"I believe that this is an important reso to remember because, Mr. Speaker, having been in the foreign aid office at USAID and having been with Ukrainians, jogged around the track in Kyiv, the Ukrainians and Zelensky are the real deal. "Thank you, Mr. Speaker. In support.

"Our neighborhoods are comprised of *kūpuna*, *keiki*, and working families. Unfortunately, they are negatively impacted by the noise created by loud, modified mufflers. These mufflers create unnecessary and harmful noise pollution that have detrimental effects on the health of our communities.

"The European Environmental Agency reports that noise ranks second only to air pollution as the environmental exposure most harmful to public health.

"A Harvard publication states that research has shown that, 'noise pollution not only drives hearing loss, tinnitus, and hypersensitivity to sound, but can cause or exacerbate cardiovascular disease; type 2 diabetes; sleep disturbances; stress; mental health and cognition problems, including memory impairment and attention deficits; childhood learning delays; and low birth weight.'

"As someone that represents a dense neighborhood, my office receives calls and complaints on a weekly and sometimes daily basis by people whose lives are constantly disrupted by traffic noise. Noise pollution is a top priority for my constituents and many citizens.

"In 1977, the Legislature recognized that loud mufflers were a problem and therefore passed Act 79, that became Hawai'i Revised Statutes 291-24.5, which states, 'No person shall use on a public highway, sell, alter or install a muffler which will noticeably increase the noise emitted by a motor vehicle above that emitted by the vehicle as equipped from the factory.' The law further states that "any violation of this section shall constitute a violation and shall be enforceable by police officers.'

"When this law passed, many residents breathed a sigh of relief, but were disappointed as it became obvious that the law was difficult to enforce. SB 587 would assist us to enforce our current existing laws and thereby increase the quality of life for so many of our residents. Therefore, it is essential for us to pass Senate Bill 587."

Representative Gates rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."
