Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1566) recommending that S.B. No. 174, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Souki moved that the report of the Committee be adopted, and that S.B. No. 174, SD 2, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Can you please record a no vote for me? I think in the process that this, we sit through the committee, it was brought up that there is a process through the Department of Health whereby you can add on debilitating causes for medical marijuana, and that process is thorough. It makes sure that it's actually needed, and that it's been proven that it helps that condition.

"And I think that by going through that process it would serve a better purpose so that we make sure that we're not just adding on causes, and I know that autism was taken off of this, but I still feel like we should use the process in place. Thank you."

Representative Har rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in opposition to SB 174, SD 2, HD 2, RELATING TO MEDICAL MARIJUANA. This bill amends the list of debilitating conditions for the medical use of marijuana by adding lupus, epilepsy, multiple sclerosis and arthritis. I am in opposition to this measure, based off the testimony of the Department of Health.

"As a general rule, the Department of Health (DOH) finds the passage of new legislation regarding medical marijuana problematic because they have not yet rolled out marijuana dispensaries. The DOH has already put into place what ailments qualify for medical marijuana, so to now add new ailments without even allowing the program to begin is akin to changing the rules in the middle of the game. Currently, the Department is determining the impact of current medical marijuana policy in the State. Any introduction of new laws will make it difficult for the Department to gauge the current laws and build an effective regulatory system.

"As to the DOH's specific opposition, the Department has concerns with introducing legislation to mandate the qualifying conditions for medical marijuana, when the Department is already capable of doing so through

administrative rules. Pursuant to Hawaii Administrative Rules §11-160-7, the Department has a comprehensive annual process to consider the addition or deletion of qualifying conditions for the medical use of marijuana. Paramount here is that the process focuses on all available medical evidence and research. This process gives the Department a reliable method of updating its administrative rules so that it reflects the most current medical information. If the legislature begins to codify qualifying medical conditions in the Hawaii Revised Statutes, it removes that flexibility from the Department.

"For these reasons, Mr. Speaker, I stand in opposition to SB 174, SD 2, HD 2."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 174, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL MARIJUANA," passed Third Reading by a vote of 45 ayes to 3 noes, with Representatives Choy, Har and Tupola voting no, and with Representatives Oshiro, Saiki and Ward being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1567) recommending that S.B. No. 895, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Souki moved that the report of the Committee be adopted, and that S.B. No. 895, SD 1, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. A couple of years we had a bill similar to this, but it was because of what was happening on Mauna Kea, and they didn't know how to handle it. And then it was talked about that maybe it was for homelessness.

"But my reservations are that, yes, I think there needs to be some type of penalty for it, but we often talk in this body about the fact that our jails and our prisons are overcrowded. And currently there are huge encampments on state lands, and so making it into a criminal trespass, my concern is that, if it is that we're trying to clear out state lands, then is there a place for these people to go. Because if that's the case, that we have a solution for that, then great. But otherwise we could be increasing our prison population.

"But again, this is a very far-reaching bill, because every single state land, it's not to say that there's always homeless there, protesters. So with those reservations, I think I just need to study it further. Thank you."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Reservations. My main concern is with naturalists, hikers, campers, people who would be legitimately accessing Hawaii's natural beauty, much of which lays on state lands. I'm concerned that this could, the intent I don't think is to prevent people from enjoying nature, but I fear the way it's written that could really be the effect. Thank you."

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative LoPresti rose, stating:

"Sorry, Mr. Speaker, I'd like to change my vote to a no vote."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 895, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL TRESPASS," passed Third Reading by a vote of 45 ayes to 3 noes, with Representatives Gates, Thielen and Tupola voting aye with reservations, with Representatives Ing, LoPresti

and Lowen voting no, and with Representatives Oshiro, Saiki and Ward being excused.

Representative Takumi, for the Committee on Consumer Protection & Commerce, presented a report (Stand. Com. Rep. No. 1568) recommending that S.B. No. 1150, SD 2, HD 2, as amended in HD 3, pass Third Reading.

On motion by Representative Souki, seconded by Representative Evans and carried, the report of the Committee was adopted and S.B. No. 1150, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO PRESERVING CORAL REEFS," passed Third Reading by a vote of 48 ayes, with Representatives Oshiro, Saiki and Ward being excused.

Representative Souki moved that the report of the Committee be adopted, and that S.B. No. 513, SD 1, HD 2 pass Third Reading, seconded by Representative Evans.

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tupola rose to speak in opposition to the measure, stating:

"Mr. Speaker, if you can record a no vote for me as well. My concern was just more, I already voiced it earlier, is that making sure that the pharmacist who is not their primary care physician is aware of what other medications that this person might have, making sure that they actually get an exam to make sure that they can use these medications.

"We've talked about a lot of different pharmacy bills, and we've always said if we are going to turn the pharmacy into an urgent care, then let's make sure to have a primary care physician there to make sure that whatever needs to be looked into before we prescribe things, that that's been checked. Thank you."

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations, please. Mr. Speaker, the purpose of this bill is to authorize pharmacists to prescribe and dispense contraceptives. My reservations stem from the testimony that was submitted by the insurance commissioner. Specifically, the insurance commissioner notes in his testimony that the health insurance reimbursements to pharmacists constitute a new insurance benefit.

"As this body knows, that pursuant to HRS 23-51, before any legislative measure that mandates health insurance coverage for specific health services can be considered, there shall be concurrent resolutions passed requesting the auditor to prepare and to submit to the Legislature a report that assesses both the social and financial effects of the proposed mandated coverage.

"I do not believe that that has been taken into account in this situation, and until it is, I think we're in violation of the law. For those reasons, I'm with reservations. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 513, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CONTRACEPTIVE SUPPLIES," passed Third Reading by a vote of 45 ayes to 3 noes, with Representative Har voting aye with reservations, with Representatives Cachola, McDermott and Tupola voting no, and with Representatives Oshiro, Saiki and Ward being excused.

Representative LoPresti rose to speak in support of the measure, stating:

"Strong support. Colleagues, I know it's a resolution, bear with me. I really want to thank the Vice Chair of Judiciary for hearing this, and I urge Finance to hear it.

"This is in response to the President's budget and so many of the cuts, I couldn't do enough resolutions on everything. That was, I think, maddening, and the proposed budget at the federal level. But this was the one that made the least sense of all, because the President is talking about massive military increases, while at the same time cutting the Coast Guard's budget. It doesn't make any sense.

"The Coast Guard is our first line of defense for national security here in the islands. We don't have, obviously, land connections, the Pacific Ocean is our border, but the Coast Guard is there for law enforcement, force protection, fleet protection, anti-terrorism.

"I'm a member of the Navy League and a big supporter of our sailors and marines, but the Coast Guard is also one of those branches that we support, and they've been waiting in line for a long time for recapitalization of their fleets. And this will just put them again further back for national security cutters, aging ice breakers, buoy tenders, search and rescue.

"They're so vital to our nation's security and to interdicting drugs. Just last year, the Coast Guard alone stopped \$5.6 billion worth of drugs from coming into this country. And he's talking about cutting, by \$1.3 billion, their budget.

"So I really hope we can move this as a body and try to send the message that we here do support the Coast Guard, because they support us. Thank you. *Semper Paratus.*"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 128, entitled: "HOUSE RESOLUTION URGING PRESIDENT DONALD J. Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm standing to speak against Standing Committee Report 1677 and Senate Bill 1148, relating to community development, transit-oriented development.

"Mr. Speaker, the idea to have TOD development along the rail corridor makes sense, but when you take a look at the way the bill has morphed, and what it ends up doing is, on page seven, it's including the Heeia Community Development District. It's including Koolaupoko District. These are windward side areas, and the windward community has not been approached or asked or involved in expanding TOD to the windward side.

"And I think that this is something that we want to be very careful about. I know that there's a real push to get the correct housing developed in conjunction with the rail. Fine. Stay on this side of the island, don't expand it to the windward side. Thank you."

At 12:32 o'clock p.m., Representative Yamane requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:33 o'clock p.m.

Representative Thielen rose, stating:

"Thank you, Mr. Speaker. I recognize that the windward areas, Heeia and Koolaupoko, are in the existing law. What I'm concerned about is the expansion of the TOD, the transit-oriented development language in the new bill. And there's also a concern about the district-wide improvement programs now are going to include TOD zones.

"So if you look at the TOD zone improvement program, and it says that there can be a cost assessment, the cost of providing the public facilities shall be assessed against the real property in the community development district in a TOD zone, and the TOD zone is new language.

"So we're talking about an impact, financial impact to the districts, and then you go back again with it includes Koolaupoko and Heeia. And I know that was in the existing law, but this is expanding what is going to take place.

"And I would like to propose, I think in the future, that we take a look at removing Heeia and Koolaupoko District from the transit-oriented development, then we're not going to get into these kinds of confusions. Thank you."

Representative Cachola rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. The reason for that is, right now the authority of HCDA applies to Kakaako and Kalaeloa. There's a lot of things to be done. For them to get appropriation to look at TOD at this point in time is premature, the way I look at it. And it's more or less expanding what they want to do, when they still have a lot of things to do in Kakaako and Kalaeloa. For that reason, I'm expressing my concern and go with reservations. Thank you."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just wanted to add to this conversation, for members and for people that are listening, to what is a

TOD zone. It is the parcels of land within a one-half mile radius around a proposed or existing fixed transit station as determined by the authority, taking into account proximity, walkability, adopted county plans, and other relevant factors, provided that TOD zones shall not be established in lands administered by the Hawaii Public Housing Authority, lands administered by the Stadium Authority, or any community development districts established under Section 206E-5.

"I think the reason that it's important to point out is, within a half mile of these TOD stations, those are really critical areas that have to, in my opinion, those are the areas where you'll probably have commercial, you'll have services provided to the people that are transiting, and I think it's important that we control those zones and the highest and best use within those areas. So, for that reason, I'm in strong support. Thank you."

Representative Tupola rose to speak in support of the measure, stating:

"In support. I also just wanted to add clarifying comments. So HCDA is in my district, in Kalaeloa, but originally the first plans for the rail actually had the starting point in Kalaeloa, like, farther, not in Kapolei area.

"This is suggesting that they study whether or not they should take the lead on it, but whether or not that rail station happens, the one that they actually didn't start out, I don't know, but I think conducting the feasibility study to see if they should be part of that. Because really, there's just two ladies that run HCDA in Kalaeloa, and so it's kind of a big burden that they have there, and I think it should be studied whether or not they should take the lead on a project like this. Not HCDA Kakaako, but the one in Kalaeloa that's a little bit undermanned and not as expansive as the one in Kakaako. I think it would be good to know whether or not they should be taking the lead on this. So I'm in support of conducting a feasibility study regarding HCDA doing that. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations, brief comments. Mr. Speaker, when we mention the highest and best use, we should add two things to this particular issue. One is the sale of development rights. Two, if we're going to actually ever get any non-public money, we're going to have to do that.

"And that has been clearly, conspicuous in its absence, to not leverage any private money, particularly as I've said on this floor so many times, the way that Hong Kong builds the rail, the way that they do it in Japan, is you get people to build hotels, workforce housing, shopping centers, strip malls, *et cetera*, and you reap the private sector to build the rail without public funds.

"Mr. Speaker, somehow we have been blinded to that innovative entrepreneurial perspective. One of the complaints is that 50% of the land in the TOD of the corridor running out at Kapolei is state-owned. Well, can the State not second those rights to HART, to the city and county, to leverage money? I just don't see any initiative to do that. We're kind of flat-footed. And bills like this, when they say, yeah, we're going to do a good job, and do a TOD, but we're not going to raise any private sector money, we're going to do as we did last night, increase the taxpayer's burden for another two years, for some 2040-something into the future.

"Mr. Speaker, we're fighting with one hand behind our back. We're hurting the taxpayers. The cost of living is extreme, and we don't do anything about it except give it lip service. Private sector purchase of development rights is real and it's right in front of us. As my wife often says, if it was a snake, it would have bitten me. And that's something that this HCDA, the TOD, HART, the Mayor, and all of us need to face. Thank you, Mr. Speaker."

No. 1148, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO COMMUNITY DEVELOPMENT," passed Third Reading by a vote of 47 ayes to 1 no, with Representatives Cachola and Ward voting aye with reservations, with Representative Thielen voting no, and with Representatives Oshiro, Saiki and Say being excused.

Representative Tupola rose to speak in opposition to the measure, stating:

"Can you please record a no vote for me, Mr. Speaker? Just real quick, I've always been against taxes and fees, but this one actually allows DCCA to do this on their own without legislative approval, up to 50%, which my concern is that some of these fees are very high already, so up to 50% is a lot. I know that it was added in that they would have to get governor's approval, but just still hesitation there. Thank you."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations, Mr. Speaker. I had already said this earlier about this bill, but obviously with an airport in my district, we've been studying this issue for a long time, DOT airports, the need to kind of change things up, the adversarial relationship that a lot of the general aviators have with DOT and how we can improve that.

"My concern with this bill and my reservations are that it's going to be a nine-member board that is all going to be appointed by the governor. So we've talked about possible political problems when these are all appointees, because the issue with the airports is having people run the airports who don't have expertise. And within the membership it says that members shall have relevant business management experience including experience in one or more of the following. Financial planning, budgeting, hospitality, tourism, commercial development, construction program management, marketing, law, or aviation.

"And we're going to get back to the same problem we were at, where we're at right now, is we don't have people with aviation experience. And that's where I feel like it should actually say that the members should have to have, at least one or two members, have to have aviation experience, so that they can have a viable board that is going to be able to address the problems that are happening currently, as opposed to a suggestion as to what their background be. Thank you, Mr. Speaker."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Reservations. I just want to take the opportunity to agree with my colleague and my neighbor who represents Kalaehoa District. On this and the next bill, well, I'll speak more on the next bill next. But I'm deeply troubled by some of the ways that people get appointed to things in this state. And I fear the worst for an airport authority. Why won't that pattern continue?"

Representative Morikawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Keohokalole rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I share many of the concerns that my colleagues have raised on the issue of board membership and qualifications. However, I think this is something that can be worked out in conference, and I hope the conferees will look to looking at qualifications of board members, so that both the front end and the back end of a successful airport operation, as demonstrated in different authorities, will be reflected in this board composition, so we have truly a world-class airport system, both from the front of the gate as well as behind the tarmac. Thank you very much."

The Chair addressed Representative McKelvey, stating:

"Thank you. And I know you're getting your airport license soon, but there's no conflict."

Representative Ing rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 658, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AN AIRPORT CORPORATION," passed Third Reading by a vote of 48 ayes, with Representatives Ing, Keohokalole, LoPresti, Morikawa and Tupola voting aye with reservations, and with Representatives Oshiro, Saiki and Say being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1702) recommending that S.B. No. 994, SD 1, HD 1 pass Third Reading.

Representative Souki moved that the report of the Committee be adopted, and that S.B. No. 994, SD 1, HD 1 pass Third Reading, seconded by Representative Evans.

Representative LoPresti rose to speak in opposition to the measure, stating:

"In opposition. On this one in particular, Mr. Speaker, this body has in the past moved measures regarding free and fair elections. In fact, we just voted on a resolution today on free and fair elections, and done things to talk about overturning Citizens United, and overturn things where there's too much money in politics.

"And this is related. It's directly related. Because unless I'm mistaken, most of the members of the Stadium Authority are lobbyists. These are lobbyists that are appointed, or former lobbyists appointed to oversee this, and now we're going to give them the power to solicit hundreds of millions of dollars for construction and redevelopment of a vital aspect of our state?"

"There's a real moral hazard here. Why do we repeatedly reward people whose profession, their profession is to poison the well of democracy, in my opinion. They influence things, and expect to influence policy, and they expect to influence laws through money. Why won't they expect to be influenced in return, if we give them this power?"

"There's good lobbyists and bad lobbyists, but why do we constantly see these kinds of people appointed to these positions? It's not an accident, and we sure as heck shouldn't be giving them more power and more access to more money. It's appalling. No vote."

Representative Cachola rose to speak in support of the measure with reservations, stating:

"With reservations, Mr. Speaker. I represent the estate right across the Stadium Authority called Halawa Valley Estate. They have a lot of concerns, and the reason why I'm voting with reservations is, at least the authority should satisfy some, if not all, the concerns of my constituents in that district. That's the reason why I'm voting with reservations. Thank you."

Representative Kobayashi rose to speak in support of the measure, stating:

"Mr. Speaker, in support, but with comments. I got into an interesting conversation with somebody who helped develop the San Diego stadium. There you had a whole bunch of people who definitely would benefit from the redevelopment of that whole area, which is now a booming new sector of town which was originally pretty blighted, I would have to say.

"The comment was that various people involved in the development certainly did benefit. And overall it was a benefit to the City of San Diego. But his point was that the people, the voters of the City of San Diego, could have benefitted even more, because there were, along with development opportunities, many development opportunities for the public sector, including affordable housing, including a much-needed school, which probably would have been needed only after a few years, after people, families moved in, and there were enough school students.

"So I would like people to bear in mind that, if the Stadium Authority is to develop the stadium area complex, that it be not just for stadium use. The stadium area is the largest single state-owned property along the rail route. It has tremendous development possibilities for the entire island, I would say, not just for the stadium.

"And so I would hope that the authority would have some powers, but that some of its powers be shared with people outside the stadium. Thank you."

Representative LoPresti rose to respond, stating:

"Still in opposition. I just want to clarify, I totally support redeveloping that area. It's a great area for redevelopment, and I agree with the previous speaker, it shouldn't just be for the stadium. My concern is with the people that we put in charge. That's all."
