"EXECUTIVE CHAMBERS
HONOLULU
July 13, 2015

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 540

Honorable Members
Twenty-Eighth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 540, entitled, "A Bill for an Act Relating to the University of Hawaii Accounting and Financial Management System."

The purpose of this bill is to extend to June 30, 2018, the authority of the University of Hawaii to maintain a separate accounting and financial management system that is compatible with the State of Hawaii accounting and financial systems, while ensuring that appropriations to the University of Hawaii are expended for the specific purposes intended by the Legislature. The original measure was limited to extending the authority of the University of Hawaii to maintain a separate accounting and financial management system and to amend chapter 304A, Hawaii Revised Statutes, to require the University of Hawaii to submit performance reports to the Legislature. As passed, however, the bill as recommended by the Conference Committee amends chapter 304A, Hawaii Revised Statutes, to provide that any appropriations to the University of Hawaii must be expended by the University of Hawaii for the specific purpose described in the appropriations bill, budget worksheets, or other appropriations vehicle. In addition, the proposed new section requires the University of Hawaii to submit a report to the Legislature if it does not expend the funds for the specific purposes described by the Legislature, and also provides that an amount equal to any moneys appropriated that were not expended in accordance with the specific purposes described by the Legislature shall be returned by the University of Hawaii to the general fund.

This bill is objectionable for several reasons. Operationally, this bill would require, for example, that appropriations made during the 2015 legislative session must be expended by June 30, 2016. If moneys were expended not according to the purposes specified by the Legislature, the University of Hawaii would report that fact to the 2017 session of the Legislature, and the University of Hawaii would be required to return those moneys to the general fund in fiscal year 2017-2018. This could result in a reduction in the base budget for the University of Hawaii and will result in uncertainty for the University of Hawaii with respect to how much money it actually has available to expend and how much it may have to hold in reserve and unexpended to cover the possible contingency that it must repay the general fund.

Second, this bill as passed is subject to challenge for violation of Section 14 of Article III of the Constitution of the State of Hawaii, because there are multiple subjects in the bill, some of which are not expressed in its title. The bill is entitled, "Relating to the University of Hawaii Accounting and Financial Management System." However, section 2 of the bill, which adds a new section to chapter 304A, Hawaii Revised Statutes, imposing requirements on the University of Hawaii regarding spending and reporting appropriations to the Legislature, does not appear to be covered by the bill's title and does not appear to be related to the other sections of the bill that extend the time for the University of Hawaii to use its specific accounting and financial computer systems.

Finally, Section 6 of Article X of the Constitution of the State of Hawaii provides, among other things, that "[t]he board [of regents] shall also have exclusive jurisdiction over the internal structure, management, and operation of the university. This section shall not limit the power of the legislature to enact laws of statewide concern. The legislature shall have the exclusive jurisdiction to identify laws of statewide concern." Because the Legislature did not make the requisite finding that this bill is a law of statewide concern, the bill is vulnerable to a challenge that it violates Section 6 of Article X of the Constitution of the State of Hawaii, because it

impacts the internal management and operation of the University of Hawaii.

For the foregoing reasons, I am returning House Bill No. 540 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 553

Honorable Members
Twenty-Eighth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, House Bill No. 553, entitled "A Bill for an Act Relating to Collective Bargaining."

The purpose of this bill is to allow part-time and full-time graduate student assistants employed by the University of Hawaii to collectively bargain their wages, hours, and other terms and conditions of employment; provided that no collective bargaining agreement shall take effect prior to July 1, 2016. This bill also requires the University and current exclusive representatives of collective bargaining units that represent employees in the University system to meet and submit recommendations on various aspects of collective bargaining for graduate student assistants to the Legislature prior to the regular session of 2016.

This bill is objectionable because it is incomplete and could potentially cause legal and administrative problems. Through this bill, the Legislature allowed graduate student assistants the right to collectively bargain, but did not provide the necessary tools to accomplish it. Specifically, the Legislature did not (1) assign an existing collective bargaining unit or create a new bargaining unit to be included in section 89-6, Hawaii Revised Statutes; (2) identify the applicable employer group and the number of votes each employer must have for purposes of negotiating a collective bargaining agreement under section 89-6(d); and (3) provide an impasse resolution mechanism, such as binding arbitration or strike, in section 89-11, Hawaii Revised Statutes.

Further, requiring the University to engage in discussions with exclusive representatives of bargaining units that represent University employees concerning the scope of negotiations is not consistent with collective bargaining concepts. The University employs workers represented by multiple collective bargaining representatives – the University of Hawaii Professional Assembly, the Hawaii Government Employees Association, and the United Public Workers. Each of the unions has different negotiation perspectives and priorities and do not currently represent graduate student assistants. The purpose of collective bargaining is for the employer and the certified "exclusive representative" of graduate student assistants to negotiate in good faith as to wages, hours, and terms and conditions of employment. Thus, negotiations regarding the subject matter of collective bargaining must occur with the exclusive representative. However, an exclusive representative cannot be certified pursuant to sections 89-7 and 89-8, Hawaii Revised Statutes, unless the Legislature identifies the "appropriate bargaining unit" for graduate student assistants.

Finally, graduate student assistants are students first and employees second. None of these positions is a career position within the government service. There would be significant cost increases for both the University and the State of Hawaii should student assistants become employees with a right to collectively bargain. The current levels of compensation for graduate student assistants are competitive and include tuition waivers and

monetary stipends. Including graduate student assistants in collective bargaining will result in additional pension contribution costs and possible increases in health benefits, which will increase demands upon the State general fund.

For the foregoing reasons, I am returning House Bill No. 553 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 105

Honorable Members
Twenty-Eighth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 105, entitled "A Bill for an Act Relating to the Budget."

The purpose of Senate Bill No. 105 is to require that information regarding the projected annual debt service for bonds issued to finance capital improvement projects be included in the six-year program and financial plan and budget documents submitted to the Legislature by the Executive branch and the Judiciary.

While this bill has merit, accurate information in the form required by the bill is unavailable due to the limitations of the State's accounting system. For example, capital improvement projects are usually funded by the sale of bonds whose proceeds are deposited into the bond fund. Moneys from the bond fund are disbursed for capital improvement projects as needed. Consequently, it is not known ahead of time which bond issuance will be used for a specific project or program and accurate information on the debt service costs for each project or each program cannot be provided.

Further, it would be difficult to provide accurate information on the total debt service for capital improvement project appropriations in the budget, because assumptions would need to be made about the start date and disbursement schedule for the projects.

In lieu of the information requested by this bill and in addition to the currently provided bond issuance and debt service information, the Legislature could be provided with an illustration of debt service costs using an example of a \$100,000,000 bond issuance and a generic twenty-year general obligation bond debt service schedule. The debt service costs of a project or a program could then be calculated based on the project's or program's costs as a percentage of the \$100,000,000.

For the foregoing reasons, I am returning Senate Bill No. 105 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 218

Honorable Members
Twenty-Eighth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 218, entitled, "A Bill for an Act Relating to Order of Succession."

The purpose of this bill, among other things, is to provide that the individual who will succeed to the office of Lieutenant Governor when that office becomes vacant by reason of the Lieutenant Governor becoming Governor, the Lieutenant Governor's failure to qualify, or the Lieutenant Governor's removal from office, death, resignation, or otherwise, will first be the Senate President, provided that the Senate President is of the same political party as the Governor and promptly resigns his or her legislative office. If the Senate President does not meet those criteria, then the Speaker of the House of Representatives will become the Lieutenant Governor if that individual is of the same political party as the Governor and promptly resigns his or her legislative office. If neither the Senate President or the Speaker of the House of Representatives is of the same political party as the Governor or promptly resigns their legislative offices, then the Governor may appoint an individual who is a member of the same political party as the Governor and is qualified to hold the office of Lieutenant Governor pursuant to Section 2 of Article V of the Hawaii State Constitution.

This bill is objectionable because it does not provide for succession in the situation when the office of the Governor becomes permanently vacant at the same time as the office of the Lieutenant Governor and the Senate President and the Speaker of the House belong to a political party different from that of the Governor. In that situation, however unlikely to occur, there is no one to appoint a member of the same political party as the Governor to be the Lieutenant Governor to act in the Governor's stead, and there will be no one to succeed to the office of the Governor. This lack of a provision for succession under such circumstances could cause confusion and disrupt the normal functioning of state government activities.

This bill is substantially similar to House Bill No. 1288, which was vetoed by Governor Neil Abercrombie in 2014 for the same reasons. The flaw contained in the previous bill was not remedied by Senate Bill No. 218.

For the foregoing reasons, I am returning Senate Bill No. 218 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 265

Honorable Members
Twenty-Eighth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 265, entitled "A Bill for an Act Relating to Sex Trafficking."

The purpose of this bill is to strengthen our laws against sex trafficking. This bill replaces the offense of promoting prostitution in the first degree with the new offense of sex trafficking, also a class A felony; amends the offense of promoting prostitution in the second degree to promoting prostitution, and limits it to the prostitution of persons eighteen and over; reduces the grade of the offense of prostitution to a violation if the offender is a juvenile; includes the offense of sex trafficking in the list of violent crimes for which victims may be eligible for criminal injury compensation; adds sex trafficking to the Prostitution Coercion Liability Act; adds sex trafficking to the list of covered offenses under the forfeiture law; amends the tier level for sex trafficking under the sex offender registration law; includes the offense of sex trafficking in the Department of the Attorney General's statewide witness program; adds the offense of sex trafficking to the list of crimes for which an order to intercept wire, oral, or electronic communications is permitted; and precludes deferred plea dispositions for sex trafficking offenses.

The Attorney General, the Prosecuting Attorneys of the City and County of Honolulu and of the Counties of Maui and of Hawaii, the Office of the Public Defender, and the Honolulu Police Department all objected to provisions of this bill and recommended that it be vetoed. In addition to legal objections, the Attorney General and the three Prosecuting Attorneys noted that the Penal Code Review Committee, which will include the Attorney General, all the county Prosecuting Attorneys, a representative from the Office of the Public Defender, and representatives from the criminal defense bar, will meet this year to review our criminal laws and make recommendations to the Legislature in response to the recently adopted House Concurrent Resolution No. 155, Senate Draft 1 (Requesting the Judicial Council to Appoint a Committee to Review and Recommend Revisions to the Hawaii Penal Code). This Committee will have an opportunity to review sex trafficking laws and propose amendments with a broader base of support.

This bill is objectionable because the provisions that amend the offenses of promoting prostitution in the first and second degrees may actually impair law enforcement's ability to address the problems of prostitution and sex trafficking. The bill will preclude the prosecution of certain crimes, including sex trafficking of some juveniles, and profiting from the acts of another who forced a victim to engage in prostitution.

This bill is also objectionable because the new sex trafficking offense is confusing, can be difficult or impossible to apply, and requires the prosecution to prove additional elements of the crime. The conduct that this bill seeks to prohibit is already prohibited as a result of Act 147, Session Laws of Hawaii 2008, which was proposed by the Hawaii Anti-Trafficking Task Force after two years of analysis and discussion, and Act 145, Session Laws of Hawaii 2011. The current offense of promoting prostitution in the first degree would appear to cover the conduct prohibited by this offense, and does so with clearer provisions that state prosecutors would find easier to use and prove.

SEX TRAFFICKING

In section 13, beginning on page 8, line 8, the bill proposes to amend section 712-1202, Hawaii Revised Statutes, the current offense of promoting prostitution in the first degree, to create the new offense of sex trafficking. Section 712-1202 currently provides:

- (1) A person commits the offense of promoting prostitution in the first degree if the person knowingly:
 - (a) Advances prostitution by compelling or inducing a person by force, threat, fraud, or intimidation to engage in prostitution, *or profits from such conduct by another*; or
 - (b) Advances or profits from prostitution of a person less than eighteen years old.
- (2) Promoting prostitution in the first degree is a class A felony.
- (3) As used in this section:

"Fraud" means making material false statements, misstatements, or omissions.

"Threat" means any of the actions listed in section 707-764(1).

Section 707-764(1), upon which "threat" is based, includes the many forms of extortionate conduct.

This bill renames the offense of "promoting prostitution in the first degree" as "sex trafficking." It then amends subsection (1)(a) of the offense in pertinent part as follows:

- (1) A person commits the offense of ~~promoting prostitution in the first degree~~ sex trafficking if the person knowingly:
 - (a) Advances prostitution by compelling or inducing a person by force, threat, fraud, or intimidation to engage in prostitution, *or profits from ~~such conduct by~~ prostitution of another~~[-or]~~ by any of the following means*

While the current law prohibits a person from *profiting from the acts of another* who forced a victim to engage in prostitution ("such conduct of another"), this bill prohibits a person from *profiting from prostitution of another* by any of the specified means. It is a completely different criminal prohibition. The current provision, which is being repealed by the bill, addresses a person profiting from the acts of a trafficker, whereas the new bill provision, replacing the repealed provision, addresses only the trafficker himself, who is already covered by the law. The bill amendments raise two main concerns.

First, by removing the existing wording, the prosecution will no longer be able to prosecute someone (person A) for knowingly profiting from the acts of another person (person B) who compelled or induced a victim (person C) by force, threat, fraud, or intimidation to engage in prostitution. The existing wording provides an important tool for prosecutors when there is insufficient evidence to prove the person was an accomplice to the forced prostitution conduct, but there is adequate evidence to prove the person was *knowingly profiting* from the forced prostitution by another. This bill eliminates this tool, and thereby will prevent prosecutions in those types of cases.

Second, the new provision, which reads "the person knowingly profits from prostitution of another by any of the following means," requires not only that the person compel or induce another to engage in prostitution by various means, but also requires that the person profit from that conduct. So this provision is very similar in concept to the first part of the offense which requires that "the person knowingly advances prostitution by compelling or inducing a person by force, threat, fraud, or intimidation to engage in prostitution." But, this provision requires an additional element of proof—that the person profit from that conduct. It would be much easier to just prosecute the offender under the first part of the offense.

PROMOTING PROSTITUTION

In section 14, beginning on page 11, line 12, the bill amends section 712-1203, Hawaii Revised Statutes, to rename the offense of "promoting prostitution in the second degree" by deleting "in the second degree" and to **limit** it to the prostitution of persons eighteen years of age or older. This creates a critical loophole in the law because the new sex trafficking offense under section 712-1202, Hawaii Revised Statutes, includes a provision that prohibits a person from knowingly advancing or profiting from prostitution of a person less than eighteen years old. The new offense of "promoting prostitution" would prohibit a person from knowingly advancing or profiting from prostitution of a person eighteen years of age or older. If a perpetrator knowingly advanced prostitution, but did not know that the person was less than eighteen (or the prosecution could not prove that the perpetrator knew that), the person could not be charged with sex trafficking. But since the person was not eighteen or older, the perpetrator also could not be charged with promoting prostitution, as amended by the bill. This loophole in the law would preclude the prosecution of this offender, even though the offender was trafficking a juvenile.

For the foregoing reasons, I am returning Senate Bill No. 265 without my approval.

Respectfully,

/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 349

Honorable Members
Twenty-Eighth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 349, entitled "A Bill for an Act Relating to Taxation."

The purposes of this bill are to establish a five-year renewable fuels production tax credit and to repeal the ethanol facility tax credit. This bill allows qualifying taxpayers to claim a refundable income tax credit equal to 20 cents per seventy-six thousand British thermal units of qualifying renewable fuel produced and sold in the State. The credit in this bill is capped at \$3,000,000 per taxpayer per year and the total credits for all taxpayers is capped at \$3,000,000 per year. This bill also: (1) requires the Department of Business and Economic Development and Tourism to certify all tax credits and submit a report regarding the production and sale of qualifying renewable fuels to the governor and legislature each year; (2) applies to taxable years beginning after December 31, 2015; and (3) repeals the tax credit on July 1, 2020.

This bill is objectionable because the provisions in this bill on page 2, lines 8-11, and page 4, lines 1-6, that restrict the income tax credit for renewable fuels to only renewable fuels produced and sold in the State may be subject to challenge as violating the Commerce Clause of the United States Constitution. The United States Supreme Court has stated that a cardinal rule of Commerce Clause jurisprudence is that "[n]o State, consistent with the Commerce Clause, may 'impose a tax which discriminates against interstate commerce . . . by providing a direct commercial advantage to local business.'" Bacchus Imports, Ltd. v. Dias, 468 U.S. 263, 268 (1984), *citing* Boston Stock Exchange v. State Tax Comm'n, 429 U.S. 318, 329 (1977). In Bacchus the United States Supreme Court struck down a Hawaii law that provided an exemption from the liquor tax for liquor produced in the State. While the credit in this bill provides an income tax credit as opposed to an exemption from the liquor tax, I believe that a similar result would occur if this income tax credit is challenged.

In addition, although the "credit period" defined on page 2, lines 1-5, sets the maximum period to claim the credit at five consecutive years, section 6 of the bill on page 19, lines 19-21, provides for the repeal of the credit only four and one-half years after the income tax credit becomes available.

For the foregoing reasons, I am returning Senate Bill No. 349 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 569, entitled "A Bill for an Act Relating to Theft."

The purpose of this bill is to increase the monetary threshold from \$300 to \$750 with respect to property or services for the offense of theft in the second degree.

This bill is objectionable because it would diminish the seriousness of many theft crimes and reduce the deterrent impact of theft offenses. The Department of the Prosecuting Attorney of the City and County of Honolulu, the Chamber of Commerce of Hawaii, and the Hawaii Food Industry Association oppose this bill, noting that increasing the threshold will cause an increase in theft. Loss prevention experts report that professional shoplifters calculate the value of the merchandise they are stealing to keep it under the threshold amount to avoid serious penalties and prosecution as a felony. In these cases, the retailer is never compensated and has no hope of recovery. This will harm families and businesses, and incentivize theft.

For the foregoing reasons, I am returning Senate Bill No. 569 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1324

Honorable Members
Twenty-Eighth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 1324, entitled "A Bill for an Act Relating to Divorce."

The purpose of this bill is to authorize the Employees' Retirement System of the State of Hawaii to make direct payment of benefits to the former spouse of a retiree when the former spouse is awarded a portion of the retiree's retirement benefits as part of a property division adjudicated, ordered, or decreed by a family court in a divorce proceeding.

This bill is objectionable because there is no appropriation for the costs of implementing the bill, which are expected to be at least \$1,000,000. The Employees' Retirement System is unable to utilize the administrative fee authorized by the bill for implementation costs, because doing so will jeopardize the status of the Employees' Retirement System as a tax-qualified plan under the Internal Revenue Code of 1986, as amended. Such costs will have to be paid from the Employees' Retirement System's current operating budget. This will have an adverse fiscal impact on the Employees' Retirement System and its members and retirees.

For the foregoing reasons, I am returning Senate Bill No. 1324 without my approval.

Respectfully,
/s/ David Y. Ige

"Dear President Kouchi, Speaker Souki, and Members of the Legislature:

Re: HB541 HD1 SD2 CD1

HB541 HD1 SD2 CD1, entitled "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII TUITION AND FEES SPECIAL FUND" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to require each UH campus to prepare operations plans to be reviewed by the President, VP for Budget and Finance, and the CFO for each fiscal year and to lapse moneys from the UH Tuition and Fees Special Fund each year to the credit of Program ID UOH900.

The lapsing of money from the UH Tuition and Fee Special Fund may into UOH900 each year may cause difficulty for various campuses as they prepare their operations plan each year and could result in unintended consequences for the University of Hawai'i system. Additionally, I am concerned that this bill may represent an encroachment on the principle of the University of Hawai'i's autonomy.

For the foregoing reasons, HB541 HD1 SD2 CD1 will become law as ACT 236 (15), Session Laws of Hawaii 2015, effective July 14, 2015, without my signature.

Sincerely,
/s/ David Y. Ige

Gov. Msg. No. 1346, dated July 14, 2015, informing the House that on July 14, 2015, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Souki, and Members of the Legislature:

Re: SB1092 SD1 HD1

SB1092 SD1 HD1, entitled "A BILL FOR AN ACT RELATING TO THE REPEAL OF NON-GENERAL FUNDS" will become law without my signature, pursuant to Article III, Section 16 of the State Constitution.

This measure repeals or reclassifies various non-general funds and lapses the unencumbered remaining balances to the credit of the general fund. While I support the intent of the measure to streamline unused or inactive non-general funds, the reclassification of non-general funds violates the single subject requirement of Article III, Section 14 of the State Constitution.

Article III, Section 14 of the State Constitution states, in relevant part, that "Each law shall embrace but one subject, which shall be expressed in its title." Thus, a bill that addresses subjects outside of its title violates the provision.

The title of this bill is "Relating to the Repeal of Non-General Funds," which meets the single subject requirement, but several sections in the body of the legislation seek to reclassify, not repeal the non-general funds, which becomes a violation of single subject requirement.

For the reasons stated above, SB1092 SD1 HD1 will become law as ACT 237 (15), Session laws of Hawaii 2015, effective July 14, 2015, without my signature.

Sincerely,
/s/ David Y. Ige

Gov. Msg. No. 1347, dated July 14, 2015, informing the House that on July 14, 2015, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Souki, and Members of the Legislature:

Re: SB 1297 SD1 HD1 CD1

SB 1297 SD1 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO DISPOSITION OF TAX REVENUES" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This measure modifies annual deposits from the cigarette tax into the Trauma System Special Fund, Community Health Centers Special Fund, Emergency Medical Services Special Fund, and the Hawai'i Cancer Research Special Fund. However, by placing annual caps on deposits into these special funds – despite the fact that program costs will continue to increase – the practical effect of this bill is to constrain the flexibility of core public health services supporting statewide infrastructure for emergency medical services, injury prevention, and trauma.

For the Trauma System Special Fund, this reduction amounts to an approximately 17% cut in the program's budget, which will impact statewide trauma system development and personnel costs.

For the foregoing reasons, SB 1297 SD1 HD1 CD1 will become law as ACT 238 (15), Session laws of Hawai'i 2015, effective July 14, 2015, without my signature.

Gov. Msg. No. 1348, dated July 14, 2015, informing the House that on July 14, 2015, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Souki, and Members of the Legislature:

Re: SB118 SD1 HD2 CD1

SB118 SD1 HD2 CD1, entitled "RELATING TO REAL ESTATE INVESTMENT TRUSTS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The reporting date of at least 20 days before the 2016 legislative session will not allow enough time to collect enough data from taxes. Also, there are many categories of required data that currently do not exist. The department will need to create surveys to obtain this date and risk biased results. Finally; it is possible that not all Hawai'i taxpayers who invest in real estate investment trusts can be identified.

While I recognize the value of studying the impact of real estate investment trusts in Hawai'i, I am not certain the study will yield the intended results due to limited time and resources.

For the foregoing reasons, SB118 SD1 HD2 CD1 will become law as ACT 239 (15), Session Laws of Hawaii 2015, effective July 14, 2015, without my signature.
