"EXECUTIVE CHAMBERS
HONOLULU
July 11, 2016

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1739

Honorable Members
Twenty-Eighth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1739, entitled "A Bill for an Act Relating to Employment."

The purpose of this bill is to prohibit employers from requiring, requesting, or coercing employees or potential employees to provide access to their personal social media accounts, subject to certain exemptions.

While the intent of this bill is laudable, it is nonetheless objectionable because it contains no provisions for enforcement authority or due process. The bill simply states, in section 1 subsection (f), that "an employer found in violation of this part shall be subject to a fine of not less than \$25 and not more than \$100, to be collected by the director of labor and industrial relations; and the fine shall not be suspended."

Though the Department of Labor and Industrial Relations is the department best suited to administer this measure, the Department, its divisions or attached agencies do not currently have the staff, resources, or expertise to administer this measure including, but not limited to: intake of complaints, determination of violations, education of rights, determination and collection of fines, and administrative review. The Department has no data as to the number of cases occurring currently or in the past and is struggling with case backlogs in other areas without taking on the enactment and enforcement of this measure.

Additionally, the Legislature has provided for no funding, either in this bill, nor the budget, to determine standards and methods of administration

of the bill, for staff positions or administrative costs that would be required to implement the provisions of this measure.

For the foregoing reasons, I am returning House Bill No. 1739 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1747

Honorable Members
Twenty-Eighth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1747, entitled "A Bill for an Act Relating to Motor Vehicles."

The purpose of this bill is to increase traffic safety by authorizing police officers to have motor vehicles towed and impounded if the vehicle's operator is arrested or cited for operating the vehicle under the influence of an intoxicant. The towing and impoundment of the vehicle is a deterrent to this type of behavior.

I am concerned that this bill does not reflect the original intent, which was to authorize the police to tow vehicles for various traffic offenses such as no driver's license, habitually Operating a Vehicle Under the Influence of an Intoxicant (OVUII), and operating a vehicle while license was revoked for OVUII. The final bill only authorizes the police to tow vehicles for the offense of OVUII, which severely limits the effects of this bill, particularly on habitual repeat offenders.

Furthermore, the police would have to articulate their reason to believe that the suspect will likely return to the vehicle and drive again. This would in turn undermine and adversely impact Hawai'i County Ordinance No. 11-102, also known as "Aliyah's Law," which permits the towing of vehicles of operators driving under the influence of alcohol or drugs, without a valid driver's license or with fraudulent license plates or registration emblems.

For the foregoing reasons, I am returning House Bill No. 1747 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1850

Honorable Members
Twenty-Eighth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1850, entitled "A Bill for an Act Relating to Taxation."

The bill authorizes transient accommodations brokers to register as tax collection agents to collect and remit general excise and transient accommodations taxes on behalf of operators and plan managers using the brokers' services. This measure further includes a sunset provision on this authority of December 31, 2021, subject to future legislative review.

When viewed from the single lens of enforcement of taxes owed to the state by operators of vacation rentals, this measure does provide a mechanism to achieve that goal. However, the use of an intermediary system, such as the tax accommodations brokers as tax collection agents, also provides a shield for owners who do not presently comply with, nor would they be required to in the future, county ordinances that either limit the numbers of vacation rentals or place other restrictions upon their use within the various counties.

Further, I do believe that this arrangement will encourage owner-occupants to choose transient accommodation renters at a time when affordable rental housing within our State is severely stressed and homelessness remains a critical statewide concern. The Department of Human Services homeless coordinator and staff have been actively engaged in statewide recruitment of rental property owners to offer housing to low-income working families and individuals who lack affordable housing options. This type of outreach program has proven successful in other jurisdictions seeking to increase their rental housing inventory.

For the foregoing reasons, I am returning House Bill No. 1850 without my approval.

Respectfully,

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 2016, entitled "A Bill for an Act Relating to Public Employees."

The bill requires public retiree contributions to the Employer-Union Health Benefits Trust Fund (EUTF) to be paid through withholding of retirement benefit amounts from the Employees' Retirement System (ERS). Beginning after January 1, 2017, the EUTF would be required to authorize automatic electronic payments to EUTF in lieu of withholdings.

This bill is objectionable because implementation of the provisions set forth in this bill would require information system modifications and process development procedures that will take longer than the January 1, 2017 deadline. Furthermore, the ERS Board of Directors has expressed concerns about the lack of authorization to expend funds from the ERS Trust Fund to make these necessary information system modifications required to implement this bill.

Notwithstanding the provisions set forth in Section 1, page 2, lines 9-13, the ERS administration has also expressed concerns that this measure will subject them to provisions of the federal Health Insurance Portability and Accountability Act (HIPAA).

Despite these concerns, I am in agreement with the concept proposed in this measure and will request appropriate departments to work with the ERS administration and Board of Directors to develop an administration measure for consideration by the legislature during the 2017 regular session.

For the foregoing reasons, I am returning House Bill No. 2016 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 2277, entitled "A Bill for an Act Relating to the King Kamehameha Celebration Commission."

The purpose of this bill is to amend the membership, mission, and purpose of the King Kamehameha Celebration Commission (Commission). This bill also authorizes the chairperson to appoint an executive director and an advisory committee.

This bill is objectionable because the specific number of Commission members was deleted from the bill, which creates a problem in determining quorum. This problem can be resolved by either restoring the maximum membership number or by providing a specific number of members for quorum in section 8-5, Hawaii Revised Statutes.

For the foregoing reasons, I am returning House Bill No. 2277 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 3102

Honorable Members
Twenty-Eighth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 3102, entitled "A Bill for an Act Relating to the Department of Business, Economic Development, and Tourism."

The purpose of this bill is to mandate State agencies to implement inter-agency agreements without entering a memorandum of agreement (MOA) or memorandum of understanding (MOU), diversify the economy by establishing the High-Growth Grant Program (HGGP), and appropriate \$1 million dollars to the HGGP special fund to provide business grants.

I am concerned that this bill does not provide a clear rationale for requiring implementation of inter-agency agreements without MOAs or MOUs. Further, the Department of Business, Economic Development, and Tourism (DBEDT) does not have the expertise, and lacks adequate resources, to develop inter-agency agreements for all program statewide because each program has an objective that differs from DBEDT's.

Additionally, the purposes for the HGGP are very broad, the term "high-growth" is vague, and the HGGP special fund will likely not be self-sustaining without more clarity about the purposes of the grant program. Thus, it would be very difficult for DBEDT to adopt administrative rules and implement the program since the three purposes do not seem to align with "high-growth".

Finally, the ambiguity of the HGGP could be viewed as providing authority to DBEDT to circumvent the legislature's constitutional authority to review and approve annual appropriations and grants-in-aid via the legislative process.

For the foregoing reasons, I am returning Senate Bill No. 3102 without my approval.

"EXECUTIVE CHAMBERS
HONOLULU
July 11, 2016

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2077

Honorable Members
Twenty-Eighth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2077, entitled "A Bill for an Act Relating to Separation Benefits."¹

On July 8, 2016, the Employees' Retirement System (ERS) informed me that its tax counsel advised that the bill jeopardizes ERS's tax-qualified status because it allows the affected employees to choose between a lump-sum cash payment that is taxable as wages and a special employer subsidized early retirement benefit. See Attachment A (Memo from ERS Executive Director Thomas Williams to Director of Budget and Finance Wesley Machida). Under the Internal Revenue Code sections governing the state ERS plan, this is an impermissible election and threatens the plan's tax-exempt status. I will neither approve this bill nor let it become law when the offering of benefit choices included in the bill poses this threat.

The bill also allows employees separated from service to claim a lump-sum cash severance payment but does not appropriate funds to make the payments. The bill appears to assume that the severance payments will be made out of the Maui Region's payroll appropriation for fiscal year 2016-2017. However, under Section 16.2 of Act 124, Session Laws of Hawaii 2016, if the three HHSC Maui Region facilities are closed and leased to the Maui Health System, a Kaiser Foundation Hospitals LLC (Kaiser), all of the appropriations for the Maui Region in Act 124, except those necessary to wind down the operations of the Maui Region hospitals, are to

¹ The stated purpose of this bill is to assist public employees displaced through the privatization or closure of a Hawaii Health Systems Corporation (HHSC) facility. The bill adds a chapter to the Hawaii Revised Statutes that establishes a new benefit program specifically for state employees included in a collective bargaining unit under Chapter 89, Hawaii Revised Statutes, whose positions are abolished or who are adversely affected by a reduction-in-force or a workforce restructuring plan because of the closure of three HHSC Maui Region facilities that are slated to be closed under Act 103, Session Laws of Hawaii 2015. Employees may choose between continuing state employment by exercising reduction-in-force rights, or leaving state service and receiving a severance payment equal to five per cent of the employee's then current annual base salary for every year worked up to ten years, when the facilities are closed. Some employees may also choose between receiving the severance payment or retiring without penalties, under age and length of service thresholds significantly lower than the thresholds prescribed in Chapter 88, Hawaii Revised Statutes, the Employees' Retirement System law. The bill also allows the employees to receive contributions from the State toward their health benefit plan premiums as retirees, with fewer years of service than presently specified in Chapter 87A, Hawaii Revised Statutes, the Employer-Union Health Benefits Trust Fund (EUTF) law.

be disbursed to Kaiser. There is no fiscal year 2016-2017 payroll appropriation for the Maui Region.

In addition to the legal defects above, the bill's calculated fiscal impact is substantial. If all of the employees entitled to claim the lump-sum cash severance payment did so, the cost could be as much as \$32 million. The early retirement benefit has been determined by the ERS Actuary (using the 2015 valuation data) to cost an additional \$17.2 million.² The State would also have to pay \$18.4 million in estimated enhanced health benefits to the EUTF for retirees. The total cost of all benefits provided under this bill is thus estimated to exceed \$60 million, excluding the fringe benefit assessment on the severance benefit.

Despite these grave reservations concerning the bill, I acknowledge the Legislature's and my own responsibility to temper the adverse effect of layoffs resulting from the passage of Act 103, Session Laws of Hawaii 2015 (Act 103). In taking steps to provide more cost-effective and better overall healthcare at the Maui Region facilities in the future, we should recognize the employees who served these facilities over the past decades and who will now be separating from public service. The attached proposed amended bill addresses the concerns stated herein. See Attachment B. It eliminates the offering of benefit choices. It instead provides for a negotiated separation benefit to all affected employees upon leaving state employment. It creates a one-time opportunity for employees who separate early to purchase the service credit they could have earned through June 30, 2017, and provides an appropriation of general funds in the amount of \$25 million.

To minimize future demands for separation benefits, the benefits this bill confers on HHSC employees are not codified and included as a statutory chapter of the Hawaii Revised Statutes, but provided instead, by means of a session law that will be repealed after Act 103 has been fully implemented. This emphasizes that these benefits have been fashioned for the unique circumstances presented in Act 103. While I agree that most lay-offs have adverse effects, I am not convinced that every lay-off under the civil service laws and collective bargaining contracts requires, or warrants the provision of severance, or retirement and health plan benefits for the employees who are laid off. Because lay-offs constitute a condition of work, and benefits to temper their adverse effects are provided in the form of compensation or benefits, relying on collective bargaining and cost-items, rather than a statutory formula to devise benefits to counter a lay-off's adverse effects could be more appropriate and cost-effective. It would allow room for the executive and the legislative branches in the future to consider the programmatic, socio-economic, geographic and fiscal context of each layoff and propose alternatives for tempering its particular expected effects at the proper time.

In closing, regarding the transition up to now, I understand only 191 out of 1,233 employees exercised reduction-in-force (RIF) rights during the HHSC-initiated RIF process in February of this year. I also understand that by the middle of May of this year, Kaiser had offered jobs to 1,538 HHSC Maui Region civil service and exempt employees, irrespective of whether they were included in a collective bargaining unit or worked for the State for less than a year, and more than 95 percent of the employees had accepted Kaiser's offer of employment. I also understand that Kaiser will pay most employees, salaries or wages equal to what the employees are presently paid by HHSC. This suggests to me that a substantial number if not majority of HHSC's Maui Region employees might not have to face the economic hardships to the degree that prompted the Legislature to consider and pass the current bill.

For the foregoing reasons, I am returning Senate Bill No. 2077 without my approval.

Respectfully,
/s/ David Y. Ige

² The State's employer contribution cost for the retirement benefits for these employees for this fiscal year for the projected 26 year funding period would total \$179 million over a 26-year period. I believe the \$17.2 million needed to provide the special retirement benefit the bill undercuts the concerted effort the Legislature made in 2011 when it enacted Section 88-99, Hawaii Revised Statutes, which placed a moratorium on enhanced benefits to reduce the ERS' unfunded liability.

The Board of the Employees' Retirement System (ERS) has strongly recommended that Governor Ige veto SB 2077.

Primary amongst the Board's concern was the negative impact of this bill's provisions on the \$8.77 billion unfunded liability of the System.

The expected cost of the bill's special retirement benefit is \$17.2 million and the severance benefit is approximately \$30.5 million for a total of \$47.7 million. Significantly, there is no provision for the funding of either component.

Further, the bill ignores Section 88-99 HRS which precludes provision of any enhancement of retirement benefits until the actuarial value of the System's assets is 100%. As noted above, we are far from that goal.

More importantly, with public policy decisions aside, the bill will jeopardize ERS' tax qualified status.

At my request, outside counsel has examined the implications of the bill and has determined that the offer to affected employees of a "cash or deferred arrangement", which the severance benefit and special retirement benefit represents, constitutes an impermissible election under the Internal Revenue Code sections governing our plan. Counsel consequently concluded that the offering of the benefit choices included in the bill poses a threat to our tax-exempt status.

Counsel's letter is attached for your reference. Please let me know if you have questions or concerns.

Re: Federal Tax-Qualification Issue with SB2077

Dear Thom:

We have reviewed SB2077, as passed by the Legislature this year. We conclude that SB2077 provides an impermissible "cash or deferred election," which would jeopardize the tax-qualified status of the Employees' Retirement System of the State of Hawaii (the "ERS"). Our analysis is as follows:

SB2077

SB2077 offers certain public employees whose employment is subject to Act 103, Session Laws of Hawaii 2015, an election to choose between a voluntary severance benefit and a special subsidized retirement benefit. The voluntary severance benefit would be currently taxable as wages. See 2016 General Instructions for Forms W-2 and W-3, p.4 ("Severance payments are wages subject to social security and Medicare taxes. . . . [S]everance payments are also subject to income tax withholding and FUTA tax.")

Federal Tax-Qualification Rules Applicable to the ERS

The ERS is a governmental defined benefit pension plan that must meet the requirements of section 401(a) of the Internal Revenue Code (the "Code") to maintain its status as a tax-qualified plan. The ERS would not meet the requirements of section 401(a) of the Code if it offered a "cash or deferred arrangement" because it is both a defined benefit pension plan and a governmental plan. Code § 401(k)(1) (specifying the type of plans that may offer "cash or deferred arrangements"); Treas. Reg. § 1.401(k)-1(a)(1) ("A plan, other than a profit-sharing, stock bonus, pre-ERISA money purchase pension, or rural cooperative plan, does not satisfy the requirements of section 401(a) if the plan includes a cash or deferred arrangement."); see also

Employees' Retirement System of the State of Hawaii

Page 2

Code § 401(k)(4)(B)(ii) (stating that a governmental plan may not offer a qualified cash or deferred arrangement).

A "cash or deferred arrangement" is "an arrangement under which an eligible employee may make a cash or deferred election with respect to contributions to, or accruals or other benefits under, a plan that is intended to satisfy the requirements of section 401(a) [of the Code]." Treas. Reg. § 1.401(k)-1(a)(2)(i) (emphasis added).

A "cash or deferred election" is:

any direct or indirect election (or modification of an earlier election) by an employee to have the employer either—

(A) Provide an amount to the employee in the form of cash (or some other taxable benefit) that is not currently available; or

(B) Contribute an amount to a trust, or provide an accrual or other benefit, under a plan deferring the receipt of compensation.

Treas. Reg. § 1.401(k)-1(a)(3)(i) (emphasis added).

Since SB2077, as passed by the Legislature, offers an election between a severance benefit taxable as wages and a special subsidized retirement benefit, it offers an impermissible cash or deferred election. This would jeopardize the ERS's tax-qualified status.

Sincerely,

GOVERNOR'S MESSAGES

The following messages from the Governor (Gov. Msg. Nos. 1339 through 1372) were received and announced by the Clerk and were placed on file:

Gov. Msg. No. 1339, informing the House that on July 11, 2016, the following bill was signed into law:

H.B. No. 2707, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL MARIJUANA." (ACT 230)

Gov. Msg. No. 1340, dated July 11, 2016, informing the House that on July 11, 2016, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Souki, and Members of the Legislature:

Re: HB2561 HD1 SD1 CD1

HB2561 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO THE ADMINISTRATION OF JUSTICE" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to enact the recommendations of the Penal Code Review Committee convened pursuant to HCR155 SD1, Regular Session 2015.

This bill raises some concern because of the amendments proposed in part V of the bill, sections 37 to 39, which increase the threshold dollar amounts for the offenses of Theft in the Second Degree, Theft in the Third Degree, and Theft in the Fourth Degree and part VIII of the bill, sections 52 to 56, eliminate mandatory sentencing provisions for the methamphetamine trafficking offenses. While the majority of the Penal Code Review Committee did support these proposals, there was nonetheless strong opposition to these from some of the members of the Committee.

Additionally concerning is section 70 of the bill, which attempts to mandate the retroactive application of the new methamphetamine distribution and possession offenses and sentences to offenders who committed the offenses before the effective date of the Act. These retroactive provision were not proposed by the Penal Code Review Committee, but rather were inserted into the bill after one of the legislative committee hearings.

For the foregoing reasons, HB2561 HD1 SD1 CD1 will become law as ACT 231 (16), Session Laws of Hawaii 2016, effective July 11, 2016, without my signature.

Sincerely,
/s/ David Y. Ige
DAVID Y. IGE
Governor, State of Hawaii"

Gov. Msg. No. 1341, dated July 11, 2016, informing the House that on July 11, 2016, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Souki, and Members of the Legislature:

Re: HB2604 HD1 SD1 CD1

HB2604 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO THE ACQUISITION OF REAL PROPERTY" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to resolve the disputed ownership of certain roads in the Kakaako Community Development District. This bill will amend Section 171-30, Hawaii Revised Statutes (HRS) to clarify that dedication of land by a private owner is sufficient to convey title to the state. Queen Street was dedicated to the territory in 1905 and the territorial legislature accepted the dedication but there is no deed or other document that contains an accurate description of exactly what was dedicated.

There is concern that these changes will bring inconsistencies with other provisions of Chapter 171, HRS, which excludes lands being used as roads and streets from the definition of public lands under the jurisdiction of the Board of Land and Natural Resources (Board). The Board has no road maintenance crews or equipment as there are no roads currently under the Board's jurisdiction. Ultimately, the Board might have to close these roads to the public and determine whether a disposition of the land would be suitable, such as for an easement or lease to private entities who could operate them and be responsible for the maintenance.

Finally, it could be argued that this bill becoming law would imply that Queen Street is not already a government road and compensation would be owed. As it stands now, the Attorney General believes it is clear that Queen Street is a city street pursuant to section 264-1, HRS.

For the foregoing reasons, HB2604 HD1 SD1 CD1 will become law as ACT 232 (16), Session Laws of Hawaii 2016, effective July 11, 2016, without my signature.

Gov. Msg. No. 1342, dated July 11, 2016, informing the House that on July 11, 2016, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Souki, and Members of the Legislature:

Re: SB2542 SD2 HD1 CD1

SB2542 SD2 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO REPAIR AND MAINTENANCE" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to require the Judiciary and all state executive agencies that manage a state-owned building, facility, or other improvement to submit to the legislature an annual report on the funds and positions deemed necessary by the agency to perform routine repair and maintenance.

The Department of Education (DOE) maintains 256 schools with multiple buildings at each school. The University of Hawai'i System (UOH) manages multiple buildings on ten campuses throughout the State including Mānoa, Hilo, West O'ahu, John A. Burns School of Medicine, and community colleges. The Department of Accounting and General Services manages 152 buildings statewide and located on each island. Although I agree that this bill is intended to support all branches of government in documenting the financial resources needed to maintain state facilities, there was no appropriation provided to begin to capture and maintain this data. Thus, the executive and judicial branches, along with

DOE and UOH will need to re-allocate funds from existing programs in order to fund the creation of the data collection system and maintain it on an annual basis.

For the foregoing reasons, SB2542 SD2 HD1 CD1 will become law as ACT 233 (16), Session Laws of Hawaii 2016, effective July 11, 2016, without my signature.

"Dear President Kouchi, Speaker Souki, and Members of the Legislature:

Re: SB2559 SD1 HD1 CD1

SB2559 SD1 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO HOMELESSNESS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

Though the bill seeks to make shelters more appealing and responsive to the needs of homeless families and individuals, it may prove difficult to implement.

The Department of Human Services does not currently have the expertise or capacity to determine minimum health and safety standards laid out in the bill.

Given these limitations, it is difficult for the Department to determine how much it will cost for providers to become compliant. These yet-to-be-determined costs to become and stay compliant put stress and uncertainty on the providers. Additionally, there is no guarantee that the minimum provisions will actually result in a lower vacancy rate among homeless shelters.

Finally, the cost of the financial audits required of the providers will likely come out of homeless programs contract funds, thereby reducing the funds available for direct assistance to the population the providers serve.

For the foregoing reasons, SB2559 SD1 HD1 CD1 will become law as ACT 234 (16), Session Laws of Hawaii 2016, effective July 11, 2016, without my signature.

ORDER OF THE DAY

UNFINISHED BUSINESS

Gov. Msg. No. 1338 and S.B. No. 2077, SD 1, HD 2, CD 2:

Representative Saiki moved to override the veto of S.B. No. 2077, SD 1, HD 2, CD 2, as contained in Gov. Msg. No. 1338, seconded by Representative Evans.

Representative Saiki rose in support of the override and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Saiki's written remarks are as follows:

"Mr. Speaker, I support the motion to override because the Legislature has given the Governor ample opportunity to specify his concerns with SB 2077. Unfortunately, the concerns were not timely raised. At this point, the Legislature has the option to override or do nothing. The latter is not feasible because it will further delay the transfer of the Maui facilities to a new private entity, further jeopardizing the conversion that was authorized (in Act 103 SLH 2015) and upheld by the Hawaii Supreme Court.

"In the future, I hope that the Governor's Administration will more clearly and directly communicate its concerns relating to proposed legislation. By doing so, all affected parties will have an opportunity to resolve or mitigate them. Act 103 represents the largest and most complex privatization project in the State's modern history, and the mechanics and equities of transferring workers is an issue that should have been contemplated and steadied at an earlier time.

"Thank you."

At 2:13 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:14 o'clock p.m.

Representative Jordan rose in support of the override with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Jordan's written remarks are as follows:

"I stand with reservations on the veto override of SB 2077, SD 1, HD 2, CD 2.

"First and foremost, we should all recognize the employees who have served these facilities over the past decades and who will now be separating from public service.

"There currently is no funding within this measure or through the state budget for fiscal year 2016-2017 payroll appropriation for the Maui Region hospitals to cover potential payments. Based on the provisions of this measure, the cost could be significant as all affected employees would qualify (in the case of the Hawaii Health Systems Corporation's Maui Region Health Systems transitioning to Maui Health Systems) for the severance benefit or special retirement benefit. The provisions of the bill appear to be an overly broad approach to address a situation where only a limited number of the estimated 1,400-plus affected employees may qualify for. So funding is critical to execute this measure.

"A second concern is that previous RIFs were implemented without offering employees severance packages or retirement benefit enhancements, how is this fair to those who have already made a choice prior. The provisions of this bill could establish a bad precedent for separation benefits for any future RIF within the State system. The cost of paying for severance benefits or special retirement benefits nullifies the intent of a RIF process. While a voluntary severance package would only be a one-time cost to the system, retirement benefit enhancements have a

long-term cost to the State and result in a higher unfunded actuarial accrued liability (UAAL) for the Employees' Retirement System (ERS).

"Finally the potential offering of benefit choices included in this measure could pose a threat to the ERS's tax-exempt qualified status under the Internal Revenue Code."

Representative Say rose in opposition to the override and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Say's written remarks are as follows:

"Mr. Speaker, I rise in opposition to the veto override of SB 2077, SD 1, HD 2, CD 2.

"Let me begin by saying, throughout the past two years I have always supported the working men and women of the Maui Regional Hospital's transition from the State to the private hospital operations of Kaiser. I am committed to what is best for the employees and the health and well-being of Maui's residents and visitors. I am committed to a successful transfer and transition to a new Maui healthcare system for all stakeholders.

"There are three major concerns and issues which bother me about the override. First, SB 2077, SD 1, HD 2, CD 2 will add an additional unfunded liability of about \$17.2 million to the ERS and \$18.4 million to the Employee Union Benefits Trust Fund (EUTF). These provisions will put the State's long term financial position along with its bond ratings in jeopardy. Bond ratings determine what the State pays on interest on borrowed funds. Second, the bill 'DOES NOT' appropriate funds for lump-sum cash payments for affected employees in the transition. Third, the bill 'WILL' jeopardize the Employees Retirement System's tax exempt status, which the attorney general and Kaiser's legal counsel agrees upon.

"On a supplemental note, this bill will create another class of employees who received benefits from either the cash payment, the ERS contribution, or the EUTF. Does it set a precedence? Only the future legislators and the executive branch will know. So with the above reasons, I object and vote 'NO' on the override. *Mahalo.*"

At this time the Chair called for a roll call vote and the motion to override the veto of S.B. No. 2077, SD 1, HD 2, CD 2, entitled: "A BILL FOR AN ACT RELATING TO SEPARATION BENEFITS," as contained in Gov. Msg. No. 1338, was put to vote by the Chair and carried, and was approved by the required two-thirds vote of the House pursuant to Section 17 of Article III of the Constitution of the State of Hawaii on the following show of Ayes and Noes:

Ayes, 43: Aquino, Belatti, Brower, Choy, Creagan, Cullen, DeCoite, Evans, Fukumoto Chang, Hashem, Ichiyama, Ing, Ito, Johanson, Jordan, Kawakami, Keohokalole, Kobayashi, Lee, LoPresti, Lowen, Luke, Matsumoto, McDermott, McKelvey, Mizuno, Morikawa, Nakashima, Nishimoto, Ohno, Onishi, Oshiro, Pouha, Rhoads, Saiki, San Buenaventura, Souki, Takayama, Takumi, Tsuji, Tupola, Woodson and Yamashita.

Noes, 3: Cachola, Say and Thielen.

Excused, 5: Har, Kong, Tokioka, Ward and Yamane.

At 2:17 o'clock p.m., the Chair noted that the motion to override the veto had carried, and S.B. No. 2077, SD 1, HD 2, CD 2, as contained in Gov. Msg. No. 1338, was approved.

INTRODUCTION OF RESOLUTIONS

The following resolutions (H.R. Nos. 1 through 3) were announced by the Clerk and the following action taken:

H.R. No. 1, entitled: "HOUSE RESOLUTION AUTHORIZING THE SPEAKER OF THE HOUSE OF REPRESENTATIVES TO APPROVE THE JOURNAL OF THIS HOUSE OF ANY LEGISLATIVE DAY

BEING COMPILED AS OF THE 3RD LEGISLATIVE DAY," was jointly offered by Representatives Saiki and Fukumoto Chang.

On motion by Representative Saiki, seconded by Representative Fukumoto Chang and carried, H.R. No. 3 was adopted, with Representatives Har, Kong, Tokioka, Ward and Yamane being excused.

ANNOUNCEMENTS

Speaker Souki: "We have one to say that I'm sorry to see that he is leaving us, Representative Rhoads, would you please get up maybe and say your *alohas* to us over here."

Representative Rhoads: "Thank you Mr. Speaker. I don't want to ruin my record of not going over the five minutes. I must admit I was a little tempted to go on for like 20 minutes just to throw everybody off, do something out of character, do something different, but I won't afflict you with that. Mainly I just want to say it was an honor and a privilege to serve with all of you. To be one of only 51 people in the entire State of Hawaii that represents a district and all the interests of all the people in the whole state, and to be on the floor every day and in committees and in caucus. I'm going to miss all of you, I'm going to miss caucus, I'm going to miss the process. Even if I'm lucky enough to move over to the other side of the building, my guess is the House is different, and it's special.

"Most of us when we first ran for office were complete unknowns. We generally had to work our butts off to be here, knock on doors endlessly. And probably most of us wondered whether we were really going to make it or not because before we were Members of the House, we were neighborhood board members or maybe never been elected to anything but high school junior class vice president or something. Oh, that would be me, I was elected junior class vice president, and that was an election I lost the next year for senior president. I learned a lot from that race, actually, but losing can be very useful, but I hope not to repeat that in the near future.

"There is a special camaraderie, I think, amongst politicians who know what it's like to be in the crosshairs all the time, and you see it especially in the caucus room. I'll miss that. I'll miss the banter. I'll miss the interactions between people who are at the top of their game politically, and that's why you're here. If you weren't the best politician, the best leaders in the State, you wouldn't be here. Just as an observer, it's very interesting to see the interactions between all of you.

"I just want to say thanks to my constituents. And of course, I had a couple different districts, because I survived a redistricting. For a *haole* boy from Indiana to ever imagine that he would represent Kalihi, Palama, Iwilei and Chinatown, if you told me that in high school I would have looked at you funny, like, where's Hawaii and where is Kalihi and what does that mean? But I am very grateful to my voters for giving me a fair

shake and supporting me even though there was no, even though my roots in the neighborhood weren't nearly as deep as others.

"So, it was an honor and a privilege. I can't believe it's already over, but it was an honor and a privilege. And even those of you who have been here for a long time, I hope you'll never forget that not everybody gets to do what we get to do. *Mahalo*."

Speaker Souki: "Representative Rhoads, it was an honor. On behalf of the House, it was an honor to have you as our chairman and as a Member all these years. Thank you very much."

Representative Saiki: "Mr. Speaker, I'd like to request a moment of silence on the passing of our friend and colleague, Congressman Mark Takai. I would ask that the Members in particular keep in mind his spouse, Sami, and his children, Matthew and Kaila."

Speaker Souki: "Members, say a little prayer for him, too."

At this time, the Members of the House of Representatives stood for a moment of silence in honor of the late Congressman Mark Takai.

Speaker Souki: "Thank you very much, Members. On behalf of the Speaker, I just want to say thank you all for being so patient in these last few days and being here with us. I hope you all good luck on your elections as you go home and wish you the best, and my best *alohas* to all of you."

ADJOURNMENT

Representative Saiki moved that the House of Representatives of the Twenty-Eighth Legislature of the State of Hawaii, Second Special Session of 2016, adjourn Sine Die, seconded by Representative Fukumoto Chang.

The motion was put to vote by the Chair and carried, and at 2:25 o'clock p.m., the Speaker rapped his gavel and declared the House of Representatives of the State of Hawaii, Second Special Session of 2016, adjourned Sine Die. (Representatives Har, Kong, Tokioka, Ward and Yamane were excused.)
