Representative Wildberger rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Har rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Har's written remarks are as follows:

"Mr. Speaker, I rise in support of Senate Bill 2298, SD 2, HD 1. However, I rise with reservations.

"The purpose of this bill is to increase the penalty to employers who fail to lawfully pay their employees. Specifically, this bill raises the penalty to a class C felony, with a minimum fine of \$500 dollars. First and foremost, I want to be clear that I support the intent of this bill. Those bad actors who willfully do not pay their employees should in fact be prosecuted. The issue, however, that I have with this bill, is that inadvertent mistakes often occur during the payroll process. While I very much appreciate this bill allowing the employer the ability to cure any breach of the law, particularly for inadvertent mistakes, many employers often make inadvertent mistakes continually. For example, in the construction industry, payroll can be quite daunting and complicated, particularly for general contractors and subcontractors. As a result, inadvertent mistakes occur. While I understand that it is not the intent of this measure to criminalize honest payroll account errors, I just want to ensure that we are not criminalizing the accounting errors of honest employers.

"It is for these reasons I must respectfully stand in support, but with reservations, on SB 2298, SD 2, HD 1. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 2298, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WAGES," passed Third Reading by a vote of 48 ayes to 1 no, with Representative Har voting aye with reservations,

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. This is about air conditioning of our public schools and contrary to the popular opinion, East Honolulu is really sweating bullets in the summer, in the winter, all year round. And this is very important. I know some districts have been prioritized, and I hope that the Finance Committee will be very generous in the appropriation so all schools can be air conditioned so the brains of these young kids can really

apply and excel rather than, I know my colleague in Aina Haina, some of the kids actually passed out because it was so hot in the classroom. So, this is a very important bill and I appreciate it. Thank you."

Representative Belatti moved that the report of the Committee be adopted, and that S.B. No. 2824, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative LoPresti rose to speak in opposition to the measure, stating:

"In opposition. Thank you, Mr. Speaker. I'm not sure what the state's doing with our Board of Education lately. We have another bill here to

require a set category of expertise in order to be in charge of our schools, Mr. Speaker. Now, does this list include people who are experts in mathematics, in classroom management, in English language arts, in any of these things that our children need to know to learn? Is there somebody required to know critical thinking? Is there a PhD in education? No, there's not. There is real estate finance. Now the governor has to pick somebody able to do real estate finance, health care, advanced manufacturing. I challenge anybody in this room to tell me where any advanced manufacturing is in this state and what companies do it, but we're going to require the person who's in charge of Board of Education be capable of being an expert in energy, in health care. These are important things, Mr. Speaker. But why we are creating this nexus of categories of expertise in industries to be in charge of our schools is beyond me.

"And this thing has sailed through the Legislature with very little opposition. I'm disappointed even to see the groups that support this. And really, it's just pushed by the Chamber of Commerce. We're going to put our businesspeople in charge of our schools. Schools aren't businesses. Schools exist to educate the children to not just become a labor force, Mr. Speaker, but to be able to have a meaningful life, to find ways to develop as a human person. And along the way, they'll have jobs. If we give them the basic skills of reading, math, language, then they'll be able to do these sorts of things. But being a master in advanced manufacturing doesn't give you an iota of qualifications to be in charge of our schools. And we need to stand up against this silliness. And I'm very strongly opposed to this, and I wish more of my colleagues would join me in paying attention to what we are doing to the Board of Education with these requirements."

Representative Perruso rose in opposition to the measure and asked that the remarks of Representative LoPresti be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative McDermott rose in opposition to the measure and asked that the remarks of Representative LoPresti be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Woodson rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I appreciate the comments that have been shared on the floor. Some of those articulations actually are requirements in terms of being knowledgeable about best practices, being knowledgeable about school. What this bill seeks to do actually is, it says that you also need to understand governance structures as it relates to DOE systems. That is also important. And it gives recommendations on certain industries that are aligned with marketplace needs. And again, it goes back to looking at what are some of these school systems doing that are yielding these strong outcomes for our students.

"By the way, as a quick caveat, Mr. Speaker, do you know that in Singapore, as an example, most of those kids are college and career ready by the time they exit the 10th grade. So, what does that mean for our competition? Are we truly making sure that our kids are internationally competitive? And so, in Singapore and other high performing systems, they actually work with marketplace to make sure that they're aligning marketplace needs with curricula. Those same businesses actually are partners with the public school systems, and they are sharing resources, talent, time, even teachers. And so, this is a way to move in that direction. And these are just really recommendations. So, I humbly ask my colleagues to support this proposal."

Representative Ward rose to speak in support of the measure, stating:

"In support, Mr. Speaker. I share the view of Ewa Beach, that we've got to do better. But this is a chance to do something different and better. We don't want empty suits on the board. At the same time, we don't want a rigid application of some of these things. But let's face it, 48% of our people are in poverty, and the way to get socioeconomic mobility is through education. So, we've been tweaking it, and this is another tweak which he disagrees with. But I think we've got to try things to be much better because education is the way that people are going to promote themselves, their life, their future, their careers, and everything.

"So, education is the key. And so far we have not excelled, Mr. Speaker. I don't know, given how we are and what numbers in the national rating, but we've got to do all we can to make sure that our kids excel. Now, if this thing doesn't work out, the former speaker can say, look, I told you so. But let's

try it and let's see if these people, who are in the private sector, who have knowledge about stuff and are not empty suits, can do better than what we are doing now. Thank you."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I would like to acknowledge the previous speaker and to say that I'm surprised that we are in concurrence. I think this bill is a very, very good measure because as you look at some of the most exciting things happening in public schools now, things like the emerging health care academies that we see in Waipahu. All of these programs depend upon collaboration with the private sector in these emerging fields of health care, business, technology, entrepreneurship.

"So what this measure is doing is helping to make sure that our board is attuned to the needs in our community to find those high paying sectors of employment where we can design our system so that our kids are staying home and earning living wage jobs. Not minimum wage jobs, living wage jobs. And so, for that reason, I support this measure strongly. Thank you, Mr. Speaker."

Representative Perruso rose to respond, stating:

"Thank you, Mr. Speaker. In opposition. So, I'm grateful for the acknowledgment that this work is already happening in the public school system and that it did not require the presence of these kinds of expertise on the Board of Education, that this collaboration is possible without the folks who are sitting in positions of power making policy decisions around standards, curriculum, teacher training, and so on, be from those particular sectors in the private sphere. Thank you."

Representative LoPresti rose to respond, stating:

"I just want to point out, first of all, I support us having an educational system that helps develop a potential workforce who can work in these areas, Mr. Speaker. But I remind you, Mr. Speaker and my colleagues, that the list that is put in this bill is 12. As of now, there are 11 members on the board. The bill says that the governor must appoint a board that collectively has all of these expertise experiences. There's one more level of expertise than people, and only one of those things are education.

"Basically, what that means is you couldn't possibly probably have just two teachers, two educational professionals, on our Board of Education. That's absurd. The idea that we are going to replace educators with somebody who is just an expert in health care, manufacturing, and entrepreneurship, and require that when there aren't even enough board member seats to cover these 12, is intentionally pushing out education experts for these things.

"It's not that I think anybody's opposed to having somebody who is capable of developing a school system that can lead to health care, no. But to require this long laundry list of Chamber of Commerce stamp approved areas of industry, it's, this is insane, right? And this doesn't make any sense, and it doesn't stand the test of reason. And I think we are all in agreement that these are good things, but to make it a requirement that this is the only thing that makes you capable of being able to stand for the Board of Education in the State of Hawaii is just wrongheaded, to put it kindly."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'm grateful for the conversation that we're having today, but I do think that if we are moving measures like this, I just hope that one day we can also ensure that we have a teacher on the Board of Education as well. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, in support and with the backing of the Majority Leader, her point about living wages, education is the key to a living wage. And with that, I want to say, which I regret as being a 14 or how many ever terms that I've had, 12 terms, the one thing that we haven't done on this body is to get the economy to where 48% of our people are out of poverty. The ALICE study says one paycheck away for 48% of our people. We are failing our job and the educational system is how we can skyrocket those people.

"Education is the key to socioeconomic mobility. And we got to try better because so far, we haven't got our people out of poverty. And one of the big

responsibilities is to make sure that each of our districts have living wages and people are prospering. Not just wondering, well, am I going to go to the mainland so I can survive or I can buy a house someday? So, we need living wages, and that's the way that education is the driver and the route and the ladder to reach that. Thank you, Mr. Speaker."

Representative Matayoshi rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I just want to correct a misconception, in section 2, subsection (b)(5), it does list certain fields, but it says, as many fields as possible. So, it's not a requirement, there's no requirement language in here, and people can be experts in more than one of these fields. Thank you."

Representative Marten rose to speak in support of the measure with reservations, stating:

"I would like to vote with reservations and a brief comment. This bill would mean that all of our SPRBs this year can't actually go through. And so, I would like to see, while I agree that housing is really an important thing to fund and maybe the most important thing to fund, I would love to see this start date postponed to July of this year so that current SPRBs could be realized. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Matayoshi rose to speak in support of the measure with reservations, stating:

"Reservations, brief comment. I would normally be a no on this, except that I was assured that there are federal funds at stake, which I do want us to get access to. But hydrogen is just not the way to go for personal vehicles. I really think we need to double down on electrical. Any dollar we're spending on hydrogen for personal vehicle transportation is kind of a dollar that should have been spent on electrical. But I do believe in hydrogen for medium and heavy-duty vehicles. Thank you."

Representative Okimoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

THIRD READING

S.B. No. 2082:

On motion by Representative Belatti, seconded by Representative Morikawa and carried, S.B. No. 2082, entitled: "A BILL FOR AN ACT RELATING TO ABUSE OF FAMILY OR HOUSEHOLD MEMBERS," passed Third Reading by a vote of 47 ayes to 1 no, with Representative Perruso voting no, and with Representatives Kapela, McKelvey, and Quinlan being excused.

S.B. No. 2780:

Representative Belatti moved that S.B. No. 2780 pass Third Reading, seconded by Representative Morikawa.

Representative Wildberger rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ichiyama rose in support of the measure and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ichiyama's written remarks are as follows:

"Thank you, Mr. Speaker, for the opportunity to submit these written comments in support of SB 2780.

"I am in support of this measure because it will correct our state laws to accurately reflect the proper federal agency with arrest powers. Currently, HRS §803-16 incorrectly gives the power of arrest to the United States Citizenship and Immigration Services (USCIS), an agency that does not have the authority to make arrests under federal law. USCIS is responsible for processing applications for immigration benefits, such as permanent residency or citizenship; it is not a law enforcement agency.

"This bill deletes the incorrect reference to USCIS and replaces it with the correct agency, United States Immigration and Customs Enforcement – Homeland Security Investigations (HSI). HSI is the principal investigative arm of the U.S. Department of Homeland Security and has broad law enforcement authority under 19 USC §1589a. HSI special agents are responsible for investigating transnational crime and threats, specifically criminal organizations that exploit the customs and immigration laws of the United States. Their priorities include combating cyber and financial crime, countering human trafficking and child exploitation, promoting public safety through efforts to curb drug trafficking and gun violence and protecting sensitive technologies from being exploited.

"In Hawaii, HSI special agents work extensively with our local law enforcement to target transnational organized criminal activity. These investigations often involve violations of both federal and state criminal law, which makes it important for HSI special agents to have state arrest authority. Several county police departments submitted testimony in support of this bill because of their collaborations with HSI on complex investigations involving illicit drugs and sexual exploitation of children. As a small island state, we need to utilize every resource available to promote public safety and protect the residents of Hawaii. For all these reasons, I am in support of SB 2780. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and S.B. No. 2780, entitled: "A BILL FOR AN ACT RELATING TO THE POWER OF ARREST," passed Third Reading by a vote of 44 ayes to 4 noes, with Representatives D. Kobayashi, Perruso, Tokioka, and Wildberger voting no, and with Representatives Kapela, McKelvey, and Quinlan being excused.

At 1:03 p.m., the Chair noted that the following bills passed Third Reading:

S.B. No. 2082
S.B. No. 2780

H.B. No. 2392, HD 1, (SD 1)

ANNOUNCEMENTS

Representative Belatti: "Thank you, Mr. Speaker. At the appropriate time, may we, as a body, take a moment of silence. There was the passing of a very important individual in our community, known to all but especially known to our newest representative from the District 39. Mr. Pono Shim passed this morning, I believe. He was a great leader and friend to many of us, serving on organizations such as the Friends of Iolani Palace, Economic Development Alliance of Hawaii, the Hawaii Public Housing Authority, Hawaii Green Growth, Small Business Development Corporation, and last but not least, the Oahu Economic Development Board. He will be greatly missed, Mr. Speaker. Thank you."

Vice Speaker Mizuno: "Yes, many of us know Pono. At the appropriate time, members, we're going to take a moment of silence."
