"And then I want to thank the Representative from Maui, CIP Chair, because we have fought with overcrowding on not just the Kapolei-Ewa area but also in Waipahu, and within the CIP budget, if you look at not just Campbell having the money for the building, but planning at Kapolei High School, but one of the areas that actually have the biggest need was East Kapolei Middle School. And in the budget there is East Kapolei Middle School to alleviate Kapolei Middle School overcrowding, which is one of the only track schools left in the State.

"And the other Representative from Kapolei, who does a lot of work within here and has known to be very vocal on this issue, to see this in the budget, and to see the work that we've done with the CIP Sub-chair, and him noticing the importance of us addressing the overcrowding issue.

"I'm going to stand on the rest of my comments and request for permission to enter more written comments. Thank you."

Representative Cullen's written remarks are as follows:

"As stated earlier, Mr. Speaker, I stand in strong support of HB 100, HD 1. Kapolei Middle School has been on a multi-track schedule since 2003 to cope with the school's overcrowding due to the continued growth of the Kapolei region. This state budget proposed with the amendments includes the funding for the construction of East Kapolei Middle School to address overcrowding in our middle school.

"I would like to emphasize that the inclusion of these funds furthers the Hawaii State Legislature's intentions in passing SB 1345, HD 1, CD 1, Act 116, Session Laws of Hawaii 2015, to collaborate with the state Department of Education and end the use of a multi-track schedule at Kapolei Middle School.

"I also strongly support the inclusion of the remaining funds necessary to plan, design and construct a classroom building at Campbell High School and Kapolei High School. These proposed CIP appropriations in HB 100, HD 1 should significantly contribute to the family's quality of life, teacher's work environment, and student's learning potential in these communities."

Representative Say rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with slight reservations of this measure, which is House Bill 100, House Draft 1.

"Mr. Speaker and members of this House, my reservations today addresses a department that all of you should recognize and realize generates a huge amount of revenues to the State of Hawaii. It is not a tax increase. It is not a fee increase. It is a measure that tries to support a department that is trying to do its job.

"Members, the Department of Taxation has taken some cuts that I think should be restored, and that was on the personnel position counts, and one that really bothers me, since my years here in the State House, the transfer of a program in the development of the tax modernization system.

"In 2015, the executive branch signed a contract with a vendor called Fast Enterprises, LLC from Idaho. This vendor has worked in 24 to 25 other states in improving their particular state's modernization of taxes.

"The concern is that this particular program, as it has been rolled out now for three years, and it's in stage three of the five-year rollout, will be transferred to the Department of Accounting and General Services.

"I don't know if DAGS is prepared to take this IT project on, and if this particular vendor contract will be rescinded or canceled. May I say to all of you, this particular contract that was signed in 2015 is a \$30 million contract, and it is achieving its goals to modernize our present tax system.

"I ask this afternoon, to the members and to the senators who are listening, is this, give this vendor a chance. Give this vendor a chance for the next three years of '17, '18 and '19, when the contract expires. I'm proud to say that they may be about 25% to 30% accomplished in the general excise tax and the TAT. And if this program, or this vendor and this modernization program goes to DAGS, will it fall through the cracks? In anticipation of rollout four and five, in regards to what else, members of this House, your income tax, which the State of Hawaii is in charge.

"This reminds me of a parable that some of our old-time colleagues who have sat in this chamber talked about, where there was a fisherman in Hawaii who had a boat with his equipment that goes fishing every day to supply the village and community that he lives in. His fishing equipment was made up of glass floaters that kept the net above the sea line. The net had a weight, lead weights, to pull the net down to the bottom of the reef or the bottom of the ocean to catch the fish. Somehow, the difficulties in catching the fish began to occur when he was missing the school of *akule*, *'ōpelu* or *halalū*."

Representative Kong rose to yield his time, and the Chair "so ordered."

Representative Say continued, stating:

"And because, for all of us in the net, there were a lot of *pukas*. The parable today is this. Let us give the Department of Taxation the resources to do their collections, to do their audits, to modernize the system that, yes, for those who have been for a great number of years, we've had a difficult time with Department of Taxation.

"And it's not just the prior governors, but it goes back to the 1990s, if any of you had the time and spent the time in reading our legislative auditor's report. If you want to change mid-stream now, that's the will of this body, but I should not complain when revenues in taxation do not occur. I will never complain, but say, let's be aware of what we are anticipating.

"Mr. Speaker, I would like to see if we could give them the resources to fix that glass floater, to replace that lead weight, and to come up with the tools to mend the fishing net, because those are the loopholes, those are the loopholes that are getting out, where individual taxpayers and corporations are not paying their fair share.

"I recall a major incident during the pre-session briefings that they're not up to par. Well, give them a chance. This is not a bill to increase taxes. This is not a bill to increase fees. This is a bill of execution and implementation of the laws we that have on the books.

"Mr. Speaker, I didn't want to say much, but I just had to say it for the greater good of this body that I respect so much.

"Mr. Speaker, in closing, may I just conclude by saying this, and this was at the beginning of my speech, how do you like that? I would like to congratulate and thank the Finance staff who are up there, session employees and regular employees, the full-timers, members of the Finance Committee who went through the budget thoroughly, looking at the worksheets very thoroughly and looking at the different cuts and additions.

"And more importantly, thank you very much to the Finance Chair and Vice Chair for guiding us in the right direction. And like other members have said, thank you very much to the Chair of the Sub-committee on GIAs and the Sub-committee Chair of CIP.

"It's a monumental task in coming up with a balanced budget. But as of today, I'm very proud to say it is a balanced budget with this 2.5% projection.

"Sometimes I ask myself, which as a former Finance Chair, I would like to challenge you know who, Mr. Speaker? The members of COR. What is COR? The members of the Council on Revenues, who always, always are very optimistic as we move into session in January. And then we don't achieve those projections, what happens? We make the cuts. We have to prepare for the cuts. I would challenge the COR, as a group, that they come up with reliable projections that are tied to the information that they gather from the Department of Taxation.

"So in closing, Mr. Speaker, I would like to say this once more, congratulations on a balanced budget to the Chair and Vice Chair and members of the committee, and the House leadership, and also let's not be penny wise, pound foolish.

"So I hope this message has gone to the Senate, because I am concerned about the leakage that has occurred, the leakage that revenues we are not getting for the people of the State of Hawaii. So thank you very much and *aloha*."

Representative Luke rose to respond, stating:

"Thank you, in support. First, I wanted to address some of the concerns by the Representative from Hawaii Kai. I completely agree, and during the informational briefing, he and I were actually the tag-team partners where he set the stage and questioned the departments, and he tagged me and I'd go, but not literally tag me, but kind of in that way. So when he talks about how we need metrics and accountability, that has been so true with a bunch of departments, and because of him and our new members we were able to do that better, so I really appreciate what we did during informational briefings, and I do hear a lot of the concerns as well.

"One of the things I wanted to address is tax system modernization, and I wanted to at least share some of the stories that I had with tax system modernization, which is similar, actually, to the experiences from the Hawaii Kai Representative. He and I are both GE filers, and we have been trying to register online under the new tax system modernization to pay our taxes, what we should be doing. And both he and I had a difficult time registering, and it could be because we have a similar intellectual level, but then, so I thought, okay, maybe it's user error by him, user error by me, because we may not be the smartest two cats in the State.

"But come to find out, the State wanted 100% participation of people to register online, because the whole system about tax system modernization is not about tax collection, it's about recordkeeping so we can figure out how the GE corresponds with other records, and it was to have a centralized system of collecting these data. And we come to find out through numerous budget hearings, numerous questions to the Department of Taxation, that only 30% had registered. Prior to tax system modernization, a little bit more than 30% registered online under the old system.

"So they haven't made any improvements at all, and it was because the Governor's Office, along with OETS, the Office of Enterprise Technology Services, were very frustrated that they're getting all these complaints about people not being able to pay taxes online, which hurts the State, which hurts the economy, and we have numerous complaints where they couldn't register online, so they had to do it by paper. And then they paid their taxes in January. Guess what? These tax funds got only cash two weeks ago."

Representative Morikawa rose to yield her time, and the Chair "so ordered."

Representative Luke continued, stating:

"So it's been sitting in a mailroom because people couldn't pay their tax immediately online. That's a failure of the system. It's not failure of the department and the department's role in collecting taxes, but it's a failure in how we're trying to figure out how this system works.

"So it's not a reduction in personnel. What OETS wanted to do, along with some members of the Legislature, is, with those experts in DOTAX, we are moving them to OETS, so that OETS can help DOTAX to make sure that people can pay taxes online, a lot of the security issues are not interfering with voluntary taxation, because if you make it so difficult for members of the public to pay taxes online, and voluntarily, people are not going to do it.

"And so why would the State stand in the way of making it easier for people to pay? I mean, I'm dreading the next time the Hawaii Kai Representative and myself, we have to go online again, and we won't be able to pay our taxes. And then we have to do it by paper, and they're not going to deposit our checks for six weeks. That is not acceptable, and it should not be acceptable to the members of the Legislature.

"So what we're telling the Department of Taxation is, okay, we're going to take the personnel in charge of the systems management, not the tax collection, and move you folks so that you can work under the expertise of OETS, who knows how to work on IT to better manage, because, can you imagine, 30% is the GE tax rate for online filing? Who knows what's going to happen when we get to income tax, where all of us have to pay?"

"So before we get to the income tax, we can't just have this mentality that, because it's a rollout we've got to just continue to do the rollout. That's what's wrong with state government. We cannot just continue to do what we're doing because that's what we do as state government.

"If there's a problem with the GE collections, and only 30% are doing it online, we have an opportunity to fix that now, before all of you guys have to pay taxes online for your income tax. Can you imagine how many calls you guys are going to get? So this is an opportunity for us to fix the problem now, before it gets out of hand. Thank you."

Representative Ward rose to respond, stating:

"Still in support, Mr. Speaker. I just want to underscore the last two speeches, Mr. Speaker. They're very, very important, because the tax collection process is of ultimate concern, whether you have less employees doing it or you've got a system that is very, very frustrating, even though I never knew we were wrestling partners, actually, this is a new one. I enjoy that, even though it was more of an inquisition. I would be the first fiscal kind of forensic, and then she would knock the guy out of the chair, and it would be practically over with.

"It was very revealing, and my biggest complaint to the office of taxation was that I want to pay them money, and they want to charge me to pay them. Now they say that's going away, it hasn't gone away yet. But for the average taxpayer, why should I have to pay you 1% if I'm going to pay you by credit card, or I've got to pay you a couple bucks if it's by my debit from my account?"

"Mr. Speaker, it's not common sense, it's not the way government should work, and like the other things that rank us down at the bottom, we can do better than this. I totally agree with the Chair. Thank you."

Representative Tupola rose to respond, stating:

"Still in support. I also wanted to underscore and support what the Chair said. Delving into these issues in the committee was so eye opening, to figure out that some of these issues were IT-based.

"And moving it into a department that has more expertise in that just makes all the sense in the world, when all we do is talk about taxes and that we need revenue. And so, I just wanted to also reaffirm that I agree, and I thought that that was the step in the right direction, to put it under the IT area and try to get that fixed, so that we don't lose millions of dollars that we really need in this state. Thank you."

The motion was put to vote by the Chair and carried, H.B. No. 100, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Third Reading by a vote of 50 ayes, with Representative Say voting aye with reservations, and with Representative Ichiyama being excused.

At 1:22 o'clock p.m., the Chair noted that the following bill passed Third Reading:

H.B. No. 100, HD 1

ANNOUNCEMENTS

Representative Woodson, for the Committee on Education, requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing the following measure on Wednesday, March 15, 2017, at 2:30 p.m. in Conference Room 309, and the Chair "so ordered."

S.B. No. 224, SD 2, Relating to Psychology.

Representative LoPresti: "Thank you, Chair. I just wanted to announce that our Attorney General Doug Chin has succeeded in getting a temporary restraining order on President Trump's travel ban. To quote the judge, he has met the burden of establishing a strong likelihood of success on the merits of their lawsuit, and I think that's wonderful news. Thanks."

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 139) was announced by the Clerk and the following action taken:

H.R. No. 139, entitled: "HOUSE RESOLUTION PROCLAIMING MARCH AS RED CROSS MONTH AND HONORING THE AMERICAN RED CROSS ON THE 100TH ANNIVERSARY OF THE AMERICAN RED CROSS' SERVICE TO THE PEOPLE OF HAWAII," was offered by Representative Yamane.

Representative Yamane moved that H.R. No. 139 be adopted, seconded by Representative Cullen.

Representative Yamane, a volunteer for the American Red Cross, thanked the many volunteers who contribute their time and energy to the American Red Cross and respond to disasters 24/7, providing food, water and shelter in times of need, as well as education and crisis mental health counseling, and congratulated and honored the American Red Cross of Hawaii for their 100 years of service to our state, nation, and the international community.

Representative Cullen congratulated and introduced honorees who were seated on the Floor of the House:

Ms. Coralie Matayoshi, CEO, American Red Cross of Hawaii;
Ms. Catherine Lagaretta, Secretary of the Executive Committee, American Red Cross of Hawaii; and
Mr. Randy Harris, Member of the Executive Committee, American Red Cross of Hawaii.

The motion was put to vote by the Chair and carried, and H.R. No. 139 was adopted, with Representative Ichiyama being excused.

The following resolution (H.R. No. 140) was announced by the Clerk and the following action taken:

H.R. No. 140, entitled: "HOUSE RESOLUTION CELEBRATING VIETNAM ERA PATRIOTS," was offered by Representative McDermott.

Representative McDermott moved that H.R. No. 140 be adopted, seconded by Representative Ward.

Representative McDermott honored the sacrifice of outstanding Vietnam veterans commemorating the 50th anniversary of the Vietnam War, thanked the veterans for their extraordinary service to our country and continuing service to our state, and introduced honorees who were seated on the Floor of the House:

Mr. Alexander "Sandy" Gaston, Shipmate on the USS Princeton and USS Wexford County, large supporter of the Pearl Harbor Historic Sites, a giver who shares his time, talent, treasure and support with young men and women in uniform;

Chief Master Sergeant Stanley Fernandez, USAF, Ret., recipient of numerous awards for his service who continues to give back to the community and our youth as a leader in the Civil Air Patrol and as an AFJROTC instructor;

Colonel Michael "Swede" Olson, USMC, Ret., recipient of numerous awards for his service, President of the Pacific Aviation Museum-Pearl Harbor; and

Mrs. Carole Hickerson, Co-founder of the National League of Families, recipient of the DOD Civilian Service Award for her work fighting for the complete accounting of all Vietnam POW/MIA service members.

Representative Ward, as a Vietnam veteran, thanked the honorees for defending our freedoms and for all they have done and continue to do.

Representative Choy, as a former Marine, thanked the honorees for allowing him to be all that he can be, being a part of his success and his life, and thanked them for their service.

Representative Ito, as an Air Force veteran, recognized Col. Fernandez for his work with the Civil Air Patrol, and congratulated and thanked the honorees for their active service and their service with the various veterans' organizations.

The motion was put to vote by the Chair and carried, and H.R. No. 140 was adopted, with Representatives Ichiyama and Kobayashi being excused.

At 12:44 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:53 o'clock p.m.

REPORTS OF STANDING COMMITTEES

Representative McKelvey, for the Committee on Higher Education, presented a report (Stand. Com. Rep. No. 1094) recommending that S.B. No. 137, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 137, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO UNIVERSITY OF HAWAII RESEARCH," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Ichiyama, McKelvey, Morikawa, Nakamura and Tokioka being excused.

Representatives Brower and Aquino, for the Committee on Housing and the Committee on Transportation, presented a report (Stand. Com. Rep. No. 1095) recommending that S.B. No. 1148, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Water & Land.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committees was adopted and S.B. No. 1148, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COMMUNITY DEVELOPMENT," passed Second Reading and was referred to the Committee on Water & Land, with Representatives Ichiyama, McKelvey, Morikawa, Nakamura and Tokioka being excused.

Representative Brower, for the Committee on Housing, presented a report (Stand. Com. Rep. No. 1096) recommending that S.B. No. 1146, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Education.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1146, SD 2, HD 1 pass Second Reading and be referred to the Committee on Education, seconded by Representative Evans.

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"With reservations. My concern with this is, the optics is always a good one where it looks like we're actually going to reduce the cost for affordable housing, but the facts are otherwise.

"My understanding of how this works, when you're developing 80% AMI housing, you're usually doing it with some sort of government assistance at

the federal level, and there are standards that you actually have to keep it a certain price for the market, hence 80% AML.

"So, taking away school impact fees won't do a thing to reduce the cost of the housing to the consumer. All it does is increase the profits of the developer, who's already doing it for profit. So it doesn't make any sense, and it takes away from the kids. So, reservations for now. Thank you."

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in opposition to SB 514, SD 1. This bill authorizes pharmacists to administer human papillomavirus (HPV), Tdap (tetanus, diphtheria, pertussis), meningococcal, or influenza vaccines to persons between 11 and 17 years of age and in a pharmacy setting. While this bill increases access to vaccinations for younger children, it is for this very reason that I am in opposition.

"All of the research shows that there are health related risks when administering vaccines. The HPV vaccine is no different. Currently, under the HRS, the HPV vaccine can be administered to those 14 and older. However, no tests have been completed for younger children. Therefore, it is perplexing that the Legislature seeks to pass a measure that would allow this vaccine to be administered to children of the ages of 11 through 17. We do not have the scientific evidence to support such a measure.

"Furthermore, under current law, the HPV vaccine is administered in a doctor's office or hospital in the event the patient has an adverse reaction, which is known to happen with this vaccine. This bill would allow the HPV vaccine to be administered in a pharmacy setting where there are no first responders. Therefore, if a child between the ages of 11 and 17 does in fact have an adverse reaction to the vaccine which is administered at a pharmacy, that patient will not have access to the immediate medical attention he or she may need.

"For these reasons, Mr. Speaker, I stand in opposition to SB 514, SD 1."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 514, SD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representatives DeCoite, Tupola and Ward voting aye with reservations, with Representatives Har and McDermott voting no, and with Representatives Ichiyama, McKelvey, Morikawa, Nakamura and Tokioka being excused.

Representative Belatti, for the Committee on Health, presented a report (Stand. Com. Rep. No. 1102) recommending that S.B. No. 223, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 223, SD 2, HD 1 pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative LoPresti rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 223, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO NATUROPATHIC MEDICINE," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Cachola, DeCoite, Gates, Har, Ing, LoPresti and Tupola voting aye with reservations, with Representative Quinlan voting no, and with Representatives Ichiyama, McKelvey, Morikawa, Nakamura and Tokioka being excused.

ANNOUNCEMENTS

At this time, the Chair stated:

"The Chair would like to remind all the members that today is triple referral filing deadline. For bills moving from their first committees to their second committees in a triple referral, you must file your committee reports with the Clerk's Office by 6 p.m. tonight. Please allow yourselves and your staff sufficient time to get to the Clerk's Office before the filing deadline."

ADJOURNMENT

At 12:58 o'clock p.m., on motion by Representative Evans, seconded by Representative Ward and carried, the House of Representatives adjourned until 12:00 o'clock noon tomorrow, Friday, March 17, 2017. (Representatives Ichiyama, McKelvey, Morikawa, Nakamura, Say and Tokioka were excused.)

THIRTY-SECOND DAY

Friday, March 17, 2017

The House of Representatives of the Twenty-Ninth Legislature of the State of Hawaii, Regular Session of 2017, convened at 12:06 o'clock p.m., with Vice Speaker Mizuno presiding.

The invocation was delivered by Bishop Shugo Yamanaka of Tenrikyo Hawaii Dendocho, after which the Roll was called showing all Members present with the exception of Representatives Cachola, Ichiyama, Kobayashi, Lowen, Luke, McDermott, McKelvey, Oshiro and Souki, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Thirty-First Day was deferred.

INTRODUCTIONS

The following introductions were made to the Members of the House:

Representative Morikawa introduced her friend and former colleague from Parks and Recreation, Randy Ortiz.

Representative Nakamura introduced Mrs. Sachie Yamanaka, wife of Bishop Shugo Yamanaka; her family: mother, Mabel Maeda, and niece, Lauren Nakagawa; Mrs. Kayo Saito; and friends: Lynn Nagata and Craig Nishio. They were accompanied by her staff: Ben Viernes, Natalie Hanson and Jeanne Kapela.

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS
(FLOOR PRESENTATIONS)

The following resolution (H.R. No. 141) was announced by the Clerk and the following action taken:

H.R. No. 141, entitled: "HOUSE RESOLUTION RECOGNIZING THE OCEAN SAFETY DIVISIONS AND OCEAN SAFETY OFFICERS OF HAWAII COUNTY, KAUAI COUNTY, MAUI COUNTY, AND THE CITY AND COUNTY OF HONOLULU," was jointly offered by Representatives Evans and Ing.

Representative Evans moved that H.R. No. 141 be adopted, seconded by Representative Ing.

Representative Evans, as Co-chair of the Outdoor Heritage Caucus, recognized the importance of outdoor recreation, lifestyles and cultural practices, and how lifeguards and ocean safety officers play an important role in ensuring our safety.

Representative Ing thanked and introduced honorees who were seated on the Floor of the House:

Mr. Gerald Kosaki, Battalion Chief, Hawaii Fire Department;
Mr. Kalani Vierra, Director, Kauai Fire Department, Ocean Safety Bureau;
Mr. Colin Yamamoto, Battalion Chief, Maui Fire Department; and
Mr. Kevin Allen, Chief of Operations for Ocean Safety, Honolulu Emergency Services Department.

Representative Ing also recognized guests who were seated in the gallery:

Mr. Randy Ortiz, Captain, Kauai Fire Department, Ocean Safety Bureau;
Mr. Jeff Murray, Fire Chief, Maui Fire Department;
Mr. Jim Howe, Director, Honolulu Emergency Services Department;
Mr. Ian Santee, Deputy Director, Honolulu Emergency Services Department; and
Mr. Curt Cottrell, Administrator, Department of Land and Natural Resources, Division of State Parks.

The motion was put to vote by the Chair and carried, and H.R. No. 141 was adopted, with Representatives Cachola, Choy, Ichiyama, Ito, Kobayashi, Lowen, Luke, McKelvey, Oshiro, Saiki and Souki being excused.

The following resolution (H.R. No. 142) was announced by the Clerk and the following action taken:

H.R. No. 142, entitled: "HOUSE RESOLUTION RECOGNIZING AI-JEN POO FOR HER EXTRAORDINARY EFFORTS TO TRANSFORM WORKING CONDITIONS AND SET LABOR STANDARDS FOR MILLIONS OF DOMESTIC WORKERS IN THE UNITED STATES, INCLUDING HAWAII," was offered by Representative Takumi.

Representative Takumi moved that H.R. No. 142 be adopted, seconded by Representative Belatti.

Representative Takumi recognized the importance of domestic workers and their role caring for things families value the most, shared the history of domestic workers and their journey towards obtaining benefits and rights, and recognized Ms. Poo and her role in helping to pass domestic workers' bill of rights in Hawaii and other states.

Representative Belatti recognized the many achievements of Ms. Poo, and shared her philosophy about organizing: "I believe that love is the most powerful force for change in the world. I often compare great campaigns to great love affairs because they're an incredible container for transformation. You can change policy, but you also change relationships and people in the process."

Representative Belatti then introduced the honoree who was seated on the Floor of the House:

Ms. Ai-Jen Poo, Director, National Domestic Workers Alliance.

The motion was put to vote by the Chair and carried, and H.R. No. 142 was adopted, with Representatives Cachola, Choy, Ichiyama, Ito, McKelvey, Oshiro, Saiki and Souki being excused.

At 12:27 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:36 o'clock p.m.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 887, SD 2, HD 1 pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative Evans.

Representative Tupola rose to speak in opposition to the measure, stating:

"Please register a no vote for me, and permission to insert comments from the previous bill. Thank you," and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote with a brief comment, please. Mr. Speaker, this is a bill that is very worthwhile. It's to fund 911 services. But the source of it, I am told, and I understand to be the least of us who have this lowest socio-economic standing.

"Therefore as we did the floor presentation for those who are helping domestic workers and those who don't really have a chance to make it, this is a hit against the poor. It's good for the 911, but if we want to give a break to the poor, like we're looking for credit and other ways of helping them out, let's just let this go by, let them do their pre-paid. All of us here probably got unlimited time and text and data, but this is going to hit the people who can least afford it. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 887, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENHANCED 911 SERVICES," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representatives Tupola and Ward voting no, and with Representatives Ichiyama, McKelvey, Oshiro and Souki being excused.

Representative Ohno, for the Committee on Intrastate Commerce, presented a report (Stand. Com. Rep. No. 1116) recommending that S.B. No. 946, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 946, SD 1, HD 1 pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative Evans.

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. My reservations stem in large part from the fact that this bill doesn't seem to leave room for conscientious objectors, first and foremost.

"Secondly, it seems, and I've discussed this with a colleague, it seems that this language would say that you can't even run for office, and I believe that would be unconstitutional if that were to pass. Thank you."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I have those same concerns and I would hope that the next committee would look at this from that aspect.

"The other thing is, it applies to the male population. So what it could do is be a further hindrance to young men going to college, and already young men, I think, are in the 40th percentile of college applicants at this point, so right away they're a minority, and this can be a further stumbling block. I'm not sure, I've read the language in the bill, and as a retired attorney I could read it to say that no male in this building would be allowed to run for office unless they had complied with this federal law. So I hope everyone looks at it quite carefully. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 419, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SELECTIVE SERVICE," passed Second Reading and was referred to the Committee on Higher Education, with

Representatives LoPresti and Thielen voting aye with reservations, and with Representatives Ichiyama, McKelvey, Oshiro and Souki being excused.

Representative Belatti, for the Committee on Health, presented a report (Stand. Com. Rep. No. 1121) recommending that S.B. No. 387, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 387, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representatives Ichiyama, McKelvey, Oshiro and Souki being excused.

Representative Brower, for the Committee on Housing, presented a report (Stand. Com. Rep. No. 1122) recommending that S.B. No. 1105, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Labor & Public Employment.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1105, SD 2, HD 1 pass Second Reading and be referred to the Committee on Labor & Public Employment, seconded by Representative Evans.

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Reservations. This is a companion bill to a House bill that we moved out that I had similar reservations about.

"Basically, my understanding that it allows for, if not requires, pay cuts for workers, workers who already can't afford the buildings that they're building, with no guarantee that there would be equal reductions in pay or profit from the developers or the contractors, which is unconscionable that we would make the workers take less pay with some assumption that there might be a reduction on the cost of housing.

"I think we need more guarantees that those pay cuts and profit cuts would be shared by all. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1105, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Second Reading and was referred to the Committee on Labor & Public Employment, with Representative LoPresti voting aye with reservations, and with Representatives Ichiyama, McKelvey, Oshiro and Souki being excused.

Representatives Brower and Aquino, for the Committee on Housing and the Committee on Transportation, presented a report (Stand. Com. Rep. No. 1123) recommending that S.B. No. 1147, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Water & Land.

Representative Saiki moved that the report of the Committees be adopted, and that S.B. No. 1147, SD 2, HD 1 pass Second Reading and be referred to the Committee on Water & Land, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Until we start selling development rights of these private TOD properties, I think we're lowballing that whole concept. As I've spoken many times on this floor, Hong Kong and Japan sell development rights along the corridor, not just for low-cost housing, which this one is for, but for the sake of building the stations and building the rail. Until that comes, I'm going to have a lot of skepticism about this. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 1147, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Second Reading and was referred to the Committee on Water & Land, with Representative

"Mr. Speaker, reservations on 1131 and 1132. And just a brief remark, they're related. I support the intent obviously, wholeheartedly, but as a public policy measure going forward, these carve-outs I find somewhat problematic and troubling. Thank you, sir."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Ward rose to speak in support of both measures with reservations, stating:

"Mr. Speaker, with reservations on the two measures. Clearly, we need more funding for education, but clearly, I think we have to refine the way that we're going to tax people.

"And I think this one's still in its formative stages, particularly if there's a way of shifting it more onto the visitor industry, which is now blossoming into 9 million and plus visitors.

"Some of the language here is a little bit, I think, anti-local, if it gets into the investment property without specificity or exceptions or exemptions. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and S.B. No. 683, SD 2, entitled: "A BILL FOR AN ACT PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations, just a quick comment. It's going to CPC, I've no doubt that they'll address some of these concerns, but one of them was having primary care physicians be the afterthought by having pharmacists prescribe first. It's just making sure that whatever the woman is currently taking doesn't conflict with the contraceptive, making sure that she's healthy.

"And secondly was the concern that it'll perhaps discourage or maybe decrease the amount of women that are going in for cervical exams, making sure that they're healthy.

"So again, I don't doubt that CPC will take up those same concerns and try to mend the bill. But recently we've been discussing a lot of things that make pharmacies almost into urgent cares, which, if we are going in that direction, maybe we should just have a PCP, a primary care physician there, then we might actually avoid some of these problems. But, again, with just reservations until I see the final. Thank you."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"With reservations, and short comments. I'd like to point out that the previous statute regarding grandparent visitation had been ruled unconstitutional by the Hawaii Supreme Court because it infringes on the parents' right to raise their own children.

"And secondly, I'd like to point out that in divorce situations the custodial parent is very burdened with having to juggle potentially five different households, as well as her own, in visitation. And for those reasons, with reservations."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote, brief comment. Mr. Speaker, this bill may be a little bit better than the House version, but basically, it's a strike against our fishermen. It says, if you don't have a license, you're never going to get one to do aquatic fish.

"According to the hearing, at least on the House side for the House bill, there's no scientific evidence that says there is a lack of supplies of these

particular fish. There's no need for the moratorium, even though in the House it said a moratorium, of which the chair, fortunately, pulled out of it.

"This one is worse than a moratorium, it's a ban. If you don't have a license now, you're never going to get one. So, Mr. Speaker, this is not good policy and it's against our fishermen who, for some of them, do it for their sustenance, their livelihood and their subsistence. Thank you, Mr. Speaker."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Oshiro rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Choy rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ito rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Onishi rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1240, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AQUATIC LIFE," passed Second Reading and was referred to the Committee on Finance, with Representatives Choy, DeCoite, Har, Ito, Matsumoto, Morikawa, Onishi, Oshiro, Say, Thielen, Tokioka and Tupola voting aye with reservations, with Representative Ward voting no, and with Representatives Ichiyama, Lee and Lowen being excused.

The motion was put to vote by the Chair and carried, and H.R. No. 148 was adopted, with Representatives Aquino, Ichiyama and Souki being excused.

The following resolution (H.R. No. 149) was announced by the Clerk and the following action taken:

H.R. No. 149, entitled: "HOUSE RESOLUTION CONGRATULATING THE WINNERS OF THE HAWAII: NEXT 50 CONTEST," was jointly offered by Representatives Ohno, Belatti, Fukumoto, Hashem, Keohokalole, Lowen, Nakashima, Quinlan and Takayama.

Representative Ohno moved that H.R. No. 149 be adopted, seconded by Representative Nakashima.

Representative Nakashima recognized former Governor George Ariyoshi for his book "Hawaii: The Past Fifty Years, the Next Fifty Years" which inspired the Hawaii: Next 50 contest, and celebrated Hawaii's students who have demonstrated a clear understanding of the problems facing Hawaii and offer a unique vision of Hawaii for the next 50 years by looking at the concept of incorporating technology to create a more sustainable Hawaii, while also addressing the issues of affordable housing, growing and selling local produce, and entrepreneurship.

Representative Fukumoto recognized sponsors and judges for their support and dedication to empowering Hawaii's youth, and introduced guests who were seated in the gallery:

Ms. Sherry Menor-McNamara, Chamber of Commerce Hawaii;
 Ms. Meli James and Mr. Omar Sultan, Sultan Ventures;
 Ms. Jamie Kinoshita Oliveira, aio Foundation;
 George Engebretson, Watermark Publishing and Legacy Isle Publishing;
 The Hawaii Crop Improvement Association;
 Ms. Robbie Melton, High Technology Development Corporation;
 Ms. Kimberly Canepa, Chaminade University; and
 Mr. Jacob Noh, Hawaii Medical Assurance Association.

Representative Hashem recognized and introduced honoree who was seated on the Floor of the House:

Eliana Sueoka, Aina Haina Elementary School, Grades 4-5 Essay Winner. She was accompanied by her parents, Mr. and Mrs. Edward and Eva Sueoka; and teacher, Ms. Kristin Chormann, who were seated in the gallery.

Representative Ohno recognized and introduced honoree who was seated on the Floor of the House:

Kershylle Alivio, Maemae Elementary School, Grades 6-8 Multimedia Winner. She was accompanied by her parents, Mr. and Mrs. Jason and Loi Bailey, who were seated in the gallery.

Representative Keohokalole recognized and introduced honoree who was seated on the Floor of the House:

Kye Steele, King Intermediate School, Grades 6-8 Essay Winner. He was accompanied by his mom, Ms. Mei Chang; and teacher, Ms. Rochelle Tavares, who were seated in the gallery.

Representative Takayama recognized and introduced honoree who was seated on the Floor of the House:

Remy Kubota, Highlands Intermediate School, Grades 6-8 Poster Winner. She was accompanied by her parents, Mr. and Mrs. Craig and Evelyn Kubota; and teacher, Mr. Mark Yamashita, who were seated in the gallery.

Representative Lowen recognized and introduced honoree who was seated on the Floor of the House:

Robert Dempsey, Kealakehe High School, Grades 9-12 Essay Winner. He was accompanied by his mother, Mrs. Gayla Dempsey; and sister, Taylor Dempsey, who were seated in the gallery.

Representative Quinlan recognized and introduced honoree who was seated on the Floor of the House:

Aiyana Bennion, Kahuku High School, Grades 9-12 Video Winner. She was accompanied by her mom, Ms. Laura Miller, who was seated in the gallery.

The motion was put to vote by the Chair and carried, and H.R. No. 149 was adopted, with Representatives Aquino, Ichiyama and Souki being excused.

At 12:35 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:44 o'clock p.m.

REPORTS OF STANDING COMMITTEES

Representatives Brower and Yamane, for the Committee on Housing and the Committee on Water & Land, presented a report (Stand. Com. Rep. No. 1226) recommending that S.B. No. 715, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committees was adopted and S.B. No. 715, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE SPECIAL ACTION TEAM ON AFFORDABLE RENTAL HOUSING," passed Second Reading and was referred to the Committee on Finance, with Representatives Aquino, Ichiyama and Souki being excused.

Representative Brower, for the Committee on Housing, presented a report (Stand. Com. Rep. No. 1227) recommending that S.B. No. 1266, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1266, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Second Reading and was referred to the Committee on Finance, with Representatives Aquino, Ichiyama and Souki being excused.

Representatives Morikawa and Belatti, for the Committee on Human Services and the Committee on Health, presented a report (Stand. Com. Rep.

No. 1228) recommending that S.B. No. 285, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committees was adopted and S.B. No. 285, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE NURSING FACILITY SUSTAINABILITY PROGRAM," passed Second Reading and was referred to the Committee on Finance, with Representatives Aquino, Ichiyama and Souki being excused.

Representative Morikawa, for the Committee on Human Services, presented a report (Stand. Com. Rep. No. 1229) recommending that S.B. No. 519, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 519, SD 2, HD 1 pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations. Mr. Speaker, I want to make it clear that I am against domestic violence. This bill has come up three years in a row, and so my concern obviously is when there's not a written statement, how that accusation is going to be held up in a court of law and how it's going to be prosecuted. So if we pass something that possibly makes it harder for that to happen, where somebody does need to be prosecuted for domestic violence, then we've gone in the wrong direction.

"When I talked with both proponents and opponents of this bill, they still hadn't talked, hadn't spoken, so perhaps I need to bring both groups together so we can get something done and make something happen where both agree, and we can address this issue. Thank you."

Representative McDermott rose to speak in opposition to the measure, stating:

"No vote for the reasons the previous speaker mentioned."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations for the same reasons as the speaker except this, with a brief comment, is trying to institutionalize the handshake which, now everything has got to be done by contract. This kind of goes back to when your hand was your bond, and when you give a report with someone who doesn't have to write it, they say, I never said that.

"So we're opening a door for a lot of mischief, even though I see the way that it would be easier to report violence. But the way that if it gets contested later on, people could deny that they actually implemented this complaint, *et cetera*, and for the police and the prosecutor and all those in between, it's going to be rather confusing. So good intentions, but I'm not sure its implementation is realistic. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 519, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DOMESTIC VIOLENCE," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Tupola and Ward voting aye with reservations, with Representative McDermott voting no, and with Representatives Aquino, Ichiyama and Souki being excused.

Representative McKelvey, for the Committee on Higher Education, presented a report (Stand. Com. Rep. No. 1230) recommending that S.B. No. 141, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 141, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PHYSICIAN WORKFORCE ASSESSMENT," passed Second Reading

and was referred to the Committee on Finance, with Representatives Aquino, Ichiyama and Souki being excused.

Representative McKelvey, for the Committee on Higher Education, presented a report (Stand. Com. Rep. No. 1231) recommending that S.B. No. 826, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 826, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUNA DISTANCE LEARNING CENTER," passed Second Reading and was referred to the Committee on Finance, with Representatives Aquino, Ichiyama and Souki being excused.

Representative McKelvey, for the Committee on Higher Education, presented a report (Stand. Com. Rep. No. 1232) recommending that S.B. No. 1294, SD 1, HD 1 be referred to the Committee on Finance.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1294, SD 1, HD 1 be referred to the Committee on Finance, seconded by Representative Evans.

Representative LoPresti rose to speak in support of the measure, stating:

"In support. I just wanted to state it for the record that I had earlier concerns that I had expressed on this, and I believe I was mistaken. I support it."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1294, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO NATIVE HAWAIIAN HIGHER EDUCATION," was referred to the Committee on Finance, with Representatives Aquino, Ichiyama and Souki being excused.

Representative Brower, for the Committee on Housing, presented a report (Stand. Com. Rep. No. 1233) recommending that S.B. No. 1244, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1244, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Second Reading and was referred to the Committee on Finance, with Representatives Aquino, Ichiyama and Souki being excused.

Representative Onishi, for the Committee on Tourism, presented a report (Stand. Com. Rep. No. 1234) recommending that S.B. No. 704, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 704, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against Senate Bill 704, relating to vacation rentals. I am definitely in opposition.

"Mr. Speaker, the measure that came over from the Senate made a lot of sense. It put together a task force that was going to be looking into this very problematic issue of vacation rentals. Unfortunately, in Tourism Committee, they gutted the Senate bill and put back in the House Bill 1471, which is the bill exactly that the Airbnb operators would want to have.

"Mr. Speaker, we've had a real problem. Maybe it's primarily Oahu, or it may be other islands as well, but there's about 33,000 homes that are taken out of our local housing for our local people, and they're being churned as vacation rental houses. Many of them are owned by people that don't live within Hawaii. And they also drive up the price of the real estate, because when those homes are marketed to these out-of-state owners, they say, factor

in, you can get it with Airbnb, and you can churn this house and bring the people in like a hotel, in the residential area.

"So it's a shame, more than a shame, it's I think really bad policy for us to put that original House bill in. I know that there were 100% on the Tourism Committee voting in favor of this gut-and-replace, but when you look at the House version, 1471, you'll find that a good, sizeable amount of this body had very serious concerns with that measure. It's justified, Mr. Speaker.

"On the windward side, we're really hit with those illegal vacation rentals, and I'm talking about primarily the ones where it's an out-of-state owner, they have a keypad at the door, and someone from somewhere else gives the Airbnb clients the keypad number, in they go, no concern about the community, this small residential street. They're there partying late at night. The neighbor next door has to get up at 5:00 a.m. to get to work after having very little sleep during the night. It's not a good mix, and it's hurting our tourism industry because these are illegal operators.

"Now, I know that people are going to stand up and say, oh, well, we have protections in the bill. Mr. Speaker, they're meaningless. The 33,000 homes that are being rented, of course they're going to tick the little box that says, by accepting the terms of service, I agree and attest that I have reviewed all applicable laws and regulations, and that my listing is in compliance. Come on, of course they're going to tick that, they're making huge amounts of money off the backs of our residential areas.

"I don't know if the Big Island has the same problem. I believe there are areas on Maui that do, I know that Kauai does. And we certainly on our whole windward side of the island are just hammered with these illegal vacation rentals.

"So I vote a resounding no. The tax money is not worth taking housing away from local people. It is just not worth that. You may get a few more tax dollars, but you've got people that are ratcheting down, down, down to becoming living on the streets, because these houses, these rooms, these areas, are not available.

"And that mainland company, like Airbnb, they don't give a rip. All they're in it for is the money. They're not local. They don't care what they've done to our housing."

Representative Say rose to yield his time, and the Chair "so ordered."

Representative Thielen continued, stating:

"Thank you. Thank you very much, Speaker Emeritus. I appreciate that. I appreciate the bipartisanship on that, that was very nice.

"It's something that I want us all to look at, because what this bill does, first of all, it hurts the mainstream tourist industry, but it came out of the Tourism Committee.

"Second of all, it hurts people trying to get homes. It hurts the new young families trying to buy a home, because anyone that is marketing these, and I'll tell you they're mainland people buying them, they're snapping them up with Airbnb factored in. Your lenders are factoring in this, even though it's illegal, and that housing comes right away from anyone that might want to buy a home locally. It would be available if someone wants to buy a home and churn it as a vacation rental, but not for people to live in our neighborhoods.

"You know what it's like, Mr. Speaker, when you go door to door, you walk up to a house, it's sterile. There's one of those keypad things on the doorknob. Nothing that shows, no bicycles, no slippers, no anything, no games, no football, no nothing. And what's happening, it's a sterile house until it's occupied by the family that's paying big bucks to come, so they're going to just rock around the clock. And the noise and the total unconcern that they are in a residential area, used to be quiet residential area.

"People are just fed up with this, and this bill allows it to continue. Ticking a box, anyone that's been renting illegally is going to tick away on that box, and there's no protection, no protection for our neighborhoods, and no

protection for having 33,000 houses available in our local community. So a resounding no, Mr. Speaker. Thank you."

Representative Quinlan rose to speak in opposition to the measure, stating:

"The Representative from Kailua said all my stuff, so a no vote, and may her words be entered as my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Lowen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations, and just a few brief comments. As far as I know, Hawaii County doesn't have laws regulating vacation rentals right now, unlike the other counties. So giving them funding to enforce, I'm not sure what that would do, so I'd like to see our county move forward with that.

"And then, looking at the \$4 million allocated to the counties, I don't know if there's been any discussion if that should be allocated based on population, so I think there's still more work to be done on this bill. Thank you."

Representative DeCoite rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations and a brief comment. Like the previous speaker said, in my district in Paia and Haiku, we're dealing with the same issues there. It's cause for major concern for the people that already live there, in encroachments of noises and late-hour partying. So with that, I have reservations, Mr. Speaker. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote with a brief comment. Generally speaking, East Honolulu feels quite like Kailua, but not quite in the same way, tenor or tone. And I think in terms of where the blame is, you can't blame the elderly people who rent out a room, or the young people trying to rent a couch. There are some people that I just learned recently rent a couch for \$30 a night so they can get their tuition for school.

"Cost of living is tough. And what we've done is create an underground community, an underground economy, one that, in the absence, and this is where I'm going to put the blame on the City and County of Honolulu, they kick the can down the road and say, okay, you guys at the State, you want to play around with it, fine, but we're not touching it.

"I think we should kick it back in their court. I think we should refuse it the way the Governor had done the veto last year. I think the same thing, we should kick it back to the city and county, say, look, you guys have not done anything since 1989. You've got a couple of hundred B&Bs, why are you not regulating or giving more licenses, or at least tempering it to where people have a chance to get a license. And instead they just kick the can down the road to us. And that's why it's very divisive in our communities.

"And lastly, Mr. Speaker, observation, and one that's not a pleasant one, that we are using gut-and-replace as if it's going out of style, the way we used to. I thought we made a vow, if you will, that we were not going to gut-and-replace so much, but it's popping up everywhere. And I think this is one example of where it's really to the detriment of the public not having a hearing ahead of time. Thank you, Mr. Speaker."

Representative Brower rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I have some concerns on this measure, but sometimes people like ourselves who are very concerned about public perception, we have a problem embracing two views that may be in conflict, and I think what we have to do on this measure, we need to pass the bill. We need to tax vacation rentals so people are paying their fair share of taxes, as the hotels are. And we also need to enforce our city zoning laws.

"So we have to do two conflicting things that may seem to contradict each other, but this is what we have to do with complex issues, and then we also have to explain that to the public. Thank you."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in strong support. I really like this discussion about the problems that are happening in our neighborhood, but I personally believe that they belong to the county, at the county level, when it comes to enforcement and what's really happening in our neighborhoods, where it's becoming unbearable.

"I think what we're talking about is different from that discussion, and I wanted to point out to the members what the purpose of the act was, and for the public that is listening. The purpose of this act is to enable a transient accommodations broker to register as a tax collection agent with respect to transient accommodations taxes and general excise taxes for its operators and plan managers in a manner that recognizes the dynamic changes occurring in the vacation rentals sector. It is not intended to preempt or otherwise limit the authority of counties to adopt, monitor and enforce local land use regulations, nor is this act intended to transfer the authority to monitor and enforce such regulations away from the counties.

"I think what's happening is all of us are being impacted of what I call the technology, the new wave that came about with computers. We're dealing with Uber and Lyft and the fact people can get on their cellphones and now they can order taxis to their house, and it's changing the whole way we deal with it. Who would have known that we were going to use it, and we're going to have Uber and Lyft? I didn't predict that. I also didn't predict that Amazon was going to be selling so much over the Internet, now we're talking about should we tax Amazon for people ordering stuff from the mainland. But that's all come about because of technology.

"So this economy that one of the representatives spoke about being an underground economy, I would say it's just the opposite. It's not an underground economy, it's the new economy, it's the way we do business, and the fact that now that people can join and advertise their vacation rental online, that's just a new service that's being added.

"I think the fallout that all of us are talking about, yeah, there might be some fallout, but the reality is, is people aren't paying their taxes, they're not paying GET, they are doing vacation rentals, if we like it or not, they're going to continue doing vacation rentals.

"If we really want to get down to the real problem, the fact is called affordability. People buy houses, maybe they live in them, maybe they don't, but they can't afford to keep these houses if they don't rent rooms, or they rent vacation rentals.

"The other problem we're having is you know that people pay more to vacation rent if they added up, like, if you said, okay, for every week I get x amount of dollars, and the person, they're looking at the bottom line. They're going to say, you know what, I make more money doing vacation rentals than I do for long-term rentals. And so it's becoming a choice, which one gets me more money? The reality is, if we start collecting the GET tax, and we start collecting the TAT tax, maybe they'll figure out it's better for them to do long-term rentals.

"So, we're in a time where this is a very complicated issue that's not an easy answer, but the reality is it's here, and it's here to stay. So to avoid it and kill a bill, I think is the wrong way to go. I think we need to advance the bill. Thank you, Mr. Speaker."

Representative Kobayashi rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with reservations. I rise with reservations similar to the last time I spoke on the House bill. But I would note a big difference between the Senate bill and the House bill. The House bill had the title, relating to taxation. This one has, relating to vacation rentals. So, in the House bill, it may have been difficult if not unconstitutional to include matters relating to local zoning and compliance to local zoning. So I think in terms of just the title, this is a better bill.

"Please note that the Governor has promised that he would work on a compromise such that he would not have to veto this bill as he vetoed last year's bill. I would note further that I think that the comment about this bill trying to do two conflicting things is still problematic.

"If you comply with taxation laws and pay your GET tax and your TAT tax with one hand, but on the other hand violate local zoning laws, I think that that person is still guilty. So I think that full compliance would be the ideal solution.

"I note further that when the proponents of Airbnb came to House Finance Committee, they said that their aim was to create a bill and a process which was, quote, 'totally auditable.' This bill serves as a shield blocking certain information, including how many units paid how much, where and whether they are in actual compliance. I do not consider that totally auditable.

"So for these reasons, and with the hope that springs eternal that someone may figure out a compromise, I'm voting with reservations."

Representative Thielen rose to respond, stating:

"Still in opposition. Mr. Speaker, I understood what the Majority Floor Leader was saying. It's a complicated issue. That's why the bill that went into Tourism Committee was correct. What that bill would have done, establish an online vacation rental working group to develop effective data collection methods that can assist the State and the county departments in monitoring the impact that short-term vacation rentals have on tax collections, housing stock, that's critical, and the State's brand as a vacation destination. That is the way to go.

"The bill goes on to Finance, and if Finance committee members, if they can get the concurrence of the Tourism Chair, the bill could go back to its original form, which is very sensible. Put together the working group to deal with this complex issue. Bring the city and county departments in to be part of that solution, because it's an inter-governmental solution as well. But don't just sell out to Airbnb and take away housing from our local people for a little bit of tax money. That's not good policy. Thank you."

At this time, the Chair stated:

"Thank you. Before we go to Representative Tupola followed by Representative LoPresti, I'm supposed to be simply a conductor, completely objective here. Nevertheless, the bill can always revert to the original form in a Senate bill, should this go to conference. So I'm not saying this to argue against the prior Representative, your thoughts and insights were correct. However, it can always revert to the original bill, the Senate bill, that was heard in Tourism. Thank you very much."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Please register a no vote for me. Thank you for your clarification on the process. I do want to thank my colleague from Kailua for bringing up so many valid points.

"What she spoke to in this last one was regarding the previous version, which was the Senate bill, which would convene a working group. And I would say, the last time we had this conversation, we might have done more research than was ever done on the issue, when everyone started looking up who emailed them and if they were legal or not.

"And so, for us to determine a path forward, first, and figure out what order things need to go in before we tax people, I think that's super important. Because what we're talking about is, is it important to tax people first, or determine if they're legal first?

"And so, I would say that I would opt for the latter, which is make sure that they're legal first. I want to echo the sentiments of our prior colleague, Derek Kawakami from Kauai, because when this came up last year, he said that, he said once you start taxing illegal entities, it therefore makes them legal, and that's the question that we need to ask ourselves, is what order we should be doing this in.

"So I guess I'm excited to see whatever version comes out, and then determine where I stand from there, but for right now, a no vote. Thank you."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Thank you, Chair. If I wasn't on Finance, I'd say no, but I'm on Finance, so maybe we'll get a chance to look at this again.

"I've got a number of concerns. I'll begin with the money. Looking at giving \$4 million, \$1 million to each county, seems rather odd to me. I love going to Kauai, but they have fewer people than we have just in Ewa, in Ewa Beach. And we're going to give an equal amount of money to that county, and an equal amount of money to my county, where we have almost 800,000 people. That doesn't make any sense to me, regardless of whether or not certain counties have acted in good faith to enforce this or not. If we're going to give resources, we should give them commensurate to the population, to the problem.

"For those who engage in vacation rentals for meeting rent, for meeting their obligations to their lenders, you can rent out, legally, a bedroom. The idea that just because you're going to make more money doing something doesn't mean, in my opinion, that we should step aside, say, well, yeah, that might make rational sense. I can make more money selling illegal drugs than having a full-time job. It doesn't mean that we should look at finding a way to help me pay my taxes, because actually it's illegal that I don't pay my taxes if I'm a drug dealer.

"But, well, to quote the colleague in front of me, this is a slippery slope. Where do we stop? Maybe they shouldn't have moved me over here, I don't know. But I'm really concerned about this logic, because we're talking about people knowingly engaging in illegal activity. We know that it's easy to click this button and say that, yeah, I'm complying with all local laws.

"If we really cared about this issue, because when the counties fail to act, the State must. The counties are creatures of the State. And when they fail, we need to step in, and we can do a lot of different things. We can, and probably I think should, make it criminal to engage in this illegal activity, make it a misdemeanor. It should be criminal for a platform agency to enable people to engage in this illegal activity, and profit off of it. And I don't mean just, it's already illegal, this should be a misdemeanor, at least.

"Because it's rather simple to create a way of proving that you have a legal vacation rental. The counties can issue a letter and say, you have a valid one, and we say to Airbnb and Expedia, this is the way that the State of Hawaii acknowledges legal vacation rentals. That's really easy to do, and I don't understand why, if we really care about this, we're not doing this.

"And last but not least, a lot of the units that are being rented out through things like Airbnb, these are expensive beachfront properties. This isn't a shanty in some corner of the islands. These are units that are being bought by people to make money using this mechanism.

"It's not necessarily, at least in my district, too many people down the street. If the only way you can afford beachfront property is to engage in illegal activity, why the heck are we making it easier for them to engage in this illegal activity to buy beachfront property? It doesn't make sense. So, I'm very, very strong reservations. Thank you."

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I first want to thank the Chair of the Tourism Committee, because he worked extremely hard on this bill, and I know he's sitting there very humbly, listening to the discussion. But it's not like we didn't put any thought into what this bill does.

"And I heard a lot of discussions about what the counties do and what the counties don't do. I was a councilmember for 10 years, before I got to this body. Now, some of the counties have better laws regarding short-term and

vacation rentals. Some of them don't. I don't know how much they're going to need to enforce this, but I think starting with an appropriate amount of money, which the Chair of Tourism did, \$1 million for each county, because you're going to have to put some of that infrastructure in there if it's not already there. Maybe that may not be the number, but that was a good place to start, and I commend the Chair for that.

"This is a complicated issue, and I think the testimony that made me realize what we're losing out on here is Ted Shiraiishi from the Department of Taxation came and he said, if they're going to do it, we may as well tax it. Not that they're doing it legally, because the city and the counties, they need to enforce that, but part of the discussion is whether we're going to have identifying numbers attached to each unit. But the Department of Taxation has the investigative authority to go and look at those people paying the tax to the platforms. So that's how we address that issue later on down the road.

"So I'd just like to thank, again, the Chair of Tourism for all of his hard work, because it's not an easy issue. The former Chair of Tourism said it, and kind of the first time, I was waiting for the punchline but there was none, because he's absolutely right. So for those reasons I'm in strong support. And I know it's difficult. In many, many areas, in the rural areas, people don't want that, for all of the discussion that was said right here.

"But if we don't do anything, is Airbnb going to stop? I don't think so. And if they're not going to stop, then we better figure out how we're going to collect the money. Thank you very much."

Representative San Buenaventura rose to speak in support of the measure, stating:

"Thank you, in strong support. There is nothing in this bill that legalizes illegal transient accommodations. Nothing. Basically, if this bill doesn't pass, the people who are voting against it are actually incentivizing illegal transient accommodations. Why? Because it allows them to sell the rooms for a cheaper rate than those who legally pay their taxes. As I said last time, taxation can be used as an incentivizing or a disincentivizing. This disincentivizes illegal activities.

"As I stated in the last session, just because it's illegal doesn't mean that you don't pay taxes. And I gave the most famous example, Al Capone. Al Capone was not incarcerated because of his illegal activities. He was incarcerated, he was finally put away, because he failed to pay his taxes on illegal activity.

"They did not say, pay your taxes and everything else you did is now legitimized. There's nothing in this law that legitimizes illegal activity. Those who are against this can go submit their own bills that do exactly what it is they want to do.

"This is an enforcement capability. It's very difficult, especially in lean times, to increase taxes. This allows us to enforce taxes that we have already enforced, that we have already said they are required to do. Let's enforce it, otherwise we're going to be forced to increase taxes on legal or illegal activity. Thank you."

Representative Ing rose to speak in support of the measure with reservations, stating:

"With reservations. Also I'd like to call for the question on this second reading bill."

At this time, Representative Ing called for the previous question.

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"I have very strong reservations and some brief comments. I've spoken on this measure before and I'm going to speak on it again and again, as long as this continues. This is an attack on schoolchildren to benefit developers. It's very simple. It doesn't matter if we give \$20,000 in tax credits to a person who develops 80% AMI housing, or if we charge them \$2,000 in school impact fees. Guess what? The cost of the market price is still 80% AMI.

"So we're taking money out of school impact fees that goes to build schools along DOT route and other areas, we've been doing this on the leeward side for a while. That's one of the only reasons we're not even further behind in our schools out west.

"The DOE has missed out on \$50 million in the last two years because the Board of Education has refused to implement the impact fees that they have the authorization to do, and this bill takes it away entirely. Why? Why does it do that?

"Instead of making, what, an 18% profit for the developer, they're going to make an 18.003% profit? That's not a lot of money to a millionaire, but it's a lot of money to the kids who don't have schools. They could've rebuilt Washington Middle School by now, with this money. And instead, we're going to strip money, more money away from the schools. This is outrageous. So, reservations for now."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. There is a part of it that has to do with the leeward side, but it's going to Finance and I look forward to looking through the contents of it in the committee. Thank you."

No. 994, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STADIUM AUTHORITY," was referred to the Committee on Finance, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Yamane, for the Committee on Water & Land, presented a report (Stand. Com. Rep. No. 1360) recommending that S.B. No. 698, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 698, SD 2, HD 1 pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Thank you. I have reservations with the changes that were made, putting the Land Use Commission as the investigative body. They don't have any enforcement capabilities, and it's very strange that the changes that were made, it seems to have been my opinion, weakened what the bill is trying to do. So, reservations."

Representative Yamane rose to speak in support of the measure, stating:

"Mr. Speaker, on the same measure, strong support. Let me clarify the changes and why the State LUC was added to the measure. The actual measure was strengthened, and now we're giving it to the appropriate entity that has the capability, with the addition of one person.

"The department, the LUC is willing to do it, and is able to through rule-making address those concerns, because they do land designation as well as they will be working with the city regarding conditions. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 698, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL LANDS," passed Second Reading and was referred to the Committee on Judiciary, with Representative LoPresti voting aye with reservations, and with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Yamane, for the Committee on Water & Land, presented a report (Stand. Com. Rep. No. 1361) recommending that S.B. No. 895, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 895, SD 1, HD 1 pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative Lowen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations. We had one similar to this last year, and I'm just making sure that this isn't the same. It definitely was, I think, addressed for homelessness. I need to look into it, but I still have reservations, because of the language. Thank you."

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Keohokalole rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Say rose to speak in support of the measure, stating:

"In strong support."

Representative Ing rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 895, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL TRESPASS," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Ing, Keohokalole, Lowen, San Buenaventura and Tupola voting aye with reservations, and with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Aquino, for the Committee on Transportation, presented a report (Stand. Com. Rep. No. 1362) recommending that S.B. No. 389, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 389, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Aquino, for the Committee on Transportation, presented a report (Stand. Com. Rep. No. 1363) recommending that S.B. No. 663, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 663, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY," passed Second Reading and was referred to the Committee on Finance, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

No. 221, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY," passed Second Reading and was referred to the Committee on Finance, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1365) recommending that S.B. No. 717, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 717, SD 2, HD 2 be referred to the Committee on Finance, seconded by Representative Evans.

Representative Say rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 717, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC REAL PROPERTY," was referred to the Committee on Finance, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1366) recommending that S.B. No. 469, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 469, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," passed Second Reading and was referred to the Committee on Finance, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1367) recommending that S.B. No. 683, SD 2, as amended in HD 1, be referred to the Committee on Finance.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 683, SD 2, HD 1 be referred to the Committee on Finance, seconded by Representative Evans.

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 683, SD 2, HD 1, entitled: "A BILL FOR AN ACT PROPOSING AMENDMENTS TO ARTICLES VII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE ON RESIDENTIAL INVESTMENT PROPERTY AND VISITOR ACCOMMODATIONS TO INCREASE FUNDING FOR PUBLIC EDUCATION," was referred to the Committee on Finance, with Representative Tupola voting aye with reservations, and with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1368) recommending that S.B. No. 686, SD 2 be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 686, SD 2, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION FUNDING," was referred to the Committee on Finance, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Aquino, for the Committee on Transportation, presented a report (Stand. Com. Rep. No. 1369) recommending that S.B. No. 1183, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1183, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative McDermott rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support of this measure, and just some brief comments. I would like to see this come out of the Finance Committee, Mr. Speaker, maybe even stronger than this bill is. The Transportation Chair did a great job."

"If we do not help the city, I fear for the single grandmother living on a fixed income who owns her home. She is going to be hit with a tremendous property tax increase. So instead of exporting one third of this tax to pay for the train to our visitors, grandma, the single grandma on Social Security, is going to have to pick up a disproportionate share of it. So I would ask that we put aside any personal animosity that we may have with the players involved here and move forward in a collaborative solution and pass this tax.

"I'm a Republican. I don't support taxes. I haven't voted against all these fees, but this one makes sense, it's concrete, it's steel, it's iron, we can see it, we can feel it. And the benefits of the transit-oriented development down the road is lost in all this discussion about the train and how many people it will hold. Young people will be able buy apartments, condominiums along the line, build equity and wealth, and at some point, they'll be able to trade up to other homes.

"This is a 25-year project, 30-year visionary project. That's why I support it. It's going to make our home better. So I would ask Finance, I beg you to please come out with an even stronger measure than this. Thank you, sir."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote, brief comment. As a member of the same party of the one who just said he was greatly in favor of this, I would say, yes, except let's show the plan to us. Let's show the logic to us. Let's show that there's light at the end of the tunnel.

"As you know, Mr. Speaker, I've spoken on this floor, until I see private sector skin in the game, i.e. rights of way sold, like they do in Hong Kong and in Japan, I would not vote one more penny for this rail.

"We're not doing it as we are prepared, as educated, logical planners and doers in the State of Hawaii. We're underachieving. The way that we've handled this thing, all they've said is, kick the can over to the State Legislature, they'll take care of us, and we let the city and county get away with literally doing nothing, except giving us, well, we're on our way to doing this, we're on our way to doing that.

"And at the national level, we may not be looked upon with favor for the \$1.5 billion that's still outstanding, Mr. Speaker.

"So by doing this, we put salve on a wound which otherwise we have not really analyzed to the point of when is it going to heal and what kind of a disease do we have here.

"I think we need to really think about this very seriously, and I know members of the Finance Committee have considered the different ways of stimulating or getting skin in the game from the city and county, but until we do, if we give a blank check like this, I think we're just encouraging or enabling a behavior that, for 10 years, is going to go on forever and ever, and the people of Hawaii saying, why did you guys ever vote for this? Why didn't you keep their feet to the fire? Why didn't you keep them accountable for what they said they were going to do, and they didn't do it, and they never gave you the plan to do it, so you couldn't analytically and empirically measure the efficacy of it?

"For those reasons, Mr. Speaker, I think this is not the right policy, and I hope by the way that it gets through the conference committees, that there'll be some skin in the game from the city and county, and that there'll be a logical end at the end of the tunnel, whether it's a train or a rail, that we'll know exactly what we're getting into, and not have to do these things which, remember, just a few years ago, they said, just give five more years. Well, ten years, five years, now we're giving in to perpetuity. Are we making this up as we go? It seems to look like that.

"For those reasons, Mr. Speaker, I think we really need to contemplate this very, very seriously before we approve it. Thank you."

Representative Ing rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ing's written remarks are as follows:

"Due to the beneficial impact this Honolulu County project could have on our state as a whole, support should be statewide. An electric powered public mass transit system would lower our carbon footprint, decrease greenhouse gas emissions, and decrease traffic congestion. The creation of jobs from this project would boost our economy. Having plans in place is beneficial for preparation when dealing with the financial aspect as well as land development around the transit system."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you. In support, Mr. Speaker. And I'll keep it brief, because it's second reading, but I really want to thank the Transportation Chair for his amendments and moving this forward.

"This is skin in the game for many of us whose districts are melting down due to traffic and congestion, and we're very chagrined to see that the Governor removed the funding for these projects which have been popularly supported by the people of Hawaii will make a huge difference in traffic all over the place.

"This puts the skin in the game to the other counties to join in and, quite frankly, with 43% of visitors paying the general excise tax, this is going to provide the revenue needed to get these traffic solutions done within our lifetime. So on behalf of the people of West Maui who are sitting in their cars right now, I appreciate the Finance Committee hopefully taking this up, and again the Transportation Committee for moving this. Thank you."

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Mr. Speaker, I rise in opposition to SB 1183, SD 2, HD 1. While I recognize that rail has the potential to be a much needed transportation alternative for the residents of my district and the island of Oahu, I am concerned about the mechanism of funding rail that the bill uses. As this is ultimately a county project, I would like to see the county take more responsibility for the financing of the project. With the cost of living already high in Hawaii, increasing the general excise tax indefinitely is too steep a cost to pay for working families.

"I also would like to see more transparency from HART and the City & County of Honolulu on the budget shortfalls for the project, and cannot give a blank check to HART without reasonable assurances that the project will be better managed. I cannot continue to countenance the massive cost overruns and delays in deliverables, by supporting this bill as presently drafted. I also believe that HART and the City & County of Honolulu have an obligation to fully explore all possible alternative financing mechanisms and plans, including public-private partnerships and route and station modifications.

"Because I do not see action to overcome these deficiencies, I cannot support this bill."

Representative Quinlan rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Nishimoto rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Say rose to speak in support of the measure, stating:

"A yes vote. Thank you very much. I truly believe that this is the last vehicle that this members of the House, all 51 members will have an

opportunity. And I personally want to thank the Chair of Transportation for keeping it alive.

"For those members who are not in the Transportation bracket, we never did have the opportunity of vetting this particular measure, but I truly believe that the House Finance Committee members and the chair and vice chair will be given an opportunity to vet this issue.

"This is the last vehicle that we have in regards to this monumental issue that we have before all of us, so I'm just happy that the Chair of Transportation has kept it alive, and we are moving forward in trying to see, are there any resolutions to this financing issue. Thank you."

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Lowen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. A no vote, just brief comments. I would say written comments, but then I don't always end up submitting them, so I'll just say this now.

"I do support mass transit, absolutely. I think it's an opportunity for a lot of economic growth, and it would be good for traffic on Oahu, and I support additional funds for our counties to look at their traffic issues, too.

"But the general excise tax is our most regressive tax. And when we talk about the City and County of Honolulu having skin in the game, on this I look at the property tax rates and see that the rate that somebody pays here, for a second home, is less than we pay on the Big Island for our first home. So, even if that isn't, and I haven't, I don't know the numbers, even if that isn't enough to generate all the revenue needed, I still feel like the city should look at that first."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ing rose in support of the measure and asked that the remarks of Representative Lowen be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Oshiro rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. I believe that this is a commitment that we made back in 2005, for those of us who were here, when it was part of the majority package in the interest of developing a mass transit system for primarily the citizens of the City and County of Honolulu.

"As a dual citizen of the State of Hawaii and the City and County of Honolulu, I think this is the best means, most equitable means of providing mass transportation to the City and County of Honolulu residents. So I stand in strong support and ask for permission to submit written comments."

Representative Oshiro's written remarks are as follows:

"SB 1183, SD 2, HD 1, is one of those measures that will stand the test of time and be reviewed by future generations as testament to a time when the Hawaii State Legislature rose above the noise and confusion of the short-sighted and weak-willed detractors and naysayers and provided the citizens of the City and County of Honolulu a mass transit system befitting one of the great cities of the world. I mention this in reference of hindsight and looking back since I still firmly believe that my colleagues and I will find a way to address this contentious and controversial issue.

"To get there, however, will require the ability to see beyond the finite election cycles and see through the periodic printed news stories of doom and gloom and hopelessness and the busy din of the hyper-critical and faithless reporters. There is usually little good news attached to any rail story and many of our constituents find it easy to pile onto the past failings and past representations. I would be the first to submit that most rail stories are not happy or pleasant ones, but often full of failure, misjudgment, ever rising cost estimates, and endless taxpayer liability. Truly, I would bet that all of my colleagues feel some trepidation with supporting the extension of the

one-half percent rail surcharge beyond 2027. To provide some encouragement and support, herein are some reasons I am supporting SB 1183, SD 2, HD 1:

(1) Legal and Contractual Obligations:

- Honolulu must complete the full rail project – 20-miles and 21-stations – to meet its obligations in its Full Funding Grant Agreement (FFGA) with the Federal Transit Administration (FTA). In return, FTA has assured the city that it will meet in full its obligation to provide \$1.55 billion for the project.
- The FFGA is a binding contract and if the city does not meet the terms of the contract, the city would face greater financial challenges.
- FTA has set an April 30, 2017 deadline for HART to submit a Recovery Plan.
- In its Recovery Plan, the city is expected to demonstrate it can complete the project as quickly and efficiently as possible.
- There is a misconception that not extending the GET surcharge will save money. In fact, it will incur all kinds of costs for taxpayers, including possibly the loss of federal funds, monetary claims from rail contractors, and lawsuits by property owners whose land was acquired for the project.
- The Trump Administration's proposed FY2018 budget "blueprint" was just released, with a US Department of Transportation provision to limit funding of FTA New Starts projects to existing projects with an approved FFGA. Future projects would need to be funded by local governments entirely.
- This would mean if Honolulu's FFGA project is changed, it would open up the FFGA for renegotiation, and put the full \$1.55 billion grant at risk of being withdrawn. Any changes to the FFGA could cause the \$1.55 billion in federal funds to be lost or forfeited, as well as jeopardize Honolulu's ability to receive federal funds in the future.
- Extending the existing General Excise Tax surcharge long enough to allow completion of the Honolulu rail project ensures the city meets its FFGA obligations.
- In November 2008, over 50% of Oahu voters approved the rail project. Rail construction is already underway and we need to finish the job.

(2) Economic and Job Development:

- The rail project has and will boost the local economy in the short- and long-term by creating both direct and indirect jobs. Besides jobs in the construction industry, rail would create long-term careers in professional services, including engineering, planning and architecture as well as rail operations and maintenance of the system.
- The full rail project will produce the highest level of ridership, the most positive impact on Oahu traffic, and the greatest economic impact for the city and State through transit-oriented development (TOD).
- Many community and social service organizations are strong supporters of rail because TOD is a proven way to incentivize developers to build workforce priced housing, either rentals or for purchase.
- The rail project's elevated guideway is halfway done, with 10 miles constructed from East Kapolei to Aloha Stadium. Five miles of track is in place. The Rail Operations Center is completed in Pearl City. And construction has begun on the first nine stations.

(3) Benefits for All Citizens of the City and County of Honolulu:

- The fully built rail system also benefits Central and North Shore residents with the planned Pearl Highlands parking center. It will allow those commuters to park in Pearl City and catch the train.
- Train schedules will be coordinated with TheBus and Handivan schedules so that Oahu will have an integrated, island-wide public transportation network.
- The rail project will improve the quality of life for tens of thousands of Oahu residents by reducing commuting stress, making it easier to

get to jobs, lower transportation costs, and allow more time for family and friends.

"Mr. Speaker, I began my remarks in support for the extension of the rail surcharge to meet compliance with the FFGA and keep the City and County of Honolulu out of a lawsuit with the Federal Government. Legally we are bound to the terms and conditions of the contract. This is a fact, regardless of how we feel about the project or how much we wish we could rewrite the past misuse and waste of public confidence and public monies.

"As a 'dual citizen,' as are all of my constituents, both of the State of Hawaii and City and County of Honolulu, all will be affected by the final decision on this measure. However, I believe that it makes good policy sense to shift as much of the tax to our visitors who come to Hawaii to enjoy what we so far too often take for granted; our beautiful and pleasant weather and gracious and warm hospitality of our island or local culture. I do not see the wisdom of giving the visitors a tax break at the expense of our local voters and families.

"Finally, I am unmoved and not persuaded by any of the last-minute ideas to find alternative State or City and County of Honolulu funding for the completion of the rail project. The surcharge has been in place since 2007 and we, as consumers, have grown accustomed to it and the export feature it provides to local taxpayers. As we acknowledged, as a Majority (Democrat) Caucus, back in 2005, the rail as a public transportation priority would provide transportation-equity or equality and help our middle- and lower-income families stay engaged with employment and educational opportunities outside their immediate neighborhoods and communities. The recent high-rise buildings in Kakaako portend what housing, commercial, and business centers that will become part and parcel of the rail TOD development. The day will soon come where thousands of residents will no longer need to own a personal vehicle but find commuting and visiting parts of the island as both efficient and effective, and cost effective and convenient.

"Mr. Speaker, you shared with this body several years ago, words that I found appropriate and meaningful then, and I find them even more so today. This is what you shared with us:

This is what I call statesmanship. Where you can look beyond your own needs and look at the needs of the State as a whole. Not looking for today, but for tomorrow, five years, 10 years, 20 years. You know that traffic is going to get worse. It's not going to get better. So for all of you that are voting it, you're taking the role as statesman which you should, and I'm very proud of you.

"These words are equally relevant and appropriate to this measure today. And, I adopt them as my own by republication of the same herein."

Representative Ohno rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose to respond, stating:

"Mr. Speaker, a no vote with a continuation, particularly a comment regarding in 2005, I was in East Timor as the Peace Corps country director so I didn't have a vote in that. But in 2005, we were talking \$3.5 billion to \$5 billion. We're talking now \$10 billion plus.

"I would ask the good Representative from Wahiawa, in his conscience, would he have voted at \$10 billion rail and with the increased taxation to where it goes into perpetuity? That's just something to contemplate. Thank you, Mr. Speaker."

Representative Oshiro rose to respond, stating:

"Mr. Speaker, again, second time in support. Not to answer my colleague's question, but let me emphasize this point. I think we're at a point in time right now that's either fish or cut bait, get on or get off, because I think the circumstances have changed with the federal election of a new president, a U.S. Senate and Congress that I think may not be interested in helping the citizens of the City and County of Honolulu or the citizens of Hawaii.

"And I'm thinking they're going to look for any excuse to pull back any commitment under the Federal Transit Administration full funding agreement of \$1.55 billion.

"And that's the greatest fear I have, Mr. Speaker. I am convinced, beyond any reasonable doubt, that that April 30th deadline fast approaching is firm and fast. And I believe this administration in Washington D.C., under the Trump Administration, I'll name the president, is not interested in helping us, but looking for any reason to pull back any funding from the Federal Government.

"So I'm happy to see this bill moving forward, give us additional time to review the bill. I know the Finance Committee will do a great job doing that, looking at the different options available.

"But we're too far down, Mr. Speaker. We're too far down. We need to finish this project. And maybe not for the current generation of leaders sitting here in this august body, but for the next generation of residents of the City and County of Honolulu and the larger State of Hawaii. So again, I ask for permission to submit written comments in support. Thank you."

Representative Creagan rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Woodson rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm in support for now, because I sit on Finance and it will come to our committee, and I'll have a chance to possibly look at it further, but I have a lot of concerns.

"As many of you know, Ewa benefits greatly from this project, and we are far into it, and perhaps I think we should finish it, but the method and the means by which we've gotten to the point where we are, are extremely disturbing.

"I feel we were misled, if it's not appropriate to use stronger words than that. Just a couple of years ago, we sent the city and county back with money that they said they would have enough to complete this project. We also told them they had to make progress on affordable housing. What have they done?

"If we don't actually support this project with real TOD, with real affordable housing along the line, what are we doing? This isn't just about traffic. It's about transforming the entire way we look at development on this island. And it's not done just by building a train. We have an opportunity to really force real affordable housing changes to do tax capture to, I think we should give back the skim that we've taken and not take that anymore.

"There's a lot of aspects that I'm deeply concerned about, and I'll look at it more in Finance. For now, I'll be in support to move it on. I'd also like to add words of the Representative from Kailua-Kona as if they were my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Hashem rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in support. I just would like to point out one thing. I agree with all the previous speakers before this, but one thing, if we do not fund the rail with GET, it will force the counties to fund it through property tax, and what we're essentially going to do is force a \$1,000 bump in everybody's property tax.

"So right now none of my constituents are complaining about the 0.5%, but I can tell you, they'll come screaming to me if this bill dies, and their property tax gets raised by \$1,000 to \$1,500 each. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1183, SD 2, HD 1, entitled: "A BILL

FOR AN ACT RELATING TO TAXATION," passed Second Reading and was referred to the Committee on Finance, with Representatives Cachola, Creagan, Gates, Matsumoto, Ohno, San Buenaventura, Tupola and Woodson voting aye with reservations, with Representatives Johanson, Lowen, Nishimoto, Quinlan and Ward voting no, and with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representatives Belatti and Takumi, for the Committee on Health and the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 1370) recommending that S.B. No. 404, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committees was adopted and S.B. No. 404, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CHAPTER 245, HAWAII REVISED STATUTES," passed Second Reading and was referred to the Committee on Finance, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Belatti, for the Committee on Health, presented a report (Stand. Com. Rep. No. 1371) recommending that S.B. No. 739, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Consumer Protection & Commerce.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 739, SD 1, HD 1 pass Second Reading and be referred to the Committee on Consumer Protection & Commerce, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I already said every single thing, every line that needs to be fixed in this bill, but it's a hot mess.

"It's talking about licensure for behavior analysts, but it's basically trying to expand it under psychology, which, in the HRS is psychology licensure law 465, and this is 465D-7 which is the behavior analyst section.

"So, long story short, why it's so convoluted and why we should be aware of it and probably try to fix it, is because it erodes the behavior analyst licensure law. It makes it where paraprofessionals and unlicensed individuals can work with people who need behavior analyst support.

"And so I would heavily encourage CPC to consider, and I'll send my thoughts through it, but there are so many different parts of this that make it very difficult to support it, because it actually changes parts of it where they have to get licensure under this national agency, which doesn't even exist. It changes it where certain individuals can work under unlicensed individuals.

"So, long story short, we should be very, very careful, and make sure that we are always ensuring the highest quality care, especially for our children in the DOE schools that need this help. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 739, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO BEHAVIOR ANALYSIS SERVICES," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representative Tupola voting aye with reservations, and with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Belatti, for the Committee on Health, presented a report (Stand. Com. Rep. No. 1372) recommending that S.B. No. 501, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 501, SD 1, HD 1 pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative Ing rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ing's written remarks are as follows:

"Women in Hawaii need to know that there are multiple resources available on reproductive health services. This bill allows for women to gain access to comprehensive, unbiased and medically accurate reproductive healthcare options. Providing the knowledge about all options for a woman is not promoting one service over another. Women should understand and learn about all reproductive health programs and services offered in order to make informed decisions about their reproductive health. Women have historically and continue to face barriers based on their gender, and supporting this bill will contribute to preventing limitations imposed on reproductive healthcare option accessibility."

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Kong rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 501, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Cachola and Matsumoto voting aye with reservations, with Representatives Kong, McDermott, Tupola and Ward voting no, and with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Belatti, for the Committee on Health, presented a report (Stand. Com. Rep. No. 1373) recommending that S.B. No. 384, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 384, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Creagan rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Creagan's written remarks are as follows:

"There has been much testimony submitted both written and oral that refute the credibility of SB 384 in its various versions. I will provide some additional brief comments and thoughts, and try to address some questionable claims justifying this, in my view, unethical proposal. There are many other reasons that prescriptive privileges for psychologists are nonsensical, and a convoluted history that I have explained elsewhere, but I hope these brief comments will be helpful in clarifying that this is a terrible solution to a real problem.

"An alternative that is advisable is the collaborative care model, which is becoming a reality will utilize teams of psychiatrists and other physicians, providers of psychotherapy at both the master's and doctoral level, APRNs, and very importantly coordinating care managers. Telemedicine and

telepsychiatry can be a part of that model. This is supported by Medicare and other insurers and is a real solution.

"The goal is to provide good quality care to patients, not to fight illogical turf battles. Patients are more likely to be hurt than helped by prescriptions from poorly trained providers.

"Claim: There are not enough prescribers of medications for mental health disorders especially in our rural areas.

"We are experiencing an overwhelming opioid epidemic. For the most part, opiates are prescribed, although a number of people who became addicted to prescription opiates have turned to illicit opiates such as heroin (increasing adulterated with more potent drugs such as carfentanil - aka carfentanyl). Pain is in the brain: opiates have their pain alleviating effect on the central nervous system.

"Why do we want to double down on this problem by prescribing more brain altering medication, that in many cases causes more harm than good; that will potentially cause more suicides, not prevent them. Why would we allow a class of poorly trained psychologists, accredited by a discredited organization to prescribe these potent, destructive and in most cases unneeded medications? Benzodiazepines such as Xanax and Valium would be allowed on the formulary proposed by SB 384, SD 1, HD 1. These are in category IV, indicating a lower potential for abuse, but these are often the most abused and most addicting medications prescribed.

"Claim: People are dying because they commit suicide because of a lack of access to medication, especially in rural areas.

"The facts are that people TREATED with medication who are depressed are MORE likely to kill themselves. Every medication to treat depression now carries a BLACK BOX warning that indicates that risk of medication.

"ALL of Big Pharma's anti-depressants now have a BLACK BOX warning that says:

Antidepressants INCREASED the risk of suicidal thoughts and behavior in children, adolescents, and young adults, in short-term studies. These studies did not show an increase (nor did they show a decrease) in the risk of suicidal thoughts and behavior with antidepressant use in patients over 24; there was a reduction in risk with antidepressant use in patients aged 65 and older.

In patients of ALL ages who are started on antidepressant therapy, monitor closely for worsening, and for emergence of suicidal thoughts and behaviors. Advise families and caregivers of the need for close observation and communication with the prescriber.

"Translation: Medication is likely to *kill* more young people than save them. It is just as likely to kill most people. It is only in older people that medication has been shown to have an overall slightly positive effect.

"If psychologists were willing to provide the behavioral health interventions in rural areas, many of the problems could be solved. But psychologists are concentrated in urban areas. That is where the money is. Most mental health problems respond to cognitive behavioral interventions, including mild and moderate depression, which are biologically different from severe depression. Giving psychologists prescriptive privileges will not improve access to care in rural areas, because psychologists took out any requirement to work in rural areas. They will stay where the money is, in urban areas.

"Claim: Psychologists are trained to recognize and treat mental health disorders.

"The diagnostic system of 'mental health disorders' is severely flawed. The various iterations of the 'bible' of diagnosis the Diagnostic and Statistical Manuals of Mental Health Disorders have expanded the list of conditions, but have struggled to provide a biological basis for those classifications. It was only in the DSM-III that homosexuality was no longer listed as a 'disease' that needed treatment.

"These current categories are 'symptom complexes,' but there is overwhelming evidence that those 'symptom complexes' represent symptoms, not diseases. We do not treat all fevers with the same medication, we look for the hundreds of causes of fever. When we understand the cause we can treat the condition effectively.

"In our relatively recent history, the cause of two serious 'mental health disorders' autism and schizophrenia were ascribed to 'refrigerator mothers,' mothers who were cold and distant with their babies and children. We now understand that autism is a group of conditions, almost all of which have a genetic, biological basis, with the expression of the conditions being shaped by environmental effects: exposure to stress, to medications, to environmental chemicals such as PCBs or even insecticides.

"Dr. Thomas Inselm, the psychiatrist who headed the National Institutes of Mental Health, stated recently that the NIMH would no longer provide research grants based on DSM categories as those categories were not based on causes, but on symptoms, and future diagnostic categories and treatments would need to be biologically based.

"Physicians, including family practice, internists, pediatrician and psychiatrists are biologically and medically trained and can make that pivot to biologically defined and treated conditions. If this bill passes, few psychologists who have NO biological training will be able to make that pivot.

"Many of the psychologists trained at the 'free standing professional schools,' many of which have been called 'diploma mills' by the psychology community (even though accredited by a corrupt and failing American Psychological Association leadership) are not even adequately trained in the tenets of psychology and have dismal scores and pass rates on the national test for psychologists.

"In the State of Hawaii is located one of the more than 10 campuses of a free standing professional school called Argosy. The degree program at Argosy is a PsyD program (a doctoral degree without a research thesis as opposed to a PhD program). The scores and pass rates on the national psychological exam of graduates of that school are among the lowest in the nation. The number of graduates of that school far outnumber the graduates of the UH Manoa PhD, so an increasing number of psychologists in our state graduated from a school called a 'diploma mill' by many psychology students. This school has been accredited by the American Psychological Association along with a host of other questionable for-profit PsyD programs. The current version of SB 384 would accept those students as equal to university trained PhD students. That questions the credibility of the bill and its potential consequences.

"Claim: Psychologists have a proven record in the states that have approved their prescriptive privileges without evidence of harm.

"There are of cases of medication-induced psychosis and murder, of induced seizures and deaths, by psychologists who inappropriately prescribed medications. Since there has been no systematic evaluation of that issue it is likely that there are many more similar cases that have not been recognized.

"Claim: The American Psychological Association has appropriately accredited schools of psychology, and has set up accredited psychopharmacology training programs for prescribing psychologists, and has set up a national exam for prescribing psychologists.

"The American Psychological Association leadership for the past 10 years has been involved in collusion with our intelligence agencies to enrich themselves by approving and participating in 'advanced interrogation techniques' amounting to torture. This has been amply revealed in the recent (2015) Hoffman Report. This same leadership was promoting the prescription issue with disguised fees against its members and lost a \$9 million law suit over those fees filed by its own members. The membership of that APA was declining because of that flawed, unethical leadership. In response, many questionable free-standing for-profit professional schools were approved by that APA board which the APA hoped would boost their flagging membership. The result is a growing

number of licensed psychologists who have been trained at what their own membership calls 'diploma mills.'

"If there are any well trained psychologists who want to undertake the serious investment in time and training to understand and participate in the medical model, entrance to that training cannot be a degree approved by the American Psychological Association. There should be rigorous prerequisites showing an aptitude to understand the sciences that are the basis for the study of medicine. There should be evaluation of scores on tests designed to test the aptitude for such training such as the GRE or MCATS. The supervision of any prescribing psychologist would have to be under medical boards as the boards of psychology do not have the expertise, and have been part of a failing unethical professional organization. If psychologists want to become part of the medical system they cannot be supervised by a failed and corrupt parent organization. They must be trained and supervised by medical practitioners.

"Psychologists trained in the past when the DSM said homosexuality was a disease who have absolutely no biological training or orientation would be eligible to take this additional, inadequate training and would be allowed to prescribe medications they do not understand to treat an organ (the brain) they are not trained to understand biologically. These medications can affect all organs and systems of the body, which again psychologists have never been trained to understand or treat. They are unlikely to recognize the frequent severe side effects, much less have any knowledge of how to treat these side effects."

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative LoPresti rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Takayama rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Yamane rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Kobayashi rose to speak in opposition to the measure, stating:

"No vote and short comments. I believe that we should be voting on matters that promote the public interest, public safety, public health. I would note that many of these bills have to do with turf battles between organizations and between professions.

"In particular, we have been seeing these battles between professions in scope of practice seemingly a good deal more. Way back in the 1980s, someone suggested radically that if we were to have licensing under DCCA for professional, vocational, occupational groups, that a majority of members on these boards should be public members.

"But indeed what has happened is that, if you go to all of these professional, vocational boards, a majority of members are practitioners, people who have a direct interest in promoting their profession, their reimbursement, and not the public interest.

"In this particular case, that of prescriptive authority to psychologists, the test to be given, and the passing score of this test, is to be determined by the American Psychological Association's Practice Organization's college of practitioners.

"That middle group, the Practice Organization of the APA, is a legally separate group. That group was formed expressly to promote, quote, 'the marketplace interests,' unquote, of the practitioners.

"So it is this group that is to promote the marketplace interests of the practitioners that is supposed to develop a test and set the passing score. Is that the public interest?"

"I could go on about other matters, but I think that some of these matters may be addressed as we proceed. But for now, no vote, please."

Representative Tupola rose to respond, stating:

"Still in opposition. Can I have the comments from the Representative from Kahala inserted as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Tupola continued, stating:

"And just to kind of expound, most of the psychiatrists aren't saying that we're marketplace interest, because it's kind of nice, it's actually the lobbying arm of the organization. So it's not the educational arm of the organization. The lobbying arm would be the one to make the test and administer, to determine whether or not they would be fit to proceed to prescribe.

"And the other part of the preamble of the bill states that there's been not one incident of a psychologist prescribing and an adverse incident happening, but the shooting at FSU last year was a direct result of a psychologist prescribing in New Mexico. Two incidents following sent a four-year-old child to the ICU and a woman into a heart attack.

"So just to clarify, there's lots of different things moving around in this bill, but good points that he brought up is, if we are going to allow this, then whoever makes the test and makes it possible for them to prescribe to those individuals who need it, they should be a legitimate body and not a lobbying organization. Thank you."

Representative Yamashita rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Fukumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 384, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PRESCRIPTIVE AUTHORITY FOR CERTAIN CLINICAL PSYCHOLOGISTS," passed Second Reading and was referred to the Committee on Finance, with Representatives Cachola, Fukumoto, LoPresti, Matsumoto and Takayama voting aye with reservations, with Representatives Creagan, Kobayashi, McDermott, Tupola, Ward, Yamane and Yamashita voting no, and with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Belatti, for the Committee on Health, presented a report (Stand. Com. Rep. No. 1374) recommending that S.B. No. 305, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 305, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL MARIJUANA DISPENSARIES," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Belatti, for the Committee on Health, presented a report (Stand. Com. Rep. No. 1375) recommending that S.B. No. 174, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 174, SD 2, HD 1 pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Evans.

Representative Tupola rose to speak in opposition to the measure, stating:

"A no vote. The Department of Health has a process in place, a one-year process of how to add and delete possible additions to those who qualify, and I support their testimony. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 174, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL MARIJUANA," passed Second Reading and was referred to the Committee on Judiciary, with Representative Tupola voting no, and with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Creagan, for the Committee on Agriculture, presented a report (Stand. Com. Rep. No. 1376) recommending that S.B. No. 700, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Judiciary.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 700, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ANIMAL CRUELTY," passed Second Reading and was referred to the Committee on Judiciary, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative Creagan, for the Committee on Agriculture, presented a report (Stand. Com. Rep. No. 1377) recommending that S.B. No. 804, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 804, SD 1, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Evans.

Representative Onishi rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Morikawa rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition with long comments. Thank you. SB 804, the SD 1 version, was a good bill that would increase the amount of Pesticide Use Revolving Funds that could be maintained in the fund.

"According to the Department of Ag, these funds are used to support the pesticide program's registration and licensing, certification and education, and compliance monitoring activities. This fund could also be used to establish pesticide training workshops, educational programs, development of integrated pest management strategies, and other services that would benefit users of pesticides, such as structural pest control industry, ag pest control industry, and consumer users of pesticides.

"If our objective is to do something about the pesticide issue, this un-amended bill would have been a positive step forward. I'm disappointed that the prior committee has messed up a decent bill by bringing back some conversation we've had before.

"We have mandatory disclosure through HRS 149A-31.2. It's pesticide use posting online. In order to address better disclosure, the Department of Ag has started to expand the Kauai Good Neighbor Program to the rest of the State. The large ag companies on Kauai have been reporting usage since 2013. These companies have also implemented a minimum 100-foot buffer zone between RUP application areas and schools, medical facilities and residential properties, unless regulations by the EPA are stricter.

"Adding more reporting by commercial ag entities that annually purchase or uses in excess of a certain number of pounds or gallons of RUPs will be even more challenging for both the Department of Ag and the commercial ag entity, which is any individual, partnership, association, corporation, LLC, or organized group of persons that is engaged in commercial ag production.

"Do we know how many entities that would be? I see it as any farmer who may purchase RUPs having to also disclose all unregulated pesticides. It could even be a can of bug spray.

"I would need another 10 minutes to pick through the other bad parts of this bill, so let me just say that the amendments made will affect businesses, the University of Hawaii, the Department of Health, and there will not be a chance for their concerns to be heard.

"Mr. Speaker, we can work toward finding solutions to the pesticide issue that are based on facts and sound data, and I am committed to do that. We don't need to force through legislation that will have bad consequences to anyone who uses pesticides.

"Let's do what the Department of Ag recommends. Let's allow the statewide voluntary program time to become established, then let's support them with resources they will need to eventually accomplish a mandatory program that will work.

"The former House Chair of Ag fought tooth and nail to support and protect our ag industry. I hope that we can continue his legacy and be strong advocates for agriculture in Hawaii. Thank you, Mr. Speaker."

Representative San Buenaventura rose to speak in support of the measure, stating:

"In tepid support. My comments are this. I'm for disclosure. What I'm concerned about is the way this bill is drafted, and it's the lawyer in me, and I apologize about that.

"It refers to commercial agriculture entity, meaning individuals. That means you and I. It also does not identify commercial agriculture production, because that could just be regular people selling in farmer's markets.

"What I'm concerned about in my district are individuals who want to control little fire ants, who want to control the slugs that are killing my population with rat lungworm disease.

"I'm hoping that the next committee redrafts it so that individuals who just want to control invasive species are not going to be sanctioned. I don't want to have neighbor against neighbor, especially in my district. Thank you."

Representative Creagan rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Creagan's written remarks are as follows:

"I am writing in support of SB 804.

"I certainly support the first part of this bill as it came from the Senate expanding the money in the pesticide fund.

"I also support the second part of the bill which requires mandatory reporting of pesticide use, but point out that is only an annual report and that the minimums that would trigger that reporting is blank with the committee report requesting suggestions from the Department of Agriculture to subsequent committees.

"I think the most important part of this bill is the testing for chlorpyrifos.

"There is no doubt that chlorpyrifos causes neurodevelopmental birth defects, despite claims to the contrary. It has clearly and repeatedly been shown to be a teratogen. Teratogen is from the great and means 'monster causer.' In this case the harm is not usually visible, but as neural tissue is the target of this chemical, the effects are usually more subtle, such as with a cleft lip. On that note, chlorpyrifos can cause very impairing damage to the structure and circuitry of the developing brain of the fetus. Pertaining to fetuses which tested positive for chlorpyrifos, follow-up studies have shown autism and cognitive impairment of the individuals.

"Studies done in New York at or in conjunction with Columbia University have demonstrated the pernicious effects of chlorpyrifos when used indoors.

The EPA banned chlorpyrifos for indoor use in 2001 and was supposed to announce another decision to ban chlorpyrifos from application to food crops on March 31, 2017. However, on March 29, it was announced that Scott Pruitt overruled his own scientists about the decision to ban chlorpyrifos from use on food crops.

"With no new ban, spraying of large amounts of chlorpyrifos will likely continue on Kauai and other islands where seed corn is grown.

"The last part of the bill asks the University of Hawaii to examine the first stool of newborns, termed meconium, which starts accumulating in the fetus at about 16 weeks gestation and continues accumulating for 24 weeks, until birth. That proposed study, similar to one done in New York, will show if unborn fetuses, the most vulnerable part of our population, are being exposed to this chemical. If so, we need to find and eliminate the source."

Representative Nakamura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Quinlan rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Takayama rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Yamane rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ito rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I have the concerns that the Representative from Puna has mentioned, and I guess my biggest concern going forward, and the next committee can examine it, if we're going to be serious about pesticides and look to the science, then we need to look at all of our users of pesticides, Mr. Speaker. That'll give us the data, like California and the European Union have collected, to make sound policy decisions.

"We can go back to heptachlor and that experience, to know why it's important to look at all large users. In my district, we have people who have health issues, but none of the entities in this bill exist in my district. However, many unnamed entities do, that are using large-use pesticides that may or may not remain restricted under the new EPA.

"So I'm hoping as this conversation continues we can look at all sources of pesticide pollution, so we can come up with good strong data. I think that might be the middle point that we're trying to seek. Thank you."

Representative LoPresti rose to speak in support of the measure, stating:

"In support. Just like to have the words of the Chair of Higher Education entered as if they were my own," and the Chair "so ordered." (By reference only.)

Representative LoPresti continued, stating:

"I agree with the Representative from Puna as well, and I think that language can be fixed. But I did just want to make a brief comment about, there's always this rhetoric about supporting education and prevention, and there's volunteer programs, but again, these volunteer programs take in incomplete data.

"Any time, it seems at least in the last couple of years, there's been bills that talk about reporting requirements so we can collect data, people rage against that, and say, well, if there was data then they'd support limits on the chemicals, but then they don't allow bills to move forward that actually collect data. So that kind of double talking can't stand for too long. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 804, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAII PESTICIDES LAW," passed Second Reading and was referred to the Committee on Finance, with Representatives Ito, Matsumoto, Nakamura, Quinlan, Takayama, Tupola and Yamane voting aye with reservations, with Representatives Morikawa, Onishi and Tokioka voting no, and with Representatives Aquino, DeCoite, Har, Ichiyama, Lee and Thielen being excused.

Representative McKelvey, for the Committee on Higher Education, presented a report (Stand. Com. Rep. No. 1378) recommending that H.R. No. 50 be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 50, entitled: "HOUSE RESOLUTION REQUESTING THE ESTABLISHMENT OF A PHILIPPINES-HAWAII TOURISM COLLEGE STUDENT EXCHANGE PROGRAM COMPACT," was referred to the Committee on Finance, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee, Souki and Thielen being excused.

Representative McKelvey, for the Committee on Higher Education, presented a report (Stand. Com. Rep. No. 1379) recommending that H.C.R. No. 88 be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 88, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE ESTABLISHMENT OF A PHILIPPINES-HAWAII TOURISM COLLEGE STUDENT EXCHANGE PROGRAM COMPACT," was referred to the Committee on Finance, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee, Souki and Thielen being excused.

Representatives Brower and Yamane, for the Committee on Housing and the Committee on Water & Land, presented a report (Stand. Com. Rep. No. 1380) recommending that H.C.R. No. 13 be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committees was adopted and H.C.R. No. 13, entitled: "HOUSE CONCURRENT RESOLUTION APPROVING THE SALE OF THE LEASED FEE INTEREST IN 41-529 INOAOLE STREET, WAIMANALO, HAWAII," was referred to the Committee on Finance, with Representatives Aquino, DeCoite, Har, Ichiyama, Lee, Souki and Thielen being excused.

Representatives Brower and Yamane, for the Committee on Housing and the Committee on Water & Land, presented a report (Stand. Com. Rep. No. 1381) recommending that H.C.R. No. 14 be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committees was adopted and H.C.R. ANNOUNCEMENTS

Representative Ward: "Mr. Speaker, as we all know, Monday is a holiday, and it's Kūhiō Day, and I have a couple of historical facts to remind the body that it's not just a day off, but it's a very significant day. His birthday is on Sunday, but we actually have Monday as a holiday. But some of the things that some of us, I know before I researched this, I didn't actually realize.

"He was of the lineage from the Chief of Kauai, and his grandfather was Kūhiō Kalaniana'ole of Hilo, and also the grandfather Jonah Pī'ikoi of Kauai. So his lineage was actually multi-island, neighbor island.

"He became an orphan when his father died in 1878, and he was adopted by the wife of King Kalākaua, Queen Kapi'olani, and when the House of Kalākaua came to power, Kalaniana'ole was appointed to the royal cabinet, but then was the overthrow, and he fought against the overthrow, and he got thrown in jail for one year. He subsequently was exiled. He was exiled in Europe, and actually put Hawaii on the map because they treated him as royalty, as he was, and as was the kingdom still in the minds of most Europeans.

"Then in September 1, 1902, he joined the Republican Party, that was the era of the Teddy Roosevelt party, and he was nominated and elected to Congress. One of the big things he did when he was in the political arena, he instituted local government, and the county system of which we have today, and including the civil service.

"And then in 1919, he became the first ever to introduce Hawaii as a state. Now, it took 40 years for that to happen, but he was the first one to initiate that. I actually hadn't known that, but it was in 1919.

"Then the historic one, which most people will remember, and I remember most dearly, is the Organic Act of 1921 that established the Hawaiian Homes Commission, which he is most known for. But what most people don't know, he didn't have a vote in Congress. He's like, right now we have the American Samoa delegates, we have Virgin Islands, we have Puerto Rico, they don't have a vote. They have influence. So it tells you the Prince Kūhiō character and charisma, he got everybody to vote unanimously for the Hawaiian Homes Commission Act.

"He died then in 1922, but I think his legacy lives on, particularly in those of us who would like to see that 96-year-old act, i.e. the Hawaiian Homes Act, to where there were 203,000 acres put aside for the Hawaiians to restore not only their land but their dignity, and today, Mr. Speaker, 27,000 Hawaiians are still waiting for that.

"But because of this man, because of that, it's not just a holiday for the beach or for other purposes, but this was a man of significance. Not because he was a Republican, but because he had the long range, he had the people in mind, and hopefully someday his legacy will be fulfilled by all the Hawaiians' land and dignities being returned to them. Thank you, Mr. Speaker, and thank you all for your indulgence of this little fact of history."

Representative Tupola: "I just wanted to say I'm grateful for all of our staff members, the clerks, the sheriffs, but today it's actually one of my staff member's birthdays, and he sits right there every day, so I wanted to wish my staff member Kaeo a happy 23rd birthday. Thank you."

Representative Belatti moved that H.R. No. 151 be adopted, seconded by Representative Morikawa.

Representative Belatti shared Hawaii's deep roots in *'ohana*-related traditions across all cultures and how family is revered as a cornerstone of society, recognized how medical advances and assisted reproductive technology allow families with infertility issues the opportunity to grow and thrive, commended the Hawaii State Legislature of 1987 for the foresight to pass the nation's second in vitro insurance law, and recognized the IVF providers in Hawaii and advocates who were seated in the gallery:

Pacific In Vitro Fertilization Institute: Dr. Carl Morton, Dr. Bruce Kessel and Dr. Celia Dominguez;
Advanced Reproductive Center of Hawaii;
IVF Hawaii;
Fertility Institute of Hawaii;
Tripler Army Medical Center IVF Institute; and
Planned Parenthood of Hawaii and ACLU of Hawaii advocates.

Representative Morikawa recognized the physician leaders who helped enact Hawaii's IVF insurance law who were committed to helping Hawaii's families, celebrated the 30th anniversary of Hawaii's in vitro fertilization insurance mandate, and introduced honorees who were seated on the Floor of the House:

Pacific In Vitro Fertilization Institute:
Dr. Philip McNamee, Former Executive Director;
Dr. Thomas Kosasa, Executive Director;
Dr. Thomas Huang, Laboratory Director;

Mr. and Mrs. Janice and James Low, and their daughter, Jacquelyn Low, the first baby born in the State of Hawaii from in vitro fertilization; and

Nicholas Lockwood, fifth grader at Punahou School, advocate for IVF. He was accompanied by his mother, Mrs. Carol Lockwood, who was seated in the gallery.

Representative Har recognized Dr. McNamee as a wonderful and caring person, recognized Dr. Kosasa as a supporter of the Hawaii Symphony Orchestra, recognized Dr. Dominguez as someone with a big heart, and thanked Pacific In Vitro Fertilization Institute for their service.

Representative Kobayashi noted how motherhood and apple pie are not necessarily without controversy.

The motion was put to vote by the Chair and carried, and H.R. No. 151 was adopted, with Representatives Aquino, McKelvey, Oshiro and Say being excused.

At 12:24 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

Representative Saiki moved that the report of the Committees be adopted, and that H.C.R. No. 106, HD 1 be referred to the Committee on Finance, seconded by Representative Evans.

Representative Evans rose to speak in support of the measure, stating:

"Thank you. I want to thank the chair and the committee in moving this forward. Clearly, the Division of Boating and Ocean Recreation has so many challenges, and in Hawaii district we can't even seem to manage our, and being able to address issues coming because of the stormy seasons, and how it harms our harbors and the kind of response that we have.

"So I am very pleased that we're moving this forward, and hopefully we can figure out internally what maybe we can do to change the performance of that division. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Also in support, Mr. Speaker. I didn't realize anybody else was standing up. But there's only a couple of boaters in the building, so I'll basically echo what the previous speaker said. We've actually passed laws to help our boating community, which are like pre-approval of permits, which are not even being followed.

"I mean, this is the tip of the iceberg, so I thank the Water & Land Chair greatly for moving this forward, and I hope this measure will continue to get attention and conversation, because the small boating division is almost getting close to the airports, as far as dysfunctionality goes. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and H.C.R. No. 106, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO CONDUCT A PERFORMANCE AUDIT OF THE DEPARTMENT OF LAND AND NATURAL RESOURCES' DIVISION OF BOATING AND

(Stand. Com. Rep. No. 1540) recommending that H.R. No. 62 be adopted; and

(Stand. Com. Rep. No. 1541) recommending that H.C.R. No. 104 be adopted.

Representative Saiki moved that the reports of the Committee be adopted, and that H.R. No. 62; and H.C.R. No. 104 be adopted, seconded by Representative Evans.

Representative Ward rose to speak in support of both measures, stating:

"Mr. Speaker, I rise in support of resolutions 1540 and 1541. Mr. Speaker, the polls after polls after polls put the economy and jobs as the most important issue. This is really a job creation bill. I know it's something that's controversial, but it's been, I would say, probably eight years at least that we have, as a potential Saudi Arabia, kept our hands tied behind our back.

"This by the Federal Government has loosened those ties, and it's going to create a lot of good-paying jobs. And I know there are some who see this as an environmental slaughter, but in effect, there are a lot of safeguards that the environment will be protected.

"But, Mr. Speaker, it's about the people who live in the environment, they need jobs, and our people are hurting. This state alone has, during the Star-Advertiser's survey, one paycheck, half of our people are one paycheck away from homelessness. We need jobs, this is a good job creation bill. Thank you."

Representative LoPresti rose to speak in support of both measures, stating:

"In support. Just wanted to kind of clarify and correct a statement. The total number of jobs that the pipeline will create is about 30, and that's the risk that is being foisted upon the environment for about 30 jobs, permanent jobs."

Representative McDermott rose to speak in support of both measures with reservations, stating:

"Reservations, Mr. Speaker, and a brief comment. I don't know why we're worried about what's going on in the Dakotas when we have so many problems here at home, like the homeless to work on. Thank you, sir."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 62, entitled: "HOUSE RESOLUTION EXPRESSING THE SUPPORT OF THE STATE OF HAWAII FOR THE RIGHTS OF THE INDIGENOUS PEOPLE OF NORTH DAKOTA TO PRESERVE THEIR CULTURAL HERITAGE AND ACCESS TO CLEAN WATER," was adopted, with Representative McDermott voting aye with reservations, and with Representatives Aquino, Nakashima, Onishi, Oshiro, Say, Thielen and Todd being excused; and

No. 104, entitled: "HOUSE CONCURRENT RESOLUTION EXPRESSING THE SUPPORT OF THE STATE OF HAWAII FOR THE RIGHTS OF THE INDIGENOUS PEOPLE OF NORTH DAKOTA TO PRESERVE THEIR CULTURAL HERITAGE AND ACCESS TO CLEAN WATER," was adopted, with Representative McDermott voting aye with reservations, and with Representatives Aquino, Nakashima, Onishi, Oshiro, Say, Thielen and Todd being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1542) recommending that H.R. No. 114 be adopted.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 114, entitled: "HOUSE RESOLUTION REQUESTING THE UNITED STATES CUSTOMS AND BORDER PROTECTION TO ESTABLISH A CREWMEMBER'S VISA FOR FOREIGN CITIZENS WORKING IN THE COMMERCIAL FISHING INDUSTRY," was adopted, with Representatives Aquino, Nakashima, Onishi, Oshiro, Say, Thielen and Todd being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1543) recommending that H.C.R. No. 187 be adopted.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 187, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE UNITED STATES CUSTOMS AND BORDER PROTECTION TO ESTABLISH A CREWMEMBER'S VISA FOR FOREIGN CITIZENS WORKING IN THE COMMERCIAL FISHING INDUSTRY," was adopted, with Representatives Aquino, Nakashima, Onishi, Oshiro, Say, Thielen and Todd being excused.

Representative Nishimoto, for the Committee on Judiciary, presented two reports:

(Stand. Com. Rep. No. 1544) recommending that H.R. No. 76, as amended in HD 1, be adopted; and

(Stand. Com. Rep. No. 1545) recommending that H.C.R. No. 125, as amended in HD 1, be adopted.

Representative Saiki moved that the reports of the Committee be adopted, and that H.R. No. 76, HD 1; and H.C.R. No. 125, HD 1 be adopted, seconded by Representative Evans.

Representative Tupola rose and asked that the Clerk record a no vote for her on both measures, and the Chair "so ordered."

Representative McDermott rose to speak in opposition to both measures, stating:

"Mr. Speaker, a no vote and some brief comments. This is sanctuary state lite, if you will. Well, if you go to the committee report, it says, clarifying that the enforcement of federal immigration laws is a function as reserved to the Federal Government. I mean, that's self-explanatory. Clarifying that the costs associated with the federal immigration law should not be borne by the local law enforcement.

"Basically, what they're trying to say without saying it is, don't honor these detainees. When I was in committee, I asked, does this bill apply to, they said it applies to all immigrants. I said, does it apply to illegal immigrants? And the response I got, it applies to all immigrants.

"There is a difference between people who come here legally, and people who don't come here legally. You're violating the law. We sit here all day and make laws. We don't have the option of what laws we want to choose to follow and what laws we don't.

"We've seen an evolution in language from the left. It used to be illegal immigrant, then it's undocumented worker, now they're just immigrants. My wife's an immigrant. She's not a U.S. citizen. She wasn't born in the United States. But she came here legally, is going through the process. Why should some people have to do it legally, and others not?

"And I cannot understand why attorneys, officers of the court, would purposely support or engage in a behavior that says, well, those laws really, wink and a nod, they're not real laws, we don't care about those laws, these are the important laws. Right?

"Imagine if I was allowed to do that. There are certainly laws that I don't like, but I have to follow the law. And if I put a resolution forward that said we shouldn't follow this law or that law, well, it would never be heard, but aside from that, it would be laughed out of committee. Because we are a nation of laws.

"There is a difference between following the rules, coming here legally, going through the process. If you don't like those rules, talk to your Congressional delegation and have them change them. In 2008, they controlled both the Senate and the House and the presidency. They didn't do it, so it wasn't important.

"But the bastardization of the language is a problem, because there are differences between legal immigrants, who come here legally through the process, and illegals who cross the borders and come here illegally. A country has to have borders. A country has to have security. And that is what, this is a sanctuary state lite. It's not very egregious, but the intent is there, and I am very discouraged by it, sir. Thank you."

Representative Ward rose to speak in opposition to both measures, stating:

"Mr. Speaker, in opposition. Mr. Speaker, this is about sanctuary cities, and it's about to make us one of those comparable, I guess as a state. But I would bring to the members' attention that the Council on Revenues just hit us with \$500 million shortfall of the taxes that we're going to hit. This potentially is another half a billion dollar shortfall, because we are so dependent upon federal funding.

"And when this resolution gets publicity, as a poke in the eye of the Trump Administration, we are already hurting because we don't have a Senator Inouye, we don't have a President Barack Obama who, with a lot of the funding, has always been able to mark it up, just on the basis of who they were.

"So, Mr. Speaker, this is a jeopardization of our fiscal state. We think it's going to be for immigrants, but I think it's going to be turning against us. As some of my colleagues remind me of a certain age, colleagues, let's stay woke. This is not a good policy for the future of this state. Thank you."

Representative LoPresti rose to speak in support of both measures, stating:

"In strong support. I think it bears some comments in support of this. There is a difference between legal and illegal immigrants, Mr. Speaker, especially when it comes to public safety.

"When it is known that you have people of unsure immigration status in a community or who are known to be perhaps illegal immigrants, they become victims of crime, because they know that if they call the cops, they're going to come, and they're not going to protect them from the criminals, they're just going to deport them and separate them from their children and their families.

"And so the sanctuary status that this may or may not approximate, in my opinion, is a very important and good thing for human decency and safety of human beings who may become victims of crime and would otherwise be afraid to ask for law enforcement's help in protecting them, or solving crimes of which they are victim.

"So without this sort of thing, they're known targets to criminal entities. And in states across this country where they don't have these kinds of protections and law enforcement agents are required to contact ICE, immigration enforcement, this is where these problems become especially egregious.

"I just came from the Fusion Center this morning, that's why I missed roll call, and we had the meeting in the immigration center, where people take the vow of their citizenship, and we had the FBI, and Homeland Security, and HPD, and HFD, and every acronym under the sun in this state there, in that room. Except ICE, actually, they weren't there.

"So these law enforcement agencies and national security agencies communicate all the time, when it comes to public safety. But when it comes to something like this, it's important, I think, to protect human beings from criminals, regardless of immigration status. Thank you."

At 12:50 o'clock p.m., Representative Souki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:54 o'clock p.m.

Representative San Buenaventura rose to speak in support of both measures, stating:

"I stand in support of the resolutions. I am mindful of the current presidency and his talks against the sanctuary city. So I ensured that when the resolution was passed, I removed the language regarding sanctuary cities.

"So the resolution urges the county and the State not to use state resources for enforcement. As I stated, because there was publicity, to a reporter, if the feds want us to use resources, they need to provide the funds. Because we are in a state of budgetary crisis now.

"I also want to point out that soon after this resolution was passed, at least on my island, the Kona coffee farmers came out. They wanted to assure their workers that they themselves did not want to force the issue of immigration. They wanted to ensure that their crop keeps getting to be harvested.

"So this resolution is timely, because there are new immigrants who are concerned, but I am also mindful, and I want to reassure the members, that I removed those areas referring to this state being a sanctuary state. Thank you very much."

Representative McDermott rose to respond, stating:

"Mr. Speaker, I do not dispute what the Chair says. I refer to this as sanctuary city lite. And, again, immigrants shouldn't be concerned, not if they're here legally. Not if they're here legally. If they're here illegally, they've broken the law.

"And so what laws, Mr. Speaker, am I allowed to disregard? Am I allowed not to make that cake for the gay wedding? Oh, boy, I'll be shackled and tied up and taken away."

The Chair addressed Representative McDermott, stating:

"Representative, stay on the merits of this resolution, though."

At 12:56 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:57 o'clock p.m.

At this time, the Chair stated:

"Before the Chair recognizes Representative McDermott, just wanted to cite one of the rules. Rule 27.7 provides that it is not the person but the measure that is the subject of debate.

"Members, it's really simple. If you're talking about a resolution or a bill, focus your floor speech on the merits of the resolution or bill. An example would be, why is this bill or resolution good for the State of Hawaii or bad for the State of Hawaii? Thank you very much."

Representative McDermott continued, stating:

"Thank you, Mr. Speaker. I go back to, again, laws. What laws am I allowed to disregard? The Chair said the Kona farmers telling their immigrants, don't worry. Well, if they're here legally, they don't have to worry, because they're here legally, because they went through the process. If they're here illegally, then they're here illegally.

"We're a nation of laws, a country of laws. That's what we do here, is pass laws all day long. And well, but these aren't the real laws. We don't have to enforce these.

"My Ewa Beach colleague brought up the criminal issue. I suppose that could be a real issue, but it's not mentioned anywhere in this doggone resolution.

"The resolution talks about us being a welcoming state. Of course we are. The resolution talks about welcoming diverse and rich cultures. Of course we do. The resolution talks about how immigrants have made us better. Of course they have.

"But we are talking about illegal immigration, and this is kind of a, well, it's sanctuary lite, if you will, that's my definition of it. And this is another thumbing our nose at the Federal Government, I do believe, certainly in the spirit of it.

"And if that's the case, if we pass the tax bill, the presidential candidates have to do their tax bill, we pass this, we take other actions. Every day, I see the Congressional delegation flooding out with negative press releases.

"Why would they help us? It could put funding, certainly DOJ grants, if I'm the attorney general I'd look at this, no DOJ grants for the State of Hawaii. And they just said that the other day. So we're willing to forego that. What other funding are we going to put at jeopardy? The rail, \$1.5 billion? Hawaii doesn't do anything for them. In fact, we're being antagonistic towards them.

"So I just go back to, if it's the law, it's the law. And you may not like the law, like there are laws that I certainly don't like, Mr. Speaker. And I fought here on this floor to defeat them, and I lost. But they are the law. And I must respect them, because they are the law.

"Now if you don't like the law, change the law. But the law is the law. It is what it is. So, we either are a nation of laws or we're not. And I don't like this wink and nod, well don't worry, it's not really a law, we're not really going to enforce it, don't worry about it because we don't want to enforce it, we don't agree with it. You will have chaos and anarchy if that's the way we proceed as a culture and a community. Thank you."

Representative Choy rose and asked that the Clerk record a no vote for him on both measures, and the Chair "so ordered."

Representative Ward rose to respond, stating:

"Thank you, Mr. Speaker. I just want to clarify a couple of things. First is to thank the Big Island Representative for the wordsmithing. She was very careful to say the words that didn't connote sanctuary cities, but I think it was Shakespeare who said a rose by any other name, and the other famous saying of, if it walks like a duck, looks like a duck, probably it's going to smell and be a duck.

"And my point is, this is really not a sanctuary bill, it's a budget bill. That's what I'm trying to connote to my colleagues. This is a budget bill. We are 20% dependent on federal funds, and growing.

"If we're going to help 1,000 people and jeopardize the 1.4 million people in this state, that's penny wise and pound foolish, Mr. Speaker. This is not a sanctuary bill, it's a budget bill, and it's going to hurt us all. Thank you."

Representative Tokioka rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker. A no vote and just a short comment. I, too, agree with the Representative from Hawaii Kai, that the introducer of this resolution took a lot of time crafting the language together.

"But there's particularly one whereas that I have a hard time supporting, and this particular resolution is unlike the 90% of the resolutions that we've passed before that are going to their next committee, this one is for final reading. And the whereas says, local law enforcement agencies should not be, not be required to bear the immense financial burden of enforcing federal immigration laws.

"So the concern that I have with that is, our sheriffs here, our local police department, they are bound to serve and protect. And if this thing becomes an issue that they have to support the federal immigration law enforcement, then that's what they need to do, and we're telling them that they shouldn't be doing that.

"And I know that the author of the resolution was trying to delicately put things in place, and I think all of us have concerns with what's happening in the Federal Government.

"But if you look at the language in that, and it says it in the whereas, and it also talks about it in the be it resolved. So as we all know, in resolutions, that the meat of the issue is in the be it resolved. And in the second to the last be it resolved, it mentions the State and the counties not working with the Federal Government. So for that reason, Mr. Speaker, I have a no vote."

Representative Kong rose in opposition to both measures and asked that the remarks of Representative Tokioka be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Tupola rose to respond, stating:

"I just wanted to also thank the introducer for clarifying parts of it, because I think the concerns she had regarding the amount of money used, it's a valid concern.

"But again, as alluding to what the Representative from Kauai said, when I read this be it resolved where it says that the State of Hawaii and its political subdivisions recognize that immigration is a federal function and that local law enforcement agencies should decline to work with federal immigration agencies. Not to go into too much detail, but I am married to a law enforcement officer and there's certain things that they are not allowed

to decline. And I can't go into detail about that, but I would say that within law enforcement, they have to determine things like that, between them and the Federal Government.

"There's been so many times when Federal Government has asked, come into the State and asked for extra support, and they have to determine that, based upon safety, based upon the protecting of the citizens. So I don't want to intervene into something that I don't understand necessarily, and especially when it's on a case-by-case basis, that they should have the right to decide, that we shouldn't tell people to step out of things like that.

"That's where my reservation was. But I think if it said, to decline to work without pay, I don't know, from the Federal Government, maybe? Because they cover some of the costs, but not all of it, let's be honest, they don't cover all the costs when they come to Hawaii and ask for all HPD guys to surround their federal motorcade.

"But what I'm trying to say is, in that, the way that it's written right there, I have concerns. Thank you."

Representative Ing rose to speak in support of both measures, stating:

"In support. I just wanted to thank the introducer for moving this forward. This is a very emotional issue. On the one hand you have talks about human rights and xenophobia. On the other side, well, depending where you're looking at it from, but rather than looking at it emotionally, I think it helps to make decisions based on evidence and precedent and reason.

"And if you actually look at states or cities who have moved this sort of legislation, you'd see that they're actually safer. And it's a states' rights issue, really. You have a federal government, for whatever department, is going to conscript our local law enforcement, without funding, to do their work. That should be something that anyone who believes in states' rights should stand up against.

"Lastly, no person is illegal. Someone's status could be illegal, but humanity isn't determined by law. You're going to be a person no matter what. Lastly, just for the record, in America, there was no such thing as illegal, or legal, immigrants for the majority, actually, matter of fact, undocumented citizens or undocumented residents could vote for the majority of America's existence. Thank you."

Representative Hashem rose, stating:

"Point of personal privilege. I would like to ask the author a question. On page three, line 33, does—"

At 1:07 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:08 o'clock p.m.

Representative Hashem rose, stating:

"I withdraw my request. Thank you."

Representative Lee rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. In support. I appreciate the comments that have been made by a number of our colleagues on both sides of the aisle. I'd just like to respond, I think, to some of the discussion earlier by just noting that I don't think we should be afraid to hold our leaders accountable. As citizens of this nation, it is, in fact, our highest obligation. Thank you."

Representative Belatti rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. In support, just brief comments. Local jurisdictions that participate in immigration enforcement often end up in court and held liable for constitutional violations.

"Local police, acting upon ICE detainer requests, have faced liability for unlawful detentions in violation of the Fourth Amendment and due process

clause. They have also been sanctioned by courts for violating prohibitions against racial profiling, especially under 287(g) task force agreements.

"To the degree that we are a country, a state, that's based on the rule of law, we should not be enforcing unconstitutional actions by the Federal Government. Thank you, Mr. Speaker."

Representative Har rose in opposition to both measures and asked that the remarks of Representative Tokioka be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Takumi rose to speak in support of both measures, stating:

"Thank you very much, Mr. Speaker. In support. I'd just like to make one observation. One speaker mentioned that the United States is a nation of laws, and I think we can obviously agree with that. But it's easy to forget we're also a nation that believes when citizens are faced with laws that they believe to be unjust, that they have the right to do something about it. In other words, violate the law.

"I think we can go back to 1773, when a bunch of terrorists led by Samuel Adams went on three ships in the Boston Harbor and threw over hundreds of containers of tea. The British thought they were common thugs. I guess they would be termed terrorists today. But they thought that they were doing the right thing. And today, in American history, they are indeed patriotic Americans. And U.S. history has been filled with examples of this, whether it's the Underground Railway, whether it was Rosa Parks refusing to go to the back of the bus, and so on.

"So, yes, while we're a nation of laws, we're also a nation that believes, when confronted with something that is unjust, they have a duty to oppose it. Thank you."

Representative Matsumoto rose and asked that the Clerk record a no vote for her on both measures, and the Chair "so ordered."

Representative Lowen rose in support of both measures and asked that the remarks of Representative Belatti be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ito rose in opposition to both measures and asked that the remarks of Representative Tokioka be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 76, HD 1, entitled: "HOUSE RESOLUTION DECLARING HAWAII TO BE A HO'OKIPA (WELCOMING) STATE," was adopted, with Representatives Choy, Har, Ito, Kong, Matsumoto, McDermott, Tokioka, Tupola and Ward voting no, and with Representatives Aquino, Nakashima, Onishi, Oshiro, Say, Thielen and Todd being excused; and

H.C.R. No. 125, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION DECLARING HAWAII TO BE A HO'OKIPA (WELCOMING) STATE," was adopted, with Representatives Choy, Har, Ito, Kong, Matsumoto, McDermott, Tokioka, Tupola and Ward voting no, and with Representatives Aquino, Nakashima, Onishi, Oshiro, Say, Thielen and Todd being excused.

Representative Woodson, for the Committee on Education, presented a report (Stand. Com. Rep. No. 1546) recommending that H.R. No. 16, as amended in HD 1, be adopted.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 16, HD 1, entitled: "HOUSE RESOLUTION URGING PRIVATE SCHOOLS IN HAWAII TO CONSIDER OFFERING OR CONTINUE OFFERING HAWAIIAN LANGUAGE INSTRUCTION AS AN OPTION OR AN ELECTIVE IN THEIR ACADEMIC CURRICULUM," was adopted, with Representatives Aquino, Nakashima, Onishi, Oshiro, Say, Thielen and Todd being excused.

Representative Woodson, for the Committee on Education, presented a report (Stand. Com. Rep. No. 1547) recommending that H.C.R. No. 37, as amended in HD 1, be adopted.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.C.R. No. 37, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING PRIVATE SCHOOLS IN HAWAII TO CONSIDER OFFERING OR CONTINUE OFFERING HAWAIIAN LANGUAGE INSTRUCTION AS AN OPTION OR AN ELECTIVE IN THEIR ACADEMIC CURRICULUM," was adopted, with Representatives Aquino, Nakashima, Onishi, Oshiro, Say, Thielen and Todd being excused.

ANNOUNCEMENTS

Representative Matsumoto: "Thank you, Mr. Speaker. I wanted just to announce that yesterday was the first day for the Easter basket drop off for the Women's Legislative Caucus. You can drop off baskets in my office in 303.

"The first reps to actually drop off were, I want to congratulate Representative Ito and Representative San Buenaventura for dropping off the first baskets. And it was just asked, instead of using Easter baskets this year, if you can use tote bags or laundry baskets, they're really looking for household items this year, that would be useful.

"And they're doing something a little different. If you want to put together a kid's basket, something in a backpack, they have 62 kids this year that will be needing something for Easter. So we'll keep you updated as we go forward, but the drop off has begun. Thank you."

Representative Creagan: "I'd like to announce that there is going to be an informational briefing today to honor Harry Ako for hemp research at 1:15 p.m. in Room 224."

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS
(FLOOR PRESENTATIONS)

The following resolution (H.R. No. 152) was announced by the Clerk and the following action taken:

H.R. No. 152, entitled: "HOUSE RESOLUTION RECOGNIZING THE PACIFIC AND ASIAN AFFAIRS COUNCIL FOR PROMOTING GREATER AWARENESS AND UNDERSTANDING OF FOREIGN AFFAIRS ISSUES IN HAWAII AND THE ASIA-PACIFIC REGION BY BUILDING BRIDGES, INSPIRING YOUNG LEADERS AND DEVELOPING GLOBAL CITIZENS," was offered by Representative LoPresti.

Representative LoPresti moved that H.R. No. 152 be adopted, seconded by Representative Takumi.

Representative LoPresti commended the Pacific and Asian Affairs Council (PAAC) for bringing the world to the State of Hawaii for over 60 years, engaging our community on global issues, fostering international understanding, and preparing the next generation of global leaders through their Global Leadership Program.

Representative Takumi shared how PAAC connects current and emerging leaders from the Asia-Pacific region with their professional counterparts in Hawaii, how their vision is for the people of Hawaii to be engaged global citizens that create positive change for themselves, their communities and the world, and recognized and introduced honorees who were seated on the Floor of the House:

Ms. Ana Reidy Ungureit, Special Events & Communications Director;
Mr. Jason Shon, High School Director;
Ms. Merle Grybowski, Director of Teacher Training;
Ms. Niki Shishido, Executive Director;
Ms. Erica Nakanishi-Stanis, High School Study Tour and Competition Coordinator, who was seated in the gallery; and
Ms. Erin Hoshibata, International Visitor Leadership Program Coordinator & Grant Writer, who was seated in the gallery.

Representative Ward noted that the future of Asia-Pacific is centered right here in Hawaii, and congratulated the honorees and encouraged them to keep up the good work.

The motion was put to vote by the Chair and carried, and H.R. No. 152 was adopted, with Representatives Aquino, Fukumoto and McDermott being excused.

The following resolution (H.R. No. 153) was announced by the Clerk and the following action taken:

H.R. No. 153, entitled: "HOUSE RESOLUTION RECOGNIZING THE HONOREES AND DISTINGUISHED FINALISTS OF THE BOYS & GIRLS CLUBS – STATE OF HAWAII'S 2017 YOUTH OF THE YEAR AWARDS," was jointly offered by Representatives DeCoite, Oshiro, Todd, Tokioka and Yamashita.

Representative Yamashita moved that H.R. No. 153 be adopted, seconded by Representative DeCoite.

At 12:37 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:00 o'clock p.m.

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering certain Senate Bills for Third Reading by consent calendar. (Representatives Choy, Har, McKelvey and Oshiro were excused.)

UNFINISHED BUSINESS

Representative Takumi, for the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 1554) recommending that S.B. No. 1264, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1264, SD 1, HD 2 pass Third Reading, seconded by Representative Evans.

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"With strong reservations, because of the amendment. Just really short comments. Security guards are generally a very low-paying job. And I understand why we would want them to jump through hoops to ensure that they are qualified in their positions.

"However, there are huge delays right now in approving security guards for their positions, especially when there are special events. We not only compromise the safety of the special events because there won't be enough security guards, but we also prevent people who need these jobs from going to work. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1264, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO SECURITY GUARDS," passed Third Reading by a vote of 47 ayes, with Representative San Buenaventura voting aye with reservations, and with Representatives Choy, Har, McKelvey and Oshiro being excused.

Representative Takumi, for the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 1555) recommending that S.B. No. 611, SD 1, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 611, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO FIRE SPRINKLERS," passed Third Reading by a vote of 46 ayes to 1 no, with Representative Ward voting no, and with Representatives Choy, Har, McKelvey and Oshiro being excused.

Representative Takumi, for the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 1556) recommending that S.B. No. 514, SD 1, as amended in HD 1, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 514, SD 1, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Cachola rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'll be voting no on this, Senate Bill 514, SD 1, HD 1. And the reason for that is, we are playing with people's lives. The rationale that big drug companies like CVS, Longs Drugs, whatever, but there are a lot of small drug stores all over the place in the State of Hawaii, and if we are going to allow this to happen, and they cannot more or less treat patients which will more or less react to the drugs, then what happens? And that's why I have a lot of concerns about this, and hopefully they can fix it to address those concerns. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Mr. Speaker, my concern is that are these clinics, the three-minute clinics or the CVS pharmacy, morphing into basically treatment centers?

"You can get treatment, and now if you can get treatment in the CVS/Longs three-minute clinics, you've got to be able to get the drugs. So I'm wondering if one is leading the other, it's back and forth, but it looks as though it's moving in that direction.

"And my concern is, we're not sure where that goes, and one of the members of the Health Committee said they don't know any of the downsides on some of the things that they have in this bill that have been prescribed. Are there any bad influence or effects if it's administered incorrectly? And those are the reasons for my reservation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 514, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 43 ayes to 4 noes, with Representative Ward voting aye with reservations, with Representatives Cachola, Kong, McDermott and Tupola voting no, and with Representatives Choy, Har, McKelvey and Oshiro being excused.

At 1:04 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1264, SD 1, HD 2
S.B. No. 611, SD 1, HD 2
S.B. No. 514, SD 1, HD 1

ANNOUNCEMENTS

Representative Brower: "Thank you, Mr. Speaker. Today is the birthday of one our colleagues. Members, in the Judiciary Committee we have a gifted leader who has a big heart and is passionate about the issues. I'm speaking about, of course, the Judiciary Vice Chair. And sitting next to the Vice Chair is the gentleman whose birthday we recognize today. A legislator who consistently proves to us that it's determination, not talent and good looks, that wins elections.

"I believe time will show him as the greatest one-session interim Judiciary Chair in the history of the Legislature. He inspires me, and I'm journaling about the legislation that's gone through his committee. Today's journal entry is entitled, The Hookipa Kid and the North Dakota Access Pipeline. This gentleman is for the ladies. Let's recognize Representative Nishimoto."

REPORTS OF STANDING COMMITTEES

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1574) recommending that S.B. No. 947, SD 2, HD 1 pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 947, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CITATIONS FOR BEAUTY CULTURE VIOLATIONS," passed Third Reading by a vote of 50 ayes, with Representative Quinlan being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1575) recommending that S.B. No. 305, SD 1, HD 1 pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 305, SD 1, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Har rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in opposition to SB 305, SD 1, HD 1, RELATING TO MEDICAL MARIJUANA DISPENSARIES. This bill amends Section 329D-7 of the Hawaii Revised Statutes to codify the required time for retention of video security recordings of medical marijuana licensees by reducing the one-year retention period to 45 days. I am in opposition to this measure, based on the testimony of the Department of Health.

"The Department of Health has specific concerns with reducing the retention period for video security recordings from one year to 45 days. Maintaining longer video records protects against fraud, theft and other criminal activity. Right now, it is not clear how these problems will manifest in production centers and retail dispensaries because dispensaries have yet to open. Maintaining a yearlong video record gives the Department the resources to address any potential issues.

"If changes do need to be made to the retention period of video records, the Department of Health currently has the capability to amend its administrative rules to change the retention period. If the retention period is codified in the Hawaii Revised Statutes, it removes that flexibility from the Department.

"For these reasons, Mr. Speaker, I stand in opposition to SB 305, SD 1, HD 1."

Representative Kobayashi rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations for me. As we start these medical marijuana dispensaries, I think it is very important that we be careful and prudent, because of course this is a brand new enterprise.

"I think that current policy would have the video recordings kept for one year. This proposal, HD 1, would have the video recordings kept for 45 days. There's a big compromise between 45 days and 365 days. I think it would be prudent for us to err on the safe side and keep these videos as long as possible, especially since Department of Health hopes to use these video recordings as an inspection tool, not just for security. Thank you."

Representative Ward rose in support of the measure with reservations and asked that the remarks of Representative Kobayashi be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative DeCoite rose in support of the measure with reservations and asked that the remarks of Representative Kobayashi be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Oshiro rose in support of the measure with reservations and asked that the remarks of Representative Kobayashi be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Tokioka rose in support of the measure with reservations and asked that the remarks of Representative Kobayashi be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 305, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL MARIJUANA DISPENSARIES," passed Third Reading by a vote of 48 ayes to 2 noes, with Representatives Cachola, DeCoite, Kobayashi, Oshiro, Tokioka and Ward voting aye with reservations, with Representatives Har and Tupola voting no, and with Representative Quinlan being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1576) recommending that S.B. No. 786, SD 1, HD 1 pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 786, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL MARIJUANA," passed Third Reading by a vote of 50 ayes, with Representative Quinlan being excused.

At 12:49 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 947, SD 2, HD 1
S.B. No. 305, SD 1, HD 1

H.C.R. No. 120, HD 1, Requesting the Office of Environmental Quality Control Apply Consistent Standards to All Applicants and Agencies, Follow Statutory Intent of the Legislature, Update Legislators on Guidance Documents and Interpretations and Support the Environmental Council's Efforts to Update Hawaii Administrative Rules Chapter 11-200.

Representative Takumi, for the Committee on Consumer Protection & Commerce, requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing the following measure on Wednesday, April 5, 2017, at 2:00 p.m. in Conference Room 329, and the Chair "so ordered."

S.B. No. 1201, SD 2, HD 2, Relating to Technology.

Representative Kong: "Just a reminder for everyone that we have a fellowship luncheon following session today in Conference Room 437. Even if you did not RSVP, you're still welcome to join us. Thank you, Mr. Speaker."

Speaker Souki: "I'd like to say to the ladies, you look very nice in your red caps, and your pictures you've been taken, and it's a good reminder for equal pay, and certainly the representatives should become very cognizant about it, the male representatives, I'm sure. Thank you very much."

Representative Evans: "Thank you, Mr. Speaker. I want to offer a few words on Equal Pay Day. First of all, I want to thank the Representative from Kailua who, her and her daughter, I believe, got these hats for the women in our chamber. And so, women, if you want, I'm going to put my hat on before I give my talk, if anyone wants to join me. Alright, got my hat on."

"Okay. So, thank you. So, it's 2017. It's the 24th year of women and men standing together to end the gender pay gap. Today, April 4, 2017, marks Equal Pay Day, a symbolic day when American women's pay catches up to the amount an American man was paid by December 31st in the previous year.

"I stand with millions of women across America to fight for fairness in our wages. On June 10, 1963, President John F. Kennedy signed the Equal Pay Act into law, which prohibits sex-based wage discrimination between

men and women who perform jobs that require equal skill, effort and responsibility.

"In 2015, women in the United States made 80 cents to every dollar a man made, a 20% difference. Today we stand together to say, no more. No more to pay disparity for women who have higher education than men do. No more retaliation towards women who take time off for caring for their loved ones. No more devaluation of a woman's work. No more preconceived ideas, biases and assumptions on a woman's leadership abilities. And no more to gender inequality.

"Colleagues, we must work together to end the gender pay gap by acknowledging gender diversity, and identifying goals and pathways that move our nation to equal pay for work of equal value. Please join me and the millions of women and men across the United States in saying no more to gender pay inequality."

Representative Thielen: "Thank you so much, Mr. Speaker. I wholly endorse the words of the Majority Floor Leader, and I appreciate her continually speaking out in favor of pay equality."

"I'm wearing a banner that says, 'votes for women.' That happened 100 years ago. So we have the vote, but we don't have pay equality. We're a long way from that, and in fact in some ways we're going backward, which is really frightening for us.

"It turns out that the United States is 45th in the world for pay equality. We're behind New Zealand, Bolivia, Moldova, Rwanda, among a lot of other countries. Forty-fifth in the world. This is the United States of America.

"And we're wearing our equality hats today to say, no more, no more. As my daughter said on the Senate Floor today, this means that her daughters, my granddaughters, will not see pay equality in their working lifetime, because we are so far behind, and we won't catch up for so many years.

"And it means that over a lifetime, a working woman will earn anywhere from \$800,000 to \$2 million less than her male co-worker. They are doing, in many cases, the same job, no different, but the woman is paid less.

"So what does that do about poverty? In our community, Mr. Speaker, and you as a former social worker on Maui, you know that very well, that the women, almost one in seven women in the United States live below the poverty line. Of these, almost half live in extreme poverty. It's something that we can change within our state, within our legislature, by taking certain actions to make sure that measures that we pass, such as allowing co-workers to know what another co-worker is earning, measures like this that will even the playing field. Because when you look at the man over there and he says, hey, I'm earning \$60,000 a year for doing this job, and the woman is over here doing the exact same job, earning \$40,000, they need to know that. They need to be able to negotiate with the employer for equal pay, for pay parity.

"It turns out, Mr. Speaker, that we will improve our economy, we'll reduce social burdens incurred by discriminatory pay practices, if we work toward pay equality. We won the vote 100 years ago, Mr. Speaker. And I know you're glad for that, that we're there now, voting and speaking out. We won the vote 100 years ago. We can't let it take a half a century, or even more, to reach pay equality.

"And we all have a responsibility. Some of us, I know, take that very seriously, and I believe there's something up on a Facebook post by one of our male colleagues in support of pay equality, and I appreciate his doing that. And I believe it's from the, sort of partially into Ewa area, someone could correct me, but he's on the other side of the aisle.

"And, Mr. Speaker, thank you, and I want to thank all of the women in the body for wearing their equality hats, and I think that this march will go on. Thank you."

ADJOURNMENT

At 12:57 o'clock p.m., on motion by Representative Evans, seconded by Representative Ward and carried, the House of Representatives adjourned until 12:00 o'clock noon tomorrow, Wednesday, April 5, 2017. (Representative Quinlan was excused.)

**29th LEGISLATURE, REGULAR SESSION OF 2017
JOINT HOUSE and SENATE
COMMITTEES ON CONFERENCE PROCEDURES**

The Senate and the House have agreed to the following special procedures for all 2017 Regular Session Committees on Conference. These Conference procedures shall be effective from 8:00 a.m. on Monday, April 17, 2017, until 12:00 midnight on Friday, April 28, 2017.

1. Definitions

For purposes of these procedures:

"Chairs" refers to all of the designated chairs and co-chairs of a Conference Committee.

"Conference Committee" refers to the conference of the House Committee and the Senate Committee assigned by their respective chamber to resolve the differences between the House and the Senate over a particular measure.

"Lead chair" refers to the chair of the House Committee or the Senate Committee who is listed first on the Action Sheets, as provided by the respective chamber.

"Lead committee staff" refers to the staff of the lead Chair from the chamber from which the measure in conference originated.

"Managers" refers to all members of the House and Senate assigned to a Conference Committee.

2. Conference Committee Scope and Amendments

The authority of the Conference Committee shall be limited to resolving differences between the Senate and House drafts of a measure. Accordingly:

- a. With the exception of the Executive Budget, the Judiciary Budget, and the Budget of the Office of Hawaiian Affairs, a Conference Committee shall not amend a measure by inserting any unrelated or new subject matter.
- b. To assure the integrity of individual measures, the merging of two or more distinct but related measures into one encompassing measure shall not be allowed.

3. Conference Committee Meeting Times and Places

Conference Committee deliberations shall take place only between the hours of 8:00 a.m. and 12:00 midnight.

A Conference Committee shall meet in the conference room assigned or reserved, pursuant to the Room Scheduling Procedures and Guidelines and Room Assignment Schedule, as attached.

4. Initial Public-Meeting Notice

The signatures of all chairs shall be obtained before the notice of an initial meeting is posted or distributed. Prior to offering the initial meeting notice for signatures, the chairs shall consult with one another on the information to be included in the notice. Lead chairs from both houses are encouraged to sign meeting notices first, before distributing them to other chairs to sign.

Chairs shall provide at least 24 hours public notice of the first meeting of the Conference Committee and are strongly encouraged to provide more than 24 hours notice if at all possible. Written notices shall be submitted to the Senate Chief Clerk and the House Sergeant-at-Arms for official postings on the Legislature's website and Capitol bulletin boards. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.

5. Notice of Subsequent Meetings

- a. If agreement is not reached at a duly noticed meeting but the lead chairs of both chambers agree to meet again before midnight on the same day, the lead chairs of both chambers shall publicly announce at the meeting the time and place at which the Conference Committee will reconvene. Written notice of the reconvening of the Conference

Committee on the same day is not required to be distributed. However, written notice containing information on the subsequent meeting shall be submitted to the Senate Chief Clerk and the House Sergeant-at-Arms for official posting as soon as possible. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.

- b. If agreement is not reached at a duly noticed meeting but the lead chairs of both chambers agree to meet on another day, the lead chairs of both chambers shall publicly announce at the meeting the date(s), time(s), and place of the subsequent meeting(s), and submit written notice to the Senate Chief Clerk and the House Sergeant-at-Arms for official posting. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.
- c. If agreement is not reached at a duly noticed meeting and the date(s), time(s), and place of future meetings are not publicly announced at that noticed meeting, chairs shall ensure that a written meeting notice, signed by the lead chairs of their respective chamber, is submitted to the Senate Chief Clerk and the House Sergeant-at-Arms for official posting at least 24 hours in advance of the next meeting of the Conference Committee.

6. Attendance at Meetings

- a. To convene the initial conference committee meeting only the lead House and Senate chair must be present. All other conference committee managers, especially any co-chair, should attempt to be present.

- b. Once a conference has been opened, reconvening of any subsequent meeting of a conference committee shall require the following:

For the Senate, the lead chair or co-chair must be present.

For the House, the lead chair must be present.

All other conference committee managers, especially any co-chair, should attempt to be present at the convening of and during each meeting.

- c. For decision-making at a meeting, a quorum must be present. "A quorum shall be a majority of the House Committee managers and a majority of the Senate Committee managers, and shall include the lead House and Senate chair and majority of the chairs of the Conference Committee for their respective chamber." See Section 9.a of the "Procedures." The lead House and Senate chair of the conference committee must be part of this quorum.
- d. For a measure with fiscal implications, approval must be given by the chair representing the House Finance Committee and Senate Ways and Means Committee during the decision-making on the measure.

7. Conference Discussion

Except as authorized by the respective chairs, only the respective chairs may speak during conference. All other managers or other authorized persons shall be recognized by their respective chairs before speaking on any issue.

8. Decorum in Conference Committee Meetings and Courtesy to the Public and to the Managers

- a. Managers shall respect the differing views of other managers and conduct themselves in a courteous manner.

- b. Chairs shall ensure that meetings convene and reconvene at scheduled times. If none of the chairs of one of the Committees are present within 15 minutes of the scheduled meeting time, the chairs of the other Committee shall have the names of the absent chairs pagged through the State Capitol public address system.

- c. If none of the absent chairs are present within 30 minutes of the scheduled meeting time, the chairs present shall inform the managers and members of public present that the Conference Committee cannot be convened or reconvened, and that, pursuant to 5c of these Committees on Conference Procedures, a 24-hour advance notice

shall be provided for a subsequent meeting of the Conference Committee.

9. Decision-making Meeting

The decision-making meeting of a Conference Committee shall comply with the following open meeting provisions:

- a. A quorum of the Conference Committee shall be present for the decision making meeting. A quorum shall be a majority of the House Committee managers and a majority of the Senate Committee managers, and shall include the lead House and Senate chair and majority of the chairs of the Conference Committee for their respective chamber.
b. To report a measure out of Conference Committee in amended form, Conference Draft (CD), a majority of the quorum of managers for each respective chamber shall vote in favor of the proposed amendments.
c. The lead chair (or the lead chair's designee) representing their respective chamber shall call the roll and be the recorder of the quorum and the votes on that measure for that chamber. (Sample attached).
d. If, after naming a Conference Committee on a measure, the Conference Committee managers representing the chamber from which a measure originated agree to the amendments made by the non-originating chamber, only a quorum of those representing the originating chamber shall vote on the agreement at a duly noticed meeting. For example, if after naming a Conference Committee on a House measure, the House managers of the Conference Committee decide to agree to the amendments in the Senate draft (SD) of the measure, then only the House managers of the Conference Committee shall vote on the measure, returning it to the House in its SD form. For such action, only a quorum of the Conference Committee managers representing the chamber from which the measure originated need to be present. The "Record of Votes of a Conference Committee" sheet detailing the votes of the managers of the originating chamber shall be filed with the appropriate chamber without a Conference Committee Report.

10. Conference Committee Reports

- a. A majority of the House and Senate chairs, respectively, of a Conference Committee shall attest to the action of the Conference Committee by signing the Conference Committee Report on behalf of their respective managers; provided that no Conference Committee Report concerning a measure with fiscal implications shall be reported out of a Conference Committee without the signature of the chair (or the chair's designee) of each fiscal committee to which the measure is referred. The "Record of Votes of a Conference Committee" sheet detailing the votes of the managers of the Conference Committee shall be attached to the report as a part thereof.
b. All House measures reported out of Conference Committee shall be filed with the House Chief Clerk, and likewise all Senate measures shall be filed with the Senate Chief Clerk. A document filed in the originating chamber shall be deemed simultaneously filed in the other chamber. Only the original Conference Committee Report, with the attached Record of Votes, and the Conference Draft of the measure shall be required for filing.
c. If the Conference Committee votes to report the measure out, the Committee must file a Conference Committee Report and Conference Draft with the appropriate chamber's Chief Clerk.

11. Decision-making Deadlines

On the deadline nights for Final Decking of both non-fiscal and fiscal bills:

- a. Conference Committees shall conclude their negotiations by 6:00 p.m. to allow adequate time for final preparation of the bills and Conference Committee Reports.

- b. To provide all chairs with ample opportunity to review and sign the Conference Committee Reports before filing, all Conference Committee Reports shall be available for review and signature by 9:00 p.m.

- c. All Conference Committee Reports and Conference Drafts of measures shall be filed with the respective Chief Clerk by 11:30 p.m.

12. Electronic Transfer

Should a Conference Committee for which the vehicle is a Senate bill decide to use a proposal drafted by the House, the House chair shall have the House proposal electronically transferred to the appropriate Senate office so that the Conference Draft can be prepared. The converse shall apply to House bills with proposals drafted by the Senate that the Conference Committee agrees to.

13. Exceptions to these Deadlines and Procedures

Exceptions to these deadlines and other procedures may be made only with the advance written approval of both the Senate President and the House Speaker.

JOINT HOUSE and SENATE
COMMITTEES ON CONFERENCE
CONFERENCE ROOM SCHEDULING
PROCEDURES AND GUIDELINES**

The following conference room scheduling procedures and guidelines shall apply to all Senate and House conference rooms beginning 8:00 a.m. on Monday, April 17, 2017, until 12:00 midnight on Friday, April 28, 2017.

Priority for the use of conference rooms will be given in the following order:

- First Priority: Standing Committee Bill Hearings
- Second Priority: Conference Committee Meetings
- Third Priority: Committee Hearings on Resolutions and Governor's Messages

Reserving a Conference Room:

House Conference Rooms (Rooms 309, 312, 325, 329, or 423). If your committee is designated to use one of the House conference rooms, please reserve the room by contacting the House Sergeant-at-Arms office at 586-6500.

Senate Conference Rooms (Room 016, 224, 225, or 229). If your committee is designated to use one of the Senate conference rooms, please reserve the room by contacting the Senate Sergeant-at-Arms office at 586-6725.

Conference committees assigned to use a specific conference room will be given priority in using that room for conference committee meetings. (See attached Room Assignment Schedule)

All conference room assignments must be made by the respective Sergeant-at-Arms offices. Committees should not allocate the use of their assigned conference room to another committee without first contacting the House or Senate Sergeant-at-Arms office.

Coordinating the Use of Assigned Conference Rooms:

For those committees sharing conference rooms with other committees, it is recommended that you meet with respective committee chairs to formulate a basic timetable for sharing the room. Please do not reserve a block of specific times until a timetable has been agreed to.

If you have reserved a specific block of time which you no longer plan to use, please notify the respective Sergeant-at-Arms office as soon as possible to allow use by another committee.

If your committee needs to meet and your assigned room has already been reserved or is in use by another committee, please contact the House and Senate Sergeant-at-Arms to arrange for the temporary use of an available conference room.

Conference committees are encouraged to give as much advanced public notice for meetings as is possible. Please be aware that lower priority room usage may be postponed or relocated as we approach the deadline to complete conference committee meetings.

Exceptions to the Conference Room Scheduling Procedures and Guidelines may be made only with the advanced written approval of both the Senate President and the Speaker of the House.

FORTY-FOURTH DAY

Wednesday, April 5, 2017

The House of Representatives of the Twenty-Ninth Legislature of the State of Hawaii, Regular Session of 2017, convened at 12:05 o'clock p.m., with Vice Speaker Mizuno presiding.

The invocation was delivered by Ms. Sydnie Ito, a Junior at Punahou School, after which the Roll was called showing all Members present.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Forty-Third Day was deferred.

SENATE COMMUNICATIONS

The following communications from the Senate (Sen. Com. Nos. 410 and 411) were received and announced by the Clerk:

Sen. Com. No. 410, transmitting S.C.R. No. 107, entitled: "SENATE CONCURRENT RESOLUTION DESIGNATING OCTOBER 13, 2017, AS METASTATIC BREAST CANCER AWARENESS DAY," which was adopted by the Senate on April 4, 2017.

Sen. Com. No. 411, transmitting S.C.R. No. 133, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THAT THE DIRECTOR OF HEALTH ESTABLISH AND CONVENE A MEDICATION SYNCHRONIZATION WORKING GROUP TO EXPLORE AND PROPOSE LEGISLATION," which was adopted by the Senate on April 4, 2017.

INTRODUCTIONS

The following introductions were made to the Members of the House:

Representative Evans introduced Mr. and Mrs. Steve and Ladonna Dingleline from Muncie, Indiana, who were celebrating their 50th wedding anniversary; their family: Mrs. And Mr. Vanessa Castagna and Doug Collins, Mr. and Mrs. Ken and TC Dingleline, Mr. and Mrs. Matt and Cindy Neal, Mrs. Lora Dingleline and Mrs. Michelle Oyler; and friend, Ms. Patty Meadow.

Representative Nakamura introduced her constituents: Ms. Felicia Cowden of Kilauea, KKCR Radio Host; and Ms. Gina Mello of Princeville.

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering certain Senate Bills for Third Reading by consent calendar. (Representatives McKelvey and Tokioka were excused.)

UNFINISHED BUSINESS

Representative Takumi, for the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 1561) recommending that S.B. No. 505, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 505, SD 1, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Say rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Say's written remarks are as follows:

"I rise in opposition to SB 505, SD 1, HD 2, Relating to Health. This measure has a lot of merit to its content. My reasoning for my 'No' vote is because there is no appropriation attached to this measure. The Department of Health recommended \$250,000 in implementing this new program within the Health Department. It is for this reason that I vote 'No.' Thank you very much."

Representative San Buenaventura rose to speak in support of the measure, stating:

"In support, with brief comments. The only request I make is, I understand that the seven-day limit initial prescription will be based upon an extension thereof, will be based upon unspecified circumstances, which I'm going to assume is Department of Health administrative rules.

"My request would be that the Department of Health take into account rural communities, communities where sometimes we do not get appointments with our doctors for less than two weeks. So that's a request. Thank you."

Representative Kobayashi rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I stand with reservations. I got a hasty message which I could not follow up, but would note that there were comments either opposed or with grave concerns from the Hawaii Medical Association, the Hawaii American College of Emergency Physicians, the American College of OB/GYN, the Hawaii Society of Pain Physicians, and Queen's Medical Center.

"It seems that this bill sets up, among other things, a new procedure involving written informed consent, listing out nine points, everything from urine analysis down through possible psychological, psychiatric consultations.

"It also sets up new penalty rules, and I think that while the concerns are valid, that there seems to be an epidemic of opioid transgressions nationwide, some caution should be given to procedures as exacting as these before this law is passed. Thank you."

Representative Kong rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations, and I would like the words of the Representative from Kaimuki to be recorded as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Kong continued, stating:

"And may I also add that, there are very many strict regulations that we already have to follow, as those already on opioids, and some of those restrictions, especially the one that states that we have to visit the doctor each month for a prescription, is going to place a very heavy burden upon those.

"You may not realize this, but those that are dependent upon opioids, as you go to the doctor's office, aren't really drug addicts. If you go, you're going to look, you're going to see that they're seniors, they're business workers, and these added requirements are going to place a heavy burden upon their lives. And these have been actually reported to the Health Chair, so they will take this to conference and will proceed from there, so just with reservations.

"But just to let you know, we even have to carry a daily journal of our health records. This is not a game that we play. It's not something that we wish to be on, or wish to not, we want to be better, but by placing these restrictions upon us, it just makes it very difficult to operate our lives, so we must be careful. It's not something that we want to continue on a daily basis, but it's something that we have to live with. Thank you, Mr. Speaker."

Representative McDermott rose to speak in support of the measure with reservations, stating:

"Reservations, Mr. Speaker. Just brief comments. I'd like to incorporate the words by reference of the Representative of Kaimuki," and the Chair "so ordered." (By reference only.)

Representative McDermott continued, stating:

"I think that the practice of medicine should be left to the physicians, and not politicians. It's a well-intended measure, and there is a problem out there, particularly on the mainland, and I understand the intent behind this, but we're not doctors. Physicians and their patients, I think, can make the best call on this. Thank you."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Reservations. I too, I understand and appreciate the intent, but I'd like to adopt the words of the Representative from Diamond Head/Kapahulu, and just want to stand in support of my friend from Aiea. Thank you," and the Chair "so ordered." (By reference only.)

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I also want to support my colleague from Aiea, I thank him for his comments. But moreover, when we look through the testimony, because there was a lot of people in support of the intent but with a lot of suggesting amendments, I think we have to see what happens in conference committee and see how that goes down.

"But there was enough concern that perhaps more of this bill needed to be worked on to figure out even just the word between psychiatrists and psychologists, between advance nurse practitioners, anyways, a lot of the different suggestions are within the testimony, and I hope that some of those can be considered in the conference committee. *Mahalo.*"

Representative Cachola rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations and brief comments. We must know that we already have about 500-700 shortage of doctors. To come up with these intrusive and sometimes time consuming requirements is a disincentive on the part of healthcare providers to come up with not just treating their patient but a lot of paperwork and requirements.

"So we might end up having a lot more shortage of doctors. And hopefully as this bill goes through, that they should think about correcting some of these requirements that are required under this bill. And hopefully we will come up with a measure that is well-intended, and to more or less protect our clients and also be more or less in support of what doctors are doing. I already made my request for conflict of interest before, and I'd like to make sure that I had to say that again."

The Chair addressed Representative Cachola, stating:

"Correct. No conflict, Representative."

Representative San Buenaventura rose, stating:

"I'd just like to change my vote to reservations, based upon prior comments. Thank you."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Oshiro rose in support of the measure with reservations and asked that the remarks of Representative Kobayashi be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative Kobayashi be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 505, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 50 ayes to 1 no, with Representatives Cachola, DeCoite, Har, Kobayashi, Kong, LoPresti, McDermott, Oshiro, San Buenaventura, Tokioka and Tupola voting aye with reservations, and with Representative Say voting no.

At 12:20 o'clock p.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 505, SD 1, HD 2

ORDER OF THE DAY

SUSPENSION OF RULES

At this time, the Chair stated:

"Members, please note that per committee referral sheet number 39, House Concurrent Resolution Number 25, House Draft 1, has been referred solely to the Committee on Veterans, Military, & International Affairs, & Culture and the Arts. The Committee on Water & Land waived its referral to these measures, and therefore it is appropriate for the House to consider action for adoption.

"Members, we're going to go through a series of three motions. Motion to suspend, motion to reconsider, and finally motion to adopt. The first two motions are procedural."

On motion by Representative Souki, seconded by Representative Evans and carried, the rules were suspended to reconsider action previously taken on H.C.R. No. 25, HD 1. (Representatives Oshiro, Saiki and Ward were excused.)

RECONSIDERATION OF ACTION TAKEN

On motion by Representative Souki, seconded by Representative Evans and carried, the House reconsidered its action previously taken pursuant to the recommendation contained in Standing Committee Report No. 1523, recommending referral to the Committee on Water & Land. (Representatives Oshiro, Saiki and Ward were excused.)

UNFINISHED BUSINESS

H.C.R. No. 25, HD 1:

On motion by Representative Souki, seconded by Representative Evans and carried, H.C.R. No. 25, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION STRONGLY URGING THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY TO KEEP, IN PERPETUITY, THE EHIME MARU MEMORIAL AT ITS PRESENT LOCATION AT KAKAAKO WATERFRONT PARK AND REQUESTING THE HAWAII COMMUNITY DEVELOPMENT AUTHORITY NOT TO PERMIT ANY ALCOHOL-DISPENSING VENUE TO BE LOCATED ON THE MOUND ON WHICH THE EHIME MARU MEMORIAL IS LOCATED," was adopted, with Representatives Oshiro, Saiki and Ward being excused.

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Thielen and carried, the rules were suspended for the purpose of considering certain Senate Bills for Third Reading by consent calendar. (Representatives Oshiro, Saiki and Ward were excused.)

UNFINISHED BUSINESS

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1562) recommending that S.B. No. 1227, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Souki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1227, HD 2, entitled: "A BILL FOR AN ACT RELATING TO FORECLOSURES," passed Third Reading by a vote of 48 ayes, with Representatives Oshiro, Saiki and Ward being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1563) recommending that S.B. No. 420, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative Souki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 420, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LASER DEVICES," passed Third Reading by a vote of 48 ayes, with Representatives Oshiro, Saiki and Ward being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1564) recommending that S.B. No. 655, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Souki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 655, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDIA ACCESS," passed Third Reading by a vote of 48 ayes, with Representatives Oshiro, Saiki and Ward being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1565) recommending that S.B. No. 1171, SD 1, as amended in HD 1, pass Third Reading.

On motion by Representative Souki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1171, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HEALTH CARE PRIVACY HARMONIZATION ACT," passed Third Reading by a vote of 48 ayes, with Representatives Oshiro, Saiki and Ward being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1566) recommending that S.B. No. 174, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Souki moved that the report of the Committee be adopted, and that S.B. No. 174, SD 2, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Can you please record a no vote for me? I think in the process that this, we sit through the committee, it was brought up that there is a process through the Department of Health whereby you can add on debilitating causes for medical marijuana, and that process is thorough. It makes sure that it's actually needed, and that it's been proven that it helps that condition.

"And I think that by going through that process it would serve a better purpose so that we make sure that we're not just adding on causes, and I know that autism was taken off of this, but I still feel like we should use the process in place. Thank you."

Representative Har rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in opposition to SB 174, SD 2, HD 2, RELATING TO MEDICAL MARIJUANA. This bill amends the list of debilitating conditions for the medical use of marijuana by adding lupus, epilepsy, multiple sclerosis and arthritis. I am in opposition to this measure, based off the testimony of the Department of Health.

"As a general rule, the Department of Health (DOH) finds the passage of new legislation regarding medical marijuana problematic because they have not yet rolled out marijuana dispensaries. The DOH has already put into place what ailments qualify for medical marijuana, so to now add new ailments without even allowing the program to begin is akin to changing the rules in the middle of the game. Currently, the Department is determining the impact of current medical marijuana policy in the State. Any introduction of new laws will make it difficult for the Department to gauge the current laws and build an effective regulatory system.

"As to the DOH's specific opposition, the Department has concerns with introducing legislation to mandate the qualifying conditions for medical marijuana, when the Department is already capable of doing so through

administrative rules. Pursuant to Hawaii Administrative Rules §11-160-7, the Department has a comprehensive annual process to consider the addition or deletion of qualifying conditions for the medical use of marijuana. Paramount here is that the process focuses on all available medical evidence and research. This process gives the Department a reliable method of updating its administrative rules so that it reflects the most current medical information. If the legislature begins to codify qualifying medical conditions in the Hawaii Revised Statutes, it removes that flexibility from the Department.

"For these reasons, Mr. Speaker, I stand in opposition to SB 174, SD 2, HD 2."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 174, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL MARIJUANA," passed Third Reading by a vote of 45 ayes to 3 noes, with Representatives Choy, Har and Tupola voting no, and with Representatives Oshiro, Saiki and Ward being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1567) recommending that S.B. No. 895, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Souki moved that the report of the Committee be adopted, and that S.B. No. 895, SD 1, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. A couple of years we had a bill similar to this, but it was because of what was happening on Mauna Kea, and they didn't know how to handle it. And then it was talked about that maybe it was for homelessness.

"But my reservations are that, yes, I think there needs to be some type of penalty for it, but we often talk in this body about the fact that our jails and our prisons are overcrowded. And currently there are huge encampments on state lands, and so making it into a criminal trespass, my concern is that, if it is that we're trying to clear out state lands, then is there a place for these people to go. Because if that's the case, that we have a solution for that, then great. But otherwise we could be increasing our prison population.

"But again, this is a very far-reaching bill, because every single state land, it's not to say that there's always homeless there, protesters. So with those reservations, I think I just need to study it further. Thank you."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Reservations. My main concern is with naturalists, hikers, campers, people who would be legitimately accessing Hawaii's natural beauty, much of which lays on state lands. I'm concerned that this could, the intent I don't think is to prevent people from enjoying nature, but I fear the way it's written that could really be the effect. Thank you."

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative LoPresti rose, stating:

"Sorry, Mr. Speaker, I'd like to change my vote to a no vote."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 895, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL TRESPASS," passed Third Reading by a vote of 45 ayes to 3 noes, with Representatives Gates, Thielen and Tupola voting aye with reservations, with Representatives Ing, LoPresti

and Lowen voting no, and with Representatives Oshiro, Saiki and Ward being excused.

Representative Takumi, for the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 1568) recommending that S.B. No. 1150, SD 2, HD 2, as amended in HD 3, pass Third Reading.

On motion by Representative Souki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1150, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO PRESERVING CORAL REEFS," passed Third Reading by a vote of 48 ayes, with Representatives Oshiro, Saiki and Ward being excused.

Representative Takumi, for the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 1569) recommending that S.B. No. 513, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Souki moved that the report of the Committee be adopted, and that S.B. No. 513, SD 1, HD 2 pass Third Reading, seconded by Representative Evans.

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tupola rose to speak in opposition to the measure, stating:

"Mr. Speaker, if you can record a no vote for me as well. My concern was just more, I already voiced it earlier, is that making sure that the pharmacist who is not their primary care physician is aware of what other medications that this person might have, making sure that they actually get an exam to make sure that they can use these medications.

"We've talked about a lot of different pharmacy bills, and we've always said if we are going to turn the pharmacy into an urgent care, then let's make sure to have a primary care physician there to make sure that whatever needs to be looked into before we prescribe things, that that's been checked. Thank you."

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations, please. Mr. Speaker, the purpose of this bill is to authorize pharmacists to prescribe and dispense contraceptives. My reservations stem from the testimony that was submitted by the insurance commissioner. Specifically, the insurance commissioner notes in his testimony that the health insurance reimbursements to pharmacists constitute a new insurance benefit.

"As this body knows, that pursuant to HRS 23-51, before any legislative measure that mandates health insurance coverage for specific health services can be considered, there shall be concurrent resolutions passed requesting the auditor to prepare and to submit to the Legislature a report that assesses both the social and financial effects of the proposed mandated coverage.

"I do not believe that that has been taken into account in this situation, and until it is, I think we're in violation of the law. For those reasons, I'm with reservations. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 513, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CONTRACEPTIVE SUPPLIES," passed Third Reading by a vote of 45 ayes to 3 noes, with Representative Har voting aye with reservations, with Representatives Cachola, McDermott and Tupola voting no, and with Representatives Oshiro, Saiki and Ward being excused.

At 12:23 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 1227, HD 2
S.B. No. 420, SD 1, HD 1
S.B. No. 655, SD 2, HD 2
S.B. No. 1171, SD 1, HD 1

S.B. No. 174, SD 2, HD 2
S.B. No. 895, SD 1, HD 2
S.B. No. 1150, SD 2, HD 3
S.B. No. 513, SD 1, HD 2

Representative Souki moved that the report of the Committee be adopted, and that H.R. No. 128 be referred to the Committee on Finance, seconded by Representative Evans.

Representative LoPresti rose to speak in support of the measure, stating:

"Strong support. Colleagues, I know it's a resolution, bear with me. I really want to thank the Vice Chair of Judiciary for hearing this, and I urge Finance to hear it.

"This is in response to the President's budget and so many of the cuts, I couldn't do enough resolutions on everything. That was, I think, maddening, and the proposed budget at the federal level. But this was the one that made the least sense of all, because the President is talking about massive military increases, while at the same time cutting the Coast Guard's budget. It doesn't make any sense.

"The Coast Guard is our first line of defense for national security here in the islands. We don't have, obviously, land connections, the Pacific Ocean is our border, but the Coast Guard is there for law enforcement, force protection, fleet protection, anti-terrorism.

"I'm a member of the Navy League and a big supporter of our sailors and marines, but the Coast Guard is also one of those branches that we support, and they've been waiting in line for a long time for recapitalization of their fleets. And this will just put them again further back for national security cutters, aging ice breakers, buoy tenders, search and rescue.

"They're so vital to our nation's security and to interdicting drugs. Just last year, the Coast Guard alone stopped \$5.6 billion worth of drugs from coming into this country. And he's talking about cutting, by \$1.3 billion, their budget.

"So I really hope we can move this as a body and try to send the message that we here do support the Coast Guard, because they support us. Thank you. *Semper Paratus.*"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 128, entitled: "HOUSE RESOLUTION URGING PRESIDENT DONALD J. TRUMP TO RESTORE HIS ADMINISTRATION'S PROPOSED \$1,300,000,000 CUT TO THE UNITED STATES COAST GUARD'S BUDGET," was referred to the Committee on Finance, with Representatives Oshiro and Saiki being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1662) recommending that S.B. No. 1073, SD 1, HD 1 pass Third Reading.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm standing to speak against Standing Committee Report 1677 and Senate Bill 1148, relating to community development, transit-oriented development.

"Mr. Speaker, the idea to have TOD development along the rail corridor makes sense, but when you take a look at the way the bill has morphed, and what it ends up doing is, on page seven, it's including the Heeia Community Development District. It's including Koolaupoko District. These are windward side areas, and the windward community has not been approached or asked or involved in expanding TOD to the windward side.

"And I think that this is something that we want to be very careful about. I know that there's a real push to get the correct housing developed in conjunction with the rail. Fine. Stay on this side of the island, don't expand it to the windward side. Thank you."

At 12:32 o'clock p.m., Representative Yamane requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:33 o'clock p.m.

Representative Thielen rose, stating:

"Thank you, Mr. Speaker. I recognize that the windward areas, Heeia and Koolaupoko, are in the existing law. What I'm concerned about is the expansion of the TOD, the transit-oriented development language in the new bill. And there's also a concern about the district-wide improvement programs now are going to include TOD zones.

"So if you look at the TOD zone improvement program, and it says that there can be a cost assessment, the cost of providing the public facilities shall be assessed against the real property in the community development district in a TOD zone, and the TOD zone is new language.

"So we're talking about an impact, financial impact to the districts, and then you go back again with it includes Koolaupoko and Heeia. And I know that was in the existing law, but this is expanding what is going to take place.

"And I would like to propose, I think in the future, that we take a look at removing Heeia and Koolaupoko District from the transit-oriented development, then we're not going to get into these kinds of confusions. Thank you."

Representative Cachola rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. The reason for that is, right now the authority of HCDA applies to Kakaako and Kalaeloa. There's a lot of things to be done. For them to get appropriation to look at TOD at this point in time is premature, the way I look at it. And it's more or less expanding what they want to do, when they still have a lot of things to do in Kakaako and Kalaeloa. For that reason, I'm expressing my concern and go with reservations. Thank you."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just wanted to add to this conversation, for members and for people that are listening, to what is a

TOD zone. It is the parcels of land within a one-half mile radius around a proposed or existing fixed transit station as determined by the authority, taking into account proximity, walkability, adopted county plans, and other relevant factors, provided that TOD zones shall not be established in lands administered by the Hawaii Public Housing Authority, lands administered by the Stadium Authority, or any community development districts established under Section 206E-5.

"I think the reason that it's important to point out is, within a half mile of these TOD stations, those are really critical areas that have to, in my opinion, those are the areas where you'll probably have commercial, you'll have services provided to the people that are transiting, and I think it's important that we control those zones and the highest and best use within those areas. So, for that reason, I'm in strong support. Thank you."

Representative Tupola rose to speak in support of the measure, stating:

"In support. I also just wanted to add clarifying comments. So HCDA is in my district, in Kalaeloa, but originally the first plans for the rail actually had the starting point in Kalaeloa, like, farther, not in Kapolei area.

"This is suggesting that they study whether or not they should take the lead on it, but whether or not that rail station happens, the one that they actually didn't start out, I don't know, but I think conducting the feasibility study to see if they should be part of that. Because really, there's just two ladies that run HCDA in Kalaeloa, and so it's kind of a big burden that they have there, and I think it should be studied whether or not they should take the lead on a project like this. Not HCDA Kakaako, but the one in Kalaeloa that's a little bit undermanned and not as expansive as the one in Kakaako. I think it would be good to know whether or not they should be taking the lead on this. So I'm in support of conducting a feasibility study regarding HCDA doing that. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations, brief comments. Mr. Speaker, when we mention the highest and best use, we should add two things to this particular issue. One is the sale of development rights. Two, if we're going to actually ever get any non-public money, we're going to have to do that.

"And that has been clearly, conspicuous in its absence, to not leverage any private money, particularly as I've said on this floor so many times, the way that Hong Kong builds the rail, the way that they do it in Japan, is you get people to build hotels, workforce housing, shopping centers, strip malls, *et cetera*, and you reap the private sector to build the rail without public funds.

"Mr. Speaker, somehow we have been blinded to that innovative entrepreneurial perspective. One of the complaints is that 50% of the land in the TOD of the corridor running out at Kapolei is state-owned. Well, can the State not second those rights to HART, to the city and county, to leverage money? I just don't see any initiative to do that. We're kind of flat-footed. And bills like this, when they say, yeah, we're going to do a good job, and do a TOD, but we're not going to raise any private sector money, we're going to do as we did last night, increase the taxpayer's burden for another two years, for some 2040-something into the future.

"Mr. Speaker, we're fighting with one hand behind our back. We're hurting the taxpayers. The cost of living is extreme, and we don't do anything about it except give it lip service. Private sector purchase of development rights is real and it's right in front of us. As my wife often says, if it was a snake, it would have bitten me. And that's something that this HCDA, the TOD, HART, the Mayor, and all of us need to face. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1148, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO COMMUNITY DEVELOPMENT," passed Third Reading by a vote of 47 ayes to 1 no, with Representatives Cachola and Ward voting aye with reservations, with Representative Thielen voting no, and with Representatives Oshiro, Saiki and Say being excused.

Representative Tupola rose to speak in opposition to the measure, stating:

"Can you please record a no vote for me, Mr. Speaker? Just real quick, I've always been against taxes and fees, but this one actually allows DCCA to do this on their own without legislative approval, up to 50%, which my concern is that some of these fees are very high already, so up to 50% is a lot. I know that it was added in that they would have to get governor's approval, but just still hesitation there. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 946, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE AUTHORITY TO ADJUST PROFESSIONAL AND VOCATIONAL LICENSING FEES," passed Third Reading by a vote of 46 ayes to 2 noes, with Representatives Tupola and Ward voting no, and with Representatives Oshiro, Saiki and Say being excused.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations, Mr. Speaker. I had already said this earlier about this bill, but obviously with an airport in my district, we've been studying this issue for a long time, DOT airports, the need to kind of change things up, the adversarial relationship that a lot of the general aviators have with DOT and how we can improve that.

"My concern with this bill and my reservations are that it's going to be a nine-member board that is all going to be appointed by the governor. So we've talked about possible political problems when these are all appointees, because the issue with the airports is having people run the airports who don't have expertise. And within the membership it says that members shall have relevant business management experience including experience in one or more of the following. Financial planning, budgeting, hospitality, tourism, commercial development, construction program management, marketing, law, or aviation.

"And we're going to get back to the same problem we were at, where we're at right now, is we don't have people with aviation experience. And that's where I feel like it should actually say that the members should have to have, at least one or two members, have to have aviation experience, so that they can have a viable board that is going to be able to address the problems that are happening currently, as opposed to a suggestion as to what their background be. Thank you, Mr. Speaker."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Reservations. I just want to take the opportunity to agree with my colleague and my neighbor who represents Kalaehoa District. On this and the next bill, well, I'll speak more on the next bill next. But I'm deeply troubled by some of the ways that people get appointed to things in this state. And I fear the worst for an airport authority. Why won't that pattern continue?"

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Keohokalole rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I share many of the concerns that my colleagues have raised on the issue of board membership and qualifications. However, I think this is something that can be worked out in conference, and I hope the conferees will look to looking at qualifications of board members, so that both the front end and the back end of a successful airport operation, as demonstrated in different authorities, will be reflected in this board composition, so we have truly a world-class airport system, both from the front of the gate as well as behind the tarmac. Thank you very much."

The Chair addressed Representative McKelvey, stating:

"Thank you. And I know you're getting your airport license soon, but there's no conflict."

Representative Ing rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 658, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AN AIRPORT CORPORATION," passed Third Reading by a vote of 48 ayes, with Representatives Ing, Keohokalole, LoPresti, Morikawa and Tupola voting aye with reservations, and with Representatives Oshiro, Saiki and Say being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1702) recommending that S.B. No. 994, SD 1, HD 1 pass Third Reading.

Representative Souki moved that the report of the Committee be adopted, and that S.B. No. 994, SD 1, HD 1 pass Third Reading, seconded by Representative Evans.

Representative LoPresti rose to speak in opposition to the measure, stating:

"In opposition. On this one in particular, Mr. Speaker, this body has in the past moved measures regarding free and fair elections. In fact, we just voted on a resolution today on free and fair elections, and done things to talk about overturning Citizens United, and overturn things where there's too much money in politics.

"And this is related. It's directly related. Because unless I'm mistaken, most of the members of the Stadium Authority are lobbyists. These are lobbyists that are appointed, or former lobbyists appointed to oversee this, and now we're going to give them the power to solicit hundreds of millions of dollars for construction and redevelopment of a vital aspect of our state?"

"There's a real moral hazard here. Why do we repeatedly reward people whose profession, their profession is to poison the well of democracy, in my opinion. They influence things, and expect to influence policy, and they expect to influence laws through money. Why won't they expect to be influenced in return, if we give them this power?"

"There's good lobbyists and bad lobbyists, but why do we constantly see these kinds of people appointed to these positions? It's not an accident, and we sure as heck shouldn't be giving them more power and more access to more money. It's appalling. No vote."

Representative Cachola rose to speak in support of the measure with reservations, stating:

"With reservations, Mr. Speaker. I represent the estate right across the Stadium Authority called Halawa Valley Estate. They have a lot of concerns, and the reason why I'm voting with reservations is, at least the authority should satisfy some, if not all, the concerns of my constituents in that district. That's the reason why I'm voting with reservations. Thank you."

Representative Kobayashi rose to speak in support of the measure, stating:

"Mr. Speaker, in support, but with comments. I got into an interesting conversation with somebody who helped develop the San Diego stadium. There you had a whole bunch of people who definitely would benefit from the redevelopment of that whole area, which is now a booming new sector of town which was originally pretty blighted, I would have to say.

"The comment was that various people involved in the development certainly did benefit. And overall it was a benefit to the City of San Diego. But his point was that the people, the voters of the City of San Diego, could have benefitted even more, because there were, along with development opportunities, many development opportunities for the public sector, including affordable housing, including a much-needed school, which probably would have been needed only after a few years, after people, families moved in, and there were enough school students.

"So I would like people to bear in mind that, if the Stadium Authority is to develop the stadium area complex, that it be not just for stadium use. The stadium area is the largest single state-owned property along the rail route. It has tremendous development possibilities for the entire island, I would say, not just for the stadium.

"And so I would hope that the authority would have some powers, but that some of its powers be shared with people outside the stadium. Thank you."

Representative LoPresti rose to respond, stating:

"Still in opposition. I just want to clarify, I totally support redeveloping that area. It's a great area for redevelopment, and I agree with the previous speaker, it shouldn't just be for the stadium. My concern is with the people that we put in charge. That's all."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 994, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STADIUM AUTHORITY," passed Third Reading by a vote of 47 ayes to 1 no, with Representative Cachola voting aye with reservations, with Representative LoPresti voting no, and with Representatives Oshiro, Saiki and Say being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1703) recommending that S.B. No. 382, SD 2, HD 1 pass Third Reading.

On motion by Representative Souki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 382, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC UTILITIES COMMISSION," passed Third Reading by a vote of 48 ayes, with Representatives Oshiro, Saiki and Say being excused.

ANNOUNCEMENTS

Representative Ward: "Mr. Speaker, as significant as that event is, an even more significant event took place in my district today, and I want to announce why I'm late, why I'm wearing a lei. As of today, the deed has been transferred from the Ka Iwi coast, almost 100 acres, from what otherwise was threatened to have cabins on Ka Iwi to now which is Livable Hawaii Kai Hui preserved forever. So Mr. Speaker, a very significant event. After 40 years of a community-based struggle, raising all kinds of money and doing all kinds of things to make sure that that is preserved in wilderness. Not for just my district, but for everybody on Oahu, a very significant day I wanted to announce. Thank you."

ORDER OF THE DAY

SUSPENSION OF RULES

At this time, the Chair stated:

"Members, please note that Senate Bill 283 has been re-referred solely to the Committee on Veterans, Military, & International Affairs, & Culture and the Arts per committee referral sheet number 40. The Committee on Transportation waived its referral to this measure, and therefore it is appropriate for the House to consider action for passage on third reading.

"Members, in short, we're going to go through four motions. The first three motions will be procedural, the last one will be actual passage of the bill on third reading."

On motion by Representative Morikawa, seconded by Representative Evans and carried, the rules were suspended to reconsider action previously taken on S.B. No. 283. (Representatives Hashem, Ohno, Saiki and Souki were excused.)

RECONSIDERATION OF ACTION TAKEN

On motion by Representative Morikawa, seconded by Representative Evans and carried, the House reconsidered its action previously taken pursuant to the recommendation contained in Standing Committee Report No. 1205, recommending referral to the Committee on Transportation. (Representatives Hashem, Ohno, Saiki and Souki were excused.)

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Evans and carried, the rules were suspended for the purpose of considering certain Senate Bills for Third Reading by consent calendar. (Representatives Hashem, Ohno, Saiki and Souki were excused.)

Representative Morikawa moved that the report of the Committee be adopted, and that S.B. No. 469, SD 2, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with slight reservations. I'm definitely in support of funding the Judiciary budget. I just wanted to bring to the members' attention a few things that were cut, and just some concerns on my part because some of the specialty courts play a big role in helping people rehabilitate.

"The Girls Court is one of these, and Girls Court, I think two years ago, we honored Judge Radius and all the people involved with Girls Court, because it's had such a high success rate. Because they identified that girls have different issues, and going through incarceration as a woman is also something different that happens, and so the continuity of helping with Girls Court at a younger age, and helping the recidivism rate at the older age for women that are coming out of incarceration, has dramatically improved. And one of the things that was left out was converting some of these positions from temporary to permanent.

"Also part of it that was cut is the DWI Court, which means driving while intoxicated, similar to driving under the influence, it just depends on how you interpret it. But importance of that is definitely having the funding since they're grant-based, so that they can continue to apply for grants and expand that court that's actually proven to help in some ways for a lot of people that need that kind of support to get off of alcohol.

"And the last thing is the CIP projects that were cut, including the Kona judiciary building, re-roofing the Kauai courthouse, modernization in the Circuit Court, and the problems that we're having with water at the Ewa courthouse. So those are the things I really wanted to see to make sure that those programs that are helping the community are continued, but definitely support all the other funding that was given and thank the Chair for keeping those in. Thank you."

Representative Thielen rose in support of the measure with reservations and asked that the remarks of Representative Tupola be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"Also with reservations. I appreciate the Judiciary Chair's really difficult decision in submitting this HD 1. I understand the budget stresses this year. I'm just hoping that next year when the 2019 funding for the veterans court in the Third Circuit runs out, and the DWI Court funding also runs out next year, that we will have enough monies in the budget to fund those. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 469, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," passed Third Reading by a vote of 49 ayes, with Representatives San Buenaventura, Thielen and Tupola voting aye with reservations, and with Representatives Ohno and Saiki being excused.

Representative Morikawa moved that the report of the Committee be adopted, and that S.B. No. 221, SD 2, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against the red light photo bill. Mr. Speaker, a lot of us in this body remember the van cam, the infamous van cam, where we started out with really all good intentions, and it blew up, and then we repealed that law.

"My concern about this, I know we're setting up a red light committee. Okay, that's fine. But what about just setting up the red light committee to have them work through some of the different issues, particularly the extending of the yellow light on signals, so people don't just drive up to a signal, it's yellow, boom, it's red, you're clicked with your photo, and you've got your ticket in the mail.

"So I would prefer starting a bit more cautiously, given our past experience with the van cam, and getting the red light committee together to look at the ways that we do adjust our streetlights to make sure that the driver is going to have an adequate time to enter the intersection, have the light turn yellow after their wheels are into the intersection, and be able to get all the way through, before it turns red. So that's my problem, and it's a no vote for now. Thank you."

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 221, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAY SAFETY," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Gates voting aye with reservations, with Representative Thielen voting no, and with Representatives Ohno and Saiki being excused.

Representative Morikawa moved that the report of the Committee be adopted, and that S.B. No. 1266, SD 2, HD 1 pass Third Reading, seconded by Representative Evans.

Representative McKelvey rose to speak in support of the measure, stating:

"In support, Mr. Speaker. And I would just like to thank the Housing Chair and the Finance Chair for moving this measure forward, and hopefully can create a mandate for negotiations to preserve affordable housing while creating more units.

"And as I said before many times, this is kind of a canary in the coal mine, as many other affordable units are going to be under this IRS loophole. So again, thank you to the chairs for moving this issue forward. Hopefully you'll be a guiding policy post for future affordable housing developments that may be lost through this loophole."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1266, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Third Reading by a vote of 49 ayes, with Representatives Ohno and Saiki being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1729) recommending that S.B. No. 1146, SD 2, HD 2 pass Third Reading.

Representative Morikawa moved that the report of the Committee be adopted, and that S.B. No. 1146, SD 2, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I'm not against affordable housing or making sure that we're helping that more affordable housing get online, but my concern here is that school impact fee districts are set by the Board of Education.

"In 2009, Hawaii Island, the west side of it, was determined to be a school impact fee district. In 2010, central Maui and west Maui were chosen. Then in 2012, they chose the leeward side of Oahu as a school impact fee district. And this bill specifically deals with counties that have more than 500,000 people in it, which means that it's only about the leeward side.

"And so this specifically impacts our area. And the reason why I bring that up is because if we, on page five, voted for something that's trying to help schools get more money because we're so aware that education is in dire need of funding, especially on the leeward side, then how can we take away this funding? Even if it is supposedly to keep down the prices of affordable housing, if we know that we desperately need it.

"And my district, just two months ago, I actually went into the high school locker room, and where the kids are supposed to take showers for PE is blocked off, because it's dirtier than a city bathroom. And the DOE has been going in and replacing things, but kids can't even go there to shower, so nobody's even wanting to participate in PE, because they can't shower afterwards. They spray Axe and they walk through it, because that's all they have.

"And so, I'm concerned that in areas where we desperately need better facilities, where kids can engage in actual curriculum that we expect them to be a part of, but yet, if there's more housing projects, they won't have to help in regards to impact fees. And this is my concern. All for more affordable housing, but not taking money away from schools. Thank you."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Reservations. I'd like to adopt the Minority Leader's words as if they were my own," and the Chair "so ordered." (By reference only.)

Representative LoPresti continued, stating:

"Just speaking of locker rooms, at our high school, James Campbell High School, the girls don't even have a locker room. It's a Title IX violation. They literally have no locker room.

"But I've said before, and I'll say again, this only helps the bottom line of the developer. In no way does it impact the actual market cost of the unit. If you have funding, whether it's state or federal tax incentives, or help with funding or financing, and say you're doing a project at 60% AMI, it has to remain at 60% AMI. It doesn't matter if we give them a \$20,000 per unit tax break, it's 60% AMI. It doesn't matter if we give them a \$2,000 a unit impact fee, it has to remain at 60% AMI.

"That means the only thing this does is use affordable housing as a way to sell this idea that we're going to take money from the kids and pad the bottom line of the people building these for profit. I'm not for that, and for now, at least, reservations. Thank you."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you. Reservations for the same reasons. Thank you."

Representative Quinlan rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1146, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO SCHOOL IMPACT FEES," passed Third Reading by a vote of 49 ayes, with Representatives LoPresti, Quinlan, Thielen and Tupola voting aye with reservations, and with Representatives Ohno and Saiki being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1730) recommending that S.B. No. 110, SD 2, HD 1 pass Third Reading.

On motion by Representative Morikawa, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 110, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AQUATIC RESOURCES," passed Third Reading by a vote of 49 ayes, with Representatives Ohno and Saiki being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1731) recommending that S.B. No. 1240, SD 2, HD 1 pass Third Reading.

Representative Morikawa moved that the report of the Committee be adopted, and that S.B. No. 1240, SD 2, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Holt rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered." [Note: Representative Tupola later changed her vote to a no vote.]

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative DeCoite rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"In 1998, the Legislature passed Act 306, which requires a review every five years. This legislative body received the report on the Findings and Recommendations of Effectiveness of the West Hawai'i Regional Fishery Management area for 2015. In this report, it states that the population of the aquatic life collected has actually increased rather than decreased. The next report will be received in 2020.

"If our legislative body's goal is to address the importance of sustaining aquatic life, then I recommend that a moratorium be put on all commercial and recreational activity in our state waters, until a study can be done to evaluate the impact of all business related activities to our aquatic life here in Hawai'i.

"This bill is repetitive and singling out one group of businesses. Our goal should be sustainability for future generations."

Representative Oshiro rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1240, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AQUATIC LIFE," passed Third Reading by a vote of 40 ayes to 9 noes, with Representatives Holt, Matsumoto, Thielen and Ward voting aye with reservations, with Representatives Choy, DeCoite, Har, Ito, Kong, Oshiro, Say, Tokioka and Tupola voting no, and with Representatives Ohno and Saiki being excused.

Representative Morikawa moved that S.B. No. 1200, SD 2, HD 1 pass Third Reading, seconded by Representative Evans.

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"With reservations. I have reservations for two reasons, Mr. Speaker. As a member of the Finance Committee with the honor and privilege of touring the facility earlier, I think at the beginning of session, and one of the really important lessons we learned from that tour was that the number one revenue source for the stadium, Mr. Speaker, is the swap meet. They don't need a stadium for the swap meet, we need a parking lot. That's a lot cheaper than a stadium.

"Speaking of parking lots, if we do move forward with this, I would really like to see included in some final language something that says the design instructions and the planning for the parking lot must be such that it can serve as an emergency extension of a harbor yard. Because last year, if I'm not mistaken, last year, maybe two years ago, the National Guard, along with the Navy, the Coast Guard, and others, did a drill for natural disaster preparedness. And they tested out the crane that they have at Pearl Harbor in case something happens at Sand Island, and that's the back-up plan.

"The problem is, there's no place to store the containers as they're unloaded in the harbor yard there at Pearl Harbor. The plan is to actually truck these things all the way to Kalaeloa Airport, which is not only ridiculous logistically, but if the Sand Island harbor were devastated by some south swell tsunami, Kalaeloa Airport would be destroyed, too. It's two feet, five feet above sea level, and that's the back-up harbor yard.

"But right there is Aloha Stadium, and they talked about using that, but the parking lot is not strong enough to withstand the weight of these containers and the equipment that would be required to store them there. So if we do move for this, we really need to think about public safety and disaster preparedness as well. Thank you. With reservations for now."

The motion was put to vote by the Chair and carried, S.B. No. 1200, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DEVELOPMENT," passed Third Reading by a vote of 49 ayes, with Representative LoPresti voting aye with reservations, and with Representatives Ohno and Saiki being excused.

S.B. No. 1218, SD 1:

On motion by Representative Morikawa, seconded by Representative Evans and carried, S.B. No. 1218, SD 1, entitled: "A BILL FOR AN ACT RELATING TO STATUTORY REVISION: AMENDING VARIOUS PROVISIONS OF THE HAWAII REVISED STATUTES AND THE SESSION LAWS OF HAWAII FOR THE PURPOSES OF CORRECTING ERRORS AND REFERENCES, CLARIFYING LANGUAGE, AND DELETING OBSOLETE OR UNNECESSARY PROVISIONS," passed Third Reading by a vote of 49 ayes, with Representatives Ohno and Saiki being excused.

At 12:34 o'clock p.m., the Chair noted that the following bills passed Third Reading:

ANNOUNCEMENTS

Representative Brower: "Thank you, Mr. Speaker. And finally a fun announcement with a happy ending. Members, today is the 22nd Annual Legislative Massage Awareness Day, and as a licensed massage therapist, I'd like to remind everyone, massage promotes balance and serenity, and it's a natural approach to better health.

"Among our gifted therapists upstairs right now in Room 329 and 325 are Olivia Nagashima, Roxanne Laakea Young, and Dustin Ebesu. So I remind you, members, please, if you have the time, go up there, they'll be up there until about 2:00 p.m., and this is a benefit for the Hawaii Foodbank, and sponsored by the Coalition of American Massage Therapy Association and the Massage Therapists Association of Hawaii. Thank you."

Representative Gates: "Mr. Speaker, there is Art at the Capitol today. I will be having the Native Hawaiian artist Brook Parker in my office, Room 311, as well, we'll be serving sushi for members and guests. *Mahalo.*"

Representative Morikawa: "Thank you, Mr. Speaker. I'd like to also let you guys know that some of us are really good artists. And so if you would kindly look at the pieces that some of us produced, that would be very appreciated. Thank you."

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering certain Senate Bills for Third Reading by consent calendar. (Representatives Ing and Quinlan were excused.)

CONSENT CALENDAR

UNFINISHED BUSINESS

At this time, the Chair stated:

"Members, there will be no discussion on these items agreed to by the body for placement on consent calendar."

At 9:15 o'clock a.m., Representative Evans requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 9:15 o'clock a.m.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1733) recommending that S.B. No. 602, as amended in HD 1, pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 602, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EXEMPTIONS FROM REGISTRATION FEES," passed Third Reading by a vote of 49 ayes, with Representatives Ing and Quinlan being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1734) recommending that S.B. No. 885, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 885, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE STATE RISK MANAGEMENT AND INSURANCE ADMINISTRATION," passed Third Reading by a vote of 48 ayes to 1 no, with Representative McDermott voting no, and with Representatives Ing and Quinlan being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1735) recommending that S.B. No. 909, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 909, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ENERGY ASSURANCE," passed Third Reading by a vote of 49 ayes, with Representatives Ing and Quinlan being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1737) recommending that S.B. No. 902, SD 1, as amended in HD 1, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 902, SD 1, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Oshiro's written remarks in support of the measure are as follows:

"I support the general intent of this bill to make updates to the statute governing the High Technology Development Corporation. The bill:

1. Changes the name of the High Technology Development Corporation to the Hawaii Technology Development Corporation;
2. Changes all references to "high technology" to "technology" in Chapter 206M, Hawaii Revised Statutes; and
3. Repeals the Hawaii Software Service Center established within the High Technology Development Corporation because it has been unfunded and moribund for at least 10 years.

"Nevertheless, my concern lies in the consequences of these seemingly minor changes in names and terminology. There might be some legal and accountability problems with these name changes, such as changing 'high technology' to 'technology' in Chapter 206M, Hawaii Revised Statutes. Despite the best efforts in Section 9 of SB 902, SD 1, HD 1, the bill does not clearly and unambiguously reconcile these name changes with present and on-going contractual and/or legal or procedural agreements and understandings. Noticeably, there was no attorney general review of or comment made on any drafts of the bill.

"There is also a concern that, given the broad title of the bill – Relating to the High Technology Development Corporation – 'new' language or text could be inserted by the conference committee.

"For the aforementioned reasons, I support passage of this measure with these concerns and ask that the conference committee bear these in mind."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 902, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HIGH TECHNOLOGY DEVELOPMENT CORPORATION," passed Third Reading by a vote of 49 ayes, with Representatives Ing and Quinlan being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1739) recommending that S.B. No. 850, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 850, HD 2, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION TECHNOLOGY," passed Third Reading by a vote of 49 ayes, with Representatives Ing and Quinlan being excused.

Representative Woodson, for the Committee on Education, presented a report (Stand. Com. Rep. No. 1740) recommending that S.B. No. 194, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 194, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TUBERCULOSIS TESTING," passed Third Reading by a vote of 49 ayes, with Representatives Ing and Quinlan being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1741) recommending that S.B. No. 1244, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1244, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Third Reading by a vote of 49 ayes, with Representatives Ing and Quinlan being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1743) recommending that S.B. No. 969, HD 1, as amended in HD 2, pass Third Reading.

The House of Representatives reconvened at 9:25 o'clock a.m.

ORDINARY CALENDAR

UNFINISHED BUSINESS

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1732) recommending that S.B. No. 545, SD 2, as amended in HD 1, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 545, SD 2, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Strong support. I just wanted to thank the senator from Maui for having the foresight since Hawaii was picked for the 2020 festival and making sure that we have a commission to prepare for it. And after having discussions with DBEDT in the Finance hearing, it kind of, I think, encouraged me even more to support things like this, because we have no type of relationship with any other Polynesian nation. And that was said by the director of DBEDT, that he wishes they had one, but that they don't have one right now.

"And so, I'm hoping that if this does get appropriation and if they actually are able to have a commission, that we have some specific directives as to how we're going to build those relationships, whether it's learning more about geothermal energy from New Zealand, or whether it's about learning how to manage land properties from Tonga, or any of these nations and the different things that they go through that we're facing here as an island nation as well. But I'm hoping that the outcomes of this festival can be more than just hosting it for one year, but can be an increase of relationship between us and other Polynesian nations. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 545, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE FESTIVAL OF PACIFIC ARTS," passed Third Reading by a vote of 51 ayes.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1736) recommending that S.B. No. 559, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 559, SD 1, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak in strong support of the measure. This measure, this bill, requires the State to expand strategies and mechanisms to reduce greenhouse gas emissions statewide in alignment with the principles and goals adopted in the Paris agreement.

"This is an incredibly important step for the State to take. We need to do it across the environmental sector, and I'd like to tell you why. Michael Cox, who served as a climate change adviser to EPA's Region 10 and worked at the EPA for 25 years, has submitted a letter of resignation to the EPA administrator, Administrator Pruitt. And he did this because the Trump Administration is seeking to defund the EPA by 31%, layoff 25% of its employees, and axe 56 programs, including two that focus on protecting children from lead. And this was revealed by a budget memo that was published by the Washington Post.

"Mr. Speaker, I would like to have permission to insert Mr. Michael Cox's letter to Administrator Pruitt into the Journal, and it will detail what is going on. It's a very respectful, heartfelt resignation, and I think he deserves a lot of credit for it. Thank you."

Representative Thielen submitted the following letter:

March 31st, 2017

Dear Administrator Pruitt, My name is Michael Cox. Today is my last day after working at EPA for over 25 years. I am writing this note because I, along with many EPA staff, are becoming increasingly alarmed about the direction of EPA under your leadership. I understand there are people in the country who distrust EPA, and think we are overreaching our mission. I believe we need to listen to those voices and try to make changes where warranted.

However, I, and many staff, firmly believe the policies this Administration is advancing are contrary to what the majority of the American people, who pay our salaries, want EPA to accomplish, which are to ensure the air their children breathe is safe; the land they live, play, and hunt on to be free of toxic chemicals; and the water they drink, the lakes they swim in, and the rivers they fish in to be clean.

I assume you are aware of the current low morale of EPA career staff. I have worked under six Administrations with political appointees leading EPA from both parties. This is the first time I remember staff openly dismissing and mocking the environmental policies of an Administration and by extension you, the individual selected to implement the policies. The message we are hearing is that this Administration is working to dismantle EPA and its staff as quickly as possible. I have highlighted several areas below which are emblematic of why morale at EPA is the lowest since I started in 1987.

1. Denying Fundamental Climate Science: This strikes at the core of the concerns from EPA staff. It was surprising, no shocking, when you stated on National television that carbon dioxide is not a primary contributor to climate change. This is settled science and we have too many other important scientific issues to investigate related to climate change to waste our time debating this issue. I am reminded of a Congressional hearing several years ago when Congressman Henry Waxman asked the CEOs of the major tobacco companies if smoking caused lung cancer. All of the CEOs categorically denied that smoking caused lung cancer. We know, of course, that was not true. You will continue to undermine your credibility and integrity with EPA staff, and the majority of the public, if you continue to question this basic science of climate change.

We are seeing the effects of climate change on the landscape right now. If you do not believe me, travel to Alaska during your tenure and talk with the Alaskans whose way of life is being fundamentally changed because of climate change; visit the Pacific Northwest and see where the streams are too warm for our salmon to survive in the summer; visit the oyster farmers in Puget Sound whose stocks are being altered from the oceans becoming more acidic; talk to the ski area operators who are seeing less snowpack and worrying about their future; and talk to the farmers in Eastern Washington who are struggling to have enough water to grow their crops and water their cattle. The changes I am referencing are not impacts projected for the future, but are happening now.

It was encouraging that the President did not withdraw from the Paris Climate Agreement. However, the message from the President's other actions sends the signal to the rest of the world that the USA is no longer a leader in reducing greenhouse gas emissions and moving to a clean energy economy. You are correct that we do not need to choose between jobs and environmental protection. The question is what jobs? Are they jobs to move us forward to a cleaner energy economy or backwards to a dirtier fossil fuel economy?

Your statement that "we got a bad deal" in the Paris Climate Agreement highlights another case where you have not done your homework. The Paris Agreement, while not perfect, was a huge step forward in battling climate change and moving the world in the direction of newer cleaner energy technology.

Fortunately, there are other global leaders, including China and India, who understand the urgency of the problem and are taking action. Domestically we have Governors, Mayors, CEOs, and Tribal leaders who will fill the void created by the lack of Federal leadership. They will take on the task of reducing greenhouse gases that are causing warming and put in place actions that will make their communities more resilient from climate change. And they will do this while their communities continue to prosper.

2. "Our Big Day Today": The email headline that greeted EPA staff on Tuesday March 28th was "Our Big Day Today." The question many of us had was who is "our" referring to? Was it the many EPA career staff that worked for years developing the work that was rescinded or revoked? Was it the EPA career staff that should be jubilant the President came to EPA to

poke a finger in our eye (or as many people indicated to give us the finger)? Was it the fossil fuel industry that will benefit most from the President's action? Or was it the coal miners present at the event who are being given false hope their jobs are coming back?

We were frankly insulted that the President would come to EPA to announce that he is overturning the work to battle the most urgent environmental problem of our generation – climate change. It was beyond comprehension that an Administration could be so arrogant and callous.

3. Giving False Hope: The President is right that we need to help the coal miners who have been displaced and help retrain them for the future. The President is, however, wrong that coal jobs will be coming back after the repeal of the climate change actions. To state otherwise is false and misleading. It is amazing that an Administration that touts itself as business savvy has not done its homework on the market forces at play with coal.

The number of people employed in coal production in the USA has been declining since the high point in 1925 when over 860,000 people were employed to the current low point in 2017 with about 77,000 people employed (U.S. Department of Labor). The steady decline in employment in the coal industry happened, in general, as coal production increased. The cause of the decline was simple: automation, not job killing regulations.

According to coal companies themselves, the decline in production of coal in the USA will not be reversed to any great extent. There are no major new coal plants coming on line and the price of the most common replacement fuel, natural gas, will continue to decline with the advent of new production. Even if there is an increase in coal production, the number of jobs associated with the increased production will be small due to the automation of the industry.

4. Indefensible Budget Cuts: We were told that you tried to advocate for a smaller reduction in the EPA budget, yet in the end, the budget passed back to OMB had even deeper cuts. The clear message to EPA staff was either you supported the additional cuts or you have little to no influence with the Administration.

We would appreciate a more detailed description of why you are recommending that certain EPA programs be reduced or eliminated. We would love to know, for example, why resources for Alaska Native Villages are being reduced when they are presented with some of the most difficult conditions in the country; why you would eliminate funds for the protection and restoration of the Puget Sound ecosystem which provides thousands of jobs and revenue for Washington State; and why you would reduce funds for a program that retrofits school buses to reduce diesel emission exhaust inhaled by our most vulnerable population – children. To be credible you need to provide details why you believe these programs should be reduced or cut.

5. Appointing Political Staff Who Are Openly Hostile to EPA: We were surprised and dismayed when it was announced that the new EPA Chief of Staff, and several other staff, had worked for Senator Inhofe. As you know, Senator Inhofe is one of the harshest critics of EPA and the most vocal climate change denier in Congress. This sends an unmistakable and disturbing message to EPA staff that you have no intention of engaging with EPA staff and working together to accomplish what Congress and the American people have entrusted us to do.

6. Continuing to Demonize EPA: You have had several speeches and interviews over the past several weeks where you continue to demonize EPA, and by association EPA career staff. This has to stop. Criticizing the organization you lead is not the type of leadership that will produce results. As a leader, you need to motivate and inspire your staff. The course you are on will continue to alienate EPA career staff; the same people whom you need to accomplish your agenda and fulfill the expectations of the American people.

7. Lack of Understanding of What We Do at EPA (especially in the Regions): In the Regions, we work very closely with our states and Tribes. When you talk about "cooperative Federalism" it implies that this is some new concept and that we are not currently working with our states and Tribes. This is contrary to my experience and that of many others in the Region. It leaves the impression that you do not understand how closely we work with our states and Tribes now. Also, we have not heard you talk specifically about working with tribes and fulfilling our tribal treaty obligations. Working with Tribes is a high priority for us and one we take very seriously.

You have talked about paying attention to process and rule-making. You are right. However, your remarks that EPA has not been paying attention to process or rule-making are not consistent with the experiences of many EPA staff, me included. I can provide you with dozens of examples, in

Region 10 alone, where we have participated in extensive public engagement with states, Tribes, communities, and industry. These types of statements indicate to us that you and your staff do not understand the fundamental work we do at EPA.

8. Please Step Back and Listen to EPA Career Staff: If, by some miracle you or your staff actually read this note, I can only hope you take a step back and realize that you are the leader of an organization of very hard working, dedicated professionals who believe deeply in their work. America is a world leader in protecting our citizen's human health and our environment. Do you really want your legacy to be the person who led the rollback and reversal of the amazing gains we have made over the past 40 years?

I understand the challenges you face when going up against ideologues that appear to cherish fulfilling campaign promises more than doing the analysis and evaluation of what makes sense. But, we are counting on you to advocate for EPA. Unfortunately, up to this point, we have no evidence of this.

Good luck and just remember that EPA staff will respond to leadership that takes into account the science and the opinions of individuals who have devoted their entire lives to fulfilling the mission of EPA — to protect human health and the environment. We understand that our positions may not always prevail, but please take the time to listen to expert voices that might differ from yours and your immediate staff. You may be surprised that you can find common ground on many issues. The health of the American people and our country depends on you.

The Definitive Source for Exposing the Global Warming Hoax
Climate "Science" Pillars of Sand; Eroding the Foundation of the Hoax

[image of sand castles removed]

Real science is founded in the "scientific method." It relies on data, experimentation, falsification of a hypothesis and reproducibility. "Science" that isn't reproducible is black magic, superstition, witchcraft, coincidence, Oracle's riddles, and Soothsayer's visions. Climate "science" isn't founded in the scientific method, it instead rests upon the pillars of:

1. Peer Reviewed Literature
2. Scientific Consensus
3. Professional Science/Academic Organization support
4. Computer model "evidence"
5. A hypothesis
6. This is a real "science"

Listen to any Congressional Testimony by Michael "Hockeystick" Mann, and he will rattle these off as if he was auditioning for an auctioneer's job. The Mann deserves an Oscar more than he deserves his "Nobel Prize."

My impressions from the hearing were not positive. Mann spoke for almost half of the time and boldly asserted the most extreme alarmist positions and factoids (quoting from my own notes): "devoted his life to science [about himself]", "few individuals who represent tiny minority [about other three witnesses]", "scientists continuously challenge each other [implying he is a scientist]", "extremely broad agreement on the basic facts," 97%, "climate change is real, human caused, and has heavy impact", "fingerprints of human-caused climate change on extreme events", "anti-science forces launched a series of attack on scientists", "time for republicans to put away doubts and focus on solutions", "discourage investigations of climate scientists," and "support by multiple national academic societies."

Everything Michael Mann says is practiced, focus group tested, tightly controlled and intended to win the hearts and minds of the American voter. It has absolutely nothing to do with science, and everything to do with funding, policy, and politics. The talking points are widely distributed to all the left-wing support groups, so everyone is singing the same toon (Must watch video of when simply reciting talking points can go seriously wrong). For climate realists to win his fight, they have to master Mann on

the field of politics, not science. Winning the scientific battle, and losing the political battle, is losing the war.

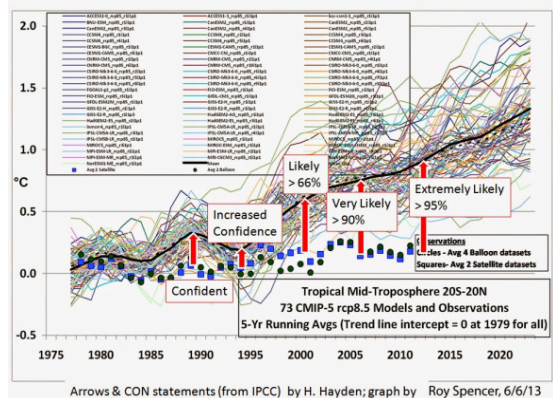

To win the political battle, climate realists must topple the pillars of sand that are supporting Michael Mann's arguments. Fortunately, most of these pillars of sand holding each other up, so toppling one topples others as well.

Let's tackle "Peer Review" first because most others rest upon it. Michael Mann and other alarmists will claim that 97% of "Peer Reviewed" literature support the hypothesis of man-made global warming. That may be true, but very few of papers published in scientific journals follow the scientific method. Much of what has been published can't be reproduced. Being published in a "Scientific" journal doesn't mean it followed the scientific method or is reproducible. Many articles published in "scientific" journals are nothing more than editorials, speculation, activism, and/or propaganda. It is likely none of the climate research follows the scientific method, and what

Being published in a "Scientific" journal doesn't mean it followed the scientific method or is reproducible. Many articles published in "scientific" journals are nothing more than editorials, speculation, activism, and/or propaganda. It is likely none of the climate research follows the scientific method, and what experimentation does exist is a complete joke. Reproducibility means nothing when the experiment being replicated doesn't prove what it was intended to in the first place.

What that means is that the golden standard, the bedrock supporting the entire field of climate change, the hallowed "Peer Review," doesn't require any science to get approved. What kind of scientific "peer review" doesn't require any science? Simple, a very very corrupt one. One whose treachery and tyranny were exposed in the climate gate emails. That is the only way something like the "Hockeystick" could ever make it past any "peer review" process, if real science was required, it wouldn't make it past the mailbox.

In the future, anyone testifying before congress should be required to submit their supporting evidence in advance so that an impartial analysis can be applied to see if it truly qualifies as real science. The first question directed towards any climate alarmist should simply be what journal published the research on which you base your opinion, and does that journal require the application of the scientific method and reproducibility. Climate alarmists should also have to explain how the results of the IPCC climate models are scientific "evidence" supporting their claims. In reality, the results of the IPCC climate models reject the AGW theory, they don't support it.

Second, comes the scientific "consensus." The problem with this concept is that the "science" journals aren't publishing science, they are publishing opinion. As mentioned above many published articles don't apply the scientific method, and/or detain reproducible experiments. What good is a "scientific consensus" if the research it is based upon isn't science? It is a farce. The second question directed towards any climate alarmist should simply be "if the journals on which the "consensus" are based aren't publishing real science, what good is the "consensus." Isn't this more like the blind leading the blind? If the requirement of applying the scientific method and reproducibility aren't requirements for journals supporting the "consensus," couldn't the "consensus" be based upon Comic Books? Just how valid is the research supporting the "consensus."

[image of Action Comics cover removed]

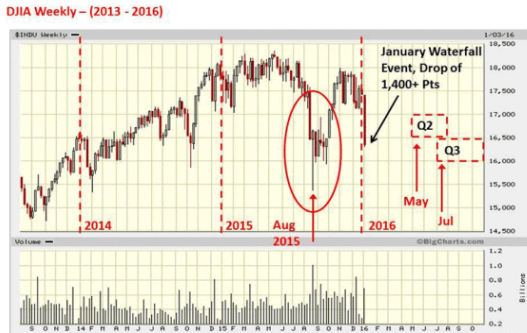

Third, comes the support of Professional Science/Academic Organizations. These are the groups performing and publishing the research that isn't reproducible and doesn't apply the scientific method. Once again, what kind of "scientific" organization would allow a "scientific peer review" to pass such garbage as the "Hockeystick?" Additionally, the "opinion" of the organizations are usually of the leadership, not the rank-and-file. And even if the opinion reflects a "poll" of its members the questions are often too vague to have any validity or meaning, and the frustrated opposition may have simply resigned as members. Lastly, the membership of these organizations may require no credentials at all

Additionally, the membership of these organizations may require no credentials at all other than a valid credit card. The below dog is a member of the Union of Concerned Scientists. No, really, he is, just click the above link. The third question directed towards any climate alarmist should simply be what research is supporting the opinion of the organization, and who is represented by that opinion? The leaders or the members? If the members, what questions were used to reach the opinion? Did the people forming the opinion base their opinion on research that didn't require the application of the scientific method and reproducibility?

[image of dog removed]

The fourth pillar is the computer model "evidence." Climate "science" is the only field of science that I'm aware of that doesn't apply the scientific method, run experiments and considers computer simulations as evidence. If computer forecast models counted as factual evidence every climate "scientist" would be working on Wall Street. All one would need to do is write some code that shows the markets going up, and whalal, you're a multi-trillionaire. The fourth question directed towards any climate alarmist should simply be if computer models are evidence and represent facts, why do computer financial models always fail? BTW, computer models show absolutely no warming in the lower troposphere with a doubling of CO2, absolutely zero.

Stock Market Timing – Flash Crash Model

The fifth pillar is the only part of the scientific method that applies to climate "science." There is a legitimate hypothesis, and that hypothesis is that anthropogenic greenhouse gasses cause climate change/global warming. In reality, it has to be global warming because the only mechanism by which CO2 can affect the climate is by absorbing outgoing longwave infrared radiation. The problem is, when the null hypothesis "climate change is due to natural causes" is tested, it isn't rejected. Simply applying the scientific method to the available data results in the AGW hypothesis being rejected.

The entire field of climate "science" is based upon a hypothesis that is rejected when the scientific method is applied. And they call the "deniers" the flat earthers. The fifth question directed towards any climate alarmist should simply be "have you tested the hypothesis "climate change is due to natural causes" and was it rejected?" If they say yes, have them produce the data. There isn't an ice core data set anywhere that shows that the temperature change over the past 150 years is statistically different from the Holocene average, at least not any I've found. More importantly, if you use unadjusted data, it is hard to make a case for any real warming over the past 300 years.

The last pillar of sand is that the climate alarmists always claim that the "science" is "settled" and that it is proven with 95% certainty that man has caused 100% of warming over the past half-century, blah blah blah. First science is never "settled," science is a process of exploration and understanding. Understanding something as infinitely complex as the global climate will never be settled. If something is understood it can be modeled, and the climate experts have proven beyond any reasonable doubt that they can't do that. Second, science doesn't ever "prove" anything, real science "rejects" a hypothesis, it never "accepts" or proves a hypothesis. BTW, note how global warming and climate change are used interchangeably in this graphic. Also, just what does "humans are responsible for climate change" even mean? Put down a highway or build a city and you cause climate change, but it isn't due to CO2. Lastly, the "publishing climate scientists" and those with "greater climate expertise" are the very people publishing the garbage in the un-scientific journals, and are heavily vested in the outcome. In other words, they are a tainted jury. They represent the Science Research Industrial Complex Eisenhower warned America about in his farewell speech. The last question directed towards any climate alarmist should be "does your income depend on climate research funding, or does the person writing the un-scientific article for the un-scientific journal that influenced your opinion depend on climate research funding?"

- 1) Depending on exactly how you measure the expert consensus, it's somewhere between 90% and 100% that agree humans are responsible for climate change, with most of our studies finding 97% consensus among publishing climate scientists.
- 2) The greater the climate expertise among those surveyed, the higher the consensus on human-caused global warming.

The Sun, Not People, Causes Global Warming

Apr 13, 2017

The sun is one astronomic unit, or about 93 million miles from Earth. The sun is surrounded by the heliosphere comprised of material expelled from the sun with magnetic qualities, and with charged particles.

As the sun warms, the heliosphere increases in size and density and gives more planetary protection from galactic cosmic rays, high energy charged particles from supernova exploding stars.

Cosmic rays may be pushed away from the Earth by the electromagnetic fields of the sun and Earth or destroyed by charged particles in the heliosphere. When the sun is at its maximum heat in the approximate 200-

year cycle of total solar irradiance, cosmic rays are attenuated some 85 percent and Earth's low wet clouds are at their minimum.

Cosmic rays penetrating our atmosphere cause troposphere ionization from which low wet clouds form; these reflect sun heat, so Earth's oceans are warmed less. Sun energy reflection by clouds/ice is bond planetary albedo.

Albedo is least when the sun is warmest (1990 AD climate optimum) and maximum when the sun is weakest (Mini Ice Ages) in the approximate 200-year cycles of sun heat, TSI. TSI variation is about one half of a percent. "Global warming" is dead until 2100 AD.

Habibullo Abdussamatov, who has a doctor's degree in astrophysics, is director of solar research at the Pulkovo Observatory in St. Petersburg and head of solar experiments on the International Space Station (Russian section). He says sun TSI maximized early in 1990s.

Abdussamatov says sun heat (TSI) is decreasing like the Maunder Sun Spot Minimum (1645 AD to 1715 AD), which was the coldest MIA of the Little Ice Age (from 1280 AD to 1830 AD). Now the Wolf Sunspot Minimum happened 1280 AD to 1350 AD and was characterized by cold, torrential rains, crop losses, starvation, freezings and killer diseases, including the Bubonic plague. Europe and China lost over half their populations. Probably other populations suffered likewise since this was global.

Abdussamatov says there is no evidence that people cause global warming. Sun warming of the Earth and oceans always occurs before carbon dioxide increases, as shown by antarctic ice cores that recorded the last 800,000 years of warming, cooling and CO2 levels.

The sun is the culprit, not CO2. Abdussamatov says sun maximum TSI was 1366 watts per square meter of projected Earth area (which is 134.3 times 1,012 square miles), which gives 1.8345 times 1017 watts, 24/365.

One watt-second equals 1 joule. There are 3.154 times 107 seconds per year year, so in one year the sun makes available 5.7854 times 1,024 qatt-seconds or joules of energy just outside our atmosphere.

About 70 percent gets absorbed by the Earth/oceans. So about 4 times 1,024 joules warm the Earth/oceans each year. A 1 megaton (of TNT) yield nuclear bomb produces 4.18 time 1,015 joules of energy. Therefore, billion 1 megaton nuclear explosion equals a year's worth of absorbed sun energy by Earth and oceans. This is 2.74 million, 1 megaton nuclear explosions PER DAY.

I am thankful the sun's nuclear machine TSI was designed, built and regulated to one-half percent.

Global warming is over. Mini Ice Age 19 is at your door. What are you doing to save your family?

[The Antarctic Peninsula: No Longer the Canary in the Coal Mine for Climate Alarmists](#)

Paper Reviewed

Oliva, M., Navarro, F, Hrbáček, F., Hernández, A., Nývlt, D., Pereira, P., Ruiz-Fernández, J. and Trigo, R. 2017. Recent regional climate cooling on the Antarctic Peninsula and associated impacts on the cryosphere. *Science of the Total Environment* 580: 210-223.

Climate alarmists generally contend that current temperatures are both *unnatural* and *unprecedented*, as a result of global warming caused by anthropogenic CO2 emissions; and they claim that this "unnaturalness" is most strongly expressed throughout the world's polar regions. In this regard, they often point to warming on the Antarctic Peninsula (typically the Faraday/Vernadsky station) as the proverbial *canary in the coal mine*, where over the past several decades it has experienced warming rates that are among the highest reported anywhere on Earth.

However, in recent years two studies have challenged this assessment. Carrasco (2013) reported finding a decrease in the warming rate from stations on the western side of the Antarctic Peninsula between 2001 and 2010, as well as a slight cooling trend for King George Island (in the South Shetland Islands just off the peninsula). Similarly, in an analysis of the regional stacked temperature record over the period 1979-2014, Turner *et al.* (2016) reported a switch from warming during 1979-1997 to cooling thereafter (1999-2014). And now, in 2017, we have a *third* assessment of

recent temperature trends on the Antarctic Peninsula confirming that the canary is *alive and well!*

As their contribution to the debate, Olivia *et al.* (2017) report in the journal *Science of the Total Environment* how they "complete and extend [the study of Turner *et al.*] by presenting an updated assessment of the spatially-distributed temperature trends and interdecadal variability of mean annual air temperature and mean seasonal air temperature from 1950 to 2015, using data from ten stations distributed across the Antarctic Peninsula region." And what did that assessment reveal?

In describing their findings, the eight European researchers write "we show that [the] Faraday/Vernadsky warming trend is an extreme case, circa twice those of the long-term records from other parts of the northern Antarctic Peninsula." They also note the presence of significant decadal-scale variability among the ten temperature records, which they linked to large-scale atmospheric phenomenon, such as ENSO, the Pacific Decadal Oscillation and the Southern Annular Mode. Perhaps most important, however, is their confirmation that "from 1998 onward, a turning point has been observed in the evolution of mean annual air temperatures across the Antarctic Peninsula region, changing from a warming to a cooling trend," especially over the last decade (see figure below). This cooling has amounted to a 0.5 to 0.9 °C decrease in temperatures in most of the Antarctic Peninsula region, the only exception being three stations located in the southwest sector of the peninsula that experienced a slight delay in their thermal turning point, declining only over the shorter period of the past decade. It is also pertinent to note that, coincident with the above findings, Olivia *et al.* cite independent evidence from multiple other sources in support of the recent cooling detected in their analysis, including an "increase in the extent of sea ice, positive mass-balance of peripheral glaciers and thinning of the active layer of permafrost."

In light of *all* the above, the evidence is clearly mounting against those who point to warming on the Antarctic Peninsula as proof of CO2-induced global warming. For in the most incredible manner, warming trends that were once among the highest recorded on earth have slowed and even *reversed* to show *cooling*.

Representative Kong rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. In a previous life of mine, I just happen to have been a ground-to-air navigation technician. What that means is actually, basically, compasses in the sky. For those that are younger, it's the modern-day GPS system. The significance of that is, in the '80s, the wisdom of the Air Force, they combined my career field with weather equipment technicians, so I became, in the 1980s, a weather equipment technician, and ever since then weather has been a passion of mine.

"So I look at things a little differently, and I've been studying weather for the past 40 years. And just for an example, just the title of this book, Why Scientists Disagree About Global Warming. I do believe that climate changes. I do not believe that it is man-made caused. So for those reasons. I stand in opposition."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative LoPresti rose to speak in support of the measure, stating:

"Strong support, just wish to enter comments in the Journal. Weather is not climate. Thank you."

Representative LoPresti's written remarks are as follows:

"SB 559, SD 1, HD 2 is an imperative step forward if we want to see Hawaii have a habitable future. In 2016, the world's average concentration of CO2 passed the dangerous and symbolic milestone of 400 parts per million. The longest established greenhouse gas monitoring station at Mauna Loa here in Hawaii predicts that the CO2 concentration will stay above 400 ppm and not again fall under 400ppm for generations. The ramifications of this is that such a large concentration of greenhouse gases is rightly considered the most severe threat to political stability and human life on our planet. It is of the utmost importance that we treat this issue with the urgency and moral attention it deserves.

"The view that humans are a large contributing factor in global warming is the position of the Academies of Science from 80 countries plus many scientific organizations that study climate science and 97% of scientists who study climate as a profession. More specifically, around 95% of active climate researchers actively publishing climate papers endorse the consensus position. I have not come across many issues or opinions that get a 97% consensus, especially in the scientific community. SB 559, SD 1, HD 2 is a step in the right direction, and I strongly support this measure for my children and for yours.

"Last but not least, the counter narratives that are selling uncertainty are being perpetuated by organizations such as the Heritage Foundation and the Heartland Institute. Both organizations have worked vigorously through the early 1990's to dispel what they also called 'myths' about secondhand smoke and the negative effects of cigarettes. Since the year 2000, they have shifted from tobacco as their main issue to climate change after losing many times in US courts. None of either organization's experts consists of climate scientists who are actively publishing."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 559, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CLIMATE CHANGE," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Cachola and Ward voting aye with reservations, and with Representatives Kong and McDermott voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1738) recommending that S.B. No. 908, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 908, SD 1, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure, stating:

"In strong support. Just a real quick comment, because we're dealing with the airport authority and other boards. On page three of this bill, it says the board composition, three members appointed from a list of nominees submitted by the President of the Senate, three members appointed from the list of nominees submitted by the Speaker of the House, two members appointed from the list of nominees submitted from the board itself, two members appointed by the governor, the director of

Business, Economic Development and Tourism, or the director's designee shall serve.

"So the reason why I bring that up is because I want to thank the committee and the Chair for changing that line 16 and 17 by making it two members that are going to be nominated by the board. And this is, I think, an example of how to make a well-balanced board that's not politically inclined but actually has the expertise to do what they need to do for small business. And I would like to see these type of boards, the composition of these boards, implemented into other things, like the airport authority and other things that we're discussing as far as how people are nominated. And I want to thank the chairs for doing this. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support, written comments in the Journal, but with a brief comment as an introduction to that. Mr. Speaker, as the previous speaker indicated, this is a very important bill for small business. Small business is very, very important for economy. But what is missing in the bill are the funds.

"This organization has very little funding to carry out its very, very responsible mandate, and that is to be the watchdog for the small business community. If a regulation is too burdensome and it causes the mom-and-poppers to go out of business, they need to meet, they need to discuss and get that regulation either nullified or at least ameliorated to a degree. But oftentimes they don't have the funds to even fly in all the members from the neighbor islands. So, Mr. Speaker, a great bill, and I will have further comments in the Journal. Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in strong support. This bill amends the Small Business Regulatory Review Board (SBRRB) to better represent and protect local small business interests.

"Small Businesses are vital to our state's economy, and this makes sure that small local Hawaii businesses domiciled in the State have their interests adequately represented and protected by the board.

"Small businesses create jobs and stimulate our economy. A 2014 SBA Office of Advocacy report noted that small businesses made up to 63% of new private-sector jobs.

"Small businesses foster pride in the local community and keep money local. The mom and pop stores don't export their profits to the mainland. A 2013 study showed that small businesses in British Columbia recirculated about 2.6 times as much revenue in the local market as the chain competitors, produced significantly more jobs than chain stores (with like revenue) and, importantly, found that if the market were to be shifted by just 10% towards local business: 31,000 extra jobs would be created. No similar study in Hawaii could be found, but there are a number of other similar studies showing the benefits of small business.

"It is important to take steps to make Hawaii more small business friendly, and this bill points us in the right direction.

"It is for these reasons that I would implore every elected official to vote to support small business. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 908, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE SMALL BUSINESS REGULATORY FLEXIBILITY ACT," passed Third Reading by a vote of 51 ayes.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1742) recommending that S.B. No. 133, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 133, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC

EMPLOYEES' FRINGE BENEFITS," passed Third Reading by a vote of 51 ayes.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1744) recommending that S.B. No. 1016, SD 1, as amended in HD 1, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1016, SD 1, HD 1 pass Third Reading, seconded by Representative Evans.

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I was going to vote no on this measure, but I'm going in support with reservations. While I know this is important for a lot of the representatives in their districts, there is one bridge in my district that's been a source of contention between the DOT and the community, Honolulu Bridge. And there's a lot of concerns that with this law, that there's no exemption or there's no community review that a two-lane bridge could be put in which would exasperate the conditions that are occurring in that area. So hopefully the DOT will work with the community and hopefully the committee chairs can look at this issue when giving this broad blanket EIS exemption. Thank you."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations. I want to echo the sentiments of my colleague from Maui. Of the 11 bridges that are listed there is one in my district, and they did start that one. But my concern is that this exemption is for 20 different chapters of the HRS that allow them to expedite the process. So when the proposal was put forward in 2012, the 11 bridges were identified as if we get a five year exemption to expedite the process we would have started the bridges, but many of these bridges haven't even been started.

"And so I guess my concern is watching the different DOT projects and making sure that we're not making an extension of an exemption so that we can delay more of what needs to be addressed in our communities. But as well, if we are going to exempt, then what are we exempting and for what reasons, because there's lots of concerns about how many exemptions this bill includes, and whether or not this is taking into consideration cultural and natural resource things that should be looked at in regards to safety. So those are my concerns. Just reservations, thank you."

Representative Oshiro rose to speak in support of the measure with reservations, stating:

"In support with reservations. My reservations is that when we passed this measure back in 2012, it was quite controversial at that time. People were afraid that we were going to set aside any of the environmental checks upon the DOT moving along with these bridges.

"But I think members need to understand that we did it in the context of moving about, at that time, to draw down some of the ARRA monies that the Federal Government had set aside for the states for doing these kinds of infrastructural construction projects.

"One of the bridges in particular that I noticed is still on the list is the Roosevelt Bridge, Mr. Speaker, and the Roosevelt Bridge was actually a bridge that we put on late in the legislative process to address a major thoroughfare between Waipio Gentry, Waikele, Waiawa area, and the town of Mililani. It's one of the major routes along Kamehameha Highway between the town side and on the country side of Mililani.

"My reservation is that the DOT has had over five years to expedite this project, and such a major artery, major link in the chain, besides the H-1 Freeway, is this particular section of Kamehameha Highway, the Roosevelt Bridge.

"So I will be watching this, and I think all the folks on my side of the island will be watching this, because this is very, very important, and essential, actually, to make sure that we can get to and from our jobs and to

and from businesses outside the community. For those reasons I stand in support but with reservations. Thank you."

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1016, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Third Reading by a vote of 50 ayes to 1 no, with Representatives Gates, McKelvey, Oshiro and Tupola voting aye with reservations, and with Representative Thielen voting no.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1749) recommending that S.B. No. 369, SD 1, as amended in HD 1, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 369, SD 1, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Har rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. May I request a ruling on a potential conflict, please? At my law firm I represent both AOAAs as well as board of directors of AOAAs," and the Chair ruled, "no conflict."

Representative Har continued and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 369, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONDOMINIUMS," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Har voting no.

At 9:38 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 545, SD 2, HD 1
 S.B. No. 559, SD 1, HD 2
 S.B. No. 908, SD 1, HD 2
 S.B. No. 133, SD 2, HD 2
 S.B. No. 1016, SD 1, HD 1
 S.B. No. 369, SD 1, HD 1

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1754) recommending that S.B. No. 620, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 620, SD 2, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I just wanted to make a few comments, and I'll register a no vote as well. I guess one of my concerns is that in the Hawaii jurisprudence it doesn't require a physical presence in the commerce clause in order to do taxation, but under the U.S. Supreme Court it is necessary. And so back in New Jersey, when Amazon first started thinking about taxing, the reason why they did it is because they had a plant, they had a factory in New Jersey, so they started to tax, even though they were doing online sales in that state.

"And so as you can see, Amazon already skipped ahead and decided to do it voluntarily. But the reason why I bring that up is because there's a part in the bill that states, provided that a person with no physical presence in the State is engaged. That part that says no physical presence, per the federal law, that's actually not allowable. But if you have a computer, or a server, or something in that state, then you can tax, which I think at this

point probably every online service probably has something within our state. So that was one concern.

"The second part is, because people are voluntarily doing it, is it maybe more prudent to have DOTAX go ahead and pursue private agreements with some of these companies so that they can start doing it.

"And lastly, I think we've been the body that wants to get that GET tax. And one of the things that it doesn't do is it doesn't provide a means to enforce that individual taxpayers pay their GET, and it doesn't have any penalties. So it's basically going to put a burden on businesses, and we may not get that GE tax.

"And so I know that we've been talking about taxes and revenues and it's so important to us, so in order to have a bill that's actually going to bring in taxes to the State, we need to have some type of enforcement mechanism within there, as well as some type of fine or something that makes it where people would have to comply. So with those reasons, I'm in opposition. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. Mr. Speaker, this body bemoans the fact that the cost of living in Hawaii is so high. We give rhetoric, we give speeches, we almost cry. But when we have a bill like this to save people money in Hawaii, we say, oh, yeah, tax some more.

"This is a private sector opportunity to save the people of Hawaii money. I probably would suggest that the private sector has probably saved more money for the public than we at this body in the Legislature have saved, i.e., when Costco came in, when Walmart came in, when Target came in, those are the ones that have lowered the cost of living. But this body is the one that's responsible for it.

"So, Mr. Speaker, when we say, yeah, we want to tax people when they buy their goods so they can save a little money and not pay taxes on the mainland, why are we doing this? If we are serious about saving our constituents, some who have said in various locations are doing two or three jobs just to keep above water, this makes it even deeper for their lives.

"So, Mr. Speaker, for those reasons, this is not a good bill. Inevitably, eventually we will do this. But I think, why are we rushing to do it, because we are the ones with the highest cost of living in this nation, and this is a small token by which we could avoid higher cost of living for our population. Thank you."

Representative Evans rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support. Thank you. I look at this bill as really supporting small business here in Hawaii. All the small businesses, the vendors, the retailers, they play by the rules, and they have to pay the taxes. So people are buying things, people are paying, and I think this really levels the playing field. I think it's a good idea.

"But I also want to, the details of the bill I think are important to point out, and that is a lot of us, when we work with our banks, we get a report what our interest is at the end of the year for tax purposes. The good thing about this bill is it will cause the retailer or vendor to actually report to the person who is buying, they'll actually get a report as to what they bought, and the transaction dollar amount they bought, and then that report will be used to report to the Department of Taxation.

"So there is going to be a way to enforce this, that I actually think it was a very clever idea on how we're going to make that happen. So I think with that it's going to be a very enforceable bill, and I look forward to continuing this discussion as it moves forward. Thank you."

Representative Ward rose to respond, stating:

"Brief retort if I may, Mr. Speaker. To suggest this is only for small business is to forget that we represent small businesses and the community. And having been a small business before I became a

legislator, I know that when I sold out of state, I didn't have to pay the GE tax. There is a level playing field nowadays in the retail business that if anybody is not on the Internet, they're not really up to speed as being an entrepreneur. And we have in our tax code, if you send something out of state, you don't pay the GET tax.

"So where's the beef about, the small businesses are at a disadvantage? Almost every small business is on the Internet, we have 7 billion customers throughout the world, we are as equally able as anybody on the mainland, Mr. Speaker, so it's a specious argument that this is only for the business community to keep them alive. It's for our constituents, and it's also for the businesses to be able to compete as they do with anybody else in the world. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 620, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 44 ayes to 7 noes, with Representatives Fukumoto, McDermott, McKelvey, Ohno, Thielen, Tupola and Ward voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1755) recommending that S.B. No. 224, SD 2, HD 2 pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 224, SD 2, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 224, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PSYCHOLOGY," passed Third Reading by a vote of 51 ayes, with Representative Cachola voting aye with reservations.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1756) recommending that S.B. No. 1286, SD 2, HD 2 pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1286, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PRIVATE TRADE, VOCATIONAL, AND TECHNICAL SCHOOLS," passed Third Reading by a vote of 48 ayes to 3 noes, with Representatives McDermott, Tupola and Ward voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1757) recommending that S.B. No. 686, SD 2, as amended in HD 1, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 686, SD 2, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Nakamura rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Nakamura's written remarks are as follows:

"I vote with reservations. I'm concerned about changing the constitution to use the county's primary source of revenue generation, real property taxes, to invest in our children's education. Our counties collect real property taxes based on assessed values. The proposed bill raises real property taxes on hotel rooms and transient vacation rentals based on the number of rooms and the amount charged per night whether a room is used or not. The charge occurs 365 days a year. For counties, like Kauai, that already charge \$7.05 per \$1,000 of assessed value for properties over \$2 million in value, the new real property tax on investment properties will double under the proposal to \$14.55 per \$1,000 of assessed value. I'm a proponent of increasing the GET for teacher salary increases, early

childhood education, principal and leadership training and development, and special education."

Representative Onishi rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Mr. Speaker, in this bill here, it asks to tax visitor accommodations regardless of whether or not they're occupied. My concern is that I have not seen any report on how the taxing would affect our largest economic driver in the State. So we could have a negative impact on our tourism industry that would be not offset or would affect the hundreds of millions of dollars that the general fund receives from the transient accommodation tax. So with those issues, I have to vote with reservations. Thank you."

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am a strong proponent for funding education for our *keiki*. However, I have concerns that this bill does not stipulate who will be responsible for the reporting on the affects this bill will have on those that these taxes are targeting. The GE tax and sales tax should be the tax to fund education."

Representative Tokioka rose in support of the measure with reservations and asked that the remarks of Representative Onishi be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Oshiro rose in support of the measure with reservations and asked that the remarks of Representative Onishi be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Cachola rose in support of the measure with reservations and asked that the remarks of Representative Onishi be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 686, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION FUNDING," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Cachola, DeCoite, Matsumoto, Nakamura, Onishi, Oshiro, Tokioka and Ward voting aye with reservations, and with Representatives McDermott and Tupola voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1758) recommending that S.B. No. 1294, SD 1, HD 1 pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1294, SD 1, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure, stating:

"Strong support. I want to thank the Native Hawaiian Health Task Force for the past two years of the work that they've put in to try to find initiatives and different programs that could possibly help Native Hawaiian health, and specifically because it deals with the Waianae Coast.

"But I did express concerns in the hearing and I'm voting up on this bill with hopes that in conference that they're able to iron things out, because putting an entire curriculum, word for word, the whole entire program into law, is not something that I encourage, because I think as an educator, and you move through a semester, you move through a year of implementing a program, I want them to have the autonomy and flexibility to change it as

they see necessary to reach the outcomes that they've set forth. So I've expressed that to them, and I hope that that gets ironed out. But I am in support of what they do. Thank you."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Reservations. Basically, faculty should be setting university curriculum, not legislators. Thank you."

Representative Kobayashi rose to speak in opposition to the measure, stating:

"Mr. Speaker, rising on a no vote. This was a bill which did not go through the normal process of budget review by University of Hawaii Board of Regents, Department of Budget and Finance, and the Governor, and the Board of Education.

"In terms of the university, I think the university has many priorities, and I for one would like to see the university do fewer things but better. I would like to see consideration placed above this to some of the other so-called initiatives of the university which we foresaw, such as the graduation initiative in the Governor's first budget, and also the Hawaii Promise Program.

"In terms of the DOE, this bill says that there shall be professional development curriculum developed and implemented for high school teachers, and there shall be students participating in college readiness programs, *et cetera*, and several pathways. I'm not sure where this ranks in the DOE priority scheme. In fact, DOE has more than enough on their plates, and perhaps we should just have a pathway for college, just plain college, of any variety, not just health sciences.

"The program is supposed to, among other things, the mission of the undergraduate health sciences academy shall be to eliminate health disparities in Native Hawaiian, Pacific Islander, and other underserved communities, *et cetera*.

"My contention is that, if you want to reduce health disparities, provide money to the federally qualified health centers. Provide money for adult dental care. Provide scholarships to people who will be working with these people. Provide monies to smoking and obesity, the two largest preventable health problems in the State of Hawaii and the nation. All of these things can be done, and I think that they will have a more direct impact on reducing health disparities. Thank you."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Nakamura rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Nakamura's written remarks are as follows:

"I vote with reservations. While I fully support the intent of the bill, I'm concerned that this will be a recurring appropriation. This innovative proposal has not been formally approved by the UH Board of Regents and has not been incorporated as a priority in the University of Hawaii budget to the Legislature."

Representative Onishi rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tupola rose to respond, stating:

"Still in support. I just wanted to agree with a lot of my colleagues. Putting a university program into law in the way that it happened is not recommendable. Typically you would go to the Board of Regents, and typically you would run this through a bunch of other committees that would vet out the program.

"I wanted to share that one of the problems that happened was a Native Hawaiian task force was mandated by the Legislature in 2014 to meet and convene, and I think the problem was articulating what they worked on into action.

"And so I'm just sharing that because I feel like perhaps that's where all the confusion came, because it came from a task force that was supposed to work on Native Hawaiian health and they came out with an educational outcome, which typically you would run through a certain way and it didn't go that way, but instead it surfaced as legislation.

"So, I hear all their concerns, and I would agree that there could have been a better way that this came forward to make sure that there was a more well-rounded support from DOE and from UH, because it's going to go through that. It suggests that it go from DOE through UH, but all of the right pieces, I think, weren't put in place, but it was because it came out of a task force. So, thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1294, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO NATIVE HAWAIIAN HIGHER EDUCATION," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Cachola, LoPresti, Nakamura and Onishi voting aye with reservations, and with Representatives Choy and Kobayashi voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1759) recommending that S.B. No. 717, SD 2, HD 2 pass Third Reading.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 717, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC REAL PROPERTY," passed Third Reading by a vote of 50 ayes to 1 no, with Representative Tupola voting no.

At 9:54 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 620, SD 2, HD 2
 S.B. No. 224, SD 2, HD 2
 S.B. No. 1286, SD 2, HD 2
 S.B. No. 686, SD 2, HD 1
 S.B. No. 1294, SD 1, HD 1
 S.B. No. 717, SD 2, HD 2

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1760) recommending that S.B. No. 501, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 501, SD 1, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak in support of the measure, but with suggested amendments for conference committee. Mr. Speaker, if members turn to page four of the bill, the three things that are at issue, really, are the different notice provisions. One is that Hawaii has public programs that provide immediate free or low-cost access to comprehensive family planning services. Second, to apply online for medical insurance coverage, that will cover the full range of family planning and prenatal care services, go to mybenefits.hawaii.gov. And then third, that only ultrasounds performed by a qualified healthcare professional and read by licensed clinicians should be considered medically accurate.

"Mr. Speaker, we know Ninth Circuit upheld similar kinds of provisions in a pregnancy center case, but when you take a look at different circuits in the nation, you realize that this issue probably will go up to the United States Supreme Court, and therefore it's important to look at other circuits to see if our bill, as worded, those three requirements in the bill, the notice provisions, if they would withstand Supreme Court review. And we looked

at both the Second and Fourth Circuits, because they enjoined some parts of pregnancy center notices as compelled speech violating the First Amendment.

"So the New York City Department of Health and Mental Hygiene encourages women who are or who may be pregnant to consult with a licensed provider. That was struck. And that was in the Fourth Circuit, in Evergreen. Then Centro Tepeyac is in the Fourth Circuit, and it encourages women who are or may be pregnant to consult with a licensed healthcare provider. And it found these provisions unconstitutional because they're requiring a speaker to advertise on behalf of the government.

"So that's what we have to take a look at these three provisions. And the first provision in our bill, page four, lines four to seven, it simply says that Hawaii has public programs that provide immediate free or low-cost access to comprehensive family planning services. Okay, that's a status disclosure, and in Evergreen, that's been upheld. It's simply a status disclosure.

"The difficulty comes when we go to the second one, which is, it's saying, to apply online for medical insurance coverage, that will cover the full range of family planning and prenatal care services, go to mybenefits.hawaii.gov. That's a government message encouraging women to consult with a licensed provider, and that, the Second Circuit enjoined. So we're looking right here at a provision that if this goes up on certiorari, this likely would be struck.

"And then the services disclosure is indicating whether the facility provided or referred clients for abortion, *et cetera*, we took that out, so that's not in the bill."

Representative Ward rose to yield his time, and the Chair "so ordered."

Representative Thielen continued, stating:

"Thank you. Then I wanted to go ahead to just mention, in Centro, the court applied strict scrutiny to both statements, and that's what's going to happen here, because the speech is neither commercial, these are not commercial operations in the pregnancy center, and they're not professional. So it's going to be a strict scrutiny test.

"So if you look ahead at this, that the conference committee could correct this, and I again go to page four of the bill, line eight through ten, and the conference committee could rephrase the notice from the imperative to the indicative mood, for those of you who had grammar in grammar school. This would bring the notice closer to a narrowly tailored and neutral statement of fact, rather than an express or implied endorsement of policy, such as exists in here. We have a government message in this second provision, this second notice provision.

"So the sentence could be rewritten to state, an online application for medical insurance, covering the full range of family planning and prenatal care services, is available at mybenefits.hawaii.gov, making it simply in the indicative mood, and I believe withstanding any strict scrutiny challenge. So we have time to correct this so we are not using government messaging, and we would be able to do that in conference committee.

"I also have some, I'd be very glad to share this with the Chair of Judiciary and any other members that would like to see it. I think that it's important that a measure that we put through does not contain, I guess, government messaging language or something that pushes the line too far, and makes the volunteer pregnancy centers become government spokesmen, which they do not want to do, and I agree with that. Thank you."

Representative Oshiro rose to speak in opposition to the measure, stating:

"Mr. Speaker, I stand in opposition to this measure. A couple of points. First of all, let me adopt every single word, every single legal citation, both the New York case, the Baltimore case, my colleague from Legal Aid days just reminds me of how important a reading of this measure is," and the Chair "so ordered." (By reference only.)

Representative Oshiro continued, stating:

"Thank you very much. I'm just so pleasantly surprised, and I agree 110% with my colleague on the other side of the aisle here, but she's exactly spot on. I've read those Fourth Circuit cases, the Second Circuit cases, the Ninth Circuit cases. I've been following the current recomposition of the United States Supreme Court, and she is spot-on, accurate, and really, I think her remarks need to be taken seriously. I'd just like to add on to several things that she may not have emphasized about the fatal defects of the bill.

"So besides from being a square-on violation of the First Amendment, I think there is also a violation of First Amendment's other provision, which is religious freedom. And that's a provision that protects all of us from both having government force religion upon us as well as allowing us to practice our various religious faiths without government involvement. I think we tried to cure the defect by taking out the offending word, abortion, in several parts of the bill, but I think there still lies therein a provision regarding the availability of all FDA-approved methods of contraception. And I think some people may challenge that as still violating their freedom of religion, in that some people, even today, object to abortion. They don't believe that's okay with their sincerely held, deeply held religious beliefs.

"I also think that the bill is overbroad. I think we tried to amend some of the deficiencies to address the constitutional challenges, but I think inadvertently we may have created the situation the bill is overbroad. In fact, I ask people to go back and look at the Department of Health's testimony that was submitted to the Judiciary Committee, and therein they point out to the fact that this bill will now apply not only to limited pregnancy centers, and I think there are about seven or so in the State, but many others who deal in this area of women's healthcare, reproductive rights, prenatal care, pregnancy, *et cetera*, to include hospitals. So that means of all your community hospitals, HHSC hospitals, Queen's, St. Francis, Straub, Kuakini, Castle, Wahiawa, Kahuku, *et cetera*.

"It also would apply to any of your health centers throughout the community. I think we have over 22 of them. And of course, federally qualified health centers, any clinics, your office where you have a obstetrician or gynecologist, would also be affected by this bill. So definitely if this does get to conference they need to address that.

"I also think the bill is somewhat deceptive in the fact that it seems or seemingly seems to not apply to a small discrete minority in our community, but in application, and in fact, it probably will. When we talk about seven free, pro bono pregnancy centers throughout the State, one on Kauai, I think one on Maui, one on Hawaii Island, that service these women who voluntarily come in for their free services, and I think my colleague from the opposite side of the aisle recognizes there is a case that we cite too, I think it was a Georgia or North Carolina case where there was a prohibition against referral for legal services, and in that case, I think it still is good law today. But the reference was made to the ACLU legal office in their community, and the woman went there and obtained legal services and was able to litigate and have her day in court, that woman there was cited for unauthorized practice of law."

Representative DeCoite rose to yield her time, and the Chair "so ordered."

Representative Oshiro continued, stating:

"Thank you, Representative from Molokai. That lady was cited for that, ACLU took the challenge up, and basically established a rule of law that in the area of professional services, in this area of professional services, they are not considered commercial speech. And this is one of the sub-exceptions on the area of compelled speech, commercial speech, so that pro bono services, because they serve a clearly important community value and purpose, are allowed in this capacity. So the same principle is applied here for the certified, licensed, registered doctors, nurses, APRNs, *et cetera*, who provide these pro bono free services to these women.

"The penalties are disproportionate to the offense, and this bill would create the only civil cause of action of all the states that have looked at this

particular measure. New private cause of action authorizing an injunction and potentially awarding treble damages, costs and attorney fees to the aggrieved party. What would actual damages be on this bill? It could be a pregnancy. It could be a birth complication. Those will be all brought to bear upon the not-for-profit, pro bono, free pregnancy center. They could also be sued for merely not putting up the right sign, having it displayed properly, having a electronic form of the copy available, or not having a 8 1/2 x 11 printed copy available in their waiting room.

"There are also less burdensome alternatives. I think my colleague from across the aisle talked about the strict scrutiny standard that's going to be applied here. So you look at what's the less burdensome alternative to imposing this requirement of posting these notices in the waiting room, in maybe several different languages. Well, the Department of Health already has an advertising budget. They advertise on TV, on radio, on the Internet, on banner pop-ups on a web search. Those are all less burdensome alternatives to get the word out that MedQuest offers free or low-cost comprehensive health services to women. It could also be done on advertisements, daily media sources, social media. There could also be signs posted at all government buildings with offices. Department of Health licensing offices, the BSDI office, benefits office, Medicaid office, Social Security office. Numerous places, less burdensome so these limited number of free centers.

"Mr. Speaker, I'll be submitting additional written comments, but I just wanted to, again, go back to when I started my remarks this morning, to really thank my colleague from across the aisle. She has done a great job in doing the research, reading the law and applying it to this particular bill. And I really hope we take her advice, recommendation, seriously. I don't want to see us in court on this matter. It may create bad law out of these bad facts. Thank you."

Representative Oshiro's written remarks are as follows:

"Mr. Speaker, I rise again still in opposition to this bill.

"Given the significant legal analysis and overview of the constitutional deficiencies of the current draft that my esteemed colleague from District 50, Kailua-Oahu and Kaneohe Bay, has presented, I hope members take advantage of her familiarity with this specialized area of law and seek her wise counsel. Although she and I part company on her vote in support and my vote in opposition, we are nonetheless one and the same on the germane legal arguments.

"I, however, do not believe that the striking of the word 'abortion' in several paragraphs in the current draft cures the bill of its legal infirmities. The First Amendment does not permit the government to compel speech by forcing a person to promote a procedure contrary to her or his religious beliefs. Likewise, despite the amendments to this draft which took out the word 'abortion,' the message required by this bill still contains the word 'contraception,' which can refer to an abortifacient. This form of approved contraceptive is still today considered by some religious organizations to be incongruent with their sincerely held beliefs and practices. The mandated message also facilitates abortions by directing the patient to a website which explains how abortions can be paid for. In short, objection to abortion is a sincerely held religious belief. The Supreme Court in Wooley v. Maynard, 430 U.S. 705 (1977), has said that "[t]he First Amendment protects the right of individuals . . . to refuse to foster . . . an idea they find morally objectionable." The objectionable idea here is that the State of Hawaii or the 'government' deems abortion to be an acceptable pregnancy option. The citizens who do not share that view are imposed upon. This bill infringes on this basic right, and we should not pass it.

"Still, I am delighted and even happy that she took the time and energy to research the current Federal Appellate Circuit court cases from the 2nd and 4th Circuits that are instructive and may be the better approach for an appellate review of the important fundamental constitutional rights raised in this measure. The two First Amendment rights worth describing in the general sense are: (1) Freedom of Speech and (2) Freedom of Religion.

"Overbroad Application:

"The present draft of SB 501, SD 1, HD 2 is overbroad and covers too many health care providers and may have significant unexpected consequences. The Department of Health's testimony before the Committee on Judiciary, filed on April 4, 2017, clearly and plainly sets forth the problem as follows:

The amended version broadens the definition of a "limited pregnancy center" and now includes all family planning/pregnancy service providers, all federally qualified health centers (FQHC), community health centers, hospitals, clinics, and private physician offices/practices. The DOH contracts with 14 health care providers for family planning services with over 25 sites statewide. The new definition may also require redundant actions by current health care providers and facilities to comply with federal laws and regulations, including the Health Insurance Portability and Accountability Act (HIPAA) and 45 CFR 164. "Penalties are Disproportionate to the Offense:

"The penalties are disproportionate to the offense. The bill creates a new private cause of action authorizing an injunction and potentially awarding triple damages and cost and attorneys' fees to an aggrieved party. What are the 'actual damages' allowed under this bill? It's not clear, but one example could be for resulting pregnancy or birth complications. So failure to put up a sign could lead to an injunction which shuts down the center or huge damages which would do the same thing. No other state with a pregnancy center bill has such a draconian penalty. Even the California measure, commonly known as the 'bully bill,' does not provide such severe and oversized penalties as that found in SB 501, SD 2, HD 2.

"Freedom of Speech:

"The freedom of speech issues arise here because the 'speech' that is being proscribed is the publication and display of 72 words, in three sentences, that the bill requires to be posted in a 'limited service pregnancy center.' It must be in 22 point font and printed on no less than a size 8.5" x 11" paper and posted. Also available must be printed copies of the same notice in 14 point type and made available to all. It is akin to having a private person or group 'advertise' for the government. The offending words are as follows:

Hawaii has public programs that provide immediate free or low-cost access to comprehensive family planning services, including, but not limited to, all FDA-approved methods of contraception and pregnancy-related services for eligible women.

To apply online for medical insurance coverage, that will cover the full range of family planning and prenatal care services, go to mybenefits.hawaii.gov.

Only ultrasounds performed by qualified healthcare professionals and read by licensed clinicians should be considered medically accurate. (emphasis provided)

"The paragraph is comprised of three (3) sentences and I reference them in the following manner as Sentences No. 1, No. 2, and No. 3.

- (1) *Hawaii has public programs that provide immediate free or low-cost access to comprehensive family planning services, including, but not limited to, all FDA-approved methods of contraception and pregnancy-related services for eligible women.*
- (2) *To apply online for medical insurance coverage, that will cover the full range of family planning and prenatal care services, go to mybenefits.hawaii.gov.*
- (3) *Only ultrasounds performed by qualified healthcare professionals and read by licensed clinicians should be considered medically accurate.*

"In the Court of Appeals for the Second Circuit case, Evergreen, Ass'n Inc. v. City of New York, 740 F. 3d 233 (2014), the appeals court struck down the law that required the pregnancy centers to advertise on behalf of the City of New York. The same violation occurs here in sentences No. 1, No. 2 and No. 3 and it will suffer the same fate.

"In the Court of Appeals for the Fourth Circuit case, Stuart v. Camnitz, 774 F. 3d 238 (2014), the court found unconstitutional the law that required an abortionist to show the patient an ultrasound and describe the baby before an abortion. The court held that the fetal facts have 'ideological implications,' 'because they all fall on one side of the abortion debate' and 'promote a pro-life message.' Here the offending words are found in sentences No. 1 and No. 3. Thus, the First Amendment protections have been applied and are afforded to persons regardless of whether they are proponents or opponents of abortion or contraceptive services.

"Furthermore, in Centro Tepeyac v. Montgomery County, 722 F. 3d 184 (4th Cir. 2013), the court, in affirming the lower Maryland district court ruling that found unconstitutional the county law mandating signage at limited pregnancy centers, held that:

When core First Amendment interests are implicated, mere intuition [of a problem] is not sufficient. Yet that is all the County has brought forth: intuition and suppositions.

"Like in the Centro Tepeyac case, the legislative record is too lean and thin on any actual evidence of any wrongdoing or misleading conduct to warrant such a fierce and hostile restraint on a person's free speech right. The Centro Tepeyac appellate court stated that '[b]ecause the dangers of compelled speech are real and grave, courts must be on guard whenever the state seeks to force an individual or private organization to utter a statement at odds with its most fundamental beliefs.' The same principle applies here as the testimony, both written and oral, in support of the perceived or existing 'evils' necessitating this new regulatory scheme has

been based substantially on conjecture and with very little specific corroboration of wrongdoings and devoid of anything more substantial than anecdotal evidence and hearsay opinion. This has been, in my humble opinion, one of the most troubling aspects of this measure; a lack of any community outcry or concern or mindfulness on the matters asserted herein. In fact, until this measure came to the committees (Health and Judiciary) on which I sit, I had no idea that there may be issues of concern for my community and my constituents. The bill says it is necessary because women need to receive accurate information about pregnancy. There is no finding that pregnancy centers are doing anything wrong. Testimony from some bill sponsors, on the other hand, accuses pregnancy centers of deceptive practices and providing misleading and false information. But, again, there is a lack of evidence or proof except some vague generalizations and imprecise dates, times, places, and persons.

"Additionally, the bill is less than candid and honest because although a plain reading of the language used in the bill does not target religious-based limited pregnancy centers because of their beliefs, the testimony of many bill supporters does. When courts review this statute, the testimony will be largely off the record, so the statute will appear to be neutral. Moreover, the charges made against the religious pregnancy centers are allegations without any supporting evidence, not even anecdotal. Legislation should be based on reliable facts, not unjustified claims.

"Moreover, in all my years, I have not heard once from any woman, girl, parent, counselor, consumer advocate, or House District Democratic Party of Hawaii advocate mention any measure of the kind contemplated in SB 501. This is a bill of first impression for me and my appreciation for this issue arises only recently in 2017.

"All this brings us to the NIFLA v. Becerra (Harris) 9th Circuit case that is presently on appeal to the U.S. Supreme Court. As pointed out by my colleague from District 50, Kailua-Oahu and Kaneohe Bay, it stands in contrast to the decisions of the Court of Appeals for the Second Circuit and Court of Appeals for the Fourth Circuit. And, whereas we voted differently from each other on the Judiciary Committee vote and herein on 3rd Reading, we both subscribe and agree that the logic and legal rationale of the Court of Appeals for the Ninth Circuit may not be endorsed by the U.S. Supreme Court and therefore may be overturned.

"NIFLA stands for 'National Institute of Family and Life Advocates' and according to the NIFLA President's update, February 2017, Vol. V, No. 2, regarding the proposed Hawaii Law:

NIFLA will, as we have done with the California and Illinois laws, file a lawsuit in federal district court seeking an injunction to prohibit the enforcement of this law if it is enacted. We are working with our friends and fellow attorneys with the Alliance Defending Freedom (ADF) to prepare such a law suit, if necessary.

"As such, although we do not know if the U.S. Supreme Court will hear the NIFLA v. Becerra (Harris) case and grant certiorari, it seems quite certain that should this measure become law, it will be challenged in the local federal district court for violating a person's constitutional rights under the Federal Constitution.

"Free Exercise of Religion:

"The First Amendment also protects a person's freedom to practice his or her religion as well as be free from any government establishment of religion. This fundamental right comes to bear on this bill because the measure would compel a person with a sincerely held religious belief to post and promote a government message that he or she does not subscribe to. The written and oral testimony submitted in both the Health and Judiciary Committees clearly show that many if not all of the pregnancy crisis centers that provide free or pro bono services are part of a religious institution and/or subscribe to sincerely held religious beliefs regarding pregnancy and abortion and contraceptives. Hence, requiring them to post and therein advertise and promote a government program that provides free or low-cost access to abortion and/or all FDA-approved methods of contraception and pregnancy-related services for eligible women, goes against their core beliefs on these matters. In fact, a review of the public testimony and record from the Health and Judiciary Committees' public

hearings, reveal that this measure is facing its most severe opposition from the following organizations – Malama Pregnancy Center of Maui (Wailuku, Maui), The Pregnancy Center, Ka Hale Malama Ola (Kailua-Kona, Hawaii), A Place for Women in Waipio (Waipio, Oahu), Aloha Pregnancy Care and Counseling Center (Kaneohe, Oahu), and the Pregnancy Problem Center (Pearson Foundation, Honolulu, Pearl City).

"Upon closer inspection and review I found that the two (2) of the affected limited service pregnancy centers, *Malama Pregnancy Center of Maui* (Kahului, Maui), and *A Place for Women in Waipio* (Waipio, Oahu), are church ministries or religious outreach activities and part and parcel of two (2) churches. The two churches are *Emmanuel Lutheran Church and Schools of Maui* and *Calvary Chapel Pearl Harbor*. As such, the Free Exercise of Religion clause is applicable to these two centers in addition to the Free Speech concerns expressed earlier. And, the law requires that laws that burden religious practice be both neutral toward religion and generally applicable. In *Church of Lukumi Babalu Aye, Inc. v. City of Hialeah*, 508 U.S. 520 (1993), the Supreme Court stated that '[a] law burdening religious practice that is not neutral or not of general application must undergo the most rigorous scrutiny.' That essentially means that because the law contemplated in SB 501 would compel a religious-based organization to promote and publicize a practice that it does not agree with, it would be evaluated under the most exacting constitutional test of 'strict scrutiny.' In short, the law would be found to be unconstitutional against a person's free exercise of religion rights if it was not most narrowly tailored to accomplish a most compelling government purpose. That is a very high bar to pass.

"The other four (4) centers – *Aloha Pregnancy Care and Counseling Center* (Kaneohe, Oahu), and the *Pregnancy Problem Centers* (The Pearson Foundation of Hawaii, Inc., Honolulu office, Pearl City office) and *Ka Hale Malama Ola* (Kailua-Kona, Hawaii), do not appear to be a church like the previous centers in Wailuku, Maui or Waipio, Oahu. They have, however, expressed strong opposition to the bill. For example, Ms. Ruth Prinzivalli, President of the Pearson Foundation of HI, Inc. dba Pregnancy Problem Centers, wrote in her testimony filed with the Committee on Judiciary, dated April 5, 2017, in relevant part,

We were founded in 1970 by Robert Pearson and his wife, Mary Jane who began encouraging young women to give birth to their unborn children as they believed abortion an intrinsically evil that kills an unborn child and is detrimental to the mother as well. They adopted some of these babies that they saved and they are now successful, contributing members of American society. The Pearsons along with the help of the Knights of Columbus established the Mary Jane Home to provide housing for pregnant women in need of it. When the Pearsons left Hawaii, The Pearson Foundation of HI, became incorporated in 1986 as a private, non-profit 301c, and continued the Mary Jane Home until it came under the auspices of Catholic Charities where it continues today. (emphasis provided)

"Clearly, the description of abortion as 'intrinsically evil that kills an unborn child' and current operation under the auspices of 'Catholic Charities' has some overtones of a 'religious' based organization although not operating as church or religious order.

"Likewise, the *Aloha Pregnancy Care and Counseling Center*, in its written testimony of its Director, Mr. Garret Hashimoto, filed with the Committee on Judiciary, dated April 5, 2017, provided the following relevant statement:

This bill violates First Amendment guarantees of freedom of religion. Our pregnancy centers are faith based ministries that are prolife and oppose abortion. Such opposition to abortion means that as a matter of religious principle we do not perform or refer for abortion. This bill, if enacted, would mandate that we, as faith based ministries, violate our religious convictions and become abortion referral agencies. (emphasis provided)

"Clearly, although the *Pregnancy Problem Center* is probably not a church like the *Malama Pregnancy Center of Maui* (Kahului, Maui) and *A Place for Women in Waipio* (Waipio, Oahu), which are part of the *Emmanuel Lutheran Church and Schools of Maui* and *Calvary Chapel*

Pearl Harbor, respectively, it does appear to have religious or conscientious objections to the proposed regulation.

"The *Wooley v. Maynard*, 430 U.S. 705 (1977), is a case that presents the Free Speech and Religious Freedom principles simply and clearly. In this case, the New Hampshire license plate law forcing display of the state slogan, 'Live Free or Die,' offended Mr. Maynard's religious beliefs as a Seventh Day Adventist. Covering up the slogan (compelled speech) was a criminal violation and when he repeatedly failed to pay the fine he was jailed. He went to federal court, won, but lost at the appellate court, and then appealed to the U.S. Supreme Court, which held the New Hampshire law to violate Mr. Maynard's First Amendment rights.

"The U.S. Supreme Court took particular attention to the summary of Mr. Maynard's objection wherein he expressed, 'I refuse to be coerced by the State into advertising a slogan which I find morally, ethically, religiously and politically abhorrent.' (emphasis provided).

"In my humble opinion, the same fate awaits SB 501 in that even if you could argue that the law would serve a compelling government purpose (accurate timely information to a woman of government sponsored free or low-cost reproductive services and contraceptives, via government funded health insurance, etc.), it would not pass constitutional strict scrutiny analysis for there are less burdensome ways to achieve the purpose without imposing upon the free speech and religious rights of these citizens and their churches and those centers operating under religious doctrine and belief.

"Indeed, there are readily available less burdensome alternatives for the State of Hawaii to promote its government message. The Department of Health has an advertising budget that has paid for anti-smoking and anti-drinking ads. The Department of Health has also promoted sign-up for free tuberculosis screening, children immunizations, colon cancer, skin cancer, and prostate cancer screening and prevention programs with other non-government organizations. The Department of Health advertises for people to sign up for health insurance under the Affordable Care Act and regularly runs television advertisements promoting its anti-obesity campaigns and pedestrian safety programs.

"Similarly, the State of Hawaii Department of Human Services also has an advertising budget to promote its services and promote enrollment in the State of Hawaii Medicaid program, or Med-QUEST program. There are also semi-annual mailers sent to each subscriber by the current health plans notifying the party of the open-enrollment season and prompting the enrollee to consider or reconsider the most appropriate plan and directing them to the relevant website or web page. Directing people to the website required in the bill is something the Department of Human Services already does. Of course, there are also scores of State of Hawaii Department of Health and Department of Human Services Branch Offices scattered throughout the community on all islands and most are accessible by public transportation and are open most days of the year.

"Mr. Speaker, if we are truly seeking to help women obtain accurate and timely information on free or low-cost government sponsored insurance programs that enable women to receive all of their federally approved pregnancy options, even abortion, there are less burdensome ways of achieving this without unnecessarily imposing upon our fellow citizens whose actions so far only disclose a sincere desire to freely assist those women who may rationally and consciously choose a non-abortion path for the unplanned pregnancy.

"With that thought in mind, regarding the appropriate legal standard and test to apply, and the uncharted constitutional legal waters we are crossing, it seems peculiar and curiously odd that two of the 'usual suspects' expected to be engaged in this public debate and discussion are conspicuously absent. One must wonder, as I have, where is the Hawaii Attorney General's opinion or commentary on this measure that just screams out for some legal guidance and illumination for the lay person and those unfamiliar with the law. The same can be said for the American Civil Liberties Union ('ACLU') that for many years was viewed as the staunch defender and zealous advocate for the minority or under-dog no matter how unappealing he may appear or be when matters of First Amendment rights are threatened or diminished. But, not wanting to infer any non-

purposeful motive or deliberate or accidental abeyance at this present time, let us not be cajoled into thinking their opinions and commentary are not desired and useful. To be sure, it is not if, but at what time will the Attorney General of the State of Hawaii be eventually summoned to review and set forth his legal argument on the issues found herein. And, I would hope for and seek the same from my friends at the ACLU; for certain Constitutional rights and principles transcend and trump other laws and policies.

"Finally, let it never be said that in opposing this measure that I opposed a woman's right to choose under the established precedent found in Roe v. Wade, 410 U.S. 113 (1973), and Planned Parenthood of Southeastern Pa. v. Casey, 505 U.S. 833 (1992) and its progeny. That is the supreme law of the land since 1973 and remains the law of the land today. Truly, under my oath of office as a Hawaii State Representative am I duty bound to obey the U.S. and Hawaii Constitutions to the best of my abilities. A parallel oath as an attorney also compels me to this standard of conduct and action. In closing, I not only find my opposition to this measure in fulfillment of that duty to protect and defend our most sacred and revered truths and ideals, but necessary and vital to that never-ending pursuit of liberty and justice for all.

"Accordingly, I respectfully dissent from my friends and colleagues and cast a vote in opposition for the reasons so expressed herein."

Representative San Buenaventura rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support. And I also echo the previous speakers' concerns about this case going to the U.S. Supreme Court and the freedom of speech rights of these centers. However, I disagree with their analysis, and I have taken cases up to the Hawaii Supreme Court and I have won, so I believe I have a basis for this disagreement.

"I disagree with their analysis. It's not necessarily what the Second and the Fourth Circuit opinions apply, because the Ninth Circuit went directly in opposition to the Second and Fourth Circuit. It's what prior U.S. Supreme Court opinions have stated, and in those prior U.S. Supreme Court opinions, in fact, I could quote Justice Scalia in saying that, when you apply rules of general applicability, such as speed limit laws, you don't need strict scrutiny. Otherwise, all of our laws are going to be subject to strict scrutiny, and all of our laws are going to be subject to a U.S. Supreme Court analysis.

"And that is why I agree with JUD Chair's amendment to SB 501, in requiring applicability to all pregnancy centers, not just the religious-based ones, because then it becomes a law of general applicability. For those reasons, I stand in support. Thank you."

Representative Matsumoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Mr. Speaker, I rise with reservations.

"This bill unfairly targets pro-life, faith-based organizations and compels them to post or provide a notice on where to find things like contraception. This opens up doors for lawsuits as any person who is 'aggrieved' by a violation of the notice requirement to sue for actual damages and attorneys' fees.

"I have issues with the constitutionality of this bill, as my understanding is that there are lawsuits pending in different states that have similar laws. The 4th Circuit found the law violated faith-based pregnancy centers' right to free speech, whereas the law was upheld in a 9th Circuit case but has been submitted to the U.S. Supreme Court for certiorari. The Supreme Court's decision on whether to accept the case is April 20th and it would be scheduled for fall of 2017.

"While I understand that this bill will allow women to know where they can obtain the wide spectrum of reproductive health services, I have concerns that certain pregnancy-related services may be problematic for faith-based communities and institutions."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I want to thank my colleagues for their comments, and permission to enter the comments of my colleague from Kailua as if they were my own, and thank her for her work as well. She's been diligent about this, as well as contacting the Attorney General's Office, making sure that we're speaking to the legal points of the issue. I'd also like to submit the comments of the Representative from Wahiawa as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Tupola continued, stating:

"And I will disclose that I'm not a lawyer, and so it takes me sometimes three times longer to understand some of these things. But I think from reading the bill and doing some research on it, I'll just share a snippet of what the Representative from Puna was covering. The Ninth Circuit Court upheld a Californian version of this bill, but the plaintiffs have applied for the Supreme Court for review. The firm handling the case is expecting an answer by April 20. That's in a couple weeks. So in a couple weeks they'll determine whether or not the case will be heard at the Supreme Court level.

"So a couple of circuits were brought up as far as this exact bill being introduced in different places, and I would say that in regards to compelled speech in commercial areas, it says, there are Supreme Court holdings stating that when professional services are provided at no charge, there must be a compelling state interest in order to limit the freedoms guaranteed under the First Amendment. And that's kind of what my two colleagues were alluding to as far as compelled speech in commercial environments, because their needs to be a compelling interest in the state to do that.

"And so the reason I bring that up is because when we first heard the bill in Health, what I heard the testifier saying was that we want people to know what services are offered at these limited pregnancy centers. We don't know, people don't know, we need to disclose that. So it went from we need everyone to clarify what they're offering, to now everybody needs to clarify it. So currently the bill says that it includes limited service pregnancy centers and all entities that solicit clients and provide pregnancy-related services. And that's where my colleague from Wahiawa was bringing up community health centers, he's bringing up physicians, because now it's anybody who solicits clients and provides pregnancy-related services.

"And so I would also emphasize the fact that in the other states where this bill was similar, that the penalties and the proportion and amount, I guess, for not putting a notice on this up, were not in those bills, but yeah, ours does have that. I think the first penalty was like \$500 for not putting it up. The reason why I bring that up is because it's adding a burden to physicians and other places where they already have a lot of an administrative burden.

"So I just think maybe taking a step back and looking at whether or not this is good public policy for all would behoove all of us to kind of look into this and see what problem are we trying to solve. What is the problem? Is it that we need everyone to know these services are available? Then I would agree with my colleague from Wahiawa. Then let's pursue multiple means of getting that word out through multiple channels, whether it's commercials, whether it's advertisements in state buildings. But if the problem is that we need people to know what's offered there, then, okay, maybe they should give out handouts of what they offer.

"So I'm going back to the root of it, because we create laws that are supposed to solve problems. And so I think that if there was this outstanding problem that we're solving and this is the key to it, then I would be in favor of it. But all the extra parts that are involved in it now

that it's kind of changed a lot through each committee are what give me reserve and opposition to this bill. Thank you."

Representative McDermott rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. I want to thank the Judiciary Chair for making substantial changes to the measure. But ultimately what was the point of this whole thing? Where did it come from? Why is it even before us? It's before us because there's seven Christian centers that offer alternatives to abortion. They don't believe in abortion. So if a woman comes in there, they're encouraging, they offer alternatives, but they don't do abortions. And that's what this is about.

"In the Judiciary Committee we had about 30 testifiers against this, from the various organizations. It's a ministry for these folks, it's a matter of religious freedom. There were two testifiers in support, two. And they both had an economic interest in it. One was the Planned Parenthood lobbyist and the other was an abortion doctor. They both make money off of abortions. Where these people of faith came down, took time off of work, spent three or four hours sitting there, trying to plead their case in a democracy, and we turned our back on them. Thirty to two, it was embarrassing. And we still passed it. And I am told, I wasn't at the other hearings, but it was similar throughout the other hearings. Why would we do that? This is very disheartening for me. This is my 11th year here. I've seen us do this time and time again, overwhelming number of people say we don't want something, and we turn our backs on them and still do it anyway because we think we know better.

"So who is pushing this? Where did it come from? What part of the community, outflow of community support said, we need this, we want these notices on these pregnancy centers? Well, where is it from? It's from Planned Parenthood. For God forbid if we miss out on one child, being able to abort that one child who makes his way to the pregnancy center and the girl is talked out of having an abortion, Planned Parenthood loses money. And that's what this is about. It's about money. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. I just wanted to note that I think for me this bill is not about abortion or freedom of speech or religion or anything of this sort, but rather it is about consumer protection and transparency. People in several of our hearings have testified that there are services being provided by some of these centers in question that are medical services that one can get at a doctor's office, medical advice one can procure at a hospital or other legitimate medical institution.

"The testifiers, when asked at the most recent hearing, acknowledged yes, medical services are being provided, because we have trained medical personnel on staff. Medical services are being provided, and it doesn't matter, I think in this case, whether it's for money or not, because I can no more mislead anyone else that I'm a doctor and provide any sort of prescriptive advice or medical counsel that could cause harm to someone without liability on myself. It would be, well, one, fraudulent, it would be negligent, and ultimately it would be criminal. And that's not something that I think anybody wants to endure.

"Mr. Speaker, the acknowledgement that there are folks out there in the community who utilize the services of pregnancy centers under the assumption in approaching these institutions and these businesses that they are legitimate medical service providers, and then internalize that advice they get and make decisions that affect their own lives and health care based upon that, and premised upon that, is incredibly dangerous. It's why we have a need for transparency. It's why we have a need for this bill. And it raises a real question when, in the very same testimony, some of the providers say they absolutely do not want to be required to comply with basic medical standards and regulations.

"And the reason this is important, and when we talk about a compelling state interest, the reason this is important is because there are a number of stories out there that were heard in testimony as well as out in the community. One in particular I want to cite, which is someone I know, who after meeting someone, was seeking emergency help to avoid a

pregnancy, and went to one of these centers seeking Plan B, seeking information, seeking it itself, and was told, in fact, we want to help you with the most legitimate intent, which I think is fantastic, except that the advice given was, hang tight, we'll schedule time where we can sit down and talk further next week. Which completely undermines the purpose and intent of Plan B. Which is advice that is medically inaccurate, if not by omission, directly. And what wasn't known at the time is that this person has multiple, multiple medical conditions each on their own which can be life threatening, which, complicated by a pregnancy, could endanger one's life. This is the danger that we are talking about here, because that is certainly not the only story, it's not an isolated incident.

"Mr. Speaker, this bill is important because we need to vet and put forth basic transparency that ensures public health and safety above all else. When lives are being put in danger, and when testifiers from the American College of Obstetricians and Gynecologists are saying they're the ones that are having to do the cleanup work, and having to see patients and provide medical services to correct misinformation and correct other issues that arise on a regular basis, this raises a serious concern.

"Mr. Speaker, this bill, while acknowledging the good intent I think on a lot of folks' part out there to provide legitimate counseling, and especially support in a time of crisis, I think still allows for a situation that is dangerous, and it's why we need to move forward."

Representative Holt rose to yield his time, and the Chair "so ordered."

Representative Lee continued, stating:

"Thank you. I'll wrap up just by saying, this is not about religion or abortion or freedom of speech. It's, I think for us, about providing basic transparency to help ensure that there is a practice that will not hurt people, will not endanger lives as it moves forward. And it's our obligation to ensure that transparency, and this bill is just one step, and one really small step, I think it should go much further in ensuring the health and safety of our community. Thank you."

Representative Cachola rose to disclose a potential conflict of interest, stating:

"Request for ruling on a possible conflict of interest. I have two doctors in the family," and the Chair ruled, "no conflict."

Representative Cachola continued to speak in opposition to the measure, stating:

"I'll be voting no on this measure at this time, the way it's written. I know that it's about transparency. But they're providing penalties like, if you didn't give notice to a patient because you're too busy, the first offense is \$500, the second offense is \$1,000. You're putting a lot of burdens on the way doctors practice. We already have over 500 shortage of doctors as estimated, and this again is a disincentive for doctors to further continue to practice medicine.

"Until such time that data is correct, some of the provisions in the bill to make it so burdensome on the part of practicing physicians, they are being required to do a lot of things and they'll be penalized if they don't, and it's an additional burden and expense on their part. So at this point in time, until such time is corrected, I'll be voting no. Thank you."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. Still in support, but with that amendment. Mr. Speaker, may I have permission to submit remarks to the Journal? Thank you."

Representative Thielen's written remarks are as follows:

"These remarks to the Journal are in memorandum format, as the legal issues presented in SB 501 require application of case law to the statutory provisions.

"SB 501, HD 2, requires limited service pregnancy centers to disseminate on-site a three-sentence written notice regarding family-planning services to patients or clients. In testimony before the House Judiciary Committee, opponents of the bill announced that, if it passes, they would challenge it in federal court, appealing to the United States Supreme Court if necessary.

"This memorandum reviews three recent federal appellate decisions regarding mandatory notice disclosures for pregnancy centers. State and local governments enacted these laws after finding several centers deceptively hindered their clients from obtaining abortion or emergency contraception. Plaintiffs subsequently challenged the laws on First Amendment grounds.

"Both the Second and Fourth Circuits held some of these disclosures unconstitutionally compelled speech from the pregnancy centers. Evergreen Ass'n v. City of New York, 740 F.3d 233 (2d Cir. 2014); Centro Tepeyac v. Montgomery Cnty., 722 F.3d 184 (4th Cir. 2013). The Ninth Circuit, however, found California's law appropriately regulated professional speech. Nat'l Inst. of Family & Life Advocates v. Harris, 839 F.3d 823 (9th Cir. 2016).

"Only this last decision binds Hawai'i courts, but given the existing circuit split, the Supreme Court may ultimately settle this issue. There, the conservative majority of justices would probably attend closely to the reasoning set forth in the Second and Fourth Circuit decisions. Although the Supreme Court retains full freedom to fashion an independent jurisprudential path, this memo recommends three changes to the current draft to improve its chances on judicial review. It also reviews general legal principles applicable to this legislation and then summarizes the holdings from the three circuits.

"I. Recommended Amendments to SB 501

"A. Summary

"1. *Hawaii has public programs that provide immediate free or low-cost access to comprehensive family planning services, including, but not limited to, all FDA-approved methods of contraception and pregnancy-related services for eligible women.* SB 501, p. 4, lines 4-7.

"Retain as is. This should pass intermediate scrutiny, if the court views the sentence as regulating commercial or professional speech.

"2. *To apply online for medical insurance coverage, that will cover the full range of family planning and prenatal care services, go to mybenefits.hawaii.gov.* Id. at 4, lines 8-10.

"May not pass intermediate scrutiny if court determines this endorses or encourages a particular action. Reword to emphasize availability of services. For example:

An online application for medical insurance, covering the full range of family planning and prenatal care services, is available at mybenefits.hawaii.gov.'

"3. *Only ultrasounds performed by qualified healthcare professionals and read by licensed clinicians should be considered medically accurate.* Id. at 4, lines 11-13.

"Likely would not pass intermediate scrutiny. Suggest accomplishing the goal of promoting safe and reliable ultrasounds through the licensing rules and regulations governing healthcare professionals (HRS Chapter 451D), physicians and surgeons (HRS Chapter 453), nurses (HRS Chapter 457), and nurse aides (HRS Chapter 457A).

"4. Drafters should consider requiring another notice in applicable cases:

This Center does not have a licensed medical professional on staff.

"This should stand even under strict scrutiny.

"B. Discussion

"As a threshold issue, SB 501 defines 'limited service pregnancy center' to include any facility offering the specified services, not merely those opposing contraception or abortion. See id. at 3, lines 6-19. This definition should remain generally applicable to withstand viewpoint discrimination or free exercise challenges. The bill should also preserve its severance clause, so that each required notice receives individual review.

"The first required disclosure informs readers 'Hawaii has public programs that provide immediate free or low-cost access to comprehensive family planning services, including, but not limited to, all FDA-approved methods of contraception and pregnancy-related services for eligible women.' SB 501, HD 2, at 4, lines 4-7.

"The second directs readers '[t]o apply online for medical insurance coverage, that will cover the full range of family planning and prenatal care services, go to mybenefits.hawaii.gov.' Id. at 4, lines 8-10.

"The last states that '[o]nly ultrasounds performed by qualified healthcare professionals and read by licensed clinicians should be considered medically accurate.' See id. at 4, lines 11-13.

"If the Supreme Court adopted the Second Circuit's rationale for applying strict scrutiny, it could strike down all the three written notice requirements in the current draft. To determine whether the State employed the least restrictive means, the hypothetical comparison would be a public advertising campaign. Under strict scrutiny, if the State could achieve necessary disclosures through its own advertising, then it cannot offload that task to unwilling speakers. Outside of commercial or professional contexts, the State probably could only require the minimal disclosure of licensing status, such as the Status Disclosure in Evergreen or the Unlicensed Notice in National Institute.

"The drafters should consider requiring a notice for centers that do not staff medical personnel, neutrally and concisely advising clients of this fact. While this would not eliminate the policy concerns motivating SB 501, it could mitigate some harms. Moreover, similar notices have survived strict scrutiny review in three federal circuits.

"If tailored to regulate professional speech and conduct, the State could require the other notices, at least under current case law. These disclosures should only convey neutral and truthful information. The drafters should also emphasize that the time-sensitive nature of pregnancy-related decisions favors direct dissemination to clients over general public advertising.

"Under this standard, the first notice qualifies, as it merely states the availability of public programs. The second required disclosure, on the other hand, encourages the reader to undertake a specific action: namely, applying online for medical insurance coverage. Although the exhortation here seems minimal, a court could strike this down as a departure from truthful neutrality. The drafters could remedy this by rewording the notice from the imperative to the indicative mood.

"Finally, the third disclosure likely crosses the line by directly commenting on the quality of the services provided and implying a government preference. This sentence should be removed. Instead, the drafters could perhaps consider direct regulation of ultrasounds through the medical licensing laws.

"II. Background Legal Principles

"Courts use a hierarchy of scrutiny standards to evaluate the constitutionality of a law. These compare the government objective against the means employed. The most stringent standard, strict scrutiny, requires the government demonstrate (1) the law employed only the means necessary (2) to attain a compelling government interest. Next comes intermediate scrutiny, which requires the government demonstrate (1) the law employed substantially related means (2) to attain an important government interest. Finally, the most lenient standard, rational review, requires the government demonstrate (1) the law employed reasonable

means (2) to attain a legitimate government interest. Several gradations exist between each of these standards.

"When evaluating a First Amendment challenge, a court must first determine whether the law at issue regulates speech according to content or viewpoint. 'Content-based laws—those that target speech based on its communicative content—are presumptively unconstitutional and may be justified only if the government proves that they are narrowly tailored to serve compelling state interests.' Reed v. Town of Gilbert, 135 S. Ct. 2218, 2227 (2015). This apparently invokes the strict scrutiny standard for any content-based law. But see, e.g., Renton v. Playtime Theatres, 475 U.S. 41, 48 (1986) (applying intermediate scrutiny to content-based zoning restrictions).

"Viewpoint discrimination, an egregious species of content-based laws, manifestly advantages one side of a publicly debatable question. Rosenberger v. Rectors of the Univ. of Va., 515 U.S. 819, 829 (1995). This warrants heightened review; viewpoint discrimination can invalidate a speech restriction even if the underlying speech ordinarily would not receive constitutional protection. R.A.V. v. City of St. Paul, 505 U.S. 377, 384 (1992) (offering as example a law 'proscribing only libel critical of the government.').

"Because '[m]andating speech that a speaker would not otherwise make necessarily alters the content of the speech,' courts treat compelled speech as a content-based speech restriction. Riley v. Nat'l Fed'n of the Blind, 487 U.S. 781, 795 (1988). Generally, therefore, '[l]aws that compel speakers to utter or distribute speech bearing a particular message' will invite strict scrutiny. Turner Broad. Sys. v. FCC, 512 U.S. 622, 642 (1994). See also Wooley v. Maynard, 430 U.S. 705, 714 (1977) ('[T]he right of freedom of thought protected by the First Amendment against state action includes both the right to speak freely and the right to refrain from speaking at all.').

"Nevertheless, the government can exercise regulatory control over speech in professional and commercial contexts. 'The power of government to regulate the professions is not lost whenever the practice of a profession entails speech.' Lowe v. SEC, 472 U.S. 181, 228 (1985) (White, J., concurring). Regulating medical practice falls within this general police power. Gonzales v. Carhart, 550 U.S. 124, 157 (2007). See also Planned Parenthood v. Casey, 505 U.S. 833, 884 (1992) (upholding law compelling physicians to disclose certain information to women seeking abortions). And crucially, '[t]he State has a legitimate interest in seeing to it that abortion, like any other medical procedure, is performed under circumstances that insure maximum safety for the patient.' Roe v. Wade, 410 U.S. 113, 150 (1973).

"Considerable doctrinal uncertainty remains, however, over the precise parameters of professional regulation. One influential concurrence has identified a 'rough distinction' between licensing requirements and public advocacy. Thomas v. Collins, 323 U.S. 516, 544 (Jackson, J., concurring). For instance, the government may prohibit unauthorized practice of medicine, but not public or private speech 'urging persons to follow or reject any school of medical thought.' Id. The operative distinction appears whether a 'personal nexus' exists between speaker and audience. Lowe, 472 U.S. at 232 (White, J., concurring). In other words, a professional commenting on issues of public moment receives greater free speech protections than a professional exercising fiduciary control over a client's affairs.

"Based on these precedents, as well as its own case law, the Ninth Circuit has identified a continuum between public advocacy (subject to the highest constitutional protections) and professional conduct (subject to any reasonable regulation). Pickup v. Brown, 740 F.3d 1208, 1227-29 (9th Cir. 2013). Professional speech occupies a midpoint between these poles, meriting intermediate scrutiny, because professional relationship chiefly exists 'to advance the welfare of the clients, rather than contribute to public debate.' Id. at 1228. Other circuits have recognized a distinct professional speech doctrine. See, e.g., King v. Governor of New Jersey, 767 F.3d 216 (3d. Cir. 2014). The Supreme Court, however, has not endorsed any specific test.

"III. Decision Summaries

"A. Fourth Circuit

"Following public hearings in 2009, the Montgomery County Council found that 'requiring a disclaimer for certain pregnancy resource centers is necessary to protect the health of County residents.' Centro Tepeyac, 722 F.3d at 186. Some residents, the Council feared, might mistakenly believe the centers provided medical services and delay seeking necessary treatment. Id. at 186-87. The County therefore mandated that centers post two disclosures:

- (1) 'The Center does not have a licensed medical professional on staff';
- (2) 'The Montgomery County Health Officer encourages women who are or may be pregnant to consult with a licensed health care provider.'

Id. at 186. This law applied to any 'organization, center, or individual that: (A) has a primary purpose to provide pregnancy-related services; (B) does not have a licensed professional on staff; and (C) provides information about pregnancy-related services, for a fee or as a free service.' Id.

"Centro Tepeyac, a non-profit corporation, filed suit on First Amendment grounds, seeking injunctive relief, monetary damages, and attorney's fees. The organization provided services for pregnant women, including free pregnancy tests, confidential counseling, and baby supplies (e.g., diapers, clothes). Id. at 187. It did not, however, refer women for abortion or emergency contraception. Centro Tepeyac argued the law unconstitutionally compelled it and other pro-life centers to disclaim the value of the counseling services provided.

"After observing that regulations of professional or commercial speech might warrant less stringent review, the district court, for procedural reasons, applied strict scrutiny to both statements. Id. at 189. It found a compelling government interest in ensuring citizens obtained appropriate and necessary medical care. Id. Notifying clients about a lack of medical staff or services satisfied that interest in a neutral and truthful manner. Id. at 190. Once prospective clients had this information, though, the court found it superfluous to expressly encourage women to seek a licensed health care provider, because public service announcements could provide an adequate substitute. Id. Reviewing for abuse of discretion, the Fourth Circuit affirmed all these holdings on en banc review. Id. at 192.¹

"B. Sixth Circuit

"In 2011, New York City enacted its own notice and disclosure law. Evergreen, 740 F.3d at 241. Public hearings had elicited wide-ranging testimony for and against the bill. According to several witnesses, some centers deceptively obstructed clients from receiving abortion or contraception services, using pretextual sonograms, spurious legal or medical information, or even just repeated appointment cancellations. Id. at 240-41. Opponents of the bill argued the clinics offered necessary alternatives to abortion, and that the required notices effectively required them to promote abortion. Id. at 241. The Council ultimately passed the measure on consumer protection and patient health grounds. Id.

"The final law, as distilled by the Sixth Circuit, contained three major provisions:

- (1) 'Status Disclosure' indicating whether licensed medical professionals operated or supervised the facility;
- (2) 'Government Message' encouraging women who are or who may become pregnant to consult with a licensed provider;
- (3) 'Services Disclosure' specifying whether the facility provided or referred clients for abortion, emergency contraception, or prenatal care.

Id. at 238.

¹ The dissenting opinion by Judge Niemeyer also applied strict scrutiny, but would have invalidated the entire statute.

"Five pregnancy centers sought and received an injunction against the law on First Amendment grounds. *Id.* at 241-42. After finding the law sufficiently definite to withstand a vagueness challenge,² the Second Circuit individually examined the required disclosures under both intermediate and strict scrutiny. *Id.* at 242-45. The Status Disclosure, it found, properly secured the city's interest in protecting patient health and preventing consumer fraud. *Id.* at 247. Because a public service announcement could not inform women whether a particular clinic had licensed staff, the law achieved its compelling interest by the narrowest available means. *Id.*

"By contrast, the Government Message 'require[d] a speaker to advertise on behalf of the government[.]' *Id.* at 250. While the government could advertise or subsidize publicly useful programs, it could not enlist unwilling speakers 'to affirmatively espouse the government's position on a contested public issue.' *Id.* at 251.

"The Services Disclosure also failed under both strict and intermediate scrutiny. Like the Fourth Circuit, the Court found the Status Disclosure sufficient to secure the government interest in preventing fraud or disseminate health information. *Id.* at 249. The Court further identified the context of this disclosure: namely, 'a public debate over the morality and efficacy of contraception and abortion.' *Id.* By requiring clinics to broach these topics upon first contact with clients, the law necessarily altered 'the way in which a pregnancy services center, if it chooses, discusses the issues of prenatal care, emergency contraception, and abortion.' *Id.* at 249-50. On politically controversial issues, the Court held, '[t]he centers must be free to formulate their own address.' *Id.* at 250.

"C. Ninth Circuit

"In 2016, the California Legislature enacted the FACT Act, after finding crisis pregnancy centers substantially hindered women from receiving accurate information about their reproductive rights and available medical services. *Nat'l Inst.*, 839 F.3d at 829. For licensed medical providers offering certain family planning services, the Act required the following notice:

California has public programs that provide immediate free or low-cost access to comprehensive family planning services (including all FDA-approved methods of contraception), prenatal care, and abortion for eligible women. To determine whether you qualify, contact the county social services office at [insert the telephone number].

Id. at 830 (hereinafter 'Licensed Notice').

"For unlicensed centers offering certain pregnancy-related services, the State required an alternative notice:

This facility is not licensed as a medical facility by the State of California and has no licensed medical provider who provides or directly supervises the provision of services.

Id. at 830 (hereinafter 'Unlicensed Notice').

"Three religiously-affiliated nonprofits brought suit on First Amendment grounds, arguing the law infringed free speech and free exercise of religion. *Id.* at 831. The district court upheld the Licensed Notice, alternatively as either regulated professional conduct or regulated professional speech. *Id.* at 832. It also rejected the viewpoint discrimination and free exercise challenges. *Id.*

"On appellate review, the Ninth Circuit first found both Notices were content-based, but viewpoint-neutral, compelled speech. *Id.* at 836. Next, it declined to apply strict scrutiny, citing rulings in other circuits that had upheld mandatory abortion-related disclosures on more lenient review. *Id.* at 837. See also *Med. Providers Performing Abortion Servs. v. Lakey*, 667 F.3d 570, 576 (5th Cir. 2012) (applying rational review to mandatory sonogram requirement); *Planned Parenthood Minn., N.D., S.D. v. Rounds*,

530 F.3d 724, 734-35 (8th Cir. 2008) (applying rational review to mandatory 'informed consent' discussions prior to abortion).

"Instead, the Court invoked the professional speech doctrine and subjected the Licensed Notice requirement to intermediate scrutiny. *Id.* at 838-39. The Licensed Notice neutrally informed patients that publicly-funded services existed, without encouraging or even implying a preference. *Id.* at 842. Although the Court acknowledged advertising might secure the same objective, intermediate scrutiny did not require choosing the least restrictive means available. *Id.* Given the time-sensitive nature of pregnancy decisions, the State could reasonably prefer directly informing patients over a generic advertising campaign. *Id.*

"As for the Unlicensed Notice, the Court found it survived even strict scrutiny. *Id.* at 843-44. The Unlicensed Notice neutrally, truthfully, and concisely informed women that traditional professional regulations did not apply to these particular clinics. *Id.* at 844. The disclosure neither commented on the quality of unlicensed clinics, nor did it urge patients to undertake any particular action. *Id.*

"Finally, the Court disposed of the free exercise claim by noting the disclosure requirements were 'a neutral law of general applicability, subject only to rational basis review.' *Id.* at 845. Because strict and intermediate scrutiny incorporate the rational basis standard, the Court concluded the Act did not violate the free exercise clause. *Id.*

"IV. Conclusion

"In light of these decisions, the drafters should (1) retain the first disclosure in SB 501; (2) modify the second disclosure to neutrally state the availability of services rather than expressly encourage their use; and (3) remove the third disclosure, accomplishing these objectives through the healthcare licensing laws instead. See HRS Chapters 451D, 453, 457, and 457A."

Representative McDermott rose to respond, stating:

"Mr. Speaker, I appreciate the remarks of some of my colleagues, but we don't make policy based on anecdotal stories. The biggest thing that these centers do is they provide, the ones that have it, an ultrasound opportunity for the young lady to see the child. Once the young lady sees the child, the abortion option is almost always off the table, because they see this living, breathing human being in their stomach.

"And this is about abortion, make no mistake about it. We had two people testify in support, Planned Parenthood and the abortion doctor. And I asked, Planned Parenthood lobbyist said, quote, 'we want women to have all the information possible,' unquote. I said, okay, fine, then would you be willing to furnish the ultrasound to the women before you abort their child? Oh, I can't answer that question, that's not in the bill. No, they won't, because if these pregnancy centers offer the ultrasound, by a semi-retired OB/GYN, which is the case in the one that I know of, that's a licensed medical professional, the young lady will not have the abortion. She won't, and Planned Parenthood loses money.

"Now, with regard to education, all this talk, you can ask any 13-year-old girl who goes to high school where to get an abortion, they know Planned Parenthood. I think we've done a good job advertising that. Certainly Planned Parenthood has. There's no high school student that doesn't know where to go to get an abortion. Planned Parenthood. It doesn't matter if you have money, you can be 13 years old, we have no parental consent, no parental notification, no restrictions at all. And yet, it's not enough for us. We need more. We want to put these centers out of business, chase them out of business. Even if they have a semi-retired OB/GYN, they're reading the ultrasound, that's not good enough.

"And again, I go back to the only people who were there had an economic interest, a direct economic interest in terminating lives of children that are inside the mother's womb. Thank you, sir."

² The partial concurrence would have invalidated the entire statute because the 'inherently slippery definition' of a pregnancy center in the statute 'authorizes and encourages arbitrary enforcement.' *Id.* at 251-52 (Wesley, J., concurring and dissenting). The district court had enjoined the entire statute on these grounds.

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just need to make a comment that if Planned Parenthood was not around, there would be illegal abortions available, and if you're in high school and you ask around, someone will tell you where you can go get that illegal abortion. Because when I was in high school in the '60s, in 1968, I had friends that got illegal abortions, and the word was out on the streets where you could get them.

"The reason we are at where we are today is because we do not want illegal abortions. They're dangerous, they're a threat to the person that gets them, and their lives are in danger by keeping it illegal. So I feel strongly, I had to make that statement to set the record straight. Thank you."

Representative Har rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker, I rise in opposition. Before I begin, Mr. Speaker, may I please adopt the words of the Representative from District 50, as well as the Representative from Wahiawa," and the Chair "so ordered." (By reference only.)

Representative Har continued, stating:

"Thank you, Mr. Speaker. I agree with a previous speaker who said this is a measure of consumer protection. Accordingly, I believe that this bill should have gone to the Committee on CPC so these issues could have been vetted regarding the consumer protection issues. I absolutely agree with that previous speaker.

"In addition, before the Health Committee, one of the concerns I have about this bill is that the Department of Health noted that with respect to the civil penalties, they would not be able to enforce this measure. They said that they would need additional funding for additional positions. Accordingly, this bill also should have gone to the Committee on Finance, so these issues could have been vetted. Because at this point in time, there's nobody to enforce this measure. So for those reasons, in addition to the rest of the opposition that's been mentioned, I stand in opposition. Thank you."

Representative Tupola rose to respond, stating:

"Thank you, Mr. Speaker. I rise still in opposition, wanting to insert the comments from my colleague from Kapolei as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Tupola continued, stating:

"I also agree with the comment that it is about consumer protection, and that we're talking about transparency, and to those people who have spoken to the merits of the bill and whether or not this is good policy, good public policy or bad public policy, that's where wherein the conversation lies.

"And so I bring that up because we can bring up vignettes from both sides of the story. We can say people who went on this side and went to a limited pregnancy service center had a horrible experience, we can say stories of people who went on this side, went to Planned Parenthood, had a horrible experience. All of that says, everybody will have their own experience. Every experience will be different. Every individual story will be different.

"But what we're trying to do is fix whether or not this is good public policy and whether or not it's going to be enforceable, and whether or not it puts a burden on those who are actually going to be involved, and whether or not this is in possible, I guess, conflict, with freedom of speech. So thank you very much, Mr. Speaker."

Representative San Buenaventura rose to respond, stating:

"I apologize. I still stand in strong support. Two things. One, I was disappointed that attorney general did not submit an opinion, because freedom of speech was a big issue in this case.

"And the second thing I'd like to point out, in this federal climate that we have here, where the defunding of Planned Parenthood seems to me highly likely, there are going to be a number of consumers who will be flocking to these limited pregnancy centers, in which case we need to do the best that we can to ensure that they are completely informed about all of their options. And what we have produced here, what JUD Chair has produced with its latest amendment, was, I believe, the best of all possible solutions. Thank you very much."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Mr. Speaker, just some short comments. First, I do want to note that this has a defective date, so I really appreciate all the comments that are being stated on the floor today. I'd also just want to point out and correct the record that there were numerous other testifiers in support of this measure, including Hawaii State Commission on the Status of Women, We Are One, Hawaii Section of ACOG, Healthy Mothers Healthy Babies Coalition of Hawaii, and the Hawaii Women's Coalition. So there is broad public support for this, Mr. Speaker. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 501, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Third Reading by a vote of 41 ayes to 10 noes, with Representative Matsumoto voting aye with reservations, and with Representatives Cachola, DeCoite, Har, Kong, McDermott, Oshiro, Say, Tokioka, Tupola and Ward voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1761) recommending that S.B. No. 502, SD 1, HD 1 pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 502, SD 1, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Mr. Speaker, I rise in support, but with the strongest of reservations. Mr. Speaker, the purported intent of this measure is to remove discriminatory language governing requirements for insurance coverage of assisted reproductive technology by requiring parity of coverage for in vitro fertilization for same-sex couples, male-female couples for whom male infertility is an issue, and women regardless of marital status. The intent of this measure is absolutely laudable, and I support it wholeheartedly.

"My grave reservations, however, stem from the fact that this bill requires a new insurance mandate. As we all know, insurance mandates increase premiums across the board for all policyholders, also known as our constituents.

"Senate Bill 502, SD 1, HD 1 introduces a new insurance mandate, mandatory insurance coverage of an oocyte donor, also known as an egg donor, or mandatory insurance coverage of a surrogate. An egg donor or surrogate are third parties, and are not covered by the insured or the insured's dependent spouse. To be clear, these two coverages are not covered under the current law mandating a one-time only benefit for in vitro fertilization procedures pursuant to HRS Section 431:10A-116.5.

"The written and verbal testimony of HMSA, Kaiser and HMAA all made clear that this, in fact, is a new benefit, because it is not currently offered to any of its members. The testimony of HMSA reads, in relevant part, HMSA's current IVF policy does not cover surrogacy or donors in any form regardless of sex, sexual orientation, or marital status. While we understand the IVF-service itself is not changing, who that service/benefit applies to would change. Covering services for an individual who is not a member's spouse or a third party is a significant difference.

"Quoting the testimony of Kaiser Permanente, in relevant part, currently, Kaiser does not cover egg donor or surrogacy for any of its members, regardless of sex, sexual orientation or marital status. Therefore, by

passing this bill as is, the committee is creating an additional benefit for an additional class, which subverts the intention of the bill which is to create parity.

"The testimony from the Hawaii Association of Health Plans states, while health plans currently cover in vitro fertilization benefits for their members, covering services that have so many long-term health, legal, and cost implications for a surrogate, a third-party, who is not otherwise a beneficiary is problematic. The demand and related costs for expanded services as described in this bill are unknown. Insurers would have to assess the impact and build the added costs into employer premiums, which would be done gingerly as we seek to balance essential benefits with the burden to employers.

"So it is clear that Senate Bill 502 is creating a new insurance mandate, yet the committee report which came out of the Committee on Health states, your committee notes that this measure does not, nor is it intended to, expand the State's in vitro fertilization insurance mandate to require coverage for additional procedures. The mandate will continue to be limited to requiring coverage of in vitro fertilization procedures such as egg retrieval, fertilization, and embryo transfer.

"The committee report goes on to say, this measure clarifies that, where IVF procedures are performed on an oocyte donor or surrogate of the insured or of the insured's dependent spouse, the scope of coverage required for egg retrieval, fertilization, and embryo transfer will be determined as though these procedures were being performed on the insured or on the insured's dependent spouse.

"The standing committee report contradicts itself, because it clearly states that no new benefits are intended. Yet the standing committee report goes on to state that this measure clarifies that where IVF is performed on an egg donor or surrogate of the insured or the insured's dependent spouse, coverage will be allowed for egg retrieval, fertilization, and embryo transfer. This contradicts itself because by allowing these procedures on the egg donor or the surrogate, we are providing a new benefit, since egg donors and surrogates are not currently covered under current law."

Representative DeCoite rose to yield her time, and the Chair "so ordered."

Representative Har continued, stating:

"Thank you to the Representative from Molokai. My second and more important reason for opposition to this bill is because pursuant to state law, before any new insurance mandate can be instituted, an audit must be conducted on the social and fiscal implications of such a mandate. Specifically, HRS Section 23-51 states, in relevant part, before any legislative measure that mandates health insurance coverage for specific health services can be considered, there shall, not may, shall be concurrent resolutions passed requesting the auditor to prepare and submit to the legislature a report that assesses both the social and financial effects of the proposed mandated coverage.

"Mr. Speaker, to the best of my knowledge, there have been no concurrent resolutions introduced or heard this legislative session with respect to this new insurance mandate requiring coverage for an egg donor or a surrogate. Therefore, to pass this measure without first conducting the audit means we are in violation of state law. HRS Section 23-52 delineates the reasons for the audit, including social and fiscal impacts of the insurance mandate. Notably, HRS 23-52 2(D) states, the fiscal impacts to the extent to which insurance coverage of the healthcare service or provider can be reasonably expected to increase or decrease the insurance premium of policyholders.

"Logic dictates that any insurance mandate will increase premiums for policyholders, namely our constituents. Therefore, we not only have a legal obligation, but a fiduciary obligation to conduct the audits before passing this measure so that we understand how much our constituents will have to pay in terms of the increase to their policies.

"Finally, Mr. Speaker, pursuant to the Affordable Care Act, which has not been repealed, has not been replaced, under the ACA, states must

cover the cost for any new insurance mandates instituted after December 2013. Specifically, section 1311(d)(3) of the ACA requires states to defray the cost of any benefits required by state law to be covered by qualified health plans beyond the essential health benefits.

"Here, IVF is not an essential health benefit. And therefore, if we were to pass this measure, the cost could potentially be borne by the State. Anyone having a background in IVF understands that the cost could be potentially astronomical. In this case, we have no idea how the State will budget to cover such costs, which is why the audit is needed. How can the State be expected to budget for such a cost, if we have no idea what the cost will be?

"The saving grace at this point for the bill is number one, it is going into conference, and number two, I do support the intent of the bill, which is why I am standing with reservations. So it is my sincere hope that these issues will be addressed in conference committee, and that we will comply with state law and first conduct the audit. Without the audit, we have no way of knowing how much this new mandated benefit will cost our constituents and potentially the State.

"More importantly, we will not be able to bring this bill to fruition legally, which is ultimately the fair and equitable thing to do, regardless of sex, sexual orientation or marital status. But until these issues are resolved in conference, I respectfully must stand in support but with the strongest of reservations. Thank you, Mr. Speaker."

Representative Matsumoto rose in support of the measure with reservations and asked that the remarks of Representative Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative DeCoite rose in support of the measure with reservations and asked that the remarks of Representative Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Oshiro rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 502, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO IN VITRO FERTILIZATION INSURANCE COVERAGE," passed Third Reading by a vote of 45 ayes to 6 noes, with Representatives Cachola, DeCoite, Har, Matsumoto, McKelvey and Oshiro voting aye with reservations, and with Representatives Choy, McDermott, Say, Tokioka, Tupola and Ward voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1762) recommending that S.B. No. 249, SD 2, HD 1 pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 249, SD 2, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Takayama rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Takayama's written remarks are as follows:

"I rise in opposition to SB 249, SD 2, HD 1, which proposes to reduce retirement pensions for state judges.

"I believe our society should encourage the best and brightest in the legal profession to serve as judges because they serve such a crucial

function in reaching fair decisions and rendering just punishment. This measure sends the entirely wrong message to those considering applying to be judges, by seeming to de-value their contributions to our justice system.

"This measure also fails to specify whether it applies to current judges or only future judges, and in so doing stifles full public deliberations.

"For these reasons, I am opposed to SB 249, SD 2, HD 1."

Representative Tokioka rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. With very strong reservations."

Representative Har rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. Mr. Speaker, I will be quoting an op-ed piece that was submitted to the Honolulu Star-Advertiser on April 4, 2017 by retired Chief Justice Ronald Moon, who was a friend and a mentor. I'm going to read it into the Journal because I believe it epitomizes my opposition to this bill.

"There have been a series of legislative proposals in 2016 and 2017 that target only judges, and attempt to radically change how they are selected, retained and compensated. Fortunately, most of these measures have been defeated.

"However, one such bill is still advancing: Senate Bill 249, SD 2, HD 1, which would significantly reduce retirement benefits for future Hawaii judges.

"I strongly oppose this bill. It is highly unusual because it would reduce retirement benefits for only a single group of prospective employees. Typically these reductions are made across the board. For example, in 2011, the state Legislature reduced retirement benefits for future judges, legislators and senior executive branch officials, and other future state and county employees.

"Some may try to frame the 2017 bill as a 'cost-saving measure,' similar to the 2011 bill. Cost saving is important, but it appears not to be the true motivation. Our state Employees' Retirement System has testified that, 'from a business perspective, the ERS believes the reduction proposed in this 2017 bill may be disproportionate to the small number of members affected by this legislation.'

"I agree. The relatively small number of people it would affect — there are only 82 full-time judges in the state Judiciary — will not meaningfully reduce the future fiscal responsibilities of the state.

"So the question is, why are judges being discriminated against? The context of the bills in 2016 and 2017 is telling. Although less obvious than attempts to change how judges are selected or retained, make no mistake about it — this bill that targets only judges appears to be another attempt to impose undue pressure on the Judiciary. More specifically, the bill again attempts to cause the Third Branch and its judges not to abide by the constitutional Doctrine of Judicial Independence.

"Judges are duty-bound to base every decision on the facts and the applicable law, and not on politics, popular opinion or outside influences. That is why it is so important to insulate judges' decision-making from apparent political pressure. That is why I oppose the current bill.

"In fact, in 2006, voters approved a constitutional amendment to create a Commission on Salaries, charged with making recommendations on the salaries of judges, legislators and senior executive branch officials. I fully supported this system because this created an independent body to make decisions that would be approved or disapproved as a whole. In other words, the Legislature cannot pick and choose which branch of government, if any, gets a raise in any given year.

"Accordingly, I submit that the 2017 bill, SB 249, violates the intent of the voters in creating a system for equal treatment of the three branches of government, and therefore is unconstitutional.

"This is not about current judges, who have no financial stake in this bill. This is about the quality of our future Judiciary. Our judges serve the people. We need to be able to continue attracting the most qualified candidates to become judges: those with the integrity to do what's right, the experience to make the best decisions in each and every case, and the heart to serve our community.

"So, Mr. Speaker, while this bill does have a defective date, similar to the previous bill, I do not support the intent of this bill, unlike the previous measure. So for these reasons, and for the reasons cited by Chief Justice Moon, I stand in opposition. Thank you."

Representative Thielen rose in opposition to the measure and asked that the remarks of Representative Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Oshiro rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'll be voting no, and ask that the words of the Representative from Kapolei be entered as my very own, as well as the commentary submitted by former Chief Justice Moon. Thank you," and the Chair "so ordered." (By reference only.)

Representative Matsumoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Mr. Speaker, I rise in opposition.

"This bill unfairly targets judges and sets a disconcerting precedent. Who's to say the police aren't next? Emergency Medical Services? Our state has a severe problem with unfunded liabilities for our pension system, however, selecting one class of people is not the solution. I also have concerns about the cost of implementation and the potential deterrent effect of a reduced benefits package in attracting qualified individuals for judgeship.

"Will the State really save money by reducing the percentage of compensation of judges' retirement allowance from 3% to 2%? ERS reported that it will cost between \$50,000 and \$100,000 to modify the system to process this change. When the cost will be made up and when the State will actually start to accrue savings is very unclear because the State would spend that much to affect a very small number of state employees.

"In addition, I also have a concern that this reduced benefits package would deter qualified individuals from pursuing a judgeship. Attaining and retaining the best possible candidates to serve our communities as judges. We need to explore other avenues of generating revenue for the State, but we cannot start with reducing new judges' retirement."

Representative Cachola rose in support of the measure with reservations and asked that the remarks of Representative Har be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Kobayashi rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. It is hard to put a dollar cost on justice. If judges do a good job, they're worth every dollar. If judges don't do a good job, anything is too much. I am opposed to this bill."

Representative DeCoite rose in opposition to the measure and asked that the remarks of Representative Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, also in opposition, and may I adopt the remarks of the Representative from Kapolei? Mr. Speaker, we know that tampering with the jury is illegal. This is tampering with the judges and is equally illegal, and I think it flies in the face of our founding fathers, who established the separation of powers. This is a division of powers. Thank you," and the Chair "so ordered." (By reference only.)

Representative Souki rose to speak in support of the measure with reservations, stating:

"Mr. Speaker and members, with reservations. And I hope that the conference committee, when they meet, they will continue the arguments that are heard here. Thank you very much."

Representative McKelvey rose in support of the measure with reservations and asked that the remarks of Representative Souki be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative LoPresti rose in opposition to the measure and asked that the remarks of Representative Kobayashi be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Takumi rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tupola rose to speak in opposition to the measure, stating:

"Mr. Speaker, I just wanted to make a comment in opposition as well. There's three things that are kind of going through my mind as far as this bill is concerned, and one of them was brought up in the hearing, in the Finance hearing, and it had to do with the pressure of the amount of case load that some judges have and the need for us to recruit highly qualified individuals, and attract lawyers that might want to even apply to be a judge.

"And it was brought up by my colleague from Kauai in the hearing that the case load for the judges in Kauai is the heaviest in the State. There's currently two circuit court judges, one family court, and one district court judge. Between the family court and the district court judge, they have to do overage for each other. So sometimes the family court judge will cover the district court judge's cases and vice versa, because of the amount of load that they have.

"And so I think that when we look into this, and knowing that this is only going to apply to judges that are going to be newly elected this coming year, then it is going to disincentivize or make it less attractive for people to want to do this, because they know that they'll be getting less pay for maybe what they could make more as a lawyer.

"The second thing that I think about as well that was mentioned in the salary commission is that the salary commission was instituted so that we could have a fair look at a group of government officials as one, and I think one of the concerns that was brought up in the hearing was about vestiture, and perhaps the differences between us and the other branches.

"And so certain judges may vest with one term, but they also have an age requirement. As for our office, we don't have an age requirement to be an elected official. A judge must also meet years of service and age requirements as general contributory employees. A judge also meet the same years of age requirements as police, fire investigators, ACO sewer workers, water safety workers. But they are the only class that actually has a mandatory retirement age. We do not.

"And so there are differences between us, and maybe what they're going through, but I still feel strongly that us taking a good look at it as a group and being fair as far as the salary commission determining things that

happen in a package is super important, but we should also realize that with 82 judges out there, with very few judges that, a handful of them are actually going to retire this coming year. We need to make sure that we're also making this where more lawyers or potential judges actually want to apply to do these things. And so, with those comments, I'm in opposition. And can I have a quick recess, please, Mr. Speaker?"

At 10:49 o'clock a.m., Representative Tupola requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:51 o'clock a.m.

Representative Tupola moved to recommit Stand. Com. Rep. No. 1762 and S.B. No. 249, SD 2, HD 1, seconded by Representative Ward.

At 10:51 o'clock a.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:59 o'clock a.m.

At this time, the Chair stated:

"There's a motion which has been seconded to recommit the bill that we're currently discussing. Members, please confine your remarks to the recommittal, not on the merits of the bill. The question would be whether or not the bill should be recommitted. An example would be, if you're against the recommittal, this bill does not need any more work, therefore it should continue to go on to conference. Hypothetically, argument for the recommittal would be, possibly, the bill needs more work, and I still have concerns with it, therefore I support the recommittal. That simple. If it fails, we go back to the original bill. At this point, discussion on the recommittal."

Representative Tupola rose to speak in support of the motion to recommit, stating:

"Thank you, Mr. Speaker. I rise in support of the motion. I think with the concerns that we've heard, in addition to the fact that in the hearing there was no supporters of the bill, that we should deeply consider the fact that many of us have concerns about taking this step forward, that maybe we should discuss the differences between the three, and if something should happen, if it happens at the salary commission level, so for every single reason I said earlier and those, I stand in support of the recommittal. Thank you."

Representative Evans rose to speak in opposition to the motion to recommit, stating:

"Thank you, Mr. Speaker. I'm in opposition to the recommittal. I believe that we've had great discussion today, and I also believe in the process. I believe our chairs have brought to the body a bill, they've defected the date. Clearly, they see there's more work to be done on it and that they want it to continue, and I support the chair in this process, so I oppose this motion. Thank you."

Representative Thielen rose to speak in support of the motion to recommit, stating:

"Thank you, Mr. Speaker. I support the recommittal, and I oppose the underlying bill. Mr. Speaker, when I look at the list of opponents to the bill, it's amazing to see the various groups that sometimes are at loggerheads all joined together to oppose the bill.

"Then I look for the list of supporters. Zero, absolutely zero. And the procedure we have in this body is, if there's no support for a measure, it gets tabled. So now we have an opportunity to do that. Thank you."

Representative Har rose in support of the motion to recommit and asked that the remarks of Representative Thielen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Saiki rose to speak in opposition to the motion to recommit, stating:

"Mr. Speaker, I rise in opposition to the recommittal. And I would just like to note that, as mentioned, that this legislation does have a defective date, so it will go into the conference committee where it can be considered. Thank you."

Representative Souki rose to speak in opposition to the motion to recommit, stating:

"Mr. Speaker, in opposition, let this bill proceed to the conference committee."

Representative Ward rose to speak in support of the motion to recommit, stating:

"Mr. Speaker, in support of the recommittal. Mr. Speaker, a recommittal is an oops, we made a mistake. It's a good *mea culpa*, it's a good time to say, you know, we're not perfect. But we slipped this one a little bit too fast, a little bit too out of the ordinary, and as the opposition indicates, there's nobody for this bill, so why should we be for it if nobody is for it?"

"I think it's a good chance for humbling ourselves and saying, well, we kind of made a mistake. Are we too proud to say that we are mistakenly doing this? I don't think we should be. I think those who can learn from feedback are the wiser of the sort, and I think the wiser decision is to proceed with the recommittal, as we have done on this floor a number of times.

"So, Mr. Speaker, it's a *mea culpa*, oops, we made a mistake, let's get on with keeping the judges judges and not doing otherwise. Thank you."

The motion was put to vote by the Chair and upon a voice vote, failed to carry, with Representative Ito being excused.

(Main Motion)

At this time, the Chair stated:

"The motion to recommit has failed, we are back on the main motion. Any discussion? And members, I need to humbly remind you, if you've already spoken twice on this measure, you cannot speak a third time unless you are going to change your vote. Discussion on the bill, the current bill before us, Senate Bill 249, Senate Draft 2, House Draft 1."

At 11:03 o'clock a.m., Representative Tupola requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:05 o'clock a.m.

Representative Thielen rose to respond, stating:

"Mr. Speaker, I'm rising against the bill. You know, we could take the opportunity to at least show the Judiciary and the community at large how much we believe in the separation of powers between the three branches.

"If we have enough noes, or certainly enough with reservations, so the bill is somewhat hobbled as it goes into conference committee, and then maybe the conferees will recognize that the Legislature should not use its legislative powers to try impact the Judiciary.

"We all took civics, at least I hope we did, and this is a classic case of what you should not do. This is bad policy. So I hope that we will send it over deeply wounded, and that it won't come out of conference committee. I think it's embarrassing as a policy of this body. Thank you."

At 11:07 o'clock a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:10 o'clock a.m.

Representative Ward rose, stating:

"Mr. Speaker, I call for a roll call vote."

At 11:10 o'clock a.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:11 o'clock a.m.

Representative Ward rose, stating:

"Mr. Speaker, as the call for a roll call vote would imply all of the past bills that we've taken in, I therefore withdraw my call for a roll call vote. But this is a little bit more censorship than I would prefer. This is a body of the democracy of America."

At 11:12 o'clock a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:12 o'clock a.m.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 249, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RETIREMENT," passed Third Reading by a vote of 39 ayes to 12 noes, with Representatives Cachola, McKelvey, San Buenaventura, Souki, Takumi and Tokioka voting aye with reservations, and with Representatives DeCoite, Har, Kobayashi, LoPresti, Matsumoto, McDermott, Oshiro, Say, Takayama, Thielen, Tupola and Ward voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1763) recommending that S.B. No. 207, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 207, SD 2, HD 2 pass Third Reading, seconded by Representative Evans.

Representative LoPresti rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Lowen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote, and I'd like to refer my comments into the Journal from the testimony of the Hawaii Government Employees Association testimony in the Finance Committee on April 4, with some of the concerns that they had with this request for us to not pass this bill. Thank you very much, Mr. Speaker."

The Twenty-Ninth Legislature, State of Hawaii
House of Representatives
Committee on Finance

Testimony by
Hawaii Government Employees Association

April 4, 2017

**S.B. 207, S.D. 2, H.D. 1, PROPOSED H.D. 2 –
RELATING TO EMPLOYEES**

The Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO strongly opposes the purpose and intent of Parts II and III of the proposed House Draft 2 of S.B. 207, S.D. 2, H.D. 1 which authorizes the HHSC Maui Region privatized employees the ability to purchase credited service to the Employer-Union Health Benefits Trust Fund (EUTF) and repeals in its entirety, the content of Act 1, Second Special Session, Session Laws of Hawaii 2016, respectively.

On July 20, 2016, with two-thirds support of both chambers, the Legislature overrode Governor Ige's veto of S.B. 2077, which provided employees in the Maui Region of the HHSC the choice of a cash severance payment or modified retirement benefits, making the legislative intent to assist the affected employees absolutely clear.

In order to avoid yet another costly lawsuit and additional delays, both legislative chambers have been thoroughly vetting proposed legislation that would resolve the concern of employees choosing between severance and retirement, as contained in H.B. 233 and 234. Now, at the last possible opportunity, the Ige Administration has floated proposed language that is dramatically antithetical to the dialogue of the past two entire legislative sessions. By no measure has this proposed draft been properly vetted by all stakeholders nor ensured that it will pass legal muster. Further, this proposed language does not comport to prior legislative intent.

The affected employees have been in limbo regarding their employment and retirement benefits for too long and the amendments contained in the proposed draft serves only to exacerbates the confusion and uncertainty, therefore we respectfully request the Committee to defer Parts II and III of the proposed draft. We raise no objections to Part I of the proposed draft which provides a funding mechanism to implement a negotiated severance package.

Thank you for the opportunity to testify in strong opposition to the proposed House draft of S.B. 207.

Respectfully submitted,

Randy Perreira
Executive Director

Representative Oshiro rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Oshiro's written remarks are as follows:

"I support this bill because it may be the only vehicle to provide the Department of Budget and Finance with the appropriation for collective bargaining cost items related to the transition of operation of Maui regional hospitals to Maui Health Systems, a Kaiser Hospital, LLC, and also authorizes the affected employees to purchase credited service to qualify or increase the percentage of the base monthly contributions that the State pays to the EUTF. Furthermore, with HHSC projecting a cash flow deficit in fiscal year 2017 and seeking but not receiving \$36 million and \$35 million for fiscal years 2018 and 2019, respectively, in HB 100, HD 1, this bill may be the means to address both ongoing operating needs while putting to rest recently agreed upon supplemental contracts with the relevant union representatives and management.

"It is, however, of concern that one of the affected unions, namely the Hawaii Government Employees Association ('HGEA'), opposes this draft, stating in written testimony that 'Now at the last possible opportunity, the Ige Administration has floated proposed language that is dramatically antithetical from the dialogue of the past two entire legislative sessions. By no means has this proposed draft been properly vetted by all stakeholders nor ensured that it will pass legal muster.' (emphasis provided). Furthermore, the HGEA asks that the committee strike Parts II (purchase credited service), and III (repeal of Act 1, 2016) from the proposed draft, while supporting the funding provisions in Part I.

"Mr. Speaker, this is an important measure for it not only sets the course of collective bargaining and the precedent of large scale privatization in Hawaii but that it affects so many workers and their families, and the essential healthcare system and provider for the citizens of Maui. I have never been comfortable with my decision to support the privatization of the HHSC Maui Region in 2015, and with the subsequent fall-out of foreseeable constitutional and contractual violations and remedies proposed and enacted in 2016 that may not have or provided us with a permanent and long-standing fix.

"I will therefore be watching this bill carefully over the next several weeks and hope the best for a just and fair resolution to all concerned. Upon the final draft, if any, will I cast my final and important vote."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Souki rose to speak in support of the measure, stating:

"Mr. Speaker, I speak in favor of this measure. I think it's very timely, and it's providing an increase in service for the people in Maui County. It helps the laborer in separation benefits and in health benefits. So I speak very strongly for this measure."

Representative McKelvey rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker, and would like the robust words of the previous speaker entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 207, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYEES," passed Third Reading by a vote of 49 ayes to 2 noes, with Representatives Cachola, LoPresti, Lowen, Matsumoto and Oshiro voting aye with reservations, and with Representatives Har and Tokioka voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1764) recommending that S.B. No. 704, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 704, SD 2, HD 2 pass Third Reading, seconded by Representative Evans.

Representative LoPresti rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, it may seem strange to the members that I'm voting against a bill that was introduced on the Senate side by someone I've known all her life, but her bill was gutted and replaced with this one, which is going to really harm our housing for local people. It will really seriously reduce it. Thank you."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Nakamura rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Nakamura's written remarks are as follows:

"I vote with reservations. I'm concerned that all counties have differing land use policies and zoning codes regarding transient vacation rentals and bed and breakfast operations. All counties have different policies and resources allocated to enforcing their regulations. On Kauai, the land use policy is to aggressively enforce against illegal transient vacation rentals and bed and breakfast operations. I believe the proposed bill, as written,

encourages and may give illegal operators the belief that the payment of GET taxes gives them the authority to run an illegal vacation rental."

Representative McKelvey rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative McKelvey's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support, but with serious reservations on this measure. Mr. Speaker, my reservations have to do with the fact that this measure has a lot of technical issues that have never been fixed despite the fact that many people have noted them. One particular issue is that this measure sets aside \$1 million for each county to enforce taxation law when it is clear to anyone that the counties have no authority to enforce taxation law whatsoever. I am very disappointed that the previous committee, in gutting and replacing this measure before its third reading on the House side, wouldn't take the time to change the language from 'tax' to 'zoning matters' as was suggested in public testimony on previous versions of this bill earlier this year. Giving the counties \$1 million to enforce laws that they have no jurisdiction over, means that we are giving them a million dollar blank check. Funny, when you consider the fact that we are wrestling over these types of amounts in TAT allocation for the county.

"The other thing that this measure fails to do is provide any meaningful funding for affordable housing and rentals which will be lost due to legalization of air BNB's. The fact of the matter is, with other measures moving forward to tax non-residential and primary residential properties for education, the exasperating effect upon the loss of rental houses will be made worse by the passage of this measure as well. It's disappointing that they had no mechanism in place to help to ensure that the rental market doesn't become absorbed completely by this and other bills becoming law.

"Finally Mr. Speaker, the other thing that this bill fails to do is to take into account other types of entities that do transient vacation or interim rentals through the internet. What about the camp grounds that have popped up? What about some of the condo hotels that are offered through other online vendors? Will they be under this volunteer agreement as specified by this bill? I think not. For this and many other reasons, Mr. Speaker, it is clear this measure is, in the words of Saturday Night Live, not ready for prime time player. Thank you very much."

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"Our priority should be to protect our communities from illegal short-term rentals. We want our visitors to have alternative lodging options, but it should not be at the expense of our local residents. This bill may circumvent existing laws because the bill has been gutted and replaced with language from HB 1471, HD 1. This could negatively affect the counties ability to enforce against illegal vacation rentals. This will not solve the problems my district and communities across our state have with illegal vacation rentals, and will continue to hurt the amount of housing available to future generations."

Representative Lowen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Matsumoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Mr. Speaker, I rise with reservations.

"The issue of vacation rentals has been an ongoing battle with the State for decades, and with the rise of the internet, smart phones, and applications, there are additional issues to consider. The reality is that vacation rental platforms such as Airbnb, VRBO, Homeaway, etc. and the internet are not going away, and we need solutions to address issues of illegal vacation rentals. According to the Department of Planning and Permitting (DPP), the last time the City and County of Honolulu issued a Nonconforming Use Certificate was in 1989. The city has not approved any permits since then because of complaints that the practice was ruining neighborhoods. My constituents have voiced concerns of illegal rental activities in their neighborhoods – from different people rotating in and out next door, to the growing concerns of affordable housing supply dwindling due to illegal vacation rentals.

"Last year, Airbnb confirmed with Pacific Business News that in Hawaii, they have approximately 10,000 active listings. There are two parts to this issue: tax collection and illegal rentals. According to the DPP, as of November 23, 2016, there are 816 active transient vacation units and bed & breakfast homes that have permits.

"This bill needs to be more than a mechanism to collect tax revenue – we need to solve the root problem and address the illegal rentals, which is why I prefer the Senate Draft 2 version of the bill, specifically the addressing of compliance and enforcement. We have an opportunity to create oversight and ensure that transient accommodation operators are paying their fair share of taxes and call for DPP to pursue aggressive actions against illegal transient vacation rentals and B&Bs."

Representative Holt rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Oshiro rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 704, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO VACATION RENTALS," passed Third Reading by a vote of 44 ayes to 7 noes, with Representatives Cachola, DeCoite, Har, Holt, LoPresti, Lowen, Matsumoto, McKelvey, Nakamura, Oshiro and Tokioka voting aye with reservations, and with Representatives Ing, Kobayashi, Lee, Quinlan, Thielen, Tupola and Ward voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1765) recommending that S.B. No. 1290, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1290, SD 2, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative McKelvey rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tokioka rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. And I do know that this bill has some ways to go, but the reservations is the primary concern of the zeroed-out amount that goes to the counties. So I know it's still going to conference, and hopefully some of those things will be listed out and

amended in there, but for right now, reservations. Thank you, Mr. Speaker."

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"It is the authority of the State Legislature to determine how the transient accommodations tax will be apportioned, however we cannot deny that the tax was originally secured to assist the counties. In 2014 Act 174, the State-County Functions Working Group did a study observing that the counties are responsible for 54% of net expenditures directly supporting tourism, while the State provides 46%. The original language of this bill supported a 45% allocation of the remaining TAT revenue to the counties after specific appropriations, with the State receiving 55% to the state general fund. The county should get its fair share."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Oshiro rose in support of the measure with reservations and asked that the remarks of Representative Tokioka be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote. And just a comment that this is probably the unkindest cut of all to the counties for the amount of money they're going to lose with this bill. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1290, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE TRANSIENT ACCOMMODATIONS TAX," passed Third Reading by a vote of 50 ayes to 1 no, with Representatives Cachola, DeCoite, Har, McKelvey, Oshiro, Tokioka and Tupola voting aye with reservations, and with Representative Ward voting no.

At 11:19 o'clock a.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:29 o'clock a.m.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1766) recommending that S.B. No. 1183, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1183, SD 2, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise to speak in favor of Senate Bill 1183, Senate Draft 2, House Draft 2. Mr. Speaker, this was an honest attempt to once again provide sufficient funds for the city's overpriced, over-budget rail project.

"This bill attempts to force the city to look at alternative means of financing and re-evaluate the rail's budget to implement serious cost-cutting measures. This provides a two-year extension amounting to \$792 million, and reduces the state administrative fee, which is also known as the skim, from 10% to 1%, totaling \$397 million. Therefore, this bill would provide about \$1.2 billion, which is just enough to cover the rail's deficit of \$1.3 billion.

"Mr. Speaker, two years ago, the State provided a five-year extension for the rail project, which provided about \$1.5 billion more to complete the rail. Not long after that, the citizens of the State were told once again that

the rail needed additional funds. The call for cost control and accountability have pretty much been ignored.

"So here we are again. The lack of information and detailed budget have forced the Legislature to conduct our own scrutiny of this project. For instance, why was the Pearl Highland Transit Center estimated to cost \$200 million two years ago, and it is now estimated to cost \$330 million? Why did the cost of insurance premium rise from just \$10 million a few years back to \$100 million, and this is just the premiums?

"There are many more questions about rising cost items that still remain unanswered. The only reason HART and the Mayor gave is that the current calculations are more accurate today and the figures were wrong two years ago. That is simply not good enough, and that is definitely not comforting. That is why it was important for the Legislature to do our own analysis. We owe that much to the public.

"So here are the facts. The current estimate for the rail project is \$8.165 billion. The GET estimate until 2027 together with federal funds will generate in \$6.8 billion. The \$8.165 billion amount includes over \$1 billion in contingency, which is an unaccounted for amount which is meant to take care of cost overruns. So according to HART's budget, the rail is short \$1.3 billion, and this bill helps close that gap.

"So what about bond financing? When the city and HART came before the Legislature two years ago, they claimed they needed \$900 million more because they needed to bond finance, and they needed enough money after 2022 to pay off the bonds. According to HART's own document, the amount of GET revenues collected will be more than their expenditures come 2024. That is the reason why the Legislature gave the five year extension to provide enough money on the back end to allow the City and County of Honolulu to float bonds.

"Two years have passed since the city and HART used bond financing as an excuse to get additional GE tax dollars, and they still have not bond financed. So, it raises questions about whether bond financing is real or not. And because we have little faith in what the city and HART and the Mayor have said so far, we did our own calculation for the amount needed if the city were to take advantage of bond financing.

"At the hearing, HART admitted that the amount they are planning to bond is \$1.4 billion, of which \$1.1 billion is for the Civic Center and \$300 million for the Pearl Highlands Transit Center."

Representative Kong rose to yield his time, and the Chair "so ordered."

Representative Luke continued, stating:

"Thank you, Representative. So, if the city were to bond \$1.4 billion in 2018, as opposed to delaying bond financing to a later time, and start paying principal and interest beginning 2019, which would only be \$190 million per year, the city could potentially pay off the bond by 2026, leaving a surplus of \$510 million in 2029. This is another reason why based on our own calculation, the Finance Committee authorized a two year extension.

"This was a reasoned approach, and I would hope that reason would prevail at the city as well. It is incumbent upon the Mayor, the city and HART to use this opportunity to take control of costs and its budget, and look at all viable options. Threatening the public with property tax increase is doing a disservice to our citizens. The city must first do whatever they can to instill confidence and trust in this project, and I am certain, if given the opportunity, they will do that. Thank you very much."

Representative Aquino rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. The rail project is an important component of Honolulu's public transportation system, which would serve thousands of daily passengers, residents and visitors of this island in the future. I cannot underscore how critical this is for the many who depend on what we do and how we vote today.

"Mr. Speaker, over the last two years and more, concerns and uncertainty surrounding this project continue to be well publicized. Concerns brought to the forefront include matters relating to fiscal, contract management, personnel issues, lack of transparency, accountability, communication, among others. To compound this, questions first asked in 2015 are still being asked this year.

"Mr. Speaker, it's a frustrating predicament for the general public, including the members of this body. While these concerns and frustrations are understandable and deserved in many ways, we should not lose focus of the larger picture.

"Mr. Speaker, if you drive through the first 10 miles of guideway from Kapolei through beautiful Waipahu, Pearl City, Aiea and Halawa, you will see the progress this project has made thus far. Given the financial resources and time invested, it is imperative that we continue to work together and see this through.

"Mr. Speaker, the current House draft's intention is to provide an additional \$1.2 billion, as mentioned by the Finance Chair, through a two-year extension and a dramatic reduction in the state administrative fee. This would get Honolulu closer, much closer, to completing its goal of a 20-mile system from Kapolei to Ala Moana, highlighted in the FFGA, and based on the figures provided by the city and HART.

"This bill also provides an opportunity, Mr. Speaker, for the city to assist with capital costs if necessary, if necessary, to provide various options that are not currently in the current ordinance. In addition, this bill, Mr. Speaker, would afford our neighbors on the neighbor islands a chance to adopt their own ordinance to support transportation projects on their islands that would greatly benefit their residents and visitors. Mr. Speaker, this is a bill that's responsible and prudent, and a response to the immediate needs of today. *Mahalo.*"

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I would like the words of the Transportation Chair entered into the record as if they were my own, particularly with emphasis on the neighbor islands portion. Thank you," and the Chair "so ordered." (By reference only.)

Representative McDermott rose to speak in support of the measure, stating:

"I stand in support, Mr. Speaker. Mr. Speaker, I hate to do this, but I want to break out my Nostradamus hat again that I put on at second reading, and I said if this didn't go 30 years or in perpetuity, the city would have to increase property taxes. And what did we see in this morning's paper? The Mayor there with 8% to 10%, and my concern is the widow who's living in Pearl City, single-family home on a fixed income, and how is she going to pay that? Right now, we export fully one-third of it to the visitor. I think that's a pretty good deal.

"Mr. Speaker, where is the vision? I support the chairs and what they're doing here, but I'd like to see us go farther. The vision, Mr. Speaker, is it's got to go to the University of Hawaii. Everybody knows that. I think that's kind of like the dirty secret. Because if it stops at Ala Moana, it's simply a white elephant.

"We need to get those kids from the west side out of their cars, taking the train all the way to the beautiful Manoa campus in an air-conditioned rail car. They will do that. I have children right now who drive every day to the UH campus. If given the opportunity to ride in an air-conditioned train where they can do their homework and not be bothered, they would do that, Mr. Speaker. So it's got to go to the University of Hawaii.

"Now, is everybody happy with the way things have gone? Of course not. When you go into battle in the military, as soon as the first shot's fired, the battle plans go out the window because there's unforeseen circumstances. Now we've extended it another two years, but what if, in the process, they come across a brown field, or a dump, which has

hazardous materials, asbestos and all sorts of stuff that's going to increase the costs exponentially?

"Now, the average person on the street's not happy with the barrage of negative media, the terrible news stories every day over costs, over costs. A few months ago there was a positive story, and it was buried on page B19, that one of the contractors was going to refund the city \$200 million. It wasn't on the front page, it was buried. And that's what the average citizens are up against.

"Mr. Speaker, the average person is unhappy with the conduct of the current project, because all they hear is the negative information. They don't hear about the blizzard of positive economic activity that is going to occur when this thing is finally built. The shops, the condominiums that will be built along the rail line to provide young families the opportunity to own something and grow equity so someday they can buy their dream home, maybe out in the country.

"Mr. Speaker, there's a lot of criticism of the Mayor. He's no particular friend of mine, we're different parties, he's endorsed my opponent, but he's appeared before the people at least twice on the ballot, and he's been rehired to do the job. So in spite of the negative aspects as some people want to point out with regard to his performance, he's still been rehired, just this last year, because he says he's going to finish the job.

"Now, Mr. Speaker, my vision for this project is it runs all the way to the University of Hawaii. I have had the opportunity to have lunch with a former governor about six to eight weeks ago, and he said you guys should just pass the tax one time, wipe your hands of it, and let the city take care of it after that. I agree with him. This is a city project, but yet we keep micromanaging them, keep asking them to come back for dribs and drabs. Let them run the project, give them the opportunity, and they can be accountable for the tax. We give them the opportunity to use it, it's up to them, and I think they will use it.

"One last thing is, this is the most important public works project we have ever undertaken in the State. No one has built a train system in the State before. So there's things that we're learning, there's a steep learning curve. We don't know everything. But I would also like to say, where is the leadership from the Governor? Where is he on this? People tell me, they say, Bob, you got 76 egomaniacs running around there, where is the leadership? Seventy-five, okay. Where's the leadership? Well, that leaves space for one, everybody can say, let's not talk about me. But where is the leadership? This is the most important project in the State. Where is the Governor, what is his position on this? I'd be interested to know, the people would be interested to know.

"And with that, Mr. Speaker, and with all respect for the chairs, they both did a great job, Transportation Chair, I really liked his measure. I respect the Finance Chair. I'd just like to see us dream and have a bigger vision. Thank you, sir."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker, if I can summarize, I think a theme that has been, even with those who are for this particular bill, is if you fail to plan, you plan to fail. And this has been a tradition, a theme, a continual stream, if you will, of mistakes and oversights. I think the Finance Chair did a great job of talking about the lack of accountability, the lack of transparency, the lack of cost controls.

"But it's where, when you've got something that is so costly, and you have in the Finance Committee testimony that says, well, when we cut our contracts, we didn't specify the technology and the timeline with specificity, we had to renegotiate it and it went up by millions of dollars.

"Mr. Speaker, I find that really inexcusable, unacceptable. Those kinds of things are, quite frankly, shocking. But I think the biggest thing that I'm shocked at is the lack of leveraging and the opportunity costs that we're paying right now. Opportunity costs are those things that you pay when you don't take advantage of something else. And Mr. Speaker, I've spoken continually on this floor regarding what they do in Hong Kong and Japan. They sell development rights for those who want to build beautiful

buildings and make money on it as shopping centers, workforce housing, condominiums, even hotels. You can't go anywhere in the system in Europe without having some kind of a retail outlet, even underground, or even in Washington, D.C. with the Metro.

"But, as underachievers as we are, as we did with APEC, we got on the world stage, we hit a home run, and then what did we do? Nothing. We just had 20-some nations with the ICUN World Conservation Congress. We hit another international homerun. What did we do with it? Nothing.

"So what are we doing with development rights, what are we doing with private sector money? There's no private sector money that's come forth. And Mr. Speaker, I will admit that I'm suggesting as an amendment that when the conference committee meets that they make some private sector money contingent upon public sector money. The opportunity cost of not selling those development rights is phenomenal.

"And they say, well, the land and the titles are so mixed up, we don't know what to do. Well, I would say, as my colleague said, where's the leadership? Where's the ability to coagulate those opportunities and take advantage of that? So Mr. Speaker, my position is, not one more public dollar until the private dollars are sought, and sought with genuine vigor. Thank you, Mr. Speaker."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Can you please register a no vote for me? I just wanted to briefly explain and thank the chairs, thank the Transportation Chair for the work you put in it, and I agree with everything you said.

"And I think a lot of what we discussed in Finance Committee is that this isn't about our stance on mass transportation. It's about what we think about taxes and funding for this project that's had extreme overrun in costs. And so I want to thank the Finance Chair for her work on it, and because we had a seven-hour hearing, we all got a fair share of asking the questions that we really wanted to get the answers for, for ourselves as well as for our constituents.

"People mentioned that the general public doesn't really understand what's going on, that's why they're against it. And I would agree, that in the hearing a lot of us were struggling to understand what all the changes are, why is this overrun in costs, what does this chart mean, what's going to happen with the bus lines, what are we going to do in regards to this?"

"Honestly, Mr. Speaker, for an ask, if it was into perpetuity, would be in the billions of dollars that they're asking. I think I would expect that they come with a business plan, details, maybe even a Power Point binder, something where we can kind of look through and try to see through their eyes, try to see through their lenses of whatever vision it is that's supposed to be cast, because we have to turn around and tell that to our communities. We have to turn around and say, oh, I supported this for these reasons.

"And finding out that the city hasn't spent one dollar on the project isn't comforting. Finding out that all these suggestions that people have given about maybe cutting down the costs as far as going grade-level or maybe changing to maglev, that's not going to be possible. Finding out that possibly bus routes will be cut, but we're not really sure how we're going to change things.

"Again, lack of details is where I kind of stood when I left that hearing, and I just, it's difficult, I think, for a lot of us to make this decision. It's difficult for us to even speak out on it.

"I'll share personally that some of the men who lead the labor movement are my relatives, they are my friends, they are men that I love. And they've been fighting for this, but yet, the presentation that's brought forward to us by the city is incomplete. So difficult for us to go back, and I made a commitment to my community that I wasn't going to vote for tax increases or tax extensions. And I want to stay and commit to that for my community. And maybe I would have been convinced if I saw something

so amazing, but I wasn't. I still was very hesitant pushing forward to support something that we still don't really know is going to come to pass. We don't know all the details.

"And so, with those concerns that I have, I know that my vote is not needed to make this bill pass, and I wish everyone luck in committee and hope that it gets worked out. But I personally have made a commitment, I'm going to stick to that. Thank you."

Representative Say rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Say's written remarks are as follows:

"Mr. Speaker, I rise in support of Senate Bill No. 1183, House Draft 2, but with grave reservations.

"While this measure would provide the City and County of Honolulu (City) with an additional \$1.2 billion during the calendar years of 2027 through 2029, the City and the Honolulu Authority for Rapid Transit (HART) need that money within the next two to three years to remain in compliance with contractual obligations under their agreement with the Federal Transit Administration (FTA).

"The timing of the financing is critical to the project. If the City and HART are not able to obtain the extra \$1.2 billion this year, the City will have to issue bonds to cover the cost. That would mean that the taxpayers of Honolulu would have to pay both the principal and interest on the bonds, a scenario that was never contemplated in the City's Financial Plan of their budget.

"Furthermore, because the funding mechanism would utilize bond proceeds instead of General Excise Tax (GET) Surcharge collections, Honolulu's taxpayers would be on the hook to pay off the bonds through increased real property taxes by themselves.

"Let me remind this body that we enacted the GET Surcharge so that a large portion of the tax burden would be borne by the nearly 8.5 million visitors to our island each year. This was intended to help stabilize the revenue generation for decades to come.

"In my opinion, the best way to ensure the construction of the rail project for the full 20 mile, 21 station route as originally planned would be for this body to extend the surcharge for 10 years or more. Not only would this alleviate the need for the City to consider real property tax increases, but it would also reassure the FTA that both the City and this State are committed to providing sufficient financial resources to get the job done.

"I would also like to point out a technical problem with the bill, as it is currently drafted. While the bill would restrict the use of funds collected from the surcharge and require the City to 'repeal any ordinance in conflict with the bill upon the effective date of this Act,' the proposed restrictions would also appear to conflict with Section 17-114, Revised Charter of Honolulu (RCH), which states:

There is established a special fund into which shall be transferred the county surcharge on state tax and all revenues generated by the authority, including interest earned on the deposits and all other receipts dedicated for the development of the fixed guideway system. All moneys collected from the county surcharge on state excise and use tax and received by the city shall be promptly deposited into the special fund. Expenditures from the special fund shall be for the operating costs of the authority and the capital costs of the fixed guideway system and for expenses in complying with the Americans with Disabilities Act of 1990 as may be amended.

"While the City Council may propose amendments to the City Charter, the authority to amend the Charter rests with the voters of Honolulu. To amend this provision in accordance with this bill, the City Council would need to approve a proposed amendment, which would then need to be ratified at the next election scheduled for November 2018.

"Perhaps one could argue that the enactment of this bill would simply render Section 17-114, RCH, void. But under that scenario, would that mean the City would have to enact new legislation to authorize the collection of the surcharge?"

"Given the FTA extended its deadline with the City and HART to April 30, 2017, it is unclear how this technical issue might impact compliance with the FTA deadline.

"It is my hope that the question of establishing a more robust funding mechanism as well as a solution to this technical issue may be found during conference. However, because this bill, as presently drafted, contains a clean effective date, there is the possibility that we might not have another opportunity to work on this bill. I truly hope we do, and because this is the only vehicle remaining that addresses the rail project, and solely for that reason, I support this measure with profound objections."

Representative Oshiro rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Oshiro's written remarks are as follows:

"I rise in support but with strong reservations on SB 1183, SD 2, HD 2.

"My first reservation is because I believe that the proposed two (2) year GET surcharge extension from 2027 to 2029 is not enough time with the current projected revenue rate and total to finish the rail project to Ala Moana Center, given the need to put aside sufficient funds to service the bond debt costs. Even with the 'return' of most or 90% of the 'skim' or 'service fee' that the State of Hawaii has taken from the taxpayers of the City and County of Honolulu since 2007, it is still not enough to finish the rail project to Ala Moana Center as required by the Full Funding Agreement of the Federal Transportation Administration.

"For one thing, while we all agree that the projected construction cost for the 20-mile, 21 station line from East Kapolei to Ala Moana Center is about \$8,165 billion, and the additional amount from a two-year GET surcharge extension to 2029 and 'skim' reduced from 10% to 1% will generate about \$1.2 billion, there is disagreement on whether the City and County of Honolulu will need an additional \$1.4 billion or \$2 billion dollars to pay and service the debt service on the bonds. I, however, must part company with my House colleagues and agree with the City and County of Honolulu that the present draft and financing plans do not raise enough money to cover the debt service costs. We are, by our decision in this draft, significantly shorting the rail project.

"To cure this funding shortfall, and raise enough money to cover the debt service costs the City and County of Honolulu has asked for a ten (10) year extension of the GET surcharge to 2037. This additional ten (10) years would allow a reliable and sustainable source of revenue to cover the anticipated debt service cost that is predicted to be needed from the end of 2018 through and including 2022 or 2023, for the selling of about \$3 billion in bonds, according to Mr. Robert Yu, Chief Financial Officer, Honolulu Authority for Rapid Transportation. He likened the necessity of bond financing to buying a car on credit and needing to pay the interest on the loan. He also told us that he would not need to finance the construction but only if it had all the money today. So, if we assume that the additional ten (10) years will generate about \$300 million a year or about \$3.0 billion in ten years, the predictable revenue source is both secure and foreseeable. This is also conservative since the GET could increase on average every three years by 3% or 4% but in no case is it expected to remain flat or decrease over the next ten years. Furthermore, this existing GET surcharge is already fixed in the day-to-day consumption and payment for both goods and services of residents and guests of the City and County of Honolulu. And, as many of us know from our own travels abroad, the visitor or tourist benefits greatly from the public transportation systems of such places as San Francisco, Seattle, Portland, Denver, Chicago, D.C., Boston, and New York. The tourist coming to Hawaii should not be given a 'free ride' to enjoy the Honolulu Rail as they wiz about the City and County of Honolulu on our Honolulu Train.

"Allowing the tourist to get a 'tax break,' and no longer pay the GET surcharge after 2029, while local residents and homeowners will pay from either higher property taxes or new city taxes does not make any sense. For one, tourists have been paying since 2007 and no one can tell me that it has hurt the visitor industry because they must pay the one-half percent GET surcharge while guests in the City and County of Honolulu. To the contrary, the number of tourists has continued to climb and set new records year-in and year-out. Imagine how much GET and therefore GET-surcharge the State of Hawaii and the City and County of Honolulu, respectively have collected. As my astute CPA colleague from Manoa Valley would say, 'If you think we only collect about 30% of the GET from tourist, you better get your head examined.' And, he is right, for the tax receipts reveal that the increase in GET receipts and collections is probably higher than the ball-park calculations that we all use, which I think was based upon some UH or DBEDT study done in the '80s or early '90s. But, in any case, even at 30%, the cost of rail via the GET surcharge should be exported to our tourist. It makes sense. Extension of the GET surcharge is good and sensible tax policy. Best of all, it helps our local families and our constituents.

"As my colleague from Aina Haina and Hawaii Kai mentioned at our last debate on this same measure, the 8% to 14% increase in property tax would mean an increase of between \$1,000 and \$1,500 a year, and that would be imposed upon local families, who will still be paying the GET surcharge until 2029 when it ends. And the 40,000-plus residents on Oahu who rent their homes will see additional rental costs added onto their current rent. For landlords or investors, the additional costs will be passed onto the renters or tenants. If the property is commercial or retail, the additional costs will be placed upon the shopper or buyer and this service or that product or goods. There is no 'free lunch,' and the shifting of the taxation for the construction for rail will be solely felt by the local families and businesses, and all the while the visitor and tourist enjoys an unexpected windfall from our misapplication of fundamental tax policy regarding exportation of the burden for the general good.

"I also have concerns that the present bill, drafted and put together by a small cadre of my colleagues, did not receive and will not receive the important public vetting and critique from the public hearing process. Granted, some hearings are not useful or purposeful but at least some semblance of public engagement is portrayed or suggested. Here the bill draft is like nothing else seen before. Neither as a prior Senate draft (Ten years of service charge at 100%) (\$30 million for ten years or \$300 million) going to the City and County of Honolulu, or House Transportation draft (extended the GET surcharge another 20-30 years), among other things, bears any resemblance to this draft. Without any public vetting or review, it was not known until after the current draft was filed and made available that the Mayor of the City and County of Honolulu, with the advice and counsel of the City and County of Honolulu Office of the Corporation Counsel, pointed out that there may be some legal deficiencies that must be corrected to avoid a possible Governor's veto or collateral legal challenge. The entire letter is inserted herein and it speaks for itself.

REVISIONS TO SB 1183, SD2, HD 2.

April 10, 2017

The Honorable Joseph M. Souki
Speaker of the House of Representatives
415 South Beretania Street, Room 431
Honolulu, Hawaii 96813

Dear Mr. Speaker:

The rail general excise tax surcharge bill, SB1183, SD2, HD2, has serious constitutional flaws and runs the risk of being vetoed by Governor Ige should it be passed in its current form.

Therefore, we are requesting that the bill be amended to address:

1. Special legislation issues;
2. Possible impairment of rights and obligations under existing contracts and proceedings; and
3. An apparent inconsistency with the definition of "capital costs" in the existing statute.

In addition, I would request that you amend the bill so the surcharge is extended to 2037. This will give us sufficient funds to build the full 20 miles and 21 stations, as is mandated by the Full Funding Grant Agreement with the Federal Transit Administration.

Attached is a summary of the recommended changes to the bill and an amended version of the bill that would address these concerns, except for the extension to 2037, which we are requesting you include in your amendments.

The Honorable Joseph M. Souki
Speaker of the House of Representatives
April 10, 2017

We appreciate your immediate attention to this matter.

Sincerely,

Kirk Caldwell
Mayor

The Honorable Ronald D. Kouchi, President of the Senate
All Members of the Senate

Overview:

1. SB 1183 HD2, if enacted in its current form, would risk possible challenge as unconstitutional special legislation. The changes to Part III of the bill and the new Section 11 in Part IV are recommended to prevent a constitutional challenge.
2. The proposed revision to the definition of "capital costs" simply corrects what appears to be an oversight and makes it consistent with the legislature's intent to prohibit the use of the county surcharge for administrative costs, such as overhead and personnel.
3. The language in the new Section 9 is standard language that is routinely used to ensure legislation does not run afoul of the Contracts Clause of the U.S. Constitution. It is necessary here because SB 1183 HD2 would impose new restrictions on the use of the county surcharge that might otherwise affect rights and obligations under existing contracts or proceedings.

Summary of Revisions:

1. Adds a new Section 2 that amends the existing definition of "capital costs" in §46.16.8(g), HRS, to conform to the prohibition on using the county surcharge for the administrative or operating costs of a rapid transit authority.
 - If enacted, SB 1183 HD 2 would create a direct conflict between §46.16.8(e) and §46.16.8(g). SB 1183 HD2 amends §46.16.8(e) to prohibit counties with populations greater than 500,000 from using the county surcharge for "administrative or operating costs, including personnel costs, of a rapid transit authority." However, §46.16.8(g), defines "capital costs" to expressly allow counties with populations greater than five hundred thousand to use the county surcharge for "non-recurring personal services and other overhead costs that are not intended to continue after completion of construction of the minimum operable segment of the locally preferred alternative for a mass transit project."
 - The new Section 2 would strike the conflicting language from §46-16.8(g) so that the legislature's intent, that counties with populations greater than 500,000 not use the surcharge for administrative or operating costs, would be unambiguous.
2. To avoid any constitutional concerns that SB 1183 HD2 is special legislation, the proposed revisions would apply uniformly, to all counties adopting the county surcharge, the following requirements:
 - a. That counties not restrict the use of county funds for transportation systems supported by the county surcharge.
 - b. That counties may only expend the county surcharge for purposes authorized by statute.
 - c. That counties must repeal any ordinances contrary to (a) or (b) before the county surcharge is levied.
 - d. That all conditions under (a) – (c) above must be met before the county surcharge is to be levied, and if they are not, the authorization to levy the surcharge shall be rescinded.
3. The proposed revisions adds a standard "savings clause" at Section 9, to ensure that SB 1183 does not run afoul of the contracts clause of Article I, Section 10 of the United States Constitution.

"Again, it is my hope that better angels of ourselves and cooler heads will prevail and that a somber and critical examination of the present draft be done, and, should there be any errors, a conference committee be convened to work out the differences and produce a bill that provides the duly elected City and County of Honolulu's council leaders and the Mayor with the tools of the one-half percent GET surcharge to convince their constituents that the city will come into compliance with our contract with the FTA, and rail will be completed to the Ala Moana Center, with its 21 stations and 20 miles beginning in Kapolei, Oahu.

"In my prior comments in support of the previous House draft, I was eager to give credit where credit is due. In doing so, I gave credit to Speaker Souki for his infeasible and unwavering support and confidence in Honolulu Rail's project. He still deserves it again for using his influence to get this bill to this stage in the 2017 Session. He and the Mayor of the City and County of Honolulu deserve to be recognized for their brave leadership and heroism in advancing good public policy and a public common good that only in hind sight many years after they have left their respective stations of authority and power, will the citizens of Hawaii and Honolulu appreciate their political courage and statesmanship.

"But, there is another ceaseless advocate that also deserves to be recognized even if such recognition comes late, without fanfare, and only to his posterity and family years from now. I am talking about a man from the community on the North Shore of Oahu called Waiialua. His name is Clyde Hayashi and he is the Director of Hawaii Laborers-Employers Cooperation and Education Trust (LECET) and he deserves this recognition for I have not seen anyone with such passion and earnest drive to ensure that Hawaii has a world-class public transportation and rail system. His physical presence at the State Capitol on a nearly daily basis demonstrates his commitment and dedication, even placing himself between his members and constituents and exposing himself to personal

[Note: This space intentionally left blank.]

and professional injury and financial ruin. His integrity and advocacy is beyond reproach. Indeed, whenever you speak to Clyde about rail and its importance to our future and development of affordable housing and preservation of rural lands for farming and open space, you set off this dormant explosion of hope, desire, and frustration. Clyde is a man that has very little patience for childish antics and duplicity when the fate of his members hangs in the balance. He always talks about the 'rice bowl' on the members' kitchen table. The great importance we all have to protect that ability to work, even hard work, for one's family. To them he owes his unyielding duty of loyalty and to them he commits 110% and more. I've seen him run from meeting to meeting, catching a plane from Honolulu to Hilo and then back to Honolulu to attend another meeting or take a later flight to Kauai to meet with his member or constituents on various issues of the day. Maybe it's the gallons of coffee he consumes in a single sitting or his strong work ethic and commitment to that call of duty that drives him. He is undaunted, unafraid, armed with only his trusty laptop and extensive knowledge of the Full Funding Agreement's various terms and conditions, and even paragraphs and sub-paragraphs.

"Mr. Speaker, let me close my remarks with adopting those that Mr. Hayashi shared with me several weeks ago.

Rail is the only transportation infrastructure project being built or being considered to provide significant traffic relief to the residents of West and Central Oahu. If Rail is not built, there is presently no other transportation plan or proposal in place to address the traffic mess that West and Central Oahu residents face daily. Without rail, residents/drivers will surely demand that the State provide another solution for this worsening traffic nightmare.

In other rail systems, workers and their families, young and old people, those who have more difficult economic situations, use rail. Regular people use rail, which will be the case of our rail system and they will be hurt the most if rail is not completed. Rail will allow many working families to do without one, two, or even three cars, especially if they live in a TOD affordable housing project near a rail station. Estimates are that costs of owning a car is about \$9,000 to \$11,000 annually. There is no other project which will provide working families with a possibility of saving roughly \$10,000 to \$30,000 per year.

The completion of the Honolulu Rail Project will provide our community with the best opportunity for building more affordable housing, especially around rail stations. Our thousands of members and their families will possibly be able to purchase or rent a unit in one of the affordable housing projects that will be built. With properly planned TOD, it will help us to build a modern, sustainable Honolulu.

"I wholeheartedly agree with Mr. Hayashi and his vision for the City and County of Honolulu and his word and thoughts have become my own. With that said and for the reasons expressed above, I stand in support with reservations of this current draft of SB 1183, SD 2, HD 2. Thank you, Mr. Speaker."

Representative Tokioka rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. With reservations. And I would do written comments, but I think by the time I write it, it's going to be faster if I just mention some of the few things that I have concerns about.

"As the Transportation Chair said, there have been many issues that have been brought up with the financing, with the cost overruns and everything else. But at this point, the rail is at the stadium already. Are we going to tear it down and stop?

"I think all of us want to see this thing work, and how we figure it out is the questions and the concerns for my reservations, because I don't think that the plan for the \$1.2 billion is going to be enough. And I say that because we are in the highest amount of hotel occupancy and revenues that the State has ever had.

"Over the past three or four years, looking out from the Capitol, if you look at all of the state birds that were flying, the cranes were flying, they're not flying anymore. We have a couple of projects going on. Rail is it. So for all the men and women, the trades that have asked us to support this, I want to make sure that we have the funding so that we don't have to come back again.

"One of the things that was brought up by the Representative from Kahala, or Aina Haina, is if we fail to plan, then let's plan to fail. Well, I would use this example. The administration was specifically trying to solve a problem on the west side of every island with air conditioning in schools. And I believe that they did their best to plan to make that thing succeed. I don't even know if we've gotten anywhere yet with that. And it was all about taking care of our *keiki*, and we planned that, I'm sure the administration planned it, because they used a lot of consultants and they had a lot of people working on it.

"Now, if you just look at that little AC project, that's just a little project. Multiply that by 1,000, and that's the rail project. So I just don't think that the two years is enough, and I do commend the Finance Chair and the Transportation Chair for all of their work. I know that a lot of details were brought up that brought concerns to this body, but I just don't want to see us two years from now, especially if the FTA comes back and says, this plan is not going to work, we're going to pull back our money.

"So for those reasons, Mr. Speaker, I hope this bill goes into conference, and I hope we can fix it there. But for those reasons at this point, I'm with reservations. Thank you very much."

Representative Fukumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Fukumoto's written remarks are as follows:

"Mr. Speaker, I rise in support of SB 1183, SD 2, HD 2.

"My community has made it clear to me in my conversations at their door, in election results, and in their responses to my surveys, that they want the rail project to get done. But, they've also made it clear that they are tired of cost overruns and they're losing faith that city leaders will complete the project as promised. Two years ago, when I surveyed my district, people were overwhelmingly in favor of a GET increase to finish the rail. This year, they were overwhelmingly opposed to a permanent increase. Again, I think my district supports rail, and I know they would rather see a GET increase than an increase in their property taxes. But, the best solution by far would be for the city to manage its budget and find a way to provide rail without any additional tax increases.

"That said, the project could be permanently abandoned if the State doesn't step in with bridge funding while the city handles its budget. Therefore, I think the changes made to this bill by the Finance Chair are an acceptable compromise to get the rail built. Instead of the city's request for a permanent extension, and then for a 20-year extension, and then for a 10-year extension, the latest draft provides a 2-year extension and a reduction in the State's cut of the revenues. This almost completely covers the new deficit reported by the city.

"In short, I think this funding is a good compromise for my constituents who want to see rail finished but are tired of seeing their money wasted. This provides enough to keep the project moving, but it requires better management of the project by the city. Until the city can give the people of Hawaii confidence in its ability to responsibly handle their money and the cost of their projects, giving them a permanent authorization is irresponsible and not something my community can support.

"Thank you, Mr. Speaker."

Representative Matsumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support of this version of the bill. And if I could have the words of the Finance Chair inserted as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Matsumoto continued, stating:

"Just a few comments. This issue's been a matter of public debate for decades, and two years ago I hesitantly supported the GET surcharge extension for rail because I felt like we just needed to finish the project. And at this point the question really isn't whether we want rail or not, it's how we're going to pay for it. And we're going to have to pay for it somehow. And I feel that this bill is a creative balance of support and accountability to ensure the completion of the rail project.

"By tasking the city to use its own funds to help pay for rail, the Legislature's ensuring that the City and County of Honolulu, as we all say, has some skin in the game, and they cannot continue to come to the State to bail the project out.

"The relationship between the Legislature and the City and County of Honolulu needs to be symbiotic, with each side holding up their end of the bargain. We've agreed to fund the rail many times now, without seeing the results from the city and county that were promised. It's time that they really put their money where their mouth is.

"While the extension of the GET tax is not necessarily the ideal solution, it's a better alternative to raising real property tax, in my opinion. In a recent poll, over 81% of the participants said no to increasing property taxes for rail. And if the city doesn't get enough funding, they have threatened that they'll raise property taxes approximately 8% to 14% to cover the cost. The 8% to 14% is in addition to the amount that they say that they have to raise property tax in order to cover the cost of operation and maintenance, which is another 8% to 10%. And that's not to mention the estimates to include additional taxes and property taxes to fund education, if that bill passes.

"And I struggled with this decision, because two years ago we were told that five years was enough. And now this year the city was asking for an extension in perpetuity or a 10-year extension. And while I'm frustrated, I feel that this bill is at least a good compromise, placing the least amount of burden on our residents.

"I've kept an open line of communication with my constituents through mailers and surveys, we had two town halls about this issue, and I'm basing my vote on what I believe is best for my community. Continuing on with what we've been paying for the past decade, while not ideal, is preferable, in my opinion, to raising property taxes drastically, which will affect all families.

"And as I've mentioned before, and I'll mention again, the city and HART need to work more effectively and identify creative solutions to finish the rail project. And the State should not have to revisit this issue again. Thank you, Mr. Speaker."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you. I'm in strong support, and I ask to insert the words of the Finance Chair as if they were my own," and the Chair "so ordered." (By reference only.)

Representative LoPresti continued, stating:

"I agree with everything the previous Representative said. One of the things I like about this version is it does close that gap of \$1.3 billion, and it forces accountability. I agree with my colleague from Ewa Beach, at least the first half of what he said. We must complete the project, and I believe we must eventually get to UH Manoa, but we can't get there if we don't at least finish the first portion.

"One thing that I mentioned in Finance, and I'm going to do it again here, is talking about the time of people's lives spent in traffic. I live in Ewa Beach. If I can cut off just 15 minutes on a commute, each day that's a half hour. Each week, that's 150 minutes a week. Each year, assuming you work 50 weeks out of the year, 7,500 minutes a year. That's 5.2 days of my life I get back to spend with my children. And you multiply that by, assume just under 20,000 people, that's 100,000 days of life given back to the people on the west side, every year.

"These are the compelling reasons why I think we need to see this through, but the leverage that is put upon us, the leverage of the pain, and the leverage of the need to complete this, and the leverage of the amount of money that we put into this, I'm not going to succumb to that and just say, give it all to them, without accountability.

"I strongly support the project, but we, the State, I think, have to step in and force some accountability. And so this version does that, I believe. It does that because, among other things, it requires the city council and the Mayor to remove the, I think absurd, measure that prevents them from spending a penny on this project.

"Because they have not, we asked this many times in Finance, they have not spent a penny on this project yet. A lot of people don't realize that, Mr. Speaker. The way it's all been paid for is through the GET. And essentially what the city has done, has tied its own hands and come to us and said, we're going to starve unless you spoon feed us. And they have the power to untie their own hands.

"But we're not just saying untie your own hands, we're also saying, here's the 1.3, we're trusting you again. You came here two years ago, you said now these are the real numbers, and we gave them the money, actually we gave them more than they asked, and then a few months later, you know what, those numbers weren't right. And this time we asked, are you sure this time? You're really, really sure? Yes, we're really, really sure. Okay, we're going to give you that much money. And now they're saying, oh yeah, that's not enough either.

"We need accountability, we need truthfulness, and we need transparency. This is giving what they said they need, and telling them to step up and stop tying your own hands as well. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, still in opposition. Mr. Speaker, when we go to the bank, they ask for collateral or a personal signature. So the structure of the incentive is, if your house or your business or whatever you're buying goes south, there's accountability.

"If we look at the structure of the situation between the State and the city, the learned speaker from Ewa Beach reminded us, as the Representative from Kalihi reminded us in the Finance hearing, not one dollar has come from the city and county in this project. I couldn't believe that. Seven years of working and millions of dollars, they haven't put one dollar in? And they even have an ordinance that says, you will not spend city money for this thing.

"The structure of the incentives is lopsided. There's no skin in the game. That's the more colloquial, popular term. But when you have it where, look, they've got nothing to lose, except now they've got a blackmail clause that says, we're going to raise your property taxes. Totally unfair.

"The way that we've structured this has been so lopsided, Mr. Speaker. You have to cede between the hireling and the employee. Those who have an interest in getting the job done are the owners, the employees are the hirelings of the ones that, well, you know, whether I do it or not doesn't make that much of a difference.

"So Mr. Speaker, we've got to really examine what skin in the game we're going to have in this conference bill to make sure that they have either bonds or they have, as the Chair of Finance said, at least they're going to pay for their own rent and their own employees. They've got 200 employees that they have just down the street here, that they have some incentive to do well. Because again, if you walk away from a loan, the bank's going to come and take your house, your car, or your signature loan and garnish wages, *et cetera*.

"Right here we've got a freewheeling city and county, they can do whatever they want and there's no repercussion. And then they hold us hostage by saying, we're going to raise your taxes. Totally unfair and just an amazing term that we are now at, or this particular turning point in history.

"So I hope that the momentum of the discussion on the floor today gets compacted into the conference committee, and this thing will be over. Thank you, Chair."

Representative Cullen rose in support of the measure and asked that the remarks of Representatives Luke and Aquino be entered into the Journal as his own, and asked that his written remarks be inserted in the Journal, and the Chair "so ordered." (By reference only.)

Representative Cullen's written remarks are as follows:

"Mr. Speaker, this measure is working to bail out HART and the Mayor of the City and County of Honolulu for a second time. It is imperative that the rail project be finished for our residents that live west of the H-1 and H-2 merge. This will alleviate the congestion created during rush hour traffic.

"I would like to point out that the State has been working with engineers on projects regarding the capacity of the current freeway system and their fiscal impacts. Some of the proposed projects include adding a shoulder lane for Kualakai Parkway to the Kunia exit going in the eastbound direction. Other proposed projects that have gone into effect include extending shoulder lane hours and adding an additional lane to the zipper lane. I can personally attest to the positive impact of the traffic projects, which have shortened drive times. In morning traffic, the 18.2 mile drive from my residence takes 15 minutes less on average when I am able to utilize the zipper lane, bringing my morning commute to one hour.

"As a result of mismanagement by HART, the Honolulu City Council and the Mayor of the City and County of Honolulu, the rail project faced many delays. The constant drawbacks for the project caused the population to be wary of the half-truths presented as 'progress' for construction. City leaders and HART lost public support for a project gravely needed by the western half of Oahu. The mismanaged project has been met with a decline of public sympathy for construction work and the governing board. As a county, we cannot blame the project; rather, we must focus on its completion with the resources already in place. By utilizing modes of transportation in place such as city buses, the rail project can eventually run in conjunction to create transportation available for all.

"Oahu has the lowest tax rate on hotel and rental properties of its total taxable property tax in the City and County of Honolulu. Should the City and County of Honolulu and the Mayor proceed with their current practices, then any funds should come from an increase in hotel tax. The county should not use scare tactics on the residents, who already pay some of the highest rates in the nation. Our constituents are already wary of the project, and any further intimidation by the city will lower public support for a bailout of the rail project.

"Mr. Speaker, I have a dream that one day mass transit will create a better future for the island's traffic crisis."

Representative Souki rose to speak in support of the measure, stating:

"Mr. Speaker and members, I did not intend to speak, but I'm speaking in favor. With this project I hear so much negativity. And this project is the biggest project that we've ever had. And will have, probably. Providing jobs, a new mode of transportation that hopefully will save us thousands of hours and time, and with the multiplier, adding dollars to our income.

"I do want to thank the chairman. She's done an excellent job in providing enough dollars for the continuation of the rail, and I think if everything goes well, it will be okay. The budget is sound.

"However, there are some caveats. Now, of course, the burden goes to the county. Rightfully so. They need to have some skin in the game. But this is a real gamble here and now. If they're going to have bonding, which they're going to have to have, do they have the six votes in the council to pass it? I count five.

"So, members, look at these items here. Hopefully, the council will have the courage and say, yes, this is my responsibility, my baby, and I'm going to get those six votes.

"But you know who I think are the real heroes? People who have worked hard for this project. Of course the Finance Committee, they have put this project together. And I give a lot of credit to the Mayor. He has taken shellacking after shellacking and he has come back. He hasn't given up. He has a vision, as we all should have a vision.

"And this project is a vision. It's not for today, it's not for next week. It's for the future. And as statesmen, this is our responsibility, to look not for today, but for tomorrow, for our children and our grandchildren.

"Yes, mistakes have been made, as the Representative across the aisle said. Were you going to come back? Do you have a plan? Things go wrong. Costs go up. Casualties happen. Things happen. Suits. Delays. Years of delays. All accounting for a lot of the high costs that we have. Simply speaking, we look at what they have now. But they failed to look back as to why this all happened.

"Yes, information has been given, possibly incorrectly to the Mayor, or the Mayor has given us incorrect information here. But this is all part of the progress of the project.

"So I'm asking you all to support the rail, support the Finance Chair, the Chair of Transportation. We all want this to pass. We all have a vested interest in it. So I ask this body to pass this measure. Thank you very much."

Representative Ing rose to speak in support of the measure, stating:

"In support. First, I would like to adopt the words from the Finance Chair and from the Speaker of the House," and the Chair "so ordered." (By reference only.)

Representative Ing continued, stating:

"I just want to note that HART was established in the '70s. They tried to go through the media, the mayor at the time didn't want to really work with the Legislature. It caused a lot of rifts, a lot of poor taste in a lot of legislators' mouths. Neighbor islanders felt like they weren't benefitting from the substantial tax increase on the whole state. The project was dead, HART was dead by 1978, only to be revived back in 1986 as a light rail system, where we actually did move, increase the GE tax by half a percent. And then it died again a couple years later, because the city was not willing to put any skin in the game.

"So this discussion that was around from 10 years before I was even born, Mr. Speaker, we're finally dealing with it today. And I think the effort by the Finance Chair and the Transportation Chair and this body as a whole will be the anecdote to these decades of tension between the city and the State. Thank you."

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Mr. Speaker, please note my reservations, and may I please adopt the words of the Representative from Lihue and the words and the passion of the Speaker of the House? Thank you, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative Oshiro rose to respond, stating:

"Mr. Speaker, in support with reservations. I just ask that the conference committee reflect upon and examine the memorandum, or letter that was sent to the body, dated April 10, 2017, from the Mayor of the City and County of Honolulu.

"In this brief letter, he raises several issues that he asks for the conference committee to consider, otherwise it may face a governor's veto. Number one, special legislation issues. Number two, possible impairment of rights and obligations under existing contracts and proceedings. And number three, an apparent inconsistency with the definition of capital costs in the existing statute.

"I also would like to have the record show that I'd like to adopt the words of the Speaker of the House from Maui. It echoes his previous comments back in 2015, and even going back further to 2005, when we started on this path. So I want to thank him publicly again for his statesmanship and leadership on this very, very, very important issue. Thank you," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1183, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 41 ayes to 10 noes, with Representatives Har, Oshiro, Say and Tokioka voting aye with reservations, and with Representatives Brower, Cachola, Johanson, Kobayashi, Lowen, Nishimoto, Quinlan, Thielen, Tupola and Ward voting no.

At 12:13 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 501, SD 1, HD 2
 S.B. No. 502, SD 1, HD 1

 S.B. No. 704, SD 2, HD 2
 S.B. No. 1290, SD 2, HD 2
 S.B. No. 1183, SD 2, HD 2

LATE INTRODUCTIONS

The following late introduction was made to the Members of the House:

Representative McDermott introduced sixth grade students from Holomua Elementary School, and their teacher, Mr. Patrick De Vega.

THIRD READING

S.B. No. 562, SD 1, HD 1:

Representative Saiki moved that S.B. No. 562, SD 1, HD 1 pass Third Reading, seconded by Representative Evans.

Representative Morikawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Strong support, permission to insert written comments. Thank you."

Representative Morikawa's written remarks are as follows:

"Lifeguards, also known as water safety officers, perform a valuable service at county and state beaches. They help residents and visitors enjoy our beautiful sandy beaches by watching over them and performing first aid and education as needed. Where water safety officers are not present, proper signage is necessary to warn people of beach hazards. For many years, the counties have been responsible for guarding county beach parks and currently provide lifeguard services at a few state beach parks, under agreements with the respective counties. For over 10 years, the counties have had immunity from liability to provide these services, but that immunity ends this year. This bill is an effort to give lifeguards at state beaches liability protection, and mandates that the attorney general shall defend them in litigation. Whether this is the right fix or not is yet to be determined, but we must provide residents and visitors as much water safety protection as possible.

"Kauai is more prone to ocean hazards, because we are exposed to the open ocean, don't have other islands to break currents, and have many beautiful sandy beaches. On Kauai, our water safety officers enhance a visitor's experience as soon as they arrive at our airport. We need to give them the assurance that they are protected in the performance of their duties."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising with reservations. Mr. Speaker, Act 170 was the limited liability protection established a number of years ago for county lifeguard services. It worked very well, and as I understand it, there wasn't one specific example that had been referenced of personal negligence by an ocean lifeguard.

"The bill as it came over from the Senate was to expand that, I think it was to make the bill Act 170 permanent in state law, and the Judiciary Committee, the bill was changed, and it was changed to mandate the attorney general to defend county lifeguards.

"I've received information since then from people that are really objecting to that change, and then I wanted to have members take a look at what that could do to our state budget. You know, each year we get a bill from the AG's Department, and it has the list of all of the different cases that they've settled, sometimes for hundreds of thousands of dollars, sometimes, I believe, up in the millions. And I think there are a couple of members in here that consistently vote no on that measure, because they want more accountability from the Department of the Attorney General.

"Well, what this bill is now saying, that the AG shall defend all county lifeguards, so obviously we're going to see a bill coming from the Attorney General's Office with some more substantial amounts, when the way the law had worked, worked well, and wasn't creating a problem for the public, for the lifeguards, for the safety of our beaches.

"So I'm really concerned about it, with the information that came after our hearing in Judiciary. I wish members would take a look at this and see whether it might not be more sensible to go back to the Senate version in conference committee, and then just extend the life of the Act 170 for, say, another five years, to let members take a look at the broader area, to see whether that act should be made permanent. I think having the AG be mandated to defend is going to make the Finance Committee Chair's job an awful lot harder. Thank you."

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. I stand in support. I'd like to just briefly thank the Chair of Judiciary for hearing the bill and moving something out. Thank you very much."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. It's been the practice that when we have a state park and DLNR has decided they need lifeguards at the state park, the Legislature funds those lifeguards and then they contract with the county, and they become part of the county's ocean safety, whatever they call it in the fire department, one of their divisions or whatever.

"But the whole point of this, and the reason I like this bill, is because they are at state parks, it's very defined, very carved out, it's not going to defend all county lifeguards. What it's doing is it will defend those lifeguards that provide lifeguard services at designated state beach parks. And I think it's only right that if it's the state's beach, and the state's park, that they should defend the lifeguards that are there protecting the people. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I felt compelled to rise as one of the people who continually votes against the claims against the state bill.

"However, as the previous speaker noted, and I'd like her words added into the Journal, this is a very limited application, and the underlying concerns that I've had with the claims against the state no way factor into this measure," and the Chair "so ordered." (By reference only.)

Representative McKelvey continued, stating:

"And I thank the Judiciary Chair for moving it forward, because on our neighbor islands in particular, in south Maui, Makena Beach in particular, we've had incidents where people have been maimed and killed in the high surf. And the lifeguards are spread thin, they do an immaculate job in all conditions, and so just to keep this going and to ensure that we do have lifeguards, so we don't hurt our visitor industry and can provide protection for locals and visitors alike is very important. Thank you very much."

The motion was put to vote by the Chair and carried, S.B. No. 562, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TORT LIABILITY," passed Third Reading by a vote of 50 ayes, with Representative Thielen voting aye with reservations, and with Representative Ichiyama being excused.

At 12:20 o'clock p.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 562, SD 1, HD 1

Representative Matsumoto: "Thank you, Mr. Speaker. I just wanted to remind all the members that the Women's Legislative Caucus annual IHS Easter basket is happening on Thursday, so spend your recess day doing great work, but also getting all of your supplies and things for the Easter baskets. We only have a few, and we had 160 last year, so if we can really push over these next two days to bring everything in Thursday, and you can drop them off in my room in 303."

Vice Speaker Mizuno: "Can I be permitted to ask who's going to be the Easter Bunny this year?"

Representative Matsumoto: "That is still a surprise."

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 161) was announced by the Clerk and the following action taken:

H.R. No. 161, entitled: "HOUSE RESOLUTION CONGRATULATING COACH DAVID SHOJI FOR HIS EXEMPLARY CONTRIBUTIONS TO THE UNIVERSITY OF HAWAII AND ITS WOMEN'S VOLLEYBALL PROGRAM," was jointly offered by Representatives McKelvey, Choy and Ichiyama.

Representative McKelvey moved that H.R. No. 161 be adopted, seconded by Representative Choy.

Representative McKelvey honored Coach Shoji for all of his career endeavors and for the achievements that he has made and the impact he has made on the people of Hawaii, and shared the highlights of his career, including coaching 86 All-American selections, 35 conference Players of the Year, 175 all-conference selections, and 107 conference all-academic players.

Representative Choy shared Coach Shoji's unique talent of winning, his knowledge that it is not the knowledge of the game, memorizing the rules, or having the best players that results in the championship trophy, but the best teams that win the championship, recognized Coach Shoji as a master of putting together the best team, congratulated him on his achievements, wished him the best in his retirement, and introduced honorees who were seated on the Floor of the House:

Mr. David Shoji, Head Coach, Women's Volleyball; and
 Mrs. Mary Shoji, his wife.

Representative San Buenaventura honored Coach Shoji and recognized UH faculty supporters who were seated in the gallery:

Mr. Ernest Wilson, Board of Regents;
 Dr. David Lassner, President, University of Hawaii System;
 Ms. Stephanie Kim, Director of Government Relations;
 Mr. Elmer Kaai, Director of Government Relations and Community Affairs;
 Mr. Robert Watland, State Liaison;
 Mr. David Matlin, Athletics Director;
 Mr. Carl Clapp, Associate Athletics Director – Admin Services;
 Mr. Joel Matsunaga, Associate Athletics Director – External Affairs;
 Ms. Marilyn Moniz-Kahoohanohano, Associate Athletics Director – SWA;
 Ms. Lois Manin, Assistant Athletics Director/Chief of Staff;
 Mr. Kaleo Baxter, Assistant Coach, Women's Volleyball;
 Mr. Derek Inouchi, Director of Media Relations;
 Mr. Jay Metzger, Multimedia Specialist;
 Ms. Kara Nishimura, Assistant Media Relations Director;
 Ms. Kalei Miyahana, Administrative Assistant to the Associate Athletics Director;
 Ms. Kari Ambrozich, Academic Advisor;
 Ms. Renae Shigemura, Assistant Athletic Trainer;
 Ms. Robin Ah Mow-Santos, incoming Head Coach, Women's Volleyball;
 Mr. Stanley Ching, President, Booster Club; and
 Dr. Elizabeth Ignacio, UH Athletics Community Physician, Orthopedics.

Representative Tupola thanked Coach Shoji for coaching her cousin Taylor Higgins and for contributing to her success and education.

Representative Morikawa, as a parent of an aspiring volleyball player, thanked Coach Shoji for allowing *keiki* access to volleyball camps.

Representative Matsumoto recognized Coach Shoji for his community service and volleyball camps, thanked and congratulated him, and introduced a guest who was seated in the gallery:

Mr. Charlie Wade, Head Coach, Men's Volleyball.

Representative Tokioka recognized Derek Inouchi for making the teams look good.

Representative Ward recognized Coach Shoji as a hero and national legend, thanked him for all he has done for the State of Hawaii, and congratulated him on his retirement.

Vice Speaker Mizuno honored and congratulated Coach Shoji and Mrs. Shoji.

The motion was put to vote by the Chair and carried, and H.R. No. 161 was adopted, with Representatives Har and Ichiyama being excused.

At 12:28 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:41 o'clock p.m.

REPORTS OF STANDING COMMITTEES

Representative Creagan, for the Committee on Agriculture, presented a report (Stand. Com. Rep. No. 1767) recommending that S.C.R. No. 77, SD 1 be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 77, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE ESTABLISHMENT OF A BONA FIDE AGRICULTURAL PRODUCER TASK FORCE TO CREATE A DEFINITION FOR THE TERM "BONA FIDE AGRICULTURAL PRODUCER"," was referred to the Committee on Finance, with Representatives Har and Ichiyama being excused.

ANNOUNCEMENTS

Representative LoPresti, for the Committee on Public Safety, requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing the following measure on Thursday, April 13, 2017, at 2:00 p.m. in Conference Room 312, and the Chair "so ordered."

S.C.R. No. 169, SD 1, HD 1 proposed, Requesting the State to Modernize its Disaster Preparedness Plans.

Representative Ward: "Mr. Speaker, today some of us went to the annual prayer breakfast, and we were reminded that today was the day that Jesus agonized in prayer on the cross, and tomorrow's Good Friday, so Happy Easter for Sunday."

Representative Matsumoto: "Thank you, Mr. Speaker. Today is the Women's Legislative Caucus Easter basket day, so we finally made it. The Easter Bunny, for the first time ever, is going to be a senator. So come on down at 1:45 p.m. in the front foyer in front of the Auditorium, where we do it every year. We will be passing off the Easter baskets doing the fireman chain to get it to IHS and being able to take our group picture. We usually take that group picture right around that 1:45 to 2:00 p.m. time frame, so if you can be there at that time for the picture. Thank you."

At this time, the Chair stated:

"We'd like to remind the committee chairs that today is the lateral filing deadline for Senate concurrent resolutions that need to move to their final committees. Please file your committee reports and drafts with the Chief Clerk's Office no later than 6:00 p.m. this evening.

"Also members, floor sessions will convene at 11:30 a.m. effective Monday, April 17th through Wednesday, April 26th. This is to maximize the amount of time conference committees will have to meet and carry on negotiations."

COMMITTEE REASSIGNMENTS

The following measures were re-referred to committee by the Speaker:

S.C.R. Nos.

Re-referred to:

78, SD1	Committee on Veterans, Military, & International Affairs, & Culture and the Arts

Representative Tupola rose to speak in opposition to the measure, stating:

"Mr. Speaker, please record a no vote for me. I think that it's a good thing, on Stand. Com. 156, the one right before this, that we start reviewing what's been going on in the federal level.

"One of the things that happened when we were in the Health hearing is finding out that the Vaccine Adverse Event Reporting System, which documents all the events that have happened, adverse reactions towards vaccines, hasn't been studied by our Department of Health to determine what incidents have happened here in Hawaii. And I think an appropriate first step would be to get that under control.

"As we talk to the Department of Health, they said it's something they want to do, they want to look into, to make sure that as we update the vaccines, that we're sure that some of these adverse events that have happened in Hawaii have been addressed or that we've looked into it. And I think that that would be an appropriate first step, before we talk about updating it, creating awareness for things that we're not totally sure we're ready for here in Hawaii. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 157, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF HEALTH TO COLLABORATE WITH THE DEPARTMENT OF EDUCATION, HAWAII ASSOCIATION OF INDEPENDENT SCHOOLS, AND THE UNIVERSITY OF HAWAII TO PROMOTE AWARENESS OF RECOMMENDED VACCINES FOR ADOLESCENTS, INCLUDING MENINGOCOCCAL DISEASE," was referred jointly to the Committee on Education and the Committee on Higher Education, with Representative Tupola voting no, and with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

Representatives Ing and Ito, for the Committee on Ocean, Marine Resources, & Hawaiian Affairs and the Committee on Veterans, Military, & International Affairs, & Culture and the Arts, presented a report (Stand. Com. Rep. No. 1791) recommending that S.C.R. No. 153, SD 1, as amended in HD 1, be referred to the Committee on Finance.

Representative Saiki moved that the report of the Committees be adopted, and that S.C.R. No. 153, SD 1, HD 1 be referred to the Committee on Finance, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure, stating:

"In support. I do want to thank the introducers for introducing a bill to have the Year of the Hawaiian. I would hope that every single year would be the Year of the Hawaiian, and whatever year it is going to be the Year of the Hawaiian, that we just get everybody off the waiting list to get homes, or do something amazing for Hawaiians that we haven't done before.

"I think it's commendable that we do this, but I also think we should make some really serious steps forward if we're going to start talking about that we're going to support Hawaiian issues. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"In support, Mr. Speaker. This is a good resolution, but it could be better. I think it's good that it's saying, hey, since 1988 we haven't had the Year of the Hawaiian, we haven't acknowledged what otherwise it suggests we've done in terms of progress educationally, business, *et cetera*.

"Conspicuous in its absence, however, in accomplishments, is because of a lack of accomplishment, is housing, Mr. Speaker. The largest homeless population, indigenous population, are Hawaiians. And as my colleague just mentioned, the housing situation for the last 96 years for the Hawaiian Homes Commission has been 9,600 lessees for the 203,000 acres with 27,000 still on the waiting list.

"So if it's the Year of the Hawaiian, I think we have to be able to acknowledge it should be the year of housing for the Hawaiians, and there's a better way of doing it than just acknowledging some of this stuff that some people would doubt is really putting the priorities other than through a resolution but through substance, finance and political will. Thank you, Mr. Speaker."

Representative Ing rose to speak in support of the measure, stating:

"In support. Substance, finance and political will. All driven by public pressure, public sentiment, and there's nothing more powerful to catalyze that than a large event like we've seen in 1988. So I was born in the year 1988, *ho'olōkahi*. That was the original Year of the Hawaiian, where over 40,000 Native Hawaiians gathered in one place, in Aloha Stadium, to celebrate dance, music, to really push forward the Hawaiian Renaissance. I didn't even know about it until some bruddah that lives in Bumpy's Nation of Hawaii up in Waimanalo put an old video on Facebook with Leslie Wilcox around my age, celebrating this grand event. Labor unions were involved, they fed 40,000 people all at once. Remarkable.

"So, 30 years have passed. I was born then, now I'm coming of age, the folks that were my age are now big time decision makers, folks that were in their 50s and 60s are now *kupuna*, and this is another time to jump start that sort of movement. And it's also the anniversary, 30 years later, it's also the anniversary of the overthrow, 125 years.

"So what better year, in the Year of the Hawaiian, to engage more Hawaiians of every generation to participate in the political process, hopefully pressure folks like OHA and the State to really move. Move to reduce the waitlist of DHHL. Move to get Hawaiians to come out and vote.

"So that was the genesis of this resolution. Brought it over to folks in the Senate and got some other folks on board, hopefully the Office of Hawaiian Affairs. There's also a lot of division right now among the Hawaiian community, so we wanted to keep it as vague as possible, that it's not in support of any particular agenda, of nation building, but just a celebration of everything we've done in the last 30 years and in recognition that there's

still so much more work to do, and we've got to lay a path forward, for the next 30. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.C.R. No. 153, SD 1, HD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE GOVERNOR TO ISSUE A PROCLAMATION TO DESIGNATE 2018 AS THE YEAR OF THE HAWAIIAN TO CELEBRATE THE ACHIEVEMENTS OF NATIVE HAWAIIANS," was referred to the Committee on Finance, with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

Representatives Ing and Ito, for the Committee on Ocean, Marine Resources, & Hawaiian Affairs and the Committee on Veterans, Military, & International Affairs, & Culture and the Arts, presented a report (Stand. Com. Rep. No. 1792) recommending that S.C.R. No. 150, SD 1 be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committees was adopted and S.C.R. No. 150, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE OFFICE OF HAWAIIAN AFFAIRS TO CONVENE A STUDY GROUP TO MAKE RECOMMENDATIONS TO THE LEGISLATURE ON AN APPROPRIATE MEANS TO HONOR ROBERT WILLIAM KALANIHIAPO WILCOX, HAWAII'S FIRST ELECTED DELEGATE TO THE UNITED STATES CONGRESS," was referred to the Committee on Finance, with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

Representatives Ing and Lee, for the Committee on Ocean, Marine Resources, & Hawaiian Affairs and the Committee on Energy & Environmental Protection, presented a report (Stand. Com. Rep. No. 1793) recommending that S.C.R. No. 96, SD 1 be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committees was adopted and S.C.R. No. 96, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES, IN COLLABORATION WITH THE NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION, TO EXPLORE THE POSSIBILITY OF USING AUTONOMOUS UNMANNED SURFACE VESSEL TECHNOLOGY TO DETECT AND CLEAN UP OCEAN DEBRIS BEFORE IT REACHES HAWAII'S REEFS AND BEACHES," was referred to the Committee on Finance, with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

No. 7, entitled: "SENATE CONCURRENT RESOLUTION RECOGNIZING THE HISTORIC SUCCESS OF COMMUNITY STEWARDSHIP UNDER THE TRADITIONAL KONOHIKI FISHING RIGHTS SYSTEM IN SUSTAINING AN ABUNDANT NEARSHORE ENVIRONMENT AND A THRIVING POPULATION AND CULTURE, AND URGING THE STATE TO SUPPORT THE DEVELOPMENT, ADOPTION, AND IMPLEMENTATION OF CULTURALLY-GROUNDED, COMMUNITY-DRIVEN FISHERIES MANAGEMENT PROPOSALS TO STEWARD, RESTORE, AND PERPETUATE OUR NEARSHORE RESOURCES AND MAINTAIN AND PROTECT ASSOCIATED CULTURAL TRADITIONS AND VALUES," was referred to the Committee on Finance, with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

Representative Ing, for the Committee on Ocean, Marine Resources, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1795) recommending that S.C.R. No. 41 be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 41, entitled: "SENATE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A SIXTY-FIVE YEAR TERM, NON-EXCLUSIVE EASEMENT FOR REPAIR AND MAINTENANCE OF THE EXISTING SEAWALL SEAWARD OF AND FRONTING TAX MAP KEY NUMBER: (2) 3-9-11:7; WAIOHULU-KEOKEA HOMESTEADS AND BEACH LOTS, WAIOHULU-KEOKEA (KIHEI), WAILUKU, MAUI, HAWAII," was referred to the Committee on Finance, with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

Representative Ing, for the Committee on Ocean, Marine Resources, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1796) recommending that S.C.R. No. 85 be referred to the Committee on Finance.

Representative Saiki moved that the report of the Committee be adopted, and that S.C.R. No. 85 be referred to the Committee on Finance, seconded by Representative Evans.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm in opposition if I read this correctly, because it says the needs of the Hawaiian beneficiaries would be better served by having trustees appointed rather than elected. That is very questionable, very disagreeable, in fact probably contrary to most of the Hawaiian community who would say, we even want more sovereignty, we want more say in what's going on.

"And to have them appointed by the governor seems to be a, not only an oxymoron, a belief buster, if you will, for what otherwise the demands in the Hawaiian community. So I find this a little bit odd at the present and will be voting no. Thank you."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 85, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE OFFICE OF HAWAIIAN AFFAIRS TO CONVENE A TASK FORCE OF HAWAIIAN LEADERS, LEGAL SCHOLARS, AND A BROAD REPRESENTATION OF MEMBERS OF THE HAWAIIAN COMMUNITY TO REVIEW AND CONSIDER WHETHER ITS FIDUCIARY DUTY TO BETTER THE CONDITIONS OF HAWAIIANS AND MANAGE ITS RESOURCES TO MEET THE NEEDS OF HAWAIIAN BENEFICIARIES WOULD BE BETTER SERVED BY HAVING TRUSTEES APPOINTED RATHER THAN ELECTED," was referred to the Committee on Finance, with Representative Tupola voting aye with reservations, with Representative Ward voting no, and with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

Representative Ing, for the Committee on Ocean, Marine Resources, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1797) recommending that S.C.R. No. 88, SD 2 be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 88, SD 2, entitled: "SENATE CONCURRENT RESOLUTION URGING THE UNITED STATES ARMY CORPS OF ENGINEERS, DEPARTMENT OF LAND AND NATURAL RESOURCES, AND OTHERS, TO COLLABORATE TO RESEARCH AND DEVELOP A PLAN FOR INCREASING WATER CIRCULATION AND IMPROVING WATER QUALITY IN POKAI BAY ON LEEWARD OAHU," was referred to the Committee on Finance, with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

Representative Takayama, for the Committee on Public Safety, presented a report (Stand. Com. Rep. No. 1802) recommending that S.C.R. No. 126, SD 1, as amended in HD 1, be referred to the Committee on Judiciary.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 126, SD 1, HD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE JUDICIARY TO CONVENE A TASK FORCE TO EXAMINE AND MAKE RECOMMENDATIONS REGARDING CRIMINAL PRETRIAL PRACTICES AND PROCEDURES TO

MAXIMIZE PUBLIC SAFETY, MAXIMIZE COURT APPEARANCES, AND MAXIMIZE PRETRIAL RELEASE OF THE ACCUSED AND PRESUMED INNOCENT," was referred to the Committee on Judiciary, with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

Representative Takayama, for the Committee on Public Safety, presented a report (Stand. Com. Rep. No. 1803) recommending that S.C.R. No. 169, SD 1, as amended in HD 1, be referred to the Committee on Finance.

Representative Saiki moved that the report of the Committee be adopted, and that S.C.R. No. 169, SD 1, HD 1 be referred to the Committee on Finance, seconded by Representative Evans.

Representative Tokioka rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. I did speak with the author of the amendments of this resolution, and more than half of the resolution, Mr. Speaker, refers to the military of the State of Hawaii. So for that reason, this resolution wasn't referred to the Committee on VMI. So for those reasons, Mr. Speaker, with reservations."

Representative LoPresti rose to speak in support of the measure, stating:

"Strong support. I just wanted to make a few comments so that everybody knows what this is about. The impetus for this came out last week in the Committee on Public Safety, whose area is, quote, 'relating to civilian emergency and disaster response,' end quote, from our House rules.

"I was simply looking at ways to prepare emergency responses for natural disasters, and that included something I've spoken on the Floor about before, relating to Aloha Tower and having that area serve as a container shipping yard, because the State right now has very little plans, if any, for that kind of disaster preparedness for a hurricane or a tsunami or some kind of terrorist attack or something in the harbor. And we decided to simply add on to that, oh, yeah, by the way, our fallout shelters are nonexistent anymore, and we should probably restock them. So that's all it's about.

"And last but not least, there's been I think a lot of confusion about, God forbid we ever need plans like this, but if a strong nuclear power were to target our area, we would have very little, if any, chance of survival. But, if it was something like a 15 to 20 kiloton that were to strike, the size of Hiroshima or Nagasaki, the blast radius of such a weapon is one to three miles, which is immense and enormous and hard to even imagine, but that means hundreds of thousands of people left to survive and it's our responsibility in public safety to try to make sure that we have some kind of disaster preparedness plan, that's all. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"I rise in support, and may the words of the previous speaker be entered into the Journal as my own," and the Chair "so ordered." (By reference only.)

Representative Ward continued, stating:

"Mr. Speaker, I think it's so timely for this resolution to be put before this body, and I know it's going to go to Finance. But it's something that as the Carl Vinson, the aircraft carrier, has either arrived or is steaming near the South Korean, North Korean nations, that we be alert to what's going, if anything is to happen, we'd be prepared.

"Riki Ellison of the Missile Defense Advocacy Alliance briefed both the House and the Senate last year. They made a very clear point about the very clear and present danger, that Hawaii is 12 minutes away from any missile that comes from North Korea.

"All the media has been saying, well, we are so far from getting the technology to reach the mainland. Well, we ain't the mainland. We are Hawaii and 12 minutes away. Mr. Speaker, you can't get in your car and get to the McDonald's down the street in 12 minutes.

"Mr. Speaker, this is a very timely thing. It's not that we want to be over-reactive and make fear out of it, but preparedness, Mr. Speaker, that's the intent of this, and I commend the authors of it, and I hope that we pass it through into the Finance Committee, and that we are prepared for what otherwise looks like there's a lot of shaking going on in the Pacific area because of this. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 169, SD 1, HD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE STATE TO MODERNIZE ITS DISASTER PREPAREDNESS PLANS," was referred to the Committee on Finance, with Representative Tokioka voting aye with reservations, and with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

Representative Johanson, for the Committee on Labor & Public Employment, presented a report (Stand. Com. Rep. No. 1804) recommending that S.C.R. No. 59, SD 1 be referred to the Committee on Finance.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 59, SD 1, entitled: "SENATE CONCURRENT RESOLUTION URGING ALL STATE DEPARTMENTS AND AGENCIES TO DULY CONSIDER WOMEN-, VETERAN-, AND NATIVE HAWAIIAN-OWNED BUSINESSES WHEN AWARDED STATE CONTRACTS, AND REQUESTING ALL STATE DEPARTMENTS AND AGENCIES TO SUBMIT TO THE LEGISLATURE A LIST OF STATE CONTRACTS AWARDED IN THE LAST TWO YEARS TO WOMEN-, VETERAN-, AND NATIVE HAWAIIAN-OWNED BUSINESSES," was referred to the Committee on Finance, with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1805) recommending that H.R. No. 42, HD 1 be adopted.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.R. No. 42, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE DEPARTMENT OF AGRICULTURE TO EXAMINE WWOOFING IN HAWAII, REVIEW RELEVANT HAWAII LABOR LAWS, AND MAKE RECOMMENDATIONS," was adopted, with Representatives Har, Kobayashi, Lee, McKelvey, Oshiro and Souki being excused.

ANNOUNCEMENTS

Representative Brower: "Thank you, Mr. Speaker. I just want to wish our Waikiki office manager, Cynthia, a happy birthday today. And I want to thank her for her 11 years of work that she's done for our constituents, drafting legislation and calendar scheduling. And she even gives me great advice, always saying to me, stop driving the clown car, and you can be yourself after the election.

"When legislators visit my office they refer to her, not me, as the representative. And if any House members are free after session, please stop by my office before getting back to work. We'll be serving cake in the situation room. Thank you."

Representative Keohokalole, on behalf of Representative Ito and himself, introduced third and fifth grade students from Saint Mark Lutheran School in Kaneohe; and teachers and chaperones: Nathan Fosket, Jaime Remedios, Ernie Seibold, Renee Kim, Rachel Sitler and Mele Manu.

Representative Cachola introduced Ms. Amy Agbayani.

Representative Tokioka introduced former Representative Derek Kawakami, Kauai County Councilmember.

ANNOUNCEMENTS

Representative Thielen: "Thank you, Mr. Speaker. This Saturday is Earth Day, and so I bet all of you know what that means on this coming Friday. Friday is Hemp Aloha Friday, and if you would wear your hemp shirts, your hemp tie, or your natural fiber shirts in honor of Earth Day this Friday. Thank you, Mr. Speaker."

Representative DeCoite: "Thank you, Mr. Speaker. Today we are having a fundraiser for the Maui Food Bank in my office. We're selling Jamba Juice

in Room 324, if people would like to come over and help us support the Maui Food Bank. Thank you."

Representative Ward: "Mr. Speaker, speaking of Earth Day, the Ka Iwi Coast is having its ninth annual cleanup sponsored by my office, if anyone is so interested. But the real point of the announcement for today, historically, in 1775, today is the day that Paul Revere rode proclaiming, the British are coming, the British are coming. So it's a very historical American remembrance. Thank you."

ADJOURNMENT

At 11:43 o'clock a.m., on motion by Representative Evans, seconded by Representative Ward and carried, the House of Representatives adjourned until 11:30 o'clock a.m. tomorrow, Wednesday, April 19, 2017. (Representatives Har, Kobayashi, Lee, LoPresti, McKelvey, Mizuno and Say were excused.)

HOUSE COMMUNICATIONS

House Communication dated April 18, 2017, from Brian L. Takeshita, Chief Clerk of the House of Representatives, to the Honorable President and Members of the Senate, informing the Senate that the House has made the following changes to the conferees on the following measures:

ORDER OF THE DAY

SUSPENSION OF RULES

At this time, the Chair stated:

"Members, please note that per Committee Referral Sheet Number 47, Senate Concurrent Resolution 157, Senate Draft 1, has been re-referred solely to the Committee on Health. The Committees on Education and Higher Education waived the referral to this measure, and therefore it is appropriate for the House to consider action for adoption on this measure.

"We're going to be going through a series of three motions. First motion, motion to suspend. Second motion, motion to reconsider. Third motion, to adopt, would be where we would have floor debate."

On motion by Representative Saiki, seconded by Representative Evans and carried, the rules were suspended to reconsider action previously taken on S.C.R. No. 157, SD 1. (Representatives DeCoite, Har, Ichiyama, Ing, Ito, Souki, Takumi and Tokioka were excused)

RECONSIDERATION OF ACTION TAKEN

On motion by Representative Saiki, seconded by Representative Evans and carried, the House reconsidered its action previously taken pursuant to the recommendation contained in Standing Committee Report No. 1790, recommending referral to the Committees on Education and Higher Education. (Representatives DeCoite, Har, Ichiyama, Ing, Ito, Souki, Takumi and Tokioka were excused.)

UNFINISHED BUSINESS

S.C.R. No. 157, SD 1:

Representative Saiki moved that S.C.R. No. 157, SD 1 be adopted, seconded by Representative Evans.

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Please register a no vote. I just wanted to share additional information. I had already kind of commented what some of my reservations are on this measure. It's suggesting that we give out information, that we make sure to advocate or let parents know about vaccines. My concern is that the back half needs to be done first, meaning the research and the data. So making sure that what we're passing out is accurate.

"Since September 1, 2015, there's been 47 incidents reported from meningococcal vaccinations. Two of them resulted in deaths and 45 of them were serious injuries. And so I think when we talked with the Department of Health that was my concern, is if we pursue this and we start passing out information, how much have we done research on making sure that we've noted and, especially here in Hawaii, I guess taking into consideration what adverse events have happened since people have taken the vaccines.

"So the CDC does encourage for 11 and 12-year-olds to take the HPV as well as the meningococcal vaccination. But what hasn't been done is the study of both of these vaccinations being done at the same time.

"So that's my concern, is that we do this back half of data and fact-finding before we pass out any information to the public or encourage parents on things that we may or may not have all the accurate data. Thank you, Mr. Speaker."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. The bottom line, it's not ready for prime time yet until they do more homework. Thank you."

The motion was put to vote by the Chair and carried, S.C.R. No. 157, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF HEALTH TO COLLABORATE WITH THE DEPARTMENT OF EDUCATION, HAWAII ASSOCIATION OF INDEPENDENT SCHOOLS, AND THE UNIVERSITY OF HAWAII TO PROMOTE AWARENESS OF RECOMMENDED VACCINES FOR ADOLESCENTS, INCLUDING MENINGOCOCCAL DISEASE," was adopted, with Representative Ward voting aye with reservations, with Representative Tupola voting no, and with Representatives DeCoite, Har, Ichiyama, Ing, Ito, Souki, Takumi and Tokioka being excused.

REPORTS OF STANDING COMMITTEES

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1806) recommending that S.C.R. No. 145, SD 1 be adopted.

Representative Saiki moved that the report of the Committee be adopted, and that S.C.R. No. 145, SD 1 be adopted, seconded by Representative Evans.

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, comments in the Journal if I may."

Representative McKelvey's written remarks are as follows:

"I rise in strong support of the resolution, Mr. Speaker. Mr. Speaker, while most resolutions only convey the wishes of the Legislature in areas to which we do not have legislative control, this resolution is quite substantive. This resolution would allow for the transfer of land in Kahului that could then be used to create immediate affordable housing in the area.

"Mr. Speaker, by simply adopting this resolution we will be able to accelerate the building of much needed units in an area that is close to schools, the University of Hawaii, and Queen Ka'ahumanu Center, plus many other businesses in the area.

"This also, Mr. Speaker, creates a solid precedence of county and state support in creating affordable housing that can be tailor-made towards our working families within the area, as there is no federal monies involved which is what has created outside demand for our affordable housing units and restricted our ability to be able to channel such projects to our residents who so desperately need it.

"Mr. Speaker, I hope this resolution, through its adoption, will help to spur more of these partnerships and allow for more types of transfers and collaborations that will accelerate the building of much needed affordable housing both in Maui and elsewhere in the State of Hawaii."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 145, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEVELOPMENT OF A COLLABORATIVE PLAN TO BEST LEVERAGE STATE AND COUNTY FUNDS TO BUILD AFFORDABLE HOUSING PROJECTS AND AN EXPLORATION OF THE FEASIBILITY OF TRANSFERRING A PARCEL OF LAND IN KAHULUI, MAUI, TO THE HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION," was adopted, with Representatives DeCoite, Har, Ichiyama, Ing, Ito, Souki, Takumi and Tokioka being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1807) recommending that S.C.R. No. 143 be adopted.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 143, SD 1, entitled: "SENATE CONCURRENT RESOLUTION URGING THE

HAWAII HOUSING FINANCE AND DEVELOPMENT CORPORATION TO WORK WITH HOUSING STAKEHOLDERS AND OTHER STATE AND COUNTY AGENCIES TO EVALUATE AND UPDATE THE RENTAL HOUSING REVOLVING FUND PROGRAM'S POLICIES AND PROCEDURES AND REINSTATE THE PREDEVELOPMENT LOAN PROGRAM," was adopted, with Representatives DeCoite, Har, Ichiyama, Ing, Ito, Souki, Takumi and Tokioka being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1808) recommending that S.C.R. No. 30, SD 1 be adopted.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 30, SD 1, entitled: "SENATE CONCURRENT RESOLUTION APPROVING ACTION TAKEN BY THE BOARD OF LAND AND NATURAL RESOURCES ON A LAND EXCHANGE," was adopted, with Representatives DeCoite, Har, Ichiyama, Ing, Ito, Souki, Takumi and Tokioka being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1809) recommending that S.C.R. No. 41 be adopted.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 41, entitled: "SENATE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A SIXTY-FIVE YEAR TERM, NON-EXCLUSIVE EASEMENT FOR REPAIR AND MAINTENANCE OF THE EXISTING SEAWALL SEAWARD OF AND FRONTING TAX MAP KEY NUMBER: (2) 3-9-11:7; WAIOHULU-KEOKEA HOMESTEADS AND BEACH LOTS, WAIOHULU-KEOKEA (KIHEI), WAILUKU, MAUI, HAWAII," was adopted, with Representatives DeCoite, Har, Ichiyama, Ing, Ito, Souki, Takumi and Tokioka being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1810) recommending that S.C.R. No. 42 be adopted.

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.C.R. No. 42, entitled: "SENATE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT KANEOHE, KOOLAUPOKO, OAHU, FOR THE MAINTENANCE AND REPAIR OF THE EXISTING SEAWALL, BOAT RAMP, AND PIER, AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was adopted, with Representatives DeCoite, Har, Ichiyama, Ing, Ito, Souki, Takumi and Tokioka being excused.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. This is an excellent small business resolution. The only footnote I would have is that we have had on the books

for a decade-plus, a set-aside for small businesses, which would include the various groups mentioned in this resolution. The difficulty is the administration has always said, well, it's too complicated, we can't implement it.

"So Mr. Speaker, I would hope that this would help encourage and loosen that small business set-aside, because we're having a lot of small businesses that are being denied that, and hopefully this will encourage them to do it."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 59, SD 1, entitled: "SENATE CONCURRENT RESOLUTION URGING ALL STATE DEPARTMENTS AND AGENCIES TO DULY CONSIDER WOMEN-, VETERAN-, AND NATIVE HAWAIIAN-OWNED BUSINESSES WHEN AWARDING STATE CONTRACTS, AND REQUESTING ALL STATE DEPARTMENTS AND AGENCIES TO SUBMIT TO THE LEGISLATURE A LIST OF STATE CONTRACTS AWARDED IN THE LAST TWO YEARS TO WOMEN-, VETERAN-, AND NATIVE HAWAIIAN-OWNED BUSINESSES," was adopted, with Representatives DeCoite, Har, Ichiyama, Ing, Ito, Souki, Takumi and Tokioka being excused.

ANNOUNCEMENTS

Representative Thielen: "Thank you, Mr. Speaker. I just wanted to thank those members for wearing either a hemp shirt or a natural fiber shirt, and I think the prize of honor should go to the hemp tie worn by our Judiciary Chair.

"Here is the hemp stalk, 12 feet within 12 weeks, grown in Waimanalo. So it shows what we can do with this amazing crop. I appreciate the members' support, and at the end of session, if those in hemp could come up to the front, including the tie, and we can do a photo. Thank you."

ORDER OF THE DAY

REPORTS OF CONFERENCE COMMITTEES

Representatives Brower, Yamane and Luke, for the Committee on Conference on the disagreeing vote of the Senate to the amendments proposed by the House in S.B. No. 715, SD 2, HD 1, presented a report (Conf. Com. Rep. No. 1) recommending that S.B. No. 715, SD 2, HD 1, as amended in CD 1, pass Final Reading.

In accordance with Article III, Section 15, of the Constitution of the State of Hawaii, action on Conf. Com. Rep. No. 1 and S.B. No. 715, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE SPECIAL ACTION TEAM ON AFFORDABLE RENTAL HOUSING," was deferred for a period of 48 hours.

FINAL READING

Representative Saiki moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Evans and carried: (Representatives Har, McKelvey and Oshiro were excused.)

- H.B. No. 651, HD 2, (SD 1)
H.B. No. 849, HD 1, (SD 1)
H.B. No. 1418, (SD 1)

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering certain House Bills for Final Reading by consent calendar. (Representatives Har, McKelvey and Oshiro were excused.)

FINAL READING

H.B. No. 651, HD 2, SD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, H.B. No. 651, HD 2, SD 1, entitled: "A BILL FOR AN ACT RELATING TO CONSUMER CREDIT REPORTING AGENCIES," passed Final Reading by a vote of 48 ayes, with Representatives Har, McKelvey and Oshiro being excused.

H.B. No. 849, HD 1, SD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, H.B. No. 849, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII ACCOUNTING AND FINANCIAL MANAGEMENT SYSTEM," passed Final Reading by a vote of 48 ayes, with Representatives Har, McKelvey and Oshiro being excused.

H.B. No. 1418, SD 1:

Representative Saiki moved that H.B. No. 1418, SD 1 pass Final Reading, seconded by Representative Evans.

Representative Yamane rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support of the passage of House Bill 1418. Mr. Speaker, I would like to thank my colleagues in the majority for signing on to this important legislation as fellow introducers and co-sponsors of this bill. Thank you, members, and the key chairs that helped move this measure forward, both in the House and the Senate.

"Members, over a year ago, on April 15, 2016, the Federal Emergency Management Agency, known as FEMA, alerted our governor of the serious matter that the State of Hawaii and our four counties participating in the National Flood Insurance Program would be suspended from federal protection and lose funding due to amendments made to the Hawaii Revised Statutes in 2013. According to FEMA, this amendment exempted agricultural structures from the building code and permit requirements, and resulted in the State of Hawaii and its four counties failing to maintain state floodplain management requirements. Mr. Speaker, this issue was so serious that FEMA threatened to suspend the State of Hawaii and its counties' federal flood insurance protection, effective July 31, 2017.

"Mr. Speaker, when communities are suspended from the National Flood Insurance Program, they lose their eligibility for both federally backed flood insurance as well as certain federal disaster assistance. If a flood disaster occurred in a suspended community, most types of federal disaster assistance are not available for acquisition, construction, or repair of insurable structures in the Special Flood Hazard Area.

"Members, Hawaii currently has 60,000 flood insurance policies, totaling over \$13.2 billion in flood insurance coverage. These 60,000 policies were vulnerable to cancellation from FEMA's suspension warning. As an island state isolated in the middle of the Pacific Ocean, it is imperative that we maintain this critical federal funding.

"For the past 40 years, Hawaii benefitted from nearly 4,600 claims, totaling, to our residents, \$87 million. It is estimated that federal disaster assistance made available to Hawaii provided under the NFIP program since the '80s totaled over \$400 million in assistance, which helped us, Mr. Speaker, to recover from natural disasters like Hurricanes Iwa and Iniki, Tropical Storm Iselle, the magnitude 6.7 Kiholo earthquake, and various other storms and floods.

"Furthermore, FEMA's letter threatened that if the State of Hawaii were to be suspended from the National Flood Insurance Program, all federal agencies would be prohibited from making grants, loans or guarantees for the acquisition of structures, including programs like the Federal Housing Administration, Veterans Administration, and the Small Business Administration, among others.

"Mr. Speaker, as your Water & Land Chair, I felt it was extremely necessary to rectify this situation. I am grateful, Mr. Speaker, for the partnership of my colleagues both in the House and the Senate, and their leadership. I also would like to thank the partnership with FEMA Region 9, the Engineering Division of the Department of Land and Natural Resources, who are here today, our four counties, the Hawaii Association of REALTORS, the Hawaii Farm Bureau, and all of Hawaii's insurers, banks and builders, which worked together to pass this bill, HB 1418, or hopefully pass, after the vote.

"Rather than repeal Act 203 of 2013, House Bill 1418 continues to support Hawaii's agricultural communities. This bill includes language to ensure that all new structures comply with the National Flood Insurance Program requirements.

"Mr. Speaker and members, I would like to emphasize to you that FEMA supports the language in this bill. In an email sent to me from FEMA last week, the FEMA director wrote, our legal and National Flood Insurance Program experts have assured me that this bill, that you see today, still meets our requirements, and therefore the State of Hawaii's needs, in ensuring compliance with the National Flood Insurance Program. This bill is good to go, and exciting that this may be getting across the finish line, end quote."

Representative DeCoite rose to yield her time, and the Chair "so ordered."

Representative Yamane continued, stating:

"Thank you. Members, today, with your support on this bill, Hawaii's property owners can trust that their NFIP flood insurance will be protected and will remain in place, protecting them from future floods and natural disasters. Thanks to this partnership and my esteemed colleagues for your continued support, the State of Hawaii is on track to clarify our state's building laws, protecting Hawaii's property owners, and averting a terrible disaster if our federal flood insurance program was canceled.

"Mr. Speaker, this bill is a testament to what we as a Legislature can do, bringing people together and building partnerships. Thank you, and thank you, members."

The motion was put to vote by the Chair and carried, and H.B. No. 1418, SD 1, entitled: "A BILL FOR AN ACT RELATING TO LAND," passed Final Reading by a vote of 48 ayes, with Representatives Har, McKelvey and Oshiro being excused.

At 12:10 o'clock p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 651, HD 2, SD 1
H.B. No. 849, HD 1, SD 1
H.B. No. 1418, SD 1

SUSPENSION OF RULES

On motion by Representative Saiki, seconded by Representative Evans and carried, the rules were suspended for the purpose of reconsidering action previously taken in disagreeing to amendments made by the Senate to certain House Bills. (Representatives Har, McKelvey and Oshiro were excused.)

RECONSIDERATION OF ACTION TAKEN

Representative Saiki moved that the House reconsider its action previously taken in disagreeing to the amendments made by the Senate, and

FINAL READING

Representative Saiki moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Evans:

H.B. No. 374, HD 2, (SD 2)
H.B. No. 563, HD 1, (SD 1)
H.B. No. 599, HD 1, (SD 2)
H.B. No. 1534, HD 1, (SD 2)

At 7:00 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 7:00 o'clock p.m.

The motion was put to vote by the Chair and carried, and the House agreed to the amendments made by the Senate to the noted House Bills. (Representatives Har, Ing, McDermott, Quinlan, Thielen and Tokioka were excused.)

The Chair addressed the Clerk who announced that the record of votes for the appropriate measures had been received which indicated that the requisite number of House conferees appointed had agreed to the amendments made by the Senate, and had cast affirmative votes to report said measures to the floor for final disposition.

H.B. No. 374, HD 2, SD 2:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 374, HD 2, on the following showing of Ayes and Noes:

Representative Saiki moved that H.B. No. 563, HD 1, SD 1 pass Final Reading, seconded by Representative Evans.

Representative Say rose to speak in opposition to the measure, stating:

"Mr. Speaker, may I just say a few words on House Bill Number 563, House Draft 1, Senate Draft 1? I'm a no vote, that I shared with the Majority Floor Leader, but more importantly is the question of the liability that would be upon the dentist that supervises and oversees that particular dental hygienist. That if the dental hygienist has her own or his own insurance, I would be much more happy to support this measure, but, if not, the dentist will be held liable, and that's where there is that gray area. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 563, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO DENTAL HYGIENISTS," passed Final Reading by a vote of 44 ayes to 1 no, with Representative Say voting no, and with Representatives Har, Ing, McDermott, Quinlan, Thielen and Tokioka being excused.

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Evans, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering certain House and Senate Bills for Final Reading by consent calendar.

UNFINISHED BUSINESS

Conf. Com. Rep. No. 135 and H.B. No. 100, HD 1, SD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 100, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise to speak in favor of the executive budget. Mr. Speaker, I'm going to keep my comments short. I just wanted to take this opportunity to thank a lot of folks. First of all, I would like to thank the committee members. I always thank the committee members, but this year, for the first time in several years, we were looking at somewhat of a stagnant economy, and the committee really took into heart about what's going on, and to ensure that the future generations have the funding that's available, especially with collective bargaining looming and with some slowdown in the collection of GET.

"So I really want to thank the committee members and I really enjoyed working this year with every single one of them. So especially my Vice Chair, if I could get a round of applause for my Vice Chair.

"And this individual always tells me, oh, you don't have to thank me, but I feel really like I need to thank this individual and that is, he knows who he is, that's the CIP Chair, the good Representative from Upcountry Maui. I mean he has done a terrific job, especially with the challenges we faced this year, the Governor introduced a budget that included a little over \$1.3 billion worth of bonds and the Governor requested that the House take down the authorization to less than \$1 billion, and he was able to do that. He worked very diligently, and with the Senate counterparts, so he was able to put the CIP budget to bed early. And so because of that, we were able to get the budget done significantly earlier than years past, which allowed a lot of smooth transition in releasing the bills. And unfortunately, my apologies to the freshmen, they weren't able to witness the last-minute Friday cattle call in Room 309, but this is how the legislative process should work, in an orderly and professional way, so that goes a lot to do with what the

Upcountry Representative did, so if we could get a round of applause for him.

"And of course the GIA Chair, the Representative from Big Island, this was her first time looking through all the GIAs, 270 applicants, and for her to be able to choose and sort through the various noteworthy and terrific nonprofits out there, I give her a lot of credit, she spent a huge amount of time. It was a learning curve but she was able to get her job done, and I owe a lot of gratitude, otherwise a lot of these individuals would have come seen me, so I pretty much said, okay, it's up to the Representative from the Big Island, so if we could give her a round of applause.

"And of course I always thank the staff, but it's not just my staff, they deserve a lot of gratitude, but it's every one of your staff. Every one of the Finance members' staff, they're there before you guys, the members, are there, making sure that information's loaded onto their computers, making sure that they have the information that they need, and they do a lot of legwork behind the scenes for the individual Finance members who put in a tremendous amount of time. So if we could give a round of applause to all of our staff as well.

"And I owe a lot of gratitude to the Senate. In the last week we were hearing all kinds of things going on on the Senate side, I mean, it's so calm over here compared to that side. And then I don't know what's going on on that side, but every day I would be like, okay, what's the new rumor going on? But despite that, the Senate WAM Chair was calm, despite the rumors that she was being ousted today or yesterday or the day before, and so every day I would go in and go, okay, am I going to be looking at a new person across the aisle, or what's going on on that side. But thank goodness it calmed down, because we're here to do the people's business and they need to leave all those political things on the side and make sure that we can get the business done. So I'm thankful that at least for right now I think everything is calm so, oh, I used up my time already."

Representative Ichiyama rose to yield her time, and the Chair "so ordered."

Representative Luke continued, stating:

"Thank you, Representative. So a lot of gratitude to the WAM Chair, because she still kept her composure. Me being who I am, if things like that happened to me I would be like, grrr, but she kept her composure, she said, okay, we still need to get the budget done, we still need to pass the bills. My gratitude to the Senate and the various Senate members. I always say, conference is a time that we get a little crazy and emotions get a little heightened, but the Senate members and the House members were able to come together and work on a good budget, and we had lot of terrific bills pass this year, so my gratitude to the Senate President and the members of the Senate. I know they're probably going into session as well, but I wanted them to know that we appreciate them and it's hard for them just as it's hard for us, so if we could give a round of applause to the Senate, even though they don't know that we're giving them a round of applause. But I'll be sure to text them so they give us a round of applause, too.

"And especially the freshman class, the only one I really miss having is the appointed Representative from Hilo, but the freshman class this year was really a standout, they asked a lot of questions, they were really prepared, they seemed to be enjoying being on Finance, although they could be pretending, but they let me think that they enjoyed it, so hopefully they learned a lot and hopefully next year it'll be even more fruitful for them.

"And lastly I want to thank you, Mr. Speaker, for giving me this opportunity again. Every year I learn more things about the budget, and every year you folks challenge me to do better things for the State of Hawaii and for our citizens, so I want to thank all of you folks. And with that, I think the budget stands on its merits, and I'm very proud of the budget, so thank you very much."

Representative Morikawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Strong support. Mr. Speaker, some say we haven't done enough to protect our *kūpuna*, our children and our homeless. We are criticized for not moving fast enough, or turning our backs on the

problems, or not putting funds in the right places. But Mr. Speaker, we all know that those few comments are not true. We do all we can to protect our most vulnerable populations. We do our best and we have accomplished a lot.

"This year we will begin the plan and preliminary implementation of our Kupuna Caregivers Program and have funded the *kūpuna* Healthy Aging Partnership. The Hospital and Nursing Facility Sustainability Programs will continue for another two years. The Wiley Kaikou Muir Act will require childcare providers obtain and maintain liability insurance, and for our homeless population there will be a working group to examine and develop recommendations to establish safe zones.

"Mr. Speaker, our human services budget highlights this year are \$3 million in general funds for FY18 for Housing First Program, \$1.5 million in general funds for FY18 for homeless outreach services, \$250,000 in general funds in FY18 for legal services for homeless persons, 29 permanent positions and \$1.8 million in FY18 and \$2.5 million in FY19 in general funds for multi-skilled worker pilot program, \$1.5 million in general funds and \$2.3 million in federal funds in each fiscal year for nursing facility inflation factor, and \$240,000 in general funds in FY18 for juvenile justice and delinquency prevention.

"Mr. Speaker, there are many other human services accomplishments this year, and we have all contributed to moving these good policies through. So thank you colleagues for your support and hard work. Thank you, Mr. Speaker."

Representative Kobayashi rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. I'd like to echo the comments made just previously regarding *kūpuna* and homeless. The state budget includes for *kūpuna* \$4.1 million for the Kupuna Care Program. This as you know is separate from the Kupuna Caregivers Program, which I'm sure will be discussed later. Also, \$1.7 million for the Aging and Disability Resource Center. This of course is the intake referral network that we have statewide. And also for *kūpuna*, one permanent position and \$157,000 for the Long-Term Care Ombudsman Program. This ombudsman has been operating pretty much alone and cannot go statewide and certainly cannot inspect all of the long-term care facilities that probably would be improved or at least more alerted if they had more frequent inspections.

"In the area of homeless, we have \$500,000 for homeless individuals with serious and persistent mental health problems, and \$800,000 for homeless with severe substance abuse problems. And also we have six permanent positions added with \$422,000 for vector control. Our vector control program was once almost decimated, and we have in the last several years built that up.

"In short, we have a huge area of homeless that has grown. I noted that when I first arrived back here we had approximately half of what we have today being spent on homeless, so while this homeless program cannot sit on its laurels, I think we have made a meaningful and huge impact in trying to address the problem. So for these reasons, I stand in support of HB 100, the state budget. Thank you."

Representative Cachola rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support of the state budget. Aside from those that were already stated by previous speakers, I'd just like to zero in on one of the funding that was placed in this budget, and that is for the funds to more or less fund the burial assistance of Filipino veterans. Even if the amount is too small, \$50,000, and be matching funds, we are very grateful because it has been long overdue. And I know that this is only funded for one year, it's just the beginning. Even if it's funded only for 2018, not all the Filipino veterans will die the same year. Hopefully, as we go forward, we will be funding more by giving assistance to the Filipino veterans.

"On a personal note, when my father died here in Hawaii, as a guerilla fighter in the Philippines, we were in a quandary whether we would send his body to the Philippines to be where my late mother was buried. But I decided not to. And the reason for that is by both my parents being good parents, I

know that my late father will be meeting my mother in heaven and they'll be reunited.

"I want to thank the Legislature for funding this for one year. We will be doing some fundraising, because the provision says we have to match it dollar for dollar. I'll try to see if I can initiate more or less a fundraiser for this, and hopefully next year this legislature will again fund some assistance for the burial assistance to Filipino veterans. We know that they have sacrificed their lives for freedom, and as you know, we'll be forever grateful. Thanks to the budget chair and all the members. *Mahalo*, Mr. Speaker."

Representative Woodson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker, I stand in strong support. There are many great things about this budget, but I wanted to briefly speak about the somewhat renewed attention to public education. First, Mr. Speaker, I greatly appreciated the added \$1.1 million in A funds with respect to the SIS enhancement and expansion.

"Mr. Speaker, SIS stands for Student Information System, and the system, in essence, allows the Department of Education to increase its effectiveness and efficiency both vertically and horizontally as it relates to communications both in and out of the system. Communications with teachers and administrators are greatly improved, communications with teachers and parents are greatly improved, and just as an example of the latter, Mr. Speaker, the system allows the ability to send both emails and/or text messages to parents with respect to things like how their kids are doing at certain critical points in the semester, if their children are absent, and other relevant information. So Mr. Speaker, studies show that learning outcomes are increased with increased participation of our parents. So I'm grateful for that particular funding.

"Also, Mr. Speaker, I notice that there was \$550,000 for early learning as we continue to build up that program. Mr. Speaker, these programs help with mental and emotional development as well as other important skills for our kids before they enter into the kindergarten system. So in essence this allows them to be better prepared when they come of age to enter into kindergarten.

"On the other end of the spectrum, Mr. Speaker, I am appreciative of the expansion of early college, \$1 million in each fiscal year. Mr. Speaker, this program allows high school students the opportunity to take college classes in the familiarity of their high school settings. It also allows for something called dual credit, dual credit meaning it allows kids to earn both college credit and high school credit at the same time. So this system is building out again, and it's something that is proven to not only make it so more of our kids are going to college, but also making sure that more of our kids are actually graduating with an associate's or four-year degree. So I'm grateful for that.

"And speaking of college, Mr. Speaker, I am overly ecstatic, I will say, that there is money incorporated into the budget for the University of Hawaii's Promise Program. We learned through our committees that the greatest financial need is in fact at the community college level, so it's prudent, at least in my mind, to start the program first at the CC system level. Hawaii Promise Program says that if you qualify for in-state tuition and if there is a financial need, in terms of you qualifying for financial aid, but there's a gap that needs to be filled, then we will in fact absorb that cost in terms of the rest of your financial needs, Mr. Speaker. So what we're saying is, if you want to invest in yourself, if you want to receive a formal certification in auto mechanics or if you want to earn an associate's in laboratory technician school, then we want to invest in you, Mr. Speaker, because if we do that, then the rest of the community is stronger.

"So these are some of the highlights as it relates to public education in general, and I'm grateful that they're incorporated into the budget. Thank you."

Representative Nakashima rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Mr. Speaker, there are elements that believe that the answer is to raise taxes. However, I think that we find that

there are other answers, and that is to invest in our economy. The current state budget before us does exactly that. It helps to invest in our economy and looking forward to our future. With \$1 million each in the Accelerator Program for High Technology, in the manufacturing grants, and the small business innovation research program, these are investments in our economy that will pay off for our future.

"In addition to that, we are looking at establishing new businesses and opportunities in Hawaii by looking at the establishment of a small satellite launch facility in the State of Hawaii, as well as looking at a feasibility study for basalt manufacturing. In these ways, Mr. Speaker, I think that this state budget is looking forward at the possibilities of Hawaii's future for growing our economy. I would like to thank the Finance Chair and Ways and Means Chair and members of the budget conference for this faith in our future. Thank you."

Representative Creagan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Mr. Speaker, I rise in strong support. I want to thank the Chair of Finance and all the Finance committee members, including my Vice Chair of Agriculture, for all their hard work in drafting this budget and for their support of agriculture. I'd like to mention some of that support.

"First, this bill will add \$1.5 million in general funds in FY18 for the Agricultural Loan Revolving Fund. It will add two permanent positions at \$226,000 in FY18 and \$200,000 in FY19 in general funds for the Agricultural Food Safety Certification Program. This bill will add one position and \$115,000 in general funds each fiscal year for the Industrial Hemp Pilot Program. It will add three permanent positions and \$79,000 in FY18 and \$158,000 in FY19 in general funds for pesticides compliance. It will add \$750,000 in general funds each fiscal year, non-recurring, for pesticide regulation expenses and studies.

"In related areas, this bill will provide \$750,000 in general funds in each fiscal year, non-recurring, for rapid 'ohi'a death response. And it will add \$4 million in general funds in each fiscal year for the Hawaii Invasive Species Council. Finally, this bill will also provide \$500,000 in general funds in each fiscal year for rat lungworm disease. It is hoped that some of these funds can be redirected to Dr. Jarvi and her team at UH Hilo to continue their critical investigations of rat lungworm disease. Thank you, Mr. Speaker."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'd like to first thank the Finance Chair, the CIP Chair, and my fellow Finance committee members as well as the Senate WAM committee. I would be remiss if I didn't say these things from the floor, because when I sat in this chamber two and a half years ago, the burden of having 3,500 students crammed into a school, James Campbell High School, a school that was built for the capacity of 1,500 and the largest 9th to 12th grade public school institution in the State, weighed very heavily on my shoulders, Mr. Speaker.

"With this new budget, we're doing the right thing by the *keiki* and the youth and the young adults on the west side of this island by working to give them the same quality education that all other students on this island receive. With the \$27 million going to James Campbell High and another \$77 million going to a brand new middle school in East Kapolei, or what I call Ewa, the future of these students looks bright, as long as we keep supporting them as they rightly deserve. Thank you."

Representative Cullen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Strong support. We hear many thanks from the Chair of Finance, and the work that she does, and I was able to witness the steadiness and consistency with her work ethic that is very impressive, and I've been able to witness that. And as many of the chairs mention today on how fair and responsible this budget is for the State as it moves forward, the State in her hands has done many great things and will continue to do it.

"It was mentioned about the East Kapolei Middle School project by another member, which is important, and as a body supports it, regarding

the other Representative from Makakilo that has pushed many years regarding this issue, and to address one of the only track schools left in the State is going to be very important in this budget.

"And when we come together here in the body and we look at it, I just really want to thank her for her work as the Chair of Finance, and if we could give her a round of applause for the work that she does. And I will request written comments. Thank you."

Representative Cullen's written remarks are as follows:

"As stated earlier, Mr. Speaker, I stand in strong support of HB 100, HD 1, SD 1, CD 1. This budget is not perfect, but we have truly made it a responsible, fair, and balanced budget that addresses many needs within our communities statewide, and we will continue to address many more in the coming years. Some of the House committee chairs and individual members mentioned earlier through their budget highlights the subjects of higher education, *kūpuna* care, and food safety, just to note a few.

"One of the biggest pieces for our community in this budget is the East Kapolei Middle School. Kapolei Middle School has been on a multi-track schedule since 2003 to cope with the school's overcrowding due to the continued growth of the Kapolei region. This state budget includes funding for the construction of East Kapolei Middle School to address overcrowding in our middle school. I would like to emphasize that the inclusion of these funds furthers the Hawaii State Legislature's intentions in passing SB 1345, HD 1, CD 1 (Act 116, Session Laws of Hawaii 2015), to collaborate with the state Department of Education and end the use of a multi-track schedule at Kapolei Middle School.

"I also strongly support the inclusion of the remaining funds necessary to plan, design, and construct a classroom building at Campbell High School. These capital appropriations in this measure significantly contribute to the family's quality of life, teacher's work environment, and student's learning potential in our communities."

Representative Say rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise in, I think I'm the only one this morning who probably will rise with reservations. And I wanted to raise a red flag which is in the state budget, and that is the Department of Taxation. Earlier, when we had the first draft of House Bill 100, I spoke on the floor, and may I request that the statements that I made on the floor on the first draft, House Draft 1 of House Bill 100, be incorporated as today, and secondly, may I also submit written comments in regards to the compromise that they did on the Department of Taxation.

"Earlier, I stated for the record that the Department of Taxation does tax services, tax compliance, tax audits, *et cetera*. And with the cuts that occurred in the tax modernization contract, it really bothers me, because it is going through a three-year rollout right now, and it ends in 2019. My thought would be to all of you to make you folks aware, that if this impact of six temporary exempt positions are transferred from this program, they may not be able to continue this particular contract of modernization. It is a major concern. It was signed as a contract in July of 2015, and my point to the members of this House and the Senate, that we should allow that department, that office, to continue on with Fast Enterprises, the contractor and vendor that is doing it.

"I'm very happy that they restored the field audit positions, and that was tied to all of us recognized as medical marijuana, that every county will have an auditor to audit and monitor the cash flow of medical marijuana sales. But more importantly, for the record, I just wanted to share with the members and the Senate that I truly hope it does not impact this particular contract that is in the third rollout. So for these reasons, I stand with reservations. Thank you."

Representative Say's written remarks are as follows:

"Mr. Speaker, my reservations of HB 100, HD 1, SD 1, CD 1, Relating to the State Budget, deals with the state Department of Taxation. CD 1 of the state budget reflects cuts to the Department of Taxation executive request

for positions in the Compliance Division to Act 160, Session Laws of Hawaii 2015.

"The other request of the executive branch dealt with two permanent positions for the DOTAX Office Audit Branch. The positions were for tax return examiners which are needed to enforce compliance, and finally, a reduction of two permanent positions of an auditor and tax examiner. The greatest impact to the Tax Department occurred in Tax 107, Supporting Services—Revenue Collection. The conference draft transferred six temporary administrative rules specialists and \$900,000 in general funds in each fiscal year of 2018 and 2019. These temporary positions were utilized for the Tax System Modernization Project with Fast Enterprises, LLC (the vendor) and with the State of Hawaii. The project is in the third rollout out of five rollouts of the software installation. This is a five year project and we (the State) and (the vendor) have finished the software installation with the third rollout finishing in August 2017. Since we are committed to this project, we should see it through to July of 2019.

"The completion of this project will systemize and improve revenue support of the general excise tax, income tax, corporate tax, transient accommodations tax, and other revenue collection data. These positions are key implementation staff for the duration of the project, and they are people with technology experience. I am also worried that this could have a negative effect on the morale of the remaining positions. In closing, fear and uncertainty could lead to others on the project leaving entirely.

"It is for these reasons that I have strong reservations on HB 100, HD 1, SD 1, CD 1. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I stand as the second person with reservations. My reservations are primarily because of unanswered questions, Mr. Speaker. Number one, is the math correct in this budget? Mr. Speaker, when we went into session in January, there was a \$300 million hit and then another \$600 million hit to almost \$1 billion that we were expecting in a shortfall. As I listen to my colleagues, it seems like everything is well, all is hunky dory, but if you look at the six-year plan, which is only a four-year plan in this budget, there is a deficit of \$200 million ending balance in 2020, that's FY20, that's two years from now, Mr. Speaker. Three years from now it's \$400 million ending balance, and in FY22 it's \$450 million. So is the math correct, or is this a sustainable budget, Mr. Speaker, is my question. Some of the things that were supposed to be cut I don't think were fully cut, or if the math actually ends up to what it is.

"I applaud the efforts at homelessness, I applaud the efforts at stimulating the economy. Mr. Speaker, the cost of living has not gone down, and the homeless situation, at least according to my constituents, is getting worse. So if we're throwing money at something and kicking the can down the road, I don't think it's going to make that much of a difference.

"The point is, Mr. Speaker, we have a budget that's not a mom-and-pop budget. This is \$14 billion. This is serious financing. And Mr. Speaker, if we get an economy where according to a Star-Advertiser survey says that one-half of our population, or 48% to be specific, is one paycheck away from homelessness, we've got a lot to do to strengthen our economy, to strengthen our spending, and Mr. Speaker, to be prepared for what we do on the floor here for the rail project, because this assumes an economy that's just going to keep going off the charts, and that may not be a correct assumption.

"The problem is, Mr. Speaker, I think we can do better economically, and we need to put a budget together that we can go for the long run and be sustainable. Thank you, Mr. Speaker."

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I wanted to thank the Finance Chair, the Vice Chair and the GIA Chair for their work, and it was a privilege to be on the committee this year and to see kind of how everything goes down, and each of the departments, how the requests go. And I think that I appreciate all the comments made by my colleagues in regards to everything

that was added to the budget, but I also wanted to highlight that we cut out a lot of waste as well, and that was a part that I think a lot of people get down on us for, is that there's extreme government spending in places where we should be cutting back.

"And especially with the projected decline in the Council on Revenues, I think that we addressed a lot of that. And I'm sure we could do a better job, I'm sure we could cut more, but I think that we addressed areas where perhaps there was a person that might've been getting two different salaries, or perhaps there was vacancies that had been for years that some of these vacancies hadn't been filled, so that we could actually put the money into places where they're really going to make a difference.

"I wanted to highlight that my gratitude for the money that went into a lot of the DOT infrastructure costs, especially because I have a harbor, an airport, lots of roads in my district, and so I saw that, as well as funding for, proactively, for a library in my district that's about to open up, and wanted to also thank and I guess agree that the Chair and the WAM Chair asked if they could do a tour once it's open, which would be by the end of this year, and that's awesome, I think we should do that.

"But lastly I wanted to highlight that a few of the GIAs that got released are going to organizations that really make a big difference. I think that it's one thing to release money, but it's another thing to release money into the hands of people who actually make impacts and are the right people for the right jobs. I know that for Re-use Hawaii, it was a big deal that they got some, they've been doing a lot for our housing industry to help out, for Bobby Benson being the only little youth services that actually helps a lot of kids in my district as well. That really helped out, as well I was really grateful for the money that ALEA Bridge got, because we've been working with them on different homeless issues. And I bring those up because some of these people work day and night in these nonprofits trying to do good causes but need that extra help from our government and I was glad, grateful for the GIA Chair in looking at some of those and choosing them accordingly based upon these groups that have made big impacts in our community. Thank you, Mr. Speaker."

Representative DeCoite rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. First of all, thank you, Mr. Speaker, for you and who you are and what you've done. I'd like to thank the Finance Chair for allowing me the opportunity to sit there on the committee, and my committee members for one, allowing me the opportunity to have the conversation, whether we agree or we disagree. It was always when I first came in here to address the issue of agriculture and food safety, and as we have seen within the budget, the food safety, which is the number one priority when it comes to agriculture and the farming industry, is to make sure that we are food safety, so that everybody's safe when we're eating and raising our crops.

"Secondly, I'd also like to thank the Finance Chair for addressing the issues of those areas of rural and making sure that our kids have the opportunity to travel to the neighbor islands, and we have infused \$100,000 within the budget to help our kids to travel across. As you can see, many of our kids from the neighbor islands have been doing well and exceptional, and these monies will help to allow them to do that.

"While we may agree and disagree on many of the subject matters, it is up to us as individuals to put our case forward and to make sure that the budget and our issues based on safety and health reflects that of the subject matter. And I'd just like to say thank you also to our CIP Chair and our GIA Chair that have put priority above first and foremost to our district. So again, thank you, Mr. Speaker, for allowing me the opportunity to speak. *Mahalo.*"

Representative Oshiro rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise in support but with reservations. When I return home to the community of Wahiawa and I hold my community meetings, I'll have to explain to the community of Wahiawa, Central Oahu and the North Shore what happened to Wahiawa General Hospital. That's my reservations, Mr. Speaker.

"In brief, understand that the members should be put on notice that when you seek to engage your community to come forward and to petition this government for redress of grievances, and to peaceably assemble and to petition it for relief, whether you're from Hilo or Hanalei, Oahu or neighbor islands, there is a price to be paid. Dissent in this body bears a price. Unfortunately, it falls not upon only the elected official, but from the community from whence one comes.

"I'm embarrassed to be standing here today to even speak with reservations on the budget, because I know how hard the Chair has worked on it. I've sat in that chair. But it also gives me insight and thorough understanding of what can and cannot be done in the budget. So let me be brief.

"Mr. Speaker, I know you understand, I know Speaker Emeritus understands, and a few others in the Chamber. But when the budget goes into conference, you settle differences between the two drafts. We were fortunate at the time it went over as the House Draft 1, because the Finance Chair had placed into the budget some money to help Wahiawa sustain itself and bridge finance over the next several years.

"The Senate, in contrast, actually took money out of the appropriation that was in place for the last eight years by which the Department of Health had a contract for services, a purchases service contract over several years. It was approved and sustained and endorsed by both a Republican Governor, back then Linda Lingle, endorsed by a previous Governor, Neil Abercrombie, and soon to be ratified and endorsed by the current Governor, Ige.

"But unbeknownst to Department of Health and to this administration, that particular appropriation was taken out of contract and placed into a line item as a subsidy. The subsidy would be subject to year-to-year funding by this body, the House and the Senate. That's a very precarious position to place a community hospital that services one-third of the island of Oahu, from Mililani out to Waialua, to the North Shore, to Turtle Bay, at expense of some \$3 to \$4 million.

"And I need to bring this to the attention of some of you folks who are also similarly situated in the Department of Health with these types of contracts. Be on your best behavior. Be on your best behavior, because by encouraging your community to rally around your local health center or hospitals, you may endanger funding for it yourselves. So as a way of being instructive, as well as also to sound some alarms, they should be attentive to what happened here.

"So when I go back to Wahiawa and I go back to the North Shore, I'll explain what happened here. And I'll tell the folks that they need to come back next year and petition the Legislature and the legislators in the House and Senate to restore it back into a line item funding base budget appropriation to the Department of Health. The needs in the area have not changed, Mr. Speaker. They've expanded with the homeless population, with the *kūpuna.*"

Representative Takumi rose to yield his time, and the Chair "so ordered."

Representative Oshiro continued, stating:

"Thank you, Chair. But to subjugate essential core services like a community hospital to year-to-year funding and the whims of what might be left over at the end of a budget session is absurd. Inappropriate. And for my constituents, confounding.

"Mr. Speaker, I did not bring up Wahiawa General Hospital at all this year. I tried to placate the powers that be, believing that the case had been firmly established last year. The merits for the hospital was clearly made. It was self-evident. So on the conference draft, I have to vote with reservations. I thank the Chair of the Finance Committee for doing all she could in the negotiations. I understand the tremendous pressure she had, the tradeoffs involving the budget final decision. I appreciate the work of the CIP Chair, working with my counterpart, Senator Dela Cruz, was able to help them fix their leaky roof, upgrade their diagnostic equipment, fix the broken air conditioning in the long-term care unit for the *kūpuna* of about \$1 million, I appreciate that.

"But as I stand here today, I cannot in clear conscience honestly endorse this budget, so I have to vote with reservations. Thank you, Mr. Speaker."

Representative Gates rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Standing in strong support. I would just like to thank the CIP Chair, FIN Chair, members of the FIN Committee and WAM Committee for passing this balanced and fair budget. I would be remiss to not thank you all as a body for the improvements for the Waianae coast community that I represent.

"There was an appropriation of about \$20 million for capital improvement projects dedicated to the Waianae coast, transportation infrastructure and pedestrian safety. Many of my constituents, Mr. Speaker, have to travel to town for work, because this is where all the jobs are centered, and we spend countless hours in traffic. I just spent 1 hour and 45 minutes on my way here to make it to session today, just because there was a car accident in Kunia. And so with this funding that was provided in the budget, I believe that we will see drastic improvements to our coastline, and I just want to thank everyone for passing this bill. *Mahalo.*"

Representative Yamashita rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Yamashita's written remarks are as follows:

"Mr. Speaker, I rise in support of House Bill No. 100, House Draft 1, Senate Draft 1, Conference Draft 1, Relating to the State Budget. I would like to speak on the portion of this bill pertaining to capital improvement projects.

"At the outset of the 2017 Regular Session, the Governor proposed a modest Capital Improvement Program in his Executive Biennium Budget request.

	FY18 (All Means of Finance)	FY19 (All Means of Finance)
HB 100 SLH 2017	\$2,366,470,000	\$781,793,000
Governor's Executive Biennium Budget (HB100)	\$2,277,522,000	\$696,758,000
Adjustments	\$88,948,000	\$85,035,000

"Your Committee on Conference worked hard to identify projects deemed pertinent to the well-being of our island community. With the tight funding the State is currently facing, we need to fund projects imperative to protecting the unique agricultural landscape, promoting infrastructure development, advancing defense mechanisms, stimulating academic success, maintaining Hawaiian home lands, providing adequate housing, updating health systems, conserving natural resources, improving public safety, and modernizing means of transportation.

"In order to improve academic facilities across the State, your Committee on Conference appropriated \$169,770,000 for new projects at the University of Hawaii. Major projects include:

- (1) \$83,250,000 for land acquisition, design, and equipment for the development of University of Hawaii at Manoa;
- (2) \$30 million for the development of the Culinary Institute of the Pacific at the Kapiolani Community College;
- (3) \$3 million for energy efficient air conditioning improvements at the University of Hawaii at Hilo Hale Alahouua; and
- (4) \$6 million for land acquisition, design, construction, and equipment for site and infrastructure improvements to research stations for University of Hawaii College of Tropical Agriculture and Human Resources, statewide.

"Your Committee on Conference has recognized the importance of restoring and improving upon existing structures in order to improve traffic safety. Many of these projects are deemed necessary for federal aid financing and/or reimbursement. Therefore, your Committee on Conference

approved \$1,782,728,000 for new projects in the Department of Transportation. Major maintenance projects statewide include:

- (1) \$21.4 million for the improvement of intersections and highway facilities;
- (2) \$72 million for shoreline protection improvements of existing state highway;
- (3) \$22.5 million for projects such as roadway classification, data collection, long and mid-range planning, transportation needs studies, research, scoping, and workforce development; and
- (4) \$15,312,500 for height modernization.

"Of the funds delegated to the Department of Transportation, your Committee on Conference has recognized that in addition to restoration projects, long-term preventative projects are still of high concern for the Legislature. Accordingly, your Committee has allotted funds to projects including:

- (1) \$7.5 million for rockfall and slope stabilization measures statewide;
- (2) \$70 million for the extension of the Lahaina Bypass Road;
- (3) \$126,598,000 for general improvements to Kahului Airport;
- (4) \$26.6 million for general improvements to Hilo International Airport; and
- (5) \$446,651,000 for general improvements to Honolulu International Airport.

"Your Committee on Conference has provided significant funds to the Department of Land and Natural Resources, with a total of \$62,477,000 going to the Department for optimizing the State's natural assets. Major projects include:

- (1) \$18.3 million for the construction of a ferry pier at Lahaina Boat Harbor; and
- (2) \$5 million for Ala Wai Canal improvements.

"In order to protect and promote the Native Hawaiian culture and land, your Committee on Conference appropriated \$77,500,000 to the Department of Hawaiian Home Lands for fiscal years 2018 and 2019. Major projects include:

- (1) \$17.5 million for sewage treatment system and general site improvements for Pulehunui development areas;
- (2) \$6.9 million for the transfer of tax map key numbers (1) 7-1-002-031 and (1) 7-1-002-033 to the Agribusiness Development Corporation, transferred prior to DHHL expending these funds; and
- (3) \$30 million for various Hawaiian Homestead projects statewide, pursuant to the Native American Housing Assistance and Self-Determination Act.

"Your Committee on Conference recognizes the significant effort it takes to manage and supervise the intricacies of the vast range of state programs and activities, and has allotted \$49,662,000 to the Department of Accounting and General Services. One significant project for fiscal year 2018 is the \$10 million provision for the creation of a master plan and environmental impact study for the Aloha Stadium facility and site.

"As an ongoing role of the Legislature, your Committee on Conference has continued to show its support for the State's unique agricultural landscape, and has appropriated \$35,961,000 for the Department of Agriculture in order to fund numerous projects, from general improvements to existing parks, to the acquisition of new agricultural land. Major projects include:

- (1) \$23,752,000 for the acquisition and design future land acquisition for land on Oahu; and

- (2) \$608,000 for the construction of mobile hot-water treatment units to be used to combat invasive species infested agricultural areas and ports statewide.

"Your Committee on Conference asserts that the upkeep and maintenance of lower education facilities is vital to the educational needs of the State's *keiki*. Accordingly, your Committee approved \$488,109,000 for new projects for the Department of Education facilities. Major projects include \$90 million in lump sum funds for the improvement of facilities and general infrastructure, including hazardous material remediation statewide, \$32,950,000 for plans, land acquisition, designs, construction, and equipment for new facilities, renovations, expansion, and/or replacement of facilities, and \$32,950,000 for program support for new facilities, temporary facilities, and the improvement of existing facilities.

- (1) \$27 million for a new classroom building at Campbell High School on Oahu;
- (2) \$77 million for a new school called East Kapolei Middle School on Oahu;
- (3) \$63 million for a new school called Kihei High School on Maui;
- (4) \$11.5 million for a 15-classroom building at Mililani Middle School;
- (5) \$15 million for the final phase of the Performing Arts Center at Moanalua High School;
- (6) \$10 million for a new elementary school and the first vertical school in the State called Pohukaina Elementary School; and
- (7) \$15 million for a new classroom building at Waipahu Elementary School.

"Your Committee on Conference believes these major projects, and other appropriated projects, to be for the increased safety and well-being of our island community."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, and may I have the written comments of the CIP Chair entered into the record as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Kobayashi rose to respond, stating:

"Mr. Speaker, I stand in support. This budget has add-ons, and this budget has cuts. But we did not make all of the add-ons that were requested, and certainly we did not make all the cuts. Nonetheless, it is a responsible budget. I've been back here five years, and in each of the five years, the legislative budget has been below the governor's initial request by nine digits. The Legislature has been a restraining force relative to the governor. I would note that this year our executive branch budget is approximately \$118 million less than last year. Nine digits again. So while we have not satisfied everyone, I think that we have at least gone in the direction of moderation. Thank you."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I just want to add to this my thanks also to the Chair, to the Vice Chair, to the CIP Chair, and the rest of the committee members for working on this budget in a difficult year, and for the opportunity to work on the grant-in-aids. I really learned a lot about all the wonderful organizations that provide services to the State. And even though it's a much smaller amount of money, I think that we were able to have significant impact on health care, on homeless services, and other human services, as well as some programs that expand agriculture and culture and the arts.

"And in addition, I just wanted to thank the Chair, and partly echoing what was already said by the Agricultural Chair, for including \$1 million in the budget for rat lungworm research and \$1.5 million for rapid 'ōhi'a death response, as well as \$8 million to the Hawaii Invasive Species Council. We have such a huge problem with invasive species on Hawaii Island, and it's so important to keep working on it. If we don't address these issues as they're

occurring, then it just becomes more expensive in the future. So thanks again, and thank you, Mr. Speaker."

Representative Ing rose to speak in support of the measure, stating:

"Strong support, thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 100, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Final Reading by a vote of 51 ayes, with Representatives Oshiro, Say and Ward voting aye with reservations.

At 10:09 o'clock a.m., the Chair noted that the following bill passed Final Reading:

H.B. No. 100, HD 1, SD 1, CD 1

Representative Saiki rose, stating:

"Mr. Speaker, could we have a recess until 11:30?"

At 10:09 o'clock a.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:45 o'clock a.m.

At this time, the Chair recognized the Clerk who announced:

"I have been informed by a representative of the President of the Senate that the conference committee report for H.B. No. 100, HD 1, SD 1, CD 1 was adopted, and said House bill, Relating to the State Budget, passed final reading in the Senate at 10:48 a.m. on this day.

"In addition, I have been informed by the Assistant Clerk of the House that at 10:54 a.m. on this day, H.B. No. 100, HD 1, SD 1, CD 1 was duly transmitted by the Legislature to the Governor, pursuant to Article VII, Section 9 of the Hawaii State Constitution."

ORDINARY CALENDAR

UNFINISHED BUSINESS

At this time, the Chair stated:

"Members, will you please turn to page 30 and refer to Conference Report Number 192 and Senate Bill 1183, SD 2, HD 2, CD 1."

Conf. Com. Rep. No. 192 and S.B. No. 1183, SD 2, HD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1183, SD 2, HD 2, CD 1 pass Final Reading, seconded by Representative Evans.

At 11:46 o'clock a.m., Representative Say requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:48 o'clock a.m.

At this time, Representative Oshiro offered Floor Amendment No. 5, amending S.B. No. 1183, SD 2, HD 2, CD 1 as follows:

SECTION 1. Senate Bill No. 1183, Senate Draft 2, House Draft 2, Conference Draft 1, is amended as follows:

1. By amending the provisions in part I by authorizing counties to adopt or extend a county surcharge on state tax until December 31, 2037;

2. By deleting part II, which prohibited a county from using revenues derived from a county surcharge on state tax for operating or administrative costs of a mass transit project;
3. By deleting part III, which prohibited a county from prohibiting the use of county funds for the capital cost of a mass transit project;
4. By deleting part IV, which:
 - A. Increased the transient accommodations tax from 9.25 per cent to 12 per cent from January 1, 2018, to December 31, 2027, and allocated \$50,000,000 of the annual proceeds to the New Start Education Special Fund and the remainder to a county with a population greater than five hundred thousand that adopts or extends a county surcharge on state tax for capital costs of a mass transit project; and
 - B. Required that \$13,000,000 in annual transient accommodations tax proceeds allocated to the City and County of Honolulu, separate from the additional proceeds from the temporary increase in the tax rate to 12 per cent, shall be used only for capital costs of a mass transit project;
5. By deleting part V, which prohibited a county with a population greater than five hundred thousand that receives revenues from a county surcharge on state tax from using public funds to reconstruct or redevelop the event venue known as the Neal S. Blaisdell Center;
6. By deleting part VI, which established the New Start Education Special Fund;
7. By deleting provisions in part VII that prohibited the collection and allocation of revenues from a county surcharge on state tax if other provisions in the measure are not met;
8. By deleting provisions in part VII that authorized the Director of Taxation to levy, assess, and collect the transient accommodations tax at an increased rate;
9. By deleting all part designations in the bill; and
10. By renumbering all remaining sections of the bill accordingly.

Representative Oshiro moved that Floor Amendment No. 5 be adopted, seconded by Representative Choy.

Representative Oshiro rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I am in support of the floor amendment. Let me first of all thank the various committee chairs who have been involved in this heavily debated issue throughout the session. It's one of the more contentious issues that I've been engaged in over the last 20 years that I've been here. However, I cannot support the current conference draft that has been brought to this chamber for a final vote. So I brought forward a simple amendment, very elegant and straightforward. What it does would continue the current half-percent GET surcharge for the next 10 years upon the willing citizens of the City and County of Honolulu through their duly elected officials at the City Council and the executive, the Mayor of the City and County of Honolulu, who have chosen to bear the additional cost to build the Honolulu rail system on the island of Oahu.

"When we passed the original law back in 2005, I believe, Mr. Speaker, you were the chair of the Transportation Committee, I was the majority leader at that time, and I believe the current Mayor also was involved, maybe as the vice chair. But I look back to 2005 and the determination and declaration we made as a majority caucus of Democrats at that time to deal once and for all with the issue of transportation equity, of creating a mass transit system for the common man, and to enable smart growth in and around the urban corridor aligning with much of the development approved by the county master plan along the major thoroughfares already in existence.

"And so we gave then the respective counties the opportunity to impose this burden upon their own constituents, back in 2005. The governor at that time was Linda Lingle, and we played it all the way through to the very end. Mayor Hanneman was the mayor, and my colleague from Wahiawa-Mililani, Senator Dela Cruz, was the council chair. And everyone aligned to

approve the measure, knowing that this would enable the several counties who chose to take advantage of this legislative act to go back to the constituents to see if their constituents would be willing to bear an additional half penny on a dollar to pay for a mass transit rail system. Well, as a constituent of Oahu, I agreed with that, and I'm glad we did that.

"Unfortunately, we didn't keep our eye on the ball in much of the development and construction of the rail. After all, it is a county function, under the auspices of the HART board, Honolulu Authority for Rapid Transit, that we, the voters of the city and county, approved, so that they could so-called depoliticize the process and take it out of the mayor and county's hands and set up an independent board. But we should have maybe kept a closer eye on the expenditures and the project itself.

"But be that it may, we're at a point in time right now that it's either fish or cut bait, or get off the pot. We can't go backwards, we can't take it down, we can't roll back the train, it's left the station. We need to go forward. So the amendment here, very simple, is to extend the rail surcharge that we've been paying since 2007 for another 10 years. It also will nullify a lawsuit I believe brought by the Tax Foundation of Hawaii on behalf of the citizens of the City and County of Honolulu."

Representative Kong rose to yield his time, and the Chair "so ordered."

Representative Oshiro continued, stating:

"Thank you, Representative from Aiea. It will also nullify, I believe, a lawsuit brought by the Tax Foundation of Hawaii on the propriety of us charging 10% of the costs to collect the surcharge through the GET. You see, back then, my colleagues, I think it was the Representative Takamine and Senator Taniguchi, and all of us really had no idea what the true cost would be for the state Department of Taxation to collect the fee, the surcharge. So we set it at 10%. It was a easy number. Well, we discovered years later that 10% or about \$30 million is actually too much. In fact, it pays for the entire operations of the state Department of Taxation office. All its operations, all its services, all its personnel. All of that's being borne by the City and County of Honolulu residents who voluntarily took the surcharge to build their rail.

"What this amendment here would do, would lower it to 1%. We've been describing this as the 99-and-1% solution. So that's the other element of this bill. It has nothing to do with the TAT. It doesn't raise the transient accommodations tax. It doesn't force any increase in real property tax. It doesn't set up any illusory education fund. It's very straightforward. Easy to explain. No smoke and mirrors, what you see is what you get. It's an idea that's been thoroughly debated in and out of this building, to the various stakeholders of the neighborhood boards, with those involved in the construction industry up and down, top to bottom. It has involved all the different levels of government, from the State, House, Senate, executive branch, to the counties. And does the job that we need to do to finish Honolulu's rail.

"There's no controversy on whether or not it was brought in at the last minute. There's no controversy whether or not we have broken any of our own procedural rules. And it probably will not make us eligible for the rusty scalpel award, which is the award that's normally given every year by the League of Women Voters and I think Common Cause, or some other good government group, to recognize the one measure or bill that subverts any notion of transparency, open, honest public debate, by bringing something in at the middle of the night, almost a gut-and-replace. Has none of those detractions, Mr. Speaker, but all the benefits of what we need to finish the job, pure and simple.

"Mr. Speaker, I have some additional comments, but I ask the members to really consider what we need to address here. Oh, and let me also not forget to state this. Unlike the underlying bill, it doesn't put up the Hawaii State Legislature as the super legislature, the big brothers big sisters knows best, that we have the audacity and the ability to second guess and trump the respective decisions of the county governments, duly elected by their citizens, that we know best. So we're the body to come to for final redress, or complaint, or petition, if you're not happy there.

"It cuts both ways, folks. It's a double-edged sword. What we take away in this bill, the underlying bill, can come back to haunt us. And that's another troubling feature of the underlying bill. None of that is contained within this amendment, Mr. Speaker. Extends the rail surcharge 10 years. Sunsets. Gives the rightful cost of the rail service fee back to citizens of the City and County of Honolulu. And it hopefully will preclude any real estate tax, real property tax going up, commercial, residential, resort, for the local people. I ask for the members' support. Thank you."

Representative Oshiro's written remarks are as follows:

"I stand in support of Floor Amendment No. 5 which would amend SB 1183, SD 2, HD 2, CD 1.

"In a nutshell, Floor Amendment No. 5 would extend the current GET-surcharge of 1/2 penny or 0.5% from 2027 to 2037 or ten (10) years and allow the State of Hawaii to retain 1% of the gross proceeds as a service fee for processing and accounting costs. Commonly referred to as the 'skim,' this service fee is an assessment by the state Department of Taxation for the administration of only the City and County of Honolulu surcharge. It is currently set at 10% and generates about \$25 million for the State of Hawaii, however, most would agree that that actual cost of the service is much less than 10%. In fact, the Tax Foundation of Hawaii opines that the actual costs for the service and thus, 'skim' should be about 0.4% to 0.5%. A lawsuit brought by the Tax Foundation of Hawaii on behalf of the City and County of Honolulu's taxpayers allege the current 10% skim as unconstitutional and is pending in the Hawaii Supreme Court. Approval of this measure would probably moot the lawsuit.

"(I) Final Day Of Conference Committee Gives Us A 'Innovative' and 'Creative' Rail Bill

"The final day of the conference committee meetings took place on Friday, April 27, 2017, and the conference on SB 1183, SD 2, HD 2 reconvened at 10:30 a.m. in Room 423.

"At that meeting, the conferees were set to decide whether the House would accept the Senate's proposal from April 26, 2017, Tuesday's opening conference, that simply extended the present GET surcharge of one-half of one cent, to a term of ten (10) or seven (7) years and made several conditions precedents upon the City and County of Honolulu. To most everyone's surprise, the House rejected the Senate proposal and presented its counter-proposal of different conference draft or 'CD.'

"Reconvening the conference committee, that House Transportation Chair made the following statement:

Thank you Chair, I just wanted to thank the Senate for the CD that we received on Wednesday, with the ten year. The House cannot accept it at this time. We also want to thank the Senate for the seven-year draft that you provided yesterday. Thank you. Thank you, for that. But the House would like to provide a proposed conference draft at this time. So we would like to just go over briefly what they are.

"He then went on to further explain and describe the contents of the proposed conference draft.

So no extension at this time. We are going to maintain the House's position to lower the State's share of 1%. 1% of the skim will remain. We're going to increase TAT by 2.75% from the current 9.25% so it will go to 12% for 10 years from January 2018 to December 31, 2027. And this will raise \$1.3 billion by 2027. Ok, so receiving \$1.3 billion today, in today's dollars, being received upfront and concurrently a present GET surcharge, is equivalent to receiving \$2.74 billion in future GET revenues from 2027 to 2034 according to Budget and Finance projections if we were to grant an additional seven year extension as a CD that you proposed.

So in effect this House proposal will provide more funding for rail than any other proposal currently being considered in either chamber. Additionally, this CD will generate revenue from the 2.75 increases and will be distributed as follows: 50 million will be set aside annually for the 2.75% TAT increase collection into a newly created New Start

Education Special Fund or NSESF from January 2018 to December 2027. The Legislature will determine the use of this fund next session.

Ok, the remainder of the money, the \$1.3 billion will be remitted to the rail project concurrently with the existing GET surcharge until 2027. This would also reduce the distribution of TAT funds to the counties from \$93,000,000 to \$80,000,000, the difference of \$13 million will be allocated as the counties' contribution to funding rail. In addition, this will still allow neighbor island counties to adopt the surcharge in their respective counties. This will also require Honolulu to repeal any ordinance prohibiting use of county funds for rail. And lastly, this will prohibit Honolulu, City and County of Honolulu, from overextending itself fiscally by using public funds to reconstruct and redevelop the Neal S. Blaisdell Center, which is expected to cost \$500 million.

I believe those are the terms of the CD from the House.

"In support of the proposed conference draft, the House Finance Chairperson made the following comments:

If I could make comments. So we've been told time and time again that the tourists should, should pay for the rail. And that's what the Mayor has continued to say and that's why he continued to say that because GET is derived from one third from tourists, he insisted that tourists should pay. And perhaps he was giving us a hint, subliminally. And that's why today we are ensuring that elderly and our working poor are not taxed anymore with this new proposal. That's why we're backtracking our additional, I mean our latest House draft which extended the rail tax on GET to our most vulnerable population. And we want to ensure that we are not going to tax those individuals but redirect the taxes completely and the additional amount to tourists. And that's why you know we want to thank you folks for insisting that tourists and visitors pay for and have the burden of paying for this tax or for this rail. And because a lot of the support has come from the neighbor island residents, or a lot of the support of rail has come from neighbor island legislators including the Chair of Transportation, we felt that because you folks have insisted or you have insisted that this is a statewide concern, the TAT will be statewide. And because of that we will be taking a portion out of the county share because it's a burden that has to be shared by the entire state as opposed to the City and County of Honolulu. So we ask for your consideration and reconvene time, Chair.

"Subsequently, the conference committee adjourned with the public pronouncement that it would reconvene on April 28, 2017, at 1:30 p.m. that same afternoon.

"On April 28, 2017, at 1:30 p.m. the conference committee reconvened and the following words were spoken by the Chair of the Senate Ways and Means Committee:

Thank you very much. We have been looking over the proposed CD 1 that was floated by the House conference committee members. We wanted again to thank you first for looking at this very innovative and creative approach, and first of all we do want to tell you that again, we really do appreciate that you've considered many of the concerns that have been raised throughout this session as it has passed through our committees, especially the money committees, in terms of looking at the regressivity of the GET. We have heard time and time again, Chair Luke, when you and I have taken testimony from literally I swear hundreds of members of the public. And they've told us the difficulties they have experienced if we were to consider extending the GET surcharge.

The approach you folks have taken is a creative one that we've been asking and waiting for as we asked the city and county and HART to look at different sources of funding. I think we even raise the TAT, the city's portion at least, as one possibility. So the fact that this is now an approach that you folks have brought forward is one that I think is really one that we really would like to consider.

That being said, if you would be open to some possible friendly suggestions. We just have a few things, one of the things that we are taking a look at if you would be open to some friendly amendments, I know it was mentioned that in terms of looking at reducing the counties'

share of the TAT revenues from \$93 million to \$80 million that it would be distributed as such, we think that it would be only fair that the City and County of Honolulu bear that \$13 million reduction in whole and that the other counties keep their share of that break down as if it were still at that \$93 million level. I think that is only fair given that this project is only for the City and County of Honolulu. And that it would not disproportionately impact the neighbor island counties. So in that sense, it would be as if for the other counties on the neighbor islands they were still at the \$93 million level so it would come from the City and County of Honolulu share of their TAT in terms of the full \$13 million, so that would be what we recommend in terms of the TAT split for the counties and where that portion would come from the \$13 million. And I would also like to remove the non-severability section. I think that is part seven in the bill for section 13. Looks like there's a storm warning coming from Representative McDermott, not sure what that means. And I believe that is all the amendments we would like to put forward.

And just make a very clarifying and clear that in terms of these languages that this is limited to 10 years in terms of when these portions would be in terms of the fact that this \$13 million reduction from Honolulu would come strictly from Honolulu and not from the neighbor islands. And with that, I think we are comfortable with the amendments you put forward. Again, we do appreciate that this really is looking at making sure that those that have been most impacted by the regressive GET will not be further impacted. It's a very creative approach. It is still one that is fiscally prudent and will challenge HART and the City and County of Honolulu to be mindful of their budget, but does provide resources for rail at the same time.

This has been a very difficult session. It has entangled many other issues into this one issue it seems, almost personally at times for me it seems. But I do appreciate all the hard work you put into this and I thank you very much for what you folks have done, so if you'll be open to these amendments.

"In response to the Ways and Means Chairperson, the House Transportation Chair made the following statements:

Well thank you Chair for those amendments. It was certainly a pleasure to work with all of you on this measure and again it was very difficult. But taking into consideration all these moving parts, we feel that this measure is something we can all live with, Chair.

"The chairperson of the Senate Ways and Means Chairperson stated:

Good.

"Finally, in response, the House Transportation Chair stated:

So at this point we will accept all these amendments.

"Immediately thereafter a vote was taken. Senate Transportation Chair took the vote for both Senate (Inouye, Nishihara, Dela Cruz, and Tokuda) and House (Aquino, Luke, McDermott) members and SB 1183, SD 2, HD 2, CD 1, was approved unanimously.

"As such, SB 1183, SD 2, HD 2, CD 1 is the measure before us today for consideration on final reading and passage.

"(II) The Extension Of The One-Half Penny GET-Surcharge Had Several Public Hearings

"Although SB 1183 became the 'vehicle' for the rail bill, there was also a House bill, previously heard and approved by the House Committee on Transportation and referred to the Committee on Finance.

"HB 349 which was heard on February 15, 2017 before the Committee on Transportation was approved on Second Reading on February 17, 2017, and referred to the Committee on Finance with the following elements:

- (1) Authorizing the City and County of Honolulu to extend the surcharge on state tax until December 2057, rather than in perpetuity.

- (2) Changed the amount deducted from the county surcharge on state tax to reimburse the State to an unspecified percentage.
- (3) Authorizing any county that had not established a surcharge on state tax prior to July 1, 2015, to establish a surcharge, if the ordinance is adopted prior to July 1, 2018, but not earlier than July 1, 2017.
- (4) Requiring the City and County of Honolulu to require HART to provide a current financial report, management audit, and presentation on the progress of the rail project to the Legislature annually, provided that the State may withhold the surcharges if the county does not report to the Legislature.
- (5) Requiring the Director of Finance to deduct an unspecified portion of surcharge proceeds for the Department of Transportation for the purpose of State highway and/or road projects.
- (6) Extended the sunset date of the county surcharge on state tax to December 31, 2057.
- (7) Directs the head of each state department or agency to convey title of all disputed highways to the respective counties.
- (8) Requires each county to take ownership and jurisdiction over all roads over which there is any dispute over ownership between the State or any of its political subdivisions and private party.
- (9) Requires counties that have accepted surrendered roads pursuant to this measure to utilize various tax revenue sources available for the maintenance and upkeep of the roads.
- (10) Setting an effective date of July 1, 2050.

"It did not, however, gain a hearing in the House Finance Committee but remains under its jurisdiction. As such, the House of Representative did not practically set or establish a formal policy position on the rail funding issue at the time of the first cross, on or about March 9, 2017, Session Day 26. Still, HB 349, HD 1 is a bill that mirrors the instant Floor Amendment No. 5 as it has the two (2) key relevant features:

- (1) Authorizing the City and County of Honolulu to extend the surcharge on state tax until December 2057, rather than in perpetuity and;
- (2) Changing the amount deducted from the county surcharge on state tax to reimburse the State to an unspecified percentage.

"The two substantive but related changes is that Floor Amendment No. 5 resolves the uncertainty found in HB 349, HD 1, regarding the 'skim' or service fee, and allows the State of Hawaii to retain 1% of the gross proceeds as a service fee for processing and accounting costs. This provision would mean additional funding to the rail by about \$30 million a year or \$300 million over 10 years. It may also 'moot' the present lawsuit brought by the Tax Foundation of Hawaii. The 'term of years' of the extension is also set at ten (10) years, and allows for collection from 2017 to 2027.

"Additionally, SB 1183, received both a hearing in the House and the Senate. In the Senate it came before the Senate Committees on Transportation and Energy and Public Safety, Intergovernmental, and Military Affairs, and Ways and Means. It passed from the Committees on Transportation and Energy and Public Safety, Intergovernmental, and Military Affairs in an amended form that provided a relevant part to this instant Floor Amendment No. 5, an extension of the surcharge approved by the City and County of Honolulu in perpetuity and allowed the other neighbor island counties the authority to establish a surcharge on state tax by July 1, 2017. It also provided that the State shall retain an unspecified portion of the surcharge for the Department of Taxation.

"In short, SB 1183, SD 1 not only went through the public hearing process but was approved by the Senate's subject matter committees with relevant GET surcharge funding extension and service fee or 'skim' policy. The measure, however, would be amended and modified in the final lateral committee and the draft that comes out of the Ways and Means Committee provided a repeal of the GET surcharge reimbursement to the State, but does not extend the GET surcharge past its sunset date of 2017. In effect, the draft was seen as a means to generate an additional \$30 million a year to the City and County of Honolulu or \$300 million over ten years. Notwithstanding the absence of an extension of the surcharge for the City and County of

Honolulu in perpetuity that was earlier approved by the Senate Committees Transportation and Energy, and Public Safety, Intergovernmental, and Military Affairs, it did provide the 25 members of the Senate the ability to contemplate, take to several public hearings, and debate the merits of the proposals. So, although the Senate passed a measure that I may have supported, it stands to reason that there was a public hearing and discussion on whether the extension of the GET surcharge would be the Senate's position at the first cross. More important, like HB 349, SB 1183 clearly and without any doubt raised the issue among many legislators and the engaging stakeholders and constituents. This is in sharp contrast to the TAT provisions to—increase TAT by 2.75% to 12%—and—funding for city and county rail financing—that never had a public hearing, draft circulated, or even contemplated in both House and Senate Chambers before popping up at a conference committee on the last scheduled day of conference committee meetings.

"Finally, I have heard some House members complain that the Senate 'changed' its position found in SB 1183, SD 2, at the conference committee and that it should not be able to do so. This is in relation to the Senate's offer of a conference draft that essentially extends the City and County of Honolulu's GET surcharge by ten (10) years from 2027 to 2037. Furthermore, while I don't know or pretend to know the reasons or purpose of the Senate's conduct and action, I am not in a position to judge the Senate, a separate and co-equal chamber of the Legislature. However, as described above, given the several public hearings conducted by the Senate Committees on Transportation and Energy, Public Safety, Intergovernmental, and Military Affairs, and Ways and Means, it could simply be a change of heart or change of outlook, or simply a response to ones constituents and stakeholders. This issue has been the '800 pound gorilla' of the 2017 Session, and information, in many styles and forms and active media coverage, could all lead to sincere reconsideration and policy choice. But, in any case, the decision of the Senate as a co-equal chamber of the Hawaii State Legislature is that chamber's prerogative and concern.

"(III) Floor Amendment No. 5 Would Avoid Violating the Spirit and Letter of the Conference Rules

"The extension of the current GET-surcharge is the only rail funding choice that has had a public hearing and allowed for public input and engagement and debate among the State Legislature. Both HB 349 and SB 1183 in various drafts contained the relevant elements that make up Floor Amendment No. 5 and would not violate any notion of public disengagement and any lack of transparency or public engagement. In contrast, the draft of SB 1183, SD 2, HD 2, CD 1, pursuant to CCR No. 192, provided the following:

1. Not extending the City and County of Honolulu GET surcharge past 2027.
2. Requiring all counties as a condition precedent a prohibition on forbidding the use of county funds for capital costs of a locally preferred alternative for a mass transit project.
3. *Establishing the new start education special fund.*
4. *Increasing the TAT by 2.75% from January 1, 2018, to December 31, 2027.*
5. *Allocating from the increased TAT of 2.75%, \$50,000,000 to the new start education special fund.*
6. *Allocating the remaining revenue from the increased TAT by 2.75% to the City and County of Honolulu to be used only for the capital costs of building rail.*
7. *Requiring that \$13,000,000 per year from the 44.1% portion of the TAT revenues allocated to the City and County of Honolulu be used only for capital costs for rail from January 1, 2018, to December 31, 2027.*
8. *Prohibiting the City and County of Honolulu from using public funds to reconstruct or redevelop the Neal S. Blaisdell Center while the county is collecting the surcharge to finance capital costs for the rail project. (emphasis provided)*

"As described above in Section (I) and (II), there were never any public hearings on SB 1183, in both the House and/or Senate, in its various drafts that contains the following items now found in SB 1183, SD2, HD 2, CD 1. This is because these items were inserted into the proposed conference draft on Friday, May 28, 2017, nearly two weeks after the second crossover. The items that have not been given a public hearing in relationship to SB 1183 are as follows:

- (a) Increasing the TAT by 2.75% from January 1, 2018, to December 31, 2027.
- (b) Establishing the New Start Education Special Fund (NSESF).
- (c) Allocating from the increase of TAT by 2.75%, \$50,000,000 to the New Start Education Special Fund.
- (d) Allocating the remaining revenue from the increase of TAT by 2.75% to the City and County of Honolulu to be used only for the capital costs of building rail.
- (e) Requiring that \$13,000,000 per year from the 44.1% portion of the TAT revenues allocated to the City and County of Honolulu be used only for capital costs for rail from January 1, 2018, to December 31, 2027.
- (f) Prohibiting the City and County of Honolulu from using public funds to reconstruct or redevelop the Neal S. Blaisdell Center while the county is collecting the surcharge to finance capital costs for the rail project.

"Mr. Speaker, because these six (6) items listed above as 'a' though 'f' are found within the measure before us, I would request that the members of the House take notice and refer to the letter to Speaker Joe Souki, dated May 1, 2017, regarding SB 1183, SD 2, HD 2, CD 1, Relating to Taxation. The letter elaborates on related issues regarding the six (6) items and one of the shortcomings of end-running the public hearing and vetting process where both practical and legal concerns can be identified and addressed beforehand and certainly before a 'take it or leave it' ultimatum.

May 1, 2017

The Honorable Joseph M. Souki
Speaker of the House of Representatives
415 South Beretania Street, Room 431
Honolulu, Hawaii 96813

Dear Mr. Speaker:

Re: SB1183, SD2, HD2, CD1, RELATING TO TAXATION

The City has identified some serious Constitutional concerns regarding the rail tax bill, SB1183, SD2, HD2, CD1, which if not rectified, could run the risk of the bill being vetoed by Governor Ige or challenged by third parties, should it be passed in its current form.

We, therefore, respectfully request that the bill be amended to address:

1. Home rule concerns, special legislation concerns, and "one subject" rule related to the prohibition on Honolulu from using public funds to reconstruct or redevelop the Blaisdell Center;
2. Special legislation concerns regarding the obligation not to prohibit, and to repeal ordinances that prohibit, the use of county funds for the capital cost of a locally preferred alternative for a mass transit project; and
3. Possible impairment of rights and obligations under existing contracts and proceedings.

Attached is summary of our concerns, along with recommendations to remedy each of the identified concerns.

In addition, the bill presented in the Conference Committee meeting on April 28, 2017 at 10:30 a.m. proposed that the increase of 2.75 per cent in the transient accommodation tax (TAT) would be applied toward the capital costs of rail, which would provide front loading of rail funds. The Conference Committee at its 1:30 p.m. reconvening stated that the bill was further amended to clarify that the counties' existing allocations would not be transferred to fund rail. This revision, along with a reference to severability, were the only stated modifications to the conference draft presented at 10:30 a.m.

The Honorable Joseph M. Souki
Speaker of the House of Representatives
May 1, 2017
Page 2

Consequently, based on projections provided by the Conference Committee at its 10:30 a.m. meeting, it was anticipated that HART would receive \$130 million from the 2.75 per cent increase in TAT per year. This front loading would have helped move our rail project forward without drastically impacting the taxpayers and residents of Oahu.

However, the CD1 version of the bill that was decked and posted has been significantly revised to provide that the \$50 million allocated for the New Start Education Special Fund would now be funded out of the 2.75 per cent set aside for rail. This is projected to reduce the TAT revenues from the 2.75 per cent increase in the TAT for HART from \$130 million to \$80 million annually. As a result, the projected shortfall would increase from \$980 million to approximately \$2 billion, drastically increasing the financial burden on Oahu's taxpayers and potentially resulting in greatly diminished City services and adversely affecting the City's bond rating.

Based on the Constitutional concerns as well as the financial concerns, we request that you correct these constitutional defects and address the funding mechanism. Short of this we believe that the preferable and safest route is to give the City and County of Honolulu the authority to extend the GET surcharge another ten years with 90 per cent going to HART and 10 per cent going to the State to be used however it deems appropriate.

We appreciate your immediate attention to this matter.

Sincerely,

Kirk Caldwell
Mayor

1. **Sections 10 and 11: Honolulu Prohibited from Using Public Funds to Reconstruct or Redevelop the Blaisdell Center - Home Rule Concerns, Bill Embraces More Than One Subject, and Special Legislation Concerns**
 - Legislature allowed to enact laws of "statewide concern." Haw. Const. art. VIII, § 6. Charter provisions with respect to a political subdivision's executive, legislative and administrative structure and organization shall be superior to statutory provisions, subject to the authority of the legislature to enact general laws allocating and reallocating powers and functions. Haw. Const. art. VIII, § 2. It is arguable that the CD1 conflicts with the City's jurisdiction over City-owned property and with the City's authority to enact budgets pertaining to City functions and property.
 - Article III, Section 14 of the State Constitution requires each law to "embrace but one subject, which shall be expressed in its title." Title is "Relating to Taxation." Preventing Honolulu from redeveloping the Blaisdell has nothing to do with taxation and exceeds "one subject" rule.
 - "Special legislation," or legislation that is enacted to benefit a particular person, thing or locale within a given class, is prohibited by the Hawaii State Constitution. This provision targets Honolulu and raises special legislation concerns.
 - Sections and 10 and 11 should be deleted.
2. **Section 7(b)(1): Honolulu Alone Must Not Prohibit Use of County Funds - Special Legislation Concerns**
 - "Special legislation," or legislation that is enacted to benefit a particular person, thing or locale within a given class, is prohibited by the Hawaii State Constitution.
 - CD1, as compared to HD2 version, more neutrally provides that no county shall prohibit use of county funds for the capital costs of an LPA for a mass transit project. Still, there is a special legislation concern because only Honolulu has a mass transit system.
 - The power to establish a GET Surcharge to fund transportation systems in each of the counties is unequal. Only Honolulu is obligated not to prohibit, and to repeal ordinances that prohibit, the use of county funds in order to receive GET surcharge funds.
 - The CD1 does not articulate any rationale regarding why a county must not prohibit use of county funds for mass transit alone, as opposed to other transportation projects. Obligation not to prohibit use of county funds should apply to all transportation projects allowed by HRS § 46-16.8(e) and (f).
3. **Section 6: Limiting GET Surcharge for Administrative or Operating Costs – Ambiguity in "Capital Costs" definition, and Contracts Clause Concerns**
 - HRS § 46-16.8(e) allows GET surcharge funds to be used for "capital costs."
 - The definition of "capital costs" currently in HRS § 46-16.8(g) ("non-recurring personal services and other overhead costs that are not intended to continue after completion of construction of the minimum operable segment of the locally preferred alternative for a mass transit project") is *inconsistent* with the new HRS § 46-16.8(e)(3)'s prohibition against using GET surcharge funds for "administrative

1

or operating costs, including personnel costs." To remedy this, HRS § 46-16.8(g) should be amended by deleting the second sentence.

- Contracts Clause of the U.S. Constitution prohibits states from passing any law that impairs the obligation of contracts. With HART being unable to use GET surcharge funds for administrative and operating costs upon the enactment of the bill, there is a potential Contracts Clause violation if such funds were pledged for HART's contracts for administrative or operating services. To remedy this, another section should be added to the bill with the following standard language: "This Act does not affect the rights and duties that matured, penalties that were incurred, and proceedings that were begun, before its effective date."

2

"Given this last minute and hastily concocted draft and imposition upon this House and its members, it seems both rational and appropriate to consider Floor Amendment No. 5 that would simply extend the GET surcharge of one-half penny, upon the citizens and businesses of the City and County of Honolulu for ten (10) years.

"(IV) Floor Amendment No. 5 Would Avoid Pitting Workers And Unions Against Each Other

"Another disturbing and troubling feature of SB 1183, SD 2, HD 2, CD 1 that is proposed by the House conferees is the establishment of a special fund that will be funded from the increase in the TAT and the resulting division that it will have among various employees and workers and both public and private labor unions. For one, the sudden increase of the TAT by 2.75% and increase from 9.25% to 12% will undoubtedly affect the hotels and hotel workers statewide. Not only were the hotel workers not consulted as you would expect in the normal public hearing process, but this measure sets up a special fund to benefit one class of workers, namely public school employees. Arguably the hotel workers should be supportive of our public education systems and many could be beneficiaries of our local schools and many more may have children and family members as stakeholders in our schools. But, even with that being the case, don't they, the hotel workers and related businesses and other tourism sectors affected by the TAT, deserve some say and an opportunity to comment and participate? I think so. It is only fair. This lack of engagement. Lack of any transparency. Lack of any participation by the stakeholders sets this measure up for immediate criticism and cries for rejection. On Oahu it would affect hotels, like the Hilton Hawaiian Village, Sheraton Waikiki, Waikiki Beach Marriott, Hyatt Regency Waikiki, Ala Moana, Sheraton, Pacific Beach, Aulani, Moana Surfrider, Aston Waikiki, Outrigger Reef Waikiki, Hawaii Price Hotel, The Royal Hawaiian, Outrigger Waikiki Beach Resort, The Halekulani, Turtle Bay, and Hyatt, among other smaller hotels and accommodations.

"Likewise, this last minute and sudden TAT proposal goes against the position and desire of the construction and trades associations and unions that sought an extension of the one-half penny GET surcharge for ten (10) years. The TAT increase pits the members of the Construction Alliance against the unexpected windfall to the members of the HSTA and other

public school workers. It also drives a wedge between the HSTA and the AFL-CIO which also supported the extension of the one-half penny GET surcharge for ten (10) years. These foreseeable and troubling aspects of the TAT proposal is a cruel 'conquer and divide' strategy to instigate and stir up division and mistrust among our workers and their respective labor organizations. On the other hand, because the TAT proposal is so disruptive and unexpected, it is a mere ploy posing as a legitimate means to fund the rail project. In other words, SB 1183, SD 2, HD 2, CD 1 is not a well-crafted and thoughtful and creative means of funding, but instead a reckless and risky attempt to settle this matter. A creative means to end and terminate the rail project.

"In any case, it should be rejected as improvident and a gross violation of any public engagement and stakeholder input. Instead, Floor Amendment No. 5 which would extend the current GET-surcharge of 1/2 penny or 0.5% from 2027 to 2037 or ten (10) years and allow the State of Hawaii to retain 1% of the gross proceeds as a service fee for processing and accounting cost, is a better solution.

"(V) Floor Amendment No. 5 Would Avoid A TAT Increase Upon The Neighbor Island Hotel Rooms

"Floor Amendment No. 5 should be adopted to avoid imposing a unexpected and abrupt 33% increase in TAT upon the neighbor island hotels. Again, one of the troubling aspects of SB 1183, SD 2, HD 2, CD 1, is that fact that the neighbor island hotels would be forced to help pay for the Honolulu rail project. As with the other effects, this imposition is done by fiat and regardless of the interest or in consultation with the hoteliers and their respective employees. The affect is especially acute and more pronounced on the neighbor islands as their economies are less diversified relative to their smaller populations and demographics. The following charts reveal the impact upon the neighbor island hotels and their respective number of rooms. (I've listed only the 'Top-Ten' as there are dozens of hotels and condo-hotels on each of the neighbor islands).

<u>Maui Hotels</u>	<u>Number of Rooms</u>
1. Hyatt Regency Maui Resort and Spa	800
2. Grand Wailea	800
3. The Westin Maui	760
4. Wailea Beach Marriott	540

7. Grand Naniolo Hotel	381
8. Hapuna Beach Prince Hotel at Mauna Kea Resort	350
9. Mauna Lani Bay Hotel & Bungalows	341
10. Hilo Hawaiian Hotel	286

"Mr. Speaker, this is a sampling of the neighbor island hotels that will have to impose an additional 2.75% tax rate upon the current 9.25% tax rate for a TAT tax rate of 12% come January 1, 2018. That amounts to about a 33% increase in the TAT and will have some affect upon these hotels and their operations. The consequences may be cancellations of reservations, reduction in overnight stays, or even loss employment opportunities or lessening of hours and pay. All foreseeable and possible effects of this 11th hour amendment to the rail bill and the introduction of the TAT as a funding source for the Honolulu rail project. To export the Honolulu rail cost to the unexpected neighbor island hotels without any input or opportunity to object may be expedient and crafty, but it is not transparent and inclusive to the neighbor island communities but will stand as another example of 'Oahu-centric' and 'Honolulu-centric' policy that gives short shrift to our neighbor island colleagues and their local needs and priorities.

"As such, the present draft of SB 1183, SD 2, HD 2, CD 1 should be rejected as improvident and a gross violation of any public engagement and stakeholder input. Instead, Floor Amendment No. 5 which would extend the current GET-surcharge of 1/2 penny or 0.5% from 2027 to 2037 or ten (10) years and allow the State of Hawaii to retain 1% of the gross proceeds as a service fee for processing and accounting cost, is a better solution that respects the neighbor island constituents and their island-based priorities and plans.

"(VI) The State Senate Has Reversed Itself and Adopted An Identical Draft Of Floor Amendment No. 5

"In close, it is confirmed that the Senate has amended SB 1183, SD 2, HD 2, CD and adopted the identical draft as proposed in Floor Amendment No. 5. They did so with a vote of 16 to 9.

"Accordingly, adoption of Floor Amendment No. 5 to create a mirror image bill of SB 1183, SD 2, HD 2, CD 1, would enable the House to correct a fatally flawed measure and settle on a funding methodology that has been fully vetted in public hearings and tracks the general expectations of advocates and stakeholders of the Honolulu rail project.

"(VII) Final Comments on Floor Amendment No. 5 to SB 1183, SD 2, HD 2, CD 1

"Mr. Speaker, thank you for the opportunity to respectfully dissent and share my contrary views to this body and especially my colleagues in the Democrat Caucus. I do so with the sole intention to improve a measure that, in my humble opinion, does not reflect our efforts nor work product. In short, I believe that we can do better. With so much at stake, we must do better. These two (2) articles found in the Honolulu Star-Advertiser, April 29, 2017 and May 2, 2017, summarize and capture many thoughts of the many people on SB 1183, SD 2, HD 2, CD 1 and provide further insight into the arguments for and against this measure from various stakeholders and proponent and opponents. I have adopted them into my remarks as further evidence of the uncertainty and challenges it poses to all of us.

Plan would raise hotel tax for rail

By Kevin Dayton and Gordan Y.K. Pang
April 29, 2017

House and Senate negotiators tentatively agreed to a plan to increase the state hotel room tax to 12 percent to raise an additional \$1.3 billion for the Honolulu rail project, and also inject an extra \$50 million a year into Hawaii's public education system.

The agreement appears to resolve this year's contentious rail tax debate, but Honolulu Mayor Kirk Caldwell said it will still leave the city nearly \$1 billion short of the amount it needs to complete the rail project.

House Transportation Chairman Henry Aquino proposed Friday that lawmakers abandon a proposal to extend the half-percent excise tax surcharge that now provides most of the funding for the rail project, and instead increase the transient accommodations tax by 2.75 percent for 10 years starting January 2018.

The hotel room tax is currently 9.25 percent, and the House proposal would increase it to 12 percent for the next decade. House and Senate leaders hailed the decision as an innovative way to resolve the latest rail debate over

funding, and to shift more of the financial burden of building the 20-mile rail line to visitors.

Caldwell said he's grateful for the new proposal and will accept it, but it only "gets us two-thirds of the way there."

The city administration and the City Council now need to crunch the numbers to see how best to cover the shortfall, including the big issue of whether it will require further property tax rate increases beyond what the administration is already planning.

Caldwell's administration could leave that shortfall for future city leaders to make up, and "let some other mayor and Council members worry about that," he said. "But under my tenure, I don't want to see a burden being placed on people who are not yet born because I just want to get rail done no matter what the consequences are."

The last-minute proposal to raise the hotel room tax for rail may also be legally questionable because it was never debated in a public hearing and did not comply with the lawmaking process that is set out in the state Constitution, according to state Sen. Donna Mercado Kim.

"The industry had no input, nobody had any input on this, so at this hour to come out with an increase in the (hotel room tax) that was never discussed, never went to a public hearing, to me, is not legal," said Kim (D, Kalihi Valley-Moanalua-Halawa).

She said the bill will be vulnerable to a legal challenge if it passes because "the law says it has to have three readings, and it didn't go through three readings."

Senate President Ron Kouchi disagreed, saying the debate this year included "all the different iterations and broad-ranging discussion," adding, "I'm confident the bill will be fine."

Mufi Hannemann, president and CEO of the Hawaii Lodging & Tourism Association, said lawmakers need to be cautious about repeatedly asking for more from the visitor industry.

"I can appreciate how difficult that decision was, but at the same time we're facing constant challenges to remaining in business and to be competitive," Hannemann said. If state lawmakers go through with the hotel tax increase to 12 percent, Hannemann said he will press the city to abandon its plan to raise property taxes on hotels.

"This is going to force us to sort of reassess where we're at," he said. "It's going to put us in an extremely difficult situation competitively. Some have even said that we're going to be much more expensive to visit than New York."

Hannemann, who was the driving force behind launching the rail project when he was Honolulu mayor, added, "I'm hoping also that if they're going to take this money from the industry ... that we have better accountability on how that money is being spent to build rail."

Hannemann said when he was advancing the rail project as mayor, he never envisioned it being financed using the hotel room tax.

George Szigeti, president and CEO of the Hawaii Tourism Authority, said in a written statement that Hawaii needs to be careful not to price itself out of the global tourism marketplace.

"Our hotel partners will be impacted most by this TAT increase and that seems unfair to place such a burden on a single sector of our business community," Szigeti said.

House Finance Chairwoman Sylvia Luke said: "We've been told time and time again that the tourists should pay for the rail, and that's what the mayor has continued to say. That's why today, we're ensuring the elderly and working poor are not taxed anymore with this new proposal," which instead would tap tourists.

The Honolulu rail project is funded mostly from the half-percent excise tax surcharge imposed on transactions on Oahu, which generates about \$290 million a year and will remain in place through 2027. The new hotel tax proposal would provide about \$130 million extra annually, for a total of about \$420 million a year.

The Legislature extended the excise tax surcharge in 2015 at Caldwell's request to cover cost overruns in the rail project, but the city disclosed last year that the project is again over budget. The estimated price tag for the partially built rail project has increased from \$5.26 billion in late 2014 to nearly \$10 billion today, including financing costs.

That forced Caldwell to return to the Legislature this year to seek another excise tax extension, but his request was poorly received. The Senate

initially passed a bill that would have provided for no excise tax extension, while the House offered a draft measure that would have extended the surcharge for two years.

Caldwell said neither bill provided enough money to complete the rail project and warned the city might have to raise property taxes to bail out the project unless lawmakers provided more help.

The new draft bill that won preliminary approval from House and Senate negotiators Friday would divide up revenue from the extra hotel room tax collections, with most of the money going to rail and \$50 million a year deposited into a "New Start Education Special Fund," Aquino said. Lawmakers would determine the use of that money next session, he said.

The bill won praise from Corey Rosenlee, president of the Hawaii State Teachers Association. The teachers lobbied hard this year to put a proposed constitutional amendment on the ballot to use property taxes to provide more funding for education but were unable to get that proposal passed.

"We're excited. Anytime we can get more money for education, it's a good thing, and this bill in combination over 10 years will bring in \$500 million for education," Rosenlee said of the new proposal. "I know there's many ways that we could use that money to help kids."

Aquino said the state will bank the money for the time being, and lawmakers will decide next year exactly how those funds will be used to assist the public school system.

Currently the city receives about \$41 million a year from the hotel room tax, and the new bill would reduce the city's share of that tax by \$13 million a year and apply that money to the rail project as well, said Senate Ways and Means Committee Chairwoman Jill Tokuda.

Aquino also said the proposed bill "would prohibit the City and County of Honolulu from overextending itself fiscally by using public funds to reconstruct or redevelop the Neal S. Blaisdell Center, which is expected to cost nearly \$500 million."

Senate Bill 1183 now goes to the full House and Senate for further consideration. For it to pass, lawmakers would need to approve it before the scheduled adjournment week.

Senate Majority Leader J. Kalani English called the bill a "grand compromise" that was developed Thursday night.

English said a group of senators met in Kouchi's office before the new proposal was made public to discuss the measure, and said it likely has the votes to pass in the Senate. House Majority Leader Scott Saiki said the House Democrats have not yet been briefed on the proposal, so it is not certain they will support it.

If the House and Senate do approve the bill, it will be sent to Gov. David Ige, who will have the option of signing it into law, vetoing it, or allowing it to become law without his signature.

Rail on track, report says, but funds in flux

By Marcel Honoré and Timothy Hurley
May 2, 2017

Rail's long-anticipated "recovery plan," finally released Monday after several deadline extensions, touts building the full 20-mile system but still can't answer exactly how the city will pay for it.

That's because state lawmakers haven't yet agreed to a funding deal that would once more bail out the cash-strapped elevated transit project and help close its latest, multibillion-dollar budget gap. Both chambers of the Legislature are slated to take floor votes on that funding package today.

The Federal Transit Administration's April 30 deadline for the report was always expected to be tricky, requiring the city and local rail leaders to submit their recovery plan before they had all of the financial answers.

Still, rail's interim executive director, Krishniah Murthy, insisted Monday that the 249-page report prepared by the agency he oversees, the Honolulu Authority for Rapid Transportation, provides key answers to other questions that have worried the project's federal partners.

It looks to assure the FTA that HART's management and its latest construction cost estimate of nearly \$8.2 billion are sound, despite the agency's earlier cost estimates falling woefully short. That figure does not include financing costs, which the recovery plan states could be as much as \$1.8 billion more.

"We have done improvements to our management and the way the project's handling is done," Murthy told a press gaggle outside HART's headquarters Monday. "Project controls, risk management, cost containment — all of those things that we have to do. That's all part of the recovery."

Murthy also said that Congress agreed this week to include rail's final \$243.7 million in its latest appropriations bill. If that bill is signed into law, the Honolulu rail project would have all its \$1.55 billion in federal dollars appropriated. The FTA, however, could revoke some or all of those dollars if it doesn't approve of the city's recovery plan.

The recovery plan calls rail's so-called "Plan A" — the push to build all 20 miles of elevated concrete pathway, 21 stations, and a transit center at Pearl Highlands — the only "viable Project alternative from a financial, ridership, and operationally practical perspective."

Meanwhile, it pans "Plan B," a less expensive proposal that would end the line near Aloha Tower and defer seven stations along the route. That scaled-back approach could potentially be covered by rail's existing \$6.8 billion budget.

Nonetheless, such changes would cut rail ridership by about 60 percent, the report states — a scenario that would strain the island's taxpayers to cover a larger share of the operations. That alternative plan would also face delays to compile new environmental studies and deal with potential lawsuits from developers whose projects would no longer fall along the rail line, it added.

This latest report generally holds consistent with the conclusions that HART reached in its interim plan last fall, which also advocated building the full rail line from East Kapolei to Ala Moana Center.

It comes after state House and Senate negotiators agreed to a tentative deal last week to help cover some of rail's approximately \$3 billion shortfall. The proposal would increase the state hotel room tax to 12 percent from 9.25 percent for the next 10 years to provide an extra \$1.3 billion or so in additional funding for rail.

On Monday a coalition of Honolulu City Council members and community leaders called on the Legislature to instead approve the city's proposal to extend the half-percent excise tax surcharge.

"Unfortunately, the measure that the Legislature is presently considering would in fact place even greater burdens on our residents," Council Chairman Ron Menor said during a news conference at Honolulu Hale. "It would also have severe impacts on business, industries and employees on our island."

The measure would create a gap in the city's fiscal year 2018 budget of as much as \$30 million, requiring either an increase in property taxes or reductions in city services, Menor said.

The bill also would prohibit the city from spending more than \$100 million to reconstruct or redevelop the Neal S. Blaisdell Center until after Dec. 31, 2027.

"I think an argument can be made that that is an intrusion on home rule by the state Legislature, which would render the measure unconstitutional," Menor said. "If the Legislature passes out of a bill that is legally flawed, it's going to result in substantial delays."

Menor, along with Councilmen Joey Manahan and Ikaika Anderson, implored state lawmakers in a letter Monday to amend the rail bill during their floor sessions today and extend the GET surcharge by 10 years instead.

Kekoa McClellan of the American Hotel and Lodging Association said the proposed bill would be devastating to the tourism business in Hawaii.

"The impact of a 2.75 increase in the TAT is a double tax on Hawaii's tourism industry," McClellan said. "Effectively, Honolulu hotels will have a tax rate of 16.71 on top of the room rate. That puts Honolulu's hotels in the highest bracket of hotel taxes in the country. That is not a place we want our No. 1 industry to be."

McClellan said it would drive tourists to seek out unregulated, illegal vacation rentals, which would reduce affordable housing for locals and destroy neighborhoods' residential nature.

"In close, it is with some regret and sense of loss that we have arrived at the end of the 2017 Session with our business unfinished and this major issue left pending. It did not have to be this way. Floor Amendment No. 5 provides us a way out of the mess. Mr. Speaker, I have done my best and put it all out there. Left it all on the field of this political and policy arena. It is time to return to my home and explain myself and my actions to my loyal

and trusted constituents and citizens of Wahiawa. I hope to again see my colleagues soon in a special session this 2017 Summer."

Representative Thielen rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I'm rising to speak against the measure, but with a great deal of credit to the proponent of the amendment, who is trying to find a way out of this \$10 billion boondoggle mess that we're in. Mr. Speaker, I could have supported the proponent's measure if he had asked for the rail to be placed at-grade from Middle Street to run to Ala Moana. I could have supported that, Mr. Speaker, because then he would not have needed to extend the general excise tax, the TAT wouldn't have needed to be touched, and we would have saved our beautiful historic Chinatown and downtown waterway.

"You're going to walk out of this building, Mr. Speaker, in maybe, what, 10 years, and see this monstrosity going all the way across our waterfront. So if the proponent of the bill had proposed dropping it to at-grade at Middle Street and running it surface to Ala Moana, I could have supported him for doing that, Mr. Speaker. Procedurally, what is happening to us here today, we're going to hear—"

The Chair addressed Representative Thielen, stating:

"Just to remind to you, Representative, you need to speak on Senate Bill 1183, and you're opposed to it, and you should state the reasons why you are opposed to it."

Representative Thielen continued, stating:

"I will. And I also just wanted to say, procedurally, so people won't be wondering what is going on, if we pass the next amendment, which appears to have the majority support of the members in the body, then we will not be able to hear any other amendments on this measure today. So the subject matter in those subsequent amendments, such as running rail at-grade from Middle Street to Ala Moana, won't be able to be heard. Mr. Speaker, four stories high across our waterfront, going in to Ala Moana at seven stories high. This is monstrous."

The Chair addressed Representative Thielen, stating:

"Okay, Representative, you need to speak on the merits or demerits of Senate Bill 1183."

Representative Thielen continued, stating:

"I recognize that, Mr. Speaker. I'm just struggling to get the merits of Floor Amendment Number 11 into the Journal because, oh, and may I have that floor amendment inserted into the Journal?"

The Chair addressed Representative Thielen, stating:

"You're out of order, Representative. We're on Senate Bill 1183. Please restrict your comments to Senate Bill 1183."

Representative Thielen continued, stating:

"I'll tell you why I disagree with that proposed amendment, Mr. Speaker. We don't need to add the taxes to the people that are already overburdened on the island of Oahu. I respect what he tried to do, to make some sense out of this mess the city has put us into. But we don't need to raise those taxes. There's an alternative method that saves raising taxes, doesn't destroy the environment, and that's to keep the rail at-grade from Middle Street to Ala Moana. And Mr. Speaker, may I have remarks into the Journal, too, please? Thank you."

Representative Thielen submitted the following:

Floor Amendment No. 11

HOUSE OF REPRESENTATIVES

AMENDMENT TO: S.B. No. 1183, S.D. 2, H.D. 2, C.D. 1

OFFERED BY: Representative Cynthia Thielen

DATE: May 2, 2017

SECTION 1. Senate Bill No. 1183, S.D. 2, H.D. 2, C.D. 1 is amended by deleting its contents and replacing them to read:

"SECTION 1. The legislature finds that the public has lost confidence in the ability of the Honolulu Authority for Rapid Transportation and the City and County of Honolulu to complete the Honolulu rail project without increasing taxes. The cost of constructing an elevated rail system in the city center is approximately \$756 million per mile, and experts have estimated that the cost could be lowered to \$139 million per mile for a street-level system. The Federal Transit Administration has indicated that building the elevated rail to Middle Street as planned and then using a street-level system would be one of several acceptable alternatives for project completion that would allow the City to retain its federal funding for the project. This change is likely to save \$2.9 to \$4.2 billion and result in the project's completion four years sooner, without raising taxes on the people or businesses of Hawaii.

The purpose of this Act is to make the most responsible choice by requiring that any mass transit system constructed using State funds to run between Middle Street and Ala Moana Center shall run at street level.

SECTION 2. Section 46-16.8, Hawaii Revised Statutes, is amended by amending subsection (c) to read as follows:

"(c) Each county with a population greater than five hundred thousand that adopts or extends a county surcharge on state tax ordinance pursuant to subsection (a) or (b) shall use the surcharges received from the State for[~~;~~

(4) ~~Capital~~ capital costs of a locally preferred alternative for a mass transit project, provided that any portion of such project running between Middle Street and Ala Moana Center shall be constructed at street level[~~;~~ and

(2) ~~Expenses in complying with the Americans with Disabilities Act of 1990 with respect to paragraph (1).~~

~~The~~]; provided that revenues derived from the county surcharge on state tax shall not be used;

(1) [~~to~~] To build or repair public roads or highways, bicycle paths, or support public transportation systems already in existence prior to July 12, 2005[~~;~~];

(2) For operating costs of the mass transit project or any purpose not consistent with this subsection; or

(3) For administrative or operating costs, including personnel costs, of a rapid transit authority charged with the responsibility for constructing or operating the mass transit project, or both."

SECTION 3. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored.

SECTION 4. This Act shall take effect upon its approval."

Bring rail to street level from Middle Street to Downtown

By Peter Vincent and Scott Wilson
April 27, 2017

At first glance the public poll published by the Star-Advertiser on April 16 ("Finish rail but don't tax more") seems to pose an impossible demand on city leaders. With 57 percent of residents saying "no" to an extension of the general excise tax (GET) surcharge beyond 2027, and 83 percent saying "no" to an increase in property taxes, how is the city going to listen to the 64 percent who want to "finish rail" and not stop at Middle Street?

There is a very real answer to the city's dilemma on rail. The remaining segment from Middle Street through Downtown, just over 3 miles in length, can be completed seamlessly using street-level rail, at a tremendous savings of time and money. This can be done without extending the GET surcharge, without scrapping existing construction, and without losing federal funding for the project.

Street-level rail through downtown Honolulu would save \$3 billion (and probably more) and would save four years of construction time (with a completion date of 2021 instead of 2025). Street-level rail can be easily integrated with the elevated guideway, giving people the "one seat ride" required for federal funding (and rider convenience).

The street level alternative, stopping in the downtown and civic district, has already been cited as a viable option by the Federal Transit Administration (FTA).

Some of the things the Honolulu Authority for Rapid Transportation (HART) and others are asserting about street-level rail in Honolulu are not accurate. To lay a set of tracks for street-level rail, construction would be 14 inches deep by 8 feet wide, which is the same depth as a normal roadbed construction. This would not require purchase of any additional land. Existing streets could be used. Because these streets have already been excavated, the issue of new archaeological finds is not applicable. Street level rail stations are no bigger than a bus stop, requiring only a canopy for rain shelter and a small ticket machine on an existing sidewalk. From all of

this, it is apparent that the cost of street-level rail can be computed with confidence. It is a matter of only a few variables, all of which can be credibly defined and accomplished.

In contrast, the city's plan for an elevated rail through downtown Honolulu would cause immense disruption to nearby structures, traffic and commerce and have enormous long-term negative impacts on view corridors, historic districts and historic sites. Construction of the guideway and football field-sized stations would generate costly "change orders" during construction because the unstable filled soil in the harbor area will require concrete columns hundreds of feet in depth.

Hawaii prides itself on its beauty and unique sense of place. The concrete guideway and stations will forever cut the mauka-makai view corridors that connect us to the ocean and Honolulu Harbor.

Finally, what of the city's assertion that street-level rail would be limited to the speed of existing car traffic? The Middle Street-to-Downtown segment would be slower by two to three minutes (depending on the length of the final route). Signal synchronization can be used so that the street-level trains can maintain 30-mile-per-hour speed through downtown, which is nearly the same speed as elevated rail. Managed lanes (for trains and buses only) keep trains running independent of automobile traffic speeds, and also greatly increase safety.

The Honolulu Transit Task Force report and a proposed route map can be found here.

Incorporating street-level rail, the entire project can be completed within the existing budget, without extending the GET surcharge. We're calling on city leaders to give the people what they want: a functioning rail system including downtown Honolulu, at a reasonable cost.

Architects Peter Vincent and Scott Wilson are members of the Honolulu Transit Task Force Executive Committee; this was co-signed by fellow architects and committee members Robert Crone and Terry Tusher.

Representative McDermott rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, I support the amendment. This is regarding at-grade rail, right? No, just kidding. Mr. Speaker, I support this because it deals with the knowns. What we know. It is the status quo with a reduced skim, and it sounds like a good proposal. Mr. Speaker, I've been here long enough when we had 11, even 19 Republicans, and we would come up at the last minute with an amendment, and the majority would say, you haven't got the stakeholders at the table, you haven't gone through the due diligence, you haven't done, it's not the process.

"I think this amendment deals with the process and the subject matter that we've all been dealing with the entire session. It is not something that has come up with the last minute. In fact, it removes the unknowns of the underlying measure. The unknowns, what would an impact in the TAT do to construction projects that are currently on the docket to be completed, and/or renovations?

"I was somewhat surprised after the conference committee hearing to talk to some of the construction industry, and they were not happy, because of this very thing. This unknown, the unknown, what happens when you, are we killing the goose that lays the golden egg? This measure here says, no, we're going to continue with the status quo, but reduce the skim, and I think it's the best of both worlds, given the situation. Now, no one's happy where we're at, of course, Mr. Speaker, and there's a lot of finger-pointing. But for those of us who live in communities that hope to see this someday, we think this is probably the best measure, and I just stand in strong support of it. Thank you, sir."

At this time, Representative Saiki called for the previous question.

Representative Say rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, may I just record my aye for the floor amendment? Thank you."

Representative Tokioka rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. Can I make the same request as Speaker Emeritus, please? Just record it as a yes for the amendment."

Representative Har rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. Same request."

Representative Choy rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, same request."

Representative Kong rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, same request."

Representative Ito rose to speak in support of the proposed floor amendment, stating:

"Same request, Mr. Speaker."

Representative Oshiro rose to respond, stating:

"Mr. Speaker, I want to make sure I get my yes vote in."

The motion that Floor Amendment No. 5, amending S.B. No. 1183, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry, with Representative LoPresti being excused.

At 12:07 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:07 o'clock p.m.

At this time, Representative Aquino offered Floor Amendment No. 6, amending S.B. No. 1183, SD 2, HD 2, CD 1 as follows:

SECTION 1. Senate Bill No. 1183, H.D. 2, S.D. 2, C.D. 1, is amended as follows.

1. In section 1 of the bill, by adding a provision to authorize a county that has adopted a surcharge on state tax to extend the surcharge for one additional year, to December 31, 2028;
2. In section 6 of the bill, by clarifying that nothing in that section shall be construed as prohibiting the use of county funds that are not derived from a surcharge on state tax for operating costs of a mass transit project or administrative costs;
3. In section 8 of the bill, by:
 - A. Reducing the temporary increase in the transient accommodations tax from 2.75 per cent to 1 per cent, so that the rate shall be 10.25 per cent for the period beginning on January 1, 2018, to December 31, 2028;
 - B. Reducing from \$50,000,000 to \$25,000,000 the annual allocation of revenue from the increased transient accommodations tax to the New Start Education Special Fund; and
 - C. Clarifying that revenues from a county surcharge on state tax shall be used only for the capital costs of a mass transit project and shall not be used for operating costs of a mass transit project or administrative costs;
4. In section 9 of the bill, by:
 - A. Providing that all transient accommodations tax revenue that is otherwise remitted to the City and County of

Honolulu shall be used only for capital costs of a mass transit project and shall not be used for operating costs of a mass transit project or administrative costs; and

- B. Increasing from \$93,000,000 to \$103,000,000 the transient accommodations tax revenue that shall be allocated to the counties from fiscal year 2018-2019 through fiscal year 2027-2028;

5. In section 10 of the bill, by deleting the purpose section and replacing it with the following:

"The legislature finds that the construction of publicly funded major mass transit projects place a substantial burden on taxpayers, especially when those projects far exceed the initial cost estimates that were provided to taxpayers. The legislature also finds that such financial burdens are a matter of statewide concern that fall under its purview pursuant to article VIII, section 6, of the Hawaii State Constitution and that impositions of such financial burdens imposed upon taxpayers at any single time should be limited. Plans to renovate or redevelop large public event venues generally require significant amounts of taxpayer money, and imposing that additional burden on taxpayers through the issuance of general obligation bonds or other financing mechanisms available to political subdivisions, which are funded by tax revenues, is not prudent in counties that are already imposing substantial financial burdens on taxpayers to fund major mass transit projects.

Accordingly, the purpose of this part is to prohibit a county that is collecting a general excise tax surcharge to fund capital costs of a locally preferred alternative for a mass transit project from using public funds to reconstruct or redevelop an event venue that is within a Hawaii community development authority community development district or in a manner that requires Hawaii community development authority approval.

It is not the intent of the legislature in enacting this part to prohibit any county from reconstructing or redeveloping an event venue within a Hawaii community development district with other than public financing.";

6. In section 11 of the bill, by adding provisions that accomplish the purpose described in section 10 of the bill;

7. By adding a new section 13 to the bill to provide that the bill shall not be construed to prohibit the use of funds generated by a county for purposes not prohibited by state law;

8. By adding a new section 14 to the bill to provide that the bill does not affect rights and duties that matured, penalties that were incurred, and proceedings that were begun before its effective date;

9. By making conforming amendments to the effective date provisions of the bill; and

10. By renumbering sections of the bill accordingly.

Representative Aquino moved that Floor Amendment No. 6 be adopted, seconded by Representative Luke.

Representative Aquino rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. With this floor amendment we have a number of changes that we have made, and I believe that this is a responsible measure that focuses primarily on the rail budget, that provides more funding than any other conference draft, over \$1.7 billion, Mr. Speaker, compared to \$1.2 to \$1.3 billion in the previous conference draft.

"So, Mr. Speaker, what this does is basically increase the TAT from 9.25% to 10.25% for 11 years, through 2028. Mr. Speaker, it also prohibits TAT funds for rail operations and maintenance, prohibits use for HART administrative and operating costs. Mr. Speaker, we're also going to maintain the county's share of the TAT revenue at \$103 million per year. Mr. Speaker, we talk about responsibility. Honolulu's share will be directed towards rail. The scheduled 2018 reduction for the neighbor island county TAT subsidies will be eliminated, and those counties will continue to receive their current TAT subsidies. These amendments, Mr. Speaker, will generate over \$926 million over the 11-year period.

"Mr. Speaker, again, this is a responsible floor amendment. We're looking at an extension of the general excise tax for one year. In addition, Mr. Speaker, we're going to keep the 1% skim, which would generate over \$350 million. So with the GET amendments, we're looking to generate over \$435 million, Mr. Speaker. We also reduced from the previous CD for the new start education special fund, Mr. Speaker, to help all of our schools statewide.

"So again, this floor amendment provides over \$1.7 billion, \$1.7 billion, Mr. Speaker. So I feel that, again, this is a responsible floor amendment, and I believe it addresses many of the concerns that we received. So again, in support. Thank you very much."

Representative Luke rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In strong support. And first of all, I would like to thank the Chair of the Transportation Committee. And some members of the visitors' industry, yesterday we did hear a lot of concerns from the visitors' industry, and we were able to sit down and discuss a lot of these issues.

"Rail is a statewide concern, and I applaud the members of the visitor industry for coming forward and helping us share the burden. And as a result of that, we thought about it and we thought, okay, 2.75% might be a heavy burden on the tourism industry, and so with that discussion we were able to come to a compromise of doing a 1% TAT increase as opposed to what was initially proposed at 2.75%. But with that, the compromise was that we will extend the GET for one year.

"I think members need to understand that this has been a tough issue for many of us, and unlike some of the members who feel at ease about providing in perpetuity, or 20 years, or 10-year extension, but I think most of the people in this chamber still have strong misgivings about whether the city has properly managed this rail project, and I think unless there's some accountability and assuring the public that we're not going to give a blank check, we are going to give them a finite number of funds and we are going to put restrictions on the city to make sure that this job is done right, and to make sure that is complete, and to make sure that they do it in a way that restores confidence back in the public.

"And because of that, I think a lot of the members had problems with a extensive extension of GET, because GET is one of the most regressive taxes and it would tax the working poor and the elderly, so it is our responsibility to stand up for those people, because they don't have lobbyists here, it is our responsibility to stand up for the people who don't have voices, who cannot hire lobbyists, and then that is what we have done.

"And so I applaud the Transportation Chair for having foresight, and because it was a difficult issue, for us to come together at the end, to have us a shared responsibility, and to, once and for all, figure out what we need to do with the rail issue.

"The other thing that this bill does, which there is no other mechanism to do this, we have heard from the neighbor island counties, and because there was no bill to stabilize the TAT funds that goes to the neighbor islands, this bill restores the TAT share to the neighbor islands back to \$103 million. There are no other bills that will accomplish this. The other thing is, it will at least stabilize what's going on in the education programs, and hopefully it will provide infusion, and that's kind of a give and take with what we have assessed with the TAT. So with that, I urge the members to vote in favor of this floor amendment. Thank you very much."

Representative Ward rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, supporters of this bill have said that it's time to fish or cut bait. Or, as our colleague said earlier, get off the pot. Well, Mr. Speaker, when you're constipated, you can't get off the pot. Mr. Speaker, this project is plugged up with misleading statements by politicians, it's plugged up with mistrust, it's plugged up with overruns, it's impossible to make a rational decision, Mr. Speaker, on this.

In fact, the only rational decision was one that we weren't going to hear, and that was putting the grade-level option from Middle Street to Ala Moana.

"Mr. Speaker, for the people on my district and the people who have heard time and again that we're going to work this thing out, and what we just heard from the Chair of Finance, if there's any indication of what the past is, as a harbinger for the future of this project, we are still in deep doo-doo, Mr. Speaker. Thank you."

Representative Thielen rose to speak in opposition to the proposed floor amendment, stating:

"Thank you. First time, Mr. Speaker, on this measure, floor amendment number six, and I'm rising in opposition. Mr. Speaker, you're probably aware that the Honolulu Transit Task Force released a report in January 2017, and it had option 2A that would not require any increase or extension of taxes. It would save between \$3 billion and \$4.2 billion, and the project would be completed four years sooner, Mr. Speaker. That is the Middle Street to Ala Moana at-grade.

"So I look at this bill that is just extending the painfulness of the tax burden on our people, and now it extends it to neighbor islands as well as Oahu. We don't need to do that, Mr. Speaker. We can do something that is sensible, fiscally responsible, bring that down to at-grade from Middle Street to Ala Moana, save nearly \$4 billion, that's B with a billion. And that's the only thing that we should be looking at today.

"I understand the Senate has not accepted this version, so the issue is wide open, Mr. Speaker. We don't have a measure that's just going to go lockstep, okay, tax 'em, tax 'em, build away, and keep that sucker up there at four stories high, moving up to seven stories. Can you imagine, Mr. Speaker, what that's going to do to the beauty of Honolulu, where Aloha Tower used to be the tallest building in the city? Remember that? We both are old enough to remember that, Mr. Speaker. Aloha Tower was the tallest building in downtown Honolulu. We both are.

"And what are we doing? We don't need to do it. We're not going to end up with a final measure today. The Senate's on a different track. We can be on the sensible track. Bring that sucker down at Middle Street. Run it on the street level. Save \$4 billion and get it done four years faster, Mr. Speaker. Thank you."

Representative Tupola rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In opposition. I want to echo the sentiments of my colleague, also thank both of the introducers of this amendment, because they put a lot of hard time, effort, into this, in thinking about this, when really this is a city project. But it's been placed upon our shoulders, because here we are at the eleventh hour still debating how we're going to take care of this when it is a city project that we all have a feeling hasn't been enough effort that has been put on the city part, and that's why it's on our plate right now.

"The few things that I do agree with that have been said is that there are huge misgivings about the management of this project. I would probably reword that as enormous misgivings, a huge amount of public mistrust that has been out there because of the way this project has been handled, about all of the overrun costs, and now a second ask for more money. The second thing is that the counties need more TAT money. I would agree with that. I think that's a good thing, they definitely need more TAT money. And lastly, of course all the schools need more money. So that's a good thing, obviously. But we're still talking about a project that is poorly managed.

"I think the three lessons we can learn here is one, when we're talking about the responsibility of the city versus the State, we should all talk face to face, because here we are talking as a legislature about what we think the city's doing, but we've had very little discussions face to face with them, until it's the last minute of the last day trying to figure how we're going to push out all these dollars that they need.

"The second thing that we learned is that there's other ways to fund the rail. We were told this is the only way, the GE tax is the only way to fund

it. We've obviously come up with multiple ways with maybe them going and getting their Airbnb money that they're not collecting right now. Maybe they can reprioritize with the NBC center, whatever needs to happen.

"And the last thing we learned is that all of these discussions should have taken place months ago, because here we are, at the end of session, with a few days left, and we're still debating on different versions of what needs to happen, when really, they saw this coming, so these discussions should have taken place many, many months ago, so that we could all determine a bill that we liked, have public hearing for the whole thing, we all are voting on the same thing, as opposed to where we are today, with many versions of this bill, many different proposals on the floor, and very little time to take all that into consideration, and also get input from the stakeholders.

"And I do stand with the taxpayers that are looking at us, hoping that we make good decisions for this, because we represent them. We represent the regular people that don't have lobbyists and don't have big groups that are anxious to support them on voting against a regressive tax, or even more taxes that nobody really knows how this is going to play out at the end. Thank you."

Representative Choy rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, I've always taken the position that the rail project is a county project, and this particular floor amendment just interjects the State in more and more of county business, and I don't think that's right. If we're so critical about the management and the construction of rail, and I can do that, because of the cost overruns and the mismanagement, I can criticize. If we want to continue down this path, then I would suggest that we take over the rail project and make it a state rail project. Because we can do it better, right, guys?"

"Mr. Speaker, I stand in opposition. This particular amendment will just take too many accountants to implement. Thank you."

Representative Saiki rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, I'd like to rise in support of this floor amendment. I just wanted to thank the Chair of the Transportation Committee and the Chair of the Finance Committee for working on this floor amendment, but also on the underlying measure. It's taken a lot of time, it's been very frustrating, it's very complex, and I know that they put a lot of effort and thought into not just this floor amendment but also the underlying measure.

"I wanted to just emphasize that this floor amendment will benefit a number of people. It will benefit resident taxpayers, it will benefit small businesses in Hawaii, it will benefit public school students in Hawaii, and it will benefit neighbor island counties, because they will retain their share, their current share, of the TAT subsidy.

"What has happened in this debate, in this issue, is unfortunately the Legislature has assumed an oversight responsibility for the rail project, like it or not. And that is because there is no other entity in the State of Hawaii, public or private, that is overseeing this project to watch out for taxpayers and ratepayers. We have seen over the past few years the cost of rail will likely double within a few years, and without continued oversight from someone, I suspect that the cost will simply increase over time to a point where it's out of control.

"There are some in the community who will characterize a vote for this floor amendment as opposition to the rail project. I want to clarify that that is not the case. A vote in favor of this floor amendment is simply a message that someone needs to take control over the management and the financial aspects of this project before it is too late. Thank you very much."

At 12:24 o'clock p.m., Representative Oshiro requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:26 o'clock p.m.

Representative Nakamura rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In support of this amendment. This is the only amendment before us that restores the counties' share of the TAT, from \$93 million to \$103 million. The counties do so much for our visitors. Not only do they rescue visitors from our conservation lands, rescue visitors from our beaches, they work with visitors who are subject to crimes, they maintain our beach parks and our roads that our visitors drive on.

"For all of these reasons, this amendment is something that I strongly support, and I believe that not only does it restore the amount, but it makes this \$103 million allotment to the counties a steady source of income for 11 years. So for these reasons, I support this amendment."

Representative Har rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I rise in opposition to the floor amendment. Mr. Speaker, first up, I do want to thank the Chair of Transportation, I know that he's worked very hard on the various iterations of this draft and I want to thank him personally for this latest floor amendment.

"But that said, a previous speaker just noted that this current floor amendment restores the counties' regarding their TAT. Let's be clear. It does not do that for Honolulu. What this floor amendment does is it takes away the \$45 million that the City and County of Honolulu uses for first responders."

Representative Saiki rose to a point of order, stating:

"Mr. Speaker, point of order. The speaker has incorrectly stated my floor speech. I did not say that."

Representative Har continued, stating:

"Mr. Speaker, I apologize. I was referring to the Representative from Kauai who was just talking about the counties' share of the TAT. Thank you, Mr. Speaker. So Mr. Speaker, I think that what needs to be clarified here--"

Representative Nakamura rose to a point of order, stating:

"Point of order. I was referring to the neighbor island counties' share of the TAT."

Representative Har continued, stating:

"Thank you for that clarification. And again, but I would like to be clear, because I don't think that was made. But that said now, I appreciate the clarification. But the fact of the matter is this, Mr. Speaker. We are now taking away \$45 million of the TAT from the City and County of Honolulu. As we all know, from those of us from the City and County of Honolulu, and as noted by the previous speaker, that the counties do so much for our visitors and our first, in terms of whether it's our visitor industry, whether it's taking care of our residents, whether it's first response, whether it's being at the beaches with our lifeguards, they do so much for us, whether it's trash collection.

"This amendment will undoubtedly raise property taxes for the people of the City and County of Honolulu. That reason alone, the GET is a better proposal, extending the GET is a better proposal, because it goes over the entire base as opposed to hitting the property owners of the City and County of Honolulu who will take the biggest hit based on this floor amendment. For those reasons, Mr. Speaker, I stand in opposition to the floor amendment."

Representative LoPresti rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In strong support. I just want to note that there's a lot of talk about people saying this is a county project. Well, this is the only amendment that actually forces the county to use this money for this project. Everything else is relying on the poor, the elderly, and the working

poor to pay for this. And it's time that that tax on the working poor comes to an end, and that we use the TAT.

"There's been a lot of talk about how the GET is so great because the tourists pay a third of it, the tourists should pay for this, the tourists should pay for this. We keep hearing this from the city. Well, guess what? Now we got a proposal that has just that happening. The tourists can pay for it. And, frankly, I think it's obvious that the tourist economy can support a 1% increase. We have record numbers in our tourist industry, and I think this is the right way to go to finish that project. Thank you."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. Still against the amendment, and against the underlying bill. Mr. Speaker, I wanted to comment on the remarks of the Majority Leader, where he said we now in the Legislature--"

The Chair addressed Representative Thielen, stating:

"Now, I don't wish you to debate what the Majority Leader said. Please keep your items to 1183, and not on the Majority Leader."

Representative Thielen continued, stating:

"I am, but in his comments, he stated that we need to step in to the measure, and that's what this floor amendment does. That we need to step in to the rail situation. Well, we are stepping in through this proposed amendment, and we could also step further and take that common sense approach of stopping the overhead rail at Middle Street, saving \$4 billion, \$4 billion, saving four years of construction, and be doing the very sensible thing. So we're in partially, as the Majority Leader said. I say let's take the big step. Bring that sucker down to grade, and run it at-grade all the way to Ala Moana, and maybe with the savings--"

The Chair addressed Representative Thielen, stating:

"You're speaking on another measure. Now speak on 1183."

Representative Thielen: "Thank you, Mr. Speaker."

Representative Saiki rose, stating:

"Mr. Speaker, I call for the question. Please allow members to cast their votes."

At this time, Representative Saiki called for the previous question.

Representative Tokioka rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I rise in opposition to the floor amendment. I know the question has been called, but can I proceed? Thank you very much. Opposition. And I say that with a heavy heart, because I know that the Transportation Chair worked extremely hard on a compromise after the draft that was voted out of the conference committee was circulated to the members last week Friday.

"Throughout the whole time during this session, we didn't talk about a TAT to be added on to an amendment of the rail tax. And if you talk to people throughout this county, they have been paying it, and they're okay with paying it. The industry, the supporters of the hotel industry, the construction trades, they all supported an iteration of this draft of 10 years, seven years, some 20, some in perpetuity, but this is what has been the discussion throughout the whole time of this session. Now as the Representative from Kapolei said, which I want to adopt her words into the Journal as if they were my own, and the Representative from Manoa said, and I wanted to adopt the words that he mentioned into the Journal as if they were my own, Mr. Speaker, the city is going to take a \$45 million cut," and the Chair "so ordered." (By reference only.)

Representative Tokioka continued, stating:

"And as a former councilmember for 10 years on the Kauai County Council, it's not that easy to pick and choose who you're going to hit when you try to increase the property tax. A lot of people are saying let's hit the people that, the rich people, \$1 million homes and more. It's not that easy. They're talking about people with second homes. It's not that easy.

"So the fear I have is this 1% will hit the hotel industry at the front door, and what's going to happen if they have to make up that money, it's going to come in a property tax increase to the visitor industry and the hotels through the back door. So from that standpoint, it's very, very distressing that this is the option that we have in front of us.

"I'd also like to note to the members, if they haven't already gotten the texts or seen it on the emails, that the Senate passed the same draft 16-9, Mr. Speaker. So for those reasons, I'm in opposition. And I know again, once again, I know the Transportation Chair worked very hard on the amendment, so thank you very much for the opportunity to speak, Mr. Speaker."

At this time, Representative Saiki called for the previous question.

The motion that Floor Amendment No. 6, amending S.B. No. 1183, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," be adopted, was put to vote by the Chair and carried, with Representatives Choy, Har, Thielen, Tokioka, Tupola and Ward voting no.

Representative Ward rose, stating:

"Point of information, Mr. Speaker. How can we have a voice vote on a billion dollar proposition?"

At 12:35 o'clock p.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:37 o'clock p.m.

Representative Ward rose, stating:

"Mr. Speaker, I move to challenge your ruling, as you have spoken before the noes were given a chance to do that, and I would propose that we proceed to do another vote, or to challenge your ruling and have a vote that's fair and equitable. The ruling of the Chair is challenged."

At this time, Representative Ward moved to challenge the ruling of the Chair.

At 12:38 o'clock p.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:46 o'clock p.m.

Representative Ward rose, stating:

"I call for a roll call vote, Mr. Speaker."

At this time, the Chair stated:

"The Speaker hasn't made a ruling yet, so if you don't mind. Okay, the Speaker has ruled, because there was a question as to the vote, so we will be calling for the vote again."

At this time, Representative Ward requested a roll call vote.

The request for roll call was put to vote by the Chair, and upon a show of hands, the request was denied.

The motion that Floor Amendment No. 6, amending S.B. No. 1183, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," be adopted, was put to vote by the Chair and carried, with Representatives Choy, Har, Thielen, Tokioka, Tupola and Ward voting no.

At 12:48 o'clock p.m., the Chair noted that Floor Amendment No. 6 was adopted.

At this time, the Chair stated:

"We have a 48-hour notice on this measure. Members, let it be noted. On Amendment Number 6, there's a 48-hour notice.

"All right, members, please turn to page 24, and refer to CCR 91."

Conf. Com. Rep. No. 91 and S.B. No. 382, SD 2, HD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 382, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Evans.

At this time, Representative Takumi offered Floor Amendment No. 7, amending S.B. No. 382, SD 2, HD 1, CD 1 as follows:

SECTION 1. Senate Bill No. 382, S.D. 2, H.D. 1, C.D. 1, is amended by deleting sections 1, 2, and 3.

SECTION 2. Senate Bill No. 382, S.D. 2, H.D. 1, C.D. 1, is amended by renumbering section 4 as section 1.

SECTION 3. Senate Bill No. 382, S.D. 2, H.D. 1, C.D. 1, is amended by deleting section 5.

SECTION 4. Senate Bill No. 382, S.D. 2, H.D. 1, C.D. 1, is amended by renumbering section 6 as section 2.

Representative Takumi moved that Floor Amendment No. 7 be adopted, seconded by Representative Ichiyama.

Representative Takumi rose to speak in support of the proposed floor amendment, stating:

"Thank you very much, Mr. Speaker. I have a 30-minute speech, so I'm going to delay lunch for everybody and I apologize, but this is a fairly minor change. It was brought to my attention that there are concerns in section one, two and three of this bill, and so all the amendment does is to leave section four, requesting a management audit of the Public Utilities Commission.

"The last management audit was done in 2004, so it seems appropriate that we conduct another audit of the PUC. And some of the sections one, two and three, it basically assumed conclusions that might come out of the audit. For example, it would have amended Chapter 269 that established guiding principles for the PUC, and it was felt that perhaps that's something that would come out of the audit, and then we can see whether or not we as a legislative body should establish guiding principles. So all this language is better dealt with after the audit. Thank you."

The motion that Floor Amendment No. 7, amending S.B. No. 382, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PUBLIC UTILITIES COMMISSION," be adopted, was put to vote by the Chair and carried, with Representative Aquino being excused.

At 12:51 o'clock p.m., the Chair noted that Floor Amendment No. 7 was adopted.

Representative Saiki rose, stating:

"Mr. Speaker, could we take a recess until 1:45?"

At 12:52 o'clock p.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:01 o'clock p.m., with Vice Speaker Mizuno presiding.

At this time, the Chair stated:

"Members, please note that the Chair will be moving an item to the end of the calendar, this is on page 29, if you can go to page 29, please. Please note that Conference Committee Report Number 183, this would be H.B. No. 575, HD 1, SD 1, CD 1, will be moved to the end of the calendar."

Conf. Com. Rep. No. 183 and H.B. No. 575, HD 1, SD 1, CD 1:

By unanimous consent, action was deferred to the end of the calendar.

LATE INTRODUCTIONS

The following late introduction was made to the Members of the House:

Representative Keohokalole introduced Ms. Debbie Jackson, Disability and Communication Access Board; and Ms. Mahealani Cypher and Ms. Rocky Kaluhiwa, Koolaupoko Hawaiian Civic Club.

CONSENT CALENDAR

UNFINISHED BUSINESS

At this time, the Chair stated:

"Members, there will be no discussion, as these items have been agreed to by this body for placement on consent calendar."

Conf. Com. Rep. No. 6 and S.B. No. 952, SD 1, HD 1, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 952, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 7 and S.B. No. 1171, SD 1, HD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1171, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Belatti's written remarks in support of the measure are as follows:

"Mr. Speaker, I stand in support of Senate Bill 1171, Conference Draft 1.

"Article I, Section 6 of the Hawaii State Constitution recognizes an individual's right to privacy and forbids the infringement of that right unless there is a 'compelling state interest' in doing so. This right to privacy clearly exists in a person's protected health information.

"However, as matters of policy, health care and the delivery of health care has become increasingly complicated to the extent that aggregated health information can help policy makers—whether state or private actors—understand cost drivers, utilization patterns, and safety issues. To that end, Senate Bill 1171, Conference Draft 1 allows de-identified health information to be used, disclosed, and produced in the State if it complies with federal privacy requirements and are used for appropriate research, safety, or operation purposes. This bill appropriately balances the importance of an individual's privacy with the benefits that come from aggregated and anonymized data."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1171, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HEALTH CARE PRIVACY HARMONIZATION ACT," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 24 and H.B. No. 845, HD 2, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 845, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Belatti's written remarks in support of the measure are as follows:

"Mr. Speaker, I stand in strong support of House Bill 845, Conference Draft 1. Many people released from prison often find it difficult to obtain appropriate identification for their reintegration into society. This lack of identification—in the form of state identification, birth certificates, or Social Security cards—creates significant barriers for employment, housing, complying with conditions of parole, and accessing other important services within the community. All of these obstacles increase a formerly incarcerated person's likelihood of committing other crimes and ending up in prison again.

"According to a 2004 study from the Legal Action Center, the first few weeks after an inmate is discharged play a critical role in his or her successful reentry and prevention of recidivism. In 2012, the Native Hawaiian Justice Task Force made several recommendations in its final report on how to best support formerly incarcerated persons in their rehabilitation and stable reintegration into society. A key recommendation of the task force was to provide civil identification cards for persons re-entering the community to assist in securing employment and housing.

"Inmates who are released from prison face a multitude of challenges, including both systemic legal and societal barriers, as they attempt to enter back into society. House Bill 845 would assist inmates in obtaining civil identification and other forms of identification prior to their being released from prison—an important first step in successfully reintegrating back into Hawaii's communities."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 845, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO IDENTIFICATION," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 38 and H.B. No. 1444, HD 2, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1444, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Belatti's written remarks in support of the measure are as follows:

"Mr. Speaker, I stand in support of House Bill 1444, Conference Draft 1.

"Pharmacy benefit managers play an increasingly important role in our healthcare system. In many cases, they administer prescription drug programs, process insurance claims, manage clinical programs, and operate pharmacies themselves. The creation of Medicare Part D, the expansion in coverage from the Affordable Care Act, and the skyrocketing cost of prescriptions make the outsourcing of pharmacy services appealing to commercial health insurers.

"Given the prominent role pharmacy benefit managers play in administering a crucial part of a person's health insurance benefits, regulation and transparency is needed to protect and serve the interests of consumers. Annual registration with the office of the insurance commissioner is an important step necessary for the regulation of this industry to ensure that they behave in an accountable and transparent manner when serving our residents.

"For these reasons, Mr. Speaker, I support House Bill 1444, Conference Draft 1."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1444, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PHARMACY BENEFIT MANAGERS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 39 and H.B. No. 561, HD 2, SD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 561, HD 2, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Belatti's written remarks in support of the measure are as follows:

"I stand in strong support of House Bill 561, Conference Draft 1.

"The tragic death of three-year-old Finley Boyle highlights the critical importance of requiring adherence to safe and best sedation practices by dentists within the community. By requiring on-site inspection of dental facilities, equipment and personnel—not simply authorizing these inspections as is the current status of the rules of the Board of Dental Examiners—this measure ensures that patient safety is of paramount concern.

"By also requiring a notice to consumers about the Department of Commerce and Consumer Affairs' Consumer Resource Center where patients can verify the licensed credentials of a dentist, request prior complaint history, or file a complaint against a dentist or dental licensee, patients can be empowered with knowledge and be assured that their dentist meets the standards of the community.

"Given the important role dentistry plays in maintaining a person's overall health, the requirements and notifications in House Bill 561 provide that the practice of dentistry throughout our state meets the highest standards of patient safety. For these reasons, Mr. Speaker, I support House Bill 561, Conference Draft 1."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 561, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO DENTISTRY," passed Final Reading by a vote of 51 ayes.

Representative Belatti's written remarks in support of the measure are as follows:

"Mr. Speaker, I stand in support of Senate Bill 387, Conference Draft 1.

"An important provision of the federal Patient Protection and Affordable Care Act (ACA) of 2010 is its requirement that health plans meet network adequacy standards to ensure that patients and consumers of healthcare services have access to needed care without unreasonable delay. Based upon the Network Adequacy Model Act adopted by the National Association of Insurance Commissioners in November 2015, Senate Bill 387, Conference Draft 1 is Hawaii's adaptation of the Model Act to ensure the adequacy, accessibility, transparency, and quality of healthcare services offered to all consumers—including low-income, medically underserved individuals—under insurance plans offered in this state.

"A key feature throughout the requirements and provisions of Senate Bill 387, Conference Draft 1 is the sharing of information with regulators and consumers to assure that insurance plans maintain networks that are sufficient in numbers and appropriate types of providers to assure that all covered benefits will be accessible without unreasonable travel or delay. For consumers or patients, an important feature of this bill is the posting of current and accurate provider directories so that members of the public can find appropriate healthcare professionals to serve and meet their critical healthcare needs.

"The impetus is placed on health carriers—or insurance companies responsible for the delivery, payment, or reimbursement of healthcare services—to establish and maintain adequate arrangements to ensure covered persons have reasonable access to participating providers near their homes or businesses. The impetus is also placed on health carriers to ensure that participating providers furnish covered benefits to all covered persons without regard to the covered person's enrollment in the plan as a private purchaser of the plan or as a participant in publicly financed programs of healthcare services.

"As a bill that outlines the critical responsibilities of insurance carriers and healthcare providers to ensure the adequacy of Hawaii's healthcare services, I support Senate Bill 387, Conference Draft 1."

Representative Cullen's written remarks in support of the measure are as follows:

"I stand in strong support of HB 942, HD 1, SD 1, CD 1. This measure authorizes the State Foundation on Culture and the Arts to commission an artist to design and build a monument to honor and commemorate Filipino veterans of World War II.

"Our state has a rich cultural diversity, and it is our duty to honor veterans. This monument is a small token of appreciation to honor those who gave their lives in service. Understanding that conflict leads to peace, it is in times of peace that we must remember those who sacrificed so much for our nation.

"The Filipino Veterans of World War II Congressional Gold Medal Act of 2015 recognized Filipino veterans for their brave service. I believe this measure and the monument it will create is an extension of the recognition that our Filipino veterans truly deserve."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 942, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FILIPINO VETERANS," passed Final Reading by a vote of 51 ayes.

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1420, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Cachola's written remarks in support of the measure are as follows:

"The purpose of this act is to appropriate funds to the Office of Veterans Services for the provision of burial grants for Filipino-American veterans.

"The sacrifices of Filipino soldiers played a vital role in the Allied victory in the Pacific as their numerous guerrilla actions provided United States forces with time to build and prepare for the Allied counterattack. Filipino soldiers fought side-by-side with United States forces to secure their island

nation as the strategic base from which the Allied forces launched their final effort to bring an end to World War II.

"Although Filipino soldiers exhibited tremendous courage and risked their lives to win the war in the Pacific, many of these soldiers were denied full veterans benefits, including U.S. citizenship and burial benefits, which had been promised to them by the United States.

"While Filipino soldiers meeting specific requirements were eventually provided with burial benefits at national and state veterans' cemeteries at no cost, similar to other veterans of the United States Armed Forces, the wish of some Filipino soldiers who were living in Hawaii was that their remains be returned to their homeland. However, this benefit of returning the remains of Filipino soldiers to their homeland for burial was not provided to them.

"This has long been overdue. Numerous Filipino soldiers eagerly waited for their benefits year after year. Decades have gone by and nothing has materialized. Some Filipino soldiers have petitioned their families to come to Hawaii with the hope that they could bring their families and reunite. They have waited two decades. Tragically, some of these soldiers died before any petition papers to come to Hawaii were approved.

"On a personal note, when my father, a guerilla fighter in WWII, died we were uncertain if we should send his body to the Philippines where my late mother was buried. After deliberating, I decided to keep his body here with the reason that my father would meet my late mother in Heaven. During World War II, enemy soldiers detained my wife's father and imprisoned him at a camp. Unfortunately, a bomb demolished the same imprisonment camp and her father's remains were lost. This bill would honor their sacrifices.

"Many parties were instrumental in the passage of this bill. First, I would like to thank the Philippine Consulate and countless leaders within the Filipino Community. Without their rich testimony in support of this bill throughout the legislative process, it would never have gone forward.

"Last, but not least, I want to personally thank my colleagues in this Legislature, both House and Senate Chambers, for passing HB 1420 and honoring the sacrifices of the Filipino soldiers in World War II. Without your support, this would not be possible. It may only be for one year, but hopefully we find additional funding for many more years to come."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1420, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FILIPINO VETERANS BURIAL ASSISTANCE," passed Final Reading by a vote of 51 ayes.

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 607, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Belatti's written remarks in support of the measure are as follows:

"I stand in strong support of House Bill 607, Conference Draft 1. The purpose of this measure is to improve the care of elderly in Hawaii by authorizing the Executive Office on Aging to establish the Kupuna Caregivers Program to assist community members in obtaining care for elders while remaining in the workforce. House Bill 607 also clarifies the services and supports provided by area agencies within the existing Kupuna Care Program. Lastly, \$600,000 is appropriated for fiscal year 2017-2018 for the establishment and implementation of the Kupuna Caregivers Program.

"Hawaii has a rapidly growing elderly population. According to 2015 population data, 16.5% of the population is 65 years and older. The percentage is projected to rise to 19.4% by 2020 and 23% by 2030. Unpaid family caregivers in Hawaii play a critical role in long-term care for the elderly, and they face considerable stress financially, emotionally, and physically.

"By laying the foundation for the Kupuna Caregivers Program, House Bill 607 tasks the Executive Office on Aging with the important, groundbreaking

job of creating a valuable program that can assist and address the ever increasing needs of Hawaii's elderly population and their caregivers."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 607, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO KUPUNA CARE," passed Final Reading by a vote of 51 ayes.

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 552, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Belatti's written remarks in support of the measure are as follows:

"Mr. Speaker, I stand in strong support of House Bill 552, Conference Draft 1.

"The passage of the Patient Protection and Affordable Care Act (ACA) of 2010 has resulted in improved access and improved health care for millions of people who had previously been uninsured due to the insurmountable cost of health insurance or who were uninsurable due to pre-existing conditions that prohibited them from even qualifying for health insurance. The ACA's list of Essential Health Benefits has strengthened health plans that were previously threadbare and allowed individuals to access the type of care that prevents even greater costs to the healthcare system. Families and individuals can also rest easier knowing that the ACA limits total out-of-pocket expenses so that a medical catastrophe does not turn into a financial one.

"It is therefore disheartening to see Republicans in Congress and the White House desperately trying to either repeal the ACA or dismantle its many important protections.

"Although this bill initially attempted to embed the ACA's protections in our state's laws and healthcare system, it quickly became clear that the policy issues surrounding this effort were far too complex to address in a single session. Therefore, this bill creates a working group comprised of members of the Legislature and various departments that will convene during the interim to make suggestions for legislative and administrative action in 2018. Done this way, the working group will have time to contemplate the issues raised during session and dynamically respond to changes coming from Washington, D.C.

"It is important that we do not take steps backward when it comes to protecting the health of our residents and access to quality health care for everyone in our community. For these reasons, Mr. Speaker, I support House Bill 552, Conference Draft 1, and look ahead to the work that we must do collectively to continue to ensure Hawaii's performance as one of the nation's healthiest states."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 552, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 131 and H.B. No. 1244, HD 1, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1244, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Belatti's written remarks in support of the measure are as follows:

"Mr. Speaker, I stand in support of House Bill 1244, Conference Draft 1.

"Water plays an important role in the history and economy of this state. In the Hawaiian creation myth, water—or *wai*—is the manifestation of the god Kāne. Native Hawaiians recognized our streams and oceans as a source of life and well-being. Even today, Hawaii is renowned worldwide for its

pristine waters. This fame draws tourists to the State and gives many residents a source of recreation. However, as we learned from testimony throughout this session, approximately 90,000 cesspools exist in this state that pose a threat to public health and the quality of our drinking and recreational waters.

"House Bill 1244 does three things. First, House Bill 1244 requires, by 2050, the upgrade, conversion, or connection of all cesspools so that they handle waste in a more environmentally appropriate manner. A limited exemption from this mandate is allowed where the Department of Health deems it infeasible to upgrade, connect or convert these cesspools. Second, House Bill 1244 adjusts the definition of a 'qualified cesspool' to include cesspools within 500 feet of sensitive waterways or that impact drinking or recreational waters. Finally, House Bill 1244 requires the Department of Health to more thoroughly investigate and report on the number and impact of cesspools as well as the feasibility of a grant program to assist low-income property owners with adapting their cesspools to comply with the first requirement of this bill.

"Mr. Speaker, this bill may primarily affect those who live in rural areas and on the neighbor islands. However, I think we can all agree that our water—our history, our economy—are worth protecting and that we will revisit the topic next session and in sessions to come to identify solutions that will involve not just homeowners, but counties and the private sector, to make the necessary changes and implement the policies that will protect our environment. For these reasons, Mr. Speaker, I support House Bill 1244, Conference Draft 1."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1244, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CESSPOOLS," passed Final Reading by a vote of 51 ayes.

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1578, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Belatti's written remarks in support of the measure are as follows:

"Mr. Speaker, I stand in support of House Bill 1578, Conference Draft 1.

"The Carbon Farming Task Force created by this measure moves Hawaii in the right direction of identifying benchmarks and best practices for carbon sequestration appropriate for Hawaii's climate and geography that can help flight climate change and rising sea levels—both threats to island economies such as ours.

"Once these benchmarks and best agricultural, aquacultural and public land management practices are identified, certifications, financial incentives, and other public policy options can be developed that will move all of Hawaii's stakeholders—big and small farmers, scientists, ranchers, landowners, and community advocates—towards a stronger, more secure, and economically robust homegrown agricultural industry. For these reasons, I support House Bill 1578, Conference Draft 1."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1578, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CLIMATE CHANGE," passed Final Reading by a vote of 50 ayes to 1 no, with Representative McDermott voting no.

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1351, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Belatti's written remarks in support of the measure are as follows:

"I stand in support of House Bill 1351, Conference Draft 1. This measure authorizes the director of health to expend monies to support county electronics recycling programs.

"Recycling electronic devices helps to prevent toxins, such as lead, from leaching into the environment and posing a threat to human health while also conserving space at inland fills and allowing valuable resources contained in electronic devices, such as copper, gold and aluminum, to be reclaimed for future use. Counties manage electronic device collection programs but currently do not receive monies from the electronic device recycling fund.

"When the law governing recycling electronics passed in 2010, the Department of Health distributed funds to the counties to help with costs associated with collecting used electronics. Two years ago, the attorney general concluded that the language of HRS Chapter 339D did not allow the Department to provide funding to the counties, causing disruption to the existing system.

"House Bill 1351, Conference Draft 1 allows the director of the Department of Health to provide funding to the counties to ensure the successful continuation of electronic device recycling programs throughout the State."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1351, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ELECTRONIC DEVICE RECYCLING FUND," passed Final Reading by a vote of 51 ayes.

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1325, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Yamashita's written remarks in support of the measure are as follows:

"Mr. Speaker, I rise in support of House Bill No. 1325 House Draft 1, Senate Draft 1, Conference Draft 1, Relating to Biosecurity. I would like to speak on this bill in remembrance of the late Representative Clift Tsuji.

"Our dear friend and late Representative recognized the importance of biosecurity in our state, due to our susceptibility to the introduction of invasive species. Such species have the potential to cause immense damage to crops, threaten our fragile ecosystems, and wreak havoc on our local industries. He further believed that it is much more difficult to eradicate these pests after the fact, than it is to prevent the introduction of said species.

"Many of the late Representative Tsuji's last thoughts and discussions with family, friends and colleagues were about biosecurity, consistent with his many years of state and federal-level efforts to ensure the timely execution of Hawaii's biosecurity plan.

"Mr. Speaker, I believe that the late Representative would be extremely proud and pleased that his family, friends, colleagues and supporters worked together to move this measure, affectionately known as the 'Clift Tsuji Act,' forward and through this session in order to protect this island state that he loved."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1325, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO BIOSECURITY," passed Final Reading by a vote of 51 ayes.

ORDINARY CALENDAR

UNFINISHED BUSINESS

Conf. Com. Rep. No. 4 and S.B. No. 514, SD 1, HD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 514, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I just wanted to share again some of the concerns about us turning our pharmacies into urgent cares without having a doctor present. I've already said that there's been multiple incidents reported, but still, from the time we last voted till now, no one's checked how many of these incidents have happened here in Hawaii, and to date, there's been 37,474 vaccine reaction reports made to the federal system in regards to the HPV vaccine.

"And so, just for the edification of the members, this vaccine only had two years of testing before it got placed on the federal calendar, and on top of it, it was never tested with children that have health problems or given in conjunction with other immunizations. And so I think that us giving this ability to pharmacists without knowing these facts about whether or not this should be a good thing to do inside pharmacies that are in a commercial setting, I know that we need more access to health care, but I would hope that the safety of our patients comes before that, making sure that we do this in the right way.

"Typically when you take the HPV, they say that you're supposed to wait 15 minutes, make sure that the physician monitors you in case you have an

adverse event, but this is allowing them to do it in a pharmacy where there isn't a physician, and I don't think our pharmacies are equipped to be urgent cares. And for those reasons, I'm in opposition. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Just very brief comments, Mr. Speaker. I stand in strong support for this important public health measure that ensures access to important vaccinations in accordance with the CDC protocols, that it will improve the overall health and wellbeing of our *keiki*.

"I'd like to note that in order for children to receive this vaccination in the pharmacy setting, there must be a valid prescription, and that must be verified by the pharmacist, that the prescriber or the prescriber's authorized agent is the patient's medical home. The pharmacists who administer these vaccinations are required to complete a training program approved by the Accreditation Council for Pharmacy Education prior to administering the vaccines. These pharmacists must also complete a training program every other biennial renewal period and submit proof of the completion of that board-approved course to the Board of Pharmacy.

"Finally, after any vaccination is administered, the pharmacist must immediately provide to the patient a vaccination record, including the patient's name, date of birth, type of vaccine administered, and the date and location it was administered, and provide within 72 hours to the medical home and within five business days to the Department of the Health Immunization Registry the same information that was provided to the patient. So this is something that is well within good public health protocols, and an important measure for our *keiki*. Thank you."

Representative Har rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in opposition to SB 514, SD 1, HD 1, CD 1. This bill authorizes pharmacists to administer human papillomavirus (HPV), Tdap (tetanus, diphtheria, pertussis), meningococcal, or influenza vaccines to persons between 11 and 17 years of age and in a pharmacy setting. While this bill increases access to vaccinations for younger children, it is for this very reason that I am in opposition.

"Research shows that there are health-related risks when administering vaccines. The HPV vaccine is no different. Currently, under Hawaii Revised Statutes, the HPV vaccine can be administered to those 14 and older. However, no tests for adverse effects have been completed for younger children. Therefore, it is perplexing that the Legislature seeks to pass a measure that would allow this vaccine to be administered to children under the age of 14, without proper testing. We do not have the scientific evidence guaranteeing the safety of our children to support such a measure.

"Furthermore, under current law, the HPV vaccine is administered in a doctor's office or hospital in the event the patient has an adverse reaction, which is known to happen with this vaccine. SB 514, SD 1 allows the HPV vaccine to be administered in a pharmacy setting where there are no first responders present. Therefore, if a child between the ages of 11 and 17 does in fact have an adverse reaction to the vaccine administered at a pharmacy, that patient will not have immediate access to the medical attention he or she may need.

"For these reasons, Mr. Speaker, I stand in opposition to SB 514, SD 1, HD 1, CD 1."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 514, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Final Reading by a vote of 45 ayes to 6 noes, with Representatives Cachola, Har, Kong, McDermott, Oshiro and Tupola voting no.

Conf. Com. Rep. No. 5 and S.B. No. 609, HD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 609, HD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Choy rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, ruling on a potential conflict. Mr. Speaker, I'm an accountant, I do peer reviews, I'm a qualified peer reviewer, and for fun I read accounting standards," and the Chair ruled, "no conflict."

Representative Choy continued to speak in support of the measure, stating:

"In strong support of this measure, Mr. Speaker. Unfortunately, the measure is perfect, but the committee report doesn't reconcile with the measure, so I would like permission to enter written comments in the Journal to clarify the committee report. Thank you."

Representative Choy's written remarks are as follows:

"Mr. Speaker, my comments are made to correct the report from the committee on conference, CCR No. 5.

"The committee's report incorrectly states 'This measure deletes the specific reference to AT section 201 of the AICPA Standards to instead require that peer review procedures be subject to all of the AICPA Standards, which will enable the Board to make references to the pertinent sections of the AICPA standards as needed.'

"The bill specifically states that '(b) The procedures required by this section shall be performed in accordance with the Statements on Standards for Attestation Engagements adopted by the American Institute of Certified Public Accountants' and not the entire set of standards promulgated by the AICPA.

"This is technical but an important point because the AICPA sets many standards.

"Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 609, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ATTESTATION ENGAGEMENTS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 11 and H.B. No. 1501, HD 2, SD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1501, HD 2, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Just real briefly, I needed to clarify, there was a news article that was done on March 5th this year about this bill, and it said, supporters of this bill predict that it will save the state government millions of dollars by reducing the number of people sent to prison for drug offenses. And so what we're talking about here is drug paraphernalia offenses.

"So in there, it stated that there are 109 people that had this as their leading charge, and this is why they were in prison. But then in the testimony, and I have to read this so that everybody can hear this, because not everyone has the chance to read through these. From the Attorney General's Office it says, this bill may not accomplish its intended purpose. In practice, the possession of drug paraphernalia is rarely, if ever charged without a companion count for Promoting a Dangerous Drug in the Third Degree. This is in HRS 712-1243. So this states that the companion of dangerous drug charges is almost always with paraphernalia, so very rarely do they ever charge that solely as its own, and it's not the leading charge.

"And later, the Department of Public Safety came forward and actually corrected that. They said, first, PSD concurs with the testimony of the Department of the Attorney General, the Office of the Public Defender, the Honolulu Department of the Prosecuting Attorney, and the Kauai Office of the Prosecuting Attorney stating that in the vast majority of cases, a defendant is charged with possession or distribution of the illegal drug itself in addition to possession of drug paraphernalia. So not alone. As such, decriminalizing the paraphernalia charge will have no impact on the prison population.

"So they state that, and they actually corrected that they're, it's not clear that 109 cases had that as the leading charge, when the charge is currently a felony C, in addition to PDD 3, possession of a dangerous drug in the third degree, are both felony C charges.

"The reason I bring that up is because if this was intended to decrease the prison population, it won't. But at the end of the day, what does it do? Nothing. Because people just won't charge that crime, they'll just go straight to the PDD 3 crime, and if people are concerned that this is going to put more people in prison who are doing medical marijuana, that is exempt. PDD 3 does not include marijuana as a dangerous drug. It is not listed as a dangerous drug. What we're talking about is meth. So, not medical marijuana, or marijuana for illegal use. It's not marijuana. PDD 3, or the list of dangerous drugs, is other substances aside from marijuana. So, I'm bringing that up because those are some of the concerns, that we might be hurting those people who might need this for that cause. This is not part of that.

"And so I personally am not for decriminalization, and if we're trying to get at solving the prison population and the Public Safety Department is against this because we're not doing that, then my question is, what are we doing by doing this? What is being made better, when this is just going to become something that's not even charged anymore, because they will focus on the other charges that are more important to this.

"The only reason I'm bringing these things up is because if we are on a slippery slope towards decriminalization, we should just already go there. But if we're doing something that definitely is confusing the system, sending two charges on different tracks, we're essentially doing nothing more than complicating the HRS. And those are my thoughts and that's why I'm in opposition. Thank you."

Representative San Buenaventura rose to speak in support of the measure, stating:

"Thank you, Vice Speaker. I attended the OCCC informational hearing last week. Very few of us did. In fact, I think only the Vice Chair of Public Safety went with me, because it was really bad traffic. And the public input there, other than they did not want OCCC in their backyard, was they wanted to push for rehabilitation and programs, rather than incarceration.

"In fact, a Halawa ACO spoke up and said, when you start looking at the prison population, the population here in Hawaii differs from the mainland in that over 60% of the incarcerated people in Hawaii are for non-violent crimes, which is exactly the opposite in the mainland. And so what she was saying, and the Vice Chair of Public Safety who was there listening with me could correct me if I was wrong, but what she was saying is that our crimes are not different from the mainland, it's just that our priorities are different.

"And so this is the first step in changing that skewed philosophy. It is the first step in ensuring that our prison space, at \$104 per person per day, which is more than the mainland people pay for their incarcerated, goes towards the violent criminals. It ensures that we have space for the violent criminals.

"This bill decriminalizes drug paraphernalia, which basically requires still a substantial penalty, \$500. Basically, paraphernalia is the crime of holding a vessel, not the drug itself, because the prior Representative is correct in that the prosecutor charges the drug case as well as the paraphernalia case.

"So basically what we are doing is we are asking the prosecutors to do their job, to convict and charge for the actual crime and not the vessel. We don't do that with minors in possession of alcohol. We don't charge them with a Class C felony for having a flask if they were caught drinking. But

we do, when you happen to have a joint and rolling papers. It is arbitrarily applied.

"In fact, I ran into one of the people who was protesting right out here in the rotunda as part of the Innocence Project, and she said her son is still suffering from PTSD, because contrary to what the prior Representative said, her son was incarcerated solely for drug paraphernalia. And that is the kind of arbitrariness that we must stop. It is the kind of philosophy that we must start changing if we want to make sure that the violent criminals are incarcerated. Thank you."

Representative Oshiro rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'll be speaking against this measure. First of all, I think we need to understand what the law regarding drug paraphernalia includes. It is basically unlawful for any person to use, or to possess with intent to use, drug paraphernalia to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store.

"Those elements there, regarding the manufacture, compounding, conversion, production, processing, prepare, test, analyze, pack, deal with what they call crystal methamphetamine. Crystal methamphetamine on the street is called ice or batu, and Hawaii has the reputation of being one of the leading drug centers for ice and crystal methamphetamine.

"In fact, I'm not proud to say this, but the fact of the matter is my community has a crystal methamphetamine problem, in my backyard. Many of my young people are testing dirty with crystal meth, with heroin, with cocaine, and it's a big deal for us. So when a young parent comes up to me and says, Mr. Oshiro, can you help get my son and daughter into treatment, I say, I hope we can. I hope we can find enough beds. It's a big deal for me.

"I'll read, conceal, inject, ingest, inhale, or otherwise introduce into the human body a controlled substance in violation of this chapter. That's dealing with the ingestion of these materials, whether it's ice, or whether it's smoke.

"Now, I heard my good friend from the island of Hawaii, Puna, talk about rolling papers and a joint. Zig Zag rolling papers, Big Bambu rolling papers, a dime-sized bag of marijuana. I'm not worried about that, Mr. Speaker. I'm not worried about somebody pulling up a corn cob pipe, lighting up, taking a few hits out of their bong pipe. Not a big deal. I don't think they should be penalized for that. Taking a couple of hits off a doobie should not get you in jail.

"But we're not talking about that here. I think the problem we're facing is if someone pulls out a batu pipe, or an ice pipe, and starts smoking away, that's a big difference from someone pulling out a joint. I'd rather have a guy next door to me having a few tokes now and then, than having a guy hitting off a batu pipe. I don't know if you have that problem in Kalihi, Mr. Speaker, but where I come from, it's a big deal. And both the law enforcement at ground zero understand the difference between rolling a joint, smoking a joint, burning a pipe, smoking ice, batu.

"I hope next year we can look back at this law and try and narrow it down so we can address the injustice of incarcerating someone, hurting their lives, maybe destroying their lives, for merely possessing some rolling paper, a roach clip, some doobies. Let's deal with the problem we're facing. But as currently drafted, it may have the unintended consequence of letting others who are promoting, using, distributing, selling, pushing, pushing in our community, dangerous drugs. And that's my objection, Mr. Speaker. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. Mr. Speaker, opposition for three reasons, three reasons only. First, it promotes the drug culture. Mr. Speaker, if you look at what's going on in America, and even just down the street here, we are inundated with drugs. We don't need to promote the drug culture.

"Number two, this is a slap on the wrist for doing a very, very serious offense. If you look at what some of the drugs that are coming through on

the Mexican border, huge amounts of things, which now is confused with the opioids, because one leads to the other. So a drug culture, a slap on the wrist.

"And lastly and most importantly, are we preparing for recreational marijuana? Is this part of the slippery slope to let it go where anything goes and this is just another way to say, hey, light up and get high and everything is okay? Mr. Speaker, that's not the path of a hard-working America that needs to lift up itself from its bootstraps to really make a difference in the world. And the responsibility is lessened each time we promote the drug culture, of which this bill will do. Thank you."

Representative Takayama rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Mr. Speaker, the only real question today is whether we continue to punish a possession of drug paraphernalia as a Class C felony, punishable by up to five years in prison and a \$10,000 fine.

"Right now, there are 150 inmates serving prison time in our correctional facilities, hard time. These are non-violent drug offenders who are serving time alongside violent offenders, violent predators, and in the time, in the years that they spend in prison, they will, in all probability, learn behavior from these fellow inmates. And perhaps when they are discharged from prison, they will commit crimes beyond those that hurt themselves, but perhaps others.

"The real question is whether we promote public safety by using our very limited prison space to incarcerate these non-violent drug offenders, or save space, as the Representative from Puna expressed, save space for the hard-core, violent criminals, who truly belong in prison. I ask my colleagues to support this bill, because it is not only the reasonable step to take, but also because it's the right thing to do. Thank you."

Representative Aquino rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Cullen rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. It's about time we had this bill. When I was Chair of Public Safety and I worked with the senator, when we went and visited the prisons we realized how much we filled our prisons up with people who have drug problems, who had taken drugs. Those places should be for violent criminals and people that harmed people. A lot of people that are on drugs are addicted to drugs.

"The thing I always want to say to people when I have talked to them in large audiences is, we are a drug-taking society. We have so many people addicted to opioids, and if they can't get their opioids because we really crack down on doctors and pharmacists and tell them that we've got to protect from the opioid abuse, what happens? They go out and try to get heroin, or they get illegal street drugs. So the reality is, where we really should put our money is, trying to get people off drugs and also have these substance abuse programs.

"So it really hurt me to see young people, especially in their young twenties, get caught with marijuana or some other street drugs and get thrown in jail for two to four years, and here they were young people with babies and a wife and kids, or a girlfriend, and their mom and dad, and the shame it brought upon the whole family, and it's like you just threw this whole family into this horrible place, and how do they recover? How do they get back into society where they're not criminals?

"And the other thing is, they have a criminal record. So how do we get them employed? So they make a mistake because they're taking drugs, and maybe they took drugs, maybe they didn't even get hooked on drugs until they went to a rave party or something, and someone said, hey, try this, it's a lot of fun, and who would have known that they were going to get addicted to it? So the thing is, we punish people that maybe out of no fault of their own didn't realize they had an addictive personality and they got stuck on these drugs.

"But the reality is, it becomes a lifetime punishment, it's not just throwing them in jail for a short time. It ends up potentially changing their whole life forever. So for that reason, I do not believe it should be a felony the way we have it today, and it's time to change it. Thank you."

Representative Yamane rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tupola rose to respond, stating:

"Thank you, Mr. Speaker. So I'll just reiterate, the Department of Public Safety took no position on this, because it has no impact on the prison population. Now, if we were so concerned about people getting help because they're on drugs, by creating this into a violation, they will not get help. They will not be put into a program, they will not get the option of being able to be ordered that by a judge, because it's now a violation.

"So if we are concerned about that, that people who have this issue get the help and the programs and the resources that they need, then, in the way that this is written, it will not help that. Because by having it actually be some type of crime where they have to go to circuit court and handle their case, then they can get ordered by the judge to get the help that they need. But by having it be a violation, get slapped on the wrist, you get a couple hundred dollars you've got to pay, then you're back doing it again.

"So, again, I hear the concerns of what everyone's saying. If this was an issue about the population, it is said by PSD that it will not affect that. If this is an issue where more people need services, support, programs to help them out of this, this does not help that. And that's where I stand. Not because we don't need people to get help, because, trust, everybody needs help, people need to get on programs, but we need to understand from the level of where law and how law is prosecuted, that we do it in a way that people will get the programs and support that they need. Thank you."

Representative LoPresti rose to speak in support of the measure, stating:

"Strong support. First, I'd like the words of the Chair of Public Safety entered into the Journal as if they were my own. And I'd just like to add that, you sure as heck don't help people by turning them into a felon for the rest of their life. Thank you," and the Chair "so ordered." (By reference only.)

Representative Takayama rose to respond, stating:

"Thank you, Mr. Speaker. Mr. Speaker, I just want to note that some opponents have contended that we're actually helping drug offenders by charging them with a Class C felony, because this enables us to send them to drug treatment programs.

"By extension of that logic, we should make public drunkenness a felony instead of a misdemeanor, because then we could sentence alcohol abusers to rehabilitation centers, and because alcohol abuse causes far more deaths than drug abuse. Thank you, Mr. Speaker."

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1501, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO DRUG PARAPHERNALIA," passed Final Reading by a vote of 42 ayes to 9 noes, with Representatives Aquino, Cullen, Say and Yamane voting aye with reservations, and with Representatives Choy, Har, Kong, Matsumoto, McDermott, Ohno, Oshiro, Tupola and Ward voting no.

Conf. Com. Rep. No. 12 and S.B. No. 773, SD 2, HD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 773, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you. I am in support, Mr. Speaker. And we're now talking about something that is not a drug, and what we're talking about is industrial hemp. I'd like to give special thanks to the Chair of Agriculture and to the Chair of Finance for getting this moving forward.

"We're going to be able to do wide-scale commercial cultivation without roadblocks, and it's a wonderful day, and I have some hemp seed cookies if you're interested, and I also would like to ask for remarks into the Journal. Thank you."

Representative Thielen's written remarks are as follows:

"For cars, researchers are using hemp to replace plastic and metal components. It is a green solution that can replace petroleum-based plastics and fibers. Mercedes, BMW and Audi Volkswagen are leading the way in using plant fibers in their models. Hemp fibers have higher strength-to-weight ratios than steel.

"Henry Ford's first Model-T was built to run on hemp gas and the car's panels were made entirely of hemp. Car panels made of hemp are 10 times more dent-resistant than steel. Unlike steel, the panels bounce back into shape after impact. Cars made of renewable-resource hemp could reduce rusting and a carbon footprint. It can simply be buried at its life end and then consumed naturally by bacteria. An Indiana tech company makes hemp car door liners in partnership with a German plant. Ford Auto & airplane manufacturers use similar products. A Florida-based company produces custom-ordered cars with hemp body panels combined with synthetic resin.

"Hemp is better than graphene, which is the basic element in charcoal and graphite. Hemp fibers help create a hemp-based battery that costs significantly less than other traditional methods.

"When it comes to nuclear disasters, hemp plants are continuously used to decontaminate the soil at Chernobyl, site of the world's worst nuclear catastrophe. Called phytoremediation, hemp's roots absorb poisons, pesticides and metals from the dirt.

"Hemp has the same mechanical properties as glass. It is even lighter than glass, which boosts fuel efficiency.

"California-based Treatibles is vet-approved, makes hemp wellness chews for animals. Organic, non-GMO, gluten-free. Can't get any animal high. Can be taken for a lifetime. It benefits animals like dogs that suffer from a broad range of illnesses including anxiety, epileptic seizures, mobility issues, tumors and ulcers. The cannabinoids in hemp attach to receptors present in animals' brains. Works in 5 to 60 minutes."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against the tiny homes measure. I know people from the Big Island are really anxious to see this go forward, and the bill is very cleverly crafted to just be for the Big Island.

"My concern is that there are some platforms out there that have no scruples. And it's like Airbnb, and what they do, they've listed beach tents, vehicles parked at county state parks, tool sheds, dedicated affordable housing, and anything that they can list to make a buck at the expense of our communities.

"So I'm afraid that these tiny homes are going to fall prey to Airbnb. I know that the Big Island is going to say, wait a minute, it's up to the county to control. But let me just tell you, on the island of Oahu, the Department of Planning and Permitting is totally ineffective at cracking down on the illegal rentals. I would hope Big Island could do a better job, but it may not be possible, and from the experience from here, it's been abysmal. So I think this is not a good idea to go ahead with, and with all due respect to our Majority Floor Leader. Thank you."

Representative Onishi rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. This bill relates only to the Big Island, or Hawaii Island, and after speaking with the Planning Department, they are against this bill. It creates for them a number of problems in terms of enforcement and land use. And so with that I am against the bill. Thank you."

Representative DeCoite rose to speak in opposition to the measure, stating:

"Mr. Speaker, thank you. In opposition. Mr. Speaker, I have some serious concerns about this bill. While this bill has good intentions, there are many points of concern that need to fully be addressed. My top concern is enforcement. Who is responsible for enforcing all of these provisions to

keep these tiny homes on ag lands regulated, with all due respect to the Big Island?

"The bill states that tiny homes shall be occupied only by farmworkers or their immediate family members on farms that have obtained a business license and are currently engaged in agriculture production. So for a \$20 GET license, I can build a tiny home on ag land. Does the business license need to be for an agricultural business? This is not clearly stated in the bill. And who will enforce that the only occupants will be farmworkers and their families? Is there oversight to make sure these tiny homes don't end up on the Airbnb?"

"The counties and states are having enough trouble regulating these vacation rentals, and how can they regulate and enforce these tiny home provisions? The bill also does not limit the number of tiny homes, and actually allows for clusters. How many homes make up a cluster? And is there a ratio to the size of the property and the number of tiny homes?"

"Mr. Speaker, this bill also states that all tiny homes shall be removed from a property when the property is no longer in agricultural use. Again, who will enforce this? And what about the farmers who rotate their crops on their fields? Can the tiny homes stay if the field property is fallow? Or can all of these clusters or tiny homes take over a fallow field as long as they are on the ag property?"

"Mind you, buffer zones are clearly something we should be looking at, whether it be dust, whether it be pesticides. Right now I have given up portions of my own lot as a farmer, and many of those, and not be compensated for the land leases and expenses and water usage that we currently face, and encroachment of others. If there are to be those tiny homes, those tiny homes should be contained on the residential areas where actual productivity is taking place.

"Right now, we are having problems with people not related to agriculture living on ag property and then complaining about ag activities. What about food safety? And where will the disposal of human waste go?"

"Mr. Speaker, I worry that allowing these tiny homes will just be a stepping stone to other non-agriculture activities on ag lands. At a time when the Governor has asked us to double food production, should we allow further non-agricultural uses on ag land?"

"We need the proper enforcement mechanisms in place before something like this should be allowed. What is the rush? This could be a workable idea, but needs to be done properly. If not, I fear that we will have tiny Airbnb units, and not the much-needed ag production that we so look forward to.

"We need enforcement details in clear before we put this into action. We cannot take a wait-and-see approach to this. I'm afraid if we open the flood gates, we cannot close it. Our ag land is too important, and we need to focus on food production, not be distracted by the uncertainties that these tiny homes can bring. For those reasons, I am in opposition, Mr. Speaker. Thank you."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I really appreciate the discussion, but I want everyone to know that for many, many years, the farmers on the Big Island, because in my district in particular it's predominantly agriculture, but the Big Island is predominantly agriculture. And the farmers themselves have brought to our attention that they need housing for farmworkers.

"On the Big Island, when you talk about wages for farmworkers, that is a challenge in itself, because normally they don't get even minimum wage. I don't know why we haven't passed a minimum wage bill for farmworkers. But normally what happens with farms is that you try to get your farmworkers there so that you can live on the land that you work on, and housing has been such a problem.

"So the farmers are the ones that came to me for many years, saying, how can we get farmworkers on the land? Because the law currently says, you can have employee housing on your farm, but the reality, it's not happening,

employee housing. So when we brought this farmworker piece of legislation together, what we realized is one of the concerns was, we have in our law, land use law, agricultural zone land use.

"And so the clarity of putting tiny homes is allowed in ag zones really will help streamline it, because currently, to do your employee housing, you have to go through lots of different types of variances and permits. We understood the home rule issue, and we understood the planning director just had some concerns on enforcement, but I want to clarify to everybody, this does not eliminate all of the safety, public health, bathrooms, all the things you have to do. This did not eliminate any of those needs for people to prove they're following the building codes and doing everything appropriately. We did not eliminate that.

"The other thing we did, because of home rule, is we added language that said the county council may adopt ordinances for the oversight of tiny homes, because that was tried to address the concerns from the previous speaker that in fact for enforcement reasons, the county council can step in and pass ordinances, and we felt that was really good because then there could really bring, if there's abuses, the county council can step in and address that. So we think we addressed all the different concerns, and the community overwhelmingly wants this bill. Thank you very much."

Representative Creagan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I strongly support this bill. Now, we restricted this to the Big Island, because it is a big island, which means people have to travel long distances to work. Our bus system, half the buses aren't even functional, and they only run a few times a day. So when people want to work at a distant place, it's very difficult. But if they can live where they work, these tiny homes will help solve part of that problem.

"I had a friend who was taking classes at UH Hilo in agriculture, and he wanted to do an internship on a dairy farm, which was 120 miles from his home. Well, he had to live in a tent on that farm to do that, because he couldn't do a tiny home.

"Also, what hasn't come up is, some of these tiny homes, they can be mobile homes. They could be fixed or they can be mobile. So, much of the labor on the Big Island moves from season to season, from one place to the other. So this will provide for that transient labor force, and gives them decent housing.

"Another large group of people who work and make some of these organic farms useful is the WWOOFers. They come over here and stay for a month to six months or even longer, but they often have to live in a plastic house from Home Depot or someplace like that, because there's no housing on these places where they work. And these tiny homes will provide that decent housing. They aren't mansions, they're less than 500 square feet, and in most cases will be much smaller than that, but they will provide decent housing for decent workers, and they'll provide housing in most cases without any cost. Thank you, Mr. Speaker."

Representative Har rose in opposition to the measure and asked that the remarks of Representatives Onishi and DeCoite be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Final Reading by a vote of 41 ayes to 10 noes, with Representatives Choy, DeCoite, Har, LoPresti, McKelvey, Onishi, Oshiro, Thielen, Tokioka and Tupola voting no.

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 916, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just wanted to thank the committee chairs for passing this. But it's a really good bill, and I've been following it because it directly impacts our community. It's helped quite a few pediatricians start work at Waianae Coast Comprehensive Health Center.

"So the loan repayment program already had a grant, but what this did was it gave them enough money so they could get matching federal funds. And so where we need it most is in rural areas. That's where we need doctors. So what does this do? This addresses the need by getting a loan repayment to people who actually choose to work in these rural areas. So it helps to pay off their medical loans that they took from going to med school.

"So I just want to read the hospitals and community centers that benefited from this. Waianae Coast Comprehensive, Maui Community Correctional Center, Kau Hospital Rural Health Clinic, Halawa Correctional Facility, Queen Emma Clinics, Kalihi-Palama Health Center, West Hawaii Community Health Center in Waikoloa, Molokai Community Health Center, Kookaa Kalihi Valley Health Center.

"So all of these different health centers that needed it, they eventually got people put in the right positions and got their loans paid off thanks to this program. And so I think it's done a lot of good, and I hope that we can do more of this, so that we can increase the amount of physicians that we desperately need for a lot of our rural and community health centers."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 916, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO LOAN REPAYMENT FOR HEALTH CARE PROFESSIONALS," passed Final Reading by a vote of 51 ayes.

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"With reservations. First, I want to thank the chairs and the conference committee chairs who looked at this, and I've been assured that it's not going to affect people doing hiking and camping recreational access to nature.

"But I do have reservations that I feel, I must say, and it really has to do with one of King Kamehameha's first laws, the Law of the Splintered Paddle, which is so important, it appears in Article IX, Section 10 of the State Constitution. It appears as a symbol of crossed paddles in the center of the Honolulu Police Department badge. And also is considered an unofficial symbol of the Richardson School of Law at University of Hawaii. It reads, quote, 'let every elderly person, woman and child lie by the roadside in safety.'

"This measure criminalizes the location of where someone is homeless. It adds criminal charges to an already vulnerable human being in extremely difficult situations, and it keeps them at odds with overcoming their misfortune. I understand the intent. We do have to do something. But I'm torn about supporting it straight up, with these concerns. So I have to express my reservations. Thank you."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you. In opposition, Mr. Speaker. I would like to incorporate the words of the previous speaker as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Tupola continued, stating:

"I think my concern with this is, as well, I understand the intent of it. But I think that we're getting better and better at the State and city, of telling everyone where they can't go. Don't go here, don't go there, put a fence here, put a fence. We need to get better at telling them where to go, making more affordable housing, making more areas where they can live in, and helping people get from that humungous gap from homeless all the way up to what we call affordable housing.

"And so I bring that up because two of the things that came up when we first discussed this bill, because this is not the first time we've discussed this, it was protests going on at Mauna Kea, and the second thing was homelessness. And so we're talking about issues that we do need to handle, that are definitely looming and still going to happen in society, but I think that we should handle it in a way that gives options, and helps people to find places to go, if that's the case.

"But I do understand, again, the intent of trying to do this, but, again, we talk about the overcrowding in prisons and that we shouldn't be putting people in jail for non-violent crimes. This is very similar to what we just discussed. Thank you, Mr. Speaker."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 895, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL TRESPASS," passed Final Reading by a vote of 44 ayes to 7 noes, with Representatives Gates, LoPresti and Tokioka voting aye with reservations, and with Representatives DeCoite, Ing, Lowen, McKelvey, San Buenaventura, Thielen and Tupola voting no.

At 2:47 o'clock p.m., the Chair noted that the following bills passed Final Reading:

No. 1098, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HOMELESS SHELTERS," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

Conf. Com. Rep. No. 52 and H.B. No. 674, HD 2, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 674, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Har rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to Conference Committee Report Number 52, H.B. No. 674, HD 2, SD 2, CD 1. Mr. Speaker, first off, before I get started on my concerns with this measure, I want to thank the Chair of Human Services. As a first-time member on this committee, it's been a real privilege watching her, someone who has such a big heart, and that's why it's very, it's hard for me to have to stand up against this measure, because I know how well-intended she is, as well as this measure.

"But that said, Mr. Speaker, the purpose of this measure is to require all child care providers to obtain and maintain liability insurance as a condition of licensure, temporary permission, or registration to operate a child care facility, and to disclose certain liability insurance coverage information to parents or guardians applying to have their child cared for at the facility.

"I think what's so notable about this measure is that it was, the conference draft said that this measure should be known as the Wiley Kaikou Muir Act, named after Cynthia King, who was one of the passionate mothers who testified so passionately on this measure, as a result of her child dying in a

daycare center. And that's why I think it's very hard for me to stand in opposition, but I want to be very clear on what my opposition is.

"This bill is very reminiscent of a measure that we passed in 2016 regarding homeless shelters. It was a very well-intended bill. The intent was laudable. We were trying to ensure that our homeless shelters had certain prerequisites to ensure that our homeless were living in acceptable conditions. Unfortunately, the unintended consequences were we started seeing our homeless shelters shut down. Notably, one of our big shelters in Waipahu had to shut down, because they were not able to comply with the new state law.

"That's my biggest fear with this bill, Mr. Speaker. I think that what's going to happen is, you're requiring all of these child care centers now to obtain liability insurance, and while I don't have an issue with that, the fact of the matter is, I think there is going to be that unintended consequence where you're now going to have these centers, these child care centers having to close down because they cannot afford the liability insurance.

"To be sure, the Department of Human Services said in their testimony on House Bill 674 that if this measure is passed, and depending on the cost of insurance coverage, may result in the significant unintended consequences, number one, the statewide reduction of available registered family child care homes and licensed group child care homes, as home-based providers would be disproportionately impacted by the passage of this bill, and these small home-based businesses may not be able to afford the costs of liability insurance. Number two, the cost of child care may likely rise, as cost of providing services rise and the numbers of providers decreases. And number three, lower income families may be disproportionately impacted as they would be priced out of licensed child care. Low-income families may then have no choice but to use less expensive, unregulated child care options.

"Mr. Speaker, again, I think the intent of this measure is laudable. I want to thank the Human Services Chair. It was a difficult hearing. Ms. King, her son was a victim at a child care center, unfortunately passed away, and I understand the need for this bill. But again, we have to be very wary of unintended consequences, similar to the homeless measure that we passed in 2016 which the Governor sent a similar measure this year to fix many of those issues.

"I'm very concerned about the closure, of the unintended consequences that may lead to closures of our child care facilities. Given the fact that West Oahu has one of the highest populations of young children, the last thing we need to be doing is closing down child care facilities because of unintended consequences. So for these reasons, Mr. Speaker, respectfully and unfortunately I must vote no. Thank you."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I want to thank the previous speaker for her work on this. When we sat through the Human Services Committee, it was heart-wrenching to hear this mother testify over and over again about what happened to her and what happened to her child. And I feel for her. It would probably gouge my heart to have to talk about it over and over again, but I think she did it because she was very concerned.

"But, for the same reasons as the previous speaker, there are reservations about how we go about implementing this and making sure that both sides of the issue are addressed without affecting the amount of people, as you know in West Oahu, the amount of people that work multiple jobs and need daycare centers open and that are affordable to them. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 674, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD CARE PROVIDERS," passed Final Reading by a vote of 47 ayes to 3 noes, with Representative Tupola voting aye with reservations, with Representatives Har, Kong and Oshiro voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 53 and H.B. No. 1396, HD 2, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1396, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of House Bill 1396. Mr. Speaker, today the House of Representatives will have the opportunity to pass this bill and address a current lawsuit in federal court.

"Mr. Speaker, there's an urgency to pass House Bill 1396, and the bill represents a fundamental principle that displays the spirit of *aloha*. That we care for our *kūpuna*, our disabled, our married couples, our couples in civil unions. This is about *'ohana*.

"Mr. Speaker, this bill also relates to the Medicaid fund. The Hawaii state budget relies heavily on federal Medicaid funding. In fact, Medicaid funding represents the single largest source of federal funding to the State of Hawaii. In 2015, it displayed \$1.3 billion in federal funding. This is 54% of all federal funding that we get. This relates to this bill.

"I got an attorney general letter, which Douglas Chin signed, I'll provide the salient points. The letter provides, 'there's a lawsuit pending in federal court, which involves a married couple that is trying to live together in a community care foster family home,' it's a Medicaid home, CCFH for short, 'even though they are not Medicaid recipients. We believe if HB 1396 passes then it would resolve the legal issue in the Kawamoto case and allow the Kawamotos to live together in a CCFH permanently.'

"The letter goes on to say, and just so everyone knows date and time, the letter was dated March 24, 2017. They knew it was probably going to go to conference. So in the letter the attorney general continues and provides, 'it is possible that if plaintiffs succeed in their lawsuit the federal court could strike down HRS Section 321-481 as unconstitutional.' This would affect 1,300 community care foster family homes in our state, devastating to over thousands of our elderly and disabled.

"Mr. Speaker, I also wanted to explain what the bill does, and I'll be as concise as possible. First, the bill allows a private-pay to be in a CCFH. Why is that? These homes are made for Medicaid clients. We have 340,000 residents in the State of Hawaii that have Medicaid. Generally they're in a lower income bracket. We need to protect these people. These Medicaid homes are specifically made for that population. That's why this goal has been so complex, and I applaud the lawmakers who crafted this. This was not easy. It was quite complex.

"Working with the Department of Health, the Attorney General's Office and the Department of Human Services, they crafted the language that will allow two private-pay, if certain conditions are met. And why do they want to do this? We don't want to lose our federal Medicaid funding. We don't want to lose over \$1 billion every year from the feds. They're going to allow two private-pay, if certain conditions exist.

"So the attorney generals and the Chair of Human Services who is just doggedly supporting this goal, she was a champion of this bill, they crafted this language. So first of all, the two private-pay need to be either married or in a civil union. Second, the CCFH, the Medicaid home, has to be certified for at least three beds. Third, you cannot kick out a Medicaid recipient or a private-pay. You can't bounce someone out to get that married couple in there, you just can't do that. These are reasonable. These are reasonable fixes in the bill.

"Fourth, well I already said this, the two private-pay need to either be married or in a civil union. We get that. Finally, the couple, the two private-pay, if they're trying to get into this Medicaid home, the area that they're trying to get, it could be Windward area, it could be Kalihi, there cannot be any other medical facility or healthcare facility that could take them, because if they could, they wouldn't need to go into this Medicaid home. This is a good bill."

Representative Say rose to yield his time, and the Chair "so ordered."

Representative Mizuno continued, stating:

"Thank you, Speaker Emeritus. This is a good bill. This was crafted again by, if I can state their names too, Deputy Attorney General Angela Tokuda and Deputy Attorney General Joshua Wisch, they worked with your House Chair of Human Services, along with Department of Health and Department of Human Services. They did a great job, and I want to applaud the Judiciary Chair, Vice Chair, and Finance Chair, Vice Chair, and all their members. This was a very important bill.

"Finally, I would be remiss if I didn't quote Mr. Kawamoto, this is what he had said to me before. 'I defended my country in World War II and fought against discrimination, and won. And today I'm fighting for the right to live with my wife of 69 years.' Noboru Kawamoto. Mr. Kawamoto's wife, Elaine, said this statement. 'After World War II, I met Noboru, and we have never been apart until now.' That's Elaine Kawamoto.

"They're currently together, because there's a stay. It's still in court. I would have to surmise that the attorney generals, true to their word, will explain that the Legislature passed this, this is the fix. It is complex because we don't want to, compelling interest. Compelling interest says we don't want to lose \$1.3 billion in federal funding. We need to protect those Medicaid homes. I understand it. So I think the attorney generals did a great job, the Chair of Human Services was, like I said, a dogged champion for this. I applaud them.

"And finally I just want to tell the members, today the House of Representatives will have the opportunity to pass this bill and address a lawsuit in federal court. I humbly ask the members for their kind support on this bill. *Mahalo*, Mr. Speaker."

Representative Tupola rose to speak in support of the measure, stating:

"In support. I just wanted to thank the Vice Speaker for his words and all his hard work. I have a community member, he's not my constituent, he's actually someone else's constituent, every week he calls me, twice a week, asking me about 1396. What's going on with 1396? Is 1396 going to get passed?"

"I actually missed seeing the Kawamotos this year. For two years in a row, they came every year so that they could testify, and I don't know if they're getting up in age, but we missed them this year, let them know. But I'm grateful that this got passed. I'm grateful that I was able to be on the Human Services Committee, and I want to thank everyone for their work on this."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1396, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO COMMUNITY CARE FOSTER FAMILY HOMES," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 554, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. Mr. Speaker, this is probably one of the kindest bills of this whole session. It allows those who cannot help themselves to be helped, and it's an increasingly difficult problem for those who get off their meds and they don't know they're off their meds, and it's increasingly getting to be a problem, not only in the mental hospitals but also in our prisons, on our streets. There was a homeless guy in the fourth floor bathroom earlier today shouting at the urinal and banging on the wall. Mr. Speaker, this is a growing concern, and I think this bill gives headway. In addition to that, I wish to insert comments in the Journal. Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in strong support.

"This bill creates a procedure that allows state-run facilities, like the Hawaii State Hospital, to get sick people the treatment they need as efficiently as possible.

"Sometimes the mentally ill refuse to take psychiatric medication. It's unfortunate, but not uncommon. And in some cases, that makes them dangerous, to themselves or others.

"What happens now is that hospital staff have to go before a judge, in court, and prove certain factors before they can force that person to take their medication. They have to prove four things. First, that the person is mentally ill. Second, that the patient is a danger to themselves or others. Third, that the treatment is medically appropriate. And fourth, that the treatment is necessary.

"What this bill does is simply allow a panel of three qualified clinicians at the hospital to make those same findings, in order to then go ahead and treat the patient.

"The problem we have right now is the long wait time to get in front of a judge. On average, it takes 17 days to get a hearing. That's a very long time for a dangerously mentally ill person to sit untreated. They could harm themselves or others while they wait, so it's a very good thing to speed up this process, and that's what this bill does.

"In addition, this measure respects the rights of the mentally ill person. It allows them most of the same rights and procedures they would have in court. They get a hearing, they can have counsel, they can cross-examine witnesses, they can present evidence and testimony of their own... They can even appeal their case to the courts, if they want.

"Other states use a procedure like this, and it's about time Hawaii got ahead of the curve when it comes to helping the mentally ill. Government, in its proper role, is a servant of the people. We have a responsibility to help those who can't help themselves. That includes the patients in the State Mental Hospital.

"We fail to live up to our responsibility when we let mentally ill patients suffer for 17 days, only because our court system is backlogged.

"For those reasons, I strongly support this measure. Thank you, Mr. Speaker."

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"I stand in support of House Bill 554, Conference Draft 1.

"Early treatment from those suffering with acute psychotic symptoms is critical to ensuring good long-term outcomes and a more complete recovery for patients. Starting treatment quickly also reduces the danger to other patients, staff, and the patients themselves.

"The current method to obtain an authorization to provide treatment over a patient's objection at the Hawaii State Hospital is by filing a motion for an order authorizing the involuntary administration of medication with the criminal court that has the patient's criminal case. The court having jurisdiction could be in any of the four circuits. According to the testimony of the Department of Health, it takes an average of almost 17 days for a person to receive a hearing, with the longest period being 50 days. This is clearly incompatible with the finding that patients should receive treatment in a timely fashion.

"By providing for a non-judicial, administrative mechanism to review and authorize requests for involuntary treatment within the setting of the Hawaii State Hospital, House Bill 554, Conference Draft 1 attempts to address this unacceptable delay, ensure prompt treatment, protect the patient's due process rights, and result in better outcomes for the patient. This administrative process is clearly needed to ensure patient health and safety and, by providing a seven-year sunset to this process, the Legislature, Department of Health, and patient advocates can study the efficacy of this process to ensure that patient outcomes are being met.

"For these reasons, Mr. Speaker, I support House Bill 554, Conference Draft 1."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 554, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ORDERS FOR TREATMENT OVER OBJECTION," passed Final Reading by a vote of 50 ayes, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 97 and S.B. No. 1286, SD 2, HD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1286, SD 2, HD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Tupola rose to speak in opposition to the measure, stating:

"In opposition. There were a lot of different issues that were going on in this bill when we sat through the Finance Committee. A lot of programs were possibly going to get threatened. I just want to cover a few things.

"First off, the DOE already had been doing this licensing, and they said that it took them a couple hours sometimes after school was done in the summer months, and that it was going okay, and they said if they needed an appropriation that it might be around \$45,000 if there was going to be a position created. And this bill passed out \$60,000 plus \$100,000 into a special fund that hasn't been created for this, which I think is a little excessive for the amount of money that one, somebody was doing it for free before, and then the \$45,000 which was reasonable, but now it's I think way more than what they were asking and what we discussed.

"Secondly, we talked about the fees for these vocational schools. It was \$100, some of the application fees were \$50, and this is suggesting they take it up to \$2,000. So I think everywhere we're going with this bill, it was already, I think, needing a lot of work, and now with these different things coming out, with the fee being increased and with a huge position with a bunch of money going I don't know where, I don't know if this is actually where we want to go with the vocational schools, because the issue was that they said that in order to get accredited they need to be licensed, in order to get licensed they had to be accredited. That's the problem we were supposed to be solving. This does not solve that problem.

"So I'm going back to I guess what we should have done, which was address the issue. That, and the major concern was that stakeholders wanted to apply for grants, and that's why they needed to get accredited. That's where this all started. So we should go back to the reason why we had this discussion and figure out if we've solved the problem, because I feel like we've just complicated it, increased fees, and put a whole bunch of money into the DOE for a position that they possibly don't need. Thank you."

Representative McDermott rose to speak in opposition to the measure, stating:

"Mr. Speaker, I stand in opposition to this measure. One of my friends owns one of these companies. It's how I became aware of it. He's owns a maritime licensing company, and he's going to have to pay that \$2,000 licensing fee out of his pocket. He's not going to be able to pass that on to his students, and barely makes enough money as it is now, and just like everything else, the school goes in cycles, sometimes good, sometimes bad.

"And to believe that the Department of Education is so overworked we had to add a position because they couldn't figure out one person in the entire department, of all those thousands of people they have working there, to handle this handful of schools annually, once a year. And the schools have to provide all the documentation, who certified them, the Department's not going to certify them, who certified them? So in the case of the maritime academy, it's the Coast Guard. And they're federally licensed. So they have to provide all this documentation, in good standing. And they, I guess, the new employee just merely checks it off and then mails them their license.

"This comes before us year after year. Out of all those people in the Department of Education, they couldn't spare one person part time to work on this? I just don't believe that. I don't believe that. And we're going to hurt some of these small schools. So it's a bad bill, I've been against it all along, and I'm still against it today. Thank you, sir."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm one of the whole caucus that's voting no on this, and I am in strong opposition. Believe it or not, in my former life I was a merchant seaman. Mr. Speaker, as the former speaker said, this is going to inconvenience all of these licensed artisans, the technicians, the merchant seamen, in fact they said they have to fly to the mainland now to get certified to increase their viability on the oceans.

"What is gained by this is just about zero, and except for some of the monies that you're going to be collected, which are extravagant. But overall, Mr. Speaker, this is more of a job killer, it's a job disincentive, it's something where we are meddling too close to the bone here and we're going to spoil the dinner the way we're doing this. Thank you."

Representative Woodson rose to speak in support of the measure, stating:

"Mr. Speaker, just strong support with written comments. I would just like to set the record straight on some of the things that had been said here on the floor today. Thank you."

Representative Woodson's written remarks are as follows:

"In terms of licensing, this is completely out of the scope of the DOE's stated mission.

"The initial licensure fee of \$2,000 and renewal fee discussed are 1) an agreed upon price and 2) to fund licensing trade educational entities. The special fund is established so that when fees are collected, the Department can then retain or return the funding source. The additional full-time employment (FTE) is to help with the increased workload per the Department's request. Lastly, this has been an issue that has plagued the Legislature for at least five years, and the proposed legislation is a streamlined solution to license these trade institutions. For these reasons, I am in strong support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1286, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PRIVATE TRADE, VOCATIONAL, AND TECHNICAL SCHOOLS," passed Final Reading by a vote of 45 ayes to 5 noes, with Representatives Matsumoto, McDermott, Thielen, Tupola and Ward voting no, and with Representative Ichiyama being excused.

At 3:17 o'clock p.m., the Chair noted that the following bills passed Final Reading:

S.B. No. 339, SD 1, HD 1, CD 1

H.B. No. 1258, HD 2, SD 2, CD 1
H.B. No. 727, HD 1, SD 2, CD 1
H.B. No. 554, HD 1, SD 2, CD 1
H.B. No. 459, HD 1, SD 1, CD 1
S.B. No. 288, SD 2, HD 2, CD 1
H.B. No. 1009, HD 3, SD 1, CD 1
S.B. No. 953, SD 2, HD 1, CD 1
S.B. No. 545, SD 2, HD 1, CD 1
S.B. No. 1244, SD 2, HD 2, CD 1
S.B. No. 423, SD 1, HD 1, CD 1
S.B. No. 1286, SD 2, HD 2, CD 1

Conf. Com. Rep. No. 99 and S.B. No. 718, SD 1, HD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 718, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I think this is a great step forward. I can't wait to see it implemented to make sure that we give, I guess go out into the districts and really help people consolidate some of these issues that are probably more of the reasons why people are having different felonies and prison charges, because they have different things that they need to handle in one place. So I want to thank the introducer of the bill and definitely the Judiciary for coming up with this idea of doing community outreach courts. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 718, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE COMMUNITY COURT OUTREACH PROJECT," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

Conf. Com. Rep. No. 101 and S.B. No. 559, SD 1, HD 2, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 559, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CLIMATE CHANGE," passed Final Reading by a vote of 49 ayes to 1 no, with Representative McDermott voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 106 and S.B. No. 908, SD 1, HD 2, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 908, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE SMALL BUSINESS REGULATORY FLEXIBILITY ACT," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

Conf. Com. Rep. No. 108 and S.B. No. 469, SD 2, HD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 469, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure, stating:

"In support. I just wanted to thank the conference committee on the work because the positions for the Girls Court was put back in, so the permanent positions were converted, as well as all the CIP projects for the much-needed repairs for all the courthouses that look like they're falling apart. So, thank you very much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 469, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE JUDICIARY," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

Conf. Com. Rep. No. 110 and S.B. No. 207, SD 2, HD 2, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 207, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EMPLOYEES," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

Conf. Com. Rep. No. 116 and H.B. No. 451, HD 1, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 451, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. Mr. Speaker, this allows the Hawaiians who are born in a Hawaiian homestead to stay on the land because of the lowering of the quantum amount. I'm going to put my comments in the Journal, but I just want to footnote the fact that, after 96 years, it's about time we're coming around to making it easier for Hawaiian Homes to get the Hawaiians on the land. It was a promise to rehabilitate and return the land to the Hawaiians. We have not done that, and I know the budget that we spoke about earlier didn't reflect that. But there's still 27,000 on the waiting list.

"Some might argue that this is not going to take them off the list because it's going to keep the families that already have the homestead. But I would say, if there's the political will and the funds, we can put all of those 27,000 on the homelands if we're really determined. And after 100 years and we haven't done it yet, I think it's about time we do the right thing. Thank you, Mr. Speaker."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in strong support.

"Mr. Speaker, the Hawaiian people have seen how throughout generations they have been unable to keep their homesteads because their descendants did not 'qualify' or were not 'Hawaiian enough.'

"This bill seems to solve that problem by offering a solution and saying: if you have lived in this house, and so have your parents, grandparents, and many generations before you, your kids or grandkids should not lose that privilege that was earned by your predecessors many decades back.

"Let us not look at the percentage of 'Hawaiian-ness,' but at the fact that families will get evicted if we don't pass this bill. They will get 'punished' for not having enough concentration of Hawaiian blood despite the fact that they may be of some other Polynesian heritage (Samoan, Tongan, Fijian, etc.), who may have very well some of the original pan-Polynesian family that settled in the Hawaiian Islands.

"This will have no effect in new applications, but it will promote maintenance and upkeep of these residents, pride in ownership, and it will also avoid the painful consequences of an eviction.

"Thank you, Mr. Speaker."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Reservations. That's just my long-standing concern, that this measure is the same as before. I believe it focuses on providing for those who already have property, arguably at the expense of those many thousands, 27,000, apparently, who are still waiting. Thank you."

Representative DeCoite rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. This measure was put forward to address the list. As it stands, most of those that have lost the blood quantum after 25% have chosen to sell their lands. Those lands have not been sold to the person at the top of the list.

"So while we try to address the issue of blood quantum, and to keep that land within that family or '*ohana*, we then can focus at the top of the list instead of having people evade the list. And that is clearly what the measure does here. Thank you, Mr. Speaker."

Representative Holt rose to speak in support of the measure, stating:

"In strong support, and can I have the words of the previous speaker entered into the Journal as my own," and the Chair "so ordered." (By reference only.)

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. Same request," and the Chair "so ordered." (By reference only.)

Representative Ing rose to speak in support of the measure, stating:

"Strong support. Just wanted to thank the introducer and all her hard work on this bill, as well as the department. And I'd also like to request that my words from third reading be inserted into the Journal again, they are my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Tupola rose to speak in support of the measure, stating:

"Strong support. Permission to enter the words of the Representative from Molokai as if they were all my own. Thank you," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 451, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAIIAN HOMES COMMISSION ACT," passed Final Reading by a vote of 50 ayes, with Representatives LoPresti and Thielen voting aye with reservations, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 118 and H.B. No. 471, HD 1, SD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 471, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Oshiro rose to speak in opposition to the measure, stating:

"I rise to speak in opposition. I'll be very brief, Mr. Speaker. Essentially what this bill will do would restrict the Legislature from making an appropriation from the emergency and budget reserve fund, the EBRF, the rainy day fund.

"Several points. By limiting the amount and the appropriation, it may be overly restrictive, especially when you have a budget emergency. The measure as applied could prohibit or limit the Legislature's authority to make appropriations from the emergency budget relief emergency reserve fund in situations such as a zero-growth budget, declining tax revenues, or limit the Legislature's options during an emergency, especially if there's a sharp economic downturn or unforeseen reduction in revenues.

"And I think back in 2008, when we entered into the greatest recession since the Great Depression, we were all unprepared for that. It came as a sudden shock to the entire global and national economy. Hawaii was not spared to any degree. And it was by the use of the emergency rainy day fund that we were able to shore up some of our essential core government services, health, human services, education.

"So I'm just a little concerned that this might overly restrict the Legislature. But of course any subsequent Legislature can un-restrict this particular measure. So, with that said, I'll be voting against this. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 471, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE EMERGENCY AND BUDGET RESERVE FUND," passed Final Reading by a vote of 49 ayes to 1 no, with Representative Oshiro voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 121 and H.B. No. 209, HD 1, SD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 209, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Choy rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I stand in opposition on this measure. This measure is your typical Robin Hood bill. This measure is supposed to take from the rich and give to the poor. This proposal is something that we all want to put into our campaign brochure. This is a bill that's supposed to define a person as a progressive, but unfortunately doesn't.

"This bill does steal from the rich, but it doesn't give back to the poor. This bill raises the highest income tax rates to 11%, making our state one of the highest income tax states in the nation, generating more than \$50 million. I think the results would be, there'll be a flight of residents moving to Las Vegas, or, for that matter, Washington State, Florida, Texas, or any other state with no state income taxes.

"After we take from the rich, we're supposed to give back to the poor, but we don't, because this bill has a nonrefundability provision for its earned income credit. This means the Hawaii earned income credit can only be used to offset a state tax liability. If this credit results in an excess of state taxes paid, it can be only carryforward to future years. This means the poor will not get a dollar in their pockets. Mr. Speaker, the poor cannot take an income tax credit carryforward, take it to Safeway, and pay for a can of Spam.

"Mr. Speaker, when I learned that this measure passed, I started reviewing clients with federal earned income tax credits, and applying this new proposed Hawaii earned income tax credit. Because of the nonrefundable portion, the only thing I could think of was to adjust a person's withholding or exemptions well beyond what is prudent to get some money back in their pockets.

"So here's an example. Single mother, one child, waitress, making \$28,056 a year. Federal EIC, \$1,785. New state EIC, \$357. That's \$14.87 per paycheck, \$29 a month, or \$1 a day. To get that, I would have to increase her exemptions by five, and as a practitioner, I know this is a very, very dangerous calculation. If I miscalculate her exemptions, or her situation changes during the year, she will have a state tax liability at the end of the year. And, you know guys, people who live paycheck to paycheck that have a state tax liability on April 15 is catastrophic.

"Further, Mr. Speaker, what if this waitress, my example, has four children and no income tax liability? The way the bill is written with no income tax liability, this waitress, four kids, will never get a Hawaii earned income tax credit, because of the nonrefundable clause.

"So why are we doing this? Because we say we can't afford a refundable credit. If affordability, Mr. Speaker, is a problem, then why are we giving special interest at Kapalama unlimited millions of dollars in income tax credits? Why are we giving the film industry over \$35 million in tax credits, if we can't afford an earned income tax credit for our poor?

"As I look in this measure, I guess the policy is, if you fly to Hawaii in a private jet, we give you money. If you can only afford a 1990 Toyota Corolla, you're out of luck. Mr. Speaker, we have to stop treating our less fortunate in Hawaii like this, and for these reasons, I stand in opposition. Thank you."

Representative Quinlan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'd like to thank the Representative from Manoa for that wonderful explanation. I'm not conversant in all those technical details, but what I can say about this bill is that it's far past time for our society to start addressing the income inequality that's plaguing us.

"If we continue on our current path and the wealth gap continues to widen, what's going to happen in about 15 or 20 years from now when we get hit by automation and the unemployment chronically climbs over 15% or 20%, is that those of us who have jobs, or those of us that have wealth, are going to have to live in gated communities with security guards and barbed wire, because if you fail to take care of the impoverished members of your society, and that group grows to become a large enough percentage of society, we will see chronic homelessness, crime. We're seeing the beginning waves of it now. And for those reasons, I'm in strong support. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Three reasons. Number one, it's a poorly written bill for the poor. It's rather amazing what the Representative from Manoa just read, shockingly, in fact, because we've waited, as one member in the audience said, for 40 years, this majority party has been trying to do this, and now it's got where it gives a dollar but it takes back fifty cents for its own coffers.

"If you look at the numbers in this particular bill, it shows that, of the \$25 million projected, the State actually ends up taking more than \$25 million for itself. And thirdly, Mr. Speaker, I wish his remarks to be entered in the Journal as my own, but without the same vote as he had. With reservations, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Mr. Speaker, we often get criticized for failing, for not doing enough. Well, this is a measure where we do quite a bit. I have been here for 11 years. Each of those 11 years I have fought for and introduced a bill for the earned income tax credit. This is a bill that passes, that establishes a nonrefundable state earned income tax credit.

"But what the Representative from Manoa fails to note for us is that this is also linked to the federal earned income tax credit. So that very same waitress that that Representative from Manoa talks about would also qualify for a federal earned income tax credit, which is refundable. Which is refundable. So there will be money going back into the pockets of working families under this measure. Because they will have to take the federal income tax credit, they will have to help us draw down millions of dollars that members of our community are entitled to through the federal income tax program.

"The second thing I would note, Mr. Speaker, is that when you look at our tax rates, that waitress is being taxed state income tax. So she will get relief under this measure for her state income taxes.

"Mr. Speaker, I want to thank the introducer of this measure, the Chairwomen of the Finance and WAM Committees, because this really represents a huge step forward for working families in the State of Hawaii. Thank you."

Representative Johanson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Just very briefly, I think there's been good discussion about it already, but there are a few points that I'd also like to highlight.

"In rebuttal to the excellent tax preparer from Manoa, I certainly am not at his level of expertise, but what I will say is, for the member's edification, these very same tax brackets existed from 2009 to 2015. We certainly didn't see so much of a flight that it became such a problem, that it's incomprehensible to reestablish them. So it's a funding mechanism that's

already been tried. It's already existed, and the State managed to survive those six years. So it's at least reasonable to reconsider them.

"Furthermore, to attach them to something that is a direct nexus in terms of offsetting the working poor's burden, I think is very timely, very needed, and, as you can hear and see from many of the members, it's something that's long overdue.

"And much thanks to the Chair of Finance and to the Chair of Ways and Means for taking this first step. And I think that's the way we should also view this, as progress. It's a first step. All of us would probably like something that was a lot more generous, but I would rather have something rather than nothing, and for the entire time that I've been here, we've talked and talked about how much people have a hard time making a living here, how difficult it is for them to make ends meet. And yet, session after session, we manage not to do a whole lot.

"And so this is progress, this is a first step. And establishing it, whether it's perfect and ideal, is not necessarily I think anybody's intention. I think at this point we're all glad that we just have it established. For the first time, we have an earned income tax credit. Whether or not it's perfect, I think it's progress, and it's a start.

"So I do appreciate, again, the Chair of Finance and the Chair of Ways and Means for making this very generous first step toward really alleviating the burden that so many of our working poor face. And there's much more to do, definitely. I think the Representative from Manoa and I agree on that, and I will look forward to supporting his tax policies that work hard to reduce the burden of those most in need. Thank you."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I just want to echo many of the members' sentiments and thank the authors and the chairs along the way, and I'd like the words of the Chair of Health and the Chair of Labor entered into the Journal as if they were my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I want to thank the Representative from Moanalua, because I know he worked really hard on this, and I appreciate his comments and all his back work on it, as well as the Representative from Manoa, who shared a lot with us today. But mixed together with both of their statements is where my concern lies. Thank you."

Representative Oshiro rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'll be standing in support, I just have some reservations. First of all, I think the policy of increasing the Hawaii income tax bracket back to what it was between 2009 and 2015 is appropriate. I just wish that all the monies that are raised from taxing the upper 3% or 5% of our citizens would all go to the beneficiaries, which should be the lower income residents, taxpayers.

"I believe the tax accountant from Manoa stated it, but let me be more blunt about it. I think as far as achieving a Robin Hood-type income redistribution, we only get halfway there. If I look at some of the Department of Taxation's expected revenues expenditures, I think the income tax would raise about \$50 million the first year.

"The EITC, because it's not a refundable tax credit, which in layman's terms means a check in the mail after you file your income tax, because it's not a refundable tax credit, it only is applied to your tax obligation, I think it's penciled in at about \$17 million. So although we generate about \$50 million, much of it does not go to the lower income folks through the earned income tax credit.

"I am also pointing out the fact that as it grows, the amount of the earned income tax credit, again, almost half will get to the lower income working families. Much of it will go into the general fund, which I have no problem

about it, but I think we need to be honest about the beneficiaries of this. Who pays and who actually benefits in the near term, short term.

"I would hope that next year we come back in here, we look at making it a refundable tax credit. Like the federal tax credit. Refundable. I think you'll get a lot more money into the pockets of working family taxpayers, which will circulate a lot quicker into the economy, buying groceries, paying off bills, putting aside some money for other activities. I think that would go a lot more to helping those families.

"I know that if this is carried through over several years, I believe that the credit itself ends in 2022. So I think there'll be a chance for us to review the policy that we set here today. But again, I really would hope that we had continued our initial desire to achieve a refundable tax credit. A check in the mail, cash in hand, versus a mere paper credit against a tax obligation. Thank you."

Representative Nakamura rose to speak in support of the measure, stating:

"Standing in support of this bill. There are many components that everyone's been talking about, but the one component that is very important to me is the regressivity of the general excise tax, and what this bill does is it repeals the sunset date for the refundable food excise tax credit. Establishing that state earned income tax credit at 20% of the federal earned income tax credit is also to me very important.

"I also would like to acknowledge the Representatives of Moanalua and Nuuanu who crafted the bill, and I really believe that people who are living in poverty can keep a little bit more of what they earn, and working families who struggle every day to make ends meet in Hawaii will benefit from this bill.

"And I appreciate the words of our Representative from Manoa, and I too believe that we should work toward a refundable tax credit in the future, but I believe this is a great first step. *Mahalo.*"

Representative Choy rose to respond, stating:

"Still in opposition, Mr. Speaker. Interestingly enough, the bill that I voted on in Finance, HB 209, HD 1, was a refundable EIC. This House voted for a refundable tax credit. I'd like to commend all of you for doing that, so I can just say that the people who screwed it up was, no, I won't say that."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I would like the words of the good speaker from Kauai entered into the record as if they were my own. And also the last snippet from the second comments made by the good gentleman from Manoa as to where the train came off the rails, so to speak," and the Chair "so ordered." (By reference only.)

Representative Say rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Say's written remarks are as follows:

"Mr. Speaker, I rise in total opposition to HB 209, HD 1, SD 1, CD 1, Relating to Taxation. I would like to incorporate the words of the Representative from Manoa as if it was my own. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 209, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Final Reading by a vote of 44 ayes to 6 noes, with Representatives Oshiro, Tupola and Ward voting aye with reservations, with Representatives Choy, Har, Ito, Kong, Say and Tokioka voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 127 and H.B. No. 83, HD 1, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 83, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Tupola rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tupola's written remarks are as follows:

"I support the Pu'uuhonua in Wai'anae and support all that Aunty Twinkles has done for the community. However, my concern is having a bill pass that is forming a 'working group' to talk about a solution. There are many key community players that have already made progress towards a solution and I would love to see the \$25,000 go towards a solution and not another talking group."

Representative Gates rose to speak in support of the measure, stating:

"Mr. Speaker, standing in support. With the shortage of low-cost and affordable housing statewide, and with the highest homeless per capita in the nation, I believe it's time that we look outside the box on how we house our homeless population moving forward.

"I believe this bill does that by creating a working group to seriously look at the feasibility of safe zones, and I ask that members please support this measure. *Mahalo.*"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 83, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HOMELESSNESS," passed Final Reading by a vote of 50 ayes, with Representative Tupola voting aye with reservations, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 133 and H.B. No. 571, HD 1, SD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 571, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Lee rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I ask for a ruling on a potential conflict. I currently serve on the UH Sea Grant advisory board, and receive no compensation. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 571, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

Conf. Com. Rep. No. 134 and H.B. No. 1114, HD 1, SD 2, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1114, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO OCCUPATIONAL SAFETY AND HEALTH PENALTIES," passed Final Reading by a vote of 49 ayes to 1 no, with Representative Tupola voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 138 and H.B. No. 213, HD 1, SD 1, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 213, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FAMILY LEAVE," passed Final Reading by a vote of 47 ayes to 3 noes, with Representatives Kong, Tupola and Ward voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 140 and H.B. No. 1475, HD 2, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1475, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative DeCoite rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, as a farmer, I support locally grown Hawaii products. This is a bill again with good intentions, but no protections. If the intent of the bill is to help ensure public access to locally grown food and value-added products, then why did the provisions about local Hawaii products get taken out of this bill in conference committee?

"I support farmers' markets, and all of you know that. But this bill does not provide the protections and enforcement that is needed. Who is going to enforce that the produce that are only selling ag products grown in Hawaii? We have vendors at farmers' markets now that sell imported produce.

"Why do we think it will be different just because the farmers' market is on ag land? Especially since the bill only requires the operation to be registered in Hawaii, not headquartered or from here. This is a big loophole that defeats the intent of the measure.

"Department of Agriculture and Department of Health has already allowed for farm stands and retail activities in enclosed structures where value-added products can be sold. A retail food establishment owned and operated by a producer, given that the products are grown in Hawaii to be are operated in agriculture districts. So why do we need the farmers' markets and food hubs operated on ag land that don't have the same requirements in productions?

"This allows for visitors also to stay there, and it includes overnight accommodations up to 21 days. Mr. Speaker, if this is about access to food and sustainability, then we're going about it the wrong way. We should be focused on the food safety and supporting truly agriculture grown in Hawaii.

"This bill as written doesn't provide the protections and enforcement, and it does not support our local farmers, ranchers and value-added producers. This bill allows for outside interests to come in under the guise of agriculture to compete with our truly local agriculturalists. For that reason, Mr. Speaker, I'm in opposition. *Mahalo.*"

Representative Onishi rose in opposition to the measure and asked that the remarks of Representative DeCoite be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Oshiro rose to speak in opposition to the measure, stating:

"Mr. Speaker, opposition. First, may I have the words of the farmer Representative from Molokai as my very own" and the Chair "so ordered." (By reference only.)

Representative Oshiro continued, stating:

"I think her comments kind of pointed out the major, severe concerns about the bill. I think people should look at the bill. The relevant language is on page seven. A farmers' market, which is an outdoor market limited to producers selling agricultural products grown in Hawaii and value-added products that were produced using agricultural products grown in Hawaii; and (E) A food hub, which is a facility that may contain a commercial kitchen and provides for the storage, processing, distribution, and sale of agricultural products grown in Hawaii and value-added products that were produced using agricultural products grown in Hawaii.

"Again, it doesn't state any requirement that 100% of the ingredients put into that process or put into that product or value-added product had anything to do with Hawaii farmers or being grown on Hawaiian lands or Hawaii lands or any of these notions that you would think of supporting local farmers for local consumption, local folks. It creates the image of that,

but when you walk through the actual bill and what it does and doesn't do, there is no enforcement, there are no protections.

"And the reason why it's relevant for the people on Oahu is that we should know that we have spent over \$120 million over the past five years in buying land from David Murdock. David Murdock is the owner of Castle & Cooke, also known as Dole Foods. And the idea is that the Agribusiness Development Corporation may be exploring ways of creating different types of food hubs, of farmers' markets on agricultural lands, and indirectly this had opened the door for them to allow these types of business practices to take place on public lands, controlled by the Agribusiness Development Corporation.

"So I take the words and the insight of a true farmer from the island of Molokai, and when I apply that to what could happen in my own backyard, I'm concerned. I'm very concerned about what may happen under the Agribusiness Development Corporation and its operations out in the Wahiawa area. So for those reasons I will oppose this measure. Thank you."

Representative Creagan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Farmers' markets were actually allowed up until 2012 without restrictions or limitations on percentage of food grown in Hawaii. It was inadvertently taken out of bills by one of the senators who started to put the bills in about farm stands and retail farm outlets. And the language of this bill mirrors exactly the language in those other provisions, except it adds farmers' markets back in.

"Farmers' markets on an island like Hawaii are important, because the land, like the urban cores, are separated sometimes as much as 50 miles. So if you have a farmers' market, local farmers can get together and sell their produce, do value-added products which adds to the feasibility of there being farmers, and provides food to the local community.

"This is about community farming. This is about subsistence farming and local farming. My wife and I helped found a farmers' market in Naalehu. It was on commercial land and it became taken over by knick-knacks and stuff like that, instead of just selling local food.

"So this will provide a venue for real farmers, subsistence farmers, farmers who grow food for their families and for their communities, to share that food with their neighbors and their communities. Thank you."

Representative Thielen rose in support of the measure and asked that the remarks of Representative Creagan be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Tokioka rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1475, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL LANDS," passed Final Reading by a vote of 43 ayes to 7 noes, with Representatives DeCoite, Har, Ito, Onishi, Say, Tokioka and Tupola voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 142 and H.B. No. 427, HD 2, SD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 427, HD 2, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. Two comments. One that I've said many times on this floor, darkness is a natural resource. The second point is that, as the leading astronomy place in the world, this is a very, very important bill. And other remarks I request to be put in the Journal. Thank you."

Representative Ward's written remarks are as follows:

"Darkness is a natural resource. We are in the best place on Earth to observe the night skies and should do everything possible to preserve that privilege. This measure can and will continue to serve as a vehicle for increased research and discovery."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 427, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO DARK NIGHT SKIES PROTECTION," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

At 3:52 o'clock p.m., the Chair noted that the following bills passed Final Reading:

S.B. No. 718, SD 1, HD 1, CD 1
 S.B. No. 559, SD 1, HD 2, CD 1
 S.B. No. 908, SD 1, HD 2, CD 1
 S.B. No. 469, SD 2, HD 1, CD 1
 S.B. No. 207, SD 2, HD 2, CD 1
 H.B. No. 451, HD 1, SD 2, CD 1
 H.B. No. 471, HD 1, SD 1, CD 1
 H.B. No. 209, HD 1, SD 1, CD 1
 H.B. No. 83, HD 1, SD 2, CD 1
 H.B. No. 571, HD 1, SD 1, CD 1
 H.B. No. 1114, HD 1, SD 2, CD 1
 H.B. No. 213, HD 1, SD 1, CD 1
 H.B. No. 1475, HD 2, SD 2, CD 1
 H.B. No. 427, HD 2, SD 1, CD 1

Representative Saiki rose, stating:

"Mr. Speaker, could we have a 10 minute recess?"

At 3:52 o'clock p.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 4:11 o'clock p.m.

At this time, the Chair stated:

"Members, we're on page 27, refer to Conference Committee Report Number 155."

Conf. Com. Rep. No. 155 and S.B. No. 1148, SD 2, HD 2, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee and S.B. No. 1148, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO COMMUNITY DEVELOPMENT," were recommitted to the Committee on Conference, with Representatives DeCoite, Hashem, Ichiyama, Oshiro and Tokioka being excused.

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 923, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Matsumoto rose to disclose a potential conflict of interest, stating:

"Ruling on a potential conflict. My husband is a firefighter. Thank you," and the Chair ruled, "no conflict."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 923, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC EMPLOYMENT COST ITEMS," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

Conf. Com. Rep. No. 154 and S.B. No. 1016, SD 1, HD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1016, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. Permission to enter my comments from third reading into the Journal. Thank you very much," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1016, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Final Reading by a vote of 48 ayes to 2 noes, with Representative Tupola voting aye with reservations, with Representatives McKelvey and Thielen voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 156 and S.B. No. 501, SD 1, HD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 501, SD 1, HD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Matsumoto rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. I understand this bill will allow women access to a wide spectrum of health services and information. However, I feel that this bill unfairly targets limited service pregnancy centers that do not charge for their services, by requiring them to post notice to clients. This notice seems benign on its face, however, as the bill is now written, most facilities will be exempt from requirements, limited pregnancy centers will not. Requiring faith-based pregnancy centers to post or provide a notice directing patients to state programs is a violation of free speech.

"Another serious problem with this bill is the language requirement. The notice must be provided to clients in English or another language requested by a client. The results of pregnancy tests must be provided immediately upon completion of the test, however, the same language requirement applies. Requiring limited service pregnancy centers to provide the notice and results in any language a patient requests places a substantial burden on these service providers that is not required of other entities.

"The Office of Language Access submitted comments stating this bill would greatly expand the reach of language access to private entities that are not required to provide interpreters or translation of documents under federal or state law. The current law only covers entities that take state or federal funds, which is not limited service pregnancy centers.

"If we pass this bill, the centers will be singled out as having to provide translation services above and beyond the intent of current federal and state law. And while I understand this bill will allow women to know where they can obtain a wide spectrum of reproductive health services, I have concerns with this bill, and I feel like it is a lawsuit waiting to happen. These are the reasons I stand in opposition to this bill."

Representative McDermott rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'd like the comments of the previous speaker to be entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative McDermott continued, stating:

"I am in opposition. I'll be brief. This is just designed to put these Christian alternative centers out of business. 1992 Democratic National Convention, Bill Clinton said he wants abortion to be safe, legal and rare. Rare. Does this match that thought process? Rare? These centers do, but the ideology of this body is not. And so we want to put these guys out of business, and they will be out of business, unless of course they overturn this, because they're going to get sued and they won't be able to stay in business. So let's remember that as we vote for this today."

Representative Har rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. Mr. Speaker, my concern stems from the definition of limited service pregnancy centers, which was added into the bill in the conference draft 1. It specifically states that a limited service pregnancy center means a facility that: (A) Advertises or solicits clients or patients with offers to provide prenatal sonography, pregnancy tests, or pregnancy options counseling; (B) Collects health information from clients or patients; and (C) Provides family planning or pregnancy-related services, including but not limited to obstetric ultrasound, obstetric sonogram, pregnancy testing, pregnancy diagnosis, reproductive health counseling, or prenatal care.

"I did send this conference draft 1 over to the American Society for Reproductive Medicine and they believe, I did receive an email this morning and obviously this was not a bill that they were tracking because they did

not think it was going to apply to them. And they are now telling me that this does now apply to reproductive facilities. And so they are claiming that this is very burdensome, they are very upset about this measure.

"So now, just a few weeks ago we had a floor presentation on recognizing our IVF facilities, helping parents who are trying to have children, and now you are going to require these reproductive endocrinologists to put up a sign in their offices regarding Hawaii has public programs that provide immediate free or low-cost access to comprehensive family planning services, including, but not limited to, all FDA-approved methods of contraception and pregnancy-related services for eligible women.

"Something here doesn't make sense, Mr. Speaker. The reproductive endocrinologists in the American Society for Reproductive Medicine was not a part of this bill. They fall under the definition of limited pregnancy center, and this is overly burdensome for them. It makes no sense that they would have to put up a sign for this given the fact that their job is to create life. So for these reasons, I'm in opposition. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, and I just want to note that while I think there is really good intent in some of the services and people especially who are involved in some of these operations, there are indeed unintended consequences. And while I think there is justification for the kind of education outreach a lot of people want to do and are intending to do, the unintended consequences far outweigh the positive impact that some of these centers may be having. Because those unintended consequences include direct medical threats to health and public safety. And it is not something that I think is intentional, but it is something that in practice we have heard from testifiers, from doctors, from OBGYNs, from other legitimate medical establishments that cleanup and follow-up and procedures and all sorts of corrective actions have been taken for people who have been given advice, in some cases perceivably medical advice that they have acted upon, which have caused all sorts of problems.

"I think there is something to be said for the fact that the public perception of what is being provided can be deceptive. That someone can approach a center like this seeking medical advice, expecting medical advice, and receiving what they believe to be medical advice, when in reality it may not actually be. Because of this, there is a question at hand whether these services may be defined as medical services, and if so, of course ought to be regulated as medical providers. That not being the case currently under our current law, we have an obligation, I believe, to ensure that we err on the side of public health and safety. To protect lives. To ensure people the best choices when they believe they are making decisions based upon their medical future.

"I think we don't need to wait for an incident to occur where someone gets advice they believe to be medical advice and ends up losing a child or their own life or any number of other complications. We know those statistics, those cases, are occurring today. We therefore have an obligation, I believe, to move forward. And I think this, for me personally, does not go far enough in making sure that we protect the health and safety and ensure transparency in operations, but I believe this is a good first step. Thank you very much."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. Mr. Speaker this is a very serious infringement on free speech, or forced speech, if you will. Forcing a Christian nonprofit organization to put in their window or put in the hands of their customers. Mr. Speaker, what's the logic of that?

"For those abortion mills that do those things. The point is, Mr. Speaker, the equivalent of this enforced speech is if this was a Muslim restaurant, and it has from this body, this government, to say, you must put in your front window, pork for sale at the accompanying restaurant down the street. That would be an outrage. It would be forced speech. To force a Muslim to sell pork or to advertise pork. Well, the equivalent of this is with the small nonprofit, hardly making enough money to stay in without a lot of volunteers and a lot of donations.

"And why we're going to push this in their face, Mr. Speaker, I think gives us just a bad reputation, a bad name, for not being fair and not being just. And for those who are pro-life this is a very meaningful bill. And for those who are on the other side where you are in one of those particular areas where you can do an abortion, there are plenty of services available.

"Mr. Speaker, I would challenge that people don't know the difference between this kind of an institution and the other kind. I think the people are not that naïve. For those reasons, Mr. Speaker, this, as one of my colleagues says, is really a lawsuit waiting to happen. Do we really want this bill to get into the courts and just tie us up even more, in terms of the culture wars and the social upheaval that it's going to cause? For those reasons, Mr. Speaker, this is a very bad policy."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I want to thank our Health Committee, because when we heard this bill we had a completely different discussion about some of these issues, about unintended consequences and making sure that this obligation that we have to make sure that everyone knows what's offered was actually justfully executed by this law.

"Now what I mean by that is that if it is where there are certain areas that people aren't saying what the full scope of services that are available here in Hawaii is happening, then we need to make sure that all areas give reference to these services that are available. That's the conversation we had. So our chair decided to make sure that this was a more broad-reaching bill that made all pregnancy services be able to disclose this so that it wasn't targeting one group or one type of pregnancy service center.

"And that's the discussion we had. Because if it is where more people need information about what's out there, then it should be broadly dispersed, all over the place, in any area that we think that people might be concerned or might be interested in where to get these services.

"But now we look at the conference draft and it reverted back to what it first said, which is where all the issue was, when it targets only one entity and says, you have to do this, you have to put this up, you have to do this because all of these other areas are exempted. That's the discussion that we're having right now. And that is the lawsuit that happened in other states in bills that had similar language.

"In the Fourth Circuit they struck the language down in that part of the bill. And in the Ninth Circuit the same bill that was proposed is now going to Supreme Court, and by May 20 we'll know where that bill stands. That's what the references are to this lawsuit. So it's not like an imaginary one, it's happening in other states because of bills that have passed with similar language.

"So I think what we're asking is that that be considered and that be understood that as we pass law that we make sure that it's constitutional law, and that if we do talk about measures that intend to give out information to the public, then we should put it in places where everybody can reach it. We make statewide policy. We don't make policy for one family, one business, one type of people. And so if we're talking about statewide policy, then that should reflect here. Thank you."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. There are so many changes we're making in our laws because of modern technology. One of the things that's been happening with pregnancy is sonography and how often they're used. Obviously people are going into an office, like an ultrasound type of equipment. Also, it's saying here that this place collects health information. I don't know what religion, I don't know anything about that. All I know is we have these new entities popping up and it's our job as legislators to look at when you need to step up and regulate new ideas, new technologies, if in fact there needs to be regulations and oversight.

"I think it's appropriate that this bill was brought to us, because now these entities now exist. If we have people out there asking clients for their private healthcare information, we know there are privacy laws around that've been passed by the federal government on how you deal with health information.

Now we have someone dealing with an ultrasound and how they use that ultrasound and the safety of the mother, and if there is a child, the safety of the child. Also there is counseling, and when you're counseling people it's a health-related counseling.

"So I just think it's appropriate that we have this discussion. As again, who would have known we were talking, 10 years ago we weren't talking about this because technology hadn't reached the point that the sonography is becoming the common way you deal with people who think they may be pregnant. So I'm in strong support of it and hope we pass it out overwhelmingly. Thank you."

Representative San Buenaventura rose to speak in support of the measure, stating:

"Thank you, in strong support. We shouldn't have the fear of lawsuits prevent us from doing what is right, and this is what is right. If there are people or centers or organizations claiming to provide pregnancy services but are not providing information to the poor, then we should make them.

"This only requires, and it doesn't say abortion on it, it says, word for word, 'Hawaii has public programs that provide immediate free or low-cost access to comprehensive family planning services, including, but not limited to, all FDA-approved methods of contraception and pregnancy-related services for eligible women. To apply online for medical insurance coverage, that will cover the full range of family planning and prenatal care services, go to mybenefits.hawaii.gov.' Nowhere here does it say, have an abortion. It just says what Hawaii, the State of Hawaii, is offering.

"Employers right now are required by Department of Labor and by our own laws to post, in bigger signs than this, this is only 8.5 x 11, in bigger signs than this, all employee rights. For organizations or associations or anything claiming to offer pregnancy services, this is a limited requirement, and it's the right thing to do. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"In strong support. I'd like to adopt the words of the previous speaker," and the Chair "so ordered." (By reference only.)

Representative Belatti continued, stating:

"I want to emphasize, this bill is about information. The providing of information that can connect women to important prenatal care services that could be invaluable to maintaining a pregnancy. This bill is also about the protection of information, and that's gotten lost in some of the conversation. Protection of women's private health information that is not protected in these unlicensed centers. So Mr. Speaker, in strong support."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Strong support. I ask only that the words of the Representative from Waimanalo, the Representative from Puna, and the Health Chair be entered in the record as if they were my own. This is a truth in advertising bill, that's all," and the Chair "so ordered." (By reference only.)

Representative Ward rose to respond, stating:

"Mr. Speaker, in continued opposition, just two points. One is that we are fast to forget, by the remarks of the good lady from the Big Island, that the original language of the bill said abortion. Thanks to a lot of people who did the wordsmithing, it was taken out. So to think that it was never intended to be that is a misconstruing of the history. Secondly, may I put more comments into the Journal? Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in opposition.

"This bill is literally a lawsuit waiting to happen.

"The Alliance Defending Freedom handled the 9th Circuit case that challenged a similar bill. Their representative in Hawaii has already stated that a suit will be filed challenging the constitutionality of SB 501 if it becomes law.

"The plaintiffs in the 9th Circuit case are waiting for a decision from the Supreme Court on whether the court will hear the case. If we must pass this out, wouldn't it be prudent to wait until that decision is rendered? Why do we want to pass a bill that is going to cost taxpayer money to defend in court?

"Why was this bill drafted? What problem is it solving? Are government funded abortion clinics losing money because of the free services provided by limited service pregnancy centers? Are women unaware of different contraceptive methods and unable to find information in this day and age?

"Or are the limited service pregnancy centers being targeted throughout the country because of a nationwide effort of organizations like the National Abortion and Reproductive Rights Action League Pro-Choice America, and government funded abortion clinics?

"The website for Pro-Choice Washington has a page claiming that limited service pregnancy centers give false information and asking women to share their bad experiences. It is obvious the goal is to shut the centers down.

"No hard evidence was presented in hearings that showed limited service pregnancy centers were misinforming women. There were testifiers who claim to have been misled by government funded abortion clinics and some who said the same about limited service pregnancy centers.

"Ironically, those who claim to be pro-choice do not want to offer women the choice between abortion and getting information that may help them chose to give birth.

"Our Constitution guarantees freedom of religion and freedom of speech. We do not get to select the speech protected. All speech is protected whether we agree with it or not.

"Today, it is the pregnancy centers that are being targeted with compelled speech. This is a violation of the First Amendment.

"We cannot afford to start down the path of selecting whose First Amendment rights are protected. That is bad public policy and a slippery slope to the end of our constitutionally protected rights.

"I humbly ask you to vote no on this bill. Thank you, Mr. Speaker."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'd like to adopt the words of the Representatives from Puna and from Makiki into the Journal," and the Chair "so ordered." (By reference only.)

Representative Lowen continued, stating:

"I think part of this is just about making sure that if somebody is seeking advice on this issue, they're pregnant or they're seeking contraception, then they just deserve access to information that includes all the available services and factual information. And I think there is a lot of reason, and I've checked out some of the websites for some of the pregnancy centers, that there would be concerns that not all the information is being provided, and that it is not necessarily all factual either.

"So the posting of this poster, it just provides information of a place people can go to access information to make sure they are informed about the benefits that they could be provided through the State. And I think it's our responsibility to ensure that people in this situation, young women in this situation, receive the help and support that they need."

Representative Oshiro rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising in opposition. First of all, let me first address some of the changes that were made in the conference draft. I've

heard from several speakers that the signage requirement of 8.5 x 11 on those three sentences do not seem to be problematic and it deals with truth in advertising.

"I think what the conferees did was remove the requirement that that particular signage be posted in the clinicians or the waiting room of that limited pregnancy center. So that's no longer in the draft, I believe. I think it has to be made available in some handout, maybe as a flyer, or also made available on an iPad or some electronic device.

"There was supposed to be a requirement in the prior draft regarding information, so that those patients and/or clients would be able to have these types of services, again these three sentences, in their own native language, whether it be Hawaiian, or Korean, or Thai, or Ilocano, or Tagalog, or several different languages.

"What's not in this bill is any requirement that that language, that I thought it was so important to make sure that many of these women who may not have English as a first language, would be able to have information presented to them in their language. That's no longer in the bill. So if they walk into one of these limited pregnancy centers, the only information that's being made available, it's in English.

"But, what's interesting about this bill is that when they do get the free, and I must stress free, pregnancy test, immediately the results have to be made available to that individual in the language of their choice. So if a woman walks in there and goes through the requisite process of being a client, i.e. patient, and then gets their free pregnancy test, immediately that limited pregnancy center has to provide the services in that person's preferred language. Failure to do so is a violation of this proposed law.

"Let me also comment upon this fact. Although they tried to deal with the issue of, a still controversial issue regarding abortion, and I believe my colleague from the Windward side made that critical amendment, there is still the word contraception. I have some friends and colleagues who don't believe that contraception is not a controversial issue, even today in 2017. And some of them have some really sincerely held convictions, I would say beliefs, that to promote such activity is a violation of some personal vows or beliefs. So I think that is also still within the bill.

"Mr. Speaker, I think they tried to eliminate the scope and scale and impact of the previous draft, but when I looked at the language it still does affect those small individual gynecologists, OBGYNs, who deal in the area of human reproduction. So some of your primary care doctors who are out there could also be affected by this.

"Let me also suggest that this, unlike other proposed laws to ensure the health and safety and adequate truthful information be made available, does not have any government oversight. In fact, this bill recognizes the Department of Health's desire to have nothing to do with this. Imagine that the State of Hawaii's Department of Health, the overseeing department for health care in the State of Hawaii, tells us, we don't want to be involved in regulating this important area of reproductive health of women in our community."

Representative Har rose to yield her time, and the Chair "so ordered."

Representative Oshiro continued, stating:

"And Mr. Speaker, I think that should bother anyone here, whether you sit on the Committees of Health, Human Services, what have you. But to have your own state Department of Health, given the importance of this area to so, so many people, to relinquish the enforcement, oversight of a regulation, says much about the Department as well as what we hope to accomplish here.

"But what do we have here? We have a cause of action to allow folks like me, licensed attorneys, to go and represent any aggrieved party, to go and file a lawsuit in the local district court to seek an injunction to shut these centers down for alleged violation, to penalize them up to \$1,000, to get paid by my attorney fees and costs for this service in acting as a private attorney general.

"Mr. Speaker, I've been here awhile and I've never seen something like this. First of all, in one session you create a new regulation over a practice of *pro bono* services that has never been regulated, that has never caught the top line of any editorial or newspaper or frontline as being a crisis in health care. And then we impose a regulatory scheme like this. And guess what Mr. Speaker, the regulators like the Department of Health, or the Department of Commerce and Consumer Affairs, who are in charge of professional licensing all these types of medical so-called services, are nowhere to be found. This is extraordinary. And then you create a cause of action, so folks like me who are attorneys can make a pretty good living on enforcing this. That's amazing, Mr. Speaker, truly amazing.

"At our last discussion, the debate here, we learned about the constitutional infirmities of this bill. And I think my colleague from the Windward side is accurate, on point, in predicting what will occur on this bill. I hope you really think about this, and ask yourselves, did the attorney general weigh in on this bill? No. What about the usual suspects who are interested in protecting the civil liberties, civil rights of minorities, my friends at the ACLU, did they weigh in on this? Because we are dealing with a discreet minority."

Representative Say rose to yield his time, and the Chair "so ordered."

Representative Oshiro continued, stating:

"Thank you, Speaker Emeritus. So when you look at the fact that the attorney general has not weighed in on a controversial issue, that any of the attorney generals or deputy attorney generals know it's live in the Ninth Circuit, there's a split of authority amongst the appellate courts circuits, they know about the alignment in this new United States Supreme Court, they didn't want to weigh in. And again, my usual friends at the ACLU, who are normally at the forefront of defending first amendment freedoms, freedoms of speech, freedoms of associations, freedom of religion, protection for minorities, are nowhere to be found. Those kinds of aspects of this bill set off all kinds of alarms.

"I believe the Governor's Office and his policy folks are looking at this bill, they're going to study it. But if you really wanted to get information out to the least among us, the poorest, those young women struggling to find support and resources to make a medically sound decision, why don't we go and use state public dollars to publicize that? On our city busses, on our state buildings, at our welfare offices, at our health centers, at our health clinics. Why don't we go and distribute flyers through our public schools, in our high schools, at their health clinics?"

"Let's make it easy. The same three sentences here that may run into a constitutional legal problem can be printed and sent out there and posted at these places. They can also be posted 24/7 electronically on all our websites, right at the front as a banner. There are less burdensome alternatives to achieve the goals of this measure. Thank you, Mr. Speaker."

Representative Saiki rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. Could you please incorporate the Health Committee Chair's comments as my own? And the reason I'm going to incorporate those comments is because I really don't believe that men have the right to opine on an issue like this, that affects women in such fundamental ways. Thank you very much," and the Chair "so ordered." (By reference only.)

Representative Tupola rose to respond, stating:

"I get the right to opine, I think. So I just wanted to explain, as well as the speaker from Wahiawa, that part of this concern about our imagined impact that we're going to have on expanding accessibility has to do with somebody going to enforce this. And so the previous speaker from Wahiawa stated all the issues that the Department of Health brought up as to where they stand on this, which is pretty important. And in one of their testimonies they said they do not have the resources nor the capacity to regulate or enforce these provisions.

"So I go back to what the root of what we are trying to do. If we're trying to increase accessibility, have we done it by passing this, if nobody is

actually able to enforce it or make sure that this is happening? And have we really accomplished the intent if we've only made a small pocket of people have to publicize this, when really we expect this to be everywhere so that more people have access to this information?

"So I ask those questions because I would hope that when we talk about measures on the floor, we do what's right, but we can also do what's legally right. Which means by law we can do what we need to do, which is make good public state policy. And that we can listen to what the departments say and come up with something that actually has real impact. Thank you."

Representative Kong rose to speak in opposition to the measure, stating:

"In opposition, and may the words from the Representative from Ewa Villages and her past two comments be as my own? And my question is, to reiterate what the Representative from Wahiawa says, if we were to post this everywhere, that would make more sense than why we're just limiting it to limited service pregnancy centers? I don't understand that rationale. Why don't we just let this three sentences be posted wherever we can? And why are we, if this information is so important that people should know this, then why are we limiting it to limited service pregnancy centers? That makes no sense to me, almost. But so I rise in opposition. Thank you sir," and the Chair "so ordered." (By reference only.)

Representative Souki rose, stating:

"Mr. Speaker, I believe this is a point of consideration. I think we have heard the speech on both sides. They both have compelling arguments. I would like to move on, Mr. Speaker."

Representative Ing rose, stating:

"I'll call for the question."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 501, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Final Reading by a vote of 38 ayes to 12 noes, with Representatives Aquino, Cachola, Cullen, Har, Kong, Matsumoto, McDermott, Oshiro, Say, Tokioka, Tupola and Ward voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 158 and S.B. No. 1240, SD 2, HD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that S.B. No. 1240, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative DeCoite rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, Senate Bill 1240 was changed at the last minute. It went from asking the State to do more studies, to a ban bill that would unfairly deny access to the resource by a small single user group of fishermen. The state Division of Aquatic Resources along with local community groups have been working together for decades to make sure that our resource is sustainable and that our reefs are healthy.

"The resulting policies, regulations implemented, rules packages, and new laws that have been passed have resulted in the increase of over 3 million more aquarium fish on the reefs today compared to 30 years ago. The management plan that is in place is clearly working, and every scientific study done has proven that the aquarium fishermen are not depleting the resource.

"The only voice calling for the aquarium industry to be shut down is from a small special interest group. This group refuses to be a part of the ongoing process to make sure our resources are sustainable. They can produce no evidence to support their claims, and their defamatory statements are never substantiated with any facts.

"Both the scientific community and the state Division of Aquatic Resources are all on the record against this bill. If passed, this bill would

eliminate many jobs, take millions of dollars out of the local economy, and reduce tax revenues, destroy people's retirements, and hurt many families, and create a dangerous working environment for these fishermen. For those reasons, Mr. Speaker, I am in opposition. Thank you."

Representative Ing rose to speak in support of the measure, stating:

"Briefly in support. So just to correct the record, the House position on this bill was actually a lot more draconian as a law as what we're looking at now. This is a compromise that's been at least three or four years in the making, where both sides actually left happy. You're talking about the industry and animal rights people.

"And it's a compromise that would grandfather in the people in the industry now. And they enjoy it because they might have some market power now without new permittees coming in. It allows them to transfer their business, that was a clause that was put in during conference, that if they want to sell their business, not only are they selling the equipment and the boats, but the permit itself. So we might actually let them actually have a windfall for their children if they do want to exit the industry.

"And frankly, if you actually sit down and talk with a lot of these aquarium collectors, they realize that there is not a lot of future. Ever since Finding Nemo, there hasn't been a lot of future in this industry. And they're not necessarily stoked, they don't want their kids to get in it. They just want to continue on, continue providing for their family, and hope that their children will have other opportunities moving forward.

"Now, in terms of calling this a fishing issue, it simply isn't. Fishing is protected under the Constitution, in Chapter 11, because it's a public resource and it has to deal with subsistence. We're not talking about consuming these fish. This is an industry that is for purely ornamental reasons, for humans to look at them in a glass box. Whereas most of these fish, when collected, actually die before they even reach the pet shops.

"The other point was, there's been a lot of increases in aquarium fish. Now the increases have happened in West Hawaii where we actually shut down a lot of these areas and protected them. And the reasoning is because they were being depleted, so we wanted to protect them and allow the people to gather right outside of those areas. And it's back to these historical numbers of abundance, and that's great.

"But when you look at it holistically through the State and you have such an influx in population in those areas, that it inflates the total population of these fish. Whereas if you were to actually look at the areas in Oahu where a lot of these collections are happening now, you'd probably see depletion.

"The problem is we're not looking at, the science, the studies aren't happening. And this one calls for a sustainability plan and a study and to define sustainability. The absence of evidence is not proof, that's not how science works. Right? The precautionary principle is, if we don't know whether something is hurting a population, do we condone it or do we say, wait, maybe we should see if it is working first. Right? So that's what this calls for.

"Moving forward, I think it's really remarkable that the aquarium, after conference is done, the aquarium collectors actually came and thanked me and other conferees, so did the people on the other side. Nobody was screaming and shrieking down the streets in jubilation. But I think that's our job, is to find the compromise that all sides are happy with. And we won't be a hero to anybody, but if we wanted applause we'd join the circus. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1240, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO AQUATIC LIFE," passed Final Reading by a vote of 36 ayes to 14 noes, with Representatives Choy, DeCoite, Har, Hashem, Ito, Kong, Matsumoto, Oshiro, Say, Takayama, Tokioka, Tupola, Ward and Yamashita voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 164 and H.B. No. 306, HD 2, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 306, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"I stand with reservations, short comments. I would like to thank the Chair of Transportation for making this measure permissive, authorizing rather than the original mandate. The reason I stand with reservations is twofold. One is the second part of the measure requires the Judiciary to have a program in place. The Chair of Transportation pointed out to me that it's not effective until 2018, and that is why I'm not opposing it. What I have found about this particular continuous alcohol monitoring device that is provided herein, is that it costs three time more than the interlock device.

"MADD, Mothers Against Drunk Driving, is in opposition to it because it doesn't prevent drunk driving. However, and this is the reason why I support it, it has been found in states that have adopted it to be effective when there is a supervisory, like a DUI court program. And that's why I support it. The reservations comes in because we have not funded DUI court, but I'm hoping that in 2019, when the grants run out, we will be funding DUI court, and when we do, it will be effective. And for those reasons I support it and am hoping that we do fund DUI court next year. Thank you."

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On Conf. Com. Rep. No. 164, H.B. No. 306, HD 2, SD 2, CD 1, please note my reservations. And can I please have the words of the Vice Chair of Judiciary entered into the Journal as if they were my own, highlighting specifically the opposition of Mothers Against Drunk Driving. Thank you," and the Chair "so ordered." (By reference only.)

Representative Oshiro rose in support of the measure with reservations and asked that the remarks of Representative San Buenaventura be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 306, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CONTINUOUS ALCOHOL MONITORING FOR REPEAT OFFENDERS," passed Final Reading by a vote of 50 ayes, with Representatives Har, Oshiro and San Buenaventura voting aye with reservations, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 165 and H.B. No. 735, HD 2, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 735, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative LoPresti rose to speak in opposition to the measure, stating:

"I just wanted to express my opposition, somehow I missed that this had made it all the way through. I remember on Finance we saw this, when I was Vice Chair of Transportation last term we saw this.

"As a consumer, nothing upsets me more than when the real price isn't listed, and then you pay it and you get all these fees and everything tacked on. And my understanding of what this does is it allows for the rental car industry to tack on yet another fee. They can already pass on these costs to customers, but they don't want to be honest with what things really cost. And so it's another way to get around and misrepresent what some things really cost, and it's just really lame. So I'm a no vote."

Representative Tupola rose to speak in opposition to the measure, stating:

"In opposition. When we sat in the Finance hearing, that was my exact thought, because now they are going to be able to put this fee somewhere

else, not put it into their costs, no one will really know how much they are going to pay. Every other industry deals with overhead costs by building them into the price, so that you know how much you're going to pay when you get there. Now you're going to get to the counter and they're going to say, oh by the way you owe a lot more.

"And each of the companies can determine those costs themselves, so they're not really going to know from company to company if there is a set cost that's going to be able to be added to this. And I would like to note that the state office of consumer protection opposed this bill for that reason. Because we are out there to protect the consumers that don't know any better. They get to the counter, oh, there is a law that they can now make up their own fees.

"And who is supposed to regulate it? the Department of Transportation. So they have to give them a report at the end of the year saying why they charged those fees, how much they charged, and who is going to check that? I mean, there's no division within DOT right now that actually does this. And so I think that should possibly be set up first, so that this is actually done legally. And for those reasons I don't think that we should pass this bill that's going to hurt consumers. Thank you."

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 735, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE RENTAL INDUSTRY," passed Final Reading by a vote of 45 ayes to 5 noes, with Representative San Buenaventura voting aye with reservations, with Representatives LoPresti, Matsumoto, McKelvey, Thielen and Tupola voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 166 and H.B. No. 1152, HD 1, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1152, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Thank you Mr. Speaker. I stand in support of this measure, however I have some reservations and really just want to note something for the record. One of our colleagues said that the problem in airports isn't so much governance, it's an inability to contract. And this is seeking to shore up capital improvement projects that were allocations made by the State.

"But I guess what's troubling to me is there's many entities in the airports, particularly our major lift partners, that want to not only work with the airports, but actually be proactive and do things for our airports and our state.

"One of the major carriers to the State of Hawaii, Mr. Speaker, is in desperate need of a terminal, so they can do aircraft servicing, maintenance, and other things to provide service to their East Asian routes. They could bypass Hawaii today, they could easily bypass Hawaii today. But having this facility in Hawaii would guarantee that a good share of the lift we enjoy today would stay preserved.

"However, the airports division hadn't moved on this. And so they came to them and said, look we are so desperate for this facility to be built, to preserve the routes that you enjoy, we will build it ourselves, a state-of-the-art terminal ourselves, and will turn key over to the State of Hawaii.

"Mr. Speaker, the airports division said no, we don't want you to build this, we won't accept the turn key, we want to build it ourselves because of the rent revenue that we're going to get from you. They said, well where are you going to begin? Well, we can't, because we don't have the funds that were allocated to us because of cost overruns on other projects.

"Mr. Speaker, what you have here is a situation where we could have a state-of-the-art terminal that would preserve our lift from a major carrier, as

well as preserving jobs and other things. And the State is saying no, we'll do it ourselves.

"My concern and why I support this bill is that it won't get built, they won't start. And when that happens, they have demonstrated a serious commitment to preserve their overall business model and to preserve these overseas routes, and could very well diminish lift to Hawaii, which could impact our visitor industry, which is also paying for another project right now that's being contemplated by this body.

"So at the end of the day, Mr. Speaker, I support this. The airports division needs to move on these things. But I guess we need to see that when you have an opportunity, a gift from the private sector like this that will create an enrichment across our airports, in our tourism market, and everything else, they need to, I would hope, work with them. And if not, utilize the funds we give them to move these projects forward quickly and learn, in the good words of my colleague, how to contract. And so with that, Mr. Speaker, I stand in support but want to note my reservations, and hopefully for the record, the situations which are occurring right now. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1152, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF TRANSPORTATION, AIRPORTS DIVISION, PROJECT ADJUSTMENT FUND," passed Final Reading by a vote of 50 ayes, with Representative McKelvey voting aye with reservations, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 167 and H.B. No. 997, HD 2, SD 2, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 997, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CONCESSIONS," passed Final Reading by a vote of 49 ayes to 1 no, with Representative Tupola voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 168 and H.B. No. 1231, HD 1, SD 1, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 1231, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO DISASTER RELIEF," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

At 5:05 o'clock p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 375, HD 1, SD 1, CD 1
 H.B. No. 508, HD 1, SD 1, CD 1
 H.B. No. 632, HD 1, SD 1, CD 1
 S.B. No. 917, SD 1, HD 1, CD 1
 S.B. No. 923, SD 1, HD 1, CD 1
 S.B. No. 1016, SD 1, HD 1, CD 1
 S.B. No. 501, SD 1, HD 2, CD 1
 S.B. No. 1240, SD 2, HD 1, CD 1
 H.B. No. 306, HD 2, SD 2, CD 1
 H.B. No. 735, HD 2, SD 2, CD 1
 H.B. No. 1152, HD 1, SD 2, CD 1
 H.B. No. 997, HD 2, SD 2, CD 1
 H.B. No. 1231, HD 1, SD 1, CD 1

At 5:05 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 5:17 o'clock p.m.

At this time, the Chair stated:

"Members, please turn to page 30 and refer to Conference Committee Report Number 187."

Conf. Com. Rep. No. 187 and H.B. No. 475, HD 1, SD 2, CD 1:

Representative Saiki moved that the report of the Committee and H.B. No. 475, HD 1, SD 2, CD 1 be recommitted to the Committee on Conference, seconded by Representative Evans.

Representative Tokioka rose to speak in opposition to the motion to recommit, stating:

"What I am hearing is that Conference Committee Report 187 is going to be recommitted, which kills the bill, is that what I'm hearing? I am in opposition to that, Mr. Speaker. I feel bad for the deaf community. Because if I am being punished on this bill because I stood up and said some things about whether it was rail or whatever else, it's not about me.

"This bill, Mr. Speaker, is for the hundreds and thousands of deaf people throughout the State of Hawaii who want to go to a movie and have captioning on the movie. So if they are being punished for what I did, by standing up, talking about rail or whatever else, then I apologize for that.

"But we have different things that are moving, Mr. Speaker. And to kill this bill right now is a disjustice to the deaf community, the hearing impaired community, for people who are hard of hearing I mean to say, for people who have second languages that they want to watch the captioning. And that's a tragedy for them. Thank you, Mr. Speaker. In opposition."

Representative Say rose, stating:

"I have a personal request I'd like to make. Would you yield to a question?"

At 5:19 o'clock p.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 5:25 o'clock p.m.

At this time, Representative Saiki withdrew his motion, and Representative Evans withdrew her second.

At this time, the Chair stated:

"Members, we're still on page 30, please refer to Conference Committee Report Number 194."

Conf. Com. Rep. No. 194 and H.B. No. 1469, HD 1, SD 2, CD 1:

Representative Saiki moved that the report of the Committee and H.B. No. 1469, HD 1, SD 2, CD 1 be recommitted to the Committee on Conference, seconded by Representative Evans.

At 5:25 o'clock p.m., Representative Say requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 5:27 o'clock p.m.

Representative Luke rose, stating:

"I'm assuming that for H.B. No. 1469, the reason why we are recommitting it is the Senate already recommitted the bill. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee and H.B. No. 1469, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," were recommitted to the Committee on Conference, with Representative Ichiyama being excused.

Conf. Com. Rep. No. 172 and H.B. No. 116, HD 1, SD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 116, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I'm not really sure what the origin of this bill is, I'm just reading it as it is, and I think my concern is that the land for the DOE schools, it was 98 schools, I believe, that were first identified and now it is down to 14 schools that have been identified where their land that is currently held by the City and County of Honolulu is going to be transferred to DLNR.

"Historically, way back, way, way back, when the schools were first made, it was city and county land. I get it that they're trying to consolidate it and give it to the State for redevelopment purposes, and from reading the testimony it was to help schools redevelop that are along the rail route. That's what it said.

"And then the attorney general testified and said that property cannot be taken for public use without just compensation under article 1, section 20, he referenced a case and said this bill would essentially take the property of the city and county for public purpose without just compensation.

"DLNR submitted a testimony in opposition but with comments, meaning they might be okay with it if they got compensation because they have to redo the lines. So some of the schools that have been listed, they have huge issues about part of the land of their school not being owned by city and county, so there is conveyance issues that need to be resolved before this thing is a done deal.

"So the amendments they suggested was, in the event that the county and the Department of Land and Natural Resources are unable to resolve boundary disputes, the governor shall make a final decision. And then later it says that they are asking for a sum of money so they can actually redo these lines, make the maps correct, so that we have state land under state DOE schools.

"So with all of that being said, I'm still confused what this is, because how did the 14 schools get chosen if they were supposed to be along the rail route? Because these are the 14 schools right now. Castle High School, Kahuku High and Elementary, Kalaheo High School, Campbell High School, Waianae High School, Waipahu High School, Aiea High School, Leilehua, Radford, Waialua, Farrington, Kaimuki, Kaiser, Kalani. So I am not totally sure, but some of those in there aren't along the rail route as far as I'm concerned, unless the city gets so much money that they build the rail all over the island.

"So I'm just confused I guess on what this is doing exactly. And if we are going to convey it over to DLNR, who opposed this bill unless they got some resources to take care of the land, then how does this benefit the schools that aren't on the rail route, that aren't using it for redevelopment purposes? And I've talked with some of the principals from these schools to ask what their stance is or what DOE's stance is on this, and nobody really knew.

"Just for those reasons, not being totally clear on what all of this is going to do, what the final impact would be, those are what my concerns are."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 116, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SCHOOLS," passed Final Reading by a vote of 47 ayes to 3 noes, with Representatives Har, Oshiro and Tupola voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 174 and H.B. No. 1179, HD 2, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1179, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, in support. I just wanted to state for the record, because we will be revisiting this in four years, I have the same concern that I've expressed earlier, that I want to make sure in four years, and I believe my colleagues do too, want to make sure that the reductions of profits and the reductions of earnings that are so nobly sacrificed for more affordable housing is not just borne by the workers but shared by the developers and the contractors as well. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1179, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Final Reading by a vote of 50 ayes, with Representative Thielen voting aye with reservations, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 175 and H.B. No. 1022, HD 1, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1022, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Oshiro rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Oshiro's written remarks are as follows:

"Mr. Speaker, I stand in support of but with reservations. My reservations arise from the failure of the Legislature to fund the following settled claims of the Department of the Attorney General for the following cases:

- (1) Ah Chong. et al. v. McManaman, Civil No. 13-00663 LEK-KSC, USDC;
- (2) Sheehy. et al. v. State of Hawaii, Civil No. 14-1-1709-08 VLC, First Circuit Court; and
- (3) Bridge Aina Le'a, LLC v. State of Hawaii Land Use Commission, Civil No. 11-00414 SOM KJM, USDC.

"(I) The Ah Chong case is a class action lawsuit alleging that the State's foster care maintenance payment are inadequate under the Social Security Act, that the Department of Human Services failed to properly set its payment rates, and the Department of Human Services failed to periodically review and update its payment rates. After extensive discovery and motions work, the parties settled both this case and a related state class action lawsuit with the assistance of a federal magistrate. The \$1,100,000.00 settlement is for Plaintiffs' attorneys' fees.

"Certainly, \$1,100,000.00 is a substantial sum of money and the Legislature should have oversight of any settlement. In this case, however, the Plaintiffs' attorneys were seeking nearly \$3,000,000 in attorneys' fees and costs for the federal lawsuit and this settlement is about one-third of the amount previously sought. Moreover, the following excerpts from the Federal Lawsuit Class Action Settlement Agreement reveal the context in which the settlement was reached between the State of Hawaii and the Plaintiffs' Class.

WHEREAS, shortly before trial in the Federal Lawsuit was scheduled to commence, the Parties engaged in settlement discussions through their respective counsel, with the assistance of the Honorable Kevin S.C. Chang, Magistrate Judge of the United States District Court for the District of Hawai'i; and

WHEREAS, Defendant denied and continues to deny any and all liability and damages to Plaintiffs with respect to the claims or causes of action asserted in the Federal Lawsuit and the State Lawsuit, but nonetheless acknowledges that bringing the cases to a close now through settlement—rather than after years of litigation and appeals, with uncertain outcomes and concomitant attorneys' fees and costs that would be incurred by both sides—would help move the Parties toward a better working relationship for the benefit of all children in Hawai'i's foster care system, and the relief

Defendant agrees to provide under this Federal Settlement Agreement is offered solely as a compromise, and not because Defendant believes DHS has any obligation to Plaintiffs to provide said relief; and (emphasis provided)

WHEREAS, Plaintiffs and Class Counsel have analyzed, evaluated, and extensively litigated the merits of the claims made against Defendant in the Federal Lawsuit and the impact of settlement (as well as the impact of not settling) on Plaintiffs and the members of the Class, and, recognizing the substantial risks of continued litigation—including the possibility that the Federal Lawsuit, if not settled now, might result in an outcome that is less favorable or that a fair and final judgment may not occur for several years— Plaintiffs and Class Counsel are satisfied that the terms and conditions of this Agreement are fair, reasonable, and adequate, and that this Agreement is in the best interests of the Class; and (emphasis provided).

WHEREAS, the Parties have reached a proposed comprehensive settlement of the State and Federal Lawsuits and, on August 26, 2016, the Parties in the Federal Lawsuit and the parties in the State Lawsuit agreed to the essential terms of a valid and binding settlement agreement, which was placed on the record before the Honorable Kevin S.C. Chang; and

WHEREAS, the attorneys' fees sought by Class Counsel are based on their hourly records, summaries of which were provided to Defendant;

NOW, THEREFORE, in consideration of the mutual covenants and promises set forth in this Federal Settlement Agreement, as well as the good and valuable consideration provided for herein, the Parties hereto agree to a full and complete settlement of the Federal Lawsuit on the following terms and conditions:

[...]

7. Court Approval and Legislative Appropriations. Settlement of the Federal Lawsuit and the State Lawsuit and the obligation of Defendant to make the payments provided for herein are conditioned on (1) approval of the Federal Agreement and the State Agreement by both the United States District Court for the District of Hawaii and the Circuit Court of the First Circuit, State of Hawaii, respectively, and (2) appropriation of funds by the Legislature of the State of Hawaii to fund the amounts required to be paid under the Federal Agreement and the State Agreement.

[...]

2. The amount of any attorneys' fees and costs approved by the Federal Court is subject to the Hawaii Legislature's appropriation process. No interest shall accrue on an award of attorneys' fees and costs. Any award of attorneys' fees and costs shall be paid within a reasonable time after the start of the state fiscal year following the legislative session during which the appropriation is made, in accordance with the State's policies and procedures for payments by the State of appropriated settlements.

[...]

4. In the event the Federal Court approves the motion for attorneys' fees and costs in an amount less than the amount requested by Class Counsel, that shall not be a basis for rendering the entire Settlement or this Federal Agreement null, void, or unenforceable. If the Legislature refuses to appropriate Class Counsel's fees and costs as approved by the Federal Court, the Settlement shall be null and void. (Federal Lawsuit Class Action Settlement Agreement, pages 6, 7, 14 and 15) (emphasis provided)

"Clearly, the provisions of the Settlement Agreement show that there was a deliberate and conscious 'give and take' between the parties to arrive at this mutually agreeable settlement. The obvious uncertainty of any litigation is a fact that cannot and should not be lightly dismissed. Herein, the parties are correct and to be supported to focus meaningful attention to the beneficiaries of their respective roles; the foster families and children and the State coffers. Both sides have agreed to settle the case now, versus years later. I think we should honor their mutual agreement and settle this dispute. At the end of the day, the foster children will benefit from our decision.

"(II) In the second case, the Sheehy case, the issue to be settled is the difference in what the Plaintiffs' claim they should have been paid and what they were paid. The parties reached a settlement of this and the Ah Chong cases.

"The \$2,341,103.10 settlement provides for the establishment of a common fund to be used to pay administration expenses, fees and costs, with the balance to be distributed among those who are entitled to payment: resource caregivers (fosters parents), legal guardians/permanent custodians,

adoptive parents of former foster children and youth in the higher education program who received monthly payments from DHS from July 1, 2013, to June 30, 2014.

"Similarly, the same consequences befall the beneficiaries if we fail to fund these mutual settlements. The children, the orphans, and foster families.

"(III) The Bridge Aina case is a settlement for \$1,000,000.00. It arises out of a Land Use Commission decision and land use classification of property on Hawaii Island from agriculture to urban. The change was subject to some conditions including requiring the owner to complete 385 affordable housing units. Twenty years later, the only 'affordable housing' at the site were several incomplete multi-unit dwellings that did not have utilities and could not actually be used. The Land Use Commission found that this work did not constitute 'substantial commencement with affordable housing requirement.' The Supreme Court of Hawaii reversed, reasoning that \$20 million of planning and other preparation constitute 'substantial commencement.' DW Aina Lea Dev., LLC v. Bridge Aina Lea, LLC, 134 Hawaii 187, 191, 339 P.3d 685, 689 (2014). Bridge's lawsuit sought \$40,000,000.00 arguing that the improper reversion was a temporary regulatory taking requiring payment of just compensation. The case was settled before a federal jury trial.

"In comparison between the potential liabilities of \$40,000,000.00 versus \$1,000,000.00, the attorney general advised us to fund this settlement. I would not like to second guess the attorney general and his deputies. They have 'lived' the case for many years. I would not like to 'Monday Morning Quarterback' this call.

"Failure of funding this settlement may lead to further litigation. And the inertia that compels a case forward to trial may find itself locked into a protracted process that the invested parties find themselves unable to settle at the same or similar terms and conditions as found herein.

"For these reasons set forth above, I respectfully cast my vote in favor but with reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1022, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Final Reading by a vote of 48 ayes to 2 noes, with Representative Oshiro voting aye with reservations, with Representatives Har and McKelvey voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 181 and H.B. No. 839, HD 1, SD 1, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 839, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE DEPARTMENT OF LAND AND NATURAL RESOURCES," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

Conf. Com. Rep. No. 185 and H.B. No. 847, HD 1, SD 1, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 847, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO UNIVERSITY OF HAWAII RESEARCH," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

Conf. Com. Rep. No. 187 and H.B. No. 475, HD 1, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 475, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I am totally in support. I do have some concerns with the bill, but I do want to thank the leadership, especially

Speaker Souki, for helping with the changing of the recommittal. And I appreciate the members of this body understanding what deaf people go through. They've been here from the beginning, when this bill happened. And it's something that they have all asked for and wanted, and I really appreciate both sides moving this bill. Thank you very much, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 475, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MOVIE THEATRES," passed Final Reading by a vote of 50 ayes, with Representative Ichiyama being excused.

Conf. Com. Rep. No. 189 and H.B. No. 591, HD 1, SD 2, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 591, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Oshiro rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Rising in opposition of this bill. I rise in opposition to this bill, Relating to the Capital Infrastructure Tax Credit. I think for those of you who were here back in 2014, you remember what went on with this bill.

"That was the year that we had numerous requests for different types of relief from the effect of the GET, especially on the low-income, homeless, and senior citizens. I was hopeful that we would have the opportunity to address some of the needs of our most needy in 2014.

"So I asked my staff to pull out the memo that we got in 2014. They couldn't find it. But they are so resourceful, so they brought out the chart that I used back in 2014, how major bills fared at the Capitol. This is Sunday, May 4, 2014, Honolulu Star-Advertiser. And I used this when I went to the community meetings, because I wanted to explain to my constituents in Wahiawa, that although we sought to pass the earned income tax credit—"

At 5:34 o'clock p.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 5:34 o'clock p.m.

Representative Oshiro continued, stating:

"Mr. Speaker, I do understand the rules and I ask the Majority Leader to excuse me for my *faux pas*. But again, back in 2014, we had looked to pass the earned income tax credit, a low-income tax relief credit, food excise tax credit, low-income tax exemption, manufacturing tax credit, hotel construction tax credit, senior tax relief credit, senior tax credits. One, two, three, four, five, six, seven, eight tax credits for those various business sectors, individuals, seniors, lower income. The only one that passed that year, Mr. Speaker, was the one that we are dealing with today."

At 5:36 o'clock p.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 5:37 o'clock p.m.

Representative Oshiro continued, stating:

"In doing some research to kind of get an idea of how unique this bill is, even as we discuss the remaining bills today, it finally dawned upon me when I looked at the bill that was earlier heard this morning and my friend from Manoa who talked about the revenue generation of that bill, going back to the tax code provisions we had in 2009 to 2015, taxing the highest earners in Hawaii *nei* for the purposes of paying for the earned income tax credit, albeit it's a non-refundable one, but it generates some money for the permanent features of the food tax credit.

"I only saw about \$25 or \$30 million cash leftover after we went through that exchange or redistribution of wealth from the top wage earners to the

most impoverished, the most needy in our community. So I said to myself, where is that money going to go? Well, the answer is here. The answer is in this bill."

Representative McDermott rose to yield his time, and the Chair "so ordered."

Representative Oshiro continued, stating:

"Thank you, Representative from Ewa Beach. In testimony to the Senate Committee on Ways and Means dated March 25, 2014, the Department of Transportation noted that, quote, 'only one tenant meets the criteria to benefit from this bill. This tenant presently occupies state property under a month to month permit, which can be cancelled upon 30 days written notice by either party. The tenant has had several years of advance notice of the department's redevelopment plans.'

"So for the record, I'd like to resubmit my remarks on the conference committee draft, submitted on April 29, 2014," and the Chair "so ordered." (By reference only.)

Representative Oshiro continued, stating:

"But despite these concerns, this bill, House bill, conference draft, was enacted as Act 200, Session Laws of Hawaii 2014. And there it is on the books. So we came back in 2015 to allow for an extension of that measure. And believe it or not, they got an extension and expansion of that credit.

"So the bill before us today would expand the tax credit from 2014. And let me point out the testimony offered by the Tax Foundation of Hawaii. Act 200, SLH 2014, allows investors who make an investment in a qualified infrastructure tenant displaced by the Kapalama terminal to claim a capital infrastructure tax credit equal to 50% of the capital infrastructure costs, up to \$2.5 million in infrastructure costs per year.

"Tax credits generally are designed to reduce the tax burdens of certain groups by refunding a portion of taxes paid on purchases of essential items and services. The capital infrastructure tax credit adopted last year provides financial assistance to displaced tenants, and it is, of course, arguable that some financial assistance is justifiable given the circumstances.

"The present bill substantially expands the expenses eligible for the credit to machinery, equipment, and other capital items that will not become part of the real property infrastructure. Presumably, the tenant will own these items or be able to remove them from the property when the tenant's lease ends. There is much less justification for allowing these kinds of expenses to be creditable.

"Now it appears obvious that the revenue hit is going to be, hold on, more than \$20 million. In any event, the credit amounts to nothing more than a subsidy of state funds, and as with any subsidy, this one needs to be paid for.

"As I did in 2014, Mr. Speaker, I again question whether it is sound public policy to provide open-ended benefits to a single entity at the expense of Hawaii's taxpayers. And let me confirm my proof in coming forward with this assertion that this benefits one entity. When I went into the file of what's available for public testimony on this bill as it moved through, I checked on the email addresses of those who submitted online testimony, and they primarily come from three different entities. One is under the Navatek email account, 46. One is under Pacific Shipyards, 26. There are several Gmail and Lava.net accounts. Interestingly, Mr. Speaker, those are the same exact beneficiaries of this measure. So when I put two and two together, I can see how the monies that we raised earlier this morning, one of the purposes may be to assist this one or two companies through this tax credit.

"I don't know if you remember the Superferry debacle we went through when we mightily tried to create special legislation—"

Representative Ing rose to a point of order, stating:

"Point of order, Mr. Speaker. He's impugning the motives of other members. That line, the reasoning behind it is impugning the motives of the

members who are working on this measure, not pertaining to the measure itself."

The Chair addressed Representative Oshiro, stating:

"Yes, the Representative from Maui does have a point. Please focus on the merits of the bill, why it's good or not good for the State."

Representative Kong rose to yield his time, and the Chair "so ordered."

Representative Oshiro continued, stating:

"Mr. Speaker, again, I was not impugning the motives, I was just pointing out the reference to the Superferry debacle because Superferry caused us to come into special session to try to address a legal problem in place that time. What we did is pass out laws to allow the Superferry to operate, but in doing so we were found to have violated the State Constitution about special legislation.

"Let me get to my point. In 2014 and 2015, I did consult with then the attorney general to ask if they had an opinion upon this particular measure. They hemmed and hawed before they could give me an opinion. But they told me this. It does look like it can benefit one or two special individuals or businesses, but they need to wait and see how the final draft comes out.

"In this particular measure here, maybe the language doesn't directly benefit one, but the effect of it, the interest shown from the public record, certainly indicates it's a very limited number of individuals and organizations who will benefit from this credit, \$20 million. Thank you, Mr. Speaker."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. The language of the bill is very specific, and I understand that people may have concerns, but what is happening is we are modernizing our Honolulu Harbor, and because of that there's going to be displacement. And there's a displacement and relocation because we have a Kapalama Container Terminal project. And that is the way I read this bill, is that when we're displacing someone that's inside the harbor, which they've probably been there for many, many years, it's extremely disruptive and it's very expensive when you go through a displacement.

"So I think that given that we've been very supportive through the Harbor Modernization Plan over the years, clearly it's now the time that somebody probably pulled the trigger and said it's time to move on and tell them they have to leave.

"So I think many times here at the Legislature we've looked at what we've done when we impacted, especially manufacturing, this is kind of our manufacturing commercial area in the Honolulu Harbor, and it's not that we haven't done something like this before, because I believe it was about 14 years ago we helped with the displacement of a shipyard that we displaced at Kewalo Basin. So I think we have shown that we've done that before. So thank you very much, in support."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. One of the things that I wanted to clarify is this is something that was passed in response to certain tenants at Kapalama being removed from the facility because of the DOT Harbor Modernization Plan. At that point in time we weren't sure how many people would be, or entities would be impacted, and that's why we put a cap.

"So the bill that you see today is something that we've been working with Department of Taxation to clarify what items would be qualified, and we specifically put a cap amount because we learned from the mistakes of the past. This has a cap of \$2.5 million, and it's going to expire next year. So that's the only amount that's going to go out. Because we learned from the mistakes from the prior legislature, where we had no caps on Act 221, we had no caps on PV credits, which we continue to pay. So we ensured that this has a cap. Thank you."

At this time, the Chair stated:

"Members, before we continue, I wanted to echo the concerns from the Representative from Kihei, Maui, who was correct. You cannot arraign a sinister motive for any of the bills, so if I missed that, I apologize."

Representative Saiki rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support of this measure. I would just like to ask members that if we are going to impose a standard on the impact of legislation, then we should do that to all of the proposals that come before this body.

"I would like to just remind everyone that maybe eight or ten years ago, the House initiated legislation that statutorily provided a lease for a nonprofit organization at Kewalo Basin. And this legislation resulted after the Hawaii Community Development Authority had denied their request for a lease. The legislation required that the lease be effectuated, and it also provided for a \$1 a year lease term for 65 years. So that is an example of the kind of legislation that is very narrow, in fact it probably constituted special legislation which is unconstitutional because it provided for a specific tax map key in the legislation.

"So my request is that if we are going to impose this kind of scrutiny to legislation, we should do that for all of our bills, and maybe even look back to see what could be undone from prior years. Thank you very much."

Representative Choy rose to speak in opposition to the measure, stating:

"Thank you, in opposition. I'm in opposition of this measure because this is another tax credit bill, and I'm not really into tax credits. But should this measure pass, I will be interested in buying some of these credits. Thank you."

Representative Nakashima rose to speak in support of the measure, stating:

"Strong support, Mr. Speaker. Mr. Speaker, this act before us is a correction to Act 200, which was passed in 2014. And it was intended to help the displaced waterfront tenants from the Kapalama Container Terminal site to secure financing and to build out. The bill supported multiple displaced tenants. And the purpose of this year's bill is to clarify the definition of the capital costs and correct language in the bill based on discussions on this bill with DOTAX.

"For some of the tenants that were forced out by the State from Pier 41, relocating to other state lands that were essentially bare or empty piers and required full infrastructure build out, including sewers, electrical, roads, parking, and other site improvements. These displaced tenants did experience major disruptions and negatives impacts to their operations. And as originally intended by the Legislature when this bill first passed, there is, as the Finance Chair indicated, there is a cap. We are in the last two years, and basically there is just a limited amount of time left for this to apply. So that's why we are moving this particular measure today. Thank you."

Representative Oshiro rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Oshiro's written remarks are as follows:

"I rise in strong opposition to House Bill 591, House Draft 1, Senate Draft 2, Conference Draft 1. It is described in the Order of the Day as the 'Capital Infrastructure Tax Credit, Kapalama Container Terminal Project; Displaced Tenants.'

"Mr. Speaker, please allow me again to restate the facts that underline my opposition to House Bill 591, House Draft 1, Senate Draft 2, Conference Draft 1. For one, the public record bears out the following:

- (1) Generic email testimony submitted to House Committees on Economic Development and Business and Finance and Senate Committees on Transportation and Energy and Ways and Means reveal the following:

- (a) Most of the testimony came from employees, owners, directors, or officers of Navatek, Ltd and account for most of the electronic testifier position in 'Support.' (About 46 individual emails, @navatek.ltd.com)
- (b) The second largest group came from employees, owners, directors, or officers of Pacific Shipyards International LLC and account for most of the electronic testifier position in 'Support.' (About 26 emails, @pacificshipyards.com)
- (2) Testimony from the state Department of Taxation, Maria E. Zielinski, Director, points out the following concerns:
- (a) The bill would double the maximum amount of capital infrastructure tax credit from \$1.25 million per year to \$2.5 million per year. Under the current law, the credit is set at 50% of the capital infrastructure costs, up to a maximum of \$2.5 million of costs paid or incurred during the taxable year. This measure eliminates the reference to costs and simply sets the credit cap at \$2.5 million.
- (b) The bill redefines 'capital infrastructure costs' under Section 235-17.5, HRS, to include every capital asset purchased by the business, thereby vastly expanding the types of property eligible for the credit. This is very important because this measure now allows a taxpayer to front load all costs in the early years, and still be able to claim the credit in subsequent years.
- (c) The Department has concerns in regards to non-conformity to Section 706 (d) of the Internal Revenue Code (IRC). Individual partners, and not the partnership itself, report the partnership's income, loss, credits, and other tax attributes. Non-conformity will permit a partnership to allocate the credit without regards to when the costs were incurred and when a person became a partner. For example, suppose in a calendar year, partnership admits a new partner on December 31. This bill would allow the partnership to allocate the credit to that new partner even though the expenditure which qualify for the credit were expended at a time on which the person was not even a partner.
- (3) Tax Foundation of Hawaii provided the following relevant commentary.
- (a) This measure doubles the annual credit limit, and substantially expands the definition of creditable costs to include machinery, equipment, and other personal property. The credit was originally enacted and awarded for costs of real property infrastructure. That credit was justifiable because the State would ultimately own that infrastructure. The justification now is much less apparent with tangible personal property because the tenant, rather than the State, will own it and will be able to remove all of it.
- (b) Tax credits generally are designed to reduce the tax burden of certain groups by refunding a portion of taxes paid on purchases of essential items and services. Now it appears obvious that the revenue hit is going to be more than \$20 million, although possibly spread over several years. (emphasis provided)
- (c) Furthermore, this, like any other subsidy, should be considered an expenditure of state funds. If the cost of this credit is going to be \$20 million, that would equate to \$20 million less revenue that otherwise would be available for education, homelessness, invasive species, or other causes that are priorities in the State. (emphasis provided)
- (4) The Chamber of Commerce of Hawaii submitted testimony in support of HB 591, HD 1, and HB 591, HD 1, SD 1, and makes this incredible awkward statement in support, "[t]he proposed changes to the definition of capital infrastructure costs will enable tenants to enlist the credit as originally intended by the legislature' (emphasis provided). I hope its members of about 1,600 businesses, and the approximately 80% of their members who are small business with

less than 20 employees learn about House Bill 591, House Draft 1, Senate Draft 2, Conference Draft 1. For, I am sure that not many of its members will benefit from this tax credit. And, as far as I recall, it was never the Legislature's intention to provide a special benefit to only one entity to the tune of \$20 million.

Grants, tax credit benefit for-profit entities

By Derrick DePledge
May 4, 2014

Saddled with a lower state revenue forecast, state lawmakers said a polite "no" this session to tax relief for the poor and the elderly, tax credits for hotel construction or renovation, and tax breaks on manufacturing equipment.

For one private concern, though, the answer was "yes."

Pacific Marine, which owns Pacific Shipyards International, the state's largest private ship repair company, and subsidiaries Navatek Ltd. and Navatek Boat Builders did remarkably well at the Legislature.

The only new tax credit approved during the session would go to investors who help maritime tenants being relocated because of the new Kapalama Container Terminal at Honolulu Harbor, an incentive that was initially written for — and would still largely benefit — Pacific Shipyards International, which is being forced to move to other piers.

Investors could claim a tax credit equal to 50 percent of a tenant's capital infrastructure costs up to a maximum \$2.5 million a year in costs through 2019. The state Department of Taxation estimates that the tax credit could cost the state \$1.2 million a year per tenant.

In addition, Navatek Boat Builders was awarded a \$556,775 grant to design a watercraft that could help the state Department of Land and Natural Resources patrol in rough seas.

Navatek Ltd. was given a \$450,000 grant to survey high-risk areas for ocean recreation activity on the south shore of Oahu and assess whether regulations are adequate to protect public safety and minimize legal liability to the state. Lawmakers had awarded a \$250,000 grant to Navatek Ltd. last year to conduct similar surveys to identify safety and liability issues from new trends in ocean sports.

The grants to the private, for-profit companies stand out on this year's \$10 million grant-in-aid list, since grants typically go to nonprofits and other community groups that fill gaps in the state's social-services network.

Ann Chung, director of special projects for Pacific Marine, which is celebrating its 70th year in business this year, said the tax credit and the grants would benefit the public.

"We provide an excellent service that's really critical to the Honolulu Harbor and to the state, but we're being kicked out, along with a lot of other tenants," she said.

The state Department of Transportation's \$450 million Kapalama Container Terminal is a long-planned upgrade of the Kapalama military reservation at the harbor, federal land that shifted to the state in the 1990s. Dozens of businesses near the harbor are being relocated, but three tenants that need direct access to the waterfront — Pacific Shipyards International, Atlantis Submarines and the University of Hawaii Marine Center — had to find other piers.

Pacific Shipyards International and Atlantis Submarines are moving to piers that are predominantly vacant, according to the state's draft environmental impact statement, and Pacific Shipyards International might displace Sause Bros. through the move.

"We have to rebuild the whole thing," Chung said.

The Department of Transportation told lawmakers in March that Pacific Shipyards International — which, despite years of operation, has a month-to-month permit than can be canceled by the state on 30 days written notice — had several years of advance notice about the redevelopment project.

But many lawmakers think a tax credit for infrastructure costs is reasonable, since Pacific Shipyards International has to basically start over in the new

location. The improvements would help a shipyard with more than 200 workers and would be on state-owned piers, so the state could benefit.

"It's not like they have someplace else to go. They have to be on a pier, and the state owns all the piers," said Sen. Michelle Kidani (D, Mililani-Waikele-Kunia), a sponsor of the tax credit bill. "So they are basically having to depend on the state being willing to give them space, and the space they're giving them is unimproved."

The state Attorney General's Office had cautioned lawmakers in February that House Bill 1702 might be an unconstitutional violation of equal protection since it appeared to apply to a single ship repair company.

But lawmakers removed the reference to ship repair by the final draft of the bill, so other maritime firms, like Atlantis Submarines, an adventure tour company, and Sause Bros., an ocean towing company, would also potentially qualify.

Rep. Marcus Oshiro (D, Wahiawa-Whitmore-Poamoho), however, said he believes the bill still mostly benefits Pacific Shipyards International. Lawmakers also approved a resolution that authorizes a lease for the shipyard that covers a portion of state submerged lands at the new piers that will likely be used for drydock operations and ship repair. Such leases require prior approval by the governor and prior authorization by the Legislature.

When combined with the grants to Navatek Ltd. and Navatek Boat Builders, Oshiro said, Pacific Marine fared well compared with other interests that wanted help from the Legislature.

"They did very well," he said. "They did exceedingly well."

Pacific Marine, led by Steven Loui, the chairman, was one of the many Honolulu companies that prospered over the years from the late U.S. Sen. Daniel Inouye's success at steering federal money to the islands.

"In the past, Sen. Inouye helped Navatek with these kinds of issues," said House Majority Leader Scott Saiki (D, Downtown-Kakaako-McCully). "Now that he is unable to do so, the Legislature felt that there was a public purpose in providing this assistance."

This year, lawmakers received more than 230 grant applications totaling \$147 million, but approved only 55 awards for \$10 million. House Speaker Joseph Souki (D, Waihee-Waihehu-Wailuku), in his remarks Thursday on the closing day of session, highlighted the grants "for nonprofit organizations who reach out to the community with invaluable services."

Saiki said the grants to Navatek Ltd. and Navatek Boat Builders were justified. "In this case, we felt there was a public purpose because the service that they provide is of general benefit to the public," he said.

Tax credit might broaden for move by pier tenants

By Kevin Dayton
April 29, 2015

A special tax credit established to help relocate maritime tenants on the Honolulu waterfront is poised to be expanded and sweetened in ways that some observers estimate could cost the state \$20 million in the years ahead.

With state lawmakers heading into the final days of the legislative session for this year, it remains uncertain how they might amend the tax credit law, but proposals have been floated to double the size of the credit that could be claimed by investors.

Supporters of House Bill 1167 and Senate Bill 676 have also asked lawmakers to expand the types of expenses that would qualify for the tax credit, which would make the credit easier to claim.

The tax credit was first approved by lawmakers last year, and is available to investors who finance the relocation of maritime tenants that are displaced by the state project to construct the new Kapalama Container Terminal at Honolulu Harbor. Only companies that are relocating to Piers 24 through 28 in Honolulu Harbor can qualify for the credit.

Leading the effort to expand the tax credit is Pacific Shipyards International, the state's largest private ship repair company, and its subsidiaries Navatek Ltd. and Navatek Boat Builders. Pacific Shipyards is being displaced by the Kapalama terminal construction and is relocating to Piers 24 and 25.

"I'll give them an 'A' for audacity," said state Rep. Marcus Oshiro, who was an outspoken opponent of the original tax credit last year.

Oshiro said lawmakers should reject any expansion of the credit, which he described as "special-interest legislation" that was "imprudently approved and endorsed by the current governor."

"Given the fiscal reality today and our inability to help the least among us, the poorest among us, who have gone years without any type of tax relief, I cannot stomach a bill like this being approved," he said.

Ann Chung, director of special projects for Navatek, said the original tax credit law that passed in 2014 and was signed into law by former Gov. Neil Abercrombie needed some "technical tweaking," which is why the shipbuilding firm returned to request changes from lawmakers this year. In particular, she said the wording that described the size of the credit was unclear.

"Some places said tax credit, some places said infrastructure cost and sometimes it wasn't very clear," Chung said. "It's just to clarify."

The original version of the bill introduced this year would have effectively doubled the maximum tax credit to up to \$2.5 million per year from \$1.25 million, but Chung said her company is not now asking for any increase in the dollar value of the credit.

"It was in the original draft, and it would have been nice but we're not supporting it now," Chung said.

But the state Department of Taxation says proposals submitted for lawmakers' consideration this year amount to "far more than a technical fix. The language both expands the property eligible for claiming the credit, and increases the amount of the credit," the department said in a written response to questions about the tax credit bills.

Chung testified to state lawmakers that Pacific Shipyards has operated a commercial ship repair facility in Honolulu Harbor for 70 years, and "our tax revenues and hundreds of high-paying jobs are important to Hawaii's economy, maritime community and port security."

Pacific Shipyards is being required to relocate from Pier 41 to a state-owned site at Piers 24 and 25, moving from an existing 45,000-square-foot facility to empty piers without necessary infrastructure.

"Supporting the displaced waterfront tenants of the Kapalama Container Terminal project supports the growth of commerce in the state and supports maritime jobs," Chung said in her testimony.

Also supporting proposals to amend the tax credit law this year is Roberts Hawaii Inc., which must move its tour boat operations from Pier 41 to make way for the state's Kapalama construction project.

Roberts currently does not qualify for the tax credit and is seeking changes in the law that would allow the company to qualify.

Currently the credit only applies to real property such as buildings and fixtures attached to real property, according to the Tax Department. However, the proposals now being considered by lawmakers would expand the credit to include any capital asset used in the business, which would include items such as machinery, computers, trailers, dry docks and tools, according to the Tax Department.

Tom Yamachika, president of The Tax Foundation of Hawaii, said the original tax credit bill approved last year seemed fair because it covered fixed assets that would stay with the property. Any permanent infrastructure that is installed by private tenants on the state-owned piers would become the property of the state when the tenants leave.

But the revised version now being considered would allow the credit to be used to offset the cost of purchasing machinery and equipment, Yamachika said.

Yamachika said that means the state is essentially helping to pay for equipment that the shipbuilder will own, and asked, "Why are we subsidizing their stuff?"

"There are lots of games being played to try to increase the amount of the credit quite dramatically," Yamachika said. "They are technical changes, but they have a lot of meaning."

The Tax Foundation warned lawmakers in testimony earlier this month that with the proposed changes in the tax credit law, "now it appears obvious that the revenue hit is going to be in excess of \$20 million, although possibly spread over a number of years."

Oshiro (D, Wahiawa-Whitmore-Poamoho) said the tax credit for Kapalama maritime tenants was the only new tax credit established in 2014 in a year lawmakers refused to provide tax credits that would have benefited the working poor, low-income renters or seniors.

Oshiro, who is a former House Finance chairman, also said he believes the tax credit changes lawmakers are now considering could eventually cost the state \$20 million in lost revenue.

That money would benefit the for-profit Pacific Shipyards, which already enjoys tax benefit under the existing state and federal tax codes, including the benefits of deductions and depreciation, he said.

"These folks need to be given credit where credit is due," Oshiro said of the supporters of the bill. "They've done a damn good job of lobbying and pitching their interests, and this is the textbook example of the finest lobbying effort I've seen in a long, long time."

Lawmakers are scheduled to meet in conference committee Wednesday to decide how to proceed with the tax credit proposals.

"House Bill 591, House Draft 1, Senate Draft 2, Conference Draft 1 is a short bill of only seven pages and three sections. If approved by the Governor, it will be effective upon approval.

"I sincerely hope that he will seriously consider the policy that would be established and maintained under his watch as the Governor of the State of Hawaii although he previously endorsed a similar tax credit in HB 1702 in 2014 and HB 1167 and SB 676 in 2015, as a Hawaii State Senator. Perhaps from the vantage point of the 'Fifth Floor' he will have a different perspective and use his veto power to correct a policy that looks like special interest legislation in violation of our Hawaii State Constitution and the law of the land set forth in the Sierra Club v. Department of Transportation, 120 Hawaii 181 (2009).

"For the foregoing reasons and previous remarks made, I respectfully oppose and stand against this bill."

Representative Say rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Say's written remarks are as follows:

"Mr. Speaker, I rise in support of HB 591, HD 1, SD 2, CD 1, Relating to the Capital Infrastructure Tax Credit. This issue has been vetted for almost a decade, when past administrations developed an ambitious program for the redevelopment of Honolulu Harbor in reference to the NEW STATE HARBOR MASTER PLAN. It was part of a redevelopment plan for the Kapalama Container Yard, the Movement of PASHA to the Mauka side of Ahua Street, the reconfiguration of the Young Brothers open container yard, and other major capital improvement projects statewide.

"In this particular case, it dealt with the relocations of our present maritime business on Nimitz Highway to Sand Island or Keehi Lagoon as a future site for the businesses.

"The tax credit was offered to assist present business in Honolulu Harbor, whereby the credit could be used for structures, machinery, equipment and capital assets in the definition of capital infrastructure costs. There will be a CAP on the credit per taxable year for qualified tenants.

"It allows the State to recapture the credits if the qualified infrastructure tenant fails to relocate within a certain period of time after executing a lease with the Department of Transportation. There are safeguards in this draft that protects the State's interest in the tax credit. For those reasons above, I support HB 591, HD 1, SD 2, CD 1. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 591, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE CAPITAL INFRASTRUCTURE TAX CREDIT," passed Final Reading by a vote of 47 ayes to 3 noes, with Representatives Choy, Har and Oshiro voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 190 and H.B. No. 423, HD 2, SD 2, CD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, the report of the Committee was adopted and H.B. No. 423, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FILM AND DIGITAL MEDIA INDUSTRY DEVELOPMENT," passed Final

Reading by a vote of 47 ayes to 3 noes, with Representatives Choy, Oshiro and Thielen voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 193 and H.B. No. 1488, HD 1, SD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 1488, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Oshiro rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Oshiro's written remarks are as follows:

"I am speaking against final approval of HB 1488, HD 1, SD 1, CD 1, and will be voting 'no.'

"In so doing, please incorporate my previous remarks submitted on related medical marijuana legislation approved in 2015, (Act 241, Session Laws of Hawaii, 2015) and 2016 (Act 230, Session Laws of Hawaii, 2016). Act 241, 2015, is the enactment of HB 321 and the relevant portions of 2nd Reading, 3rd Reading, and Final Reading Floor Remarks can be found on pages 250-252 (Day 19), 362-367 (Day 25), 725-730 (Day 60), respectively. Likewise, Act 230, 2016, is the enactment of HB 2707 and the relevant portions of the Final Reading Floor Remarks can be found on pages, 707-708 (Day 59).

"This 'easy-to-follow' reference is to provide the reader, whether she or he is a historian, political scientist, researcher, or interested citizen of the context and circumstance of my objection and disapproval of HB 1488, HD 1, SD 1, and CD 1. It is important that thoughtful readers acknowledge that my objection, although similar in affect as others, may be seen as unique as I repeatedly offered an alternative policy for the safe and effective use of medical marijuana that would have Hawaii be a world leader in the production, research, and use of this medicinal plant, but with a triple-bottom line. That is, good for the environment, workers, patients, investors, and community. Moreover, none of my previous objections were levied at the community proponents of the measures who sincerely sought a non-pharmacological alternative form of treatment. Instead my concern and focus has been on the capitalistic and for-profit entrepreneurs that have taken over what was once a 'live and let live' policy of small legal backyard cultivation and consumption by the truly ill and sick. As is becoming more and more recognized, the 'Big Tobacco' of the 50s, 60s and 70s, has now returned as 'Big Marijuana' in second decade of the 21st Century. The thought that the Hawaii State Legislature is not only complicit in this expansion of corporate and business profiteering but actually engaged in the aggressive and punitive promotion of medical marijuana unlike any other locally derived, grown, or manufactured product, is radical and unbounded. How a relatively small group of advocates and commercial proponents from the Mainland have become so influential and engaged with Hawaii's Executive and Legislative branches foretells a dangerous condition for Hawaii's future. For when foreign influences and foreign money begin to erode the traditional values and norms of Hawaii and therein foist a new and untested or measured business and social norm, we are vulnerable to manipulation and exploitation.

"The measure should not be approved for the main following reasons:

"Increasing the number of marijuana plants from seven to ten plants at any stage of growth

"Because it is admitted by the Department of Health that it does not monitor or enforce the provisions of the law regarding plant quantity, increasing the number of plants that a patient or caregiver may possess from seven to ten is meaningless and offers no additional protection for illegal distribution or illegal sale and promotion as a drug. From 2000 to 2014, the maximum number of plants was three and seven. In 2012, the law was amended to allow a medical marijuana registry fund to pay for the program and transferred the medical marijuana program from the Department of Public Safety to the Department of Health.

"According to the State of Hawaii Department of Public Safety, between 2002 and 2015, only four Medical Marijuana Cards were revoked against the 13,000 issued. Hawaii will have the most generous law regarding plants

in the Nation under the Medical Marijuana regime and again, for a mere \$35.80 a patient may obtain a Medical Marijuana Card that provides de facto 'legalization' of medical marijuana for him or herself.

"The Procedures For Adding Qualifying Medical Conditions In Act 241, HRS 329, Should Be Followed"

"Much was said and made about a provision in 2015 that would allow the stakeholders to petition and seek additional diseases or medical conditions to the list of covered debilitating medical conditions.

"In fact, HRS 329-121 provides that '[a]ny other medical condition approved by the department of health pursuant to administrative rules in response to a request from a physician or advanced practice registered nurse or potentially qualifying patient.'

"Notwithstanding the repeated assurances of medical review and external review of medical reports and scientific studies, the Legislature has imposed its own judgement on what should be a medical decision and not a political one. We added on Post Traumatic Stress Disorder (PTSD) in 2016 and even contemplated adding on 'insomnia' and 'depression' and 'anxiety.' Again, all of these conditions were advanced without much medical or medical board or college of pharmacy expert advice or opinion. Interestingly, we added on PTSD in 2016 without any request from the Office of Veterans Affairs or even seeking advice from Tripler Army Medical Center. This year, 2017, the Legislature added the following:

- (1) Rheumatoid arthritis;
- (2) Lupus;
- (3) Epilepsy; and
- (4) Multiple sclerosis.

"Curiously, the public record reveals no affirmative request for these conditions. And prior House or Senate drafts did not indicate that these four conditions were under review or consideration. Making important and life altering health decisions without relevant expertise or medical guidance is audacious at best, or reckless and foolish at worst.

"Extension of Interim Rules to 2020 Is Not Transparent and Shuts Out Public Oversight"

"HB 1488, HD 1, SD 1, CD 1 amends HRS Section 329D-27 and extends the Department of Health's authority to adopt interim rules, exempt from Chapters 91 and Chapter 201 M, from July 1, 2018, to July 1, 2020. The bill also provides the Department of Health the authority to amend the interim rules and the amendments will be exempt from Chapters 91 and Chapter 201 M, and that the amended rules shall remain in effect until July 1, 2020. This means that from the enactment of the Medical Marijuana Dispensary law in 2015 and promulgation of rules, no public vetting or input has been made on these business and health regulations that have the effect of law. Under this bill, the public's right to know is steamrolled in the name of 'patient safety and need' and even consumer advocates have no seat at the table. The alarming truth is that the 'legislative oversight working group' propped up under Act 230, Session Laws of Hawaii, 2016, comprised of primarily industry lobbyist and business interest and financially vested parties are the proponents of any and all interim rules and amendments. Interestingly, the 'usual suspects' trumpeting good government transparency and openness have been conspicuously silent and indifferent. I guess, they opine on the necessity of open government and treatment when it best suits their interest or ideas. In the present case, it is alarming that so much regulatory power to write rules under the broad statutory provisions of Act 241 (2015) and Act 230 (2016), goes forward unchecked or without review by the citizens whose lives and communities will be touched by their hidden and secretive decisions. Where are the League of Women Voters and the ACLU when you need them? Where is Common Cause when the cause for public interest is so compelling and needed? Another textbook example of how one special business as a 'special interest' has done very well in recent years. Also, how our former good government advocates has lost their respected role and function in our democracy.

"Allowing the current eight (8) licensees an additional 2,000 plants at each production center is patently unfair"

"HB 1488, HD 1, SD 1, CD 1 provides in relevant part the following:

(k) Notwithstanding subsection (f) to the contrary, the department may determine whether dispensary licensees shall be allowed an additional two thousand marijuana plants at each of the licensee's production centers. In no case shall a licensee be allowed more than five thousand plants at a single production center. (emphasis provided)

"Under the present law, the eight (8) licensees are permitted to: (1) own and operate two (2) Production or 'grow' Centers and (2) own and operate two (2) Retail Dispensaries. There eight licenses are distributed as follows across the State: Kauai (1), Oahu (3), Maui (2) and Hawaii (2).

"This means that the current eight licensees have a license benefit—additional permit to grow 2,000 more plants per Production Facility or 5,000 plants for each license that were not available to prior applicants and may not be applicable to FUTURE applicants. In other words, the State of Hawaii is giving the current licensees, many of whom have not begun to grow any plants or disclose a time-line of building or even opening a production center or for retail dispensary, now received an advantage that the other 50 or so applicants were not offered when they prepared and submitted their applications and tended payment for the license applications. This is patently unfair and does great violation to any notions of a fair and impartial competitive system. Reminds me of the lucrative Las Vegas gaming licenses that are very valuable and a treasure to have in its own right.

"Furthermore, if we examine the records from the Department of Public Safety, 2015, and apply the zip code measuring methodology for the 'rural and underserved geographical area' the 'winners' will be those two (2) licensees on Hawaii Island.

Island	Patients	Not Growing	% Not Growing
Hawaii	5,415	12	0.0%
Maui	3,183	78	2.4%
Oahu	3,146	221	7.0%
Kauai	1,940	6	0.0%
Molokai	222	1	0.0%
Lanai	28	0	0.0%
Niihau	3	0	0.0%
TOTAL	13,937	318	2.23%

"At present, Hawaii Island is allocated two (2) licenses but if one would look at the number of card holders, it would appear that section (l) of HB 1488, HD 1, SD 1, CD 1 favors those two licensees over others. But, if the geographic limitation is also applied to Kauai, the one licensee would be able to provide more marijuana and become a monopoly under the present one-licensed statutory provision under Act 321.

"In short, the cleverness and ingenuity of the proponents have allowed the interested parties the ability to expand and hold onto market share even without turning a spade or setting up shop but merely seeking an expansion of present law in a manner and application that few in the public foresaw or even understand and comprehend. Please consider HB 1488, HD 1, SD 1, CD 1, as 'Exhibit A,' of how one special business as a 'special interest' has done very well in recent years. This deserves five stars.

"Allowing The Current Eight (8) Licensees An Additional Retail Dispensary Is Patently Unfair"

"HB 1488, HD 1, SD 1, CD 1 provides in relevant part the following:

(l) Notwithstanding any provision of subsection (g) to the contrary, the department may determine whether dispensary licensees shall be allowed one additional retail dispensing location per licensee...

"Again, this is the same issue and concern raised above regarding the additional 2,000 plants for each Production Center and the current eight (8) licensees. This means that while the current law allows each licensee the ability to open two (2) retail dispensaries, HB 1488, HD 1, SD 1, CD 1, allows the current licensee the prospects of having another retail dispensary. This without additional fee, or costs, or panel oversight but simple with the showing that 'the licensee has the capability to serve and supply medical marijuana to qualified patients in a rural or underserved geographical area

of a county.' The 'rural or underserved geographical area' is the same definition described above and is applicable to the several counties—Kauai, Oahu, Maui (Molokai and Lanai and Kahoolawe), and Hawaii. The audacity of this special business as a 'special interest' is simply audacious.

"Other Disturbing And Problematic Additions to the Hawaii Medical Marijuana Laws

"HB 1488, HD 1, SD 1, CD 1 also provides the following that I also object to:

"(1) Allowing an alternate, backup system for tracking and monitoring data related to dispensary sales. This one change may be the 'straw that breaks the camel's back' as we venture into loosening our purported tightly regulated and controlled scheme. The much bantered about 'Cole Memorandum' is simply a memorandum and the current attorney general can rescind and/or issue his own memorandum on the enforcement policies of the federal government.

"The Attorney General of the State of Hawaii has repeatedly stated in relevant part:

The proposed wording . . . raises concerns, because the alternate tracking system does not provide a means for actually tracking the sale of marijuana or manufactured marijuana products in real time if the Department's computer tracking system is not working properly, and may allow qualified patients to purchase marijuana or manufactured marijuana products in excess of statutory limits, which could increase the risk of possible diversion of marijuana and manufactured marijuana products. In order to maintain the robust regulatory scheme required by the U.S. Department of Justice (DOJ) Memorandum for All United States Attorneys dated August 29, 2013 (the Cole memo), we suggest that the wording creating an alternate tracking system be deleted.

(Testimony of the Dept. of the Attorney General, 29th Legislature, 2017, House Committee on Finance, February 23, 2017, 12:00 p.m.)

"Given this clear warning and word of caution the Legislature is set on passing HB 1488, HD 1, SD 1, CD 1, and risk the oversight and possible federal intervention into Hawaii's Medical Marijuana regulatory system and laws. I personally feel it is risky and puts at risk all the present users and their access to a medical and psychoactive active plant that has and is providing some physical and mental relief for its users. My greatest concern is that in our haste to beef up and ramp up this new industry we are putting at risk the non-commercial and non-profit home-based cultivation and use of medical marijuana by the legitimate and conscientious patient and caregiver. And, why we would make such a move without knowing completely how our new U.S. President Donald Trump's Administration will set policy on Medical Marijuana and direct Attorney General Sessions to do its bidding? In effect, we may be allowing for the 'throwing out the baby with the bath water.' And, for the sick and needy, that would be a shame.

"(2) Allowing qualifying patients to continue to obtain medical marijuana from a source other than a dispensary or by self-cultivation through December 31, 2023.

"During discussions during 2015, it was made clear that allowing for commercial cultivation and sale of marijuana would change the landscape of Hawaii forever more. Once Pandora's Box was opened it would not be readily closed or maybe could not ever be closed. One idea to curb the over-production and sale of illegal marijuana would be to gradually ramp down the home-grow as the dispensaries and retail dispensaries made available a safe and sound product for consumers. The idea being that current home-grown was inferior and may contain lethal toxins, pesticides, and other harmful material. The State of Colorado and others proved that continuation of home-grow even while retail stores were expanding would only allow for the greater expansion of the underground economy. This has been proven over and over again. Consequently, the commercial for-profit businesses will have to promote themselves and thereby become the new 'Big Tobacco' as 'Big Marijuana' or face competition from a unregulated but legally permitted home-grow medical marijuana patients and caregivers. We did

not have to follow this for-profit model. We could have taken some profit out by mandating only non-profit licensees and set price controls onto the prices of product. Other states have done this and the sky has not fallen. But, we settled on a traditional money and profit making scheme and as such we can expect the same activities and behavior. A review of the 2017 lobbyist list for the Medical Marijuana businesses suggest some resource investment that is on par with any retail or commercial regulated business. The best is hired and the best get the job done.

"As I have said repeatedly, 'the legal medical marijuana does not eliminate the black market but merely camouflages it.' By not allowing for the planned cessation of caregiver grows in 2018 and patient home-grow even when adequate supply of marijuana and marijuana products are readily available, the supply will increase and more and more marijuana, both legal medical marijuana and illegal marijuana, will be found on our school campuses, colleges, and work sites. The dumbing down of our own people will be upon us soon and we must be prepared to increase our human services and health budgets as we try and prevent more addicts from being made and as we strive to save those addicts already here today.

"Final Thoughts on HB 1488, HD 1, SD 1, CD 1

"In close, as in my other comments made on similar measures, it is my sincere hope that none of these bad affects arise or appear in our communities. Maybe, I have been too suspicious and judgmental on the interests and motives that exist among stakeholders in this new industry in Hawaii. I hope so. But, it would have been of some consolation if we have had much more vigorous debate and discussion both in the committees and on the floor. It would be safe to guess that many do not know of these new specific terms and provisions nor have any idea of the dangers inherent therein. So, let me close with this thought and apologize to my colleagues and the citizens of Hawaii for not speaking up when the opportunity arose. I hope to not do so anymore should the opportunity arise.

"For the above reasons, I stand in opposition to HB 1488, HD 1, SD 1, CD 1, and cast a no vote."

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"My concern about this measure stems from my concern about security. While I appreciate the language that indicates the security videos will be held on to for 50 days, I feel that those surveillance videos should be held on to for at least a year. That time would allow for a careful look at the activity that goes on in the dispensaries and protect those that are coming in for medicinal purposes. This concern also has to do with the amount of money that will be held at the dispensaries. This could draw unnecessary attention and put individuals at risk. I also have concerns about our Federal Government not supporting this type of legislation. I question why we are disregarding federal law. We comply when we want and when we don't we blame the Federal Government. This legislation will be setting precedents."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1488, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL MARIJUANA," passed Final Reading by a vote of 43 ayes to 7 noes, with Representative DeCoite voting aye with reservations, with Representatives Choy, Har, Kong, Oshiro, Tokioka, Tupola and Ward voting no, and with Representative Ichiyama being excused.

Conf. Com. Rep. No. 195 and H.B. No. 115, HD 1, SD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 115, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Nakamura rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Nakamura's written remarks are as follows:

"I'm concerned that the transfer of roads in limbo to the City and County of Honolulu does not come with financial assistance. This creates an additional financial responsibility for the city and reflects an unfunded mandate, a policy I do not support."

At 5:55 o'clock p.m., Representative Evans requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 5:56 o'clock p.m.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 115, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HIGHWAYS," passed Final Reading by a vote of 50 ayes, with Representatives Nakamura and Say voting aye with reservations, and with Representative Ichiyama being excused.

At 6:00 o'clock p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 116, HD 1, SD 1, CD 1
 H.B. No. 1179, HD 2, SD 2, CD 1
 H.B. No. 1022, HD 1, SD 2, CD 1

The House of Representatives reconvened at 6:04 o'clock p.m.

END OF CALENDAR

UNFINISHED BUSINESS

Conf. Com. Rep. No. 183 and H.B. No. 575, HD 1, SD 1, CD 1:

Representative Saiki moved that the report of the Committee be adopted, and that H.B. No. 575, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Evans.

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Onishi rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. It's very conflicting for me to vote with reservations on this bill because this bill will help to support the many lessees of public lands in Hilo and on the Big Island. But this bill at the end says that notwithstanding the lease restrictions established pursuant to section 171-36, the board may, without public auction, extend a public land lease that is issued to a school or government entity pursuant to section 171-95 beyond the sixty-five year maximum lease term. The authority established pursuant to this section to extend a lease shall not apply to any lease to the University of Hawaii of lands within a conservation district of which the University of Hawaii has subleased a portion for the purpose of constructing an astronomical observatory."

"Mr. Speaker, this particular language speaks directly to the astronomy industry on the Big Island up on Mauna Kea. And this bill provides for all other government entities to be given the opportunity to extend the leases, except for the University of Hawaii up on Mauna Kea. And I don't know where this came out of, this was never discussed in this session as to

restricting leases on Mauna Kea from being extended in these types of bills, which we had a number of bills moving, both in the House and in the Senate.

"And we are talking about an industry that Hawaii Island and Hilo is very dependent upon to provide high paying jobs for our community. We have engaged with companies, businesses that are not only US but also foreign countries. And this bill now would require the University of Hawaii to be put into a position where once their master lease ends they will have to go before the Board of Land and Natural Resources and go through the whole vetting process of getting a new permit, something that this bill exempts other government entities from doing. With that, Mr. Speaker, I vote with reservations."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. I really thank the speaker from the Big Island for the elucidation on what the real meaning of this is. Because Mr. Speaker, earlier I started with the notion that darkness is a natural resource and if there's a natural resource where darkness is, it's Mauna Kea. And if this Mauna Kea lease is not being extended, we're cutting our nose to spite our face.

"So Mr. Speaker, I cannot see to logic of this, why you would cut off the world's most preeminent place on the earth for astronomy. Something is beneath the surface here. Something is gurgling up. Something is needing to be, how would you say, sunlight is the best disinfectant, and this thing really needs to get some sunlight on it because it doesn't pass the smell test. Thank you, Mr. Speaker."

At 6:09 o'clock p.m., Representative Souki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 6:11 o'clock p.m.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against the measure. Mine is different from the prior speakers. I'm taking a look at the way that our law presently relates to public lands, and currently public land leases are statutorily limited to 65 years. There's a reason for that Mr. Speaker, because if they're easily extended beyond that, it makes it almost like the lessee has the land in fee simple, and we don't have the next generations being able to come in and say, I have a better use for this, or I'd like to expand the use and do xyz. It really takes away the competition.

"So I know there are problems on the Big Island, I think it's Banyan Drive that's been really a problematic area, and there is another area over there too, I think sort of an industrial park. But this bill becomes a statewide measure, and I don't think it's good public policy, so I am voting no. It's not to do with the observatory, it's that a 65-year term means 65 years. That's really a long period of time to develop your property and do what you want to do with it. Otherwise, put it out for sale. But don't change our policy where new people can come in, next generations, and do something else with the public land. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, in continued opposition to clarify that this is in effect about the TMT, it is in effect about Mauna Kea. The lease that University of Hawaii has now expires in 2032, that's 15 years. All of us who have gone to the bank know that when you borrow money for a business, you've got to have a lease for your retail outlet, like I had at Waikiki for 15 years. If your lease was not long enough to pay back the loan, you never got the lease.

"If you're going to give the TMT contract, the huge Thirty Meter Telescope to Hawaii, and you had a 15-year lease left, these international scholars are not foolish. If you follow the money and you follow the lease here, this is a poison pill for the TMT. I apologize to my college from Kailua, but it's pure and simple, the poison pill is on page, whatever page is in the back of it.

"Mr. Speaker, for those of us who believe that the Hawaiian navigators in the beginning created from the beginning navigation, when the westerners, the Europeans thought that if you sailed then you would fall off the earth, the Hawaiians, the Polynesians sailed on. They were the progenitors of exploration. The TMT is one of those extensions of the Hawaiian voyagers. This bill says, go back Hawaiians, go back TMT, go back Mauna Kea, go back from being the first in the world in astronomy to being the last in the world because you at the Legislature cut out the lease for those people to progress. If you're going to put all the \$2 or \$3 billion in there to build up the TMT, you've got to have more than a 15-year lease, Mr. Speaker. In fact, you probably need at least a 65-year lease with an extension.

"All of those income-paying observatories up there have their leases expire. Do we want to just basically take apart what we've created over the last 34 years? I think Governor Burns and Senator Inouye and all the others would roll over in their grave if they knew what we were talking about. Mr. Speaker, this is a very serious bill which does not deserve passage. Thank you."

Representative San Buenaventura rose to speak in support of the measure, stating:

"In support. Unlike the recommitted bill, HB 1469, which I believe the other references have been made to, this bill just basically allows the lessees to renegotiate their lease as soon as there is 10 more years left. It's a benign bill. And I understand the concerns of my fellow colleague of the Big Island also, that it made an exception for Mauna Kea.

"But this bill, we have problems on the Big Island, on the east side. And specifically the development or the lack of development really, the decaying development that this bill I believe is focusing on, which is the industrial area. Allowing them to renegotiate their lease is not a bad thing. Thank you."

Representative Nakamura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 575, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," passed Final Reading by a vote of 45 ayes to 4 noes, with Representatives Nakamura and Onishi voting aye with reservations, with Representatives McDermott, Quinlan, Thielen and Ward voting no, and with Representatives Ichiyama and Tupola being excused.

At 6:18 o'clock p.m., the Chair noted that the following bill passed Final Reading:

H.B. No. 575, HD 1, SD 1, CD 1

H.C.R. No. 104, SD 1:

Representative Saiki moved that H.C.R. No. 104, SD 1 be Adopted, seconded by Representative Evans.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, 104, regarding the indigenous rights of the North Dakota entity. Mr. Speaker, given that this is a last minute discussion, I am going to assume that in all good intentions, this is for the betterment of the North Dakota Indian tribes, the American Indian tribes. However, for the sake of the American economy and the oil, and the Keystone Pipeline, which subtly indirectly pointedly probably tangentially is suggesting is a bad idea, I disagree with it. That is why I would request a no vote.

"We are going to be the Saudi Arabia of the world when we put to use all of our oil reserves, and one of those is in North Dakota, Mr. Speaker. For those reasons, this is a job issue, it is not a culture issue. Thank you."

The motion was put to vote by the Chair and carried, and H.C.R. No. 104, SD 1, entitled: "HOUSE CONCURRENT RESOLUTION EXPRESSING THE SUPPORT OF THE STATE OF HAWAII FOR THE RIGHTS OF THE INDIGENOUS PEOPLE OF NORTH DAKOTA TO PRESERVE THEIR CULTURAL HERITAGE AND ACCESS TO CLEAN WATER," was Adopted, with Representative Ward voting no, and with Representatives Ichiyama and Tupola being excused.

H.C.R. No. 105, SD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, H.C.R. No. 105, SD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS TO REPORT TO THE LEGISLATURE ON ITS EFFORTS TO ADDRESS ISSUES RELATED TO THE VOCATIONAL REHABILITATION UNIT IN ITS DISABILITY COMPENSATION DIVISION," was Adopted, with Representatives Ichiyama and Tupola being excused.

H.C.R. No. 148, SD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, H.C.R. No. 148, SD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE CONVENING OF A WORKING GROUP TO EXAMINE AND DEVELOP RECOMMENDATIONS TO ADDRESS THE ISSUE OF SQUATTING IN THE STATE," was Adopted, with Representatives Ichiyama and Tupola being excused.

H.C.R. No. 152, SD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, H.C.R. No. 152, SD 1, entitled: "HOUSE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A FIFTY-FIVE YEAR TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT WAIPOULI, KAWAIHAU, KAUAI, FOR THE MAINTENANCE AND REPAIR OF THE EXISTING SEAWALL, AND FOR THE USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was Adopted, with Representatives Ichiyama and Tupola being excused.

H.C.R. No. 153, HD 1, SD 1:

On motion by Representative Saiki, seconded by Representative Evans and carried, H.C.R. No. 153, HD 1, SD 1, entitled: "HOUSE CONCURRENT RESOLUTION RECOGNIZING APRIL 15 THROUGH APRIL 22, 2018, AS VOLUNTEER WEEK IN THE STATE OF HAWAII," was Adopted, with Representatives Ichiyama and Tupola being excused.

H.C.R. No. 164, SD 1:

S.B. No. 382, SD 2, HD 1, CD 2

At 1:44 o'clock p.m., Representative Tupola requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:45 o'clock p.m.

INTRODUCTION OF RESOLUTIONS

The following resolution (H.R. No. 164) was announced by the Clerk and the following action taken:

H.R. No. 164, entitled: "HOUSE RESOLUTION ELECTING THE SPEAKER OF THE HOUSE OF REPRESENTATIVES OF THE TWENTY-NINTH LEGISLATURE," was offered by Representative Luke.

Representative Luke moved that H.R. No. 164 be adopted, seconded by Representative Evans.

Representative Oshiro rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise to speak against House Resolution Number 164, and at the appropriate time, may I ask for a roll call on House Resolution 164, Mr. Speaker?"

The Chair addressed Representative Oshiro, stating:

"Yes, you can. You just need the roll call to be seconded, and then we will see if there are sufficient numbers for the roll call or not."

Representative Oshiro: "Mr. Speaker, what is the sufficient numbers for a roll call?"

Vice Speaker Mizuno: "I apologize. No need a second. You're asking for the number for a sufficient roll call? One fifth. If there are 51 members, you need at least 11."

Representative Oshiro continued, stating:

"Okay, thank you, Mr. Speaker. Mr. Speaker, I'm opposing this resolution. I find this highly irregular on the last day of the session to be making such an important decision like this. I believe that most of the members of this body, including the Republicans, have not had an opportunity to carefully vet and weigh the various choices we have here for the presiding office of this august body.

"This is one of those votes, Mr. Speaker, that all of us have an equal right to cast our vote, fully knowing who we're selecting to be the leader of this chamber. All 51 of us, Mr. Speaker. I just became informed of this resolution but several minutes ago, Mr. Speaker. Although I learned earlier today that the Speaker had tendered his resignation, I have had not the time to ponder or even digest the ramifications of the current Speaker resigning.

"In fact, Mr. Speaker, I'm curious on the timing of the current Speaker resigning. Have not having the chance to spend much time with him, I do not know if it was under duress."

The Chair addressed Representative Oshiro, stating:

"Actually, I don't think you can impugn motive or sinister motive on any members of the body, that would be not in decorum, Representative. Speculation, but you can't arraign any sinister motive on any members of this body. You cannot do that."

Representative Oshiro continued, stating:

"I'm not sure if the Speaker has tendered his resignation. I do not know the cause or the circumstances. I think that's relevant to my decision today. Not having had the time to even consider the ramifications of this decision, I have to stand against it.

"I don't know how many members understand what this means. The Speaker that we'll select in the next several minutes or maybe hour will be the presiding officer of this chamber during the next eight months, while we're in the intercession period. We're going to *sine die* today, and that individual will be acting on behalf of all of us, as the Speaker of the State House of Representatives. That is a heavy mantle to carry for anyone.

"I don't know if the current leadership team that's in place, including myself, are able to render service consistent with, congruent with, the new Speaker. Same goes for the various committee chairs and vice chairs, and the membership thereof.

"I do know this, Mr. Speaker, that elevating the current member who currently serves as the Majority Leader of the Democrat Caucus to the Speaker of this House does leave a vacancy in the Democrat Caucus. So who will lead the Democrat Caucus over the next eight months? Who's going to lead the 45 Democrats over the next eight months, Mr. Speaker? That's one obvious question that weighs on many people's minds.

"Mr. Speaker, the first bill of today on the rail was also deferred one legislative day, to cause the effect that that bill will still be old business, carryover business, when this body reconvenes in January of 2018. First up.

"Mr. Speaker, I don't normally find myself wanting to display this kind of concern on the last day."

Representative Kong rose to yield his time, and the Chair "so ordered."

Representative Oshiro continued, stating:

"But in all honesty, Mr. Speaker, I am really puzzled by this. And I wish I had the opportunity, even several hours, Mr. Speaker, to go and see the current Speaker. Is he well? Did something terrible happen in his personal life? Can I lend my assistance to him? Can I make myself available to his cause? I don't know that, Mr. Speaker.

"I haven't had a chance to talk to the member listed to become the next Speaker. Is this a person that I can support? That philosophically we have alignment of values, an alignment of vision, alignment of values and vision, and whether we can work together. I don't know that.

"And here we are, on the last day of this session, probably making one of the most important decisions as a collective body on who we're going to select of a leader amongst leaders, as the Speaker of the State House of Representatives. And we have many, many questions, Mr. Speaker.

"Mr. Speaker, I apologize to you, I apologize to the members, and I apologize to the Speaker. Thank you."

Representative Takumi rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. In favor of the resolution. Thank you very much. My good friend the Representative from Wahiawa, who's my seat mate, actually, for the last several years, I'm afraid is conflating a number of issues into this resolution.

"The condition of the Speaker of the House who resigned, that is public knowledge, and all of us got the Speaker's resignation letter, so whatever motivated the Speaker to resign his office is not germane to the resolution before us. I hope he's in perfect health, I hope he's in good spirits, but that is not germane to the resolution before us.

"As far as the timing, the House rules, or the policy, or any law that I know of, this does not violate any of that. Could the timing have been better? Some on this floor will argue, perhaps. But you know, Mr. Speaker, those of us who've been here and have gone through a number of reorganizations and picking a new Speaker, we all know the timing of all of those in the past may not have been ideal.

"And as far as the measure before us, Mr. Speaker, I look at it as two paragraphs. It's in plain English. This is not like the rail bill. This is not like the landlord-tenant code. This is not like a condominium bill, and trust me, I've been through a few condominium bills in the last half of the crossover, and I can say those are nuanced, subtle, complicated, complex, difficult to understand.

"This, Mr. Speaker, any one of us on this floor reading it I hope can understand what it is. And while my friend from Wahiawa may want more time to digest what is before us and he's puzzled, for me, Mr. Speaker, there are many colleagues on this floor who understand what this resolution is, they are not under duress, and on their own free will, will vote whether they support it or not. Thank you."

Representative San Buenaventura rose to speak in support of the measure, stating:

"I stand in support. In the midst of change, we should not lose sight of the fact that Speaker Emeritus from Maui has shown great leadership. He is the only Representative who has been Speaker twice in his tenure. He has shown and backed causes even though it was unpopular in this body.

"It is not with disrespect that I support H.R. No. 164. In fact, I hope that the proposed Speaker would be able to stand and have the same honor and integrity as the Speaker. Thank you."

Representative Say rose to speak in opposition to the measure, stating:

"Mr. Speaker, this afternoon I rise in opposition to the resolution. As a former Speaker, I am very much concerned on behalf of this body that what you've heard on the floor is correct. It's very, very difficult in choosing a leader of this illustrious institution. But more importantly, not having to hear what the Speaker who had just resigned his position should have said to this august body of his reasons.

"But more importantly, I would like to wish the incoming Speaker the very best, that they would be upholding the true values of this institution, in reference to transparency and openness, no self-dealings, Mr. Speaker, and also having the communication bridge that we have all lost at this point in time.

"Yes, I did read the former Speaker Emeritus's resignation letter, where some of the shortcomings that he tried five years ago in bringing this body together. Five years ago, Members of the House, this Democratic Caucus was deadlocked, 22-22, and the 22 that was with the Speaker and the present leadership went with the Republicans. And I can appreciate that, I really do. In politics, in organization, all it is is 26 to organize the House of Representatives.

"In closing, Mr. Speaker, I have a prayer that I wanted to insert on behalf of all of you as far as moving ahead. But at this point in time, may I respectfully request that I cast a no vote. Thank you."

Representative Say's written remarks are as follows:

"Mr. Speaker, I have stated on the floor my opposition to HR 164, regarding the selection of the Majority Leader to become the Speaker of the House of Representatives. For closing my remarks, I wanted to share a prayer to the Members of the House of Representatives.

I thank God for you and your service to me as your constituent. Thank you for your commitment to public service and the good of the people.

I pray that you would see God for solutions to our problems. I pray also that you would respect, remember, and incorporate the family principles of our society into your work. I pray that you would act with integrity and honor in your position. I pray that God would help you daily to face the difficulties of public service. I pray for blessing on your family and strength for you personally. In Jesus' name, Amen.

"Prayer written by Edmund Morse."

Representative Choy rose to speak in opposition to the measure, stating:

"In opposition, Mr. Speaker. I'd like to adopt the words of the former Speaker of the House. Thank you," and the Chair "so ordered." (By reference only.)

Representative Tokioka rose to speak in opposition to the measure, stating:

"In opposition. Thank you very much, Mr. Speaker. And for a gentleman, and I will say that, I'm not guessing, I did talk to the Speaker this morning just before we came down here, and I do know that he was wanting to continue to lead this body, but circumstances before us changed that.

"And I really hope that it had nothing to do with him defending me on House Bill 475, asking the leadership to pass the bill. I really hope it has nothing to do with that. For a man that has spent half of his lifetime here in this body, Mr. Speaker, I would hope that we could have at least—"

The Chair addressed Representative Tokioka, stating:

"Representative, I'm sorry. I've got this, Majority Floor Leader. With complete respect, Representative Tokioka, I apologize for repeating myself. It's clear in the rules. You cannot arraign a sinister motive to any member in the body."

Representative Tokioka continued, stating:

"Okay, I'll stick to the language in the resolution, the two paragraphs here. I would just hope that, for the members in this body, Mr. Speaker, that do want to say their *aloha* to the Speaker and to support all the years that he's been here, that they can have the option by the Representative, the Majority Leader that's on this resolution, to vote no on this resolution, and not as a matter of being against this resolution, but being in support of all of the work that the Speaker has contributed to this state and this body. Thank you very much, Mr. Speaker."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I just note briefly that our good Speaker has resigned this morning, and a vacancy in leadership has been created that I think all of us have an obligation to fill.

"There are any number of great issues that have yet to be resolved, and I think the public expects us to take action. And to do that, I think we have to organize ourselves quickly and efficiently, and any member who has earned the respect and trust of a majority of our colleagues should do well to take that position and move us all forward. So because of that, I stand in strong support, and support HR 164. Thank you."

Representative Har rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. Before I get started, may I please incorporate the words of the Speaker Emeritus as well as the Representative from Lihue into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Har continued, stating:

"Thank you, Mr. Speaker. Mr. Speaker, today before us we have a resolution. We know this is unprecedented. Given the fact that the Speaker, now Emeritus, has resigned, to still go forward with this resolution is somewhat unnecessary."

The Chair addressed Representative Har, stating:

"I'm sorry, I'm not arguing. I think until the resolution's actually passed, he's not Speaker Emeritus, he's currently the Speaker."

Representative Har continued, stating:

"Excuse me. Thank you for that clarification, Mr. Speaker. So at this point in time, I think that, again, knowing that this resignation was delivered to all of us this morning, I think it is a sad time at this point, and to move forward with this resolution could have been done at some other appropriate time, out of respect and deference for the Speaker's position. That said, for those reasons, Mr. Speaker, I remain in opposition. Thank you."

Representative Cachola rose, stating:

"Mr. Speaker, before I decide to go in support or against this resolution, let me make this statement. What is before us is whether or not we are going to approve the Majority Leader as the Speaker of the House. The Speaker already resigned. What is before us is whether we are going to support this resolution to appoint the Majority Leader as the Speaker.

"When the Speaker resigned, I believe that he already knows what's coming. And it's to my mind, he is a very magnanimous person, he doesn't want to split this House. And the way I look at it is, let's not split this House. One thing that I should ask the Majority Leader is this. Are we doing this thing now because there is a possibility that when Lieutenant Governor Shan Tsutsui resigns—"

The Chair addressed Representative Cachola, stating:

"You're out of order, Representative. You can't, this does not relate to this resolution before us."

Representative Cachola: "Wait, it is."

At 2:02 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:03 o'clock p.m.

Representative Cachola continued, stating:

"I just really want to know if we can possibly do these things at the beginning of session next year. But I can see the possibility, and I want a commitment from the Majority Leader. I can see the possibility of whoever is the Speaker to get appointed as lieutenant governor. So to the point, I'll be supporting this. I'll be supporting this resolution because the Speaker is no longer the Speaker. The thing before us is whether or not we have to come out voting for the next Speaker. I can just see some things. So to a point, that's my concern. Thank you."

Representative Ward rose, stating:

"Mr. Speaker, I don't have a dog in this fight. I don't have an axe to grind. But I know that what we do on this floor should be honorable. To choose the last day to literally cut off an 84-year-old man, I'm not sure that's the honorable thing to do, Mr. Speaker. And I know it's about power, it's about different things, but Mr. Speaker, I—"

Representative Evans rose to a point of order, stating:

"Mr. Speaker, the speaker is talking about motive, and I think that's out of order."

Vice Speaker Mizuno: "Absolutely correct. I agree."

Representative Tokioka rose to a point of order, stating:

"Point of order, Mr. Speaker."

At 2:05 o'clock p.m., Representative Evans requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:06 o'clock p.m.

Representative Ward continued, stating:

"Mr. Speaker, there's always a better way to do things, and I guess I was commenting on the methodology and the moment of where we are now. So, Mr. Speaker, in summary, I would like to say that the Representative from Maui has served us well."

Representative Ing rose to a point of order, stating:

"Mr. Speaker, point of order. You have to pick a side of the debate in order to have the floor."

The Chair addressed Representative Ward, stating:

"Representative Ing is correct. Are you supportive, with reservations, in opposition?"

Representative Ward: "*Kanalua*."

Representative Ing: "Point of order. The member does not have the floor."

Vice Speaker Mizuno: "Representative, I apologize. And Representative Ing, we're going to allow Rep. Ward to go. He—"

At 2:07 o'clock p.m., Representative Evans requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:08 o'clock p.m.

At this time, the Chair stated:

"Members, your kind indulgence. I apologize, we got the rules straightened out. I believe Representative Ward is spot on with the rules. The Chair recognizes Representative Ward, please continue."

Representative Ward: "In summary, Mr. Speaker."

Vice Speaker Mizuno: "I apologize again. Your position on the measure before us?"

Representative Ward: "I get two more *kanaluas*, right?"

Vice Speaker Mizuno: "I think we already discussed that."

Representative Ward continued, stating:

"Actually, I'm going to say that at the end, because I'm going to abstain from the vote after I thank the new Speaker for his dedication to this House, and to thank the old Speaker for his dedication to the people of Hawaii. Since there is no vote for abstention, Mr. Speaker, I'm forced to walk off from this august body. Thank you."

At this time, the Chair stated:

"Any further discussion on the measure before us? If not, a roll-call vote has been called for by Representative Oshiro. So we're going to ask, if you support that roll-call vote, members, stay with me for a minute. If you can raise your right hand and leave your right hand up, and I will let you know when it's sufficient time to put your hand down. The Clerk will let me know."

The request for roll call was put to vote by the Chair, and upon a show of hands, the request was granted.

Roll call having been approved, the motion that H.R. No. 164, entitled: "HOUSE RESOLUTION ELECTING THE SPEAKER OF THE HOUSE OF REPRESENTATIVES OF THE TWENTY-NINTH LEGISLATURE," be adopted, was put to vote by the Chair and carried on the following show of ayes and noes:

Ayes, 39: Aquino, Belatti, Brower, Cachola, Creagan, Cullen, DeCoite, Evans, Fukumoto, Gates, Hashem, Holt, Ing, Johanson, Keohokalole, Kobayashi, Lee, LoPresti, Lowen, Luke, Matsumoto, McKelvey, Mizuno, Morikawa, Nakamura, Nakashima, Nishimoto, Ohno, Onishi, Quinlan, Saiki, San Buenaventura, Takayama, Takumi, Thielen, Todd, Woodson, Yamane and Yamashita.

Noes, 9: Choy, Har, Ito, Kong, McDermott, Oshiro, Say, Tokioka and Tupola.

Excused, 3: Ichiyama, Souki and Ward.

At this time, the Chair stated:

"The motion is carried. Speaker Saiki, please come to the rostrum."

At this time, Speaker Saiki assumed the rostrum.

The following resolutions (H.R. Nos. 162 and 163) were announced by the Clerk and the following action taken:

H.R. No. 162, entitled: "HOUSE RESOLUTION AUTHORIZING AND EMPOWERING THE SPEAKER TO PERFORM AND CARRY OUT ANY OFFICIAL LEGISLATIVE BUSINESS DURING THE INTERIM BETWEEN THE 2017 AND 2018 REGULAR SESSIONS," was jointly offered by Representatives Saiki and Tupola.

On motion by Representative Evans, seconded by Representative Tupola and carried, H.R. No. 162 was adopted, with Representatives Ichiyama, Oshiro and Souki being excused.

H.R. No. 163, entitled: "HOUSE RESOLUTION INFORMING THE SENATE AND THE GOVERNOR THAT THE HOUSE OF REPRESENTATIVES IS READY TO ADJOURN SINE DIE," was jointly offered by Representatives Souki and Mizuno.

Representative Evans moved that H.R. No. 163 be adopted, seconded by Representative Tupola.

Representative McDermott rose to speak in opposition to the measure, stating:

"Mr. Speaker, I do not think we should adjourn *sine die* until we deal with the issue of the train. This is the largest public works project in the history

of our state, and we're going to walk away today and leave it unsolved. And I think that's just a travesty. So I object, sir."

At 2:15 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:15 o'clock p.m.

The motion was put to vote by the Chair and carried, and H.R. No. 163 was adopted, with Representative McDermott voting no, and with Representatives Ichiyama, Oshiro, Souki and Tokioka being excused.

ANNOUNCEMENTS

Representative Fukumoto: "Thank you, Mr. Speaker. I just wanted to announce and thank, we have somebody on the floor today, Arwyn Jackson, who is the House Minority Research Director who I hired a couple of years ago, this is her last day. So I just wanted to say thank you, Arwyn, for your service and your friendship, and if we could all give her a round of applause."

Representative Ward: "Thank you, Mr. Speaker. Mr. Speaker, over 50 years ago, a guy known for give 'em hell Harry did something historical. He created the National Prayer Day, a national day of prayer. I wanted to announce there's going to be one in the rotunda and one in the Auditorium today. And lastly that, as today is the fourth of May, May the fourth be with you. Thank you."

ADJOURNMENT

MEMORANDUM

TO: All House Members
FROM: Speaker Joseph M. Souki *JMS*
SUBJECT: Resignation as Speaker of the House

First, I would like to thank the members of this body for their confidence in me, and for allowing me the opportunity to lead the House of Representatives.

Five years ago I did not seek this position, but was asked to lead this body in order to bring all members' voices to our deliberations. I hope that to some extent I was able to do that. I was humbled to lead this body, and it has been an honor to serve the people of this state.

There were some disappointments this session such as the failure to pass the Compassionate Aid in Dying and the immunity for our lifeguards bills. With the dynamics in this legislature, we were also unable to agree with the Senate on funding to complete Honolulu's rail system. I regret that on these issues we were not able to do the work of the people.

It is with much gratitude that I thank the members of the House, and especially those who have stood with me through thick and thin. I would like to thank the people of Hawaii, particularly the people of Maui, who I will continue to serve with the same dedication and compassion that I have always given for all these years.

I am resigning my position as Speaker of the House effective immediately.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 2

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 2, entitled "A Bill for an Act Relating to Agriculture."

The purpose of this bill is to authorize the placement of "tiny homes" of 500 square feet of living space or less within the State agricultural district in Hawaii County for farm workers or their immediate family members on farms currently engaged in agricultural production.

This bill is objectionable because the State Land Use Law, chapter 205, Hawaii Revised Statutes, and Hawaii County Zoning Code chapter 25 already allow for "employee housing" and/or "farm dwellings" of any size as permitted uses of agricultural-zoned lands. "Tiny homes" as defined in this bill are a subset of either employee housing or farm dwellings. As the law already allows "tiny homes," there is no need for this bill.

For the foregoing reason, I am returning House Bill No. 2 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 627

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 627, entitled "A Bill for an Act Relating to Public-Private Partnerships."

The purpose of this bill is to establish the Office of Public-Private Partnership in the Department of Business, Economic Development, and Tourism to manage all contracts, proposals, and negotiations associated with the State's public-private partnerships. In addition, this bill appropriates funds for one public-private partnership office coordinator position.

This bill is objectionable because of the concern that one position is not sufficient to manage all of the State's public-private partnership projects and to perform all of the duties required to maximize the opportunity for these projects to succeed. The duties of the Office of Public-Private Partnership in this bill are vast and include: creating a strategic plan; collaborating with state agencies in analyzing and developing projects; creating analysis reports that include economic and social benefits and contractual terms; coordinating the activities of multiple state agencies; formulating project proposals; and overseeing and implementing the projects.

I am also concerned that creating an office to oversee and manage all public-private partnership projects in the State could impede the progress of those public-private partnership projects that have already commenced in the State. Finally, this bill places the Office of Public-Private Partnership in the Department of Business, Economic Development, and Tourism, even though the expertise and responsibility for many construction and infrastructure projects are currently held by the Department of Accounting and General Services.

For the foregoing reasons, I am returning House Bill No. 627 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 727

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 727, entitled "A Bill for an Act Relating to Motorcycles."

The purposes of this bill are to alleviate traffic congestion and enhance the safety of motorists by allowing motorcycles and motor scooters to pass between two same-bound lanes and on roadway shoulders when traffic is stopped, a practice known as motorcycle lane filtering.

This bill is objectionable because of the concern that motorcycles and motor scooters operating between lanes and on the shoulders will cause more safety issues than could be alleviated. Shoulders were designed for stalled vehicles and other emergencies. One of the intents of the bill is to reduce congestion, but motorcycles and motor scooters make up less than one-half of one percent of vehicles. Data shows motorcycle and motor scooter usage is going down due to decreases in gasoline prices. The practice of lane filtering will increase the potential for road rage by providing preferential treatment for motorcycles and motor scooters.

Another intent of the bill is to reduce rear-end collisions between cars and motorcycles. From 2009 through 2015, only two out of 162 motorcycle fatalities involved rear-end collisions. Of those two, one was a motorcycle crashing into another motorcycle and the other was a motorcycle hitting a car.

For the foregoing reasons, I am returning House Bill No. 727 without my approval.

Respectfully,

"EXECUTIVE CHAMBERS
HONOLULU
July 11, 2017

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1309

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1309, entitled "A Bill for an Act Relating to Grants."

The purposes of this bill are to add grants for planning, design, construction, renovation, operations, and equipment of facilities to the types of grants for which repayment to the State is required if the grantee acquires land and discontinues the activities or services approved in the grant by selling the land in fee simple or by lease; require the grantee to publicly recognize that the project was supported by the State through an awarded grant; and allow the expending agency to delegate its expending authority to a different agency when it is deemed advantageous to do so with the approval of the Governor.

This bill is objectionable because chapter 42F, Hawaii Revised Statutes, requires that when a grantee uses a grant for land acquisition and discontinues the activities on the land acquired with the grant and disposes of the land in fee simple or by lease, the grantee must negotiate with the expending agency for a lump sum or installment repayment to the State of the amount used for the acquisition of the land. This bill adds these conditions to grants used for the planning, design, renovation, operations, and equipment and requires the Department of Budget and Finance to negotiate with the grantee instead of the expending agency for the repayment of the grant moneys. Consequently, this bill only applies to that small category of grants where the grant funds are used to acquire land as its part of providing services to the public.

I have concerns about applying the same repayment requirements to operating expenditures such as planning, design, construction, renovation, operation, and equipment for facilities as compared to the repayment requirements for capital expenditures for the acquisition of land. It appears contrary to the intent of chapter 42F to provide funds for operations serving the public, only to require the reimbursement of such funds at a later date, perhaps beyond the date of the grant contract. Further, I believe that it would be more appropriate for negotiations for the repayment of the subject moneys to be handled by the expending agency that had the initial contractual relationship with the grantee, and not the Department of Budget and Finance.

For the foregoing reasons, I am returning House Bill No. 1309 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1414

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1588

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1414, entitled "A Bill for an Act Relating to the Department of Taxation."

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1588, entitled "A Bill for an Act Relating to General Obligation Bonds."

The purpose of this bill is to require the Auditor to engage a contractor to investigate the tax system modernization project of the Department of Taxation to: (1) identify any operational problems of the project; (2) ascertain the causes of those problems; and (3) estimate the amount of tax revenue lost because of the problems associated with the use and implementation of the project, if any, and to submit a report to the legislature. This bill also appropriates \$150,000 to engage the contractor.

The purpose of this bill is to prohibit the issuance of general obligation bonds to finance the repair and maintenance of a capital asset where the repair or maintenance costs incurred add value to and prolong the life of the asset for a period of less than ten years. In addition, this bill requires the Director of Finance to set a maturity date of not more than ten years when issuing general obligation bonds to finance the repair and maintenance of a capital asset where the repair or maintenance costs incurred add value to and prolong the life of the asset for a period of ten years or more.

This bill is objectionable because it is unnecessary and redundant as the Department of Taxation has already engaged a contractor to conduct an independent verification and validation of the tax system modernization and is awaiting the findings and results. In addition, the Auditor stated that it may be difficult to identify and assess operational issues relating to the tax system modernization project until the project is completed and there has been sufficient time for the department and users to identify any operational problems.

This bill is objectionable because the prohibition against general obligation bond issuances to fund the repair and maintenance of capital assets that will add value and prolong the life of such assets for a period of less than ten years will severely impact the State's ability to perform such work given the limited pool of operational funds and may lead to further increases in deferred maintenance or negatively impact program operations.

For the foregoing reasons, I am returning House Bill No. 1414 without my approval.

Also, the cap on the maturity of the general obligation bonds issued for repair and maintenance projects that extend the life of an asset for a period of ten years or greater will reduce the State's flexibility to structure its debt.

Further, the tracking and recordkeeping necessary to ensure compliance with the provisions of this bill would be overly burdensome on the departments managing repair and maintenance capital improvement projects.

For the foregoing reasons, I am returning House Bill No. 1588 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 410

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 410, entitled "A Bill for an Act Relating to Collective Bargaining."

The purpose of this bill is to clarify the scope of collective bargaining negotiations regarding the rights and obligations of a public employer.

This bill is objectionable because it directly impacts the ability of state departments to effectively manage its workforce and it seeks to dismantle essential management rights presently protected by section 89-9(d), Hawaii Revised Statutes.

The bill would effectively negate management rights to direct its workforce and require union consent on such matters as assignment, transfer, and discipline.

For the foregoing reasons, I am returning Senate Bill No. 410 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 562

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 562, entitled "A Bill for an Act Relating to Tort Liability."

The purpose of this bill is to require the Attorney General to defend any civil action or proceeding brought in any court against a county based on any negligent or wrongful act or omission of a lifeguard who provides lifeguard services at a state beach park under an agreement between the State and a county.

This bill is objectionable because it requires the Attorney General to defend the counties for any civil action or proceeding, without exception, based on an allegedly negligent or wrongful act or omissions of a county lifeguard providing lifeguard services at a state beach park. Because the Attorney General would be required to defend a lawsuit brought against the counties for any "wrongful" act of a lifeguard, and not just acts that are within the scope of the lifeguard's employment, the Attorney General potentially could be required to defend the counties for acts arising out of criminal or intentional acts of lifeguards and for the county's own wrongful acts that may have allowed the lifeguard to commit criminal or intentional acts. This is contrary to well-established tort and agency law and is bad public policy.

The safety of the beachgoing public remains the utmost priority. In order to avoid a disruption in lifeguard services, the state and counties are working together to extend the existing agreements to keep lifeguards on the state beaches until more comprehensive agreements can be reached with the respective counties that can address any issues that may arise from the loss of the limited liability protections with the sunset of Act 170 (SLH 2002).

For the foregoing reasons, I am returning Senate Bill No. 562 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 713

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 713, entitled "A Bill for an Act Relating to Budget Documents."

The purpose of this bill is to require the inclusion in the state's six-year program and financial plan and budget, information on tax expenditures, which are exemptions, deductions, credits, exclusions, or other deviations from the normal tax structure as determined by the Department of Taxation.

This bill is objectionable because chapter 23, Hawaii Revised Statutes, already requires the State Auditor to conduct periodic reviews of certain credits, exemptions, exclusions, and deductions under the various State taxes pursuant to a ten-year schedule. Chapter 23 specifies that these periodic reviews include amounts of the tax expenditures for the previous

three years, the current year, and the ensuing two years. The chapter 23 information encompasses, for the most part, the additional reporting required in this bill.

Further, the Department of Taxation does not have the resources to undertake the necessary annual studies to provide the required information on a timely manner to meet budget preparation deadlines for submittal of the biennium and supplemental budgets.

For the foregoing reasons, I am returning Senate Bill No. 713 without my approval.

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 722, entitled "A Bill for an Act Relating to Efficiency Measures."

The purpose of this bill is to recommence the efficiency measures pilot project that was established under Act 67, Session Laws of Hawaii 2015. This bill requires the Director of Finance and a selected state department to conduct the recommended pilot project with the intent of addressing several issues, including the formulation of the best definition of "efficiency measure" to be used for state budgeting, development of program expectations, determination of appropriate benchmarks, and determination of optimal program funding levels. The Director of Finance must select a department by August 1, 2017, to participate in the pilot project.

This bill is objectionable because, by imposing additional requirements for data collection on our state budget system, this bill would require the re-programming of older software on our mainframe computers at a time when the State is upgrading its information technology systems to cloud-based applications. I believe that our limited state resources would be better spent updating our budget information technology programs into cloud-based applications.

For the foregoing reasons, I am returning Senate Bill No. 722 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1073

Honorable Members
Twenty-Ninth Legislature

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 1073, entitled "A Bill for an Act Relating to the State Foundation on Culture and the Arts."

The purpose of this bill is to appropriate funds to the State Foundation on Culture and the Arts to support its artist fellowship program, which awards fellowships to promising artists.

The bill is objectionable because the funding source of the appropriation is the Works of Art Special Fund, and expenditures from the special fund for artist fellowships may adversely affect the State's financial interests. The Works of Art Special Fund is established by section 103-8.5, Hawaii Revised Statutes, and consists of one percent of the cost element of all state

fund appropriations for the construction and renovation of state buildings. In turn, the one percent amount generally consists of proceeds from tax-exempt bonds. Under the Internal Revenue Code, federally tax-exempt bonds may be used to finance capital projects, but should not be used to finance operating expenses, except under limited circumstances. Federally tax-exempt bond proceeds, subject to the de minimus exceptions described in Treasury Regulation Section 1.148-6(d)(3)(ii), may only be used for capital projects that are subject to depreciation or are depreciable. Violations of this provision may subject the State to adverse tax consequences, such as the loss of the federal tax-exemption on the bonds, and may: (1) expose the State to lawsuits from bond purchasers whose interest income from the bonds have become taxable; (2) adversely affect the State's bond rating; and (3) cause the State to issue taxable bonds for which the State would pay higher interest than for tax-exempt bonds. The artist fellowships are not capital projects, but are monetary prizes awarded to artists, for which in return the artist must hold an exhibition or give a performance.

For the foregoing reasons, I am returning Senate Bill No. 1073 without my approval.

Gov. Msg. No. 1274, transmitting his statement of objections to S.B. No. 1240, SD 2, HD 1, CD 1, as follows:

"EXECUTIVE CHAMBERS
HONOLULU
July 11, 2017

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1240

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 1240, entitled "A Bill for an Act Relating to Aquatic Life."

The purposes of this bill are to:

(1) Require the Department of Land and Natural Resources (DLNR) to define "sustainable" and establish a policy for sustainable collection practices and a process for determining limits for certain species, for legislative adoption, to ensure the sustainability of Hawai'i native near shore aquatic life; and

(2) Prohibit the DLNR from issuing new aquarium fish permits to use fine meshed traps or fine meshed nets, other than throw nets, to take aquatic life and from transferring or renewing existing permits except under certain conditions.

This bill is objectionable for the following reasons:

1. The State of Hawai'i, by its DLNR, is in agreement that sustainable policies and practices are paramount where state aquatic resources are concerned. However, the focus of this bill on the aquarium fishery, by requiring collection limits for the "top forty" species and phasing out the use of aquarium fish permits, does not appear to be correct.

The State established the West Hawai'i Regional Fishery Management Area almost two decades ago, as the aquarium fish collection industry is strongly concentrated in West Hawai'i island. DLNR established fishery replenishment areas in West Hawai'i island as protected areas to allow fish to grow to full mature reproductive potential and repopulate fish stocks both inside and outside of the fishery replenishment areas.

Scientific data, involving more than 6,700 coral reef survey transects by DLNR in West Hawai'i island taken in the course of over seventeen years, show that aquarium fish populations are generally stable or increasing due to the spillover effect of the fishery replenishment areas. Populations of yellow tang and kole, two of the most heavily collected species in the aquarium industry, have not declined either inside or outside of the fishery replenishment areas, notwithstanding the concentration of fishing pressure in the areas outside of the fishery replenishment areas.

In contrast, food fish - which represents over ninety percent of all fish caught in Hawai'i - have decreased dramatically statewide. Reasons for this decline include overfishing, destructive fishing practices (including lay gill nets or night spearing with scuba), and decreases in coral reef habitat. Coral health is imperiled by the lack of such large herbivores as uhu (parrotfish), surgeonfish (such as pāku'iku'i or Achilles tang), and sea urchins that keep algae in check, allowing room for more coral growth. Other pertinent impacts to the reef include coral bleaching events.

Despite the premise of the bill that the primary problem is from the aquarium fishery, the actual scientific data do not support that conclusion. The bill cites a 2015 article in the journal Nature. No actual mention of the impact of aquarium fisheries is made in the article.

2. Numerous technical problems with this bill appear to have been established by the wording adopted by the conference committee. These include the requirement that DLNR develop a process for establishing sustainable catch limits by the 2019 regular session for a top forty of near shore aquatic species currently collected. No guidance is given as to whether the top forty should be constituted by number, size, biomass, economic value, fisheries landings, ecological trophic level, or other factors. There is no indication that establishing catch limits for the "top forty" species will advance the bill's stated primary purpose of reef recovery.

Even given this undetermined quality, the goal established in the bill appears unrealistic as DLNR indicates that such individual catch limits would take years of data and millions of dollars to establish.

3. The wording in section 3 of the bill that prohibits the issuance of new permits and limits the transfer of permits beyond five years would create a safety issue for permit holders who continue to operate. Permit holders would be unable to employ other permitted companions who can act as safety "dive buddies."

Given the willingness of DLNR to work with the proponents of this bill, legislators, industry representatives, and the public and the availability of management tool resources such as limited entry regulations (e.g., permit caps, open and closed seasons), marine managed areas (e.g., fishery replenishment areas), and other collection restrictions, it appears that these means can achieve fisheries resources that are sustainable without eliminating one of the State's public fisheries.

For the foregoing reasons, I am returning Senate Bill No. 1240 without my approval.

Respectfully,

Re: SB376 SD1 HD1 CD1

SB376 SD1 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO THE INTERISLAND TRANSMISSION SYSTEM" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to repeal chapter 269, part VIII, HRS, relating to the interisland transmission system.

The elimination of HRS 269, Part VIII, would increase uncertainty surrounding the development of an interisland undersea cable. This would likely lengthen the assessment and development period which would be necessary before moving forward with such project. There is also concern

that current renewable technology and efficiency levels are not sufficient to hit the 100% renewable level on O'ahu without the interisland transmission system.

For the foregoing reasons, SB376 SD1 HD1 CD1 will become law as Act 205, Session Laws of Hawaii 2017, effective July 12, 2017, without my signature.

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB116 HD1 SD1 CD1

HB116 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO PUBLIC SCHOOLS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to require the City and County of Honolulu to transfer the fee simple interest of parcels on which fourteen Department of Education schools sit to the Department of Land and Natural Resources. It also extends the 21st century schools pilot program by an additional five years.

The bill provides that the property boundaries of the conveyed land are to be determined pursuant to "subsection (d)." No provision in the bill, however, including subsection (d), concerns property boundaries. The lack of a mechanism for determining the boundaries of the conveyed properties, as required by the bill, is a material legal defect at the heart of the legislation.

There is insufficient information about the properties at issue to perform a full analysis of the legal implications of the bill. The bill releases, waives, and extinguishes all claims and liabilities that the Department of Land and Natural Resources has, may have had, or may have in the future against the City and County of Honolulu concerning the physical, environmental, soil, economic, and legal conditions of the conveyed properties. Even though the Department of Education has been operating schools on these properties, it is imprudent to acquire substantial property and extinguish unknown potential liabilities without ordinary due diligence.

The bill does not provide the Department of the Attorney General with any role in the conveyance of the properties. According to section 107-10, Hawaii Revised Statutes, "No real property or any right, title, or interest therein shall be acquired by agreement, purchase, gift, devise, eminent domain, or otherwise, for any purpose, by the State or any department ... without the prior approval of the attorney general as to form, exceptions, and reservations." The bill states that the City and County of Honolulu shall prepare, execute, and record quitclaim deeds for the properties without providing a role for any state entity in this process, including the Department of the Attorney General.

For the foregoing reasons, HB116 HD1 SD1 CD1 will become law as Act 206, Session Laws of Hawaii 2017, effective July 12, 2017, without my signature.

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB471 HD1 SD1 CD1

HB471 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO THE EMERGENCY AND BUDGET RESERVE FUND" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill prohibits the Legislature from appropriating from the Emergency and Budget Reserve Fund: 1) more than fifty percent of the balance of the fund in a single year; 2) to expend for discretionary costs in a fiscal year, an amount that exceeds ten percent of the total discretionary funds appropriated by the Legislature for the same fiscal year; and 3) for a succeeding fiscal year, unless the current fiscal year's tax collection is less than the collection for the previous fiscal year.

The purpose of the EBRF is to provide a temporary supplemental source of funds during emergencies, severe economic downturns, or unforeseen reduction in revenues. An adequate EBRF appropriation will better enable the State to plan its course of action to meet the budget shortfall. The restrictions set by this bill limits the Legislature's ability to address budget shortfalls and may lead to deeper budget reductions and reductions in workforce.

Another concern is this measure allows appropriations from the EBRF in a succeeding fiscal year, if the State collected or is projected to collect less general fund tax revenue in the current fiscal year. Thus, appropriations from the EBRF would be allowable in years with robust general fund tax growth as long as collections in the current fiscal year are less or are projected to be less than the prior fiscal year. This provision does not appear consistent with the desire to preserve the use of EBRF for dire financial situations.

For the foregoing reasons, HB471 HD1 SD1 CD1 will become law as Act 207, Session Laws of Hawaii 2017, effective July 12, 2017, without my signature.

HB115 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO HIGHWAYS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to address the roads "in limbo" throughout the State whose ownership has been disputed or called into question. The bill provides that a disputed road may be transferred ownership to a county as directed by the State Department of Transportation.

There is concern that on roads that are privately owned but the private owners cannot be easily determined or are unwilling to accept responsibility for the road will expose the counties to an unknown and unquantified potential liability. This could also be a potential unfunded mandate to the counties.

The purpose of this bill is to require the Auditor to conduct a performance audit of the Department of Land and Natural Resources' Special Land and Development Fund and the Land Conservation Fund.

The Department of Land and Natural Resources is unsure of the reasoning behind these audits as they are not mentioned in the bill. The Auditor already does rotating audits of all departments and this could be an ineffective use of taxpayer dollars.

Re: SB724 HD1 CD1

SB724 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO NONDISCRETIONARY COSTS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill requires the Department of Budget and Finance to submit a one-time report prior to the 2019 Regular Session, on various non-discretionary costs and related ratios for fiscal years 2018-2019 and 2019-2020. It also requires the Director of Finance to recommend whether the information should be provided annually after 2019.

Compiling the report will require the Department of Business, Economic Development, and Tourism to forecast data for population, gross State product and personal income. There will be a one- to two-year lag before actual data becomes available to produce a forecast. In addition, there are margins of error in forecasts, especially the further out into the future the forecasts are made. Moreover, forecasts won't be able to predict "economic shocks" and the use of a handful of metrics is too simplistic to forecast the future of Hawaii's economy (population, personal income and gross State product).

For the foregoing reasons, SB724 HD1 CD1 will become law as Act 210, Session Laws of Hawaii 2017, effective July 12, 2017, without my signature.

Re: HB475 HD1 SD2 CD1

HB475 HD1 SD2 CD1, entitled "A BILL FOR AN ACT RELATING TO MOVIE THEATRES" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to extend the sunset date of Act 39, Session Laws of Hawaii 2015, to January 1, 2020. A public accommodation that owns, leases, leases to, or operates a motion picture theater in more than two locations in the State will have to provide: (1) open movie captioning during at least one showing per week, or (2) a personal closed captioning system.

There is a concern that this bill will render the current state law meaningless because it offers a choice between open captioned movies or providing "lightweight eyewear" as an alternative. Under the ADA, movie theaters already must provide a system to view closed captioning effectively eviscerating the requirement to provide open captioning.

There is also concern that this bill will potentially create problems where theaters could be in compliance with state law but be in violation of federal ADA laws.

For the foregoing reasons, HB475 HD1 SD2 CD1 will become law as Act 211, Session Laws of Hawaii 2017, effective July 12, 2017, without my signature.

Re: HB83 HD1 SD2 CD1

HB83 HD1 SD2 CD1, entitled "A BILL FOR AN ACT RELATING TO HOMELESSNESS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to require the Hawaii Interagency Council on Homelessness, in consultation with the Department of Land and Natural Resources and the Department of Human Services to establish a working group to examine and develop recommendations for the establishment of safe zones.

The Housing First approach has been the preferred solution to address homelessness in Hawaii. In 2012, the Legislature directed the Hawaii Interagency Council on Homelessness (HICH) to study the issue of "designating safe facilities located at areas, showers, toilets, laundry facilities, and locker rooms in various locations throughout the State for homeless persons for overnight stays." In its report to the Legislature, the HICH concluded that "[c]reating camping areas for homeless individuals in our parks and in our public buildings ... is unworkable, is not advisable, and should not be pursued." The better long term strategy is to link people to housing.

Homelessness continues to be a major concern in Hawaii and the administration will continue to look at all options regarding this issue.

For the foregoing reasons, HB83 HD1 SD2 CD1 will become law as Act 212, Session Laws of Hawaii 2017, effective July 12, 2017, without my signature.

HB591 HD1 SD2 CD1, entitled "A BILL FOR AN ACT RELATING TO THE CAPITAL INFRASTRUCTURE TAX CREDIT" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to assist tenants displaced from Kapalama Container Terminal site by updating the capital infrastructure tax credit to cover some costs associated with moving to a new site. It doubles the amount of credit per taxable year from \$1.25 million to \$2.5 million.

There is concern that this bill will set a precedent for future tax credit legislation. The Department of Taxation prefers conformity to the Internal Revenue Code as much as possible to prevent credit claims more than what was intended by the Legislature.

The purpose of this bill is to appropriate \$1,000,000 for the Hawaii Tourism Authority, working in conjunction with the private sector to address homelessness in tourist and resort areas.

Although this will help to leverage private funds via dollar for dollar match to provide much needed funding for homelessness, the bill is unconstitutional because the title does not match the contents of the bill. Re: HB575 HD1 SD1 CD1

HB575 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO PUBLIC LANDS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to allow lessees of public lands being used for commercial purposes, and who are in the last ten years of their lease, to enter into a process to determine interest in future land leases thereby providing certainty about future leases. This will help to encourage economic development in leasehold properties and incentivize lessees to maintain public lands and buildings at a high standard.

This could be an essential tool in helping to support lessees obtain bank financing for capital improvement in the latter part of the lease. Banks often consider new buildings and improvements done in the last half of the lease term to be "wasting assets". It is important to provide lease certainty to lessees on public lands to encourage investments and upkeep of lands.

There is a minor concern that this bill could be special legislation because it limits application to only commercial and industrial classed lands without providing any basis for distinguishing these from other public lands. Although there are potential legal issues, we have heard from many in our community that the benefits of this bill could resolve many issues regarding lease extensions.

For the foregoing reasons, HB575 HD1 SD1 CD1 will become law as Act 215, Session Laws of Hawaii 2017, effective July 12, 2017, without my signature.

Re: HB523 SD1 CD1

HB523 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO RECYCLING" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to authorize the Department of Accounting and General Services (DAGS) to establish a recycling pilot program for the onsite collection of recyclable materials at DAGS buildings and facilities.

There is concern that there is not a sufficient amount of recyclable material in the waste stream to warrant spending for this type of program. Many of the DAGS facilities have already implemented recycling programs in which individuals or janitors volunteer to handle the recyclables.

However, the State Capitol receives an influx in public traffic during session and recyclable material could increase in the waste stream. DAGS can work with the State Capitol Management Committee to address this issue.

There is concern that DAGS received no positions and will be required to hire vendors to implement the program. The administration is committed to working with the legislature on this issue and implementing recycling programs where necessary.

For the foregoing reasons, HB523 SD1 CD1 will become law as Act 217, Session Laws of Hawaii 2017, effective July 12, 2017, without my signature.

Sincerely,

PART I. ORGANIZING THE HOUSE

Rule 1. Election of Officers; Selection of Party Leaders; Succession

- 1.1. When the House convenes, the member from the First Representative District shall act as temporary presiding officer. The House shall then immediately elect a temporary chair. The temporary chair shall appoint a temporary Clerk and a credentials committee of no fewer than three members.
- 1.2. The credentials committee shall immediately examine the credentials of the members elected. Upon verification that the credentials are in order, the credentials committee shall report this to the House, and the temporary chair shall order the temporary Clerk to call the roll.
- 1.3. The temporary chair shall then appoint a committee of no fewer than three members to wait upon a justice of the Supreme Court or a judge of the Intermediate Court of Appeals or Circuit Court to administer the oath of office, as required by the Constitution of the State of Hawaii. After the oath has been duly administered, the House shall organize by electing by resolution, a Speaker, Vice Speaker, Clerk, Assistant Clerk, Sergeant-at-Arms, and Assistant Sergeant-at-Arms and by adopting Rules.
- 1.4. The members of the majority and minority parties shall designate, respectively, a Leader, Floor Leader, Whips, and Assistant Leaders and Assistant Floor Leaders as they may choose to have.
- 1.5. The Speaker and Vice Speaker shall hold office during the term for which they are elected to the House, unless sooner removed by majority vote of the House. If they are reelected to membership in the House for the succeeding term, they shall retain their respective positions until the day before the opening day of the succeeding Legislature.
- 1.6. The Majority Leader, the Majority Floor Leader, the Minority Leader, the Minority Floor Leader, Whips, and Assistant Leaders and Assistant Floor Leaders as the House members of the majority and minority parties may select shall hold office during the term for which they were elected to the House, unless sooner removed by their respective parties.
- 1.7. If the office of Speaker becomes vacant, the Vice Speaker shall serve as acting Speaker until a successor Speaker is duly elected by the House.
- 1.8. Any vacancy in the office of Speaker and Vice Speaker shall be filled by election by the House.

PART II. OFFICERS, PARTY LEADERS, AND EMPLOYEES

Rule 2. The Speaker

- 2.1. It shall be the duty of the Speaker to:
 - (1) Open the meetings of the House;
 - (2) Maintain order in the House Chamber and require proper decorum at all times on the part of all those present in the House Chamber;
 - (3) Announce the business before the House in the order prescribed by these Rules;
 - (4) Receive all matters brought properly before the House and submit them to the House, and call for votes on these matters and announce the results of the votes;
 - (5) Consult with and advise the committees of the House and assist them in their work as an ex officio member without vote;
 - (6) Receive all communications from other branches of the Government and present them to the House;
 - (7) Assign to each member of the House a seat on the floor of the House; until the Speaker assigns seats to the members, they may occupy any vacant seat;
 - (8) Authenticate all acts of the House by signing appropriate documentation;
 - (9) Make known the Rules of Order upon request and decide all questions of order, subject to appeal to the House;
 - (10) Issue warrants to arrest offenders upon the order of the House, and issue subpoena and subpoena duces tecum requiring the attendance of witnesses or the production of books, documents, or other evidence in any matter pending before the House or any committee;
 - (11) Clear the House of any or all persons except its members and officers if the House adopts a motion to require it, or if there is a disturbance or disorderly conduct at any time;
 - (12) Direct committees of the House to consider messages from the Governor or other communications from the executive;
 - (13) Appoint any member to preside over the meetings of the House if the Vice Speaker, Majority Leader, and Majority Floor Leader are not available to perform such duties, but such substitution shall not extend beyond an adjournment;

- (14) Within four session days, refer all bills to committees, subject to an appeal to the House. In referring bills to one or more standing committees, the first referral shall be to the standing committee whose area of responsibility as described in Part III of these Rules is most closely related to the subject matter contained in the bill being referred. In the case of multiple committee referrals, the Speaker shall name the standing committee referred to in the sentence immediately preceding as the committee having primary responsibility for making recommendations for action on the bills so referred. However, where more than one standing committee could qualify as the committee having primary responsibility, preference shall be given to the committee having jurisdiction on a statewide, rather than a local, basis.

The chair of a standing committee affected by a referral of a bill may appeal the referral to the Speaker within twenty-four hours from the time the referral sheet containing the subject referral is made available to the members of the House. The Speaker shall review the appeal and shall meet with the chair and the chair(s) of the standing committee(s) affected by the referral to settle their differences. If the Speaker is unable to settle the differences between and among the chairs of the standing committees involved within forty-eight hours after the filing of the appeal, the Speaker shall immediately forward the appeal to the Review Panel which shall make its recommendation to the Speaker within twenty-four hours after receipt of the appeal. If the Speaker shall concur with the recommendation of the Review Panel, the referral of the bill shall stand or the bill shall be re-referred, as the case may be, according to or consistent with the recommendation. If the Speaker disagrees with the recommendation of the Review Panel, the Speaker shall submit reasons in writing in support of the Speaker's decision to the Review Panel and the chairs of the standing committees involved within twenty-four hours of the receipt of the recommendation from the Review Panel. The Speaker's decision shall be the final disposition of the matter.

The Review Panel shall be composed of the Majority Leader who shall serve as chair, the Vice Speaker and Majority Floor Leader;

- (15) Appoint the chair and members of conference committees pursuant to Rule 16;
- (16) Establish final dates for action on legislation. These shall include the final date for introducing bills pursuant to Rule 33.4, the final date for third reading of House bills, the final date for third reading of Senate bills, the final date for approving conference committee agreements and drafts of bills, the final date for final reading of the General Appropriations Bill, and the final date for final reading of the Supplemental Appropriations Bill. The Speaker shall coordinate with the President of the Senate to establish these final dates within seven days after the opening of the legislative session;
- (17) Notify members of the names of individuals nominated for or appointed to a task force, commission, working group, or similar position requiring the Speaker to nominate individuals for such a position. The Speaker shall not less than annually publish a list of those individuals nominated or appointed; and
- (18) Perform other duties required by law or these Rules.

- 2.2. To facilitate House floor proceedings, the Speaker may establish dates for a consent calendar consisting of all third and/or final reading bills that have not been selected for debate by any member. Said bills shall be considered without debate, but members shall be permitted to insert into the House Journal written remarks in support of or in opposition to the measure, consistent with the usual practices of the House. If a consent calendar is established pursuant to this rule, the Speaker shall set the deadlines for members to communicate to the Clerk their intention to debate calendared bills.
- 2.3. The Speaker after giving all members at least 15 days prior written notice may authorize legal action on behalf of the House and shall notify members of non-confidential legal action taken on behalf of the House, provided no other external legal actions affecting the Legislature's interest shall necessitate more expedient action by the House. The Speaker shall not less than annually report the status of each legal action and disclose expenditures and costs to the members.

Rule 3. The Vice Speaker

The Vice Speaker shall consult with and advise the standing committees and assist them in their work as an ex officio member without vote and shall perform such other duties as may be assigned by the Speaker; provided that the Vice Speaker shall serve as a voting member of the Committee on Legislative Management. In the absence of the Speaker, the Vice Speaker shall exercise all the duties and powers of the Speaker.

Rule 4. The Speaker Emeritus

Any member having served the House in the capacity of Speaker shall, subsequent to that service, be known as Speaker Emeritus, and may perform such functions and duties as assigned by the Speaker.

Rule 5. Party Leaders

- 5.1. The Majority and Minority Leaders and Floor Leaders, Majority and Minority Whips, and Assistant Leaders and Assistant Floor Leaders as the members of the majority and minority parties may choose to have, shall perform such duties as may be assigned by their respective memberships.
- 5.2. If the Speaker and Vice Speaker are absent when the House convenes, the Majority Leader or Majority Floor Leader, in that order, may convene the House and shall serve as Acting Speaker until the Speaker or Vice Speaker returns.

- 5.3. Any minority member having served the House in the capacity of Minority Leader shall, subsequent to that service, be known as Minority Leader Emeritus, and may perform such functions and duties as assigned by the Minority Leader.

Rule 6. The Clerk

- 6.1. The Clerk shall be responsible for the safekeeping of all records of the House. The Clerk shall retain possession of all original documents, unless the Speaker orders the Clerk to release the records to someone else.
- 6.2. The Clerk shall make a record each day of all matters brought before the House. This record shall state in a complete and concise manner, the nature of the matters brought before the House, the names of their introducers, and the date and day of the session on which the House considered the matters. This daily record and such additional matters as the Speaker may order the Clerk to include in it shall constitute the Journal of the House, a copy of which shall be placed on the desk of each member on the following session day or as soon thereafter as practicable. The House shall approve the Journal, subject to corrections, by vote of the House. However, the House may dispense with the reading of the Journal by majority vote.
- 6.3. The Clerk shall read all bills, resolutions, and other matters aloud to the House when the House requires it.
- 6.4. The Clerk shall immediately forward all communications and other matters the Clerk receives to the parties to whom they are addressed.
- 6.5. The Clerk shall deliver immediately to the chairs of the appropriate committees all matters duly referred to those committees.
- 6.6. The Clerk shall maintain for the committees of the House a record of subjects contained in messages from the Governor, which are referred to the committees.
- 6.7. The Clerk shall keep a record of all questions of order and the decision on each of them, and the Clerk shall append this record to the Journal at the close of the session.
- 6.8. The Clerk shall perform all other duties appropriate to the Clerk's office that the House or the law assigns.

Rule 7. Assistant Clerk

The Assistant Clerk of the House shall assist the Clerk in all duties. In the absence of the Clerk, the Assistant Clerk shall perform all duties of the Clerk.

Rule 8. Sergeant-at-Arms

- 8.1. The Sergeant-at-Arms shall:
- (1) Execute the orders of the Speaker;
 - (2) Attend every session of the House;
 - (3) Maintain order among persons who attend the sessions of the House;
 - (4) Notify the presiding officer of the presence of persons who have communications for the House or who otherwise are of interest to the House;
 - (5) Keep the entrances and exits of the House clear at all times, and keep from the floor of the House all persons except members of the House, authorized employees of the House, and guests of the House;
 - (6) If requested, likewise attend upon the committees of the House;
 - (7) Serve all orders or process directed by the Speaker or the House;
 - (8) Make all arrests ordered by the Speaker or the House and restrain persons in custody;
 - (9) Be responsible for the House postal service; and
 - (10) Be responsible for the House's safety and security operations, including emergency procedures.
- 8.2. The Sergeant-at-Arms shall be responsible for making purchases for the House in accordance with the House Administrative and Financial Manual.
- 8.3. The Sergeant-at-Arms shall be custodian of all property of the House and shall perform all duties related to its safeguard, care, and maintenance as provided in Part VIII of the House Administrative and Financial Manual.

Rule 9. Assistant Sergeant-at-Arms

The Assistant Sergeant-at-Arms shall assist the Sergeant-at-Arms in all duties. In the absence of the Sergeant-at-Arms, the designated Assistant Sergeant-at-Arms shall perform all duties of the Sergeant-at-Arms.

Rule 10. Officers and Employees: Responsibilities; Salaries

- 10.1. In addition to the responsibilities assigned by law and these Rules, all officers and employees of the House may be assigned responsibilities by their respective appointing authorities.
- 10.2. The pay of each member shall be pursuant to Article XVI, Section 3.5 of the Constitution of the State of Hawaii. Officers and employees of the House shall be employed and paid as authorized in the House Administrative and Financial Manual.

PART III. COMMITTEES**Rule 11. Standing Committees: Composition; Chair; Decision-making; Reports**

- 11.1. Standing committees shall be committees established to consider and report on all bills, petitions, resolutions, budgets, and any other matters referred to such committees.
- 11.2. The composition of the standing committees shall be as follows:
- (1) The membership of each standing committee shall be appointed by the Speaker. The respective chairs and vice-chairs of each standing committee shall be appointed by the Speaker.
 - (2) The membership of each standing committee, including the designation of the chair and vice-chair shall be provided for by resolution, provided, however, that the composition of the committee shall be on a proportional basis with the members of the majority party designating the chair, vice-chair, and majority party members, and the members of the minority party designating the minority party members.
 - (3) The Speaker and Vice Speaker shall be ex officio members of each committee without vote; provided that the Vice Speaker shall serve as a voting member of the Committee on Legislative Management.
- 11.3. The chair of each standing committee shall call and preside over all standing committee meetings; determine the order of deliberations on bills, resolutions, and other matters over which the standing committee as a whole retains jurisdiction; coordinate the scheduling of meetings and public hearings of the standing committee and assure that such schedules and agendas are posted or distributed as required by these Rules; establish guidelines to coordinate the flow of work to assure that directions of the House are fulfilled; supervise the work of the committee staff; and supervise the maintenance and disposition of the records of proceedings of the standing committee. The vice-chair shall, at the request of the chair, assist the chair in the performance of any duties. The vice-chair shall perform the duties of the chair in the chair's absence.

If the chair and vice-chair are unavailable to preside over a committee meeting, the Speaker may designate a committee member from the majority party to preside over the meeting.

If the chair and vice-chair are unavailable to sign a meeting notice, committee report, or other committee document in time to meet an applicable deadline, the Speaker may sign the document.

If a chair of a standing committee refuses a request of a majority of the committee members to set for public hearing a bill or resolution referred to the committee, the majority of the committee members may petition the Review Panel established under Rule 2 to compel the chair to set the bill or resolution for public hearing. The Review Panel shall establish a process pursuant to which the Review Panel shall receive and consider the petition and shall make a recommendation to the Speaker. If the Speaker concurs with the recommendation of the Review Panel, the chair shall either be sustained or be directed to duly set the bill or resolution for public hearing at the next available date according to or consistent with the recommendation. If the chair refuses to comply with the order of the Speaker, then the vice-chair shall act as chair for the purpose of hearing the bill or resolution under consideration. If the vice-chair refuses, then the Speaker may appoint any member of the House to act as temporary chair. If the Speaker objects to the recommendation of the Review Panel, the Speaker shall submit reasons in writing to support the Speaker's decision, which shall be the final disposition of the matter.

- 11.4. The chair of each standing committee shall keep a record of public hearings and shall file same with the State Archives, through the Speaker as soon as practicable after each session.
- 11.5. *Committee Meetings.*
- (1) Meetings, including decision-making sessions, of standing committees shall be public. Notice shall be publicly posted or announced on the House floor at least forty-eight hours prior to the meeting. Except for notices posted by the Committee on Finance, notice shall be posted before 4:30 p.m. on the last day of the work week for a hearing to be held on the following Monday or Tuesday. Notice of meetings may be shortened at the discretion of the Speaker upon request on the House floor by a chair or vice-chair and upon good cause shown.
 - (2) No standing committee shall sit during the time when the House is actually in session except with the permission of the Speaker.
 - (3) As practicable, standing committees shall schedule their meetings at times and at places as are convenient for attendance by the general public, and shall, in coordination with other committees of the House or Senate, endeavor to hold joint meetings and public hearings on matters of mutual interest.

- (4) No bill or resolution other than a congratulatory resolution shall be reported out of a standing committee unless it shall have received a public hearing in the House; provided that a bill which contains only a reference to the general idea of the bill in short form and contemplates the subsequent drafting of the specific details in long form may be reported out of a standing committee without a public hearing so long as the bill is reported out:
 - (a) In an amended form containing the substantive contents of the bill in long form;
 - (b) Recommending that the bill be recommitted to the same committee for the purpose of holding a public hearing thereon after satisfaction of the notice requirements set forth in subsection (1) above; and
 - (c) Without recommendation for passage on any reading of the bill.
- (5) Upon the request of a chair of a standing committee, the Speaker may authorize the chair and the members of the standing committee to conduct a community-based public hearing whenever appropriate and practicable, subject to notice as required in paragraph (1). "Community-based public hearing" means a hearing conducted by a standing committee outside the State Capitol building at a location within the community for the purpose of accommodating the public to be heard on the matter under consideration by the standing committee.

11.6. *Committee Decision-making.*

- (1) A quorum of the committee which shall be a majority of the committee membership shall be present for decision-making.
- (2) Committee decision-making shall be by a majority of the members present. Reporting a measure out of the committee shall require a favorable vote of not less than a majority of the members present at a meeting duly constituted with a quorum. Any member voting "with reservations" shall be deemed to be in favor of the recommendation.
- (3) The vice-chair of the committee, or the designee of the chair in the absence of the vice-chair, shall be the recorder of the record of the quorum and the votes.

In the case of a joint hearing, the vice-chair of the lead committee, or the designee of the lead committee chair in the absence of the vice-chair shall be the recorder of the record of the quorum and the votes of all the committees party to the public hearing, unless otherwise agreed to by the respective chairs. A member's vote on a measure shall be the same for all committees that the member may sit on.
- (4) Favorable action by the committee shall be conveyed in a committee report.
- (5) If a committee reports out a bill or resolution with proposed amendments that may affect the referral of that bill or resolution, the committee chair shall, within twenty-four hours, notify the Speaker.

11.7. *Standing Committee Reports.*

- (1) Standing committees shall report from time to time upon matters referred to them with such copies as may be designated by the Speaker. Such reports shall be printed by the House and be furnished to each member.
- (2) The reports shall state findings of facts and conclusions based thereon, together with a distinct recommendation as to the disposal of the matter.
- (3) A report recommending a measure for passage shall clearly state the legislative intent and purpose of the measure. The chair shall attest the action of the committee by signing the report on behalf of the committee. A record of the quorum present at the meeting and a record of the votes of the members of the committee on the bill or resolution as attested to by the recorder shall be attached to the report as a part thereof.
- (4) A report upon a measure shall state clearly the amendments, if any, proposed. If a substitute bill, for one or more bills referred to the committee, shall be reported, such substitute bill shall be consistent with the subject of the bill or bills referred to the committee. The report shall describe the disposition of the bill or bills referred.
- (5) All matters referred to and not reported upon by the standing committees shall be returned to the Clerk at the close of the regular session in the even-numbered year.

Rule 12. Standing Committees: Description

Standing committees shall be created by resolution at the opening of the session, or as soon thereafter as possible, to serve during the legislative session. The standing committees therein shall be as follows:

- (1) Committee on Agriculture, whose scope shall be those programs relating to the Department of Agriculture, agriculture, aquaculture, crop and livestock production, agricultural parks, animal welfare, and invasive species, and other pertinent matters referred to it by the House.
- (2) Committee on Consumer Protection & Commerce, whose scope shall be those programs relating to consumer protection, the Department of Commerce and Consumer Affairs, the regulation of trade, business, professions, occupations, and utilities, the Residential Landlord-Tenant Code, condominiums, housing cooperatives, and planned communities, and other pertinent matters referred to it by the House.

- (3) Committee on Economic Development & Business, whose scope shall be those programs relating to private sector job creation, public-private business or investment partnerships or ventures, new industry development, technology, cybersecurity, planning for economic development and diversification, industrial and product promotion and financial and technical assistance to business for interstate and intrastate commerce, and the State of Hawaii General Plan, and other pertinent matters referred to it by the House.

- (19) Committee on Veterans, Military, & International Affairs, & Culture and the Arts, whose scope shall be those programs relating to veterans and military facilities and activities, programs relating to international affairs, foreign policy issues, and international relations, programs relating to Hawaii's multi-cultural heritage, the State Foundation on Culture and the Arts, and other pertinent matters referred to it by the House.
- (20) Committee on Water & Land whose scope shall be those programs relating to land and fresh water resource administration and use, coastal and other lands above the high water mark, the Land Use Commission, county land use planning and zoning, the Hawaii Community Development Authority, infrastructure development, outdoor recreation, including freshwater recreational boating, freshwater fish and game management, drinking water and brackish waters, small boat harbors and their infrastructure, State parks, and historic sites development and protection, and other pertinent matters referred to it by the House.

Rule 13. Standing Committees: General Responsibility; Special Responsibility

13.1. *Standing Committees: General Responsibility.* It shall be the duty of each standing committee to:

- (1) Consider all bills, petitions, and resolutions as may properly come before it.
- (2) Review those portions of the State's program and financial plan and variance reports as may relate to programs over which the committee has primary responsibility. Through informational briefings, it shall gather information and examine those portions of the executive budget and the General and Supplemental Appropriations Bills relating to such programs and recommend to the Committee on Finance the programs and amounts to be spent thereon. (The executive budget and the General and Supplemental Appropriations Bills are hereinafter collectively referred to as the "State budget.") The recommended programs and amounts, taken as a whole, shall be consistent with and within the expenditure amounts allocated by the Committee on Finance.
- (3) Determine the objectives of any bill referred to it and make appropriate recommendations, including, if proper, expenditure recommendations on other bills referred to it by the House. Such expenditure recommendations shall be consistent with the allocations established by the Committee on Finance. On bills which relate to programs and matters over which a standing committee to which they are referred has no primary responsibility, the standing committee shall propose no substantive change to the bill unless prior concurrence of the chair of the committee which has the primary responsibility is first obtained. If the chair of the standing committee, which has primary responsibility over programs and matters of a bill, does not concur with the substantive change to the bill affecting such programs and matters sought to be proposed by a standing committee, any of the chairs of the standing committees involved may submit the matter to the Speaker for resolution. The Speaker shall meet with the chairs of the standing committees involved, hear their differences, and settle their differences with a decision which shall be the final disposition of the matter.
- (4) Review how programs over which it has primary responsibility have been carried out in compliance with legislative direction and whether studies, analysis, and audit should be conducted on all or part of the program in order to define issues and recommend improvements. Each standing committee shall also recommend amendments to existing appropriation acts and may further recommend revenue measures and improvements to the State's planning, programming, budgeting, and evaluation system to the Committee on Finance.

13.2. *Committee on Finance: Special Responsibility.* The Committee on Finance shall:

- (1) Have final responsibility over all programs and matters relating to the State's financing policies, including taxation and other revenues, level of expenditures, cash and debt management, and to the statewide implementation of planning, programming, budgeting, and evaluation. Subject to the provisions of these Rules, it shall consider the reports of the fiscal officers of the State, all bills, petitions, and resolutions, those portions of the State budget, and all other items pertaining to such programs and matters. It shall also consider such other pertinent items as may be referred to it by the House.
- (2) Establish, within the revenue raising ability of the State, the general level of total governmental expenditures for each fiscal year of a biennial period and allocate to each standing committee a proportionate part of such expenditures. Each standing committee shall be responsible for budget review of the programs within its jurisdiction and for making program expenditure recommendations to the Committee on Finance. Upon receipt of the recommendations of the other standing committees, the Committee on Finance shall review the same to determine if, when taken as a whole, the programs and amounts to be expended thereon are consistent with and within the expenditure amounts it has allocated to the respective standing committees. In making allocations to and in reviewing recommendations, the Committee on Finance shall invite the participation of the chair of the standing committee having primary responsibility over the program. After review of all standing committee recommendations, the Committee on Finance shall be responsible for preparing the General and Supplemental Appropriations Bills for consideration by the House.
- (3) In all other appropriation bills, inform the standing committee primarily responsible for the program or matter under consideration, of the amount and type of finances available. Upon receiving recommendations for the expenditures from the appropriate standing committee, the Committee on Finance shall review such recommendations to determine if, when taken as a whole, the recommendations are consistent with and within the expenditure amounts allocated. In reviewing recommendations of the standing committees, the Committee on Finance shall invite the participation of the standing committee chair concerned.

13.3. *Committee on Legislative Management: Special Responsibility.* The Committee on Legislative Management shall:

- (1) Make recommendations to the Speaker on the procedures and manner in which the administrative operations of the House should be conducted.
- (2) Make recommendations to the Committee on Finance on the expenses to be included in the appropriation bills providing for the expenses of the Legislature and procedures to ensure that the expenses of the House are in accordance with the appropriation acts providing therefor.
- (3) Make recommendations to the Speaker on programs relating to the establishment and operations of the House staff.

Rule 14. Special Committee

- 14.1.** The Speaker may appoint special committees for special or temporary purposes to consider and report on such special or temporary matters referred to it.
- 14.2.** Special committees shall consist of not less than three members each, unless otherwise ordered by the House, to serve until discharged or until finally reporting on such matters referred to them.
- 14.3.** Meetings of special committees shall be conducted in the same manner as provided for standing committees.
- 14.4.** Special committees shall report upon matters referred to them within the time prescribed under the appointment of the special committees, unless further time is given by vote of the House.

Rule 15. Committee of the Whole

- 15.1.** Whenever any matter shall be referred to the entire membership of the House by adoption of a motion to that effect, the House may at any time thereafter resolve itself into a Committee of the Whole to be chaired by the Speaker.
- 15.2.** The Clerk of the House shall act as Clerk of the Committee of the Whole, without extra compensation, and shall make a careful record of the proceedings which shall be filed as one of the records of the House.
- 15.3.** The committee may, on motion, rise and ask leave to sit at any future time. The rules of procedure in the House shall be observed, except as follows:
 - (1) Any member may speak more than once on the same subject, provided that the member shall not speak a second time or further until others desiring to speak have had an opportunity.
 - (2) The motion for the "previous question" shall not be allowed.

Rule 16. Conference Committee

- 16.1.** Conference committees shall consist of not less than three members each unless otherwise ordered by the House to be appointed for the purpose of resolving differences between the House and the Senate on any matters where the joint agreement of the House and the Senate is required and shall serve until discharged or until finally reporting on the matter referred to it.
- 16.2.** The composition of the conference committee shall be as follows:
 - (1) The chair of the standing committee having primary responsibility of the subject matter to be resolved shall be the chair of the conference committee on the part of the House. In the absence of the chair of the conference committee, a designee of the chair shall serve as chair.
 - (2) The membership of a conference committee shall be on a proportional basis. In appointing the minority party members, the Speaker shall consult with the minority leadership of the House.

The Speaker shall appoint the members of a conference committee as the Speaker and the chair of such standing committee having primary responsibility of the subject matter shall so mutually agree.
 - (3) In no event shall the membership of the conference committee include any member who has voted in the negative on adoption of a substantive resolution or has voted in the negative on third reading of a bill which is the subject of the conference committee.
- 16.3.** The chair of the Committee on Finance shall be designated the chair of the conference committee on the General and Supplemental Appropriations Bills. The chair shall invite the participation of the chair of the standing committee having primary responsibility over the program or matter, as described in Part III of these Rules, to which the appropriation relates. After review, the chair of the conference committee shall be responsible for preparing the budgets for consideration by the House.
- 16.4.** The meetings of the conference committee shall be conducted as agreed upon by the members of the conference committee, subject to the provisions of Rule 16.5. It is the position of the House that conference committee meetings and decision-making sessions shall be public. Public notice of the meetings shall be given. Public notice may be posted or announced on the House floor during the session day. Subsequent meetings may be announced during conference committee meetings.

- 16.5.** The authority of a conference committee shall be limited solely to resolving differences between the House and the Senate versions of a bill or resolution.

Accordingly, a conference committee shall not amend a bill or resolution by inserting into the bill or resolution any unrelated or new subject; provided that the restrictions in this Rule 16.5 shall not apply to the General and Supplemental Appropriations Bills; provided further that any increases to the salaries, pensions, or retirement benefits for any elected or appointed officer of the State or County shall be considered by separate bill other than the aforesaid Appropriations Bills or any bill ratifying collective bargaining agreements.

Rule 17. Interim Committee

- 17.1.** Interim committees may be established between regular sessions to accomplish specified objectives and work. The appointment of interim committees shall be completed by the Speaker as soon as practicable.

- 17.2.** The composition of interim committees shall be as follows:

- (1) The chair of the interim committee shall be the chair of the standing committee having primary responsibility, as defined by these Rules, over the program or matter to be considered by the interim committee.
- (2) The membership of the interim committee shall be on a proportional basis. In appointing the minority party members to the interim committee, the Speaker shall consult with the minority leadership of the House. The Speaker shall appoint the members of an interim committee as the Speaker and the chair of the interim committee shall so mutually agree.

- 17.3.** Interim committees may submit interim committee reports from time to time on matters referred to them. The reports shall state findings of facts and conclusions based thereon, together with such recommendations as to the disposal of the matter.

Rule 18. Committee on the Journal

- 18.1.** A Committee on the Journal shall be appointed to: prepare, compile, and bind the House Journal; enter into contracts for printing and any other acts necessary to accomplish the purpose of printing the Journal; and distribute the Journal to the members of the House at the next regular session.

- 18.2.** The Committee on the Journal shall consist of the Speaker, Vice Speaker, Majority Leader, Majority Floor Leader, Minority Leader, Minority Floor Leader, and the chair of the Committee on Legislative Management, whose duty it shall be to prepare, compile, and bind the House Journal, and who shall be authorized to make contracts with any printer, publisher, or bookbinder for the printing and binding of said Journal. The Clerk of the House shall act as Clerk of the Committee on the Journal. The committee shall report from time to time to the House.

- 18.3.** The Committee on the Journal may correct certain errors in all proper cases, and shall correct any mere clerical errors in the compilation of the Journal, such as errors in orthography or the use of one word for another as "affect" for "effect," "previous" for "previously," and the like. No corrections other than such as are authorized by this Rule shall be made at anytime by the Clerk or the Clerk's assistants, unless upon order of the committee.

Rule 18a. Advisory Committee on Rules and Procedure

The Speaker shall, prior to the convening of a legislative session in an odd- numbered year, establish an Advisory Committee on Rules and Procedure. The committee shall include at least one member from the minority party. The Advisory Committee on Rules and Procedure shall review these Rules and propose to the House such amendments as the committee deems appropriate.

Rule 19. Open Committee Meetings

Every committee authorized and/or established under Part III of these Rules shall be a committee of the House. Every meeting of a committee of the House or of a committee composed of a member or members from the House and the Senate held for the purpose of making decisions on matters referred to the committee shall be open to the public; provided that certain kinds of meetings, including executive sessions, organizational meetings, partisan caucuses, and meetings the subject of which involves the invasion of a person's right to privacy if made public, need not be open to the public.

Every meeting of a special committee, interim committee, or the Advisory Committee on Rules and Procedure shall be noticed in the same manner as applicable to a standing committee.

PART IV. SESSIONS; ATTENDANCE

Rule 20. Meetings

- 20.1.** After the opening day of the Legislature, the House shall meet for the transaction of public business every day except Saturday, Sunday, any legal holiday, and any day in recess, and such other day as the House shall designate.

- 20.2.** The House shall determine from time to time the normal hour of its meetings.

- 20.3.** Each regular session shall be recessed for not less than five days at some period between the twentieth and fortieth days of the regular session. The House shall, by concurrent resolution, determine the dates of the mandatory recess. Any session may be recessed when a majority of the members of each house adopts a concurrent resolution for that purpose. When directed by a resolution adopted by the House, the Speaker shall consult with the President of the Senate to agree upon the time of a recess or recesses.

Rule 21. Quorum

- 21.1.** A majority of the members to which the House is entitled constitutes a quorum, of which a majority vote shall suffice for the conduct of ordinary business unless otherwise provided in these Rules, but the final passage of a bill shall require the vote of a majority of all members to which the House is entitled.
- 21.2.** A majority of less than a quorum may adjourn from day to day and compel the attendance of absent members.
- 21.3.** If a quorum is not present at the designated time of meeting, the Speaker may declare the House adjourned.
- 21.4.** The Speaker shall count the number of members present to determine whether there is a quorum.

Rule 22. Attendance

No member shall be absent from service to the House, unless the member is sick and is unable to attend or is excused by the Speaker.

Rule 23. Adjournments

- 23.1.** Meetings of the House may be adjourned at any time by vote. Every adjournment shall be until the normal hour of meeting on the next business day, unless the motion for adjournment specifies otherwise.
- 23.2.** A motion to adjourn is always in order and shall be decided without debate. However, one motion to adjourn shall not follow another without intervening business.
- 23.3.** A motion to adjourn sine die or to adjourn to a specified time may be debated. No member shall speak more than once on such a motion.

Rule 24. Extension of Session

- 24.1.** Two-thirds of the members to which the House is entitled, two-thirds of the Senate concurring, may petition the Speaker of the House and the President of the Senate to extend any session of the Legislature. The petition shall read:

"To the Speaker of the House of Representatives and the President of the Senate:

Your petitioners, members of the House of Representatives and of the Senate of the ____ Legislature of the State of Hawaii, respectfully request an extension of ____ days beyond the ____ day of the Regular Session of ____ of the ____ Legislature of the State of Hawaii."

- 24.2.** The petition shall be in writing, above the signatures of the members.
- 24.3.** When the Speaker of the House receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the Speaker and the President of the Senate shall jointly issue a proclamation extending the session for the number of days sought in the petition.

Rule 25. Special Sessions

- 25.1.** Two-thirds of the members to which the House is entitled, two-thirds of the Senate concurring, may petition the Speaker of the House and the President of the Senate to call a special session of the Legislature. The petition shall read:

"To the Speaker of the House of Representatives and the President of the Senate:

Your petitioners, members of the House of Representatives and of the Senate of the ____ Legislature of the State of Hawaii, respectfully request the convening of a special session of ____, ____ Legislature of the State of Hawaii."

- 25.2.** The petition shall be in writing, above the signatures of the members.
- 25.3.** When the Speaker of the House receives such a petition, and it is properly signed by two-thirds of the members to which each house is entitled, the Speaker and the President of the Senate shall jointly issue a proclamation convening the Legislature in special session at the time and place sought in the petition.

PART V. ORDER; DECORUM**Rule 26. Questions of Order**

Any member may raise a question of order at any stage in the proceedings of the House, except during a roll call vote. The Speaker shall decide questions of order without debate, subject to an appeal of the House. Laying an appeal on the table shall sustain the Speaker's ruling.

Rule 27. Decorum: Punishment for Violations

- 27.1. No person shall sit at the desk of the Speaker or Clerk, except by permission of the Speaker.
- 27.2. No person shall walk out of the House Chamber or across the floor of the House while the Speaker is addressing the House. No person shall maintain a private discourse while the Speaker is addressing the House or a member is speaking. No person shall walk between the Speaker and a member who is speaking.
- 27.3. A question concerning conduct of the Speaker or members should not be presented by way of debate on other matters. Allusions to, or critical reference to the Speaker or members are not in good order. Such attacks are not conducive to the good order of the House.
- 27.4. The Speaker shall order any member who conducts himself or herself in a disorderly manner during any session of the House to stay in his or her seat and be in order. The Speaker shall order the Sergeant-at-Arms to remove any member who persists in disorderly conduct from the House for the remainder of the day's session, unless the member who has been disorderly pledges to the House that he or she will maintain a good behavior.
- 27.5. Any member who wishes to speak shall rise from his or her seat and address the Speaker, saying, "Mr. Speaker" or "Madam Speaker". When recognized, the member shall face the Speaker, and address the question under debate. All debate shall be addressed to the Speaker and not to the membership or an individual member.
- 27.6. A member referring to another member should avoid using the member's name or political party, rather identifying the member by district, seat, as the member who last spoke, or other similar manner.
- 27.7. It is not the person but the measure that is the subject of debate, and it is not allowable to arraign the motives of a member, but the nature or consequences of a measure may be condemned in strong terms.
- 27.8. The Speaker shall call to order any member who violates these Rules while in session, and the member shall then immediately sit down. The Speaker shall then decide the question of order without debate, subject to an appeal to the House. The Speaker may call for the sense of the House on any question of order.
- 27.9. A member who is called to order while speaking shall retain the floor while the question of order is decided. However, the member may not proceed with the matter under discussion until recognized by the Speaker to continue.
- 27.10. Any member may demand that the Clerk take down the words or actions objected to when a member is called to order for words spoken or actions taken during debate, and may ask that they be read for the information of the House.
- 27.11. The House may censure its members for disorderly conduct or neglect of duty. The House may also suspend or expel a member by a two-thirds vote of the total membership of the House.
- 27.12. The House may establish an investigating committee pursuant to chapter 21, Legislative Hearings and Procedure, Hawaii Revised Statutes, for the purposes therein mentioned.
- 27.13. Cell phones, pagers and similar devices shall be kept in silent mode, and not be used, while on the floor of the House Chamber.

Rule 28. Disclosures and Punishment of Members

- 28.1. Each member shall file with the Ethics Commission of the State of Hawaii a disclosure of his or her private financial interests, as prescribed by law. Each member shall file with the Ethics Commission any change in his or her financial interests.
- 28.2. If a legislative matter which affects a member's interests arises before the member has made a disclosure to the Ethics Commission, the member shall orally disclose his or her interest to the House before voting. The member then shall immediately make the written disclosure required by law and these Rules.
- 28.3. In accordance with Rule 60.7, the Speaker shall appoint a special committee to receive complaints and investigate any member for misconduct, disorderly conduct, neglect of duty, violation of chapter 84, Hawaii Revised Statutes, or violation of these Rules. The House may punish any member found guilty by such a committee by censure, suspension, or expulsion. Censure shall require the approval of a majority of the members to which the House is entitled. Suspension or expulsion shall require the approval of two-thirds of the members to which the House is entitled.

PART VI. ORDER OF BUSINESS**Rule 29. Order of Business: General; Order of the Day**

29.1. The daily order of business shall be:

- (1) Roll call;
- (2) Reading and approval of the Journal unless the House by motion dispenses with such reading;
- (3) Messages from the Governor;
- (4) Reports and communications from the heads of agencies; and
- (5) Bills, resolutions, and other matters received from the Senate to be placed on the calendar.

29.2. At the option of the Speaker, prior to the convening of any session, there shall be an invocation. Any invocation shall be limited to two minutes, and should not be used to proselytize, advance, or disparage any religion or point of view. Attendance at and participation in the invocation shall be voluntary for all persons.

29.3. The order of matters to be considered in the Order of the Day shall be:

- (1) Unfinished business upon which the House was engaged at the time of its last adjournment;
- (2) Reports of committees;
- (3) Petitions, memorials, and communications;
- (4) Introduction of bills and resolutions;
- (5) Second and third readings;
- (6) Any miscellaneous business on the Speaker's table; and
- (7) Announcements.

Rule 30. Order of Business: Special

The House may, by previous motion, direct that any matter be made a special order of business. Special orders shall take precedence over all business after the fourth order in the order of business. The House may also specify that special orders be taken up at a later specified point in the order of business.

Rule 31. Order of Business: Unfinished Business; Committee Reports and Messages

31.1. Any business which the House did not complete before its last adjournment shall have precedence in the Order of the Day. No motion or other business shall be received without special leave of the House until the unfinished business is disposed of.

31.2. Reports from conference committees and from the Committee on Legislative Management shall be in order at all times. Upon motion, messages or reports from the Governor or from the Senate may be received at any time, provided that without unanimous consent such messages or reports shall not be in order for discussion when received but shall be placed on the calendar as "Unfinished Business".

Rule 32. Order of Business: Questions of Priority

All questions relating to the priority of business shall be decided without debate.

PART VII. BILLS AND RESOLUTIONS**Rule 33. Form: Bills, Resolutions, and Amendments**

33.1. All bills and resolutions to be introduced shall be submitted in the form and in the number of copies designated by the Clerk. Short form bills may be introduced. All bills and resolutions shall be dated and signed by the introducer in black ink.

33.2. Every bill introduced or reported out of any committee, which amends an existing section or subsection of the Hawaii Revised Statutes or Session Laws of Hawaii, shall set forth the section or subsection in full, and the matter to be deleted shall be enclosed in brackets and stricken, and any new matter added to the section or subsection shall be underscored. However, a bill need not conform to this rule if it is: (1) a Supplemental Appropriations Bill; or (2) an amending bill the intent and effect of which can be clearly identified and understood without repeating the entire section or subsection, in which case only the paragraphs, subparagraphs, clauses, or items to be amended need be set forth as the Speaker may allow. The Speaker may allow additional exceptions to this rule.

- 33.3. No floor amendment to a bill shall be voted upon unless a copy of such amendment shall have been presented to the Clerk who shall prepare and distribute copies of the amendment to each member of the House present.
- 33.4. The House shall, in concurrence with the Senate, provide for the date by which all bills to be considered in a regular session shall be introduced. This date shall precede the commencement of the mandatory recess provided for by Article III, Section 10 of the Constitution of the State of Hawaii.

Rule 34. Bills: First Reading

The first reading of a bill shall be of its title only.

Rule 35. Bills: Second Reading

On second reading, a bill may be read by title only, or, on motion, read throughout. It shall then be subject to a motion for referral to a committee. If it is referred to the Committee of the Whole instead of a special or standing committee, the chair of the Committee of the Whole shall set a day for its consideration. When a bill is reported by a standing committee, special committee, or the Committee of the Whole, and has passed second reading, it shall take its place in the order of business for future consideration.

Rule 36. Bills: Third or Final Reading

- 36.1. No bill shall pass third or final reading in the House unless printed copies of the bill in the form to be passed have been made available to the members of the House for at least forty-eight hours. "Form to be passed" means the form in which a bill is to be either: (i) passed on third reading in the House; (ii) concurred to by the House after amendments have been made by the Senate; or (iii) passed by the House after a conference committee has agreed upon it.
- 36.2. A bill on its third or final reading may be read by its title only and the Speaker shall then ask the House, "Shall this bill pass its third reading?" or "Shall this bill pass its final reading?" as the case may be. Such bill may be amended on its third reading. For the final passage of any bill, the Ayes and Noes shall be called or a vote shall be taken pursuant to Rule 51.3 and such passage shall require the affirmative vote of a majority of all members to which the House is entitled. The vote upon third reading shall be upon a motion that the bill pass third reading, rather than upon adoption of a committee report, so that amendments to the bill may be offered at third reading and voted upon.
- 36.3. The House shall not concur with substantive amendments made by the Senate to a House bill until the chair of the standing committee having primary responsibility for the subject matter contained in the bill has granted prior concurrence to such amendments as provided for under Rule 13.1.

Rule 37. Bills: Recall from Committee

- 37.1. Any bill that has been referred to a committee may be recalled from that committee twenty days after referral, if one-third of the members to which the House is entitled vote in favor of the recall.
- 37.2. No parliamentary rule or procedure may supersede the constitutional right of recall of a bill from committee.

Rule 38. Bills: Certification

- 38.1. When the House passes a bill, the Speaker and the Clerk shall certify it and note the day of its passage at the bottom of the last page of the bill.
- 38.2. When a bill introduced in the House passes third reading in the House, the Speaker and the Clerk shall immediately send it to the Senate. Likewise, they shall send to the Senate any bill which the House receives from the Senate, amends, and passes on third reading in the House. Likewise, they shall send to the Senate any bill introduced in the Senate in the first regular session of a Legislature which passes third reading in the House in the second regular session of the same Legislature.

Rule 39. Bills and Resolutions: Order of Consideration

- 39.1. The Clerk shall send bills that have passed first reading to be printed immediately. When they have been printed and circulated to the members of the House, the Speaker shall refer them to the various committees. When the committees have considered them and reported on them, the committees shall return them to the Clerk, and the Clerk shall place them in the second reading file. The House shall consider them in the order in which they appear in the second reading file.
- 39.2. The Clerk shall arrange bills that have passed second reading in the order of their passage on second reading, regardless of the date of their reference to committee or the date of the committee report on them. The Clerk shall place them in the third reading file in the order in which they passed second reading, and the House shall consider them on third reading in that same order. However, if the third reading of a bill is set for some particular date, that bill shall be removed from the third reading file.
- 39.3. The Clerk shall send all resolutions, except congratulatory resolutions, to be printed. When they have been printed and circulated among the members of the House, they shall be placed on the calendar for adoption, unless the House orders otherwise.
- 39.4. Resolutions shall either be considered at a stated date or be referred to a committee.

Rule 40. Bills and Other Matters: Special Order of Consideration

- 40.1. The Clerk shall place all bills and other matters which are to be considered on particular dates in a special file, in the order of dates assigned for their consideration, and the House shall consider them in that order.
- 40.2. If the House adjourns before disposing of matters on special order, those matters shall carry over to the next day's business. The House shall then consider them under "Unfinished Business" in the Order of the Day, unless the House orders otherwise.

Rule 41. Bills: Property of the House

All bills introduced in the House shall be the property of the House.

Rule 42. Bills: Carryover Bills

- 42.1. Any bill pending at the final adjournment of a regular session in an odd-numbered year shall carry over with the same status to the next regular session; provided that if such bill shall have passed third reading in the House in an odd-numbered session, it shall again be placed in the third reading file and pass at least one reading in the House in the next regular session upon its return to the House from the Senate.
- 42.2. Bills which carry over from a regular session in an odd-numbered year to the next regular session shall retain the numbers assigned to them. The Clerk shall keep a record of the status of all bills in possession of the House at the end of the session in odd-numbered years and shall publish the record of the status of all such bills prior to the convening of the next regular session.

Rule 43. Bills Pre-Filing

The Clerk shall accept bills to be pre-filed within seven calendar days before the commencement of the regular session in the even-numbered year.

Rule 43a. Bills: Corrections of Errors

When a bill has passed the House and the Senate and an error in it is discovered prior to its having received approval of the Governor, the bill may be returned by concurrent resolution in the house last considering the bill for proper correction.

PART VIII. PETITIONS AND COMMUNICATIONS**Rule 44. Petitions and Communications: Presentation and Disposition**

- 44.1. Any person may petition the House. Petitions shall be in writing, and the petitioners shall sign them.
- 44.2. The Speaker shall order all petitions and communications filed or referred to a committee without any motion or vote, unless there is objection from the members. If there is objection, the Speaker shall dispose of the matter as the House directs.
- 44.3. Upon the request of a member, the Speaker may authorize the issuance of congratulatory certificates in the name of the House.

PART IX. MOTIONS; DEBATE**Rule 45. Motions: Generally**

- 45.1. No motion shall be received and considered by the House until the same shall have been seconded.
- 45.2. After a motion is stated and determined to be in order by the Speaker, it shall be disposed of by vote of the House. However, the motion may be withdrawn by the movant at any time before a decision or amendment.
- 45.3. Whenever any question whatsoever shall be under discussion, the only permanent motions shall be:

First:	To lay on the table;
Second:	To postpone to a certain time;
Third:	To commit;
Fourth:	To amend; and
Fifth:	To postpone indefinitely;

which motions shall have precedence in the order named.

- 45.4. The first two motions shall be decided without debate and shall be put as soon as made.
- 45.5. Whenever any of the first four motions mentioned above shall be decided in the negative, it shall not be revived the same day in regard to the main question under discussion. If a motion to amend in a specific manner is defeated, it shall not be revived on the same day.

Rule 46. Indefinite Postponement

When a question is postponed indefinitely, the same shall not be acted upon again during the regular or special session in which it was introduced without the consent of two-thirds of the members to which the House is entitled.

Rule 47. Matters Tabled

When a question has been laid on the table, it shall not thereafter be taken from and be considered or restored to a place upon the calendar of the House without the consent of the majority upon a motion made on the day the question was tabled or on the next day that the House is in session;

thereafter, no motion to take any question from the table shall be made without the consent, in writing, of the majority. A motion to take any question from the table, if decided in the negative, may not again be made on the same day.

Rule 48. Motions: Previous Question

The purpose of the motion for the previous question is to end debate. The motion shall always be in order, except as otherwise provided herein. It shall require a majority vote of the members present in the House at the time the motion is made. Whenever the motion is carried, the movant of the main subject under discussion shall be permitted to close the debate, after which the main question, subject to the order of priority, shall be put; provided that the movant may delegate the right to close to another member.

Rule 49. Motions: Reconsideration

- 49.1. When a motion has been made once and carried in the affirmative or negative, it shall not be in order for any member who voted in the minority to move for reconsideration, but any member who voted with the majority may move to reconsider it on the same or succeeding day of the session. A motion to reconsider shall take precedence over all other questions except a motion to adjourn.
- 49.2. The House shall not reconsider a motion to reconsider.
- 49.3. If the House wishes to reconsider a measure or other matter which it already has passed or adopted and sent to the Senate, the motion to reconsider shall be accompanied by a motion to request the Senate to return the measure or other matter. The House shall act first on the motion for return of the measure or other matter, without debate. If this motion fails, it is an end of the matter, and the movant and seconder of the motion to reconsider shall withdraw their motion.

Rule 50. Debate: Limits

- 50.1. No member shall speak more than twice on the same question without leave of the House; provided, however, that the movant of the matter pending shall be permitted to speak in reply, but not until every member choosing to speak shall have spoken. No member shall speak longer than five minutes the first time and three minutes the second time on the same question; provided however, that any member may yield his or her speaking time to another member.
- 50.2. When a member yields the floor to another member, the yielding member's time shall continue to run, except when such yielding shall be to allow a specific question to be asked and when in response to the specific question asked.

PART X. VOTING**Rule 51. Voting: Methods**

- 51.1. There shall be five methods of ascertaining the decision of the House on any matter: first, by voice vote; second, by raising of hands; third, by standing; fourth, by call of the roll of members, each of whose votes shall be recorded by the Clerk; and fifth, by unanimous consent.
- 51.2. When the House is ready to vote on any question, the Speaker shall rise, state the question, and ask all those who wish to vote yes on the question say "aye" in a clear, loud voice. The Speaker then shall ask all those who wish to vote no on the question say "no" likewise. The Speaker shall announce the decision of the House after the Clerk has announced the result of the voting of the House, except that the Clerk shall not announce the decision of the House after a voice vote.
- 51.3. With the unanimous consent of the House, the Speaker may direct the Clerk to record an aye for each member of the House. If there is no objection, the Clerk shall so record the vote. If there is objection, the Speaker shall ask for the names of the members voting no, and order the Clerk to record no votes for them. A vote shall not be recorded for any member who is not present at the time the vote is taken.

Rule 52. Voting: Rights of Members; Restrictions

- 52.1. In case of a voice vote, if one-fifth of the members present doubt the result the Speaker announces, they may ask for a show of hands. The Speaker then shall state the question again and ask those who wish to vote yes on the question to raise their hands. The Clerk then shall count the number voting yes and report the result to the Speaker. The Speaker then shall ask those who wish to vote no to raise their hands likewise. The Clerk shall count the no votes and report the result to the Speaker. The Speaker then shall announce the result to the House.

- 52.2.** In case of a show of hands, if one-fifth of the members present doubt the result the Speaker announces, they may ask for a standing vote. The Speaker then shall state the question again, and ask those who wish to vote yes to stand up and remain standing until the Clerk counts their votes and reports the result to the Speaker. The Speaker then shall ask those who wish to vote no to stand likewise. The Clerk shall report the result to the Speaker and the Speaker shall announce it to the House.
- 52.3.** Any time one-fifth of the members present request it, the Clerk shall call the roll of members of the House to determine their vote on a question. Each member who wishes to vote yes on the question shall say "aye" in a loud, clear voice when his or her name is called by the Clerk. Each member who wishes to vote no on the question shall say "no" likewise.
- 52.4.** No member shall refrain from voting unless excused pursuant to Rule 60.6.
- 52.5.** When voting is by roll call, no member may explain his or her vote, unless the House permits it by unanimous consent.
- 52.6.** No member may vote or change his or her vote after the Speaker has announced the result of voting.
- 52.7.** Any member who refuses (including the "kanalua" response) three times to vote when ordered to do so will be considered to have voted aye, and the Clerk shall record an aye vote for the member.

PART XI. MISCELLANEOUS

Rule 53. Subpoena; Oaths; Witness Fees

- 53.1.** The Speaker, and every investigating committee under chapter 21, Hawaii Revised Statutes, may issue subpoenas requiring the attendance of witnesses or production of evidence in any matter before the House or its committees pursuant to chapter 21, Hawaii Revised Statutes.
- 53.2.** Any member of the House may administer oaths to witnesses in any matter pending in the House or in any committee of the House.
- 53.3.** Any witness subpoenaed to appear before the House or any of its committees shall receive the same witness fees and mileage allowances that the Circuit Courts of the State pay.

Rule 54. Public Information

The Speaker may admit to the House Chamber stenographers and members of the news media who wish to take down debates or report the proceedings of the House. The Speaker shall assign such persons places for observation and other facilities which will not interfere with the operations of the House.

Rule 55. Disposition of Records at Adjournment

Within ten days after the House adjourns sine die in even-numbered years, its committees shall deliver to the Clerk all bills, resolutions, petitions, and any other papers referred to the committees, plus any evidence taken by the committees. If a committee fails to comply with this rule, the Clerk shall report its failure to the Speaker.

Rule 56. House Administrative and Financial Manual

- 56.1.** The House shall adopt an administrative and financial manual.
- 56.2.** After adoption, any revision to the manual shall be presented to the House unless otherwise provided in the manual.

PART XII. AMENDMENT, SUSPENSION, AND INTERPRETATION OF RULES

Rule 57. Rules: Amendment

These Rules shall not be altered unless the members of the House have received the twenty-four hour notice of the proposed change. The twenty-four hour period shall commence with the placement of a printed copy of the proposed amendment upon the desk of each member. Changes in these Rules shall be taken up as a special order. Any change in these Rules shall require the approval of majority of the members to which the House is entitled.

Rule 58. Rules: Suspension

These Rules may be suspended by the approval of majority of the members to which the House is entitled.

Rule 59. Parliamentary Practice

Mason's Manual of Legislative Procedure, 2010 Edition, is hereby designated as the adopted parliamentary authority of the House.

PART XIII. CODE OF LEGISLATIVE CONDUCT

Rule 60. Standards of Conduct

- 60.1.** Members should conduct themselves in a respectful manner befitting the office with which they as elected officials have been entrusted, respecting and complying with the law and acting at all times in a manner that promotes public confidence in the integrity of the House.
- 60.2.** Members should not lend the prestige of public office to advance the private interests of themselves or others; nor should members convey or permit others to convey the impression that they are in a special position to unduly influence public business pending before them.
- 60.3.** Members should treat their fellow House members, staff, and the general public with respect and courtesy, regardless of political or religious beliefs, age, race, ethnicity, sex, sexual orientation, gender identity or expression, or physical disability.
- 60.4.** The legislative duties of members, as prescribed by law and these Rules, should take precedence over all of their other business or professional activities. Members should freely and willingly accept certain restrictions on their business activities and professional conduct that might be considered burdensome by an ordinary private citizen, and should perform the duties of elected office impartially and diligently. To the greatest extent reasonably possible, members should:
- (1) Refrain from allowing family, social, business, or other relationships to unduly influence the member's legislative conduct or judgment;
 - (2) Refrain from showing bias or prejudice, including but not limited to bias or prejudice based on political or religious beliefs, age, race, ethnicity, sex, sexual orientation, gender identity or expression, or physical disability, in the performance of their official duties;
 - (3) Exercise patience, tolerance, and courtesy to all those with whom they deal with in an official capacity, and require staff and others subject to their direction and control to maintain similar standards of conduct, fidelity, and diligence inherent in public service;
 - (4) Exercise the power of appointment impartially and on the basis of merit, refraining from making unnecessary appointments and approving compensation of appointees beyond the fair value of services rendered;
 - (5) Afford to every person who wishes to participate in the legislative process the opportunity to be heard according to established procedures;
 - (6) Consider at all times whether their conduct would create in reasonable minds the perception that their ability to carry out legislative responsibilities with integrity and independence is either questionable or impaired;
 - (7) Manage their personal interests and obligations so as to minimize the number of votes in which they are in, or may reasonably be perceived to be in, potential conflict;
 - (8) Refrain from using, or permitting the use of, the privileges and prestige of their public office to derive undue personal, professional, or financial benefits for themselves, members of their family, or others with whom they maintain personal, business, or professional relationships;
 - (9) Refrain from engaging in financial and business dealings that involve them in frequent transactions, or continuing business or professional relationships, with those persons likely to derive benefits from public financial matters either pending or already deliberated and voted upon by the House, to the extent that such conduct may reasonably be perceived as personal exploitation of their public office; and
 - (10) Refrain from membership in an organization that practices invidious discrimination and gives rise to perceptions that one's impartiality and ability to serve as a representative are unduly compromised.
- 60.5.** If the member has a conflict of interest in legislation, the member shall disclose to the presiding officer (the committee chair or the Speaker, depending on where the vote is taking place) the conflict of interest prior to voting on that legislation. For the purposes of this rule, a "conflict of interest" means that the legislation affects the member's direct personal, familial, or financial interest except if the member, or the member's relative, is part of a class of people affected by the legislation.
- 60.6.** If a member is uncertain as to whether a conflict of interest exists, the member may request a ruling from the presiding officer by giving notice and disclosing the direct financial interest to the presiding officer prior to voting. When making a determination in cases where a portion of a measure may place a member in a conflict of interest, the presiding officer shall give due consideration to the context of that portion as it relates to the overall purpose of the measure. If the presiding officer determines that a conflict exists, the presiding officer shall recognize the conflict and honor the member's request to be excused from discussion, debate, and voting.
- 60.7.** There shall be established a Select Committee on Standards of Conduct composed of three members of the majority party and three members of the minority party, who shall be appointed by the Speaker. The Committee shall investigate any member for misconduct, disorderly conduct, neglect of duty, violation of chapter 84, Hawaii Revised Statutes, or violation of these Rules. The Select Committee on Standards of Conduct shall operate in accordance with rules and procedures adopted by the House.

- 60.8.** Except as provided, a member shall not accept an honorarium related to the member's legislative role, duties, or responsibilities. For the purposes of this rule, an "honorarium" means compensation provided to a member for services rendered by the member under conditions for which there is no contractual or legal obligation by the recipient of the services to compensate the member. The following shall not be considered an honorarium:
- (1) Reasonable and verifiable expenses for the member's meals, travel, lodging, and for care of a child or dependent adult that are actually incurred;
 - (2) Permissible gifts under Chapter 84, Hawaii Revised Statutes;
 - (3) Anything of value that is otherwise reported or reportable as a campaign donation or expenditure; or
 - (4) Any compensation if the member is requested to appear and/or speak on a topic or issue that is not related to the member's legislative role or duties.
- 60.9.** Even if permitted by Rule 60.8, a member may not accept an honorarium if the offering of the honorarium is made for the purpose of influencing the performance of a member's official duties.
- 60.10** No member shall solicit any monetary campaign contribution from an employee over whom the member has authority to exercise direct control.
- "Direct control" means the authority to subject a person to an adverse employment action, including termination, reduction in compensation, demotion, or denial of a promotion.
- 60.11** Nothing herein shall be construed to limit, approve, prohibit, or infringe upon the proper jurisdiction of the Ethics Commission.

Preface

The purpose of these rules is to enable the Select Committee on Standards of Conduct to properly perform the powers and duties invested in the Committee, including the conduct of hearings, in a fair and impartial manner, consistent with the protection of constitutional rights of persons called to testify at hearings and the preservation of public good.

PART 1. DEFINITIONS

1.1. DEFINITIONS. As used in these rules, unless a different meaning is clearly intended by the context:

"Adjudicatory review" means a proceeding undertaken by the Committee after a finding, on the basis of a preliminary inquiry, that there is substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred.

"Authorized membership" means the total number of members appointed to the Committee.

"Chair" includes the Chair appointed by the Speaker, or in the absence of the Chair, the Vice Chair appointed by the Speaker, or in the absence of both the Chair and Vice Chair, a member designated by the Chair.

"Committee" means the Select Committee on Standards of Conduct established under House Rule 60.7.

"Executive session" means a session at which only members, staff, witnesses, and counsel for a witness or witnesses are permitted to be present. Other individuals may be admitted to an executive session for a specified period or purpose on the motion of a member with the approval of the Chair and Vice Chair. An executive session may be convened by a two-thirds vote of the authorized membership.

"House" means the House of Representatives.

"Member" means a member of the Committee.

"Preliminary inquiry" means a proceeding undertaken by the Committee following the receipt of a complaint from a Representative about misconduct to determine whether there is substantial credible evidence that provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred.

"Quorum" means a majority of the authorized membership provided that, except for an adjudicatory hearing under Part 6 or the taking of a deposition under Part 7, one member shall constitute a quorum to hear testimony if all members have been given notice of the hearing and a member of the majority party and a member of the minority party have been designated by the Chair and Vice Chair respectively to be in attendance.

"Speaker" means the Speaker of the House of Representatives.

PART 2. GENERAL APPLICABILITY

2.1. POWERS OF THE SPEAKER OF THE HOUSE. The Speaker shall have administrative authority over the activities and operations of the Committee to:

- (a) Assign appropriate staff and to direct appropriate services to assist the Committee in accomplishing its purpose;
- (b) Adjust the respective membership of the Committee as deemed necessary, including the filling of vacancies; and
- (c) In the absence of the Chair, sign hearing notices or subpoenas and subpoenas duces tecum, as authorized to be issued by the Committee.

2.2. VACANCIES. Vacancies shall not affect the authority of the remaining members to execute the functions of the Committee.

2.3. MEETINGS. Meetings may be held at the call of the Chair if at least forty-eight hours notice is furnished to all members. If all members agree, or if approved by the Speaker, a meeting may be held on less than forty-eight hours notice.

2.4. QUORUM. A quorum shall be present for the transaction of business involving complaints or allegations of, or information about, misconduct, including resulting preliminary inquiries, adjudicatory reviews, recommendations, and reports.

2.5. ORDER OF BUSINESS. The order of business and the procedure of the Committee shall be decided by the Chair and Vice Chair.

2.6. HEARINGS ANNOUNCEMENTS. The Committee shall publicly announce the date, place, and subject matter of its hearing at least one week before the commencement of that hearing. If the Committee determines that there is good cause to commence a hearing at an earlier date, notice shall be given at the earliest possible time.

2.7. COMMITTEE MEETINGS. Meetings of the Committee shall be open to the public unless the meeting is held in executive session.

2.8. RECORD OF TESTIMONY AND COMMITTEE ACTION. (a) An accurate stenographic or transcribed electronic record shall be kept of all Committee proceedings, whether in executive or public session, which record shall include rulings of the Chair, questions of the Committee and its staff, the testimony or responses of witnesses, sworn written statements submitted to the Committee, any vote of the Committee, and such other matters as the Committee or the Chair may direct.

(b) The record of any remarks made by a member, Committee staff, outside counsel retained by the Committee, counsel for the witness, or witness, whether in public or executive session, shall be made available for inspection in accordance with Part 10 under Committee supervision at a time and place determined by the Chair; a copy of any testimony given by a witness in public session, or that part of the testimony given by the witness in executive session and subsequently quoted or made part of the record in a public session shall be made available to any witness if requested.

(c) Any member, Committee staff, outside counsel retained by the Committee, counsel for the witness, or witness may suggest to the official reporter, any corrections to typographical or transcription errors. If the reporter declines to make the requested corrections, the member, staff, outside counsel, counsel for the witness, or witness may request a ruling by the Chair and Vice Chair, acting jointly. Any questions arising with respect to the processing and correction of transcripts shall be decided by the Chair and Vice Chair, acting jointly.

(d) Except for the record of a hearing which is closed to the public, each transcript shall be printed as soon as is practicable after receipt of the corrected version. The Chair and Vice Chair, acting jointly, may order the transcript of a hearing to be printed without corrections if a reasonable time to correct the transcript has been afforded and corrections have not been requested.

(e) Records of the Committee shall be maintained by the Clerk of the House.

2.9. INELIGIBILITY OR DISQUALIFICATION OF MEMBERS. (a) A member shall be ineligible to participate in any Committee proceeding that relates specifically to any of the following:

- (1) A preliminary inquiry or adjudicatory review relating to:
 - (i) The conduct of the member; or
 - (ii) Any complaint filed by the member against another Representative; and
- (2) The determinations and recommendations of the Committee with respect to any preliminary inquiry or adjudicatory review described in subparagraph (1).

A member may also be ineligible to participate if the member's staff will be a witness.

(b) If any Committee proceeding appears to relate to a member in a manner described in paragraph (a), the staff shall prepare a report to the Chair and Vice Chair. If either the Chair or the Vice Chair concludes from the report that it appears that the member may be ineligible to participate in a Committee proceeding, the member shall be notified in writing of the nature of the particular proceeding and the reason that it appears that the member may be ineligible to participate in it. If the member agrees to the ineligibility, the member shall notify the Chair or Vice Chair. If the member does not agree, the member may explain the reasons to the Chair and Vice Chair, and if they both agree that the member is eligible, the member shall continue to serve. But if either the Chair or Vice Chair continues to believe that the member is ineligible and the member disagrees, the matter shall be promptly referred to the Committee. The member shall present arguments to the Committee in executive session. Any contested questions concerning a member's eligibility shall be decided by a majority vote of the Committee, meeting in executive session, with the member in question not participating.

(c) Members may disqualify themselves from participating in any preliminary inquiry or adjudicatory review pending before the Committee and the determinations and recommendations of the Committee with respect to any such preliminary inquiry or adjudicatory review.

(d) Whenever any member is ineligible under paragraph (a) to participate in any preliminary inquiry or adjudicatory review, or is disqualified under paragraphs (b) and (c) from participating in any preliminary inquiry or adjudicatory review, another Representative shall be appointed by the Speaker, after written notice about the ineligibility or disqualification, to serve as a member solely for purposes of such preliminary inquiry or adjudicatory review and the determinations and recommendations of the Committee with respect to such preliminary inquiry or adjudicatory review. Any Representative appointed for such purposes shall be of the same party as the member who is ineligible or disqualified.

(e) The Speaker shall be given written notice of the ineligibility or disqualification of any member from any preliminary inquiry, adjudicatory review, or other proceeding requiring the appointment of another member in accordance with paragraph (d).

2.10. TELEVISION, FILM, RADIO. Public hearings or meetings may be televised, filmed, or otherwise recorded and made public, unless otherwise determined by a two-thirds vote of the authorized membership. Photographers and reporters using mechanical recording, filming, or broadcasting apparatus shall position their equipment so as not to interfere with the seating, vision, and hearing of the members and staff, or with the orderly process of the meeting or hearing.

2.11. LEGISLATIVE RECOMMENDATIONS. The Committee shall recommend to the House by report or resolution any additional rules or other legislative measures as it determines to be necessary or desirable to ensure proper standards of conduct by Representatives. The Committee may conduct inquiries as it deems necessary to prepare this report or resolution, including the holding of hearings in public or executive session and the use of subpoenas as provided for in Part 3. The Committee may make legislative recommendations as a result of its findings in a preliminary inquiry, adjudicatory review, or other proceeding.

2.12. EDUCATIONAL MANDATE. The Committee may develop and implement programs and materials designed to educate members about the laws, rules, and standards of conduct applicable to members in the performance of their duties.

2.13. LIMITATIONS. Nothing in these rules shall be construed to limit or prohibit the acquisition of evidence or information by the Committee through any lawful means.

PART 3. GENERAL PROCEDURES

3.1. RIGHT TO HEARING. The Committee shall give the Representative responding to the complaint or facing an adjudicatory review under Part 6 an opportunity for a hearing before it recommends disciplinary action against that Representative to the House or before it imposes an order of restitution or reprimand (not requiring discipline by the full House).

3.2. CLOSED HEARINGS. All hearings of the Committee relating to allegations of misconduct shall be closed to the public unless the Committee determines by a two-thirds vote of the authorized membership that a hearing should be public.

3.3. ADJUDICATORY HEARINGS. The Committee may, by a two-thirds vote of the authorized membership, designate any public hearing or executive session as an adjudicatory hearing. Any hearing which is concerned with possible disciplinary action against a respondent or respondents designated by the Committee shall be an adjudicatory hearing. In any adjudicatory hearing, the procedures described in Part 6 shall apply.

3.4. PRESIDING OFFICER. The Chair shall preside over hearings.

3.5. SUBPOENAS. (a) The Committee, with the concurrence of the Speaker, may issue, by a two-thirds vote of the authorized membership, subpoenas requiring the attendance of witnesses and subpoenas duces tecum requiring the production of books, documents, or other evidence, in any matter pending before the Committee.

(b) The form of subpoenas, the manner of service, witness service fees, and notice requirements shall be as provided in sections 21-8 and 21-9, Hawaii Revised Statutes.

(c) Every subpoena and subpoena duces tecum authorized to be issued by the Committee shall be issued under the signature of the Chair and shall command each person to whom it is directed to attend and give testimony at a time and place thereon specified, and if requested by the Committee, to produce the books, papers, documents, or tangible things required by the Committee to be produced.

(d) The Committee may delegate to the Chair the authority to specify the time and place at which the person subpoenaed is to attend and give testimony and to designate the books, papers, documents, or tangible things required by the Committee to be produced.

(e) The Committee, by a two-thirds vote of the authorized membership, may withdraw a subpoena issued on behalf of the Committee.

3.6. DEPOSITIONS. Depositions shall be taken in accordance with Part 7.

3.7. OATH OR AFFIRMATION. (a) All testimony given or adduced at a hearing; preliminary inquiry under Part 5; or adjudicatory review or hearing under Part 6, shall be made under oath or affirmation unless the requirement is dispensed with in a particular instance by a majority of the members present at a hearing. Any member may administer an oath or affirmation to a witness at a hearing of the Committee.

(b) The form of the oath or affirmation shall be as follows: "Do you solemnly swear or affirm that the testimony you are about to give will be the truth, the whole truth, and nothing but the truth?"

3.8. WITNESSES. Any witness may be asked, or subpoenaed, to testify at a hearing or adjudicatory review and shall have the rights set forth under Part 8.

3.9. RIGHT TO TESTIFY. Persons whose names are mentioned or who are specifically identified or otherwise referred to in testimony or in statements made by a member, staff, or outside counsel, or any witness, and who reasonably believe that a statement tends to adversely affect their reputation may:

- (1) Request to appear personally before the Committee to testify on their own behalf; or
- (2) File a sworn statement of facts relevant to the testimony or other evidence or statement complained of. Such requests and statements shall be submitted to the Committee for its consideration and action.

3.10. COMMITTEE REPORT; OPPOSING VIEWS. Each member shall be given a reasonable opportunity to have separate views included as part of any Committee report.

PART 4. PROCEDURES FOR COMPLAINTS, ALLEGATIONS, OR INFORMATION

4.1. COMPLAINT, ALLEGATION, OR INFORMATION. Any Representative may report to the Committee a sworn complaint alleging that a Representative has violated a law, the House Code of Legislative Conduct, or any rule of the House relating to conduct of any individual in the performance of duties as a Representative, or has engaged in improper conduct which may reflect negatively upon the House. Complaints may be reported to the Chair, the Vice Chair, or a member.

Complaints shall not be accepted by the Committee during an election year on, or after, the filing deadline until one day after the general election. During this time, the Speaker shall accept complaints, allegations, or information and determine the action to be taken.

4.2. FORM AND CONTENT OF COMPLAINTS. A complaint shall be sworn but need not be in any particular form to receive Committee consideration, but shall:

- (1) State the name of the party filing the complaint;
- (2) Provide the name of each Representative who is specifically alleged to have engaged in improper conduct or committed a violation; and
- (3) State the nature of the alleged improper conduct or violation and may supply documents in the possession of the party filing the complaint relevant to or in support of the allegations as an attachment to the complaint.

For the purposes of this rule, a "sworn complaint" means a written statement of facts, submitted under penalty of perjury, alleging a violation of law, the Code of Legislative Conduct, or any other rule relating to the conduct of individuals in the performance of their duties as Representatives.

PART 5. PROCEDURES FOR CONDUCTING A PRELIMINARY INQUIRY

5.1. BASIS FOR PRELIMINARY INQUIRY. The Committee shall promptly commence a preliminary inquiry whenever it has received a sworn complaint from a Representative about alleged misconduct or violations by a Representative pursuant to Part 4; provided that the Chair and Vice Chair, acting jointly on behalf of the Committee may dismiss any matter, which is determined to lack substantial merit.

5.2. SCOPE OF PRELIMINARY INQUIRY. (a) The preliminary inquiry shall be of a duration and scope necessary to determine whether there is substantial credible evidence, which provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred. The Chair and Vice Chair, acting jointly, on behalf of the Committee may supervise and determine the appropriate duration, scope, and conduct of a preliminary inquiry. Whether a preliminary inquiry is conducted jointly by the Chair and Vice Chair or by the Committee as a whole, the day-to-day supervision of a preliminary inquiry rests with the Chair and Vice Chair, acting jointly.

(b) A preliminary inquiry may include any inquiries, interviews, sworn statements, depositions, or subpoenas deemed appropriate to obtain information to make any determination provided for by these rules.

5.3. OPPORTUNITY FOR RESPONSE. A preliminary inquiry shall include an opportunity for the Representative against whom the complaint is being brought or the Representative's designated representative to present either a written statement, or to respond orally to questions from the Committee. Oral statements or answers shall be transcribed and signed by the person providing the statement or answers.

5.4. FINAL REPORT. When the preliminary inquiry is completed, the Chair and Vice Chair shall make a report, oral or written, to the Committee on findings and recommendations, as appropriate. Disclosure of this report shall be governed by rules provided under Part 10.

5.5. COMMITTEE ACTION. As soon as practicable following submission of the report by the Chair and Vice Chair on the preliminary inquiry, the Committee shall determine by a recorded vote of a majority of members to which the Committee is entitled whether there is substantial credible evidence which provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred. The Committee may make any of the following determinations:

- (1) That there is not substantial credible evidence and in this case the Committee shall dismiss the matter. The Committee shall inform the complainant and the respondent to the complaint of the dismissal.

- (2) That there is substantial credible evidence, but that the alleged violation is inadvertent, technical, or otherwise of a de minimis nature. In this case, the Committee may dispose of the matter by issuing a public or private letter of admonition, which shall not be considered discipline and which shall not be subject to appeal to the House. The issuance of a letter of admonition shall be approved by the affirmative recorded vote of not less two-thirds of the authorized membership.
- (3) That there is substantial credible evidence and that the matter cannot be appropriately disposed of under paragraph (2). In this case, the Committee shall promptly initiate an adjudicatory review in accordance with Part 6. No adjudicatory review of the conduct of a Representative may be initiated except by the affirmative recorded vote of not less than two-thirds of the authorized membership.

PART 6. PROCEDURES FOR CONDUCTING AN ADJUDICATORY REVIEW AND ADJUDICATORY HEARING

6.1. SCOPE OF ADJUDICATORY REVIEW. When the Committee decides to conduct an adjudicatory review, it shall be of a duration and scope necessary for the Committee to determine whether a violation within its jurisdiction has occurred. An adjudicatory review shall be conducted by the Committee unless the Committee determines to use outside counsel for this purpose. In the course of the adjudicatory review, the Committee may conduct any inquiries, interviews, or hearings, take sworn statements, use its subpoena powers, take depositions, or take any other actions that the Committee deems appropriate to secure the evidence necessary to make a determination.

6.2. NOTICE TO RESPONDENT. The Committee shall give written notice to the Representative who is the subject of an adjudicatory review. The notice shall be sent to the Representative against whom the complaint has been made no later than five working days after the Committee has voted to conduct an adjudicatory review. The notice shall include a statement of the nature of the possible violation and description of the evidence indicating that a possible violation occurred. The Committee may offer the Representative an opportunity to present a statement, orally or in writing, or to respond to questions from members, or outside counsel, if such counsel has been retained by the Committee.

6.3. FINAL REPORT OF ADJUDICATORY REVIEW TO COMMITTEE. Upon completion of an adjudicatory review, the Chair and Vice Chair shall submit a written report to the Committee, which shall detail the factual findings of the adjudicatory review and which may recommend disciplinary action, if appropriate. Findings of fact of the adjudicatory review shall be detailed in this report whether or not disciplinary action is recommended. Disclosure of this report shall be governed by rules provided under Part 10.

6.4. COMMITTEE ACTION. (a) As soon as practicable following submission of the report of the Chair and Vice Chair on the adjudicatory review, the Committee shall prepare and submit a report to the House, including a recommendation to the House concerning disciplinary action, if appropriate. A report shall be issued, stating in detail the Committee's findings of fact, whether or not disciplinary action is recommended. The report shall also explain fully the reasons underlying the Committee's recommendation concerning disciplinary action, if any. No adjudicatory review of conduct may be conducted, or report or recommendation relating to an adjudicatory review of conduct may be made, except by the affirmative recorded vote of not less than two-thirds of the authorized membership.

(b) After receipt of the report prescribed by Rule 6.3, the Committee, by a recorded vote of not less than two-thirds of the authorized membership, may make recommendations for disciplinary action or issue an order for reprimand or restitution, as follows:

- (1) A recommendation to the House for expulsion, censure, payment of restitution, recommendation to the Speaker regarding the Representative's positions of responsibility and committee assignments, or a combination of these;
- (2) In the case where the Committee determines, after according due notice and opportunity for a hearing, that misconduct occurred warranting discipline less serious than discipline by the full House, and subject to Rule 6.5 relating to appeal, by a unanimous vote of six members order that a Representative be reprimanded or pay restitution or both; and
- (3) In the case where the Committee determines that misconduct is inadvertent, technical, or otherwise of a de minimis nature, issuance of a public or private letter of admonition to a Representative, which shall not be subject to appeal to the House.

(c) In the case where the Committee determines, upon consideration of all the evidence, that the facts do not warrant a finding that there is substantial credible evidence which provides substantial cause for the Committee to conclude that a violation within the jurisdiction of the Committee has occurred, the Committee may dismiss the matter.

(d) Promptly after the conclusion of the adjudicatory review, the Committee report and recommendation, if any, shall be forwarded to the Clerk of the House, and a copy shall be provided to the Representative bringing the complaint and the Representative responding to the complaint.

6.5. RIGHT OF APPEAL. (a) Any individual who is the subject of a reprimand or order of restitution, or both, pursuant to Rule 6.4 (b)(2), may, within ten days of the Committee's report to the House of its action imposing a reprimand or order of restitution, or both, appeal to the House by providing written notice of the appeal to the Committee and the Speaker. The Speaker shall cause the notice of the appeal to be printed in the House Journal.

(b) A motion to proceed to consideration of an appeal pursuant to paragraph (a) shall be highly privileged and not debatable. If the motion to proceed to consideration of the appeal is agreed to, the appeal shall be decided on the basis of the Committee's report to the House. Debate on the appeal shall be limited to two hours, which shall be divided equally between those favoring and those opposing the appeal.

6.6. ADJUDICATORY HEARINGS; NOTICE. A copy of the public announcement of an adjudicatory hearing shall be furnished together with a copy of this part to all witnesses at the time that they are subpoenaed or otherwise summoned to testify.

6.7. ADJUDICATORY HEARINGS; PREPARATION. (a) At least two working days prior to the commencement of an adjudicatory hearing, the Committee shall provide the following information and documents to the Representative responding to the complaint, if any:

- (i) A list of proposed witnesses to be called at the hearing;

- (ii) Copies of all documents expected to be introduced as exhibits at the hearing; and
- (iii) A brief statement as to the nature of the testimony expected to be given by each witness to be called at the hearing.

(b) At least two working days prior to the commencement of an adjudicatory hearing, the respondent, if any, shall provide the information and documents described in paragraph (a) to the Committee.

(c) At the discretion of the Committee, the information and documents to be exchanged under this part shall be subject to an appropriate agreement limiting access and disclosure.

(d) If a Representative responding to the complaint refuses to provide the information and documents to the Committee (see paragraphs (a) and (b)), or if a responding Representative or other individual violates an agreement limiting access and disclosure, the Committee, by a two-thirds vote of the authorized membership, may recommend to the House that the offender be cited for contempt.

6.8. ADJUDICATORY HEARINGS; RIGHT TO CROSS-EXAMINE AND CALL WITNESSES. (a) In adjudicatory hearings, respondents and any other persons upon obtaining the permission of the Committee, may personally or through counsel cross-examine witnesses called by the Committee and may call witnesses on their own behalf.

(b) A Representative responding to a complaint may apply to the Committee for the issuance of subpoenas for the appearance of witnesses or the production of documents on the Representative's behalf. An application shall be approved upon a concise showing by the responding Representative that the proposed testimony or evidence is relevant and appropriate, as determined by the Chair and Vice Chair. The subpoena shall be issued pursuant to Part 3.

(c) With respect to witnesses called by a responding Representative, or other individual given permission by the Committee, each witness shall first be examined by the party who called the witness or by that party's counsel.

6.9. ADJUDICATORY HEARING; ADMISSIBILITY OF EVIDENCE. (a) The object of the hearing shall be to ascertain the truth. Any evidence that may be relevant and probative shall be admissible unless privileged under the Hawaii Rules of Evidence. Rules of evidence shall not be applied strictly, but the Chair shall exclude irrelevant or unduly repetitious testimony. Objections going only to the weight that should be given evidence will not justify its exclusion.

(b) The Chair shall rule upon any question of the admissibility of testimony or other evidence presented to the Committee. Rulings shall be final unless reversed or modified by a two-thirds vote of the authorized membership before the recess of that day's hearings.

(c) Notwithstanding paragraphs (a) and (b), in any matter before the Committee involving allegations of sexual discrimination, including sexual harassment, or sexual misconduct, by a Representative, the Committee shall be guided by the standards and procedures of Rule 412 of the Hawaii Rules of Evidence, except that the Committee may admit evidence subject to the provisions of this paragraph only by a two-thirds vote of the authorized membership that the interests of justice require that this evidence be admitted.

6.10. ADJUDICATORY HEARING; SUPPLEMENTARY HEARING PROCEDURES. The Committee may adopt any additional special hearing procedures that it deems necessary, or appropriate to a particular adjudicatory hearing, copies of the supplementary procedures shall be furnished to witnesses and respondents, and shall be made available upon request to any member of the public.

PART 7. DEPOSITIONS

7.1. PERSONS AUTHORIZED TO TAKE DEPOSITIONS. Depositions may be taken by any member designated by the Chair and Vice Chair, acting jointly, or by any other person designated by the Chair and Vice Chair, acting jointly, including outside counsel, Committee staff, other employees of the House, or government employees assigned to the Committee.

7.2. DEPOSITION NOTICES. Notices for the taking of depositions shall be authorized by the Chair and Vice Chair, acting jointly, and issued by the Chair, Vice Chair, or Committee staff or outside counsel designated by the Chair and Vice Chair, acting jointly. Depositions may be taken at any time during a preliminary inquiry, adjudicatory review or other proceeding. Deposition notices shall specify a time and place for examination. Unless otherwise specified, the deposition shall be in private, and the testimony taken and documents produced shall be deemed for the purpose of these rules to have been received in an executive session of the Committee. The Committee shall not initiate procedures leading to criminal or civil enforcement proceedings for a witness's failure to appear, or to testify, or to produce documents, unless the deposition notice was accompanied by a subpoena.

7.3. DEPOSITION PROCEDURE. Witnesses at depositions shall be examined under oath. Questions may be propounded by any person or persons who are authorized to take depositions for the Committee, if a witness objects to a question and refuses to testify, or refuses to produce a document, the Chair or Vice Chair, if present, may rule on the objection and, if the objection is overruled, direct the witness to answer the question or produce the document. If the Chair or Vice Chair is not present, the individual who has been designated by the Chair and Vice Chair, acting jointly, to take the deposition may proceed with the deposition, or may, at that time or at a subsequent time, seek a ruling by telephone or otherwise on the objection from the Chair or Vice Chair of the Committee, who may refer the matter to the Committee or rule on the objection, if the Chair or Vice Chair, or the Committee upon referral, overrules the objection, the Chair, Vice Chair, or the Committee as the case may be, may direct the witness to answer the question or produce the document, the Committee shall not initiate procedures leading to civil or criminal enforcement unless the witness refuses to testify or produce documents after having been directed to do so.

7.4. FILING OF DEPOSITIONS. Deposition testimony shall be transcribed or electronically recorded. If the deposition is transcribed, the individual administering the oath shall certify on the transcript that the witness was duly sworn in the presence of that individual and the transcriber shall certify that the transcript is a true record of the testimony. The transcript with these certificates shall be filed with the clerk of the Committee, and the witness shall be furnished with access to a copy at the Committee's offices for review. Upon inspecting the transcript, within a time limit set by the Chair and Vice Chair, acting jointly, a witness may request in writing changes in the transcript to correct errors in transcription. The witness may also bring to the attention of the Committee errors

of fact in the witness's testimony by submitting a sworn statement about those facts with a request that it be attached to the transcript. The Chair and Vice Chair, acting jointly, may rule on the witness's request, and the changes or attachments allowed shall be certified by the Committee's clerk. If the witness fails to make any request under this paragraph within the time limit set, this fact shall be noted by the Committee's clerk. Any person authorized by the Committee may stipulate with the witness to changes in this procedure.

PART 8. RIGHTS OF WITNESSES

8.1. TELEVISION, FILM, RADIO. Any witness served with a subpoena by the Committee may request not to be photographed or to give evidence or testimony while the broadcasting, reproduction, or coverage of that hearing, by radio, television, still photography, or, other methods is occurring. At the request of any witness who does not wish to be subjected to radio, television, still photography, or other methods of coverage, and subject to the approval of the Committee, all lenses shall be covered and all microphones used for coverage turned off.

8.2. RIGHT TO COUNSEL. Every witness at a hearing, adjudicatory review, adjudicatory hearing, or deposition, may be accompanied by counsel of the witness' own choosing, who may advise the witness of the witness' rights, subject to reasonable limitations which the Committee may prescribe to prevent obstruction of or interference with the orderly conduct of the hearing.

8.3. STATEMENTS. (a) A witness, or the witness' counsel, with the consent of a majority of the members present at the hearing, may file with the Committee for incorporation into the record of the hearing, sworn written statements relevant to the purpose, subject matter, and scope of the Committee's investigation or inquiry. If a witness, or witness' counsel, desires to read the prepared or written statement, the determination of whether the statement may be read or simply placed in the record of the hearing shall be made by the Chair and Vice Chair, acting jointly.

(b) The witness or witness' counsel may also submit additional sworn testimony for the record within twenty-four hours after the last day that the witness has testified. The insertion of such testimony in that day's record is subject to the approval of the Chair and Vice Chair acting jointly within five days after the testimony is received.

8.4. PROPOSED QUESTIONS. A witness at a hearing, or the witness' counsel may submit to the Committee questions proposed to be asked of the witness or any other witness relevant to the matters upon which there has been any questioning or submission of evidence, and the Committee shall ask those questions that the Committee determines to be appropriate for the subject matter of the hearing. Questions shall be submitted to the Committee at least one working day before a witness's scheduled appearance.

8.5. OPENING STATEMENTS. As far as practicable, each witness may be permitted to present a brief oral opening statement.

PART 9. VIOLATIONS OF LAW; CONTEMPT; PERJURY; AND APPLICABLE RULES AND STANDARDS OF CONDUCT

9.1. VIOLATIONS OF LAW. Whenever the Committee determines by a two-thirds vote of the authorized membership that there is reason to believe that a violation of law, including the provision of false information to the Committee, may have occurred, it shall report the possible violation to the proper state and local authorities.

9.2. CONTEMPT. (a) A person shall be in contempt if the person:

- (1) Fails or refuses to appear in compliance with a subpoena, or having appeared, fails or refuses to testify under oath or affirmation;
- (2) Fails or refuses to answer any relevant question or fails or refuses to furnish any relevant book, paper, or other document subpoenaed by or on behalf of the Committee; or
- (3) Commits any other act or offense against the Committee, which, if committed against the Legislature, or either House thereof, would constitute contempt.

(b) The Committee may, by a two-thirds vote of the authorized membership, report to the Speaker, any instance of alleged contempt. The Speaker shall certify the report of such contempt under the signature of the Speaker to the attorney general who shall prosecute the offender in any court of the State.

9.3. PERJURY. Any person who knowingly and willfully swears falsely to a sworn complaint or any other sworn statement to the Committee does so under penalty of perjury. The Committee may refer any such case to the State Attorney General for prosecution.

9.4. APPLICABLE RULES AND STANDARDS OF CONDUCT. (a) Notwithstanding any other provision of this part, no adjudicatory review shall be initiated of any alleged violation of any law, the House Code of Legislative Conduct, or rule, which was not in effect at the time the alleged violation occurred. No provisions of the House Code of Legislative Conduct shall apply to or require disclosure of any act, relationship, or transaction which occurred prior to the effective date of the applicable provision of the House Code of Legislative Conduct.

(b) The Committee may initiate an adjudicatory review of any alleged violation of a rule or law which was in effect prior to the enactment of the House Code of Legislative Conduct if the alleged violation occurred while such rule or law was in effect and the violation was not a matter resolved on the merits by the predecessor Committee.

PART 10. RULES OF DISCLOSURE

10.1. NON-DISCLOSURE POLICY. Except as provided in Rule 10.2, no Representative, member, staff, or any person engaged by contract or otherwise to perform services for the Committee shall release, divulge, publish, reveal by writing, word, conduct, or disclose in any way, in whole or in part, or by way of summary, including during tenure with the Committee or anytime thereafter, information or material in the possession of the Committee which pertains to illegal or improper conduct by a present or former Representative; allegations or accusations of this conduct; any resulting preliminary inquiry, adjudicatory review or other proceeding by the Committee into these allegations or conduct and any report issued about the inquiry, review, or other proceeding; the investigative techniques and procedures of the Committee; any testimony or other evidence given before the Committee in executive session (including the name of any witness who appeared or was called to appear in executive session), any classified or Committee-sensitive information, document or material, received or generated by the Committee, any material or information deemed to be confidential by the Chair and Vice Chair, acting jointly, or any classified or Committee-sensitive information which may come into the possession of this person during tenure with the Committee or its staff. No such information shall be made public unless authorized by a two-thirds vote of the authorized membership.

10.2. DISCLOSURE TO EXECUTIVE AND JUDICIAL OFFICIALS. (a) Information, documents, or materials may be released to an official of the executive branch properly cleared for access with a need-to-know, for any purpose or in connection with any proceeding, judicial or otherwise, as authorized by the Committee or, in the event of termination of the Committee, in such a manner as may be determined by its successor or by the House.

(b) Information, documents, or materials may be released to an official of the judicial branch if it is required for judicial purposes, as authorized by the Committee or, in the event of termination of the Committee, in such a manner as may be determined by its successor or by the House.

10.3. COMMITTEE-SENSITIVE DOCUMENTS. (a) Committee-sensitive documents and materials shall be stored in the Chair's office, with appropriate safeguards for maintaining the security of the documents or materials. Removal from the Chair's office of these documents or materials is prohibited except as necessary for use in, or preparation for, interviews or Committee meetings, including the taking of testimony, or as otherwise specifically approved by the Chair and Vice Chair, acting jointly.

(b) Each member shall have access to all materials in the Chair's possession. Members' staff shall not have access to Committee-sensitive documents and materials without the specific approval in each instance of the Chair and Vice Chair, acting jointly. Members may examine these materials in the Chair's office.

(c) Any Representative, who is not a member and who seeks access to any Committee-sensitive documents or materials, other than documents or materials which are matters of public record, shall request access in writing. The Committee shall decide by a two-thirds vote of the authorized membership whether to share documents or materials available. If access is granted, the Representative shall not disclose the information found in the documents or materials except as authorized by the Committee.

(d) Whenever the Committee makes Committee-sensitive documents or materials available to any Representative who is not a member in response to a specific request to the Chair and Vice Chair, a written record shall be made identifying the Representative requesting such documents or materials and describing what was made available to the Representative.

10.4. RELEASE OF REPORTS TO PUBLIC. All information of official actions, statements, or positions of the Committee shall be made by the Chair.

PART 11. CHANGES IN SUPPLEMENTARY PROCEDURAL RULES

11.1. ADOPTION OF CHANGES IN SUPPLEMENTARY RULES. The Rules of the Select Committee on the Standards of Conduct, other than rules established by statute, or by the Rules of the House, may be modified, amended, or suspended at any time, pursuant to a recorded vote of not less than two-thirds of the authorized membership taken at a meeting called with due notice after prior written notice of the proposed change has been provided each member.

11.2. PUBLICATION. Any amendments to the Rules of this Committee shall be published.
