"Since 1883 St. Francis has been healing the people of Hawaii. By helping St. Francis reinvest in their operations, we can show that we are taking action to improve the quality and access of their healthcare."

"Healthy communities are strong communities, Mr. Speaker. That's the ultimate goal in aiding the healthcare community to create a stronger, healthier community for us all. These special purpose revenue bonds will reinforce Hawaii's commitment to St. Francis, and all that they do. In return, St. Francis will explore various options to keep this facility open and serving the people of my community and our State."

"For these reasons, Mr. Speaker, I am happy to stand in strong support of HB 2345 HD1. Mr. Speaker, thank you for this opportunity to share my thoughts on this bill."

Representative Pine rose in support of the measure and asked that her written remarks and the remarks of Representative Ching be entered into the Journal as her own, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"I strongly support HB2345 HD1 Relating to the Issuance of Special Purpose Revenue Bonds to Assist St. Francis Healthcare System of Hawaii for the following reasons:

"The bill will authorize the issuance of special purpose revenue bonds to assist St. Francis Healthcare System of Hawaii to finance the construction, improvement, and equipment of its healthcare facilities. This is a very important way for the State to shore up the healthcare system in the wake of the HMC closings."

"St. Francis Healthcare Systems of Hawaii operates: St. Francis Hospice, St. Francis Home Care, Franciscan Adult Day Care, St. Francis Health Services for Seniors and other services. Due to the bankruptcy and closure of HMC, the hospital assets will eventually be returned to St. Francis Healthcare System. This bill would help them make upgrades to the former HMC sites. The loss of HMC East and West has left a very damaging service gap in our State, and as a matter of public concern, these special purpose revenue bonds should be issued to provide for public well-being."

"One of the upgrades that St. Francis wishes to make is to convert part of the East campus into a sophisticated long-term care center. This is very important, as acute care beds are currently being used for long-term care patients, which is not the appropriate level of care for a number of our ailing residents. This has caused not only a shortage of acute care beds, but an even more complex problem for long-term care patients. Those who need long-term care, but are relegated to acute-care facilities due to the shortage face a number of new challenges. Often times, their recovery may be delayed, because they do not have access to the rehabilitative services that goes along with long-term care."

"St. Francis has supported the health of Hawaii's people for over one hundred years, and HB2345 HD1 recognizes that service, by allowing St. Francis to continue serving our people. This measure will ensure that the former HMC facilities get much-needed upgrades for the health and well-being of our community."

"For all of these reasons, I strongly support HB 2345 HD1, Relating to the Issuance of Special Purpose Revenue Bonds to Assist St. Francis Healthcare System of Hawaii."

Representative Cabanilla rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. I'm speaking on behalf of the people of Leeward Coast. We do need a hospital in our community and this is one of the three tools that we're expecting to pass so we can have that hospital. Thank you, Mr. Speaker."

Representative Takai rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, I rise in support with reservations. Thank you. I do agree with the previous speakers and I do support all efforts to reopen St. Francis West or HMC West. The hospital that has recently closed is impacting all of us. In fact, if you take a look at the census for all of the emergency rooms across the island, you'll see a noticeable increase. In fact, Pali Momi, which is in our community, typically has 40 people waiting in the emergency room. So we're at a crisis stage, because of the lack of adequate emergency rooms and beds, for especially the Leeward and Central Oahu areas.

"My concern though is that I do believe that this bill is going to interfere with the chances and opportunities of reopening that facility. We all appreciate what the sisters of St. Francis have done over the years. That's not in question. What is in question though is whether they can reopen this facility and run it. I believe that they should look at other opportunities. Maybe Queen's Medical Center. Maybe Hawaii Pacific Health. Maybe other entities that have run medical facilities and emergency rooms successfully. You put this bill in front of the equation, and everything gets confusing. You give hope where there is no hope. And I would submit to all of you that we need to be very careful in this area, and consider the fact that something like this is possibly affecting the potential reopening of HMC West. That's the reason for my reservations. Thank you, Mr. Speaker."

Representative Pine rose to speak in support of the measure, stating:

"Yes, I do want to thank the previous speaker for his concerns, because that was my concern as well when we reviewed this option. As the Representative from Ewa, Waipahu, did mention, this is one of three bills that we are considering to save our hospitals. The reason I'm supporting this when I normally probably wouldn't is because I know for sure that it isn't the intention of the eventual owners of this property once the bankruptcy is over to partner with another entity to take this hospital over.

"We right now, are just using this as a resource to make all attempts possible as leaders in the State of Hawaii to ensure we avoid a potential crisis. As we've seen in trying to ensure that these hospitals do stay open, we have seen some complications with that, and that is why the hospitals closed. This option gives us the ability, if all else fails, that we would avoid a crisis and have access to this money. Access that, of course our Governor will have the ability to oversee. So, while I understand the deep concerns of some members of the community, please know that it is majority commitment from the sisters of St. Francis, who cannot speak publicly, but I know that it is their private intent to ensure that they partner with another hospital that is already successful."

Representative Morikawa rose in support of the measure with reservations and asked that the remarks of Representative Takai be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Belatti rose in support of the measure with reservations and asked that the remarks of Representative Takai be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

At 11:07 o'clock a.m., Representative Souki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:11 o'clock a.m., with Speaker Say presiding.

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, I'm standing in support. With all this discussion on a Special Purpose Revenue Bond bill, I feel compelled to stand in support. Members, I did want to highlight that we are currently looking at a number of measures moving forward to support the potential structure of HMS West and East. Mr. Speaker, we're requesting the indulgence of this Legislature and this Body, to keep this Special Purpose Revenue Bond

assistance to help the sisters with all their assets. Mr. Speaker, this \$80 million is not only to look at those two facilities, but my understanding is that St. Francis has nine facilities including long-term care which this measure would also support.

"I understand that it has caused some discussion regarding both those interested in purchasing one or both sites, as well as it has caused some discussion in regards to the current bankruptcy situation. However, Members, we need a measure like this to be moving forward, so that way when a decision is made by the courts, when the sisters of St. Francis decide to use those assets, and when an entity, hopefully a positive entity comes into play, we have the vehicles available to assist that, to reopen any facility as quickly as possible.

"Members, this is a Special Purpose Revenue Bond bill again, so this process in which if the sisters wanted to move forward, they would be able to prove to the State the ability to repay the loan. Thank you, Mr. Speaker."

Representative Cabanilla rose to respond, stating:

"Thank you, Mr. Speaker. As the introducer of the bill, I just would like to appease some of the concerns that were raised here. I did do the due diligence in checking with the other two entities that are interested in purchasing the West campus. They have indicated prior to introduction that this is not a measure that would hinder either way. But I support this because we need all the measures that are possible so we can serve that part of our community which right now is lacking a hospital base and an emergency facility. Thank you Members and thank you, Mr. Speaker."

Representative Awana rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm standing in strong support, and I ask that I be allowed to adopt the words from the Representative of Mililani, and also ask that I be allowed to include additional written comments. Thank you."

Representative Awana's written remarks are as follows:

"Mr. Speaker I stand in support and ask that the words from the Representative from Mililani be entered into the Journal as if it were my own. I have some additional comments. This may be one of the most important measures passed this Session. The Leeward Coast is without adequate healthcare. This bill will help the St. Francis Healthcare System to provide the services which are imperative to the health and welfare of tens of thousands. Our office received numerous phone calls from constituents concerned about emergency situations where the closest hospital would be at least an hour away. Additionally, dialysis services are in short supply and with the closure of this facility, either longer waiting periods or longer drives now take place. For these reasons I stand in strong support. Thank you, Mr. Speaker."

Representative Ching rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I would like to, as I have always done in the past, ask for a possible conflict of interest. My husband and I did invest in HMC," and the Chair ruled, "no conflict."

Representative Ching continued to speak in support of the measure, stating:

"Thank you, Mr. Speaker. With that, I am still in strong support, and I am asking that the words of the Chair of Health, the Representative of Mililani be entered as my own, with additional written comments."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of HB 2345 HD1, Relating to the Issuance of Special Purpose Revenue Bonds to Assist St. Francis Healthcare System of Hawaii.

"Mr. Speaker, I would first like to say thank you to all of my colleagues who are making it possible to issue these special purpose revenue bonds for St. Francis Healthcare System. This bill will assist St. Francis Healthcare System of Hawaii to finance the construction, improvement, and equipment of its healthcare facilities.

"As we've all seen recently, the healthcare system in Hawaii is struggling. When this particular industry struggles, people can lose their lives. That's why HB 2345 HD1 is so important; not only the people of this State, but to institutions like the St. Francis Healthcare System of Hawaii.

"Since 1883 St. Francis has been healing the people of Hawaii. By helping St. Francis reinvest in their operations, we can show that we are taking action to improve the quality and access of their healthcare.

"Healthy communities are strong communities, Mr. Speaker. That's the ultimate goal in aiding the healthcare community to create a stronger, healthier community for us all. These special purpose revenue bonds will reinforce Hawaii's commitment to St. Francis, and all that they do. In return, St. Francis will explore various options to keep this facility open and serving the people of my community and our State.

"For these reasons, Mr. Speaker, I am happy to stand in strong support of HB 2345 HD1. Mr. Speaker, thank you for this opportunity to share my thoughts on this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2345, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST ST. FRANCIS HEALTHCARE SYSTEM OF HAWAII," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

At 11:16 o'clock a.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 1398, HD 1
H.B. No. 2302, HD 2
H.B. No. 2819, HD 1
H.B. No. 1972, HD 2
H.B. No. 2339, HD 2
H.B. No. 2345, HD 1

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 794-12) recommending that H.B. No. 1952, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1952, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure, stating:

"In strong support. I realize I spoke on this in a previous Floor debate, so I will insert written comments."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of H.B. 1952 HD2, Relating to Bone Marrow Transplants.

"Mr. Speaker, first let me stress, in medical terms, how imperative this appropriation is. The recent loss of Hawaii's only bone marrow transplant center has caused great distress to many in our State, forcing many people to seek treatment in other states, subsequently causing serious financial and emotional burdens on patients and family members.

"I firmly believe that this is a responsible measure because it uses matching private funds, ensuring that the State is not alone in footing the bill for this very important investment. By pairing this appropriation with matching private funds as a grant for Hawaii Pacific Health to establish the new center, we are utilizing a responsible formula for the betterment of the

whole community. Hawaii Pacific Health believes that the center may ultimately be self-sufficient, but without this appropriation, they will not be able to manage the start-up costs alone.

"I call this measure an investment because it is not merely a one-way appropriation without a tangible return. This is an investment in the people of Hawaii and their health. It is an investment in the future of Hawaii as a modern health-care community. Through this bill, we are insuring that our people will continue to enjoy the vital health-care treatment enjoyed by people all over the country.

"This is a measure that will save lives and improve our communities. Our passage of H.B. 1952 HD2 will stand as proof of the House's firm commitment to promoting a compassionate and responsible government. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1952, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BONE MARROW TRANSPLANTS," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 795-12) recommending that H.B. No. 1953, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1953, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Pine rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"I strongly support HB1953 HD1 Relating to Emergency Medical Care for the following reasons:

"The bill appropriates funds to:

- Increase the on-call availability of emergency medical services and ambulance services on Leeward Oahu; and
- Assist Wahiawa General Hospital in providing additional emergency room services.

"The closing of HMC East and HMC West caused the loss of two important emergency rooms on Oahu. Especially dangerous is the loss of an emergency room in Ewa Beach. This closure now means that the community of Ewa Beach is quite far from the nearest operational emergency room. That added travel time could cost lives in our community.

"As a Representative from Ewa Beach, I have a personal understanding of how this gap in services is affecting our community. When urgent care is needed, and there are no services available due to lack of facilities or lack of manpower, the public wonders who is responsible for that failure. That is why this bill is so very important. By increasing the on-call availability of EMS and ambulance services in Leeward Oahu, the legislature can help to make emergency care more accessible to the people in my district.

"Wahiawa General Hospital is the nearest medical center that *could* have the capacity to deal with the additional patients due to the HMC closures. However, Wahiawa General Hospital will need significant funds in order to upgrade their facilities if they are to provide additional emergency room services.

"There was a tremendous outpouring of support for this bill in hearing testimony. The medical community and the public have stated that this appropriation is needed if we are to provide access to reasonable healthcare to those affected by the HMC closure. Access to urgent care is one of the most important aspects of healthcare services because it touches

so many people in the community. HB1953 HD1 would ensure that we protect those urgent care services, and make them accessible to the public.

"For all of these reasons, I strongly support HB1953 HD1, Relating to Emergency Medical Care."

Representative Cabanilla rose to speak in support of the measure, stating:

"Mr. Speaker, in favor and in support. I just would like to thank the Chair of Finance and the Chair of Health for yielding to the needs of the people of Central and Leeward Oahu. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1953, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY MEDICAL CARE," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 797-12) recommending that H.B. No. 2175, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2175, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2175, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ETHICS," passed Third Reading by a vote of 49 ayes to 1 no, with Representative Thielen voting no, and with Representative Manahan being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 798-12) recommending that H.B. No. 2313, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2313, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Fontaine rose to speak in support of the measure, stating:

"Yes, Mr. Speaker, standing in strong support with a few comments. I wanted to share a story that I shared with the members of my Committee about an incident that I was involved in as a young officer in a Lahaina Patrol Division.

"I pulled over a suspected drunk driver in Olowalu at about 1 o'clock in the morning, approached the vehicle and subsequently, the driver became belligerent. And as I walked back to my patrol car, he jumped me from behind. A struggle ensued for about 10 minutes where this individual was trying to take my firearm away from me and shoot me. My backup was about 10 miles away, so this went on for quite some time. I think it was one of the most fearful times in my life, and definitely in my police career, where I actually thought I was going to die. That's why I'm in such strong support of this, because we need to protect our law enforcement officers.

"I know that there were some concerns raised about how this particular law could be abused by officers charging felonies, but we need to have this tool, because once an officer's weapon is taken away, it's usually used against him, and we need to protect our law enforcement officers. Thank you, Mr. Speaker."

Representative Cabanilla rose to speak in opposition to the measure, stating:

"I'm standing in opposition, Mr. Speaker. We all perceive that increasing the penalty on crimes will act as a deterrent. That has not been proven to be true, Mr. Speaker. This measure asks that the penalty be increased to a

C felony. I'm siding with the Public Defender in this case, Mr. Speaker, because they say that the only people that would do such a thing would be people that are mentally ill, drunk or having traumatic stress disorder. And if those are the kinds of people that would do such thing, then we don't need the bill, because the charge would not stand.

"Also, I'm in opposition because it's one of those things where there is no balance. In a situation like this, it's the police officer that prevails, and never the person being arrested. Thank you, Mr. Speaker."

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support, and I ask that the words of the Representative of Wailea, Kihei be entered as my own. In short, our officers put their lives on the line for us, and I do believe in protecting those who protect us. Thank you."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2313, HD 2, entitled: "A BILL FOR AN ACT RELATING TO RESISTING ARREST," passed Third Reading by a vote of 49 ayes to 1 no, with Representative Cabanilla voting no, and with Representative Manahan being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 799-12) recommending that H.B. No. 1666, as amended in HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1666, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PENAL CODE," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 802-12) recommending that H.B. No. 2309, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2309, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. In support of HB2309 HD1 which will protect personal information in balance with maintaining reasonable access to this information by businesses. Identity theft is a serious problem. A common source of identity theft is information contained in an individual's certificate of identification or driver's license. This bill weighs an individual's right to maintain the individual's private personal information with a business' need to legally use information regarding that identification.

"This bill prohibits businesses from scanning an individual's identification or license except in six circumstances. A business may use this information: 1) when the individual pays for goods with something other than cash; 2) to verify the individual's age when providing age-restricted goods; 3) to prevent fraud or criminal activity; 4) to establish or maintain a contract between the business and individual; 5) to retain information as required by law; and 6) to transmit information to a consumer reporting agency, financial institution, or debt collector for certain purposes.

"This bill is a work-in-progress and most of the parties concerned with this measure have pledged to continue discussions about the appropriate balance of interests. At the present time, these parties have agreed to the current form of this amended bill. As this bill progresses, these parties will

attempt to address outstanding issues, but the present language serves as a framework for this important conversation regarding personal privacy, fraud protection and business efficiency."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2309, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PERSONAL INFORMATION," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 806-12) recommending that H.B. No. 2183, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2183, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2183, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE CONVENTION CENTER," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

At 11:23 o'clock a.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 1952, HD 2
H.B. No. 1953, HD 1
H.B. No. 2175, HD 2
H.B. No. 2313, HD 2
H.B. No. 1666, HD 1
H.B. No. 2309, HD 1
H.B. No. 2183, HD 1

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 809-12) recommending that H.B. No. 2099, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2099, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I am going to oppose this bill. All it does is award attorneys' fees and I have a problem of putting attorneys' fees in statute. But the Committee Report says the purpose is to improve the efficiency of the workers' compensation system by allowing attorneys' fees to be included in costs that may be assessed against the party who brings, prosecutes or defends the workers' compensation claim without reasonable grounds. I don't think it improves the efficiency so I am voting no."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2099, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Third Reading by a vote of 48 ayes to 2 noes, with Representatives Cabanilla and Marumoto voting no, and with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 815-12) recommending that H.B. No. 2575, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2575, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2575, HD 3, entitled: "A BILL FOR AN ACT RELATING TO THE BOILER AND ELEVATOR SAFETY LAW," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 817-12) recommending that H.B. No. 2655, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2655, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LABOR," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 818-12) recommending that H.B. No. 2766, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2766, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2766, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC WORKS," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 820-12) recommending that H.B. No. 1967, HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1967, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker. I'd like a ruling on a possible conflict. My firm does handle medical claims. Thank you," and the Chair ruled, "no conflict."

Representative Ching rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I'd like to also ask for a potential conflict. My husband is a provider; he's a doctor. Thank you," and the Chair ruled, "no conflict."

Representative Belatti rose to disclose a potential conflict of interest, stating:

"May I have a ruling on a potential conflict? My law firm also is involved in claims," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1967, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL CLAIM CONCILIATION," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 822-12) recommending that H.B. No. 2227, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2227, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations on H.B. 2227-Relating to Birth Certificates. This bill provides amended birth certificates for persons who have undergone a gender transition.

"H.B. 2227 may make for an easier, more expeditious process in obtaining a new, corrected birth certificate. Notwithstanding, this bill does not accurately differentiate "sex" and "gender" which are not interchangeable terms from a legal standpoint. Birth certificates document the birth event and characteristics that are present at that time.

"Additionally, the language in this bill could foster dishonesty in that it can take away the true inherent makeup of an individual at birth. Furthermore, in our post 9/11 world, H.B. 2227 could facilitate disguised identities and should be properly investigated for security and safety concerns. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition, reflecting the Department of Health that said this is a little bit too complex without further study. And a note from a doctor is still not sufficient."

Representative Cullen rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I oppose this measure because not only is the birth certificate a documentation of a person's birth, but it is also a documentation that is used for acquiring other personal documentation like the State photo identification, drivers license, and passport. I believe that lowering the requirements to allow the changing of gender on a birth certificate would be a safety issue that could possibly be a threat to the public because a person-of-interest – i.e., felon – may also be able to change their identity in a minimized manner. The State Department of Health already has a process in place to address the change in the document. I agree with the DOH in which we need to change to a judicial process and apply it to changes made to the birth certificate as in Section 338-17.7 of current statute. Because of these reasons, I cannot support the measure."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of House Bill 2227, HD1 – Relating to Birth Certificates, which would amend HRS 338-17.7 by allowing for the establishment of new birth certificates for transgender individuals. To reject this bill is to disenfranchise individuals of the transgender community, and deny them the basic civil rights that ought to be accessible to all.

"Transgender people frequently endure harassment in situations when they are asked to present identification. Nationally, individuals who showed ID in their daily life that did not match their gender presentation, 40% reported being harassed, 3% reported being assaulted, and 15% reported being denied entry or asked to leave. Transgender women and men are immediately made vulnerable to discrimination by employers, law enforcement, TSA agents, and many others as a result of the fact that their ID (a reflection of their birth certificate) does not match their gender identity.

"Mental and emotional wellness is closely tied to the awareness and acceptance of one's sexual identity. Many of us are fortunate enough to be born into a gender with which we identify, but there are individuals who, from a very young age, feel dissonance between their physical gender and their innate sexuality. This feeling of anxiety and isolation remains for much of their lives. This bill will enable transgendered individuals to conform comfortably to their sexual identity, and live with pride instead of shame.

"Requiring a transgender individual to alter their physical gender through reassignment surgery is a cruel and unconstitutional means of "addressing" the problem. The majority of transgender people do not choose to undergo sex reassignment for a variety of reasons.

"First, the surgery poses a huge financial burden, and many individuals save their whole lives to pay for such a procedure. The cost for a male-to-female procedure can exceed \$50,000. Needless to say, individuals do not receive any kind of coverage for gender reassignment. Recovery time is lengthy and not everyone can afford the time off from work. Second, as with all surgical procedures, there is some degree of medical risk involved and not every individual is a suitably healthy candidate for gender reassignment. Transgender individuals may instead choose a course of hormone therapy to aid them in assuming their natural gender identity.

"The hard truth is that gender is not always a clear-cut designation. But it is a widely misunderstood one. There is a heavy stigma which comes with the term "transgender." No one would consciously choose to adopt a lifestyle wherein persecution, judgment, and abuse are the order of the day, every day of their lives. It is difficult for a non-transgender person to fathom what this must be like. Discrimination will always exist, but I urge your support of this bill so that transgendered individuals are able to live with dignity. I urge the Members' support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2227, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BIRTH CERTIFICATES," passed Third Reading by a vote of 48 ayes to 2 noes, with Representatives Cullen and Ward voting no, and with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 824-12) recommending that H.B. No. 2555, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2555, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. Thank you. I'll be very brief. I do understand the need and am very sympathetic with needing to comply with federal dictates. I do worry though that because of the necessity of most of these documents, and people's lack of choice, the

increase in cost will be borne by quite a few people. So it's for those reasons that I have reservations on the bill."

Representative Awana rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in opposition. In many if not most cases, those requiring a copy of a certificate are people who are seeking assistance for such things as school scholarships, affordable housing, welfare assistance and this list goes on. What I am saying is that those who seek these documents are people in need. Yet, what this bill does is create additional costs for those in an economic hardship.

"A few years ago, the Legislature provided additional funding to the Department of Health to assist with their vital statistics department for the purposes of moving away from a manual system. They moved to an electronic system. However, wait time continues to be an hour or longer in length. In addition, when the electronic changes were made, no consideration was given to the Hawaiian language. If there are diacritical markings, for example a *kahakō* or an *ʻokina*, the wait time increases to two to three weeks after waiting an hour or longer. For these reasons, I stand in opposition. This measure creates a negative impact on those who are in need of help. Thank you, Mr. Speaker."

Representative Belatti rose in support of the measure with reservations and asked that the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ching rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in opposition of H.B. 2555-Relating to Vital Statistics Fees. This raises the fees associated with vital statistics certified copy and expedited and correction services.

"H.B. 2555 puts more unnecessary economic hardship on the people of Hawaii. I find it unnecessary to raise the fees for gathering simple information especially when native Hawaiians must get verification through vital statistics to verify their native authenticity. Thank you."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I will take a no vote on this and I note that we are raising a myriad of fees in many of these bills. Thank you."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose to speak in opposition to the measure, stating:

"In opposition, with brief comments. Yes, Mr. Speaker. We are creating new fees for marriage, birth and death certificates, as well as increasing fees for other areas, on things that people need. The reason I'm in opposition, Mr. Speaker, is that in the last five years, we have increased taxes on the people of Hawaii. We've increased just about every fee that we can think of. We have the highest combination of taxes and fees on the residents and the people of Hawaii. They just need a break, Mr. Speaker. And it is my hope that we will consider that many of these residents are already paying taxes so they can get these documents as it is. So that is why I have opposition to this measure."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition with brief comments. Mr. Speaker, we pride ourselves that we have said and have stood by the fact that we are not

going to raise taxes this Session. However, accumulated fees by any other name are tax increases. So those that escape the \$600 million that we raised last year in taxes are going to slowly be eaten away by the dozens, and I'll give you a count before the end of the session today. Mr. Speaker, as we eat away, we will have as they say, 'a rose by any other name is still a rose.' Thank you, Mr. Speaker."

Representative Chong rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I just ask the Members to actually read the bill. This bill covers mainly expedited copies, special services, certified copies, and searches in other areas. It's not for if you're just getting a certificate for your first time, the regular birth certificate. These are special services or replacements, or things that the staff need to do that are extraordinary. This is to pay for those costs. Otherwise, the general taxpayer has to subsidize those costs and I don't think that's fair either. The user should. Thank you."

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, I'm standing in support. Mr. Speaker, this Administration bill has requested an additional fee increase on certified copies and subsequent copies. The purpose of this measure, on behalf of the Department, has been to address that, one, these fees have not increased for over 15 years. As well as, due to very real things going on in our society regarding issues of physical security, storage of public records, recommendations from the 9/11 Commission, and also suggestions for the Intelligence Reform and Terrorism Prevention Act. These recommendations made to protect the safety of our citizens require the Department of Health to put in extra security measures. These extra security measures to protect our citizens do cost money. So again, their request is to use these fees to enhance and protect the information and data collected. Thank you very much, Mr. Speaker."

Representative Luke rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with some reservations. Usually I would support something like this because I do understand that various departments have administrative costs. The reason I'm rising with reservations, is because of the timing of the bill.

"Recently, the driver license requirements were drastically changed for all residents for the State of Hawaii, not because of anything that the Legislature or the State did, but because of compliance with the federal regulation. And part of the requirement is to get proof of a marriage license, proof of birth certificates, and so it's not just something that people will normally get. But for the next several months, people are going to be trying to get expedited copies and it just seems like we don't want to give any impression that we are, especially in light of what had happened in the recent change in law, that we were looking at something like this. So we don't want to give any kind of misconception or misperception. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, just a brief response to the Majority Leader. I think we have to look at the forest. If you look at the trees, I agree with him. It looks *manini*. We pass \$600 billion worth of tax increases by saying, 'Hey one more cup of Starbucks.' That'll get you saving the environment. One more latte or something that really defines it down as so insignificant.

"But Mr. Speaker, my point is to look at this in the context of the whole. There's 35 different fees. This fee goes 50% increase for marriage, death, divorce, for expediting. People should know. It's \$50 for the expedition. It's not \$10. It's \$50 to expedite this thing. So looking at it as a whole, these things are going to add up significantly. But I agree with the gentleman. If it's only looked at as one tree, we'll miss the forest. My point is the forest. Thank you."

Representative Keith-Agaran rose in support of the measure with reservations and asked that the remarks of Representative Luke be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Wooley rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Wooley's written remarks are as follows:

"I have serious reservations about the fee increase in this bill. I do, however, believe there should be easier access to public records electronically, and the fees for this service should be minimal."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2555, HD 1, entitled: "A BILL FOR AN ACT RELATING TO VITAL STATISTICS FEES," passed Third Reading by a vote of 43 ayes to 7 noes, with Representatives Awana, Ching, Fontaine, Marumoto, Pine, Thielen and Ward voting no, and with Representative Manahan being excused.

At 11:36 o'clock a.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2099, HD 1
H.B. No. 2575, HD 3
H.B. No. 2655, HD 2
H.B. No. 2766, HD 2
H.B. No. 1967, HD 2
H.B. No. 2227, HD 1
H.B. No. 2555, HD 1

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 825-12) recommending that H.B. No. 2567, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2567, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ching rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in opposition of H.B. 2567-Relating to Marriage License Fees as this bill raises the marriage license fee from \$60 to \$100. It specifies that \$40 for each marriage license shall be issued to the credit of the Vital Statistics Improvement Special Fund under section 338-14.6, Hawaii Revised Statutes.

"H.B. 2567 adds to the unnecessary economic hardship on the people of Hawaii. An increase of \$40 for a marriage license, like an increase in taxes, at this time is not prudent. The current \$60 marriage license fee is an additional cost to already expensive wedding expenses, and burdening enough as it is. To increase it even more would be a hardship for newlyweds. Furthermore, there is no evidence that this measure would alleviate dependence on the general fund, as asserted by the DOH. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Same vote, same speech. If you look at the forest, you see a lot of increases. If you look at the trees, this is one. Except for the Native Hawaiians. May I add one footnote here? Because of the Native Hawaiian roll that's going to be registering probably 120,000 people, it just happens to be that they are going to have to pay this increase, and that's probably going to be another \$600,000 into the treasury. However, one former Representative, Native Hawaiian Representative said that this amounts in effect, to a Hawaiian poll tax. It didn't go over very well, and I think there should be an exemption for that."

The Chair addressed Representative Ward, stating:

"Representative Ward, you are out of order. We are talking about marriage fees, and not a poll tax whatsoever."

Representative Ward: "The other bill had that in it, Mr. Speaker."

Speaker Say: "We're not addressing that other bill."

Representative Ward: "You're right. I stand corrected. But the Hawaiian poll tax stood because I forgot to say it before. Thank you."

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker. In opposition, and a brief comment. This is another bill that does increase marriage license fees by 40% on our constituents. And that is why I'm in opposition."

Representative Awana rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I stand with reservations. Currently, a marriage license is \$60. Now there will be a \$40 increase. The new fee will be \$100. The current price on a civil union license is \$60. There will be no fee increases. Proponents of civil unions claimed that it was an issue of rights and equality. This bill places those engaging in marriage at a financial inequity – where are their rights? Should this measure proceed, I would like to see either the fees for civil unions be increased to \$100 as with marriage licenses or the proposed increase for marriage licenses be increased instead by \$20 and civil unions increased by \$20 – both carrying a shared burden of equal value. For these reasons, I stand with reservations and my hope is that this measure be amended while passing in future committee hearings. Thank you, Mr. Speaker."

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I oppose HB 2567, Relating to Marriage License Fees. I would understand the need for a minor fee increase, but I feel that raising the marriage license fee from \$60 to \$100 is exorbitant and unnecessary as the Department has not specified the exact reason for such an exponential increase. Moreover, this increase is predicated on funding for future processing needs, but the specifics and justification for those needs have not been laid out clearly. For these reasons, I vote in opposition to this measure."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Riviere rose stating:

"Mr. Speaker, please change my with reservations vote on Stand. Com. Rep. No. 825 to a no vote."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2567, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MARRIAGE LICENSE FEES," passed Third Reading by a vote of 42 ayes to 8 noes, with Representatives Ching, Fontaine, Johanson, Marumoto, Pine, Riviere, Thielen and Ward voting no, and with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 826-12) recommending that H.B. No. 609, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 609, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support with gratitude to Members of the House, the Chair. Mr. Speaker, I know that I have spoken on this before, so I will insert written comments."

Representative Ching's written remarks are as follows:

"Thank you Mr. Speaker, I rise in strong support of HB 609 HD2, Relating to Health.

"Mr. Speaker, I would first and foremost like to thank my colleagues for supporting this appropriation. The recent difficulties faced by HMC-East have been a source of great concern for myself, the people of Liliha, and the State as a whole. Seeing how we can work together for such a worthy cause is inspiring. I hope we can continue to find that common ground that benefits us all.

"This appropriation is an investment in a community institution; one that benefits everyone in our community, and it will prove its worth by its continued good works and service to the people of this State.

"Mr. Speaker, at this critical time in our State's history, the health of our people is of such vital importance. The laws we make right now will continue to affect the well-being of our communities for generations. Nowhere is that more true than in my district. So on behalf of the people of my district and myself, I strongly support HB 609 HD2, and offer my most sincere gratitude to all of my colleagues who have done the same. Thank you, Mr. Speaker."

Representative Pine rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"I strongly support HB609 HD2 Relating to Health for the following reasons:

"HB609 HD2 has two primary functions. The first is to authorize the assimilation of Hawaii Medical Center-East on Oahu into the Hawaii Health Systems Corporation. Secondly, it appropriates funds to enable the assimilation, including the hiring or contracting of staff.

"One of the greatest benefits of HB609 HD2 is the impact it could have on long-term care capacity. HHSC claimed in their testimony that the bill could possibly double its facility's capacity on Oahu, which would be a great improvement to our State's ailing medical system.

"One of our most urgent health care issues in the State of Hawaii is the shortage of long-term care beds. This shortage affects our healthcare system in many ways. First, it affects the level of care available to our residents. It also has a negative impact on the quality of life for patients in acute care beds who need long-term care. These patients are held in limbo, unable to participate in any of the social or rehabilitative services afforded by long-term care. This can have a very detrimental effect on a patient's morale, and thereby his or her recovery.

"This capacity-building is also very important in a rapidly-aging state such as Hawaii. These long-term care services will be a more important aspect of our healthcare services in the coming years. HB609 HD2 will help us to address this issue of an aging population, and also free up much-needed acute care beds.

"One of the most important resources we have here in the State of Hawaii is the health of our people. This bill will allow us to care for our residents of all ages in terms of their own individual needs. That is what a modern health-care system does, and that is what HB609 HD2 attempts to create through this appropriation.

"For all of these reasons, I strongly support HB609 HD2, Relating to Health."

Representative Cabanilla rose to speak in support of the measure, stating:

"In support, Mr. Speaker. And I just would like to say that this is a good way to support our *kupuna*."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 609, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 827-12) recommending that H.B. No. 1723, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1723, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Pine rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker. I just want to get a ruling on a potential conflict. I am a recipient of the TRICARE program," and the Chair ruled, "no conflict."

Representative Cabanilla rose to disclose a potential conflict of interest, stating:

"Also a ruling of a potential conflict, Mr. Speaker. I'm a user, as well as provider of TRICARE within the TRICARE program. Thank you," and the Chair ruled, "no conflict."

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. Same request," and the Chair ruled, "no conflict."

Representative Takai continued to speak in support of the measure, stating:

"I rise in support of this measure, just briefly. I just wanted to inform our Members that this TRICARE program is beneficial not only to military families, retirees and veterans, but more importantly to the State of Hawaii. Because as you heard just recently, there are three of us here on the Floor that partake in TRICARE. And for every person in the State government or county government that participates, we lessen the burden on the EUTF significantly.

"In fact, I wrote numerous letters to the EUTF Board urging them to consider working with us because for every 250 families just like mine, that we get off of EUTF and onto TRICARE, the EUTF saves \$1,000,000. So I'd hoped that we can support this measure, and I eventually hope to eliminate the drop dead of 2015. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1723, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE TRICARE PROGRAM," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 828-12) recommending that H.B. No. 2274, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2274, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise to express my reservations regarding House Bill 2274 and the companion measure 2275, as these bills would impose a 3% additional fee on long-term care facilities and on hospitals in our State. The intended purpose of the fee is to help Hawaii draw down more Medicaid funds by providing a match for federal dollars. This is commendable, since Hawaii needs to obtain all federal Medicaid support available. However, the approach of adding a fee may not be the best way to go, as the fee will only add to the already high cost of medical care in Hawaii, and in particular entry long-term care homes who struggle to cover expenses.

"Although the newest version of the bill attempts to address this issue, the current provider fee structure of the bill may still cause difficulty for long term care homes. So while I'm in support of this, Mr. Speaker, I would like to see and would ask that we convert the existing GET tax that is paid on Medicare, and making this a fee so it can be used for Medicaid matching funds. By doing this we avoid the need to increase already costly medical expenses, yet still allow Hawaii to draw down the Medicaid money. And so I hope that our colleagues will consider this and see it as a more prudent approach. Mahalo."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2274, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LONG-TERM CARE FACILITIES," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 831-12) recommending that H.B. No. 2122, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2122, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you. In support with reservations, please. Thank you, Mr. Speaker. I understand the intent of the measure, and I think it is a good one. There certainly is a lot of complication and morass created by a complicated procurement process, which is why I'm supporting the measure. Some of the concerns that I do have though, particularly about this measure, in giving the Governor and the Mayor potential exemption from the bid protest process, as well as administrative hearings is again that, to me it upsets the apple cart a little with respect to checks and balances.

"I do fully support and hope for expeditious and publicly beneficial development, which often can be hindered. And again, I think that's the intent of this measure. But I do feel like it potentially gives the Executive Branch more power than perhaps it should. I'm willing to see where it goes, but I just would like to raise that concern. Thank you."

Representative Fontaine rose in support of the measure with reservations and asked that the remarks of Representative Johanson be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Marumoto rose in support of the measure with reservations and asked that the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Saiki rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this measure. Today we are considering several measures that seek to exempt projects from our Procurement Code, as well as with many significant environmental laws. This is being done under the guise of economic development. And while I acknowledge that it is a priority for the State, we need to consider other means of addressing this issue.

"I wanted to actually use the words of someone else who has dealt with this issue for many years while he served as Governor of our State. This is what Governor Ariyoshi wrote in his book, *With Obligation to All*, with respect to our State's economic development approach:

The quick political solution for economic problems is to spend money. It is to turn one's back on what is fiscally sound, issue contracts for construction, consulting, etc. and to generate almost any kind of economic activity. Another aspect of the quick fix is to generate investment in the undertakings even if it means turning a blind eye to the negative environmental impact. The policy of managed growth was anything but a quick fix. It was unique in the history of Hawaii. It is unique at the state level within the United States and perhaps even unique in the context of the developed world. The preeminent importance I assigned to managed growth was not continued when I left office, perhaps understandably. Nonetheless managed growth will ideally only become more important as the years go on. Opportunistic politicians may hide from the need for it, but thoughtful and caring ones will not.

"Thank you, very much."

Representative Wooley rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Wooley's written remarks are as follows:

"The procurement protest provisions provide us with a self-policing system so that everyone has the incentive to play by the rules. The significant risks associated with the elimination of the right of a contractor to file a protest are not addressed in this bill."

Representative Belatti rose to speak in opposition to the measure, stating:

"Thank you. My second time. May I change my reservations vote to no, and have the words of the Representative from McCully adopted as my own?" and the Chair "so ordered." (By reference only.)

Representative Pine rose to speak in support of the measure with reservations, stating:

"Yes, with strong reservations, and I would like to use the words from the Representative of McCully as my own," and the Chair "so ordered." (By reference only.)

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Luke rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2122, HD 2, entitled: "A BILL

FOR AN ACT RELATING TO THE PROCUREMENT CODE," passed Third Reading by a vote of 47 ayes to 3 noes, with Representatives Belatti, Hanohano and Saiki voting no, and with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 832-12) recommending that H.B. No. 2319, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2319, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ECONOMIC DEVELOPMENT," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 833-12) recommending that H.B. No. 2266, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2266, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2266, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION TECHNOLOGY," passed Third Reading by a vote of 50 ayes, with Representative Manahan being excused.

At 11:49 o'clock a.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2567, HD 1
H.B. No. 609, HD 2
H.B. No. 1723, HD 1
H.B. No. 2274, HD 2
H.B. No. 2122, HD 2
H.B. No. 2319, HD 2
H.B. No. 2266, HD 1

ORDINARY CALENDAR

UNFINISHED BUSINESS

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 835-12) recommending that H.B. No. 2325, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2325, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I am rising to cast a no vote on this measure and make a few comments. Thank you. This is Relating to Broadband. What it does is, it establishes an automatic approval process, and I believe that automatic approvals are a really bad idea. It means that if, for example, the government can't act because the Board of Land and Natural Resources can't get a quorum in time, then the permit is deemed approved.

"The difficulty about this one is that it includes undersea boring, and undersea boring can tie in obviously to the cable project, the interisland cable project. And it could go through a pristine marine ecosystem, and it would be automatically approved simply for lack of getting a quorum. I don't think that is good public policy and therefore I'm casting a no vote."

Representative Tokioka rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker. I'd like to ask for a ruling on a potential conflict. Thank you, Mr. Speaker, in my private job, I work for Oceanic Time Warner Hospitality Class. Thank you," and the Chair ruled, "no conflict."

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Keith-Agaran rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I support H.B. 2325 which sets a forty-five business day time frame in which the State and county agencies must approve, disapprove, or approve with modification, all broadband-related permits. It provides that if no action is taken within the time frame, the permit will be automatically approved on the forty-sixth business day. This bill creates an efficient and reliable process of issuing permits for the wide-area deployment and adoption of broadband networks. It replaces the inefficient and arduous permitting-process in place now, which causes significant and costly delays in permits being granted.

"Elected and appointive officials – from county and State agencies— have for many years touted the importance of broadband infrastructure to the educational and economic future of our community. This bill simply urges those agencies to give the development of broadband infrastructure the same priority and attention that our existing laws give to the development of affordable homes and other priority items. It will foster the growth of broadband infrastructure, which will give our Hawaii citizens and businesses increased access to information technology. It will

especially be an asset to Hawaiians who reside on Hawaiian Home Lands, and in rural areas of the State, where access to broadband is lacking. Increasing access to broadband in these areas will grant Hawaiians a myriad of resources, including the ability to preserve and transmit their cultural heritage, and participate in the global market.

"Broadband infrastructure is vital to Hawaii's economy, and a streamlined permitting process will attract much-needed broadband investment within the State."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise in support with reservations on HB 2325, Relating to Broadband Permitting. While I fully support technological advancement and making technologies such as broadband service as accessible as possible to the people of Hawaii, I have concerns over any process that receives automatic approval if no action is taken. This bill grants permit approval in response to inaction, and I believe there are better methods for improving the construction permitting process. For these reasons, I vote in support with reservations on this measure."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative M. Lee rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Wooley rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Wooley's written remarks are as follows:

"I am very excited about the State's effort, and this Legislature's support of broadband. I am very concerned that this bill, which will allow for automatic approval for all State and county permits after 45 days, will lead to litigation and the approval of projects that are not acceptable to the public. This broadband bill is simply much too broad."

Representative Yamane rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. I do want to note the efforts of the Chair, the Representative from Ulupalakua. Thank you."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2325, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BROADBAND," passed Third Reading by a vote of 43 ayes to 6 noes, with Representatives Ching, Fontaine, Hanohano, Pine, Riviere and Thielen voting no, and with Representatives Cabanilla and Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 836-12) recommending that H.B. No. 1511, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1511, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have reservations on this bill, Relating to High Technology and I do hope the University and the Manoa Innovation Center will be able to work this out. But I have reservations because we have a constitutional amendment that requires that the University be able to handle its own internal affairs. I think this steps into those bounds, so I am voting with reservations."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. And I would like to, for the edification of everybody, note that the Hawaii Strategic Development Corporation is not an entity of the University of Hawaii. It's an entity of DBEDT. So this is not a matter of basically keeping University issues within themselves. Thank you, very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1511, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HIGH TECHNOLOGY," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 837-12) recommending that H.B. No. 1768, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1768, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1768, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII PUBLIC PROCUREMENT CODE," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 838-12) recommending that H.B. No. 2265, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2265, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2265, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE STATE PROCUREMENT CODE," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 839-12) recommending that H.B. No. 2324, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2324, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to cast a no vote, and to explain why. Thank you. This measure exempts broadband facilities from all county permitting requirements and State permit approval requirements on State buildings and government land on which the State buildings were located. I don't think this is a good idea. It's one of the other exemption measures. And when we continue to carve out exemptions from different protections on our State property and our property at large in the islands, we can end up with some unfortunate mistakes. I think this is not the way to go. Thank you."

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Luke rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose to disclose a potential conflict of interest, stating:

"Mr. Speaker I'd like to ask for a ruling on a potential conflict. In my private job, I work for Oceanic Time Warner Hospitality Class. Thank you, Mr. Speaker," and the Chair ruled, "no conflict."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Wooley rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Wooley's written remarks are as follows:

"While I'm all for streamlining efforts to help the State become competitive when it comes to broadband, I have serious concerns that the language in this bill is much too broad."

Representative Saiki rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2324, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BROADBAND," passed Third Reading by a vote of 45 ayes to 4 noes, with Representatives Ching, Fontaine, Hanohano and Thielen voting no, and with Representatives Cabanilla and Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 840-12) recommending that H.B. No. 2411, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2411, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2411, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CAPITAL IMPROVEMENTS," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Hanohano voting no, and with Representatives Cabanilla and Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 841-12) recommending that H.B. No. 2869, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2869, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Rhoads rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, please note my reservations and just a couple of sentences. I understand the argument in favor of the Film Tax Credit and it does have a multiplier effect. But it's not clear to me that we actually get enough in return for what we invest, so hence my reservations. Mahalo."

Representative Souki rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Keith-Agaran rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I strongly support of H.B. 2869 which extends the motion picture, digital media, and film production tax credit to January 1, 2025. This bill places the focus clearly on supporting local employment and talent, fostering more Neighbor Island location shooting, and supports an important niche in our economy that should continue to be nurtured and grown."

"This measure raises the qualified production tax credit ceiling, separates the calculation of the credit amount based on wages and salaries from the credit amount based on other qualified production costs. It also provides different credit amounts based on residence within the counties for the wages and salaries paid to all cast, crew, and musicians of the qualified production, plus an additional unspecified per cent credit amount on wages and salaries of cast, crew, and musicians who are State residents."

"Tax credits provided to local, mainland, and international producers and investors in the film and digital media industry, will result in continued growth of the film and digital media industry here in Hawaii. This energized film and digital media industry will provide Hawaii with a myriad of benefits. It will increase opportunities and resources to small, local production companies so that their employees' dreams of success in the film and digital media industry can be met here in their home state. It will create a significant number of skilled, high-paying jobs, which the film and digital media industry will have financial interests in hiring. This hopefully will result in private sector investments in training and

workforce development for the new skilled and creative jobs this industry will create. It will undoubtedly inject substantial amounts of new revenue into our State economy, which will be dispersed across many communities, businesses, and residents. Finally, the film industry is a clean, non-polluting, and compatible industry for us as a state to invest in, and it is an industry that has an active interest in preserving the natural beauty of Hawaii."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2869, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE ECONOMY," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Manahan being excused.

At 12:02 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2325, HD 2
H.B. No. 1511, HD 2
H.B. No. 1768, HD 2
H.B. No. 2265, HD 2
H.B. No. 2324, HD 2
H.B. No. 2411, HD 1
H.B. No. 2869, HD 2

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 842-12) recommending that H.B. No. 2872, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2872, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong opposition. What is this? Reverse universe? I want to cheerlead this bill. In strong support, Mr. Speaker. See because usually I stand up in opposition, it gets to be habitual. I am not a naysayer. I want to be a cheerleader. Mr. Speaker, this is all about our future. This is a great opportunity to advance."

The Chair addressed Representative Ward, stating:

"Representative Ward, would you like to give you statements for these two measures? Stand. Com. Report 842-12, and 843, both at the same time?"

Representative Ward: "Do you think I'm confused about the bill number?"

Speaker Say: "No, I just want you to say one thing for these two measures that deal with PISCES and aerospace."

Representative Ward: "Combine the two together. Of course. I appreciate that."

"Mr. Speaker, this is such an opportunity. I think it's almost a game changer if we consummate it the way that it looks. Right now, we've got NASA that's in love with Mauna Kea, and in love with the Big Island. And because space is now privatized it's an opportunity to bring all of the private companies that are interested. So far they include Google, Space X PRIZE Foundation, Lockheed Martin, Shimizu Corporation, Moon Express, and Boeing. Mr. Speaker, these are the big boys. These are the ones, if we're going to get to the moon, they're going to get to the moon. But when they get there, or to Mars or to Venus, or wherever, they've got to have a base and they've got to have a sustainable environment. The stimulation of our climate, our soil, I forget what they call it. Regolith stimulants. Simulate exactly what they're going to experience."

"So Mr. Speaker, we can not only be boosting our economy, but this is a world class issue that, and you know how strong I am with APEC. This is an even bigger game changer than APEC. So I urge my colleagues to vote

for the future. Vote this up and let's back it. Let's put the money into it. Let's make the investment because this is an enterprise that we can really get behind, as the State of Hawaii. And I will save other comments for the other bill, which is just as good because it changes the PISCES from the University of Hawaii-Hilo to DBEDT by basically taking it out of academia, and putting it in economics which is what we need for the State of Hawaii. Thank you, Mr. Speaker."

Representative Ching rose to speak in support of the measure, stating:

"Just in strong support. It's just ironic I think, that we happen to have NASA up here. But Ellison Onizuka did come to visit Maemae, and I think he's just a source of such great inspiration, and a future for our children. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2872, HD 3, entitled: "A BILL FOR AN ACT RELATING TO AEROSPACE HIGH TECHNOLOGY DISTRICTS," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 843-12) recommending that H.B. No. 2873, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2873, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE PACIFIC INTERNATIONAL SPACE CENTER FOR EXPLORATION SYSTEMS," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 844-12) recommending that H.B. No. 2018, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2018, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Riviere rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. This still contains the 180 days limbo after the foreclosure transaction transpires. The property would be in an effective state of limbo. There'll be no lenders taking advantage of this bill. There will be no buyers. No title companies. There will be nothing. So we continue our track record of zero people using this program. Thank you."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. When we did Act 48, we left the UDAP provision in the mediation process and offshore banks were using that as an excuse not to use the mediation. This is designed to take that out of mediation. And if they continue to not use mediation, then we know there's another problem and it's probably that they don't show proper title."

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker. I'd like a ruling on possible conflicts on both SCR 844-12 and 845-12. My firm occasionally handles cases that may include foreclosures. Thank you," and the Chair ruled, "no conflict."

Representative Ching rose in support of the measure with reservations and asked that the remarks of Representative Riviere be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2018, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FORECLOSURES," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Riviere voting no, and with Representatives Cabanilla and Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 845-12) recommending that H.B. No. 2375, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2375, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker. I'd like a ruling on possible conflicts on both SCR 844-12 and 845-12. My firm occasionally handles cases that may include foreclosures. Thank you," and the Chair ruled, "no conflict."

Representative Yamane rose to speak in support of the measure, stating:

"I'm standing in strong support. This is legislation that is similar to that of 11 other states. This will put criminal penalties and mandatory fines to ensure that these predators don't continue to go after our *kupuna* and our hardworking families. Thank you, Mr. Speaker."

Representative Pine rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"I stand in support of HB2375. This bill would help to protect distressed Hawaii homeowners who face foreclosures from being preyed upon by individuals and companies with malicious intent during the mortgage foreclosure crisis. It recognizes the two-pronged approach that is needed to combat this problem: enforcement and public education. Innocent people deserve to know that leaders and law enforcement are effectively combating this type of fraud."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2375, entitled: "A BILL FOR AN ACT RELATING TO THE MORTGAGE RESCUE FRAUD PREVENTION ACT," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 849-12) recommending that H.B. No. 2359, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2359, HD 2, pass Third Reading, seconded by Representative Evans.

At 12:08 o'clock p.m., Representative Ward requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:09 o'clock p.m.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this measure. I think it's well intended in that we want to have insurance for our various electronic appliances. Mr. Speaker I have here an iPhone which I rely upon, which I insure. But the holder of this insurance or the seller of this, didn't have to pay \$2,000 to get a license. Why should we be charging people to sell us something, I think this is \$7 per month, and that will probably make it \$10 or \$15 dollars a month, if we're going to hit them with a \$2,000 licensing fee.

"So, Mr. Speaker, I would only end by saying, what's the rationale behind this? And why should we bother with something that's already working well on its own without government getting involved? Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2359, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PORTABLE ELECTRONICS INSURANCE," passed Third Reading by a vote of 44 ayes to 5 noes, with Representatives Ching, Fontaine, Johanson, Riviere and Ward voting no, and with Representatives Cabanilla and Manahan being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 851-12) recommending that H.B. No. 2526, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2526, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have reservations on this particular measure, especially regarding the issue of privacy."

Representative Tokioka rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I'd like to ask for a ruling on a potential conflict. In my private job I work for Oceanic Time Warner Cable," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2526, HD 2, entitled: "A BILL FOR AN ACT RELATING TO REPORTING REQUIREMENTS FOR TELECOMMUNICATIONS AND CABLE TELEVISION PROVIDERS," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Hanohano voting no, and with Representatives Cabanilla and Manahan being excused.

At 12:11 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2872, HD 3
H.B. No. 2873, HD 2
H.B. No. 2018, HD 1
H.B. No. 2375
H.B. No. 2359, HD 2
H.B. No. 2526, HD 2

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 852-12) recommending that H.B. No. 1875, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1875, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Riviere rose to speak in support of the measure with reservations, stating:

"With reservations. We're into this now. We have the Act 48 from last year, the program that nobody has used. We do need to fix it. Anyone who's read this bill sees it just keeps getting longer and longer, and more fixes and more patches. So we do have to do something about it. And I'm not sure that making it longer and more cumbersome and such is the right answer. But I'll vote with reservations on this one."

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker. I'd like to request ruling on a possible conflict. My firm does occasionally handle cases that involve foreclosures. Thank you," and the Chair ruled, "no conflict."

Representative Cullen rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I request a ruling on a potential conflict? I serve as a Director on my homeowners association in Village Park," and the Chair ruled, "no conflict."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker, this is the mortgage foreclosure omnibus bill which the 2011 Mortgage Foreclosure Task Force developed. It's like 140 pages. I'm not going to read my 7 pages of testimony, but I would like permission to insert it into the record. I would like to make a few comments.

"The task force made several recommendations to establish and refine the foreclosure process for associations including condominiums and planned communities. There are some issues that still need to be worked out and various stakeholders are continuing their discussions as they work towards common ground. Besides association managers, the main provisions in this bill including the temporary UDAP provision are: A permanent ability for owner-occupants to convert non-judicial foreclosures to judicial foreclosures. Establishes a time limit for when transfers of title after foreclosure can be challenged. Repealing the Part 1 non-judicial process, which was one of the real problems that we had prior to Act 48. Removes the *Star Advertiser's* monopoly on public notices and foreclosure sales. When they became the sole provider, their rates went up five times. Requires attorneys filing foreclosure actions to sign an affirmation that they reviewed the paperwork and the bank has legal authority to foreclose.

"There's just a couple of other things I'd like to comment on, Mr. Speaker. If you'd give me just a second here. It's a very complex bill. We found such fraud among the offshore banks that we need to address, and quite frankly, from my standpoint, I would rather protect the Hawaii homeowners than the offshore banks. Thank you."

Representative Herkes' written remarks are as follows:

"Over the interim, the legislatively-created Mortgage Foreclosure Task Force convened for its second year, focusing its efforts on reviewing and refining the provisions of Act 48. Their recommendations are included in HB1875 HD2 with some amendments.

"Everett Kaneshige, formerly the Deputy Director of the Department of Commerce and Consumer Affairs and Chair of the task force, explained in his testimony that the task force "focused on streamlining the process enacted by the Legislature" and tried "to bring to the Legislature's vision of a functional and fair non-judicial foreclosure process to fruition."

"The task force's recommendations predominantly concentrated on the non-judicial foreclosure process for condominium and homeowner associations. They also suggested some revisions to the Mortgage Foreclosure Dispute Resolution Program to: protect borrower's personal information; simplify and clarify some definitions and terminology; and refine certain procedural issues.

"The task force also suggested that an owner-occupants' ability to convert their non-judicial foreclosure to one overseen by the courts would be made permanent. Under Act 48, this option would be repealed at the end of 2012.

"Perhaps the task force's most potentially impactful recommendation is to amend Act 48's Unfair and Deceptive Act or Practice (UDAP) provision, which has been cited as the primary reason why lenders have since decided to pursue all their foreclosures in court. The various stakeholders on the task force reached a compromise by majority vote to

support this recommendation, which seeks to retain strong protections for consumers while also providing lenders and title insurers more specific guidance as to what actions may constitute UDAP violations. The compromise recommendation includes a 6 month time-frame on a borrower's ability to challenge the transfer of title of a home after such a foreclosure.

"The current draft of this measure further limit's the application of UDAP so that lenders need not fear committing an automatic UDAP violation while the dispute resolution program is operative. This amendment was adopted to encourage use of the program so that more foreclosure actions may be resolved with the help of a trained third-party neutral. In 2014, when the program ends, the task force's recommendations would then take effect.

"HB1875 HD2 also permanently repeals the non-judicial foreclosure law from 1874, which was used to conduct the majority of foreclosures before Act 48 and is currently under moratorium until July 1, 2012. If this bill is enacted, there would be just one non-judicial foreclosure process with numerous consumer protections built in.

"Also included in this bill is a requirement that a foreclosing lender's attorney sign an affirmation in judicial foreclosures indicating that they had reviewed and verified the accuracy of the lender's paperwork and legal authority to foreclose.

"The bill is 158-pages and predominantly deals with condominium and planned community association liens and foreclosures. A number of these provisions are still being discussed by various stakeholders. These stakeholders have been encouraged by lawmakers to continue working toward consensus so that the final draft's provisions are agreeable to all.

"Several reports indicate that the nation isn't even half way through the foreclosure crisis. Act 48 has cut Hawaii's foreclosure rate to less than half it was before enactment. This bill would further refine its provisions and help many troubled homeowners in the future. But we must stay on alert. It seems the offshore banks do not take us very seriously. According to one constituent at risk of foreclosure in Kahala, her mainland bank told her to agree to a short-sale because she had lots of equity in the property. When that homeowner suggested that the bank take her through the foreclosure process so that she may benefit from Act 48 and its dispute resolution program, the bank said to her: "we're not concerned with Hawaii's law. Act 48 is going to be overturned." That is what they think of Hawaii's people and our laws. Something they're not concerned with. We must continue to do what is best for Hawaii's people. Thank you, Mr. Speaker."

Representative M. Lee rose to disclose a potential conflict of interest, stating:

"Just a request for a potential conflict. I'm a member of a planned community association," and the Chair ruled, "no conflict."

Representative M. Lee then asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose to disclose a potential conflict of interest, stating:

"I have the same conflict as the previous speaker," and the Chair ruled, "no conflict."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose to disclose a potential conflict of interest, stating:

"May I ask for a potential conflict? I serve on a condominium association," and the Chair ruled, "no conflict."

Representative Ching then asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takai rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker, I'm also an officer in a condo association board. Thank you," and the Chair ruled, "no conflict."

Representative Yamane rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'm rising in support with some reservations. Mr. Speaker before I begin I just would like to note that I know the Chair of CPC has been working very hard and diligently in getting all aspects of this bill together.

"Mr. Speaker, I just want to note one area of concern. One additional area. There are several concerns, but to make movement: one is the issue that this bill may have some negative impacts on homeowner associations. I know we'll be working diligently to address these issues regarding the two year time limit for association liens and issues of violations under 667-60, as well as terminating the delinquent access to common areas as this measure moves forward. But I did want to note that some of the homeowner's associations have some concerns with the language in this bill. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1875, HD 2, entitled: "A BILL FOR AN ACT RELATING TO FORECLOSURES," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Cullen voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 853-12) recommending that H.B. No. 2452, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2452, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I'd like a ruling on a possible conflict. Our law firm does employ notaries. Thank you," and the Chair ruled, "no conflict."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2452, HD 2, entitled: "A BILL FOR AN ACT RELATING TO NOTARIES PUBLIC," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 859-12) recommending that H.B. No. 2476, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2476, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Belatti rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. A ruling on a potential conflict. My law firm has clients that stand to benefit from this bill. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2476, HD 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 862-12) recommending that H.B. No. 2338, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2338, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE CREATIVE MEDIA INDUSTRY," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Hanohano voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 863-12) recommending that H.B. No. 2482, as amended in HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2482, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 865-12) recommending that H.B. No. 2250, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2250, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to cast a no vote, and to deliver short remarks. Thank you. This bill is relating to the emergency environmental workforce which is a very noble project and noble idea. The workforce would do watershed restoration work, but the real problem is, it's funded from the Department of Land and Natural Resources and that is a chronically underfunded department. I think you've all seen me hold up a pie chart at various times when we talk about the budget, and you look for the sliver that is the Department of Land and Natural Resources' funding. You have to take a magnifying glass. So here we're taking money from that Department to do the work.

"I support the objective, the workforce to do the watershed restoration work, and I ask the Finance Chair to look at a way that it can be funded out of the general fund instead of from the Department's budget. Thank you."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Kawakami rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Kawakami's written remarks are as follows:

"This measure does two very important things. One, it takes approximately 500 to 750 residents of Hawaii who are unemployed due to the downturn in the economy and puts them back to work. Through public and private partnerships with agencies like the University of Hawaii, the Department of Agriculture, the Department of Land and Natural Resources, and the Invasive Species Committee of Hawaii, these emergency environmental workers will supplement the State's current initiatives to protect and strengthen our watersheds and eradicate invasive species. It provides short-term relief through six month contracts.

"The second, and perhaps arguably the most important achievement of this measure, is that it takes 500 to 750 blue and white collar workers and immerses them into the heart of our watersheds. What better way to build advocacy than to get people's hands back into the land that gives us life.

"A recent experience gave me, and my wife, the opportunity to immerse ourselves into the heart of the watersheds on Kauai. Prior to this experience my only knowledge of our watershed is what I learned from presentations or from documentaries. But there was still a huge disconnect.

After Alan Rictow and Jim Hobbs graciously escorted us in, we were immediately in awe of the beauty and strength that spills from our *aina*. This experience turned me from an individual who had limited knowledge of the importance of our watersheds, into an advocate, into a believer. Can you imagine the impact that this measure would have on the 500 to 750 emergency environmental workers? They would be coming down the mountain with this knowledge and passion and spreading it to their *keiki*, to their husbands and wives, to their *Ohana*.

"If we want to protect something, I believe that the most effective means is to give people the first hand experience of the strength, beauty and yet frailty of our *aina*. If we can get people to love it, they will protect it."

Representative Chong rose to speak in support of the measure, stating:

"In support, Mr. Speaker. And just as a clarification for the Members. This includes matching funds. Actually, it includes partial special funding, and it also includes general fund matches which the special funded programs would not normally get. Thank you."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Nakashima rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose in support of the measure with reservations and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'd like to have the words of the Kailua Representative incorporated as my own. I will vote with reservations. I am concerned about the loss of federal funds."

Representative Keith-Agaran rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Saiki rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2250, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE EMERGENCY ENVIRONMENTAL WORKFORCE," passed Third Reading by a vote of 47 ayes to 4 noes, with Representatives Fontaine, Hanohano, Riviere and Thielen voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 867-12) recommending that H.B. No. 2793, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2793, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Kawakami rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Kawakami's written remarks are as follows:

"This measure will ensure that our ocean users will to continue to have a voice in the rulemaking process. Ocean and marine resources are very specialized and require the voices that have the knowledge to represent a vast community of ocean users."

Representative Thielen rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Thielen's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise with reservations on HB 2793 HD1, Relating to Board of Land and Natural Resources. I have three primary concerns with adding four members to the Board of Land and Natural Resources as specified in this bill.

"My first concern is in regards to establishing quorum at board meetings. The bill states that these four new members "may vote only on issues related to ocean resources" and that these new members would not be considered in determining quorum and majority for all other issues. However, given the broad characterization of "ocean resources," potentially every agenda may include items concerning "ocean resources." In fact, every BLNR meeting of this year (up to March 9, 2012) had at least one agenda item in the following categories: conservation and coastal lands, aquatic resources, boating and ocean recreation.¹ New board members would likely be needed to attend all meetings in order to establish quorum on those issues.

"My second concern is the potential for an off-balance make-up of the board. Shorelines and ocean resources management requires balance among recreation, commercial, and cultural approaches, as it can be complicated for experts in each area to make decisions alone without advice from other consultants. Supporters of the bill note that none of the current seven BLNR members has a marine background. However, adding these four new members to a board of seven would, according to DLNR, over-emphasize fishery science and industry. While fishery resources are important to the State of Hawaii, the Board has the responsibility of evaluating all natural resource issues.

"Lastly, I am concerned that adding board members for specific purposes sets a bad precedent. The Board's current mission is to "Enhance, protect, conserve and manage Hawaii's unique and limited resources held in public trust for current and future generations of visitors and the people of Hawaii in partnership with others from the public and private sectors." This includes all natural resources. Increasing the board membership by over 50% for fishery and marine resources could set the precedent of stakeholders petitioning the board to add members for other specific interests—already, the Ocean Tourism Coalition has requested representation on the Board if this bill passes.

"I appreciate the opportunity to express my concerns and to voice my opposition to this measure. Thank you, Mr. Speaker."

Representative Keith-Agaran rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I oppose HB 2793 HD1. All of Hawaii's natural resources and heritage are worthy of protection and proper stewardship. However, adding four members to the Board of Land and Natural Resources simply for determining quorum and majorities only on issues relating to ocean resources and limiting their votes only to ocean resources issues is a strained and unwieldy way of protecting Hawaii's near shore waters and ocean resources. The law presently provides for a seven member Board of Land and Natural Resources who bring various life, work and educational experiences and knowledge to this important body. In my experience, members of the Land Board put in a tremendous amount

of time in this volunteer position and devote quite a bit of time and effort in carrying out their solemn responsibilities. And the seven members of the Board of Land and Natural Resources have a tremendous responsibility to address issues relating to Hawaii's natural environment, and to:

manage, administer, and exercise control over public lands, the water resources, ocean waters, navigable streams, coastal areas (excluding commercial harbor areas), and minerals and all other interests therein and exercise such powers of disposition thereof as may be authorized by law [and] shall also manage and administer the state parks, historical sites, forests, forest reserves, aquatic life, aquatic life sanctuaries, public fishing areas, boating, ocean recreation, coastal programs, wildlife, wildlife sanctuaries, game management areas, public hunting areas, natural area reserves, and other functions assigned by law.

Haw. Rev. Stat. §171-3. Hawaii Revised Statutes section 171-4 presently provides criteria for members and includes consideration of knowledge in marine biology and experience in aquatic resources management. The Board Members are supported by professional and trained staff who can and do provide necessary expertise on issues that come before them for decision making.

"I am afraid that this bill will severely hamper the ability of the department and the Board to act as efficient and effective stewards of Hawaii's natural resources. If passed, this bill will require at least six member majority on any issues involving Hawaii's near shore waters and ocean resources, which may effectively block important changes recommended by the in-house resource managers."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ito rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ito's written remarks are as follows:

"Mr. Speaker, I rise in support of HSCR 867-12, HB2793, HD1. Mr. Speaker, this measure adds four members to the Board of Land and Natural Resources who shall be considered in determining quorum and majority only on issues relating to ocean resources and may vote only on ocean resource issues.

"Mr. Speaker, during testimony before the House Committees on Water, Land & Ocean Resources; Hawaiian Affairs; and Finance; it had been stated that the Department of Land and Natural Resources will consolidate the Division of Aquatic Resources into the Division of Forestry and Wildlife. Historically, the Division of Aquatic Resources has been a "behind the scenes" steward of our aquatic resources. By consolidating the Division of Aquatic Resources into the Division of Forestry and Wildlife the aquatic resources sector will lose its effectiveness. Additionally, there is no statutory requirement that a present Board member be experienced or have a working knowledge in ocean resources; such as fishery science, commercial fisheries, recreational fisheries, seafood industry, or maritime industries. It has long been advocated that our near-shore marine resources and near-shore fisheries need to be better represented at the various policy making levels. Marine resource issues require a specialized understanding and are dependent on ever changing conditions.

"Mr. Speaker, over the years fishing rules and regulations have generally been initiated and adopted through two venues: 1) legislatively and 2)

Chapter 91 Administrative rulemaking process. During the Chapter 91 rule making process the proposed rules change is reviewed by the Board of Land and Natural Resources for adoption. Without a Division of Aquatic Resources or a Board member experienced or knowledgeable in ocean resources, there is no one to advocate for our ocean resources.

"Mr. Speaker, during hearings it was stated that adding four new members representing the fisheries, fisheries science, and seafood/marine industries specialties to the Board to vote only on ocean resource issues that came before the board would create an off-balanced make-up of the board. Far from it. Presently, there is no representation of the above mentioned specialties serving on the Board nor are they required to be represented on the Board. Where is the off-balance make-up of the Board? An off-balanced make-up of the Board occurs now, when there is no representation or required representation.

"Mr. Speaker, this measure is not to place a burden on the Department of Land and Natural Resources or the Board of Land and Natural Resources. This measure is really to help the Department and Board of Land and Natural Resources do a better job of managing Hawaii's precious ocean resources.

"Mr. Speaker, for these reasons I ask my colleagues to please support HSCR867-12, HB2793, HD1."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2793, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BOARD OF LAND AND NATURAL RESOURCES," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Keith-Agaran voting no.

At 12:23 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 1875, HD 2
H.B. No. 2452, HD 2
H.B. No. 2476, HD 1
H.B. No. 2338, HD 2
H.B. No. 2482, HD 1
H.B. No. 2250, HD 2
H.B. No. 2793, HD 1

At this time, the Chair announced:

"Members of the House, we will take a 45 minute recess. We will reconvene at 1:00 to continue with our deliberations and debate."

At 12:24 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:07 o'clock p.m., with Vice Speaker Manahan presiding.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 872-12) recommending that H.B. No. 2682, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2682, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2682, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COMMERCIAL ACTIVITIES ON

OCEAN WATERS," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Takumi being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 873-12) recommending that H.B. No. 2398, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2398, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Jordan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2398, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LAND USE," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Hanohano voting no, and with Representatives Cabanilla and Takumi being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 875-12) recommending that H.B. No. 2540, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2540, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations because of the cost to the childcare providers, and remarks to the Journal."

Representative Thielen's written remarks are as follows:

"Thank you, Mr. Speaker. I rise with reservations to HB 2540 HD2, Relating to Fees for Child Care Licensing and Registration.

"This bill establishes a fee for licensing and certification of those wishing to start or continue a child-care business. Possibly the most-affected by this measure will be small startup childcare businesses, trying to get on their feet. In these difficult times, we should be aiming to foster small business growth, not suffocating it with more fees in an already capital-starved market.

"In addition, the fees would be deposited into a new special fund whose stated purpose is just ambiguous enough to not be trusted.

"Furthermore, Mr. Speaker, the bill states that the Department of Human Services will be allowed to charge "reasonable fees" for these licenses and certificates. Quite honestly, I see nothing at all "reasonable" about creating a wholly unnecessary new special fund on the backs of small businesses. These are businesses that could potentially stimulate our ailing economy, if we would only let them.

"For these reasons, I have reservations about this bill."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2540, HD 2, entitled: "A BILL FOR AN ACT RELATING TO FEES FOR CHILD CARE LICENSING AND REGISTRATION," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Marumoto voting no, and with Representatives Cabanilla and Takumi being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 877-12) recommending that H.B. No. 1689, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1689, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Honorable Speaker, I support this measure which is intended to reduce Medicaid cost for long-term care by establishing the Long-Term Care Partnership Program, and encourages individuals to purchase long-term care partnership insurance policies.

"This program has been adopted and implemented already in other states, and removes the false choice of Hawaii residents between quality long term health care and ensuring their families do not lose the fruits of a lifetime of work. The Department of Human Services will need to seek federal waivers and approvals, and also seek appropriate amendments to its Medicaid rules and State plan. This bill contains built in incentives, asset protection, and expands upon the allowable Medicaid spend down policy.

"This bill specifies that the long term care insurance plan shall be the primary payer of long term costs and that Medicaid shall be the secondary payer. The program will then delay and/or eliminates dependence upon the Medicaid program."

Representative Nakashima rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Nakashima's written remarks are as follows:

"This measure implements the long-term care partnership program, allowing individuals to qualify for Medicaid coverage for continued long-term care prior to exhausting their assets. This will provide an additional tool that will be available to residents and families who are faced with trying to deal with the challenges that are presented by taking responsibility for the care of loved ones and the elderly."

Representative Jordan rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I would like to express my opposition to the Long Term Care Partnership Program as it is designed to protect assets of the middle-and upper middle-class populations while still qualifying for the Medicaid program without having to "spend-down" their assets to Medicaid levels. Medicaid was never designed as an asset-protecting program and the long term care partnership policies will very possibly take Medicaid dollars from the desperately needy clients who wholly depend on Medicaid.

"Private Insurance dollars are substituted for private asset dollars which creates a "dollar-for-dollar" scenario, i.e., \$150,000 policy = \$150,000 in private assets saved with Medicaid eligibility protected if all other eligibility requirements are met. Therefore, dependence on Medicaid for long term care financing continues.

"Hawaii's Long Term Care Commission, as noted in its final report to the 2012 Legislative Session, carefully considered this option but ultimately rejected it. There is no proof available from states which have adopted this option that this option encourages the increase purchase of long-term care insurance needed for budget neutrality, and without increased participation, the program would increase Medicaid dollars. For some citizens, the LTC partnership policies are in opposition to the core functions and philosophy of Medicaid, which is a means tested welfare program as opposed to a program which would protect the assets of the

middle-class and upper-income clients. (GAO, 2007 and LTC Commission, Final Report, 2012).

"The consumer is also at risk of losing all monies paid into the policies if they miss even one monthly premium causing default and cancellation thereby enriching the private insurance companies while the consumer suffers financial loss.

"The GAO in 2008 focused on the increased need for robust oversight of these types of policies regarding rate-setting in addition to the need for increased oversight to protect the vulnerable consumer from potential financial exploitation and predatory practices of private insurance companies."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1689, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LONG-TERM CARE," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Jordan voting no, and with Representatives Cabanilla and Takumi being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 879-12) recommending that H.B. No. 2290, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2290, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2290, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CHILDREN AND YOUTH," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Takumi being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 880-12) recommending that H.B. No. 2448, HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2448, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAID," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Takumi being excused.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 889-12) recommending that H.B. No. 2656, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2656, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AIR POLLUTION CONTROL," passed Third Reading by a vote of 49 ayes, with Representatives Cabanilla and Takumi being excused.

At 1:12 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2682, HD 1
H.B. No. 2398, HD 2
H.B. No. 2540, HD 2
H.B. No. 1689, HD 1
H.B. No. 2290, HD 1
H.B. No. 2448, HD 2
H.B. No. 2656, HD 2

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 890-12) recommending that H.B. No. 2690, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2690, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to vote against another exemption bill and this one is relating to geothermal resources. If I may explain why. Thank you, Mr. Speaker. First of all, if people think back, if they were alive then, to what went on in the past when geothermal development was attempted. This was probably about 30 years ago or so. And what happened was it was stopped dead in its tracks, because the developers didn't listen to the community. They didn't develop a community process where people worked together through the difficulties. I think geothermal development is excellent. I think it's a great idea to move ahead with that, but I don't believe that we should streamline that process. When you do that, then you end up with stumbling blocks and you end up with projects being stopped. This is too important to the energy self-sufficiency of the Big Island to do it wrong.

"I think that House Bill 2690 does it wrong. When you take a look at what actually could happen under that bill, it could allow developers to dig thousands of feet through aquifers without, as I say from Sierra Club, without consideration of the quality of the drinking water, the potential for contamination or the impacts of a blowout in the surrounding areas. I think Sierra Club was correct with those statements of concern.

"There's something called laser drilling. Not being an engineer, I don't exactly know how that works. But you need to have those things looked at carefully, and not do something that would actually exempt or streamline a process. So I think this is the wrong way to go, as it did with some other projects that we know of in this Body when we tried to streamline or exempt things. Ultimately those projects were stopped dead. So I would say, don't move ahead with this idea. Let's do it the correct way, and develop it in consultation with the communities. We can have the Big Island be the leader in using renewable energy and getting off fossil fuel. Thank you."

Representative C. Lee rose to speak in support of the measure with reservations, stating:

"I'm in strong support of geothermal. I do have some concerns with the bill though and I just wanted to vote with reservations."

Representative Coffman rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support with some comments here. Thank you. I just want to clarify a couple things here. First of all, the bill separates exploration from development. Development will go through all of the environmental requirements in this State. Exploration is really a scientific process. This bill was presented by the DLNR, the agency that's responsible for doing this work, and they have extensive rules about drilling wells, whether it's for water or anything else in the State, and to protect our aquifers. So this bill in no way provides any harm to our State."

Representative Wooley rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I just want to make a short comment. We're looking at a lot of exemption bills here, and I think that we have cut government services so much in the last three years that I think we need to be a little more careful as we look at these possible exemptions. We don't have anybody to look out for our public safety. I'd also like to insert written comments."

Representative Wooley's written remarks are as follows:

"I have serious reservations about this bill. Geothermal has great potential as renewable energy that is locally made. However, exemptions to allow projects to move forward without proper analysis are potentially dangerous and dramatically increase the risk of harm to people and the environment. I have yet to see any evidence that the proposed exemptions

will allow for the safe exploration and development of geothermal energy. This bill goes too far too soon."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I unfortunately rise, and I feel so sad to vote no on this wonderful chance at geothermal. But it's just that I would like to have the words of the Representative from Kailua entered as my own. I don't think there's only one route to other problems. There may be a myriad of routes. There may be different ways to do it. We should always try to do it right. Geothermal, I wish it had been done even longer ago. I was very happy to be able to visit Mauna Kea. And I'm not sure if everyone knows, but King Kalakaua was a supporter of geothermal. And you Mr. Speaker, I'm sure, are well aware of how geothermal does supply so much of the Philippines' energy, doesn't it. So it could have been done, and it should have been done even earlier. I hope it's done. I just hope it's done the right way. Thank you, Mr. Speaker."

Representative Awana rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I stand with reservations. As we move forward in looking for opportunities for alternative forms of energy for our island state, we must not throw caution to the wind when handling our most precious resource – water. As I understand, exploration of geothermal may in fact cause harm to our underground water resources and for this reason, I stand in reservations. Thank you, Mr. Speaker."

Representative Nakashima rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Mr. Speaker, the Big Island Geothermal Task Force has been working diligently for the last several years to study and ensure the prudent application of geothermal resources on the Big Island. I think that they have proposed that geothermal become the base source of energy on Hawaii Island and I would like to continue to support that. If I may submit additional comments. Thank you."

Representative Nakashima's written remarks are as follows:

"The Big Island Geothermal Task Force has been working diligently to ensure the prudent application of geothermal resources. They have proposed that geothermal become the base energy resource on Hawaii Island and I would like to support these efforts."

"Numerous discussions have been held with the various communities and interests on the Big Island to ensure education, understanding and acceptance of this effort. This bill provides for streamlining the process of geothermal resource exploration and identification. If we are to move forward on becoming energy self-sufficient, it will require that we develop base energies that would support this goal. This will eliminate unnecessary delays and move the process of discovery and identification forward. Once it is determined that a site is suitable for geothermal energy production, all necessary permits and studies will still be required before the development and production of these resources may begin."

Representative McKelvey rose in support of the measure, stating:

"In support, Mr. Speaker. And I would like the words of the good Representative of the Big Island entered into the record as my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Riviere rose to speak in opposition to the measure, stating:

"Earlier I had stated that I was with reservations. But on Stand. Com. No. 890, I'll make that a no vote. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2690, HD 2, entitled: "A BILL FOR AN ACT RELATING TO GEOTHERMAL RESOURCES," passed Third Reading by a vote of 46 ayes to 5 noes, with Representatives Ching, Fontaine, Hanohano, Riviere and Thielen voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 891-12) recommending that H.B. No. 2145, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2145, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Here's another no vote and I'd like to explain why. Thank you. Mr. Speaker what this bill does is establish the policy of this State to delineate key economic sectors of importance for economic diversification in Hawaii. Then it says it's the intent of this State to facilitate completion of these projects. You turn to page 2 of the bill and one of those projects is the interconnectivity between Oahu and the Neighbor Islands, in other words reads, undersea cable.

"I think there's a great deal of concern in this Body from a number of Members, about that undersea cable; about the cost, the wisdom of doing that, and the wisdom of burdening certain Neighbor Islands to be the energy supplier for Oahu, whether or not that is morally correct to do.

"The second item in the bill that says that it's our policy to go ahead and get this moving. It is the mass transit system, the steel on rail project of the City and County of Honolulu. I believe that's on page 3 of the bill. I believe there's concern in this Body from some of the Members about that as well. So by passing this bill, we're saying this is fine and those projects should go ahead. This is State policy and the State will work to make these go forward.

"I think that we had a lot of discussion about last year's cable bill and that bill did not move forward because of the concern from enough of the Members here that it just did not move forward. This is kind of an end run, saying we're going to go ahead with it. It's our State policy. This is one of the key projects. As to the rail, I think if you take a look at recent, I believe it was Civil Beat that did a poll and found out it was like 55% or more of the people on Oahu do not support the rail. And yet we as a Body are passing a bill that says it is State policy that that project's going to go forward, and we as a State are going to make it go forward.

"I don't think this makes sense to move this ahead. I know people want to move ahead with economic development, but I don't think the economic development should include targeting two very controversial projects, and ones that do not have the broad support in the community or in the affected islands where that cable could impact.

"So Mr. Speaker, I would ask that Members take a look at this. It may not make it through the Senate, which then I would be very glad. But if it does, we would obviously, or probably have a chance to reconsider our original approval. But right now I'm not joining in with the yes votes. I'm very definitely a no on this measure."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise on this particular measure with grave reservations. In particular the two projects cited by the previous speaker are of great concern to me.

"650 Pohukaina St. Before we vote on it, I would like some more information on it. I have no idea whether it's a private project or State project. I think it's in here by virtue of the fact that there will be a transit

station going through it. But on the other hand, is the entire 65-story building a State project? I don't know. I don't know who the developers are. I don't know whether it's for residential, or business, or mixed use.

"So I'm just really puzzled why we would be citing this as an important project for us, when it does not have any permits yet. And it is over the height limit of 400 ft. for the City and County of Honolulu. Likewise for the train, we have no idea whether it's a go yet, and so it seems like this is very premature. I think we must do our homework before we even consider this. Thank you."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations and asked that the remarks of Representatives Thielen and Marumoto be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Wooley rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Wooley's written remarks are as follows:

"I question the wisdom of moving a bill like this, but it's worth additional discussion."

Representative Saiki rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2145, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ECONOMIC DEVELOPMENT," passed Third Reading by a vote of 45 ayes to 6 noes, with Representatives Belatti, Hanohano, Luke, Riviere, Saiki and Thielen voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 892-12) recommending that H.B. No. 2246, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2246, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Wooley rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I stand with reservations. I just want to let Members know that Haiku is a very special valley, and I appreciate the intent of this bill. Unfortunately, there was a very important player not included in the very beginning. There's a Hawaii Immersion Charter School, and their testimony is in opposition, and it raises serious concerns. As well as DLNR and DHHL. They also have some serious concerns. I think there just needs to be a lot more dialogue before we can move forward with a bill this serious, where there will also be a lot of resources allocated."

Representative Ito rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ito's written remarks are as follows:

"Mr. Speaker, I rise in support of Stand. Com. Rep. No. 892-12, H.B. 2246 HD2. Mr. Speaker, the purpose of this bill is to preserve and protect Ha'iku Valley, a site of cultural and natural significance, by establishing the Ha'iku Valley Cultural Preserve Commission to oversee the Ha'iku Valley Cultural Preserve.

"During the legislative hearings all those who testified in favor of this measure indicated that that Ha'iku Valley is an important cultural resource in Hawaii and that establishing the Ha'iku Valley Cultural Preserve Commission will greatly assist in its protection for future generations.

"Mr. Speaker, I further learned that Ha'iku Valley, one of nine *ahupua'a* surrounding Kaneohe Bay, served as a hospital for the *moku* of *Ko'olaupoko*. It was here that the *kahuna la'au lapa'au* lived and grew their medicinal herbs, which they mixed with plants from the sea to make medicine. People came from throughout the area to seek help from these Hawaiian healers. There are *na kupuna* living today, *kupa'aina* (native) to Ha'iku Valley, who still remember going into the upper reaches of the valley to collect herbs for medicines for their family *kahuna la'au lapa'au*.

"Many burials can be found today in Ha'iku Valley, as well as two major *heiau* and other lesser known sacred places. The two most prominent *heiau* are Kanehekili or Kahekili – *heiau*, a large site just outside the H-3 tunnel, dedicated to the Hawaiian god of thunder and lightning. Nearby is *Kane a me Kanaloa Heiau*, honoring the two prominent gods – Kane and Kanaloa – who brought forth spring waters throughout the islands with the help of their digging sticks, or *o'o*. There are Hawaiian families today who still continue to visit and care for their family graveyards, including burials located at *Kane a me Kanaloa Heiau*.

"Mr. Speaker, Ha'iku Valley also has a modern day historic significance as well. In the early 1940s the Navy chose this area to locate a top-secret radar station. In the 1950s, the area was converted to an Omega Transmission Station. Due to its unique bowl-like shape, and high Pali around it, the valley played an important part in strategic communications during the war and decades after. The Omega Station was one of only eight in the world that supported communications and coordinates among aircraft and ships at sea.

"Part of Ha'iku Valley today, Mr. Speaker, is home to Ke Kula 'o Samuel M. Kamakau Laboratory Public Charter School, where the students are educated on the importance of the valley.

"Mr. Speaker, whether in ancient or modern times, Ha'iku Valley has always been there for the good of the people. We need to preserve this valley to honor both its Hawaiian and modern-day historical significance.

"Mr. Speaker, for these reasons I ask my colleagues to support this measure."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2246, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HAIKU VALLEY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 894-12) recommending that H.B. No. 1758, HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1758, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BUSINESS DEVELOPMENT IN HAWAII," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 895-12) recommending that H.B. No. 2267, HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2267, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST CLEARCOM,

INC., IN THE DEVELOPMENT OF BROADBAND INFRASTRUCTURE IN HAWAII," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Hanohano voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 898-12) recommending that H.B. No. 2529, as amended in HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2529, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF HAWAIIAN HOME LANDS," passed Third Reading by a vote of 51 ayes.

At 1:30 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2690, HD 2
H.B. No. 2145, HD 2
H.B. No. 2246, HD 2
H.B. No. 1758, HD 1
H.B. No. 2267, HD 1
H.B. No. 2529, HD 1

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 899-12) recommending that H.B. No. 2806, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2806, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Hanohano rose to speak in support of the measure, stating:

"Kako'o loa."

Representative Hanohano provided the following translation:

In strong support.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2806, HD 2, entitled: "A BILL FOR AN ACT RELATING TO NATIVE HAWAIIANS," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 900-12) recommending that H.B. No. 2153, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2153, HD 1, pass Third Reading, seconded by Representative Evans.

Representative C. Lee rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. I respect what we're trying to do here, and I think it's important that our State find new ways to finance our infrastructure, but I do have concerns with this proposal. While making residents pay for tolls for new roads and highways may be something that we should consider, this bill goes a full step further and will empower the Department of Transportation to assess tolls on existing roads and highways if an alternative free route exists. What this could mean though, is that residents in Windward Oahu could be charged for driving over the Pali while driving to work instead of taking the Likelike. Or residents commuting from Ewa could be charged for using the H-1 rather than the Nimitz Highway.

"We are a state that as always strived to provide for the general welfare and common good without regard to one's ability to pay. Providing free access to our beaches, our natural resources and of course services such as

guaranteed education and basic transportation allows us to justify the taxes that Hawaii already levies. Like it or not, and wisely or not, Hawaii has purposely built this transportation infrastructure around the automobile, and today the average person relies on their cars to get around. We cannot shift paradigm so abruptly and begin to charge for transportation which has become a basic necessity when so many have little or other option to get to work each day.

"More than anything, toll roads are regressive. They place the burden of paying for infrastructure on those who can least afford to pay. Across the nation and right here in Hawaii wealthier individuals are less reliant on daily commutes than the average middle-class family that is often forced to commute great distances to work. This means lower and middle-class families end up paying disproportionately more than the wealthy for public infrastructure that's designed for everyone. In fact, studies by the Department of Transportation in the State of Washington find that tolls can place a burden four times as large on families below the median income than those families who are above it.

"Until the day when the average person is no longer forced to make long commutes to work or there are alternate forms of transportation that can be relied upon, the cost of building and maintaining roads and highways must be shared equally by everyone. It's why we already ask everyone to pay their fair share in taxes. And it's why regressive toll roads cannot be the answer to funding a better transportation future. Thank you, Mr. Speaker."

Representative Fontaine rose in support of the measure with reservations and asked that the remarks of Representative C. Lee be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. Mr. Speaker, it was eloquently said by the Representative of Lanikai, and I would like his words entered in the record as my own. But I'd like to add a quote from the Chamber of Commerce of Hawaii and the Building Industry Association. It would be a rational argument if there were other alternatives available to commuters in Hawaii aside from driving a car, however in most areas the motor vehicle is your only option. Imposing tolls would essentially create more congestion and gridlock on our heavily used roads right now.

"I've said it before Mr. Speaker, that we're islands, and there is a lot of the stress of living in a small place. A very small place. Very dense. Actually one of the densest states in the United States. We need to get along with each other. You know, get along. The thing is that toll roads are going to just cause more congestion, and one of the biggest contributions to stress is traffic. So you're going to have people stop. They're going to have to be looking for their money. And it's going to be, excuse me, but it's going to be hell. It certainly isn't going to be the vision, the vision of a beautiful, healthy, Aloha State. Toll roads do not contribute to that vision, and I think that's what our people want. I think that's why people want to live here and take such a cut in pay from living elsewhere.

"But additionally, to add to what the Representative from Lanikai said, they have examples on the mainland where it started at \$2.50, but because it couldn't, that \$2.50, because it could not pay for itself, it was raised to \$8. So this again is an additional stress to our people. It's a tax and it's not the only way to do these things.

"Actually, we just need to grow our economy, be more business friendly and add to more ideas that can make income and revenue for the State that play to our own strengths, instead of trying to consistently follow mainland ideas that may not be the perfect fit for Hawaii, or for our people's health and our people's welfare. And so for the people, I don't think toll roads is the only answer. Thank you, Mr. Speaker."

Representative Takai rose in opposition to the measure and asked that the remarks of Representative C. Lee be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Souki rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker and Members. I speak very strongly for toll roads. The toll road is just another tool for the Department of Transportation to have at their disposal, if at some time in the future there is no other alternative for building new highways. And as we have just witnessed and has just been stated by the Representative from Kailua, it looks like the rail might be in trouble. The poll numbers are not very good. I don't know how accurate the poll is, but as to that particular poll, it doesn't look good.

"So now we continue to increase our neighborhoods by building more houses. Ho'opili is probably going to have 3 to 5 thousand homes there, and they're going to have additional road blocks. The University is going to build sometime and that area there is going to create more road blocks also. The alternative, and of course the feds have not been very nice to the highway people. They have not passed a bill yet. And when they do pass a bill, we can be expecting less and less funds to build. So where do we go from here? The only alternative then is to possibly look at some toll road if it comes to that.

"We're not saying it's going to be right away. You're going to need to have community input before a toll road is built. The partner who may want to invest with the State or by themselves would have to see whether it would be worth their while. It may not be worth their while financially. This bill provides that there must be an alternate route before a toll road is built so that would protect you from forcing you to use the toll road. You could continue to use the regular route. In fact, in that case, the regular route would have probably less traffic, because those that are in a hurry, and we all seem to want to speed, they would want to use the toll road, unless they get some cameras over there too.

"But anyway, I believe for the long-term we need to look at this. It's not for the short-term. It's a tool that we are going to have. But what we know is going to happen, we know that the federal dollars are going to be less and less. We know that growth is going to continue, especially on the Westside, which already have bottlenecks. Unless we're going to be moving it to the Windward side. We can have growth over there. There's a lot of room for growth. Maybe we should change some of the plans for the Windward area. Maybe in Kailua. But that's all Mr. Chairman. I'm sorry for joshing. I just want to bring some levity into this very gloomy discussion that we are in now. Thank you."

Representative Cabanilla rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I am in favor of the measure. I realize it's not a very popular measure because it involves paying a fee to use the highways. If you live in my neighborhood, the Oahu Metropolitan Planning Organization 4 years ago said, that not unless there's an alternative to come into town, the commute time during heavy traffic would be two and a half hours. That is difficult to swallow Mr. Speaker, because time is money. I would not want to subject people to traveling to the airport or to town for two and half hours.

"So if I'm a Representative in Kailua, or Kaneohe, on the other side of town, I'd probably be giving the same speeches that they're giving. But since my community is the one that's impacted by this, I have to look outside the box at ways that can relieve our people from congestion. So far, there is none. We talk about the rail. We don't know where it's going. I hope that the rail will solve that congestion. Meanwhile, I have no option but to support the Chair of Transportation in his thinking of solving this problem outside the box. We cannot rely on just one alternative that we don't know whether it's going to deliver or not. We need relief on the Westside. We don't want to raise taxes to pay for new roads, or to improve the budget of the Department of Transportation so we can provide federal matching funds. We don't want to do that.

"There's rhetoric about improving our economy and growing our own infrastructure, and funding for it. Did you see anybody in this Chamber say let's raise taxes so we can have some relief for the people on the Leeward side? No, Mr. Speaker. In fact they will vote more projects, housing developments that would increase congestion. So there's an issue of parity, Mr. Speaker, and since the people on the Leeward side are impacted by traffic, I would like to advocate that those toll roads be on the other side of

town where there are people who can pay more for toll roads. Thank you, Mr. Speaker."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takai rose to respond, stating:

"Thank you, Mr. Speaker. In opposition, still. I'd like to speak on this a little bit. The previous Representative, I understand her concerns. The communities that she represents are heavily impacted by traffic, but I only wish that they would consider where all this traffic is coming through. The communities of Aiea and Pearl City are very special to us. We actually call our community the Heart of Oahu. And those of you who don't believe that need to understand that the H-3, H-2 and H-1 all come through our communities. And if the H's or the freeway system are the arteries, we're the heart. It doesn't make sense to me to take a look at a proposal like this to move people from the Westside to the airport, or to town without taking into consideration the communities that you'll be impacting.

"The fact remains that I don't think we can build ourselves out of this crisis. Those of you familiar with the H-1 project going westbound over Waimalu Valley a few years ago, may recall that, that particular project was less than a mile long and cost \$67 million. \$67 million for a mile-long stretch of concrete. When you talk about a toll road, I'm assuming you're going to go from west to east, west to east right through or above Aiea, Pearl City. You're talking about miles and miles of concrete. And again I say, we cannot build ourselves out of this mess. And I do not believe that toll roads are the solution."

Representative Har rose in support of the measure with reservations and asked that her written remarks, and the remarks of Representatives C. Lee and Ching be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise with reservations on Standing Committee Report 900-12, House Bill 2153, House Draft 1. Once again we are dealing with yet another bill for the establishment of toll roads. I have actually given Floor speeches on House Bill 139, House Draft 2 from the 2009 Legislative Session and on House Bill 70 from the 2007 Legislative Session. The current bill at hand, House Bill 2153, House Draft 1, authorizes the Director of Transportation to impose toll charges on existing highways or construct new toll roads, and provides for agreement with private entities to construct, operate, and mandate toll roads. While I am not adverse to the idea of the Department of Transportation entering into a public-private partnership for the development and operation of roads in Hawaii, I have reservations to the imposition of a toll to be paid by residents of the Leeward coast for use of these roads. Mr. Speaker, I base my reservations on three reasons.

"First, the opening paragraph of HB 2153, HD1 (page 1, lines 3-6) states: "... the operation of toll roads has contributed to controlling the amount of motor vehicle traffic, thus reducing traffic congestion..." If the purpose of the bill is to alleviate traffic congestion on Hawaii's roadways, we need to get cars off the road. Constructing new toll roads will only encourage people to remain in their cars. Imposing toll roads would therefore only add more traffic congestion on heavily used roads.

"A second reason for my reservations to this bill is that this bill would allow for a lease of the toll road to the private entity. There is an inherent danger to privatizing roads because roads are for public use. Events that take place on one road undoubtedly affect other connecting and alternative routes. Toll prices, maintenance and safety standards, and congestion on a toll road therefore have a substantial impact on the number of cars using alternative routes, including local roads and mass transit. Decisions about how to operate and manage these roadways have the effect of creating traffic policy for the State. What may seem beneficial from a narrow profit perspective does not necessarily benefit transportation networks in general. As a result, public control of key toll roads is necessary to ensure coherent statewide transportation planning and policy making. Road privatization in other states shows that private operators' profit motives produce very

different management decisions than government would. Transportation policy should be made according to what is in the best interest of the public, not limited by what kinds of extra payments may have to be made to a private operator.

"A third reason for my reservations to this bill is because of the issue of geographic equity. Geographic equity refers to issues surrounding how one part of the State is treated compared to another. In the case of toll roads to be paid by only residents of the Leeward side, I submit that geographic equity is at hand. Proponents of this bill believe toll roads will work in Hawaii because they have been successful on the mainland. However, Hawaii is not like the mainland in that, on the mainland, those with higher incomes typically live outside of the urban core known as suburbia. Those with higher incomes generally live in the urban core while those in lower income brackets live in Central and West Oahu because the homes are more affordable. Moreover, there is no question when comparing the socio-economic demographics of those from East Honolulu or the Windward side from Leeward Oahu. As such, it is unreasonable to expect residents of the Leeward side to bear the burden of a toll because lower income residents would now be required to pay an additional fee if they wanted to find a faster way to get into town.

"If one person on this island is required to pay a toll, then all people living on this island should have to pay a toll. For these reasons, Mr. Speaker, I rise with strong reservations to HB 2153, HD 1."

Representative Rhoads rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. I'm opposed to both aspects of the bill: both building a new toll road, and also making current highways into toll roads. But I think the construction of a new toll road is especially problematic. I agree with many of the comments of the Representative from the Heart of Oahu. There's been a lot of concern about rail. It's going to be a blight to the skyline. It's going to ruin our environment in terms of the aesthetics. But I would submit that another freeway would be even more of a blight, and would carry a lot fewer people than rail, and it doesn't actually get the people where they need to go.

"Because once you've gone through the Heart of Oahu and you arrive in the 28th District, you cannot build a freeway that goes in to this building, or into any of the Downtown towers. You have to get off on the street level at some point. And while you may be able to get from the Ewa Plain quicker to the off-ramp into Downtown, there's going to be just an incredible traffic jam getting from the end of the freeway into the Downtown area or into Waikiki where most people work. So rail gets around that problem. Rail isn't affected by traffic, and I think rail is really the only viable alternative, but it's certainly a better alternative to a toll road. Mahalo."

Representative Yamane rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm standing in opposition. Just one brief comment, Mr. Speaker. Many of us, many middle-class families, in order to afford their own home, have to be pushed out to places where they can afford it, which is in Central Oahu and the Leeward Plains, Mr. Speaker. Making the toll road suggestion would then emphasize the issue of the haves and the have-nots. So if you're able to afford it, and can pay for this toll road, you'd be able to get to town quicker. If you are like the many struggling families here today who can't afford it, who are struggling to make ends meet, Mr. Speaker, then you'd be stuck on the roads and highways that they currently pay their taxes for. There's a social issue regarding the have and have-nots, and I don't think that's appropriate for this Legislature. Thank you."

Representative Souki rose to respond, stating:

"Thank you very much, Mr. Speaker and Members. First I'd like to say I hope that the rail makes it, too. If the rail makes it, we probably won't need a toll road, for a number of years anyway. I look forward to the rail making it, but unfortunately it seems the mood of the public is changing.

"Now let me put it this way. I've heard all the arguments about why we should not have toll, but I've never had any alternatives other than the toll in the event that the rail doesn't make it. And even if the rail does make it, it will be from Kapolei through Waipahu, and right down to the mall. That's all. Three-fourths of the people will have to stand up. Seniors won't be able to ride. I won't be able to ride it in a few years I would imagine. You might have to take me in my wheelchair or something.

"But when you look at these problems here, and we do have a highway problem because of the density of the traffic. You cannot make believe that there is not a problem. We have a problem where we have difficulty to move. It takes you hours to get from the Westside to here. And unfortunately, it seems the people from the Westside are the ones who don't want it the most. They're the ones who need it. But like a good parent, I'll do my best to, in spite of what the children want to see, that they get what is best for them. Thank you, very much."

Representative M. Lee rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. I would like to say that I don't think toll roads are a good solution, particularly if you look at what happened in Chicago where a whole road was sold. Then the person that owned it kept jacking up the prices. And then if you look at what happened in Texas, there were many toll roads built to nowhere. Those kinds of things are very bad, but I can see having a toll road on perhaps the zipper lane, and then people could choose whether to use the zipper lane or to use the regular road. However, really, the best solution is the rail, including a spur to Mililani in the future. Thank you."

Representative Luke rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise to speak very briefly in opposition. But before I do that, if I could incorporate the words of the speaker from Lanikai as my own. You know all of us, as the Representative from Mililani stated, people live in certain areas sometimes not by choice, but because of the space issue, and because of the availability of housing and where they work. The unfortunate part of that is if you work in town, you have to take the freeway, or take the highway to get to your destination. And unfortunately in this situation, the way that we're trying to deal with the traffic in this situation, is for people who have no choice but to take the freeway and the highway to get to work or to school. It's penalizing people who live farther away as opposed to live close to town. It's a very unfair situation so I would like to vote no."

Representative Cullen rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I oppose this measure because it is a true example of the have's and have not's. Being that people from my District already pay more to drive due to the amount of fuel we use, by allowing people who can afford to go through and use the toll roads would be an unfair disadvantage to those who may not be able to afford it, inevitably causing them to go through traffic. It does not seem like a fair situation and I cannot support the measure at this time."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representatives Takai, Rhoads and Luke also be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ichiyama rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support. HB2153 authorizes the Director of Transportation to consider imposing toll charges on State highways or as a funding source to construct new toll roads. It also provides for public-private partnership agreements with non-government entities to construct, operate and maintain a potential toll road. It would

prohibit toll roads where there is no toll-free comparable alternative route available for use. Finally, it requires a comprehensive feasibility study prior to construction of any toll road project.

"I support this bill because it gives the Department of Transportation another tool to use to help address the serious traffic congestion on our State highways. As the gridlock in Congress continues, it is unlikely that federal highway funding will continue at prior levels. We need to be creative and carefully look at alternative means of financing our highway projects. HB2153 will help us to continue the discussion on how to continue to provide safe and efficient transportation infrastructure while being fiscally responsible. Thank you very much, Mr. Speaker."

Representative Giugni rose in opposition to the measure and asked that the remarks of Representative C. Lee be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Brower rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition and just a brief comment. While I'm currently against this bill, I'm starting to warm up to the idea. Because as someone who chooses to live in town, and maybe have a dwelling not as nice as somewhere further away, why should people like me or my constituents pay for a service we don't use very much? And why not have those who do use the service pay more? This would likely reduce the number of cars on the road and could be used to ensure that vehicles on the road have insurance. I'm speaking to the part of the bill regarding toll charges on existing highways. Thank you."

Representative Awana rose in support of the measure with reservations and asked that her written remarks, and the remarks of Representatives C. Lee, M. Lee and Takai be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Awana's written remarks are as follows:

"Mr. Speaker, I stand with reservations and I ask that I be allowed to adopt the comments from the Representatives from Newtown, Lanikai and Mililani. As the Representative from the Waianae Coast, I have witnessed commuters leaving their homes as early as 4:00 a.m. each morning to drive into the urban core for employment. Mr. Speaker, currently providers are forced to spend time away from families, extra monies on fuel charges and now it is a travesty when we will create additional burdens to those residing in areas where travel is not a luxury.

"Mr. Speaker, driving is a necessity. I too can foresee that toll roads will widen the gap of the haves and those that are without. We can easily say that toll roads are an option. I beg to differ. The population continues to increase and, the lack of proper infrastructure continues to limit the ability for commuters to get to and from work. Financially penalizing hard working residents is not the way support our economy or the working class. For these reasons, I stand with reservations. Thank you, Mr. Speaker."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I am also rising in opposition. You know, I just wanted to clarify that I don't subscribe to, while I am proud of my own district and its strengths. Every district is unique. To dividing things by district, dividing people by category. It's also for all of the people, for all of the State of Hawaii. Are we retaining our quality of life for what we are known, our beauty? There aren't a lot of oil fields around. We have our beauty. That's what we rely on, and it's the health of our people. So when I speak to this issue, I have not a toll road I think, coming perhaps near me. But for all of the people and not just the districts against each other. It's for all of the people that we not have these kinds of solutions that deteriorate our quality of life. Thank you."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise in support with reservations on HB 2153, Relating to Toll Roads. I agree that there is merit in the creation of tolls roads, as they offer drivers a choice in planning their travel routes and offer alternatives to drivers. I do have some concerns, however, that toll roads may adversely impact the most financially vulnerable in our communities and State. The amendment made to this measure that would prohibit tolls roads from being created in areas with no other means for commuting and require that an alternative public access road exist is a good amendment that somewhat mitigates my concerns. For these reasons, I support this measure with reservations."

Representative Pine rose to speak in support of the measure with reservations, stating:

"In support, with some reservations and a brief comment. I do have a lot of reservations that have already been stated. But what I see is that this possible project is for those more rural areas that for whatever reason, this Body has not given the roads that they had really wanted. And because of the cost structure, this gives those rural areas that don't have the same type of favor as other areas throughout the State, just the possibility to expand on new opportunities for them. And if I could have written comments too. Thank you."

Representative Pine's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations on this measure. This bill would authorize both toll charges on existing highways and the construction of new toll roads. I believe we should allow our communities to choose this option for themselves.

"Toll roads would significantly impact the routines and costs of living for drivers all around Hawaii. It should not be at the discretion of government to institute new tolls; rather, members of the communities around our State should have the ability to say that raising funds for roads is their priority."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2153, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TOLL ROADS," passed Third Reading by a vote of 35 ayes to 16 noes, with Representatives Aquino, Belatti, Brower, Ching, Coffman, Cullen, Giugni, Hanohano, C. Lee, Luke, Rhoads, Saiki, Takai, Thielen, Wooley and Yamane voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 901-12) recommending that H.B. No. 2800, as amended in HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2800, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Third Reading by a vote of 47 ayes to 4 noes, with Representatives Fontaine, Hanohano, Thielen and Ward voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 902-12) recommending that H.B. No. 2485, HD 2, as amended in HD 3, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2485, HD 3, entitled: "A BILL FOR AN ACT RELATING TO ELECTRIC VEHICLE PARKING," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 903-12) recommending that H.B. No. 2613, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2613, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Here we go again. Here's another measure to exempt a department, this time the Department of Transportation from our land use and environmental laws. I'm rising to vote against the bill and to deliver some remarks. Thank you. Mr. Speaker if you take a look at that bill, House Bill 2613, and I'll read from the purpose clause. The purpose of the measure is to assist the Harbors Division of the Department of Transportation in more efficiently implementing needed maritime projects by exempting submerged lands within the State Commercial Harbor Systems from the permit and site plan approval requirements as they relate to submerged lands within a conservation district.

"Why on earth would we want to do that? I mean, that just is astounding to me, that as we sit here today in this Legislative Session, this is I think the fifth bill, possibly the sixth where we're exempting State projects and exempting entities from our environmental laws. This just doesn't make sense.

"The bill in its body says, all work involving submerged lands used for State commercial harbor purposes shall be exempt from any permitting and site plan approval requirements established under Chapter 183C for lands in a conservation district. It just doesn't make sense, Mr. Speaker. I don't know. I'm sorry, I mean, I keep looking back to what the Democrat Majority set forth thirty to forty years ago in our State, and what they set forth to say that we need to protect Hawaii's environment. They recognized the importance of Hawaii's environment. They didn't say, 'Oh well. It's okay to exempt this or exempt that.' They said there's a process you can go through. If the project can be legitimately done meeting that process, then it will go ahead. But to just sit here and with bill after bill saying we're going to gut our environmental laws and exempt things. I don't know where people are coming from. I mean, I don't think it's a generational thing.

"I know I was fighting the Department of Transportation on the stop H-3 case about thirty years ago. Actually that, I was involved in that case for 12 years, and it was because the Department of Transportation made bad decisions and didn't follow the environmental laws. So we stopped the project in the courts, and then our senior Senator went to congress and said to exempt H-3 from all laws, and Congress did."

Representative Chong rose to a point of order, stating:

"Point of order Mr. Speaker. That has nothing to do with the bill. This is talking about harbors."

The Chair addressed Representative Thielen, stating:

"Representative Thielen, please confine your comments to ..."

Representative Thielen continued, stating:

"That wasn't an underwater project, but it should have been, Mr. Speaker. This one deals with the Department of Transportation and that is the department that is in this bill. So the Department itself has a history of not complying with environmental laws. So then we come up with this saying, 'Okay, we'll exempt them.' And it just does not make sense, Mr. Speaker.

"If there were some legitimate reason for health, safety or emergency, there are procedures for that. And those procedures even then can be followed. But to just do this wholesale for a department that has been known, well certainly for 30 years during those 12 years, we kept winning in the court because the Department of Transportation was violating environmental laws. Now we say 'you're exempt,' and I vote no."

Representative Souki rose to speak in support of the measure, stating:

"Yes, thank you. I speak very strongly in favor of this measure. And let me add that I believe the example that was given by the Representative of Kailua, that project took more than 12 years to work on. The project was

supposed to be finished in 3 years. I think that justifies all of these exemptions here.

"The road that was supposed to cost approximately \$350 million came up to over one billion and a half dollars. And it took many, many years. There was a suit every other square mile on the property. If the Representative from Kailua is proud of that, then we should be extremely careful, because other projects will follow a fate similar to what we had with H-3. It should not have lasted that long. It should have gone only for 3 years. They should have had to save the State a lot of money, but in fact we lost a lot of money there and yet, the party for the suit who made it possible for us to lose a lot of money is proud of that fact. I would be feeling very sorry for the State if I caused the State to lose so much money. Thank you, very much."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. My second time, and I'll respond to the Chair of Transportation. Mr. Speaker, violating our strong environmental laws is no excuse. And I know the speaker would like to fast track all of the Department of Transportation's projects. Now maybe that's for next year's bill. DOT doesn't have to follow any environmental laws, and is exempt. That's basically what Senator Inouye did in Washington DC so H-3 could be built. Now are we going to take that kind of an action here to say, 'DOT, you're exempt. Don't worry about the environmental laws. They're a nuisance. They kind of get in the way when DOT wants to go ahead and do a project.'

"So there's a way to deal with that. Exempt them. Don't have them go through the normal process which if they follow it and did it correctly, generally their projects can go ahead. Unless they really would be devastating to our environment and then on the sake of your children and your children's children, I would hope then that the Department would be stopped. So I don't agree with the Transportation Chair at all. That environmental laws are inconvenient. I think environmental laws are there so we preserve what we're interested with for future generations."

Representative Souki rose to respond, stating:

"In rebuttal, Mr. Chairman. I just want to go on the record that I'm not opposed to the environmental laws. I think it's very necessary for the people of the State of Hawaii. What I am concerned about is the abuse of environmental laws. Thank you."

Representative Riviere rose to speak in opposition to the measure, stating:

"In opposition. Very briefly. I just want to reiterate, that this is one of many bills today that seek little exemptions. Little exemptions add up to a lot of exemptions. Environmental laws are there for a purpose. All states have environmental law. All states have a Departments of Transportation. We've got to fix it. Scapegoating environmental law is not the solution to fixing systems that aren't working properly. We need to follow the law or else we get into court and we get busted. And things cost more when we do it wrong. So let's do it right the first time.

"In just about every case, in fact in testimony in Finance the other day, the Department of Transportation testified that yes indeed there are many times when the environmental studies give them added insight and it prevents them from making mistakes. The product's ultimately better. So it's better to do it right the first time. Measure twice, cut once. Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Yes, I just would like to note my strong reservations with written comments."

Representative Pine's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations on HB 2613. This bill would exempt the Department of Transportation from the approval requirements needed to protect our fragile environment. I'm concerned that

it would give the Department too much discretion and bring unintended consequences. Economic development is important but we do not have to choose between a healthy economy and a healthy environment."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'm voting with reservations. This is a wholesale exemption and I think it should be narrowed. Thank you."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise in support with reservations on HB 2613, Relating to Harbors. While I do believe it is important to pursue responsive development in our communities and I do believe we must put forth our best efforts to identify and meet the needs of the people of our State, I have concerns about exempting a State Department from the permitting and approval process as it pertains to harbors. I believe there may be more responsible and effective ways to work with lands in our conservation districts, and for these reasons I vote in support with reservations on this measure."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2613, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Third Reading by a vote of 45 ayes to 6 noes, with Representatives Ching, Fontaine, Hanohano, Riviere, Saiki and Thielen voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 905-12) recommending that H.B. No. 1726, as amended in HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1726, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 906-12) recommending that H.B. No. 2121, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2121, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, in opposition of this bill, Mr. Speaker. What this bill does is it prohibits government agencies from contracting with private energy providers that claim renewable energy technologies tax credits. And the reason I'm against this, I understand the purpose and the intent is that right now there are many schools statewide whose energy systems can no longer hold energy capacities that it needs. So they either rely on us to redo their whole school and upgrade their electrical systems there, or they can be creative and partner with private entities that can provide renewable energies to combine with energies they're using now.

"So I'm hoping that as we go through the process we can exclude some of those situations so that we allow our schools and other agencies to be very creative with the taxpayer money."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Thielen's written remarks are as follows:

"Mr. Speaker, I rise in opposition to HB 2121 HD2. This bill would prevent government agencies from signing power purchase agreements with private companies that install renewable energy systems. Instead, the State would buy its own renewable energy systems by issuing general obligation bonds. This is a completely misguided approach.

"Power purchase agreements with the private sector have many benefits, such as fixing electricity rates over the lifetime of a contract. By stabilizing utility costs, government agencies are protected from rising oil prices.

"Also, if the State owned the installed renewable energy systems, then the State would be responsible for any repairs after the warranties expire. Under power purchase agreements, private companies would pay for repairs.

"HB 2121 is strongly opposed by government agencies such as the Department of Business, Economic Development & Tourism (DBEDT), University of Hawaii, Department of Education (DOE), and the Counties of Honolulu, Maui, Kauai, Hawaii. It is also strongly opposed by the Hawaii Renewable Energy Alliance, Hawaii Solar Energy Association, and Hawaii PV Coalition.

"Mr. Speaker, in their testimony DOE testified that HB 2121 would significantly delay installation of photovoltaic systems at public schools statewide. They also stated that the installation would cost about \$160 million in general obligation bonds. The annual debt service on bonds would offset any energy savings.

"Power purchase agreements, on the other hand, would reduce DOE electricity costs by more than 50 percent at today's rates. DOE would realize these significant savings with no up-front costs to the State.

"Not only would HB 2121 waste tax dollars, it would greatly harm green energy companies. The State should do all it can to support renewable energy industry, not harm it with ill-conceived legislation.

"I urge my colleagues to join me in soundly defeating HB 2121."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, with reservations. Because I don't believe GO bonds should be used for tax credits."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2121, HD 2, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Third Reading by a vote of 45 ayes to 6 noes, with Representatives Fontaine, Hanohano, Pine, Thielen, Ward and Wooley voting no.

At 2:11 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2806, HD 2
H.B. No. 2153, HD 1
H.B. No. 2800, HD 1
H.B. No. 2485, HD 3
H.B. No. 2613, HD 1
H.B. No. 1726, HD 1
H.B. No. 2121, HD 2

At 2:11 o'clock p.m., Representative Souki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:13 o'clock p.m.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 908-12) recommending that H.B. No. 2326, as amended in HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2326, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Fontaine and Marumoto voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 909-12) recommending that H.B. No. 2417, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2417, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against this bill. Mr. Speaker, what this bill does is severely restricts the tax credits that would be available for your average homeowner to put in photovoltaic systems. It moves it from a per-system to a single tax map credit for one TMK. This means that if a family has maybe five children, six children, and they have more roof space because of the need of that family, they would get one tax credit for that photovoltaic system on their roof, where they would really be putting in, possibly, two or three systems. What it does is it stops people from going ahead, and leaves it available for the millionaire homeowner. But your homeowner that could stretch a little bit and be able to put in a photovoltaic system under this bill, they no longer would be able to do that.

"Let me tell you a little bit about the impact that this could have. By the year 2010, a couple of years ago, 4,336 renewable energy systems were installed statewide under this program, the Utilities Net Energy Metering and Schedule Q Program. That growth is huge when you stop to think about that. Huge both in that the solar and photovoltaic industries are one of our largest and fastest growing systems within this State. This means good-paying jobs for local people. This bill is a job killer. It's going to stop dead in its tracks, the increase of the use of photovoltaic systems.

"Now maybe some companies misuse the system. But the companies that I have talked to, your credible mainstream companies, were doing this not to gain a tax credit. They were doing it because that project legitimately required more than one system to make it run and to make it be effective. And if we do this as a job killer, it's even larger than that, because what it does is, it slows down our progress to get off of fossil fuel.

"Earlier in debate during this session, I talked about the article titled, *Oil's Tipping Point has Passed* and I'd like to just refer briefly to a comment that the authors made, James Murray and David King. I will quote again: Governments that fail to plan for the decline in fossil fuel production will be faced with potentially major blows to their economies even before rising sea levels flood their coasts or crops began to fail catastrophically.

"And then they say: The solutions are not secret or mysterious. They include redirecting tax credits toward renewable energy development among other things. And instead with this bill, we're ignoring that wise advice and we're taking away the tax credit that your average family may be able to use to be able to put up photovoltaic. We're leaving the single TMK tax credit for the millionaires that are saying, 'We can put it in. It doesn't matter. The tax credit is not really relevant to us.'

"So I'm very sorry to see it's moved forward. I know it was proposed by the Majority Leader, but that doesn't mean we have to pass it. And I would ask people to rethink their vote. Thank you."

Representative Ching rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition and I ask that the words of the Representative of Kailua be entered as my own. I wanted to read from some testimony by a company, by Sunetric, Darin Nakamura said this. Sunetric employs about 140 employees here on Oahu, Maui, Big Island. That being said they oppose this, for while they are aware this bill seeks to

address concerns among public officials and members of the public regarding the use of the Renewable Energy Technologies Income Tax Credit, the solar industry has grown up around the current system and has implemented various forms of guidance provided by the Department of Taxation.

"For the residential customer, the change envisioned by House Bill 2417 is too abrupt, and would disrupt the market to a significant degree. In the commercial market, the change will undermine utility scale projects that have been in development for as much as five years, and rarely less than three years, and that have financing assumptions based on project specific letter rulings.

"It's not good for our residents. It's not good for business. We're one of the only states in the entire United States that has geothermal, that has solar, that has wind, and has wave. Yet our people suffer the highest rates in the nation, and this affects our rating for business. We are second from the last in business according to *Forbes*. According to *Forbes* only Maine is more onerous to do business. So when we're looking at revenue producing. How do we pay for roads? How do we pay for things? We must consider the whole, and our actions affect everything. Thank you."

Representative Takai rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Thank you. And I do appreciate the words of the Representative from Kailua. In fact, after we last had this conversation on Second Reading, I took a look at the measure a little further and she's absolutely right. The most problematic piece of this legislation right now is the TMK or the tax map key. That provision is actually a job killer. I'll give you one example, and there are many more.

"But what this bill says, is that if you should choose to sell your house after putting up a PV, the next owner cannot take a tax credit even if the owner wants to add or put more photovoltaic panels on the house. I don't think that's right. The other thing is that there are some places in our State that have one tax map key for a number of different residences. I'm pretty sure Mr. Speaker, that you're very familiar with it in your area.

"We do have some in Aiea, and that's problematic because with this bill, every single person in that one TMK, and it may include as many as in some cases, I think there's like 50 houses in one TMK in Aiea. That means only one person can take advantage of this \$7,000 tax break and everybody else unfortunately, can't. However, I'm going to say this, and I hope people understand it. I don't think that when we set up this tax credit that we ever anticipated people putting up multiple systems and taking multiple credits when they put up these systems.

"What's happening right now is wrong and we need to fix it. What's happening is, it's a \$5,000 tax credit per system according to the HRS, and companies out there are creating systems, systems with an 's,' on homes. Some as many as four systems and they're taking four separate tax credits. That type of abuse has to end. I don't know whether we create a phase down percentage, or we stick to describing a system in law so that there is no ambiguity. But something must be done to address that particular problem. Thank you, Mr. Speaker."

Representative Ward rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. Mr. Speaker, I think we have to look at a little bit of history in trying to get solar water heating, not even sophisticated PV, on the roof. For 25 years we had a number of incentives and guess what percentage that we actually have installed solar water heater. About 25, maybe 27%. So with the incentives in place, we still couldn't get people to heat their water by their roof.

"Now with PV we are just now starting to climb with the green jobs, just starting to get the consciousness to go PV and we'll incentivize it. I know a lot of the people are going to stand up likely shortly to say, 'You know, this is a \$40 million proposition.' Well look at the amount of money that we ship out in terms of petroleum, \$5 billion plus per year. So pennywise and pound foolish. We say let's cut it off while it's growing, while the stalk is growing the fastest. Cut them down. Mr. Speaker, I say eventually we have

to do this, but for now let the industry flourish. Let it blossom. Let it rise up. Get that stuff on the roof. This is what Hawaii does best.

"This is what my colleague from Liliha says. Play to your strengths. Do what you got best. You got sun that blesses us, except for this Super Tuesday, dark day and storm that we're going through. But this is what we do best. We should be the national leaders and the world leaders in PV. This is a goose to get us going. Why stop it now? It's pennywise. It's pound foolish. It's untimely. Let the industry grow. And then let's clamp it down, but not now. Thank you, Mr. Speaker."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I guess let's start first with what the bill says. So the first part of the bill is, we actually increase some of the threshold amounts, especially for solar water heaters. So this Renewable Energy Tax Credit talks about essentially solar water heaters, and what they call other than solar, which is PV, and wind. The solar water heater went from \$2,250 and \$2,500 because we want to encourage more people to install solar water heaters. Anybody you talk to, anyone in the industry, no one will disclaim, even the PV people. Dollar for dollar, a solar water heater is the best 'bang for the buck,' not just for the consumer, but for the taxpayer who's going to subsidize it. So that's the first thing we did.

"Second, we changed the amount from \$350 to \$1,000 for a multi-family unit. Right now, if I live in a townhome, I can only get a \$350 credit. We did the same in the PV section. Why, if I'm a taxpayer and I live in a townhome, why am I restricted to \$350? But just because somebody lives in a single family home, they get \$5,000 per system. I mean, if you want to talk about the original law. So some of the things we tried to do were to fix the inequities.

"The second part of when we talk about other than solar energy systems which is PV. We worked with the industry and they actually came back with an answer. We said, 'Okay, if it's not \$5,000 per property, what is it?' Now they came up with a much higher amount, and we kind of met them in the middle. We ended up with \$7,000.

"By the way, if you look at the DBEDT statistics on PV systems, the average for a family is 4 kilowatts. A 4-kilowatt system costs approximately \$25,000. One credit is \$5,000 per system because it's difficult to build for such a small system, multiple systems. According to DBEDT, the actual effective rate of the tax credit is only 17%. So people who buy the average size normally do not get to claim the high tax credit amounts. So what this bill will do, is help them to get closer to the thirty-five or twenty-four and a half, depending on which way they go on their tax liability.

"What we also did is we said that we will continue to subsidize commercial and more importantly, independent power producers. Right now we have a system that subsidizes at 65% and yes, this creates jobs. But I'll bet you, I can find any industry and throw a 65% tax credit at them, and they will create jobs. The question is, is it wise for the taxpayer? I mean, we're just trying to be fiscally responsible and we thought both sides of the aisle wanted to be fiscally responsible.

"Right now, I have possession of a quote from various solar companies. What they do is, they up-sell to someone. 'You know what? Buy a 9-kilowatt system. Ah, that's okay. There's only two or three of you. Maybe your parents are going to move in. Maybe your kids are going to move home. Who knows? Because you know what? Instead of buying the 4-kilowatt system at \$2,500, for maybe \$5,000 I can get you double the kilowatt. And by the way, I'll structure it so instead of getting one credit, you'll get three more.' I have documentation and that's what these people are doing.

"In addition, people have to remember that this credit and this system that we have, the PUC limits intermittent power to 15% of the grid. That means, on average, only 15% of ratepayers will be able to benefit from this tax credit."

Representative Say rose to yield his time, and the Chair "so ordered."

Representative Chong continued, stating:

"Thank you. It is 15%. Now on a case-by-case basis, the PUC will allow you to go higher on the grid, but it's a case-by-case basis. Because I'm assuming that most taxpayers are not just Hawaii State resident taxpayers. They're also federal taxpayers. Now 85% of us are going to subsidize 65% of the cost for 15% of the population. You tell me if that's fair. And that's why we went the route on expanding on the power generation side. One, because it is way more cost effective to build a 5-megawatt system than it is a 4-kilowatt system. And two, what it does is, if we all have to subsidize a project at 65%, we all get to benefit.

"People talk about the middle income class not being able to afford this. This will help them because the \$7,000 will help make it more affordable. And by the way, let's remember. You still have to front the money. So it's going to be for people who can front the money, or end up in a very expensive long term lease.

"People have to remember that this was never meant to be an open-ended tax credit where people can take three to four credits. One operator even admitted, eight. He knew people who were selling eight credits for a residential unit. That's \$40,000. At a time where we kicked off 2,000 people from Medicaid, and we cut services, there's no limit on this tax credit? These people don't have to come back like the Departments of Education, Human Services, the University of Hawaii. Is this important for us to continue? Absolutely. But I ask my colleagues to look at the bigger picture and support the continued discussion, not just for the few 15%, but the other 85%."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. I know, my second time. This is playing right into Hawaiian Electric's hands. And for those of you that don't recognize that, I ask you to look at it. Hawaiian Electric owes a duty to its shareholders, a fiduciary duty. They need to make money. They don't like the fact that homeowners are able to get their power from the sun through photovoltaic systems.

"Solar is nice. It gives you a hot shower if the sun is shining. Photovoltaic will take you down to like a \$20, \$30, \$40 utility bill a month and Hawaiian Electric hates that. They will do anything they can to stop that, because they owe a fiduciary duty to their shareholders to give their shareholders a profit. I hope everyone in this Body that owns Hawaiian Electric stock discloses that with the Ethics Commission.

"Then I go on to say, Mr. Speaker, photovoltaic saves the use of fossil fuel. It really reduces the use of fossil fuel, and that 15% restriction is arbitrary. That plays into Hawaiian Electric too. And the longer they delay on upgrading the grid system, it benefits them, because every time your barrel of oil ..."

Representative Chong rose to a point of order, stating:

"Point of order. We're talking about a tax credit."

Representative Thielen continued, stating:

"We are. Every time that barrel of oil increases in cost. You pay for it. Your constituents pay for it. All ratepayers pay for it. Hawaiian Electric doesn't share any of that responsibility. They pass it right through.

"So the tax credit is important. The tax credit is critical to allowing people to put the photovoltaic systems on their homes. Commercial is nice, that's fine. That doesn't do anything for your neighbors in your district. Photovoltaic does. And allowing the tax credits is what makes it feasible for your neighbors and all of our neighbors to be able to put that in. And by passing this bill, we're playing right into Hawaiian Electric's hands."

Representative Ching rose to respond, stating:

"Mr. Speaker, still in opposition. I wanted to just respond to the comment on fiscal responsibility. If you own a business, there are two kinds of things you need to look at in Economics 101: short term, and long

term. I don't think anyone in the big picture can say that Hawaii, the average, our average person here, our local people, the majority are on alternative energy. We're not there yet. We're far from it. We're still suffering high rates of electricity cost. So there may be some people who are not doing the right thing. We need to get those out. We need to solve that problem.

"But in the big picture, to speak again to the schools, to the schools in my district, to the PTSA meetings I've attended. I shall never forget when all their budgets of the schools were thrown off, not long ago, by high electricity costs. Thrown off, big time. The schools, all the budgets, because of the cost of electricity, of oil. We're always, like terrorists. We're always going to be vulnerable to that again. Second class citizens to the cost of oil. Not free. When actually we have so much alternative energy. So when I say 'big picture,' what I'm saying is, until we get to the point that we will have to put away like we put away for college education. Long term. It's not yet. The baby has not yet taken flight. When she soars, then yeah, Then we can take it away."

Representative Souki rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker. I wish to speak in favor of this measure, and I wish to disclose that I own some shares with Hawaiian Electric," and the Chair ruled, "no conflict."

Representative Souki continued to speak in support of the measure, stating:

"And if I can proceed. No conflict of interest? Thank you. I believe the Representative from Kailua was waiting for a ruling if there was a conflict, but there is none. But I tell you where the conflict is. The conflict is in opportunistic business people who overcharge for the photovoltaic. The opportunistic contractors who overcharge. So you have a minority that can afford a \$30,000 and \$40,000 system on their home. Where the great majority who can't afford that end up paying increasing rates, electrical rates, because of the revenue loss. This is what is happening now. And in some respect I'm very glad that this bill is trying to make some adjustment along this line. Thank you, very much."

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'd like to ask that the words from the Majority Leader be inserted into the Journal as if they were my own. Mr. Speaker, and just to add on the Transportation Chair's comments. If you look at this, when you do get all of these tax credits, and when people do put in all of these systems, who are the people that are going to be putting in the systems? Who are the people that are going to be putting in all of the systems? They're the people who can afford to do it. The people who can't afford to do it, they're going to be ending up paying the higher electrical rates. And that's what the problem is with this.

"We're not stopping the tax credit. We're just trying to level it off so it's fair for everyone. So I ask Members to consider that, and I'd also like to disclose, Mr. Speaker, that I do not own shares in Hawaiian Electric. Thank you."

Representative Ward rose to respond, stating:

"Thank you, Mr. Speaker. I don't want to talk about 'roof envy' or 'class envy.' I want to talk about some statistics that I think were missing. We're getting caught up in looking at the trees and missing the forest. My colleague already said that the 15% is a false ceiling. It's definitely a false ceiling because it's made a lot of fall asleep, missing the point, that if you look at the renewable energy on the grid on Oahu, it's 3%. Repeat, 3%.

"We are barely out of the foothills, Mr. Speaker. We have not declared a victory even though we have cut these incentives out. Do you think at 3% we're actually going to grow? The 15% is an artificial deadline and in fact, if we can't get beyond 15%, we ought to quit right now if that's where renewable energy is going on PV. This is a misleading statistic, but the bottom line is 3% of our renewable energy is PV. We've just started the race, and now we're going to pull the plug on it. Thank you."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2417, HD 2, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Third Reading by a vote of 40 ayes to 11 noes, with Representatives Belatti, Ching, Fontaine, Hanohano, Luke, Saiki, Takai, Takumi, Thielen, Ward and Wooley voting no.

Representatives Oshiro and Yamashita, for the Committee on Finance and the Committee on Legislative Management presented a report (Stand. Com. Rep. No. 910-12) recommending that H.B. No. 2524, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committees be adopted, and that H.B. No. 2524, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Tokioka rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I'd like to ask for a ruling on a potential conflict. In my private job I work for Oceanic Time Warner Hospitality Class. Thank you, Mr. Speaker," and the Chair ruled, "no conflict."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations, and I would like the comments that I gave on Second Reading, entered into the Journal for Third Reading," and the Chair "so ordered." (By reference only.)

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.B. No. 2524, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE REGULATION OF TELECOMMUNICATIONS AND CABLE TELEVISION SERVICES," passed Third Reading by a vote of 51 ayes.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 912-12) recommending that H.B. No. 1753, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1753, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Kawakami rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Kawakami's written remarks are as follows:

"This is a measure that would protect those who we put in charge of protecting our most precious resources. Our lifeguards protect our *keiki*, our *kupuna*, our *kamaaina*, and our *malihini*. They protect our tourist industry and they are stewards of our island resources.

"On the Island of Kauai, we have County lifeguards that are in charge of protecting a State beach park in Ke'e. This measure protects our lifeguards and gives them liability protections. Without this protection the counties may not be able to bear the burden of potential lawsuits and may remove lifeguards from our beaches. If this happens there is no doubt that lives may be lost.

"My wish is that as we move forward, this measure will be amended to protect our lifeguards in perpetuity instead of just pushing back the repeal date."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1753, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LIABILITY," passed Third Reading by a vote of 51 ayes.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 914-12) recommending that H.B. No. 2593, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2593, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY RULES FOR THREATS TO NATURAL RESOURCES OR THE HEALTH OF THE ENVIRONMENT," passed Third Reading by a vote of 51 ayes.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 916-12) recommending that H.B. No. 679, as amended in HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 679, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS," passed Third Reading by a vote of 47 ayes to 4 noes, with Representatives Hanohano, Luke, Rhoads and Saiki voting no.

At 2:43 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2326, HD 1
H.B. No. 2417, HD 2
H.B. No. 2524, HD 2
H.B. No. 1753, HD 1
H.B. No. 2593, HD 2
H.B. No. 679, HD 1

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 917-12) recommending that H.B. No. 2611, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2611, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to vote against the bill, and explain why. Thank you. Mr. Speaker, this bill relates to Environmental Impact Statements and once again, we are exempting an agency from the EIS requirements. Let me just read you a section, the findings and purpose from 1979.

The Legislature finds that the quality of humanity's environment is critical to humanity's well being, that humanity's activities have broad and profound effects upon the interrelations of all components of the environment, and that an environmental review process will integrate the review of environmental concerns with existing planning processes of the State and counties and alert decision makers to significant environmental effects which may result from the implementation of certain actions.

The Legislature further finds that the process of reviewing environmental effects is desirable because environmental consciousness is enhanced. Cooperation and coordination are encouraged, and public participation during the review process benefits all parties involved and society as a whole.

"It is the purpose of this chapter 343, which is the subject of this bill, Mr. Speaker, to establish a system of environmental review which will ensure that environmental concerns are given appropriate consideration in decision making along with economic and technical considerations. 1979.

"Introduced by Senator Stanley Hara, Senator Dante Carpenter, Senator Wadsworth Yee a Republican, Senator Mamoru Yamasaki, Senator Henry Takitani, Senator George Toyofuku, Senator Dennis O'Connor, Senator Norman Mizuguchi."

Representative Souki rose, stating:

"Mr. Speaker, are we having a history lesson here?"

Representative Thielen continued, stating:

"Thirty-three years ago. And so what do we do today in this Body? Ignore what they did. Ignore what they set up. And put in a bill that will exempt the Department of Transportation from certain actions. Why are we doing that, Mr. Speaker? I spoke about the Department of Transportation a while ago, that for 12 years they couldn't proceed with an interstate freeway project because they couldn't follow the law.

"So, now we're saying that law is inconvenient. We'll exempt them. So once again, the DOT, the poster child for bad planning and bad projects that harm our environment comes in with an Administration bill, a Governor sponsored bill, House Bill 2611 and says, 'Give us an exemption from the environmental law that was set up a third of a century ago by these leaders: Hara, Carpenter, Yee, bipartisan leaders, Yamasaki, Takitani, Toyofuku, O'Connor, Mizuguchi. And so we know better, so we can stand here and say we don't need to follow those environmental requirements. Department of Transportation, because you're incapable of complying with the environmental requirements, we'll exempt you, or because it's inconvenient.

"This is a sad day, Mr. Speaker. How many bills have we had today, gutting the environmental procedures and laws that were put into place a third of a century ago. And do you think that we don't need those requirements and those protections for Hawaii's environment? What do your children say? What will your grandchildren say? How do we answer them when we turn around and say, 'Well gee, it just wasn't convenient. So we're going to give them an exemption.' It's a sad day, Mr. Speaker."

Representative Evans rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. Thank you. One of the things I think that all of us heard listening to the television is we have so many regulations on the book. Why in the world has government grown so much? Why is it so complicated to actually do business? And people have really, really criticized us all in making things so difficult. But when I reflect on what the previous speaker said, she paints this really broad picture of the Department. What I would like to say to the audience and people that are paying attention to this particular bill is it's not about the entire Department. It's not about exempting. It's like this broad brush.

"I think that the Chair of Transportation and the Finance Chair worked really hard to narrow this and to make it so tight that we would not get criticism for trying to bypass our environmental regulations. I believe our colleagues, I believe the Chairs, they understand the importance of the environment. I just want to put on record what this bill is really about.

"The agency, which is the Department of Transportation, may exempt a secondary action that is limited, limited to the installation, improvement, renovation, construction, or development of infrastructure within an existing public right of way. I want to say existing public right of way, or highway. Provided that the primary action requires a permit or approval that is not, not subject to discretionary consent.

"Clearly, when you put in a public right of way or a highway, you are required to do Environmental Impact Statements, and Environmental Assessments. You jump through all kinds of hoops to put in highways. This is about existing public right of ways or highways. So, I just want to point out that this isn't a broad exemption as I believe the previous speaker was implying. Thank you."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. Taken by itself you might be able to say, 'Well, okay. We're going to look at this as somewhat narrow.' But if it is so narrow, and it's such a *manini* kind of a thing, the Department of Transportation could go to Environmental Council. A number of years ago I served on that body, Mr. Speaker. We have categorical exemptions for projects that are *manini* with really infinitesimal environmental impact. They don't go to the Environmental Council. They come to the Legislature to say, 'Give us a broad brush exemption.'"

"But Mr. Speaker, even more important, that broad brush exemption includes construction. Maybe it is an existing right of way. But when you're talking about what does that right of way go over? What is it impacting? What water table is it above? What's going on with that? So it's not so *manini* or so unimportant. And besides that, they have a way to go to the Environmental Council to do it properly. But they don't want to, because they come to the Legislature figuring they're going to get a free ride, a free pass. But Mr. Speaker, more importantly, this is not the only bill."

"Today we have seen a gutting of a number of environmental protections that have been in place for decades. We're seeing exemption, after exemption, after exemption. When all of a sudden, Mr. Speaker, you poke holes in a bowl, pretty soon the water in that bowl becomes a flood going out the bottom, washing away our environmental laws. So it is as I said, a sad day here, Mr. Speaker. I don't think anyone should be proud to think and go home, and go home and talk to school children and others in the community to say, 'We're your environmental stewards.' Well, guess what? The environmental stewards were those names I read, those, primarily men, I believe one woman, that I read today in the different bills, discussing the different bills. Those were the environmental stewards. Today, we're the ones that are harming what they put together."

"DOT does not need this bill. DOT has a process it can follow. The Environmental Council has said that. They know darn well they could follow it. And if you want to know what held up H-3 for 12 years, it's because they refused to follow the process. And they could have. They're doing it again today, but they've learned a fast track. They don't have to go to United States Congress. They just come to this Body and they say, 'Exempt us from the law.' I won't vote for something like that, and I hope my colleagues won't. Thank you."

Representative Kawakami rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I think that this measure is a good example of something that has struck the right balance. Because you can see, at the beginning of the measure, we had concerns from OEQC. As it went through the process of Committee meetings and it got amended, we got the support of OEQC. In fact, we had testimony come in from an organization that represents developers in opposition to the latest draft."

"Now this is all, I think, ways to address the symptom. As we get frustrated by projects that may be moving along too slowly because of the permitting process and the layers of government it has to go through, the one thing I didn't hear was that we may be frustrated at that, but there are people out there that are reliant on going out and building things, and on getting projects completed. Blue collar workers that are sitting on the bench and they are frustrated because they have no income to bring home to their families. And so, this is all a symptom, I think, of the overall problem that we're trying to address. So how do we address it? We cannot keep on saying no. Do you want to increase taxes so we can build up a work force so we can move these permits along faster? We cannot keep saying no."

"I believe that this is a measure that strikes the right balance, and it's very apparent in the testimony that came across through OEQC. Thank you, Mr. Speaker."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just wanted to add to the remarks of both the Representative from Kauai and the Floor Leader. This is a very narrow exemption. It's for secondary projects and for right of ways. Both DOT and the OEQC supported it. This is for projects like driveways. It's not a very broad one. And actually it's similar to the predecessor in which we passed, Act 87 in 2009 under the Lingle Administration."

"The Legislature finds that the Department of Transportation is requiring a determination from OEQC for secondary actions that are clearly exempt from the Environmental Assessment requirement under the Department's own rules. As a result, the Legislature further finds that the OEQC is overwhelmed by a number of requests from the Department for action reviews which has created unnecessary delays for actions that would clearly be exempt from the environmental assessment requirement."

"This is so OEQC can focus on the real big projects and the projects that need a thorough review. And similar to what the Representative from Kauai said, we sometimes talk about this stuff in silos. Like this is the only project government runs, and it's the number one priority. Well, you know what folks? We have a lot of top priorities. It isn't the only one. And unless somebody's willing to introduce a bill to raise the fees, which some people are set against, or taxes to pay for it, then they should just ... Well, I won't say. I'll just ask the Members to support the bill. Thank you."

Representative Ching rose to speak in support of the measure with reservations, stating:

"I rise with reservations, and I ask for written comments to be inserted into the Journal. But I think that, though I don't perhaps speak for the Representative from Kailua, what she did point out in her comments on the Floor is how this was one more bill in a slew of bills, which is very possibly perceived as a theme. A theme. Thank you."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations on H.B. 2611 – Relating to Environmental Impact Studies. This bill temporarily amends Chapter 343, Hawaii Revised Statutes, to clarify current exemptions for secondary actions limited to development within existing public right-of-ways or highways. It requires that applicants prepare environmental assessments when required."

"While I generally support measures that free up time and prevent unnecessary delays, I am concerned that H.B. 2611 contains problematic language. Minor roadway improvements are already generally exempted from environmental reviews. This bill defeats the purpose of the exemption, and is not an exemption at all. It would more than likely open the door for lawsuits. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2611, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL IMPACT STATEMENTS," passed Third Reading by a vote of 48 ayes to 3 noes, with Representatives Hanohano, Riviere and Thielen voting no.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 918-12) recommending that H.B. No. 2760, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2760, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TRAFFIC SAFETY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 920-12) recommending that H.B. No. 1694, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1694, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ching rose to speak in opposition to the measure, stating:

"Mr. Speaker, I've spoken on this measure before, so I'll keep it brief. In opposition, still. This bill requires the collection of the Use Taxes by sellers who make sales through internet linked websites. And despite whatever you want to call this bill, it's still a collection to me, of taxes on a consumer.

"Maybe I should have a conflict of interest. I do buy things on the internet," and the Chair ruled, "no conflict."

Representative Ching continued, stating:

"I often buy things on the internet because you can't find everything in Hawaii. So to me, I have always been a supporter of choice, merit, and quality for our people. That if you can't find something in the stores here, that you can go online. Sometimes you have to do that in a State that's far away from any other land mass. And so in its attempt to level the field of business, you know it's going to be still at a cost to our people. And just a reminder once again, we do pay postage on it. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to the measure. I rise in opposition to the \$250 million tax increase that this is going to put on the backs of our constituents. I know it's called a Use Tax. In fact, if you look at the Use Tax and its history of probably 30 or 40 years ago, probably this Legislature would never pass such a thing, because it's not implementable. That's basically what this is. It's an end run to implement something that was not actually operationable, which generally you can't get through a Committee here nowadays if something is not practical and able to be implemented. I know if anyone stands up in opposition, they're going to say, 'Let's level the playing field with the brick and mortar for Hawaii because we need to have an even playing field.'

"Mr. Speaker, the response to that is, every small, large, medium-sized firm in Hawaii has access to the world through the internet. All we need to do is get them online and they can start selling to the rest of the world. We've got the best brand name in the world. We've got the best products that we can sell. So when we say we have a disadvantage to the mainland, why would we not take advantage of this ability to sell all over the world and not have to pay taxes?

"So it's a two-way street and we're only emphasizing one side. But the bottom line is, this is a money grab for the pockets of the people of Hawaii to the tune of \$250 million if it passes. And that's why I'm voting no. I hope everyone votes no to protect their constituents who shop online. Thank you."

Representative Choy rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support of this measure. This is the third year I'm putting this measure in. What I'd like to do is, I'd like to just read a sentence from a letter I received from the Deputy Director of Taxation, Randolph Baldemor. This statement says, 'As stated during the hearing, on HB 1694's language facilitates the collection of taxes relating to remote sales, but does not create a new tax.'

"And I'd like the rest of this letter, in whole, to be inserted into the Journal. Mr. Speaker, I can't cure stupid, you know. Tax cheating is not, and should not, be a tax planning tool. And as the Minority Leader said, and I don't know where he got this figure of \$250 million. I hope it is, \$250 million into our coffers, because with \$250 million, I can pay for school buses. I can pay for education. I can pay for health. You know, Adult Learning Centers. I can pay for all the stuff that our society needs to make it a better society, instead of raising taxes. And we'd be collecting these taxes from the people that are cheating on their taxes right now.

"So, this is not a new tax. This just avails ourselves of collecting what is already owed to the State of Hawaii. I don't want my taxes or any other taxes raised, because these people are not paying their taxes. So for those reasons, Mr. Speaker, I support this bill. Thank you."

Representative Choy submitted the following letter from the Department of Taxation:

NEIL ABERCROMBIE
GOVERNOR
BRIAN SCHATZ
LT. GOVERNOR

FREDERICK D. PABLO
DIRECTOR OF TAXATION
RANDOLPH L. M. BALDEMOR
DEPUTY DIRECTOR

March 6, 2012

The Honorable Isaac Choy
Vice Chair, House Committee on Economic Revitalization and Business
415 South Beretania Street, Room 404
Honolulu, Hawaii 96813

Dear Representative Choy:

I would like to clarify the Department's comments regarding H.B. 1694, which were made at the hearing before the House Committee on Economic Revitalization and Business on January 31, 2012 at 8:30 a.m. As stated during the hearing, H.B. 1694's language facilitates the collection of taxes relating to remote sales, but it does not create a new tax.

Hawaii's general excise tax (GET) is a gross receipts tax on the privilege of doing business in Hawaii. The GET is intentionally broad in scope. As provided in HRS §237-2, the focus of the tax is on whether a business is engaged in activities with the object of gain or economic benefit, direct or indirect. In the case of tangible personal property (TPP), the 1935 legislature who enacted the GET law intended that sales of TPP in interstate and foreign commerce would be excepted from GET, *but only if prohibited from taxation by the Constitution of the United States*. This broad interpretation of the tax beyond State geographical boundaries is consistent with the view of the Supreme Court of Hawaii, which subsequently opined that an out-of-state corporation or individual does not have to be domiciled in the State of Hawaii to be subject to the GET. See *In re Tax Appeal of Subway Real Estate Corp.*, 110 Haw. 25 (2006); *In re Tax Appeal of Grayco Land Escrow, Ltd.*, 57 Haw. 436, 447 (1977) (stating that the GET "is based on the privilege of doing business in the State and not on the fact of domicile"); *In re Tax Appeal of Heftel Broad. Honolulu, Inc.*, 57 Haw. 175, 182-83 (1976) (holding that an out-of-state lessor who contracted with an in-state lessee for film and telecast rights was engaged in an in-state activity subject to the GET).

Hawaii's use tax supplements the GET, but the tax is not intended to impinge upon the scope of the GET. The tax applies to sales of imported products or services, so long as the use in question has not been taxed under the GET law. HRS §238-3(b).

Throughout the nation, states are grappling with the question of how to effectively tax remote sales. Our state, among all states, should give thoughtful consideration to this issue, particularly in light of the expansion of electronic commerce and Hawaii's unique challenges. Thus, we appreciate the intent of HB 1694 to provide clarification on how the use tax should be applied.

Should you have any questions or wish to discuss this further, please do not hesitate to contact me.

Sincerely,

RANDOLPH L. M. BALDEMOR
Deputy Director of Taxation

Representative Oshiro rose to speak in support of the measure, stating:

"I rise in support with a couple of points. I believe the projected revenue, the take on a fair tax assessment on those cheaters, is anywhere from \$10 million to \$50 million. \$250 million might be over a period of ten years.

"My second point I need to make is that, this has even got the stamp of approval from our perennial tax critic Mr. Lowell Kalapa, who says this is one of fairness and equity, and not a new tax. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"In strong support. What this bill does is it helps local business. And it's unfortunate that the anti-business members of the Minority don't recognize that."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1694, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 40 ayes to 11 noes, with Representatives Brower, Ching, Fontaine, Hanohano, Johanson, Keith-Agaran, Nishimoto, Pine, Takai, Thielen and Ward voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 921-12) recommending that H.B. No. 2169, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2169, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Choy rose to disclose a potential conflict of interest, stating:

"A ruling on a potential conflict. I'm a CPA. Thank you," and the Chair ruled, "no conflict."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2169, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ACCOUNTANCY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 922-12) recommending that H.B. No. 1671, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1671, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1671, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 923-12) recommending that H.B. No. 1840, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1840, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise with reservations, and opposition. Let me qualify why I say that. If this was the only banking bill that we had, it would be with reservations. But since it's many, I'm in opposition. This is one of four bills of which in the historical sense, we only had this bill. But this bill basically morphed or multiplied itself into four.

"I'm going to be very brief in the sense that this is a task force. Learning is good. Research is good. Finding out what is good. But reinventing the wheel is bad. Having to prove that the moon is there by going to the moon. The problem is we're going to spend the taxpayers' money to get the rocket fuel to get to the moon, just to prove that it's there. The Bank of North Dakota has already been studied by Massachusetts. We know what the results are. They rejected it. It's too expensive. There are too many things. But then again, I'm bordering on my next speech, Mr. Speaker. Thank you."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Fontaine rose in support of the measure with reservations and asked that the remarks of Representative Ward be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ching rose to speak in opposition to the measure, stating:

"In opposition. This bill, Stand. Com. 923-12, would establish a task force to discuss a state-owned bank. So in a state-owned bank, you're going to have the one that's been, there are other measures that are coming on this Session with the Governor involved. Head of the union involved. A

lot of people involved, but very little with experience in operating a bank, or dealing with real estate investment and sour mortgages. The Bankers Association that testified has said more than enough. I know it's on the cover of the newspaper. But one of the things that they talked about is a level playing field. You know, we're a town of one newspaper. One everything. Now, one bank. One bank. So interesting because you know, Putin was just elected in Russia. They've got a one bank over there too, and they tell the little banks what to do.

"Let's step back from the precipice that would cause our entire State cash flow to fall off. During these times of economic difficulty, we need clear and common sense approaches to ensuring Hawaii's funds are held in a safe, secure, insured manner, and this bill would just do the opposite. It would interject politics and favoritism into lending at a time when Hawaii needs transparency, it needs fairness, and it needs honesty.

"Grow the pie. Even our local credit unions have voiced concern about the financial impacts of this idea. The credit unions are so important to us. Additional written comments, Mr. Speaker."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in opposition of H.B. 1840 – Relating to State Owned Bank. This bill establishes a task force to review and investigate, and study the feasibility and cost of establishing a state-owned bank while requiring a report to the Legislature.

"H.B. 1840 attempts to extend the conversation of a concept that currently pursues a path that I find irresponsible, bureaucratic and costly to the State. I agree with a statement from the Hawaii Bankers Association, "Forming a state-owned bank is a complex and potentially costly process and deserves thorough analysis to determine whether there is truly a legitimate unfulfilled need. Legislators must ask if it can be accomplished without risking the public's money and if it can be operated in a safe and sound manner. Without proper vetting and consideration, the state could be burdened with more costly bureaucracy, not to mention the cost to set up the initial banking infrastructure."

"The underpinnings of this bill would conceivably breed unfair competition and policy conflict. Until the State can show proof of operating a for-profit business, this bill should not even be considered. H.B. 1840 lacks reasonable, intuitive support and would require an unknown amount of State money to implement. I would be astonished if something so imprudent could make its way into law in such a fragile economic environment. Thank you."

Representative Tsuji rose to speak in support of the measure, stating:

"Mr. Speaker, on HB 1840, the state-owned bank, I rise in support. Thank you, very much. Mr. Speaker, this House Bill calls for the establishment of a task force to review, investigate and study the feasibility and cost of establishing a state-owned bank. It requires a report. This legislation has journeyed to various Committees for public hearing, and there've been testimonies by a handful of consistent testifiers.

"Number 1, the Department of Commerce and Consumer Affairs. This Department supports a task force feasibility study, and I quote in part: As part of establishing a task force under the bill, the Department believes it is important for the task force to take a broader look at many options that the State should consider, and the State Bank is one of the options. That's what this task force requirement is for.

"Further, so important and so engrossed have the testifiers been, I have personally spoken with Mr. Gary Fujitani of the Hawaii Bankers Association, along with the Hawaii Credit Union League, specifically, Ms. Stefanie Sakamoto. Both made appointments with me to discuss this with me. And both have concurred that they support such a task force legislation. Thank you, very much."

Representative Souki rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. I support the task force for the bank. And I would like the remarks of my namesake, who sits right next to me, be as my own. Thank you, very much," and the Chair "so ordered." (By reference only.)

Representative Yamane rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm standing in support. Mr. Speaker, my colleagues have talked about the intent of the measure. I will actually just focus my discussion regarding comments made regarding the Bank of North Dakota, the only state-owned and state-operated financial institution in the United States.

"Mr. Speaker, in addition to paying competitive interest rates to the State Treasurer, the Bank of North Dakota also invests its money in loan programs to spur economic development. In the past decade, the Bank has returned approximately one-third of one billion dollars, to the state general fund. And despite the recent financial crisis, it has earned interest of about \$57 million recorded just in 2008 alone, Mr. Speaker.

"Rather than competing with private banks, the Bank of North Dakota has created partnerships with over a hundred other North Dakota financial institutions. Mr. Speaker, in the discussion regarding one bank, negatively impacting other banks, just in North Dakota alone, there are almost 100 banks, private banks, compared to Hawaii's 11 banks.

"North Dakota has one of the lowest unemployment rates in the nation, and has the second lowest mortgage foreclosure rates in the nation. Mr. Speaker, the State of North Dakota, has about 673,000 people compared to our 1.4 million. This model may not fit Hawaii, but this is a good start. This is a task force to discuss this issue, and to give us guidance as we move forward. Thank you."

Representative Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure with just a couple of points. And I ask permission to insert written comments. But first of all, this is just a task force. Hawaii is not Massachusetts. And it is not California. Thank you."

Representative Oshiro's written remarks are as follows:

"Mr. Speaker, I rise in support of House Bill No. 1840, House Draft 2, RELATING TO STATE-OWNED BANK. This bill would establish a task force to review, investigate, and study the feasibility and cost of establishing a state-owned bank, also known as a partnership bank or a partnership trust. In any case, this tax payer funded bank would be similar the Bank of North Dakota and complement and support current banks in Hawaii.

"The issue of creating a state-bank in Hawaii is not new. I have stood before this august body in previous years urging my fellow colleagues to at least take a closer look at this concept without much success. It seems that the mere mention of the phrase – "state bank" – is met with immediate skepticism or scorn. This is a shame since many of Hawaii's Legislature's best policy decisions were not traditional or main-stream but "out-of-the-box" and "cutting-edge."

"I'm hoping that things will be different this year. A groundswell of support is growing as the potential of a state-owned bank is being realized. More and more people in Hawaii are starting to understand what a state-owned bank could do to better our lives. And people across the Nation are looking to Hawaii to serve as the model for public-sector banking. This year, about 17 states, both Democratic and Republican controlled legislatures, are considering whether a North Dakota style bank would be beneficial to their citizens.

"On February 29th, your Committee on Finance heard a package of measures intended to facilitate a thorough but concise discussion on the concept of a state-owned bank.

"House Bill No. 1840 was one of those heard, and it closely resembles House Bill No. 853, House Draft 1, which was reported by your

Committee and approved on Third Reading by this House last year, but failed to be approved by the Senate.

"Of the bills heard on the creation of a state-owned bank that day, this bill seemingly was the least objectionable by the banking community. If approved, this bill would begin the process of formally identifying the needs for a state-owned bank. It is similar in approach to legislation approved in Massachusetts in 2011, and in California in 2012.

"In both states, the banking lobby was successful in short-circuiting these efforts. In Massachusetts, the Governor was able to load the Commission charged with studying the feasibility of a state-owned bank with representatives from the banking industry. This resulted in a report recommending that Massachusetts not pursue a state-owned bank. In California, a bill that passed the Legislature to create a similar commission was vetoed by the Governor after strong opposition by the banking lobby.

"The banks fought for the status quo, and in Massachusetts and California, the status quo won. But, in Hawaii, it need not be this way. We in Hawaii are friends, neighbors, customers, and only one or two degrees of separation keep us apart. Indeed, as an example, I am a customer of all three major banks, First Hawaiian, Bank of Hawaii, and Central Pacific Bank. I also have several accounts with three local Credit Unions. And, because of these relationships, it needs to be understood that I am not seeking to harm or hinder any of the current banks, but on the contrary provide them with greater loan and business opportunities by the establishment of a North Dakota style bank. A bank that does not compete with local banks but acts more like a "banker's bank" and partnership bank, thereby allowing for in-state processing of banking services and charges, and also, greater extension of credit via partnership loans and underwriting and lines of credit.

"To put this in proper context, Hawaii's financial market may be one of the most concentrated in the US. We have just 11 banks with 175 branches located throughout the State. And Hawaii has been very profitable for these banks. Let's take a look at our two largest banks:

- First Hawaiian Bank posted profits of \$209.9 million for 2011, an increase of 3.4% over 2010, excluding a one-time tax benefit.
- Bank of Hawaii posted \$160 million in profits for that same time period.

"Together, these two banks earned nearly \$400 million in profits last year. . . FOR THEIR SHAREHOLDERS, many of whom live outside the State of Hawaii.

"First Hawaiian Bank is a subsidiary of BancWest Corporation, which itself is a subsidiary of the French banking company, BNP Paribas. At the time of the merger in 1998, the shareholders of the former First Hawaiian, Inc. owned 55% of BancWest. BNP, the former owner of Bank of the West, owned 45%.

"Similarly, Bank of Hawaii was reorganized as a bank holding company in 1971. In the years that followed, the company changed its name to Bancorp Hawaii, and then to Pacific Century Financial Corporation after it purchased the First National Bank of Arizona, FirstFed America, a holding company for banks in Hawaii and on Guam, Banque Indosuez in Vanuatu, the Commonwealth Bank of Australia's shares in National Bank of Solomon Islands, and Banque de Nouvelle Caledonie. Bank of Hawaii also owns shares in Banque Indosuez Nuigini in Papua New Guinea, the Bank of Papua New Guinea, California United Bank, First Federal Savings and Loan Association of America, and Pacific Century Savings in Arizona.

"Do all of these earnings stay in Hawaii in the form of investment for local businesses? NO.

"Does all of this income get taxed in Hawaii so that the State can put this capital to use for necessary programs and services? NO.

"Do the banks like how things are? OF COURSE THEY DO.

"The status quo is very profitable for Hawaii-based banks, and it is not in the best interest of their shareholders for things to change.

"But do our citizens feel likewise? Listen to the young farmers of the Ewa plain or Up-Country Maui, who are desperately seeking financing to expand their operations but are unable to secure loans. Or how about the small business owner who is trying to redecorate his successful Subway restaurant because of changes required by the corporate headquarters, but is unable to do so because he can't get a commercial loan. Or what about the struggling shopkeeper who is trying to get another line of credit to cover her operational costs until a big payment for last month's deliverables comes in.

"According to the Department of Labor and Industrial relations, during the Great Recession, more than 33,000 jobs were lost, and more than 200 small businesses went into bankruptcy – many due to their inability to secure loans.

"A state-owned bank holds enormous potential. It would allow the State to consolidate its fiscal resources to help our citizens.

"Some of these ways include:

- * Providing commercial loans to small businesses;
- * Providing "partnership loans" with commercial banks;
- * Buying down interest rates with commercial banks;
- * Financing infrastructure improvements at lower cost; and
- * Targeting State investment in emerging industries.

"And let's not forget the thousands of our citizens who are impacted by the mortgage foreclosure crisis. Our own staff has told us that a tsunami of foreclosures are on the horizon as the financial industry decides how it will handle delinquent loans in light of the enactment of Act 48 last year and the statutory fixes proposed this year.

"Last Wednesday's hearing allowed your Committee a look at how a state-owned bank could address these problems. It also gave us a glimpse of how a state-owned bank could facilitate multi-state financing of green projects. It showed us how the State of Hawaii can become a major "player" in financing.

"Mr. Speaker, let me be very clear. House Bill No. 1840, and the other bills proposing a state-owned bank are pro-small business, pro-consumer, and environmentally friendly.

"And all this can become reality one day. But we need to take the first step. House Bill No. 1840 is the first step. It would assert our belief that this idea has merit and should be investigated further. It demonstrates our ability to think outside the box to find creative solutions to today's problems.

"For these reasons, I urge my colleagues to support this bill."

Representative Pine rose to speak in support of the measure with reservations, stating:

"And we're definitely not North Dakota, Mr. Speaker. With reservations. But I am in support of a task force. I think it's important to study things when we are going to enact legislation that is so drastic like this. I think we need to prepare ourselves for the possibility that perhaps this is not something that we're qualified to do. And something so serious as a state bank has multiple ramifications. Would it hurt our current banking industry? Would it hurt our consumers? Would it hurt our overall ability as a community to be able to give loans?

"So I'm in strong support. Well actually, support with reservations, of this task force, and I hope that we tread lightly in actually establishing a bank before this is implemented."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1840, HD 3, entitled: "A BILL FOR AN ACT RELATING TO STATE-OWNED BANK," passed Third

Reading by a vote of 48 ayes to 3 noes, with Representatives Ching, Thielen and Ward voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 924-12) recommending that H.B. No. 2103, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2103, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I yield to the Chair of Finance if he would like to speak. If not, I will proceed. Mr. Speaker, I stand in opposition. Clearly, as those who just voted with at least a few words, to say that we've got to study it before we do it. Let's look at this bank, that bank, and the other bank. If that's the case, this thing should be dead already. Because this says it's going to be established. This is the State Bank. This is the Bank of Abercrombie. Let me give you seven reasons why this is bad policy, a bad idea, and bad for the people of the State of Hawaii.

"First of all, and this is what my initial speech was. We've been there, done that, vis-à-vis, this study on the Boston Reserve Bank about what Massachusetts found as they looked at the Bank of North Dakota. That is something that we should learn from. Those who don't remember the past, they are destined to repeat it. And I think we're going to head into the same thing. Our homework has already been done. We can learn from it. We can save money from it. So reinventing the wheel, as I spoke of earlier, is number one.

"Number two, is that this is really a risky proposition, Mr. Speaker. This is not an FDIC, Federal Deposit Insurance Corporation fall back. It falls back on the tax payers. And as the Bankers Association said, there's a difference between a bank which loans money, and investments which you risk and try to get in a return. And this bank that's going to buy toxic mortgages, probably the worst asset, the riskiest asset there is, is going to make money? So the risks are extreme. The risks are serious. The risks are all over. It's got flashing red lights all over it.

"Another reason why this is a bad proposition, bad policy, bad for the people of Hawaii, is that it could jeopardize our bond rating, which already, Mr. Speaker, has been downgraded. We borrow money. We have a rating. We have no difficulty buying our bonds, and at favorable interest. But if we enter into something such as a State Bank that buys toxic mortgages, our bond rating is going to go down.

"And for the sake of those who have been following the Bank of North Dakota, get a load of this. Standard & Poor's raised the Bank of North Dakota's credit rating in its latest review of the bank's released statement of December 6th 2001, its long-term credit rating is now raised to AA- from A+. Mr. Speaker, A+ is nothing. AA- is like stable. So when we tell this bank, which actually only puts \$30 million into the treasury every year, you know this is not exactly Fort Knox. I was very shocked to know of this lack of stability. Or let's say the lack of a AAA rating et cetera, et cetera.

"I should also note that from its 1919 beginning, and its purpose for farmers, for agricultural loans, people should know that right now they are so far out of that. Their investments now are primarily student loans. The biggest thing that they buy is student loans at 37% of their portfolio. Commercial loans are 36% of the Bank of North Dakota. Residential loans, that is real ones, not foreclosed loans, is 17%. And agricultural loans 10%.

"So with that portfolio of total assets that are valued at \$4 billion, they get \$30 million in profit per year, which is the fourth reason. What money do we get out of this? We have now \$4 billion that the State of Hawaii invests. \$2 billion is probably in the Bank of Hawaii, and in First Hawaiian Bank. We get about \$16 million per year from them. Mr. Speaker, these have been almost 100 years old, and they get \$4 billion in assets. In order to make that much money to put in the treasury, we're going to have to have a lot of money to invest. Question, where do we get the money?

"Where do we get the money to start the Bank of Hawaii? Council on Revenues is coming up in a matter of hours. Gas prices are going up. Tourism may go down. Who knows what's going to come up in the November election. Who knows what's going to go on with Israel and Iran. We've got a lot of uncertainties, but yet this bill says we're going to do the bank. Not like the study that says we should study the bank.

"The fifth reason. Not only do we not have the money, we don't have the time, Mr. Speaker. If we're doing this for actually a money maker, to help ..."

Representative Pine rose to yield her time, and the Chair "so ordered."

Representative Ward continued, stating:

"Thank you. Thank you. As our good friend from Manoa noted, you know, we've got to have money to pay for schools. And we've got to do all these other things. Well how long are we going to wait? And how much are we going to risk to do that? Remember the Bank of North Dakota is about 100 years old and it gets \$30 million in its coffers for \$4 billion worth of assets. That's not a huge return. Not a huge return at all.

"Number 6. The governance model, Mr. Speaker. How you run an operation is important. And who runs the operation. If we mimic this governance model from the Bank of North Dakota, the Governor is the Chairman of the Board, and let's face it. Our Governor is very smart. He has a PhD, but it's not in economics. It's not an MBA. But it puts him at the head of the pack. The head of the Board. It also has a seven member advisory board, and in Hawaii's case, members of the AFL-CIO would be board members. Would these members be knowledgeable also? Maybe. Maybe not.

"But the problem is Mr. Speaker, that when we look at the role of the Legislature in North Dakota and our Legislature, I noticed in doing my research there were a dozen pieces of legislation that the North Dakota Legislature passed to fund money. For example \$3.3 million went to the Lieutenant Governor's Office for a computer project. There was also a loan to the Department of Human Services for operational purposes. Mr. Speaker, this is supposed to be a bank, and it's already funding government operations or loaning money back and forth, and voted on people such as us that are elected. Do we want political leaders doing financial leadership for the State of Hawaii with the assets that would be pledged for doing this?

"Lastly, Mr. Speaker, this State Bank would blur the lines between the private and the public sector. Hawaii is already the largest public sector in the nation. 30% of our labor force works for federal, State, or City and County individuals. Corporations are only 70% of the labor force. 30% are government workers. We have two of the best banks in the nation. One was number one last year; and number two this year. That's Bank of Hawaii. We don't need another bank. There's not a shortage of money that we need to borrow. There's not a lack of funds that we have. We have good interest rates. The reason for getting into this is a puzzle except when I speak on the third State Bank of Hawaii, we may uncover even more reasons why this is a bad idea, bad policy, and not good for the people of the State of Hawaii. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. One of the things that I might say is that the purpose of this proposal is to give the local homeowner a place to go to deal with the big banks, and to give them some strength. This Representative would rather support the local homeowners in their fight against the big banks, than to support the big banks.

"I might note that in the current draft, I don't believe there's anything in it that names the Chairman of the Board being the Governor. Having said that, I'm just going to read portions of my testimony, I'd like to submit the rest into the record, because it's fairly long.

"Mr. Speaker, we're getting some national press on our proposal, and I'd like to read from the *Huffington Post* article on February 27th, on the front page of their business page. It's an article championing HB 2103,

describing it as innovative. It said that HB 2103 takes a novel approach that proposes a program to deal with the housing crisis and the widespread problem with breaks in the chain of title, due to robo signing, faulty assignments and MERs. Concepts in this bill, according to the paper, may be difficult for a lot of people to wrap their heads around. They are indeed novel. They are indeed innovative.

"Mr. Speaker, we are experiencing an economic crisis with unprecedented characteristics. We must take unprecedented novel and innovative measures to address the crisis. We're in an economic crisis and our nation's middle-class homeowner's are bearing the brunt of it. Our federal government is quick to bailout our 'too big to fail' banks, that have failed to deliver for our hardworking people who've been victimized by these banks. Our State Bank proposal has attracted national attention. There are, if I haven't already said it, there are 17 other states considering similar legislation.

"For those of you who have not yet read the bill, the *Huffington Post* article aptly explains, and I quote: In case of foreclosure, in which the mortgagee cannot prove its right to foreclose or to collect on the mortgage, foreclosure shall be stayed and the Bank of the State of Hawaii may, not shall, may, may offer to buy the property from the owner-occupant for a sum not exceeding 75% of the principle balance due on the mortgage loan. That's called 'cram down.' The Bank of the State of Hawaii can then rent or sell the property back to the owner-occupant at a fair price on reasonable terms having bought it for a discount.

"The bill also allows homeowners who have been denied a modification under the federal loan modification program to apply for consideration. Just how widespread is this problem? It's interesting to note, Mr. Speaker, that just a few weeks ago on February 15th, the *New York Times* reported in an audit of four hundred recent foreclosures in San Francisco County found that 84% contained clear violations of law, and two-thirds of those foreclosures contained four separate instances of fraud and illegality. I'm sure that Hawaii's problems are very much the same.

"There seems to be a criticism that the State will expose itself to unnecessary risk by buying toxic mortgages. And there seems to be widespread confusion and misinformation about what this bill provides. The opponents seem to think that the bill will compel, compel the State to buy toxic mortgages. First, the State can, and will have the option to decide whether it wants to invest in. Let me emphasize that the word, 'may' appears in the bill multiple times. The State may purchase residential property from owner-occupants, but only if the Bank paperwork fails to show that the Bank has the right to collect and the debt or has a legal authority to foreclose on the property.

"As far as some of the time elements, this bill also takes advantage of Hula Mae ..."

Representative Yamane rose to yield his time, and the Chair "so ordered."

Representative Herkes continued, stating:

"Hula Mae, which is already in law while we're working through the rest of it. Some additional points. We need to ask the local banks how many of their loans do they keep in-house? How many do they sell on the secondary market? And a recent study conducted by the National Committee Reinvestment Coalition found that local banks are not providing enough loans to low and moderate-income borrowers, which is in violation of State law. I urge your support."

Representative Herkes' written remarks are as follows:

"Mr. Speaker, I rise in strong support. Our State Bank bill received national press. On February 27, the *Huffington Post* put on the front of their Business page an article championing HB2103, describing it as "innovative." It said HB2103 takes a "novel approach" that "proposes a program to deal with the housing crisis and the widespread problem of breaks in the chain of title due to robo-signing, faulty assignments, and MERS."

"The concepts in this bill may be difficult for a lot of people to wrap their heads around. They are indeed "novel." They are indeed "innovative." Mr. Speaker, we are experiencing an economic crisis with *unprecedented* characteristics. We must take unprecedented – novel, and innovative measures to address the crisis.

"Many of the successful aspects of FDR's New Deal, which helped lift the nation out of The Great Depression, had come from New York State when FDR was its Governor. They were indeed unprecedented, out-of-the-box ideas borne by a state. And they worked.

"We are again in an economic crisis, and our nation's middle-class homeowners are bearing the brunt of it. Our federal government is quick to bail out our 'too big to fail' banks – but has failed to deliver for our hard-working people who've been victimized by these banks. Our State Bank proposal has attracted national attention. We need to keep pressing this, because it might just work.

"Mr. Speaker, a lot of the criticism that has been leveled at this bill is focused on provisions in earlier drafts. There is nothing in here about boards of directors. Nothing about expertise of the bank's president. The DCCA will essentially come up with the "business plan" to make it work. This HD 2 has revised the measure significantly. There are now 3 discrete parts:

"Part I – simply charges the DCCA, with the help of various other State agencies, to take approximately two years to undergo an intensive and extensive review of the State's laws for the express purpose of developing proposed legislation to establish a State Bank. The DFI commissioner will be charged with submitting status reports twice a year, and a final report before the 2014 legislature. The report will include a graduated schedule of how much of the State's reserves will be transferred from private banks to the State Bank. DFI/DCCA can assure the local banks can systematically adjust from the withdrawal of these monies to guarantee their safety and soundness. Relative profitability needs to be distinguished from safety and soundness. The proposal will also establish a program to be administered by the State Bank to purchase owner-occupied residential properties that are encumbered by mortgages to which the legal ownership is not adequately established. Some sum of money from the multi-state mortgage foreclosure settlement will be appropriated for this purpose.

"Part II – places the interim purchase program within the Hawaii Housing Finance and Development Corporation (current administrator of the Hula Mae mortgage program) until the State Bank is established.

"Part III – would actually establish a graduated schedule of how much of the State's reserves will be transferred from private banks to the State Bank.

"The *Huffington Post* article aptly explains that, *"in cases of foreclosure in which the mortgagee cannot prove its right to foreclose or to collect on the mortgage, foreclosure shall be stayed and the Bank of the State of Hawaii may offer to buy the property from the owner-occupant for a sum not exceeding 75% of the principal balance due on the mortgage loan. The Bank of the State of Hawaii can then rent or sell the property back to the owner-occupant at a fair price on reasonable terms."*

"The bill also allows homeowners who've been denied a modification under a federal loan modification program to apply for consideration. Foreclosure proceedings need not be initiated.

"Just How Widespread is this Problem?"

"Just a few weeks ago, on February 15, the New York Times reported that an audit of 400 recent in San Francisco County found that 84% contained "clear violations of law" and that two-thirds of these foreclosures contained 4 separate instances of fraud or illegality. This audit shows that this problem is pervasive.

"Where the State can Profit:"

"What is the potential risk? A homeowner may not be able to pay back the new loan, under new terms, that is issued by the State. But there can

be no accurate assessment of the risks is without looking closely at what the potential gain can be.

"Here's one possible scenario:

"Typical dual income family. One has been furloughed by the State, the other suffering a temporary health problem. They cannot keep up with their mortgage payments, but fully expect to in 6 to 8 months once the health issues are resolved.

"The home is worth \$500,000; and the family owes \$400,000 principal on the mortgage. The bank refuses to modify the loan, but has bad paper. The State Bank/HHFDC can purchase the loan for up to 75% of the principal - \$300,000. The family then rents the property from the State Bank for 6 months at a fair market value – which will go to the profit of the bank.

"If, after 6 months of consumer credit counseling, the family shows it can afford a mortgage loan, then the bank can decide to sell the property back to the homeowner for 90% of the original mortgage balance - \$360,000. In 6 months, the bank just made \$60,000, not including income from interest.

"If the family later decides to sell the property to a 3rd party, and the property value has increased, the family must share some of that appreciation – a figure that represents a proportion of the price the family bought the property back from the State Bank: \$360,000 divided by the sale price to the 3rd party. If the property appreciated in value by \$50,000 and is now worth \$550,000, then the family must pay to the State Bank 64% of the appreciation – which would be \$32,000.

"In this scenario, the State Bank invested \$300,000, saved this family from foreclosure, and made a profit of \$92,000, plus whatever it charged for 6 months of fair market rent. (The original bank took 75% of the loan principal, and is spared from the cost of litigating its right to foreclose.) The neighborhood benefits because there will be no blight or decreased property values created by a vacant home.

"If the family can't afford to buy the property back, the State Bank still has an asset worth \$500,000 (which may have appreciated) which it paid \$300,000 to attain. And can make at least \$200,000 on the sale of that property on the market.

"Mr. Speaker, we can leave homeowners to fend for themselves, or we can step in and take full advantage of the indiscretions of the behemoth banks so that we can help homeowners, enable the state to profit, promote responsible local lending for local people and businesses who need it, as well as relieve the big banks of their bad paper. This proposal is a win-win for all. Thank you, Mr. Speaker."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this measure. In the past I've called this a very socialistic proposal, and I still believe it is. I don't think it's wise for us to dedicate \$500 million to this particular hair-brained scheme. If the banks, if you can't get a loan there, you can probably get one through the Ag Department or through the DBEDT. Maybe a venture capital firm. So I think there's always money to be available for good investments. I don't think we should throw it away.

"Where do we get the money from? Do we get it from the Education Department? The Health Department? Human Services? I posit that they don't have a dime to spare for this particular venture. The Attorney General last month announced a \$70 million-plus plan to help purchase underwater mortgages in Hawaii, and help with people who have suffered from fraudulent practices. So I think we should wait to see what happens with this particular program and how it'll help some of Hawaii's homeowners. I think we should not go ahead with this bill. It's very unwise. Thank you."

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise in opposition to HB 2103, Relating to the Bank of the State of Hawaii. While I am sympathetic to the hardships being endured by those facing foreclosures and have supported other measures in the House to mitigate the mortgage foreclosure situation in the past, I am extremely concerned about the systemic risk posed by a State Bank. I have doubts that the State is capable of effectively implementing and overseeing a project of this size and scope and successfully managing an operation of this complexity. I appreciate the intent of this bill as an effort to help those facing financial crisis, but this unprecedented undertaking of a conceptual State Bank constitutes a great risk for all the people of Hawaii and the future of our State's economy. For these reasons, I oppose this measure."

Representative Oshiro rose to speak in support of the measure, stating:

"I rise in strong support. First if I may have the words of the Representative of Ka'u, the Chair of the CPC Committee, adopted as my own. Mr. Speaker, I just wanted to emphasize the fact that this is a work in progress. There are a lot of i's to dot, and t's to cross. But the general intention is well placed and deserving of further work on it."

"I think the Chair of the CPC Committee hit the nail on its head. We still have a mortgage foreclosure crisis. It can probably get worse if you read the reports. If you're literate and can understand what the *New York Times*, *Wall Street Journal*, *Huffington Post*, etc. are saying about what might happen once the final settlement of the 49 states is enacted and approved by the judge."

"And while I'm on that, I think, Mr. Speaker, I think we need to remind ourselves as I did in the Finance Committee, there has been no acceptance by the court of that settlement. We do not know the final terms and conditions of the settlement. There has been no judgment or order by the court. So I'd put at this point in time, all we have is a nice press release, giving a little slap on the wrist for some of the Big 5 banks who benefitted from the TARP bail out of several years ago."

"I think this is well placed for us to consider on behalf of Hawaii's people who we're representing here today. Thank you."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker and Members. I wish to vote on this measure with reservations. I believe that the Chair of Finance mentioned that it's a work in progress and I will want to cautiously watch the bill as it develops. I believe it could be, and possibly is, premature. And the fact that you have a task force, and the task force should report to the Legislature as to the feasibility of having a State Bank."

"So, this might be a might too early yet to pass any legislation, but should it be passed, then of course I would vote with reservations and watch it develop in the Senate, and back in Conference to see what comes out of it."

"Just let me make this oxymoronic statement again. One or the other needs to go. You cannot have a task force, and set up a system for the bank right away. Then you make the task force useless. So, it should be one or the other. Thank you, very much."

Representative Riviere rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. I was going to sit quietly and just vote no, but a couple things were said and I've got to comment. I want to thank the previous speaker from Wailuku, Speaker Emeritus. I think he's right. The task force is something that needs to be handled first."

"I do support creation of the task force. Rushing headlong into this process is ill-advised. The comment I wanted to make is to not make a long speech, but there was testimony where it said, this Housing, Finance, and Development Corporation may purchase residential property occupied by one or more persons who hold title of the property. And here's the

clinger and here's what I don't understand. If the mortgagee's lien and its supporting documentation failed to adequately demonstrate the mortgagee has a right to collect the mortgagee's indebtedness. In other words this Legislature is challenging lenders saying, 'You have no right to foreclose on that property. But if you have no right to foreclose on that property because you don't have clear title, we'll buy it from you and then maybe we'll sell the property.'

"If we don't have clear title, if we're challenging perfect title, it is crazy for us to even pretend that we're going to buy something that has imperfect title. Thank you. I oppose this bill."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. And I think that it's an inappropriate thing to say 'Big 5 banks.' I know what the Big 5 is, and I don't think our banks are the Big 5."

"Our banks are some of the award winning banks and I don't think that it's elitist to say, 'Oh, I believe in my bank who gives small businesses their loans.' I think that's class warfare. If you do your homework on North Dakota, I urge all the Members to do so, it ain't Hawaii. We're one of the few states that has the golden cash cow, the golden egg of tourism. Boy, let's go see how much income and revenue comes in from tourism. But we don't have a real great track record on how we spend our money. So now you want to make a State Bank? Thank you, Mr. Speaker."

Representative Herkes rose to respond, stating:

"Second time, in support. We can give title if we cram down on the bank. We can give title. I want to give you a couple of observations and real life things that have happened."

"There was somebody who works at the Volcano Arts Center. Their family owned a home in Pahala. There is no way that they could deal with Bank of America so they walked away from the house. They could have rented it. That home has been vacant now for three years. I don't know how that benefits Bank of America. I don't know how that benefits the people that left it. And I don't know how that benefits the State of Hawaii. In this case I think that Bank America would have been a lot better off with 75% of that mortgage than having it just sit there doing nothing."

"There was another case with a Mrs. May who was dealing with one of the major banks. She wanted a remodel and what the lender told her was, 'Don't pay your mortgage and then we'll deal with the remodel.' So that's what she did. She took the lenders advice and then they foreclosed on her. And the only reason she knew about it was that her real property taxes went from a few hundred dollars, to a thousand because the lender no longer had the exemptions. She no longer owns her home, although she did exactly what the lender told her to do. This proposal gives Mrs. May an opportunity to deal with that abusive short lender. Thank you."

Representative Tsuji rose to speak in support of the measure, stating:

"Thank you, very much. I rise in support. I'll try to address certain questions that were, or points of view that were brought up here this afternoon or even previously. The Representative from Ka'u, Volcano District has emphasized about, may consider repurchasing mortgages, and did emphasize 'may.' Countering that as has been said by the adverse force, who says, 'How can you purchase one without clear title?' I think this is the whole topic about this mortgage that is known as subprime mortgages because of the lending procedures and the disclosure procedures that were improper, mortgages were being defaulted and including title."

"However, if the purchaser, like the Representative from Ka'u, Volcano stated, that there may be a possibility to repurchase, that would be without doubt, considering holder in due course. In other words, the new mortgagee would be compelled and impelled to protect the State Bank and make sure that you have rights. In fact, not only rights to title, but superior rights. Also this portfolio as stated in this bill, says there will be a review about repayment source, income verification, and counseling service. But is this not what even community banks that we have here in the State of

Hawaii are trying to really do under the CRA, the Community Reinvestment Act?

"Therefore I applaud the author of this legislation in trying to bring back and promote community endeavors. Some of those testifiers are fearful also, that the banks would be in competition. That the State Bank of Hawaii would be in competition with our neighborhood or local banks. I say, fear not. In the terms of lending, it has been emphasized that we could do participation or guaranteed lending. What does that mean? Collaboration, not competition. This legislation also says what is the minimum capitalization. What's the purpose of that? Again, to make sure that funds would be able to be processed out to our local banks, and to have liquidity in our financial institutions throughout the State of Hawaii. Thank you, very much."

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, in opposition and rebuttal. Mr. Speaker, I first want to mention that I take great umbrage in the type of discussions of class warfare that has been mentioned, or implied, since 9 o'clock this morning. This does not solve the problems that we need to solve. I come from a poor Filipino immigrant family. We lived in poverty for many years. I represent the district that has the highest mortgage foreclosures in the State, and the reason I'm against this bill, Mr. Speaker, is because this bill will not help those that are suffering with mortgage foreclosures."

"On one hand, I hear these passionate speeches saying we're going to save these people. And you evil people who are against this bill, shame on you. And on the other hand Mr. Speaker, I said, 'Oh but this doesn't require us to buy these mortgages. It says, may.' Is this going to help these people or not? I say no. Just by the discussion I've heard today, I'm confused. Actually I'm not confused, Mr. Speaker. Although, many of you do confuse me sometimes. It actually makes it even more clear that we are all over the place with this bill, Mr. Speaker. That we don't know what we're focusing on."

"I have a solution. While we have this task force, why don't we use the money we get in the settlement to actually put in a fund that already exists. And instead of saying 'may' help these who are suffering, Mr. Speaker, how about we say, 'shall'. We don't even have to create a bank for that, Mr. Speaker. I want to support this idea, Mr. Speaker and that's why I support the task force. But this bill does not help people who are suffering from mortgage foreclosures."

Representative Oshiro rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Oshiro's written remarks are as follows:

"Mr. Speaker, I rise in support of House Bill No. 2103, House Draft 2. This bill would direct the Department of Commerce and Consumer Affairs to draft legislation to establish a state-owned bank. The bill would also require the Hawaii Housing Finance and Development Corporation to establish and operate a "mortgage cleansing" program to assist the homeowners of foreclosed properties."

"Generally speaking, we, as lawmakers, are generalists who set the broad policy decisions for the State. Because the issues raised by House Bill No. 2103 are multi-faceted, complex, and very technical by their very nature, any undertaking to establish a state-owned bank must proceed cautiously to ensure that unintended consequences do not occur."

"The establishment of a state-owned bank will require the harmonization of statutes pertaining to banking, lending, housing, land use, development, leases, contracts, and finance. It will also likely entail other issues that have not yet been broached at the committee level. These would include, among others, the position classifications of prospective employees, the job skills of government workers, and the availability of government facilities to fully implement this important policy goal."

"The scope of this undertaking is massive. To my knowledge, the closest we've seen in this generation has been the recodification of Hawaii's banking laws in 1993. For those who were not here back then,

the Legislature spent \$350,000 over a three-year period to have the Department of Commerce and Consumer Affairs to review all of the banking laws and rewrite them."

"In my mind, the best people to draft the enabling legislation for the establishment of a state-owned bank are the experts – the government regulators and administrators in the various departments and agencies of the State. And who better to spearhead this effort than my former colleague, the Commissioner of Financial Institutions, whose in-depth critiques of the state-owned bank bills have made it so clear that she and the administrators of the various departments and agencies are much better capable of drafting such important legislation."

"In developing this bill, I have consulted extensively with the Chair of the Committee on Consumer Protection and Commerce, and will continue to do so as this measure proceeds. In addition, I will also consult with the Chairs of the Labor Committee, the Committee on Economic Revitalization and Business, and the Housing Committee to ensure that their contributions are shared as we shape this new public policy."

"The funding for this review will come from the recent multi-state settlement on mortgage foreclosures. Let me emphasize, it is your Committee's intent that no general funds be used for this review."

"Capitalization would be realized through the use of the State's deposits. According to the Department of Budget and Finance, more than \$2.8 billion of state funds are currently deposited with Hawaii-based financial institutions, for which the state spends more than \$500,000 each year in general funds to pay their administrative fees."

"Last Wednesday, a proposed draft containing these provisions was heard. Based on the testimony received, your Committee found that:

- (1) Conceivably, there are numerous options available to the State in capitalizing a state-owned bank. These include bond financing, ARRA funds, transfer of tax revenues deposited with private financial institutions, and settlement awards from the banking industry. It is the role of the Legislature, and in particular, your Committee on Finance, to determine the most effective and efficient utilization of all of these resources to implement the public policies we establish.
- (2) The transfer of tax revenue deposits from private financial institutions to a state-owned bank would need to be gradual to mitigate the impact it will have on the lending ability of Hawaii-based financial institutions. However, in the long run, any decrease in lending capacity by some banks will likely be offset by the increased lending opportunities of other financial institutions, such as savings and loans and credit unions, as well as those provided by the state-owned bank.
- (3) The Attorney General's settlement of mortgage lending litigation must be scrutinized further to fully determine the ramifications this agreement will have on Hawaii's consumers.
- (4) Additional work must be done to provide adequate relief to consumers who have been injured by out-of-state banks. As such, I will continue to work with the Chairs of CPC and Housing to move a measure creating a "mortgage cleansing" program after crossover.
- (5) Pursuant to the Constitution, it is the Legislature and not the Attorney General that determines how state funds are appropriated. Any funds received by the AG as part of the settlement should be appropriated as the Legislature determines.

"It should be noted that this measure received broad support from advocate organizations, such as the Legal Aid Society of Hawaii, IMUAlliance, and FACE, as well as business organizations such as the Hawaii Farm Bureau."

"In addition, your Committee received supportive testimony from Hawaii-based businesses as well as "green" businesses situated outside the State."

"The best summation heard (and prophetic) was the testimony of Mike Krauss, President and Chair of the Pennsylvania Project, a non-partisan and non-profit public policy advocacy organization chartered in the Commonwealth of Pennsylvania. He wrote:

"We understand the attraction of a study, but other studies have generally been an opportunity for large, out-of-state banks to kill the proposed legislation, which they fear (and perhaps rightly so) will deprive them of deposits and business. We understand that.

"But we believe that 'too-big-to-fail' banks have had their day, with ruinous consequences, and if a study is decided, we urge that it be to determine HOW to proceed with a state bank, and not WHETHER to proceed. . ."

"House Bill No. 2103 serves as a blue print on HOW we should proceed. In my view, it is a logical approach for the Legislature to advance if there is sufficient political will to pursue this policy goal. It relies on the expertise of our departments and agencies. It provides the resources for administrators to do the job. It sets forth a reasonable timetable to make implementation gradual so that any negative impacts on private financial institutions can be lessened. And, it provides a mechanism to address the mortgage foreclosure crisis in our State.

"In my view, this is a pro-business, pro-consumer protection, and pro-economic development bill. And most importantly, this bill puts our citizens first before the profits of a few big banks.

"In these dire economic times, we must be bold and make no mistake, this bill is bold.

"For these reasons, I urge your favorable consideration of this bill."

At this time, Representative Chong called for the previous question.

At 3:44 o'clock p.m., Representative Choy requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 3:45 o'clock p.m., with Speaker Say presiding.

Representative Awana rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support and ask to insert written comments, as well as include the comments made by Representatives from Ka'u, South Hilo and Wahiawa. Thank you Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative Awana's written remarks are as follows:

"Mr. Speaker I stand in strong support and I ask that the words from the Representatives from Kau, South Hilo and Wahiawa be entered into the Journal as if it were my own. In addition Mr. Speaker we have had too many foreclosures, people who are struggling to keep afloat. As a legislative body, Mr. Speaker, I see it our responsibility to seek alternatives to address this economic meltdown in Hawaii. Sitting by patiently will not make it go away. Doing nothing is not acceptable at a time when residents and businesses need us the most. Thank you, Mr. Speaker."

Representative Pine rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in opposition to HB2103 for many reasons. This bill would create a state bank outright. I feel that it would be irresponsible to take such a large risk with taxpayer dollars. There are far too many unknowns at this point in time.

"As other speakers have noted, North Dakota is the only state to own and operate a public bank. Mr. Speaker, North Dakota is an extremely different state than ours.

"The bank would require a significant amount of initial capital investment in a time when we ought to be most careful with taxpayer dollars. And the risk would be immense: North Dakota's public bank deposits are backed by the full faith and credit of the state and are not insured by the Federal Deposit Insurance Corporation (FDIC). Furthermore, this bill would not even require most of its directors to have any experience whatsoever in banking. That would be like entrusting someone with no expertise to perform a complicated brain surgery. No matter how good one's intentions, they cannot substitute for skill.

"The government should not try to become expert in all industries. I believe in the strength and fortitude of our people instead. Thank you, Mr. Speaker."

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 2103, HD 2, Relating to the Bank of the State of Hawaii. Contrary to some of the comments heard on the Floor, tough economic times are really the appropriate time to think of establishing a State Bank.

"Many local banks are struggling, and credit for small businesses and consumers is tight. Therefore a number of states have introduced legislation for state-owned banks. In addition to Hawaii; Maryland, Illinois, Virginia, Oregon and Massachusetts are considering the idea. A State Bank need not be built of bricks and mortar, but most likely be a "virtual" branch.

"The growing movement to establish local economic sovereignty thru State owned banks has been encouraged by many progressive grassroots organizations in the states - it may be that the time is right for Hawaii to act. Therefore, I support this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2103, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE BANK OF THE STATE OF HAWAII," passed Third Reading by a vote of 43 ayes to 8 noes, with Representatives Ching, Fontaine, Johanson, Marumoto, Pine, Riviere, Thielen and Ward voting no.

At 3:47 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2611, HD 2
H.B. No. 2760, HD 2
H.B. No. 1694, HD 2
H.B. No. 2169, HD 2
H.B. No. 1671, HD 2
H.B. No. 1840, HD 3
H.B. No. 2103, HD 2

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 925-12) recommending that H.B. No. 1974, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1974, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Souki rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker. I'm a veteran. I request a ruling on this," and the Chair ruled, "no conflict."

Representative Souki continued to speak in support of the measure, stating:

"Thank you very much. I'm in strong support of the measure. Hopefully it will be some years from now."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1974, HD 2, entitled: "A BILL FOR AN ACT RELATING TO VETERANS," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 928-12) recommending that H.B. No. 2514, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2514, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this measure. This bill has some admirable qualities. It raises the total number of Paroling Authority Board Members from 3 to 5. It increases the percentage collected from inmates for victim restitution from 10% to 25% of an inmate's account. It requires as part of a prisoners parole plan, a prisoner to leave a phone contact where the prisoner can be reached.

"Other parts of the bill, however, are cause for concern. During a Public Safety and Military Affairs Committee hearing, Honolulu's Prosecuting Attorney Keith Kaneshiro noted that there seemed to be, and I quote him, 'a single minded effort to release more individuals from custody without clearly defining how this will be done consistent with the needs of both public safety and victim safety.' End quote.

"Some amendments have been made to the bill, however he still expressed many of his same concerns at a recent House Finance Committee hearing. The first concern is that the bill mandates a pre-trial risk assessment within three days of an accused person's admission to a Community Correctional Center, unless the accused is subject to county or State detainers hold, or is detained without bail, detained for probation violation facing revocation of bail or supervised release, or has had a pre-trial risk assessment completed prior to admission to the Community Correctional Center. Mr. Kaneshiro stated that the consequences were unclear if the Department of Public Safety failed to meet this three day deadline.

"The bill has since been amended, but the uncertainty remains. Further, while the current House Draft 3 has been amended to call the assessment an internal assessment, it requires the submission of the risk assessment to the court hearing the inmate's case.

"I'd like to note the testimony of Mr. Linblad, bail agent and former pre-trial release officer. He strongly objected to the idea of a risk assessment within three working days. That is too little time for an accurate assessment. He noted that sometimes accused persons are still under the influence and may not provide proper information for an accurate assessment. Further, it may take time to obtain background information.

"The second concern is with regard to the fact that if a parolee violates parole, the longest amount of incarceration that he or she can receive for the violation is six months. The exceptions are for those who have: one, been charged with a felony; two, left the State without permission; three, violated conditions applicable to sex offenders; or four, been previously imprisoned for violating the conditions of parole on the current offense.

"As Mr. Kaneshiro has noted, if there are factors that lead the Paroling Authority to believe a particular offender should be incarcerated for longer than six months, up to his or her maximum term, then HPA should have the discretion to make that decision, as this is clearly within its area of expertise.

"The third concern is that the bill mandates supervised parole release of Class A, Class B, and Class C felons, prior to the expiration of their maximum terms. The length of supervised release varies by felony class.

"Given the way the bill is drafted, the Board may set an earlier release date if it wants to, but if it doesn't set an earlier release date, then the Paroling Authority cannot deny supervised release to a maxed-out inmate, regardless of whether or not the inmate is a management problem, regardless of whether or not the inmate refuses to cooperate with those in authority, and refuses to acknowledge that he is responsible for his or her own actions.

"We should consider that such individuals may be among those who recommit crimes, while on supervised release. Or who may abscond, while on supervised release.

"Maui County Prosecutor John Kim, in a recent *Civil Beat* article on January 18th, stated, 'I don't see why we should extend supervision. They are just going to run away. And that has been our experience.'"

Representative Riviere rose to yield his time, and the Chair "so ordered."

Representative Marumoto continued, stating:

"Thank you, Representative. My concern is that this bill will pass due in part to the perception that we need to increase efficiencies and reduce the prison population. A common statistical sound bite that is cited in support of the bill is that while crime rates are down, the State prison and jail populations are up. Perhaps we need to ask ourselves, could it be that the crime rates are down precisely because the people who commit the crimes are in prison?

"The bill makes unspecified appropriations for a number of employees, including parole officers. Before one votes for this bill, we should heed what Mr. Kaneshiro has noted. What you need to have is the parole and probation officers in place before you take the inmates out. I would add that it's going to take awhile to find the right people to fill those positions. Hard working, dedicated employees will be needed to deal with potentially troublesome offenders.

"In the same *Civil Beat* article, Burt Matsuoka, Chair of the Hawaii Paroling Authority, stated, 'some parolees are refusing to cooperate, and have a real attitude problem.'

"For the reasons I have noted, I will be voting no on House Bill 2514, House Draft 3. Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"In support with very strong reservations, Mr. Speaker. You know, we all come to this building because we've been motivated by something very strong in our lives to make a difference here. And for me, I've always been a victims' advocate. And that's where my perspective comes from. So I want to apologize to my friends in this building who have worked very hard on this bill who come from a different perspective. It is my hope that by the end of this Legislative Session, we will find a way to come together.

"But the reason I have reservations, and do support partial parts of this bill, Mr. Speaker, because there are parts of this bill that are good for victims, and that was mentioned earlier by the previous speaker. I do want to thank members of the organization that did work on this, for considering this part of the bill. This is very important for the victim community, and we appreciate them for that.

"But I think what's really troubling with this bill, Mr. Speaker, and what worries a lot of victims who see this legislation, not just in Hawaii but all over the nation, who have been calling me about this, is that we are trying to base this model on the Texas model, which is very successful. But Texas is very different from Hawaii, Mr. Speaker. Texas is known as a law and order state. It's been long tough on crime. Hawaii unfortunately, we are not known as such, and we are known in contrast as having a reputation of being a little bit more tolerant for criminals.

"In our State, courts tend to give convicted criminals chance after chance on probation, before even sending them to prison. This has deeply troubled many victims of crime in Hawaii, Mr. Speaker. This is especially true for first time offenders, and even second time and third time felony offenders, Mr. Speaker. In other words, only the worst criminals actually end up in our prisons in the State of Hawaii. They ended up there as the last resort, because they failed to take advantage of the multiple opportunities given to them along the way. Opportunities that gave them a chance to turn their lives around. To succeed in the community with the support of their probation officer, and stay out of prison.

"That's exactly why section 7 and 13 of this measure is so troubling to so many victims in this State, Mr. Speaker. They seriously restrict the Board's discretion and authority of our parole board. The very people who are in the best position to decide if and when an offender is ready to be released back into the community.

"Section 7 puts a limit on how long a parolee has broken rules and can be sent back to prison for. And the previous speaker briefly mentioned that.

"I do want to mention, Mr. Speaker, that in the 1990s, we did try to do something very similar, not exactly the same, but we conducted a trial emergency release program in the 1990s, where defendants on bail for \$11,000 or less, were released on the premise to appear with public supervision by the court. The City Prosecutor's Office was extremely opposed to this program, just like they are today, Mr. Speaker. The program was abolished at the end of the trial period, because the failure to appear was greater than 50%, and it scares victims of crime in the State of Hawaii, Mr. Speaker, that we are trying to do this again.

"According to the 2011 Annual Statistical Report of the Hawaii Paroling Authority, parole revocation hearings were held for 279 inmates from 2010–2011. Of those 279 inmates, 275 were charged with committing technical violations of their parole, or 98.5% of the cases. Ultimately, 236 of those 279 inmates had their parole revoked, and were sent back to prison.

"Obviously, these so-called technical violations can add up, and be so serious that the parole board needs to put the offender back into prison. So I'm sure that was what the complication of what the motivation behind this was those technical violations.

"But, section 13 is perhaps the most problematic portion of this measure, Mr. Speaker. Again, it's a mandate to the parole board. It's a mandate to the parole board, and ties their hands."

Representative Fontaine rose to yield his time, and the Chair "so ordered."

Representative Pine continued, stating:

"I apologize. In certain cases, the offender has prior felony convictions that make them repeat offenders who must serve a mandatory minimum prison term. Certain repeat offenders have such extensive criminal records that they are ordered to serve their full prison term with no possibility of parole. This is what's scary to these victims, Mr. Speaker. They are so dangerous, that they need to be in prison, and kept away from the public for as long as the law allows. This measure would completely do away with that. The measure would instead release the most serious offenders from prison, and give them parole, anywhere from 6 months to 18 months, before the end of their sentence, no matter what.

"Before and if they have committed the most heinous crimes, Mr. Speaker, even if they have demonstrated no interest in making any effort to rehabilitate themselves. Even if they have a history of running away from probation, or a drug treatment program. Even if they have a history of domestic abuse and stalking their victims the minute they get out of prison. No matter how many people they have hurt and how many rules they have broken, Mr. Speaker. This gives them freedom and a chance to hurt people again, in the eyes of the victims who are concerned about this bill. And the parole board will have absolutely no discretion. Is this what we really want for our communities, Mr. Speaker?

"Mr. Speaker, I'm especially concerned about victims of domestic violence, or violent crimes. These victims can go about their daily lives counting on the fact that the perpetrator has been sent to prison, and that they and their families are safe. They know that as long as the perpetrator is in prison, they can maybe feel like they can survive another day. They know it won't be forever, but at least they have some comfort in knowing the perpetrator will be there for a good while. This measure changes all of that, in the minds of the victims that I've been speaking to.

"It will let those perpetrators thumb their nose at the system, by mandating their early release. The fact that the perpetrator will be on supervised parole isn't going to be any assurance to these victims. I had a woman who had a TRO against a man in Ewa Beach. She was hiding in my community, and he still found her, and he shot her in broad daylight. This brings chills down the spines of many victims that I know.

"Again Mr. Speaker, while this measure has respectable long-term goals, and I hope we can figure this out by the end of Session where we can all work together. The frightening truth is that it has an immediate effect on placing us, our families and our fellow citizens, at high risk. Risk of being victimized by offenders who are sent to prison for a good reason in the first place.

"So fellow Members, I apologize for this very long speech, but it was the best that I could do for the many women especially, that I'm working with that oppose this measure strongly. Mahalo."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Aquino rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In support. House Bill 2514 is a result of the collaboration between our Legislature, the Judiciary, the Administration, and other State and local entities. Justice reinvestment is a data-driven approach to reduce corrections and related criminal justice spending, and reinvest savings in strategies designed to increase public safety.

"The purpose of justice reinvestment is to manage and allocate criminal justice populations more cost effectively, generating savings that can be reinvested in evidence-based strategies that increase public safety, while holding offenders accountable.

"The justice reinvestment working group, which by the way is a bipartisan group, met with analysts and staff, with the CSG Justice Center to analyze our State's justice system, and has made policy recommendations to realize cost savings and reinvest these savings back into our system to reduce recidivism, decrease the prison population, and strengthen public safety.

"Key findings revealed that although crime and victimization rates have declined, as have arrests and felony convictions for violent and property crimes, incarceration however has not declined.

"This bill addresses three parts: the pre-trial process, parole, and payment of restitution. This measure amends statutes to require a 3 day pre-trial risk assessment and expansion of the parole board to increase frequency and efficiency of parole board meetings, and an increase in restitution to victims of crime.

"I would like to highlight some components of the bill that both supporters and opponents have worked hard to address. First of all, the intent of the 3 day risk assessment is to expedite the process for those that would most likely be released anyway. This language addresses the concerns that were brought up by two bail-bond companies, which clarifies that the 3 day deadline is an internal deadline or timeframe for PSD to expedite the evaluation, so the courts can figure out what they want to do. This is to ensure that PSD conducts the assessment on a timely basis. It's an internal tool.

"In working with the Hawaii Paroling Authority, language was inserted so that a detainee would receive credit for time served prior to

adjudication, or when a decision is made pending on a hearing on parole revocation. After further consultation with the Paroling Authority regarding the 6 month for technical parole violations, they will require additional information. Additional information that would really, really help, Mr. Speaker.

"In regards to the payment restitution, 25% of the total monies, total monies earned, through deposits, credits, to an inmate's account, will be deducted monthly, to go towards restitution payments. It is also important to note, Mr. Speaker, that this bill is budget neutral. It is not asking for new appropriations.

"A Governor's Message, which may come down soon, will require or ask the Legislature to transfer funds from our out-of-state contracts, into the different PSD programs. \$6 million or so in up-front costs to fund needed positions and provide program costs for pre-trial and re-entry programs will hopefully realize this year, or for FY13, \$2 million in net savings, and possibly nearly \$100 million in net savings from FY 2013 to FY 18.

"These savings will continue to increase over the years, as they are reinvested in expanding the various areas of pre-trial and risk-assessments, re-entry, and community-based treatment programs for pre-trial probation and parole officers, strengthening victim services and notification, and restitution collections."

Representative Awana rose to yield her time, and the Chair "so ordered."

Representative Aquino continued, stating:

"Thank you very much. And research and planning staff within the Department of Public Safety.

"By addressing these areas, this measure aims to reduce the cost of corrections, hold offenders more accountable, and re-invest those savings. Some may say that we are changing too much, too fast, Mr. Speaker. I don't believe that is the case. This bill is still a work in progress, but it is a step forward. Thank you, very much."

Representative Ching rose in opposition to the measure and asked that the remarks of Representative Pine be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Evans rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support and I want the words of the Chair of Public Safety in the Journal as my own.

"And I wanted to add that, there was a time where we were just about tough on crime. Make them have a punishment. They complete your time and then we put them back on the street. But I think we finally wised up and realized that we had to have reentry. We had to have reintegration. We had to try to at least attempt to make sure that people succeeded when they got out of prison.

"I think that the Chair of Public Safety was very eloquent in how he described what it is we're really trying to achieve. And I think what we're really trying to do is make sure that people do not get victimized. That we try to break the cycle. I really like the fact that this bill had all these people work on this, the Justice Center, and the people across the whole United States that realize that reintegration and reentry, and to actually invest in people so they succeed, is going to save us in the long run. Because we don't want to keep building prisons and incarcerating, because that's not a model that ultimately works.

"We incarcerate more people than any country in the world. Well, what's that all about? We've got to stop that trend. And so I really support, and want to thank the Chair of Public Safety for the hard work. Clearly this was a lot of work to get this bill where it needs to be. Thank you."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative Marumoto be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Pine rose to respond, stating:

"I just want to leave with this. I don't want to be remiss in reading an actual message from a victim.

Years ago, I was a victim of sexual assault. My attacker was released early, as this bill would release attackers early, in my opinion. And I have lived in fear ever since. Every day was frightening. Even without the man walking the streets free, but now that he is out I can barely function. I'm speaking for other victims who may feel the same way today. There will be widespread panic that could cripple Hawaii, in my opinion. I am writing this email to beg you, please do not let perpetrators of violent crimes off and get a 'get out of jail free' card. I fear that the consequences of letting them out are greater than you realize. If these people get out and continue breaking the laws that put them in jail in the first place, many lives will be in danger.

"So as you can see Mr. Speaker, no amount of restitution is going to put these victims at ease. So I hope we listen very strongly to their voice, and as we proceed, Mr. Speaker, we strengthen this area. Mahalo."

Representative Evans rose to respond, stating:

"Mr. Speaker, in rebuttal. I'd really like to speak to the person that wrote that letter, because when it comes to sexual assault, it takes maybe a lifetime to repair yourself from that. I'm not sure you ever recover. I'm sure the person that served their time eventually will get out. So I would say that we as the Legislature, and as a community, need to figure out how we are going to deal with sexual assault in general.

"This bill, because of the way it's written, with the planning and the people that are going to supervise, that they're going to work with them. If we want to talk about sexual offenders and go that route, then I would say, let's work on it this summer. Let's come back next year with bills that completely focus on sex offenders. Because that is a very unique group of people, and maybe we need to focus on that. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2514, HD 3, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Third Reading by a vote of 47 ayes to 4 noes, with Representatives Ching, Marumoto, Thielen and Ward voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 929-12) recommending that H.B. No. 2515, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2515, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Har rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise with reservations on Standing Committee Report 929-12, House Bill 2515, House Draft 3. This is a Justice Reinvestment bill that would permit a sentence of probation for certain second-time drug offenders and a three-year probation term for individuals convicted of certain class B and C felonies, as well as increase the threshold property and services valuation for theft in the second degree to more than \$750. Mr. Speaker, I base my reservations on two reasons.

"First, shortening and restricting probation terms from five years to three years for Class B and C felonies is not necessary to cut costs. The law already allows for shorter probationary periods. Under Hawaii Revised Statutes, Section 706-623, at any time during the initial sentencing or at any late time, a defendant can be discharged from probation upon a motion to the judge by the probation officer, the defendant, or upon the judge's own motion. There is also the possibility of unintended consequences. If

the probationary term is too restrictive, prosecutors may be unwilling to risk probation plea bargains.

"A second reason I am with reservations on this bill is because of the increase in theft valuation from over \$300 to over \$750. Although the intent of this increase is to adjust for inflation, there is the unintended consequence of further encouraging professional shoplifters. The Retail Merchants of Hawaii reported in their testimony before the House Committee on Finance on February 23, 2012, that over 1% of annual sales, or \$240 million, is lost to theft. Chronic shoplifters and repeat offenders who know the system and understand the laws will only be persuaded to steal significantly more merchandise. Furthermore, this considerable loss in annual sales will undoubtedly affect consumers. Because stores will have to make up for a loss in revenue and counterbalance increasing insurance premiums resulting from stolen merchandise, the burden of cost will be unfairly passed on to the consumer.

"For these reasons, I stand with reservations on this measure. Thank you, Mr. Speaker."

Representative Pine rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"I stand in opposition to HB2515, which permits a sentence of probation for second-time drug offenders, and a three-year probation term for individuals convicted of certain class B and C felonies. This bill also strives to increase the valuation amount for theft in the second degree from \$300 to \$750.

"We must consider the costs that lessening penalties for theft will have on our local businesses and consumers. Theft is devastating to our community. It forces businesses to pay for expensive security equipment, cameras, and the hiring of loss prevention workers. These costs, in addition to the actual value of the stolen merchandise, are then passed on to consumers. Small businesses that don't have the resources to implement these security measures would be among the hardest hit if this bill passes.

"Many repeat offenders for theft stay informed on the laws and the specific penalties associated with each degree in order to avoid receiving higher charges and harsher penalties. If we increase the valuation amount, criminals who have previously only stolen goods valued at less than \$300 to avoid being charged for theft in the second degree would now be able to steal up to \$750 dollars while still receiving the second degree charge. Repeat offenders are going to take advantage of an increase in the valuation and almost be encouraged to steal more expensive goods and services if this bill passes. Thank you, Mr. Speaker."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in opposition of H.B. 2515 HD3, which permits a sentence of probation for certain second-time drug offenders and a three-year probation term for individuals convicted of certain class B and C felonies and increases the threshold property and services valuation for theft in the second degree to more than \$750.

"Drug offenders should be punished for committing a crime as public safety and accountability are vital to crime deterrence. I am concerned that this bill is too lenient towards second time offenders; this bill allows for second time offenders to be given probation instead of jail time, however, lowering the population is not the main priority; the safety of our residents is. The testimony provided by Brian Iwaishi, Loss Prevention Manager of Times Super Market states that "this [bill] will only increase the theft

problems retail establishments face every day. As some of you have noticed many retail establishments have increased their efforts to combat the rising problem of theft by installing EAS security systems, more cameras, security guards and loss prevention personnel in an effort to reduce the theft problem and losses from associated with theft."

"I urge the Committee to defer this bill. Thank you."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2515, HD 3, entitled: "A BILL FOR AN ACT RELATING TO CRIME," passed Third Reading by a vote of 47 ayes to 4 noes, with Representatives Ching, Pine, Thielen and Ward voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 930-12) recommending that H.B. No. 2415, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2415, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAID," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 932-12) recommending that H.B. No. 2275, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2275, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Mr. Speaker; I rise in support; however with reservations, to HB 2272 and the companion measure HB 2275. These bills would impose a 3% additional fee on long term nursing care facilities and on hospitals in the State of Hawaii.

"While the intended purpose of the fee is to help Hawaii draw down more Medicaid funds by providing a match for federal Medicaid dollars, this is laudable since Hawaii needs to obtain all of the federal Medicaid support that is available. The approach of adding a fee on top of existing nursing care and hospital costs is flawed. This fee will only add to the already high costs of medical care in Hawaii and could particularly injure long-term care homes who already struggle to cover the expenses of taking care of our *kupuna* and disabled.

"A better approach would be to convert the existing GET tax that is paid on medical care and make this a fee that could be used for Medicaid matching funds. Doing this would avoid the need to increase already costly medical expenses and would still allow Hawaii to draw down Medicaid moneys. I hope our colleagues in the Senate will consider this alternative as a sensible, fiscally prudent approach to help our hospitals and care facilities with uncompensated care. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2275, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HOSPITALS," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 936-12) recommending that H.B. No. 2358, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2358, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Herkes rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In very strong support. This proposed legislation is critical for Hawaii's faltering economy. If enacted, it will put people back to work, and people into homes that they can afford. Mr. Speaker, this bill is an attempt to find a balance between public safety and costs.

"Mr. Speaker, some background information. There has been a steady decline over the last few years in building permits for single family homes, but an increase in owner-builders. And you know they're not completely complying with the code. Who knows how many homes or home improvements are built with no permits at all.

"Mr. Speaker, it's been estimated that as many as 80% of the homes built in some rural areas of Hawaii Island are built with no permits at all. As one newspaper reporter suggested to me that he thinks this figure is too low.

"This also means that these homes or home improvements are not reflected on the Hawaii County tax rolls. Why? Our building codes have become too excessive and costly.

"The *Pacific Business News* on Thursday, January 19, 2012, reports that Hawaii has lost 30% of its construction jobs in 4 years. *West Hawaii Today* on January 19, 2012, reports that bids for Big Island Gym roof repair, were 3 times higher than expected. Why? Changes to the County fire code are blamed. There was a similar problem with the Hilo High School Gym, and we are experiencing the same problem with the proposed Ka'u High School Disaster Shelter Gym. And because of the requirements of the building code, it will no longer be a FEMA approved facility.

"Wikipedia defines a building code as, quote 'A building code, or building control, is a set of rules that specify the minimum, minimum, acceptable level of safety for constructed objects such as buildings and nonbuilding structures,' close quote. The *Star Advertiser* reported that the Board of Water Supply, in April, began enforcing a 34 year old rule that requires home owners seeking building permits to install a sprinkler system if their home is more than 175 feet from the nearest fire hydrant, or the nearest fire hydrant has a flow rate of less than 1,000 gallons per minute.

"The Fire Council also believes that minimum road widths are required before building permits should be issued. Mr. Speaker, there are thousands of people on Hawaii Island who live on private, below-standard roads, who will ask you, 'What's a fire hydrant?' I have two 30-mile stretches in my district with no potable water and no fire hydrants. And I assume that people like me cannot improve their home or build.

"Mr. Speaker, in reviewing the testimony before the Finance Committee, it was interesting to note that many testifiers in opposition of the bill, benefit financially from complex building codes. The others, such as the State Civil Defense, who are in opposition to the proposed bill. Obviously, a civil defense job would be easier if every building in the State, including barns and greenhouses, were built of concrete and had fire sprinklers. This, in spite of a statement in *Forbes* magazine by Ray Lovell, spokesperson for the Hawaii State Civil Defense, in a report of the safest and least safest places in Hawaii, that said that Hawaii is the safest place in the country, the safest place in the country from natural disasters.

"Members, why weren't the contractors and developers out in strong support of this bill? Members, this should be of concern to everyone on this Floor. They are afraid of getting on the bad side of county public works departments and having their permit applications held up for no reason. And people in the Hawaii County told me the same thing.

"Mr. Speaker and Members, I have talked about this bill through just plain people on the street. And they say, 'Wow, you're going to put people to work? And have homes that people can afford to buy?' Then they add, 'Do something about the hurricane insurance.' And we're trying to do that too."

Representative Ichiyama rose to yield her time, and the Chair "so ordered."

Representative Herkes continued, stating:

"I'm through. Members, please support this 'make sense' bill."

Representative Oshiro rose to speak in support of the measure, stating:

"I just rise in support. Strong support. But I need to point out for the record that there was an error in the Committee Report, House Standing Committee Report No. 936-12. In the Report that you have received, that's on file, there should have been two lists of testifiers in support. Actually there was one list of testifiers in support, and testifiers in opposition.

"So those in opposition include testimony from the Department of Defense, State Fire Council, Honolulu Fire Department, Maui County Council, Department of Planning and Permitting of the City and County of Honolulu, Department of Fire and Public Safety of the County of Maui, Kauai Fire Department, Hawaii Steel Alliance, National Fire Protection Association, Insurance Institute for Business and Home Safety, Structure Engineers Association of Hawaii, and numerous individuals. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2358, HD 3, entitled: "A BILL FOR AN ACT RELATING TO THE BUILDING CODE," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Fontaine and Riviere voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 937-12) recommending that H.B. No. 2553, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2553, HD 2, entitled: "A BILL FOR AN ACT RELATING TO BUILDING DESIGN FOR PERSONS WITH DISABILITIES," passed Third Reading by a vote of 51 ayes.

At 4:23 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 1974, HD 2
H.B. No. 2514, HD 3
H.B. No. 2515, HD 3
H.B. No. 2415, HD 2
H.B. No. 2275, HD 2
H.B. No. 2358, HD 3
H.B. No. 2553, HD 2

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 938-12) recommending that H.B. No. 2519, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2519, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EARLY LEARNING," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 944-12) recommending that H.B. No. 2703, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2703, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Just in strong support, and I think it's kind of probably obvious. So written comments, please."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in strong support of H.B. 2703-Relating to Self-Sufficiency. This bill creates a new chapter in the Hawaii Revised Statutes requiring the Department of Agriculture to develop a food sustainability standard to promote local food production to help diversify the local economy.

"H.B. 2703 has the ability to promote local food production that creates jobs, while strengthening and diversifying the local economy. I firmly believe that this measure would funnel more money to local Hawaii farmers rather than farmers on the mainland and other countries. Not only this, H.B. 2703 would improve food security and leave us with a stronger footing in the case of natural or manmade disasters that subsequently disrupt food importation. Thank you."

Representative Pine rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"I strongly support HB 2703 HD2, which would require the State Department of Agriculture to develop a food sustainability standard that promotes local food production and thereby strengthens and diversifies our local economy.

"The Sierra Club Hawaii Chapter, the Hawaii Food Policy Council, Olinda Farms and numerous individuals join me in supporting this important measure.

"HB 2703 HD2 would improve food security – a vital goal given that Hawaii currently imports about 90 percent of its food and we have only a ten-day supply of fresh produce at a given time.

"Hawaii currently spends an estimated \$3 billion annually on food imports. According to the Department of Agriculture, replacing just 10 percent of our food imports with local produce would create more than 2,300 jobs.

"Moreover, the people of Hawaii would enjoy fresher, more flavorful produce grown in local fields and sold by local businesses.

"Hawaii's dangerous overdependence on imported food leaves our residents vulnerable to rising oil prices that could significantly increase the cost of shipping. We are also vulnerable to food supply disruptions in case of natural or manmade disasters.

"In summary, HB 2703 HD2 promotes the growing of local food for local consumption. This initiative would enhance our quality of living, improve food security, support the local agricultural industry, create new jobs and keep billions of dollars circulating in our economy.

"For all the above reasons, I strongly support HB 2703 HD2 Relating to Food Sufficiency."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2703, HD 2, entitled: "A BILL FOR AN ACT RELATING TO FOOD SELF-SUFFICIENCY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 946-12) recommending that H.B. No. 2019, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2019, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Riviere rose to disclose a potential conflict of interest, stating:

"Before I go further, I was going to do this on the next measure, but I should ask for a potential conflict of interest. For Stand. Com. Rep. Nos. 946 and 948, and actually for a couple of mortgage related bills that occurred earlier today, if that's possible. I am a mortgage loan officer. So for any bills related to mortgages today, I'd like to ask for a blanket ruling," and the Chair ruled, "no conflict."

Representative Riviere continued to speak in opposition to the measure, stating:

"On Stand. Com. Rep. No. 946, it relates to mortgage deficiency judgments. Everything I do when I get up to stand is about fairness. People may disagree with my position, but I'm always going to stick to what I believe is fair and proper. And this bill would change the law such that no lender could solicit mortgage deficiency judgments. That is voiding of contracts, contracts that have existed over the last 30 years that have been made, mortgages that have been made on the premise that a lender could seek deficiencies under certain circumstances.

"This bill on its face I believe would be constitutional, and I guess that will be found out later. It did attempt to do something that was reasonable in that it did attempt to say, well someone who bought their house, they financed it, and then the value went down and they got in trouble. Then they cannot afford it. That is an admirable goal, because that is of no fault of the borrower.

"The bill presently though has been expanded to include refinances, and that opens up a whole world of trouble, because of people who have been taking cash out, the value falls, and they walk away from it. And they may own other properties or assets, or maybe they didn't make their mortgage payment, they're saving up for whatever they're going to do next.

"To blanket wipe out mortgage deficiency judgments is a bad idea, and the fact that it's not even prospective is a terrible idea. Thank you."

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"I request for a ruling on a possible conflict. In my practice we do take on cases that sometimes involve mortgages," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2019, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MORTGAGES," passed Third Reading by a vote of 48 ayes to 3 noes, with Representatives Ching, Marumoto and Riviere voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 948-12) recommending that H.B. No. 2501, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2501, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Riviere rose to disclose a potential conflict of interest, stating:

"For Stand. Com. Rep. Nos. 946 and 948, and actually for a couple of mortgage related bills that occurred earlier today, if that's possible. I am a mortgage loan officer. So for any bills related to mortgages today, I'd like to ask for a blanket ruling," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2501, HD 1, entitled: "A BILL

FOR AN ACT RELATING TO MORTGAGE LOAN ORIGINATION," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 949-12) recommending that H.B. No. 1848, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1848, HD 2, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 950-12) recommending that H.B. No. 2773, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2773, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Aquino rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I request a ruling on a potential conflict. I work for a nonprofit that serves as a fiscal agency for one of the program sites. Thank you," and the Chair ruled, "no conflict."

Representative Pine rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"I strongly support HB 2773, which appropriates \$336,000 to the Young Men's Christian Association of Honolulu to support the Weed and Seed program on Oahu.

"The Weed and Seed Program has reduced crime and increased community involvement in Ewa Beach and Waipahu. Our communities are better because of this program. I offer my full support and gratitude to the Weed and Seed Program."

Representative Cullen rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I stand in support of this measure because I believe we should commend and show our appreciation to the men and women who work with the Weed and Seed Program of not only my district – District 41 – but also those of other districts to keep the struggling communities a safer place. They continue to be a great asset to the State."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2773, HD 3, entitled: "A BILL FOR AN ACT RELATING TO THE WEED AND SEED PROGRAM," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 951-12) recommending that H.B. No. 2152, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2152, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Souki rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I wish to speak on this measure with reservations. The original intent of this bill was that we provide some medical relief to labor, to increase the Medicare formula from 110 to 130. The formula, from 110 to 130, to provide for the working people on workers comp accidents was

from 1995. So its approximately 17 years or more that has passed since that time without any change at all.

"Employees, labor who has been injured in the job, have been having a very difficult time, if not impossible, to find a doctor, a primary care doctor, to provide medical treatment. And so what it does is, it prolongs the patient's injury and rehabilitation. They are not able to go to work, and in the end it costs a lot more.

"The action that the Committee took, and I can understand, it's very difficult making hard choices when you are in a Committee. The basis for making a study was what they perceived as what the Labor Chairman wanted as he made his testimony. But let me give you some excerpts from the Labor Chairman. This was to the Labor Committee, but I said basically the same thing to the Finance Committee. This is from the Chairman. It says:

The Department supports the intent of increasing the allowable charges for medical care, services and supplies above the current one hundred ten percent (110%). We offer the following comments:

ACT 234, effective June 29, 1995 amended Section 386-21 to provide that charges for services shall not exceed 110% of Medicare Resource Based Relative Value Scale system. Act 234 was implemented in response to physicians' concerns that reimbursement rates were too low. Overtime, the reimbursement rates of providers have failed to keep pace with the higher costs of medical care, leading some physicians to opt out of providing treatment to injured workers in the workers' compensation system.

The Department is aware that any increase in reimbursement to medical providers may result in additional cost and higher insurance fee premiums for employers. The Department notes that from 2005 -2010, Workers' Compensation premium levels have cumulatively decreased by 69%. This trend of decreasing premiums may be reversing, however, as evidenced by the leveling of premium costs last year.

The Department believes a reimbursement of 110% of Medicare to medical providers who treat injured workers is inadequate. The Department, however, has some concerns health care providers who are already adequately compensated for their services would receive an increase in allowable charges if the ceiling for charges were raised to 130% of Medicare."

Representative Ichiyama rose to yield her time, and the Chair "so ordered."

Representative Souki continued, stating:

"Thank you very much, Representative.

The Department can and has adjusted reimbursement rates based upon surveys of prevalent charges when the surveys indicated reimbursement rates were higher than Medicare. Changes to reimbursement rates are made to the Department's Supplemental Fee Schedule known as Exhibit A of the Medical Fee Schedule Administrative rules.

"Let me make mention that the previous Administration failed to update the Medical Fee Schedule on a regular basis. That further aggravated the problem. And presently, as we have no information on that, but the anecdotal information is they are not getting the care that they need from the Department of Labor, who needs to provide the automatic that goes through appeals, and that takes a long time.

"So what he proposed, as an alternative approach to an across-the-board increase in allowable charges to 130% of Medicare reimbursement rates. The Department suggests the Legislature look at providing some relief attached to a comprehensive study on long-term fiscal impact of this relief in the context the adjustment would have.

"So what he's saying in effect is that some relief should be provided, and not maybe the 130%. Maybe somewhat lower. But he would want also at

the same time they provide the relief, and that a study be made to see the kind of impact this relief is having on the providers.

"However, that section was not taken in total. In the wisdom of the Finance Committee, they chose only to make a study. The danger with that, if you're only going to make a study, is the practicing providers are not getting reimbursed enough, and will not be providing the care to injured workers, which will be prolonging the rehabilitation period and making additional and higher costs to the State of Hawaii.

"So I ask that the Finance Committee, as they go into Conference, if they could re-look at this testimony again, and in their hearts consider that the labor out there, who could be our own family, our own friends, is not getting the care that they need. Hopefully as you go into Conference, you will have the wisdom to increase the rates somewhat in a more fair response.

"Thank you, very much. And I wish to again thank the Committee on Finance. I know you did your best, but I ask you to try a little harder. Thank you, very much."

Representative Ching rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I ask for a possible conflict of interest. My husband is a primary care provider," and the Chair ruled, "no conflict."

Representative Ching continued to speak in support of the measure with reservations, stating:

"Thank you. Slight reservations, then."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2152, HD 2, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Third Reading by a vote of 51 ayes.

At 4:38 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2519, HD 2
H.B. No. 2703, HD 2
H.B. No. 2019, HD 1
H.B. No. 2501, HD 1
H.B. No. 1848, HD 2
H.B. No. 2773, HD 3
H.B. No. 2152, HD 2

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 952-12) recommending that H.B. No. 2661, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2661, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2661, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII EMPLOYER-UNION HEALTH BENEFITS TRUST FUND," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Hanohano voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 953-12) recommending that H.B. No. 2264, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2264, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2264, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 957-12) recommending that H.B. No. 2569, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2569, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and brief comments. Mr. Speaker, I was hoping, and thought actually, this would be resolved by now. The Finance Committee had a great hearing last week. The AG and the representatives from the churches had a great dialogue. It was almost *Kumbayah*, because they were going to continue it the next day, and then suddenly the issue was broken off and negotiations stopped.

"The great news is that the language is perfect. The difficulty is that the language is in a different place than some people believe it should be. It's placed in public accommodations. Some people feel very strongly the churches should not be put into statutes that contain public accommodation, because then that gets into even more difficulties. Anything that's a public accommodation, you can't do this, that and the other things, particularly discrimination wise. And churches actually have that one religion discriminates against another.

"So the point is that we need to keep the dialoging between the AG and those particular interested parties, and otherwise. They should be able to come up with something. Thank you."

At 4:40 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 4:41 o'clock p.m., with Vice Speaker Manahan presiding.

Representative Keith-Agaran rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I support HB 2569 HD2 which fills some unexpected gaps in last Session's historic civil unions bill. Important provisions of this bill clarify the rights and responsibilities of couples who must terminate existing reciprocal beneficiary relationships in order to enter a civil union. This measure protects these families by allowing them to maintain property held by the entirety in that status. It also clarifies which unions from other jurisdictions will be recognized as civil unions in Hawaii. The bill also further clarifies the protection given to religious bodies which have religious objections to the use of their property to solemnize civil unions by adopting language similar to public accommodations exemption provisions in effect in jurisdictions that recognize civil unions or same sex marriage. These clarifications do not change the intent of the Legislature – as set out in Hawaii Revised Statute sections 572B-9 and -11 -- with regard to the scope and effect of our civil unions law:

Partners to a civil union lawfully entered into pursuant to this chapter shall have all the same rights, benefits, protections, and responsibilities under law, whether derived from statutes, administrative rules, court decisions, the common law, or any other source of civil law, as are granted to those who contract, obtain a license, and are solemnized pursuant to chapter 572.

A party to a civil union shall be included in any definition or use of the terms "spouse", "family", "immediate family", "dependent", "next of kin", and other terms that denote the spousal relationship, as those terms are used throughout the laws of the State."

Representative Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, likewise. I would like to submit written comments in strong support."

Representative Oshiro's written remarks are as follows:

"Mr. Speaker, I rise in support of House Bill No. 2569, House Draft 2. This bill provides amendments to Act 1, Session Laws of Hawaii 2011, to correct technical problems with the law in a manner that does not alter the Legislative intentions for the original act. It incorporates technical changes recommended by the Attorney General to clarify the transition from reciprocal beneficiary to civil unions status to ensure that couples do not lose any rights or benefits that have accrued.

"At the outset, I would like to thank the Representative from Kapolei for spending hours researching this subject and assisting with the drafting of the bill and the Committee Report. Her legal insight was invaluable to your Committee in its review of this bill.

"Critical to this bill are the amendments made to clarify that religious institutions are protected from civil liability in denying the use of their facilities for the purpose of solemnizing civil unions. This language is intended to clarify the religious exemption already in section -4(c) of the law, which states:

"Nothing in this section shall be construed to require any person authorized to perform solemnizations pursuant to chapter 572 or civil unions pursuant to this chapter to perform a solemnization of a civil union, and no such authorized person who fails or refuses for any reason to join persons in a civil union shall be subject to fine or other penalty for the failure or refusal."

"It should be noted that the United States Supreme Court has held that government regulation cannot interfere with a citizen's First Amendment right to associate for the purpose of engaging in protected speech. In *Boy Scouts of America v. Dale*, 530 U.S. 640 (2000), citing *Roberts v. United States Jaycees*, 468 U.S. 609 (1984), the Supreme Court ruled that:

"... implicit in the right to engage in activities protected by the First Amendment is a corresponding right to associate with others in pursuit of a wide variety of political, social, economic, education, religious, and cultural ends. This right is crucial in preventing the majority from imposing its views on groups that would rather express other, perhaps unpopular, ideas. ... Government actions that may unconstitutionally burden this freedom may take many forms one of which is 'intrusion into the internal structure or affairs of an association' like a 'regulation that forces the group to accept members it does not desire.' ... Forcing a group to accept certain members may impair the ability of the group to express those views, and only those views, that it intends to express. Thus, freedom of association. ... plainly presupposes a freedom not to associate."

"Regarding this bill, it is my opinion that religious organizations are expressive associations that are free to NOT associate with persons wishing to solemnize or celebrate civil unions at their facilities. To do so through the application of the public accommodations statutes would significantly affect its expression in violation of the First Amendment.

"For this reason, I believe the language found in House Bill No. 2569, House Draft 2, makes clear that religious organizations may selectively

provide services, accommodations, advantages, facilities, goods, or privileges to some individuals with respect to the solemnization or celebration of a civil unions but not to others.

"This follows the common law of the United States. . . no more, and no less.

"Accordingly, I urge my fellow colleagues to support this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2569, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CIVIL UNIONS," passed Third Reading by a vote of 51 ayes.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 958-12) recommending that H.B. No. 1829, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 1829, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Say rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on a potential conflict? My potential conflict is that I'm a sublessee on Kalani Street in Kalihi," and the Chair ruled, "no conflict."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Jordan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Luke rose to speak in opposition to the measure, stating:

"Thank you Mr. Speaker. Briefly, in opposition. This bill interferes with the private contract between lessors and lessees, and it attempts to re-write the contract terms. As such, it is clearly unconstitutional and it could go into the takings clause."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Saiki rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this measure. This measure is basically a re-hash of Act 189 which we enacted 2 years ago and which was struck down by the Hawaii Federal District Court last year as a violation of the federal contracts clause.

"The contracts clause basically has three requirements. First, whether the statute has in fact operated as a substantial impairment of a contractual relationship. Second, whether the State has a significant and legitimate public purpose behind the statute. And third, whether or not the rights and responsibilities of the contracting parties is based upon reasonable conditions and is of a character appropriate to the public purpose, justifying the adoption of the statute.

"The Federal District Court found that Act 189 did not meet this standard, and because the provisions in this bill are so similar to those of Act 189, this legislation will probably also fail once it is challenged. Thank you, very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1829, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LEASES," passed Third Reading by a vote of 39 ayes to 12 noes, with Representatives Belatti, Coffman, Giugni, Hanohano, Johanson, C. Lee, Luke, Nishimoto, Riviere, Saiki, Takai and Wooley voting no.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 959-12) recommending that H.B. No. 2751, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 2751, HD 2, entitled: "A BILL FOR AN ACT RELATING TO OFFENSES AGAINST PUBLIC ADMINISTRATION," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Riviere and Thielen voting no.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 960-12) recommending that H.B. No. 2277, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2277, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Marumoto submitted the following:

"Concerned Families for ATV Safety

RECENT STUDIES

- In November 2011 The Safety Record found that young riders are not big or heavier enough to ride ATVs.
- The April issue of the Journal of the American Academy of Orthopaedic Surgeons (JAAOS) found that the rapid rise in ATV-related injuries is due to increased use and also to the production of larger, faster, and more powerful vehicles.
- An ASOS study found that there is a significant risk of morbidity for children who sustain spinal cord injuries from All-terrain vehicle accidents.
- A study by researchers at the University of Kentucky found national size guidelines for all-terrain vehicles (ATV) are inadequate to ensure the safety of young riders.
- A Cincinnati Children's Hospital Medical Center study looked at ATV-related injuries to children over a six-year period throughout the state of Ohio and found that helmets did not provide any significant protection for child ATV riders.
- The American College of Surgeons recently did an assessment of the injury and death rates among ATV riders in Oregon that were treated at trauma centers. The study found that "an alarming increase in the number of ATV...riders requiring treatment in Oregon's trauma centers," with approximately 20% of them being children under the age of 15.
- The Journal of Pediatric Surgery recently published a study that found child injuries from ATV accidents are more severe than bicycle-related injuries. ATV accidents are more likely to involve multiple injuries, the need for operative intervention, and longer stays in hospitals. The study also found that after these accidents, children continue to ride ATVs and "safety behaviors are unaltered,"

reinforcing the need to enact a common sense safety standard that keeps children under age 16 off these powerful vehicles

Updated: 2/09 4:51 pm

A Honolulu police officer was sent to the hospital after crashing during a training exercise at Ala Moana Beach Park.

Around noon Thursday, HPD was giving several officers a course on how to maneuver ATV's at the park, when an officer driving a 4-wheeler lost control.

Witnesses said he went up on two wheels, and came down, hitting a parked car.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2277, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ALL-TERRAIN VEHICLES," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Hanohano and Riviere voting no.

At 4:46 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2661, HD 2

H.B. No. 2264, HD 2

H.B. No. 2569, HD 2

H.B. No. 1829, HD 2

H.B. No. 2751, HD 2

H.B. No. 2277, HD 1

THIRD READING

H.B. No. 2852, HD 1:

Representative Chong moved that H.B. No. 2852, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Reservations. And may I just briefly give my comments as to why? I applaud the intent of this. I understand it has become a problem for a community here on Oahu. However, what bothers me about this is, and my concern has always been, how do you define 'nuisance'? But as you look at how they've tried to redefine it, a lot of the elements of what is quote, 'called a nuisance,' actually is everyday life in Lahaina.

"Section A, for instance, it talked about dismantled motor vehicles and fishing boats. Well, that's about a quarter of my constituents right there. Let's see, automotive parts and equipment, appliances and furniture. That's about another 40 families. And containers, packing materials, scrap metal, wood and building materials. That's pretty much any house that's either being repaired, or a lot of what's happening is you have agricultural operations going on, farming and such. And there's one that says 'indecent material,' which seems like now that we're stepping across First Amendment boundaries and are now dictating what you can put up on your property that would constitute indecent materials.

"So maybe if this measure goes forward, they could look at perhaps restricting it to this county where the problem seems to be. Or really taking a very close look at this language, because again, it's pretty general. And like I've said, half of my town falls underneath this thing. Thank you."

Representative Marumoto rose to speak in support of the measure, stating:

"Mr. Speaker, I favor this bill. This is a particular case where, although this bill has statewide applications. As I introduced it in a previous Legislature it called for a nuisance violation if any landowner had five violations, on five properties, in the past five years, within a one square-mile neighborhood, and only in residential areas. So I don't think it should catch all but the very irresponsible landowners. I have some articles which I would like to request submission into the Journal with your permission. Thank you."

"Billionaire Genshiro Kawamoto under fire after neighbor's wall destroyed

KHON2

Published: 1/21/2011 9:43 pm

Updated: 1/22/2011 6:12 am

A Kahala homeowner is threatening to take Japanese billionaire Genshiro Kawamoto to court.

She claims Kawamoto hired crews to bulldoze a rock wall along an easement to her home, that she had paid for.

Honolulu police were called to stop the demolition but by the time they arrived, an estimated 50-feet of the wall was torn down.

And when officers asked the workers to produce a city permit for the demolition, there was none.

Rose-Marie Rafael is furious a rock wall she had built 7 years ago, is now partially in pieces.

"Where is your permission to do this there is an easement, we built it you cannot just tear it down," Rafael said.

Rafael says she was inside her home having lunch when she heard the commotion and ran outside to find a crew with a bulldozer tearing apart the wall.

"I was there cause they didn't stop so I stepped on that stone and I said will you please stop," Rafael recounted.

She says she called police, and when they arrived learned they had been hired by her neighbor Japanese businessman Genshiro Kawamoto to demolish the wall and other areas of his property.

"They said, 'where is your permission to do this?' We find out he doesn't have one," Rafael said.

She says the City's Department of Planning and Permitting also notified her no permit had been issued to do the demolition.

Rafael says she doesn't know whose property the the rock wall is on, but says she personally paid for it to be built to line an easement which is the only access to her home.

"Yes and we had an agreement with the former owner that we build the wall," said Rafael. "To see what happened today is not right."

Close friends of the Rafael's are outraged.

"Every piece of property he bought in Hawaii he turned and demolished it and made it nothing," said Rafael family friend Danny Kaleikini.

Kawamoto has purchased more than two dozen properties along Kahala Avenue and many of them have fallen into disrepair.

Attempts to reach Genshiro Kawamoto were unsuccessful. A lawyer who has represented him before says Kawamoto had not contacted his office."

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations and brief comments. I don't want to reiterate the good comments from the Representative from Lahaina. I just want to extend on them and why I also have some reservations with this particular bill. I think in seeking to preserve property values for different neighbors, the bill ironically may also compromise private property rights. And it's for the very reasons that the Representative from Lahaina articulated, because it's so prescriptive in what it determines can and cannot be in a person's private property.

"What I also want to draw the Members' attention to in the event that this continues to advance and we have dialogue about this, is that there are standards established in the bill that are rather vague. For instance, when the personal property reduces the value of other properties in the neighborhood, or is otherwise detrimental to nearby property. I certainly don't have any problems with that, except that's not particularly defined, and I think it's going to be very hard to trace an exact root cause of someone's degradation of property value, and whether it's in respect to one neighbor or another.

"Additionally, on the third page of the bill, creating or permitting or maintaining any dangerous or unsightly condition that is detrimental to the health, safety or welfare of the public. I certainly am sympathetic to the health, safety and welfare component, but again, it is somewhat arbitrary in who defines what is unsightly.

"So it is for those reasons that I have some concerns about this bill, well intended as it may be. Thank you."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in support with reservations of H.B. 2852 – Relating to Landowner Liability. This bill creates a cause of action against any person who maintains a property nuisance on residential property that causes injury or damage to the person or property of another person.

"The safety of our citizens is our priority which landowner liability preserves. The situation with Genshiro Kawamoto, the Kahala resident whose has received 56 violations since 2005 from the Honolulu Department of Planning and Permitting for his dilapidated mansions, is a prime example of the importance of landowners accountability. One of his violations was due to cylindrical footings that fell in the shoreline of one of his Kahala Avenue properties.

"However, while I support landowner liability, I am concerned that the subjective language of this bill will harm farms, ranches, and our agricultural processing facilities because activities that are the norm for one area may not be a norm for another area or demographic. Furthermore, this bill, as stated by the City and County of Honolulu, Department of Environmental Services, does not honor activities that have already been appropriately zoned, permitted, and designated for public benefit, including City refuse convenience centers, refuse transfer stations, landfills, base yards, wastewater treatment plants and pumping stations, and construction base yards. Thank you."

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"Reservations, Mr. Speaker. With a brief comment. I think this is a lawyer-specialty bill, because you can be sued for everything and anything. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 2852, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LANDOWNER LIABILITY," passed Third Reading by a vote of 51 ayes.

H.B. No. 1771, HD 1:

On motion by Representative Chong, seconded by Representative Evans and carried, H.B. No. 1771, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FELONIES FOR WHICH CRIMINAL CHARGES MAY BE INSTITUTED BY WRITTEN INFORMATION," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Hanohano and Rhoads voting no.

H.B. No. 1709, HD 1:

On motion by Representative Chong, seconded by Representative Evans and carried, H.B. No. 1709, HD 1, entitled: "A BILL FOR AN ACT RELATING TO OFFENSES AGAINST PUBLIC ORDER," passed Third Reading by a vote of 51 ayes.

H.B. No. 1776, HD 1:

On motion by Representative Chong, seconded by Representative Evans and carried, H.B. No. 1776, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COMMUNICATION SERVICE PROVIDERS," passed Third Reading by a vote of 51 ayes.

H.B. No. 2241, HD 1:

Representative Chong moved that H.B. No. 2241, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with very, very, very mild reservations. Mr. Speaker, this is a, I guess a shipment clearance for inoperable slot machines or gambling machines. It looks pretty innocuous, and it probably is, except sometimes there are devious minds who would love to get a toe-hold into the State of Hawaii, because we, as well as Utah, have no gambling yet.

"So my reservation is, if it has one more word, it would be so iron-tight it would be perfect. And that is, instead of just saying that they are 'inoperable gambling devices,' that it says, 'permanently inoperable.' Because if something is inoperable, you can just take the battery out, or you can unplug a wire or you can take a fuse, and then you get it in here as inoperable. But then you fix it and then instantly you're in business.

"Devious minds may have ways of doing this cleverly. But if we put 'permanently inoperable,' it looks like that will do the trick. So that's a suggestion, and that's my mild reservation. Thank you."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Reservations. Strong reservations actually, with the words of the Minority Leader," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and H.B. No. 2241, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ANTIQUE GAMBLING DEVICES," passed Third Reading by a vote of 51 ayes.

At 4:53 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 2852, HD 1
H.B. No. 1771, HD 1
H.B. No. 1709, HD 1
H.B. No. 1776, HD 1
H.B. No. 2241, HD 1

At 4:53 o'clock p.m., Representative Ward requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 4:55 o'clock p.m.

H.B. No. 1589, HD 1:

Representative Chong moved that H.B. No. 1589, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Pine rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"Thank you, Mr. Speaker. I support HB1589 designating February as Hawaiian Grown Cacao Month. I first want to thank the Representative from Liliha for her visionary efforts to promote the cacao industry. We should be proud that our State is the only in the nation that can grow cacao, an industry that provides jobs and growth for our local economy. Our unique State has an exclusive economic opportunity in this crop and raising awareness would provide nothing but benefits for Hawaii.

"Recognizing this market-sustaining industry would reaffirm the recognition already present in both the national and international markets.

"The growing cacao market worldwide currently generates approximately \$75 billion annually. Hawaii is ideally in close proximity to both Asia and mainland US, located to capture and prosper from the opportunities from a growing cacao market. Asia has already developed into a major chocolate market and Japan and China have experienced a significant increase in chocolate consumption during the past decade. Worldwide, chocolate festivals achieve outstanding success for international tourist destinations. Hawaii's unique environment and climate position make it the only state in the US that can grow cacao.

"Recently, a federal grant in the amount of \$50,000 was awarded to the Hawaii Department of Agriculture to help support this sustainable agriculture industry. Monies were directed towards the 2012 Chocolate Festival, which welcomed more than twice the number of attendees from the previous year, confirming the special ability of chocolate to attract revenue. It must also be noted that according to the Census Bureau of Foreign Exchange, "cacao preparation" saw a 16.8 percent increase in export, making cacao Hawaii's eighth largest overall export and the largest overall consumable export. This past summer also introduced the Hawaii Chocolate and Cacao Association (HCCA), where the increasing membership includes residents from all Hawaiian Islands.

"Inclusive to the economic benefits of cacao, the Harvard School on Public Health stated that cacao consumption is linked to longer life. Full with antioxidants, which surpass those found in blueberries, cacao can lower blood pressure and help prevent heart disease.

"Cacao also holds a special place in history. Theobroma cacao, otherwise known as chocolate and translated into English as the "Food of the Gods", was introduced to the Hawaiian Islands in 1850. Cacao has been used for centuries as a medicine and cacao has high concentrations of theobromine, a purine alkaloid that has both a calming effect on the brain and an energizing effect on the nervous system. It has also been found to stimulate the appetite and to reduce fatigue.

"Unlike various other crops, cacao self-pollinates, making cacao environmentally friendly. We must embrace the opportunity where Hawaii is the only state that can cultivate cacao. Hawaii has a once in twenty

years' opportunity to seize the momentum of the growing success and popularity of locally grown agricultural products."

Representative Riviere rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Riviere's written remarks are as follows:

"HB1589 designates February as Hawaiian Grown Cacao Month. This bill will enhance awareness of a burgeoning agricultural product that Hawaii is uniquely qualified to produce. Similar to coffee, Hawaii is the only state in the Union where cacao can grow. While Hawaii will never compete for quantity, we compete very favorably in quality. Besides helping our State diversify our agricultural markets, cacao is an environmentally friendly crop. Cacao continues to gain recognition for medicinal values; it contains anti-oxidants and minerals; and it both calms and provides good energy. Promoting cacao production in Hawaii is exactly the kind of statement we should be making."

Representative Keith-Agaran rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 1589, HD 1, entitled: "A BILL FOR AN ACT DESIGNATING FEBRUARY AS HAWAIIAN GROWN CACAO MONTH," passed Third Reading by a vote of 50 ayes, with Representative Chang being excused.

H.B. No. 2079, HD 1:

On motion by Representative Chong, seconded by Representative Evans and carried, H.B. No. 2079, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE MICROBE," passed Third Reading by a vote of 49 ayes to 1 no, with Representative Hanohano voting no, and with Representative Chang being excused.

H.B. No. 2024, HD 1:

Representative Chong moved that H.B. No. 2024, HD 1, pass Third Reading, seconded by Representative Evans.

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of HB 2024 HD 1, Relating to Employment Security. This program also known as Self-Employment Assistance Program (SEAP) helps create jobs and provides training for those who wish to start their own business. SEAP is a unique opportunity for eligible workers to enter into self-employment entrepreneurial training and receive business counseling while collecting unemployment benefits. Once enrolled in the training program, the worker will not have to look for other work and can concentrate on their business interests.

"This bill is an option for unemployment insurance claimants who have been identified as likely to run out of unemployment benefits before the return to work. Claimants qualify using a computerized mathematical formula that determines the likelihood of exhausting unemployment benefits. The requirements are simple: the worker must qualify for regular unemployment benefits, receive a letter that determines the work is likely to exhaust regular unemployment benefits before finding a new job, and enroll in an approved training business program. I urge the Members' support."

The motion was put to vote by the Chair and carried, and H.B. No. 2024, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY," passed Third Reading by a vote of 50 ayes, with Representative Chang being excused.

H.B. No. 2238, HD 1:

On motion by Representative Chong, seconded by Representative Evans and carried, H.B. No. 2238, HD 1, entitled: "A BILL FOR AN ACT

RELATING TO MOTOR VEHICLES," passed Third Reading by a vote of 50 ayes, with Representative Chang being excused.

H.B. No. 2047, HD 1:

Representative Chong moved that H.B. No. 2047, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Thielen's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in opposition to this measure. I have nothing but sympathy for my fellow citizens who have been victims of identity theft, or who have had their confidential personal information compromised as the result of careless or sloppy business practices. I do respect the intent of this measure. The problem is, it's not effectively tailored to achieve its purpose.

"Government is one of the biggest collectors and stockpilers, if you will, of our personal information. But they are only required by existing law to protect our social security numbers.¹ Nothing more. This measure is far more comprehensive, yet it doesn't even apply to government.

"This measure deals with "personal information". We're not just talking about social security numbers here. "Personal information"² means any one of the following combinations:

- Name and social security number.
- Name and driver's license number.
- Name and credit card number.
- Name and debit card number.
- Name and bank account number; and so on.

"Every business that accepts credit cards or debit cards would be affected.

"This measure would require every single private business that maintains such personal information, regardless of size, regardless of industry, to implement a "comprehensive, written policy and procedure to prevent identity theft."

"Furthermore, every business would be required to train ALL their employees on the policy and procedure. Not just the employee or employees who have access, or potentially have access to personal information, but ALL employees – no matter what their jobs actually entail.

"Mr. Speaker, I am very concerned about the impact of this measure on our local businesses – especially our smaller businesses. Because this mandate would place a very heavy burden on them – and not even guarantee any results.

"Businesses, even the smallest mom-and-pop businesses, would be required to design their identity theft prevention policy to "protect against any anticipated threats or hazards" to the information, and prevent any security breach.

"This means, despite their best efforts, any business that follows the law, has this policy in place, and trains their employees, but nonetheless experiences a security breach, will be in violation of the law. Such a result is unfair. Are we going to punish businesses, especially our smaller family-run businesses, for failing to predict how exactly the crime would be committed? For not having the ability to read the minds of identity thieves and predict their next move? For violations that could only have been prevented with the benefit of hindsight?

"Mr. Speaker, I agree that something must be done to address identity theft, but this measure is based on unrealistic expectations. This simply isn't the way to go.

"Thank you, Mr. Speaker, for the opportunity to express my opposition to this measure."

¹ HRS §487J-2.

² The definition of "personal information" in chapter 487J references the definition in chapter 487N: "personal information" means a person's FIRST NAME, or FIRST INITIAL AND LAST NAME, in combination with any one or more of the following: SOCIAL SECURITY NUMBER; DRIVER'S LICENSE or HAWAII ID CARD NUMBER; ACCOUNT NUMBER, CREDIT CARD NUMBER, DEBIT CARD NUMBER, ACCESS CODE, or PASSWORD.

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 2047, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION PROTECTION," passed Third Reading by a vote of 48 ayes to 2 noes, with Representatives Ching and Thielen voting no, and with Representative Chang being excused.

At 4:58 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 1589, HD 1
H.B. No. 2079, HD 1
H.B. No. 2024, HD 1
H.B. No. 2238, HD 1
H.B. No. 2047, HD 1

H.B. No. 283, HD 1:

Representative Chong moved that H.B. No. 283, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Jordan rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I would like to express my opposition to the authorization of the transfer of \$140,000 during fiscal year 2012-2013 from the Agricultural Loan Revolving Fund to help fund a program to control and eradicate the coffee borer beetle. Although I recognize the importance of eradicating the coffee borer beetle, I do not believe that addressing this issue with funds from the Agricultural Loan Revolving Fund is in the best interest of the Agricultural Loan Program or aligns with the program's main purpose.

"The operation of the Agricultural Loan Program/Department is funded thru the program's revenue and in recent years revenues have been severely curtailed due to historically low interest rates and the effect of the slow economy on collections. Currently the Fund has an estimated \$26 million of which \$19 million has been loaned out and \$6 million is available for loan funds, recent yearly revenues are estimated at \$800,000 due to historically low interest rates. Estimated cost to operate the Program/Department is \$1 million per year, which equates to a negative operational cost of about \$200,000 per year which is taken from the reserve fund.

"Our State economy is slow and is not projected to change the pace for several years to come much less interest rates being increased to make up any departmental short fall, since interest rates are based on national prime rates we are in a position to hold steady with the intent of the program. So although \$140,000 may seem like a small amount it is almost a one year shortfall for the Agricultural Loan Revolving Fund program, understanding that Puerto Rico has spent close to \$1 million to address the coffee borer beetle and looking at recent introduction of pests to the islands tend to show us that a more appropriate and permanent means of funding must be developed to protect our State's fragile environment. Not the use of the Agricultural Loan Revolving Fund."

The motion was put to vote by the Chair and carried, and H.B. No. 283, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FUNDS," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Jordan voting no.

H.B. No. 1454, HD 1:

Representative Chong moved that H.B. No. 1454, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Yamashita rose to disclose a potential conflict of interest, stating:

"Thank you very much, Mr. Speaker. May I ask for a ruling on a potential conflict? I am an owner of a gas station," and the Chair ruled, "no conflict."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and a brief comment. Mr. Speaker, this allows the small guys to band together to get discount petroleum. And that may be fine, but what about grocers? We've got a grocer I think, from somewhere here on this Floor. What about bulk purchases with other small grocers so they can compete with Costco or maybe Sam's Club. Other things that otherwise when we get into the marketplace like this, I think it's a dangerous kind of thing. Because this has always been the price of gas for so long, I'm not sure why this is coming up now. But it's a price control phenomenon that I think is going to, if we made the news on the State Bank, I think this will probably make the news also. Thank you."

Representative Chong rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Real short comments. This is to help a lot of independent gas dealers. The difference in other sectors of retail is that the refiner also operates the retail. Thank you."

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations and brief comments. Again, I think the intent of this bill is certainly understandable. Everybody would like to have lower gas prices, and so that's why I'm willing to support it. I hope that certainly the end that's engendered. I particularly support the provision that enables dealers to form a cooperative. Where I do have some concerns is that enforcing everyone to observe the volume discount, or applying that to everyone, that we may actually, ironically end up increasing costs because that will eliminate some of those arenas that currently offer discounts to consumers. Thank you."

Representative Fontaine rose in support of the measure with reservations and asked that the remarks of Representative Johanson be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ching rose in support of the measure with reservations and asked that the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Yamashita rose to speak in support of the measure, stating:

"Mr. Speaker, again in support. Just to let the Members know, this is not something that's not out of the ordinary. Under liquor law, liquor distributors are required to sell at the same volume discounts to everyone, and that is currently under statute. Thank you."

Representative Ward rose, stating:

"Mr. Speaker, I do not drink what is in my gas tank. Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"I just wanted to note my reservations and hopefully we move slowly on this particular issue. I'm sure we all remember many years ago we passed the gas cap, saying they would actually lower the cost."

Representative Chong rose to a point of order, stating:

"Point of order, Mr. Speaker. We're not discussing that measure."

Representative Pine continued, stating:

"I was actually going to explain why I have reservations, because they're similar. It's called price control, and that's what we're doing. Is that still point of order?"

"We tried to pass price control legislation many years ago, and we're trying to pass price control legislation relating to gas, petroleum, oil, I guess. So I just hope that we can thoroughly study this issue. Alcohol is very different from the petroleum industry. We unfortunately can only buy petroleum from very few places around the world right now, so we are limited with our flexibility. Whereas we have a lot more flexibility in terms of the alcohol industry."

The motion was put to vote by the Chair and carried, and H.B. No. 1454, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PETROLEUM INDUSTRY," passed Third Reading by a vote of 51 ayes.

H.B. No. 2606, HD 1:

On motion by Representative Chong, seconded by Representative Evans and carried, H.B. No. 2606, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAX CLEARANCE FEES," passed Third by a vote of 45 ayes to 6 noes, with Representatives Ching, Fontaine, Johanson, Pine, Riviere and Thielen voting no.

H.B. No. 2874, HD 1:

Representative Chong moved that H.B. No. 2874, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Keith-Agaran rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Thank you, Mr. Speaker. I support H.B. 2874 HD1 with reservations. It's entirely laudable for the Legislature to propose a funding support for the Governor's proposal to provide laptops to all public school students. I am not sure that this measure identifies the best source for meeting the Governor's goal.

"This bill creates the broadband special fund to support funding public school broadband and laptop initiatives and funds that special fund by capping recipients of moneys to Public Access, Education and Government (PEG) programming derived from cable fees at the lesser of the 2011 appropriation or the amount that a PEG recipient would otherwise receive in the current year. The excess funds—after capping the PEG recipients—would be deposited into the broadband special fund.

"I support increasing broadband and making laptops or other more appropriate and useful digital devices available in our public schools, as well as supporting this proposed broadband special fund. I generally support the notion that providing modern and better tools for our public school students has the potential to foster significant improvements in the education of Hawaii's *keiki*, and the special fund will make a significant improvement in access to education and opportunities for Hawaii's citizens at large. However, I have grave concerns regarding section 2 of H.B.

2874, which "freezes appropriations of moneys derived from cable fees at the lesser of the 2011 appropriation or the amount that a recipient would otherwise receive in the current year". Appropriations derived from cable fees encompasses appropriations made to public access television, and freezing these funds will deny public access networks the resources they need to meet their mission of providing treasured community programming, and Hawaii citizen's right to access media. According to some testimony, ironically, section 2 would itself defeat the very purpose of the bill, because it may freeze appropriations for broadband infrastructure and services for the Department of Education, the Department of Transportation, and University of Hawaii. Further, it would also freeze appropriations in support of State efforts in proceedings before the F.C.C. In further irony, it would hurt Hawaii's ability to access federal funds related to broadband and telecommunications that are regulated by the F.C.C.

"Let's certainly move forward on broadband and support providing new tools for our public school students. But let's look carefully at how we fund these efforts."

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations on HB 2874 – Relating to Broadband. This bill creates the broadband special fund to support funding public school broadband and laptop initiatives and freezes appropriations of moneys derived from cable fees at the lesser of the 2011 appropriation of the amount that a recipient would otherwise receive in the current year. It requires excess moneys to be deposited into the broadband special fund.

"This bill provides a concrete funding source for a laptop program for the Department of Education, which will benefit Hawaii's future and current generation of students. However, as the testimony provided by the Department of Commerce and Consumer Affairs states, placing a limit on the amount of funding that certain programs provide will inhibit the State's ability to access funds necessary to support expansion of telecommunication infrastructure and broadband communications. Furthermore, HB 2874 does not provide clear explanation in the bill as to who the "recipients of moneys appropriated" are. This bill also assumes that fees collected from cable operators will exceed amounts paid out, however, every year, the fees vary. Thank you."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Mr. Chairman, with reservations, noting that this is a work in progress. Hopefully we'll see some changes as it moves along."

Representative Tokioka rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I'd like to ask for a ruling on a potential conflict. In my private job, I work for Oceanic Time Warner Hospitality Class. Thank you," and the Chair ruled, "no conflict."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Reservations please with my concerns that were previously echoed on Second Reading. Thank you."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and H.B. No. 2874, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BROADBAND," passed Third Reading by a vote of 34 ayes to 17 noes, with Representatives Belatti, Ching, Fontaine, Giugni, Hanohano, Johanson, C.

Lee, M. Lee, Luke, Marumoto, Pine, Riviere, Saiki, Takai, Takumi, Thielen and Wooley voting no.

H.B. No. 2328, HD 1:

On motion by Representative Chong, seconded by Representative Evans and carried, H.B. No. 2328, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Hanohano voting no.

H.B. No. 530, HD 1:

Representative Chong moved that H.B. No. 530, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I'm rising to cast a no vote and to speak on this measure. Thank you. Mr. Speaker, this is the last and probably the worst of the 'dirty 8' bills on today's Order of the Day. And I call them 'dirty 8' because they really are destructive of the environmental laws that we have in place.

"This one I would first note was yanked from Water Land, and Energy & Environmental Protection, and directly re-referred to Finance. It reads 'cable' all over the bill, but it also applies to other projects yet to be determined. This bill grants the Department of Land and Natural Resources and the Department of Transportation the authority to exempt State projects from the requirements for special management areas and shoreline setbacks under Chapter 205A. And it does say that they have to, those Departments, the DLNR and DOT, they have to consult with the Office of Conservation and Coastal Lands, and the Office of Planning. Well consultation is, 'Hello, I'm calling up. We're going to go ahead with this,' and there you are.

"For those Neighbor Islanders that care about your land use plans and are protective of those, take a look at page 16 of the bill. It states, 'consistency of a State project with a county general plan and zoning shall not be required.' It will be encouraged. But it shall not be required. Take that home to your Neighbor Islands, and ask them what they think about this measure.

"The bill also states that no person or agency shall commence an action against the lead agency. That's DOT or DLNR, for granting or denial of a Special Management Area permit for a State project. So no one, no person, no one, and that includes our environmental watch dogs. No one can commence an action against DOT or DLNR for granting a special management area permit for a State project.

"The bill has numerous other sections that are very troubling. There's one about, on page 23, for a variance application for a State activity, the lead agency may hold a public hearing. And that's in the lead agency's discretion, whether they do or they don't. That's so unusual. This is not what our land use laws have provided in the past.

"Then it goes on that the lead agency, on page 26, shall be responsible for granting a variance for State structure or activity in the shoreline area. And then if the lead agency doesn't act within 21 days, that permit shall be final and granted. And then, remember, you can't challenge any of this. Then under page 27, Chapter 91 shall not apply to the lead agency.

"The bill is, as I say, the worst of the 'dirty 8.' And take a look at this and see if you want to go back to your Neighbor Island and say, 'Guess what guys? This trumps everything that you've put in place. You can't sue. And within 21 days these decisions will be final, and too bad.'

"I'm just astounded and dismayed. And I also highly object to the fact that Water Land, and Energy & Environmental Protection were not allowed to have the first review of this measure. Thank you."

Representative Morikawa rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. My concern is about the less public participation on the Neighbor Islands. The measure states, 'A public hearing may occur in the county impacted by the State project.' Rather than stating it shall occur, as with all other development. With the highly compressed time frame and lack of staffing, it is unlikely public hearings would occur, particularly on the Neighbor Islands. Thank you."

Representative Riviere rose to speak in opposition to the measure, stating:

"Thank you. In opposition. But I just want to make one comment here on the Floor. And that is, this has been a long day, and there's been a lot of what I think is a lot of attacks on the environmental law. I think it's a death by 1000 cuts. I think each one may be arguable, but each one is wrong, in philosophy and in action. And together, they make a really bad stew. So please note my observations. Thank you."

Representative Chong rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I just want to clarify some of the comments that have been made. First of all, the contents and the subject matter of this bill did go through Water Land, and EEP. House Bill 1813 was a pure exemption. And that was the original idea. The problem is, the title of that bill is 'Relating to Special Management Areas,' and that title was too narrow. So we found another vehicle, and instead of giving a complete exemption, we heard a proposed HD 1 saying that we understand the community's concerns. We heard what the people said in Water Land, and EEP in the Joint Hearing. And we said that instead of a pure exemption, why don't we have OSP do it?

"OSP was presently planning, and is in the process of planning to do it. We think it's appropriate for them to do it for State projects. Counties, like everybody else, are strapped for cash and limited resources. This allows a State agency to do it for State projects. And if people don't think they can do it, well, they do it now. Who do you think does HCDA's SMA? It's OSP. Thank you."

Representative Ching rose in opposition to the measure and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Luke rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Just briefly in opposition. People have already talked about the effect on the county authority, and taking power away from the county authority. The concern that I have is, currently, the Office of State Planning only has one planner to deal with SMA related issues. The various counties, they have 16 total SMA related staffers, and so at the same time that the counties can look at and review the various projects, you have 16 or several people who look at that. If you transfer all that authority to one person in the State office, the reverse effect is going to be not an expedited planning stages, but it's going to be a delayed planning stages. So either they are not going to review these plans and then just approve it without having a good review, or it's going to add even more delay, because we can't really have the Office of State Planning with one person doing everything. Thank you."

Representative Wooley rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I just want to also add a brief comment. The Majority Leader mentioned the Office of Planning testimony. And they did testify and they made clear that they are already working on a proposal that will be introduced next year by the Administration. So they've been working regularly with other State agencies to develop a streamlined process.

"I don't see the need for this. I do have big concerns about the broad language. I also have concerns that this has not gotten enough review. I encourage my colleagues to vote no on this bill. Thank you."

Representative Takai rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. First, I'd like to incorporate the words of the previous speaker as if they were my own. And I wanted to make just two more points. First, increased State liability. Building permits may still be required on conservation districts. This will either hold up projects when a contractor applies for a ministerial permit, or places the liability burden squarely on the State to ensure that structures meet current health, welfare and safety standards.

"Number two, I believe it's a violation of the Hawaii State Constitution, because this bill indicated no judicial review shall occur with respect to any State project approved under this measure. This violates the constitutional right to a clean environment, including ensuring State actions conserve and protect our natural resources."

Representative Belatti rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I am also in opposition, and just to add to some of the comments. My concern is that this measure may jeopardize current agreements with the federal Office of Coastal Resource Management, and thereby jeopardize federal funding. Thank you."

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise in opposition to HB 530, Relating to Coastal Zone Management. While I am supportive of expanding and improving projects and development in our State, I have strong concerns over exempting State projects from environmental regulations that exist to protect our shoreline areas. This bill would grant a virtual carte blanche to developers with very little checks and balances. I fully support responsible development that takes into consideration long-term economic and health considerations and appropriate environmental checks. I do not wish for unnecessarily protracted reviews or delays in responsible development, but there needs to be appropriate checks and balances to ensure the preservation of the environment on which our economy is fundamentally based."

Representative Saiki rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this measure. I'd like to summarize and just clarify what the major problem is with this bill.

"As was alluded to earlier, the Hawaii Constitution includes a provision that was adopted in 1978, that provides Hawaii residents with the right to challenge environmental actions. And it's actually a very important provision in our Constitution, and I'd like to read it. It's just a few sentences. This is found in Article XII, Section 9, and it reads as follows:

Each person has the right to a clean and healthful environment, as defined by laws relating to environmental quality, including control of pollution and conservation, protection and enhancement of natural resources. Any person may enforce this right against any party, public or private, through appropriate legal proceedings, subject to reasonable limitations and regulation as provided by law.

"The problem with this bill is that Section 4, which denies persons any opportunity to challenge the granting or denial of a permit, or decision to exempt an agency from seeking a permit cannot be challenged at all, and that runs afoul of Article XII, Section 9. Thank you, very much."

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose to speak in support of the measure, stating:

"Thank you Mr. Speaker, in support. Today we've had a lot of conversation about the eroding of our environmental laws. It's unfortunate that people don't remember the facts of what actually happened, so let me just refresh peoples' recollection.

"The whole point of us passing these laws is to ensure that our environmental laws are not circumvented. Back in 2006, this Body may recall that then-Governor Lingle did an emergency Proclamation for the Leeward side, under the guise of building shelters for the homeless.

"The fact of the matter is, that it was for building residential homes. And attached to that Proclamation, which I have right here in front of me, was a blanket exemption, including from procurement, Chapter 205A – Coastal Zone Management, a complete exemption, a blanket exemption from Chapter 343 – Environmental Impact Statements, a complete blanket exemption from anything relating to the counties.

"And so again it's perplexing that people want to somehow believe that we are eroding our environmental laws. If anything, what we are trying to do is ensure that these laws are actually being adhered to. And if we have to make certain exceptions, we can certainly do so.

"Secondly, I want to refute some of the comments that have been made with respect to procedure. As noted by the Majority Leader, we had a bill in Water Land, House Bill 1813. This bill would have exempted any State or county CIP from SMA guidelines. On February 10, 2012, Water Land passed out that bill, amending it to include shoreline areas, as this was suggested by the verbal testimony of DLNR. This bill was then heard by the Finance Committee on February 28, and deferred due to the fact that the bill was rendered unconstitutional because of the title flaw by amending it in Water, Land & Ocean Resources.

"As such, the Finance Committee inserted the contents of HB 1813 into House Bill 530, but narrowed the scope to only DLNR and DOT projects. But any projects implemented under this subsection were subject to consultation with the Office of Conservation and Coastal Lands, the Office of Planning, and Chapter 343. But more importantly, this bill sunsets, should it go through, on June 30, 2013.

"We keep talking about blanket exemptions. 'This' was what a blanket exemption was. And 'this' is what we're trying to avoid and trying to be responsible for letting certain projects go through. DLNR testified ..."

Representative Ward rose to a point of order, stating:

"Point of order, Mr. Speaker. Is 'this' the Lingle Administration that she is referring to? Or the Abercrombie Administration? Or a piece of paper of which we have no idea."

Representative Har: "This was a Lingle Administration. 2006"

Representative Ward: "As the Majority would say, would you please keep your comments relevant to the bill."

Representative Har: "I can certainly do that."

Vice Speaker Manahan: "Representative Ward, the Chair will allow Representative Har to make her point. Please proceed."

Representative Har continued, stating:

"In addition, as noted by the Majority Leader, the Office of Planning already grants SMAs and shoreline variances in Kakaako, so this is not unheard of, to give them this power. In addition, the Office of State Planning, in this bill, is given appropriations for two planners to deal with the specifics.

"The point here is that the Office of State Planning, yes, they're working to streamline their regulations. They admitted it. And when asked in Finance, 'Why do you feel the need to streamline?' Basically, because they admit it. That their own regulations have become overly burdensome, and over regulatory.

"And so the fact is, that this bill really puts the Office of State Planning's feet to the fire. And that's why I stand in support of this bill. Thank you, Mr. Speaker."

Representative M. Lee rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise with reservations. Special management areas are one of the most sensitive of shoreline areas and must be protected. As time goes by, encroachment into these areas is more difficult to avoid. The wisdom of exempting State projects from requirements is questionable even if for a short time. It is almost certain those exemptions will become permanent in the future. Therefore, I stand with reservations."

Representative Thielen rose to respond, stating:

"Thank you Mr. Speaker. I just want to respond to that. You can't whitewash this bill. There's no way to whitewash it and claim that it's just innocuous."

"And also Mr. Speaker, I would like to have the words of the Representative from Moiliili, McCully, Kaimuki, about the unconstitutionality of the measure, be put into the Journal as if they were my own."

"Mr. Speaker, take a look at the Committee Report. What this bill does is grants the Department of Land and Natural Resources, and then our good old Department of Transportation, the authority to exempt State projects from the requirements for Special Management Areas and shoreline setbacks in Chapter 205A. All they have to do is consult. Pick up the phone, 'Hi.' The Office of Conservation and Coastal Lands is within DLNR. The Office of Planning, 'Hi OP, this is what we're doing.' And then it goes on and says, 'Too bad about you counties and your general plans and your zoning. We don't have to be consistent with that. And, too bad, you can't file a law suit.'"

"I remember back with Town vs., and I'm trying to think of who that was, but it's Judge Town, who brought one of the early environmental cases against, it was probably against the State. And we set landmark law back in that period of time. A lot of it was used to keep the environment clean and cared for."

"This bill is now saying, 'Sierra Club, Life of the Land, any of you groups, cannot sue to enforce environmental laws, because number one, we've gutted it with this bill, and the other of the 'dirty 8,' and you can't bring a lawsuit. And we don't even have to go out to the communities when we, DLNR or good old DOT, takes some action. This bill exempts us. We may, permissive, but we don't have to.'"

"There's no way to whitewash this. It is a bad bill. It goes further than the others, and it should not be passed forward. Thank you."

Representative Riviere rose to respond, stating:

"Again, in opposition. There was some testimony about the Office of Planning. The Office of Planning was quite clear. They did not want this *kuleana* at this time. They are working on procedures that they hope to roll out. And they did in fact ask to have the next off-session to work on the plan. They want to roll in with some legislation next year."

"There's another grave risk here. If we are messing with our Coastal Zone Management, the federal funding may be in jeopardy. And the couple of million dollars that is involved in the Coastal Zone Management goes to pay for this activity. And there was testimony that it's possibly 23 positions that could be affected. So even if the Office of Planning gains one or two jobs, as previously stated, they're going to be overwhelmed. So this is going to have the exact opposite effect, risking federal funding, and exempting challenges for reasonable purposes."

"It's bad legislation. I've noticed there's a lot of opposition, a lot of opponents to this. It will be interesting to see how the vote tally comes. Thank you."

Representative Har rose to respond, stating:

"Thank you, Mr. Speaker. Just briefly, if you look to the Committee Report, Members, you'll see that the Finance Committee did in fact amend the bill. It makes it very clear in paragraph 4. It says, specifying that the intention of this measure is not to jeopardize the receipt of federal funds, and that any provision that has that effect, shall be void. And accordingly the Finance Committee then inserted a severability clause. So that should address the concerns of those worrying about federal funding. Thank you."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Again, I want to point out, we started the Session understanding that creating jobs and really moving our economy forward was a key thing."

"I really don't understand why people are so worried, because there are so many permits and so many regulations to do what we do in Hawaii. This particular one is focused on one small permit. And it's only for State agency projects."

"Now we all know if you're a State agency, and you're an elected official, you're transparent. You're under the public eye. You have mayors, you have county council people. There is no way that we are going to go into a community and do things without having scrutiny and without having plenty of opportunities, because there are other permits and other actions in place."

"It's amazing to me the conversation that I've heard from the Minority, given that there's so many regulations on the book when it comes to the environment. We have layered and layered regulations for the environment. This one is State agencies. This one is because the people want jobs and economy. But more importantly than that, these are State agency projects. These are public projects. These are projects that probably people all across the State want in their particular district, some of these projects."

"So Mr. Speaker, I think it's with good intentions that this bill is being forwarded. If there are certain concerns, people want to tighten it up, they've got some opportunity. We're still early in the process. Thank you."

Representative Pine rose to speak in opposition to the measure, stating:

"Just in opposition and just a brief rebuttal. I just want to make it clear that the Minority is in very strong support of jobs. We just believe that you shouldn't have to cut off your left arm to get one. We believe that we can be good stewards of the environment and still promote what gets us jobs here in the State of Hawaii, and that's our wonderful tourism. If we lose the beauty of our State because we have skirted the environmental laws to get jobs, that will be a temporary fix that will hurt our economy for the rest of our existence, because we will no longer have jobs, because our number one job creator in our State is tourism."

Representative C. Lee rose to speak in opposition to the measure, stating:

"Thank you, very much. I rise in opposition. I appreciate the intent of the measure, but quite frankly, the SMA area is one of the most sensitive areas, access to which is protected by our State Constitution. I think it's one of the things that our population values most. We want to have the most scrutiny of anything that is going to occur in that area, while at the same time protecting the intent of projects that go forward to benefit the community, to benefit the public. And we certainly welcome some of those in our area, should they go forward with proper public vetting and meetings and so forth."

"And I do have some concerns regarding that process, regarding some of the other issues that have been raised. Thank you."

Representative Tokioka rose, stating:

"Mr. Speaker, in strong support. And we've had a lot of great debate on this issue. I'd like to call for the question."

At this time, Representative Tokioka called for the previous question.

The motion was put to vote by the Chair and carried, and H.B. No. 530, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COASTAL ZONE MANAGEMENT," passed Third Reading by a vote of 32 ayes to 19 noes, with Representatives Belatti, Ching, Fontaine, Giugni, Hanohano, Johanson, C. Lee, Luke, Marumoto, Morikawa, Nishimoto, Pine, Riviere, Saiki, Takai, Takumi, Thielen, Ward and Wooley voting no.

At 5:31 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 283, HD 1
H.B. No. 1454, HD 1
H.B. No. 2606, HD 1

H.B. No. 304, HD 1:

Representative Chong moved that H.B. No. 304, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, you saved the best for last. You've got two bank bills on the last page. We thought we would be tired by now, but I'm going to get a second wind, because I want to say a few things in opposition if I may. Or I will yield to the Chair, as I did before, of Finance. I think he's not looking at me so I will proceed.

"Mr. Speaker, this is a bill that allows the Department of Budget and Finance to enter into agreements with other entities that issue bonds such as municipal or other states, in effect a way of pooling and leveraging assets. In short terms, it's a clever way to borrow more money. Well let me say this. As Americans, we should be embarrassed by the amount of money that we borrow. 40 cents on every dollar that our federal government spends, is borrowed money.

"Mr. Speaker, this falls in the same line as that trend for borrowing money. Do we need to borrow more money? Have we had a shortfall of bonds? Have we had high interest rates? We have not. Why do we need to do this? One would scratch one's head and say, 'What has this got to do with leveraging projects?' Unless you connect all the dots. That's how you see that you're at the airport, the runway connects all the dots together. And you see, if you don't need to borrow any money and you want to borrow money, the bottom line may be that this is State Bank component number 3. That this is something that we can seed the State Bank with, and with more capitalization, add on to what otherwise was a bad policy with a bad idea, with bad use of taxpayers' money going further and further in debt. Mr. Speaker, this is not a good bill. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 304, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE FINANCES," passed Third Reading by a vote of 47 ayes to 3 noes, with Representatives Fontaine, Marumoto and Thielen voting no, and with Representative Chang being excused.

H.B. No. 1033, HD 1:

Representative Chong moved that H.B. No. 1033, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I first want to preface my comments with, I don't deny that we need to be addressing renewable energies and we need to have a state-wide solution. I think all of the bank bills have been predicated upon something good and achieving something good for our communities. So I'm not in disagreement with that. Most of my comments will focus more on the mechanism, and whether it's appropriate to achieving those ends.

"My opposition is mainly based on a few points. One being underscored by the fact that there's such widely disparate purposes and visage by most of the bank bills, I'm not sure that we clearly have a definite idea of why we would be establishing a State bank.

"This bill is interesting in that it says that it's not a State institution, which I understand. But I think what's problematic also about this bill is this bill basically creates a government sponsored enterprise. And what we've seen on the federal level, as well as in a bunch of different states, that that can often be a problematic nebulous area, because it has both attachment to the government, while not necessarily running on the same transparency standards and public sector standards of accountability and transparency.

"By creating a separate enterprise that has attachments to the State government for instance, this particular measure is the one that appoints the Governor of the State of Hawaii as the Board Chairman, as well as gives this Body and the Senate the ability to appoint the Board of Directors. It again has ties to the State, whether or not it's a private enterprise. I think that that's an awkward area that even the federal government has not managed to successfully navigate. And that has consequences, and it will have consequences for our State.

"Lastly, I oppose this measure because it will have consequences, potentially for our constituents. I would ask Members to turn to page 27, lines 12 to 14 that make this bill relevant to all of us and all of our constituents, irrespective of the nature of this bill. This says that the deposits are guaranteed by the State. And that's a big, big deal. If they're guaranteed by the State, then that puts all of us, as well as all of our constituents, on the hook for the liability of this particular bank.

"Again, I don't disagree with the intent of trying to find a solution to achieve a viable renewable energy strategy and a clean economy. I think that's a good one. But I think there are just a lot of potentially adverse impacts that this bill may have, and clearly there's need for more deliberation, which is why I did support the creation of the task force. And I would prefer that rather than simultaneously advancing all of these measures. Thank you."

Representative Fontaine rose to speak in opposition to the measure, stating:

"I'm rising in opposition. If I could have the words from the previous speaker entered as my own. I'm just really concerned about putting taxpayer dollars at risk, and the potential risk with this type of project. Thank you," and the Chair "so ordered." (By reference only.)

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, also in opposition and the same request, that the words of the Representative of Moanalua be entered as my own. Reiterating the strong support for the environment and having a clean economy, but recalling also how this smacks so much of another measure we've seen year after year, the gaming industry. When one year it's for the elderly. The next year the money's for the education of the kids. The next year it's some other very important issue. It's still a State Bank, and it's still a bad idea, I think."

Representative Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. First of all, I think it would serve the purpose of your constituents if you would read the bill and understand the bill. But more importantly Mr. Speaker, I make myself available to any of the Members of this Body if they have any questions on how this bill came to be, it's intention and what it aims to do.

"But let me just touch upon a few things, and I ask permission to submit written comments so I can shorten my comments. But just that, people would understand what's going on right now, given the rank partisanship in Congress right now, they've been stymied to creating something similar to this on the national level, where they can go and actually collectivize the interest of several states in really promoting the funding of green jobs and green projects that serve so many different purposes and address so many

certain needs that we all aspire to have for our constituents and our communities.

"Connecticut and Kentucky have a program like this, but what prevents them from moving ahead really and collectivizing the interests of other states is that they cannot go outside their borders to draw down any of the federal monies that are available.

"Back in 2008, 2009, Congress, through the ARRA, American Recovery and Reinvestment Act, set aside about \$2.6 billion in funding, distributing it to states and municipalities and counties for their energy related projects. But because they are done in such small amounts, it really didn't make sense business wise for them to go and float those bonds and sell those bonds, and incentivize and attract investors to it. So the idea was that if you can allow for bundling in bigger packets of bond sales, it would make sense both for the states, small municipalities and counties, if they could do that.

"And that's why this bill came to us. We were contacted by some of the folks up in Washington D.C. and the East Coast, who are involved in these kinds of green banking activities, that looking at cost of land. They thought that Hawaii could be the leader, given our stable political establishment, given our understanding of the need for renewable energies, and given our interest in promoting green jobs. So that's how this came to be.

"We're talking about this Qualified Energy Conservation Bonds, also known as QECBs, and QECBs enable states and counties to finance clean economy projects at low interest rates. But most of the remaining QECB allocations far in excess of \$1 billion are allocated to counties too small to benefit from them.

"For example, right now, we have about \$13 million set aside for the State of Hawaii and the City and County of Honolulu, Maui County, Kauai County, Hawaii County that we cannot access right now.

"So I just wanted to ask Members for their support. This is a work in progress. We've still got a ways to go, but it is worth exploring. And I offer myself for any questions you might have. Thank you."

Representative Oshiro's written remarks are as follows:

"Mr. Speaker, I rise in support of House Bill No. 1033, House Draft 1. This bill would establish the Clean Economy Bank of the State of Hawaii.

"Since 2008, several members of the United States Congress have introduced bills to create a national clean economy or "green" bank. Due to the rank partisanship in Washington and the increasing politization of all things "green," these bills failed to pass. Yet the need for such a bank remains paramount. Investors, business leaders, and local government officials agree that in order to accelerate the deployment of new technologies, replicate successful financing models across the country and attract greater investment from the private sector, the United States needs a clean economy bank.

"In the absence of federal leadership, a handful of states have already launched state green banks. Connecticut and Kentucky are two notable examples. And while these state banks are powerful instruments within their own borders, none of them has the power to aggregate capital and economic opportunity on a scale that will create millions of jobs and make the United States more competitive in the global economy.

"On February 29th, your Committee on Finance heard a proposed House Draft 1 for House Bill No. 1033. This proposal was developed by experts in Washington, D.C., to utilize a state-bank model to function nationwide as a clean economy bank for all states, territories, and municipalities of the United States that wish to support it and benefit from its unique qualities.

"In Washington, D.C., federal officials and a core group of stakeholders are currently working to accelerate the deployment of \$2.6 billion in unused ARRA funding that was allocated to states and municipalities in the form of Qualified Energy Conservation Bonds, or better known as QECBs. QECBs enable states and municipalities to finance clean economy projects at extraordinarily low rates. However, most of the

remaining QECB allocations, far in excess of \$1 billion, were allocated to municipalities in amounts too small to benefit from the low interest rate and efficiencies of scale.

"One such municipality facing this problem is the City and County of Honolulu. It received an allocation of \$13 million but as of yet, none of it has been issued.

"A larger entity, like a state-owned bank with a nationwide focus, could conceivably aggregate and jointly issue these bonds on behalf of participating municipalities.

"Here's how it would work. Say a corporation wants to build biofuel facilities in Houston, Texas, Phoenix, Arizona, and Butte, Montana. The corporation needs to proceed quickly in order to take advantage of certain tax benefits offered in each State. However, because each of these jurisdictions had just recently sold bonds and because the amount of bonds needed to be sold for these projects are relatively small, these states do not plan to sell bonds until next year.

"Hawaii's state-owned clean economy bank is contacted. It is able to aggregate the amount of bonds to be sold for Houston, Phoenix and Butte into a single transaction. The bonds are sold at lower administrative costs and the proceeds are turned over to each city. For its services, the state-owned clean economy bank receives a reasonable service fee. Everyone benefits. The corporation gets its financing, the municipalities are able to utilize low interest bonds at even lower costs, and the State of Hawaii receives revenue for its services.

"Experts in Washington, D.C. believe Hawaii is the ideal state to establish the clean economy bank:

- (1) Hawaii's progressive and relatively stable political environment would allow the bank to be established and grow without constant partisan attack, and the laws governing the bank can be enacted quickly as new opportunities arise and best practices are identified;
- (2) Over the past several years, Hawaii has emerged as a national leader in clean economy industries. Such businesses like Pacific Biodiesel, Sopogy, and Oceanit are driving investment, creating jobs, and making the United States more competitive in the global economy;
- (3) Hawaii has been a key strategic partner to Western states like Oregon, Washington, California, and Colorado. The West is arguably the region of the United States with the greatest executive leadership on clean economy; and
- (4) The Hawaii State Legislature is considering the establishment of a state-owned bank at the same time that up to \$2.6 billion is available to capitalize it.

"Many agree that this concept holds much promise. Among them include:

- Oregon State Representative Jules Kopel Bailey, who testified, "Why would a legislator from Oregon care about a Hawaii bill, especially when it might create competition? In actuality, more investment in clean energy means lower costs across the nation in this sector, a bigger, more robust industry, and critical progress on climate change. The more states that act, the more we win for good-paying, American jobs."
- Michelle Wyman, Executive Director of Washington, D.C.-based Applied Solutions, who testified, "the combined resources of the participating governments will spur local investment and open new markets to clean energy industries. This will save energy, reduce carbon emissions, and make the United States more competitive in the global economy."
- Kelly King, Vice President of Hawaii-based Pacific Biodiesel, who testified, "... Pacific Biodiesel has been receiving much attention for our sustainable business model and can attest to the advantages and

ability of Hawaii to undertake the ambitious Clean Economy Bank. Our experience operating from perhaps the most remote of the fifty states has at times been challenging, but also rewarding. In fact, our remote location may be the biggest factor in our ability to remain mission-driven while still focusing on getting the job done and realizing economic success."

- Colin Bishop, Senior Advisor of Clean Economy Development Center, who testified, "I write today in support of House Bill 1033 because business leaders and local governments – in Hawaii and all across the country – urgently need a new partner, a clean economy bank, and they are not going to get it from Washington. In the absence of federal action, we need Hawaii, a state with strong leaders committed to clean energy and the environment, to step forward and establish a clean economy bank that will work alongside commercial banks to co-invest in businesses, technologies and projects that help us improve the way we use energy, water, and waste."

"Of the bills heard last Wednesday, House Bill 1033 exemplifies how a state-owned bank can move Hawaii to the forefront of clean energy both nationally and internationally. It shows us how we can become financially self-sustaining in the economy of the 21st century."

"I'd be the first to say that much more work will need to be done to make this concept reality. Hawaii's banking, lending, investment, and bond-financing laws are extremely complex and we must proceed cautiously to mitigate any unintended consequences."

"But I ask for your support for this measure to continue the discussion on this concept. This will allow us to continue to refine this legislation to make it workable in the future."

"For these reasons, I urge your favorable consideration of this bill."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. I'm glad that the previous speaker ended on a note of work in progress, because that means that maybe this study will take precedence and we won't jump into formation of a bank. As the Speaker Emeritus said, you either choose one or the other. And maybe that could be the choice at the end of the Session."

"But Mr. Speaker, I'm not sure that this is the best name for this bank, the Clean Economy Bank. Or is the Poor Economy Bank? You have to have the timing to start a bank, and now is the worst time to start a bank. Timing is very important when you start a business. If you start a bank now, it's almost like what we do in entrepreneur training, and I've been training people to start a business for the last 20 years. You've got to watch out for the dinosaurs. The dinosaurs for example are like, if you say you want to start a new business, I want to get into the video rental business. Not knowing that after Blockbuster knocked out the mom and pops, Netflix is knocking out Blockbuster."

"This is a dinosaur. Banks have been dying and gobbled up left, right and center since the 2008 recession. We want to get into a bank, in effect in an industry that's dying off. And one that we think we're smart enough to be able to do. That's amazing. That's what I think is false confidence and false entrepreneurship."

"So what we have here, is the people who run the government, DCCA, Budget and Finance, all came to the Committee and said, and I quote, 'Given the State's current financial condition, the bill would overextend the State's financial resources in such a way that it could have a detrimental effect on the State's credit rating.' This is something that we said before. It also said that we don't have the money to do it. General funds to finance this would be generally impossible."

"DCCA, B&F said that. The Hawaii Bankers Association, Mr. Speaker, they were so diplomatic, you could see the right words coming up, but by the body language, they are very concerned about this bill. The private sector, the credit unions, are all concerned. What are we going to do with this?"

"So Mr. Speaker, what's the solution to all this? I think I have one suggestion. Let's for example, consider doing a green bank. I did a little bit of research on this green bank of Kentucky. So we haven't only flirted with North Dakota. We've flirted with the green bank of Kentucky. However, do all of us know that the green bank is a revolving loan fund for energy performance services contracts on state owned facilities? There are various mentions in the Committee Report and it's for state owned facilities. Not for the people in their houses, PV or solar. It's for state owned facilities."

"The green bank of Kentucky was created in 2009 with a grant from ARRA. ARRA is the federal bailout money, \$15 million. So far to date they have invested in 9 projects for \$14 million. And I must mention, Mr. Speaker, as I mentioned before, the governance model. You know what the governance model of the green bank is? Guess who the loan committee's comprised of. The Finance Director, the Secretary of Energy, and the Budget Director. If they are like here, they are political appointees. Mr. Speaker, probably not a good model."

"So what's the solution? I say let's gut and replace this bill with the PACE bill. The PACE bill puts a solar and a PV on every roof, it's something that's amortized over 20 years using the property taxes for people to do it. The people of Hawaii need to have energy. They need to get funding. This is a way to do that, Mr. Speaker."

"So in summary, this is fake entrepreneurship. This is the State trying to get in and pretend like it knows what it's doing. And I would suggest the Speaker Emeritus and what we had said be taken totally to heart. Let's study this baby. I'll vote for that big time. But let's do a study before we jump into a State Bank and start using taxpayers' money for the bad idea, for bad policy, for bad investments. Thank you."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm going to vote no on this particular. I don't know why we are passing this bill. I'm thinking perhaps we want to put some financial institutions out of business. We have plenty of credit unions in this community. We have finance companies we could borrow money from. We have big banks and we have small banks. We could borrow money from federal and State programs."

"I'm bewildered by the rationale. Why risk public funds in this venture? I simply see it as another socialist scheme. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 1033, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC FINANCE," passed Third Reading by a vote of 42 ayes to 8 noes, with Representatives Ching, Fontaine, Johanson, Marumoto, Pine, Riviere, Thielen and Ward voting no, and with Representative Chang being excused.

H.B. No. 42:

Representative Chong moved that H.B. No. 42, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to vote against the bill, and to just briefly say a couple of comments. Thank you. The Chinatown Business and Community Association contributed \$10,000, to have a public restroom at the River of Life Mission on Pauahi Street. It was open for 90 days, weekends only, and it closed on February 26th."

"The CBCA says there haven't been any public bathrooms in Chinatown for 13 years. There's one on the outskirts at A'ala Park, but because there's an abundance of drug activity, most people don't want to go there."

"There are three parks in the Downtown Chinatown area. None of them have restroom facilities. And occasionally the Chinatown Police Department opens a unisex restroom, but it's mostly closed due to being out of operation, or out of order."

"So I would urge Members to rethink this one. We're criminalizing behavior, but instead of going in the way that we should be going, we're criminalizing behavior. The better way would be to do an appropriation to the City to enable them to have a 24-hour public restroom in a location that would be acceptable to the Chinatown community. But the way it is now, the CBCA is, I think very frustrated from not having the adequate facilities. Thank you. Remarks to the Journal, please."

Representative Thielen's written remarks are as follows:

"Public Restrooms within the Boundaries of Downtown Honolulu

"As part of a pilot program, the public restroom (usually open for individuals doing business on-site) at River of Life Mission on Pauahi Street was opened for public use from 10:00 a.m. to 9:00 p.m. on weekends only. The City along with the Chinatown Business and Community Association (CBCA) contributed \$10,000 to keep the facility open for 90 days beginning on November 19, 2011 and ended on February 26, 2012.

"Now that the 90-day trial period is over, the public restrooms in Chinatown are now closed. The CBCA says the program was a success, but is now concerned Chinatown merchants and residents will have to deal with unsanitary conditions on the sidewalks. The CBCA is hoping funding can be found to keep the restrooms open year-round.

"During the trial period, there were close to 800 users which accounted for 330 hours or 30 full 11-hour days of service. It should be noted that 80% of the users were males and the restrooms averaged 27 users each day. On special occasions, such as the "Night in Chinatown" festival held in January, 129 people used the pilot restroom facility; it should be noted that 100 users of the restroom were members of the general public and not homeless individuals.

"Chu Lan Shubert-Kwock, President of the CBCA, said that the bathrooms cost around \$300 a day to keep open, which is very expensive, but considering the alternatives, it was a good community investment. The \$300 funds were used to maintain the facility, obtain supplies and pay for the use of a security guard.

"According to Mrs. Shubert-Kwock, there haven't been any public bathrooms in Chinatown for 13 years. On the outskirts of Chinatown, there is one restroom located at Aala Park; however, because there is an abundance of drug activity in that restroom, many homeless choose to stay away.

"There are three parks in the Downtown - Chinatown area; Smith-Beretania Park, Dr. Sun Yat Sen Park, previously referred to as Gateway Park and Dr. Sun Yat Sen Mall. There are no restroom facilities at these parks.

"Occasionally, the Chinatown Police Department will open a unisex restroom. However, it is often closed due to it being out of order. Many homeless have criminal records which plays a large role in why they prefer not to use HPD's Chinatown restroom.

"Mrs. Shubert-Kwock also noted that during Downtown/Chinatown celebrations, many people partaking in the festivities also do not have a place to go if they need to use the restroom. However, unlike homeless individuals, these people have the necessary funds to walk into a business establishment, purchase something small and use the business establishment's restroom.

"The CBCA would like the City and State to seriously look into funding full time, 365 days a year public restrooms very soon. The Downtown/Chinatown area is popular with residents and visitors alike and to have urine and defecation out in the open is not good for business or Hawaii's image of hospitality and beauty."

Representative Brower rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. For someone who cares so much about the environment, I'm disappointed in the legislator from Kaneohe

Bay, Kailua. The biggest problem with this bill is that it wasn't amended to include swimming pools. Because according to the Department of Parks and Recreation, there is no law regarding swimming pools. But back to the bill.

"The problem is not that we lack restrooms. For example, at Ala Moana Beach Park, we have public restrooms open, but people who live in the park find it inconvenient to use, so they relieve themselves wherever at will.

"Item. If you're in an area of the city, Downtown, Ala Moana Park, wherever. If you're in an area that doesn't have access to restrooms, chances are you probably shouldn't be there for an extended period of time. It's against the law for you to not clean up after your dog's business, but for a person they can do the same business and not clean up. And it's not against the law. Like if you and your pet simultaneously, one would be breaking the law, the other wouldn't. So I believe both should be breaking the law.

"This is a law that should be passed for the entire City, not just Downtown. I would hope that we wouldn't need it. The enforcement of this bill, should it become law, should be similar to our litter laws on the books. Hopefully not often needed to be enforced, but there when considered necessary. Selective, but effective. Thank you."

Representative Herkes rose to speak in support of the measure, stating:

"Mr. Speaker, I wish we could exclude those of us who are 80 and older and have prostate cancer. Because if you've been through that, when you gotta go, you gotta go. And I'm sorry, but I've gotta go."

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"In support with reservation, Mr. Speaker. And I mirror the sentiments of my colleague from Kailua. I think that we should have more public restrooms. I had the opportunity to visit Australia during the summer, and I went to three different cities. Every shopping center or mall had public restrooms, and they did not have the problem that we have in Waipahu or in Downtown Honolulu.

"So I agree that we should have a measure to fund more restrooms as a grant-in-aid to the City. Thank you, Mr. Speaker."

Representative Ching rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support of the measure. But in rebuttal to the good Representative from Waikiki who has such a sense of humor, always has such a sense of humor. My interpretation of what the Representative of Kailua was saying is how much she cared about people. That is my impression of the Representative of Kailua, and that's why she cares for the environment as well."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I'm sorry that the CPC Chairman left, because the bill actually does include a provision that if you have a medical condition that would cause you to go to the bathroom involuntarily, you would not be subject to prosecution under this law.

"I would also add that as the Representative of Chinatown, the idea that there are not enough bathrooms in the area is just baloney. There are plenty of bathrooms. People choose not to use them. The law actually, in my understanding from the Police Department, is it's been enforced more against guys coming out of bars late at night, and *shishi-ing* off the curb onto the street.

"I think that kind of behavior should be unacceptable. And even though like any law, it's not enforced 100% of the time, I think it's important to have a standard of conduct. For those who don't care if people come and urinate and defecate on your front steps, on your lanai or in your mailbox or in your driveway, that's fine. If you don't have this problem in your district, great. I'm glad for you. But for the two of us whose district it

actually affects, the Representative from Waikiki and I, we support it and I hope you will too. Mahalo."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. And unfortunately, we can't avail ourselves of this new law because it's only restricted to the Downtown, Chinatown area. So, if we had that problem, we unfortunately couldn't make use of it. And just another thing. It's great to hear that were now being so generous to the City and County of Honolulu. I'd just like to know what kind of revenue bills the Representatives are going to support to pay for us to pay for all of these bathrooms. Thank you."

Representative Oshiro rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative M. Lee rose to speak in support of the measure, stating:

"Actually Mr. Speaker, I'm in support. But one of the things that I learned from the Representative from Chinatown is that although there are lots of bathrooms, there is very limited signage. So it would be very easy to encourage the City and County to place adequate signage and perhaps that would help a bit. Thank you."

Representative Aquino rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Aquino's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support of House Bill 42 with some reservation. Mr. Speaker, this bill would make public defecation and urination in the Downtown district permanent. My only reservation is that this measure should apply to all areas of our State and not be district or area specific. I understand the need in Downtown Honolulu and Waikiki due to our visitor populations who frequent these areas, but I believe that this is a relevant issue for all of our communities. Thank you."

Representative Cullen rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, although I greatly support this measure, I vote with reservations because I believe that the measure should be amended to include all cities throughout the State of Hawaii. I understand that urination and defecation on our public and private properties is a huge problem in Downtown Honolulu, but by expanding the area to all counties, instead of limiting it, and permanently prohibiting such actions would be immensely beneficial to the health of our citizens, as these wastes ultimately become hazardous."

The motion was put to vote by the Chair and carried, and H.B. No. 42, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC ORDER," passed Third Reading by a vote of 49 ayes to 1 no, with Representative Thielen voting no, and with Representative Chang being excused.

H.B. No. 2686, HD 1:

On motion by Representative Chong, seconded by Representative Evans and carried, H.B. No. 2686, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CIVIL LIABILITY," passed Third Reading by a vote of 50 ayes, with Representative Chang being excused.

At 5:55 o'clock p.m., the Chair noted that the following bills passed Third Reading:

H.B. No. 304, HD 1
H.B. No. 1033, HD 1
H.B. No. 42
H.B. No. 2686, HD 1

INTRODUCTION OF RESOLUTIONS

By unanimous consent, the following resolutions (H.R. Nos. 53 through 56) and concurrent resolutions (H.C.R. Nos. 75 through 81) were referred to Printing and further action was deferred:

H.R. No. 53, entitled: "HOUSE RESOLUTION REQUESTING A STUDY OF THE SOCIAL IMPACTS OF A SINGLE STAND-ALONE CASINO IN WAIKIKI," was jointly offered by Representatives Souki, Carroll, Chang, Hanohano, Herkes, Ito, Tsuji, Chong, Kawakami, Keith-Agaran, McKelvey and Say.

H.R. No. 54, entitled: "HOUSE RESOLUTION URGING FOOD PRODUCERS TO VOLUNTARILY LABEL THEIR PRODUCTS AS BEING FREE OF GENETICALLY MODIFIED ORGANISMS," was jointly offered by Representatives Fontaine, Carroll, Riviere, Brower, Marumoto, McKelvey, Souki and Ward.

H.R. ORDER OF THE DAY

REPORTS OF STANDING COMMITTEES

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 961-12),

recommending that H.R. No. 24, be referred to the Committee on Higher Education.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 24, entitled: "HOUSE RESOLUTION REQUESTING THE CITY AND COUNTY OF HONOLULU TO STUDY THE ISSUE OF FRATERNITY AND SORORITY HOUSE LOCATIONS," was referred to the Committee on Higher Education, with Representatives Chang, Giugni, Thielen, Tokioka and Ward being excused.

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 962-12), recommending that H.C.R. No. 44, be referred to the Committee on Higher Education.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 44, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE CITY AND COUNTY OF HONOLULU TO STUDY THE ISSUE OF FRATERNITY AND SORORITY HOUSE LOCATIONS," was referred to the Committee on Higher Education, with Representatives Chang, Giugni, Thielen, Tokioka and Ward being excused.

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 963-12), recommending that H.C.R. No. 36, be referred to the Committee on Legislative Management.

Representative Chong moved that the report of the Committee be adopted, and that H.C.R. No. 36, be referred to the Committee on Legislative Management, seconded by Representative Evans.

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, and may I have permission to insert written comments into the Journal. Thank you."

Representative McKelvey's written remarks are as follows:

"I applaud William Aila Jr., Chairperson of the Department of Land and Natural Resources and the Division of Boating and Recreation, for the recent action that they have taken with the installation of the swim buoys fronting the area known as Canoe Beach. However, I am in full support of an audit of DOBOR. Concerns have been generated from the community about the current and future needs of our coastal waters. The communities' issues should be addressed with the DLNR to ensure the safety and education for all ocean users.

"Recently a community treasure was killed by a watercraft while setting up canoe lanes for a high school canoe race. It is unfortunate that a tragic death happened and although the swim zone buoys have been installed, I am still concerned for the safety of the ocean users. I bring in to question the initiatives that should be taken by DOBOR to educate the boaters as to what the rules and regulations are regarding the buoys. According to testimony the buoys have been missing for about seven years, therefore many people may not realize what the swim zone buoys mean. I am interested in the amount of outreach that is being given to the community relating to this matter.

"In light of the recent accidents in our oceans, I believe that an independent audit will strengthen trust and credibility, and improve relations between residents and government. With the increased use of our oceans, accidents may become more probable, however an audit may turn up many of the problem areas and make sure that the steps to manage them are more effective.

"Another area of concern is DOBOR's fiscal and accounting system which has degenerated relations with the boaters. Apparently, harbor users that are paying their monthly fees are having difficulty getting accounting from DOBOR while at the same time several DOBOR employees are being suspected of or being charged with financial malfeasance. Given the

steady increase in fees by the harbor users and complaints of diminished services, I believe it is imperative that the boaters have a clear understanding of how their fees and taxes are being spent.

"Proper management of our unique and limited natural resources are critical for our State's future. In order to protect and enhance these resources I support an audit."

Representative Manahan rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support as well, with the same request as the previous speaker. Thank you."

Representative Manahan's written remarks are as follows:

"Mr. Speaker, I am in support of H.C.R. 36 Requesting the Auditor to Conduct a Follow-up Audit of the Management of State Boating Facilities, particularly with regard to the Ala Wai Small Boat Harbor. The Department of Land and Natural Resources' Division of Boating and Ocean Recreation (DOBOR) testified that there is no need to have a follow-up audit as it is still in the process of implementing the recommendation of the 1993, 1998, and 2001 legislative audits, as well as the 2006 financial audit. DOBOR is audited annually as a part of the DLNR's financial audit.

"The DLNR's response to this Resolution is precisely why we need a follow-up audit. The numerous testimonies presented at the Water, Land and Ocean Resources Committee hearing indicate the total dissatisfaction with and the inadequacy of the management of the small boat harbors, specifically Ala Wai.

"It is a question of operations management, not just financial management, that is at the core of this Resolution. I believe that the oversight of the management of the DOBOR Division has been unsatisfactory and that such lack of oversight has allowed improper activities to be conducted. For these reasons, I believe it is imperative that there be a follow-up audit of management of State boating facilities to put in place a system of checks and balances to the extent that no one person would have the opportunity to mismanage the boating program."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 36, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO CONDUCT A FOLLOW-UP AUDIT OF THE MANAGEMENT OF STATE BOATING FACILITIES BY THE DIVISION OF BOATING AND OCEAN RECREATION OF THE DEPARTMENT OF LAND AND NATURAL RESOURCES," was referred to the Committee on Legislative Management, with Representatives Chang, Giugni, Thielen, Tokioka and Ward being excused.

H.C.R. No. 84, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE ADOPTION OF LAWS TO REQUIRE WRITTEN PERMISSION FROM THE LANDOWNER IN ORDER TO HUNT ON PRIVATE LANDS AND TO DEFINE PLACES OF FORMAL HUNTING," was offered by Representative Chang.

ANNOUNCEMENTS

Representative Yamane: "Mr. Speaker, I'd like to share with the Members, Happy International Women's Day, and a Happy World Kidney Day. Members, the International Women's Day began 103 years ago, promoting equal rights and the women's suffrage movement, for women to achieve equal economic and political rights within the United States. Through the leadership of the US, countries worldwide began to celebrate and recognize International Women's Day. In recognition of International Women's Day, they encouraged and empowered women to end hunger and poverty. Colleagues, I'd like to thank and honor women of this Legislature, who represent your communities and our leaders within our State.

"Members, I'd also like to recognize that today is World Kidney Day. We all supported an important measure this year to continue the fight against kidney disease, and I'd like to thank everyone. Thank you."

Representative Chong: "Mr. Speaker, I just want to let the Members and audience in the Gallery know, one of our Members is celebrating a birthday today, and I'd like to recognize her. She is one of the youngest and the wisest new legislators this year, the Representative from Moanalua-Salt Lake."

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 65) was announced by the Clerk and the following action taken:

H.R. No. 65, entitled: "HOUSE RESOLUTION RECOGNIZING AND COMMENDING PLANNED PARENTHOOD OF HAWAII FOR ITS UNWAVERING SUPPORT OF THE PEOPLE OF HAWAII," was jointly offered by Representatives M. Lee and Ichiyama.

Representative M. Lee moved that H.R. No. 65, be adopted, seconded by Representative Ichiyama.

Representative M. Lee described the poverty experienced by Margaret Sanger as a nurse which led her to establish America's first family planning clinic in Brooklyn, New York in 1916 with the help of her sister, Ethel Byrne.

Representative Ichiyama commended Planned Parenthood of Hawaii for 45 years of advocating for the protection of women's reproductive rights and providing a full spectrum of reproductive health care services.

Representative Ichiyama then introduced the honorees representing Planned Parenthood of Hawaii, who were seated on the Floor of the House:

Ms. Andrea Anderson, Chief Executive Officer for Planned Parenthood of Hawaii;

Ms. Bette Takahashi, former President and Board of Directors member of Planned Parenthood of Hawaii;

Dr. Ann Rahall, Medical Director, Planned Parenthood of Hawaii;

Ms. Sheila O'Keefe, Director of Development, Planned Parenthood of Hawaii; and

Ms. Katie Polidoro, Director of Public Affairs and Government Relations, Planned Parenthood of Hawaii.

Representative Evans applauded Planned Parenthood of Hawaii for their commitment to providing women of all ages with reproductive and health information allowing them to make free and informed choices.

Representative Wooley thanked Planned Parenthood of Hawaii for their courage and bravery in the fight to protect women's rights.

Representative C. Lee also rose to offer his support to Planned Parenthood of Hawaii.

Representative M. Lee then introduced friends and supporters seated in the Gallery:

Ms. Amy Monk, Board Member, Planned Parenthood of Hawaii;
Ms. Cathy Betts, Executive Director, Hawaii State Commission on the Status of Women;
Ms. Carmille Lim, Hawaii State Commission on the Status of Women;
Ms. Laurie Temple, ACLU;
Ms. Ann Freed, Democratic Women's Caucus; and
Ms. Allicyn Hikida Tasaka, Office of the Governor.

The motion was put to vote by the Chair and carried, and H.R. No. 65, was adopted, with Representatives Fontaine, Pine, Thielen and Ward being excused.

At 12:23 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:29 o'clock p.m.

REPORTS OF STANDING COMMITTEES

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 964-12) recommending that H.B. No. 1800, HD 1, as amended in HD 2, pass Third Reading.

By unanimous consent, consideration of Stand. Com. Rep. No. 964-12 on H.B. No. 1800, HD 2, was deferred and in accordance with Article III, Section 15 of the Constitution of the State of Hawaii, printed copies of H.B. No. 1800, HD 2, were made available to the Members of the House.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 965-12) recommending that H.B. No. 2012, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that H.B. No. 2012, HD 1, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, and I'd like to reserve my comments for Third Reading."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2012, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Second

Reading and was placed on the calendar for Third Reading, with Representatives Chang, Thielen and Ward being excused.

ANNOUNCEMENTS

Representative Herkes: "Thank you, Mr. Speaker, and I'm pleased to announce that starting tomorrow, the mobile medical van will be in service. I've only been working on this for 8 years, and what it will do is it will bring basic clinical service to the rural areas of South Kona and Ka'u, and keep people out of emergency rooms. With tele-medicine it can go into a place like Milolii and bring basic medical service to people there. We still need to add remote dispensing of pharmaceuticals, but I'm very, very pleased that we're finally going to get this done. Thank you, Mr. Speaker."

LATE INTRODUCTIONS

The following late introduction was made to the Members of the House:

Representative Ching introduced her former Office Manager Ms. Elise Anderson and her friend from Lisbon, Portugal, Mr. Ricardo Roque.

THIRD READING

H.B. No. 2012, HD 1:

Representative Chong moved that H.B. No. 2012, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with mild reservations. You might be asking, why would someone have mild reservations about this budget? Two reasons. The first is I think it's best seen as a *kabuki* play. Behind the scenes a lot of things are going on. Behind this budget are a lot of fees that are propping up this budget. Fees that we don't see, but fees that are quite large, particularly in DCCA.

"And that leads, Mr. Speaker, to my second issue of concern, and that is, DCCA has unbeknownst to many been awarded \$75,000 for a task force. The task force is to study the state bank of which, as many of you know, I've stood up time and time again and said that this is too costly to start. Too risky to run. Too uncertain. That buying toxic mortgages with taxpayers' money is sure to go nowhere.

"Everybody's already heard that, but no one knew that this was going to be snuck into the budget. So procedurally speaking Mr. Speaker, I question, why would this have to be done without the public hearing, or the public acknowledgement, and then some of us learning it at the end.

"I think Shakespeare said something to the effect that, transparency is made of sterner stuff. We can be more open about this. But I applaud the Chair for having a conference call. It's going to be with the North Dakota Banking Executive and that's good. I understand that FACE is going to have a rally for the state bank. There's momentum.

"But now this is costing us a little bit of money. Everyone voted for the issue here on Third Reading, etc., when it was just a task force, Mr. Speaker, there are many task forces that are free. Some of them cost some money. \$75,000 is not a lot of money, but in terms of questioning the procedure, who knows what may have entered into this process. So, with those reservations I would say, earmarks at the federal level are no longer acceptable. They seem to be alive and well at the local level. And those are my reservations."

Representative Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of House Bill 2012, House Draft 1. Mr. Speaker, a document as encompassing as the budget is certainly not the work of one person, but the collective vision and effort of many people. It is truly a statement of our priorities as we emerge from the greatest recession our country and State has ever faced, and is truly with the *mana'o* and thoughts and impressions of many that has made this House Draft something we can all be proud to adopt.

"Mr. Speaker, this budget is the product of the *mana'o* of the Governor, his Cabinet, and numerous State employees. Your invaluable support and guidance of the Leadership team, the wisdom and experience of House Committee Chairs. The collective input of the members of the Finance Committee, and the analysis and contribution of the Finance Committee Staff. They have taken to heart, Mr. Speaker, your mantra, to take it slow and steady and continue on the course we set last year.

"But before I proceed in speaking in support of the budget before us, please allow me some leeway so that I may traditionally and customarily use some time to thank those countless volunteers and supporters who spent much time in preparing what lies before us.

"First and foremost I must thank my Vice-Chair, Representative Marilyn Lee, who led the hearings in my sometimes long absence, keeping members on task and maintaining decorum, and ensuring an open public forum for all voices and viewpoints. Her disarming and kind demeanor never failed to amuse and empower us as we enter the final stretch of our marathon hearings. As she repeatedly said to me, sometimes between spontaneous bursts of laughter, 'To laugh is good, and healthy too.'

"Her nurturing touch sustained our cordiality and good will. And Mr. Speaker a finer first mate no one could want, nor desire. But I was most impressed by how she did all of this despite her recent personal loss of her husband and soul mate, the late Sam Lee. But having worked with Representative Lee before I even worked with Marilyn, I can hear him say, 'Well, you know how she is. That's just Marilyn.'

"Next I must thank the Committee members for their hard work and dedication towards developing meaningful fiscal policy solutions. To our veteran members, your institutional knowledge and insight have helped drive and analyze the key issues. To our freshman members, your refreshing inquisitiveness has brought new light to discussions. And to my Minority members, your often contrary views prompted lively debates, and engaging and fruitful discussions. Thank you for participating with us.

"And thank you also to the Committee Chairs for your direct participation, advice and counsel. Thank you for allowing us the important task of hauling out the carrion and burying the many dead bills. The Finance Committee needs to maintain our reputation as a graveyard of interest and ideas, and with your generous assistance we have expanded our holdings and final dispositions. For those that took advantage of our 'Second Chair' seat, your presence and participation at our hearings both enlightened, and at times entertained us.

"And finally, Mr. Speaker I must thank my Finance staff for their hard work and diligence in the review of bills and budgets, and in crafting a well thought out product. Our permanent and session staff includes, and I'll ask them to stand and remain standing till they're all recognized. So please stand, Finance Staff:

Jo Hamasaki, Karen Horita, Puna Chai, Susan Fernandez, Erik Abe, Randall Hiyoto, Stacey Tagala, Nandana Kalupahana, Lucia Phan, Maria Millon, Midori Hirai, Bill Gillespie, Maryanne Takahashi, Meagan Shimizu, Erin Ebisuya, Daniel Kikkawa, Napualani Young, Karissa Look, Matthew Tsujimura, Micah Munekata, and Michael Ong.

"Members, please a round of applause for our Finance Staff."

Representative Rhoads rose to yield his time, and the Chair "so ordered."

Representative Oshiro continued, stating:

"Mr. Speaker, I'm reminded of a quote I read from one of our contacts at the National Conference of State Legislatures. Many of you recently visited with Corina Eckl, NCSL's Hawaii liaison and former Director of the Fiscal Affairs Program. Her successor in the Fiscal Affairs Program, Arturo Perez, was recently quoted in *Bloomberg News* with, perhaps an apt description of what we and all states have been experiencing the past four years. In Arturo's words:

State revenues fell like a bowling ball and they have bounced back, much like a bowling ball.

"On March 7, 2012, at the same time that we were voting on this budget, the Council on Revenues was meeting to update their revenue projections. They revised the revenue projection for fiscal year 2012 upward from 11.5% to 12.0%. Although this is great news, we need to remember that this revised revenue projection is still much lower than the 14.5% revenue growth projection that served as the basis for the Governor's original supplemental budget request, submitted to us.

"Mr. Speaker, this is why we maintain that the steady, deliberate approach to this budget remains a prudent attempt at preparing for the challenges ahead in reprioritizing, rehabilitating, and renewing government services in the years ahead. And that's right. There are 3Rs here – Reprioritizing, Rehabilitating, and Renewing government services with and for our employees and those they serve.

"The short-term and long-term goals of this budget are to:

Number 1, refine the Administration's budget submittal as a result of current revenue projections;

Number 2, triage targeted programs to ensure that the most basic needs are met, particularly in human services and agriculture;

Number 3, provide structural stability to the State's financial plan in meeting long-term unfunded liabilities; and

Number 4, support long-term planning and accountability efforts to fundamentally change the character and delivery of government services.

"Mr. Speaker, please don't get me wrong. I welcome the good news of the Council on Revenues last week, but we all know how fragile this economy and recovery can be. Like the wanderer in the desert who thirsts for water, we should not be fooled by the mirage of abundant resources to pay for everything under the sun. The latest revised projection of the Council on Revenues seems to have made all our problems disappear, but we need to remember that these are revenue projections and not cold hard cash. Many things can happen in 18 months.

"In addition, Mr. Speaker, to spend more money simply to restore programs that were cut in the past four years is overly simplistic and not the right thing to do. To do so means that we have not learned the lessons of the recession from which we will emerge. It will be the hardest thing to do in the face of fairly robust revenue projections, but we must show restraint. Let us keep in mind that we are barely addressing longer term liabilities of our public workers' pension system, the ERS, and health insurance cost of the Employer Union Trust Fund. These are commitments that we need to maintain and deliver on for both current and retired workers.

"Additionally, Mr. Speaker, we have yet to fully review additional funding requests made in the four Governor's Messages we were not able to vet properly or thoroughly. These messages include approximately:

\$5 million for increased electricity;

35 positions for the Justice Reinvestment Initiative; and

About \$3 million for a new computer-based Medicaid Eligibility System.

"Mr. Speaker, we must always evaluate comprehensively, consider deliberatively, and fund carefully each and every program. Options to spend more here, spend more there, as well as save more here, and save more there will be realized if these projections hold through. But, yes, there are some new expenditures in this budget and we demonstrate our support for this Administration's 2011 Program Review and some elements of the Governor's New Day initiatives.

"For example, we are appropriating:

\$250,000 for the Early Learning Council;

\$250,000 for Early Childhood Obesity and Diabetes Prevention Program;

About \$3 million for the first year of a 10 year initiative to help protect and restore forested watersheds on State lands."

Representative Awana rose to yield her time, and the Chair "so ordered."

Representative Oshiro continued, stating:

"Thank you.

About \$3 million to restore forested watersheds on State lands and secure Hawaii's water supply;

About \$1 million as seed capital for the elevator boiler program;

\$400,000 for aging and disability resource centers to roll out a coordinated system of information and access to services, starting on Kauai; and

\$30 million, Mr. Speaker, for IT and broadband initiatives.

"The budget before you proposes to triage targeted programs to serve immediate, critical needs. Mr. Speaker, I look forward to examining the IT plan due in early July, for I believe this initiative could fundamentally

transform government services. What's different about this initiative and ones we've seen in the past is that this recognizes that computerizing inefficiency or obsolete systems doesn't mean we will come out with better services. It simply means we are automating bad systems, and perhaps getting worse.

"The biggest challenge for this initiative is taking a hard, comprehensive look at State programs and services to see what needs to change. Success only comes if we all participate, share our knowledge, and change. And indeed many have come forward and honestly discussed their own shortcomings and needs to change. I commend these public servants. The same principle applies to funding programs and services as our economy improves and expands. We must demand more accountability and transparency.

"Mr. Speaker, the Finance Committee spent the 2011 interim visiting numerous State programs and seeing firsthand the impact of the recession and budget cuts has had upon them. Programs are struggling. Public workers have done more with less, and in many instances gone way beyond the call of duty. But, because of several years of budget cuts, restrictions, furloughs, and lay-offs, services have diminished and the quality of life for many affected. It is in these particular priority areas where we have decided to restore funds and reaffirm our commitment to these basic programs.

"Some key areas are as follows:

33 positions for Medicaid eligibility workers, vocational rehabilitation workers, Supplemental Nutrition Assistance Program fraud investigators, and Youth Services Regional Directors;

\$17 million for Medicaid and for restoring child welfare purchase of service contracts;

\$23 million for Temporary Assistance for Needy Families programs and contracts; and

40 positions across the Department of Agriculture, including plant and pest inspectors, measurement standards inspectors, commodities specialists, to support vital programs.

We have also appropriated \$12 million for the Department of Transportation, and the Department of Land and Natural Resources to address statewide damage from the recent storms, particularly on Kauai.

We have also added \$2.5 million for adult education programs.

And yes, Mr. Speaker. Even \$800,000 for the relocation of 400 *Nene* goose from the Lihue Airport.

"Mr. Speaker, I'm reminded of comments made by President Obama in his inauguration speech four years ago. And I believe they are even more applicable today. I quote:

The question we ask today is not whether our government is too big or too small, but whether it works – whether it helps families find jobs at a decent wage, care they can afford, a retirement that is dignified. Where the answer is yes, we intend to move forward. Where the answer is no, programs will end. Those of us who manage the public's dollars will be held to account – to spend wisely, reform bad habits, and do our business in the light of day – because only then can we restore the vital trust between a people and their government.

"Mr. Speaker, your Committee on Finance has accepted its responsibility to craft a supplemental budget constrained by the dynamic and constantly changing fiscal realities thrust upon us. We have not taken the easy route out, but kept on the course set last year as we continued our voyage through and beyond the turbulent waters of The Great Recession. We have not deviated from the course and challenge you set for us. And we are proceeding slow and steady toward that sustainable future for all of us.

"Mr. Speaker, in closing, the light at the end of the tunnel just got brighter. Let us continue to move forward together. We have proven the wisdom and truth of the Hawaiian proverb – *Pupukahi I Holomua* – "When we paddle together, the canoe moves forward fast."

Representative Hashem rose to yield his time, and the Chair "so ordered."

Representative Oshiro continued, stating:

"Thank you. I look forward to working shoulder-to-shoulder in the trenches with Chair Ige, with all the Members of the House, our counterparts in the Senate, the Governor and his Administration, and the people of Hawaii to forge a more secure and sustainable future. Thank you very much, Members. Thank you very much, Mr. Speaker."

Representative Kawakami rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Mr. Speaker, we, the Kauai three, would like to emphasize one big part in the budget that means the world to us and to our people back home. The recent storms have created some havoc and the inclusion of the \$12 million to get us back on our feet is greatly appreciated. And because of this, a few *mahalo nui loa* are in order.

"So thank you, Mr. Speaker. Thank you, Vice Speaker, Majority Leader, Majority Floor Leader. To our friends across the aisle, to the Finance Chair who has some strong lungs and can hold his breath for a long time. To our Vice Chair, and again to the brave hearts and the staff of the Finance Committee, thank you, very much, from the bottom of our hearts.

"Kauai is jokingly referred to at times as a separate kingdom, but we have had our fair share of times when we have been knocked down and busted up. And each and every time, we have had the rest of the State to reach out, pick us up, dust us off, and push us forward, lockstep with the rest of the State. And because of this, the Kauai three, from the bottom of our hearts would like to say that on behalf of our people, and on behalf of the *nene* birds, we thank you, very much, Mr. Speaker."

Representative Souki rose to speak in support of the measure, stating:

"Mr. Speaker, first of all I want to thank the Finance Committee and House Leadership, and especially the Chairman, and the CIP person. I don't know if they call them a Subcommittee Chair or CIP man. You have been very generous at looking at the needs for the airport reconstruction, which is very important to Maui and to the State of Hawaii. There's a lot of revenue that comes out from there, and you have included the money in here. You also included money to just about complete the access road, and as people who have been on Maui know how difficult it is to travel on the current Dairy Road that we have.

"I know it wasn't easy for some people, especially one person who provided the access road money. But I admire the fact that he was able to do it. And Mr. Chairman, by the mere fact that the increase is .04 is a salute to you and all the members of the Committee that in this very difficult time, you were able to keep the budget very low and balanced. I think this is going to be very good for public consumption. They should understand that the Legislature is taking a serious look as far as governance and the cost of governance is concerned.

"The concern I have, and I already uttered it in the Caucus Room, is that \$50 million for the EUTF might be a bit too high. But I believe it's a good point to begin discussion because a lot of our programs are still running at about 55 to 60% capacity, and at some point in time we'll need to raise it up continually as we find the money.

"So we should look at this more on a balanced approach. We won't be able to solve the liability problem all at one time, but again, Mr. Chairman, members of the Committee, staff, Leadership, thank you, very much. And you, Mr. Speaker."

Representative Cabanilla rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. And I would like to thank the Chair of Finance, as well as the members of the Finance Committee for being sensitive to the critical need of our State, and of our people in the area of affordable housing. There's funding for the Housing Finance Development Agency, yes, as well as to the Rental Housing Trust Funds, which is, as you see, one of the things that's being noted in our State, is homelessness. So this will help with the costs, Mr. Speaker, and with the high cost of rent, mortgages and foreclosure for the State. I think this is a very balanced budget that they offered. So with that, I stand in very strong support of this measure."

Representative M. Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support. Mr. Speaker the editorial in yesterday's *Star Advertiser* began with the following quote: 'The real mark of fiscal prudence is not what government does when the red ink is flowing, as it did in the wake of the economic recession. It is the actions taken when the revenues improve, as they have begun to do.'

"Mr. Speaker, this quote is relevant to the budget passed by the Finance Committee. The budget is no nonsense and has taken steps to deal with upcoming crises, such as the unfunded liability of the EUTF, by making a down payment on the liability.

"I'm very proud to have been part of the process that all the Finance Committee took part in and I believe that the participation of the members of the Finance Committee and the budget decisions have been rather remarkable. For this, the Chair deserves a great deal of credit.

"I would also like to commend the House Finance staff and the members who gave up their precious time to help develop a budget we can be proud of. It is certainly good news to learn of the upward adjustment forecast by the Council on Revenues on Wednesday. However, we must stay on course and keep our eyes on future budgets. Therefore, I stand in strong support of this House Bill 2012, which is thoughtful and reflects the prudent stewardship of taxpayer funds we are elected to ensure. For these reasons, I ask the Members' support. Thank you."

Representative Yamashita rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. I rise in support of House Bill 2012, HD 1. Thank you, very much. Before I start, I'd also like to thank the Finance Staff, especially Puna Chai, who pulled double duty as our Budget Chief, as well as our CIP Specialist. So, thank you, very much. And the Chair as well for his support going forward, and the Vice Chair and the Members of the Committee.

"Mr. Speaker, as we carefully prepared this CIP budget, we remain conscientious of the imminent need to create jobs, spur economic growth, and also to ensure the long-term viability of our State facilities. Mr. Speaker, I believe the CIP budget will do just that. For fiscal year 2013, the budget appropriates \$750 million in GO and GOR, and \$2.47 billion in all means of financing, which is aimed largely to address the shovel-ready projects that will create numerous jobs and opportunities to our construction and service industries. Both of which suffered greatly over these past few years.

"Therefore Mr. Speaker, included in this budget is over \$300 billion to tackle health, safety, repair maintenance, backlogs, in the Department of Education, and the University of Hawaii, as well as \$80 million to upgrade public housing and community hospitals.

"We also approved nearly \$30 million for the Department of Agriculture and the Department of Land and Natural Resources for their efforts in maintaining irrigation systems, reservoirs and dams.

"Nevertheless, Mr. Speaker, we are aware of the need to maintain the integrity of the overall State budget and would like to recognize the efforts of the Governor and the Director of Budget and Finance to stabilize the

budget profile. I would like to emphasize that these funding levels that are consistent within the Administration's current issuance plan and debt service levels. In other words, Mr. Speaker, this CIP budget will not, I repeat, will not require any additional debt service payments above what is already budgeted.

"Mr. Speaker, through the implementation of numerous projects within this CIP budget, we can help expand Hawaii's economy and address the structural needs of the most critical to maintain our long term viability of our State facilities. It is only through the ongoing maintenance of these facilities of the State that we can continue to provide the programs and services essential to those who need them most. Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"I just want to vote in support with just small reservations, and I'll insert written comments."

Representative Pine's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations on House Bill 2012 HD1, which appropriates funds for operating and capital improvement costs for the Executive Branch. While I support the majority of the bill, I am opposed to the section that allocates \$75,000 for the creation of a State Bank Task Force. In the past, task forces have been able to achieve their missions without spending hard earned taxpayer dollars. It is our duty to our constituents to make fiscal responsibility a priority."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm just going to rise with a few reservations. There are certainly some very worthy, wonderful things in this budget, many that I do support. But I wanted to incorporate the words of the Minority Leader that the \$75,000 for the State Bank is of concern to me. I ask for additional written comments, please."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in support with reservations of H.B. 2012 HD 1-Relating to the State Budget, which seeks to adjust and request appropriations for Fiscal Biennium 2011-13 funding requirements for operations and capital improvement projects of Executive Branch agencies and programs.

"While I support and appreciate the consideration of many of the programs incorporated into the budget in my district, such as the Hoopono Vocational Rehabilitation for Blind Division, as well as the Rehab Hospital of the Pacific and others, my main concerns regarding the State Budget are the hidden fees and the \$75,000 appropriated to the Department of Commerce and Consumer Affairs to support the efforts of a State Bank Task Force established in House Bill No. 1840, Regular Session of 2012 in order to review, investigate, evaluate, and study the feasibility and cost of establishing a State-owned bank in Hawaii. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, with just a few comments. I really want to thank the work of the Finance Committee and the staff. I understand the competing priorities and pressures that they face. The budget does reflect a very balanced approach.

"I just wanted to comment specifically on what the Representative of Mililani identified as the down payment on EUTF liability. I think that's an important measure. And as the budget discussions move forward, I hope, just as many of our local residents have learned over the past couple of years, the importance of saving, that we look at refunding, or funding the Hurricane Relief Fund, as well as the Emergency Rainy Day Fund. Thank you, Mr. Speaker."

Representative Ward rose to respond, stating:

"Mr. Speaker, my second time in favor with slight reservations. Mr. Speaker, I commend this Body for the spirit of civility. I've never heard such a mutual admiration, and love fest that was going on, which is good. I just want to add one comment about three caveats, three externalities which we have no control over.

"No matter how hard we've tried, and how great our faith has been, the fact that gasoline prices are increasing, inclining, spiking. If they increase at the rate that they're increasing, the third quarter of this year could really be a downer. So this budget has to take that into consideration.

"Secondly, the saber rattling between Israel and Iran is a very, very, very, very dangerous, volatile and unpredictable situation. That's something we have no control over.

"And thirdly, November is a very big variable for this nation and for this State. The elections of November are going to hold back people from hiring or investing because of the uncertainty of that.

"So Mr. Speaker, I don't say that to put a blanket on this love fest, but the reality is that we aren't out of the woods yet, and we have to be very cautious, whether it's the \$50 million for the EUTF, or \$75 thousand for a bank, which by the way the editorial said, to spend your money prudently. Shore up programs that you have. But don't venture into new programs. I couldn't resist but get that other part of the editorial.

"So having said that Mr. Speaker, God willing, everything will be fine. But those three external variables are very, very important to mention."

The motion was put to vote by the Chair and carried, and H.B. No. 2012, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Third Reading by a vote of 47 ayes, with Representatives Carroll, Chang, Hanohano and Wooley being excused.

At 1:27 o'clock p.m., the Chair noted that the following bill passed Third Reading:

H.B. No. 2012, HD 1

At 12:19 o'clock p.m., Representative Thielen requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:22 o'clock p.m.

At this time, the Chair announced:

"Before the recess, on the previous motion, the Chair will allow for written comments. My apologies for going too quickly."

Representative Thielen rose, stating:

"Thank you, Mr. Speaker. I'm rising on a point of personal privilege. Mr. Speaker, the North Shore Representative and I consistently have voted no on Senate Bill 2873, and we would like the record to reflect that we still continue to vote no on that. And I would like your permission to insert written comments."

At 12:23 o'clock p.m., Representative Chong requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:24 o'clock p.m.

Representative Thielen rose, stating:

"Mr. Speaker. Thank you for your permission to insert my comments in opposition to Senate Bill 2873. And behalf of my colleague from the North Shore, I would request permission for him to do the same, and to have these remarks reflected in the Journal," and the Chair "so ordered."

Representative Thielen's written remarks are as follows:

"This bill temporarily amends Chapter 343, HRS, to clarify current EIS exemptions for certain secondary actions. The Department of Transportation sought the exemptions instead of seeking the Environmental Council's approval for secondary action exemption on highway projects.

"The Department of Transportation should go through the process with the Office of Environmental Quality control for getting the exemptions under their rules.

"We should not codify an exemption when the DOT can get an exemption on its own through the current process. This bill is not necessary.

"The Outdoor Circle testified that "Existing law already give the agencies the authority to quickly exempt any project or action that is expected to have no or negligible environmental impacts. However, sometimes these projects aren't as innocuous as they appear and they cannot qualify for an exemption under HRS chapter 343."

"David Penn of UH Environmental Center stated that DOT should go "through the existing exemption process provided under HRS Chapter 343, rather than by promoting a blanket legislative exemption for a potentially broad range of future actions and their unforeseen consequences.""

Representative Ching rose, stating:

"Thank you, Mr. Speaker. Same request, please," and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations of S.B. 2873 – Relating to Environmental Impact Studies. This bill temporarily amends Chapter 343, Hawaii Revised Statutes, to clarify current exemptions for secondary actions limited to development within existing public right-of-ways or highways. It requires that applicants prepare environmental assessments when required.

"While I generally support measures that free up time and prevent unnecessary delays, I am concerned that S.B. 2873 contains problematic language. Minor roadway improvements are already generally exempted from environmental reviews. This bill defeats the purpose of the exemption, and is not an exemption at all. As well, it would more than likely open the door for lawsuits. Thank you."

Representative Riviere rose, stating:

"Thank you. I just wanted to affirm the Representative from Kailua's request. I am in opposition to that bill also. Thank you," and the Chair "so ordered."

Representative Riviere's written remarks are as follows:

"I oppose SB2873, which passed Second Reading without an opportunity for me to comment and raise my objection. Had I been provided a reasonable opportunity to cast my vote, it would have been No.

"This bill is unnecessary as the Department of Transportation already has authority to exempt projects that pose no environmental risk. The Office of Environmental Quality Control has testified that they have no backlog of agency requests for project exemption lists and they are fully staffed and ready to provide guidance on exemption matters. Blanket exemptions are bad policy, especially when agencies have authority to exempt certain common sense projects. Somebody should take a look for potential impacts and make a determination if an exemption is warranted."

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 990-12), recommending that H.R. No. 5, as amended in HD 1, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that H.R. No. 5, HD 1, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 5, HD 1, entitled: "HOUSE RESOLUTION RECOGNIZING THAT THE UNITED STATES CONSTITUTION ONLY PROTECTS RIGHTS OF NATURAL PERSONS," was referred to the Committee on Finance, with Representative Herkes being excused.

The motion was put to vote by the Chair and carried, and H.R. No. 179, was adopted, with Representatives Herkes and Souki being excused.

At 12:24 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:31 o'clock p.m., with Speaker Say presiding.

REPORTS OF STANDING COMMITTEES

Representative Nishimoto, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 992-12) recommending that S.B. No. 2005, SD 2, pass Second Reading and be referred to the Committee on Judiciary.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2005, SD 2, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative Ward rose, stating:

"Mr. Speaker, a point of information. In *Mason's* rules, page 179, section 216, it says, Rules Governing Motion to Recess. The motion to recess cannot be made while another has the floor or during voting or the verification of a vote.

"Mr. Speaker, I just wanted to clear the air from yesterday, that, that had been a practice as that misunderstood procedure took place, that, that lack of civility did take place. I just say to clear the air from yesterday and for today and ongoing, that we practice when somebody's speaking that we don't say 'recess' because it's not in the rules of civility, and the decorum in the rules would be the better way to follow. Thank you."

The Chair responded, stating:

"Representative, there are the parts of the rules that allow the Chair to call for the recess."

Representative Ward: "The Chair. But not somebody who's not the Chair to do that, Mr. Speaker."

Speaker Say: "I believe yesterday there was no one that called for recess from this floor, but it was the Chair here that called the recess."

Representative Ward: "Did I say the Majority Leader who was here yesterday? That was the call, Mr. Speaker. Nothing to do with that. It's just a bad habit we have. We need to be civil. We need to have decorum. And that's one of the things that really pierces it. Thank you."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

At 12:34 o'clock p.m., Representative Takai requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:35 o'clock p.m.

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2005, SD 2, entitled: "A BILL FOR AN ACT PROPOSING A CONSTITUTIONAL AMENDMENT TO ARTICLE X, SECTION 6, OF THE HAWAII STATE CONSTITUTION TO MODIFY THE APPOINTMENT PROCESS FOR THE BOARD OF REGENTS OF THE UNIVERSITY OF HAWAII," passed Second Reading and was referred to the Committee on Judiciary, with Representative Belatti voting no, and with Representatives Herkes and Souki being excused.

Representative Nishimoto, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 993-12) recommending that S.B. No. 2620, SD 1, pass Second Reading and be referred to the Committee on Legislative Management.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2620, SD 1, pass Second Reading and be referred to the Committee on Legislative Management, seconded by Representative Evans.

Representative Belatti rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2620, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII BOARD OF REGENTS," passed Second Reading and was referred to the Committee on Legislative Management, with Representative Belatti voting no, and with Representatives Herkes and Souki being excused.

Representatives Herkes and Keith-Agaran, for the Committee on Consumer Protection & Commerce and the Committee on Judiciary presented a report (Stand. Com. Rep. No. 994-12) recommending that S.B. No. 2429, SD 2, pass Second Reading and be referred to the Committee on Finance.

Representative Chong moved that the report of the Committees be adopted, and that S.B. No. 2429, SD 2, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Cullen rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I ask for a ruling on a potential conflict? I serve as a Director on my homeowner association," and the Chair ruled, "no conflict."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cullen rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Yamane rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, please record my reservations on this measure, and just a brief comment. Mr. Speaker and Members, the Chair has been working very diligently on the measures before you, and I have supported the Chair and will continue to support the Chair. My reservation is regarding the specific issue of the homeowner's association and their impact.

"Mr. Speaker, in the current language of the Senate Bill, especially affecting the two-year lien expiration could actually have some pretty pricey impacts. One estimate, just from the Mililani Town Association, would result in about a \$480,000 increase in potential costs for current liens of about a hundred foreclosures.

"So Mr. Speaker, I did want to update the membership here today, that there has been a compromised reach after our CPC hearing on Monday. There has been some language regarding a six-year expiration on recorded liens, specific provisions stating the automatic liens will survive even after the recorded lien expires and allow judicial foreclosures for penalties and late fees. That was amended in the House Bill on the Senate side. My understanding is currently, after my no vote in the Committee, that this language has been reviewed and looked at favorably. So with the hopes that this language will be continued to be inserted as this measure moves on, I will be voting with reservations. Thank you."

Representative Ching rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I am asking for a potential conflict of interest. I serve on two condominium boards," and the Chair ruled, "no conflict."

Representative Ching continued to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. With that, I'm sorry. I will register my no vote, and ask that the Chair of Health, the Representative of Mililani's words be entered as my own regarding that particular part of the bill," and the Chair "so ordered." (By reference only.)

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"Yes, Mr. Speaker. May I have a ruling on a possible conflict? In my law practice we do occasionally handle cases that include foreclosures involving associations," and the Chair ruled, "no conflict."

Representative Kawakami rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I have a ruling on a potential conflict? At my law firm I represent homeowner's associations and PCAs," and the Chair ruled, "no conflict."

Representative Har then asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Giugni rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Luke rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose in support of the measure with reservations and asked that the remarks of Representative Yamane be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Cullen rose, stating:

"Mr. Speaker. I would like to change my no vote to a vote with reservations."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative M Lee rose to speak in support of the measure with reservations, stating:

"Thank you. Mr. Speaker, first I would like a ruling on a possible conflict. I'm a member of the largest planned community association in the State.

"I'd also like to have a vote with strong reservations entered on this bill, because of the cost drivers on the bill as originally written could result in significant costs for homeowners. I think it is positive that Representative from Mililani has worked on a compromise. I'd like to have the words of

the Representative of Mililani entered as if they were my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Cabanilla rose to speak in support of the measure, stating:

"In support, Mr. Speaker. And I like that portion of this bill where they cannot foreclose a homeowner in a condo association of homeowners based on liens against penalties, legal fees, or late fees. I think that's important, Mr. Speaker. Thank you."

Representative Awana rose in support of the measure with reservations and asked that the remarks of Representative Yamane be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2429, SD 2, entitled: "A BILL FOR AN ACT RELATING TO FORECLOSURES," passed Second Reading and was referred to the Committee on Finance, with Representative Ching voting no, and with Representatives Herkes and Souki being excused.

No. 2767, SD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Second Reading and was referred to the Committee on Finance, with Representatives Herkes and Souki being excused.

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 997-12) recommending that S.B. No. 2277, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2277, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENDANGERED AND THREATENED SPECIES," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Herkes and Souki being excused.

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 998-12) recommending that S.B. No. 2534, SD 2, pass Second Reading and be referred to the Committee on Education.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2534, SD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SCHOOL FACILITIES," passed Second Reading and was referred to the Committee on Education, with Representatives Herkes and Souki being excused.

Representatives Chang and Hanohano, for the Committee on Water, Land, & Ocean Resources and the Committee on Hawaiian Affairs presented a report (Stand. Com. Rep. No. 999-12) recommending that S.B. No. 682, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Chong moved that the report of the Committees be adopted, and that S.B. No. 682, SD 1, HD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Luke rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Brower rose to speak in opposition to the measure, stating:

"Mr. Speaker, I will be with *kako'o ole* on this measure. No vote, please. And if I may remind Members that when this went to the *Kanaka Maole* Committee, all members voted with *kanalua*, and for members to please flag this bill. Thank you."

Representative Belatti rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Saiki rose to speak in opposition to the measure, stating:

"Can I have a no vote, please? There's a violation of Article XI Section 5 in this bill. Thank you."

Representative Takai rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Jordan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Giugni rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, please note my strong reservations. Thank you."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Chong rose to speak in support of the measure, stating:

"Mr. Speaker, in support. This is one of two bills that the Senate sent over to talk about the settlement between the State and the Office of Hawaiian Affairs. This bill allows OHA to build residential. It is interesting that many people have concerns that we should settle with OHA. But you know what? Let's not let them really utilize the land.

"What this bill says is if you get a settlement for property on Makai, you are able then to build residential. If you talk to anyone who is in development, they will tell you that it will be difficult for OHA or anyone else to utilize the land to the best use for that organization. And I think this just keeps our options open, and the options open for the Hawaiians. That they should have the right for settlement for land that they may receive, to use it to their best advantage, and not to get land and tie one hand behind their back. Thank you."

Representative Wooley rose, stating:

"Thank you, Mr. Speaker. I appreciate the comments made by the Majority Leader, and request that my no vote be changed to a vote with reservations."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in support. And may I have the words of the Majority Leader as my own? I'm practicing civility, we can see that. That's supposed to be a joke."

Representative C. Lee rose to speak in support of the measure with reservations, stating:

"Thank you. Still with reservations. I just wanted to note that my concerns come from two particular places. First that there was overwhelming testimony from the particular community affected in the Kakaako area. That there were concerns with residential development. We all know the history behind that on the Kakaako Makai lands.

"The second was that the Office of Hawaiian Affairs and the Administration both made it very clear that they in no way want to jeopardize the potential settlement by having a loss of community support, a loss of support within the Legislature and other places, and to keep the concerns raised within this bill separate from the concerns raised with the settlement bill. Thank you, very much."

Representative Awana rose in support of the measure with reservations and asked that the remarks of Representative C. Lee also be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 682, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO KAKAAKO," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Belatti, Brower, Luke, Saiki and Takai voting no, and with Representatives Herkes and Souki being excused.

Representatives Chang and Coffman, for the Committee on Water, Land, & Ocean Resources and the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1000-12) recommending that S.B. No. 2785, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative Chong moved that the report of the Committees be adopted, and that S.B. No. 2785, SD 2, HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm speaking against this bill, Mr. Speaker. Thank you, very much. The bill would establish a separate and distinct entity transmitting power to, and receiving revenue from an existing electric utility that is not owned or controlled by that electric utility. In other words, the bill establishes, on page 8, a certified cable company that will be subject to regulation by the Public Utilities Commission, and defined as a public utility.

"Mr. Speaker, about 108 years ago, the United States Congress enacted a law, and it provided as follows, and it's relevant to this bill. The bill affirmed an act by the Territory of Hawaii that granted the Hawaiian Electric Company a special franchise and special privileges to operate in Hawaii. The 58th Congress of the United States put in their law, provided that the Legislature of the Territory of Hawaii shall not grant to any corporation, association or individual, any special privilege or franchise, without the approval of the Congress of the United States. In other words, setting up a new cable company, subject to regulation by the Public Utilities Commission and defined as a public utility, requires first, congressional approval.

"Then I would like to go on just briefly over to the Island of Kauai, and you'll say, how did KIUC come into operation if there needed to be congressional approval? Well you go back to 1927, nearly 100 years ago, and that is when the utility was authorized, then approved by Congress in 1928, in accordance with the Organic Act. It was later amended by Congress, in 1954, to enlarge the districts covered on the Island of Kauai.

"Mr. Speaker, this is very similar to what Congress did with the US Postal Service. Congress set up the US Postal Service and provided that no other system for delivering mail can be established absent Congress' consent. Same thing. And we have the same thing here, where congressional approval is required.

"Mr. Speaker, I am going to go into the demerits of the bill in a minute, but I wanted to make it absolutely clear, we've done research, and we have not found anything that Congress did to repeal its requirement, and I want to read those words again. The Legislature of the Territory of Hawaii, now it's us, shall not grant to any corporation, association or individual, any special privilege or franchise without the approval of the Congress of the United States.

"When I spoke to the people at, I believe it was from DBEDT, or the Energy Division at the Committee hearing. I asked them, 'Have you sought congressional approval for what you are trying to do, by establishing this special privilege and this new utility? Have you sought it?' They said, 'No, we haven't.' I got back to my office and found that the Public Utilities Commission, and I believe DBEDT, had called my office to say, what on earth is the number of that law from Congress in 1903? They weren't aware of it. So I don't know what they've done since this period of time, but we cannot go ahead with this legislation."

Representative Fontaine rose to yield his time, and the Chair "so ordered."

Representative Thielen continued, stating:

"Thank you Mr. Speaker, and thank you Representative. We cannot move ahead with this measure, Mr. Speaker, without the congressional approval. It's a deal stopper. It's an absolute deal stopper.

"And then I want to go back to the Committee hearing, again, and just reference what Governor Abercrombie said. When I talked to him about, we're giving a no-risk opportunity to Hawaiian Electric for the work that it was going to be doing on land to accept the cable and that transmission. I said it's a corporate no-risk. It's a free ride for the corporation. All the costs, all the expenditures, get passed through to the rate-payer, the consumer. All of our constituents. And Governor Abercrombie said, he doesn't intend it to be, and I quote, "a free risk for the utility," end of quote.

"But it is. Yes, the Public Utilities Commission is supposed to only grant reasonable costs that are substantiated, but you take a look at page 13. The Public Utilities Commission shall establish a cable surcharge to allow recovery of the high voltage electric transmission cable system costs. That's the underwater portion. And the PUC is going to allow recovery of those costs.

"Well, from whom? Who do you think? Everyone in this room. Everyone on our island. I'm not clear if it's Neighbor Islands as well, but it's certainly all of our rate-payers. And for those that don't get a utility bill, they'll be paying in other ways the costs of this increased cost for electricity.

"And then the bill on page 15 goes on for Hawaiian Electric. Hawaiian Electric can recover through an automatic rate adjustment clause, its revenue requirement resulting from the capital costs that it prudently incurs for on-island transmission infrastructure.

"And then to rub salt into the wound, Mr. Speaker, on page 17, if Hawaiian Electric elects not to complete the on-island transmission infrastructure, the utility, or if it's prevented from completing it, it still can recover its costs. So there's absolutely no corporate risk. Mr. Speaker, you're a business man. Have you ever been guaranteed that you will not

incur any risk? I would think not. I mean, anyone that is in this room that is in business, who has actually run a small business in this State, I can guarantee you that those small business people, woman or man, never were guaranteed not to have any risk. But we're allowing Hawaiian Electric to do a corporate, no-risk, incredibly expensive project, and if for some reason it doesn't go through, they still recover all their costs.

"Now Governor Abercrombie said, he didn't intend it to be risk free for the utility, but the plain language of the bill makes it risk free for the utility.

"Mr. Speaker, on the first portion of my remarks, I said that we legally cannot do this without congressional approval. On the second portion, I look at, is it morally responsible to do something that is going to burden our rate-payers, and the ones on Oahu, on top of paying the added .5% GET Tax for the rail, the steel on steel rail project.

"You reach a tipping point, where people basically won't be able to afford to stay here, and to live here. And you reach a tipping point, where our young people say, 'What you've done, you've made it so costly ...'"

Representative Ching rose to yield her time, and the Chair "so ordered."

Speaker Say addressed Representative Thielen, stating:

"Please proceed Representative Thielen, but can you conclude your remarks, since you have had two times already. This particular measure is being referred to what Committee? And the concerns and questions that you have on the Floor of the House, you can ask the testifiers to get the response that you are being educated on, these questions and concerns that you have. But please continue, so we can summarize this particular measure."

Representative Thielen continued, stating

"I wish I could, Mr. Speaker. But the problem is we're talking about a billion dollar bill. And a billion dollar bill needs more than 3 minutes, 5 minutes. It needs a lot more thought from the Members. And when you think of what we are doing economically, and we don't need to do it, we have the energy available on the individual islands to take care of the individual islands.

"We have that energy available. But when we set up a system where you're going to say to your grandkids, 'I wish you could afford to stay here. I know the utility rates are so high. I know we're paying such a high tax for GET. I know the rail is costing more.' And Mr. Speaker, what do you say to your grandkids? They may not be born yet. I hope they will be. And I would hope they'd be able to stay here.

"But the step we're taking day after day in this Legislature, and particularly with this billion dollar bill, we're going to be saying to them, 'Go some other place where you can afford to live, because you can't afford it in Hawaii.'

"The bill, I believe, is seriously, legally defective. And the bill I believe is not necessary, because we have the adequate natural resources off of each island, that we can tap into. And the bill provides a corporate free ride, which I think is reprehensible. Thank you."

Speaker Say then stated:

"Thank you very much. I believe that the questions that you have posed before this Body will be addressed in the Consumer Protection & Commerce Committee. And finally for the fiscal impact, it has to be passed on Second Reading to be referred to the Committee on Finance.

"Members of the House, I think you can realize how transparent and open we are. There were two Committees that heard this particular measure, and they decided to pass it out to the next Committee, which is the Consumer Protection & Commerce Committee. And finally for those on the Consumer Protection & Commerce Committee, you will have the opportunity of asking the questions that Representative Thielen has posed on the Floor of this House.

"If it gets out of the Consumer Protection & Commerce Committee, it goes onto the Finance Committee, where the question is, is this particular project a billion dollar boondoggle, or is it for the greater good of the State of Hawaii? That's for your deliberations in your respective Committees.

"Members, is there any other discussion that you may have on this particular measure?"

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. I will be voting on this measure with reservations. I do have a question, and I will hope to get the answer in the Finance Committee. But not being familiar with the PUC laws, I don't quite understand what an electric utility company is, whether it's just HECO separately, or Hawaiian Electric separately, or whether it's HEI as an electric company. So I didn't know whether this bill pertained to all rate payers statewide for this project, or whether it's just Oahu ratepayers. Thank you."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Carroll rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Wooley rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. No vote. And I just want to mention that this bill came up last year. And one of the concerns that I had when I expressed my reservations and no votes was that there was no cost benefit analysis. So we have absolutely no idea how much it will really cost. We've heard that the depth of our waters may actually be a severe problem to this project. So it needs a lot more vetting, and until there's a cost benefit analysis, this is a huge liability for our ratepayers. Thank you."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. The purpose of this measure is to establish the regulatory framework for the development, financing, and use of a high-voltage, undersea, electrical transmission cable system that will permit the transmission of power generated on one or more islands to an electric utility system located on another island of the State.

"Hawaii is taking the leadership in the United States of America on renewable energy. Without a doubt, we're going to show everybody what it means to be self sustainable. But one of the things that we've heard on the mainland, when you talk to people in Alaska, you talk to people in Canada, they keep saying we want the pipeline. We want to be able to transmit. We want to get it down into the United States and the lower 48. Why? Because we can deliver quality energy, and we can cut the cost to consumers. So if we're going to develop geothermal, wind energy, and all the wonderful projects we keep talking about, and to become sustainable and no longer have fossil fuel, we have got to have transmission lines.

"It's going to be critical to what we want to achieve in Hawaii. Transmission. There was an economist recently that was in Hawaii, and he said, 'Isn't Hawaii lucky? You're a small state. You don't have a lot of miles to travel.' However we do have to get through trenches out in the Pacific Ocean. But he said, 'You don't have nearly the issues they have on the mainland in trying to move the energy around, and to cut the cost of energy.'

"So, Mr. Speaker, we have to have in my opinion, we have to move this forward because we're reaching for that bigger goal and that is to show everyone that this state can be 100% renewable energy. Thank you."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Still with reservations. Mr. Speaker, just clarification. I think that the Representative was not speaking to the merits of alternative energy, which I think for the better half of how many years she's been in support of, and been very vocal about. The merits, what she spoke about is the way that the corporation is not taking a risk. So in clarification, my understanding, being here on the Floor, and all due respect to the Representative from the Big Island, it was about the corporate no-risk. She has been a strong supporter, I think, we're all aware, of alternative energy."

Representative Riviere rose to speak in opposition to the measure, stating:

"In opposition with brief comments, please. Thank you. I just would like to draw the Members' attention to a couple of simple facts. The Big Island is approximately 30% alternative energy. Maui somewhere in the 15% range. I could be a little bit off, but in no case is there any island generating so much electricity that they've got extra to export. Maui does have surplus wind energy in the evenings.

"It would be my strong suggestion that we look at generating hydrogen, which as some of us recently toured the hydrogen facility out at Hickam Airbase, is a burgeoning technology that's got great promise. It's portable. It's storable. It's so that additional energy that is generated or lost at night could generate hydrogen. It would be a lot cheaper than building a cable.

"We don't have enough energy generated. This is a potential boondoggle. We can talk about this next year, or the year after. We're a long ways from generating enough electricity to push between the islands. Thank you."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Just a couple of points that people have made. I just want to talk about some of them. If you take a look at the bill, the bill allows a regulatory structure for the PUC to implement. If Members notice, it talks about a certified cable company. That's who's going to build it. Not the utility. The utility though, is the one who ends up billing the consumer in the end, so the PUC has to have the ability to pass on some of those costs. So that's first. I don't think anyone here, nor when you talk to the Administration, thinks that the utility is going to build it. The utility doesn't have the capital means, nor the technical means to build the transmission cable. So that's first. It's going to be a private cable company. They are going to take the risk, because if it doesn't work, the PUC will not allow them to pass on the rate to the consumer. So that's one.

"Two is, for the issue of electrical generation for renewable energy on the Neighbor Island. I don't disagree with the Representative from the North Shore, that there is presently not an excess or a lot of excess, but that's the point. If you were a private company, Mr. Speaker, and you're on the Neighbor Island, are you going to invest your money to build a facility to create electricity from a renewable source, and you have no place to sell it? Of course not. You need the infrastructure to transmit it to Oahu first, and we're far from that. But if we're not even going to pass a regulatory structure to allow the PUC to move in this direction, then no one is going to develop renewable sources on the Neighbor Islands to sell to Oahu. It wouldn't make sense to them, or their investors. So this is necessary to move the discussion forward.

"And then lastly, the Public Utilities Commission is the decider on whether or not this is going to be feasible and in the best interest, from a cost benefit ratio, for the ratepayer. Just as they did on a renewable project on the Big Island when they said no. Or the project on Oahu where they said no. If it doesn't pencil out, they're not going to do it. We don't set rates at the Legislature. The Public Utilities Commission does. That's who we empower. That's where the expertise is. And that's why if we're serious

about renewable energy, and more importantly, if we were serious about lowering and stabilizing, more importantly, the utility cost for all our consumers, then we need to allow this measure to move forward. So that the Public Utilities Commission on behalf of the people has another tool to ensure a stable and cost-effective grid. Thank you."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. Just in response to the Majority Leader's comments. I refer you to page 17 of the bill. The electric utility company shall be allowed by the Commission to recover the reasonable costs through the cable surcharge over a period equal to the period during which the costs were incurred, or 5 years, whichever is greater. So most likely it would be the 5-year period where we would be socked with a high rate, that the Public Utilities Commission would be required to go ahead and grant.

"The point is that the bill does not help rate-payers. The bill is not about saving costs. The kind of technology it is trying to tap really is intermittent, and more than that, we don't even have the cost analysis from Booz Allen to tell us what this cable will cost. We're passing a regulatory scheme, first of all in violation of an Act of Congress, that's a real clinker. And we're passing a regulatory scheme not even knowing the potential cost impact. Booz Allen, it's been over a year since they had said they were going to release the report. It still hasn't come out.

"We know that it's about a billion dollar project. Well, Hawaiian Electric, or that cable company, isn't going to absorb all those costs. They're going to want to, not only not have to pay them, but they're going to want a profit for their shareholders, for Hawaiian Electric. And so we're not doing anything to bring down utility rates for the consumer. And the Public Utilities Commission, frankly, hasn't either. If you've taken a look at your bill recently, Mr. Speaker, and I'm sure as a business man, you have. Thank you."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Just briefly. The whole notion of having a larger grid in and of itself saves money. And I think as a ratepayer, I would like to see this project go forward, because the bigger the grid, the more sharing between various islands you can do.

"There may be questions about cultural issues with how the energy is generated, but that's a separate question within the economics of how a bigger grid works better. The Representative from the 50th District keeps coming back to the point that it's the ratepayers paying for this. Well, who else is there to pay for a project like this? It always comes back to the ratepayers. Although I have a different conclusion than the Representative from the 47th District, I do agree that it's the cost benefit ratio. When you have to balance the cost of building the thing in the first place, with the savings that you'll get by having a larger grid, and being able to, either in certain times, ship energy from Oahu to the other islands and in some situations, ship the energy in the other direction. But in any case, especially on the Neighbor Islands, the price of electricity is going to go down. It'll go down on Oahu too, but probably not as dramatically, because we're already a bigger grid. Thank you."

Representative Coffman rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support with some comments. Thank you. There's nothing in this bill about any project. This is just simply a regulatory process. The PUC can already go ahead and approve a cable project if they want to. What this regulatory process will do is it will allow them to take on cable utilities that can actually provide cables at a lower cost. They need this tool because they're beginning the integrated resource planning which will tie all this together so that we can look at costs, and hopefully have lower rates. Thank you, Mr. Speaker."

Representative Hanohano rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2785, SD 2, HD 1, entitled: "A

BILL FOR AN ACT RELATING TO INTERISLAND ELECTRIC TRANSMISSION CABLE SYSTEMS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representatives Hanohano, Riviere, Thielen and Wooley voting no, and with Representatives Herkes and Souki being excused.

Representatives Coffman and Chang, for the Committee on Energy & Environmental Protection and the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 1001-12) recommending that S.B. No. 2001, SD 1, pass Second Reading and be referred to the Committee on Hawaiian Affairs.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committees was adopted and S.B. No. 2001, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC LAND TRUST," passed Second Reading and was referred to the Committee on Hawaiian Affairs, with Representatives Herkes and Souki being excused.

Representative Coffman, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1002-12) recommending that S.B. No. 2511, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Economic Revitalization & Business.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2511, SD 2, HD 1, pass Second Reading and be referred to the Committee on Economic Revitalization & Business, seconded by Representative Evans.

Representative Kawakami rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I'd like to ask for a ruling on a potential conflict. I work for a convenience store," and the Chair ruled, "no conflict."

Representative Fontaine rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. I'm rising with reservations, and just some brief comments. You know, we've had a plastic bag ban on Maui now for, I think a couple of years. And that really has truly improved the environment. So I'm not against this going to paper or renewable bags. But what's kind of got my concern about this are these fees, and how they escalate as time goes on.

"I'm concerned that even though the businesses are allowed to keep a percentage of that fee, whether it's really going to cover the per bag cost. So I hope that maybe in the next Committee that they can really do some further analysis and maybe discuss this with some businesses that would have to provide these paper bags in replacement of the plastic bags. Thank you."

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you. With reservations and brief comments. I think I would have preferred some of the House measures along these lines, that provided for exemptions for those individuals who were most financially needy, including those that received some form of WIC subsidy. My concern is just that, although this is a well-intended bill, and I think a good aim to seek to achieve doing it in the midst of a recession when people have fairly high living costs already, may just beg further discussion. Thank you."

Representative Cullen rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I voted reservations on this measure because although we must reduce the use of plastics, singling out one item that is in most cases

used by the community more than once is unfair. I understand we must change our behavior to protect the *aina*. And, being that the watershed is important we must find another way instead of adding another tax. We should look at a ban of all plastic, and not just one item. Providing a two cent rebate for two years as a startup to retailers is not proper. We should not use tax money to help retail stores."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure, stating:

"Just real quickly, Mr. Speaker. In support. Just some brief comments. You know, this Body passes a lot of measures where fees are basically mandatory. There's just no way around them, you have to pay the fee no matter what. One of the things about this measure that I find intriguing is this is voluntary. If you don't want to pay the fee, and by the way, to answer the question of the good Representative from Kihei. Yes, the business community said that in the bill this would cover the costs of the paper bags. But you can avoid this by just bringing a recyclable bag or a box to the store, and you don't have to pay the fee.

"And I've noticed in the budget that we just passed we did the General Fund appropriation for the watershed program. I'm assuming that we'd like to pay that back as to not add to our deficit situation. So I know the concerns of the Members and appreciate them, but I just would like to, as this measure moves forward hopefully that you reconsider this as a voluntary thing. You don't want to do it, you don't pay it. I do have concerns too, but I'm hopeful that in our Committee, that we can address them, particularly the impact upon small business by some of the amendments that were made to the bill. Thank you."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I will be voting with reservations on this particular version. I don't know what 100% is, much less the 75% that's mentioned in this measure. Thank you."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2511, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL PROTECTION," passed Second Reading and was referred to the Committee on Economic Revitalization & Business, with Representatives Herkes and Souki being excused.

ANNOUNCEMENTS

At 1:23 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:23 o'clock p.m.

Speaker Say: "If there are no further announcements, the Chair would like to remind Committee Chairs that today is the Triple Referral Filing Deadline. So those measures that do not make the Triple Referral Deadline, it is like we say in our local jargon, *make* for the year. For Triple Referral bills that need to move to their second Committee, please file your Committee Reports and Drafts with the Chief Clerks Office by 6:00 p.m. for the Committee Chairs."

REPORTS OF STANDING COMMITTEES

Representative Rhoads, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 1020-12) recommending that S.B. No. 2323, SD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2323, SD 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR PUBLIC EMPLOYMENT COST ITEMS," passed Second Reading and was referred to the Committee on Finance, with Representatives Herkes, Kawakami, Oshiro and Tokioka being excused.

Representative Rhoads, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 1021-12) recommending that S.B. No. 2845, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Economic Revitalization & Business.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2845, SD 1, HD 1, pass Second Reading and be referred to the Committee on Economic Revitalization & Business, seconded by Representative Evans.

Representative Souki rose to speak in support of the measure with reservations, stating:

"Mr. Speaker. On S.B. No. 2845, I wish to speak for this measure with very small reservations. I believe this is basically a good bill. It can speed the process up. My only concern is, on page 3, there seems to be an amendment in there that states that notwithstanding section 386-86, the Director may make a decision without a hearing, but shall make a decision within 30 days of the filing. So what this seems to say is that the Director may call for a hearing. Whereas the indication, when you read the bill, is there will not be a hearing.

"So if this measure that does provide for the possibility of a hearing, it makes me a little nervous as to how it will proceed. But as this bill moves along, maybe the next Committee can look at that language and make some clarification, because there seems to be some redundancy that can lead to a problem. Thank you."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2845, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL BENEFITS UNDER THE WORKERS' COMPENSATION LAW," passed Second Reading and was referred to the Committee on Economic Revitalization & Business, with Representatives Herkes, Kawakami, Oshiro and Tokioka being excused.

Representative Rhoads, for the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 1022-12) recommending that S.B. No. 2071, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2071, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL HISTORY RECORD CHECKS FOR COUNTY EMPLOYEES," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Herkes, Kawakami, Oshiro and Tokioka being excused.

Representative Choy rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Cabanilla rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I am in support, but I do have some reservations. And you may be wondering, well how come a guy who likes tax credits is in reservations. My concern is the \$200 million estimated revenue loss to the State. I think it's a good idea, but the way it's drafted now, it's so wide, and it's so open-ended, I believe this could create a major problem. I'm hoping as it moves forward that the Finance Committee could look at perhaps constraining it, either through caps or through some other measure so that we can move this idea forward, but not encounter such a huge possible revenue loss. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3048, SD 2, entitled: "A BILL FOR AN ACT RELATING TO TRAVEL AND TOURISM STIMULUS INITIATIVES," passed Second Reading and was referred to the Committee on Finance, with Representatives Herkes, Kawakami, Oshiro and Tokioka being excused.

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 1026-12) recommending that S.B. No. 3011, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Agriculture.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 3011, SD 2, HD 1, pass Second Reading and be referred to the Committee on Agriculture, seconded by Representative Evans.

Representative Hanohano rose to speak in support of the measure with reservations, stating:

"Kanalua. 'A'ohe ka leo no nā po'e Hawai'i. 'A'ohe e kakakua ma ke komike ke kuleana Hawai'i. Mahalo.

"With reservations, because the Hawaiian people's voices were not heard and there was no discussion with the Committee on Hawaiian Affairs. Mahalo."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3011, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," passed Second Reading and was referred to the Committee on Agriculture, with Representatives Herkes, Kawakami, Oshiro and Tokioka being excused.

Representative Nishimoto, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 1027-12) recommending that S.B. No. 2110, SD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2110, SD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Giugni rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, I'm requesting a ruling on a potential conflict. I'm a co-founder of this archive."

The Chair responded, stating:

"You are excused."

Representative Har rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. And may I have permission to enter written comments into the Journal? Thank you."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in strong support of SB 2110, SD1. The purpose of this measure is to help preserve Hawaii's historical film, videotape, and audiovisual materials and increase access to such materials by designating 'Ulu'ulu: The Henry Ku'ualoha Giugni Moving Image Archive of Hawai'i as the official state archive for moving images and to establish a special fund for its support.

"For over 100 years, Hawaii has been making movies and television shows. Today more than 80% of the State's media history has been lost forever because of our tropical weather or simple neglect. And the remaining 20% of our media that is still preserved is rendered unviewable because of obsolete hardware and outdated equipment.

"Since its inception in 2008, Ulu'ulu: The Henry Ku'ualoha Giugni Moving Image Archive of Hawai'i has collected over 10,000 hours of recorded video and film footage, including the first commercial inter-island flight in 1927, volcanic eruptions during the 1940's and 1950's, the 1978 Constitutional Convention, and over 30 years of news and sports programming from KGMB.

"Mr. Speaker, I had the privilege of visiting the Ulu'ulu Archive earlier this year and it was truly a "chicken-skin" epiphany for me. I witnessed Hawaii's history on film that could have been lost forever but for the efforts of the Ulu'ulu Archive. The staff is dedicated to this endeavor and we are fortunate to have such talented and passionate people who are committed to seeing that Hawaii's history is not lost.

"As it is essential to Hawaii's present and future generations and to people all over the world to preserve and archive these moving images, I strongly support this measure. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. And I would like the written comments of the Representative of Kapolei entered into the record as if it were my own," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2110, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PRESERVATION OF HAWAII'S

MOVING IMAGES," passed Second Reading and was referred to the Committee on Finance, with Representatives Giugni, Herkes, Kawakami, Oshiro and Tokioka being excused.

Representative M. Lee rose to speak in support of the measure, stating:

"I stand in support, and I'd like to have written comments in the Journal. In support, except for the date. Thank you."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure. SB 2182, HD 1 would make permanent the assessment and deposit of the Hawaii State Center for Nursing (HSCFN) fees into the Compliance Resolution Fund and distribution of those funds to the credit of the HSCFN special fund.

"In 2003, the Legislature passed Act 198, to create the Hawaii State Center for Nursing. The Center was given the mandate to collect and analyze data, and make recommendations regarding the current status and trends of the nursing workforce; conduct research in best practices and quality outcomes; develop a plan for implementing strategies to recruit and retain nurses; and research, analyze and report data related to the retention of the nursing workforce. We can see in the work that the Center for Nursing has produced that they have very ably done what was asked of them.

"The data and evidence collected by the Hawaii State Center for Nursing is invaluable in making workforce, policy and resource decisions. The HSCFN should be continued as it has become a leader in workforce planning, nursing research, and professional practice in the State. Stakeholders recognize the HSCFN as the source of reliable information regarding existing and emerging trends in nursing. The repeal of the Center fees would in essence cause the demise of the HSCFN as the fee is its main source of funding.

"I support the bill, but not the defective date."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, may I rise in opposition and say a few words? Mr. Speaker, we thought the silly bill today, or this Session was going to be the State bacteria.

"I cannot figure out the logic of this bill, Mr. Speaker. It's going to put a \$2,000 fee on people who have portable electronics like this. I pay \$7 a month, so if I lose it, or it breaks, or it falls, it can be replaced. Now the people already selling this are already selling this without us getting in there and saying, 'Give us \$2,000 in order to sell insurance for these portable electronics'. What's the logic of this?

"This is clearly a blatant grab for money and one of the, I would call it the, dirty three dozen fees that we're putting in the guise of tax increases in this Session. And \$2,000 for somebody to sell insurance is prohibitive. It's almost unfathomable that we could do that. So I'm going to stand up continually and say that this is unwarranted, unnecessary, unfair and it is part of the three dirty dozen tax in disguises fee increases in this Session."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Awana rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations. This measure, Relating to Solid Waste, will increase the surcharge from 35 cents per ton to \$1.25 per ton. This may not seem like much, however, the estimated increase in revenue will be a half million dollars per year. In the end, consumers and taxpayers will be negatively impacted, and as stated by the General Contractors Association in their testimony, 'This increased surcharge will be passed onto contractors and owners and raise the cost of all construction projects, such as rail, transit oriented development, shipyard maintenance, as well as commercial and residential building and renovation. In today's economic situation, increasing costs will adversely affect economic recovery.'

"The existing funds that are collected for this Department are reallocated at many times to other divisions for purposes other than the Department's solid waste regulatory program as stated in this measure, as well as the Department's testimony. Mr. Speaker, as the Representative whose district includes the only solid municipal landfill on the most populated island, residents in this area have seen numerous incidents of illegal dumping, with little to no inspection, enforcement, or monitoring. It is my hope that the Finance Committee can take a closer look at where the existing fees are being expended.

"The Department of Health states that they are in need of these funds to address funding that they have received, yet used it for purposes other than its intended use. For the aforementioned reason, Mr. Speaker, I stand with strong reservations. Thank you."

Representative Thielen rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. A ruling on a potential conflict. I have two contracting sons," and the Chair ruled, "no conflict."

Representative Thielen continued, stating:

"Thank you. Mr. Speaker. After the words of the former speaker, I'd like to change my vote with reservations to a no vote."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Coffman rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support with some comments. Thank you, Mr. Speaker. This is a carryover bill, a repeat from last year. This bill also addresses some waste energy disposal issues. And through the Committee process and some of the hearings we held, we've taken into account waste energy issues to some degree. What this surcharge is doing, is providing a benefit for waste energy issues and trying to, in some cases penalize solid waste. And the Department testified while they needed over \$600,000, they're not getting all of it. And for those reasons, I can support this."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2823, SD 1, entitled: "A BILL FOR AN ACT RELATING TO SOLID WASTE," passed Second Reading and was referred to the Committee on Finance, with Representatives Thielen and Ward voting no, and with Representatives Carroll, Ching, Herkes and Mizuno being excused.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in support. This bill seeks to require the Department and the Board to come up with some standardized bell schedules. This is important for many reasons, one of which is, when we talked about this on Third Reading, to remind the Members, that there is a large disparity between schools. Secondary schools as an example, between those who have the lowest amount of instructional time, and the highest amount of E and C instructional time.

"The Members have to remember that even with a single collective bargaining unit with the teachers, each school must approve the bell schedule by two-thirds. And that is why you have some schools with such a large time difference. I think when you compute it, just a rough computation between the lowest and the highest is approximately, almost just short of 2 months of instructional time.

"There are other benefits to this, clearly. The issue of the bus service and standardizing scheduling, as well as for those schools who want to receive or offer AP classes through distance learning. It's difficult for a teacher or school to offer it to another school when they don't have the same schedule. I know there is some concern, but this is part and parcel of what we've gone down the road already. Whether it be Act 51, or whether it be instructional days, hours or calendars, this is the last and final piece. Otherwise, I don't see anybody else wanting to get rid of the other two right now. Thank you."

Representative Keith-Agaran rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2535, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INSTRUCTIONAL TIME," passed Second Reading and was referred to the Committee on Finance, with Representatives Chang, Herkes, Nakashima, Pine and Tokioka being excused.

Representative Takumi, for the Committee on Education presented a report (Stand. Com. Rep. No. 1106-12) recommending that S.B. No. 2969, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2969, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EARLY LEARNING," passed Second Reading and was referred to the Committee on Finance, with Representatives Chang, Herkes, Nakashima, Pine and Tokioka being excused.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and a brief comment. Mr. Speaker, it wasn't too many days ago that this was a \$25 surcharge on tires. I'm going to put reservations because I don't trust the Committee that went from 25 down to 1, that when it goes to Conference is not going to bump it back up. It's suspicious. Thank you."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Riviere rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Luke rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Brower rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise with reservations on SB 2927, Relating to Community Planning and transit-oriented development. While I am supportive of responsible development that takes into consideration the needs and preferences of its surrounding communities and I recognize the role that the construction and development industries have in providing jobs to local workers, I am concerned about the potential impact of this measure on surrounding communities given the broad permitting exemptions granted to these transit-oriented zones and other exceptional planning projects. Responsible, smart growth is critical for Hawaii's future and a healthy economy that provides jobs and opportunities for our people. That growth

must factor in community input and quality of life inputs on surrounding neighborhoods. It is on this latter point that this particular measure concerns me. For these reasons, I will be supporting this measure with reservations."

Representative Saiki rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, in strong support. Mr. Speaker, I think it's important that we support smart growth. There's been a lot of work done by this Legislature to look into what smart growth means. And the reality is that when you put in these public transportation stations and centers along a transportation route, whatever route that is, be it rail, be it highways, be it bus transit lanes, whatever it is, these centers are about trying to avoid urban sprawl. It's about really thinking out of the box as to how are we going to have higher density in an urban environment and do it in such a way that the transportation compliments where people live.

"I'm a very strong supporter of this, and I encourage us to consider what Honolulu is going to look like in 20 years if we don't encourage this type of growth. Thank you, Mr. Speaker."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2927, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COMMUNITY PLANNING," passed Second Reading and was referred to the Committee on Finance, with Representatives Belatti, Hanohano, Luke, Riviere, Saiki and Thielen voting no, and with Representatives Chang, Herkes, Nakashima, Pine and Tokioka being excused.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2761, SD 2, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise with reservations on SB 2761, regarding increasing regulatory fees for financial institutions. This measure, with the amendments made, would create 41 new fees and raise fees from a range of \$600 - \$7,700 to \$5,000 - \$15,000, a substantial increase for financial institutions here in Hawaii which will likely be passed on to consumers. I also have some concerns about the potentially unchecked discretion the Division of Financial Institutions may have to create new fees or raise current fees without legislative oversight. I do believe we need to responsibly adjust certain fees to reflect the rise in inflation; however, the increases and new fees proposed in this measure are significant and may be a barrier for financial institutions here in Hawaii to remain viable. For these reasons I vote with reservations on SB 2761."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2761, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FINANCIAL INSTITUTIONS,"

passed Second Reading and was referred to the Committee on Finance, with Representative Ward voting no, and with Representatives Chang, Herkes, Nakashima, Pine and Tokioka being excused.

Representative Souki rose to speak in opposition to the measure, stating:

"Mr. Speaker, I wish to speak against this measure. In opposition. First of all I don't believe the Attorney General should be elected, because once you're elected, then the decisions you make will be on the premise of how you're going to get reelected. I'm very content with what we have now in the appointment system where election is not the consideration. Thank you."

Representative Thielen rose in opposition to the measure and asked that the remarks of Representative Souki be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative C. Lee. rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker, please note my reservations. I think there's a question as to the electoral process. By moving to an elected Attorney General, we introduce politics into ultimately, what should be an objective office serving our State. For example, if there were tobacco companies who provided a ton of money in political contributions, would we as a state really believe that our elected Attorney General, under that circumstance, would pursue, for example, a case against them? So I just have reservations with this. Thank you, very much."

Representative McKelvey rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Yes, I would like the words of the speaker from Wailuku entered in the record as if they were my own, and just some brief comments, Mr. Speaker, about my opposition, besides the things that were raised. When I had the privilege of going to law school, there was a story that was told to us about how the Attorney General came about where the President of the United States was golfing with a Supreme Court Justice and basically asked him for some legal advice. And he just turned to him and he said, 'I'm not your attorney. Go get your own.'"

"I think that's an important story to tell, because what we're saying to the Governor and to the State is, you're not going to have your attorney to zealously represent you and your interests. Your attorney will be elected for you. I think that, that sets a dangerous precedence, because how can we expect the attorney for the Governor, for the State, to zealously represent the interest when they were not retained, nor given these parameters, that, that is not the focus of their office anymore. So that's the reason why I stand in opposition to this measure at this point. Thank you very much, Mr. Speaker."

Representative Fontaine rose in opposition to the measure and asked that the remarks of Representatives McKelvey and Souki be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Keith-Agaran rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. The Attorney General is the chief legal advisor to both the Governor and to the Legislature, as well as the chief law enforcement officer. An Attorney General that I knew in the late 90s once told me, she described her role as being the people's lawyer. So this bill really just answers the question and allows the public to answer the question: Who's the boss?"

"An Attorney General independent of an elected Governor may be a more effective check if people are concerned about whether the advice and the positions that the State government has taken on actions of the Governor or that the Legislature has taken. It provides a little bit more independence, and I think that it's worthwhile to have at least a discussion about whether or not it makes sense to go ahead and allow the people the people to vote on this issue. 43 other states have elected Attorney Generals. 43 other states. And a lot of them also pursued claims against the tobacco companies, claims against big business and corporations, and have taken positions against large corporations and business interests. And while I understand the arguments on the other side, I think that it's worthwhile to have this considered. Thank you."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Coffman rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. And can I have the words of the Judiciary Chair in the Journal as my own? I also want to add that I too believe that having an Attorney General that is working for the people, for

the people of the State of Hawaii is really important because they could disagree with the Governor. A long time ago I was taught, sometimes when you work with a lawyer, you can say to them, 'I'm going to do this, and now your job is to defend me.' Or you talk to the lawyer and say, 'Am I going to violate the law if I do this?'

"So how do you ask the question of your lawyer? My take on it, having worked in a state where the Attorney General was elected, it was really refreshing to see an Attorney General take a stand against a Governor's decision. It was also refreshing to see the Attorney General work with the Native American tribes in the State of Washington to work on issues. They're going to represent so many huge issues that impact the citizens of the state.

"I like knowing that, that person is independent from the Governor. I like knowing that they're held accountable by the citizens of the State, as we all are in elected office. If they are not taking into consideration the best interest of the people, then they don't get reelected. So I'm really supportive of this measure and hope it moves forward. Thank you."

Representative C. Lee rose, stating:

"Thank you, Mr. Speaker. With your permission, I'd like to change my reservations to a no vote. And don't let anybody say that the debate here has never changed anyone's mind.

"I really do think that, quite frankly, it's the experience of other states that really should drive the conversation. Because we've got just as many examples of unwanted or egregious activity on the part of Attorneys General around the country that we can reference just the same. And quite frankly, we are a representative democracy. We are a democratic republic where we don't elect people to do directly the bidding of the people who elect us, but rather those who can put in the time and due diligence to do something that is in the best interest of the public in general, whether the public, sometimes, understands all those nuances and details of that job or not."

Representative Takumi rose to speak in opposition to the measure, stating:

"Thank you, very much, Mr. Speaker. In opposition and just some brief comments. To respond to the point that 43 other states elect their Attorney General, that's well and good, and that's also true. On the other hand, that really raises the whole issue of politicizing that office to the degree that I would really caution colleagues in going to. Because if you take that logic, Mr. Speaker, 39 states elect their judges. I hope most of us think that's probably not the most prudent path to take with our judges as well. Simply because the majority of states do something, is not necessarily indicative that, that's something for this State to do as well. Thank you."

Representative Belatti rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Brower rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I think it's enough that the people elect the Legislature."

Representative Luke rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Nishimoto rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Awana rose in support of the measure with reservations asked that the remarks of Representative McKelvey and Souki be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Saiki rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1187, SD 1, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE V, SECTION 6, OF THE HAWAII STATE CONSTITUTION, TO PROVIDE FOR THE ELECTION OF THE ATTORNEY GENERAL," passed Second Reading and was referred to the Committee on Finance, with Representatives Belatti, Fontaine, Hanohano, C. Lee, McKelvey, Saiki, Souki, Takumi and Thielen voting no, and with Representatives Chang, Herkes, Nakashima, Pine and Tokioka being excused.

ANNOUNCEMENTS

Representative Hanohano, for the Committee on Hawaiian Affairs, requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing, with decision making to follow, on the following measure on Wednesday, March 21, 2012 at 10:45 a.m. in Room 326, and the Chair "so ordered."

S.B. No. 3016, SD 2, HD 1, Relating to Public Safety.

Representative Cabanilla, for the Committee on Housing, requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing the following measure on Wednesday, at 10:00 a.m. in Room 325, and the Chair "so ordered."

S.B. No. 2804, SD 2, Relating to the Hawaii Interagency Council on Homelessness.

Representative Takumi: "Thank you, very much, Mr. Speaker. Just an announcement that we had four bills yesterday, from yesterday's Committee on Education hearing.

S.B. No. 2115, SD 2;
S.B. No. 2116, SD 2;
S.B. No. 2530, SD 2; and
S.B. No. 2528, SD 2 HD 1.

"We're going to have decision making on these measures tomorrow, Wednesday, March 21st at 2:00 p.m. in Conference Room 309."

Representative Fontaine: "Yes, Mr. Speaker. I just wanted to thank the Members for their support of my fundraiser for the Maui Food Bank. We sold over 160 hotdogs today and it was a big success. So thank you, everyone."

Representative Awana: "Thank you, Mr. Speaker. Mr. Speaker a little over a year ago, Members of this Body took a moment of silence to mourn the loss of lives due to an earthquake and tsunami in Sendai, Japan. They continue to rebuild what has been lost and our thoughts and prayers continue to be with them.

"Earlier today, an earthquake between 7.4 and 7.9 took place in the Oaxaca region of Mexico. Reports stated that hundreds of homes and buildings are now in rubble. Although there are no reports of lives lost, I'm sure there is concern for many relatives and friends who have lost loved ones in this region.

"So, Mr. Speaker at the appropriate time I would like to ask for a moment of silence as we know that there is much pain and suffering, to many of the Oaxaca residents assessing the damages and looking for those who are missing. In addition, there are many here with much concern, including those in this Chamber and their friends and loved ones, thousands of miles away. Our thoughts and prayers are also with them. So at the appropriate time, Mr. Speaker. Thank you."

At this time, the Members of the House of Representatives stood for a moment of silence for the people of Oaxaca, Mexico, in observance of today's earthquake and the destruction it caused.

Lee, Luke, Marumoto, Saiki and Thielen being excused.

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you Mr. Speaker. I realize I missed the vote on the first measure, but I wanted to, just for the record, to request as I've always done, a ruling on a potential conflict on Stand. Com. 1148, and just note that in the past I've been allowed to vote on this," and the Chair ruled, "no conflict."

Representative McKelvey rose, stating:

"Yes, Mr. Speaker, just a correction. On Number 6, Reports of Standing Committees, it shows Stand. Com. Rep. 1148-12 reporting from Finance, and referred to Finance. But it should be reported from ERB, to Finance, because I don't think Finance heard it twice."

ANNOUNCEMENTS

Representative Awana, for the Committee on International Affairs, requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing the following measures with decision making to follow:

H.R. No. 38; and
H.C.R. No. 59.

"These measures urge the United Nations to grant Taiwan participation as an observer in the United Nations' Framework Convention on Climate Change Conference of the Parties Meeting. The reason for this waiver request, is to allow for greater participation for committee members and the public. Thank you, Mr. Speaker," and the Chair "so ordered."

Representative Cabanilla: "Thank you, Mr. Speaker. I just would like to announce, the combined Committees of Housing and Hawaiian Affairs will be reconvening for decision making on Senate Bill 3025, SD 2, in Room 325 this afternoon after the completion of the hearings of the Committees of Judiciary and CPC."

REPORTS OF STANDING COMMITTEES

Representatives Rhoads and McKelvey, for the Committee on Labor & Public Employment and the Committee on Economic Revitalization & Business presented a report (Stand. Com. Rep. No. 1153-12) recommending that S.B. No. 2220, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Chong moved that the report of the Committees be adopted, and that S.B. No. 2220, SD 1, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2220, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE BOILER AND ELEVATOR SAFETY LAW," passed Second Reading and was referred to the Committee on Finance, with Representatives Chang, Herkes and Nakashima being excused.

Representatives McKelvey and Brower, for the Committee on Economic Revitalization & Business and the Committee on Tourism presented a report (Stand. Com. Rep. No. 1154-12) recommending that S.B. No. 3050, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committees was adopted and S.B. No. 3050, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FILM, TELEVISION, DIGITAL, AND NEW MEDIA DEVELOPMENT," passed Second Reading and was referred to the Committee on Finance, with Representatives Chang, Herkes and Nakashima being excused.

Representatives Takumi and Rhoads, for the Committee on Education and the Committee on Labor & Public Employment presented a report (Stand. Com. Rep. No. 1155-12) recommending that S.B. No. 2789, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Chong moved that the report of the Committees be adopted, and that S.B. No. 2789, SD 2, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes Mr. Speaker. I wish to speak with some reservations, please. I just want to make mention that I think this bill by itself is very well written, very well thought out, and for that my congratulations to the Committee and to the Chairman. However, my reservation is, as it has always been, that this has not been initiated by the Board of Education, the appointed Board of Education. And until we can get away from doing the work for them, they will continue to rely on us to provide the policy making role for them.

"Actually, the Constitution states, and we provided some enabling legislation, that the Board of Education is responsible for making policy for the Department of Education. And by us continuing to do this, we abate their role as policy makers.

"The other concern I have is that there are some items in here that should be looked at as collective bargaining items, but they're included in legislation. I know we have done that from time to time. We are all guilty of that, making it a little easier, or making it a little bit more difficult, depending upon the situation. But we have done that in the past, so, this is not unusual.

"Another concern I have here is that, you're increasing the term for the tenure. I think many of the teachers complained about that. I don't know what the difference is between three years, and two years for tenure, or

how much more enhancement and security we're going to get by the additional year. So for these items, I wish to vote with reservations. I just want to make mention that it has nothing to do with the Committee and Chairman. I think they have done a wonderful job in the drafting. But I believe they are taking the wrong step again, when you take this role away from the Board of Education. Thank you."

Representative McKelvey rose in support of the measure with reservations and asked that the remarks of Representative Souki be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise with reservations on SB 2789, Relating to Teacher Evaluations. I know that most educators desire and appreciate some form of constructive feedback and I support the principle and concept of teacher evaluations for support and development purposes. However, I am concerned that the procedures for teacher evaluations set forth in this measure may not be successfully implemented because the Department of Education has already experienced considerable challenges in implementing the current teacher and principal evaluations.

"I also am concerned about the fairness and accuracy of the evaluations and believe the specifics of an evaluation procedure should be arrived at through the collective bargaining process rather than instituted in statute. Ultimately, we need to continue to improve education for our students and I am concerned that in potentially adversely impacting teacher morale and instituting a policy that may be carried out ineffectively, we may not accomplish this end.

"Again, I want to emphasize my belief that this measure is underpinned by a very worthy intent, but the details of implementations give me considerable pause. While I do not wish to jeopardize our Race to the Top funding, I also want to avoid implementing a non-pragmatic solution for a one-time financial gain. For these reasons I am voting with reservations on this measure."

Representative Carroll rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Keith-Agaran rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"Mr. Speaker, I support SB 2789 HD1 with some reservations. I agree generally with the remarks of the Speaker Emeritus from Waikapu. I also appreciate the good faith and hard work put into this measure by the Chair of the Education Committee.

"The intent of the bill is to move Hawaii education forward. However, I am also concerned that this appointed Board of Education, like its elected predecessor, appears intent on having the Legislature mandate what it has not been able to persuade educators and other stakeholders to implement through existing means and within their own discretion. While I support the intent of this bill, which stresses the importance of measuring students and rewarding teachers based on good performance, I have reservations on the means put forth in this bill to achieve these ends.

"This bill as it is written relies on measurements of students' academic achievement and teachers' performance that likely require more extensive discussion. As some critics of the language point out, the measurements listed take into account less than a handful of criteria. The language cannot be used to evaluate individual teacher performance in teaching

individual students within the context of individual classroom dynamics. This bill could well add yet another pressure point for principals to force teachers to place inordinate focus on drilling rote memorization into their students in order to reach these arbitrary numbers which determine whether or not they are a "good teacher". Performance measures need to take into account students' long term academic development, the depth and breadth of their education, as well as their growth as people. Our schools have served and should continue to serve as places where our children learn to be good citizens who participate in and contribute to our democracy and our communities.

"I certainly support a modified Race to the Top program, which welcomes input from educators on reliable measures of student and teacher performance, and affords teachers fair evaluations and due process before they are sanctioned for poor performance. Basing a judgment of poor performance on four points of arbitrary criteria does not afford them that. Let us design valid and reliable tools for assessing our teachers and preparing or *keiki* for the future.

"I agree with my Central Maui colleague who represents Waikapu that the tenure language seems arbitrary. The probationary time, I understand, in the past has been left to collective bargaining negotiation and perhaps that should remain the case.

"Nevertheless, if the Administration and the Department are incapable of reaching an agreement to move Hawaii education forward with the collective bargaining representatives of our education workers, then the Legislature should consider a bill that provides guidance with the directive, means, and flexibility to establish a performance management system that includes an evaluation of teachers and educational officers."

Representative Kawakami rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Nishimoto rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Souki rose to speak in support of the measure, stating:

"Yes. Thank you very much, Mr. Chairman. I wish to speak in favor of this bill. It should be mentioned that this measure calls for an exemption for only ten bridges. Ten bridges that are badly in need of repair. If we would go through the process, this would take over a year, maybe up to five years to complete the whole process, including permits and all that goes with it. SMAs and all that is needed to go with it. The need for the repair is right now. People traverse on these bridges every day, and there is potential danger that some problem may arise with this bridge.

"Not too long ago, there was a bridge on Maui, in the Kipahulu area that also was broken down. The people from Keanae could not travel to Hana, or even to Central Maui, for a long period of time. You had to go the other route. We have many, many old bridges that go way back, that we need to repair right now. But the DOT chose only ten. Ten of the most in need of repair. So this is the basis for this bill. Thank you, very much."

Representative Cabanilla rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. This is job creator number one, Mr. Speaker. We need shovel-ready projects. We need to employ our people. So I urge my colleagues to support this measure."

Representative C. Lee rose to respond, stating:

"Thank you, Mr. Speaker. Still with reservations. I'd just like to comment briefly. One of the bridges, for example, in this particular bill is in the area I represent in Waimanalo. There's been a long need for replacement for that bridge which has been around for many decades. However, one of the biggest problems we face is that there's been a lack of transparency and a lack of communication between the State and the community. And whether it's this project or a number of others that have come before, there's been a real issue with the community making sure that the project is done right, and is followed through with all the various hurdles that need to be followed through with in order to ensure that it's done for the public benefit and it's not going to end up with any adverse consequences to the community.

"That being said, there is also the question of what happens after we pass this bill, after we put these ten bridges through. There's going to be ten more next year, and ten more the year after that. At what point what do we say, we need some sort of adequate standard by which to judge these projects? That's the concern I have, but I look forward to seeing it in the next Committee. Thank you, very much."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 3010, SD 2, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Second Reading and was referred to the Committee on Finance, with Representatives Hanohano, Riviere and Thielen voting no, and with Representatives Chang, Herkes and Nakashima being excused.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2850, SD 1, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, and I would just like permission to enter written comments into the Journal."

Representative McKelvey's written remarks are as follows:

"Senate Bill 2850, SD1, HD1, proposes to authorize the Department of Land and Natural Resources to assume control and remove a vessel that is either grounded on a coral reef or is in imminent danger of breaking up if the owner cannot remove the vessel within twenty-four hours of notification or initiate an effective salvage operation within twenty-four hours of grounding. These grounded vessels present safety concerns and may severely affect our near shore environment. I support SB2850 SD1, HD1, to ensure that grounded vessels are removed in a timely manner.

"People often underestimate the power of the ocean and fail to realize the danger that can present itself when a vessel is not properly moored. With the repeated pounding of the waves these vessels are often torn apart creating not only marine pollution, but a hazard to the natural resources and to the safety of our ocean users. This bill meets the needs of the State to step in and take action towards recovery procedures when the damage to both the boat and environment is at its infancy.

"Vessels that run aground often cause extensive and irreparable damage to our coral reefs and as unfortunate as this may be the failure to take appropriate and timely action would just compound the problem. The time parameters set forth in this bill would enable the DLNR to act quickly and reduce costs to the taxpayer by preventing additional damage both to the vessels and the environment.

"I believe that SB 2850, SD1, HD1, addresses the need for the DLNR to quickly establish whether or not the owner of a grounded vessel has the resources to salvage the vessel and act as effectively as possible. Yet it also reflects the rights of the vessel owners to be the primary agent in the saving of their vessel if possible without putting our environment at undue risk."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2850, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO GROUNDED VESSELS," passed Second Reading and was referred to the Committee on Finance, with Representatives Chang, Herkes and Nakashima being excused.

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise with reservations on SB 2592 regarding the Universal Children's Savings Account Program. While I honor the intent of the measure, I have concerns with the measure's potential to overstep the government's role by compelling all children who live in Hawaii, or who were born in Hawaii to be a part of this universal savings account program. I also have concerns about whether the Department of Budget and Finance is equipped to handle the administration of this program along with its other duties. For those reasons, I vote with reservations on this measure."

Representative Ching rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support of SB 2939 HD1, Relating to the Issuance of Special Purpose Revenue Bonds to Assist St. Francis Healthcare System of Hawaii.

"Mr. Speaker, I would first like to say thank you to all of my colleagues who are making it possible to issue these Special Purpose Revenue Bonds for St. Francis Healthcare System. This bill will assist St. Francis Healthcare System of Hawaii to finance the construction, improvement, and equipment of its healthcare facilities, upon the finalization transfer of ownership back to St. Francis.

"Since 1883, St. Francis has been healing the people of Hawaii. By helping St. Francis reinvest in their operations, we can show that we are taking action to improve the quality and access of their healthcare.

"Mr. Speaker, may I please reiterate the words provided in a testimony by the Healthcare Association of Hawaii, where the issuance of this SPRB "does not involve any appropriation of expenditure of State funds". Rather, corporations are drawn to provide the financial investment, as the interest income acquired from the SPRB is exempt from State taxes.

"For these reasons, Mr. Speaker, I am happy to stand in strong support of SB 2939 HD1. Mr. Speaker, thank you for this opportunity to share my thoughts on this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2939, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST ST. SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Pine and carried, the rules were suspended for the purpose of considering a certain Senate Bill for Third Reading by consent calendar. (Representatives Chang, Herkes and Nakashima were excused.)

THIRD READING

S.B. No. 2648, HD 1:

Representative Chong moved that S.B. No. 2648, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Pine rose to speak in opposition to the measure, stating:

"Unfortunately, I am in opposition, Mr. Speaker. I know that this is a really well intended thing to give scholarships to students. And the reason I just had opposition is, there was a Congressperson in California that was also doing what this bill calls to make legal, which is illegal right now; to allow them to use their campaign funds for scholarships for high school students. It seemed very harmless, but what had happened was, there was a media uproar and community uproar all across the nation. What this Congressman did was he started to call the scholarship program in his name, and a lot of good-government people said this was almost like buying votes.

"So I'm just really concerned about where this would go here in Hawaii. I know that it sounds like a good idea, but I think that we should use our campaign funds strictly for campaign purposes and maybe personally start up another organization that gives scholarship funds that is separated from these different accounts. So that's my opposition today. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, also in opposition. Mr. Speaker, education is a great cause. Education is a great equalizer. Without it, probably many of us in this room would not be in this room. Giving scholarships is very important. The cost of a college education is almost prohibitive nowadays. But this practice should be prohibited. This is not something that people are going to do with the intent which otherwise, it's couched under and with. In brief, summary terms, it doesn't pass the smell test. Thank you, Mr. Speaker."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with serious reservations on this measure."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations of S.B. 2648-Relating to Campaign Finance. This bill authorizes campaign funds to be used to award scholarships to full-time students attending an institution of higher education or vocational education school in a program leading to a degree, certificate, or other recognized educational credential. This bill also provides that in any election period, the total amount of all scholarships awarded shall be no more than twice the maximum amount that one person may contribute to that candidate pursuant to section 11-357, Hawaii Revised Statutes, while providing that no awards shall be made from the filing deadline for nomination papers to the date of the general election.

"While I generally support measures that award scholarships to students attending institutions of higher education, I am concerned that S.B. 2648 would make impertinent use of excess campaign funds. The League of Women Voters Of Hawaii declare, "The legitimate use of campaign funds should be to provide communications with the public through media advertisements, mailings listing the candidates qualifications and issue positions, making signs, rallies and meetings, car expenses, office rent, paid staff etc." Thank you."

Representative M. Lee rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 2648, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN FINANCE," passed Third Reading by a vote of 39 ayes to 9 noes, with Representatives Belatti, Fontaine, Hanohano, Jordan, McKelvey, Pine, Riviere, Takumi and Ward voting no, and with Representatives Chang, Herkes and Nakashima being excused.

At 1:14 o'clock p.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 2648, HD 1

ANNOUNCEMENTS

Representative McKelvey: "I should actually have the good Representative from Manoa do this announcement. I just want to announce to everybody, that tomorrow, the good Representative from Manoa and myself will be doing our Foodbank fundraiser.

"We are going to be open for the day with McChoy's McGoodies, with plenty of good stuff, like Double Dipping Drumsticks, Economic Matrix Mochi, some Kung Hee Fat Boys, and of course, our famous E-R-B Brownies, ERB Brownies. So please come on by, and we'd love to serve you and give you some of the McChoy McAloha."

Vice Speaker: "If there are no further announcements, the Chair would like to remind the Committee Chairs that today is the Second Lateral Filing deadline. For bills that need to move to their final Committees, please file your Committee Reports and Drafts with the Chief Clerk's Office by 6:00 p.m. this evening. Thank you, very much."

THIRTY-EIGHTH DAY

Friday, March 23, 2012

The House of Representatives of the Twenty-Sixth Legislature of the State of Hawaii, Regular Session of 2012, convened at 12:09 o'clock p.m., with Speaker Say presiding.

The invocation was delivered by Pastor Brad Smith of Makiki Christian Church, after which the Roll was called showing all Members present with the exception of Representatives Awana and Herkes, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Thirty-Sixth and Thirty-Seventh Days was deferred.

SENATE COMMUNICATIONS

The following communications from the Senate (Sen. Com. Nos. 422 through 425) were received and announced by the Clerk:

Sen. Com. No. 422, transmitting H.B. No. 2573, HD 1, entitled: "A BILL FOR AN ACT RELATING TO APPRENTICESHIP," which passed Third Reading in the Senate on March 22, 2012.

Sen. Com. No. 423, transmitting H.B. No. 2576, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYMENT SECURITY LAW," which passed Third Reading in the Senate on March 22, 2012.

Sen. Com. No. 424, dated March 22, 2012, informing the House that the Senate has disagreed to the amendments proposed by the House to the following Senate Bill:

S.B. No. 2508, SD 2, HD 1

Sen. Com. No. 425, dated March 22, 2012, informing the House that the Senate has on March 21, 2012, agreed to the amendments proposed by the House to the following Senate Bill and that said bill has this day passed Final Reading:

S.B. No. 3024, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CORPORATIONS."

INTRODUCTIONS

The following introductions were made to the Members of the House:

Representative Pine introduced her grandmother, Mrs. Alionora Marcos; and her brother, Mr. Kawika Pine.

Representative Har introduced Ms. Courtney Ketzenberger, a senior at Island Pacific Academy, volunteering in her office during her spring break. She was accompanied by Legislative Aide, Mr. Ronson Dela Pina.

ORDER OF THE DAY

REPORTS OF STANDING COMMITTEES

At this time, the Chair announced:

"Members, we have a total of 31 pages, which equates to approximately one hundred and twenty something measures for Second Reading. One of our distinguished Members has a speaking engagement up at the East-West Center. And Members of our Neighbor Island delegation want to get on home for the three-day weekend. So can we surmise to say that we can do the 31 pages in 45 minutes, and finish by 1:00 o'clock?"

Representative Nishimoto, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 1195-12) recommending that S.B. No. 2182, HD 1, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2182, HD 1, be referred to the Committee on Finance, seconded by Representative Evans.

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure. SB 2182, HD 1 would make permanent the assessment and deposit of the Hawaii State Center for Nursing ("HSCFN") fees into the compliance resolution fund and distribution of those funds to the credit of the HSCFN special fund.

"In 2003, the Legislature passed Act 198, to create the Hawaii State Center for Nursing. The Center was given the mandate to collect and analyze data, and make recommendations regarding the current status and trends of the nursing workforce; conduct research in best practices and quality outcomes; develop a plan for implementing strategies to recruit and retain nurses; and research, analyze and report data related to the retention of the nursing workforce.

"We can see in the work that the Center for Nursing has produced that they have very ably done what was asked of them. The data and evidence collected by the Hawaii State Center for Nursing is invaluable in making workforce, policy and resource decisions. The HSCFN should be continued as it has become a leader in workforce planning, nursing research, and professional practice in the State. Stakeholders recognize the HSCFN as the source of reliable information regarding existing and emerging trends in nursing. The repeal of the Center fees would in essence cause the demise of the HSCFN as the fee is its main source of funding.

"I support the bill, but not the defective date."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2182, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE CENTER FOR NURSING," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Nishimoto, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 1196-12) recommending that S.B. No. 2584, SD 1, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2584, SD 1, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I ask for a ruling on a potential conflict. I'm a member of the Hawaii Army National Guard and this measure will allow me to partake in the Tuition Assistance. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2584, SD 1, entitled: "A BILL FOR AN ACT RELATING TO TUITION ASSISTANCE," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 223, SD 1, pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of SB 223 SD1, which is a Women's Caucus measure relating to domestic abuse orders. This bill requires a police officer to impose a 24-hour no contact period when there are "reasonable grounds to believe" that harm was inflicted and that there is probable danger of further harm to the family or household member.

"SB223 SD1 is needed to address the gaps in the current system and help ensure the safety of domestic violence survivors. Calling the police can be very dangerous for domestic violence survivors. Once the police leave, the survivors are often left alone with the abuser, who may retaliate and escalate the violence. However, in circumstances when the no contact order has been issued by police, it has been successful in preventing further domestic violence. It denies the person doing the harm access to the victim, and gives the victim essential time to seek refuge and get to safety.

"This bill will provide victims of domestic violence greater protection against their abusers. Protection that is essentially necessary and valuable on evenings, weekends, and holidays when there is limited access to seek temporary restraining orders or other relief from the court system.

"I urge my fellow Members to support this measure."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 223, SD 1, entitled: "A BILL FOR AN ACT RELATING TO DOMESTIC ABUSE ORDERS," passed Second Reading and was referred to the Committee on Judiciary, with Representative Herkes being excused.

No. 2760, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ESCROW DEPOSITORIES," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1207-12) recommending that S.B. No. 2655, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2655, SD 2, HD 2, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. I'll be very brief, and would cancel my speech before I not say no to this one with a couple of comments. Yesterday, we had job creation bill number 1. This is job killer, business killer number 1. Because Mr. Speaker, as I said so many times, this is the phone that I have with \$7 a month insurance for. And we're asking the carrier to provide this insurance, with \$2 thousand to get a license to sell me this. This is an interruption of business, of commerce. It's not good, sound policy, and I'm going to vote no continually."

Representative Marumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Riviere rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2655, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PORTABLE ELECTRONICS

INSURANCE," was referred to the Committee on Finance, with Representatives Ching, Fontaine, Johanson, Marumoto, Pine, Riviere, Thielen and Ward voting no, and with Representative Herkes being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1208-12) recommending that S.B. No. 2168, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

At 12:22 o'clock p.m., Representative Thielen requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:22 o'clock p.m.

Representative Thielen rose, stating:

"Thank you, Mr. Speaker. The pace was quite rapid, and I wanted to just have our Caucus members have a chance to speak on this measure. I'm going to defer to the Minority Leader."

Representative Ward rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker. I rise in opposition with brief comments. Mr. Speaker, this is an anti-transparency measure that the Governor is bringing to us. I think we shouldn't carry his water, given that he's made secretive Executive Orders. He's not revealed the names of the Judiciary. It seems to be a thematic, if you will, to keep the public access to information minimized. And this does this without whatever good that it's going to do. I have not seen, nor heard, and to vote for this as a closed government and transparency just doesn't make sense. Thank you, Mr. Speaker."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"A vote with reservations, and I'll take a look at it in the next Committee."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise in support with reservations on SB 2858, relating to judicial reviews regarding the Sunshine Law. While I am supportive of a streamlined process to appeal decisions made by the Office of Information Practices in reviewing State agency procedures, I am concerned that these review processes may reduce transparency by creating unnecessary or cumbersome regulations that make it more challenging for the public to gain an understanding of the state agencies and their procedures. For these reasons, I stand with reservations on the measure before us."

Representative Ching rose in support of the measure with reservations and asked that Ching's written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations on S.B. 2858 SD1 HD1 – Relating to Open Government. This bill would create a process for an agency to obtain judicial review of a decision made by the Office of Information Practices relating to the Sunshine Law or the Uniform Information Practices Act, and clarify standard of review.

"Mr. Speaker, while this measure attempts to ensure an increased accountability and transparency, I would like to echo the words provided by Mr. Douglas S. Chin, Managing Director for the City and County of Honolulu, on his testimony dated March 16, 2012:

This measure unduly restricts the rights of agencies to appeal advisory opinions issued by the Office of Information Practices ("OIP"), without affording any process for agencies to present facts and arguments in support of their position. We believe the bill does not give proper weight to the privacy and public policy interests recognized in statute that limit the application of the Sunshine Law and the Uniform Information Practices Act.

"Thank you."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Nishimoto rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, thank you for giving me those extra two seconds. I actually realized that this is the biggest tax increase, probably, for the people of Hawaii. Because it's a roll of the internet tax, into a different bill of which I didn't recognize until I researched it.

"So this is a no vote, this is another way, I know, of collecting the Use Tax, which if it was tried to pass in the House today, would never be passed because it wasn't implementable when it was passed decades ago. And now we're sneaking it up, saying we want to tax the internet."

Representative Johanson rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2845, SD 1, HD 2, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I think this is not a good bill. I rise in opposition. I think it will increase the cost of medical care, services and supplies under workers' comp, and drive up the premiums that businesses have to pay. There is a need, yes, for the Director to make the operation of the Disability Compensation Division more efficient. However, employers should be able to review the treatment plan to determine if the plan is reasonable or necessary. A review of a surgery, proposed surgery, under the thirty-day limit, is almost impossible.

"When surgery is proposed, the Director should be able to review evidence from both sides to make an informed decision. Any sort of

treatment proposed, should be able to be looked at by employers. Without a hearing, the Director just doesn't have the information to make an informed decision. This bill would encourage the submission and approval of unreasonable and unnecessary treatment plans to maximize the revenue of attending physicians and related medical providers and entities.

"The cost of medical care, services, and supplies will increase, thereby increasing premium costs, hurting businesses in our tough economy. Any rendered treatment, including surgery and narcotic drugs may be harmful to the injured worker, and lead to further disability or addiction. I think we should be very careful about moving this bill out, and so I would ask that concerned people vote no. Thank you."

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations on S.B. 2845 SD1 HD2 – Relating to medical benefits under the workers' compensation law. This bill would allow for the Director of Labor and Industrial Relations to make a decision on disputes regarding treatment plans and continued medical services without a hearing, but would require a decision within 30 days of the filing of a dispute.

"Mr. Speaker, I support ensuring that an injured employee's medical care in workers' compensation-related cases help the injured worker return to work, but this particular measure poses anti-employer consequence, as it may provide the Director of Labor and Industrial Relations the ability to make decisions regarding workers' compensation cases without the refutation of the employer. Enabling a decision to be made without the recourse of both parties involved may pose a disadvantage to the defending party of the claim, and/or room for falsified information to succeed in a hearing. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2845, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL BENEFITS UNDER THE WORKERS' COMPENSATION LAW," was referred to the Committee on Finance, with Representative Marumoto voting no, and with Representative Herkes being excused.

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of SB 2320 SD2 HD1, Relating to Aging. The purpose of this measure is to build a statewide system of support for Hawaii's older adults and their caregivers by establishing the Kupuna Care Program and provides funding support for the healthy aging partnership programs such as Better Choices, Enhance Fitness. This bill builds and strengthens a statewide system to provide affordable and quality home and community-based services for adults who are sixty years or older and their family caregivers.

"Important components of Hawaii's aging addressed by programs in the bill including: access to information; affordable home and community based services, social and civic engagements for retired seniors, ensuring safety for people with Alzheimer's dementia related diseases, and promoting healthy aging through the Healthy Aging Partnership program.

"The Kupuna Care Program has been providing essential services for Hawaii's seniors since 1999, and is Hawaii's only State funded home and community based services programs for older adults who do not qualify for other government or private assistance. Currently Hawaii residents aged 60 years or older constitute 18.7% of the population and data suggests that this numbers who will increase substantially in the future. The explosive growth of older adults demands a strong infrastructure to address their growing needs. I urge the Members' support."

Representative C. Lee rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I would like to cast a no vote, and then request to have some remarks placed in the Journal. Thank you, Mr. Speaker. I do want to disclose that the remarks that will be placed into the Journal were drafted by the Agricultural Liaison for the Mayor's Office who happens to be Laura Thielen, my daughter, and I wanted to disclose that to you. She details how this bill and another bill that is yet to come before us can really do great damage to our agricultural lands and to our efforts as a State to become food self-sufficient.

"I would hope that Members would take these remarks into account. I'd be glad to provide them personally to anyone that wants them as well, but I

believe that they have gone out fully to the Water, Land Committee and the Agriculture Committee.

"Mr. Speaker, you know, we're doing such a push to try to say we want to become self-sufficient. We want to help our farmers. We want to encourage more young people to enter into the field of farming. And then at the same time, we're taking actions like this that are going to reduce the number of farms, and price that land out of reach of any of the new young families that want to enter into that field, because they'll be used for tourism. I know there's a limit on the bill, on population, but those things have a way of disappearing with future Legislatures. So I would say that this is a smoking gun, pointed at Oahu as well. Thank you."

Representative Thielen submitted the following:

"Aloha Representatives,

Two bills that your Committee is poised to hear will eradicate a huge amount of high quality farmland, make it nearly impossible to increase local agriculture, and will transform large amounts of the agricultural district into a rural tourism district.

SB 2341 allows vacation rentals on agricultural lands, including the highest production lands. Even worse, vacation rentals can be the primary use, no farming is required.

SB 2350 doubles the number of houses permitted on agricultural lots with one ohana dwelling for each farm dwelling.*

If these bills pass, the number of houses built on agricultural lands will dramatically increase and agricultural lots will be priced for their vacation rental value, not their farming potential.

The expansion of tourism has already transformed other areas, like Windward Oahu. The density of some communities doubled when ohana units were allowed. The vacation rental market dominates many neighborhoods, affecting home prices.

Nearly 16,000 acres of farmland on Oahu's North Shore are being marketed for great views or access to the ocean. These qualities aren't relevant to farming; they're relevant to tourism. The bill permitting vacation rentals as a primary use will destroy any ability to assure these lands remain available for agricultural production.

The price of Oahu farmland is nearly out of reach for food farms today. These bills will make it impossible for food farms to operate. The vast majority of Oahu's food is grown on rented land. Will landlords force farms to close when neighboring vacation rentals complain about noise, or when they realize they can increase their rental income by transforming all or some of the property to vacation rentals?

The Department of Agriculture, Office of Planning, and City and County of Honolulu have all testified against these bills and the Farm Bureau has raised serious concerns.

Our Constitution requires the State to assure the availability of agricultural lands for agriculture. The law requires directing non-agricultural uses away from the best farmland. Several bills before the Legislature this session support increasing local food production.

How is it that the Legislature on one hand says it supports agriculture, but on the other hand takes action to pass laws that will transform the agricultural district into the rural tourist district?

The Senate unanimously passed both bills. They have passed several House Committees, and are now at the House Committee on Water Land and Ocean Resources.

* While the ohana unit bill was amended to take out Oahu, it just as easily can be put back in, now or next year.

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Members, if you read the measure, it was amended to basically make it for one area only, Maui County. I know there's a lot of disfunctionality going on in other places, but our County Council has worked hard, in an eight to one vote, to create a bed and breakfast program to help true small farmers, *bona fide* ag, with a complaint system, and an adjudication system. But because of the bar against any overnight stay whatsoever in State law, they cannot enact this bed and breakfast ordinance.

"All we're asking for is to give Maui County home rule, and the tools to be able to implement something that everybody has bought into, and has worked on over the last year. Thank you very much, Mr. Speaker."

Representative Fontaine rose in support of the measure and asked that the remarks of Representative McKelvey be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative C. Lee rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, just to clarify my opposition. I do respect the intent of the Maui County Council and other Members to try and rectify this situation. The problem I have with the bill is that there's a specific clause within it which allows for this tourist bed and breakfast, et cetera, use of ag lands without any *bona fide* ag activity on the property. Essentially doing an end run around the Land Use Commission's intent of local agriculture and everything else. Thank you."

The Chair then noted:

"Representative Chang, and Vice Chair Har, this particular measure will be going to your Committee, so really try to vet it. Thank you."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. I understand what the speaker from Maui was saying. However, you take a look at the bills that go through and the laws that are put on the books. And then you find a subsequent legislature saying, 'Well let's just change that. It's worked for Maui. Let's now do it for Oahu.'

"We have a terrible problem with transient vacation units on the Windward side, and competition for housing for local people. We also will have a terrible problem were this to be laid onto Oahu in the future. We would really be decimating our farmland and it would become tourism. Come look at where plants and crops used to be. Thank you."

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2111, SD 2, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. I want to vote with reservations, even though it's from my good friend from Maui, from Lahaina. I know that this is very dear to his heart. However, I note in this measure that the credits have been increased quite a bit, from 8 million to 16 million for production; and 20 to 25%, plus 5% additionally for hiring of local people, which is nice. But I don't know why we have to pay them to hire local people.

"My major concern is that while I recognize that movie production in the State is good for the State image, I believe that there are a lot of needs in this State that are going unfunded right now. And at some point in time, I think we all need to know, what are all of these tax credits costing us? The bottom line, not only for this measure, but for other measures is, is it worth the credits that we're giving inasmuch as the tradeoff is, if we have many programs that are yet unfunded throughout the State. I think we can look at health, and labor, and et cetera, et cetera as unfunded. Education, for one. And we need to have a handle on this cost.

"I know I've seen some figures that were provided to me, showing as to the turnaround of the money, but these figures were done by those who are requesting the credit. I would prefer that somehow, some local economist begin looking at this kind of figure, and report to the Finance Committee as to how much does the State really get from this here. What's the value of this hundreds of millions of dollars that we spend per year in tax credits.

"In fact I was looking across the wall, they requested for approximately 400 million, and can we afford it? Of course, we're not going to give the whole 400. I'm sure when it gets to the Finance Committee, they will whittle it down to a more manageable figure. But again, I think what they should know, and what should be then provided to us, is what is the net value, and what is the cost to programs that are not sufficiently funded.

"Is it as a result because of this? Or does this, in effect, provide more dollars for those that need to be funded? These things, I don't think we know yet. So we cannot just be throwing tax credits around, not knowing what the ultimate result is going to be, the bottom line figure. And this is not to disrespect those who advocate, and they're advocating in good faith because they sincerely believe that this will provide a better image for the State of Hawaii and provide jobs. For this I give plenty *aloha* for them, because they work hard to do this. But I think we need to take one step more, and begin to evaluate the result of all of this. Thank you, very much."

Representative Wooley rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I also want to express reservations, and thank Speaker Emeritus for his very wise comments."

Representative Takai rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support, briefly. Thank you. I think what we need to do is take a look at the reports being generated by the film offices, not only at the State level, but all throughout the entire State. Each county has one. And you'll see from it, there's clear evidence that this type of funding support through tax credits benefit not only the industry, but more importantly, the entire State.

"Now last year, we recognized Hawaii Five-O. And Hawaii Five-O, the amount of money we put in through these tax credits, we can't even imagine how much it'll cost to pay for the impressions that are seen throughout the nation, and in fact throughout the world. So I'll try and get

some of that information for the Chairmen of both Transportation, and the Culture and Arts Committee, because I think the evidence is there. We just have to kind of take a look at it.

"And I do understand their concerns. Their concerns are legitimate, because we can't be giving tax credits away. But I do believe that these tax credits have over time shown that it benefits the State of Hawaii. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise with reservations on Standing Committee Report 1267-12, Senate Bill 2511, Senate Draft 2, House Draft 2. The purpose of this measure is to reduce the adverse impact of single-use checkout bag waste in Hawaii by establishing a fee for the distribution of single-use

checkout bags, also known as plastic bags. Specifically, this measure proposes that beginning January 1, 2013, all businesses in the State shall charge and collect a fee of 5 cents for each single-use checkout bag that is provided to customers. Mr. Speaker, I base my reservations on three reasons.

"First, while I support the intent of protecting the environment today and for future generations, I believe passing on the financial burden of improving the natural environment to consumers is unfair. Hawaii residents already face much higher costs for necessities such as food and utilities than people living on the mainland. Furthermore, the proposed fee places a disproportionate burden on our elderly and low-income residents. In these tough economic times, the last thing government should be doing is hurting those who already have little disposable income to afford even the most basic necessities.

"A second reason for my reservations on this bill is that the price of plastic bags is already assessed by grocery stores and folded into the price of all goods purchased. The Retail Merchants of Hawaii, who represent grocery stores and other merchants offering plastic bags, noted in their testimony before the House Finance Committee on February 2, 2012, that they could not guarantee that the price of goods would come down if consumers paid for their plastic bag usage, particularly when retailers would be reimbursed for the cost of the plastic bag. I cannot in good conscience support a bill that would charge consumers twice – for the plastic bag fee and for the cost already folded into the price of goods.

"Finally Mr. Speaker, if we are genuinely concerned with the environment, we should just ban plastic bags. This bill purports to help the environment by placing a fee on single-use checkout bags but to truly address the environmental concerns if legitimized, then placing a fee on these bags does not address the problem. Furthermore, the funds from this bill which would be placed into the general fund, ultimately ends up being just another fee to our constituents who are all struggling to make ends meet. Instead of "nickel and diming" our constituents, let's support an outright ban.

"Environmental protection is paramount, but there are much better ways to incentivize people's behavior (rather than penalize) in plastic bag usage. For these reasons, I stand with reservations on this measure. Thank you, Mr. Speaker."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise in support with reservations to SB 2511, relating to single use plastic bags. While I support the intent of this measure to improve the environment and to proactively reduce the amount of material put into our landfills, I am concerned about the widespread effect that this fee will have on many of the families who are struggling the most through these difficult economic times.

"This fee will increase the already high cost of living because it targets the purchase of necessities such as food and groceries. Though it seems like a small fee, I believe the added cost to the grocery bill is not a cost that can be absorbed by our constituents, especially in these difficult economic times. This added fee will touch everyone, each time they step into a store or business.

"Again, I do support the intent of this measure; however, this particular fee is broad-based and may adversely impact all of our constituents. I am concerned as to whether my constituents can afford this additional fee. For these reasons, I have reservations with the measure before us."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2511, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL PROTECTION," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1268-12) recommending that S.B. No. 650, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 650, HD 1, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE VI, SECTION 3, OF THE CONSTITUTION OF THE STATE OF HAWAII AUTHORIZING THE CHIEF JUSTICE OF THE STATE SUPREME COURT TO APPOINT RETIRED JUDGES TO SERVE AS EMERITUS JUDGES," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1269-12) recommending that S.B. No. 2261, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2261, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Aquino rose to disclose a potential conflict of interest, stating:

"May I request a ruling on a potential conflict? I work for the company that serves as the fiscal agent for the Weed and Seed in Waipahu," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2261, entitled: "A BILL FOR AN ACT RELATING TO THE WEED AND SEED PROGRAM," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1270-12) recommending that S.B. No. 2277, SD 2, HD 1, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2277, SD 2, HD 1, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2277, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENDANGERED AND THREATENED SPECIES," was referred to the Committee on Finance, with Representative Thielen voting no, and with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1271-12) recommending that S.B. No. 2709, HD 1, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2709, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FURNISHING THE DATE OF VITAL EVENTS TO GOVERNMENTAL AGENCIES WITHIN THE STATE OF HAWAII THAT REQUEST VERIFICATION," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1273-12) recommending that S.B. No. 2248, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2248, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1274-12) recommending that S.B. No. 2318, SD 1, as amended in HD 1, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2318, SD 1, HD 1, be referred to the Committee on Finance, seconded by Representative Evans.

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of SB 2318 SD1 HD1, Relating to Adult Guardianship and Protective Proceedings Jurisdiction.

"The purpose of this measure is to address the challenges Hawaii has encountered in dealing with issues surrounding interstate adult guardianships and protective orders.

"Adoption of this Act will establish guidelines to determine which court, in this State or another state, has jurisdiction to appoint a guardian or conservator for an incapacitated adult and to determine the disposition of out-of-state guardianship and protective orders thereby ensuring that only one state has jurisdiction at any one time. There will also be a prioritization of which states may proceed with a petition. This process provides uniformity and reduces conflicts among states.

"For this reason, I urge the Members' support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2318, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ADULT GUARDIANSHIP AND PROTECTIVE PROCEEDINGS JURISDICTION," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1275-12) recommending that S.B. No. 2712, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2712, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAID," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1276-12) recommending that S.B. No. 2776, SD 2, HD 1, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2776, SD 2, HD 1, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2776, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1277-12) recommending that S.B. No. 2233, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2233, SD 2, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Fontaine rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. With reservations and brief comments. While I understand the need to want to help facilitate using electronic methods to getting notices out, I'm very concerned about this measure because of how it may impact our elderly who may not have access to computers, and may not be able to get the notices. That's why I have my reservations. Thank you."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, very much, Mr. Speaker. With reservations, and I finally get to say this, this year. I would like the comments and the words of my brother from another mother, the Representative of Kihei to be entered into the record as if it were my own."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2233, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTRONIC INFORMATION," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1278-12) recommending that S.B. No. 3008, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 3008, HD 2, entitled: "A BILL FOR AN ACT RELATING TO FAMILY COURT," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1279-12) recommending that S.B. No.

2250, SD 1, as amended in HD 1, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2250, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PAROLE," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1280-12) recommending that S.B. No. 2209, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2209, HD 1, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE VI, SECTION 4, OF THE HAWAII STATE CONSTITUTION TO REQUIRE THE JUDICIAL SELECTION COMMISSION TO DISCLOSE THE NAMES OF AND CERTAIN INFORMATION REGARDING ACTIVE NOMINEES AND APPLICANTS TO FILL JUSTICE AND JUDGE VACANCIES," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1281-12) recommending that S.B. No. 2713, SD 1, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2713, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAID," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1282-12) recommending that S.B. No. 2738, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2738, SD 1, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Belatti rose to disclose a potential conflict of interest, stating:

"Thank you Mr. Speaker. May I request to be excused from the voting on this? A client of my law firm is a beneficiary of this measure."

The Chair responded, stating:

"To be excused? The Chair will not excuse you. If you're asking for a ruling of a potential conflict, there is no conflict, Representative Belatti."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2738, SD 1, HD 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1283-12) recommending that S.B. No. 2821, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2821, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MORTALITY REVIEW OF DEATHS OF PERSONS WITH DEVELOPMENTAL OR

INTELLECTUAL DISABILITIES," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Coffman, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1284-12) recommending that S.B. No. 2281, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2281, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL IMPACT STATEMENTS," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Coffman, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1285-12) recommending that S.B. No. 2873, SD 1, HD 1, as amended in HD 2, be referred to the Committee on Judiciary.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2873, SD 1, HD 2, be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative Riviere rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I actually thought about voting yes on this. And then I thought, well there are so many bills going forward that are so disconcerting that I thought I better go reservations. Then I thought about it once again, and I thought you know, the Departments have a chance to exempt projects, and they have a chance to go to the Office of Environmental Quality Control and get rulings on exemptions, so there is a procedure for that. Therefore, even though this may seem like an insignificant bill, it creates another blanket exemption which is bad policy. Opposition, please."

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2873, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL IMPACT STATEMENTS," was referred to the Committee on Judiciary, with Representatives Riviere and Thielen voting no, and with Representative Herkes being excused.

Representative Coffman, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1286-12) recommending that S.B. No. 2288, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2288, SD 1, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. This is the solar, or photovoltaic bill that I've spoken about before, and I'm still voting no on the bill. Mr. Speaker, we've had other measures that have increased fees, some deal with taxes. This one takes a different approach. It is going to severely damage an industry

that has been one of the fastest job growing industries in our State, and that's the photovoltaic and solar industry.

"We've talked about how the technology will require up to a certain amount of energy flowing through an individual system. If you go above that, you could create fires. You could create other problems. So from a technical aspect, you need to put different systems on a larger roof. And from a technical aspect, that isn't doing anything that is illegal. It's doing something that is prudent and safer. We used to give, until this bill moving forward, a tax credit for those systems. Thereby, the solar industry was, I believe among the very fastest growing groups within this State, providing the most green jobs, good paying jobs, in our State.

"I've called this the 'photovoltaic for millionaires,' but I think it's better named, 'protection for Hawaiian Electric.' Because fewer people will go to getting their power from the sun, which means that those people more and more will be receiving the very costly monthly electric bills from Hawaiian Electric. I'm sorry to see us do this. I think it would've been much better to put together a task force to have the different players, including the Department of Taxation sit down and work out what could happen so there wouldn't be any abuse of the system, but so people could continue to stretch and buy that photovoltaic system and be able to get their utility bills back down to probably where they were about maybe five or ten years ago.

"I imagine everyone in this room has constituents that have either talked to them, or called them, or indicated that their bills are just going out of sight, and they can't get a handle on it. They can't do a budget because the next month, the Hawaiian Electric bill comes and it's even more than it was the month before. There are stories of people that haven't used air conditioning in two or three years. That unplug all of their different appliances. That have clothes drying on a clothesline. They've done just virtually everything they can, and yet the price continues to go up. This bill does not help. This bill harms our constituents. Thank you."

Representative Chong rose to speak in support of the measure, stating:

"Mr. Speaker, in support. And just a quick rebuttal. In regards to jobs, I guess you could make that argument. But I would say, I would almost guarantee anybody, if we gave a 65% tax credit, and yes, 35% is State and 30% is federal. I'm assuming we're all federal tax payers in here, so it's our money too. If you give a 65% tax credit to any business or industry, they'll be the fastest growing industry as well. Why don't we do it for automobile dealers, to help our American car companies? Or why don't we do that for hotels since hotels are a big part of our industry? You can do that to any industry. At 65%, they'll create a ton of jobs. So that's a red herring.

"Secondly, is on the issue of Hawaiian Electric. This is not a 'protect Hawaiian Electric' bill. This is a fiscally prudent bill to ensure that the taxpayers' interest, like in any other tax expenditure, or budget expenditure, is managed correctly. I would remind the Members that actually, Hawaiian Electric was looking to do this, because they saw so much profit in it. A 65% tax credit, and depreciation over the life, where they would be able to sell electricity after installing PV on someone's house and sell it to them without going through the PUC rate filing case. So this is not helping Hawaiian Electric. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"I rise in opposition, with brief comments. Mr. Speaker, this is not a red herring. It's about a \$6 billion debt that we pay every year. We're trying to get off of imported oil. Let's not lose focus on the ball. This thing is premature because we beat our chest saying we are the leaders of the nation of PV. Mr. Speaker, you know what the data is? We're 3% renewable energy on our grid. 3% and now we're going to cut the legs out from underneath this incentive. Let us remember, it took us 30 years to get the 30% with just the water heaters.

"We're 3% now with PV, and we think if we cut off these incentives, that people are going to continue buying this stuff. In other words, we've got to invest, keep the pipeline filled, and then when we get traction. When we get a percentage, at least of the adoption now, with the solar water heaters, then I say, 'Okay, let's cut it off.' And I would also suggest

Members who just voted for the movie tax credit, the same purpose is to vote for this tax credit because this industry is real. We've got the best sun and the longest days in the nation. We can be a world leader. Mr. Speaker, this is pennywise and pound foolish, the way we're behaving on this bill. Thank you."

Representative Ching rose to speak in opposition to the measure, stating:

"In opposition Mr. Speaker, with the words of the Minority Leader, as well as the Representative from Kailua entered as my own. And additional written comments, listing also the opponents: Solar Energy Industries Association, Sunrun, Sierra Club, Blue Planet Foundation, Hawaii Renewable Energy Alliance, Kauai Island Utility Cooperative and others. Thank you."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in opposition of S.B. 2288 – Relating to Energy. This bill applies the renewable energy technologies tax credit on a per-property basis and prohibits a taxpayer from claiming the renewable energy technologies income tax credit for a renewable energy system installed for, a power purchase agreement with any government agency. This bill also increases the credit for systems installed on various types of properties and authorizes the issuance of general obligation bonds for renewable energy systems for state facilities.

"While I support renewable energy, I am concerned that S.B. 2288 contains language that prevents competition amongst contractors. The testimony provided by Aaron S. Fujioka, Administrator of the State Procurement Office, explains that open and fair evaluation processes are necessary to find the most appropriate and qualified vendor. This bill restricts the entity, in this case taxpayers, from the right to compete for government contracts, which violates equality under the law. Furthermore, prohibiting taxpayers from claiming tax state credits for installing a renewable energy system or power purchase agreement does not help the quality of living for taxpaying residents because it prevents them from benefitting from lower warranty costs as a result of entering power purchase agreements, to which they are exempted in this bill. Power purchase agreements provide stable utility costs that do not fluctuate as often, which is in the benefit to our State of Hawaii residents as the cost of living in Hawaii is so high.

"Thank you."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Yes, the same reservations as before with a couple of comments. The reason I had serious reservations about this bill, is, as I mentioned in previous times, we are trying to be creative in Ewa Beach, where we're trying to have private-public partnerships with some of our public schools. We really believe that we're saving the taxpayers money by being creative and combining these partnerships together for our students. And we really believe that this actually could help other State projects. So, by eliminating some of these possibilities with these tax credits, we truly believe that we're eliminating possibilities to save the State money in the future."

Representative Giugni rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2288, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," passed Second Reading and was referred to the Committee on Finance, with Representatives Ching, Thielen, Ward and Wooley voting no, and with Representative Herkes being excused.

Representative Coffman, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1287-12) recommending that S.B. No. 2438, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2438, SD 1, HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Sorry, Mr. Speaker, but here goes another one. Mr. Speaker, I'm rising to vote against this bill, and I'd like to explain why. Thank you. Mr. Speaker, the US Department of the Navy is holding a two-day symposium, next week, about marine energy. They're bringing out experts in the field. They're holding the first event at Marine Corps Base Hawaii in Kaneohe, and that's for the purpose of inviting international wave energy companies to come to Hawaii. They have people coming from all over the world.

"One of those companies had a device for a period of about 7 years off Marine Corps Base Hawaii actually feeding power into the grid. They're going to be back again with their newer device which will be much more powerful. The difficulty with this bill, and it does go on to CPC, so there'll be another shot at it. But the difficulty with this bill is, it says that the Public Utilities Commission can only approve technology that is above Level 6, and let me read to you what Level 6 is. Technology Readiness Level 6 means engineering scale models have been tested in an environment that closely resembles the actual operating environment. The PUC won't be able to approve those. That's exactly the environment that the military is constructing.

"The wave hub off of Kaneohe, that the United States Department of the Navy is bringing people from around the world for that, to be out there. They've invited the international companies and local companies. And there are local companies, to come for the purpose of testing their devices in this marine area. They also have the ability to feed the power into the grid and those tests aren't just conducted within one month, one year, two years. Those tests can be ongoing, as they refine the systems, feeding power into the grid. They can be, as I mentioned, with OPT, up to a seven-year test period.

"What does this do for Hawaii? It provides the local jobs. These aren't bought off the shelf, retail from another nation. These are developed right here in Hawaii with the local jobs provided for our community, and they're very good paying jobs, Mr. Speaker. The ones our young people who graduate from college would love to have.

"So, my concern with this bill is, by limiting this section 6, Level Readiness, Level 6 by saying, 'PUC, you can't approve that to go into the grid.' We're acting in direct conflict to what is actually taking place and being encouraged today by our federal government that is putting money into this process, and money into the wave hub.

"The next Committee can look at it and modify that language, but it would be pretty darn foolish for the Legislature to pass a bill that says, 'PUC can't approve what you, Department of the Navy have funded and put into place and brought in the players from around the world to provide the jobs for our economy.'

"So I think the bill needs to be looked at with this new knowledge. And I do need to say that the Chair didn't have this knowledge before. This is a recently put together symposium. With this knowledge we need to amend

this bill to make sure we're not cutting off this financial and renewable energy opportunity for Hawaii. Thank you."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Also in opposition and asking that the words of the Representative of Kailua be entered as my own. Thank you, Mr. Speaker. And to note that in the Committee Report it says it adopted and amended. On number 4 amendment it says, 'Requiring that all proposed renewable energy projects of the PUC be of technology Readiness 7 or higher.' 7 or higher. And so I just ask that the words of the Representative of Kailua, and additional remarks should be warranted."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in opposition of S.B. 2438– Relating to the Public Utilities Commission. This bill sets forth technology readiness levels based on upon the U.S. Department of Energy's assessment guide. It requires the Director of the Hawaii Natural Energy Institute to provide the Public Utilities Commission with an analysis of the technology readiness of a renewable energy project, upon the request of the Public Utilities Commission. This bill also requires the Public Utilities Commission to only consider projects with a technology readiness level of above 6.

"While I support renewable energy, I am concerned that S.B. 2438 contains problematic and unclear language. As explained in the testimony provided by Jeffrey T. Ono, Executive Directors of the Division of Consumer Advocacy, Department of Commerce and Consumer Affairs, the imposition of an economic impact analysis that this bill proposes delays procedural schedules of projects. Furthermore, the language of the bill is unclear if the economic impact analysis is to be proportionate to the scale of the projects, thereby causing confusion with the application criteria. The language of S.B. 2438 does not provide standards that allow each agency submitting an economic impact analysis to weigh equally quantifiable results.

"Thank you."

Representative Coffman rose to speak in support of the measure, stating:

"Yes, Mr. Speaker, in strong support. Just some brief comments. The Committee on Energy & Environmental Protection, the reason and the genesis of this bill is to provide the PUC authority. The bill includes Levels 1 through 9 from the Department of Energy outlining Technology Readiness of Products.

"The PUC has been presented products that weren't even technology ready for commercial utilization. So this bill was to provide them language so they don't have to look at things that aren't really ready for production. This bill does exempt, for three years, pilot projects. So the concerns mentioned before, really are exempted. Thank you, Mr. Speaker."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. I understand what the Chair wanted to do, is to not have the PUC waste its time on projects that are kind of a dream today, but maybe you need to go through much more vetting until they become much more viable. But let me just read from the Consumer Advocates testimony. If the Senate bill, which it does, means that a renewable energy project or proposal must already be at Technology Readiness Level 6 when approval is being sought, it may mean that the PUC will have to reject projects that are at Technology Readiness Level 5, but are seeking approval for a pilot project that will demonstrate and establish itself as being at Level 6. If the State of Hawaii is to be an international leader in renewable energy technology, then the PUC needs to have discretion in approving pilot or prototype projects that may not yet be at Level 6. And the bill is even worse, because it says at Level 6, you can't approve it.

"So this is from the Consumer Advocate saying, if we want to be a leader, don't do something like this, as the bill is presently worded. It can be modified to take into account the opportunity that we're going to have at

Marine Corps Base Hawaii, with federal money, into this economy. But that may not be possible if this bill goes through in its present form, and that, to me, would be foolish. Thank you."

Representative Coffman rose to respond, stating:

"Thank you, Mr. Speaker. Just a brief rebuttal. The exemption for pilot projects and demonstration was placed in the bill after that testimony was submitted. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2438, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC UTILITIES COMMISSION," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representatives Ching and Thielen voting no, and with Representative Herkes being excused.

Representative Coffman, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1288-12) recommending that S.B. No. 2746, SD 1, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2746, SD 1, HD 2, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. May I have a ruling on a potential conflict? I am an owner of an electric vehicle," and the Chair ruled, "no conflict."

Representative Takai continued and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise with reservations on Standing Committee Report 1288-12, Senate Bill 2746, Senate Draft 1, House Draft 2. The purpose of this measure is to continue to incentivize the use of electric vehicles. Additionally, the purpose of this measure is to enable the public to more readily access existing laws pertaining to electric vehicles by codifying elements of Act 290, Session Laws of Hawaii 1997, into the Hawaii Revised Statutes.

"I do support the idea of codifying elements of Act 290 into the Hawaii Revised Statutes which will provide the public with better access of existing laws pertaining to electric vehicles. The language in the bill, however, is not the right tool for incentivizing the use of electric vehicles. A great majority of those who purchase electric vehicles do not do so because of parking fee exemptions. There do not seem to be any reports from State or federal agencies indicating that owners of electric vehicles purchase to benefit from free parking. Owners of electric vehicles purchase because they want to preserve the environment and are conscious of their gasoline use.

"Additionally, this bill is premature. According to the State of Hawaii Department of Business, Economic Development & Tourism there are roughly only 700 electric vehicles on the island. Such a limited amount of electric vehicles in the state will not truly benefit from parking fee exemptions.

"For these reasons, I stand with reservations on this measure. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2746, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTRIC VEHICLES," was

referred to the Committee on Finance, with Representative Herkes being excused.

Representative Coffman, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1289-12) recommending that S.B. No. 2630, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2630, HD 1, entitled: "A BILL FOR AN ACT RELATING TO NOISE," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representative Herkes being excused.

Representatives Coffman and McKelvey, for the Committee on Energy & Environmental Protection and the Committee on Economic Revitalization & Business presented a report (Stand. Com. Rep. No. 1290-12) recommending that S.B. No. 2402, SD 1, as amended in HD 1, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committees was adopted and S.B. No. 2402, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LIGHT POLLUTION," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Cabanilla, for the Committee on Housing presented a report (Stand. Com. Rep. No. 1291-12) recommending that S.B. No. 2465, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2465, SD 1, HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative Evans.

Representative Ching rose to disclose a potential conflict of interest, stating:

"Just a ruling on a potential conflict. I serve on a couple of association boards," and the Chair ruled, "no conflict."

Representative Cullen rose to disclose a potential conflict of interest, stating:

"Same ruling. Thank you," and the Chair ruled, "no conflict."

Representative Takai rose to disclose a potential conflict of interest, stating:

"I didn't think we had to do this, but I also serve on a board," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2465, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONDOMINIUMS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representative Herkes being excused.

Representative Cabanilla, for the Committee on Housing presented a report (Stand. Com. Rep. No. 1292-12) recommending that S.B. No. 2650, SD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2650, SD 1, entitled: "A BILL FOR AN ACT RELATING TO PROMOTION OF CONTROLLED SUBSTANCES," passed Second Reading and was referred to the Committee on Judiciary, with Representative Herkes being excused.

Representative Cabanilla, for the Committee on Housing presented a report (Stand. Com. Rep. No. 1293-12) recommending that S.B. No. 2805,

as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2805, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC HOUSING," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Cabanilla, for the Committee on Housing presented a report (Stand. Com. Rep. No. 1294-12) recommending that S.B. No. 2256, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2256, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONDOMINIUMS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representative Herkes being excused.

Representatives Cabanilla and Hanohano, for the Committee on Housing and the Committee on Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1295-12) recommending that S.B. No. 3025, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Chong moved that the report of the Committees be adopted, and that S.B. No. 3025, SD 2, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Jordan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Belatti rose to speak in opposition to the measure, stating:

"In opposition, Mr. Speaker. Just a few brief remarks. I would like to just point out to colleagues that this measure would impose upon matters of home rule and potentially negatively impact counties' affordable housing requirements as it applies to providing affordable housing for all the population.

"While I think it's important and noteworthy and worth our attention to make sure that DHHL is able to build up its inventory of affordable housing, I think it's important that we build it up for all of our population. But I also note, Mr. Speaker, that if you look at who testified in opposition, uniformly across the board, all counties oppose this measure, or representatives of those counties oppose this measure. Thank you, Mr. Speaker."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 3025, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING CREDITS," passed Second Reading and was referred to the Committee on Finance, with Representative Belatti voting no, and with Representative Herkes being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1296-12) recommending that S.B. No. 2434, SD 1, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2434, SD 1, HD 2, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes. Thank you very much, Mr. Speaker. I wish to speak with some reservations. This bill, I think is one of the more important bills in the President's health plan. It basically has to do with those who can't, who don't have sufficient insurance or sufficient funds to provide for their care. What I'm concerned about in the measure here is it seems to be insurance loaded. It's that the major decision is going to be made, it seems, by insurance companies.

"There's no mention of where the money is going to come in for the gap group, those who may need possibly a major operation, a major procedure that their plan does not cover. The other major problem of course that I have is that, you have a nonprofit board that's connected to a government board, and that could provide some difficulties where they don't follow the same rules.

"I think that the Finance Committee, in concert with the Health Department, the Chair and CPC Chair should look at this a little more closely and hopefully make the needed improvements. Again, this is probably one of the more important measures that came out of the health plan, and to tell you the truth I'm not very happy that the plan that came out is insurance oriented. So to the Chairmen, please do your best. Thank you."

At 1:20 o'clock p.m., Representative Yamane requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:21 o'clock p.m.

Representative Souki rose, stating:

"Yes, Mr. Speaker. If I can make a clarification. The Chairman of Health has advised me that the insurance groups will be advisory. However, the money that will be coming out for their care will still be based on insurance. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2434, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII HEALTH INSURANCE EXCHANGE," was referred to the Committee on Finance, with Representative Herkes being excused.

LATE INTRODUCTIONS

The following late introduction was made to the Members of the House:

Representative Keith-Agaran introduced students visiting from Purcell Marian High School in Cincinnati, Ohio.

REPORTS OF STANDING COMMITTEES

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1297-12) recommending that S.B. No. 2769, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2769, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1298-12) recommending that S.B. No. 2825, SD 1, HD 1, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2825, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE

HAWAII IMMUNIZATION REGISTRY," was referred to the Committee on Finance, with Representative Herkes being excused.

Representatives Herkes and Keith-Agaran, for the Committee on Consumer Protection & Commerce and the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1299-12) recommending that S.B. No. 2424, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committees be adopted, and that S.B. No. 2424, SD 2, HD 2, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2424, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PROFESSIONAL EMPLOYER ORGANIZATIONS," was referred to the Committee on Finance, with Representative Herkes being excused.

Representatives Herkes and Keith-Agaran, for the Committee on Consumer Protection & Commerce and the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1300-12) recommending that S.B. No. 2433, SD 2, HD 1, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committees was adopted and S.B. No. 2433, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CHALLENGE COURSE TECHNOLOGY," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1301-12) recommending that S.B. No. 2394, SD 1, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2394, SD 1, HD 2, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm voting no on the bill, but only because of Part 2, Mr. Speaker. Part 1 is very good and it protects our military, but Part 2 really creates a quasi State Bank, and it's of great concern to me. If you look at page 5 of the bill, it creates a Mortgage Loan Purchase Program to help those homeowners who are facing foreclosure. And the corporation, which is the State, extends the full faith and credit of the State to guarantee payment on the loans.

"There's also a provision where the corporation issues revenue bonds for the purpose of the Act, or of the law. It concerns me, Mr. Speaker, that it's maybe an attempt to help people save their homes, but it also then puts the State in a position of putting together revenue bonds that are backed by defaulted mortgages. It isn't, I think, a very financially sound way to proceed. Thank you.

"I'm sorry, Mr. Speaker. The main thing is, it imposes fees and basically punishments on our local banks, which were not the banks that were causing the problems. And they're the ones who are really going to be penalized under this. And then when they're in competition with mainland banks, we're at a disadvantage. So we're taking a real hit on the local financial institutions when they've been the good guys. Thank you."

Representative Fontaine rose to speak in support of the measure with reservations, stating:

"Reservations, Mr. Speaker, for the same concerns as the previous speaker."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker I'd like to thank the Chair of Finance, who at 6 a.m. this morning had us talking to the Bank of North Dakota. A very good discussion. A very enlightening discussion and one that some of us concluded, we got to study before we move anywhere near establishing a bank. I think the same applies for this state bank for the mortgages. I didn't know that this bill had actually morphed into that, but it looks as though this is the fourth attempt to get a state bank around."

"I think until really we get all the stakeholders, because Budget & Finance is against this. DCCA is against it. The Bankers Association is against it. And quite frankly, the Bankers Association of North Dakota said, 'If we were going to have this come out now, we would be against it.' So there's a lot of discussion and stakeholder massaging that needs to be done here, Mr. Speaker."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you. A no vote, with the words of the Minority Leader and the Representative of Kailua entered as my own. I have similar concerns and just wanted to point out that once again, that punishing the local bank is ironic when one of our banks have been, not just once, but numerous times, considered the best bank. Judged by the nation to be the best bank. Thank you."

Representative Marumoto rose in support of the measure with reservations and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise in support with reservations on SB 2394, relating to mortgage loan programs and predatory lending. I am in support of the mechanisms within this bill that protect our US Service Members and their families from predatory lending. However, I am concerned about other language in this measure that would create a special fund to allow for the purchase of distressed residential properties by the State. I have concerns that our State is not in a fiscal position to get involved with mortgage foreclosures in this manner. For those reasons, I am voting with reservations on the measure before us."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Yamane rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm standing in support. Mr. Speaker, and Members, in this bill before you, Part 2 specifically which is being addressed at the current time, is to establish a Distressed Residential Properties Program. Mr. Speaker, there is no reference or intention regarding a State Bank."

"Members, during the last two years, we as a Body, through the passing of Act 48, as well as with the recent foreclosure settlement, have been

trying to address foreclosures to our local people, Mr. Speaker. Local individuals who are struggling to make payments. Mr. Speaker, in the Associated Press, dated March 14, 2012, RealtyTrac projects foreclosures to rise about 25%, so Mr. Speaker, this is an issue that we're going to have to address this year."

"In light of past discussions, those in opposition to the issue of a State Bank, the Vice Chair received the bill and found it quite interesting. This is an innovative program, a program, now Mr. Speaker, to try to address and give the local individuals, those who have remained in their residence for 200 days, once they make an agreement, once they determined that this would be an appropriate situation, would then have to remain in that home for 5 years, or 60 months."

"There has been reference to the issue about the attacking of the local bank. Mr. Speaker, when I talked with those who drafted the measure, the intent was never to attack the local bank. The intent was to find various ways to help seed this Fund so that way we could assist families in an agreement to get these potentially difficult foreclosure mortgages and assist them in making sure that local people could stay within their homes."

"Mr. Speaker, the bill you have before you, has that language deleted. So the language before you does not have any fees to any financial institutions. There has been an ongoing need for discussion regarding fees associated with mortgagees and refinancing of mortgages, which would be the appropriate place for discussion in the House Finance Committee. But Mr. Speaker, and Members of this Committee, we are trying to develop a Mortgage Loan Purchasing Program using the resources of the State and the Attorney General to help our struggling locals get out of their current financial situation."

"Members, not everybody will qualify. And once they do qualify, Mr. Speaker, there has to be an agreement for not only a Power of Attorney, but those individuals will sign over the property to the State. If they are unable to make their own payments, that property would become the property of the State, as well as any assets or appreciation associated with it. So Mr. Speaker, this is an innovative idea that merits more discussion on behalf of the people of Hawaii. Thank you, Mr. Speaker."

Representative Ward rose to respond, stating:

"Yes, Mr. Speaker. I just wanted to rebut, even though I want to agree with the first statement, that it's an innovative idea that needs more discussion. That's precisely the case. But this bill says, establishes the program. There are 7,000 give or take a few hundred, underwater mortgages, toxic mortgages. 7,000. The average price of a house in Hawaii is, what? About 500-some thousand. So we're talking about millions of dollars potentially here, of which it says it's going to come out of the treasury of the State of Hawaii, or by private contributions, repayment of loans and interests."

"The point is, this is half baked. It's not, with what we have in terms of money availability, in terms of risks to do this. Who in this Body is qualified to do that? We don't have the capacity to, Mr. Speaker. So I think it's premature. Let's go back to study it. Let's keep the dialogue open, but let's not establish it."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. I just wanted to read the testimony from a brief part of the testimony of the Commissioner of Financial Institutions and I quote, 'While the special mortgage recording fees set forth in section 4 of the proposed House Draft 2 applies across the board on each residential mortgage recorded in this State, the assessment of \$100 per residential mortgage set forth in section 9 of the proposed House Draft 2 effects only ...'"

Representative Yamane rose, stating:

"Point of clarification. Is the language that she's referring to, in the current bill before us? In reference to the testimony, the language that she's reading. Is that language in the current bill before us?"

At 1:32 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:35 o'clock p.m., with Vice Speaker Manahan presiding.

Representative Thielen rose to respond, stating:

"Mr. Speaker, I see that we did delete the \$100 assessment in this final draft that we have. I would just encourage the Members to keep that out. The Commissioner of Financial Institutions was concerned at focusing on our local banks when it was the mainland banks that caused the problem. And she didn't want to create a disincentive for our State chartered institutions to be at a competitive disadvantage.

"She was saying that it would create a clear disincentive for them to obtain or maintain a State charter. So, instead of focusing on the out-of-state banks that caused the problems. So while this is a work in progress, I hope it doesn't progress itself back into putting that onus on our local banks. Thank you."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker. Yes, I was very happy to see the assessment of \$100 taken out of the bill. But I'm glad that was a good idea, because the penalty for not paying that one-time \$100 fee was \$250 a day, which didn't quite make sense to me.

"I believe that this bill is premature. We should wait to see what happens with the federal bailout program that the Attorney General announced, which will provide \$70 million to help local owners who are in trouble with their mortgages. Once this program goes into effect, then we can see how much of a problem we have left.

"I'm trying to remain open minded on this. I'm very happy to see the Finance Chairman has provided us with an opportunity to hear mainland experts with these 6:00 a.m. conference calls. But on the other hand, I think this is not a really good idea, and I'm trying to keep an open mind. Thank you, very much."

Representative Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. First of all, I'd like to thank the members of the Finance Committee who did show up this morning at 6:00 a.m. to learn what other people have done, and actually consult with some professional bankers. I think it's always good to go back to those who as a matter profession and employment, run these banks. I think it's a good start.

"I have a couple of points I wanted to make, Mr. Speaker. Number one, the settlement of \$26 billion with the five big banks, the national banks, will probably not be understood until it's finally rolled out over 2 or 3 years. That's one point.

"Secondly, I think it's important to know that at the hearing the other day, I had the pleasure of sitting in at the hearing, and the Division of Financial Institution's Chief there did emphasize and remind all of us there that as of yesterday, there has been no settlement. There has been approval of the terms and conditions of the settlement, and no order has been issued by the federal court, sanctioning or even directing any of the settlement terms and conditions that have been described over the last 3 or 4 weeks. So at this point in time, as a matter of law, there is no restraint on anything we might do as a state legislature.

"Another point that came up yesterday, Mr. Speaker, was that, currently six to seven thousand loans are outstanding that may be in trouble under the current crisis. Of that, only about 40% may be, may be covered under the settlement with the 'Big Five Banks.' So I think we need to keep in mind that over 60% of the Hawaii homeowners right now who are facing foreclosures, who may have been ripped off, or may have been cheated, or may have been misled, they still might be in trouble. Thank you."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. In all due faith to the Finance Chairman, I need to vote with reservations on Part 2. I just want to make mention that I know that the Finance Chair comes from the Legal Aid environment and I come from the Economic Opportunity environment. I think we both share the same view. We love to help people where we can.

"But when you put the good faith of the State's resources at hand, I think we need to be very careful as we move along with this measure. I ask the Finance Committee and the Chair to re-look into that matter. Thank you, very much."

Representative Ching rose in opposition to the measure and asked that her written remarks, and the remarks of Representative Souki be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations of S.B. 2394-Relating to Consumer Protection. This bill authorizes the Director of Commerce and Consumer Affairs to enforce certain federal laws to protect military members and their families from abusive lending practices. It also establishes a Distressed Residential Properties Program.

"While I generally support any measure that protects the men and women of our military, I have concerns with this bill. First, it is my belief that the passing of this measure will have a damaging effect on Hawaii's bond rating. To echo the Hawai'i Association of Realtors, "Specifically the provision that the Hawai'i Housing Finance and Development Corporation (HHFDC) issue \$25 million in revenue bonds, which is exempt from the debt ceiling and taxes, may impact Hawaii's bond rating and needs to be carefully considered."

"Furthermore, there seems to be ample avenues to address abusive lending practices through loan modifications and refinancing. After the housing collapse that spurned our current economy, we have a better understanding as to how to avoid this destruction moving forward.

"Additionally, the "Distressed Residential Properties Program" incorporated in this bill basically bails out lenders who offered no down payment "liar loans" and effectively creates a State portfolio of distressed mortgages and toxic properties. This bill, as stated earlier by the HHFDC authorizes an issuance of \$25 million in revenue bonds to these toxic properties. Practices like these are exactly why we had a mortgage crisis in the first place. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2394, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CONSUMER PROTECTION," was referred to the Committee on Finance, with Representatives Ching, Thielen and Ward voting no, and with Representative Herkes being excused.

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 1302-12) recommending that S.B. No. 580, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 580, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AQUATIC LIFE," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 1303-12) recommending that S.B. No. 2678, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2678,

SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HONOULIULI," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 1304-12) recommending that S.B. No. 2918, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2918, SD 2, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Jordan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2918, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COMMUNITY DEVELOPMENT," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representatives Chang and Coffman, for the Committee on Water, Land, & Ocean Resources and the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1305-12) recommending that S.B. No. 2335, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committees was adopted and S.B. No. 2335, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL MANAGEMENT AREAS," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representatives Chang and Coffman, for the Committee on Water, Land, & Ocean Resources and the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1306-12) recommending that S.B. No. 2782, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committees was adopted and S.B. No. 2782, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL PROTECTION," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representatives Chang and Coffman, for the Committee on Water, Land, & Ocean Resources and the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1307-12) recommending that S.B. No. 755, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committees be adopted, and that S.B. No. 755, SD 2, HD 2, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in strong opposition to Standing Committee Report No. 1307, Senate Bill No. 755, House Draft 2. Thank you, Mr. Speaker. We are at a crossroads with two different paths. One path, the path the Majority in this House would travel down with Senate Bill 755 House Draft 2, results in unchecked development, chasing down the shortsighted goals with serious long-term community impacts that

severely limits, no, practically eliminates, the public vetting of these projects.

"The second path is one that would oppose passage of this measure. This path is one that honors our constitutional obligation embodied in Article XI, Sections 1 and 9 of our State Constitution, and decades of environmental protections that have been hard fought for by thousands and thousands of citizens in our very own Democratic Party.

"Mr. Speaker, this bill is being advanced for jobs, but I would argue, that if you look at our industry, we are coming to a recovery. UHERO's March 16, 2012 construction forecast reports that even though, 'construction has yet to turn the corner in Hawaii, a pick up is now more clearly in sight. Single family home construction may languish, but new high rise condos, retail and resort-related development will boost non-residential building.' The UHERO report goes on to say that there has been a flurry of announcements of new high rise condos in Kakaako. We're also seeing increased movement in shopping center development and resort-related projects. The total value of real non-residential permits will jump more than 40% this year, to more than \$1.6 billion and will sustain a similar level of activity, through mid-decade. This is roughly in line with the level of permitting in 2005-2006 and represents a significant increase over last year's forecast.

"With respect to public sector jobs, which is what is addressed by this bill, UHERO goes on to report, 'Excluding rail, the value of real government contracts awarded will more than double in 2012 from last year's paltry \$431 million. Spending above \$900 million is anticipated in four of the next five years.' Mr. Speaker, we're coming out of our economic downturn. Construction is slowly picking up, albeit maybe not as fast as some of us would want it, but not so slow that we should do damage to our environmental protections.

"Mr. Speaker, I use the example of my own community. While during this downturn, I have seen one hospital break ground and complete in this time period, a major building project. A second hospital has also broken ground and is building much needed facilities along a busy roadway. I saw a new super Safeway go up, as well as a commercial building dedicated to health services. Another affordable rental housing condo is going up. Catholic Charities moved into my neighborhood and refurbished and renovated affordable housing, as well as their main campus. Stevenson Middle School is getting ready to break ground. All of these projects have gone up without these needed exemptions that people are crying willy-nilly for now.

"Mr. Speaker, the other problem I have with this bill is that it systematically, excludes the public from participating. In our democratic system of government, yes, voting is part of democracy, but so is being involved in the rule making process. So is being able to challenge our leaders. This bill again systematically excludes hard fought rights to challenge environmental decisions, by a very small exclusive group. Mr. Speaker, I choose the second path and I hope others will too. Thank you."

Representative Hanohano rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Riviere rose to speak in opposition to the measure, stating:

"In opposition. Thank you. This has been some session, but I'll go straight to the point. I have been wondering what are all these environmental problems at the Maui Airport. What are all these environmental issues? So I looked into this and why we need to waive environmental rules and such. I find out that since 2007, there have been five major SMA permits issued for Kahului Airport, one of those in 2007 was for a security perimeter fence and it's been completed. Four others were approved in 2008 and 2009. Those are projects worth \$34 million and they've not been completed.

"So the SMA, the environmental studies, three years already approved. So to hear the proponents of these bills say, 'Gosh if we could just get the environment out of the way, we could really move some concrete.' I just

disagree. That's a scapegoat situation. And I just want to, for the Members, I want to clarify what is an SMA permit and what is the benefit of that.

"One of them is for this fuel facility at the Kahului Airport. It applied for the SMA permit in September 2008, and received Commission approval in June of 2009. So it took 9 months. What did it reveal and what did it find out? Okay, they have an environmental assessment exemption and during this permitting project, the project is valued at \$14 million, but it's funded by a consortium of airlines. But what does the estimate reveal? It revealed that they're going to require 18 feet of fill to elevate the fuel tanks above the tsunami inundation zone. It will have an oil and water separator on site. It will have security fencing and security oversight. And there will be burms and catchments for rainwater runoff so it does not enter nearby storm water culverts that lead to the ocean.

"This membership has been going hell bent to waive these kinds of reviews and oversights. It's dangerous policy indeed. This is a terrible bill. The whole idea to blanket exempt things is terrible. There is a process for exemptions. There's a process for review. Please Members, don't pass these bills. Opposition. Thank you."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, in strong opposition to the measure. Mr. Speaker, I would like to have the North Shore Representative's comments inserted into the Journal as if they were my own. And Mr. Speaker, I received a very compelling email from a person that I don't believe is in my District, but was taking a look at what was going on with Senate Bill 755. He commented that, 'The House took a bill, Senate Bill 755, which was about a general excise tax exemption for retail sales, and changed to be about gambling. Gutted all that. And then proposed replacement language with the greatest hit of bad governance and misguided attitudes about the role of environmental protections in the economy. The bill is an egregious abrogation of the House's duties. First, where's the evidence that these exemptions will expedite projects. We haven't seen any.'

"And he goes on with, 'Second, are these exemptions really temporary? Probably not.' Mr. Speaker, it was a bad process that was followed or not followed. And I think that the title is very defective. I don't think that you can say, when you're gutting environmental protections, that it's Relating to Economic Development. Those two things don't go hand in hand. Thank you."

Representative Ching rose in opposition to the measure and asked that the remarks of Representatives Riviere and Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Wooley rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Luke rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Carroll rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative M. Lee rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise with reservations. SB 755 SD2, HD2 authorizes temporary or permanent exemptions for some government projects from environmental requirements, including the special management area permit and shoreline setback variance requirements, permit and site plan

approval requirements, and environmental assessment requirements. This bill will erode protections of Hawaii's environmental and cultural resources by creating a myriad of special management area and environmental review exemptions in the name of expediting projects with any level of State or county funding. Permitting requirements and regulatory restrictions are in place for a reason. We need to be careful not to allow them to be eroded in a rush to promote economic development."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. I just like the previous version better. Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Reservations with just a couple of comments. My dad was a former hippy during the 70s, and I remember asking why he moved from California to Hawaii, and he married a local girl. And he said there's one thing so special about Hawaii that actually brings wealth to it, and that's the environment. I remember he would take my brother and I, and we would be driving along the street and he'd stop. And we knew what that meant. We all had to get out of the car and pick up trash. So he taught us how we need to always stop everything, no matter what we're doing in life, to make sure that we make Hawaii beautiful always, because it's what makes us so special.

"And so my reservations are, that I just feel like we're moving so fast this Session, and so fast in our urgency and with a good intention to provide jobs to our people. But as I've mentioned before, and I think other previous speakers have mentioned, is the risk going to be too much for the gain that we're trying to make? So I hope that we continue to pass bills to create jobs, but let's not be so hasty to change the laws that so many people have worked so hard for. Let's find a way to do both."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise in support with reservations on SB 755, relating to exemptions for state construction projects designed to spur economic development. While I am supportive of positive, long-term development that takes into consideration the needs and preferences of its surrounding communities and the health of our environment, I have concerns about the potential for this measure to allow for blanket exemptions by State departments on certain special projects. I am also concerned that these exemptions may limit transparency and accountability by limiting public input on these projects.

"Our island's natural beauty and resources are not only inherent to the culture and heritage of this unique place, but they are also a pillar of our economy because so many visitors come to Hawaii specifically to enjoy our beaches, mountains and lush scenery. I believe our economic development is predicated on our ability to preserve and protect our natural resources. Balancing the needs of development and preserving the environment, I do not believe, are mutually exclusive and I think we have a responsibility to manage those two needs responsibly."

Representative Souki rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. I am strongly in favor of this measure. Our airport and our harbors are badly in need of expansion and repair. Over 97% of the goods we receive come through the air and through the water. And the

sooner we get on with these improvements and expansion that we have, the better it is for the people of the State of Hawaii. Thank you."

Representative Takumi rose to speak in support of the measure with reservations, stating:

"Thank you, very much, Mr. Speaker. Strong reservations. I actually prefer the original version of the bill, the tax holiday for school supplies.

"If the whole point of this bill is to help out, and I agree with the previous speaker, to fix our roads and harbors and all the rest of it, then it should go through the normal process of having that bill originally be introduced for that subject matter, and then go through the process. As it stands now, this bill has taken more positions than the Kama Sutra. Thank you."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Keith-Agaran rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Saiki rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 755, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ECONOMIC DEVELOPMENT," was referred to the Committee on Finance, with Representatives Belatti, Ching, Fontaine, Hanohano, C. Lee, Luke, Riviere, Saiki, Thielen and Wooley voting no, and with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1308-12) recommending that S.B. No. 3068, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 3068, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BAIL BONDS," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1309-12) recommending that S.B. No. 2576, SD 1, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2576, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PROSTITUTION," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1310-12) recommending that S.B. No. 682, SD 1, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 682, SD 1, HD 2, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Jordan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Luke rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Carroll rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Saiki rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Brower rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Marumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 682, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO KAKAAKO," was referred to the Committee on Finance, with Representatives Belatti, Brower, Hanohano, Har, C. Lee, Luke, Marumoto, McKelvey and Saiki voting no, and with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1311-12) recommending that S.B. No. 2876, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2876, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE COMMERCIAL HARBORS," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1312-12) recommending that S.B. No. 2492, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2492, SD 1, HD 1, pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Jordan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Johanson rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"I rise in support with reservations on SB 2492, relating to dog breeding. I do believe this Body has an obligation to create legislation to prevent cruelty to animals, however, I am concerned that this measure may miss its intended target by instituting broad and indiscriminate consequences to all dog owners and breeders instead of those who are committing gross acts of animal cruelty. There are some requirements outlined in this measure that may be unreasonable and impractical for those animal caregivers who in fact want to properly care for and breed animals. In so doing, these responsible breeders are doing a service for these animals by providing proper and attentive care, exercise and living quarters for these animals.

"I truly understand, particularly in the wake of some of the recent disturbing acts of animal cruelty and hoarding, that there is a movement toward action to prevent these incidents from occurring again. However, I am concerned that this measure may punish law-abiding citizens who simply want to raise and breed animals in a humane way without deterring the true criminals this measure is aimed at punishing."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand with reservations of S.B. 2492-Relating to Animal Cruelty. This bill requires specified persons who own, control, or have custody or control of ten or more covered dogs to ensure the proper treatment and care of dogs and the dogs' offspring. It also prohibits any person from owning or having custody of more than thirty dogs. S.B. 2492 requires specified persons to maintain specific records for each dog for at least three years following the death of the covered dog or a date on which the person permanently ceased to have possession or control of the dog while prohibiting certain types of dogs in the same enclosure. This bill also establishes penalties.

"This bill is laudable as it is aimed at addressing the atrocious treatment of dogs discovered in the Waimanalo, but it could very well harm the majority of courteous, loving, and protective dog owners. This bill would effectively make it extremely difficult for responsible breeders and kennel club's to continue to properly care for their canines. This would limit the options for the people for Hawaii to own a local, responsibly bred dog in the future.

"Additionally, responsible canine experts were not consulted in the drafting of this legislation. Their input is necessary if animal cruelty laws are to be strengthened.

"Ultimately, I am concerned that the passing of S.B. 2492 will have an overall negative effect on the well being of our four legged companions. This measure would enforce the reduction of caring and responsible dog breeders and care takers in lieu of irresponsible, obscure breeders that work in the shadows of society. Thank you."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Luke rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in opposition on Standing Committee Report 1312-12, Senate Bill 2492, Senate Draft 1, House Draft 1.

"Since the horrifying Waimanalo puppy mill case of last year, there have been several Senate and House bills introduced this Session attempting to address animal cruelty and irresponsible breeding. Senate Bill 2492, Senate Draft 1, House Draft 1 does not address these issues, but instead unfairly places the burden on responsible and caring dog owners. Many of the provisions in this measure are unnecessary and overreaching, and therefore detrimental to responsible dog owners. This measure would negatively impact responsible dog owners and breeders, and therefore limit the number of safe and reliable options for Hawaii residents to purchase a dog. Responsible breeders discouraged by this measure would only incentivize large scale commercial breeders to continue their operations, thus defeating the purpose of the bill.

"Numerous members of the public, many who are dog owners and dog fanciers and even my constituents, testified before the Senate Committee on Judiciary and Labor and the House Committee on Judiciary in strong opposition to this bill. If this measure passed, these lawful citizens and responsible dog owners would be subject to problematic and vague breeding restrictions that incorrectly single them out.

"During this Legislative Session I introduced House Bill 2161. This bill emanates from laws passed in 18 other states and promotes healthy breeding practices and dog purchaser protection. Though HB 2161 has been deferred, I still believe it is the type of legislation that will be most successful in ensuring animal welfare as bills with similar language have become law in eighteen other states.

"While the intent of SB 2492, SD1, HD1 is to prevent negligent breeding practices and dissolve the creation of puppy mills, the bill is detrimental to responsible dog breeders and dog fanciers, the very people we rely on for purchasing our dogs.

"For these reasons, I stand in opposition on this measure. Thank you, Mr. Speaker."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Chang rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Thielen's written remarks are as follows:

"I will be voting with reservations on SB2492 SD1 HD1 which was introduced to prevent puppy mills and other acts of animal cruelty. All of us were shocked and saddened that the owners of the Waimanalo Puppy Mill were able to evade 153 animal abuse convictions as well as hundreds of thousands of dollars in civil judgments and fines. Unfortunately, even if SB2492 SD1 HD1 was law when the Waimanalo Puppy Mill was raided, officers of Bradley International would still be able to escape prosecution based on protection under their corporate structure.

"Although SB2492 has been amended many times, it is still confusing and contains standards of care which are unenforceable. The latest amendment, HD1, offers exemptions for "a person entered in and actively

participating in a sanctioned dog show" as well as "a boarding facility that only houses dogs temporarily and prohibits the breeding of dogs or selling of dogs". These exemptions were added in order to address concerns from responsible hobby breeders and fanciers. Unfortunately these latest amendments provide even more loopholes which could be easily exploited by irresponsible large scale dog breeders. The owner of the Waimanalo Puppy Mill would only have to prove that he had entered one dog show to be exempted. Boarding facilities are currently not licensed and it may be difficult to determine which dogs are boarders and which are permanently housed in a kennel, especially if that kennel takes long term boarders.

"Due to the continued restructuring of this bill, it is apparent that we do not have legislation which will meet the intended purpose of SB2492 SD1 HB1, which is to stop puppy mills and animal abuse. This bill appears to have become a "catch all" for many different concepts and is not ready to become law. In fact, SB2492 SD1 HD1 may have created additional loopholes for puppy mill owners. As legislators we are tasked with enacting laws which are effective as well as enforceable. I would like to encourage all stakeholders, including responsible dog breeders, rescue organizations, veterinarians, and the Attorney General to come together and draft legislation which would put an end to animal abuse and puppy mills without taking away private property rights or the ability of dog fanciers to continue hobby breeding."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2492, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ANIMAL CRUELTY," passed Second Reading and was referred to the Committee on Finance, with Representatives Chang and Har voting no, and with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1313-12) recommending that S.B. No. 2588, SD 1, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2588, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LIMITATION OF ACTIONS," was referred to the Committee on Finance, with Representative Herkes being excused.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2998, SD 1, entitled: "A BILL FOR AN ACT RELATING TO TAX PENALTIES," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1316-12) recommending that S.B. No. 2571, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2571, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO

DOMESTIC RELATIONS," passed Second Reading and was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1317-12) recommending that S.B. No. 2123, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2123, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HUMAN TRAFFICKING," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1318-12) recommending that S.B. No. 2386, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2386, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE NATIVE HAWAIIAN ROLL COMMISSION," was referred to the Committee on Finance, with Representative Herkes being excused.

Representative Souki, for the Committee on Transportation presented two reports:

(Stand. Com. Rep. No. 1319-12), recommending that H.R. No. 95, be referred to the Committee on Judiciary; and

(Stand. Com. Rep. No. 1320-12), recommending that H.C.R. No. 124, be referred to the Committee on Judiciary.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 95; and H.C.R. No. 124, be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative M. Lee rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of HR 95 and HCR 124, Relating to driving illegally with a revoked license.

"The purpose of these Resolutions is to conduct a study of vehicle immobilization as a sanction against operating a vehicle under the influence of an intoxicant offender. This is an important next step in determining the effectiveness of such a sanction. It is crucial to study the implications of this law because Hawaii recently approved Act 166, the most recent Ignition Interlock law. A vehicle immobilization sanction would require offenders to have a "boot" or "club" placed on their vehicle to prevent mobilization. Vehicle immobilization would strengthen the Interlock law by addressing non-compliant offenders using a fair and reasonable punishment. This sanction would deter and prevent the offender from driving when they are at risk to themselves and others on the road.

"Developing a plan to use vehicle immobilization is an important measure that could help make our roads significantly safer. By increasing the penalties for offenders, the proposed program, in conjunction, with the successful interlock law would serve a powerful deterrent for anyone tempted to drive without a valid license. Immobilizing a vehicle is a sanction that is relatively simple while avoiding the challenges and costs associated with impoundment or forfeiture. The Resolutions would authorize a working group to study, analyze and develop solutions to the problems and issues associated with immobilization. Questions and concerns regarding a statewide immobilization program will be a priority in the study. Ultimately, there should be fewer crashes caused by high risk and these Resolutions support an important step towards keeping our roads safe.

"I urge the Members' support."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 95, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF TRANSPORTATION TO CONDUCT A STUDY OF VEHICLE IMMOBILIZATION AS A SANCTION FOR OPERATING A MOTOR VEHICLE WITH A LICENSE REVOKED OR SUSPENDED FOR OPERATING A VEHICLE UNDER THE INFLUENCE OF AN INTOXICANT," was referred to the Committee on Judiciary, with Representative Herkes being excused; and

H.C.R. No. 124, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF TRANSPORTATION TO CONDUCT A STUDY OF VEHICLE IMMOBILIZATION AS A SANCTION FOR OPERATING A MOTOR VEHICLE WITH A LICENSE REVOKED OR SUSPENDED FOR OPERATING A VEHICLE UNDER THE INFLUENCE OF AN INTOXICANT," was referred to the Committee on Judiciary, with Representative Herkes being excused.

Representative Souki, for the Committee on Transportation presented a report (Stand. Com. Rep. No. 1321-12), recommending that H.C.R. No. 107, be referred to the Committee on Higher Education.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 107, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE CREATION OF AN EXPLORATORY COMMITTEE TO CONSIDER THE ESTABLISHMENT OF AN INTERNATIONAL AVIATION TRAINING CENTER AT THE HILO INTERNATIONAL AIRPORT AND AN ADVANCED AVIATION DEGREE TRAINING PROGRAM AT THE UNIVERSITY OF HAWAII AT HILO," was referred to the Committee on Higher Education, with Representative Herkes being excused.

Representative Coffman, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1322-12), recommending that H.C.R. No. 58, as amended in HD 1, be referred to the Committee on Consumer Protection & Commerce.

Representative Chong moved that the report of the Committee be adopted, and that H.C.R. No. 58, HD 1, be referred to the Committee on Consumer Protection & Commerce, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I am rising to vote against this measure, and I'd like to explain why. Mr. Speaker, one of the specific renewable energy scenarios in House Concurrent Resolution No. 58 is the undersea cable. I don't support something like that language unless it would specify that Lanai and Molokai would not be part of that undersea cable. That those islands wouldn't be burdened with being the energy source to serve the Island of Oahu.

"So, while I do support a cable running from Maui to Oahu, if it is done in an environmentally sensitive way, I don't support one that would point the gun at Lanai and Molokai. And unfortunately, this Resolution is way too general. Thank you."

Representative Carroll rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 58, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE PUBLIC

UTILITIES COMMISSION TO DIRECT ELECTRIC UTILITIES TO EXAMINE SPECIFIC RENEWABLE ENERGY SCENARIOS IN THE INTEGRATED RESOURCE PLANNING PROCESS," was referred to the Committee on Consumer Protection & Commerce, with Representative Thielen voting no, and with Representative Herkes being excused.

Representative Coffman, for the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1323-12), recommending that H.C.R. No. 98, as amended in HD 1, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 98, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE STATE OFFICE OF SOLID WASTE MANAGEMENT TO DEVELOP A PLAN OF INITIATIVES FOR IMPROVED REUSE AND RECYCLING OF GREEN WASTE BY WORKING WITH THE COUNTIES TO ADDRESS EACH COUNTY'S UNIQUE NEEDS ACCORDING TO THEIR GEOGRAPHY, POPULATION, AND UNIQUE INDUSTRY MAKE-UP," was referred to the Committee on Finance, with Representative Herkes being excused.

ANNOUNCEMENTS

Representative Riviere: "Thank you, Mr. Speaker. March 24th, tomorrow, Saturday, there will be a kickball match between House Republicans and House Democrats. Staff and Members. Anybody that's not already booked up your day for tomorrow, around 10:00 tomorrow, at Kaneohe District Park. I think Phase 2 to be specific. We'll be there. It's an all day tournament. It's a fundraiser for a non-profit organization, so we'll be supporting them. It should be fun. Come on out and see what happens. Mahalo."

Representative Tokioka: "I'd just like to remind everybody that today is the deadline if you want to order lemon crunch cake from Aiea Bowl to support the Kauai Independent Food Bank. And on behalf of the other two Representatives from Kauai, we'd like to ask you to support that. All of the proceeds will be going to the Kauai Independent Food Bank. Thank you very much, Mr. Speaker."

Representative Ching: "Thank you, Mr. Speaker. I tend to do this on an annual basis, and I have a couple of announcements. The first one would be, I would be remiss, as a former elementary school teacher, if we didn't mention why we have Monday off. Prince Kuhio Kalaniana'ole. He was, on behalf of perhaps my Kauai friends and colleagues, he was an incredible person. He was the one who started the Hawaiian Homes Commission Act in Congress.

"He did so much for the people of Hawaii. He was born not far from my District. He was born in Pauoa. He's a big part of our history, and I think it's important that we share with our young ones, what he did and who he was.

"But on another sadder announcement, Mr. Speaker, if I may ask for a moment of silence at this point for another fine person who has contributed so much to the State of Hawaii. Dr. Max Botticelli, passed away, and Dr. Botticelli was a leader in the tremendous advancement and the quality of health care in our State. It can be attributed to the training at our John A. Burns School, the Queen's Medical Center, Kuakini Medical Center, Hawaii Pacific Health Medical Center and Wahiawa Hospital. He has done so much for the people of Hawaii, and dedicated his life to his people. So at the appropriate time, I'd like to ask for a moment of silence for Dr. Max Botticelli and his family. Thank you."

Representative Belatti: "Mr. Speaker, I just join in that request. Dr. Botticelli was not only a constituent, but also a neighbor who lived in my building and always offered a kind smile to me and my family. So I join in that request."

At this time, the Members of the House of Representatives stood for a moment of silence in honor of the late Dr. Max G. Botticelli.

(Stand. Com. Rep. No. 1330-12), recommending that H.C.R. No. 13, be referred to the Committee on Finance.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 9; and H.C.R. No. 13, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Ching rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. Just in strong support. I think this is a great idea. A number of streets in my district are proposed to be widened and we question the wisdom of that. Our elderly population as it is, it takes them so long to traverse the wider streets. It's against the walkable, livable community."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 9, entitled: "HOUSE RESOLUTION REQUESTING THE CITY AND COUNTY OF HONOLULU TO REVIEW ITS POLICIES REGARDING STREET AND ROAD WIDENING, WITH REGARD TO THEIR IMPACT ON PEDESTRIAN SAFETY," was referred to the Committee on Finance, with Representatives Carroll, Kawakami, Manahan, McKelvey and Saiki being excused; and

No. 75, entitled: "HOUSE RESOLUTION EXPRESSING SUPPORT FOR THE DEPARTMENT OF AGRICULTURE'S EFFORTS TO STIMULATE THE STATE'S AGRICULTURE INDUSTRY, INCREASE AND DIVERSIFY AGRICULTURAL OUTPUT, AND PROMOTE FOOD SECURITY," was referred to the Committee on Finance, with Representatives Carroll, Kawakami, Manahan, McKelvey and Saiki being excused.

Representative Tsuji, for the Committee on Agriculture presented a report (Stand. Com. Rep. No. 1338-12), recommending that H.C.R. No. 103, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 103, entitled: "HOUSE CONCURRENT RESOLUTION EXPRESSING SUPPORT FOR THE DEPARTMENT OF AGRICULTURE'S EFFORTS TO STIMULATE THE STATE'S AGRICULTURE INDUSTRY, INCREASE AND DIVERSIFY AGRICULTURAL OUTPUT, AND PROMOTE FOOD SECURITY," was referred to the Committee on Finance, with Representatives Carroll, Kawakami, Manahan, McKelvey and Saiki being excused.

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Pine and carried, the rules were suspended for the purpose of considering a certain Senate Bill for Third Reading by consent calendar. (Representatives Carroll, Kawakami, Manahan, McKelvey and Saiki were excused.)

THIRD READING

S.B. No. 2503, SD 1, HD 1:

Representative Chong moved that S.B. No. 2503, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 2503, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ANIMAL CRUELTY," passed Third Reading by a vote of 46 ayes, with Representatives Carroll, Kawakami, Manahan, McKelvey and Saiki being excused.

At 12:43 o'clock p.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 2503, SD 1, HD 1

ANNOUNCEMENTS

Representative Choy: "Yes, Mr. Speaker. I have a birthday announcement to make. Today is Representative Mark Nakashima's office manager Lori Hasegawa's birthday. And I have to admit that for being 75, she looks pretty good. And just as a coincidence, it is also Representative Mark Nakashima's birthday today. And for being 25, he looks pretty haggard. Thank you, Mr. Speaker."

Representative Awana: "Thank you, Mr. Speaker. On a more somber note, I'd like to request a moment of silence at the appropriate time, to note the passing of King George Tupou of Tonga, also known as Siaosi Tāufa'āhau Manumataongo Tuku'aho Tupou V. He was a champion of his people by moving Tonga closer to democracy. And then shortly after he took the throne in 2006, the people of Tonga demanded greater participation in his destiny, so King George rose to the occasion and

relinquished most of his power to an elected government system after 165 years of a reigning monarchy.

"He was truly a leader with a heart for his people. He was laid to rest earlier today in his homeland where his services were held in Nuku'alofa, the capital of Tonga. At the appropriate time, I request that our thoughts go out to the Country of Tonga, the Royal family, and the Tongan people who reside in Tonga, as well as living outside of their homeland in this time of mourning. Thank you, Mr. Speaker."

Representative Fontaine: "Yes, Mr. Speaker. I would also like to request a moment of silence for the victims who passed this weekend on Maui. We had five young adults that were killed in a very tragic car accident in Kula, and at the appropriate time that we could pray for their families."

Representative Ching: "Thank you, Mr. Speaker. On the Fourth Floor, the American Diabetes Association will be having some activities there."

Representative Brower: "Thank you, Mr. Speaker. I just wanted to thank everyone who participated in our House kickball game over the weekend. All members had a great time and we want to thank the Legislator from Hanalei for bringing the food. Both he and I have very sore muscles."

"Mr. Speaker, it was Republicans against Democrats, and it went into an extra-inning game. I would just like to remind the GOP, that everyone was a winner that day. Participants from both teams after that game, went on to form The Bipartisans led by the Democrat from Waipahu and the Conscience of Waikiki. We won a game. And then we went from the dirt field to the grass field, where we lost a very exciting, well-played game to California Pizza Kitchen."

"So we would just like to thank everyone who participated, staff and Members. We'd like to thank the Majority Leader and the Representative from Waialua, Haleiwa for everyone's efforts to support these teams. Thank you."

Representative Ward: "Mr. Speaker, just in case there's any doubt in anyone's mind, we were all winners. The Democrat Majority and the Republican Minority. However, we had one score higher than theirs. Five to four. Thank you."

Representative Brower: "Mr. Speaker, in fairness. Democrats were more interested in throwing the ball at the Hawaii Kai Legislator than scoring runs."

Speaker Say: "The Chair has an announcement for all of you. If there are no further announcements, the Chair would like to remind everyone that tomorrow, we'll hold our Regular Session at noon, and then convene in Joint Session at 2:00 p.m. in this Chamber for the Hawaii Medal of Honor Ceremony."

"Before calling for the Adjournment, let's all stand for a moment of silence for King Tupou, and the five individuals who died on the Island of Maui, Upcountry Kula."

At this time, the Members of the House of Representatives stood for a moment of silence in honor of the late King George Tupou V of Tonga; and for the 5 people who died in a recent car accident in Kula, Maui.

COMMITTEE REASSIGNMENTS

The following measures were re-referred to committee by the Speaker:

H.R. No.

Re-referred to:

137 Committee on Health, then to the Committee on Legislative Management

ADJOURNMENT

At 12:43 o'clock p.m., on motion by Representative Evans, seconded by Representative Pine and carried, the House of Representatives adjourned until 12:00 o'clock noon tomorrow, Wednesday, March 28, 2012. (Representatives Carroll, Kawakami, Manahan, McKelvey and Saiki were excused.)

HOUSE COMMUNICATIONS

House Communication dated March 27, 2012, from CJ Leong, Chief Clerk of the House of Representatives, to the Honorable President and Members of the Senate, informing the Senate that the House has disagreed to the amendments made by the Senate to the following House Bill:

H.B. No. 1754, HD 1, SD 1

FORTIETH DAY

Wednesday, March 28, 2012

The House of Representatives of the Twenty-Sixth Legislature of the State of Hawaii, Regular Session of 2012, convened at 12:08 o'clock p.m., with Speaker Say presiding.

The invocation was delivered in song by former Representative Lynn Finnegan, Executive Director of the Hawaii Charter Schools Network, after which the Roll was called showing all Members present with the exception of Representatives Carroll and Manahan, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Thirty-Ninth Day was deferred.

SENATE COMMUNICATIONS

The following communications from the Senate (Sen. Com. Nos. 428 and 429) were received and announced by the Clerk:

Sen. Com. No. 428, transmitting H.B. No. 2429, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE BOARD OF AGRICULTURE," which passed Third Reading in the Senate on March 27, 2012.

Sen. Com. No. 429, transmitting H.B. No. 2584, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO NOTICE OF WORKERS' COMPENSATION INSURANCE," which passed Third Reading in the Senate on March 27, 2012.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 44; and H.C.R. No. 63, be adopted, seconded by Representative Evans.

Representative Thielen rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I'm rising to speak in strong support of these Resolutions. Yes, and the Resolutions are requesting the Governor to proclaim July 13, 2012 as Collector Car Appreciation Day.

"Mr. Speaker, my son Peter, who now lives on Kauai, started collecting antique or collectable cars when he was about 15 years old. He started with a Model A. The restoration was unbelievably lengthy, and filled with a lot of challenges. But he persevered. When he moved to the mainland for a period of time, he didn't take that car with him, but sold it. He's back on Kauai now, and guess what? He has a Model A in his garage. It's not operable, but he's ready to pick up and start restoring that.

"It's a wonderful hobby and it's more than that. People become very involved in it, and just love the restoration. I look at people's faces when these cars drive by, and everyone's smiling with great delight and great appreciation. So it's nice to have one day devoted to them. Thank you."

Representative Awana rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in support. The Collector Car Appreciation Day is a national initiative spearheaded by the SEMA Action Network. As stated in their April 2012 Newsletter:

Hawaii "Collector Car Appreciation Day": Resolutions have been introduced in the Hawaii House of Representatives and Senate seeking recognition by the state for July 13, 2012 as "Collector Car Appreciation Day." Earlier this year, the SAN announced this date to mark the third commemoration in what has become an annual event to raise awareness of the vital role automotive restoration and collection plays in American society. The SAN is again working to secure a U.S. Congressional resolution to recognize the day's significance. In the previous two years, thousands of Americans have gathered at car cruises, parades and other events to celebrate our nation's automotive heritage. The SAN is maintaining a list of scheduled events to commemorate America's time-tested love affair with the automobile. Individuals, car clubs and business owners interested in publicizing events should contact Colby Martin at san@sema.org .

"Mr. Speaker, the appreciation for car enthusiasts are not limited to the mainland. Here in Hawaii, there are tens of thousands who are as passionate about vehicle restoration as other parts of the United States. As the Representative from Kailua just mentioned, these undertakings are a labor of love. Another aspect of this industry is the business that is generated from purchasing parts and kits to build vintage vehicles from the ground up. During weekends you will see these auto lines at shopping centers or driving around the island for all to enjoy.

"For the past three years, car enthusiasts have gathered on the Leeward Coast for an event called Hotrods for a Cause to support a special cause while allowing the public to look at all types of vehicles – cars, motorcycles, and trucks. It has become so popular; there are now airplanes and fire trucks displayed. Mr. Speaker, these resolutions mean a lot to many hobbyist who enjoy participating in one way or another, and I know the passage of these measures will reflect the same on this Body. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 44, entitled: "HOUSE RESOLUTION REQUESTING THE GOVERNOR TO PROCLAIM JULY 13, 2012, AS "COLLECTOR CAR APPRECIATION DAY"," was adopted, with Representatives Carroll and Manahan being excused; and

H.C.R. No. 63, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO PROCLAIM JULY 13, 2012, AS "COLLECTOR CAR APPRECIATION DAY"," was adopted, with Representatives Carroll and Manahan being excused.

Representatives Brower and Awana, for the Committee on Tourism and the Committee on International Affairs presented two reports:

(Stand. Com. Rep. No. 1351-12) recommending that H.R. No. 25, as amended in HD 1, be adopted; and

(Stand. Com. Rep. No. 1352-12) recommending that H.C.R. No. 46, as amended in HD 1, be adopted.

Representative Chong moved that the reports of the Committees be adopted, and that H.R. No. 25, HD 1; and H.C.R. No. 46, HD 1, be adopted, seconded by Representative Evans.

Representative Takai rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Takai's written remarks are as follows:

"Thank you, Mr. Speaker, for allowing me to submit written comments in support of House Resolution 25 and House Concurrent Resolution 46, urging the inclusion on the People's Republic of China in the Visa Waiver Program.

"International visitors are an important part of Hawaii's visitor industry. The Hawaii Tourism Authority testified that international visitor make up about 30 percent of visitor arrivals and contribute about \$3.7billion in expenditures to the industry. China is the world's second largest economy and a major trade partner with the United States. The Office of the Mayor of the City and County of Honolulu testified that the paramount issue in

travelling to Hawaii, as cited by Chinese travelers, is the difficulty in obtaining travel visas.

"Easing the barriers to travel that Chinese travelers face can result in a significant increase in economic growth for our visitor industry. Supporting the Visa Improvements to Stimulate International Tourism to the United State of America Act not only benefits our Hawaii economy, but it also helps Chinese travelers enjoy the beauty and hospitality of Hawaii. For these reasons, I support these Resolutions."

Representative Awana rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Awana's written remarks are as follows:

"Mr. Speaker, I rise in support. This measure supports improvements needed for the existing VISA program. For many reasons, people are being denied entry into the US because the existing process is too cumbersome. Currently, Hawaii's largest economic industry – Tourism receives over 30% of visitors from outside of the United States. In addition, foreign visitors spend more money than domestic travelers. This translates to more tax dollars at a time when we need it the most. For these reasons, Mr. Speaker, I rise in support. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted, and H.R. No. 25, HD 1, entitled: "HOUSE RESOLUTION SUPPORTING THE VISA IMPROVEMENTS TO STIMULATE INTERNATIONAL TOURISM TO THE UNITED STATES OF AMERICA ACT," was adopted, with Representatives Carroll and Manahan being excused; and

H.C.R. No. 46, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION SUPPORTING THE VISA IMPROVEMENTS TO STIMULATE INTERNATIONAL TOURISM TO THE UNITED STATES OF AMERICA ACT," was adopted, with Representatives Carroll and Manahan being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1353-12) recommending that S.B. No. 3029, SD 1, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 3029, SD 1, HD 1, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Evans.

The Chair addressed Representative Riviere, stating:

"Representative Riviere, what is the motion before this Body?"

Representative Riviere responded, stating:

"Thank you for the question, Mr. Speaker. I believe the question is to allow this for a vote as this time."

The Chair responded, stating:

"The motion before the Body is to pass Second Reading and be placed on the calendar for Third Reading. Thank you, very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3029, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATUTORY REVISION: AMENDING VARIOUS PROVISIONS OF THE HAWAII REVISED STATUTES AND THE SESSION LAWS OF HAWAII FOR THE PURPOSE OF CORRECTING ERRORS AND REFERENCES AND CLARIFYING LANGUAGE," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Carroll and Manahan being excused.

ANNOUNCEMENTS

Representative Ching: "Thank you, Mr. Speaker. We'll be in recess tomorrow, so I wanted to make this announcement and maybe perhaps give some encouragement for some freshman."

"I can't believe it, but this is our tenth annual. Ten years have passed of our Historic Preservation Awareness Day. It was begun ten years ago in order to connect policymakers with the many good organizations that are helping to preserve our heritage and our beautiful historic sites."

"With our Co-Chair from the Big Island, the Kamuela, Waimea side, we are having this wonderful Historic Preservation Day, Friday, 8:30 to 11:30, on the Third Floor lanai. It started in one room, Room 329, with about I guess about ten exhibitors. And I was reminded by my Co-Chair, we could have taken a whole other floor, but the booth cut off came. There are over fifty exhibitors from all over the islands, Maui, Kauai, Molokai, Oahu, Big Island. It's to help us understand what's out there, and who needs our help, and how we can help them to preserve what's special and unique about Hawaii. So I hope everyone will come. Though it's Friday, and I know people have hearings. It's busy, but please come and visit."

COMMITTEE REASSIGNMENTS

The following measure was re-referred to committee by the Speaker:

<u>S.B. No.</u>	<u>Re-referred to:</u>
2350, SD1, HD1	Committee on Agriculture, then to the Committee on Water, Land, & Ocean Resources

RECESS

At 12:21 o'clock p.m., the Chair declared a recess and the House of Representatives stood in recess, subject to the call of the Chair, and in accordance with House Concurrent Resolution No. 35, met in Joint Session with the Senate, for the Hawaii Medal of Honor Ceremony.

JOINT SESSION

The Joint Session of the House of Representatives and the Senate of the Twenty-Sixth Legislature was called to order at 2:03 o'clock p.m., by the Honorable Calvin K.Y. Say, Speaker of the House.

The Speaker addressed the Chamber, stating:

"Thank you. This is indeed a momentous occasion. We honor members of the Armed Forces of the United States with ties to Hawaii who fought and died bravely in a combat zone designated by Presidential Order. On behalf of the Senate President and all the members of the Hawaii State Legislature, I convey our deepest condolences to our very special guests. The family, friends and colleagues of loved ones who have lost their lives overseas in the Middle East. Our prayers are with you and we are honored by your presence."

At this time, the Members of the House of Representatives and the Senate, guests, and audience rose for the presentation of our Nation's and our State's Colors by the Joint Service Color Guard and the Hawaii Air National Guard Royal Guard. The singing of the National Anthem and *Hawaii Pono'i* was led by Ms. Megann Sala, thereafter the Hawaiian Blessing was delivered by Ms. Puakeala Mann from Halau Hula O Maiki.

Speaker Say then addressed the Members, guests and audience as follows:

"Mahalo to our Joint Service Color Guard, the Royal Guard, Ms. Sala and Ms. Mann. Your participation in today's ceremony is greatly appreciated.

"Good afternoon and aloha!

"Our nation has been at war for more than a decade. And as time passes, it is easy to allow our attention to be diverted from what our brave servicemen and women do overseas. However, the reality is that the threats our military personnel face today are no less real, and no less grave, than when this all began in those days following the September 11th attacks. We are gathered here to pay respects to those who have given their lives, so that we may enjoy the level of comfort, security, and freedom found in the United States of America.

"These patriots whom we honor today were also fathers, sons, and brothers. They had hopes, dreams, and plans for the future as all of us do, but for the love of country, they put those plans aside. By volunteering, deploying to a combat zone, and laying down their lives, these brave men gave away all of their tomorrows, so that we can go on to see ours.

"This is the seventh year that the State has awarded the Hawaii Medal of Honor. The day that we gather each year to honor our heroes and their families is the day that I am most proud, and yet, most sorrowful, to be standing here before you. For while we, as lawmakers, are honored to recognize these outstanding individuals, we also hope the day soon comes when such ceremonies are no longer necessary.

"I would like to thank the families and loved ones for participating in today's proceedings. Every one of us owes you a great debt, one that we can never fully repay. We truly mourn your loss, and it cannot be said enough: These heroes, these patriots, who made the ultimate sacrifice for our nation, will never be forgotten.

"Before proceeding any further, I would like to acknowledge the presence of our State, Congressional, and Military leaders. Please hold your applause until all of our distinguished guests are recognized."

At this time, the Speaker introduced the following State, congressional and military leaders seated on the Floor of the House:

The Honorable Neil Abercrombie, Governor of the State of Hawaii;

The Honorable Brian Schatz, Lieutenant Governor of the State of Hawaii;

Representing the Honorable Daniel K. Inouye, United States Senator: Colonel Retired Walter Kaneakua;

Representing the Honorable Daniel K. Akaka, United States Senator: Mr. Ricky Oshiro;

Representing the Honorable Mazie K. Hirono, United States Congresswoman: Ms. Lauren Montez;

Representing the Honorable Colleen Hanabusa, United States Congresswoman: Mr. Richard Rapoza;

Mr. Bill Paty, Civilian Aide to the Secretary of the Army;

Ms. Christina Kemmer, Civilian Aide to the Secretary of the Army;

Major General Darryll D.M. Wong, The Adjutant General, Hawaii Department of Defense;

Representing United States Army Pacific and Lieutenant General Francis Wiercinski: Major General William Beard;

Representing the 8th Theater Sustainment Command and Major General Michael Terry: Mrs. Cathy Terry, accompanied by Colonel Glenn Grothe;

Brigadier General Gary M. Hara, Commander, Hawaii Army National Guard, and Mrs. Dianne Hara;

Brigadier General Stanley J. Osserman Jr., Commander, Hawaii Air National Guard;

Brigadier General Keith Gallagher, Commander, Tripler Army Medical Center, and Mrs. Sandra Gallagher;

Representing the 25th Infantry Division and Major General Bernard Champoux: Brigadier General Paul LaCamera;

Brigadier General Joseph Kim, Deputy Adjutant General, Hawaii Department of Defense;

Rear Admiral Fernandez Ponds, Commander, Navy Region Hawaii, and Mrs. Carolyn Ponds;

Representing United States Marine Forces Pacific and Lieutenant General Duane Thiessen: Colonel James Reilly;

Representing United States Coast Guard District 14 and Rear Admiral Charles Ray: Captain David Vaughn;

Representing the Hawaii National Guard, Chief of Joint Staff: Colonel Joe Logan, and Mrs. Gaylene Logan;

Colonel Brad Sakai, Commander, United States Air Force 154th Wing, and Mrs. Momi Sakai;

Command Chief Master Sergeant Robert Lee, Senior Enlisted Officer, Hawaii National Guard; and

Representing United States Pacific Air Forces and General Gary North: Chief Master Sergeant Robert Webb.

Speaker Say then called upon the Honorable Neil Abercrombie to deliver his remarks as follows:

"Aloha, dear friends. This gathering today is not the first occasion where we have had a similar ceremony. Yet, we find ourselves, in some respects, as the Speaker has indicated, repeating ourselves, sometimes with regret, but more often with a sense of acknowledgement as to what constitutes the human dimension.

"Those who we honor today, those who we acknowledge today, are those who are rich in character. Their circumstances in terms of their material life may be humble, but they are rich in character. The issues with which conflicts have ensued and individuals' commitments up to and including their very lives are large in scope, but our acknowledgement is individual and personal. The implications of the issues, ostensibly in contention in wars and battles and conflicts are immense on the overall picture that we present to ourselves as human beings. But the implications for those assembled here today, are intensely personal.

"In some respects you could say they are even isolated, or insulated or involuted, but this would not truly represent what it is we do today. Yes, we look to ourselves, and we look inward to determine for ourselves, what meaning we are to derive from gatherings such as this, but more importantly, we reach out to one another in solidarity as brothers and sisters in our common humanity.

"I periodically review, as I contemplate and reflect upon the responsibilities that I have now as Commander in Chief of the National Guard, and upon the circumstances of my public life, on the Armed Services Committee in the United States House of Representatives. And take from my shelf when I am struck with a sense of responsibility for determining what it is that I need to do, this volume of James Gould Couzen's *Guard of Honor*, a novel which, probably within the context of reference out of the period of War World II is not necessarily in the first rank of critics' choices as being representative of the era. One thinks of *The*

Naked and the Dead, From Here to Eternity, William Styron's book *Lie Down in Darkness*, William Manchester's *Goodbye Darkness*.

"The *Guard of Honor* takes as its theme a quotation from Shakespeare in *The Tempest*, and it gives me pause every time I think about it and read it, and gives me perspective on our proceedings here today. I and my fellows are ministers of fate.

The elements of whom your swords are tempered may as well wound the loud winds or with bemocked-at stabs kill the still-closing waters as diminish for one moment what's in my plume. My fellow ministers and I are like invulnerable.

"That I think, is the fundamental message that we bring to one another today and bring to those whom we recognize today, that our commitment to one another as human beings, our commitment to those core values that make up the very basis of our humanity are like invulnerable."

Speaker Say then called upon Major General Darryll Wong to deliver his remarks on behalf of the military as follows:

"Governor Abercrombie, Lt. Governor Schatz, our Congressional delegation, Senate President Tsutsui, Speaker Say, Members of the State Senate, Legislature, family and friends of our honored heroes, and all of our military sitting in the Gallery above. As State Adjutant General, presiding over this ceremony is probably part of the most difficult duties that I have, of the many duties that I do. I'm responsible for the training and the equipping of the Hawaii National Guard Soldiers and Airmen, and it's always with a heavy heart when I see them off as they leave our shores.

"As a Homeland Security Advisor, I must ensure that we have done all we can to prevent this State from falling victim to any act of terrorism, and as Director of State Civil Defense, I feel the burden of preparing and keeping Hawaii's residents and tourists safe from the effects of any natural or manmade disaster. But none of these responsibilities can compare to the burden felt by any of these family members with us today who have lost a loved one in the service to our nation.

"My duty today is in some small way to try to comfort those when comfort may not be enough, and to massage the pain of a broken heart. While I may fall short in this endeavor, I can at least take solace in knowing that the State of Hawaii has provided some closure to these families by recognizing the supreme sacrifice made by their soldiers, Sailors, Airmen and Marines, on behalf of this grateful State.

"Hawaii has a long tradition of welcoming mainland service personnel to our shores. After World War II, many G.I.s stopped in Honolulu on the way back from the South Pacific. So many of them fell in love with Hawaii and they never got back on the ships, and stayed and planted their roots. During the Korean and Vietnam wars, tens of thousands of G.I.s and Airmen, Soldiers, Sailors and Marines touch America for the first time again, in Hawaii, after a long absence, and decided they belong here.

"Hawaii welcomes thousands of new Armed Forces personnel each year, and each one is touched in at least some small measure by their time here. This is more than just a beautiful place. It's more than just beautiful weather. It's the feeling of *aloha* and the feeling of *ohana*, family, that makes our men and women in uniform feel welcome. So it does not matter whether our fallen heroes were born or raised here, or whether they were stationed here for a couple months or a couple years before deployment. They are part of the *ohana*, or family, and by extension, their families become ours as well, and always will be.

"This feeling of family could not be more evident than the request made by Major General Bernard Champoux, commanding General of the 25 I.D. here at Schofield, whose assignment was to close down and bring home the final U.S. forces in Iraq. For his final departure home, after a year-long deployment, his request was for a Hawaii based C17 from the Hawaii Air National Guard to pick him up and take him and his headquarters element back home to Hawaii. This says a lot.

"The State Medal of Honor symbolizes the strength and character of each hero as well as the feeling of *ohana*. The *kalo*, or taro leaves in the medal is emblematic of the embrace of the people of Hawaii. Following America's tradition in past wars, a gold star was often placed, displayed, to let the neighborhood know, that the life of a hero, who had grown up there, had been taken. Today, the gold star and the medal coat of arms represents the fiftieth state star on the American flag, and also represents the person being honored.

"The attachment device in red and yellow ribbon is a rendering of the ancient *puela*, or flag, the Hawaiians raised at sea above the sail of their canoes. All who saw the *puela* from afar, knew that a person of highest rank or honor was coming. Today, this service ribbon and this *puela* will remind us that these families are the highest rank and honor, because our hope that this medal will continuously remind the families and friends of these fallen heroes that this State will always remember the sacrifice you and your family member have made, that you are and forever shall be a member of this family and hold a special place in our heart. Mahalo."

At this time, the Speaker of the House and the President of the Senate presented the Hawaii Medal of Honor. The Clerk of the House announced the names of the Hawaii Medal of Honor recipients, which was followed by the ringing of the memorial bell.

The Clerk of the Senate proceeded to read the names of the other Hawaii Medal of Honor recipients whose friends and family could not be at the ceremony today:

United States Army Private First Class Thomas C. Allers

United States Army Staff Sergeant Kristofferson B. Lorenzo

United States Army Sergeant Jacob Molina

United States Marine Corps Corporal Nicholas S. Ott

United States Army Staff Sergeant Christopher R. Newman

United States Army Sergeant Christopher L. Muniz

President Tsutsui then gave his closing remarks as follows:

"To all who have gathered here today, thank you for being part of this very important ceremony. Today's ceremony reminds us of the bravery, the dedication, and the commitment that these soldiers demonstrated throughout their lives. To the family and friends of our honorees, thank you for sharing America's heroes with the rest of us. We are truly humbled by their courage and commitment in the service of others, even in the face of great adversity and physical danger.

"The loss of loved ones leaves an emptiness that is not easily filled, however, it is our hope that you may find some comfort in the deep appreciation and gratitude that the people of Hawaii and the people of this nation have, for the sacrifices that have been endured, yours is a debt that cannot be repaid, but through our collective efforts to remain truly appreciative of the rights and freedoms that we cherish most in our country, we can and must continue to honor the memories of our fallen soldiers.

"Members of the House and Senate, and special guests, please rise and turn your attention to the Rotunda level for the 3-Volley Salute and the playing of *Taps*. Following this will be a moment of silence. Members of the Hickam Base Honor Guard, please proceed."

At this time, Members of the Hickam Base Honor Guard proceeded with a 3-Volley Salute and the playing of *Taps* outside the House Chamber in the Capitol Rotunda, which was then followed by a moment of silence.

The President of the Senate then called on the Joint Service Color Guard and the Hawaii Air National Guard Royal Guard for the retiring of the Colors, and at 3:00 o'clock p.m., declared the Joint Session of the House of Representatives and the Senate adjourned.

ADJOURNMENT

At 12:00 o'clock midnight, the House of Representatives adjourned until 12:00 o'clock noon, Friday, March 30, 2012.

Symbolism of the Hawaii Medal of Honor

The Hawaii Medal of Honor was designed by Sergeant First Class Aaron Pollick from the Hawaii Army National Guard. This medal consists of the following six components, superimposed on each other:

Circle of Kalo Leaves: The kalo leaves represent the family or Ohana. The leaves are designed in an encircled fashion and represents the concept of Ohana, which we strive to embrace.

Coat of Arms: The Great Shield is the keystone of the design. The eight bars represent the eight major islands of the State of Hawaii. The kapu sticks, or Pulo'ulo'u, symbolize authority and protection. The star in the center of the medallion is the Star of Hawaii, the 50th star on the flag of the United States. This star also represents the honorees of this prestigious award.

Maltese Cross: The Maltese Cross represents the four directional axes of the globe, denoting Hawaii as the Crossroads of the Pacific.

Sun Rays: The irradiant sun is symbolic of the new era. Its position in the center of the Maltese Cross represents our sunny shores and warm hearts ever shining on all the corners of the world.

The Neck Drape: The neck drape is red and golden yellow in color. These colors symbolize the royal monarchy that once ruled these islands. The red represents courage and strength. The golden yellow depicts the honor that the recipients have brought to our islands.

Service Ribbon & Attachment: The service ribbon represents distinguished service. Its colors are identical to the colors of the neck drape. The attachment device at the middle of the ribbon is an ancient flag or puela of Hawaiian Chiefs. In olden times, the puela was raised above the sail of the ancient Hawaiians' canoes while at sea. Our puela signifies that the person receiving this medal is of high rank or honor.

FORTY-FIRST DAY

Friday, March 30, 2012

The House of Representatives of the Twenty-Sixth Legislature of the State of Hawaii, Regular Session of 2012, convened at 12:09 o'clock p.m., with Speaker Say presiding.

The invocation was delivered by Speaker Calvin K.Y. Say, after which the Roll was called showing all Members present with the exception of Representatives Carroll, Herkes, Manahan and Wooley, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Fortieth Day was deferred.

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS
(FLOOR PRESENTATIONS)

The following resolution (H.R. No. 190) was announced by the Clerk and the following action taken:

H.R. No. 190, entitled: "HOUSE RESOLUTION HONORING THE MEMBERS OF WORLD WINGS INTERNATIONAL – HAWAII CHAPTER FOR THEIR DEDICATION TO PRESERVING PAN AMERICAN WORLD AIRWAYS' EXCEPTIONAL HISTORY, FOR PROMOTING HAWAII, AND FOR THEIR PHILANTHROPIC CONTRIBUTIONS TO HAWAII," was jointly offered by Representatives Ito, Aquino, Chang, Chong, Evans, Fontaine, Hanohano, Hashem, Ichiyama, Johanson, Jordan, Manahan, Takai, Tokioka, Tsuji, Ward and Yamashita.

Representative Ito moved that H.R. No. 190, be adopted, seconded by Representative Souki.

Representative Ito commended the World Wings International – Hawaii Chapter, comprised of former Pan American World Airways flight attendants, for their over 40 years of philanthropic contributions to the people of Hawaii.

Representative Souki then introduced the honorees seated on the Floor of the House representing the Hawaii Chapter and thanked them for their caring acts of service as former flight attendants, and as members of our community:

Ms. Leilani McGire, Co-President;
Ms. Susyn Miller-Fritz, Co-President; and
Ms. Betty Santoki, Past Vice President and Fundraising Chair.

Representative Souki also recognized other World Wings International members who seated in the Gallery: Ms. Susan Izumi, Ms. Marsha Lewis, Ms. Merle Miyamoto, Ms. Geraldine Nakamitsu and Ms. Kuniko Ono.

Representative Ching also thanked the flight attendants for the work they do in caring for passengers, as well as our community.

The motion was put to vote by the Chair and carried, and H.R. No. 190, was adopted, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

The following resolution (H.R. No. 191) was announced by the Clerk and the following action taken:

H.R. No. 191, entitled: "HOUSE RESOLUTION COMMENDING STREET BIKERS UNITED HAWAII, INC., 40TH ANNIVERSARY," was offered by Representative Chang.

Representative Chang moved that H.R. No. 191, be adopted, seconded by Representative Jordan.

Representative Chang congratulated Street Bikers United Hawaii, Inc. on 40 years of promoting aloha to fellow riders, respect for other motorists, commitment to safe, lawful and courteous riding, and for their many charitable efforts, including the annual Toys for Tots drive.

Representative Chang then introduced the honorees representing Street Bikers United, Inc. who were seated on the Floor of the House:

Mr. Ray Pagan, State Treasurer;
Mr. Rick Davis, Oahu Chapter President; and
Mr. Bruce Paige, Legislative Advisor.

Representative Jordan, as a fellow biker, thanked Street Bikers United for the efforts to promote safety and safe biking.

Representative McKelvey applauded the Street Bikers for their charitable work on Maui, as well as their educational efforts toward safety awareness.

Representative Souki offered his appreciation and aloha in working with the Street Bikers on safety and education efforts.

Representative Evans applauded Street Bikers United for being a strong voice at the Legislature, and for being a part of the discussion on complete streets.

Representative Awana thanked the Street Bikers for their efforts to promote safety and congratulated them on their 40th anniversary.

Representative Marumoto thanked the Street Bikers for their programs to support safety and encouraged them to wear helmets.

The motion was put to vote by the Chair and carried, and H.R. No. 191, was adopted, with Representatives Carroll, Herkes, Manahan, Saiki and Wooley being excused.

The following resolution (H.R. No. 192) was announced by the Clerk and the following action taken:

H.R. No. 192, entitled: "HOUSE RESOLUTION CONGRATULATING HANNIE ANDERSON, DOUGLAS POOLOA TOLENTINO, AND EDITH VAN GIESON FOR BEING SELECTED AS HAWAIIAN CAUCUS 2012 HONOREES," was offered by Representative Hanohano.

Representative Hanohano moved that H.R. No. 192, be adopted, seconded by Representative C. Lee.

Representative Hanohano congratulated the Hawaiian Caucus 2012 Honorees who were seated on the Floor of the House, and commended them for their dedication to ancestry, cultural origin and heritage, and service to the broader community, particularly in the art of *Hui Wa'a* or canoe paddling.

Representative Hanohano introduced Mr. Douglas Pooloa Tolentino, Hawaiian Artist at the Aulani Resort, who was being honored for his preservation and sharing of Hawaiian culture and traditions. He was accompanied by his wife, Mrs. Kelly Tolentino, who was seated on the Floor of the House; and their daughter, Ms. Namahana Tolentino, who was seated in the Gallery.

Representative C. Lee then recognized Ms. Hannie Anderson who was not in attendance, Co-founder of Na Wahine O Ke Kai for her promotion of and contributions to the paddling community.

Representative Awana then introduced Ms. Edith Van Gieson, Co-founder of the Leeward Kai Canoe Club who was being honored for fostering cultural pride and promoting sportsmanship on the Wai'anae Coast. She was accompanied by her family who were seated in the Gallery:

Son, Ryan Van Gieson and his wife, Mrs. Shannon Van Gieson; Grandson, Alfred Van Gieson; Daughter, Mrs. Reena Zonka and her husband, Mr. John Zonka; and Grandson, Rustin Zonka.

Representative Awana also recognized Senator Maile Shimabukuro who was accompanying the Van Gieson family in the Gallery.

The motion was put to vote by the Chair and carried, and H.R. No. 192, was adopted, with Representatives Carroll, Herkes, Manahan, Saiki and Wooley being excused.

At 12:45 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:03 o'clock p.m.

REPORTS OF STANDING COMMITTEES

At this time, the Chair announced:

"Members, I believe at this point in time, all of you have been invited to a lovely luncheon. I thought we could get out by 1:00. So, I think we're going to probably get out by 1:30 or a quarter to 2:00.

"I did share with the Minority Leader that I would like to go by page for pages 2 through 16. And if there's anyone that would like to insert written comments at this time, I would be more than happy to accommodate the Members of the House on any of these particular Resolutions that are before us.

"For pages 2 to 14, these are not for Adoption, but are being referred to another Committee for further discussion on these Resolutions and House Concurrent Resolutions. The balance of the Resolutions are for Adoption that I will as the Chair, allow you to insert written comments. Or if you do want to speak, you may. I will not deny you the right to speak. So at this point, the Chair recognizes Representative Pono Chong for the motion."

Representative Hanohano, for the Committee on Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1354-12), recommending that H.R. No. 59, be referred to the Committee on Education.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 95, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING A FINANCIAL AND MANAGEMENT AUDIT OF THE DEPARTMENT OF HAWAIIAN HOME LANDS," was referred to the Committee on Legislative Management, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

Representative Hanohano, for the Committee on Hawaiian Affairs presented two reports

(Stand. Com. Rep. No. 1358-12), recommending that H.R. No. 60, be referred to the Committee on Water, Land, & Ocean Resources; and

(Stand. Com. Rep. No. 1359-12), recommending that H.C.R. No. 86, be referred to the Committee on Water, Land, & Ocean Resources.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 60; and H.C.R. No. 86, be referred to the Committee on Water, Land, & Ocean Resources, seconded by Representative Evans.

Representative Ching rose to speak in support of both measures, stating:

"Just in strong support of Stand. Com. Rep. Nos. 1358 and 1359."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 60, entitled: "HOUSE RESOLUTION URGING THE STATE OF HAWAII TO RECOGNIZE MOKAUEA ISLAND AS A CULTURAL AND EDUCATIONAL RESOURCE AND INCLUDE MOKAUEA ISLAND ON THE REGISTER OF HISTORIC PLACES," was referred to the Committee on Water, Land, & Ocean Resources, with Representatives Carroll, Herkes, Manahan and Wooley being excused; and

H.C.R. No. 86, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE STATE OF HAWAII TO RECOGNIZE MOKAUEA ISLAND AS A CULTURAL AND EDUCATIONAL RESOURCE AND INCLUDE MOKAUEA ISLAND ON THE REGISTER OF HISTORIC PLACES," was referred to the Committee on Water, Land, & Ocean Resources, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

Representative Hanohano, for the Committee on Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1360-12), recommending that H.R. No. 89, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 89, entitled: "HOUSE RESOLUTION URGING THE COUNTIES TO CONTINUE RECOGNIZING KULEANA LANDS AS HISTORICAL LANDS AND TO NOT TERMINATE OR WEAKEN THE PROPERTY-TAX EXEMPTIONS FOR KULEANA LANDS," was referred to the Committee on Finance, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

Representative Hanohano, for the Committee on Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1361-12), recommending that H.C.R. No. 117, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 117, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE COUNTIES TO CONTINUE RECOGNIZING KULEANA LANDS AS HISTORICAL LANDS AND TO NOT TERMINATE OR WEAKEN THE PROPERTY-TAX EXEMPTIONS FOR KULEANA LANDS," was referred to the Committee on Finance, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

Representative Hanohano, for the Committee on Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1362-12), recommending that H.R. No. 62, be referred to the Committee on Water, Land, & Ocean Resources.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 62, entitled: "HOUSE RESOLUTION URGING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO REVIEW THE NATURAL RESOURCES' MARINE MANAGEMENT RULES, CONDUCT NEW PUBLIC HEARINGS ON THE RULES, CONSULT WITH NATIVE HAWAIIAN PEOPLE, AND DETERMINE THE RELEVANCE AND APPLICABILITY OF THE RULES TO PLACE-BASED MANAGEMENT FOR PURPOSES OF ENHANCING VOLUNTARY COMPLIANCE AND PUBLIC PARTICIPATION IN MARINE RESOURCE MANAGEMENT," was referred to the Committee on Water, Land, & Ocean Resources, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

Representative Hanohano, for the Committee on Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1363-12), recommending that H.C.R. No. 88, be referred to the Committee on Water, Land, & Ocean Resources.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 88, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO REVIEW THE NATURAL RESOURCES' MARINE MANAGEMENT RULES, CONDUCT NEW PUBLIC HEARINGS ON THE RULES, CONSULT WITH NATIVE HAWAIIAN PEOPLE, AND DETERMINE THE RELEVANCE AND APPLICABILITY OF THE RULES TO PLACE-BASED MANAGEMENT FOR PURPOSES OF ENHANCING VOLUNTARY COMPLIANCE AND PUBLIC PARTICIPATION IN MARINE RESOURCE MANAGEMENT," was referred to the Committee on Water, Land, & Ocean Resources, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

Representative Hanohano, for the Committee on Hawaiian Affairs presented two reports:

(Stand. Com. Rep. No. 1364-12), recommending that H.R. No. 68, be referred to the Committee on Judiciary; and

(Stand. Com. Rep. No. 1365-12), recommending that H.C.R. No. 96, be referred to the Committee on Judiciary.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 68; and H.C.R. No. 96, be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative Ward rose to speak in opposition to both measures, stating:

"Mr. Speaker, I regretfully rise to speak in opposition, however briefly, on HR No. 68 and HCR 96. After 15 years as an understudy with George Kanalehe, writing my PhD on Hawaiians and business at the University, I know there's a future for the Hawaiian community. I know there's a destiny for the Hawaiian community. But Mr. Speaker, these Resos will hurt and injure the case of the Hawaiian community, particularly as the Congress reads this. It's going to turn them in another direction, and I don't think it's the direction that the Hawaiian people want to go. For those reasons, I am in opposition."

Representative McKelvey rose in opposition to both measures and asked that the remarks of Representative Ward be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ching rose in opposition to both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in opposition to H.R. 68 and H.C.R. 96, relating to entitlements for "Hawaiian nationals." These Resolutions loosely define "Hawaiian nationals" to include: a) lineal descendants of Hawaiian Kingdom subjects; b) those born within the physical boundaries of the Hawaiian Islands; or c) anyone who successfully completes a "formal process of naturalization." Any one of these three criteria, according to H.R. 68 and H.C.R. 96, qualifies a person as authentic heir, beneficiary, and member of the body politic of the continuing Hawaiian Kingdom. H.R. 68 and H.C.R. 96 continue, granting "Hawaiian nationals" the right to restore "their" national government in the Hawaiian Islands. It also commits State law enforcement "to cease all ... prosecution" of these newly-defined Hawaiian nationals.

"These Resolutions grossly overstep itself, making broad proclamations of immense potential repercussion, without precisely defining key terms and qualifications. The Office of Hawaiian Affairs raises concerns that the community has not yet reached consensus regarding very basic matters of protocol. For one, no consensus yet exists as to whether formal acknowledgment of inherent sovereignty should arrive through state, federal, and/or international legal mechanisms. Furthermore, OHA sites Act 195's passing last year, which designated Native Hawaiians as Hawaii's "only indigenous, aboriginal, maoli people," and established a Native Hawaiian Roll Commission to confirm those eligible for self-governance. H.R. 68 and H.C.R. 96 render Act 195 redundant, vastly and imprecisely broadening qualifications. Before we expound on rights, we must answer fundamental questions as to who properly holds those rights, and whether their immediate exercise is "most conducive to a thriving lahui" or not.

"Clearly, H.R. 68 and H.C.R. 96 has already caused ample confusion through its imprecise delineations. One concerned citizen testified in support of H.R. 68 and H.C.R. 96, staking claim before anything else to a 50% Hawaiian blood quantum, and ancestral residence on every island of Hawaii. If anyone who completes a nationalization process - or was born in Hawaii - qualifies as a Hawaiian national, then such points of pride in one's unique heritage become irrelevant. In other testimony, a self-described Hawaiian, waxes on one's right to "nationality" as distinguished from "race, culture or ethnic background." Pragmatically, one's race, culture and ethnicity do not distill from - but in fact define - one's "nationality." We must not discuss a vague concept of "nationality" while eschewing its components. If "nationality" transcends heritage, customs and allegiances, where are its boundaries? Under H.R. 68 and H.C.R. 96, any individual could appoint himself or herself a "Hawaiian national" to obtain benefits and exemptions, without genuine foresight to preserve the legacy of Old Hawaii.

"H.R. 68 and H.C.R. 96 suggest that Hawaiian nationals "are not citizens of the United States," and as OHA revisits, the resolution commits state law enforcers "to cease prosecution of Hawaiian nationals." When one is not subject to a law, that person has not earned the protections said law achieves. How can a people exempt from state law coexist within a society which thrives on those laws?

"H.R. 68 H.C.R. 96 site international law's prohibition against altering a person's nationality and citizenship "without explicit free, prior and informed consent." To whom does this clause refer? The Resolutions open by airing grievances against the Provisional Government's 1893 usurpation. If, as H.R. 68 and H.C.R. 96 proffers, a person's own birthplace determines their nationality - rather than the birthplace of their ancestors - then the only technical victims of such "altered nationality" were those alive during the overthrow, not the living beneficiaries of proposed reorganization. Leon Siu, a cabinet member of Ke Aupuni o Hawaii, defends H.R. 68 and H.C.R. 96 by citing the 1897 Ku'e Petition in which his ancestors "asserted, in no uncertain terms, their loyalty to the

land of their birth." Indeed, those ancestors were born in a different Hawaii. The land of *our* birth, for any local resident alive today, is one illuminated by affiliation with the United States. We have enjoyed its boons and bounties, and also paid our dues. Let us remain accountable to circumstances defining our *own* lives and times, just as our ancestors remained accountable to theirs.

"Miscellaneous questions and doubts overwhelm H.R. 68 and H.C.R. 96; let us step back and examine the details before proceeding with sweeping, poorly-defined, and unenforceable reforms. Thank you."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him on both measures, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 68, entitled: "HOUSE RESOLUTION RECOGNIZING HAWAIIAN NATIONALS AS A POPULATION RESIDING LAWFULLY IN THE HAWAIIAN ISLANDS," was referred to the Committee on Judiciary, with Representatives Ching, McKelvey and Ward voting no, and with Representatives Carroll, Herkes, Manahan and Wooley being excused; and

H.C.R. No. 96, entitled: "HOUSE CONCURRENT RESOLUTION RECOGNIZING HAWAIIAN NATIONALS AS A POPULATION RESIDING LAWFULLY IN THE HAWAIIAN ISLANDS," was referred to the Committee on Judiciary, with Representatives Ching, McKelvey and Ward voting no, and with Representatives Carroll, Herkes, Manahan and Wooley being excused.

Representative Hanohano, for the Committee on Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1366-12), recommending that H.R. No. 129, be referred to the Committee on Education.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 129, entitled: "HOUSE RESOLUTION REQUESTING A REVIEW OF THE STATE'S FUNDING FOR EXISTING ESL PROGRAMS AND HAWAIIAN LANGUAGE PROGRAMS OFFERED IN HAWAII AND ANY DISPARITIES IN FUNDING FOR THE STATE'S TWO OFFICIAL LANGUAGES," was referred to the Committee on Education, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

Representative Hanohano, for the Committee on Hawaiian Affairs presented a report (Stand. Com. Rep. No. 1367-12), recommending that H.C.R. No. 167, be referred to the Committee on Education.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. Representative Marumoto rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Marumoto's written remarks are as follows:

"Mr. Speaker I rise in strong support of these Resolutions. These Resolutions were brought to the forefront by Ms. Valerie Chang, the Executive Director of the COPD Coalition. She has worked tirelessly to lobby this Body to take up this critical issue, spending hours visiting various Legislators. You can also find her at health fairs, informing the public about COPD. She has helped give free COPD tests and directed people where they can get help.

"COPD is one of the most common adult respiratory diseases and the third leading cause of death in the United States, and the second leading cause of disability. COPD has received increasing attention from the medical community in recent years, and despite the enormous costs and high prevalence of this disease, it is still relatively unknown by the public. It is imperative for Hawaii to create a State action plan to combat COPD, emphasizing on prevention, diagnosis, and treatment."

Representative Ching rose to speak in support of both measures, stating:

"Mr. Speaker, thank you. Also, in strong support of Stand. Com. Nos. 1374 and 1375, Requesting the Department of Health to develop a State action plan to combat chronic obstructive pulmonary disease. Just hoping we can also start to focus on diabetes which is killing our people. Thank you."

Representative McKelvey rose to speak in support of both measures, stating:

"Mr. Speaker, just in strong support of both Stand. Com. Nos. 1394 and 1395, and I would like permission to enter written comments in the Journal. Thank you."

Representative McKelvey's written remarks are as follows:

"Hawai'i's people of all ethnicities have a special respect for Native Hawaiians and reverence for Hawaiian culture. As we reconnect with our past both individually and collectively we can marvel at the rediscovery of the long-forgotten elements that Hawaiians have unearthed from their

proud heritage. Some of the most widely recognized elements Hawaiian culture have been hula, music and chanting, voyaging canoes, and the Hawaiian language. Although hula, music and voyaging canoes are spectacular and capture the lion share of media attention, I view the Hawaiian language as the most essential part of the culture. Originally, Hawaiian was a spoken language and did not exist in written form. Therefore, the Hawaiian language contains the culture within it and they are inseparable.

"A century ago, English was recognized by everyone in Hawai'i as the language needed for social and economic advancement. Fewer and fewer people spoke Hawaiian and the language declined to the point where it was nearly extinct as a daily-use language by the time of Statehood. Fortunately, today it is experiencing a rebirth through several historic initiatives and teachers strongly committed to Hawaiian culture and language. As learning is a collaborative process, I support the Department of Education and the Board of Education and their continued support and implementation of the recommendations by 'Aha Kauleo Kaiapuni Hawai'i on matters relating to the Hawaiian Language Immersion Program.

"By restoring the Hawaiian language perhaps we can assure the continuity of the Hawaiian people's identity and bolster the academic achievement and college and career readiness of native Hawaiian students. Hawaiian was a dying language. The request for the Department of Education and Board of Education to formally acknowledge the establishment of 'Aha Kauleo Kaiapuni Hawai'i and to continue to support and implement the recommendations is an appropriate step in the process to nurture the root of the Hawaiian culture, the Hawaiian language. The Hawaiian language is a great treasure to the people of Hawai'i and it is yet another example of how we are unique to the world at large."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted, and H.R. No. 128, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF EDUCATION AND BOARD OF EDUCATION TO FORMALLY ACKNOWLEDGE THE ESTABLISHMENT OF 'AHA KAULEO KAIAPUNI HAWAI'I AND TO CONTINUE TO SUPPORT AND IMPLEMENT THE RECOMMENDATIONS OF 'AHA KAULEO KAIAPUNI HAWAI'I ON MATTERS RELATING TO THE HAWAIIAN LANGUAGE IMMERSION PROGRAM," was referred to the Committee on Education, with Representatives Carroll, Herkes, Manahan and Wooley being excused; and

H.C.R. No. 166, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF EDUCATION AND BOARD OF EDUCATION TO FORMALLY ACKNOWLEDGE THE ESTABLISHMENT OF 'AHA KAULEO KAIAPUNI HAWAI'I AND TO CONTINUE TO SUPPORT AND IMPLEMENT THE RECOMMENDATIONS OF 'AHA KAULEO KAIAPUNI HAWAI'I ON MATTERS RELATING TO THE HAWAIIAN LANGUAGE IMMERSION PROGRAM," was referred to the Committee on Education, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

Representative Ching rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in support of H.C.R. 37. This Resolution intends to request the United States Congress to pass legislation that requires internet retailers to offer shipping fees for postage to Alaska and Hawaii that are comparable to shipping fees for postage to the forty-eight contiguous States.

"I need only to echo the testimony submitted by Mr. Miles Tanabe, a small business owner in rural Kauai, as his statement coincides with words I have expressed upon this matter for years. "As a resident and small business owner in the rural county of Kauai I rely on out of state catalog retailers and businesses that use the internet to promote their products, to supply much of my uniforms, specialized equipment, and supplies."

"May I please have permission to submit into the journal his entire testimony. Thank you."

Representative Ching also submitted the following testimony:

LATE TESTIMONY

Dear Representative James Tokioka:

As a resident and small business owner in the rural county of Kauai I rely on out of state catalog retailers and businesses that use the internet to promote their products, to supply much of my uniforms, specialized equipment, and supplies. This type of interstate commerce allows companies like mine to be able to obtain items that cannot be found in the county of Kauai or within the state of Hawaii. As such, we have no other choice than to shop through mail order catalogs or on the internet.

The problem that I along with everyone else who lives in the states of Hawaii and Alaska face is that we as U.S. citizens are subjected to excessively high shipping fees by these mail order and internet retailers when at the same time the rest of the 48 states are often offered free or very low shipping fees. In other cases some companies who send catalogs to Hawaii and Alaska residents and businesses often refuse to sell some merchandise to residents of the two states simply because we are not a part of the 48 contiguous states.

The U.S. Postal Service offers flat rate shipping nationwide, including Alaska and Hawaii, but despite this fact, these retailers continue to discriminate against the citizens and businesses of the states of Alaska and Hawaii. It is understood that Alaska and Hawaii are remotely located states, however when a retailer based on the west coast of the United States can offer residents along the east coast low or free shipping, it seems quite unreasonable to charge excessively high rates to ship items nearly the same distance to Hawaii or Alaska. For these reasons I respectfully ask for the support of the legislation HCR37 introduced by Rep. James Tokioka.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 37, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE UNITED STATES CONGRESS TO PASS LEGISLATION THAT REQUIRES INTERNET RETAILERS TO OFFER SHIPPING FEES FOR POSTAGE TO ALASKA AND HAWAII THAT ARE COMPARABLE TO SHIPPING FEES FOR POSTAGE TO THE FORTY-EIGHT CONTIGUOUS STATES," was adopted, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

Representatives Tsuji and McKelvey, for the Committee on Agriculture and the Committee on Economic Revitalization & Business presented two reports:

(Stand. Com. Rep. No. 1400-12) recommending that H.R. No. 27, as amended in HD 1, be adopted; and

(Stand. Com. Rep. No. 1401-12) recommending that H.C.R. No. 48, as amended in HD 1, be adopted.

Representative Chong moved that the reports of the Committees be adopted, and that H.R. No. 27, HD 1; and H.C.R. No. 48, HD 1, be adopted, seconded by Representative Evans.

Representative Awana rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I stand in strong support for Stand. Com. Rep. Nos. 1400 and 1401."

Representative Ching rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in strong support of H.R. 27 and H.C.R. 48. These Resolutions intend to declare Saturdays and Sundays to be "Eat Local, Buy Local" Day in Hawaii and encourage families, restaurants, and grocers to buy Hawaii-Grown foods, flowers, and produce.

"H.R. 27 and H.C.R. 48 will promote local agriculture and therefore our local economy. I have always been an advocate for the "Buy Local It

Matters" campaign and feel that this will further their efforts in creating a local economy initiative. Additionally, these Resolutions would follow my sustainability objectives: green and open spaces, crop security, jobs, and health.

"Lastly, the State government should be a valuable asset to our local agriculture. As stated by the Hawaii Farm Bureau, "The State government is a significant consumer and can play an important role in setting a policy example of consumer behavior by purchasing local." Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted and H.R. No. 27, HD 1, entitled: "HOUSE RESOLUTION DECLARING SATURDAYS AND SUNDAYS TO BE "EAT LOCAL, BUY LOCAL" DAY IN HAWAII AND ENCOURAGING FAMILIES, RESTAURANTS, AND GROCERS TO BUY HAWAII-GROWN FOODS, FLOWERS, AND PRODUCE," was adopted, with Representatives Carroll, Herkes, Manahan and Wooley being excused; and

H.C.R. No. 48, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION DECLARING SATURDAYS AND SUNDAYS TO BE "EAT LOCAL, BUY LOCAL" DAY IN HAWAII AND ENCOURAGING FAMILIES, RESTAURANTS, AND GROCERS TO BUY HAWAII-GROWN FOODS, FLOWERS, AND PRODUCE," was adopted, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

Representatives Tsuji and McKelvey, for the Committee on Agriculture and the Committee on Economic Revitalization & Business presented a report (Stand. Com. Rep. No. 1402-12) recommending that H.R. No. 105, as amended in HD 1, be adopted.

REPORTS OF STANDING COMMITTEES

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1413-12) recommending that S.B. No. 2783, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2783, pass Third Reading, seconded by Representative Evans.

Representative McKelvey rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative McKelvey's written remarks are as follows:

"The Hawaii State Legislature and the Office of Hawaiian Affairs (OHA) have had ongoing discussions regarding claims to income and proceeds from the public trust lands dating as far back as 1978. This past year, these discussions have resulted in an agreement in principal that is embodied in Senate Bill 2783.

"In summary, the agreement would convey approximately \$200 million worth of land in Kaka'ako Makai to OHA. In exchange for the land and all claims regarding OHA's share of ceded land receipts from November 7, 1978 through June 30, 2012, would be resolved.

"My review of the bill indicates that it does not waive any broader claims of the Native Hawaiian people; it relates solely to claims for the income and proceeds due OHA from the public land trust under Sections 4 and 6 of Article XII of the State Constitution. While one may dispute the

exact amount due OHA, OHA's efforts to settle the revenue issue through the courts have failed. The Hawai'i Supreme Court, while acknowledging the State's trust responsibility and duty to fulfill the terms of the State Constitution, has consistently held that is an issue for the Legislature to resolve. Given all the relevant factors, the \$200 million amount appears fair to both OHA and the State. I understand that OHA is now doing 'due diligence' in reviewing the specific parcels of land in Kaka'ako proposed for the settlement. Finally, SB 2783 has no negative impact on the waiver of State sovereign immunity under Chapter 673 or similar laws it basically confirms the current state of the law.

"I believe this agreement is *pono* and benefits both Native Hawaiians and the entire State of Hawaii. It will ensure that the Legislature is fully implementing its *kuleana* under the State Constitution related to the public land trust revenue due OHA. It will bring closure to a contentious issue that has often divided our community. Finally, it will immediately provide OHA with additional funding to support its beneficiary initiatives and with the potential to provide a robust revenue stream in the future."

Representative Ching rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. Let me extend wholehearted congratulations to my colleagues and those who worked hard to arrive at compromise, on the progress we have made this Session in resolving a longstanding dispute which has plagued Hawaii for over three decades. SB 2783 will convey Kaka'ako Makai lands to the Office of Hawaiian Affairs, resolving all disputes and controversies, barring all claims, extinguishing all suits and discharging all actions relating to OHA's portion of income and proceeds from those public trust lands. When enacted, S.B. 2783 will account for the period from November 7, 1978 through June 30, 2012.

"After decades of discord, this settlement comes as a welcome relief to all sides. The Office of Hawaiian Affairs, the Department of Hawaiian Homelands and the Association of Hawaiian Civic Clubs all agree that this issues has rested overwhelmingly on the legislature's shoulders, so through our own due diligence we must at last take the opportunity to put it to rest. These organizations justly note that settlement will improve life not only for Native Hawaiians as direct beneficiaries, but for all residents of Hawaii who may now enjoy more harmonious organization and long-term planning of a critical region at the core of Honolulu's livelihood. The Attorney General also emphasizes the urgency of settlement, most notably regarding questions on whether OHA should have received receipts from hospitals situated on ceded lands; rental and affordable housing development programs; and a larger portion of airport duty free concession leases. Mr. Louie clarifies that this legislation does not involve claims to self-government or sovereignty, but only deals with amounts Act 178 has already designated as OHA's share today. OHA has agreed that conveyances will not include the State's interest in mines, geothermal energy, surface or groundwater, aviation artifacts, historic properties, burial sites and prehistoric remains. With caution and specificity, collaborators have reached a beneficial compromise for all.

"We must, however, monitor implementation to ensure that our initial intentions for S.B. 2783 ultimately align with its forms of application. We must not allow shortsighted special interests to subsume the welfare of Hawaii's people in our regard. Specifically, let us guard against the conversion of any settlement parcel into facilities such as gambling casinos – which will compromise the dignity, independence and sustainability of our Native Hawaiian community. As Prince Jonah Kuhio famously advocated, the health of Hawaii's people intimately entwines with the life of the land. Self-sustainable relationship between ceded lands and their future inhabitants will carry Native Hawaiians into a future of unforeseen bounty. Thank you."

Representative Keith-Agaran rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Keith-Agaran's written remarks are as follows:

"In strong support, Mr. Speaker. SB 2783 marks a milestone. This bill ratifies an agreement reached between the Administration of Neil Abercrombie and the Office of Hawaiian Affairs over income and proceeds from the Public Lands Trust that spans November 7, 1978 through this coming June 30th. The lands proposed for deeding to OHA symbolize the estimated value of unresolved claims regarding proceeds from State hospitals built and operated on ceded lands, income from rental housing and affordable housing development programs constructed on ceded lands, and duty free concession leases at State airports using ceded lands and various other claims.

"I would never presume to be well versed in Hawaiian culture. And my understanding of Hawaiian words is colored largely by my plantation roots. But when both OHA and the State Administration testifies that the Hawaii Supreme Court has indicated that resolving the amounts due to OHA under the Constitution is in the Legislature's *kuleana*, then I interpret that to mean we as a legislative body hold responsibility – along with the parties in dispute – to take action. Today, we as a body have an opportunity to take action and I urge my colleagues to fulfill their responsibility and vote in favor of this bill.

"A passage in my religious tradition that I meditate on reads: *"Justice and only justice, you shall pursue, so that you may live and occupy the land that the LORD your God is giving you."*—Deuteronomy 16:20 NRSV.

"We no doubt all have differing ideas about the meaning of justice. In my own religious tradition, we are taught that the concept of justice is not limited to notions of "retribution" or "punishment" or "distribution" or "fair shares for all". Instead, justice embodies how we as people should live. That is why one of the words for *justice in our holy scriptures* is not only translated into English as justice, but also as "righteousness", which means personally living a just life.

"I would say this measure is not a bill about justice. It is a bill, however, about righteousness. It is a settlement that no doubt leaves both the State Administration and the Office of Hawaiian Affairs unhappy. It is in the nature of settlements to leave both sides dissatisfied. But what this bill does is righteous in the sense of laying to rest a divisive dispute over OHA's share of ceded lands revenues. 1978 through 2012 is a period spanning five Hawaii Governors, at least seven State Attorney Generals, quite a number of OHA Trustees, and seventeen and a half Legislatures. During a portion of that period, I worked at the Department of Land and Natural Resources and observed how this dispute tore apart friends and colleagues – for the most part all people of good faith who believed strongly in Hawaii and who viewed these islands as their home.

"I can only hope that this bill helps bring some closure and clarity – not to the pursuit of justice for our native people – but to the dispute between the State Administration and OHA.

"As I wrote above, as this bill has moved through the Legislature, the Administration and OHA have noted that the Hawaii Supreme Court has suggested that resolving these back payment disputes is within the purview of the Legislature – within our *kuleana*, to quote OHA's testimony:

The proposal is presented in the form of this bill because under Article XII, Section 6 of the State Constitution and the Hawaii Supreme Court's decisions in *Trustees of the Office of Hawaiian Affairs v. Yamasaki*, 69 Haw. 154, 737 P.2d 446 (1987) (Yamasaki), *Office of Hawaiian Affairs v. State*, 96 Hawaii 388, 31 P.3d 901 (2001) (OHA I), and *Office of Hawaiian Affairs v. State*, 110 Hawaii 338, 133 P.3d 767 (2006) (OHA II), only the Legislature can specify what OHA's portion of the income and proceeds from the public land trust lands is, and resolving all of OHA's remaining claims for that period is contingent upon the Legislature specifying what the State's obligation under the State Constitution is for that period.

"Today, as we vote on this measure, we as a Legislature take on our solemn duty, our *kuleana*, and bring closure to this longstanding dispute, and perhaps mark the beginning of some healing that must still be reached in reconciling the debt we as residents and children of these islands owe to the people who first populated these isles and who share with us and ours a

common future. We approve this agreement and we take a step towards justice."

Representative Pine rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"I strongly support SB 2783, which will settle longstanding claims of the Office of Hawaiian Affairs. This is an historic day for the Hawaiian community. After waiting far too long, they are entitled to this recognition. I stand today proud to be a member of the Hawaii House of Representatives and the Committee that moved this measure."

Representative Jordan rose to speak in support of the measure, stating:

"Yes, Mr. Speaker, strong support, please."

Representative C. Lee rose to speak in support of the measure, stating:

"Thank you, strong support, please."

Representative Riviere rose to speak in support of the measure, stating:

"In support. Mr. Speaker this has been a long time coming. There's been an understanding that a debt is due and the negotiations have been long and ongoing. I think it's proper that we are now settling these claims and moving forward. I think that this is a well-negotiated plan by the Administration and OHA. I'm happy that we're moving this forward. Thank you."

Representative Souki rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. With very strong support. However, I wish to add a comment that there was funding that the Legislature provided, \$115 million in 1993 to OHA. So I just want that to go in the record that, that was also for claims that were made. Thank you very much, Mr. Speaker."

Representative Har rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, and very briefly, Mr. Speaker. I think that this is truly a historical moment for this Body. The Office of Hawaiian Affairs and the Hawaiian community has been fighting for over three decades now in trying to come up with a settlement. So this is something as the Vice Chair of Water, Land, and on behalf of the Chair of Water, Land, we are very proud to have participated in this settlement. We think that this is truly a momentous occasion and we thank this Body for their support. Additional written comments, Mr. Speaker."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in strong support on Standing Committee Report 1413-12, Senate Bill 2783, which conveys Kakaako Makai lands to the Office of Hawaiian Affairs, and resolves all disputes and controversies relating to OHA's portion of income and proceeds from the public trust lands for the period November 7, 1978 through June 30, 2012.

"For a bill to settle a three-decade old land dispute, receive support from both OHA and the Governor, and pass the legislature unamended is unprecedented. I commend all those involved with the bill for their hard work. This is an historic day for Hawaii, and I was honored to have participated in shepherding this bill forward as the Vice Chair of your House Committee on Water, Land, & Ocean Resources."

Representative Saiki rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Saiki's written remarks are as follows:

"Mr. Speaker, I submit written comments in support of S.B. 2783 to emphasize that this measure brings to a conclusion the litigation that began over 25 years ago. In *Trustees of the Office of Hawaiian Affairs v. Yamasaki*, 69 Haw. 154, 737 P.2d 446 (1987), the Hawaii Supreme Court

held that the issue of what constitutes the pro rata share of "funds" derived from the public land trust to which OHA was statutorily entitled, was a political question for the Legislature to determine. This holding was reaffirmed in Office of Hawaiian Affairs v. State, 110 Hawaii 338, 133 P.3d 767 (Hawaii 2006).

"The Yamasaki decision was seminal with respect to its clarification and application of the political question doctrine. This doctrine is critical because it maintains the balance of power between our three branches of government. The Legislature should heed the teachings of Yamasaki in asserting its role as a separate and independent branch of government."

Representative Kawakami rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Kawakami's written remarks are as follows:

"Mr. Speaker It is a privilege and an honor to be a part of such a historic day for our people and I offer my strong support to SB2783. As I look into the gallery and see the faces of the many *kupuna* who have paved the path for my generation and future generations, I find myself reflecting about the struggles and adversity that many have pushed through to bring us here today.

"I think about how some of my own family members who are no longer here with us in Body, but are with us in spirit would be smiling down on us today. People like my great-grandmother Komololei Kapaka, my grandmother Dora Kashima, and my aunt Lafrance Kapaka-Arboleda who was the Kauai Resource Coordinator for the Office of Hawaiian Affairs. They would be smiling, Mr. Speaker because today's settlement is so much more than just a settlement. It is what we as Hawaiians have been struggling for. It is another door of opportunity. A door of opportunity that will provide revenue, economic development, and a balance of commercial and open space for all people to enjoy.

"Today marks a day that I will remember for the rest of my life. It marks the day that for some, tears of what once was sorrow, will be now, tears of joy."

Representative Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support of this. Let me not let this historic moment pass without publicly acknowledging and thanking the Administration of Governor Abercrombie and his team of administrators. I think it's been a long time coming, in fact about 34 years since the Office of Hawaiian Affairs was created through a constitutional amendment ratified by the voters, and the citizens of Hawaii. This takes us through a long period of time of struggle and debate and discussion, of inspiration and heartache to get us to this point. I just wanted to make sure that we all recognize that Governor Abercrombie has already established a legacy in so many ways by his enactment of Act 1 last year. But I think he's also taking us another step forward to resolve long-standing issues amongst our community in the area of the public trust lands.

"So, I wanted to make sure that we took pause to recognize the importance of this moment today at hand. Although there are few times where the opportunity to really celebrate Mr. Speaker, these kinds of enactments of law, by where we can work together across the aisle in a bipartisan fashion across the Chambers, to do something that's truly important for the people of *Hawaii nei*. I think it will be remiss of us if we didn't recognize that this day and this achievement comes through us, and to us through the work of so many people.

"Mr. Speaker, I don't know if it's proper decorum or procedure, but I think we should bear our eyes to look up to the Gallery and see some of those figures there. Of course they're not all here today. Many of them are at work or doing what they do best in making this place a better place. But for those who had the opportunity to be in attendance and witness this event, I think they came here because they wanted to be part of this, since they've been through it all these years. I notice that Governor Waihee is up there, and it's through his work and his inspiration and his insight and foresight that we even have the Office of Hawaiian Affairs. And that came

through the Constitutional Convention back in 1978. So I'm glad that he's there today, to rejoice and celebrate.

"Similar to that, I think I see Trustee Apo up there, also an activist in the creation of the Office of Hawaiian Affairs, and now a current Trustee, and a former Member of the Hawaii State Legislature, the State House, I believe Mr. Speaker, along with several other colleagues. I think also there, is our current Chairperson, Colette Machado, Mr. Speaker. Again, as you know, she brought on the deal, and sealed the deal. And again, she is here to witness this historic event.

"I would be remiss if I didn't point out, also, former Chairwoman Haunani Apoliona. Mr. Speaker as you may recall, several years ago we did have an opportunity, this House, to offer a settlement, back in, I think, 2008. It was at that time that Chair Apoliona led the Office of Hawaiian Affairs.

"I wasn't planning on saying much, only because there's so much to be said about this point, but I thought it was conspicuously remiss of us to not publicly acknowledge, and let the people of Hawaii know, how important a milestone and achievement this is.

"I want to also thank, Trustees Lindsey and Akana, also for their supporting role and important vote on this.

"I want to thank Deputy Attorney General Charlene Aina. Charlene is one of those whose diligence, thoroughness, insightfulness, scholarship, political and legal history on all the issues going back to Yamasaki that bore out and advised all these leaders to get us to this point today. Bill Meheula is not here today, but I think he also helped us get here. And I also want to thank Attorney General Louie, for again, in the final strokes, of getting us to this point.

"So, Mr. Speaker, I just wanted to make sure that we knew, and that our constituents understood the tremendous importance of today's passage. Thank you."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. First, if I could have the words of the Finance Chair entered into the Journal as my own? This is my eighth year here, Mr. Speaker, and that's a short time compared to some others like yourself, and the Representative from Kahului and others, who have been here much longer and have seen this issue much longer than I. But I remember as the Finance Chair mentioned, this issue was before us a few years ago, and both as a legislator and as a Native Hawaiian, it was a learning experience of the, not just the legislative history, but the difficulty of pain, emotion, grief, happiness, all the ranges that drive us in that issue. It was interesting to see it unfold, and now we are here today with a solution and a closure.

"It is not the final step, but it is a step in the right direction. I'd like to thank all those who the Finance Chair talked about, both here, and our predecessors who helped us get here. I'd also like to thank our Chairs and Committees who moved this forward, to bring us to where we are today. And lastly I would like to thank you, Mr. Speaker for your leadership in working with the Senate, as well as with the leadership of the Governor.

"In 2008 it was an interesting experience, and I didn't think we would be here doing this now. I think it's a testament to everyone's passion, collaboration and remembering those who came before us who got us here. Thank you."

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support, and I'd like to ask if the words from the Finance Chair, the Vice Chair of Water, Land and the Majority Leader are inserted into the Journal as if they were my own. I'd also like to say that yesterday, as a Hawaiian and as member of this Body, it was a very proud moment, a very 'chicken skin' moment in Finance, to see the support from the Hawaiian community. To see and to show everyone in this State, that together we can do what we did yesterday. It's a very proud moment for all of us, Mr. Speaker. Thank you, very much."

Representative Morikawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm in very strong support. And as a first-time legislator, and a native Hawaiian, I am so honored and proud to be part of this historical moment. Thank you."

Representative Souki rose, stating:

"Yes, Mr. Speaker, for the second time. I just want to make an announcement for someone who years back was the Governor of the State of Hawaii. Governor Waihee was the initiator of the \$115 million to OHA. Thank you very much, John. And to the Finance Chair at that time. Thank you, very much."

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I rise in strong support of Senate Bill 2783. In addition to the many words of thanks and congratulations to all those who have worked in bringing the parties and our State to this historic day, I would add my thanks and acknowledgement to the late Professor Jon Van Dyke, not only a constituent, but a mentor, teacher, and friend who is greatly missed. Professor Van Dyke is rightfully recognized as the architect for the legal framework for the creation of the Office of Hawaiian Affairs. It is his work, dedication, and passion for fixing injustices that has led us, in part, to this important day where some of those injustices have been finally addressed."

Representative Pine rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. On behalf of the Minority, we want to express how thrilled we are today. As many of you know, the Minority worked very hard with Governor Lingle, who was so proud to promote Hawaiian issues, and wanted so much in her heart to do this during her term. She is thrilled today I'm sure, that we have all come together and put all of our differences aside to really, for the first time, make Hawaiians our priority, and to recognize the sacrifices that they've made for all of us who are here today. Mahalo."

Representative Hanohano rose to speak in support of the measure, stating:

"Mahalo Ho'omalū 'ōlelo.

"*Ke kū nei au me ke kako'o. Mahalo nō, kēia Hale Maka'āinana no kō 'oukou kako'o ana. Mahalo piha nō nā po'e e kokua ana no kēia pila maika'i. Aloha pumehana pau'ole kako'o.*

"So I just want to say, Thank you, Mr. Speaker. And I rise in support and would like to also thank all of my colleagues in the House of Representatives in supporting this great bill. Today is a great day. Best wishes and lots of love to all of us. Aloha."

Representative Giugni rose to speak in support of the measure, stating:

"In strong support. I'd like to rise in strong support, and I'd like to insert the words of the Majority Leader, the Finance Chair and the Vice Chair of Water, Land, into the Journal as if they were my own.

"And as the newest Member of the House of Representative, I am extremely proud to be here, to be part of this historic moment and to have voted for this. Thank you, very much."

Representative Awana rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm still in strong support, and I ask that the words from the Chair of Finance, as well as the Chair of Hawaiian Affairs be entered into the Journal as if they were my own. Thank you," and the Chair "so ordered. (By reference only.)

The Chair addressed Representative Jordan, stating:

"The Chair would like to recognize Representative Jordan, if you would say a few words for Aunty Frenchy."

Representative Jordan rose, stating:

"Thank you, Mr. Speaker. One of my great mentors, is Aunty Frenchy Desoto who is no longer with us. But I know she is spiritually with us all. And she would probably be so proud today, that we are here at this moment. I too am a freshman, and witnessed a great step last year, and am very honored to be here for this next great step for our legislative process in our community, as well as our Native Hawaiian family.

"Frenchy was such a great guiding force in my community, as well as our islands and was known as the 'mother of OHA.' I believe we are all very proud of her and her strong stance for the Native Hawaiians. Everything I talk about, and everything I do, is from her. And I think she has helped guide me, and every other Committee that has heard this, and every other Member that has heard this, and given us all strength to be here on this Floor. I truly appreciate that you've asked me. Thank you, Mr. Speaker."

The Chair then addressed Representative Ward, stating:

"Thank you, very much. Representative Ward, on behalf of the Minority Caucus, I think you should share some *mana'o* about a woman who was a part of this House who led the charge also, and that is former Representative Kina'u Boyd Kamali'i."

Representative Ward rose, stating:

"Kina'u Boyd Kamali'i, Thank you, Mr. Speaker. She lives in our Caucus because some of the flags that are flying within the Caucus Room are the banners of hers from University Avenue. Kina'u Kamali'i. These *kupuna*, those who we bring to life again today are going to be so proud of what is going to come out of the future, because this is not just righting the past, but it's really a projection and a vision to the future.

"And the way that the Hawaiian Community has vetted this, this is why it didn't go in the past. Because it didn't seek the *mana'o* of everyone in the Hawaiian Community. This one, we have the approval. There's a few people who didn't approve, and did they show up today? I don't think so. But there is the future and the vision, as I said earlier. A destiny for the Hawaiian people, Mr. Speaker. And these heroes on whose shoulders we all stand is going to mark this day. A day in the sand, a day in the sky, a day in the annals of this Journal that will say, Hawaii is no longer going to be the same. Hawaii is a different place after today.

"Mr. Speaker, let us always remember that this is only a small debt of gratitude to the people of Hawaii. There are many more debts to be repaid in different ways, at different times, and different places. This is just simply something from 1978 to the present. So we have much to go. It's an honor to be there. And on behalf of the Minority, thank all of you for being a part of this, and including us, and going forward with us. Aloha."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2783, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC TRUST LANDS," passed Third Reading by a vote of 47 ayes, with Representatives Carroll, Herkes, Manahan and Wooley being excused.

ANNOUNCEMENTS

At 1:35 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:36 o'clock p.m.

Representative Jordan: "It is with a heavy heart that I ask for a moment of silence at an appropriate time, for the young family that was involved in a tragic accident this past Wednesday. With that tragic accident, a four year old lost his life, Ashton Brown. So at the appropriate time, Mr. Speaker, I would appreciate it. Thank you, very much."

Representative Hanohano: "Mahalo. It's been a long week, doing Hawaiian Caucus. Thank you for all of your contributions that have helped us with our successful week. On your desk is a small token of aloha from the Hawaiian Caucus. It is a pin. Mahalo."

Representative Ching: "Thank you, Mr. Speaker. I thought it was so wonderful that we had Historic Preservation Awareness Day on such a historic occasion. I think that all the activities here today were especially imbued with the spirit that we can all be proud of. I wanted to just thank all those that put it together. And also especially the Hawaiian Caucus and OHA and everyone who helped with this day. Thank you."

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS
(FLOOR PRESENTATIONS)

The following resolution (H.R. No. 193) was announced by the Clerk and the following action taken:

H.R. No. 193, entitled: "HOUSE RESOLUTION CONGRATULATING CHERYL AGCAOILI, DESIREA AGUINALDO-HELISHAM, RIA BALDEVIA, RADIANT CORDERO, KRISTIAN LEI, ZHOYDELL MAGAOAY, YVONNE MIDKIFF, MARGARET PASCUAL, GABRIEL TORNIO, AND ROUEL VELASCO FOR BEING RECOGNIZED AS THE TEN OUTSTANDING YOUNG FILIPINOS OF 2011," was jointly offered by Representatives Cullen and Aquino.

Representative Cullen moved that H.R. No. 193, be adopted, seconded by Representative Aquino.

Representative Cullen introduced the honorees seated on the Floor of the House:

Ms. Cheryl Agcoaili, a teacher at Fil4Kids, for teaching and perpetuating the Filipino language and culture, as well as instilling high moral and ethical standards in her students;

Ms. Desirea Aguinaldo-Halsham, Co-founder and Chief Executive Officer of One-Source, Inc., and the Outstanding Young Entrepreneur of the Year 2011-2012 by the Filipino Chamber of Commerce; and

Ms. Radiant Cordero, an intern with Vice Speaker Manahan, for her service to community and nurturing young leaders, instilling in them positive character development and leadership skills.

Representative Aquino introduced additional honorees seated on the Floor of the House:

Ms. Kristian Lei, international performing artist, educator and founder of Honolulu Broadway Babies, who has held leading roles in theatrical performances around the world;

Mr. Zhoydell Magaoay, a Student Services Coordinator and teacher at Farrington High School, for his dedicated service as a social worker;

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Pine and carried, the rules were suspended for the purpose of considering certain Senate Bills for Third Reading by consent calendar. (Representatives Carroll, Saiki and Wooley were excused.)

UNFINISHED BUSINESS

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1412-12) recommending that S.B. No. 2222, SD 2, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2222, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Belatti rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations, and just a brief comment. I understand the serious problem that this bill is trying to address, but I fear that this might be overly broad and criminalize such innocent behavior as taking a picture of a baby in a bubble bath and sending it to interested grandparents. So, because of that, I just want to register my reservations on this measure."

Representative McKelvey rose in support of the measure with reservations and asked that the remarks of Representative Belatti be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Pine rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine written remarks are as follows:

"I strongly support SB 2222, which would make it illegal for minors to electronically transmit nude pictures of themselves or other minors. The internet and other information technologies have added to our lives in a variety of ways; however, they have also created lurking dangers due to the nature of information technologies to rapidly transfer and disseminate materials. Our young people may find themselves in compromising situations if we don't send the message to them that the act of transferring nude images of minors is dangerous. We must take this opportunity to protect our youth from lurking dangers."

Representative Takumi rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. With reservations. My reservation is that obviously not about the sections with adults dealing with minors and these graphic images. My concern is for minors to minors. We all know kids do what kids do. And we may not like that kind of behavior, but I just find it kind of ironic that we can have two 17 year olds engage in sex with each other, and yet we're going to criminalize them sending pictures to each other. It just seems very odd to me. Thank you."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. I rise with strong, strong reservations and have similar comments. I wish to have the remarks from the Chair of Education as my own," and the Chair "so ordered." (By reference only.)

Representative Giugni rose in support of the measure with reservations and asked that the remarks of Representative Belatti be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Awana rose in support of the measure with reservations and asked that the remarks of Representatives Belatti and Takumi be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2222, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SEXUAL IMAGES PRODUCED

BY MINORS," passed Third Reading by a vote of 48 ayes, with Representatives Carroll, Saiki and Wooley being excused.

At 12:59 o'clock p.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 2222, SD 2, HD 1

REPORTS OF STANDING COMMITTEES

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented two reports:

(Stand. Com. Rep. No. 1414-12), recommending that H.R. No. 147, as amended in HD 1, be referred to the Committee on Finance; and

(Stand. Com. Rep. No. 1415-12), recommending that H.C.R. No. 190, as amended in HD 1, be referred to the Committee on Finance.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 147, HD 1; and H.C.R. No. 190, HD 1, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Ward rose to speak in support of both measures, stating:

"Mr. Speaker, Stand. Com. Nos. 1414 and 1415 are job creators, not job killers. It's exciting that in the beginning of industry in Hawaii it was whaling and sandalwood. And what I understand is taking place on the Big Island with millions of trees being planted. This can be a revival of agriculture, growing vertically. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 147, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE ESTABLISHMENT OF A TASK FORCE TO EXAMINE STATE REGULATION OF THE HARVESTING OF HAWAIIAN SANDALWOOD," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused; and

H.C.R. No. 190, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE ESTABLISHMENT OF A TASK FORCE TO EXAMINE STATE REGULATION OF THE HARVESTING OF HAWAIIAN SANDALWOOD," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented two reports:

(Stand. Com. Rep. No. 1416-12), recommending that H.R. No. 7, be referred to the Committee on Legislative Management; and

(Stand. Com. Rep. No. 1417-12), recommending that H.C.R. No. 9, be referred to the Committee on Legislative Management.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 7; and H.C.R. No. 9, be referred to the Committee on Legislative Management, seconded by Representative Evans.

Representative M. Lee rose to speak in support of both measures, stating:

"Mr. Speaker, on Stand. Com. Rep. Nos. 1416 and 1417, HR No. 7 and HCR No. 9. I'd like to insert written comments in support, and just mention that these Resos are the continuation of a bill that was requested by students at the University of Hawaii School of Nursing. They felt it was a very important issue to explore. Thank you."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in support of HCR 9 and HR 7, which requests the Auditor to conduct an impact assessment report pursuant to sections 23—51 10 and 23-52, Hawaii Revised Statutes, of the social and financial effects of mandating coverage for fertility preservation procedures for persons who are of reproductive age and have been diagnosed with cancer, and will undergo treatment that may adversely affect the person's fertility as further described by HB 2105 (Regular Session of 2012.)

"Each year approximately 140,000 people under the age for 45 are diagnosed with cancer and many are at risk for permanent infertility because of harsh cancer treatment. Most insurance companies do not consider assisted reproductive procedures prior to cancer treatment as a covered benefit resulting in high out-of-cost expenses. We need to do all we can to give cancer survivors an opportunity to build a family; an opportunity that might be unattainable due to the high costs of fertility preservations. The passage of these Resolutions is necessary to continue the discussion on how to best provide fertility preservation coverage. Therefore, I urge your support."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 7, entitled: "HOUSE RESOLUTION REQUESTING THE AUDITOR TO ASSESS THE SOCIAL AND FINANCIAL EFFECTS OF REQUIRING HEALTH INSURANCE COVERAGE FOR FERTILITY PRESERVATION PROCEDURES FOR PERSONS OF REPRODUCTIVE AGE WHO HAVE BEEN DIAGNOSED WITH CANCER AND WILL UNDERGO TREATMENT THAT MAY ADVERSELY AFFECT FERTILITY," was referred to the Committee on Legislative Management, with Representatives Carroll, Saiki, Ward and Wooley being excused; and

H.C.R. No. 9, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO ASSESS THE SOCIAL AND FINANCIAL EFFECTS OF REQUIRING HEALTH INSURANCE COVERAGE FOR FERTILITY PRESERVATION PROCEDURES FOR PERSONS OF REPRODUCTIVE AGE WHO HAVE BEEN DIAGNOSED WITH CANCER AND WILL UNDERGO TREATMENT THAT MAY ADVERSELY AFFECT FERTILITY," was referred to the Committee on Legislative Management, with Representatives Carroll, Saiki, Ward and Wooley being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1418-12), recommending that H.C.R. No. 183, be referred to the Committee on Legislative Management.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 183, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO PERFORM A FINANCIAL AND PERFORMANCE AUDIT OF THE DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS," was referred to the Committee on Legislative Management, with Representatives Carroll, Saiki, Ward and Wooley being excused.

Representative Nishimoto, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 1419-12), recommending that H.R. No. 146, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 146, entitled: "HOUSE RESOLUTION URGING UNIVERSITY OF HAWAII WEST OAHU TO ESTABLISH A GRADUATE-LEVEL INFORMATION ASSURANCE PROGRAM," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused.

Representative Nishimoto, for the Committee on Higher Education presented a report (Stand. Com. Rep. No. 1420-12), recommending that H.C.R. No. 189, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 189, entitled: "HOUSE CONCURRENT RESOLUTION URGING UNIVERSITY OF HAWAII WEST OAHU TO ESTABLISH A

GRADUATE-LEVEL INFORMATION ASSURANCE PROGRAM," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused.

Representatives Aquino and Souki, for the Committee on Public Safety & Military Affairs and the Committee on Transportation presented a report (Stand. Com. Rep. No. 1421-12), recommending that H.R. No. 171, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committees was adopted and H.R. No. 171, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF HOMELAND SECURITY TO EXTEND THE HOURS OF OPERATION OF THE TRANSPORTATION WORKER IDENTIFICATION CREDENTIAL ENROLLMENT CENTER ON OAHU AND TO OPEN A SECOND CENTER LOCATED AROUND THE PORT AREA OR WEST OF THE PORT AREA ON OAHU," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused.

Representative Aquino, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 1430-12), recommending that H.C.R. No. 216, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 216, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE UNITED STATES HOUSE OF REPRESENTATIVES ARMED SERVICES COMMITTEE AND SUBCOMMITTEE ON MILITARY PERSONNEL TO ACT FAVORABLY ON H.R. 2148 AND TO REPORT THE BILL TO THE UNITED STATES HOUSE OF REPRESENTATIVES FOR FURTHER ACTION," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused.

Representative Aquino, for the Committee on Public Safety & Military Affairs presented two reports:

(Stand. Com. Rep. No. 1431-12), recommending that H.R. No. 87, be referred to the Committee on Judiciary; and

(Stand. Com. Rep. No. 1432-12), recommending that H.C.R. No. 115, be referred to the Committee on Judiciary.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 87; and H.C.R. No. 115, be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative Johanson rose to speak in support of both measures with reservations, stating:

"Thank you, Mr. Speaker. I wish to speak with reservations on Stand. Com. Rep. Nos. 1431 and 1432. Thank you, and just brief comments. I think the Resolutions introduced had a very worthy intent here which is why I'm still voting in support with reservations. I don't think anyone in the Body would like to have indefinite detention of American citizens and their respective abridgement of constitutional rights or their civil liberties.

"What I am unclear about, and I think because it is unclear on the national level, is the nexus with the protection of national security. That's still a dialogue that's ongoing at the federal level. And because of that, and because of the Resolutions are calling for the repeal of sections 1021 and 1022, I'm just unsure of the potential adverse consequence, should that ultimately be the case at the federal level. So with that, I do want to honor the intent of the Resolutions and support it. I do want to support it, but I did want to express some reservations. Thank you."

Representative Fontaine rose in support of both measures with reservations and asked that the remarks of Representative Johanson be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Pine rose in support of both measures with reservations and asked that the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ching rose in support of both measures with reservations and asked that the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Marumoto rose in support of both measures with reservations and asked that the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Souki rose to speak in opposition to both measures, stating:

"Yes, Mr. Speaker. I'm a veteran also, and I would want to declare a no vote for these measures here. Because the world situation as it is now, I think it's impossible to determine a time and date when hostilities will end. Thank you, very much."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him on both measures, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 87, entitled: "HOUSE RESOLUTION URGING THE UNITED STATES CONGRESS TO REPEAL THE MANDATORY MILITARY DETENTION AND INDEFINITE DETENTION PROVISIONS OF THE NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2012 AND AMEND THE AUTHORIZATION FOR USE OF FORCE," was referred to the Committee on Judiciary, with Representative Souki voting no, and with Representatives Carroll, Saiki, Ward and Wooley being excused; and

H.C.R. No. 115, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE UNITED STATES CONGRESS TO REPEAL THE MANDATORY MILITARY DETENTION AND INDEFINITE DETENTION PROVISIONS OF THE NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2012 AND AMEND THE AUTHORIZATION FOR USE OF FORCE," was referred to the Committee on Judiciary, with Representative Souki voting no, and with Representatives Carroll, Saiki, Ward and Wooley being excused.

Representative Aquino, for the Committee on Public Safety & Military Affairs presented two reports:

(Stand. Com. Rep. No. 1433-12), recommending that H.R. No. 13, be referred to the Committee on Finance; and

(Stand. Com. Rep. No. 1434-12), recommending that H.C.R. No. 19, be referred to the Committee on Finance.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 13; and H.C.R. No. 19, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Pine rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Pine's written remarks are as follows:

"I strongly support HR 13 and HCR 19, which urges the United States Department of Veterans Affairs and the Hawaii Office of Veteran Services to focus on developing programs to address the needs of women returning from war. I am proud to stand up for our service women because they have been incredibly brave risking their lives to protect our country and values. It is essential that these women are welcomed home from the trials of war with programs that address their specific needs. With fifteen percent of veterans being women and an absence of programs which support their specific challenges, the need to create a support network for them has never been stronger.

"This is why I strongly support HR 13 and HCR 19, which urges the United States Department of Veterans Affairs and the Hawaii Office of Veteran Services to make developing programs to address the needs of women returning from war a priority."

Representative Cabanilla rose to disclose a potential conflict of interest, stating:

"May I have a ruling on a potential conflict, Mr. Speaker? I'm a woman and I'm a veteran," and the Chair ruled, "no conflict."

Representative Cabanilla continued to speak in support of both measures, stating:

"I also would like to say that, woman veterans do have special needs. Yes, in strong support. Thank you."

Representative Marumoto rose in support of both measures and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Marumoto's written remarks are as follows:

"Mr. Speaker I rise in strong support of these Resolutions. Women, as well as men have served our country faithfully since the Revolutionary War. Women are currently the fastest growing population within the veteran's community, making up nearly 10% of the veteran population. In Hawaii, we have over 11,000 women veterans.

"These women veterans have fought side by side with their brothers in arms and experienced the same struggles and problems that many veterans face upon returning home from service. However, our women soldiers have different needs and they are currently not being addressed. A person familiar with women vets sees a huge need for dental services. And though not an expert in problems faced by women veterans, I have communicated with one military psychiatrist. Apparently there are many unmet needs of women vets, but there is apparently a gulf in knowledge on how women differ from men in dealing with many issues such as PTSD. Men may be more prone to acting out while women tend to react internally exhibiting fear, irritability, depression and other symptoms that adversely affect spouses and children.

"And while there are many residential facilities for men, I understand there may be only one for women, and that one may pertain only to issues arising from sexual assault and child molestation. If research studies were conducted it would show a lack of hospital and residential programs, as well as community programs.

"Let's show our appreciation to all those who have served in uniform and need our help!"

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 13, entitled: "HOUSE RESOLUTION URGING THE UNITED STATES DEPARTMENT OF VETERANS AFFAIRS AND THE HAWAII OFFICE OF VETERANS SERVICES TO DEVELOP COMPREHENSIVE PROGRAMS AND SERVICES TO ADDRESS THE NEEDS OF WOMEN VETERANS," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused; and

H.C.R. No. 19, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE UNITED STATES DEPARTMENT OF VETERANS AFFAIRS AND THE HAWAII OFFICE OF VETERANS SERVICES TO DEVELOP COMPREHENSIVE PROGRAMS AND SERVICES TO ADDRESS THE NEEDS OF WOMEN VETERANS," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused.

Representative Aquino, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 1435-12), recommending that H.R. No. 56, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 56, entitled: "HOUSE RESOLUTION REQUESTING THE OFFICE OF VETERANS SERVICES TO CONVENE A VETERANS' SUMMIT IN EACH OF THE VARIOUS COUNTIES AND A STATEWIDE SUMMIT TO DEVELOP AND PROMOTE COLLABORATION AMONG THE PUBLIC AND PRIVATE ENTITIES THAT PROVIDE SERVICES TO VETERANS," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused.

Representative Aquino, for the Committee on Public Safety & Military Affairs presented two reports:

(Stand. Com. Rep. No. 1436-12), recommending that H.R. No. 157, be referred to the Committee on Finance; and

(Stand. Com. Rep. No. 1437-12), recommending that H.C.R. No. 203, be referred to the Committee on Finance.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 157; and H.C.R. No. 203, be referred to the Committee on Finance, seconded by Representative Evans.

Representative McKelvey rose to speak in support of both measures, stating:

"Mr. Speaker, I just would like to speak in strong support for Stand. Com. Nos. 1436 and 1437, and would like permission to enter written comments into the Journal. And just a brief verbal comment. This is very long overdue. And considering what has happened in the past, which our former colleague from Kahului has reminded us in the past, this is really important. So again, thank you, Mr. Speaker."

Representative McKelvey's written remarks are as follows:

"The Pu'unene region, a former sugar plantation area, includes large tracts of public lands, lands owned by the Department of Hawaiian Home Lands and lands set-aside to the Maui County. Several State agencies (including the Department of Public Safety, Department of Land and Natural Resources, Department of Hawaiian Home Lands, and the Department of Accounting and General Services) along with Maui County have been actively working together to coordinate the planning and future development of these public lands, including the proposed Maui Regional Public Safety Complex at Pu'unene, Maui. I strongly support HR 157/HCR203 that requests the Department of Public Safety to enter into a public-private partnership agreement for the planning, design, construction, turnkey, and financing of a new Maui Regional Public Safety Complex at Puunene, Maui.

"The Department of Public Safety holds as part of their mission the assurance of the safety of Hawaii's communities through the provision of correctional services with professionalism, integrity and fairness. I also acknowledge that many of the State's inmates are Native Hawaiian and I support their need for family support as a means of rehabilitation and integration back into society. Returning incarcerated persons from the mainland benefits the economic and societal concerns of Hawaii's citizens.

"The addition of the Maui Regional Public Safety Complex at Pu'unene would replace the aging Maui Community Correctional Center and provide care and custody of both jail and prison inmates while expanding on its present capabilities. The complex will bring much needed infrastructure to this region. With the road and water infrastructure, the development of agricultural lots, as well as commercial and industrial parcels become possible which can create much needed jobs to the area.

"Alternative financing methods should be encouraged especially during a time when the State must exercise economic prudence. These efforts will directly benefit the public, provide an economic stimulus to the local economy, and enable an expedited construction of the project. It should be noted that such financing agreements have been used by the State for other projects as an alternative mechanism through which much needed public facilities may be constructed without having to provide the funding upfront. Looking to the future, the new Maui Regional Public Safety Complex will not only alleviate the overcrowding and need for modernization at the Maui Community Correctional Center it will also meet the future growth of the inmate population."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 157, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF PUBLIC SAFETY TO ENTER INTO A PUBLIC-PRIVATE PARTNERSHIP AGREEMENT FOR THE PLANNING, DESIGN, CONSTRUCTION, TURNKEY, AND FINANCING OF A NEW MAUI REGIONAL PUBLIC SAFETY COMPLEX AT PUUNENE, MAUI," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused; and

H.C.R. No. 203, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF PUBLIC SAFETY TO ENTER INTO A PUBLIC-PRIVATE PARTNERSHIP AGREEMENT FOR THE PLANNING, DESIGN, CONSTRUCTION, TURNKEY, AND FINANCING OF A NEW MAUI REGIONAL PUBLIC SAFETY

COMPLEX AT PUUNENE, MAUI," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused.

Ay 1:08 o'clock p.m., Representative Takai requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:10 o'clock p.m.

Representative Aquino, for the Committee on Public Safety & Military Affairs presented two reports:

(Stand. Com. Rep. No. 1438-12), recommending that H.R. No. 170, be referred to the Committee on Finance; and

(Stand. Com. Rep. No. 1439-12), recommending that H.C.R. No. 219, be referred to the Committee on Finance.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 170; and H.C.R. No. 219, be referred to the Committee on Finance, seconded by Representative Evans.

Representative McKelvey rose in support of both measures and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative McKelvey's written remarks are as follows:

"The Narcotics Enforcement Division of the Department of Public Safety serves and protects the public by enforcing State laws pertaining to controlled substances and protects the public by enforcing State laws pertaining to controlled substances and regulated chemicals. They are responsible for the registration and control of the manufacture, distribution, prescription, and dispensing of controlled substances and precursor or essential chemicals within the State.

"The Narcotics Enforcement Division has recently provided written notification to veterinarians that compulsory reporting to them would commence on January 31, 2012. This Division oversees the Electronic Prescription Accountability System that was established by the Uniform Controlled Substances Act (Chapter 329, Hawaii Revised Statutes). Having never been required to comply with the Electronic Prescription Accountability System the veterinarians have voiced concern about the impact that this process would have on their practices fiscally and otherwise. I find that it would be reasonable to allow veterinarians to use a simplified reporting system for drugs prescribed, given the different nature of their practice as compared to that of the pharmacies.

"By having the Department of Public Safety develop a simplified version of the Electronic Prescription Accountability System for veterinarians perhaps these small businesses will be able to better transition into the new procedures without damaging their business. This measure also provides a reasonable period of time after the Department has developed the simplified version before the veterinarians are compelled to commence their reporting under the system.

"The prescribed drugs used in a veterinary practice and the dosages used are in many cases different from those used by humans. In the creation of a simplified version of the reporting system the Department of Public Safety may also benefit as they will be able to track these drugs under this system with an acumen of the amounts used in the typical veterinary practice. Finally, this measure informs the Governor, Senate President, House Speaker, Director of Commerce and Consumer Affairs, and the President of the Executive Board of the Hawaii Veterinary Medical Association prior to the 2013 Regular Session by the Department of Public Safety on the status of the progress made in developing and implementing the simplified version of the electronic prescription accountability system."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 170, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF PUBLIC SAFETY TO DEVELOP A SIMPLIFIED REPORTING SYSTEM FOR

VETERINARIANS TO COMPLY WITH PART VIII OF CHAPTER 329, HAWAII REVISED STATUTES, PERTAINING TO THE ELECTRONIC PRESCRIPTION ACCOUNTABILITY SYSTEM," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused; and

H.C.R. No. 219, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF PUBLIC SAFETY TO DEVELOP A SIMPLIFIED REPORTING SYSTEM FOR VETERINARIANS TO COMPLY WITH PART VIII OF CHAPTER 329, HAWAII REVISED STATUTES, PERTAINING TO THE ELECTRONIC PRESCRIPTION ACCOUNTABILITY SYSTEM," was referred to the Committee on Finance, with Representatives Carroll, Saiki, Ward and Wooley being excused.

Representative Aquino, for the Committee on Public Safety & Military Affairs presented two reports:

(Stand. Com. Rep. No. 1440-12) recommending that H.R. No. 64, be adopted; and

(Stand. Com. Rep. No. 1441-12) recommending that H.C.R. No. 92, be adopted.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 64; and H.C.R. No. 92, be adopted, seconded by Representative Evans.

At this time, the Chair addressed Representative Fontaine, stating:

"Representative Fontaine, what is the motion before this Body? It is a motion for ... Got it. For Adoption, now. This is not being referred to a Committee, but for it is for Adoption."

Representative Souki rose to speak in opposition to both measures, stating:

"Yes, Mr. Speaker. I wish to vote nay on these measures. That's Stand. Com. Report Nos. 1440 and 1441. I make one mistake and I have to be reminded now all the time. I'm only kidding.

"Mr. Speaker, I wish to vote nay because I believe that the veterans don't need a flag of their own. Most of the veterans served under the different flags of their regiments, and that is the flag that they should remember. The flag that they served and fought under. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 64, entitled: "HOUSE RESOLUTION URGING THE PRESIDENT AND CONGRESS OF THE UNITED STATES TO ADOPT THE VETERANS REMEMBERED FLAG," was adopted, with Representative Souki voting no, and with Representatives Carroll, Saiki and Wooley being excused; and

H.C.R. No. 92, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE PRESIDENT AND CONGRESS OF THE UNITED STATES TO ADOPT THE VETERANS REMEMBERED FLAG," was adopted, with Representative Souki voting no, and with Representatives Carroll, Saiki and Wooley being excused.

Representative Aquino, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 1442-12) recommending that H.R. No. 80, be adopted.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 80, entitled: "HOUSE RESOLUTION URGING CONGRESS TO CREATE A SEPARATE BRANCH OF THE UNITED STATES ARMED FORCES TO COMBAT CYBER CRIMES, CYBER WARFARE, AND CYBER TERRORISM," was adopted, with Representatives Carroll, Saiki and Wooley being excused.

Representative Aquino, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 1443-12) recommending that H.C.R. No. 109, be adopted.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 109, entitled: "HOUSE CONCURRENT RESOLUTION URGING CONGRESS TO CREATE A SEPARATE BRANCH OF THE UNITED STATES ARMED FORCES TO COMBAT CYBER CRIMES, CYBER WARFARE, AND CYBER TERRORISM," was adopted, with Representatives Carroll, Saiki and Wooley being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1444-12) recommending that S.B. No. 2698, SD 1, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2698, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE INFORMATION PRIVACY AND SECURITY COUNCIL," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Carroll, Saiki and Wooley being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1445-12) recommending that S.B. No. 2419, SD 2, HD 2, as amended in HD 3, pass Third Reading.

By unanimous consent, consideration of Stand. Com. Rep. No. 1445-12 on S.B. No. 2419, SD 2, HD 3, was deferred and in accordance with Article III, Section 15 of the Constitution of the State of Hawaii, printed copies of S.B. No. 2419, SD 2, HD 3, were made available to the Members of the House.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1446-12) recommending that S.B. No. 2221, SD 1, as amended in HD 1, pass Third Reading.

By unanimous consent, consideration of Stand. Com. Rep. No. 1446-12 on S.B. No. 2221, SD 1, HD 1, was deferred and in accordance with Article III, Section 15 of the Constitution of the State of Hawaii, printed copies of S.B. No. 2221, SD 1, HD 1, were made available to the Members of the House.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1447-12) recommending that S.B. No. 2871, SD 1, HD 1, as amended in HD 2, pass Third Reading.

By unanimous consent, consideration of Stand. Com. Rep. No. 1447-12 on S.B. No. 2871, SD 1, HD 2, was deferred and in accordance with Article III, Section 15 of the Constitution of the State of Hawaii, printed copies of S.B. No. 2871, SD 1, HD 2, were made available to the Members of the House.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1448-12) recommending that S.B. No. 2518, SD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2518, SD 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR AND OTHER VEHICLES," passed Third Reading by a vote of 48 ayes, with Representatives Carroll, Saiki and Wooley being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1449-12) recommending that S.B. No. 2971, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2971,

entitled: "A BILL FOR AN ACT RELATING TO VEHICLES," passed Third Reading by a vote of 48 ayes, with Representatives Carroll, Saiki and Wooley being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1450-12) recommending that S.B. No. 3039, SD 1, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 3039, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Jordan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations, please. And as this measure moves forward, hopefully we can tighten up the verbiage on this measure to be more descriptive."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you Mr. Speaker. In support on Stand. Com. Report No. 1450-12. Mr. Speaker, it was somewhat troubling to hear the testimony from some of the advocates, who clearly indicated that there has not been one transplant, organ transplant, to a person who was HIV positive. We found it quite troubling. The Department of Health could not confirm that. Nevertheless, in the State of Hawaii, to date, we do not have one known case of an HIV person getting an organ transplant.

"Also concerning was that on the mainland, this has been occurring for 16 years. I think it might be illegal discrimination based on one's handicap status. So for those reasons, I support this measure. Thank you, Mr. Speaker."

Representative Fontaine rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I just had slight reservations and the reason why is that I completely support the bill, but I was concerned about the defective date that was placed on it. And that's why I voted with reservations in the Committee. It has a defective date of July 1, 2050."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3039, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ANATOMICAL TRANSPLANTS," passed Third Reading by a vote of 48 ayes, with Representatives Carroll, Saiki and Wooley being excused.

At 1:18 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2518, SD 1
S.B. No. 2971
S.B. No. 3039, SD 1, HD 1

THIRD READING

S.B. No. 2247, SD 2, HD 1:

Representative Chong moved that S.B. No. 2247, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. On S.B. 2247, I wish to speak with strong reservations. Even though I realize the need of an emergency coming about, and there could be a need for looking into personal communication, and electronic communication. But I'm afraid as this moves along, that it will broaden what constitutes an emergency. It will have kind of the shadow of Big Brother, which is similarly, within the bill overtaking us every day. Thank you, very much."

The motion was put to vote by the Chair and carried, and S.B. No. 2247, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Third Reading by a vote of 48 ayes, with Representatives Carroll, Saiki and Wooley being excused.

At 1:20 o'clock p.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 2247, SD 2, HD 1

ANNOUNCEMENTS

Representative Awana: "Thank you, Mr. Speaker. Last year, the Members of this Body had the foresight to pass H.R. 212, and H.C.R. 249 to establish a sister relationship with Morocco. I'm pleased to announce that this afternoon, Governor Abercrombie along with Mr. M. Bouamor Taghouan, President of the Rabat-Sale-Zemmour-Zaer Region Council, Kingdom of Morocco, signed into a sister relationship with each other.

"So I just wanted to congratulate you, Mr. Speaker, as well as the Members of this Body in hopes that we can bridge friendships, relationships, as well as understandings in the area of economic development, education, and other areas to another part of the country. Thank you."

Representative Takai: "Thank you, Mr. Speaker. A few days ago, we had a very unique and special ceremony in this Chamber. We recognized the families of fallen service members. And I recall, Mr. Speaker, the time that you and I met in 2005 in your office, and we talked a little bit about this concept. I can remember two things about that very first meeting. The first one is, that I don't think you and I thought that we would still be here doing this. And the second one is, I don't think that we would have anticipated how much of a profound impact that we've had on these families. We hear it almost daily, how much they appreciate our efforts from the State of Hawaii.

"So, Mr. Speaker, I wanted to thank you for not only giving me the opportunity to introduce and shepherd that bill through the Legislature, but for giving me the opportunity to, once again, coordinate this year's Hawaii Medal of Honor Ceremony, as well as the preparation prior. But it took many, many people, and I'd like to, at this time, with your indulgence, acknowledge some of them. Thank you, Mr. Speaker.

"I'd first like to thank all of our staff here and in the Senate: House Chief Clerk CJ Leong and her staff, Senate Chief Clerk Carol Taniguchi and her staff, House Sergeant-at-Arms Kevin Kuroda and his staff, Senate Sergeant-at-Arms Ben Villaflor and his staff, and Joan, House Majority Office and her staff.

"I wanted to recognize the Planning Committee, namely Senate President Shan Tsutsui and Ross Tsukenjo; you Mr. Speaker, and Calvin Azama; Senator Will Espero, and Marlene Uesugi; Representative Henry Aquino, and Maureen Andrade. In addition, we got support from Major General Darryll Wong, Brigadier General Joseph Kim, and Eleanor Thommes.

"We also had a beautiful reception following the ceremony, and I wanted to thank Maureen Andrade and Representative Aquino for coordinating this effort. A big *mahalo* also goes to Denise Liu from the House Clerk's staff that coordinated the check-in table. In addition, Reyna Kaneko and the Girl Scouts Council of Hawaii for their gifts of Girl Scout cookies distributed to each family member being honored. I also wanted to thank our Members who were hosts of these families. The pairing of legislators with families enhanced and really helped them.

"Special thanks also to Tammy Tengan from the House Print Shop for the beautiful programs and certificates signed by every Member of this Legislature. This certificate accompanies every single medal and is appreciated by the families that received them.

"We did get a lot of support and assistance from the military, and I wanted to recognize Elisia Lukasik from the U.S. Pacific Command who

helped us coordinate the Ceremony's participants, and Leighton Siu who helped with protocol.

"I also want to mention some of the individuals who helped throughout the year in identifying those that we recognize. From the Army, we had Kole Miller, Chief of Protocol and Ernestine Pratt, Chief of the Army Casualty Affairs Office. From the Marines we had Peter Swainson, and from the Navy, we had Agnes Tauyan from the Navy Public Affairs Office.

"In addition, Mr. Speaker, as all of you noticed, the Medal itself is beautiful and I wanted to once again thank Sergeant First Class Aaron Pollock from the Hawaii National Guard who came up with the initial design, which has come to symbolize much more than the medal itself.

"But with that, a lot of other people participated, namely Point Emblems, who minted the medal this year. We had Kent Untermann and Valerie Wang from Pictures Plus who did the assembling and framing. Rose Lee from Rose Lee's Alteration, who helped sew the ribbons. And Ty and Cindy Tamanaha from Awardline who helped with the personalized plaques.

"In addition, I'd like to acknowledge those who helped us enrich the experiences of the family who traveled here to attend the event. We worked very closely with the Pearl Harbor Historic Sites, the USS Bowfin Submarine Museum, the Battleship Missouri Memorial, The Pacific Aviation Museum, Pearl Harbor, and the World War II Valor in the Pacific National Monument, and they came through with support for the families. The Hale Koa Hotel, the Polynesian Cultural Center, Aloha Diners Club, and Morris Visitor Publications came through as well. We worked specifically with the Hawaii Hotel and Lodging Association to provide discounted hotel rates at participating hotels for the families. All of these organizations and entities help us, as we help the families, and made this a very special visit to Hawaii.

"Many people have asked about the 'Ōlelo broadcast and I want to make mention again, Mr. Speaker, that Capitol TV will be graciously providing all of us, as well as each family with a DVD, both present and not present, and they will be providing this to others as well.

"As we know as Representatives, Mr. Speaker, it takes much work to bring success not only to us, but also to these Chambers and the districts that we represent. I wanted to, as I have done in the past, recognize my staff, Lisa Vargas Omo, Jennifer Higa, April Pope and Robert Wojcik from my staff.

"You know, Mr. Speaker, we started this in 2005. And I just wanted to make mention that just a few days ago, we found out that Ohio became the fourth state to create a Medal of Honor. So for now, there are four of us, Hawaii, Alaska, New Hampshire and Ohio, who have honored the sons and daughters of their states and recognized them as we do in Hawaii.

"This medal went and continues to go to families with Hawaii ties. And so far, as of December 31st, 2011, a total of 308 medals have been awarded. Unfortunately, however, the list continues to grow and we will be having another ceremony next year. So, Mr. Speaker, at this time, I'd like to ask you and the Members of this House to recognize those that I mentioned before, and if we could give them a round of applause. Thank you, Mr. Speaker."

Speaker Say: "Madame Clerk, on the Medal of Honor program that the Members of the House received, can you include the acknowledgements of those individuals that are on the program, including the Planning Committee. Also a special acknowledgement to Representative Takai and his Office Manager, Lisa Vargas Omo. And also her son who did the conch shell."

[Note: A copy of the Medal of Honor Program has been included in the Journal for the 40th Day.]

Representative Ching: "Mr. Speaker, I just didn't know if this could be done, but a request to acknowledge, that I think that the Representative from Pearl City, who's idea this was. He's done so much work on this, and

I think it just really reflects so well on this Chamber. This Medal of Honor. It's been one of the greatest memories that I have of this Chamber. I was wondering if we could give that Representative a round of applause, please."

Representative C. Lee: "Thank you, Mr. Speaker. I just wanted to announce today, and actually I thank one of our colleagues for reminding me, that this particular month is Sexual Assault Awareness Month. 1 in 7 women, and 1 in 71 men here in Hawaii will find themselves the victim of rape at some point in our lifetime. And putting it in the context of the Legislature, out of the 76 of us, that would mean that 4 women and 1 male legislator would find themselves in the same situation. So just to keep that in mind. Thank you."

Representative Jordan: "Yes, Mr. Speaker. As requested last week, may we have a moment of silence for Ashton Brown who passed away last week Wednesday due to a tragic accident in Makaha. Thank you."

At this time, the Members of the House of Representatives stood for a moment of silence in honor of 3-year-old Ashton Brown and the members of the Brown family who were involved in a hit-and-run car accident last Wednesday.

COMMITTEE ASSIGNMENTS

Representative Ching honored Senator Akaka for embodying all that is great about old Hawaii.

Representative Giugni shared that Senator Akaka was a gift, not just to Hawaii, but to the world, and that his aloha was a true expression of who we are as a people; and offered her personal gratitude to Auntie Millie and the Akaka family for allowing him to serve the people of Hawaii.

Representative Souki told of how, many years ago, the Senator and Mrs. Akaka were so gracious as they welcomed and hosted him and many friends at the 'Akaka Hilton' in Washington D.C.

Representative Belatti thanked the Senator for his mentorship and leadership in the early years of her political career as she served as an intern in his Washington D.C. Office.

Representative Ward offered his personal thanks to the Senator for his kindness and care shown toward his family, and especially his daughter.

Representative Kawakami honored Senator and Mrs. Akaka for their unconditional love and aloha, and to the staff who went out of their way to offer their hospitality, care and aloha.

Representative Tokioka shared that when you think of honor and aloha, two names come to mind: Senator Akaka and former Representative Ezra Kanoho – both Native Hawaiians who shared their gift of aloha with all.

Representative Johanson told of how as a Senate Youth Scholar in 1998, he was honored that his Senator took the time to talk to him and the many other delegates in that program, and was touched by his willingness to care for and nurture the next generation of leaders.

Representative Marumoto shared how Senator Akaka was so gracious in meeting with her and was generous with his time; and wished him much health and happiness in his retirement.

Representative C. Lee, on behalf of his friend, Mr. John McCarthy who worked on the Senator's first campaign, thanked the Senator for his legacy and wished him and Mrs. Akaka the best.

Representative McKelvey offered his gratitude to the Senator for his care and knowledge of the people of Hawaii.

The motion was put to vote by the Chair and carried, and H.R. No. 196, was adopted, with Representative Carroll being excused.

At 12:52 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

Representative McKelvey rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative McKelvey's written remarks are as follows:

"A trip to Hana is said to revitalize many local residents from the city life on the other side of the Island. The natural beauty of the Hana District takes you back in time and gives you an idea of what the rest of Maui was like 30 years ago. Isolated and unspoiled: Hana is often referred to as Maui's "Last Hawaiian Place."

"Untouched by the major developments of the other side of the Island, the Hana community has managed to perpetuate the small town atmosphere, Hawaiian culture and most of all, its natural scenic beauty to such a degree that it makes the entire State of Hawaii a worldwide destination. However, its isolation comes with some obstacles. The Hana District has one of the poorest health profiles in Hawaii and is federally designated as a medically underserved community.

"Hana Health is a federally qualified health center that provides health care services to the people of the Hana District, regardless of their ability to pay. They operate on leased land from the State. The Department of Land and Natural Resources has interpreted the use provision in Hana Health's land lease to prohibit income generating activities and certain ancillary programs offered by Hana Health. The Department of Land and Natural Resources' restrictive interpretation of Hana Health's land Lease is not supported by the language, Hana Health's articles of incorporation, or State or federal law.

"The mission of Hana Health is to improve the health and wellness of the Moku (district) of Hana, Maui, particularly among Native Hawaiians and those who are underserved due to financial, cultural and geographic barriers. The Department of Land and Natural Resources' interpretation of the land lease inhibits Hana Health's efforts to become self-sustaining and less reliant on public funds. I find that it is in the best interest of the State that the Department of Land and Natural Resources is requested to expand its interpretation of the use provision in Hana Health's land lease to include income generating activities and ancillary programs as permissible uses."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 168, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO EXPAND ITS INTERPRETATION OF THE USE PROVISION IN HANA HEALTH'S LAND LEASE," was referred to the Committee on Finance, with Representatives Cabanilla, Carroll, Mizuno and Thielen being excused.

Representative Chong moved that the report of the Committee be adopted, and that H.C.R. No. 99, HD 1, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Marumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'd like to speak in favor of Stand. Com. Rep. 1486 and H.C.R. No. 99, HD 1, regarding the DNA rape kits. I always stand in favor of utilizing technology to solve crimes. When, and if, we enact legislation to collect DNA of arrestees of certain felonies, we will then be able to match these samples with those from these rape kits, much sooner. Then we'll be able to catch more perpetrators, and do that much sooner, and thus prevent more rapes and sexual abuse. Thank you, very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 99, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF THE ATTORNEY GENERAL TO WORK WITH STAKEHOLDERS AND APPROPRIATE AGENCIES TO CREATE AN EFFICIENT TRACKING METHOD FOR DEOXYRIBONUCLEIC ACID (DNA) RAPE KITS," was referred to the Committee on Finance, with Representatives Cabanilla, Carroll, Mizuno and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1488-12), recommending that H.C.R. No. 161, as amended in HD 1, be referred to the Committee on Finance.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 161, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE CHIEF ELECTIONS OFFICER TO CONVENE A VOTER PARTICIPATION TASK FORCE ON VOTER REGISTRATION AND VOTER TURNOUT IN HAWAII," was referred to the Committee on Finance, with Representatives Cabanilla, Carroll, Mizuno and Thielen being excused.

Representative Awana, for the Committee on International Affairs presented two reports:

(Stand. Com. Rep. No. 1489-12), recommending that H.R. No. 107, as amended in HD 1, be referred to the Committee on Finance; and

(Stand. Com. Rep. No. 1490-12), recommending that H.C.R. No. 145, as amended in HD 1, be referred to the Committee on Finance.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 107, HD 1; and H.C.R. No. 145, HD 1, be referred to the Committee on Finance, seconded by Representative Evans.

Representative McKelvey rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker, on Stand. Com. Nos. 1489-12 and 1490-12, I would like a ruling on a potential conflict. Our family has done business with Bali, Indonesia for forty years," and the Chair ruled, "no conflict."

Representative McKelvey continued to speak in support of both measures, stating:

"Thank you, very much. In strong support. Thank you, Mr. Speaker."

Representative Ward rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, also a potential conflict. I'm a member of the Hawaii-Indonesian Chamber of Commerce," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 107, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE GOVERNOR OF THE STATE OF HAWAII AND THE HAWAII SISTER-STATE COMMISSION TO APPROVE THE ESTABLISHMENT OF A SISTER-STATE RELATIONSHIP BETWEEN THE STATE OF HAWAII AND THE PROVINCE OF BALI, INDONESIA," was referred to the Committee on Finance, with Representatives Cabanilla, Carroll, Mizuno and Thielen being excused; and

H.C.R. No. 145, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR OF THE STATE OF HAWAII AND THE HAWAII SISTER-STATE COMMISSION TO APPROVE THE ESTABLISHMENT OF A SISTER-STATE RELATIONSHIP BETWEEN THE STATE OF HAWAII AND THE PROVINCE OF BALI, INDONESIA," was referred to the Committee on Finance, with Representatives Cabanilla, Carroll, Mizuno and Thielen being excused.

Representative Awana, for the Committee on International Affairs presented a report (Stand. Com. Rep. No. 1491-12), recommending that H.C.R. No. 50, as amended in HD 1, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that H.C.R. No. 50, HD 1, be referred to the Committee on Finance, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure, stating:

"On Stand. Com. Rep. Nos. 1491 and 1492, in strong support, and written comments, please. The legacy of the Koreans is very strong in my District. Particularly through the St. Luke's Episcopal Church, and the Korean Christian Church. They were very important to Dr. Syngman Rhee, a great leader. Thank you."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in strong support of H.C.R. 50 which appropriately signifies the legacy of Dr. Syngman Rhee, the Harvard graduate is known for being a staunch advocate of free and open elections and led early Korean movements for freedom from foreign occupying forces. His political manifesto "The Spirit of the Manifesto" was well regarded as the Korean bible of independence. Rhee's work and steadfast political movements saw his imminent exile to Hawaii as his talk of independence that betrothed Koreans put his life in danger. It is largely because of Rhee and his activism in Hawaii that Korea eventually staved off communism and drudgery and became one the most prosperous nations in all of Asia. Similarly, it is largely because of President Abraham Lincoln, a founding father of the Republican Party that all Americans enjoy freedom.

"However, for years now I have conveyed his importance to Korean history, as well as that of the Korean Christian Church numerous times on my Heritage Tours. It has been my belief that the Korean Christian

Church equally deserves such recognition. In fact, our office drafted a comparable resolution for the Korean Christian Church this session. Unfortunately due to the newly-imposed five resolutions limit, we were unable to submit the measure. Both the Korean Christian Institute and the Korean Christian Church, founded by Rhee, are exemplary of the foundation left by Rhee and the Koreans. It is my hope that the Korean Christian Church will be honored as well when the time comes. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 50, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO RECOGNIZE LOCAL KOREANS BY DIRECTING THE PLACEMENT OF A COMMEMORATIVE PLAQUE DESIGNATING THE FORMER SITE OF THE KOREAN CHRISTIAN INSTITUTE," was referred to the Committee on Finance, with Representatives Cabanilla, Carroll, Mizuno and Thielen being excused.

Representative Awana, for the Committee on International Affairs presented a report (Stand. Com. Rep. No. 1492-12), recommending that H.C.R. No. 51, as amended in HD 1, be referred to the Committee on Finance.

Representative Chong moved that the report of the Committee be adopted, and that H.C.R. No. 51, HD 1, be referred to the Committee on Finance, seconded by Representative Evans.

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Pine and carried, the rules were suspended for the purpose of considering certain Senate Bills for Third Reading by consent calendar. (Representatives Cabanilla, Carroll, Mizuno and Thielen were excused.)

REPORTS OF STANDING COMMITTEES

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1506-12) recommending that S.B. No. 1500, HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1500, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ANATOMICAL GIFTS," passed Third Reading by a vote of 48 ayes, with Representatives Carroll, Mizuno and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1507-12) recommending that S.B. No. 2650, SD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2650, SD 1, entitled: "A BILL FOR AN ACT RELATING TO PROMOTION OF CONTROLLED SUBSTANCES," passed Third Reading by a vote of 48 ayes, with Representatives Carroll, Mizuno and Thielen being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1508-12) recommending that S.B. No. 2229, SD 2, HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2229, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO VACCINATIONS," passed Third Reading by a vote of 48 ayes, with Representatives Carroll, Mizuno and Thielen being excused.

Representative Yamashita, for the Committee on Legislative Management presented a report (Stand. Com. Rep. No. 1509-12) recommending that S.B. No. 2398, SD 2, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2398, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations on Stand. Com. Rep. No. 1509, regarding tattooing. Mr. Speaker, this measure started out as a very simple thing regarding exhibitions, and events, and things like at the NBC. And then it morphed into something that, we're trying to make doctors out of tattoo artists. They have to learn how to check for blood pathogens and take educational credits, which goes above and beyond what the intention was. And then it became a task force.

"My own sense is the task force is probably where this thing should begin and not be so overly regulatory of what otherwise is, according to those who give testimony, are very articulate, very responsible, very professional tattoo individuals, contrary to the stereotype.

"So I think this bill needs to go to Committee and kind of boil itself down and get away from so many things that it's trying to do, particularly in trying to make doctors out of these guys. Thank you."

Representative M. Lee rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have some reservations on this particular measure and would like to relay them. The bill will restrict the sale of tattoo supplies and require a blood-borne pathogen test as a prerequisite for tattoo licensure. It would also prohibit tattoo trade shows until the adoption of rules by the Department of Health. It would prohibit body piercing or body modifications as product or educational demonstration.

"The bill will delete a \$500 non-refundable permit fee for an event featuring not more than 40 participating tattoo artists, apparently since tradeshow will be prohibited. And then establish the tattoo artist task force. I fear that this will be a real imposition on small business, since it will apply to all tattoo artists in the State, and out of the State.

"It places burdensome requirements on small business. Although the good part about it is, they may catch some hepatitis C issues. But on the other hand, the Department of Health said this bill would require resources and expertise currently unavailable to the Department. The Department of Health said it currently deals with over 100 tattoo shops in the State and many of these shops have standards even stricter than what's currently required.

"The industry does not need further regulation. In fact, the Department of Health said that it considered doing away with all regulation of the tattoo industry. They said they have had no incidences of hepatitis C. The Department of Health is opposed to this measure due to fiscal and resource constraints. So I think whoever the Conferees of this particular bill may be, they should consider, and take a close look at all these provisions. Thank you."

Representative Awana rose in support of the measure with reservations and asked that the remarks of Representative Marumoto be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Pine rose in support of the measure with reservations and asked that the remarks of Representative Marumoto be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Yamane rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm standing in support with brief comments. Mr. Speaker, this measure before us has been a work in progress. Those people who have been involved in the process as it has moved forward need to also note the fact that there are tattoo artists who have currently provided testimony requesting that this Legislature look at instituting new regulations, to ensure the health and safety for themselves, their customers, and the public at large.

"Mr. Speaker, there has been testimony, and we've met with many of them, who've talked about the need to have the Department of Health provide appropriate regulations to enhance and protect the tattoo artists, as well as their profession.

"Mr. Speaker, no one can deny that an ongoing issue of blood-borne pathogen disease spreading, like hepatitis B, hepatitis C, and HIV is an ongoing issue, especially in professions like tattoo artists in which you are dealing with potential blood exposure. Mr. Speaker, this measure was designed to try to work with tattoo artists to make sure that their profession is not only regulated appropriately, but supported so that it can continue its advancement.

"Mr. Speaker, this House, this Chamber has included in its many discussions, sensitivity to the Hawaiian culture-based tattoo artists, as well as those from other cultures, maybe from the Samoan culture. So, Mr. Speaker, this measure is intended to help make sure that not only the tattoo artists, but the customers are not only safe, but we can continue to promote and enhance this art. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2398, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TATTOO ARTISTS," passed Third Reading by a vote of 48 ayes, with Representatives Carroll, Mizuno and Thielen being excused.

At 1:36 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1500, HD 1
S.B. No. 2650, SD 1
S.B. No. 2229, SD 2, HD 1
S.B. No. 2398, SD 2, HD 1

of the Senate, informing the Senate that the House has disagreed to the amendments made by the Senate to the following House Bills:

H.B. No. 1695, SD 1
H.B. No. 1980, HD 1, SD 1
H.B. No. 1984, SD 1
H.B. No. 2169, HD 2, SD 1
H.B. No. 2436, HD 1, SD 1
H.B. No. 2497, SD 1
H.B. No. 2568, HD 2, SD 1
H.B. No. 2605, HD 1, SD 1

ANNOUNCEMENTS

Representative Brower: "Mr. Speaker, it is my semi-honor to announce the birthday of a gentle ... rather a person, in this Chamber. Someone who thinks he is for the ladies. I have three clues on his identity. Number one, this poster boy for reapportionment has a legacy bill about green cleaning supplies in schools. Number two, his wardrobe has more pink than Hello Kitty's. And number three, his eyebrows are equally proportioned because he gives them a Brazilian wax. Although we really should be honoring his girlfriend Debbie, for what she must go through. Members, let's recognize a dear friend. It's the birthday of Representative Nishimoto."

Representative Jordan: "Thank you, Mr. Speaker. I hate to come before you again, Mr. Speaker. But this morning, or late, late last evening, we lost a great *kumu hula*. O'Brian Eselu passed away, and at the appropriate time, can we have a moment of silence. I've known this gentleman for most of my adult life. He was a great treasure to our Waianae Coast, not only for being an award winner at the Na Hoku Hanohano and at the Merrie Monarch. I really appreciate the moment of silence. Thank you."

Representative M. Lee: "Mr. Speaker, if I could just remind the Members that on Thursday, the IHS will be picking up the Easter baskets at 2:00 p.m. You can deliver them to my office, or they can be taken directly downstairs before 2:00 on Thursday. Thank you."

Representative Ching: "Thank you, Mr. Speaker. I just wanted to remind everyone that today we'll be having a special fundraiser for the Hawaii Foodbank. The Chocolate Café, starts in about 20 minutes until 4:00. It'll be serving North Shore chocolate fondue with a lot of our local fruit, organic fruit, and we hope that you'll come and support the Foodbank. Thank you."

Representative Tokioka: "Thank you, Mr. Speaker. On behalf of the Bizarre Representative ... I'm sorry. I mean, the Bizarre Bazaar, and the Representative from Upcountry Maui, we want to thank everyone who participated in the Bizarre Bazaar yesterday. We know that the Maui Food Bank and the Kauai Independent Food Bank will be very thankful. Thank you, Mr. Speaker."

At this time, the Members of the House of Representatives stood for a moment of silence in honor of the late cultural treasure and *kumu hula* Mr. O'Brian Eselu.

ADJOURNMENT

At 1:40 o'clock p.m., on motion by Representative Evans, seconded by Representative Pine and carried, the House of Representatives adjourned until 12:00 o'clock noon tomorrow, Wednesday, April 04, 2012. (Representatives Carroll, Ito, Mizuno and Thielen were excused.)

S.B. No. 2871, SD 1, HD 2

REPORTS OF STANDING COMMITTEES

Representative Aquino, for the Committee on Public Safety & Military Affairs presented a report (Stand. Com. Rep. No. 1510-12) recommending that S.B. No. 2909, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2909, entitled: "A BILL FOR AN ACT RELATING TO ENHANCED 911 SERVICES," passed Second Reading and was placed on the calendar for

Third Reading, with Representatives Carroll, Hanohano, Keith-Agaran and Thielen being excused.

Representatives Herkes and Keith-Agaran, for the Committee on Consumer Protection & Commerce and the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1511-12) recommending that S.B. No. 3002, SD 2, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Chong moved that the report of the Committees be adopted, and that S.B. No. 3002, SD 2, HD 1, pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Evans.

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 3002, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO REAL ESTATE BROKERS AND SALESPERSONS," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Carroll, Hanohano, Keith-Agaran and Thielen being excused.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1512-12) recommending that H.R. No. 138, be adopted.

Representative Chong moved that the report of the Committee be adopted, and that H.R. No. 138, be adopted, seconded by Representative Evans.

Representative McKelvey rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative McKelvey's written remarks are as follows:

"Tesoro oil refinery recently announced its sale during a time of positive, yet fragile, economic growth within the State. This announcement has caused a great deal of concern regarding the economic impact on consumers and the State. The sale, or inability to sell, has also raised the concern of Tesoro's employees and their job security.

"While this complex sales transaction unfolds, it is imperative that the Legislature understand the economic effects of the sale on the financial well being of consumers and the State. The Legislature should be prepared to take all necessary steps to ensure that consumers are protected from skyrocketing oil prices that would threaten to cripple our slowly recovering local economy. Therefore, I support House Resolution 138 requesting that the Speaker of the House of Representatives convene a legislative task force to assess the impact of the potential sale of the Tesoro oil refinery on consumers and the State.

"The *kuleana* of the appointed task force will be to develop economic models that illustrate the potential economic effect that having a single refinery operating in the State would have as compared to having at least two refineries operating in the State. Furthermore, the task force will develop an economic model that considers the financial impact to Hawaii consumers and the State if a natural or man-made event causes an oil refinery in the State to temporarily cease production; how petroleum products could be supplied under such a scenario; and the projected impact of such a scenario. The creation of this task force will provide a venue where Tesoro can possibly share their *mana'o* of the marketplace and describe hurdles that the local petroleum industry faces in doing business in Hawaii.

"As energy challenges have become increasingly likely due to shrinking oil reserves and increasing energy use the insights gained by the task force will prove to be a valuable resource in the States response to oil shortages. Only by developing a greater understanding of our oil industry can we create the tools necessary to facilitate the creation of a coherent and integrated energy plan."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 138, entitled: "HOUSE RESOLUTION REQUESTING THE SPEAKER OF THE HOUSE OF REPRESENTATIVES TO CONVENE A LEGISLATIVE TASK FORCE TO ASSESS THE IMPACT OF THE POTENTIAL SALE OF THE TESORO OIL REFINERY ON CONSUMERS AND THE STATE," was adopted, with Representatives Carroll, Hanohano and Thielen being excused.

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented two reports:

(Stand. Com. Rep. No. 1513-12) recommending that H.R. No. 41, be adopted; and

(Stand. Com. Rep. No. 1514-12) recommending that H.C.R. No. 61, be adopted.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 41; and H.C.R. No. 61, be adopted, seconded by Representative Evans.

Representative Riviere rose to speak in support of both measures with reservations, stating:

"Mr. Speaker. Can we go back to the measures on the cowry shell, if I may? That was Stand. Com. Rep. Nos. 1513 and 1514. I just wanted to note some reservations there. It's good that we're doing this, but I think we might have been better off choosing a seashell unique to Hawaii. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 41, entitled: "HOUSE RESOLUTION IN SUPPORT OF DECLARING THE SERPENT'S HEAD COWRY SHELL AS THE HAWAII STATE SEA SHELL," was adopted, with Representatives Carroll, Hanohano and Thielen being excused; and

H.C.R. No. 61, entitled: "HOUSE CONCURRENT RESOLUTION IN SUPPORT OF DECLARING THE SERPENT'S HEAD COWRY SHELL AS THE HAWAII STATE SEA SHELL," was adopted, with Representatives Carroll, Hanohano and Thielen being excused.

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented two reports:

(Stand. Com. Rep. No. 1515-12) recommending that H.R. No. 126, be adopted; and

(Stand. Com. Rep. No. 1516-12) recommending that H.C.R. No. 162, be adopted.

Representative Chong moved that the reports of the Committee be adopted, and that H.R. No. 126; and H.C.R. No. 162, be adopted, seconded by Representative Evans.

Representative Har rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. In strong support of these very important Resolutions on behalf of Spreckelsville Beach Lots."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 126, entitled: "HOUSE RESOLUTION AUTHORIZING THE GRANT OF A FIFTY-FIVE YEAR TERM FOR A NON-EXCLUSIVE EASEMENT TO KOOLAU PROPERTIES, LLC, FOR SEAWALL PURPOSES AT SPRECKLESVILLE BEACH LOTS, WAILUKU, MAUI, AS APPROVED BY THE BOARD OF LAND AND NATURAL RESOURCES," was adopted, with Representatives Carroll, Hanohano and Thielen being excused; and

H.C.R. No. 162, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE GRANT OF A FIFTY-FIVE YEAR TERM FOR A

NON-EXCLUSIVE EASEMENT TO KOOLAU PROPERTIES, LLC, FOR SEAWALL PURPOSES AT SPRECKLESVILLE BEACH LOTS, WAILUKU, MAUI, AS APPROVED BY THE BOARD OF LAND AND NATURAL RESOURCES," was adopted, with Representatives Carroll, Hanohano and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1517-12) recommending that H.C.R. No. 84, as amended in HD 1, be adopted.

Representative Chong moved that the report of the Committee be adopted, and that H.C.R. No. 84, HD 1, be adopted, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I just rise with very slight reservations on Stand. Com. Rep. 1517. I know that it says here that they will be able to, the hunters, I'm speaking of, work with the farm owners to be able to control the pigs and to be able to get permission. But it's my understanding from speaking with just some hunters that sometimes there's a reluctance of the landowners to *per se*, get in. You know, it's a little bit time consuming or what have you, to go get the paper. And so it might actually result in less hunting of pigs.

"As an environmental concern, I think people should. I'm sure this Chamber is well aware of the damaging effects of pigs. And in my valley, Nuuanu Valley that I share with the Representative from Nuuanu, we have a pig problem. And you know we want to make sure we're doing everything we can to win-win. Make sure that the landowners are not put in any kind of liability, but that pig hunters can hunt pig.

"We've actually, just as an amusing fact, have had a pig come all the way down to Bachelot Street. Thank you."

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"I also want to speak with reservations on this measure. I think this Stand. Com. or HCR No. 84 will be very difficult to enforce. Because when you're hunting out there in the open, and you're chasing a wild animal, you may not know where the boundaries are. Or you're just so engulfed in your activity, that the boundaries may not be your priority. I would hate for people to get caught with this enforcement of law, should a law be written as a result of this Resolution. Thank you, Mr. Speaker."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 84, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE ADOPTION OF LAWS TO REQUIRE WRITTEN PERMISSION FROM THE LANDOWNER IN ORDER TO HUNT ON PRIVATE LANDS," was adopted, with Representatives Carroll, Hanohano and Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1518-12) recommending that H.R. No. 119, as amended in HD 1, be adopted.

In addition, decision making would be held on the following measures previously heard on Monday, April 2nd and Tuesday, April 3rd:

S.B. 2030, SD2, HD1, Relating to Procurement; and
S.B. 2335, HD1, Relating to Special Management Areas.

Representative Ward: "Mr. Speaker, today's floor presentation was very revealing. We learned about Marilyn the Majorette, Karen Awana the Cheerleader, and at the recess, I learned that Cindy Evans was also a cheerleader. She asked a question which I would ask as an announcement. How many other cheerleaders have we in this group? Representative Choy? No.

"Okay, that was inspiring, because the question that also arose was, how many played football, such as myself who was the co-captain, who benefitted from the *esprit de corps*? Because the Finance Committee, until 2:00 a.m. last night, the *esprit de corps* is very, very important.

"So how many did organized sports, either in high school, or college? So today was very inspiring, Mr. Speaker, and hopefully the *esprit de corps* will continue until the end of this Session when *sine die* is coming. Thank you.

"And lastly, there's a fellowship luncheon. And in fact this is supposed to be Ty and Derrick's day because they're providing lunch in Room 437. The fellowship luncheon, as we dismiss. Thank you, Mr. Speaker."

Representative Belatti: "Mr. Speaker, I know there's a lot going on this afternoon, but if Members want to stop by, the Maryknoll delegation is going to be in Room 329 with a light lunch. If you want to stop by and take pictures, please join us. Thank you."

REPORTS OF STANDING COMMITTEES

Representative Awana, for the Committee on International Affairs presented a report (Stand. Com. Rep. No. 1520-12) recommending that H.R. No. 132, be adopted.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 132, entitled: "HOUSE RESOLUTION RECOGNIZING THE IMPORTANCE OF BUILDING A LASTING RELATIONSHIP AND FRIENDSHIP BETWEEN THE PEOPLE OF HAWAII AND YEREVAN, ARMENIA," was adopted, with Representative Thielen being excused.

Representative Awana, for the Committee on International Affairs presented a report (Stand. Com. Rep. No. 1521-12) recommending that H.C.R. No. 172, be adopted.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 172, entitled: "HOUSE CONCURRENT RESOLUTION RECOGNIZING THE IMPORTANCE OF BUILDING A LASTING RELATIONSHIP AND FRIENDSHIP BETWEEN THE PEOPLE OF HAWAII AND YEREVAN, ARMENIA," was adopted, with Representative Thielen being excused.

Representatives Awana and Brower, for the Committee on International Affairs and the Committee on Tourism presented two reports:

(Stand. Com. Rep. No. 1522-12) recommending that H.R. No. 97, be adopted; and

(Stand. Com. Rep. No. 1523-12) recommending that H.C.R. No. 129, be adopted.

Representative Chong moved that the reports of the Committees be adopted, and that H.R. No. 97; and H.C.R. No. 129, be adopted, seconded by Representative Evans.

Representative Yamane rose to speak in support of both measures with reservations, stating:

"Mr. Speaker, on Stand. Com. Rep. No. 1522 and 1523, urging the inclusion of the People Republic of China in the visa waiver program. I would like to just express my reservations on the measure. From past discussions regarding national security issues, the visa waiver program was set up to allow those countries to have an expedited process for getting visas to visit the United States. With the past history of some tensions regarding the downed B-22 bomber and some other issues regarding China's encroachment on some friendly nations like the Philippines, I do have some reservations. Thank you."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him on both measures, and the Chair "so ordered."

Representative M. Lee rose in support of both measures with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise with reservations. I am not certain we are ready for the volume of tourists we might receive from this waiver. We will need to do a lot more evaluation of the industry regarding language and customs before we are able to service a large number of these tourists. For the future it is a good idea, but premature."

Representative Cabanilla rose to speak in support of both measures, stating:

"In strong support, Mr. Speaker. And I just would like to say that they are very good allies with Hawaii, and they will bring commerce to our islands should that waiver be granted. Thank you, Mr. Speaker."

Representative Rhoads rose to speak in support of both measures, stating:

"Mr. Speaker, in support. Just briefly. I would say that I understand how the waiver system works, but I think in this case we're protected to a large degree by the fact that it costs a lot of money to get here. And if we're concerned about just everyone coming to Hawaii, I don't think we have to worry just for financial reasons."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted and H.R. No. 97, entitled: "HOUSE RESOLUTION URGING THE INCLUSION OF THE PEOPLE'S REPUBLIC OF CHINA IN THE VISA WAIVER PROGRAM," was adopted, with Representative Thielen being excused; and

H.C.R. No. 129, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE INCLUSION OF THE PEOPLE'S REPUBLIC OF CHINA IN THE VISA WAIVER PROGRAM," was adopted, with Representative Thielen being excused.

Representatives Awana and Brower, for the Committee on International Affairs and the Committee on Tourism presented a report (Stand. Com. Rep. No. 1524-12) recommending that H.R. No. 55, be adopted.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committees was adopted and H.R. No. 55, entitled: "HOUSE RESOLUTION URGING THE FEDERAL GOVERNMENT TO INCLUDE HONG KONG IN THE UNITED

STATES VISA WAIVER PROGRAM AND EASE VISA RESTRICTIONS AND THE VISA APPLICATION AND APPROVAL PROCESS FOR BUSINESS AND TOURIST TRAVELERS WITH HONG KONG SPECIAL ADMINISTRATIVE REGION PASSPORTS," was adopted, with Representative Thielen being excused.

Representatives Awana and Coffman, for the Committee on International Affairs and the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1525-12) recommending that H.R. No. 38, as amended in HD 1, be adopted.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committees was adopted and H.R. No. 38, HD 1, entitled: "HOUSE RESOLUTION URGING THE UNITED NATIONS TO GRANT TAIWAN PARTICIPATION AS AN OBSERVER IN THE UNITED NATIONS FRAMEWORK CONVENTION ON CLIMATE CHANGE CONFERENCE OF THE PARTIES," was adopted, with Representative Thielen being excused.

Representatives Awana and Coffman, for the Committee on International Affairs and the Committee on Energy & Environmental Protection presented a report (Stand. Com. Rep. No. 1526-12) recommending that H.C.R. No. 59, as amended in HD 1, be adopted.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committees was adopted and H.C.R. No. 59, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE UNITED NATIONS TO GRANT TAIWAN PARTICIPATION AS AN OBSERVER IN THE UNITED NATIONS FRAMEWORK CONVENTION ON CLIMATE CHANGE CONFERENCE OF THE PARTIES," was adopted, with Representative Thielen being excused.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1527-12) recommending that H.C.R. No. 114, as amended in HD 1, be adopted.

Representative Chong moved that the report of the Committee be adopted, and that H.C.R. No. 114, HD 1, be adopted, seconded by Representative Evans.

Representative Johanson rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. My main point of opposition hinges on section 4 of this particular Resolution. Having worked for two years in Presidential Personnel tasked solely with facilitating, vetting and recommending candidates for presidential appointment that required Senate confirmation, what I just thought I would share with the Members is, as frustrating as it was at times not to be able to have a simple majority up or down vote. And I think the intent of the Resolution is certainly a good one.

"What I found in practice was that it actually forced the White House to come up with some more consensus candidates that had broad bipartisan support. And because many of these people have billions of dollars, and thousands of people under their direction, and they have vast, broad powers under the federal government, I found as difficult as it was, often for me, that it actually created a system where we found better candidates that probably served all of America's interests. So for those reasons, I wish to express my opposition. Thank you."

Representative Fontaine rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Riviere rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Pine rose to speak in opposition to the measure, stating:

"Yes, in opposition, and some comments. I'm a proud descendant of one of our founding fathers, Alexander Hamilton, who's on the \$10 bill, and so I have a very interesting family and we have a tremendous reverence for the Constitution. I'm in opposition because of section 3, which urges the abolishment of the Electoral College.

"I am continually looking at the Constitution and reading the histories of our Founding Fathers and I am, every time, amazed at the complexity of the Constitution and how they really thought through every little part of government. They really wanted to make sure that every American, in a sense, was properly represented, both through the Senate and the House, as well as the Presidential elections. Certainly it has created a Republic that has made it very difficult, sometimes, to pass things, because everyone's views are certainly represented. But what's so special here is no one view is worth more than the other.

"So what is the Electoral College, Mr. Speaker? Basically, the Electoral College is, for every House Member, each state is given one vote, per House Member. And for every Senate Member, every state is given two votes. The House of Representatives is really supposed to represent the will of the people. The Senate, however is supposed to represent the will of the states. Our Founding Fathers wanted to do this because they wanted to make sure that a small state like ours was not any less than California.

"So through the electoral process, because we have two senators, which is equal to California that can easily outvote us, we actually have more power, and more votes in Hawaii through the electoral process. If we were to go back to a system where we just say, 'Hey winner take all. Every American vote wins an election.' Then Hawaii would be meaningless, because we wouldn't have two votes which is equal to California. People will no longer think that we're important, and Congress will no longer look upon us in the favor that they do in Presidential elections. So that's why I cannot vote for this Resolution, Mr. Speaker."

Representative McKelvey rose to speak in opposition to the measure, stating:

"Thank you very much, Mr. Speaker. Unfortunately, in opposition. My opposition is basically based upon the dangers of a Constitutional Convention. I just want to share a brief story with the Members. Back in the day, when I was an aide, when the Legislature was over at the Hemmeter Building, a Resolution was introduced calling for a Constitutional Convention for balanced budget amendment, something that everybody pretty much supported.

"But as the Resolution made its way through, a lot of groups from both the left and the right came in there very upset. And one of the things that came out through the process of Committee Hearing was, once the Constitutional Convention is called, anything can be brought to the Floor. There are no sacred cows. Title IX. The Native Hawaiian Entitlement Program. All of that's on the chopping block, or could be, as well as these other issues that other people have raised. And once it's in the Constitution, Mr. Speaker, it's in the Constitution. It can't be removed by act of Congress later on.

"I'm very concerned that while I appreciate the intent of the author, and I respect his passions, I just think it's a danger, because you're opening up a lot of issues and cans of worms that will affect both sides of the political spectrum. That's why at this point I just cannot support this Resolution. Thank you."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I am in opposition to this particular Resolution. I am not opposed to a State or national Constitutional Convention, however, the reasons for this particular national Constitutional Convention are not to my liking. So that is the reason for my no vote."

Representative Har rose in opposition to the measure and asked that the remarks of Representative McKelvey be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. With the question. How can we, after having a 1978 Constitution, having voted down for 30 years for the people of Hawaii to open up and look at issues, vote for this? When, in effect, we can't do it locally, but we wanted to do it at the national. It doesn't make sense. That's why it's a strong no vote. Thank you."

Representative Belatti rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations and a brief comment. My record is pretty clear that I am in support of Constitutional Conventions and perhaps it is this time in our nation's history that we are, we should look at this. My reservations come with the fact that one of the things we should ask a potential Con-Con at the national level to consider is whether or not corporations, for purposes of campaign spending, should be treated as natural persons. Thank you, Mr. Speaker."

Representative Giugni rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

THIRD READING

S.B. No. 2909:

Representative Chong moved that S.B. No. 2909, be recommitted to the Committee on Public Safety & Military Affairs, seconded by Representative Evans.

The Chair then addressed Representative Aquino, stating:

"Representative Aquino, would you state for the record and for the Members of this House why we are recommitting this particular measure."

Representative Aquino rose, stating:

"Thank you, Mr. Speaker. The reason for the recommitment, or the motion to recommit, is because the House Bill has already gone up to the Governor and I believe, he has already signed it into law. Thank you very much, Mr. Speaker."

The motion was put to vote by the Chair and carried, and S.B. No. 2909, entitled: "A BILL FOR AN ACT RELATING TO ENHANCED 911 SERVICES," was recommitted to the Committee on Public Safety & Military Affairs, with Representative Thielen being excused.

ANNOUNCEMENTS

Representative Ching: "Thank you, Mr. Speaker. I just wanted to let everyone know there's a nice opportunity for those of you who have children, or have friends that have children, or who would like to come on Saturday anyhow. The Iolani Palace, it will be having its first ever egg hunt. The Royal Egg Hunt. It starts at 10:00 a.m. to 12:00. They will have special free tours of the Iolani Palace. Keiki tours from 12:00 to 4:00.

"They will be collecting eggs on the Palace grounds, and learning about the history of the Iolani Palace. Special prizes will go to those who find those 12 golden eggs. You can take part, and the children can take part in several contests. But the important thing is they get a free tour of the Iolani Palace. And they get to dress up.

"You know, Mr. Speaker. This is something I've been doing for a couple years for my daughter. And the reason I asked the Iolani Palace to do it this year is I thought that this would be an opportunity to instill love of historic sites in children as actually it was done when I was little."

Representative Ward: "Mr. Speaker, after three marathon days in the Finance Committee, I was awakened yesterday by a white Easter bunny that looked a little bit like Representative Takai. But it reminded us that there was a holiday coming up. He was actually giving out candy, I think. He didn't come to my office, though. But I would swear it was him. Tomorrow is Good Friday, and Sunday is Easter, lest we forget that it's a special day for many people. I just wanted to say, and wish everybody a Happy Easter. Thank you."

Representative M. Lee: "Thank you, Mr. Speaker. Today at 2:00, the truck from IHS will be arriving. Everyone is welcome to come and help deliver the Easter baskets to the people at IHS. Thank you."

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Pine and carried, the rules were suspended for the purpose of considering certain Senate Bills for Third Reading by consent calendar.

CONSENT CALENDAR

UNFINISHED BUSINESS

At this time, the Chair announced:

"Members, there will be no discussion as these are items agreed to by this Body for placement on the Consent Calendar."

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1536-12) recommending that S.B. No. 2354, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2354, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks in support of the measure are as follows:

"Thank you, Mr. Speaker. I support SB 2354 SD1 HD2, as another way to address concerns by local farms with theft. This bill sets a simple standard for people attempting to sell substantial quantities of locally grown produce – show us written proof that you purchased the agricultural commodity from a local farmer.

"The House draft we vote on today requires that the certificate identify the particular sellers of the agricultural commodities and establishes lack of such ownership or movement certificates as prima facie evidence of second degree theft.

"Hawaii's future food security aspirations depend on having a strong and self-sufficient farming community. But our farmers – particularly our local truck and produce farmers – face an often thin margin between profitability and failure. High land prices. Scarcity of water. Higher labor costs than the mainland farmers filling container-loaded produce into the big box stores.

"Anecdotally, agricultural theft has become endemic in Hawaii. Such theft threatens the livelihood of farmers who are already engaged in an industry fraught with financial risks. Island farmers cannot afford for us to be lax on yet another threat to their ability to sustain viable local farms. In keeping with the effort to support local farmers and local agricultural production, I support this bill which will strengthen the tools to pursue agricultural thieves.

"This bill is a practical and efficient way to deter and prosecute agricultural theft. I urge my colleagues to vote in favor of local agriculture."

Representative Tsuji's written remarks in support of the measure are as follows:

"This bill seeks to deter theft of agricultural commodities and specifies ownership verification requirements for sales.

"The House Committee on Agriculture heard the majority of testimony in support of this Bill. Subsequent amendments included expanding the offense of theft in the second degree to include the theft of all agricultural commodities, rather than just those marketed for commercial purposes. This measure addresses the ongoing problem of agricultural theft and I urge my colleagues to support it."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2354, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL COMMODITIES," passed Third Reading by a vote of 51 ayes.

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1556-12) recommending that S.B. No. 2103, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2103, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative M. Lee's written remarks in support of the measure are as follows:

"Mr. Speaker, I rise in strong support of Senate Bill 2103 – Relating to Health. I rise in support of the measure. This will facilitate the transfer of important doctor's orders needed for patient care. The measure is especially needed in rural areas where the physician is not physically present. I urge the Members' support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2103, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 51 ayes.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1558-12) recommending that S.B. No. 2228, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2228, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks in support of the measure are as follows:

"Thank you, Mr. Speaker. I support this measure as I supported a similar measure last Session that unfortunately was vetoed for a technical title – subject problem.

"I stand in support of this measure which requires the monitoring of the sale of products containing pseudoephedrine. Pseudoephedrine is an effective cold and allergy medication for many people, however it can be used in the manufacture of methamphetamine, commonly referred to as "ICE," a highly dangerous drug. This measure will provide an up to date, real-time tracking system that will help ensure that pseudoephedrine products are available for legitimate use, but not available to those who would illegally divert it. This measure allows retailers to block illegal sales and enhances law enforcement's suppression and investigation efforts.

"This measure is far better than requiring a prescription for pseudoephedrine. It will help reduce the cost and waste of valuable professional time required to obtain a prescription. The system is maintained by industry, so it will cost the State little. If the State's concerns with having access to the data proves to be a problem or a barrier, then future Legislatures can take up that issue.

"I urge my colleagues to support this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2228, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PSEUDOEPHEDRINE," passed Third Reading by a vote of 51 ayes.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2859, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks in support of the measure are as follows:

"Thank you, Mr. Speaker. I strongly support this bill which addresses a practical and frustrating problem faced by the normal, everyday working person who wants to participate in our democracy. This bill allows members at a board meeting that must be cancelled for lack of a quorum to receive testimony and presentations from the people who have shown up to the cancelled meeting. Many people must arrange work and family obligations in order to testify at an announced meeting of a public board considering an issue of importance to them. Through no fault of their own, such a meeting can be cancelled at the time it is supposed to begin because a quorum is not present. The existing law presents a burden on public participation to require people to come back, possibly repeatedly before they can express their concerns to the board.

"This measure allows the members present to receive the testimony and make a record for the entire board so that members of the public are not unduly burdened.

"This measure also allows two or more, but less than a quorum of board members to attend information meetings or presentations on matters relating to official board business. This change balances allowing board members to participate in community events relevant to their work on the board with valid transparency concerns regarding deliberations by a board's majority outside of a properly noticed formal meeting. With this change, we recognize the occasional need for a neighborhood or organization to have the participation of their fellow residents who also serve as members of boards and elected bodies in the social and community life of our democracy.

"I urge my colleagues to vote in favor of this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2859, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO OPEN GOVERNMENT," passed Third Reading by a vote of 51 ayes.

No. 2821, HD 3, entitled: "A BILL FOR AN ACT RELATING TO MORTALITY REVIEW OF DEATHS OF PERSONS WITH DEVELOPMENTAL OR INTELLECTUAL DISABILITIES," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1603-12) recommending that S.B. No. 2827, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2827, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE TRAUMA SYSTEM SPECIAL FUND," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1604-12) recommending that S.B. No. 2828, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2828, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks in support of the measure are as follows:

"Honorable Speaker, I support SB2828 HD3 which changes the membership composition and functions of the Hawaii Early Intervention Coordinating Council to be consistent with the requirements of the Individuals With Disabilities Education Improvement Act of 2004 regarding the State Interagency Coordinating Council.

"SB2828 HD3 increases the Council's membership from fifteen to twenty-five members and pools membership from parents of special needs children, service providers with knowledge and experience with early intervention services, the Departments of Health, Education, Human

Services, Commerce and Consumer Affairs, Head Start, the Legislature, personnel, and other interested members selected by the Governor.

"SB2828 HD3 also adds to the function of the Council which is to advise and assist the Department of Education regarding the transition of toddlers with special needs to preschool and other appropriate services.

"The Department of Health annually receives more than \$2.1 million in federal funds which supports early intervention services to infants and toddlers who are at risk for developmental delays. Compliance with existing federal requirements requires the specification of additional members to the Hawaii Early Intervention Coordinating Council. The broader membership would ensure compliance with the Individuals With Disabilities Education Improvement Act of 2004 and also ensure that the needs of Hawaii's at risk children and their families are met.

"I urge my colleagues to support this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2828, HD 3, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII EARLY INTERVENTION COORDINATING COUNCIL," passed Third Reading by a vote of 51 ayes.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2126, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH CARE," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1629-12) recommending that S.B. No. 2933, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2933, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks in support of the measure are as follows:

"Thank you, Mr. Speaker. I support S.B. 2933 SD2 HD2 which addresses the longstanding user conflicts and safety issues in the Kaanapali Ocean Recreation Management Area (ORMA) and other heavily used nearshore waters on the island of Maui.

"Today, as found throughout our island state, the nearshore waters on Maui are popular sites of recreational activity for both local residents and our visitors—it's a major reason Hawaii remains one of the best places to live and a major attraction for tourists and others who come to the islands for business. We as legislators have a duty to make the use of these nearshore waters as safe as possible for our residents and visitors. Tragically, these waters continue to be the sites of far too many accidents, including some tragic fatalities when swimmers and divers mix too easily with motorized recreational vessels.

"We can certainly take some practical steps to better prevent these tragedies and make our nearshore waters safe and enjoyable for everyone. Swim buoys to mark areas in our nearshore waters for swimmers and to separate those areas from speedboats, jet skis and other mechanized vessels, are an important tool to meeting these ends. As shown in many places both in Hawaii and in other resort destinations, swim bouys serve as incredibly efficient and effective solutions. Accidents involving collisions between speed boats and jet skis with swimmers are all too frequent occurrences because all parties are unaware of where appropriate swim zones are located. In addition, swimmers who swim beyond appropriate swim zones are in danger of being swept up in a rip tide, or drowning.

"This measure will give the Department of Land and Natural Resources (DLNR) a tool to implement these bouys in nearshore waters. DLNR will be mandated to adopt rules that promote greater safety of ocean users in the State's nearshore waters, appropriates funds for swim zone bouys at Kamaole beach, establishes the West Maui ORMA Advisory Committee to DLNR on State waters within the area, particularly with respect to Kaanapali, and requires reports to the Legislature.

"I urge my colleagues to support this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2933, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO OCEAN SAFETY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1630-12) recommending that S.B. No. 2876, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2876, SD 2, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks in support of the measure are as follows:

"Honorable Speaker, I support SB2876 SD2 HD3 which is intended to assist the Department of Transportation, Harbors Division in addressing the management and operations of its commercial harbor facilities. SB2876 SD2 HD3 adds two new sections to Part I of Chapter 266, Hawaii

Revised Statutes. The new civil procedure distinguishes civil matters from existing criminal statute, thus de-criminalizing certain violations.

"The new sections establish within the Department of Transportation, a State harbors civil violations system, whose purpose shall be to process administrative penalties for violations of departmental regulations.

"SB2876 SD2 HD3 establishes an administrative hearing process for non-criminal violations, modeled after and similar to the administrative process successfully being used by the Department of Land and Natural Resources. This law creates general administrative penalties and graduated fines, establishes minimum and maximum fines for each violation, authorizes the administrative hearings officer or the courts to deprive any violator of the privilege of entering State waters or obtaining operating or mooring permits for a period of not more than one year, and stipulates that the fines and penalties for non-criminal matters shall be deposited into the Harbor Special Fund.

"SB2876 SD2 HD3 allows the Department of Transportation to seek reimbursement from tenants or harbor users who violate federal maritime transportation security law which result in fines to the Department of Transportation.

"SB2876 SD2 HD3 further specifies that the State shall retain the right to pursue civil action for a violation of law even if criminal actions have been pursued for the violation, and to pursue criminal action even if civil actions have been pursued.

"I urge my colleagues to vote in favor of this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2876, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO THE COMMERCIAL HARBORS," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1631-12) recommending that S.B. No. 2506, SD 2, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2506, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks in support of the measure are as follows:

"Honorable Speaker, I support SB2506 SD2 HD1 which consolidates within the Department of Transportation the State identification program with the driver license program. This measure moves Hawaii closer to assuring our residents will be able to travel freely and do business without interruption by ensuring that Hawaii Drivers Licenses and Hawaii State IDs comply with new federal requirements for official government identification. This bill would consolidate the two functions which are currently being issued by two different State agencies. The Department of the Attorney General would no longer be responsible for the issuance of non-driver license identification cards.

"The federal government enacted REAL ID Act 2005 which mandated the kinds of documentation required and procedures to be followed in issuing driver licenses and non-driver identification cards. The deadline for the implementation of the REAL ID Act is January 15, 2013. Failure to comply will result in official government identifications for Hawaii's people not being recognized by federal agencies and other states, thus preventing individuals to travel and to do business with the federal government and other states. SB2506 SD2 HD1 will ensure that all data collected and stored for both Driver License and for State Identification cards are managed by one state agency, the Department of Transportation. The counties which currently issue driver licenses would assume this function, easing access in obtaining a non-drivers license or civil identification card by having more locations available to them. Since the required documents and processing procedures for the issuance of both cards are similar, the transition should not be difficult to implement.

"Act 35, Session Laws of Hawaii 2011, mandated the Department of the Attorney General to work with the Director of Transportation and the appropriate county agencies, to allow county employees to issue certificates of identification at the same locations where driver licenses are issued. Coordination amongst the two programs is critical as the REAL ID Act must be implemented on a timely basis so that Hawaii's citizen can continue to travel and do business without interruption.

"I urge my colleagues to support this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2506, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CIVIL IDENTIFICATION," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1633-12) recommending that S.B. No. 2386, SD 2, HD 2, pass Third Reading.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1634-12) recommending that S.B. No. 2790, SD 1, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2790, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks in support of the measure are as follows:

"Thank you, Mr. Speaker. I stand in strong support of this measure which will permit the Department of Hawaiian Home Lands to keep building affordable homes for its beneficiaries and which will extend the repeal date of Act 187, SLH 2010, a pilot program not yet implemented, which would enable the Department to commence housing and other projects, without having the full project cost on hand at its initiation.

"By permitting the Department of Hawaiian Home Lands to begin projects without having the full capital costs on hand, this measure will help the Department better manage its cash flow and resources, so as to better serve its beneficiaries through homestead awards."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2790, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF HAWAIIAN HOME LANDS," passed Third Reading by a vote of 51 ayes.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2769, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1667-12) recommending that S.B. No. 650, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 650, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks in support of the measure are as follows:

"Mahalo, Mr. Speaker. I stand in strong support of this measure which will amend the Hawaii State Constitution to empower the Chief Justice to appoint retired judges, ages seventy and above, to serve as temporary judges, for terms not to exceed three months, in courts no higher than they had previously attained.

"This measure will permit the Judiciary to utilize the experience and skill of those judges who reached retirement age but who are still willing to continue to serve the people of the State of Hawaii. Apparently our existing constitutional provision has been interpreted to bar such service after the retirement age is reached. The ability to continue to employ their knowledge and expertise in our court system will prove to be an invaluable asset to the Judiciary. Where such service is common is our federal court system where judges are appointed for life and serve capably and effectively decades after Hawaii's constitutionally imposed retirement age. The phrase "per each appointment" in this bill was included to demonstrate that this measure anticipated that these judges may be appointed for multiple terms. Here, whether the judiciary decides to make additional reappointments in light of a judge's retirement benefits will be left to the good judgment of that branch of government and the individual judges. Also, the term "judges" was contemplated to include "justices" too."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 650, HD 1, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO ARTICLE VI,

SECTION 3, OF THE CONSTITUTION OF THE STATE OF HAWAII AUTHORIZING THE CHIEF JUSTICE OF THE STATE SUPREME COURT TO APPOINT RETIRED JUDGES TO SERVE AS EMERITUS JUDGES," passed Third Reading by a vote of 51 ayes.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2056, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE PENAL CODE," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1670-12) recommending that S.B. No. 2236, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2236, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION TECHNOLOGY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1674-12) recommending that S.B. No. 2320, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2320, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks in support of the measure are as follows:

"Thank you, Mr. Speaker. I strongly support this bill which establishes in law the Kupuna Care program.

"SB2320 hopefully will fill a legal structural gap in our community continuum of care by recognizing the important role provided by family caregivers. Much of the care provided in Hawaii's close-knit communities are provided by family members. This bill will provide better support for them.

"There is no doubt that Hawaii's growing elderly population may need long-term care facilities. But we need to recognize the important role provided through traditional family support by funding and supporting affordable quality home and community-based services. The Kupuna Care Program has been addressing the growing needs of the elderly and increasing demand for such services. Formally establishing kupuna care into law will strengthen the possibility that these compassionate and practical services will continue to be available.

"As the baby boomers enter their elder years, the demand for such services will only increase and the state must be positioned and prepared to accommodate such demand. The need for long term care has become more widespread as a result, and the Kupuna Care Program serves as a mechanism for providing affordable long-term care by supporting home-based solutions as long as practical and effective. At a time when the economy is struggling, affordability remains a priority.

"We must protect our elderly citizens as they become more vulnerable to society. The Kupuna Care Program's services will also ensure that our elderly are cared for and protected, and that they will enjoy a quality of life that's caring and humane."

Representative M. Lee's written remarks in support of the measure are as follows:

"Mr. Speaker, I rise in strong support of Senate Bill 2320 – Relating to Aging.

"I rise in support of the measure. This important measure is part of the Kupuna Caucus package, and is important not only because it may bring

down federal funds, but also because it will be a huge help to our aging population. Hopefully all the ADRC units across the State can be fully funded. This is an integral part of the aging infrastructure that cannot be done without. I urge the Members' support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2320, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AGING," passed Third Reading by a vote of 51 ayes.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2695, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Tsuji's written remarks in support of the measure are as follows:

"This measure would require the Department of Agriculture to collaborate with other institutions to implement a livestock feed feasibility pilot.

"Feed costs continue to rise and thus continue to be a challenge to our local farmers. Any solutions to this predicament should be looked into and I believe this Bill is viable and relevant. I urge this Chamber to support it."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2695, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LIVESTOCK FEED," passed Third Reading by a vote of 51 ayes.

THIRD READING

S.B. No. 3002, SD 2, HD 1:

Representative Chong moved that S.B. No. 3002, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Keith-Agaran's written remarks in support of the measure are as follows:

"Mahalo, Mr. Speaker. I stand in support of this measure which will afford liability protection to real estate brokers and salespersons for misrepresentation based upon good faith reliance upon certain persons and records and based upon their reliance upon certain disclosures.

"However, rather than have that good faith reliance decided by the subjective opinions of the applicable brokers and salespersons, it makes better sense to have that determined by a disinterested third-party. After careful and due consideration, I commend the Chair of Consumer Protection's recommendation that the State of Hawaii's Regulated Industries Complaints Office and the Real Estate Commission who shall resolve whether the brokers or salespersons relied in good faith upon certain persons, information, or disclosures."

The motion was put to vote by the Chair and carried, and S.B. No. 3002, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO REAL ESTATE BROKERS AND SALESPERSONS," passed Third Reading by a vote of 51 ayes.

The Chair then announced:

"Members, please remember to submit to the Clerk the list of Senate Bills on the Consent Calendar for which you will be inserting written comments for, in support or in opposition. This must be done by the adjournment of today's session."

At 9:32 o'clock a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:01 o'clock a.m., with Speaker Say presiding.

ORDINARY CALENDAR

UNFINISHED BUSINESS

Representative Herkes, for the Committee on Consumer Protection & Commerce presented a report (Stand. Com. Rep. No. 1534-12) recommending that S.B. No. 2438, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2438, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm rising to speak against the measure. Thank you. Mr. Speaker, S.B. 2438 is relating to the Public Utilities Commission. It requires the Hawaii Natural Energy Institute to provide a technology readiness assessment of renewable projects when requested by the Public Utilities Commission. Then here's the key language. It prohibits the approval by the Public Utilities Commission of any project or contract for a renewable energy project with a, at this point, unspecified technology readiness level. The level is left blank. And my opposition to the bill, Mr. Speaker, is that I know that ultimately there will be a number filled in that will then limit what Hawaii can do with renewable energy, and PUC approval.

"That number would adversely affect the expansion of our renewable energy industry and it's going to be inserted in Conference Committee, pretty much outside of the eye of the public, and where people are not able to weigh in with testimony in person to make that determination. Previous versions of S.B. 2438 specified a readiness level of 6, and that could exclude viable technologies such as wave energy and other ocean energies, as well as bio-fuel.

"Wave energy has been commercially viable in Europe for more than a decade. I've mentioned that before, Mr. Speaker. I've been over and talked with the proponents of those technologies and met with them in the different locations. Wave energy is viable as the United States Department of Energy said recently at a conference held at Marine Corps Base, Hawaii. The United States is 10 years behind Europe. Well, with this kind of legislation, we'll remain that far behind.

"Here in Hawaii, the Navy's been conducting tests on wave energy at the Marine Base for more than five years. They're now going to expand this testing by selecting three companies to plug in and test their wave energy converters at Marine Corps Base, Hawaii."

The Chair addressed Representative Thielen, stating:

"Representative Thielen, could you confine your remarks to the present legislation that is before this Body. We are not addressing wave energy at this point. Confine your remarks to the proposed legislation that is before us in regards to delegating the authority of creating the HNEI being that particular agency to determine the readiness."

Representative Thielen responded, stating:

"What I'm doing is, showing you how a bill and a technology readiness level could harm what is going on at Marine Corps Base, Hawaii, with the wave energy, the new wave energy. It's called a Wave Energy Test Site, the WETS, which is going to be operable in 2014."

Speaker Say: "Representative, Thielen, at that point in time, the commercialization of the wave energy will be presented to HNEI, and then HNEI will say to the PUC, for this particular technology, you folks should consider it. So I can understand what you're saying, but could you confine your remarks to the content and substance of the bill that is before us."

Representative Thielen continued, stating:

"Certainly. The specification of a technology readiness level above 6, could inaccurately discard viable energy such as wave energy, while it's in an earlier stage of development than wind or solar. Considering that the United States Department of Energy has stated its federal objective of obtaining 15% of national energy needs from water power, the last thing Hawaii should be doing is passing legislation that could be seen as restricting local research and development of ocean energy technologies."

"Mr. Speaker, the message that this bill sends to wave energy companies that are interested in participating in Hawaii, is that it's going to put a limit on what you can do at the Marine Base. In conversations from my office with Hawaiian Electric, I'd like to indicate Hawaiian Electric's opposition to this measure as a damp rag, to what they are trying to accomplish."

"Ocean energy, including wave energy and bio fuel technology, is in development, and it's at an earlier stage than wind or solar, but Hawaii wants to be open to all forms of renewable energy. Such restrictions send a very negative message regarding Hawaii's willingness to consider and utilize various renewable energy technologies."

"Obviously, the utility is not in favor of the bill. It anticipates problems were this to become law. If our State is to adhere to S.B. 2438's stated intent to deploy a number of transformational technology with real benefits, then we have to be sure that the real benefits of wave energy ..."

Representative Riviere rose to yield his time, and the Chair "so ordered."

Representative Thielen continued, stating:

"Thank you. Then we have to be sure that the real benefits of wave energy as determined by the US Department of Energy and exemplified by over a decade of successful implementation in Europe, is given a fair chance in Hawaii's waters."

"Mr. Speaker, I don't think that we want to be noted as calling a halt to progress, because when we are forced to buy retail down the road, because we passed legislation such as this and put in a level of technology readiness that's going to stop the innovative work in Hawaii, it's going to mean we buy retail. And the countries and the states that are moving ahead with the renewable energy, they're going to get the jobs. They're going to get the bright minds. That's where our kids will graduate, and go to work. Not here, because we'll say, 'No you've got to buy retail in Hawaii. We're not going to allow testing to take place.'"

"The PUC will be prohibited by this bill from approving those kinds of projects. I don't want our kids to be working in Oregon when they could be working here building our wave energy systems. But this bill is sending them to Oregon. Thank you."

Representative Coffman rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. I rise in support. Thank you. I just would like to share with the previous speaker some language from the purpose of this particular bill. 'Hawaii's electricity ratepayers and tax payers should not have to bear the burden of the integration of potentially costly renewable energy projects or energy efficiency devices that are not technologically feasible or are in their developmental infancy.'"

"So what we're trying to do is protect the ratepayers to provide things that are actually ready. But this bill does not exclude the development. In

subsection (d), this section shall not apply to proposal contracts or demonstration projects of less than three years with primary purpose for experimental or data collection purposes. So we're trying to protect the ratepayers, but we're also allowing demonstration projects, Mr. Speaker. Thank you."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition and a few comments. Basically a footnote to the notion that the wave energy is being thrown under the bus. Mr. Speaker, technology happens so quickly that we are now at 3% renewable energy for all of our grid. We're really just in the foothill. No, we're on the plains. We aren't even climbing, but yet we're the nation's leader in energy. We should allow the private sector, i.e., HECO, even though it's controlled by the PUC, to make those decisions."

"What's a good investment? What's not a good investment? For the Legislature to come in and say, 'We don't want you to do this. We don't want you to do that, because we want to protect consumers.' Consumers want protection by lower rates. If the bill says we're going to protect you against higher rates, it's a good one. But for now, we're limiting it, and we're cutting ourselves short in understanding what technology can do."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2438, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC UTILITIES COMMISSION," passed Third Reading by a vote of 47 ayes to 4 noes, with Representatives Chang, Marumoto, Thielen and Ward voting no.

Representatives Herkes and Keith-Agaran, for the Committee on Consumer Protection & Commerce and the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1535-12) recommending that S.B. No. 824, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 824, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MOTOR CARRIERS," passed Third Reading by a vote of 51 ayes.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1537-12) recommending that S.B. No. 2873, SD 1, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2873, SD 1, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Riviere rose to speak in opposition to the measure, stating:

"Opposition and brief comments please. Thank you. This bill would exclude secondary impacts from environmental review. And while that is a laudable idea, to try to move things along if the primary impact has been addressed, I would caution the Members that secondary impacts can cumulatively add up to potentially be worse than the primary impacts."

"So once again, we're seeking the blinders. We don't want to have to look at anything. We don't want to have to see anything. We don't want to consider anything, and that is bad policy. I'm going to continue to say that. Somebody has to take a look at the potential impacts. There are processes

for exemptions, and I'm sorry that this Legislature is repealing all these. Thank you, very much."

Representative M. Lee rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Carroll rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose in support of the measure with reservations and asked that the remarks of Representative Riviere be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2873, SD 1, HD 3, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL IMPACT STATEMENTS," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Riviere and Thielen voting no.

At 10:15 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2438, SD 1, HD 2
S.B. No. 824, SD 2, HD 2
S.B. No. 2873, SD 1, HD 3

Representative Chang, for the Committee on Water, Land, & Ocean Resources presented a report (Stand. Com. Rep. No. 1538-12) recommending that S.B. No. 2341, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2341, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

At this time, Representative Fontaine offered Floor Amendment No. 2, amending S.B. No. 2341, SD 2, HD 2, as follows:

"SECTION 1. Senate Bill No. 2341, S.D. 2, H.D. 2, section 1, is amended by amending line 13 on page 1 to read:

"people, but less than one hundred seventy thousand people;"

SECTION 2. Senate Bill No. 2341, S.D. 2, H.D. 2, section 3, is amended by amending line 19 on page 5 to read:

" thousand people, but less than one hundred seventy"

SECTION 3. Senate Bill No. 2341, S.D. 2, H.D. 2, section 4, is amended by amending line 17 on page 10 to read:

" thousand people, but less than one hundred seventy"

Representative Fontaine moved that Floor Amendment No. 2, be adopted, seconded by Representative Ward.

Representative Fontaine rose to speak in support of the proposed Floor Amendment, stating:

"Yes, Mr. Speaker. I strongly support S.B. 2341 SD2 HD2, Relating to Land Use. This bill repeals the prohibition on ordinances that allow overnight accommodations in agricultural districts. The bill authorizes agricultural tourism activities including overnight accommodations of 21 days or less within a county with a population greater than 100,000 people, but less than 150,000, provided that the county has adopted ordinances regulating agricultural tourism.

"Mr. Speaker, unfortunately, I'm concerned that this bill will not include Maui, which according to the 2010 census, Maui County has a population of 154,834. Right now, no counties fit into the range of 100,000 to 150,000 people given by the bill. Just for a note of information, Kauai County has 67,000 people approximately; and Hawaii County has 185,000 people. Honolulu County has 953,000 people.

"I propose an amendment to this bill to correct the population figure to counties with a population greater than 100,000 people, but fewer than 170,000 people. This will allow farmers to supplement their incomes in this smart and limited way, to ensure that the land remains farmland, but also allows farmers to maintain an income to continue farming, thereby supporting agriculture, and enhancing food security. Thank you, Mr. Speaker."

The motion that Floor Amendment No. 2, amending S.B. No. 2341, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LAND USE," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry.

(Main Motion)

Representative Thielen rose to speak in opposition to the measure, stating:

"Yes, Mr. Speaker. I'm rising to speak against S.B. 2341. Mr. Speaker, in addition to it being unclear, or maybe it's not unclear. Maybe it's obvious that this bill no longer applies to Maui. I would question the wisdom in passing a measure like this. Once you allow other uses, by law, in the agricultural land, all of a sudden, the value of that land becomes switched to be favoring whatever the non-ag purpose is.

"You take a look at the farmers that are presently in agricultural work, the ones yet to come, the families that might want to go on and start a farming operation. Which is going to be more profitable? Lettuce sold to Foodland? Or agricultural tourism? It's the tourism, and it's bit, by bit, by bit. It drops away on the actual valid use of agricultural land for agricultural purposes. And while we say that the population set forth in the bill, well right now it doesn't apply to any island, except for ... Well maybe not. But eventually it will point the smoking gun at Oahu. And that's where we have farmland. That's where we need to have the farmland if we're going to ever be able to become more self-sufficient. But when you couple the more lucrative use of that land, guess what's going to take precedent? So I think the bill is a bad idea, Mr. Speaker. And I'm sorry you all didn't accept our amendment, which would have cleaned up the population defect that's in the present bill. Thank you."

At 10:20 o'clock a.m., Representative Souki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:21 o'clock a.m.

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. Although I support S.B. 2341 and its meritorious aim to spur an industry especially dear to me, I must also note

several reservations. S.B. 2341 repeals the prohibition on ordinances that allow overnight accommodations in agricultural districts. It authorizes agricultural tourism activities, including overnight accommodations of twenty-one days or less, within counties of populations between 100,000 people and 150,000 people; provided that the county has adopted ordinances regulating agricultural tourism.

"Hawaii stands to gain immeasurably, both in tangibles and intangibles, by better highlighting our agricultural prowess. When tourists from all parts of the globe acknowledge - and indeed wonder at - Hawaii's versatile capacities as a farming Mecca, many other industries will grow along with the immediate dimensions of agricultural tourism. For instance, when any potential buyer experiences the process of a product's creation, they will undoubtedly place much more value in the product itself. Thus, thriving agricultural tourism will also impel substantial hikes in the value of Hawaii's locally grown crops. Moreover, agricultural tourism has been shown to promote more healthy lifestyles, as individuals come to better value their own roles in the creation of natural, organic foods. The premium of the "Hawaii" label climbs when buyers perceive food as freshly provided by an intimate community willing to take accountability. When agricultural tourism spotlights the creation process of local products like Hawaii-grown cacao, customers will assume an even more personal association with the product than they already do. By allowing overnight accommodations for relevant activities, we will ensure participants in those activities gain a fuller - and thus more memorable - impression of Hawaii's agricultural climate. As a result, they will more likely bring home goods as souvenirs, whetting palates back home to Hawaii's tastes, and thus inspiring others to patronize our islands in the future.

"My one caveat, however, is that in rolling forward with agricultural tourism, the character of our farmlands does not distort fundamentally. We need not commercialize Waialua to become any remote version of Waikiki, fraught with plastic, neon signs, and other tacky dins of advertisement. We must value each farm and refuge for what it offers now, leading tourists to appreciate our natural bounties with respect, and not sacrifice timeless natural resources for the sake of fleeting gains. As we move ahead with this promising legislation, let us remember to reflect back when we must. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support. First of all, to the population issue, I do thank the Representative of South Maui for the Floor Amendment, and for flagging that for us. As I talked to him earlier before session, that is not the intent of the measure, and we're going to fix this in Conference. And if we can't, then I would support removing the bill, because again, this is only for Maui County to implement the B&B ordinances that they have worked on this with all the groups, over the last year and a half.

"And Mr. Speaker, I've got to tell you. I'm trying to get in this farming game myself, and it's tough. I'm starting to find out first hand, what it really takes. It's basically gambling, to be honest with you, because you can literally plant a whole section of tomatoes and nurture them every day. And then come out and be wiped out by a mealy bug. And the reason why, and I'm sorry for straying a little bit. I say this is because farmers are struggling to make income to make sure that when these things happen, that they can have income.

"Visitors coming to Hawaii want to explore sustainability. They want to be a part of this. They want to support our local farms and visit them. And yes, buy their products. I think we should be proud as the State of Hawaii to want our products to be bought by people traveling here from all over the world, to sample our products like cacao. And to basically take the message of sustainability home, all around the world. That's all this is trying to do, Mr. Speaker. To basically allow Maui County to move forward on its program. The intention is not for this measure to apply to Oahu or for everywhere else.

"I've talked to the Representative from the North Shore. I completely understand the concerns of the Oahu people. So, I just ask for people's

support, and let us get this to Conference and see if we can fix this, as well as some other amendments.

"There's also an amendment for a \$35,000 litmus test, which is a very bad thing that needs to come out of the bill, too. Since most farmers don't make 35-grand. And you know, 35-grand doesn't tell one if they're a real farmer or not. Maui County Council has gone a lot further to address that issue within their ordinances, and because of the way the bill is drafted now, it would supersede them.

"So, there's some work to be done in Conference, but again, this is to give our local small farmers, from Hana, Upcountry, the ability to farm. And stay in farming. Teach their kids to farm. And to give the visitors the farming experience, and teach them about sustainability, and what we're trying to do here in Hawaii. And to yes, to spread the word of the great superior products we have here, so that we have a following all around the world. Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Reservations, Mr. Speaker. Pretty much for the same reasons. I'm so glad that the Representative from Maui did declare that, that is their effort and attempt to change this in Conference. We'll be very glad to support that wholeheartedly then."

Representative Herkes rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. Mr. Speaker, I've tried for years to get our laws changed so that we can have wilderness lodges. This State is way behind the rest of the country, and the rest of the world, on wilderness lodges. And I'll give you an example.

"Keauhou Ranch above where I live at Volcano. It's a marvelous piece of property. They've taken all the cattle off of it. They've planted well over a million *koa* trees. We brought in an ecotourism planner, the world's best, by the name of David Anderson. The plan that he put in there called for tree houses, wilderness lodges, hiking trails, horseback trails. It would have been a marvelous, marvelous facility. We need to catch up to the rest of the world in wilderness lodges. Thank you, Mr. Speaker."

Representative Cabanilla rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to this bill. Although I'm sensitive to the needs of the small farmers, I think in the long range, and in the overall, this is not good for our State economy. Measures like this will give further encroachment to our precious, limited agricultural lands. Agriculture offers diversity. We have seen what happened to our State once the tourism industry goes down. Also, agriculture promises us that we can be more independent by securing our own food, and not relying too much on agriculture coming from outside the State. So for those reasons, I'm in opposition to this bill. Thank you."

Representative Har rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. Thank you, Mr. Speaker. Mr. Speaker, the purpose of this bill is to allow agritourism in counties of a certain size as a means of providing additional income to farmers, as well as education opportunities to people interested in learning about, and experiencing Hawaii's agriculture. Allowing agritourism in counties of a certain size will help fulfill Hawaii's State Constitution, Article XI, Section 3, the first paragraph of which states: The state shall conserve and protect agricultural lands, promote diversified agriculture, increase agricultural self-sufficiency, and assure the availability of agriculturally suitable lands. The legislature shall provide standards and criteria to accomplish the foregoing.

"Mr. Speaker, it is a well known, accepted fact that agritourism can help make farmers more sustainable and less susceptible to price fluctuations. According to a May 2011 article in the *New York Times*, and I quote:

For all the talk about sustainable agriculture, most small farms are not self-sustaining, in a very basic sense. They cannot make ends meet

financially without relying on income from jobs off the farm. It's virtually impossible to make a living just off traditional farming as a small farm. Agritourism really provides an opportunity to keep the land, keep a family farm existent, even amongst urbanization, and allow someone to depend less on an outside job for their income.

"By allowing agritourism to make our farms more diverse and financially sustainable, we are protecting our agricultural lands and ensuring that they can continue to be farmed now and into the future. Not only does S.B. 2341 SD2 HD2 not reclassify or rezone any agricultural lands, in fact, the bill mandates that *bona fide* farming operations must be taking place on any site where agritourism is also taking place, which helps to ensure that even as farmers diversify, ag lands stay as ag lands.

"The benefits of agritourism go far beyond allowing farmers to achieve financial sustainability, and even beyond maintaining and protecting Hawaiian agricultural lands. Pursuant to the American Farmland Trust, and I quote:

Agritourism is a form of ecotourism that connects vacationers to America's agricultural heritage, giving people the opportunity to visit, or vacation on working farms and ranches. Agritourism is popular in places where farming is still a vital part of the local culture, including winegrowing regions and farm destinations such as Lancaster, Pennsylvania, the Kona region of Hawaii, and dairy country in Vermont.

"Allowing agritourism in counties of certain sizes is an opportunity not only for us to protect the agricultural future of Hawaii, but also to share our rich agricultural heritage and history with others. Therefore, Members, we urge you to please support S.B. 2341 SD2 HD2, not just as a means of protecting Hawaii's agricultural future, but also to honor Hawaii's agricultural past. Thank you, Mr. Speaker."

Representative C. Lee rose to speak in support of the measure with reservations, stating:

"Thank you. I rise in support, with reservations though. I do want to commend the Maui delegation, because the last version of the bill did have provisions in it which would have allowed tourist activity without any actual agricultural activity taking place, and that, ultimately would be tantamount to rezoning, in effect. And so keeping the purpose of the bill focused and intact, I think, is a good thing. Thank you."

Representative M. Lee rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise with reservations of Senate Bill 2341 – Relating to Land Use.

"I rise with reservations. This bill brings to mind the "agricultural" gentleman's farms on the North Shore. Farming is hard and unglamorous work which should be shared with others, but not as a kind of tourism. I hope this is not a way to encourage intrusion into our valuable agricultural lands."

Representative Thielen rose to respond, stating:

"Thank you Mr. Speaker. My second time, I know. Mr. Speaker, I'd like to just read a brief paragraph from the agricultural liaison for the City and County of Honolulu, Laura Thielen, who happens to be my daughter. And I quote:

Nearly 16,000 acres of farmland on Oahu's North Shore are being marketed for great views, or access to the ocean. These qualities aren't relevant to farming. They're relevant to tourism. The bill permitting vacation rentals as a primary use will destroy any ability to assure these lands remain available for agricultural production. The price of Oahu farmland is nearly out of reach for food farms today.

"And then it goes on. I believe Members have received the testimony, because it came to all of us, either personally or via email. The Department of Agriculture, Office of Planning, and City and County of Honolulu have all testified against these bills, for valid reasons. While the bill, because of the population number, doesn't apply actually to any island at this point, it ultimately will apply to Maui and then ultimately as the years go by, will apply to Oahu.

"Why are 16,000 acres of farmland being marketed with views, and access to the ocean? Tomatoes don't need that. Lettuce doesn't need that, but the landowner knows that the big value in that land is agritourism with a little plot of produce, and a lot of tourism. That doesn't help us become food self-sufficient. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2341, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LAND USE," passed Third Reading by a vote of 48 ayes to 3 noes, with Representatives Cabanilla, Thielen and Ward voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1541-12) recommending that S.B. No. 2796, SD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2796, SD 1, entitled: "A BILL FOR AN ACT RELATING TO DEATH BENEFITS," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1542-12) recommending that S.B. No. 2803, SD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2803, SD 2, entitled: "A BILL FOR AN ACT RELATING TO CONTRACT PROPOSALS FOR CHILD CARE," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1547-12) recommending that S.B. No. 3008, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 3008, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose to speak in support of the measure, stating:

"I rise to speak in favor of this measure. This is H.B. 3008, and it would allow Family Court indigent plaintiffs and petitioners to serve notice on a defendant or respondent by posted pleadings at the courthouse. On Oahu, this is Kapolei.

"I would just ask that the Conferees also consider an option to post a notice online, as well as at the courthouse. Thank you."

Representative Ching rose in support of the measure with reservations and asked that the remarks of Representative Marumoto be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3008, HD 3, entitled: "A BILL FOR AN ACT RELATING TO FAMILY COURT," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1548-12) recommending that S.B. No. 2778, SD 1, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2778, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

At this time, Representative Ching offered Floor Amendment No. 3, amending S.B. No. 2778, SD 1, HD 1, as follows:

"SECTION 1. Senate Bill No. 2778, S.D. 1, H.D. 1, section 1, is amended by amending subsection (a) to read as follows:

"(a) There is established a childhood obesity and diabetes prevention task force to develop and recommend legislation related to the prevention of childhood obesity and diabetes."

SECTION 2. Senate Bill No. 2778, S.D. 1, H.D. 1, section 1, is amended by amending subsection (d) to read as follows:

"(d) The childhood obesity and diabetes prevention task force shall:

- (1) Assemble accurate research, fiscal and demographic information, and justification to support policy development, and track outcomes; and
- (2) Research other state, county, and organizational policy agendas and suggested best practices related to childhood obesity and diabetes prevention policies."

SECTION 3. Senate Bill No. 2778, S.D. 1, H.D. 1, is amended by amending section 2 to read as follows:

"SECTION 2. There is appropriated out of the general revenues of the State of Hawaii the sum of \$ _____ or so much thereof as may be necessary for fiscal year 2012-2013 to:

- (1) Collect and analyze Hawaii-specific early childhood obesity and diabetes data to identify children at risk;
- (2) Increase awareness of the health implications of early childhood obesity and diabetes; and
- (3) Promote best practices through community-based initiatives and public service announcements to improve healthy life choices, such as training and technical assistance to child care providers to promote exercise and nutrition best-practices and the advantages of breastfeeding.

The sum appropriated shall be expended by the department of health for the purposes of this Act.""

Representative Ching moved that Floor Amendment No. 3, be adopted, seconded by Representative Johanson.

Representative Ching rose to speak in support of the proposed Floor Amendment, stating:

"Thank you, Mr. Speaker. I'm rising in strong support of this amendment. For as everyone knows, how passionate I am about Hawaii's epidemic of diabetes, and I appreciate those who continue to work with me on this important issue to our people. It's only because of the dire nature of this deadly, debilitating disease, that I feel the responsibility to continue beating this drum.

"In 2010, the Hawaii Diabetes Plan stated, and I'll remind you, that there are over 110,000 people that have diabetes with approximately 39,000 of said persons not aware that they have it. Hawaii currently has approximately 2,900 residents with regular dialysis treatment. And another 156,000 residents with chronic kidney disease, leading to the eventual need for dialysis or kidney transplant.

"I repeat for the third time, my hospital in my district, HMC, has had many challenges because of the cost associated with this. And we as a state are spending more than a billion dollars to take care of the cost of this disease. Escalating among the more, to the mortality, rising, rising, only second to another state in the nation. The highest in end-stage renal. And if the numbers ring true to the problems we face, we have to look to the HMC closure and now that another 18,000 spent on kidney and bladder operations for them, and also understanding that how we exceed the

national average is that, the most vulnerable sufferers are those of Native Hawaiian, Filipino and Japanese descent.

"So Mr. Speaker, we know the problem. We know the problem, and we know the lack of awareness is the problem. The lack of awareness is really what we need to raise. And studying the issue has been done. This is the diabetes report from 2004, under the last Administration, by Dr. Chiyome Fukino, produced under the direction of the Hawaii State Diabetes Prevention and Control Program, compiling surveillance information, vital stats. You want it here? We got information. We got data. We have a lot of data.

"We know that our people are dying. And we know some of the reasons. But the first step is raising awareness on any issue. Then comes a time for action. Action. Like in the bible it says that there's a time for all things. There is a time, perhaps in this Chamber, to study. To try to ask questions. Then, there is a time to act. Because, nationwide, 1 in 2 children born in 2000 are going to be directly affected, and every generation needs every bit of help regarding prevention and awareness.

"It's time for people to understand three things. Three things our children understand, and hopefully like in the environment, in smoking, in all the other initiatives I've seen over my decades of being involved in trying to make Hawaii a little better. They hopefully will bring it home to their parents. And then the parents will understand, because they need to know. It's a silent disease.

"Number two, they need to know diabetes is a largely preventable disease. And they need to be able to repeat that they understand that the half of the plate needs to be vegetables and fruit. A little bit protein. A little bit carbohydrates. This is where we are."

Representative Thielen rose to yield her time, and the Chair "so ordered."

Representative Ching continued, stating:

"Thank you, Mr. Speaker. Thank you. Obesity and diabetes. Not all people with diabetes are obese. And my concern and why I'm offering this amendment, is that when we broad, Mr. Speaker, you know, chronic disease, cardiovascular. When we talk broadly, we talk about obesity, these are broad terms. I want to start having the word diabetes, I would like if this Chamber, and this Legislature, with the Senate passes something with this word, that we laser beam, understand this enemy of our local people. And so Mr. Speaker, I ask for this amendment to help us have a call to action. To know it's an epidemic.

"We have the research. We have the numbers. We want to spend our effort and time perhaps on things like this. This is the Blue Zone Project, from Minnesota. It was on Oprah Winfrey and Doctor Oz, with excellent, excellent results. So not just a recommendation. It's time for action. It's imperative we teach our *keiki*. I support that. Health habits. They must learn this word, diabetes. They must learn the aspects of diabetes, and early education programs can go a long way to stem the tide of all of diabetes, for all our ages. Our populations can be reached by TV and radio. And to this day, Mr. Speaker, I do not believe I have seen one PSA, locally to teach our people about this disease, and to speak it, to understand. That's the first step.

"So for these reasons, I do show my strong support, for a childhood obesity and diabetes task force as proposed in this Floor Amendment. The time has come to act. So if our Legislature has something with the word, we know and we understand that this is serious, Mr. Speaker. Thank you."

Representative Riviere rose to speak in support of the proposed Floor Amendment, stating:

"Thank you, Mr. Speaker. In support with brief comments. Obesity often leads to diabetes. We do have a problem with obesity in our State, and in the nation. So I'm glad we're looking at this. I do think this is a good idea, to include diabetes, in the subject. And either way, I like this bill and hope it moves forward. Thank you."

Representative Yamane rose to speak in opposition to the proposed Floor Amendment, stating:

"Mr. Speaker, I'm standing in opposition to the amendment. Mr. Speaker, I applaud the Representative from Liliha. She and I have had many discussions on the Health Committee regarding the issue of diabetes. We have honored the Diabetes Association on the Floor of this Chamber this year. The current bill before us establishes a Childhood Obesity Prevention Task Force. Mr. Speaker, obesity is estimated to have grown 17.6% in Hawaii citizens over the last ten years. It has increased in childhood about 38% from 1999 to 2009.

"The number of overweight children in the United States has doubled in the last 30 years. Mr. Speaker, this issue of obesity is an epidemic. Regarding the question and the addition of diabetes. The reason for this Administration measure to move forward was for the task force to look at all issues related to obesity, both the potential causes, as well as potential effects. And one of the concerns has been in the past about putting in specific ailments associated with diabetes, is that the task force would be overly focused on those issues rather than all the impacts related to obesity.

"So Mr. Speaker, at this time I applaud the effort to try to make sure diabetes is an issue. It is an issue within the State of Hawaii, Mr. Speaker. However, this bill at this time, to address obesity in all risks, both diabetes and other issues, needs to be addressed. Mr. Speaker, this task force has less than a year to report back to this Legislature. They have to give a report to us, within about 9 months. So Mr. Speaker, we ask that this measure move forward in its original form. Thank you."

Representative Ching rose to respond, stating:

"Yes thank you, Mr. Speaker. And I don't mean to beat this drum so hard, and I appreciate, very much, the Chair of Health. In fact I appreciate him moving a measure out of Committee that originally called for the accountability of one person to really focus on this. But that's the whole point, I guess, of my amendment. It is that, that's been done before. If you look into the Department of Health's background, they have consistently approached chronic disease, and like I said. So that's the whole point. I guess what I'm trying to say is the day that comes that children, and their parents and grandparents understand there's three concepts in a PSA, TV, and they'll start making movement. Thank you."

The motion that Floor Amendment No. 3, amending S.B. No. 2778, SD 1, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR EARLY CHILDHOOD HEALTH," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry.

(Main Motion)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2778, SD 1, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR EARLY CHILDHOOD HEALTH," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1551-12) recommending that S.B. No. 2084, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2084, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1551-12) recommending that S.B. No. 2101, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2101, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Pine rose to disclose a potential conflict of interest, stating:

"Yes, I just wanted to declare a potential conflict. I am a recipient of the TRICARE Program. Thank you," and the Chair ruled, "no conflict."

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker, same request," and the Chair ruled, "no conflict."

Representative Takai continued to speak in support of the measure, stating:

"I'd like to rise in support of this. Thank you, just briefly. People that have the privilege of partaking in TRICARE that are City and State workers, are helping the EUTF. In fact, I wrote a letter two years ago, requesting that the EUTF Board consider encouraging more people to go onto TRICARE and other employer health insurance coverage for the main reason that one less person on EUTF is not only a savings to EUTF and the State, but also the savings to the participant.

"So my calculations back two years ago, and I believe it's since gotten even better, was for every 250 people who partake in TRICARE program, that saves the EUTF program a million dollars. So anything we can do to encourage people to participate in non-EUTF health benefits, the better for all of us. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2101, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE TRICARE PROGRAM," passed Third Reading by a vote of 51 ayes.

At 10:48 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2341, SD 2, HD 2
S.B. No. 2796, SD 1
S.B. No. 2803, SD 2
S.B. No. 3008, HD 3
S.B. No. 2778, SD 1, HD 1
S.B. No. 2084, SD 1, HD 1
S.B. No. 2101, SD 1, HD 2

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1552-12) recommending that S.B. No. 2344, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2344, SD 2, HD 1, entitled: "A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE HAWAII HEALTH AUTHORITY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1554-12) recommending that S.B. No. 2540, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2540, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 51 ayes.

Representative Keith-Agaran, for the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1559-12) recommending that S.B. No. 3001, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 3001, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm voting no on this measure just to point out that the definition of feral deer might need correction. Perhaps you could transport a once-feral deer. Also, this bill pertains only to one animal, the deer. Earlier it had referred to several animals. Many conservation groups were in opposition to dropping other animals from this bill. So, just to explain my no vote. Thank you."

Representative Fontaine rose in opposition to the measure and asked that the remarks of Representative Marumoto be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Cabanilla rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I just want to voice my reservations on this measure. I think the reason why we're writing bills like this, is because there's concern of the overabundance of this animal. There are some people that would like to transport them to the other islands. Let me just point out that deer is used for subsistence to a lot of our people. It's being eaten for their meat. I think that rather than discouraging the growth of this animal, we should expand our hunting seasons and make hunting less restrictive so they could be used for God's intended means, which is to feed our people. Thank you, Mr. Speaker."

Representative Ching rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Well you know, as a person who actually took environmental science in college, I'm very understanding of the nature of the damage that feral pigs, feral goats, feral deer do. And that feral deer are responsible for a lot of the destruction of our topographic, the surface our islands.

"So I'm absolutely for hunting the deer. I'm absolutely for it. But as the Representative of Kaimuki said, there's a real fiddle sentence there, in the bill. It is not worded correctly. It's very, very misleading. And then number 2, the people who actually supported the bill originally were so disappointed. It's my understanding that goats and other animals were then changed, so it's just narrowly deer, and I don't know what the reason is for that. You know, I have a couple of ideas. Maybe it has something to do with carrying pork. I don't know. But pigs are a major problem to our fragile environment. We have got to cut down those pigs."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3001, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO WILDLIFE," passed Third Reading by a vote of 48 ayes to 3 noes, with Representatives Ching, Fontaine and Marumoto voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1560-12) recommending that S.B. No. 2489, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2489, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with strong reservations. Mr. Speaker, this bill expands the powers of the Governor, therefore a good intention, and that is for public disaster, flood, fire, storm, earthquake. But there's something in here called, civil disturbance, which is not defined. Which may be an overreach. And Mr. Speaker, the Governor of the State of Hawaii has more powers than any Governor in the whole United States, so the potential for abuse of this, and I'm not saying and naming any possible event, but right now, the Governor's had enough emergency powers to do just about anything that's wanted.

"Recall this Floor debating intensely, passionately, about Governor Lingle calling the homeless crisis an emergency crisis. And people were jumping up and down. We've got to define what it is. Well civil disturbance is as important that we define it, and we don't slip down to where the Governor, as powerful as he already is, is going to be more powerful. Thank you, Mr. Speaker. With those reservations."

Representative Takai rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of this measure. Thank you. And I just wanted to allay the concerns of the previous speaker, and then just make note that the reason why this bill is in front of us, and it is because of two things. Number one, is model legislation from the national level which has gone to every state making recommendations on state laws as it pertains to the National Guard.

"And number two, as a result of the recently completed APEC event just last November, many recognized some of the shortcomings of our State law, and as a result of those two items, we have this bill in front of us.

"It is critical that we pass this. In fact, it's one of, I believe, three top initiatives coming from our Adjutant General. Basically what this bill does is, it provides the Adjutant General with some of the powers necessary to take on some of the challenges that we have faced in the past, and we will face in the future.

"The last thing I'd like to ask is that we recognize and commend the Chair and the Vice Chair of the Public Safety and Military Affairs Committee for moving this bill forward. This is effective July 1, 2012 and as such, I don't believe this will be coming back into Conference."

Representative Ward rose to respond, stating:

"Mr. Speaker, I can entirely agree that the bill should be passed, must be passed. However, civil disturbance still disturbs me, probably because I've lived in the Third World where too many times, and seen too many misuses of the word, civil. I've seen countries that have internal security acts that make their countries secure. But what they do is, knock on the door in the middle of the night, take you away and say, 'Well this is for the peace and tranquility of the society.'

"That is not in the root of who we are as Americans, who love freedom and democracy. If we must do civil disturbances, I think it needs to be defined, because people protest in a very civil manner. But when you call something civil, then a disturbance, it's up to the personality and the power of those in the leadership. I think there are a number of examples that we have here, just disturbing from possible people in the gallery, of which we have not defined. I won't go across into that particular issue, but unless we lock this down, there's potential for abuse. Not now, but in the future. Thank you, Mr. Speaker."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker, I wish to speak with some reservations. I certainly understand the work that went into this bill, and the pride they take in developing the bill. However, I have a question on an item which I think can be of major consequence. There is some language in there that they may be called for a non-emergency basis. I have no idea what non-emergency is. I know there are emergencies when they're called for to go into combat. There's emergencies for natural disasters. But this here, the language alone, just by itself, that says that you may be called for non-emergencies.

"So on this basis, I would vote with reservations. Hopefully I can be enlightened along the way as to what this language really means. But I don't want to leave broad language like that, that can be used for any particular purpose that the Governor and the General may want to develop. Thank you."

Representative Awana rose in support of the measure with reservations and asked that the remarks of Representative Souki be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2489, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE MILITIA," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1561-12) recommending that S.B. No. 2261, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2261, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Aquino rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. May I request a ruling on a potential conflict? I work for a nonprofit in Waipahu that serves as a fiscal agent for that site. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2261, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE WEED AND SEED PROGRAM," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1562-12) recommending that S.B. No. 2776, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2776, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, thank you. I'm in opposition to S.B. 2776 SD2 HD2, relating to public safety. Thank you. This is an early release bill. And while I favor releasing some prisoners as a humanitarian measure, and as a cost cutting measure, and believe me, this is a cost cutting measure. It will save the Department of Public Safety millions of dollars. I believe we should place public safety as a paramount criteria in the decision to release prisoners. While I am impressed that a noted NCSL consultant favors this measure, I still question the wisdom on how these prisoners are released. And while it is wise to provide parolees with programs to help them get reestablished in society, is it wise to determine their low risk potential on an actuarial basis?

"Is it wise to release 1100 prisoners in the first three years of the program? Can we provide them sufficient services? Do we have enough jobs to support them? Will the community be safe? This bill provides for many more parole officers. Can they guarantee against re-offense?

"I reiterate the point that I raised when I spoke on the companion bill. Honolulu's Prosecuting Attorney is not supportive of this measure, and he was also the former Director of Public Safety. I respect his judgment on this particular measure. I have many more remarks Mr. Speaker, but ask that they be inserted in the Journal, and I thank you for your attention."

Representative Marumoto's written remarks are as follows:

"While I favor releasing select prisoners as a cost-cutting measure, I believe we should place public safety as the paramount criteria in the decision to release prisoners on a wholesale basis (1100 in the first 3 years of the program).

"Violation of parole is another issue. Under Section 7 of the bill: If a parolee violates parole, the *longest* period of incarceration he or she can receive for the violation is a mere six months.

"There are exceptions for those who have:

- (1) been charged with a felony or certain misdemeanors,
- (2) left the State without permission,
- (3) violated conditions applicable to sex offenders, or
- (4) been previously re-imprisoned for violating the conditions of parole on the current offense.

"I question whether all sex offenders should be released even if they have undergone treatment. The recidivism rates are so high for this offense.

"Section 8 mandates release on the expiration of a minimum sentence if the inmate is deemed "low risk". Like Section 7 there are exceptions, but they limit HPA to a narrow field of choices.

"Likewise, Section 13 requires that HPA must release a class A, class B, or class C felon on parole, with multiple sentences, based on the longest term of imprisonment, provided that HPA has approved a parole plan, irrespective of a court-ordered minimum sentence.

"Given the way the bill is drafted: The HPA may set an earlier release date if it wants to, but if it doesn't, then with an approved parole plan, it must adhere to a specific minimum release schedule. This takes away discretion.

"The release schedule varies from *no later* than 6 to 18 months prior to the expiration of the maximum sentence, depending on the level of felony.

"I am troubled by the fact that HPA will lack discretion to require a class A felon to be released no later than 18 months prior to the end of his or her maximum sentence.

"I reiterate the point that I raised when I spoke about the companion bill. Honolulu's City and County Prosecuting Attorney who has been a former DPS Director is opposed to this measure, and I respect his judgment on this measure."

Representative Ching rose in opposition to the measure and asked that the remarks of Representative Marumoto be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you. In support with reservations, and brief comments. Thank you, Mr. Speaker. I echo some of the concerns that the good Representative from Kaimuki noted earlier. But what I do think, and what has compelled me to vote still in support of this measure, is although I think we can debate about whether or not to honor the minimum or maximum sentences for offenders, I do think, the way this bill is written, it does try to recompense victims in terms of restitution, ensuring that they're at least serving their minimum sentence.

"In addition, what really persuades me is the efficacy of what this measure is crafted on. Given the reduction in the recidivism rates in states who have implemented a similar measure, I'm willing to give this particular solution a chance."

Representative Pine rose in support of the measure with reservations and asked that the remarks of Representative Johanson be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Cullen rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. Mr. Speaker, when we look at this measure, people will say that we are trying to focus on what we are trying to do in public safety, and that is, ensure that we are making our public safe. But when we take a look at this and we look at the fiscal matters, and we are taking a chance here, we are ensuring from the Public Safety Committee that we are taking all the steps possible.

"You know, we could say let's throw in millions of dollars, billions of dollars into building new prisons. And we can keep individuals locked up. But that's not what we're trying to do here. The individuals from CSG who brought down the GRI initiative, they are putting this measure there. You know, we take the chance and when we do this, we are ensuring public safety is there. And we would take every step that matters. And like anything, we are trying something here, Mr. Speaker."

Representative Aquino rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'd like to also adopt the words of the Vice Chair of Public Safety and Military Affairs as if they were my own. S.B. 2776 HD2 is an Administration measure, and is a companion to a bill that we heard earlier in the House. This bill is the result of a rare occasion we see in government. This bill is a result of a collaboration between three branches of government, and I might add, it was a bipartisan effort, to come together to better our criminal justice system through an initiative called Justice Reinvestment.

"As mentioned earlier in this Session, Justice Reinvestment is a data-driven approach to reducing corrections and related criminal-justice spending, and reinvest those savings in evidence-based strategies designed to increase public safety.

"Mr. Speaker, this bill seeks to address certain areas of the justice system. In particular, the Department of Public Safety's role in the pre-trial process. Increasing needed positions on the Parole Authority Board. Utilizing quick and effective responses for technical parole violations, which would be the parole version of the HOPE Probation Program which is a nationally recognized program headed by Judge Steven Alm, which has shown to decrease recidivism and violations dramatically. Increasing their restitution rate for victims 150%. Providing evidence-based tools and assessments to determine re-offense and suitability for parole. And lastly, a renewed focus on supervision and pre-trial and reentry programs.

"Mr. Speaker, there may be some concern that through this measure we have stripped the Paroling Authority of their authority and discretion that they currently have. That is inaccurate, Mr. Speaker. The Hawaii Paroling Authority maintains its discretion by its continued approval of parole plans, approval or denial of offenders' parole plans, which is needed before any offender is released. That will not change.

"Mr. Speaker, other states in our country have adopted similar policies to increase public safety, reduce correctional spending and reinvestment in needed areas. States such as Texas and North Carolina have gone through the same process we have in the last 9 to 10 months. Texas is currently experiencing significant drops in parole and probation violations, while North Carolina, adopted certain laws that reduced prison populations by creating a new misdemeanor class, and provided incentives to address recidivism.

"Mr. Speaker, this bill has gained support as it went through the process. The measure is currently being supported by the Administration, and the Judiciary, various victim advocacy and compensation groups, and the senior pastor of the largest evangelical church in our State, as well as other well-known individuals. So in turn, Mr. Speaker, I urge my colleagues to support this measure, as it proceeds to Conference for further discussion and work. Thank you, very much."

Representative Keith-Agaran rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Just very briefly. I think the Administration points out, that this is really just a first step at setting a framework. And

let's be clear that this bill doesn't really change the way we treat defendants at the beginning. It only requires that the courts have the information concerning the level of risk defendants pose to public safety.

"This is a framework. Whether it's successful or not will depend on making sure that the agencies that are required to perform the assessments and the agencies that receive those assessments, properly use them. So again, this is a first step, and I commend the Chair of the Public Safety Committee for the work that he's put into this. Thank you."

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. Just very briefly. First of all, Mr. Speaker, I want to thank the Chair and Vice Chair of Public Safety, as well as the Chair of the Judiciary Committee, and the Finance Committee, as well as the Administration for this bill. There are many parts of this bill that I agree with, and I think that this is the way in which we need to start dealing with our incarcerated population. My concern though, deals with page 14, and I think I've been very consistent with this point regarding victim restitution.

"The previous law allowed 10% of an incarcerated inmate's amount earned in prison to go towards the victims. I want to thank the Chairs for allowing this amount to go up to 25%, but the fact of the matter is that, 25% of whatever moneys they're earning is not enough to make victims whole. And for that reason, I stand with reservations. Thank you, Mr. Speaker."

Representative Souki rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. Thank you, very much. I wish to speak in favor, very much in favor of this measure. And I wish to thank the Chair and the Members of the Judiciary Committee who invested in this great landmark legislation. Thank you, very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2776, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Third Reading by a vote of 48 ayes to 3 noes, with Representatives Ching, Marumoto and Ward voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1565-12) recommending that S.B. No. 2337, SD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2337, SD 1, pass Third Reading, seconded by Representative Evans.

Representative Souki rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. This concessionaires' bill is a very important bill because with the airport modernization that we have, or will be having, it will be affecting the concessionaires. The concessionaires may have some expenses in adapting to the modernization. So this language provides some flexibility, where they can request the DOT, and of course the Budget and Finance Office, and the Governor, for extensions of their contract as they will be incurring additional costs because of the modernization."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2337, SD 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Third Reading by a vote of 51 ayes.

At 11:11 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2344, SD 2, HD 1
S.B. No. 2540, SD 2, HD 2

S.B. No. 3001, SD 2, HD 2
 S.B. No. 2489, SD 2, HD 2
 S.B. No. 2261, HD 1
 S.B. No. 2776, SD 2, HD 2
 S.B. No. 2337, SD 1

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1566-12) recommending that S.B. No. 2402, SD 1, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2402, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Morikawa rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations, thank you. I know last year I spoke on this also, and I'm happy to see that there were some changes made. But I still have reservations because, if the objective is to be fully shielded to preserve the quality of the night sky, my concerns are for outdoor athletic facilities. Unless a replacement, a conforming light fixture replacement is designed to be compatible with the existing electrical wiring, replacements will not be possible. The whole system may need to be changed. Affected agencies need to begin planning for complete light renovations, and funding must be committed to the projects. So that's my only concern. Thank you."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you. In support with some reservations too. I wanted to adopt the words of the Representative from the Island of Kauai. And I wanted to bring out an interesting irony, Mr. Speaker, which is that the University has been, I think for a number of years, been testifying, hoping for, pushing for, some protection for their night sky for Mauna Kea, you know, to control light pollution.

"It's my understanding that there's a project going on, at the University of Hawaii that is just going to light up the sky, and Lord knows as the Representative said, from Kauai, these things you can see it for miles around. And I've been on record about light pollution and all of its different consequences. I think that we need to keep that in mind. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Darkness is a natural resource. I've said that a number of times, and people would laugh and say, 'What do you mean by that?' Well, when you're number one in the world in astronomy, the darker you have your skies, the more you can see.

"Case in point. The University of Hawaii has reported that in Downtown Honolulu, you can see 200 stars. How many are there? There's 2,000. So the amount of light pollution that is on this Island, fortunately we don't have the 3 meter telescope here, is blotting out what otherwise at the Big Island where it is, where we are the world leader, when you do this. Obviously we've got to work out the mechanics. We've got to shut it down. We don't have to bankrupt Kauai or any other place, but we've got to be mindful. That's a natural resource, and we need to stay out front in world astronomy."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative Morikawa be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2402, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LIGHT POLLUTION," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1567-12) recommending that S.B. No. 2747, SD 1, HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2747, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. First of all, ruling on a potential conflict, I own an electric vehicle," and the Chair ruled, "no conflict."

Representative Takai continued to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to this measure. This measure weakens the current incentives for electric vehicles, first by requiring just one vehicle parking spot charging station for a highly used area like the Honolulu International Airport. It sends a public message that the State of Hawaii's not addressing the range anxiety issues now currently felt by many electric vehicle owners. And basically Mr. Speaker, that is a situation when it only says that you have 20 miles left to go, and you have about 20 miles to drive home. It's critical that we provide these charging stations throughout the State, and especially in the town and rural areas.

"We already have a few charging stations in place. In fact, we have one located in the Capitol, but as many of you may have noticed, it's over subscribed. Something's always in that parking space. And this is occurring with only 1000 EVs on the road currently.

"Secondly, the current law is not being enforced, and relatively few charging stations have been implemented statewide. An enforcement or a stronger incentive mechanism is required to ensure that the State of Hawaii can meet with its aggressive electric vehicle goals.

"Now before anyone says that I'm standing because of my personal self interest, let me just reassure you that I think my vote in opposition is broader than that, because of this. The Hawaii Clean Energy initiative calls for 4000 electric vehicles to be sold per year, and 10,000 on the road by 2015. And yet, only a few dozen charging stations have been deployed, and almost none are on the Neighbor Islands or in rural areas.

"To the extent the current laws are not enforced, it is incomprehensible why the current incentives should be reduced. The only practical result of this measure is that it sends to the public a message that the State is backing away from its electric vehicle adoption in Hawaii. It sends to the public that the State is backing away from the goals of the Hawaii Clean Energy Initiative, and I recommend that my colleagues take a look at this, and support my no vote on this. Thank you."

Representative Souki rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. I speak in favor of this measure, and we're speaking on S.B. 2747. All this bill does is provide for flexibility for buildings and institutions that already have plugs, and that they don't have to relocate the plugs at any expense. But they will make the plugs available. They will also have to make mention where the plugs are. So I don't see anything detrimental towards the public as far as those who wish to purchase electric cars. I think the State is committed to electric cars and alternate energy, and this is one of the major items. But this bill merely provides flexibility. Thank you, very much."

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. First of all, I want to thank the Chair of Transportation, as well as the Chair of the Committee on Energy and Environmental Protection, as well as the Administration. This is an Admin bill, to make what the current law is, better. But the issues that were expressed in the Finance Committee were this. There was testimony from the Department of Business, Economic

Development, and Tourism, who noted that, currently, statewide, there are 700 electric vehicles in our State. So, while this measure attempts to fix the previous law that required 10% of all parking stalls to be dedicated to electric vehicles, now we're going to reduce that, to parking stalls, one parking stall with now a charging station.

"The fact of the matter is this. This cost will be borne by whom? The business owners. So every business owner who owns, or is part of a shopping center, is now required to put in one parking stall that is dedicated with a charging station. I think that's premature given the fact that we only have 700 electric vehicles in this State. And again, when asked the question to DBEDT about who the cost would be borne by, they did in fact admit that it would be the business owners. At this point, I think that is somewhat premature. For those reasons, I'm with reservations. Thank you, Mr. Speaker."

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Carroll rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Giugni rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose in support of the measure with reservations and asked that the remarks of Representative Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Chang rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cabanilla rose in support of the measure with reservations and asked that the remarks of Representative Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2747, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ELECTRIC VEHICLE PARKING," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Takai voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1571-12) recommending that S.B. No. 2746, SD 1, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2746, SD 1, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Jordan rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. A ruling on a potential conflict. I'm an owner of an electric vehicle," and the Chair ruled, "no conflict."

Representative Takai continued to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to this measure. Thank you, and just briefly, because I stated it in the previous measure. This measure also weakens the current incentives for electric vehicles. The Hawaii Clean Energy Initiative calls for 4000 electric vehicles to be sold per year, and 10,000 on the road by 2015. This bill hampers that effort. In fact, it sends a message that we in the Legislature, and the State, are backing away from the goals of the Hawaii Clean Energy Initiative. I'd also like to request additional written comments. Thank you."

Representative Takai's written remarks are as follows:

"Thank you, Mr. Speaker, for allowing me to submit written comments in opposition to Senate Bill 2746. This measure weakens current incentives for electric vehicles.

"The Hawaii Clean Energy Initiative calls for 4,000 electric vehicles to be sold per year and 10,000 on the road by 2015. This measure sends the message that the State is backing away from electric vehicle adoption in Hawaii. It sends the public the message that the State is also backing away from the goals of the Hawaii Clean Energy Initiative.

"If our intent is truly to move Hawaii towards energy self-sufficiency, it is short-sighted to do away with preferential and free parking, and other incentives that encourage more drivers to switch from gas to electric vehicles.

"I oppose this legislation, and any legislation that takes away incentives for motorists to choose electric vehicles as their form of transportation. The negative effects of carbon emissions require Hawaii to reduce, if not eliminate, oil-based transportation emissions.

"As Hawaii moves towards energy independence, and towards a cleaner environment, the purchase of electric vehicles should be encouraged. The Legislature can play a major role in moving Hawaii's people towards these goals.

"A major incentive for the purchase of our electric vehicle was the free parking, free meters, and ease of charging in public places. If these incentives go away, especially at this stage where electric vehicle purchases are still not being purchased by the mass market, the purchase and use of these vehicles will be curtailed.

"For these reasons, I oppose Senate Bill 2746."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Giugni rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2746, SD 1, HD 3, entitled: "A BILL FOR AN ACT RELATING TO ELECTRIC VEHICLES," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Takai voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1573-12) recommending that S.B. No. 2946, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2946, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Fontaine rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Fontaine's written remarks are as follows:

"Thank you Mr. Speaker. Mr. Speaker, I rise in opposition to Senate Bill 2946 Senate Draft 2, House Draft 2 Relating to Transportation.

"To properly analyze this bill, one should consider Act 104, which passed just last year.

"Let us look at the rental motor vehicle surcharge tax. Prior to Act 104, this tax was meant to go entirely to the State highway fund. The tax was \$3 per rental vehicle per day.

"Under Act 104, two things happened to that tax: (1) the amount of the tax temporarily increased by \$4.50 to \$7.50, with a sunset date of June 30, 2012. (2) The additional \$4.50 was designated to go into the general fund. There was somewhat of a trade off to consumers' pocketbooks in that the \$4.50 the rental motor vehicle customer facility charge (CFC) was suspended through June 30, 2012. However, monies from this charge were meant for the rental motor vehicle customer facility charge (CFC) special fund. And monies in that special fund are meant to be used for enhancement, renovation, operation, and maintenance of existing rental motor vehicle customer facilities and the development of new rental motor vehicle customer facilities. So with Act 104, that fund, in essence, lost out to the general fund.

"But the loss to that special fund was meant to be temporary, and last for only about a year.

"Now let's fast forward to today. Today, we consider a bill that will maintain the rental motor vehicle surcharge tax at the \$7.50 amount—as well as continue the suspension of the customer facility charge—through 6/30/16; that's four more years. The supposed good news, we are told, is that the law will be amended so that at least some of the surcharge tax will go to the customer facility charge special fund, to build and improve rental car facilities.

"However, instead of a clear breakdown of where the \$7.50 amount collected per vehicle per day collected will go, the bill as drafted instead states that the Director of Finance will deposit \$3 of each of the \$7.50 into the State highway special fund, with unspecified aggregate amounts into the motor vehicle customer facility charge special fund and the general fund, with the remainder then going to the CFC special fund.

"The Tax Foundation of Hawaii has observed: "While the rental motor vehicle customer facility charge was enacted to provide funds to develop and construct a consolidated car rental facility and other related improvements for the department of transportation's airport modernization program, it now has morphed into another way to raise funds for the general fund. Hopefully, the car rental industry has learned a very important lesson about trusting lawmakers."

"In light of that analysis, I am concerned about the fact that any of the rental motor vehicle surcharge tax will continue to go into the general fund.

"Some reading my remarks may believe I am making too much of this. They may say, "What's \$4.50 per day?" or "Why should it matter where the funds go, as long as the State needs the money?"

"My response, I note: Today, at least twelve of the bills considered, including this one, have some sort of a fee increase or tax increase. This legislature will also vote on the creation of five new special funds. These fee increases and new funds purport to do good, to somehow help the State and its citizens in the long run. The special funds seem noble, seem productive, and seem geared to specific purposes. As the members of this body consider those bills, however, we should ask ourselves: Are those fees and taxes going to end up like the rental motor vehicle surcharge? Will taxpayers and businesses doubt whether they can trust us?

"We may also wish to be cautious about the fact the bill authorizes the Department of Transportation to issue \$500 million in rental motor vehicle customer facility revenue bonds. As the Tax Foundation of Hawaii has noted, "While the issuance of bonds could be used to borrow the money to build [a consolidated rental motor vehicle facility], such a strategy will only increase the cost of construction as funds must be repaid with interest."

"For the reasons I have noted, I will be voting no on Senate Bill 2946 Senate Draft 2, House Draft 2. Thank you, Mr. Speaker."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you. In opposition Mr. Speaker, and just a few notes on this. My opposition stems from, originally I thought, 'Fine. If the rental facilities want to charge themselves for the rental facility, great.' But it's not really panned out that way. And on the side, I mean, personally we went to rent a car the other day, and it was amazing the response by everybody, how expensive it is with this surcharge. So I have to go no. Thank you."

Representative Souki rose to speak in support of the measure with reservations, stating:

"Yes, Mr. Speaker. I wish to speak for this measure with some reservations, on Stand. Com. Rep. No. 1573. Thank you, very much. And, the reservation that I have is that, even though there's no exact dollars, how much is going to be taken, the format is planned so that they'll continue to take money away from the Highway Fund, which we need desperately because of the condition of the highways, and all the potholes we have.

"So I would encourage, especially the Finance Committee, and hopefully I will be the Chairman of this Committee, but relying on the Finance Committee that we look very tenderly at the dollars that you take away from the Highway Fund, as that will affect the amount of repairs and maintenance that we need for the State highways. We drive on it every day and we know what is needed out there. There's a lot of *puka*. Thank you, very much."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. Thank you. Just to be brief. First I would like the comments of the previous speaker entered into the records as if they were my own. I hope that as this moves forward to Conference that the Committee members will look at a breakout for the Special Highway Fund. The timing is everything, and SAFETEA-LU has, as you are well aware, Mr. Speaker, has not been reauthorized yet. It is in the process of being reauthorized.

"And the big states are really clamoring hard about small states like Hawaii getting what they call a disproportionate highway share. And one of the things the federal DOT is looking at is, what we're doing to ensure our Special Highway Fund remains soluble and valid, and basically is strong. And my concern is, we don't have some kind of an allocation for that. The feds may look at this and say, 'Okay well, Hawaii is one of these states who is not really doing much to protect their Special Highway Fund or invigorate it,' and therefore that could be reflected in perhaps loss of federal dollars. Thank you."

Representative Awana rose in support of the measure with reservations and the remarks of Representatives McKelvey and Souki be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Pine rose in support of the measure with reservations and asked that her written remarks, and the remarks of Representatives McKelvey and Souki be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Pine's written remarks are as follows:

"I stand with reservations on SB 2946, which extends the current \$7.50 rental vehicle surcharge tax through June 30, 2016 in order to continue to ensure there is enough money in the Highway Special Fund, the general

fund and the Rental Motor Vehicle Customer Facility Charge Fund by extending the rental motor vehicle facility's fee suspension. My greatest concern about this bill is that we are extending the tax."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2946, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Third Reading by a vote of 46 ayes to 5 noes, with Representatives Ching, Fontaine, Marumoto, Thielen and Ward voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1574-12) recommending that S.B. No. 2588, SD 1, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2588, SD 1, HD 3, pass Third Reading, seconded by Representative Evans.

At this time, Representative Riviere offered Floor Amendment No. 4, amending S.B. No. 2588, SD 1, HD 3, as follows:

"SECTION 1. Senate Bill No. 2588, S.D. 1, H.D. 3, is amended by amending section 1 to read as follows:

"SECTION 1. Chapter 657, Hawaii Revised Statutes, is amended by adding a new section to part I to be appropriately designated and to read as follows:

"§657- Civil action arising from sexual offenses; application: certificate of merit. (a) Notwithstanding any law to the contrary, no action for recovery of damages based on physical, psychological, or other injury or condition suffered by a minor arising from the sexual abuse of the minor by any person shall be commenced against the person who committed the act of sexual abuse more than:

- (1) Eight years after the eighteenth birthday of the minor or the person who committed the act of sexual abuse attains the age of majority, whichever occurs later; or**
- (2) Three years after the date the minor discovers or reasonably should have discovered that psychological injury or illness occurring after the age of minor's eighteenth birthday was caused by the sexual abuse,**

whichever comes later.

A civil cause of action for the sexual abuse of a minor shall be based upon sexual acts that constituted or would have constituted a criminal offense under part V or VI of chapter 707.

(b) For a period of two years after the effective date of Act , Session Laws of Hawaii 2012, a victim of child sexual abuse that occurred in this State who had been barred from filing a claim against the victim's abuser due to the expiration of the applicable civil statute of limitations that was in effect prior to the effective date of Act , Session Laws of Hawaii 2012, may file a claim in a circuit court of this State against the person who committed the act of sexual abuse.

A claim may also be brought under this subsection against a legal entity, including the State or its political subdivisions, if:

- (1) The person who committed the act of sexual abuse against the victim was employed by an institution, agency, firm, business, corporation, or other public or private legal entity that owed a duty of care to the victim; or**
- (2) The person who committed the act of sexual abuse and the victim were engaged in an activity over which the legal entity, including the State or its political subdivisions, had a degree of responsibility or control.**

Damages against the legal entity shall be awarded under this subsection only if there is a finding of gross negligence on the part of the legal entity, including the State or its political subdivisions.

(c) A defendant against whom a civil action is commenced may recover attorney's fees if the court determines that a false accusation was made with no basis in fact and with malicious intent. A verdict in favor of the defendant shall not be the sole basis for a determination that an accusation had no basis in fact and was made with malicious intent. The court shall make an independent finding of an improper motive prior to awarding attorney's fees under this section.

(d) In any civil action filed pursuant to subsection (a) or (b), a certificate of merit shall be filed by the attorney for the plaintiff, and shall be sealed and remain confidential. The certificate of merit shall include a notarized statement by a:

- (1) Psychologist licensed pursuant to chapter 465;**
- (2) Marriage and family therapist licensed pursuant to chapter 451J;**
- (3) Mental health counselor licensed pursuant to chapter 453D; or**
- (4) Clinical social worker licensed pursuant to chapter 467E;**

who is knowledgeable in the relevant facts and issues involved in the action, who is not a party to the action.

The notarized statement included in the certificate of merit shall set forth in reasonable detail the facts and opinions relied upon to conclude that there is a reasonable basis to believe that the plaintiff was subject to one or more acts that would result in an injury or condition specified in (a)."

Representative Riviere moved that Floor Amendment No. 4, be adopted, seconded by Representative Ward.

Representative Riviere rose to speak in support of the proposed Floor Amendment, stating:

"Thank you. This bill involves sexual abuse of children. Child predation is an abomination. On that we can all agree. It's a horrible situation and it must be dealt with firmly. The problem with this bill, and what this bill does, is it extends the statute of limitations for certain parameters. But the problem with this bill is that it excludes the State. So my question to the Members, and this really cuts to the chase of equity and fairness. The question is, why is the State excluded from this two-year provision to go back and follow up on sexual predation and sexual abuse.

"I ask, is there a difference if a child is molested in a public school? Is that different than a child being molested in a private school? You all know the answer. There is no difference to the trauma brought to the child. There can be no justification for excluding the State. The State can't afford it. The State's got big pockets. The people would be suing us. I'm afraid that's not a good enough answer, folks. If there's a crime committed against children, let's deal with it. Let's not exclude ourselves and say the rules apply to others. I hope that you folks will all agree that this is an amendment that should be passed. Mahalo."

Representative Ward rose to speak in support of the proposed Floor Amendment, stating:

"Mr. Speaker, I rise in support of the amendment. Mr. Speaker, this is one in a series of the State exempting itself. You know from my colleague, the exemption on the environmental laws, just on the last bill. We exempted putting money into the road repair fund. This exempts the State from being liable for what otherwise, as a deep pocket employer, should be there. So what is fair? State's rights were very important. Why are we not taking the liability side of the freedom that we exercise? We are not above the law. We are the lawmakers. We should not be exempt from this. Thank you."

The motion that Floor Amendment No. 4, amending S.B. No. 2588, SD 1, HD 3, entitled: "A BILL FOR AN ACT RELATING TO LIMITATION OF ACTIONS," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry, with Representative Wooley being excused.

(Main Motion)

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Manahan rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, reservations for the same reason. Thank you."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Reservations, with a couple of comments. You know, there was this leader that I had first met many, many years ago, and he was the head of a labor union. He was very close friends to my family, and my family loved this leader. We loved this leader. And when I was young, I could never figure out why did everyone love him so much. And it was because he never imposed anything on his people without putting even stricter rules on himself. And that is true leadership.

"I think I'm very proud of the Representative from Waialua, feeling so strongly that for us to lead successfully here in the State of Hawaii, instead of looking out to others, and how to change them, fix them. He really felt, and he's a freshman, and this is what I love freshman for. He came here to do justice for his people, and he saw this bill as unjust. So that is why I have very strong reservations, Mr. Speaker.

"Before we even start legislating this to the private system, or private sector, we should have first legislated this for the State. First prove our leadership, Mr. Speaker, that we could accomplish this. And that we truly believe in protecting victims, and that's why we're passing this law."

Representative Aquino rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Reservations, for the reasons stated earlier."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. With reservations. I think the good Representative from the North Shore, sums up my position."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Reservations, because it does not apply to the State."

Representative Riviere rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Kawakami rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative M. Lee rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise with reservations of Senate Bill 2588 – Relating to Limitation of Actions.

"I rise with reservations. Child sexual abuse may stay with a victim for a lifetime. Therefore, this bill is very important for recovery and interventions which may heal the damage done years later. I protest excluding the State and its political subdivisions from this law. It is hypocritical to do so even if it may have cost implications."

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. And may I please reference the testimony of the Attorney General and incorporate it as my own. Thank you."

Representative Giugni rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Yamane rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takai rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2588, SD 1, HD 3, entitled: "A BILL FOR AN ACT RELATING TO LIMITATION OF ACTIONS," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1575-12) recommending that S.B. No. 2123, SD 2, HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2123, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Belatti rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I would just point to the comments by the Department of Labor and Industrial Relations where they comment on some of the feasibility, and the effectiveness of the measures in this bill. Thank you."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. With your kind indulgence, I'd like to provide a brief history on the foundation for this measure. Will do, Mr. Speaker. I will keep it under five minutes.

"In 2011, before the end of the Legislative Session, Hawaii was ranked near the bottom of states in dealing with human trafficking. However, before the end of the 2011 Session, this Body passed two bills, H.B. 240 and H.B. 141, to provide stronger policy to address human and sex trafficking. In fact, on June 21st, 2011 when Governor Abercrombie signed into law H.B. 141, Hawaii became the 47th state in the nation to have a standalone labor trafficking bill.

"Mr. Speaker, these measures catapulted Hawaii from a lower tier state dealing with human trafficking, into a middle tier state. It's not me saying that. This is the Polaris Project. That's their assessment. The Polaris Project is the leading authority in the United States dealing with human trafficking, and they operate the National Human Trafficking Resource Center Hotline.

"Mr. Speaker, if this legislation were to pass, along with some of the other measures we have before us, it would place Hawaii in the top ten as far as states addressing human and sex trafficking. Quite a transformation. From bottom ten, to top ten. This measure is not perfect. I'll be the first to state that. It needs a little bit of work. But I ask Members to support this measure so we can deal with it in Conference.

"Finally, by moving this measure, we will send an unmistakable warning to individuals and entities engaged in human and sex trafficking. And we will provide a clearer and more structured means for our community and businesses to protect our victims of human trafficking. For those reasons, I support this measure. Thank you, Mr. Speaker."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Yamane rose to speak in support of the measure with reservations, stating:

"I'm standing with reservations. I would just like to express my reservations in regards to the placement of the poster. In the measure it says that an establishment shall post in a conspicuous place, near the entrance or another area where posters are, and notices are customarily posted on the premises of the establishment. My concern is that there will be unintended consequences while having these types of posters posted, that could have a negative, instead of a productive perception."

Representative Cullen rose in support of the measure with reservations and asked that the remarks of Representative Yamane be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Kawakami rose in support of the measure with reservations and asked that the remarks of Representative Yamane be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative Yamane be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Aquino rose in support of the measure with reservations and asked that the remarks of Representative Yamane be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative M. Lee rose to speak in support of the measure, stating:

"Mr. Speaker, I'm in support of the bill. We can hang up all the signs in the world, but unless we have the proper services for the victims of trafficking, trafficking is still going to go on. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2123, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HUMAN TRAFFICKING," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1577-12) recommending that S.B. No. 2576, SD 1, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2576, SD 1, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Unfortunately, I rise in opposition. Thank you, Mr. Speaker. Although I think this bill is based on some good

intentions and definitely a worthy purpose of protecting those victims of human trafficking and sex trafficking victims, as written, the bill, I believe, fails to distinguish between real victims from those who may just exploit the system claiming to be victims in order to avoid the full consequence of their actions.

"It allows a person convicted of prostitution or certain related offenses, to file a motion asking the court to vacate the judgment, setting aside the conviction. This gives the true victims a fresh start. That's wonderful. And letting them make positive changes, such as pursuing career level jobs, without the stigma of a prostitution conviction. That's great. But the problem is, the requirements for the motion don't set the bar high enough. The motion has to be in writing, but the convicted person only has the burden of proving their case by what is called a preponderance of the evidence, a very low burden to meet.

"The convicted person generally has six years after the fact to bring the motion, and it gives them an even longer time frame if they say the safety factor prevented them from coming forth sooner, such as the risk that coming forward sooner would have jeopardized their safety. The bill doesn't require the convicted person to present any real proof that they committed the criminal act because they were a victim of human trafficking or sex trafficking.

"Official documentation of the person's victim status needs only to be a police report, court record, affidavit generated by the law enforcement agency. But the bill does not fully flesh out how strong the documentation needs to be. Someone who wants to cheat the system can make an unsubstantiated claim that they were victimized, and take this to court, wave it around as an official documentation.

"For example, in 2007 a person was arrested and convicted for prostitution. At that time, they were being investigated as a defendant. She said nothing about having been forced or coerced to commit prostitution as a victim of sex trafficking. In 2012, she went to a local police station to make a report that she was a victim of sex trafficking five years ago, but the police have to make the report to document her claim even though it's unlikely they're able to even investigate the claim, or verify the identity of the alleged trafficker, given that so much time has passed.

"Yet under this bill, the 2012 police report would qualify as official documentation of the person's status as a victim of trafficking. It invites more abuse because the fact that the so-called official documentation would create a presumption in court that the person's participation in the offense was a result of having been a victim. But the bill doesn't even require the court to have this documentation in order to grant the motion. They can just come to court and completely make an unsubstantiated claim that they were a victim.

"So while I believe, Mr. Speaker, it's very important and I support helping true victims of human trafficking. In fact, I applaud the efforts of the Representative of Mililani. I think it's so important, what the Representative of Kalihi said, and that sex trafficking has to be addressed. The problem is, the bill as drafted is unbalanced, is unfair to law enforcement and to the prosecutors who have no way to rebut the convicted person's claim, having been a victim. The court will be setting aside serious criminal convictions based on so-called evidence. It is almost impossible to investigate because the alleged trafficker and potential witnesses will be so difficult to locate, years after the fact.

"So if anything, this bill is advocating a process jeopardizing the public's confidence in the integrity of our criminal justice system. And Mr. Speaker, I would say that, that is really my objection. That is my objection, Mr. Speaker. That's why I rise on the Floor in opposition.

"It's not a perfect bill, but we've passed imperfect bills before. But I think there's a prevailing feeling out there, that crime pays in Hawaii. And I've talked to people about this. They don't feel good about it. There are other ways to help real victims. If the person is arrested for prostitution and committed the offense under duress and not of free will based on threats or harm to her family, she has a constitutional right to assert this defense at trial."

Representative Fontaine rose to yield his time, and the Chair "so ordered."

Representative Ching continued, stating:

"Thank you. Thank you, Mr. Speaker. And if the jury fails to acquit her, as the Attorney General's Office and the Honolulu Prosecutors Office testified, that appealing to a higher court or filing a motion under Rule 40 of the penal procedure to vacate the conviction, would be the better way to achieve the bill's goal of helping our victims. I don't want to be a state that consistently, some of even the officers of our HPD are told that we have some of the loosest state's rules, the laws in the nation. We don't want to be a place where crime pays. Thank you."

Representative Mizuno rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Oddly enough, I agree to a certain extent, with what the good Representative from Liliha had stated. Please note that this bill again, is not perfect. However, the fix to it, in Conference, would be to have the county prosecutor be the final arbiter in determining whether the motion to vacate would be accepted or not."

"A blanket vacate, is over-inclusive. I address that. I agree with that. However, allowing a county prosecutor to make that determination, provide guidance, I think that would be the fairness test we're looking for. So, this measure by no way is close to being perfect. And if we don't have buy-in from the Prosecutors and the Attorney General's Office, this will not pass your Conference Committee. Thank you, Mr. Speaker."

Representative Riviere rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Riviere's written remarks are as follows:

"I understand the intent of this bill is to allow a second chance in life for people convicted of prostitution when they were victims of sex trafficking. Having a clean record may help in future job opportunities. However, not everyone who works in prostitution does so against their will and not everyone is a victim. The intent is good for those who were truly enslaved, but this legislation appears to allow just about anyone to erase their criminal record of prostitution if they make a claim of victimization."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2576, SD 1, HD 3, entitled: "A BILL FOR AN ACT RELATING TO PROSTITUTION," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Ching voting no.

At 11:46 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2402, SD 1, HD 1
S.B. No. 2747, SD 1, HD 2
S.B. No. 2746, SD 1, HD 3
S.B. No. 2946, SD 2, HD 2
S.B. No. 2588, SD 1, HD 3
S.B. No. 2123, SD 2, HD 2
S.B. No. 2576, SD 1, HD 3

At 11:46 o'clock a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:52 o'clock a.m.

At this time, the Chair announced:

"Members, may we proceed on to page 16 at this point in time. But before we continue, I want to thank all of you for a job well done this morning, since it's going to be at 12:00 very shortly, and it's going to be the afternoon. The discussion on the Floor has been really lively and excellent as far as educating the Members on the Floor of this House."

"The other message that I'd like to give to you, is that our counterparts are now watching us. So, if all of you can wave to them. That's the Senate. They got through at 11:24 this morning. So let's proceed on to page 16."

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1578-12) recommending that S.B. No. 2579, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2579, SD 2, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise again, this time in reservations. Thank you, Mr. Speaker. This is Stand. Com. Rep. 1578. The goal of this bill is to provide more front-end services for the sexually exploited minor who ends up in prostitution. It definitely has praiseworthy components, such as the Safe Harbor Program, that'll provide coordinated services to victims from various government agencies, educating the public about sex trafficking of children, and reaching out to at-risk youth."

"Providing front-end services is extremely positive. It might even prevent our at-risk minors from falling into this terrible trade, prostitution. But there's also some serious problems with the bill Mr. Speaker, because it imposes a blanket prohibition on prosecution on all minors who are arrested for prostitution or related offense. Minors cannot be prosecuted, period. No matter what the reason for their involvement. Regardless of whether they were coerced or engaged in it on their own free will."

"The lack of prosecution would mean lack of accountability. Minors, even those who committed those criminal acts after being persuaded by their smooth talking, smooth talking ill person, need to know that there are consequences for their actions. Lack of prosecution denies Family Court oversight over the minors and consequently deprives the judges of knowledge of the larger social problem. Family Courts are valuable resources. Family Court judges approach the minor's case holistically, looking at the minor's home, their school, the community environment. The judge is there to help the minor to do what's in his best interest. The minors can get treatment and the support services that their parents and families often are unable or not interested in giving."

"The significant distinction between court-ordered services or what's commonly called back-end services, and the front-end service is that the court is in a position to monitor and enforce. There will be consequences for failing to follow through with court-ordered treatment. Other programs like the victims services program established by this bill can be helpful, but have no teeth. There is no enforcement, unless there is an incentive to comply."

"The bill as written ignores other specialized features of Family Court prosecution of juveniles, such as, the existence of Girls Court. Girls Court is a specialized courtroom which deals with the unique needs of adolescent girls. The Family Court has the flexibility to deal with a case informally, without criminal sanction, and an official adjudication that ends up on minor's juvenile record. This is known as informal adjustment, and it can be very effective in some cases."

"The Family Court adjudication for a prostitution offense does not have the same consequence or stigma as conviction on an adult criminal record. By law, juvenile criminal adjudications are not treated as convictions, and must be kept confidential, so they don't appear on a person's adult record. Furthermore, Family Court judges have the option of dismissing a case in the interest of justice. If the minor makes progress on court supervision, the minor can ask to have the case dismissed after the fact."

"The Department of the Attorney General, the Prosecutors Office, the Honolulu Police Department, all have serious concerns about exempting minors from prosecution. Most alarming is that giving minors, quote unquote, 'immunity' from prosecution for prostitution offenses, actually gives pimps and sex traffickers a perverse incentive to recruit more minors."

into prostitution. They'll say, 'Don't worry. You can't get in trouble with the law, because of your age.'

"Mr. Speaker, this bill has all the right intentions, but in the long term, will do only more harm if passed the way it's written. For these reasons, Mr. Speaker, I have serious reservations. Thank you."

Representative Riviere rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Riviere's written remarks are as follows:

"Forced prostitution of children is a particularly heinous act and we must do everything we can to help these young people find a better life. My reservation with this bill is that it eliminates the crime of prostitution for persons younger than 18 years. Not every person who prostitutes herself or himself is a victim and many 17 year olds are well aware of their actions. Additionally, there are many pimps and unscrupulous individuals who might see a new, safer market to exploit because 17 year olds cannot be convicted of prostitution. In other words, this attempt to help children forced or tricked into sex trafficking could have the exact opposite effect."

Representative Pine rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations, with a very serious footnote to underscore what the Representative just said. It's about keeping the records clear for the young ladies, the prostitutes. But the real message that it sends, and this is the dangerous one, that pimps aren't stupid. Pimps will get the message to go and pimp on the young kids. Get them in, because they're going to be immune to this. And that's why I fear that the guys are so street smart. They're going to take advantage of this if we do it. Therefore, there's got to be some balance to make sure that doesn't get out of hand. Thank you."

Representative Cullen rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cullen's written remarks are as follows:

"Mr. Speaker, I rise in support with reservations on S.B. 2579. I support the intent of this measure because it wants to establish a new chapter in the Hawaii Revised Statutes for a safe harbor for sexually exploited children. This measure establishes that a person under the age of eighteen and suspected of, or charged with certain offenses relating to prostitution shall not be prosecuted. Mr. Speaker, my reservations with this measure center around the generality of the options under which the Police and Prosecutors are allowed to charge a minor for a prostitution crime.

"I understand that we want to help the minor, but my experience as a social worker and the work I have done within our Family Court system have given me the insight to know that sometimes, these minors are knowingly and willfully engaging in the crime. Also, Mr. Speaker the Prosecutor's Office currently has the official capacity to drop the charges on the minor after these minors have received the proper help.

"Therefore, I believe that this measure is too vague for it to work within our system and it may not help the population it is intended to help, having a more negative impact rather than the intended positive impact. Mr. Speaker, please also note that the Department of Human Services, and the Honolulu Police Department opposed this measure."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2579, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO MINORS," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1580-12) recommending that S.B. No. 2214, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2214, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1581-12) recommending that S.B. No. 2220, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2220, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE BOILER AND ELEVATOR SAFETY LAW," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Marumoto voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1584-12) recommending that S.B. No. 2528, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2528, SD 2, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2528, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO TECHNOLOGY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1585-12) recommending that S.B. No. 2239, SD 1, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2239, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in enthusiastic support for this job creator. Did you want me to jump up and down? I'll be very brief, because this is going to establish the venture accelerator funding mechanism for the Hawaii Strategic Development Corporation. Mr. Speaker, these are the kind of high-tech jobs that the State needs. This is what Act 221 was going to do to really get people in the fast lane. We couldn't do a Menlo Park, Palo Alto, but we got close to doing some of it, and this bill gets us closer to doing that by providing advisors, mentors, and other entrepreneurs with tech-based opportunities to expand or, in fact, even start their business.

"We are a very capital-short state. In fact, most venture capitalists are either extreme East Coast or extreme West Coast. We basically have to import all of the capital that we have. This will be a good seeding mechanism, and it does what America used to do in the old days. It grows the pie. It's getting there and creating jobs and growing the pie. And in this case, it's the kind of jobs that is what we need. The kind of jobs that will hire all those young STEM students who are out now doing their robotics and other ventures in Hawaii.

"Mr. Speaker, the bottom line and the fix is, if there's any doubt about the use of these funds for a State Bank, I would say, if there's any excess funds that can ever be used for a Green Bank, the funds would be better spent if they put in this Strategic Development Corporation for the future of the kids of Hawaii. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. It would be such enthusiastic support, I had hoped it would stay on Consent Calendar. That being said, Mr. Speaker, this is a very powerful tool. It's not just about tech. It actually floats all of our economic sectors in what we call the matrix this year. This will benefit our writers and people who want to get in film. This will benefit aerospace for companies who wish to commercialize the IP, which is being developed by our University System.

"And real quickly, Mr. Speaker, the most important thing is that we have millions, and millions, and millions of dollars that have been put into this State into research for IP. The big thing is there's a gap, a great desert between this and the commercialization, which basically allows us to take this IP, intellectual property, and turn it into green, sustainable, well-paying jobs for our people, especially our children.

"I'd like to call this great desert, I nickname it the Iraqi Desert, and this is a Stillsuit bill, Mr. Speaker, because this will get us from one end of the divide, from all of the money that's tied up in IP in our University System, to the other side of the divide, which is commercializing this IP, and creating local jobs, well-paying, sustainable jobs that will help to leverage all of our other sectors. This rising tide will float all boats. Thank you, Mr. Speaker."

Representative Oshiro rose to speak in support of the measure, stating:

"I rise in support. I just wanted to reassure my colleague across the aisle that none of the moneys that are now being banked at the Bank of America, Merrill Lynch of \$651 million, or Morgan Stanley Smith Barney of \$500 million, will be returning to Hawaii to capitalize this important venture capitalist program. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2239, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ECONOMIC DEVELOPMENT," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1586-12) recommending that S.B. No. 3050, SD 2, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 3050, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Rhoads rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3050, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FILM, TELEVISION, DIGITAL, AND NEW MEDIA DEVELOPMENT," passed Third Reading by a vote of 51 ayes.

At 12:05 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2579, SD 2, HD 3
S.B. No. 2214, SD 2, HD 2
S.B. No. 2220, SD 1, HD 2
S.B. No. 2528, SD 2, HD 3
S.B. No. 2239, SD 1, HD 1
S.B. No. 3050, SD 2, HD 1

LATE INTRODUCTIONS

The following late introduction was made to the Members of the House:

Representative Nakashima introduced Minnesota State Representative Michael Nelson and his wife, Mrs. Cathy Nelson who were visiting Hawaii and our Capitol this day.

ORDINARY CALENDAR

UNFINISHED BUSINESS

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1588-12) recommending that S.B. No. 2842, SD 1, HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2842, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CIVIL ACTIONS FOR DISCRIMINATORY PRACTICES IN REAL PROPERTY TRANSACTIONS," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1590-12) recommending that S.B. No. 2158, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2158, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Mr. Speaker, I rise with reservations. This is a good bill that has been watered down and is no longer very meaningful. The bill would uphold constitutional rights by allowing an arrested person to post bail 24 hours a day, 7 days a week. It would allow law enforcement agencies to accept cash bail, certified copies of pre-filed bail bonds, and original bail bonds when the court is closed, including nights, weekends, and holidays, to facilitate the arrested person's prompt release after bail is accepted. The original bill would have mandated the availability of 24/7 bail.

"Unfortunately, the current HD1 draft no longer mandates this long-overdue change in our system. It only gives the Department of Public Safety and law enforcement agencies the option to make bail available on a 24/7 basis. The amendment to the bill was in response to the department's testimony that they lack the necessary staff and manpower. Left to their own devices, who knows how many years it will be before the departments make this important change?

"This bill also hurts our State's finances by needlessly keeping our incarceration costs high. The majority of arrests are for misdemeanors or petty misdemeanors where bail is low, a few hundred dollars or less. The arrested person either has the money on them and can post bail for themselves right away, or can call a friend or family member to come post it for them. But if the person was arrested in the evening or over the weekend, they are penalized and forced to stay in custody, simply because the system isn't set up to accept their money. It costs the State MORE money to house someone in jail, even just for a day or over the weekend. There was testimony from Duane and Beth Chapman of Da Kine Bail Bonds that the per-day cost is estimated at \$140 to \$200 per day. If the person has to be housed over a long weekend, the State is looking at \$800. The money that the State stands to recoup upon a conviction and judgment is much less: only \$100 to \$200 in the average misdemeanor case. In its present form, the bill creates a lose-lose situation: the arrested person's constitutional rights are violated, and the taxpayers shell out money that doesn't need to be spent.

"It may be true that the Department of Public Safety or law enforcement agencies need to hire more staff in order to provide access to 24/7 bail. But this is a relatively small investment that would result in a much larger cost savings. There was testimony that on some of the Neighbor Islands (Maui, Big Island), arrested persons CAN post bail during evenings and weekends. If the Neighbor Islands can structure their services to that bail is accepted 24/7, why can't Oahu?"

"Let's take this opportunity to make this a win-win situation by going back to the original form of the bill. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2158, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BAIL," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1591-12) recommending that S.B. No. 2858, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2858, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with reservations on this bill. Mr. Speaker, this, like the other exemptions of the environment, or tax, or other uses of power of government, this one is exempting us from really being open. It's a transparency exemption. It's about the Office of Information Practices and the ability of people to get information from their government. Basically it's saying that if an agency doesn't give it, we're going to have to pay for it to get it, because we're going to have to go to court, to pay lawyers, to get the money, to get the information. Mr. Speaker, it's a step backwards of transparency.

"It's not open government. It's a bad policy precedent. And I think of all the exemptions that we're trying to do this Session, this would be one that the people are going to see through, and they're going to say, 'Why are you guys exempting that?' People, *Civil Beat*, *Star Advertiser*, those people need information. It's going to tie up a lot of this stuff into court, and it's going to be a cloud over this Legislature. Thank you, Mr. Speaker."

Representative Marumoto rose to speak in opposition to the measure, stating:

"Mr. Speaker, I join the Minority Leader in opposition. This bill has the wrong title. It should be called, 'Relating to Closed Government.' Passage of S.B. 2858 will roll back more than 20 years of openness and sunshine in the manner in which the State of Hawaii handles access to records and ensures its meetings are open and transparent to the public. S.B. 2858 would allow State agencies to delay the release of publicly-requested records under the Uniform Information Practices Act, and makes it more difficult for the public to ensure agencies meet the Sunshine Law requirements. This is because the law would now allows agencies to challenge an OIP decision in the courts.

"A recent analysis done by a noted professor at the University of Hawaii Law School, makes it clear that the original legislative intent in passing Chapter 92 was not to permit OIP decisions to be adjudicated, but instead to clearly promote promptness and uniformity in the manner in which UIPA requests were handled. S.B. 2858 would turn the legislative intent 180 degrees around and destroy the hard-earned reputation our State has earned for openness, fairness, and transparency in its dealings with the public.

"I read the legalized arguments of the current head of OIP, and I do not believe they hold legal water. Further it is disturbing that this bill is part of the Governor's legislative package, the same Governor who summarily dismissed the former head of OIP when she did not rule the way he wanted her to. Mr. Speaker, this is part of a larger issue that we as legislators have

a responsibility to address. We will permit actions on the part of the Executive Branch to hide what they are doing from both us and the public.

"Actions such as the issuance of Executive Orders, or the dismissal of staff, or the whereabouts of our Governor on a daily basis. Will we stand up for regular citizens and the media that have a duty to inform the public and allow them to be thwarted in their efforts to know what their own government is doing? The government they pay for, and support. These are disturbing developments and S.B. 2858 will only make it harder for the public and members of the media to find out what is really happening in our State government. I therefore urge my colleagues to oppose this bill."

Representative Fontaine rose in opposition to the measure and asked that the remarks of Representative Marumoto be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I am also in opposition. Thank you, Mr. Speaker. The purpose of the bill is to allow State agencies to appeal the decisions of the OIP. And per Beverly Ann Keever, Professor Emerita, UH Manoa Journalism Program, she says this bill clearly contradicts the Legislature's intent, that OIP's decisions be binding on government agencies.

"The Open Records Law which took effect in 1989, based on the federal Freedom of Information Act that OIP grew out of, this law. At the time the Open Record Law was discussed, the Legislature stated in Conf. Com. Rep. No. 167 on S.B. 1799 in 1989, House Journal page 843, that the intent of a citizen to have the right to appeal a government agency's denial of access to a government record, but the government agency not have the right to contest it, the ruling.

"To allow government departments to sue OIP, a government agency would diminish and fragment OIP's powers. It would be counterproductive given that OIP was intended to serve the public's interests, by providing a place where the public can get assistance on records, questions, at no cost, and within a reasonable time frame. Mr. Speaker, I rise in opposition because I feel that this bill goes against what we have said that we want, open and transparent, good government. Good democracy is really based on freedom and truth, and being able to get access to the truth. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2858, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO OPEN GOVERNMENT," passed Third Reading by a vote of 44 ayes to 7 noes, with Representatives Carroll, Ching, Fontaine, Marumoto, Pine, Thielen and Ward voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1592-12) recommending that S.B. No. 2277, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2277, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Saiki rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2277, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENDANGERED AND THREATENED SPECIES," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Thielen voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1593-12) recommending that S.B. No. 2785, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2785, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

At this time, Representative Riviere offered Floor Amendment No. 5, amending S.B. No. 2785, S.D. 2, H.D. 2, as follows:

"SECTION 1. Senate Bill No. 2785, S.D. 2, H.D. 2, is amended by amending section 2 to read as follows:

"SECTION 2. Chapter 269, Hawaii Revised Statutes, is amended by adding a new part to be appropriately designated and to read as follows:

"PART . INTERISLAND TRANSMISSION SYSTEM

§269-A Definitions. As used in this part:

"Cable acquisition cost" means the electric utility company's costs, including reasonable transaction costs, to acquire a high-voltage electric transmission cable system pursuant to a turnkey cable contract or a cable purchase contract.

"Cable company" means any person or persons, company, corporation, or entity that is selected through a request for proposals, or other process approved by the commission, to be a certified cable company applicant.

"Certified cable company" means any person or persons, company, corporation, or entity who owns or controls a high-voltage electric transmission cable system and who receives a certificate of public convenience and necessity from the commission pursuant to section 269-B.

"Commercial operations" means the period after the high-voltage electric transmission cable system:

- (1) Passes acceptance tests approved by the commission, as determined by a qualified independent engineer approved by the commission; and
- (2) Meets other criteria the commission determines to be reasonable.

"Commercial operations date" means the date upon which the high-voltage electric transmission cable system begins commercial operations, as determined by the commission.

"Commission" means the public utilities commission.

"Cost-effective" has the same meaning as in section 269-91.

"Electric utility company" means a public utility as defined in section 269-1, for the production, conveyance, transmission, delivery, or furnishing of electric power.

"Electric utility system" means the electric system owned and operated by an electric utility company, including any non-utility owned facilities that are interconnected to the system, consisting of power plants, transmission and distribution lines, and related equipment for the production and delivery of electric power to the public.

"Energy resources coordinator" or "coordinator" means the director of business, economic development, and tourism.

"High-voltage electric transmission cable system" means one hundred twenty kilovolts or greater of alternating current or direct current transmission cables constructed undersea, including connected transmission cables or lines installed on land that connect the electric utility systems on two or more islands or allow for the transmission of power from one or more energy generation facilities to the electric utility system located on another island of the State; alternating current substation or alternating current-direct current converter station; on-island transmission infrastructure if required; fiber optic communication cables; and other appurtenant facilities.

"On-island transmission infrastructure" means the modifications and additions to the existing alternating current transmission grid on an island and other electric utility system modifications needed to reliably connect a high-voltage electric transmission cable system to an electric utility system, and to reliably accept power transmitted via the high-voltage

electric transmission cable system connecting two or more islands of the State's electric utility systems.

"Power purchase agreement" means an agreement between an electric utility company and the developer of an energy generation facility to sell the power generated by the facility to the electric utility company.

"Project-on-project financing risk" means the risk involved when mutually dependent projects, whose risk of completion, and therefore, financing, are dependent on each other.

"Renewable electricity" means electrical energy generated using renewable energy as the source.

"Renewable energy" has the same meaning as in section 269-91.

"Renewable energy generation facility" means a facility generating electrical energy using renewable energy as the primary source.

"Renewable portfolio standard" has the same meaning as in section 269-91.

"Request for proposals" means a request for proposals issued pursuant to a competitive process authorized, reviewed, and approved by the commission, and developed and conducted by the electric utility company or companies to which the capacity of a high-voltage electric transmission cable system will be made available, with input and assistance from the state energy resources coordinator, to select a cable company.

§269-B Certification. (a) Prior to installing a high-voltage electric transmission cable system, a cable company shall be selected through a request for proposals, or other process approved by the commission. The selected cable company shall not commence commercial operations of the high-voltage electric transmission cable system until it is issued a certificate of public convenience and necessity by the commission pursuant to section 269-7.5. A certified cable company shall be subject to regulation by the commission and defined as a "public utility" under section 269-1, notwithstanding any law to the contrary.

(b) The electric utility company and the energy resources coordinator, or the energy resources coordinator's designee, shall develop the request for proposals, and the energy resources coordinator or the energy resources coordinator's designee shall be a member of the selection committee that will review and evaluate the proposals. The electric utility company shall suspend or terminate the request for proposals at the discretion of the commission.

(c) Notwithstanding any provisions in section 269-7.5 to the contrary:

- (1) The commission shall approve, disapprove, or approve subject to certain conditions, an application for a certificate of public convenience and necessity for a high-voltage electric transmission cable system, and shall issue a final order within one hundred eighty days after the application is filed, provided that the commission may extend the timeline as necessary;
- (2) In determining whether the cable company is financially fit, the commission may allow for the use of commercially reasonable non-recourse project financing for the high-voltage electric transmission cable system;
- (3) In determining whether the proposed transmission capacity service is or will be required by the present or future public convenience and necessity, the commission shall determine whether the high-voltage electric transmission cable system would be a cost-effective means of:
 - (A) Interconnecting two or more electric utility systems;
 - (B) Helping one or more electric utility companies meet the applicable renewable portfolio standard; or
 - (C) Achieving other considerations the commission may deem appropriate;
- (4) If the primary source or sources of the renewable electricity that will be transmitted to an electric utility company or companies using the high-voltage electric transmission cable system will be provided pursuant to a power purchase agreement or agreements between the electric utility company or companies and an owner or owners of a new renewable energy generation facility or facilities, in reviewing and approving the application for a certificate of public

convenience and necessity, the commission shall, among other factors, take into consideration:

- (A) The status of the power purchase agreement or agreements;
 - (B) The extent to which the project-on-project financing risk of the high-voltage electric transmission cable system and the associated renewable energy generation facilities is materially reduced through agreements between the certified cable company and the owner or owners of the renewable energy generation facilities holding the power purchase agreement or agreements, or through common ownership arrangements; and
 - (C) The extent to which the certified cable company assumes financial responsibility for the high-voltage electric transmission cable system until both the cable system and the new generation facility or facilities have achieved commercial operations;
- (5) In the certification process, the commission shall review and determine ratemaking principles appropriate and applicable to the high-voltage electric transmission cable system during commercial operations. The ratemaking principles shall be used in determining the certified cable company's revenue requirement that is used to determine its transmission capacity charges, and may be used to fix the capital investment costs for the high-voltage electric transmission cable system upon which the certified cable company will be allowed to earn an authorized rate of return and the operating costs that may be included in the certified cable company's revenue requirement. Any applicable land costs shall be included in the determination of the certified cable company's revenue requirement;
- (6) In determining the authorized rate of return that will apply to a certified cable company, the commission may consider the risks assumed by the certified cable company related to or resulting from the planning, financing, construction, and operation of the high-voltage electric transmission cable system, including other factors deemed relevant and appropriate by the commission, such as the terms and conditions of the transmission tariff as may be approved by the commission;
- (7) Prior to approving the application for a certificate of public convenience and necessity, the commission shall hold a public hearing on each island to be connected by the high-voltage electric transmission cable system to obtain input from the affected communities about the high-voltage electric transmission cable system; and
- (8) In no event shall the high-voltage electric transmission cable system be connected to any island populated by less than fifty thousand residents.

§269-C Transmission tariff. The commission shall, by order, approve, disapprove, or approve subject to certain conditions, the tariff of the certified cable company pursuant to which the certified cable company shall make the capacity of its high-voltage electric transmission cable system available to the electric utility company or companies. The tariff shall be consistent with the tariff provisions provided in the request for proposals, unless otherwise ordered by the commission. The tariff shall specify the terms and conditions under which the certified cable company will be entitled to receive revenues collected through the cable surcharge, established pursuant to section 269-D. The certified cable company may submit its proposed tariff for approval prior to the expected commercial operations date, and the commission shall take final action on the proposed tariff within one hundred twenty days after submittal of the proposed tariff with supporting documentation as may be required by the commission; provided that the commission may extend the timeline as necessary.

§269-D Cable surcharge. (a) The commission shall establish a cable surcharge to allow recovery of the high-voltage electric transmission cable system costs designated for recovery according to the ratemaking principles pursuant to section 269-B.

(b) Pursuant to the transmission tariff, the commission shall, by order, designate the electric utility company or companies to which the capacity of the high-voltage electric transmission cable system shall be made available as the agent of the certified cable company to collect the cable surcharge approved by the commission. The electric utility company or

companies collecting the cable surcharge for the benefit of the certified cable company shall have no right, title, or interest in the moneys so collected. The commission shall approve a fee, to be collected by the electric utility company or companies concurrently with the cable surcharge, for acting as the collection agent for the certified cable company.

(c) Notwithstanding any requirements to the contrary, a high-voltage electric transmission cable system may be deemed "used or useful for public utility purposes" upon commencing commercial operations, subject to the commission's determination and approval.

§269-E Recovery of electric utility company costs. (a) An electric utility company may recover, through an automatic rate adjustment clause, its revenue requirement resulting from the capital costs that it prudently incurs for on-island transmission infrastructure; provided that the commission has approved the utility's commitment of capital expenditure costs for the project.

(b) To provide for timely recovery of the revenue requirement, the commission shall establish a separate automatic rate adjustment clause for that purpose, or modify an existing automatic rate adjustment clause. The use of the automatic rate adjustment clause to recover the revenue requirement shall be allowed to continue until the revenue requirement is incorporated in rates in an electric utility company's rate case.

(c) The electric utility company's revenue requirement shall include:

- (1) The commission-approved rate of return, as set in the electric utility company's last rate case, on the utility's net investment in the high-voltage electric transmission cable system from the acquisition date of the high-voltage electric transmission cable system, and in the on-island transmission infrastructure from the date the on-island transmission infrastructure is completed and available for service;

(2) Depreciation; and

(3) Revenue taxes and other relevant costs as approved by the commission.

(d) The electric utility company's net investment includes costs incurred by the electric utility for planning, permitting, and constructing the on-island transmission infrastructure, including an allowance for funds used during construction where the utility finances the planning, permitting, and construction costs, less offsets such as accumulated depreciation and associated unamortized deferred income taxes.

(e) The on-island transmission infrastructure shall be available for service before the commercial operations date of the high-voltage electric transmission cable system. Notwithstanding any other provision in this chapter to the contrary, at the time the commission approves the electric utility company's commitment of capital expenditure costs for the project, the commission may either:

- (1) Allow the electric utility company to recover its approved revenue requirement resulting from the capital costs that it prudently incurs for on-island infrastructure at the time that the infrastructure is available for service; or

(2) Allow the company to continue to accrue an allowance for funds used during construction on such prudently incurred capital costs until the commercial operations date for the high-voltage electric transmission system.

(f) If the electric utility company elects not to complete the on-island transmission infrastructure, and the commission approves this election, or the electric utility company is precluded from completing construction of the on-island transmission infrastructure, the electric utility company shall be allowed to recover reasonable costs determined by the commission to have been prudently incurred by the electric utility company with respect to the on-island transmission infrastructure. The electric utility company shall be allowed by the commission to recover the reasonable costs through the cable surcharge over a period equal to the period during which the costs were incurred or five years, whichever is greater."''''

Representative Riviere moved that Floor Amendment No. 5, be adopted, seconded by Representative Thielen.

Representative Riviere rose to speak in support of the proposed Floor Amendment, stating:

"Thank you, Mr. Speaker. S.B. 2785 involves an interisland power cable regulatory structure. Last year, we debated this bill, and at that time there was a discussion about how much wind is available on Lanai and Molokai. The bill did not pass last year, and in the intervening time, another bill has come forward. And the conversation has amazingly changed away from, 'No, we're not trying to get windmills on Lanai and Molokai, but we're just trying to create a regulatory structure to have an interisland cable.'

"The interisland cable itself is not a bad idea. Having a grid providing power and redundancy between communities is a worthy idea. The concern is that most of the power usage, and most of the power generation rests on this island. There is no island that has surplus power to export. So we are now talking about a regulatory structure, which I have serious concerns about the financing elements. And that's all we're talking about.

"So, since we're no longer talking about forcing two of our smaller islands to have windmills to generate electricity so we can open our garage doors on this Island. Since we're no longer talking about including them, this Amendment would exclude from the regulatory scheme, islands with populations less than 50,000 people. I think this cuts to the heart of it. Let's have the interisland cable and let us respect the island where they are so vehemently and dreadfully are opposed to windmills so that we can have power on this Island. Thank you."

Representative Thielen rose to speak in support of the proposed Floor Amendment, stating:

"Thank you, Mr. Speaker. I'm rising in support of the amendment. Thank you, Mr. Speaker. What the amendment is, it just basically is saying let's be honest and let's be transparent. If we're not going to be pointing the gun at the Island of Lanai and Molokai to be our industrial wasteland to provide power for Oahu, let's say it upfront, and that's what this amendment does. It precludes in the regulatory system. It precludes the Island of Lanai and the Island of Molokai from being included as the provider of power for Oahu. It's transparent. It's open. And I believe that it deserves the Members' support.

"The other measure, the main bill that we're trying to amend, really plays kind of duplicitously by saying, 'Gee, this doesn't mean to apply to any island.' I say let's be more honest than that. Let's say it will not apply to Molokai. It will not apply to Lanai. And we can go ahead with a regulatory scheme which I think still needs to be debated on its merits, and we will be able to do that later. Thank you."

Representative Coffman rose to speak in opposition to the proposed Floor Amendment, stating:

"Yes, Mr. Speaker. In opposition. This amendment will be very detrimental to the two islands, in the future. Those two islands currently, right now have some of the highest electricity rates in the nation. And in the future, they may want to have cables running to the Island of Maui to provide them with inexpensive electricity.

"Now I want to address a couple things, statements that were made regarding the fact that there isn't any excess energy to be brought over to this Island. On the Island of Maui, we already curtail a large amount of wind, and we're building additional wind farms over there. In addition to that, we're also looking at developing geothermal on Maui, so there is going to be excess energy brought over here. And the third thing is, there was mention to projects, the cable. This bill has nothing to do with any renewable projects, Mr. Speaker. Thank you."

Representative Riviere rose to respond, stating:

"Yes, thank you. For the amount of surplus energy that is being generated in Maui, I am very concerned that it would be an expensive extension cord, to build a billion dollar cable over there, to get some of the intermittent wind that is curtailed at night. There are better uses for the surplus power in the evenings. Such as, we know, hydrogen power could be generated and stored for daytime use.

"The idea that an island, a small island with a small population would need to connect to a major grid, I'm not accepting that. I think a windmill or two on Lanai could power the wind needs for the people of Lanai, and they could have their clean, green energy, without having to connect to Oahu. So I disagree with the premise that we need to go to an island and extrapolate power against the wishes of the people on that Island. It just seems very imperialistic. Thank you."

The motion that Floor Amendment No. 5, amending S.B. No. 2785, S.D. 2, H.D. 2, entitled: "A BILL FOR AN ACT RELATING TO INTERISLAND ELECTRIC TRANSMISSION CABLE SYSTEMS," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry.

(Main Motion)

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker, I was pleased to see the Chair of the Environmental & Energy Committee that says we could get cheaper electricity if we got it onto Lanai or Molokai, from Maui. One of my objections is that there's light at the end of tunnel every time we talk about this undersea cable. Which to me is comparable about the way we've talked about the train. Here's the cost, \$5 billion, \$7 billion, \$1 billion dollars. And all people see is what it's going to cost, rather than what it's going to save. I think, Mr. Speaker, that's really a missing element in this whole thing.

"The same reason that we want to push electrical vehicles. You know what GM did? They suspended production of the Volt. That was America's electric car. They stopped the production of it. People are not buying it. The point is, if we're going to do this stuff, we need to make with incentives, and the logical, rational incentives. We've got to vet this thing throughout our communities. We've got to tell them what it is. Why it's being done. How it's going to be done, so people will understand if they're going to back it. And people are rational. They will understand it, and they'll say, 'Yah, we need this. This is worth the price that we're going to pay.'

"Now I know the opposition or the retort to what I'm saying is that, 'Hey this is only a funding mechanism. All this is, is a mechanism to get the money.' Well Mr. Speaker, I don't know of any banker who will lend you the money if you don't tell them what you're going to do with it, and to me, telling what you're going to do with it, is the same thing as setting this thing up to actually do it. I think it's premature. It's expensive. And we need to know that there's light at the end of the tunnel, i.e. cheaper energy. Thank you."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker I'm rising in opposition to the main bill. Mr. Speaker, the price tag on this comes at about \$1 billion. When you add that to what's going on, on the Island of Oahu, with rail, and the added .5 GET tax, pretty soon you reach a tipping point for our residents, where they just can't afford it. They can't afford to pay for these massive public work projects.

"The problem with this bill, there's been no economic analysis other than a Booz Allen report that pretty much puts the price tag at a billion dollars. So what are we doing today to put together a regulatory system for our ratepayers on the island without really going out to them to say, 'How much can you bear? How much can you handle?' A billion here, and a billion there, and pretty soon you're talking about real money. And the people are noticing, because they're having a hard enough time now, and then we're putting this added burden onto them.

"The regulatory system gets set up, and that doesn't mean that this company's going to come to town saying, 'Gee, we're a non-profit. We'll do

it for free. No one's going to have to pay for it.' That's not the way it's going to go. It's going to go that they will go to the PUC. The PUC's going to say, 'Fine.' And then the money will have to be repaid by the ratepayer. That's a billion dollars. The need for an interisland cable system hasn't really been justified, and when you take a look at what the Department of Energy has recently determined are the energy sources for our islands, we have energy sources for each individual island to be energy independent that we can tap into now, and begin developing.

"So the interisland cable may be a theoretically, 'Gee, it'd be nice to link the islands,' and obviously the Administration has come up with that, 'Gee it'd be nice to,' idea. And that's what's behind this bill. But take a look at, can our islands each be independent? And then the question is, can they do that less expensively? And obviously the answer is, yes. And can they do it with renewable energy. Obviously, the answer is yes.

"So to go ahead, and put an 'only a regulatory system' into place, is putting a huge economic burden upon our population. I would ask the Members to look at this. It's like the camel's nose under the tent. It's poking under to say, 'Gee, it's just a regulatory system. Trust us. It's not going to be a problem.' That's a billion dollar request for trust, and I don't think it's justified or needed, because each island can provide its own energy, renewable and less expensive than this system. Thank you."

Representative Kawakami rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. And that's a great analysis of the price tag, but I ponder this question. What is the price tag of doing nothing? Of doing absolutely nothing? To not be able to look beyond our own lifetimes, and to place a burden on our children, and our grandchildren, and the generations to come? This is a great proposal. The only reservation that I would have is that it cuts Kauai out of the deal.

"We are very limited in our resources on Kauai. With our endangered species, it eliminates any possibility of wind. With endangered species, it pretty much eliminates our possibility of having hydro. Now I see the proposals from the Big Island with their geothermal, Maui geothermal. We're coming to a day and age, Mr. Speaker, where the price tag we need to look at is the price tag that our children and grandchildren will be paying by doing nothing at all. United we're strong. Alone we are weak. This is a great proposal to tie in all the islands, to share in the wealth of resources that makes us all diverse. Thank you, Mr. Speaker."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Just a couple quick points. You know, this conflation of rail and the undersea cable, I think it's misguided. Rail is going to stand. And Rail has its own source of funding that can only be used for rail, both at the federal and the State level. The undersea cable will have to rise and succeed, or fail on its own funding mechanism.

"With regard to this idea of self-sufficiency, economists I think, would call it 'autarchy.' Nations that have tried to be completely self-sufficient and not interact with other nations generally end up being poor. I think that's both classical economic theory and I think it's also, it was borne out by the experience of the communist countries who did everything they could to be self-sufficient. While their capitalist specializing neighbors were growing by leaps and bounds, the communist economies were sinking and doing nothing of significance. I think we face the same sort of situation in the islands.

"If we trade with each other, including on energy, it's more efficient. Yes, you could be self-sufficient, but it's the least efficient way to do it, and I think in the end, even if the residents of Lanai and Molokai don't want windmills on their land, I know that's their decision to make. But being connected to the grid will lower their electrical prices. And it will also eliminate unnecessary generation capacity, because you can link them all in. The various power plants on the smaller islands can be shut down completely because they're small and inefficient. Thank you."

Representative Carroll rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations and just a few comments. I would like to adopt the words from the Representative of Kauai and also the Representative of this district to be my own. I'd also like to say, for me, because I represent a very diverse district and this conversation has been very, very emotional among my constituents, I'd like to first say that the reason why I'm supporting it, but with reservations, is because we still have a long way with the conversation in terms of creating that framework. Whether it includes Maui and Molokai. I don't want to not include the conversation of the possibilities that could happen.

"Do I think wind is the answer for Lanai? No. I think that there are other possibilities that could sustain Lanai, as well as Molokai. When looking at Molokai, sustainability is a huge word. I know that they want to look at not being plugged into the grid. However, as we look into the future, like the Representative from Kauai says, it's injustice if we do nothing and we need to look further, because the cost of oil is going up. And I don't see anything soon that will decrease the cost of the gas, or even our electricity on Molokai and Lanai.

"So for further discussion and working on this framework, I'd like to also note that, let the people of each island as we move forward on the discussion of the framework, let their voices be heard. And let them be part of that process when discussing this framework. So for now, I'd like to just conclude here, but to say that I want to support this, with some reservations."

Representative Wooley rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. A no vote. May I please enter comments which include the comments of four economists that I consulted on this issue? And I'd just like to make a couple comments to the Body here.

"We've heard a lot of discussion about this bill. It is a very important bill. It commits, potentially a lot of our ratepayer dollars, and even our tax dollars up front. These are not lean times. In many ways, this legislation puts the cart before the horse. From the very beginning, before we create a government regulatory, almost mandate, a structure, we should know what's going to be built. About how much it's going to cost. About how much it's going to benefit us. And most importantly, in my opinion, there must be an extensive public discourse, community informed consent, and public buy in, before we start committing this money.

"In recent years, the approach to big projects is, people with big ideas come to the Legislature and they use legislation to do things that under normal circumstances in the free market in particular, they would never be able to do. We should not be making these private market decisions, particularly without public informed discussion. In particular, I think for the small islands, they have not been involved in this discussion.

"We've already seen in the mainland city and state governments, the funding of things that go belly up. Even the federal government is stuck with big projects that won't work. The idea behind sound public projects is we get out more than we put in. And we don't keep private capital or private entities on life support. It's not enough to say to the taxpayer, to the ratepayer, 'We're going to save you money in the future.' People are worried about right now, right here. And we are only now starting to get back into the black.

"Why are we talking about creating a new agency? A new regulatory mandate without community informed consent? There's been shown to be no need for this cable. And I would love to share the comments of the economists, Dr. Paul Brewbaker, Dr. Roumasset, Dr. Stiglitz, and Dr. Endress. Thank you, Mr. Speaker."

Representative Wooley's written remarks are as follows:

"Sometimes, people seem to forget about basic theories of government, the free market, and economic fairness.

"There is no economic justification for this bill at this time. As Dr. Paul Brewbaker said, 'Any energy that can be generated on Molokai and distributed on Oahu via undersea cable can be generated on Oahu and

distributed on Oahu without the undersea cable. Why pay for a cable if you don't have to? I mean, who does that!?"

"Dr. Lee H. Endress took a look at the numbers and came up with a similar conclusion: 'The simple numbers don't make a compelling case for cable in my view. Estimates for fabricating, laying and connecting the cable come up to \$1 billion. That's for 400 megawatts of electrical power, which comes to \$2.5 million per megawatt. And that doesn't include the costs of monitoring, maintenance and repair of the cable. ...'"

"To add insult to injury, if the taxpayers and ratepayers are going to pay for this undersea cable and bear all the potential risk if the venture fails or costs more than expected, then who owns the cable? Shouldn't the people who pay for the cable and bear the financial risks be the ones to own the cable? Not with this bill.

"With SB2785, the Legislature will force ratepayers (and taxpayers) to pay for cable, but the private company selected by the PUC will be the winner of the contract – and will own the cable until they sell it (or walk away). And winner they will be. They are a for-profit company that is about to have almost all of its costs paid for by someone else. As Dr. Jim Roumasset stated, 'the project appears to be Robin Hood in reverse – take from the poor consumer/taxpayer and give to the rich contractors and power companies. However, because of the very high costs and the low or even negative benefit, what will be taken away is many times what will be given. If we want to make the rich richer, it would be cheaper to just give them tax revenues directly, with no strings attached.'"

"This does not mean a cable is not a good idea. It may be. But shouldn't we, as policymakers, allow the market in renewable energy to develop? Shouldn't the free market be given a chance? Unless there is some significant justification, I, like many others, believe the legislature should not 'pre-determine which ones [alternative energy producers] will be, which ones won't be, or where they'll be located,'" said Dr. Paul Brewbaker.

"The Legislature should, at minimum, fully vet at least the estimated price tag and benefits and give the public information before making grand commitments to massive public works projects – especially when the publicly-funded project will be given to a private entity.

"Nobel Laureate Joseph Stiglitz recently came to Hawaii and spoke about the significant potential of renewable energy, but made clear his belief that economic development will only occur with competitive policies capable of greatly reducing the price of power. He recommends true decoupling where production of power is completely decoupled from the utility and where the utility is required to buy what the producers offer. The beauty of this is the government does not have to pick winners -- rather, the market can."

Representative Johanson rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with reservations. I agree with much of what many of the proponents of the bill have said. Certainly our future lies in a clean energy future for Hawaii. And I do understand that this bill is establishing a regulatory framework. A regulatory framework does precede, ultimately, a public works project.

"What my reservations are predicated on, are the confluence of a lot of large scale public works projects that I think all have their merits. But ultimately what links them all together, and I think why it's germane particularly on this bill, is there is a common denominator. It is our people, who are the common denominator in all of these large scale public works products, because ultimately they end up underwriting the cost for it. Because it is this confluence that is happening right now, in what I think are some unstable economic times both nationally, and even here. I think we are experiencing recovery, but it's certainly not a robust growing economy. I just worry about our population's ability to absorb some of those costs in the future. Thank you."

Representative Ward rose to respond, stating:

"Yes, Mr. Speaker. Continuing in opposition. But I wanted to commend you for saying that the dialogue so far has been healthy. This is really what the marketplace of ideas is about. This is really what this Floor is for. Because once we make a decision, this is an investment, a public works project of countless amounts of taxpayer dollars. So Mr. Speaker, I think, even though it's going to take us a little bit away from lunch, I think we need to make a couple points.

"First, I see no excess capacity of energy production on any island. Save one, which is now at 35%, if I get the Big Island production through geothermal. Geothermal has the potential, but with some of the barriers that have been thrown in the way, it's taken them 25 or almost 30 years just to get to 35%. Now if they were busting at the seams with energy, and Maui was cranking out so much Energizer. You know let's move on this thing. Let's get on with it. Let's do it. Mr. Speaker, I have a reservation just about the supply and demand factor.

"Secondly, the issue of a public works project that had its leadership, like the train, saying 'We're going to do steel on steel.' This one says 'We're going to do a big grid.' Imagine for example, you're IBM, and this side over here is Apple. What are we going to do for the future? Are we going to go mainframe? Or are we going to go PCs? Those guys who went mainframe have basically died off, and they have a very small piece of the market. The market now is PC. I'm not convinced that the solar on every roof. PV on every roof. Every island doing what it can do, will actually obviate the necessity for such a bill as this, to do it, because of the amount of investment. We have to vet it with the people. We have to get a little bit more option rather than saying, 'Steel on steel.' Or we've got to do the macro grid before we do any of these other things.

"There's a bill coming up by which we're going to cut the heart out of some of the solar on every roof, which I will speak to shortly. But Mr. Speaker, we have to be wise. We're at 3%. We're the nation's potential first leader, world leader in this. We have to make this decision wisely. Thank you."

Representative Coffman rose to speak in support of the measure, stating:

"Yes, Mr. Speaker, in strong support. I think everybody's agreed that this bill is just a regulatory framework for the development of the interisland transmission cable. And basically clarifying the regulatory, the process means that prospective cable developers know precisely what is required for the development of a cable system between islands offering predictability and certainty of the regulatory process. This will help reduce development if they ever occur. This bill does not authorize or guarantee the development of a cable system, or any renewable energy project, nor will it bypass any land use permitting or any environmental laws. This is just prospective. Thank you, Mr. Speaker."

Representative Souki rose to speak in support of the measure, stating:

"Yes, Mr. Speaker. I wish to speak for this, very strongly for this. My hope is that someday we'll have a grid right across the islands, all the way from the Big Island to Kauai, each relying on each other for the kind of resources they have. And Mr. Speaker, more importantly, I'm getting hungry. May I call for the question?"

At this time, Representative Souki called for the previous question.

The Chair responded, stating:

"The Chair will recognize Representative Ching for some final statements."

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I really appreciate it. I just wanted to rise with some reservations and ask for the words of the Representative from Laie to be entered. My main concern is the cost. And I don't think anyone here is saying to do nothing. In fact, I think there's a lot of discussion about possibilities. Wave energy, etc. And I did want to also clarify that

regardless whether you call it the fund for rail, or you call it the fund for cable, it's the people's money. It's people's, taxpayers' money. Thank you."

Representative C. Lee rose to speak in support of the measure with reservations, stating:

"Very briefly. I rise with reservations. I just want to note that I'm absolutely in support of the concept of making us far more renewable, and ensuring our energy future. This is one step in that direction. But I do want to note my reservations, and that's with respect to the impact it'll have on communities and the interests of those communities.

"Unfortunately, it appears as though there's the possibility that there will be impact among some very vocal communities who happen to be divided over this, unfortunately. My interest is just making sure that their voices are heard in the process, and that no matter what happens, they're going to be adequately compensated and so forth. So, just wanted to note that. Thank you, very much."

Representative Har rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just want to address some of the comments about not involving the public, and not protecting our rate payers. Again, as everybody has acknowledged, this is a regulatory framework. But in this bill, it protects Hawaii's electricity ratepayers in a number of important ways.

"First, only the cable developer will bear the risk of developing and constructing a cable system. Customers only pay for cable costs after a cable has been installed, tested, and placed into service, passing the regulatory standard of, used and useful.

"Next, this bill also enables a cable developer to get project financing, independently of Hawaii's electric utilities, which would lower financing costs, and result in cable development rate savings for ratepayers.

"Finally, all cable-related costs, which may be eventually paid by electric consumers, must first go through the Public Utilities Commission's review and approval process, that will ensure only prudent costs be recovered.

"Again, this bill sets out the regulatory framework for the development of an interisland transmission cable. Interested parties will be better informed of the regulatory process because of this measure, and the average ratepayer will benefit from the lowering of overall project development costs. Thank you, Mr. Speaker.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2785, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INTERISLAND ELECTRIC TRANSMISSION CABLE SYSTEMS," passed Third Reading by a vote of 45 ayes to 6 noes, with Representatives Hanohano, Marumoto, Riviere, Thielen, Ward and Wooley voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1594-12) recommending that S.B. No. 3011, SD 2, HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 3011, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3011, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," passed Third Reading by a vote of 42 ayes to 9 noes, with Representatives Awana, Belatti, Hanohano, Jordan, Keith-Agaran, C. Lee, Luke, Ward and Wooley voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1596-12) recommending that S.B. No. 2825, SD 1, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2825, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm with reservations, because I have some privacy concerns about this measure. Privacy for the public. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2825, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII IMMUNIZATION REGISTRY," passed Third Reading by a vote of 51 ayes.

At 12:43 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2842, SD 1, HD 1
S.B. No. 2158, HD 1
S.B. No. 2858, SD 1, HD 2
S.B. No. 2277, SD 2, HD 2
S.B. No. 2785, SD 2, HD 2
S.B. No. 3011, SD 2, HD 2
S.B. No. 2825, SD 1, HD 1

At 12:43 o'clock p.m., Representative Chong requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:44 o'clock p.m.

At this time, the Chair announced:

"Members, at this point we are at 12:45. We will recess for lunch until 1:30. Recess."

At 12:44 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:53 o'clock p.m., with Vice Speaker Manahan presiding.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1599-12) recommending that S.B. No. 2766, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2766, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENTITIES REGULATED BY THE INSURANCE COMMISSIONER," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Ching and Ward voting no.

Representatives Herkes and Keith-Agaran, for the Committee on Consumer Protection & Commerce and the Committee on Judiciary presented a report (Stand. Com. Rep. No. 1605-12) recommending that S.B. No. 2412, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committees was adopted and S.B. No. 2412, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CONTRACTS," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1606-12) recommending that S.B. No. 2288, SD 1, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2288, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker, we had a really long debate about the undersea cable and about the future of electricity, the cost of which is going to go high or low or whatever. This bill is really an opportunity and an answer to one of the Representatives, I believe from Kauai, who said rather than do nothing. Mr. Speaker, this bill is going raise havoc with what has a lot of stuff going on now. But if we take away this solar PV credit, we're going to jeopardize the industry.

"Case in point. This bill basically takes away what otherwise has been from the beginning of the last few years, a boost to the PV industry, and making very robust our green jobs. I don't speak as a sole voice, even though I know some others on the Floor are going to join me in voting against this. But this is also the opinion of the Sierra Club, Blue Planet. It's also strongly opposed by the agencies of DBEDT, County of Honolulu, and all the Solar Energy Association Companies, PV Coalition, Kairos Capital, SunRun, Rising Sun, etc. The problem is Mr. Speaker, it takes the current tax incentives for renewable energy, and basically pulls the rug out from underneath them.

"If we're going to say, 'Oh, we a mistake and this should be changed,' rather than cataclysmically pulling out these tax incentives, we should ratchet them down. The case in point, Mr. Speaker. For this Island, we are now at 3% renewable. We are the nation's leader. I call that the one-eyed among the blind. 3% gets you nation leadership, and we've got \$5 to \$6 billion a year that we're exporting from the State of Hawaii, in terms of fossil fuel.

"If we're serious about getting off of fossil fuel, we've got to keep this in place longer. Let the industry stabilize. Let the PV go up to a percentage that's acceptable, where there's structure. Where there's the pipeline being filled. But if we cut it off cataclysmically now, we're going to lose what otherwise we've started out as the nation's leaders.

"If what they're saying is true, and I think my colleague will repeat it, this is going to be solar only for millionaires. Right now, it's even hard enough to buy solar or PV. Even with the incentives, it's expensive. But if we take out these incentives, it's going to kill the industry. And what is the proof of that? What's the empirical evidence of it? What's this other than just opinion? Look back for the last 30 years, for the solar incentives which have been on and off in place, begging and cajoling people just to put a water heater on their roof.

"What is our penetration of water heater usage on the Island of Oahu? 25 to 30% at the most. In 30 years, to get 30%. With all those incentives and it's still not working. So how are we going to get off fossil fuel, if we're at 3% and we literally take the floor of the incentives away? Mr. Speaker, my suggestion is we ratchet it down. We don't do anything abrupt. We don't do it quickly. And I would like to encourage my colleagues to see this as a real job maintainer of the green industry. It's going to be a job killer if these things are going to be lost. 90% of our energy generation from fossil fuel has got to stop.

"We've got our consumption of imported oil, as the extreme of the only place of the United States that's doing this, and we've got to take some big steps. Not like this in the wrong direction. But in the right direction.

"And lastly, Mr. Speaker, we always look at bills of, 'Gee, we're afraid there's going to be unintended consequences.' My fear is that this is going to be an unintended consequences of killing the industry. Taking PV and saying, 'Yeah, we did okay for a few years. Some people got breaks. But the others who are waiting in line now, it's just too bad for them.' And it's only going to be those who have a lot of excess money, who are going to really afford solar. That's not the equitable. It's not the best way. This bill is not for a good future and strong policy. Thank you."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition. Thank you, Mr. Speaker. It's really a double whammy. It's the solar for millionaires only bill, and it's the green energy job killer bill. So it does both things. It puts photovoltaic really out of the reach of homeowners that may just stretch a little bit further than they think they can, but still do it to be able to reduce their use of fossil fuel. And then by going after this industry, which was the fastest growing industry, the green industry, in our State.

"By going after it with this bill, it means we're going to kill that industry, or at least wound it enough that it won't be even listed among the top ten after this. And we do it, Mr. Speaker, really in a typical way that this Legislature does it. All of a sudden we decide, 'Okay, let's go ahead and kill this industry today,' without working with them in advance to say other things that we maybe need to reassess, and with working the Department of Taxation."

Representative Evans rose to a point of order, stating:

"Point of order. The previous speaker was implying what other legislators intended by killing the bill. I think that's against the rules."

The Chair addressed Representative Thielen, stating:

"Please, Representative Thielen. Just stay focused on ..."

Representative Thielen continued, stating:

"Without going and putting together, like a task force or a group to be able work on these different things together to say maybe this tax incentive needs to be adjusted. But let's give the industry some advance notice. Let them be able to work with the task force. Work with the group to say, 'What should we take a look at,' so we make sure that we don't have misuse of this system, but that we go ahead and encourage the photovoltaic on the roofs of our residences throughout the State.

"Mr. Speaker, it's just a bad idea. We just now slam the industry. Projects that were in the works that were thought about are now going to be scrambling to say, are they going to qualify? Are they going to be able to get it online before this takes place? Before the bill becomes effective? And then you take a look at the jobs that are out there, in your district. My district. Everyone's district here in this State. Those green jobs. They now are going to be disappearing. It's an amazing thing that a Body like this can take on a green industry, and effectively do it great damage. And that's what this bill does, and I vote no."

Representative Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. Mr. Speaker, I think this measure is geared to address the policy that whenever you have a tax credit, we need to keep in mind that taxpayers who are not currently claiming their credit are subsidizing those fortunate enough to have the means and wherewithal to get the credit to offset their cost. For my constituents in Wahiawa, not many of them are able to afford photovoltaic systems. Some of them are. They, do well enough to afford water heating systems, or solar water heating systems.

"So we're kind of closer to what the Minority Leader talked about. Probably the 30 percentile area. But when I do talk to them, they inform me that with the ever increasing cost of electricity, it's beginning to pencil out more and more for both photovoltaic and also solar. So I think the discussion we're having today, is whether or not we can afford to have this expenditure of about \$29 million a year, up to \$40 million a year, to support those who are well off enough to afford these systems.

"So I think that's where we are with the discussion. I appreciate the work that has gone in to this measure. But I think we need to keep that in mind that anytime you offer a tax credit, it's basically a subsidization for that one individual or family or business, at the expense of all others. Thank you."

Representative Kawakami rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in support, and I'd like to ask to enter the words of the Finance Chair into the Journal as my own, with a few brief comments. This is not a bill that does nothing. What this does, is it ponders the question of whether we should own our own destiny. Because right now, what's happening is, you can get a federal and a State tax credit, and the developer can then depreciate the cost of their equipment over the expected lifetime, while all the time getting the PPA agreement which is all the gravy on top.

"What this does is ask our taxpayers whether we should own these systems outright. Whether we should own our own energy destiny. I think it's a great measure. Now there's two ways to promote good behavior. One is the heavy handedness of mandates, in which I believe businesses will seek out loopholes. The other way to incentivize good behavior and to put up incentives. That's what we did with this tax credit.

"But there comes a point in time when you need to give it a review, a look back, to see when we create these incentives, businesses will try to maximize and capture every opportunity. And when we're in the process of capturing this opportunity, there could be allegations of abuse. I'm not saying that there are businesses that have abused the opportunity, but there are some things that we need to take into account. Is it fair to put up more than one system on your roof to capture multiple tax credits at the cost of our taxpayers? That is a question that we are here to ponder and that's exactly what this bill does. Thank you, Mr. Speaker. In support."

Representative Herkes rose to speak in support of the measure, stating:

"In strong support. You want to put PV on your roof? You still get a tax credit. And quite frankly, I don't think that any alternative device should get a tax credit. They should rise and fall on their own ability, their own price structure, and their own ability to give us something that we can afford. Thank you."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. It wasn't that long ago on this Floor that I recall so many speeches about how we are going to be sustainable. That this was going to be our vision. That our vision for our State was to get off fossil fuel because a myriad of reasons. Why being dependent on it is such a bad situation.

"And I've said on the Floor before, how we all recall, how the budgets of all of our schools were thrown into disarray when the price of fuel went so sky high. We are slaves to fuel when that happens. When a school cannot pay its bills, a school cannot meet all its requirements, because the cost of just being open is so high. Boy, it would have been nice to have photovoltaic and all that on our schools, huh? If we had that, we might have.

"So the things is, is our vision originally, if we keep to the page of music, was to be sustainable. And it has already been mentioned by the Representative from Hawaii Kai, the Minority Leader, that we have not come anywhere near saturation point, on helping this. I might also add, Mr. Speaker, unfortunately, I regret to repeat, we are listed about on the bottom for being pro-business, in *Forbes Magazine*. I can only wonder what people in other jurisdictions may think of a state with such an abundance of sun. Sunny Hawaii. That this measly amount now cuts the feet, the legs on its solar industry, when it has the highest rates, bar none, in the nation, which affects business. Which affects our people. Which affects our locals.

"I would like to read from the Sierra Club.

Our current solar industry has been one of the bright spots in our economy, producing approximately 15% of all construction jobs last year. The current system of extending a credit per system is based on the Department of Taxation's expressed interpretation of the governing statute. A drastic change to this interpretation as proposed in this measure would sharply curtail the solar industry, and curb thousands of jobs across the State. A more preferable option would be to follow the Senate's example and minimize the tax credit in an orderly fashion over

time, while we're trying to revive our economy and move to a clean energy future. The measure is terribly misguided.

"You know, we have a native son in the White House. I actually went to school with, as we called him, Barry, at Punahou. Barry. I cheerlead for Barry, for the Buff 'n Blue. That's one thing. I don't know. Us Punahou kids. I don't know. Maybe, you know. The environment is important. We've got to take care of it. And we've got to make sure that we're helping those that are contributing to the industry in a positive way, through solar jobs. They're not saturated yet, Mr. Speaker."

Representative Ward rose to respond, stating:

"Mr. Speaker, just a couple of footnotes. Because people were conscious of the cost of living and that was music to my ears when they said, 'Watch out for the ratepayers,' because we have to do this. But how can we in good conscience just vote up a billion dollar undersea cable, and not want to give \$29 million a year to benefit the people who put it on their roof. That in terms of the numbers for the cable we can actually outfit, probably the whole State of Hawaii with putting PV on the roof.

"The other thing is that, if we think it's expensive in Wahiawa today, wait till you take away the incentives. It's going to be really expensive because there's going to be no incentive for anybody, whether you're Wahiawa, or Kahala, or wherever. It will have died because there's not the incentive to bring people on board. Again, Mr. Speaker, the bill is well intentioned. But what it does too cataclysmically, too quickly, it just does it without ratcheting it down and getting the industry, and getting the people ready to absorb the shock.

"This is going to be a shockwave when it hits. What we need to do is to sort of step back. Take a breath. And say, 'Okay. How are going to fix this without destroying it?' That's what we've got to do. We've got to look at it a little more systematically, and long range. Thank you, Mr. Speaker."

Representative Kawakami rose to respond, stating:

"Thank you, Mr. Speaker. I'm still in support. And just to clarify. We didn't vote up on a billion dollar undersea cable. We voted up on creating the regulatory framework. Thank you, Mr. Speaker."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Just a few comments as we've been through this bill before. Again, this is about fiscal accountability, in a time where we've removed thousands of people off of Medicaid, and we've made deep cuts to education. This tax credit, which does not have to come before this Legislature every year, like the Department of Education, or the University of Hawaii, spends more money than we projected. In fact, this upcoming year, the tax year, it was expected to cost over \$40 million. So that's one.

"Two is, in response to the Representative from East Honolulu. The difference is, the tax credit benefits individual residents and businesses. It can benefit the grid, but that's where the bulk of the usage is. The cable will benefit everyone. That's part of the argument of tightening up the language.

"The socio-economic argument, is like the Representative from Wahiawa talked about is. Who can afford it? Not just in the credit, but up-fronting the money. This is a 65% tax credit. 65 cents on every dollar. And by the way, the feds don't have a limit. Only we do, which we're trying to close the loophole that's in the law. That's all this is about. It's fairness, because as we've talked about, the PUC has an intermittent cap limit on a grid. Only 15% of intermittent power can be on the grid. So out of every hundred homes, on average, only 15 people will get to use it. The other 85, one will not be able to, because of the cap. And you can appeal the cap and some people have, but then, that lost revenue to Hawaiian Electric, who's going to pick up the fixed cost? The other 85. So not only are we subsidizing these people at 65 cents on the dollar. The other 85% are now going to have to pay higher rates. Thank you."

Representative Wooley rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Wooley's written remarks are as follows:

"This bill will eliminate incentives to invest in renewable energy. We live on a tiny island in the middle of the Pacific and face a high cost of living. 90% of our food is imported and we rely on imported oil for more than 90% of our energy needs. Hawaii is also an ideal place to lead the way for the development and implementation of renewable energy technologies. In order to be successful, the State must work to promote the strengths and opportunities for renewable energy while minimizing its weaknesses. Therefore, I will not support a bill that aims to damage the very foundation of renewable energy industries and prevent Hawaii's efforts to achieve clean energy by 2030. The uncertainties and risk to business caused by this bill and effort to change or eliminate incentives sets up a business environment that is a disservice to investment."

Representative Takai rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. First I ask your permission for written comments. Thank you. You know, I agree with the Majority Leader in that one of the concerns that we've had over the years is the abuse of this tax credit as it relates to the definition of system. And I have said many times on this Floor that I think the ruling by the former Administration and the current Administration is incorrect, because there's no such thing, from my perspective, of having multiple systems and claiming multiple credits in the same tax year. But this doesn't do it. This actually says that you can claim the credit, one time, and one time only. And I've said many times on this Floor, that I have a problem with that, because there may be future owners on that same TMK.

"And number two, in regards to the TMK. I hadn't thought that we would address it. We all know that there are TMKs throughout the State that have multiple homes, with multiple owners. How is that addressed? It's not. How fair is that? So I think there's still a lot of work that needs to be done on this particular part of the bill.

"In regards to the power purchase agreements, I understand the concerns about the \$40 million. But if you take a look at the cost of the credit, it's mainly from these huge projects. Now I would support a tax credit being limited to residents, or smaller systems.

"I have problems with huge systems benefitting huge corporations, and the people that install it through PPAs. However, a PPA in some cases is good. We did it at Aiea High School, just a couple weeks ago. Governor Abercrombie and a few of us were there touting the benefits of a power purchase agreement for photovoltaic systems. It's been said that this is the example for many schools throughout the State to be using. This bill gets rid of that option, totally. It says that we should go and use GO Bonds. I totally agree, if we have the money. But that's blank right now.

"I'm just curious to find out what the plans are if we're going to get rid of the power purchase agreements for State facilities. But what's not in here, and is not addressed, is the concerns of the counties. The other governmental agencies that utilize the power purchase agreements over the last few years. If you talk to the counties, the four counties, they will tell you, that one of the reasons why they can afford to put up photovoltaic systems is because of this power purchase agreement. We are absolutely wiping it off, with this bill, so no longer can any of our four counties partake in this particular benefit. Thank you, Mr. Speaker."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Marumoto rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I vote with reservations on this measure, and just pointing out that Hawaii must become energy independent and photovoltaic is one way to achieve that energy independence. Thank you."

Representative Souki rose to speak in support of the measure, stating:

"Yes. Thank you, Mr. Speaker. In strong support. Just a little history. Years ago, I had a subsidiary building solar water heaters. We didn't have any tax credits. We built our own. We sold it. We sold over a thousand homes in Maui, Molokai and Lanai. At that time, we began for the disadvantaged. Those that met the criteria. And so I do know the costs of solar. I have some idea. That is basically a simple mechanism for solar. You get a box, and you get a glass. You get some copper pipes in there. And you get a pump and you connect it to the water heater. It's not rocket science.

"The price of solar heaters has gone up tremendously over the last few years because of the tax credit. And so the major beneficiaries of it are those who sold the solar heaters for relatively exorbitant prices. And of course, some of the contractors. But you don't blame them. They've got to put it on the roof, and then they've got to pay their basic wage. But I believe that the vendors were the beneficiaries. I can almost predict that if we stop this tax credit, the price for solar heaters will come down correspondently. Thank you, very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2288, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," passed Third Reading by a vote of 44 ayes to 7 noes, with Representatives Ching, C. Lee, Pine, Takai, Thielen, Ward and Wooley voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1607-12) recommending that S.B. No. 2752, SD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2752, SD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTRIC UTILITIES," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1609-12) recommending that S.B. No. 2429, SD 2, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2429, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Riviere rose to disclose a potential conflict of interest, stating:

"Thank you. May I have a ruling on a potential conflict? For 20 years, I have been a mortgage loan officer," and the Chair ruled, "no conflict."

Representative Riviere continued to speak in support of the measure with reservations, stating:

"Just please note my reservations. This is a bill that obviously needs work, and has proven very problematic to fix. I didn't think it was good idea in the beginning, and it's proving to be quite a rascal to fix. So, note my reservations, please."

Representative Johanson. rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Keith-Agaran rose to disclose a potential conflict of interest, stating:

"A ruling on a possible conflict. In my law practice, we occasionally have cases involving foreclosures," and the Chair ruled, "no conflict."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2429, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FORECLOSURES," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Brower voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1610-12) recommending that S.B. No. 2763, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2763, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MORTGAGE LOAN ORIGINATION," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1612-12) recommending that S.B. No. 2767, SD 2, as amended in HD 1, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2767, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Third Reading by a vote of 51 ayes.

At 2:23 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2766, SD 2, HD 2
S.B. No. 2412, SD 2, HD 2
S.B. No. 2288, SD 1, HD 1
S.B. No. 2752, SD 1
S.B. No. 2429, SD 2, HD 1
S.B. No. 2763, SD 2, HD 2
S.B. No. 2767, SD 2, HD 1

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1614-12) recommending that S.B. No. 2397, SD 1, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2397, SD 1, HD 3, pass Third Reading, seconded by Representative Evans.

Representative C. Lee rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ching rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Takai rose to speak in opposition to the measure, stating:

"Mr. Speaker, on Stand. Com. Rep. No. 1614. Yes, I rise with reservations. You know, this bill proposes to limit counties from enforcing what I call, fire safety measures. This type of preemptive language is very interesting, in HRS because as you are well aware, very rarely do we preempt counties from doing anything. And I suspect that this is probably, maybe, the only preemption language that we have as it relates to fire safety and fire sprinklers.

"I'm troubled by it. In fact, you know what? I'm going to vote against it, because I just don't think it's appropriate for the Legislature to be telling the counties how to deal with fire sprinklers and fire safety.

"In addition Mr. Speaker, when we heard this in Committee, the fire chiefs throughout the various counties didn't support this. I trust those gentlemen, and I will follow their guidance. Thank you."

Representative Herkes rose to speak in support of the measure with reservations, stating:

"Thank you. I've got some very serious reservations on this. In the first place, it doesn't go far enough in dealing with building codes.

"Then the other thing that really bothers me is that it exempts new homes that require a variance from access road or firefighting water supply requirement. What that means is, and what the Fire Council says is that your access road has to be a certain width, and you have to be within 175 feet of a fire hydrant that pumps 4,000 gallons a minute. I got 10,000 people who say, 'What's a fire hydrant?' You know? So we're completely off base on this. Thank you."

Representative Souki rose to speak in opposition to the measure, stating:

"I'm speaking in opposition, Mr. Speaker. It's hard to top my friend on my left here, in his manner of speech. But my only concern is, and I served both on the Charter, if I can give you some background. Of course, I'm opposed. I served on the Charter Commission in Maui County, and I was also a member of the Constitutional Convention, so I have some idea of where their responsibilities should lie. Whether it's with the State, or with the county.

"In this case here, we are, I believe, interfering with county home rule. We cannot legislate for the county. They need to do their own legislating. I believe that somewhere along the way, I'm surprised the Attorney General did locate this yet. But again, we cannot make ordinances for the county. If the counties wish to have sprinklers, it is within their purview to have it. Now not that I'm for putting sprinklers in homes, because it does raise the price of homes, and not everybody can afford it. However, it's still a county responsibility and not a State responsibility. Thank you, very much."

Representative Cabanilla rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm standing in strong support of this measure. We do have something called the State Building Code which covers all the different islands. If you do not believe in the State Building Code, then we should disband it. But I believe that the State does have a purview on fire sprinkler systems. This bill requires that the counties are prohibited from mandating laws on fire sprinklers. But each individual homeowner can opt to have their own fire sprinklers if they do decide. We want more homes to be built for our people, and not to keep it very expensive that there are less people that can afford it.

"As far as those tight streets where the fire department can't get in, they can apply for a variance not to have a sprinkler system, or for the counties to still mandate it. There is an application process. The permitting process of each county is still enforced. It's just saying that the counties cannot require it as a rule. But it doesn't overlap the permitting process. When you build your home, the counties can still mandate it if it's in the name of safety. But as a State law, they cannot blanket mandate every homeowner to have a sprinkler system. Thank you, Mr. Speaker."

Representative M. Lee rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Just briefly. I just listened to the testimony in Committee as well, and I think it was very clear that the State Fire Council and HFD were in strong support of requiring fire extinguishers, and fire systems in homes. And if I'm going to err, I'm going to err on the side of safety. So I cannot support this bill."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative C. Lee rose to speak in opposition to the measure, stating:

"Thank you. I rose with reservations the last time. And actually, I'd like to change that to opposition, and just to briefly state why. I was going to

put this in the Journal, but I might as well put it out here, just because this is at the core of the debate that occurred in the Finance Committee, which not everybody had the opportunity to hear.

"The reason that the testimony was in support of this bill, asking for prohibition on the State enacting preempting ordinances, was because it was a cost savings. If you're buying a new house, the estimates were somewhere between 5,000 and 10,000 on average, give or take an additional cost that you'd have for the cost of a new home.

"What amount of money, homeowners, new homeowners would save on their insurance costs and everything else, we didn't have answers to that night. What it came down to, was the fact that the fire department and fire chiefs were basically saying and made clear that, in most cases you're going to have about an 80% reduction in fatalities when you have systems like this installed in homes. And so the question is, if that's the case, not just here, but everywhere that you have this, what is the cost? And that's a discussion that people didn't want to get into in that Committee. They didn't want to assign a value to a life.

"Because we're the State saying on the one hand, we're weighing the cost for this, versus ultimately how many lives would be saved in the long run. And that's a discussion that we absolutely should be a part of. No matter where you fall in the spectrum. It's a discussion that hasn't really happened yet, and yet the bill has still moved ahead. That's really my reservation because there's a lot more to this, I think, than meets the eye. So thank you, very much. In opposition."

Representative Ching rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Actually, it's so interesting. That was exactly going to be my written comments. My brother is a firefighter, and I have great regard for the firefighters and all they do. And as a mother, we don't put a price on a life. I was trying to be sensitive to the understanding of those on the Neighbor Islands that may have some, you know, real feelings that this is not just. But with the county.

"And I think with the debate I've heard on the Floor, I would like to change my vote, as well, to a no vote. And adopt the words of the Representative from Waimanalo. We cannot put a price on a life. And if it's your child's or your loved one, oh my goodness. It doesn't matter. Nothing can bring them back. No amount of money. Thank you."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in opposition of S.B. 2397-Relating to Fire Sprinklers. This bill prohibits counties from requiring installation or retrofitting of automatic fire sprinklers in, (1) new or existing one or two-family dwelling units used only for residential purposes; and (2) non-residential agricultural and aquacultural buildings and structures located outside the urban area; provided that this does not apply to new homes that require a variance from access road or fire fighting water supply requirements.

"While I generally support any measure that saves the State money, I do not feel comfortable saving money at the risk of people's safety and lives. I must concur with the State of Hawaii Department of Labor and Industrial Relations, as well as the County of Honolulu Fire Department in opposing this bill. Thank you."

Representative Herkes rose to respond, stating:

"Still with some serious concerns. When we start talking about safety of the home, things like this requirement for fire sprinklers, and all of the other things that are in the Building Codes have resulted in people living, not in homes, because we can't afford to build them. And they can't afford to buy them. We'd have people living in lava tubes, and caves, and tents, and packing crates. And we have to get rid of some of this crap in the Building Code so we can afford to build homes that people can live in."

Representative Cabanilla rose to respond, stating:

"Still in support, Mr. Speaker. And I just want to make a couple comments. By the time fire sprinklers activate, they activate at the temperature of 360 degrees. You die at 107 degrees, Mr. Speaker. So if to save lives, you'll be long dead by the time the water sprinkler comes on. And it's known that it creates a lot more water damage. It has more damage to property if it activates because of the water damage. But as far as saving lives, you are long gone, before 360 degrees comes on. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, very much. With reservations. In support with reservations. I would like the words, the passionate words of the speaker from Ka'u entered into the record as if they were my own. And the reason why I'm not in opposition at this point is I'm hoping that through the Conference Committee, that these concerns could be addressed. Because subsection 2 does address an issue that has come up in the agricultural farming community which has been the ironclad, one-size-fits-all mandate of fire sprinklers which are designed for residential urban areas. It's impeding them from getting basic structures built that they need for their operations.

"Case in point, there's an aquaculture operation on the North Shore who has potential to turn it into a huge industry. And the poor gentleman's been fighting, trying to get permitting for his aquaculture facility which is a glorified greenhouse. But because he doesn't have three separate, independent fire sprinkler systems, they haven't issued him any permitting. So I just would hope the Members would look at that, and give the Conference Committee a chance to address those issues. But I have the same concerns that have been raised by the other Members. Thank you."

Representative Wooley rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2397, SD 1, HD 3, entitled: "A BILL FOR AN ACT RELATING TO FIRE SPRINKLERS," passed Third Reading by a vote of 42 ayes to 9 noes, with Representatives Belatti, Carroll, Ching, Keith-Agaran, C. Lee, M. Lee, Rhoads, Souki and Takai voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1615-12) recommending that S.B. No. 2435, SD 1, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2435, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ching rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I would like to express my enthusiastic support for S.B. 2435, and commend my colleagues on the compassion they have shown this Session in seeking to improve the wellbeing of our community's humblest members. S.B. 2435 appropriates funds for the Vocational Rehabilitation and Services for the Blind Division of the Department of Human Services to contract for a telephone-based service to maintain a telephone-based audible information access service.

"Those who will benefit from this legislation are not the most strident lobbyists or alluring special interest groups. Rather, they are thousands of typical Hawaii residents suffering from impairments which render daily life significantly more difficult than it is for most of us. These humble individuals fully participate in the communities we seek to build, and ask for few exemptions. They contribute to their neighborhoods, labor at their work, and abide by the laws we pass; therefore, it is paramount that they remain up to date as to the happenings in that world they create alongside

us. Upon research, the Legislature has found it generally impractical to provide time-sensitive information like the daily news in specialized formats such as Braille, large print and audio recording. Even in a media environment where information is frequently available in many formats, portable and interactive access to audible information remains an important necessity for many.

"This bill benefits my own community especially, as Liliha is home to Ho'oponopono Services for the Blind, under the State Vocational Rehabilitation Services Program. Established in 1973, this program is a Federal-State partnership with the primary goal of providing vocational rehabilitation services to enable eligible individuals with disabilities to achieve gainful employment and economic self-sufficiency. Over the years, Ho'oponopono has successfully placed blind and partially-blind individuals in meaningful forms of employment, and thus enriched their lives beyond measure. With S.B. 2435 improving access to events surrounding them, these individuals will flourish in ways unprecedented, particularly in their ultimate success at the jobs Ho'oponopono strives so diligently to provide."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2435, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION ACCESS," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1616-12) recommending that S.B. No. 2779, SD 2, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2779, SD 2, HD 1, pass Third Reading, seconded by Representative Evans.

Representative M. Lee rose to speak in support of the measure, stating:

"On Stand. Com. No. 1616-12. Thank you, very much. I stand in strong support of this measure which is really a very important measure because it's part of the aging infrastructure that we're trying to create in the State. And really what this is, is a one stop shop for the elderly or people with disabilities to find their way to get to services that they need. I think it's going to be something very important to the future, with our growing elderly population.

"So I'd like to stand in strong support and hope that people will realize that with the numbers growing in our elderly population, we need to make sure our system is not fragmented. At the present, it's very fragmented. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2779, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE AGING AND DISABILITY RESOURCE CENTERS," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1617-12) recommending that S.B. No. 2213, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 2213, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CIVIL SERVICE," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1618-12) recommending that S.B. No. 2750, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2750, SD 1, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Morikawa rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. With extreme budget cuts in the past, government workers have been tasked to do more with less. Overtime is a necessity to the employer in order to address work that is required to be performed for 24-7 operations, to maintain public health and safety issues, to address staff shortages and emergency work. Employers authorize overtime. Employees cannot decide for themselves to work whenever they please. There are times that the employee wants to refuse overtime, but cannot because of the critical nature of the work. In other instances, an employee may elect compensatory time off instead of overtime cash payment. That time off is not computed as additional pay. If an employer authorizes overtime, they should pay any additional cost to help curb the unfunded liability. The employee should not be penalized.

"We passed legislation last year to begin addressing the unfunded liability, and before it's even implemented, we are trying to pass more legislation. SHOPO said it best, and I quote, 'If we do not know to what extent intentional spiking exists, or how it was allowed to happen, then we really do not know what the extent or cause of the problem is. If we do not know what the cause of the spiking problem is, then we cannot in good conscience say that this bill is the solution. And passing this bill would be irresponsible on everyone's part.' Thank you, Mr. Speaker."

Representative Marumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takumi rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Rhoads rose to speak in support of the measure, stating:

"Mr. Speaker, in support. This is a complicated and a very difficult issue because of the fact that part of it depends on whether or not, there's no way to tell for sure, what people's motives are when they work overtime. I think this a reasonable compromise between those who would prefer that we have no pension benefit for overtime at all, and those who would prefer just to say it's just a management problem, and that management has to take care of it.

"So I don't think there's any question from the testimony we received in the Labor Committee and from the conversations I've had with stakeholders that there are people who do try to game the system and sometimes brag about it when they get to the end of their careers and go to the ERS in preparing their paperwork to retire. On the other hand, I concur with one of the previous speakers that said that you have to work overtime when you have to work overtime. And that's certainly true for many people too. So whether the line is drawn in exactly the right place, it's difficult to say. Is it a fair compromise? Yes."

Representative Yamane rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Johanson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Aquino rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cabanilla rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ching rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Carroll rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2750, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," passed Third Reading by a vote of 41 ayes to 10 noes, with Representatives Brower, Cullen, Hanohano, Kawakami, Keith-Agaran, C. Lee, Luke, Morikawa, Takai and Wooley voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1619-12) recommending that S.B. No. 2248, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2248, SD 2, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have brief comments with some serious reservations. This is about compassionate release of prisoners who are either, deathly ill, near ill, near death. And for a bill that's supposed to be compassionate, what we've done, at least from the last Committee hearing at Finance, is we have taken the compassion out of it. There are a couple of difficulties. Number one is, of the 4600 prisoners that we have, we have a very limited supply of doctors. And the way that the system is now, to get the compassionate release, it's only one of those doctors, who actually has to give you the slip and the evidence.

"The bill originally had it where in the conference you could actually bring a member of your family and an attorney to help state your case. That is no longer the case. So, the compassion to argue that this person's going to die in six months is no longer there, because it's one short staff. And two, it's just a unilateral decision, with the people in the prison. So if we could look at this in Conference a little bit more compassionately, it would probably work a little bit better."

"We talk about you know, wanting to give the prisons, bringing people home, number one. And then two, using other than incarceration as a treatment. Particularly for those people who are almost dead, this is an opportunity to be compassionate by putting the compassionate clause back in there. Thank you, Mr. Speaker."

Representative Fontaine rose in support of the measure with reservations and asked that the remarks of Representative Ward be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2248, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1620-12) recommending that S.B. No. 2584, SD 1, as amended in HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2584, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Takai rose to disclose a potential conflict of interest, stating:

"Thank you. I would like a ruling on a potential conflict. I'm a member of the Hawaii Army National Guard," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2584, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TUITION ASSISTANCE," passed Third Reading by a vote of 51 ayes.

At 2:46 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2397, SD 1, HD 3
S.B. No. 2435, SD 1, HD 1
S.B. No. 2779, SD 2, HD 1
S.B. No. 2213, SD 2, HD 2
S.B. No. 2750, SD 1, HD 2
S.B. No. 2248, SD 2, HD 3
S.B. No. 2584, SD 1, HD 1

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1621-12) recommending that S.B. No. 2655, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2655, SD 2, HD 3, pass Third Reading, seconded by Representative Evans.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to this measure. And I won't bore people because I've spoken probably three, four, five times against this issue which is, as far as I've so many times with my Blackberry said that the people who sell me the insurance for \$7 a month, if I drop it to replace it. It gets stolen, I get it replaced. The people who are doing this now have a business license that costs them the normal rate, or nothing. This bill says it's going to cost you \$2,000 to sell this amount. However, I realize the last Committee zeroed out the \$2,000 and put it to a blank.

"The notion is that if we go back to normal licensure figures, it should be about \$100, or \$150. So basically the purpose of my speech is to say, if you're on the Conference Committee and I realize I'm taking myself off the Conference Committee, if we're going to have companies to do this, let's not let do the European model and shut out the competition by raising the bar up. By having all these entry requirement for funding. That's basically how the Europeans control the business community. You regulate, but first you put the standard so high. At \$2,000 to sell the insurance for a portable electronics, it's just too extreme. So I'll take myself out of the Conference Committee, but I would advise those who are on it, please keep it around \$100, \$150. That's the normal licensure figures that it should be before the industry. Thank you."

Representative Ching rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in opposition to this bill. This particular measure attempts to create a market that is futile to the industry. In addition, the requirements and mandates encourage the creation of a monopoly and poses an anti-consumer premise due to its insurance term requirements (minimum 24 months) due by the insurer, who would in-turn issue and retain service (insurance) at a higher rate and require longer-term commitments by the insured.

"Additionally, the ambiguous fee amounts are suspicious to the intent of the bill. Though the bill includes provisions that provide the option for businesses to offer insurance, should they choose to do so, hefty fees would be incurred. This begs the question, if it is going to cost a business significant money to enact a service, where do they benefit? Mr. Speaker, it is at the cost of the consumer. Should businesses seek to capitalize on this measure and begin to adopt insurance services, only a few companies will be able to offer the service and even fewer individuals can additionally afford the insurance.

"S.B. 2655 puts more unnecessary economic hardship on the people of

Hawaii. The Legislature should not add a new form of insurance or regulation to the State code at this time, as there is no need for it. Additionally, if the Legislature cannot determine the costs our businesses and consumers will face, we should not be considering such a measure. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2655, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO PORTABLE ELECTRONICS INSURANCE," passed Third Reading by a vote of 48 ayes to 3 noes, with Representatives Ching, Fontaine and Ward voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1624-12) recommending that S.B. No. 3062, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Chong, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 3062, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1625-12) recommending that S.B. No. 2939, SD 1, HD 1, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2939, SD 1, HD 1, pass Third Reading, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure, stating:

"Mr. Speaker, just standing in strong support. Thank you. As a person who grew up going to St. Francis, my uncles helped people there, and I would go see my grandmother. St. Francis as we know it, St. Francis Hospital was a jewel, a jewel that many could be proud of, particularly in the Liliha community, with all the accomplishments of Dr. Livingston Wong and others. As you know, HMC went down this year. A tragedy for my district. And it's with that and some further written comments, Mr. Speaker, I won't take up on the Floor, that are probably quite obvious. But I say thank you. I am in strong support of this measure."

Representative Ching's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in strong support of S.B. 2939-Relating to the Issuance of Special Purpose Revenue Bonds to Assist St. Francis Healthcare System of Hawaii. St. Francis Healthcare Systems cares for more than 90,000 patients per year. As a nonprofit corporation, the sole goal of St. Francis is providing healthcare for our community, as it has done for eighty five years now.

"We must do everything in our power to extend aide to St. Francis Healthcare System. The issuance of these bonds will insure the facilitation of the continuity of care and services provided for our community. Additionally, S.B. 2939 would provide numerous job opportunities in light of our current fragile economy. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2939, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST ST. FRANCIS HEALTHCARE SYSTEM OF HAWAII," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1627-12) recommending that S.B. No. 2466, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2466, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative M. Lee rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative M. Lee's written remarks are as follows:

"Mr. Speaker, I rise in strong support of Senate Bill 2466 – Relating to Long-Term Care Facilities.

"I rise in support of this measure which establishes a nursing facility sustainability fee and special fund which will be used to draw down federal funds to help the struggling long-term care providers. Many states have taken advantage of this process over the years, and Hawaii is late to come to the table. In addition an acute-care sustainability fee resides in another bill which will help save our hospitals. I urge the Members' support."

Representative Fontaine rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pine rose to speak in support of the measure with reservations, stating:

"Yes, with, support with reservations, Mr. Speaker. I understand that we are trying various ways to ensure that our long-term care facilities in our hospitals are healthy, here in the State of Hawaii. The problem I have with this bill that concerns me, Mr. Speaker is that it removes the entire reason why we're doing this in the first place. This draft basically deletes as a source of revenues for the nursing sustainability special fund, the federal matching funds received by the Department of Human Services. The entire idea behind the bill was to allow the drawdown of more federal Medicaid funds, to help nursing homes meet their budgets. Now this certainly has been removed from the bill.

"You know, if we're going to be successful in ensuring that our hospitals and our long-term care facilities are successful, we need to make sure that we complete our mission. And by removing the federal funds, Mr. Speaker, I'm very concerned that we're wasting an opportunity. Basically, we're telling the nursing homes, 'We need to charge you this additional fee to keep your entity healthy, to ensure that we don't have another hospital closure,' And this is part of the solution of the several-pronged approach to ensure that our hospitals are healthy.

"I don't know why this has been removed from this, Mr. Speaker. And I find it really ironic that we seem to constantly, at least today, we are saying that we're going to try do one thing to improve an industry. But in the very same breath, we're removing the opportunities that would complete our mission."

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, I'm standing in support for SB 2466, relating to long term care facilities. Mr. Speaker, the measure before you was proposed and supported by long-term care facilities, and the Hospital Association of Hawaii, Mr. Speaker. What you have before you creates a Nursing Facility Sustainability Fee which will be implemented. It is a provider fee, or tax, to assist State eligibility receiving federal Medicaid matching funds.

"Mr. Speaker, we are only 1 of 4 states in the entire union that does not have this type of mechanism to drawn down federal Medicaid matching funds. Mr. Speaker, this bill, before you has been discussed by the private providers, long-term care facilities, and they have spoken directly to us in support for the passage of this measure.

"The reason why they support this measure, Mr. Speaker, is provider fees would increase Medicaid payments at a time when constraints on our State budget have forced a reduction in payments and benefits. The additional federal funds we can obtain by creating this fee program will reduce the amount of loss incurred by hospitals and long-term care facilities, helping everyone, Mr. Speaker. These fees are created voluntarily by different categories of health care providers and are collected only from these providers. Mr. Speaker, this has been an ongoing discussion for the last several months with the keen eye of looking out for the long-term care facilities, long term benefit.

"So Mr. Speaker, in light of what happened with Hawaii Medical Center, in light of how we are being affected by reductions of federal matching

funds, it is imperative that we work hand in hand at the request and support of these private providers to move forward. Thank you, Mr. Speaker."

Representative Ward rose, stating:

"Mr. Speaker, would the Chair of Health take a question?"

At 2:54 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives Reconvened at 2:58 o'clock p.m.

Representative Cabanilla rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support of this measure. We need measures like this to keep our nursing homes sustainable. The amount of money that these facilities are getting from Medicaid, is so low, and is far from sufficient. So I am just standing in strong support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2466, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO LONG-TERM CARE FACILITIES," passed Third Reading by a vote of 51 ayes.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1628-12) recommending that S.B. No. 2534, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Chong moved that the report of the Committee be adopted, and that S.B. No. 2534, SD 2, HD 2, pass Third Reading, seconded by Representative Evans.

Representative Ching rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On Stand. Com. Rep. 1628, I rise in support, with just some very, very small reservations. You know, we have a school in our district, Likelike Elementary School, and we're trying to keep it open, the Senator from my District and I. We're hoping that people recognize schools in terms of the big picture of urban design. Real important. We can't just willy-nilly go around saying, 'Okay, we're going to develop that one. And we're going to move this.'

"Communities are actually like, they're collages where there's a school. There's business. There's residential. And it adds to the quality of life in our Districts. Every time I see this bill, where we want to start developing our schools. Some are very appropriate. Like I said, some *manini* reservations on this, where it's just like, let's be wary of, let's not go around trying to always close schools. I hope we look for other ways of taking care of our budget woes. Thank you."

Representative Hanohano rose and asked that the Clerk record an aye vote with reservations for her and the Chair "so ordered."

Representative Awana rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Carroll rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2534, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SCHOOL FACILITIES," passed Third Reading by a vote of 46 ayes to 5 noes, with Representatives Choy, C. Lee, McKelvey, Nakashima and Wooley voting no.

Representative Oshiro, for the Committee on Finance presented a report (Stand. Com. Rep. No. 1632-12) recommending that S.B. No. 3053, SD 2, HD 1, as amended in HD 2, pass Third Reading.
