Representative Ward: "Mr. Speaker, due to unforeseen circumstances, the fellowship luncheon that was scheduled for today will be postponed until April. I know the free lunch is a bit of a deterrent, or let's say a discouragement. But I want to announce that next Tuesday, Bishop Silva will be here, as a way of saying that we haven't forgotten what's going to happen. Thank you, Mr. Speaker."

THIRTIETH DAY

Wednesday, March 14, 2018

HOUSE COMMUNICATIONS

The House of Representatives of the Twenty-Ninth Legislature of the State of Hawaii, Regular Session of 2018, convened at 12:04 o'clock p.m., with Vice Speaker Nakashima presiding.

The invocation was delivered by Ms. Brenda Reichel of the Saint Andrews Society, and Mr. Roger McKinley, The Mad Bagpiper, after which the Roll was called showing all Members present with the exception of Representatives Fukumoto, Har, Lee, Say and Souki, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Twenty-Ninth Day was deferred.

ORDER OF THE DAY

ANNOUNCEMENTS

Representative Morikawa: "Mr. Speaker, I would like to wish a very happy birthday to our very own Majority Leader. Happy Birthday."

Representative Matsumoto: "Just to remind everyone that the collection of Easter baskets has started. I had a few people ask me if yesterday was the only day that they could turn it in. No, you can turn it in all the way until March 29th in my office, Room 303, or Senator Baker's office in Room 230. We have received five baskets so far, and our goal is 200. But we'll get there. Last year we had 180, so that's only 20 more than last year. So, it's because we have two organizations this year, IHS as well as Salvation Army. So, trying to hit a higher goal, but we will be accepting baskets until the 29th. Thank you."

Representative McKelvey: "Thank you, Mr. Speaker. Our friends from the bagpipe contingency will be sticking around after floor session, so if you want to grab a group photo, hang out for a couple of minutes. Thanks."

Representative Tupola rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Tupola's written remarks are as follows:

"This resolution urges the City and County of Honolulu to reduce the time it takes to award a building permit.

"We all know that Hawaii is in a state of crisis when it comes to housing. We need at least 65,000 new units in the next 10 years just to meet growing demand.

"This housing shortage drives up the price of homes, making rent and sale prices out of reach for young people and working families.

"According to a 2016 study by Trulia, Hawaii has the longest average number of months to receive building approval—17 months. That's longer than famously expensive places like New York, Washington D.C., and San Francisco.

"We urge the DPP to review the growing number of rules, regulations, and codes that require landowners and developers to navigate an expensive and complex system of bureaucracy, costly studies, and legal requirements.

"Reducing the time it takes to get a building permit will be a huge step toward tackling our affordable housing crisis in Hawaii.

"Thank you to the Chair of Housing for hearing this measure, and I hope we can all continue working together to address the problem of homelessness and rising housing prices."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 4, entitled: "HOUSE RESOLUTION URGING THE CITY AND COUNTY OF HONOLULU TO REDUCE WAIT TIMES FOR HOUSING CONSTRUCTION PERMITS," was referred to the Committee on Consumer Protection & Commerce, with Representatives Fukumoto, Har, Hashem, Lowen, McDermott, Nakashima and Souki being excused.

Representative Brower, for the Committee on Housing, presented a report (Stand. Com. Rep. No. 1151-18) recommending that H.C.R. No. 8 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.C.R. No. 8, entitled: "HOUSE CONCURRENT RESOLUTION APPROVING THE SALE OF THE LEASED FEE INTEREST IN 41-1373 HAUNAUKOI STREET, WAIMANALO, HAWAII," was referred to the Committee on Finance, with Representatives Fukumoto, Har, Hashem, Lowen, McDermott, Nakashima and Souki being excused.

Representative Brower, for the Committee on Housing, presented a report (Stand. Com. Rep. No. 1152-18) recommending that H.C.R. No. 7 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.C.R. No. 7, entitled: "HOUSE CONCURRENT RESOLUTION APPROVING THE SALE OF THE LEASED FEE INTEREST IN 2949 ALA ILIMA STREET, NO. 204, HONOLULU, HAWAII," was referred to the Committee on Finance, with Representatives Fukumoto, Har, Hashem, Lowen, McDermott, Nakashima and Souki being excused.

Representative Brower, for the Committee on Housing, presented a report (Stand. Com. Rep. No. 1153-18) recommending that H.C.R. No. 4 be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that H.C.R. No. 4 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, first of all, I wanted to ask for a potential conflict. My son was a former president of the Building Industry Association."

The Chair addressed Representative Thielen, stating:

"There's no conflict, and it will remain in effect through *sine die*."

Representative Thielen continued to speak in opposition to the measure, stating:

"Thank you. And the BIA is opposed to this resolution. I'm in opposition to it, also. I'll tell you what my concern is. It's asking for a task force to study the issue of residential automatic fire sprinkler systems for one- and two-family dwellings. The problem is, we do a study, we form a task force, we do a study, and then the bill follows and then the law follows. And were that to be the case, Mr. Speaker, we would then see the median price for a family home to be in the \$800,000 range.

"It's really a big price issue, I think we ought to be very careful in even going the task force way with this. And with the technologies that we have available, there are many less expensive ways to be able to detect whether or not there's a fire within a dwelling. We don't need to have fire sprinklers, that's a little bit antique. It's kind of like a rail when we've got Uber. So, we ought to rethink this. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. No. 4, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE FORMATION OF A TASK FORCE TO STUDY THE ISSUE OF RESIDENTIAL AUTOMATIC FIRE SPRINKLER SYSTEM COSTS FOR NEW ONE- AND TWO-FAMILY DWELLINGS," was referred to the Committee on Finance, with Representative Thielen voting no, and with Representatives Fukumoto, Har, Hashem, Lowen, McDermott, Nakashima and Souki being excused.

ANNOUNCEMENTS

Representative DeCoite: "Thank you, Mr. Speaker. Just a reminder, again, the collection of Easter baskets for the donation drive is under way, and we're supporting IHS and Salvation Army families, setting up new homes by filling laundry baskets with new household items. If you guys can help us reach our goal of 200 baskets, and if you may have a bulk purchase of one particular item from Costco but not a basket, we'll take that too. And just to remind everybody, please drop off your donation at Rep. Matsumoto's Office in Room 303 or to Senator Baker's Office in Room 230. We'll be accepting donations until the afternoon of March 29th, which is a Thursday. Thank you."

At this time, the Chair stated:

"Members, please remember that today is the triple referral filing deadline. For any bills moving from their first committees to their second committees in a triple referral, you must file the committee reports with the Chief Clerk's Office by 6 o'clock p.m. this evening. Please do not wait till the last minute and be there early if possible for the filing."

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS
(FLOOR PRESENTATIONS)

The following resolution (H.R. No. 215) was announced by the Clerk and the following action taken:

H.R. No. 215, entitled: "HOUSE RESOLUTION RECOGNIZING AND HONORING RETIRED U.S. AIR FORCE SECURITY FORCES SENIOR AIRMAN BRIAN KOLFAGE FOR THE SACRIFICES HE MADE FOR OUR COUNTRY AND HIS SERVICE TO OUR WOUNDED VETERANS," was jointly offered by Representatives McDermott and LoPresti.

Representative McDermott moved that H.R. No. 215 be adopted, seconded by Representative Ward.

Representative McDermott thanked the honoree for his service and recognized his work motivating and encouraging other injured veterans to overcome the stress, fear and anxiety of traumatic injuries and approach their situations with positivity and a spirit of enthusiasm, and introduced the honoree who was seated on the Floor of the House:

Senior Airman Brian Kolfage, USAF, Ret., Purple Heart Recipient.

Representative LoPresti honored SrA Kolfage, graduate of Kaimuki High School and the most severely wounded airman in history, who lost both legs and his right hand from a rocket attack in the Iraq War, for the hope and inspiration he gives other wounded warriors as a mentor and motivational speaker, and recognized him for his years of honorable service and sacrifice.

Representative Ward, on behalf of Vietnam veterans, thanked the honoree for his service and sacrifice.

Representative Tupola thanked SrA Kolfage for his example and for inspiring others, and recognized his wife, Ashley, for being a strong example of how to stand by and support veterans and active military who have gone through trials.

The motion was put to vote by the Chair and carried, and H.R. No. 215 was adopted, with Representatives DeCoite, Fukumoto, Har, Lowen, Nakashima and Souki being excused.

The following resolution (H.R. No. 216) was announced by the Clerk and the following action taken:

H.R. No. 216, entitled: "HOUSE RESOLUTION COMMENDING AND CONGRATULATING GUSTAV H. WEBLING ELEMENTARY SCHOOL ON THE OCCASION OF ITS 50TH ANNIVERSARY," was offered by Representative Kong.

Representative Kong moved that H.R. No. 216 be adopted, seconded by Representative Woodson.

Representative Kong recognized the 50th anniversary of Gustav Webling Elementary School, shared how it has grown and changed over the years while the commitment of faculty and staff to provide a challenging, meaningful, safe, standard-based educational environment for their students has remained undiminished by time, and introduced honorees who were seated on the Floor of the House:

Mr. Chad Matsuda, Principal; and
Ms. Christine Haramura, Parent Community Networking Coordinator.

Representative LoPresti honored the success of Webling Elementary, thanked them for their 50 years of service, shared how the school's namesake, Gustav Webling, was a passionate educator who was tireless in leading and nurturing his students while impressing upon them the importance of civic responsibility and a meaningful education that examined

the island and the world around them, and thanked them for instilling those values in his wife and children.

Representative Kong shared how he has been a volunteer for 20 years on the School Community Council, and shared how working with the principal and staff has been an honor.

Representative Yamane shared how he worked with the school as a social worker many years ago, and how Webling Elementary welcomed him in and helped educate him as a social worker.

Representative Yamashita, as a former 3rd grade student at Webling Elementary in 1968, offered his congratulations on their 50th anniversary.

The motion was put to vote by the Chair and carried, and H.R. No. 216 was adopted, with Representatives DeCoite, Fukumoto, Har, Kobayashi, Lowen, Nakashima and Souki being excused.

At 12:28 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:36 o'clock p.m.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to 1187. Mr. Speaker, this is about virtual currency, of which no one understands except maybe one person on this floor, and he may say something other than what I'm going to say.

"In the hearing it was basically a face-off between the young people who said, don't pass this, it's too premature to do it, and to the older people who testified and said, you probably should do this, and it was a confusion between blockchains, of which probably nobody understands what it is, including many of us, and actually the gambling, and even one of the members of the committee said he almost lost \$10,000 by virtue of bitcoin.

"So Mr. Speaker, I think us passing this is a bit premature, it needs to be studied more, it needs to be put in its proper perspective, because there's no regulation of it, there's no real total place that it fits in the present macro and microeconomic environment, even though one of the testifiers said he bought a car with bitcoin somewhere in Honolulu, and other things that are going on of which we have no idea what it is. So with those, Mr. Speaker, I reserve this as a no for the time being. Thank you."

Representative Choy rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I'd like to invite my friend from Hawaii Kai to read the bill. Thank you."

Representative Cachola rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. I know that my colleague over there said that I almost lost \$10,000 in a week's time, but I was smart enough not to buy or invest. That's how volatile this currency is. So, with reservations. Thank you."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3082, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO VIRTUAL CURRENCY," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representatives Cachola and Tupola voting aye with reservations, with Representative Ward voting no, and with Representatives DeCoite, Fukumoto, Har, Holt, Nakashima, Souki and Tokioka being excused.

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Register a no vote, please, brief comment. I do support, I think it was House Resolution 194, which calls for an audit of the Agribusiness Development Corporation so that we can further see into the financials. And I think not putting the cart before the horse is a good idea, and that was offered by our Ag Chair, is just making sure that we're going through the financials first and then further growing what this organization does. But I would say that that's where my hesitation is, before we continue on with this, making sure that we audit it first. Thank you."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. A no vote on the same measure, Mr. Speaker, and a few words. Thank you. This authorizes the Agribusiness Development Corporation to enter into contracts with private businesses to remove select municipal solid waste, glass, food and green waste from the waste stream. The Agribusiness Development Corporation seems to have been operating without oversight from the Legislature. It's of a concern to me. I think an audit of them is well overdue. I know that we don't receive reports from them, understand what they're doing. We hear discussion from the former Ag Chair, who heads the ADC, we hear from him at committee hearings, but there's a great deal that we don't know about what is going on. So I think it's not wise to move ahead and give more work to that organization until we audit them and find out exactly what is happening. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2519, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENVIRONMENT," passed Second Reading and was referred to the Committee on Agriculture, with Representatives Thielen and Tupola voting no, and with Representatives DeCoite, Fukumoto, Har, Holt, Nakashima, Souki and Tokioka being excused.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I have reservations on 1201, the cannabis study. It looks as though we're subsidizing the slippery slope into recreational marijuana by doing the study. We already know the feds are against it, why do we have to have a study looking at the legalities? It's pretty clear. But I know that there's some on this floor who would like to see it within due time, that it become recreational rather than medical marijuana. Thank you, Mr. Speaker."

Representative Choy rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tupola rose to speak in opposition to the measure, stating:

"No vote, brief comment. One of the things we're concerned about, which we mentioned in the committee, was about not having a grandfathering clause for businesses that are already existing within these zones around schools, as well as no clause addressing the issue that if, in a school zone, where we need a school, where the population has grown, that it's able to be built without evading or compromising this law, because these zones would be built in areas where we don't know where the population would be at that time.

"So those are my concerns, and as many times we talk about tobacco, if we just don't want it, then we should just outlaw it altogether. But creating these buffer zones in areas where we don't know how big these are and then saying that schools can't be there, when we know on the west side because of how big and how fast we've grown, we need schools all the time, everywhere, this would really affect us. Thank you."

ANNOUNCEMENTS

Representative Morikawa: "Thank you, Mr. Speaker. Just another reminder, we are supporting IHS and Salvation Army families. We're setting up new homes by filling laundry baskets, buckets, any kind of container with new household items. With two weeks left we have 17 baskets, and our goal is 200, so there are 183 left, which means each of us should give two baskets, maybe three or four. If you want to buy bulk purchase from Costco, toilet paper, whatever, those big things, we'll gladly put them together for you. Just to remind everyone, drop off at Rep. Matsumoto's Office Room 303 or Senator Baker's Office Room 230. Thank you. March 29th is the last day."

Representative Matsumoto: "Thank you, Mr. Speaker. Just an announcement. After we had the floor presentation today, there will be a lunch for all the members to honor Brian Kolfage in 325, immediately following session. Thank you."

Representative Lowen: "Just a reminder to Finance Committee members, we have the grant-in-aid hearing today in the Auditorium. If you're free this afternoon, your organizations and constituents from your district may be there testifying. Thanks."

Representative Ward: "Mr. Speaker, two reminders. One, the fellowship luncheon that was canceled this week will be next Tuesday with Bishop Silva, Room 423 after session, and Rep. Mizuno's Office will be sending a reminder in case people forget it over the weekend. And secondly for the McDermotts and the Mcs and the Oshiros and the Os, Happy Saint Patrick's Day tomorrow."

REPORTS OF STANDING COMMITTEES

Representative Mizuno, for the Committee on Health & Human Services, presented a report (Stand. Com. Rep. No. 1218-18) recommending that H.C.R. No. 35 be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.C.R. No. 35, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO ASSESS BOTH THE SOCIAL AND FINANCIAL EFFECTS OF PROPOSED MANDATED HEALTH INSURANCE COVERAGE THAT REQUIRES INSURERS, HOSPITAL

AND MEDICAL SERVICES PLANS, AND HEALTH MAINTENANCE ORGANIZATIONS TO PROVIDE COVERAGE FOR MEDICAL PROCEDURES TO ELIMINATE OR PROVIDE MAXIMUM FEASIBLE TREATMENT OF PORT-WINE STAINS," was referred to the Committee on Consumer Protection & Commerce, with Representatives Choy, DeCoite, Har, Kobayashi and Souki being excused.

Representative Mizuno, for the Committee on Health & Human Services, presented a report (Stand. Com. Rep. No. 1219-18) recommending that S.B. No. 2796, SD 1 pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2796, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE POLICY ADVISORY BOARD FOR ELDER AFFAIRS," passed Second Reading and was referred to the Committee on Finance, with Representatives Choy, DeCoite, Har and Souki being excused.

Representative Brower, for the Committee on Housing, presented a report (Stand. Com. Rep. No. 1220-18) recommending that S.B. No. 2531, SD 1 pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2531, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST WITH SPRINKLER RETROFITS," passed Second Reading and was referred to the Committee on Finance, with Representatives Choy, DeCoite, Har and Souki being excused.

Representative Brower, for the Committee on Housing, presented a report (Stand. Com. Rep. No. 1221-18) recommending that S.B. No. 2783 pass Second Reading and be referred to the Committee on Judiciary.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2783 pass Second Reading and be referred to the Committee on Judiciary, seconded by Representative Morikawa.

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ward rose to speak in support of the measure, stating:

"Support with an important footnote, Mr. Speaker. The section on the bill that impacts low-income housing, public housing, there's a strong correlation between ones' low income and ones' propensity to smoke. Therefore, if you're low income and you're prone to smoke, and the cost of cigarettes is as it is, this is not only a regressive position to put them in, but sometimes that's their hold onto social facilitation, *et cetera*.

"Having smoked for a couple of years, or decades, I know that it facilitates social as well as psychological well-being. To put it to the low income who have sometimes not all the hope that others, I just think we should be aware. I'm not trying to be sympathetic or mushy or syrupy, I just want us to know that these are the people who are hooked on that, and sometimes that's all they have to rely upon for the sake of the moment, that they are doing such things. A lot of us here have smoked, a lot of us have got over it. Hopefully this will help them get through the smoking addiction, but when we target those the way we're targeting in this bill, it hurts. And I'm sure there's some feedback that will be forthcoming.

"For those reasons, Mr. Speaker, I support this. Smoking is not good, but to know the group that we're hitting, just like when we passed the GE tax, we say, oh this is so regressive, the poor people are going to get hurt by it. Just so we know as a footnote, that's going to hurt some of these people here. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2783, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII PUBLIC HOUSING AUTHORITY," passed Second Reading and was referred to the Committee on Judiciary, with Representatives McDermott and Tupola voting no, and with Representatives Choy, DeCoite, Har and Souki being excused.

ANNOUNCEMENTS

Representative Lowen, for the Committee on Energy & Environmental Protection, requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing the following measure on Tuesday, March 20, 2018, at 9:00 a.m. in Conference Room 325, and the Chair "so ordered."

H.C.R. No. 111, Requesting the Department of Health to Convene a Regional Cesspool Modernization Task Force Within Each County of the State.

Representative Evans: "Thank you, Mr. Speaker. If you haven't already had the chance to visit, please stop by for the Manufacturing Day on the fourth floor before it ends at 2:00 p.m. There are approximately 20 exhibiting companies here today to support awareness of our manufacturing industry. In Hawaii there are over 700 active manufacturers in the state that employ 14,000 people and contribute to the overall state economy.

"According to data from the National Association of Manufacturers Hawaii, manufacturers help our state's economy by contributing nearly \$1.78 billion in manufactured goods exported outside of Hawaii in 2016. Lunch will be provided to legislators in Room 429. If you don't already have your lunch ticket, please check with your staff, it was dropped off this morning. And, Mr. Speaker, I do have the names of the exhibitors, can we put them in the Journal? Thank you.

"INNOVATE Hawaii, Hawaii Farm Bureau, Coastal Windows, Hawaiian Cool Water, Rix Island Wear, Hawaiian Chip Company, UH Maui College Food Innovation Center, Pacific Allied Products, Hawaiian Ola, Island Plastic Bags, Mokuwai Piko Poi, Aloha Tofu Factory, Rengo Packaging, AirGas, Aloha Shoyu Company, HPC Foods, Maui Chamber of Commerce, Maui Gold Pineapple Company, Hawaii Food Manufacturers Association, and Hawaiian Craft Brewers Guild."

Representative Ward: "Mr. Speaker, following tomorrow's floor session, the fellowship luncheon will be held in Room 423 with Bishop Silva speaking. Please RSVP for the bentos to Representative Mizuno's Office, and I will announce it again tomorrow on the floor, but if you could do it today, all the better. Thank you, Mr. Speaker."

Representative Matsumoto: "Thank you, Mr. Speaker. Immediately after session, if the Women's Legislative Caucus members could come up to 437 for a quick picture with Delta Sigma Theta, that would be great. Thank you."

ADJOURNMENT

At 12:34 o'clock p.m., on motion by Representative Morikawa, seconded by Representative Ward and carried, the House of Representatives adjourned until 12:00 o'clock noon tomorrow, Tuesday, March 20, 2018. (Representatives Choy, DeCoite, Har and Souki were excused.)

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm rising with reservations on Senate Bill 3099 and I would like to make a few comments. Thank you. Mr. Speaker, this doubles the deposit that our constituents and visitors are going to have to pay when they purchase something that's subject to the Hawaii HI-5. I think the better approach would have been to read the Auditor's report, which was very critical of the HI-5 program, and then to look at our different communities to see whether or not that program is being run even in a way that will enable our residents to turn in their bottles and cans.

"I get a lot of complaints from people that the redemption centers aren't well located, that their hours aren't really kept in the way that they should be. And it makes it difficult, and then people get discouraged and just don't participate in it. So I think we're going about the approach in the wrong way. Instead of hitting people with more fees, double, double the amount, which sure is going to make a difference when you do your grocery shopping, I think we ought to make the redemption process be a very good one.

"I know that some places actually allow you to go to your grocery stores and turn your bottles and cans in there. We had a lot of push back from the grocery industry about doing that. Although I think a couple of the large boxes like Costco were talking at one point, this was some years ago, but talking about being willing to set this up within their system. So there are a lot of different things that we could do other than just going ahead and hitting people with another fee that just raises their cost of living and makes it harder. Thank you."

Representative McDermott rose to speak in opposition to the measure, stating:

"No vote, and I'd like to echo the sentiments of the previous speaker."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations, brief comment. I'm still in discussions, most of the recycling companies are actually in my district, a lot of them are in Campbell Industrial, a lot of them are giving me their insight on kind of what the real issue is going on in our recycling industry. I'm trying to wait for some of their comments to come back to me. On third reading we definitely can make more comment about it, but I think we need to consider where these monies are actually going, where the increase goes, if it really does target that issue, and how much it does affect the cost of living for people, even as small as it is. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. And if it has in the bill that it's double, I'll have a no vote, but I read the bill that it's not in there, that it has been taken out of the Senate draft, so I'll stick with reservations for the point right now. Thank you."

Representative Har rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Please register a no vote, may I please adopt the words of the Representative from Kailua into the Journal as if they were my own. And in particular, I just, again, would like to note the audit that was done by the Auditor's Office. I think that really gets to the crux of the problem with the HI-5 program. While I understand the intent is to incentivize people to turn in their bottles, the fact of the matter is, that audit really gets to the heart of the matter and what the issues are with the HI-5 program.

"So what we should be doing is, looking at the audit and really addressing the issues in the audit, as opposed to attempting to increase the fees on each bottle, because I don't necessarily think that that is still going to be the incentive people need to recycle. For these reasons, I'm in opposition. Thank you."

Representative Evans rose in opposition to the measure and asked that the remarks of Representative Har be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Creagan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. My initial response to this was somewhat negative, but I do rise in support. On the Big Island, we have a problem with implementing the recycling. But I think on Oahu and perhaps on the Big Island, this might help some of the homeless population actually support themselves and buy some food. It will double the amount they could collect in a relatively short period of time. So I think that little silver lining of this might be worth doing it. Thank you."

Representative DeCoite rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. My concern is, on the island of Lanai, when they lost their recycling, people that were there, they still ended up paying for their cans and bottles, and yet those were never being reimbursed back. So in areas such as that, there is nobody to handle the recycling, it becomes a big problem that now they're being doubled, the payment for it. So, still have major concerns behind this bill. Thank you, Mr. Speaker."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3099, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SOLID WASTE MANAGEMENT,"

passed Second Reading and was referred to the Committee on Finance, with Representatives DeCoite, Thielen, Tokioka, Tupola and Ward voting aye with reservations, with Representatives Evans, Har and McDermott voting no, and with Representatives Ing, Lee and Souki being excused.

Representative Lee, for the Committee on Energy & Environmental Protection, presented a report (Stand. Com. Rep. No. 1236-18) recommending that S.B. No. 2122, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2122, SD 1, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative McKelvey rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I just want to note reservations for now on the new language inserted that would affect multi-unit dwellings. A lot of them in my district. Thanks."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2122, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTRIC VEHICLES," passed Second Reading and was referred to the Committee on Finance, with Representative McKelvey voting aye with reservations, and with Representatives Ing, Lee and Souki being excused.

Representative Lee, for the Committee on Energy & Environmental Protection, presented a report (Stand. Com. Rep. No. 1237-18) recommending that S.B. No. 2939, SD 2 pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2474, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Really briefly, today in our aviation caucus we briefly talked about this issue, and one of the bigger issues around the noise problem that we're having is that in 2000, there was a National Environmental Policy Act enacted, where every state had to have an air tour management plan, and we've never actually finished that in our state. We started conversations in 2005, but we still don't have it. We have kind of a map over where the volcanoes are and random lines drawn over where helicopters should go, but if we actually address that issue then we can actually address some of the noise issues of people flying in areas where there's residential homes.

"And so in Stand. Com. Report 183 it outlines exactly what the root of that problem is, and I think that addressing that as one of the main issues will help us to find some of these noise issues that we're having. As well, I have an airport in my district, and so it's the same thing, helicopters, planes, and so I think starting with the air tour management plan and finishing it is going to be very key in us resolving this issue. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2474, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO NOISE CONTROL," passed Second Reading and was referred to the Committee on Finance, with Representatives Ing, Lee, McKelvey, Souki, Todd and Ward being excused.

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, brief comment. One of the bigger issues, and this one is about the pilot visitation center, which we actually have visitation centers at some of our prisons. The women's correctional facility, I've been to their visitation center. At Halawa as well as OCCC they want ones that are outside of the actual prison grounds so that there's less harm done when children are taken into those facilities. But the bigger issue is that they don't have somebody that can actually run these programs. And so they said that they've tried to start this family visitation thing, but every year they drop it because nobody can actively organize it every year. And so I think building that into this would be really key, so that if there are visitation programs, there's actually a visitation coordinator or somebody over these places that we're suggesting that we build at all of these public facilities. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2305, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO INCARCERATED PARENTS," passed Second Reading and was referred to the Committee on Finance, with Representatives Ing, Lee, McKelvey, Souki, Todd and Ward being excused.

Representative Tupola rose to speak in support of the measure, stating:

"Mr. Speaker, in support, brief comment. This is going to come to Finance and I'm sure we'll have a longer discussion. Our DHS director is topnotch. He is good, and he is trying his best to try to fix things. One of the issues that a lot of social workers that have come up to me and talked to me about is that their caseload, which this is trying to address that. So the only thing which I hope we get to resolve is that there's actually more caseworkers and not just more case supervisors, because out in our side, that's what the case has been. A lot of the money is going to more and more supervisors, and yet our social workers still have as much as 58 kids on their caseload. One person visiting 58 kids and their families. And so I appreciate that this is doing a pilot project in a very necessary area, but I'm hoping the money goes all the way down to the root level where we need it, which is more caseworkers, not staff members or administrators. Thank you."

Representative McDermott continued to speak in opposition to the measure, stating:

"Yeah, I'm not selling those \$2 million homes, those are my friends in East Honolulu, but a no vote, please."

Representative Ward rose to speak in opposition to the measure, stating:

"I'll disregard that last comment. Mr. Speaker, a no vote. This will increase the housing cost crisis that we're already in, and I know it's for a good cause, but this is not the way to do it. Thank you."

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Belatti moved that the report of the Committees be adopted, and that S.B. No. 2424, SD 2 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Just a brief comment, Mr. Speaker. In support. It's been over 100 years and there's only 9,700 or so homesteaders. There are 203,000 acres that have been set aside, and as the latest statistic from DHHL, there are 44,000 people on the waitlist.

"The point is, this is a creative way of getting housing on the Hawaiian home lands. I know infrastructure's been a big problem, but so has housing costs and the amount of people who qualify for a mortgage. And I know some people think that this may be the nose of the camel into the tent, and tiny houses may go into other parts of the community, but this is strictly for the Hawaiian homestead, and it's something, Mr. Speaker, has and is becoming a really, really, really big broken promise that Prince Kuhio in 1921 in Congress said that, because of the loss of the land and the dignity, we will return the Hawaiians to the land.

"Now, we're to the point where we haven't, and we've got tiny houses as one of the options, and I just encourage everybody to say, let's get on with the housing crisis in the Hawaiian community, before we can solve even the others. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2424, SD 2, entitled: "A BILL FOR AN ACT RELATING TO HOUSING FOR NATIVE HAWAIIANS," passed Second Reading and was referred to the Committee on Finance, Representatives Fukumoto, Johanson, Lee, Souki and Todd being excused.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3089, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. A no vote on 1307, and just a few brief remarks, Mr. Speaker. We have another bill that was giving an incentive to the City and County if they set up a short-term rental process. This appears to me to be another enabling measure for the City and County to go ahead and identify more of these short-term rentals. And I think we've got to be very careful of what we do.

"I'm sure in your district you have grandparents who are bemoaning the fact that their grandchildren can't find affordable rentals or possibly even an affordable home to buy, and that's because the people, primarily 80% of them from out-of-state, are descending upon our residential market, snapping up the houses and turning them into short-term rentals. So, it's a serious problem. I think it's a major concern, I wish we would address it straight on through some creative measures, and this is not one of those creative measures. Thank you."

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, a no vote, brief comments. Mr. Speaker, if there was the political will in the counties, they could do this without our help. This is kind of an encourage them, which is good. But if there was a way of sharing data between what's legal and what's taxable, and what the data is in the city level and what the data is at the state level, this Airbnb, huge giant in the room, this giant elephant in the room would go away. And this is kind of like sneaking around to the sides of it. It's not the right way to go, but it's really in the cities and counties and the islands that the ball should be in their court in resolving the situation. Thank you."

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"Reservations, strong reservations for different reasons. I'd like to note that this allows the county to create disclosures during the time of conveyancing, not at the time when the contracts are occurring. So, conveyancing is a time when contracts have already been signed, and it's just a question of transferring the property after a sale has occurred, transferring the property from one to another. I believe this is a very dangerous precedent of allowing government interference into contracts between private parties, and for that reason, strong reservations."

Representative McKelvey rose in support of the measure with reservations and asked that the remarks of Representative San Buenaventura be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Tupola rose in opposition to the measure and asked that the remarks of Representative San Buenaventura be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Quinlan rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote, brief comments. Mr. Speaker, this is about virtual currency. Virtual means it doesn't exist in front of you and it is not real. It's unproven, it's unnecessary, it's basically gambling, and the only underwriting of it is in the nation of the Marshall Islands. So, why we should be promoting this is beyond me. Thank you."

Representative Ing rose to speak in support of the measure, stating:

"Very quickly, in support. Just for the record, all currency is fiat. It's a social contract. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, just for the record, brief rebuttal. The good faith and credit of the United States Government backs every dollar that's in our pockets, in our banks, in our savings, in our 401(k)s, and every nation backs its currency. Only the Marshall Islands back virtual currency. That's the record. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3082, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO VIRTUAL CURRENCY," was referred to the Committee on Finance, with Representative Ward voting no, and with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"No vote, brief comment. Mr. Speaker, assumption is the lowest form of information, and we are riding the highest tide of our tourism industry. But it's never going to be like that. And as we increase the cost of the visitor industry, we may be competing ourselves out of the number one slot in the world. So I don't think we should assume that just keeping, adding more and more fees and taxes is going to help in what small amount the state gains. I think we are at a disadvantage as a prime destination in the world. Thank you, Mr. Speaker."

Representative Evans rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representatives Yamane and Brower, for the Committee on Water & Land and the Committee on Housing, presented a report (Stand. Com. Rep. No. 1353-18) recommending that S.B. No. 2969, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committees be adopted, and that S.B. No. 2969, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak against 1353, which is relating to special management areas, Mr. Speaker. Before I begin talking about the bill itself, I would encourage members to take a look at the special management area that this bill will affect, and take a look at the maps that are available that show the SMA for all of the islands. For example, virtually all of Lanikai is in the SMA, not just the houses on the beach, but all the houses leading backward, and I think it includes the entire Lanikai area.

"In Kailua, it's not just beachfront houses. The SMA goes back along the canal and back around along the marsh. It's very extensive, it includes areas of Coconut Grove, which have our more moderately priced houses in Kailua. And then you go to other islands, and for example, well, let me continue with Oahu. Kahala, quite extensive SMA, not just on the ocean front. Hawaii Kai, very extensive, Waianae, extensive, and then we have Lihue on the island of Kauai that has quite a broad swath. On the Big Island, you have Waimea, and then Kailua Kona. Quite extensive. But I would encourage members to take a look at the SMA maps.

"This bill, frankly, is going to pretty much be the death knell for anything remaining in an affordable category for our people here in Hawaii. It's strangely crafted, I imagine that the drafters were under a time crunch, *et cetera*. So as it has come out, what it means is that if you want to do an addition or a renovation, you will have to get an SMA permit if the cost of that addition or renovation reaches \$500,000, but this figure is cumulative during a 10-year period.

"So let's say in year one, Mr. Speaker, you bought kind of a cracker-box house and you want to fix it up for your growing family. So you do this, you add some bedrooms, some bathrooms, and you just put it into better shape. It's not brand-new construction, this is remodel or renovation. Then you reach up to maybe, with the cost of building here, maybe up to \$400,000 on

that. During the next 10 years, your aging parents need to move in with you, and you figure out, okay, we can do this, we can extend this sort of area and remodel to be able to take care of our aging parents that are going to move in with us. The renovations are going to cost \$100,001, which catapults you into being mandated to get a special management area permit.

"Now remember, we're not talking just about beachfront homes here. Go look at those maps, we're talking about all of Lanikai, all the way to the back. We're talking about other areas on other neighbor islands, quite extensive. We're talking about a huge swath, Kahala, *et cetera*. So here you are with \$500,001, and you have to get an SMA permit. Well, that is extremely costly."

Representative McDermott rose to yield his time, and the Chair "so ordered."

Representative Thielen continued, stating:

"Thank you, Representative. It's extremely costly. They've got a trailing, that we learned in law school, the trailing covers the whole 10 years. So it's going to discourage you renovating your house to take care of elderly parents, because the SMA process can be very expensive with a lot of requirements, including the doozy, each individual permit has to be considered by and either approved or rejected or with conditions added, by the city council. Now that's absurd. I mean, it's just strangling the housing for our people in this state.

"I don't know if there's any bill here this session that is quite as disastrous, other than the short-term rental ones that are bad, but I don't know of any bill that is quite as disastrous that will really create major, major problems for families that live here. Your beachfront owners are going to have the money to go hire all the people they need to do to put everything through the process, I'm not concerned about that. I'm concerned about the families that are within the SMA, probably don't even know it, that have growing needs and change circumstances during a 10-year period. And this bill is going to absolutely hammer them.

"Can you imagine marching over to City Hall before the council members to say, please, I do want to make this addition to my home because my parents really need to move in with us, may I please do this? Three hearings at the least, committee hearings. I mean, what are we doing to people, what's the cost that this is going to add on? You're going to have to do an environmental assessment, and then if the City wants to say, hey we want a full EIS because it might create some other issues, you're talking about adding \$100,000 to that project, according to one of the testifiers. It just doesn't make sense, Mr. Speaker.

"I know the bill was put together under a rush, because we have deadlines, but the bill makes absolutely no sense. It does go to Finance, where it has a chance to sit on the shelf and stay there until people begin to think of what they're trying to accomplish. I know we're all trying to accomplish protect our shoreline, begin to bring the structures further away from the edge of the water, great, but are we trying to go back to take all of Lanikai out, are we trying to go back to take large swaths of other areas out and make those homeowners, once they buy, once that house has any renovations, they're going to be held to either a costly, time-consuming, unmanageable process, or they just cannot renovate, repair, remodel.

"That doesn't make sense, Mr. Speaker. I mean, it just doesn't make sense. If anyone in this building has any experience with the building industry for residences, take a look at this and you're going to go, oh my goodness, this shouldn't move forward. And my plea to Finance is, if you have a chance to look at it, if you have a crowded agenda, shove this one up on the shelf, don't move it forward, Mr. Speaker. And I would like to add more remarks into the Journal, please. Thank you."

Representative Thielen's written remarks are as follows:

"Some of my colleagues might think that the bill exempts reconstruction or alteration of an existing single-family residence from the permitting requirements. However, on page 3, the bill clearly states that 'development' does include any reconstruction or alteration that is over the threshold of a

minor permit. That threshold is \$500,000, cumulative with other reconstruction or alterations done over the prior 10 years.

"It is easy to misinterpret what is really going on here, because the language of the bill is inarticulately drafted. It presents a 'double-negative,' and it also requires the reader to know or research what the value threshold is between a minor and a major permit.

"Under this bill, if a home has had \$499,999 of reconstruction or alteration work done over the past 10 years, the next reconstruction or alteration would require an SMA major permit. That would include the preparation of an environmental assessment and add months and costs to the process.

"As to new construction, this bill eliminates the existing permit exemption that benefits new single-family home construction and leaves it up to the counties to come up with a substitute. This will immediately stifle residential construction.

"Finally, what happens when someone buys a house and the previous owner used up the allotted \$500,000?"

Representative McDermott rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Quinlan rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Reservations. I just wanted to comment, there's only one single group that's even ever testified in favor of this, and that's one county's planning department. Massive majority of testimonies have been opposed to it as well, and I have my suspicions and problems with it too, so, thanks."

Representative Kobayashi rose to speak in support of the measure, stating:

"Mr. Speaker, I am in support. I might note that on page 3, as I read it, the development does not include the following. Reconstruction or alteration of an existing single-family residence that has less than valuation threshold for special management district. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. First off, the words of the previous in the Journal as if they were my own and a couple comments, if I may? In support. I want to thank the Chair of Water & Land on this measure, because when this one showed up, it was quite interesting. It was a shotgun to take care of a spider, City and County of Honolulu spider. Though Maui County is listed as having comments, it was actually in opposition, because we've done a good job with our SMAs. Yes, they're sprawling SMAs, like on some of the other islands, but our county's done a good job with the SMA process having home rule. The version of the bill that showed up to Water & Land would have taken that away, and the most egregious portion of it, I think for many of the comments which were negative, in reality, was the size limitation trigger that was in there for homes, which the Water & Land Chair took out, and I thank him for that, because that was obviously very vexing.

"What this does is, clarifies and restores home rule to Maui County in this issue, and what it also does, Mr. Speaker, is address something that's been going on on my island, maybe it's a touch of social justice, but what is happening is many of these SMA homes, which were plantation homes, local homes, have been bought out by speculators, speculators who put \$500,000, million dollars into turning these things into mega mansions.

They completely change the quality of the neighborhood, drive the tax rate up, and quite frankly, should be going through some kind of an SMA process, because it's changing the character of entire parts of Maui. So I thank the Chair for taking, I guess, a look at this issue through this bill. I know it's a work in progress, but I think, given the changes he's made, I'm going to support it, because it's headed in the right direction. Thanks."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2969, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SPECIAL MANAGEMENT AREAS," passed Second Reading and was referred to the Committee on Finance, with Representative LoPresti voting aye with reservations, with Representatives Matsumoto, Quinlan, Thielen, Tupola and Ward voting no, and with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Belatti rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. I rise to disclose a conflict of interest. My law office at which I'm employed has a settlement in this bill, and I worked on this case. Request a recusal from voting on this measure, please."

The Chair addressed Representative Belatti, stating:

"The Chair will allow recusal in this limited circumstance."

Representative McKelvey rose to speak in opposition to the measure, stating:

"I don't want to break my perfect record since 2007, please register a no vote for me."

Representative Har rose in opposition to the measure and asked that the remarks of Representative McKelvey be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2740, SD 1, HD 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Second Reading and was referred to the Committee on Finance, with Representative Thielen voting aye with reservations, with Representatives Har and McKelvey voting no, and with Representatives Belatti, Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1361-18) recommending that S.B. No. 2678, SD 3, HD 1 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2678, SD 3, HD 1, entitled: "A BILL FOR AN ACT RELATING

TO SUSTAINABLE DEVELOPMENT GOALS," was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1362-18) recommending that S.B. No. 2909, SD 2, HD 1 be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2909, SD 2, HD 1 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2909, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LAW ENFORCEMENT," was referred to the Committee on Finance, with Representatives Thielen and Tupola voting no, and with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1363-18) recommending that S.B. No. 2665, SD 1, HD 1 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2665, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SUSTAINABLE DEVELOPMENT GOALS," was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1364-18) recommending that S.B. No. 2407, SD 1, HD 1 be referred to the Committee on Consumer Protection & Commerce.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2407, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL CANNABIS," was referred to the Committee on Consumer Protection & Commerce, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1365-18) recommending that S.B. No. 2817, SD 1, HD 1 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2817, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CRIME VICTIM COMPENSATION FOR MENTAL HEALTH SERVICES," was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1366-18) recommending that S.B. No. 2346, SD 2 pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2346, SD 2, entitled: "A BILL FOR AN ACT RELATING TO ADDRESS CONFIDENTIALITY," passed Second Reading and was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1367-18) recommending that S.B. No. 2092, SD 1 pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2092, SD 1, entitled: "A BILL FOR AN ACT RELATING TO OFFENSES AGAINST PUBLIC ADMINISTRATION," passed Second Reading and was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1368-18) recommending that S.B. No. 2662, SD 2, HD 1 be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2662, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SUSTAINABLE DEVELOPMENT GOALS," was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Ing, for the Committee on Ocean, Marine Resources, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1369-18) recommending that S.B. No. 2134, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2134, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TRAINING," passed Second Reading and was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representatives Ing and Yamane, for the Committee on Ocean, Marine Resources, & Hawaiian Affairs and the Committee on Water & Land, presented a report (Stand. Com. Rep. No. 1370-18) recommending that S.B. No. 351, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committees was adopted and S.B. No. 351, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE AHA MOKU ADVISORY COMMITTEE," passed Second Reading and was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representatives Creagan and Yamane, for the Committee on Agriculture and the Committee on Water & Land, presented a report (Stand. Com. Rep. No. 1371-18) recommending that S.B. No. 2084, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committees be adopted, and that S.B. No. 2084, SD 1, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"A no vote, please, because of the ADC. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2084, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Second Reading and was referred to the Committee on Finance, with Representative Thielen voting no, and with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representatives Creagan and Evans, for the Committee on Agriculture and the Committee on Economic Development & Business, presented a report (Stand. Com. Rep. No. 1372-18) recommending that S.B. No. 2085,

SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committees be adopted, and that S.B. No. 2085, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Mr. Speaker, another no vote because of the ADC, and this is on 1372. Mr. Speaker, a couple of words. We really need to have that entity audited, both for management as well as fiscal. They've received a lot of money from the Legislature through the years. We don't, any of us, really have a report in front of us to show what they've actually accomplished or what they haven't accomplished. It's an uncomfortable feeling, as we keep throwing money and scope of duties at the ADC, but yet they've not yet been publicly held accountable for what they have or have not done. I think all of us should have that little discomfoting feeling inside of us to say, this is an entity that is ripe for review fiscally, as well as what they have accomplished or not done. Thank you."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations. I also made that similar comment regarding the audit needing to be done. Many people have suggested that, and still hasn't been done. Thank you."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. As chair of Economic Development and looking across the State for our different industries and where we want to develop small business in Hawaii, I think this is a good bill to advance and keep into discussion as we hopefully get it to conference and look at what we're doing in Hawaii to help all the sectors grow here in our state. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2085, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Second Reading and was referred to the Committee on Finance, with Representative Tupola voting aye with reservations, with Representative Thielen voting no, and with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representatives Creagan and McKelvey, for the Committee on Agriculture and the Committee on Higher Education, presented a report (Stand. Com. Rep. No. 1373-18) recommending that S.B. No. 2894, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committees was adopted and S.B. No. 2894, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Second Reading and was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Creagan, for the Committee on Agriculture, presented a report (Stand. Com. Rep. No. 1374-18) recommending that S.B. No. 2839, SD 2 pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2839, SD 2, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURAL ENTERPRISES," passed Second Reading and was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Creagan, for the Committee on Agriculture, presented a report (Stand. Com. Rep. No. 1375-18) recommending that S.B. No. 3031, SD 2 pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 3031, SD 2, entitled: "A BILL FOR AN ACT RELATING TO THE ORGANIC FOODS PRODUCTION TAX CREDIT," passed Second Reading and was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representatives Creagan and Evans, for the Committee on Agriculture and the Committee on Economic Development & Business, presented a report (Stand. Com. Rep. No. 1376-18) recommending that S.B. No. 2522, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committees be adopted, and that S.B. No. 2522, SD 1, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Here's the ADC again. And, Mr. Speaker, I am going to vote no for the same reasons that I'm concerned about this entity, and I think we need to have it be held accountable before we continue doing these kinds of legislation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2522, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Second Reading and was referred to the Committee on Finance, with Representative Thielen voting no, and with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representatives Lee and Evans, for the Committee on Energy & Environmental Protection and the Committee on Economic Development & Business, presented a report (Stand. Com. Rep. No. 1377-18) recommending that S.B. No. 3001, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committees was adopted and S.B. No. 3001, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," passed Second Reading and was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Lee, for the Committee on Energy & Environmental Protection, presented a report (Stand. Com. Rep. No. 1378-18) recommending that S.B. No. 2571, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2571, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, support, strong support, with written comments and a brief comment now. Mr. Speaker, this is about saving our reefs, for my district it's save Hanauma Bay, where a lot of the research was done for banning two chemicals in sunscreen. There's been a lot of discussion between the industry and the scientists, and there's been a compromise to where this is not an immediate ban, it would be phased in, I think it's logical, but no one will be hurt by this. It's an excellent bill, and I'll have my further comments in the Journal, please. Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in strong support of this measure. I believe that it is of the utmost importance to preserve our reefs. In my district, the Friends of Hanauma Bay have been staunch supporters of this legislation to preserve one of our State's greatest tourist attractions. Last year, Senator Espero and I went to Hanauma Bay to gather samples of the

water at different points throughout the bay with Dr. Craig Downs, the Executive Director of the Haereticus Environmental Laboratory Clifford, VA. I would like to attach his letter to our legislators, which include his findings from the aforementioned study, into the Journal. I would also like to insert into the Journal letters from Dr. Cheryl M. Woodley, NOAA, to Senator Espero and the Maui County Council that include her findings. *Mahalo.*"

SUPPORTING Hawaii Legislative Bills That
Prohibit the Sale of SPF Sunscreen Products Containing Oxybenzone & Octinoxate

Dear Hawaii Legislative Chairperson and Committee Members,

I was the lead scientist who co-authored the scientific paper in Archives of Environmental Contamination and Toxicology regarding the impact of oxybenzone on coral planula and oxybenzone contamination along the coasts of Hawai'i and the U.S. Virgin Islands. I am also a graduate of the **John A. Burns School of Medicine at the University of Hawai'i at Mānoa**.

Oxybenzone/Octinoxate in the marine environment can have detrimental effects to all marine life, including changes in fish behavior, pathological changes to fish sexual identity, damage to genomic and DNA integrity, and the developmental success of almost ALL of Hawaii's marine biodiversity. Its greatest **DANGER** is as a poison that can kill or maim juveniles of corals, sea urchins, and fish. This poison **THREATENS** the restoration of Hawaii's already degraded coral reefs by preventing juvenile marine life from recruiting into an area that is polluted by oxybenzone/octinoxate. The image below is what 1 part per billion (1,000 ng/L) OXYBENZONE can do to a fish embryo in 48 hours! This concentration can be seen soon after high tide in areas along Maui's West Coast and in many popular swimming areas/reefs along the coasts of Oahu and Kauai.

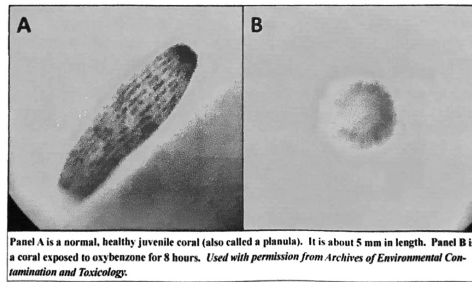

[Note: This space intentionally left blank.]

The SCIENCE is strong that Oxybenzone & Octinoxate poses a threat to marine life, from directly killing juveniles to inducing pathological behaviors in fish. There are at least 13 other scientific papers that have been published in peer-reviewed scientific journals since 2015 on the Ecotoxicology of Oxybenzone & Octinoxate on aquatic and marine life. There are over 25 papers in the scientific literature that demonstrate the toxic effects in aquatic and marine life, or the contamination of wildlife.

Lace coral, (*Pocillopora damicornis*) which is found nearshore in Hawaii, was exposed for 14 days under ~35% sunlight at a temperature of 80°F to 500 parts per trillion (500 ng/L) Oxybenzone. As you can see, the coral is bleaching.

Oxybenzone is toxic to adult and juvenile coral. In a related coral species, oxybenzone caused in less than 24 hour exposure (a) DNA damage to juvenile coral, (b) induced coral bleaching, (c) caused morbid deformities, (d) induce an endocrine disruption event by causing the coral planula to increase itself in its own coral skeleton (effectively killing it), and (d) killing the planula quickly. Oxybenzone can cause these toxicities to juvenile coral in the parts per trillion level (nanograms/liter = ng/L).

What are the concentrations of oxybenzone (or octinoxate) in the waters in Hawaii? One recent study of oxybenzone contamination was conducted in Hanauma Bay Marine Conservation District with the help of State Senator Will Espero and State Representative Gene Ward (<http://www.hawaiinewsnow.com/story/36876108/samples-taken-from-hanauma-bay-could-lead-to-ban-on-certain-sunscreens>).

The lowest concentration of oxybenzone that we detected was 30ng/L, the highest concentration was 27,880 ng/L, while the mean of all 10 sampling sites was 3,731 ng/L. Remember, coral can exhibit toxicity to oxybenzone as low as 62 ng/L.

There is a formal process to determine if a chemical poses a potential threat to wildlife called a Hazard Assessment. This process differs very little among nationalized governments:

www.epa.gov/pesticide-science-and-assessing-pesticide-risks/technical-overview-ecological-risk-assessment-risk-and

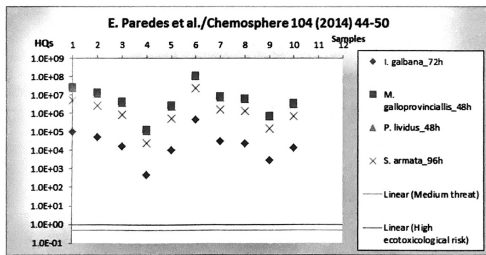

www.ema.europa.eu/docs/en_GB/document_library/Scientific_guideline/2009/10/WC500003978.pdf

Using the lethality dose-responses curves to coral planula found in our paper (Downs et al., (2016) Toxicopathological effects of the sunscreen UV filter, oxybenzone (benzophenone-3), on coral planulae and cultured primary cells and its environmental contamination in Hawaii and the

U.S. Virgin Islands. Archives of Environmental Contamination and Toxicology, DOI 10.1007/s00244-015-0227-7. We determined that all 10 concentrations pose a potential threat to the survival of coral planula in Hanauma Bay. In the graph below, anything above 1.E+00 line is considered a "Hazard" to coral planula.

Using data generated for other marine organisms such as algae, shrimp, and mussels conducted by an independent scientific laboratory in Spain, we conduct a second Hazard Assessment, and again see that the concentrations in Hanauma Bay pose a threat to this biodiversity (see graph below).

Data for this Hazard Assessment was taken from:

Paredes et al., (2014) Ecotoxicological evaluation of four UV filters using marine organisms from different trophic levels *Isochrysis galbana*, *Mytilus galloprovincialis*, *Paracentrotus lividus*, and *Siriella armata*. *Chemosphere* 104:44-45.

The large amount of scientific publications on this topic sets a foundation for environmental contaminant data and ecotoxicological data to make a case in a forensic setting that sunscreen pollution, specifically oxybenzone pollution, poses a clear violation of specific standards set forth in the U.S Clean Water Act. Mitigating oxybenzone and Octinoxate pollution in Hawaii's water by banning the sale of SPF sunscreen products containing oxybenzone and octinoxate may prove critical in preventing possible future lawsuits from shutting down tourism access to many marine conservation districts, and even within Federally managed waters, such as in a National Marine Sanctuary.

Many legislators have asked me why doesn't the U.S. Food and Drug Administration ban the use of this oxybenzone and octinoxate already, especially if the chemical poses such a toxicological threat. There are over 100 scientific papers describing the toxicity of Oxybenzone/Octinoxate to humans and mammalian laboratory models! A recent study has provided strong evidence of an association between prenatal exposure of human fetuses and the occurrence of Hirschsprung's Disease – a congenital intestinal disease that strikes between 1:5,000 to 1:2,000 infants (Huo et al. (2016) The relationship between prenatal exposure to oxybenzone and Hirschsprung's disease. *Chemosphere* 144:1091-1097). We encourage every member of the Hawaii Legislature and the Hawaii Governor's office to petition the U.S. FDA to conduct a formal risk assessment based on new scientific literature that has been published since 2015 on the impacts of oxybenzone to developing fetuses and children.

Haereticus Environmental Laboratory and I support this effort as being an effective means in reducing oxybenzone/octinoxate pollution, preserving and restoring Hawaii's coral reefs, and protecting the resource that so many local businesses depend upon.

Respectfully submitted,

Craig A. Downs, Ph.D.
Executive Director

Senator Will Espero
Senate District 19
Hawaii State Capitol
Room 226
415 S. Beretania St
Honolulu, HI 96813

Dear Senator Espero:

I am writing in response to your request for comments on SB1150, an Act to protect Hawaii's coral reefs from the impacts of sunscreens and cosmetics containing oxybenzone.

I am a NOAA scientist working within the National Ocean Service's National Centers for Coastal Ocean Science. I have over 30 years of experience in molecular and cellular biology, biochemistry and pathobiology, which I have applied to aspects of coral health and disease research for the past 20 years. I am also one of the co-authors of a 2016 peer-reviewed article in *Archives of Environmental Contamination and Toxicology* that examined the toxicological effects of oxybenzone on coral larvae, cultured primary coral cells and measured environmental concentrations in coral reef areas in the Caribbean and at multiple sites in Hawaii.

The preponderance of scientific evidence indicates that oxybenzone is toxic to coral and threatens overall coral reef health by:

- inducing coral bleaching;
- harming or killing coral larvae by inducing gross deformities, DNA damage, and bleaching;
- acting as an endocrine disruptor; and
- bioaccumulating in coral tissue.

In support of this conclusion, I have provide the attached summary of the relevant peer-reviewed literature (Appendix A). As you will see, the research documenting the toxicity of oxybenzone on corals is extensive. While additional research may incrementally add to our understanding of its impacts to additional coral reef species, additional research on the impacts of oxybenzone should not be a prerequisite to management action.

Managing exposure of corals to oxybenzone is a key step in threat-reduction, and is a critical aspect in improving coral reef health now and for the future.

Sincerely,

Appendix A: Literature Review

The weight of evidence, built over at least 20 years of research and hundreds of peer-reviewed scientific articles, demonstrates that oxybenzone is toxic to corals and other animals. Oxybenzone [aka, Benzophenone-3; (2-hydroxy-4-methoxyphenyl)(phenyl) methanone] is present in aquatic^{12,24}, marine^{6,7,78,9} and coral reef environments^{10,11,12,13}. It can convey multiple and different lethal and sub-lethal effects in aquatic taxa as diverse as marine bacteria^{14,15}, microalgae¹⁶, protozoans¹⁷, cnidarians¹⁸, molluscs^{19,20}, sea urchins²¹, crustaceans²², and fish^{23,24,25}.

Compounding the problem, oxybenzone becomes more toxic when the exposures occur in sunlight (or artificial light containing UV). Additionally, oxybenzone is also known to act as an endocrine disruptor with non-monotonic dose responses (meaning low doses can have greater endocrine disrupting effects than at higher doses)^{26,27,28}. In addition, among these studies are also those that have developed ecological risk assessments (i.e., hazard quotients)^{29,30,31} for various receptor species (non-coral) exposed to oxybenzone in aquatic environments.

The first evidence showing that oxybenzone is a threat to coral reefs came in 2008, when Danovaro et al.³² showed that oxybenzone could induce coral bleaching. Our work³³ provided evidence for more precise toxicity effects using exposure-response profiles and photo-enhanced toxicity characteristics of oxybenzone (i.e., oxybenzone is more toxic in sunlight) in corals and provided insights into the toxicopathology of corals exposed to oxybenzone. Multiple toxicity endpoints were assessed to determine toxicity for coral larvae including gross deformities, DNA damage, and bleaching. Cell mortality in primary coral cell cultures was used in an *in vitro* assay across multiple coral species to assess oxybenzone toxicity and species sensitivities to the compound. Our results showed that gross developmental deformities in coral larvae of differing degrees across all concentrations tested and after 8 h exposure their movements ceased. These gross observations were underscored by subcellular pathologies showing catastrophic tissue lysis and cellular degradation, particularly at the surface of the larvae. The larvae also displayed reduced chlorophyll fluorescence indicative of bleaching at all concentrations tested.

The accumulation of DNA damage underscores the potential threat of oxybenzone to corals and other coral reef organisms. It has implications for potential impacts to larval development, coral recruitment and juvenile survival and on a larger scale implications for impacts to the adult coral's reproductive effort and the fitness of coral populations exposed to oxybenzone now and in the future. Our laboratory studies included concentrations levels of oxybenzone that were in the same range as actual levels measured in coral reef zones in the U.S. Virgin Islands and in the Hawaiian sites on Oahu and Maui.

A follow-on experiment conducted in our laboratory with adult coral (*Fungia* sp.) showed that when exposed to a water accommodated fraction of a popular sunscreen formulation (Fig. 1), the corals exuded large amounts of mucus and lifted epithelial layers of their surface tissues. Analytical chemistry determined that coral tissues do bioaccumulate active sunscreen ingredients (results presented in 2016 at the International Coral Reef Symposium, Honolulu HI).

-3-

A new study³⁴ builds on previous work to provide further information indicating a high bioaccumulative potential for oxybenzone to accumulate into coral tissues and a preliminary risk assessment for coral species exposed to oxybenzone and other sunscreen contaminants. The authors caution of an increased risk during coral spawning seasons and for corals close to aquatic recreational hotspots.

The preponderance of scientific evidence provided by our work and that of many others supports a reasonable conclusion that oxybenzone is a threat to coral and can threaten overall coral reef health. Managing the exposure of corals and other reef organisms is one essential step for reducing this threat on reef ecosystems.

Fig. 1. Exposure-response of *Fungia* coral to commercial sunscreen lotion formulation. This experiment was to evaluate the response of coral to a water-accommodated fraction (WAF) of a commercial sunscreen formulation and to determine the amount of sunscreen components that are taken up into coral tissues. Panels A & B show response of *Fungia* sp. after 23 h exposure to WAF of a commercial sunscreen. Mucus sheets and expansion of surface epithelial tissues in response to sunscreen exposure, a reaction similar to that described by Danovaro et al (2008). Panel C is sunscreen product label of active ingredients in tested formulation. Tissue extracts of exposed corals showed oxybenzone levels could bioaccumulate to 220.7 parts per trillion (ng/l) after 48h exposure.

Representative Har rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker, may I request a ruling on a potential conflict? I am an anti-skin cancer activist, a purchaser, and an ardent user of sunscreen," and the Chair ruled, "no conflict."

Representative Har continued to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I wasn't going to say anything, but please register a no vote, and just very briefly, I'd like to rebut some of the comments of the Minority Floor Leader. A new study was released on March 1, 2018 on the human and natural impacts on coral reefs, and they used 10 years-worth of data to learn about what is negatively impacting our coral reefs. The study concluded that overfishing, sedimentation, coastal development, and runoff are the biggest threat to Hawaii's coral reefs. The study did not cite any sunscreen ingredients as posing dangers to our coral reefs. And so for these reasons, Mr. Speaker, I remain in opposition. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, I'll mention a few things I may have otherwise put in the Journal. In terms of what really is hurting our reefs, it's sedimentation. Probably 80% of the variance is sedimentation, and if you're not looking for the impact of oxybenzone and octinoxate, you're not going to find it. But it's not only in the individual reefs, it's also in the fish, and for some of the data, it says it's even a women's and a men's hormonal issue, that it affects the adrenaline. More feminizing men and more, even with fish, having their, almost becoming asexual, if you will.

"Having said that, this is a chemistry that I think is on the precipice of saying, it's wiser to side or err with the data that's out there, being that when we have our beaches as the primary destination in the world, sand, surf and Hawaii beaches, Mr. Speaker, this is something that is, it won't hurt anybody, because these are chemicals that are produced primarily, oxybenzone comes out of China by the ton. And the industry knows that they can make other chemical substitutes, particularly something with zinc in it. Having said that, there's no real danger to the economic theories, and for those who have beautiful faces like the previous speaker and others in this particular Chamber, they will not be harmed by any of these changes in the chemistry. Having said that, Mr. Speaker, my future comments will remain the Journal. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2571, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WATER POLLUTION," passed Second Reading and was referred to the Committee on Finance, with Representative Har voting no, and with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Kong rose to speak in opposition to the measure, stating:

"No vote, brief comment. I do not like litter of any sort, so much so that I actually organize a group within my own community, and every weekend we go out to collect litter, each and every weekend. But polystyrene is not the only type of litter that we pick up. There's all sorts of litter. And for that reason, this bill does not actually address all types of litter, but focuses on only one type, so for that reason, I oppose this bill."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 2498, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO POLYSTYRENE FOAM CONTAINERS," passed Second Reading and was referred to the Committee on Finance, with Representatives Cachola and Har voting aye with reservations, with Representative Kong voting no, and with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Brower, for the Committee on Housing, presented a report (Stand. Com. Rep. No. 1383-18) recommending that S.B. No. 2415, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2415, SD 1, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations. Just two things, real quick. The conveyance tax was not originally intended to create revenue, it was actually intended so that there was administrative fees to assess property values. And so I'm not totally clear on that. And secondly, there's not a clear nexus between what it's required to do. So in the tax, there needs to be a clear nexus between the benefits sought and charges made upon the users and beneficiaries of the program. So those two things still have me confused on the increase of the tax, but of course, it's coming to Finance, so we can dig deeper into it. Thank you."

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. In support. I think it is imperative that we pass this measure and create an airport commensurate with the experience that visitors have when coming to Hawaii. Our beautiful land and beaches are in stark contrast to the poor facilities we have at our own airports. An airport authority will allow the private sector to expedite repairs and maintenance to give visitors and residents the travel experience they expect and deserve. With support of both the government and private sector organizations, I believe that the passage of this bill will move us positively into the future. Thank you."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Thank you, reservations. I was actually going to be no, but thanks to the changes made by the IAC Chair, I'll stay with reservations for now. My reservations are largely about what's going to end up coming out of conference committee, if anything, with this bill. The version that came over to us I think is just awful in how it robs the county taxpayers of revenue. Getting broadband is important, getting G5 is important, but it shouldn't be a giveaway.

"These companies want to do business here, they're willing to pay the price to do business here, they're willing to bid, the County of Honolulu has bids in excess of \$1,000 per pole right now, and yet competitors are coming in here and trying to bulldoze lawmakers over, and maybe that's an easier,

cheaper route. If they can convince us to let them do it for \$40 a pole, then of course they're going to try to do it, but we shouldn't give in like that. I think it really, if it ends up giving a big discount to these multibillion-dollar corporations who are willing to pay the price to do the business, I think that's wrong. And that's my concern, and I hope you all share my concerns and watch this through conference committee, and don't let that happen. Thank you."

Representative Cachola rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. My concern is about the negative impact of this project on the health issue, and I hope that they will look into that, because radiation really causes a lot of concerns, and it might impact the health of people. And also, it affects the budget of airports, not only in Honolulu, but every place. So for that reason, at this time I'll be voting with reservations. Thank you."

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2204, SD 1, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, 1492, in support, brief comment. Mr. Speaker, we have a beautiful building here, which is going to be celebrated for its 50th year. I just want to say for the record that every beautiful building like the State Capitol throughout the nation usually has a gift shop that has a couple of things like pins and lapel pins, particularly. Those things, and our mousepads, those things are souvenirs because when visitors come, they like to have a takeaway. So I would hope some of the money that's being appropriated for this will be creative, will be entrepreneurial, and that we, like the beautiful logo in front of your podium, we at least have a pin for visitors to buy, or pens, or something, rather than, say, we cut the leis and we have the cake, and we say, yeah it's a great building for 50 years, but we don't have anything lasting that people can take away. For those reasons, Mr. Speaker, I hope this money is well spent, that it'll last longer, so the next 50th year, there'll be other commendations for it. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"I'm in support, and we do have a gift shop law on the books thanks to my good friend from Judiciary, however, it takes the people upstairs to actually implement it. So, help us with that one. Thanks."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Johanson, for the Committee on Labor & Public Employment, presented a report (Stand. Com. Rep. No. 1503-18) recommending that S.B. No. 2990, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2990, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, just with slight reservations in regards to the impact for small businesses. Some of the businesses that have contacted me in regards to this were concerned because they do have their own type of funding where all of their employees contribute to a paid leave fund, and some of them are taking care of their employees even better than the State ever would be. One specific business who called me and said that this is, might propose that they take care of half of an employee's pay if they get sick or if there's a family death. One of the businesses that I spoke with, they actually paid a full salary for one of their employees that contracted cancer for a year and a half, and this is because the businesses that we have here in Hawaii are so good to their employees and know how to treat them.

"So I just wanted to speak out with that small concern for those who are doing their part, and making sure that we're not making it harder or bringing up costs, or the cost of living, in doing something that is and should be implemented, but I definitely think that businesses who are taking that initiative should also be applauded for their efforts. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, a no vote for now, with the hope it'll be amended to the extent of acknowledging that we are a state of small businesses. But the data

is that 80% of small businesses never reach their 5th birthday, that's just the reality. Making and surviving in Hawaii as a business is often difficult, this will make it more difficult. Some businesses, however, can afford this. What I'm making a plea for are the mom and pops. Eighty percent of our businesses have 20 or less employees. Really, really small. SBA says 500 below. Well, Hawaii's 80% less than 20 employees.

"So Mr. Speaker, this one says, well yeah we have a carve-out, but we're going to subsidize or we're going to give you grants to get family leave. I would say, let's put it down to 5 or 10 employees, and let's just exempt them, Mr. Speaker. That would be more fair. For those who are struggling to survive to hire employees, it would be fairer than saying, well we're going to have money available in a fund, which then we can give grants or subsidies. I don't think that's going to be fair for the mom and poppers, or those new businesses that hire, new businesses create 70% of all new employment, that's an area we want to nurture, we don't want to have a suppression on it, and this bill will be a suppressing factor.

"For those reasons, Mr. Speaker, I would hope those in this Chamber and in the conference committee will at least consider ratcheting it down to the really small guys, and exempting them, and not asking them to qualify for scholarships or grants under this bill. Thank you, Mr. Speaker."

Representative DeCoite rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. Actually, for the first time, I agree with the Representative from Hawaii Kai, and if I could incorporate his words into the Journal, and I would like to add additional comments to the Journal. Thank you, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative DeCoite's written remarks are as follows:

"With reservations. I have reservations on this bill because I have heard from many in my district who may be negatively affected by this bill because it will increase their costs of doing business. This bill will affect all employers, large or small; and will also impact all employees because they will have to make payments into this new Paid Family Leave Special Fund. Most benefits such as this are entirely employer paid and I believe that paid family leave may eventually have to be borne only by employers. One negative consequence if this bill passes is that employers may end up reducing their staff to pay for this additional cost; another negative consequence is that employers may reduce current benefits to pay for this new one. These negative consequences are not what we want or need. I also recognize the need that employees have in taking care of their families, so I hope that as this bill moves forward, we will be able to find the right balance that we can all live with. *Mahalo*."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2990, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FAMILY LEAVE," passed Second Reading and was referred to the Committee on Finance, with Representatives DeCoite and Tupola voting aye with reservations, with Representative Ward voting no, and with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Johanson, for the Committee on Labor & Public Employment, presented a report (Stand. Com. Rep. No. 1504-18) recommending that S.B. No. 2601, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2601, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PROCUREMENT," passed Second Reading and was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Johanson, for the Committee on Labor & Public Employment, presented a report (Stand. Com. Rep. No. 1505-18) recommending that S.B. No. 3100, SD 1, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 3100, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STRUCTURE OF GOVERNMENT," passed Second Reading and was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Johanson, for the Committee on Labor & Public Employment, presented a report (Stand. Com. Rep. No. 1506-18) recommending that S.B. No. 2293, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2293, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Johanson, for the Committee on Labor & Public Employment, presented a report (Stand. Com. Rep. No. 1507-18) recommending that S.B. No. 2846, SD 2, HD 1, as amended in HD 2, be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2846, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO IRRIGATION," was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Johanson, for the Committee on Labor & Public Employment, presented a report (Stand. Com. Rep. No. 1508-18) recommending that S.B. No. 2333, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2333, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RETIREMENT SAVINGS," passed Second Reading and was referred to the Committee on Finance, with Representatives Lee, Lowen, McDermott, Souki and Tokioka being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1509-18) recommending that S.B. No. 648, SD 1, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 648, SD 1, HD 1 pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Morikawa.

Representative Choy rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Say rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative McKelvey rose to speak in support of the measure, stating:

"Strong support, comments to the Journal. Thank you."

Representative McKelvey's written remarks are as follows:

"I am ecstatic about the passage of the measure. This is something the counties have sought from the Legislature since I began serving in 2006. Getting state lawmakers, the majority of them from Oahu, to agree to give the counties more TAT funding has been difficult and it's been a slog for one reason or another. The money allows the counties to invest in tourism-related services, like expanding ocean lifeguard services, enhancing parks, improving the Waiehu Municipal Golf Course, and doing more to develop bicycle paths and green ways. What rankled neighbor islanders last year

when the transient accommodations tax was raised by a percentage point (9.25% to 10.25%) for 13 years to pay for Honolulu's rail project, there were no benefits of the increase coming back to the neighbor islands as well. Now, with the passage of the Senate bill Tuesday, there's something that comes back to us. It helps to offset revenue that should have stayed in the neighbor islands. I hope that those in the Senate will see what we're trying to do and see it as a great idea. This is what the counties have wanted forever."

Representative Woodson rose to speak in support of the measure, stating:

"Mr. Speaker, strong support, written comments, please."

Representative Woodson's written remarks are as follows:

"We should resist the us versus them mentality. The Legislature should debate policy based on the needs of particular communities. I urge my colleagues to support this measure."

Representative Quinlan rose to speak in support of the measure, stating:

"Strong support, written comments, please."

Representative Quinlan's written remarks are as follows:

"Over the years we have seen an increase in the number of visitors but not a concomitant increase in tourism mitigation funding to the counties. This bill goes a long way towards a more equitable revenue sharing environment."

Representative Gates rose to speak in support of the measure, stating:

"Strong support, written comments."

Representative Gates's written remarks are as follows:

"Due to the cap on the counties' share of TAT revenues and the disproportionate growth of the tourism industry, the counties have been receiving less than their rightful share. Let us support the tourism industry and counties by supporting this bill and fairly distributing the TAT revenues. *Mahalo.*"

Representative Holt rose to speak in support of the measure, stating:

"Same request."

Representative Holt's written remarks are as follows:

"Due to the cap on the counties' share of TAT revenues and the disproportionate growth of the tourism industry, the counties have been receiving less than their rightful share. This measure will provide much needed financial support for the neighbor islands in support of the tourism industry. *Mahalo.*"

Representative San Buenaventura rose to speak in support of the measure, stating:

"Same request."

Representative San Buenaventura's written remarks are as follows:

"This bill would allocate additional transient accommodations tax revenues to the counties of Kauai, Hawaii and Maui. Many legislators, including myself, have fought for years to increase the neighbor islands' share of the TAT and believe that this measure is long overdue. This bill will provide the means for the counties to address their infrastructure needs which will help them accommodate the growing number of visitors to the outer islands and, among other things, help pave the way for economic self-sufficiency.

"I would also like to note my disappointment in those who are opposing this bill based on the opinion that Oahu legislators must, above all costs, fend for their own interest. It is this kind of divisive attitude that has caused

unnecessary conflict amongst the public and unnecessarily prohibits our ability to work together toward our long-term goals.

"I would like to reiterate my strong support for this bill and express my gratitude to the Finance Committee and House leadership for working with me and my fellow outer-island legislators in crafting this bill and moving it forward."

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"With reservations. I don't believe this bill is fair to Honolulu since it is left out. Why? We are increasing each county's share of the TAT and should also include Honolulu. *Mahalo.*"

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Creagan rose to speak in support of the measure, stating:

"Strong support. Thank you."

Representative Say rose to respond, stating:

"Mr. Speaker, this is my second time up. Even though I'm a no vote, personally I truly believe in helping all the neighbor islands. My point to all of the members of this House, after all these years, is a question of fairness and equality. This measure before us that is in second reading will not address any other issue but a grant-in-aid to the other three counties, which I truly agree. But I also think about the 800,000 individuals on Oahu that may not get a fair share of the general fund. I truly hope, I truly hope, because I get another chance on third reading, I truly hope that the Oahu members of this House will support a grant-in-aid tied to the percentage of what this draft is all about.

"I've shown my colors this afternoon, and I'm happy that those that, from Oahu, do not support helping the County of Oahu for police, fire, emergency medical services, *et cetera*, cannot get a fair share of what the general fund is all about. I disagree with the statements made by other individuals that it is tied to our bill that was addressed during the special session. No, it is a separate bill for Oahu only at the expense of the neighbor island colleagues. My good friend from Hawaii Kai giving me a wink goes and said, what are you talking about? But my point of the matter is, fairness and equality for the people of Oahu. Why do you now address only Kauai, Maui and the Big Island? Why? And we don't get anything from Oahu. We are the majority, the members of Oahu."

Representative Morikawa rose to a point of order, stating:

"Point of order, can the speaker please address the Speaker."

The Chair addressed Representative Say, stating:

"Yes, please address the Chair, Representative. Please proceed."

Representative Say continued, stating:

"I apologize, Mr. Speaker. It's been done many a times throughout my career that I allow members to look at other members, *et cetera*, of the House, and I can respect what the Floor Leader is talking about. But today is basically, on second reading placed on the calendar for third reading, that I challenge my Oahu members to support me, to support Oahu, for our firefighters, for our police, our lifeguards, and other city and county services that they are struggling. Mr. Speaker, very candidly and honestly, the Representatives from this House have done a tremendous job at our neighborhood boards."

Representative LoPresti rose to yield his time, and the Chair "so ordered."

Representative Say continued, stating:

"Thank you very much, Representative. The colleagues from Oahu, from the three neighborhood boards I do attend, really support the county services also. I see the police department comes before the neighborhood board, the fire department, and the only one, Mr. Speaker, that doesn't show up every time, and doesn't show up, is the City and County Parks Department.

"But what I'm saying to all of us on Oahu, we truly believe that Oahu should get a fair share from the general fund. It's not the TAT, it's not the TAT, it's a separate issue. And that's why this afternoon I have to say my piece on second reading. To educate the members of Oahu who are not on Finance, to consider that if there is a floor amendment, would you consider, considering and incorporating Oahu as part of the general fund appropriation as a grant-in-aid to the counties of Oahu, Maui, Kauai and Hawaii. Thank you."

Representative Todd rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. I just wanted to thank the Finance Committee and all of the neighbor island Representatives and Oahu Representatives who were very kind to us with this piece of legislation, and did want to point out that historically, Oahu has received on the order of \$25 million-plus for the Hawaii Convention Center, as well as Turtle Bay, which provides zero impact on the neighbor islands. Thank you."

Representative San Buenaventura rose to respond, stating:

"Thank you, Mr. Speaker. I would also like to point out that, I stand in strong support, and basically, I resent the divisiveness that occurred in special session, and the discussion of the divisiveness that is occurring now. I stood up in support of the TAT for Oahu as a neighbor island Representative, and I had to withstand the criticism of my neighbor island constituents because I stood up for Oahu. We represent the State, and we should look out in favor of the State, and for prior speakers to tell Oahu Representatives to stand up against us, that's the kind of divisiveness that we should stand against. Thank you."

Representative Nakamura rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. Just want to have the comments of the Representatives from Hilo and Puna be reflected as my own," and the Chair "so ordered." (By reference only.)

Representative Ito rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, support with a comment. Mr. Speaker, I've often said that this is the marketplace of ideas. Healthy debate is not divisive. Healthy debate is bringing the idea to the state where you will either buy it, or you won't buy it. And I would discourage people to think that because we disagree, that we're disagreeable. Particularly as from the minority's point of view, good, healthy debate is good for democracy, we are in an advocacy system where people try to sell their ideas, and I think it's very healthy, even on second reading. We don't do first reading, but second reading gives us an opportunity to at least flag a bill that's dear to people's hearts or to their districts. For those reasons, Mr. Speaker, this marketplace of ideas is very healthy and strong this day. Thank you."

Representative LoPresti rose to speak in support of the measure with reservations, stating:

"Reservations. I just wanted to state that I agree with much of what my colleague from Palolo has said, and I'm very strong reservations about this. Thank you."

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just wanted to also appreciate the comments from our neighbor island Representatives, and especially because we went through the special session and knew what they had to go through.

I think that it is timely for us to do this, as well as, the TAT has increased exponentially and they still haven't gotten a further cut. Now bear in mind, what might equal a dollar here, could be 5 or 10 or 20 times more for a neighbor islander because of the cost that it takes to get there, because of the access to resources. We joke around in my district that we feel like we're our own county because we're farther away from resources as well, but that's the reality of 'fairness,' is that we're talking about distances, we're talking about less businesses, less airports, less everything that we have here that they don't have. And so I think that it is definitely discussable in the next committee as far as what needs to be done, but I do think that there's a sufficient amount of TAT to help out the counties, especially for all of the issues that we've been talking about before, from emergency services, to ambulances, to schools that haven't been fixed, to the jails that look exactly the same as 30 years ago on some of the neighbor islands, and I think it's about time that we helped. Thank you."

Representative DeCoite rose to respond, stating:

"Mr. Speaker, second time, again with reservations. Maybe I'm naïve to the situation, and I'll just resort this into the fact that I'm grateful for the TAT for the neighbor islands, mind you Maui County also falls under the island of Molokai, Molokai with the highest socioeconomic impacts. No jobs, unemployment. I believe that we as neighbor island people need to look back towards Oahu and be fair about the process of making sure that you folks also receive fair and access treatment. We have continuously on the neighbor islands taken advantage of the general funds that you folks have generously supported us as neighbor islands, and yet we as neighbor islands have not been able to stand on our own two feet. I believe that you folks also deserve a fair share, and whether or not it is unlikely of me to make that statement, I think that you folks also deserve your fair share to help the people of Oahu. I'm very grateful for what you folks have done for us, but in all due respect, you folks also have contributed to us as neighbor island people. And for that reason, with reservations again for the second time, and permission to add additional comments to the Journal. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Belatti moved that the reports of the Committees be adopted, and that H.R. No. 144, HD 1; and H.C.R. No. 172, HD 1 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of both measures, stating:

"In support. Thanking the introducer in hoping that really, that we can look at increasing the capacity of our sister-state relationship, not just with other sister-states, but other nations, countries. Our state is severely lacking in some areas, because we keep sustaining the same relationships. I'd love to see that increase, especially as we are an entity in the Pacific that doesn't regularly interact with some of the other island nations. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted and H.R. No. 144, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE HAWAII SISTER-STATE COMMITTEE AND DEPARTMENT OF BUSINESS, ECONOMIC DEVELOPMENT, AND TOURISM TO EVALUATE THE SISTER-STATE PROGRAM AND MAKE RECOMMENDATIONS TO IMPROVE THE CAPACITY AND SUSTAINABILITY OF THE EFFORTS TO PROMOTE MUTUALLY BENEFICIAL INTERNATIONAL RELATIONSHIPS," was referred to the Committee on Finance, with Representatives Evans, Lee, Lowen, McDermott, McKelvey, Mizuno, Say, Souki and Tokioka being excused; and

ANNOUNCEMENTS

Representative Thielen: "Thank you, Mr. Speaker. I've been asked to announce the following, to ask members to keep the Easter baskets coming in, and the most recent count puts us at 52 baskets, but we have 158 to go to reach the goal. We're adding Windward Spouse Abuse Shelter, Mr. Speaker, as a beneficiary, to reflect the domestic violence efforts in the Women's Legislative Caucus Package, and 10 more baskets will help change the lives of individuals working with the shelter. I hope that our male colleagues know that they're a very crucial part of the Easter basket drive, they always have been in the past, and I encourage them to step up. And since Monday is a holiday, bring your baskets Tuesday, and the pickup is this coming Thursday. Please join us in this, we need your help. Thank you."

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS
(FLOOR PRESENTATIONS)

The following resolution (H.R. No. 220) was announced by the Clerk and the following action taken:

H.R. No. 220, entitled: "HOUSE RESOLUTION HONORING THE HAWAII VENTURE CAPITAL ASSOCIATION ON ITS 30TH ANNIVERSARY AND RECOGNIZING HAWAII'S MOST INNOVATIVE ENTREPRENEURS AT THE 18TH ANNUAL ENTREPRENEUR AND DEAL OF THE YEAR AWARDS GALA," was offered by Representative Ohno.

Representative Ohno moved that H.R. No. 220 be adopted, seconded by Representative Keohokalole.

Representative Ohno honored the Hawaii Venture Capital Association on its 30th anniversary, and recognized Hawaii's most innovative entrepreneurs.

Representative Ichiyama recognized Mr. Komeiji and Hawaiian Telcom for encouraging employees to seize opportunities by solving problems and taking the required actions, utilizing resources to make innovation happen, and introduced honoree who was seated on the Floor of the House:

Mr. John Komeiji, Chief Administrative Officer and General Counsel, Hawaiian Telcom, Corporate Intrapreneur of the Year.

Representative Matsumoto recognized Altino as a multi-organizational effort to bring computer programming to every student in Hawaii by training their teachers, honored them for making a substantial contribution to Hawaii, celebrated their leadership, innovation and commitment to solve our state's toughest problems, and introduced honorees who were seated on the Floor of the House:

Mr. Sumil Thapa, Chemical Engineer, Oceanit, Team Altino, Social Impact Entrepreneur of the Year; and

Ms. Stacy Clayton, Executive Strategy Consultant, Kamehameha Schools, Team Altino, Social Impact Entrepreneur of the Year.

Representative Johanson recognized Noa Botanicals as the Startup Paradise company that received the largest financial deal, and introduced honoree who was seated on the Floor of the House:

Mr. Brian Goldstein, Founder and CEO, Noa Botanicals, Deal of the Year.

Representative Ohno recognized Mr. Wetzel for contributing significantly to investing in the Hawaii startup ecosystem, and introduced honoree who was seated on the Floor of the House:

Mr. Ian Wetzel, Investment Specialist, Employees' Retirement System of the State of Hawaii, Investor of the Year.

Representative Holt recognized Mr. Lagon and Mr. Frizzel of Shifted Energy for developing clean technology that helps move society to a cleaner, greener future, Mr. Reddekopp of Hawaiian Vanilla Company for

consistently seeing month over month increases in revenue and customers with a consumer brand based out of Hawaii, and introduced honoree who was seated on the Floor of the House:

Ms. Meli James, President, Hawaii Venture Capital Association, representing Mr. Olin Lagon, CTO, and Mr. Forest Frizzel, CEO, Shifted Energy, Agriculture and Clean Tech Entrepreneur of the Year; and Mr. Jim Reddekopp, Owner, Hawaiian Vanilla Company, Consumer Packaged Goods Entrepreneur of the Year.

Representative Evans recognized Representative Keohokalole for his steadfast commitment to providing an environment for ingenuity, innovation, vision and entrepreneurship for our next generation of business leaders and consistently contributing to the startup community, and introduced honoree who was seated on the Floor of the House:

Representative Jarrett Keohokalole, Startup Paradise Champion.

Representative Ward, as a founding member of the Hawaii Venture Capital Association, congratulated the awardees and recognized them as the hope and the future for Hawaii's economy.

Representative Tupola congratulated Ms. Meli James on the success of Mana Up, and thanked her for all she has done for entrepreneurs and businesses in the State of Hawaii.

The motion was put to vote by the Chair and carried, and H.R. No. 220 was adopted, with Representatives Choy, Souki and Tokioka being excused.

At 12:17 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:38 o'clock p.m.

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering certain Senate Bills for Third Reading by consent calendar. (Representatives Choy, Ichiyama, Souki and Tokioka were excused.)

THIRD READING

S.B. No. 648, SD 1, HD 1:

Representative Belatti moved that S.B. No. 648, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Say rose to speak in opposition to the measure, stating:

"Mr. Speaker, I will be very brief, but let me start off by saying that I am in opposition to this House Draft 1. I would have liked to have had this House consider the Senate Draft 1 that dealt with the earned income tax credit, it dealt with the restore the income tax rates for our high income residents, and removed the sunset date for the refundable food excise tax credit, which is all part of our democratic position of the Democratic Party, the progressives and the liberals. So that is one of the reasons why I'm in opposition to this measure. And secondly, on Friday, which I stated for the record, I hope there was some equality in reference to Oahu getting a fair share of the general fund. Thank you very much."

Representative Belatti rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. This measure has had due consideration by members of the Finance Committee. We have other measures taking into account the other provisions, and as we continue with this session we hope that all of these measures get considered by both the Senate and the House. Thank you, Mr. Speaker."

Representative Luke rose to speak in support of the measure, stating:

"Thank you. In support of Senate Bill 648, Senate Draft 1, House Draft 1. This is a continuous discussion from the special session. During special session, we wanted to thank all the members for your patience and working through the tough issue of additional funding for rail, and I know that in itself took a lot of energy and debate out of both houses, both the House and the Senate. And we especially wanted to thank the neighbor island members, whether you voted in support of rail or in opposition of that special session vote. It was a tough thing that we as Oahu legislators asked of the neighbor island Representatives in that because of difficulty in trying to figure out the TAT distribution, we asked this House to support funding the rail project through a statewide TAT. And whether you agree or disagree with that approach, at that point in time, including the Star-Advertiser editorial board, believed that that was the best approach that the Legislature has taken.

"At the end of the special session, this House, especially you, Speaker, has made a commitment to work with the neighbor islands, especially with the neighbor island colleagues, to work on providing equity for the neighbor islands, and we heard that throughout either special session and coming into this session. This is the result of that effort and working with the neighbor island Representatives and some of the leadership members and some of the councilmembers. This now provides equity to the neighbor islands, and again, we wanted to thank the neighbor island Representatives for taking a hard stand during special session and providing support for Oahu's rail project.

"Just to clarify for the record, the underlying bill, Senate Bill 648, deals with EITC, we did that last year, and that's why we used this vehicle. Funding, taxing at the high-rate, we did that last year, and that's why we used this vehicle. And then the third section, the credit, we did that last year, and that's why this was a bill that was lying in conference, where we addressed all the aspects in the underlying bill, and that's why we felt it was perfect to use this vehicle, because there was no other additional things that are left in the substantive portion of that vehicle that needed to be addressed this year. Thank you."

Representative Morikawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Strong support. Mr. Speaker, I've always been concerned about how the counties spend the money that they do get from TAT, and I think this measure does hook the spending to a general plan, a tourism strategic plan, or a development plan, and for that I am more assured that this will be used to impact each islands' tourism. Thank you."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative Say be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Woodson rose to speak in support of the measure, stating:

"Mr. Speaker, strong support, written comments, please. Thank you."

Representative Woodson's written remarks are as follows:

"We should resist the us versus them mentality. The Legislature should debate policy based on the needs of particular communities. I urge my colleagues to support this measure."

Representative Creagan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support. I think the county councils probably going to be considering a rise in the GET tax for the neighbor islands, and I'm hopeful that this bill will stave off that increase, and I thank you for this bill."

Representative Nakashima rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Mr. Speaker, I would like to acknowledge the work of the Finance Committee and the Finance Chair and the leadership of the House for bringing this measure forward. I would like to also request additional comments in the record. Thank you."

Representative Nakashima's written remarks are as follows:

"Mr. Speaker, I stand in strong support of SB 648, and thank the Finance Committee and Chair for bringing this measure forward to the floor of the House for consideration. This bill will increase transient accommodations tax money provided to all of the neighbor island counties totaling more than \$36 million.

"This is very much a bill that recognizes the large investment that the Legislature committed to the City and County of Honolulu during the interim when the TAT was increased statewide to provide additional funding for the Honolulu Rail project. This bill will limit the expenditure of these funds to county plans and programs that have already been adopted by the county for county services such as park maintenance, police and fire protection, and infrastructure repairs—public services and recreational areas that are used extensively by both residents and tourists alike.

"The TAT is paid by visitor accommodations to the State and allocated to several groups, including the counties, to pay for visitor released expenses. Remember, these taxes are almost entirely paid for by tourists staying in our hotels. Not by residents.

"As amended, SB 648, SD 1, HD 1 will increase the amount of the TAT revenues for the neighbor islands:

- Increasing Hawaii Island's TAT revenues from \$19,158,000 to \$31,248,000.
- Increasing Kauai's TAT revenues from \$14,935,000 to \$24,360,000.
- Increasing Maui's TAT revenues from \$23,484,000 to \$38,304,000.

"The TAT amount for the City & County of Honolulu is unchanged for a total of \$45.4 million per year.

"I believe that this strikes a fair balance recognizing the growing needs in the counties and will serve as a stopgap measure while we more closely examine the current need for re-balancing and re-directing the general excise tax, income tax and TAT to better serve the need of our citizens and provide a healthier economy for all of Hawaii."

Representative San Buenaventura rose to speak in support of the measure, stating:

"Thank you, in strong support. I also thank leadership, Finance Chair for introducing this measure and in taking into account the concerns we have on the neighbor islands. I'd also like to submit further written comments to the Journal. Thanks."

Representative San Buenaventura's written remarks are as follows:

"This bill would allocate additional transient accommodations tax revenues to the counties of Kauai, Hawaii and Maui. Many legislators, including myself, have fought for years to increase the neighbor islands' share of the TAT and believe that this measure is long overdue. This bill will provide the means for the counties to address their infrastructure needs which will help them accommodate the growing number of visitors to the outer islands and, among other things, help pave the way for economic self-sufficiency.

"I would also like to note my disappointment in those who are opposing this bill based on the opinion that Oahu legislators must, above all costs, fend for their own interest. It is this kind of divisive attitude that has caused unnecessary conflict amongst the public and unnecessarily prohibits our ability to work together toward our long-term goals.

"I would like to reiterate my strong support for this bill and express my gratitude to the Finance Committee and House leadership for working with me and my fellow outer-island legislators in crafting this bill and moving it forward."

Representative Say rose to respond, stating:

"Mr. Speaker, my second time, please. I'll be very brief at this point in time, but let me say this all the Members of the House. What we pass today

may have some unintended consequences, and I hope, I truly hope, that when the counties do receive these particular general funds, they will do it for primarily capital improvement projects. The reason why is very simple. Once you depend on that allotment of the TAT for the next 12 years, you'll be providing more jobs, more opportunities, but also the fact that you'll be relying on it.

"Yes, one of our colleagues stated for the record this afternoon that this may alleviate some of our problems, Mr. Speaker, in regards to not raising property taxes for some of our three counties that are going to be receiving it. I don't believe that should be the approach to look at, as far as government financing. Why? It's all a stopgap measure.

"This is a 12-year appropriation that the State of Hawaii, the State Legislature of the House and, I don't know what the Senate's going to do, but it's something that is going to cost all of us, during that 12-year cycle, over close to a half a billion dollars. And it is for this reason that I stated earlier that I wish Oahu had some small share of the general fund of the transient accommodations tax that goes into the state general fund. And for these reasons why I share this, because once you open up the can of worms of depending on this, some of you who are here 12 years from now are going to be stuck in regards to determining, are you going to extend the TAT. It may be the next six years, no one knows what is the forecast, the future of our great country that we love, and this great state that we love. But be cautious, be aware of the unintended consequences that may occur. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I wasn't planning to speak today, but the comments of the previous speaker, I guess, I wanted to rise because there is actually already an allocation from the TAT for the City and County of Honolulu. Special session, the 1%. Rail is a municipal, federal project, period. It's going to fall on the municipality to fund rail. This 1% gave them funding that they would otherwise have to take from other services. What is happening today is basically an acknowledgement and restoration of what we've been trying, since I've been a freshman, is to get our allocation of the TAT for our services. The 1% coming in is going to be generated by Maui tourists, that's why neighbor islanders were so upset about it, and this restores what many saw as neighbor island TAT coming in to subsidize a City and County of Honolulu-only project.

"So thank you for this bill, and I know the people of Maui will put it to good use to make sure, and I really like the master plan idea, because we don't want to use this to offset things in the past that were rightfully so not related to infrastructure or the impact of quality of life from our visitor industry. Thank you."

Representative DeCoite rose to speak in support of the measure, stating:

"Mr. Speaker, just for clarification with our last speaker from Lahaina. I'm rising in support, but a clarification. Maui County, which includes Molokai and Lanai. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, S.B. No. 648, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 44 ayes to 3 noes, with Representative Har voting aye with reservations, with Representatives Ito, McDermott and Say voting no, and with Representatives Choy, Ichiyama, Souki and Tokioka being excused.

S.B. No. 2146, HD 1:

ANNOUNCEMENTS

Representative Ward: "Mr. Speaker, immediately after session, that is in the next few minutes, the fellowship luncheon will be held in Room 423. The speaker will be the gentleman in the balcony, Kahu Curt Kekuna. Would you please rise, with my assistant? Let's give them a round of applause. Thank you, Denzel, thank you, Kahu."

Representative Morikawa: "Thank you, Mr. Speaker. On behalf of all of us, I would like to wish a very happy birthday to our Vice Speaker, who decided to have an eye exam, so may not be seeing too clearly this afternoon. Happy Birthday."

Representative Belatti: "Thank you, Mr. Speaker. Last call for Easter baskets. Most recent count puts us at 64 baskets. We only have another 160 to go. Be sure to come down to the Chamber level at 1:45 p.m. on Thursday to discover who our Easter Bunny is, and a secret surprise. Thank you."

At this time, the Chair stated:

"The Chair has one announcement. Just a reminder to all committee chairs that today is the lateral filing deadline for House concurrent resolutions that need to move to their final committees. Please file your committee reports and drafts with the Chief Clerk's Office by 6 p.m. this evening."

Representative Ward rose to speak in support of the measure, stating:

"I just want to put written comments into the Journal, in strong support."

Representative Ward's written remarks are as follows:

"Strong support, Mr. Speaker. I believe that this resolution is of great importance to the Legislature and the State of Hawaii. Almost every capitol and government building across this great country have sufficient security to secure the elected officials and public from potential terror threats. As we've seen in Nice, Charlottesville, and New York City, evil men have used cars and trucks to brutally kill civilians in the name of their hateful ideologies. Further, the Capitol's open environment makes it quite easy for someone to open fire on members of the public, legislators and staff. We are incredibly grateful that such tragedies have not occurred in our islands, but in today's increasingly dangerous world, we must not test fate. I urge law

enforcement agencies mentioned in this resolution to take the Legislature's heed and implement its proposed changes. *Mahalo.*"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.C.R. Representative Mizuno, for the Committee on Health & Human Services, presented two reports:

(Stand. Com. Rep. No. 1571-18) recommending that H.R. No. 79 be referred to the Committee on Finance; and

(Stand. Com. Rep. No. 1572-18) recommending that H.C.R. No. 95 be referred to the Committee on Finance.

Representative Belatti moved that the reports of the Committee be adopted, and that H.R. No. 79; and H.C.R. No. 95 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Say rose and asked that the Clerk record an aye vote with reservations for him on both measures, and the Chair "so ordered."

Representative Choy rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker. In opposition. I realize this is your resolution, but I think I'm closer to needing these facilities than you are, so have some consideration for the elderly, I would really appreciate that. This resolution calls for the closure of two state-run long-term care facilities, Leahi Hospital and Maluhia Long-Term Care Health Center. They're up for consideration for closing because they're losing money.

"Mr. Speaker, in the last few days, this Chamber has been very, very generous in funding different areas of government, and I think this is an area of government that we should fund. And it seems, because of our generosity, we do have the money to fund these two long-term care facilities, specifically built for our less fortunate. Mr. Speaker, we need to support facilities of this type, and of course, long-term care beds are very, very few and hard to find, and even harder to find for our less fortunate. That's why, Mr. Speaker, today I stand in opposition to this particular resolution. Thank you."

Representative Ohno rose and asked that the Clerk record a no vote for him on both measures, and the Chair "so ordered."

Representative Kobayashi rose to speak in support of both measures with reservations, stating:

"Mr. Speaker, I stand with grave reservations. Compared to the Representative from Manoa, by age I'm even closer to needing these long-term care beds. We have a crisis on our hands in that more and more citizens are becoming seniors, and these beds are in great need.

"As of the prior fiscal year, beginning in 2016, approximately one-fourth of the beds at Leahi Hospital and Maluhia Hospital were closed for lack of approximately \$10 million. Currently, the reimbursement for Medicare and Medicaid averages, kind of sort of, in the range of \$200 per day for these beds. However, the costs are in the range of double that, approximately \$400 per day. That gap is increasing because, as you know, the cost of medical care as a whole has been increasing faster than normal inflation. At the same time, the cost of government fringe benefits are increasing much faster than the so-called norm. And reimbursements for Medicare and Medicaid are not keeping up.

"So what we see as a gap will increase. When these beds closed a year and half, approximately ago, HHSC, Hawaii Health Systems Corporation, said that they can expect either further cuts or privatization.

"For one, I would like to see more long-term care beds, not less. However, the fiscal reality is that the current funding model does not work, will cost the State more in the future, and unfortunately, when that future comes, we will be needing more long-term care beds. So for those reasons, I stand in with reservations. Thank you."

Representative LoPresti rose to speak in support of both measures with reservations, stating:

"With reservations. I'd like to adopt the words of the previous speaker as if they were my own, subtracting the age reference. Thank you," and the Chair "so ordered." (By reference only.)

Representative Morikawa rose to speak in support of both measures, stating:

"Mr. Speaker, in support. I know that we need more beds, but I think we need to look at what is quality, what can the State do as far as providing a quality facility, and I think this study might help us determine that, because both hospitals are not up to what I would want them to be, personally, and I think, is it better to beef up one and perhaps shut the other, where there is more competition in that area? I think this is something worth looking into, we can't continue to put money into the two facilities and not bring them up to the best standards. Thank you, Mr. Speaker."

Representative Cachola rose to speak in support of both measures with reservations, stating:

"Mr. Speaker, strong reservations, and I'd like to adopt the remarks made by the Representative of District 19 as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Tokioka rose and asked that the Clerk record a no vote for him on both measures, and the Chair "so ordered."

Representative Takayama rose and asked that the Clerk record an aye vote with reservations for him on both measures, and the Chair "so ordered."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record a no vote for her on both measures, and the Chair "so ordered."

Representative Hashem rose and asked that the Clerk record a no vote for him on both measures, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him on both measures, and the Chair "so ordered."

Representative Belatti rose to speak in support of both measures, stating:

"Mr. Speaker, in support. Mr. Speaker, in support because as we look at the ecosystem for long-term care beds, aging in place, the multitude of facilities and situations where we're going to need taking care of our elderly. As we consider this measure and other measures that are looking to invest in caregiving, kupuna care, we really have to look at the entire ecosystem, and this resolution does that. This resolution looks at whether or not these long-term beds, on this island, are the best use of our monies. So, in support, Mr. Speaker. Thank you."

Representative Mizuno rose to speak in support of both measures, stating:

"Mr. Speaker, I can appreciate this is second reading. Nonetheless, the State of Hawaii is graying faster than any state in the nation. It's called the silver tsunami, Mr. Speaker. One in four of our residents by year 2020 will be age 60 or older. So I support the resolutions before us, and I'd like to adopt the words of the Vice Chair of Health & Human Services, as well as the words by both the Majority Floor Leader and the Majority Leader, and note that the study is worthy. We need to look at a solution, a long-term solution for our *kūpuna*. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 79, entitled: "HOUSE RESOLUTION REQUESTING THE HAWAII HEALTH SYSTEMS CORPORATION OAHU REGIONAL BOARD TO ASSESS THE AVAILABILITY OF LONG-TERM CARE BEDS ON OAHU AND TO DEVELOP RECOMMENDATIONS REGARDING THE CLOSURE OF LEAHI HOSPITAL AND MALUHIA LONG-TERM CARE HEALTH CENTER," was referred to the Committee on Finance, with Representatives Cachola, Har, Kobayashi, LoPresti, Say, Takayama, Thielen and Ward voting aye with reservations, with Representatives Choy, Hashem, Ohno, Tokioka and Tupola voting no, and with Representative Souki being excused; and

H.C.R. No. 95, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING THE HAWAII HEALTH SYSTEMS CORPORATION OAHU REGIONAL BOARD TO ASSESS THE AVAILABILITY OF LONG-TERM CARE BEDS ON OAHU AND TO DEVELOP RECOMMENDATIONS REGARDING THE CLOSURE OF LEAHI HOSPITAL AND MALUHIA LONG-TERM CARE HEALTH CENTER," was referred to the Committee on Finance, with Representatives Cachola, Har, Kobayashi, LoPresti, Say, Takayama, Thielen and Ward voting aye with reservations, with Representatives Choy, Hashem, Ohno, Tokioka and Tupola voting no, and with Representative Souki being excused.

Representative Mizuno, for the Committee on Health & Human Services, presented two reports:

(Stand. Com. Rep. No. 1573-18) recommending that H.R. No. 125 be referred to the Committee on Finance; and

(Stand. Com. Rep. No. 1574-18) recommending that H.C.R. No. 139 be referred to the Committee on Finance.

Representative Belatti moved that the reports of the Committee be adopted, and that H.R. No. 125; and H.C.R. No. 139 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Evans rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I rise in strong support, and just want to comment that our Executive Office of Aging with the agency on aging at the county level, that it's really critical that we make sure that they're processing the federal and state funds not only accurately, but that they pay service providers in a very timely manner. That seems to be an ongoing problem that we hear about as state legislators, and that is the payment to our providers. And it's very difficult for these small businesses to make payroll and keep the doors open when it takes many months to get paid. So I'm very glad that we're going to be taking a look at this. Thank you very much."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 125, entitled: "HOUSE RESOLUTION REQUESTING THE EXECUTIVE OFFICE ON AGING TO ENCOURAGE TRANSPARENCY RELATING TO COMPLIANCE WITH THE OLDER AMERICANS ACT AND THE SERVICES AND SUPPORTS PROVIDED TO OLDER ADULTS THROUGH THE COUNTY AREA AGENCIES ON AGING AND CONTRACTED SERVICE PROVIDERS," was referred to the Committee on Finance, with Representative Souki being excused; and

Representative Tupola rose to speak in support of both measures, stating:

"In support, brief comment. Appreciate this resolution and definitely think that educating visitors is important, and in this resolution it says we should educate them about oxybenzone. But there's many more important things we should educate visitors about, and hopefully we can put that in here, like how they shouldn't go to beaches directly from the airport or where they shouldn't hike. So if there's going to be a visitor course, we should put everything in it, and not just oxybenzone. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committees were adopted and H.R. No. 102, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE HAWAII TOURISM AUTHORITY TO COLLABORATE WITH THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO CAMPAIGN TO EDUCATE VISITORS TO THE STATE ABOUT THE HARMFUL EFFECTS OF OXYBENZONE SUNSCREEN ON CORAL REEFS AND TO ENCOURAGE VISITORS TO THE STATE TO REFRAIN FROM USING OXYBENZONE SUNSCREENS," was referred to the Committee on Finance, with Representative Souki being excused; and

Representative Ward rose to speak in opposition to both measures, stating:

"Mr. Speaker, no vote and brief comment. Mr. Speaker, everybody dreads April 15, we have to pay our taxes. This is adding a bit more dread than I think the data actually indicates. According to the Tax Foundation, the average resident of Hawaii will save \$800 on their tax form, according to the new legislation, and according to the DOTAX people, there are 600,000 people who file in the State of Hawaii every year. If you multiply 800 times 600,000, that's \$480 million. That is a huge chunk of change to get into the stream of Hawaii's economy, of which 70% of the economy is driven by consumer spending. Which means there will be a boost, rather than a negative. I think as we stay tuned to this particular federal legislation, this resolution may be turned on its head. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 187, HD 1, entitled: "HOUSE RESOLUTION URGING THE PRESIDENT OF THE UNITED STATES AND THE UNITED STATES CONGRESS TO MITIGATE THE DISPROPORTIONATE ADVERSE EFFECTS OF THE TAX CUTS AND JOBS ACT OF 2017 ON HAWAII CITIZENS BY INCREASING

ORDER OF THE DAY

INTRODUCTION OF RESOLUTIONS (FLOOR PRESENTATIONS)

The following resolution (H.R. No. 223) was announced by the Clerk and the following action taken:

H.R. No. 223, entitled: "HOUSE RESOLUTION RECOGNIZING THE BRAVE MEN AND WOMEN WHO SERVED OUR COUNTRY DURING THE VIETNAM WAR AND REMEMBERING THOSE WHO GAVE THE ULTIMATE SACRIFICE," was offered by Representative LoPresti.

Representative LoPresti moved that H.R. No. 223 be adopted, seconded by Representative Ward.

Representative LoPresti recognized today as the first annual National Vietnam Veterans Day, honored the brave men and women who served our country in the Vietnam War, thanked them for their fidelity and courage, service, patience, and continuing support to our country, and requested that we recognize those who were lost with a moment of silence.

At this time, the Members of the House of Representatives stood for a moment of silence in honor of those who were lost during the Vietnam War.

Representative LoPresti then introduced honorees who were seated on the Floor of the House:

Colonel Gene Castagnetti, Ret., US Marine Corps;
 Chief Warrant Officer Steve J. Avilla, Ret., US Coast Guard;
 Staff Sergeant Robert Kent, Ret., US Army;
 Command Chief Master Sergeant Stan Fernandez, Ret., US Air Force;
 Hospitalman Second Class Michael "Doc" Steinhilber, Ret., US Navy;
 Corporal René Berthiaume, Ret., US Marine Corps; and
 Chief Master Sergeant Carswell "Caz" Ross, Jr., Ret., Hawaii Air National Guard, represented by daughter-in-law, Danielle Bass.

Representative LoPresti also recognized guests who were seated in the gallery:

Colonel Edward Cruikshank, Ret.;
 Colonel Ronald Han, Ret.; and
 Members of the 50th State Planning Committee.

Representative McDermott recognized Col Gene Castagnetti, a Silver Star recipient and Vietnam veteran who served for 28 years in the Marine Corps before becoming director of the National Cemetery of the Pacific, and thanked him for his dedicated service to our country and our veterans.

Representative Kong recognized CW4 Steve Avilla, the first Filipino-American Chief Warrant Officer who served in the US Coast Guard for nearly 26 years, and thanked him for his legacy of public service and his trailblazing accomplishments as a CWO in the US Coast Guard.

Representative Onishi recognized SSG Robert Kent, who served in the US Army for 21 years, for his efforts to maintain and broaden the scope of accessible health care for veterans, and commended and congratulated him for his distinguished record of public service, his bravery in Vietnam, and his continued work and advocacy for veterans.

Representative Ito recognized CCM Stanley Fernandez, who served in the US Air Force for 28 years, for his contributions to the community as a leader in the Civil Air Patrol and as an AFJROTC instructor, and commended and congratulated him on his legacy of public service and his honorable accomplishments.

Representative Fukumoto recognized HM2 Michael "Doc" Steinhilber for his service in the US Navy, for his community service with the Kailua National Little League Baseball team and the VFW, and commended and congratulated him on his accomplishments.

Representative Choy, as a former Marine, recognized Cpl René Berthiaume for his service in the Marine Corps, and thanked him for his lifetime of service with Hawaii nonprofit agencies in the areas of human services, construction, special needs, and affordable housing programs that serve our veterans.

Representative Keohokalole recognized CMSgt Carswell "Caz" Ross, Jr., for his 28 years of service in the Hawaii Air National Guard and for his work with the Office of Veterans' Services, and thanked him for his lifetime of service.

Representative Ward, as a Vietnam veteran, shared how traditionally Vietnam veterans were ignored and hated and unable to be proud of their service until recently, and thanked the veterans for their service.

Representative Yamane thanked veterans for their service, and recognized CMSgt "Caz" Ross for his work supporting veterans, and asked Ms. Bass to share with him that we are behind him in his fight against cancer.

The motion was put to vote by the Chair and carried, and H.R. No. 223 was adopted, with Representatives Evans, Holt, Lowen, McKelvey, Quinlan and Souki being excused.

The following resolution (H.R. No. 224) was announced by the Clerk and the following action taken:

H.R. No. 224, entitled: "HOUSE RESOLUTION CONGRATULATING ADVENTIST HEALTH CASTLE ON RECEIVING THE 2017 MALCOLM BALDRIGE NATIONAL QUALITY AWARD," was jointly offered by Representatives Lee, Ito, Keohokalole and Thielen.

Representative Lee moved that H.R. No. 224 be adopted, seconded by Representative Thielen.

Representative Lee shared the origins of Adventist Health Castle, congratulated them on being the first organization in Hawaii to receive the Malcolm Baldrige National Quality Award, a result of the collective efforts of the medical center's staff, physicians, volunteers and partners who have pursued excellence in delivering quality care and who have contributed greatly in the areas of leadership, strategy and customer service leading to exceptional results in patient safety, patient satisfaction, workforce engagement, and financial performance, shared a personal note of thanks for their care after he suffered from a stroke, and thanked them for all they do.

Representative Thielen recognized and honored the staff and administrators of Adventist Health Castle, formerly known as Castle Medical Center, the 2017 Malcolm Baldrige National Quality Award recipient, and introduced honorees who were seated on the Floor of the House:

Ms. Kathryn Raethel, President and CEO; and
 Mr. Steve Bovey, Quality Improvement Coordinator.

Representative Keohokalole welcomed and recognized additional honorees who were seated on the Floor of the House:

Mr. Erik Anderson, Director of Quality and Clinical Information Systems;
 and
 Mr. Jonathan Kono, Governing Board Member.

Representative Ito further recognized the final honorees who were seated on the Floor of the House:

Mr. Travis Clegg, Vice President, Operations; and
 Mr. Heidar Thordarson, Vice President, Finance, and CFO.

Representative Lee then recognized guests from Adventist Health Castle who were seated in the gallery.

Representative Ward recognized former Governor Waihee, who was seated in the gallery.

The motion was put to vote by the Chair and carried, and H.R. No. 224 was adopted, with Representatives Evans, Holt, Lowen, McKelvey, Quinlan and Souki being excused.

At 12:58 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:07 o'clock p.m.

ANNOUNCEMENTS

Representative Tokioka: "Thank you very much, Mr. Speaker. Mr. Speaker, may I be allowed to insert comments into the Journal to acknowledge the service of Speaker Emeritus Souki and his service from 1982 to this day? As well all know, today is his last day. Thank you very much."

Representative Tokioka submitted the following:

"Mr. Speaker, Speaker Emeritus Souki has spent most of his life building a legacy of service. In the past 35 years, Speaker Souki has helped see the State of Hawaii through some of its biggest challenges and most tumultuous

political periods. With all the changes we have seen over the years, his strong leadership has remained one of the few constants.

"Perhaps Speaker Emeritus Souki's greatest strength as a legislator is his ability to balance compassion and tenacity. Year after year, he has earned his reputation as a champion of the underprivileged and disadvantaged. Some call him stubborn, but he is at his most relentless when he is defending the interests of those who might otherwise be overlooked.

"I have tremendous respect for the contributions he has made and a great appreciation for what he has taught me about serving as a legislator. One of the most important traits that Speaker Emeritus Souki shared with us is the ability to put aside personal disagreements and keep our emotions separate from our decisions. In heated situations, Speaker Emeritus Souki always focused on the task at hand. He did not let his feelings distract him from his duty to serve. It is crucial that we put our respect for the institution and our service to the people of Hawaii above anything else, and we can all learn from Speaker Emeritus Souki's intense focus and commitment. His influence runs deep through the State of Hawaii, and we are better off for it."

Representative Johanson: "Thank you, Mr. Speaker. Since tomorrow is a holiday, I just wanted to announce that we have a special occasion tomorrow, it is the birthday of the Representative from Mililani Mauka tomorrow. So since we're not here, just in anticipation of that, I thought we could wish her a happy birthday early. Thank you."

Representative Choy: "Mr. Speaker, I'd like to make the same request, I'd like to have permission to enter just a short note for Speaker Souki. Thank you."

Representative Choy submitted the following:

"Speaker Emeritus Joseph Souki, it is fitting to record my final farewell and congratulations for a job well done into the record.

"Only history will decide how well a job you have done for the people of the State of Hawaii. Only history will determine the type of man you were, how you carried yourself, and how Hawaii advanced as a state over your past 36 years of public service. I, for one, can say today that you have served the people well, the kindness of your heart and your passion to give voice to the voiceless will not be forgotten.

"Of the many lessons I learned from you, the most valuable is, '*Attached to each number on a ledger, a budget or journal is a person.*' Your wisdom taught me that this person can be a family member, a neighbor, a friend, or even a stranger, but be certain that a person is being affected by that number on that piece of paper. When considering how to balance budgets or reconcile figures, the importance is not only to strive for the correct number or the perfect balance, but also one must consider the well-being of that person. When one achieves this understanding, one will become a statesman.

"Thank you, Speaker Joe. May the next chapter in your life touch and enrich the people's lives in the State of Hawaii, as you did in the past. *Aloha.*"

Representative Ward: "Mr. Speaker, just to remember that tomorrow is Good Friday, and Happy Easter for Sunday to all."

Representative Matsumoto: "Thank you, Mr. Speaker. All of you have been so patient with the Women's Legislative Caucus announcing the Easter basket drive every single day. The day is finally here when we're able to give the baskets to the three organizations, IHS, Salvation Army, and Windward Spouse Abuse Center. I was a little worried, I'll admit, as of yesterday we had 70 baskets, but I'm proud to announce that today we got 214 baskets, so we exceeded our goal of 210.

"So if you can all come down at 1:45 p.m. in the front lobby right across from the Auditorium, right outside the parking lot. We're going to have the Easter Bunny, a special guest, and if I could have a late introduction, we will also have Miss Hawaii, if you could please stand, Kathryn Teruya, and then her mom Kim, if we could give them a round of applause. Miss Hawaii will also be there to take photos, because she has her platform around dental

health, and she donated a whole bunch of toothbrushes and toothpaste to the Easter basket drive. So if you can all come out at 1:45 p.m. for photos, we'd love to see you there. So thank you again for all of your work."

Representative Say: "Mr. Speaker, may I be permitted to submit some written comments in regards to Speaker Souki's 36 years of public service? Thank you very much."

Representative Say submitted the following:

"Mr. Speaker and Members of the House of Representatives, House of Representative employees and the general public.

"Thank you, Speaker Emeritus Joseph Souki, for 36 years of public service. One employee has already stated, 'I miss you,' with your witty comments.

"I for one will miss you for our legislative tenure in the House of Representatives. You remind me of an older brother, a cunning politician, a caring person for all of Hawaii, a Maui Banker in bringing home the pork, and an overall true gentleman who has respected this institution of the State House of Representatives.

"Another individual said, 'I will miss him also and love him and his Portuguese smile and jokes. We all will keep him in our prayers for both Frances and Joe.'

"So as one door closes another opens and I personally know that 'public service' will still continue for you in the future.

"From my own political experience during the 36 years I worked with him, workers compensation, public housing, education, health and human service, transportation, budget and finance, and developing and constructing the organizations of the House. I will truly miss all of his expertise.

"To Joe, Frances, Desiree and Mark, may the Lord bless, protect and love the Souki Family."

Representative Ward: "Same request."

Representative Ward submitted the following:

"Thank you, Mr. Speaker. I am writing comments into the Journal to commend Speaker Emeritus Joseph M. Souki for 36 years of service to this body, his constituents, and the people of Hawaii. I am saddened that his distinguished career in public service is ending in such a manner, but am grateful for the good he has done for our state.

"I will never forget the budget discussions many years ago, in which then Speaker Souki called for my removal from the House Floor. While often adversaries on a number of policy issues, Speaker Emeritus Souki and I maintained a civil and friendly relationship over the 20+ years we have served together in this body, even though I'm the only member to be kicked off the Floor of the House because of Speaker.

"I bid the former Speaker farewell and best wishes in his retirement. *Mahalo.*"

OTHER COMMUNICATIONS

JOSEPH M. SOUKI
SPEAKER EMERITUS

HOUSE OF REPRESENTATIVES
STATE OF HAWAII
STATE CAPITOL
HONOLULU, HAWAII 96813

JOSEPH M. SOUKI,
Speaker Emeritus
House of Representatives
Page 3

On March 30, 2018, I will resign my position as an elected member of Hawai'i's House of Representatives. For over half a century I have had the high privilege and honor of faithfully serving not only my constituents on Maui, but all of the people of the State of Hawai'i. My political life began as an officer and Precinct Chairman on Maui in 1966.

Over the years I was honored by being a delegate to the State Constitution Convention, a member of the Hawai'i State Legislature since 1982, Speaker of the House from 1993 – 1999, and Speaker Emeritus from 2000 – 2012.

In all my years of public service, I have attempted to serve with honor and dignity. I have championed the rights of all without regard to race, ethnicity, or gender.

I have learned in the last few weeks that certain women have complained to the Hawai'i State Ethics Committee, accusing me of inappropriate and unwelcome conduct. That conduct included "touching" and "kissing" more than one woman inappropriately. I am told that the conduct complained of occurred between 3 and 8 years ago.

JOSEPH M. SOUKI,
Speaker Emeritus
House of Representatives
Page 2

I have absolutely no memory of ever acting inappropriately with any women at any time, as a member of the House or in a private setting.

I am greatly saddened that something I did was misunderstood and believed to be inappropriate conduct.

I have always been a fighter. I have fought to remedy injustices that affect our citizens' everyday lives. I have never avoided standing up for what I believed to be a just cause.

As to the allegations currently filed against me, I have made the difficult decision to avoid a media circus by stepping down without a public confrontation with my accusers.

I do not intend to have my wife and family agonize through public hearings before the Ethics Committee or elsewhere.

I do not want my colleagues in the legislature to waste their valuable time in deciding where the truth lies, and what sanctions against me, if any, are appropriate.

I will not force my accusers to be examined publicly by my attorney or others about what they perceived as my wrongful conduct.

I apologize to the women that believe I treated them in any unwanted and inappropriate manner.

At the age of 86, this was to be my last year of service to the people of Hawaii. I have agreed to resign before the end of the current session.

In conclusion, I can safely say to everyone who supported me in politics, or as a friend, I have always strived to conduct myself in a respectful manner befitting my office. I have never intentionally violated the trust, confidence, and integrity place on me by the people.

I thank everyone who has shared my life with me as a public servant.

Aloha

ANNOUNCEMENTS

Representative Brower: "Thank you, Mr. Speaker. Mr. Speaker, today is the birthday of one of our members. He is the legislator who wears the colorful dress shirts in pastel shades of lavender, flamingo, or today's choice, tinker bell. His suits are not only daring, they can be downright irresponsible. Remember the time he came to the Chamber wearing an ascot, and no one had the heart to tell him it was ridiculous, so we all entered dramatic comments into the Journal, then made a pact and vowed to never speak of it again. But seriously, traits like loyalty, friendliness, compassion, patience, these are all qualities you find in this legislator's dog named Buzz. Members, let's recognize a very gifted legislator, and give it up for the Representative of District 21."

ADJOURNMENT

At 12:46 o'clock p.m., on motion by Representative Morikawa, seconded by Representative Ward and carried, the House of Representatives adjourned until 12:00 o'clock noon tomorrow, Wednesday, April 4, 2018. (Representative Lee was excused.)

FORTY-THIRD DAY

Wednesday, April 4, 2018

The House of Representatives of the Twenty-Ninth Legislature of the State of Hawaii, Regular Session of 2018, convened at 12:03 o'clock p.m., with Vice Speaker Nakashima presiding.

The invocation was delivered by Mr. Ryan Kalei Tsuji, after which the Roll was called showing all Members present with the exception of Representatives Choy, Holt, Lee, McKelvey and Woodson, who were excused.

By unanimous consent, reading and approval of the Journal of the House of Representatives of the Forty-Second Day was deferred.

SENATE COMMUNICATIONS

The following communications from the Senate (Sen. Com. Nos. 469 through 478) were received and announced by the Clerk:

Representative Luke, for the Committee on Finance, presented two reports:

(Stand. Com. Rep. No. 1797-18) recommending that H.R. No. 187, HD 1 be adopted; and

(Stand. Com. Rep. No. 1798-18) recommending that H.C.R. No. 217, HD 1 be adopted.

Representative Belatti moved that the reports of the Committee be adopted, and that H.R. No. 187, HD 1; and H.C.R. No. 217, HD 1 be adopted, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to both measures, stating:

"Mr. Speaker, a no vote with a very brief comment. It confounds me as to why we would complain about \$480 million being pumped into the economy regarding these tax cuts and the job act. If there's proof for the contrary or what the Tax Foundation said, there's \$800 on the average per person, and there's 600,000 taxpayers, that's \$480 million. Why we'd want to complain to that, or make us look in the eyes of the feds ungrateful. Also, I would note that we are 23% to 25% dependent on federal funds. So asking the President to do this is a bit confounding. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 187, HD 1, entitled: "HOUSE RESOLUTION URGING THE PRESIDENT OF THE UNITED STATES AND THE UNITED STATES CONGRESS TO MITIGATE THE DISPROPORTIONATE ADVERSE EFFECTS OF THE TAX CUTS AND JOBS ACT OF 2017 ON HAWAII CITIZENS BY INCREASING FEDERAL SUPPORT OF HAWAII HOUSING INITIATIVES," was adopted, with Representative Ward voting no, and with Representatives Choy, Fukumoto, Holt, Lee and McKelvey being excused; and

H.C.R. No. 217, HD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING THE PRESIDENT OF THE UNITED STATES AND THE UNITED STATES CONGRESS TO MITIGATE THE DISPROPORTIONATE ADVERSE EFFECTS OF THE TAX CUTS AND JOBS ACT OF 2017 ON HAWAII CITIZENS BY INCREASING FEDERAL SUPPORT OF HAWAII HOUSING INITIATIVES," was adopted, with Representative Ward voting no, and with Representatives Choy, Fukumoto, Holt, Lee and McKelvey being excused.

Representative Luke, for the Committee on Finance, presented two reports:

(Stand. Com. Rep. No. 1799-18) recommending that H.R. No. 143, HD 1 be adopted; and

(Stand. Com. Rep. No. 1800-18) recommending that H.C.R. No. 166, HD 1 be adopted.

Representative Belatti moved that the reports of the Committee be adopted, and that H.R. No. 143, HD 1; and H.C.R. No. 166, HD 1 be adopted, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker. No vote on both of these measures, HR 143 and HCR 166. It's another pass of more authority and scope of work to ADC, the Agribusiness Development Corporation, and we still don't have an audit. Thank you."

Representative Tupola rose to speak in opposition to both measures, stating:

"Thank you, Mr. Speaker. No vote for 1799 and 1800, brief comment. So I know that there's a homeless issue in that area, and they believe that possibly by switching landowners there might be better chance for enforcement, but I've never seen ADC enforce homeless issues. So I'm not really sure either landowner knows how to handle that, and either way, like my previous colleague said, without the audit, I'm not sure that that would be an appropriate transfer. Thank you."

Representative McDermott rose and asked that the Clerk record a no vote for him on both measures, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 143, HD 1, entitled: "HOUSE RESOLUTION SUPPORTING THE FINALIZATION AND EXECUTION OF THE UNIVERSITY OF HAWAII'S TRANSFER OF THE OPERATION AND LANDS OF WAIALEE LIVESTOCK EXPERIMENT STATION TO THE AGRIBUSINESS DEVELOPMENT CORPORATION," was adopted, with Representatives McDermott, Thielen and Tupola voting no, and with Representatives Choy, Fukumoto, Holt, Lee and McKelvey being excused; and

H.C.R. REPORTS OF STANDING COMMITTEES

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1813-18) recommending that S.B. No. 2051, SD 1, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2051, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Gates rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support of SB 2051. I believe that this bill is a game changer that I believe will modernize our education system. This measure will allow for schools across the state, like Waianae High School in District 44, to continue to improve on the innovative work they are doing with programs such as Searider Productions and the Marine Science Learning Center. Searider Productions is an award-winning multimedia program that allows students to design and sell products such as t-shirts, hats and other apparel to the public, which generates revenue for the program. The Marine Science Learning Center instructs students on how to be modern hydroponic farmers, which sells premium *ogo* and other products to places such as Costco and Foodland.

"With this bill, students will learn how to be entrepreneurs and start businesses, greatly contributing to the economic health and vitality of our local communities by allowing students to engage in commercial enterprises through their school curriculum, and I humbly ask members to support the passing of this measure. *Mahalo.*"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2051, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 45 ayes, with Representatives Choy, Fukumoto, Holt, Lee and McKelvey being excused.

No. 2945, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LIQUOR," passed Third Reading by a vote of 45 ayes, with Representatives Choy, Fukumoto, Holt, Lee and McKelvey being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1822-18) recommending that S.B. No. 2522, SD 1, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2522, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative McDermott rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote and some comments. This measure establishes the Agricultural Accelerator Program to authorize ADC to invest in existing or new agricultural businesses approved by the board of directors of ADC in return for equity, part ownership, in those private-sector ventures. And then we're going to establish an ADC accelerator special fund to provide monies that ADC may invest in these agrobusinesses under this new program.

"Why is this needed? Well, the last five years we've spent \$65 million buying agricultural land on the island of Oahu at top dollar, and in one case we paid above appraised value for that land, thereby chasing the farmer out. The average farmer can't afford to buy land or lease land when they're competing against the State who comes in and buys, last year I think we spent \$23 million on three parcels of Dole property.

"Why are we doing this? We're not farmers. So we're interfering in the market, we're coming in and buying agricultural land. Everybody knows what the heck's going on here, and everybody knows whose fiefdom this is. We're going in and buying agricultural land at inflated prices, top dollar, the most expensive agricultural land in the world, and we're reinforcing that top dollar, that top asking price, by paying it, and in one case paid over the appraised value for this land. Now, the average farmer can't compete to get on the land. He can't buy his way on the land, and he can't lease his way on the land. So our solution to creating this problem is say, hey, we will subsidize you for a piece of the action. We want a piece of your business.

"So in this session we see ADC getting into the trash business, they're getting into the livestock business, now they want a special fund to get into partially owning private-sector farming operations. They have proven to be an abysmal failure at getting farmers on the land. Why are we doing this?

"I know it's not this body's creation, it's not from this side of the building, but we are creating a fiefdom out there. One only has to look at the success, \$65 million, by the way that's money that could have gone to schools that are greatly in need across the state. All of us have schools in need of disrepair. We could have used that \$65 million instead of land banking. If you're flush with cash, land banking makes sense, but in this case with ADC, it makes no sense at all.

"Mr. Speaker, I predict the success of this venture will parallel the other ADC venture. By the way, one footnote, the land that ADC buys, or the State of Hawaii buys, the State of Hawaii does not own that land, ADC owns that land. Now, we ostensibly control ADC as a state agency, but the State of Hawaii doesn't have title to that land, the Agricultural Development Corporation holds title. It's just an interesting footnote. The board is appointed, we know who's on the board, we know who they're beholden to. This is troubling. And I know I'm not the only one in this body who feels this way about ADC and the mission creep going on here, sir.

"But again, I'll summarize and conclude, which I predict that the success of ADC will mirror the success of their Tamura warehouse project, which we paid several million dollars for a few years ago, which continues to sit vacant up in Wahiawa. No, I take that back, it's not vacant, there is a ColorTyme TV store renting one of the garages. So with that, sir, I conclude, there's something troubling here, and we should stop it. Thank you."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you. Mr. Speaker, also please register a no vote for me in this measure. Four of the farmers that were actually one of those Dole properties that got sold to the State recently, they had a huge parcel in Wahiawa and they had it subdivided between 21 different entities, but when they went in to try to buy it, similar to what my colleague said, they came up with the money and they actually offered it, and the State overbid them by more than what the appraised value was worth, so all of them were displaced, from their animals to their livestock, to everything that they had to move off of there, and they had nowhere to go. They tried to reach out to Kamehameha Schools, they're still trying to reallocate some of their property, some of their businesses.

"But again, with the lack of information we have on the effectivity of ADC, and on top of it, the type of revenue or benefit that it's bringing into the State, our bigger concern here is whether or not we should be allowing this to kind of grow and expand into an area where we have very few areas where you can farm, and when you're able to do it, it's actually almost at a loss to you and your family or to you and your company, because you're either breaking even or you're not making any money. And so this is something that we really need to think about as we push forward with all of these different measures to put it into one agency that we still haven't completed an audit for, and this is real. These companies have called me and asked me to help connect them to other lands because they don't know what to do, they don't know where to move, and there are, again, very few parcels left for them to even continue farming or doing what they did on those Dole plantations in other areas.

"So I would urge other people to look into this, as we make decisions based upon huge parcels of very few, very far-between farmlands that we have available in the state. Thank you."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. To paraphrase a line from Hamlet, something's rotten in Denmark. And Mr. Speaker, I'm a no vote on this measure. I think it just shows, desperately, why we need to have an audit of ADC, to find out what Agribusiness Development Corporation has or has not accomplished, and what they have done or have not done with the millions of money that we have appropriated to ADC. This is just another example of what used to be called 'mission creep,' but I think we really have to call it 'mission leap,' and I cannot understand why the body doesn't just stop on this policy measure and say, first we need to hold them accountable, let's find out what they've done.

"I know that ADC has opposed any audit. That in the past has not stopped this body from passing measures to audit different branches of government when it's been appropriate to do this. I can't think of a better example than ADC, who's sitting with millions of dollars of taxpayers' money, and not a record that one could put forth to say it justifies the spending and the continued mission leap of their authority. Thank you."

Representative McDermott rose to respond, stating:

"Thank you, Mr. Speaker. I'll just be very brief. I know for a fact that ADC is interested in acquiring another \$33 million parcel, the last large parcel on this island, and I know our Finance Chair is an honest individual who works hard and does the best she can for all our members, and I admire her. I'm just wondering what the Senate is going to do, and I look with curiosity to see if that's going to be in the final budget that comes out. Because that, again, will just magnify the problem we have. Thank you, sir."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Mr. Speaker, this is a good news, bad news bill. Good news is, it pays attention to the farmers from a point of investing and creating in an entrepreneurial way, more farmers. We've given them lip service, now we're going to give them money. This is to, what DBEDT has done for its accelerators for non-farmers, for what the farmers can do. And it's to buy equipment and other things, and do marketing studies, *et cetera*. So, it's good, but where the bad news is, any corporation, particularly this one, that refuses an audit, in their testimony they think that's a bad idea, it's hard to go with them. And given what my colleagues have just said, Mr. Speaker, they deserve intense scrutiny, and an audit is a must, before I would vote full up on this. So with those reasons, I'm with reservations. Thank you."

Representative Thielen rose to respond, stating:

"Thank you. Second time, Mr. Speaker, and quickly. I would ask people to look at the vote record from the Senate side, it's pretty dramatic, with the number of noes and then the with reservations. So this is a measure that I'm sorry to see it moving forward, but at least it will go to a conference committee, unless the Senate agrees to the House's version. But I think this is, frankly, a very poor policy. Thank you."

Representative LoPresti rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2522, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Third Reading by a vote of 42 ayes to 3 noes, with Representatives LoPresti and Ward voting aye with reservations, with Representatives McDermott, Thielen and Tupola voting no, and with Representatives Choy, Fukumoto, Holt, Lee and McKelvey being excused.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3087, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm voting with reservations, because I'm a no on giving ADC more work to do under the papaya section of the bill, but I'm strongly a yes on the audit, so it's with reservations. Thank you."

Representative McDermott rose to speak in support of the measure with reservations, stating:

"Reservations, Mr. Speaker. And my feelings mirror those of my colleague from Kailua. The same rationale applies to me, sir. Thank you."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Say rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. S.B. No. 2576, SD 2, HD 1, Relating to Education.

Representative Ward: "Mr. Speaker, in case anyone missed it, on April 4, 1968, the assassination of Martin Luther King took place, a tragedy of a great American, and to be remembered on this day. Thank you."

Representative Gates: "Thank you, Mr. Speaker. Today, as my colleague noted, marks the 50th anniversary of the passing of Dr. Martin Luther King Jr. To commemorate his life and legacy, the NAACP and I will be holding an event today at 4 p.m. in the rotunda, and would like to cordially invite Members of the House as well as staff to attend. Thank you, Mr. Speaker."

At this time, the Chair stated:

"The Chair does have a few announcements. First, crossover filing deadline for House concurrent resolutions is 6 p.m. tonight. And secondly, non-fiscal single-referral bills filing deadline is tonight at 9 p.m. Please file your committee reports and drafts with the Chief Clerk's Office by the aforementioned deadlines."

**29th LEGISLATURE, REGULAR SESSION OF 2018
JOINT HOUSE and SENATE
COMMITTEES ON CONFERENCE PROCEDURES**

The Senate and the House have agreed to the following special procedures for all 2018 Regular Session Committees on Conference. These Conference procedures shall be effective from 8:00 a.m. on Monday, April 16, 2018, until 12:00 midnight on Friday, April 27, 2018.

1. Definitions

For purposes of these procedures:

"Chairs" refers to all of the designated chairs and co-chairs of a Conference Committee.

"Conference Committee" refers to the conference of the House Committee and the Senate Committee assigned by their respective chamber to resolve the differences between the House and the Senate over a particular measure.

"Lead chair" refers to the chair of the House Committee or the Senate Committee who is listed first on the Action Sheets, as provided by the respective chamber.

"Lead committee staff" refers to the staff of the lead Chair from the chamber from which the measure in conference originated.

"Managers" refers to all members of the House and Senate assigned to a Conference Committee.

2. Conference Committee Scope and Amendments

The authority of the Conference Committee shall be limited to resolving differences between the Senate and House drafts of a measure. Accordingly:

- a. With the exception of the Executive Budget, the Judiciary Budget, and the Budget of the Office of Hawaiian Affairs, a Conference Committee shall not amend a measure by inserting any unrelated or new subject matter.
- b. To assure the integrity of individual measures, the merging of two or more distinct but related measures into one encompassing measure shall not be allowed.

3. Conference Committee Meeting Times and Places

Conference Committee deliberations shall take place only between the hours of 8:00 a.m. and 12:00 midnight.

A Conference Committee shall meet in the conference room assigned or reserved, pursuant to the Room Scheduling Procedures and Guidelines and Room Assignment Schedule, as attached.

4. Initial Public-Meeting Notice

The signatures of all chairs shall be obtained before the notice of an initial meeting is posted or distributed. Prior to offering the initial meeting notice for signatures, the chairs shall consult with one another on the information to be included in the notice. Lead chairs from both houses are encouraged to sign meeting notices first, before distributing them to other chairs to sign.

Chairs shall provide at least 24 hours public notice of the first meeting of the Conference Committee and are strongly encouraged to provide more than 24 hours notice if at all possible. Written notices shall be submitted to the Senate Chief Clerk and the House Sergeant-at-Arms for official postings on the Legislature's website and Capitol bulletin boards. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.

5. Notice of Subsequent Meetings

- a. If agreement is not reached at a duly noticed meeting but the lead chairs of both chambers agree to meet again before midnight on the same day, the lead chairs of both chambers shall publicly announce at the meeting the time and place at which the Conference

Committee will reconvene. Written notice of the reconvening of the Conference Committee on the same day is not required to be distributed. However, written notice containing information on the subsequent meeting shall be submitted to the Senate Chief Clerk and the House Sergeant-at-Arms for official posting as soon as possible. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.

- b. If agreement is not reached at a duly noticed meeting but the lead chairs of both chambers agree to meet on another day, the lead chairs of both chambers shall publicly announce at the meeting the date(s), time(s), and place of the subsequent meeting(s), and submit written notice to the Senate Chief Clerk and the House Sergeant-at-Arms for official posting. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.
- c. If agreement is not reached at a duly noticed meeting and the date(s), time(s), and place of future meetings are not publicly announced at that noticed meeting, chairs shall ensure that a written meeting notice, signed by the lead chairs of their respective chamber, is submitted to the Senate Chief Clerk and the House Sergeant-at-Arms for official posting at least 24 hours in advance of the next meeting of the Conference Committee.

6. Attendance at Meetings

- a. To convene the initial conference committee meeting only the lead House and Senate chair must be present. All other conference committee managers, especially any co-chair, should attempt to be present.
- b. Once a conference has been opened, reconvening of any subsequent meeting of a conference committee shall require the following:
 - i. For the Senate, the lead chair or co-chair must be present.
 - ii. For the House, the lead chair must be present.
 - iii. All other conference committee managers, especially any co-chair, should attempt to be present at the convening of and during each meeting.
- c. For decision-making at a meeting, a quorum must be present. "A quorum shall be a majority of the House Committee managers and a majority of the Senate Committee managers, and shall include the lead House and Senate chair and majority of the chairs of the Conference Committee for their respective chamber." See Section 9.a of the "Procedures." The lead House and Senate chair of the conference committee must be part of this quorum.
- d. For a measure with fiscal implications, approval must be given by the chair representing the House Finance Committee and Senate Ways and Means Committee during the decision-making on the measure.

7. Conference Discussion

Except as authorized by the respective chairs, only the respective chairs may speak during conference. All other managers or other authorized persons shall be recognized by their respective chairs before speaking on any issue.

8. Decorum in Conference Committee Meetings and Courtesy to the Public and to the Managers

- a. Managers shall respect the differing views of other managers and conduct themselves in a courteous manner.
- b. Chairs shall ensure that meetings convene and reconvene at scheduled times. If none of the chairs of one of the Committees are present within 15 minutes of the scheduled meeting time, the chairs of the other Committee shall have the names of the absent chairs pagged through the State Capitol public address system.
- c. If none of the absent chairs are present within 30 minutes of the scheduled meeting time, the chairs present shall inform the managers and members of public present that the Conference

Committee cannot be convened or reconvened, and that, pursuant to 5c of these Committees on Conference Procedures, a 24-hour advance notice shall be provided for a subsequent meeting of the Conference Committee.

9. Decision-making Meeting

The decision-making meeting of a Conference Committee shall comply with the following open meeting provisions:

- a. A quorum of the Conference Committee shall be present for the decision-making meeting. A quorum shall be a majority of the House Committee managers and a majority of the Senate Committee managers, and shall include the lead House and Senate chair and majority of the chairs of the Conference Committee for their respective chamber.
b. To report a measure out of Conference Committee in amended form, Conference Draft (CD), a majority of the quorum of managers for each respective chamber shall vote in favor of the proposed amendments.
c. The lead chair (or the lead chair's designee) representing their respective chamber shall call the roll and be the recorder of the quorum and the votes on that measure for that chamber.
d. If, after naming a Conference Committee on a measure, the Conference Committee managers representing the chamber from which a measure originated agree to the amendments made by the non-originating chamber, only a quorum of those representing the originating chamber shall vote on the agreement at a duly noticed meeting.

10. Conference Committee Reports

- a. A majority of the House and Senate chairs, respectively, of a Conference Committee shall attest to the action of the Conference Committee by signing the Conference Committee Report on behalf of their respective managers; provided that no Conference Committee Report concerning a measure with fiscal implications shall be reported out of a Conference Committee without the signature of the chair (or the chair's designee) of each fiscal committee to which the measure is referred.
b. All House measures reported out of Conference Committee shall be filed with the House Chief Clerk, and likewise all Senate measures shall be filed with the Senate Chief Clerk.
c. If the Conference Committee votes to report the measure out, the Committee must file a Conference Committee Report and Conference Draft with the appropriate chamber's Chief Clerk.

11. Decision-making Deadlines

On the deadline nights for Final Decking of both non-fiscal and fiscal bills:

- a. Conference Committees shall conclude their negotiations by 6:00 p.m. to allow adequate time for final preparation of the bills and Conference Committee Reports.
b. To provide all chairs with ample opportunity to review and sign the Conference Committee Reports before filing, all Conference Committee Reports shall be available for review and signature by 9:00 p.m.
c. All Conference Committee Reports and Conference Drafts of measures shall be filed with the respective Chief Clerk by 11:30 p.m.

12. Electronic Transfer

Should a Conference Committee for which the vehicle is a Senate bill decide to use a proposal drafted by the House, the House chair shall have the House proposal electronically transferred to the appropriate Senate office so that the Conference Draft can be prepared. The converse shall apply to House bills with proposals drafted by the Senate that the Conference Committee agrees to.

13. Exceptions to these Deadlines and Procedures

Exceptions to these deadlines and other procedures may be made only with the advance written approval of both the Senate President and the House Speaker.

COMMITTEES ON CONFERENCE
CONFERENCE ROOM SCHEDULING
PROCEDURES AND GUIDELINES**

The following conference room scheduling procedures and guidelines shall apply to all Senate and House conference rooms beginning 8:00 a.m. on Monday, April 16, 2018, until 12:00 midnight on Friday, April 27, 2018.

Priority for the use of conference rooms will be given in the following order:

- First Priority: Standing Committee Bill Hearings
- Second Priority: Conference Committee Meetings
- Third Priority: Committee Hearings on Resolutions and Governor's Messages

Reserving a Conference Room:

House Conference Rooms (Rooms 309, 312, 325, 329, 423, or 429). If your committee is designated to use one of the House conference rooms, please reserve the room by contacting the House Sergeant-at-Arms office at 586-6500.

Senate Conference Rooms (Room 016, 224, 225, or 229). If your committee is designated to use one of the Senate conference rooms, please reserve the room by contacting the Senate Sergeant-at-Arms office at 586-6725.

Conference committees assigned to use a specific conference room will be given priority in using that room for conference committee meetings. (See attached Room Assignment Schedule)

All conference room assignments must be made by the respective Sergeant-at-Arms offices. Committees should not allocate the use of their assigned conference room to another committee without first contacting the House or Senate Sergeant-at-Arms office.

Coordinating the Use of Assigned Conference Rooms:

For those committees sharing conference rooms with other committees, it is recommended that you meet with respective committee chairs to formulate a basic timetable for sharing the room. Please do not reserve a block of specific times until a timetable has been agreed to.

If you have reserved a specific block of time which you no longer plan to use, please notify the respective Sergeant-at-Arms office as soon as possible to allow use by another committee.

If your committee needs to meet and your assigned room has already been reserved or is in use by another committee, please contact the House and Senate Sergeant-at-Arms to arrange for the temporary use of an available conference room.

Conference committees are encouraged to give as much advanced public notice for meetings as is possible. Please be aware that lower priority room usage may be postponed or relocated as we approach the deadline to complete conference committee meetings.

Exceptions to the Conference Room Scheduling Procedures and Guidelines may be made only with the advanced written approval of both the Senate President and the Speaker of the House.

Representative Thielen rose and asked that the Clerk record a no vote for her on both measures, and the Chair "so ordered."

Representative Ward rose to speak in opposition to both measures, stating:

"Mr. Speaker, same request, brief comment. Mr. Speaker, this is kind of like picking on the small guy. The small guy in the sense that it's a huge department with a small budget. We have over a million square miles of land, a million square miles of ocean. Unless they've really done something incorrectly, auditing them is a little bit of a damning with faint praise, and paying attention to them on something that otherwise may not be very important. But it's a huge responsibility that DLNR has, and a very, very strained budget. So for those reasons, Mr. Speaker, a no vote."

Representative Tupola rose to speak in support of both measures, stating:

"In support. Real quick, I do know that it's a big department, the most land rich, cash poor, and I do know that harming or creating extra things for a small department to do is not desirable. However, some of the programs, and a lot of them are actually out in our area, especially if you have a lot of ag in your district, there's always room for improvement, and there's quite a few things that I think we would like to see to be improved, especially their approaches towards some of the community initiatives that we've been having a really hard time with the department on. So I think it could be a positive thing, both for the agency as well as for the community. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. No. 69, HD 1, entitled: "HOUSE RESOLUTION REQUESTING AN AUDIT OF VARIOUS FUNDS AND PROGRAMS OF THE DEPARTMENT OF LAND AND NATURAL RESOURCES," was adopted, with Representatives Thielen and Ward voting no, and with Representatives Choy, Holt, Lee, LoPresti, Nakashima and Quinlan being excused; and

Representative Tupola rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support, brief comment. Thank you. We had a similar measure on our side, but this issue's really important. I'm kind of an advocate that there's a lot to be done in the community, aside from changing laws, but this one really does need to be changed. And I think, for a lot of the family members who have had people not even have a day in prison after killing a loved one, that's what's really hurting us. Two weeks ago there was a man killed in my district. The person who killed him didn't even know he had killed him until he had got to work.

"And so this is something that I think we need to address, and actually really can only be addressed through law. I know it's the going trend to have them take the plea deal, but I think for the peace of mind of the families, I think this would really, really help. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2582, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EXTENDED TERMS OF IMPRISONMENT," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Choy, Holt, Lee, LoPresti, Nakashima and Quinlan being excused.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2858, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Nakamura rose to speak in opposition to the measure, stating:

"I just want to register a no vote, with comments. The Department of Accounting and General Services noted several concerns, one being that the definition of construction also includes altering, repairing, and improving, it's not just new buildings that might be impacted by this. Also, that projects that are already in the process of being developed, or close to being in the construction phase, would be impacted by the July 1, 2018 start date. Finally, there's no distinction in the type of facilities.

"So while it might be appropriate to put a shelter in a high school, a new high school, it may not be appropriate for a restroom facility at a state park, that distinction is not made in this bill. And finally, there is no guidance on the number of individuals that would be protected in these shelters, so that guidance is also missing. So while I support the intent of the bill and what it's trying to accomplish, I believe there's more work that needs to be done to address these concerns to provide guidance for the people who are going to have to implement this. Thank you."

Representative Kobayashi rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition to Standing Committee Report 1912. I agree with the prior speaker. The bill is extremely, extremely costly because it includes all buildings, and impossible to achieve because the trigger date is July 2018. Thank you."

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative Nakamura be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2858, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SAFETY," passed Third Reading by a vote of 47 ayes to 2 noes, with Representatives Har and Tupola voting aye with reservations, with Representatives Kobayashi and Nakamura voting no, and with Representative Holt being excused.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2585, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations, brief comment. Mr. Speaker, we have heard this bill for probably five sessions in a row. We just heard it in Finance last week. B&F came vehemently against the bill even though the bill has evidently, from the veto of last year, been fixed. But they said basically, this increases the cost of government, and that's why they were against it. I have some reasons why I'm with reservations. Not because I've been a graduate assistant, but because if you add the numbers up, if you put the \$17,000 that they get in wages, added to the 8 to 10 or 11 or \$12,000 of tuition, that's probably \$25,000 to \$30,000, plus they get a master's degree, and they get a PhD in the end of it, and that can go three, four, five years.

"In fact, Mr. Speaker, last night at my beer summit, at Kona Brewery, Coach Rolovich said he has four graduate assistants. They are the ones who help analyze the plays and basically put the data into gear. I asked him if they were for this bill. He said, I don't know, but I know there was a move afoot in some college football teams to unionize the players. So I thought, well why don't we unionize the undergraduates then? But he said the football team actually backed off after they realized that they could lose their scholarships. Right now, you can get a scholarship at the UH, 85% of the football team, which is 100 members, they can't lose their scholarship unless they do something illegal.

"So my point is, they're probably well-protected, well-funded, except there's always a grievance. Nobody at the University is really happy because what you're learning is to be critical as a thinker, critical as an analyst, and the more critical you are, the better grade you get.

"But for the job that we have as the governing body of the State, I think we have to be fiscally responsible, and for someone who's getting a master's degree getting \$25,000 to \$30,000 a year, it's not a bad deal. I lived on it, in fact even saved money while I was a graduate assistant. For those reasons, Mr. Speaker, I hope the Governor stays true, vetoes this thing again, and that we will get on with academic excellence, rather than complaining about what they said in the Finance Committee was, we're poorly paid and harassed. Mr. Speaker, that was the quote of the representative, the graduate person. For those reasons, Mr. Speaker, I'm, again, still with reservations."

Representative Say rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2585, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING," passed Third Reading by a vote of 49 ayes, with Representative Ward voting aye with reservations, and with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1919-18) recommending that S.B. No. 2494, SD 2, HD 2 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2364, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations. The DLIR did include testimony referencing a court case that kind of addressed some of this. They had some really good reasons why they opposed it, but also, I think the bigger conversation that was had was about how it will affect small businesses. Per the state law right now, employers are already mandated to pay all treatment related to compensable injury, and adding this additional burden on top of it, and then some of these businesses not even having the funds to do it, dependent on their employee base. So those are my reservations. Thank you."

Representative DeCoite rose in support of the measure with reservations and asked that the remarks of Representative Tupola be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Nakamura rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. The Department of Labor and Industrial Relations has raised numerous concerns, as key provisions of this bill are contradictory and could result in legal ambiguities, including employers' due process rights and logistics relating to reimbursements if claims are non-compensable. So for these reasons, with reservations."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative Nakamura be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative San Buenaventura rose to speak in support of the measure, stating:

"In strong support. For so many years, a lot of employers have stopped paying for medical services for disputed claims, and so a lot of injured employees have gone without, to detriment to having worse industries because of it. I believe this is a small step towards what workers' comp was meant for. So, in strong support."

Representative Tupola rose, stating:

"Thank you, Mr. Speaker, if you could change my reservations to a no."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2364, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Third Reading by a vote of 46 ayes to 3 noes, with Representatives DeCoite,

Har, Nakamura and Thielen voting aye with reservations, with Representatives Matsumoto, Tupola and Ward voting no, and with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1922-18) recommending that S.B. No. 2122, SD 1, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2122, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTRIC VEHICLES," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1923-18) recommending that S.B. No. 2609, SD 1, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2609, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Thielen moved to recommit Stand. Com. Rep. No. 1923-18 and S.B. No. 2609, SD 1, HD 1, seconded by Representative Ward.

Representative Thielen rose to speak in support of the motion to recommit, stating:

"Mr. Speaker, what this bill is, it's relating to the financial disclosure statements that are available for the public to see when people are appointed to boards and commissions of the State. The reason it is necessary to recommit the bill, and that's what I'm speaking on now, is that Article XIV of our constitution requires all boards and commission members who wield significant discretionary or fiscal powers to file financial disclosure statements to promote transparency and accountability. It doesn't matter whether these board and commission members are nonpaid volunteers, they still wield significant discretionary or fiscal powers.

"This bill that I'm asking to recommit, Senate Bill 2609, will require the redaction or the hiding of all financial interest amounts on the financial disclosure statements. So in other words, the public would be able to look at a meaningless document, because the financial information would not be included on that, it would be hidden.

"There were a number of good government testifiers that opposed this bill, and they include League of Women Voters of Hawaii, they include the Hawaii Chapter of the Society of Professional Journalists, they include Common Cause Hawaii, they include the Kupuna Caucus of the Democratic Party of Hawaii, Hawaii Advocates For Consumer Rights, and the Hawaii State Ethics Commission.

"The bill should be recommitted, Mr. Speaker, to allow the Judiciary Committee to have time to analyze the constitutional provision, because I believe the measure, as it stands, is unconstitutional. Thank you."

Representative Tupola rose to speak in support of the motion to recommit, stating:

"Thank you. In support of the recommitment. I just wanted to also share that there's 160 boards and commissions. Just so that those members know that it's not every single board and commission, but it's actually outlined in the bill which ones, and so the number one board and commission is actually the Agribusiness Development Corporation. The second one is the Board of Agriculture, State Ethics Commission, Hawaii Community Development Authority, HCDA—"

Representative Belatti rose to a point of order, stating:

"Mr. Speaker, point of order. Debate on the motion to recommit should be confined to the merits of the motion, and not the substance of the bill being recommitted."

The Chair addressed Representative Tupola, stating:

"Yes, please confine your remarks, Representative Tupola."

Representative Tupola continued, stating:

"Thank you. And so the point I'm making is that the recommitment, because this is including boards that I don't think everyone is aware of, I heard that some of the testimonies in Labor saying that it's for all the boards and that this is why people don't want to join boards, which that wasn't the reason. And so, definitely on the recommitment, it's to look at, really, the content of this, and make sure that we're not doing something that we don't totally understand how the effects are going to be had. Thank you."

Representative Johanson rose to speak in opposition to the motion to recommit, stating:

"Thank you, Mr. Speaker. In opposition to the motion to recommit. While I think this body always brings up good points on the floor, what I will say is that the bill has a defective date, so all these questions that people have still have time to be considered, including whether or not it's constitutional, in the conference committee, thus not needing to be recommitted today. Thank you."

Representative Thielen rose to respond, stating:

"Thank you, Mr. Speaker. A brief rebuttal to my colleague across the aisle. Conference committee is no place to examine whether or not a measure is constitutional. The proper place is to look at that in the Judiciary Committee. My colleague, our Minority Leader, brought up a very good point when she was cut short. It is relevant to list the entities, the boards and commissions that would be exempt from having these financial disclosures of their members, because what it could do is stop government from functioning. The ADC may be somewhat minor, rather secretive, but you take a look at some of the others, such as—"

Representative Belatti rose to a point of order, stating:

"Mr. Speaker, point of order. Again, motion to recommit debate must be confined to the procedural debate, and not the substance."

The Chair addressed Representative Thielen, stating:

"Representative Thielen, could you please confine your remarks? Thank you."

Representative Thielen continued, stating:

"I am. What I'm saying, Mr. Speaker, the need to recommit is very drastic, because when you look at the HCDA, you look at HHFDC, you look at the Board of Land and Natural Resources, if their decisions are challenged because this measure is unconstitutional, we are going to create vast chaos within our government and in the public sector. We can't go ahead with a measure that is constitutionally infirm, and that's why recommitment is very appropriate at this point. Thank you."

Representative Nishimoto rose to speak in opposition to the motion to recommit, stating:

"Thank you. Just very briefly, in opposition. Mr. Speaker, the previous speaker serves on the Judiciary Committee, and she never did raise a constitutional issue."

Representative Ward rose to speak in support of the motion to recommit, stating:

"For the motion to recommit, Mr. Speaker. Couple of reasons. In support. Judge Brandeis said that sunlight is the best disinfectant. I think those were guiding words for all of us and what we do publicly, what we do administratively, *et cetera*. This is a season of unethical behavior in government. Not only nationally, but locally, Mr. Speaker. This is a—"

The Chair addressed Representative Ward, stating:

"Representative Ward, please confine your remarks to the motion before us. It's a procedural motion to recommit."

Representative Ward continued, stating:

"Procedural motion is saying we need more deliberation. We need to put more sunlight onto this bill before we go quickly, to allow redacting. The irony, Mr. Speaker, is that the Ethics Commission itself will be exempt from this. Isn't that a great irony? And as my colleague indicated, the Ethics Commission is against this. They are the ones who the adjudicators of, if you will, are the referees of what's ethical. And they don't think this is ethical. So what we're doing by speeding this thing up and committing it to a vote is unethical.

"Redacting should not be allowed for the sake of openness in government and transparency, of which all of us preach and all of us run for reelection on. Mr. Speaker, let us not be hypocritical. Let's recommit this bill, let it go back to be digested in its proper form, and get this ethical cloud that's over the State of Hawaii away. It'll benefit all of us. For those reasons, Mr. Speaker, this is a very good recommitment motion."

Representative LoPresti rose to speak in support of the motion to recommit, stating:

"Mr. Speaker, I stand in support of the recommitment. I was going to stand and speak in opposition to the bill, and I still plan to do that if we fail on the recommitment. I support a recommitment because I don't think that this body should even consider this bill. I'll reserve my remarks for what I suspect will be voting down of the recommitment and voting no on the bill itself."

The motion was put to a vote by the Chair and upon a voice vote, failed to carry, with Representative Holt being excused.

(Main Motion)

Representative McDermott rose to speak in opposition to the measure, stating:

"Mr. Speaker, I stand in opposition to the measure. Mr. Speaker, financial disclosure statements are very broad and nebulous by nature. They include ranges of ownership and ranges of income, denoted by alphabetical numbers, for somewhat protection of the people filing. We all here in this body file financial disclosure forms. I suggest you look at mine, you will not be impressed. But we have folks, there was a case of a well known banker a few years ago who decided not to serve on the UH Board of Regents because he didn't want to disclose his holdings. Well everybody knew he was rich already, I mean, that wasn't the deal. He just didn't want to disclose his holdings. And a bank president has his fingers in many things, so maybe he felt uncomfortable.

"But there are plenty of good people in this community, in a state of 1.2 million folks, who would gladly serve. Good, talented folks who will gladly display their assets and wealth, because there's not that many of us that are that wealthy, Mr. Speaker. Most of us come to work every day, do the best we can and try to put away a couple bucks. But this measure, I don't know the majority would put this forth, Mr. Speaker. Oh, by the way, I did vote no in committee, and so did my colleague, the Representative from Kailua, just as a point of information. After studying it, we might want to ask more questions on the floor, and of course conference committee, it's pointless at that time.

"The disclosure forms are broad and nebulous, and so for the majority to put this forward, the same body that, as I recall, unless I have early onset of Alzheimer's, last year was asking for the President's tax returns, which is detailed information, down to how much interest you got on municipal bonds. So I'm trying to reconcile the schizophrenia between asking for tax returns from some officials, and then more locally where it actually impacts us, on a daily basis, people in powerful positions being exempt from disclosing what holdings they have. I mean, this is very real. Imagine someone on DLNR has land holdings that are adjacent to a development

property, and they're going to vote whether that development goes through, yes or no. We have no way of knowing if they have a personal interest in it. And Mr. Speaker, history is rife with people taking advantage of government and the system to personally benefit themselves.

"And so we would be well advised not to proceed with this measure, because we're tempting people. We're tempting them. We're saying, don't disclose anything and you can vote on these measures, which you may have a personal interest in. Even if the fella or gal is honest and votes up because they think it's a good idea, and they have an interest next to it, we'll never know. So for those reasons, sir, I just think that this is inconsistent with the majority's mindset as a body, and what they certainly put forward last year, repeatedly, regarding tax returns. If we're going to ask for someone's tax return on a national level, and then we don't ask for local guys, who actually impact us, for their own financial disclosure, it makes no sense to me, sir. And for that reason, I'll be voting no."

Representative LoPresti rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In strong opposition. I'd first like to adopt the words of my colleague from Ewa Beach as if they were my own," and the Chair "so ordered." (By reference only.)

Representative LoPresti continued, stating:

"Don't have a heart attack. Mr. Speaker, I think this is a very serious matter. There is a lack of confidence in government today, across the nation and in Hawaii. There is the perception that we are a government of the rich, by the rich, and for the rich. This bill encourages that view, because it will erode confidence in government. Mr. Speaker, I've had several of these wealthy folks in my office, as I know many of my colleagues have had, and I've been floored by the obtuse audacity that some of these people have declared that the reason we don't have smart people on boards and commissions is because we're not allowing wealthy people on them. And this false equivalency between wealth and intelligence, between wealth and ability, is offensive. It's also just plain wrong.

"Indeed, most spiritual traditions, most intellectual traditions, most philosophical traditions draw a very clear, sensible line, and puts arguments against the idea that somehow seeking wealth is wise, that the truly wise actually avoid wealth. And instead what we're going to do is encourage the hiding of wealth and encouraging opportunities for conflicts that the people will be ignorant of. That is the only purpose of this measure, and it is wrong. It's a shameful proposal, and I'm strongly opposed to it."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. Mr. Speaker, in addition to adopting the remarks of the two gentlemen from Ewa Beach, may I add a few words," and the Chair "so ordered." (By reference only.)

Representative Ward continued, stating:

"Mr. Speaker, the reality is that boards and commissions are appointed with political flavoring, political spin, political ingredients. They are appointed by either yourself, or the President of the Senate, or the Governor, and there's usually a connectivity between that person and something political in who they are or what organization they represent. And my point, Mr. Speaker, is disclosures are intended and our very purpose is to defuse the politicization of those things by being open and by having disclosure. Saying, here if there is some, if you're on a particular board and you happen to have interest in something that's very conflicting with that particular board, the public should know.

"Mr. Speaker, I wrote a book on disclosure of politics for USAID. When the people of South America realized that their president was elected by drug money, they were aghast. But because of disclosure, not redacted financial but actual physical evidence of where money came from.

"The point is, Mr. Speaker, this bill is inflaming the political process of appointments, instead of defusing it. And the whole purpose of disclosure is to defuse the politicization of these things and to make it open for the

public to see. Mr. Speaker, we have an obligation to be open with the public, and to do what we're doing here shows we got something to hide or somebody to protect or some agency that is up to something untoward, because who they don't want to attract and who they may want to attract. It doesn't pass the smell test, Mr. Speaker. My colleague used the famous quote of Hamlet the other day, something is rotten in the state of Denmark, something is rotten in the state of this bill, and it should be rejected. Thank you, Mr. Speaker."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Mr. Speaker, when we look at the bill before us, at HD 1, the only thing being redacted are the amounts reported. What continues to be reported these nonpaid volunteer members who we are asking to serve the public, the source of the income is still reported, as well as a whole list of things identified in HRS 84-17(f). So, there is still much transparency, it's simply the amounts that are going to be redacted. Thank you, Mr. Speaker."

Representative Johanson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This is one of the many measures that I think the body has considered with respect to how do we attract the most qualified people to serve in nonpaid boards. And whether this is the perfect vehicle or not, I think the Majority Leader just made the most salient point, which is that any conflict can still be diagnosed, it is still transparent. It's not obscuring that fact. So there can still be investigation, there can still be transparency there. But I think it's important, especially in a small state, and it's not necessarily respect of your income, but I do think some of the testimony we heard in the Labor and Judiciary Committees, there are people who are sometimes discouraged, inadvertently, by what we may have on the books, from serving.

"And so I think this is part of a necessary and broader conversation of how do we ensure that our current laws most enable the best qualified people to serve in the most transparent manner possible. So again, whether or not this is the perfect vehicle, it's part of a broader conversation that I think we need to ensure that our boards and commissions that are unpaid are full of people who do want to serve, who have the necessary expertise to help advise and/or oversee. Again, while remaining transparent. Thank you."

Representative San Buenaventura rose to disclose a potential conflict of interest, stating:

"I'd like to declare a conflict. My husband serves as a volunteer with one of the state boards," and the Chair ruled, "no conflict."

Representative San Buenaventura continued, stating:

"I'd like to have it continue for the rest of the session, however short it is. Thank you," and the Chair "so ordered."

Representative San Buenaventura continued and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Now I can speak on the bill itself. I continue to be in opposition of the bill and in favor of the failed recommittal. The Majority Leader brought up a point, basically, don't worry about it, only the amount is redacted or hidden, but just take a look at this. This bill covers the powerful Public Utilities Commission members. So, someone is appointed to that body and puts down one of their holdings happens to be Hawaiian Electric. It's meaningless if you don't have the alphabet letter showing what is the amount, the range of amount, of those holdings.

"The only good thing I can find about this bill is that it didn't originate in this body. It came out of the Senate, sponsored by the Ways and Means Chair. We didn't start this, he did. And then you take a look at it, as it came out of Ways and Means and passed from the Senate, it's pretty dramatic that they had seven noes voting against this measure, and on top of that they had three with reservations. So, 10 out of the 25 on the Senate side were signaling, this is a bad policy, it's a bad bill. And I think if you all take a

look at the names, there's some very, I maybe need to say a conflict, potential conflict, Mr. Speaker. Senator Laura Thielen, my daughter, was one of the noes."

Representative Belatti rose to a point of order, stating:

"Mr. Speaker, point of order. Mr. Speaker, it's inappropriate to be speaking about the other Chamber. It's also inappropriate to be speaking to the intent of--"

At 1:28 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:30 o'clock p.m.

Representative Thielen continued, stating:

"Thank you, Mr. Speaker. I just wanted to have a ruling on that potential conflict," and the Chair ruled, "no conflict."

Representative Thielen continued, stating:

"Thank you. Mr. Speaker, when we try to show that we are being open with our government and that we're being responsive to our constituents and to the broad community out there, I think that we need to take the high road. And I look at this bill as trying to go underground and saying, gee we want to have these powerful members of these powerful Board of Land and Natural Resources, Public Utilities Commissions, Land Use Commission, which makes major, major land use decisions on reclassifying land, and we want to be able to put these people on there, but hide, basically hide from the public what their value is of their different holdings. It's not a specific dollar figure, it's a broad range, as we all know, because we file those reports.

"This is such a step on the road to degradation, to bad government. I just can't believe our body accepting something like this that came over from the other Chamber. It should have just sat and not had any movement on it. So I would ask members, I know what the reality is, I mean we're sort of outnumbered here, although we do have some, I want to appreciate that some colleagues from the other side of the aisle that are also opposing this, but I know there are overwhelming numbers that will be able to pass this through. It does not have to ever have a conference committee scheduled. And I would say that that at least would allow us to keep the dignity and the necessary open government that we should all be proud of. And I say again, the only good thing is, this did not originate in this body. Thank you."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In strong opposition. Thank you. Two things. One is that I don't think we've ever all seen any research studies showing us that there is a direct nexus between us not showing dollar amounts and all of a sudden people signing up to be on boards and commissions. There's other reasons which, one, some of the members of boards and commissions that I've talked to that live on neighbor islands that don't get reimbursed for that. Two, perhaps not even being appointed. Some of the vacancies were not even filled, not even asked, actually. Three, it could be anything from the effectivity of the boards.

"There's many reasons why there wouldn't be these filled vacancies for boards that are voluntary, but we don't know for sure if by clearing out the number of how much they've given to other companies is actually going to make people just come by the hordes to come sign up for boards and commissions. And so I see that that's maybe the reason for some people, but it shouldn't be the underlying reason as to us believing that this is going to fill all the boards and commissions.

"And I did want to say that in committee, one of the testimonies that I heard even said that the CDC chair had stepped aside when she was found to have disclosed that she was putting money into tobacco settlements. And so what it is, is that yes, we want to see what people are contributing to, but the amounts do make a difference.

"And I want to read the boards so that everyone knows what boards these are. These are very big boards that make lots of decisions for our state. The Commission on Water Resource Management, the Public Utilities Commissions, the Board of Directors at Hawaii Public Housing Authority, the Board of Directors of the Natural Energy Laboratory of Hawaii Authority, the Natural Area Reserves Systems Commissions, the Legacy Land Conservation Commission, the State Land Use Commission, BLNR, the Board of Directors of HHFDC, Hawaiian Homes Commission, the Hawaii Community Development Authority, State Ethics Commission, the Board of Agriculture, and the Board of Directors of the Agribusiness Development Corporation. So that people know that those are the boards that we're talking about. Thank you."

Representative McDermott rose to respond, stating:

"I'll be brief, Mr. Speaker, I'm getting hungry. Still in opposition. Just a thought, the majority party has always fought for the little guy. Is that what you're doing here? Thank you."

Representative Ward rose to respond, stating:

"Second time in opposition, Mr. Speaker. Speaking of the majority, I want to commend the majority leadership for giving the great leaky roof analogy. Hey, 90% of the roof is fixed, but you know, Mr. Speaker, if you fix 90% of the roof, it still leaks. This bill is leaking all over us. It's lowering the ethical standards that we have, it's lowering the bar. It's the common denominator that keeps us with moral authority in the eyes of the public, but this bill lowers us in the eyes of the public, Mr. Speaker. No good can come out of this bill. Bottom line, it's a bad bill. Thank you."

Representative LoPresti rose to respond, stating:

"Still opposition, I'll be brief. I just wanted to state, some of you know I recently had a health scare, and it helped to really clarify things for me that if I don't vote my conscience, I have no right being here. And I don't ask any of you to listen to me, I ask you to listen to your conscience, and vote against this unethical bill. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I wasn't going to rise, and I'm in support, because you're in support, because this is you and I, we're the ones that did the underlying measure on this. Remember a few years ago when we took a bill that was supposed to disclose a salary range, like other state employees, for, I believe, just the PUC, and then we expanded it to everybody. And along the way we made it detailed amounts. And so what happened was, this bill came forward.

"I agree with my colleague from Kailua, perhaps the genesis of the bill is not one that makes me grow to love it, but at the same time I think that having classifications, that you can easily look up on the internet, that we all have to file, doesn't take away what we're trying to do, which was, what is the source of the outside income, and does that source, that range of source, perhaps, could that play into, perhaps, troubling decisions or issues that are in front of these boards and commissions.

"So because you see that there's a discussion still to go on, 2050, it's going to conference, and because I think what we were trying to do is still intact in the bill, I'm standing in support of it. Thank you."

Representative Evans rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations. Mr. Speaker, I know that so many people in the community really want transparency, and I believe that's why we passed this bill that was referred to by the previous speaker. But I do think, hopefully as it moves through conference, maybe there's a way to find some compromise language and really come up with some way to determine what really we want in terms of transparency and accountability for people that, I believe these boards and commissions they make some major, major decisions that impact everybody's life in the state. So, with reservations. Thank you."

Representative Matsumoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Mr. Speaker, I rise in opposition to this bill.

"This bill would prevent the disclosure of financial information owed to the public.

"Article XIV of our constitution requires all board and commission members who wield 'significant discretionary or fiscal powers' to file financial disclosure statements to promote transparency and accountability.

"Without the disclosure of the magnitude of their interests, the public may not trust the actions of the member or even the board/commission. For members of very high-profile boards and commissions, such as the Board of Land and Natural Resources, the Hawaii Community Development Authority, and the Ethics Commission, the public would still be allowed to see that an individual held a financial interest in a particular entity but would have no way of knowing whether the interest was \$1,000 or \$1,000,000. I have concerns that this bill moves in a direction that is not transparent – the public has a right to know about financial interests, and redaction of the financial interests would render the disclosures meaningless.

"Disclosure, transparency and accountability are hallmarks of good government. We need to do everything we can to improve public confidence in our government, and this bill is moving in the wrong direction.

"For these reasons, Mr. Speaker, I am in opposition to this measure. *Mahalo* for the opportunity to speak."

Representative Cachola rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'll be voting with reservations, and just like the Representative from Maui, the effective date is still defective, so hopefully in conference they'll fix it, and we'll decide later on what comes out in conference committee. Thank you."

Representative Kobayashi rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Sometimes, one size does not fit all. Having financial disclosure categories like above and below \$1,000, above and below \$5,000, above and below \$10,000, may be insignificant, but at a certain point, I'm not sure when, maybe it's six digits, it does become significant. So maybe there could be disclosure, but perhaps in different categories or ranges. Thank you."

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Please have the Clerk note my reservations, and change my vote from in opposition, please."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2609, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO FINANCIAL DISCLOSURE STATEMENTS," passed Third Reading by a vote of 37 ayes to 12 noes, with Representatives Cachola, Evans, Har, Kobayashi, San Buenaventura and Say voting aye with reservations, with Representatives Creagan, DeCoite, Gates, Ing, LoPresti, Matsumoto, McDermott, Quinlan, Thielen, Tokioka, Tupola and Ward voting no, and with Representative Holt being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1924-18) recommending that S.B. No. 2351, SD 1, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2351, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Fukumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support and request to insert written comments, please. Thank you."

Representative Fukumoto's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this measure. I am grateful for the collective efforts of the Women's Legislative Caucus in introducing this bill and the companion House bill which moves Hawaii closer to equal pay for all of its citizens. Over 50 years after the women's movement began, it is atrocious that women still only make 80 cents for every dollar that men make. We must do better, and this is an excellent first step.

"I have issue with how we have behaved as elected officials over this measure, however. That an issue like equal pay, for which women have been fighting for so long, should be used as a vehicle of political chess playing and creating division between women is disappointing and disrespectful. As the individual who drafted the language of this bill, I believe both this measure and its House companion, HB 2137, should have been moved through the legislative process to allow for the issue to be thoroughly vetted and assessed by all interested parties prior to landing in conference committee.

"The people of Hawaii deserve better from us on issues of such import. We can and should do better for them."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2351, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EQUAL PAY," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1925-18) recommending that S.B. No. 2610, SD 1, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2610, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO STATE EMPLOYEES," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1926-18) recommending that S.B. No. 3025, SD 1, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 3025, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONSUMER PROTECTION," passed Third Reading by a vote of 46 ayes to 3 noes, with Representatives Matsumoto, Tupola and Ward voting no, and with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1927-18) recommending that S.B. No. 2333, SD 2, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2333, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO RETIREMENT SAVINGS," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1928-18) recommending that S.B. No. 2766, SD 2, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and

S.B. No. 2766, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1929-18) recommending that S.B. No. 2767, SD 2, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2767, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE EMPLOYEES' RETIREMENT SYSTEM," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1930-18) recommending that S.B. No. 481, SD 2, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 481, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO IMPORTANT AGRICULTURAL LANDS," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1931-18) recommending that S.B. No. 2911, SD 2, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2911, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL DUE DILIGENCE," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1932-18) recommending that S.B. No. 3058, SD 2, HD 2 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3058, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. On 1932, I would just like to note my reservations. And again, as long as it stays with the Banyan Drive region and a pilot project, that's fine, but I want to watch it till the very end. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3058, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," passed Third Reading by a vote of 49 ayes, with Representative Thielen voting aye with reservations, and with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1933-18) recommending that S.B. No. 783, SD 2, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 783, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1934-18) recommending that S.B. No. 1208, SD 2, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 1208, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING

TO AGRICULTURE," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1935-18) recommending that S.B. No. 2846, SD 2, HD 2 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2846, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO IRRIGATION," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1936-18) recommending that S.B. No. 2337, SD 1, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2337, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WASTE MANAGEMENT," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1937-18) recommending that S.B. No. 2519, SD 2, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2519, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'd like to cast a no vote on Senate Bill 2519 and a few comments. Mr. Speaker, this bill will authorize the Agribusiness Development Corporation, the ADC, to enter into contracts with private businesses to remove select municipal solid waste, glass, food and green waste from the waste stream, to use in other business sectors, and it also will enable them to contract out for particular projects. It's another, I guess another example of how we're continuing to throw scope of work and money at ADC, an entity that very severely needs to be audited, and we need to know more about what it's been doing, what it hasn't been doing. Has it been making errors, has it been operating correctly, using the taxpayers' money. We need to find that out before we do anything more. So, a no vote."

Representative Nakamura rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations and comments. I'm concerned that some of the recycling may be appropriate on agricultural lands controlled by ADC. I think green waste and maybe composting if it's related to an agricultural use seems appropriate, but other types of recycling, used tires, building materials, and other industrial waste, to me may not be appropriate on ADC lands. And so for these reasons, with reservations."

Representative Lee rose to speak in support of the measure, stating:

"Thank you. In support, Mr. Speaker. I just note that while this bill moves on to the conference committee, some of these issues which have been raised I think by some of our colleagues will be looked at and sorted out. We do think there's potential to leverage some of the resources available in our municipal waste stream for better purposes. We note that some of the contracts the City and County has with H-POWER and other entities which currently capture most of that waste stream are probably not the absolute most efficient and highest priority use of those materials. So we do want to explore these other options, and just ask for that opportunity to continue the conversation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2519, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENVIRONMENT," passed Third Reading by a vote of 45 ayes to 4 noes, with Representative Nakamura

voting aye with reservations, with Representatives McDermott, Thielen, Tupola and Ward voting no, and with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1938-18) recommending that S.B. No. 2567, SD 2, HD 2 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2567, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CESSPOOLS," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1939-18) recommending that S.B. No. 2972, SD 2, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2972, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LAND DEVELOPMENT," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1940-18) recommending that S.B. No. 3001, SD 2, HD 1 pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 3001, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1941-18) recommending that S.B. No. 192, SD 1, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 192, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Choy and Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1942-18) recommending that S.B. No. 508, SD 1, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 508, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Choy and Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1943-18) recommending that S.B. No. 2257, SD 1, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2257, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Choy and Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1944-18) recommending that S.B. No. 2514, SD 1, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2514, SD 1, HD 1 pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Morikawa.

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2514, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Tupola and Ward voting no, and with Representatives Choy and Holt being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1945-18) recommending that S.B. No. 2890, SD 2, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

THIRD READING

S.B. No. 2821, SD 1, HD 1:

Representative Belatti moved that S.B. No. 2821, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just wanted to make it clear for the members. My apologies to the members that what we had intended to do in this bill, we need to correct in conference. So for the college savings account, 529 account, the intent was to apply it so that we don't conform to the federal 529 tax reform, which now allows college savings accounts to be used for private, lower K-12 private school education as well, which the members felt is not a good policy, but we expanded it so that all 529 would not be conformed. So we will fix that in conference, for transparency. Thank you."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, S.B. No. 2821, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CONFORMITY TO THE INTERNAL REVENUE CODE," passed Third Reading by a vote of 48 ayes, with Representatives Say and Tokioka voting aye with reservations, and with Representatives Choy and Holt being excused.

S.B. No. 3095, SD 1, HD 1:

Representative Belatti moved that S.B. No. 3095, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Creagan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I ask that I be allowed to submit written comments to the Journal in support, strong support. Thank you."

Representative Creagan's written remarks are as follows:

"I am in strong support of SB 3095, SD 1, HD 1.

"When I first came to the Legislature I had not heard of chlorpyrifos by that name and had to learn to spell and pronounce it. But I did my homework

and realized what a disaster this pesticide has been for the brains of our country's babies and children. It is an organophosphate that acts by inhibiting acetylcholinesterase – an enzyme that breaks down acetylcholine. Acetylcholine is a neurotransmitter that controls the nerves in the bodies of insects, and in our own brains and bodies.

"While organophosphates were originally developed as pesticides by German chemist Gerhard Schrader to help produce food for the Nazi war effort, they were so toxic they could not be safely used. They were then turned into weapons of war and Schrader and others developed the organophosphate nerve agents Tabun and later Sarin. Sarin was recently used by the Syrian dictator Assad to murder civilians including babies and children. Chlorpyrifos was developed by the chemical company that was the precursor to Dow in the 1960s. Let us not forget Dow was one of the major manufacturers of Agent Orange that is still devastating the countries where it was indiscriminately and massively sprayed. Not a very reassuring pedigree.

"One of the testifiers in a recent hearing on chlorpyrifos stated, 'Chlorpyrifos is an efficient and cost-effective tool that is used by landscapers, government, golf courses (*don't pregnant women play golf?*), hotel industry (*that should reassure our pregnant tourists*), and farmers to control pests.' It also seems that Assad appears to find Sarin gas, the close cousin of chlorpyrifos, a very efficient and cost-effective tool in eradicating pesky civilians who opposed his dictatorship.

"Nicholas Kristoff of the New York Times says since chlorpyrifos is too big a mouthful for some (perhaps those exposed to chlorpyrifos as babies) we should just call it 'Dow's nerve gas pesticide.' While a small amount is needed to cause symptoms in adults, in unborn babies there is no known lower limit that will not cause some permanent brain damage. Even if our pregnant women are not sprayed with this nerve-gas pesticide they will get a dose toxic to their unborn child in the 'fresh fruits and vegetables' they are advised to eat, which are too often laden with chlorpyrifos.

"We are currently experiencing a growing epidemic of neurodevelopmental disorders including autism and ADHD in our children. While we know there may be a genetic component to conditions such as autism, we saw that condition rarely in the past and therefore it is clear that environmental factors are largely responsible for this increase. Dow's nerve gas pesticide is not the only environmental culprit, but it seems to be the worst and the evidence that chlorpyrifos alone can cause these harms is steadily accumulating and is now overwhelming.

"Our own EPA when it was less compromised back in 2001 recognized that the indoor use of specifically chlorpyrifos was causing brain damage to babies and children in the apartments of New York where it was used to control roaches and other vermin. Studies of exposed children have continued and have now been going on for 18 years and continue to document the severe brain damage caused by that exposure. The EPA was poised to ban chlorpyrifos completely but settled for a ban on most indoor uses in 2001. Our recent EPA was poised to extend that ban to all food uses last year, but then we elected President Trump and Scott Pruitt took over the EPA, and that ban supported by 10,000 pages of evidence was scrapped.

"The European Union has now banned chlorpyrifos for all but a tiny exception of brassica seedlings, based on all the accumulating evidence, and by the economic harm caused by the neurodevelopmental injuries to their children which were estimated to be \$120 billion per year!

"Our *keiki* are born into an increasingly competitive world. Jobs requiring high intelligence are very desirable and often pay the best. Why then would we continue to use a pesticide that damages our children's brains? What is the benefit? The benefit is to the bulging coffers of the chemical companies. We have recently and rightfully spent a lot of money to cool our children's classrooms. How sad that we are cooling our classrooms but doing little to prevent future students' brains being fried by a brain damaging chemical. We can correct inadequate classroom environments, but we cannot correct the irreversible damage caused by Dow's nerve gas pesticide.

"People might ask, what good would it do to ban chlorpyrifos in our state if so much of the produce coming into our state from California and Mexico and elsewhere is laden with chlorpyrifos. If we ban it here our locally

produced food will be 'Hawaii grown – Chlorpyrifos free.' Organic food would be the safest for our pregnant mothers and other states do recommend that, and our state should be properly warning our pregnant mothers and those with small children; but a ban of this toxic chemical could give a great boost to the safety and desirability of our locally grown food, organic or otherwise. In a time when rat lungworm disease is causing concerns about our local produce, a ban on chlorpyrifos in this state would boost the relative safety of locally grown food. California has placed chlorpyrifos on its Proposition 65 lists as a chemical known to cause harm to unborn babies and young children. Soon produce coming in from California may bear a warning label. Let Hawaii be proactive and warn our people now and provide a safer local alternative. Let us support our local farmers in protecting themselves and their customers by helping them find safer alternatives to chlorpyrifos.

"Lastly, this is a moral issue. This is a social justice issue. This poison disproportionately effects farmworkers, unborn babies of mothers without medical or prenatal care, the poor who cannot afford chlorpyrifos free organic food, and the less educated who aren't aware of the danger to the brains of their children and unborn babies. It has been pointed out that 90 to 100 countries are still using chlorpyrifos. How many countless millions of babies and children are being injured in those countries? Is that not a crime against humanity? Should we not speak up for those who are still being fed fake reassurances and fake science? Let us be a beacon of sanity in a world being rapidly obscured by a fog of chemicals and a fog of misinformation by the chemical companies. Let us ban chlorpyrifos now!

"As Rachel Carson wrote in her seminal book on pesticides, *Silent Spring*, '...we should no longer accept the counsel of those who tell us that we must fill our world with poisonous chemicals; we should look about and see what other course is open to us.'"

Representative DeCoite rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations and a brief comment. Mr. Speaker, while I'd like to thank the Chair of Finance for making the amendments to the bill, pesticides in all shape or form kills. Without proper education for all of those who buy pesticides off the shelf, and the relationship of incidents of the evacuation, whether it be schools or residents, I believe the incorporation of all pesticides and the safety of all our kids at the school should be incorporated into the bill. And I would like to add additional comments to the Journal. Thank you, Mr. Speaker."

Representative DeCoite's written remarks are as follows:

"With reservations. I have reservations about this bill because it is incomplete. All pesticides are poisons and if we are going to ban pesticides containing chlorpyrifos, then we should ban all pesticides. No exemption should also be given to pest control operators. Pesticides and harmful chemicals used inside the home or school also must be a part of this bill. This bill seeks to address the risk of agricultural pesticide drift to Hawaii's schools but does not address concerns associated with pesticide drift attributed to residential use. The Department of Agriculture has testified that pesticide odor complaints have been attributed to residential use. Another major concern I have with this bill is that it may negatively impact not only the large agricultural producers, but also the smaller local farms that are trying to grow and at the same time stay in business. *Mahalo*."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Kong rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in support of Senate Bill 3095, House Draft 1.

"Crafting good laws and policies is a balancing act. This is especially true – and especially difficult – in the case of pesticides. We rely on the food produced by farmers, but we also need to be mindful of the unintended negative effects of food production. Lawmakers in this Chamber have grappled with the issue of pesticides year after year. This is among the most carefully balanced proposals seen by this body.

"Section 1 of this bill creates a program within the Department of Agriculture that collects and discloses information to the public about which Restricted Use Pesticides – or RUPs, the most potentially harmful kind of pesticide – are used in and around their neighborhoods by agricultural businesses. Furthermore, out of an abundance of caution, this bill also creates buffer zones around schools where RUPs may not be used during instructional hours.

"Section 3, beginning in 2019, bans the use of chlorpyrifos without a permit. Businesses may obtain permits to use chlorpyrifos until the end of 2021. This multiyear timespan allows farmers to gradually transition their crops away from chlorpyrifos and to alternative pesticides.

"The bill also appropriates money and creates positions within the Department of Agriculture to enforce the act and educate the public about its requirements.

"Senate Bill 3095, House Draft 1 affirms the public's interest in knowing what is going on in their neighborhoods without forbidding existing agricultural practices except in the case of a single pesticide and around children – our most sensitive population. What new requirements this bill imposes, it balances with additional employees, education, and accommodations.

"Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, S.B. No. 3095, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL PROTECTION," passed Third Reading by a vote of 48 ayes, with Representatives DeCoite, Har, Kong, Say and Tokioka voting aye with reservations, and with Representatives Choy and Holt being excused.

At 1:52 o'clock p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2821, SD 1, HD 1
S.B. No. 3095, SD 1, HD 1

ANNOUNCEMENTS

Representative Nakashima: "Thank you, Mr. Speaker. Mr. Speaker, I am saddened today by the news this morning of the passing of retired United States Senator Daniel Akaka. A warm and gentle man who served with dignity, respect and humility, he shared the spirit of *aloha* with everyone who came into contact with him, be it in Hawaii, Washington, D.C., or across the world, and he never lost sight of his values and the need to protect Hawaii and its people.

"I mourn the loss of this great educator, statesman, and favorite son of Hawaii, and extend my sincere condolences and *aloha* to Mrs. Akaka and the Akaka *'ohana*, as our thoughts are with them.

"At the appropriate time, I would like to request a moment of silence in memory of Senator Daniel Akaka."

Representative Ward: "Mr. Speaker, is it possible to put something in the Journal for the good Senator who we've just lost? Comments of condolences. He's a special guy, special Senator. Thank you."

Representative Ward submitted the following:

"Mr. Speaker, words cannot express the collective gratitude that this State has for Senator Daniel Kahikina Akaka. Phrases such as 'a true statesman' and the 'embodiment of *aloha*' used to describe him are ones seldom used in today's political arena. It is without question that Senator Akaka was a very special man.

"No matter who he interacted with, the Senator treated all with dignity and *aloha*. In the political arena, he put the needs of his constituents first and strayed away from most of the national political battles of that day. This style of quiet, modest leadership was rare, and history will remember Senator Akaka as a man of truly upright character.

"Today, Hawaii has lost one of its heroes. As we move forward in our history without his warmth and influence, it is my sincerest hope that present and future leaders pay special attention to the legacy and character of Senator Akaka. He has touched countless lives and inspired countless more. My prayers, thoughts and condolences are with Millie and his entire *'ohana*. He will be truly missed."

Representative Tokioka: "Same request."

Representative Tokioka submitted the following:

"I had tears in my eyes when I found out about the death of the favorite son of Hawaii. Through his political accomplishments and contributions to the State, Senator Akaka has earned a long-lasting legacy that, in my opinion, will never be duplicated. We will forever be grateful to him for his lifelong commitment to the betterment of the State of Hawaii and its people. I wish Auntie Millie and the Akaka *'ohana* all the best and will keep them in my thoughts and prayers."

At this time, the Members of the House of Representatives stood for a moment of silence in honor of the late Senator Daniel Akaka.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 287, SD 1, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Cachola's written remarks in support of the measure are as follows:

"SB 287, SD 1, HD 2 relates to health insurance and addresses preauthorization, disclosure, insurance, and medical policies. This bill cautions all health insurers from requiring a medical treatment or service. It requires all health insurers to disclose the medical policies that the insurer uses for preauthorization decisions.

"Preauthorization causes undue delay in the receipt of the treatment or service prior to administering some tests such as MRI. In some cases, treatment is delayed especially when there are appeals undertaken which take longer time to facilitate.

"According to the 'American Medical Association Prior Authorization Physician Survey,' 64% are waiting at least one day and 30% are waiting for three days. During this time, the patient can have a worsening in their health conditions while waiting for preauthorization.

"Inefficient time, administrative snags and difficulties coming from non-communication by insurers frustrate physicians and patient alike.

"Due to the preauthorization requirements, more problems loom for medical practitioners. 'Hawaii is facing a critical shortage of doctors, and it's expected to get worse,' according to Dr. Kelley Withy of JABSOM. 'We're starting with a shortage and we're not making up for it. We have an aging population so, it's just getting worse and worse.' Presently, the state is short 700 doctors. Of those, 282 are primary care physicians. It is projected to increase to 1,500 in ten years. The shortage is even worse in the neighbor islands.

"Why is doctor shortage being experienced in Hawaii?"

"There are two major factors for this anticipated crisis. Aside from preauthorization, there is capitation, which causes more challenges. The County of Hawaii is experiencing a large and growing physician shortage with a 39% shortfall of physicians and 49% shortfall for primary care physicians, and Hilo has seven fewer physicians in 2017 than it did in 2016, five of which are based on income.

"One reason for the shortage, particularly primary care physicians, is the lack of adequate reimbursement rates. The amount of reimbursement for physicians in Hawaii is reported to be around \$24.00 per member per month, as compared to other states with higher reimbursement rates.

"In recent studies, 50% of physicians admit to burnout, and 15% to 30% of practicing doctors and 26% of resident doctors are depressed. This results in physician and staff resignations. Adding to the growing dissatisfaction is the imminent retirement of a large number of currently practicing physicians, with over half of all physicians currently practicing in Hawaii reaching the retirement age of 65 over the next ten years.

"SB 287, SD 1, HD 2 proves to be net positive for physicians and patients in Hawaii. I stand in strong support of this bill."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 287, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH INSURANCE," passed Third Reading by a vote of 49 ayes, with Representative Holt being excused.

Representative Ing introduced his constituent, Mr. John Fitzpatrick.

Representative Har, on behalf of the leeward side, introduced Ms. Amber Riel, Ms. Mitzie Higa, Ms. Juliana Romero and Aunty Carol Nitta of HSTA.

ORDINARY CALENDAR

UNFINISHED BUSINESS

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1949-18) recommending that S.B. No. 2783, as amended in HD 1, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2783, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with slight reservations and a brief comment. Thank you. This bill specifically targets low-income seniors in the public housing area and extends the buffer zone from 20 to 25 feet, which seems a little unnecessary. I'm not a smoker but I am a teacher, and I think that if we could give more emphasis on teaching and educating and advocating for our public health initiatives, it would go so much farther than some of these increases that we see, that we don't really have enforcement for. And really, for the public housing area, some of the reasons why the smoking is there is because they're getting off of other substances. And so with those reservations, I'd just like to cast my vote that way. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2783, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII PUBLIC HOUSING AUTHORITY," passed Third Reading by a vote of 50 ayes, with Representative Tupola voting aye with reservations.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1951-18) recommending that S.B. No. 2087, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2087, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY RESCUE DEVICES," passed Third Reading by a vote of 50 ayes.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1954-18) recommending that S.B. No. 134, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 134, SD 1, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Also with reservations. This is only the second UH bill we've seen here, but creating legislation to ban smoking at UH, which they can actually already do per their policy, is one of the many ways that I feel like we're overregulating into agencies that should be doing things for themselves. As we saw with the graduate student union, a lot of the reasons why they wanted to unionize is because UH needs to step up their game and do the things for the students that they're asking for. And so by us stepping in and doing what an agency should do for themselves, I feel that we're also sending the signal to other agencies that we can nanny them if they don't do the things that they're supposed to, when we should really encourage them to listen to their students. And so those are my reservations. Thank you."

Representative McKelvey rose to speak in support of the measure, stating:

"Mr. Speaker, thank you. In support. I can appreciate the concerns of the previous speaker, I had them myself several years ago. But this is exactly like what happened with HHSC with their smoking policy. Until it gets implemented by state law, it's a gray area of enforcement, and we took extra steps to make sure to exempt collective bargaining from it completely. But you need to do this if you're going to have an actual enforceable, well-delineated no smoking policy, even though it is the right of the Board of Regents. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 134, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," passed Third Reading by a vote of 49 ayes to 1 no, with Representative Tupola voting aye with reservations, and with Representative McDermott voting no.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1955-18) recommending that S.B. No. 270, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 270, SD 1, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative McDermott rose to speak in opposition to the measure, stating:

"Thank you. I rise in opposition. I'd like permission to insert comments in the Journal, but my comments on this will be relatively positive. I would like to give a nod to the Chair, because in discussing the issue of LBGTQ counseling, Q, that's the critical group here, questioning. These students will be left adrift without any recourse or resources to talk to. They're, by the very definition, questioning. What if your son comes to you and says, dad I have these unwanted attractions, please help me. Or what if your son or daughter comes to you, I'm not sure I'm a male or female, who can we talk to? This bill will send a chilling effect to anyone offering those sorts of counseling opportunities.

"Now, I'm not talking about the young lady who testified saying, I'm a lesbian, I'm happy with who I am, my parents are trying to change me, they should love me. She's not a candidate for any counseling of any sort. She's happy with who she is, let her be. The other fella came and testified, said he went through some sort of therapy and he wasn't allowed to talk to his mother for three years. Well, that's just plain insanity. By the way, that young man came to my office afterwards and we talked for about 45 minutes, very nice young fella. But there is a group that can benefit from counseling, and that is the Q group, the questioning group.

"Now, if we put this ban in effect, the only people left are the clergy, and they're not particularly the best at this. They don't have advanced degrees in psychology, they're not medical doctors who are psychiatrists. And the psychiatrists, if there's a ban, if there's any questioning where the line is, the psychiatrist is not going to jeopardize his \$250,000 a year practice, because he has a mortgage and kids in college. So we're cutting these kids adrift. We're telling them, you're on your own, we can't help you. One size fits all, because we in the Hawaii State Legislature, with our collective medical expertise, and I, with all do deference to my good friend behind me, we're making a decision, because we know best, damn it, and we're cutting these kids who are Q loose. They will have no resources to go to.

"So that's why I commend the Chair for setting up a study, it took a lot of courage for him to do that, Mr. Speaker, because the groups that believe like I do didn't show up, and they didn't show up because they don't think it matters anymore. With the past issues, whether it's Pono Choices, same-sex marriage, they show up in force, it doesn't matter, show up at the BOE, it doesn't matter, the policy goes forward. But he demonstrated courage, Mr. Speaker. In the face of all the support to ban this, he said, wait a minute, we got a group of kids here, the Q group, who are questioning. And by the very nature of the definition, questioning, you will benefit from some direction or guidance or counseling. So for those reasons, I am a no, but at the same time, I acknowledge the courage of the Chair for including a task force in here to look at that group very closely. Thank you, sir."

Representative McDermott submitted the following National Task Force for Therapy Equality report:

The American Psychological Association Says Born-That-Way-And-Can't-Change Is Not True of Sexual Orientation And Gender Identity

By Laura A. Haynes, Ph.D., California Psychologist.

Contact: www.laurahaynesphd.com

In its "Series Preface," the APA Handbook on Sexuality and Psychology (American Psychological Association, 2014) states, *With the imprimatur of the largest scientific and professional organization representing psychology in the United States and the largest association of psychologists in the world, and with content edited and authored by some of its most respected members, the APA Handbooks in Psychology series will be the indispensable and authoritative reference resource to turn to for researchers, instructors, practitioners, and field leaders alike. (p. xvi).*

The American Psychological Association (APA) could not confer any higher authority on the APA Handbook of Sexuality and Psychology than it does, bestowing its "imprimatur" and calling it "authoritative." In the APA Handbook, the American Psychological Association itself is now saying that born-that-way-and-can't-change is not true.

In addition, Dr. Lisa Diamond, a self-avowed lesbian, is co-editor-in-chief of the Handbook, and she authors and co-authors chapters in it. She qualifies as one of the APA's "most respected members." In her APA Handbook chapters where she is speaking for the APA itself, in her own book, in a YouTube lecture, and journal articles (example 2016) she says *sexual orientation does not come in two types—exclusively homosexual and exclusively heterosexual—that are rigid and unchangeable. She is telling LGBT activists to stop promoting the myth.*

The battle to disprove "born that way and can't change" is now over. The public needs to hear this.

In the APA Handbook, thus on behalf of the APA, Dr. Diamond states, "Hence, directly contrary to the conventional wisdom that individuals with exclusive same-sex attractions represent the prototypical 'type' of sexual-minority individual, and that those with bisexual patterns of attraction are infrequent exceptions, the opposite is true. Individuals with nonexclusive patterns of attraction are indisputably the 'norm,' and those with exclusive same-sex attractions are the exception." This pattern has been found internationally (v. 1, p. 633). Most people who experience same-sex attraction also already experience opposite-sex attraction.

More conventional wisdom that the APA Handbook says is not true is that same-sex attraction and transgender identity never change. The American Psychological Association (2011) officially recognizes sexual fluidity or sexual orientation change. The APA Handbook says, "Although change in adolescence and emerging adulthood is understandable, change in adulthood contradicts the prevailing view of consistency in sexual orientation" (Rosario & Schrimshaw, 2014, APA Handbook, v. 1, p. 562).

Also, both the American Psychiatric Association (Diagnostic and Statistical Manual-Fifth Edition, p. 455) and the American Psychological Association (Bockting, 2014, APA Handbook, v. 1, p. 744) recognize *transgender identity fluctuates, and the vast majority of gender dysphoric minors will eventually accept their chromosomal sex.*

Therapy that is open to change is more in harmony with the course of sexual orientation and gender identity for many than is gay-affirmative or transgender-affirmative therapy.

Researchers often measure sexual orientation by one or more of three separate factors: sexual attraction, behavior, and self-label identity. The APA Handbook says these frequently do not match within the same individual (Rosario & Schrimshaw, 2014, v. 1, pp. 558-559; Diamond, 2014, v. 1, p. 634). For example, a person could have bisexual attraction, homosexual behavior, and heterosexual identity if there is a sense that the same-sex sexuality does not represent the authentic self. Many do not act on or base their identity on their same-sex attractions (Rosario & Schrimshaw, 2014, p. 559; Diamond, 2014, p. 629-630; both in APA Handbook, v. 1). The APA Handbook states, "[R]esearch on sexual minorities has long documented that many recall having undergone notable shifts in their patterns of sexual attractions, behaviors, or [orientation] identities over time" (Diamond, 2014, in APA Handbook, v. 1, p. 636).

The APA Handbook reviews a highly regarded study by gay researcher Savin-Williams and colleagues (Savin-Williams, Joyner, & Rieger, 2012; Rosario & Schrimshaw, 2014, APA Handbook, v. 1, p. 562) that followed the sexual identity of young adult participants when most were ages 18 through 24 and again at ages 24 through 34, about 6 years later. Participants indicated whether their sexual identity was heterosexual, mostly heterosexual, bisexual, mostly homosexual, or homosexual.

The bisexual group was larger than exclusively gay and lesbian groups combined. But the largest identity group, second only to heterosexual, was "mostly heterosexual" for each sex and across both age groups, and that group was "larger than all the other non-heterosexual identities combined" (Savin-Williams et al., 2012, abstract).

"The bisexual category was the most unstable" with *three quarters* changing that status in 6 years (abstract, emphasis added). "[O]ver time, more bisexual and mostly heterosexual identified young adults of both sexes moved toward heterosexuality than toward homosexuality" (p. 106, emphasis added). Similar change is found in other population-based longitudinal studies, and rates of change do not appear to decline as participants get older (Diamond & Rosky, 2016, p. 7, Table 1).

For both sexes, a heterosexual sexual orientation identity was the most stable" (Savin-Williams 2012, p. 104), as Diamond reports is true in all of the large-scale prospective, longitudinal studies (2014, in APA Handbook, v. 1, p. 637). Savin-Williams and colleagues reported, "In our study, when shifts occurred in sexual orientation identity, most were to an adjacent identity category" (Savin-Williams, 2012, p. 107). Spontaneous change from a 100% homosexual identity to a 100% heterosexual identity seldom occurred (p. 109). "When mostly heterosexual

women and men shifted over time it was primarily to and from the 100% heterosexual category" (p. 109).

A shift of one or more adjacent categories in the direction toward heterosexuality can make a desired goal of chastity easier for some, and a goal of having a gender complimentary relationship may become more or entirely possible.

In the APA Handbook, Diamond says, "In every large-scale representative study reviewed thus far, the single largest group of individuals with same-sex attractions report predominant—but not exclusive—other-sex attractions" (v. 1, p. 634). Kleinplatz and Diamond say (v.1, p. 256), "Historically such individuals [mostly heterosexual] have been treated with skepticism and suspicion by laypeople and scientists alike. They have been viewed as either closeted lesbian, gay, or bisexual individuals (who cling to a mostly heterosexual label to avoid the stigma associated with same-sex sexuality) or as confused or questioning "heteroflexibles." *Heteroflexibles* refers to individuals who, given our culture, have had infrequent same-sex fantasies or experimented with same-sex behavior but are not really gay or bisexual (v.1, p. 256).

Kleinplatz and Diamond urge that "*it is critically important for clinicians not to assume that any experience of same-sex desire or behavior is a sign of latent homosexuality and instead to allow individuals to determine for themselves the role of same-sex sexuality in their lives and identity*" (p. 257) (emphasis added).

Mostly heterosexual individuals do not identify as LGB, and LGB activists have not recognized or represented them well. Some have had therapists wrongly assume they are really homosexual and would be happier leaving their marriage and family for a gay life. But some mostly heterosexual individuals want therapy to help them be faithful in their marriages and keep their families intact.

Therapy that is open to change is more harmonious with the heterosexual fluidity tendency of bisexual and mostly heterosexual individuals—most non-heterosexuals—than is gay-affirmative therapy.

Readers can hear Dr. Diamond review research in her YouTube lecture for an LGBT audience at Cornell University (2014). She said that excellent and abundant research has now established that sexual orientation—including attraction, behavior, and identity self label—all three—is fluid for both adolescents and adults and for both genders, and exceptions for LGB individuals are a minority.

Despite the research, political activists continue to promote the "born-that-way-and-can't-change" myth about sexual orientation. The Southern Poverty Law Center (SPLC) published a paper in May this year (2016) in which it said the "National Gay and Lesbian Task Force reacted with alarm," and "warned that the ex-gay industry was under-mining the battle for LGBT rights by suggesting that homosexuality is a choice, not an unchangeable condition like skin color" (p. 9).

Actually, it is the APA and Dr. Diamond, herself a gay activist, that are undermining the falsehood that sexual orientation is like skin color.

According to the APA Handbook, "[W]e are far from identifying potential genes that may explain not just male homosexuality but also female homosexuality" (Rosario & Schrimshaw 2014, v. 1, p. 579). The Handbook also says it is not the case that some same-sex sexuality is biologically determined and some is not. "The inconvenient reality...is that social behaviors are always jointly determined" by nature, nurture, and opportunity (Kleinplatz & Diamond 2014, APA Handbook, v. 1, pp. 256-257).

At the same time, the APA (2008) says same-sex attraction is generally not a choice. Therapists who are open to change agree people generally do not just choose their sexual attractions, otherwise these therapists would not bother to offer therapy. But the reality is, non-heterosexual sexual orientation is changing all around us.

Further underscoring that sexual orientation is changeable, Diamond reports that some say choice was involved for them, and she says one may choose a context or circumstance that may influence sexual orientation change, such as choice of roommate (2008, pp. 249-250), deciding to live in an ideological, political, or social reference group—as in "political lesbians" (2014, in APA Handbook, v.1, p. 632), or being in therapy that is open to change (2008, p. 252). One may reasonably deduce that LGBT and traditional religious support groups are diverse social reference groups that may bring out sexual attraction potential and influence fluidity in contrasting directions.

Dr. Diamond tells LGBT activists near the end of her YouTube lecture, "I feel as a community, the queers have to stop saying, 'Please help us. We're born this way, and we can't change' as an argument for legal standing. I don't think we need that argument, and that argument is going to bite us in the ass, because now we know that there's enough data out there, that the other side is aware of as much as we are aware of it." In other words, Dr. Diamond says, "Stop saying 'born that way and can't change' for political purposes, because the other side knows it's not true as much as we do."

She also directly discussed the harm of political activists promoting the "can't change" myth in her own book on sexual fluidity in women (2008, pp. 256-257) that won the Distinguished Book Award from the APA Division 44 (LGBT). She acknowledged that, for political motives, some activists "keep propagating a deterministic model: sexual minorities are born that way and can never be

otherwise." She addresses the question, "[I]s it really so bad that it is inaccurate?" Her answer is, "Over the long term, yes, particularly because women are systematically disenfranchised by this approach." She said this deceptive practice does harm to women who have experienced sexual attraction fluidity and have "thought there was something wrong with them." She said this "silencing is ironic," because it is being inflicted by the modern lesbian/gay/bisexual rights movement.

Dr. Diamond has publicly gone on record that she opposes psychotherapy that is open to sexual attraction change. (See Rosik, 2016 for a penetrating critique of her position as expressed in Diamond & Rosky, 2016. See Rosik) Nevertheless, she says in her book (2008, p. 252) that some same-sex attracted individuals may have more capacity than others to channel the direction of their sexual fluidity in response to their context, and they may for that reason modify it in psychotherapy.

Officially, the APA Handbook predictably affirms the position of an APA Task Force (2009) that "same-sex attractions, behavior, and partnerships" are "normal variations in human sexuality and explicitly condemns the use of therapeutic techniques aimed at changing an individual's sexual orientation" (Mustanski, Kuper, and Greene, 2014, APA Handbook, p. 598).

What is surprising is that the APA, in its 2014 Handbook, is now not consistent in the view that sexual variation is normal. The *APA Handbook* confirms there is excellent research evidence for "associative or potentially causal links" between childhood sexual abuse and ever having same-sex partners, especially for some men. (Mustanski, Kuper, & Greene, 2014, pp. 609-610).

It also confirms that there is possible evidence that psychopathology may be related to the development of transgender identity (Bockting, 2014, APA Handbook, v.1, p).

If pathology leads to an individual's sexual variation, treatment could lead to a significant and meaningful shift in that variation for some. It is harmful and ineffective to ban such treatment.

Curiously, the APA has been silent on even stronger research showing that growing up without one or both biological parents, especially the parent who is the same sex as the child, is potentially causally related to having same-sex attraction, relationships, or identity (Frisch & Hviid, 2006; Francis, 2008; Udry & Chantala, 2005). If literal unavailability of parents could have such effects for some individuals, do we want to dismiss lightly the possibility that emotional unavailability of parents, and especially the parent of the same sex as the child, could have similar effects for some?

In the most stunning of these studies, research on a population cohort of two million Danes (Frisch & Hviid 2006) found that, not only loss of a parent, but specifically loss of the same-sex parent in childhood (such as through death, divorce, end of parent cohabitation, not living with the same-sex parent, or unknown paternity), and especially parent loss during the first six years of life and, for girls, the mother's death during adolescence, were associated with greater likelihood of entering same-sex marriage. The findings suggest the most important developmental periods for parent influence on sexual orientation may be the first six years of life and adolescence. The researchers concluded, "Our study provides population-based, prospective evidence that childhood family experiences are important determinants of heterosexual and homosexual marriage decisions in adulthood" (p. 533).

In the United States, a large, nationally representative, prospective longitudinal study (using the first two waves of the highly regarded Nationally Longitudinal Study of Adolescent Health (Ad Health) data set) found a female growing up with only a biological father—that is, without a biological mother—increased the likelihood a female identified herself as not exclusively heterosexual by 9.5 percentage points (Francis 2008 p. 376).

In another study using the Ad Health data set (the first three waves), when same-sex and opposite-sex attraction were measured separately, 90% of boys who had strong same-sex interest had absent fathers—a very strong relationship. Among boys, the greater the degree of same-sex attraction, the greater the likelihood of father absence, delinquency, and suicidal thoughts. As opposite sex interest also rose, that strong relationship completely disappeared (Udry & Chantala, 2005, p. 487). With the father's presence, there was likely to be opposite-sex attraction, possibly with same-sex attraction also.

There is evidence that transgender identity also may not be a normal sexual variation. The *APA Handbook* says the origin of transgender identity is "most likely the result of a complex interaction between biological and environmental factors....Research on the influence of family of origin dynamics has found some support for separation anxiety among gender-nonconforming boys and psychopathology among mothers" (Bockting, 2014, v. 1, p. 743, emphasis added).

The American Psychiatric Association and the American Psychological Association concur that it is not the case that individuals with transgender identity are born that way and can't change.

According to the APA Handbook (Bockting 2014, v. 1, p. 744), 75% or more of gender dysphoric boys and girls accept their chromosomal sex by adolescence or adulthood. According to the American Psychiatric Association's *Diagnostic and Statistical Manual, Fifth Edition (DSM-5)*, as many as 70 to 98% of gender

dysphoric boys and as many as 50 to 88% of gender dysphoric girls eventually accept their chromosomal sex (calculated from DSM-5, p. 455).

Further, Bockting says in the APA Handbook, "Premature labeling of gender identity should be avoided. Early social transition (i.e., change of gender role, such as registering a birth-assigned boy in school as a girl) should be approached with caution to avoid foreclosing this stage of (trans)gender identity development." If there is early social transition, "the stress associated with possible reversal of this decision has been shown to be substantial..." (2014, in APA Handbook, p. 744).

The American Psychological Association, in its Handbook (Bockting, 2014, v. 1, pp. 750-751), and the American Psychiatric Association (DSM-5, p. 455) say there are three approaches to treatment: attempts to lessen the dysphoria and nonconformity, attempts to get the environment—family, school, and community—to fully accept the child's gender-variant identity, and the wait-and-see approach. The APA Handbook warns that the full acceptance approach "runs the risk of neglecting individual problems the child might be experiencing and may involve an early gender role transition that might be challenging to reverse if cross-gender feelings do not persist" (Bockting, 2014, v. 1, p. 750).

Both gender identity and sexual orientation can change, psychopathology may be a developmental factor in both, and therefore, we can reasonably deduce, some individuals, though not all, may make a significant and meaningful change in sexual orientation or gender identity through therapy.

For the latest research showing sexual orientation change through therapy is safe and effective (Pela & Nicolosi, 2016), go to <http://www.josephnicolosi.com/collection/outcome-research>.

Therapy that is open to sexual variation change should be neither coerced nor banned. Shaming generally should be avoided by family members or others for an individual's sexual variation or for the outcome of therapy, whether change does not occur or does occur in the heterosexual direction. Ex-gays have been subjected to shaming, sometimes by the LGBT community that rightfully decries shaming.

Some who have modified their sexual variation with the assistance of professional psychotherapy have regretted that their culture or family told them they could not and should not try to change through therapy. Some chose to live in ideological reference groups that supported chastity or change toward heterosexuality.

Individuals who have sexual variations should have the right to know the above information and to seek therapy to address such issues.

Representative Tupola rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 270, SD 1, HD 2, entitled: "A BILL FOR AN ACT RELATING TO MINORS," passed Third Reading by a vote of 48 ayes to 2 noes, with Representatives Har and Tupola voting aye with reservations, and with Representatives McDermott and Ward voting no.

Representative Nishimoto, for the Committee on Judiciary, presented a report (Stand. Com. Rep. No. 1957-18) recommending that S.B. No. 901, as amended in HD 1, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 901, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE AEROSPACE ADVISORY COMMITTEE," passed Third Reading by a vote of 50 ayes.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1959-18) recommending that S.B. No. 2740, SD 1, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2740, SD 1, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Belatti rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. Because of a previous ruling on a conflict of interest, I request a limited recusal from voting on the underlying bill, Senate Bill No. 2740, Stand Com. Report No. 1959-18."

The Chair addressed Representative Belatti, stating:

"So ordered."

Representative McKelvey rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2740, SD 1, HD 2, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Third Reading by a vote of 46 ayes to 3 noes, with Representatives Choy, Har and McKelvey voting no, and with Representative Belatti being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1962-18) recommending that S.B. No. 2100, SD 2, HD 1, as amended in HD 2, pass Third Reading.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2100, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO RENEWABLE ENERGY," passed Third Reading by a vote of 50 ayes.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1964-18) recommending that S.B. No. 2910, SD 2, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2910, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. Thank you. This bill is creating a Grid Resiliency Task Force, a Grid Resiliency Loan Program, and a Grid Resiliency Loan Special Fund within the Hawaii Green Infrastructure Authority. So the Hawaii Green Infrastructure Authority, they administer the GEMS Program, which we've talked about a few times on this floor, the Green Energy Market Scrutinization Program, and that gives money into what we call the Hawaii Green Infrastructure Special Fund.

"This fund, if you remember in 2016, we actually passed Act 47 which used \$100 million to cool classrooms from this fund, and then in 2017, Act 57 gave DOE \$46.4 million more from this very fund for heat abatement, to keep cooling classrooms. And as far as I'm concerned, we're not done yet, because there are schoolrooms that still need to be handled but we haven't done those yet. But this is proposing to take \$20 million from that fund and put it into the new Hawaii Grid Resiliency Loan Special Fund. And so it's going to do that, take the \$20 million, put it into there, it's also going to create \$50 million revolving line of credit to sub-fund this Hawaii Green Infrastructure Special Fund.

"And typically, our body has been against creating new funds, special funds, we've been trying to eliminate those so that we can actually figure out where all the holes are, put all the money in the right place, so that we don't have pockets of money not being used. And I commend our chair for doing that, because it's actually made things more efficient, so that we understand what money we're actually operating with every year.

"But this is the thing, is that creating and using ratepayer money to do this program, and this is the comment from DCCA, they acknowledge in their testimony that the proposed Grid Resiliency Loan Program will not directly benefit hard-to-reach consumers or decrease the cost of electric utility service for all, even though it is funded by consumer ratepayers. This inequitable benefit from ratepayer fees is especially unfair, given that this

bill does not include language that ensures that funded energy efficient measures are cost effective.

"So those are my concerns, is that this fund has provided money for us to our heat abatement, which we could definitely use more of it, but we're going to create another loan program that doesn't necessarily benefit each individual ratepayer, but we're using their money to do it. And so we need to be careful as we create new funds to make sure that they're even effective and that they're doing what they're supposed to do, which the GEMS fund, that whole pot of money that we're collecting was supposed to benefit ratepayers, and as we know, the first thing that's most expensive for residents of Hawaii is rent and mortgage. The very next thing, their electric bill. And if we're not bringing that down, then we're not doing enough. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Thank you. In support, and just wanted to correct my colleague from Nanakuli just on two points, very briefly, for the record. First, that the \$46 million which has been appropriated in a prior legislative session for cooling in schools is actually included in that \$50 million revolving fund. So all we're basically saying is, as that money comes back from the DOE for the work that's been done in those classrooms, it can then be used for other purposes to do efficiency work, to meet the same standards, goals, reductions in both energy use and cost for taxpayers, as well as everyone who uses those facilities.

"Secondly, it's clear that while I think some of the testimony cited referred to certain portions of the bill, ultimately, what's clear is that the \$20 million loan program, which is for critical grid infrastructure, meaning police stations, fire stations, those sorts of things, in the light of a hurricane, which has been estimated to cost this state, if there's a direct impact on Oahu, for example, upwards of \$40 billion. That infrastructure is then upgraded to withstand that kind of impact, so that we have critical services which do benefit all ratepayers, as people will be needing to go to the hospital, will be needing the houses addressed by emergency personnel and so forth. It is a proactive measure looking forward, and something which I think is worthy of further consideration. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2910, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTRIC GRID RESILIENCY," passed Third Reading by a vote of 50 ayes, with Representative Tupola voting aye with reservations.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1966-18) recommending that S.B. No. 2571, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2571, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in favor with written comments, please, to save Hanauma Bay and a lot of the other reefs in Hawaii. Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. As I have on previous readings of this measure, I am rising in strong support. Thanks to the research by Dr. Craig Downs of the Haereticus Environmental Laboratory, we have found that oxybenzone not only affects the health of reefs, but also humans. I understand the reservations of the cosmetic industry that one year may be too quick to phase out sunscreens containing this oxybenzone. As this measure moves forward into conference, I hope that our government and the cosmetic industry can find a reasonable compromise to phase out this chemical from the market and preserve our reefs for the next generation. *Mahalo.*"

Representative Matsumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in strong support.

"I'd like to thank this body for the work that we've done to help preserve our coral reefs for future generations. Banning oxybenzone and octinoxate will keep our environment and *keiki* safe from the harmful effects of these chemicals.

"Though I am in strong support, I am concerned about the implementation time that was shortened to one year in its last committee. The chair of EEP wisely extended the implementation time to three years.

"We should restore the three-year implementation date to give manufacturers and the FDA time to develop alternatives that are safe for our environment and bodies, protective, and aren't prohibitively expensive.

"I hope we can address those concerns in conference.

"Thank you, Mr. Speaker."

Representative Cachola rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"My reservations with this bill relate to the scientific evidence that has been presented in hearings on this bill. DLNR has testified that studies have documented the negative impact of these chemicals on corals and other marine life in a laboratory setting, however, little is known about the actual impacts of these chemicals in a natural marine setting. The Hawaii Medical Association also opposed this bill and said the science on this bill has been misrepresented and that the primary source of damage to coral reefs is due to land-based source pollution, over-fishing, invasive species, and climate change. We also need to address these other sources of damage to our coral reefs. *Mahalo.*"

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Our reefs could soon disappear from the planet. Forty percent of the Great Barrier Reef is already dead, and Hawaii's reefs were extensively damaged in the bleaching event in 2014 and 2015. And in West Hawaii, which is home to the state's healthiest and most vibrant reefs, 50% of coral has died in that single event. And scientists now estimate that, at the rate we're going, over 90% of the planet's reefs will be dead by 2050.

"The reef is the rainforest of the ocean, and the consequences of losing it are hard to imagine. It would impact hundreds of millions who rely on the ocean for food and fishing, and forever change our way of life and culture here in Hawaii. It would be devastating to our economy and our tourism industry.

"Some will argue that we shouldn't pass this bill because they mistakenly believe that they must have this specific kind of sunscreen to protect them from UVA and UVB rays that can cause skin cancer. This is false. There are a multitude of products on the shelves today, available at Safeway, at Long's, at KTA, produced by mainstream brands like Coppertone, Banana Boat, Neutrogena, that are oxybenzone free and are rated SPF 30, 50, 60. Dermatologists recommend SPF 30 or above, and a SPF 30 rated product containing oxybenzone does not provide better protection than an SPF 30 rated product containing titanium dioxide or zinc oxide. They both provide the same protection of SPF 30 as defined by the FDA.

"And others say we shouldn't pass this bill because climate change, coral bleaching, sewage and runoff are larger threats to the reef, but this is like saying, if we cannot do everything at once, we should do nothing at all. We are working on reducing Hawaii's greenhouse gas emissions, and to clean

up our waste water systems. But passing this bill today is something we can do right now to protect our reef and give them the best chance of surviving.

"Exposure to the sunscreen chemicals oxybenzone and octinoxate prevents coral from reproducing, causes coral to bleach at lower temperatures, and severely impacts the ability of corals to recover from bleaching events. We have a job to do here, and even though we don't have a magic wand to wave to solve all of the planet's problems at once, the citizens of Hawaii expect us to do what we can, to make an effort and to not give up. Saving our reefs will be an uphill battle, but I intend to fight to the last breath, starting right now by supporting this bill. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2571, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO WATER POLLUTION," passed Third Reading by a vote of 45 ayes to 5 noes, with Representatives Cachola and DeCoite voting aye with reservations, and with Representatives Har, Hashem, Kong, Onishi and Takayama voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1973-18) recommending that S.B. No. 2705, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2705, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative San Buenaventura rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2705, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC-PRIVATE PARTNERSHIPS," passed Third Reading by a vote of 50 ayes, with Representative San Buenaventura voting aye with reservations.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1976-18) recommending that S.B. No. 2653, SD 1, as amended in HD 1, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2653, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Choy rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Choy's written remarks are as follows:

"In opposition. My very deep belief is that local work should go to local people, but I do understand there could be a shortage of physicians in the State of Hawaii. To my dismay, this alleged physician shortage has been a mantra from the medical community for all ten years I have been in the Legislature. Unfortunately, our state government, our medical community and our educational institutions do not seem to be able to address this problem. The problem that this bill is trying to address should be addressed by a policy change, policy courage and policy implementation, instead of taking the easy way out by allowing medical professionals from other states to practice in Hawaii. This is bad policy.

"What if the physicians from the other states decide not to come? What happens to the medical needs of our citizens? Do the best and most competent professionals really have time to fly to Hawaii to help our residents, or is it just the mediocre ones? Will professionals from the mainland really support our community, or are they the same as the people who come and buy our homes, which raises our home costs and exacerbate our cost of living, then fly home?"

"This body has promoted many sustainability initiatives in the areas of food and energy sustainability. But sustainability in health and other professional services, we seem to be taking a direction that declares we desperately need help from the mainland and that we even covet that support.

"This is a failing of policy makers. We should be trying to be sustainable in all areas, including professional services. Ironically, we have a medical school whose sole purpose is to produce medical care professionals for the people of our state. If this institution cannot fulfill its mission, then we should close our medical school and save our precious resources.

"If we truly want to be independent and self-sufficient, we policy makers should be serious and consistent on sustainability polices in all areas."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2653, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CHAPTER 453, HAWAII REVISED STATUTES," passed Third Reading by a vote of 49 ayes to 1 no, with Representative Tokioka voting aye with reservations, and with Representative Choy voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1982-18) recommending that S.B. No. 2654, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2654, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Gates rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, in support with reservations. I support the intent of this measure to reduce usage among youth and young adults regarding e-cigarettes, but my concern with this legislation as it stands right now is that it would make it unlawful for local retailers to sell e-cigarette products online to deter youth from getting their hands on it, but what my concern is is that we don't have that regulation in place to regulate online sales as of right now, from my understanding, and this would put local retailers at a disadvantage. I do have multiple retailers of e-cigarettes within my district, and it would have some drastic impacts on their business and could possibly shut it down, and that's why I'm speaking with reservations on this measure, and I hope that conferees can work this out in conference. Thank you."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Register a no vote, please. I also share similar concerns as my prior colleague, and other things I wanted to bring up in the bill is, I've always been against not just tax increases, but fees, overregulation. This is going to take the license fee from \$2.50 up to \$250, it's going to take the permit fee from \$20 to \$50, it's going to increase tax from 16 cents to an unspecified amount. It's also going to tax all other products from 70% to an unspecified percentage, which will be figured out later. All of these increases, on top of the fact that we don't have the ability to enforce it.

"And that was the gist of our conversation in the Finance Committee, is upon passing this, how would we actually do it? We'd have them go online and check a box that they got it shipped in and then who would go and make sure that the guys who shipped it in got penalized for it, or that someone found out about it? This measure specifically lacks enforcement of the proposed civil penalty of the out-of-state retailers and will not eliminate tobacco product sales to Hawaii residents.

"If the goal is to ban tobacco use in the State of Hawaii by making it cost prohibitive to smoke, then we should probably just ban tobacco all together. Because we're kind of nibbling around the edges, but we're going to propose something that we possibly couldn't even enforce, and wouldn't even know how to start.

"Secondly, I definitely think that, I've actually never smoked in my life and I'm not a fan of smoking, but there's so much good that we can do to push forward our public health initiatives. When we do advocacy, when we teach, when we put out public awareness announcements. And so some of these things I think would actually be a proactive way of addressing the

health concern that many people have, and then also enabling businesses to still operate and not increasing these fees in an exorbitant amount that, again, like my colleague said, would shut them down because of how far the increase is. So those are my concerns. Thank you."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'm a little perplexed, \$2.50 for a sales license for cigarettes, I mean, really? A carton of cigarettes cost double that. Some people think that this bill is about taxing, taxing, taxing. Who would do this in an election year, it's crazy, absolutely crazy, I get that. It's about saving lives. We'd like to tax people so we don't lose the 1,400 lives every year in the State of Hawaii because of tobacco. Some people don't get it, tobacco kills. Every year, 1,400 people die because of tobacco. This is not a tax to get our state tax coffers filled. This is not a tax to make government rich. It's to save 1,400 lives. In support, thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in favor with a brief comment and, actually, a question. As a reformed smoker of a couple of decades, I know what the downside of this is and what the intent is, and what the good speaker just noted. The problem I have is it confounds me on the enforcement. And in the Finance Committee, we had a room full of people, I said, will one of you please tell me how you're going to get somebody who's on the internet, and they order cigarettes and it's delivered? I had a constituent who, because of the price of cigarettes, started to order out of either North or South Carolina. How are you going to catch these people, unless we're going to grow a big brother, secret cigarette police. If the good speaker from Kalihi or anywhere knows how we're going to enforce this, I would greatly benefit from the enlightenment of that, because this is a good bill, but is it practical in the sense that if a piece of legislation can't be enforced, it's really a gesture and a feel-good message that we're sending during an election year. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2654, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO CHAPTER 245, HAWAII REVISED STATUTES," passed Third Reading by a vote of 48 ayes to 2 noes, with Representative Gates voting aye with reservations, and with Representatives McDermott and Tupola voting no.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1985-18) recommending that S.B. No. 2293, SD 2, HD 2, as amended in HD 3, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2293, SD 2, HD 3 pass Third Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations. Thank you. I understand the intent of 2293, and I learned even more of it through the committee, and I think there's only one part that I have reservations about. And it's not even because it's a Maui thing, it's just in general about the way we deal with businesses.

"It definitely had an appropriation in there for HHFDC to negotiate the extension of the affordable housing status. And then it also contained an appropriation to expedite the construction of the Leialii affordable housing apartments. And then it provided a rent subsidy to the apartment tenants, and this was good, because then it could help the tenants. The part that I didn't understand and I have reservations about was in regards to the rent subsidy.

"In the bill we required a dollar for dollar match from either the County of Maui or the apartment owners, and if none of these entities provided matching funds, then it prohibited the apartment owners, which is a private business, or their successor, from ever doing business in the State of Hawaii. So, again, it's a private business, and if they don't comply with our requirements, then we're going to ban them from doing business in Hawaii, and that's what my reservation was about, is if we did this on this bill, how

would that affect other statutes or bills that we put forward in regards to things that happen.

"And the owners of the apartment complex, they had actually put out and signed a contract to exercise their right to obtain the property. And then when they filed for that right, HHHDC had a year to find a buyer, and they weren't able to find a buyer, and that's why we're at where we're at. So that's the part of the bill that I had concerns with, is just telling one specific business that if this doesn't work out, then you can't do business here in Hawaii.

"I definitely think that we need more affordable housing. I think that we need to support that. I don't know what that would look like for this specific housing project, but I do think that it is going to set a precedent for affordable housing projects in the future that go this way. And I definitely think we should consider that it's kind of meandering towards a bill of attainder, which basically says that we're punishing a specific business or entity. And so we don't want to do that, and I know we don't intend to do that, and those are my reservations with that portion of the bill. Thank you."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. The history behind the Front Street Apartments is the entity and the owners of the apartment has promised to provide 50 years of affordable rentals for these residents of Maui, and these are the working poor and lot of seniors who live in Front Street. And this entity that went into the agreement with HCDCH, they entered into an agreement, and with that agreement the county has provided a lot of support for the owners, and in addition to that, they were able to get either federal credit or tax credits to build this unit. After that, they were able to find a loophole in the tax law and got out of this agreement, which was supposed to provide 50 years of affordable housing for these poor individuals.

"So after 15 years, they give a notice to these residents and say, you know what, we're going to turn it into market, all you guys are out. So the concern that we have is, this is a strong message. This is a strong message that if you are going to use the state and federal tax credit, and if you are going to take the benefit and promise residents that you are going to provide 50 years of affordable rentals, you cannot then turn around and find some loophole and kick these individuals out to the street. Because we have heard time and time again that these individuals, there are not enough affordable housing on Maui to take care of these individuals, and these 200 individuals will essentially become homeless.

"So this is a specific circumstance, and we need to send a strong message to bad actors who take advantage of senior citizens and the working poor and promise them 50 years of affordable units, but after 15 years kick them out on the street. And we need to send that message, that no one should be taking advantage of working poor, no matter where they live in our state, and no one should be taking advantage of some kind of loophole that they found 10 years after they took over this property. So, strong support."

Representative McKelvey rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. I would first like the words of the Finance Chair entered into the record as if they were my own," and the Chair "so ordered." (By reference only.)

Representative McKelvey continued, stating:

"And I'll probably be less nice than her. They ripped off the taxpayers of the State of Hawaii and received millions of dollars in benefits from the county and state level for the assurance of affordable housing for the time period.

"This is a canary in a coal mine, because there's a lot of other projects that could potentially fall into this loophole, and that loophole could be exercised in the future. So this could be the beginning, the strong message being sent in here is so apropos, given that this could be taken and developed in other areas. Thank you."

Representative Tupola rose to respond, stating:

"Thank you. I support both of the previous speakers in what had happened with that, and again, my concern wasn't for what was going on on Maui, but in the future. And I think closing up the loophole is one of the most important things that we can do, but it was for the people who don't actually fall into this category. So I appreciate that and do support all of the discussion. We've had lots of discussion in Finance about this. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2293, SD 2, HD 3, entitled: "A BILL FOR AN ACT RELATING TO AFFORDABLE HOUSING," passed Third Reading by a vote of 50 ayes, with Representative Tupola voting aye with reservations.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1987-18) recommending that S.B. No. 2424, SD 2, as amended in HD 1, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2424, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Holt rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Holt's written remarks are as follows:

"Amid a huge housing crisis due to the rising cost of living and the movement to smaller, more efficient and low-impact lifestyles, SB 2424, SD 2, HD 1 gives us the unique opportunity to address both our homeless and affordable housing crises by supporting the development of affordable tiny homes. I think there is definitely a need for this to make alternative-type housing available for our Hawaiians, with great financial benefits."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2424, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING FOR NATIVE HAWAIIANS," passed Third Reading by a vote of 50 ayes.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1988-18) recommending that S.B. No. 2990, SD 2, HD 1, as amended in HD 2, pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2990, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"With reservations. I support paid family leave. What I have concerns with in this particular bill is that the employer sections includes those with only one employee. And so it includes those with family businesses, with the lunch wagons, with the tiny hole in the wall, who have a difficult time when that one employee takes family leave, because they don't have other employees for which they could juggle to fill in the hole.

"For those reasons, until we fix that portion, I am with reservations. And I understand that there is this insurance appropriation that the chair or the introducer inserted in this bill, and I would like to point out that small businesses who have had assurances before, like the supplementation of prepaid health insurance, know that that's an illusory appropriation. It may be in for now, but not for later. And as such, again, until we take care of the small businesses, the tiny businesses, not just the small business as determined by Small Business Administration, but the tiny family-run businesses of one or two employees, I stand with reservations. Thank you."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I have similar reservations, but I'm going to cast a no vote, and there's a few reasons why. I definitely echo the same sentiments, my main concern is for the small businesses, the ones that aren't

going to be able to support, financially, a determination that we don't know yet. So what this is proposing is that we make a board that in the future would determine what the paid family leave program would look like, and that's where the ambiguity lies. I would much, much, much rather vote on something that we know how the fiscal impact is going to affect businesses, how it's going to either help or hurt the economy, and how businesses are going to be able to be sustained through it. Then we could be able to determine whether or not we would be able to support it, but this is supporting a board who would make that determination later.

"And another thing I wanted to bring up is that the bill requires the composition of the board to have 18 members, and as was brought up in testimony, only three of those would represent the interests of those who would have to be enforcing this family leave. And that's where the concern was with the chamber, with other business organizations that came forward, is that the representation on the board should be such where people who have to implement it would feel not only represented, but be able to vet their concerns of how they would implement it, whether it's through accounting or through additional positions in order for them to actually execute what would be proposed. It doesn't actually create a model, but it creates a board that would think about it. And from a lot of submitted testimonies from small family-owned businesses, they confirmed that it's really hard to do business in Hawaii, already. And so, that's what they're afraid of.

"And again, If we had already done a task force or a study and we were voting on the completed proposed project, then we would be able to comfort these businesses and let them know, okay there's a way out, there's a way for you to get the help you need. And I think for a lot of these mom and pop stores, they want to stay competitive and they want to keep being able to do business in Hawaii, but they're concerned that this will make it harder, it'll increase their prices. And I talked to a few of the restaurant owners, big restaurants, and I don't want to say the names because probably half of us eat over there, but a lot of them were saying that they indefinitely would have to increase the prices on their menus in order to figure out how to implement it, how to make money aside.

"And of course we talked about it in the committee, about it'd only be a dollar a year, it'd be 50, but that's what we hypothetically think it would be, we still don't know, because it's still going to be discussed. And I believe it was brought up, I forget by who, about Washington State, implementing their model, and it took them about 10 years to prepare their economy, to prepare their businesses for this. And so I think DLIR said that the social insurance model is pretty costly for Washington, and of course we don't want to go down a costly route, but we don't know what will come out of the actual committee that will convene.

"And LRB had some serious concerns about the actual timely completing of the study. So they're supposed to do a study, and then when they finish the study by 2019, that study is supposed to guide the board. And they said that in order to do a comprehensive one and make sure that all of the perspectives were considered, they didn't think they could do it by 2019. And they said that it would be a very ambitious goal to set it to be done by 2019. And if this board was convened to actually finish that study and reassure people, not only ourselves but business owners, that this could be a model that our economy could handle, that businesses could survive through. I think it would go a lot better for those businesses.

"It does create a supplemental fund, which intends to offset the costs for temporary hires. But still, it's kind of a stopgap, because we don't know how much that impact would be. So, again, the Chamber of Commerce, not just here on this island but all around the state, they've all brought up, if we could just see the impact, the financial impact for businesses, then we'd be in a better position. But having only three representatives on the board of 18 to represent our needs concerns them. So, those are my concerns. Thank you."

Representative Johanson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I think all of the concerns that have been brought up today are certainly valid, and as chair of the Labor Committee we do take those concerns definitely to heart, because I think the main thing that is important to understand with paid family leave is that there's a symbiotic relationship between the employer and the employee,

there cannot be, effectively, a system of paid family leave if employers are not healthy, if businesses are not thriving and not able to employee people.

"With that said, as a context, part of the reason for the design of this particular bill is to provide a framework, recognizing the complexity of executing a paid family leave program. This bill was specifically designed to enfranchise all of the important stakeholders who heretofore have not agreed on how to execute paid family leave, and it's led to the fact that we haven't necessarily talked about mechanics. We haven't gotten a discussion further beyond just a conceptual support of something, as opposed to at least now, where we're talking about mechanics.

"I will also note that the composition of the board, I think people forget that someone from the accounting or tax industry, someone from the insurance industry, and someone from the HR industry, as well as the named three small business representatives, are all from the private sector. So there are actually six people on this implementation board that come from private industry and come from a business of some type. That is balanced with the number of advocates that are also six.

"I think people only look at the small business representatives that are 50 and under, 50 to 100, and 100 or more. And while I specifically explicated those, because I think it's important to have businesses of varying sizes, I wanted to emphasize that the composition of the board is more balanced than sometimes opponents of this measure like to characterize. Furthermore, I think the reason specifically for this design is, we need these stakeholders to have the input rather than just, and we could, in fact the Senate has done so in the House bill, we could mandate a model, which I understand certainly would give people certainty as to what they're evaluating, and that's one way to go.

"But I would say, it's also important to enfranchise the very people who we're supposed to be concerned about, and who many have rightly so mentioned, our employers, that we also need to factor in here, the ability to shape their own destiny. And that's what this implementation board does, Mr. Speaker, it allows people from the business sector to choose or to help, to at least have input, along with the paid family leave advocates, on what kind of effectuating mechanism would establish paid family leave in Hawaii.

"I will also note that in this version of the bill, there are specific benchmarks, so it's not just a conceptual framework, but there are specific benchmarks that must be met. And in addition, the model chosen, or the mechanism chosen to effectuate paid family leave, must give preference to the following criteria. Coverage of all workers, gender equity, ease of application or claims, speed of benefit payments, sustainability, administration, data collecting capabilities, and compliance monitoring capabilities.

"So what we've tried to do is, while not necessarily mandating a specific model, we have tried to ensure that there are enough safeguards and enough mandates within the bill such that something reasonable and feasible is going to be implemented.

"And lastly, Mr. Speaker, besides something that I think is helpful not just for small businesses but also certainly for workers, as our population ages, and as we will continually have to confront, as a workforce, changing demographics with what millennials and their preferences would be, what I think is important to note here is that I understand the discussion and am empathetic, actually, to the small business community, but much of their testimony is predicated on the belief that they will bear every single cost.

"In the two models, at least that are talked about in this particular bill or referenced, much of the cost is actually borne by an employee payroll deduction. It's certainly fair for people, I think in the course of debate, to assume a worst-case scenario, but I think we also have to contextualize that for those who oppose paid family leave, they are understandably taking a worst-case scenario when they evaluate the fact that they assume they will bear every burden."

Representative McKelvey rose to yield his time, and the Chair "so ordered."

Representative Johanson continued, stating:

"Thank you. I can't speak to the obligations created by previous legislatures where businesses do have to bear the brunt of the cost, and so I do understand that their concerns are certainly valid, but I will say, it would probably be a mistake to assume, at least with paid family leave, that businesses will bear the entire brunt of the establishment of the program. So it's for all these reasons that I ask for support of this measure, that I also recognize is a work in progress. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. Five pieces of reservations, Mr. Speaker. The first of which, if we go back to the hearing in the Finance Committee, the good Chair of the Finance Committee called out DLIR as, why are you testifying with this lukewarm endorsement? The possible confusion of what this is and how it's to be put together, and who's going to do it and how they're going to do it, is really questionable.

"Second reason, we're rushing to an implementation board, not a task force, which generally is the stage chronologically when we do these kinds of things. An implementation board, which means it's ready, fire, aim, which we often do here in the Legislature, Mr. Speaker. Why we're rushing this is confusing.

"Third reason, as has been brought up by my good colleague from Puna, the cost to the small guys. Not only the mom and pop, just the mom or just the pop, the one person. This is an entrepreneurial killer, Mr. Speaker. You don't want to put barriers, like the Europeans do, to make the hurdle to get into business so high that those who are already in business and they've made it, i.e. 80% fail the first five years, the 20% who made it, they're going to benefit from this because they can probably afford it.

"Fourthly, the structure that my good colleague from Moanalua just spoke of. He said there were 6 members out of 18. Well, the actual business people are going to pay for it, or pay the most of it, are the actual entrepreneurs, the others are ancillary entrepreneurs. But even granting if you get 6 out of 18, I generally shy from doing math in public, but 6 out of 18 is one third. When you stack a deck 65 to 35, Mr. Speaker, where's the stakeholders that is claimed to be engaged here, where are they being represented?

"Lastly, Mr. Speaker, as we do these studies, as we take in these remarks that have been on the floor today, I would hope the conference committee would be very deliberative, very purposeful to see some of the reservations that people have. Not just because of the business community, but because of the Department of Labor and other people in the implementation process, to find out a model that works well and can be implemented well. Thank you, Mr. Speaker."

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising in support of family leave. Thank you. Mr. Speaker, I would like permission to insert a one-page chart into the Journal showing the 41 nations that do grant, it's parental leave in this chart. And at the very bottom, with a zero by it, is the United States. I think it's time that we change that statistic. And Mr. Speaker, it starts with Estonia, which has a significant amount of paid leave, and then Japan is fourth. So, we're down at the very bottom, and if I may have permission to have that inserted in the Journal. Thank you."

Representative Thielen submitted the following chart by the Pew Research Center:

Of 41 nations, only U.S. lacks paid parental leave

Total weeks of paid leave mandated by national government to new parents

PEW RESEARCH CENTER

Representative Cachola rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I'm voting in support of this measure, but with reservations. I'm very, very concerned, not only about the small business, but for those first-generation immigrants. We've been through that, my wife and I are first-generation immigrants here in America. My wife being a medical doctor with a degree, her first job is babysitting, my first job is the lowest of the totem pole. If we come up with increase in, more or less, business expenses, *et cetera*, they will have a hard time getting into a job.

"And so they wish at least fix, more or less, to address the concern of the small business, so that then first-generation immigrants just like me will be able to get a job. Some work as yardmen, some work as landscaper assistants, whatever they can get. My advice to them, when they come to me, how to get a job, don't choose any kind of job irrespective of what degree you have in your country. Get the first job, work, and do the best thing you can and prove to them that you can do the job.

"If we come up with a lot more expenses for small business, then it's kind of hard for them to get in. If you go apply with the bigger corporation, they will look at your credentials. Those are the things that are more or less my concern about first-generation immigrants, and there's a lot coming to Hawaii. It is for that reason that I'll be supporting this bill, because it has a lot of merits, but with reservation. Thank you."

Representative LoPresti rose to speak in support of the measure, stating:

"In support, permission to insert comments in the Journal. Just in brief, my support is simply because we need real relief for working families. Thank you."

Representative LoPresti's written remarks are as follows:

"Mr. Speaker, first I would like to thank the Labor Chair for his hard work on this issue this year. I would like to comment that the House version is much better. I fear that the implementation board will end up being stacked with business representatives. At the end of the day, it's not their job as businesses to protect our working families—that's our job as legislators.

"This bill provides for another study on paid leave, but the necessary research has already been conducted. The US Department of Labor has a full analysis on Paid Family Leave in Hawaii. I don't believe we need another study- we need real relief for working families."

Representative Tokioka rose in support of the measure with reservations and asked that the remarks of Representative San Buenaventura be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative DeCoite rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations and a brief comment. Mr. Speaker, while many small businesses have been struggling throughout these years, and the encouragement by the State and by others have always been encouraged for youth entrepreneurship, for small business administration, to get these guys on the right track. While I support the need for family medical leave, I look at what's in front of us today.

"Many small businesses, even on an island like Molokai that have struggled for many years, have been met with the same competition in transportation, in gas, in high electric, while an added cost, of what we don't know to date, will be added to another expense towards the employer, while those that have given sick leave and vacation, expanded out on TDI and temporary disability is also an option for these businesses to give towards their employees.

"Granting that we do have a few bad apples, Mr. Speaker, adding on another added cost without realizing the struggles of those that have existed today within the business community forces many of us to now try and hire another person in case of a family medical leave that is requested. And by all means, I've had to stand by and watch my own pass on, and take the day off, or several days off and weeks off to care for them.

"But at the same time, when we're faced with those that continue to abuse the use of sick leave and vacation and family medical leave, I hinder upon the imposition of these that are on small businesses, and would request that when we go into conference and deliberation, that whether or not companies that have 10 or less employees be looked at as another avenue to not impact those employees on a measure such as this. And I would like to add written comments to the Journal, Mr. Speaker. Thank you."

Representative DeCoite's written remarks are as follows:

"I have reservations on this bill because I have heard from many in my district who may be negatively affected by this bill because it will increase their costs of doing business. This bill will affect all employers, large or small; and will also impact all employees because they will have to make payments into this new Paid Family Leave Special Fund. Most benefits such as this are entirely employer paid, and I believe that Paid Family Leave may eventually have to be borne only by employers. One negative consequence if this bill passes is that employers may end up reducing their staff to pay for this additional cost; another negative consequence is that employers may reduce current benefits to pay for this new one. These negative consequences are not what we want or need.

"HD 1 also changes the lead agency on this bill and replaces the Department of Labor and Industrial Relations (DLIR) with the Department of Human Services (DHS). I believe that this should be given back to the

DLIR because it has the most experience in administering employee benefit programs such as Prepaid Health, Unemployment, Temporary Disability Insurance, and Workers' Compensation. I also recognize the need that employees have in taking care of their families, so I hope that as this bill moves forward, we will be able to find the right balance that we can all live with. *Mahalo.*"

Representative San Buenaventura rose to respond, stating:

"Sorry, second time. I would like to point out that, I would like to put written comments, but just a few brief remarks. Thank you. I would like to point out that I am fully in support of the Labor Chair's implementation board, I really admire the fact that he put that in to ensure that small businesses and tiny businesses are going to be taken into account. But I'd like to make sure that tiny businesses like mine, I am an employer, I have this tiny business, I used to have three employees, I'm down to one, barely, and that one employee, because I'm a legislator, whatever money comes in the door pays for her wages. So if she goes on paid family leave, there's no money coming into the door, which means I'm going to need to lay her off.

"So there are tiny businesses like mine where, because we love our employees, we want to make sure that they do have income, that even though we have separate sources of income or that we can retire, and I know that there are a number of businesses, family businesses where they do want to retire and shut their doors, but because they love their employees, they want to keep it open enough, but if there is no money coming into the door, there's nothing to pay for their wages.

"So the second thing I want to point out is that if we start doing this, there may be an unintended effect, and the example of that, and I'm speaking as an employer, who is a feminist, an example of this is our implementation of TDI. We did not prevent discrimination against women when we implemented TDI. Employers who pay TDI know that when they get their insurance premiums, they are requested, and we are required as employers to state how many women we employ. Few states prevent that kind of discrimination. And I'm afraid that if we pass this, the same people we want to protect, those who are the women who have children, who have family dependents who are dependent on them, are going to be discriminated against. Thank you very much."

Representative San Buenaventura's written remarks are as follows:

"Businesses know that the premium insurance fund mentioned in this bill is illusory like the healthcare premium supplementation fund which is rarely funded. Thus, I am concerned that this bill will adversely affect small struggling businesses of one employee, like lunch wagon owners, who are not big enough to absorb the expense of paying for the absence of one employee because they will need to hire another when they can barely afford one. I am concerned that in helping those who are in desperate need of a flexible job because of dependent care, they will in fact be discriminated against because an employer will not be likely to hire them in key high-paying positions under the fear that they will not be available. Until those concerns are taken into account, I will be voting with reservations."

Representative Ward rose to respond, stating:

"With reservations, second time. Mr. Speaker, what I heard was an excellent amendment on the floor from that last speaker from Puna. What I am saying is that for the counsel to those who are going to be on the conference committee, exempting the micro businesses, one to three employees, would be an honest and just adjustment of this bill. Thank you, Mr. Speaker."

Representative Tupola rose to respond, stating:

"Second time. I just wanted to also thank everyone for the conversation. I think what my colleague brought up from Hawaii Kai is that, I don't think we all are against family leave, I think we want it to happen, but in a way that people can bear it. And the implementation board could be a good idea, definitely, but what the concern is, is what would be implemented. Again, you could do it in the implementation board and kind of create it as you go, or you could have the statute pass where we know what the board would be implementing it and how they would actually support businesses through it.

"But I just wanted to share real quick that I agree with that symbiotic relationship between the employer and the employee. And one of the best stories, and I know I shared it, and I'm going to share it again because I feel like this is a prime example of just what the Representative from Puna said about how employers love their employees, and how we can find a way to actually reward that, find a way to embrace those employers that are actually taking in their employees just like family members, taking care of them. And Richard Tanaka of Tanaka of Tokyo, this is a really good restaurant, but he told me this story that when his employee, who they love, he said everyone in their whole company, he said, no matter how big my company gets, we all treat them like family, fell sick with cancer. He said, I paid his salary for a year and a half and he didn't come in while he had cancer and he undertook his operation.

"And all I'm trying to say is that there are businesses out there that take care of their employees just like family members, and that's what their concern is. Is knowing what the object would be that's being implemented so that they wouldn't be adversely affected if they're already doing even a better job than I think any state government program could come up with, and how we can reward those businesses while still bearing in mind that the businesses that are 10 employees and under or even smaller aren't adversely affected. Thank you."

Representative Say rose to disclose a potential conflict of interest, stating:

"Mr. Speaker, may I request a ruling on a potential conflict? I'm a small business man with three full-time employees, and three sales commission members," and the Chair ruled, "no conflict."

Representative Say continued to speak in support of the measure with reservations, stating:

"May I just record a with reservations at this point. I realize that the defective date is 2050, and I hope the conferees of the House will try to support the small business which is the backbone of the State of Hawaii. I would also like to request that the conferees also consider that we here, as Members of this House, all 51 members will be employers, and I hope this particular issue will be addressed in more of the bigger corporations and the unions, that they could negotiate family leave as part of collective bargaining.

"But the unintended consequences will be, if it is a mandate in our insurance policies, it's an increase for all of us, as far as paying for that, too. It's going to be part of the overall package of the EUTF. All of this are the unintended consequences that you folks should be aware of. Any mandated benefits, as far as family leave, is going to cost the employer more. And at this point I'll be waiting to see what the conference draft is. I am a with reservations. Thank you."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose to respond, stating:

"Thank you, Mr. Speaker. With reservations again. But real quickly, on Kauai we have a lot of small businesses, and I know the intent of this bill is good, but some of the discussion that happened earlier when it pertains to small businesses. I have a lot of small restaurants in my district, and I know one of them is close to Aunty Jane Dobashi's house, but they have three employees, and if one of those employees are gone at Po's Kitchen, it's going to be very, very difficult for her to operate that business, and I know that was brought up a lot today.

"So for those types of concerns, I was a previous owner of three restaurants. We did pass the minimum wage without the tip tax credit for those small businesses, and so, if you look now in the media throughout the state, a lot of restaurants are closing, and some of them have reached out to us to share their concerns about the small businesses and how they cannot make it on some of the laws that we pass. So for those people, I stand with reservations, and hopefully, as Speaker Emeritus said in his speech, I know the defective date is in there, but I hope in conference we can fix some of those things that were brought up on this floor this morning. Thank you very much, Mr. Speaker."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, a few brief comments. Thank you, Mr. Speaker. In addition to the nation's reported by the Representative from Kailua, I would add that paid family leave is becoming more common amongst our own sister-states, California, New York, Washington, Rhode Island, New Jersey. Of these, two, California and New York, some of the most populace states in our country. So paid family leave is becoming a norm. And for the 247,000 family caregivers that this could affect, and the children and *kūpuna* who could be affected because of this, this is a measure that we should pass, and continue to discuss.

"Second point, Mr. Speaker, in rebuttal to the comment that we're rushing into this and where is the opportunity for individuals and different stakeholders to participate. Through the framework created with the implementation board with benchmarks and with specific reports to the Legislature over a period of three years, we have addressed those concerns. Finally, Mr. Speaker, third and last point, this bill is going into conference, so many of the good points noted here on the floor can be taken up by conferees. Thank you, Mr. Speaker."

Representative Ing rose to speak in support of the measure, stating:

"In support. I do have a few issues with the implementation board, how there's only going to be one recommendation to the Legislature after they're done convening. And it seems like, in the interest of fairness, we always talk about bringing the stakeholders to the table, but when you do that and you don't account for power dynamics, whoever comes to the table with the biggest bags of money and the best lawyers and the most existing power ends up prevailing. So we need to do more than just bring all the stakeholders to the table. Even if they're just a few from the chamber or the business community, they will have a lot more power than community advocates at the end of the day, so it would be nice to have a few options come out at the end of this in order for the Legislature to consider.

"Because, when we talk about our sister-states who have already passed this law, they're a lot stronger than some of the things that's been discussed throughout session. If you watched the State of the Union, Donald Trump supported paid family leave, right? So what does this paid family leave proposal look like? Is it a social insurance model? Is it a TDI model? New York passed a TDI model, that's what it seems like it's leaning here in Hawaii. New York passed one, but they had a government program already for TDI. Ours goes through private insurance, which would be costly, not just to the worker, but to the employer as well. So how do you create a system that's fair to all?

"And I should also note that what employers need, what business owners need, as well as low costs, is customers. And our state, over 30% of us now, aren't meeting our basic needs, 40% of our jobs aren't living wage, don't pay living wages. So how are people even going to go to restaurants anymore? I'm eating out a lot less, right, than I used to. So let's keep that in mind, that small businesses, with all due respect, aren't the backbone of the economy, workers are. Workers create, labor creates all wealth, right? And with all due respect, if you cannot afford, we need paid family leave now, and if you can't afford paid family leave, then you cannot afford to do business in Hawaii. Thank you."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tupola rose, stating:

"I'll be changing from no to with reservations. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2990, SD 2, HD 2, entitled: "A BILL FOR AN ACT RELATING TO FAMILY LEAVE," passed Third Reading by a vote of 50 ayes, with Representatives Cachola, DeCoite, Har, San Buenaventura, Say, Tokioka, Tupola and Ward voting aye with reservations.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 1989-18) recommending that S.B. No. 2524, SD 1, HD 1 pass Third Reading.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2524, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Matsumoto rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. At this time, I rise in opposition. Thank you. I'm a strong believer that agricultural land should be used for agricultural purposes. I know this bill is well intentioned, the Honolulu Department of Planning and Permitting wants to stop people from subverting or disobeying zoning laws on Ag land, and so do I, Mr. Speaker. But unfortunately, I don't think that's what this bill does.

"As the law currently stands, a CPR property has the same requirements, restrictions and amenities as the larger subdivision it's a part of, no more, no less. Land use, zoning, density, permitting, building codes, infrastructure, all of these very important things are determined at the subdivision level, through county zoning and permitting. The CPR process changes none of them. That fact helps make the current CPR process safe for those like me who want to keep agricultural land for agricultural purposes.

"But this bill threatens to change that. It would take the CPR process and turn it into a new subdivision process. The land would be treated not as a part of the larger subdivision, but as a new subdivision. That means requiring more urban infrastructure on ag lands, such as streets, street lights, gutters, and maybe even water lines and sewer lines. This isn't preventing development on ag lands, it's helping it happen. Requiring so much urban infrastructure on ag lands is a slippery slope to non-agricultural uses.

"This is an issue in my district that many are very concerned about, and if we put in all of this residential infrastructure, it only makes it easier in the future for more residential homes to go up where they shouldn't be. As the saying goes, if you build it, they will come. That's to say, if we require residential infrastructure on our ag lands, eventually we'll end up with residences. As the Hawaii Cattlemen's Council put it, cows don't need streetlights, and neither do our farmers and ranchers.

"If the problem is that many buyers of CPR ag lands are misinformed, then we need to give them more information. On the other hand, if the problem of CPR ag lands is that they're threatening to break or subvert the county zoning rules, then we need to enforce those rules. Requiring urban infrastructure on ag land isn't the solution to the actual problem here. And for that reason, I oppose this bill. Thank you, Mr. Speaker."

Representative Nakamura rose to disclose a potential conflict of interest, stating:

"May I have a ruling on a potential conflict of interest? I own a CPR property, and my husband's law practice sometimes involves CPRs," and the Chair ruled, "no conflict."

Representative DeCoite rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, we heard a lot on this measure, and while this has been a Honolulu issue, and maybe everybody else but Maui County, just to be clear, I believe that those that have opposed it in Maui County, whether it be the landowner, the realtor, and the farmer or rancher, they're opposing it on two separate issues of opposition.

"I think the intent here is to really catch the fake farm, to catch the urban sprawl out on ag lands. But at the present state of this bill, it's also to identify the unit on that ag land. As many of you know, whether you're a rancher or a farmer, some of those units consist of stalls, horse stalls, sheds, packing facilities. These all become an issue of trying to really identify what is the unit on those ag lands. I think even to the possibility that the request would be at this point to carve out Maui County, so Maui can sit down and have

further discussion on the ag land itself, as well as the CPR. And I would like to also insert written comments to the Journal. Thank you, Mr. Speaker."

Representative DeCoite's written remarks are as follows:

"I am voting in opposition to this bill because it appears to fix a problem that only the City and County of Honolulu has. It is a statewide fix for a Honolulu County problem. The Hawaii Farm Bureau testified that this bill will hurt rather than help farmers. Maui Mayor Alan Arakawa offered comments and stated that the State should not mandate county zoning restrictions. I think that Honolulu can fix their problem through their own county zoning codes and that Maui County should be exempted from this bill. *Mahalo.*"

Representative San Buenaventura rose to speak in support of the measure, stating:

"I stand in support. I'd like to just point out that my understanding of what lawyers have been doing for years was, this was a way for them to get around, this was an end-run against the county subdivision requirements. So what my problem with this bill, and I'm hoping it gets fixed in conference, is that it may be unconstitutional as an *ex post facto* law, because it refers to existing CPRs, instead of preventing CPRs moving forward. For those reasons, I stand in support, but I hope they fix it. Thank you."

Representative McKelvey rose in support of the measure with reservations and asked that the remarks of Representatives DeCoite and San Buenaventura be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in opposition to the measure, stating:

"No vote, brief comment. Mr. Speaker, in the Finance Committee there was a rather lengthy, heated debate, and the bottom line of it was, leave us alone, this is home rule issue. If Honolulu's got a problem, let the Honolulu City Council fix it. As my good colleague said, cows don't need streetlights.

"I think the counties have that ultimate control, they have property taxes, they should be able to handle this. Everybody testified against the bill, except the City and County. And, Mr. Speaker, you know the City and County comes to the State for a lot of things. I won't mention the rail or other things like that, but they're dependent upon us because they themselves can't settle the issue. Airbnb is another issue. So Mr. Speaker, let the counties prevail, let the home rule persist. Thank you."

Representative Nakamura rose to speak in support of the measure with reservations, stating:

"Standing with reservations. While I support the efforts of the City and County of Honolulu to address illegal residential dwellings on agriculture and preservations districts, I believe there are unintended consequences that need to be addressed. For local families on Kauai that are land rich but cash poor, CPRs are the only economical way to divide family property.

"Mr. Speaker, it should be made clear that CPRs must follow the underlying zoning codes, building codes, and density regulations. However, CPRs do not have to follow subdivision regulations, which can be very costly. This bill would negatively affect Hawaii's housing market by eliminating a significant portion of real estate inventory of condominium units on the market. In addition, this bill does not define equivalent subdivision requirements. For these reasons, I stand with reservations."

Representative LoPresti rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Lowen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations, and I'd like to adopt the words of the Representative from Kauai and just add that if there's an issue with the CPR process that Honolulu City and County feels that they're powerless to deny your request, that it just involves filling out a form, maybe

they should look at fixing that instead of creating this new process for subdivisions on ag lands. Thanks."

Representative Yamashita rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Please register a no vote. Similar concerns about the CPR process, thanking my colleagues from Kauai as well as from Kona on bringing up the fact that it wasn't just the City and County of Honolulu that testified in support, it was DPP. So, just the planning and permitting division that can't say no to people, which, again, no other county had this issue except for Honolulu County, and that's why we're saying that it should be put at the county level.

"The second part of it, which talked about the affordable lands, what the Representative from Kauai brought up is true, is that the CPR process actually makes it affordable where ranchers can swap land, and it makes it in such a way that it's a valuable tool. They use this to raise capital by selling pieces of property to other farmers, and then likewise they use it when they need to expand their production.

"One of the parts that the HD 1 draft did bring back, unfortunately it was just in regards to the structures in congregate use, and so what it talked about is that these congregate pieces of land, that farmers wouldn't be able to share that anymore as part of this CPR re-division process that we're talking about. Long story short, all we're trying to say is that we're really micromanaging an issue that should persist, and if DPP has a problem with it, they should fix it. But this sharing of land, CPRing land and utilizing it for other farmers to benefit their crops, their productions, sharing pieces of equipment and tools, all of this is necessary for us to help our farmers.

"And speaking out for my district, in which we do have a lot of farmers that are still trying to make it, still trying to pursue agriculture, still trying to double the food production for our state. We definitely need to look out for them in regards to something like this that could make it very costly for them. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2524, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO COUNTY LAND USE REQUIREMENTS," passed Third Reading by a vote of 43 ayes to 7 noes, with Representatives LoPresti, Lowen, McKelvey, Nakamura and Yamashita voting aye with reservations, and with Representatives DeCoite, Evans, Matsumoto, McDermott, Thielen, Tupola and Ward voting no.

At 10:45 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2783, HD 1
 S.B. No. 2087, SD 2, HD 2
 S.B. No. 134, SD 1, HD 2
 S.B. No. 270, SD 1, HD 2
 S.B. No. 901, HD 1
 S.B. No. 2740, SD 1, HD 2
 S.B. No. 2100, SD 2, HD 2
 S.B. No. 2910, SD 2, HD 1
 S.B. No. 2571, SD 2, HD 2
 S.B. No. 2705, SD 2, HD 2
 S.B. No. 2653, SD 1, HD 1
 S.B. No. 2654, SD 2, HD 2
 S.B. No. 2293, SD 2, HD 3
 S.B. No. 2424, SD 2, HD 1
 S.B. No. 2990, SD 2, HD 2
 S.B. No. 2524, SD 1, HD 1

At 10:45 o'clock a.m., Representative Belatti requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:51 o'clock a.m.

THIRD READING

S.B. No. 2582, SD 1, HD 1:

Representative Belatti moved that S.B. No. 2582, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure, stating:

"In strong support, brief comment. I know I comment every single time, and I think I'm going to have to do that all the way up until this becomes a law just to continue to speak out on behalf of families and victims that have been part of a lot of different incidents that happen in our community. This bill sends a strong message to our constituents about our stance against failing to render aid to an injured person when involved in a collision.

"The current sentence for hitting another person while driving intoxicated is only about two to three years of imprisonment, plea deals aside. By increasing the sentence when failing to stay at the scene and rendering aid, we will allow for a more fitting penal consequence for this catastrophic violation of the law. Each year, 28 pedestrians die in Hawaii due to a vehicular accident. On the Waianae coast alone, we suffered 100 in car crashes per year, of which 50 involved pedestrians.

"One pedestrian, who was mentioned many different times, Kaulana Werner, graduate of Kamehameha Schools, was killed on the side of Farrington Highway, while the person was too impatient to render aid, and that could have saved his life. Just this past February, two men were killed in a hit-and-run crash in Makaha, leaving them fatally injured, the two young men who were changing a tire on the side of the road. Just last month, a 74-year-old man and Waianae resident was dragged underneath a car five miles after being fatally struck, and the person who hit him didn't even realize until they got to work that they had killed somebody.

"Given the lack of road safety for our pedestrians, we need to let the drivers know that they are held responsible to the fullest extent when causing an accident, and that they should stop and render aid. The families of these victims deserve justice and proper closure upon the unnecessary death of their loved ones. In the quote of King Kamehameha's splintered paddle, *e hele a moe i ke ala*. Everyone has the right to feel safe along the path. Thank you, Mr. Speaker."

Representative Gates rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Gates's written remarks are as follows:

"On April 24th, 2016, Kaulana Werner's life was tragically ended in front of his family home when he was struck by a drunk driver in Nānākūli. The driver fled the scene, showing no remorse and a callous heart. Kaulana was 19 years old and was said to bring joy to all that encountered him. The driver is still free, and any punishment she is likely face will hardly provide solace to the survivors.

"This past President's Day weekend, the Wai'anae community lost two young residents that were loved by many to a hit-and-run incident in Mākaha. My heartfelt condolences go out to the Ragsdale and Mole 'ohana for their tragic loss of Jonah and Daniel.

"The Werner, Ragsdale and Mole families deserve better. Our community deserves better. We demand safe streets for our residents and punishments that not only fit the crime, but serve to deter future criminals.

"On this almost second anniversary of the death of Kaulana Werner, let us honor these victims and their families by passing Senate Bill 2582. This measure will increase the maximum prison sentence for any individual that flees a crime scene. This bill will help bring justice to community members who have lost loved ones through hit-and-run incidents and serve as a warning to others by showing that harsh consequences do exist when the life of another is taken so needlessly."

The motion was put to vote by the Chair and carried, S.B. No. 2582, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EXTENDED

TERMS OF IMPRISONMENT," passed Third Reading by a vote of 50 ayes.

S.B. No. 2461, SD 1, HD 1:

Representative Belatti moved that S.B. No. 2461, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative LoPresti rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative LoPresti's written remarks are as follows:

"Mr. Speaker, I rise in strong support of this bill. Fake service animals can create very real problems for legitimate service animals. Legitimate service animals are highly trained to the tune of \$20,000-90,000. Fake service animals have been known to distract and accost real service animals, which can cost thousands of dollars to the disabled handlers to get them re-trained. If the service animal is traumatized enough by the incident, re-training is ineffective, and the handlers are left with no other option but to get a new service animal. These people aren't bringing their animals into stores for fun, or because they get lonely—the people who use service animals have debilitating disabilities and literally can't function in their daily life without them.

"Titles II and III of the Americans with Disabilities Act makes it clear that service animals are allowed in public facilities and accommodations, but emotional support animals, comfort animals, and therapy dogs are not service animals under Title II and Title III of the ADA.

"I believe it is a disservice to Americans with disabilities if we allow individuals without disabilities to bring untrained animals in restaurants, stores, and public facilities as if they were service animals."

The motion was put to vote by the Chair and carried, S.B. No. 2461, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SERVICE ANIMALS," passed Third Reading by a vote of 50 ayes.

S.B. No. 2719, SD 1, HD 1:

Representative Belatti moved that S.B. No. 2719, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Thielen rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Thielen's written remarks are as follows:

"I am in support of this bill, but I believe we should go much further than this temporary measure.

"Child sexual abuse remains a serious problem in Hawaii and across the nation. According to the National Sexual Violence Resource Center, one in four girls and one in six boys in the United States will be sexually abused before the age of 18 years old.

"All too often, the victims of child sexual abuse withhold disclosing the truth about their experiences until they reach an adult age. This can happen for any number of reasons, including fear, disbelief, anger, helplessness, betrayal, and anxiety. These feelings are not the victims' fault.

"Some studies have estimated that between 60% and 80% of child sexual abuse survivors withhold disclosure. Of those who withhold disclosure of their victimization until adulthood, the average delay is approximately 20 years, with some survivors delaying up to 50 years.

"We know from recent revelations in the news that it is not unusual for monstrous crimes to remain secret for decades. Larry Nassar, the former USA Gymnastics national team doctor, committed criminal acts of sexual assault against at least 250 girls and young women over 30 years. The first woman to publicly accuse Nassar of sexual assault was Rachael Denhollander, who was 15 years old at the time of the assault and came

forward 16 years later, at the age of 31. Many other victims remained silent for even longer.

"Even closer to home, we have the horrific example of Robert Browne, the former school psychiatrist who drugged and sexually assaulted an estimated 50 young boys at Kamehameha Schools over the course of 27 years, from 1958 to 1985. It wasn't until 1991, 14 years after his own abuse ended, that Emmett Lee Loy first confronted Browne. And it wasn't until 2014—almost 30 years after the last assault—that a lawsuit was filed.

"Hawaii's current statute of limitations requires that a lawsuit be filed within eight years after turning 18, or three years after discovering an illness or injury caused by sexual abuse. Under that law, Rachael Denhollander would not have been able to seek justice against Larry Nasser in the courts, and neither would most of Nasser's other victims. Nor would Emmett Lee Loy, or any of Robert Browne's other victims in the Kamehameha Schools. I cannot condone a law that would stand in the way of granting these people relief, because we know that there are sadly many others like them.

"For these reasons, I believe that Hawaii should permanently eliminate the statute of limitations that restricts the time in which lawsuits stemming from child sexual assault may be filed. Other states that have taken this step include Utah, North Dakota and Maine.

"It is not equitable for our state to have a system of law that punishes a victim of child sexual abuse for not coming forward immediately. We owe the survivors a fair chance to obtain justice against abusers, no matter how long it takes them to disclose their suffering. I believe we should look to the victims of Larry Nasser and Robert Browne for guidance. We should make sure that our system does not stand in the way of justice when such monsters are exposed."

Representative Tupola rose to speak in support of the measure, stating:

"In support, brief comment. I definitely think this is necessary, and I think that lifting the statute of limitations so that these cases can be heard is important. However, I do think we should consider lifting it altogether. There are some states that have no statutes of limitations, there are others that have two years, three years, seven years, every state it depends. But as you know, with a certain case that happened with a private school on our island, and it's still pursuing, some of the victims have actually passed away because it's so old, I do think that we should consider even further action. Thank you."

The motion was put to vote by the Chair and carried, S.B. No. 2719, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO SEXUAL VIOLENCE," passed Third Reading by a vote of 50 ayes.

S.B. No. 2922, SD 1, HD 1:

Representative Belatti moved that S.B. No. 2922, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative McDermott rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I stand in support with some reservations. Who can be against the teachers? Mom and apple pie, right? And of course, letting the people decide was a chant that I participated in a few years ago. So it'd be somewhat hypocritical of me to vote against this.

"But Mr. Speaker, we need to look to where this money is going to come from. When we say investment properties, we all visualize a mansion on the beach in Kailua, my colleague to the left's district. That's what we view, a vacation rental, something like that. But the reality is, this is going to come from three story walkup apartments. 2238 Kaluaopalea Street in Kalihi, nestled in the lovely area behind Marukai and a gas station. That is not a transient accommodation, but it is an investment property. There's 30 units there, and they're all rentals. Entry-level rental properties, concrete cinderblock walls, tile floors, that's what people there rent.

"They just saw their taxes go up because the assessment on the building went up by 4.5%. The landlord is not going to eat that. The first opportunity

he has to raise your rent when you come up for renegotiation, whether it's a year lease or six months, he's going to add that on, because that's what people do, that's human nature. These people are at the low end of the income scale. It is a struggle for them to pay rent every month. That's an investment property worth over a million dollars, about \$4.5 million, that now we're going to tack on a surcharge. Now, does anybody think the owner is honestly going to eat the surcharge out of a gesture of goodwill? Of course not. He will pass it on to the renters.

"You drive down the road into Waipahu, the Pupus, look to your left as you're going Ewa, the Pupus, the entire area, I would venture to say most of those folks are on welfare and food stamps living in those apartments, barely making it. Those are not transient accommodations visitors renting those for a weekend here. Those are low income folks barely hanging on, and their rent is going to go up. They've just seen a bump or will see a bump because the property values are exploding on the island, and now we're going to hit those people with a surcharge.

"I own my home, I'm not going to be affected, but those folks will. At the bottom of the ladder, the very bottom, we're going to hammer them, because the landlord will pass it on, that's what they do.

"Now, some folks can get Section 8, but that thing is always maxed out, and there's always a waiting list for folks to get Section 8, some sort of subsidy or relief to help them. Then my concerns would shift to the implementation, right? The devil's in the details. The next Legislature is going to come back and decide, if this passes, how it's going to be implemented. I would have preferred if the committee report would have put an intention in there, that we intend that 100% of this tax raised would be added to the baseline, a certain baseline that the Legislature has provided over the past three years.

"But the reality is, we could raise X amount of dollars from this tax and then subtract X amount of dollars from our general fund commitment. This is what has happened with lotteries all over the mainland. We're going to have a lottery for education, we'll raise \$50 million and then they take \$50 million out of the back end from the State's commitment, or they take \$25 million, say, look you got \$25 million more. Well, yeah, but we wanted the whole \$50 million. Well sorry, too bad. That's the reality. I wish we would have had something stating our intent in the committee report to that.

"And then secondly, it doesn't say where it goes. Is it for infrastructure, buildings, classrooms, physical, tangible things we can touch and feel, which we know we're years behind in? Or does it go to salaries? What does it go to? It's nebulous, it goes to whatever, at some point in the future. I wish the committee report would have had more specificity with the intention of this body regarding this tax and where it's going to go in future."

Representative Ward rose to yield his time, and the Chair "so ordered."

Representative McDermott continued, stating:

"Is it five minutes already? I can't believe it. Sorry about that. Well, I'll wrap up. Anyway, those are my concerns. So, we're going to hit the poor disproportionately, there's no question about it. The illegal rentals that are being rented, I mean if we could find out who the heck they are, that's one thing, but we have scores and scores of three story walkups across this island, entry-level rentals just going to get hit with a property tax increase, now we're going to hit them with a surcharge. These folks can't afford it.

"And then the lack of clarity in our intention. Our intention should be 100% of this new money goes on top of the three-year rolling average of what we have appropriated towards the DOE in the last three years, but that's not there. So when this new money comes in, we can pull it out the back end. I fear that may happen, but who knows, because it's the next legislative body that will make that decision. If we left them some instructions in the committee report, it would have been helpful to them. And with that, I'm done, sir."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Year after year, Hawaii's public school students continually rank in the bottom few states in reading

and math, and our teachers are the worst paid in the nation. Here in paradise, where public education spending is the lowest in the nation, we're the only state that doesn't use property taxes to fund public education, despite having some of the lowest property tax rates in the nation. We are actually a tax haven, Mr. Speaker. The property here in Hawaii is a tax haven for the wealthy to buy up property, pricing out local buyers and increasing the cost of living for everybody. It's far past time that we look at addressing some kind of disincentive on investment properties to try to make sure that property is more available for locals.

"The idea is a legitimate concern that, I don't think we want to see the cost passed on directly to low-income renters, and there's ways that we can address that with the yet-to-be-formed underlying legislation, should this pass. We can, for example, say that if the rental is provided at an affordable rate, then the investment property is taxed at a different rate. We can do lots of things like that to make sure that it doesn't pass on to our most vulnerable economic citizens.

"But the bottom line is this. Our students deserve better, our teachers deserve better, the principals deserve better, and the parents who put their trust in the State to educate their children, they deserve better. And this is a mechanism to do that. All the bill does is put the question on the ballot for voters to decide, and we should let them do that.

"My last statement is, I agree with what the previous speaker said about we should, I think, be clear with whatever underlying legislation that may come after this, that 100% of that money raised goes to a baseline, because budgets are fungible, and I don't think we want to do that. We want to make sure we're adding, not just supplanting the budget. Thank you."

Representative Takumi rose to speak in support of the measure with reservations, stating:

"Thank you very much, Mr. Speaker. In support with reservations. Thank you very much, Mr. Speaker. I know the speakers after me and the speakers before say that education needs more money. As your former Education Chair for 15 years, I think my record shows that I've always advocated for increased funding for the Department of Education. As a matter of fact, I introduced, over a number of years, legislation to increase the general excise tax so that we can better fund our schools. I'm afraid, though, I have two major concerns with this approach.

"The first is that it amends our State Constitution to go into property taxes, an area in which counties historically have done exclusively, and I think we all know each county has developed their own property tax scheme independent of each other. That is why when you go to the County of Kauai, they emphasize more residential property taxes. If you go to the County of Maui, they emphasize more on the hotel property tax side. What we will do with this, obviously, is we will have to invoke a property tax that's applicable to the entire state in a one-size-fits-all system that I am concerned it will impugn the integrity of what has developed in each individual county, who are sensitive to the needs of their community.

"Secondly, the State definitely would have to stand up a property assessment department, and I haven't gone and did a survey as to how many employees are employed by each county to assess property taxes and collect them, but I suspect it's in the hundreds. We would have to do the same. If we went down the road of increasing taxes, whether it be on income tax, which is progressive, on a general excise tax, which we could take care of people who can ill afford an increase in the general excise tax, on the TAT. There are other mechanisms in which we could employ that would not require the hiring of hundreds of new employees to stand up a new department.

"Secondly, the other concern I have is that the original proposal for this, Mr. Speaker, was to increase the tourist accommodation tax, the TAT, and in some measure, investment property. The TAT is no longer on the table. The TAT was projected to provide the majority of the anticipated revenue to help the Department of Education. This would require hundreds of millions of dollars, Mr. Speaker. I'll give you one small example. If all of us are in favor of universal public preschool, just the mere fact that the department would need 500 new classrooms over a period of years, that price tag alone is \$700 million. So we're talking, we need a real infusion of

real money. But once the TAT was taken off the table, we have to rely solely on the property tax.

"Previous speakers talked about the kind of exclusions we can have. Please remember that the original proposal had over a dozen exclusions, seniors on fixed incomes, disabled people, renters who pay \$1,500 or less. Well, the pressure for the Legislature next session is going to be to exempt those kinds of properties that the previous two speakers alluded to, small mom and pop businesses who can ill afford an increase in their property tax, maybe hospitals, maybe restaurants, maybe hotels. Once you start building up the list of exemptions, proportionately the amount of revenue that's available is going to shrink.

"I do not think we should venture down this path, if in the end it ends up raising \$25 million or \$15 million out of a DOE budget of over \$1.6 billion. We have to get serious about this, and the only way to get serious about this is to really broaden the applicability of that property tax. That's going to be our challenge next session. Let me end, Mr. Speaker, by saying once again, I support increased revenue for our teachers, our parents, our community, and our schools, I'm just concerned whether or not this is the best way to do it."

Representative Ing rose to speak in support of the measure, stating:

"Strong support. Couple weeks ago I tweeted that teachers in Hawaii are paid the same as teachers in Nevada, except in Nevada the median rent for one bedroom is \$910, over here it's around \$1,600, not to account for the wages, the cost of milk, normal things, groceries is outrageous over here. So, apples to apples, by far Hawaii teachers are the lowest paid in the nation, and that tweet got like 2,000 likes, like people are sympathetic. Like the people of Hawaii are ready, so I think we pass this and then test it out.

"But I wanted to address some of things that were said on the floor. So, we're talking about property taxes and the Constitution, to fund through the State for education. It was mentioned as a bug of this bill, I think it's more of a feature, it's about damn time.

"Secondly, there's a statement about having to do a new department of taxation to assess property values. Just use county data. Like the previous speaker said, it already exists in the county, there's no need to be redundant. Also, look, the counties came to the State to ask for a state tax last year for a county function. We're just returning the favor, y'all.

"Next, I wanted to talk about rent and walkups. We don't have to tax or assess the property based on the TMK, that's not usually how it's done, it's per unit. And if you're renting a unit that's over a million dollars, you're not the least among us. Lastly, oh no, that's all I got. Let's let the people decide and let's pay the teachers what they deserve.

"I came from the public schools, up until I made it to Kamehameha. These teachers are some of the, I can't even tell you what a difference they made for my life. After my dad passed away, my public school teachers would drive me to football practice, they'd keep me after school, and they didn't get any bonus pay for this, they're just really passionate about their jobs. And I think Corey Rosenlee from the teachers, during one of the testimony from the HSTA president, he said, I asked one of the teachers, would she quit her second job if she were to get a raise, and she said, no, but I'd quit my third one. This is out of control. So, let's move this bill. Thank you."

Representative Onishi rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I have strong reservations. First of all, I'd like to say that I am in favor of a surcharge assessment on real property for education, but I have concerns. And first, my concern is that we're going to be amending the Hawaii Constitution, and if we're going to be doing that and asking everybody in the State of Hawaii who can vote to weigh in on this matter, then to me the question should be, should we have a surcharge on real property, period, and leave the decision on what real property we're going to add a surcharge to up to the Legislature. I think that is the most appropriate, and that way we can determine how much money we want to raise, how it affects the bottom line of what we already allocate from the

general fund to education, and it'll raise the funding for education that we feel is appropriate.

"Secondly, the surcharge is only, at this point, on investment property. And because it's only on investment property, it's not going to be fairly assessed throughout the State of Hawaii. There's going to be communities within the state that will have absolutely no effect, although they may impact education a lot in their particular area. To me, this uneven distribution will cause many in our community to have ill feelings about this kind of an assessment. If we're going to be assessing a surcharge, then it should be applied to all real property and let the Legislature decide as to which properties would be affected, and how much they would be affected. So with that, I still have strong reservations on this bill. Thank you."

Representative Woodson rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. Thank you, Mr. Speaker. I'm not going to spend a lot of time focusing on the schematics of this particular proposal. I will just say, Mr. Speaker, that the definitions are in fact broad, to allow the Legislature the maximum flexibility so that adjustments can be made accordingly, if in fact this is ratified. That was, in fact, purposefully done, because I think the last thing that any of us want to do, Mr. Speaker, is to inadvertently hurt working people. To me, anyway, I think that this is the more responsible approach. And yes, Mr. Speaker, this is a funding mechanism that has never been used before, but also, Mr. Speaker, in my mind, we just can't keep looking at these static parameters as barriers and expect to move forward with higher results. We've got to move forward into the future.

"And it is true, Mr. Speaker, that Hawaii is the only such state that does not use this type of funding mechanism. It's the only state in the country that the county municipalities do not have to provide any funding for our public schools, in the entire nation, Mr. Speaker. So instead, Mr. Speaker, I'm going to spend a little bit of time just talking about what this can mean for the future. It's a question, as my colleague had articulated. That is what it is, Mr. Speaker.

"So let's take a look at what public education means more broadly. Well, Mr. Speaker, education, as we all know but sometimes need to be reminded, impacts all facets of our life. There is a direct positive correlation between education and income. So as your educational attainment grows, so does your earning potential. This in itself, Mr. Speaker, I believe helps out our community in countless ways. Fewer homeless, decreased dependency on social services, fewer people in and out of our prison systems.

"There's also a direct correlation, a direct relationship between increased educational attainment and even health. The healthier our communities are, the more productive they can be, and the more active they can be. Increased educational levels also lead to greater political participation, which can lead to better governmental policy on all levels.

"And Mr. Speaker, if I may be permitted just to diverge a little bit and share a story, about a year ago in my home on Maui, I was sitting on the couch with my son and we were watching CNN. And this was around the time that the gentleman, the doctor, was forcefully removed from the United Airlines flight. And as my son and I watched that video clip over and over again, just watching and observing, my son said, dad, can they do that? And I paused for a second, because I wanted to give a thoughtful response, and I said, well, legally they can remove the man from the plane, even if he's paid for the ticket. So then my son responded, yeah dad, but it wasn't right how they did it. And I said, yes son, it was not correct how they did it. So Mr. Speaker, some of our kids have the opportunity to have these types of discussions."

Representative Belatti rose to yield her time, and the Chair "so ordered."

Representative Woodson continued, stating:

"Thank you so much. To have this increased opportunity to create themselves critically. They can develop this critical thinking inside the household. In this particular type of discussion, there was questions, distinctions between legal and illegal, there was distinctions between legal but not righteous. But Mr. Speaker, there are tens of thousands of our *keiki*

throughout the state and all of our communities that simply are not afforded this opportunity. The only time they spend with an adult is in our public school systems. That time to develop their cognitive capacity, so they can have these essential skillsets, the ability to think critically, to articulate your voice, is important as we work together to shape our future.

"I can speak very briefly about preparedness, Mr. Speaker. How prepared will our *keiki* be to compete in this new global economy? How well will our state be able to compete if we don't spend a concerted effort, time, energy and resources, focusing on our school systems? By extension, how prepared will our country be? What will happen if the State of Hawaii, and also our nation, fail to prepare the next generation? How will the rest of the world suffer?"

"So Mr. Speaker, thank you for your indulgence. In all of this time at the nucleus is public education, public education. So Mr. Speaker, it's simply just a question. Do you want to better support our *keiki* in this way? For all our futures. So Mr. Speaker, I ask my colleagues for their support, I humbly ask that we pass this proposal."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. And I do understand some of the concerns, and just following up on some of what the Representative from Volcano said. In most other states, the county or local governments can access things that here we consider state taxes, like a hotel room tax, and vice versa, in other states the state has the ability to do special assessment districts and put surcharges on local taxes.

"So what we do here is actually really unusual. And so, yeah, it would require amending the Constitution, and maybe some here consider it uncharted territory, but it's actually a normal way to deal with taxation in almost all other states. And what it would enable, to open up these tax sources, is to eliminate the conversations we have where the counties are like, these are our taxes, and the State is saying, these are ours, those are yours, and then when we have to look at the times when we do need to find a way to raise revenue, we're not looking at the potential sources of revenue in a holistic way. We're thinking, well we'll raise theirs instead of ours, or the county is saying, well we'll try to get the State to give us some money instead of us raising our taxes. And the reality is, at the end of the day, it's the same people, the same constituents, the same citizens of the State paying this money, and that we should have the ability to look at everything all together and figure out the best way to do it. Thanks."

Representative Matsumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. All of us believe that education is extremely important. My father is a teacher at Nanakuli High School for the past 30 years and has been very dedicated to his students. I myself am a product of the public school system from Mililani, and give him a few years, but my son will also be in the public school system. And I'm voting yes on this bill because I believe that people should have the right to vote and have the right to decide how education will be funded.

"I will mention that I do have a few concerns that I mentioned in committee. I'm concerned with the ballot question, that people may not have a complete understanding of exactly how this surcharge will be applied, because there are no amounts stuck in the bill or in the ballot question. There's no specific amount for what the surcharge on investment real property would be, and so they might not know how this amendment will affect them when they're voting on this bill.

"I completely support funding education, and this is why I am voting in support to allow people to vote, to have their voices be heard on how they want to fund education. Thank you, Mr. Speaker."

Representative Todd rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. So I think it's very clear, when I was considering this piece of legislation even last year and over the interim, that it is quite messy. I'm in support, by the way. So the question for me is, if we're going to pass what's maybe a messy solution and a complicated one,

are we at a point of desperation? And I think that it's very clear, and I don't think many of us here would disagree that we are at that point.

"My high school, I'm a third-generation graduate, and our football field, where I spent a lot of my time, slopes towards the ocean, and you can't use it on consecutive days of rain because kids will get injured. There are exposed boulders that we spray paint so that kids avoid and hopefully don't get tackled on and injure themselves. Ankle injuries, ligament injuries are a regular occurrence, just because the field is sloppily constructed and 100 years old.

"That's just the football field, and that might be, probably, one of the better parts of our campus. If you go to the old gym, the bathrooms do not work and they are caution-taped off. The weight room underneath, which is utilized for classes in the PE department and weight training classes, there are probably five or six dozen holes in the ceiling, and if classes are operating above, the whole building shakes. When I was a senior there, we had maintenance guys come in and dig into the concrete floor to see if there was asbestos there. They found asbestos and covered it up, and so there's a *puka* in the floor that's still there. I'm not sure what the purpose of that was.

"I think that there are stories like this in most public schools in Hawaii, and it was really put in perspective for me this year when I was fortunate enough to visit Huntsville, Alabama. It was my first time in the south, not sure what to expect. Huntsville is a very well-to-do area, low cost of living, high income. And when we were there, we got to look at a brand new high school, Jemison High School, and included in this high school they have a class dedicated to 3D printing, where they have technology and equipment available that you probably wouldn't find in any part of our state, much less a public high school. In addition to that, they teach classes on cyber security where the students build drones from scratch, and they also participate with that 3D printing in, they actually build race cars as part of their curriculum, and they have virtual classrooms where they can learn valuable trades that are taught remotely.

"The point of this is that we're at a point of desperation, and desperate times call for desperate measures. In addition to that, I think that this is a situation where we can effectively kill two birds with one stone. There was a representative from Maui last year who talked in length about what do we have here in Hawaii that we can utilize, what are we trying to sell, in a sense? If you're in Alaska or parts of Texas, you have oil, and that's your exploitable resource. We don't have anything like that here. We have the natural beauty of Hawaii, and we have a very limited amount of land.

"What we have in addition to our crisis in education is a crisis in homelessness and housing, and, as mentioned before, Hawaii's become a tax haven for rich foreign investors. To me, this is an opportunity, if this passes and we get to deal with this next year in terms of rulemaking, to effectively kill two birds with one stone, to dramatically disincentivize foreign investment in local property. And so I hope that, through the wisdom of our body and hopefully being able to address this next session, we can account for affordable rental categories, as we already do on the Big Island, and make sure that we exempt certain categories, to really drive it home that investing in Hawaii property, especially if you're a foreign investor, should not be profitable, and it should not be incentivized. Thank you."

Representative Ward rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Let the people decide."

Representative Matsumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support.

"I am also concerned that there is no definition of 'investment real property' in the amendment, and thus we will not know who will be affected by this bill until this definition has been clarified next session. Again, people

voting on this may see themselves as exempt from the surcharge, later to find out that in fact they now fall under this definition of 'investment real property' owners.

"In the SD1 version, the surcharge had been imposed on owners of homes valued at over \$1 million that did not have a homeowner's exemption.

"The average price of homes in Hawaii is rising, and is now close to \$1 million per home. In my district, for example, in Mililani alone, there are 526 properties worth over \$1 million, and in Waialua and Mokuleia there are a total of 296 properties worth over \$1 million. These housing costs will only continue to increase, and if that definition of 'investment real property' goes back to utilizing property values, this bill may affect quite a large population, with the potential to drastically affect Hawaii's rental and affordable housing markets.

"Thank you, Mr. Speaker."

Representative Nakamura rose to speak in support of the measure with reservations, stating:

"Thank you. Support with reservations. While I support giving the Department of Education additional funding for preschool education for all children, lower class sizes, qualified teachers in our classrooms including special education, and teacher pay increases, I'm concerned that the approach before us may yield much less than what's needed to raise the bar on public education in Hawaii. I believe most of us in this Chamber realize this.

"For everything we know about early childhood brain development, public investment in education is critical. I therefore support moving forward with this constitutional amendment, and at the same time, looking at collaborating with counties and reforming state and local taxation policies that might yield additional funding for the DOE in the long run. Thank you."

Representative Keohokalole rose to speak in support of the measure, stating:

"In support. Mr. Speaker, I'm going to speak mostly on the issue of a constitutional amendment. This bill allows the public to decide a fundamental question. The question that has been put before us is broad, maybe too broad for some of my colleagues, but I believe it's broad rightly so. Actually, not broadly enough for some of our other colleagues, which in my opinion is fair. Shall the State be authorized to utilize investment property taxes to pay for public education? That's the only question, in my mind, that should be put to the voters, because that's the only question that needs to be put to the voters.

"It's my belief that amendments to the constitution, the foundational document upon which our democracy is built, should only be considered when the fundamental nature of our government requires change. We cannot, and should not, just make changes to this document whenever it suits us. That is the role for our statutes and administrative rules. If we set a threshold in the constitution, if we get into the details, we're saying basically that we're going to make this constitutional issue a regular question, and I don't believe that's the way to go.

"This measure actually goes to the heart of our role as the Legislature. The Judiciary interprets the law, the administration executes the law, we set the law. And among that role is the power to levy taxes and appropriate those revenues for the benefit of the public. What the rates are, what qualifies, who qualifies, who doesn't, how much money this proposal raises, what the money is going to be used for, how much better, ultimately, will this proposal make our schools? Those are questions that require details. Those are policy decisions. Those are implementation decisions. I don't think those are appropriate for a constitutional amendment question.

"I believe that the majority of the Members of this Body and the public believe simply that education is one of our most important state functions. And I also believe that the majority of us agree that our public schools deserve more support, and that we can do a better job of educating our children. And I also believe that the majority agree, as my colleague stated earlier, that this need is an urgent one that can no longer be remedied as

things stand, and that fundamental system change is necessary to achieve this. We just cannot continue to keep going the way things are going.

"So this bill provides a mechanism to be put to the voters to ask that question. Are the changes we need to make so urgent and necessary that our role as a legislature needs to be improved to account for this.

"Now, like many decisions, there are costs and benefits, there are risks and uncertainties that come with this issue, I agree. If the voters believe that those costs are too great, that there's too much risk and uncertainty involved, that after the fact the Legislature is going to be ultimately incapable of figuring this all out in a responsible way, they can vote no, and this body will have a clear directive on how to proceed. However, if they vote yes, then we have, as this body seldom has, we'll have a legislative mandate to take this power and use it to improve the outcomes of our kids.

"So lastly, constitutional amendments are hard to get passed. I think this point is lost on many, many people. This is not an easy process. This will not be an easy process. They're hard to get passed, and for good reason. We had a constitutional amendment question on education come before the voters four years ago, in the same election that I entered this body. It did not pass. It did not pass, I believe in part, because it was complicated. It asked an implementation question. It put a policy question to the voters, and it was confusing, and that led to no votes. This doesn't. It asks a question about the role of government. That is a question that should be decided by voters, and that's why I support this bill. Thank you."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. Thank you. There is no silver bullet for the myriad issues that we face here in Hawaii, save one, and that's providing an awesome, quality education is the absolute best thing we can do for our next generation, and I support any measure, absolutely support any measure, which allows our communities and our public to decide new ways and to consider new ways to achieve that goal. Thank you very much."

Representative Creagan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I think we need to recognize this bill isn't just about education, but it's about justice and equality. I rise in support. Our state is the highest percentage of students in high-priced private schools, or one of the highest, if not the highest. Our public schools are separate, and they are not equal, and this bill will help make them more equal. Thank you."

Representative Evans rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I want to rise with slight reservations, and I want to take the words of the Representative from Keaau, Volcano as my own," and the Chair "so ordered." (By reference only.)

Representative Evans continued, stating:

"I think the need for funding is really obvious. How to get there seems to be the real question, and I'm glad that we're taking it to the voters to ask. But I have some concerns if it's the right question. I too, like the Representative from Volcano, think if it's about our future and everyone in this state is vested in having a good economy, taking care of our vulnerable, our children, our seniors, if we're going to have a solid economy and make right for the future, we have to educate our kids, but why not have everybody invest in that? I have concerns that we're just picking on investment property. I think it sends a strong message that we're not all in it together, to try to find the answer.

"Since I've been here, there's been so many discussions about gambling, and it seems that socially and culturally we, as a community, reject that as a way to raise money, so that's off the table. When you talk to the teachers' union, and I asked them, are you going to file a lawsuit against the State because they're not properly funding education, and they go, oh no, no, no we don't want to do that, though other states have done that, and have won. We don't want to see our state go down having a lawsuit.

"And I think, thirdly, is I have some concerns about people looking at legalizing marijuana as a possibility of raising taxes, again, to pay for some fundamental, what fundamentally government does, and government educates children, that's part of our basic, fundamental, what we do as government. And so the question is, again in my opinion, not broad enough, and I would like to see it expanded to all property, that would be agriculture, that would be rural, that'd be residential, it would be investment. It's like, everybody, stand up and participate in doing the right thing. Thank you."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I stand in support with slight reservations, and I wanted to thank the body. This has been a great conversation. My goodness, I could definitely do a special session about this topic and talk for hours about it until we finish it, but we've always done more controversial issues. And so I really think that all the points that were brought up today were so important, and really I just want to boil it down to four, because I think what I hear everyone saying is that everyone believes that education is important, and we want to fund it more. And I appreciate the colleague from Hilo actually giving us a very descriptive look at what his school looks like, and I won't give a descriptive look of some more schools, because I think we're in the same bucket as far as all of the needed improvements.

"And so the two things that we're discussing here is one, how to fund it, two, where it should go. And I think the how to fund it part, it has a few of us with a little bit of hesitancy. And I want to thank my colleague from Waipio for giving that historical history of where this bill has come, and all the different versions of where the pocket of revenue would come from. So the how to fund it part is really important, because we're putting it on the ballot. So if we do the how to fund it part correctly, which what I hear from a lot of people is, if the base is not big enough, then the impact of money collected will not be enough to actually create an impact.

"And so the how to fund it part I think definitely deserves more conversation. Should it be investment property? Should we disincentivize for mainland investors? Yeah, maybe. But is it going to be enough, we don't know that. Are we going to need another department to actually do that, if we do that on top of what the counties do? We don't know. So it's broad enough that we have to actually figure that how to fund it.

"The second part, which is where it goes, and this is the part that people have been bringing up concerns to me about. Where it goes. If we don't know where the money goes, then actually asking the voters to put it on the ballot and not understand where it goes, that's what people have concerns about. And I love the comment brought up by my colleague from Kaneohe, on point. Constitutional amendments, hard to pass. Too specific, hard for people to determine. Too broad, same thing. The where the money goes part is so important, because either we can put it toward salaries and know for sure that teachers are going to get a raise, as my colleague from Maui brought up, super important, way past due, teachers should get more pay, hands down. But also, should the weighted student formula be increased? Absolutely.

"If the money was going straight to students or straight to teachers, I think people would be a lot more supportive, but they don't know what the Department of Education will do with it. And I think we've had this discussion many, many times with the teachers, and I see them smiling, because that's the gist of it, is that this doesn't handle the underlying issue that we have, which is management of funds. And so we want to see educational funds, especially if we do something like this. We change the constitution. We have a revenue source. We boost education in our state. We have to, have to, have to see it go to students or teachers. It has to be that way. It cannot go to more administrative costs or not actually make an impact where we need it to make an impact.

"We know that our weighted student formula is too low. We know that charter schools get less than public schools for the weighted student formula. We know that the teachers' pay is too low. But if we just put it towards education and let the department determine it, that's where a lot of people have that hesitation. It's because they still want to see the department audited, because they don't know where all the monies are going, or why

we're not actually using all the federal funds, or why we're always short on certain things that we need for our schools.

"And so those two fundamental questions are so important, and that's what I hear everyone talking about here, is that we need to solve how we're going to fund it, and where it goes. And if we can do those two things, I think we're moving forward. And I think, just like the Representative from Hilo brought up, we are in a moment of desperation, because we know that it's so badly needed, and we need to move forward.

"So I hope that that's where we can center our conversations, it's just compartmentalize it, figure out the two parts that we need to figure out, put it on the ballot, because it seems like everyone's okay with letting the public vote on it, which I think that's a very, very democratic way to do it. We love that. We love hearing the voices of the public. But making sure that they know, one, how it will be funded, and two, where the money will go. I think that they at least deserve to know that part. Thank you."

Representative Kobayashi rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, in support with reservations. Adding a definition for 'investment real property' would, I believe, improve this bill. Thank you."

Representative Say rose to speak in support of the measure, stating:

"Mr. Speaker, in support. But before I do my short speech, may I address the Speaker in saying that there's a two-prong approach, or can I kill two birds with one stone? It's just very simple. The first request, Mr. Speaker, is may I be able to make a late introduction? No, it is, because this is about civility, this is about state government, and this is an issue that I think will resonate for this whole session. So, may I be permitted?

"On behalf of the Oahu members, we are very privileged to have 100 students from Sacred Hearts Academy, who have listened to this fantastic debate on the Floor of the House. They're accompanied by two chaperones, Mr. Jeff Peterson and Ms. Elizabeth Gabriel. But these are seniors, Members of the House from Oahu, that will be voting in August, if they have the opportunity. So would the students please stand to be recognized by the Members of the House, and I hope you know your elected official here.

"Mr. Speaker, in strong support, and I think for the students who are seniors and will be graduating this spring, it's a reflection now that they understand what is before us, which is a constitutional amendment to give the people the choice to vote for a legislative surcharge on private property. The bigger issue for all of us is that now that they have heard this discussion, which is a very thorough, well discussed, well thought out by all members from Kauai to Oahu, to Maui, to Hawaii, and Oahu, they will probably make a very educated choice when they go to the polls in August or November. It's probably going to be in November, correct me if I'm wrong, the constitutional amendment.

"But in just closing, this is democracy at its best. For the 100-plus students who are here from Sacred Hearts, and finally, we, the House of Representatives, appreciate your presence in having to hear the discussion that is on the floor. Thank you very much."

Representative Holt rose in support of the measure with reservations and asked that the remarks of Representative Nakamura be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Thank you, Mr. Speaker. I appreciate the members that have concerns and reservations. I too share many of your concerns and reservations with the measure before us. However, the reason why I'm a straight up vote on this bill is because of the very genesis of the bill, the foundation. The fact that our state's most precious resource are our *keiki*, our students.

"I don't have a crystal ball, I don't know what's going to happen the next 50 years from now, but I do know this. We invest in our students, and the teachers are our best allies to do that. If we invest in our students today, 50

years from now, our state, our economy, our housing, our healthcare is going to be *pono*. So for those reasons, I support this bill. Thank you."

Representative San Buenaventura rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support. I'd like to focus on the bill itself, and not the minutia. The bill is specific, surcharge on investment real property to support public education. No more, no less. I would like to have the comments of the Representative from Kaneohe be submitted as if they were my own. Thank you. Because I agree. By putting this on the ballot, it gives the public the opportunity to say that they believe that public education is a basic constitutional, fundamental right. It is a right that I, as a member, as a product of the Hawaii public school education was able to use while I was growing up, and which I wish to impart on all the other Hawaii residents.

"This bill gives latitude to the State Legislature to decide how to implement it once it has passed. It is not too broad to ask for all real estate, all real property, because by making it too broad, the public will go into the kind of debate like we are doing, and basically allow for this constitutional question to die. We want it. I support this bill, I support the basic right for the public to decide to say that this is the right.

"I also would like to have the comments of the Representative from Hilo to be submitted as if they were my own. Because in my district, Puna, we kind of envy Hilo public schools, because we don't even have a cafeteria in my elementary school. We believe that certain basic functions in every public school that we don't have, we should have too. And we're hoping that the kind of debate that we have here every session as to how much to fund education, is now going to be put forth to the public. And as such, I stand in strong support. Thank you," and the Chair "so ordered." (By reference only.)

Representative Gates rose in support of the measure and asked that the remarks of Representatives Todd and Keohokalole be entered into the Journal as his own, and asked that his written remarks be inserted in the Journal, and the Chair "so ordered." (By reference only.)

Representative Gates's written remarks are as follows:

"Senate Bill 2922 is an example of democracy in action. It will create a question to be placed on the November ballot for voters to decide their own future. The question is do we allow the state to collect property taxes on investment real estate to better fund public education?

"Unlike most other states in the Union, Hawai'i does not have a property tax that funds public education. Many other states have county-run educational systems and use county property taxes to fund their programs. This option is not relevant to Hawai'i since we are unique in our statewide educational system. Funding a statewide educational system through county property taxes has not made sense and is why our educational system is sorely underfunded.

"Low teacher pay has led to low teacher retention and the hiring of underqualified applicants, dilapidated schools, and ineffective or nonexistent programs for developmentally challenged students. Our per student expenses rank among the lowest in the country. We are shortchanging our *keiki* and our own futures. There is no way Hawai'i will be prepared for the changing business and economic climate if we do not properly fund and support public education.

"More money is needed for public education. County home rule dictates that we allow only the counties to raise property taxes, but since we have a state-run public educational system, there is no effective way for county property taxes to fund state education. Therefore, we need to ask the voters, is the education of our *keiki* or county home rule more important? My constituents know where I stand and now it is up to the people to decide."

Representative Luke rose to speak in support of the measure, stating:

"Mr. Speaker, in support. And I wanted to thank the Education Chair. Last year we had a similar bill, and looking back, he did the right choice by taking

time off and looking at the proposal from last year. And if we had the bill from last year, I think based on the amount of discussion we had here, chances are the last year proposal probably would not have passed because it was too specific and too regimented, and I think people had a lot more questions. So I just wanted to take the time to thank the Education Chair for doing a really good job in crafting what we are about to vote on today."

The motion was put to vote by the Chair and carried, S.B. No. 2922, SD 1, HD 1, entitled: "A BILL FOR AN ACT PROPOSING AMENDMENTS TO ARTICLES VIII AND X OF THE CONSTITUTION OF THE STATE OF HAWAII TO AUTHORIZE THE LEGISLATURE TO ESTABLISH A SURCHARGE TO INCREASE FUNDING FOR PUBLIC EDUCATION," passed Third Reading by a vote of 50 ayes, with Representatives Evans, Holt, Kobayashi, McDermott, Nakamura, Onishi, Takumi and Tupola voting aye with reservations.

S.B. No. 192, SD 1, HD 1:

Representative Belatti moved that S.B. No. 192, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support but with some slight reservations, and the reason, if I may say, is that because it will allow the director of Finance to transfer some balances from the Natural Area Reserve Fund into the general fund, and I don't support that portion of the bill. That's what concerns me. Thank you."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, S.B. No. 192, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Third Reading by a vote of 48 ayes to 2 noes, with Representatives Thielen and Tokioka voting aye with reservations, and with Representatives Ito and Say voting no.

S.B. No. 508, SD 1, HD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.B. No. 508, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 50 ayes.

S.B. No. 2514, SD 1, HD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.B. No. 2514, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 41 ayes to 9 noes, with Representatives Choy, Har, Ito, Matsumoto, Quinlan, Say, Tokioka, Tupola and Ward voting no.

S.B. No. 2890, SD 2, HD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.B. No. 2890, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Third Reading by a vote of 39 ayes to 11 noes, with Representatives Choy, DeCoite, Har, Ito, Kong, Matsumoto, Ohno, Say, Tokioka, Tupola and Ward voting no.

At 11:54 o'clock a.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2582, SD 1, HD 1
 S.B. No. 2461, SD 1, HD 1
 S.B. No. 2719, SD 1, HD 1
 S.B. No. 2922, SD 1, HD 1
 S.B. No. 192, SD 1, HD 1
 S.B. No. 508, SD 1, HD 1
 S.B. No. 2514, SD 1, HD 1
 S.B. No. 2890, SD 2, HD 1

ANNOUNCEMENTS

Representative Evans: "Thank you, Mr. Speaker. Today, April 10th, is Equal Pay Day in the United States, a day that signifies how far into the new calendar year women have to work to earn what men made the previous year. Pay inequality persists here and everywhere, and it matters. It matters because it condemns millions of women and their families to lives of limited possibilities, and for many, poverty.

"Women earning less than men has obvious immediate repercussions, such as less money to spend. But also, it directly relates to longer term impacts such as credit worthiness, savings, social security benefits, and retirement income. Women in old age are living without any regular income from an old age or survivor's pension, despite having been in the workforce in earlier life. Where every dollar counts, pay inequality can be enough to plunge families below the breadline.

"Income well spent on education, nutrition and health, potentially moves a generation out of poverty. Insufficient income reinforces the poverty cycle. The motherhood penalty is larger for low-wage workers, and women in the USA occupy two-thirds of the care economy, in child care centers or residential homes for older people, as domestic workers and cleaners. This work is critical to the functioning of our economies but is hugely undervalued. In the USA, golf caddies, who are mostly men, earn an average of \$17 an hour, while caregivers, mostly women, are paid just \$9 an hour.

"We will not be able to close the gender pay gap as long as there are so many women trapped in low-paid, undervalued work, and as long as working conditions are inflexible. The male breadwinner model of society has long gone, yet its influence remains. Contemporary economies need a workforce that draws in both men and women, but workplaces are still designed as if workers have no domestic responsibilities.

"There is need to sensitively accommodate the caring role, provide the flexibility and working hours that real life demands, and apply a similarly realistic appreciation of women's engagement. Ample research exists to demonstrate the scale of that value. Conversely, the recognition and significance of men's caring role and responsibility is underappreciated and underserved in policy and practice.

"Failure to support the care economy reinforces the gender pay gap in two ways, by undervaluing women's jobs and entrenching women in low-pay work, and by limiting women's paid work opportunities through a lack of affordable care services. When it comes to tackling the gender pay gap and reducing unpaid care work for women and girls, we urgently need to be finding and implementing effective solutions. To reach the goal of equal opportunity, a founding principle of our great country, we must consider pay equity. Equal pay matters. Thank you, Mr. Speaker."

Representative Creagan: "Thank you, Mr. Speaker. Just wanted to let everyone know that tomorrow in the Auditorium at 10 o'clock, Dr. Virginia Rauh, who's an expert on chlorpyrifos and its impacts on the neurological development of children, will be giving a talk, 10 o'clock in the Auditorium, tomorrow. Thank you."

ORDER OF THE DAY

REPORTS OF STANDING COMMITTEES

Representatives Takayama and LoPresti, for the Committee on Public Safety and the Committee on Veterans, Military, & International Affairs, & Culture and the Arts, presented a report (Stand. Com. Rep. No. 1990-18) recommending that S.C.R. No. 40, SD 1, as amended in HD 1, be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committees be adopted, and that S.C.R. No. 40, SD 1, HD 1 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in favor, brief comment. Mr. Speaker, I stand up not because I planned on it, but I think it's so important to set the historical record straight, Mr. Speaker. So I just have a couple of points I want to make. First of all, this bill is an excellent way of this body, the Legislature, Senate and the House, letting know to the public, that probably what was the equivalent of the Stevie Wonder blunder at the University of Hawaii, this will be the mad missile crisis of this administration.

"Mr. Speaker, I think it's a way of finding out what's to be done, what has happened, and how we prevent it in the future. What I think is missing on the huge list of people that are going to be participating in the task force to see what HI-EMA should be doing, I don't see any legislators, I don't see any PACOM officials. Those are the ones who probably, at least from PACOM's point of view, they are the ones who should be telling us there's

a missile crisis. But if they're not there, hopefully this group is not going to err by their absence.

"Lastly, Mr. Speaker, I think that the way we handled it, I still disagree, and I want to go on record, the way we cut short our inquiry, the way some of us were not able to make questions known, I think the residual of that is where this stuff is still a mystery. The people of Hawaii still do not know exactly why, when and how we had a button pusher, who by the way is now suing the State of Hawaii."

Representative Belatti rose to a point of order, stating:

"Point of order, Mr. Speaker, please. He should contain his comments to the merits and the substance of the resolution before us. Thank you."

The Chair addressed Representative Ward, stating:

"Please confine your remarks."

Representative Ward continued, stating:

"Who is now suing the State of Hawaii because we didn't handle it. This bill will handle it."

Representative Belatti rose to a point of order, stating:

"Mr. Speaker, point of order. He should be addressing the Speaker."

Representative Ward continued, stating:

"Thank you. Mr. Speaker, may I proceed? Having said that, Mr. Speaker, this is good, it's what the Legislature should be doing, it'll let us know what to do in the next session, and to do it wisely, because what we've done so far, again, as I said, is equivalent to the Stevie Wonder blunder, and we still have egg on our face from that one, as well as this one. Thank you, Mr. Speaker."

Representative Takayama rose to speak in support of the measure, stating:

"Mr. Speaker, in support. If the previous speaker would review the text of the resolution, he would note that the commander of the US Pacific Command is a member of the proposed task force. Thank you."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, in strong support. I just wanted to note for the record, this is the only remaining bill or resolution on this entire missile alert scare issue. It's really sad. Everybody in the state was upset about it, many people here pretended to care about it, and now this is all we have is a resolution requesting that they do something. We had bills that, a lot of this comes from earlier bills that was requiring all sorts of things protecting businesses, saying that you can't force people into the street, and we've done little to nothing in relation."

Representative Belatti rose to a point of order, stating:

"Point of order, Mr. Speaker. Please confine the comments to the substance in front of us."

Representative LoPresti continued, stating:

"Thank you, I am. As the chair of the committee who helped put this content in, it's from those bills that died, that's the genesis of this, Mr. Speaker. So it's just, we need to at least do this, but it's just sad that this is all that's left. Thank you."

Representative Ing rose to a point of order, stating:

"Just a point of order, could you strike from the record the members pretending to care? I think it's impugning motive. I request that that language be stricken from the record. Members pretending to care about the issue impugns motive of members in this body."

The Chair then stated:

"The Chair will take that under advisement."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.C.R. No. 40, SD 1, HD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE STATE OF HAWAII DEPARTMENT OF DEFENSE TO CONVENE AN EMERGENCY MANAGEMENT AGENCY REVIEW TASK FORCE," was referred to the Committee on Finance, with Representatives Choy, Lee, Say and Tokioka being excused.

ANNOUNCEMENTS

Representative Kong, for the Committee on Education, requested a waiver of the 48-hour advanced notice requirement for the purpose of hearing the following measures on Friday, April 13, 2018, at 2:00 p.m. in Conference Room 309, and the Chair "so ordered."

Representative Ward rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. In strong support. For too long, the Department of Hawaiian Home Lands has focused on single family housing. With a waitlist that now exceeds 27,000 applicants, it is high time for the Department to fulfill Prince Kuhio's promise in a twenty-first century fashion. It is a tragedy that 39% of our homeless population identifies as Native Hawaiian or other Pacific Islander, and I believe many of the socioeconomic ills facing this population can begin to be solved with a roof over their head. I thank the introducers for this measure and hope to see tangible results in the years to come. *Mahalo.*"

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.C.R. No. 48, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF HAWAIIAN HOME LANDS TO PROVIDE MULTI-FAMILY, HIGH-DENSITY DEVELOPMENT IN TRANSIENT-ORIENTED DEVELOPMENT ZONES AND TINY HOMES FOR NATIVE HAWAIIANS," was referred to the Committee on Finance, with Representatives Kobayashi, Lowen, McKelvey, Mizuno, Nakamura, Quinlan and Tokioka being excused.

Representative Belatti moved that the report of the Committee be adopted, and that S.C.R. No. 133, SD 1 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to cast a no vote on Senate Concurrent Resolution 133 and I'd like to make a few comments. Thank you. Mr. Speaker, these measures, there's several of them on the agenda today authorizing issuance of leases covering our shoreline areas, it's very ironic, Mr. Speaker, that these measures are before us today after we have had such a devastating flooding of our coastal areas and even some inland areas, particularly on the island of Kauai. Mr. Speaker, they say a picture is worth a thousand words, and I have a picture here of a dwelling that has been swept away, and I was going to pass that around to members to take a look at it. There are many more pictures, of course, on the internet, of the devastation that has occurred.

"Mr. Speaker, there's also a headline, front-page article today in the Star Advertiser titled 'Erosion is eating away at Hawaii's shorelines.' And we, instead of recognizing that and instead of doing maybe piece by piece management, we are just going ahead and issuing all of these leases covering submerged lands and portions of state submerged land, *et cetera*, as we have these measures before us.

"I think it's time, Mr. Speaker, to stop doing this in this body and to recognize that we are faced with sea level rise, and to recognize the problems that we have to address in a more sensible way, in a management way, rather than just going ahead and issuing these easements and continuing to do that.

"I'd like to read a couple of quotes from Dr. Chip Fletcher, University of Hawaii, he is one of the most knowledgeable people in the state about sea level rise. Dr. Fletcher says, 'Look at our beaches on any weekend. They are crowded with families. Beaches belong to our children. We are caretakers. If we keep building sea walls and destroying this legacy, we deserve to be known as a generation of thieves.' And Mr. Speaker, he goes on to say, 'We know sea level is rising. We know the shoreline is going to recede and move landward. In my opinion it's our job to get out of the way.'

"Mr. Speaker, these measures do not let us get out of the way. These measures really are denial of what is happening to our island shores, and I'm casting a no vote on all of them. So I will stand up individually, because there are some good measures interspersed in between the ones that are refusing to acknowledge that we need to get out of the way. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 133, SD 1, entitled: "SENATE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM LEASE COVERING A PORTION OF STATE SUBMERGED LANDS AT KAHALU'U, NORTH KONA, ISLAND OF HAWAII," was referred to the Committee on Finance, with Representative Thielen voting no, and with Representatives Kobayashi, Lowen, McKelvey, Mizuno, Nakamura, Quinlan and Tokioka being excused.

Representative Yamane, for the Committee on Water & Land, presented a report (Stand. Com. Rep. No. 2020-18) recommending that S.C.R. No. 181 be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that S.C.R. No. 181 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Holt rose to speak in support of the measure, stating:

"Mr. Speaker. In strong support. May I please insert written comments into the Journal? Thank you."

Representative Holt's written remarks are as follows:

"As a former staffer for the late Senator Gilbert Kahele, who represented the First Senatorial District of Hilo, Hawai'i, it is with genuine respect and acknowledgment of a gentleman whose life is to recognize his long standing vision and work to better define the area for the community. The late Senator Kahele's vision that spanned decades, which the Mauna Kea Recreational Area, should be made to be a place that would enhance ones safety, relaxation and convenience while enjoying the scenic beauty of the area. Furthermore, The late Senator believed it was under served in terms of its potential and that improved facilities would bring attractiveness, safety, convenience and comforts. He worked hard, collaborating with others and with their cooperation were able to make the current park improvements.

"To rename the park is a very fitting legacy and an honor beyond measure given to the late Senator Gilbert Kahele's early community advocacy and later his actions to improve the park that is a 'stop' that is safe, convenient and beautiful for everyone who travels across Hawai'i Island on the Daniel K. Inouye Saddle Road Highway."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 181, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE CHAIRPERSON OF THE BOARD OF LAND AND NATURAL RESOURCES TO RENAME THE MAUNA KEA RECREATION AREA IN THE COUNTY OF HAWAII AS THE GILBERT KAHELE RECREATION AREA," was referred to the Committee on Finance, with Representatives Kobayashi, Lowen, McKelvey, Mizuno, Nakamura, Quinlan and Tokioka being excused.

Representative Yamane, for the Committee on Water & Land, presented a report (Stand. Com. Rep. No. 2021-18) recommending that S.C.R. No. 2, SD 1 be referred to the Committee on Finance.

Representative Belatti moved that the report of the Committee be adopted, and that S.C.R. No. 2, SD 1 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"A no vote for the same reasons that I've stated. Thank you."

Representative Tupola rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Briefly, this was a specific constituent that had requested this because he's been working for years at DLNR to address an issue that they won't fix, and neither does the landowner have permission to fix, and so it's kind of, they're stuck between a rock and a hard place. I'm not for building more seawalls. This one I would like permission to submit written comments so that I can submit the letter that they gave in regards to all of the timeline of trying to fix this problem using other methods, and that's why it went this direction. Thank you."

Attention: Cal Miyahara, Shoreline Disposition Specialist
Dear Ms. Case:

Subject: Grant of Term, Non-Exclusive Easement for Seawall Steps and Landscaped Area Purposes
Seaward of Tax Map Key (TMK) 8-7-023: 044

This is in response to your request, received September 1, 2017, for comments on the subject Project. We understand the Applicant seeks a grant of term, non-exclusive easement for a seawall that is approximately 353 square feet. The seawall is makai of the property line and is therefore in the State Land Use (SLU) Conservation District. The site mauka of the property line is within the SLU Urban District and the County's R-5 Residential District. We have the following comments:

The seawall fronting the subject site is listed as nonconforming in our seawall inventory. However, portions of the wood and chain-link fences shown in the photos appear to be within the SLU Urban District. Photographs of the shoreline from 1986 and 1989 do not show these structures and we do not have any record that they were authorized as minor shoreline structures. Therefore, we recommend that the Applicant be required to remove the fences and any other unauthorized structures from the shoreline setback. Once a certified shoreline survey is issued, the Applicant may seek a Minor Shoreline Structure Permit to allow a 50-percent open work fence within the shoreline setback.

According to the application documents, the dwelling unit on the site was destroyed by fire and has been completely removed. The Applicant should be aware that any work that meets the definition of "development" for purposes of the Special Management Area (SMA) Ordinance (Chapter 25, Revised Ordinances of Honolulu (ROH)) (i.e., work that is not part of the development of a new single-family dwelling that is less than 7,500 square feet of floor area) will require an SMA Permit. At this time, it appears no work is proposed on the seawall structure. Therefore, no SMA permit is required at this time.

Finally, the Applicant should be aware that the entire site, identified as TMK 8-7-023: 044, is within the Coastal High Hazard District (VE Zone) with 12-foot elevations. Therefore, the requirements of Chapter 21A, ROH (Flood Hazard Areas) apply to the site.

Very truly yours,

ORDER OF THE DAY

REPORTS OF STANDING COMMITTEES

Representative Ing, for the Committee on Ocean, Marine Resources, & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 2053-18) recommending that S.C.R. No. 74, SD 1 be adopted.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.C.R. No. 74, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING PAPA OLA LOKAHI TO ASSESS THE IMPACT ON SOCIAL, FINANCIAL, AND CULTURAL INTEGRITY OF PROVIDING HEALTH COVERAGE FOR CERTAIN NATIVE HAWAIIAN CULTURE-BASED ACTIVITIES," was adopted, with Representatives Choy and Say being excused.

FINAL READING

Representative Belatti moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Morikawa and carried: (Representative Choy was excused.)

H.B. No. 1624, HD 1, (SD 1)

H.B. No. 2114, HD 2, (SD 1)

H.B. No. 2275, HD 2, (SD 2)

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering certain House Bills for Final Reading by consent calendar. (Representative Choy was excused.)

FINAL READING

H.B. No. 1624, HD 1, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 1624, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO INSURANCE," passed Final Reading by a vote of 48 ayes to 1 no, with Representative Say voting no, and with Representative Choy being excused.

H.B. No. 2114, HD 2, SD 1:

Representative Belatti moved that H.B. No. 2114, HD 2, SD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Thanking the chair for the amendments, respectfully, a no vote. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, until the veto that the Governor placed on this bill last year is cleared, I am also a no vote. Thank you."

Representative Johanson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'd like to just make comments, I think because this is final reading and it will likely not come back to us, it's important for the record to be clear. Although the previous speaker regularly alludes to the veto of what was SB 410 in last session, this measure is substantially different. Here are some of the differences that I would like to highlight for the members so that they know that this has been a finely-honed compromise between the executive branch and the six public-sector unions. Some of the substantial differences include the following.

"One, this product, and I'd actually like to thank James Nishimoto for his work when he was the chief negotiator on behalf of the executive branch, he actually brokered this compromise and much of the language that is contained in HB 2114, and since he is no longer part of the administration, I did want to express my thanks. I think it's very significant that the chief negotiator was the one who negotiated some of this compromise language with the six public-sector unions.

"This is far more narrow in scope than SB 410. In fact, what it does, Mr. Speaker, is preserve the status quo and the fidelity to Chapter 89 bargaining rights, which is the bedrock of our labor law. It does so by explicitly clarifying that a gray area that existed before, with respect to management and public-sector prerogatives, the employee prerogatives, when they conflicted, as we saw with the privatization of public services, there was an imbalance created. And in that imbalance, sometimes management asserted that their prerogative should supersede anything, even when it had to do with wages, working conditions and hours. Again, the three terms of Chapter 89. And that, again, created the imbalance that brings us here today.

"What this bill does, Mr. Speaker, explicitly in the bill as well as in the committee report, is to define the fact that some of these, when management and the employee prerogatives clash, if it is not something explicitly stated, as may be the case when management has the right to transfer an entity to the private sector as enabled by this body, but when it effects the employees' wages, working conditions and hours, what this bill does, Mr. Speaker, is clarify that some of these areas are still gray. Neither side is compelled to negotiate on them and neither side is bound in a particular way. And I think while that preserves the status quo, it does add a little bit of clarity to a situation that, as we find ourselves in different circumstances in the future, may arise, that will create some ambiguity if this is not rectified.

"I think also for the record, Mr. Speaker, I'd like to, because we often don't discuss these, I would like to name all the employer groups, because you don't have to take my word for it, the fact that all of these employer groups except for one have remained silent and not opposed this bill when they opposed SB 410 is a significant testament to the fact that there is agreement on this compromise. And for the members edification, the public employers are the governor, the respective mayors of the counties, the chief justice of the Supreme Court of the Judiciary, the Board of Education, the Department of Education, the Board of Regents of UH, the Hawaii Health Systems Corporation. And out of all of these groups, Mr. Speaker, all of these groups that negotiate our collective bargaining agreements, only HHSC has ever testified in opposition.

"So because there's been some statements in the record that imply that this is exactly the same as a measure vetoed before, I did want to introduce some clarity, and I did want to note that in a committee where compromise is very rare, mutually agreed upon compromise is very rare, I'd like to thank all the parties, all six public-sector unions and the executive branch for coming together to achieve what regularly is very rarely seen in the Labor Committee, which is an amicable compromise for all. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 2114, HD 2, SD 1, entitled: "A BILL FOR AN ACT RELATING TO COLLECTIVE BARGAINING," passed Final Reading by a vote of 47 ayes to 2 noes, with Representatives Tupola and Ward voting no, and with Representative Choy being excused.

ANNOUNCEMENTS

Representative Thielen: "Thanks, Mr. Speaker. Mr. Speaker, this morning on Hemp Aloha Friday, I went out to the industrial hemp site in Waimanalo. The plants are doing fantastically. Some are nearly up to nine feet in height at this point, very vibrant agricultural operation. And I think, Mr. Speaker, now that state Department of Agriculture has allowed farmers to apply for permits to grow hemp, I think we're going to see a much more robust agricultural industry as this plant gets planted throughout the islands.

Thank you, and I'd like to thank the members for their strong support of this, of the project and hemp. Thank you."

Representative Luke: "Thank you, Mr. Speaker. A few days ago I made remarks in a Star-Advertiser news story about the Governor that were inappropriate and not fitting for this body. I want to apologize to you especially, my colleagues, the public, and the Governor for those remarks. I regret my comments and offer sincere remorse that I have disrespected the Office of the Governor, the public, you, Mr. Speaker, and Members of the Legislature. I especially want to apologize to Representatives Nakamura and Morikawa. I understand that my actions may have resulted in you being excluded from discussions with the Governor during these critical times of recovery for the island of Kauai. Thank you, members, for your indulgence."

At this time, the Chair stated:

"For committee chairs, please remember that today is the second crossover filing deadline for amended Senate concurrent resolutions. Please file your committee reports and drafts with the Chief Clerk's Office by 6 p.m. this evening."

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.C.R. No. 27, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO CONDUCT A SUNRISE REVIEW OF THE LICENSURE AND REGULATION OF HOME INSPECTORS," was adopted, with Representatives Evans, Hashem and Say being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 2057-18) recommending that S.C.R. No. 2, SD 1 be adopted.

Representative Belatti moved that the report of the Committee be adopted, and that S.C.R. No. 2, SD 1 be adopted, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to cast a no vote on Senate Concurrent Resolution No. 2 and to say a few words, please. Thank you. Authorizing the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Waianae. For this measure and all the measures on the next page on page 3, and then a few others where I'll stand up and indicate it, I'm voting no. We've had a very recent example, Mr. Speaker, of what has happened when we're hit with rather devastating but actually not unusual storm in this era of climate change. We had bison

swimming in Hanalei Bay from the late Bill Mowry's ranch in Hanalei where there are over 100 of these massive animals.

"It was a situation that should have been a wakeup call to us that we need to stop granting easements and we need to start making either the State or the county or the private entity move any encroachments *mauka* onto their property, and not where it's on public property. I just don't understand our not taking this year and this time to say to Department of Land and Natural Resources, work with those people to find a way that those encroachments either can be left to just be disintegrated by the natural processes, or move them further inward, and work individually with each of the applicants that come to ask for an easement for something that is now on public land.

"So I think the time actually has passed for us to draw the line in the sand, and I'm casting a no vote on this, and if I may, Mr. Speaker, may I cast a no vote on page 3 on all of those easements, and then I'll stand up after that when the appropriate ones come."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 2, SD 1, entitled: "SENATE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT WAIANA, OAHU, FOR THE EXISTING SEAWALL, STEPS, AND LANDSCAPED AREA AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was adopted, with Representative Thielen voting no, and with Representatives Evans, Hashem and Say being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 2058-18) recommending that S.C.R. No. 18, SD 1 be adopted.

Representative Belatti moved that the report of the Committee be adopted, and that S.C.R. No. 18, SD 1 be adopted, seconded by Representative Morikawa.

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered." [Note: See Stand. Com. Rep. No. 2057-18, S.C.R. No. 2, SD 1, for remarks.]

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. Representative Thielen rose to speak in opposition to the measure, stating:

"A no vote, Mr. Speaker, and a few comments. Thank you. Mr. Speaker, on 2066, the land and the entity that has asked for this easement is HMC Maui LP. It's a REIT that owns 100 upscale hotel properties across the United States, and I would suggest, Mr. Speaker, that there is land *mauka* that could be used for what they want to do at this hotel property, and we should not continue to grant these kinds of easements in this time of climate change and sea level rise. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 79, SD 1, entitled: "SENATE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT AND ISSUANCE OF IMMEDIATE RIGHT OF ENTRY COVERING A PORTION OF STATE LAND AT KAAPALI, LAHAINA, MAUI, FOR BEACH WALK, TRENCH DRAIN, SIGN, AND PUBLIC BEACH SHOWER PURPOSES," was adopted, with Representative Thielen voting no, and with Representatives Evans, Hashem and Say being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 2067-18) recommending that S.C.R. No. 80, SD 1 be adopted.

Representative Belatti moved that the report of the Committee be adopted, and that S.C.R. No. 80, SD 1 be adopted, seconded by Representative Morikawa.

Representative Thielen rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 80, SD 1, entitled: "SENATE CONCURRENT RESOLUTION AUTHORIZING THE ISSUANCE OF A TERM, NON-EXCLUSIVE EASEMENT COVERING A PORTION OF STATE SUBMERGED LANDS AT SPRECKELSVILLE, WAILUKU, MAUI, FOR THE EXISTING SEAWALL AND BOULDER REVETMENT AND FOR USE, REPAIR, AND MAINTENANCE OF THE EXISTING IMPROVEMENTS CONSTRUCTED THEREON," was adopted, with Representative Thielen voting no, and with Representatives Evans, Hashem and Say being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 2068-18) recommending that S.C.R. No. 95, SD 1 be adopted.

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.C.R. No. 95, SD 1, entitled: "SENATE CONCURRENT RESOLUTION SUPPORTING THE PURCHASE, PRESERVATION, AND RESTORATION OF AGRICULTURAL AND CONSERVATION LANDS IN MAUNAWILI VALLEY, O'AHU, AND URGING VARIOUS FEDERAL, STATE, AND COUNTY ENTITIES TO ACQUIRE AND PROTECT IMPORTANT ANCIENT AND HISTORIC SITES AND TRAILS AND WATERS IN MAUNAWILI VALLEY," was adopted, with Representatives Evans, Hashem and Say being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 2069-18) recommending that S.C.R. No. 48, SD 1 be adopted.

Representative Belatti moved that the report of the Committee be adopted, and that S.C.R. No. 48, SD 1 be adopted, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support with written comments to the Journal, please. Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. Strong support. My reasons for supporting this measure are the same as they have been on previous readings on this measure: it is time for the DHHL to find twenty-first century solutions to fulfill Prince Kuhio's promise of almost 100 years ago. With only about 9,700 leases granted, the development of multi-family, high-density development in TOD zones, as well as using tiny homes, will help to expedite the process to house the Native Hawaiian people. I am attaching a research project from my office entitled Broken Promises. Over the past 14 months, my office has interviewed former directors of the DHHL, real estate developers, OHA trustees of past and present, and various stakeholders to find solutions for the unfortunately slow progress we have found in housing the Native Hawaiians. All in all, Mr. Speaker, this measure is a great first step. *Mahalo.*"

Representative Ward also submitted the following:

WHAT WENT WRONG?

Broken Promises And Broken Homes

In their landmark book, "Land and Power in Hawaii," authors Gavin Daws and George Cooper drew direct historical connections between land ownership and political clout in the islands. It remains nearly inconceivable that an entity can control more than 203,000 acres of land and yet have little financial or political power.

Native Hawaiians when administering the Program and through insufficient funding, inadequate planning and management, and inaction."

To understand the myriad reasons for these deficiencies — or broken promises to Hawaiians — Hawaii State Representative Gene Ward

formed a study group within his office to seek answers and find solutions.

Rep. Ward wrote his Ph.D. dissertation at the University of Hawaii-Manoa on the Hawaiian business community, has been involved in Hawaiian affairs at the Legislature for the past 20 years and is a former business partner with Hawaiian civic leader Dr. George Kanahahele.

Ward's office conducted interviews with all living former Directors of the Department of Hawaiian Home Lands, including its current Director, Jobie Masagatani, and her Deputy Director, William Aila.

Former DHHL Directors interviewed included Micah Kane, Kali Watson, Raynard Soon and Kaulana Park.

But that is the case with the Department of Hawaiian Home Lands.

In 1921, the United States Congress passed the Hawaiian Homes Commission Act, which designated that some 203,000 acres of land be divided among Hawaiians with at least 50 percent blood quantum. In nearly a century since then, only about 9,700 homesteads have been resettled with more than 44,000 applicants on a wait list.

In the words of an audit by the U.S. Inspector General, "Both Federal and State Governments contributed over the years to the current deficient condition of the Home Lands Program by not acting in the best interest of the

Hawaii civic and business leaders Momi Cazimero, Rob Iopa, Walter Thoemmes, Jim Dannemiller and Robin Danner were also key interviewees providing background information on DHHL and its beneficiaries. Though not exhaustive, more than 20 interviews were conducted.

OVERVIEW

What follows is not an indictment of the present Ige administration or any former administrations, but a summary of the collective and cumulative neglect at the federal and state levels to carry out their responsibilities to the 1921 Hawaiian Homes Commission Act.

Actually all former DHHL Directors were proud of their tenures there, but were not satisfied with the lack of progress in carrying out their mandate. They told of an implementation process that was fraught with delays, a lack of resources, scant

political will, mismanagement, political manipulation, and a general lethargy to capitalize on developing one of the biggest land ownership bases in Hawaii.

Due to the sensitive nature of the topic, interviewees were granted anonymity in exchange for their candid views, however, the views expressed in this document are the responsibility of the authors from a public policy perspective.

Homesteading was thought to be the right approach for Native Hawaiians, who fewer than three decades earlier had lost/surrendered their kingdom to the United States. But the promise to return Hawaiians to their lands that offered hope appears to have turned into a broken

promise. Today more Native Hawaiians are said to be dying on the wait list than are being settled on homesteads. **Clearly, the system is broken and we wanted to know why and what can be done before there are no eligible Hawaiians left and large tracts of land belonging to Native Hawaiians go undistributed. This is a concern of both the Hawaiian and non-Hawaiian communities.**

MAJOR FINDINGS

► **100 YEARS OF STRUGGLE**

Most present and former leaders of DHHL agree that the task of **putting Hawaiians on their own land has been a monumental, uphill battle** — some might say impossible — given the **remoteness** of the allocated land, the **cost of infrastructure**, and the **instability of federal and state funding** to build more homes. To be sure, it has been a difficult assignment to develop more than 203,000 acres, most of which are on the Neighbor Islands (50 percent on the

Big Island), or to have the funding and the political will to develop land on Oahu, which is most in demand.

► **MORE HOUSING OPTIONS REQUIRED**

The agrarian society of 100 years ago, upon which the homestead act was modeled, is not truly relevant in today's housing market in general and to the Hawaiian community in particular. **Hawaiians want and need housing where they can make a living.** A "one-size-fits-all" approach of just pasture land or garden lots does not take into consideration housing models such as **townhouses, condominiums,** alternative dwellings like "**tiny homes,**" or even granting undeveloped parcels of land.

Alternatives to traditional home ownership such as "rent with an option to buy" and traditional rental units should be explored with more vigor, according to one developer. For example, one of the most valuable properties in the DHHL inventory on Oahu is the old **Bowl-O-Drome**

LAND AND POWERLESSNESS IN HAWAII: DHHL

"DHHL suffers from a lack of funding and staffing, which adversely affects beneficiaries of the Hawaiian Home Lands Trust." Judge Jeannette Castagnetti / 2015

to provide sufficient funding for the DHHL's administrative and operating expenses in line with the 1978 constitutional mandate. **The judge set the appropriate amount at \$28 million a year, nearly three times the amount the Department had been receiving (\$9.6 million)** to hire and pay its employees and just keep the lights on. **(This amount has nothing to do with capital funding or building actual homes.)**

With the **Governor's Office, the Speaker of the House and the President of the Senate** intervening to **strike down the Castagnetti ruling,** the Legislature and the public witnessed a historic lack of political will and a governmental conspiracy against DHHL in the eyes of the authors of this research effort.

► **FIGHTING FOR EVERY DOLLAR**

The Castagnetti decision will be continually appealed and re-appealed and it will take more years before the funding snarl is untangled. Since the **six Hawaiian Homesteaders filed**

suit against the State in 2007, the question remains if members of the Legislature will garner the political will to provide "sufficient funding." Political will should not have to be begged for Native Hawaiian housing, but that is the position the Department has been placed in.

Judge Castagnetti summarized the dismal state of affairs of the agency in 2015 by stating, **"DHHL suffers from a lack of funding and staffing, which adversely affects beneficiaries of the Hawaiian Home Lands Trust."**

► **LACK OF CHAMPIONS AT THE FEDERAL AND STATE LEVELS**

Funding for Native Hawaiian programs has not always been popular with whomever is in the White House or Washington Place. But the late Senator Daniel Inouye for decades **made sure there were budgeted earmarks and plus-ups to get the job done for the Hawaiian community and for the DHHL.** President Barack Obama's Administration

property in Moiliili. In its 2014 Oahu Island Plan, the DHHL proposed using the site to develop as many as 126 residences in a building of up to 10 stories. The street level of the building would be developed for commercial use, according to the plan. An environmental impact statement of the property, after four years, is still not finished.

The DHHL has proposed using the old Bowl-O-Drome site in Moiliili to develop as many as 126 residences in a building that would include space for commercial use.

► **NO STABLE OR SUSTAINABLE FUNDING SOURCES**

The most formidable barrier mentioned by anyone familiar with DHHL is that the agency cannot behave like the **land/housing developer** it is mandated to be without access to the reliable and sustainable capital that a developer needs to build infrastructure and install utilities before trying to build housing that is affordable. This is **partially a government funding problem** and a DHHL lack of imagination and entrepreneurial initiative.

The DHHL has been unable to raise sufficient funds through its investments or by leveraging its various land assets. It also is unable to rely on **adequate funding from**

state or federal governments. Bottom line: It is land rich — and cash poor — and stuck in a trough.

► **NO STABLE OR SUSTAINABLE POLITICAL SUPPORT**

Not only is DHHL short on cash, it is equally short on political capital in the State and Federal governments. For the past 10 years DHHL and Homesteaders have had to pursue sufficient funding through the courts in Hawaii and they have won consistently up until recently. In the "Nelson Case," First Circuit Court Judge **Jeanette Castagnetti** ordered the Legislature

The late Senator Daniel Inouye championed funding for Hawaiian Home Lands, making sure there were budgeted earmarks to get the job done.

ensured the continuation of that legacy, albeit at a slightly lower level. For example, the Native American Housing Assistance and Self Determination Act (NAHASDA) entirely zeroed out funding for Hawaiians because of a huge balance of unspent funds. This presents a dilemma to this day for the DHHL, which has sought assistance and connectivity to **Capitol Hill and the Trump White House with little success** because it has been slow to spend down nearly \$36 million in past funding grants. **At the State level, no politician has emerged to lead the fight to get DHHL funding or housing construction into the fast lane.**

► **DHHL NOT WITHOUT FLAWS**

To be fair, the Department itself bears a good share of the blame for its present lack of progress in delivering on its mandate. DHHL has been characterized as **mismanaged, risk averse and suffering from bureaucratic behavior.** The caliber of people appointed by the Governor to

head the agency or to serve as Hawaiian Homes Commissioners was criticized for **their general lack of business background or business experience.** The standing, or the lack of standing, of the DHHL in the **Governor's cabinet was also cited as a sign of weak political will and priority.**

The Department of Hawaiian Home Lands thus remains asset rich and cash poor as it has since its founding almost 100 years ago. It is the still one of the largest land owners in the state but it is rarely getting the highest and best use of its lands. **Unlike the state's largest land owner, Kamehameha Schools/Bishop Estate, the DHHL has not aggressively entered the housing market and leveraged its land assets.**

WHAT CAN BE DONE?

What follows are some recommendations on how the Department can move forward, open new lines of dialogue and access funding that it can leverage for more development of housing.

LAND AND POWERLESSNESS IN HAWAII: DHHL

dead and assuming Native Hawaiians can make a living by farming is a rather naive assumption and no longer the most relevant model for meeting their housing needs. Instead, **DHHL could and should leverage its vast land holdings and secure dwellings on smaller plots of land or create more subdivisions with land trades,** or on limited-sized urban parcels build vertically.

This means DHHL needs to put more emphasis on **building more housing by creating multiple housing types, including townhouses, single-family homes, condominiums, apartments — even "tiny homes" or modular eco-friendly houses that are "off the grid" and energy independent.**

The past, rather narrow, "one-size-fits-all" turnkey approach to home ownership will not work in today's market and within the Native Hawaiian community. A paradigm shift should of necessity also include "rent-to-buy" options for homes as well as apartments and make buying a roof over one's head

affordable. Presently, almost half of the people on the wait list experience difficulties qualifying for a traditional mortgage, but could easily qualify to build equity as a renter or a gradual home owner on a lot of variable size and square footage.

Creative entrepreneurial financing and a full construction menu of housing could solve this problem. But this takes political will and money, both of which are in short supply.

LAND AND POWERLESSNESS IN HAWAII: DHHL

1. DHHL Should Get Clear On Its Purpose — Housing First: If anything has been learned from the homeless crisis in Hawaii, it is that housing comes first before you can "rehabilitate" or treat any other symptom of a person or family. DHHL needs to view its role commensurately as a priority need for the Native Hawaiian community without wavering. **It needs to overcome a type of "identity crisis" that has crept in where sometimes it thinks it is a housing development agency, then later says it is really more of a human services agency that has to meet the social needs and other demands of beneficiaries**

Clearly the Hawaiian Homes Act calls for both housing and services for purposes of "rehabilitation" of Native Hawaiians, **but the balance between housing and social services is out of whack and needs to be corrected. Until the wait list of 44,000 is at least cut in half, DHHL should make housing Native Hawaiians its first priority.** This means being a real development agency that not only builds but also buys existing buildings and converts/divides them into separate units for beneficiaries to rent or to buy. **"Housing First" should be DHHL's new motto and not be left up to**

predilections of whomever is Governor or chairman of the Hawaiian Homes Commission.

2. DHHL Needs To Change Its Housing Paradigm: DHHL was created in an era when most of America lived on farms and the nation was not highly urbanized. The opposite is true today. **A homestead on a large agricultural lot or an even larger pasture land is out of the mainstream of the housing needs of most Hawaiians.** DHHL can barely afford to build the infrastructure required for these large lots and the contemporary lifestyles of most Native Hawaiians lacks sufficient knowledge to be able to make a living by farming or cattle ranching.

Hawaii's agriculture economy is largely

LAND AND POWERLESSNESS IN HAWAII: DHHL

3. DHHL Could Better Leverage Its Assets: DHHL is asset rich and cash poor, and it has been for almost 100 years. It was never properly funded from its early years under federal tutelage to its present lack of funding by the State of Hawaii.

One way of getting out of this funding rut is to better leverage its assets. DHHL has used the least what it has the most of to capitalize its mandate — land.

It is still the second-largest land owner behind Kamehameha Schools/Bishop Estate and needs to take a plan out of KS/BE's playbook and use its land assets to create a sizable, self-sustaining funding source, or at least a revolving fund that could lead to a self-sustaining agency free from the fickleness of government funding.

Land swaps have been used to some degree but without much impact on raising funds or building housing, hence DHHL remains almost entirely dependent on government largess.

A dose of entrepreneurial prowess is again called for to help turn the agency away from being just another government bureaucracy and into the fast lane to do what it was mandated to do by Congress 100 years ago.

For example, **it could start with better using its powers of being exempt from**

Almost half of those on the DHHL waitlist have trouble qualifying for a traditional mortgage. They could easily qualify, however, to build equity as a renter or a home owner on a lot of variable size and square footage.

county zoning regulations. This is potentially a tremendously powerful tool for DHHL, but it doesn't appear to have been used to much advantage. **Again, a more entrepreneurial approach to its mandate and leadership could change this.**

4. Bring In The 'A' Team: DHHL has good and faithful hard-working public servants, but it needs a management approach that better fits its mandate.

Given the opportunity it could recruit top business and real estate people to serve on its board and/or serve as its chairperson. This is a choice by the

Governor and could be easily implemented if there was the political will in the Governor’s office to do so. From a distance, but from a few decades of observation, past Governors of the State of Hawaii have never put meeting the housing needs of Native Hawaiians as a top priority or put DHHL as a most-favored member of the executive cabinet.

Bringing in the “A” Team would also temper what many non-Hawaiians use an excuse for not fully backing DHHL and its mandate, saying that incompetence and infighting causes Hawaiians to be responsible for their own failures.

Presently DHHL is having a hard time spending down its funding from the federal government. The agency had a balance of \$38 million in 2016 and had not built any new housing units in the previous fiscal year. The Obama administration even suspended DHHL’s funding because of it, and as U.S. Senator Brian Schatz told Civil Beat, “You only get so many millions

of dollars a year and you have more than 20,000 people waiting for homes. We’ve got to rethink what it means to try to provide housing to beneficiaries. If zero people are getting a home and maybe a dozen or two are getting a lot, something is not working.”

5. A Charm Offensive Is Required:

Political impotence is always a problem in State politics. This in part may be because Hawaiians have stayed too long and too far outside the political arena. Hawaiians as a group also have been politically marginalized like the proverbial frog in heated water, wracked with internal division and a lack of sophistication on the part of politicians.

What appears necessary is a grassroots resurgence or a “Charm Offensive” in the political arena. The management of DHHL needs to improve its public image and is a concern both locally and on Capitol Hill.

LAND AND POWERLESSNESS IN HAWAII: DHHL

7. CONCLUSION: DHHL HAS LAND BUT NO POWER TO DEVELOP IT

DHHL started out with good intentions and much promise, but improper funding and management is turning it into a broken promise to the Hawaiian people. Hawaiians were led to believe if they met the income and blood quantum requirements, they would be placed on the land, have a mortgage and be returned to some degree of dignity after the loss of their kingdom.

Instead, Hawaiians 100 years later, are at the bottom of the socioeconomic and health ladders, have the largest homeless population, are more likely to be incarcerated, and are the least likely to own their own home. This alone is not an acceptable state of affairs, especially with 203,000 acres of land waiting to be distributed.

The role that the DHHL can play in the “rehabilitation” of Hawaiians is thus of immense importance and an urgent need in the State of Hawaii. An act of Congress is still being thwarted after nearly 100 years,

and the State of Hawaii is not holding up its end of the bargain by providing sufficient operating funds. Under these conditions we cannot expect the Department of Hawaiian Home Lands to build more houses for a waitlist of more than 44,000.

This is a wrong that needs to be made right and a promise that was broken and needs to be kept.

In summary, DHHL should:

1. Get clear on its purpose.
2. Change its housing paradigm.
3. Leverage its assets.
4. Bring in the “A” Team.
5. Initiate a “Grass-Roots Charm Offensive.”
6. Distribute the land before no Hawaiians qualify.

What needs to be done can be done. The State of Hawaii and the Department of Hawaiian Home Lands just need to commit to what is right and do it.

HAWAIIAN HOME LANDS
HAWAIIAN HOMES COMMISSION · DEPARTMENT OF HAWAIIAN HOME LANDS

LAND AND POWERLESSNESS IN HAWAII: DHHL

This land belongs to Native Hawaiians and needs to be distributed expeditiously.

DHHL and its beneficiaries need to create a groundswell of support from the Hawaii congressional delegation, senior officials within the Departments of Interior, Housing and Urban Development, and the United States Senate committee on Indian Affairs. This long journey however begins at the State Legislature, which generally has yielded to Hawaiian protocols in social and cultural affairs but has given mere lip-service to Hawaiians’ economic and political affairs.

DHHL should also stop feuding with groups that have competing ideas, such as one led by Robin Danner.

6. Soon There Will Be No Eligible

Hawaiians: DHHL is in a race against time, which it doesn’t appear to acknowledge. Exhausting the universe of eligible Hawaiians before distributing 203,000 acres of land to beneficiaries is fast approaching.

DHHL should set forth an “End Game” scenario where all of the land and all Hawaiians with 50 percent blood quantum are exhausted, actuarially

speaking, including distributing land without housing.

It was said that only about 50,000 Hawaiians (half on and half not on the DHHL wait list) remain eligible for Hawaiian Homes, but the applicant list according to SMS Research (2013) shows nearly 60 percent of the applicants are 55 years or older. This suggests the Department needs to do an inventory and create an actuarial table of when it runs out of eligible Native Hawaiians. Having so much land with Hawaiians dying on the wait list should not become an acceptable outcome.

As stated in the Hawaiian Homes Commission Act, Hawaiians are to be placed on lands set aside for them “in a prompt and efficient manner.”

This land belongs to Native Hawaiians and needs to be distributed expeditiously.

No more excuses or broken promises should be acceptable by the Hawaiian or non-Hawaiian communities of Hawaii.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 48, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF HAWAIIAN HOME LANDS TO PROVIDE MULTI-FAMILY, HIGH-DENSITY DEVELOPMENT IN TRANSIENT-ORIENTED DEVELOPMENT ZONES AND TINY HOMES FOR NATIVE HAWAIIANS," was adopted, with Representatives Evans, Hashem and Say being excused.

Representative Luke, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 2070-18) recommending that S.C.R. No. 64, SD 1, HD 1 be adopted.

Representative Belatti moved that the report of the Committee be adopted, and that S.C.R. No. 64, SD 1, HD 1 be adopted, seconded by Representative Morikawa.

Representative LoPresti rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Thank you. My opposition to this is basically because what this resolution is doing is calling for armed guards in public schools in Hawaii. The last whereas of the resolution talks about that this'll allow officers to have an opportunity to build trust and gain respect from students by providing positive police interaction. Well, Mr. Speaker, the records show that children are 10 times more likely to end up in jail with these sorts of officers present, because the only tool in their tool box it seems in their training is to arrest children, rather to deescalate, rather than to problem solve, rather than to counsel.

"I don't believe we should be backing some idea that we should criminalize student behavior, I don't believe that we should militarize our schools, and I don't believe it makes sense that the State, with some of the best gun control laws in the nation, Mr. Speaker, and the lowest incidences of gun violence, should take the opposite approach and say that more guns is the answer. Not only that more guns is the answer, but more guns in schools is the answer. That is not a sensible response, and I don't believe it really makes sense with the other policies that our state uses.

"In Parkland, for example, they had a school resource officer, Mr. Speaker, and he stayed outside, he did not go inside, he did not confront the gunman. In fact, he told his responding sheriff's deputies, don't go inside, and set up a perimeter.

"These sorts of school officers don't do anything but criminalize children, in my opinion, and so I'm strongly against it. If we're going to ask the feds for any money, we should ask them for more guidance counselors, we should ask them for more school psychologists, we should ask them for funds to support afterschool programs, things that make a difference in kids' lives and actually reduce violence. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Mr. Speaker, I think if we take a look at the language of this resolution, it doesn't say anything about criminalizing students. What it says is, and if you look in the title, is that if there is a school in this state that requests school resource officers, that we request federal funding for that purpose.

"And I think it's prudent of us as a state, one, to allow our Department of Education schools to determine what they might need, and if they so ask, and if federal funding is made available, we should not turn away that federal funding. Secondly, I think it's important that school resource officers do provide and can provide some services in the school. Things like building up relationships with students.

"Mr. Speaker, in my public school on career day, when the police officers come, they speak with the children, and my own child comes home and says, mom I want to be a police officer. This is my daughter speaking. Now, I think that those kinds of interactions are important, and if there can in fact be a school resource officer who can help the school with revising its policies, improving its community relationships as is suggested in this

resolution, that this is a good measure that can be supported by the Members of this House. Thank you, Mr. Speaker."

Representative Ing rose to speak in opposition to the measure, stating:

"In opposition, can you register a no vote, please? No police in schools."

The House of Representatives reconvened at 11:56 o'clock a.m.

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering certain House and Senate Bills for Final Reading by consent calendar.

UNFINISHED BUSINESS

Conf. Com. Rep. No. 3-18 and H.B. No. 1900, HD 1, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1900, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise to speak in favor of House Bill 1900, HD 1, SD 2, CD 1. I wanted to thank the Members of this House for your patience. This is kind of momentous because we have never opened the budget one day and closed the budget on the second day, so we wanted to really thank all the members. In addition to that, I wanted to thank the Chair

of the Ways and Means Committee, Donovan Dela Cruz, and the Members of the Senate, and of course, all the staff members who worked really, really, extremely hard to get the budget out today. And as the members know, the reason why we have expedited the passage of this budget is to ensure that it gets enrolled to the Governor so that we can pass the disaster relief bill, which is the next bill on the agenda. So we wanted to thank everybody for your hard work and your patience, you know who you are, Representative Yamashita, Representative Lowen. My apologies for mentioning you by name since that's not protocol, but you guys are worth mentioning because I know how hard you folks had to work to put together this budget, just in a few days.

"I just wanted to highlight just three things. Usually my speech would go on for 20 minutes, but lucky you, I'm just going to highlight three things today. First up is the ambulance. So in the beginning of session, HSAC, which is the counties and the mayors' offices, came and requested that we provide two ambulances, one for Kauai and one for Puna. This body took it upon themselves to evaluate that and agree that the ambulance for Puna, 24-7 ambulance for Puna was very important, so we wanted to fund that. Ambulance for Kauai, that was very important, we wanted to fund that. But in addition to that, we wanted to fund the third ambulance on Oahu, because as you know, there are critical needs in, especially in the Honolulu area, that is taking up a significant amount of drain and taking away resources from ambulance services and emergency needs that happen in the Honolulu area as well, so we wanted to ensure that we provide, whether it's from East Honolulu all the way to Moanalua, Salt Lake, we wanted to ensure that we have one additional ambulance provided.

"The second thing I wanted to mention is the homeless package. The executive budget had various homeless packages and homeless items categorized, whether it was housing first, rental subsidies, cleanups, storage, what we wanted to do is lump that all in, and as opposed to \$12 million in different items, we appropriated \$15 million in lump sum funding, because what happened this year, especially in the Waianae situation, that could happen anywhere else, and we wanted to make sure that the Governor's Office and the homeless coordinator has the flexibility and the funding to address it in an immediate way and an expeditious way, as opposed to having these funds tied up in different program IDs. So we are trying to change that mentality and change that mindset that when you deal with the homeless population and this group of individuals, they have very different needs, and it could be completely different than what we think they need. So we need to be flexible, and that's the reason why we provided a lump sum funding.

"The third thing is the caregivers. This body, especially the Kupuna Caucus in this body, is the one that started up the caregivers program. The caregivers program was something that the Legislature envisioned to assist our hardworking caregivers. We appropriated \$600,000 last year to start up this program, and what had happened is the \$600,000 unfortunately only served 90 people, because Office of Aging took it as a daily subsidy, and a daily subsidy is not something that the Legislature even envisioned, because a daily subsidy is not something that we thought caregivers program should be."

Representative Morikawa rose to yield her time, and the Chair "so ordered."

Representative Luke continued, stating:

"Thank you, Representative. It's really a respite, it should be something that caregivers need to give them a break from taking care of their elderly, whether it's parents, grandparents, grandpa, whoever. It shouldn't be a daily subsidy to send your *kupuna* to daycare services, and that's not what was envisioned by this Legislature. So we have set that straight, and what we did was, as opposed to the \$600,000 requested in the executive budget, we appropriated \$1.2 million, but the \$1.2 million we proviso, we put restrictions on that money to ensure that it's not a first come, first served basis, and they need to set some guidelines to make sure that we provide caregivers to the ones who really need it, and it will only be a once a week subsidy, as opposed to a daily subsidy. So as opposed to 90 people, the new amount of \$1.2 million will provide services to close to 1,000 people. So we hope that the executive office will stand up this program as intended by the Legislature.

"And with that I will close, and I wanted to thank again all the members, and good luck in the rest of the session. We still have three more days to go for conference. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. This bill is very historic. This is not the minority response but it's kind of a minority echoing of what has been said. Because I've never, after 10 terms, sat on the Finance Committee and got out of closing, opening and closing a budget in two nights, maybe total of three hours, historical. Which means, Mr. Speaker, this budget shows that when there's political will, things can happen. Unfortunately, it was Kauai and a tragic that sped us up to do this, but there's other good things in here, other than it being a way of showing the people of Hawaii we are adaptable, we're agile, that we can do the things that otherwise are needed, and needed on time.

"I wanted to commend the budget, as I had in the earlier readings, regarding the aviation and space industries that have been given good budget. The UAV and the PISCES programs, that's a very good chance of diversifying our economy for the future. It's very impressive that we can do that. I know, Mr. Speaker, when you had spoken earlier at one of the functions at the Plaza Club, you said, we are going to hit the homeless and the housing crisis in this situation. I think, probably the budget falls a little bit short of that, but I know there's a number of appropriations that can catch us up in either the housing or the homeless area, which we will have coming shortly.

"Other than that, Mr. Speaker, it's historic in its speed and its capacity to meet the needs of the people at a very timely situation and manner. Thank you."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Just a big thank you to Chair, Vice Chair, the CIP Chair, all the members of the committee and Members of the House, and permission to insert written comments."

Representative Lowen's written remarks are as follows:

"I rise in support of this measure.

"I would like to thank my colleagues and staff for their help and input in crafting this budget.

"The House of Representatives finds Capital Improvement Projects are essential to our economy and play a pivotal role in building social infrastructure and helping to strengthen communities.

"The House of Representatives recognizes the need in our state for services provided by non-governmental groups and non-profit organizations and has thus provided \$20 million in general obligation bond funds in fiscal year 2018-19 to help aid these organizations in better serving the community.

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I would just like to thank the hard work of the conferees, especially for the \$28 million for Maui Memorial and for \$70 million for the bypass. Thank you, guys."

Representative Cullen rose to speak in support of the measure, stating:

"Mr. Speaker, thank you. In support. I just wanted to send a big *mahalo* to the Chair of the Finance Committee because of all her hard work, and to the staff, the Finance staff that spent overtime working on the measure. And I request written comments for the rest of my comments. Thank you."

Representative Cullen's written remarks are as follows:

"As stated earlier, Mr. Speaker, I stand in strong support of HB 1900, HD 1, SD 2, CD 1. I would like to thank the House Chair of Finance for all the work she put into the budget and being fiscally responsible with the State's finances while dealing with the current emergency situations and as we deal with crises on housing and education infrastructure. I would also like to thank the budget staff for all the time they have put into providing the members with the most knowledgeable information, so that we can make informed decisions.

"This responsible and detailed budget includes items that will continue to improve our communities. These items are funding for Kaleiopu'u

Elementary School's cafeteria renovation and expansion that will create a better environment within the school. As we have continued to address the track school issue, this budget includes additional funding necessary to plan, design, and construct 'Phase 2' of the new East Kapolei Middle School. We also have included plan, design, and construction for a new building at Waipahu High School. As they lead the State in early college education programs, this building will aid the school in their pursuit of success. Finally, we have also included funding to redesign the Kunia eastbound on-ramp that will work to address concerns with the current congestion situation, which I can personally attest to as it is part of my daily route to work.

"The proposed capital improvement project appropriations in HB 1900, HD 1, SD 2, CD 1 will significantly contribute to the essential day to day commute and family's quality of life, teacher's work environment, and student's learning potential in our communities."

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Support, just wanted to also thank the Chair, Vice Chair, CIP Chair, GIA Chair, there's a lot of hard work, as my colleague mentioned, that happened in a very short amount of time. One of the line items that we were specifically watching was in regards to our position on the Hawaiian education, which actually was taken in this budget, which was a million dollar difference, which is a huge deal for us. And so we're super grateful that the whole House position was taken on that.

"Many other very good things that happened for our district as well as for the State of Hawaii, and just wanted to *mahalo* them both, because I know that it was a lot of lot of work, and it's always an honor to work alongside them. Thank you."

Representative Yamashita rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Yamashita's written remarks are as follows:

"Mr. Speaker, I rise in strong support of HB 1900, HD 1, SD 2, CD 1. The following are highlights of the CIP for fiscal biennium 18-19. Lastly, I would like to clarify the lump sum break-out for the Hawaii Public Housing Authority (HPHA)."

Hawaii Public Housing Authority CD Proviso

(1) By adding a new section to read as follows:

"SECTION 36.1 Provided that of the general obligation bond fund appropriation for rental housing services (HMS220), the sum of \$21,500,000 for fiscal year 2018-2019 for lump sum public housing development, improvements, and renovations, statewide, shall be expended on the following projects:

- (1) ADA accessibility compliance, for various state and federal projects, statewide;
- (2) Replace 9 emergency generators at various properties;
- (3) Hawaii Public Housing Authority School Street sewer repair or replacement;
- (4) School Street offices site pre-development activities, design, entitlements, and site improvements; and
- (5) Modernization of state elevators including interim maintenance, statewide."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support and a few comments. As the chair of Economic Development, it really pleases me, and I want the public to know that with the Council on Revenues and the projection this year, we're doing extremely well. So it's very pleasing that we have money to put in our rainy day fund and plan for the future in case things turn on us. But it's been a wonderful year and it's great to see how we're spending the money, and I hope more good things to come. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, I forgot one kudo. The fact that there's three ambulances that are going to be purchased by this is very significant. What came to the Finance Committee was two, and because of the need and the adjustment to know that there are many different needs, not only on the neighbor islands, but also here, primarily because of homelessness and the stretching of what otherwise some of these vehicles are up 400,000 miles and going all over the island. So the fact that I've misspoke without mentioning the kudo for the ambulances, I want to say it was very insightful and very timely. Thank you, Mr. Speaker."

Representative Takayama rose to speak in support of the measure, stating:

"Mr. Speaker, in support. And on behalf of the Kupuna Caucus, as House co-convenor, I'd like to express my appreciation to the Finance Chair for her leadership and guidance to the office on elderly affairs, particularly on the Kupuna Caregiver Program, and also her continued support for the Kupuna Care Program. Both are very vital to our elderly in Hawaii, and very much appreciated. Thank you."

Representative DeCoite rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. It's been an honor to serve on the Finance Committee, and I'd like to insert comments to the Journal. Thank you."

Representative DeCoite's written remarks are as follows:

"I want to thank the Finance Chair for her leadership and the privilege to serve on the Finance Committee. We were able to help Kauai and Waimanalo in their time of need. We also funded programs for the homeless and for education. We were able to do all this and still pass a balanced budget. My fellow committee members worked diligently as well, and I commend all of them on their hard work. *Mahalo.*"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1900, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Final Reading by a vote of 51 ayes.

At 12:09 o'clock p.m., the Chair noted that the following bill passed Final Reading:

H.B. No. 1900, HD 1, SD 2, CD 1

At 12:09 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:17 o'clock p.m.

At this time, the Chair recognized the Clerk who announced:

"I have been informed by a representative of the President of the Senate that the conference committee report for H.B. No. 1900, HD 1, SD 2, CD 1 was adopted, and said House bill, Relating to the State Budget, passed final reading in the Senate at 11:45 a.m. on this day.

"In addition, I have been informed by the Assistant Clerk of the House that at 12:12 p.m. on this day, H.B. No. 1900, HD 1, SD 2, CD 1 has been duly transmitted by the Legislature to the Governor, pursuant to Article VII, Section 9 of the Hawaii State Constitution."

Conf. Com. Rep. No. 1-18 and S.B. No. 192, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 192, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Nakamura rose to speak in support of the measure, stating:

"Mr. Speaker, in support, strong support. Over the past week and a half, you've seen the flood damage on Kauai. You've heard about communities that are physically isolated due to mud and rockslides. You've heard stories of community resilience and witnessed incredible generosity flowing in from all parts of the state. The \$100 million in emergency funds for Kauai proposed in SB 192 will help to clear rockslides and to restore Kuhio Highway from Waikoko to Wainiha to two lanes, clear debris from homes and businesses, provide support and services to isolated areas, fix other county roads and sinkholes, rebuild demolished restrooms and other amenities in our county and state parks, and address other infrastructure needs once assessments are completed.

"Mr. Speaker, we are extremely blessed that there was no loss of life from the flooding. We're also blessed that as a community that once again has come together in time of need to help each other. I'd like to thank you, Mr. Speaker, our Finance Chair and Vice Chair, CIP and GIA Chairs, Finance staff, and the Senate Leadership and colleagues in this body for recognizing the magnitude of this disaster and for coming to Kauai's aid.

"Mr. Speaker, after the conference committee meeting last week Wednesday when this appropriation was approved, Mayor Carvalho rushed

home to share the news at the emergency operating center. From what I'm told, everyone in the center erupted in cheers, and some had tears in their eyes because they knew that they were not alone. This past Sunday, Mayor Carvalho organized a community meeting in Haena. Over 400 residents in isolated Wainiha and Haena were told of this state aid. There was applause and more tears of gratitude.

"While I would not wish this extreme rain event on any community, I'm glad that mother nature came down hard while this legislature is still in session, and thank you, Mr. Speaker for moving with lightning speed, in 10 days, to get us to where we are today. *Mahalo piha* to all."

Representative Morikawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Kauai is resilient. Despite previous devastation brought by hurricanes Dot, Eva and Iniki, we have survived and even thrived. This last storm was different. It crashed down unexpectedly, blanketing, smothering the island, like a tidal wave from the mountains. The normally peaceful water of Hanalei Bay receded out past the 300-foot-long pier. This is something I have never seen before. Even the earth's rising ocean gave way to the torrential rain.

"This appropriation, Mr. Speaker, for disaster relief efforts on Kauai, is a necessity that will help the county, state departments, and other agencies work together, as we have done before, to rebuild access to the people of Hanalei. I thank all my colleagues for their understanding and quick, decisive action. Thank you all for your support. Thank you, Mr. Speaker."

Representative Tokioka rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. And Mr. Speaker, I'd like to ask that the words of the Representative from North Kauai and West Kauai be inserted into the Journal as if they were my own, and just some short comments. I just want to thank the leadership in the House and the leadership in the Senate and the members of both Chambers for acting so swiftly in coming to aid for the people of Kauai. It is historic, as others have mentioned, and this deed and this act will not go unforgotten. And the people on Kauai that I've seen, along with the Mayor, understand how fast this legislature moved, and will always be grateful for the support. Thank you very much," and the Chair "so ordered." (By reference only.)

Representative Hashem rose to speak in support of the measure, stating:

"I stand in support. I just wanted to note to say thank you to the leadership for passing this bill and to giving aid to East Honolulu, because my district was really devastated. And I was at the disaster recovery center this week, yesterday, last night, in fact, and there were people there that were just, their homes were completely wiped out. So this would really help. Thank you very much."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, as the other representative from East Honolulu, I stand in superlative, strong, strong support. This is all about Kauai, but as my colleague just said, and I want to put the record straight, Kauai went through what basically East Honolulu, Hawaii Kai went through in the flood of '88, the New Year's Eve, the flood of '88. Literally, Hahaione Valley became a river. Houses, cars, everything tumbled into it. Kauai deserves every bit of this \$100 million. The point I would make, however, in terms of the money, is that the \$25 million is not designated, and not that it wouldn't be used for East Honolulu, but I would hope that the committee report would specify that East Honolulu has been hit very, very hard.

"And I want people to know this is very up front and personal for me. Behind my house is an easement of which a river from the top of the mountain flows to my neighbor's house, and there are rocks that are filled as high as our desks here, which is the precursor of the flood of '88, because after the rocks came, of the size of which you cannot lift up, 10 and 12 foot boulders came down, and one went right through my neighbor's bedroom. Those conditions exist now, Mr. Speaker, and one of my neighbors told me they told this to the City and County of Honolulu, they said, oh that's your responsibility, not the clean up through the City and County or whatever money that may be going.

"So Mr. Speaker, I want to be on record that as in the flood of '88, Hahaione Valley was almost wiped out, and I hope that these funds and the political will that is behind this, timely and with agility, will be transferred to the City and County of Honolulu, so East Honolulu, like the Mayor of Kauai is right on top of everything, that we also will have a mayor who will do the same thing and do the right thing for the people of this state. Thank you, sir."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I wanted to thank the members of the Legislature for allowing this bill to go forward. I think this is an example where the community and the members come together to help out the families and the communities of Kauai and Oahu in need.

"One of the things I wanted to make clear is, there were some questions about whether this is contingent on receiving FEMA money. We did not put any restrictions, because one of the things that we recognized, and I just wanted to put it on the record, that this is not dependent on FEMA money. If we were to wait for FEMA money, there needs to be steps taken. For instance, an emergency declaration by the executive has to be done and then the other type of steps need to be taken at the federal level. So, this is not contingent on anything, we wanted to at least make sure that the money is available so that Kauai and anywhere else can use that money right away, and it's not restrictive. It is to build up the infrastructure.

"The other thing that I wanted to make clear is, there are farms that are devastated, and we're hoping that this will also go for rebuilding the infrastructure and farms, and it is meant for broad purposes. And in the end if we are to get reimbursed by FEMA, I mean it is, we just look at it as something that could be extra for future disaster, but this is completely non-contingent on anything. Thank you. Thank you for all your support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 192, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Final Reading by a vote of 49 ayes, with Representatives Holt and Quinlan being excused.

Conf. Com. Rep. No. 2-18 and S.B. No. 508, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 508, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Choy rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Choy's written remarks are as follows:

"My objection to SB 508, SD 1, HD 1, CD 1 is philosophical rather than substantive against the specific merits of this bill. The bill started out in the right direction when introduced in the Senate, correcting a wrong the Legislature perpetrated last year. Last year the Legislature passed HB 209, HD 1, SD 1, CD 1, which was signed into law as Act 107 of 2017, which raised our income tax rates to one of the highest in the nation. The Legislature packaged this increase using a state earned income tax credit for our lower income residents, to disguise the huge tax increase. Cleverly, the state earned income tax credit was written as a nonrefundable credit, essentially giving our lower income residents nothing.

"The original SB 508 corrected this travesty and made the credit a refundable credit. Unfortunately, the original SB 508 was gutted and replaced with another initiative to collect more taxes without regard to lower income earners. I hope someday the Legislature will be more transparent and actually help the people who really need assistance.

"It is for this reason I object to SB 508, SD 1, HD 1, CD 1."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 508, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Final Reading

by a vote of 48 ayes to 1 no, with Representative Choy voting no, and with Representatives Holt and Quinlan being excused.

At 12:28 o'clock p.m., the Chair noted that the following bills passed Final Reading:

S.B. No. 192, SD 1, HD 1, CD 1
S.B. No. 508, SD 1, HD 1, CD 1

REPORTS OF CONFERENCE COMMITTEES

Representatives Mizuno, Takumi and Kobayashi, for the Committee on Conference on the disagreeing vote of the House to the amendments proposed by the Senate in H.B. No. 2145, HD 1, SD 1, presented a report (Conf. Com. Rep. No. 4-18) recommending that H.B. No. 2145, HD 1, SD 1, as amended in CD 1, pass Final Reading.

ANNOUNCEMENTS

Representative Nakamura: "Mr. Speaker, I just wanted to invite everyone to lunch immediately following this session to get a briefing on the current relief efforts on Kauai. Thank you. In Room 309."

Representative Evans: "Thank you, Mr. Speaker. I have two announcements. The first is, Governor David Ige proclaimed today Ōhi'a Lehua Day in Hawaii. I think it's important for the Hawaii Island legislators, I want to point out that approximately 135,000 acres of forest on Hawaii Island are affected by Rapid Ōhi'a Death, according to J.B. Friday, a forester at the University of Hawaii at Manoa. This fungal disease, which inflicted trees in Puna as early as 2010, can now be found in every district of Hawaii Island, with confirmed cases from Kalapana to Hilo, Volcano, Naalehu, Kona, and as far north as Kohala. And I just want to point, I thank you to the Legislature for your support in helping us try to get control of this, because we don't want it to jump to Maui or across to the other islands, it's just a horrible thing. So, I wanted to point that out.

"And then the second announcement is that the 2018 International Year of the Reef is being launched and celebrated at the Hawaii State Capitol on Thursday, April 26, and it will take place in the Chamber-level Auditorium and foyers from 11:30 a.m. to 5:30 p.m. The program starts at 2 p.m. There will be proclamations, remarks. At 3 p.m. there will be coffee, cake and refreshments. There will also be a free movie called 'Chasing Coral.' There will also be informational tables by nonprofits and governmental organizations. So please come, learn about coral reefs, threats, solutions. And also, they'll be announcing an ocean friendly office challenge. Hopefully maybe we want to participate. So, just want to hope you and your staff and people in the Capitol will enjoy the International Year of the Reef. Thank you."

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering certain House and Senate Bills for Final Reading by consent calendar. (Representatives DeCoite, Hashem, Thielen and Tupola were excused.)

At 7:00 o'clock p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 7:00 o'clock p.m.

UNFINISHED BUSINESS

Conf. Com. Rep. No. 4-18 and H.B. No. 2145, HD 1, SD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2145, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICATION SYNCHRONIZATION," passed Final Reading by a vote of 48 ayes, with Representatives DeCoite, Thielen and Tupola being excused.

Conf. Com. Rep. No. 5-18 and S.B. No. 2821, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2821, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Choy rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, thank you. I have to admit that this bill was just posted, and I can't read 48 pages of tax code in two hours, but from what I gleaned from this particular, the part I did read, I did find some errors that concerned me. The conference committee report on number four, using the IRS citation 2642, I believe is an incorrect citation.

"And also, I found some typographical errors on page 30 on line 10. Now, the problem with is, this particular part of the bill is talking about tax rates, and I was just wondering if we're actually going to raise the rates to the federal rates or are we going to be using the state rates, but because of the typographical error, I couldn't really determine that.

"I feel that a conformity bill this year is very, very important, and I've stood up and said so. I didn't have enough time to read the rest of the bill, so I would like permission to insert comments to the Journal as I further analyze this bill. Thank you."

Representative Choy's written remarks are as follows:

"In opposition. Let me start by saying that we missed the greatest opportunity in 30 years to make a meaningful change to the economy of Hawaii. Had we studied the 2017 Federal Tax Cuts and Jobs Act more competently we could have crafted policy to give tax relief to our residents and cut the cost of living in Hawaii, giving our local businesses not only a tax break but also an opportunity for capital formation in Hawaii.

"Unfortunately, we picked and chose different aspects of the act to conform to, without any direction.

"Here are some examples of provisions that would have helped the people of the State of Hawaii:

1. Individual income rate reduction
2. Corporate rate reduction
3. Deduction for pass through entities
4. Sec. 179 expensing
5. Repatriation of foreign earning at a reduced state corporate rate (capital formation)

"Mr. Speaker, the U.S. Congress packaged a great bill with a lot of moving parts, we should have taken this opportunity to truly move our economy. That is my core objection to this halfhearted effort that is SB 2821, SD 1, HD 1, CD 1."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in support. It may be repetitive, but I think it's important for the review of where we are now in the Tax Cuts and Jobs Act of the Federal Government to note that, on the average, the Tax Foundation has said that there's \$800 per filer that will be returned to the people of Hawaii, and with 600,000 filers, according to DOTAX, that's \$480 million that'll be

pumped into our economy. So even though there's some technical and other flaws that are here, overall I think the tax cuts are going to benefit everyone, I think because of the maintenance of the charitable contributions as well as the mortgage options, the people of Hawaii will benefit immensely. For those reasons, Mr. Speaker, I'm in support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2821, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CONFORMITY TO THE INTERNAL REVENUE CODE," passed Final Reading by a vote of 44 ayes to 4 noes, with Representatives Choy, Kong, Say and Tokioka voting no, and with Representatives DeCoite, Thielen and Tupola being excused.

At 7:03 o'clock p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 2145, HD 1, SD 1, CD 1
S.B. No. 2821, SD 1, HD 1, CD 1

ANNOUNCEMENTS

Representative Ward: "There's a slight distraction in the building. Mr. Speaker, 65 years ago, in 1953, there was a ceasefire in South Korea. Now, 65 years later, we have a historic day of what has happened between North and South Korea. The peace talks that are to begin are historical, they're unprecedented, and possibly the end of the Korean War is in our midst and the denuclearization of the Korean Peninsula. Truly historic, and I thought it was very apropos that we had the Korean representatives for all the different countries from the world that they were actively engaged. So with that, Mr. Speaker, I just wanted for this day to go down in the record that this may be a gamechanger, particularly for us in the Pacific, that just a few months ago were in the crosshairs of what otherwise was a scare on January 13th, thinking that North Korea had in effect sent a missile to us. For those reasons, Mr. Speaker, I enter this into the Journal for a historical footnote. Thank you."

OPEN JOURNAL

At this time, Representative Morikawa moved to keep the Journal open until 12:00 midnight this legislative day for the purpose of receiving Conference Committee Reports and accompanying drafts, seconded by Representative Ward and carried. (Representatives DeCoite, Evans, Lee, Thielen and Tupola were excused.)

Representative LoPresti's written remarks in support of the measure are as follows:

"Mr. Speaker, in support, although I am a bit disappointed that this conference draft is much weaker than all the previous versions, which required an actual shelter rather than just 'considerations' for a shelter. With all of our recent natural disasters and the trauma of the false missile alert still fresh in our minds, it is clear that the State needs to do more to provide shelter for our constituents. I find it troubling that this bill is the best we could do to protect our people, despite the recent circumstances."

Representative LoPresti's written remarks in support of the measure are as follows:

"Mr. Speaker, in support. As Hawaii was the home state of the original Title IX sponsor, our late Congresswoman Patsy T. Mink, I think it only proper that we codify Title IX protections into state law, so that her legacy will live on in Hawaii regardless of what happens on the federal level under this or any subsequent administration."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1489, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CIVIL RIGHTS," passed Final Reading by a vote of 50 ayes to 1 no, with Representative McDermott voting no.

Representative LoPresti's written remarks in support of the measure are as follows:

"Mr. Speaker, in support. It is important to establish records, and this bill does just that. It requires disclosure of child abuse or neglect that occurred at a licensed or registered child care facility, so that consumers can make an informed decision about who they entrust with their childcare. With the passing of this bill, we will now clearly establish 'Justice for Peyton,' who suffered severe injuries while under the care of his licensed babysitter."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1650, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD SAFETY," passed Final Reading by a vote of 51 ayes.

The House of Representatives reconvened at 9:41 o'clock a.m.

ORDINARY CALENDAR

UNFINISHED BUSINESS

At this time, the Chair stated:

"Members, we're on item 5b, ordinary calendar. Could you please turn to page 28 and refer to CCR No. 182-18."

Conf. Com. Rep. No. 182-18 and H.B. No. 2601, HD 1, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2601, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

At this time, Representative Aquino offered Floor Amendment No. 3, amending H.B. No. 2601, HD 1, SD 2, CD 1, as follows:

SECTION 1. House Bill No. 2601, H.D.1, S.D.2, C.D.1, RELATING TO TRANSPORTATION, is amended by amending Section 6 to read as follows:

"SECTION 6. This Act shall take effect on January 1, 2019."

Representative Aquino moved that Floor Amendment No. 3 be adopted, seconded by Representative Morikawa.

Representative Aquino rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In support. All this does is make an amendment to the effective date to ensure that all the affected parties, including DOT, rental car companies and others have the time to implement the contents of the measure. Thank you."

Representative Ward rose, stating:

"Mr. Speaker, I move to amend the amendment to the year 2050, after driverless cars are on the highways, and this increased tax can be postponed indefinitely. Thank you, Mr. Speaker."

At this time, Representative Ward moved to amend the amendment to the year 2050, seconded by Representative Tupola.

The motion to amend the amendment was put to vote by the Chair and upon a voice vote, failed to carry.

(Main Motion)

The motion that Floor Amendment No. 3, amending H.B. No. 2601, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," be adopted, was put to vote by the Chair and carried.

At 9:43 o'clock a.m., the Chair noted that Floor Amendment No. 3 was adopted.

At this time, the Chair stated:

"Just to clarify on the floor amendment, since the floor amendment has been approved, there will be a 48-hour notice for this measure, and the vote on the measure will be on Thursday.

"Could you please refer to page 26, CCR No. 159-18, this is Senate Bill No. 3058, CD 1, this measure will be moved to end of calendar."

Conf. Com. Rep. No. 159-18 and S.B. No. 3058, SD 2, HD 2, CD 1:

By unanimous consent, action was deferred to the end of the calendar.

Conf. Com. Rep. No. 7-18 and S.B. No. 2361, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2361, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Choy rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Choy's written remarks are as follows:

"In opposition to S.B. No. 2361, SD 2, HD 1, CD 1.

"I have absolutely no objection to giving the collective bargaining unit members the negotiated wages and benefits. My objection is giving the employees who are not a part of the bargaining unit a wage increase on the backs of the unionized employees. If employees want a raise they should join the union or form a bargaining unit.

"For this reason, I am in opposition."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2361, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC EMPLOYMENT COST ITEMS," passed Final Reading by a vote of 50 ayes to 1 no, with Representative Choy voting no.

Conf. Com. Rep. No. 8-18 and H.B. No. 1652, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1652, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

At 9:45 o'clock a.m., Representative Thielen requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 9:46 o'clock a.m.

Representative Choy rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Choy's written remarks are as follows:

"In opposition to H.B. No. 1652, SD 2, CD 1.

"My objection is the increase in the central services fees in times of booming budget. This budget technique is unnecessary, in times of booming budget this merely becomes a raid on special funds."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1652, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO NON-GENERAL FUNDS," passed Final Reading by a vote of 48 ayes to 3 noes, with Representative Say voting aye with reservations, and with Representatives Choy, Har and Tokioka voting no.

Conf. Com. Rep. No. 12-18 and S.B. No. 2407, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2407, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising to speak on CCR 12-18 in support, in very strong support, and with some comments. Thank you. Mr. Speaker, this Senate bill adds opioid use and substance use disorders, or withdrawal symptoms resulting from the treatment of these conditions, and it adds that condition into our medical cannabis program. I believe that this is a very sensible and timely step for this body to take.

"I reference Time magazine, the recent publication that Time has put out, and it's called, 'Marijuana: The Medical Movement.' And I'd like to just note a few things from the magazine, that medical research is continuing to show medical cannabis has value, and as Donald Abrams, a professor of clinical medicine at the University of California, San Francisco stated, 'No one has died from an overdose of cannabis.' The magazine goes on that cannabis has great potential in reducing pain, and it's led some experts to recommend it as an alternative to addictive pain-killers, such as opioids.

"Since 1999, overdose deaths in the US involving opioids have quadrupled, and a 2015 analysis published in the Journal of the American

Medical Association reported a 30% or more reduction in pain from cannabinoids compared with a placebo.

"So what we're looking at is, medical cannabis actually can prevent the opioid overdoses that are occurring nation-wide and right here in our state in Hawaii. And it's interesting that doctors significantly have reduced their prescriptions of painkillers when they are in states where medical cannabis is permitted.

"So we're taking a very sound and sensible step today with passing this bill including the opioid addiction as one of the categories for which medical cannabis can be prescribed. The only thing I would note, Mr. Speaker, is that the Department of Health has not stepped up as it should to get this program going for our residents and our patients. And it's a very difficult situation for them to access the medically prescribed cannabis, because Department of Health just has failed to get the program moving in the way it should, to serve our constituents and the people in Hawaii that need this medication.

"Thank you, Mr. Speaker. And Mr. Speaker, by the Department not stepping ahead as it should, sometimes it drives these people to the black market. That's exactly what we don't want to happen. But government is the reason and the fault, at least at the Department of Health. Thank you."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. At this time, I rise in opposition with some comments. Thank you. This bill will change the definition of debilitating medical conditions to include opioid use disorders, substance abuse disorders, and withdrawal symptoms as conditions that can be treated with medical cannabis. I appreciate my colleague's remarks and she always comes very prepared, and I actually agree with her on some of the points.

"However, the House version of this particular measure proposed that a working group first study the efficacy of using medical cannabis in treating substance abuse, but this part was removed in conference committee. Our chair for Health, as well as our previous chair, have moved forward with abundance of caution because they know that this is a matter that we need to proceed forward with, with actual research evidence.

"Definitions for diseases and other medical terminologies are only allowed to be altered based upon research-based evidence to support the change. Numerous, major health organizations oppose this bill, due to lack of underlying research. Eligibility for and access to medical cannabis is an issue that needs to be addressed. But I think what our chairs have cautioned us with, as well as how they've conducted themselves in the type of bills that we've proposed on our side, it's always been research-based, and I think that that's the part of the conference committee bill that got cut out, which I think, of course, on our side, we had the right motive to have the working group study the research, evidence-based first, before altering the definition.

"I think creating further legislation to change this terminology will then make it where any bill that comes forward will be able to change the definition without the proper steps, which were set forward way back when medical cannabis was first passed in this state. Thank you, Mr. Speaker."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Thank you. I'd like to adopt the words from the speaker from the Windward area as if they were my own, and I also wanted to thank the previous speaker who spoke in opposition. We did do a working group on this, but I've evolved on this position. There's a lot to do with medical cannabis, especially high content CBDs and perhaps lower THC levels. There's beneficial use, it's done great with our veterans, many people that suffer from stress, post-traumatic stress disorder. This is actually to alleviate the opioid overdose crisis that we're facing. And for those reasons, I support this measure. I think it's a step in the right direction, and I think we need to continue to study this medication for further use, but I support it. Thank you very much, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative Choy rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I'd just like to note that the Department of Health, the University of Hawaii John A. Burns School of Medicine, the Honolulu Police Department, the Hawaii Substance Abuse Coalition, the Hawaiian-Pacific Pain and Palliative Care Association, and the Hawaii Patients' Right Hui all oppose this bill. Thank you."

Representative Matsumoto rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. At this time, I rise in opposition. I understand the intention of this bill is to utilize medical cannabis to help those who have an opioid dependency, and we all know that opioids is such a huge problem, not only in our state, but across the country. My hesitation lies in that we haven't had the thorough research to make sure that this is efficient and that it's effective, and I would have preferred that this bill had been a study first, so we can make sure those treatments with those with opioid dependencies are being able to be best informed with their decisions. Thank you, Mr. Speaker. And permission to insert written comments."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in opposition.

"Although I understand that the intention of this bill is to utilize medical cannabis to treat opioid abuse, and to treat the associated withdrawal symptoms or substance abuse disorders, there is a lack of underlying research proving the efficacy of such treatments.

"I believe that in order to adequately address our opioid crisis, we first need to research all potential solutions instead of simply enacting legislation in the hopes that this method will work.

"We need to thoroughly research the implications in terms of federal policy regarding medical cannabis, as well as the health implications of utilizing this form of treatment.

"Mr. Speaker, I would have preferred that this bill be a study on these treatments so that we can make better-informed decisions prior to enacting such legislation. Thank you, Mr. Speaker."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am voting with reservations on this bill because cannabis is still at odds with Federal law and we appear to be expanding its scope with this bill. The Department of Health has stated that '...the addition of opioid addiction as a qualifying diagnosis moves the use of medical cannabis for treatment of chronic pain into the realm of treating chronic behavioral health illnesses and disorders (addiction), for which there is insufficient evidence at this time.' *Mahalo.*"

Representative Thielen rose to respond, stating:

"Mr. Speaker, just one quick other statement that I'd like to make, in support still. I would like to note that the states that have legalized medical cannabis have seen drops in opioid-related deaths. This works, Mr. Speaker, and it can save people's lives. As the scientist from the San Francisco university stated, no one has died from a cannabis overdose, but people are dying from opioid overdoses. Cannabis can help, so it would be foolish of us not to move ahead and add this as a category for our cannabis program.

"The other thing is, there is a cost-saving to the medical costs in our state, because instead of people needing the care from opioid addiction, they're able to take care of that and reverse that addiction through using cannabis.

The only fault that I see is with the slowness of the Department of Health in the cannabis program, and they need to get moving. Thank you."

Representative Ward rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. Reservations. I appreciate the debate on both sides. However, I am unsure if medical cannabis is the correct form of treatment for those recovering from substance abuse. I believe more deliberation is necessary to fully vet the effects of this drug in treating withdrawal symptoms for recovering addicts. *Mahalo.*"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2407, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL CANNABIS," passed Final Reading by a vote of 47 ayes to 4 noes, with Representatives DeCoite and Ward voting aye with reservations, and with Representatives Choy, Matsumoto, Tokioka and Tupola voting no.

Conf. Com. Rep. No. 13-18 and S.B. No. 2488, SD 2, HD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2488, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL CANNABIS," passed Final Reading by a vote of 49 ayes to 2 noes, with Representatives Choy and Har voting no.

Conf. Com. Rep. No. 16-18 and S.B. No. 2247, SD 1, HD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2247, SD 1, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Matsumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in strong support.

"Opioid abuse is a serious issue in our state. An average of 400 non-fatal overdoses occur in Hawaii each year. Opioid related overdoses also resulted in \$9,800,000 in hospital costs in 2016.

"This bill addresses the issue of opioid overdose in Hawaii by expanding access to opioid antagonists, also known as opioid blockers, such as naloxone. Studies have found that providing overdose training and naloxone kits can help people identify signs of an opioid-related drug overdose and can reduce mortality.

"This bill will give pharmacists the authority to prescribe and dispense opioid blockers to an individual, or their family or caregiver, that is at-risk for overdose without proof of a previous prescription.

"Mr. Speaker, this bill includes sufficient safeguards for pharmacists to complete training and ensure consumer protection. In my opinion, preventing deaths by increasing access to life-saving medication is an easy decision for this legislature to make. Thank you, Mr. Speaker."

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in support of Senate Bill 2247, Conference Draft 1.

"This legislature has been proactive in addressing the problems of opioid addiction. This measure continues that work by expanding the scope of practice of registered pharmacists and allowing them to prescribe, dispense,

and provide education related to opioid overdose, signs and responses to opioid overdose, and the use of opioid antagonists.

"Deaths caused by opioids are preventable if an opioid antagonist is administered in a timely manner. Pharmacists can safely prescribe an opioid antagonist to an individual at risk of opioid overdose or a family member or caregiver of an individual at risk. Pharmacists are also well-situated to provide individuals receiving an opioid antagonist with information and written educational materials.

"This measure represents a sensible way to address some of the problems associated with opioid addiction and aligns with prevention and pharmacy-based interventions in the Hawaii Opioid Action Plan that has been crafted by numerous stakeholders in the community."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2247, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO OPIOID ANTAGONISTS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 21-18 and H.B. No. 1602, HD 2, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1602, HD 2, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Matsumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. At this time, I stand in strong support. This bill requires all packaging of any opioid drug dispensed by a healthcare professional or pharmacist to include the warning label to read, 'Caution: Opioid. Risk of overdose and addiction.' And while it might seem simple, this is a very realistic and implementable change that patients can be informed on how opioids are so addictive, and hopefully this will curb some of those opioid deaths that we've been talking about today. As well as permission to insert written comments. Thank you, Mr. Speaker."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in strong support.

"This bill requires all packaging of any opioid drug dispensed by a healthcare professional or pharmacist in outpatient care to include a warning label to read: 'Caution: Opioid. Risk of overdose and addiction.'

"According to the American Society of Addiction Medicine, drug overdose is the leading cause of accidental death in the US, with 52,404 lethal drug overdoses in 2015. In 2016, there were 77 opioid-related overdose deaths in Hawaii.

"This bill provides much needed consumer protection that will alert consumers of the dangers of addiction and death when ingesting opioid prescriptions.

"Mr. Speaker, the requirement is implementable and realistic for pharmacists as they are allotted flexibility in size and font that will accommodate other required information on the label such as dosage.

"Providing information on how opioids used for pain management can lead to dependence, misuse and accidental overdose may prevent a further increase in opioid overdose and death. Thank you, Mr. Speaker."

Representative Thielen rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Thielen's written remarks are as follows:

"Mr. Speaker, I rise in strong support of HB 1602.

"HB 1602 requires that pharmacies and any outlets selling opioid drugs must provide a warning label of the risks that the medication carries beginning August 2018.

"Death by a foreign nuclear attack threatens, but horrifyingly, the U.S.' largest mass killer is American-made and -distributed. Its nationwide body count in 2016 alone – 64,000 – surpasses the total U.S. troops killed in the 20-year Vietnam War. Already in Hawaii, an escalating number of people die of it each year, outpacing fatal auto crashes.

"Its name is opioid – a class of painkillers that doctors often prescribe – and Hawaii's statistics show we're on trend to suffer the rampant consequences from the deadliest drug crisis to ever hit American soil, spreading faster than the HIV epidemic at its peak. Gripped by this reality, we must push and support the state's bipartisan Hawaii Opioid Initiative newly released last month; two legislative bills that I am introducing; and heightened public awareness to protect ourselves.

"Don't be fooled about opioid's reach. A surge of newborns is now entering the world dependent on the overprescribed, highly addictive drug. It claims victims of all ages, ethnicities, genders and income. Its various forms and names include fentanyl, hydrocodone and oxycodone, commonly known by its brand name, OxyContin.

"Why else does this drug crisis matter to Hawaii's people? According to the Hawaii Opioid Initiative report,

- the amount of opioid painkillers prescribed nationally in 2015 was enough to keep every American medicated 24/7 for 3 weeks.
- in Hawaii, there are nearly 490,000 dispensed prescriptions for oxycodone and hydrocodone, potentially consumed by one-third of our state's population.
- 66% of 56 overdose victims autopsied in Honolulu County in 2016 showed positive for opioid pain relievers other than morphine, codeine and methadone.
- oxycodone, oxymorphone, fentanyl and hydrocodone were among the most common opioids found in the above autopsy sampling. Fentanyl is up to 100 times more potent than morphine.
- only one of the 56 victims was homeless.
- 91% of the deaths were accidental.
- around 400 nonfatal overdoses require treatment in Hawaii hospitals annually.
- it costs about \$40,100 for each Hawaii hospitalization and every opioid-related overdose costs \$4,050 on average per emergency department visit.

"How did this painkiller lead to the worst drug crisis in American history? The Sackler family – worth \$14 billion in 2015 and ranked as one of the 20 wealthiest families in America by Forbes – developed OxyContin in the 1990s through its Connecticut-based Purdue Pharma business. The Sackler children reportedly made their fortune by acting as primary perpetrators and beneficiaries of our nation's opioid epidemic.

"Simply put, the Sacklers' enormous wealth is blood money, earned at the expense of millions of people – Hawaii residents included – who have fallen prey to drug addiction and accidental overdosing deaths.

"OxyContin's addictive properties were apparently well-known to the Sackler siblings but they denied any knowledge. Their marketing campaign misinformed doctors about the risks.

"As a result of the Sacklers' alleged complicity and collusion, the attorneys general of 41 states – including Hawaii – joined a coalition that last September served subpoenas on the Sacklers' Purdue Pharma and four other major opioid manufacturers as part of a multistate investigation. Other manufacturers under investigation are Allergan, Endo, Janssen and Teva/Cephalon. Three distributors were also subpoenaed: AmerisourceBergen, Cardinal Health and McKesson.

"Other states have filed lawsuits against the manufacturers and distributors.

"Waging war against opioids resembles the multipronged strategies and tactics that I executed with fellow legislators, backed by unrelenting pressure by citizens on the biggest tobacco makers in the 1990s. Eventually, smoking was banned in public.

"Similarly, we can defeat the deadly widespread effects of opioids.

"Meanwhile, 'make America great again' is an overused, diluted slogan and frankly, America hasn't been great when it comes to drugs since opioids' production in the 1990s and likely before then. Let's make America clean, or as pre-opioid clean as possible. A nation must quash its worst drug epidemic before it can be great.

"At this juncture, it's up to us to take action, such as the 41 attorneys general and I are doing, because incomprehensively, the president did not declare this a 'national emergency,' as he originally promised to do. Had he done so, we'd have quick federal funding at our disposal.

"Join me in supporting legislation that safeguards us; keeping the participants in the governor's opioid response plan accountable; getting educated about opioids and safer alternatives; advocating for ourselves when interacting with doctors; and pressing insurance carriers to do the right thing. Let's stand together to end opioid misuse and dethrone the 'unstable genius' of America's largest makers and distributors of 'death and addiction by prescription.'"

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Although I don't know the comments that the previous speaker stated, I'd like to adopt her comments. She is the author of this very good, well-intended bill. We did a lot of work on this, and at the end of the day I think this will save lives. So I am in strong support, and if I can have those comments written by the author, job well done. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1602, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO OPIOIDS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 23-18 and H.B. No. 2106, HD 3, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2106, HD 3, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in strong support of House Bill 2106, Conference Draft 1, the first of a trio of bills this session to address pressing environmental challenges of our times.

"Given Hawaii's position in the middle of the Pacific Ocean, rising sea levels threaten our coastlines and our island ecosystems. Our current environmental assessment process does not take into consideration rising sea levels, one of the biggest environmental threats the state is facing as we witness each year the increasing power of ocean tides. House Bill 2106, CD 1 requires the Environmental Council to adopt rules that mandate all environmental assessments and impact statements include consideration of sea level rise based on the best available scientific data.

"Planning for and around sea level rise along our coasts is the responsible thing to do to preserve our coasts, mitigate costs, and wisely expend our time, monies and efforts to address the growing problems associated with sea level rise."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2106, HD 3, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL PROTECTION," passed Final Reading by a vote of 50 ayes to 1 no, with Representative Har voting no.

Conf. Com. Rep. No. 25-18 and H.B. No. 2694, HD 1, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2694, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in strong support. For many years, many disadvantaged homeless people have been faced with a conundrum. In order to sign up for support services, they need an ID. In order to get an ID, they need a birth certificate, and often they don't have that. This bill removes one of the hurdles for them to get these services by waiving a small \$10 fee, which people who are destitute simply can't afford. I learned about this myself when I tried to help a homeless person get off the street in Ewa Beach, and we couldn't get him signed up because he didn't have his birth certificate. So, thank you to the members for moving this bill. Thank you."

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Homeless birth certificates are one of the, the birth certificate is one of the requirements to obtain ID, like previously mentioned by the speaker, and as well, want to commend him on noticing something that seems kind of small to us but is actually one of the biggest hurdles that they have to go through. This birth certificate is what allows them to get a state ID. Why do you need a state ID? Because you need to get into housing. You can't get into housing without a proof of identification. However, even more than that, is that once you have the birth certificate, you still need money to get the state ID. And so Next Step Shelter is actually one of a few of the shelters that actually provide private, nongovernmental funds to help people with this. So this is one step towards a very complex problem where people, and maybe we should actually look at just waiving the need for the birth certificate for the state ID and just use a social security card. At this point in time, there are certain documents that are easier than others.

"I definitely want to commend the author, I know that this is a good step forward, but as we unroll this, I think we should also consider the fact that some of these steps could be changed at our level, at the state level, that that particular requirement may or may not be needed to obtain an ID so that we can actually go past just waiving the fees and use those fees to actually help them to obtain the necessary identification for housing. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2694, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FEES," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 27-18 and H.B. No. 2169, HD 1, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2169, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Choy rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. In the subject of youth suicide prevention, it's very, very important, and I believe no youth should be left behind. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2169, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO YOUTH SUICIDE PREVENTION," passed Final Reading by a vote of 50 ayes to 1 no, with Representative Choy voting no.

Conf. Com. Rep. No. 28-18 and S.B. No. 2519, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2519, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, I'm rising on 28-18, Mr. Speaker, to cast a no vote and to make some remarks against the measure. Thank you. Mr. Speaker, the purpose of this Senate bill is to authorize the Agribusiness Development Corporation to enter into contracts with private businesses to remove select

municipal solid waste, glass, and food and green waste from the waste stream for use in other business sectors.

"Here's the infamous ADC again, Mr. Speaker, that this House consistently wanted to have audited. We passed resolutions calling for an audit of ADC. We passed bills calling for an audit of ADC, they ended up on the other side, and suddenly the audit was removed, but the powers and money still is being thrown to an unaudited state entity to give them more power and responsibility. They haven't shown us what they've accomplished with the money they've already had and the authority that they've had. They have accomplished one thing, giving subsidized crop land to genetically modified seed companies like Syngenta, which is now called Hartung Brothers, DuPont Pioneer, and Beck's Hybrids. Those are the three anchor tenants on the ADC's West Kauai lands."

Representative Evans rose to a point of order, stating:

"Mr. Speaker, point of order. The bill is about solid waste diversion, so I don't know what these comments are about. Thank you."

The Chair addressed Representative Thielen, stating:

"Please confine your remarks to the subject matter."

Representative Thielen continued, stating:

"I will confine my remarks to the bill again. The bill goes and gives money again and powers to ADC corporation. The problem is, that corporation has really not been subject at all to legislative oversight. So in taking a look at a bill that is saying you get more money, you get more power, we still have not learned what has ADC accomplished, other than, I was saying, the GMO tenants that they've put on to West Kauai land.

"So, Mr. Speaker, I'm voting no on this measure, and I think that we unfortunately did not get what we had wanted from this body, and that was an audit of ADC, but fortunately the auditor is able to conduct audits without having the direction from us to do so, where the auditor may feel an entity, a state entity, needs to be looked at more thoroughly. My hope is that the auditor will make that call, and actually audit ADC. Then we'll be able to see whether or not a bill like this should pass. And until that happens, I think this bill should be held. Thank you."

Representative McDermott rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. To amplify what my colleague's comments are regarding the ineffectiveness of ADC, and that is the thrust of it. Why are we giving them more responsibility? They spent \$61 million on farm land and all they're growing is abandoned cars. We got a \$4 million warehouse in Wahiawa, Tamura's old warehouse, it sits empty, with the exception of a ColorTyme TV storage center in one of the garages. This is what these guys do, nothing. They're incompetent, breathtakingly so, and we're giving them more responsibility, more money. It's got to stop, we all know who's in charge of it, we know who runs it, and I don't mean the appointed guy who makes \$170,000 a year more than the director of the Department of Agriculture. So, enough ADC. Thank you, sir."

Representative Evans rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. As the chair of Economic Development, I wanted to make a few statements in strong support. Number one, there is no appropriation language in this bill, and number two, the bill is about giving the corporation may enter into contracts with private businesses to remove select municipal waste, glass, food, green waste from the waste stream for use in other business sectors.

"I applaud this bill because, number one, we're trying to get stuff out of our landfill. Number two, we're all about repurposing, recycling, reusing. That is, I think, a model that we can all support. And number three, isn't this wonderful that possibly we can expand the economy and create some other businesses in Hawaii? So I'm strong support. Thank you."

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. Thank you. First off, I think the two conversations we're having is about ADC, and the other conversation is about solid waste. So I'll talk about both, because actually every landfill on this island is in my district, so, PVT is in my district, Waimanalo Gulch is in my district, H-Power is in my district. Anything about solid waste, we've had to meet, we've had to talk about this, because a lot of these core root issues are what needs to be solved.

"Now first part, Agribusiness Development Corporation, the scope of what they were supposed to do, and I'll read it from statute, says in 163D, is 'to make optimal use of agricultural assets for the economic, environmental, and social benefit of the people of Hawaii.' So that was the core vision of what they're supposed to be doing.

"Now, solid waste, yes, we want to get rid of it, yes, we'd like to get it better, yes, we'd love to have recycling better. But I think we should learn from the experts, because ADC is a five-person corporation. Now these guys have run businesses across the world, they've actually run it for decades here in Hawaii, and some of these issues that we have with solid waste are much bigger than what five people could try to even comprehend of where we need to go with solid waste, recyclables, and where we need to get an island that has no way of getting some of these materials off the island.

"The current solid waste strategies are about as good as Hawaii can get for right now. The biggest current impact is shipping of these recyclables, and the low price for recyclables in the world market. It costs five times more to ship from Hawaii to China or Vietnam or the Philippines than it does from Los Angeles or San Francisco or China. Because of this, we ship to the continent before recyclables can go overseas markets, which really reduces the price of what these companies can make.

"The beverage lobby has kept this price for recycling bulk non-HI glass at the same price since it's been in 1994. This makes it almost impossible to recycle bulk glass. Now, bear in mind in this bill it says that the corporation can enter into contracts with private business to remove solid waste, glass, and food. So I'm bringing up this glass conversation because this is heavy. I have companies in my district with mounds bigger than this place of glass, metal, paper, all kinds of things that they have to pay to get off, that they actually lose money once they ship it off.

"This makes it impossible. The City is currently sending as much as it can to H-POWER. If we don't know what H-POWER is, what it does is it burns all of it. H-POWER reduces the impacts of the landfill, which isn't a bad strategy for food waste and green waste, but it doesn't do anything for glass. The major problem is that the Department of Health Solid Waste Division does not want to let that type of compost be applied to food crops. So they're wanting it to be a food compost, so that we can actually bring it down and maybe use it for farming, but at this point, Department of Health does not allow that.

"The most important issue that we should address is that DOH is composting of food waste and application of food crops. So there's a number of companies, namely Hawaiian Earth Products, which is the one that the City uses, but this is a problem that is much deeper than just, hey let's let a company with five people go into contracts. We have an issue here. Our solid waste for this state has nowhere to go. People don't want to get into business to do it because they lose money by doing it. We don't have anywhere to put the glass.

"So I think we should actually let the experts come up with some solutions, we should help the experts get to there, and then we can incorporate some of the changes in Department of Health that we can affect in this body, and then move forward with anybody who wants to join the game. Because once you join the game, you figure out that it's kind of a losing battle. I mean, PVT, luckily, they can burn some of their own and they can recycle about 70% to 90% of their own, but not everybody can do that. Waimanalo Gulch has not been successful at doing that.

"And so those are my concerns, why I'm in opposition. Let's start with the root of the problem and then later get on to who should be able to enter into contracts to do something that they may or may not understand. Thank you."

Representative Holt rose in support of the measure and asked that the remarks of Representative Evans be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Just briefly, we know many of the problems which have been illustrated by our colleagues are real, and are tangible, and need to be resolved when it comes to what to do with our municipal waste stream and all the different elements within it, which currently don't pencil to address here in Hawaii. We know that H-POWER, which is more than anything the end burning point for the bulk of our, not only trash but also recyclables, is soon going to be one of the most expensive sources of power on the electric grid. What we need to do is figure out how to look forward, so that we don't end up stuck with contracts that force us to buy expensive power over the long-term and force us to continue to dispose of our waste, recyclables, and everything else, in a very inefficient manner.

"One of the things that this bill really attempts to do is benefit our local businesses, especially those right now who are disposing of many of the recyclables, which no longer pencil to ship to other places. We need to figure out how to give them other options to dispose of that without being forced to subsidize the cost of shipping overseas.

"The second thing we can do with this bill is benefit new local businesses, which can be created to divert those sources of revenue. Right now, we know we are working with the City and County, which has a number of different conversations going on with local businesses right here to do different things. For example, taking our plastics and turning them into park benches and other sorts of things which can be useful for the general public.

"When it comes to glass, we know there's an RFP out. Numerous companies right now are looking to turn glass into sand to be used as sand traps and filler, potentially even replenishing beaches that were eroding.

"But most of all, Mr. Speaker, I represent the east side of the island, and we for decades had hosted a landfill right in between Kailua and Kaneohe. We've done our part, and we know that other portions of the island right now are stuck receiving the trash from the rest of the state. This is something that we want to help our other communities with as well. And so, Mr. Speaker, more than anything, I support this bill because it benefits the west side of the island and those communities who want to move beyond having to host landfills and beyond having to host waste-to-energy plants, and to help those communities do something different and achieve the same things which the east side of the island has, which is closing those down in the long term. Thank you very much."

Representative Quinlan rose in support of the measure and asked that the remarks of Representative Lee be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Keohokalole rose in support of the measure and asked that the remarks of Representative Lee be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Thielen rose to respond, stating:

"Still in opposition, Mr. Speaker, and may I adopt the words of our Minority Leader and my colleague from Ewa as if they were my own and add a few more. We're relying on a corporation, the ADC, that has not shown us what they can accomplish. So it's pie in the sky, Mr. Speaker, but it's expensive pie in the sky, and the objective, I don't see them being able to accomplish it. Yes, they can lease land to GMO companies, but what can they do in this area. And as our Minority Leader said so aptly, use the people that are skilled in these areas to do what they can do and need to do. ADC doesn't qualify. Thank you," and the Chair "so ordered." (By reference only.)

Representative McDermott rose to respond, stating:

"Mr. Speaker, still in opposition, but I would like to acknowledge the arguments of my friends from the Big Island, and Kailua, Waimanalo, they're sound and valid arguments. Our arguments are not with what to do,

our argument is who we're asking to execute. And we're asking ADC to execute, and they've proven a colossal failure at every turn.

"Don't take my word for it. Drive up to California Avenue, make a right, go down about three-quarters of a mile and there's Tamura's warehouse, still empty, \$4 million of taxpayer money sitting empty. Could have been classrooms, could have been payment towards gender equity. But not, we gave it to ADC and they've proven a failure. Or go out and look at the farmlands that's growing nothing but abandoned cars.

"Their arguments are sound and valid, and I agree with what they want to do, but we're giving it to the wrong guys to execute. They haven't proven to be successful. Their track record is one of failure, and that's why I object to the bill. But they have good arguments and I respect them, but it's not the argument, it's the guys we're giving the execution to. Thank you, sir."

Representative Thielen rose in opposition to the measure and asked that the remarks of Representative McDermott be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2519, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENVIRONMENT," passed Final Reading by a vote of 47 ayes to 4 noes, with Representatives McDermott, Thielen, Tupola and Ward voting no.

Conf. Com. Rep. No. 37-18 and H.B. No. 2748, HD 2, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2748, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Nakamura rose to speak in support of the measure, stating:

"Strong support, Mr. Speaker. In your opening day remarks, Mr. Speaker, you spoke about the need to be bold to address Hawaii's affordable housing shortage. You spoke about the need to provide funding for the Rental Housing Revolving Fund and the Dwelling Unit Revolving Fund, and the need to partner with the private sector and nonprofit housing developers to get more affordable housing built in the State of Hawaii.

"HB 2748 more than delivers. By investing more than \$570 million in general funds and current and future general excise tax exemptions, the State will leverage these funds raised by the private and nonprofit developers to build over 25,000 affordable rental housing units over the next 12 years.

"I'd like to thank you, Mr. Speaker, for your bold vision, our Finance Chair from Nuanu for finding the means to carry this out, and special thanks to our Housing Chair from Waikiki for looking out for the least fortunate in our state. *Mahalo.*"

Representative Brower rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. May I adopt the words of the previous speaker? Thank you," and the Chair "so ordered." (By reference only.)

Representative Brower continued, stating:

"Members this is the first of two Housing Committee 'good in the hood' bills today, and more importantly, it's exciting, it's a symbol that it's this Chamber that's driving the conversation on affordable housing in Hawaii. And as earlier stated, we want to thank the Finance Chair, but I also want to thank the freshman chair of Housing who previously spoke, and this measure will provide a total of \$570 million to hopefully generate 25,000 affordable units by 2030, and it's the largest appropriation made by the Legislature, to demonstrate our relentless commitment to providing innovative solutions to our long-term housing demands.

"It's also a small sign that Reverend Bob Nakata's work is almost done, and what I would say to him, and I think he would say to us today, that God is in the details of this measure's implementation and adjustments. The real work begins, and my office and I will share information with you, will email

it to you, on this measure and another large measure we're voting on today, should you want to share these details with your community. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"In support with some doubts, Mr. Speaker. Mr. Speaker, I think what everyone has said is spot on, but I see it as more as aspirational, given that we have been having housing summits for the last two decades, with promotions and promises, and even the numbers that DBEDT says we're 60,000 short, within the same period they said we're going to be building 25,000. Twenty-five from sixty, even though I don't like to do math in public, is nothing as a net gain when we're behind 6,000 every year.

"So Mr. Speaker, I see this as more as aspirational, we've got to try to do it, but as I said on this floor as a freshman, we should go to Singapore and see how they do it, because I don't think we know how to do public housing, affordable housing, or an oxymoron such as what we have for even Section 8 housing, with five to ten years on the waiting list.

"Mr. Speaker, this is nice because we promised it was going to be done, but as they say in one of the states, the test of the pudding is in the tasting, or show me, and then I'll believe it. Thank you, Mr. Speaker."

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'd like to adopt the words of the Representative from Waikiki, and I'd like the part 'good in the hood' underlined. Thank you," and the Chair "so ordered." (By reference only.)

Representative Say rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, thank you. First, I'd like to say a few words with reservations, and primarily, my reservations is that this is a noble gesture on behalf of the authors of the conference draft, but the biggest issue for me walking the district that I represent will be the issue, do we have the capacity of our city and county sewer systems? Will we have the capacity in addressing these particular developments in different parts of the state, whereby sewer systems play a major integral part. We are getting away from cesspools, which is great, but I believe the alternative to cesspools, which are septic tanks, is not the answer for a lot of our homeowners.

"So one of the shortcomings is that, did we address it in this housing package, infrastructure for the four counties, sewer, water, and electricity? If we have, great, I'm willing to see by the end of this year who are the prospective developers. And it's the bare reality. You can build all these units you want, but if we don't have the infrastructure in place, what happens, it just backs up.

"So, congratulations to the authors of the measure, but let's hope we can get more concessions from the City, the State, and the Federal Government, in regards to also helping the developers in connecting their projects to the city and county sewer systems. Thank you."

Representative Matsumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in support. I send out a community survey every year, and when it came back, the number one issue that my community cared about was homelessness and housing. And so I stand in support, this bill is a step in the right direction to addressing those issues. Thank you."

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in strong support of House Bill 2748, Conference Draft 1.

"Housing and the availability of affordable housing was an important priority for this legislative body from the beginning of this session. House

Bill 2748, CD 1 delivers on this promise to tackle the problems of affordable housing in our state. By making significant investments of \$200 million into the Rental Housing Revolving Fund, \$10 million into the Dwelling Unit Revolving Fund, and committing \$30 million per year in general excise tax exemptions for construction costs over a period of 12 years, the goal is to fund the development of over 22,000 affordable rental units for working families throughout the community. This combination of cash investments and tax exemptions represents a commitment of \$570 million to tackle the supply side of affordable housing.

"House Bill 2748, CD 1 goes beyond fiscal commitments and makes it a priority that developments benefiting from the GET exemption will serve the range of renters in our community. Specifically, this measure recognizes the stigma attached to the Housing Choice Voucher Program, also known as Section 8, that is an important federal program that assists low-income families, the elderly, and disabled individuals to afford decent, safe, and sanitary housing in the private market. House Bill 2748, CD 1 addresses the problem that participants in the Section 8 housing program often encounter in finding landlords who will rent to them and makes it a requirement that developments applying for the GET exemption will accept qualified residents participating in the Section 8 program.

"While some of the focus is on the lower end of the housing spectrum, this bill is also targeting development for households at or below 140% of area median income. For those working families who are not wealthy enough to afford a home in our expensive housing markets, by providing more affordable rental options, this measure will allow these same families the time and opportunity to save for purchase of a home of their own.

"Lastly, this bill also takes a small but important step forward in appropriating \$50,000 for the Hawaii Housing Finance and Development Corporation to conduct an access and functional needs study for those individuals such as the frail and elderly, individuals with physical or severe mental disabilities, individuals transitioning from incarceration, emancipated foster youth, individuals with alcohol or drug addiction, individuals with HIV/AIDS, and survivors of domestic violence, who are in need of housing. By identifying the supportive services that these individuals require, inventorying the number of providers of these supportive services in each county, developing a system to forecast and monitor the number of these individuals with access and functional needs who are seeking affordable housing, and developing strategies to assist these individuals in retaining affordable housing in independent settings, House Bill 2748, CD 1 lays the groundwork in making affordable housing for these populations more accessible.

"I strongly support passage of House Bill 2748, CD 1 because it seeks to address different facets of affordable housing for many of Hawaii's most economically challenged groups and provides significant investments to build units across Hawaii's housing supply spectrum, demonstrating this legislature's strong and renewed commitment to tackling the problem of housing for all of Hawaii's residents."

Representative San Buenaventura rose to speak in support of the measure, stating:

"In support, short comments. I support and applaud the chair and vice chair for this bill. However, I believe it needs to go further. This bill basically prevents discrimination against Section 8 housing, Section 8 voucher recipients. It does not require developers to have Section 8 housing recipients. We have a problem that is not being addressed, and that is the Section 8 waiting list, which is not being brought down. I wish there were more monies towards that, that is the problem in my district, which is not being addressed by this bill. But I applaud the effort, and hopefully next time we go further. Thank you."

Representative Holt rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Along with thanking the Finance Chair and the Housing Chair, I'd also like to give a big thanks to our Majority Policy Leaders for pushing this agenda forward with the homeless and housing. When they said this was going to be our priorities I was very happy, because as the Representative from Waialua said, my district, the homeless and housing is the top two priorities, automatic. And getting results for that

is kind of difficult, but with this bill and a few other bills that we have put out this session, I'm very happy, and I would just like to send thanks, and if I can have additional written comments into the Journal."

Representative Holt's written remarks are as follows:

"Because of the high demand of affordable housing, and comparatively low supply, it is not rare to be on a waiting list for several years. So effective management of housing wait lists remains a core competency. Maintaining compliance in this space allows us to ensure clean audits and reduce the likelihood of a negative fair housing claim. Overall, it's crucial that you follow established best practices for managing wait list openings, guaranteeing fair access, selecting applicants, and documenting these steps. This measure will look for those best practices to manage that waitlist in our state and each county to gain a better understanding of the current and future demands for and supply of affordable housing suitable for individuals with access and functional needs."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. Mr. Speaker, can I have the words of the Chair and Vice Chair of Housing to be inserted into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Mizuno continued, stating:

"Thank you, Mr. Speaker. This year has probably been the most comprehensive and robust year ever in our legislative history in dealing with two issues, homelessness and affordable housing. Mr. Speaker, this measure is commendable because it takes large steps towards creating sufficient affordable housing, making Hawaii more affordable, and solidifying a potential endgame for our state's homeless issue. See, I know we're dealing with homelessness, but unless there's affordable housing, we're not addressing homelessness fully, we still have the endgame. So as we line up a number of other bills to address homelessness, we needed affordable housing as the endgame to make this picture complete. Without it, we'd still be having major issues with our homeless."

"Furthermore, affordable housing is needed if we're to end our homeless crisis in Hawaii. At the end of the day, even if we have every person experiencing homelessness in Hawaii, and we help them find their way off the streets, we get them in the shelters, we get them into ohana zones, we still need to transition them into affordable housing. This measure creates affordable housing that may become their home someday."

"Mr. Speaker, more affordable housing means a more affordable Hawaii. For our residents, a better life, also for our next generation, and a destination for those struggling to find a way out of homelessness. At the end of the day, affordable housing is needed if we're ever to properly address homelessness. I support this bill. Thank you, Mr. Speaker."

Representative Keohokalole rose in support of the measure and asked that the remarks of Representatives Nakamura and Mizuno be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Mr. Speaker, I would actually like to thank the entire body of the Legislature. This is actually part two of the conversation that the Legislature started last year in working with the development community and working in the interim with the various chairs and the construction industry to come out with this draft. So I want to thank all the Members of the Legislature for being the champion of affordable housing and for coming up with this out-of-the-box solution in working with the construction industry and improving on that."

"One of the things that we wanted to highlight in this bill is that this provides affordable rental units. It's not affordable sale units, it's affordable rental units, and as one of the speakers, okay what happened to the 64,000 units that we need? Well, 64,000 number came from DBEDT as the total amount of units including the units that needs to satisfy the number of inbound, inbound individuals who come to the state. So they don't specify what should be provided for local residents compared to what should be

provided for investment, and I don't think it is the goal of this body to provide luxury houses, luxury market homes that will be sold as investment property, and that's why the focus really should be on what the true number is. And according to Bob Nakata and significant research with DBEDT, the amount of rentals that will be needed by 2030 is around 20,000, and that's what this accomplishes. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, also in support with now even more doubts. Mr. Speaker, the numbers are very clear, we are now about 25,000 units short, and according to the Council on Revenues and the various people at the University of Hawaii, we need 6,000 units just to keep up with the population, nothing to do with tourists. Six thousand a year, which when you do the math, what we've got in this bill is enough to catch up where we are, but if you go ahead to where this thing is supposed to happen, we're still going to be 25,000 short. So we've got to face the numbers. This is a good election year gesture, but it doesn't solve the problem. We have not been able in this legislature--"

Representative Quinlan rose to a point of order, stating:

"Point of order, Mr. Speaker. Will the Representative please address you?"

The Chair addressed Representative Ward, stating:

"Please address the Chair, thank you."

Representative Ward continued, stating:

"This does not solve the problem, Mr. Speaker. We need this as a lever, if you will, a fulcrum to get a more robust, every year, not just this year, Mr. Speaker. That's my point. My point is, I'm in full support of it, but we've got to look at the numbers in a way that's a bit more realistic, because we are now 25,000 short, and we project ahead 25,000 that we're going to build. What do we have as a net gain? Twenty-five thousand still yet to be built. And Mr. Speaker, we only have I think less than 50% of the people in this state who are owners. We are one of the lowest homeownership people or states in the nation. So we've got to really build houses. Not only rental, but also for the purpose of ownership. Thank you, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I wasn't going to speak on this issue, but I took slight offense at this being characterized as an election year special. This is doing something concrete. People have been demanding us, you guys have been full of talk, affordable housing, affordable housing, affordable housing, every election, every year. Now we're stepping up and delivering."

"And the rental market, Mr. Speaker, I want to speak on that briefly, and may I have the words of the Finance Chair in regards to the rental market entered into the record as if they were my own," and the Chair "so ordered." (By reference only.)

Representative McKelvey continued, stating:

"We need affordable rentals desperately, my community especially, Lahaina, West Maui, it's a dearth of affordable rentals for our workforce. This cripples our economy. How are we going to handle this influx of seats and visitors, if you don't have affordable rentals for the workforce to provide this economic base that's needed, how do you catch up? A home isn't one size fits all, housing is not all one size fits all. We need a strategy that attacks it like laser, and rentals are a huge component of it."

"To do nothing is not an option. This does something. We've got more to do, but this takes a huge strike at the problem, especially, again, on the affordable rental market, which quite frankly has not had the issue addressed, and this year we have, and so I stand in support. Thank you."

Representative LoPresti rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative LoPresti's written remarks are as follows:

"Mr. Speaker, in support. The lack of truly affordable housing in Hawaii consistently places at the top of the list of concerns and hardships for all of our constituents. I want to commend everyone for their hard work on this issue to provide real relief to the hardworking people of Hawaii."

Representative Fukumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Fukumoto's written remarks are as follows:

"Mr. Speaker, I commend this body for taking such significant action to address the housing crisis in our state. Supporting affordable housing efforts by dedicating a significant amount of state funds that will legitimately begin to provide more housing opportunities for lower income families is a long overdue act. For years, we have watched this problem grow while offering far too few resources to effectively offer solutions.

"I believe we need to continue fighting for our working families by continuing to find ways to lower housing costs for our residents. For years I have felt it my duty to speak for the growing demographic who can no longer afford to live in the state that we grew up in and love. For us, Hawaii is our home, and we simply can't afford it anymore.

"As I said before this body in 2016, 'If the housing shortage is a crisis, let's treat it like a crisis. Let's explore every avenue possible to solving the crisis rather than continuing to talk about it. Let's be creative. Let's be collaborative. Let's apply for every federal grant, reach out to every agency possible and make a concerted effort to fix this, now. Let's lead the country in innovation. Let's build right-now rental housing and let's set real goals for home ownership.'"

"While this measure is a good start to dealing with this, we have a number of other options that it's time to prioritize. Over the past five years, we have lost billions in federal funding to our state which includes transportation, utility infrastructure, and housing money. Let's start getting that funding back. Let's look at bond flotation to further fund affordable housing projects. Let's hold developers accountable to their affordable housing requirements. Let's offer incentives to those developers who specifically focus on building housing units at accessible price points. Let's establish a refundable earned income tax credit.

"We can do more, Mr. Speaker, and we need to for our citizens to be able to stay here at home."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2748, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HOUSING," passed Final Reading by a vote of 51 ayes, with Representative Say voting aye with reservations.

Conf. Com. Rep. No. 40-18 and H.B. No. 1874, HD 1, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1874, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative LoPresti rose to speak in support of the measure, stating:

"In support. Just permission to insert comments on this and the following measure, and I just want to thank the introducers. Thank you."

Representative LoPresti's written remarks are as follows:

"Mr. Speaker, in support. This measure helps unit owners gain a level playing field with the condominium association. It expands the dispute resolution options so that disputes can be resolved quickly and efficiently with subsidies from the Condominium Education Trust Fund."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1874, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CONDOMINIUMS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 41-18 and H.B. No. 1873, HD 1, SD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1873, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CONDOMINIUMS," passed Final Reading by a vote of 51 ayes.

At 10:33 o'clock a.m., the Chair noted that the following bills passed Final Reading:

S.B. No. 2361, SD 2, HD 1, CD 1
 H.B. No. 1652, SD 2, CD 1
 S.B. No. 2407, SD 1, HD 1, CD 1

 H.B. No. 1874, HD 1, SD 2, CD 1
 H.B. No. 1873, HD 1, SD 1, CD 1

At 10:33 o'clock a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:42 o'clock a.m., with Vice Speaker Nakashima presiding.

Conf. Com. Rep. No. 42-18 and H.B. No. 1621, HD 1, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1621, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition, specifically in regards to part I. I'm just going to speak briefly on it. This bill would prohibit merchants with a brick and mortar store from charging a purchaser any fee, including a processing fee or an administrative fee, to repair, replace, or refund damaged or defective goods.

"We know that the cost of doing business here is very high. Many, many, many, many people know that running business in Hawaii is one of the hardest things to do, and keep it going.

"The Retail Merchants of Hawaii stated in their testimony that retailers often have no way of knowing if the item truly contained a manufacturer's defect or if it was damaged during transit. And you can imagine that, seeing as though we're an island, a lot of the goods that are sent are sent via shipment.

"Most retailers operate in good faith and will resolve the purchase of damaged or defective goods by replacing the item, and for those companies large enough, they often offer free return shipping. However, the cost of any processing or administrative fee for return items will burden small local businesses. Meaning that, if this passes then they will have to raise prices in order to compensate for that possibility that people will charge them for it, and also, it may cause consumers to practice friendly fraud, where they want to return something that wasn't defective on shipment, they just didn't want it.

"I definitely think that the cost of living here in Hawaii didn't rise overnight, it was small, small bits getting chopped around where it was making it harder for businesses to operate, making it harder for businesses to keep their prices down, because of mandates just like this. It's something small, it's seemingly minuscule, but in the larger scheme of things, it's one more roadblock for businesses. And we definitely want to see our businesses thrive. We want our economy to boost, and anything we can do to help them,

I know that that's what we want to do, is to make sure that the economy in Hawaii thrives. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition, please. Mr. Speaker, in addition to what my colleague has just said, I would say that this is the first anti-business, anti-small business, anti-economic growth bill for the session, at least on this OD right now. In addition to what my colleague said that we are out of step with the rest of the nation, particularly regarding refunds and things that we're restocking, I mean that's kind of common, but when we come to, and my points are regarding the franchisees, the restaurants. This bill requires a restaurant to post a sign in it that says, you are not included, or we are not including this deal that was on the national franchise advertisement.

"It adds an unnecessary burden of putting another sign in big bold letters in front of a restaurant. Not only distasteful, but it's unbecoming of the profession of what are now sit-down restaurants, not fast-food restaurants. Signs will have to be constantly changed to keep abreast of this, Mr. Speaker."

At 10:46 o'clock a.m., Representative Saiki requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:46 o'clock a.m.

At 10:47 o'clock a.m., Representative Belatti requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:53 o'clock a.m.

At this time, Representative Luke moved to postpone further consideration of H.B. No. 1621, HD 1, SD 1, CD 1 until Thursday, May 3, seconded by Representative Belatti.

The Chair then stated:

"Members, this is a non-debatable subsidiary motion, we will do this by voice vote. Members, we are going to take a voice vote. If you vote aye, you are in favor of the postponement. Vote no if you are opposed to the postponement."

The motion was put to vote by the Chair and carried, and further consideration of H.B. No. 1621, HD 1, SD 1, CD 1 was postponed until Thursday, May 3, 2018.

Conf. Com. Rep. No. 43-18 and H.B. No. 2003, HD 1, SD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2003, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO DRIVING WHILE INTOXICATED," passed Final Reading by a vote of 50 ayes to 1 no, with Representative Har voting no.

Conf. Com. Rep. No. 45-18 and H.B. No. 2182, HD 2, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2182, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in strong support of House Bill 2182, Conference Draft 1, the second of a trio of bills setting forth important work to be done to protect and improve our environment for future generations.

"Hawaii is one of the most isolated and diverse places on earth and is particularly vulnerable to the effects of climate change. Rising global temperatures continue to threaten the biodiversity of our planet's ecosystems and are permanently changing the life cycles of plants and animals causing devastating effects to our environment.

"Hawaii has a history of committing to mitigating the negative effects of these rising temperatures and must continue to do so. In 2017, Act 33 was signed into law establishing a Carbon Farming Task Force to identify agricultural, aquaculture, and agroforestry practices with the intention of improving soil health and promoting carbon sequestration across the State's agricultural, aquacultural, and agroforestry sectors.

"House Bill 2182, CD 1 renames that task force to be the Greenhouse Gas Sequestration Task Force to better reflect the work of the task force which includes establishing a baseline for greenhouse gas emissions within Hawaii with short and long-term benchmarks for increasing greenhouse gas sequestration in the State's agricultural and natural environment.

"Certification Program: The task force will also identify criteria to measure baseline levels and increases in greenhouse gas sequestration, improvements in soil health, increases in agricultural and aquacultural product yield, or other indicators that could be attributed to greenhouse gas sequestration. All of these measures, then, may be used to create a certification program for promoting agricultural and aquacultural practices that benefit increased production of food and other greenhouse gas sequestration benefits.

"Increasing Greenhouse Gas Sequestration through Better Policies: The task force will also identify the following: (1) policies and mitigation options that promote agricultural and aquacultural practices that increase greenhouse gas sequestration; (2) ways to increase the generation and use of compost in Hawaii to build healthy soils; and (3) practices and policies that add trees or vegetation to add to the urban tree canopy to reduce ambient temperatures and increase climate resiliency.

"Zero Emissions Clean Economy Target: House Bill 2182, CD 1 also takes the important step of establishing a statewide target to sequester more atmospheric carbon and greenhouse gases than is emitted within the state within no later than 2045. This ensures that Hawaii is fulfilling its *kuleana* in addressing the global threats to our community and to communities around the world.

"House Bill 2182, CD 1 demonstrates this legislature's commitment and proactive approach to addressing the threats to our environment and to the health and well-being of our communities."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2182, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL PROTECTION," passed Final Reading by a vote of 51 ayes, with Representative Har voting aye with reservations.

Conf. Com. Rep. No. 51-18 and S.B. No. 134, SD 1, HD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 134, SD 1, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Nakamura rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Nakamura's written remarks are as follows:

"While I support smoke-free working and learning environments, I'm concerned about the right of employees to negotiate over terms and

conditions of employment and current arbitration proceedings to resolve this dispute.

"Since 2009 the Legislature has allowed smoking in 'outdoor areas of places of employment' in Section 328J-7, HRS. The proposed SB 134 will not give union workers the opportunity to smoke in outdoor areas near their workplace. Given the size of many university campuses, SB 134 would require a vehicle and additional time to get to the outside perimeter of a UH campus to smoke.

"While we can all agree that smoking is hazardous to one's health and the health of those exposed to second-hand smoke, I'm concerned about collective bargaining implications and therefore vote with reservations."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 134, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII," passed Final Reading by a vote of 50 ayes to 1 no, with Representatives Nakamura and Say voting aye with reservations, and with Representative McDermott voting no.

Conf. Com. Rep. No. 55-18 and S.B. No. 2087, SD 2, HD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2087, SD 2, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. Mr. Speaker, this is an excellent bill. This is a bill that saves lives, and it's for those who are swimming and who may even be knowledgeable about the ocean. This is something that is a rescue tube that can be thrown to people who are in distress or who are tired or fatigued, and Mr. Speaker, even in my district, Hanauma Bay, people drowned left, right, front and center, unfortunately, and these are local as well as visitors. Also, the famous or infamous spitting caves, the young high school people dare each other. They jump into waters that blast them against the rocks or take them out.

"Mr. Speaker, this is an invaluable lifesaver and it's simply a rescue tube, and I have one in my office, if anyone cares to look at it. And I want to commend Senator Chang for introducing this bill. Its origin is the Hawaii Kai Lions, which borrowed and took it from the Kauai Lions Club, and it's for the benefit of the State of Hawaii. And lastly, Mr. Speaker, this is a good Samaritan non-liability, if you have one of these on your property, even if you live in any waterfront property, and people use it, you will not be sued or liable for that. Mr. Speaker, this is all around good policy, good legislation, and it saves lives. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2087, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY RESCUE DEVICES," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 59-18 and H.B. No. 2134, HD 1, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2134, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in support of House Bill 2134, Conference Draft 1.

"Sadly, in this age of social media, digital communication, and electronic devices, 'revenge pornography' or the nonconsensual disclosure of images or videos of individuals engaged in a sex act or in the nude is a problem we confront more and more. As a form of cyberbullying and harassment, revenge pornography can have far-reaching consequences from embarrassment and humiliation to forced sex trafficking. While revenge

pornography affects all, this problem disproportionately affects women and can have devastating effects on one's self-esteem, reputation, and career.

"This measure addresses this growing problem of revenge pornography by amending the offense of violation of privacy in the first degree to prohibit threats to disclose an image or video, specifically including disclosures that are acts of revenge or retribution, and requiring that any recording or image that is the subject of the offense be kept confidential.

"This measure sends a clear message that efforts to threaten, humiliate, and intimidate people through the electronic circulation of explicit images are unacceptable and that the privacy and confidentiality of victims will be protected if these abhorrent acts of revenge pornography are prosecuted."

Representative Matsumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in strong support.

"I support this bill because it strengthens Hawaii's protections for the victims of revenge pornography.

"Revenge pornography is a horrible act. As the ease of taking and spreading invasive photos and videos increases, our laws must adapt to protect as many victims as possible.

"Victims of revenge pornography often suffer from nightmares and night terrors; from depression, anxiety, and fear; from PTSD and substance abuse.

"This bill helps deter violations of privacy by closing loopholes in our existing law, and giving prosecutors more tools to go after criminals.

"The bill does this in three ways.

"First, it adds a new prohibition not just of actually disclosing an image or video, but of threatening to disclose an image or video of revenge pornography. This will give prosecutors a new tool to help the victims of emotional blackmail or extortion.

"Second, the bill makes it illegal to disclose an image or video for the purpose of harming someone's education. This will help protect the futures of young people against those who would try to force them from school through shame.

"Finally, the bill adds a catchall provision that will broaden our ability to prosecute any disclosures of images or videos for the purpose of revenge or retaliation. This will fill any gaps in our existing law's precise categories, making sure there is always a way to prosecute those who do wrong.

"For these reasons, Mr. Speaker, this is a very good bill, and a great step forward for decency and respect in our society. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2134, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO VIOLATION OF PRIVACY," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 60-18 and H.B. No. 2247, HD 1, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2247, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Lee moved to recommit Conf. Com. Rep. No. 60-18 and the attached proposed conference draft to the Committee on Conference, seconded by Representative Morikawa.

The motion was put to vote by the Chair and carried, and Conf. Com. Rep. No. 60-18 and H.B. No. 2247, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CAMPAIGN FINANCE," were recommitted to the Committee on Conference.

Conf. Com. Rep. No. 66-18 and S.B. No. 2436, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2436, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Matsumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. At this time, I rise in support. Just a brief comment. It shortens the amount of time that someone disqualified from gun ownership has to voluntarily surrender or dispose of all firearms from 30 days to 7 days. This underlying statute is an important mechanism to keep dangerous people, like those convicted of domestic violence, from holding on to their guns. Reducing the time period from 30 to 7 days will speed up the disposal or surrender process and ensure safer communities. And I'd like to also insert more additional comments into the Journal. Thank you, Mr. Speaker."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in support.

"SB 2436 shortens the amount of time that someone disqualified from gun ownership has to voluntarily surrender or dispose of all firearms and ammunition from 30 days to seven days.

"Disqualifying convictions include committing a felony, any crime of violence, or illegal sales of drugs.

"The underlying statute is an important mechanism to keep dangerous people – like those convicted for domestic violence – from holding onto their guns.

"I've always been a champion of women's issues and will continue to advocate for laws that make Hawaii a safer and fairer place for all.

"Since women are disproportionately victims of domestic abuse and other crimes that would disqualify gun ownership, this bill is one such way to keep all residents, but especially women, safer.

"Reducing the time period from 30 days to seven days will speed up the disposal or surrender process and ensure safer communities. Thank you, Mr. Speaker."

Representative Belatti rose in support of the measure and asked that the remarks of Representative Matsumoto be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative LoPresti rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative LoPresti's written remarks are as follows:

"Thank you, Mr. Speaker. I rise in support. This important measure will protect victims and potential victims by reducing the amount of time allowed for a disqualified person to voluntarily surrender their firearms. When a person is disqualified from owning a firearm, there is no reason they should need 30 days to surrender. In fact, the time period immediately following the disqualification can be the most dangerous and hazardous time. A lot can happen in 30 days, which is a long, stressful time full of fear and apprehension for any potential victims. Seven days is more than enough time for voluntary surrender."

Representative Kong rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2436, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS," passed Final Reading by a vote of 48 ayes to 3 noes, with Representative Kong voting aye with reservations, and with Representatives Choy, Har and Tokioka voting no.

Conf. Com. Rep. No. 69-18 and H.B. No. 1768, HD 2, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1768, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. This bill seeks to change the disclosure of legislative salary stats, and Civil Beat actually, one of their most popular articles lists the salaries of state employees. And one of the things that we talk about a lot here is making sure that we are doing things in a transparent way. As we know we had a previous bill we discussed in regards to disclosures for ethics for boards, which is different than this, but it's still the same purpose, which is that the discussion hovered around the fact that we are trying to make government more transparent so that people actually feel like they know what's going on, where their tax dollars are being spent.

"When public records are exact, it's clear if this legislative salaries are being used for favoritism, and that's what people want to see, so that when we put it out there, nobody has any question. Everything's in the black and white, nobody can say either way what happened because everything was transparent. The public should know the difference between these salaries, and when I talk to people, one of their top issues is transparency in government. As we have a lot of different projects that people are losing public faith in what we're doing here in the government, we need to seek to keep those lines of transparency open so that we can go in the right direction, so people actually want to engage and know what's going on. And for those reasons, I'm in opposition. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition also. Mr. Speaker, in addition to everything that my colleague said, this truly summarily is a step backward in terms of transparency. It hides what otherwise is very apparent when we have now, as the status quo, who's making what in which areas is known to everyone. I want to thank Civil Beat for bringing out the fact that, and I'm going to name some names, Mr. Speaker, and I'm going to get put out of order, but the Majority Research Office makes 40% more than the Minority Research Office, and this would cover that up. Salaries are not equitable between the minority and the majority, even though qualifications are comparable.

"Having said that, Mr. Speaker, this is another way of giving a disclosure, or let's say a blanket over the eyes of the public to see these inequities, in addition to what my colleague said, as a way of giving favoritism or giving increases, and if you go just below the A, B or C levels, no one will ever know. For those reasons, Mr. Speaker, this is a step backwards in transparency. Thank you."

Representative Johanson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Just very briefly, I think one of the things that makes the Legislature a very different employer is that each of us represent the employer and each of us make decisions that bind the body. And accordingly, because so many of us rightfully have the prerogatives on behalf of our district and behalf of our offices, makes for an increasingly challenging employment workplace. As such, I think the minority critique ignores the fact that disclosure is still mandated, it just happens to be in \$15,000 increments. So while you cannot see the exact salary, you still can see ranges that are within \$15,000, thus being able to ensure that the public can inspect and judge for themselves.

"But I think the employment landscape here in the House and in the Senate is far more complex than the civil service. I shouldn't say, it's not more complex than the civil service, but it's different, rather, than some of the other employment landscapes, and that's why I think this bill tries to help facilitate the better running of the House and the Senate while still preserving transparency. Thank you."

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. So it's different, so therefore we hide the information by having a salary range. This body also was trying to hide the information of important board and commission members that would be appointed."

Representative Quinlan rose, stating:

"Point of order, Mr. Speaker."

Representative Ward rose, stating:

"Point of order, Mr. Speaker. She has the floor, these people are interrupting her, and she is not out of order."

At 11:04 o'clock a.m., Representative Belatti requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:06 o'clock a.m.

Representative Thielen continued, stating:

"Thank you, Mr. Speaker. Still in opposition. This measure can permit inequity to continue. There are 46 of you, there are 5 of us. Our staff members deserve the equal salaries that are granted to the majority members' staff members. When this is hidden by a range--"

Representative Belatti rose to a point of order, stating:

"Point of order, Mr. Speaker. This is off point."

Representative Ward rose, stating:

"Point of order of the point of order, Mr. Speaker. This is not off."

Representative Thielen continued, stating:

"I am speaking to the measure."

At 11:06 o'clock a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:16 o'clock a.m.

Representative Thielen continued, stating:

"Thank you, Mr. Speaker. I've been asked to continue or to confine my remarks to the demerits of this bill, and I will try to do that. What this does, Mr. Speaker, is perpetuates an inequity. And I thought, with the majority party having 46 members, they could try to make things equal within our body. Well, they aren't. And our staff members are not treated equally, and this is what the bill will be able to continue to perpetuate. I'm a very strong no on it, Mr. Speaker, and I think it's in the best interest of this body if we recommit the bill. We know that on the Senate side there is no minority party, so they don't even have the issue. So we could go ahead and take the more democratic approach and recommit the bill, Mr. Speaker."

At this time, Representative Thielen moved to recommit, seconded by Representative Ward.

At 11:17 o'clock a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:17 o'clock a.m.

Representative Thielen rose to speak in support of the motion to recommit, stating:

"Thank you, Mr. Speaker. I am speaking in support of the motion to recommit. Thank you, Mr. Speaker, when a measure is faulty, it really is this body's job to look at that and to realize the measure should be recommitted for further work or further study. I think that is very clearly the situation here. This is not a measure that even affects the Senate. So it's really right here, within our House, only within our House, where we need to take a look at this and say, is keeping these salaries secret in the best interest of a democratic process and open government. And I say, no, it isn't. So I support the motion to recommit."

Representative Ward rose to speak in support of the motion to recommit, stating:

"Mr. Speaker, in support of the recommittal, and I believe my staff member has the actual differential in the salaries between the two, even though they're not on the floor. Because this a matter of equity, it's a matter of fairness, it's a matter of what I think the Women's Caucus has pleaded for, of what we do for the homeless, what we do for other people. We are striving to keep democracy alive."

Representative Luke rose to a point of order, stating:

"Mr. Speaker, point of order. This is really about the discussion of the recommittal, not on the substance."

The Chair addressed Representative Ward, stating:

"Please limit your discussion to the purpose of the recommittal."

Representative Ward continued, stating:

"The recommittal is to keep democracy alive by having transparency and other relevant parts of motions on this body. This body governs the State of Hawaii, Mr. Speaker. How we behave sends a message to the people out there. How we want to make things open and transparent is to our benefit, Mr. Speaker. And if Civil Beat gets onto this and digs even further, we're all going to look even worse than the way the bill is right now, in its recommittal stage. Which I think, Mr. Speaker, is the best thing to do. If not recommittal, let's have it voted on Thursday, so we can get beyond where we are now, stuck in a trough. Thank you."

Representative Belatti rose to speak in opposition to the motion to recommit, stating:

"Thank you, Mr. Speaker. In opposition. In this day and age, this kind of salary information, this specific kind of salary information, is personal. Thank you, Mr. Speaker."

Representative Ward rose to respond, stating:

"Mr. Speaker, any public salary is public. Anybody who works for the government, whether it's federal, state, or city and county, is the public's business."

Representative Mizuno rose to a point of order, stating:

"Point of order, Mr. Speaker. Point of order. The point is, they can only debate on the merits on the motion, not on the merits of the bill at this point, and the motion is to recommit or not to recommit. Thank you."

The Chair addressed Representative Ward, stating:

"Please limit your discussion to the motion to recommit."

Representative Ward continued, stating:

"Mr. Speaker, when there's an untruth on the floor, do we have the right to retort, when there's an untruth spoken on the floor, we have no right to retort? The point is, Mr. Speaker, whenever taxpayers' monies are used, the taxpayers, the public, our constituents have a right to know how much

money is being spent, and therefore salaries for federal, state, and staff, city and county, deserve that same openness and transparency. That's my point, Mr. Speaker. Thank you."

The motion to recommit was put to vote by the Chair and upon a voice vote, failed to carry.

(Main Motion)

Representative Matsumoto rose in opposition to the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in opposition.

"HB 1768 is another one of the bills this session that will make Hawaii's government less accessible and transparent.

"Like the previously considered bill that tried to hide the salaries of public board members, this bill allows legislative employee's salaries in public record to be listed in increments of \$15,000 instead of their exact amounts.

"This is yet another way this legislature is working against good-government practices and making it more difficult for the public to know what is happening in their government.

"In our current political climate, people are increasingly distrustful of government and have less confidence than ever about how or why decisions are made.

"Not only is this bill bad for government transparency, but it may lead to differential treatment among legislative staff.

"With \$15,000 increments, there's no way to tell if certain staffers are being paid significantly more than others. There's a big difference between an office manager making \$51,000 and an office manager making \$66,000 a year.

"Finally, it's ironic that we would pass legislation shielding salary information at the same time as we pass legislation addressing the gender-pay gap.

"When exact salaries are public record, everyone can easily see if women and men are being paid the same amount. However, if this bill becomes law, it will be much harder to tell if women are being paid the same as men for the same work. It's unacceptable that this legislature, which has tasked itself with tackling one of the foremost of women's issues, would consider legislation that may increase inequality in this very building.

"For those reasons, I am in opposition. Thank you, Mr. Speaker."

Representative McDermott rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. Mr. Speaker, it seems to me that the body is engaging in a little bit of schizophrenia here. When we take great strides with equal pay, pay equity, ensuring that that sort of information is available so women in the workforce get a fair shot, and then here, we seem to be going in the opposite direction. However so slight, it seems to be a degree of obfuscation.

"And we have a minority research, you could make the argument that they only have five members, so why should that person be paid the same as an individual running majority research, where you have 40-something? Well, the responsibilities are no different, they have to manage the same amount of bills and try and get the same individuals assigned to conference committees, *et cetera, et cetera*, and you could make the argument that it's even a more difficult job because the lack of support, five or six people to do the same job that the majority has. So I would just put that into

consideration for the future, Mr. Speaker, but I'm going to stand in opposition of this. Thank you, sir."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1768, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO INFORMATION PRACTICES," passed Final Reading by a vote of 43 ayes to 8 noes, with Representatives Choy, Har, Matsumoto, McDermott, Thielen, Tokioka, Tupola and Ward voting no.

Conf. Com. Rep. No. 71-18 and H.B. No. 2416, HD 1, SD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2416, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAX ON INTANGIBLE PROPERTY," passed Final Reading by a vote of 43 ayes to 8 noes, with Representatives Choy, DeCoite, Har, Ito, McDermott, Say, Tokioka and Ward voting no.

Conf. Com. Rep. No. 77-18 and S.B. No. 2461, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2461, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative LoPresti rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative LoPresti's written remarks are as follows:

"Mr. Speaker, in support. Fake service animals can create very real problems for legitimate service animals. Legitimate service animals are highly trained to the tune of \$20,000 – \$90,000. Fake service animals have been known to distract and accost real service animals, which can cost thousands of dollars to the disabled handlers to get them re-trained. If the service animal is traumatized enough by the incident, re-training is ineffective and the handlers are left with no other option but to get a new service animal. These people aren't bringing their animals into stores for fun, or because they get lonely – the people who use service animals have debilitating disabilities and literally can't function in their daily life without them. Titles II and III of the Americans with Disabilities Act makes it clear that service animals are allowed in public facilities and accommodations, but emotional support animals, comfort animals, and therapy dogs are not service animals under Title II and Title III of the ADA. It is a disservice to Americans with disabilities if we allow individuals without disabilities to bring untrained animals in restaurants, stores, and public facilities as if they were service animals."

Representative Ward rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. Strong support. This is a very important issue in my district. For those who live in condominiums that otherwise prohibit pet owners, many seem to host pets under the guise of a service animal. This has led to many *kūpuna* and residents who have pet allergies to deal with behavioral issues of dogs that are not properly trained. With proper enforcement mechanisms in place, this bill will deter those who think they can circumvent the law for amendable living conditions. *Mahalo.*"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2461, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO SERVICE ANIMALS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 78-18 and S.B. No. 2582, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2582, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. Thank you, Mr. Speaker. Last week we celebrated the life of Kaulana Werner, and it's been two years since this tragedy hit our community. And I know, I think actually uncle and aunty left already, but I just wanted to say thank you to the introducers and thank you to this whole body as well as to the Senate members who were able to make this bill possible. I think for a lot of the community members, there's still grieving, and I feel like in a small way this bill is helping them to try to find some resolve.

"And this past week, I just wanted to say the names. The four young men that were honored was Kaulana Werner, Troy Kahoohilaha, Daniel Mole, and Jonah Ragsdale. And I also wanted to mention Kailen Wong as well as all of the others that have lost lives in our community due to negligent homicide or other reasons. And I think it's about time that we had a bill that actually creates a type of consequence when you fail to render aid, as opposed to letting some of these people that have caused this harm and hurt to families to go months if not years without even one day of consequence, not even one day of prison time. So I just wanted to say thank you and give support. *Mahalo.*"

Representative Gates rose to speak in support of the measure, stating:

"In support, permission to insert written comments. Thank you."

Representative Gates's written remarks are as follows:

"On April 24th, 2016, Kaulana Werner's life was tragically ended in front of his family home when he was struck by a drunk driver in Nānākuli. The driver fled the scene, showing no remorse and a callous heart. Kaulana was 19 years old and was said to bring joy to all that encountered him. The driver is still free and any punishment she is likely to face will hardly provide solace to the survivors.

"This is not an isolated incident, with another event happening last President's Day weekend, when the Wai'anae community lost two young residents that were loved by many to a hit and run in Mākaha. My heartfelt condolences go out to the Ragsdale and Mole *ohana* for their tragic loss of Jonah and Daniel.

"The Werner, Ragsdale and Mole families deserve better. Our community deserves better. We demand safe streets for our residents and punishments that not only fit the crime, but serve to deter future criminals.

"This year marks the second anniversary of the death of Kaulana Werner, and we honor these victims and their families by passing Senate Bill 2582. This measure will increase the maximum prison sentence for any individual that flees a crime scene. SB 2582 will help bring justice to community members who have lost loved ones through hit and run incidents, and serve as a warning to others by showing that harsh consequences do exist when the life of another is taken so needlessly."

Representative Aquino rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. First, I'd like to thank the Judiciary Chairs in both the House and the Senate for moving a bill that seeks to protect and deter individuals who make certain dangerous decisions and take innocent lives through reckless acts. Mr. Speaker, many families throughout our state have suffered tremendous losses through the actions I just described, and feel that the current system does not fit the crime. Mr. Speaker, this measure tries to rectify that. Thank you very much."

Representative Yamane rose in support of the measure and asked that the remarks of Representative Aquino be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2582, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EXTENDED TERMS OF IMPRISONMENT," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 80-18 and H.B. No. 2442, HD 2, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2442, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'd like to commend the introducer and thank him for his work on this. I definitely think that in our, not just our community, but across the state, this is becoming an issue. One of the main things that we've seen become a problem with abandoned vehicles is the fact that it actually becomes a danger to the community.

"In one of the areas of my district where we had an abandoned vehicle, it wasn't just that it was abandoned, there was actually a dead body found in it. And in two other areas on this island, the same thing happened. Because certain activities happen in these abandoned vehicles for undetermined amounts of times, people don't address it, the cars become then shelters or other forms of recreational activity happen in it. And so, making sure that there's actually a time period in which they have to be removed, this is very important.

"And I hope that everyone knows that aside from this bill there's also going to have to be a lot of work put in on our part as legislators because there's a fair amount of roads that are in our communities that are private, and some of these roads have just as much issues as city and county roads. So there are various ways to address the problem, but I'm grateful and hopeful with this step in the right direction that many other people will join in, jump in. We're going to have to give our efforts as legislators to try to connect those pieces in areas where there isn't currently a solution on private roads, as well as teaching other people how they can identify derelict vehicles and actually take this process into their own hand and help to alleviate the burden that is currently on our city and county. Thank you."

Representative Gates rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support. Abandoned vehicles have become serious safety and environmental hazards when left in our communities for an extended period of time, not only in my district, but across the entire state. This bill requires the counties to remove abandoned vehicles from our communities within 10 days of being reported. This measure also makes it easier to dispose of abandoned vehicles by making a public auction optional for derelict vehicles, and gives the counties and agencies rulemaking powers to further streamline the removal process.

"This is a very important issue for my community in particular, and I would like to thank the Transportation and Judiciary in both the House and Senate, including the county agencies that worked diligently to pass this measure and ensure the safety of our *keiki* and residents and preserve the beauty of our *āina*. Mr. Speaker, permission to insert written comments into the Journal. Thank you."

Representative Gates's written remarks are as follows:

"Abandoned vehicles are widespread in communities across our state, rusting away on our public roads and highways. They are not only an eyesore, but a safety and environmental hazard that need to be removed as quickly as possible.

"H.B. No. 2442, HD 2, SD 2, CD 1 requires the counties to remove all abandoned vehicles within 10 business days of being reported. One of the main complaints I hear from my constituents is about abandoned vehicles and it is not just in Leeward O'ahu, it is statewide. These vehicles are a safety hazard for *keiki* who are tempted to play in them, and an environmental hazard as they leak toxic fuel and liquids into our *āina*.

"This bill changes current law to require rather than request that the counties remove abandoned vehicles within 10 business days of being reported. An abandoned vehicle is defined as having been left unattended for more than 24 hours and unlawfully parked on public or private lands adjacent to a public road. Additionally, it gives the agency rulemaking

power to streamline the removal process and makes a public auction of derelict vehicles at the discretion of the county.

"I believe a requirement for the counties to remove the derelict vehicles within 10 days will bring about the change our communities demand and deserve. We love our neighborhoods and it hurts to see them inundated with so many abandoned vehicles."

Representative Holt rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, and may I have the words of the previous speaker entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Quinlan rose to speak in support of the measure, stating:

"Strong support, written comments, please."

Representative Quinlan's written remarks are as follows:

"This bill is a much needed measure for my community. Abandoned cars are a very particular form of blight, one that poses significant public safety hazards. They are an arsonists' delight, havens for criminal activity, and a very visible sign that our government is not working properly."

Representative Ito rose to speak in support of the measure, stating:

"Mr. Speaker, same request, in strong support. Thank you."

Representative Ito's written remarks are as follows:

"I am in strong support for H.B. No. 2442, HD 2, SD 2, CD 1. Requiring the counties to remove all abandoned vehicles within 10 business days of being reported is a first step toward addressing the visual blight and safety concerns associated with these vehicles. Constituents in my district and residents throughout the state have increasingly complained about the many safety hazards, as well as environmental and parking problems created by abandoned vehicles."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support and would like to adopt the words of the speaker from Waianae into the record as if they were my own. And I think this will also have a huge effect on our airports where a lot of vehicles get abandoned. Thanks," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2442, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ABANDONED VEHICLES," passed Final Reading by a vote of 51 ayes.

At 11:32 o'clock a.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 2003, HD 1, SD 1, CD 1
 H.B. No. 2182, HD 2, SD 2, CD 1
 S.B. No. 134, SD 1, HD 2, CD 1
 S.B. No. 2087, SD 2, HD 2, CD 1
 H.B. No. 2134, HD 1, SD 1, CD 1
 S.B. No. 2436, SD 2, HD 1, CD 1
 H.B. No. 1768, HD 2, SD 2, CD 1
 H.B. No. 2416, HD 1, SD 1, CD 1
 S.B. No. 2461, SD 1, HD 1, CD 1
 S.B. No. 2582, SD 1, HD 1, CD 1
 H.B. No. 2442, HD 2, SD 2, CD 1

At 11:32 o'clock a.m., Representative Belatti requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:19 o'clock p.m.

LATE INTRODUCTIONS

The following late introductions were made to the Members of the House:

Representative Ito introduced Mr. Chad Taniguchi, Executive Director, Hawaii Bicycling League.

Representative Tupola introduced Mr. Daniel Alexander, Advocacy, Planning & Communication Director, Hawaii Bicycling League.

Representative Ward introduced Ms. Lisa Bishop, President, Friends of Hanauma Bay.

UNFINISHED BUSINESS

Conf. Com. Rep. No. 81-18 and H.B. No. 2215, HD 1, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2215, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Choy rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition. The other day I was almost run over by a bicyclist on the sidewalk. Thank you."

Representative Matsumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, and just briefly. I've been working with the Hawaii Bicycling League for many years to get a bike path in Hawaii. Safe biking is something that is extremely important, and this bill aligns us with national trends. Hawaii is one of only nine states that doesn't have safe passing laws to protect bicyclists. So, just in strong support. Thank you."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Just strong support. I just want to applaud the Legislature for doing this. I used to commute by bicycle when I was in grad school every day, and every day it was taking my life into my hands, and I'm glad we're taking measures to help protect people who are choosing the greener ways of traveling. Thank you."

Representative Ito rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2215, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO BICYCLES," passed Final Reading by a vote of 50 ayes to 1 no, with Representative Choy voting no.

Conf. Com. Rep. No. 86-18 and S.B. No. 2719, SD 1, HD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2719, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO SEXUAL VIOLENCE," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 88-18 and S.B. No. 2699, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2699, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tokioka rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Tupola rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2699, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE TRANSIENT ACCOMMODATIONS TAX," passed Final Reading by a vote of 42 ayes to 9 noes, with Representatives Choy, Evans, Har, Kong, Matsumoto, McDermott, Say, Tokioka and Tupola voting no.

Conf. Com. Rep. No. 89-18 and S.B. No. 1208, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 1208, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations, and I'd like to just explain why. Thank you. This is for a special purpose revenue bond for Twin Bridge Farms, and my concern is that that operation, for the vast part of it, is doing GMO farming. There's a very small amount of regular ag and then a very tiny amount of organic ag, and my reservations are on the GMO part. Thank you."

Representative Quinlan rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. I'd just like to note that we do have goals of increasing agricultural production, and these guys make the tastiest asparagus you could ever hope for. Thank you."

Representative Matsumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Also in support. Twin Bridge Farms is located in my district in Waiialua and is known for its asparagus that is in many restaurants. And we're always talking about building local food for local people, and while they do other types of ag, they do produce a lot of local food for local people, asparagus, onions, tomatoes, and other crops. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1208, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Final Reading by a vote of 51 ayes, with Representative Thielen voting aye with reservations.

Conf. Com. Rep. No. 91-18 and S.B. No. 2919, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2919, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Choy rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Choy's written remarks are as follows:

"In opposition to S.B. No. 2919, SD 2, HD 1, CD 1.

"This bill is a slippery slope similar to Act 97 Session Laws of 1965 and will end up like S.B. No. 2919, SD 2, HD 1, CD 1. This is not good public policy, and I would like to reference my comments on S.B. No. 2237, SD 2, HD 1, CD 1, Conf. Com. Rep. No. 129-18."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations, Mr. Speaker. Thank you. I fully support the intention of this bill, which is to help Hawaii public libraries. In fact, we just had the opening of our public library in Nanakuli, and it's beautiful.

"I would like to point out some important testimony, though, that came through in this bill, and that it's stated that the Hawaii State Public Library System doesn't currently hold title to the lands under which the public libraries sit. And also in testimony they said that they don't have expertise necessary to guide the public library system through a pilot program which would involve redevelopment, leasing, and management of library.

"I'm also concerned about the commercialization of this bill, specifically in regards to the fact that there is a point in the public trust doctrine that states that in the Admission Act of 1959, that the support of anything used on these public lands should be for the support of public schools and other public institutions, and I think that that's ultimately what we want to see. We want to see the libraries thrive, and we want to find ways to help them, but we need to make sure that the intention of having any type of business or entity actually being able to lease or be managed by the State on these lands has to do directly with educational purposes. So I think those are my reservations, and I'm sure other people had same concerns. Thank you."

Representative Woodson rose to speak in support of the measure, stating:

"Thank you, Speaker. In support. Thank you, Mr. Speaker. This is simply just to create a way to bring more, potentially, funds in for our much needed public libraries. It's limited to five properties, and I urge my colleagues to please support this proposal."

Representative McKelvey rose in support of the measure and asked that the remarks of Representative Woodson be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2919, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LIBRARIES," passed Final Reading by a vote of 49 ayes to 2 noes, with Representatives Thielen, Tokioka and Tupola voting aye with reservations, and with Representatives Choy and Say voting no.

Conf. Com. Rep. No. 92-18 and S.B. No. 2051, SD 1, HD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2051, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 94-18 and S.B. No. 2556, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2556, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm rising in support of this measure with a few comments. Thank you. Mr. Speaker, this is relating to agriculture, and it's a Senate bill that is going to continue and fund the state industrial hemp project. For those of us here in the Chamber, I just wanted to give some quick information about the potential of industrial hemp that is now being discovered, now that different scientists are able to examine the plant.

"Here is one that says, results from some of the first studies to examine hemp's ability to fight cancer show that it might one day be useful as plant-based treatment for ovarian cancer. New findings tied to hemp's anti-cancer properties will be presented at the American Society for Biochemistry and Molecular Biology's annual meeting this spring in San Diego. The therapeutic potential of an extract known as KY-hemp is produced from hemp grown in Kentucky.

"Kentucky is ahead of us, Mr. Speaker, because they started aggressively the minute the federal farm act passed in 2014. They started aggressively with a hemp research project, with a tremendous amount of support from their governor and their administration. Our project has kind of stumbled forward, but it's had wonderful support from the Finance Committee and support in the Senate. We just need the administration to be more on board and more aggressive about it.

"They're showing that adding various doses of the Kentucky hemp extract to cultured ovarian cells has led to a significant dose-dependent slowing of cell migration. And the extract might be useful for stopping or slowing down metastasis, the spreading of cancer to other parts of the body.

"This is a dramatic research, something that we should be able to do here, and we have a wonderful team from University of Hawaii that is working on the hemp research project here.

"Kentucky hemp slows ovarian cancer comparable to or even better than the current ovarian cancer drug Cisplatin. Since Cisplatin exhibits high toxicity, we anticipate that hemp would carry less side effects.

"So, we have a miracle plant, Mr. Speaker, and we may have some miracle results for women who are subject to ovarian cancer. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2556, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 95-18 and S.B. No. 2244, SD 1, HD 2, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2244, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 103-18 and H.B. No. 2075, HD 2, SD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2075, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 104-18 and H.B. No. 2587, HD 1, SD 2, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2587, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Final Reading by a vote of 49 ayes to 2 noes, with Representatives Tupola and Ward voting no voting no.

Conf. Com. Rep. No. 108-18 and H.B. No. 2607, HD 1, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2607, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Matsumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. At this time, I stand in strong support. This bill contributes to Hawaii's educational system in three incredibly positive ways. It creates a statewide computer science program, it'll help create a competitive workforce in Hawaii, and it'll also help to provide equity in the field of computer science, which is mainly dominated by men. I'm extremely excited that we passed this bill this year, I've been working with a lot of advocates in computer science, and I'd like to also insert written comments into the Journal. Thank you."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in strong support.

"This bill contributes to Hawaii's educational system in three incredibly positive ways. A state-wide computer science program will foster the creation of a competitive workforce in Hawaii, will encourage Hawaii's public school students to enter into the field of computer science, and will provide the platform for equity in education.

"Computer science drives job creation and innovation throughout our nation's economy, and providing students with access to computer science education is a critical step for ensuring that Hawaii remains competitive in the global economy.

"Computing occupations comprise up to two-thirds of all projected new jobs in STEM fields, making computer science one of the most in-demand college degrees offering higher paying entry-level jobs than other degrees.

"This is especially important to note, as in the State of Hawaii, the ability to enter into a field with higher-paying salaries is essential, due to our high cost of living. By instituting a state-wide computer science program, we are leveling the field for students of lower socioeconomic status, or students living in rural areas, who are unable to attend computer science courses if they are not offered in school. By creating equity in education, we are creating equity in future employment opportunities.

"This bill will also encourage our students to pursue computer science and increases potential interest in the field. Currently, there are fewer advanced placement examinations taken in computer science than in any other STEM subject area, showing a lack of interest in or availability of adequate computer science courses.

"National studies of K-12 computer science education indicate that many students may not perceive advanced computer science as relevant to their education in part because computer science is not treated as a core academic subject under existing policy.

"By encouraging Hawaii's students, especially women and Title I students, to enter into the field of computer science, we can stimulate greater interest in STEM fields, which will not only benefit our students as individuals, but will also benefit their families, communities, and Hawaii's economy as a whole.

"Additionally, basic technological skills are increasingly necessary in day-to-day life regardless of a student's ultimate career choice. Information technology skills are needed at all levels of training and education, and across all sectors of Hawaii's economy.

"Providing students with a basic understanding of computer science is likely to contribute positively to the well-being of students, their families, and their communities.

"Hawaii must do more to encourage the study of computer science. Additional steps must be taken to improve and expand access to computer science education, particularly in advanced courses that could prepare students for careers in the field. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2607, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 111-18 and H.B. No. 2697, HD 2, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2697, HD 2, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative McDermott rose to speak in support of the measure, stating:

"I stand in strong support, and I would just like to acknowledge the hard work of the Chair of this committee. He's attacked his responsibilities with a gusto that I have not seen since I've been here. Perhaps that's because, and this is not a negative, but he didn't serve. So he wanted to show all those that did serve that he really does care. And I witnessed him basically save the

fleet reserve, along with my colleague from Kalihi, from going under, and helping in a myriad of other ways. In fact, when he first became Chairman, he came to me and said that if there's any help that veterans need, please let them know I'm available and I want to do the work. So, I give him a shout out, and a kudos, and this is good work here, and I thank him for his hard work. Thank you."

Representative Keohokalole rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in strong support. I'd like to adopt the words of the previous speaker and I'd also like to congratulate the Chair on his good work on this bill. Thank you," and the Chair "so ordered." (By reference only.)

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support, same request that the Marine Captain from Ewa Beach be as if they were my remarks into the Journal. Thank you," and the Chair "so ordered." (By reference only.)

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. First, thank you for the very kind remarks from my colleagues. Mr. Speaker, just a few brief words about this. I strongly support this bill, relating to veterans, because it will facilitate the first State of Hawaii Veterans Summit. Veterans issues are so important because they intersect with so many other issues, homelessness, immigration, higher education, and women's issues. This summit will allow stakeholders and advocates from all across the islands to come together and find solutions to help the men and women who have literally devoted their lives to serving and protecting the citizens of our country. Thank you."

Representative Matsumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Having both Schofield and Wheeler Air Force Base in my district, this is an extremely important bill. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2697, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO VETERANS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 115-18 and H.B. No. 2010, HD 1, SD 2, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2010, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TOURISM," passed Final Reading by a vote of 49 ayes to 2 noes, with Representatives Say and Ward voting no.

Conf. Com. Rep. No. 116-18 and H.B. No. 2097, HD 1, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2097, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, and I just want to say that I believe the intention of the funding in this bill was to hire additional lifeguards at the beaches that most need them so we can save lives there. And I have some concern that the division is intending to use this to make up for some of their shortfall and not for hiring new lifeguards, so I just wanted to make that clear, that as my understanding, that was the intent. And request to insert written comments."

Representative Lowen's written remarks are as follows:

"There has been ongoing discussion for many years about the need for a lifeguard at the Kua Bay section of Kekaha Kai State Park on Hawaii Island.

Lives have been lost that might have been saved, and injuries sustained that might have been prevented had a lifeguard been present. It is my view that access to this dangerous beach should never have been improved in the first place without ensuring that a lifeguard position would be funded. This year I also passed HCR 34 to urge State Parks Division to consider, among other things, whether access should be improved to previously difficult to access beaches if the lifeguard positions needed to ensure safety are not concurrently funded or assured of future funding.

"The funding in this bill was put in place to cover this need and to provide for new lifeguard positions where they are most needed. The Division of State Parks has repeatedly expressed that Kua Bay is at the top of this priority list.

"I have confirmed verbally with the Chair of the House Committee on Water & Land, the Chair of the House Finance Committee, and the Chair of the Senate Committee on Water and Land that their understanding was also that this funding would cover the need for new lifeguard positions. Recent conversations with the division have led me to be concerned that they may not intend to use these funds in line with legislative intent, but to make up for other budget shortfalls. Therefore, I am submitting these written remarks to clarify the legislative intent of HB 2097. It is my hope that the Division of State Parks will use these funds as intended."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2097, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO LIFEGUARDS," passed Final Reading by a vote of 51 ayes.

At 12:38 o'clock p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 2215, HD 1, SD 1, CD 1
S.B. No. 2719, SD 1, HD 1, CD 1
S.B. No. 2699, SD 2, HD 1, CD 1
S.B. No. 1208, SD 2, HD 1, CD 1
S.B. No. 2919, SD 2, HD 1, CD 1
S.B. No. 2051, SD 1, HD 1, CD 1
S.B. No. 2556, SD 1, HD 1, CD 1
S.B. No. 2244, SD 1, HD 2, CD 1
H.B. No. 2075, HD 2, SD 1, CD 1
H.B. No. 2587, HD 1, SD 2, CD 1
H.B. No. 2607, HD 1, SD 2, CD 1
H.B. No. 2697, HD 2, SD 1, CD 1
H.B. No. 2010, HD 1, SD 2, CD 1
H.B. No. 2097, HD 1, SD 2, CD 1

Conf. Com. Rep. No. 117-18 and H.B. No. 2464, HD 2, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2464, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Thank you. I definitely want to commend the introducer as well as many people who have been working on this issue in the Department of Hawaiian Home Lands. We know that the list has gone up to at most 22,000, maybe more. There are people who actually get on the list and then never receive housing before they pass away because the issue is so bad.

"And so this is actually suggesting for us to do a study to determine whether or not people are utilizing the list correctly. I think it would be very unacceptable for people to be waiting years for a lease, and other people have been given multiple leases and possibly even sublease the land to people who are not on the list. And we know that this is happening, but it's a way for us to address it in a study to determine if these leases are actually going to the people who are waiting in the order that they waited in.

"Prince Kuhio was the founder and the starter of the Hawaiian Homes Act. And the whole intent behind the Hawaiian Homes Act was not just to

provide housing, but to focus on the wellness of all Hawaiians, meaning the housing, the infrastructure, the land to farm, the wherewith that they could actually sustain themselves. And I'm hopeful that this bill is a step in the right direction for many people who are on the list. Thank you."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, strong support, brief comment and request to insert comments in the Journal. As my colleague indicated, the Hawaiian Homes Act of 1921 was made for sterner stuff, I guess, as Shakespeare would say. After 100 years, there's been 9,700 homesteads, 44,000 on the waitlist, and 203,000 acres which largely remains undeveloped. For those reasons, Mr. Speaker, any way we can boost, prod, fund and develop Hawaiian homes for what otherwise was a hundred-year-old promise, we certainly must do. This is a, kind of a baby step, but it's a step in the right direction. And Mr. Speaker, may I enter further comments into the Journal? Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. I stand in support. I believe that this study will help to bring light on those who may be taking advantage of the Hawaiian homes program and contributing to the infamously long wait list. I want to thank the introducer for bringing light to this issue and hope that the fruit of this bill will be more housing for the Native Hawaiian people. *Mahalo.*"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2464, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAIIAN HOMES COMMISSION ACT," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 118-18 and H.B. No. 2259, HD 1, SD 3, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2259, HD 1, SD 3, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MARINE EVENTS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 123-18 and S.B. No. 2646, SD 1, HD 3, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2646, SD 1, HD 3, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in support of Senate Bill 2646, Conference Draft 1.

"Senate Bill 2646, CD 1 is another of several measures considered by this legislature to address the problems of opioid addiction that are sweeping the country. This measure aims to reduce the public's access to all Schedule II, III or IV controlled substances. Prescribers of controlled substances are currently required to register with the Department of Public Safety's Prescription Drug Monitoring Program ('PDMP'), but effective use of the PDMP has not been realized because prescribers have not been required to consult the system before prescribing controlled substances.

"This measure closes that loophole and requires prescribers to consult Hawaii's PDMP before prescribing controlled substances. Reasonable but limited exceptions to this consultation requirement exist for any prescription for a supply of three days or less that is made in an emergency situation, by an emergency medical provider or in an emergency room and when the State's electronic PDMP system is nonfunctional.

"Because the effectiveness of PDMP systems are still under study, this measure imposes a five-year sunset clause that will allow time for adjustments to be made as needed to improve the systems around the prescribing of opioids to limit the availability of opioids to the public for overuse and abuse."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2646, SD 1, HD 3, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PRESCRIPTION DRUGS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 128-18 and H.B. No. 1614, HD 1, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1614, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, in opposition with written comments and a brief note. Mr. Speaker, the American family has been pummeled almost to the point where it doesn't exist, or the strength of it has been so weakened. This one that creates the polarity between if there's a divorce rather than being no-fault, it becomes a polemic, because it puts a restraining order as an automatic duel between what otherwise was loving couples in the beginning. I don't think this is in the right direction, but it continues to degrade the family, and we've almost lost it already. Thank you."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. In opposition. The American family has been weakened over the past decade and adding another polemic between couples of having an automatic restraining order upon divorce is reprehensible.

"Amending Chapter 580 of the Hawaii Revised Statutes to prohibit the removal of a child from their current school or island of residence will make it more difficult for those in abusive relationships to escape their former partners. I would like to adopt the testimony of the Hawaii State Commission on the Status of Women dated April 4th, 2018 as if it were my own.

"Mr. Speaker, if this group is against this bill, how can it be good for women? *Mahalo.*"

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in support of House Bill 1614, Conference Draft 1.

"At the onset of divorce, separation, or annulment proceedings, House Bill 1614, CD 1 seeks to freeze the status quo of financial accounts, property, credit cards, and insurance policies of the parties, and the residential and school settings for any minor children. The intent of this initial automatic restraining order is to preserve some stability during a time of emotional upheaval and to ensure that financial assets are not wasted to the detriment of either party.

"Through the hearing process on this measure, lawmakers learned that this practice has been used in some judicial circuits but not others. This measure seeks to bring uniformity and consistency across the courts and provide a tool to the judicial system that makes clear that the parties cannot and should not waste financial assets and seek to harm the other party through financial means.

"Although some advocates do not support this measure as it may disadvantage the party with lesser power in an already broken and dysfunctional relationship, because this measure still affords judges in the case the discretion to alter orders as the cases proceed, this measure on balance should allow better resolution of these difficult cases."

Representative San Buenaventura rose to speak in support of the measure, stating:

"Mr. Speaker, in support. The idea behind the bill, contrary to insinuations by others, is to actually preserve the family unit at the time when it's at most stress, which is at a time of the filing of the divorce. It intends to preserve status quo, thus preventing the kind of game playing used by unscrupulous

people who want to take advantage of usually the lower earner spouse. And as such, it is a bill that's timely and should have been passed a long time ago. Thank you."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I think that I understand, because I've actually followed this story with the introducer for a while and I know her passion for trying to handle this. I think two of the concerns which it's possible that she could possibly address or maybe just help us to understand is one, the ability for somebody to actually leave, meaning be able to flee from the situation that they're in. And currently, as it's written, that's one of the concerns that the Hawaii State Commission on the Status of Women had, as well is the ability for somebody to be able to say, yes, I'm in this situation, I need to take my children, I need to go. Because it makes it harder for people to leave, because of the fact that they would have to come back and face their abuser in court to handle the TRO. And so that's one of the things.

"The other part is the part that's stated in regards to if domestic violence has occurred, not has occurred to the person or to the victim, that one sentence which needed some clarification was something else that we were hung up on when we analyzed through the bill. So I definitely know that it's a step where we're trying to protect families and help individuals. Those two instances that actually have to do with interpretation of the law, the clarification in the bill is what our concerns are about. Thank you."

Representative San Buenaventura rose to respond, stating:

"Thank you, Mr. Speaker. This is the second time that I've tried to address this same bill that has worked very well on the island of Kauai, has worked well in Hilo until the retirement of a judge. And basically, the TROs, whenever domestic violence is an issue, is already taken care of. In fact, we actually have a carve out on this bill.

"This addresses financial abuse. It's the kind of thing that is so common in middle class families that we are not addressing. We are addressing physical abuse very well in other cases, but we are not addressing financial abuse, which is just as bad, and which basically impoverishes low-earner spouses, which are usually women. This prevents, usually men, the higher earner spouse, where all of the bills are under his name, from preventing him from cutting off medical insurance, leaving uninsured children and leaving uninsured spouses who did not know that the divorce was coming until somebody, who with money, who was able to hire a lawyer early enough, is planning for it. This prevents game-playing. This helps women. Thank you very much."

Representative Ward rose to respond, stating:

"Mr. Speaker, second time in opposition. And I commend my colleague for stating very well what's in the bill and what is positive about it. But if all of that is true, why on page 4, line 4, sub 5, says, 'Neither party shall remove a minor child of the parties from the island of that child's current residence nor remove a minor child of the parties from the school that child is currently attending.'

"If it's all about just the finances, fine, but so why stick this in where the kids get to be fought over, especially as my colleague said, if one decides to flee because of difficulties. So why do we have it where no child can be removed? If it's all about financial, why is it in here? Thank you."

Representative Nakamura rose to speak in support of the measure, stating:

"In support. Mr. Speaker, may I adopt the passionate words of our Representative from Puna as my own," and the Chair "so ordered." (By reference only.)

Representative Belatti rose to respond, stating:

"Thank you, Mr. Speaker. In strong support, second time. Mr. Speaker, I stand in strong support because I think women who are going through

divorces, who understand the financial abuse that they are exposed to, understand greatly and deeply the risk at which their children are put.

"So, yes, this is about financial abuse, but this is about keeping the child in a place that is a steady place, and to ensure that the status quo is maintained, as everything else is falling apart around the family. So in strong support for this measure. It's about time that we do this. This is a priority of the Women's Legislative Caucus, and it's something that we've been pushing for for a long time, and in response to the criticism that we are not doing enough on the issue of domestic violence. Thank you, Mr. Speaker."

Representative Keohokalole rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'd just like to clarify some previous comments, also. This bill does not further the breakup of the family. The breakup of the family takes place during a divorce. This is an attempt, a well-meaning attempt, to make sure that what's left of the family after that terrible incident takes place, because it does take place. That's the reality of our society, divorces happen. But the intent of this measure is that after that does take place, that both parties are able to move forward equitably and that children in the family, and the rest of the family that's impacted by this terrible situation, are protected to the extent that we are able to.

"We're never going to get it right, because this is a terrible scenario that we have to recognize takes place in our society. This bill doesn't cause the further breakup of the family. The family is broken up during the divorce, which happens immediately preceding the scenarios that are accounted for in this piece of legislation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1614, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO AUTOMATIC RESTRAINING ORDERS," passed Final Reading by a vote of 49 ayes to 2 noes, with Representative Tupola voting aye with reservations, and with Representatives McDermott and Ward voting no.

Conf. Com. Rep. No. 129-18 and S.B. No. 2237, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2237, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Choy rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Choy's written remarks are as follows:

"In opposition to S.B. No. 2237, SD 2, HD 1, CD 1.

"First, this bill represents the abandonment of our duty to our children. That duty is to provide public education.

"Second, there are many bills this year that delegate the obligation of education to others. The first policy call the Legislature made was to put to the vote the funding of public education in a constitutional amendment.

"Third, Mr. Speaker, we do not live in a democracy, we live in a republic. The people need to elect people who will fund public education adequately, not punt it back to the voters.

"Fourth, SB 2237 is worse than our constitutional amendment bill. This bill allows private entities to lease or use our public school land to fund the needs of our schools. Some see this as a novel way to get moneys to fund our educational system. I see this as a dereliction of duty to our children.

"Fifth, the potential abuse of giving away the property rights to fund our obligation to our children is great and we should never let this happen.

"Sixth, specifically as to inclusion of Manoa Elementary School, Hokuani Elementary school, and Noelani Elementary School, none of these school grounds are conducive to any type of commercial development.

"Seventh, giving the discretion to utilize school land in this manner to the Board of Education is ludicrous.

"For these reasons, I object to this bill."

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2237, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC SCHOOLS," passed Final Reading by a vote of 48 ayes to 3 noes, with Representative Tokioka voting aye with reservations, and with Representatives Choy, Kong and Say voting no.

Conf. Com. Rep. No. 131-18 and S.B. No. 2909, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2909, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in opposition to the measure, stating:

"In opposition. We saw this bill prior to it becoming a study and had robust discussion about what we thought about law enforcement, where it should go, should we consolidate it. And so this is requiring LRB to conduct a study with no appropriation and finish it by 2019. And the purpose of the study is to basically figure out if we should have a state law enforcement division in the Attorney General's Office which would contain the powers, functions, duties, and related personnel and properties of DLNR, DOT, public safety, and public safety's law enforcement staff, including sheriff's office and judiciary security personnel.

"The Attorney General's Office testified that they'd remain opposed to overseeing the consolidation of the law enforcement, and as well DLNR, DOT and public safety all opposed it for the consolidation and the differentiation of what they do, and the different tasks that they have to carry out. So, again, we've talked about this that it's not a good idea, but then we're going to put it into a study that has no appropriation, and so my opposition is the fact that we don't need to study something that everyone, especially agencies that are going to have to have that consolidation, are opposed to. Thank you."

Representative Johanson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I would just note that not everyone feels the same way, in fact this study is being done precisely because individual workers who are at these agencies, who sometimes feel like they're treated like red-headed stepchildren or a misfit for the overall agency because the nature and the scope of what they do is very different from the rest of the agency's mission, which is why I think a study is wholly appropriate and necessary. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2909, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO LAW ENFORCEMENT," passed Final Reading by a vote of 50 ayes to 1 no, with Representative Tupola voting no.

Conf. Com. Rep. No. 135-18 and H.B. No. 1802, HD 1, SD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1802, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CESSPOOLS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 138-18 and S.B. No. 2384, HD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2384, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 139-18 and S.B. No. 2382, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2382, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure, stating:

"In support. I definitely think that setting the vacancies of buildings is super important. I think I've brought up on this floor previously that the partnership with one charter school and a public school in the Honolulu area that's been working very well, and it's helped the school that is actually under enrollment and helped a school that has no buildings. So the partnership is what we needed.

"We definitely need more partnerships for the charter schools, seeing as though right now the per-pupil allocation for public school students is \$12,000 and for charter public school students is \$7,000. Much of their per-pupil allocation has to be used towards CIP funds and as well for costs that, in regards to buildings and cafeterias and things that other public school monies don't have to be used for because of that, and so I think it's very good for us to start to look at the use of these areas so that we don't have to continually have charter schools that are without places that they can actually meet, and without facilities. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2382, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC CHARTER SCHOOLS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 140-18 and S.B. No. 2351, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2351, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'd like to start by commending the Women's Caucus for a real banner year in working towards equality for women in the Aloha State. This bill affects everyone, as well though, because for years employers have had the power to fire employees just for discussing wages. And I'm really glad to see that that is now going to be outlawed in this bill. No longer can you be fired for discussing how much you make.

"This is one of the mechanisms that bosses use to control the labor force and keep everything and everyone in the dark about pay, and equal pay, and the lack thereof. This measure, Mr. Speaker, protects workers by allowing them to shed light on wage inequalities and discriminatory practices whether it's based on gender, race, religion, sexual orientation, or just because they can. So, it's a great bill. Thanks."

Representative Matsumoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in strong support. This is a bill that many of the women in the Women's Caucus have been working hard on for a long time. And just permission to insert additional written comments. Thank you."

Representative Matsumoto's written remarks are as follows:

"Thank you, Mr. Speaker. At this time, I rise in strong support.

"It is a frequently-quoted statistic that today, women working full-time earn 79 cents for every dollar that a man working full-time makes.

"Although true that the gender wage gap varies across industries and races, it is undeniable that this gap still exists, and will continue to persist without further action.

"The passage of this Women's Caucus bill will decrease wage disparity by eliminating pay secrecy and decreasing circumstances that encourage compensation based on salary history.

"First, allowing and encouraging employee discussion on wages will shine a light on existing wage discrimination practices and increase worker awareness of their rights.

"Women cannot challenge wage discrimination if they do not know it exists.

"Secondly, basing current compensation on past salary fosters existing salary inequality. Studies show that prior salary is not a necessity for an employer to determine a worker's salary: Market-based approaches are equally effective.

"In turn, a decrease in salary history-based compensation will also decrease employee turnover.

"Testimony consistently reflects that employees receiving competitive salaries and equal treatment are satisfied by the fair treatment and are more likely to remain with their employer.

"Again, as more and more women today become the sole or primary breadwinners of their families, it is more important now than ever to close the gender wage gap. Thank you, Mr. Speaker."

Representative Fukumoto rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Fukumoto's written remarks are as follows:

"Mr. Speaker, earlier this session, I said eliminating the wage gap was the number one issue for millennial women. I'm proud that after decades of inaction, the Legislature is moving forward with a bill to end wage secrecy and prevent salary discrimination.

"As the initial drafter of this bill, and the introducer of the House version, I couldn't be prouder of the work we have accomplished today by establishing in statute our commitment to ensure that salaries reflect skill and responsibility levels, not a person's gender.

"That said, I also still believe that preventing the House version to be vetted by the community and my fellow legislators through a complete legislative process and then reconciling the Senate and House bill in conference committee undermined the integrity and importance of enacting such a groundbreaking initiative. We are setting an example for the entire nation on this issue, and it deserved the full extent of discussion possible.

"Thank you, Mr. Speaker."

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in strong support of Senate Bill 2351, Conference Draft 1.

"This measure seeks to: (1) disrupt the cycle of wage inequality for women and minorities by prohibiting prospective employers from requesting or considering a job applicant's prior wage or salary history in the job application process; and (2) encourage equal pay between men and women by prohibiting enforced wage secrecy and prohibiting retaliation and discrimination against employees who disclose, discuss, or inquire about their own or coworkers' wages for the purpose of exercising their rights under the law.

"Salaries speak louder than words. Despite greater access to education, advances made in the workplace, and existing laws and policies that seek to eliminate gender discrimination in the workforce, the disparity in pay between women and men persists. The National Partnership for Women and

Family estimates that the pay gap takes \$2.5 billion out of the pockets of women statewide, over \$7,500 per woman per year.

"This wage gap is even more pronounced for women of marginalized identities with the most extreme disparities existing for Native Hawaiian and immigrant women in our state. Where women in Hawaii earn an average of 84 cents to every dollar a man earns, Native Hawaiian women earn 70 cents for every dollar a man earns.

"To systematically address this inequity, laws have to complement and support better workplace policies and practices such as prohibiting salary history inquiries in the job application phase of employment and enforced wage secrecy and retaliation when individuals are exercising their rights to ensure wage discrimination is not occurring in the workplace.

"With Senate Bill 2351, CD 1, Hawaii joins 18 other states that have laws protecting against discrimination or retaliation for discussing wages, and eight other states and cities that have banned salary history requests since 2016. In its tradition of leading on women's rights, Hawaii continues to be at the forefront of change that is helping women attain economic equity. For all of these reasons, I support Senate Bill 2351, CD 1."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in support, and I would hope political parties would be included in the future. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2351, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EQUAL PAY," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 142-18 and S.B. No. 2693, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2693, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure, stating:

"In support, Mr. Speaker. As I've stated previously, one of the things that our state needs to improve on is our sister-state relationships with other Polynesian nations. And I feel like this is going to be a step in a positive direction, because it'll help us to start those conversations, interact, and maybe even develop a better relationship and bring some of that commerce over here to Hawaii.

"I'm excited to see the people who are on the board, I'm excited to see the people who are involved, and of course commend the Senator from Maui for his lead on this. But I think it's time that we start to integrate some of what we do, even in regards to tourism and economic development for our state, and start to build those relationships with other Polynesian nations that could possibly help and strengthen our position here in the Pacific. Thank you."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just wanted to say very few brief words. The Festival of Pacific Arts, it will celebrate all of the rich culture and heritage the multiple nations across the Pacific. In 2020, Mr. Speaker, this festival will be held in Hawaii for the very first time, and I trust that the temporary commission on the 13th Festival of Pacific Arts will hold a delightful celebration of Polynesian, Melanesian, Micronesian and Aboriginal cultures all throughout Oceania. And I also would like to commend the Senate Majority Leader on his work on this. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2693, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE FESTIVAL OF PACIFIC ARTS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 143-18 and S.B. No. 2514, SD 1, HD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 2514, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Final Reading by a vote of 47 ayes to 4 noes, with Representatives Choy, Har, Tupola and Ward voting no.

Conf. Com. Rep. No. 144-18 and S.B. No. 2571, SD 2, HD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2571, SD 2, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Cachola rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Cachola's written remarks are as follows:

"S.B. No. 2571, SD 2, HD 2, CD 1 relates to environment; water pollution; sunscreen; oxybenzone; octinoxate; sale; distribution; prohibition. Beginning January 1, 2021, bans the sale, offer of sale, or distribution in the State of any sunscreen that contains oxybenzone or octinoxate, or both, without a prescription issued by a licensed healthcare provider to preserve marine ecosystems.

"The most damaging report formulated by the Hawaii Medical Association are public health concerns about deadly skin cancer.

"Given the lack of peer reviewed evidence suggesting that sunscreen is a cause of coral bleaching and the overwhelming evidence that not wearing sunscreen increases rates of deadly cancer, the HMA would like to propose that this issue be studied more deeply before passing a policy that would severely limit the availability of sunscreens that people are likely to wear on a daily basis.'

"We should look at the lasting impact exposure to these pollutants would do to affect public health, coral reef damage, climate change, and other issues.

"It should be noted that the primary stressors of coral reefs in Hawaii are related to land-based source pollution, over-fishing, invasive species, and climate change. Continued monitoring on these stressors will have the largest impact on coral reef resilience and recovery.'

"Furthermore, the provision the bill states with regards to allowing purchase of sunscreen with a prescription would defeat the statements S.B. No. 2571, SD 2, HD 2, CD 1.

"For these reasons, I am voting in support with serious reservations."

Representative Ward rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. Strong support for what has been known this session as the 'Oxybenzone Bill.' I want to begin by thanking Dr. Craig Downs of the Haereticus Environmental Laboratory for his groundbreaking research on the effects of oxybenzone on marine life. I would also like to thank Lisa Bishop of the Friends of Hanauma Bay for her tireless advocacy to ban the sale of these toxic chemicals.

"Last year, Dr. Downs, the Senator from Ewa, and I gathered water samples throughout different parts of Hanauma Bay. Dr. Downs's experiment concluded that the average amount of oxybenzone found in Hanauma Bay was 4,661 ng/L, with different parts of the bay ranging from 30 ng/L to 27,888 ng/L. The amount that is toxic to coral reef is 62 ng/L.

"Dr. Downs's research has also led to a public advocacy campaign by the private sector. Just last month, Hawaiian Airlines gave samples to incoming visitors and showed an 11-minute documentary warning of the effects of this

oxybenzone on our reefs and marine life. Further, the Aqua-Aston hotels have given out more than 40,000 samples of reef-safe sunscreen at its 40 properties throughout the state.

"Mr. Speaker, this is truly historic legislation. As the first state in the nation to ban oxybenzone sunscreens, it is our hope that other states and nations will do the same to preserve their marine life for generations to come. *Mahalo.*"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2571, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO WATER POLLUTION," passed Final Reading by a vote of 47 ayes to 4 noes, with Representative Cachola voting aye with reservations, and with Representatives Choy, Har, Kong and McDermott voting no.

Conf. Com. Rep. No. 145-18 and S.B. No. 2990, SD 2, HD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2990, SD 2, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, brief comments. I think when we had this conversation, we had a very robust conversation about how it would affect businesses, and one of the things that the LRB said that they wouldn't be able to do is the actuarial analysis. It's something that's going to be really important moving forward, and I commend the Labor Chair for all his work on doing this. And I think maybe working with the Chambers of Commerce would be in line to helping us determine how this would possibly affect businesses now so that we can actually help when it does come down the pipeline and understand the actual fiscal impact that it'll have so that we can give businesses that reassurance that they've been taken into consideration. Thank you."

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in strong support of Senate Bill 2990, Conference Draft 1.

"Many in our community will criticize this legislation as failing in establishing paid family leave benefits for workers in our state. However, to advance good policy and design a program that will enable all employees to access leave benefits while addressing concerns about sustainability and business productivity requires not just a study but a sunrise analysis, as required by this bill, that looks specifically at Hawaii data and plugs this data into the various models for paid family leave that have been adopted by other states. While some will point to studies that have been done, none have fully briefed and analyzed the impact of any paid family leave program in conjunction with Hawaii's Prepaid Health Care benefits that are found in no other state in our nation. This measure represents a significant step in laying the groundwork for the establishment of a paid family leave framework that fits into Hawaii's system of laws and already existing employee benefits and worker protections.

"Because a benefit such as paid family leave can have such broad impacts on our community, I support the approach being taken in SB 2990, CD 1 to carefully analyze the impacts of different paid family leave models using Hawaii data to craft a program that will work for Hawaii's people."

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I have reservations on this bill because I have heard from many in my district who may be negatively affected by enactment of a paid family leave bill. This bill has evolved during this session, and conference draft 1 now requires the Legislative Reference Bureau to conduct a sunrise analysis of the impacts and best framework for a paid family leave program. I recognize the need that employees have in taking care of their families, so I hope that any program we end up with will be one that we can all live with and afford. *Mahalo.*"

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Har rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. First of all, I'd like to applaud the efforts of the Labor Chair in both our House and in the Senate. But I'd like to see us do a lot more on this, and I just wanted to say a few words about that. The bill provides for yet another study on paid leave, but I believe that all the necessary research has already been conducted, Mr. Speaker. The US Department of Labor has a full analysis on paid family leave in Hawaii.

"So, again, while I applaud the efforts, I'm a little disappointed, we could do more this year to provide for the desperately needed relief for working families struggling to take care of their families while they work 40 to 80 hours per week just to make ends meet. It is our job as legislators to help protect them and make the tough decisions, not to wait until everybody can agree on at least that option. And I'm hoping next year we can do more, and I'll be sure to make myself available to try to help as much as I can to that end. Thank you."

Representative Tupola rose, stating:

"Please register a reservations. Thank you."

Representative Ward rose in support of the measure with reservations and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"Thank you, Mr. Speaker. Reservations. While the original bill has morphed into a sunrise analysis (normally done by the state auditor) by LRB, I still have reservations as we move forward. First and foremost, sunrise analyses usually lead to action. By the time the analysis is complete next year, it is all but guaranteed that this program will be taken up by the 30th Legislature.

"As technology has advanced, the need for retail and service jobs has begun to decrease. A most recent example is the new, cashier-less Amazon Go grocery store in Seattle. While this technology is still in its infancy, businesses may be more inclined to invest in automation or cut their number of employees in order to pay for this new benefit. Artificial intelligence will soon become commonplace in our everyday lives.

"I appreciate the committee chairs taking a step back to measure the impacts of such a program. Whatever the result of the analysis may be, I hope that we will proceed in a way that will not hurt our small business community. Further, micro-businesses with less than three employees should be exempt from any future program implemented. *Mahalo.*"

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2990, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FAMILY LEAVE," passed Final Reading by a vote of 51 ayes, with Representatives DeCoite, Har, Say, Tokioka, Tupola and Ward voting aye with reservations.

At 1:03 o'clock p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 2464, HD 2, SD 2, CD 1
 H.B. No. 2259, HD 1, SD 3, CD 1
 S.B. No. 2646, SD 1, HD 3, CD 1
 H.B. No. 1614, HD 1, SD 1, CD 1
 S.B. No. 2237, SD 2, HD 1, CD 1
 S.B. No. 2909, SD 2, HD 1, CD 1
 H.B. No. 1802, HD 1, SD 1, CD 1
 S.B. No. 2384, HD 1, CD 1
 S.B. No. 2382, SD 1, HD 1, CD 1
 S.B. No. 2351, SD 1, HD 1, CD 1
 S.B. No. 2693, SD 1, HD 1, CD 1
 S.B. No. 2514, SD 1, HD 1, CD 1
 S.B. No. 2571, SD 2, HD 2, CD 1
 S.B. No. 2990, SD 2, HD 2, CD 1

Conf. Com. Rep. No. 146-18 and H.B. No. 2538, HD 1, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2538, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Thielen rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I'm rising to cast a no vote against House Bill 2538, relating to agriculture, and do a few comments. Thank you. Mr. Speaker, what this measure does is issues millions of dollars worth in general obligation bonds, and it's for a livestock feed mill using waste materials to be expended by, here we go again, the Agribusiness Development Corporation, the ADC. And because of my skepticism about the unaudited ADC, the entity that does not file annual reports to the Legislature, I don't like to see granting more money to them. So it's a no vote. Although I do like the concept of a livestock feed mill, I don't like the ADC being involved with it. Thank you."

Representative Luke rose to speak in support of the measure, stating:

"Mr. Speaker, in support of House Bill 2538. This is actually an appropriation that was made in 2015, so we already voted for it. Okay, thank you."

Representative Tupola rose to speak in support of the measure with reservations, stating:

"With reservations. I definitely think we really need a feed mill. We do have, actually, egg farmers in my district that this is one of their number one concerns, is that 100% of our animal feed has to be shipped in from the mainland. And so that portion, yes. And I realize that this is something that happened in the past that we're voting on now, but those are my reservations, previously as what my colleague from Kailua stated. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2538, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO AGRICULTURE," passed Final Reading by a vote of 48 ayes to 2 noes, with Representative Tupola voting aye with reservations, with Representatives McDermott and Thielen voting no, and with Representative Takumi being excused.

Conf. Com. Rep. No. 147-18 and H.B. No. 1932, HD 1, SD 2, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1932, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EMERGENCY RULES BY AGENCIES," passed Final Reading by a vote of 49 ayes to 1 no, with Representative Tupola voting no, and with Representative Takumi being excused.

Conf. Com. Rep. No. 149-18 and H.B. No. 1778, HD 1, SD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1778, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO WORKERS' COMPENSATION MEDICAL BENEFITS," passed Final Reading by a vote of 50 ayes, with Representative Takumi being excused.

Conf. Com. Rep. No. 152-18 and H.B. No. 1401, HD 1, SD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1401, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Nakamura rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Mr. Speaker, in 2016, 56% of the voters on Kauai voted early or used an absentee ballot in the general election. Only 44% voted at the polls on election day. Further, 85% of the voters on Kauai who requested an absentee ballot voted in the general election.

"Mr. Speaker, the majority of voters on Kauai want the convenience that our current absentee mail-in ballot system offers. Residents like the convenience of voting early, having additional time to assess the candidates on the issues, and not feeling rushed to make a decision in the voting booth. The Kauai Office of Elections believes there will be reduced personnel over time and ballot production expenses with mail-in voting. Further, finding election officials for polling places, counting center, delivery and collection, and control center is getting more difficult as longtime community members are aging and declining to serve.

"Mr. Speaker, the Kauai Office of Elections welcomes the opportunity to be the pilot program for the State in the 2020 elections. I believe there is strong and capable leadership in place at the Office of Elections to carry out this pilot program, and that leadership will provide a thorough program evaluation to this body. I would like to thank the Judiciary Chair from Kapahulu for crafting this bill and for making it easier for Kauai voters to exercise their civic duty."

Representative Morikawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, strong support, and I'd like to use the words of the previous speaker as if they were my own, and also note that Niihau has always, since I got elected, was all mail-in vote. Thank you," and the Chair "so ordered." (By reference only.)

Representative San Buenaventura rose to speak in support of the measure, stating:

"In support. I also would like to thank the Judiciary Chair in resurrecting this at conference, and I'd like to also point out that when Puna had their disaster in 2014, we really wanted mail-in voting, and I'm really glad it's finally starting, and it's going to help out Kauai a lot. Thank you."

Representative Mizuno rose to speak in support of the measure, stating:

"Thanks, Mr. Speaker. In support. I remember Oregon had one of the worst voter turnouts in the nation, and they went to an all mail-in ballot election system, and that greatly improved their numbers. I'm hopeful that not only Kauai, but someday our entire state will be mail-in ballot. I think this effective. Thank you, Mr. Speaker."

Representative Tokioka rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support, and I'd like to ask that the words from the Representative from North Kauai be inserted into the Journal as if they were my own. I'd also like to take this opportunity to thank the JUD Chair for moving this bill, it's long overdue, when we did the permanent mail-in ballots that increased voter registration and participation on Kauai, and I'm certain that this particular bill will continue to increase the percentage of voting on Kauai. And I want to thank the Office of Elections on Kauai for being steadfast in lobbying for this bill, and everyone here for voting on it.

Thank you very much, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative Nishimoto rose to speak in support of the measure, stating:

"Thank you. In support, Mr. Speaker. I'd be remiss if I didn't thank the Senate Judiciary Chair for his hard work on this bill. He is watching right now, and I think he's feeling a little left out."

Representative Tokioka rose to respond, stating:

"Mr. Speaker, thank you. In support again. I was going to talk about the Judicial Chair from the Senate, but I didn't want to leave my good friend out from Kaimuki, because he likes the proper due that he's getting right now, and you deserve it, Representative."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1401, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ELECTIONS," passed Final Reading by a vote of 50 ayes, with Representative Takumi being excused.

Conf. Com. Rep. No. 154-18 and S.B. No. 3095, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 3095, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tokioka rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative DeCoite rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, thank you. In support with slight reservations. Mr. Speaker, Senate Bill 3095, SD 1, HD 1 was a good bill that protected our *keiki* and community, but the CD version does not. I'm a farmer and I'm a highly trained pesticide applicator. While I do not use pesticides on my farm, we do have the land in my capacity to rotate my crops when many other small farmers do not, and they are the ones that need pesticides and will suffer the most. They cannot afford to buy more land and/or afford to rent those lands. Pests stay around such fields as those of the small farmers because they constantly have food to feed on. These additional rules and regulations will force them to move away from Hawaii or go out of business.

"Farmers farm because they are passionate about what they do and how they do it. While they are faced with the obstacles of weather conditions, flooding, drought, theft and pests, they persevere. Farmers have been unfairly targeted by the CD 1.

"Federal and state laws already strictly regulate those farmers who use those pesticides. The pesticides regulated by this bill are mostly used by the regular people, the public, you and me, not farmers. The local farms targeted in this bill are the ones that supply most of our local food. Unwarranted and new regulations will hurt those local farmers. Can we afford to lose more farmers, or unjustified new regulations?

"Mr. Speaker, we want this bill to protect our families and our communities. The CD 1 should have kept the ban encompassing structural and all other users of pesticides. The education component in this measure is not in line with the intent of the bill. Also, who has the authority to set the rules, state or federal? We continue to make rules and laws I have yet to see us enforce.

"Structural use pesticides have been in the news recently for breaking rules and regulations. So why would we give the exemption from the regulations in this bill? Access to RUPs comes with the responsibility to use great care in protecting our public health. This exemption only further proves where we plan to go with our local farmers. That's why you wash and clean everything when you return back to your home after being treated. Just like what we do with rat lungworm outbreak, we're told to wash our vegetables before you eat it. Don't be so *lepo* about it.

"Mr. Speaker, we've also allowed in the bill that the DOA shall grant any person, upon request, a temporary permit allowing the use of pesticides containing chlorpyrifos. This is not in line with the intent of this bill, which is to protect our *keiki* and our communities. With the recent natural disaster on Kauai and our fellow neighbors in Waimanalo, pesticides will be used even more because of settlement of water. Dead carcasses, rotting, and feces will trigger an epidemic of diseases, and will continue with borne illnesses. So we grant a temporary permit allowing the use pesticides? It doesn't matter what kind of pesticide. The public should know, even more so, but this bill does not allow for the disclosing.

"People need to be educated, and if you use any pesticide, you should have to take at least a minimal class, and get some kind of training, and if you do not follow the label instructions, you should not be allowed to use these pesticides. Three thousand dollars for pesticide drift monitoring and outreach will not be enough. For those reasons, Mr. Speaker, I have those comments. Thank you."

Representative Kong rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, thank you. With reservations, and though I may not be a farmer, I do agree with the words of the Representative from Molokai. Thank you, sir."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. This measure is a first but significant step toward addressing the myriad concerns raised by communities around the state with respect to pesticide use, and at times, the unintended consequences which befall some people in our community. It is a long time in the making. We have debated these measures for years here in this House and in this legislature, and as we all know, any bill which passes, any good piece of legislation, is the product of compromise, and this is no different.

"This bill has been put together, and I really want to thank the chairs of the respective committees who've worked on this both in the House and in the Senate, as well as all the members who had come together, because what this does is provide data. When we talk about these issues before us, we can draw no conclusions one way or the other without meaningful data. This bill makes basic disclosure of data a requirement going forward, it creates basic buffer zones around schools when they are in session, when kids are present, to protect them from the kinds of unintended consequences that we have heard about. And most of all, it prohibits the use of one of the most dangerous chemicals that we have ever seen anywhere in widespread use. It's a chemical which has already been prohibited for use by the EU and other countries, it is responsible for thousands of deaths around the world every year, and it is responsible for sending dozens of workers, right here in Hawaii, to the hospital.

"This is, Mr. Speaker, an important step forward. It is not going to be the end of the discussion, but it is something which, as a responsible body, I believe we are taking the right action in moving forward.

"More than anything, in addition to thanking everyone who's worked on this measure here in this body as well as the Senate, I really want to thank those folks in the community who have time and again stepped up to the plate to make their voices heard in community organizations like the Center for Food Safety and their leader Ashley Lukens who have rallied communities and rallied people to make their voices heard and show up throughout this process. And so many others who've taken the time to come down here, to take part in the political process, which has resulted in what we have today. Because ultimately, Mr. Speaker, more than anything, what this bill demonstrates is that people getting involved can make a difference. Thank you very much."

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ito rose in support of the measure with reservations and asked that the remarks of Representative DeCoite be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative LoPresti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. First, I'd like to request permission to enter comments into the Journal, and then I have a few additional comments. First, I'd like to thank the introducer, the committee chairs, and the members, and especially the community advocates who came out to discuss, debate and testify on this bill.

"For years now, I've watched, many of you watched the communities on each island rise up in strong support of regulating chemicals that get sprayed near schools and waterways, and each time it seems they got pushed back, either in the courts or through some other process, and people have been crying out for the State to take action, and this bill is a step in that direction.

"As a matter of scientific bookkeeping, mandatory disclosure is vitally important to analyze statistical trends and develop a foundation for future research. If it turns out that there is no correlation, great. But for now, I believe that the scientific evidence shows otherwise. But for now, also, the users of restricted use pesticides should at a minimum be required to disclose where, when and how much of these highly toxic chemicals they're using, many of which are completely banned in other countries, as mentioned previously. The only downside I see in this bill is that the disclosure goes into a 'black box' at the Department of Agriculture, and that the public does not get to see that information, but at least it's being recorded somewhere for the sake of recordkeeping.

"Lastly, this is a groundbreaking measure that bans use of chlorpyrifos, a pesticide sprayed aerially in Hawaii for quite some time. It is a known in peer-reviewed journals that chronic exposure to the chemical may result in long-term toxicity spread across several organs. It's an endocrine disruptor, and major studies have found strong evidence to suggest that even at very low doses, Mr. Speaker, the chemical triggers effects among children ranging from lower IQ, to higher rates of autism. This pesticide with its potent effect on our *keiki* and our *'āina* is not something we can let go unchecked. I stand proud to be a member of the nation's first legislature to ban this dangerous pesticide and to vote yes on this historic legislation. Thank you."

Representative LoPresti's written remarks are as follows:

"Schools have been evacuated due to pesticide drift from neighboring crop fields that share fences with the school. Doctors have come to us as policymakers and said, 'it is difficult to treat a child who has been experiencing acute distress from pesticide exposure if we do not know which chemicals they have been exposed to.' We cannot rely on the optional reporting through the so-called 'Good Neighbor Program' to accurately understand the scope and magnitude of restricted use pesticides in Hawaii. This bill states that no application of a restricted use pesticide shall take place on or within 100 feet of a school property during normal school hours. This is the very least we can do to protect our growing *keiki* while they learn."

Representative Har rose in support of the measure with reservations and asked that the remarks of Representative DeCoite be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in support of Senate Bill 3095, Conference Draft 1.

"As stated previously in remarks on Senate Bill 3095, crafting good laws and policies is a balancing act. Discussing issues with stakeholders, especially complicated issues, is necessary to find that balance. This bill is proof of the importance of discussion.

"Usage Reporting: The previous House draft of Senate Bill 3095 required only commercial agricultural users of restricted use pesticides – or RUPs – to report their usage to the Department of Agriculture. To acquire better, more comprehensive information, this conference draft requires all users,

not just commercial agricultural entities, to inform the department about the type, the location, and the times when RUPs are used.

"Prohibiting Pesticide Use around Schools with Reasonable Exceptions: Senate Bill 3095, CD 1 retains the prohibition on RUP use within 100 feet of school during normal school hours. However, it makes the important clarification that this restriction or buffer zone does not apply to whole-structure fumigation which is necessary for treating termites in residences located near schools.

"Pesticide Drift Monitoring Study: Senate Bill 3095, CD 1 also directs the department to conduct a study of pesticide drift at three different Hawaii schools, requires a report on its findings prior to the 2020 Legislative Session, and appropriates \$300,000 to fund the necessary work so that policymakers and the community are better equipped with good information to understand the scope and impact of pesticides in school environments.

"Reasonable Exemptions to the Chlorpyrifos Ban: Senate Bill 3095, CD 1 continues to retain the ban on chlorpyrifos use, beginning in 2019, without a permit. However, it grants users the ability to obtain permits to use chlorpyrifos until the end of 2022. This extra year ensures farmers have additional time to transition their crops away from chlorpyrifos and that the State, when considering its next steps, will be able to consider new scientific information.

"Senate Bill 3095, Conference Draft 1 continues to balance the necessities of agriculture with the need to protect the public health and the public's interest in knowing what is happening in their neighborhoods. The compromises in this bill are a testament to the hard work of our legislators and the benefits of collaboration and discussion with key stakeholders. For these reasons, I support Senate Bill 3095, Conference Draft 1."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 3095, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL PROTECTION," passed Final Reading by a vote of 50 ayes, with Representatives DeCoite, Har, Ito, Kong, Say and Tokioka voting aye with reservations, and with Representative Takumi being excused.

Conf. Com. Rep. No. 155-18 and S.B. No. 2027, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2027, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Choy rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. My opposition is for some reason, this bill, this appropriation bill, deletes the requirement that the administration of the appropriated funds must conform to industry financial, accounting, and performance standards. So I'm just kind of curious on why there's no accounting for this particular appropriation. That's my objection. Thank you, Mr. Speaker."

Representative Tokioka rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Mizuno rose to speak in support of the measure, stating:

"I stand in support, Mr. Speaker. Thank you, Mr. Speaker. The homeless crisis is an extraordinarily complicated and multi-faceted issue. No one approach offers the right solution for everyone and every circumstance. What this measure does get right is that it helps the often overlooked group, our working families.

"This also strengthens a program that is already highly successful, and this is cost effective. What I mean by cost effect, \$1.5 million will save 1,600 families from going homeless. That equates to 5,000 people from going homeless. This is what this bill accomplishes. Your master contractors,

Aloha United Way, you've got 20 nonprofit contractors below them. They have already done an excellent job, they'll continue to do an excellent job.

"The reason we need this bill is because Hawaii has the highest cost of living of any state in the country. This group is especially vulnerable. This is our working families who are just barely making it. They just need a little bit of help on their rent. For the many hardworking families that are at risk of homelessness, this short-term financial assistance can be the difference between them staying in a home or becoming homeless.

"It is important that we work to help the people find their way out of homelessness, but that we also help our people not become homeless. Since its inception in April of 2016, a coordinated statewide homeless initiative has saved 1,600 families from going homeless. I think \$1.5 million to save 5,000 people from going homeless is a good deal. For those reasons, I support this bill. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2027, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO APPROPRIATIONS TO ADDRESS HOMELESSNESS," passed Final Reading by a vote of 48 ayes to 2 noes, with Representative Say voting aye with reservations, with Representatives Choy and Tokioka voting no, and with Representative Takumi being excused.

Conf. Com. Rep. No. 156-18 and S.B. No. 270, SD 1, HD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 270, SD 1, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative McDermott rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. First I'm going to read, because it requires some precision, some information prepared by my staff. First, I stand in opposition. If you look at page 3, lines 8 through 20 of the bill, the bill clearly states that a person who is licensed to provide professional counseling shall not engage in reparative therapy. So this part of the bill appears to apply only to licensed professionals. To be sure, line 16 again refers to licensed professionals. However, on page 4, lines 9 through 17, the bill now states that a person who is licensed means any person who performs counseling as part of their person's professional training, which may not require licensure. The bill contradicts itself, because it's clear that it applies only to licensed professionals, but then says you don't have to be licensed as long as counseling is part of your professional training. So, which is it?"

"Secondly, I would direct the body's attention to the AG's written testimony submitted to the House Judiciary Committee where they state, the Department of the Attorney General alerts the committee that a case currently pending in the US Supreme Court, National Institute of Family and Life Advocates vs. Becerra, may have important implications for this measure. It raises questions regarding the extent to which government may constitutionally regulate professional speech, that is, speech that takes place in the context of a professional relationship with a professional who's subject to state regulation. Since the bill only applies to certain licensed professionals, and again, does it really only apply to licensed professionals, because it seems it applies to anyone who counsels as part of their profession, it's likely that this ruling will inform any future discussion of regulation of professional speech. Until that decision is issued, we will be unable to determine the extent that this bill will impact the analysis of the bill. The case was argued March 20 of 2008, decision expected in June.

"In other words, the AG is saying that there's currently a US Supreme Court case that may render this bill unconstitutional, so why not wait?"

"My concern, Mr. Speaker, is that medicine is being politicized. Who are we to tell child psychiatrists how to perform their work? Now, I certainly don't agree with taking a child who is happy in their identity and forcing them against their will to go see counseling when they are happy. As one of the testifiers said that their parents forced them to go, and she was very happy with who she was. I don't agree with forcing someone to do that, or the other young fella who said he wasn't allowed to see his mother for three

years, based on this treatment. Well, anybody who would do that would be a quack, in my opinion, Mr. Speaker. That's sort of, that's cruel in my view.

"But the bill prevents the kids who are questioning. Because of this overbroad definition of, and I hate the words 'conversion therapy' because it's so broad it covers, in my view, basic counseling. If the child says, I have unwanted sexual attractions, dad, please help me, take me to see somebody. I'll be lucky to find somebody who will do it for fear of a lawsuit. And rest assured, there will be people out there targeting child psychiatrists who engage in this behavior to remove unwanted attractions. Believe it or not, there are kids out there who have unwanted attractions. We're saying in this bill, that's impossible.

"Also, there's children who are questioning, not sure. They need guidance, where do they go? Where do they go? We're taking it off the table, you can't go anywhere. No, you're not allowed to question. Well, I'm questioning, mom, dad, help me. Well, we can take you to a less qualified professional, how about the baseball coach? Maybe he can help you. Why are we doing this?

"And then, of course, the transgender individuals who by very definition have a psychological disorder, gender dysphoria, they can't get help. Eighty percent of kids go through some sort of gender questioning."

At 1:31 o'clock p.m., Representative McDermott requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:34 o'clock p.m.

Representative Tupola rose to yield her time, and the Chair "so ordered."

Representative McDermott continued, stating:

"But Mr. Speaker, for these broad concerns, removing the option or the opportunity for a young person who is questioning, who has unwanted attractions, why are we doing this? I don't agree with forcing students or young people to get this if they don't want it, if they're happy with who they are. In fact, when I hear that I have visions of a toothless mother in the foothills of the Arkansas dragging young Jimmy by the hair to a pickup truck and taking him down to Little Rock for therapy by some quack, of course I don't agree with that.

"What I'm focused on is the kids who are questioning or have unwanted attractions coming to their parents and saying, I need help. And my fear is this will add a chilling effect, a chilling effect to those offering therapy. Why would I risk it if I'm a child psychiatrist and I have a \$250,000 a year practice, why would I risk it to even delve into this, because I could put my entire family's wealth in jeopardy by losing a lawsuit. If I just happen to, in the professional context of the relationship, drift over into this area of talking to the child.

"So I just don't agree with that, I think it infringes on parental rights. If the child has an unwanted attraction and a parent wants to take that child somewhere, we're infringing on their rights, because there's going to be nowhere to take them, and the parent has no opportunity to engage their child in some sort of counseling that would help that child, if the child wants it. Again, I don't support forcing the children. I'm looking at the questioning children and the children with unwanted attractions. That's why I say this measure is too broad. We have to have some faith in parents, though. After all, they're the parents of the children. Maybe they know what's right for their kids. And if their kid has an unwanted attraction or is questioning, the parent should be allowed to get that child treatment.

"The task force, Mr. Speaker, I give the Judiciary Chair credit, because he fought for the task force. In fact, I was there when he made sure it was included in the conference committee report. But the task force has three people, and the only qualification is they have to be involved in the mental health services. I would like child psychiatrists on that task force at a minimum, and that they have no bias. We have seen task forces where the deck was stacked, and I'll give you an example, the Pono Choices task force. The deck was stacked. I knew everybody who was on there. There was one guy who shared the same views as me, everybody else had a documented

public history, it's how I knew, because I research who they were, what they did, of being pro-Pono Choices. Yet we got a fair ruling from them, but I think that was only because of Board of Education's chairman's directive, and they removed the lone medical professional and replaced him with an unbiased professional, as best I could tell, but the lone medical professional, additionally, was absolutely biased.

"So my concern is the makeup of the task force. And then the task force starts concurrently with the bill being implemented. Normally, you have the task force come first, and then the bill afterwards, based on the findings of the task force. Well, this bill gets implemented immediately and the task force doesn't report back until next June. So what happens in the interim? The damage will be done, and I suspect nothing will happen when the task force comes back, unless they find some sort of egregious violations.

"And lastly, Mr. Speaker, and in closing, I don't think this stuff is done here. I've never heard of it. So I don't understand the purpose of it, other than we are foreclosing options to parents whose children are questioning or have unwanted attractions."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 270, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MINORS," passed Final Reading by a vote of 45 ayes to 5 noes, with Representatives Choy, Har, Kong, McDermott and Ward voting no, and with Representative Takumi being excused.

Conf. Com. Rep. No. 157-18 and S.B. No. 2653, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2653, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in strong support of Senate Bill 2653, Conference Draft 1.

"Hawaii is experiencing a healthcare workforce crisis. We feel it when we struggle to find pediatricians who will see our children. We see it when our *kūpuna* have difficulty locating a nearby physician when they age into Medicare. We hear about it when we discuss the dearth of providers serving Medicaid patients.

"The causes of the workforce shortage are as numerous as its effects. Therefore, we must have an assortment of tools to address each of the factors that contribute to the problem. I am proud to say that this body has been proactive in this regard. We have passed bills with the long-term objective of building a workforce from our own population including loan repayment programs to immediately bolster to the workforce and incentivizing healthcare professionals to stay in Hawaii when they complete their formal schooling.

"Senate Bill 2653, CD 1 helps to further address our workforce shortage. The bill allows the Hawaii Medical Board to issue licenses to physicians who: (1) pay the relevant fees; (2) hold an active license from a jurisdiction with substantially similar – or stronger – requirements for licensure than Hawaii; and (3) submit proof that they have actively practiced medicine for at least two of the previous five years. In addition, the board must find that the physician has a clean disciplinary and practice record and may further require the applicant to take an additional examination to demonstrate their competence.

"By reducing unnecessary and duplicative barriers to practice for active, qualified physicians in good standing, we make Hawaii a more attractive place for doctors to hang their shingle. Though the bill will not solve the State's workforce shortage by itself, Senate Bill 2653, CD 1 is nonetheless another tool we can add to our toolkit and represents this body's continued commitment to addressing the issue in a way that recognizes its complexity."

Representative Choy rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition, and may I have my written remarks on second read inserted into the Journal during the third reading," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2653, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CHAPTER 453, HAWAII REVISED STATUTES," passed Final Reading by a vote of 49 ayes to 1 no, with Representative Choy voting no, and with Representative Takumi being excused.

Conf. Com. Rep. No. 158-18 and S.B. No. 2524, SD 1, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2524, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

At this time, Representative Ward moved for recommittal, seconded by Representative Tupola.

Representative Tupola rose to speak in support of the motion to recommit, stating:

"Thank you, Mr. Speaker. Our desire to recommit the bill stems from the need that in every version of this bill when it went through committee, there was hundreds of testimonies in opposition, and the current state of the bill has never received public testimony. So it changed in conference committee to take out all of the neighbor islands, because currently all the other counties are able to do this process except for our county, and therefore we believe that this bill should be kicked back to the City Council of Honolulu, since every other county is able to do this except for ours, and they can determine it at their level, and then we can get actual testimony from people that are concerned about this issue across the state, because we should get testimony on the current bill, the way that it is, which was just birthed in conference committee as far as the current state of it.

"And we should be aware that in recent census studies, it's up to almost 90% of our lands here in the State of Hawaii are rural, and therefore ranchers, farmers. Hundreds of people who came out against this, they have a huge influence here in our state because they are over and they understand these processes, which is within agricultural and rural areas. So for those reasons we believe that it'd be best to recommit it, get public testimony on it, and/or let the City and County of Honolulu handle it. Thank you."

Representative Ward rose to speak in support of the motion to recommit, stating:

"Mr. Speaker, in favor of the recommittal, please. Mr. Speaker, we are a state legislature, not a proxy City and County of Honolulu, of which, if we listen to the other counties, they said, this is an issue we've handled, we've been able to do it, Maui, Kauai. Why, Mr. Speaker, for a bill that's never been seen, should we have the City and County, or as it says euphemistically, any county with 750,000 residents or more.

"The point is, cows don't need streetlights, if we're going to do CPR, let the City and County, let's punt it back to the City and County, see what Mayor Caldwell and his colleagues will do. Thank you."

Representative McKelvey rose to speak in opposition to the motion to recommit, stating:

"Thank you, in opposition to the motion, Mr. Speaker. This position of the CD 1 was what the neighbor islands were clamoring for on every version of the bill. Keep us out of it, we already have CPRs, we already do this. Repeatedly, if you look at all the testimony in opposition, the vein and bulk of it comes from the neighbor islands saying, take us out of it. The CD 1 reflects the public testimony that was continually received, which is, take us out of it. So on behalf of one, being taken out of it, thank you, chair, and again, in opposition to the recommittal."

Representative Tupola rose to respond, stating:

"In support. We are very aware that a lot of the testimony was from neighbor islands. However, we're back to the point of the fact that there is a process whereby our City and County can do this, as evident with all the other counties being in testimony saying that they do this very well. So that's what our concern is, is that in the current version of it, we'd like to hear what it is that they need help with on the state level, because if it's not needing any state help, then they can go ahead and handle it on the county level. Thank you."

Representative Nakamura rose to speak in opposition to the motion to recommit, stating:

"In opposition. With all due respect to the Minority Leader, the City and County of Honolulu asked for this language. They believe that they are unable to, based on their legal advice, to enforce without the language provided in S.B. No. 2524. This bill was amended CD 1 to, as our Representative from Lahaina stated, to address the concerns of the neighbor islands. So what we really have is a measure that addresses the concerns of the City and County of Honolulu, and the Hawaii Farm Bureau, and addressed the concerns of the neighbor islands. So for these reasons I am against the recommittal."

Representative Yamane rose to speak in opposition to the motion to recommit, stating:

"Thank you, Mr. Speaker. in opposition. As several of my colleagues have stated, the version before you is a conglomeration of feedback given by the various counties, including Honolulu County. Mr. Speaker, the language crafted was also reviewed and supported by many landowners as well as farmers. The goal of the process was to gather feedback to address a problem that has been occurring, and if you have an issue or concern about the widespread use of county rules or loopholes, or if you are opposed to the use of gentlemen farms to get around current ag rules to do fake farms, Mr. Speaker, you would be opposed to a measure like this.

"The goal, Mr. Speaker, for the measure before you, was to support bona fide ag. This is a bill to allow the City and County of Honolulu to review and enforce ordinances to make sure that people do not develop fake farms using valuable ag land for the purposes of building giant homes. Thank you, Mr. Speaker."

Representative Ward rose to respond, stating:

"Second time, in support of the recommittal. Mr. Speaker, by logical deduction, if it's legal for Kauai, Maui and other counties to do this, but illegal for the City and County of Honolulu, or because their corporate counsel thinks it's not proper, it must be illegal in Maui and Kauai and these other places. We're all under the same set of state rules, state laws, US Constitution, Hawaii Constitution, so that's a bit confusing. Second thing is, if the neighbor islands can do it, why can't Honolulu County do it? It would seem as simple as that. Thank you."

Representative DeCoite rose in opposition to the motion to recommit and asked that the remarks of Representatives McKelvey and Yamane be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Belatti rose to speak in opposition to the motion to recommit, stating:

"Thank you, Mr. Speaker. In opposition and call for the question."

At this time, Representative Belatti called for the previous question.

The motion to recommit was put to vote by the Chair and upon a voice vote, failed to carry, with Representatives Hashem, Hashimoto, Matsumoto, Takumi and Tokioka being excused.

(Main Motion)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2524, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO COUNTY LAND USE REQUIREMENTS," passed Final Reading by a vote of 45 ayes to 5 noes, with Representatives Matsumoto, McDermott, Thielen, Tupola and Ward voting no, and with Representative Takumi being excused.

Conf. Com. Rep. No. 163-18 and H.B. No. 2501, HD 1, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2501, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative LoPresti rose to speak in support of the measure, stating:

"Thanks, in support. Just want to say, this program's going to help reduce cost barriers and help many worthy local college students get the education they need to succeed in their chosen careers, so I support it."

Representative Holt rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Holt's written remarks are as follows:

"In my district, the best way to lift people out of poverty is to address educational inequality and provide access to higher education; Hawai'i Promise Program does exactly that – to remove cost as a barrier to higher education, clearing the path for community college students to complete their education without taking out student loans.

"We as servant leaders are responsible for preparing the citizens of Hawai'i for the modern workforce by ensuring access to quality higher education and the many benefits that come from it.

"Hawai'i Promise Program at our community colleges is a 'last dollar' scholarship that would provide any financial needs not met by other forms of financial aid, such as federal grants and benefits and scholarships from UH, employers and other private sources.

"I look forward to the day that we will be able to offer this program to our Hawai'i students at our four-year UH campuses."

Representative Gates rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Gates's written remarks are as follows:

"This bill codifies into law the Hawai'i Community College Promise Program. Last year money allocated for the community college promise program helped provide scholarship opportunities to 1,000 college students that had financial needs unmet by any other source. This success demonstrates that the permanent establishment of the program is essential at the community college level.

"The State of Hawai'i has a 55 by '25 campaign goal that focuses on increasing the percentage of working-age adults with two or four-year degrees to 55% by 2025. According to the most recent data available, 44% of Hawai'i's working age adults have a postsecondary degree. By passing HB 2501, we promise to bridge this educational attainment gap.

"Education is the great leveler of the playing field. Through understanding and wisdom we will create a more vibrant and successful Hawai'i. More opportunities will be created for our young people and more civic and political engagement will surely follow. HB 2501 is a commitment to our future and promise not to leave behind anyone that strives for success."

Representative Belatti rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in strong support of House Bill 2501, Conference Draft 1.

"This measure delivers on a promise of making a community college affordable. For many of our residents, better opportunities and improving one's life and the lives of family members are made possible if they can pursue an education beyond high school.

"House Bill 2501, CD 1 codifies the Hawaii Community College Promise Program and provides scholarship monies to pay for those unmet direct cost needs of qualified students enrolled at any of the University of Hawaii community college campuses located throughout the state. By providing this last-gap scholarship funding, important needs such as tuition and the costs of books, supplies, and transportation will be funded after other sources of grants and scholarships are applied.

"By reducing the cost barriers to attending community college, House Bill 2501, CD 1 strengthens the capacity of our residents to succeed so that our economy and all of our communities can thrive."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2501, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE UNIVERSITY OF HAWAII COMMUNITY COLLEGE PROMISE PROGRAM," passed Final Reading by a vote of 50 ayes, with Representative Takumi being excused.

Conf. Com. Rep. No. 164-18 and H.B. No. 1508, HD 2, SD 2, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1508, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY EFFICIENCY," passed Final Reading by a vote of 49 ayes to 1 no, with Representative Say voting no, and with Representative Takumi being excused.

At 1:48 o'clock p.m., Representative Belatti requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:49 o'clock p.m.

At 1:51 o'clock p.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 2538, HD 1, SD 2, CD 1
 H.B. No. 1932, HD 1, SD 2, CD 1
 H.B. No. 1778, HD 1, SD 1, CD 1
 H.B. No. 1401, HD 1, SD 1, CD 1
 S.B. No. 3095, SD 1, HD 1, CD 1
 S.B. No. 2027, SD 2, HD 1, CD 1
 S.B. No. 270, SD 1, HD 2, CD 1
 S.B. No. 2653, SD 1, HD 1, CD 1
 S.B. No. 2524, SD 1, HD 1, CD 1
 H.B. No. 2501, HD 1, SD 2, CD 1
 H.B. No. 1508, HD 2, SD 2, CD 1

At 1:51 o'clock p.m., Representative Belatti requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 2:00 o'clock p.m., with Speaker Saiki presiding.

At this time, the Chair stated:

"Members, could you please note, Conf. Com. Rep. No. 167-18, S.B. No. 2791, is deferred one legislative day."

Conf. Com. Rep. No. 167-18 and S.B. No. 2791, SD 2, HD 1, CD 1:

By unanimous consent, action was deferred one legislative day.

Conf. Com. Rep. No. 165-18 and H.B. No. 1986, HD 2, SD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1986, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Belatti rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in strong support of House Bill 1986, Conference Draft 1, the third of a trio of bills worked on by this legislature to improve and protect our environment and our economy.

"The increase of the amount of greenhouse gases released into the atmosphere and the resulting climate change threaten our state's natural environment and our economy. The transferring and selling of carbon offset credits has proven to be effective in generating revenues to mitigate and enhance adaptation to climate change.

"House Bill 1986, CD 1 sets Hawaii on the path of creating a carbon credit offset program where carbon credits are tradeable certificates or permits that represent a greenhouse gas reduction or greenhouse gas removal enhancement that is equivalent to one metric ton of carbon dioxide.

"Revenues generated by the selling of carbon offset credits can be invested into projects that will further enhance the State's efforts and work to mitigate or adapt to the problems associated with climate change. This could be very useful as we see our coastlines threatened by rising sea levels associated with climate change. Revenues from the selling of carbon offset credits may also be used to invest in projects that enhance the State's bold sustainability goals and policies.

"Because House Bill 1986, CD 1 continues Hawaii on the path to a sustainable environment and a strong economy, I support this measure as an important tool to achieve those objectives."

Representative LoPresti rose to speak in support of the measure, stating:

"In support, just brief comments, these will be my last of the day. This carbon offset program will not only reduce Hawaii's carbon footprint, but it will also, I hope, serve as an inspiration to the rest of the country. As an individual state, the effect may be minimal for us, but it will help establish a culture of responsibility and environmental stewardship for generations to come. And I'd like to, I was remiss in not mentioning this earlier with HB 2182 as well. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1986, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ENVIRONMENT," passed Final Reading by a vote of 50 ayes, with Representative Takumi being excused.

Conf. Com. Rep. No. 166-18 and S.B. No. 2740, SD 1, HD 2, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2740, SD 1, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Belatti rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. Pursuant to a previous ruling on a conflict of interest on this measure, I request that I have recusal to vote from this measure for limited purposes."

The Chair addressed Representative Belatti, stating:

"So ordered in this limited situation."

Representative Thielen rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2740, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT MAKING APPROPRIATIONS FOR CLAIMS AGAINST THE STATE, ITS OFFICERS, OR ITS EMPLOYEES," passed Final Reading by a vote of 47 ayes to 2 noes, with Representative Thielen voting aye with reservations, with Representatives Har and McKelvey voting no, and with Representatives Belatti and Takumi being excused.

Conf. Com. Rep. No. 169-18 and H.B. No. 2742, HD 1, SD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 2742, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO MEDICAL CANNABIS," passed Final Reading by a vote of 49 ayes to 1 no, with Representative Choy voting no, and with Representative Takumi being excused.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 1911, HD 2, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. First, I wanted to thank you for allowing us to move this very important bill through the legislative process. I appreciate the opportunity to testify before this Chamber today in strong support of House Bill 1911 in its conference draft form. This measure takes an important step forward in creating safety and fairness. The safety net is protecting our consumers, and fairness in that it is closing loopholes in business regulations.

"Before I get into the details, Mr. Speaker, I wanted to recognize several colleagues who are crucial in the passage of this measure. Again, I thank you, I thank the Senate Chair of Consumer Protection and Health, I thank our House Chair of Consumer Protection. I also wanted to thank the Director of Health, Dr. Pressler, and two key people that worked on this bill with us, Department of Health Administrator Keith Ridley, and Deputy Attorney General Angela Tokuda. Finally, I wanted to thank the over 2,000 community care homes that are licensed in the state, the caregivers, the case managers, all those who supported this measure. I'd like to have permission to submit their names into the Journal, they're just too numerous. Thank you very much, Mr. Speaker.

"Consumer safety and protection must always be our top priority, especially when we're protecting our most vulnerable, our *kūpuna* and our people with disabilities. This measure protects consumers by authorizing the Department of Health to investigate and enter care facilities that have been reported to be operating without certification or license. We purposely used the word 'may' instead of 'shall.' So it does not allow them to go into that unlicensed care home, they could talk with them and see if they can go into the care home, so any rumors about having stronger police powers than law enforcement is false and misleading. In the bill, we put the word 'may,' it's permissive, it's not mandatory, we purposely did that to recognize the opponents of this measure.

"During the hearings and the informational briefing this session, we heard heart-breaking stories from families and nurses about the business practices of the unlicensed and uncertified care homes. Taken in their totality, these stories are about businesses that provide inadequate care, fail to meet basic regulatory and medical standards, and charge excessive rates. Retirement funds built over a lifetime may be expended far faster in these unlicensed facilities.

"As I mentioned earlier, another harm created by unlicensed and uncertified care homes is the way in which these facilities undermine the legal, legitimate, licensed care homes that are doing the right thing and are following the rules and the laws of the State. There are numerous regulations that we, the Legislature, have imposed on these businesses in order to create a market that provides good services to Hawaii's consumers. Businesses that circumvent these regulations by failing to obtain the appropriate documentation should not be rewarded with significant commercial advantages over their more ethical competitors. Yet, in the status quo, that is exactly what is happening.

"I have a list before me, and I'm not going to go through every one, Mr. Speaker, I'm not going to take everyone's valuable time. I'm just going to highlight a few of them. Criminal background checks, the unlicensed care homes do not have any criminal background checks. You can have a murderer or a rapist be your primary caregivers. In addition, these unlicensed care homes do not have annual inspections by the Department of Health. They don't have any unannounced inspections by the Department of Health. The legitimate licensed care homes all have to acquiesce to these rules and regulations.

"For the licensed care homes and certified care homes, they all have liability insurance for their patients. In fact, we put such stringent laws on them, they even need liability insurance for their vehicles taking these patients to and from their places of need. We also have building and fire code requirements that the licensed and certified care homes need to abide by. Medical record requirements, TB clearance, I could go on and on. I'm not going to, that's just some, just a few of the important requirements that the licensed and legitimate certified care home industry has to abide by."

Representative McKelvey rose to yield his time, and the Chair "so ordered."

Representative Mizuno continued, stating:

"Thank you, Representative. Hawaii has nearly 2,000 licensed legal care homes serving approximately 13,000 residents, these are our *kūpuna* and our people with disabilities. Department of Health has reported that 76 community care foster family homes closed in 2016, and another 74 closed in 2017. That's 150, and that's only one segment, they're called CCFHs, that's only one segment. There's about nine different segments of care homes, Mr. Speaker. This shows that there's an exodus of licensed caregivers. In January, in fact, this year, January, the Department of Health fined one of these formerly licensed care home facilities \$325,000 when they continued to operate without a license. This is a problem that is only worsening with time.

"Unfortunately, this should not be surprising. We should not expect every care home to try to follow the rules and compete with those competitors that aren't held to the same standards. We need to pass this measure in fairness to the legitimate licensed care home industry. The tragedy of unlicensed and uncertified care homes is played out daily across our state, and it victimizes *kūpuna*, people with disabilities, and families trying to do the best they can. The victims and their advocates have voiced themselves loud and clear to us. Today we have the opportunity to show them that we are here and we listened to their concerns. I urge my colleagues to do what is right for the safety of our residents, and what is fair for law-abiding care homes. Vote in support of House Bill 1911, CD 1. Thank you, Mr. Speaker."

Representative Mizuno submitted the following additional names:

"Dr. Nancy Walch, Amelia Casamina Cabatu, Agnes Reyes, Elsa Talavera, Maribel Tan, Wannette Gaylord, Lilia Fajotina, Esther Pascual, and many additional people."

Representative Cachola rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. I'd like to request that the remarks of the previous speaker be entered in the Journal as if they were my own, and I'd also like to make further comments to be entered in the Journal. And one more thing. If we allow these things to have to be our *kūpuna* under unlicensed care homes, they will be susceptible to abuse, fraud, and they will be at risk. It's always better to have regulations in terms of taking care

of our *kūpuna*. It is for this reason that I strongly support this bill. Thank you," and the Chair "so ordered." (By reference only.)

Representative Cachola's written remarks are as follows:

"H.B. No. 1911, HD 2, SD 1, CD 1 relates to care facilities; uncertified; unlicensed; enforcement; community-based care home; adult care center; criminal penalty. It authorizes the Department of Health to investigate care facilities reported to be operating without an appropriate certificate or license issued by the Department. Establishes penalties for violations and for knowingly referring or transferring patients to uncertified or unlicensed care facilities, with certain exceptions. Excludes landlords from licensure, under certain conditions.

"Anytime *kūpuna* health is under unlicensed care home and medical facilities, it is susceptible to fraud, abuse and at risk of neglect. This is due to non-compliance to necessary inspection requirements.

"Licensed community care homes and medical facilities by the Department of Health must have to comply, among other things, with the following requirements: (a) Criminal background checks for all employees; (b) Be licensed by the Department of Health (DOH) after fulfilling all safety and insurance requirements; (c) Annual inspections by the DOH; (d) Unannounced inspections by the DOH; (e) Liability insurance for the patients; and (f) Must allow the state Department of Health to go onsite to visit the patient or the conditions of the care home.

"With constant and regular monitoring, our *kūpuna* would be better served by H.B. No. 1911, HD 2, SD 1, CD 1.

"I stand in strong support of this bill."

Representative San Buenaventura rose to speak in support of the measure, stating:

"Mr. Speaker, in support. As the Chair of Health & Human Services has stated, this is about protecting the most vulnerable. My only request is that next time we go through this, it actually be stronger. Because we are requiring licensed care facilities to have these surprise visits, these inspections, all of these requirements that cost money and cost them employees and cost them their time, whereas unlicensed facilities, because they're unlicensed, are not subject to all of this. By making it a 'may' instead of a 'shall,' hopefully next time we look at this we make it a 'shall' be able to, an actual requirement that the department inspect upon a complaint.

"What's happening now is that licensed care facilities are losing clients to unlicensed ones because of referrals, which I believe we should sanction even stronger than we are at this measure. So I thank the Chair for introducing this, and I support it, however, next time let's make it stronger. Thank you."

Representative Cullen rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in support. Mr. Speaker, I just wanted to commend the Chair of Finance, because I know how hard she worked on this measure towards the end of conference. This measure will provide important protection for those that are caring for our *kūpuna* and those with disabilities, and this will allow for fairness in making sure that we are protecting the consumers in this industry. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1911, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HEALTH," passed Final Reading by a vote of 50 ayes, with Representative Takumi being excused.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2729, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CANNABIS FOR MEDICAL USE," passed Final Reading by a vote of 49 ayes to 1 no, with Representative Tupola voting aye with reservations, with Representative Har voting no, and with Representative Takumi being excused.

Representative Belatti moved that the report of the Committee be adopted, and that H.B. No. 2271, HD 2, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tupola rose to speak in support of the measure, stating:

"In support. This intention of this bill, and I want to also thank the chairs for introducing this, is so that DOE can bill Medicaid, and that's something we've needed for a while for our ABAs, for applied behavior analysts. And so I just wanted to share that, one of the concerns that people had was in regards to the reimbursement in the expansion of the definition of psychologists being able to provide these services. And so currently in HMSA they state that Quest patients will not be able to be reimbursed if the person was not actually certified by the Behavior Analyst Certification Board.

"So that's something that some parents were concerned about, because this is definitely a step in the right direction, we've needed this for a long time. And some of them asked me to actually read this part, that they were concerned about the fact that psychologists are allowed to provide ABA so long as it's the psychologist's education, training and competence. However, there is no place where education, training and competence are defined.

"So I share their worry, and I think that the step is correct for us to get that Medicaid billing going, and that we should consider the fact that the expansion might prohibit some of the proper billing that families need in order to get reimbursed. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, request to insert written comments, and just brief remarks. I would like to thank the Chairs of Education, IAC, and Health & Human Services for the good work they did on this difficult topic. Thank you, Mr. Speaker."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in support of House Bill 2271, Conference Draft 1.

"Since the passage of the insurance mandate for behavior analysis services for the treatment of autism, our provider communities have struggled with ensuring that behavior analysis treatment is offered and provided to those who would most benefit from this treatment in the educational and community settings in which behavior analysis is supposed to be provided.

"These struggles have been, in part, because of the need to grow and identify the qualified providers who can provide these services. However, with the Department of Education in particular, there appears to be many more obstacles where parents report frustration with the Individual Educational Program or IEP process where behavior analysis seems to have been systematically disregarded and minimized in autistic children's plans even though these children and families may have received the appropriate autistic diagnosis from their treating physicians and healthcare providers outside of the school system.

"House Bill 2271, CD 1 continues to afford agencies such as the Department of Health and the Department of Education some time to successfully integrate and implement these services for the populations that they serve. But progress needs to be made and made with much more meaningful commitment to integrating these services for the broad range of children with varying levels of autism, not just those with severe autism. For the sake of improving the immediate educational outcomes of these students and their ability to succeed and thrive in the future, integrating these services

is important – otherwise we, as a community, will fail in providing the appropriate services to another generation of children."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2271, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE PRACTICE OF BEHAVIOR ANALYSIS," passed Final Reading by a vote of 50 ayes, with Representative Takumi being excused.

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2401, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Brower rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Thank you. About eight years ago, Mr. Speaker, I introduced a simple House resolution regarding the subject matter of safe zones, and the idea was to create space where the homeless will want to go, instead of them monopolizing our sidewalks, parks and beaches. When a natural disaster strikes, government provides temporary shelter to people who have been dislodged. And what we have today may be an economic disaster, and government must do the same.

"This bill has several funding mechanisms, including a provision for \$30 million to fund ohana zones, or as some people call them, *mālama* zones. It's a place for people to go before they get into more permanent housing, and it's much needed. We're using the Kahauiki Village by the Daniel K. Inouye International Airport as the template for this measure, and we look forward to adding a new solution to a major challenge, perhaps the ultimate challenge facing us in Hawaii today.

"And with a smile, Mr. Speaker, we have to recognize the work of one legislator, without him we could not have taken his three ohana zone bills and put them into one Senate bill. Joking aside, thank you to the Health & Human Services Chair, I enjoy his company and respect his work ethic."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support. Thank you. It's about a decade ago, the Chair of Housing brought up, touted this idea, about safe zones. We've always been close, you see, and I'm so honored today that his concept is now in a bill. For 10 years we had people laughing at us, thinking we're kind of crazy. I think some people still do. But at the end of the day, the Chair of Housing truly represents this statement, and I say it with complete love and from the bottom of my heart. In this bill, and his concepts on helping our homeless people, this sentence displays all that he's about, that there are no throwaway people in our society, and I'm just so proud to be a colleague of the Chair of Housing, just so honored to have this bill pass after 10 years.

"This bill also represents two pilot programs, Mr. Speaker. One is for the Emergency Department Homelessness Assessment Program, the other is Medical Respite Pilot Program. This will address the urgent need of patients that are in need, many of these are homeless that go to the emergency room when they don't need to. They'll get the proper help they'll need, and we'll end up saving a lot of money at ERs and for acute care bed space, ultimately saving taxpayer dollars, Medicaid funds, as well as monies from our hospitals.

"The concept by my good colleague, the Housing Chair, is this, that in order for individuals experiencing homelessness to transition out of homelessness, there's several factors they need. First, they need a place of stability. Second, they need a place to heal. Third, they need the ability to

become self-reliant, and this is the safe zones now called ohana zones that is touted by my good colleague, the Chair of Housing, that is finally coming to fruition today. The Ohana Zones Pilot creates all these, and we're hopeful that our people that go to these ohana zones can truly transition out of homelessness and get into permanent support housing.

"I want to thank you, Mr. Speaker. At the beginning you told all the chairs to be bold. I want to thank the Majority Leader, the entire leadership team, the Finance Chair, especially my good colleague the Chair of Housing for a job well done. *Mahalo*. Thank you, Mr. Speaker."

Representative San Buenaventura rose to speak in support of the measure, stating:

"In strong support, and I do praise both the Housing Chair and Health & Human Services. And the reason for it is because while this bill was going through, even homeless advocates were testifying against this bill. And for them to be bold and to continue forward shows strength, and for that I admire them. I also want to point out, one of the things that wasn't brought up that I really admire and I'm glad they put in, is a Law Enforcement Assisted Diversion, LEAD project, \$200,000 of which is going to be on the Big Island. That would go substantially towards hopefully reducing our district court backlogs and allow self-empowerment to the law enforcement community to determine for themselves who is best to go to jail versus to a treatment program. Thank you."

Representative Nakamura rose to speak in support of the measure, stating:

"Strong support. Mahatma Gandhi said that the true measure of any society can be found in how it treats its most vulnerable members. SB 2401 is a multi-pronged approach to addressing homelessness throughout the state. It's groundbreaking because it provides flexible funding for ohana zones, or what some people insist on calling *mālama* zones, the LEAD program, an expansion of family assessment centers on the neighbor islands, a new Medical Respite Pilot Program, and new Emergency Department Homelessness Assessment Pilot Programs. And both of these pilot programs involve leveraging private funding.

"Mr. Speaker, the bill before us provides alternatives to incarceration, alternatives to living on the street, alternatives to the revolving door at all of our hospitals throughout our state.

"Mr. Speaker, I'd like to thank the Housing and Human Services Chairs for their persistence over the last decade in both the House and the Senate for their leadership, for our House and WAM Chairs for securing the financial resources to make this bill work, and the Majority Leader from Makiki for crafting this bill that provides flexibility for addressing homelessness in each county."

Representative Gates rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I would just like to adopt the words of all of the previous speakers as if they were my own, and insert written comments. And I want to give a big shout out to Majority Leader for crafting such a broad but very specific measure to address our homeless crisis. Thank you," and the Chair "so ordered." (By reference only.)

Representative Gates's written remarks are as follows:

"Today the Legislature stepped up to the plate to address our homeless crisis across the State of Hawai'i. SB 2401 provides \$30 million for pilot 'Ohana Zone' projects to create an alternative to traditional housing and social services for homeless individuals and families. Up to six (6) sites, three (3) on Oahu and one (1) on Kauai, Maui and Big Island will be established. This is intended to care for our homeless and free up our parks and public spaces for their intended use. Additionally, it provides \$1 million for an Emergency Department Assessment Pilot Program, \$1 million for a Medical Respite Pilot Program, \$800,000 for a new family assessment center, and \$400,000 for two new Law Enforcement Assisted Diversion (LEAD) Programs on Maui and Hawai'i Island. Another homeless measure, SB 2027, provides \$1.5 million for a Coordinated Statewide Homeless Initiative.

"Homelessness effects all our communities, from Chinatown to the North Shore, from Kauai to Big Island, tents and makeshift structures are pervasive on our sidewalks, parks and beaches. By passing SB 2401 we chose to no longer ignore this epidemic, but instead we have secured the funds and demonstrated the will power to take a big step at solving homelessness in Hawai'i. These bills will not only provide an alternative to traditional housing, but afford these individuals and families the social services and medical care that every human being deserves. I would like to thank leadership for their tireless efforts, compassion and courage to think outside the box to make a real difference in the lives of our most vulnerable population."

Representative Holt rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Holt's written remarks are as follows:

"As our state struggles with the answer to chronic homelessness, and especially in my district, we have taken the first of many steps by appropriating funds to facilitate assistance to individuals who are homeless or at risk of becoming homeless.

"With this measure and the other two previous bills passed, this will allow the Governor to implement various strategies to address homelessness along the full spectrum of care. To truly tackle the issues, we will need more transitional housing, more robust job placement, and a tremendous expansion of our existing mental health and addiction counseling service while partnering with public/private sectors to address this concern throughout our state."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'll try to keep this very brief, but I wanted to frame my comments with three concepts. *Mālama*, to care for, *kōkua*, to help and assist, and *'ohana*, family. We all know homelessness is one the biggest issues facing the State. We read about it in the news, hear about it in our townhalls, and often see it for ourselves when we return to our districts. For me, it's driving along King Street, the short distance between the Capitol and my home.

"The reasons for homelessness are myriad, as are the solutions and populations effected. That means there is no one answer, and this bill acknowledges that reality and proposes a variety of solutions accordingly. *Mālama*, to care for. So as noted by the Housing Chair, our ohana zones three year pilot program could in fact be called *mālama* zones. It addresses the basic needs of homeless persons and provides them services necessary to transition them into affordable housing. It is meant to be a temporary fix. It gives the Governor the flexibility necessary to identify the departments and agencies best equipped to begin and manage the program, while also appropriating \$30 million to ensure that the project is big enough to make a difference. The bill creates evaluation and oversight standards, and requires regular reports to the Legislature of the progress made. The Legislature will be watching, the community will be watching as we give the Governor flexibility.

"*Kōkua*, to help and to assist. In part II of the bill, two pilot programs are created, and I cannot underscore how important that the private sector is in *kōkua*-ing with us. In helping and providing funds to set up programs like the Medical Respite Program and the Emergency Assessment Program in the emergency room departments. Also, the Law Enforcement Assisted Diversion Program is also something that we partner with, and importantly, it's something that we partner with our government agencies. So the Department of Health is at the center of the LEAD, or the Law Enforcement Assisted Diversion, attempts to address the underlying behavioral health conditions that contribute and to persons' underlying medical behavioral challenges, directing them away from the criminal justice system into programs that work.

"*'Ohana*. The family assistance center is conceived of something new, beyond just the Kakaako Family Assessment Center, which we know is working. So, again, flexibility given to the Governor, to the executive, to be able to identify other areas for family assistance centers.

"Mr. Speaker, this bill approaches the issues of homelessness in a way that is robust, tailored to the needs of different populations, and will build the foundation for future efforts to combat this issue. For these reasons, I stand in support."

Representative Keohokalole rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'd like to start by commending the chairs, conferees, and members of this body for supporting this legislation. And I'm going to speak a little bit about one of the pieces within the bill itself that I think is very important and has gotten sort of under-covered over the last year since the Legislature actually initiated this program. And as my colleague from Puna mentioned, it's the LEAD Program.

"I think it's very important to have this discussion right now, in light of this ohana zones discussion, because when we talk about different types of services for the homeless, we really don't talk about a key component of the homeless crisis, which is drug addiction and how the ohana zones part of this measure along with the other two pilot projects and LEAD are really finally the Legislature's reaction and solution to addressing that part of the homeless crisis, which is a major part of it that everyone I think understands, and we just don't talk about.

"LEAD is Law Enforcement Assisted Diversion. And this bill expands out funding, appropriating funding so that this program can be implemented on the neighbor islands, as well as on Oahu. We started it on Oahu, the homeless crisis doesn't only affect Oahu. The State of Hawaii is not only Oahu. We have this problem on the neighbor islands, and so it's time to expand out beyond Oahu. This is a voluntary, non-coercive support initiative, and it's these types of programs for homeless and drug addicted individuals that are just superior to what we are doing now, when it comes to homeless, which is mostly either ignoring them, sweeping them from one site to the other, or worse and most expensive of all, locking them up. That's why, as I mentioned, this body actually authorized and appropriated the first LEAD Pilot Project last year, which I'm glad that the Governor has recently initiated on Oahu.

"But in order to address our homeless crisis, our systems need to change. That's what this bill is about today. It's not only about money, it's not only about housing, our response systems need to change, and that's what LEAD is. Our emergency response systems are just not meant to deal with the homeless crisis. Primarily, they're meant to save lives. Fire, police, ambulance, we did not create them to treat homeless people. We created them to fight fires, to fight crime, to protect the public, and to save lives. They are not designed to treat people with behavioral health issues.

"This is a system problem. That's why our other ancillary systems are suffering and buckling under the pressure. Our parks, our hospitals, our maintenance support for all of our public spaces, highways, schools, they're all buckling because we haven't addressed the system part of this problem. So this bill does two things, it appropriates money, but it starts that change that is so necessary in order to actually solve this issue.

"When it comes to homelessness, like I said, we talk about housing, over my time here in the Legislature, we talk about mental health, but we don't talk about drug addiction. I recently spoke with a doctor in my district who treats lots of different patients in Kaneohe, and he told me that part of the reason why we haven't really started to make headway on the homeless issue is because we haven't addressed the three top problems related to homelessness. And he said those are meth, meth, and meth. This is a primary care physician in my community who takes all comers.

"Eighty percent of our chronic homeless are addicted to some kind of substance, we just don't talk about it. We say mental health, we say all these other things. Those are parts of it, but we don't talk about this part of it. We need to address it, and LEAD is meant to address it. That's what this program was created for. Locking up addicts or individuals with mental health conditions for sleeping on sidewalks or bus stops is just not solving the problem. This program especially gives our police an opportunity to get these individuals some help right away, which is a critical third option to locking them up or ignoring them, the primary two choices police and first-responders have when they get a homeless-related call. This is a subtle, but

I believe monumental change in the way our response systems work. We need to redesign these and many other parts of our government system."

Representative McKelvey rose to yield his time, and the Chair "so ordered."

Representative Keohokalole continued, stating:

"Sorry, I'll be done right after this. We need to account for the realities of today, okay. Our state government systems were designed in 1959 for the sugar economy of the mid-50s. That part of Hawaii has passed us by. We need to account for what's going on now and get our heads out of the sand. This does this. People are going to fight it, people aren't going to agree, we're not going to get it right, like I said before, but we have to try. I'm biased in favor of trying. And so that's what this does, and that's why I'm speaking passionately about it, because it's about time that we actually try to solve these problems that are right in front of our faces.

"So I'm in support of the bill. I'm glad that we're moving this program and the rest of the ohana zones initiative out to the neighbor islands and the entire state because it's a problem for everybody, and that's why I support the bill. Thank you."

Representative Luke rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. In the beginning of session, you instructed the Legislature and this House to focus on housing and homeless, and as we have already discussed housing, this bill is the culmination of work, the extensive work done by the various Members of this House during the interim and leading up to now. And I can tell you in the beginning of session there were numerous number of bills introduced relating to homeless, and I think even the advocates and even the community members and even the members themselves felt, okay where is this all going, because things are all over the place, where is this going.

"This is really the example of the best of the Legislature. This is an example of how people came together, both the House and the Senate, the various members and various community leaders, and with a lot of hard work, a lot of late nights, what resulted in is Senate Bill 2401. 2401 did not look like this in the beginning of session. 2401 is the culmination of the various discussions, the many hours that people put together, and this is part of a package of bills that the Legislature is committing to address our homeless community.

"Along with this, the \$50 million in the budget which deals with shallow rent subsidy, housing first storage, mental health services, and the AUW bill packaged together, the Legislature is providing close to \$50 million to provide services and assistance to our homeless community. And this is a huge commitment, and I want to thank everybody in the Legislature, because every one of you has made this a commitment, and has made this a priority, and because of that, this is what we see today. So thank you very much."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I stand in strong support with mild precautions. I agree with everybody who has just spoken. But Mr. Speaker, in our profession we are supposed to under promise and over deliver. I think we may be over delivering like we did about in the earlier session today in the housing project. We're getting expectations pretty high. And this is a good bill, it's \$50 billion, it gives so many different elements that are good for the bills, particularly the ohana zones which morph from safe zones, and I commend the Chair of Housing for his persistence. Because we know, Mr. Speaker, we cannot do status quo. We cannot keep on keeping on the way we've done it.

"This establishes a Medical Respite Pilot, establishes a Family Assessment Center, and it just does about everything that we've learned, except for one thing. It doesn't have a master plan to end homelessness. It doesn't have a plan to even put meat on the bones of what otherwise is a bill that says, okay, czar in the Governor's Office do this, and City and County do that. I don't see the plan that's going to do it, Mr. Speaker. And when the example was as the pilot by the airport, the villages, those, Mr. Speaker, are

costing between \$100,000 and \$150,000 each. I don't think there's enough money to do that.

"In the beginning, there were a number of bills that were considered. Some of them were passed unanimously, some of them failed, but I think overall there was an attempt to do something different. What my fear is, is that when we leave things vague and open to question, we may miss some of the basic points. And that is, Mr. Speaker, as has been said, everybody needs to have a stable place to stay. Everybody needs to know where they're going to put their head down at night. Some of us did the CEO Sleepout here on the rotunda. Sleeping on that cement is not easy, and in fact, I thought if I could have had a few drinks, I would have slept a lot better. Therefore, the anesthetization of the meth is a good way to numb yourself from the situation.

"But Mr. Speaker, what I'm afraid is that we are not going to have enough to solve the homeless problem, and we're doing as the analogy this leaky roof proposal. The leaky roof solution is where you got enough money to fix 20% of the roof, and it doesn't leak in that 20% but you still got 80% of your roof leaking. Mr. Speaker, let's face it, homelessness has gotten worse, and worse, and worse, and worse. It is not getting better. So we really need to deliver, we really need to do a great job of what this bill outlines, and it has the potential to do it, but it's going to take the political will and people who know what they're doing, like Mayor Kim and others.

"Mr. Speaker, I would also add that there are some models out there that we shouldn't ignore. Pu'uhoona Villages under Twinkle is a shining example of hardly any government money, except for government land, with governance, with rules that say you can't do this, you can't do that, with homeless people who are working, with homeless people who have children, with a homeless modicum of governance without any interruption from government. Mr. Speaker, that unfortunate experiment is being threatened by a huge sweep.

"Another example, Mr. Speaker, and I bring that to the attention of all my colleagues, is in Kaneohe. First Assembly of God has 12 domes, as we speak, being erected. Nine are for homeless mothers with children. Terrific group of people, we really need to, our hearts should really go out to them. Three of the buildings are for food, restrooms and for governance, which would be safety as well as probably social services and other things. Mr. Speaker, that's by the churches, First Assembly of God, I think Pastor Kaneshiro and Pastor Ko are proud of that, and they're just now, after two years of waiting for proposals.

"I hope some of the Puuhonua Villages Act that is modeled after that would be taken into consideration, because Mr. Speaker, those are one unit, \$15,000 or less. As earlier spoken, these are transitional solutions to what otherwise would be permanent housing. Mr. Speaker, we're not going to reach permanent housing using the brick and mortar."

Representative McDermott rose to yield his time, and the Chair "so ordered."

Representative Ward continued, stating:

"Thank you, sir. The brick and mortar model is about \$300,000 to \$450,000 a pop. We need \$3.5 billion to solve the homeless problem. But if we use temporary housing like Puuhonua Villages Act has proposed, we can house all of the people for less than \$200 million.

"Mr. Speaker, we need to have that commitment. We need to say, we have a solution. I don't think anybody out there really believes what we said on the floor today, because they've seen it get worse and worse and worse and sweep after sweep. So, Mr. Speaker, the bottom line is, we really have to deliver."

Representative Keohokalole rose to a point of order, stating:

"Point of order, I did mean what I said."

Representative Ward continued, stating:

"I'm sure that we've all meant what we said. But my point is, Mr. Speaker, we have to deliver. We have to really put actions behind our words. For those of us who have been here a while, we were kicking this can down the road for how many sessions, how many decades? Too many decades to even remember when safe zones came up, Mr. Speaker.

"The point is, we are on the line for our credibility, we've over promised with this bill, we've probably, I hope do not under deliver for the sake of all those out there who need our help. The bottom line again, we have to deliver. And I want to thank Mike Goodman for all of his effort, and Mr. Speaker for the Housing Chair and others to know, he is at your service to do as much as possible that he can do, and his wages are simply pizza and gratitude. Thank you, Mr. Speaker."

Representative Ing rose to speak in support of the measure, stating:

"In support. I just want to start by *mahalo*-ing everyone for all the work. This was a long time in the works, I think it was last July and August when we first sat down and discussed how to best move forward with housing and homelessness. And I think we've done both, we also did the three priorities that I was hoping for as Majority Policy Leader with vote by mail and equal pay and pesticides. So it's really nice to see all the work that's been done. I remember meetings with the Housing Chair and the Majority Leader with all sorts of members from nonprofits, from the private and public sector, all sorts of personalities. And to get to something like this, it shouldn't be unsaid by how much that work is valued here.

"So with the ohana zones, I think there was a quote by my fellow Majority Policy Leader last year, and he was talking about how the prisons are becoming de facto homeless shelters. It was a very apt quote, but one thing that I was concerned about with safe zones or ohana zones was to make sure that these homeless camps don't become de facto prisons by putting them all in one area and having it patrolled by law enforcement.

"So it was really important that we pass Law Enforcement Assisted Diversion, to give these law enforcement officers more power than just punitive, because right now, if they were to see a victim of drug abuse using, they only had two options, either to leave them alone, or arrest them. Or they could walk up to them and say here's a card to a social service provider. But as you've probably seen if any of you played basketball up in Chinatown, there's those like business cards all over the place that they just throw away or leave on the floor. So you really need that warm hand-off to make sure that these people are getting the services they need.

"It should be said that drug abuse and mental health are not two distinct issues, they often overlap in very profound and obvious ways. One out of 100 people in our general population are schizophrenic, and in a world where it's easier to come across meth than it is to psychotropics, drugs that are legal, they self-medicate, and then they become addicted. And the other way around too, once you do become addicted to meth, you can fall into patterns of drug-induced schizophrenia and mental illness. So it's important that we don't conflate those, but also understand how they connect.

"Thirty percent of the homeless population now is Native Hawaiian. Twenty-seven percent of the homeless population are COFA migrants from Micronesia or the Marshall Islands, even though they only represent 1% of our general population. So that's a 27x disproportionate rate of houselessness. And one issue is, these folks don't receive Medicaid funding from the Federal Government and a lot of the services here at the State as well.

"So following what the last speaker was saying, if we really want a holistic plan of addressing homelessness, I think we're well on our way. This, with Housing First, to actually provide housing to people who need it, that's a great next step. And I challenge anyone who says this isn't enough to introduce a bill, whether it's large bonds for public housing, or to actually tackle the demand side and shift resources over. Because we know, in Hawaii, scarcity is not a problem. You just look out and you see luxury condominiums popping up every two weeks in Kakaako, literally adjacent to Native Hawaiians and veterans in the streets. It's just a matter of having the will to shift those resources to actually help working people.

"I apologize, I have a really bad toothache right now for some reason, so I'm just trying to talk over it. Thank you. Thank you, leadership especially, for moving this. Aloha."

Representative LoPresti rose to speak in support of the measure, stating:

"Strong support. I wasn't going to speak, but I really wanted to take a moment to just commend Majority Leader, the Housing Chair, Health & Human Services Chair, and their respective Senate Chairs for their leadership on this.

"This is the hardest, most rewarding job I've ever had and that I can imagine. But one of the most difficult things in this job, I think for everybody, is trust. And we often have to trust one another, that people are going to put in the work, and the hard work and the hours, to solve problems. And we're not always on those committees where a lot of these issues are tackled. And I really just want to commend all of those members of those committees for doing the hard work and tackling this very important issue, as well as the housing issue, and thank you. Thank you as a colleague and thank you for doing that great work for the people of Hawaii."

Representative Tupola rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Also wanted to thank all the chairs, leadership as well, and permission to insert written comments."

Representative Tupola's written remarks are as follows:

"SB 2401, provides funding for many programs which are essential for the fight against homelessness. It also allocates \$30 million to establish ohana zones, which is a three-year 'safe-zone' pilot program.

"While this is a laudable effort, done with the best of intentions, I respectfully question the wisdom of spending \$30 million on a safe-zone pilot program, when we could have spent it on Pu'uuhonua homeless villages as specified by HB 2014, the Pu'uuhonua homeless villages act. For reasons I can't understand, the conference committee decided to defer HB 2014 indefinitely, and instead proceeded with the ohana safe-zones pilot program.

"We don't need a pilot program to show us how to end homelessness. Existing programs here and across the country are ending homelessness every day. For example, housing first programs have an 89% success rate with severely mentally ill and substance addicted chronically homeless individuals. For homelessness caused by purely economic reasons, providing apartments with sufficient subsidies has a 100% success rate.

"In fact, the only reason we still have a homeless crisis, is that we have a shortage of subsidized apartments; and the only the reason we have a shortage of subsidized apartments, is they cost an average of \$450,000 each to build, and roughly \$1,200 to \$1,500 a month to rent.

"So what's the solution? We need to 'think outside the bricks.' We can do what we're already doing in apartments without apartments; housing first will work just as well in a modular home as it does in an apartment.

"HB 2401 was based on a \$200 million plan to assemble 8,000 comfortable, safe modular homes that cost \$15,000 or less, have 200-300 square feet of living space, are virtually fire-proof, can withstand force-five hurricane winds and 8.0 earthquakes. If HB 2014 had passed the conference committee, 8,000 modular homes would have brought homelessness to 'functional zero' in about six years.

"Pu'uuhonua villages could also have started out as 'ohana-like safe-zones,' but end up as villages with permanent housing. For a 'down payment' of \$36 million, 80 villages could have been built with 8,000 homesites, complete with communal bathrooms, showers, access to public transportation, and wrap around supportive services, just like ohana zones. And like ohana zones, everyone would initially live in temporary dwellings, but with a huge difference:

"Ohana zones will try to transition residents into apartments that may or may not be available, and pay for it with funds that may or may not be available. Instead, Pu'uuhonua villages would have brought permanent

housing to the residents. For an amount that is predictable and affordable, every temporary dwelling would eventually be replaced by permanent, modular homes. So, if the conference committee had passed Pu'uuhonua villages instead of ohana zones, \$30 million would have gone towards permanent housing and a real solution to the homeless crisis.

"I sincerely hope we can revisit this issue next year, and not continue to make the same mistakes we've made for decades."

Representative Say rose to speak in support of the measure with reservations, stating:

"In support with slight reservations. Members and Speaker, this afternoon it's with slight reservations that I support this measure. And one of the core that we are missing here in this particular measure is workforce development for those who are going to implement these programs.

"I've come across a lot of social workers who are already burnt out. I hope, in the budget, that the University of Hawaii School of Social Work got some increased funding so that you can increase the enrollment. Our medical profession that you want to have the diversion, where are these particular doctors going to come from? Nurses, *et cetera*, whereby the medical school has already a program that uses a van that goes to Waianae to do this medical evaluations of these homeless individuals.

"But more importantly, think about it. We're spending a lot of money, but do we have the qualified individuals to execute and implement the programs that are in this particular measure?"

"It's hard to say what's really going to happen, but it's great that it is a pilot program, and this body, who are coming back next year, will have the opportunity to evaluate how successful it is.

"But it is a little scary, because in this particular measure, is it possible that we could grant them an exemption from Chapter 76, our civil service laws. Will these be all contractors, private vendors doing the services? I really don't know. But you have given it to the Governor to make that determination.

"And I wanted to go on record this afternoon to tell the Governor and his homeless coordinator, and the Department of Transportation, and all other departments that are affiliated with the homeless program presently, for a job well done in responding, for the Representatives from the Kaimuki, Kapahulu, Palolo area. When we called, they were there, under the bridge by the Board of Water Supply, Harding Avenue and 3rd, they were there up at St. Louis Heights, they were there at Diamond Head Park, and they were there to support all of us here also. But the bottom line, do we have the workers of the future addressing all of these different programs that you folks have developed?"

"So in closing, congratulations to the authors of this conference draft. And god willing, if I'm back, I'll probably ask the question, how far have we gone through this particular program after six months? Thank you."

Representative Mizuno rose to respond, stating:

"Thank you, Mr. Speaker. Still in support. I just wanted to address some of the very good questions that several members have brought up. Again, I'm going to repeat what I said first. The ohana zones, the entire rationale behind this is, number one, stability, to get our homeless stable. Number two, it's to have them given a chance to heal, to allow them to heal. Third, it's going to allow them to become self-sufficient.

"So when we talk about workforce development, that's included in wraparound services for the ohana zones. When we talk about the medical teams that are going out to help these homeless, they're called navigators, they already are in practice. In fact, Queens has a great program where their ER physicians voluntarily do this with nurses and social workers. There are teams, outreach teams, that are actually getting to our homeless. This is going to be easier for the teams to engage the homeless in a homeless zone, because it's already at a site.

"So there are a lot of good questions, and I anticipate that after a year or so, we'll be able to show the results. And I too am hopeful that the robust bills that we've put in place will actually provide great results for our homeless. So, thank you, Mr. Speaker."

Representative San Buenaventura rose to respond, stating:

"Second time. Again, I stand in strong support. I'd like to point out that the Big Island has shown that it has worked there. We had, at the last homeless point-in-time count, we had the largest drop of all the other counties. I believe it was a 39% drop. And at that time, we had Camp Kikaha, we had an excellent homeless coordinator of Lance Niimi. The problem is we didn't get the money fast enough. We lost our homeless coordinator, we closed Camp Kikaha. We're hoping that with the monies, hopefully it comes out now, we would be able to have the kind of wraparound services that was necessary, and we hope that we can restart it again.

"One more thing I'd like to point out, and Twinkle Borges did a wonderful job at Waianae, but what we'll need to point out, it's not only the cost of the wraparound services, but the amount of security, the cost of security. The homeless is the most criminally vulnerable of all peoples. The security costs at Camp Kikaha was high, as well as the social working cost. And I'm really glad we finally got the monies. Thank you."

Representative Luke rose to respond, stating:

"Thank you. Again, still in support. I just wanted to clarify two things. The ohana zone concept in this bill, which is different from the previous version, this allows for flexibility for operations in addition to brick and mortar. Because in Kauai, they are already ready to go, in working with the community groups, including the churches. I don't think it's a good concept that we create permanent housing using the shelter-type of model, because things for homeless community should never be really about permanent shelters in these shacks. The true goal for us is to allow some of the homeless population, who is the working poor, to transition into permanent housing. So it is not a good solution for us to say, lets give somebody tons of billions of dollars to make them permanent housing in these shacks. That's not the right approach.

"The second thing is relating to workforce development. That's why we passed two bills today, Senate Bill 2653, which the Department of Health believes this is going to be the workforce development to add more physicians and doctors to address this issue. The second thing that we did was the preceptor bill. So, it is a comprehensive approach, and we encourage members to look at other bills and see how they're all connected. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2401, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HOMELESSNESS," passed Final Reading by a vote of 50 ayes, with Representative Say voting aye with reservations, and with Representative Takumi being excused.

No. 123, SD 1, entitled: "HOUSE CONCURRENT RESOLUTION REQUESTING A STUDY OF POTENTIAL PROJECTS THAT WOULD REDUCE ENERGY COSTS FOR ALL STATE DEPARTMENTS AND AGENCIES," was Adopted, with Representatives Onishi and Takumi being excused.

H.C.R. No. 130, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.C.R. No. 130, SD 1, entitled: "HOUSE CONCURRENT RESOLUTION URGING STATE AGENCIES TO EVALUATE, COLLABORATE, AND IMPLEMENT BEST MANAGEMENT PRACTICES, TECHNOLOGIES, AND REGULATIONS TO ADDRESS VESSEL BIOFOULING IN HAWAII HARBORS," was Adopted, with Representatives Onishi and Takumi being excused.

ANNOUNCEMENTS

Representative LoPresti: "Thank you, Mr. Speaker. I have three brief announcements. First, of course, it's May Day, International Labor Day, and I just wanted to say that labor creates all wealth, and so, Happy Labor Day.

"Secondly, it's Military Appreciation Month, starting May 1st. In 1999, one of our nations most respected war veterans, POWs and war heroes, Senator John McCain introduced legislation to designate the month of May as National Military Appreciation Month. We are encouraged to honor the sacrifices of current and former members of the US armed forces. There are six observances this month, starting today, with Loyalty Day, followed by Public Service Recognition Week, Victory in Europe Day, Military Spouse Appreciation Day, Armed Forces Day, and ending with Memorial Day.

"In his upcoming book, Senator McCain writes, 'Before I leave, I'd like to see our politics begin to return to the purposes and practices that distinguish our history from the history of other nations. I'd like to see us recover our sense that we are more alike than different.'

"Mr. Speaker, this month we come together to share support of current and former members of our military, such as Senator McCain, and thank them for preserving what we all have in common, our shared identity of one nation, distinguished from all others.

"And lastly, as a proud Scots-Irish, I'd like to wish everybody a blessed Beltane."

Representative Takayama: "Mr. Speaker, I'd like to thank the many Members of the House and their staff who have donated gently used women's clothing to the YWCA for use by women who are repairing their lives, many of whom are former offenders returning to society. My office will continue to accept donations through the close of business on Thursday. So, thank you to those who have donated, and appreciation to those who might consider if you have any more gently used women's clothing, to consider donating them."

Representative Choy: "Thank you, Mr. Speaker. I just want to thank everybody for signing my annual yearbook. Even as I look at it right now, it brings a warm glow to my heart, and I will treasure it forever. Thank you very much."

Representative Ward: "Mr. Speaker, I would like to thank the majority for the delicious Indian cuisine, and especially after the dust up and the hard time we gave you guys today. Thank you."

Representative Lowen: "Mr. Speaker, I just wanted to thank the Speaker for the wonderful Israeli cuisine we had for lunch. Thank you."

At this time, the Chair stated:

"The Chair has one announcement. The floor session on Thursday will begin at 10:00 a.m."

ADJOURNMENT

At 3:08 o'clock p.m., on motion by Representative Morikawa, seconded by Representative Ward and carried, the House of Representatives adjourned until 10:00 o'clock a.m., Thursday, May 3, 2018. (Representatives Onishi, San Buenaventura and Takumi were excused.)

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Ward and carried, the rules were suspended for the purpose of considering certain House and Senate Bills for Final Reading by consent calendar.

UNFINISHED BUSINESS

H.B. No. 2601, HD 1, SD 2, CD 2:

Representative Belatti moved that the H.B. No. 2601, HD 1, SD 2, CD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. Not in support, and I think it's a good contradistinction. Even though this is the last session and the last day of the session, or let's say this is the last day of the session, day number 60, I want to remind the body that the bill like this is not necessary. We have 9.6 million visitors, we have about a billion dollars per month, we are the highest cost in our hotel rooms. This transportation cost, adding \$2 to \$3 or \$3 to \$5 to the car rental, Mr. Speaker, is not necessary, it's uncalled for. And by the way, this is not only for visitors, it's for *kama'āina*, local residents.

"I think we should not tempt to pull back the feed that we have for the golden goose, in fact this damages the cage in which it is now encased. Tourism is the goose that lays the golden eggs. Mr. Speaker, this is unnecessary, it could be the straw that pushes us over to where we are no

longer as competitive as we should be. There are a lot of nice destinations with better airports, with better hotels, with sun, sand and surf. So to me, this is a blow against the future of our industry. And Mr. Speaker, I say without mentioning the specifics, but when we've cut \$40 million out of the Hawaii Tourism Association, we are endangering ourselves even worse by increasing the cost of visitors having rental cars. For those reasons, Mr. Speaker, this is not a good bill. Thank you."

Representative Todd rose to speak in support of the measure, stating:

"*Aloha*, in support. I just wanted to point out that over the last 30 years, real visitor spending has actually declined, despite seeing the number of visitors increase by well over 40%. So we're actually seeing less revenue when adjusted for inflation today, despite having a dramatic increase of over 3 million in actual visitor arrivals. Thank you."

Representative Aquino rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. First, Mr. Speaker, I'd like to thank the author of the measure, the Representative from District 12, for his work on this, Finance Chair, and our Senate colleagues. This bill, Mr. Speaker, yes, will increase fees, yes, from \$3 to \$5. Yes, we are increasing the fees, Mr. Speaker, I just want to make that clear one more time, okay? The new fees are actually for non-residents who utilize our roadways and contribute to the traffic congestion we face daily on all islands, all counties.

"While there may be concerns because of the difference between resident and non-resident fees, and equal protections, Mr. Speaker, the AG's Office provided a legal analysis in a memo sent to conferees on April 25th that the language in this bill is defensible based on previous cases. Mr. Speaker, this bill seeks to supplement and stabilize our state highway fund, particularly in the area of increased capacity, which the current administration has placed a moratorium. The increased funding will help. It will not, again, Mr. Speaker, will not be at the expense of our island residents. Thank you."

Representative Luke rose to speak in support of the measure, stating:

"Thank you. In strong support. I would like to thank the members for this innovative approach. Securing the highway fund and sustainability of the highway fund has been a point of contention and debate for the last several years, and some of the approaches have included increasing the weight tax, increasing the gas tax, which would have impacted all residents, especially the residents who live on the Leeward Coast, and North Shore, and others, and it is not okay for us to continue to tax people who have no choice other than to live on the Leeward area. So this is an innovative way to secure additional funds for the highway fund, and in spite of the allegations, it's increasing it by \$2, not by \$5, and if you look at other bills, we did not decrease the HTA by \$40 million. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, brief rebuttal. Mr. Speaker, it is \$2 a day for local residents, it's \$3 a day for tourists. So, yeah, we get a dollar off, big deal. My point about the highway fund, and the plea for that, of course we need it, but lest we be accused of malfeasance, Mr. Speaker, you know why the highway fund doesn't have any money, because this body raided it. I repeat, this body raided the highway fund for other purposes, because of other imbalances in our budget. So, Mr. Speaker, this is correcting it, but it's putting it on the backs of the tourists, and my point is, not that they cannot afford it, but we cannot afford jeopardizing the goose that lays the golden egg, that's the whole bottom line.

"You take away tourism, what does Hawaii have in the middle of the Pacific, we got military spending, almost equivalent, but the two together make for an economy because we have not diversified our economy, and like we'll see later on later on in this agenda, we are not friendly to our small businesses so they can proliferate, so they can hire more people. For those reasons, Mr. Speaker, I still think this is a bad bill."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I wasn't going to speak, I was going to do written comments into the Journal, but I feel compelled, given some

of the statements on the floor. This bill, I want to thank Representative from 12th District for writing it, addresses a huge problem in our area, which is one of the top visitor areas in the state, West Maui, where we desperately need a bypass to get people in, visitors included, to their resorts. Two hours is the average drive, on a good day, for the visitors to get in.

"I invite the Representative from Hawaii Kai to talk to the visitors. I work at another job where every day I talk to tourists, and I ask them a question, talking story, would you pay a few bucks more to get to your hotel and not have to sit in that traffic for two hours? I have yet to have somebody say no. Especially with all the money they're putting in to be a part of Maui and the Maui experience, Cosmo's top 100 bucket list destination, and by the way, 10,000 more seats of lift were just added to Hawaii, a large portion to Maui.

"The visitor spending is expected to hit an all-time high, they want to come, but they want that quality of experience, and our residents deserve a quality of life, too. And what they really deserve, Mr. Speaker, is to know that we're looking out for them, and we're not going to immediately just tax them, and we're going to look to where the biggest impact is being generated, and where revenue can come that will provide for quality, not only for them, but for the visitors upon whom their economic, their satisfaction creates that economic re-diversification or reengineering, because they'll come back to Hawaii because they've had that good experience. But they come to the bypass in Lahaina, they come to the Leeward Side, and they sit two hours in traffic, you're right, those other destinations sure look a lot better.

"So I thank the author, I thank the Finance Chair and the Transportation Chair for moving this forward so that we can get the revenue for the revenue bonds to build out these projects, so we can have the capacity that the neighbor islands and others deserve to be good strong tourism partners for the State of Hawaii. Thank you."

Representative Luke rose to respond, stating:

"Okay, just a quick rebuttal. I'm reading from the bill. It says, the \$2 additional charge is for people who are without a Hawaii driver's license, so I'm not sure what the Hawaii Kai Representative is talking about. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 2601, HD 1, SD 2, CD 2, entitled: "A BILL FOR AN ACT RELATING TO TRANSPORTATION," passed Final Reading by a vote of 46 ayes to 5 noes, with Representatives Matsumoto, McDermott, Thielen, Tupola and Ward voting no.

At 10:53 o'clock a.m., the Chair noted that the following bill passed Final Reading.

H.B. No. 2601, HD 1, SD 2, CD 2

Conf. Com. Rep. No. 42-18 and H.B. No. 1621, HD 1, SD 1, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1621, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CONSUMER PROTECTION," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 159-18 and S.B. No. 3058, SD 2, HD 2, CD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, the report of the Committee was adopted and S.B. No. 3058, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO PUBLIC LANDS," passed Final Reading by a vote of 51 ayes.

Conf. Com. Rep. No. 167-18 and S.B. No. 2791, SD 2, HD 1, CD 1:

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2791, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Say rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative DeCoite rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ito rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2791, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO JUVENILE JUSTICE REFORM," passed Final Reading by a vote of 49 ayes to 2 noes, with Representatives DeCoite, Ito and Say voting aye with reservations, and with Representatives Har and Tokioka voting no.

At 10:54 o'clock a.m., Representative Belatti requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:55 o'clock a.m.

Representative Ward rose to a point of order, stating:

"Point of order, Mr. Speaker. Just as a note of equity. When I, as the new floor leader, have flubbed and asked for a recess, I don't get it. She was a little bit discombobulated, she got it."

The Chair addressed Representative Ward, stating:

"Representative Ward, the rule is that once the vote is being taken, there can be no interruptions. In this case, there was no vote being taken. So that's the ruling of the Chair."

At 10:56 o'clock a.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 1621, HD 1, SD 1, CD 1
S.B. No. 3058, SD 2, HD 2, CD 1
S.B. No. 2791, SD 2, HD 1, CD 1

FINAL READING

Representative Belatti moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Morikawa:

H.B. No. 1934, HD 1, (SD 2)
H.B. No. 2005, HD 1, (SD 2)
H.B. No. 2108, HD 1, (SD 1)
H.B. No. 2110, HD 2, (SD 2)
H.B. No. 2175, HD 1, (SD 1)
H.B. No. 2349, HD 1, (SD 2)

At 10:57 o'clock a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 10:57 o'clock a.m.

The motion was put to vote by the Chair and carried, and the House agreed to the amendments made by the Senate to the noted House Bills.

The Chair addressed the Clerk who announced that the record of votes for the appropriate measures had been received which indicated that the requisite number of House conferees appointed had agreed to the amendments made by the Senate, and had cast affirmative votes to report said measures to the floor for final disposition.

H.B. No. 1934, HD 1, SD 2:

Representative Belatti moved that H.B. No. 1934, HD 1, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, strong support. Thanks."

The motion was put to vote by the Chair and carried, and H.B. No. 1934, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO ENVIRONMENTAL PROTECTION," passed Final Reading by a vote of 51 ayes.

H.B. No. 2005, HD 1, SD 2:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 2005, HD 1, on the following showing of Ayes and Noes:

Ayes, 3 (McKelvey, Yamashita and Ward). Noes, none. Excused, none.

Representative Belatti moved that H.B. No. 2005, HD 1, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Choy rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Mr. Speaker, I've voted no on this particular measure on every single reading, but today I'm going to vote with strong support. And the reason why I'm going to do that is, I was looking at my son in the gallery, and I always, about this bill, I always said this is like giving the University, or children, the opportunity to play with matches. But as I look upon my son, I said, you know he screwed up so many times, and I gave him so many chances, I really think the University of Hawaii needs another chance to do good by this revenue bond. They can fix their infrastructure, they can hopefully help students, so I'm going to vote up on this bill today. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and H.B. No. 2005, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO UNIVERSITY OF HAWAII REVENUE BONDS," passed Final Reading by a vote of 51 ayes.

H.B. No. 2108, HD 1, SD 1:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2108, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO THE ISSUANCE OF SPECIAL PURPOSE REVENUE BONDS TO ASSIST A SEAWATER AIR CONDITIONING PROJECT IN HAWAII," passed Final Reading by a vote of 51 ayes.

H.B. No. 2110, HD 2, SD 2:

Representative Belatti moved that H.B. No. 2110, HD 2, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative DeCoite rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative DeCoite's written remarks are as follows:

"I am voting with reservations on this bill because I think it could have negative impacts on my home island of Molokai because as more people adopt renewable energy technology and go off the grid, the costs for those who still need to obtain energy from the utility may end up paying more. I have heard that this has happened to several of my constituents. In addition, the state's Consumer Advocate has said in recent testimony that issues raised in this bill will be addressed by the PUC and it should be given additional time to complete its analysis of microgrids. *Mahalo.*"

Representative San Buenaventura rose to speak in support of the measure with reservations, stating:

"With reservations, short comments. I support microgrids. I find it, however, odd that Hawaiian Electric supported this measure, but the microgrid industry themselves did not testify in favor of it. I oppose a blank check to increase our utility rates. I do hope that they do come to the table, the microgrid industry do come to the table and provide us with a utility, with a power alternative that would be cheaper for the public. And for those measures, I stand in support, but with reservations. Thank you."

Representative Onishi rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Lee rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Just for the record, I stand in strong support. I just note that of every microgrid which has been looked at in a meaningful way here in Hawaii and around the world, it's clear that this is a reasonable step forward to not only save costs over the long term, but also ensure better grid resiliency to prepare for disasters. Here in Hawaii, Parker Ranch has done a study which has found that it's cheaper to build a microgrid there than stay with the current status quo. We know that there've been multiple developments for new subdivisions and new apartment buildings around the islands that have already found that it actually would be cheaper to do an onsite microgrid than build new connections to the existing utility.

"We know that UH itself has an opportunity to microgrid many of its campuses, at cheaper costs than sticking with the status quo. And most of all, Mr. Speaker, for all the accolades we've given to Kahauiki Village, the homeless assistance project right here on Oahu, that is a de facto microgrid which was done as cheaply as possible, which ended up being a microgrid.

"These are one of the things that can change the way that we pay for our grid services going forward in partnership with our utilities, and at the same time, save everybody money, not only today upfront, but certainly over the long term. Because what we don't want, Mr. Speaker, is to end up in a situation like Puerto Rico, where we've got a disaster upon us, and we found that our grid was torn to pieces with no watertight compartments to keep services going in places where we know they can be done and done cheaper than the status quo. We've got to look forward, I think this is not only a prudent measure for saving money at the front end today, but also could save billions over the long term in the event of that sort of catastrophic event. Thank you very much."

The motion was put to vote by the Chair and carried, and H.B. No. 2110, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO RESILIENCY," passed Final Reading by a vote of 49 ayes to 2 noes, with Representatives DeCoite, Onishi and San Buenaventura voting aye with reservations, and with Representatives Har and Tokioka voting no.

H.B. No. 2175, HD 1, SD 1:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed by the Senate to H.B. No. 2175, HD 1, on the following showing of Ayes and Noes:

Ayes, 3 (Aquino, Yamashita and Quinlan). Noes, none. Excused, 1 (McDermott).

On motion by Representative Belatti, seconded by Representative Morikawa and carried, H.B. No. 2175, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO METROPOLITAN PLANNING ORGANIZATIONS," passed Final Reading by a vote of 51 ayes.

H.B. No. 2349, HD 1, SD 2:

In accordance with the Conference Committee Procedures agreed upon by the House of Representatives and the Senate, the managers on the part of the House recommended that the House agree to the amendments proposed

by the Senate to H.B. No. 2349, HD 1, on the following showing of Ayes and Noes:

Ayes, 4 (Ohno, Takumi, Keohokalole and Choy). Noes, none. Excused, 1 (McDermott).

Representative Belatti moved that H.B. No. 2349, HD 1, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. This bill is kind of a small business nuisance bill. It says that if you're a mechanic, you've got to have in your shop a big sign that says you're licensed, you've got to carry a sign or a packet or a membership card in your wallet that says you're a certified mechanic, and if you don't, you get fined \$100, or if you're a dealership, you get \$250 if you don't have the sign in the window. This session we've had kind of a sign fetish, Mr. Speaker. We've asked for signage for those people who didn't have a national franchise, we talked about the restaurant bill a couple of days ago, if you didn't have a sign in the window. A few sessions ago, we had if you were a pregnancy center and you didn't advertise abortions, you didn't have a sign regulation.

"The point is, we have a rather unfriendly business environment. This kind of encourages it. It's more of a nuisance, it's not a substantive discourager, but it's a nuisance, Mr. Speaker. The enabling environment needs to grow small businesses, because that's the future of our economy, 70% of all new jobs come out of small business. These are the guys who went to community college, who are these mechanics. Why do we want to discourage them? I've not heard of mechanics under trees taking away business from the dealers, and the dealers got most of the business now already, because it's computers that basically fix the car that fix the tune up, *et cetera*. If you don't have all that equipment, you can't do it. So this kind of hurts the small guy, it's a nuisance, and again, uncalled for. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 2349, HD 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO CITATIONS FOR MOTOR VEHICLE REPAIR VIOLATIONS," passed Final Reading by a vote of 49 ayes to 2 noes, with Representatives Tupola and Ward voting no.

At 11:05 o'clock a.m., the Chair noted that the following bills passed Final Reading:

H.B. No. 1934, HD 1, SD 2
H.B. No. 2005, HD 1, SD 2
H.B. No. 2108, HD 1, SD 1
H.B. No. 2110, HD 2, SD 2
H.B. No. 2175, HD 1, SD 1
H.B. No. 2349, HD 1, SD 2

INTRODUCTION OF RESOLUTIONS

The following resolutions (H.R. Nos. 229 and 230) were announced by the Clerk and the following action taken:

H.R. No. 229, entitled: "HOUSE RESOLUTION AUTHORIZING AND EMPOWERING THE SPEAKER TO PERFORM AND CARRY OUT ANY OFFICIAL LEGISLATIVE BUSINESS DURING THE INTERIM BETWEEN THE 2018 AND 2019 REGULAR SESSIONS," was jointly offered by Representatives Belatti and Tupola.

On motion by Representative Belatti, seconded by Representative Tupola and carried, H.R. No. 229 was adopted.

H.R. No. 230, entitled: "HOUSE RESOLUTION INFORMING THE SENATE AND THE GOVERNOR THAT THE HOUSE OF REPRESENTATIVES IS READY TO ADJOURN SINE DIE," was jointly offered by Representatives Saiki and Nakashima.

On motion by Representative Belatti, seconded by Representative Tupola and carried, H.R. No. 230 was adopted.

ANNOUNCEMENTS

Representative San Buenaventura: "Thank you, Mr. Speaker. On this last day of session, my thoughts are with Puna. Since Monday, we have been rocked with earthquakes, multiple earthquakes. Last night, we had an alert where residents were told that an eruption was imminent at Leilani Estates, Nanawale, Pohoiki. That is south and east of the 2014 lava flow. If the lava were in fact above ground, it would have crossed Highway 130 by now. That is how far east the magma has intruded towards Kapoho.

"Although some want to evacuate, there are no evacuation centers that are open, and experts themselves do not agree whether or not an eruption is imminent. The unknown with a constant shaking of the ground is causing major stress in my community. In fact, one charter school has closed. Pohoiki, the road to the surfing beach is also closed because of cracks that are widening. Since session will be over and emergency appropriations like that that has occurred for Kauai will not occur if disaster should strike Puna, I ask for your support during the interim for any measure that the Governor may choose to do. And I ask that you keep us in your thoughts and in your prayers that Pele would spare us as it heads towards Kapoho, the site of the 1960 eruption, which decimated an entire village. Thank you."

Representative Quinlan: "It has been a momentous year, as I said last night in so many words, we did it all. We did absolutely everything. And in this endeavor, we were led by five people that I'd like to thank today on behalf of the freshmen. Speaker, Vice Speaker, Majority Leader, Majority Floor Leader, and Finance Chair, thank you guys for the last two years, for all your hard work, for all the long nights, for putting up with my antics and the rest of the freshmen, we really try hard to keep Nadine in line but it's a tough job. And so we have some leis for you that we wanted to present, and how about a big round of applause for our leadership, you guys."

Representative Mizuno: "Thank you, Mr. Speaker. I'd like to thank my staff who have been just steadfast and great. Many times, we as lawmakers get the credit, but really the staff, the entire institution behind us, they should really get the credit. I wanted to thank Christine Fehn, Charles St. Sure, Espie Badua, Amanda Patrick, and of course my wife, May Mizuno, for the great support that they give me. Mr. Speaker, I'd also like to thank you. I'd like to thank you and your entire leadership team and all the members of this body. This could be arguably the greatest legislative session in the history of our state. Significant topics as affordable housing and homelessness, consumer protection, education, environment, and healthcare were passed out of this legislature.

"Mr. Speaker and members, I'm going to ask for your kind indulgence. I'm going to go back on November 13, 2017. The Ways and Means Chair, and Speaker, you and myself, were at Queen's Hospital on that day and on that time, 12:00 noon briefing, that exact moment, my brother was rushed into the Queen's ER room. You see, he slipped and fell, and he had brain hemorrhage, massive bleeding. At that exact time, I was brought up to his room, and I got to do something that not many people get to do. I got to hold his hand and tell him I loved him. I got to have my speakerphone on so my sister could tell him she loved him. And I know you worked with my wife and said, whatever I need, we're here for you. Thank you, I'll never forget, I didn't say anything, I kept it to myself, thank you, Speaker.

"I want to thank the Majority Leader. When I was going through a most difficult time and just keeping everything inside, and she saw me and said, you look like you're holding up, are you okay? And I said, yes. And I was just broken inside. But when she said, she checked on me, that meant so much to me. I want to thank the Judiciary Chair, who I saw in the hall and he shook my hand and he said, one in a million that your brother was there and you were there with him. That meant so much to me, it kept me going. I'm so grateful. As hurt as I was, I was so grateful.

"How does this relate today? I know two things, that life is so precious and yet at a moment's notice it's precarious. So I don't know where I'm going to be next year, Mr. Speaker. I'd like to be back, but anything can happen as what happened with my brother, who I just love, who was homeless and suffered from a mental condition, and a drug addiction.

"So you see, Mr. Speaker, I want to thank you. You stepped up, told us to be bold, and our policy leaders made it a point to deal with homelessness

and affordable housing. Again, this is truly historic, \$570 million for affordable housing, over \$50 million for our homeless, we've never had a session like this ever, ever. I want to thank the Majority Leader for her leadership, especially in crafting Our Care, Our Choice. This has been a debate for over 20 years, yet when I'm looking at the bill status, in a little over a month, about 37, 38 days, your House, working with the Senate, was able to pass a most difficult bill, Our Care, Our Choice. What took 20 years was dealt with in less than 38 days, it's amazing. I could go on about the environment and the landmark legislation that was passed. I could also talk about the outstanding Education Chair and what we did for special needs children, and a landmark decision to put on a Con Am amendment, because of education for our teachers.

"I just wanted to say, Mr. Speaker, for all of us here, and I wanted to make sure I don't leave anyone out. For the Majority, the Minority Caucus we work with, your entire leadership team, Sergeant-at-Arms, Clerk's Office, House Majority Staff, House Majority and Minority Staff Offices, LRB, DAGS, Public Access, and all staff, our Senators, all staff of this great institution. I want to thank everyone. I want to thank everyone for being part of something great. The special thing about this is that greatness will be with us forever, for the rest of our lives. Thank you for everyone. Thank you, Mr. Speaker and all the members of this institution. God bless you all."

Representative Ward: "Mr. Speaker, that will be hard to follow, but on behalf of the minority, I want to thank you, leadership, freshmen, everybody, and hopefully, Mr. Speaker, this session, we've had a greater appreciation of the role of the minority. We love you guys, we're 46 to 5, we fight, but in the end it's for the sake of democracy and the people. Lastly, Mr. Speaker, I want to thank all those who have given their time, and those who six who are leaving, thank you for your service, and we're going to miss our Minority Leader, and on behalf of your caucus, we have a lei for you. So let's give Andria Tupola a round of applause."

At 11:15 o'clock a.m., Representative McDermott requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:16 o'clock a.m.

At this time, the Chair stated:

"As was mentioned, we do have a few members who will be rounding out their service in the House of Representatives, and we wanted to take some time to recognize them today. So first, beginning with a member of the Class of 1995, Representative Ken Ito."

At this time, the Chair recognized Representative Ken Ito, Class of 1995, who was presented with a certificate and lei by Representatives Say and Har on behalf of the Members of the House.

Representative Ito: "Mr. Speaker, first of all, I want to thank the Majority Leader for putting me number one. But thank you very much for this certificate. This is the first certificate I got in 12 terms. I wrote up a speech, and I was going to read through the text, but you know, sitting here and looking at all your faces and people that I served with for all my 24 years, it's different, it changes the whole dynamics.

"First of all, I want to thank the constituents of Kaneohe for having the trust in me with doing the job as representing their concerns. They re-elected me for 12 terms, and I want to thank them, first of all.

"Secondly, I want to thank my staff who put up with me for all these years. And some of my former office managers all moved on to greater things. First one I had was Carol, then Lisa, and Melissa, and Roxanne, and now I have Richard. I also want to thank my family for putting up with me, too, all these years, and this has been a long journey. I want to also recognize Speaker Emeritus Calvin Say. We taught together way back at Kalani High School, where he was a teacher, and he didn't stay that long, he just stayed maybe about two years or three years and then he moved on to run for office and he got in, and I see him right now, and he has been a good friend and a mentor all these years.

"When I first got elected, I was sitting on the Finance Committee, and I still remember, I was the vice chair of Intergovernmental Affairs, and the chairman at the time was Roy Takumi. And from there on, things went bad. He gave me a lot of advice, he guided me through all this turmoil, how to control the committee, and I'm really grateful for that. And I just want to say too, I think he was the best Education chairman we had. When he used the word 'pedagogy,' I said, he has arrived, because that's one of the key terms that you use in education. Primary, secondary and tertiary education. So that term was, when I heard that, I said that I really, really was impressed.

"I also worked with different committees. One of the vice chairs that I had was Sharon Har on Water & Land. People don't know this, but she has a wide expertise on early childhood education. When I was the Education chair, she represented the Lieutenant Governor Mazie Hirono, and she came down and started off the early childhood education program from the Lieutenant Governor's Office, and she did an amazing job. As far as Water & Land, oh, I tell you, that's one of the key parts that IAL came about, working with Sharon and the LRB.

"Another person that I want to recognize is Representative Mark Takai, he was vice chair for Military Affairs and then he became chairman of Military Affairs. And I really miss that man, he was a really great man, he had vision, and unfortunately he's not with us anymore. Had Jimmy Tokioka, Military Affairs, he's a fast learner. I was really, I said to myself, wow the guy knows a lot about military for a guy that wasn't in the military. So I was very impressed that he's a fast, fast learner.

"I also want to talk about Speaker Emeritus Joe Souki, he was the Finance Chair at one time when I went see him, and I wanted to get some money to buy oscilloscopes for my program at Kalani High School, and he questioned me for almost half an hour, why I need it and everything. So I told him the reason, and I talked about innovation, and that was back in the '80s now, and then he said, okay, he said he's going to see what he can do to help. And he did it, he gave me the money, I bought the oscilloscopes, but it's obsolete right now, because of technology, but I'll be forever grateful for that. He also became like family. He attended my daughter's wedding and some of our family activities, and I really appreciate him for his guidance, leadership and friendship.

"Finally, I want to wish you, Speaker Saiki, much success in your future endeavors as Speaker of the House of Representatives. I remember we both all came in in 1994, was it 94 or 95? I think it was 94, right? And we all came in, we was, just like I see these guys right here, these young four freshmen, and then I see Choy over here. Oh God, real big difference. And I can see the promise of these young people. But we all came in 1994, and Speaker, I wish you much success, again. Good luck.

"I want to end by saying that it was a privilege serving with all of you folks. But before I say that, I just want to recognize the staff that made this all, really helped me a lot. The Clerk's Office, Sergeant-at-Arms, technology especially, I had to do a lot of relearning with all the computers, LRB, House Majority Office, and all the different agencies that made my life here productive. I also want to thank the Minority Office, from time to time when John Gibo was there, I asked questions and he helped me. And also Candace, right now she's at the House Minority Office. So, all in all, we all work together, and we try to get the people's job done.

"And again, I want to say, it was a real privilege. And I came to the realization that this is my last day here in the Chamber, the last time I'm going sit on this brand-new chair, and maybe the last time I'm going to see all of you folks on a regular basis. So, again, thank you very much."

At this time, the Chair recognized Representative Isaac W. Choy, Class of 2009, who was presented with a certificate and lei by Representatives Hashem and Ichiyama on behalf of the Members of the House.

Representative Choy: "Thank you, Mr. Speaker. I said during my invocation that I think I'm going to be sad, and I know it's today. But Mr. Speaker, I would like to report that I was the victim of very, very appropriate kissing and hugging today. And I just want you to know that I really, really appreciate that, because I really enjoyed it. Can I say that? But Mr. Speaker,

first of all, I'll put my farewell remarks in the Journal, but I'd like to take this time just to thank everybody.

"First of all, the leadership, thank you. I know I was a pain in the butt, but I just want you to know that I meant no disrespect. I love each and every one of you, and I know you have good hearts, and I know you guys are trying your very, very best to lead this state forward, and I thank you for that.

"Specifically, I just wanted to thank people like Auntie P. in House Sergeant-at-Arms, Rod and everybody, thank you. Thank you for opening my door, I know I keep forgetting my key, I don't really carry it, so the only way I can get in is with you folks. House supply Glenn and Rudy, thank you very much. You know Glenn, you've been my friend all my life, and I really, really appreciate that. The Sheriff's Office, I come in very, very early in the morning and you guys always say good morning to me, and very, very respectfully. I really appreciate all that you do to help protect us and this particular institution.

"Printshop, Tammy, Summer, Carol and staff, thank you. I know I print a lot of weird stuff, but, actually it wasn't me, I didn't ask for anything printed, it's my office managers, they come up with all this crazy stuff. And then of course the House Clerk's Office, BT, Rupert, thank you, I really appreciate that, even your predecessors, they really, really helped me become a representative, and I really, really appreciate that. Accounting, Roger and staff, thank you for paying me, I appreciate that. And Tech, of course the Tech staff, they're always coming up to the office to help me, and it's so embarrassing because every time they come and help me, all they do is push a button or plug something in and everything works fine, and I keep telling them I could have done it myself, but that's not true, because, you know, I couldn't have done it myself. So thank you, thank you for helping me. House Journal, Emma, thank you, thank you for correcting all my grammatical mistakes and all that kind of good stuff. You actually make me sound good, because when I read back the stuff, I say, did I really say that? I think, oh, I think Emma just fixed it up for me. So I really appreciate that.

"The Public Access Room, Keanu and Virginia, you've been my friends throughout my career, I really appreciate that. House Communications, Carolyn, James, thank you. Thank you, I think you guys are doing a very, very admirable job. And of course, HMSO, Jamie, Steven, Alison, Mr. Funaki, all the attorneys, analysts and staff, thank you. Thank you for helping me, and I know I've been a pain in the ass to you. Can I say that? But that's okay. You know, but that's just one of those things. LRB, Charlotte, Shawn, I know I criticize a lot of your writing, but that's just the way I am. Maintenance, of course, our custodians are great guys, I talk to them all the time, I swear to them that the rubbish that they have to take out is not mine, it's made by somebody else, but actually it was mine. So I really appreciate that.

"Of course, all of you, my colleagues. And Representative Nishimoto, for the record, you do not have permission to marry my daughter, okay? For the record, for the record. The people who passed away, Bob, Mark, Richard, Cliff, Mele, I miss them, I miss them, Mr. Speaker, and they were part of my tenure, and I will always remember them.

"And of course, my office staff, Pam, my former office manager, Carol, Hector. I always tease Pam, but I want you to know, I knew her since high school, and I definitely aged better than she did. Please don't strike that too, okay. And finally, Mr. Speaker, if you could, could you please send a message to Mayor Kirk Caldwell? Please tell him, if he ever screws up on his paperwork again, I ain't running. Thank you, Mr. Speaker."

At this time, the Chair recognized Representative Beth Fukumoto, Class of 2013, who was presented with a certificate and lei by Representatives Johanson and Nishimoto on behalf of the Members of the House.

Representative Fukumoto: "Thank you, Mr. Speaker. I've never actually, which, this is going to be surprising because of everything that has gone on in the last six years here, I've never actually cried on the floor, but I'm positive it's going to happen today, so I'm warning everybody right now. I tried writing this speech a couple of times and ended up writing it while we were sitting here, so it looks like this. But it was a hard speech to write because I haven't even come to terms with the fact that I'm leaving. That was

so fast. I tried to write it, I tried to have other people write it for me, I thought maybe there was a way to power through and not get sad. There isn't, so I'm going to be sad.

"This building, this is my 10th session, and I think a lot of people don't know that. When I first walked into this building, I was just, Gene's going to make me cry, he's looking at me. When I first walked into this building, I applied for a job, just looking at an ad in the paper that said that the Minority Research Office was hiring. And this is supposed to be funny and it's like not going to be funny because I'm crying, but anyway, I answered this ad that the Minority Research was hiring, and I came in for the interview thinking that I was actually applying for a job to research ethnic minorities, and I thought, hey that makes sense because we have a lot of ethnic minorities in Hawaii. I knew so little about politics that I didn't know who I was interviewing with.

"So I got in and my interviewer said to me, you know this is the Republican office, right? I said, sure, I don't care, I just need a job. I was 25, I was just out of graduate school, my master's degree, it cost me a lot of money and I had tons of student debt, and I said, okay, it's the recession, I just need a job, I'm going to do this, and the job was filing papers. And that's what I did, I just filed papers, every day, with a master's degree, 2,000 pages every day, testimony, everything, before we were paperless, and I just sat around and listened.

"And I knew I was struggling. I knew my family was struggling, as I said, it was the recession, I couldn't find another job, I couldn't move out of my parent's house. And I looked around and I felt like a lot of the decisions that were being made were being made by only a few people who had a lot of power but weren't really in touch with the average working people in the state. And I felt that a lot of those decisions were being made for other people with power, being made for people with wealth and influence and not really being made for average people, and so I thought I should run for office, and maybe we just needed new voices. And I was so anti-establishment that I thought, maybe the way to do this is to run as a Republican and run out, completely outside the fold of power.

"But I got in here, and I met so many of you who also were frustrated with the status quo, and I didn't know you were there. And getting to know you all, getting to work with you all has been such a blessing. But what I really want to say, especially today, to the Speaker, to the Majority Leader, to the JUD Chair, to the Finance Chair especially, you all have made more progress here, in this one year, in a way that I never expected, in a way that I never believed could even happen. I had given up hope of change in this body and in this state. And you all made progress on things that I didn't think that we even cared about anymore. And that you did that made me very proud to be a member of the Democratic Party, made me very proud to be a member of a Majority Caucus that actually believes in democratic values and actually wants to advance those values, and allowed me the opportunity to do the things that I always cared about, and all I ever wanted to do was to make things easier for the people of the state, and I think we actually did that this session. So, thank you. Thank you for being different. Thank you for showing me that the status quo is not always going to control the state, and thank you for letting me be a part of that.

"The other people that I feel like I really want to thank right now, and the people that, it's their fault that I'm crying already, we have a giant group text, and some of you are up there, but we have a giant group text in my staff going on. I've had so much change over the course of the last 10 sessions, more change than I think most people have in their entire lives, more challenges, and more uphill battles. And the people that have always been with me are my staff. We have a group text going right now, with people all over the country watching this speech, because they feel so invested in everything that we've tried to do over the course of the last 10 years. And I want to thank them, I want to thank them for having my back always, for listening to me every time I came back and lost hope in things ever being different.

"And I want to thank everybody that was there from the very beginning, but especially I want to thank Candy Kelsey, who's up there, because she was the one that was in charge of making sure I filed papers in the right place from the beginning. Auntie P. who let me into my office also all the time because I got locked out, I hope you've noticed that I get locked out

less now. I want to thank my family who has believed in me, and believed in me even when I didn't believe in myself, has always been willing to step up even when I didn't want to go out sign waving, my dad did it, and I couldn't have done any of this without them.

"And last but not least, I want to thank the people of Mililani who gave me this chance, who took a chance on some kid that just knocked on their door over and over and over again, and eventually badgered them into voting for me. And to be able to be a part of their history and the history of our town has been an enormous blessing that I'll carry with me for the rest of my life. Thank you."

At this time, the Chair recognized Representative Kaniela Ing, Class of 2013, who was presented with a certificate and lei by Representatives Nakashima and Lowen on behalf of the Members of the House.

Representative Ing: "Today I feel my parents with me, I feel my grandparents with me, especially from my maternal side. My Japanese-American grandpa and my Portuguese-Spanish-American grandma first met at the statehood celebration on Maui in 1959, and they told me the most extraordinary stories of solidarity in old Hawaii. They taught me to reflect fondly on our plantation history but remember that that history is one of struggle. Their parents were among the brave workers who organized across genders and races, mashed up their own unifying language, Hawaiian Pidgin English, built an unbreakable coalition, and took it to the streets by unionizing and going on strike. Some were shot and killed by their corporate bosses, simply for demanding a \$2 wage and an 8-hour work day.

"And my parents told me to always smile, but never forget that Hawaii was built on stolen land, with stolen labor, and to remember and remain inspired by how immigrant and indigenous workers stood together to shape life in our islands. I know that if my great grandparents did not stand up to the corporate establishment of their time, I'd still be on the plantation. And that's what guided me throughout my life, from picking pineapples as a teenager after my father passed, to these six years with all you guys. I worked to make my district, my *lāhui*, and my grandparents proud.

"Since our first day in office, we have expanded voting access through same-day voter registration, kept fracked natural gas out of our islands, raised the minimum wage, demanded equal pay for equal work, led the nation in transgender rights, set the nation's first 100% renewable energy goal, and ban on toxic chemicals, we protected our *kūpuna*, we provided compassion to those facing death, and we secured record funding for South Maui, ensured the right to marry, and so much more. But our work's not done. The labor leaders of yesteryear, the Sakada, have passed into myth, and attacks against workers are at a generational high.

"The privileged few are once again stripping away the opportunity our *kūpuna*, my grandparents, risked their lives to build. Hawaii is becoming a playground for the ultra-rich. Forty percent of us aren't making enough to meet our basic needs, 70% of us now are living paycheck to paycheck, just one car crash or medical emergency away from going under. The average, the median home is now \$770,000, which means coming out of high school or college, you've got to be making \$200,000 just to enter the middle class and own a home. So the economy is rigged against our generation, we're not set up to succeed. These are radical problems that demand bold solutions. So yes, we should strive to bring everyone to the table, but too often, the people with the biggest bags of money and best lawyers on the table win. Sometimes we've got to build a bigger table.

"Seventy percent of my classmates moved to the mainland. I now have a 2-year-old son, and I just want him to have a shot to make it here, 16 years from now. And I trust that if we continue to amplify the voices of all who speak truth to power, with *aloha*, then you all make that happen. I have faith in all of you.

"Here are 10 things that I've learned from each of you throughout my time here. Number one, be driven by values, look for goodness in others, and be consistent. Two, there's always a reason not to do something, that's where most of us end up. If you want to bring about change, you have to do something, so get in there. Three, the experts won't save you, neither will your own brilliant ideas, it's all about the questions you ask and where you

look. The further you are from the people most impacted, the less likely you are to get the right answer. Four, there's nothing more powerful than an idea whose time has come, be able to see those moments and seize those opportunities, it'll be in these moments when maximum social change is possible.

"Five, there are always people within a system who have the right answer within the system, are working towards it, and face unreasonable, often arbitrary resistance. Figure out how to identify those people, and shift power in their direction. Six, your truth is important, and you should fight for it, but it's not the only truth. Others have experiences that are also valid, and your job isn't to deny that. If you just focus on attacking the truths of others, you will wear yourselves down, and others. Seven, figure out how to compliment those who are working towards similar goals. Just because your tactics or strategies are different does not mean that you don't both have a critical role. You're not going to win by spending all your time fighting your allies. Even when they appear to be fighting you, they may actually be helping to expand what is possible and assisting you in achieving your goals, so swallow your pride.

"Eight, sometimes, the most important thing you can do is create space for voices who are often unheard, and do your part to make sure that they have that space. They will take it from there, and you will shift the paradigm. Nine, foster creativity and openness. Don't think of all the reasons why something won't work, think about what can work and start there, before something. Ten, systems tend to funnel power and influence through the top. If you can fight that movement and keep power closer to the people most impacted, you're most likely to make social change.

"I've spent half my adult life here, as a triangle in a square building. I'm in this suit, and it feels like I'm out of my skin half the time. Growing up, no one thought that would be me. You know, I was into music, bodyboarding, I had dreadlocks at one point. And when I first ran, I could count the amount of people who thought I'd have a shot on one hand, and half of them lived at my mom's house. And sometimes it feels like the longer I swim in this soup, the more I think that's what the world tastes like. But it's important for people like me to be here. People that don't come from money or power, whose parents never went to college. I know it matters because I remember growing up, and seeing like, you know, Senator Akaka on TV, and Colleen Hanabusa, from Waianae, and people who talk like me, who dress like me, who look like me, and I was like, man, you know, maybe this is something that I could do, even though none of my parents, my friends' parents were doctors or lawyers, especially politicians.

"So, we got to reconnect with the people in our community. The stuff we do here is important, but real change only really comes from leading the people while being one with the people, to take our Hawaii back. For too long, we grew the sandalwood to build their mansions. We picked the pineapple, they drank the juice. We cut the cane, them the cake. But we have learned the lessons of our forbearers. We too are building people together across genders and races, no matter where they're born, who they love, how they identify, how they walk, if they walk, how they talk, and we are rising up to offer breath to generations yet unborn.

"So thank you all for fighting with me, I've learned so much from all of you, especially to my class, 2012. My mentors, and the rest of you, leadership, I see the *aloha* and love and care in all your hearts. Even in times we disagree or see the world differently, I have no doubt that each and every one of you are in here for the right reasons to serve our state. And I feel my grandparents here and I can see that they're proud of all of us.

"And most importantly, I'm thankful for the people of South Maui, for trusting me with this incredible responsibility, at 23 years old. We secured record funding for our district, hundreds of millions, Kihei High School is finally under construction. We have the most beautiful district in Hawaii, not just because Makena Beach, our world-class sunsets, the chill vibe, but because of the people, the kindest people you'll ever meet, in Kihei. They'll just stop you on the street and just chat you up. When you're talking to someone, it doesn't feel like you're taking away from their productivity, it really has that sense of commons and community that's so rare today. So just, thank you people of South Maui for your kindness. I love you all and will always treasure this incredible privilege.

"And big *mahalo* for my staff for making it happen, especially this session. Kory, Alan, Yvette, Alan, and most importantly, again, my *mahal ko. Mahal ko*, I love you. And lastly, to the *lāhui*. Hawaiians, take heart in one another. Even though we make up 40% of the homeless population, and that there are more of us outside of Hawaii than here, we've got to keep the faith, they will not crush us. If you're ever feeling weak, just remember where you come from, remember that we have, if you're Hawaiian and you're alive today, you come from the strongest of the bloodlines that our ancestors faced, famine, all sorts of diseases that were introduced in our islands, some really tough times. So, you are strong, all right.

"My great-great-great-great grandmother, she was in the Kalaupapa settlement, she had Hansen's disease, and the policy at the time was, if you have a child, that child needs to stay within the colony. But before the baby was able to contract the disease, she had it snuck away by the mailman to live with her brother on Maui. So she made that ultimate sacrifice, to allow our family to continue. I would not be here today if not for her sacrifice. Her history was erased, erased by folks that sought to oppress our culture. I didn't even know our name was Kekipi until a cousin of mine, coming out of law school, decided to get some, go really deep into genealogical research. It was changed to Davis. We were ashamed of our Hawaiian name. So when Laguna was born, we gave him the name of Kekipi, which means the rebellion, or the resistance, and this resistance will carry on for generations. And when I look out to Hawaiians all across the nation, all across the state, I see people coming, going to university, obtaining higher degrees in record numbers, becoming doctors, lawyers, business owners, social movement leaders, and almost as if we're building a new nation. So, *'onipa'a kākou*, and thank you so much, everybody."

At this time, the Chair recognized Representative Jarrett Keohokalole, Class of 2015, who was presented with a certificate and lei by Representatives Evans and San Buenaventura on behalf of the Members of the House.

Representative Keohokalole: "Thank you, Mr. Speaker. I want you folks all to know before I start that there are a bunch of lines crossed out. Brevity was my intention. When I start to go on a rant, I just want you to know, I tried to cut it, make it short. So I'm going to start by stealing part of Isaac Choy's speech, he did a much better job at taking the time to identify all of the people who are just crucial parts of this building that make this place work. But identifying them by name, which is really appropriate and well deserved, for all of you folks. So everyone who makes this building function, you folks deserve that recognition, I really appreciate all the work that you do.

"Also, I really appreciate how professional everyone is. I don't like to be referred to as Representative, in part because I was staff here, and I thought that a lot of you folks were just stuffy jerks. But the staff that do it, they, even after I, my first year I went around and told people don't, you can just say Jarett, and they refused. And they refused because they're professionals, because you folks take your jobs seriously, and you understand that there's a role to play in making this building work, and this building serves the people. And I just want to take a second and recognize that that professionalism is much appreciated by me, and, and I'm sure many other members. So for all of the folks, the staff that make the building work, my office staff who really serve the people of the district really fantastically, I really appreciate the work that you folks put in, so thank you for that.

"I'd also like to thank, again, the members of my community who chose to allow me to come here. It's been one of the greatest privileges of my life. I spent my whole, actually, I thought about it, I've wanted to be a lawmaker since I was nine years old. I can't remember what movie it was that I watched, but I remember thinking, yeah, I want to do that. And ever since then, really it's been twists and turns. I spent a lot of time screwing around in college and things like that, but it's always been, I've always been trying to kind of prepare to eventually get here, so that when the opportunity arose that I'd be ready and deserving of it, and then I did it, and now it's over. I was talking with Beth about it last night, it was so fast, and it's amazing that it's over, and I'm really just grateful and privileged to be here.

"I think we did good things this session, and I'm really proud to have been a part of it, if only a small part. I think this session really was a high note in

my short tenure here, which is as good a point to depart as I can think of. So I'm happy that we got what we got done, and I know that there's lots of work to continue to do, there will always be work in this building, and I'm happy to have played a part in what we were able to accomplish.

"I know as time goes by, I'm going to forget a lot of things about my time here, but I do know that there are moments that have taken place throughout my time here that I will never forget, especially the moments where I learned lessons. Some of those moments are definitely going to stick with me, and I'm thankful for that. To be on this floor, in this Chamber, and a part of these debates, I'm going to remember very fondly. I'm proud to be able to go on for the rest of my life and say that I was here. I was here for these arguments, for these debates. I appreciate the minority, even the members of the majority that we've debated with, like I said, I'm proud to say that I was a part of this, that I was on the floor, in the room.

"A friend of mine told me recently that he admires the perch that we sit on in this Chamber, because of how much we get to see. And when he said that, that really reminded me of the weight of the responsibility we also carry, and it reminded me of one of these moments that I'm going to never forget. And it was in a Finance Committee hearing, and there was a member here, I'm going to screw up exactly what happened, so they know who they are. But we were having a debate, I think with the counties, we were jousting with them over some issue, I don't even remember what it was. But this person made a point to tell a story about when the recession hit, and how this Chamber had to reduce the budget by I think a billion dollars, and he said, you know, and people died, and he said it in a really casual, like terse manner, and it was meant to deliver a message to the people that we were discussing, but it hit me. It hit me right in my heart, and I'll never forget it, because that's the weight of the responsibility that we carry.

"We make decisions here and they affect people's lives, and if we don't take that seriously, then it's really, I think that's really unfortunate. And I don't think that it's something that's lost on the members. It's just, because of the way this process works, and the weight, the scope of the responsibility we have, it's easy to forget about that. But I'll never forget it, because it's real. It had a big impact on me, because the first couple of years, actually all the way until really this session, I just spent the majority of the time, it might not have looked this way, because I tried really hard to hide it, but I spent the majority of my time just stumbling around this building trying to figure out what to do. How to keep up with all of you talented people, how to understand what's going on and how I can make an impact. And so, it made me realize that people are suffering. We have to take this job seriously, and we're not going to save everybody, we just can't do it. And so we have to do our best to just take that responsibility seriously. And so I respect all of you and admire all of you for joining me in taking this responsibility seriously, and coming here.

"It's really easy to talk about all the things that are wrong in our society and in our state, and criticize and grumble. It's even easy to talk about how you could do a better job than the people here. And, you know, maybe you should. And then you get to the point where it gets hard, that line right there, where you have to actually make the decision to go for it. Isaac always jokes about how he got pushed into it. Yeah, but we all had a choice, we all had to make a decision to come here, and you folks did, you took the responsibility and you did it, and I admire that a lot.

"Too often, the public only sees the worst side of the Legislature, the worst aspects of the Legislature. The fights and the pettiness that are real, because this is a body made up of human beings, and that's a part of what it means to be a human being, we're going to fight, and sometimes it's going to get ugly, and it gets ugly because it matters, because people are taking it seriously. So, the other side of this legislature that I think the public doesn't get to see enough, and that I've gotten, really just recently, like in the last couple of months, in my fourth year here, is really coming to understand how to craft solutions to fix some of these problems. It's really taken me that long, and it comes from understanding different perspectives.

"Some of the other members have talked about how we don't get along, and sometimes it's just because we see things differently, but we represent different perspectives in our communities, and they all matter. And the only way to really fix things is to genuinely take a moment and try and figure out exactly what the underlying values are of the people who you disagree with,

because at the end of the day we're really not that far apart. And if you don't take, if you don't understand and appreciate that, then it's hard to get to a solution. So we've done some of that this year, and I think that really does reflect the moments when the Legislature is at its best. When we see a serious, significant issue come to light, and we all just take a moment and realize that it's our responsibility to fix it, and the grownups take over, and everybody puts aside their differences, and we solve problems. Kauai is a great example, I hope that we do that with Puna, and I'm confident that we will, because people in this building care. That's the whole point of this.

"It's been a real blessing to be here with you all. I'm truly honored that for the rest of my life, I get to say that I was here with you folks, even for just a short time. And I also deeply appreciate the lessons that I have learned. And I want to take a moment to just say, for those of you folks, and you know who you are, who took extra time, when you didn't have to put politics aside, or whatever was going on. You took extra time to sit with me and teach me, I really appreciate it. I didn't always do what you folks wanted me to do, but I was listening, and I learned, and it's because of that that I learned, because people took the time to sit me down and teach me, and take my calls when I asked, and answer my questions when I asked them. So, thank you.

"And I want you folks all to know, and it'll go in the record, I don't know if many members of my district are listening, but I do want you folks to know that you have gotten my very best. You folks have pulled it out of me, I have done, this is the best version of me that has ever existed, and it's because of you folks, because of the talented people that are in this building, and watching, and trying to keep up with you guys, and like I said, figure out how I can make an impact and be a part of the progress. So, it's been a challenge, I love challenges, and I'm grateful for it, I'm very grateful for the experience. So thank you all very much. *Aloha.*"

At this time, the Chair recognized Representative Matthew S. LoPresti, Class of 2015, who was presented with a certificate and lei by Representatives Takayama and Belatti on behalf of the Members of the House.

Representative LoPresti: "Mr. Speaker, I rise to announce that I will not be seeking reelection to the House of Representatives. And I know that may surprise some of you, but I rise to say farewell. I did not come here to make a career change. I came here because I believe that the Founding Fathers built a brilliant system of government, whereby normal people, normal citizens, would step up, take time out of their lives, and serve their country, and I've done that. And so I'm going to move on. But, hopefully, maybe to the other side of the building, we'll see. It's been a true honor and a privilege to serve with each one of you. Pardon me, I get emotional. And I hear that term a lot, and to say it and have meaning, it really feels different, to say what an honor and a privilege it's been.

"I want to give my *aloha* to my colleagues, to leadership, for honoring me, just a second term rep, with a chairmanship, I'm very honored by that. To thank my staff, without whom I couldn't have done anything, I'd be completely lost. Charles and Natalia, Randy, Rihui, Jun and all my previous staff and my previous interns. Gosh, I didn't think I'd get choked up, sorry. I want to thank the staff, minority, majority leadership, and majority, minority parties. I want to thank Sergeant-at-Arms and Chief Clerk's for being consummate professionals. I want to thank all the advocates who come here every day. I want to thank the journalists, I want to thank even the lobbyists, who work very hard on behalf of their clients. But more than any of these, I want to thank my wife for being my best and most sincere critic. I want to thank my family for their loving support for this extremely difficult job, and I want to express my heartfelt gratitude to all my constituents in Ewa and Ewa Beach for believing in me and trusting me to represent them and their families' interests in state government.

"Many people from so many different backgrounds and interest groups and constituents encourage me again and again to stand for some other position, and I said no, again and again, because of what I was said earlier, I just wanted to serve a few years and get on with my life. I know I made a difference where I am, and right here in the people's House with you. But after going back and forth in my head and my heart, and my friends and family, many times, I came to realize that I sincerely can make even more of a difference by staying involved in government and asking the people I

represent, those in the larger community, to consider me for something else. This was not an easy decision. In all honesty, I've considered quitting many times. As many times as I've considered other things, when I weigh my passion to serve, the struggles this place has, how it's negatively affected my health in some ways, and to be completely honest, how it's negatively affected my outlook of human nature in many ways, and I do not say that lightly.

"At the end of the day, when all things are said and done, I just want to make this world a better place for my children to inherit. I want them to have forests and reefs, where wild things thrive and grow. I want them to know peace because they live in a society defined by justice, not a retributive kind of justice, mind you, but a society filled with restorative justice, economic justice, a generational justice, and where inequities are dealt with openly and honestly, and where all those who come to the table are treated with dignity and respect. We do not have that world. We do not yet have that kind of system, at least not yet. In truth, I think many systems are like this, but if you're not at the table, you're on the menu. If you speak your truths and use your voice in a way that makes other uncomfortable, even here, you pay a price for it.

"You see, I come from academia, I'm a professor, you all know that. And I tell my students at the beginning of every semester that my job is to make you feel uncomfortable, to make you challenge your own beliefs, not to disrespect them, not to even get them to change their minds, but rather to really challenge themselves and the way that they see the world and how to act in it. I've brought that here, but you, my peers, are not my students, you're my peers. And if I've ever offended any of you, I'm deeply sorry, it's never been my intent, only to challenge you as I challenge myself every day.

"So how do we change this place for it to be even better, how do we do this? There's many simple ways. My momma, Martha Ellen Shelton Lopresti, taught me to always speak my mind, even if my voice shook, for example, and I stood alone. And I'm reminded by, if I can use some art history, Norman Rockwell's painting of freedom of speech. He painted this in response to FDR's speech on the Four Freedoms, January 6, 1941. And when I've looked at it over the years, it's always reminded me to have courage to speak. But as I grow, it reminds me to have courage to listen to those who speak.

"Siddhartha Gautama, also known as the Buddha, he taught us many things that I believe are applicable to this job and this place, maybe I'll write about it someday. But one of the things that stands out as I wrote this, just this morning, because I didn't know what the heck I was going to say, he talked about, we have to have the right intent, and from that we get right speech, and from that we get right action. But without that speech part in the middle, being free and unfettered, we cannot get from an envisioned world of peace and justice, to one that resembles it.

"Therefore, I say to everyone here and outside, speak, speak your truth, and you will have those who listen. Speak your mind, and say yes when you mean yes, and no when you don't. Don't be afraid to stand in the light of the truth that you bear witness to, and also stand comforted in the light of the values that guide you, even if others do not share those values. Speech is that bridge between intent and action that can show all who you really are, and what you really think and believe. And without robust, respectful debate, tempered by reason and goodwill, we cannot make but a middling progress towards a better world. Though I'm very proud that this session, I think we really did do a heck of a job, and I'm proud to have served with you, especially this session.

"But if we cannot and do not share ideas in the public sphere with one another respectfully, how can we ever expect to form a just society in a world that we must all peaceably share? Even as a young student in high school and as a Boy Scout, I learned the value of speech, especially when I disagreed with it. And I committed myself then as I do now to encourage the use of free speech, even that with which I disagree with. And though I may disagree with you, I'll always fight for your right to speak. Democracy cannot properly function, much less flourish, without the protection of dissenting voices.

"We, elected officials especially, must be vigilant and mindful as to how this job changes a person, so that those of us in power do not lose touch with

the people and do not lose sight of the passions and values that led people to vote for us in the first place. We worked so hard to get here. Nobody knows that like we do, how much hard work it takes to get here, and it's frightening to consider leaving. But I feel humbled, I feel grateful, and I feel free in leaving. Keep that spirit alive, and that drive alive that got you here. Put it to work on policy, and you cannot fail to do the work of the people. Thank you for making room for me to bring my spirit and drive and ethic to bear on the very good work that we've done together here in my short time. *Mahalo and aloha.*"

At this time, the Chair recognized Representative Andria P.L. Tupola, Class of 2015, who was presented with a certificate and lei by Representatives Belatti and Ward on behalf of the Members of the House.

Representative Tupola: "Thank you, Mr. Speaker. First off, I want to thank those previous speakers, thank my colleague from Ewa Beach. Thank the philosopher, for four years we've been hearing his philosophies and I think it's changed us, I think it's helped us to think and ponder. And I want to thank my colleague from Kaneohe. Thanks for your words. I think what you said is so true, that we get passionate because we believe that it's the right thing to do here. We get passionate because we care so much, so much that it hurts us sometimes. I want to thank my Hawaiian musician from Maui for all that he does to speak out for Hawaiian rights. I want to thank my colleague from Mililani, as well. You know, we've had some times, and she definitely was part of the first part of my journey, and I want to thank her for her words. My colleague from Manoa, who's ever so inappropriate but very knowledgeable, I want to thank him for being so astute to how many different people have made a difference for each and every one of us in this building. So many people we can't even say all their names, there's so many people here that make this place go round. To my colleague from Kaneohe, wisdom, just pure elderly wisdom. When I sit with him, I feel like I'm getting counseled by my own father. So, thank you so much.

"I would be remiss if I didn't thank my district. As many of you know, I love the people of Waianae with all my heart. For me, not being a lawyer, not having any kind of background to do this job, and thinking in my head that I could get elected and make a difference for people, I have to say thank you to them because they trusted me. The girl from Hawaii Kai, the one that everyone was skeptical about, because they didn't know. And my main purpose in becoming a legislator was just to serve them, to see what I could do to help my community. And I feel like I've tried my best, as my colleague from Kaneohe stated, put it all out there, left everything on the field. I wanted to go back to teaching so many times, but I said, if I'm going to be a legislator, I'm going to do it all the way. I'm not going to do side-jobs, I'm not going to teach piano or voice on the side, I'm just going to legislate, I'm going to figure out how to do this, I'm going to do it to the best of my ability, and that's what I did for the past four years.

"I want to thank my staff members, definitely my office manager, my assistants, HMIR, Marcia, HMIR that's up there as well. I have to say thank you, because it is no joke to work for me. I run it hard and I run it hard every single day. I think we just finished our 40th town hall. Because every single time something happens in the community, boom, I'm doing a town hall, boom, we're trying to strategize, we're trying to solve things. And I know for people who work in my office, it's not easy, because I want to do so many things, so fast, all the time, and I definitely come in like a wrecking ball, if not even stronger. And it's definitely couldn't have done it without a team of people that cared. I mean, I'm sure they probably talked to their other friends down the hall and like, does your boss make you go pick up trash? We do all kinds of stuff. But to me, the intention was, in order to be a legislator, we needed to understand our people, understand our district, I wanted everyone to know who worked in my office that my vision was only to serve the people, every single day. And if people in my office didn't understand that we were here to serve the people, then we needed to change it, because we are here to serve. We are here to make a difference and a impact in our community.

"I want to thank Sergeants. Rod, you're awesome. Your staff, I know this sounds funny, but I love them so much, I feel like they're kind of protectors over all of us. Rupert, Brian, Emma, thanks for listening to all of our conversations and being so levelheaded about everything. Thanks to

Accounting, to Clerks, to the Custodians, to Gaya, I know she's up there. Every time she walks in our office she brings such a joy to us.

"I wanted to thank my family, definitely, my husband who came along with me, kicking and screaming, didn't want any of this, didn't want any kind of publicity. And I have to share a small story about how he helped me. Couple years ago, when a lot of things were going on, and you guys know how it is, you're always on the news, you're saying stuff, people are commenting about the stuff you said, and I remember going home, and gosh I must have been in the news cycle for so many days that I just wanted it to be over because it was just getting so harsh. And I remember coming home and looking at my husband, thinking he was going to cry, hug me, and he laughed, and I was like, whoa, what in the world. And he said, I don't think you want to hear what I have to say to you. I said, no, by all means say it to me, tell me what you're thinking. And he said, Andria, I am a public servant too, and he said, do you see anybody crying for me? He said, no, because you voluntarily got into public service. So pull up your pants, stop crying, stop feeling sorry for yourself, get back out there. He said, do what you have to do, don't care what people have to say, do it with the right intentions, and don't look left and right, and don't let it affect you. And I remember thinking like, all right, I can do this, let's do this. And just like my colleague from Ewa Beach said, it gets tough. There are days that are tough, that you feel like, man, was I supposed to do this? But every day you come back and you remember, yes, I was. Yes, I was supposed to do this. This is why I'm here.

"And I wanted to thank my colleagues, my caucus members. Lauren for being an awesome mom. Giving birth, nursing baby, coming to work, holding town halls, still getting mailers out, she's an example. To my colleague Cynthia, my goodness, I've never seen a woman of your age just fight, fight, fight. This lady is something else. When I'm your age, I want to be just like you. She's an example of somebody who doesn't let down, and she has taught me so much. My colleague Bob, even with all the explicit words, he is still somebody that is been on my side, on my left, all the time. To my colleague from Hawaii Kai, who was actually my Rep. when I was a kid and now I'm sitting alongside him. He even gave a certificate to one of my family, I mean this is how long he has been here giving service. And I know sometimes we get so irritated, because of the point of the point of the point of order, and all of the different rules that Gene makes up that don't exist. But I definitely think that without him, we wouldn't be having as much fun here, we wouldn't be smiling and laughing. And so, my colleagues have definitely helped me to become a better person. I thank them for giving me their trust. I thank them for allowing me to lead, even as somebody who has probably less years in the Legislature than all of them.

"And lastly, I just wanted to say that for me, I definitely think that there is, everyone here wants to get results. Everyone here wants, whether it's an appropriation, a bill, a resolution, and for me, the only desired result I ever wanted was just growth. I just wanted to grow. And I think for me, growth comes with risk, and I took that risk when I did it the first time, and I'm doing it again, and I had that impression when I spoke at a community meeting on one of the neighbor islands. I had that impression come to me, Andria you can help more people, prepare yourself now, and I want to. I want to make myself available for service as long as I can, because it feeds my soul. It helps me to remember that that's what our purpose here is, is to make the lives of other people better. And I know we have all different ways of how to do that. And I thank you, every single person, all 51 of you, and I wrote you each a card, because that's how much I care.

"I want to thank you for allowing me to be me. Because sometimes the things that I do maybe were unacceptable, maybe I spoke out of turn, maybe I asked too many questions, maybe I showed up at the hearing with too many binders, because as an educator, I wanted to get an A in every hearing. Every time I came back, I was like, yes, I think I got an A. No one's giving out grades, but I was making sure that I was getting As. I was making sure that I was raising my hand, asking questions. And so I want to thank you for just letting me be me. And I know that I do things different, I know that sometimes I do things that are out of step, I know some legislators pull me aside, like, Andria you vote no way too many times, I'm like, I know, I just, it just feels so good.

"And so I know that the way that I do things may or may not be acceptable, but like my colleague stated, I wanted to be me. I wanted to be able to serve and stay true to who I was, and I want to thank all of you guys for allowing

me to do that. Thank you for allowing me my musical-isms, for being able to sing whenever I wanted to sing, for allowing me to ask questions even though everyone knew the answer and I didn't know the answer. I want to thank everyone for helping me to become a better person, and I know these past four years have been such a blessing in my life. It's changed everything about who I am, and even if it was four years, I am so grateful to each and every one of you for helping me to become the person that I am.

"And I hope that as we look forward, that each and every one of us can remember, there are many beginners, very few finishers. So finish strong every single day. Finish hard and be who you know that you are. Don't be somebody else, be the best version of yourself in anything you do. And remember that the desired result that any of us is looking for is growth. And if you have to take a risk, take a risk. Grow, expand, even if it hurts, and that's why I'm so grateful today. And I'm actually excited. I'm excited for the new doors that are opening. I'm excited for a new future, I'm excited for all of you. And I wish you all the best in everything you do in all your future endeavors. Thank you."

The Chair then recognized Representative Belatti, the Majority Leader, to deliver closing remarks on behalf of the Majority Caucus:

"Thank you, Mr. Speaker. Wow, those are really hard speeches to follow. I'll start with the customary thank you. Thank you for all of our constituents who allow us to be in these seats for these two fleeting years that we serve. Thank you to all of our staff members, our legislative support offices, the Clerk's Office, Sergeant-at-Arms Office, House Majority Staff Office, House Minority Research Office, and the Legislative Reference Bureau. You make us look good every day of the week.

"I'm going to go a little off script, I want to thank the members of the Majority Caucus, and you, Mr. Speaker. There is no singular blueprint for what it means to be majority leader, and I'm going to steal some of the words of my co-Majority Policy Leader. I was stumbling around this place quite a bit, keeping up with all of our chairs, all of our members, and it has been a real privilege to serve as the House Majority Leader.

"Mr. Speaker, when you convened this session, you asked this Chamber to confront two interrelated challenges, the dearth of affordable housing units and a worsening homelessness situation. Though many felt that addressing these problems was akin to trying to farm in barren fields, your members and your leadership team remained undaunted and stood up to prove them wrong. Your members met during the interim to till the soil and stood beside your committee chairs as they sowed the seeds that were their very best proposals.

"Your members and your leadership teams stood behind those chairs as these ideas sprouted in committee during numerous community conversations, conversations involving service providers, those living in homelessness, and yes, even conversations with members of the executive branch. These ideas grew during crossover. Finally, even in the headwinds of conference and criticism, your members and your leadership team stood firm, sometimes misunderstood, but confident that we were doing what was best for our state.

"Mr. Speaker, our labor has made this a productive session on our top priorities. Not only did we allocate \$570 million to build 25,000 affordable units by 2030, fulfilling the promise we made to begin addressing the State's housing crisis, we also committed \$50 million to help people transition out of homelessness and into permanent housing. This commitment includes the \$50 million in flexible funding to the Governor's agencies that can be used for tried and true programs such as Rapid Re-Housing, Housing First, First-to-Work, Housing Placement, and the state Rent Supplement Program.

"This commitment also includes pilot programs that will engage the private sector and our executive agencies that stand eager and ready to address these community problems, to build ohana zones, work with our overtaxed emergency department rooms as they continue to deal with high utilizers of their service, to work with police officers and social workers in communities across three islands to address the social service needs of individuals in settings that are far, far less expensive than our jails and prisons.

"Mr. Speaker, our labor continued to the very last days of session, until last night, in fact, to this morning, when we passed Senate Bill 2791, to enable our agencies, without being handcuffed, to bring to fruition juvenile justice reform that will by next session help some of the most vulnerable living on our streets, homeless youth and youth who are survivors of human trafficking and commercial sexual exploitation.

"Mr. Speaker, our labor has made this a productive session, beyond affordable housing and homelessness, that has yielded a bounty of responsive, forward-looking legislation. We passed the Our Care, Our Choice Act, to give competent, terminally ill adults control over how they spend their final days. We passed voting by mail for the island of Kauai to move our election systems forward. We passed sensible bills targeted to assist survivors of domestic violence, to protect them against financial abuse, against revenge porn, and to keep the locations of these survivors confidential from their assaulters.

"We passed groundbreaking environmental and energy laws that continue us on our path of achieving 100% renewable energy, protect our *keiki*, and improve the health and wellbeing of our watersheds, our reefs and our oceans. We invested money into Hawaii's future by funding Hawaii's community college Promise Program and the Department of Education's Early College Program.

"Amidst all of this, Mr. Speaker, we rallied as a legislature to respond to April's devastating floods on Kauai, East Honolulu, and Waimanalo, appropriating \$125 million to help our communities and businesses rebuild. And now, we watch with bated breath as our Pahoia and Puna communities are living in fear and anxiety.

"Although we have much to be proud of, Mr. Speaker, we cannot rest on our accomplishments because much work remains ahead of us. We have laid the tangible bricks into the ground for paid family leave, a robust system to protect all of our students in our public schools and institutions of higher learning. And, depending on how the population decides the constitutional amendment, we have laid the groundwork to critically look at our tax and revenue system into the future.

"We must continue to build on the foundations we have laid and remain unafraid of tackling the State's future challenges. Mr. Speaker, on behalf of your membership and your leadership team, we stand ready and waiting. *Aloha.*"

The Chair then recognized Representative Tupola, the Minority Leader, to deliver closing remarks on behalf of the Minority Caucus:

"Thank you, Mr. Speaker. I want to thank you for a wonderful session, thank also the Majority Leader and leadership. I want to thank my team as well. We did our job as the minority to make sure to come prepared. We definitely had talked over the interim last year to make sure that all of the bills and resolutions that we talked about were things that were of absolute necessity for our state, and we're grateful to see some of those initiatives pass forward.

"We're grateful that the conversation was had about public charter schools. We're thankful that we're starting to get at the root of some of the issues of inequality for funding for our students. We're grateful that we're pushing forward to find more use of wasted space, or even wasted monies, so that we can better help our state to move forward. We're thankful that we were able to add to some of the discussions, and want to thank the Majority Leader personally for some of the hearings that they even added some of our discussion points into the bill, into the amendments. And I'm glad that we're able to do that, because as the minority, that's our job, is to make sure to look through and scrutinize and add in those, maybe perspectives that weren't taken into consideration. And we've actually found common ground on quite a few things. And I think that it's made both the majority and the minority stronger.

"We are grateful for the times that we've had and been able to speak out, not just in hearings, but here on the floor. For each one of my caucus members that comes prepared to the session, and as you saw in this past session on Tuesday, everybody was ready to speak, everyone popping up,

making sure to get their voice out there, making sure to be heard. And as the Minority Caucus, we did an active, active role in being part of the solutions that came forth this year.

"We have a lot ahead of us. During the interim there's so much more that we can be doing in each and every one of our districts. And we do, we feel for the people of Puna and we feel for the people of Kauai, as well as for East Honolulu, that are still overcoming and going through difficulties that maybe all of us need to come and render aid, and if you need our help, call us and we'll be there.

"As legislators, we do, in this body, from January to May, effect changes through bills and resolutions, but from May to December we can do much more. We can get into our communities, find out other things that need to happen. We can get into agencies and help to alleviate some of the backlog that they have. We can even look at some of the systemic issues that we have and start getting at the root of the problem, which many of our departments have been stuck and things have been, for lack of a better, not turning, and that's something that we are tasked to do as legislators, is to go in and study those systemic issues, not only propose the solutions here on the floor, but implement them in our communities.

"I hope that during this interim that we can still work hard for each and every one of our communities. We can go to our schools and see if the CIP monies that were granted were given, to see if the appropriations that were given were spent, to see if all of the things that we did made sure that they came out and actually had an impact on the people. As each and every one of us put our time, our sweat, our desires and everything that we have out here, we need to go forward and make sure that these impacts are felt by the people, so that we can truly say that this session was of great worth to the people of Hawaii.

"I hope that we can get out into encampments. I hope that we can get out into shelters, into affordable housing units, and start to see with our own eyes some of the impacts of our decisions, and then maybe take some turns, maybe suggest some better things, or maybe double down, because we know that it's starting to work in areas that have severe need that we're addressing from housing, to homelessness, to education, to better health care.

"So we thank you, Mr. Speaker, to our leadership, to the minority team, for everything that's been done this session, and wish everyone good luck during the interim."

Speaker Saiki then gave his closing remarks as follows:

"Members, the Chair just has a few closing remarks. In addition to all of the other acknowledgements that have been made this morning, the Chair wants to thank the Senate President and the Senate leadership and our Senate counterparts for the civil working relationship and the willingness to just reach results this year. Members, if you recall, it was only seven months ago that the Legislature was mired in a special session. And whether we agree or disagree on the result, the more important by-product of that special session was the realization that working together, the House and Senate can accomplish anything. This 2018 Regular Session is a testament to that lesson.

"The Legislature's accomplishments are historic in terms of their substance and range. A balanced budget with a sustainable carryover balance, 24,000 affordable rental housing units, five ohana zones for persons and families in transition, medical, law enforcement, and assessment services for homeless persons, funds for disaster relief on Kauai and in other areas of our state, individual autonomy for end-of-life decisions, mail-in voting beginning on Kauai, a step towards Title IX protection, a choice for voters to fund public education, restrictions on pesticides, a structure for paid family leave, equal pay for women, a ban on modified firearms, planning for sea level rise, and sunblock restrictions.

"But notwithstanding all of these measures, in my opinion, the overarching accomplishment made this year is that the Legislature acted as a legislature. We fulfilled our constitutional role as a separate but equal branch of government. The Legislature deliberated to resolve some of our most pressing challenges. The Legislature initiated and executed upon its

own ideas. The Legislature reset a profound policy direction for our entire state. This work will improve the lives of residents, our environment, and our commitment to the principles of justice, fairness, tolerance, and opportunity. I just want to say thank you very much to everyone for all of your work this session."

Representative Choy: "Mr. Speaker, I think I already did this, but I'd like to have further comments into the Journal. Thank you."

Representative Choy submitted the following:

*Shall we humble ourselves in prayer.
Being this is the final day of this legislature, as men and women of all faiths we Pray.
We pray for our all the people in our state, especially our families, friends, staff and colleagues.
We pray that all the hard work we have done will be of benefit to all of the people in our state, in our country, in our world.
We pray that our hearts were pure.
We pray that we have governed well.
We pray that we did not mess up too badly.
And finally, lord, I ask my colleagues to pray for me
For it is said:
I am already being poured out like a drink offering, and the time of my departure is at hand. I have fought the good fight, I have finished the race, I have kept the faith. For now the crown of righteousness is laid up for me, which the Lord, the righteous judge, will award to me on that day...
I pray in the name of my lord Jesus Christ,
Amen.*

"Mr. Speaker, perhaps it's fitting to write this farewell address, on the floor of my last long day. I think I am going to miss this place, but I will let time do its job in making reflection a more thorough process.

"At no time did I ever think I would be working in the government and getting a government paycheck. I certainly never thought that I would ever run for public office. But here I am.

"Every one of the men and women of this body are dedicated, good hearted, and hard-working people. Sometimes politics get in the way of true friendships but bringing people together from all walks of life is truly an educational experience. Trying to get them to work with each other is genius.

"I hope history judges me kindly, as I was the 'politician by mistake.' My conservative views both socially and fiscally were tested in this liberal, progressive atmosphere. If given the opportunity to ever describe myself or how I would want to be remembered is that I was consistent and kept my word. I believe the colloquial term for this is 'hard headedness.' Although I remember being called 'wrong headed' by the press.

"I wish I could report that the State was in a better place because of my presence in the Legislature, but I can't. I certainly left a lot of work for future generations to do. A democracy is far from perfect and truly inefficient, but I would not have it any other way.

"The future of our state is at a tipping point. Our policies will determine whether our children will have a place in Hawaii to call home. I lost my three children and grandchildren to the mainland during my watch. This will be the biggest disappointment of my political career. I am hoping the next generation of political leaders will make this priority-one.

"Finally, it's time to thank the people in my district and the people in Hawaii for this opportunity to serve. It was an honor and a distinct privilege to be a part of your lives. If ever given this chance again, I will be more experienced and hopefully wiser; just trying to better the lives of all in Hawaii. Aloha."

Representative Fukumoto: "Same request."

Representative Fukumoto submitted the following:

"Mr. Speaker, in addition to my comments, I wanted to add some memories from my staff over the years. I've had a great staff every year, and many have remained on my team even after they left. Today, before I delivered my last speech, I texted all 14 of them to let them know how important they were to me. And, their messages back were beautiful. That said, our office has had a tradition of writing random quotes on a 'Famous Last Words' board over the years. And, rather than include the nice texts, I asked them to choose their favorite 'Famous Last Words' quote to include in the Journal. Although I wish I could share every one of them, here is a collection of my staffs' favorites:

- "Let the crazy run its course." – Beth Fukumoto circa 2010
- "Don't pull a Chelsea." – Chelsea Roy
- "The only way I'd get back into politics again is if it were for Bernie Sanders or Beth Fukumoto." – Jennifer Miller, that is what she said.
- "The office resolution urging Kanani Castro to make better life choices." – Kanani Castro
- "He took you hiking? We are very different people." – Tiffany Gourley
- "'A little sparkle never hurt anyone' – Beth." – Daniella Kim
- "We were making Ewok ears out of teddy bears and there was fur and stuffing and teddy bear carcasses all over the office floor. The looks that people would give us when coming into the office were priceless. So worth it – people LOVED the Star Wars theme." – Stephanie Burgess
- "It's like sprinting through molasses." – Arwyn Jackson
- "God damn beard cat, get outta here!" – Desmond Alberracin-Ahana
- "Quote me once we're done. #WINspiration." – Sarah Fukumoto
- "MISSION: To kick more ass with less feet." – Marlo Ting
- "The monocled peanut man always smiled down upon us." – Justin Omori
- "HAHA I HAD A FEELING. I sent another one to Des about pizza and cookies." – Noah Murakami
- "I'm gonna pop some tags ... I'mma take your grandpa's style." – Kaylee Skaar (and Sarah)"

"EXECUTIVE CHAMBERS
HONOLULU
July 10, 2018

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1621

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1621, entitled "A Bill for an Act Relating to Consumer Protection."

The purpose of this bill is to protect consumers in cases where damaged goods are returned and where high turnover restaurant franchises do not participate in national advertising campaigns.

This bill is objectionable because it may be unconstitutionally vague and it presents practical challenges to enforcement.

Due process requires that laws "state with reasonable clarity the act it proscribes and provide fixed standards for adjudging guilt, or the statute is void for vagueness." *State v. Gaylord*, 78 Hawai'i 127, 138, 890 P.2d 1167, 1178 (1995). In this bill, the phrases "typical duration," "approximately one hour" and "moderately priced," among others, in the definition of "high turnover restaurant," do not state with reasonable clarity the requirements of the statute, and do not provide fixed standards to avoid arbitrary or subjective enforcement.

In addition, even if this bill is not unconstitutionally vague, a plaintiff will need experts and witnesses to demonstrate whether the "typical duration of customer stay is approximately one hour," and whether the restaurant is "moderately priced." As a practical matter, the high costs of expert testimony, the limits of recovery, and the uncertainty of results will prevent lawsuits from being filed and will therefore impede enforcement.

For the foregoing reasons, I am returning House Bill No. 1621 without my approval.

Respectfully,
/s/ David Y. Ige

"EXECUTIVE CHAMBERS
HONOLULU
July 10, 2018

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 48

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 48, entitled "A Bill for an Act Relating to Technology."

The purpose of this bill is to merge the Hawai'i Strategic Development Corporation (HSDC) and the Hawai'i Technology Development Corporation (HTDC) into the Hawai'i Innovation, Technology, and Research Corporation.

This bill is objectionable because it creates operational issues and disrupts the core functions of HTDC. Specifically, this bill eliminates 1.5 permanent positions and 6.25 temporary positions. Although funds are appropriated to pay for these workers in those eliminated positions, the bill fails to create new positions into which these workers may be placed. Additionally, amendments to HTDC's budget, combined with amendments in Act 53, the Supplemental Appropriations Act of 2018, create a net reduction in HTDC's core resources that will adversely impact its operations.

For the foregoing reasons, I am returning Senate Bill No. 48 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2407

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2407, entitled "A Bill for an Act Relating to Medical Cannabis."

The purpose of this bill is to allow the medical use of cannabis to treat opioid use and substance use disorders, or withdrawal symptoms resulting from the treatment of those disorders.

This bill is objectionable because the Department of Health, through section 11-160-7, Hawaii Administrative Rules, already has an evidence-based petition process to add a condition to the list of debilitating medical conditions for which medical cannabis can be used. That petition process involves an investigation and evaluation of credible medical and scientific evidence to determine whether the use of cannabis by patients who have the condition would result in a benefit to the patient's health. That process, which is made available to patients and physicians, should be used before adding this condition to the list of debilitating medical conditions in section 329-121, Hawaii Revised Statutes.

For the foregoing reasons, I am returning Senate Bill No. 2407 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2519

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2519, entitled "A Bill for an Act Relating to the Environment."

The purpose of this bill is to authorize the Agribusiness Development Corporation (ADC) to enter into contracts with private businesses to remove select municipal solid waste, glass, and food and green waste from the waste stream for use in other businesses, provided that it benefits agriculture and agriculture-related projects.

This bill is objectionable because it provides ADC with broad authority that may interfere with the counties' authority to direct the disposal of municipal solid waste to specific locations. Counties currently have control over waste stream flows under section 340A-3, Hawaii Revised Statutes, which authorizes counties to require that all solid waste be disposed of at certain designated facilities or areas. It is unclear whether ADC's or the counties' authority would have priority when determining control over the municipal waste disposal, and allowing ADC to remove certain wastes from the waste stream could interfere with a county's comprehensive solid waste management plan.

For the foregoing reasons, I am returning Senate Bill No. 2519 without my approval.

Respectfully,

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2524

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2524, entitled "A Bill for an Act Relating to County Land Use Requirements."

The purpose of this bill is to require the owner of any parcel of land subdivided as a condominium property regime in agricultural or preservation lands to provide public notice of sale no later than ninety days after the sale of the parcel. This measure also prohibits residential use of sheds or other structures on agricultural lands unless permitted under county ordinances and rules.

This bill is objectionable because the measure could allow, if permitted under county ordinances and rules, residential uses on agricultural land in the City and County of Honolulu that has been subdivided exempt from county subdivision requirements. This could result in the loss of land used for agricultural purposes in contradiction to state land use policy that seeks to preserve agricultural land for agricultural uses.

For the foregoing reasons, I am returning Senate Bill No. 2524 without my approval.

Respectfully,

"EXECUTIVE CHAMBERS
HONOLULU
July 10, 2018

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2699

Honorable Members
Twenty-Ninth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 2699, entitled "A Bill for an Act Relating to the Transient Accommodations Tax."

The purpose of this bill is to ensure that Transient Accommodations Tax (TAT) is imposed on resort fees charged by hotels and other transient accommodations. Section 1 of this bill amends the definition of "gross rental proceeds" to include resort fees and adds a definition of "resort fee." "Resort fee" is defined as: "any charge or surcharge imposed by an operator, owner, or representative thereof to a transient for the use of the transient accommodation's property, services, or amenities."

Section 2 of this bill authorizes the Department of Taxation to issue administrative rules further defining "resort fee" and "gross rental proceeds" and clarifies that the bill does not prevent the Department of Taxation from collecting TAT on resort fees prior to the issuance of administrative rules.

This bill is objectionable because it creates the potential for a large and ambiguous expansion of the TAT and also undermines the Department of Taxation's current interpretation of the TAT.

The current draft of the bill does not properly reflect the Department of Taxation's current position. The qualifier "mandatory" in the definition of "resort fee" was removed and would allow an overzealous interpretation of that term. Such an interpretation would subject charges to the TAT even if those charges were unrelated to the letting of the transient accommodation. This may include discretionary charges such as those for long-distance telephone calls, movie rentals, room service, and any other charge to the occupant of a transient accommodation. The potential for such a large and ambiguous expansion of the TAT, which directly affects the state's largest industry, was not fully contemplated during the legislative process and may lead to many unintended consequences.

Furthermore, by omission of the word "mandatory," this bill simultaneously undermines the Department of Taxation's current position and leaves the agency with no guidance toward a new position.

The Department of Taxation's current position is clear; its position is that only mandatory resort fees are subject to the TAT. By its exclusion of the word "mandatory," this bill undermines that interpretation. During the 2018 Legislative Session the proposed definition of "resort fee" was amended numerous times to both include and exclude the qualifier "mandatory." The final bill omits "mandatory," therefore it could be argued that the bill overturns the Department of Taxation's position that only mandatory resort fees are subject to the TAT. Even though the bill may overturn the Department of Taxation's current position, it offers no guidance toward a new position. This bill's definition of "resort fee" does not limit what may be included in "resort fee" in any way. Therefore, the bill leaves full interpretation of the definition of "resort fee" to the Department of Taxation while simultaneously undermining its current interpretation.

The lack of clarity inherent in this bill will lead to ambiguity, confusion, and unintended consequences within the TAT.

For the foregoing reasons, I am returning Senate Bill No. 2699 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2919

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2919, entitled "A Bill for an Act Relating to Public Libraries."

The purpose of this bill is to establish a pilot program to generate revenue through the lease of public library lands to support the mission of the public library system.

This bill is objectionable because there are questions as to who owns the title to the various land parcels on which the public libraries are located. If

the public library lands are public trust lands set aside for public purposes by executive order and those lands are no longer needed for library purposes, the executive orders should be withdrawn and the lands returned to the Department of Land and Natural Resources. Further, the Hawai'i State Public Library System does not have the resources and expertise to undertake the leasing of public lands for purely income generating purposes.

For the foregoing reasons, I am returning Senate Bill No. 2919 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2992

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2992, entitled "A Bill for an Act Relating to Campaign Finance."

The purpose of this bill is to exempt signs and banners from the requirement that campaign advertisements contain the name and address of the person who paid for the advertisement and whether the advertisement has been approved by the candidate. Signs and banners advocating the passage or defeat of a ballot issue are still required to contain the name and address of the candidate, candidate committee, or noncandidate committee paying for the sign or banner.

This bill is objectionable because exempting signs and banners from election law disclaimer requirements will reduce transparency in campaign finance. It is important to be able to identify the sources of campaign materials, including signs and banners, and to identify whether the advertisement was approved by the candidate.

For the foregoing reasons, I am returning Senate Bill No. 2992 without my approval.

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB1614 HD1 SD1 CD1

HB1614 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO AUTOMATIC RESTRAINING ORDERS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to add a new section to Chapter 580, HRS, which requires that an automatic restraining order be issued when a complaint is filed for an annulment, divorce, or separation.

The legislative intent is to preserve the assets of the parties and their dependents and to maintain the current island of residence and school of enrollment of any minor children of the parties. In addition, the legislature hopes that family court congestion can be reduced by providing automatic orders. Previously, only the Kaua'i family court automatically issued restraining orders for annulment, divorce, or separation cases. With enactment of this law, this process will now be uniform state-wide.

Concerns were expressed in testimony about the potential negative impacts this new law may have, especially on victims of domestic violence filing for divorce. We will consult with the Judiciary and others in the coming months to determine whether amendments to this law are necessary should there be unintended negative consequences.

For the foregoing reasons, HB1614 HD1 SD1 CD1 will become law as ACT 213 (18), Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Sincerely,
/s/ David Y. Ige

Gov. Msg. No. 1323, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB1646 HD1 SD1 CD1

HB1646 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO MEMBERS OF CONGRESS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to establish a procedure to allow newly-elected United States Senators from Hawai'i to begin their terms of office earlier than newly-elected senators from other states, to acquire seniority and maximize their ability to represent the state. The bill requires the Governor

to appoint a newly-elected senator to office if the incumbent vacates the office prior to the expiration of the incumbent's term of office.

The requirement that the Governor appoint a newly-elected senator to office in cases where the incumbent chooses to vacate the office prior to the end of his or her term may put undue pressure on incumbents who lose their seats in a general election to leave before they complete their term of office.

For the foregoing reason, HB1646 HD1 SD1 CD1 will become law as ACT 214, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Sincerely,

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB2601 HD1 SD2 CD2

HB2601 HD1 SD2 CD2, entitled "A BILL FOR AN ACT RELATING TO TRANSPORTATION" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill will assess an additional fee of \$2 per day upon vehicle renters who do not possess a Hawai'i driver's license.

Tourism is Hawai'i's largest economy and we need to be extremely careful when we increase the overall cost when visiting our islands. Nevertheless, the State's highway fund revenues are declining due to increased fuel efficiency and electric vehicles. Although we encourage the greening of the transportation industry, the Department of Transportation needs to find new ways to replenish the highway fund and respond to residents' concerns regarding the condition of the State's roadways.

Over the last few sessions, my administration's legislative package has included numerous bills to increase these revenues, but none have come to fruition. Although this measure could affect our tourism industry, this is a start as we look toward continued discussions to increase the revenues for the State's highway fund.

For the foregoing reasons, HB2601 HD1 SD2 CD2 will become law as ACT 215, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB1876 HD1 SD1 CD1

HB1876 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE INSURANCE" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill would allow motor vehicle insurers the ability to satisfy their requirement under Hawaii Revised Statutes (HRS) section 431:10C-119 to maintain a local complete sales and claims office if a licensed producer maintains an office in every county where the insurer does business.

Due to Hawai'i's unique island geography, it's possible that some islands may lose the insurer's physical presence resulting in the change in requirement to one office per county. The lack of physical presence would particularly affect seniors and those who have limited Internet access. Moving towards a regional call center model could also lead to local residents having to deal with mainland personnel who lack familiarity with Hawai'i laws, local auto repair shops, hospitals, and doctors.

Nevertheless, technology is taking over the sales and claims process and leading us in the direction of reducing brick and mortar locations. Due to the customer's ability to select from one of many auto insurance companies, it should be up to the insurance company to determine the proper balance between technology and customer service.

For the foregoing reasons, HB1876 HD1 SD1 CD1 will become law as ACT 216, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Gov. Msg. No. 1326, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: SB2461 SD1 HD1 CD1

SB2461 SD1 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO SERVICE ANIMALS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to 1) establish a civil penalty for knowingly misrepresenting an animal as a service animal; and 2) conform existing Hawai'i law with the definition of "service animal" under the Americans with Disabilities Act of 1990.

Enforcement of this civil offense may be problematic because there is no official registry or form of recognized identification for a service animal. The ADA prohibits asking any questions beyond "is the dog a service animal, required because of a disability?" and "what task(s) has the dog been trained to perform?" In other words, the ADA makes it illegal to ask about the nature of the person's disability, require proof of the disability, and/or require the animal to perform the stated task. Additionally, owners are allowed to train their own animals, as opposed to being professionally trained.

None of the county police departments submitted testimony. However, it appears they would be the primary agencies responsible for enforcement. It may be difficult to prove in court by a clear and convincing standard that a person knowingly misrepresented an animal as a service animal. However, it is worth noting that similar legislation is present in at least fifteen other states.

For the foregoing reasons, SB2461 SD1 HD1 CD1 will become law as ACT 217, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB2589 HD2 SD1 CD1

HB2589 HD2 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO MOTORCYCLES" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill will authorize the Department of Transportation to designate shoulder lanes upon which motorcycles are allowed to operate when traffic is halted. It will also prohibit the opening of automobile doors that interfere with motorcycles in the shoulder.

The shoulder lane is designated to accommodate stopped vehicles and emergency vehicles on highways, as well as bicycles on arterial roadways. There are significant concerns that this could compromise road safety and create more dangers for operators of all vehicles.

Despite the possible safety concerns, we trust that the Department of Transportation will properly vet which shoulder lanes can be accessible to motorcycles while carefully considering optimal safety measures.

For the foregoing reasons, HB2589 HD2 SD1 CD1 will become law as ACT 218, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Gov. Msg. No. 1328, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: SB2027 SD2 HD1 CD1

SB2027 SD2 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO APPROPRIATIONS TO ADDRESS HOMELESSNESS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to appropriate \$1.5 million for fiscal year 2018-2019 to the Department of Human Services to continue and to improve the coordinated statewide homeless initiative to prevent homelessness and re-house homeless people in the state.

This bill authorizes the Department of Human Services to contract the services of a master contractor to procure and oversee subcontracts for the coordinated statewide homeless initiative. The master contractor will operate a coalition of agencies to provide: (1) homeless diversion services by providing short-term financial assistance to households in the eviction process; and (2) housing navigation services and placement of homeless households into permanent housing.

Homelessness continues to be a major issue in Hawai'i and requires resources and the coordinated efforts of all levels of government and the private sector to ameliorate. However, we are concerned about the statutory requirement that the entire amount of \$1.5 million be provided upfront to the master contractor. The provision of all appropriated public funds in advance to a private entity is not aligned to standard procurement processes consistent with the goals of public accountability and public procurement practices. This mandate severely limits DHS's ability to carry out its fiduciary duty to manage and oversee taxpayer funds as required by this bill.

For the foregoing reasons, SB2027 SD2 HD1 CD1 will become law as ACT 219, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Sincerely,
/s/ David Y. Ige

Gov. Msg. No. 1329, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB2071 HD2 SD2 CD1

HB2071 HD2 SD2 CD1, entitled "A BILL FOR AN ACT RELATING TO LAW ENFORCEMENT" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill will establish an unpaid fifteen-member Law Enforcement Standards Board responsible for the certification of county police officers, state public safety officers, and employees of the Department of Transportation, Land and Natural Resources, Taxation, and Attorney General with police powers.

The Board will also be responsible for developing minimum standards, establishing and maintaining curriculum and training programs, and establishing procedures and criteria for the revocation of certification.

Although this bill presents implementation and funding issues, we recognize the need for accountability and public confidence in law enforcement. The community deserves to have the highest quality law enforcement and this statewide Board will begin discussions to achieve that. The administration is committed to working with the police chiefs and all law enforcement officials to successfully implement this measure.

The administration and the four police chiefs have concerns regarding the implementation of this bill. First, Hawai'i has no existing certification process. The Board will need to develop the criteria and certify all law enforcement officers, and the one-year timeline is unrealistic.

Second, all four counties have already established accreditation through the Commission on Accreditation for Law Enforcement Agencies (GALEA), the gold standard in public safety. The state has law enforcement officers with varying duties and scopes of authority. An accreditation system still needs to be established that accommodates these varying responsibilities. We do not want this bill to compromise what the counties have worked to achieve.

Third, the state does not have joint training facilities to accommodate a robust training program. The \$100,000 appropriation is inadequate to build and maintain these mentioned facilities. It would also be unreasonable to expect the counties to train the state's law enforcement officers.

Fourth, Hawai'i has a unique situation with our unions, collective bargaining statutes, and "home rule" precedence. Establishing a decertification process could be difficult with collective bargaining and existing arbitration procedures.

We hope to have continued conversations next session to address the bill's implementation challenges including providing adequate resources to help the Board and law enforcement achieve the intent of this measure.

For the foregoing reasons, HB2071 HD2 SD2 CD1 will become law as ACT 220, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Sincerely,
