Representative Tupola rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with slight reservations. I'm definitely in support of funding the Judiciary budget. I just wanted to bring to the members' attention a few things that were cut, and just some concerns on my part because some of the specialty courts play a big role in helping people rehabilitate.

"The Girls Court is one of these, and Girls Court, I think two years ago, we honored Judge Radius and all the people involved with Girls Court, because it's had such a high success rate. Because they identified that girls have different issues, and going through incarceration as a woman is also something different that happens, and so the continuity of helping with Girls Court at a younger age, and helping the recidivism rate at the older age for women that are coming out of incarceration, has dramatically improved. And one of the things that was left out was converting some of these positions from temporary to permanent.

"Also part of it that was cut is the DWI Court, which means driving while intoxicated, similar to driving under the influence, it just depends on how you interpret it. But importance of that is definitely having the funding since they're grant-based, so that they can continue to apply for grants and expand that court that's actually proven to help in some ways for a lot of people that need that kind of support to get off of alcohol.

"And the last thing is the CIP projects that were cut, including the Kona judiciary building, re-roofing the Kauai courthouse, modernization in the Circuit Court, and the problems that we're having with water at the Ewa courthouse. So those are the things I really wanted to see to make sure that those programs that are helping the community are continued, but definitely support all the other funding that was given and thank the Chair for keeping those in. Thank you."

Representative Thielen rose in support of the measure with reservations and asked that the remarks of Representative Tupola be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"Also with reservations. I appreciate the Judiciary Chair's really difficult decision in submitting this HD 1. I understand the budget stresses this year. I'm just hoping that next year when the 2019 funding for the veterans court in the Third Circuit runs out, and the DWI Court funding also runs out next year, that we will have enough monies in the budget to fund those. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against the red light photo bill. Mr. Speaker, a lot of us in this body remember the van cam, the infamous van cam, where we started out with really all good intentions, and it blew up, and then we repealed that law.

"My concern about this, I know we're setting up a red light committee. Okay, that's fine. But what about just setting up the red light committee to have them work through some of the different issues, particularly the extending of the yellow light on signals, so people don't just drive up to a signal, it's yellow, boom, it's red, you're clicked with your photo, and you've got your ticket in the mail.

"So I would prefer starting a bit more cautiously, given our past experience with the van cam, and getting the red light committee together to look at the ways that we do adjust our streetlights to make sure that the driver is going to have an adequate time to enter the intersection, have the light turn yellow after their wheels are into the intersection, and be able to get all the way through, before it turns red. So that's my problem, and it's a no vote for now. Thank you."

Representative Gates rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. "In support, Mr. Speaker. And I would just like to thank the Housing Chair and the Finance Chair for moving this measure forward, and hopefully can create a mandate for negotiations to preserve affordable housing while creating more units.

"And as I said before many times, this is kind of a canary in the coal mine, as many other affordable units are going to be under this IRS loophole. So again, thank you to the chairs for moving this issue forward. Hopefully you'll be a guiding policy post for future affordable housing developments that may be lost through this loophole."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1266, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Third Reading by a vote of 49 ayes, with Representatives Ohno and Saiki being excused.

Representative Morikawa moved that the report of the Committee be adopted, and that S.B. No. 1146, SD 2, HD 2 pass Third Reading, seconded by Representative Evans.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I'm not against affordable housing or making sure that we're helping that more affordable housing get online, but my concern here is that school impact fee districts are set by the Board of Education.

"In 2009, Hawaii Island, the west side of it, was determined to be a school impact fee district. In 2010, central Maui and west Maui were chosen. Then in 2012, they chose the leeward side of Oahu as a school impact fee district. And this bill specifically deals with counties that have more than 500,000 people in it, which means that it's only about the leeward side.

"And so this specifically impacts our area. And the reason why I bring that up is because if we, on page five, voted for something that's trying to help schools get more money because we're so aware that education is in dire need of funding, especially on the leeward side, then how can we take away this funding? Even if it is supposedly to keep down the prices of affordable housing, if we know that we desperately need it.

"And my district, just two months ago, I actually went into the high school locker room, and where the kids are supposed to take showers for PE is blocked off, because it's dirtier than a city bathroom. And the DOE has been going in and replacing things, but kids can't even go there to shower, so nobody's even wanting to participate in PE, because they can't shower afterwards. They spray Axe and they walk through it, because that's all they have.

"And so, I'm concerned that in areas where we desperately need better facilities, where kids can engage in actual curriculum that we expect them to be a part of, but yet, if there's more housing projects, they won't have to help in regards to impact fees. And this is my concern. All for more affordable housing, but not taking money away from schools. Thank you."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Reservations. I'd like to adopt the Minority Leader's words as if they were my own," and the Chair "so ordered." (By reference only.)

Representative LoPresti continued, stating:

"Just speaking of locker rooms, at our high school, James Campbell High School, the girls don't even have a locker room. It's a Title IX violation. They literally have no locker room.

"But I've said before, and I'll say again, this only helps the bottom line of the developer. In no way does it impact the actual market cost of the unit. If you have funding, whether it's state or federal tax incentives, or help with funding or financing, and say you're doing a project at 60% AMI, it has to remain at 60% AMI. It doesn't matter if we give them a \$20,000 per unit tax break, it's 60% AMI. It doesn't matter if we give them a \$2,000 a unit impact fee, it has to remain at 60% AMI.

"That means the only thing this does is use affordable housing as a way to sell this idea that we're going to take money from the kids and pad the bottom line of the people building these for profit. I'm not for that, and for now, at least, reservations. Thank you."

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you. Reservations for the same reasons. Thank you."

Representative Quinlan rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

"In 1998, the Legislature passed Act 306, which requires a review every five years. This legislative body received the report on the Findings and Recommendations of Effectiveness of the West Hawai'i Regional Fishery Management area for 2015. In this report, it states that the population of the aquatic life collected has actually increased rather than decreased. The next report will be received in 2020.

"If our legislative body's goal is to address the importance of sustaining aquatic life, then I recommend that a moratorium be put on all commercial and recreational activity in our state waters, until a study can be done to evaluate the impact of all business related activities to our aquatic life here in Hawai'i.

"This bill is repetitive and singling out one group of businesses. Our goal should be sustainability for future generations."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"With reservations. I have reservations for two reasons, Mr. Speaker. As a member of the Finance Committee with the honor and privilege of touring the facility earlier, I think at the beginning of session, and one of the really important lessons we learned from that tour was that the number one revenue source for the stadium, Mr. Speaker, is the swap meet. They don't need a stadium for the swap meet, we need a parking lot. That's a lot cheaper than a stadium.

"Speaking of parking lots, if we do move forward with this, I would really like to see included in some final language something that says the design instructions and the planning for the parking lot must be such that it can serve as an emergency extension of a harbor yard. Because last year, if I'm not mistaken, last year, maybe two years ago, the National Guard, along with the Navy, the Coast Guard, and others, did a drill for natural disaster preparedness. And they tested out the crane that they have at Pearl Harbor in case something happens at Sand Island, and that's the back-up plan.

"The problem is, there's no place to store the containers as they're unloaded in the harbor yard there at Pearl Harbor. The plan is to actually truck these things all the way to Kalaeloa Airport, which is not only ridiculous logistically, but if the Sand Island harbor were devastated by some south swell tsunami, Kalaeloa Airport would be destroyed, too. It's two feet, five feet above sea level, and that's the back-up harbor yard.

"But right there is Aloha Stadium, and they talked about using that, but the parking lot is not strong enough to withstand the weight of these containers and the equipment that would be required to store them there. So if we do move for this, we really need to think about public safety and disaster preparedness as well. Thank you. With reservations for now."

The motion was put to vote by the Chair and carried, S.B. No. 1200, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO DEVELOPMENT," passed Third Reading by a vote of 49 ayes, with Representative LoPresti voting aye with reservations, and with Representatives Ohno and Saiki being excused.
