THIRD READING

H.B. No. 300, HD 1:

Representative Nakamura moved that H.B. No. 300, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Yamashita rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. Because I rarely speak on the floor, if you would allow me a little latitude on this part. Because I hardly get to get remarks into the Journal, I'd like to wish my wife a happy 39th anniversary.

"Mr. Speaker, at this time, I'd like to also thank the people that helped me put this budget together. The person that previously sat in this chair, I thank her for her counsel and her support through this process. I'd also like to thank, second of all, is our vice chair of the Finance Committee. I think through the first half, we have become a great team. We have put in long hours working on agendas, going through the budget several times. And through the hearing process, she has kept me focused because I tend to multitask and lose my place, so she kind of helped me. So, thank you very much.

"And I'd also like to thank our CIP chair who is doing a wonderful job, because I know what it takes to do that job, there's a lot of time and effort you have to put into every single item and every single ask. So, thank you, you did a great job. And of course, Mr. Speaker, I'd also like to thank the members of the Finance Committee. You sat through over 300 bills, you gave up your weekend to go over the budget with us, and I appreciate your homework and what you have contributed to the process. So, thank you. And Mr. Speaker, I also would like to thank you and your leadership team for your support through this process and also your guidance. So, thank you very much.

"And the others that are very important to this process is the committee chairs. So, we asked you for input, we asked you for what priorities are to come to Finance, and we appreciate all the input and look forward to working with you on the most important part of the budget, which is the end.

"Mr. Speaker, last but by no means least, all of this work could not be done without staff. And in the gallery today is the budget staff. Led by our budget chief Jon Kawamura, put your crown on, Jon. Also up there is, let me go in order, Kristine, Rebekah, Jaymie, Heath, David, and Jadine.

"Mr. Speaker, unprecedented revenue growth in 2022, over 29%, catapulted collections and provided us with opportunity. Opportunity to restore funding for critical programs that were cut during the pandemic. Opportunity to tackle outstanding one-time large funding opportunities, like to the Department of Hawaiian Home Lands \$600 million to get their beneficiaries off the wait list. And opportunities to improve the state's ability to withstand economic downturns by shoring up our budget reserves.

"To put that 29%, nearly 30%, in perspective, the revenue of state government in 1968 was \$258 million, \$258 million was collected to operate our budget. It took 20 years to get to \$2 billion in 1988. It took another 17 years to 2005 to add another \$2 billion to hit \$4 billion. And the other \$2 billion took another eight years, when we broke \$6 billion. And then it took seven years, that was in 2013, and then it took seven years to get to 2020 to get to \$8 billion."

Representative Kitagawa rose to yield her time, and the Chair "so ordered."

Representative Yamashita continued, stating:

"And guess what happened after that, Mr. Speaker? In just two years, with a raging pandemic, revenues went from \$8.2 billion to \$10.2 billion in just two years. That, Mr. Speaker, is not sustainable. The fact is, after this incredible revenue spike, the current projection for the next \$2 billion is in 2029 and 2030. So, what caused the spike? To put it simply, unprecedented federal stimulus.

"Mr. Speaker, national data confirms that what's happening in Hawai'i is happening in other states. Various factors drove higher than expected revenue conditions and revenue projections. Unprecedented federal aid helped support business and unemployed workers, quicker than anticipated recovery for the stock market and employment, the Wayfair decision that gave the states the authority to collect taxes from out-of-state online sales, and job stability in high wage professions that pivoted to remote working.

"According to PEW Fiscal 50: State Trends and Analysis, despite surprising strength in revenues, most economic experts expect the states' revenue to taper substantially in 2023. Although higher-than-expected tax revenue growth and record financial revenue improvements in the budget conditions, states must navigate looming challenges, including slowing revenue growth as the economy weakens and monetary policy tightens, historically high inflation, and a tapering of federal COVID-19 funds. These things are already happening in our state, Mr. Speaker.

"The Council on Revenues met on March 7, 2023, and their updated revenue forecast is a critical reminder of how quickly things can change. PEW cautions the slowing of revenue growth was prophetic. The COR reduced the 2023 forecasts from 5.5% to 2%, and in FY2024 it lowered it also from 5% to 4%. This change means we have \$1.2 billion less to spend over the next three years.

"A typical year, this budget draft would reflect more of our needs. However, this budget was presented to the Legislature in December and was considered a 'steady state' budget. This 'steady state' budget increased spending \$1.1 billion in 2024 and \$846 million in FY25 for the reduction of pandemic and supplanting of federal funds, restoring the budget cuts during the pandemic, collective bargaining, and future shoring up of our rainy day fund.

"Mr. Speaker, the budget before you today evaluates that 'steady state' recommendation and includes recommendations and modifications based on your Committee on Finance's work. Governor's Message No. 1, submitted by the new administration on February 13, proposed a spending increase of \$743 million in FY24 and \$677 million in FY25. Just two days ago,

Governor's Message No. 2, submitted to the Legislature, added another \$76 million in the FY24 and \$22 million in FY25."

Representative Nakashima rose to yield his time, and the Chair "so ordered."

Representative Yamashita continued, stating:

"Thank you very much. Your Committee on Finance did not have the necessary time to evaluate the request and will be working with the administration in the upcoming weeks to vet through those requests.

"Mr. Speaker, the glamor of spending is great. There are extraordinary amounts of demand for expanding state services, creating new programs, for pushing for comprehensive tax reforms and tax credits. The revenue picture has dramatically changed, and risk exists if we are not cautious on how we work on our spending plan.

"Mr. Speaker, in the past, one of the arsenals in government's toolbox to jumpstart the economy is to increase the spending of capital projects. It is highly unlikely that this strategy will yield positive results if there is a downturn in our economy in the near future.

"During the pre-session budget briefing, the economists informed us that inflation and supply chain issues are artificially increasing the cost of construction due to the current volume. Recently, a department tasked with building affordable housing indicated that it would need \$50 million for existing projects. Mr. Speaker, that's \$50 million for existing projects, and yields zero new affordable housing. Mr. Speaker, \$50 million, zero more housing. That is inflation. That is supply chain issues. Mr. Speaker, the majority of the problem is called for affordability and affordable housing, \$50 million and we get nothing. That is very concerning.

"The Constitution of the State of Hawai'i provides that, 'notwithstanding any other provision to the contrary, the legislature shall establish a general fund expenditure ceiling which shall limit the rate of growth of general fund appropriations... to the estimated rate of growth of the State's economy as provided by law.' If we exceed the expenditure ceiling, we have to make a declaration of the appropriation, and we have to pass that measure by two-thirds vote.

"Last year, Mr. Speaker, for example, we exceeded the ceiling for 2023 by \$1 billion or 10%. The budget submitted by the administration, if adopted in whole, will cause the expenditure ceiling to exceed by approximately \$230.9 million in FY24 and will be within the budget and expenditure ceiling in FY25.

"Mr. Speaker, everything isn't doom and gloom. On a positive note, budget reserves are strong and we can accomplish a lot if we're strategic. Even though we are going to exceed the budget ceiling in 2023, because of the appropriation, what we did was one time infusion for recurring needs such as, this is what we did, \$200 million provided for infrastructure for classrooms and early learning for pre-kindergarten, \$256 million for repair and maintenance backlog for schools, \$500 million to strengthen our emergency budget relief, and \$600 million to the Department of Hawaiian Home Lands for their backlog. All these initiatives, Mr. Speaker, will not happen overnight and will happen over time.

"Mr. Speaker, this budget proposes a continuing effort to fix major problems in the state while we still have incredible opportunity to invest. The budget submitted by the administration in December indicates that the general fund deferred maintenance backlog is \$1.2 billion."

Representative Sayama rose to yield his time, and the Chair "so ordered."

Representative Yamashita continued, stating:

"It's long past time that we tackle this neglected ongoing problem. The budget proposes to set aside \$1 billion for an estimated backlog of deferred maintenance identified by state agencies and done over five years. Deferred maintenance in the state facilities is not our only infrastructure issue.

"The state's natural resources are also in need of healing. In need of their own repair, maintenance, and long-term support. To that end, this budget sets aside \$376 million to the Department of Land and Natural Resources for parks, ocean resources, aquatics, forestry, and wildlife. The goal is not

to spend the money right away, but to strategically invest and take care of these projects to ensure that the state gets the best value.

"Although this budget does not include initiatives identified in the February 13th and March 10th requests to the Legislature, there are recurring needs that we need to address before *sine die*. All this comes down to a matter of balance of recurring and non-recurring costs. And we must have a sustainable plan that includes a budget that can withstand economic shock, and that we do not make decisions that will hurt people.

"House Bill 300, HD 1, is only the first step, Mr. Speaker. We still have a lot of work to do before we can develop a sustainable budget for all our needs. It is going to be a very, very long next two months as we work through this. I urge everyone to support this measure. Thank you."

Representative Nishimoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. The Finance chair giving a 20-minute speech, now I've seen it all. Let me start by thanking you, Mr. Speaker, and the members of this body for the opportunity to work on CIP. It's a job I do not take lightly, it's a responsibility I do not take lightly, and I thank you for that responsibility.

"I want to thank the Finance chair for his guidance. He did CIP for a long time and he's been a guiding force throughout this process for me and I really want to thank him for that. I'd be remiss if I didn't thank my staff. Heath Williams, our CIP specialist in Finance, who has made my job infinitely easier. And my staff, my CIP specialist and my staff, and I hope the LG is listening, she's the irreplaceable Taylor Date. Taylor, thank you for your work.

"Like the Finance chair was saying, this is kind of a unique year. We had Governor Ige's budget in January, and we've slowly gotten Governor Green's governor's messages trickle in. In fact, some have trickled in this week. So, the CIP budget is kind of a mishmash of different administration's budgets. But one overarching factor that we did use as our guiding principle was health and welfare. So, if it had to do with health and welfare projects in our communities, it was more likely to get funded. And the second guiding principle is, I believe that our members, they know the word on the street, they got their ear to what's going on in their communities, and we took their requests very seriously. Thank you, Mr. Speaker."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise in support of the budget, but with some macroeconomic reservations and some concerns, therefore, with reservations, sir. First, before I give my reservations on the macroeconomic level, I want to thank the chair for his comments and his feet on the ground, reality. It was not a spinmeister at all in that budget. I appreciate the comment about saying the glamor of spending is great. That's a memorable statement.

"Admitting that, in effect, we got bailed out, Mr. Speaker, by \$2.6 billion. I mean, that's where this glut has come from. That has saved us a lot of time and a lot of trouble. So, with the surplus, we go into, and this is where my concern is. It's not that, you guys have a great team, you guys have done a great job, my concern is what's going out there in terms of the unknown. These are the macroeconomics that I'm concerned with.

"One of the biggest things is, guys, you know what happened with the bank of Silicon Valley, you know what happened then with the Signature Bank, and then you know what happened with the bank Suisse. And there's rumors of Deutsche Bank and other things. And Moody's just recently downgraded the banking industry from stable to negative. That's the banking system of our country, colleagues. Stable to negative, our banking system.

"My point is, look, if we've got a budget that is \$20 billion. I appreciate the speaker, the historic growth that it is experienced, if we've got an environment that is bigger than who we are in our little Hawai'i economy, we may be spending too much too quickly, Mr. Speaker.

"My point is, and I think the Finance chair did say, we have to be cautious. We have to remember that these things that are going on beyond us, we have no control. And the biggest important thing I haven't even mentioned is the recession that some people are saying, particularly the Moody's, that we're

going to go into recession later on in this year. So, if we get a recession, we get a bank failure or more failures where confidence is lacking, Mr. Speaker, we could be in trouble.

"So, I commend the Finance chair. I commend the budget, it's a good budget. But it's assuming that everything out there is stable and everything is going to be, well, we went down 2% from the Council on Revenue, we only got hit by \$1.2 billion. But it could be worse, Mr. Speaker. The point is, the signs of the times are let's be cautious. The signs of the banking industry is, hey, guys, let's kind of hold our powder until we really know where we are. So, I hope as the chair of the Finance Committee, we will be constrained in our funding and we will be able to get through this as we did with COVID and other challenges that we've had to this body. Thank you, Mr. Speaker."

Representative Quinlan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Mr. Speaker, in this budget there is money for our new comprehensive statewide reservation system for our state parks, our trails, and our public resources. And this is so important, Mr. Speaker. There are some things that we need to accomplish, that we must accomplish with this system.

"And first and foremost, we have to set expectations for the visitor. We have to make sure that the visitor knows how to be culturally sensitive and how to *mālama* the *'āina*. Another component of this, Mr. Speaker, is that we have to crack down on illegal commercial activity at our state parks and at our public resources, as well as some unscrupulous operators, while also making sure that everyone pays their fair share when they use these public resources. And third, Mr. Speaker, we have to raise the sufficient dollar revenue to take care of these resources to protect them for future generations. *Mahalo*."

Representative Garcia rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations. I agree with about 70% of the state budget that's being proposed. But the reality is, government is getting richer and the people are getting poorer. There's lots of good in this budget, but there's also lots of wasteful spending in this budget. We have lots of big issues to focus on here in Hawai'i. But instead, climate change meets one of the biggest priorities. And once again, there are bigger issues to focus on than pandering to the globalist elites. Thank you."

Representative Holt rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. First, I'd like to thank the Finance chair and all of the staff and everybody who contributed to crafting this budget. I know how hard you guys worked, the long hours you guys put it in, and I definitely appreciate all of the work. Mr. Speaker, thanks to your leadership and the leadership of the majority leader, this year we crafted a majority package which kind of serves as our roadmap, which focuses on many different areas, including the earned income tax credit.

"We're well aware of the high cost of living we all face here in paradise. And in a time where these costs are skyrocketing more than ever, the price of goods and services have been going up daily, we here in the House hope to provide some financial relief to Hawai'i's working families. And with House Bill 954, which is included in part of our budget, we aim to increase the earned income tax credit for our working families.

"Mr. Speaker, prior to our actions as a legislature at the end of last session, where we made the EITC permanent and refundable, the state EITC was nonrefundable, which meant families did not reap the full benefits of this credit. We changed that, and building on that momentum this year, we have carved out funds to increase the amount and further assist our struggling families.

"This bill is a lifeline to working families in these tough economic times. It gives low- to moderate-income taxpayers a tax cut and puts money back in the pockets of the lowest income people who owe little to nothing in taxes. The earned income tax credit provides larger benefit to taxpayers with children in their households and ensures that the people who need the most help receive the most benefit. It also helps local people who are struggling to afford the rising cost of housing, food, health care, and transportation that we all face every day.

"This bill helps working families keep more of what they earn. And by lifting up lowest income families who need the most help, we will lift up all communities and the State of Hawai'i out of our economic insecurity. Thank you, Mr. Speaker."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. And first of all, also *mahalo* to the Finance chair, vice chair, the CIP chair, and all of the staff. The House draft of the budget includes \$300 million to fund a low-interest loan program within the Hawai'i Green Infrastructure Authority for low- and moderate-income families at or below 140% area median income for the purchase and installation of residential renewable energy systems like solar-plus-storage systems.

"With 44% of Hawai'i's families classified as asset limited, income constrained, employed, or ALICE families, this will increase access to affordable energy within these underserved communities, increase resilience, lower electric bills, create green jobs, and keep dollars in Hawai'i's local economy and reduce the state's dependence on imported fossil fuels. This program will bring more equity to Hawai'i's renewable energy transition, making rooftop solar-plus-storage systems attainable for more households. Hawai'i's ALICE families stand to benefit the most from the long-term savings and lower utility bills associated with renewable energy systems.

"And this funding will open up new pathways to make this financially possible for all of Hawai'i's working families. The funding included in the House draft of the budget will capitalize this program and enable it to be self-sustaining and to help people for many years to come."

Representative Marten rose to speak in support of the measure, stating:

"Thank you, in strong support. I also wanted to thank the Finance chair and the Majority Caucus for not forgetting our most vulnerable population. This budget includes in it a pilot program for child and adolescent crisis outreach team, both on O'ahu and on a neighbor island, that will promote safety for children where they are in their homes, their schools, community settings, by responding immediately when a crisis arises. And also, to continue to provide services for eight weeks to stabilize the situation and help the family or caregivers as well as the child transition to long-term help.

"This program will allow more children to stay in their homes, whether it be a birth family, resource caregivers, or other guardians, rather than be transferred to age-appropriate acute psychiatric hospital beds or other out-of-home placements, which are both in short supply and are much more expensive. Similar programs have been tested on the mainland and they have been found to be cost effective and also to help set kids on a path where they won't need these kinds of services as adults. Thank you very much."

Representative Hashimoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Strong support. As we all know, housing is a big crisis in our state, and I think it's been the buzzword this legislative session. And I think this budget does include \$150 million into investments, into housing. And I think this is the first step of making sure that we keep the pipeline of creating affordable housing all throughout Hawai'i going.

"It's going to be incredibly difficult over these next couple of years with rising interest rates to make projects pencil out. But I believe the state remains committed in making sure that we do our part to ensure that houses are being built that are actually affordable to our communities. \$75 million will go into the Rental Housing Revolving Fund, which will subsidize 60% AMI and below housing. And we also have a \$75 million infusion into the Dwelling Unit Revolving Fund, which will help for sale construction, it can help to purchase infrastructure and develop infrastructure, purchase land to develop future affordable housing.

"So, I think this is just the first step. We have bills in the majority package that continues to move. I think this number is just the initial investment that we show that we can remain committed as the bills continue to move. I expect that this number will increase as we get closer to the end of session. But just know that we know that this is an issue. We know that everyone in this chamber wants housing to be built and become affordable for all people

of Hawai‘i, and I believe that this is a great first step. Thank you, Mr. Speaker."

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. I'd like to thank the Finance chair and his team for crafting a budget that would help some. And so, for that I say thank you. But there are some matters that do not help the state. In my district of Ewa Beach and Waipahu, I have some of the poorest of the poor in the state. And it's those people that I'm trying to advocate to have their taxes decreased and have the wages of the elite in Hawai‘i decrease.

"It should be noted that the governor makes \$184,000, it's in this bill, that's the budget. The lieutenant governor makes \$183,000 every year. Department directors make \$175,000 every single year, and that's what we're voting on. And I'm voting no on this measure because I believe that the constituents in my district shouldn't be paying such high taxes on such high salaries for people that should be public servants.

"This bill also gives at least \$130 million to the University of Hawai‘i. So why should hotel room service attendants, janitors, security guards, waitresses, cashiers, truck drivers, and tree trimmers, why should they be paying taxes on a public university? There's many private universities in Hawai‘i to include Chaminade University, Inspire University, Hawai‘i Pacific University, and the World Medicine Institute. These universities are supplied by the private sector, and they're equipping our next generation to be mobilized, to be economy improvers, to be people that help our society, and it doesn't require tax dollars. Thank you, Mr. Speaker."

Representative Ward rose to respond, stating:

"Still in support with reservations. Mr. Speaker, I failed to mention, one of the very, very important things that were mentioned in the committee report is the reference to performance-based budgeting, which in the long run is how we give money and then we accomplish goals. And Mr. Speaker, we've tried to do that for many, many years. And I really commend the chair for thinking about it, hopefully implementing it, and making sure that we do give money to a department, in effect, the goals and the accomplishments are with that and measurable. Thank you."

Representative Pierick rose to respond, stating:

"In opposition. I just also wanted to note that according to the Tax Foundation, we're ranked 43 when it comes to taxes. So, I think that's another note to make that our budget of \$22 billion is too high."

The motion was put to vote by the Chair and carried, and H.B. No. 300, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Third Reading by a vote of 47 ayes to 1 no, with Representatives Garcia and Ward voting aye with reservations, with Representative Pierick voting no, and with Representatives Kobayashi, Kong, and Perruso being excused.

At 1:11 p.m., the Chair noted that the following bill passed Third Reading:

H.B. No. 300, HD 1

"No vote, brief comment. Mr. Speaker, this gives the *kūpuna* retirement system a heavy blow, if you will. Many of the *kūpuna* who have saved and tried to get a retirement other than the meek Social Security, they've bought a house and they rent it out. And this says, look, if you live in a house that you own and then you get a rental, we're not going to give you the tax deduction. I think this is a blow to them. And I think it's going to be a difficult thing for the *kūpuna* to stomach. We promised in this session that we're going to lower the cost of living. Well, this will end up raising the cost of living, particularly if we realize that 60% of all the people are renters in the State of Hawai'i. And this obviously will be something that probably will increase their rent. For those reasons, Mr. Speaker, a no vote. Thank you."

Representative Garcia rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote, brief comment. In keeping with what I just noted earlier about we made a promise to lower the cost of living, this clearly is going to raise the cost of living because it's going to cause the interconnection prices to be raised because, and for some reason, HECO and the interconnection contract does not resolve this when they're actually doing the contract, the bidding, the RFPs, *et cetera*.

"I'm not sure why this should come to us to tell them to do this. It's when HECO gets a subcontractor to put stuff into the grid, that interconnection cost should have been part of that contract. So, I think this is rather ridiculous. And now when it's the price of electricity that's already through the roof, I think this is going to make it worse. Thank you."

Representative Quinlan rose to speak in support of the measure with reservations, stating:

"With reservations, Mr. Speaker. This is a very difficult vote for me. I am a Christian and my religion has a lot of things to say about measures like this. But, Mr. Speaker, I believe so strongly in the separation of church and state, as did our founding fathers, as do many members of this body. Mr. Speaker, I cannot, and I will not legislate on the basis of my religion. Thank you."

Representative Amato rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in strong support of SCR 1226, request permission to speak briefly. Health care is a human right and standing up

for fundamental rights, in this case to protect and expand health care access for all people of any gender and specifically reaffirming society's protections at the state level, is one of the most important jobs that any of us can do in this sacred hall.

"As a mother of three young women, I support all of SB 1, SD 2, even the controversial age of consent component. I support access to safe and legal abortion for any person in need. I vigorously oppose all efforts to restrict abortion access in any form.

"Let us not forget how last November, Dr. Caitlin Bernard was charged with a crime by a Republican attorney general in Indiana for her compassionate act of giving abortion medication to a 10-year-old who was vigorously raped in Ohio. We must make Hawai'i a safe haven for all people from anywhere without fear of cross-state prosecution, and we must also protect all of our health care providers. Further, if federal funds for clinics or procedures disappear, we must make laws to compensate and protect these institutions. And we must expand access to all islands, not just O'ahu and Maui.

"Such deeply personal and difficult decisions can only be made by a person and their physician. No one has the right to make this decision for someone else.

"The central premise of *Roe v. Wade* was that a person has the right to terminate a pregnancy before viability and also even after viability if an abortion is necessary to preserve her life or her health. The legal basis of the recent *Dobbs v. Jackson* decision, dominated by Republican-appointed judges, is highly debated and with good reason. The due process clause of the 14th Amendment to the United States Constitution provides a right to privacy. The Constitution therefore protects a pregnant person's liberty to choose to have an abortion without excessive government knowledge or restriction. We have a sworn duty to uphold that liberty.

"Thomas Jefferson referred to the First Amendment as creating a wall of separation between church and state. He was very clear. As legislators, we are obligated to have a clean and well-defined barrier between religion and law.

"In conclusion, I urge support of SB 1 and laws based on sound science and compassion, respect for any person's reproductive rights, and not religious rhetoric in this sacred hall. Thank you, Mr. Speaker."

At 12:44 p.m., Representative Matsumoto requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:45 p.m.

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Souza rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Garcia rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. First of all, just to clarify what separation of church and state was, our Founding Fathers, in our founding documents, said that these rights are given to us by our creator, among which are life, liberty, and the pursuit of happiness.

"First and foremost, this bill is not needed, here's why. If this bill does not pass, abortion access is not impacted whatsoever here in Hawai'i. This bill is simply virtue signaling. Second of all, it's a clear attack on parental rights. Who in their right mind, Mr. Speaker, thinks that it's okay to allow a 14-year-old child to get medical surgical procedures without telling their parents?

"Currently, you can't be 14 and buy cigarettes, buy alcohol, get a tattoo or a piercing. But for an abortion, to kill a child in the womb, it's okay? This is ridiculous. It's an attack on parental rights. The phrase was mentioned, health care. This is not health care. Health care is bringing life, saving life. This is ending life, it's not health care. No vote."

Representative Kong rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Lamosao rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Alcos rose to speak in opposition to the measure, stating:

"No vote. This bill, I understand that it's trying to protect kids' rights. But what about parents' rights? I'm a parent as well, I have kids. I would like to know, and my community would like to know what's happening to their *keikis* and to their kids and their family in school. This would stricken a lot. It wouldn't allow our parents to find out. I would be totally hurt if I didn't know what would happen to my child, if she's going through this trauma in her early years, I would like to be there for her to support her through this trauma, especially at this age. Who else is better than the parent? Who else is better? Is that counselor better? Is the teacher better? Is the doctor better? It should be the parents to raise their kids. And we taking a lot of the laws away from the parents and not allowing our parents to get involved with our *keikis*. And for that reason, I'm a no vote. Thank you."

Representative Ganaden rose to speak in support of the measure, stating:

"In support, Mr. Speaker. SB 1, SD 2 codifies what has been the law of the land here in Hawai'i for decades regarding parental consent. I'd like to note the American Academy of Pediatrics, which said, legislation mandating parental involvement does not achieve the intended benefit of promoting family communication, but it does increase the risk of harm to the adolescent by delaying access to appropriate medical care. Minors should not be compelled or required to involve their parents in their decision to obtain abortions, although they should be encouraged to discuss their pregnancies with their parents and other responsible adults.

"Mr. Speaker, I'm in support of the three health care providers that provide abortion services in addition to a variety of other reproductive health services for the community that I represent. I stand in strong support."

Representative Kitagawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Garcia rose to respond, stating:

"Second time, still in opposition. One other point I wanted to mention, the age of consent here in Hawai'i is 16 years old. Any intercourse below 16 years old would be considered statutory rape. If this bill passes, we're allowing and aiding in statutory rape. May God have mercy on all our souls."

Representative Pierick rose to speak in opposition to the measure, stating:

"No, please. I'm going to be sharing several points. The first is the context between separation of church and state. That was a letter written by Thomas Jefferson to a Protestant minister. The Protestant minister had a concern saying, Mr. Jefferson, will there be favoritism for one Protestant denomination over another? He says, no, there's a wall or a separation between church and state, meaning we're not going to favor one over the other. But the liberty to still practice your faith and have that really fuse the legislator, is still fine. The last part is commentary.

"The next point is, where do we get law? I believe we get law from God. He defines what is moral law, and the Ten Commandments we get, thou shalt not kill. If we were to degrade law to just our subjective input, it becomes rather fluid with our culture.

"Is life precious? According to the psalmist in Psalm 139, verse 13-16, it says, for you, this is David talking to God, you formed my inward parts, you knitted me together in my mother's womb. I praise you, for I am fearfully and wonderfully made. Wonderful are your works, my soul knows it very well. My frame was not hidden from you, when I was being made in secret, intricately woven in the depths of the earth. Your eyes saw my unformed substance, in your book were written, every one of them, the days that were formed for me, when as yet there was none of them. God knows ahead of time who we are while we're still in the womb and what's going to happen after birth.

"Speaking again of what God's plan is for that life, it says in Ephesians 2:10, this is Paul talking to the church in Ephesus, for we are God's handiwork, created in Christ Jesus to do good works, which God prepared in advance for us to do. So, we see that God has a perspective on life. It is precious.

"Let's go back to the Ten Commandments. We're not supposed to murder. Leviticus 24, God is explaining to the children of Israel the moral law. He says, whoever takes a human life shall surely be put to death. So, God's implementing capital punishment for murder.

"Let's find out what things God hates. In Proverbs 6, it says, there are six things that the Lord hates, seven that are an abomination to him. Haughty eyes, a lying tongue, and hands that shed innocent blood. A baby that's in the womb is innocent. He or she has committed no crimes. So, for us to shed that innocent blood, it's not good. The heart starts to beat at about five and a half to six weeks old in the womb. That baby has blood. We're not supposed to shed that innocent blood.

"Jesus said, you shall not murder, in Matthew 19, verse 18. James wrote, do not murder, children are a blessing. It says in Psalm 127, verses 3 through 5, behold, children are a heritage from the Lord, the fruit of the womb, a reward. Like arrows in the hand of a warrior, are the children of one's youth. Blessed is the man who fills his quiver with them. He shall not be put to shame when he speaks with his enemies in the gate.

"Now, what about the life of the child? Is it determined by social factors? If the family doesn't want it, does the life become not as valuable? What if there's not enough funding to support the child? Do we kill the baby in the womb because we can't afford the baby? What if the baby isn't healthy enough? Do we kill the baby because we determine that that health level isn't where we want it to be? Or is life precious even if it has special needs? In the beginning of Exodus, God said, who made the deaf, the mute, the seeing, or the blind? Have not I? God makes people. And if they have a special need, they are still precious and they should not be aborted. I propose we choose life.

"It says in Deuteronomy 30, verse 19, I call heaven and earth to witness against you today, that I have set before you life and death, blessings and a curse. Therefore, choose life, that you and your offspring may live. Thank you."

Representative Onishi rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Mr. Speaker, as a Buddhist, as the father of three daughters, as the grandfather of four granddaughters, I fully believe in a woman's right to choose about her body and what she wants to do. This is the way that we were brought up as Buddhists. Every person should be held accountable for their own actions, not somebody telling them what they can or cannot do. Thank you, Mr. Speaker."

Representative Tam rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just want to have the words of the representative from Haleiwa inserted into the Journal as if they're my own, as well as the representative from Hilo inserted into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support, and I'd like to adopt the words of the representative from Hilo, minus the part about being a father and grandfather," and the Chair "so ordered." (By reference only.)

Representative Kahaloa rose to speak in support of the measure, stating:

"Same request, including the grandparent part," and the Chair "so ordered." (By reference only.)

Representative Alcos rose to respond, stating:

"Mr. Speaker, my position is I'm opposed, for the second time. This is not an adult we're talking about. This is kids what we talking about. Till today, I still make mistakes. Our kids still make more mistakes than us. That's a part of life that we live. That's the guidance that we need to give to them. We're taking away that right. This is *keikis* that we talking about. They're under 18 years old. That's our kids. What age you going to come out next? Twelve, ten, five?

"We need to hold our accountability to our parents. If we could stay home and take care of our kids, that would be so awesome, instead of somebody else raising our kids. But we don't have that opportunity now. But it is our kids to make that decisions and believing in them to make that choice at this

young age. And for fly that bird out of the coop and let them make the right choices at that time, as a parent, Mr. Speaker, I am very concerned. Even when they go to college. Now they are older in life, some of them. I still concerned and they still my kids. But at the age of 18 to 14? I oppose this bill, Mr. Speaker, because of that. Thank you."

Representative Souza rose to respond, stating:

"Still no vote, second time. Can you please enter the words of the representative from Kalihi into the record as my own, specifically in regards to parental consent. Thank you," and the Chair "so ordered." (By reference only.)

Representative Ganaden rose to respond, stating:

"In support, Mr. Speaker, second time. There have been many Bible verses shared today. I'll share one, a favorite, Matthew 5:29. And if thy right eye offend thee, pluck it out, and cast it from thee, for it is profitable that one of thy members should perish, and not that thy whole body should be cast into hell."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I am fully aware that we are supposed to save our comments for tomorrow. But as a young woman who has had an abortion, it is so hard to sit on this floor and listen to people trying to take away your right to choose what you do with your body. That you can become or do anything you choose in this life.

"I appreciate the parents on this floor who lead with integrity and who choose to love their children. My question is, what about the parents who are not there for their kids? What about the children who don't have parents in their lives that can lead, support, and honor them? What about the children who have parents who do not respect or sexually abuse their children? Because those children exist. And that is why I am in strong support of this bill. And I will always fight for my right and for every woman's right or every person who has a uterus to choose what they do with their body. And I look forward to further debating this tomorrow."

Representative Morikawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. And I have been there and I've done that, and I would like the words of the previous speaker to be inserted in the Journal as if they were my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Kila rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, can I cast a vote with reservation and a brief comment. As much as I also have personal beliefs to support some kinds of measures, I have to go and support what my district is asking. But I think what has been brought up today on the floor is very valid. I think about sometimes the folks that don't have homes and think about the kids that are looking for parents. And I think some of the concerns were shared were valid. But at this time, I need to register a vote with reservations, please."

At 12:59 p.m., Representative Belatti requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:00 p.m.

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH CARE," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Kila, Kitagawa, Lamosao, and Quinlan voting aye with reservations, with Representatives Alcos, Garcia, Kong, Matsumoto, Pierick, Souza, and Ward voting no, and with Representative Perruso being excused.

Representative Pierick rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Holt rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. We live here in Hawai'i and we have a Japanese cultural center, a Chinese cultural center, a Filipino cultural center, and we don't have a Hawaiian cultural center. This bill was well intended to fund the Hawaiian cultural center, but we turned it into a study. I don't think we need to study this anymore, Mr. Speaker. Thank you very much."

Representative Souza rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. Request for a ruling on a potential conflict. My brother is an OHA Trustee."

The Chair addressed Representative Souza, stating:

Representative Ward rose in opposition to the measure and asked that the remarks of Representative Holt be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Alcos rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I feel that the Hawaiian Cultural Center is long overdue, as Rep. said. And it's a bridge that we need to build with our Hawaiian people here and show that the state can work with our Hawaiian culture. We have so much Polynesian Cultural Center and other culture centers, as he said. And it shouldn't be worried about the finance, the money. I think it can be private funded, it can be funded many different ways. But it's long overdue and we definitely need a Hawaiian culture center. Thank you."

Representative Tam rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I appreciate the comments regarding cultural centers around the state. But it's also important to note that the many cultural centers that we have around the state, such as the Japanese cultural centers, are all privately funded, and the only time they ever come for government money is in the form of grant money. The original bill asks for the Hawaiian cultural center to be fully funded by taxpayer dollars. And OHA was asking for \$60 million for a pilot program. Your committee decided to turn it into a study to ensure that that money would be spent wisely if we would go forward with a cultural center. Thank you."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I want to thank the chair of the Committee on Culture, Arts, & International Affairs. As a member, I am very supportive of this measure. I think that we definitely need a Hawaiian cultural center in our state and in all of our communities. I have a Native Hawaiian cultural center in Ka'u that community members have been trying to build for the past 30 years. They've applied for grants-in-aid and have finally gotten some funding. And my fear is that if we have just one Native Hawaiian cultural center, that it will be based in Honolulu. I think that we have to find ways to make sure that all of our communities, especially those in rural communities or our neighbor islands, they also have access. Thank you."

Representative Holt rose to respond, stating:

"Thank you, Mr. Speaker. Still in opposition. I'd just like to remind the body, we're still not fully funding OHA's pro-rata share of the ceded lands which were stolen. Thank you."

Representative Ward rose to respond, stating:

"Mr. Speaker, still in opposition. I would like to make a historical note, if I may. For the last 40 to 50 years, we've talked about, hey, we got to get a host cultural center. We want to do as well as the Polynesian Cultural Center. We've got this in other Pacific islands.

"But the funny thing is that the funds have not been there. This bill goes back to where we were decades ago saying, hey, yeah, we got to have a culture center, which is good. But if there's not the money, Mr. Speaker, we're just talking as we have for the last few decades. And if there's any part of this community that needs a boost in the culture, it's the Hawaiian community.

"Which, I'm not going to go on the Department of Home Lands and 100 years, 28,000 on the waitlist, but the Hawaiians have been at the back of the line for so many years. And this bill shows that there's not a priority for the host culture to have a priority for a cultural center, which is sorely needed. So, Mr. Speaker, this is a mini step, but it's actually a step backwards as we go forward. Thank you."

No. 733, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO HAWAIIAN CULTURE," passed Second Reading and was referred to the Committee on Judiciary & Hawaiian Affairs, with Representatives Holt, Pierick, and Ward voting no, and with Representative Cochran being excused.

juxtaposition of another bill that says if you live on the beach, we're going to give you a relocation allowance. And I know that's not exactly about what this bill is, but it says, if you're Hawaiian and you live on the beach, we're going to give you a micro house. Where is the equity in that, Mr. Speaker? I just say, we've got to keep the Hawaiian issue in perspective. And housing is a key because it's the most homeless, 63% of the Hawaiian community are the ALICE families, asset limited, income challenged earners."

Representative Kong rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote with a brief comment, please. This is the reorganization of the chairs on the Titanic or creating the Hawai'i Tourism Authority to become the destination management. Even the name of it is not very inspiring, destination management sounds like a very dull, bureaucratic, officious kind of a statement.

"The point is, Mr. Speaker, we're punishing what otherwise the Hawai'i Tourism Authority did a number of years ago when we reached 10 million visitors, we said, oh my God, that's too much. Well, those who put their foot on the accelerator know how to pull it back. Yet now we're rearranging all of this for the sake of what? So, we can tell people in our district, well, we're going to manage tourism.

"Well, The HTA now has a manage tourism plan. Why don't we let them execute it? Why are we changing all of this now in the middle of the stream? They've done a good job. We are rewarding their merit with, we're damning them with faint praise, quite frankly, Mr. Speaker.

"For those reasons, I think we need to look at this in a little bit more serious matter, and this is rather a flip reaction to what, well, we've had too many complaints in our neighborhood, we have too many things that are going on. Well, that's fine. But the ones who did the success are the ones who can manage it successfully. For those reasons, Mr. Speaker, I think this bill needs a lot more contemplation. Thank you."

Representative Quinlan rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. And may I first say how hurt I am to hear my colleague describe the Office of Destination Management as boring and dull. It's the furthest thing from it, and I personally am extremely excited. Thank you."

Representative Kahaloa rose to disclose a potential conflict of interest, stating:

"Request a ruling on a potential conflict of interest. My fiancé works for the Hawai'i Tourism Authority."

Representative Pierick rose to speak in opposition to the measure, stating:

"No, please. So, this measure, I believe, describes or there are resources available to people who want to transfer their cesspools or are being required by the state to transition their cesspools. But the reimbursements are only up to \$20,000, and many cesspool conversions require \$50,000. That's a standing balance of \$30,000 that the homeowner would need to have. A lot of my constituents and constituents from around different districts have called my office asking me to vote no. So, to honor their preference, I'm voting no."

Representative Garcia rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support and a brief comment. The cost of cesspool conversion varies, depending, so to make a statement that \$50,000 is the amount across the board is pretty off base, that would be a really high end, first of all.

"Second of all, we actually amended this bill in committee to add a provision that Department of Health can grant exemptions based on demonstration of financial need or inability to pay for the conversion for up to five years at a time. So, to me, the effect of this bill would be to, along with the other measures that we're considering this session, really put a sense of urgency on accomplishing these conversions. But also, this bill would really shift the focus to those who can afford to do the conversions and live in the priority areas that have the most cesspools that are causing the most consequences to the environment and to the health of our water systems."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I want to thank the chair. With reservations. My reservation is very much lightened because of what she said. Those who have a hardship, who need time, who need to borrow money, I think it gives an opportunity for that.

"In Hawai'i Kai, I have a number of farmers who have cesspools. They are in a bit of a strait because their leases are only like less than two years away. Because of that, Mr. Speaker, this bill is rather pressing and important.

"But at the same time, Mr. Speaker, we, as the State of Hawai'i, have to take some of the responsibility. We knew about these 88,000 cesspools decades ago. And right now, we're saying, okay, let's hurry up and enforce it, rather than having done it in a systematic, smooth way within the last 10 or 20 years. Can you imagine that these have been possibly leaching into water and other very sanitary places that we should have no sewage related to or near in any shape or form.

"For those reasons, Mr. Speaker, I think this needs to be done and hopefully there's enough money for enough people not on a wait list that says, well, you're not part of the first 200 to do it, like I heard the city and county has something for scholarships, but if you're not on the list high up, you're not going to get it. For those reasons, Mr. Speaker, we got to get rid of 88,000 cesspools, but we have to do it systematically. Thank you."

Representative Lowen rose to respond, stating:

"Just very quickly, I really appreciate having the representative from Hawai'i Kai on my committee. But I would just say, according to the UH cesspool prioritization tool that the provisions of this bill are based on, there are no cesspools in Hawai'i Kai that fall under that. And I think the cesspools being referred to are gang cesspools or large capacity cesspools which have been illegal under the federal law from the EPA since 2005."

Representative Ward rose to respond, stating:

"Mr. Speaker, the good representative from the Big Island is correct except for one thing. The fact of the matter is, they have been categorized as large capacity cesspools. They don't agree with it, but I think that's the conundrum that we're faced with in Hawai'i Kai. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committees was adopted and S.B. No. 426, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO CESSPOOLS," passed Second Reading and was referred to the Committee on Consumer Protection & Commerce, with Representative Ward voting aye with reservations, with Representatives Garcia and Pierick voting no, and with Representative Cochran being excused.

Representative Garcia rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Perruso rose to speak in support of the measure with reservations, stating:

"With reservations and a brief comment. I wanted to thank the chair of EPP for her amendments to this measure. I think that it's a really important conversation. We need to look at how the impacted communities are being brought into the conversation around royalties on energy projects on ceded or stolen lands, and this measure gives us an opportunity to have that conversation."

Representative Kapela rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I think that this bill is interesting. There's a portion of it that's really fantastic, where 20% of the funding from the royalties would be going back to OHA for public trust revenue, and I think that that's wonderful.

"Currently, 30% of the money goes to the county, 70% goes to the general fund. That 30% that goes to the county, most of it stays in the southern half of Hawai'i Island, with families and areas that are so rural, so remote, that even lack access to running water. So, to watch that money from the county be taken away and put in other spaces makes me a little sad, specifically because it's my community that would be greatly even further impacted. And what would happen with this bill is that they would only be getting 10% of that funding. So, the county would only be getting 10% and then the rest of the money would be going to OHA. I'm hoping that in the next committee they'll be able to look at the possibility of that 20% coming from the general fund instead of coming specifically from the county. Thank you."

Representative Kahaloa rose in support of the measure with reservations and asked that the remarks of Representative Perruso be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

THIRD READING

S.B. No. 1, SD 2:

Representative Nakamura moved that S.B. No. 1, SD 2 pass Third Reading, seconded by Representative Morikawa.

At this time, Representative Matsumoto offered Floor Amendment No. 4, amending S.B. No. 1, SD 2 as follows:

SECTION 1. Senate Bill No. 1, SD2, is amended by amending section 14, page 43, by reinserting the language of the current statute to read as follows:

""Medical care and services"" means the diagnosis, examination, and administration of medication in the treatment of venereal diseases, pregnancy, and family planning services. ~~[It shall not include surgery or any treatment to induce abortion.]~~ It shall not include surgery or any treatment to induce abortion.""

Representative Matsumoto moved that Floor Amendment No. 4 be adopted, seconded by Representative Garcia.

Representative Matsumoto rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I stand in support of the floor amendment. This is the first floor amendment that I have ever offered in my 11 sessions here at the Legislature. Very simply, what this amendment aims to do is revert back to our current law in relation to a minor by leaving the definition of medical care and services, as it says in the HRS 577, 'the diagnosis, examination, and administration of medication in the treatment of venereal diseases, pregnancy, and family planning services. It shall not include surgery or any treatment to induce abortion.' The part we want to keep is 'it shall not include surgery.'

"This is a reasonable amendment. It leaves every other section of this bill alone and essentially is just reverting back to our current law where minors cannot obtain a surgical abortion without parental consent.

"The parental consent issue is the most important one for me. I have two children, a son and a daughter, and I can't imagine them having a surgical procedure without me knowing. How do I help to care for my child physically as well as mentally and emotionally if I am to be left out of the equation?

"I know there are scenarios where children are left in heartbreaking and horrible situations where parents are not part of the equation, or even worse, where they are part of the problem. However, we already have statutes in place to deal with these types of issues, and if it isn't enough, we can work to strengthen those specific areas, not take away all parents' abilities to be involved in their children's lives in this area.

"In little ways, year after year, we have slowly chipped away at parental rights and parents' ability to raise their children. Again, this amendment keeps one sentence that this bill has struck out of our current law and leaves everything else. It is a reasonable amendment, and I ask this body for your support. Thank you, Mr. Speaker."

Representative Belatti rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, in opposition for two reasons. First, this floor amendment is fatally flawed, as it does not comport with our drafting requirements. Secondly, Mr. Speaker, and I as the mother of two daughters, understanding the concerns of the good representative from Mililani, puts forward to this body that this amendment

completely undercuts the passage of Senate Bill 1, which seeks to modernize our statutes and protect the rights and private health care choices best made between a patient and their health care provider that have been in existence in our state for over 50 years. Thank you, Mr. Speaker."

The motion that Floor Amendment No. 4, amending S.B. No. 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH CARE," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry, with Representative Cochran being excused.

Representative Pierick rose, stating:

"Mr. Speaker, I make a motion that we do a hand count vote."

At 1:16 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:22 p.m.

At this time, Representative Garcia offered Floor Amendment No. 5, amending S.B. No. 1, SD 2 as follows:

SECTION 1. Senate Bill No. 1, SD2, is amended by amending section 14, page 43, by adding an amended definition as follows:

""Minor"" shall be any person from the age of ~~[fourteen]~~ sixteen to seventeen inclusive."

Representative Garcia moved that Floor Amendment No. 5 be adopted, seconded by Representative Matsumoto.

Representative Garcia rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. This floor amendment is pretty simple. It just knocks out one word in SB 1, Senate Draft 2, the word 'fourteen' and replaces it with the word 'sixteen' to be in alignment with our current law of consent in Hawai'i for sexual intercourse. So once again, a 14-year-old having an abortion with no parental consent is just absolutely insane, so we're going to change that to 16."

Representative Belatti rose to speak in opposition to the proposed floor amendment, stating:

"Thank you, Mr. Speaker. In opposition. Mr. Speaker, this floor amendment is unworkable and inconsistent with our age of consent law in chapter 707-730 and 732. Fourteen has been long the age of minority for health care decisions and changing it would impact many other decisions that are currently being made. Thank you, Mr. Speaker."

The motion that Floor Amendment No. 5, amending S.B. No. 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH CARE," be adopted, was put to vote by the Chair and upon a voice vote, failed to carry, with Representatives Cochran and Matayoshi being excused.

At this time, Representative Pierick requested a hand count vote.

At this time, the Chair stated:

"Alright members, a division has been requested. Pursuant to Rule 54.1, one-fifth of the membership must vote in the affirmative for a vote by division, and you can signify this by raising your right hand. So, all those in favor of a hand vote, please raise your right hand."

At this time, the Chair called for a show of hands to allow for a hand count vote, and upon a show of hands, the request was denied.

(Main Motion)

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Before I begin my remarks, may request that I can insert written comments, and may I also insert, as part of my written remarks, a letter from the community in support of Senate Bill 1, Senate Draft 2 that was provided to all members of this body from 34 signatories, including the Lieutenant Governor, Sylvia Luke.

"Senate Bill 1, Senate Draft 2 does three critically important things at a time when access to reproductive health care and reproductive health care itself is under attack by politicians who should not, should not, be interfering

in the private health care decisions of patients and their health care providers.

"First, this measure codifies and ensures the current rights and practices that have existed here in our state for nearly 50 years under Hawai'i's historic 1970 law legalizing abortion. Our state constitutional right to privacy that guarantees the fundamental right of privacy, which includes an individual's right to make their own health care decision regardless of age, and U.S. Supreme Court case law, beginning with *Griswold v. Connecticut*, *Eisenstadt v. Baird*, and *Roe v. Wade* and its progeny that ensure the right to reproductive health care for all.

"Second, this measure modernizes our statutes to align with medical care, medical standards of care, and protects the private health care choices best made between a patient and their health care provider.

"Third, Senate Bill 1, Senate Draft 2 protects Hawai'i's health care providers and patients from the efforts of other states who wish to impose criminal and civil liability in connection with reproductive health care services that have long been lawful in this state. Mr. Speaker, for all of these reasons, I stand in strong, unwavering support of Senate Bill 1, Senate Draft 2. Thank you."

Representative Belatti's written remarks are as follows:

"Mr. Speaker, I stand in strong support of Senate Bill 1, Senate Draft 2. This measure is entirely consistent with our state's Constitution, which *Dobbs v. Jackson Women's Health Organization*, 142 S.Ct. 2228 (2022), does not affect. Our State Constitution enshrines a broader right to privacy in Article I, Section 6 that encompasses a right to an abortion and has long been a fundamental right in our state.

"Nowhere is this made clearer than in the committee reports of the 1978 Constitutional Convention of Hawai'i where it was stated that "[b]y amending the Constitution to include a separate and distinct privacy right, it is the intent of your Committee [of the Whole] to insure that privacy is treated as a fundamental right for purposes of constitutional analysis. Privacy as used in this sense concerns the possible abuses in the use of highly personal and intimate information in the hands of government or private parties. . . . More importantly, *this privacy concept encompasses the notion that in certain highly personal and intimate matters, the individual should be afforded freedom of choice* absent a compelling state interest. This right is similar to the privacy right discussed in cases such as *Griswold v. Connecticut*, 381 U.S. 479 (1965), *Eisenstadt v. Baird*, 405 U.S. 113 (1973), *Roe v. Wade*, 410 U.S. 113 (1973), etc. . . . By inserting clear and specific language regarding this right in to the Constitution, your Committee intends to alleviate any possible confusion over the source of the right and the existence of it.' *Committee of the Whole Report No. 15*, in *Proceedings of the Constitutional Convention of the Hawai'i of 1978*, at 1024 (*emphasis added*).

"Following *Dobbs*, it is even more important for our state statutes to clearly protect and advance this right to privacy for individuals, and to shield our residents, health care providers, and others within our borders from potential efforts by other states and third parties to penalize reproductive health care lawfully provided or obtained in our state.

"This measure is not intended to create additional administrative burden for covered entities like health plans and providers. It should not force them to document or extract communications related to treatment, payment, or health care operations concerning reproductive health care decisions.

"Senate Bill 1, Senate Draft 2 is primarily aimed at ensuring that third parties seeking information for use in restricting or otherwise deterring the provision of reproductive health care services, and thereby infringing on an individual's right to privacy, have limited ability to do so in Hawai'i. These third parties should not be weaponizing medical records against the patients who need reproductive health care services or the health care providers who have the professional authority to provide these services

"Finally, Senate Bill 1, Senate Draft 2 reflects the collective action and values of the people of Hawai'i. This was made evident in the rallies, walks, and community conversations that happened in the months after the *Dobbs* decision and leading up to this very day. This collective action is especially apparent in the joint letter to all members of this House included here and signed by the Lieutenant Governor, Hawai'i County Councilmember of

District 2, and 36 community organizations spanning a diverse group of community leaders, business, non-profits, and other organizations.

"For all of the reasons set forth above, I stand in strong support of Senate Bill 1, Senate Draft 2."

Re: A Letter from the Community in Support of S.B. 1, S.D. 2 (Relating to Healthcare)

Dear Speaker Saiki and Members of the House of Representatives:

From each of the undersigned, aloha kākou.

Hawai'i has a proud history of advancing social justice issues and fighting for the basic human rights of all people, including a long and deeply held support for reproductive healthcare rights. Among that history, Hawai'i was one of the first states in the country to legalize abortion in 1970, three years ahead of the *Roe v. Wade* decision and led by a bi-partisan effort.

After the fall of *Roe*, over a dozen states across the contiguous U.S. immediately moved to restrict access and criminalize those needing and providing basic healthcare. While these states may be an ocean away, the chilling effect of their laws is already creeping through our community. Patients are unsure as to whether they have the most basic of rights; the right of autonomy over their own bodies and the right to control their own futures. Providers, who already face a labor and resource shortage, are being forced to risk their livelihood and face harassment and legal uncertainty just to provide basic reproductive healthcare. While the state of the law in Hawai'i is not as dire as some of our sister states, we still face an unacceptable level of uncertainty for our patients and exposure for our practitioners.

Furthermore, access to safe and legal abortion care is not only an issue of bodily autonomy and basic human rights, but also an economic issue. The World Health Organization has determined that restricting abortion access is linked to negative effects on pregnant persons' education levels, their participation in the labor market, and their subsequent ability to contribute positively to economic growth. Communities that have full access to healthcare, including abortion care, are healthier and more productive. It is also important to acknowledge that the communities already facing the biggest challenges to economic growth, including Indigenous, Black, and Latino communities, people with low incomes, LGBTQ+ people, immigrants, and people living in rural areas, are the very same demographics most severely impacted by restricted access, thereby further depressing their ability to join the workforce and break the poverty cycle.

We, a diverse group of community leaders, businesses, unions, non-profits, and other organizations, stand together in asking the Hawai'i State legislature to pass Senate Bill 1 to strengthen our current laws, broaden access to abortion care for all persons, and shield our healthcare providers from the draconian and gross over reach of other states. Ensuring that our workforce has access to safe, legal, high-quality healthcare will only further the well-being and health of all communities in Hawai'i, and standing for our medical providers sends a powerful message to those who would seek to persecute them for providing basic but critical care. Access to abortion is a human right, basic healthcare, and a workplace

issue. This is an opportunity for Hawai'i to be an example - once again - to the rest of the country in upholding *Roe* era access and expanding protections for our medical providers.

The undersigned humbly ask our legislators to stand for our providers and protect our access, not only today, but for all future generations.

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. There was over 3,000 abortions in Hawai'i in 2020. That's 3,000 innocent deaths, 3,000 the sheddings of innocent bloods, according to my faith tradition, 3,000 murder, because there was undue the end of life in the mother's womb. As somebody who's received a doctorate degree in counseling, I've walked with women who've grieved after having had an abortion. They're sad that they've done it, they've regretted it, they wish it never happened.

"Life begins at the heartbeat, which is five and a half weeks to six weeks. When we end a child's life, that's not good. There's a lot of noes that come from this caucus, but there is a yes. And the yes is forgiveness. God does offer forgiveness for those who murder their child. And I'm encouraging people to vote against the murderization of children."

Representative Todd rose to a point of order, stating:

"Point of order, Mr. Speaker. Murder is a legal term and should not be thrown around so loosely, perhaps?"

Representative Pierick continued, stating:

"Point of order, the representative from I believe it's Maui is infringing upon my freedom of speech."

At 1:28 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:31 p.m.

Representative Pierick continued, stating:

"Thank you, Mr. Speaker. In opposition. I'm standing on my First Amendment right to freely speak, to freely express my religious views, and that view is that life begins at conception and that anything that would terminate the child's life, according to the Ten Commandments, is to kill the child, which in an other basic English term is murder. Thank you."

The Chair addressed Representative Pierick, stating:

"Alright members, please refrain from implying a motive and intent with respect to this legislation."

Representative Pierick rose to respond, stating:

"Mr. Speaker, in opposition. Abortion has intent, so we cannot discuss abortion unless it's somehow acted upon us by a third party that we have no consent on. So, I have to convey that there is intent behind abortion, and that's why I'm speaking against it, because I'm against the intent behind killing life."

Representative Souza rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, yes with reservations. I voted no yesterday on the floor during second reading for this measure and in the Judiciary Committee, but I did not feel comfortable voting that way because a woman has a right to choose and it is a personal decision which is separate from religious beliefs and individual beliefs.

"I've always fought for what I know to be right morally, under the law, and in defense of the Constitution. And even though the Supreme Court's Dobbs decision reversed course and reserved the issue of abortion for the states, the spirit of the Roe decision lives on, and therein lies an inherent right to privacy.

"Hence, I respect the perspectives and admire the tenacity of the representative from Ka'u and the representative from Kaua'i when they shared their *mana'o* yesterday, and value their bravery and vulnerability to draw from their lived experiences.

"I have constituents on both sides of the coin when it comes to this issue, and this is the proper way to vote, to represent the voices of all of my constituents and not just the more vocal conservative community members. The representative from Nanakuli made that point clear yesterday in this chamber, that the decision belongs to our community members, and I will add, the spectrum of voices and perspectives.

"I appreciate the viewpoints of my colleagues and respect the diversity of thought and opinions that each of you share as we collaborate in this building and share our *mana'o* on this floor. We all come from different backgrounds and faiths, and no member shall be persecuted if their vote does not succumb to the religious perspectives of another member.

"As a strong Catholic, I spent my formative years at Maryknoll Grade School from K through sixth grade. And as the representative from Makiki could attest to, the school's motto is *Noblesse Oblige*, to whom much is given, much is expected. This means to me that you lead through action, and in turn, those actions will bring glory to God.

"I should not have to feel like less of a Catholic or a Christian on this floor, or feel less worthy of God's favor because I do not subscribe to the sermons that have been prevalent throughout this session. Legislating from the pulpit is contrary to the separation of church and state and has been so prevalent that even the good representative from Kalihi, one of the brilliant legal minds among us here in the House, has recently begun to rebut statements made on this floor with Bible verses instead of the usual course of action with law, data, and policy perspectives.

"But in following in the same vein, I will leave you with this from James 4:12. There is only one lawgiver and judge, the one who is able to save and destroy. But you, who are you to judge your neighbor? Thank you, Mr. Speaker."

Representative Quinlan rose in support of the measure with reservations and asked that the remarks of Representative Souza be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Garcia rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. This bill is not needed. And I know this is a very emotional bill, there's people on both sides, and for decades in this country, those who are pro-life, those who are pro-choice, and the debate has gone on for a long time. But this bill is not needed because like I said yesterday, if this bill were not to pass, abortion access will not be impacted whatsoever.

"So, people are saying, we're attacking women's rights. If the bill fails, women's rights are still there. They can still have abortions in Hawai'i. So, we can debate the morality of abortion and I'm pretty sure you all know where I stand on it.

"But in this speech, I want to focus on the non-partisan problem of this bill, which is parental consent. I believe that the vast majority of parents in our state agree that a 14-year-old child, a 14-year-old child, should not be allowed to make decisions to have medical surgeries with no parental consent. Like I said yesterday, 14-year-olds need parental consent for a school fieldtrip, to get a flu shot, to get a tattoo or a piercing, but not for a surgical decision which will forever impact the life of that young girl.

"It's horrifying to see the amount of bills this session being pushed through these halls stripping parents of their basic and fundamental rights over their children. Mr. Speaker, Hawai'i's *keiki* does not belong to government. They belong to their parents and their families. And how dare government step in the way of parental rights. Lastly, I must say our state's motto, *ua mau ke ea o ka 'āina i ka pono o Hawai'i*, the life of this land is perpetuated in righteousness, and the passage of this bill is unrighteousness. So, God help us. Thank you."

Representative Lamosao rose in support of the measure with reservations and asked that the remarks of Representative Souza be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Perruso rose to speak in support of the measure, stating:

"In strong support. I'd like to remind the body that parental rights are not absolute. There are important reasons why minors' autonomy should be protected for their health and safety. I think that as a teacher, I've had the experience of working with parents who did not adequately care for their children. And it's been, honestly, a process working through having to protect children from abusive parents that has, frankly, shaped my life.

"And I think that this issue before us reminds us that ideally every child would grow up in a supportive home with open lines of communication

where parents help their children make these decisions, respecting their autonomy as people. But that's not the reality of every child who grows up, they don't necessarily grow up with the safety they deserve. And this bill is for those teens. Families are sacred, but they are not immune to violence and abuse of all forms, and government coercion cannot create this safety.

"As the New Jersey Supreme Court found when it held the state's parental notice law unconstitutional, a law cannot transform a household with poor lines of communication into a paradigm of the perfect American family. All of the major medical associations support the minors' right to choose for themselves, because mandating parental involvement in unsafe situations puts teens' health at risk and does not create healthier families. Thank you."

Representative Ganaden rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. Though member speech is a protected right, the public must be protected from misinformation. I believe we have a duty to rectify when misinformation is being spread in our tenuous and shared democracy.

"Yesterday on second reading and today, the issue of parental consent has gotten much attention. As the Health chair noted, HRS 707-730 and 732 have been the law for decades. The age of consent in Hawai'i is 16 years old. At this age, any person may legally consent to sexual activity with another person who has also reached the age of consent.

"Importantly, Mr. Speaker, there is an age gap provision to avoid the common practice of criminalizing teenage sexual activity. Persons at least 14 years old can consent to activity with a person who is less than five years older than them. Persons under 14 cannot consent to any sexual activity under any circumstances. Consent to STD and HIV testing begins at 14. By practice, prenatal care also begins at 14.

"Mr. Speaker, not passing this bill to protect pregnant people and their hard working, well-educated health care providers to care for them in our communities may lead to an increase in infant and mother mortality. This morning, the CDC produced a report noting that maternal death rates surged by nearly 40% during the second year of the pandemic, widening disparities for women of color and those living in poverty throughout the United States.

"Because there are people in our communities that are against this measure, it should be said that there is something counterintuitive about passing laws that protect abortion. Mr. Speaker, guided by faith in humanity and in support of human life, I vote yes."

Representative Kitagawa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Alcos rose to speak in opposition to the measure, stating:

"Mr. Speaker, I oppose this bill. First of all, colleagues, I just want to apologize if I hurt anyone in this room yesterday and even today. I'm not here to hurt anybody, I'm here because of the bill and the word is in this bill because my word, our word, means a lot and this is the law that we're making, I'm not attacking anybody who's writing the bill.

"So, I oppose this bill as a father, and also fathers of mine in my community. When my daughter is at a young age or my son, they got a nightmare, they run into your room, you give them one hug, maybe you sleep with them. As they get older, during the longer years, they fall in love with boyfriends and they get crushed and they get hurt. And we turn back to them and we want to hug them, we want to love them, we want to cry with them. And those are crucial moments in their life, where we be there as parents for our *keikis*.

"Now, this bill, not allowing, I not saying not allowing, the *keiki* has the right not to speak to the parent because the *keiki* is scared, she is scared. I can't imagine how scared she must be because she don't want to look at the dad's eyes because she's afraid of how he might respond. But we cannot push that aside.

"I understand that some families don't have a dad. I understand that's why sometimes we get grandmothers, aunts and uncles, someone that we grew up close with. Adults to able to counsel, to speak, to love, to share, and to cry with them, to hold them. To hold them as long as it can, maybe might take months, maybe might take years. But taking that away and making a

young child to live her life not knowing that she could count on her parents or her dad, without giving them that option, I mean, I'm sorry, the option is there. But she is scared. And I want to be there and other parents like me want to be there for them.

"And if someone get raped, what we tell them in adults is seek counseling, is seek help, is speak and tell. But they're not going to speak and tell to one little kid. They going speak and tell and get help from one adult, someone who's professional, someone who can able to give love and share and care and someone who went through it and someone with experience.

"Mr. Speaker, all I'm saying is that these are our kids. And this bill is shoving something surgically inside of them. And I can't think about, it breaks my heart. And I'm not here to hurt anyone, like I said. It breaks my heart that I have to see, not just my kid, but other kids cannot turn to their *kūpuna*, to their family, to the loved one, to that support. Mr. Speaker, I'm protecting the parents as well I'm protecting our *keikis* with the love and with the support that we hopefully we can give them. Thank you."

Representative La Chica rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support. This bill does not make it illegal for children to communicate with their parents about their health care decisions, should they feel that they are in a supportive and safe environment. This bill protects everyone else who do not have the same supportive home environment and where this does not exist.

"Mr. Speaker, women do not have a responsibility to have children. Women do not assume this responsibility just by deciding to have sex. They certainly should not be mandated to have children just by virtue of being pregnant. Mr. Speaker, I believe that the right to life means protecting a woman's right to her life, an individual's right to choose what to do with that life and with their body and with their health care choices. It means being able to protect a woman's right to decide when to start a family. I believe that that right belongs to a woman alone and it should not be made by any single politician.

"I thank the Senate for sending this bill over and I'm proud to be standing with the majority who are standing up for women's reproductive rights. And I'm proud to be a resident of this state that's setting an example for the rest of the nation. *Mahalo*."

Representative Marten rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in strong support. In 1970 when the members of this same body made our state the first in the nation to legalize abortion, I imagine it was a very difficult process. They were truly leaders when it came to valuing the lives, health, rights, and choices of women. They responded to the calls of my mother's generation, a generation where women became sterile or died due to unsafe illegal abortions. Because of their work, women in my generation and those younger have never known that type of suffering.

"Now, 53 years later, because of efforts by mainland political and judicial bodies to intrude in our state, we find the need to safeguard these existing rights, as well as to codify into law protections for our health care workers who provide abortion services that are legal in our state. We will not let these outside influences intrude, just as we respect women enough to restrain ourselves from intruding in their most private and difficult health care choices.

"These are choices that a woman or a girl may make for many reasons. And if there are some in this body who are trying to decide in their own moral judgment what they think is an okay reason for a woman to make that choice, if there are any at all, I want to share an image that I saw on a sign of a rally last year here where a young woman had a sign that had a chart that said, reasons women choose to have abortions, a pie chart. The biggest portion of the chart said, none of your darn business, and then the smaller sliver of that chart said, also none of your darn business. Thank you, Mr. Speaker."

Representative Perruso rose to respond, stating:

"Thank you, Mr. Speaker. I'm slightly more collected now, so I wanted to add a little bit of data and evidence to our conversation. A national survey of more than 1,500 unmarried minors having abortions in states without

parental involvement laws showed that 61% of pregnant teens discuss the decision to have an abortion with at least one of their parents. And a majority of teens who did not talk to a parent turned to another trusted adult.

"The younger the teen, the more likely they were to have voluntarily discussed the abortion with a parent. In fact, 90% of minors under 15 involved a parent in their decision to have an abortion. For teens who do not confide with a parent, they tend to have good reasons for doing so, which I briefly alluded to earlier, such as a fear that their disclosure will exacerbate an already volatile or unsafe situation.

"One study showed that 22% of teens who did not tell a parent about their abortion decision feared that if they told their parents, they would be kicked out of the house. Just under 10% feared that they would be physically abused because their parents had done so before. Of those who did not tell a parent, 12% did not live with either parent, and 14% had parents who abuse drugs or alcohol.

"So, again, Mr. Speaker, I would like to reiterate the importance of this measure to protect our young people and the decisions that they have the autonomy and authority to make about their bodies."

Representative Tam rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just want to have the words of the representative from Wahiawa inserted into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Tam continued, stating:

"And some more brief remarks. First, I want to thank the Health and Judiciary chairs for their work on this bill. Mr. Speaker, it's important to note that not all minors have supportive parents with whom they are able to discuss a pregnancy with, and unfortunately in some cases it is the trusted adult that is responsible for the pregnancy. Allowing young women to have autonomy over their bodies and to make their own choice is essential. It can even be lifesaving.

"Mr. Speaker, I also strongly believe in the separation of church and state. But some members of this party seem to only be able to find a biblical justification to vote down this bill. So, if you're persuaded by the Bible, I recite Matthew 7:1, which says, judge not, lest ye be judged.

"Frankly, with all due respect, no man can ever understand this choice, and we cannot judge it. Women are aware of their circumstances, their wants, and their medical needs, and they are fully capable of making this choice. And it is one that no legislative body has a right to infringe upon.

"Hawai'i has a long and proud history of supporting the rights of women. We were the first state in the union to legalize abortion in 1973, years before the federal *Roe v. Wade* decision. When the law was passed, personal experiences and stories were shared about how rich girls went to Japan and poor girls bled out in Chinatown. Abortion is and has always been a socio-economic issue. And the political agenda has never been about the sanctity of life, but to create barriers and maintain the status quo of keeping women in their place and perpetuating cycles of discrimination and poverty. When the law passed, the Hawai'i Legislature listened to their stories. They listened to the doctors, and most importantly, they listened to the women.

"Like I said, we have a long and proud history of not only supporting and upholding women's rights but championing them. In these times where so many women's rights are being violated, we must continue to champion the strength and liberties of women. This bill champions that, and it continues us in the direction that we've been walking forward for 53 years, and we will never take a single step backwards. Thank you."

Representative Garrett rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support of the measure before us. As a husband and proud father of two beautiful daughters, this is by far the most consequential vote I'll be casting this legislative session. I don't know how long I'll be a member of this body, but I'm very grateful that here as a freshman, I'm in a position to ensure that all women in Hawai'i can continue to have unfettered access to reproductive health care.

"My yes vote today also means I stand in solidarity with all the dedicated health care professionals in our community who, with the passage of this

bill, can continue to focus on providing lifesaving care without worrying about governmental intrusion into the intimate private health care decisions of their patients. So, Mr. Speaker, for these reasons and many more, I stand in strong support of SB 1, SD 2. Thank you very much."

Representative Alcos rose to respond, stating:

"Second time, Mr. Speaker. I opposed to this bill. Again, family, mens, women, please stand up to supporting your family, your *keikis*. And youth, please depend on your parents as much as you can, because even though sometimes your house going be really hard to deal with, but your family is the best thing that you can count on and they're always going to be there a majority of the time. So, and that's for a majority of the family, not all family, Mr. Speaker, I'm talking about, but majority of family. Family is important and that's what we should lean on. Thank you."

Representative Belatti rose to respond, stating:

"Thank you, Mr. Speaker. In strong support second time and I promise this is my last time. Mr. Speaker, in rebuttal to the representative from Kapolei, District 42. In researching and looking at this issue, I want to call upon the voice from a past, another representative, also Saiki, but this time Patricia Saiki, who in 1970 on this very floor said, 'I am fairly certain that we would not be deliberating this bill here today, if we had not received tremendous support from the people of this State—support from a wide variety of organizations representing a clear cross-section of the entire community.'

"This same representative, this strong Republican woman with clarity of purpose, shared in 2018 her story as to why she was in favor of the abortion bill at that time. And it has to do with the very reasons why we are passing this bill, to provide protections for our health care providers.

"Representative Saiki then, in a 2018 oral history interview, spoke about how she, as the wife of an OB-GYN, would be awakened at 2:00 a.m. in the morning by her husband, who's received a phone call from a patient who went to an illegal abortionist and is now losing blood and is going to die without his help. You know that something's got to be done. Patricia Saiki said, 'he would wake me up and we would go to his office. We couldn't put on the lights because then we would signal that something was going on. The police would come. So we would then use flashlights, and I was the lamp holder. In other words, I held the lamp over the patient while my husband then cleaned out the situation to save her life and save her from the ramifications of the illegal abortionist.'

"Mr. Speaker, without this law, our health care providers are in criminal and civil jeopardy. We know that because we have seen actions by other state actors and members of other states already trying to take action against providers in other states. This bill is critical. Representative Patricia Saiki knew it then and we know it now. And I stand proudly with this body to pass this measure. Thank you, Mr. Speaker."

Representative Garcia rose to respond, stating:

"Thank you, Mr. Speaker. In strong opposition. First and foremost, Congresswoman Saiki did a lot for this state and this country. And unlike some caucuses in this building, we are a big tent with differing perspectives.

"What was mentioned was, I keep hearing separation of church and state. For some reason some people think, Mr. Speaker, that that means you cannot vote on something based upon your personal religious convictions. That's not in any way what that means. Separation of church and state is simply this, the government shall never compel the church what to do, and the church shall never compel the government what to do.

"I keep hearing government overreach into someone's right to choose. What about government overreach in parental rights? And it seems like it's fun to quote scripture today on the floor, so let me just read from Matthew 18:6, but whoever causes one of these little ones who believe in me to sin, it would be better for him to have a great millstone fastened around his neck and to be drowned into the depths of the sea."

Representative Ichiyama rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in strong support, permission to insert written comments into the Journal. I also just wanted to share with my

colleagues that there was a recent poll done in February, statewide, of Hawai'i voters, and that 84% believe that it is important for lawmakers, for us, to ensure that current rights, including the right to access abortion and reproductive health care, are protected.

"An additional 79% agree that all people, regardless of age, should make their own reproductive health care decisions, including abortion. And then finally, Mr. Speaker, 70% overwhelmingly disagreed with the Supreme Court's decision to overturn almost 50 years of precedent in *Roe v. Wade*. Mr. Speaker, I think that's very clear, very resounding, and that's why, in addition to many other reasons, I'm in support of this measure. Thank you."

Representative Ichiyama's written remarks are as follows:

"Thank you Mr. Speaker for the opportunity to submit additional written comments in support of SB 1, SD 2, Relating to Health Care. I am in support of this measure because it will (1) expand access to reproductive health care and (2) protect our health care providers from out-of-state litigation.

"First, this bill expands access to reproductive health care by allowing trained and qualified physician assistants to provide medical and aspiration abortion care in the first trimester. We all know the physician shortage on the neighbor islands, and in 2021 we expanded our law to allow qualified APRNs to also provide abortion care. Numerous studies have demonstrated that abortions performed by physician assistants are as safe and effective as those provided by physicians. Advance practice clinicians will help provide safe abortion access to everyone who needs it, regardless of where they choose to live or receive care.

"Second, the protections in SB 1, SD 2 codify and expand upon Gov. David Ige's 2022 Executive Order to protect our health care providers from out-of-state litigation. At the beginning of this year, the Guttmacher Institute estimated that 24 states have banned abortions or are likely to do so. Approximately 14 states have no clinics providing abortion services. Given Hawai'i's tourist, military and university student populations, it is very possible that a non-resident may seek reproductive health care services from our local providers that would otherwise be prohibited in their home state. Last year, we saw attempts by other states to pass legislation that would allow private citizens to sue any person who helps someone to obtain an abortion, even outside of their state boundaries. We need to protect our health care professionals who are abiding by Hawai'i law and providing much needed medical services.

"For all of these reasons, I am in support of SB 1, SD 2."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support and I'd like to adopt the words of the representatives from Makiki and Moanalua," and the Chair "so ordered." (By reference only.)

Representative Amato rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I stand in strong support of SB 1, SD 2, and request that my comments from yesterday's floor session, March 16th, be inserted to the Journal and I here also add further comment," and the Chair "so ordered." (By reference only.)

Representative Amato continued, stating:

"Because of the recent Dobbs ruling, many states have banned or severely restricted access to abortion and now restrict human rights and reproductive freedoms through criminal penalty. This includes not only desperate patients seeking help, but also medical providers.

"Indiana has sued doctors helping rape victims. Missouri has paralleled Texas' gun legislation tactics by allowing anyone to sue someone providing aid to a patient. This means a mother, a father, a friend, even a doctor. Criminalizing medical care is simply unacceptable. This is a clear case where we as state legislators must stand up and protect the rights of our citizens, including our dedicated, hardworking healthcare providers.

"We've heard a lot of talk about constitutional protections and yes, some of it from me. I am again compelled to point out that the due process clause of the 14th Amendment to the Constitution provides a right to privacy. Further, Article 1, Section 6 of the Hawai'i Constitution states, 'the right of the people to privacy is recognized and shall not be infringed without the

showing of a compelling state interest. The legislature shall take affirmative steps to implement this right.'

"We are all sworn to follow this and take those steps today. Both Federal and State Constitution wisely prevents overreach in matters of privacy and therefore protects a pregnant person's liberty to choose to have an abortion without excessive government knowledge and the subsequent restriction.

"I am a mother of three young women. I value my right to privacy. I value your right to privacy. I live in Kihei, Hawai'i, not Beijing nor Moscow. I am proud to live in a country where human rights, like privacy and health care, are respected and supported. A state where medical professionals are protected and a society where our Constitution is understood and upheld with noble actions from many of my honorable colleagues.

"We must support our people, not criminalize those who need help. I stand in support of our Hawai'i Constitution, which I have sworn to uphold. I stand in support of people in desperate need. I stand in support of our noble medical practitioners. I stand in support of SB 1 and of human rights. Thank you, Mr. Speaker."

Representative Onishi rose to disclose a potential conflict of interest, stating:

"Thank you, Mr. Speaker. Can I get a ruling on a potential conflict of interest? My daughter is a registered nurse," and the Chair ruled, "no conflict."

Representative Onishi continued to speak in support of the measure, stating:

"Thank you. I stand in strong support, and I'd like to have the words from the representative from Makiki added as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Nakamura rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I support this bill. I'd like to first thank the Health chair and Judiciary & Hawaiian Affairs chair for overseeing this bill in the House. I'd like to recognize our representative from Salt Lake for spending a lot of time during the interim working with all of the women organizations to help craft this bill. I'd also like to thank our Republican members for agreeing and supporting 95% of this effort to modernize the abortion laws in Hawai'i.

"On this issue of parental consent, a couple of months ago, it probably was last month that I met with OB-GYNs who have the task of performing abortions in our state. And they said that, in alignment with statistics shared by our representative from Wahiawa, that most of the girls who come in have a parent, one or two parents, with them when they come in to do the abortion.

"But there are situations, Mr. Speaker, where this is not the case. Where a family member is the cause of the need for the abortion, and it is a very difficult situation to be in. I struggle myself as a parent with a daughter, and it was my daughter who convinced me when she was in college that, mom, not everyone has the kind of relationship that we have, one that is based on trust and open communications. That she had friends that did not have this type of relationship, that they cannot speak to a parent who may be abusive or not in their lives.

"So, I think on this one issue of parental consent, I'm in strong support of this measure and I believe that all women and all of our young women have the right to choose what to do with their bodies. And I just want to acknowledge all of the work that went into creating this bill before us. Thank you."

Representative Evslin rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. In addition to the right to privacy and legal protection for medical providers, as my colleagues have spoken about well, while all women in Hawai'i do have a right to an abortion, on the outer islands, that right is often hard to practice. On the island of Kaua'i, surgical abortions are non-existent and medication abortions are hard to come by. So, people who can afford to can fly to O'ahu, spend a week on O'ahu, go into a hotel room and receive abortion services. Those who cannot afford to are left behind. And I have heard many, many

stories from friends and constituents on Kaua'i. And in this bill by expanding access to ensure that physician assistants can perform certain types of abortions, including medication abortions, is critical for the outer islands, especially Kaua'i, to ensure that those who need those services can receive those services. Thank you."

Representative Kapela rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. I have said a lot. I still feel the impact of yesterday. I think that what people may not understand, if you've never had to go through something like this, is that it's such an emotional decision. Regardless of what anyone chooses, it is deeply emotional and you carry it for the rest of your life. It also changes every single aspect of your life.

"I wouldn't be sitting in this chair if it wasn't for Planned Parenthood, and I know that. And I would like to thank every single member that stood up today to support a woman or a pregnant person's right to choose what they do with their body. I would also like to thank the many, many individuals across the state who have advocated for this issue. And to anyone who is experiencing this choice, know that whatever choice you choose, you are brave and you are loved."

Representative Morikawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I wasn't going to stand up today, but I have to. I'm in strong support of this. I'm just thankful that way back when, when I made my mistake, abortion was legal and I was able to get it on Kaua'i, which was absolutely amazing. I was a straight-A student. I had aspirations to go to college to become a social worker, perhaps a psychologist, although I ended up being an accountant. But for sure, I would not be here today if I didn't have that choice. Mr. Speaker, it was my body, it was my future, it was my right, and it was my choice. Thank you."

Representative Kahaloa rose to speak in support of the measure, stating:

"In strong support. Thank you for everyone who shared their words today, their feelings on this bill, and I'm just excited to be here as we make this decision and vote today. It's really important, it is a difficult choice, but the merits of this bill are great because it offers choice, and that's why this bill is important. We're not telling people what they can or cannot do, we're allowing that choice reign. And that it is a personal decision like the representative from Ka'u has mentioned. It's personal, it's difficult, it's emotional. But we are allowing women to have the flexibility of that choice. And I'm honored that we get to vote today to honor choice and allow choice to be had for any woman that has had to make a choice in their life. So, thank you."

At this time, the Chair stated:

"Before taking the vote, the Chair would just like to thank all of the members for your civility and perspective this afternoon."

The motion was put to vote by the Chair and carried, and S.B. No. 1, SD 2, entitled: "A BILL FOR AN ACT RELATING TO HEALTH CARE," passed Third Reading by a vote of 43 ayes to 7 noes, with Representatives Kitagawa, Lamosao, Quinlan, and Souza voting aye with reservations, with Representatives Alcos, Garcia, Kila, Kong, Matsumoto, Pierick, and Ward voting no, and with Representative Cochran being excused.

At 2:09 p.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 1, SD 2

ANNOUNCEMENTS

Representative Quinlan: "Wow, okay, thank everyone for that robust discussion. But today is Saint Patty's Day, on a lighter note. And on St. Patrick's Day, everybody is Irish and as has now become an annual tradition, we've received a care package from our friend, Senate President Mark Daley in Ireland, and he sent us an Irish flag. So when we've concluded

all this and we gavel out, I invite you guys all to come up to the rotunda and take a picture with the Irish flag with all of us. Thank you."

Representative Ward: "Thank you, Mr. Speaker. That is a great reminder of a great day for the Irish. But there's also a great day for civilized society, and Mr. Speaker, I first want to note what you said about the civility. I think everybody agreed to disagree. That's really a bonus for all of us in representing our people in a way that doesn't go to the person but goes to the issue.

"Having said that, Mr. Speaker, very important announcement I have is that when we were in recess, the one year of the Ukrainian war took place. But today the announcement is that Mr. Putin has been charged by the International Court in Hague for, and I read specifically, war crimes. And it's with that warrant for his arrest that was issued in The Hague, Mr. Speaker, I say that in the sense that there may be something shifting in that particular situation. But I want to remind people, if you're war weary, we still have the Ukrainian flags. Mr. Speaker, thank you for giving the lapel, are there any of these left that are still there? We still have some flags in our office if you're there. So, please don't weary in your well doing for that.

"Having said that, Mr. Speaker, remember Zelensky and his support for what is otherwise freedom for the people of Europe and America. Thank you, Mr. Speaker. I know a little bit unusual announcement, but it's important for what Mr. Putin is getting from the world court today. Thank you."

"In strong support. Mr. Speaker, this bill expands a very successful program which allows women at Windward Community College to work with incarcerated women to get their GEDs. Myself, the representative from District 31, the PSD director, and several judges attended a graduation celebration just a few months ago. And I've been to numerous graduations, but none were quite as joyous as this. It was quite impressive to see the female prisoners see themselves not only as scholars, but as leaders within their own communities. We are seeing, with the advocacy from the Women's Prison Project as well as other organizations, what best practices looks like, and we hope that in future years this can be applied to the men as well."

Representative Garcia rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Pierick rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. No vote, brief comment. This bill competes with the Citizens decision of the U.S. Supreme Court, if not competing with it, overturns it basically. My concern is that we're playing at the state level with the First Amendment, the most sacred of all, the freedom of speech amendment or the amendment of the freedom of speech.

"I'm not sure that we have all the legal and jurisprudence behind all of this. According to our discussion in the caucus, the AG didn't even show up to say anything about this. Can a state constitution overrule a U.S. Supreme Court? Maybe some lawyers on the floor here will give insight into that. But I don't believe that the states have that right. And look, I'm not for the United decision, I think there's too much money in politics. But this way of going about it, I'm not convinced is the way. So, let's see as it plays out. But for now, I am a no. Thank you, Mr. Speaker."

Representative Alcos rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 917, SD 3, HD 1, entitled: "A BILL FOR AN ACT PROPOSING AN AMENDMENT TO THE HAWAII STATE CONSTITUTION REGARDING THE FREEDOM OF SPEECH," passed Second Reading and was referred to the Committee on Finance, with Representatives Alcos and Matsumoto voting aye with reservations, with Representatives Garcia, Pierick, and Ward voting no, and with Representatives Cochran, Gates, and Lowen being excused.

Representative Tarnas, for the Committee on Judiciary & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 1335) recommending that S.B. No. 1295, SD 2, as amended in HD 1, pass Second Reading and be referred to the Committee on Finance.

Representative Nakamura moved that the report of the Committee be adopted, and that S.B. No. 1295, SD 2, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I am in opposition, given the implications of giving the counties another superpower to overcome their debt limits. Mr. Speaker, we have home rule, but we also have limitations as to the amount of debt that the state can get into, the amount of debt that counties can get into. And it says it's for infrastructure, but it says it's for other things also. I would bring to the attention of the body that, thanks to David Shapiro in his Sunday article, he mentioned that the city council members are going to now be from their \$68,000 salary, given a \$185,000 salary."

Representative Nakamura rose to a point of order, stating:

"Point of order. Sticking to the subject matter at hand, which is SB 1295."

Representative Ward continued, stating:

"And SB 1295, madam Majority Leader, is an acceptable expense by which this debt limitation can pay for. Let me add one more before you rule me out of order.

"The speaker, or in this case, Tommy Waters, is now paid, I can't believe the amount, it's from \$76,968 to \$194,992. Mr. Speaker, the point is, we're allowing the counties to go more in debt. We already know the nation is probably problematically in debt. We have a governing amount that we can go in debt as a state. But this one says this, like Enron, it goes off the books. The counties can increase their debt, but it doesn't count towards their debt ceiling. Mr. Speaker, that's cooking the books, that's unfair, I think this is giving the noose to the counties for which they are not going to make good use of.

"For those reasons, Mr. Speaker, I think we have to watch this very, very closely. Because indebtedness after COVID is kind of the way to go. And we know the nation is trillions of dollars in debt. I think the state in its balanced budget is wise, but this opens the gap for the counties. Not a good policy. Thank you."

Representative Garcia rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Pierick rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Alcos rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1295, SD 2, HD 1, entitled: "A BILL FOR AN ACT PROPOSING AMENDMENTS TO ARTICLE VII, SECTIONS 12 AND 13, OF THE HAWAII CONSTITUTION TO EXPRESSLY PROVIDE THAT THE LEGISLATURE MAY AUTHORIZE THE COUNTIES TO ISSUE TAX INCREMENT BONDS AND TO EXCLUDE TAX INCREMENT BONDS FROM DETERMINATIONS OF THE FUNDED DEBT OF THE COUNTIES," passed Second Reading and was referred to the Committee on Finance, with Representatives Alcos and Matsumoto voting aye with reservations, with Representatives Garcia, Pierick, and Ward voting no, and with Representatives Cochran, Gates, and Lowen being excused.

Representative: Ward rose to speak in support of the measure, stating:

"With reservations. No, actually, full support. This actually is a good bill, Mr. Speaker. I've changed my mind, I am in support. You can see I've got mixed emotions because this is good because so many families can't afford the meal. This bill says everybody gets a free lunch, which is good. But it's an indictment on our economy, Mr. Speaker. And that's what grieves me.

"Even without this bill, the majority of students in our public schools qualify for a free lunch. Parents don't earn enough money because of the small size of our economy to feed their kids. I've said many times it's comparable to somebody who's got eight kids, three can be fed fully, two are on rations, the other three are on some government subsidy.

"I hold us responsible because we are supposed to be, quote, diversifying the economy, getting higher paying jobs. I don't see too much legislation to that effect, Mr. Speaker.

"For those reasons, this is a good bill, but it's an indictment that we're not diversifying our economy. We're not getting enough money into our families to be able to afford school lunches. For those reasons, Mr. Speaker, I'm for it, but with reservations, but I'm voting fully on top of it. But it grieves me to see this. As we know, there are so many ALICE families that are in this predicament, and likely they are mostly right here. And one last statistic, 63% of the Hawaiian community are ALICE families. And that's something that we have to focus on in the future. Thank you."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I recently got to visit students at Naalehu Elementary School. And from kindergarten all the way through fifth grade, their number one request was that they all were able to have not just school lunches, but larger school lunches as well. I think that hunger shouldn't be a barrier to education. Thank you."

"No, please. So, this bill would be helping with full campaign public financing. Mitch McConnell, the prior U.S. majority leader, mentioned that with public financing of campaigns, this can sometimes inadvertently discriminate upon the minority of the party in that prospective state. So, he was from Kentucky, and if they had full campaign funding for Kentucky, he, as a Republican, would have been hard to get elected because let's say he had a ceiling cap for what he could spend by the taxpayers paying for his campaign. The unions and the news would still support the majority party or the Democrats. The same could be true for Hawai'i. Now, the benefit of this bill is that it could be public financing the governor's race \$3 million, and that would definitely help Duke Aiona in his race. But at the same time, why should taxpayers be paying for campaign signs, campaign commercials, and things like that? So, I'll be voting no."

REPORTS OF STANDING COMMITTEES

Representative Ward rose, stating:

"Mr. Speaker, point of personal privilege. Mr. Speaker, yesterday we had a debate and I was personally grieved that, and it's not about me, it's about the fact that you can have a speech expunged from this floor, which is, to me, the marketplace of ideas. It's not about me. Look, I'm a big boy, I've got thin skin, you guys know that.

"But the fact that you can just say, anything that you say, whether you agree with it or not, it should be, to make the person look stupid, let them say it. But to say that you said something that is not allowable, Mr. Speaker, I think goes contrary to what the marketplace of ideas is about, what the point of democracy is about, and what freedom of speech is about, Mr. Speaker.

"So, for that, I just wanted people to know, if you say anything stupid, I'm going to accept it. And if it's about something that gets ruled out of order, let the thing that you said make you look stupid rather than having someone to say, oh, we don't like what you said and therefore strike it out, Mr. Speaker.

"I think we've dented and injured democracy yesterday by what you did. And again, you didn't do it to me, you did it to the system that we have with the freedom of speech and democratic processes in this marketplace of ideas. Thank you very much for hearing my grievance."

Representative Pierick rose to speak in opposition to the measure, stating:

"No, please. I think that there is definitely good intent and this measure would do a lot of good. At the same time, I recommend the police reform themselves or have their own rules that guide them versus us having oversight over each of the county's police departments."

Representative Garcia rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ganaden rose to speak in support of the measure, stating:

"In support, Mr. Speaker. We actually got testimony in support in the Judiciary Committee from the Honolulu Police Department. This is considered best practices around the world. Thank you."

Representative Nakamura moved that the report of the Committee be adopted, and that S.B. No. 926, SD 1, HD 1 pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Morikawa.

Representative Souza rose to speak in opposition to the measure, stating:

"No vote please, Mr. Speaker. I appreciate what this measure is trying to accomplish. And in my district of Kapolei, where we have lots of pedestrians exercising and walking throughout our community, this would be a welcome measure. But the goal is to make our streets safer for pedestrians and drivers alike, and this bill contravenes that effort. The measure's purpose is to allow pedestrians to act contrary to the statewide traffic code when a reasonably careful pedestrian would determine that there is no immediate danger of a collision with a moving vehicle.

"The Department of Transportation and Honolulu Police Department submitted testimony in opposition in the Judiciary Committee, and I agree with their viewpoints. This measure will create more liability for drivers who, of course, are still required to use due care in making sure they do not hit pedestrians who are acting contrary to the traffic code. The traffic code is in place for a reason, and I cannot support this measure. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote and a comment, please. This bill legalizes, decriminalizes jaywalking. All of us jaywalk, but this makes it now an acceptable behavior. The difficulty is, recall just last week many of us were out there with the Safe Streets rally. That was to not only give condolences, but sympathy with the mother of the young McKinley High School student who lost her life walking in a marked crosswalk and hit by a truck, a pickup truck that didn't even stop.

"The point is, Mr. Speaker, this goes backwards, it goes contrary to safety. It's something that I think is now, with the right of way of cars and then having someone as a jaywalker is to endanger them. And if you're in the crosswalk and they can't see you like they did on Kapiolani Boulevard with the McKinley student, how are they going to see you if you're jaywalking? That is a jeopardy of our population.

"The City & County of Honolulu has developed a vision zero action plan to eliminate traffic deaths and serious injuries. At the rally, it was mentioned that one third of the traffic deaths are in crosswalks and with bicycles. That is exceptionally unfortunate because if you're not safe in a crosswalk, how can you be safe when you're jaywalking?

"And, Mr. Speaker, there are unfortunately now I think a growing subculture in the DTS in the counties, as well as in the DOT of the state, that rumble strips, slowing bumper, the speed bumps, *et cetera*, is becoming more acceptable. And I was told by one mayor that we could actually get

them in our districts within two weeks. And if there's anything that's serious in my district, it's speeding. And Senator Lee and I will have a town hall meeting on traffic mitigation. And the members in that particular area of Hawai'i Kai are very concerned because they leave Kalama Valley, go down the hill to Hawai'i Kai, and there's just fear and trembling at Kamiloiki Elementary School.

"The point is, Mr. Speaker, if we allow the legalization of this, we're jeopardizing and making the people less safe, of which now we are schizophrenically saying, we want safe streets, at the same time we want to let loose of everybody to run across the street as a jaywalker. That doesn't make sense. It's a bad policy and this is a bad bill. Thank you."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I hadn't planned on saying anything on this bill, it really wasn't on my radar, it was on the agenda. But if anyone searches the origin of the term 'jaywalking' and looks up where that came from, the idea of jaywalking was kind of a creation of the automobile industry to criminalize pedestrians. And when there started to be more cars, there was more interaction of pedestrians and vehicles, and that led to safety issues.

"And instead of putting the burden of responsibility for that on drivers, the burden was placed on pedestrians. And there are safety concerns, clearly. We have cities and roads, entire communities, half of our nation completely built around the automobile. But I would argue that hasn't led to better outcomes on so many fronts.

"And I think the idea of decriminalizing jaywalking is saying we are allowing our city streets to be a place for human beings and not just for cars. And the outcome of that in the long term is to make them safer and more pleasant, and more accessible. It's healthier communities and fewer miles driven and all kinds of positive outcomes. So, there needs to be a lot more work done to improve the design of our streets to make them safe, in addition to things like this. But I think being a pedestrian shouldn't be criminal."

Representative Garcia rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Perruso rose to speak in support of the measure, stating:

"In strong support and I'd like the words of the representative from Kailua-Kona entered into the record as if they were my own," and the Chair "so ordered." (By reference only.)

"Strong support, can I have the words of the representative from Kailua-Kona entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Alcos rose in opposition to the measure and asked that the remarks of Representative Ward be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ward rose to respond, stating:

"Mr. Speaker, again, still in opposition. I appreciate the position of pedestrians' rights. But when there's a three-ton vehicle that's on the other side of that particular individual, whether you weigh 100 or 200 lbs., there's no contest. So having pedestrians' rights to freely move wherever they want to move I think is missing the whole point of what safety is.

"If people didn't think this was an issue, we wouldn't have the crime and all the other things that are going on, what people are saying that we are soft on whatever we say in terms of regulations. And to go to the point of saying that this is best for pedestrians when we've killed so many of them in crosswalks, we're going to now.

"And this is the bottom line. We're going to be responsible when these people start dying in jaywalking. Because we're going to allow it and say it's going to encourage it. When things get legal, they get encouraged to change your behavior. And if you want to change your behavior to endanger people,

that's not our job. Our first job as elected officials is the safety and the security of our population. And that's what we said when we did the constitutional oath. Giving jaywalking another opportunity to be free to cross anytime, anywhere, I think is just nonsensical. Thank you."

Representative Hussey-Burdick rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just want to clarify for the record that this bill does not allow jaywalkers or pedestrians to cross the street at any time, any place, anywhere with a 300 lb. vehicle in the road. This bill only allows them to act against the statewide traffic code when a reasonably careful pedestrian would determine that there is no immediate danger of a collision with a moving vehicle, which is something that I might venture to say every single one of us in this room has done at some point in our life. It just makes it so it's not criminalized and it doesn't ruin people's lives because of that. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 926, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PEDESTRIANS," passed Second Reading and was placed on the calendar for Third Reading, with Representative Matsumoto voting aye with reservations, and with Representatives Alcos, Garcia, Souza, and Ward voting no.

Representative Garcia rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Pierick rose to speak in opposition to the measure, stating:

"No vote. So, my understanding is that this bill would allow somebody to vote by mail, and then in the time after they voted by mail but before the ballot is counted, if that person dies or becomes a felon, that vote still counts. Currently, the law says that you have to be alive to vote and you can't be a felon to vote. I don't believe it's a good idea to allow felons or dead people to vote, because on the voting day, that's when it's most important, versus the day that they mail it in. So, I will be voting no."

Representative Quinlan rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. It strikes me, Mr. Speaker, that if our members of the military can vote while they are overseas, why can't we vote from the kingdom of heaven? Thank you."

Representative Ganaden rose to speak in support of the measure, stating:

"To clarify the remarks of the representative from District 39, those who have a felony conviction on their record and who are no longer on probation may absolutely vote in the State of Hawai'i. This bill does make some technical clarifications, but it kind of standardizes what we already know to be true. That if you vote, you put it in the mail, you expect your vote to be cast. Thank you."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Alcos rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

"In support with comments. To ensure energy independence from foreign nations, we do need renewable green energy sources. So, I feel it's important to point out some aspects. Hydrogen generation can be green, but it is not always environmentally friendly. So, not so green.

"The primary industrial method for generating 95% of hydrogen is the in steam methane reforming method, where methane is reacted with steam to produce hydrogen. Methane use and loss are real concerns. To act responsibly, we must in advance ask, where does the reaction energy come from and how much methane can escape the process? I remind you that methane accounts for 30% of global greenhouse effect and is 80 times more potent than carbon dioxide.

"Let me be very clear here. Globally, 95% of all hydrogen is produced by the methane SMR process. We must act with knowledge and forethought, not simply assume hydrogen is a clean fuel. We must be cautious about details. And as a body, we must understand the science as well as the economics, so that we do not do more harm than good. And as do most of you, I support clean energy. Let us just make sure that we understand what clean energy really means and act accordingly. Thank you."

ANNOUNCEMENTS

Representative Matsumoto: "Thank you, Mr. Speaker. I just wanted to remind all the members that the Women's Legislative Caucus Easter Basket Drive is coming up. It's going to be on April 5th and going to be right at the beginning, across from the Auditorium. And so, if you can create your Easter baskets with the hygiene products that we have sent out in an email, that would be great.

"Keep the baskets in your office, just bring them down right after session. I also wanted to announce that each of you have a ballot on your desk for the Easter Bunny. So, you can vote for who you would like to be the Easter Bunny, the runner up will be the Easter Chick. So, please vote and turn in your ballots either to me or to my office in 302. Thank you so much."

Representative Kahaloa: "Thank you, Mr. Speaker. An hour ago in Kona, a memorial at the West Hawai'i Veterans Cemetery was dedicated in the memory of 15 service members from West Hawai'i who made the ultimate sacrifice in Vietnam. Though 50 years have passed since our troops left today, the cost of that war continues to be borne by the families of those killed in action and by the veterans that are still with us today, like my father-in-law, Army Corporal Anthony Gionson.

"The invisible wounds that families and he sustained in service to his nation continue to impact his life and the life of our family today. On this Vietnam Veterans Day, and every day, let us show our appreciation to our veterans and to the families and caregivers who support them. To my colleagues, including Vietnam veteran representative from Hawai'i Kai, I want to just acknowledge those who fought in the Vietnam War and ask them to stand and be recognized for their work. Thank you."

"I believe that this is an important reso to remember because, Mr. Speaker, having been in the foreign aid office at USAID and having been with Ukrainians, jogged around the track in Kyiv, the Ukrainians and Zelensky are the real deal. "Thank you, Mr. Speaker. In support.

"Our neighborhoods are comprised of *kūpuna*, *keiki*, and working families. Unfortunately, they are negatively impacted by the noise created by loud, modified mufflers. These mufflers create unnecessary and harmful noise pollution that have detrimental effects on the health of our communities.

"The European Environmental Agency reports that noise ranks second only to air pollution as the environmental exposure most harmful to public health.

"A Harvard publication states that research has shown that, 'noise pollution not only drives hearing loss, tinnitus, and hypersensitivity to sound, but can cause or exacerbate cardiovascular disease; type 2 diabetes; sleep disturbances; stress; mental health and cognition problems, including memory impairment and attention deficits; childhood learning delays; and low birth weight.'

"As someone that represents a dense neighborhood, my office receives calls and complaints on a weekly and sometimes daily basis by people whose lives are constantly disrupted by traffic noise. Noise pollution is a top priority for my constituents and many citizens.

"In 1977, the Legislature recognized that loud mufflers were a problem and therefore passed Act 79, that became Hawai'i Revised Statutes 291-24.5, which states, 'No person shall use on a public highway, sell, alter or install a muffler which will noticeably increase the noise emitted by a motor vehicle above that emitted by the vehicle as equipped from the factory.' The law further states that "any violation of this section shall constitute a violation and shall be enforceable by police officers.'

"When this law passed, many residents breathed a sigh of relief, but were disappointed as it became obvious that the law was difficult to enforce. SB 587 would assist us to enforce our current existing laws and thereby increase the quality of life for so many of our residents. Therefore, it is essential for us to pass Senate Bill 587."

Representative Gates rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

S.B. No. 926, SD 1, HD 1:

Representative Nakamura moved that S.B. No. 926, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise on 926, jaywalking. In opposition, of course, as I have consistently been in the past speaking on this. I just want to recall for the members that we had a safe streets rally here about a week or so, 10 days ago. And we all said, hey, we've got to make our streets safer. The McKinley High School student who died being in the crosswalk, the car didn't pay any attention, the truck, *et cetera*.

"So, what we've got here, Mr. Speaker, is safe streets on the one hand, then we've got jaywalking on the other hand. Here's the bottom line. One third of all the fatalities are in the crosswalks or bicycles. The problem is, many people in the crosswalks think that this is their right, which legally it is their right. What we are doing with this bill is saying, hey, you're a jaywalker, you have a right now to go anywhere you want. And the point is, we're having people with the right who are arrogantly crossing the street. Now we're going to allow these same people with a, quote, a jaywalking right, and we're going to say that this is going to have safe streets. Are we talking out of both sides of our mouth, Mr. Speaker? I think so with this bill. Thank you."

Representative Matayoshi rose to speak in support of the measure with reservations, stating:

"Reservations, brief comment. Mr. Speaker, I am concerned about this bill. It seems to be placing the burden on the drivers still, when pedestrians are choosing to disregard the statewide traffic code. I don't necessarily have an issue with them doing it using reason and their own judgment when doing this, but if there is an accident, I feel like we're placing too much of a burden on the drivers."

Representative Chun rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Kila rose to speak in opposition to the measure, stating:

"Mr. Speaker, In opposition. I appreciate the intent of the measure and I understand that historically jaywalking may be rooted in some form of issue of targeting folks. But the way that this bill is written and what it can ensue, I cannot support. I think about the roadways that exist here in Hawai'i that are not similar to Downtown, urban Honolulu.

"In District 44, our main roadway is considered a highway that folks often traverse. But in the sense when we have dilapidated roads, we do not have proper lighting as well in some of these roads, I echo the previous speaker that I feel too much burden may be placed upon the driver, when we already exercise caution with many drivers on top of the road and dealing with folks

who cannot use fair judgment in regards to crossing a road. So, for those reasons, I'm in opposition."

Representative Souza rose to speak in opposition to the measure, stating:

"No vote, Mr. Speaker, and I echo the sentiment of the previous two speakers and would also like to reiterate that the traffic code is in place for a reason. And although I can understand the freedom of walking concept and the convenience that this bill would offer pedestrians, I have to vote no on this measure. Thank you."

The motion was put to vote by the Chair and carried, and S.B. No. 926, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO PEDESTRIANS," passed Third Reading by a vote of 37 ayes to 13 noes, with Representatives Chun and Matayoshi voting aye with reservations, with Representatives Aiu, Alcos, Garcia, Gates, Holt, Kila, Lamosao, Matsumoto, Poepoe, Quinlan, Souza, Tam, and Ward voting no, and with Representative Nishimoto being excused.

"Mr. Speaker, I rise in strong support. This bill will legalize fentanyl strips, heretofore drug paraphernalia. First, I want to thank the good representative from District 27 who introduced a similar bill. Unfortunately, it didn't pass, but this one is still alive that comes from the Senate.

"Mr. Speaker, the bottom line is, 18- to 45-year-olds have as the cause of leading death fentanyl, 18 to 45, in the prime of their youth, fentanyl is the biggest killer. If we legalize these test strips, we have a chance of least keeping some people alive, Mr. Speaker. And that's what this bill is all about. If we have this in Longs and CVS, because it's immediately effective upon approval, we will save some lives. This is a very serious, a very good

bill, and something that I hope the 18- to 45-year-olds will be very, very cognizant of. Thank you."

Representative Kong's written remarks are as follows:

"Mr. Speaker, I do agree with section 3 of this bill, equal pay for equal work performed. It is with section 2, having to post the hourly or salary range of positions offered by a business, that is problematic.

"While yes, it is true that businesses can easily post wages for certain positions, there are too many variables in posting for other positions. Instead of posting a possible starting wage, or various wages for possible categories of said position, because of so many variables, it is very difficult for a business to do so. Hiring or even firing, is time consuming.

"So that is why the interview process is so important. And since all potential prospects are individuals and individually unique 'hand cuffing' a business in this hiring process can have devastating effects on the success of said business.

"Is the posted wage too low to attract good employees, or too high that it discourages possible good employees that have untapped skills and talent? This is just a sample of the possible problems this bill creates.

"Also, competition and/or competitors can use this information against said business. Exposing the possible vulnerability of a business, to outright 'steal' a prospective employee is at stake.

"Like I mentioned, just too many variables and possible unforeseen consequences may occur, so I stand in opposition. Thank you, Mr. Speaker."

Representative Pierick rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in strong opposition. Mr. Speaker, as you know, this is probably my favorite bill to speak against this session, so let me proceed.

"The point is, Mr. Speaker, we all represent about 30,000 individuals. Our districts are 28,000 to 30,000, we're all equal in that sense. The rub here, Mr. Speaker, is that this particular bill says that we shall override where the placement of the buildings are that we gave to OHA in lieu of the \$200 million that we owed them.

"I want to bring to the members' attention that there may be a thousand, maybe a few hundred, whose view may be blocked by this particular Kaka'ako Makai by OHA. But I would remind the members that there are 250,000 Hawaiians in Hawai'i and there are over 250,000 Hawaiians on the mainland. So, it's a few hundred or a thousand versus 500,000 people of which OHA was created for their, they are the benefactors of OHA.

"So, if we don't allow them to build, we are in effect denying, as we did, and I know it's controversial, but I'm going to equate this to the Mauna Kea. It's not about whether you build or not, it's whether you can tell the Hawaiians what to do and what not to do, Mr. Speaker."

At 1:15 p.m., Representative Nakamura requested a recess and the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:20 p.m.

Representative Tarnas rose to speak in support of the measure, stating:

"Thank you. Speaking in support of Senate Bill 1417. I just want to bring the attention of the members back to the purpose of the bill, which is actually to do what any good planner would suggest to their client, and that is that the Hawai'i Community Development Authority must consider the impacts of climate change, sea level rise, and climate resilient development in the design and siting of buildings. HCDA has four different community development districts. These are the two that would actually, are close enough to the coast that it would have potential impacts from sea level rise and climate change. And so, this is not so restrictive other than it is good advice to HCDA as they make their plans for use of these areas. And as a planner, like I say, this is good advice that any good planner would give to their client. So, I think that it's a measure that deserves support from the members. Thanks very much."

Representative Alcos rose in opposition to the measure and asked that the remarks of Representative Ward be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ganaden rose to speak in support of the measure, stating:

"Mr. Speaker, in support. After the conversation here on the floor after second reading, I attempted to get some clarification from the Hawai'i Community Development Authority in their testimony in the Judiciary Committee. They noted that, of course if we were to pass this, they would just develop implementation rules. Also, we asked if there was any objection from the Office of Hawaiian Affairs, they did not offer testimony on this measure. I think that the discussion brought up by the gentleman from District 18 is separate from the ideals encapsulated in this measure. Thank you."

Representative Tam rose in support of the measure and asked that the remarks of Representative Tarnas be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Souza rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Same request. And I will add as well that if we don't take this into consideration and what this bill purports, then I don't know what the alternative would be, that we just don't consider climate impact on these two development areas out of the four and we end up with more problems in the long run with erosion and all the different issues that we're currently experiencing on our shoreline properties right now. So, thank you," and the Chair "so ordered." (By reference only.)

Representative Nakamura rose to speak in support of the measure, stating:

"Thank you. Same request, I'd like to ask for the words of the Judiciary Chair and previous speakers be entered into the Journal as my own," and the Chair "so ordered." (By reference only.)

Representative Nakamura continued, stating:

"As a planner, I also feel that many state organizations, departments are looking at the impacts of sea level rise and climate change. The Department of Transportation has done their plan. We're working with the libraries because some of our libraries are going to be falling into the ocean soon, especially in my district. So, we are doing managed retreat planning. This is incumbent on all of our state departments and agencies to be proactive, to look at ways that we can take today rather than have to deal with the issues that we are experiencing on some of the north shores of our islands to address with the impacts of climate change when it's really too late. Thank you."

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. I'd like to have all the words of representative from Hawai'i Kai added to the Journal as if they were my own."

REPORTS OF STANDING COMMITTEES

Representative Ward rose, stating:

"Mr. Speaker, I rise on a point of personal privilege. In my speech on this floor yesterday, I mentioned the words 'cancel culture,' which immediately thereafter or shortly thereafter, they were stricken from the record. My fear, Mr. Speaker, is that we're going down a slippery slope of shredding the First Amendment rights of duly elected representatives.

"I would remind the body that, look, I'm a member of the minority. We are the loyal opposition. We are the check and the balance on this floor. Not everything that we say is going to be agreeable. But, Mr. Speaker, I implore you, please do not strike through a cancel culture the remarks of your minority, which have a right to say what they say on this body, which is in a democracy, a given right through our U.S. Constitution.

"For those reasons, Mr. Speaker, I just thank you, but I think for the sake of democracy, we've got to allow words to be said, disagreement. Because this is the marketplace of ideas. Some ideas are going to work, some are going to rise up, some are going to fall. But we cannot just cancel because we don't agree with them. That is not democracy. Thank you."

"This resolution allows for a private property, sold in 2021 for \$1.5 million, to update their private residential boat ramp. There is no public benefit to this measure. "Mr. Speaker, in strong support. In the banking industry, reconciliation is a monthly term where you have your income and expenses so they match each other. I say that because this is a bill that calls for the Department of Transportation to implement, develop, and have a program called Safe Streets. I would like to see this reconciled with the bill that we passed just the other day on jaywalking, because I don't see a reconciliation is possible between having safe streets and then empowering people to jaywalk with the impunity that some people, as they do crosswalks, feel. So, I think this is a lack of reconciliation. Thank you."

Representative Ganaden rose to speak in support of both measures, stating:

"In strong support. Safe Routes to School is something of a term of art. It is a historic program that connects federal funding to counties to develop things like sidewalks and safe routes for pedestrians. The program here in Honolulu just passed this last year, it is one of the priorities for the councilmembers here in Honolulu. And we are hoping that this resolution passes, as well as a bill that's currently with the Senate right now to reestablish that program. It is differentiated from the issues regarding the criminalization of jaywalking or issues regarding insurance or liability for our pedestrians or those in vehicles. Thank you."

"Strong support, short comments. I think, Mr. Speaker, we are in an affordable housing crisis. And I think when we take a look at what fuels our pipeline to build affordable housing, it is our private activity bond cap. And I think when we take a look at this reso, it reaffirms this House's commitment to affordable housing. Because I think we've seen people wanting to do special purpose revenue bonds despite us last year putting a five-year moratorium through Act 182 to stop SPRBs and other things up until 2028.

"We only have \$360 million a year to put towards private activities, and I think our commitment here is that all of it should go to affordable housing. I think some of us were very much interested in the GM 3 that came down asking for \$200 million to go to other things other than affordable housing. So, I think this is a very, very important and timely resolution to reaffirm this House's commitment to affordable housing and to show that we are committed to making sure the pipeline continues and that all \$360 million of our private activity bond cap goes to affordable housing. Thank you, Mr. Speaker."

Representative Nakamura rose to speak in support of both measures, stating:

"In strong support. May the words of the Housing chair be entered into the Journal as my own. And I just want to thank and acknowledge the Housing chair for his strong advocacy on this point, that without this resolution and the clear intention of this House, if we don't do this, then we are going to see much less affordable housing built in our state. So, thank you," and the Chair "so ordered." (By reference only.)

Representative Kobayashi rose to speak in support of both measures, stating:

"Rise in support. Over the past 10 years, only about one-tenth of the special purpose revenue bonds that this body has passed have actually gone to Wall Street. So, many of these special purpose revenue bonds have been granted to organizations with zero track record, zero financial assets, so to speak. And we have, up to now, been indiscriminate in passing special purpose revenue bonds. We should not only rely on the Budget and Finance to do the screening, but we ourselves, the Legislature, should screen more carefully as to which special purpose revenue bonds get approved. Thank you."

Representative Ward rose in support of both measures and asked that the remarks of Representative Kobayashi be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

UNFINISHED BUSINESS

S.B. No. 717, SD 1, HD 1:

Representative Nakamura moved that S.B. No. 477, SD 1, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Marten rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Lowen rose to speak in opposition to the measure, stating:

"Thank you, in opposition and brief comment. Again, as I said before, I'm just not clear what problem this bill is proposing to address. After the last CPC hearing, I reached out to the PUC to confirm whether they had ever received any complaints, either officially or to staff, that the proceeding was taking too long to review Hawaiian Telcom's merger application. They were the only entity to testify in favor of this bill, and they confirmed that there were never any complaints about the timeliness of the review. There was testimony both from the PUC and consumer advocate with concerns that this may not be in the consumer interest. And these reviews take as long as is needed to properly review them and ensure that the public interest is protected. And so those are the reasons for my opposition."

Representative Hussey-Burdick rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Perruso rose in opposition to the measure and asked that the remarks of Representative Lowen be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Pierick rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote with a brief comment, please. I would vote for this bill if we were not 50,000 to 60,000 units short. But being that we are so short in housing, this to me is the equivalent of a poll tax for those who are not very well-heeled, and they are competing for space to live. It's hard enough to find it, but then you have to pay to get an application, I think is unfair. Sorry, that imputes motive."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Very important bill, this is a consumer protection bill. The problem with these unlicensed illegal care homes is that they pay no taxes for their illegal business. There is no criminal background checks for these people that run these illegal businesses. A murderer or a rapist could be running these illegal care homes. Their patients are *kūpuna* and disabled. They also do not have liability insurance, which is required by the state for all licensed community care homes. There are no annual or unannounced visits by either the Department of Health or the Department of Human Services, which is required for the legal certified and licensed care homes.

"These illegal care homes charge private pay clients between \$6,000 to \$15,000 a month. Once these *kūpuna* and disabled run out of money, they're kicked out of these illegal care homes. These patients then qualify for Medicaid and go to an approved Medicaid care home.

"This bill is the right thing to do. We need to close these illegal care homes, we need to tax them, we need to protect our *kūpuna* and our disabled. This bill will do it. Thank you, Mr. Speaker."

Representative Souza rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. May the words from the representative from Kalihi be inserted into the Journal as my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Pierick rose to speak in opposition to the measure, stating:

"No vote. This bill would make electricity more expensive. Hawai'i has some of the most expensive electricity in the nation, so I'll be voting no."

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'm trying to fathom in which way this bill would make electricity more expensive. This is an energy efficiency measure that establishes efficiency standards to add to our existing state level efficiency standards for certain appliances. One of them has some additional upfront costs. The other, I think, three on the list have no additional upfront costs, so it's immediate savings for the consumer. It reduces their electric bills by reducing electricity use, and it reduces that burden overall on the whole system, which is good for all ratepayers.

"It's a win-win that was broadly supported even by appliance producers. There's been a lot of work put in to figure out which appliances are the appropriate ones to tackle first. And yeah, it will not increase electricity bills in any way or rates. Thanks."

Representative Marten rose to speak in support of the measure, stating:

"In strong support, may I have words of the representative from Kona entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

THIRD READING

S.B. No. 303, SD 1, HD 1:

On motion by Representative Nakamura, seconded by Representative Morikawa and carried, S.B. No. 303, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE FUNDING OF GRANTS PURSUANT TO CHAPTER 42F, HAWAII REVISED STATUTES," passed Third Reading by a vote of 50 ayes, with Representative Nishimoto being excused.

S.B. No. 1314, SD 2, HD 1:

Representative Nakamura moved that S.B. No. 1314, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Hussey-Burdick rose to speak in support of the measure with reservations, stating:

"Reservations, Mr. Speaker, brief comment. SB 1314 and 1315 are not the best way to reduce our unfunded liabilities. Government employees' benefits packages are one of the only things convincing people to get through what's often an arduous six-month hiring process. So, without these benefits, it'll become even more difficult for state and counties to hire qualified workers, and our already astronomical vacancy rates will only increase. Thank you."

Representative Perruso rose to speak in opposition to the measure, stating:

"In opposition. I very much appreciate the work of the respective chairs on this measure and on both of these measures, actually, I'm speaking on both 1314 and 1315 because they are connected. But I think that we do need to work with our congressional delegation to address this at the federal level. And I think that this is going to be a disincentive for people to enter the public workforce. Thank you."

The motion was put to vote by the Chair and carried, and S.B. No. 1314, SD 2, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE HAWAII EMPLOYER-UNION HEALTH BENEFITS TRUST FUND SPOUSAL MEDICARE PART B PREMIUM REIMBURSEMENT," passed Third Reading by a vote of 45 ayes to 5 noes, with Representative Hussey-Burdick voting aye with reservations, with Representatives Amato, Kapela, Perruso, Poepoe, and Tam voting no, and with Representative Nishimoto being excused.

S.B. No. 1315, SD 2, HD 1:

Representative Nakamura moved that S.B. No. 1315, SD 2, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Hussey-Burdick rose to speak in support of the measure with reservations, stating:

"Reservations, please, and may I ask that my comments from the previous bill get inserted into the Journal under this bill," and the Chair "so ordered." (By reference only.)

Representative Perruso rose in opposition to the measure. [Note: See S.B. No. 1314, SD 2, HD 1 for remarks.]

No. 1373, SD 1, HD 1, entitled: "A BILL FOR AN ACT RELATING TO THE EXECUTIVE OFFICE ON AGING ADMINISTRATIVE CLAIMING SPECIAL FUND," passed Third Reading by a vote of 50 ayes, with Representative Nishimoto being excused.

"Mr. Speaker, I rise in opposition to the measure before us. This measure is well intended and is meant to address some of the delays when it comes to small projects by raising the threshold for exemptions on procurement from \$25,000 to \$50,000. While I understand the need to cut back on government bureaucracy it should not come at the cost of transparency and fairness. At this pivotal time where the Legislature is working to regain public trust, this bill would be a step in the wrong direction.

"I understand that inflation rates have gone up raising the threshold to \$50,000 is an astronomical increase. It is also important to note that the Office of Procurement has come out in opposition to this bill.

"I would like to thank the Chair of Finance for blanking out the threshold amount, however, as it moves to conference, I would rather the current amount of \$25,000 remain the same."

Representative Tarnas moved that Floor Amendment No. 6 be adopted, seconded by Representative Takayama.

Representative Tarnas rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, thank you. This is just to allow us to take this measure to conference in order to address some unforeseen concerns and objections raised by members regarding this, especially related to the ability of the Office of Elections to carry this out, and also the potential confusion to voters when the sample ballot is different from the ballot that they see in the voting booth or when they receive their ballot in the mail. So, I'd like the opportunity to address this in conference. So, I'm asking for this floor amendment, which only changes the effective date to be defective to allow this to go to conference. Thank you, and I'm standing in support."

Representative Tam rose to speak in support of the measure, stating:

"Mr. Speaker, in support. The Festival of Pacific Arts happens every four years. And this upcoming year Hawai'i has been chosen to host this prestigious event. And it would bring some much-needed economic boost to Hawai'i's economy when it comes to our small businesses who are still recovering from the COVID 19 pandemic. So, I urge all members to vote in support of this measure."

This festival is the culmination of the Polynesian cultures throughout the *pae 'āina* that exists here in the Pacific Oceania, and I think what a beautiful chance for Hawai'i to display the Native Hawaiian culture to our Polynesian brothers and sisters. So, I stand in strong support and I hope our colleagues can support this measure. *Mahalo.*"

Representative La Chica rose to speak in support of the measure, stating:

"*Mahalo*, Mr. Speaker. In strong support. *Mahalo* to the chairs, the Health chair, CPC, and Finance for passing out this measure. I just wanted to share that this is a measure that would regulate e-cigarettes, as they remain to be the only tobacco product unregulated in the state. This measure would subject e-cigarettes to the current regulations that apply to cigarettes and other tobacco products. This includes taxation, the restriction of online sales, and requiring permitting and licensing.

"Five years ago, the U.S. Surgeon General declared e-cigarette use among youth as an epidemic. In 2022, national e-cigarette use among high school students was 14.1%. Here in Hawai'i, it is 31%. For U.S. middle schoolers, it was 3.3%, while in Hawai'i, it is 18%. So, we know the statistics, we've heard from our youth, we've seen the stories. Now is the time for us, this is our only remaining bill to regulate e-cigarettes. And I hope my colleagues join me in supporting this measure. *Mahalo*."

And it would help the Child Welfare Services, which has a dramatic increase in funding should the budget go through as it is this year, spend that money more wisely.

"This would be a working group with all the various stakeholders that play one part or another in serving this community and in interacting as part of the community, whether they be resource caregivers or birth families or nonprofits. And I just think that this is a great investment in helping us reform Child Welfare Services and use their expanded budget well. Thank you."

Representative Souza rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. I strongly support the intent of this bill, however, I do have some concerns as to its implementation. In its execution, it may be difficult to have such a stringent policy in place across the board for all of our law enforcement agencies. In Judiciary and its most recent testimony to the Finance Committee, HPD stated that it currently has policies and procedures in place that either meet or exceed those proposed in the bill, including reasonableness in its use of force, a duty to intervene with regard to unlawful use of force, and use of force training and reporting.

"The requirement in this bill that a law enforcement officer intercede when present and observing another law enforcement officer using force that is clearly beyond that which is necessary, as determined by an objectively reasonable law enforcement officer under the circumstances, taking into account the possibility that other law enforcement officers may have additional information regarding the threat posed by a subject, could present a gray area. Many instances of perceptions of excessive force could go either way, and hence it has oftentimes been left to the courts to determine if excessive force were used in each circumstance that rose to a litigious level.

"I caution that a mistake of fact scenario could lead to unintended outcomes due to the duty to intercede, as the objectively reasonable officer may not have all the facts necessary to make a proper split-second decision as to whether to intervene, and in some instances could create more chaos by intervening where it is not necessary or could even present more danger.

"I will also note that SHOPO is in strong opposition to this bill, stating in their testimony that this bill continues to add unnecessary scrutiny and burden on our police officers when multi layers of safeguards are already in place that hold each and every county police officer accountable for their individual actions and omissions, both administratively and criminally. For these reasons, I am hesitant to give my full support to this measure as written due to the logistical burdens. Thank you, Mr. Speaker."

Representative Souza rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. There have been several good fireworks bills introduced this session, but those bills were piecemeal approaches to combating illegal fireworks and would likely remain fruitless in its execution if we do not have a strategic plan in place to combat the fireworks issue comprehensively, engaging all stakeholders and enforcement agencies.

"One of the top complaints I received from my constituents in Kapolei and Makakilo pertains to illegal fireworks. They are tired of fireworks laws that are on the books but do little to deter people from obtaining illegal fireworks and creating havoc in our communities with their loud booms at all hours of the day. Illegal fireworks continue to be a nuisance for our community members, and I strongly support this attempt to establish an illegal fireworks taskforce for the peace and enjoyment of our communities. Thank you."

Representative Souza rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I think this is a good dam bill that fortunately rises to the level of a damn good bill, and I'd be damned if I didn't stand up and speak on this particular measure. Thank you to the senator from Maui for introducing this measure and highlighting the importance of dam safety legislation.

"For those of us on this floor who, as a 1L at Richardson, took first semester Civil Procedure with Professor Yamamoto, we read the Buffalo Creek Disaster, the harrowing true story of the coal slurry impoundment dam in Logan County, West Virginia, bursting and unleashing 132 million gallons of black wastewater, ravaging through 16 coal towns, killing 125 men, women, and children, injuring over 1,000 people, and leaving 4,000 people homeless.

"The Buffalo Mining Company operated the dam under the parent company Pittston Coal. For our class purpose, the Buffalo Creek Disaster was a lesson in piercing the corporate veil and allowed Pittston Coal to be sued as stockholders as a parent company. My takeaway was that dams are dangerous. Without proper maintenance, it can wreak havoc, which in that instance, Pittston Coal tried to argue that the bursting was an 'Act of God.' But in reality, the situation was simply preventable.

"In 2006, a dam privately owned by a local businessman broke on Kaua'i, killing seven people. The Ka Loko Dam disaster unleashed an estimated 400 million gallons on the community nearby. Dams are dangerous if not upkeep. Therefore, I wholeheartedly support this grant program in this bill. Thank you."

Research to increase understanding, restrict to proactively prevent PFAS from entering air, land, and water at levels that can adversely impact human health and the environment, and remediate, broadening and accelerating the cleanup of PFAS contamination to protect human health and ecological systems. Representative Tam's written remarks are as follows:

"Mr. Speaker, I rise in support of the measure before us. Housing continues to be a crisis for local people here in Hawai'i. Solutions have been presented from banning vacation rentals or limiting the sale of property to residents only, but none of those solutions will get us close to solving this crisis. I appreciate the introducer for presenting a bold solution such as this one to get our families into housing and I support this pilot project as it has shown promise."

Representative Souza rose to speak in support of the measure, stating:

"Thank you again, Mr. Speaker. In strong support. Thank you to the senator from Moloka'i for introducing this important legislation for residents there. My roots are in Moloka'i and I have *'ohana* that still lives there. We have to make commuting to and from Moloka'i more accessible for its residents. And lowering passenger tickets and encouraging airlines to enter the market at Moloka'i Airport will help with that. Thank you."

Representative Pierick rose to speak in opposition to the measure, stating:

"No, please. So, this measure would help an airline company get to and fro from Moloka'i. I think that's a good thing that we have airfare for our residents. At the same time, if a business is struggling, I don't believe it's the taxpayer's role to bail out that company. Whether it's a car company, a small business, or an airline, I don't think the tax dollars should be funding the

economy by bailing out a business. I think the business should improve their operation to stay afloat or to stay in flight. So, I'll be voting no."

Representative Souza rose to respond, stating:

"Mr. Speaker, again rising in strong support. I would like to note that the representative from Hoopili is misstating the purpose and intent of the bill. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. Representative Garrett rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Thank you, Mr. Speaker. As many of you know, before joining this body, I had the privilege of serving as the deputy director of the Department of Human Resources Development in the prior administration. One of my proudest accomplishments during my tenure at DHRD was successfully transitioning thousands of state employees to telework during the early phases of the pandemic.

"Through the governor's stay at home orders, telework allowed us to keep government operating while keeping our employees safe during the course of the public health emergency. Although I oppose this bill for reasons I'll get into shortly, I want to make it very clear that I'm a strong proponent of telework. Among other things, it helps employees achieve work-life balance and protects our planet by keeping cars off the road. I'm convinced that telework is here to stay. It's a very powerful recruitment and retention tool and something that public employers, like the State of Hawai'i, must offer to stay competitive with the private sector.

"Mr. Speaker, from my experience, telework is predicated on two things, communication and trust. Managers have to be clear in communicating their expectations and have to trust that their employees are responsible enough to complete their tasks without constant supervision. Conversely, employees have to understand that working from home or a remote site is a privilege, not a right, and that those who violate that should expect to have that privilege revoked.

"My objections pertain primarily to the poorly defined telework monitoring system that's included in this bill. In your Committee on Finance, it was shared with us that such a system can cost upwards of \$1 million per department, yet it's not exactly clear what it would accomplish for such an exorbitant amount.

"Mr. Speaker, I opined in your Committee on Finance that this bill is a solution in search of a problem, and my feelings have not changed. If there are productivity issues with employees who are teleworking, rather than implementing a costly system that would potentially violate the privacy of state employees, the easy no-cost solution, as in free, is to simply bring them back to the office.

"There's also the important issue of respecting the collective bargaining process. As the DHRD deputy, I sat through numerous negotiation sessions, and in my opinion, modifying work conditions by utilizing this type of system must be negotiated by the employer and the exclusive representative of each of the various bargaining units.

"Lastly, Mr. Speaker, it's no secret that the executive branch continues to have challenges filling thousands of vacant positions. Despite the challenges that COVID presented, I personally regret that we weren't able to make more progress on this front while I was there. But as we emerge out of the pandemic, I believe DHRD must remain singularly focused on recruiting qualified candidates to fill those vacancies. Tasking them with procuring and implementing a telework monitoring system, as outlined in this bill, is an unnecessary distraction from their core mission. So, for these reasons, Mr. Speaker, I oppose this bill and encourage my colleagues to do the same. Thank you."

Representative Hussey-Burdick rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Amato rose in opposition to the measure and asked that the remarks of Representative Garrett be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Aiu rose in opposition to the measure and asked that the remarks of Representative Garrett be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Matayoshi rose to speak in support of the measure, stating:

"In support. Thank you, Mr. Speaker. I agree with the previous speaker that telework is an important aspect that we need to start looking into. This bill, when it came over to us from the Senate, did have a lot of issues, I thought. But the House's position, I think, is much smaller. And what it's meant to do is convince the more traditional managers in the state government, and some of the people here in this building too, that telework is an effective policy that does not lead to a decrease in productivity.

"While I can appreciate the state's current telework policy, and I think it's a good one, it does leave a lot of options open and discretion open to various departments and various managers. In order to convince the managers and certain department heads that teleworking is an effective policy, because I do agree that it can be a powerful recruitment tool for state government, I think we need more data. And that's what this bill aims to do.

"One of the things that this bill aims to do is to require a report to the State Legislature of various aspects, and some of those are aspects such as how many positions a department feels that can telework effectively, and how many of those positions are teleworking effectively. It's holding certain departments accountable for actually implementing this teleworking policy.

"Another thing that the House put in is training generally for all managers throughout the state to allow them to more effectively manage teleworking employees. Now, teleworking has been around for a while, that's why it's called telework not internet work, but I think the older school managers are not used to managing employees that don't have their butts in their seats where they can't walk by their desk at any time to kind of look over their shoulder. And while I think my generation and then the younger generations agree that that's not necessary, I think certain older managers have a mindset that butts in seats is how you manage. We want to move away from that. And I think the only way we can convince them to move away from this is

to give them data. And again, that's what this bill manages to do, and to manage and train these managers to effectively manage the productivity of teleworking employees.

"This bill originally was meant to implement this telework monitoring program on all departments. We've pared it down to a kind of a pilot program of three departments that are willing and kind of eager to implement a telework policy. And I think that by showing the teleworking policy can work effectively on a wider scale from these three departments and getting the data to back this up, we can convince other departments to follow suit, other managers to follow suit, and spread the teleworking policy implementation throughout the state. And again, I do agree that it would be a great recruitment tool to fill all these vacancies. Thank you, Mr. Speaker."

Representative Nakamura moved that the report of the Committee be adopted, and that S.B. No. 1522, SD 2, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Souza rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I am not sure if this is the best way to go about pivoting from a focus on strictly marketing Hawai'i and a strong emphasis on tourism to managing tourism in a different way. But this is what we have on the table before us, and we should see if this route will produce better results and a greater tolerance for tourism from our resident's perspective.

"I do take issue with the tourism liaison officer position that this bill will establish within the Office of the Governor. For consistency purposes, the name of this position should be destination management liaison officer, because if the agency has a stale name, as the representative from Hawai'i Kai has already pointed to on previous occasion, so too shall this newly formed position. Some of the functions of this position should be best left to the executive director of destination management, and some functions could probably be designated to current policy folks already on the fifth floor. Thank you."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in strong opposition. Thank you, Mr. Speaker. I'm going to quote our good friend Paul Brewbaker from UHERO, UHERO is the UH research office that does a lot of the economic development, and many of those members are part of our Council on Revenues, the guys who know what's happening in the area. The point is, Brewbaker argues that, as I will, that this bill will not improve tourism in Hawai'i.

"HTA has accomplished its initial task of marketing our state with flying colors. Yet, as I've spoken many times on the floor, it has been now us to punish them for succeeding. That's taking merit and turning it on its head, Mr. Speaker. As conditions and sentiments change, so has their focus. The HTA has begun an aggressive pivot to existing island-specific destination management, repeat, destination management, not marketing and getting more visitors beyond the \$10 million mark.

"So, has the HTA in need of change? Of course, it does. As Mr. Brewbaker says, the governance model is one of those, and its cost-cutting impact is another one. But should we be playing with the biggest economic variable that keeps Hawai'i alive, Mr. Speaker? It's military spending and tourism, yet we're playing around with it. We're mucking around with something that is very vital to the very existence of each of our districts. As HTA President John De Fries said last week, this measure is like throwing out the baby and keeping the bathwater. That's direct from the Finance Committee testimony.

"Mr. Speaker, the bottom line is, in the initial UHERO position, is that we've got to get our history straight. According to Mr. Brewbaker, HTA was established as a destination management organization, not just a destination marketing organization. So, management is already part of its history, of its origins, of its purpose. And another key point I want to mention from Mr. Brewbaker is that, under De Fries, the new director, HTA produced a destination management action plan for each island to 'rebuild, redefine and reset and tourism's direction.' Basically, the essence of what this bill is by throwing the baby out and keeping the bath. And that's over a three-year period, which has already begun. HTA calls it a regenerative model of tourism, regenerative meaning to bring life back to it in a controllable way.

"Mr. Brewbaker continues by saying, SB 1522, Mr. Speaker, the bill before us on this floor, it proposes to 'dissolve' the Hawai'i Tourism Authority and create a new tourism agency because some state lawmakers claim that the HTA has 'failed to effectively execute its duties to manage the tourism marketing plan for the State.' The bill cites evidence of 'mismanagement' by the HTA in the failed award of the \$34 million U.S. marketing contract. It demonstrates HTA's noncompliance with the Hawai'i public procurement code. Which to my way of thinking is a mistake, by the way that DBEDT flubbed the marketing, not HTA, that was a DBEDT fault.

"Continuing with Mr. Brewbaker, he said, if passed, this bill, SB 1522, SD 2, would establish an Office of Tourism and Destination Management within DBEDT for administrative purposes. It would be governed by a nine-member unpaid board of directors appointed by the governor.

"Mr. Speaker, what does government do well? It often does very poorly in business, and it politicizes, because it puts it under the governor to appoint the people and under DBEDT to run it, of which has done a very, very difficult job of where we are now because of the way that one particular gentleman who has retired couldn't get the contract straight between two competing entities.

"The point is, when politicians get involved in economics, economics go south. Not only does Mr. Brewbaker chime in on this, so does the Honolulu Advertiser that he cites. He says the Honolulu Star-Advertiser editors opine that creating a new agency while tourism is moving in a new direction is not a good idea. A better idea is to fix HTA.

"Mr. Speaker, I think that's what we need to do, put our heads together and fix it instead of, again, using Mr. De Fries—"

Representative Pierick rose to yield his time, and the Chair "so ordered."

Representative Ward continued, stating:

"So, the editors of the Honolulu Advertiser said it's a better idea to fix the Hawai'i Tourism Authority. Fix it means put your heads together, find out what's going right, what's going wrong, rather than, again, keeping the water and throwing the baby out.

"The bottom line, I think, Mr. Speaker, is summarized somewhat by this quote from Mr. Brewbaker. Instead of rushing into a decision that holds little promise of success, what is needed is a cool-headed look at how Hawai'i can craft a new tourism governance system that will actually work. Hawai'i is not alone in trying to fix its destination governance system, other destinations are doing the same, and some, especially in Europe, have a head start on us. We can benefit from studying other destinations such as Europe

and how they're doing. There was a bill, HB 1381, at the Legislature that proposes to do just that, but it didn't get a hearing and, thus, died during the session. Repealing HTA without an improved replacement is unwise.

"I repeat, Mr. Speaker, repealing HTA without an improved replacement is unwise. Unwise does not impute motive, but it does say it's a bad policy which is in this bill. Mr. Speaker, let's keep HTA alive and keep the baby alive with it. Thank you."

Representative Quinlan rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. Ten million visitors a year, Mr. Speaker. Depending on where you stand on this issue, that's either a fantastic number or a terrifying one. And we got there in a very short span of time. And it's not just the sheer raw number of visitors, Mr. Speaker. It's that the visitor has changed. The type of vacations that people like to go on has changed. Thanks to social media, Instagram, and its ilk, there are no hidden local places anymore. There is no such thing as privileged local knowledge. There are so many places in all of our communities that were previously reserved only for us and are now inundated day after day by tourists who want to have an authentic vacation. And that's really what it comes down to, right, is having an authentic vacation.

"But, Mr. Speaker, we are not Disneyworld, even if we cost more than Disney World. And we have to make sure that we set expectations for our visitors. Mr. Speaker, destination management is not just a bunch of words thrown together. Destination management is an investment in our local communities. Destination management is the idea that when push comes to shove, we should put the taxpayer first and put people over profits. Mr. Speaker, while I appreciate the comments of my colleague from Hawai'i Kai, I'd just like to close with this. The fault, dear Brutus, lies not in our stars, but in ourselves. Thank you."

Representative Kahaloa rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Ward rose to respond, stating:

"Mr. Speaker, I left out a couple of very important points. One was when times were in trouble in 2008, when the economy dipped, we cheered HTA. Come on, guys, get more people here, let them spend more money. We don't want you beer budget guys, we want champagne spenders. And it worked. The point is, those are the guys who put their foot on the accelerator, they are the ones who will know how to take it off, Mr. Speaker. That's one point that I failed to mention.

"The second thing is, the unkindest, using the Shakespearean notion, the unkindest cut of all is that the budget is cut 50%. So, if we want to do a good job, whether we're reversing it with this bill or with the old way of doing it, the HTA as it is now, why are we cutting the budget to do something of which we've got to turn a huge ship around and expect it's going to be on a diet budget. Mr. Speaker, it does doesn't make sense.

"So, this bill, I think it's good. We can tell our constituents, hey, we're going to keep cars out of your place, there's going to be less Airbnb. We're getting a nice virtue signaling to those people who vote for us. But in terms of substantive economic intellectual development, I think we're taking a step backwards, Mr. Speaker. So, we get a virtue signal out of this, but in terms of substantive development, this bill will be regretted. Thank you."

Representative Garrett rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Kila rose in support of the measure with reservations and asked that the remarks of Representative Quinlan be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. So, this measure would curtail our Second Amendment rights. I have had constituents reach out to me mentioning how they do want gun control, and so that's an admirable motion, and I'm glad that they're reaching out to us. At the same time, we've taken an oath of office to defend the Constitution. So, if the Second Amendment says we shall not infringe this, we can't vote yes on this measure, at least I believe I can't vote yes on this measure in good conscience, knowing that I took an oath to defend the Constitution on January 18th. Thank you"

Representative Tarnas rose to speak in support of the measure, stating:

"In support. Thank you. This measure was carefully crafted in order to make sure that we do comply with the U.S. Supreme Court decision, the *Bruen* case, where we are allowed to set up a reasonable system of regulation for concealed carry weapons. And we crafted this with that in mind so the members here would be able to vote in support of this and also recognize that we are being consistent with the Second Amendment. Thank you very much."

H.B. No. 40, SD 1

32nd LEGISLATURE, REGULAR SESSION OF 2023 JOINT HOUSE and SENATE COMMITTEES ON CONFERENCE PROCEDURES

The Senate and the House have agreed to the following special procedures for all 2023 Regular Session Committees on Conference. These Conference procedures shall be effective from 8:00 a.m. on Monday, April 17, 2023, until 11:59 p.m. on Friday, April 28, 2023.

1. Definitions

For purposes of these procedures:

"Chairs" refers to all of the designated chairs and co-chairs of a Conference Committee.

"Conference Committee" refers to the conference of the House Committee and the Senate Committee assigned by their respective chamber to resolve the differences between the House and the Senate over a particular measure.

"Lead chair" refers to the chair of the House Committee or the Senate Committee who is listed first on the Action Sheets, as provided by the respective chamber.

"Lead committee staff" refers to the staff of the lead Chair from the chamber from which the measure in conference originated.

"Managers" refers to all members of the House and Senate assigned to a Conference Committee.

2. Conference Committee Scope and Amendments

The authority of the Conference Committee shall be limited to resolving differences between the Senate and House drafts of a measure.

- a. With the exception of the Executive Budget, the Judiciary Budget, and the Budget of the Office of Hawaiian Affairs, a Conference Committee shall not amend a measure by inserting any unrelated or new subject matter.
- b. To assure the integrity of individual measures, the merging of two or more distinct but related measures into one encompassing measure shall not be allowed.

3. Conference Committee Meeting Times and Places

Conference Committee deliberations shall take place only between the hours of 8:00 a.m. and 9:00 p.m.

A Conference Committee shall meet in the conference room assigned or reserved, pursuant to the Conference Room Scheduling Procedures and Guidelines and Room Assignment Schedule, as attached.

4. Initial Public-Meeting Notice

The electronic signatures of all chairs shall be obtained before the notice of an initial meeting is posted or distributed. Prior to offering the initial

meeting notice for signatures, the chairs shall consult with one another on the information to be included in the notice.

Chairs shall provide at least 24-hours public notice of the first meeting of the Conference Committee and are strongly encouraged to provide more than 24-hours notice whenever possible. Written notices shall be submitted to the Senate Chief Clerk and the House Sergeant-at-Arms for posting on the Legislature's website and distribution. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.

5. Notice of Subsequent Meetings

- a. If agreement is not reached at a duly noticed meeting but the lead chairs of both chambers agree to meet again before 9:00 pm on the same day, the lead chairs of both chambers shall publicly announce at the meeting the time and place at which the Conference Committee will reconvene. A new meeting notice of the reconvening of the Conference Committee on the same day is not required. However, a marked-up copy of the notice indicating the time and place of the subsequent meeting shall be submitted to the Senate Chief Clerk or the House Sergeant-at-Arms as soon as possible for updating individual bill status on the Legislature's website. The lead committee staff shall post a copy of this marked-up notice adjacent to the door of the assigned conference room at the time of the subsequent meeting.
- b. If agreement is not reached at a duly noticed meeting but the lead chairs of both chambers agree to meet on another day, the lead chairs of both chambers shall publicly announce at the meeting the date(s), time(s), and place of the subsequent meeting(s), and submit written notice to the Senate Chief Clerk or the House Sergeant-at-Arms for posting on the Legislature's website. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.
- c. If agreement is not reached at a duly noticed meeting and the date(s), time(s), and place of future meetings are not publicly announced at that noticed meeting, chairs shall ensure that a written meeting notice, signed electronically by the lead chairs of their respective chamber, is submitted to the Senate Chief Clerk or the House Sergeant-at-Arms for posting on the Legislature's website at least 24 hours in advance of the next meeting of the Conference Committee. The lead committee staff shall post the notice adjacent to the door of the assigned conference room at the time of the meeting.

6. Attendance at Meetings

- a. To convene the initial conference committee meeting only the lead House and Senate chair must be present. All other conference committee managers, especially any co-chair, should attempt to be present.
- b. Once a conference has been opened, reconvening of any subsequent meeting of a conference committee shall require the following:
 - i. For the Senate, the lead chair or a co-chair must be present.
 - ii. For the House, the lead chair must be present.
 - iii. All other conference committee managers, especially any co-chair, should attempt to be present at the convening of and during each meeting.
- c. For decision-making at a meeting, a quorum must be present. "A quorum shall be a majority of the House Committee managers and a majority of the Senate Committee managers and shall include the lead House and Senate chair and majority of the chairs of the Conference Committee for their respective chamber." See Section 9.a of the "Procedures." The lead House and Senate chair of the conference committee must be part of this quorum.
- d. For a fiscal measure, the chair or co-chair representing the House Finance Committee and Senate Ways and Means Committee must be present during decision-making and give their approval.

7. Conference Discussion

Except as authorized by the respective chairs, only the respective chairs may speak during conference. All other managers or other authorized persons shall be recognized by their respective chairs before speaking on any issue.

8. Decorum in Conference Committee Meetings and Courtesy to the Public and to the Managers

- a. Managers shall respect the differing views of other managers and conduct themselves in a courteous manner.
- b. Chairs shall ensure that meetings convene and reconvene at scheduled times. If none of the chairs of one of the Committees are present within 15 minutes of the scheduled meeting time, the chairs of the other Committee shall contact the absent chair.
- c. If none of the absent chairs are present within 30 minutes of the scheduled meeting time, the chairs present shall inform the managers and members of public present that the Conference Committee cannot be convened or reconvened, and that, pursuant to 5c of these Committees on Conference Procedures, a 24-hour advance notice shall be provided for a subsequent meeting of the Conference Committee.

9. Decision-making Meeting

The decision-making meeting of a Conference Committee shall comply with the following open meeting provisions:

- a. A quorum of the Conference Committee shall be present for the decision-making meeting. A quorum shall be a majority of the House Committee managers and a majority of the Senate Committee managers and shall include the lead House and Senate chair and majority of the chairs of the Conference Committee for their respective chamber.
- b. To report a measure out of Conference Committee in amended form, Conference Draft (CD), a majority of the quorum of managers for each respective chamber shall vote in favor of the proposed amendments.
- c. The lead chair (or the lead chair's designee) representing their respective chamber shall call the roll and be the recorder of the quorum and the votes on that measure for that chamber. (Sample attached).
- d. If, after naming a Conference Committee on a measure, the Conference Committee managers representing the chamber from which a measure originated agree to the amendments made by the non-originating chamber, only a quorum of those representing the originating chamber shall vote on the agreement at a duly noticed meeting. For example, if after naming a Conference Committee on a House measure, the House managers of the Conference Committee decide to agree to the amendments in the Senate draft (SD) of the measure, then only the House managers of the Conference Committee shall vote on the measure, returning it to the House in its SD form. For such action, only a quorum of the Conference Committee managers representing the chamber from which the measure originated need to be present. The "Record of Votes of a Conference Committee" sheet detailing the votes of the managers of the originating chamber shall be filed with the appropriate chamber without a Conference Committee Report.

10. Conference Committee Reports

- a. A majority of the House and Senate chairs, respectively, of a Conference Committee shall attest to the action of the Conference Committee by physically signing the Conference Committee Report on behalf of their respective managers; provided that no Conference Committee Report concerning a measure with fiscal implications shall be reported out of a Conference Committee without the physical signature of the chair (or the chair's designee) of each fiscal committee to which the measure is referred. The "Record of Votes of a Conference Committee" sheet detailing the votes of the managers of the Conference Committee shall be attached to the report as a part thereof.
- b. All House measures reported out of Conference Committee shall be filed with the House Chief Clerk, and likewise all Senate measures shall be filed with the Senate Chief Clerk. A document filed in the originating chamber shall be deemed simultaneously filed in the other chamber. Only the original Conference Committee Report, with the attached Record of Votes, and the Conference Draft of the measure shall be required for filing.

- c. If the Conference Committee votes to report the measure out, the Committee must file a Conference Committee Report and Conference Draft with the appropriate chamber's Chief Clerk.

11. Decision-making Deadlines

On the deadline nights for Final Decking of both non-fiscal and fiscal bills:

- a. Conference Committees shall conclude their negotiations by **6:00 p.m.** to allow adequate time for final preparation of the bills and Conference Committee Reports.
- b. To provide all chairs with ample opportunity to review and sign the Conference Committee Reports before filing, all Conference Committee Reports shall be available for review and signature by **9:00 p.m.**
- c. All Conference Committee Reports and Conference Drafts of measures shall be filed with the respective Chief Clerk by **11:30 p.m.**

12. Electronic Transfer

Should a Conference Committee for which the vehicle is a Senate bill decide to use a proposal drafted by the House, the House chair shall have the House proposal electronically transferred to the appropriate Senate office so that the Conference Draft can be prepared. The converse shall apply to House bills with proposals drafted by the Senate that the Conference Committee agrees to.

13. Exceptions to these Deadlines and Procedures

Exceptions to these deadlines and other procedures may be made only with the advance written approval of both the Senate President and the House Speaker.

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Garcia and carried, the rules were suspended for the purpose of considering a certain Senate Bill for Third Reading by consent calendar. (Representatives Pierick and Todd were excused.)

UNFINISHED BUSINESS

S.B. No. 47, HD 2:

Representative Nakamura moved that S.B. No. 47, HD 2 pass Third Reading, seconded by Representative Morikawa.

Representative Garcia rose to speak in opposition to the measure, stating:

"In opposition. Mr. Speaker, this bill will rearrange candidate names on ballots in the name of equity. I firmly believe that this will confuse the voters of Hawai'i and will certainly add doubt and skepticism to the election process. We've been voting for this in this country for the last 247 years, in this state for the last 64 years, and it's always been alphabetical, and it's worked. There's no need to change what's worked for decades. The passage of this bill will only add more technology to our already overly complicated electric voting system. No vote."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and S.B. No. 47, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ARRANGEMENT OF CANDIDATE NAMES ON BALLOTS," passed Third Reading by a vote of 47 ayes to 2 noes, with Representative Matsumoto voting aye with reservations, with Representatives Alcos and Garcia voting no, and with Representatives Pierick and Todd being excused.

At 12:16 p.m., the Chair noted that the following bill passed Third Reading:

S.B. No. 47, HD 2

Representative Ganaden: "I'll try to be brief. Mr. Speaker, many of us are excited tomorrow for Art at the Capitol day. It's going to start at 4:30 p.m. and go to 7:00 p.m. There's many people to thank, I'll try to be quick. We

need to thank the governor and lieutenant governor for participating for the first time. Many of you participating members, we'd like to get most of you by next year. We have for people who are volunteering and staffers, free parking at Iolani Palace.

"As many of you know, 1% of the building fund here in the State of Hawai'i goes towards the purchase of contemporary art. That means the State is the repository for some of the finest examples of Hawaiian and local art. We have an opportunity to work amongst beauty here in this building, Mr. Speaker. And this is an opportunity to share that beauty with the public.

"I'd like to thank my staff Sofia Sallas, Kellie Dinwiddie Kala, the chair of Culture, Arts, & International Affairs for his support in allowing us to develop this programing. It's much bigger this year. Inclusive of the offices that are open, we have an artist reception starting in the Capitol Rotunda at 4:30 p.m., an invocation by poet laureate Brandy Nalani McDougall, self-guided tours.

"If you don't want to talk to anybody, you can just go watch a movie. We have the Hawai'i International Film Festival showing shorts, and many of the filmmakers will be here in the Senate Chamber. Here in the House Chamber, and this is much thanks to our Sergeant-at-Arms, we're going to be showing some videos from Mark Hamasaki and Kapulani Landgraf, they are artists and UH art professors. They're going to be showing some of the protests and images from H-3 from the last several decades.

"From 5:30 p.m. to 6:00 p.m., we have Ballet Hawai'i. A few dozen young people are going to be performing right here in the Rotunda. After that, we have Hawai'i Honolulu Theater for Youth. Upstairs in the Lieutenant Governor's Office, we have a performance from Professor Jon Osorio and his family, a family of dedicated public servants. We have a panel discussion at 6:00 p.m. in Room 325. And after the event ends, it's Jazz Night right across the street at HiSAM.

"Thank you all for participating. For those of you that didn't, we hope that you can join us next year. There's going to be free pizza delivered to all of your offices. Checked in with Sergeant-at-Arms, you can use your funds to purchase food for anybody who comes by your office and your staff, so don't be stingy. Thanks."

Representative Takayama: "Thank you, Mr. Speaker. I'd just like to thank members and their staff for being so generous in donating to our YWCA Dress for Success Drive. I've never been happier to see my office cluttered with your items than I am now. But just a reminder that tomorrow afternoon, our drive ends. So, if you have any remaining items you'd like to donate, please bring them to Room 404 and we will happily accept them. Thank you, Mr. Speaker."

ANNOUNCEMENTS

Representative Kahaloa: "*Mahalo*, Mr. Speaker. Today there was a signing event for the Pledge to our Keiki today before session. And if anyone couldn't attend or had to leave early to prep for session and couldn't sign, they're doing wet signatures and they said they would stay around longer to take photos or to be able to sign. And the Pledge to our Keiki, the DOE, Kanu Hawai'i, and others in the visitor industry came together to say, like the pledge of Palau, they modeled a similar pledge for Hawai'i so that if folks are visiting, they sign pledges and learn how to lessen their environmental impact on Hawai'i. So that's what the pledge is for. If you want to wet sign, you can come up to the rotunda after. *Mahalo*."

Representative Souza: "Thank you, Mr. Speaker. Just wishing the sister of my sister-in-law, MMA fighter Ilima-Lei Macfarlane, good luck in this weekend's event where she will face off against Kana Watanabe in Bellator 295 at the Neil S. Blaisdell Arena tomorrow. Ilima-Lei is not only an exceptional MMA fighter, but she is the founder of Nā Wahine Toa Foundation, which advocates for indigenous girls and women and was inspired by the Missing and Murdered Indigenous Women movement. Thank you to all of you who signed onto the certificate. *Mahalo*."

Representative Cochran: "Thank you. I just want to add on to the comments of Ms. Kahaloa and the Pledge to our Keiki that's upstairs for signing. We're patterning it the pledge of Palau and His Excellency President Whipps Jr. is here in attendance and he's just such a humble man. So, if you have the opportunity to go visit, talk story, he is around in the building, so I just wanted to recognize him. *Mahalo*."

At this time, the Chair stated:

"The Chair would like to remind committee chairs that today is the second crossover filing deadline for amended Senate Concurrent Resolutions. Please file your committee reports and drafts with the Chief Clerk's Office by 6:00 p.m. this evening."

Gov. Msg. No. 1128, transmitting his statement of objections to S.B. No. 921, as follows:

"EXECUTIVE CHAMBERS
HONOLULU
April 21, 2023

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 921

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 921, entitled "A Bill for an Act Relating to Limitations of Actions."

The purpose of this bill is to extend the deadline to clarify and expressly state that the tolling provision in section 514B-141, Hawaii Revised Statutes, applies to protect the rights of condominium associations to assert legal claims for construction defects against developers until two years after the developer's control of the condominium development is terminated.

This bill is objectionable because it appears to have the unintended consequence of increasing the costs of housing. The bill creates the potential for increased liability which results in the need for additional insurance coverage, which costs are ultimately borne and paid for by the buyers. Our administration is focused on alleviating our critical housing shortage in Hawai'i and we are reluctant to enact any new law that could add costs to housing or delays in construction. While this bill has merit and I commend its sponsors for their work, I am concerned that it will only add costs on future projects, and therefore, have decided to veto this bill.

For the foregoing reasons, I am returning Senate Bill No. 921 without my approval.

Respectfully,
/s/ Josh Green, M.D.
JOSH GREEN, M.D.
Governor of Hawai'i"

artificial intelligence, but the fact that it's reality. Having said that, Mr. Speaker, I wish to insert ChatGPT comments into the Journal. Thank you."

Representative Ward's written remarks are as follows:

"I support SCR 179 and find the comments offered by artificial intelligence itself (ChatGPT) on the resolution insightful.

"The development and implementation of AI have the potential to transform society, and it is essential to carefully consider the potential benefits and risks associated with its adoption. There are significant opportunities for AI to help solve some of the most pressing challenges facing society, such as improving healthcare, enhancing transportation, and addressing climate change. However, there are also concerns about the potential risks of AI, including its impact on jobs, privacy, security, and fairness.

"In recent years, there has been growing recognition of the need to have informed discussions about the benefits and risks of AI, and the importance of developing policies and regulations to guide its development and deployment. Senate Concurrent Resolution 179 recognizes this need and urges Congress to begin the discussion of the benefits and risks of AI.

"By discussing the potential benefits and risks of AI, policymakers can better understand its implications and develop policies and regulations that promote its responsible use. These discussions may include considerations of issues such as privacy, security, transparency, and accountability.

"Overall, the discussion of the benefits and risks of AI is an important step towards ensuring that AI is developed and deployed in a responsible and ethical manner. Senate Concurrent Resolution 179 highlights the need for such discussions to take place at a national level, and it is an important contribution to the ongoing conversations around AI governance and policy."

No. 183, SD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF HUMAN SERVICES TO STUDY PROVIDING CERTAIN HEALTH INSURANCE COVERAGE FOR ALL CHILDREN AND PREGNANT PERSONS WHO WOULD OTHERWISE QUALIFY FOR COVERAGE IF NOT FOR THEIR IMMIGRATION STATUS," was adopted, with Representatives Alcos, Garcia, Pierick, and Ward voting no.

Representative Yamashita, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 2254) recommending that S.C.R. No. 18, SD 1, HD 1 be adopted.

Representative Nakamura moved that the report of the Committee be adopted, and that S.C.R. No. 18, SD 1, HD 1 be adopted, seconded by Representative Morikawa.

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. So, this is a resolution that is asking for basically more support and insurance for people who undergo abortion. I'd like to read part of this resolution so that we know what measure we're connecting on. It says, whereas, Hawai'i has long been a leader in advancing reproductive rights and advocating for equitable and affordable access to sexual and reproductive health care, *et cetera*. The word equitable is used here. I think that's not a correct term because when we're thinking about the rights of the child, that's not as equally imbalanced with the woman in this case.

"It says in the beginning, reproductive rights. I support contraception. I do not support abortion. The next paragraph says that these rights are consistently threatened. I wonder who's threatening contraception. I know, I support contraception. When they say things like consistently threatened, that kind of gives a rise of like fear or be alarmed. I don't think that the phrase is rightfully used.

"The fourth paragraph says, that whereas, the previous administration made it difficult for insurers to cover abortion care and assembled a Supreme Court whose actions resulted in restricted abortion access. So, it puts the *Roe v. Wade* decision on the fault of the prior administration, presidential administration. I think that 100 senators nationwide voted on the confirmation of our Supreme Court judges that helped the overturning of *Roe v. Wade*. So, I don't think it's fair to blame a prior presidential decision on a judicial decision.

"Also, it says on the second page, top paragraph, that this resolution is in connection to a House Bill that was introduced to help with these insurance measures. Interestingly, that House Bill never even got a hearing. So just a point of record. Thank you."

Representative Garcia rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Alcos rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Kong rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Matsumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Very much in support. I just want to clarify for anyone who may not understand what reproductive health is. But for anyone who doesn't understand what reproductive health care is, I mean that also covers things like mammograms, it covers cervical exams so that you can check whether or not you have cancer. So I think it's really important that we support reproductive health care in all forms. It's not just abortion care, it's much more."

Representative Perruso rose to speak in support of the measure, stating:

"In strong support of all of the language used in the resolution. Thank you."

Representative Ganaden rose to speak in support of the measure, stating:

"Same request."

Representative Pierick rose to respond, stating:

"In opposition. I have the survey results that I sent out to my constituents asking them the question, at what point do you feel the law should allow abortion? Multiple results or multiple questions. One option was, I do not support abortion, 33 people responded they don't support abortion at all. The other options were at the heart beat you can have an abortion, first trimester, at 12 weeks, once the child is viable as the current Hawai'i Revised Statutes is, the other option was at the end of the second trimester, and then one is up to birth.

"A majority of my constituents selected, I do not support abortion at all, and then a few people selected the other options. I think that's important to note that we're representing our constituents when we give speeches against abortion. I support contraception, I support reproductive health. I don't support, as, to use the words of one of the survey results, 'I don't support murder and neither should you.' That's what my constituents said, and it's my role to represent them in this body."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.C.R. No. 18, SD 1, HD 1, entitled: "SENATE CONCURRENT RESOLUTION REQUESTING THE AUDITOR TO CONDUCT A SOCIAL AND FINANCIAL ASSESSMENT OF PROPOSED MANDATORY HEALTH INSURANCE COVERAGE FOR VARIOUS SEXUAL AND REPRODUCTIVE HEALTH CARE SERVICES," was adopted, with Representatives Alcos, Garcia, Kong, Matsumoto, Pierick, and Ward voting no.

INTRODUCTIONS

The following introductions were made to the members of the House:

Representative Tarnas introduced his staff, Katy Pacheco; her parents, Rob and Cindy Pacheco; and her fiancé, Andy Cullison.

Representative Martinez introduced members of ILWU: Matthew Yamamoto, Christine Pascual, and Will Chang; and her staff: Tracy Arakaki, Gerald Daproza, and Chung Siu Cow.

Representative Alcos introduced members of the Ewa Neighborhood Board and other community members.

ORDER OF THE DAY

REPORTS OF STANDING COMMITTEES

Representative Tarnas, for the Committee on Judiciary & Hawaiian Affairs, presented a report (Stand. Com. Rep. No. 2258) recommending that H.R. No. 104, HD 1 be adopted.

Representative Nakamura moved that the report of the Committee be adopted, and that H.R. No. 104, HD 1 be adopted, seconded by Representative Morikawa.

Representative Martinez rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support of this resolution. This resolution was introduced in response to the public outcry regarding the detrimental effects of noise and lead contamination from the facility at nearby Pu'uloa Beach Park, where Ewa families gather and use daily. As the voice of my constituents, we need to ensure that the appropriate parties are held accountable for the impact of the range on nearby neighborhoods and that they take the necessary steps to mitigate those impacts. That's why I am strongly in support of this resolution. Thank you, Mr. Speaker."

Representative Alcos rose to speak in support of the measure, stating:

"In strong support. Mr. Speaker, this issue been going on for decades already in my community, the noise pollution. I live about a mile and a half away. It starts from 7:00 a.m. in the morning, the noise. And they fire 7,000 rounds or more a day out in that area. The community don't want the noise. I don't think anybody want a rifle range in their community. I think it's long overdue. We do care about the support for our military, but we don't believe that it should be next to a community park, next to the next Hawaiian homes that they're going to build, next to our community, next to our elementary school, and I take my grandkids playing there. And with the lead poisoning that going on into our ocean, I believe that we could find a better location for this firing range. Thank you."

Representative Pierick rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 104, HD 1, entitled: "HOUSE RESOLUTION REQUESTING THE RELOCATION OF ALL LIVE FIRE TRAINING AND AVIATION ACTIVITIES AWAY FROM THE PU'ULOA RANGE TRAINING FACILITY," was adopted, with Representative Pierick voting aye with reservations, and with Representatives Amato, Ganaden, Hussey-Burdick, and Kong being excused.

In accordance with Article III, Section 15 of the Constitution of the State of Hawai'i, action on Conf. Com. Rep. No. 1 and S.B. No. 228, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FRAUD," was deferred for a period of 48 hours.

ORDER OF THE DAY

SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Garcia and carried, the rules were suspended for the purpose of considering certain House and Senate Bills for Final Reading by consent calendar. (Representatives Hashem and Ganaden were excused.)

UNFINISHED BUSINESS

Conf. Com. Rep. No. 1 and S.B. No. 228, SD 1, HD 1, CD 1:

Representative Nakamura moved that the report of the Committee be adopted, and that S.B. No. 228, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Pierick rose to speak in opposition to the measure, stating:

"No, please. So, I think the intent of this bill is excellent. We shouldn't be liars. I think the President of the Senate did well introducing this bill. However, this bill could be misunderstood and misapplied. So, what is truth? If I make a false statement against the state, who's to say that truth is true in that person's eyes?"

"So, let me read the summary of this bill. This bill 'establishes the offense of fraud as a class B felony. Establishes the offense of making a false, fictitious, or fraudulent claim against the State or a county as a class C felony. Establishes the offense of the use of false statements or entries in

matters within the jurisdiction of the executive, legislative, or judicial branches of the State as a class C felony.'

"I think lying is wrong. I think people should always tell the truth. But if my understanding of truth on gender is different than somebody else's truth, are they going to say I'm lying? What if I say elections aren't clean? They say you're lying, you're saying that the state is being falsified because of that statement. I disagree. What if somebody says, well, the chair shouldn't be allowed to defer bills and I say that's wrong and I'm now making a statement that's against the State of Hawai'i and somebody says, that's a false statement, that's a point of disagreement. If I say the government is corrupt and they say you're making a false statement against the government, that's a point of disagreement. If I say the process isn't fair or equitable and somebody challenges that and says you're making a false statement against the state, you should deserve a Class C felony, that's a disagreement.

"All six of our Republican bills didn't pass. And if I say that that's not right because we all went door to door and all of us are trying to represent our constituents and then the system doesn't let the process succeed and I say that system is wrong, and then somebody says, Elijah, you're making a false statement, you deserve a Class C felony. I don't think that's correct. So, I'm voting no against this bill."

Representative Aiu rose to speak in opposition to the measure, stating:

"Mr. Speaker, also in opposition. Mr. Speaker, I also have concerns with the use of false statements or entries section of this bill. I think it does open the floodgates to a lot of litigation or a lot of claims in criminal matters based on something that we may not intentionally or otherwise knowingly know it's true that we make these statements. And I do see this as a very chilling effect on otherwise free speech that people would make. Thank you."

Representative Tarnas rose to speak in support of the measure, stating:

"Thank you, in support. I just wanted to make it clear that for the fraud sections on this measure, that a person commits the offense of fraud if, with the intent to defraud, the person executes or attempts to execute any scheme or artifice to defraud or for the purpose of obtaining money or property by means of false or fraudulent pretenses, representations, or promises.' So, there has to be a knowing misrepresentation in order for achieving your goal of getting money, for example.

"So, we really modeled this measure after federal statutes, which have been on the books for a long time. So, it's not like we're creating something new. These were modeled after the following federal fraud statutes, the U.S. Code Section 287, which is about false, fictitious, or fraudulent claims. Title 18 of the U.S. Code about false statements and entries. Title 18 of the U.S. Code Section 1341 on mail fraud. The next section, 1343, on wire fraud, and the next section, 1344, on bank fraud.

"So, I think this is something that has been carefully crafted in order to make sure that we have in state law some of these measures that have been in federal law only so that we can actually prosecute some of these cases under state law. So, I think that's the purpose of this measure, and I urge the members to support it. Thank you."

Representative Souza rose in support of the measure and asked that the remarks of Representative Tarnas be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Aiu rose to respond, stating:

"Mr. Speaker, second time. I just want to turn every member's attention to the third section. Still in opposition. And I have no disagreement about the sections relating to fraud or false claims against the state. My objection is on false statements to either a legislative, judicial, or executive branch that any statements that people make, the government can prosecute felony claims against people making false statements to the government. And so, this has nothing to do with fraud or fictitious claims, it's merely speech that people may or may not know is false or otherwise untrue, that the government could then prosecute individuals for felony claims. Thank you, Mr. Speaker."

Representative Tarnas rose to respond, stating:

"Second time, in support. I just want to make it clear that in the language of the bill, it says specifically that, you know that this is a false statement that you're making. So, making any false writing or document, knowing that the writing or document contains any material is false, fictitious, or fraudulent statement or entry. This is, you have to be doing this and knowing that you're making a false statement. And that's what one would have to prove in order to successfully prosecute this. And I am speaking in support. Thank you."

Representative Souza rose to respond, stating:

"Mr. Speaker, second time in strong support. And please once again enter the words from the representative from Hawai'i Island into the record as my own. Thank you," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 228, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FRAUD," passed Final Reading by a vote of 47 ayes to 3 noes, with Representatives Aiu, Alcos and Pierick voting no, and with Representative Ganaden being excused.

At 7:33 o'clock p.m., the Chair noted that the following bill passed Final Reading:

Representative Garrett rose to speak in support of the measure, stating:

"Mr. Speaker, thank you. Rising in strong support with a brief comment, please. Thank you, Mr. Speaker. As you'll recall, I shared with this body earlier this session that I serve as a sports official. For almost four years now, I've served as a softball umpire in the high school and college ranks.

"We're currently facing a nationwide crisis when it comes to the lack of sports officials, and the situation here is dire as well. A huge part of the problem is unruly spectators who think getting on referees and umpires is part of the fan experience that comes with the price of admission. From personal experience, I can share with this body that I've been called many things, but I went into this fully expecting some level of verbal abuse. But unfortunately, there have been recent incidents on the continent where belligerent spectators have crossed the line and physically assaulted sports officials who are simply discharging their duties.

"Mr. Speaker, passing this bill to elevate such assaults on sports officials from a misdemeanor to a Class C felony will serve as a powerful deterrent while sending a strong message that we value the contributions of all sports

officials. After all, Mr. Speaker, if there are no officials, there are no games. So, for these reasons, I support HB 264, SD 1. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 264, SD 1, entitled: "A BILL FOR AN ACT RELATING TO CRIMES AGAINST SPORTS OFFICIALS," passed Final Reading by a vote of 50 ayes, with Representative Ganaden being excused.

Representative Sayama rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This measure will bring Hawai'i in compliance with the amendments afforded by the 2022 Uniform Commercial Code, which is really critical for local businesses to remain competitive and consumers protected when engaging in interstate commerce.

"In the past few days, there have been several community concerns and communications regarding a portion of this bill pertaining to the term 'controllable electronic records,' a term used to define cryptocurrencies and similar technologies. I just would like to take a moment to address these concerns.

"In this year alone, we've seen numerous scams involving cryptocurrencies, amounting to billions in losses for consumers and investors. Clearly, this industry needs some regulation and protections for consumers. This measure aims to curtail these scams by providing safeguards while allowing for responsible and legitimate digital currency businesses to continue operations. Community requests to expand the term 'controllable electronic records' to 'electronic records' is dangerous, as it is too broad of a term and can be interpreted to apply to private information unrelated to digital currency, which Article 12 of the UCC aims to regulate.

"In short, this bill is good for business and consumers, so I respectfully request the body's support on this measure. Thank you."

Representative Garcia rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Pierick rose to speak in opposition to the measure, stating:

Recognizing *limu kala* as the official *limu* of Hawai'i will provide further educational opportunities and help honor *limu kala* as a significant food and medicine that it is, not just for our communities but for Native Hawaiians.

"*Limu* supports healthy oceans, and like growing plants on land, it supports carbon sequestration. If we have more *limu* in our oceans, and our families can also enjoy eating more *limu*, which for generations was very common and our *kūpuna* remember that, and something we don't always get to experience today. *Mahalo* to the Limu Hui, KUA, and all those in our community who supported this measure."

"Mr. Speaker, in support. Mr. Speaker, this bill was introduced on behalf of a certain representative from Maui at the behest of the Deaf-Blind Task Force. I introduced the bill only in name.

"This bill was a great learning experience for me. It essentially says that the American Sign Language is a distinct, autonomous, fully developed language with its own grammar, its own syntax, its own vocabulary. I did not know this. I thought that the American Sign Language was just an attempt to repeat in English what someone has said. It is an example of how little understood deaf people are.

"They have a community that is quite distinct from ours. And they have a language that is quite distinct from ours. Deaf people have a problem which is much, much greater than that of a blind person. A blind person learns language at the same time as a sighted person, but a deaf person does not understand language at all until probably school age. This puts them at a severe, terrible disadvantage both in their communications, their social interaction, and their livelihood.

"So, I think that recognizing the American Sign Language is one step toward recognizing the difficulties and the special and distinct community that deaf people have. Thank you."

Representative Tam rose in support of the measure and asked that the remarks of Representative Kobayashi be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

RE: Extension of Final Decking Filing Deadline to Noon May 1, 2023

The deadline to file conference committee reports and bill drafts for fiscal bills was established as 11:30 p.m. on April 28, 2023. However, many measures were the subject of negotiation throughout the day, and the number of bill drafts needing intricate attention by drafting agencies has resulted in the inability to meet the filing deadline. We feel that since the conferees reached agreement, allowing these bills to die based on an internal procedural deadline is not in the best interest of the people of Hawaii.

Pursuant to Rule 13 of the 2023 Joint House and Senate Committees on Conference Procedures, we hereby authorize an extension of the deadline to file these bills and committee reports with our respective Clerk's offices from 11:30 p.m. to noon on Monday, May 1, 2023.

SUPPLEMENTAL CALENDAR #1

ORDER OF THE DAY

REPORTS OF CONFERENCE COMMITTEES

At this time, the Chair stated:

"The Chair just wanted to give an explanation of the calendar. So, as you know, the Senate President and I waived the Friday midnight deadline for the filing of committee reports and conference drafts for certain measures which were agreed upon in public on Friday evening.

"I wanted to take this opportunity to you to explain the procedural reasons why these reports and proposed drafts were not filed on Friday night and the reasons why the President and I waived the deadline. As you know, in December 2022, the Senate President and I prepared an internal legislative timetable that set April 28, 2023, as the last day to file fiscal bills for constitutional decking purposes prior to final reading. In April, the President and I signed the Conference Committee Procedures that provided in

paragraph 11c that all conference committee reports for fiscal bills must be filed by 11:30 p.m. on Friday, April 28.

"However, several conference committees, even though they had reached agreement on the substance of their measures, did not have the time to prepare and adequately review the conference reports and final form of the conference drafts prior to the filing deadline. Therefore, the President and I exercised our ability under Rule 13 of the Conference Committee Procedures for an exception to this deadline for these measures which were agreed upon in public. We authorized these measures to be filed with the respective Clerk's offices between 8:00 a.m. and 6:00 p.m. on Monday, May 1st.

"The waiver of the internal deadline ensured that our chairs had adequate time to review them before filing the measures for final decking. The conference reports and conference drafts for the measures received by 6:00 p.m. on Monday, May 1st, are listed on today's Supplemental Order of the Day. These measures will receive the required 48-hour notice of final form as required by the Constitution and will be before this body for final reading votes on Thursday, May 4th."

(3) Beginning July 1, 2024, review project proposals and select priority projects within one mile of any school or place of learning pursuant to sections 286-7.5, 264-142, and 291C-3 to be funded through the safe routes to school program or otherwise be prioritized and implemented by the department;"

SECTION 2. House Bill No. 600, H.D.1, S.D. 2, C.D. 1, section 3, is amended as follows:

1. By amending page 10, lines 6 to 17, to read:

(a) There is established, within the department of transportation, a safe routes to school program that shall, among other things, enhance traffic safety around Hawaii's schools, enable and encourage children to walk and bicycle to school, and make bicycling and walking to school a safer and more appealing transportation alternative. Beginning July 1, 2024, the program shall be responsible for developing and publishing goals and performance measures in coordination with the safe routes to school advisory committee and providing technical assistance to counties and community organizations in support of projects and programs that advance state and county goals."

2. By amending page 11, lines 12 to 20, to read:

"(d) The [legislature shall appropriate] department of transportation shall expend funds from the safe routes to school program special fund [to the counties] in coordination with the safe routes to school advisory committee to be used for the implementation of [county] the safe routes to school program plan and projects[-] pursuant to section 291C- (b)(2) and (3). No later than twenty days prior to the convening of each regular session, each county shall submit to the legislature an annual report on the status and progress of its county safe routes to school program, including an accounting of all grants provided through the program and a timeline for future grant awards."

Thank you."

At this time, the Chair stated:

Conf. Com. Rep. No. 143 and H.B. No. 676, HD 1, SD 2, CD 1:

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 676, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

At this time, Representative Hashimoto offered Floor Amendment No. 13, amending H.B. No. 676, HD 1, SD 2, CD 1 as follows:

SECTION 1. House Bill No. 676, H.D. 1, S.D. 2, C.D. 1, is amended by deleting Sections 2 and 3.

SECTION 2. House Bill No. 676, H.D. 1, S.D. 2, C.D. 1, is amended by adding a new Section 2 to read as follows:

"SECTION 2. Section 205-3.1, Hawaii Revised Statutes, is amended to read as follows:

"**§205-3.1 Amendments to district boundaries.** (a) District boundary amendments involving lands in the conservation district, land areas greater than fifteen acres, or lands delineated as important agricultural lands shall be processed by the land use commission pursuant to section 205-4[-], except as otherwise provided in this section.

(b) Any department or agency of the State, and department or agency of the county in which the land is situated, or any person with a property interest in the land sought to be reclassified may petition the appropriate county land use decision-making authority of the county in which the land is situated for a change in the boundary of a district involving lands less than fifteen acres presently in the rural and urban districts and lands less than fifteen acres in the agricultural district that are not designated as important agricultural lands.

(c) District boundary amendments involving land areas of fifteen acres or less, except as provided in subsection (b), shall be determined by the appropriate county land use decision-making authority for the district and shall not require consideration by the land use commission pursuant to section 205-4; provided that ~~[such]~~ the boundary amendments and approved uses are consistent with this chapter. The appropriate county land use decision-making authority may consolidate proceedings to amend state land use district boundaries pursuant to this subsection, with county proceedings to amend the general plan, development plan, zoning of the affected land, or ~~[such]~~ other proceedings. Appropriate ordinances and rules to allow consolidation of ~~[such]~~ proceedings may be developed by the county land use decision-making authority.

(d) An application for a district boundary amendment involving a land area greater than fifteen acres but not greater than one hundred acres, except for lands that are designated as important agricultural lands or lands where the soil is classified by the land study bureau's detailed land classification as overall (master) productivity class A or B, shall be determined by the appropriate county land use decision-making authority for the district and shall not require consideration by the land use commission if, by the date of the application, the county has adopted an ordinance that:

(1) Establishes a procedure for determining the district boundary amendments;

- (2) Requires the county to own and retain ownership of the land area for at least ninety-nine years;
- (3) Requires that one hundred per cent of the land area be used for affordable housing as defined by county ordinance;
- (4) Requires that at least seventy-five per cent of the housing units on the land be set aside for persons and families with incomes at or below one hundred per cent of the area median income;
- (5) Requires the district boundary amendment and approved uses to be consistent with the applicable county general plan or community development plan;
- (6) Requires the county to complete and incorporate mitigation of the impact on county and state resources, including schools and highways; provided that mitigation efforts under this paragraph shall be approved by the appropriate state department;
- (7) Incorporates due process into the procedure for determining district boundary amendments pursuant to paragraph (1) in accordance with all state laws and the public trust doctrine; and
- (8) Requires the appropriate county land use decision-making authority to issue a finding that it has considered all impacts of the proposed amendment that the land use commission would have considered under a petition submitted to the land use commission pursuant to this chapter for a district boundary amendment involving the same or similar land use classifications and land area.

~~(4)~~ (e) The county land use decision-making authority shall serve a copy of the application for a district boundary amendment to the land use commission and the department of business, economic development, and tourism and shall notify the commission and the department of the time and place of the hearing and the proposed amendments scheduled to be heard at the hearing. A change in the state land use district boundaries pursuant to this subsection shall become effective on the day designated by the county land use decision-making authority in its decision. Within sixty days of the effective date of any decision to amend state land use district boundaries by the county land use decision-making authority, the decision and the description and map of the affected property shall be transmitted to the land use commission and the department of business, economic development, and tourism by the county planning director."

SECTION 3. House Bill No. 676, H.D. 1, S.D. 2, C.D. 1, is amended by adding a new Section 3 to read as follows:

"SECTION 3. Section 205-4, Hawaii Revised Statutes, is amended by amending its title and subsection (a) to read as follows:

"**§205-4 Amendments to district boundaries ~~[involving land areas greater than fifteen acres-]; proceedings before the land use commission.~~** (a) Any department or agency of the State, any department or agency of the county in which the land is situated, or any person with a property interest in the land sought to be reclassified, may petition the land use commission for a change in the boundary of a district. This section applies to all petitions for changes in district boundaries of lands within conservation districts, lands designated or sought to be designated as important agricultural lands, and lands greater than fifteen acres in the agricultural, rural, and urban districts, except as provided in ~~[section]~~ sections 201H-38[-] and 205-3.1(d). The land use commission shall adopt rules pursuant to chapter 91 to implement section 201H-38."

Representative Hashimoto moved that Floor Amendment No. 13 be adopted, seconded by Representative Morikawa.

Representative Hashimoto rose to speak in support of the proposed floor amendment, stating:

"Mr. Speaker, during the conference committee, the intent was to add a provision that would have ensured the counties address state impacts if they were given the power to bypass the Land Use Commission, in addition to all other requirements that were already included in the bill, which is for affordable housing. During the drafting, this was added as an additional section and not a subsection, and I can see how there might be confusion and concern with the bill as it stands now with the current language. But I believe this amendment makes clear the legislative intent of the conference

committee of having the counties take on more accountability, not less. It was never the intent to make the process less transparent. And I believe this amendment makes this very, very clear.

"This amendment will now ensure that the counties issue a finding that has considered all impacts that the Land Use Commission would have considered under a petition to the Land Use Commission for a district boundary amendment in addition to the seven other requirements as included in this bill. And I humbly ask for your support."

Representative Pierick rose to speak in opposition to the proposed floor amendment, stating:

"In opposition. I'd like to thank the intent of all those who've introduced this bill and also created amendments to modify the bill. At the same time, I've received 32 emails asking me to vote no. So, to honor the people of Hawai'i, I will vote no."

Representative Lowen rose to speak in support of the measure, stating:

"Can I request to insert written comments on HB 192, which is a money saving measure for Hawai'i residents."

Representative Lowen's written remarks are as follows:

"I strongly support HB 192. Prohibiting the sale of certain fluorescent lamps as new manufactured products in the State of Hawai'i will reduce energy use and thus electric bills, reduce greenhouse gas emissions, and avoid hazardous waste being imported into the state and polluting the environment.

"LED lighting has significantly lower lifecycle costs than fluorescent lamps or bulbs, which also contain mercury. Because of the high efficiency of LEDs, consumer electric bills can be reduced up to \$37 million annually

statewide by switching from fluorescents to LEDs. These savings will provide relief for families, small businesses, and communities. Phasing out fluorescent lightbulbs also has the potential to reduce up to 756,000 metric tons of carbon dioxide annually, a significant contribution to combating climate change and minimizing our state's carbon footprint. This reduction in emissions aligns with Hawai'i's commitment to decarbonization and sets a positive example for other states to follow.

"Furthermore, the transition to LED bulbs helps avoid the importation of mercury into the state. Mercury is a hazardous waste found in traditional incandescent and fluorescent bulbs, which eventually ends up in landfills, the air, and the environment since most bulbs are not properly disposed of. By eliminating the use of mercury-containing lighting options, we protect both human health and the environment."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 192, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ENERGY EFFICIENCY," passed Final Reading by a vote of 48 ayes to 3 noes, with Representatives Garcia, Kong, and Pierick voting no.

Although we are recommitting one of these measures regarding hemp, the contents still remain in HB 1359. So, I do want to thank the author of the measure and know that the contents are still going to be enacted. *Mahalo.*"

Representative Ward rose to speak in support of the motion to recommit, stating:

"Thank you, Mr. Speaker. I want to thank the previous speaker for assuring us that the omnibus bill 1359 is in effect those four recommitments. Because the Cynthia Thielen of blood, sweat, and tears, for 20 years she fought for this. And it was when we first saw that four hemp bills are going to go down the drain, I was very concerned. So, thank you very much for that assurance that omnibus bill 1359 encompasses all the four recommitments. In support."

The motion was put to vote by the Chair and carried, and Conf. Com. Rep. No. 16 and H.B. No. 973, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'd just like to thank the chairs of Agriculture, CPC, and the entire Hawai'i Island delegation. Hawai'i Island's coffee farms form one of the state's most iconic industries. And throughout the world, people appreciate the quality and value, and I am biased so I will say perfection, of Kona and Ka'u coffee.

"This measure protects our coffee industry from commercial exploitation by expanding coffee labeling and advertising requirements to include ready-to-drink beverages and inner wrapping labels given to consumers. This will make truthful representation of the geographic origin of coffee products the law of the land and prevent commercial fraud and deception.

"Coffee farmers have fought for 32 years to make this law take effect. This bill's passage is a testament to their efforts and the historic victory for the preservation of Hawai'i's coffee heritage. So, thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 746, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO COFFEE LABELING," passed Final Reading by a vote of 51 ayes.

Representative Gates rose to speak in support of the motion to recommit, stating:

"Thank you, Mr. Speaker. Again, this is one of the other measures that have duplicative language in regards to HB 1359. And we just want to make

sure that there isn't confusion when implementing these new laws. Thank you."

The motion was put to vote by the Chair and carried, and Conf. Com. Rep. No. 22 and S.B. No. 516, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HEMP," were recommitted to the Committee on Conference.

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Members, I believe you've heard me talk about this bill. This is the stop and close down the unlawful illegal care homes. I mentioned in the past that there are no criminal background checks on these care homes that are operated by the illegal entities and people. These unlicensed care homes do not pay taxes. The Department of Health nor the Department of Human Services have no oversight. They're caring for our *kūpuna* and our disabled, but Department of Health and Human Services do not have the ability to do annual inspections or any unannounced visits, which is vital to ensure these care homes are actually providing proper care for our *kūpuna* and our disabled.

"These illegal care homes do not have liability insurance, these illegal care homes do not have certified nursing assistants or nurses, and they charge significant amounts of money to these patients. Once these patients use up all their money, they spend down everything, these patients are then kicked to the side and dumped to become the state's obligation. The state is now obligated to find a legal Medicaid care home.

"In support of this bill because I want to give you the daunting statistics that I didn't give in my last speech. Currently, in the last 48 months, there were 221 reported unlicensed care homes in the State of Hawai'i. Statistics show that we have closed down 11 unlicensed care homes and assessed \$2.4 million in fines just in the last year. The current investigations are on 89 unlicensed care homes, again either underway or pending. This bill will close down a legal argument that these illegal, unlicensed care homes are only rental units or rooms for rent for our elderly and disabled. We need this bill and I ask all members to support it. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1378, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO UNLICENSED CARE HOMES," passed Final Reading by a vote of 51 ayes.

Representative Lowen rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Really briefly, this measure will reduce the cost of living for people, it is about energy efficiency, which is a win-win, it's adding some appliances to our state appliance efficiency standards. These appliances do not have a higher upfront cost, so savings will start on day one, and it just ceases having Hawai'i be used as a market that's kind of a dumping ground for less efficient appliances that also cannot be sold in certain other states. So, this is a win-win for people in Hawai'i where the cost of electricity is very high."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 691, SD 2, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EFFICIENCY STANDARDS,"

Representative Nakamura moved that the report of the Committee be adopted, and that S.B. No. 1079, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. So, this bill would allow for somebody driving a car from 18 years old to 21 years old, if they're driving under the influence of alcohol, if they get pulled over, get a DUI, that DUI can be expunged from their record because they're driving under the legal age of 21. However, this age limit is still adulthood. So, I think adults should be held accountable for their driving habits. If they're endangering people on the public by being drunk, that's not a good thing. And we should be tough on crime to deter crime. So, I'm voting no."

Representative Souza rose to speak in support of the measure, stating:

"In support, Mr. Speaker. I just want to clarify that this bill is meant to expunge anything from the record that happened as a first-time offender before 1998. That was 25 years ago. I think that we can have some leniency in that regard, to expunge something so old in reference to a 291E-64. Thank you."

Representative Ganaden rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. There's a national movement to expunge old records for a variety of issues, including petty misdemeanors and misdemeanors. These records can significantly affect an individual's ability to retain custody of their children, gain housing, and gain employment. So, for that reason, I'm in strong support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1079, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EXPUNGEMENT," passed Final Reading by a vote of 49 ayes to 2 noes, with Representatives Pierick, and Ward voting no.

Representative Nakamura moved that the report of the Committee be adopted, and that S.B. No. 19, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Pierick rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. This bill guarantees the vote of eligible voters who cast their ballot and then subsequently die or otherwise become ineligible before Election Day. So, to become ineligible would include having a felony. So, do we want felons or people who are dead voting? I don't think so. We have an election day, I think that's more preferred versus an election week or an election month. So, I'm for election integrity and I'll be voting no."

Representative Tarnas rose to speak in support of the measure, stating:

"In support of this measure. This makes it clear that when you cast your ballot, that is when you're mailing your ballot, putting into the drop box, putting it into the mailbox, that is when you cast your ballot. If you are eligible to vote at that time, then your vote will count when Election Day comes around, no matter what happens in between the time you cast your ballot and Election Day. This is a good bill. This just makes it very clear that when you cast your ballot, if you are eligible, then your vote will count. I urge all members to support this. Thank you."

Representative Souza rose in support of the measure and asked that the remarks of Representative Tarnas be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Ganaden rose to speak in support of the measure, stating:

"In support, Mr. Speaker. To correct it once again here on the floor and for all of those of you who in the public who might be listening, if you have a felony on your record and you are no longer under court supervision, you can vote. You should vote. You're a citizen of the state and your rights are in jeopardy. And this is a democracy, this is how it works. So, once again, to correct the Representative of 39, if you are a former felon or you have a misdemeanor or anything on your record, please vote."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 19, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CAST BALLOTS," passed Final Reading by a vote of 44 ayes to 7 noes, with Representatives Alcos, Garcia, Gates, Holt, Lamosao, Pierick, and Quinlan voting no.

Representative Nakamura moved that the report of the Committee be adopted, and that S.B. No. 930, SD 1, HD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Mr. Speaker, to me this is a moral equivalent of a poll tax, a right that you have, but which you have to pay for. The point is, we have a shortage of rental units, an extreme shortage of rental units, and this puts a fee to fill out an application just to qualify to do the rental unit. This puts the people with the bigger wallet rather than the stronger character necessarily ahead of the line. Mr. Speaker, that is unfair. It's like a poll tax, which nobody agrees with. I'm not sure why even the realtors agree with this thing. Thank you."

Representative Hashimoto rose to speak in support of the measure, stating:

"In support. I just would like to clarify that this is actually capping the application screening fee. So, this is a consumer protection measure to ensure that those who are paying for screening fees to have their application reviewed, that they're actually paying the actual cost and no one's making a profit from this. So, I think this is a very good measure to make sure that consumers are protected."

Representative Ward rose to respond, stating:

"Mr. Speaker, also a point of clarification. The point is, there should not be an application fee to do something that you by your right have to do without paying for it. That's the bottom line. We shouldn't have that. Do we have an application to do the things that we have rights for? No. To have an application to get in a line to run a property is unfair and unjust, Mr. Speaker. It gives those with the wallet, even though we have a cap, it will give those with the bigger wallet rather than the, look, the experience of landlords is this. If you get good tenants, doesn't matter if they're poor or rich, as long as they're paying the rent and taking care of your house, that's the key. To have a bigger deposit is no guarantee you're going to get a bigger renter. It's the content of their character, Mr. Speaker, that's the issue. But to have a barrier that you can set a cap on, the point is, you're still going to have to pay to rent a piece of property, of which we have a very, very dearth of. We have such a shortage of rentals, 50,000 to 60,000 units of housing. We have a crisis, and we're adding that on to."

"And you know my feelings about the ALICE families, 50% of our people cannot make enough money to live in Hawai'i. So, this is another one of those that we promised to do the cost-of-living decrease, and here we are increasing the cost of living. Thank you, Mr. Speaker."

Representative Perruso rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I just think it's really important to clarify, just for the record, that this measure does not increase the cost of living and does

not make it more difficult for renters to seek a place to live because it actually caps the fee that they would have to pay. So, the process of collecting fees already existed, it's part of the housing market. And what this measure will do is cap the fee so that it's more reasonable. And it would be wonderful to pass a law to eliminate the fees, but this is a step in that direction. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 930, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE RESIDENTIAL LANDLORD-TENANT CODE," passed Final Reading by a vote of 48 ayes to 3 noes, with Representatives Garcia, Pierick, and Ward voting no.

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support of CCR 46. This is HB 1502 which limits compelled disclosure of sources or unpublished information for journalists, newscasters, persons participating in collection of dissemination of news or information. The bottom line, Mr. Speaker, is this will help whistleblowers, of which the state has very few, but this will protect them. It will also help journalists to do more investigative reporting, of which we don't have too much, except I'm going to give out a shout to somebody who appears over the majority from Civil Beat, who's here every day purposely, and hopefully this will encourage him to even dig deeper into the issues of this place. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1502, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO EVIDENCE," passed Final Reading by a vote of 51 ayes.

Representative Takayama rose to speak in support of the measure, stating:

"In support. Mr. Speaker, I'd like to thank the chair of Housing Committee for advancing this pro-consumer measure. What it does, Mr. Speaker, is reduce the cost of smaller-scale home renovations by several thousand dollars for homeowners. And it does so by exempting these smaller-scale home renovation projects from having to have an architect sign off on them. This exemption and its cost values were first set in 1979, and this measure reflects the realistic cost values in the 43 years since. So, thank you very much to the chair of Housing Committee for recognizing this and advancing this measure. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 217, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO HOME RENOVATIONS," passed Final Reading by a vote of 50 ayes to 1 no, with Representative Kapela voting no.

Conf. Com. Rep. No. 50 and H.B. No. 781, HD 2, SD 1, CD 1:

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 781, HD 2, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support of this bill. Nelson Mandela stated, there is no keener revelation of a society's soul than the way in which it treats its children. Members, it is our responsibility as a society to safeguard and protect the rights of our *keiki*.

"I'm going to provide the four major points of this bill. First, a minor's mental capacity, the scientific evidence. Studies confirm that a child's brain is not fully developed, in fact, the prefrontal cortex, which is responsible for behavior, speech, reasoning, continues to develop into early adulthood. That's the science.

"I'm going to talk about the United States Supreme Court decisions on a minor's mental capacity. In a U.S. Supreme Court case, *Roper v. Simmons*, the court wrote that children, and I quote, have limited understandings of the criminal justice system. In the Supreme Court case of *Brown v. Florida*, the court wrote, children lack the capacity to exercise mature judgment.

"And finally, *In re Gault*, the Supreme Court's landmark decision on due process rights for children, the court held that the State of Arizona violated the defendant's due process rights under the 14th Amendment, and that constitutional due process rights apply to children as well as adults. Chief Justice Earl Warren stated that even in the case of minors, due process of the law is the primary and indispensable foundation of individual freedom.

"I'm going to talk about point three, this is the data from the National Registry of Exonerations. This shows that nearly 60% of 14- and 15-year-old children who are later exonerated for crimes they did not commit, falsely confessed to the crime when they were interrogated. The national registry also confirms that 86% of children under 14 years of age also later exonerated for crimes they did not commit falsely confessed.

"Point number four, this bill also protects parental rights when a child is being interrogated by law enforcement. The purpose of this bill is to require that when an officer has the custody of a child under 18 years of age for an alleged violation of law, that child shall have contact with legal counsel, a parent, guardian, or legal custodian before the child waives their constitutional rights before interrogation.

"I wanted to thank the representative from Lower Kalihi who worked diligently with me on this bill. In fact, if it wasn't for him, he would have put in a stronger clause relating to parental rights. And I've heard a number of colleagues here passionately speak about if their daughter was going to make a life altering decision, they should be there. The same applies here, Mr. Speaker. This is about parental rights. Let me quote, to make sure I don't make a mistake, page four, lines 10 through 13 provides, 'any officer who has arrested a child under eighteen years of age shall notify the child's parent, guardian, or legal custodian that the child has been arrested and shall provide the location of the child's detainment.'

"I anticipate we might get a few no votes or WR votes on this bill because they think it's soft on crime. It's smart on crime. It's about the Constitution, it's about children's rights. If a child could be making a life altering decision, the parent should be there. So, I'm hoping those advocates on the floor that supported parental rights will support this bill, change their WR to an up vote, change their no vote to a WR.

"Finally, Mr. Speaker, members, I've identified the science, the United States Supreme Court decisions, the high rates of false confessions by our minors, and the important parental rights of this bill. It is our responsibility, as the House of Representatives, to safeguard and protect the rights of our *keiki*. Therefore, I ask all members to vote up on this bill to protect the constitutional due process rights for Hawai'i's *keiki*. Thank you, Mr. Speaker."

Representative Ganaden rose to speak in support of the measure, stating:

"In support, Mr. Speaker. May I adopt the words of the representative from District 29," and the Chair "so ordered." (By reference only.)

Representative Ganaden continued, stating:

"With brief comment. Mr. Speaker, this mandates that when a child is in the custody of the police, that parents or guardians are notified. The statistics and the law are on our side on this.

"And I just want to note that many of us received a video of a fight involving kids in, it might have been in Ewa or here in myself and the representative from District 29's district in Kalihi, kids fighting. When the police do an investigation, oftentimes they interrogate children, they get the kinds of confessions that they wouldn't get out of adults. This mandates that that process get slowed down and that the law is followed.

"It's not only good law, but it supports public safety. We want officers to get to the bottom of things, to start to work with community, and to start to support the kinds of programs that reduce violence and end violence in our communities. Again, in strong support. Thank you."

Representative Garcia rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. And just to clarify, there was no no votes or WRs on this bill planned by our caucus, at least. But I do want to say thank you to the introducer and for the amendments made on this bill that upholds parental rights, because that has been under constant attack nationwide and here in Hawai'i. So, thank you for partially upholding parental rights. Thank you."

Representative Perruso rose to speak in support of the measure, stating:

"In strong support. May I have the comments from the representatives from Kalihi and from Kalihi Valley entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Tam rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, same request and additional comments. I just want to clarify that there was a reservation vote on this bill when it came to the conference committee time and it was from the representative from Kapolei," and the Chair "so ordered." (By reference only.)

Representative Souza rose in support of the measure and asked that the remarks of Representatives Mizuno and Ganaden be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 781, HD 2, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CHILDREN," passed Final Reading by a vote of 51 ayes.

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 950, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, very brief. Mr. Speaker, mental illness and addressing severe mental illness and mental health treatment in our community was a top priority identified by this body early on in session. This is the one measure that we have that survives our discussions and it adopts effective amendments to the assisted community treatment law that helps those with the very most serious mental illnesses and/or severe substance abuse concerns who lack decisional authority.

"I know that there are concerns in the community about the due process rights of individuals who have ACT orders imposed upon them. But the amendments in this bill really take into consideration the team that is needed to treat individuals under ACT orders. And it adopts meaningful processes that allow for things like online hearings and telehealth. For those reasons, Mr. Speaker, in strong support of this measure."

Representative Marten rose to speak in support of the measure, stating:

"I request to have the words of the previous speaker entered into the Journal as if they were my own. And also in support, I'd like to make a brief comment. This was shaping up to be a transformational session on assisted community treatment, which is a really important tool to address severe mental illness. Many people with that level end up on our streets and their lives are miserable and unsafe, and they also cause a lot of stress in our communities. However, this is the only bill that survived. Fortunately, it was headed towards the Judiciary where they did recognize the importance. But this is an issue we really need to work on next session again. Thank you," and the Chair "so ordered." (By reference only.)

Representative Nakamura rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'd like to adopt the words of the representative from Makiki as if they were my own. This is a majority package bill. And I'm very proud of the work that was put into this bill to strengthen it by bringing together the family court, the attorney general, psychiatrists, and advanced practice nurses who all need to work together to help to address the issue of mental health needs in our community that's related to the huge homeless problem we have. And unless we pass bills like this that get to the heart of the coordination that's needed, we cannot move forward. So, thank you to all who were involved in crafting this bill," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 950, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO ASSISTED COMMUNITY TREATMENT ORDERS," passed Final Reading by a vote of 50 ayes to 1 no, with Representative Amato voting no.

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition to 59, which is related to, among other things, the leveraging the hourly wage rate having to be exposed publicly to all employees. Mr. Speaker, all of you know that Hawai'i is probably listed last among friendliness to business. This kind of pushes it further in that particular direction. Both the Chamber of Commerce and the Retail Merchants have said this is not a good bill for both employers and employees, even though I think it was conceived in that it would be better for the employees.

"Mainland companies and the big boys will have a leg up on the small companies, even though I know there is some restrictions here. But the small guys are going to lose on this in a particular way. Someone who is with high qualifications, or someone may be paid less who has high qualifications because they know that those with high qualifications will have less room for negotiations. That is not a good point of view from the employee's point of view.

"It's also meant to make employees well aware of another's pay. Mr. Speaker, as some of you know, I've been in business before, and if an employee is transfixed on their pay, it's probably best not to be in that particular profession. And I know all of the hardworking people on this body, we're not here for the pay. If we are, we're in the wrong business, Mr. Speaker.

"The point is, this has a lot of unintended consequences. The people who run businesses, who represent businesses, say it's not going to help the employees or the employers. But it's a micromanaging, which has a lot of unintended consequences. Because of that, Mr. Speaker, I would say we leave the private sector alone. Thank you."

Representative Lamosao rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'd like to thank our ECD Committee chair for supporting this measure. It is humbling to speak today on behalf of women to address the pay disparity we continue to face. The Equal Pay Act was enacted in 1963, and although we've made some improvements since then, women still make significantly less wages relative to the average earnings of men, despite the fact that more women now graduate from college than men. These perpetual pay gaps mean larger financial losses over time, not just for women, but for our families too.

"The National Women's Law Center estimates that the current gap amounts to nearly \$10,000 in median earnings for a year. Imagine what this difference could pay for. This difference could pay for more than six months of childcare, enabling women to continue sustaining employment and ensure financial security for their families. This difference could pay for three months of rent for stable housing. This difference could cover necessities that could alleviate the very real issue of food insecurity here in Hawai'i. This difference is the opportunity for a down payment on a home or a higher education degree.

"The research is clear. Women play a central role in society that has ensured the stability, progress and long-term development, and success of nations. As a legislator, I am committed to work with my colleagues to ensure we are actively preventing wage discrimination. SB 1057 aims to do just that by enhancing pay transparency and prohibiting employers from discriminating between employees regarding pay. And I will continue to commit to supporting policies that address and break down the systematic barriers that continue to prevent women from earning equitable pay. Thank you."

Representative Perruso rose to speak in support of the measure, stating:

"In strong support. I'd like to first have the words of the representative from Waipahu entered into the record as if they were my own. And I would just add that this is a really important equity measure, as she mentioned. And I think that we need to also recognize that we're just part of a larger movement around pay transparency, and I'm glad that Hawai'i is finally participating," and the Chair "so ordered." (By reference only.)

Representative Kapela rose in support of the measure and asked that the remarks of Representatives Lamosao and Perruso be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative La Chica rose to speak in support of the measure, stating:

"May I also add the words of the representative from Waipahu as if they were my own and brief comment. Strong support. In addition to women, let us also remember that we have a graduating class in Hawai'i experiences huge brain drain from our youth that leave the island and never choose to return. And this really assists with job seekers, especially those entering the market for the first time, to be able to determine if this job will be able to support themselves and their families. It also gives them the ability to see what's available and be able to advocate for themselves in being able to have better pay for themselves. Thank you," and the Chair "so ordered." (By reference only.)

Representative Marten rose to speak in support of the measure, stating:

"In strong support and may I please have the words of the representative from Waipahu entered into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Souza rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. Same request, thank you," and the Chair "so ordered." (By reference only.)

"Thank you, Mr. Speaker. May I please have the words from the representative from Waipahu entered into the Journal as my own in strong support," and the Chair "so ordered." (By reference only.)

Representative Ward rose to respond, stating:

"Mr. Speaker, I may change my vote, but I want to say one thing. I am still opposed to it because of the way that it makes too much public exposure of one's strategic plan for hiring employees. I totally agree with every person that just stood up, because we should have equal pay between women and men. But I don't think that's the issue.

"The issue is, we're opening up for transparency competitive things which may be between Chinese companies and our companies and other big companies who can offer more. So, the small guys don't get employees, of which now we have companies dying on the vine because no one will work for them. How many restaurants in my district went out because they can't get employees? So, if we open up all of this, and again, I'm not against equal pay for equal work between the genders.

"The issue is, these are strategic things that entrepreneurs and businesspeople use as competitive edges, and employees who have high qualifications can leverage their employment status by bargaining with employers. If everything is already in print and you're locked into that, some of the high qualified people may say, well look, that's not a big deal, I'm going to go to the mainland and make more money like many people have in the last number of years. We've lost 30,000 people because of low wages. This one probably may even suppress that strategy even worse. The point is, equal pay for equal work, I totally agree with my colleagues, but this is an entrepreneurial issue, it's a business issue, it's just not a gender issue. Thank you, Mr. Speaker."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. May I have the words of the speaker from Waipahu entered into the Journal as if they were my own. And just very quickly, I hope to change the previous speaker's mind as if you read the bill, this bill does not apply to positions with employers having fewer than 50 employees. Thank you, Mr. Speaker," and the Chair "so ordered." (By reference only.)

"No, please. This bill would fund art. I think art is a great thing, culture is valuable. At the same time, we should prioritize our tax dollars towards roads and things like that, not art."

Representative Holt rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I'm in strong support of the intent of this measure. I think it's very important to specify the qualifications of the State Foundation on Culture and the Arts Commission, and to make sure that these members have expertise in their fields and also ensure that they're familiar with the people and cultures of Hawai'i. I think it's very important. But the portion of the measure I have concern with is the addition of two nonvoting ex-officio members, which are specified in this measure as the chair of the House and Senate standing committee with primary jurisdiction. Mr. Speaker, I believe if we're going to name members to the commission as such, we should defer to your wisdom as we usually do, and let the members be appointed by the Speaker of the House. Thank you."

Representative Tam rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I just want to clarify that there is no appropriations into this bill. So, the representative from District 39 is incorrect when he says that there are taxpayer dollars in this bill, there's none."

"Kaiwi Coast State Park is a crown jewel of East O'ahu, and with the passage of this long overdue measure, we will ensure that it is protected for generations. Implementing funds however were excluded in the CD1, which would have gone further to ensure the upkeep of these lands, yet I have full faith in the DLNR to maintain the beauty and precious ecosystems of the Kaiwi Coast as they have done conscientiously thus far with limited resources."

Representative Ward rose in opposition to the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ward's written remarks are as follows:

"This measure is a dream for the state. It not only limits the amount of money it can be charged by the counties, but also absolves itself of any punishment should it not pay its stormwater user fees. I am in opposition to this bill's very premise, as it sets a precedent for the state to write its own rules regardless of the will of the counties. Layers of government should work together to achieve optimal solutions. But by superseding the counties before they even impose a fee structure, it shows that the state is not only able to name its price, but flat out disregard any costs incurred without consequence, which sets an incredibly poor example. We in a recent Hawai'i Kai Neighborhood Board meeting were told that the stormwater fee would

be equally levied upon all government entities, and suddenly they are given preferential treatment by this bill. Not fair, not transparent."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1101, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO STORMWATER FEES," passed Final Reading by a vote of 46 ayes to 4 noes, with Representatives Alcos, Garcia, Matsumoto, and Ward voting no, and with Representative Quinlan being excused.

Representative Nakamura moved that the report of the Committee be adopted, and that S.B. No. 1230, SD 2, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tarnas rose to speak in support of the measure, stating:

"In support, thank you. This is one of the most significant bills we're passing out this session. We crafted this bill carefully in order to respond to the decision by the U.S. Supreme Court in the *Bruen* case, which said that all states must develop a system for licensing people to carry weapons concealed on their body. And in the Supreme Court decision, there is also, in addition to the majority decision, there was a concurrence signed by Justice Kavanaugh and Justice Roberts. And in that concurrence, it was clear that we could place reasonable requirements for people and qualifications for people to be able to qualify for getting a license. Each state could also identify sensitive places where one would not be able to carry a concealed weapon.

"And so, we used the latitude given to us by the Supreme Court decisions, majority and the concurrence, to craft this legislation that is consistent with the Second Amendment, protects the rights of those who wish to bear arms, it also protects the public interest and the desire of the public to feel safe in their environment.

"So, we followed through and worked closely with the Attorney General's Office, and I commend them for their hard work on this, looking at what are the best practices throughout the country. And we also worked with the various county police departments, the prosecuting attorneys, the public defenders. So, we really were able to gather information from all these agencies, and we worked with those who are strong advocates for gun safety and those who are strong advocates for the Second Amendment and the rights of those people who wish to use guns and carry them. So, I think this is a very well-balanced and reasonable bill. I encourage all members to support it. Thank you."

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. Mr. Speaker, this bill is unconstitutional. The Second Amendment gives Americans the right to bear arms. These rights should not be infringed. The *Bruen* case points out analogous law from the past, in 1791, when the Bill of Rights was ratified, to say if there was a law at that time when the Second Amendment was ratified, we can let that law analogously carry over into 2023 to be our laws today. So, we ask ourselves, was public parks outlawed to have guns back in 1771? No. Were their safe places as strict as this bill would propose? No. I'm against infringements on our constitutional rights, so I'm voting no."

Representative Matsumoto rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Marten rose to speak in support of the measure, stating:

"Thank you, in strong support. I'd like to note that guns have changed a lot since the Constitution was written. We didn't have automatic weapons, where you could take down a lot of people all at once. And I really appreciate the work that this body has done to try to keep us safe despite what is being forced upon us by the Supreme Court of the United States. Thank you."

Representative Nakamura rose to speak in support of the measure, stating:

"In strong support. May the words of our Judiciary & Hawaiian Affairs chair and representative from Kailua be entered into the Journal as my own. And I just want to add that I'm very happy that we now have a statewide framework, since many of the counties have been passing ordinances on their own, that now we have a unified approach to concealed carry laws in our state. Thank you," and the Chair "so ordered." (By reference only.)

Representative Lowen rose to speak in support of the measure, stating:

"In strong support and I'd like to adopt the words of the representatives from Kailua and Kaua'i and also permission to insert written comments in the Journal," and the Chair "so ordered." (By reference only.)

Representative Lowen's written remarks are as follows:

"I strongly support SB 1230. This bill will prohibit firearms in certain sensitive public areas such as schools, hospitals, and theaters, and is a commonsense measure to make public spaces safer. Prohibiting the carry of a firearm while intoxicated, or in a setting where intoxication is likely, dramatically reduces the likelihood of tragic incidents that result from impaired individuals mishandling their weapons, accidental shootings, or impulsive crimes committed under the influence. And of course, proper storage and security for firearms prevents these weapons from unintentionally falling into the wrong hands. These are simple, straightforward measures to reduce the danger posed to the public by the rampant proliferation of firearms in America, which has made our nation a more dangerous and violent place.

"In 2022, gun violence overtook car accidents as the number one cause of death of children and teens in America. I am ashamed that our nation has failed so completely to protect its citizens and its youth, and has put partisan politics ahead of the will of the majority of American citizens who are calling for stronger gun control. Here in Hawai'i, we have always had some of the strongest gun laws in the country, and the lowest rates of gun violence. The passage of this bill will continue to put us at the leading edge of these efforts. Even though much, much more is needed, this bill is a step in the right direction."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 1230, SD 2, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FIREARMS," passed Final Reading by a vote of 41 ayes to 9 noes, with Representatives Alcos, Garcia, Gates, Kila, Kong, Matsumoto, Pierick, Souza, and Ward voting no, and with Representative Quinlan being excused.

Conf. Com. Rep. No. 132 and H.B. No. 1363, HD 3, SD 2, CD 1:

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 1363, HD 3, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Pierick rose to speak in opposition to the measure, stating:

"No, please. This bill would allow the counties to have taxes and those taxes would obviously be something that I don't think most people want. People don't like taxes, I don't like taxes, so I'll be voting no."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, a no vote with a couple of comments. As I've noted a number of times, the Constitution said, okay, states you do the taxation, counties, you do the property tax. Unfortunately, since that beginning, we have ceded TAT taxes to the counties, we've given them GET tax, now we've got another surcharge tax.

"Mr. Speaker, we have promised to lower the cost of living. We are already the highest taxed without these taxes. How are we going to explain to our constituents that we've lowered the cost of living by having these taxes on top of the taxes that that we've already given them?"

"The point is, taxation is gone out of control and we're giving it to the counties. We at the state level may say, well, you know, we didn't do it, we just gave it to the counties, they're the one who's sticking it to you. In the end, the people will wake up and see that taxation is getting out of control and this bill is one push in that direction. Therefore, I'm against it. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1363, HD 3, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO TAXATION," passed Final Reading by a vote of 45 ayes to 5 noes, with Representatives Alcos, Garcia, Matsumoto, Pierick, and Ward voting no, and with Representative Quinlan being excused.

Conf. Com. Rep. No. 135 and H.B. No. 954, HD 2, SD 2, CD 1:

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 954, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Holt rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Nearly half of Hawai'i's residents struggle to make ends meet. Caught between rising costs and stagnant wages, families continue to fall behind despite working one or more jobs. What if a public program could give these families more economic

security, improve health and educational attainment, and support upward mobility? There is such a program. It's called the earned income tax credit.

"Mr. Speaker, this is from a report after the 2017 session when we implemented the EITC. And at that time, it was a nonrefundable tax credit. What is the EITC, you ask? It's a powerful tool to help uplift families out of poverty. It encourages work and the economic security needed to support healthy lives, get a good education, and increase future earnings.

"One of the recommendations in this report, Mr. Speaker, was to make the state EITC refundable. And we did that two years ago, making it refundable up to 20% of the federal credit. And this year, we're taking a further step forward and making it refundable up to 40% of the federal credit. Mr. Speaker, that's only one portion of this bill.

"This measure gives relief of over \$125 million, \$42 million for the earned income tax credit, over \$47 million for the child and dependent care tax credit, and \$36 million in the food excise tax credit. These are things that we all campaign on, these are things that we all talked about in our majority package. And to finally be here today to pass out this measure is something that we can all be very proud of.

"This program is important because it provides economic benefits to working families and it rewards work. And for those with children, it benefits them even more. The average EITC for households with children amounted to nearly \$3,200 in 2018, compared to only \$300 for a family without children.

"Mr. Speaker, I would like to thank the majority leader for giving me homework and reading material so I could become the expert on this issue. I'd also like to thank the Finance chair for your hard work in negotiations on this measure, and for all of the members for making this a priority to help working families in Hawai'i. Thank you, Mr. Speaker."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, support. Because this is all about the ALICE families, may I ask for the previous speaker's comments to be inserted in the Journal as my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Nakamura rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I'd like to ask that the words of our Economic Development chair from Palama be entered into the Journal as if they were my own. And I'd like to also add that this is really a component of the majority package that has been expanded. So now, other than as our Economic Development chair said, we are going to be doubling the earned income tax credit. We're going to be almost tripling the child and dependent care, and then doubling the food tax credit. So, all of these measures will bring thousands of dollars of tax relief to our working low-income families in Hawai'i. And I want to thank our Finance chair, our Economic Development chair, and members for helping to craft this bill and to get this through the finish line. Thank you," and the Chair "so ordered." (By reference only.)

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I have long been a supporter of the earned income tax credit, so it's really heartening to see that this is being increased. However, I would like to say as we continue to move into the interim, when we talk about the ALICE families, we are really looking for broader tax relief for those who are asset limited, income constrained. So, when you look at the adjustments that were made for those who are \$40,000 and over, there is that middle class income, that middle class bracket that we need to really start to pay attention to. So again, while I really, truly support the measures in this, I think we need to have a broader conversation about the tax relief to benefit middle class families here in the State of Hawai'i. Thank you, Mr. Speaker."

Representative Kobayashi rose to speak in support of the measure, stating:

"Mr. Speaker, in support. This is a very good step in providing tax relief given the situation that occurred to us outside of our control when the Council on Revenues decreased, by \$1.2 billion, estimated revenues. So, while we would have wanted much more tax relief, our expected income loss of \$1.2 billion was a very severe constraint. I agree that there is much

more work to be done. And hopefully next year we can address some of the other provisions that were not included in this bill. Thank you."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I'd like the words of our majority leader and our chair of Health inserted into the Journal as if they were my own. This measure is a win for working families, and our working families need more wins. So, I hope that, while we've done such incredible things, I really do hope that we continue to look at passing more tax fairness initiatives in the years to come. Thank you again and thank you to all who worked on this," and the Chair "so ordered." (By reference only.)

Representative Ward rose to respond, stating:

"Thank you, Mr. Speaker. As one former speaker said, let's broaden the discussion. I want to mention something that is very key. In support, in addition, of course. The best welfare check is a good job. The best tax relief is a good job. Mr. Speaker, we have said but we have not acted upon diversifying our economy. I've talked about being the Hollywood of the Pacific, low hanging fruit. Being the sports center of the Pacific, if we build the stadium properly. Being the space tourism of the Pacific, Geneva of the Pacific, *et cetera*. We have to give the ALICE working poor a break, but we have to give them good jobs is the point, Mr. Speaker. We don't have the size of our economy fitting the needs of our family. That's the key to keeping the ALICE families from either going further down the path to homelessness or picking up and moving to the mainland, of which we know is not a good trend. So, we need to diversify the economy when we talk about tax relief. But we're talking about tax relief, which is good, but we got to go beyond that. Thank you, Mr. Speaker."

Representative Lowen rose in support of the measure and asked that the remarks of Representative Holt be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

At this time, the Chair stated:

"We will be taking HB 732 out of order."

H.B. No. 732, HD 1, SD 1:

Representative Nakamura moved that further consideration of H.B. No. 732, HD 1, SD 1 be postponed indefinitely, seconded by Representative Morikawa.

Representative Tarnas rose to speak in support of the motion to postpone indefinitely, stating:

"Thank you, in support of the motion. We, just a few moments ago or earlier in our session, passed out Senate Bill 203, which is substantially the same as this measure, HB 732. It actually is slightly better constructed, has better language, but they both do the same thing. So, since we already moved out Senate Bill 203, House Bill 732 is redundant. So, I support that we postpone this discussion indefinitely. Thank you. I urge members to support this motion. *Aloha.*"

The motion was put to vote by the Chair and carried, and H.B. No. 732, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO COMPLAINTS ALLEGING VIOLATIONS OF CAMPAIGN SPENDING LAWS," was postponed indefinitely, with Representative Quinlan being excused.

Representative Nakamura moved to agree to the amendments made by the Senate to the following House Bills, seconded by Representative Morikawa and carried: (Representative Quinlan was excused.)

H.B. No. 91, HD 1, (SD 1)
 H.B. No. 92, (SD 1)
 H.B. No. 97, HD 1, (SD 1)
 H.B. No. 907, HD 2, (SD 2)
 H.B. No. 977, HD 1, (SD 1)
 H.B. No. 1104, HD 1, (SD 1)
 H.B. No. 1108, HD 1, (SD 1)
 H.B. No. 1205, HD 1, (SD 1)

H.B. No. 91, HD 1, SD 1:

Representative Nakamura moved that H.B. No. 91, HD 1, SD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Tarnas rose to speak in support of the measure, stating:

"In support, thank you. House Bill 91 and the following two bills are three of the many bills that this body has approved that were recommended by the Commission to Improve Standards of Conduct or the Campaign Spending Commission or the Ethics Commission, the Office of Elections, the attorney general, the prosecuting attorneys. All of these bills are to help improve public trust in our institution and in our government.

"After having been rocked by scandals of two of former members of this legislature who were indicted for taking bribes, we were all shocked. We were dismayed. We were offended by that behavior. But we needed to take action. And that's what we've done.

"And I want to thank you, Speaker, I want to thank the members for being courageous and passing a whole body of work, which I think addresses a lot of these major issues by improving our ability to prevent corruption, by making ethics a much more fundamental requirement of government service, by making sure that our elections are carried out with integrity and security, and by making sure that we are able to punish those who transgress and that we have the tools to make sure that we can hold everybody accountable and keep government transparent and do a better job.

"So, I hope all of this body of work will help improve public trust in our institution. I think that we have responded to that public outrage after seeing what happened in the past couple of years. And it's not just those former members of the Legislature, but we had incidents of corruption happening at the county level in every one of the counties. And so, I think we have been responsible in the House, we took the lead. I thank the Speaker for creating the Commission to Improve Standards of Conduct. We took the recommendations from that commission and all the other related bills. We moved them through the House over to the Senate. Not everything passed, but a strong body of work did pass.

"We have a lot to be proud of and I urge the members to support these three measures here that are on the agenda before us right now. And I think we can all feel good that we did our job in addressing these significant issues and helping through all of this work to improve public trust in our institutions. So, I urge members to support this measure. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 91, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO ORDERS OF THE CAMPAIGN SPENDING COMMISSION," passed Final Reading by a vote of 49 ayes, with Representatives Hashem and Quinlan being excused.

H.B. No. 92, SD 1:

On motion by Representative Nakamura, seconded by Representative Morikawa and carried, H.B. No. 92, SD 1, entitled: "A BILL FOR AN ACT RELATING TO VIOLATIONS OF CAMPAIGN FINANCE LAW," passed Final Reading by a vote of 49 ayes, with Representatives Hashem and Quinlan being excused.

H.B. No. 97, HD 1, SD 1:

On motion by Representative Nakamura, seconded by Representative Morikawa and carried, H.B. No. 97, HD 1, SD 1, entitled: "A BILL FOR

AN ACT RELATING TO PRELIMINARY DETERMINATION OF PROBABLE CAUSE," passed Final Reading by a vote of 49 ayes, with Representatives Hashem and Quinlan being excused.

H.B. No. 907, HD 2, SD 2:

Representative Nakamura moved that H.B. No. 907, HD 2, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Chun rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Chun's written remarks are as follows:

"Mr. Speaker, I rise in strong support of House Bill 907, House Draft 2, Senate Draft 2, which establishes temporary health insurance reimbursements for telephonic telehealth services.

"I want to thank the chair of the Committee on Health and Homelessness and the chair of the Committee on Consumer Protection and Commerce for their work on moving this measure forward. I also want to thank their Senate counterparts for moving this measure through the Senate as well. And I want to thank the introducer of the measure, the representative from Moloka'i, for prioritizing this issue during the session.

"I also want to thank the major stakeholders for working together to make this bill a reality, including the Hawai'i Medical Service Association, the Hawai'i Psychological Association, the National Association of Social Workers, Hawai'i Island Association for Marriage and Family Therapists, the Hawai'i Substance Abuse Coalition, the Hawai'i Primary Care Association, the American Association of Retired Persons, the American Cancer Society Cancer Action Network, the Hawai'i Parkinson's Association, the Epilepsy Foundation of Hawai'i, and the Alzheimer's Association of Hawai'i.

"One thing the COVID-19 pandemic has taught us is that telehealth is vital to making sure that healthcare delivery continues to keep Hawai'i's people healthy during public health emergencies. Telehealth relies upon technology and strong internet connections, something that is not available to everyone. Specifically, our seniors don't have or are comfortable with using these computer systems. Having broadband access is also a challenge for people living in remote areas of our state. Allowing for telehealth services to be provided via the telephone creates a lifeline for those that do not have the necessary tools for a video telehealth visit. Telephonic telehealth will also address our mental health crisis by ensuring that people who need help can get it over the phone. In many instances, talking to people to address mental health issues is more important than a visual visit.

"As currently drafted, the reimbursement identified in HB 907, HD 2, SD 2, is set to expire in 2025. Should this program be successful, the Legislature should consider extending the sunset date to make sure that we can provide adequate mental health and other health services to Hawai'i's people.

"For these reasons, I stand in support of House Bill 907, House Draft 2, Senate Draft 2. Thank you, Mr. Speaker."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support of this measure. As one of the themes is going to be, we were really focused on mental health issues. We still have so much more to do. But this, House Bill 907, relating to telehealth, is going to be one of those major bills that are going to come out of this session that really advances us forward in being able to address the mental health needs of our community. What we learned through the pandemic was the importance of telehealth. This measure, worked on by community stakeholders from hospitals to the plans to providers, is going to ensure that more people throughout the State of Hawai'i can access telehealth, but most importantly, mental health services. So, in strong support, Mr. Speaker, thank you."

Representative Gates rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, may I adopt the Health chair's words as if they were my own. This has been a priority for my community of Waianae, being that it is a very rural community. My commute here is about 38 miles and a

lot of health care is centralized in Honolulu. But to provide them with access and the reimbursement for telehealth will bring health care to many of my community members who are struggling with health issues right now. I want to thank the body for moving this measure out. This has been something we've been working on since COVID also. And so, it's really good to see it finally going through. And *mahalo* to the Health chair, Finance chair, and everyone else. *Mahalo*," and the Chair "so ordered." (By reference only.)

Representative Kahalao rose in support of the measure and asked that the remarks of Representative Belatti be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Poepe rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. As the introducer of this measure, I also wanted to add a comment. Thank you to everyone else who spoke on this very important bill. Prior to the pandemic, we were already slowly implementing telehealth, but I think one of the silver linings was that we were forced to expedite implementation of telehealth in our state.

"For my community and the communities I represent, very rural in nature across Maui County, and this measure will allow access to quality health care for those vulnerable populations, including those in those rural and remote areas, especially with the needed mental health services, those with limited incomes, limited transportation, and making these services more reimbursable. This is a game changer for the delivery of health care in my district. And I just want to thank everyone who helped and the advocates on getting this bill passed this session. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 907, HD 2, SD 2, entitled: "A BILL FOR AN ACT RELATING TO TELEHEALTH," passed Final Reading by a vote of 49 ayes, with Representatives Hashem and Quinlan being excused.

H.B. No. 977, HD 1, SD 1:

On motion by Representative Nakamura, seconded by Representative Morikawa and carried, H.B. No. 977, HD 1, SD 1, entitled: "A BILL FOR AN ACT RELATING TO PURCHASES OF HEALTH AND HUMAN SERVICES," passed Final Reading by a vote of 49 ayes, with Representatives Hashem and Quinlan being excused.

H.B. No. 1104, HD 1, SD 1:

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in strong support. This is a resolution to support unequivocally the Ukrainian people. Mr. Speaker, I want to thank the author of this bill. At the same time, for those of us in this nation, maybe in the state who have become fatigued by the war in Ukraine. Some have said that we've given money and weapons and we're just tired, we don't see any end at the present battle. To those, I would say this, giving weapons now is probably the least we should be fatigued by.

"Because, Mr. Speaker, if Latvia, or Lithuania, or Estonia, the ones that are easy pickings for Putin to invade, then because of NATO's agreement with the United States, we have to not just put weapons, we have to put boots on the ground. Or if they then move into Poland or to Hungary, then we have all of Europe as a, not a blitzkrieg, but just total devastation.

"The point is, Mr. Speaker, we have to stay the course. This reso says that exactly the case. We are for the Ukrainian people, and the things that we do is steady as you go. And inevitably, I believe this is the way the universe is structured, when as will be the case for the right people at the right time. So, for those reasons, Mr. Speaker, I end by saying, *Slava Ukraini*. Thank you."

The motion was put to vote by the Chair and carried, and H.C.R. No. 16, HD 1, SD 1, entitled: "HOUSE CONCURRENT RESOLUTION AFFIRMING SUPPORT AND SOLIDARITY WITH THE FREE AND INDEPENDENT PEOPLE OF UKRAINE," was Adopted, with Representative Quinlan being excused.

ANNOUNCEMENTS

Vice Speaker Ilagan: "Members, I would like to announce that tomorrow, on May 3rd, is the 5th anniversary of the 2018 historic Kilauea eruption. The first fissure of the eruption opened on May 3rd, 2018, in a residential subdivision called Leilani Estates in Puna. The following day, on May 4th, the island was struck by a magnitude 6.9 earthquake, as magma continued its move to the lower East Rift Zone. Over the next two months, lava covered 13.7 square miles of land, several dozens of feet deep in places. The flows in the lower East Rift Zone destroyed 700 homes, displaced over 2,000 people, covered 30 miles of road, and added an astonishing 875 acres of new land to Hawai'i Island.

"I thank this body for your support in our continued efforts in the recovery and renewal of a vital and prosperous community in Puna. Five years later, as we move forward, we need to remember that my community is still in a process of healing and growth, and many families are still struggling. They still need roads back to their homes, water, restoration of farms, housing, and basic infrastructure.

"I'm very thankful to our body and our partners who continue to support the recovery of my Puna community. I greatly appreciate this body for remembering tomorrow is the 5th anniversary of the 2018 historic Kilauea eruption. Thank you."

SIXTIETH DAY

Thursday, May 4, 2023

The House of Representatives of the Thirty-Second Legislature of the State of Hawai'i, Regular Session of 2023, convened at 10:10 a.m., with Speaker Saiki presiding.

The invocation was delivered by Representative Adrian K. Tam, after which the Roll was called showing all members present with the exception of Representatives Lowen and Martinez, who were excused.

Representative Morikawa moved to dispense with the reading of the Journal of the Thirty-Seventh through Forty-Sixth Days and approve the same as through read throughout, seconded by Representative Garcia.

Representative Ward rose to speak in opposition to the motion, stating:

"Mr. Speaker, I rise with a no vote. First time historically ever on this particular move. I do so for two reasons, Mr. Speaker. I, a number of days ago, spoke about usurpation of OHA's property rights on Kaka'ako Makai. I was told by leadership, either, Ward, you withdraw your speech, or it'll be expunged from the record. Mr. Speaker, this Journal that we're saying should pass, expunges that speech.

"Number two, at a different time, in a different speech, in a different situation, but comparable to Hawaiian rights, I used the word 'cancel culture.' That too, Mr. Speaker, was brought to the attention of the Speaker and it was stricken from the record. So, for those two reasons, Mr. Speaker, I don't think it's worthwhile to say that these remarks are not worthy of going into the record of the 2023 session. Thank you."

The motion was put to vote by the Chair and carried, and the reading of the Journal was dispensed with and the Journals of the Thirty-Seventh, Thirty-Eighth, Thirty-Ninth, Fortieth, Forty-First, Forty-Second, Forty-Third, Forty-Fourth, Forty-Fifth, and Forty-Sixth Days were approved. (Representative Ward voted no, and Representatives Lowen and Martinez were excused.)

UNFINISHED BUSINESS

Conf. Com. Rep. No. 190 and H.B. No. 300, HD 1, SD 1, CD 1:

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 300, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Yamashita rose to speak in support of the measure, stating:

"Thank you very much, Mr. Speaker. I rise in support of House Bill 300, CD 1. First of all, I'd like to thank a few people. First of all, our vice chair of Finance for all her hard work, her assistance, and her input through the process. Thank you so much for everything. I really do.

"And then secondly, I would like to thank, of course, our CIP chairman who this year was his first year. And I know the amount of work that needs to go into it because I've done it myself. But he had a daunting task where,

this was a record year as the money that was put into the CIP budget. And he had to make tough choices. And I think he did a wonderful job of balancing it throughout the whole state. So, I appreciate your work also.

"And, Mr. Speaker, I'd like to also thank the members of the Finance Committee who did put in long hours throughout the process. And I really do thank you for your input and your support through the whole process. Mr. Speaker, I don't have their district numbers, but could I insert their names. Thank you. [Finance Committee members: Representatives Aiu, Chun, Cochran, Garrett, Kahaloa, Kila, Kobayashi, Lamosao, Morikawa, Poepoe, Takenouchi, Ward, and Alcos.]

"And then also I'd like to thank you, Mr. Speaker, and your leadership team, the vice speaker, the majority leader, and also the majority floor leader for their input through the process. And the majority floor leader did double duty, she also sat on the Finance Committee. So, thank you very much.

"And then, of course, we'd like to thank the Finance staff. They're not in the audience today. So, we'd like to thank from research, we have our research chief, Randall Hiyoto, our research supervisor, Stacey Tagala, and then Francis Empeno, Cindy Ng, and Razel Dalofin. And in the budget office I'd like to thank also the budget chief, Jon Kawamura, and assisting him was Rebekah Kim, Kristine Reitan, Heath Williams, who is our CIP specialist, and then David Liao, Jaymie Nakama, and Jadine Wong.

"And then also in our front office, I'd like to thank my office manager, Lois Tambalo. And also in the front office there was Joy Nakashima, who pulled double duty and worked in the front as well as assisting in the research office. And then Marlin Lee Ling and Nikko San Morales, who helped us through logistics to help us get our work done through the process. All of them put in a lot of long hours, and I appreciate all of them. Some of them worked through the night sometimes and got very, very little sleep. And so, I'd like to thank them publicly for all their hard work.

"And of course, last but not least, Nandana Kalupahana, our committee clerk, who, of course, is the backbone of the Finance Committee with all his knowledge and all the years of servicing this House of Representatives as the committee clerk. So, I'd like to thank him. There were days where he just worked straight through and took catnaps here and there and when he could, he would go home and do whatever. So, I'd like to thank him.

"Mr. Speaker, we have an aggressive yet cautious, optimistic approach to building this budget. Enormous federal money that helped us all to survive the pandemic has created unintended consequences for all the states. Government has a rare amount of money and a rare amount of resources. If strategically spent well, this can pay dividends for future legislatures.

"This budget focuses on healing and investing in our future. This budget increases Medicaid reimbursement rates to 100% of Medicare rates by providing over \$72 million to our health care industries. This is an increase to the base budget that will benefit lower-income families with more access to health care."

Representative Nakashima rose to yield his time, and the Chair "so ordered."

Representative Yamashita continued, stating:

"Thank you very much. A 2019 report showed that Hawai'i is 42nd among all the states in Medicaid reimbursements rates to doctors and other medical providers. This change will vault us into the top five states of this reimbursement.

"This budget also provides \$100 million to agencies responsible for healing of our natural resources by fixing our parks and beaches, rejuvenating our conservation and preservation lands, supporting our aquatic resources.

"Another base budget adjustment, the addition of \$38.8 million to the Preschool Open Doors program that will allow it to expand public and private preschool early learning opportunities to three-year-olds. In another bill, we provided \$2 million to help 220 childcare providers to get financial and technical assistance they need for accreditation to receive POD and other funding streams. This will in turn make their operations more stable and increase the supply of child care and early learning seats statewide.

"We have invested over \$300 million to increase our inventory of affordable housing and providing various supportive housing services for low and the middle class.

"Those are just four examples of how we have set up the state budget for decades of success.

"Mr. Speaker, this budget strikes a responsible balance between the needs of today and building a strong foundation for tomorrow. As you know, this is a biennium budget, so your Committee on Finance intends to work through the interim to continue discussions with your chairs, the departments, and others involved to continue refining the budgets of all departments, increasing performance analysis to improve outcomes, and also a deeper dive into our tax code.

"Mr. Speaker, I'd also like to insert the comments that I made on House Bill 300, HD 1 on third reading. And also, I'd like to insert further comments into the Journal adding additional highlights and other examples of meeting the needs of building a strong foundation for tomorrow. Thank you," and the Chair "so ordered." (By reference only.)

Representative Yamashita's written remarks are as follows:

"Mr. Speaker, the 2023 majority package placed a heavy emphasis on health and welfare. The health of our children, and the welfare of our most vulnerable.

"Along with a package of bills that will increase the food / excise tax credit, the earned income tax credit, and the dependent and child care tax credit, providing tens of millions of dollars back to our most vulnerable families, this budget provides:

- \$7 million in FY24 & FY25 for Hawai'i Keiki: Health & Ready to Learn including mental health components;
- \$1 million and 2.0 FTE in FY24 & FY25 for youth suicide awareness and prevention protocol pursuant to Act 270, SLH 2019;
- \$5 million for mental health services for public school students in FY24 and FY25;
- \$15 million in FY24 & \$10 million in FY25 for Behavioral Analysis Services contracted costs;
- \$10 million to replace aging equipment and address soil contamination at multiple schools;
- \$3.3 million in FY24 and \$4,500,000 in FY25 for the Child Wellness Incentive Pilot Program;
- \$1.7 million in both years for physical and mental health services that ensure all students have on-demand, scheduled care, treatment planning, and care management;
- 6.0 perm district educational specialists to support mental health;
- Supports the Safe Spaces Program by providing \$71,016 and 1 FTE; and \$800,000 in FY24 and FY25 for contracted services;
- Enhances child protective services and support for child care by adding:
 - \$14,407,441 in FY24 and \$13,167,756 in FY25 for core program needs;
 - \$2,450,000 per year for enhanced contract services;
 - \$1,809,461 in FY24 for increased operational support; and
 - \$468,894 in FY24 /\$435,816 in FY25 with federal matching funds for salary differentials to retain highly trained employees.

"These priorities, and more, are reflected in the House draft of the budget and the package of bills developed by the House.

"At the same time, the March 2023 Council on Revenues fired a warning shot across our bow. We were forced to pay attention as a seemingly small adjustment in our revenue projection rippled out to cause a \$1.2 billion loss in revenue by the end of the biennium for which we are budgeting. Yet, we were able to craft a final CDI of the budget that retains the fundamental goals of the House majority package.

"In order to show bond rating agencies, who control the state's credit rating, that we are not haphazardly spending our surplus, the House insisted on two things to shore up the structural stability of the budget:

1. Adding an additional \$500 million to our rainy day fund, taking our reserve balance to over \$2 billion; and
2. Setting aside at least \$200 million to fix our decaying infrastructure in schools, university facilities, hospitals, prisons, and numerous other state buildings.

"Mr. Speaker, please recall that, hand in hand with the goal of securing the health and welfare of our children and most vulnerable, is to fix our environment and infrastructure. We currently have a deferred maintenance backlog of over \$1.2 billion in our schools, university facilities, hospitals, prisons, and other facilities statewide that cannot be fixed by bond financing. In the House draft of this budget bill, we proposed an appropriation of \$1 billion that was to be spent over a period of five to ten years to eliminate this backlog. Please keep in mind that last year, we provided the Department of Education (DOE) with \$256 million just to tackle the deferred maintenance issues in their facilities, bringing the total resources available to over \$1.2 billion.

"That \$1 billion has been reduced to \$200 million in this final version of the budget, yet the \$256 million remains available to the DOE for its use. The intent of the \$200 million is to ensure that other agencies get a chance to fix their facilities.

"A budget proviso that was reinstated this year provides the governor a great deal of flexibility in tapping the \$200 million set aside, and some are eyeing that pot of money to spend on recurring expenses. We need to be cautious in the use of this one-time appropriation of money and ensure that we do not cause future shortfalls that could cause cuts to valuable state programs.

"Mr. Speaker, the budget is a complicated document, not easily digestible for any one person. Everyone, including the media, rather than creating and succumbing to sound bites, must do their part to review and analyze requests made by all agencies.

"The work of your Committee on Finance began on January 4, 2023 and continued through governor's messages received in February, March, and April. Mr. Speaker, this was an extraordinary challenge as your committee did not receive details of the majority of this budget until well into February, with nearly half the session completed.

"Much hyperbole has been expressed over the past few days regarding the budget, particularly in the Department of Education.

"The devil is always in the details. Especially in the budget.

"Mr. Speaker, HB 300, CD 1 is a sound budget, yet challenges remain that we will need to address as soon as next year. Our biggest challenge will be the end of federal fiscal relief and funding.

"In the Department of Education and University of Hawai'i, we have seen unprecedented direct federal funding through the upcoming fiscal year 2023 - 2024:

- \$663.8 million for the DOE
- \$264.5 million for UOH; and
- \$24.3 million that can be used for both

"From July 2020 through October 2024, the federal government will give \$952 million to the Department of Education and to the University of Hawai'i to spend.

"From the state's discretionary pot of federal assistance under the American Rescue Plan, Governor Ige and Governor Green have set aside an additional \$50 million to the DOE and \$28 million for UH.

"That's a total of at least \$1.3 billion being spent in DOE and UH. The bulk of it, approximately \$500 million, will be spent between July 2022 and October 2024.

"During the upcoming interim, we will all need to evaluate the programs created and enhanced by the Board of Education and the Department of Education, and the Board of Regents and the University of Hawai'i. Without any more federal support, these programs will have to rely on state funding to continue into the future.

"Let me repeat that: in one year, we will be faced with making choices on several hundreds of millions of dollars' worth of programs that will need state funding to continue.

"Mr. Speaker, the details of the budget are critical to its understanding.

"Members who were here just a few short years ago may recall that the budget conference covered every line item in painstaking detail over several days. Last year, in an effort to streamline the process, the former chair of the Finance Committee and the WAM chair provided major highlights of the budget and left the minutiae of technical changes to the worksheets. Perhaps streamlining the process needs to be revisited.

"Mr. Speaker, details matter, and accuracy matters in our final work product. This process has never been instantaneous. However, simply comparing what may have happened in the budget by comparing grand total amounts across different drafts of the budget only serves to confuse and confound.

"For example, Mr. Speaker, if we compare the budgets as contained in the various governor's messages (GM) and the CD1, we will see that:

"In the Department of Accounting and General Services, there is a \$12 million increase in FY24; yet there is an \$18 million decrease in FY25. There was a \$17 million request in each year of the biennium for insurance payments for state buildings. Last year, the Legislature required the Executive Branch to evaluate alternatives to risk management and how the state insures itself against losses. That study will be due in a few months. In the meantime, it would not be prudent for us to budget, and essentially hand out \$17 million in FY25 to an insurance company.

"Budget details matter, Mr. Speaker.

"In the Department of Business, Economic Development, and Tourism, there is a \$153 million increase between GM and CD1 in FY24; however, there is a \$279 million decrease between GM and CD1 in FY25.

"By prioritizing the funding in FY24, the CD1 provides:

- \$200 million to HCDA for various projects that include reclaimed water irrigation systems, UH West O'ahu infrastructure, Kapalama infrastructure, and Kaka'ako improvements;
- \$100 million for the majority package initiative to provide low-income families with access to the GEMS program for the installation of alternative energy in their homes, thereby reducing electricity costs;
- \$50 million as a deposit into the Dwelling Unit Revolving fund (DURF) in FY24 and FY25; and
- \$100 million for the Rental Housing Revolving Fund (RHRF) and another \$180 million in FY25.

"The \$279 million reduction in FY25 is because the GM requested:

- \$200 million in FY24 and FY25 or \$400 million for the DURF over 2 years; while the CD1 funds \$100 million over the two years;
- \$500 million over two years for the RHRF; while the CD1 provides \$289 million over the same two years; and
- The CD1 reprioritized and modified the funding request and ended up having to greatly reduce the amounts appropriated in FY25 in order to balance the budget.

"The macro budget seems to imply that we made crippling cuts to affordable housing initiatives in the department. Nothing could be further from the truth when all funding for DURF and RHRF in the past 2 years are taken into account.

"Mr. Speaker, the budget details show a prudent, responsible approach to creating a more sustainable budget.

"In the Department of Human Services, between the GM and the CD1, there is \$29 million less in FY24 and \$15 million less in FY25. On the surface, this looks like major reductions in funding for the department.

"What the budget details show us:

- The GM included \$38.8 million in FY24 for expansion of the Preschool Open Doors program to 3-year-olds:
 - Analysis of the request indicated that the department would not be ready to implement the program in the first year, so funding was cut in FY24.
- The GM included \$15 million per year for the Ohana Zones program:
 - Analysis of the request indicated that not all previous similar funding levels had been completely utilized, so funding was only provided in the first year; and
 - The Legislature will, thus, be able to monitor progress and provide additional funding, if warranted.

"In the Department of Education (excluding Libraries, Charter Schools, and School Facilities Authority), between the GM and the CD1, there is \$57 million less in FY24 and \$109.6 million less in FY25. On the surface, this looks like another major reduction in funding.

"However, the support for teachers and efforts toward their retention has never been greater.

- In 2022, the Legislature added \$121 million to the EDN 100 base budget for purposes of salary re-pricing for teachers;
- During the current year, FY23, re-pricing ended up costing \$53 million, leaving \$68 million that could only be used for salary purposes – which is exactly how the funds were reallocated;
- The Governor and HSTA recently negotiated a contract which will require the following amounts:
 - \$89.6 million in FY24;
 - \$122.7 million in FY25;
 - \$166.9 million in FY26; and
 - \$209.9 million in FY27.
- In addition to salary increases, the following were added to the EDN budget:
 - \$2.5 million in FY24 for Career & Technical Education teacher differentials;
 - \$660,000 in FY24 and FY25 for Early Childhood Educator Stipend which will support the recruitment and retention of qualified early learning professionals;
 - 36.00 permanent positions and \$3.9 million in FY24 and 126.00 permanent positions and \$7.6 million in FY25 for early learning classrooms; and
 - \$3.6 million in FY24 for teacher positions and operational support to provide work based learning for students with severe disabilities.

"In the University of Hawai'i, the CD1 is less than the GM by \$34 million in F24 and \$60 million in FY25. On the surface, this looks dramatic and crippling.

"The details of the budget show:

- \$19 million per year was due to not funding the expansion of the Promise Program to the 4-year colleges;
- \$17,526,848 in FY24 COVID-related restorations even though \$10 million of additions by the Department of Budget and Finance were deemed unnecessary; and
- The UH Center on Nursing proposal for program expansion included duplication of funding across the several GMs submitted to the Legislature.

"Historically, there have been major policy differences between the House and Senate in working with the University of Hawai'i. As a result, where we

could, first year funding was included with the expectation that numerous items will be revisited for consideration during the 2024 Regular Session.

"As you can see, Mr. Speaker, details matter. Simply looking at budget totals can and will do a disservice to any cogent analysis of the budget.

"HB 300, CD 1 is a prudent, sound budget that will take care of our long term needs, and at the same time, is flexible enough to give us options should fiscal circumstances change in the coming months.

"I urge my colleagues' support. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Mr. Speaker, this is a good budget, but I have some reservations regarding an omission, if I may say. I really like teacher housing, I really like the *kauhale*, the affordable housing, the number of things that was just announced about Medicare, that's very, very good leverage, the ability to fix our roads, *et cetera*.

"But there's one thing conspicuously absent, Mr. Speaker, and that's the Hawai'i Tourism Authority funding. This is the biggest driver of our, well it's half of our economy, it's one of the biggest drivers. And more so, Mr. Speaker, this is where the ALICE families live and depend upon. If anything happens to our visitor industry, it's the ALICE families, not people in this room that is going to get hurt, it's those who are right on the edge, the working poor that are going to get hurt.

"So, Mr. Speaker, I would say rather than say that this budget is perfect, I say it's perfect except for its gross omission, which I consider cruel and unusual punishment to leave our biggest industry hanging out on its own, Mr. Speaker. I don't think that's a good policy.

"And I would lastly say, I would urge Governor Green to be alert to possibly shifting funds, which the governor has the power to do, from other departments if it gets to be struggling and numbers go down and occupancy rates go down, that we can throw a lifeline to what otherwise this body and the Senate has denied to the goose that lays the golden eggs, the Hawai'i tourism industry. For those reasons, Mr. Speaker, a good budget but cruel and unusual in its omission of HTA. Thank you."

Representative Quinlan rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker. So, unfortunately, this year the House and the Senate could not reach agreement in the allotted time on a funding and appropriations measure for the tourism authority. But over this past weekend, the administration and both the House and the Senate worked very hard to find other ways to fund the tourism authority.

"And I'm happy to report that with the governor's help and lieutenant governor's help, we have identified other sources of funding so that we can preserve the core functions of the tourism authority, most specifically and most importantly to me, destination management and our cultural support. Because as I've said so often on this floor, the key to the future of tourism in Hawai'i is destination management. Thank you."

Representative Amato rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations. I want to take a moment to thank the Finance chair and the entire committee for their tireless, countless hours of work creating this budget. It is a lot of work. It's quite honestly a job that is often thankless. Thank you to all of the House committee chairs and the vice chairs who have fought and advocated for the needs of their committees. And thank you to the body for your work to support those needs as well. But there are some concerns with the budget, and for that reason, I rise with reservations. Thank you."

Representative Kapela rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. There are some good things about House Bill 300. But the budget that we are voting on today also contains many, many problems. House Bill 300 continues to harm Hawai'i's public education system. Since 2008, the DOE's budget has increased by roughly 25% to 35% less than the overall state budget. House Bill 300 continues the historic underfunding of our public education system,

appropriating nearly \$65 million less in fiscal year 2024 and nearly \$110 million less in fiscal year 2025 than the governor's budget request.

"This budget cuts the amount of money that our state is spending on the weighted student formula, funding that goes directly to our schools for school level services and programs by basically the exact same amount that we're spending on HSTA's new contract. We have a \$2 billion surplus. It is immoral for us to pit the DOE against teachers by cutting school services to pay for a very modest pay raise for hardworking teachers that deserve so much more. This looks like it may be related to HSTA successfully bargaining a new contract.

"These budget cuts to education will also damage our *keiki*'s learning and may put us in jeopardy of failing to meet federal maintenance of effort and maintenance of equity requirements.

"Additionally, this budget leaves the University of Hawai'i in a precarious financial position. It leaves UH \$1.1 million in deficit for fiscal year 2024, and \$18 million in deficit for fiscal year 2025.

"We're increasing the food excise tax credit, but we did little to support programs that strengthen food security for low-income families. House Bill 300 fails to fund the Double Up Food Bucks food incentive program, a dollar-for-dollar matching program that lets SNAP participants double their purchasing power. This means that the program will get no federal matching funds, so it will be severely restricted and be available to fewer families and at fewer stores.

"Even some of the core human services programs were impacted. Our safe spaces for youth program received no funding or positions. Child welfare funding was also slashed at a time when our state is facing a child welfare crisis. We are allocating \$500 million per year to the rainy day fund, which already has over \$900 million in it. For working families, it's not just raining, it's pouring right now. They need our help today to handle inflation, the rising cost of housing, the soaring cost of child care and health care, and the constantly skyrocketing cost of simply trying to survive here in our island home.

"We are spending \$30 million on prison expansion, \$50 million on a cop city training campus for law enforcement, and \$63 million in capital improvement funds on an artificial reef constructed by the Hawai'i Institute of Marine Biology through the Department of Defense's DARPA program. That's almost \$150 million that we could have spent to support our deteriorating schools, uplifting rural health clinics, and building green infrastructure that promotes genuine climate resilience and so much more.

"Being fiscally responsible means passing a budget that responds to the concerns of Hawai'i's residents. This budget has a few bright spots, and I do celebrate those. But it is sorely lacking in *aloha* for our state. And for those reasons, I'm voting no."

At 11:11 a.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 11:14 a.m.

Representative Ganaden rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition. Regrettably, Mr. Speaker, I have to vote no on this bill. I don't believe this budget represents the will of the House of Representatives and it does not represent the will of our communities, specifically the community I represent. I request we vote this budget down and return to the Legislature prior to the deadline in July to briefly reconvene on a budget that supports the will of the people.

"Mr. Speaker, last week, nearly 200 bills died here at the Legislature. In ordinary jobs, including waiting tables, which is one of the jobs I used to have, you can't just clock out if you don't square your ledger, there's going to be consequences.

"In a year in which we have significant revenues outside of investments from the American recovery plan and other federal programs, this budget includes both cuts to public education and significant overspending on programs with little to no oversight.

"As public safety and the practice of law is my background, I was surprised to see a \$10 million appropriation for an RFP for a new O'ahu Community Correctional Center. The state just concluded a \$10 million RFP last year, which went primarily to Architects Hawai'i and a private prison corporation. They spent most of that money on lobbying the oversight commission.

"The University of Hawai'i and this legislature are speaking now about the overarching goals of the project, which may cost as much as \$1 billion to state taxpayers. Another \$10 million RFP to corporations who do not consider the wishes of the Legislature is an unreasonable ask when we are doing the work for free.

"When the Department of Public Safety split into two last year, creating the Office of Law Enforcement, it was unclear what they wanted. In this budget, there's an allocation for \$45 million for IT work. It was not thoroughly vetted by the House, and it seems like a significant waste of taxpayer dollars for an agency that did not exist last year and has never appeared before the Legislature prior to just a few months ago.

"Mr. Speaker, this budget includes a \$10 million expenditure of state tax dollars directed to the Honolulu Board of Water Supply to dig monitor wells as a result of the Red Hill disaster. Mr. Speaker, the U.S. Navy poisoned our aquifer. There are currently massive experimental filtration units that are pumping water out of the Red Hill shaft. The Moanalua shaft, which represents 24% of Honolulu's drinking water, remains shuttered. There are many unknown questions, and we have to dig, at the cost of \$1 million per well, shafts to find where the plume of toxins has spread throughout the land.

"We have yet to truly get reimbursed from the federal government. And despite pronouncements from the Red Hill Joint Task Force, from the U.S. Navy we have only seen more spills and continued demands that we give state land to the Department of Defense. We have not spoken as a collective despite our community asking us to do so. The state taxpayers have not yet demanded reimbursement through us.

"Mr. Speaker, this budget cuts public education. Based on this budget, there seems to be a desire to starve the Department of Education and force the department to cut teachers, principals, and entire schools. Schools, Mr. Speaker, are the heart of our communities and many of us have strong relationships to them. There seems to be a penalty for increasing teacher pay pursuant to recent contract negotiations.

"Mr. Speaker, it may be the intention outlined in this budget to starve small schools into shuttering. Schools like Linapuni Elementary in Kalihi, which I have the pleasure of representing, which is a site of revival of community, a Title I school that, if anything, deserves more resources, not less.

"At the university level, there are millions that have been depleted from the University of Hawai'i System, although strangely, several GIA projects have been funded in specific sites. I'll reserve comments for later if necessary. Thank you so much. Again, in opposition."

Representative Hussey-Burdick rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I respectfully dissent. A budget is a moral document. It's a reflection of what we as a society value enough to fully fund and what we don't. There are a lot of things in this document that I like. Funding for homeless services, infrastructure improvements, and environmental management. But as much as I want to vote yes, I cannot support a budget that treats education as an afterthought while simultaneously exceeding the expenditure ceiling by \$1.6 billion.

"I can understand overspending by that amount if every penny was essential for the health and well-being of our people and the environment. But I cannot support that level of overspending when it includes \$64 million for rental car facility improvements. I certainly cannot support pouring another \$120 million into the Agribusiness Development Corporation, that has been proven to have done almost nothing to implement its statutory mandates over the last 30 years. And I'm disappointed that we chose to prioritize \$33 million to improve the reflecting pool around the Capitol, which looks ugly but really does not have a statewide impact. And yet we

couldn't manage to find any funding for the number one most popular ethics reform measure this year, publicly funded elections.

"Mr. Speaker, my vote is also based on process. I think the fact that we're standing here today with perhaps an unprecedented number of legislators disappointed in the final version of the budget is indicative of a lack of transparency and input from the members. Some municipalities have a completely open process called participatory budgeting, where the taxpayers get to decide which line items to prioritize. Here we have an opaque, chaotic system where even the conferees didn't get to see the final draft of the budget before they voted on it, and very few people had meaningful input along the way.

"Let me be very clear that when I vote against this budget, I'm not voting to kill the appropriation or any of the bills that come after, I'm voting to empower the House to go back to the Senate with a message that we won't settle for less than what our constituents deserve. I'm voting to extend session so that we can do the work of the people properly with a more transparent and inclusive process that prioritizes the needs of the next generation. *Mahalo.*"

Representative Perruso rose to speak in opposition to the measure, stating:

"Mr. Speaker, in strong opposition. I want to first thank the members of the Finance Committee for your diligent efforts and your late nights and your very hard work. But as chair of the Committee on Higher Education, I cannot support this budget. The University of Hawai'i plays a critical role in Hawai'i's future, but it is the only department or agency where COVID funds were not restored with HB 300, CD 1. It was the House's position to restore those funds, but in the CD 1, in this budget, they are not restored.

"HB 300 would mean a massive budget shortfall for Hawai'i's public university system, leaving it to operate nearly in the red for this first year of tremendous surplus, which is ridiculous, at a time when we pay lip service to the idea of stopping the brain drain and keeping our young people here in Hawai'i. It is our most important tool for keeping our local families intact. As a mother, as an educator, and as a representative of a working-class district, I cannot vote yes on this budget. A budget is meant to reflect our collective values, as my colleagues have mentioned and spoke so eloquently to. It is meant to care for our community and invest in the future that we want to build. This budget does neither of those things. For those reasons, I'm in opposition and reserve further comments."

Representative Ichiyama rose to speak in support of the measure, stating:

"Mr. Speaker, I rise in support. Thank you, Mr. Speaker. As the chair of the Committee on Water & Land, I am in support of House Bill 300 for many reasons, but especially because of the historic funding for the Department of Land and Natural Resources. House Bill 300 appropriates \$25 million in general funds for forestry resource management and development, an additional \$14.7 million in general funds for ecosystem protection and restoration resources, it adds \$1.5 million for the Hawai'i Invasive Species Council, six positions to the Commission on Water Resource Management for Red Hill and for water resources and permitting. It also adds a historic \$50 million for our parks' administration and operations for renovations and improvements, which are sorely needed statewide. And finally, in addition to these and many other adjustments to the department's budget, it adds \$2 million as well as four FTs for our Nā Ala Hele Trail and Access Program.

"Mr. Speaker, I hear the concerns of my colleagues about the funding for the Department of Education and the University of Hawai'i. These departments take the lion's share of our budget every year, and departments like the Department of Land and Natural Resources have struggled to maintain our state parks, beaches, trails, which are used most frequently by our tourist industry and become an attraction for Hawai'i to our benefit, I believe. So, I am grateful for these appropriations in House Bill 300 to support our land and natural resources. Thank you."

Representative Cochran rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I stand here in opposition with comments, but I'd like to preface my comments that my no vote does not in any way diminish the hard work of the committee on both sides of the House and

Senate. The gratitude for all the work that everyone has put into this, this no vote does not diminish it. All the West Maui, House District 14, positive additions into it are greatly appreciated. So, I *mahalo* everyone who got it to the finish line. So, *mahalo*.

"I'm going to share my concerns mainly over the process, which was already mentioned. And so, the process for me, and maybe it comes from stemming having been eight years as a council member working under the Sunshine Law, coming here has really been hard for me to work without sunshine, and it really just doesn't sit well with me deep down, it's just something that I cannot get used to.

"And on top of that, coming in and hearing that there's a 60-day calendar clock that we have to vet thousands of bills under, that already we are under a stress of a time crunch timeline. And in that type of process, things get lost in the shuffle, fall through the cracks, don't get to see the light of day, get its due diligence, due process. And I think this budget is the final product of that, that flaw in the process.

"And so, asking this body here if people here to have that courage to change it, to change the mindset, to change the process of how we do things here. I know this is how it's been done, but for me, it hasn't shaken out quite well for a lot of us. And so, something's got to change because we can't keep doing things the same way, expecting different results. And again, that chute that goes through the process. If we do that, we can bring back the faith, trust, and confidence of the people that got us here, that want us to represent them and their needs, their voice. And I know that's why I'm here.

"So, I just want to say that I have worked on eight other budgets, albeit smaller, for Maui County. There was one other budget that I voted no on, and that was because I knew there was a single item in that budget that was done with corruption. And today, two state legislators, one department director of the county, and another county worker are doing time.

"So, again, this hasn't given me enough information, hasn't been clear in the process. I haven't been able to insert my voice and scrutiny on it. So, I am not comfortable. I do not have confidence in attaching my name to this final product and to this document at this time. So, I thank everybody, again, for all their efforts, time, energy, and effort on this. But I cannot stand here in wholehearted support and attach my name. So, *mahalo* for this time to explain myself."

Representative Souza rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition. And I do echo the sentiments of some of the previous speakers in opposition. And I also thank the Finance chair and the members of the committee for their hard work on this budget. Just briefly, I feel that this budget does not prioritize the needs of the working-class families and *keiki*, especially as a representative for my district, District 43, Makakilo and Kapolei, I can't in good faith endorse this final budget. So, it's a no vote for me. Thank you."

Representative Takayama rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Mr. Speaker, I am supporting this budget although it does not contain every item I wish it did, nor are all of the appropriation bills that follow containing the items I wish they did. In a few weeks I'll have to be informing residents in Pearl City that their healthy aging classes we're not funded by the state, so they have to pay for them themselves. But I'm going to tell them that we're going to try again next year to get funding for that program.

"We do appropriate in a bill, in a few minutes, that appropriates \$1 million for our Alzheimer's education program. This is something we've been trying to enact for the past four years, and we're successful this year thanks to representative from Nanakuli and the chair of the Finance Committee.

"My point, Mr. Speaker, is that every state budget ever passed by this body has been the product of compromise. Some compromise is good, some compromise is bad. But at the end, if every legislator in this body voted against the state budget because it contained an item they objected to or an item that failed to be included, we would never enact a state budget, Mr. Speaker. For that reason, I ask my colleagues to join me in supporting the budget. Thank you."

Representative Hashimoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Strong support. I think when we started out on this legislative session, we had many priorities. I think one of them was for affordable housing, one of the biggest crises that we're facing in our state. And I think this budget delivers for affordable housing and continues the housing pipeline. And I think because of that, it's a critical piece of legislation that we need to push forward.

"We're making \$80 million cash infusion into the rental housing revolving fund, \$100 million in '24 and \$180 million FY25, \$100 million cash infusion into the dwelling unit revolving fund, \$50 million over the biennium. We also are doing \$15 million for Ohana Zones to take care of the most vulnerable population, in addition to another \$5 million for permanent supportive housing, we're going to support those who are 30% area median income and below. We also put in \$15 million for *kauhale* projects this coming year and another \$33 million in the biennium in the year after that, and so there's a tremendous amount of money for homeless housing throughout the biennium.

"We also invested over \$200 million in infrastructure projects all throughout the state for various TOD projects in Kaka'ako, in Kalaehoa. We're tasking HCDA and the University of Hawai'i to continue to make sure that housing is delivered. It's never an easy task, it takes time, but we need to make these investments, and I think HB 300 has delivered on that.

"And I think we need to continue looking forward and look at the wins that we get in the budget to make sure that we solve some of the biggest crises. Because I think this is what is driving up the cost of living. And I think we needed to really focus on housing because if we can get housing costs under control, because housing cost is typically the biggest portion of what you spend in your budget every single month, so if we can bring that cost down, the cost of living in Hawai'i will be that much more manageable.

"So, with that, Mr. Speaker, I think this is a very important piece of legislation, I think we should all be supportive of the strides that we've taken in HB 300. Thank you."

Representative Kila rose to speak in support of the measure, stating:

"Mr. Speaker, rising in strong support. Mr. Speaker, the accusations on this floor today that the budget is flawed may be true. But to accuse the members of this body by not operating in the sense of transparency and lack of communication is absolutely false. Members on the Finance Committee have worked tirelessly to defend this budget and operate as such.

"Mr. Speaker, there are 51 members here in this House, and if we were to operate as individuals, we would all vote no on this budget. It is a collective idea to move forward in the ideas that we would work on. Mr. Speaker, I'd also like to adopt the words of the Water & Land chair and the Tourism chair as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Kila continued, stating:

"Mr. Speaker, if I came in here every session not getting everything I wanted and I would be upset as such, who am I to contribute to this body? Mr. Speaker, there are great works that have been done by the chairs in this budget to defend as such. We are moving towards supporting the Department of Hawaiian Home Lands and our natural resources. And for that alone, things that have not been funded in previous pasts, means something now more than ever.

"I look to my members on Finance and I speak for myself and the thanks that are giving on this floor seems to be lack of their such. We have worked tirelessly night and day to communicate our needs with the Finance chair, leadership here in the House, and members here in this House. There has never not been a chance for anyone to not engage in the process as such. And every member has had the chance to come before the Finance chair, Finance vice chair, and Finance committee members to talk as such. And I appreciate every single member who has worked with us to work through this budget.

"Do I think it's perfect? Maybe. There are some things that we can work on, but that is the beauty of democracy, that we can continue to come back

every single time to work on it more. Mr. Speaker, and for those reasons alone, I stand in support of this budget."

Representative Woodson rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. In support with serious reservations. I'm struggling with this conversation admittedly, being emotional. I appreciate the work that has gone into crafting this budget. I know that there were some factors that made it very challenging this year, and it is no small feat to get us to where we are today.

"Having said that, Mr. Speaker, I have serious concerns with the reduction in funds for our Department of Education. We know when we look at the budget, there is \$167 million less than what the governor requested in his operational budget. And it should be known that that budget submittal, which was executively approved, was similar from past governors' requests.

"And so, that means that is a reduction for our Department of Education to the magnitude of over 5%. And that may seem like a small number, Mr. Speaker, but it is virtually impossible to squeeze out efficiencies in our system to the magnitude of 5%, 7%, 8%. Even if you take out all the unnecessary administrative duties, you're not going to be able to cut 7%, 8%.

"So, that means we have to cut people, Mr. Speaker. Now, some may argue that the DOE is bloated, that we overspend on our kids. But we can do a preliminary assessment for ourselves to ask ourselves that question. Are we overspending on our kids? You can look at many different ways. You can take as an example, our NAEP scores.

"NAEP stands for the National Assessment of Educational Progress. It is required by the U.S. ED that each state take this assessment. It's referred to as the nation's report card. And our most recent NAEP scores show the State of Hawai'i, when you look at the continuous data, it shows that we were flat. Which may seem like a bad thing, but compared to the last assessment, which was done pre-COVID, it shows the same numbers. So, that means actually, because we know in the State of Hawai'i, there was a dip in all of our assessment scores. That was true not only in Hawai'i, that was true across the country, and also true across the world. All of our kids suffer from learning loss. So, for our state, we actually dipped and we improved.

"So, you take a look at three significant variables. You take a look at how you spend the money, you take a look at how much is allocated per that system, and you take a look at the desired outcome. We always speak of preparedness, college and career ready. What does that mean? That means we want our kids to be internationally competitive upon exit from high school.

"And so, per our normal budget allocation and how we're spending that money, that suggests to me that actually we are spending the necessary funding to support our kids. But I would actually make the argument that we need to increase that funding. And so I said, Mr. Speaker, it comes back to cutting people."

Representative Marten rose to yield her time, and the Chair "so ordered."

Representative Woodson continued, stating:

"Most of the people in the Department of Education are people. And those people are mostly teachers. I said on this floor before, Mr. Speaker, that each and every one of us in this chamber has been positively impacted by at least one teacher. So, now we're going to grab teachers out of the classroom. What is the impact going to be for that, for the trajectory of that student? Our teachers electrify imaginations, they ignite curiosity, and for many of our kids, the teachers are all they have. They are the ones that tell these *keiki*, you're good enough, you can succeed, you're worthy, keep going. What happens to their trajectory? What happens to their future? What happens to our collective futures? That is the question I have, Mr. Speaker.

"And by the way, Mr. Speaker, we are approaching a mental health crisis in our schools, in our public schools. And we still have a teacher shortage. So, whether the number is 900, 500, 200, we know it's not zero. We need more teachers, not less. We need more support, not less.

"Having said all that, Mr. Speaker, I am grateful for the wisdom of the Finance chair. He did insert a proviso that will afford the governor and the B&F director to hopefully fill those gaps to make the department whole for at least fiscal year 24. I am hopeful that he will do that. It's for these reasons and others, Mr. Speaker, I stand to support but with serious reservations, and I hope that we can fix it. Thank you."

Representative Belatti rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. I rise in opposition to House Bill 300, House Draft 1, Senate Draft 1, Conference Draft 1. Before I begin, Mr. Speaker, may I request to insert written comments. It makes me physically sick to my stomach to stand up in opposition to this CD 1, because I haven't voted no on a bill perhaps for over a decade. And as has been expressed by my chairs, this draft does indeed contain many things, many good things that I support. However, as it has been said, this CD 1 fails both on substance and process.

"First on substance. As it has been said time and time again in this chamber, in the hallways, and as we go back to our communities, the budget is the most important bill that we can vote on as legislators. This bill expresses our policies, our priorities, our very values as a community. When the dust settles and we can all carefully examine this budget and the all-important budget worksheets that will not come out for several weeks, I am very concerned, as some of my co-chairs and colleagues have said, that this budget does not adequately fund and it actually seriously underfunds public schools and the University of Hawai'i, arguably the two most important government services that we have here in the State of Hawai'i.

"This underfunding of public education and higher education comes at a time when we have a budget surplus and we are exceeding the budget expenditure ceiling by \$1,063,767,367. I'm going to say this again, this expenditure ceiling is a constitutionally mandated spending cap that is calculated and based upon the personal income taxes that we are collecting from the hardworking residents of this state. And we are exceeding this cap by over \$1 billion while underfunding public education and higher education in the time of a budget surplus. This is absurd.

"This begs the questions, what are we spending our taxpayers' money on, if not public education and higher education? Where is our taxpayer monies going? What is being funded and what is not being funded? These are the important critical questions we should ask. These are the substantive questions that will be answered in the days that come.

"Second, this CD 1 fails on process and is based on a practice far worse than even the gut-and-replace practice that has been determined to be unconstitutional. Section 5 of CD 1 is the linchpin of this bill that creates a \$200 million slush fund for the governor to move \$200 million in general funds from Budget and Finance to 'other state agencies for government operations.'

"Now, we may hear after the fact that this is based on custom and practice, as well as being something that we have done in the past. But members, Mr. Speaker, I have scoured HD 1, I have scoured SD 1, I listened carefully to the deliberations of the conference committee that decided upon this budget. I read thoroughly the press release that announced what was in CD 1, and I could not find this language there. It is widely known that this budget proviso was negotiated after the fact of the voting on this measure.

"Now, this budget proviso may in fact save and provide the opportunity for us to make whole those important departments, like the Department of Education and the University of Hawai'i. And I hope those departments are made whole. But they need to be made whole, and this is now going to become a political football, by this measure. Because in Section 5 of CD 1 it says that, 'the governor shall provide notice to the legislature 14 days prior to the date of transfer and submit a report to the legislature within five days of each use of this authority; provided further that the report shall include the date of transfer, the amount of the transfer, the program ID from which funds were transferred, the program ID to which funds were transferred, the impact to the program ID funds are transferred from, and a detailed explanation of the public purposes served by the transfer of resources.'

"When this budget passes, which I expect that it will, this is now going to become a political football in all of our communities. And I will be the first one to stand up and say, we need to make sure that the Department of Education and the University of Hawai'i is not underfunded."

Representative Kobayashi rose to yield his time, and the Chair "so ordered."

Representative Belatti continued, stating:

"Thank you. And I will wrap up. It's for these reasons, Mr. Speaker, I know that there are good things in this budget, but based on substance and process, I vote no. Thank you."

Representative Belatti's written remarks are as follows:

"In addition to my stated opposition to this year's operating budget encompassed in House Bill 300, Conference Draft 1, I am also opposed to this measure because of unanswered questions surrounding the expenditure ceiling or the spending cap identified in this measure and how it has been calculated.

"During this year's conference period, this constitutionally mandated expenditure ceiling was calculated such that House Bill 300 as voted out by the conference committee would have caused the state general fund expenditure ceiling for fiscal year 2023-2024 to be exceeded by \$1,043,597,367 or 10%. Now, the state operating budget contained in this Conference Draft 1 causes the state general fund expenditure ceiling for fiscal year 2023-2024 to be exceeded by \$1,063,767,367 or 10%.

"There may be a very simple, mathematical explanation for this \$20,170,000 difference, and our fiscal and budgetary leaders in both the legislative and executive branches should explain this discrepancy. However, this discrepancy underscores my greater concerns that lawmakers and the general public need to better understand: (1) how the expenditure ceiling was calculated for this budget; (2) how the expenditure ceiling will be calculated for future budgets and appropriation bills; and (3) what are the implications for exceeding the spending cap both for future budgets and the financial well-being of the state. Understanding these budgetary mechanisms will enable us to make better decisions about how we spend taxpayers' hard-earned monies to most efficiently and effectively provide core government services and provide broader tax relief to our ALICE (asset limited, income constrained, employed) families.

"For these concerns, and my previously stated concerns, I vote in opposition to this measure."

Representative Tam rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I rise with reservations. I would just like to have the comments from the representative from Kihēi inserted into the Journal as if they're my own. And I want to just make mention that there are things in this budget that are good and that represent our values. But it's very difficult to give a full pledge approval when I believe that this budget also goes against some of the things that we should be against. There are things that are grossly overfunded and there are things that are grossly underfunded. And that is why today I cannot give my full support for this budget. Thank you," and the Chair "so ordered." (By reference only.)

Representative Ward rose to respond, stating:

"Mr. Speaker, second time, with a very brief comment. First, I want to thank the gentleman from the North Shore who assured me that the governor will be considering funding HTA, throwing a lifeline if they run short or the lights go out. And secondly, Mr. Speaker, on a personal note, this has been music to my ears. You guys know I've been here a long time. I've never heard the debate with such passion, such specificity. And this is what democracy is all about.

"So, I want to thank everybody for participating. I expected this when I was a freshman, that every session that we had would be like this. It's finally arised, and I want to thank all of you for that. And thank you, Mr. Speaker, for allowing the motion to continue without anybody saying 'recess.' Thank you, sir."

Representative Souza rose to respond, stating:

"Thank you, Mr. Speaker. Rising second time in opposition and I would like the words of the representative from Kaimuki inserted into the Journal as my own. Thank you," and the Chair "so ordered." (By reference only.)

Representative Perruso rose to respond, stating:

"Rising for the second time in opposition. And I would first like to echo that request to have those comments entered into the Journal as if they were my own, along with the comments from the chair of Education.

"I want to say that the people who rise in opposition are not asking for a perfect budget. We are asking for a good budget and one that we can be proud of. And this is not a personal issue, no one is critiquing anybody on personal grounds, this is a policy issue. This is our job. We are professionals. That's why we are here, to do the work of our communities.

"I will say that this is not a people's budget. It is a corporate budget, it is a corporation budget, is a developer's budget, it is a builder's budget."

Representative Quinlan rose to a point of order, stating:

"Point of order. Casting aspersions, impugning motive, given the business."

The Chair addressed Representative Perruso, stating:

"Representative, please confine your remarks to House Bill 300."

Representative Perruso continued, stating:

"Then I will reframe that comment to say, it is not a people's budget. How else do we explain to our constituents that in a year where we have an almost \$2 billion surplus, we have decreased spending on public universities and the Department of Education while giving hundreds of millions of dollars to DBEDT. How else do we explain that we have cut funding for the Department of Human Services at a time when so many are in need?"

"How else do we explain that we gave only \$10 million to Housing First, which is a proven, demonstrated program to help people transition out of homelessness, while sneaking in almost 20 times that amount for a first responders campus in my district that nobody wants. How else do we explain that we again have failed to invest meaningfully in a diversified local food system through grants to small farmers when so many are going hungry?"

"In both process and outcome, this budget undermines public confidence in the Legislature. This is something that we should be very attuned to. It's our job to not just maintain public confidence, but to increase public confidence. The rationale behind a budget like this is that even in a year of surplus, we have to save for a rainy day. I can tell you, unequivocally, that for our constituents, for my constituents, it's raining now. And without a budget that prioritizes the working families of Hawai'i, in a year of extraordinary surplus, the storm is going to get worse.

"This is not work that I feel that I can be proud of. And although we all want session to be over, we should not leave until we do our jobs right."

Representative Nakamura rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support of HB 300. There are many concerns being raised on this floor today, and I'd like to say, there are many questions being asked. What are we spending our funding on? Is it addressing the people's budget and the people's needs? I would like to say yes, it does.

"This budget sets \$700 million over the next five years to help working families, ALICE families in Hawai'i. It doubles the earned income tax credit, it doubles the food excise tax credit, and it almost quadruples the child and dependent tax credit. This is all going to benefit working families in Hawai'i.

"The concern that we're not addressing education in this budget. Yes, there are some areas that may be underfunded, but this budget shows \$800 million that will benefit the students throughout the State of Hawai'i. By increasing the HSTA contract, starting teachers will now get \$50,000 as opposed to \$38,000 to survive in Hawai'i. And with a shortage of up to 1,000 teachers, this is going to make a huge difference and this is ultimately going to benefit our students. That's \$600 million alone.

"What this budget also does that is so unique, for the very first time since I've been here, is that it sets aside \$170 million for teacher housing that incorporates preschools for our three- and four-year-olds, \$170 million

spread across our state to help our teachers to be there near the campuses where they live, to have the kinds of preschool services that they need for their kids. And it creates an incredible opportunity to provide additional support for our teachers so that they can be in the classroom and teach our kids. And this budget includes \$38 million for the Preschool Open Doors program that will benefit three-year-olds. It currently benefits four-year-olds.

"The other key piece to this budget that benefits our students is that there's about \$3 or \$4 million in here to help private preschools get accredited by the accreditation agencies so that we can do more to provide three and four-year-olds the education that they need. And this will also help to alleviate the shortage of preschool classes throughout our state.

"So, yes, there's many things in here. When we talk about diversifying our economy, there's \$60 or \$70 million in here to improve our dams and our infrastructure irrigation systems so that we can promote more diversified agriculture throughout our state. And we also have funds in here, \$30 million that will leverage almost \$90 million in federal funds to increase broadband infrastructure throughout the state. And this is going to serve these remote areas and rural areas that are currently not served.

"The Housing chair went through the laundry list of housing programs that will serve low income, moderate, and our working families that many of them are very exciting to me, as a former Housing chair, but that adds up to over \$600 million."

Representative Gates rose to yield his time, and the Chair "so ordered."

Representative Nakamura continued, stating:

"Thank you. So, when we say that this is not the people's budget, I think some of the items that I described, some of the budget line items that are buried in there, actually do so much for the people of the state, our working families. And I'm very proud of this budget.

"I know there are areas that we need to work on, but overall, I'd like to recognize the work of the Finance chair and vice chair and committee in bringing this budget forward. Thank you."

Representative Ilagan rose to speak in support of the measure, stating:

"Mr. Speaker, coming into opening day, I remember standing in the rotunda. In support of positions that we were focused on, which was affordable housing, delivering mental health services, as well as protecting and preserving our natural resources. In this budget, Mr. Speaker, we have put in monies over the biennium of \$280 million into the rental housing revolving fund that serves families of area median income of 60% and under. We also put in \$100 million for the dwelling unit revolving fund that helps infrastructure for affordable housing.

"And in delivering mental health services, we put in \$3.5 million per year for the Child and Adolescent Crisis Mobile Outreach program that's piloted here on O'ahu."

Representative Belatti rose to a point of order, stating:

"Point of order, just a clarification. That's going to be in a bill."

Representative Ilagan continued, stating:

"These are the majority package, Mr. Speaker, and we have put in monies as well as into the budget to protect, preserve, and manage our natural resources of \$192 million into this budget over the biennium. So, Mr. Speaker, I just want to support strongly this budget because I know our Finance chair did a lot of work, as well as the members in Finance who have worked long hours to make this budget happen.

"I also have an item in this budget that helps out my community, and that is the Pohoiki boat ramp of putting into the CIP to help out reopening the boat ramp that was inundated by lava. So, Mr. Speaker, I just want to stand here in support. Thank you."

Representative Todd rose in support of the measure and asked that the remarks of Representative Nakamura be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Kahaloa rose in support of the measure and asked that the remarks of Representative Nakamura be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Gates rose in support of the measure and asked that the remarks of Representative Nakamura be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Quinlan rose in support of the measure and asked that the remarks of Representative Nakamura be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Aiu rose in support of the measure and asked that the remarks of Representative Nakamura be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)

Representative Takenouchi rose in support of the measure and asked that the remarks of Representative Nakamura be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Garcia rose to speak in support of the measure with reservations, stating:

"With reservations, thank you. There's a lot of good in this budget, but there's also a lot, and I mean a lot, of wasteful spending. This budget was alluded to as the people's budget, some think it's not. I think this budget fits some people, but not all people. Once again, like was mentioned, there's a \$2.6 billion surplus, yet here we are exceeding our own spending limits outlined in our own constitution.

"And I hear from some members, Mr. Speaker, across the aisle, that what we need is more spending, that this doesn't go far enough and that that is what's needed to cure inflation. However, we are in this mess of inflation because of government overspending. And so once again, there's lots of good in this budget, but a lot and a lot of wasteful spending. So, for those reasons, with reservations."

Representative Alcos rose to speak in support of the measure, stating:

"Mr. Speaker, in support. I'd like to adopt the words of Districts 34, 10, 44, 9, and 4," and the Chair "so ordered." (By reference only.)

Representative Alcos continued, stating:

"I want to adopt the words and I want to say that it's a hard decision for a Finance chair. I had the privilege of sitting on Finance, and I haven't come against any bills at that time to stop the Finance or say no to. Having written a letter to my community or to the unions or to come against these Finance chairs or the Finance bills that come in, neither did I even do it in Labor nor in CAI. We passed these bills on the floor or in our committees, and now we're here standing to go against what the bill's, how the money went out. But as a football player, as a football coach, some of the coaches would have to call a play to win the game. And that coach want to win that game. But we may not agree with the play that the coach calls out there and that final destination might be a lose, might be a win, but we don't give up on our team.

"As sitting down as a team player with our committee, with our caucus, if I want to make a difference, if I want to make a change, I will try to find a way to get involved more. To next time write that letter, to next time step up and get people involved, and to say a big word. So, Mr. Speaker, I support this bill. And if I want to make a difference, I need to step up more. Thank you."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I certainly hear the concerns of our members. My concern was the \$500 million going to the rainy day fund, perhaps could have been used to shore up some of the needs in some of our other programs. But with that said, at the end of the day, I support this bill, and I'll tell you why.

"It was a huge win for early education, about \$38 million going to educate three-year-olds. Preschool Open Doors program, we're expanding that. We already cover four-year-olds. It's a win for education. When our kids go to kindergarten, they're ready to go. By third grade, if they're up to par with their reading level, they're going to do well. If not, the statistics are daunting.

"But it's a win for education and it's a win for the economy. People will ask, this is early education, how is it a win for the economy? Well, many of these kids, three- and four-year-olds, are in the lower-income brackets. And they may be a single-parent household, they may have both parents. But with this bill and with this funding, these single-parent households or dual-parent households can work full time. Because now their three- and four-year-olds will be going to an early Preschool Open Doors program, getting their education while mom and dad work, eventually getting off public assistance and paying their taxes. This is good for the economy.

"I also wanted to say, a win for early education, it's also a win for health care. I'll explain why. I think the chair of Finance did quite well, \$30 million in state general funds, which will draw down \$42.8 million in federal Medicaid funds. Why is that important? It's reimbursement to our doctors, to our nurses, to our healthcare professionals. Why? Hawai'i's got nearly an 800-doctor shortage. We've got a professional healthcare shortage in our state.

"There's an exodus of doctors going to the mainland because they are not reimbursed enough. This will stop that. We're going to keep our doc's nurses here with this bill, which will make Medicaid reimbursement, which was originally 60% of Medicare, now equal, 100% of Medicare. Now, I know Medicare is not the highest reimbursement rate, but it's significantly higher than Medicaid. And before, they were only getting 60% reimbursed of Medicare. This draws it up to 100% of Medicare. It's a win for our doctors, our nurses, it's also a win for Hawai'i's Medicaid population. How is this, what, 100 people, 100,000? How many people? Four hundred sixty-four thousand Hawai'i residents are on Medicaid. Why is this a win for them? Access to health care. Docs not taking Medicaid clients, reimbursement too low. This is a game changer because now it allows access to health care for 464,000 people in the State of Hawai'i on Medicaid.

So, at the end of the day, it's a win. Is it a perfect budget? No. Can we do better? Absolutely. Are we focused on better transparency next year? 100% yes, I agree. But at the end of the day, we did get some wins. So, I wanted to thank all members. I value all their comments, whether it's for or against this bill. At the end of the day, though, I support this budget. Thank you, Mr. Speaker."

Representative Holt rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I would just like to thank the Finance chair. We did do a lot of good things in this budget, including over \$125 million in tax relief for our working families with children, between the household and dependent care services tax credit, the earned income tax credit, and the refundable food and excise tax credit, it's much-needed relief to our families. And if I could also have the words of the majority leader inserted into the Journal as if they were my own. Thank you, Mr. Speaker," and the Chair "so ordered." (By reference only.)

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. I would like to thank everybody involved with getting this budget this far. At the same time, I'm voting no because I believe there's a lot of issues in our state, and this budget would continue those issues. We are giving a lot of money to the leadership in our state. Let me read to us the salaries. So, for the governor, he will get \$184,000 every year from this budget. Lieutenant governor gets \$183,000. The director of the state gets \$183,000, attorney general, *et cetera*. Second department directors like DAGS, DEBDT, DCCA, *et cetera*, they get \$147,000 every year from this budget. So, we're all voting, some of us yes, some of us no, in favor of these high salaries to our public servants.

"There's some other issues I have with this budget. We are basically funding more of the problem. I believe most of the government is the problem. While a lot of us here have selfless intentions trying to help, I believe a lot of the problems in our state are because of our big budget. A \$22 billion budget I think is too much. A \$2.6 billion surplus is too much.

"The things that are good I think about budgets in general is pro learning, pro transportation, pro Department of Defense, pro police and law enforcement, pro school improvements, pro increasing teacher's pay. But because there's so many things that can be improved in this budget, I vote no."

Representative Nishimoto rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. First of all, I really want to thank all the members for allowing me to be your CIP chair this year. It's a role that I took very seriously, it's a role that I try to do my best and work hard at. But I know it's an important role for our state and for our members. And for that, I'm grateful for you to trust me to do this.

"As I said in my speech for HD 1, the things that we are going to emphasize in CIP was going to be health and safety and education. And the final product that came out, I'm very proud of. We spent \$175 million on state hospitals statewide. And we put \$878 million in public schools and libraries for CIP statewide, and another almost \$400 million for public colleges statewide. And these are all projects that members said that were important to them and were important to their communities. And I think there's a lot in our CIP budget that we can hang our hats on and be proud of. Thank you."

Representative Kitagawa rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Thank you to everyone who has shared their thoughts on today's budget. And for me, I had the privilege and opportunity, thanks to all of you, to work on grants-in-aid, which is included in today's budget. And through grants-in-aid, we were able to provide \$20 million in capital improvement projects as well as \$20 million in operating costs to support our nonprofits across the state who do excellent work to serve numerous communities and all of our communities as well.

"Just some highlights of things that we did in the grants-in-aid, we supported programs and organizations that support agriculture and to grow and develop our agriculture industry, including farmers. We supported programs that support *keiki* and education, increasing afterschool programming, increasing literacy opportunities. We supported programs that support families. We put a lot of money into diaper banks, into programs that are going to strengthen families, parents, and parental education.

"We supported programs that support victims of domestic violence and sexual abuse. We provided funding for programs that address homelessness and support individuals who are going through homelessness, whether it's youth or whether it's just programing like IHS, HHRC, Project Vision, all of these different programs that support homelessness. We supported programs that increase food security through food hubs, through the food bank. We supported health care, hospitals. We supported mental health initiatives.

"So, this budget provides \$40 million to all of these organizations that work tirelessly every day in our communities to provide this support. So, I am in strong support of today's budget. Thank you very much."

Representative Poepoe rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 300, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE STATE BUDGET," passed Final Reading by a vote of 41 ayes to 8 noes, with Representatives Amato, Garcia, Poepoe, Tam, Ward, and Woodson voting aye with reservations, with Representatives Belatti, Cochran, Ganaden, Hussey-Burdick, Kapela, Perruso, Pierick, and Souza voting no, and with Representatives Lowen and Martinez being excused.

At 12:13 p.m., the Chair noted that the following bill passed Final Reading:

H.B. No. 300, HD 1, SD 1, CD 1

At 12:13 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 12:31 p.m.

H.B. No. 933, HD 2, SD 1, CD 2:

On motion by Representative Nakamura, seconded by Representative Morikawa and carried, H.B. No. 933, HD 2, SD 1, CD 2, entitled: "A BILL FOR AN ACT RELATING TO TELECOMMUNICATIONS ACCESS FOR INDIVIDUALS WITH PRINT DISABILITIES," passed Final Reading by a vote of 49 ayes, with Representatives Lowen and Martinez being excused.

H.B. No. 1366, HD 1, SD 2, CD 2:

Representative Nakamura moved that H.B. No. 1366, HD 1, SD 2, CD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. There are no throwaway people in our society. I also wanted to say that homelessness is complex, but we have another tool to address this issue. Quick background on why I support this bill. Why do we have homeless? It's a rhetorical question, of course. A number of our people suffer from a mental condition, an addiction, and some suffer from both. It's termed 'dually diagnosed.' We have veterans who place their lives in harm's way to protect our freedoms and return to us with post-traumatic stress disorder. Others have employment but are just not able to maintain a home or rental unit due to the high cost of living in our state. Some of our homeless are domestic violence victims and others were forced into sex or labor trafficking. And finally, some people choose to be homeless, which is their choice. It's not against the law.

"Policies to address homeless, we've got a few. The Housing First program helps chronically homeless. These are the ones with generally a drug addiction and a mental condition dually diagnosed. These are the hardest to provide shelter for. We've passed Ohana Zones. I remember 15 years ago, this was a laughable concept. And I'm not here to pick on any party or any governor. But back then, I remember working with Governor Lingle's administration and they, when we brought up Ohana Zones, they thought this was a joke.

"And yet today, when we look at our state budget, we place \$15 million for fiscal year 2023-2024 to provide homeless individuals with a secure zone, with housing, meals, hygienic centers, and wraparound social services. We've got *kauhale* projects, these are housing villages for the homeless, adding \$15 million for fiscal year 2023-2024 and another \$33 million for fiscal years 24-25. That's \$63 million for homeless projects, counting Ohana Zones.

"And you heard the chair of Housing. They've done a great job, the current chair and the past chair, they've worked to pass and increase measures for increase in affordable housing units and rental housing units. Finally, we have a statewide homeless coordinator and Honolulu has a city homeless coordinator to navigate and coordinate the homeless shelters, housing villages, and service programs for the homeless.

"And today, Mr. Speaker, the Legislature will have the opportunity to make Hawai'i the first state in the nation to have a successful state-supported return to home program. Please note that New York had a program to send their homeless out of state, but it failed because they simply exported their homeless without a support plan. New York's program failed to ensure that these homeless individuals would be received by families on the mainland, a strong support system to help them navigate and get back on their feet. Upon arrival, they did not have the support, that's why their program failed.

"It may seem counterintuitive that I'm against the New York program but I'm advocating for Hawai'i's program. Let me explain. Most importantly, our program will contact the family on the mainland to confirm their acceptance of this family member or loved one into their household. The program will not send a homeless person to any state where they will continue to be homeless. The individual's participation is completely voluntary. And an individual shall participate in the return to home program

only once and shall sign an agreement to this effect, the Department of Human Services to keep such records.

"The program shall assist participants with the necessary preparation for travel, proper ID, access and transportation to the airport, preparations relating to airport security, and ensuring personal hygiene.

"Rhetorical question number two. How do we know this program is going to be a success? Well, looking at testimony on this measure dated March 15, 2023 by former Honolulu Mayor Mufi Hannemann and the president of the Hawai'i Lodging and Tourism Association."

Representative Ganaden rose to yield his time, and the Chair "so ordered."

Representative Mizuno continued, stating:

"Thank you, representative. Mufi Hannemann provided his testimony in relevant part, again I quote, it was reported that nearly 800 people participated and just 2% have returned to Hawai'i. We believe a major reason for the high level of success of our program was that it required the individual to be met at their destination by a family member or a loved one. He's talking about the return to home program that they initiated.

"Testimony on the bill, also dated March 15, 2023, by Connie Mitchell, the executive director of the Institute for Human Services, probably our top expert on homelessness in the state, provides in relevant part, again I quote Connie Mitchell, the program has by all accounts been a success, and at its peak pre-COVID, was successful in relocating over 100 people each year. In the past eight years, we have helped relocate over 600 people from O'ahu primarily to the mainland U.S. and neighbor islands. Mitchell goes on to say that the cost to our community to support a homeless individual is estimated on the low end at \$35,000.

"I want to reconcile the difference between Mufi Hannemann saying that they reported that nearly 800 people participated and Connie Mitchell had reported 600. Please note, Connie Mitchell's talking about relocated over 600 people from O'ahu. Mufi Hannemann worked on the neighbor islands, so they had an additional 200. That's the difference.

"Mr. Speaker, if this program returns just three homeless to their family on the mainland, it will exceed the entire funding for this program, which is \$100,000. The state homeless coordinator, James Koshiba, probably one of the top experts, if not behind Connie Mitchell, probably the second top expert in the state on homelessness, in a Star-Advertiser article dated May 2, 2023, provided this statement on the return to home program saying, and I quote, this is a valuable resource. I'm glad the Legislature saw fit to put resources into it.

"Mr. Speaker, I was honored to discuss this program with James Koshiba during conference and he confirmed that he would be willing to assist this program, and that's why we put him in the bill to help with the implementation of this program.

"The return to home program will work not only because our top two experts on homelessness, Connie Mitchell and James Koshiba, support this bill, but for these three reasons. It's going to reunite the homeless individual with their family. This is a strong support system which will help them heal, rehabilitate, get them back on their feet, and in time hopefully become self-sufficient again. Also, the program saves Hawai'i's taxpayers a significant amount of money. Finally, the program will protect the finite resources we have for local homeless.

"Finally, Mr. Speaker, I am not under any illusion that Hawai'i's return to home program will end homelessness, as this program is no silver bullet to our homeless situation. But it will be an important part of our state's strategic plan to have a coordinated effort to systematically reduce homelessness. For all of the foregoing reasons, I ask members to vote up on this bill. Thank you, Mr. Speaker."

Representative Ward rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. Strong support. Mr. Speaker, by way of cost and compassion, this is probably one of the best bills we are passing this session. The former speaker, the author, I'd like to thank him for what he's done. And to know that this is not a fly by night that we're suddenly doing this. During the Abercrombie administration, we had a similar bill. It was a

pilot. but with, again, the author who just spoke as the progenitor of this. The Abercrombie administration, the director of Health, did not believe that this was something they should do, so they never spent it. So, this is the real deal, we're finally putting the money in and making this happen, reuniting families with families. That is compassion. And the cost of it is very, very minimal.

"Lastly, Mr. Speaker, I want to correct one thing from the former speaker, and that was his reference to the Lingle administration not knowing or caring, having forgotten. And I think he was here with me at the time, when Governor Lingle declared a state of emergency due to homelessness. Then former mayor and then Representative Caldwell objected to that. This is a bit of history, Mr. Speaker. My colleague, Cynthia Thielen, said, how heartless are you to object to the state of homelessness by Governor Lingle? So, I wanted to straighten that, for the record. She was compassionate. She was the first one to ever call homelessness a state of emergency. And quite frankly, after the 6,000 to 7,000 every year we count, it is still an emergency and this one will alleviate it to a degree.

"And lastly, on a personal note, Mr. Speaker, tonight I have a beer summit, and the beer summit featured speaker, as you were in the past, Connie Mitchell. She'll be at the Koko Marina Shopping Center at the Greek Marina at 6:00 p.m. If people want to meet what I think is the private tzar--"

The Chair addressed Representative Ward, stating:

"Representative Ward, we're not on announcements. Please confine your remarks."

Representative Ward: "Yeah, I know that this is not something, but she mentioned Connie Mitchell just a bit ago."

Representative Nakamura rose to a point of order, stating:

"Point of order. Please stick to the subject matter."

The Chair addressed Representative Ward, stating:

"Representative Ward, please confine your remarks unless you want me to call for a recess."

Representative Ward continued, stating:

"She is the tzar of the private sector. I want to commend Connie Mitchell. I know. I'm finished. I've confined it and that's all I've got to say. Thank you."

Representative Garcia rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. He did say some things, but I do want to say that with so much locals leaving Hawai'i because they can't afford to live here, it's nice to see the non-locals going home. Thank you."

Representative Alcos rose to speak in support of the measure, stating:

"In strong support. I'd like to adopt my words of District 29, Kalihi. Thank you, as my own," and the Chair "so ordered." (By reference only.)

Representative Pierick rose to speak in support of the measure, stating:

"In support. I'd like to thank this body for introducing and advancing a measure that will send homeless people away from Hawai'i back to their home on the mainland. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 1366, HD 1, SD 2, CD 2, entitled: "A BILL FOR AN ACT RELATING TO HOMELESSNESS," passed Final Reading by a vote of 49 ayes, with Representatives Lowen and Martinez being excused.

H.B. No. 870, HD 2, SD 1, CD 2:

On motion by Representative Nakamura, seconded by Representative Morikawa and carried, H.B. No. 870, HD 2, SD 1, CD 2, entitled: "A BILL FOR AN ACT RELATING TO THE NEIGHBOR ISLANDS BLIND AND VISUALLY IMPAIRED SERVICE PILOT PROGRAM," passed Final Reading by a vote of 49 ayes, with Representatives Lowen and Martinez being excused.

H.B. No. 600, HD 1, SD 2, CD 2:

Representative Nakamura moved that H.B. No. 600, HD 1, SD 2, CD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Holt rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations. My reservations come from the portion of the measure that add the standing committee chairs to the board. As I stated on Tuesday, if we're going to add members, I believe that we should defer to your wisdom, Mr. Speaker, and let you name them yourself. Thank you."

Representative Ganaden rose to speak in support of the measure, stating:

"In strong support. Mr. Speaker, last year, according to the Department of Transportation and other state agencies, there were over 100 traffic fatalities involving pedestrians throughout the state. There were issues of people getting hit by cars throughout urban Honolulu. My district has advocated vehemently for improved sidewalks, the ability to move through their community safely and freely. I think it might be kind of surprising, but safe sidewalks means safe communities. As neighbors get to know each other and walk to and from school and work, they have eyes on the street, they get to support better public safety. I want to thank the chair of Transportation for his diligent work in conference. This is one of the bright spots of this year. And I hope that we can get out in time for our press conference at 2:30 p.m. in the Rotunda."

Representative Todd rose to speak in support of the measure, stating:

"Thank you, in support. I just wanted to share some of the prior concerns about me being a member of this committee. And I'll do my best to do less work on it, I guess? That's all."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, also in strong support. Thank you, Mr. Speaker. I just want to commend the body for bringing this forward and having it, if you will, overwhelm what otherwise was legalizing jaywalking. If we made jaywalking part of safe streets, that would be an oxymoron. I'm really proud that we have not passed jaywalking as legal, but we have, in effect, passed safe streets. Thank you."

The motion was put to vote by the Chair and carried, and H.B. No. 600, HD 1, SD 2, CD 2, entitled: "A BILL FOR AN ACT RELATING TO SAFE ROUTES TO SCHOOL," passed Final Reading by a vote of 49 ayes, with Representative Holt voting aye with reservations, and with Representatives Lowen and Martinez being excused.

Representative Souza rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I rise in support. I also do want to mention that this is a watered-down version of the versions that came prior. And specifically, I am disappointed that the \$65 million that was a part of the previous Senate version for bulkhead repairs is not in this CD 1. The \$6 million for the environmental impact statement for Hakuone is not in here as well. And the \$13 million for Kukaniloko is not in here as well.

"I feel that we wouldn't have to necessarily penny pinch as to what is coming out of the general fund if OHA was realizing the full benefits of the ceded land revenues that's owed to them. And so, going forward, I hope that we can continue to support Hawaiians and our Hawaiian community. And I am in support of this bill, but I think that we could fund OHA better. Thank you."

Representative Tarnas rose to speak in support of the measure, stating:

"Thank you, in support. This measure that we're passing right now provides the Office of Hawaiian Affairs everything that they asked for in their original budget, and I think that's a strong position that we should take from the House. So, I urge all members to vote for this. Thank you."

Representative Perruso rose to speak in support of the measure, stating:

"In support. I'd like to insert the comments of the representative from Kapolei as if they were my own. And I'd also additionally like to add that as the budget moves through the process, it has become clear to me that many in my community were asking for, were seeking additional support for Kukamiloko, so I am similarly disappointed in the failure to fund that. *Mahalo*," and the Chair "so ordered." (By reference only.)

Representative Souza rose to respond, stating:

"Thank you, Mr. Speaker. Second time in support, and I would like to just address the previous, previous speaker's comment. A lot of times I think that Hawaiians and OHA in particular, they only ask for what they think they can get. And I think that that's been a problem in the past. And so, I understand that that was their original request in the budget initially. But they did see the need as they kept coming back to the Legislature to fund these other things that were included in the Senate version prior to the conference version. So, I do feel that we are shortchanging them in some sense because this has been a need all along. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. With reservations, please. Mr. Speaker, clearly, we are low-balling OHA here, \$3 million for 500,000 people, give me a break. I mean, there's 250,000 Hawaiians here and there is even more on the mainland. And we talked about our budget, HB 300 is being short on taking care of people.

"The point is, until they get 20% of the ceded lands, this is going to be a continual short shrifting and otherwise denying OHA what otherwise, by the Constitution, they have been formed, but we've not funded them. And I know they only ask for that amount because they know we are so stingy in terms of giving Hawaiian issue. Now I don't mention the \$600 billion because that's an entirely different issue. In fact, since we've given the \$600, we kind of stop paying attention to a lot of the OHA issue. The point is, \$3 million does not represent the commitment that the people of Hawai'i have for the indigenous people. Thank you."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I'd just like to adopt the words from the first time from the representative from Kapolei," and the Chair "so ordered." (By reference only.)

Representative Holt rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I appreciate the work by the Judiciary chair making sure that OHA gets their request. I have expressed to OHA that I don't believe that they should be requesting these funds but that is contingent upon us fully funding their public land trust. We're still millions and millions of dollars short of paying them what they're owed. I look forward to working with the governor and OHA, with the working group that we passed last year, to get a clearer inventory and a more accurate figure on the public land trust revenues given to OHA. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 133, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO THE BUDGET OF THE OFFICE OF HAWAIIAN AFFAIRS," passed Final Reading by a vote of 49 ayes, with Representative Ward voting aye with reservations, and with Representatives Lowen and Martinez being excused.

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 948, HD 2, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Marten rose to speak in support of the measure, stating:

"Mr. Speaker, I wanted to add to the words of the representative from Puna, in strong support. This was actually part of a bill last year that was excised in the very first committee, and I am so grateful that the Majority Caucus decided to champion this particular program and expand it to a neighbor island. This would provide services with specialists for child and adolescent mental health to go out into the community where they have a crisis, whether it's possibly self-harm or harm to others, or just something that their care providers cannot handle, and then also provide ongoing care for up to two months if needed and get them into long-term services.

"It is an investment, but it's something that can prevent much larger costs because you would not need to have these kids end up in emergency room, in a psychiatric ward, in other types of residential living situations, including juvenile detention. And it's an opportunity to keep them in their homes with whoever is providing care for them, be they foster parents or their birth families, and give them a chance to stay there. So, I really appreciate this investment. I hope the pilot is successful and, in a few years, we come back to make it permanent. Thank you."

Representative Nakamura rose in support of the measure and asked that the remarks of Representative Marten be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Kapela rose in support of the measure and asked that the remarks of Representative Marten be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 948, HD 2, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CHILD AND ADOLESCENT MENTAL HEALTH," passed Final Reading by a vote of 49 ayes, with Representatives Lowen and Martinez being excused.

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 968, HD 1, SD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Lamosao rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I would like to first thank our chairs of CAI and also Higher Education for their support and hard work on this measure. For those of you who don't know, *pamantasan* is a Filipino word which means higher education. For many Filipinos who are first generation college students, they lack role models, support systems, and university services to help them successfully navigate the higher education

setting. However, they possess the ingredients to excel in education, contribute as professionals in Hawai'i's workforce, and be outstanding leaders.

"As the second largest ethnic group in Hawai'i, it is critical that attention be given to the challenges faced by this population to support efforts of the University of Hawai'i. I am grateful for this body for strengthening the University of Hawai'i and the Pamantasan Council's ability to respond to the growing needs of the second largest ethnic group in the state. Thank you."

Representative Tam rose to speak in support of the measure, stating:

Representative Ganaden rose to speak in support of the measure with reservations, stating:

"With reservations, Mr. Speaker. My appreciation to the introducer for his intent on this bill. I have low expectations of the Criminal Justice Research Institute after the last several years of essentially inaction by giving us information that we could use to discuss best practices in criminal justice reform. I believe that \$1.3 million is too much to spend on this research, considering that we can get much of this information locally from the Office of the Attorney General and the Department of Public Safety. The Office of the Attorney General did not support this in their testimony before the Judiciary Committee. Nationally, we can get data from the Department of Justice, the MacArthur Foundation, and the Arnold foundation.

"Mr. Speaker, the fundamental questions about whether or not best practices regarding criminal justice work, whether or not things like pretrial reform, bail reform, which we don't even talk about anymore, other issues regarding how to give people better services and drug rehabilitation, whether or not they work, they have been proven in other jurisdictions, and we have that data now. Thank you so much."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 68, HD 1, SD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO CRIMINAL JUSTICE," passed Final Reading by a vote of 49 ayes, with Representative Ganaden voting aye with reservations, and with Representatives Lowen and Martinez being excused.

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 1397, HD 1, SD 2, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. This bill establishes a supportive housing pilot program in the Statewide Office on Homelessness and Housing Solutions. It appropriates funds. So, from my understanding, we the taxpayers are building the houses of the homeless. So, the homeless who do not work, they do not try to pay taxes, they're receiving the benefits of the hard workers of Hawai'i paying their taxes. I don't think this is fair, so I'm voting no."

Representative Marten rose to speak in support of the measure, stating:

"In strong support. I just want to say that I think this is very innovative and I really appreciate the work that has gone into this by majority leader and others to provide wraparound services. And that's all, strong support."

Representative Todd rose to speak in support of the measure, stating:

"Thank you, in support. I just wanted to note that, like many other government programs, which I'm generally in support of, housing assistance for homelessness specifically is one where we have a direct spend, but it actually saves us money in the long run, due in part to the fact that the longer someone is homeless, the more we incur medical debt and those sorts of things that become very, very expensive.

"I remember in my first year here we actually had someone come in and tell us that a single homeless person once racked up \$1 million worth of emergency room visits in the course of one year. So, if you do keep them housed, you actually, while it's not like the most comfortable thing to talk about, is providing this sort of assistance, particularly to those who may be less active in trying to get out of this situation, it actually can reduce the net spend, which is generally a good thing. Thank you."

Representative Nakamura rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. May the words of the representatives from Lanikai and Hilo be entered into the Journal as my own," and the Chair "so ordered." (By reference only.)

Representative Nakamura continued to speak in support of the measure, stating:

"In support, thank you. I also wanted to add that, to address homelessness in Hawai'i, we need to look at who's out there on our streets, living in bushes, coming out of emergency rooms and having no place to go.

"This bill was worked on over the interim all of last year. Over 85 nonprofit organizations who are working directly with homeless throughout our state were involved in a series of Zoom meetings, bringing in experts from the mainland, talking to established nonprofit developers here, and

then crafting a bill that addresses the critical piece of those with extremely low incomes that have other needs, including mental health illness, substance abuse issues, people coming out of prison, people aging out of foster care, people with mental and developmental and physical disabilities.

"And this bill is a small attempt, a pilot program, to see how we can successfully house these individuals over the long term, and house them successfully so we don't rack up excessive fees in our institutions, in our state hospital, in our prisons, and in our emergency rooms and hospitals. So, thank you for the opportunity to explain why this bill is so critical if we want to truly address our homelessness problem in Hawai'i."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1397, HD 1, SD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO SUPPORTIVE HOUSING," passed Final Reading by a vote of 49 ayes, and with Representatives Lowen and Martinez being excused.

Representative Ganaden rose to speak in opposition to the measure, stating:

"No vote. Mr. Speaker, you and I and everyone else here in this room, we are state workers. We get paid on the 5th and the 20th. That isn't the case for court interpreters who perform a vital and necessary service to our democracy. Court interpreters usually get paid around \$25 an hour. When they came to the Legislature requesting a raise, instead of giving them that raise, we offer them this, which I think is an insult, by putting forward a bill that costs \$20,000 for a study to determine their worth. Presuming this study would look at the cost-of-living allowance in the counties where court interpreters work, I believe that's a waste of money, Mr. Speaker, as we can look up a variety of COLAs using information from the Department of Defense and Housing, our State Tax Office, or nonprofits that create spreadsheets regularly.

"Mr. Speaker, this bill is a disrespect to the hardworking people that help our justice system run and I'm ashamed that it was not given more weight, considering it was a priority of the Filipino Caucus. Because there is a disproportionate impact of the justice system on certain communities, this bill will lead to injustice for immigrants who make up a large part of our workforce. Members of the Chuukese, Marshallese, Tagalog, Ilocano, and Mandarin-speaking communities, many who may in fact be not guilty, who

are facing criminal cases and the possibility of deportation, will continue to have a difficult time before the courts, as essentially, interpreters are doing this work for a pittance of what they deserve.

"I vote no, Mr. Speaker, so as to not normalize the use of fake studies to defray the passage of well-articulated and necessary measures for our communities."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 813, SD 1, HD 2, CD 1, entitled: "A BILL FOR AN ACT RELATING TO COURT INTERPRETERS," passed Final Reading by a vote of 46 ayes to 3 noes, with Representatives Ganaden, Kapela, and Perruso voting no, and with Representatives Lowen and Martinez being excused.

At this time, Representative Ward offered Floor Amendment No. 14, amending S.B. No. 1417, SD 1, HD 1, CD 1 as follows:

SECTION 1. Senate Bill No. 1417, S.D. 1, H.D. 1, C.D. 1, is amended by deleting Sections 1, 2, and 3.

SECTION 2. Senate Bill No. 1417, S.D. 1, H.D. 1, C.D. 1, is amended by inserting a new Section 1 to read as follows:

"SECTION 1. The legislature finds that climate change and sea level rise pose significant, dangerous, and imminent threats to the State's social and economic well-being, public safety, nature and environment, cultural resources, property, infrastructure, and government functions and will likely have a disproportionate impact on low-income and otherwise vulnerable communities. A 2017 report by the National Oceanic and Atmospheric Administration projected that 3.2 feet of global mean sea level rise will occur by 2100 in an intermediate scenario and could occur as early as the 2060s in an extreme scenario.

The climate change adaptation priority guidelines of the Hawaii State Planning Act, codified under chapter 226, Hawaii Revised Statutes, direct the State to prepare for the impacts of climate change. Additionally, section 226-109(8), Hawaii Revised Statutes, requires these guidelines to foster cross-jurisdictional collaboration between county, state, and federal agencies and partnerships between government and private entities and other nongovernmental entities, including nonprofit entities, to address climate change. Also, section 225M-9, Hawaii Revised Statutes, requires the office of planning and sustainable development to work with state agencies to identify existing and planned facilities, including critical infrastructure, that are

vulnerable to sea level rise, flooding impacts, and natural hazards, utilizing projections and map data from the most recent update of the Hawaii sea level rise vulnerability and adaptation report, the state hazard mitigation plan, and other pertinent data and scientific reports to aid in this planning.

The legislature recognizes that it is in the long-term interest of the State to also consider climate resiliency in the development of all communities, which considers strategies to reduce the vulnerability from climate-related shocks, such as hurricanes and drought, and improves the ability to recover from these disasters.

The purpose of this Act is to amend the Hawaii state planning act to require new development to consider the impacts of climate change, sea level rise, and climate-resilient development in the design and siting of buildings."

SECTION 3. Senate Bill No. 1417, S.D. 1, H.D. 1, C.D. 1, is amended by inserting a new Section 2 to read as follows:

"SECTION 2. Section 226-14, Hawaii Revised Statutes, is amended by amending subsection (b) to read as follows:

"(b) To achieve the general facility systems objective, it shall be the policy of this State to:

- (1) Accommodate the needs of Hawaii's people through coordination of facility systems and capital improvement priorities in consonance with state and county plans.
- (2) Encourage flexibility in the design and development of facility systems to promote prudent use of resources and accommodate changing public demands and priorities.
- (3) Ensure that required facility systems can be supported within resource capacities and at reasonable cost to the user.
- (4) Pursue alternative methods of financing programs and projects and cost-saving techniques in the planning, construction, and maintenance of facility systems.
- (5) Identify existing and planned state facilities that are vulnerable to sea level rise, flooding impacts, and natural hazards.
- (6) Assess a range of options to mitigate the impacts of sea level rise to existing and planned state facilities.
- (7) Require that new development consider the impacts of climate change, sea level rise, and climate-resilient development in the design and siting of buildings."

- (11) Require that new development consider the impacts of climate change, sea level rise, and climate-resilient development in the design and siting of buildings."

Representative Ward moved that Floor Amendment No. 14 be adopted, seconded by Representative Garcia.

Representative Ward rose to speak in support of the proposed floor amendment, stating:

"Thank you, Mr. Speaker. I rise in a commonsense context for why I'm doing an amendment on this. First, central to American jurisprudence and to the Constitution, basically the values that we live by and defend, is equal opportunity and equality under the law. Mr. Speaker, that means that we should treat everything equally. And unfortunately, this bill, SB 1417, singles out only the Kaka'ako and the Kalaehoa area that should be aware of sea level rise in the event that it happens.

"Some of you who were here when our good colleague Cynthia Thielen was here, she spoke on this floor saying, beware Waikiki, by 2035 or 2040, she said, we're going to be five feet underwater. Mr. Speaker, this amendment puts equality to any shoreline area to be subject to this, not just what otherwise is a suspected Kaka'ako as being in the crosshairs for OHA's building. But for now, let's open it to all shores in all islands. If you have sea level rise on your island and you have buildings by which, because of the danger of sea level rise, this bill will allow you to have jurisdiction to relocate it.

"Mr. Speaker, this levels the playing field. It's a fair way of looking at sea level rise, not just at Kaka'ako or in the area of Kalaehoa. It says, Hawai'i, we are islands, and we are subject to sea level rise, particularly if you have a building right on the ocean.

"Having said that, Mr. Speaker, I urge people to just use common sense. Everybody is going to be subject to sea level rise whether we like it or not. It's an equal opportunity inundation, and this bill covers that through its amendment. Thank you."

Representative Ichiyama rose to speak in opposition to the proposed floor amendment, stating:

"Mr. Speaker, I rise in opposition to the floor amendment. Mr. Speaker, I appreciate the introducer of the floor amendment's intentions in wanting to raise awareness of the challenges of sea level rise and climate change across our state. I think that is absolutely an issue that we need to take up. And I have no quarrel with the substance that is being proposed in this floor amendment. What I do find troubling, though, is that this is new language that has never before been considered in this bill, before this body, or before the Senate. And therefore, my concern is that it would potentially violate the Constitution's requirement for a bill to be read three times in both bodies in order for it to pass. And for those reasons, I am opposed to the floor amendment. Thank you."

Representative Ward rose to respond, stating:

"How did you know I wanted to respond? Mr. Speaker, again, common sense. What is good for the goose is good for the gander. Every island that has ocean-side buildings, we don't need rocket science to interpret that by saying that, well, we haven't had three readings. Some have argued that even

our budget didn't get three readings. Some have argued that the gut-and-replace never got three readings. So, to say that this is a reason for blocking commonsense sea level, which is inevitably going to be in every island's concern, we can do it in one fell swoop now.

"Again, as I said in the beginning, it's common sense. I mean, just don't point out Kaka'ako because I'm going to say things I'm going to get censored for because it's a hit against the Hawaiians. Kalaehoa takes that away a bit. But if we generically put it to equal opportunity under the law, any place, any building, not just OHA's building, but any building, Waikiki or wherever in Lahaina, those that may be subject to this, they should be included. Again, common sense. Sea level rise is an equal opportunity inundation. Thank you again, Mr. Speaker."

"*Mahalo*, Mr. Speaker. Just wanted to say thank you to our House Health chair as well as the Senate Health chair for their hard work on this measure. I also am incredibly grateful to House leadership, to you, Mr. Speaker, and to the Finance and Judiciary chairs for passing this measure and for their support.

"For the first time, we are going to be enacting a statewide tobacco tax on e-cigarette products. For over a decade, vaping products remained unregulated in the state. And it was during this time that we saw an entire new generation get hooked on nicotine. It was also during this time that we saw a lot of our teen advocates grow up and during their support for this measure, they're now in full time jobs as adults.

"But today, they get to see their hard work pay off because we will be passing comprehensive regulations in addition to tobacco tax parity. This would also require vape shops to obtain a tobacco permit and license and also restrict online shipping and sales to only those who are registered. This is a good bill and a good public health bill and I urge the members to support this measure. *Mahalo*."

Representative Belatti rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support and just very brief comments. I just want to echo some of the comments of the previous speaker. This bill is 10 years in the making. I do want to acknowledge my Senate counterpart as well as the Senate introducer who has worked so long and hard on this. I also want to thank and acknowledge the newer members of this chamber who really were strong advocates. And so, it's the combination of newer members and advocates who have supported us in the past that really got this over the finish line. Thank you, Mr. Speaker."

SUPPLEMENTAL CALENDAR #1

GOVERNOR'S MESSAGES

The following message from the Governor (Gov. Msg. No. 1128) was received and announced by the Clerk:

Gov. Msg. No. 1128, transmitting his statement of objections to S.B. No. 921, as follows:

"EXECUTIVE CHAMBERS

HONOLULU

April 21, 2023

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 921

Honorable Members
 Thirty-Second Legislature
 State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 921, entitled "A Bill for an Act Relating to Limitations of Actions."

The purpose of this bill is to extend the deadline to clarify and expressly state that the tolling provision in section 514B-141, Hawaii Revised Statutes, applies to protect the rights of condominium associations to assert legal claims for construction defects against developers until two years after the developer's control of the condominium development is terminated.

This bill is objectionable because it appears to have the unintended consequence of increasing the costs of housing. The bill creates the potential for increased liability which results in the need for additional insurance coverage, which costs are ultimately borne and paid for by the buyers. Our administration is focused on alleviating our critical housing shortage in Hawai'i and we are reluctant to enact any new law that could add costs to housing or delays in construction. While this bill has merit and I commend its sponsors for their work, I am concerned that it will only add costs on future projects, and therefore, have decided to veto this bill.

For the foregoing reasons, I am returning Senate Bill No. 921 without my approval.

Respectfully,
 /s/ Josh Green, M.D.
 JOSH GREEN, M.D.
 Governor of Hawai'i"

Gov. Msg. No. 1128 and S.B. No. 921:

Representative Nakamura moved to override the veto of S.B. No. 921, as contained in Gov. Msg. No. 1128, seconded by Representative Morikawa.

Representative Sayama rose to speak in support of the override, stating:

"Thank you, Mr. Speaker. I rise in support. This measure passed overwhelmingly by the House. It aims to protect the condominium association's right of action against a developer when there is found to be structural defects in the construction of the condominium building. Under current law, this right is taken away by the association if the developer retains control of the board for over ten years. SB 921 simply fixes this loophole by clarifying that the condominium association retains their right of action against the developer who has terminated control over the board for two years.

"To be clear, this circumstance affects very few condominiums. However, I believe it is prudent that this body moves to fix this loophole and that we protect the rights of condominium owners, that we hold developers accountable who are responsible for faulty construction.

"I do want to address the concerns that have arisen in the last hearing in Judiciary & Hawaiian Affairs as well as in the subsequent days. Concerns that this new policy that fixing this loophole will increase the cost of housing. I'd like to reassure the members that through the four hearings and the 21 written testimonies, that we have received no testimony indicating substantive proof that this policy would substantially increase the cost of housing.

"And so, I think that there are some concerns out there, but even if you do recognize them, those concerns shouldn't overshadow the importance of protecting a condominium owner's and the association's right of action to protect their home, to get justice from developers who had failed to build their homes properly, as promised. And so, for these reasons, Mr. Speaker, I respectfully urge the body to once again support this measure and vote to override this veto. And I would like to affirm that your Committee on Consumer Protection & Commerce will work with community stakeholders who have concerns over the interim and address them in the next legislative session. So, again, Mr. Speaker, I rise in support, and I respectfully request the body's support on this override. Thank you."

Representative Ward rose to speak in opposition to the override, stating:

"Mr. Speaker, I speak against the override. Mr. Speaker, we made promises at the beginning of this session. We're going to lower the cost of living, we're going to help out with the housing shortage, and this bill does the exact opposite if we override it. The BIA of which some on this House have just spoken, it is not a credible source. This is the Building Industry Association, who knows what housing is about, they build houses, they finance houses. They are the referees of housing. They're the ones who say, this is going to add to the cost of housing. And why would we, after promising we are going to lower your cost of living, we're going to lower the cost of housing, why would we do this, Mr. Speaker? Governor Green knows what he's doing. The BIA knows what they're doing. But I'm not sure that we on this floor know what we're doing if we override this. Thank you."

Representative Tarnas rose to speak in support of the override, stating:

"In support, thank you. Your Committee on Judiciary & Hawaiian Affairs heard this measure. On the three committee hearings before the bill came to our committee, we had not heard any concerns about any of this opposition that is now coming up. And so, when our committee had the testimony that was in opposition from the Building Industry Association, I asked them, where were you on the earlier three committees? And they said, well, they hadn't submitted any testimony. I guess they didn't feel like it was an issue, but then it became an issue.

"Among the things that the Building Industry Association say, that it would result in additional costs for development. Well, actually, it seems like the developers would still be liable for any of the problems that are found in construction. But what this does is this allows for the association to find the problems. It gives them a couple of years after the developer gives up control in order to find potential problems that they wouldn't have found otherwise.

"The second issue they brought up was that it would have a chilling effect on development in Hawai'i. Again, I'm not a lawyer, but I'm informed that really, they're under the same legal duties, no matter. And so, it may not, in fact, have a chilling effect, but we'll have to monitor that carefully.

"The third opposition point that they brought up was that the proposed amendment is potentially unconstitutional because it treats developers differently from other parties. Well, actually, it treats all condominium developers the same. We have different statutes of limitations for different crimes, and that isn't an equal protection issue. So, I don't see how this would have any bearing on this civil side as well. So, for all these reasons, I think that this is a good bill, and I would support the override of the governor's veto. So, I urge members to support this effort. Thank you."

At this time the Chair called for a roll call vote and the motion to override the veto of S.B. No. 921, entitled: "A BILL FOR AN ACT RELATING TO LIMITATIONS OF ACTIONS," as contained in Gov. Msg. No. 1128, was put to vote by the Chair and carried, and was approved by the required two-thirds vote of the House pursuant to Section 17 of Article III of the Constitution of the State of Hawai'i on the following show of Ayes and Noes:

Ayes, 45: Aiu, Alcos, Amato, Belatti, Chun, Cochran, Evslin, Ganaden, Garrett, Gates, Hashem, Hashimoto, Holt, Hussey-Burdick, Ichiyama, Ilagan, Kahaloa, Kapela, Kila, Kitagawa, Kobayashi, La Chica, Lamosao, Marten, Matayoshi, Mizuno, Morikawa, Nakamura, Nakashima, Nishimoto, Onishi, Perruso, Pierick, Poepoe, Quinlan, Saiki, Sayama, Souza, Takayama, Takenouchi, Tam, Tarnas, Todd, Woodson, and Yamashita.

Noes, 4: Garcia, Kong, Matsumoto, and Ward.

Excused, 2: Lowen and Martinez.

At 1:39 p.m., the Chair noted that the motion to override the veto had carried, and S.B. No. 921, as contained in Gov. Msg. No. 1128, was approved.

At 1:40 p.m., the Chair declared a recess subject to the call of the Chair.

The House of Representatives reconvened at 1:54 p.m.

ANNOUNCEMENTS

Representative Ward: "Mr. Speaker, I want to say a big *mahalo* out to the person who gave us these blue leis, who is wearing blue and is a generous representative. And secondly, I'd like to invite all of you, again, to hear Ms. Connie Mitchell speak on all you want to know about homelessness in the Koko Marina Shopping Center at 6:00 p.m. Thank you, Mr. Speaker."

The Chair then recognized Representative Nakamura, the Majority Leader, to deliver closing remarks on behalf of the Majority Caucus:

"Thank you, Mr. Speaker and majority members, for the incredible opportunity to serve as majority leader. Thank you for keeping me in Honolulu on weekends, for Speaker's early morning phone calls, and television assignments, interview assignments, and for giving me a stipend for chart paper and markers.

"This session has been a learning curve for many of us in the Majority Caucus. Brand new members, first time committee chairs, new committee chair assignments for veteran members, and new leadership roles. And while we've had our ups and downs and bumps along the way, we have much to be proud of.

"We made a commitment to address homelessness and build more affordable housing on Opening Day, and we delivered. Thank you to Housing Chair Troy Hashimoto, Health Chair Della Au Belatti, Education Chair Justin Woodson, Finance Chair Kyle Yamashita, and CIP Chair Scott Nishimoto for coming through in a big way to provide housing for low, moderate, and working families in Hawai'i.

"We made a commitment to reduce taxes for working families, ALICE families, on Opening Day, and we delivered, and much more. Thank you to Economic Development Chair Daniel Holt, Finance Chair Kyle Yamashita, Vice Chair Kitagawa for working with the Senate and delivering thousands of dollars of targeted tax relief, \$703 million over the next five years for our ALICE families.

"We made a commitment to the environment and to address climate change on Opening Day, and we delivered. Thank you to Water & Land Chair Linda Ichiyama, EEP Chair Nicole Lowen, Tourism Chair Sean Quinlan, and Finance Chair Yamashita for investing in our environment that brings so much joy, solace, and rejuvenation for all of Hawai'i's residents.

"And finally, Mr. Speaker, we made a commitment to the mental health of our residents, and we delivered. And we can do and will do much more. Thank you to Representative Lisa Marten, Health Chair Della Au Belatti, GIA Chair Lisa Kitagawa, Education Chair Justin Woodson for helping deliver critical access to mental health services to those most in need.

"Mr. Speaker, we acknowledge your leadership and thank your incredible staff for helping to move the majority agenda forward. I would also like to acknowledge Vice Speaker Ilagan in building team spirit, in ordering our

brand-new jackets and coat pins, and helping with training along the way. We would not have gotten to know each other and gained all this weight without the efforts of Majority Floor Leader Dee Morikawa, Representatives Kitagawa, Matayoshi, Quinlan, and Chef Todd, and their staff.

"I'd like to give a shout out to CPC Vice Chair Jackson Sayama for stepping up, filling in, and being the voice of Chair Nakashima. You did an incredible job. I'd like to thank my staff, Ben, Phil, Sari, and Angela for helping me down Kuliouou Ridge and for their incredible support this session. I'd like to give a shout out to our squeaky-clean gang in Judiciary & Hawaiian Affairs for making good government a big part of this year's agenda. So, thank you to Chair Tarnas and Vice Chair Takayama. And finally, I'd like to thank you, all the members of the Majority Caucus, for your support."

The Chair then recognized Representative Matsumoto, the Minority Leader, to deliver closing remarks on behalf of the Minority Caucus:

"Thank you, Mr. Speaker. As we're now at the close of the 2023 Legislative Session, I want to make sure I take the time to thank those who really helped us get to this point. First, I'd like to thank the members of the House Republican Caucus. This year we grew in numbers, and we've had a lot to contribute. As one of my colleagues loves to say, we don't necessarily have the votes, but we have the voice.

"I'd also like to take the time to thank our House Minority Research Office. This session has had a lot of ups and downs, but I truly appreciate the unwavering dedication of our team. To all of the Republican staff, your willingness to come together and collaborate, even in the most difficult times, is truly what this building is all about. And I appreciate all you have done to make sure that positive change gets implemented for our districts and our state. To my office, to Sara, Sam, Malia, Aiden, and to our interns, Hunter, Diego, and Vincent, thank you for helping us all get to this point.

"This is the most cohesive and unified Republican Caucus I've ever seen during my tenure, believe it or not.

"To everyone in the Chief Clerk's Office, IT, Printshop, Public Access Room, LRB, Sergeant-at-Arms, our DAGS team, and all of the wonderful staff here, thank you for your time and energy.

"In my Opening Day speech, I laid out the priorities for our Republican Caucus, including combating the high cost of living, assisting families towards homeownership, supporting the rights of people to make decisions for themselves, implementing government reform, and keeping our communities safe by being tough on crime and creating pathways towards rehabilitation. This session we have taken a few steps in the right direction, but there is still so much more we can do.

"While we've passed some legislation to help high cost of living, like increasing the earned income tax credit and the refundable food excise tax credit, we needed to do more. Our caucus proposed eliminating the general excise tax on food and medical services. If this bill was passed, or even heard, it would have immediately helped the residents of Hawai'i. They wouldn't have to wait for their tax returns to see relief. This is something I hope we can collaborate on during the interim for the next session.

"We worked together and took a lot of steps forward towards increasing transparency in government and passing bills from the Campaign Spending Commission, Ethics Commission, Office of Elections, and others. However, it's still not enough. Our caucus advocated for all of the recommendations of the Commission to Improve Standards of Conduct and took it one step further, proposing a 12-year term limit. Our legislative body has lost the trust of the people, and in order to earn that trust back, government reform is imperative. And next year I know we will work to do even more.

"And finally, I appreciate the work we did on rehabilitation for those in our prison population. However, we needed to do more to address the increase of crime. The people of Hawai'i are looking at us to protect them by the laws that we put into place this legislative session, and we have fallen short. The Legislature is so much more than just passing policy. It's also about how we conduct ourselves to get things done. We are an example to the rest of the state on how to have civil discourse. If we cannot treat one

another with respect and conduct ourselves with decorum in this building, how can we expect this from the people of Hawai'i?"

"I think about all the members of our legislature. I know we can do better, and we have to do better. As we close out the 2023 Legislative Session, I want to say that I am proud of all that we have accomplished. However, our work is never finished. In this interim, we must continue to forge ahead to regain the trust of the people and reestablish our legislative processes to be about the people and good policy. It is our duty to work together for the people of Hawai'i, and I look forward to working with all of you to reach this goal. Thank you."

Speaker Saiki then gave his closing remarks as follows:

"The Chair has some brief closing remarks. First of all, I'd like to just begin with thank yous and acknowledgments. Thank you first to the Senate President and the members of the Senate for working with us throughout this session. Second, thank you to the vice speaker for running 97% of the floor sessions this year and for being our go-to person. Thank you to all of our staff for working so hard throughout this year to make us successful. This includes the Chief Clerk's Office, Sergeant-at-Arms, research offices, our Printshop, our IT office, the Legislative Reference Bureau, all of the staff members in our respective offices, and our custodial staff here at the State Capitol.

"So, members, as you know, this legislative session began on a positive note with the full reopening of the State Capitol, 18 new House members, and cooperation across the aisle, maybe with the exception of Representative Ward. But in just four months, you seized the opportunity to solve some of our most pressing problems. And here are some of your results.

"State park and trail repairs, native forests, plant, animal, and aquatic resource protection, tax relief for ALICE families, technology to implement a statewide green fee, grand jury reform, traffic safety, telehealth, 31 standard of conduct laws, hydrogen, gun control, 'ohana homeless zones, Medicaid physician reimbursement, invasive species control, women's reproductive protection, testing wells for the Board of Water Supply, financing for lower-income household solar and battery storage, child and adolescent crisis mobile treatment, mental health and assisted community treatment, rental housing funding, preschool, university campus security, Hawai'i Tourism Authority reform, Hilo Medical Center renovations. As you know, the list goes on and on and on.

"These achievements reflect your commitment to your community and to our entire state. We have a common goal. All of us want to advance Hawai'i so that all people have opportunity and hope. This legislative session has set a foundation that we can build upon next year. Your work will improve the lives of residents, our environment, and our commitment to the principles of justice and equality. I look forward to continuing our effort throughout the interim and thank you very much for all of your work."

Gov. Msg. No. 1233, transmitting his statement of objections to specific items contained in H.B. No. 300, HD 1, SD 1, CD 1, as follows:

"EXECUTIVE CHAMBERS

HONOLULU

June 29, 2023

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 300

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 300, entitled "A Bill for an Act Relating to the State Budget."

The purpose of this bill, the General Appropriations Act of 2023, is to adjust and request appropriations for the fiscal biennium 2023-2025 to fund the operations and capital improvement projects of Executive Branch agencies and programs.

While the bill as a whole has merit, the use of general fund moneys must be reprioritized due to: (a) the change in the Council on Revenues' general fund tax revenue projection in May 2023 that necessitates that the State's financial plan be rebalanced through line-item vetoes and reductions to the budget; and (b) the need to maintain healthy financial reserves so that the State can meet its reserve policy requirements. Because of this, the following general fund appropriations were subject to: (a) an assessment of items that require additional planning, public input, and clarity on the use of moneys; and (b) an evaluation of each expending agency's ability and capacity to spend down the moneys efficiently within the authorized appropriation period.

Consequently, I object to the expenditure of the following appropriations for the reasons indicated:

A. For the following thirteen general fund appropriations, I object to their expenditure due to the need for additional planning, public input, or clarity on the use of moneys; or concerns regarding each expending agency's ability and capacity to spend down the moneys efficiently within the authorized appropriation period.

1. The \$5,000,000 appropriation of the total \$28,735,463 appropriation for fiscal year 2023-2024 funded by general funds for LNR172 - Forestry - Resource Management and Development, designated in section 3, item A-11, page 7, line 19, of the bill, for operating costs, specifically those funds that, as indicated by the Budget Comparison Worksheet dated May 15, 2023, at page 699, seq. #3000-001, may have been intended to be used for operating and renovation; improvement; acquisitions; motor vehicles; equipment and appurtenances.

2. The \$5,000,000 appropriation of the total \$8,974,146 appropriation for fiscal year 2023-2024 funded by general funds for AGR192 - General Administration for Agriculture, designated in section 3, item A-15, page 8,

I will be allotting funds to the Department of Land and Natural Resources from that department's appropriation in this bill to help with this need because that department has the appropriate staff and capacity to undertake this task.

The \$1,050,000 appropriation of the total \$15,380,669 appropriation for fiscal year 2023-2024 funded by general funds for AGS221 – Public Works - Planning, Design, and Construction, designated in section 3, item K-35, page 48, line 35, of the bill, for operating costs, specifically those funds that, as indicated by the Budget Comparison Worksheet dated May 15, 2023, at page 61, seq. #2103-001, may have been intended to be used for proof of concept and master planning.

13. The \$500,000 appropriation of the total \$4,091,600 appropriation for fiscal year 2023-2024 funded by general funds for AGS233 - Central Services - Building Repairs and Alterations, designated in section 3, item K-38, page 49, line 10, of the bill, for operating costs, specifically those funds that, as indicated by the Budget Comparison Worksheet dated May 15, 2023, at page 69, seq. #2100-001, may have been intended to be used for planning for the relocation of the Mapunapuna baseyard.

B. For the following general fund appropriation, I object to the expenditure of \$50,000,000 for the Hawaii Technology Development Corporation, for infrastructure improvements for regional economic development for the First Responder Technology Campus. I understand that planning for the Campus is still in its initial stages. Given that the timing of construction will be subject to the approval of necessary land use entitlements and permits, it would not be fiscally prudent to commit such a large amount to this project without having secured such authorizations. Further, it appears highly unlikely that the contracts and encumbrances for this project can be completed before funding for the project lapses on June 30, 2024. I also object to the expenditure of \$2,000,000 of the \$4,000,000 appropriation for the Hawaii Center for Advanced Transportation Technologies for renewable energy technology, as this program is in its early stages of development, and I will be allotting \$2,000,000 from the remaining balance of this appropriation to support this program.

The \$50,000,000 appropriation of the total \$60,624,444 appropriation for fiscal year 2023-2024 funded by general funds for BED143 - Hawaii Technology Development Corporation, designated in section 3, item A-19, page 9, line 4, of the bill, for operating costs, specifically those funds that, as indicated by the Budget Comparison Worksheet dated May 15, 2023, at page 153, seq. #2102-001, may have been intended to be used for infrastructure improvements for regional economic development, and the \$2,000,000 appropriation of the same total appropriation, specifically those funds that, as indicated by the Budget Comparison Worksheet dated May 15, 2023, at page 151, seq. #1002-001, may have been intended for the Hawaii Center for Advanced Transportation Technologies for renewable energy technology, microgrid, and other related programs.

C. For the following general fund appropriation, I object to the expenditure of \$88,800,000 to the Agribusiness Development Corporation for the Wahiawa Irrigation System because this is a major policy decision for the State that requires thorough review and planning that would exceed the one-year timeline of the appropriation. This decision involves more than the preservation of the system for irrigation purposes. It is unclear if sufficient funding is provided for the operation and maintenance of the irrigation system. I understand that a report is being prepared evaluating the cost of repairs and other operating expenses needed to maintain the irrigation system. Further, a clear framework as to the responsibilities of the Agribusiness Development Corporation, the Department of Agriculture, and the Department of Land and Natural Resources with respect to operating and

maintaining the Wahiawa Irrigation System and Lake Wilson needs to be developed. However, I am committed to the development of diversified agriculture in Central Oahu and I will be allotting \$5,000,000 from the remaining balance of this appropriation to support the initial planning and design to improve or further develop the irrigation system.

The \$88,800,000 appropriation of the total \$106,160,761 appropriation for fiscal year 2023-2024 funded by general funds for BED170 - Agribusiness Development and Research, designated in section 3, item A-16, page 8, line 23, of the bill, for operating costs, specifically those funds that, as indicated by the Budget Comparison Worksheet dated May 15, 2023, at page 181, seq. #2100-001, may have been intended to be used for water infrastructure, land acquisition, and irrigation system management.

D. For the following general fund appropriation, I object to the expenditure of \$120,000,000 of the \$170,000,000 appropriation to the School Facilities Authority for teacher housing. I support the need to provide housing for our teachers and I will be allotting \$50,000,000 from the remaining balance of this appropriation to support the State's commitment to this endeavor. This funding will assist in the initial phases of providing much-needed teacher housing.

The \$120,000,000 appropriation of the total \$171,761,193 appropriation for fiscal year 2023-2024 funded by general funds for EDN450 - School Facilities Authority, designated in section 3, item G-6, page 31, line 33, of the bill, for operating costs, specifically those funds that, as indicated by the Budget Comparison Worksheet dated May 15, 2023, at page 365, seq. #3000-001, may have been intended to be used for teacher housing.

E. For the following general fund appropriation, I object to the expenditure of \$500,000,000 for deposit into the emergency and budget reserve fund for fiscal year 2024-2025. With the deposit of \$500,000,000 into the emergency and budget reserve fund in fiscal year 2023-2024, the State will meet its financial reserve policy requirements for the fiscal biennium 2023-2025. By line item vetoing this amount for fiscal year 2024-2025, the negative impact of reducing funding needed for public services will be mitigated. In addition, I object to the expenditure of \$33,000,000 for the State's matching portion of federal broadband grants for fiscal year 2024-2025. I believe that the \$33,000,000 appropriated in fiscal year 2023-2024 for the State's matching portion of federal broadband grants will be sufficient to meet the federal matching requirements at this time and that state match requirements can be revisited when additional federal funds are secured.

The \$500,000,000 appropriation of the total \$545,351,873 appropriation for fiscal year 2024-2025 funded by general funds for BUF101 - Departmental Administration and Budget Division, designated in section 3, item K-5, page 44, line 31, of the bill, for operating costs, specifically those funds that, as indicated by the Budget Comparison Worksheet dated May 15, 2023, at page 196, seq. #3001-001, may have been intended to be used for deposit into the emergency and budget reserve fund, and the \$500,000,000 amount in the proviso in part III, page 51, section 4, line 5, of this bill, and the \$33,000,000 appropriation of the same total appropriation, as indicated by the Budget Comparison Worksheet dated May 15, 2023, at page 195 seq. #3000-001, for operating costs, specifically those funds that may have been intended to be used for the State's matching portion of federal broadband grants.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 814

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 814, entitled "A Bill for an Act Relating to Electronic Information Technology Accessibility for Persons with Limited English Proficiency."

The purpose of this bill is to require the Office of Enterprise Technology, in consultation with the Office of Language Access and a working group comprised of stakeholders, to develop and publish, and periodically review and update, electronic information technology (IT) multilingual accessibility standards for State agencies. These standards shall require that all electronic information developed, purchased, used, or provided by a State agency must be made language accessible to persons with limited English proficiency. This bill also appropriates \$100,000 for one full-time equivalent program manager position for the Office of Enterprise Technology Services.

This bill is objectionable and cost prohibitive because the State uses almost 600 IT systems and the cost of compliance with this bill could reach hundreds of millions of dollars. The cost and effort required also would have a chilling effect on the modernization of State IT systems. State agencies already provide language access support for the State's public-facing systems and should be given the discretion to provide cost effective language access, such as providing access by using multilingual staff or written publications.

For the foregoing reasons, I am returning Senate Bill No. 814 without my approval.

Respectfully,
/s/ Josh Green, M.D.
JOSH GREEN, M.D.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 945, entitled "A Bill for an Act Relating to Special Purpose Digital Currency Licensure."

The purpose of this bill is to establish a licensing program for special purpose digital currency companies. Several of these types of companies currently operate through a program known as the Digital Currency Innovation Lab. This digital "sandbox" program has been instrumental in allowing the State to study these types of companies and develop data that will ultimately help the State to craft an appropriate regulatory environment for digital currency companies.

This bill is objectionable because it would establish a licensing program before the State has the resources it needs to effectively implement the program. Furthermore, additional study under the Digital Currency Innovation Lab would be helpful to gather more data through the digital sandbox before proceeding with a licensing program, particularly after the recent troubles surrounding the collapse of FTX, which operated a cryptocurrency exchange.

For the foregoing reasons, I am returning Senate Bill No. 945 without my approval.

STATEMENT OF OBJECTIONS TO SENATE BILL NO. 1079

Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 1079, entitled "A Bill for an Act Relating to Expungement."

The purpose of this bill is to allow first-time offenders who were sentenced for operating a vehicle after consuming a measurable amount of alcohol for persons under the age of twenty-one years, pursuant to 291E-64, Hawaii Revised Statutes (HRS), and first-time property offenders sentenced pursuant to section 706-622.9, HRS, to apply to have these convictions expunged from their records, if the offenders were sentenced before July 1, 1998.

This bill is objectionable because the purpose of this bill cannot be accomplished. Sections 291E-64 and 706-622.9, HRS, were not enacted until June 8, 2000, by Act 189, Session Laws of Hawaii 2008, and until June 22, 2006, by Act 230, Session Laws of Hawaii 2006, respectively. Consequently, no person was sentenced pursuant to these statutes before July 1, 1998, and no person can qualify for expungement of conviction records under this bill.

For the foregoing reason, I am returning Senate Bill No. 1079 without my approval.

Respectfully,

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 1518, entitled "A Bill for an Act Relating to the Department of Education."

The purpose of this bill is to provide procurement exemptions for the Department of Education for certain goods, services, and construction.

This bill is objectionable because the general exemption of the Department of Education's procurement of certain educational materials from chapter 103D, Hawaii Revised Statutes (Hawaii Public Procurement Code), is contrary to the principles of public procurement to foster public confidence and promote government accountability. Purchases of a wide range of educational materials by the Department of Education should be competitively procured, not exempted from the procurement code. Moreover, research and reference materials are already exempt from the procurement code under section 103D-102(b)(4)(C), Hawaii Revised Statutes, to allow governmental bodies, including the Department of Education, to obtain the latest books and related materials for the public in the best possible manner. Consequently, it is not necessary to create a new statutory exemption for these materials.

For the foregoing reasons, I am returning Senate Bill No. 1518 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, Senate Bill No. 1586, entitled "A Bill for an Act Relating to the University of Hawaii College of Tropical Agriculture and Human Resources."

The purpose of this bill is to appropriate funds out of the University of Hawaii Tuition and Fees Special Fund for the College of Tropical Agriculture and Human Resources to establish two full-time extension specialist positions and three fulltime extension agent positions.

This bill is objectionable because it erroneously classifies these new positions as "administrative, professional, and technical" positions. Pursuant to section 304A-1002, Hawaii Revised Statutes, extension specialists and extension agents are a part of the faculty classification. Faculty are represented by the University of Hawaii Professional Assembly (UHPA), in bargaining unit 7, whereas administrative, professional, and technical positions are represented by the Hawaii Government Employees Association in bargaining unit 8. This bill would compel the UHPA to file a petition for clarification or amendment with the Hawaii Labor Relations Board to correct the classification to faculty, consistent with all other extension specialists and extension agents.

For the foregoing reasons, I am returning Senate Bill No. 1586 without my approval.

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 153, entitled "A Bill for an Act Relating to State Water Code Penalties."

The purpose of this bill is to establish minimum and maximum penalties of \$50 and \$60,000 respectively [sic] for each day that a violation of the State Water Code, chapter 174C, Hawaii Revised Statutes, exists or continues.

This bill is objectionable because, while we understand and respect the need to hold violators of the State Water Code accountable, there are concerns that the significant increase of the maximum fine from \$5,000 a day to \$60,000 a day is not sufficiently justified. Several state agencies pump water to their housing developments, and there are indications that daily over-pumping from wells occurs throughout the State. This bill could have an adverse impact on new housing developments, because this is one of the first places county boards of water supply may look when there is a need to cut water usage.

For the foregoing reasons, I am returning House Bill No.153 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 475

Honorable Members
Thirty-Second Legislature
State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 475, entitled "A Bill for an Act Relating to the State Foundation on Culture and the Arts."

The purpose of this bill is to establish the Art in Private Places Pilot Program and the Art in Private Places Special Account within the State Foundation on Culture and the Arts.

Under the pilot program, the Executive Director of the State Foundation on Culture and the Arts may loan State-owned art to non-State individuals, businesses, or entities for reasonable financial consideration. Moneys received from the pilot program would be deposited into the Art in Private Places Special Account.

This bill is objectionable because the intent of the works of art program is to provide works of art for new and renovated State buildings funded from one percent of the amount appropriated for the project's construction cost element. Using State-purchased works of art for non-State individuals, businesses, or entities does not fulfill the intent of the works of art program and denies the public the opportunity to enjoy works of art in public buildings. It may result in public property being used for a non-public purpose in violation of Section 4 of Article VII of the Constitution of the State of Hawai'i.

Further, given that some of the art pieces may have been purchased using tax-exempt bond proceeds, there could be adverse tax consequences to the State if the amount of revenues generated from the loan program are significant when compared to the amount of tax-exempt bond proceeds used to acquire the works of art. Also, this bill would have a negative impact on Hawaii's creative economy as businesses and individuals could rent works of art from the State rather than purchase art pieces from the artists.

For the foregoing reasons, I am returning House Bill No. 475 without my approval.

Respectfully,

This bill, among other things, requires the Lieutenant Governor to assess a fee of \$10 for each apostille or non-apostille certification issued. The current fee is \$1.

This bill is objectionable because the increase from \$1 to \$10 is substantial and may be unaffordable to members of the public.

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 999, entitled "A Bill for an Act Relating to the Hawaii Technology Development Corporation."

The purposes of this bill are to: (1) amend the composition of the Hawaii Technology Development Corporation (HTDC) Board of Directors; (2) establish a public policy framework that addresses state goals in the area of economic diversification; (3) appropriate \$6,000,000 to HTDC for economic diversification for fiscal year 2023-2024 and fiscal year 2024-2025, respectively; and (4) require HTDC to submit annual reports to the Legislature.

This bill is objectionable because, although it provides much needed funding that supports HTDC core programs, it also proposes a new composition of the HTDC Board of Directors that targets a current sitting member and removes this member from serving. The bill requires the University of Hawai'i (UH) to designate a UH Regent to serve on the HTDC Board and eliminates UH's ability to decide and designate the most appropriate representative within its organization. UH Regents devote a significant amount of time and effort to ensure the higher education needs of the State are met through their duties as Regents; adding further duties, unrelated to higher education, would detract from this.

For the foregoing reasons, I am returning House Bill No. 999 without my approval.

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1088, entitled "A Bill for an Act Relating to Declaration of Water Shortage and Emergency."

The purpose of this bill is to amend the conditions, manner, and areas in which the Commission on Water Resource Management (CWRM) of the Department of Land and Natural Resources can declare and provide notice of water shortages and emergencies.

This bill is objectionable because the current provisions of the State Water Code, found in chapter 174C, Hawaii Revised Statutes (HRS), sufficiently protect our water resources in an emergency. The CWRM is tasked in section 174C-62, HRS, with formulating a plan for implementation during

periods of water shortage and is already authorized by statute to declare water shortages and impose restrictions. I share some of the concerns raised by the Board of Water Supply of the City and County of Honolulu about the amendments to the State Water Code made in this bill, and I have concluded that until the CWRM completes its plan, thereby establishing a foundation for emergency actions, it is premature to substantively amend the State Water Code.

For the foregoing reasons, I am returning House Bill No. 1088 without my approval.

STATEMENT OF OBJECTIONS TO HOUSE BILL NO. 1090

Honorable Members

State of Hawai'i

Pursuant to Section 16 of Article III of the Constitution of the State of Hawai'i, I am returning herewith, without my approval, House Bill No. 1090, entitled "A Bill for an Act Relating to Ocean Recreation Commercial Permits."

The purposes of this bill are to (1) allow the Department of Land and Natural Resources (DLNR) to designate moorage space within State small boat harbors to accommodate commercial fishing vessels and transient vessels, (2) specify the method by which the DLNR may issue new ocean recreation commercial permits to owners of vessels, and (3) require the DLNR to determine which permittees will be allowed to continue to renew their commercial use permits when the permit limit established by law is exceeded. In the event of an exceeded limit, issuance of new and renewal of existing permits will be based on seniority.

This bill is objectionable because, while I understand and respect the need to limit commercial uses in our shared oceans for the safety and protection of our natural and cultural resources, determining the issuance of new commercial use permits and the renewal of existing permits solely based on seniority may not be the singular metric to adequately achieve the necessary limits. Our laws provide the DLNR an objective means to issue new permits—by lottery. This lottery system will continue to allow the DLNR to issue new permits while the DLNR may seek a more balanced approach to prioritizing applications. Additionally, the law already provides that DLNR may refrain from renewing permits to permittees who fail to comply with permit terms and conditions.

For the foregoing reasons, I am returning House Bill No. 1090 without my approval.
