## ORDER OF THE DAY

## SUSPENSION OF RULES

On motion by Representative Morikawa, seconded by Representative Garcia and carried, the rules were suspended for the purpose of considering certain House and Senate Bills for Final Reading by consent calendar. (Representatives Hashem and Ganaden were excused.)

## UNFINISHED BUSINESS

## Conf. Com. Rep. No. 1 and S.B. No. 228, SD 1, HD 1, CD 1:

Representative Nakamura moved that the report of the Committee be adopted, and that S.B. No. 228, SD 1, HD 1, CD 1 pass Final Reading, seconded by Representative Morikawa.

Representative Pierick rose to speak in opposition to the measure, stating:

"No, please. So, I think the intent of this bill is excellent. We shouldn't be liars. I think the President of the Senate did well introducing this bill. However, this bill could be misunderstood and misapplied. So, what is truth? If I make a false statement against the state, who's to say that truth is true in that person's eyes?"

"So, let me read the summary of this bill. This bill 'establishes the offense of fraud as a class B felony. Establishes the offense of making a false, fictitious, or fraudulent claim against the State or a county as a class C felony. Establishes the offense of the use of false statements or entries in

matters within the jurisdiction of the executive, legislative, or judicial branches of the State as a class C felony.'

"I think lying is wrong. I think people should always tell the truth. But if my understanding of truth on gender is different than somebody else's truth, are they going to say I'm lying? What if I say elections aren't clean? They say you're lying, you're saying that the state is being falsified because of that statement. I disagree. What if somebody says, well, the chair shouldn't be allowed to defer bills and I say that's wrong and I'm now making a statement that's against the State of Hawai'i and somebody says, that's a false statement, that's a point of disagreement. If I say the government is corrupt and they say you're making a false statement against the government, that's a point of disagreement. If I say the process isn't fair or equitable and somebody challenges that and says you're making a false statement against the state, you should deserve a Class C felony, that's a disagreement.

"All six of our Republican bills didn't pass. And if I say that that's not right because we all went door to door and all of us are trying to represent our constituents and then the system doesn't let the process succeed and I say that system is wrong, and then somebody says, Elijah, you're making a false statement, you deserve a Class C felony. I don't think that's correct. So, I'm voting no against this bill."

Representative Aiu rose to speak in opposition to the measure, stating:

"Mr. Speaker, also in opposition. Mr. Speaker, I also have concerns with the use of false statements or entries section of this bill. I think it does open the floodgates to a lot of litigation or a lot of claims in criminal matters based on something that we may not intentionally or otherwise knowingly know it's true that we make these statements. And I do see this as a very chilling effect on otherwise free speech that people would make. Thank you."

Representative Tarnas rose to speak in support of the measure, stating:

"Thank you, in support. I just wanted to make it clear that for the fraud sections on this measure, that a person commits the offense of fraud if, with the intent to defraud, the person executes or attempts to execute any scheme or artifice to defraud or for the purpose of obtaining money or property by means of false or fraudulent pretenses, representations, or promises.' So, there has to be a knowing misrepresentation in order for achieving your goal of getting money, for example.

"So, we really modeled this measure after federal statutes, which have been in the books for a long time. So, it's not like we're creating something new. These were modeled after the following federal fraud statutes, the U.S. Code Section 287, which is about false, fictitious, or fraudulent claims. Title 18 of the U.S. Code about false statements and entries. Title 18 of the U.S. Code Section 1341 on mail fraud. The next section, 1343, on wire fraud, and the next section, 1344, on bank fraud.

"So, I think this is something that has been carefully crafted in order to make sure that we have in state law some of these measures that have been in federal law only so that we can actually prosecute some of these cases under state law. So, I think that's the purpose of this measure, and I urge the members to support it. Thank you."

Representative Souza rose in support of the measure and asked that the remarks of Representative Tarnas be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Aiu rose to respond, stating:

"Mr. Speaker, second time. I just want to turn every member's attention to the third section. Still in opposition. And I have no disagreement about the sections relating to fraud or false claims against the state. My objection is on false statements to either a legislative, judicial, or executive branch that any statements that people make, the government can prosecute felony claims against people making false statements to the government. And so, this has nothing to do with fraud or fictitious claims, it's merely speech that people may or may not know is false or otherwise untrue, that the government could then prosecute individuals for felony claims. Thank you, Mr. Speaker."

Representative Tarnas rose to respond, stating:

"Second time, in support. I just want to make it clear that in the language of the bill, it says specifically that, you know that this is a false statement that you're making. So, making any false writing or document, knowing that the writing or document contains any material is false, fictitious, or fraudulent statement or entry. This is, you have to be doing this and knowing that you're making a false statement. And that's what one would have to prove in order to successfully prosecute this. And I am speaking in support. Thank you."

Representative Souza rose to respond, stating:

"Mr. Speaker, second time in strong support. And please once again enter the words from the representative from Hawai'i Island into the record as my own. Thank you," and the Chair "so ordered." (By reference only.)

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and S.B. No. 228, SD 1, HD 1, CD 1, entitled: "A BILL FOR AN ACT RELATING TO FRAUD," passed Final Reading by a vote of 47 ayes to 3 noes, with Representatives Aiu, Alcos and Pierick voting no, and with Representative Ganaden being excused.

Representative Garrett rose to speak in support of the measure, stating:

"Mr. Speaker, thank you. Rising in strong support with a brief comment, please. Thank you, Mr. Speaker. As you'll recall, I shared with this body earlier this session that I serve as a sports official. For almost four years now, I've served as a softball umpire in the high school and college ranks.

"We're currently facing a nationwide crisis when it comes to the lack of sports officials, and the situation here is dire as well. A huge part of the problem is unruly spectators who think getting on referees and umpires is part of the fan experience that comes with the price of admission. From personal experience, I can share with this body that I've been called many things, but I went into this fully expecting some level of verbal abuse. But unfortunately, there have been recent incidents on the continent where belligerent spectators have crossed the line and physically assaulted sports officials who are simply discharging their duties.

"Mr. Speaker, passing this bill to elevate such assaults on sports officials from a misdemeanor to a Class C felony will serve as a powerful deterrent while sending a strong message that we value the contributions of all sports

officials. After all, Mr. Speaker, if there are no officials, there are no games. So, for these reasons, I support HB 264, SD 1. Thank you."

Representative Nakamura moved that H.B. No. 525, HD 2, SD 2 pass Final Reading, seconded by Representative Morikawa.

Representative Sayama rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. This measure will bring Hawai'i in compliance with the amendments afforded by the 2022 Uniform Commercial Code, which is really critical for local businesses to remain competitive and consumers protected when engaging in interstate commerce.

"In the past few days, there have been several community concerns and communications regarding a portion of this bill pertaining to the term 'controllable electronic records,' a term used to define cryptocurrencies and similar technologies. I just would like to take a moment to address these concerns.

"In this year alone, we've seen numerous scams involving cryptocurrencies, amounting to billions in losses for consumers and investors. Clearly, this industry needs some regulation and protections for consumers. This measure aims to curtail these scams by providing safeguards while allowing for responsible and legitimate digital currency businesses to continue operations. Community requests to expand the term 'controllable electronic records' to 'electronic records' is dangerous, as it is too broad of a term and can be interpreted to apply to private information unrelated to digital currency, which Article 12 of the UCC aims to regulate.

"In short, this bill is good for business and consumers, so I respectfully request the body's support on this measure. Thank you."

Representative Garcia rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Pierick rose to speak in opposition to the measure, stating:

In 2022 it was the Year of the Limu and we learned, and our communities learned, how to bring awareness to the importance of *limu* in our communities and Hawai'i as a whole. Recognizing *limu kala* as the official *limu* of Hawai'i will provide further educational opportunities and help honor *limu kala* as a significant food and medicine that it is, not just for our communities but for Native Hawaiians.

"*Limu* supports healthy oceans, and like growing plants on land, it supports carbon sequestration. If we have more *limu* in our oceans, and our families can also enjoy eating more *limu*, which for generations was very common and our *kūpuna* remember that, and something we don't always get to experience today. *Mahalo* to the Limu Hui, KUA, and all those in our community who supported this measure."

Representative Kobayashi rose to speak in support of the measure, stating:

"Mr. Speaker, in support. Mr. Speaker, this bill was introduced on behalf of a certain representative from Maui at the behest of the Deaf-Blind Task Force. I introduced the bill only in name.

"This bill was a great learning experience for me. It essentially says that the American Sign Language is a distinct, autonomous, fully developed language with its own grammar, its own syntax, its own vocabulary. I did not know this. I thought that the American Sign Language was just an attempt to repeat in English what someone has said. It is an example of how little understood deaf people are.

"They have a community that is quite distinct from ours. And they have a language that is quite distinct from ours. Deaf people have a problem which is much, much greater than that of a blind person. A blind person learns language at the same time as a sighted person, but a deaf person does not understand language at all until probably school age. This puts them at a severe, terrible disadvantage both in their communications, their social interaction, and their livelihood.

"So, I think that recognizing the American Sign Language is one step toward recognizing the difficulties and the special and distinct community that deaf people have. Thank you."

Representative Tam rose in support of the measure and asked that the remarks of Representative Kobayashi be entered into the Journal as his own, and the Chair "so ordered." (By reference only.)
