STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1621

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1621, entitled "A Bill for an Act Relating to Consumer Protection."

The purpose of this bill is to protect consumers in cases where damaged goods are returned and where high turnover restaurant franchises do not participate in national advertising campaigns.

This bill is objectionable because it may be unconstitutionally vague and it presents practical challenges to enforcement.

Due process requires that laws "state with reasonable clarity the act it proscribes and provide fixed standards for adjudging guilt, or the statute is void for vagueness." *State v. Gaylord*, 78 Hawai'i 127, 138, 890 P.2d 1167, 1178 (1995). In this bill, the phrases "typical duration," "approximately one hour" and "moderately priced," among others, in the definition of "high turnover restaurant," do not state with reasonable clarity the requirements of the statute, and do not provide fixed standards to avoid arbitrary or subjective enforcement.

In addition, even if this bill is not unconstitutionally vague, a plaintiff will need experts and witnesses to demonstrate whether the "typical duration of customer stay is approximately one hour," and whether the restaurant is "moderately priced." As a practical matter, the high costs of expert testimony, the limits of recovery, and the uncertainty of results will prevent lawsuits from being filed and will therefore impede enforcement.

For the foregoing reasons, I am returning House Bill No. 1621 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 48

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 48, entitled "A Bill for an Act Relating to Technology."

The purpose of this bill is to merge the Hawai'i Strategic Development Corporation (HSDC) and the Hawai'i Technology Development Corporation (HTDC) into the Hawai'i Innovation, Technology, and Research Corporation.

This bill is objectionable because it creates operational issues and disrupts the core functions of HTDC. Specifically, this bill eliminates 1.5 permanent positions and 6.25 temporary positions. Although funds are appropriated to pay for these workers in those eliminated positions, the bill fails to create new positions into which these workers may be placed. Additionally, amendments to HTDC's budget, combined with amendments in Act 53, the Supplemental Appropriations Act of 2018, create a net reduction in HTDC's core resources that will adversely impact its operations.

For the foregoing reasons, I am returning Senate Bill No. 48 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2407

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2407, entitled "A Bill for an Act Relating to Medical Cannabis."

The purpose of this bill is to allow the medical use of cannabis to treat opioid use and substance use disorders, or withdrawal symptoms resulting from the treatment of those disorders.

This bill is objectionable because the Department of Health, through section 11-160-7, Hawaii Administrative Rules, already has an evidence-based petition process to add a condition to the list of debilitating medical conditions for which medical cannabis can be used. That petition process involves an investigation and evaluation of credible medical and scientific evidence to determine whether the use of cannabis by patients who have the condition would result in a benefit to the patient's health. That process, which is made available to patients and physicians, should be used before adding this condition to the list of debilitating medical conditions in section 329-121, Hawaii Revised Statutes.

For the foregoing reasons, I am returning Senate Bill No. 2407 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2519

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2519, entitled "A Bill for an Act Relating to the Environment."

The purpose of this bill is to authorize the Agribusiness Development Corporation (ADC) to enter into contracts with private businesses to remove select municipal solid waste, glass, and food and green waste from the waste stream for use in other businesses, provided that it benefits agriculture and agriculture-related projects.

This bill is objectionable because it provides ADC with broad authority that may interfere with the counties' authority to direct the disposal of municipal solid waste to specific locations. Counties currently have control over waste stream flows under section 340A-3, Hawaii Revised Statutes, which authorizes counties to require that all solid waste be disposed of at certain designated facilities or areas. It is unclear whether ADC's or the counties' authority would have priority when determining control over the municipal waste disposal, and allowing ADC to remove certain wastes from the waste stream could interfere with a county's comprehensive solid waste management plan.

For the foregoing reasons, I am returning Senate Bill No. 2519 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2524

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2524, entitled "A Bill for an Act Relating to County Land Use Requirements."

The purpose of this bill is to require the owner of any parcel of land subdivided as a condominium property regime in agricultural or preservation lands to provide public notice of sale no later than ninety days after the sale of the parcel. This measure also prohibits residential use of sheds or other structures on agricultural lands unless permitted under county ordinances and rules.

This bill is objectionable because the measure could allow, if permitted under county ordinances and rules, residential uses on agricultural land in the City and County of Honolulu that has been subdivided exempt from county subdivision requirements. This could result in the loss of land used for agricultural purposes in contradiction to state land use policy that seeks to preserve agricultural land for agricultural uses.

For the foregoing reasons, I am returning Senate Bill No. 2524 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2699

Honorable Members
Twenty-Ninth Legislature
State of Hawaii

Pursuant to Section 16 of Article III of the Constitution of the State of Hawaii, I am returning herewith, without my approval, Senate Bill No. 2699, entitled "A Bill for an Act Relating to the Transient Accommodations Tax."

The purpose of this bill is to ensure that Transient Accommodations Tax (TAT) is imposed on resort fees charged by hotels and other transient accommodations. Section 1 of this bill amends the definition of "gross rental proceeds" to include resort fees and adds a definition of "resort fee." "Resort fee" is defined as: "any charge or surcharge imposed by an operator, owner, or representative thereof to a transient for the use of the transient accommodation's property, services, or amenities."

Section 2 of this bill authorizes the Department of Taxation to issue administrative rules further defining "resort fee" and "gross rental proceeds" and clarifies that the bill does not prevent the Department of Taxation from collecting TAT on resort fees prior to the issuance of administrative rules.

This bill is objectionable because it creates the potential for a large and ambiguous expansion of the TAT and also undermines the Department of Taxation's current interpretation of the TAT.

The current draft of the bill does not properly reflect the Department of Taxation's current position. The qualifier "mandatory" in the definition of "resort fee" was removed and would allow an overzealous interpretation of that term. Such an interpretation would subject charges to the TAT even if those charges were unrelated to the letting of the transient accommodation. This may include discretionary charges such as those for long-distance telephone calls, movie rentals, room service, and any other charge to the occupant of a transient accommodation. The potential for such a large and ambiguous expansion of the TAT, which directly affects the state's largest industry, was not fully contemplated during the legislative process and may lead to many unintended consequences.

Furthermore, by omission of the word "mandatory," this bill simultaneously undermines the Department of Taxation's current position and leaves the agency with no guidance toward a new position.

The Department of Taxation's current position is clear; its position is that only mandatory resort fees are subject to the TAT. By its exclusion of the word "mandatory," this bill undermines that interpretation. During the 2018 Legislative Session the proposed definition of "resort fee" was amended numerous times to both include and exclude the qualifier "mandatory." The final bill omits "mandatory," therefore it could be argued that the bill overturns the Department of Taxation's position that only mandatory resort fees are subject to the TAT. Even though the bill may overturn the Department of Taxation's current position, it offers no guidance toward a new position. This bill's definition of "resort fee" does not limit what may be included in "resort fee" in any way. Therefore, the bill leaves full interpretation of the definition of "resort fee" to the Department of Taxation while simultaneously undermining its current interpretation.

The lack of clarity inherent in this bill will lead to ambiguity, confusion, and unintended consequences within the TAT.

For the foregoing reasons, I am returning Senate Bill No. 2699 without my approval.

Respectfully,
/s/ David Y. Ige

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2919

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2919, entitled "A Bill for an Act Relating to Public Libraries."

The purpose of this bill is to establish a pilot program to generate revenue through the lease of public library lands to support the mission of the public library system.

This bill is objectionable because there are questions as to who owns the title to the various land parcels on which the public libraries are located. If

the public library lands are public trust lands set aside for public purposes by executive order and those lands are no longer needed for library purposes, the executive orders should be withdrawn and the lands returned to the Department of Land and Natural Resources. Further, the Hawai'i State Public Library System does not have the resources and expertise to undertake the leasing of public lands for purely income generating purposes.

For the foregoing reasons, I am returning Senate Bill No. 2919 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 2992

Honorable Members
Twenty-Ninth Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 2992, entitled "A Bill for an Act Relating to Campaign Finance."

The purpose of this bill is to exempt signs and banners from the requirement that campaign advertisements contain the name and address of the person who paid for the advertisement and whether the advertisement has been approved by the candidate. Signs and banners advocating the passage or defeat of a ballot issue are still required to contain the name and address of the candidate, candidate committee, or noncandidate committee paying for the sign or banner.

This bill is objectionable because exempting signs and banners from election law disclaimer requirements will reduce transparency in campaign finance. It is important to be able to identify the sources of campaign materials, including signs and banners, and to identify whether the advertisement was approved by the candidate.

For the foregoing reasons, I am returning Senate Bill No. 2992 without my approval.

Gov. Msg. No. 1322, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB1614 HD1 SD1 CD1

HB1614 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO AUTOMATIC RESTRAINING ORDERS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to add a new section to Chapter 580, HRS, which requires that an automatic restraining order be issued when a complaint is filed for an annulment, divorce, or separation.

The legislative intent is to preserve the assets of the parties and their dependents and to maintain the current island of residence and school of enrollment of any minor children of the parties. In addition, the legislature hopes that family court congestion can be reduced by providing automatic orders. Previously, only the Kaua'i family court automatically issued restraining orders for annulment, divorce, or separation cases. With enactment of this law, this process will now be uniform state-wide.

Concerns were expressed in testimony about the potential negative impacts this new law may have, especially on victims of domestic violence filing for divorce. We will consult with the Judiciary and others in the coming months to determine whether amendments to this law are necessary should there be unintended negative consequences.

For the foregoing reasons, HB1614 HD1 SD1 CD1 will become law as ACT 213 (18), Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Sincerely,
/s/ David Y. Ige

Gov. Msg. No. 1323, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB1646 HD1 SD1 CD1

HB1646 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO MEMBERS OF CONGRESS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to establish a procedure to allow newly-elected United States Senators from Hawai'i to begin their terms of office earlier than newly-elected senators from other states, to acquire seniority and maximize their ability to represent the state. The bill requires the Governor

to appoint a newly-elected senator to office if the incumbent vacates the office prior to the expiration of the incumbent's term of office.

The requirement that the Governor appoint a newly-elected senator to office in cases where the incumbent chooses to vacate the office prior to the end of his or her term may put undue pressure on incumbents who lose their seats in a general election to leave before they complete their term of office.

For the foregoing reason, HB1646 HD1 SD1 CD1 will become law as ACT 214, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Sincerely,

Gov. Msg. No. 1324, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB2601 HD1 SD2 CD2

HB2601 HD1 SD2 CD2, entitled "A BILL FOR AN ACT RELATING TO TRANSPORTATION" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill will assess an additional fee of \$2 per day upon vehicle renters who do not possess a Hawai'i driver's license.

Tourism is Hawai'i's largest economy and we need to be extremely careful when we increase the overall cost when visiting our islands. Nevertheless, the State's highway fund revenues are declining due to increased fuel efficiency and electric vehicles. Although we encourage the greening of the transportation industry, the Department of Transportation needs to find new ways to replenish the highway fund and respond to residents' concerns regarding the condition of the State's roadways.

Over the last few sessions, my administration's legislative package has included numerous bills to increase these revenues, but none have come to fruition. Although this measure could affect our tourism industry, this is a start as we look toward continued discussions to increase the revenues for the State's highway fund.

For the foregoing reasons, HB2601 HD1 SD2 CD2 will become law as ACT 215, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Sincerely,

Gov. Msg. No. 1325, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB1876 HD1 SD1 CD1

HB1876 HD1 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO MOTOR VEHICLE INSURANCE" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill would allow motor vehicle insurers the ability to satisfy their requirement under Hawaii Revised Statutes (HRS) section 431:10C-119 to maintain a local complete sales and claims office if a licensed producer maintains an office in every county where the insurer does business.

Due to Hawai'i's unique island geography, it's possible that some islands may lose the insurer's physical presence resulting in the change in requirement to one office per county. The lack of physical presence would particularly affect seniors and those who have limited Internet access. Moving towards a regional call center model could also lead to local residents having to deal with mainland personnel who lack familiarity with Hawai'i laws, local auto repair shops, hospitals, and doctors.

Nevertheless, technology is taking over the sales and claims process and leading us in the direction of reducing brick and mortar locations. Due to the customer's ability to select from one of many auto insurance companies, it should be up to the insurance company to determine the proper balance between technology and customer service.

For the foregoing reasons, HB1876 HD1 SD1 CD1 will become law as ACT 216, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Sincerely,
/s/ David Y. Ige

Gov. Msg. No. 1326, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: SB2461 SD1 HD1 CD1

SB2461 SD1 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO SERVICE ANIMALS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to 1) establish a civil penalty for knowingly misrepresenting an animal as a service animal; and 2) conform existing Hawai'i law with the definition of "service animal" under the Americans with Disabilities Act of 1990.

Enforcement of this civil offense may be problematic because there is no official registry or form of recognized identification for a service animal. The ADA prohibits asking any questions beyond "is the dog a service animal, required because of a disability?" and "what task(s) has the dog been trained to perform?" In other words, the ADA makes it illegal to ask about the nature of the person's disability, require proof of the disability, and/or require the animal to perform the stated task. Additionally, owners are allowed to train their own animals, as opposed to being professionally trained.

None of the county police departments submitted testimony. However, it appears they would be the primary agencies responsible for enforcement. It may be difficult to prove in court by a clear and convincing standard that a person knowingly misrepresented an animal as a service animal. However, it is worth noting that similar legislation is present in at least fifteen other states.

For the foregoing reasons, SB2461 SD1 HD1 CD1 will become law as ACT 217, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Sincerely,

Gov. Msg. No. 1327, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB2589 HD2 SD1 CD1

HB2589 HD2 SD1 CD1, entitled "A BILL FOR AN ACT RELATING TO MOTORCYCLES" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill will authorize the Department of Transportation to designate shoulder lanes upon which motorcycles are allowed to operate when traffic is halted. It will also prohibit the opening of automobile doors that interfere with motorcycles in the shoulder.

The shoulder lane is designated to accommodate stopped vehicles and emergency vehicles on highways, as well as bicycles on arterial roadways. There are significant concerns that this could compromise road safety and create more dangers for operators of all vehicles.

Despite the possible safety concerns, we trust that the Department of Transportation will properly vet which shoulder lanes can be accessible to motorcycles while carefully considering optimal safety measures.

For the foregoing reasons, HB2589 HD2 SD1 CD1 will become law as ACT 218, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Gov. Msg. No. 1328, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: SB2027 SD2 HD1 CD1

SB2027 SD2 HD1 CD1, entitled "A BILL FOR AN ACT RELATING TO APPROPRIATIONS TO ADDRESS HOMELESSNESS" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

The purpose of this bill is to appropriate \$1.5 million for fiscal year 2018-2019 to the Department of Human Services to continue and to improve the coordinated statewide homeless initiative to prevent homelessness and re-house homeless people in the state.

This bill authorizes the Department of Human Services to contract the services of a master contractor to procure and oversee subcontracts for the coordinated statewide homeless initiative. The master contractor will operate a coalition of agencies to provide: (1) homeless diversion services by providing short-term financial assistance to households in the eviction process; and (2) housing navigation services and placement of homeless households into permanent housing.

Homelessness continues to be a major issue in Hawai'i and requires resources and the coordinated efforts of all levels of government and the private sector to ameliorate. However, we are concerned about the statutory requirement that the entire amount of \$1.5 million be provided upfront to the master contractor. The provision of all appropriated public funds in advance to a private entity is not aligned to standard procurement processes consistent with the goals of public accountability and public procurement practices. This mandate severely limits DHS's ability to carry out its fiduciary duty to manage and oversee taxpayer funds as required by this bill.

For the foregoing reasons, SB2027 SD2 HD1 CD1 will become law as ACT 219, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Sincerely,
/s/ David Y. Ige

Gov. Msg. No. 1329, dated July 12, 2018, informing the House that on July 10, 2018, pursuant to Section 16 of Article III of the State Constitution, the following bill became law without his signature, stating:

"Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

Re: HB2071 HD2 SD2 CD1

HB2071 HD2 SD2 CD1, entitled "A BILL FOR AN ACT RELATING TO LAW ENFORCEMENT" will become law without my signature, pursuant to Section 16 of Article III of the State Constitution.

This bill will establish an unpaid fifteen-member Law Enforcement Standards Board responsible for the certification of county police officers, state public safety officers, and employees of the Department of Transportation, Land and Natural Resources, Taxation, and Attorney General with police powers.

The Board will also be responsible for developing minimum standards, establishing and maintaining curriculum and training programs, and establishing procedures and criteria for the revocation of certification.

Although this bill presents implementation and funding issues, we recognize the need for accountability and public confidence in law enforcement. The community deserves to have the highest quality law enforcement and this statewide Board will begin discussions to achieve that. The administration is committed to working with the police chiefs and all law enforcement officials to successfully implement this measure.

The administration and the four police chiefs have concerns regarding the implementation of this bill. First, Hawai'i has no existing certification process. The Board will need to develop the criteria and certify all law enforcement officers, and the one-year timeline is unrealistic.

Second, all four counties have already established accreditation through the Commission on Accreditation for Law Enforcement Agencies (GALEA), the gold standard in public safety. The state has law enforcement officers with varying duties and scopes of authority. An accreditation system still needs to be established that accommodates these varying responsibilities. We do not want this bill to compromise what the counties have worked to achieve.

Third, the state does not have joint training facilities to accommodate a robust training program. The \$100,000 appropriation is inadequate to build and maintain these mentioned facilities. It would also be unreasonable to expect the counties to train the state's law enforcement officers.

Fourth, Hawai'i has a unique situation with our unions, collective bargaining statutes, and "home rule" precedence. Establishing a decertification process could be difficult with collective bargaining and existing arbitration procedures.

We hope to have continued conversations next session to address the bill's implementation challenges including providing adequate resources to help the Board and law enforcement achieve the intent of this measure.

For the foregoing reasons, HB2071 HD2 SD2 CD1 will become law as ACT 220, Session Laws of Hawai'i 2018, effective July 10, 2018, without my signature.

Sincerely,
/s/ David Y. Ige
