a correctional facility or center where Hawaii inmates reside, to the Governor within forty-eight hours. In addition, the director of the Department is required to immediately notify the Governor of the official cause of death once it is determined. In both instances, the Governor is required to then immediately report the information to the Legislature.

This bill is objectionable because it is unnecessary. The Department already has procedures in place that include notification to the Governor's Office of serious incidents involving staff, inmates, or visitors. Further, it is unprecedented and inappropriate that the Governor report such occurrences to the Legislature.

If the Legislature wishes further information based on the reports it requires of the Department, it already has at its disposal a statutorily defined process through which this information can be obtained.

For the foregoing reasons, I am returning Senate Bill No. 49 without my approval.

Honorable Members
Twenty-Sixth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 217, entitled "A Bill for an Act Relating to Limitation of Actions."

The stated purpose of this bill is to eliminate the statute of limitations for civil causes of action for damages arising from the sexual abuse of a minor by an adult based upon sexual acts that constitute certain criminal offenses under parts V and VI of chapter 707, Hawaii Revised Statutes. The bill also allows claims that are beyond the current statute of limitations to be revived for two years following the effective date of the act. Claims may be brought against the person who committed the sexual abuse and that person's employer.

While the goals of this bill are laudable, it appears to allow an employer, including the State, to be sued for the criminal acts of its employees. This is contrary to well-established tort and agency law and is in direct contravention of the intentional tort exception to the State Tort Liability Act (STLA), chapter 662 of the Hawaii Revised Statutes. Under the STLA, the State cannot be sued for the criminal or intentional acts of its employees. In addition, this bill irreconcilably conflicts with the STLA, which already establishes a statute of limitations for tort claims against the State.

The elimination of a statute of limitations for a civil claim also raises grave constitutional and fairness concerns. If a claim can be brought after an unlimited passage of time, it is likely that documents will be lost or destroyed, witnesses will die or move away, and memories will fade. The accused, even those falsely accused, will not be able to defend himself, herself, or itself and true justice will not be achieved.

For the foregoing reasons, I am returning Senate Bill 217 without my approval.

The State Rehabilitation Council consists of twenty-one members.

While the goals of the bill are laudable, the entire twenty-one-member council would not be fairly represented if the vote of only six members were necessary to validate council action. This bill requires every new and replacement outdoor light fixture to be fully shielded beginning July 1, 2013, with certain exceptions.

I support the intent of this bill and its goals of reducing light pollution, protecting endangered species, conserving energy, and reducing the sky glow that impacts astronomy and the ability to see the night sky. However, since the bill passed, new information has become available about the cost and timing of implementation; this bill does not provide funding for the significant initial and continuing expenses that would be required to implement this legislation and does not provide a feasible implementation plan. The law as written is prohibitive.

However, this is a worthy issue and needs to be pursued. A temporary advisory committee was established by Act 161, Session Laws of Hawaii 2009 to develop a starlight reserve strategy to preserve the quality of the night sky. The bill also requires the public utilities commission to establish preferential rates for the purchase of energy that is used or consumed for agricultural activities on IAL.
