I think it's probably not a serious thing, but the more that we give away fee-setting to people, the more we end up with things like now where the gas tax, the mileage tax and all these other taxes get kind of out of control and out of our hand, so this is a slippery slope that I just want to caution our members on. Thank you."

"Thank you, Mr. Speaker. I'm rising to cast a no vote, and very short comments. This is called the Airbnb bill, or similar bill. The protection in the bill, unfortunately, is very weak. Usually it'll be an out-of-state owner that is merely going to have to tick a box that says, by accepting the terms of service from an entity like Airbnb, I agree and attest that I have reviewed all applicable laws and regulations, and that my listing is in compliance.

"That box will be ticked, and that box will be illegal, and that operation will be illegal, and the bill, unfortunately, doesn't have the teeth or the

money to allow the county to go after it, and to allow the neighborhood to go after these illegal operations. Because we need that housing, Mr. Speaker, we need it for our local people. And these out-of-state owners are taking away the housing from our residents. Thank you."

Representative Onishi rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support, brief comments. In the bill, one of the issues that was discussed previously in terms of, well, not previously, but in terms of the Governor's veto, was the fact that the counties did not have, or said they did not have, resources in order to address this problem, which is a county zoning and permitting problem, not a state problem, in terms of these unlicensed or unregistered usages.

"So in the bill, if I read it correctly, and I wrote the bill, it gives each county \$1 million in order for them to address this problem. So I think it's not correct that they're saying that this bill does not provide the counties the ability to go after the owners of these properties that are not registered with the county for the correct use. So, again, I stand in strong support."

Representative Yamane rose to speak in opposition to the measure, stating:

"Mr. Speaker, I'm rising in opposition on Stand. Com. Report Number 595, HB 462. Mr. Speaker, the purpose of this bill, as stated in the bill, is to require the Department of Public Safety to solicit proposals for the construction of a 3,000 bed correctional facility in Waiawa.

"Mr. Speaker, this ongoing process to find space for inmates has been ongoing with several administrations looking at it. It has been stated that this site probably is very unsuitable for any expansions, specifically because of the lack of infrastructure, as well as, if anybody knows the area, there are no public bus routes except for one circular system in the lower part of Waipio.

"Mr. Speaker, in opposition also because in this measure it does not require any public input or any consultation with the community, and that has not been done at this point, but it requires them to start soliciting public-private partnerships for the development of this second building.

"Mr. Speaker, another concerning part of this measure also states that the Department of Public Safety should suspend the environmental impact statements on the current process for the looking of a relocation site. Mr. Speaker, as all of you know, we've been looking at this. Several sites have been looked at as potential sites. Mr. Speaker, there are areas throughout our islands that actually legislators have actually proposed or want it within their designated area. Mr. Speaker, there's also sites, for example, the state laboratory that has infrastructure and the size and space capacity to develop a 3,000 bed site.

"So with these concerns, Mr. Speaker, with the lack of community public input, with the lack of and stopping the environmental impact process, I am in opposition. Thank you."

Representative Lowen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. A no vote also, mainly because we shouldn't use a statute to exempt projects from Chapter 343, our environmental review law. If it merits an exemption, there's a process already existing that can be used."

Representative Fukumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations, Mr. Speaker. Same comments as the Representative from Maui. Hopefully some of this gets to be changed, but currently at Waiawa they have to take out some of the laundry and the other things away from there because there's not currently enough sewage and infrastructure for them to do what they need to do. So, concerns about the EIS as well. Thank you."

Representative Matsumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Takayama rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Just want to mention that this bill does not propose any exemption at all from the current EIS process. What it simply does is ask that the site selection process for OCCC be suspended until the site selection group makes a more thorough search of alternative sites for OCCC, including sites that are as small as four-and-a-half acres.

"The current site selection process only considered lots that were more than 20 acres in size. To me, this opens to possible challenge the EIS process for its lack of consideration of possible alternative sites for OCCC. So Mr. Speaker, directly contrary to claims that this bill proposes bypassing of the EIS process, in fact, Mr. Speaker, it makes it more stringent and requires the site selection process to fully follow the requirements of the EIS process for a new OCCC. Thank you."

Representative Evans rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support. I request the words of the previous speaker as my own," and the Chair "so ordered." (By reference only.)

We are already, those that are taking opioids, have to kind of stringently go through some procedures that others may not be aware of already, and this may prove to be very difficult to those that are already on prescription, and may actually affect our lives greatly. So, in opposition. Thank you, sir."

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"Strong reservations. Unless there is a carve-out for rural areas where there are no pharmacies that accept all insurances, as well as sufficient physicians, my constituents are going to be greatly harmed by this bill. Thank you."

Representative Lowen rose to speak in support of the measure with reservations, stating:

"Thank you, just reservations. I appreciate the intent of the bill, and I know that something has to be done to address the issues in downtown Hilo and Banyan Drive, and there's a couple other vehicles. This one's just very broad, it doesn't limit it to just that area, and it takes a lot of county oversight out of the process and I don't think we've sufficiently heard from the counties yet, this bill has sort of escaped their notice, maybe, so just slight reservations."

Representative Tupola rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Johanson's written remarks are as follows:

"Mr. Speaker, I rise in opposition to HB 349, HD 1. While I recognize that rail has the potential to be a much needed transportation alternative for the residents of my district and the island of Oahu, I am concerned about the mechanism of funding rail that the bill uses. As this is ultimately a county project, I would like to see the county take more responsibility for the financing of the project. With the cost of living already high in Hawaii, making a functional 12.5% increase on the general excise tax remain for an additional 30 years is too steep a cost to pay for working families.

"I also would like to see more transparency from HART and the City & County of Honolulu on the budget shortfalls for the project, and cannot give a blank check to HART without reasonable assurances that the project will be better managed. I cannot continue to countenance the massive cost overruns and delays in deliverables by supporting this bill as presently drafted. I also believe that HART and the City & County of Honolulu have an obligation to fully explore all possible alternative financing mechanisms and plans, including public-private partnerships and route and station modifications. Because I do not see action to overcome these deficiencies, I cannot support this bill."

Representative Lee rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Lee's written remarks are as follows:

"Thank you, Mr. Speaker. Two years ago I opposed the extension of the GET to fill the rail project deficit. As I expressed at the time, I support public transit to provide an alternative that will help our next generation live and work without having to bear the cost of a car, insurance, gas, and all the other things that significantly raise the cost of living here on Oahu. However, I felt that what we were being told by rail officials wasn't true. In retrospect, it turns out I was right.

"Today I still absolutely support meaningful public transit. Noting some of the concerns now being raised in the community, I'll be voting with reservations until we get the real answers about the future of this project from the city."

Representative Har rose to speak in support of the measure, stating:

Representative Fukumoto's written remarks are as follows:

"Mr. Speaker, I rise with reservations.

"The bill would replace the State's vehicle weight tax with a value tax. I completely support reducing or eliminating the weight tax. However, it's still unclear whether a value tax would be a net tax increase to my constituents. If so, I can't support it and won't support any increases to motor vehicle taxes. I appreciate that the purpose of the measure is to find a new way to calculate taxes to create a more fair system, and I look forward to

hearing more about the bill as it moves through the legislative process. However, at this time, I am voting with reservations. Should the legislative process reveal that this measure will result in higher taxes, I will be voting no. Thank you, Mr. Speaker."
