Representative Garcia rose to speak in opposition to the measure, stating:

"Same request, brief comment. This bill would simply remove fines for minors when they break the law or what have you. The judge came from Family Court and testified and said, really there's no need for this because minors are hardly ever fined anyway, and if they do, it's very small and there are options to pay fines through community service. So, for those reasons and us going softer on crime, no vote."

Representative Ganaden rose to speak in support of the measure, stating:

"In strong support. This is part of a national move to treat juvenile offenders like juveniles, basically realize that they are young people that deserve the opportunity to learn from their mistakes, to build services around them, to be part of families, and to integrate them into our communities moving forward. Fees have proven to be of no use in allowing children to learn from their mistakes to become participating members of our community.

"In the wake of numerous lawsuits here in the state, I think that we need to pass something like this in anticipation of a prospective lawsuit with the Supreme Court mandating that we do so. Thank you so much."

Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote and a brief comment. Mr. Speaker, I don't know if you've seen the news in the last couple of days, but there is a couple of people beating the bejesus out of a young person. To say that the violence among youth has increased I think is a little bit of an understatement. So, to give a get out of fees jail fee free I think is the wrong direction, though contrary to our good friend from Kalihi. I think we have to put a responsibility to the young people as to what their behavior can and cannot do.

"And I think this sort of opens the door. It's almost like giving the people who, hey look, if I steal less than \$750, I get out of jail free. If I do these particular things, I don't get any fees or any penalties whatsoever. The bottom line, Mr. Speaker, it's the wrong message to the young people who we should be raising as responsible civic-minded adults. And I think this one goes in the opposite direction. Thank you."

Representative Alcos rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Mizuno rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. I appreciate the WRs and the no votes, we certainly do not rubber stamp. In support, Mr. Speaker. I stand in support because Judiciary provided important comments for this bill which we placed in the committee report. I'm going to ask for your kind indulgence as I read back the testimony by the Judiciary. The intent and purposes of this bill are admirable, the strategies employed are evidence-based. And that family courts across the state rarely impose fine, fees, or costs on minors and their parents.

"At the end of the day, Judiciary supports this measure. It's not perfect. It's a work in progress and we still have to work to get the correct language in. But they support the intent. For those reasons, I support this measure. Thank you."

Representative Souza rose in support of the measure and asked that the remarks of Representative Ganaden be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Garcia rose to speak in opposition to the measure, stating:

"No vote and a brief comment. The bill would require that the preschools who receive funding through the open doors program, that those preschools meet a certain criteria with accreditation. It doesn't give room for religious

schools, where currently, through the open doors program, they can choose to go to various church preschools or non-profit preschools. And so, this bill would simply give the power to the department director to say yes or no, whether or not church schools could receive funding through the open doors program. So, for those reasons and the attack on religious liberty, a strong no vote."

Representative Pierick rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, with reservations, brief comment. Mr. Speaker, the biggest window to socio-economic mobility is education. And if we get them earlier, the better. This is a good bill. But if it knocks out the core, the pillar of the school system, because I think when we, a number of years ago, considered preschool, it was the parochial, the church-based schools that were the bulk of the locations and the bulk of the teachers. If this one takes that out, I think it's really putting one arm behind the back. So, I'm for the preschool, but for eliminating one of the major players, if you will, I think is not the policy we should be backing. Thank you."
