Representative Morikawa rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Reservations, please. Just a quick comment. I'd like to thank the Chair of Housing for at least decreasing the time extension, but if these employees are such great employees, I think they do deserve to become civil service employees. Thank you."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations, please. Along the same lines, and permission to enter comments into the Journal. Thank you."

Representative Tupola's written remarks are as follows:

"If there is an issue with civil service positions, then we should examine the State Civil Service hiring process instead of making exemptions. I have the same concerns as UPW and will quote their testimony. The UPW opposes extension of the State civil service exemption for the Hawaii Public Housing Authority. The original exemption should have provided the Authority with ample time to establish civil service positions to repair and maintain vacant state housing units. The work can still be addressed without having to extend Act 159, an Act that was wisely scheduled for repeal on July 1, 2015. We find that the Authority has not provided compelling reasons as to why the original sunset date should not be heeded."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Jordan rose to speak in opposition to the measure, stating:

"Mr. Speaker, thank you. Please register a no vote on this particular measure. Just a few comments, Mr. Speaker. My no vote is in pertaining that these were crown lands prior to 1895, therefore they're classified as ceded lands, and I'm not open to selling our ceded lands.

"Secondly, Mr. Speaker, during the hearing I asked HHFDC, which is the department that handles these particular properties, and I asked them if they are sold, such as this particular property which is \$123,000, do those funds directly go to the dollars in DLNR that get transferred onto OHA for our ceded revenues? He politely told me, no they don't, they go into the revolving trust fund for other housing projects under HHFDC. So, Mr. Speaker, thank you very much."

Representative DeCoite rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I too will take a no vote, and I would like to echo the same thoughts as the Representative from District 44. Thank you."

Representative Keohokalole rose to speak in support of the measure with reservations, stating:

"In support with reservations. I'm not familiar with the situation, I still need to do more research on the issue, but I do stand with reservations. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, in support. Very briefly, as someone who has always had issues with the sale of public lands for any purpose, particularly ceded lands, I do have an interest in making sure in this particular case we do the right thing. These are properties that are part of a larger subdivision, which has been in existence for many, many decades, whose residents have lived there, in many cases for many, many decades, multiple generations. Recently, in the last few decades there have been a couple opportunities for residents to buy their properties that they have been leasing for decades and decades. And many people took those opportunities back in the last few decades.

"What's happened since then, of course, the Legislature in more recent years has passed a law which requires our approval for the sale of public lands including ceded lands like this. And I don't think it was the intent of the Legislature at the time, at least not in my vote, to unduly harm any families living within their own homes at that point. I think coming forward and putting these measures on the table now ensures that we're going to of course continue to disapprove of any particular sales of land that are not in the public interest.

"However, in this case, because these are the remnant last pieces of property within this neighborhood whose families at the time could not afford to buy their homes outright, now they are forced to come to us and go through this new process that we established. So acknowledging that, I do think that for the folks in the community, especially for those whom may be taking advantage of this, it is something that I think is in the interest of course of these families in providing fairness to all the residents of that particular subdivision, neighborhood, and subject to the rules under HHFDC and others that this moves ahead. So I just wanted to note that and note my support. Thank you."

Representative Ing rose to speak in support of the measure with reservations, stating:

"In support with reservations. My concern, I am noting what the previous speaker, the introducer, has stated regarding fairness. I too would like to look back at the original intent, 2009, of requiring legislative approval for any sales, because it does seem like that purpose would be to have our scrutiny on these sales. And I do think that this situation could probably be seen in other districts as well, this type of situation with some residents not having the opportunity to buy while others have. I think this could set a precedent.

"But my main reservation stems from the concerns raised by the Representative from Waianae, regarding where these funds are going. If they're going to be from ceded lands, then it should be kept in Hawaiian hands. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, reservations, pending further research."

Representative Kobayashi rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I would note that testimony was presented from Office of Hawaiian Affairs stating their established policy that lands such as these including this particular parcel could fit into a special case, and as such, Office of Hawaiian Affairs had no objections to this resolution as well as the other resolutions that we are about to consider. Thank you."

Representative Keohokalole rose to respond, stating:

"Given the comments and the discussions that have been taking place, can you please register a support with reservations for the next five resolutions, all pertaining to the same subject matter but different residences? Thank you."

Representative Creagan rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I concur with that last request and would like to have that requested for myself. I rise in support again with reservations, and my reservations are where the funds are going. Because if these are ceded lands, there is an established precedent. The income from these lands is supposed to go at least in part for Hawaiian Home Lands. So that is my reservation."

Representative Ward rose to respond, stating:

"Mr. Speaker, same request."

Representative Ing rose to respond, stating:

"Same request."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Same request."

Representative Jordan rose to speak in opposition to the measure, stating:

"Please record my no vote. Please submit my verbal comments from Stand. Com. 939 in this as well. And just for a point of clarification, OHA does support these measures, Mr. Speaker, as long as the Legislature follows the correct process to decommission these and sell these properties. But that's their stand according to their board. I'm sure if you would ask them deeper, there might be a different thought process. But as long as we follow the process, then OHA supports it, if they actually read the testimony. Thank you, Mr. Speaker."

Representative DeCoite rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'd like to again stand on a no vote. I'd like to use the same comments that I've had in number 939, and I'd also like to record a no vote on number 941. Thank you," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R.
