As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 615, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (Amato, Belatti, Onishi).

SCRep. 849 Consumer Protection & Commerce on H.B. No. 307

The purpose of this measure is to authorize the Department of Agriculture to extend the agricultural park lease of any lessee who holds a lease with a remaining term of fifteen years or less as long as the land covered by the lease is twenty-five acres or less and located in a county with a population of less than five hundred thousand.

Your Committee received testimony in support of this measure from the Land Use Research Foundation of Hawaii; Maui County Farm Bureau; Local Food Coalition; Ono Nut Farms; Hawai'i Farm Bureau; Hawaii Floriculture and Nursery Association; Panaewa Foliage Inc.; Hawaii Crop Improvement Association; Kawasaki Nursery, Inc.; and eight individuals. Your Committee received comments on this measure from the Department of Agriculture and Office of Hawaiian Affairs.

Your Committee finds that the success of farmers is critical to the State's goal to double local food production. Through the Department of Agriculture leases of public lands, agriculture and agricultural production are advanced, which make it practical for producers to succeed and provide the State's communities with what they need. The Department of Agriculture's long-term leases make it possible for farmers and ranchers to prudently invest in operational and infrastructure improvements on leased land.

However, your Committee further finds that lessees whose leases are close to expiration and whose continued tenancy is uncertain have little incentive to invest in major improvements to their infrastructure and ensure the long-term maintenance of their facilities. This measure will allow the Department of Agriculture to settle those uncertainties by granting extensions.

Your Committee has heard the concerns that this measure may allow for perpetual leases of agricultural lands, and the continual renewal of leases tied to these lands could effectively put public lands into private ownership and control, thereby binding the lands to uses that do not maximize the benefit to Native Hawaiians. With these concerns in mind, your Committee suggests that the Department of Agriculture consider prioritizing Native Hawaiian applicants for agricultural park leases.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 307, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (Amato, Belatti, Onishi).

SCRep. 850 Finance on H.B. No. 275

The purpose of this measure is to appropriate funds to provide grants to assist taro farmers in meeting the costs of cultivating taro for consumption.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Maui, Hawaii Food+ Policy, Hawai'i Alliance for Progressive Action, Hawai'i Farm Bureau, Hawai'i Farmers Union United, Sierra Club of Hawai'i, and ten individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs and Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 275, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 851 Finance on H.B. No. 305

The purpose of this measure is to update the Hawaii State Planning Act's economic agricultural objectives and policies and priority guidelines by removing references to the sugar and pineapple industries.

Your Committee received testimony in support of this measure from the Department of Agriculture, Office of Planning and Sustainable Development, Hawai'i Farm Bureau, Hawai'i Farmers Union United, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 305, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 852 Finance on H.B. No. 313

The purpose of this measure is to appropriate funds to the University of Hawaii to establish a Foreign Agriculture Small Equipment Pilot Program.

Your Committee received testimony in support of this measure from the Ulupono Initiative, Land Use Research Foundation of Hawaii, Hawai'i Farm Bureau, Maui County Farm Bureau, Kohana Family Farms, Hawaii Cattlemen's Council, Hawaii Crop Improvement Association, and four individuals. Your Committee received comments on this measure from the Department of Agriculture and University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 313, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 853 Finance on H.B. No. 605

The purpose of this measure is to establish a Dam and Reservoir Working Group to:

- (1) Ensure and enhance continued availability and operation of dams and reservoirs in the State; and
- (2) Consider the role dams and reservoirs play in drought mitigation and the maintenance of a dependable water supply.

Your Committee received testimony in support of this measure from the Ulupono Initiative, Aina Ho'okupu o Kilauea, Hawai'i Farm Bureau, Hawaii Cattlemen's Council, Hawaii Crop Improvement Association, and five individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources. Your Committee received comments on this measure from the Department of Agriculture and Hawai'i Emergency Management Agency.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 605, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 854 Finance on H.B. No. 972

The purpose of this measure is to:

- (1) Add revenue generated by the State Veterinary Laboratory and Animal Disease Control Branch as sources for the Animal Industry Special Fund; and
- (2) Clarify that the funds from the Animal Industry Special Fund may be expended to make laboratory improvements.

Your Committee received testimony in support of this measure from the Department of Agriculture and Hawaii Cattlemen's Council.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 972, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 855 Finance on H.B. No. 1248

The purpose of this measure is to appropriate funds to the Department of Agriculture for the continued administration of the Hawaii Healthy Food Incentive Program, commonly known as DA BUX, and to provide matching funds to beneficiaries who participate in the federal Supplemental Nutrition Assistance Program.

Your Committee received testimony in support of this measure from the Department of Agriculture; Executive Office on Early Learning; Maui County Council; Department of Research and Development of the County of Hawaii; Early Childhood Action Strategy; American Heart Association; Hawai'i Primary Care Association; Hawai'i Food Hub Hui; Hawai'i Public Health Institute; Hawai'i Farmers Union United; Ulupono Initiative; Hawai'i Appleseed Center for Law & Economic Justice; Ka Ohana O Na Pua; Okimoto Corporation; Hawai'i Children's Action Network Speaks!; Hawai'i Farm Bureau; The Food Basket, Hawai'i Island's Food Bank; Hawai'i SEED; Hawai'i Foodbank; Hawai'i Pacific Health; Wai'anae Community Re-Development Corporation-MA'O Organic Farms; Hawai'i Good Food Alliance; 350Hawaii.org; Hawai'i Food Industry Association; Hawai'i Alliance for Progressive Action; Kohana Family Farms; Hawaii Cattlemen's Council; Hawai'i Family Caregiver Coalition; Sierra Club of Hawai'i; KTA Super Stores; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1248, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 856 Finance on H.B. No. 1250

The purpose of this measure is to protect Hawaii-grown mamaki tea by:

- (1) Imposing labeling requirements for mamaki tea grown in the State; and
- (2) Appropriating funds to the Department of Agriculture to administer the mamaki tea labeling requirements.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, Hawai'i Farmers Union United, and three individuals. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1250, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 857 Finance on H.B. No. 1382

The purpose of this measure is to:

- (1) Allow for the donation of wild game meat, under certain circumstances; and
- (2) Establish a Meat Processing Task Force to develop and implement a plan to expand the meat processing capacity in the State.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Maui; one member of the Maui County Council; Hawai'i Farmers Union United; Aina Ho'okupu o Kilauea; Hawai'i Food+ Policy; Hawai'i Farm Bureau; Maui County Farm Bureau; Kohana Family Farms; Hawai'i Cattlemen's Council, Inc.; Hawai'i Forest Industry Association; and four individuals. Your Committee received comments on this measure from the Department of Agriculture, Agribusiness Development Corporation, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1382, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 858 Finance on H.B. No. 1426

The purpose of this measure is to:

- (1) Establish a food and product innovation network with the Agribusiness Development Corporation; and
- (2) Appropriate funds for food and product innovation facilities on the islands of Molokai, Oahu, and Hawaii as part of the food and product innovation network.

Your Committee received testimony in support of this measure from the Department of Agriculture, Department of Research and Development of the County of Hawaii, Ulupono Initiative, Hawai'i Farm Bureau, and Hawaii Food Industry Association. Your Committee received comments on this measure from the University of Hawai'i System; Agribusiness Development Corporation; and The Food Basket, Hawai'i Island's Food Bank.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1426, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 859 Finance on H.B. No. 248

The purpose of this measure is to:

- (1) Require the Farm to School Program and Farm to School Meals Program, established by Act 175, Session Laws of Hawaii 2021, to be fully implemented by the 2024-2025 school year;
- (2) Empower Complex Area Superintendents to implement the Farm to School Program and Farm to School Meals Program;
- (3) Require certain school cafeteria supervisors to report directly to Complex Area Superintendents;
- (4) Create, define the scope of, and appropriate funds for additional cafeteria supervisor positions; and
- (5) Require the Office of Talent Management of the Department of Education to conduct a compensation review of school cafeteria supervisor positions.

Your Committee received testimony in support of this measure from the Hawai'i Primary Care Association, Hawai'i Farmers Union United, Ulupono Initiative, Hawai'i Youth Food Council, Hawai'i Public Health Institute, Hawaii Appleseed Center for Law & Economic Justice, Hawai'i Farm Bureau, Hawai'i SEED, Climate Future Forum, Hawai'i Alliance for Progressive Action, Kohana Family Farms, and twelve individuals. Your Committee received comments on this measure from the Department of Education; Chamber of Sustainable Commerce; Ka Ohana O Na Pua; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and North Shore Economic Vitality Partnership.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 248, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 860 Finance on H.B. No. 308

The purpose of this measure is to establish the Sustainable Food Systems Working Group to develop an interagency food systems plan.

Your Committee received testimony in support of this measure from the Hawai'i Tourism Authority, Wild Kids, Agriculture and Food Security Committee of the Environmental Caucus of the Democratic Party of Hawai'i, Hawai'i Public Health Institute, Ulupono Initiative, Hawai'i Food+ Policy, Ka Ohana O Na Pua, Hawai'i SEED, Hawai'i Foodbank, Hawaii Food Industry Association, Hawai'i Alliance for Progressive Action, and ten individuals. Your Committee

received comments on this measure from the Office of Hawaiian Affairs, Department of Agriculture, University of Hawai'i System, North Shore Economic Vitality Partnership, Hawai'i Farm Bureau, Hawai'i Farmers Union United, Hawaii Cattlemen's Council, and Sierra Club of Hawai'i.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 308, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 861 Finance on H.B. No. 606

The purpose of this measure is to require the Department of Agriculture, in collaboration with other state agencies, to develop and implement a plan to expand the State's meat processing capacity to allow for meat from axis deer and other wild game to be distributed by non-profit food distribution services.

Your Committee received testimony in support of this measure from the Department of Agriculture, Aina Ho'okupu o Kilauea, Hawai'i Farm Bureau, Maui County Farm Bureau, Hawai'i Farmers Union United, Kohana Family Farms, Hawaii Cattlemen's Council, Maui Chamber of Commerce, and three individuals. Your Committee received comments on this measure from the Department of Human Services and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 606, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 862 Finance on H.B. No. 1359

The purpose of this measure is to amend the existing regulatory framework for hemp production in the State by:

- (1) Repealing redundant regulations;
- (2) Amending the hemp law in a manner that recognizes the unique constraints of Hawaii farmers, while protecting human health;
- (3) Allowing licensed hemp producers to sell hemp biomass;
- (4) Requiring commercial hemp producers under the jurisdiction of the Department of Agriculture to identify the percentage of Hawaii-grown hemp or hemp product in all hemp products on the label;
- (5) Requiring and appropriating funds for the Department of Health to hire or consult a toxicologist or consultant familiar with hemp industry standards for the purpose of setting defined action limits or exposure levels for different types of hemp products; and
- (6) Extending the State's hemp processor law through July 1, 2027.

Your Committee received testimony in support of this measure from four individuals. Your Committee received comments on this measure from the Department of Health, Department of Agriculture, Department of the Attorney General, Hawai'i Hemp Farmers Association, Kauai Hemp Co., Hawai'i Farmers Union United, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1359, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 863 Finance on H.B. No. 473

The purpose of this measure is to appropriate funds to the State Foundation on Culture and the Arts Creative Workforce Grant Program for the awarding of grants to eligible nonprofit arts and culture organizations to support the living wage of creative workers.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts; Hawaii Youth Symphony; Ebb & Flow Arts; Hana Arts; Honolulu Printmakers; Hawai'i Arts Alliance; Glass Fusion Collective; Hawaii Craftsmen; Hawaii Handweavers Hui; Sounding Joy Music Therapy, Inc.; and eight individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 473, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 864 Finance on H.B. No. 474

The purpose of this measure is to appropriate federal funds to sustain and support the Bernice Pauahi Bishop Museum, officially designated as the State of Hawaii Museum of Natural and Cultural History.

Your Committee received testimony in support of this measure from the Bishop Museum and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 474, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 865 Finance on H.B. No. 475

The purpose of this measure is to appropriate funds to the State Foundation on Culture and the Arts for the Art in Private Places Program and to establish one full-time equivalent permanent position for the Foundation.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the State Foundation on Culture and the Arts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 475, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 866 Finance on H.B. No. 478

The purpose of this measure is to appropriate funds for the State Foundation on Culture and the Arts Artist Fellowship Program for the awarding of one-time fellowships to promising artists.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts, Ebb & Flow Arts, Honolulu Printmakers, Hawai'i Arts Alliance, and nine individuals. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 478, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 867 Finance on H.B. No. 968

The purpose of this measure is to appropriate funds to the University of Hawaii Pamantasan Council for three full-time equivalent academic and support services specialist positions.

Your Committee received testimony in support of this measure from the University of Hawai'i Pamantasan Executive Committee, Hawai'i Friends of Civil Rights, Sariling Gawa Youth Council, Filipinos for Affirmative Action, Samahang Filipino Club at Hawai'i Community College, and nineteen individuals. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 968, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 868 Finance on H.B. No. 451

The purpose of this measure is to:

- (1) Amend Act 125, Session Laws of Hawaii 2022, to extend the time to expend appropriations for the establishment of a pilot visitation and family resource center at Waiawa Correctional Facility on Oahu;
- (2) Make conforming amendments related to the establishment of the Department of Corrections and Rehabilitation; and
- (3) Appropriate additional funds to implement the pilot visitation and family resource center at Waiawa Correctional Facility.

Your Committee received testimony in support of this measure from the Hawaii Correctional System Oversight Commission, Hawai'i Youth Services Network, Hawai'i Children's Action Network Speaks!, Community Alliance on Prisons, Blueprint for Change, and two individuals. Your Committee received comments on this measure from the Department of Human Services and Department of Public Safety.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 451, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 869 Finance on H.B. No. 824

The purpose of this measure is to create a medical release program for certain ill or impaired inmates who pose a low risk to public safety.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Public Safety, Hawaii Correctional System Oversight Commission, and Hawaii Paroling Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 824, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 870 Finance on H.B. No. 1129

The purpose of this measure is to appropriate funds as a grant to the Hawaii Friends of Restorative Justice for the education and reentry program for incarcerated women.

Your Committee received testimony in support of this measure from the University of Hawai'i System, University of Hawai'i Thompson School of Social Work and Public Health, Department of Public Safety, Department of Education, Hawai'i Friends of Restorative Justice, Community Alliance on Prisons, Women's Prison Project, and six individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1129, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 871 Finance on H.B. No. 1130

The purpose of this measure is to appropriate funds to the Department of Public Safety to administer level I trauma-informed certification programs for adult corrections officers statewide.

Your Committee received testimony in support of this measure from the Judiciary, Department of Public Safety, Hawai'i Friends of Restorative Justice, Opportunity Youth Action Hawai'i, Women's Prison Project, and two individuals. Your Committee received comments on this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1130, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 872 Finance on H.B. No. 1131

The purpose of this measure is to require and appropriate funds for the University of Hawaii to conduct a comparative study of all programming offered to individuals incarcerated at correctional facilities in the State to identify gaps in programming offered to female inmates.

Your Committee received testimony in support of this measure from the Department of Public Safety, Rainbow Family 808, Hawai'i Women Lawyers, Women's Prison Project, Stonewall Caucus of the Democratic Party of Hawaii, and one individual. Your Committee received comments on this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1131, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 873 Finance on H.B. No. 1132

The purpose of this measure is to:

- (1) Extend the term of the Oversight Coordinator for the Hawaii Correctional System Oversight Commission from two years to six years;
- (2) Require the Commission to publish a summary of an investigation and any action taken by the Commission in response;
- (3) Authorize the Commission to hold a meeting closed to the public to discuss with the Oversight Coordinator a complaint investigated when necessary to maintain confidentiality, under certain conditions; and
- (4) Broaden the Oversight Coordinator's power to make inquiries, obtain information, and inspect the premises of agencies and correctional facilities.

Your Committee received testimony in support of this measure from the Hawaii Correctional System Oversight Commission, Community Alliance on Prisons, and four individuals. Your Committee received comments on this measure from the Department of Public Safety and Hawaii Paroling Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1132, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 874 Finance on H.B. No. 54

The purpose of this measure is to establish and appropriate funds for a Nationally Certified School Psychologist Incentive Program within the Department of Education.

Your Committee received testimony in support of this measure from the Hawai'i State Youth Commission; Hawaii State Teachers Association; Hawai'i Children's Action Network Speaks!; Hui for Excellence in Education; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i Association of School Psychologists; and nineteen individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Troll Factory and two individuals. Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 54, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 875 Finance on H.B. No. 250

The purpose of this measure is to require the Department of Education to adopt rules for the procurement of goods and services related to the administration of food programs at public schools that incorporate a geographic preference for unprocessed locally grown and locally raised agricultural products.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Primary Care Association; Hawai'i Farmers Union United; Ulupono Initiative; Hawai'i Public Health Institute; Hawai'i Youth Food Council; Hawaii Appleseed Center for Law & Economic Justice; Hawai'i Farm Bureau; Hawai'i SEED; Hawaii Cattlemen's Council, Inc.; 350Hawaii; Hawai'i Alliance for Progressive Action; Mālama Kaua'i; North Shore Economic Vitality Partnership; Kohana Family Farms; and eleven individuals. Your Committee received comments on this measure from the Department of Education and Chamber of Sustainable Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 250, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 876 Finance on H.B. No. 260

The purpose of this measure is to:

- (1) Require the Department of Education to develop and implement safety training based on best practices for all cafeteria student helpers;
- (2) Require the Department of Education to ensure that all cafeteria student helpers receive the training prior to volunteering;

- (3) Require the Department of Education to provide personal protective equipment for all cafeteria student helpers prior to volunteering; and
- (4) Require all cafeteria student helpers to be directed and supervised by trained personnel at all times.

Your Committee received testimony in support of this measure from the Department of Education and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 260, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 877 Finance on H.B. No. 335

The purpose of this measure is to:

- (1) Exempt small purchases of career and technical education equipment for the Department of Education from the electronic procurement system requirements; and
- (2) Adjust the quotation requirements for the procurement of small purchases of career and technical education equipment for the Department of Education.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 335, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 878 Finance on H.B. No. 388

The purpose of this measure is to:

- (1) Adopt the National Instructional Materials Accessibility Standard to provide for the timely availability of accessible instructional materials and technology for eligible students; and
- (2) Require the Department of Education to obtain instructional materials in accessible formats for eligible students.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, Hawaii State Committee of Blind Vendors, National Federation of the Blind of Hawaii, Hoopono, and ten individuals. Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 388, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 879 Finance on H.B. No. 464

The purpose of this measure is to:

- (1) Establish a five-year magnet school pilot program at Waiahole and Ka'a'awa Elementary Schools;
- (2) Establish eight full-time equivalent (8.0 FTE) positions; and
- (3) Appropriate funds for the magnet school pilot program and the positions.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association, Ka'a'awa Elementary School, and seven individuals. Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1000, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 911 Finance on H.B. No. 1001

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (2) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, University of Hawai'i System, Hawai'i Health Systems Corporation, and Hawai'i Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1001, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 912 Finance on H.B. No. 1002

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (3) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawai'i Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1002, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 913 Finance on H.B. No. 1003

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (4) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawaii Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1003, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 914 Finance on H.B. No. 1004

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (5) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii State Teachers Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1004, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 915 Finance on H.B. No. 1005

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (6) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1005, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 916 Finance on H.B. No. 1006

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (7) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, University of Hawai'i System, and University of Hawaii Professional Assembly.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1006, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 917 Finance on H.B. No. 1007

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (8) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1007, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 918 Finance on H.B. No. 1008

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (9) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawai'i Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1008, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 919 Finance on H.B. No. 1009

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (10) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; University of Hawai'i System; Hawai'i Health Systems Corporation; and United Public Workers, AFSCME Local 646, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1009, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 920 Finance on H.B. No. 1010

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (11) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawai'i Health Systems Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1010, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 921 Finance on H.B. No. 1012

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (14) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1012, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 922 Finance on H.B. No. 565

The purpose of this measure is to establish and appropriate funds for the State Self-Insurance Against Property and Casualty Risks Special Fund to provide the State with self-insurance coverage against property and casualty risks.

Your Committee received comments on this measure from the Department of Budget and Finance and Department of Accounting and General Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 565, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 923 Finance on H.B. No. 964

The purpose of this measure is to:

- (1) Increase the fee for the issuance of an apostille or a certification to \$10;
- (2) Establish the Apostilles and Certifications Special Fund; and
- (3) Authorize the Office of the Lieutenant Governor to expend monies from the special fund for operational expenses.

Your Committee received comments on this measure from the Office of the Lieutenant Governor and Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 964, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Cochran, Garrett).

SCRep. 924 Finance on H.B. No. 977

The purpose of this measure is to repeal the Community Council on Purchase of Health and Human Services.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Accounting and General Services, and State Procurement Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 977, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 925 Finance on H.B. No. 24

The purpose of this measure is to remove the requirement that water carriers secure prior approval of the Public Utilities Commission to enter into long-term leases of more than three years and leverage leases.

Your Committee received testimony in support of this measure from the Hawaii Harbor Users Group; Matson Navigation Company, Inc; and Young Brothers, LLC. Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the Public Utilities Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 24, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Poepoe). Noes, none. Excused, 2 (Cochran, Garrett).

SCRep. 926 Finance on H.B. No. 600

The purpose of this measure is to:

- (1) Establish the Safe Routes to School Advisory Committee within the Planning Branch of the Highways Division of the Department of Transportation to develop a comprehensive statewide safe routes to school plan to advise the State on strategies that provide safe and secure alternatives for children to get to and from school; and
- (2) Appropriate funds for the Department of Transportation to hire additional staff, procure facilities and equipment necessary to support the Safe Routes to School Advisory Committee, and match federal funding for sidewalks.

Your Committee received testimony in support of this measure from the Department of Education, State Council on Developmental Disabilities, one member of the Hawai'i County Council, Honolulu Police Department, Hawai'i Public Health Institute, Hawai'i Primary Care Association, AlohaCare, and five individuals. Your Committee received comments on this measure from the Department of Transportation, Department of Health, Department of Transportation Services of the City and County of Honolulu, and Ulupono Initiative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 600, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Cochran, Garrett).

SCRep. 927 Finance on H.B. No. 1406

The purpose of this measure is to require:

- (1) Asphalt removed from roads and driveways be recycled under certain conditions;
- (2) The Department of Transportation to adopt rules regarding best practices for paving projects, asphalt processing, stockpiling, and asphalt disposal; and
- (3) The Department of Health to designate asphalt storage sites or develop a centralized asphalt processing and storage facility.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Hawaii Asphalt Paving Industry. Your Committee received comments on this measure from the Department of Health and Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1406, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Kobayashi). Noes, none. Excused, 2 (Cochran, Garrett).

SCRep. 928 Finance on H.B. No. 961

The purpose of this measure is to:

- (1) Appropriate funds for the Preschool Open Doors Program and Executive Office on Early Learning to expand access to preschool and implement program changes required by previous acts;
- (2) Expand the types of entities from which a Preschool Open Doors service provider may obtain accreditation;
- (3) Expand the Preschool Open Doors Program application process to eligible three-year-old children; and
- (4) Authorize the Preschool Open Doors Special Fund to accept federal funds.

Your Committee received testimony in support of this measure from the Office of the Lieutenant Governor, Executive Office on Early Learning, Early Learning Board, Department of Research and Development of the County of Hawai'i, Hui for Excellence in Education, Hawaii Association of Independent Schools, Hawaii Council of Private Schools, Kamehameha Schools, Commit to Keiki, and Early Childhood Action Strategy. Your Committee received comments on this measure from the Department of Human Services, Department of Budget and Finance, University of Hawai'i System, Hawai'i Children's Action Network Speaks!, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 961, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Cochran, Garrett).

SCRep. 929 Judiciary & Hawaiian Affairs on H.B. No. 618

The purpose of this measure is to:

- (1) Establish an exemption from mediation in paternity proceedings where there are allegations of domestic abuse and the party alleging the domestic abuse does not wish to participate;
- (2) Prohibit a mediator from engaging in mediation where there are allegations of domestic abuse, unless certain requirements are met;
- (3) Prohibit the Family Court from requiring mediation in paternity proceedings if there is a temporary restraining order or protective order in effect and the party alleging domestic abuse does not wish to participate; and
- (4) Allow the Family Court to order mediation in paternity proceedings where there is no temporary restraining order or protective order in effect, under certain circumstances.

Your Committee received testimony in support of this measure from the Judiciary, Hawai'i State Coalition Against Domestic Violence, Hawai'i Women's Coalition, Hawai'i Children's Action Network Speaks!, and ten individuals.

Your Committee finds that this measure seeks to protect an alleged victim of domestic abuse from being required to participate in contested paternity proceedings against the person's wishes and provides safeguards for an alleged victim of domestic abuse who authorizes mediation to proceed. Your Committee concurs with the Judiciary's position that this measure balances the autonomy of parties who allege domestic abuse in paternity cases to choose to exercise mediation opportunities and applies to these cases the many protections afforded to parties in divorce cases that involve allegations of domestic abuse.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 618 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 930 Judiciary & Hawaiian Affairs on H.B. No. 1045

The purpose of this measure is to:

- (1) Adjust the responsibility for producing a certificate of release from certain minor students to the student's parent or legal guardian; and
- (2) Exempt students eligible for assistance provided under the federal McKinney-Vento Homeless Assistance Act of 1987 from producing required student records when transferring schools.

Your Committee received testimony in support of this measure from the Department of Education and one individual.

Your Committee finds that when a minor student transfers schools, the student is required to submit to the enrolling school a certificate of release obtained from the school the student last attended. However, because minors do not have legal capacity independent of their parents or legal guardians, your Committee further finds that it is more appropriate for the parent or legal guardian to obtain and submit the certificate of release, unless the student is an emancipated minor.

Your Committee also finds that under the McKinney-Vento Homeless Assistance Act of 1987, unaccompanied homeless youth are not in the physical custody of a parent or legal guardian and experience unstable housing. This measure will clarify that McKinney-Vento eligible students are entitled to enroll in school immediately, even though they may lack documents normally required for enrollment.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1045, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 931 Judiciary & Hawaiian Affairs on H.B. No. 365

The purpose of this measure is to expand exclusions to the definition of "development" in chapter 205A, Hawaii Revised Statutes, to reduce the need for Special Management Area permits for certain activities.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, one member of the Maui County Council, Department of Planning and Permitting of the City and County of Honolulu, and Hawai'i State Association of Counties.

Your Committee finds that under existing law, no development is allowed in any county within a special management area without a permit. The existing broad definition of development, coupled with rising labor and materials costs, can trigger a mandatory special management area use permit review for improvements, facilities, and incidental structures that is unnecessarily stringent and costly.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 365, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 932 Judiciary & Hawaiian Affairs on H.B. No. 572

The purpose of this measure is to require that:

- (1) Prior to the adoption, amendment, or repeal of an administrative rule, electronic notice of the proposed rulemaking be provided to all persons who have made a timely written request of, and provided a valid working electronic mail address to, the adopting agency for advance notice of its rulemaking proceedings; and
- (2) Alterations to administrative rules be displayed in Ramseyer format and the full text of rules be made available in a digitally accessible and searchable format.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, State of Hawaii Organization of Police Officers, and one individual. Your Committee received comments on this measure from the Office of the Lieutenant Governor.

Your Committee finds that this measure will increase the accessibility of proposed rulemaking actions for the public and provide greater transparency in the process.

Your Committee notes the Lieutenant Governor's written testimony that this measure would require funding for one full-time equivalent (1.0 FTE) position to oversee the website updates, as well as to build and maintain the new website components.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 572, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 933 Judiciary & Hawaiian Affairs on H.B. No. 522

The purpose of this measure is to remove the ability of the Governor or a mayor to suspend electronic media transmission during a state of emergency or local state of emergency.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council; the Hawai'i Association of Broadcasters, Inc.; The Civil Beat Law Center for the Public Interest; KITV4; Hawai'i News Now: KGMB-KHNL-K5; KHON2; Society of Professional Journalists, Hawai'i Chapter; League of Women Voters of Hawai'i; All Hawai'i News; Big Island Press Club; and two individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Emergency Management Agency and one individual. Your Committee received comments on this measure from the Grassroot Institute of Hawai'i.

Your Committee finds that the constitutionality of the Governor's or a mayor's authority to suspend electronic media transmission during an emergency is highly questionable. This measure addresses the issue before any state action is taken that deprives the public and press of their First Amendment rights.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 522, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 934 Judiciary & Hawaiian Affairs on H.B. No. 676

The purpose of this measure is to authorize the appropriate county land use decision-making authority to determine district boundary amendments involving certain land areas over fifteen acres if the county has adopted an ordinance that meets certain requirements, including the requirement that the county own and retain the land for at least ninety-nine years.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Hawai'i Association of REALTORS, Building Industry Association of Hawaii, and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs, Kūpuna for the Mo'opuna, Hawai'i Alliance for Progressive Action, and three individuals. Your Committee received comments on this measure from the Department of Agriculture, Land Use Commission, Sierra Club of Hawai'i, and Grassroot Institute of Hawaii.

Your Committee finds that this measure will provide the counties with the flexibility to make certain district boundary amendments and increase the availability of affordable housing in Hawaii.

Your Committee notes the Land Use Commission's testimony and finds that, when adopting an ordinance to amend district boundaries, the counties should ensure compliance with:

- (1) The open meeting requirements of chapter 92, Hawaii Revised Statutes; and
- (2) The Public Trust Doctrine, as set forth in various Supreme Court decisions, in the granting or denial of any district boundary amendment.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 676, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ganaden).

SCRep. 935 Finance on H.B. No. 40

The purpose of this measure is to provide a tax credit to taxpayers and make deposits to the Emergency and Budget Reserve Fund and Other Post-Employment Benefits Trust Fund pursuant to Article VII, section 6, of the Hawaii State Constitution.

Your Committee received testimony in support of this measure from four individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Hawaii Emergency Management Agency, and Tax Foundation of Hawaii.

Your Committee finds that when the balance of the general fund at the close of each of two successive fiscal years has exceeded five percent of the general fund revenues for both fiscal years, article VII, section 6, of the Hawaii State Constitution requires the Legislature to dispose of excess general fund revenues through a tax credit or refund to state taxpayers; a deposit into one or more funds as supplemental sources of funding in times of an emergency, economic downturn, or unforeseen reduction in revenue; or an appropriation of general funds for the pre-payment of debt service for general obligation bonds or pension or other post-employment benefit liabilities accrued for state employees.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 40 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 936 Finance on H.B. No. 1020

The purpose of this measure is to increase the amount of monies that can be carried over on June 30 of each fiscal year in the Unclaimed Property Trust Fund.

Your Committee received testimony in support of this measure from the Department of Budget and Finance.

Your Committee finds that claims from the prior fiscal year waiting to be paid often exceed the \$1,300,000 opening balance of the Unclaimed Property Trust Fund, which delays the payment of claims. This measure will permit the timely payment of claims at the beginning of the fiscal year.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1020 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 937 Finance on H.B. No. 33

The purpose of this measure is to authorize the issuance of general obligation bonds and declare findings required by article VII, section 13, of the Hawaii State Constitution to declare that the issuance of the authorized bonds will not cause the State's debt limit to be exceeded.

Your Committee received testimony in support of this measure from the Department of Budget and Finance.

Your Committee finds that article VII, section 13, of the Constitution of the State of Hawaii requires the Legislature to include a declaration of findings in every general law authorizing the issuance of general obligation bonds, which shall declare that the issuance of state bonds authorized will not cause the debt limit to be exceeded at the time of issuance. Your Committee further finds that the proceeds generated from the general obligation bonds authorized to be issued under this measure will be used to finance the fulfillment of important state objectives.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 33, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 33, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 938 Finance on H.B. No. 35

The purpose of this measure is to amend the contents required to be submitted in each annual non-general fund program measures report and non-general fund cost element report.

Your Committee received comments on this measure from the Public Utilities Commission.

Your Committee finds that existing requirements for non-general fund program measures reports rely upon target population objectives and effectiveness measures for the ensuing six fiscal years. This measure changes the requirements to focus on the four prior fiscal years and ensuing two fiscal years and repeals program size indicators. This measure also requires that budget journal details by cost element be submitted as a part of the annual non-general fund cost element reports.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 35, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 35, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 939 Finance on H.B. No. 39

The purpose of this measure is to abolish or reclassify certain non-general funds of the Department of Taxation pursuant to the recommendations contained in Auditor's Report No. 22-14.

Your Committee received testimony in support of this measure from the Department of Taxation.

Your Committee notes that the Department of Taxation has already requested the Department of Accounting and General Services to rename the Litigated Claims Fund as the Litigated Claims Trust Account as provided in this measure.

Your Committee has amended this measure by changing the effective date to July 1, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 39, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 39, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 940 Finance on H.B. No. 989

The purpose of this measure is to make an appropriation to authorize general funds for the Department of Business, Economic Development, and Tourism for expenses related to building renovations.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Hawaii Green Infrastructure Authority.

Your Committee finds that this measure provides funds for the renovation of Department of Business, Economic Development, and Tourism offices that were line-item vetoed by Governor Ige on July 6, 2022, to comply with the federally-mandated Elementary and Secondary School Emergency Relief Funds Maintenance of Effort requirement.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 989, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 989, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 941 Finance on H.B. No. 1018

The purpose of this measure is to amend various general fund appropriations to help the State meet its American Rescue Plan Act maintenance of effort obligations.

Your Committee received testimony in support of this measure from the Department of Budget and Finance, Department of Labor and Industrial Relations, and Stadium Authority. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that this measure is to reduce the potential for federal enforcement actions against the State by delaying the encumbrance and expenditure of various general fund appropriations authorized in the Regular Session of 2022 until July 1, 2023, so they are no longer part of the fiscal year 2022-2023 American Rescue Plan Act maintenance of effort calculation.

Your Committee has amended this measure by:

- (1) Changing the fiscal year 2022-2023 general fund appropriation to the Stadium Development Special Fund to an unspecified amount;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1018, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1018, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15; Ayes with Reservations (Alcos). Noes, none. Excused, 1 (Nishimoto).

SCRep. 942 Finance on H.B. No. 1022

The purpose of this measure is to appropriate funds to various programs to cover anticipated operating shortfalls due to the limited ability of a department to transfer funds between programs of that department.

Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure provides for anticipated transfers between departmental programs to address budget shortfalls and other program requirements.

Your Committee has amended this measure by:

- (1) Inserting anticipated departmental transfers for quarters 3 and 4 of fiscal year 2023, as provided by the Department of Budget and Finance, for the Department of Public Safety, Department of Transportation, and Department of Human Services;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1022, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1022, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 943 Finance on H.B. No. 1073

The purpose of this measure is to:

- (1) Increase the Marriage License Fee from \$60 to \$100;
- (2) Increases the compensation for a marriage license agent from \$9 to \$15 per license;
- (3) Authorize deposits of Marriage License Fees into the Vital Statistics Improvement Special Fund; and
- (4) Adjust the distribution of the Marriage License Fee among various domestic violence prevention special funds.

Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Health and Domestic Violence Action Center.

Your Committee finds that there are approximately 20,000 marriage licenses issued in the State per year, around two-thirds of which are issued to out-of-state couples. This measure would provide operating funds for the Office of Health Status Monitoring, whose staff issue the marriage licenses and currently do not receive any funds from the Marriage License Fee.

Your Committee has amended this measure by:

- (1) Changing the Marriage License Fee to an unspecified amount;
- (2) Changing the compensation for a marriage license agent per license to an unspecified amount;
- (3) Changing the deposits and distribution of Marriage License Fees to unspecified amounts;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1073, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1073, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Nishimoto).

SCRep. 944 Finance on H.B. No. 1100

The purpose of this measure is to conform the state income and estate and generation-skipping transfer tax laws to the Internal Revenue Code of 1986, as amended, as of December 31, 2022.

Your Committee received testimony in support of this measure from the Department of Taxation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

Your Committee finds that this annual conformity measure is submitted by the Department of Taxation to ensure state income tax and state estate and generation-skipping transfer tax laws conform to the federal Internal Revenue Code as it exists on December 31 preceding each regular session. The purpose of conformity is to update the state tax laws with changes made to the federal Internal Revenue Code during the past year and adopt those changes that are appropriate for Hawaii law.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1100, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 1100, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 945 Finance on H.B. No. 25

The purpose of this measure is to provide a tax refund to taxpayers pursuant to Article VII, Section 6, of the Hawaii State Constitution.

Your Committee received testimony in support of this measure from the Department of Budget and Finance. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that Act 115, Session Laws of Hawaii 2022 (Act 115), provided a one-time general income tax refund to every resident individual taxpayer of the State based on certain income limits multiplied by the number of their qualified exemptions. Instead of requiring taxpayers to file a specific tax form to receive the refund as in common with taxpayers claiming other tax credits, the tax refund simply required taxpayers to file a tax return by the end of the year. Your Committee further finds that the Act 115 mechanism of timely and directly issuing funds to qualifying individuals can benefit more individuals than offering claimable tax credits.

Your Committee has amended this measure by:

- (1) Inserting a preamble;
- (2) Removing the tax refund to taxpayers pursuant to Article VII, Section 6, of the Hawaii State Constitution and any indication that this measure implements those constitutional provisions;
- (3) Converting the refundable food/excise tax credit to a food/excise tax rebate that shall be issued to taxpayers annually, thereby eliminating the need to apply for a tax credit annually;
- (4) Changing the income thresholds and rebate amount per exemption to unspecified amounts; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 25, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 25, H.D. 2, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, 1 (Alcos).

SCRep. 946 Judiciary & Hawaiian Affairs on S.B. No. 36

The purpose of this measure is to:

- (1) Clarify that a person may be tried and sentenced for felony offenses through the complaint and preliminary hearing process; and
- (2) Prohibit multiple attempts to initiate a felony prosecution for the same offense, either through the same initial charging method, an alternative charging method, or a different forum, except in certain circumstances.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Office of the Mayor of the County of Hawai'i, Department of the Prosecuting Attorney of the City and County of Honolulu, Office of the Prosecuting Attorney of the County of Hawai'i, Office of the Prosecuting Attorney of the County of Kaua'i, Department of the Prosecuting Attorney of the County of Maui, Honolulu Police Department, and one individual. Your Committee received comments on this measure from the Office of the Public Defender.

Your Committee finds that the Hawaii Supreme Court's majority decision in *State v. Obrero*, 151 Haw. 472, 517 P.3d 755 (2022), reconsideration denied, No. SCAP-21-0000576, 2022 WL 4533803 (Haw. Sept. 28, 2022), invalidated the State's longstanding practice of charging felony offenders via complaint. This decision led to hundreds of case dismissals across the State involving serious crimes such as murder, attempted murder, manslaughter, robbery, arson, kidnapping, and sexual assault. Since certain felony prosecutions cannot be instituted by written information under state law, the State had to re-charge many felony defendants under the grand jury process, which is duplicative and unnecessarily delays the prosecution of felony cases.

Your Committee further finds that a dissenting opinion issued in *Obrero*, highlighted the prosecution's practice of presenting its case using identical evidence to different grand jury panels until one grants the desired indictment. Your Committee believes that this practice is fundamentally unfair for defendants and undermines the purpose of and protections provided by the criminal justice process.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 36 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Ganaden). Noes, none. Excused, 1 (Kong).

SCRep. 947 Finance on H.B. No. 32

The purpose of this measure is to clarify the Office of the Legislative Analyst.

Your Committee did not receive any testimony on this measure.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 32, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Cochran, Garrett).

SCRep. 948 Finance on H.B. No. 1192

The purpose of this measure is to encourage civic engagement by:

- (1) Requiring the Public Access Room of the Legislative Reference Bureau to establish and maintain an outreach and engagement program for primary, secondary, post-secondary, and community education;
- (2) Requiring the Department of Education and University of Hawaii to assign appropriate staff to coordinate with the Public Access Room for the outreach and engagement program; and
- (3) Appropriating funds for one full-time equivalent (1.0 FTE) position within the Public Access Room to help implement these requirements.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Hawai'i Youth Services Network, Community Alliance on Prisons, and ten individuals. Your Committee received comments on this measure from the Department of Education, University of Hawai'i System, and Commission to Promote and Advance Civic Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1192, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Cochran, Garrett).

SCRep. 949 Finance on H.B. No. 222

The purpose of this measure is to:

- (1) Adjust the method by which the Department of Human Services calculates payments to providers of medical care and long-term supports and services; and
- (2) Appropriate funds for any costs that may arise while the Department of Human Services establishes payment rates.

Your Committee received testimony in support of this measure from AARP Hawai'i, United Caregivers of Hawaii, Big Island Adult Foster Home Operators, Adult Foster Homecare Association of Hawai'i, Alliance of Professional Primary Care Administrators, Providers Helping Hands of Hawaii, Community Home Care Association of Hawaii, and numerous individuals. Your Committee received comments on this measure from the Department of Human Services and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 222, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 950 Finance on H.B. No. 224

The purpose of this measure is to:

- (1) Establish a two-year Public Housing Tenant Upward Mobility Pilot Program to provide public housing tenants with training and work experience necessary to fulfill minimum qualifications for future part-time and full-time employment; and
- (2) Appropriate funds for the implementation of the pilot program.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 224, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 951 Finance on H.B. No. 225

The purpose of this measure is to:

- (1) Grant the Department of Human Services flexibility in developing a comprehensive child welfare information system, as required by Act 317, Session Laws of Hawaii 2022; and
- (2) Extend the lapse date for funds appropriated for the development of the comprehensive child welfare information system to June 30, 2024.

Your Committee received testimony in support of this measure from the Department of Human Services and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 225, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 952 Finance on H.B. No. 261

The purpose of this measure is to:

- (1) Require the Department of Human Services to establish a Child Care Accreditation Program to support accreditation of licensed and registered child care providers;
- (2) Delay the deadlines for existing Preschool Open Doors Program service providers to commence the accreditation process and obtain accreditation;
- (3) Appropriate funds for the Child Care Accreditation Program; and
- (4) Appropriate funds into and out of the Child Care Grant Program Special Fund for Child Care Accreditation Program grants.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Hawai'i State Coalition Against Domestic Violence, Early Childhood Action Strategy, Hawaii Association of Independent Schools, Hawaii Council of Private Schools, Parents And Children Together, Hawai'i Association for the Education of Young Children, and eleven individuals. Your Committee received comments on this measure from the Department of Human Services, Department of the Attorney General, Executive Office on Early Learning, Early Learning Board, and Hawai'i Children's Action Network Speaks!.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 261, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 953 Finance on H.B. No. 314

The purpose of this measure is to appropriate funds for the Office of Community Services to supplement the Emergency Food Assistance Program for the purchase, storage, and transportation costs of food distribution to those in need.

Your Committee received testimony in support of this measure from one member of the Kaua'i County Council; Ulupono Initiative; Obesity Prevention Task Force of the Hawai'i Public Health Institute; The Food Basket Inc., Hawai'i Island's Food Bank; Hawai'i Farm Bureau; Hawai'i Foodbank; Hawaii Food Industry Association; Angel Network Charities; Hawai'i Children's Action Network Speaks!; Kaiser Permanente Hawai'i; and five individuals. Your Committee received comments on this measure from the Department of Human Services, Office of Community Services, and Hawai'i Primary Care Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 314, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 954 Finance on H.B. No. 339

The purpose of this measure is to permanently exempt nine positions in the Department of Human Services from civil service.

Your Committee received testimony in support of this measure from the Department of Human Services, Executive Office on Early Learning, Parents And Children Together, Hawai'i Children's Action Network Speaks!, Hawaii Data Collaborative, Catholic Charities Hawai'i, Hawaii Families As Allies, and two individuals. Your Committee received comments on this measure from the Hawai'i State Fusion Center.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 339, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 955 Finance on H.B. No. 349

The purpose of this measure is to:

- (1) Expand the original jurisdiction of family court to include proceedings concerning the emancipation of minors;
- (2) Specify the rights of an emancipated minor; and
- (3) Establish procedures for the emancipation of minors.

Your Committee received testimony in support of this measure from the Hawai'i Youth Services Network, Stonewall Caucus of the Democratic Party of Hawai'i, Opportunity Youth Action Hawai'i, and Residential Youth Services & Empowerment. Your Committee received testimony in opposition to this measure from the AHA Foundation. Your Committee received comments on this measure from the Judiciary and Department of Health Child and Adolescent Mental Health Division.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 349, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 956 Finance on H.B. No. 439

The purpose of this measure is to establish and appropriate funds for an Immigrant Services and Access Unit within the Office of Community Services.

Your Committee received testimony in support of this measure from the Department of Research and Development of the County of Hawaii, Hawai'i Friends of Civil Rights, The Legal Clinic, Hawai'i Workers Center, Hawai'i Children's Action Network Speaks!, Catholic Charities Hawaii, and eleven individuals. Your Committee received comments on this measure from the Department of Human Services, Office of Language Access, Office of Community Services, and Hawai'i Coalition for Immigrant Rights.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 439, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 957 Finance on H.B. No. 450

The purpose of this measure is to require the Department of Human Services, when determining income eligibility requirements for child care subsidies, to consider certain special circumstances that cause the monthly gross income of a parent, guardian, or other responsible party to exceed the eligible monthly gross income.

Your Committee received comments on this measure from the Department of Human Services and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 450, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 958 Finance on H.B. No. 547

The purpose of this measure is to:

- (1) Require the Department of Human Services to develop a two-year Infant and Toddler Child Care Worker Subsidy Pilot Program to retain the existing early child care workforce in licensed infant and toddler child care center settings; and
- (2) Appropriate funds for the Pilot Program.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council, Department of Research and Development of the County of Hawai'i, aio Family of Companies, Hawai'i Children's Action Network Speaks!, Save Medicaid Hawai'i, HPM Building Supply, AAUW of Hawai'i, Hawai'i State Coalition Against Domestic Violence, Hawaiian Host Group, Early Childhood Action Strategy, Holomua Collaborative, Title Guaranty of Hawai'i, Hawai'i Association for the Education of Young Children, Hawai'i Community Foundation, Mana Up, Hawai'i Gas, and numerous individuals. Your Committee received comments on this measure from the Department of Human Services, Department of the Attorney General, Executive Office on Early Learning, and Early Learning Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 547, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 959 Finance on H.B. No. 579

The purpose of this measure is to:

- (1) Address the needs of victims of human trafficking through the development and implementation of a statewide Human Trafficking Prevention Program; and
- (2) Require the Department of the Attorney General to report to the Legislature on the State's efforts to address the commercial sexual exploitation of children and human trafficking.

Your Committee received testimony in support of this measure from the Department of Health, one member of the Hawai'i County Council, Zonta Club of Hilo, Democratic Party of Hawai'i, Catholic Charities Hawai'i, and six individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Human Services, Department of the Attorney General, and Hawai'i State Commission on the Status of Women.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 579, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 960 Finance on H.B. No. 883

The purpose of this measure is to appropriate funds for the operation of mobile clinics providing medication-assisted treatment throughout the State.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition and Hawai'i Health & Harm Reduction Center. Your Committee received comments on this measure from the Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 883, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 961 Finance on H.B. No. 1356

The purpose of this measure is to appropriate funds for enhanced payments to providers of state-licensed Type I Adult Residential Care Homes and Developmental Disabilities Domiciliary Homes that are caring for Medicaid patients.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Human Services, Hawai'i State Council on Developmental Disabilities, and Waikiki Neighborhood Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1356, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 962 Finance on H.B. No. 1357

The purpose of this measure is to appropriate funds for enhanced payments for each Medicaid-eligible client under the care of certain care homes for each year during the period between July 1, 2009, and June 30, 2023.

Your Committee received testimony in support of this measure from ILWU Local 1000 and one individual. Your Committee received testimony in opposition to this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1357, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 963 Finance on H.B. No. 1366

The purpose of this measure is to:

- (1) Require the Department of Human Services to establish and coordinate a three-year Return-to-Home Pilot Program to assist eligible homeless individuals in the State in reuniting with families and relatives in their home states; and
- (2) Appropriate funds to implement the Return-to-Home Pilot Program.

Your Committee received testimony in support of this measure from the Democratic Party of Hawai'i; The Institute for Human Services, Inc.; Hawai'i Lodging & Tourism Association; and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1366, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 964 Finance on H.B. No. 1368

The purpose of this measure is to preserve access to health care for Medicaid recipients and strengthen the Hospital Sustainability Program by:

- (1) Amending the definition of "private hospital";
- (2) Clarifying the uses of the Hospital Sustainability Program Special Fund;
- (3) Increasing the Hospital Sustainability Fee cap for various facilities;
- (4) Requiring the Department of Human Services to consult and negotiate with the hospital trade association in Hawaii regarding Hospital Sustainability Fee participation and rates;
- (5) Clarifying the circumstances under which the Hospital Sustainability Fee shall be discontinued and the distribution of remaining funds;
- (6) Repealing the sunset dates of Act 217, Session Laws of Hawaii 2012, and Act 123, Session Laws of Hawaii 2014, thereby making the Hospital Sustainability Program permanent and permanently exempting the Hospital Sustainability Program from the central service and administrative expenses assessments; and
- (7) Appropriating funds out of the Hospital Sustainability Program Special Fund.

Your Committee received testimony in support of this measure from the Department of Human Services, East Hawaii Region of Hawaii Health Systems Corporation, Hawai'i Pacific Health, The Queen's Health System, Kaiser Permanente, and Hawai'i Primary Care Association. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Healthcare Association of Hawaii and Palolo Chinese Home.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1368, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 965 Finance on H.B. No. 1369

The purpose of this measure is to preserve access to health care for Medicaid recipients and strengthen the Nursing Sustainability Program by:

- (1) Repealing the sunset dates of Act 156, Session Laws of Hawaii 2012, and Act 124, Session Laws of Hawaii 2014, thereby making the Nursing Sustainability Program permanent and permanently exempting the Program from the central service and administrative expenses assessments;
- (2) Repealing the Nursing Facility Tax; and

(3) Appropriating funds from the Nursing Facility Sustainability Program Special Fund.

Your Committee received testimony in support of this measure from the Department of Human Services, East Hawaii Region of the Hawaii Health Systems Corporation, Hawai'i Pacific Health, The Queen's Health System, Kaiser Permanente Hawai'i, Hawai'i Primary Care Association, and Kūpuna Caucus of the Democratic Party of Hawai'i. Your Committee received comments on this measure from the Department of Taxation, Aloha Nursing Rehab Centre, Palolo Chinese Home, and Healthcare Association of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1369, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 966 Finance on H.B. No. 360

The purpose of this measure is to extend the deadline for a county council to take action on an affordable housing project's application from forty-five days to an unspecified number of days after receipt of the proposed project's preliminary plans and specifications from the Hawaii Housing Finance and Development Corporation.

Your Committee received testimony in support of this measure from one member of the Honolulu City Council and two individuals. Your Committee received testimony in opposition to this measure from the Affordable Housing Connections LLC dba AHC Hawaii, Housing Hawai'i's Future, and one individual. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 360, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Cochran, Kila). Noes, none. Excused, 1 (Garrett).

SCRep. 967 Finance on H.B. No. 381

The purpose of this measure is to repeal the cutoff date established by Act 196, Session Laws of Hawaii 2018, that allowed the use of funds in the Condominium Education Trust Fund initially dedicated to support voluntary binding arbitration to be used for other educational purposes.

Your Committee received testimony in support of this measure from the Real Estate Commission; Palehua Townhouse Association; Legislative Action Committee of the Community Associations Institute, Hawai'i Chapter; Hawai'i Council of Associations of Apartment Owners; and four individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 381, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 968 Finance on H.B. No. 497

The purpose of this measure is to require and appropriate funds to the School Facilities Authority to conduct a feasibility study for the development of teacher and workforce housing at the Queen Liliuokalani Elementary School property.

Your Committee received testimony in support of this measure from the School Facilities Authority, Hawaii State Teachers Association, Housing Hawai'i's Future, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 497, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 969 Finance on H.B. No. 668

The purpose of this measure is to condition the authority of a county whose population is greater than five hundred thousand to exercise state housing powers upon the county's continued compliance with provisions regarding accepting dedication of infrastructure and public highways in affordable housing developments.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 668, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 970 Finance on H.B. No. 670

The purpose of this measure is to specify that a simple majority of affirmative votes from the members serving on the Land Use Commission is required for any boundary amendment.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs and Kupuna for the Mo'opuna. Your Committee received comments on this measure from the Land Use Commission and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 670, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Poepoe). Noes, 1 (Cochran). Excused, 1 (Garrett).

SCRep. 971 Finance on H.B. No. 674

The purpose of this measure is to repeal the percentage requirements for the Hawaii Public Housing Authority related to the admission of applicants, with or without preferences, into federal and state low-income public housing units.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority and Hawai'i Association of REALTORS.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 674, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 972 Finance on H.B. No. 675

The purpose of this measure is to require, if sufficient funding is available, the Hawaii Housing Finance and Development Corporation to open at minimum two application periods each year for affordable housing financing from the Low-Income Housing Tax Credit Program, Hula Mae Multi-Family Revenue Bond Program, Rental Housing Revolving Fund Program, and Dwelling Unit Revolving Fund Program.

Your Committee received testimony in support of this measure from EAH Housing, Stanford Carr Development, and one individual. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 675, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 973 Finance on H.B. No. 677

The purpose of this measure is to:

- (1) Require the Hawaii Housing Finance and Development Corporation to establish a five-year Dwelling Unit Revolving Fund Equity Pilot Program to address the high, unmet demand of for-sale units by certain Hawaii residents; and
- (2) Appropriate funds for the Pilot Program and establishment and hiring of a Housing Development Specialist III position to support the Pilot Program.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 677, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 974 Finance on H.B. No. 678

The purpose of this measure is to clarify a county's obligations with respect to housing developed through the housing development programs under the Hawaii Housing Finance and Development Corporation.

Your Committee received testimony in support of this measure from the American Savings Bank, Housing Hawai'i's Future, NAIOP Hawaii, 'Ikenākea Development LLC, NAIOP Hawaii Developing Leaders, and Highridge Costa Development Company. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 678, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 975 Finance on H.B. No. 1054

The purpose of this measure is to support affordable housing by:

- (1) Establishing the Rental Deposit Loan Program and Rental Deposit Loan Program Revolving Fund; and
- (2) Appropriating funds for the Rental Deposit Loan Program and two positions to implement the program.

Your Committee received testimony in support of this measure from one member of the Kaua'i County Council, one member of the Maui County Council, NAIOP Hawaii, AARP Hawai'i, Hawai'i Association of REALTORS, and one individual. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation and Stanford Carr Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1054, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 976 Finance on H.B. No. 1121

The purpose of this measure is to exempt one hundred percent of the gain realized by a fee simple owner from the sale of a leased fee interest in units within a condominium project, cooperative project, or planned unit development to the association of apartment owners or residential cooperative housing corporation of the leasehold units.

Your Committee received testimony in support of this measure from the Palehua Townhouse Association, Hawaii Council of Associations of Apartment Owners, and one individual. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1121, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Cochran). Noes, none. Excused, 1 (Garrett).

SCRep. 977 Finance on H.B. No. 1395

The purpose of this measure is to appropriate funds for the planning and design for new housing units at the Kapaa public housing project site in Kapaa, Kauai.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1395, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 978 Finance on H.B. No. 1397

The purpose of this measure is to establish and appropriate funds for:

- (1) A Supportive Housing Pilot Program; and
- (2) Certain initiatives and positions related to supportive housing.

Your Committee received testimony in support of this measure from the Judiciary; Hawaii Public Housing Authority; State Council on Developmental Disabilities; Hawaii Housing Finance and Development Corporation; AARP Hawai'i; Affordable Housing Connections LLC dba AHC Hawaii; Catholic Charities Hawai'i; Hawaii Substance Abuse Coalition; Institute for Human Services, Inc.; Hawaii State Coalition Against Domestic Violence; Hawai'i Association of REALTORS; Hawai'i Housing Affordability Coalition; Waikiki Neighborhood Board No. 9; Pacific Housing Assistance Corporation; Hawai'i Health & Harm Reduction Center; and seven individuals. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness, Department of Human Services, and Department of Public Safety.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1397, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 979 Finance on H.B. No. 1439

The purpose of this measure is to:

- (1) Establish and appropriate funds for a Pre-Litigation Mediation Pilot Program; and
- (2) Create and appropriate funds for an Emergency Rent Relief Program.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawaii Public Housing Authority, Planning for Community LLC, Hawai'i Housing Affordability Coalition, Hawaii State Coalition Against Domestic Violence, Hawai'i Children's Action Network Speaks!, Papa Ola Lokahi, Permanently Affordable Living Kaua'i, Hawaii Workers Center, Housing Hawai'i's Future, and eight individuals. Your Committee received comments on this measure from the Judiciary, Hawaii Applesseed Center for Law and Economic Justice, and Hawai'i Association of REALTORS.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1439, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 980 Finance on H.B. No. 1104

The purpose of this measure is to amend the law relating to the issuance of citations for violations of section 291-35, Hawaii Revised Statutes, relating to vehicle gross weight, axle, and wheel loads.

Your Committee received testimony in support of this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1104, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Cochran, Garrett).

SCRep. 981 Finance on H.B. No. 1108

The purpose of this measure is to amend the law relating to vehicle weight violations by replacing the fine schedule and increasing the potential fines based on multitude and magnitude of vehicle weight violations.

Your Committee received testimony in support of this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1108, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (Alcos). Excused, 2 (Cochran, Garrett).

SCRep. 982 Finance on H.B. No. 1110

The purpose of this measure is to:

- (1) Beginning July 1, 2025, create a mileage-based road usage charge to replace state motor fuel taxes, for electric vehicles;
- (2) Eliminate the \$50 annual state vehicle registration surcharge for electric vehicles;

- (3) Temporarily allow electric vehicles a choice of paying a registration surcharge or a per-mile road usage charge;
- (4) Require certificates of inspection to state the odometer reading;
- (5) Require the Department of Transportation to plan for the deployment of a state mileage-based road user charge program by 2033 and submit a report to the Legislature; and
- (6) Appropriate funds.

Your Committee received testimony in support of this measure from AAA Hawaii and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Transportation, Hawai'i State Energy Office, Big Island Electric Vehicle Association, Ulupono Initiative, Tax Foundation of Hawaii, Hawai'i Automobile Dealers' Association, and eight individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1110, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (Ward). Excused, 2 (Cochran, Garrett).

SCRep. 983 Finance on H.B. No. 1081

The purpose of this measure is to clarify the penalty to be assessed on any person who intentionally operates a care facility without a certificate or license.

Your Committee received testimony in support of this measure from the Department of Health, Kūpuna Caucus of the Democratic Party of Hawai'i, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1081, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 984 Finance on H.B. No. 1217

The purpose of this measure is to:

- (1) Prohibit the cultivation, production, manufacture, distribution, possession, or dispensation of medical cannabis except by qualifying patients, qualifying out-of-state patients, their authorized primary caregivers, or medical cannabis dispensaries;
- (2) Restrict the number of qualifying patients who may use a grow site to five, unless an exemption is obtained from the Department of Health; and
- (3) Prohibit the receipt of cannabis or cannabis products as compensation for acting as a primary caregiver to a qualifying patient.

Your Committee received testimony in support of this measure from the Department of Health and Cure Oahu. Your Committee received testimony in opposition to this measure from Kauai Farm Planning, Care Waialua, GreenWave Consulting, Hawaii Cannabis Union, Hawaii Cannabis Hui, Cannabis Society of Hawai'i, 329islandtours, and numerous individuals. Your Committee received comments on this measure from Akamai Cannabis Consulting and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1217, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Cochran, Garrett, Kahaloa, Poepoe, Alcos). Noes, 1 (Ward). Excused, none.

SCRep. 985 Finance on H.B. No. 1254

The purpose of this measure is to appropriate funds to establish homelessness coordinator positions within the Department of Land and Natural Resources for Maui, Oahu, Kauai, and Hawaii Island.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Democratic Party of Hawai'i, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1254, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 986 Finance on H.B. No. 1255

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist West Maui Hospital Foundation, Inc., in the construction of West Maui Hospital and Medical Center, including any necessary infrastructure.

Your Committee received testimony in support of this measure from the Maui County Council; West Maui Hospital Foundation, Inc.; Maui Hotel & Lodging Association; Maui Chamber of Commerce; and six individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1255, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 987 Finance on H.B. No. 1296

The purpose of this measure is to establish the Early Intervention Services Working Group to study and recommend ways to assist and support the State's deaf and hard of hearing children.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Health, Department of Human Services, and Executive Office on Early Learning.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1296, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 988 Finance on H.B. No. 1442

The purpose of this measure is to:

- (1) Expand the Criminal Justice Diversion Program;
- (2) Amend the allowable period of court-ordered assisted community treatment and considerations for extensions;
- (3) Allow courts to require certain probation violators to undergo mental health evaluation and treatment as a condition of continued probation;
- (4) Require the Department of Health to contract with behavioral health crisis centers; and
- (5) Appropriate funds to restore funding for probation officer services for the Mental Health Court.

Your Committee received testimony in support of this measure from the Judiciary, Office of the Public Defender, Hawaii Correctional System Oversight Commission, Honolulu Police Department, Hawaii Substance Abuse Coalition, and five individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of Health, and Department of the Prosecuting Attorney of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1442, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Aiu, Kila, Lamosao, Ward). Noes, none. Excused, none.

SCRep. 989 Judiciary & Hawaiian Affairs on H.B. No. 209

The purpose of this measure is to require the Department of Agriculture to include within the Plant and Animal Declaration Form a statement requiring persons completing the form to affirm they are aware of various legal protections for public monuments and structures and will heed Hawaii's desecration laws.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that many tourists visiting the State are unaware of the various laws and rules that protect public monuments and structures, including but not limited to Native Hawaiian cultural sites, burial grounds, and places of worship. The Department of Agriculture's Plant and Animal Declaration Form is one document that many tourists see and must complete before arrival in the State. Therefore, your Committee finds that this form is an appropriate and convenient opportunity to obtain acknowledgment from tourists that they are aware of and will heed the laws against desecration.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 209, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Kong).

SCRep. 990 Judiciary & Hawaiian Affairs on H.B. No. 794

The purpose of this measure is to designate the month of October as "Disability Awareness Month: Employment, Enrichment, and Inclusion" in recognition of the employment challenges and successes of persons with disabilities in the State.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Disability and Communication Access Board, Hawaii Disability Rights Center, CARES, and seven individuals.

Your Committee finds that nearly forty percent of the sixty-six thousand working-age people with disabilities in the State are employed. Your Committee further finds that designating October as "Disability Awareness Month: Employment, Enrichment, and Inclusion", as proposed by this measure, would raise awareness of employment challenges and obstacles for persons with disabilities, while celebrating these workers' achievements and contributions.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 794, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 991 Judiciary & Hawaiian Affairs on H.B. No. 914

The purpose of this measure is to:

- (1) Require the Department of Health to prioritize complaint allegations based on severity for inspections of state-licensed or state-certified care facilities;
- (2) Clarify who is prohibited from knowingly referring or transferring patients to an uncertified or unlicensed care facility; and
- (3) Repeal the provision that a landlord, under specified conditions, shall not be deemed to be providing home care services or operating a care facility that requires a license.

Your Committee received testimony in support of this measure from the Department of Health, Kūpuna Caucus of the Democratic Party of Hawai'i, Adult Foster Homecare Association of Hawaii, United Caregivers of Hawaii, Community Homecare Association of Hawaii, Alliance of Professional Primary Care Administrators, Provider Helping Hands of Hawaii, and five individuals. Your Committee received testimony in opposition to this measure from the Hawaii Substance Abuse Coalition. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that although there are nearly two thousand licensed legal long-term care facilities serving approximately thirteen thousand residents, many care facilities continue to operate without a license or certification by the Department of Health. Your Committee further finds that since December 2019, the Department of Health has closed at least seven unlicensed adult residential care homes and two unlicensed special treatment facilities or therapeutic

living programs and imposed over \$800,000 in fines. However, certain licensed care home operators and other persons continue to refer or transfer patients to unlicensed care homes and facilities, a practice that can cost patients thousands of dollars and endanger patient health and safety. Your Committee finds this measure would bolster the Department of Health's enforcement activities against unlicensed care facilities by expanding the Department's ability to more thoroughly investigate complaints and enforce the requirement that all residential care homes and other health care facilities, agencies, and organizations be licensed.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 914, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 992 Judiciary & Hawaiian Affairs on H.B. No. 950

The purpose of this measure is to:

- (1) Extend the time period that the Family Court may order continued assisted community treatment from one year to two years; and
- (2) Reduce the time period that the Family Court needs to determine whether assisted community treatment should continue from one hundred eighty days to one hundred days.

Your Committee received testimony in support of this measure from the State Council on Mental Health and one individual. Your Committee received comments on this measure from the Department of Health and Hawaii Disability Rights Center.

Your Committee finds that this measure would support assisted community treatment, which is an important tool that helps individuals with behavioral health issues receive necessary medical treatment, including treatment over the individual's objection.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 950, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 993 Consumer Protection & Commerce on H.B. No. 704

The purpose of this measure is to expand the exemption from the registration requirements for motor vehicles used as marine terminal equipment by:

- (1) Adding flatbed trucks as one of the authorized motor vehicles; and
- (2) Adding new terminal locales and roadways.

Your Committee received testimony in support of this measure from numerous individuals.

Your Committee finds that under existing law, exemptions from motor vehicle registration requirements are made for certain motor vehicles being used as marine terminal equipment temporarily moving in or between terminals on certain public roadways. This measure promotes operational efficiencies by expanding that exemption to include flatbed trucks and certain other roadways.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 704, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Belatti, Gates).

SCRep. 994 Consumer Protection & Commerce on H.B. No. 714

The purpose of this measure is to require that the securing of mooring lines from vessels requiring tug assistance to commercial docks, wharves, piers, quays, and landings be performed by stevedoring companies.

Your Committee received testimony in support of this measure from the Inlandboatmen's Union of the Pacific – Hawaii Region; Hawaii Ports Maritime Council; Hawai'i State AFL-CIO; International Longshore & Warehouse Union, Local 142; Marine Firemen's Union; and numerous individuals. Your Committee received testimony in opposition to this measure from Par Hawaii; Aloha Petroleum LLC; Island Plastic Bags, Inc.; Centerline Logistics; Olympic Tug & Barge, Inc.; and Island Energy Services, LLC. Your Committee received comments on this measure from the Department of Transportation and Sause Bros., Inc.

Your Committee finds that there is no existing requirement for out-of-state companies to utilize trained longshore linespersons to secure vessels to the commercial docks, wharves, piers, quays, bulkheads, and landings in the State. This measure will ensure the safe securing of mooring lines from vessels requiring tug assistance to the various marine vessel landings in the State.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 714, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8; Ayes with Reservations (Amato, Hussey-Burdick). Noes, 1 (Pierick). Excused, 2 (Belatti, Gates).

SCRep. 995 Finance on H.B. No. 159

The purpose of this measure is to exempt the notarization requirement for renewals of liquor licenses.

Your Committee received testimony in support of this measure from the Department of Liquor Control of the County of Kaua'i, Liquor Commission of the City and County of Honolulu, Craft 'Ohana, Lanikai Brewing Company, Honolulu BeerWorks, and Maui Chamber of Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 159, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 996 Finance on H.B. No. 525

The purpose of this measure is to implement the 2022 amendments to the Uniform Commercial Code proposed by the Uniform Law Commission.

Your Committee received testimony in support of this measure from the Commission to Promote Uniform Legislation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 525, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 997 Finance on H.B. No. 660

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Hawaii Pacific Health with the construction of, improvement to, and equipping of its facilities.

Your Committee received testimony in support of this measure from Hawai'i Pacific Health. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 660, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 998 Finance on H.B. No. 1458

The purpose of this measure is to authorize an increase in the volume of liquor and other alcoholic beverages that may be manufactured by a small craft producer pub licensee in the State.

Your Committee received testimony in support of this measure from Craft 'Ohana, Lanikai Brewing Company, and Honolulu BeerWorks.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1458, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 999 Finance on H.B. No. 991

The purpose of this measure is to:

- (1) Amend the per-grant cap for awards to assist businesses applying for the Small Business Innovation Research Grant Program and the Small Business Technology Transfer Grant Program; and
- (2) Add the purchasing of renewable energy systems as an eligible expense, and clarifies that training on new and existing manufacturing equipment is an eligible expense, for the Manufacturing Development Grant Program.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Chamber of Commerce Hawaii; Makai Ocean Engineering, Inc.; and Hawaii Food Industry Association. Your Committee received comments on this measure from the Hawaii Technology Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 991, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1000 Finance on H.B. No. 999

The purpose of this measure is to:

- (1) Establish goals that address economic diversification;
- (2) Appropriate funds to the Hawaii Technology Development Corporation to implement projects that meet the established economic diversification goals and to stimulate private capital investments into small businesses; and
- (3) Require the Corporation to submit annual reports over three years on the progress, outcomes, and effectiveness of the projects.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawaii Hui LLC; Chamber of Commerce Hawaii; Mana Up; and Hawaii Venture Capital Association. Your Committee received comments on this measure from the Hawaii Technology Development Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 999, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1001 Finance on H.B. No. 1212

The purpose of this measure is to establish the Water Neutrality Task Force to develop a plan for Hawaii to become water-neutral by the year 2050.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Honolulu Board of Water Supply, and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1212, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1002 Finance on H.B. No. 654

The purpose of this measure is to require state agencies to process the aggregated energy and water data of certain properties through the federal ENERGY STAR Portfolio Manager and submit the benchmarking data to the Hawaii State Energy Office.

Your Committee received testimony in support of this measure from the Honolulu Board of Water Supply, Kaua'i Climate Action Coalition, Climate Protectors Hawai'i, Ulupono Initiative, Hawai'i Energy, Environmental Caucus of the Democratic Party of Hawai'i, and seven individuals. Your Committee received comments on this measure from the Department of Accounting and General Services, Hawaii State Energy Office, and Hawaiian Electric.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 654, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1003 Finance on H.B. No. 837

The purpose of this measure is to:

- (1) Establish objectives, policies, and priority guidelines in the Hawaii State Planning Act to achieve the use of green infrastructure, vegetation, and trees in state facility systems, infrastructure, transit projects, and other areas; and
- (2) Require the Office of Planning and Sustainable Development, in partnership with the Greenhouse Gas Sequestration Task Force, to make recommendations for implementing the green infrastructure objectives, policies, and priority guidelines.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Reef and Ocean Coalition, Climate Protectors Hawai'i, and two individuals. Your Committee has received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Planning and Sustainable Development, Hawai'i Climate Change Mitigation and Adaption Commission, and The Envision Action Committee of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 837, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1004 Finance on H.B. No. 949

The purpose of this measure is to:

- (1) Establish and appropriate funds for a Solar Energy Storage System Loan Program to provide asset limited, income constrained, employed households with low-interest loans to purchase and install solar energy storage systems; and
- (2) Establish and appropriate funds for a Renewable Energy System Installation Loan Program to provide asset limited, income constrained, employed households with low-interest loans to purchase and install residential photovoltaic and energy storage systems, including battery storage systems.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Kaua'i Climate Action Coalition, Malama Kaua'i, Climate Protectors Hawai'i, Ulupono Initiative, 350Hawaii.org, Hawaiian Electric, Hawaii Environmental Change Agents' Decarbonization of Buildings Task Force, Hawaii Solar Energy Association, Environmental Caucus of the Democratic Party of Hawai'i, Chamber of Sustainable Commerce, and fifteen individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Budget and Finance; and Hawaii Green Infrastructure Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 949, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1005 Finance on H.B. No. 1200

The purpose of this measure is to:

- (1) Require and appropriate funds for the Department of Land and Natural Resources to establish an Unmanned Aircraft Systems Program that complies with federal and state laws;
- (2) Authorize the use of unmanned aircraft systems to monitor, investigate, and obtain admissible evidence of natural and cultural resource violations; and
- (3) Beginning January 1, 2027, require a biennial report to the Legislature on the Unmanned Aircraft Systems Program.

Your Committee received testimony in support of this measure from Mālama Pūpūkea-Waimea. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1200, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1006 Finance on H.B. No. 1303

The purpose of this measure is to appropriate funds to the City and County of Honolulu Board of Water Supply to establish an Irrigation Water Use Reduction Pilot Program.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Honolulu Board of Water Supply.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1303, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Kobayashi). Noes, none. Excused, 1 (Nishimoto).

SCRep. 1007 Finance on H.B. No. 1505

The purpose of this measure is to:

- (1) Encourage the Hawaii Employer-Union Health Benefits Trust Fund to consider investment opportunities in industries that will sustain Hawaii's natural environment or produce economic opportunities for its residents, including renewable energy businesses and businesses that use investment capital to acquire the infrastructure and services needed to become energy sustainable; and
- (2) Appropriate funds to the Hawaii Employer-Union Health Benefits Trust Fund.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Hawaii Employer-Union Health Benefits Trust Fund.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1505, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1008 Finance on H.B. No. 1506

The purpose of this measure is to:

- (1) Encourage the Employees' Retirement System, in evaluating venture capital investments, to consider opportunities in industries that will sustain Hawaii's natural environment or produce economic opportunities for its residents, including renewable energy businesses and businesses that use the investment capital to acquire the infrastructure and services needed to become energy sustainable;
- (2) Under certain conditions, require the Employees' Retirement System Board of Trustees to report the rationale for certain determinations in its annual report to the Legislature; and
- (3) Appropriate funds to be invested by the Employees' Retirement System.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Employees' Retirement System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1506, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1009 Finance on H.B. No. 193

The purpose of this measure is to:

- (1) Amend the State's energy-efficiency portfolio standards by:
 - (A) Raising the goal from four thousand three hundred gigawatt hours to six thousand gigawatt hours;
 - (B) Extending the final deadline from 2030 to 2045; and
 - (C) Basing the goals on cumulative persisting electricity savings rather than electricity use reductions; and
- (2) Authorize the Public Utilities Commission to establish interim goals and adjust interim standards.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office, Public Utilities Commission, Climate Protectors Hawaii, Ulupono Initiative, Hawai'i Energy, Hawaii Solar Energy Association, and two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs; Office of Climate Change, Sustainability, and Resiliency of the City and County of Honolulu; and Blue Planet Foundation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 193, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1010 Finance on H.B. No. 197

The purpose of this measure is to:

- (1) Require the Department of Health to establish a Refrigerant Management Program to reduce emissions of high global warming potential refrigerants and any refrigerant that is an ozone depleting substance from stationary, commercial, and industrial refrigeration equipment and adopt rules for the regulation of the use of such refrigerants;
- (2) Require the State Building Code Council to establish codes and standards consistent with the goal of reducing greenhouse gas emissions associated with hydrofluorocarbons when updating the state building code;
- (3) Specify that no law, rule, ordinance, or code, including the state building code, shall prohibit or limit the use of a refrigerant that is designated as acceptable for use under federal law; and
- (4) Appropriate funds for the Refrigerant Management Program.

Your Committee received testimony in support of this measure from the Department of Health; Kaua'i Climate Action Coalition; Climate Protectors Hawai'i; 350Hawaii.org; Environmental Caucus of the Democratic Party of Hawai'i; Wild Kids; Air-Conditioning, Heating, & Refrigeration Institute; and nine individuals. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 197, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1011 Finance on H.B. No. 896

The purpose of this measure is to require the Department of Education to:

- (1) Assess its facilities and provide the Legislature with a list of priority facilities in each county at which the installation of renewable energy systems on the school facilities would provide the most benefit;
- (2) Provide a list of priority play areas on school campuses in each county that are most in need of covered play areas to protect children from over-exposure to heat and ultraviolet rays;
- (3) Assess and report on the feasibility of including renewable energy systems on play area covers on school campuses; and
- (4) Submit a report to the Legislature.

Your Committee received testimony in support of this measure from the Department of Education, Kaua'i Climate Action Coalition, Climate Protectors Hawai'i, 350Hawaii.org, Hawaii Environmental Change Agents' Decarbonization of Buildings Task Force, and five individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 896, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1012 Finance on H.B. No. 1415

The purpose of this measure is to require and appropriate funds for the Public Utilities Commission to administer an electric vehicle charging system loan program to provide loans to applicants who install eligible electric vehicle charging systems.

Your Committee received testimony in support of this measure from the Big Island Electric Vehicle Association, Kauai Women's Caucus, Climate Protectors Hawai'i, Ulupono Initiative, 350Hawaii.org, Chamber of Sustainable Commerce, and sixteen individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Public Utilities Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1415, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1013 Finance on H.B. No. 38

The purpose of this measure is to reclassify the Human Resources Development Special Fund as a revolving fund pursuant to the recommendation made by the Auditor in Auditor's Report No. 22-12.

Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 38, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1014 Finance on H.B. No. 57

The purpose of this measure is to:

- (1) Authorize wages of other employees in comparable employment to be considered when computing the average weekly wages of an injured public board member, reserve police officer, police chaplain, reserve public safety law enforcement officer, sheriffs' chaplain, volunteer firefighter, volunteer boating enforcement officer, or volunteer conservation and resources enforcement officer; and
- (2) Clarify the computation of average weekly wages of an injured volunteer firefighter for workers' compensation benefits purposes.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 57, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1015 Finance on H.B. No. 143

The purpose of this measure is to:

- (1) Authorize the State Fire Council to use monies from the Reduced Ignition Propensity Cigarette Program Special Fund for certain programs and the hiring of administrative personnel; and
- (2) Add to the jurisdiction of the State Fire Council those functions that are consistent with the uses being authorized for the Reduced Ignition Propensity Cigarette Program Special Fund.

Your Committee received testimony in support of this measure from the State Fire Council.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 143, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1016 Finance on H.B. No. 161

The purpose of this measure is to require the representative of labor on the Hawaii Labor Relations Board to be a person selected by a simple majority of the exclusive representatives of the collective bargaining units.

Your Committee received testimony in support of this measure from the United Public Workers AFSCME Local 646, AFL-CIO; Hawaii State Teachers Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and State of Hawaii Organization of Police Officers. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 161, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Cochran). Noes, none. Excused, 1 (Ward).

SCRep. 1017 Finance on H.B. No. 163

The purpose of this measure is to:

- (1) Amend the timeline and process for initiating negotiations and the deadline for reaching an agreement on repricing of classes within a bargaining unit; and
- (2) Establish that a failure to reach an agreement by the specified deadline constitutes an impasse subject to impasse procedures.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and State of Hawaii Organization of Police Officers. Your Committee received testimony in opposition to this measure from the Department of Human Resources Development and Department of Human Resources of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 163, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1018 Finance on H.B. No. 164

The purpose of this measure is to require each public employer to pay the renewal fee for any professional license held by an employee that is necessary for the employee to carry out the employee's duties.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of Education, Office of Collective Bargaining, and Department of Human Resources of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 164, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1019 Finance on H.B. No. 165

The purpose of this measure is to clarify internal complaint procedures for civil service positions by requiring a formal complaint to be filed within twenty working days.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 165, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1020 Finance on H.B. No. 168

The purpose of this measure is to impose penalties, including suspension, on the person and firm for violations of state law governing wages and hours of employees on public works projects.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee, and Hawai'i State AFL-CIO. Your Committee received comments on this measure from the General Contractors Association of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 168, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1021 Finance on H.B. No. 257

The purpose of this measure is to appropriate funds to the Department of Human Resources Development for the:

- (1) Establishment of six new employee positions to expand the ability of the training branch of the Employee Relations Division to offer professional development programs for state employees;
- (2) Expansion of offerings within the Learning Management System; and
- (3) Purchase of licenses to enable the Learning Management System to become the single system of record for the State.

Your Committee received testimony in support of this measure from the Department of Human Resources Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 257, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1022 Finance on H.B. No. 302

The purpose of this measure is to:

- (1) Establish a state YouthBuild Program under the Department of Labor and Industrial Relations to assist nonprofit or public entities in applying and qualifying for federal YouthBuild grant awards; and
- (2) Appropriate funds for administrative costs and to award grants to meet the state matching requirement for federal YouthBuild grant awards.

Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 302, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1023 Finance on H.B. No. 334

The purpose of this measure is to set the amount of the employer contribution to the Hawaii Employer-Union Health Benefits Trust Fund as a fixed percentage of the health benefits plan or life insurance plan premium cost, rather than as a contribution amount negotiated through collective bargaining.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received testimony in opposition to this measure from the Department of Budget and Finance. Your Committee received comments on this measure from the Office of Collective Bargaining.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 334, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1024 Finance on H.B. No. 413

The purpose of this measure is to appropriate funds for the Department of Human Resources Development to retain the services of an online employment marketplace or networking platform to assist in recruiting employees for the State.

Your Committee received testimony in support of this measure from the Department of Human Resources Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 413, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1025 Finance on H.B. No. 491

The purpose of this measure is to require and appropriate funds for the Department of Labor and Industrial Relations to conduct an actuarial study on a potential leave grant pilot program to help small businesses with up to one hundred employees offer their employees paid family leave and sick leave.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii. Your Committee received testimony in opposition to this measure from the Department of Labor and Industrial Relations. Your Committee received comments on this measure from the Society of Human Resource Management and Maui Chamber of Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 491, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1026 Finance on H.B. No. 564

The purpose of this measure is to appropriate monies to the Department of Human Resources Development to:

- (1) Establish two full-time equivalent (2.0 FTE) Information Technology Specialist positions;
- (2) Upgrade information technology systems, including network upgrades, and purchase and install desktop computers, workstations, and laptops; and
- (3) Train personnel.

Your Committee received testimony in support of this measure from the Department of Human Resources Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 564, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1027 Finance on H.B. No. 875

The purpose of this measure is to establish and appropriate funds for the Hawaii Teacher Apprenticeship Program to support, recruit, develop, and retain teachers for Department of Education schools.

Your Committee received testimony in support of this measure from the Department of Education, College of Education at the University of Hawai'i at Manoa, Hawai'i Teacher Standards Board, Hawaii State Teachers Association, Hawai'i P-20 Partnerships for Education, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 875, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1028 Finance on H.B. No. 987

The purpose of this measure is to:

- (1) Require employers to maintain specified records; and
- (2) Allow the Department of Business, Economic Development, and Tourism to collect and analyze labor related information and data from employers.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received testimony in opposition to this measure from FCH Enterprises, Inc.; Hawai'i Restaurant Association; Retail Merchants of Hawaii; Chamber of Commerce Hawaii; and Society of Human Resource Management Hawaii. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 987, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1029 Finance on H.B. No. 1013

The purpose of this measure is to repeal Act 192, Session Laws of Hawaii 2007, which requires the Employees' Retirement System to divest itself of investments in companies that provide support for genocide in Darfur, Sudan, and provide annual reports to the Legislature on the status of divestment.

Your Committee received testimony in support of this measure from the Employees' Retirement System Board of Trustees.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1013, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1030 Finance on H.B. No. 1014

The purpose of this measure is to clarify the Employees' Retirement System's eligibility requirements for service-connected disability and accidental death benefits.

Your Committee received testimony in support of this measure from the Employees' Retirement System Board of Trustees.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1014, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1031 Finance on H.B. No. 1086

The purpose of this measure is to:

- (1) Amend the Hawaii Workforce Development Council law to be consistent with the General Appropriations Act of 2021 and conform the law to the nomenclature and conflict of interest provisions of the Workforce Innovation and Opportunity Act and related federal regulations; and
- (2) Repeal the requirement for the Department of Labor and Industrial Relations to submit an annual report to the Legislature on the activities of the K-12 Agriculture Workforce Development Pipeline Initiative.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1086, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1032 Finance on H.B. No. 1184

The purpose of this measure is to provide a process by which agencies may procure professional services when fewer than three qualified persons respond to an additional solicitation.

Your Committee received testimony in support of this measure from the University of Hawai'i System and Office of the Mayor of the County of Maui. Your Committee received testimony in opposition to this measure from the American Council of Engineering Companies of Hawaii. Your Committee received comments on this measure from the State Procurement Office, Department of Finance of the County of Kaua'i, and AIA Hawaii Council.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1184, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Cochran). Noes, none. Excused, none.

SCRep. 1033 Finance on H.B. No. 1205

The purpose of this measure is to specify that exclusive representatives of public employees are not required to provide grievance representation to collective bargaining unit members who do not pay dues or dues equivalents and who decline to pay reasonable costs of that representation.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; State of Hawaii Organization of Police Officers; and University of Hawaii Professional Assembly. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1205, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1034 Finance on H.B. No. 1206

The purpose of this measure is to require the Department of Accounting and General Services to establish a State Permit Pilot Program to issue building and infrastructure permits for construction of state-owned buildings, state roads and highways, and other construction on state lands in lieu of obtaining county building or infrastructure permits.

Your Committee received testimony in opposition to this measure from the Department of Planning and Permitting of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Accounting and General Services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1206, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Cochran, Poepoe). Noes, none. Excused, none.

SCRep. 1035 Finance on H.B. No. 1409

The purpose of this measure is to:

- (1) Extend the family leave period for an employee who is unable to perform employment duties because of the birth to a child who is required to stay in a neonatal intensive care unit; and
- (2) Require the Department of Health to amend its administrative rules to ensure that neonatal care is included as a related medical condition on par with pregnancy, childbirth, or related medical conditions.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations. Your Committee received comments on this measure from the Hawai'i Children's Action Network Speaks! And one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1409, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1036 Finance on H.B. No. 872

The purpose of this measure is to appropriate funds to the Executive Office on Aging for the Hawaii Healthy Aging Partnership.

Your Committee received testimony in support of this measure from the Policy Advisory Board for Elder Affairs, Office of the Mayor of the County of Maui, Agency on Elderly Affairs of the County of Kaua'i, Maui County Office on Aging, AARP Hawai'i, Pearl City Community Church, and numerous individuals. Your Committee received comments on this measure from the Executive Office on Aging.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 872, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1037 Finance on H.B. No. 1245

The purpose of this measure is to appropriate funds for the Department of Health to purchase one advanced life support ambulance and related equipment, to be based in central Maui, and to fund pay-related personnel costs for state-certified emergency personnel.

Your Committee received testimony in support of this measure from American Medical Response, Maui Hotel & Lodging Association, and four individuals. Your Committee received comments on this measure from the Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1245, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1038 Finance on H.B. No. 1486

The purpose of this measure is to appropriate funds to the Department of Health for the Kupuna Care Program within the Executive Office on Aging.

Your Committee received testimony in support of this measure from the Kupuna Caucus of the Democratic Party of Hawai'i, Rainbow Family 808, AARP Hawai'i, and four individuals. Your Committee received comments on this measure from the Executive Office on Aging and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1486, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1039 Finance on H.B. No. 1260

The purpose of this measure is to:

- (1) Change the governmental entity responsible for the administration of the Address Confidentiality Program from the Office of the Lieutenant Governor to the Department of Law Enforcement;
- (2) Authorize the Department of Law Enforcement to contract the services of a third party to administer certain services of the Address Confidentiality Program; and
- (3) Appropriate funds for the Address Confidentiality Program.

Your Committee received testimony in support of this measure from the Office of the Lieutenant Governor and Department of Law Enforcement. Your Committee received comments on this measure from the Crime Victim Compensation Commission and Hawai'i State Coalition Against Domestic Violence.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1260, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Cochran, Garrett).

SCRep. 1040 Finance on H.B. No. 1233

The purpose of this measure is to require the University of Hawaii School of Travel Industry Management to conduct a study that establishes estimates of the tourism social carrying capacities for each of the islands of Oahu, Maui, Hawaii, Kauai, Lanai, and Molokai, considering the perspective of residents and visitors.

Your Committee received testimony in support of this measure from five individuals. Your Committee received comments on this measure from the Hawai'i Tourism Authority, UNITE HERE Local 5, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1233, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Kahaloa, Kila, Kobayashi, Lamosao). Noes, none. Excused, 2 (Cochran, Garrett).

SCRep. 1041 Consumer Protection & Commerce on H.B. No. 192

The purpose of this measure is to prohibit the sale of certain fluorescent lamps in the State as a new manufactured product, with certain exemptions.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii State Energy Office, Department of Environmental Management of the County of Hawai'i, Blue Planet Foundation, Hawai'i Energy, Appliance Standards Awareness Project, Ulupono Initiative, and five individuals. Your Committee received comments on this measure from the Alliance for Automotive Innovation.

Your Committee finds that mercury is a widespread environmental pollutant that has severe negative impacts on the developing brains of children and can cause other adverse health effects in humans and animals. Fluorescent lamps are a significant source of mercury in the State. Your Committee further finds that the American Council for an Energy-Efficient Economy, the Appliance Standards Awareness Project, CLASP, and the Clean Lighting Coalition recommend that state, federal, and international policymakers should now phase out fluorescent bulbs to reduce mercury in homes and the environment while cutting greenhouse gas emissions. This measure will support the efforts to decrease chemical contamination in Hawaii.

Your Committee has amended this measure by exempting lamps used to replace lamps in previously manufactured motor vehicles from the prohibitions established by this measure.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 192, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 192, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Amato, Belatti, Onishi).

SCRep. 1042 Consumer Protection & Commerce on H.B. No. 1046

The purpose of this measure is to:

- (1) Replace statutory references to school health aides with school health assistants to reflect updated job titles; and
- (2) Allow school health assistants to administer medication at school with the approval of a health care professional within the Department of Education, Department of Health, or a health care service pursuant to a written agreement with the Department of Education.

Your Committee received testimony in support of this measure from the Department of Education, Department of Health, University of Hawai'i at Mānoa Nancy Atmosphaera-Walch School of Nursing, Hawai'i State Center for Nursing, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawaii Medical Board.

Your Committee finds that the Department of Education has expanded access to health care on campus. Many schools have a registered nurse, advanced practice registered nurse, or other specialized health care provider on campus through written agreements with the Department of Education, such as school-

based health centers from federally qualified health centers and the University of Hawaii at Manoa School of Nursing. This measure will provide flexibility to Department of Education staff and enable the provision of more efficient, accessible, and safe care to students by removing the requirement that school health assistants solely seek Department of Health approval for the administration of medications.

Your Committee has amended this measure by:

- (1) Reinstating language that specified the exemption for school health assistants from the nursing licensing laws is limited to the administration of medication in schools; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1046, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1046, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Amato, Belatti, Onishi).

SCRep. 1043 Consumer Protection & Commerce on H.B. No. 1509

The purpose of this measure is to establish the Common-Interest Development Oversight Task Force to examine the feasibility of bringing the various common-interest developments under the oversight of the Department of Commerce and Consumer Affairs.

Your Committee received testimony in support of this measure from the Hawaii Council of Associations of Apartment Owners and Palehua Townhouse Association. Your Committee received testimony in opposition to this measure from the Legislative Action Committee of the Community Associations Institute, Hawaii Chapter; Honolulu Tower AOA; and three individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that common-interest developments exist in the State in a variety of forms, such as condominium property regimes, planned communities, and cooperative housing corporations. Your Committee further finds that while unit owners in condominium property regimes may get assistance from the Department of Commerce and Consumer Affairs for certain disputes, owners in the other forms of common-interest developments are not able to get assistance from the Department. This measure convenes a task force to examine consolidating the oversight of these common-interest developments under the Department of Commerce and Consumer Affairs.

Your Committee has amended this measure by:

- (1) Requiring the Common-Interest Development Oversight Task Force to submit to the Legislature an interim report before the Regular Session of 2024 and a final report before the Regular Session of 2025;
- (2) Changing the Task Force's cease date to June 30, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1509, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1509, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Amato, Belatti, Onishi).

SCRep. 1044 Consumer Protection & Commerce on H.B. No. 695

The purpose of this measure is to allow the use of battery-charged security fences for non-agricultural purposes under certain circumstances.

Your Committee received testimony in support of this measure from Amarak.

Your Committee finds that approximately \$85,000,000 in property value was reported stolen in the State in 2022. This is a 6.6 percent increase from 2021. Your Committee further finds that various businesses are seeking effective security solutions. This measure will authorize battery-charged security fencing as a means of averting criminal activity.

Your Committee has amended this measure by:

- (1) Clarifying that the energizer used for a battery-charged security fence must meet the standards set forth in the most current edition of the International Electrotechnical Commission Standard 60335-2-76; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 695, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 695, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Amato, Belatti, Onishi).

SCRep. 1045 Consumer Protection & Commerce on H.B. No. 371

The purpose of this measure is to repeal the telecommunications and cable industry information reporting requirements for broadband service providers and mobile radio service providers.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, and Tourism; CTIA; Charter Communications; Hawaiian Telcom; and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from AARP Hawai'i.

Your Committee finds that the accurate pinpointing of unserved and underserved areas where broadband infrastructure is needed continues to be critical to determine where the expansion of service is most needed in the State. To assist in this effort, Act 259, Session Laws of Hawaii 2012 (Act 259), was enacted to collect broadband data for compilation at a level more granular than census-block level data.

Your Committee further finds that with the enactment of the Broadband DATA Act, P.L. 116-130, in 2020, the Federal Communications Commission (FCC) was tasked with collecting granular service availability data from wired, fixed wireless, and satellite broadband providers. The FCC also launched the FCC

National Broadband Map that publicly displays where internet services are available on a location-by-location basis. Accordingly, this measure repeals the provisions established by Act 259 that have been rendered unnecessary under the Broadband DATA Act.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 371, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 371, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Belatti, Gates).

SCRep. 1046 Consumer Protection & Commerce on H.B. No. 1027

The purpose of this measure is to align the State's Money Transmitters Modernization Act with the provisions of the Model Money Transmission Modernization Act.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that existing state laws regulating the financial components of money transmitters are outdated and do not adequately provide consumer protection. Your Committee further finds that the Conference of State Bank Supervisors Model Money Transmission Modernization Act adequately addresses the evolving landscape of money transmission to ensure consumer protection while allowing the industry to evolve. This measure will enable the State to work within a network of states to license, supervise, and examine transglobal money transmission companies as a multi-state system of financial regulation.

Your Committee has amended this measure by:

- (1) Amending the definitions of "money," "money transmission," "outstanding money transmission obligation," and "payment instrument" to align with the definitions under the Model Money Transmission Modernization Act; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1027, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1027, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Belatti, Gates).

SCRep. 1047 Consumer Protection & Commerce on H.B. No. 1340

The purpose of this measure is to establish the Beneficial Treatments Advisory Council to:

- (1) Review, evaluate, and recommend new medicinal treatments for mental health; and
- (2) Develop a long-term strategic plan to ensure the availability of therapeutic psilocybin and 3,4-methylenedioxymethamphetamine.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience, Malama Mushrooms, Hawai'i Psychological Association, Beyond Mental Health, Clarity Project, Dawn Patrol Assessments, SoundMind Institute, and numerous individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that the breakthrough therapy designation is a process designed to expedite the development and review of drugs that are intended to treat a serious condition and preliminary clinical evidence indicates that the drug may demonstrate substantial improvement over available therapy on a clinically significant endpoint. Your Committee further finds that actions on the breakthrough therapy designations for psilocybin and 3,4-methylenedioxymethamphetamine (MDMA) are imminent. As such, efforts for evaluating potentially beneficial treatments should be focused on future breakthrough therapy designations, rather than on the existing designations for psilocybin and MDMA.

Accordingly, your Committee has amended this measure by:

- (1) Authorizing the Director of Health to establish a temporary Breakthrough Therapy Designation Advisory Council within three months of a breakthrough therapy designation approval by the United States Food and Drug Administration, rather than establishing a Beneficial Treatments Advisory Council;
- (2) Specifying the composition, duties, reporting requirements, and duration of the Breakthrough Therapy Designation Advisory Council; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1340, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1340, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, 1 (Pierick). Excused, 2 (Belatti, Gates).

SCRep. 1048 Consumer Protection & Commerce on H.B. No. 218

The purpose of this measure is to:

- (1) Require dispensing pharmacies to provide accessible prescription drug label information to individuals who have difficulty seeing or reading standard printed labels on prescription drug containers;
- (2) Require dispensing pharmacies to make sustained, periodic, and reasonable efforts to inform the public that prescription drug label information is available in accessible formats; and
- (3) Require the Board of Pharmacy to adopt rules by December 31, 2025, to carry out the purposes of this measure.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, The Kūpuna Caucus of the Democratic Party of Hawai'i, National Federation of the Blind of Hawaii, Hawaii State Committee of Blind Vendors, National Organization of Parents of Blind Children, and eight individuals. Your Committee received comments on this measure from the Department of Human Services, Board of Pharmacy, Times Pharmacy, and two individuals.

Your Committee finds that certain drug information must be affixed to the label on a prescription drug container. This information includes the "use by" date, number of authorized refills, and directions for proper use. Your Committee further finds that persons who have difficulty seeing or reading standard printed labels are at risk of inadvertently taking the wrong medication, wrong amount, or under the wrong directions. This measure promotes health and safety by requiring that pharmacies provide accessible prescription drug label information.

Your Committee recognizes that this measure may have a fiscal impact on smaller pharmacies.

Accordingly, your Committee has amended this measure by:

- (1) Exempting pharmacies that are sole proprietorships with no more than two pharmacists;
- (2) Specifying that the rules required to be adopted under this measure be done pursuant to the Hawaii Administrative Procedure Act; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 218, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 218, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Belatti, Hussey-Burdick, Gates).

SCRep. 1049 Consumer Protection & Commerce on H.B. No. 11

The purpose of this measure is to:

- (1) Specify that primary plan documents and secondary plan documents be listed in the public disclosure statement of a time share plan;
- (2) Clarify the manner in which the required disclosure of liens, title defects, or encumbrances on the titles of units may be made; and
- (3) Provide that a consultant's review of encumbrances shall be waived upon a certification from the developer that the time share interest is free and clear of blanket liens or that identifies all blanket liens.

Your Committee received testimony in support of this measure from Hilton Grand Vacations, ARDA Hawai'i, Marriott Vacations Worldwide Corporation, and one individual. Your Committee received testimony in opposition to this measure from UNITE HERE Local 5. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the existing disclosure statement requirements for a time share plan were initially adopted in 1980. At that time, most time share plans were confined to a single site and listing the encumbrances was a simple addition to the disclosure statement. In contrast, modern time share plans frequently involve hundreds of units at dozens of sites. Your Committee further finds that the information currently required in a disclosure statement is a burden to consumers, due to the overwhelming number of encumbrances that are listed in a disclosure statement. Your Committee is concerned that if a disclosure statement becomes too long, consumers may not thoroughly review the disclosure statement, or may not read it at all. This measure is intended to reduce the burden on consumers and enhance the efficiency of reviewing disclosure statements and filings for time share plans by updating disclosure statement requirements to include only key information.

Your Committee has amended this measure by:

- (1) Specifying, for purposes of the public disclosure statement of a time share plan, that:
 - (A) A brief description of pertinent provisions of condominium project instruments must be included if the purchaser will own an undivided interest in a fee simple or leasehold condominium unit;
 - (B) The Director of Commerce and Consumer Affairs may require the disclosure of any nonmaterial lien, title defect, or encumbrance impacting a purchaser's utilization of the property; and
 - (C) The developer must include a statement on the website used to disclose nonmaterial liens, title defects, and encumbrances, that states the developer has determined the liens, title defects, and encumbrances on the website are not expected to directly, substantially, and adversely impact utilization of the property by a purchaser;
- (2) Allowing, rather than requiring, a consultant to accept a certification by a developer in lieu of reviewing copies of all encumbrances on title;
- (3) Clarifying the required contents in the certification to the consultant;
- (4) Requiring the Director of Commerce and Consumer Affairs to include in the annual report to the Legislature regarding time share plans the frequency and circumstances under which a developer's certification was accepted or when it was determined that further review was necessary and the justifications for further review; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 11, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 11, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Tam). Noes, none. Excused, 2 (Hussey-Burdick, Gates).

SCRep. 1050 Consumer Protection & Commerce on H.B. No. 378

The purpose of this measure is to:

- (1) Include as a requirement for registration as a clinic under the Uniform Controlled Substances Act that the clinic be located at least seven hundred fifty feet away from a school;
- (2) Prohibit the issuance or renewal of a State of Hawaii controlled substance registration for a methadone clinic or substance use disorder services clinic if the clinic is within seven hundred fifty feet of a school;
- (3) Authorize the revocation or suspension of a controlled substance registration if the registrant is a methadone clinic or substance use disorder services clinic that has located or relocated within seven hundred fifty feet of a school;

- (4) Include as a requirement for registration as a methadone treatment program that the program be located at least seven hundred fifty feet away from a school; and
- (5) Establish a Substance Use Disorder Services Clinic Working Group to collaborate and consult on issues relating to addiction recovery and public safety.

Your Committee received testimony in support of this measure from the Department of Education, Community Art Recreation Education Services, and four individuals. Your Committee received testimony in opposition to this measure from the Hawaii Substance Abuse Coalition; Hawai'i Health & Harm Reduction Center; Ho'opono Na Mea Ola; CHAMP Clinic; Habilitat, Inc.; Hawai'i Society of Addiction Medicine; and numerous individuals. Your Committee received comments on this measure from the Department of Law Enforcement, Department of Public Safety, Department of Health, Disability and Communication Access Board, Hawaii Disability Rights Center, Hawaii Primary Care Association, and three individuals.

Your Committee finds that clinics that provide services to address substance use disorders are vital for persons to access necessary treatment and care. Your Committee further finds that determining the locations of such clinics must balance the interest of promoting necessary treatment and care with the interest of public safety. This measure is a vehicle to collaborate on finding the right balance.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that:
 - (A) Amended the requirements for registration under the Uniform Controlled Substances Act as a clinic by requiring that the clinic be located at least seven hundred fifty feet away from a school;
 - (B) Prohibited the issuance or renewal of a State of Hawaii controlled substance registration for a methadone clinic or substance use disorder services clinic if the clinic is within seven hundred fifty feet of a school;
 - (C) Authorized the revocation or suspension of a controlled substance registration if the registrant is a methadone clinic or substance use disorder services clinic that has located or relocated within seven hundred fifty feet of a school;
 - (D) Amended the requirements for the registration of a methadone treatment program by requiring the program to be located at least seven hundred fifty feet away from a school; and
 - (E) Provided that an organization or a person registered as a clinic under the Uniform Controlled Substances Act must comply with the new requirements within three years of this measure's enactment;
- (2) Including among the factors for determining whether the issuance of a controlled substances registration is against public interest, the prevention of activities within the applicant's areas that are potentially injurious to the health, safety, and welfare of the public and neighborhood; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 378, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 378, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Tam). Noes, 2 (Amato, Pierick). Excused, 2 (Belatti, Gates).

SCRep. 1051 Consumer Protection & Commerce on H.B. No. 187

The purpose of this measure is to establish labor requirements for the construction of large-scale renewable energy projects.

Your Committee received testimony in support of this measure from the Pacific Resource Partnership, Operating Engineers Local Union No. 3, Hawaii Regional Council of Carpenters, and one individual. Your Committee received testimony in opposition to this measure from the Legislative Committee of Associated Builders and Contractors, Hawaii Chapter and General Contractors Association of Hawaii. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Hawaii State Energy Office, Office of Information Practices, and Hawaiian Electric.

Your Committee finds that the State's commitment to ensuring that one hundred percent of all electrical energy be generated using renewable energy necessitates the development of large-scale renewable energy projects. Your Committee further finds that such projects should be in compliance with fair labor practices that reflect the values of the State. This measure will foster the mentoring and development of a skilled, in-state workforce, while offering workers long-term career opportunities in a burgeoning industry and the ability to earn a living wage with benefits.

Your Committee has amended this measure by:

- (1) Specifying that this measure applies to large-scale renewable energy projects with a capacity rating of ten megawatts or greater; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 187, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 187, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Belatti). Noes, 2 (Onishi, Pierick). Excused, 2 (Hussey-Burdick, Gates).

SCRep. 1052 Judiciary & Hawaiian Affairs on H.B. No. 1087

The purpose of this measure is to amend the definition of "employee" in Hawaii's wage and hour law by realigning the guaranteed compensation of \$2,000 or more to a sum that is at least equal to the monthly earnings of an individual who is compensated at the minimum wage rate pursuant to section 387-2, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Hawai'i State AFL-CIO, Democratic Party of Hawaii Labor Caucus, Democratic Party of Hawai'i Education Caucus, Imua Alliance, Save Medicaid Hawaii, and sixteen individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee finds that this measure would increase the number of workers who receive protections afforded by the minimum wage rates, overtime, rates, and recordkeeping protections that exist for employees and employers covered under the State's wage and hour law.

Your Committee has amended this measure by:

- (1) Amending the definition of "employee" in Hawaii's wage and hour law to repeal the exclusion of employees who receive guaranteed compensation totaling \$2,000 or more a month, rather than realigning the guaranteed compensation of \$2,000 or more to a sum that is at least equal to the monthly earnings of an individual who is compensated at the minimum wage rate pursuant to section 387-2, Hawaii Revised Statutes; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1087, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1087, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1053 Judiciary & Hawaiian Affairs on H.B. No. 1156

The purpose of this measure is to:

- (1) Authorize the provision of long-acting psychotropic medication to patients who are subject to emergency examination or emergency hospitalization;
- (2) Authorize a psychiatric facility or hospital where a patient is held to request the Director of Health to file a petition for an order for treatment over the patient's objection;
- (3) Expand who may join in a petition for a request for treatment over a patient's objection under certain circumstances;
- (4) Expand the administration of treatment over a patient's objection to include persons who are in the custody of the Director of Health at any hospital, under certain conditions;
- (5) Authorize psychiatrists or advanced practice registered nurses, after examination of a person for assisted community treatment indication, to request the Director of Health to file an assisted community treatment petition;
- (6) Authorize interested parties to request the Director of Health to file an assisted community treatment petition on behalf of the interested party;
- (7) Require the Director of Health to review requests for petitions expeditiously and either pursue a petition or convene an administrative panel;
- (8) Require the Family Court to file a final order on an assisted community treatment petition within thirty days of the date the petition is filed;
- (9) Authorize the Family Court to use online hearings for assisted community treatment petitions; and
- (10) Authorize the subject of a petition to stipulate to the proposed order for treatment and the Family Court to enter the stipulated order without an evidentiary hearing.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Disability Rights Center and one individual. Your Committee received comments on this measure from the Judiciary, Department of Health, The Queen's Health System, and one individual.

Your Committee finds that this measure would support the timely provision of treatment and care for individuals who lack decisional capacity by expanding and expediting the process to establish authorization to treat the patient over their objection, finalizing petitions for assisted community treatment, and reducing the time to initiate treatment.

Your Committee has amended this measure by:

- (1) Allowing behavioral health crisis centers to request the Director of Health to file a petition for an order for treatment over the patient's objection or convene an administrative panel in emergency examinations;
- (2) Inserting language to require the Department of Health to submit a report on the number of requests for petitions for assisted community treatment submitted to the Director of Health since July 1, 2023, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1156, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1156, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1054 Judiciary & Hawaiian Affairs on H.B. No. 841

The purpose of this measure is to amend automatic referral requirements when a domestic abuse restraining order is sought to apply only when there are allegations of child abuse.

Your Committee received testimony in support of this measure from the Judiciary, Department of Human Services, Hawai'i State Coalition Against Domestic Violence, Parents and Children Together, and three individuals.

Your Committee finds that the existing law is overbroad in that it requires a referral to the Department of Human Services for intervention or investigation by the Child Welfare Services Branch when a parent seeks a domestic abuse restraining order against another parent or household member for allegations of domestic abuse. Many of these referrals do not indicate safety concerns for the children. Your Committee further finds that this measure would reduce the need to report families where a harm or threat of harm to a child does not exist, strengthen support for domestic violence survivors, allay fears of temporary restraining order petitioners that seeking protection will generate a Child Welfare Services investigation, and reserve Child Welfare Services resources for investigations of reports of child abuse.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 841, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 841, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1055 Judiciary & Hawaiian Affairs on H.B. No. 973

The purpose of this measure is to repeal the requirement for the Department of Agriculture to adopt rules to address nuisance issues, including smell, noise, and excessive lighting arising out of the activities of hemp growers.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Hemp Farmers Association, Hawai'i Farm Bureau, Hawai'i Farmers Union United, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure eliminates redundancies in having the Department of Agriculture be required to adopt rules to address nuisances that already fall under the authority of the Department of Health and county land use ordinances.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 973, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 973, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1056 Judiciary & Hawaiian Affairs on H.B. No. 1348

The purpose of this measure is to protect macadamia nut farmers in the State and the premium brand of goods grown and produced in Hawaii by:

- (1) Applying the labeling requirement for macadamia nuts partially sourced from Hawaii to situations in which the labeling on a consumer package, by any other means including in the company name or use of image, represents the origin of the macadamia nuts as being from the State;
- (2) Requiring the country of origin to be included on the label of a consumer package of raw or processed macadamia nuts; and
- (3) Allowing a private right of action for violations.

Your Committee received testimony in support of this measure from the Department of Agriculture; Edmund C. Olson Trust No. 2; Ka'u Farms Management LLC; Hamakua Macadamia Nut Company; Island Harvest Inc.; Mahina Mele Farms, LLC; Hawaiian Sunshine Farms Inc.; Hawaiian Macadamia Nut Company; Hawaiian Macadamia Nut Services, LLC; International Longshore and Warehouse Union Local 142; Yamada Enterprises, Inc.; New Hawaii Macnut Company; Sweet Brown Hawaii; Synergistic Hawaii Agriculture Council; Hawai'i Farm Bureau; Macadamia Growers of Hawai'i; Hawaii Tart Innovations; Hawai'i Farmers Union United; Rancho Aloha; Hawai'i Alliance for Progressive Action; Ulupono Initiative; Kuwale Ridge Farms; Hawaii Macadamia Nut Association; and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaiian Host Group; M&K Distributors, Inc.; and numerous individuals.

Your Committee finds that the macadamia nut industry is a significant contributor to the State's agricultural economy. There are currently sixteen thousand acres of macadamia nuts statewide on roughly six hundred twenty farms. Your Committee further finds that the industry faces significant economic pressure as a result of macadamia nut products' misleading use of Hawaiian names and images when only a portion or none of the macadamia nuts within the products were sourced from within the State. This measure bolsters the State's existing protections on the labeling of the origin of macadamia nuts to protect the Hawaii brand.

Your Committee has amended this measure by:

- (1) Expanding the existing labeling law for macadamia nut products to apply to branding or other representations on a label, rather than expanding to any other means, including a company name or use of an image of the State;
- (2) Clarifying that the listing of the countries of origin be included on the principal display panel pursuant to section 304 of the Tariff Act of 1930;
- (3) Clarifying that it is a violation of the labeling law to use a label containing the words "Hawaii-Grown Macadamia Nuts" that misrepresents and creates a reasonable expectation that the origin of the macadamia nuts in the package as being grown in the State;
- (4) Deleting language that allowed a private right of action for violations; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1348, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1348, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Holt). Noes, 1 (Hashimoto). Excused, 1 (Ichiyama).

SCRep. 1057 Judiciary & Hawaiian Affairs on H.B. No. 1109

The purpose of this measure is to meet federal requirements on fraudulent activity relating to commercial learner's permits and commercial driver's licenses.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the Federal Motor Carrier Safety Administration, pursuant to Title 49 of the Code of Federal Regulations section 383.73(k)(2), requires the Department of Transportation to have policies in place that result, at minimum, in the disqualification of the commercial learner's permit or commercial driver's license, as applicable, for applicants suspected of fraud related to the testing and issuance of that permit or license.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1109, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1109, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1058 Judiciary & Hawaiian Affairs on H.B. No. 1107

The purpose of this measure is to make state law consistent with federal law regarding legal limits for gross vehicle weight and axle loads traveling on all public roadways.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that this measure will simplify the definition of legal vehicle weights for commercial vehicles and make them apply uniformly across the State. According to the Department of Transportation, this measure will also likely aid the State in its efforts to preserve its roadway and bridge infrastructure.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1107, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1107, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1059 Judiciary & Hawaiian Affairs on H.B. No. 970

The purpose of this measure is to make technical changes to the definitions of "agricultural enterprise lands" and "non-agricultural park lands" for clarification and consistency purposes.

Your Committee received testimony in support of this measure from the Department of Agriculture and Hawai'i Farm Bureau.

Your Committee finds that this measure will resolve an inconsistency between the definition of "agricultural enterprise lands" established by Act 221, Session Laws of Hawaii 2022, and the definition of "non-agricultural park lands" in chapter 166E, Hawaii Revised Statutes.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 970, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 970, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1060 Judiciary & Hawaiian Affairs on H.B. No. 975

The purpose of this measure is to clarify the requirements for the submission of applications and disbursal of grants under the Cover Crop Reimbursement Pilot Program.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, Hawai'i Farmers Union United, and two individuals. Your Committee received comments on this measure from the State Procurement Office.

Your Committee finds that this measure would address potential deficiencies in Act 312, Session Laws of Hawaii 2022, which established the three-year Cover Crop Reimbursement Pilot Program to reimburse farming operations in the State for the costs of acquiring cover crop seeds, green manure, or compost.

Your Committee has amended this measure by:

- (1) Requiring the Department of Agriculture to:
 - (A) Publicly post information on the Cover Crop Reimbursement Pilot Program to ensure that all farming operations in the State have equal opportunity to participate in the Program;
 - (B) Ensure transparency in the Cover Crop Reimbursement Pilot Program application process; and
 - (C) Publicly post any grant awarded under the Cover Crop Reimbursement Pilot Program;
- (2) Requiring applicants who are for-profit entities, nonprofit community-based organizations, or cooperative associations to comply with state laws, including the General Excise Tax Law, Hawaii Employment Security Law, Workers' Compensation Law, Hawaii Temporary Disability Insurance Law, and Hawaii Prepaid Health Care Act; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 975, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 975, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1061 Judiciary & Hawaiian Affairs on H.B. No. 1344

The purpose of this measure is to authorize certain criminal offenders to be sentenced by a court to undergo an assessment and complete either a domestic violence intervention course or anger management counseling, as determined by the domestic violence program.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawai'i State Coalition Against Domestic Violence, Parents And Children Together, and three individuals.

Your Committee finds that this measure would allow service providers to provide more appropriate and targeted courses for a defendant involved in a case with a non-intimate partner and maintain the integrity of discussions about intimate partner conflicts in the domestic violence intervention course setting.

Your Committee has amended this measure by:

- (1) Clarifying the requirements for offenders to complete assessments at domestic violence programs and domestic violence intervention or anger management courses;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1344, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1344, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1062 Judiciary & Hawaiian Affairs on H.B. No. 1241

The purpose of this measure is to:

- (1) Authorize professional land surveyors and assistants who are under the direct supervision of land surveyors to enter private property to perform land surveying, subject to certain notice, identification, and liability requirements; and
- (2) Protect professional land surveyors and supervised assistants from prosecution under criminal trespass laws when performing their duties.

Your Committee received testimony in support of this measure from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects and six individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General and one individual. Your Committee received comments on this measure from Hawai'i REALTORS.

Your Committee finds that land surveying protects the public interest, maintains Hawaii's unique land title system, and supports government land use goals. Your Committee further finds that professional land surveyors require reasonable access over and across certain real properties at reasonable times in the regular course of their work. This measure balances a land surveyor's important task of completing accurate surveys with property owners' interest in protecting land from unconsented invasion.

Your Committee has amended this measure by:

- (1) Amending the preamble;
- (2) Clarifying that the right of entry to private property does not include the right to enter any building, structure, residence, or vehicle;
- (3) Decreasing the number of days a land surveyor must give written notice of the intention to enter the private property to be surveyed and any adjoining lands;
- (4) Amending the required information for, and delivery of, written notice;
- (5) Amending the procedure for objecting to a land surveyor's entry to private property;
- (6) Clarifying when a land surveyor or assistant may enter adjoining lands;
- (7) Deleting language that would have exempted land surveyors from liability under certain circumstances;
- (8) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1241, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1241, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1063 Judiciary & Hawaiian Affairs on H.B. No. 1088

The purpose of this measure is to amend the conditions, manner, and areas in which the Commission on Water Resource Management of the Department of Land and Natural Resources can declare water shortages and emergencies.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual. Your Committee received comments on this measure from the Honolulu Board of Water Supply.

Your Committee finds that this measure would enable the Commission on Water Resource Management to declare a water shortage or emergency without a prior water shortage declaration by rule. This measure would thereby encompass situations requiring a swift response, including the Red Hill fuel crisis that resulted from fuel and other hazardous materials contaminating Oahu's drinking water resource or the use of water to protect against wildfires.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1088, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1064 Judiciary & Hawaiian Affairs on H.B. No. 760

The purpose of this measure is to:

- (1) Expand the Department of Land and Natural Resources' rulemaking authority to include any rule deemed necessary to protect certain aquatic life;
- (2) Expand the Board of Land and Natural Resources' authority to temporarily adopt, amend, or repeal certain natural resource rules by formal action at a publicly noticed meeting under certain circumstances; and
- (3) Create new fines for violations of rules pertaining to the Department of Land and Natural Resources' prevention of or response to previously benign aquatic nuisance species.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Environmental Caucus of The Democratic Party of Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs and one individual.

Your Committee finds that the Department of Land and Natural Resources is responsible for the management and protection of the State's aquatic resources, including preventing the over-exploitation of fisheries and introduction of aquatic nuisance species. Your Committee further finds that the Department is currently only authorized to adopt temporary rules if the rule is in response to "rapidly changing resource conditions". However, there are often other compelling reasons to authorize temporary rulemaking through the adaptive management process. This measure would expand the Department's array of management tools, allowing for better protection of the State's aquatic resources.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 760, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1065 Judiciary & Hawaiian Affairs on H.B. No. 1201

The purpose of this measure is to establish:

- (1) Noise generated by helicopters in excess of a certain decibel level as a public nuisance and a source of noise pollution in violation of the State's noise pollution law; and
- (2) Fines and a private right of action for individuals to sue helicopter owners and operators for creating a public nuisance.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from Jack Harter Helicopters, Aircraft Owners and Pilots Association, and Helicopter Association International. Your Committee received comments on this measure from the Department of the Attorney General and Department of Transportation.

Your Committee finds that public discourse and perception have grown more critical of the noise generated by helicopters flying through the State, which are big contributors to noise pollution. Residents have cited that the excessive helicopter noise has taken a toll on their physical and mental health and consequently your Committee believes that noise pollution from the operation of helicopters is a serious public health issue. While your Committee acknowledges potential jurisdictional concerns under this measure, your Committee believes that innovative solutions, such as allowing for a private right of action, to address residents' concerns is needed to ensure the health and welfare of residents.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1201, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1066 Judiciary & Hawaiian Affairs on H.B. No. 1398

The purpose of this measure is to create a new bargaining unit for telecommunications and emergency dispatchers and employees who perform similar functions employed by the State and counties.

Your Committee received testimony in support of this measure from the Office of Homeland Security; Office of the Mayor of the County of Maui; one member of the Maui County Council; Honolulu Police Department; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and nineteen individuals. Your Committee received testimony in opposition to this measure from the Office of Collective Bargaining of the Executive Office of the Governor and Department of Human Resources of the City and County of Honolulu. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that emergency communications personnel provide the vital link between those in need of help and the emergency service workers who provide that assistance. Their role, like others in emergency services, requires specialized training unfit for most other careers; long and unpredictable work shifts that require someone posted twenty-four hours a day, seven days a week; and a particular mindset able to deal with the stresses of these duties. This measure would help to differentiate emergency call operators from clerical staff and place them in a specialized unit more similar to other emergency units.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1398, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1067 Judiciary & Hawaiian Affairs on H.B. No. 692

The purpose of this measure is to increase administrative and criminal penalties for violators of the Hawaii Pesticides Law.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Alliance for Progressive Action, Hawai'i SEED, Kanalani Ohana Farm, Imua Alliance, Democratic Party of Hawai'i Education Caucus, and numerous individuals. Your Committee received testimony in opposition to this measure from the Hawaii Pest Control Association; Aloha Termite & Pest Control; Bowman Termite & Pest Management, LLC; and eight individuals. Your Committee received comments on this measure from the Hawaii Crop Improvement Association.

Your Committee finds that this measure would protect Hawaii's residents and environment from illegal pesticide use by increasing the monetary fines for commercial and private pesticide applicators who violate pesticide laws.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 692, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8; Ayes with Reservations (Holt). Noes, 1 (Hashimoto). Excused, 1 (Ichiyama).

SCRep. 1068 Judiciary & Hawaiian Affairs on H.B. No. 110

The purpose of this measure is to authorize the use of diacritical marks for Hawaiian words on special number plates.

Your Committee received testimony in support of this measure from the Department of Customer Services of the City and County of Honolulu and one individual. You Committee received testimony in opposition to this measure from the Honolulu Police Department.

Your Committee finds that ‘okina and kahakō are used to indicate appropriate pronunciation to some speakers of ‘Ōlelo Hawai‘i and that the absence or presence of diacritical marks, and their associated pronunciation, can result in a completely different meaning of the words. Your Committee further finds that this measure affords the proper respect to ‘Ōlelo Hawai‘i when used in special number plates.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 110, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1069 Judiciary & Hawaiian Affairs on H.B. No. 105

The purpose of this measure is to:

- (1) Require license plates to include ‘okina in the word "Hawai‘i"; and
- (2) Authorize the use of all uppercase letters, all lowercase letters, or initial capital letters in license plates along the upper portion of the word "Hawai‘i" or the lower portion of the words "Aloha State".

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Department of Customer Services of the City and County of Honolulu, and two individuals.

Your Committee finds that the State enacted Act 170, Session Laws of Hawaii 2022, which requires the inclusion of consistent Hawaiian names, words, and spelling in state and county letterhead. This measure would further expand these efforts by requiring an ‘okina in the word "Hawai‘i" on state license plates.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 105, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 105, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1070 Judiciary & Hawaiian Affairs on H.B. No. 819

The purpose of this measure is to designate the limu kala as the official limu of the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Mālama Pūpūkea-Waimea, Kua‘āina Ulu ‘Auamo, Mālama Limu Club at Kamehameha Schools Kapālama, Marine Science Learning Center at Waianae High School, and eleven individuals.

Your Committee finds that this measure would increase awareness, understanding, and appreciation of limu in Hawaii, particularly limu kala, which plays a critical role in Hawaii's aquatic environment and culture.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 819, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 819, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1071 Judiciary & Hawaiian Affairs on H.B. No. 823

The purpose of this measure is to:

- (1) Expand the scope of inmate and corrections employee deaths that are reported and require the reports of deaths to be published on the Department of Corrections and Rehabilitation's website; and
- (2) Clarify the information to be included in the reports after the official cause of death is determined and mandate public access to certain information within those reports.

Your Committee received testimony in support of this measure from the Hawaii Correctional System Oversight Commission, Hawai‘i Health & Harm Reduction Center, Community Alliance on Prisons, Ho‘opono Na Mea Ola, The Civil Beat Law Center for the Public Interest, Opportunity Youth Action Hawai‘i, and five individuals. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that this measure will increase transparency and accountability in the State's criminal justice system by expanding the scope of information to be collected and reported on an inmate's death while incarcerated in a state or state-contracted correctional facility and requiring certain information from the report to be made available to the public.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 823, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 823, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Kong).

SCRep. 1072 Judiciary & Hawaiian Affairs on H.B. No. 777

The purpose of this measure is to authorize the Department of Human Services to conduct comprehensive background checks on current or prospective employees; volunteers; contractors; and contractors' employees, agents, and volunteers whose position places or would place them in close proximity to certain minors, young adults, or vulnerable adults.

Your Committee received testimony in support of this measure from the Department of Human Services, Catholic Charities Hawai'i, and six individuals. Your Committee received comments on this measure from the Hawai'i Civil Rights Commission.

Your Committee finds that this measure would help to ensure the health, safety, and well-being of vulnerable populations in the State by expanding the scope of background checks performed by the Department of Human Services on individuals working with or in close proximity to individuals receiving services from the Department who may be at risk.

Your Committee further finds that the term "agents" is not clearly defined under the Hawaii Criminal Justice Data Center chapter and may be considered overly broad.

Accordingly, your Committee has amended this measure by:

- (1) Requiring background checks on subcontractors and subcontractors' employees and volunteers, instead of contractors' agents; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 777, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 777, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Kong).

SCRep. 1073 Judiciary & Hawaiian Affairs on H.B. No. 70

The purpose of this measure is to:

- (1) Prohibit the sale and distribution of hemp products that contain cannabinoids created through isomerization, including Delta 6 cis or trans tetrahydrocannabinol, and their optical isomers;
- (2) Exempt certain cannabis and manufactured cannabis product sales from the prohibition; and
- (3) Insert alternative names for Delta 6 cis or trans tetrahydrocannabinol and their optical isomers into the list of schedule I controlled substances.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that hemp products containing cannabinoids created through isomerization, including Delta-8 tetrahydrocannabinol have not been approved by the United States Food and Drug Administration for safe use in any context. Your Committee further finds that existing interim rules adopted by the Department of Health ban such hemp products. This measure will codify the ban to ensure the welfare and safety of residents.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 70, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 70, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1074 Judiciary & Hawaiian Affairs on H.B. No. 1134

The purpose of this measure is to prohibit unpermitted commercial ocean use activities within Kaneohe Bay waters and the advertising of those unpermitted activities, and establish enforcement mechanisms for the prohibitions.

Your Committee received testimony in support of this measure from the Hawaii State Aha Moku, Ko'olau Foundation, Ko'olaupoko Hawaiian Civic Club, and three individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that unpermitted commercial activity is especially noticeable in certain areas, such as Kaneohe Bay. One of the main problems with enforcement is proving that operators of unpermitted commercial activities were in fact compensated for their services, since operators and customers may be dishonest about their transactions and compensation may be made online or through other non-physical methods. This measure seeks to provide the Department of Land and Natural Resources with alternate enforcement mechanisms to more effectively stop illegal commercial activity at Kaneohe Bay.

Your Committee has amended this measure by:

- (1) Requiring the Department of Land and Natural Resources to adopt rules establishing administrative penalties and fines for violations of Kaneohe Bay commercial ocean use activity restrictions, instead of violations of ocean recreation and coastal areas programs laws generally;
- (2) Clarifying that the Division of Conservation and Resources Enforcement of the Department of Land and Natural Resources, instead of the Hawaii Harbor Police, have the authority to issue citations, issue subpoenas, and take legal custody of any personal property for violations of Kaneohe Bay commercial ocean use activity restrictions;
- (3) Deleting language that would have appropriated general revenues for full-time equivalent positions to enforce the Kaneohe Bay commercial ocean use activity restrictions; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1134, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1134, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Kong).

SCRep. 1075 Judiciary & Hawaiian Affairs on H.B. No. 201

The purpose of this measure is to expand the definition of "historic property" to mean certain structures or sites that are over one hundred years old or that are over fifty years old and meet certain criteria.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Association of REALTORS, NAIOP Hawaii, Maui Chamber of Commerce, and two individuals. Your Committee received testimony in opposition to this measure from the Historic Hawai'i Foundation and two individuals.

Your Committee finds that the current definition of "historic property", which is based solely on the age of the property, is flawed. This measure amends the definition of "historic property" to reflect that historical value is based on age as well as other considerations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 201, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 201, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1076 Judiciary & Hawaiian Affairs on H.B. No. 1091

The purpose of this measure is to further strengthen purchaser protections by requiring disclosure of permitted and unpermitted erosion control structures on parcels of land adjacent to the shoreline before real estate transactions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawai'i Climate Change Mitigation and Adaptation Commission; Office of Planning and Sustainable Development; University of Hawaii Sea Grant College Program; University of Hawaii Climate Resilience Collaborative; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Surfrider Foundation; and one individual. Your Committee received comments on this measure from the Hawai'i Association of REALTORS.

Your Committee finds that this measure will support informed consent and actual notice to all parties of a real estate transaction regarding the location of the shoreline and result in the removal of harmful and dangerous unpermitted erosion control structures from state lands.

Your Committee has amended this measure by:

- (1) Clarifying that the seller must disclose all permitted and unpermitted erosion control structures on state land seaward and adjacent to the parcel;
- (2) Requiring the seller to disclose the annual coastal erosion rate for the zoning lot as determined by historical analysis and shown on the county databases for historical erosion rates, when publicly available; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that historical erosion rates are currently available from the City and County of Honolulu and counties of Kauai and Maui at the following web addresses where they are applied in planning and permitting and, in the case of Kauai and Maui, for calculated erosion rate-based shoreline construction setbacks:

Honolulu:

cchnl.maps.arcgis.com/apps/View/index.html?appid=6694193a396f40fb87f78e98fbad7d73

Kauai:

www.kauai.gov/Government/Departments-Agencies/Planning-Department/Shoreline-Setback
kauaigis.maps.arcgis.com/apps/webappviewer/index.html?id=ce0eb348f1ec4682affba1321ca5c9e6

Maui:

<https://www.mauicounty.gov/865/Maui-Shoreline-Erosion-Atlas>

Your Committee respectfully requests that the effective date for this measure be changed to November 1, 2023, to allow proper implementation.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1091, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1091, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Souza). Noes, none. Excused, 1 (Ganaden).

SCRep. 1077 Judiciary & Hawaiian Affairs on H.B. No. 1159

The purpose of this measure is to require the Hawaii Community Development Authority to consider the impacts of climate change, sea level rise, and climate-resilient development in the design and siting of buildings in the Kakaako and Kalaeloa Community Development Districts.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, Hawai'i Community Development Authority, University of Hawai'i Sea Grant College Program and Climate Resilience Collaborative, Environmental Caucus of The Democratic Party of Hawai'i, Wild Kids, and one individual.

Your Committee finds that this measure will ensure that climate resiliency is considered in the development of the Kakaako and Kalaeloa community development districts to reduce vulnerability from the impacts of climate change and sea level rise.

Your Committee has amended this measure by:

- (1) Changing its effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1159, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1159, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Ganaden).

SCRep. 1078 Judiciary & Hawaiian Affairs on H.B. No. 995

The purpose of this measure is to clarify that the Land Use Commission's adoption of maps identifying important agricultural lands as recommended by a county is done through rulemaking in conformity with existing Land Use Commission rules.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Agriculture; Office of Planning and Sustainable Development; and Hawai'i Farm Bureau.

Your Committee finds that this measure would support the State's constitutional mandate to conserve and protect agricultural lands, promote diversified agriculture, increase agricultural self-sufficiency, and assure the availability of agriculturally suitable lands.

Your Committee also finds that making it easier to provide housing for farmers and farm employees on important agricultural lands, while still limiting the amount of agricultural land that may be used for the housing, will further the State's agricultural goals and incentivize the designation of lands as important agricultural lands.

Accordingly, your Committee has amended this measure by:

- (1) Inserting the contents of H.B. No. 996, H.D. 1, which:
 - (A) Establishes an important agricultural lands incentive to facilitate the development of farm cluster housing for farmers and farm employees who actively and currently farm important agricultural lands;
 - (B) Includes farm cluster housing under a priority permit processing procedure for facilities on lands designated as important agricultural lands; and
 - (C) Repeals the existing requirements for farm dwelling and employee housing on important agricultural lands;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 995, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 995, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Ganaden).

SCRep. 1079 Judiciary & Hawaiian Affairs on H.B. No. 167

The purpose of this measure is to make general contractors entering into or under contracts in the State for work on buildings, structures, or other private works liable for debt incurred by subcontractors for wages due to claimants for performance of labor in the contract between the general contractor and owner.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawaii Regional Council of Carpenters, Operating Engineers Local Union No. 3, Hawaii Laborers-Employers Cooperation and Education Trust Fund, and Pacific Resource Partnership. Your Committee received testimony in opposition to this measure from the Subcontractors Association of Hawaii, Associated Builders and Contractors Hawaii Chapter, and one individual. Your Committee received comments on this measure from the General Contractors Association of Hawaii.

Your Committee finds that under existing law, general contractors are not held accountable for the unfair labor practices of their subcontractors, which includes the nonpayment of wages. As a result, general contractors may accrue financial benefits from the unfair labor practices of their subcontractors without repercussions. This measure encourages general contractors to perform their due diligence before hiring subcontractors and provides the authority to general contractors to obtain a subcontractor's employee payroll records and project award information to ensure their subcontractors are complying with the law.

Your Committee has amended this measure by:

- (1) Amending the definition of "employer" in chapter 388, Hawaii Revised Statutes, relating to the payment of wages and other compensation, to include a general contractor who, for purposes of wages owed to a subcontractor's employees, is deemed the employer for enforcement; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 167, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 167, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9; Ayes with Reservations (Kong). Noes, none. Excused, 1 (Ganaden).

SCRep. 1080 Judiciary & Hawaiian Affairs on H.B. No. 448

The purpose of this measure is to allow a domestic violence victim advocate or other mental health professional licensed by the State to petition for a domestic abuse protective order on a minor's behalf when the minor's parent or guardian is unwilling or unable to submit a petition, subject to certain requirements.

Your Committee received testimony in support of this measure from five individuals. Your Committee received testimony in opposition to this measure from Child and Family Service and two individuals. Your Committee received comments on this measure from the Department of Education, Hawai'i State Coalition Against Domestic Violence, Parents and Children Together, and two individuals.

Your Committee finds that minors should have the right to seek relief from domestic abuse through a protection order without having to demonstrate that their parents or legal guardians are unwilling or unable to do so on their behalf.

Your Committee has amended this measure by:

- (1) Deleting language that would have allowed a domestic violence victim advocate or other mental health professional licensed by the State to petition for a domestic abuse protective order on a minor's behalf, and instead allowing any minor sixteen years of age or older, on their own behalf without the consent of a parent or legal guardian, or emancipated minor to petition for a domestic abuse protective order; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 448, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 448, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1081 Judiciary & Hawaiian Affairs on H.B. No. 1097

The purpose of this measure is to update the Uniform Controlled Substances Act by adding substances scheduled under federal law.

Your Committee received testimony in support of this measure from the Department of Public Safety.

Your Committee finds that this measure is necessary to make permanent the temporary designation of new controlled substances by the Department of Public Safety. Your Committee further finds that the Department of Public Safety's temporary designation of the new controlled substances will be nullified if this Legislature does not make the designations permanent.

Your Committee has amended this measure by:

- (1) Amending the substances proposed to be added to schedule I as follows:
 - (A) Moving the substances proposed to be added to the list of opiates and the list of depressants, into the list of hallucinogenic substances; and
 - (B) Moving the substances proposed to be added to the list of stimulants into the list of cannabinoids;
- (2) Moving, under schedule IV, daridorexant from the list of stimulants to the list of depressants;
- (3) Changing the effective date to be upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1097, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1097, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Ganaden).

SCRep. 1082 Judiciary & Hawaiian Affairs on H.B. No. 899

The purpose of this measure is to designate September of every year as Fetal Alcohol Spectrum Disorder Awareness Month to promote public awareness of the risks of alcohol consumption during pregnancy.

Your Committee received testimony in support of this measure from the Hawaii State Council on Developmental Disabilities, Hawaii Disability Rights Center, Hawaii Fetal Alcohol Spectrum FASD Action Group, and six individuals.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 899, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 899, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1083 Judiciary & Hawaiian Affairs on H.B. No. 650

The purpose of this measure is to amend the Our Care, Our Choice Act to:

- (1) Authorize advanced practice registered nurses to practice medical aid in dying in accordance with their scope of practice and prescribing authority;
- (2) Authorize advanced practice registered nurses with a psychiatric or clinical nurse specialization to provide counseling to a qualified patient;
- (3) Reduce the mandatory waiting period between oral requests from twenty days to five days; and
- (4) Provide an expedited pathway for terminally ill qualified patients who are not expected to survive the mandatory waiting period.

Your Committee received testimony in support of this measure from the Department of Health, Board of Nursing, Hawai'i Association of Professional Nurses, Compassion & Choices, Hawai'i Pacific Health, Stonewall Caucus of the Democratic Party of Hawai'i, Hawaii Society of Clinical Oncology, Hawai'i Psychological Association, The Hawaiian Islands Association for Marriage and Family Therapy, and numerous individuals. Your Committee received testimony in opposition to this measure from Hawaii Family Forum and three individuals. Your Committee received comments on this measure from the Hawai'i State Center for Nursing.

Your Committee finds that the Our Care, Our Choice Act allows mentally capable, terminally ill adults with six months or less to live to voluntarily request and receive prescription medication that allows the person to die in a peaceful, humane, and dignified manner. However, because of the State's unique geography and on-going physician shortage, qualified terminally ill adults are finding difficulty in receiving medical aid in dying. This measure increases access to medical aid in dying for qualified terminally ill patients by reducing the mandatory waiting period and authorizing appropriately qualified advanced practice registered nurses to administer medical aid in dying.

Your Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 650, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 650, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, 1 (Kong). Excused, 1 (Holt).

SCRep. 1084 Judiciary & Hawaiian Affairs on H.B. No. 1266

The purpose of this measure is to allow wild game to be donated as food.

Your Committee received testimony in support of this measure from one member of the Maui County Council; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Aina Ho'okupu o Kilauea; Hawai'i Farmers Union United; Maui County Farm Bureau; Maui Chamber of Commerce; and six individuals.

Your Committee finds that Hawaii's farmers and ranchers are working to make the State's food supply more self-sustaining, but will not be able to make meaningful progress if their products are consumed or damaged by feral animals. Axis deer, feral pigs, and other invasive species can damage agricultural crops and livestock and Hawaii's native species, ecosystems, and cultural and historic resources. Allowing for the donation of wild game to under-resourced communities provides a means to feed communities high quality sources of protein, while also creating an outlet for the removal of invasive species such as deer, goats, sheep, and pigs.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1266, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1266, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1085 Judiciary & Hawaiian Affairs on H.B. No. 16

The purpose of this measure is to allow:

- (1) Liquor licensees engaged in meal service to sell unopened beer, wine, and prepackaged cocktails with food for pick up, delivery, take out, or other means to be consumed off-premises; and
- (2) Class 4 Retail Dealer Licensees to deliver purchased liquor to a customer's vehicle at a nearby curbside or other designated location.

Your Committee received testimony in support of this measure from Craft 'Ohana, Waikiki Brewing, Lanikai Brewing Company, Mahalo Aleworks, Hana Koa Brewing Co., Big Island Brewhaus, Honolulu BeerWorks, Retail Merchants of Hawaii, Beer Lab Hawaii, Maui Chamber of Commerce, and two individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Alcohol Policy Alliance and two individuals. Your Committee received comments on this measure from the Liquor Commission of the City and County of Honolulu.

Your Committee finds that, following the coronavirus disease 2019 pandemic, customer purchasing habits have shifted toward online sales and using curbside pick-up for their merchandise and meals. This measure authorizes liquor licensees to sell liquor for consumption off-premises and deliver liquor to a customer's vehicle in designated locations to meet the current patterns observed by customers.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 16, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 16, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Ganaden).

SCRep. 1086 Judiciary & Hawaiian Affairs on H.B. No. 642

The purpose of this measure is to:

- (1) Require check cashers to report suspected financial exploitation of elders and vulnerable adults in relation to check cashing;
- (2) Authorize a check casher to refuse to cash a check in situations of suspected financial exploitation; and
- (3) Provide immunity for check cashers acting in good faith.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs' Office of Consumer Protection, Department of Commerce and Consumer Affairs' Department of Financial Institutions, Hawaii Credit Union League, and Hawaii Bankers Association.

Your Committee finds that the financial exploitation of elders, particularly exploitation through check cashing and money order schemes, is an increasingly common form of elder abuse and can result in devastating consequences for its victims. This measure is intended to address the financial exploitation of the State's elderly by requiring check cashers to report suspected financial exploitation of elders and authorizing check cashers to refuse to cash a check in situations of suspected financial exploitation.

Your Committee has amended this measure by:

- (1) Exempting persons authorized to engage in business as a bank, trust company, savings bank, savings and loan association, financial services loan company, or credit union under the laws of the United States, any state or territory of the United States, or the District of Columbia; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 642, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 642, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1087 Judiciary & Hawaiian Affairs on H.B. No. 913

The purpose of this measure is to:

- (1) Amend the statutory duties of the Natural Energy Laboratory of Hawaii Authority (Authority); and
- (2) Require the Authority to conduct certain activities in a culturally sensitive and environmentally appropriate manner and to engage in community outreach and education.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from Ocean Era, Inc. Your Committee received comments on this measure from the University of Hawai'i System and Natural Energy Laboratory of Hawaii Authority.

Your Committee finds that the Authority was established to facilitate research, development, and commercialization of natural energy resources and ocean-related research, technology, and industry in Hawaii and that the Authority administers the Hawaii Ocean Science and Technology Park in Kailua-Kona. Your Committee further finds that language added by this measure requiring the Authority to conduct certain activities in a culturally sensitive and environmentally appropriate manner is consistent with the Authority's long-standing mission statement and, according to the Authority, its annual reports dating back thirty years demonstrate its successful adherence to this philosophy.

Your Committee also finds that, except for projects relating to aquaculture of fish and the Ke Kai Ola hospital for juvenile monk seals, the Authority's research programs focus on invertebrate species. Because there are no provisions pertaining to invertebrates in the 1966 Animal Welfare Act and other sources cited by the Authority, and because of the cost of research protocols for species where an analysis might be supported by existing guidelines, your Committee finds that it would be better to require a member of the University of Hawaii Institutional Animal Care and Use Committee sit on the Authority's Research Advisory Committee, rather than require that all research proposals involving live animals be reviewed by an Institutional Animal Care and Use Committee member.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the requirement that the Natural Energy Laboratory of Hawaii Authority comply with county laws, rules, regulations, and licensing and permitting requirements as part of its facility oversight duties;
- (2) Deleting the requirement that all research proposals involving live animals be reviewed by the University of Hawaii Institutional Animal Care and Use Committee prior to lease approval;
- (3) Amending the composition of the Natural Energy Laboratory of Hawaii Authority's Research Advisory Committee to require that a member of the University of Hawaii Institutional Animal Care and Use Committee be included; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 913, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 913, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1088 Judiciary & Hawaiian Affairs on H.B. No. 581

The purpose of this measure is to:

- (1) Require certain individuals attempting to serve as child custody evaluators to complete a training course on the dynamics of domestic violence every three years and submit a letter or certificate of completion of the training course to the Family Court; and
- (2) Establish standards for evaluations and reports by child custody evaluators in contested custody dispute cases.

Your Committee received testimony in support of this measure from the Hawai'i State Coalition Against Domestic Violence, Hawai'i Children's Action Network Speaks!, Hawaii Women's Coalition, and two individuals. Your Committee received testimony in opposition to this measure from the Judiciary, Hawaii Coalition for Child Protective Reform, and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that professionals who work before the Family Court and who have an impact on the safety and well-being of children and families need to understand the dynamics of domestic violence, including its lethality, subtlety, and prevalence. This measure ensures that child custody evaluators receive continuing education on the dynamics of domestic violence to better protect the interests of children who are the subject of child custody proceedings.

Your Committee has amended this measure by:

- (1) Deleting language that would have established standards for evaluations and reports by child custody evaluators in contested custody dispute cases; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 581, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 581, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1089 Judiciary & Hawaiian Affairs on H.B. No. 470

The purpose of this measure is to make permanent the definition of "provider" as it relates to entities eligible to provide no cost emergency shelter and related services to consenting minors, as amended by Act 23, Session Laws of Hawaii 2021.

Your Committee received testimony in support of this measure from the Hawai'i Youth Services Network, Stonewall Caucus of the Democratic Party of Hawaii, Residential Youth Services & Empowerment, Opportunity Youth Action Hawai'i, and three individuals. Your Committee received comments on this measure from the Department of Human Services and Office of Youth Services.

Your Committee finds that minors experiencing housing instability and homelessness need safe places to seek shelter and receive assistance. To address this, the Legislature enacted Act 23, Session Laws of Hawaii 2021 (Act 23), which established a means to provide shelter to unaccompanied youth experiencing homelessness without the need to obtain consent from a parent or guardian. Your Committee notes that despite the importance and success of Act 23, it is set

to sunset on June 30, 2023. This measure will ensure youth experiencing homelessness will continue to have the safe and secure shelter needed to stabilize, heal, and access resources.

Your Committee has amended this measure by:

- (1) Requiring a provider who renders no cost emergency shelter and related services to a minor to take steps to ensure that pertinent youth obtain and receive services from the juvenile justice or child welfare systems, as applicable, as required by the federal Runaway and Homeless Youth Act; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 470, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 470, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1090 Judiciary & Hawaiian Affairs on H.B. No. 350

The purpose of this measure is to establish that the exemption from mandatory reporting of child abuse or neglect by members of the clergy does not apply when the clergy member believes there exists a substantial risk that child abuse or neglect that is especially heinous, atrocious, or cruel, manifesting exceptional depravity, may occur in the reasonably foreseeable future.

Your Committee received testimony in support of this measure from the Department of Human Services, Stonewall Caucus of the Democratic Party of Hawaii, and two individuals.

Your Committee finds that exempting members of the clergy from mandatory reporting of suspected future child abuse or neglect creates a danger that extreme cases of abuse and neglect may never be reported to appropriate authorities if details of those cases were only revealed in the context of a penitential communication with the clergy. Your Committee believes there is merit to establishing a narrow carve out to the mandatory reporting exemption. Such a carve out will ensure the societal obligation to protect vulnerable minors remains intact by requiring clergy to report particularly extreme cases of child abuse and neglect while still maintaining the confidentiality of penitential communications.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 350, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 350, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Kong).

SCRep. 1091 Judiciary & Hawaiian Affairs on H.B. No. 1319

The purpose of this measure is to allow operators of bicycles, motorcycles, and mopeds to proceed through an intersection on a steady red signal during certain hours if the traffic signal is controlled by a vehicle detection device that is inoperative due to the size or composition of the bicycle, motorcycle, or moped.

Your Committee received testimony in support of this measure from the Department of Transportation, Street Bikers United, and numerous individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that some traffic signals controlled by vehicle detection devices are not able to detect bicycles, motorcycles, or mopeds due to their size and weight, which creates the potential for operators to disregard the signal or wait for another motor vehicle to trigger the traffic signal. Your Committee further finds that this measure would allow Hawaii to follow the lead of several other states that have already passed varying "dead red" laws, which allow operators to proceed through a red traffic signal if they fail to trigger the traffic signal sensor.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1319, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1319, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1092 Judiciary & Hawaiian Affairs on H.B. No. 1154

The purpose of this measure is to:

- (1) Amend the Uniform Probate Code to:
 - (A) Allow courts to appoint emergency guardians for respondents who reside in psychiatric facilities, hospitals, and homeless shelters;
 - (B) Extend the appointment period for emergency guardians; and
 - (C) Clarify that guardians may consent to care, treatment, or service over the objection of wards; and
- (2) Require certain patients subject to emergency hospitalization to be assessed to determine whether a surrogate or guardian is needed to make appropriate health care decisions for the patient.

Your Committee received testimony in opposition to this measure from the Office of the Public Guardian, Commission to Promote Uniform Laws, American Civil Liberties Union of Hawai'i, and four individuals. Your Committee received comments on this measure from the Judiciary, Department of the Attorney General, Department of Health, Governor's Coordinator on Homelessness, Hawaii Disability Rights Center, Hawai'i Pacific Health, and The Queen's Health System.

Your Committee finds that existing law allows courts to appoint emergency guardians to avert substantial harm to a respondent's health, safety, and welfare. Your Committee believes that this authority should explicitly include situations where the respondent resides in a psychiatric facility, hospital, or homeless shelter.

Your Committee further finds that emergency departments may not always have access to psychiatrists and advanced practice nurses required to assess whether a person lacks decisional capacity and therefore needs a surrogate or guardian.

Accordingly, your Committee has amended this measure by:

- (1) Clarifying the authority for courts to appoint emergency guardians for respondents who reside in psychiatric facilities, hospitals, and homeless shelters;
- (2) Clarifying the patient and provider qualifications for assessments to determine whether a surrogate or guardian is needed for patients subject to emergency hospitalization; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1154, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1154, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1093 Judiciary & Hawaiian Affairs on H.B. No. 1336

The purpose of this measure is to:

- (1) Reduce the number of unnecessary arrests made in criminal cases by authorizing:
 - (A) A forty-eight hour grace period after a missed initial court appearance; and
 - (B) Officers to issue citations in lieu of making certain arrests;
- (2) Make meaningful reforms to the determination of eligibility for pretrial release and promote greater fairness and equity in the criminal courts by:
 - (A) Requiring that copies of the bail report be provided to the parties, including the defendant's counsel, no later than the commencement of the bail hearing;
 - (B) Establishing a rebuttable presumption that a defendant is entitled to pretrial release and requiring the prosecution to prove by a preponderance of the evidence that release of a defendant would be inappropriate, based on certain specified criteria;
 - (C) Requiring that bail be set in an amount affordable to the defendant, under certain circumstances;
 - (D) Prohibiting the denial of pretrial release based solely upon certain factors, such as the defendant's positive test for drug use;
 - (E) Requiring automatic issuance of no-contact orders in assaultive cases;
 - (F) Prohibiting a defendant from being arrested for a violation of conditions of release solely because the defendant tested positive for drug use;
 - (G) Requiring the prosecution, with respect to sanctions for violations of conditions of release, to prove by a preponderance of the evidence, based on certain specified criteria, that the defendant intentionally or knowingly violated reasonable conditions of release; and
 - (H) Requiring the court to enter certain findings into the record; and
- (3) Increase diversion from incarceration by:
 - (A) Allowing a request that the defendant be ordered to undergo a substance abuse assessment and treatment to be made any time before trial by any party representing the defendant or providing information to the court; and
 - (B) Prohibiting the revocation of parole or arrest of a parolee solely due to the person testing positive for drug use.

Your Committee received testimony in support of this measure from the Hawaii Correctional System Oversight Commission, Office of the Public Defender, Hawai'i Health & Harm Reduction Center, Community Alliance on Prisons, American Civil Liberties Union of Hawai'i, Ho'opono Na Mea Ola, Hawai'i Alliance for Progressive Action, and nine individuals. Your Committee received testimony in opposition to this measure from the Judiciary, Department of the Attorney General, Hawaii Paroling Authority, Office of the Mayor of the County of Hawai'i, Department of the Prosecuting Attorney of the City and County of Honolulu, Office of the Prosecuting Attorney of the County of Hawai'i, Hawai'i Police Department, Honolulu Police Department, State of Hawaii Organization of Police Officers, Hawaii Federation of Republican Women, Stolen Stuff Hawaii, American Bail Coalition, and seventeen individuals. Your Committee received comments on this measure from the Department of Public Safety.

Your Committee finds that the State's correctional facilities are overcrowded. There are multiple factors that are driving this overcrowding, such as arrests that are needlessly made when a citation to appear in court would have sufficed; pretrial incarceration of defendants who have been denied release based on the defendant's positive pretrial drug test; and arrests of individuals on parole who have tested positive for drug use. Your Committee further finds that unnecessary arrests and incarcerations can significantly jeopardize the defendant's housing and employment and set into motion a chain of economic and logistical hardships for the defendant's family. This measure, among other things, introduces meaningful reforms that promote greater fairness and equity in the criminal courts.

Your Committee has amended this measure by:

- (1) Deleting language that would have authorized a law enforcement officer to issue a citation in lieu of arrest for a felony offense;
- (2) Clarifying that a law enforcement officer issuing a citation in lieu of arrest must find and be reasonably satisfied that the person poses no significant danger to a specific or reasonably identifiable person or persons;
- (3) Requiring that copies of the bail report be provided to the parties as soon as available, rather than no later than the commencement of the bail hearing;
- (4) Repealing language that allowed bail to be denied where there is a serious risk that the person will flee;
- (5) Deleting language that would have established a rebuttable presumption that a defendant is entitled to pretrial release and required the prosecution to prove by a preponderance of the evidence that release of a defendant would be inappropriate, based on certain specified criteria;
- (6) Clarifying that one positive test for drug use shall not be the sole reason for:

- (A) The denial of release on bail, recognizance, or supervised release;
 - (B) A defendant being arrested for violations of conditions of release on bail, recognizance, or supervised release;
 - (C) Revoking parole or forfeiting credits; or
 - (D) Arresting a paroled prisoner;
- (7) Deleting language that would have allowed any party representing the defendant, or providing information to the court concerning the defendant, to request the court to order the defendant to undergo a substance abuse assessment and participate in any necessary treatment; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1336, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1336, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Hashimoto, Ilagan, Souza). Noes, 1 (Holt). Excused, 1 (Kong).

SCRep. 1094 Finance on H.B. No. 848

The purpose of this measure is to appropriate funds to establish new permanent support staff positions that are critical to sustaining daily operations for the initiatives at the Hawaii Institute for Marine Biology.

Your Committee received testimony in support of this measure from five individuals. Your Committee received comments on this measure from the University of Hawai'i at Manoa, Hawai'i Institute of Marine Biology, and School of Ocean and Earth Science and Technology at the University of Hawai'i.

Your Committee has amended this measure by changing the appropriations to unspecified amounts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 848, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 848, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 1095 Finance on H.B. No. 1408

The purpose of this measure is to establish and appropriate funds for a Digital Equity Grant Program to award grants to applicants to deploy digital equity projects to covered populations in the State.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, AARP Hawai'i, Hawaii Broadband Hui, Hawaii Literacy, Kapolei Chamber of Commerce, and three individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; and University of Hawai'i System.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1408, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1408, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kobayashi, Alcos).

SCRep. 1096 Finance on H.B. No. 485

The purpose of this measure is to require the Department of Health to issue new marriage certificates to individuals who have changed their gender, sex, and, if applicable, name, upon receipt of the required supporting documentation.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Stonewall Caucus of the Democratic Party of Hawai'i, North Shore Ko'olau Diversity Collective, Hawai'i Friends of Civil Rights, Pride at Work – Hawai'i, Hawai'i Health & Harm Reduction Center, and sixteen individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee has amended this measure by:

- (1) Making it effective upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 485, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 485, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Alcos, Ward). Noes, none. Excused, none.

SCRep. 1097 Finance on H.B. No. 652

The purpose of this measure is to establish and appropriate funds for a Caregiver Workforce Support and Development Center to develop and expand the State's long-term and home- and community-based caregiver workforce to effectively care for Hawaii's aging population.

Your Committee received testimony in support of this measure from AARP Hawai'i, Healthcare Association of Hawaii, Kūpuna Caucus of the Democratic Party of Hawai'i, and seven individuals. Your Committee received comments on this measure from the Executive Office on Aging.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and

(2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 652, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 652, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1098 Finance on H.B. No. 948

The purpose of this measure is to:

- (1) Establish a two-year Child and Adolescent Crisis Mobile Outreach Team Pilot Program to provide additional support and expansion of services for existing crisis response services; and
- (2) Appropriate funds.

Your Committee received testimony in support of this measure from Hina Mauka, Hawai'i Youth Services Network, Hawaii Medical Association, Catholic Charities Hawai'i, and four individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee has amended this measure by:

- (1) Specifying that an additional crisis mobile outreach team be located at a site on a neighbor island, to be determined by the Department of Health;
- (2) Changing the appropriation to an unspecified amount;
- (3) Providing for an appropriation allocation breakdown of unspecified amounts; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 948, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 948, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1099 Finance on H.B. No. 1263

The purpose of this measure is to:

- (1) Authorize the Director of Finance to use funds deposited into the Hawaii ABLE Savings Program Trust Fund for any expenses incurred in developing and administering the Hawaii ABLE Savings Program; and
- (2) Establish a position within the State Council on Developmental Disabilities of the Department of Health to support the Hawaii ABLE Savings Program.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Disability and Communication Access Board, Hawaii Disability Rights Center, and one individual. Your Committee received comments on this measure from the Executive Office on Aging.

Your Committee has amended this measure by changing the appropriation to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1263, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1263, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1100 Finance on H.B. No. 1300

The purpose of this measure is to:

- (1) Establish provisional or associate-level licensure requirements for marriage and family therapists, mental health counselors, and psychologists and authorize insurance reimbursements in certain circumstances;
- (2) Allow psychologist license applicants to sit for the licensing examination before completing supervised experience requirements;
- (3) Allow the Board of Psychology to grant licensure waivers in certain circumstances for psychologists;
- (4) Authorize insurance reimbursements for services provided by a supervised social work intern in certain circumstances; and
- (5) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Public Safety; Hawaii Substance Abuse Coalition; Catholic Charities Hawai'i; Xplor Counseling, LLC; A Family Tree/Pono Roots Counseling Center; Kauhale Healing LLC; Ho'oulu Counseling; Anuhea St. Laurent – Marriage and Family Therapy LLC; Hawaii Psychological Association; AlohaCare; Pau Hana Counseling, LLC; The Hawaiian Islands Association for Marriage and Family Therapy; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of the Attorney General, Department of Commerce and Consumer Affairs, Board of Psychology, National Association of Social Workers – Hawai'i, and Hawaii Medical Service Association.

Your Committee has amended this measure by:

- (1) Changing the means of financing of the appropriation from general fund revenues to the Compliance Resolution Fund under the Department of Commerce and Consumer Affairs;
- (2) Changing the appropriation and allocations to unspecified amounts; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1300, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1300, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1101 Finance on H.B. No. 80

The purpose of this measure is to:

- (1) Repeal the requirements for standards-based curriculum to be implemented in all classrooms in public schools and public school complexes and for public school complexes to use standards-based formative assessment tools to monitor student progress; and
- (2) Authorize public school complexes to develop rigorous classroom-based performance assessments, including the use of authentic assessments as part of classroom-based performance assessments.

Your Committee received testimony in support of this measure from the Hawai'i State Youth Commission, Hawaii State Teachers Association, Democratic Party of Hawai'i Education Caucus, and five individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee has amended this measure by:

- (1) Removing the repeal of the requirements for standards-based curriculum to be implemented in all classrooms in public schools and public school complexes and for public school complexes to use standards-based formative assessment tools to monitor student progress; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 80, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 80, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Kobayashi). Noes, none. Excused, 1 (Ward).

SCRep. 1102 Finance on H.B. No. 244

The purpose of this measure is to:

- (1) Establish a Career and Technical Education Working Group to strengthen career and technical education in the State's public schools; and
- (2) Appropriate funds for costs associated with the Working Group.

Your Committee received testimony in support of this measure from the Democratic Party of Hawai'i Education Caucus and two individuals. Your Committee received comments on this measure from the Department of Education and Hawai'i P-20 Partnerships for Education.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 244, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 244, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1103 Finance on H.B. No. 850

The purpose of this measure is to establish and appropriate funds for:

- (1) One full-time equivalent (1.0 FTE) permanent complex area compassionate Ko'olaupoko trauma-informed resource teacher position; and
- (2) One full-time equivalent (1.0 FTE) permanent district educational specialist II position, to be located within the office of the Castle-Kahuku Complex Area Superintendent.

Your Committee received testimony in support of this measure from Wisdom Circles Oceania, Pacific American Foundation, and ten individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Education, Office of Wellness and Resilience, State Council on Mental Health, and one individual.

Your Committee has amended this measure by:

- (1) Formally establishing the Trauma-Informed Education Program as a pilot program within the Department of Education;
- (2) Changing the appropriations to unspecified amounts; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 850, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 850, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1104 Finance on H.B. No. 1327

The purpose of this measure is to establish an income tax credit of up to \$500 per taxable year for qualified expenses incurred by teachers and other school personnel employed by the Department of Education, Hawaii State Public Library System, or as part of a Head Start Program in a school.

Your Committee received testimony in support of this measure from the Democratic Party of Hawai'i Education Caucus, Hawaii State Teachers Association, and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Department of Education, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the tax credit to an unspecified amount; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1327, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1327, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1105 Finance on H.B. No. 55

The purpose of this measure is to require the Department of Education to establish the Sustainable Community School Pilot Program to provide grants for the planning and implementation of community schools.

Your Committee received testimony in support of this measure from the Hawaii State Teachers Association, Democratic Party of Hawai'i Education Caucus, Hawai'i Association of School Psychologists, RAI Hawaii LLC, Island of Hawaii YMCA, Parents and Children Together, Science Camps of America, Partners in Development Foundation, Hawai'i Afterschool Alliance, Pioneering Healthier Communities Initiative, and five individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of Education, and Hawai'i 'Ohana Support Network.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 55, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1106 Finance on H.B. No. 540

The purpose of this measure is to require the Department of Education and public charter schools to provide free breakfast and lunch to all enrolled students beginning with the 2023-2024 school year.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Hawaii State Teachers Association, Democratic Party of Hawai'i Education Caucus, Hawai'i Children's Action Network Speaks!, Hawai'i Food+ Policy, Malama Kaua'i, Obesity Prevention Task Force of the Hawai'i Public Health Institute, Kohana Family Farms, AlohaCare, Hawai'i Alliance for Progressive Action, Hawai'i Hunger Action Network, Hawai'i Foodbank, Good Food Movement, and sixteen individuals. Your Committee received comments on this measure from the Department of Education, Department of the Attorney General, State Public Charter School Commission, and Hawai'i Appleseed Center for Law & Economic Justice.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 540, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1107 Finance on H.B. No. 942

The purpose of this measure is to require each public school's and public charter school's administration to establish and appoint staff members to a Critical Emergency Response team.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of Education, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 942, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1108 Finance on H.B. No. 1412

The purpose of this measure is to:

- (1) Prohibit any contract or license agreement between a publisher and library in the State from:
 - (A) Precluding, limiting, or otherwise restricting the library from performing customary operational and lending functions;
 - (B) Restricting the library from disclosing any terms of its license agreements to other libraries; and
 - (C) Requiring, coercing, or enabling a library to violate laws regarding confidentiality of a patron's library records; and
- (2) Deem an offer or contract that contains the prohibited provisions as an unfair or deceptive act or practice and render the contract void and unenforceable.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received testimony in opposition to this measure from the Independent Book Publishers Association, Copyright Alliance, and Association of American Publishers. Your Committee received comments on this measure from the Hawaii State Public Library System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1412, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1109 Finance on H.B. No. 503

The purpose of this measure is to:

- (1) Require the Board of Education to work with the Department of Education to analyze the need, impact, and feasibility of making computer science a graduation requirement; and
- (2) Require the Board of Education to determine whether making computer science a graduation requirement would be in the best interests of public school students and the public.

Your Committee received testimony in support of this measure from HawaiiKidsCAN, TechNet, Chamber of Commerce Hawaii, Code.org, and four individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Education and Board of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 503, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Aiu, Kila, Kobayashi, Lamosao). Noes, none. Excused, none.

SCRep. 1110 Finance on H.B. No. 74

The purpose of this measure is to establish a five-year general excise tax exemption, beginning January 1, 2024, for amounts received from:

- (1) The servicing and maintenance of helicopters in an aircraft service and maintenance facility; or
- (2) The construction of a facility that services and maintains helicopters where at least seventy-five percent of the helicopters serviced and maintained annually in the facility are equipped with quiet technology.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, Aircraft Owners and Pilots Association, and Blue Hawaiian.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 74, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1111 Finance on H.B. No. 415

The purpose of this measure is to appropriate funds to the Department of Health to implement the recommendations of the Task Force on Mobility Management established pursuant to Act 214, Session Laws of Hawaii 2013.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, AARP Hawai'i, National Federation of the Blind, Hoopono, and ten individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Transportation and State Council on Developmental Disabilities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 415, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1112 Finance on H.B. No. 306

The purpose of this measure is to appropriate funds for statewide research into ornamental ginger pathogens, prevention of the spread of ornamental ginger pathogens, production and distribution of pathogen-free ornamental ginger plants, and outreach to ornamental ginger producers.

Your Committee received testimony in support of this measure from the Hawai'i Floriculture and Nursery Association, Hawai'i Farm Bureau, Land Use Research Foundation of Hawaii, East O'ahu County Farm Bureau, Hawaii Cattlemen's Council, and three individuals. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 306, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 306, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1113 Finance on H.B. No. 609

The purpose of this measure is to appropriate funds for the establishment of three full-time equivalent (3.0 FTE) inspectors to perform meat inspection services.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Maui; Aina Ho'okupu o Kilauea; Hawai'i Farm Bureau; Maui County Farm Bureau; Hawai'i Farmers Union United; Kohana Family Farms; Hawaii Cattlemen's Council, Inc.; and three individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 609, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 609, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1114 Finance on H.B. No. 971

The purpose of this measure is to:

- (1) Establish the Agricultural Emergency Loan Revolving Fund, to be administered by the Department of Agriculture, to fund Class D emergency loans;
- (2) Provide a separate source of funding for agricultural emergency loans; and
- (3) Appropriate funds.

Your Committee received testimony in support of this measure by the Department of Agriculture, Ulupono Initiative, Hawai'i Farm Bureau, Hawaii Cattlemen's Council, and one individual.

Your Committee has amended this measure by changing the appropriations to unspecified amounts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 971, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 971, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1115 Finance on H.B. No. 1149

The purpose of this measure is to appropriate funds to support the existing coconut rhinoceros beetle response positions and activities of the State.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Coordinating Group on Alien Pest Species; University of Hawaii Professional Assembly; Waimanalo Agricultural Association; Island Foodscaping; Contemporary Landscaping, LLC; Island Grower Supplies LLC; Natura Nursery; Happy Plants Nursery; Plant Hawaii; Carol Kwan Consulting LLC; and eleven individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and University of Hawai'i System.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1149, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1149, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1116 Finance on H.B. No. 1150

The purpose of this measure is to appropriate funds to support the Hawaii Ant Lab in mitigating the effects of little fire ants in the State.

Your Committee received testimony in support of this measure from the Department of Agriculture, Department of Research and Development of the County of Hawai'i, Big Island Invasive Species Committee, Hawaii Ant Lab, Carol Kwan Consulting LLC, Hawai'i Farm Bureau, and seven individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Rescue of Animal Rights.

Your Committee has amended this measure by changing the appropriation to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1150, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1150, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1117 Finance on H.B. No. 1182

The purpose of this measure is to appropriate funds to the Department of Agriculture for the preparation of an environmental impact statement to drill non-potable water wells on individual parcels at Panaewa Agricultural Park.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau. Your Committee received testimony in opposition to this measure from the Department of Agriculture.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1182, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1182, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1118 Finance on H.B. No. 870

The purpose of this measure is to establish and fund a four-year Neighbor Islands Blind and Visually Impaired Service Pilot Program and working group to supplement existing statewide services by providing training and other services to neighbor island residents who are blind or visually impaired.

Your Committee received testimony in support of this measure from the National Federation of the Blind of Hawaii, National Organization of Parents of Blind Children, and eight individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 870, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 870, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 1119 Finance on H.B. No. 1373

The purpose of this measure is to require the Department of Business, Economic Development, and Tourism to administer a workforce development incentive rebate program to provide rebates, in lieu of motion picture, digital media, and film production income tax credits, to eligible employers based on Hawaii W-2 wages paid for certain filming work.

Your Committee received testimony in support of this measure from the Department of Research and Development of the County of Hawaii; 'Ohina; SAG-AFTRA; Hawaii Media Inc.; International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts of the United States, Its Territories and Canada, AFL-CIO, CLC Local 665; Island Film Group; and three individuals. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; and one individual.

Your Committee has amended this measure by:

- (1) Changing the rebate amount equal to the percentage of certain Hawaii W-2 wages paid; rebate cap per employee; and aggregate cap per eligible employer to an unspecified percentage or amount, as applicable; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1373, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1373, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1120 Finance on H.B. No. 1082

The purpose of this measure is to make various amendments to the laws governing the medical use of cannabis, including:

- (1) Defining "waiting room" within a medical cannabis retail dispensing location and specifying who may have access to the waiting room;
- (2) Clarifying the Department of Health's rulemaking authority;
- (3) Establishing system access and integration requirements for the computer software tracking system for medical cannabis dispensaries;
- (4) Requiring the Department of Health to annually report to the Legislature on data captured using the computer software tracking system;
- (5) Amending the medical cannabis dispensary program licensing fee structure;
- (6) Adding or clarifying requirements for the dispensary program related to signage, types of permitted manufactured cannabis products, supervision of certain personnel who are onsite at a retail dispensing location or medical cannabis production center, and the continuing education and training program conducted by the Department of Health;
- (7) Clarifying that each day a violation of the Medical Cannabis Dispensary Program law occurs constitutes a separate violation;
- (8) Establishing annual reporting requirements for the Department of Health regarding the Medical Cannabis Patient Registry Program;
- (9) Requiring the Department of Business, Economic Development, and Tourism to submit a report to the Legislature analyzing aggregated de-identified information regarding the Medical Cannabis Patient Registry Program and Medical Cannabis Dispensary Program; and
- (10) Making various housekeeping amendments.

Your Committee received testimony in support of this measure from Metrc, Cure Oahu, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Health, and Akamai Cannabis Consulting.

Your Committee has amended this measure by:

- (1) Changing the annual fee amounts for dispensary licenses and additional retail dispensing locations to unspecified amounts; and
- (2) Changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1082, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1082, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1121 Finance on H.B. No. 567

The purpose of this measure is to:

- (1) Exempt certain projects of the Department of Hawaiian Home Lands from general excise taxes;
- (2) Make permanent the exemption of certain housing developed by the Department of Hawaiian Home Lands from school impact fee requirements;
- (3) Ensure that the \$600,000,000 appropriated to the Department of Hawaiian Home Lands in Act 279, Session Laws of Hawaii 2022, is available for expenditure until June 30, 2025; and
- (4) Make permanent the issuance of county affordable housing credits to the Department of Hawaiian Home Lands.

Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Taxation, Department of Hawaiian Home Lands, Department of Education, School Facilities Authority, Tax Foundation of Hawaii, and Land Use Research Foundation Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 567, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Cochran, Ward). Noes, none. Excused, 1 (Alcos).

SCRep. 1122 Finance on H.B. No. 679

The purpose of this measure is to amend the general fund appropriation for the Hawaii Housing Finance and Development Corporation under Act 236, Session Laws of Hawaii 2022, to ensure the State meets its American Rescue Plan Act maintenance of effort obligations.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 679, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 679, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 1123 Finance on H.B. No. 951

The purpose of this measure is to appropriate funds into and out of the Rental Housing Revolving Fund to be used to provide grants or loans to mixed-income rental projects or units for qualifying individuals and families.

Your Committee received testimony in support of this measure from Catholic Charities Hawai'i, Partners In Care, NAIOP Hawaii, Hawai'i Association of REALTORS, Housing Hawai'i's Future, and Highridge Costa Development Company. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 951, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 951, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Garrett).

SCRep. 1124 Finance on H.B. No. 88

The purpose of this measure is to:

- (1) Require and appropriate funds for the University of Hawaii to establish a two-year program to study sand movement patterns and coastal erosion along a portion of the North Shore of Oahu, including the impact of sandbag walls, tarps, rocks placed in the shoreline, sand pushing, and coastal restoration on beach processes; and
- (2) Establish a temporary moratorium on the installation or use of sandbag walls unless authorized by an emergency permit from the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, University of Hawai'i System, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 88, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Kila).

SCRep. 1125 Finance on H.B. No. 153

The purpose of this measure is to:

- (1) Amend the penalty amount per violation of the State Water Code, with the Commission on Water Resource Management to determine the amount of the penalty based on the circumstances of the violation; and
- (2) Appropriate funds for two full-time equivalent general professional positions within the Commission on Water Resource Management.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 153, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Kila).

SCRep. 1126 Finance on H.B. No. 202

The purpose of this measure is to authorize the Department of Land and Natural Resources to contract its review of proposed state projects, projects on privately owned historic property, and projects affecting historic properties to qualified third-party consultants if the Department will not be able to complete its review within sixty days.

Your Committee received testimony in support of this measure from the Maui Chamber of Commerce and Building Industry Association of Hawaii. Your Committee received testimony in opposition to this measure from the Society for Hawaiian Archaeology and one individual. Your Committee received

comments on this measure from the Department of Land and Natural Resources; Historic Hawai'i Foundation; NAIOP Hawaii; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 202, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Kila).

SCRep. 1127 Finance on H.B. No. 203

The purpose of this measure is to authorize the State Historic Preservation Division of the Department of Land and Natural Resources to employ professional and technical staff who may be permanently exempt from civil service laws.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 203, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Aiu, Garrett). Noes, none. Excused, 1 (Kila).

SCRep. 1128 Finance on H.B. No. 361

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources to continue the Green Jobs Youth Corps.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office, Hawai'i Energy, Holomua Collaborative, HPM Building Supply, The Nature Conservancy, Title Guaranty Hawaii, Kupu, Kua'aina Ulu 'Auamo, Hawaiian Host Group, Hawai'i Community Foundation, CARES, and five individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 361, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Kila).

SCRep. 1129 Finance on H.B. No. 418

The purpose of this measure is to appropriate funds for the repair of warning sirens on all islands of the State that are part of the All-Hazard Statewide Outdoor Warning Siren System.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Hawaii Emergency Management Agency.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 418, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1130 Finance on H.B. No. 755

The purpose of this measure is to:

- (1) Authorize the Department of Land and Natural Resources to adopt rules to prevent and respond to the introduction of aquatic nuisance species from discharges incidental to the normal operation of a vessel;
- (2) Establish penalties for violations; and
- (3) Contemplate the relationship between the federal Vessel Incidental Discharge Act of 2018, as amended, and state law.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Coordinating Group on Alien Pest Species, and one individual. Your Committee received testimony in opposition to this measure from Young Brothers, LLC; Hawaii Harbor Users Group; and Matson Navigation Company, Inc.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 755, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Aiu, Garrett, Lamosao, Alcos, Ward). Noes, none. Excused, 1 (Kila).

SCRep. 1131 Finance on H.B. No. 756

The purpose of this measure is to:

- (1) Require and appropriate funds for the Department of Land and Natural Resources to prepare plans and a program to facilitate voluntary relocation of residential development away from areas at risk of sea level rise;
- (2) Establish the Sea Level Rise Relocation Special Fund; and
- (3) Allow the exchange of public land for private land for the transfer of development rights or land exchanges to relocate private development away from high-risk areas, so long as the public interest is served.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Office of Planning and Sustainable Development; Surfrider Foundation, Hawai'i Region; and one individual. Your Committee received comments on this measure from the University of Hawai'i Sea Grant College Program and Climate Resilience Collaborative.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 756, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Cochran, Alcos). Noes, 2 (Poepoe, Ward). Excused, 1 (Kila).

SCRep. 1132 Finance on H.B. No. 905

The purpose of this measure is to require the University of Hawaii, in consultation with the Commission on Water Resource Management, to develop a scope of work and cost analysis to complete a flexible groundwater model that proposes methods for determining the needs of traditional and customary Native Hawaiian practices, climate change projections, and groundwater dependent ecosystems.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Sierra Club of Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 905, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Alcos). Noes, none. Excused, 1 (Kila).

SCRep. 1133 Finance on H.B. No. 952

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources to address the impacts of climate change in the State.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, University of Hawai'i Sea Grant College Program, Climate Resilience Collaborative, The Nature Conservancy, Kauai Climate Action Coalition, Energy and Climate Action Committee of the Environmental Caucus of the Democratic Party of Hawai'i, Community Advocacy Research Education Services, and four individuals. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 952, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Kila).

SCRep. 1134 Finance on H.B. No. 993

The purpose of this measure is to require and appropriate funds for the Office of Planning and Sustainable Development, in consultation with each state agency having operational responsibilities over state facilities, to develop a standardized process to conduct vulnerability assessments for facilities owned and managed by the State at risk from sea level rise.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Land and Natural Resources; Office of Planning and Sustainable Development; Hawai'i Climate Change Mitigation and Adaptation Commission; University of Hawai'i Sea Grant College Program; Climate Resilience Collaborative; and Imua Alliance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 993, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Kila).

SCRep. 1135 Finance on H.B. No. 1090

The purpose of this measure is to:

- (1) Specify the methods by which the Department of Land and Natural Resources can issue new ocean recreation commercial permits and renew existing ocean recreation commercial permits; and
- (2) Establish an Ocean Recreation Commercial Permits Working Group to examine alternate methods of issuing new ocean recreation commercial permits and renewing existing ocean recreation commercial permits.

Your Committee received comments on this measure from the Department of Land and Natural Resources, Ocean Tourism Coalition, and Trilogy Excursions.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1090, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Cochran). Noes, none. Excused, 1 (Kila).

SCRep. 1136 Finance on H.B. No. 1183

The purpose of this measure is to exempt parking lot operations and operation of concessions at certain state parks from the bidding requirements for concessions operating on public property.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1183, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Kila).

SCRep. 1137 Finance on H.B. No. 1267

The purpose of this measure is to require the Department of Land and Natural Resources to develop and implement a management system for the Mākua and Keawa‘ula regions of Ka‘ena Point State Park to allow for improved management.

Your Committee received testimony in support of this measure from the Hawaii State Aha Moku and Protectors of Paradise. Your Committee received comments on this measure from the Department of Land and Natural Resources, Hydroponics Alternatives LLC, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1267, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Kila).

SCRep. 1138 Finance on H.B. No. 1394

The purpose of this measure is to appropriate funds for the operations and personnel of the Department of Land and Natural Resources' Division of Forestry and Wildlife to manage hotspots at trailheads as part of the Na Ala Hele Trail and Access Program.

Your Committee received testimony in support of this measure from eight individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1394, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1139 Finance on H.B. No. 1405

The purpose of this measure is to require and appropriate funds for the Commission on Water Resource Management and Division of Aquatic Resources of the Department of Land and Natural Resources, in partnership with the University of Hawaii and Department of Health, to conduct research on limu to understand the impacts of groundwater use on groundwater-dependent ecosystems.

Your Committee received testimony in support of this measure from Hawaii Food+ Policy and two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1405, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Kila).

SCRep. 1140 Finance on H.B. No. 1089

The purpose of this measure is to establish a State Boating Facility Lease Pilot Program to allow the Board of Land and Natural Resources to lease one small boat harbor in its entirety by public auction, request for proposals, or direct negotiation, for private development, management, and operation.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources. Your Committee received testimony in opposition to this measure from the United Public Workers, AFSCME Local 646, AFL-CIO; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and five individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1089, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Cochran, Kahaloa, Poepoe). Noes, none. Excused, 1 (Kila).

SCRep. 1141 Finance on H.B. No. 1101

The purpose of this measure is to exempt from county stormwater user fees state departments that maintain and operate stormwater management systems that are interconnected to a county stormwater system and prohibit a county from denying services to the State for nonpayment of user fees.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from one member of the Honolulu City Council, the Department of Facility Maintenance of the City and County of Honolulu, Building Owners and Managers Association of Hawai‘i, and Hawai‘i Community Foundation. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1101, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 3 (Cochran, Alcos, Ward). Excused, 1 (Kila).

SCRep. 1142 Finance on H.B. No. 1511

The purpose of this measure is to appropriate funds as a grant-in-aid to the City and County of Honolulu Board of Water Supply to:

- (1) Plan, design, and construct seven monitoring wells to collect data to understand the condition of the groundwater aquifer underneath and surrounding the Red Hill Bulk Fuel Storage Facility and its implications for Oahu's drinking water supply; and
- (2) An exploratory well on Oahu to meet future potable water requirements for the metropolitan area on Oahu.

Your Committee received testimony in support of this measure from the Honolulu Board of Water Supply, Ulupono Initiative, Sierra Club of Hawai‘i, Church of the Crossroads, and three individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1511, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15; Ayes with Reservations (Aiu, Alcos). Noes, none. Excused, 1 (Kila).

SCRep. 1143 Finance on H.B. No. 346

The purpose of this measure is to:

- (1) Require that the design of new state facilities be electric vehicle charger-ready;
- (2) Require the Hawaii State Energy Office, in consultation with the Department of Accounting and General Services and Department of Transportation, to determine the priority order for retrofitting state facilities, based on certain factors including location, expected future demand, estimated costs, other make-ready work, other planned improvements, and other relevant factors;
- (3) Establish the goal of the State to retrofit state facilities to be electric vehicle charger-ready; and
- (4) Appropriate funds for the Department of Accounting and General Services to install or contract for the installation of retrofits and electric vehicle charging systems at the selected state facilities.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Department of Transportation, Kauai Women's Caucus, Climate Protectors Hawai'i, Ulupono Initiative, 350Hawaii.org, Environmental Caucus of the Democratic Party of Hawai'i, Wild Kids, Hawaiian Electric, Kauai Climate Action Coalition, and thirteen individuals. Your Committee received comments on this measure from the Hawaii State Energy Office, Big Island Electric Vehicle Association, and Blue Planet Foundation.

Your Committee has amended this measure by:

- (1) Clarifying the responsibilities of the Hawaii State Energy Office regarding the prioritization of existing state facilities for which the office will conduct cost assessments for retrofitting for electric vehicle charging infrastructure; and
- (2) Clarifying the purpose of the appropriation; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 346, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 346, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1144 Finance on H.B. No. 978

The purpose of this measure is to:

- (1) Authorize heads of purchasing agencies to issue requests for statements of qualification and establish lists of qualified providers for the purchase of treatment services;
- (2) Require certain contracts for treatment services to use an alternative applicable method of procurement; and
- (3) Increase the small purchase threshold for health and human services.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Accounting and General Services, and State Procurement Office.

Your Committee has amended this measure by:

- (1) Changing the small purchase threshold to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 978, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 978, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1145 Finance on H.B. No. 1363

The purpose of this measure is to:

- (1) Extend the period within which a county may adopt a surcharge on state tax, under certain conditions, from March 31, 2019, to December 31, 2023;
- (2) Authorize, in certain instances, the use of county surcharge revenues for housing infrastructure and operating or capital costs of walkways on county roads near public schools; and
- (3) Temporarily authorize counties that have previously adopted a surcharge on state tax to amend the uses of surcharge revenues.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Office of the Mayor of the County of Maui, two members of the Maui County Council, Maui Hotel & Lodging Association, and Land Use Research Foundation of Hawaii. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that a county with a population equal to or less than 500,000 that adopts a county surcharge on state tax ordinance after December 31, 2022, shall only use the surcharge revenues for housing infrastructure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1363, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1363, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1146 Finance on H.B. No. 551

The purpose of this measure is to:

- (1) Prohibit the sale of flavored tobacco products and the mislabeling of e-liquids as nicotine-free;
- (2) Authorize the Department of Health to appoint, commission, or contract for services of inspectors to enforce the flavored tobacco ban; and
- (3) Establish and appropriate funds for two full-time equivalent program specialist positions and one full-time equivalent hearings officer position to administer inspections and enforcement.

Your Committee received testimony in support of this measure from the Department of Education, Department of Health, University of Hawai'i Cancer Center, one member of the Hawai'i County Council, Hawai'i Youth Services Network, Hawaii State Teachers Association, Americans for Democratic Action Hawai'i, Hawaii Primary Care Association, American Heart Association, Ka Ohana O Na Pua, Coalition for a Tobacco-Free Hawai'i, Pioneering Healthier Communities Initiative, Hawai'i Children's Action Network Speaks!, Hawai'i Public Health Association, American Lung Association in Hawai'i, Keiki Injury Prevention Coalition, Hawaii Association of Independent Schools, Opportunity Youth Action Hawai'i, Parents and Children Together, Campaign for Tobacco-Free Kids, Hawai'i Health & Harm Reduction Center, Tobacco-Free Kids Action Fund, Coalition for a Tobacco-Free Hawai'i's Youth Council, Hawaii Dental Association, University of Hawaii Student Health Advisory Council, Hawai'i State Youth Commission, Parents for Public Schools of Hawai'i, AlohaCare, Hawai'i Community Foundation, Save Medicaid Hawaii, Hawaii COPD Coalition, and numerous individuals. Your Committee received testimony in opposition to this measure from Aloha Petroleum; Minit Stop; Par Hawaii; Reason Foundation; Consumer Choice Center; Americans for Tax Reform; Hawaii Smokers Alliance; Cigar Association of America, Inc.; Taxpayers Protection Alliance; National Taxpayers Union; and fourteen individuals. Your Committee received comments on this measure from the Department of the Attorney General, National Hookah Community Association, and American Cancer Society Cancer Action Network.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 551, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Aiu, Alcos).

SCRep. 1147 Finance on H.B. No. 1011

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (13) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance; Hawai'i Health Systems Corporation; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1011, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1148 Finance on H.B. No. 351

The purpose of this measure is to establish a nonrefundable income tax credit for owners of condominium units whose association is increasing maintenance fees to comply with a county ordinance requiring an automatic fire sprinkler system or alternative fire prevention and fire safety system.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the maximum tax credit amount per taxpayer and maximum aggregate tax credit amount per taxable year to unspecified amounts; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 351, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 351, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15; Ayes with Reservations (Cochran). Noes, none. Excused, 1 (Alcos).

SCRep. 1149 Finance on H.B. No. 1261

The purpose of this measure is to:

- (1) Beginning January 1, 2024, establish a program for the licensure, regulation, and oversight of special purpose digital currency companies in the State; and
- (2) Allow any company participating in the Digital Currency Innovation Lab on June 30, 2023, to continue operations if a complete licensure application is submitted to the Division of Financial Institutions of the Department of Commerce and Consumer Affairs by March 1, 2024.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and Hawaii Technology Development Corporation. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1261, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1261, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1150 Finance on H.B. No. 521

The purpose of this measure is to:

- (1) Authorize and decriminalize the sale of raw milk and raw milk products directly to consumers for human consumption, subject to certain conditions; and
- (2) Authorize the sale of raw goat milk for pet consumption, subject to certain conditions.

Your Committee received testimony in support of this measure from five individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture, Department of Health, and Hawai'i Farm Bureau.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 521, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 521, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12; Ayes with Reservations (Garrett, Kahaloa, Poepoe). Noes, 4 (Cochran, Kila, Kobayashi, Lamosao). Excused, none.

SCRep. 1151 Finance on H.B. No. 247

The purpose of this measure is to:

- (1) Increase the percentages of local agricultural products that certain state departments and the University of Hawaii System are required to purchase by certain deadlines;
- (2) Expand the annual reporting requirements to include total spending by certain market channels;
- (3) Require each relevant state department and the University of Hawaii System to include a corrective action plan in its respective report to the Legislature, should it not meet its benchmark;
- (4) Repeal the separate benchmark for the Department of Education that requires thirty percent of food served in public schools to consist of locally sourced products by 2030; and
- (5) Appropriate funds for the establishment of a farm-to-state liaison within the Office of the Governor to facilitate reporting requirements and the procurement of locally grown food.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Ulupono Initiative, Climate Protectors Hawaii, Kohana Family Farms, Hawai'i Farmers Union United, Hawai'i Alliance for Progressive Action, Hawai'i Cattlemen's Council, Hawai'i Public Health Institute, Good Food Movement, Hawai'i Appleseed Center for Law & Economic Justice, Maui Chamber of Commerce, and five individuals. Your Committee received testimony in opposition to this measure from the Department of Education and one individual. Your Committee received comments on this measure from the Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 247, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Kobayashi). Noes, none. Excused, none.

SCRep. 1152 Finance on H.B. No. 576

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources, Department of Agriculture, and counties to collaborate on feral chicken management projects; and
- (2) Appropriate funds to establish one full-time equivalent natural resources management specialist position related to feral chicken management.

Your Committee received testimony in support of this measure from the Department of Customer Services of the City and County of Honolulu and seven individuals. Your Committee received testimony in opposition to this measure from the Department of Agriculture, Animal Rights Hawai'i, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 576, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Morikawa). Noes, none. Excused, none.

SCRep. 1153 Finance on H.B. No. 690

The purpose of this measure is to support local agricultural producers by establishing and appropriating funds for the Hawaii Agricultural Investment Program to provide a dedicated source of funding for the local agricultural sector.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau; Ulupono Initiative; Hawai'i Alliance for Progressive Action; Hawai'i Cattlemen's Council, Inc.; Hawai'i Farmers Union United; Good Food Movement; Local Food Coalition; and six individuals. Your Committee received comments on this measure from the Department of Agriculture and Humane Society of the United States.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 690, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1154 Finance on H.B. No. 852

The purpose of this measure is to expand the types of business activity eligible for participation in Hawaii's Enterprise Zone Program to include the processing of value-added agricultural products grown within an enterprise zone and the development or production of renewable energy.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Ulupono Initiative; Hawaiian Electric; Hawai'i Farm Bureau; Hawaii Food Industry Association; Hawaii Clean Power Alliance; and Hawai'i Gas. Your Committee received comments on this measure from the Department of Agriculture and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 852, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1155 Finance on H.B. No. 947

The purpose of this measure is to establish a food manufacturer tax credit for food manufacturers that produce value-added products.

Your Committee received testimony in support of this measure from Ulupono Initiative, Hawaii Food Industry Association, Chamber of Commerce Hawaii, Hawaii Food Manufacturers Association, Maui Chamber of Commerce, and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Agriculture, Hawai'i Technology Development Corporation, Hawai'i Farm Bureau, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 947, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1156 Finance on H.B. No. 974

The purpose of this measure is to establish and appropriate funds for a Program Specialist position within the Department of Agriculture to perform a variety of roles relating to identifying, obtaining, and administering grants.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, Ulupono Initiative, and Hawai'i Food+ Policy.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 974, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1157 Finance on H.B. No. 1383

The purpose of this measure is to support Hawaii's efforts at food import replacement by:

- (1) Establishing an Agricultural Import Replacement Task Force to identify the top ten fruit and vegetable imports to the State that can be commercially grown by farmers in the State; and
- (2) Establishing an agricultural import replacement tax credit to incentivize the production of fruits and vegetables identified by the Agricultural Import Replacement Task Force to eliminate the need to import those products into the State.

Your Committee received testimony in support of this measure from the Department of Agriculture, Food+ Policy, Ulupono Initiative, Hawai'i Farm Bureau, Hawai'i Farmers Union United, and one individual. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1383, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1158 Finance on H.B. No. 608

The purpose of this measure is to establish a temporary organic foods production tax credit to incentivize the production of these foods.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Hawai'i Farmers Union United, Hawai'i Alliance for Progressive Action, and four individuals. Your Committee received comments on this measure from the Department of Taxation, Maui Chamber of Commerce, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the amount of the tax credit to an unspecified amount;
- (2) Changing the annual aggregate cap on the tax credit to an unspecified amount; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 608, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 608, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1159 Finance on H.B. No. 610

The purpose of this measure is to establish a farm workforce retention tax credit for farm employers or owners of farm employers who employ eligible farm employees.

Your Committee received testimony in support of this measure from the Ulupono Initiative, Hawai'i Farm Bureau, Hawai'i Farmers Union United, Maui Chamber of Commerce, and one individual. Your Committee received comments on this measure from the Department of Agriculture, Department of Taxation, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the amounts of the tax credit to unspecified amounts; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 610, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 610, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1160 Finance on H.B. No. 612

The purpose of this measure is to establish an income tax credit to alleviate the high costs of production for Hawaii's farmers, ranchers, and fishers and incentivize growth in the agricultural sector.

Your Committee received testimony in support of this measure from the Department of Agriculture; Maui County Council; Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; Hawai'i Farm Bureau; Maui Chamber of Commerce; and one individual. Your Committee received comments on this measure from the Department of Taxation, Hawai'i Farmers Union United, Kuwale Ridge Farms, Local Food Coalition, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the maximum amount of tax credit allowed to each eligible farmer to an unspecified amount; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 612, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 612, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1161 Finance on H.B. No. 619

The purpose of this measure is to establish an income tax credit for qualified farms that donate eligible food products or prepared food to food banks or food pantries located in the State.

Your Committee received testimony in support of this measure from the Maui County Council, Ulupono Initiative, Hawai'i Farm Bureau, Hawai'i Farmers Union United, Obesity Prevention Task Force, and two individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Agriculture, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the tax credit amount to an unspecified percentage of the wholesale value of the food donated; and
- (2) Changing the maximum amounts of tax credits that may be claimed per qualified farm and per county in a year to unspecified amounts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 619, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 619, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1162 Finance on H.B. No. 1350

The purpose of this measure is to appropriate funds for the Department of Agriculture to establish and implement a GroupGAP Food Safety Training and Certification Program.

Your Committee received testimony in support of this measure from the Department of Education, Office of the Mayor of the County of Maui, Department of Research and Development of the County of Hawai'i, North Shore Economic Vitality Partnership, Hawai'i Farm Bureau, Ulupono Initiative, Hawaii Fish Company, Hawai'i Food+ Policy, and four individuals. Your Committee received comments on this measure from the Department of Agriculture and University of Hawai'i System.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1350, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1350, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1163 Finance on H.B. No. 1235

The purpose of this measure is to appropriate funds for purchasing digital cameras for all adult correctional officer control rooms at state correctional facilities and body cameras for adult correctional officers to wear while on duty at state correctional facilities.

Your Committee received testimony in support of this measure from the Department of Public Safety, Hawaii Correctional System Oversight Commission, Community Alliance on Prisons, Opportunity Youth Action Hawai'i, Hawai'i Alliance for Progressive Action, and seven individuals. Your Committee received comments on this measure from the United Public Workers, AFSCME Local 646, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1235, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1164 Finance on H.B. No. 1049

The purpose of this measure is to:

- (1) Establish an income tax credit for certain expenses incurred by teachers;
- (2) Amend the taxable income bracket and income tax rate, personal exemption, and standard deduction amounts for taxable years beginning after December 31, 2022;
- (3) Adjust annually for tax years beginning after December 31, 2023, the amounts for certain deductions, exemptions, taxable income, and credits by a cost-of-living adjustment factor;
- (4) Increase the adjusted gross income amounts for the qualification of low-income credits; and
- (5) Increase the amount of the credits that assist working families.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Budget and Finance; Executive Office on Aging, Executive Office on Early Learning; Americans for Democratic Action Hawaii; Hawaii State Teachers Association; Early Childhood Action Strategy; Chamber of Commerce Hawaii; Commit to Keiki; HPM Building Supply; Holomua Collaborative; Hawai'i Children's Action Network Speaks!; Aloha United Way, Inc.; Hawai'i Alliance for Progressive Action; Title Guaranty of Hawai'i; Parents And Children Together; and numerous individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Education, Department of Taxation, Hawai'i Appleseed Center for Law & Economic Justice, Grassroot Institute of Hawaii, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Removing the changes to the taxable income bracket and income tax rate, personal exemption, and standard deduction amounts for taxable years beginning after December 31, 2022;
- (2) Removing the provisions that annually adjust the income tax brackets, personal exemption, and standard deduction amounts, and refundable food/excise tax credit by a cost-of-living adjustment factor;
- (3) Removing the amendments to the earned income tax credit and refundable food/excise tax credit; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1049, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1049, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1165 Finance on H.B. No. 441

The purpose of this measure is to appropriate funds for:

- (1) The development of a database and data portal from data sources related to social vulnerability to climate change in the State, under certain conditions; and
- (2) The maintenance and updating of the data portal.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Climate Change Mitigation & Adaptation Commission, Blue Planet Foundation, Imua Alliance, and three individuals. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 441, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1166 Finance on H.B. No. 1326

The purpose of this measure is to:

- (1) Establish the Hawaii Zero Waste Initiative to, among other things, manage the State's transition to zero solid waste to the landfill or to incineration;
- (2) Establish the Packaging Waste Advisory Council;
- (3) Require the Department of Health to develop a statewide needs assessment to determine the resources required to reduce packaging waste;
- (4) Establish a Packaging Waste Reduction and Reuse Plan and Program; and
- (5) Appropriate funds for coordinator positions and for the Packaging Waste Advisory Council.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Maui; two members of the Hawai'i County Council; Department of Research and Development of the County of Hawai'i; Department of Environmental Management of the County of Hawai'i; Sierra Club of Hawai'i; FoodWare; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; 350Hawaii.org; NO POHŌ; Perpetual; Fair Wind Cruises; Just Zero; Upstream; Zero Waste O'ahu; Adaptations Inc.; Big Island Coffee Roasters; Blackmountainbeauty; Coconut Trader; CupZero; DeliverZero, Inc.; EarthEx, LLC; Hawaii Island Ocean Advocates; Hilo Bottle Shop; Kale'a Farms; Koko Kai Foods LLC; Muuse; Ocean Kind HI; Pop Culture Artisan Pops; Protea Zero Waste Store; SKY Kombucha; SUPERFUN Studio; The Conservationist Collective; The Locavore Store; Village Seeds Design LLC; Volcano Precious Plastic, LLC; Zero Waste Hale; Sojourner; Hana Hou Recycling; Blue Ocean Warriors; Christienne de Tournay Zero Waste Consultancy; Don't Waste Durham; Faith Alliance for Climate Solutions; Going Home Hawaii; Hanai Kaiaulu; Hawai'i Alliance for Progressive Action; Hawai'i Wildlife Fund; Ho'omalua Ke Kai; Kingdom Pathways; Plastic Pollution Coalition; Re-use Hawai'i; Sheffield Saves; Surfrider Foundation; The Last Plastic Straw; Zero Waste

Hawai'i Island; Zero Waste Maui Coalition; HULI PAC; Plastic Free Mail; Big Island Reef Keepers Hui; Energy & Climate Action and Agriculture & Food Security Committees of the Environmental Caucus of the Democratic Party of Hawai'i; Hawai'i State Association of Counties; Recycle Hawaii, Clean The Pacific; and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Health, Chamber of Commerce Hawaii, and Plastics Industry Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1326, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Aiu, Kila, Alcos). Noes, none. Excused, none.

SCRep. 1167 Finance on H.B. No. 1396

The purpose of this measure is to:

- (1) Establish a pilot program within the Environmental Management Division of the Department of Health to work with each county to identify a priority area to expand the county sewage system or other centralized treatment system to connect individual properties in the priority area and reduce or eliminate cesspools in the identified area;
- (2) Appropriate funds to the Department of Health to provide planning grants to each county for a pilot cesspool conversion project;
- (3) Create a new Cesspool Conversion Section within the Department of Health's Wastewater Branch that is dedicated to facilitating the conversion of cesspools within the State;
- (4) Establish and appropriate funds for new full-time equivalent permanent positions within the new Cesspool Conversion Section for fiscal years 2023-2024 and 2024-2025 and additional full-time equivalent positions for fiscal year 2024-2025;
- (5) Re-establish the Cesspool Upgrade, Conversion, or Connection Income Tax Credit; and
- (6) Require the disclosure of certain material fact information regarding cesspools on real property to be included in mandatory seller disclosures for real property transactions.

Your Committee received testimony in support of this measure from the Department of Health, University of Hawai'i Sea Grant College Program, University of Hawai'i Water Resources Research Center, Hawai'i Climate Change Mitigation & Adaptation Commission, Hawaii Marine Education and Research Center, Ulupono Initiative, Environmental Caucus of the Democratic Party of Hawai'i, Public Access to SunScreens, WAI: Wastewater Alternatives & Innovations, Coral Reef Alliance, and four individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Taxation, Friends of Hanauma Bay, Hawai'i Association of REALTORS, Hawai'i Reef and Ocean Coalition, and Big Island Reef Keepers Hui.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1396, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1168 Finance on H.B. No. 1430

The purpose of this measure is to establish an Institute of Indigenous Education, Science, and Outreach within the University of Hawaii at Hilo through a collaboration between the University of Hawaii at Hilo Imiloa Astronomy Center and University of Hawaii at Hilo Hawaiian language college.

Your Committee received testimony in support of this measure from the University of Hawai'i at Hilo; Hale Kuamo'o Hawaiian Language Center, a division of Ka Haka 'Ula O Ke'elikōlani College of Hawaiian Language at the University of Hawai'i at Hilo; Kupuna for the Mo'opuna; Ke Kula 'O Nāwahīkalanī'ōpu'u; 'Aha Pūnana Leo; National Coalition of Native American Language Schools and Programs; Ukwanshin Kabudan; WP Rivers & Associates; Ke Kula 'O Nāwahīkalanī'ōpu'u Iki Laboratory Public Charter School; Association for Research and Repatriation of Indigenous Ryūkyū Remains; Pūnana Leo o Wai'anae; Pūnana Leo o Waimea; Pūnana Leo o Hāna; Pūnana Leo o Hilo; Pūnana Leo o Kaua'i; Pūnana Leo o Maui; Pūnana Leo o Kona; Pūnana Leo o Mānoa; Pūnana Leo o Ko'olau Poko; Pūnana Leo o Lahaina; Pūnana Leo o Nu'uuanu; Pūnana Leo o Waialua; and numerous individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1430, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1169 Finance on H.B. No. 933

The purpose of this measure is to require the Public Utilities Commission to use Universal Service Fund monies to provide free telecommunications access to certain information for individuals with print disabilities.

Your Committee received testimony in support of this measure from the Hawaii State Committee of Blind Vendors, Disability and Communication Access Board, National Federation of the Blind, Hoopono, National Organization of Parents of Blind Children, and seven individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Human Services, Public Utilities Commission, and Hawaiian Telcom.

Your Committee has amended this measure by:

- (1) Inserting an appropriation of an unspecified amount; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 933, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 933, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1170 Finance on H.B. No. 258

The purpose of this measure is to appropriate funds to the University of Hawaii for the acquisition of the Saint Francis School campus located at 2707 Pamoia Road in Honolulu.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

Your Committee has amended this measure by:

- (1) Authorizing the Board of Regents of the University of Hawaii to issue revenue bonds for the acquisition of the Saint Francis School campus located at 2707 Pamoia Road in Honolulu; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 258, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 258, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1171 Finance on H.B. No. 561

The purpose of this measure is to require any income tax credit established or renewed after December 31, 2023, to include a five-year sunset or an annual one-third reduction in the credit amount beginning with the sixth year of the credit.

Your Committee received testimony in opposition to this measure from Hawai'i Children's Action Network Speaks!, Hawaii Appleseed Center for Law & Economic Justice, and three individuals. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 561, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Ward). Noes, 1 (Cochran). Excused, 1 (Alcos).

SCRep. 1172 Finance on H.B. No. 1193

The purpose of this measure is to:

- (1) Extend the repeal date of the tax credit for research activities for an additional five years;
- (2) Add a maximum amount on the tax credit for research activities that a taxpayer and its related entities may be eligible for;
- (3) Consolidate the survey and certification requirements for the tax credit for research activities;
- (4) Change the annual aggregate amount of the tax credit for research activities to an unspecified amount;
- (5) Require certification of the tax credit for research activities on a first-come, first-served basis to be based on the date that a complete application is received, subject to certain conditions; and
- (6) Require a qualified high technology business and at least seventy-five percent of its employees to occupy a business address and location in the State to qualify for the tax credit for research activities.

Your Committee received testimony in support of this measure from Makai Ocean Engineering, Inc. Your Committee received comments on this measure from the Department of Taxation, Hawaii Technology Development Corporation, Oceanit, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1193, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1173 Finance on H.B. No. 1384

The purpose of this measure is to establish an income tax credit to incentivize the development of the food manufacturing industry in Hawaii.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Ulupono Initiative, Chamber of Commerce Hawaii, and Hawaii Food Manufacturers Association. Your Committee received comments on this measure from the Department of Taxation, Department of Agriculture, Hawai'i Technology Development Corporation, and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1384, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1174 Finance on H.B. No. 233

The purpose of this measure is to establish a refundable child tax credit for Hawaii's working families, to be payable on a monthly basis.

Your Committee received testimony in support of this measure from Catholic Charities Hawai'i, Holomua Collaborative, Imua Alliance, Democratic Party of Hawai'i Education Caucus, aio Family of Companies, Early Childhood Action Strategy, Hawai'i Children's Action Network Speaks!, HPM Building Supply, Americans for Democratic Action Hawai'i, Hawaii Health & Harm Reduction Center, Hawai'i Workers Center, Hawai'i Alliance for Progressive Action, Hawai'i Women Lawyers, Title Guaranty of Hawai'i, IATSE Local 665, Hawai'i Gas, Aloha United Way, Hawai'i Community Foundation, Hawai'i Hunger Action Network, Hawai'i Foodbank, Hawaii Appleseed Center for Law & Economic Justice, and numerous individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the tax credit to an unspecified amount; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 233, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 233, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1175 Finance on H.B. No. 400

The purpose of this measure is to establish:

- (1) An employer-provided or employer-sponsored child care income tax credit for employers that provide or sponsor child care as an employee benefit; and
- (2) An employer child care property income tax credit for the purchase or acquisition of child care property by an employer for employer-provided child care.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association, Hawai'i Women Lawyers, Maui Chamber of Commerce, and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Amending both tax credit amounts by leaving unspecified the percentages of certain costs and tax liability and leaving unspecified the rate at which the employer child care property tax credit may be claimed; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 400, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 400, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1176 Finance on H.B. No. 493

The purpose of this measure is to amend the adjusted gross income brackets and credit amounts of the refundable food/excise tax credit.

Your Committee received testimony in support of this measure from the Hawai'i Health & Harm Reduction Center, Hawai'i Children's Action Network Speaks!, Hawaii Appleseed Center for Law & Economic Justice, and five individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee has amended this measure by changing the refundable food/excise tax credit amounts to unspecified amounts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 493, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 493, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1177 Finance on H.B. No. 607

The purpose of this measure is to establish an interisland produce shipping income tax credit for farmers or ranchers who ship produce and agricultural goods between the counties of the State.

Your Committee received testimony in support of this measure from the Ulupono Initiative; Hawaii Cattlemen's Council, Inc.; Hawaii Food Industry Association; Hawai'i Alliance for Progressive Action; Maui Chamber of Commerce; and two individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Agriculture, Hawai'i Farm Bureau, Hawai'i Farmers Union United, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the following to unspecified amounts or percentages, as applicable:
 - (A) The amount of the tax credit;
 - (B) The maximum amount of the tax credit claimable per producer;
 - (C) The annual distribution amounts of the tax credit to various types of producers; and
 - (D) The total amount of tax credits allowed in any taxable year; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 607, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 607, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1178 Finance on H.B. No. 954

The purpose of this measure is to change the amount of the state earned income tax credit to an unspecified percentage of the federal earned income tax credit allowed based on an individual's federal income tax return.

Your Committee received testimony in support of this measure from the Early Childhood Action Strategy, Hawai'i Children's Action Network Speaks!, Hawai'i Health & Harm Reduction Center, Democratic Party of Hawai'i Education Caucus, Imua Alliance, Hawaii Appleseed Center for Law & Economic Justice, Hawai'i Alliance for Progressive Action, and six individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Taxation.

Your Committee has amended this measure by:

- (1) Inserting provisions to amend the taxable income bracket and income tax rate, personal exemption, and standard deduction amounts for taxable years beginning after December 31, 2022;
- (2) Inserting provisions that adjust annually for tax years beginning after December 31, 2023, the income tax brackets and personal exemption and standard deduction amounts by a cost-of-living adjustment factor; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 954, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 954, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1179 Finance on H.B. No. 1194

The purpose of this measure is to:

- (1) Establish the Hawaii Economic Development District Planning Organization to implement the United States Economic Development Administration-approved comprehensive economic development strategy;
- (2) Establish temporary full-time positions to support the Organization; and
- (3) Appropriate funds for the Organization and hiring of necessary staff.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1194, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1194, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1180 Finance on H.B. No. 1362

The purpose of this measure is to allow certain entities to elect to pay Hawaii income tax at the entity level through pass-through entities.

Your Committee received testimony in support of this measure from Pas de Deux Hawaii, General Contractors Association of Hawaii, Activities & Attractions Association of Hawaii, Maui Paradise Properties, Maui Chamber of Commerce, and three individuals. Your Committee received comments on this measure from the Department of Taxation; Maui Brewing Co.; Pacific Rim Land, Inc.; Tax Foundation of Hawaii; and Grassroot Institute of Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that an election of a partnership or S corporation to be taxed as an electing pass-through entity in a tax year shall be irrevocable for that tax year and shall be binding on all partners, shareholders, and members of the electing pass-through entity;
- (2) Specifying that distributive shares and guaranteed payments of members who are corporations are not included in determining the tax imposed on an electing pass-through entity under this measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1362, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1362, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1181 Finance on H.B. No. 249

The purpose of this measure is to:

- (1) Transfer the Hawaii Child Nutrition Programs Agency from the Department of Education to the Department of Human Services; and
- (2) Appropriate funds for grants to be administered by the Hawaii Child Nutrition Programs Agency and for positions within the Program.

Your Committee received testimony in support of this measure from Kuwale Ridge Farms, Climate Protectors Hawaii, Kohana Family Farms, Hawai'i Farmers Union United, Hawai'i Public Health Institute, Hawaii Cattlemen's Council, Local Food Coalition, Hawai'i Alliance for Progressive Action, Hawaii Appleseed Center for Law & Economic Justice, Hawai'i Children's Action Network Speaks!, and seven individuals. Your Committee received comments on this measure from the Department of Education, Department of Human Services, and Hawaii Child Nutrition Programs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 249, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1182 Finance on H.B. No. 622

The purpose of this measure is to:

- (1) Make the Prevent Suicide Hawaii Task Force within the Department of Health permanent;
- (2) Require the Task Force to focus on reducing the suicide rate among Native Hawaiians and Pacific Islanders in the State; and

(3) Require reports to the Legislature.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Department of Public Safety, Department of Human Services, Steering Committee of the Prevent Suicide Hawai'i Taskforce, Papa Ola Lokahi, Hawai'i Family Forum, Hawai'i Primary Care Association, The Queen's Health System, and seven individuals. Your Committee received comments on this measure from the Department of Health, Stonewall Caucus of the Democratic Party of Hawai'i, Rainbow Family 808, 'Ahahui o nā Kauka, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 622, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1183 Finance on H.B. No. 617

The purpose of this measure is to:

- (1) Establish an Oral Health Task Force to review information on the status of oral health in the State and make recommendations to improve oral health infrastructure in Hawaii; and
- (2) Appropriate funds for the hiring of staff to facilitate the work of the task force and develop a public dental health program in the State.

Your Committee received testimony in support of this measure from the Department of Human Services, State Council on Developmental Disabilities, Hawai'i Oral Health Coalition, Hawaii Disability Rights Center, Papa Ola Lokahi, Hawaii Dental Hygienists' Association, AlohaCare, The Queen's Health System, Hawai'i Children's Action Network Speaks!, and seven individuals. Your Committee received comments on this measure from the University of Hawai'i System, Department of Health, Hawaii Dental Association, and Hawaii Dental Hui.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 617, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1184 Finance on H.B. No. 1301

The purpose of this measure is to appropriate funds to the University of Hawaii Cancer Center for a multi-ethnic cohort study focusing on the social determinants of health, lifestyles, environmental exposures, and resilience factors of Native Hawaiians, Pacific Islanders, and Filipinos.

Your Committee received testimony in support of this measure from the American Cancer Society Cancer Action Network, Hawai'i Primary Care Association, and ten individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1301, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1185 Finance on H.B. No. 95

The purpose of this measure is to:

- (1) Increase the amount of funds available to candidates who qualify to participate in the partial public financing program;
- (2) Adjust the minimum amount of qualifying contributions certain candidates must receive to participate in the partial public financing program; and
- (3) Increase the matching fund payments to candidates in the partial public financing program for excess qualifying contributions.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Campaign Spending Commission, League of Women Voters of Hawaii, Americans for Democratic Action Hawai'i, HULI PAC, Kauhakō Ohana Association, Our Hawai'i, Hawai'i Alliance for Progressive Action, and numerous individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 95, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 95, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1186 Finance on H.B. No. 384

The purpose of this measure is to implement certain portions of the Uniform Parentage Act of 2017 to replace the Uniform Parentage Act of 1973.

Your Committee received testimony in support of this measure from the Judiciary and Commission to Promote Uniform Laws. Your Committee received testimony in opposition to this measure from five individuals. Your Committee received comments on this measure from the Department of Human Services, Hawai'i Women Lawyers, and one individual.

Your Committee has amended this measure by:

- (1) Changing the fee schedule for family court determinations of a parent-child relationship from \$100 to an unspecified amount; and
- (2) Changing the surcharge for parent education for separating parties from \$50 to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 384, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 384, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1187 Finance on H.B. No. 586

The purpose of this measure is to:

- (1) Require and appropriate funds for the Judiciary to develop, implement, and administer an automated court appearance reminder system that generates text message and electronic mail notifications for scheduled future court appearances; and
- (2) Require a person making an arrest or issuing a citation to document the offender's mobile telephone number and electronic mail address or a mobile telephone number and electronic mail address at which the offender may be reliably contacted.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Opportunity Youth Action Hawai'i, and four individuals. Your Committee received comments on this measure from the Judiciary and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 586, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 586, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1188 Finance on H.B. No. 37

The purpose of this measure is to abolish the Native Hawaiian Rights Fund of the Office of Hawaiian Affairs, pursuant to the recommendation made by the Office of the Auditor in Report No. 22-02, and lapse any unencumbered balance to the general fund.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs. Your Committee received comments on this measure from the Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 37 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1189 Finance on H.B. No. 42

The purpose of this measure is to authorize candidates and their candidate committees to donate residual campaign funds to the state general fund or to the real property tax general fund of any county of the State.

Your Committee received testimony in support of this measure from one member of the Honolulu City Council. Your Committee received comments on this measure from the Campaign Spending Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 42, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1190 Finance on H.B. No. 68

The purpose of this measure is to appropriate funds to establish a centralized statewide criminal pretrial justice data reporting and collection system pursuant to state law.

Your Committee received testimony in support of this measure from the Department of Public Safety, Criminal Justice Research Institute, Hawaii Correctional System Oversight Commission, Opportunity Youth Action Hawai'i, and Women's Prison Project. Your Committee received comments on this measure from the Department of the Attorney General and Department of the Prosecuting Attorney of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 68, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1191 Finance on H.B. No. 92

The purpose of this measure is to:

- (1) Increase the fine for campaign spending law violations that may be assessed against a noncandidate committee that makes only independent expenditures and has received at least one contribution of more than \$10,000 or spent more than \$10,000 in an election period; and
- (2) Authorize the Campaign Spending Commission to order that the fine, or any portion of the fine, assessed against a noncandidate committee be paid from the personal funds of the officers of the noncandidate committee.

Your Committee received testimony in support of this measure from the Campaign Spending Commission and League of Women Voters of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 92 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1192 Finance on H.B. No. 126

The purpose of this measure is to enhance the penalty for bribery offenses:

- (1) Committed by elected or appointed public servants;
- (2) Involving a pecuniary benefit valued at over \$20,000; and
- (3) Committed by repeat offenders.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Department of the Prosecuting Attorney of the City and County of Honolulu, Department of the Prosecuting Attorney of the County of Maui, and Honolulu Police Department. Your Committee received comments on this measure from the Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 126, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1193 Finance on H.B. No. 277

The purpose of this measure is to amend the fine amounts for violating motor vehicle insurance requirements.

Your Committee received testimony in support of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 277, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1194 Finance on H.B. No. 480

The purpose of this measure is to:

- (1) Amend the definitions of "special interest vehicle," "street rod replica vehicle," and "street rod vehicle" for purposes of the Hawaii Highway Safety Act, to be based on the age of the vehicle or parts used, rather than a certain year of manufacture; and
- (2) Clarify that the safety standards of certain special interest vehicles must meet those safety standards that were in effect at the time the vehicle was manufactured.

Your Committee received testimony in support of this measure from ten individuals. Your Committee received comments on this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 480, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1195 Finance on H.B. No. 538

The purpose of this measure is to establish penalties for a property owner who fails to remedy a zoning violation, including being subject to a lien and foreclosure in certain situations.

Your Committee received testimony in opposition to this measure from the Oahu Short-Term Rental Alliance and numerous individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 538, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Aiu, Kahaloa, Kila, Kobayashi, Lamosao, Alcos, Ward). Noes, none. Excused, none.

SCRep. 1196 Finance on H.B. No. 582

The purpose of this measure is to:

- (1) Extend the time by which a civil action for childhood sexual abuse must be initiated, including an otherwise time—barred action; and
- (2) Authorize a court to require personnel of legal entities to undergo training on trauma—informed response.

Your Committee received testimony in support of this measure from Imua Alliance, CHILD USA, CHILD USA Advocacy, Sex Abuse Treatment Center, CARES Community Advocacy Research Education Services, and eight individuals. Your Committee received testimony in opposition to this measure from the Hawaii Insurers Council and American Property Casualty Insurance Association. Your Committee received comments on this measure from the Department of the Attorney General, Stonewall Caucus of the Democratic Party of Hawai'i, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 582, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1197 Finance on H.B. No. 719

The purpose of this measure is to provide more equitable access to government records by:

- (1) Imposing a cap on charges for the reproduction of certain government records;
- (2) Waiving the cost of duplication of government records provided to requestors in an electronic format;

- (3) Imposing a cap on charges for searching for, reviewing, and segregating records;
- (4) Providing for a waiver of fees when the public interest is served by a record's disclosure; and
- (5) Appropriating funds for two permanent, full-time positions within the Office of Information Practices.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii, Society of Professional Journalists Hawaii Chapter, Life of the Land, All Hawaii News, Community Alliance on Prisons, Holomua Collaborative, and four individuals. Your Committee received testimony in opposition to this measure from the Department of Education. Your Committee received comments on this measure from the Department of Human Services, Department of Land and Natural Resources, Department of Commerce and Consumer Affairs, Department of Accounting and General Services, Department of Budget and Finance, Employees' Retirement System, Office of Information Practices, Hawaii Bulletin, Civil Beat Law Center for the Public Interest, and Grassroot Institute of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 719, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1198 Finance on H.B. No. 1113

The purpose of this measure is to:

- (1) Authorize the expenditure of State Highway Fund monies to maintain the Drug and Alcohol Toxicology Testing Laboratory;
- (2) Rename the State Drug and Alcohol Toxicology Testing Laboratory Special Fund, delay the sunset date of the Special Fund, and authorize monies in the Special Fund to be administered and expended by the Department of Transportation or appropriated as a grant-in-aid to the City and County of Honolulu Emergency Services Department to support the Laboratory; and
- (3) Appropriate funds for the establishment and maintenance of the Laboratory.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawai'i Police Department, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1113, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1199 Finance on H.B. No. 1145

The purpose of this measure is to require all places of public accommodation and certain state buildings constructed after December 31, 2023, to provide universal changing accommodations in public restrooms.

Your Committee received testimony in support of this measure from the Hawaii State Council on Developmental Disabilities, Hawaii Disability Rights Center, Rainbow Family 808, Stonewall Caucus of the Democratic Party of Hawai'i, Hawai'i Family Caregiver Coalition, Epilepsy Foundation of Hawaii, and ten individuals. Your Committee received comments on this measure from the Hawai'i Civil Rights Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1145, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1200 Finance on H.B. No. 1508

The purpose of this measure is to improve Native Hawaiian communities and culture by appropriating funds for:

- (1) A virtual marketplace that supports local artisans and businesses to adapt to e-commerce;
- (2) A physical co-working space and an innovation, entrepreneur, and resource center; and
- (3) The repatriation and reburial of Native Hawaiians nationally and internationally.

Your Committee received testimony in support of this measure from the Kapolei Chamber of Commerce and Council for Native Hawaiian Advancement. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1508, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1201 Finance on H.B. No. 1203

The purpose of this measure is to establish a nonrefundable employer child care tax credit for employers who provide or sponsor approved child care.

Your Committee received testimony in support of this measure from the Hawaii Food Industry Association, Chamber of Commerce Hawaii, Hawai'i Women Lawyers, Maui Chamber of Commerce, and one individual. Your Committee received comments on this measure from the Department of Human Services, Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the amount of the tax credit to unspecified percentages of certain costs; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1203, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1203, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1202 Finance on H.B. No. 892

The purpose of this measure is to appropriate funds to the Department of Law Enforcement to provide security at small boat harbors on Maui, including the hiring of three full-time equivalent positions.

Your Committee received testimony in support of this measure from Trilogy Corporation, Maui Adventure Cruises Inc., and five individuals. Your Committee received comments on this measure from the Department of Law Enforcement.

Your Committee has amended this measure by:

- (1) Changing the source of the appropriation from the general fund to the Boating Special Fund;
- (2) Changing the expending agency to the Department of Land and Natural Resources; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 892, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 892, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Kila).

SCRep. 1203 Finance on H.B. No. 908

The purpose of this measure is to amend the amount of conveyance tax collections to be deposited into the Land Conservation Fund.

Your Committee received testimony in support of this measure from the Legacy Land Commission; The Nature Conservancy, Hawai'i and Palmyra; Hawai'i Life Real Estate Brokers; Hawai'i Land Trust; Coastal Planners, LLC; Kupa'aina o Kuli'ou'ou; and four individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources, Tax Foundation of Hawaii, and Hawai'i Association of REALTORS.

Your Committee has amended this measure by changing the allocation cap to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 908, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 908, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1204 Finance on H.B. No. 1079

The purpose of this measure is to amend the State's water pollution laws to conform to definitions and civil penalty amounts pursuant to federal regulations and laws, consolidate separate water quality certification statutes into one section of law for clarity, clarify the authority of the Department of Health to conduct water quality certifications, and revise civil penalty amounts to ensure consistency within the Department of Health.

Your Committee received testimony in support of this measure from the Department of Health and Hawai'i Reef and Ocean Coalition.

Your Committee has amended this measure by:

- (1) Changing the civil penalty amounts authorized under the Environmental Court to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1079, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1079, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Kila).

SCRep. 1205 Finance on H.B. No. 15

The purpose of this measure is to authorize the State and counties to:

- (1) Place liens on real properties for unpaid civil fines resulting from violations of land use laws; and
- (2) Subject to adoption of appropriate and particular laws or rules establishing the power of sale, sell properties after all notices, orders, and appeal proceedings, if any, are exhausted and use those revenues to pay unpaid civil fines related to the property.

Your Committee received testimony in support of this measure from the Department of Land Natural Resources, one member of the Honolulu City Council, and Department of Planning and Permitting of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from the Oahu Short-Term Rental Alliance and numerous individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 15, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1206 Finance on H.B. No. 546

The purpose of this measure is to require the Fuel Tank Advisory Committee to hold at least one regular meeting in each quarter of a calendar year and appropriate funds to obtain contractor support for additional meetings of the Committee.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Honolulu Board of Water Supply, and Church of the Crossroads. Your Committee received comments on this measure from the Department of Health, Sierra Club of Hawai'i, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 546, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1207 Finance on H.B. No. 562

The purpose of this measure is to:

- (1) Establish an exemption from applicable county permit requirements for repetitive construction projects for facilities under the control of the Department of Education, University of Hawaii, or School Facilities Authority; and
- (2) Specify that no contract for repetitive construction is exempt from federal, state, or county laws pertaining to flood plain management development standards.

Your Committee received comments on this measure from the Department of Land and Natural Resources, Department of Education, and School Facilities Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 562, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1208 Finance on H.B. No. 953

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to:
 - (A) Develop and publish a website that includes the application processes for a permit, license, or reservation to conduct recreational and commercial activities in the State that are regulated by or under the jurisdiction of the Department; and
 - (B) Convert existing application processes into a digital format to be used on the website; and
- (2) Appropriate funds for the establishment of the website.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 953, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Alcos).

SCRep. 1209 Finance on H.B. No. 994

The purpose of this measure is to require and appropriate funds for the Office of Planning and Sustainable Development to perform a study to redefine rural district policies and standards and increase the effectiveness of the rural district in protecting agricultural working lands, identify strategies for expansion of the rural district through reclassification of agricultural lands to rural lands, and submit reports of its findings and recommendations to the Legislature.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Agriculture; Office of Planning and Sustainable Development; and Hawai'i Farm Bureau.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 994, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Cochran, Poepoe). Noes, none. Excused, none.

SCRep. 1210 Finance on H.B. No. 1035

The purpose of this measure is to establish protections for critical infrastructure information that is received or maintained by the Office of Homeland Security.

Your Committee received testimony in support of this measure from the state Department of Defense, Hawai'i State Energy Office, Hawai'i Office of Homeland Security, and Hawaiian Electric. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of the Attorney General and Office of Information Practices.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1035, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1211 Finance on H.B. No. 1036

The purpose of this measure is to formally establish the Hawaii State Fusion Center as a program under the Office of Homeland Security, to be transferred to the Department of Law Enforcement on January 1, 2024, and delineates its roles and responsibilities.

Your Committee received testimony in support of this measure from the Department of Law Enforcement, Department of Human Services, Department of Defense, and Hawaii Office of Homeland Security. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1036, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1212 Finance on H.B. No. 1037

The purpose of this measure is to update the statutes regarding the Statewide Interoperable Communications Executive Committee to reflect the transfer of the Office of Homeland Security from the Department of Defense to the Department of Law Enforcement on January 1, 2024.

Your Committee received testimony in support of this measure from the Department of Law Enforcement, Department of Defense, and Office of Homeland Security. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1037, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1213 Finance on H.B. No. 1371

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources to prepare a master plan for the Sand Island State Recreation Area that develops the concept of a "People's Park".

Your Committee received testimony in support of this measure from the Office of the Governor, The Pillars LLC, PA'I Foundation, Mauiola Ke'ehi, Mu'olaulani, Sand Island Business Association, and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1371, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1214 Finance on H.B. No. 1385

The purpose of this measure is to:

- (1) Establish a framework for designating certain public lands for redevelopment;
- (2) Amend generally applicable lease requirements for public lands to promote redevelopment;
- (3) Designate the public lands on the Waiakea Peninsula on Hawaii Island as the Waiakea Peninsula Redevelopment District; and
- (4) Appropriate funds for the Waiakea Peninsula Redevelopment District.

Your Committee received testimony in support of this measure from HPM Building Supply. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, League of Women Voters of Hawaii, Kūpuna for the Mo'opuna, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance and Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1385, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Aiu, Cochran, Garrett, Kahaloa, Kila, Poepoe). Noes, none. Excused, none.

SCRep. 1215 Finance on H.B. No. 537

The purpose of this measure is to:

- (1) Include electronic smoking devices and e-liquids under the definition of "tobacco products" for purposes of cigarette tax and tobacco tax law; and
- (2) Repeal the Electronic Smoking Device Retailer Registration Unit under the Department of the Attorney General.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 984, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 984, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Aiu, Alcos).

SCRep. 1218 Finance on H.B. No. 1375

The purpose of this measure is to:

- (1) Establish the powers, duties, and responsibilities of the Destination Management Agency, including its Director and Commission;
- (2) Establish the Tourism Special Fund and County Assistance Special Fund, to receive allocations from transient accommodations tax revenue; and
- (3) Repeal the Hawaii Tourism Authority.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Taxation; Department of Business, Economic Development, and Tourism; Office of Information Practices; Hawai'i Tourism Authority; Kohala Coast Resort Association; Tax Foundation of Hawaii; Maui Hotel & Lodging Association; Hawai'i Lodging & Tourism Association; and Maui Vacation Rental Association.

Your Committee has amended this measure by:

- (1) Changing the transient accommodations tax revenues allocation to the Tourism Special Fund and all deposits from the Tourism Special Fund to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 1375, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 1375, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 13; Ayes with Reservations (Kahaloa, Kila, Kobayashi, Lamosao, Poepoe, Alcos). Noes, 1 (Ward). Excused, 2 (Cochran, Garrett).

SCRep. 1219 Consumer Protection & Commerce on H.C.R. No. 28

The purpose of this measure is to raise public awareness of the dangers posed by chronic kidney disease by designating the month of March as Hawaii Kidney Awareness Month.

The Department of Health, The Queen's Health System, Hawai'i Pacific Health, Hawai'i Public Health Institute, U.S. Renal Care, Chronic Disease Coalition, National Kidney Foundation of Hawaii, Hawaii Medical Association, and several concerned individuals supported this measure.

Your Committee notes that chronic kidney disease is one of the deadliest threats to the health and wellbeing of our communities. It is regarded by some as a "silent killer," as most individuals afflicted are unaware they have it and symptoms don't usually manifest until its later stages. Left untreated, chronic kidney disease progresses through five stages, the final of which is known as end stage kidney disease, which must be treated with kidney replacement or dialysis.

Your Committee also notes that minority populations suffer disproportionately from this disease. According to the National Kidney Foundation, black Americans are almost four times as likely as white Americans to develop kidney failure, and studies have shown that Native Hawaiians and Pacific Islanders living in the U.S. and Pacific territories have even higher rates of end stage kidney disease incidence.

In addition, because many local residents suffer from diabetes and high blood pressure, the two leading causes of kidney failure, chronic kidney disease is a particularly dangerous menace to the people of Hawaii. Hawaii's kidney failure rate is thirty percent higher than the national rate.

In light of the silent danger posed by chronic kidney disease and its prevalence in Hawaii, your Committee finds that increasing public awareness of this disease and promoting early testing and medical intervention will help to improve health outcomes for our communities.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 28 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
 Ayes, 7. Noes, none. Excused, 4 (Hashem, Hussey-Burdick, Gates, Lowen).

SCRep. 1220 Finance on H.B. No. 133

The purpose of this measure is to appropriate funds for the operating budget for the 2023-2025 fiscal biennium for beneficiary advocacy for the Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 133, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 133, H.D. 1.

Signed by the Chair on behalf of the Committee.
 Ayes, 16. Noes, none. Excused, none.

SCRep. 1221 Finance on H.B. No. 382

The purpose of this measure is to appropriate funds for the operating and capital improvements costs of the Judiciary Branch for fiscal year (FY) 2023-2024 and FY 2024-2025.

As introduced, this budget measure appropriates:

	FY 2023-2024	FY 2024-2025
General Funds	184,740,378	188,940,776
All Means of Financing	213,681,891	201,786,529

Your Committee received testimony in support of this measure from the Judiciary, Hawaii State Bar Association, The Mediation Center of the Pacific Inc., Ku'ikahi Mediation Center, Collection Law Section of the Hawaii State Bar Association, Kauai Bar Association, Volunteer Legal Services Hawai'i, Appellate Section of the Hawaii State Bar Association, Legal Aid Society of Hawai'i, Hawai'i Access to Justice Commission, Starn O'Toole Marcus & Fisher, and six individuals. Your Committee received comments on this measure from the Domestic Violence Action Center.

Your Committee has amended this measure by:

- (1) Amending the budget provisions to appropriate:

	FY 2023-2024	FY 2024-2025
General Funds	183,190,060	187,805,425
All Means of Financing	217,356,573	200,651,178

- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 382, as amended herein, and recommends that it pass Third Reading in the form attached hereto as H.B. No. 382, H.D. 1.

Signed by the Chair on behalf of the Committee.
 Ayes, 16. Noes, none. Excused, none.

SCRep. 1222 Finance on H.B. No. 300

The purpose of this measure is to appropriate funds for the operating and capital improvement costs of the Executive Branch for fiscal year (FY) 2023-2024 and FY 2024-2025.

The prior Administration submitted an operating budget that totaled:

	<u>FY 2023-2024</u>	<u>FY 2024-2025</u>
General Funds	\$9,850,278,662	\$9,656,913,916
All Means of Financing	\$18,023,207,644	\$17,861,503,573

On February 13, 2023, the new Administration submitted changes to the operating budget that added:

	<u>FY 2023-2024</u>	<u>FY 2024-2025</u>
General Funds	\$743,146,927	\$677,976,795
All Means of Financing	\$866,843,710	\$750,095,280

The Administration submitted a capital improvement budget that totaled:

	<u>FY 2023-2024</u>	<u>FY 2024-2025</u>
General Funds	\$324,855,000	\$295,397,000
General Obligation Bonds	\$462,249,000	\$358,640,000
All Means of Financing	\$2,106,776,000	\$1,459,911,000

Testimony received on this measure may be found on the Legislature's website at <https://www.capitol.hawaii.gov/>.

Your Committee on Finance finds that unprecedented revenue growth in FY 2021-2022 of 29.1 percent catapulted tax collections and provided the State with an opportunity to provide support to critical programs, invest in infrastructure and natural resources, and provide tax relief to the most vulnerable in the State.

In 2022, the strategy in creating the FY 2022-2023 budget was to restore funding to critical programs that were cut during the pandemic, tackle long standing large one-time funding priorities, and enhance the State's ability to withstand an economic downturn by shoring up its reserve funds. The Legislature appropriated a total of \$1,884,000,000 as non-recurring, one-time expenditures, allocated as follows:

- (1) \$200,000,000 to provide infrastructure and classrooms for early learning and pre-kindergarten facilities;
- (2) \$256,000,000 to reduce the repair and maintenance backlog at schools;
- (3) \$328,000,000 for the Kalima legal settlement;
- (4) \$500,000,000 to strengthen the Emergency and Budget Relief Fund; and
- (5) \$600,000,000 to provide the Department of Hawaiian Home Lands with the ability to tackle their beneficiary waitlist.

National data confirms that what is happening in Hawaii is happening in the majority of states. In general, various factors drove these higher-than-expected revenue collections and projections, including:

- (1) Unprecedented federal aid that helped support businesses and unemployed workers;
- (2) Quicker-than-anticipated recoveries in the stock market and employment;
- (3) States' relatively recent authority to collect sales taxes from out-of-state online sellers; and
- (4) Job stability in higher-wage professions that were able to pivot to remote work.

Record funding levels of rainy-day funds and historic federal aid to state governments gave state budgets extra breathing room. Abundant federal aid staved off what could have been drastic cuts to state programs. Since 2020 and the start of the pandemic, the CARES Act, Consolidated Appropriations Act, and American Rescue Plan Act provided Hawaii with over \$23,900,000,000 that included support like enhanced unemployment insurance benefits, Supplemental Nutrition Assistance Program (SNAP) food assistance to all children in public schools, paycheck protection program benefits for businesses and employees, and economic impact rebate payments for low-income families.

The 2022 Infrastructure Investment and Jobs Act is set to provide additional support well into 2026. Hawaii is projected to receive over \$2,700,000,000 for infrastructure and programs that include cybersecurity, broadband and digital equity, energy and grid resilience, highways, airports, electric vehicle programs, and clean water and drinking water programs.

Article VII, section 9, of the Constitution of the State of Hawaii provides, "Notwithstanding any other provision to the contrary, the legislature shall establish a general fund expenditure ceiling which shall limit the rate of growth of general fund appropriations, excluding federal funds received by the general fund, to the estimated rate of growth of the State's economy as provided by law. No appropriations in excess of such ceiling shall be authorized during any legislative session unless the legislature shall, by a two-thirds vote of the members to which each house of the legislature is entitled, set forth the dollar amount and the rate by which the ceiling will be exceeded and the reasons therefor."

Your Committee on Finance finds that during the 2022 Regular Session, the Legislature adopted a budget that exceeded the general fund expenditure ceiling by \$839,710,089 or 8.14 percent. This was a direct result of funding \$1,884,000,000 in high priority non-recurring items. Such an approach balanced immediate needs with ongoing, recurring costs meant to be curbed by the expenditure ceiling.

The budget submitted by the Administration, if adopted in whole, would cause the expenditure ceiling to be exceeded by approximately \$230,900,000, or 2.2 percent, in FY 2023-2024 but is within the expenditure ceiling for FY 2024-2025.

According to the PEW Charitable Trusts' (PEW) Fiscal 50: State Trends and Analysis, despite surprising strength in revenues, most economic experts expect state tax revenue growth to temper substantially in fiscal 2023. Although higher-than-expected tax revenue growth and record financial reserves have improved budget conditions, states must navigate several looming challenges, including:

- (1) Slowing revenue growth as the economy weakens and monetary policy tightens;
- (2) Historically high inflation; and
- (3) Tapering of federal COVID-19 aid.

The clamor to spend is great, and there is an extraordinary amount of demand for expansion of state services and the creation of new programs. Your Committee on Finance appreciates and shares the concerns expressed by PEW, and believes that a judicious, cautious, targeted approach is needed in planning for a sustainable future for Hawaii.

The State's Council on Revenues (COR) met on March 7, 2023. Their updated revenue forecast is a crucial reminder of how quickly conditions can change. PEW's caution of slowing revenue growth was prophetic as the COR reduced the FY 2022-2023 revenue forecast from 5.5 percent to 2.0 percent and the FY 2023-2024 revenue forecast from 5.0 percent to 4.0 percent.

The annual impact to tax revenue is as follows:

- (1) FY 2022-2023: loss of \$327,800,000;
- (2) FY 2023-2024: loss of \$439,700,000; and
- (3) FY 2024-2025: loss of \$455,100,000.

The cumulative change in revenue for financial plan purposes is as follows:

- (1) FY 2022-2023: loss of \$327,800,000;
- (2) FY 2023-2024: loss of \$767,500,000; and
- (3) FY 2024-2025: loss of \$1,222,600,000.

Your Committee on Finance finds that the ending balances in the six-year financial plan have been dramatically impacted by the change in revenue projections. The judicious, cautious, targeted approach of your Committee aims to provide ongoing funding for critical programs, while at the same time infusing the budget with one-time expenditures designed to systematically tackle long neglected needs and provide long term structural stability in the budget.

Investments being made across the State in information technology and database systems, including the financial management system for all agencies, bring with them the promise of greater efficiency and transparency. According to the Office of Enterprise Technology Services' Independent Verification and Validation Reports for the financial management systems of the Department of Education and Department of Transportation – Highways Division, lessons learned as these systems were developed provide valuable insight to ensuring successful statewide development and implementation.

The promise of a system that will finally enable effective implementation of performance-based budgeting is critical to accomplishing long standing goals, such as eliminating homelessness rather than continuing to treat it as an emergency.

During periods of economic downturn, one weapon in the government arsenal to jump start the economy is to increase spending on capital projects. This time, however, such an approach would not yield positive results for the State. Pre-Session budget briefings by economists indicated that inflation and supply chain issues are already artificially increasing the cost of construction due to the volume of activity brought on by federal and military infrastructure spending, the ongoing mass transit rail project, and other public and private sector projects.

Recently, a state agency tasked with building affordable housing indicated that it would need an additional \$50,000,000 to complete ongoing projects. In other words, the State would have to pay \$50,000,000 more for zero additional affordable housing units. Cost escalation is making everything less affordable and impacting availability.

The budget submitted by the Administration in December 2022 indicated a general fund deferred maintenance backlog of \$1,281,116,008. This budget proposes to set aside \$1,000,000,000 to eliminate the backlog in deferred maintenance identified by state agencies over the next five years.

Deferred maintenance in state facilities is not the only infrastructure need. Your Committee on Finance finds that the State's natural resources are also in need of repair and maintenance and long-term support. To that end, this budget sets aside \$376,000,000 for the Department of Land and Natural Resources to invest in parks, ocean resources, aquatics, forestry, and wildlife.

The goal is not to spend all this money right away, but to strategically tackle these projects to ensure that the State gets the best value possible.

Although this budget has not included full funding for initiatives identified in the February 13, 2023, submittal to the Legislature, there are important recurring expenses that must be addressed before Adjournment Sine Die. Medicaid, health care, kupuna care, homeless services, climate change, and affordable housing continue to be priority issues.

Your Committee has amended this measure by appropriating the following for the operating budget:

	<u>FY 2023-2024</u>	<u>FY 2024-2025</u>
General Funds	\$11,415,362,901	\$9,291,279,330
All Means of Financing	\$19,901,440,959	\$17,827,543,062

Your Committee has further amended this measure by appropriating the following for the capital improvement budget:

	<u>FY 2023-2024</u>	<u>FY 2024-2025</u>
General Funds	\$364,095,000	\$278,047,000
General Obligation Bonds	\$847,952,000	\$324,940,000
All Means of Financing	\$2,509,563,000	\$1,389,655,000

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of H.B. No. 300, as amended herein, and recommends that it pass Second Reading in the form attached hereto as H.B. No. 300, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
 Ayes, 16. Noes, none. Excused, none.

SCRep. 1223 Human Services on H.R. No. 6

The purpose of this measure is to request that the Department of Human Services Med-Quest Division expand the types of qualified providers allowed to provide lactation consultant services for the Medicaid population in the State.

Your Committee received testimony in support of this measure from the Hawaii Medical Service Association and one individual. Your Committee received comments on this measure from the Department of Human Services and Academy of Lactation Policy and Practice.

Your Committee has amended this measure by:

- (1) Amending the title;
- (2) Requesting the Department of Commerce and Consumer Affairs to collaborate with Department of Human Services Med-QUEST Division on expansion on types of providers allowed to provide lactation consultant services to the State's Medicaid population;
- (3) Including Certified Lactation Counselors as a type of counselor to be included as a qualified provider.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 6, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.R. No. 6, H.D. 1.

Signed by the Chair on behalf of the Committee.
 Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1224 Human Services on H.C.R. No. 7

The purpose of this measure is to request that the Department of Human Services Med-QUEST Division expand the types of qualified providers allowed to provide lactation consultant services for the Medicaid population of the State.

Your committee received testimony in support of this measure from the Midwives Alliance of Hawaii, Hawaii Medical Service Association, and four individuals. Your Committee received comments on this measure from the Department of Human Services

Your Committee has amended this measure by:

- (1) Amending the title;
- (2) Requesting the Department of Commerce and Consumer Affairs to collaborate with Department of Human Services Med-QUEST Division on expansion on types of providers allowed to provide lactation consultant services to the State's Medicaid population;

(3) Including Certified Lactation Counselors as the type of counselor to be included as a qualified provider.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 7, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as H.C.R. No. 7, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1225 Transportation on S.B. No. 385

The purpose of this measure is to establish registration and driver's licensing requirements for the operation of electric rickshaws.

Your Committee received testimony in support of this measure from the Department of Transportation and Las Vegas Tuk Tuk, LLC.

Your Committee finds that electric rickshaws are vehicles certified by the United States Department of Transportation and currently operate in thirty-two states. These "green" vehicles promote a sustainable means of transport and can assist the State in meeting its clean energy goals. This measure will establish requirements for the registration and operation of electric rickshaws in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 385, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 385, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1226 Transportation on S.B. No. 784

The purpose of this measure is to establish and appropriate funds for a one-year airline subsidy pilot program at Molokai airport to assist airlines in offsetting the costs of operation.

Your Committee received testimony in support of this measure from the Department of Transportation, Maui Chamber of Commerce, and four individuals. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that the needs of the Molokai community are not being met by the one operating air carrier that services that island. Your Committee further finds that a subsidy pilot program may help to encourage increased air carrier operations to Molokai, while making air travel to and from Molokai more accessible for the community.

Your Committee has amended this measure by:

- (1) Extending the duration of the pilot program to two years;
- (2) Extending the due date for the report to prior to the Regular Session of 2025 to reflect the extension of the pilot program;
- (3) Adding language from the Department of Attorney General specifying that this measure serves a public purpose;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 784, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 784, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1227 Transportation on S.B. No. 1534

The purpose of this measure is to help the State adapt to the increased adoption of new modes of transportation by:

- (1) Replacing the \$50 annual vehicle registration surcharge fee with a mileage-based road user charge for electric vehicles beginning July 1, 2025;
- (2) Establishing a state mileage-based road usage charge of \$70;
- (3) Allowing owners of electric vehicles to choose between paying a \$70 registration surcharge in lieu of the state mileage-based road usage charge until June 30, 2028;
- (4) Requiring the Department of Transportation to develop a plan for the implementation of a state mileage-based road usage charge to encompass all passenger vehicles and light duty trucks by December 31, 2033; and
- (5) Repealing the existing State Highway Safety Council and establishing a new Hawaii Highway Safety and Modernization Council.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Ulupono Initiative, Hawaii EV Association, and nine individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Transportation, Tax Foundation of Hawaii, Big Island Electric Vehicle Association, Hawaii Automobile Dealers' Association, Alliance for Automotive Innovation, and two individuals.

Your Committee finds that H.B. No. 1110, H.D. 1 (Regular Session of 2023), a substantially similar measure, was previously passed by the House.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1110, H.D. 1, which:
 - (A) Creates a mileage-based road usage charge for electric vehicles beginning July 1, 2025;

- (B) Repeals the \$50 annual vehicle registration surcharge for electric vehicles;
 - (C) Allows owners of electric vehicles a choice between paying a registration surcharge or per-mile road usage charge until 2028;
 - (D) Requires the Department of Transportation to develop a plan for the deployment of a mileage-based road usage charge program to encompass all passenger vehicles and light duty trucks by December 31, 2033; and
 - (E) Makes an appropriation out of state highway revenue bond funds, to be used with available federal funds, for the initial implementation of the state mileage-based road user charge; and
- (2) Clarifying the definition of electric vehicles as vehicles with three or more wheels;
 - (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
 - (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1534, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1534, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1228 Transportation on S.B. No. 1535

The purpose of this measure is to authorize the Director of Transportation to exempt certain ground transportation facility plans from historic preservation requirements and the environmental impact statement law, subject to certain conditions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Transportation, Department of Customer Services of the City and County of Honolulu, Hawai'i Bicycling League, and one individual. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

Your Committee finds that this measure will allow the Department of Transportation to more quickly address the needs of the public when state-funded infrastructure improvements are necessary to accommodate pedestrians, bicyclists, and people on other mobility devices.

Your Committee notes the comments of the Office of Planning and Sustainable Development that the activities contemplated in this measure may already qualify for an exemption under the rules that govern chapter 343, Hawaii Revised Statutes (HRS). Therefore, your Committee requests that your Committee on Water & Land, should it choose to deliberate on this measure, examine whether the exemptions to chapter 343, HRS, in this measure are needed.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1535, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1535, S.D. 1, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1229 Tourism on S.B. No. 304

The purpose of this measure is to:

- (1) Establish a Visitor Impact Fee Program within the Department of Land and Natural Resources to collect a fee for a license to visit a state park, forest, hiking trail, or other state natural area; and
- (2) Establish and appropriate funds into and out of the Visitor Impact Special Fund for the Visitor Impact Fee Strategic Plan.

Your Committee received testimony in support of this measure from the Office of the Governor, Department of Land and Natural Resources, Hawai'i Tourism Authority, Hawai'i Climate Change Mitigation & Adaptation Commission, Office of Planning and Sustainable Development, Maui Hotel & Lodging Association, Conservation International, Kanu Hawai'i, Kua'āina Ulu 'Auamo, Kupu, Surfrider Foundation Hawai'i, The Nature Conservancy, Hawai'i Alliance for Community-Based Economic Development, Sustainable Coastlines Hawai'i, Blue Planet Foundation, Hawai'i Reef and Ocean Coalition, Hawai'i Forest & Trail, Trust for Public Land, Hawai'i Alliance for Progressive Action, Hawai'i Youth Climate Coalition, Wastewater Alternatives & Innovations, National Tropical Botanical Garden, Young Progressives Demanding Action, The Conservationist Collective, Pono Hawai'i Initiative, Wild Kids, Parley for the Oceans, Resources Legacy Fund, Malama Pūpūkea-Waimea, Hawai'i Land Trust, Mālama Learning Center, Papahānaumokuākea Marine Debris Project, Kuleana Coral Restoration, Zero Waste Hawai'i Island, Travel2Change, Mālama Maunaloa, Kailua Beach Adventures, Good Food Movement, Care About Climate, Protea Zero Waste Store, Agripelago, Native Ecosystem Services, Delphi Cinema, Keep It Simple Hawaii, North Shore Community Land Trust, Hawai'i Wildlife Fund, Kingdom Pathways, Kokonut Coalition, Excurinsure, Kokua Foundation, Hui Maka'āinana o Makana, Friends of Hanauma Bay, Imua Alliance, Maui Chamber of Commerce, Hawai'i Lodging & Tourism Association, Laukahi: The Hawaii Plant Conservation Network, and numerous individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Kohala Coast Resort Association, Grassroot Institute of Hawaii, and Tax Foundation of Hawaii.

Your Committee finds that there is a critical need for additional and scaled revenue to protect, restore, and enhance the State's irreplaceable natural resources. While visitors play a substantial role in the State's economy, they also take a heavy toll on the State's natural resources that cannot be ignored. These resources are invaluable to the livelihoods of the State's residents and an integral driver of the State's economy. Your Committee believes that a transformational investment in the State's natural resources through a visitor impact fee program will provide a pathway to environmental and economic resilience for local communities and the visitor industry.

Your Committee has amended this measure by:

- (1) Specifying that penalties shall not begin until at least five years after the effective date;

- (2) Clarifying that the Department of Land and Natural Resources shall use best efforts to provide grant recipients access to any state lands or natural resources for purposes of a grant project under the Program;
- (3) Deleting conflicting language that would have required the Department of Land and Natural Resources to amend its rules to ensure that no license holder is assessed a separate entrance fee;
- (4) Inserting an appropriation of an unspecified amount for certain positions for the Visitor Impact Fee Program;
- (5) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 304, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 304, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Holt, Kong).

SCRep. 1230 Tourism on S.B. No. 797

The purpose of this measure is to:

- (1) Specify that primary and supplementary plan documents be listed in the public disclosure statement of a time sharing plan;
- (2) Clarify the manner in which the required disclosure of liens, title defects, or encumbrances on the titles of units may be made; and
- (3) Provide that a review of encumbrances be waived upon the certification from the developer that the time share interest is free and clear of blanket liens or that identifies all blanket liens.

Your Committee received testimony in support of this measure from the Marriott Vacations Worldwide Corporation, American Resort Development Association Hawaii, Hilton Grand Vacations, and one individual. Your Committee received testimony in opposition to this measure from UNITE HERE Local 5. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that under existing law, a time share plan must provide a disclosure statement to each buyer, listing all encumbrances on title to the time share unit owners. Listing all encumbrances can lead to a disclosure statement being overwhelmingly long, ultimately leading to consumers not thoroughly reviewing the disclosure statement. Your Committee further finds that when the State's time share law was first adopted in 1980, most time share plans were confined to a single site. However, modern time share plans frequently involve hundreds of units at dozens of sites and buyers typically do not receive a deed of a unit of any given site. This measure will update Hawaii's time share laws to reflect modern practices, thereby creating a more efficient process for the regulation of time shares in the State.

Your Committee has amended this measure by:

- (1) Deleting language that would have required supplementary plan documents to be listed in the public disclosure statement of a time sharing plan;
- (2) Requiring the public disclosure statement to include notice of other liens, title defects, or encumbrances impacting a purchaser's utilization of a property as the Director of Commerce and Consumer Affairs may require;
- (3) Allowing other liens, title defects, and encumbrances to be referenced on a website instead of in the public disclosure statement, along with a statement that the developer has determined these liens, title defects, and encumbrances are not expected to impact use of the property by a purchaser;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 797, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 797, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Holt, Kong).

SCRep. 1231 Tourism on S.B. No. 629

The purpose of this measure is to require contracts entered into by the Hawaii Tourism Authority for management of the Hawaii Convention Center facility to include marketing for all uses of the facility.

Your Committee received comments on this measure from the Hawai'i Tourism Authority.

Your Committee finds that existing law allows the Hawaii Tourism Authority to enter into separate contracts for the marketing of all uses of the Hawaii Convention Center and for the management, use, operation, or maintenance of the Center. Your Committee believes that it would be more efficient and a better use of taxpayer dollars to consolidate contracts relating to the Hawaii Convention Center to ensure proper management of the Center.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 629, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 629, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Holt, Kong).

SCRep. 1232 Tourism on S.B. No. 798

The purpose of this measure is to clarify that a developer is responsible for ensuring that the use of time share units located outside the State complies with zoning and land use laws and rules of the jurisdiction where the time share units are located but is not required to submit evidence of such compliance to register in Hawaii.

Your Committee received testimony in support of this measure from the Maui Hotel & Lodging Association, Marriott Vacations Worldwide Corporation, American Resort Development Association Hawaii, Hilton Grand Vacations, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and one individual.

Your Committee finds that existing law authorizes the counties to designate areas appropriate for time sharing through county zoning laws. To enforce the zoning requirements, the Department of Commerce and Consumer Affairs requires developers to submit written confirmation that the time share is in compliance with zoning requirements, even for time shares located outside the State. Your Committee notes that existing law does not require written confirmation of zoning law compliance for time shares located outside the State. Currently, the Department of Commerce and Consumer Affairs is inundated with registration applications for time shares, with some applications taking years to process. This measure will reduce the backlog of registration applications for time shares by requiring a developer to ensure the time share is in compliance with the laws and rules of the jurisdiction in which the time share is located but not require the developer to submit proof of compliance to the Department of Commerce and Consumer Affairs.

Your Committee has amended this measure by:

- (1) Requiring certain information to be included in a developer's application for registration or annexation rather than requiring developers to ensure that out-of-state time share units in a time share plan are in compliance with laws of the jurisdiction where the units are located;
- (2) Clarifying that a developer is not required to submit any other evidence, other than the required information in a developer's application for registration or annexation, that an out-of-state time share unit is in compliance or not prohibited under the laws and regulations of the jurisdiction where the units are located;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 798, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 798, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Holt, Kong).

SCRep. 1233 Tourism on S.B. No. 799

The purpose of this measure is to:

- (1) Require, for time share plans that use title-holding trusts, the developer to submit a title report evidencing that the title vested in the trustee;
- (2) Require, for time share plans that use a notice of time share plan, the recordation of the notice and its submission; and
- (3) Require, for time share plans that use alternative arrangements, the recordation of any alternative arrangement documents.

Your Committee received testimony in support of this measure from the Marriott Vacations Worldwide Corporation, American Resort Development Association Hawaii, Hilton Grand Vacations, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that existing law requires that the sale of a time share interest may only close if the buyers are protected from the foreclosure of blanket liens, such as mortgages, that could result in the loss of a time share interest owned by a buyer. When registering a time share plan, the developer must submit a title report or title policy showing that the title has been conveyed to the trustee. However, your Committee notes that this is unnecessary as blanket lien protections are fully in place upon the initial registration of the time share project. This measure will streamline the review of time share registration filings and avoid duplicative paperwork.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 799, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 799, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Holt, Kong).

SCRep. 1234 Water & Land on S.B. No. 44

The purpose of this measure is to strengthen the State Water Code by:

- (1) Adding a minimum penalty of \$50 per violation and a maximum penalty of \$25,000 per violation of the State Water Code and making each day that a violation exists or continues to exist a separate offense;
- (2) Requiring the Commission on Water Resource Management to determine the amount of the penalty based on the circumstances of the violation; and
- (3) Appropriating funds for two full-time equivalent positions to ensure compliance and enforcement of the State Water Code.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and two individuals.

Your Committee finds that this measure clarifies what constitutes a violation of the State Water Code and how a penalty amount for a violation is determined.

Your Committee has amended this measure by:

- (1) Increasing the maximum penalty per violation of the State Water Code to \$60,000;

- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 44, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 44, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1235 Water & Land on S.B. No. 298

The purpose of this measure is to:

- (1) Authorize the Hawaii Emergency Management Agency to:
 - (A) Acquire any real, personal, or mixed property for the Agency's immediate or future use;
 - (B) Own, hold, improve, rehabilitate, sell, assign, exchange, transfer, convey, lease, or dispose of any real, personal, or mixed property acquired; and
 - (C) Acquire by condemnation real property for the Agency's immediate or future use; and
- (2) Excludes from the definition of "public lands" any lands to which the Hawaii Emergency Management Agency holds title.

Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs, UNITE HERE Local 5, and one individual. Your Committee received comments on this measure from the Hawai'i Emergency Management Agency.

Your Committee finds that this measure will help the Hawaii Emergency Management Agency implement hazard mitigation efforts more efficiently and effectively by providing the Agency with additional flexibility to protect the people and property of the State.

Your Committee has amended this measure by:

- (1) Clarifying that lands to which the Hawaii Emergency Management Agency holds title, except crown and government lands, commonly referred to as "ceded lands", that were conveyed to the State by the Admission Act of 1959, are excluded from the definition of "public lands";
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 298, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 298, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1236 Water & Land on S.B. No. 786

The purpose of this measure is to require government entities to seek reimbursement for search and rescue expenses from persons who require rescue after ignoring warning signs, leaving a hiking trail to enter a prohibited area, or hiking on a trail closed to the public.

Your Committee received testimony in support of this measure from the Department of Law Enforcement, one member of the Honolulu City Council, Hawaii Fire Fighters Association, and five individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department. Your Committee received comments on this measure from the Honolulu Fire Department and Hawaii State Fire Council.

Your Committee finds that existing state law authorizes government entities to seek reimbursement for search and rescue operations from certain persons or entities; however, the circumstances or results surrounding a search and rescue operation often make it difficult to seek reimbursement. This measure requires government entities to seek reimbursement in certain situations in which individuals needlessly endanger themselves and first responders.

Your Committee has amended this measure by:

- (1) Clarifying that a government entity is required to seek reimbursement for all or a portion, but no less than half, of search or rescue expenses if the need for the search or rescue was the result of the person:
 - (A) Leaving a hiking trail and entering state, county, or private property that is closed to the public and is marked with a sign giving notice of the closure; or
 - (B) Entering a hiking trail that is closed to the public and marked with a sign giving notice of the closure;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 786, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 786, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (Ganaden). Noes, none. Excused, 1 (Hashem).

SCRep. 1237 Water & Land on S.B. No. 831

The purpose of this measure is to grant the Department of Agriculture the statutory power to own real, personal, or mixed property for immediate or future use.

Your Committee received testimony in support of this measure from the Department of Agriculture and Hawai'i Farm Bureau.

Your Committee finds that this measure would complement the Department of Agriculture's existing agricultural land, irrigation, and agricultural enterprise programs by providing more stable tenure and access to land under the State's control, thereby enhancing the State's agricultural industry.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 831, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 831, H.D. 1, and be referred to your Committee on Agriculture & Food Systems.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1238 Water & Land on S.B. No. 832

The purpose of this measure is to:

- (1) Authorize the School Facilities Authority to:
 - (A) Acquire real property from a county;
 - (B) Adopt administrative rules that supersede all other inconsistent ordinances and rules relating to the zoning of land and construction;
 - (C) Engage in commercial enterprise activities; and
 - (D) Contract to manage the leasing and property management of housing projects;
- (2) Exempt the School Facilities Authority from county assessments and state taxes;
- (3) Authorize state and county agencies to render services to the School Facilities Authority upon request of the Authority; and
- (4) Establish a deadline for the transfer of properties from the City and County of Honolulu to the Department of Education pursuant to Act 206, Session Laws of Hawaii 2017, as amended by Act 272, Session Laws of Hawaii 2019.

Your Committee received testimony in support of this measure from the School Facilities Authority and one individual. Your Committee received comments on this measure from the Department of Budget and Finance and City and County of Honolulu Department of Land Management.

Your Committee finds that the School Facilities Authority is charged with redeveloping the State's public schools into twenty-first century institutions. This measure affords the Authority additional resources and flexibility to accomplish its duties.

Your Committee notes the concerns raised by the Department of Budget and Finance in its written testimony regarding commercial activity, as a majority of school facilities were funded through tax-exempt general obligation bonds, which contain Internal Revenue Code restrictions on the private activity uses of these school facilities. Your Committee requests your Committee on Finance, should it deliberate on this measure, to consider removing the authorization for the School Facilities Authority to engage in commercial enterprise activities.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 832, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 832, S.D. 2, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1239 Water & Land on S.B. No. 1391

The purpose of this measure is to authorize the Board of Land and Natural Resources to place a lien on property for noncompliance with administrative enforcement actions for encroachments upon public lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii Reef and Ocean Coalition, and Surfrider Foundation Hawai'i Region.

Your Committee finds that this measure will aid the Department of Land and Natural Resources and the counties in resolving encroaching structures that are largely unpermitted or remain under an expired permit. This measure additionally provides remedies to ensure removal of expired temporary erosion control structures that have become de facto seawalls and encroachments on public lands.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1391, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1391, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1240 Water & Land on S.B. No. 1469

The purpose of this measure is to appropriate funds for the development of the First Responders Technology Campus and Cybersecurity Data Center on TMK 9-5-002-057.

Your Committee received testimony in support of this measure from the Department of Law Enforcement, Department of Transportation, Department of Defense, Hawai'i Office of Homeland Security, Office of Enterprise Technology Services, Hawai'i Emergency Management Agency, Hawai'i Community Development Authority, Hawai'i Technology Development Corporation, Colliers, and three individuals. Your Committee received testimony in opposition

to this measure from Environmental Caucus of the Democratic Party of Hawai'i, Our Revolution Hawaii, Kanehili Cultural Hui, 350 Hawaii, and eighteen individuals. Your Committee received comments on this measure from the Honolulu Police Department and one individual.

Your Committee finds that existing facilities are vulnerable to natural disasters and no longer meet the needs of our first responders. The ability to provide consistent uniform training for first responders will ensure that every county is staffed with well-trained personnel. This measure proposes to enhance emergency preparedness and resiliency by co-locating emergency response agencies for coordinated event, emergency, or disaster response efforts.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$50,000,000.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1469, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1469, S.D. 1, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Souza). Noes, 1 (Ganaden). Excused, 1 (Hashem).

SCRep. 1241 Water & Land on S.B. No. 67

The purpose of this measure is to prohibit a commercial vendor from presetting commercial beach equipment on any public beach under the jurisdiction of the Department of Land and Natural Resources, unless the customer is physically present.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Hawai'i Tourism Authority, and four individuals.

Your Committee finds that the presetting of commercial beach equipment on public beaches has been a long-standing issue that has generated many complaints. This measure seeks to strike a balance between residents' ability to freely enjoy Hawaii's beaches and the visitor industry's desire to provide amenities to their guests.

Your Committee has amended this measure by:

- (1) Applying it only to counties:
 - (A) With a population over 900,000; or
 - (B) With a population above 100,000 and below 180,000;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 67, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 67, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1242 Water & Land on S.B. No. 1286

The purpose of this measure is to facilitate the development of affordable housing by allowing the Hawaii Community Development Authority to lease certain real property for a term of ninety-nine years.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i Community Development Authority; Stanford Carr Development; and Hawai'i YIMBY. Your Committee received opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that this measure would spur greater development of affordable housing by providing long-term leases to attract lenders and buyers.

Your Committee has amended this measure by:

- (1) Changing it to a pilot program to be conducted by the Hawaii Community Development Authority on one parcel of land in the Kakaako Community Development District;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1286, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1286, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1243 Water & Land/Economic Development on S.B. No. 837

The purpose of this measure is to authorize the Department of Business, Economic Development, and Tourism to:

- (1) Acquire real, personal, or mixed property;
- (2) Clear, improve, and rehabilitate and to sell, assign, exchange, transfer, convey, lease, dispose, or encumber the property; and
- (3) Acquire property by condemnation.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Agribusiness Development Corporation. Your Committees received testimony in opposition to this measure from UNITE HERE Local 5 and four individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that authorizing the Department of Business, Economic Development, and Tourism to acquire properties that present financial opportunities for the State will stimulate economic growth and community revitalization. Your Committees further find that adding to the Department of Business, Economic Development, and Tourism's authority the ability to acquire and hold title to real, personal, or mixed property will ensure that the acquisition of title to any real property by the Department will not require the involvement of the Department of Land and Natural Resources or the approval of the Board of Land and Natural Resources.

Accordingly, your Committees have amended this measure by:

- (1) Clarifying that the Department of Business, Economic Development, and Tourism is authorized to acquire and hold title to real, personal, or mixed property; and
- (2) Changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the records of votes of the members of your Committees on Water & Land and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 837, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 837, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 8; Ayes with Reservations (Ganaden). Noes, none. Excused, none.

Economic Development: Ayes, 7; Ayes with Reservations (Hussey-Burdick, Pierick). Noes, none. Excused, 1 (Kong).

SCRep. 1244 Labor & Government Operations on S.B. No. 389

The purpose of this measure is to:

- (1) Require a new establishment, defined as a place of public accommodation or state building construction that is constructed after December 31, 2023, to provide universal changing accommodations that are equally accessible to men and women on each floor containing restrooms for public use, subject to certain hardship exemptions;
- (2) Make a violation of the universal changing accommodations requirement an unlawful discriminatory practice; and
- (3) Create a private cause of action for a violation, with defined remedies.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Disability and Communication Access Board, Hawai'i Family Caregiver Coalition, Hawaii Disability Rights Center, Epilepsy Foundation, and four individuals. Your Committee received comments on this measure from the Department of Accounting and General Services, Hawai'i Civil Rights Commission, and Hawai'i State Public Library System.

Your Committee finds that by providing for universal changing accommodations, this measure would create a more inclusive environment for individuals who are unable to utilize conventional restroom facilities and allow these individuals to more fully enjoy and participate in community-based activities.

Your Committee has amended this measure by:

- (1) Changing the requirement for state building construction from construction occurring after December 31, 2023, to state building construction projects bid after June 30, 2024, where feasible and cost effective;
- (2) Requiring the universal changing accommodation to be provided at family restrooms instead of on each floor containing restrooms for public use;
- (3) Requiring a minimum of one universal changing accommodation at each family restroom that would accommodate any gender, rather than two universal changing accommodations that are accessible, one by women and one by men, or one universal changing accommodation accessible by both women and men;
- (4) Only requiring a universal changing accommodation at an enclosed restroom facility whose interior is not exposed to weather; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it deliberate on this measure, to consider whether the universal changing accommodation requirement should apply to places of public accommodation, as defined in section 489-2, Hawaii Revised Statutes, or only to state building construction.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 389, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 389, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1245 Labor & Government Operations on S.B. No. 696

The purpose of this measure is to:

- (1) Authorize the wages of other employees in comparable employment to be considered when computing the average weekly wages of an injured public board member, reserve police officer, police chaplain, reserve public safety law enforcement officer, sheriffs' chaplain, volunteer firefighter, volunteer boating enforcement officer, or volunteer conservation and resources enforcement officer; and
- (2) Clarify the computation of average weekly wages of an injured volunteer firefighter for workers' compensation benefits purposes.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that this measure will provide greater flexibility in computing the average weekly wages of an individual serving in the above capacities when injured and afford the injured individual benefits that may be better aligned with the services performed.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 696, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 696, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1246 Labor & Government Operations on S.B. No. 724

The purpose of this measure is to appropriate funds:

- (1) To enhance the Department of Human Resources Development's technology resources to enable the Department to better administer the State Human Resources Program, including human resources development and training, and central human resources services such as recruitment, examination, classification, pay administration, and payment of claims; and
- (2) For an unspecified number of positions in the Department of Human Resources Development.

Your Committee received testimony in support of this measure from the Department of Human Resources Development and Transform Hawai'i Government.

Your Committee finds that the Department of Human Resources Development's network infrastructure was last updated in 1994, and the Department's information technology systems require modernization to support current functions and future improvements. Your Committee notes that the Department estimates it will need \$2,584,850 to update its information technology systems, including network upgrades to energize all network lines, the purchase and installation of desktop and laptop computers and workstations, and a minimum of two information technology specialist positions.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 724, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 724, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1247 Labor & Government Operations on S.B. No. 726

The purpose of this measure is to repeal the administrative assistant position within the Department of Human Resources Development and reassign the responsibilities of the administrative assistant to the Director of Human Resources Development.

Your Committee received testimony in support of this measure from the Department of Human Resources Development.

Your Committee finds that the exempt administrative assistant position was created by Act 57, Session Laws of Hawaii 2019. This position is currently unbudgeted and unauthorized. Your Committee further finds that, according to the Department of Human Resources Development, the Legislature authorized a civil service administrative assistant VI position by Act 248, Session Laws of Hawaii 2022, which has since been established and filled as of November 1, 2022. This measure would repeal the exempt administrative assistant position referenced in section 26-5(f), Hawaii Revised Statutes, and reassign those critical responsibilities to the Director of Human Resources Development.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 726, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 726, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1248 Labor & Government Operations on S.B. No. 879

The purpose of this measure is to appropriate funds for the retention of employees of the Unemployment Insurance Division of the Department of Labor and Industrial Relations.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that the funds provided by this measure will help to retain staff with subject matter expertise as the Department moves toward modernizing its systems. Your Committee also notes that there are eight positions currently in House Bill No. 300, H.D. 1, Regular Session 2023, the State Budget, for this purpose.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 879, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 879, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1249 Labor & Government Operations on S.B. No. 1302

The purpose of this measure is to provide appropriations for collective bargaining cost items for the members of bargaining unit (5) and their excluded counterparts, including the cost of salary adjustments negotiated between the State and the bargaining unit representative for fiscal biennium 2023-2025.

Your Committee received testimony in support of this measure from the Department of Budget and Finance and Hawaii State Teachers Association. Your Committee received comments on this measure from one individual.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1302, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1302, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1250 Labor & Government Operations on S.B. No. 1311

The purpose of this measure is to repeal Act 192, Session Laws of Hawaii 2007, which requires the Employees' Retirement System to divest itself of investments in companies that provide support for genocide in Darfur, Sudan, and provide annual reports to the Legislature on the status of divestment.

Your Committee received testimony in support of this measure from the Employees' Retirement System Board of Trustees. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that genocide in Sudan has ceased and that Sudan is no longer on the terrorism watchlist. Section 8 of Act 192, Session Laws of Hawaii 2007, requires the repeal of this Act once specific criteria have been satisfied. Therefore, with specific criteria now being met, your Committee finds that repeal is appropriate.

Your Committee notes that this measure contains an effective date of upon approval.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1311, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1311, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1251 Labor & Government Operations on S.B. No. 1313

The purpose of this measure is to allow the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees to establish salaries for the Administrator and Chief Investment Officer of the Trust Fund.

Your Committee received testimony in support of this measure from the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees.

Your Committee finds that salaries for executive personnel in the private sector far outpace that of state employment. In order for the Hawaii Employer-Union Health Benefits Trust Fund to recruit and retain the most qualified individuals to administer the day-to-day activities of the Trust Fund, your Committee further finds that the Board of Trustees should be allowed to set the salaries for the positions of Administrator and Chief Investment Officer.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1313, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1313, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1252 Labor & Government Operations on S.B. No. 1384

The purpose of this measure is to:

- (1) Amend chapter 202, Hawaii Revised Statutes, to be consistent with the General Appropriations Act of 2021, Act 88, Session Laws of Hawaii 2021;
- (2) Rename the "Workforce Development Council" to the "Hawaii Workforce Development Board", and the "county workforce development board" to the "local workforce development board";
- (3) Require the Hawaii Workforce Development Board and local workforce development boards to develop written conflict of interest policies consistent with federal law and regulations;
- (4) Require the Governor to select the chairperson of the state board from among the private sector members appointed to the board; and
- (5) Repeal the requirement for the Department of Labor and Industrial Relations to submit an annual report to the Legislature on the activities of the K-12 agriculture workforce development pipeline initiative as no longer necessary.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that this measure will conform the nomenclature in the statutes relating to the Workforce Development Council and county workforce development boards. This measure will also require conflict of interest provisions to be developed, consistent with the Workforce Innovation and Opportunity Act and related federal regulations. In addition, Act 88, Session Laws of Hawaii 2021, eliminated the program identification number for the Workforce Development Council and transferred its appropriation and positions to the Workforce Development Division of the Department of Labor and Industrial Relations. This measure repeals certain powers of the Board in accordance with that shift and authorizes the transition of certain provisions and documents from the Workforce Development Council to the Department of Labor and Industrial Relations.

Your Committee has amended this measure by:

- (1) Conforming the conflicts of interest requirements to those in House Bill No. 1086 H.D. 1, its companion measure, which was previously passed by the House; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1384, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1384, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1253 Transportation on S.B. No. 823

The purpose of this measure is to:

- (1) Provide an exemption for flatbed trucks from registration renewals and initial registrations of motor carrier vehicles when used as marine terminal equipment temporarily moving in or between certain terminals; and
- (2) Add new terminal locales, times, and roadways to be covered under the exemption.

Your Committee received testimony in support of this measure from the Department of Transportation, International Longshore and Warehouse Union Local 142, and numerous individuals.

Your Committee finds that the existing law limits the public roadways upon which the marine terminal equipment may be operated without a valid motor vehicle registration. This measure allows for operational efficiencies in loading, offloading, and otherwise moving cargo. Your Committee further finds that to promote further efficiencies, the Department of Transportation has designed and is constructing facilities, including the Kapalama Container Terminal, that will allow cargo to move between terminals without the need to travel on state or county roads thereby alleviating traffic congestion on these roads.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 823, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 823, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1254 Human Services on S.B. No. 239

The purpose of this measure is to:

- (1) Establish the Child Care Accreditation Program within the Department of Human Services to assist licensed or registered child care providers in obtaining accreditation from a national early learning accrediting organization or an accrediting organization approved by the Director of Human Services;
- (2) Extend the date by which existing unaccredited service providers of the Preschool Open Doors Program must begin the accreditation process and obtain accreditation;
- (3) Appropriate funds for the Child Care Accreditation Program, including funding for one full-time equivalent position; and
- (4) Appropriate funds into and out of the Child Care Grant Program Special Fund for Child Care Accreditation Program grants.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, Early Learning Board, Early Childhood Action Strategy, Hawai'i Association for the Education of Young Children, Hawai'i Children's Action Network Speaks!, and nine individuals. Your Committee received comments on this measure from the Department of the Attorney General and Department of Human Services.

Your Committee finds that preschool and other early learning programs are critical for the development of young children in gaining essential skills, being prepared for school, and charting a course for lifelong success. Your Committee further finds that accreditation from a national early learning accrediting organization is one indicator that a child care program is providing a high-quality level of care. However, the accreditation process is expensive, time-consuming, and intensive.

Your Committee notes concerns previously raised by the Department of the Attorney General that because article X, section 1, of the Hawaii State Constitution prohibits the use of public funds for the support or benefit of any sectarian or nonsectarian private educational institution, the number of eligible child care facilities that would fall under the Child Care Accreditation Program may be limited.

Your Committee also finds that H.B. No. 261, H.D. 1 (Regular Session of 2023), a substantially similar measure, was previously passed by the House. That measure incorporates amendments previously suggested by the Department of the Attorney General, including standards by which the Department of Human Services is to distribute grant funds to program participants.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 261, H.D. 1, a measure that:
 - (A) Requires the Department of Human Services to establish and implement a Child Care Accreditation Program to support accreditation of licensed and registered child care providers through the provision of grants;
 - (B) Delays the deadlines for existing Preschool Open Doors Program service providers to commence the accreditation process and obtain accreditation;
 - (C) Appropriates funds for the Child Care Accreditation Program;
 - (D) Appropriates funds into and out of the Child Care Grant Program Special Fund for Child Care Accreditation Program grants; and
 - (E) Contains an effective date of June 30, 3000;
- (2) Clarifying that types of licensed and registered child care settings that are eligible for grants from the Child Care Accreditation Program;
- (3) Clarifying the definition of "private educational institution"; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee grants prior concurrence on this measure to your Committee on Consumer Protection & Commerce to make any amendments it deems necessary.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 239, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 239, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1255 Human Services on S.B. No. 1023

The purpose of this measure is to:

- (1) Appropriate funds for the Preschool Open Doors program;
- (2) Expand the types of entities from which Preschool Open Doors service providers may obtain accreditation;
- (3) Clarify the ages of children who can participate in the Preschool Open Doors program and the priority with which they should be served; and
- (4) Authorize the Preschool Open Doors Special Fund to accept federal funds.

Your Committee received testimony in support of this measure from the Office of the Lieutenant Governor, Department of Human Services, Executive Office on Early Learning, Early Learning Board, Kamehameha Schools, Stonewall Caucus of the Democratic Party of Hawai'i, Hawai'i Children's Action Network Speaks!, Commit to Keiki, Early Childhood Action Strategy, Hawai'i Community Foundation, Parents and Children Together, Chamber of Commerce Hawaii, and one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that children who attend high-quality preschools are better prepared for success later in life. Your Committee further finds that the Executive Office on Early Learning's Public Pre-Kindergarten Program provides free public pre-kindergarten options in thirty-seven classrooms across thirty-four Department of Education campuses. Child care subsidies and tuition assistance programs, such as Preschool Open Doors, help eligible families afford child care and preschool tuition rates, thereby alleviating the financial burden many families face when attempting to access early learning opportunities. This measure expands access to both programs, which will provide more families with access to affordable high-quality early learning opportunities.

Your Committee notes the Department of Budget and Finance's objection in testimony to the inclusion of federal funds in the Preschool Open Doors Special Fund. Your Committee also notes the recommendation of the Department of Human Services that the accreditation requirements for child care facilities participating in the Preschool Open Doors Program be on a voluntary basis until the State's child care workforce is more stabilized or subsidized. Your Committee further notes the Department of Human Services' request that, should the expansion of the Preschool Open Doors Program to include three-year-old children be contemplated as a permanent expansion, any appropriation made in support of this program be included in the executive budget.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$39,836,000 for fiscal year 2024-2025.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1023, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1023, S.D. 1, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1256 Housing on S.B. No. 924

The purpose of this measure is to eliminate the home mortgage interest deduction for second homes under the state income tax law.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that Hawaii is currently experiencing a housing shortage. By removing the mortgage interest deduction for second homes, this measure creates a disincentive to owning a second home, which could ultimately lead to an increase in the supply of homes available for residents to use as their primary residence.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 924, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 924, S.D. 2, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1257 Energy & Environmental Protection on S.B. No. 376

The purpose of this measure is to prohibit:

- (1) The mining, extraction, and removal of minerals from the seabed in all state marine waters; and
- (2) The issuance of any permit for or in connection with the development or operation of any facility or infrastructure associated with the mining, extraction, or removal of minerals from the seabed within state marine waters.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Sustainable Ocean Alliance Hawai'i; Parley for the Oceans, Hawai'i; Sierra Club of Hawai'i; Hawai'i Youth Climate Coalition; Hawai'i Wildlife Fund; Kauai Women's Caucus; Mālama Pūpūkea-Waimea; Hawai'i's Thousand Friends; Hawai'i Reef and Ocean Coalition; Sustainable Coastlines Hawai'i; Deep Sea Mining Campaign; National Parks Conservation Association; 350Hawaii.org; Oceanic Preservation Society; Environmental Caucus of the Democratic Party of Hawai'i; Surfrider Hawai'i; Rev Ocean; Blue Climate Initiative, Tetiaroa Society; Friends of Hanauma Bay; Benioff Ocean Science Laboratory; The Conservationist Collective; The Marine Mammal

Center; Marine Conservation Institute; The Ocean Foundation; Greenpeace USA; HULIPAC; Te Ipukarea Society; Animal Welfare Institute; For the Fishes; and thirteen individuals.

Your Committee finds that Hawaii's marine waters are home to rich, diverse, and globally significant ecosystems. Your Committee further finds that seabed mining poses risks to the State's marine ecosystems and existing ocean-dependent industries. This measure ensures that the State's marine environment remains protected by taking a precautionary approach to the potential harms of seabed mining.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 376, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 376, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1258 Energy & Environmental Protection on S.B. No. 445

The purpose of this measure is to:

- (1) Increase civil penalties for the violation of various pollution provisions; and
- (2) Establish and appropriate funds for one full-time equivalent (1.0 FTE) permanent environmental health specialist position within the Clean Water Branch of the Department of Health.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Reef and Ocean Coalition, Environmental Caucus of the Democratic Party of Hawai'i, and four individuals.

Your Committee finds that pollution poses a significant threat to human health, the health of Hawaii's ecosystems, and the drinking water supply. Your Committee further finds that financial deterrence is an essential tool against potential violators of environmental protection laws. This measure supports efforts by the Department of Health to better implement and enforce environmental laws in the State, ensuring the health of Hawaii's unique and critical ecosystems.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 445, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 445, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1259 Energy & Environmental Protection on S.B. No. 1154

The purpose of this measure is to authorize government agencies to wheel electricity that is produced by their own facilities from renewable energy sources, subject to certain conditions determined by the Public Utilities Commission.

Your Committee received testimony in support of this measure from Ulupono Initiative and Blue Planet Foundation. Your Committee received testimony in opposition to this measure from Life of the Land, Hawaiian Electric, Land Use Research Foundation of Hawaii, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and International Brotherhood of Electrical Workers Local 1260.

Your Committee finds that due to the rising price of electricity, many state departments and agencies face severe cost shortfalls. Your Committee further finds that readily available renewable energy is not being utilized because government agencies are not authorized to wheel electricity that is produced by their own facilities, which could lower electric bills for government agencies. This measure encourages the production of clean energy in the State and further supports the State's renewable energy goals.

Your Committee has amended this measure by:

- (1) Instead of authorizing intergovernmental wheeling, requiring the Public Utilities Commission to open a docket and set a procedural schedule to determine whether and by which rules a government agency may engage in wheeling of electricity produced at its own facilities from renewable sources;
- (2) Clarifying the objectives of the docket;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1154, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1154, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1260 Energy & Environmental Protection on S.B. No. 459

The purpose of this measure is to appropriate funds from the Hydrogen Fueling System Subaccount within the Public Utilities Commission Special Fund for the Zero-Emission Vehicle Fueling System Rebate Program.

Your Committee received testimony in support of this measure from the Public Utilities Commission, Servco Pacific Inc., and Alliance for Automotive Innovation. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that as the State strives to reach its renewable energy goals, it is critical to fully evaluate the potential for hydrogen to contribute to Hawaii's energy needs. Global research and development show significant progress in understanding and establishing hydrogen as a clean and reliable fuel source. This measure supports additional clean energy infrastructure and clean mobility solutions for Hawaii's residents and visitors.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 459, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 459, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1261 Energy & Environmental Protection on S.B. No. 839

The purpose of this measure is to:

- (1) Establish the Hawaii Electricity Reliability Surcharge Special Fund and Subaccount;
- (2) Require the Public Utilities Commission to:
 - (A) Establish reliability standards and interconnection requirements for all electric utilities and all users, owners, or operators of the Hawaii Electric System and determine the responsible party to bear any costs associated with any reliability standards as interconnection requirements;
 - (B) Distinguish between interconnection facilities and utility network upgrades;
 - (C) Ensure that the cost of interconnection facilities is the responsibility of the interconnection customer;
 - (D) Ensure that the cost of utility network upgrades at and beyond the point of interconnection to the utility's transmission system is the sole responsibility of the utility transmission provider; and
 - (E) Submit a report and assessment of the Hawaii Electricity Reliability Administrator to the Legislature;
- (3) Establish a timeline and requirements for interconnection procedures to be established by the Public Utilities Commission for certain utility-scale renewable energy projects;
- (4) Make the Public Utilities Commission's contracting for the Hawaii Electric Reliability Administrator mandatory rather than discretionary; and
- (5) Beginning January 1, 2024, require the Hawaii Electricity Reliability Administrator Surcharge to be imposed on the bills of customers of investor-owned electric utility companies to cover the complete cost of the Hawaii Electricity Reliability Administrator and deposited into the Hawaii Electricity Reliability Surcharge Special Fund.

Your Committee received testimony in support of this measure from the Hawaii Clean Power Alliance. Your Committee received testimony in opposition to this measure from Life of the Land, Hawaiian Electric, Building Industry Association of Hawaii, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Citizens' Caucus, Ulupono Initiative, and Hawaii Solar Energy Association.

Your Committee finds that the State is committed to the development of renewable energy to reduce greenhouse gas emissions in order to reach its renewable energy goals. Your Committee also finds that because the State does not regulate interconnection costs, ratepayers bear the full financial burden of interconnection costs and utility network upgrades through electricity rates. This measure will help to bring utility-scale renewable energy projects online sooner, decrease electricity rates for consumers, and help the State achieve its renewable portfolio standard goals.

Your Committee has amended this measure by:

- (1) Requiring the Public Utilities Commission to open an investigation into the cost of past project delays and determine, as deemed appropriate, whether and how the electric utility should be penalized and whether ratepayers should be compensated for high electric bills that could have been avoided if projects were timely;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 839, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 839, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, 1 (Ward). Excused, 1 (Perruso).

SCRep. 1262 Energy & Environmental Protection on S.B. No. 422

The purpose of this measure is to make a housekeeping amendment to section 341-6, Hawaii Revised Statutes, to delete a reference to a repealed section.

Your Committee received testimony in support of this measure from the State Environmental Advisory Council and Office of Planning and Sustainable Development.

Your Committee finds that when Act 152, Session Laws of Hawaii 2021, administratively transferred the Environmental Advisory Council from the Department of Health to the Office of Planning and Sustainable Development, certain statutes were repealed. This measure provides a housekeeping amendment to delete a reference to a repealed section of the law.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 422, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1263 Energy & Environmental Protection on S.B. No. 419

The purpose of this measure is to appropriate funds for the Hawaii Carbon Smart Land Management Assistance Pilot Program.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Climate Change Mitigation & Adaptation Commission, Hawai'i Forest Industry Association, Hawai'i Reef and Ocean Coalition, Climate Protectors Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, Hawai'i Farmers Union United, Hawai'i Farm Bureau, Citizens' Climate Lobby, and six individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that in order to move the State closer to its carbon-negative target as soon as possible, reducing carbon emissions and increasing and expanding natural carbon sequestration methods are critical. This measure supports the State's efforts to mitigate climate change by sequestering greenhouse gas emissions through regenerative agriculture and forest preservation.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,000,000.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 419, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 419, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1264 Energy & Environmental Protection on S.B. No. 973

The purpose of this measure is to:

- (1) Beginning January 1, 2028, require rental vehicle companies using state facilities to pay or reimburse the State to construct new or use existing state electric vehicle charging infrastructure at those facilities; and
- (2) Establish a task force to develop a plan to implement electric vehicle charging infrastructure to support one hundred percent electric vehicle rental car fleets in the State by 2035.

Your Committee received testimony in support of this measure from the Hawaii State Energy Office, Office of Planning and Sustainable Development, Climate Protectors Hawai'i, Ulupono Initiative, Environmental Caucus of the Democratic Party of Hawai'i, Kauai Climate Action Coalition, Blue Planet Foundation, and four individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from Avis Budget Group, Enterprise Holdings, and Hawaiian Electric.

Your Committee finds that public vehicle fleets and rental motor vehicle fleets are responsible for the largest sources of vehicle pollution in the State. Your Committee further finds that transitioning rental motor vehicle fleets to zero-emission vehicles will reduce carbon emissions and increase the number of zero-emissions vehicles entering the secondary market. This measure supports the State's clean ground transportation goals and provides an opportunity for the State to achieve its goal of becoming carbon neutral by 2045.

Your Committee has amended this measure by:

- (1) Changing the Chairperson of the task force from the Director of the Office of Planning and Sustainable Development or the Director's designee to the Director of Transportation or the Director's designee;
- (2) Specifying that the task force representative from the rental car industry shall be appointed by the President of the Senate;
- (3) Specifying that the task force representative from the hotel industry shall be appointed by the Speaker of the House of Representatives;
- (4) Adding a representative from the Hawaiian Electric Company to the task force;
- (5) Specifying that the task force shall submit its final report to the Legislature prior to the Regular Session of 2028;
- (6) Specifying that the task force shall cease to exist on December 30, 2027;
- (7) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 973, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 973, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1265 Energy & Environmental Protection/Agriculture & Food Systems on S.B. No. 817

The purpose of this measure is to amend the definition of "eligible business activity" to include the processing of value-added agricultural products grown within an enterprise zone and the development or production of renewable energy.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Agribusiness Development Corporation; Hawai'i Gas; Hawai'i Forest Industry Association; Ulupono Initiative; Hawai'i Farm Bureau; Hawaii Clean Power Alliance; Hawaii Food Industry Association; Maui Chamber of Commerce; Land Use Research Foundation of Hawaii; and one individual. Your Committees received testimony in opposition to this measure from We are One, Inc.; Environmental Caucus of the Democratic Party of Hawai'i; HULI PAC; Climate Protectors Hawai'i; and eleven individuals. Your Committees received comments on this measure from the Department of Agriculture, Life of the Land, and Tax Foundation of Hawaii.

Your Committees find that the Enterprise Zone Program was initially established within the Department of Business, Economic Development, and Tourism to stimulate various business activities and employment in targeted areas in the State. Your Committees further find that renewable energy and agriculture are top priorities that are essential to the State's environmental and economic sustainability. This measure expands the definition of "eligible business activity" to further support the economic outcomes of the State's most rural or distressed communities.

Your Committees have amended this measure by:

- (1) Clarifying that the development or production of renewable energy must demonstrate greenhouse gas emissions substantially lower than fossil fuels;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Agriculture & Food Systems that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 817, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 817, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 6. Noes, none. Excused, 1 (Perruso).

Agriculture & Food Systems: Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1266 Health & Homelessness/Judiciary & Hawaiian Affairs on S.B. No. 1

The purpose of this measure is to:

- (1) Repeal the requirement that abortions be performed at certain locations;
- (2) Allow licensed physician assistants to perform certain abortions;
- (3) Clarify that the State shall not deny or interfere with a pregnant person's right to obtain an abortion or terminate a pregnancy, if termination is necessary to protect the life and health of the pregnant person;
- (4) Define "abortion" and "nonviable fetus";
- (5) Remove penalties for knowingly violating abortion laws;
- (6) Establish certain rights regarding reproductive health care services, including:
 - (A) Prohibiting disclosure of certain communication or information by certain covered entities;
 - (B) Prohibiting courts or court clerks from issuing certain subpoenas;
 - (C) Prohibiting agencies from providing certain information or expending resources in response to out-of-state parties seeking to impose certain civil or criminal liability;
 - (D) Prohibiting the State from taking adverse action against an individual based on the individual's pregnancy outcomes or for aiding or assisting a pregnant individual who is accessing reproductive health care services; and
 - (E) Requiring the Governor to deny demands for surrender of persons charged with certain crimes in another state related to reproductive health care;
- (7) Declare certain laws as contrary to the public policy of the State;
- (8) Prohibit the issuance of a summons for persons to testify in another state regarding reproductive health care services that are lawful in the State, unless the acts would also constitute an offense in this State;
- (9) Clarify under various licensing statutes that the provision or assistance in receipt or provision of certain reproductive health care services cannot form the basis for disciplinary action;
- (10) Prohibit the enforcement of a judgment or other order arising from a foreign penal civil action or other penal law with respect to protected reproductive health care services; and
- (11) Amend the definition of "medical care and services" so that a minor may consent to receive abortion care without any other person's consent.

Your Committees received testimony in support of this measure from the Department of Health; Department of Human Services; Department of the Attorney General; Hawai'i Civil Rights Commission; one member of the Kaua'i County Council; one member of the Hawai'i County Council; Hawai'i State Center for Nursing; Women's Caucus of the Democratic Party of Hawai'i; Patsy T. Mink PAC; AlohaCare; Stonewall Caucus of the Democratic Party of Hawai'i; Hawai'i State Coalition Against Domestic Violence; Americans for Democratic Action; Papa Ola Lokahi; Pride @ Work – Hawai'i; We Are One, Inc.; Rainbow Family 808; Hawai'i Association of Professional Nurses; Healthcare Association of Hawaii; Hawai'i Academy of Physician Assistants; Hawai'i Public Health Institute; Kaiser Permanente Hawai'i; Hawaii Association of Health Plans; UNITE HERE Local 5; 'Ahahui o nā Kauka; UpCountry Doctor; Imua Alliance; Hawai'i Women Lawyers; American Association of University Women of Hawaii; American Civil Liberties Union of Hawai'i; Hawaii Medical Association; American College of Obstetricians and Gynecologists, Hawai'i Section; Democratic Party of Hawai'i; Hawaii Medical Service Association; Hawaii Maternal & Infant Health Collaborative; Planned Parenthood Alliance Advocates – Hawai'i; and numerous individuals. Your Committees received testimony in opposition to this measure from the Hawaii Federation of Republican Women, Hawaii Family Forum, and numerous individuals. Your Committees received comments on this measure from the Office of Information Practices, Hawaii Medical Board, and Board of Nursing.

Your Committees find that Hawaii has a strong commitment to the protection of civil rights. The State has long been at the forefront of ensuring safe access to reproductive health care, and in 1970, became the first state in the nation to legalize abortion. Your Committees further find that recent developments in the country's legal landscape threaten the State's policy to protect an individual's right to safely receive reproductive health care, including obtaining an abortion. For nearly fifty years, the United States Supreme Court's decision in *Roe v. Wade*, 410 U.S. 113 (1973), established a fundamental right for an individual to access abortion based on a constitutional right to privacy. However, in June 2022, the Supreme Court overturned *Roe v. Wade* and half a century of federal precedent regarding reproductive rights when it held in *Dobbs v. Jackson Women's Health Organization*, 142 S.Ct. 2228 (2022) that the United States Constitution does not confer a right to abortion.

In response to the *Dobbs* ruling, many states have either banned or severely restricted access to abortion. Furthermore, an increasing number of states have enacted or proposed restrictions on an individual's right to reproductive freedoms through civil and criminal penalties imposed on individuals who knowingly aid or abet the performance or inducement of the termination of a pregnancy. For example, Missouri has proposed legislation that would allow private citizens to sue anyone who helps a Missouri resident obtain an abortion, including a physician lawfully practicing in another state. Your Committees find that such laws are contrary to the public policy of this State and should not be enforceable in any Hawaii court or be the basis for granting any legal or equitable relief in any Hawaii court. Reproductive health care decisions, including abortion care, are deeply personal choices and individuals in Hawaii should not fear State complicity in criminal prosecution or civil liability under the state laws of other jurisdictions for exercising this right.

Accordingly, your Committees conclude that it is imperative to reiterate and bolster the State's policy to affirm protection of the rights of individuals to obtain reproductive health care, including abortion care, within the State's boundaries. This measure therefore reaffirms the constitutional right to an abortion granted by *Roe v. Wade* and declares that the laws of other states authorizing civil actions and criminal prosecutions for receiving, seeking, providing, or aiding

and abetting the provision of reproductive health care services are contrary to the State's public policy and prohibits the recognition and enforcement of other states' laws that impose civil or criminal liability relating to reproductive health care services.

As affirmed by the records of votes of the members of your Committees on Health & Homelessness and Judiciary & Hawaiian Affairs that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1, S.D. 2, and recommend that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chairs on behalf of the Committees.

Health & Homelessness: Ayes, 6. Noes, 1 (Garcia). Excused, 1 (Kobayashi).

Judiciary & Hawaiian Affairs: Ayes, 7. Noes, 2 (Kong, Souza). Excused, 1 (Hashimoto).

SCRep. 1267 Agriculture & Food Systems on S.B. No. 1547

The purpose of this measure is to establish a food and product innovation network, which is a statewide network of open-access food and value-added product development facilities to enable businesses to scale up new products from research and development to manufacturing and commercialization.

Your Committee received testimony in support of this measure from the Department of Agriculture; Agribusiness Development Corporation; University of Hawai'i System; Hawai'i Farm Bureau; Ohana Hui Ventures, Inc.; Ulupono Initiative; and Hawaii Food Industry Association.

Your Committee finds that a network of open-access food and value-added product development facilities in Hawaii would support the production of new value-added products so that farmers in the State can increase their incomes while allowing locally-produced value-added goods to compete with imported products, expand into new export markets, and capitalize on the Hawaii brand, thereby strengthening the local economy.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1547, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1547, S.D. 1, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1268 Agriculture & Food Systems on S.B. No. 1498

The purpose of this measure is to improve protections for wetland taro lands and ancient wetland agricultural structures on undeveloped state-owned or -acquired lands.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Chamber of Sustainable Commerce, Ko'olau Foundation, Hawai'i Alliance for Progressive Action, Hawai'i Farmers Union United, Hawai'i Food+ Policy, 'Ai Pohaku, and fourteen individuals.

Your Committee finds that there is a compelling state interest in conserving state agricultural lands. Your Committee further finds that Act 22, Session Laws of Hawaii 2008, as amended by Act 196, Session Laws of Hawaii 2010, established a Taro Security and Purity Task Force (Task Force). As part of its duties, the Task Force was responsible for developing guidelines, protocols, and recommendations for taro policy. In 2009, the Task Force recommended improved protections for taro growing lands, including loi (wet fields and terraces), mala (dry fields and terraces), kuana or paepae pohaku (stone walls), and auwai (irrigation ditches). The Task Force also found that these key structural elements for viable wetland taro production were being destroyed, severed, and built upon by private and public development due to gaps in land use, historic preservation, and planning laws and policies. This measure seeks to fill in those gaps to support taro farmers and ensure the continued cultivation of taro in Hawaii.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1498, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1498, S.D. 1, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1269 Agriculture & Food Systems on S.B. No. 818

The purpose of this measure is to transfer the Aquaculture Development Program from the Department of Agriculture to the Agribusiness Development Corporation.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation and Ohana Hui Ventures, Inc. Your Committee received testimony in opposition to this measure from the Hawaii Aquaculture and Aquaponics Association; Molokai Sea Farms; EcoponicX, Inc.; Aquaculture Planning & Advocacy LLC; Jamestown Point Whitney Ventures LLC; and four individuals. Your Committee received comments on this measure from the Department of Agriculture and Pacific Coast Shellfish Growers Association.

Your Committee finds that transferring the Aquaculture Development Program from the Department of Agriculture to the Agribusiness Development Corporation (ADC), which is administratively attached to the Department of Business, Economic Development, and Tourism (DBEDT), would benefit the State because ADC's objectives support DBEDT's mission, which is to support an economy that embraces innovation and is globally competitive, dynamic, and productive, providing opportunities for all Hawaii's citizens.

Your Committee has amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 818, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 818, S.D. 1, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Lowen). Noes, none. Excused, 1 (Perruso).

SCRep. 1270 Agriculture & Food Systems on S.B. No. 745

The purpose of this measure is to:

- (1) Extend the offense of false labeling of Hawaii-grown coffee to include roasted coffee;
- (2) Impose a \$10,000 fine for each separate offense of false labeling of Hawaii-grown coffee; and
- (3) Establish a measurements standards inspector position for enforcement.

Your Committee received testimony in support of this measure from the Department of Agriculture, one member of the Hawai'i County Council, Kanalani Ohana Farm, Synergistic Hawai'i Agriculture Council, Rancho Aloha Coffee Farm, Kona Coffee Farmers Association, Hawai'i Farm Bureau, Kona Bae Farm, Hawaii Coffee Company, Hawai'i Alliance for Progressive Action, Hawai'i Farmers Union United, Hawaii Coffee Association, and thirteen individuals.

Your Committee finds that existing protections against the false labeling of coffee are aimed at Hawaii-grown coffee in cherry and parchment form, however, roasted coffee products are where most instances of false labeling of Hawaii-grown coffee occur. This measure expands the protections of the State's distinct premium brand of coffee by imposing a significant fine as a deterrent to the false labeling of Hawaii-grown coffee.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 745, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 745, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1271 Agriculture & Food Systems on S.B. No. 1488

The purpose of this measure is to require the University of Hawaii College of Tropical Agriculture and Human Resources to conduct a study to assess the effects of heat stress on beef cattle during interisland ocean transportation.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Animal Rights Hawai'i; Animal Welfare Institute; Hawaii Cattlemen's Council, Inc.; and four individuals. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the study proposed by this measure would help cattle producers understand the environmental conditions inside shipping devices during transport and the carcass quality after transport. This study would also provide a useful tool for data-driven decision-making for potential future legislation relating to interisland cattle transportation.

Your Committee has amended this measure by:

- (1) Appropriating \$62,500 to the University of Hawaii for fiscal biennium 2023-2025 for the College of Tropical Agriculture and Human Resources to conduct the beef cattle interisland ocean transportation study;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1488, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1488, S.D. 2, H.D. 1, and be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1272 Culture, Arts & International Affairs on S.B. No. 733

The purpose of this measure is to:

- (1) Require the Office of Hawaiian Affairs to establish and maintain a minimum number of cultural centers within the State;
- (2) Require the Office of Hawaiian Affairs to submit compliance reports; and
- (3) Appropriate funds for the planning and design of the first Native Hawaiian cultural center.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that there are benefits to having communal centers that serve as pu'uhonua (places of peace and safety) for cultural practitioners, hālāu (meeting places) for community organizers, and ka wahi o ka na'auao (places of enlightenment) to bring together ka wā ma mua me ka wā ma hope (the time before with the time after). Your Committee further finds that many Native Hawaiians still return to wahi pana (storied places) and wahi kapu (sacred places) for cultural purposes; however, accessibility to culturally significant spaces; accessibility to connections with their ancestors, their teachings, and their history; and accessibility to each other continue to be significant issues that could be adequately addressed through a contemporary system of Native Hawaiian cultural centers.

Your Committee has amended this measure by:

- (1) Deleting language that would require the Office of Hawaiian Affairs to establish and maintain a minimum number of Native Hawaiian cultural centers within the State;
- (2) Requiring the Office of Hawaiian Affairs to conduct a feasibility study on establishing Native Hawaiian cultural centers within the State;
- (3) Changing the purpose of the appropriation to funding the feasibility study;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs and your Committee on Finance, should they deliberate on this measure, to consider an appropriation amount of \$100,000. Your Committee also notes that no representative from the Office of Hawaiian Affairs came to testify and answer any questions on this measure. If the Office of Hawaiian Affairs supports this measure and wants to receive funding to implement it, your Committee suggests that a representative of the Office be present at the next hearing.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 733, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 733, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1273 Culture, Arts & International Affairs on S.B. No. 610

The purpose of this measure is to recognize American Sign Language as a fully developed, autonomous, natural language with its own distinct grammar, syntax, vocabulary, and cultural heritage.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Disability and Communication Access Board, Aloha State Association of the Deaf, and eight individuals.

Your Committee finds that American Sign Language enables the brain to process linguistic information through the eyes and the shape, placement, and movement of the hands, as well as facial expressions and body movements. Your Committee further finds that American Sign Language is the backbone of communication for the American Deaf Culture and recognizing the important contributions of American Sign Language will increase public awareness and understanding of the Deaf community.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 610 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1274 Higher Education & Technology on S.B. No. 1598

The purpose of this measure is to fund and staff a water testing laboratory at the University of Hawaii Maui College.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

Your Committee finds that the University of Hawaii Maui College has been performing water quality testing through federal grant funding which is coming to an end. The funding provided by this measure would ensure the continuation of water quality testing capabilities at the University of Hawaii Maui College and lessen dependency on laboratories elsewhere in the State. Your Committee further finds that the availability of a resource to provide quicker water quality test results and water quality research promotes the health and safety of the State's environment and residents.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1598, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1598, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Perruso, Quinlan, Garcia).

SCRep. 1275 Higher Education & Technology on S.B. No. 236

The purpose of this measure is to:

- (1) Expand the victim-counselor privilege under the Hawaii Rules of Evidence to include confidential advocates employed by the University of Hawaii; and
- (2) Increase the minimum number of hours of training a domestic violence victims' counselor must complete to be considered a victim counselor.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawaii State Democratic Women's Caucus, Hawai'i State Coalition Against Domestic Violence, Imua Alliance, Democratic Party of Hawai'i Education Caucus, The Sex Abuse Treatment Center, and six individuals.

Your Committee finds that when Act 208, Session Laws of Hawaii 2016, was enacted, the Legislature required the University of Hawaii to designate confidential advocates at each campus to provide confidential advocacy support to victims of sexual harassment, sexual assault, domestic violence, dating violence, and stalking. However, the law did not provide a mechanism to guarantee confidentiality to students and employees seeking services of campus-based advocates. Moreover, the privilege does not apply to the University based on the definition of victim counseling programs under the existing statute.

Your Committee further finds that, despite the availability of a confidential advocate at the University, confidentiality concerns remain a deterrent to seeking assistance. This measure seeks to provide the mechanism needed to alleviate a complainant's fear that disclosure could lead to retaliation, further abuse, or harassment.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 236 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (Perruso, Quinlan, Garcia).

SCRep. 1276 Higher Education & Technology on S.B. No. 262

The purpose of this measure is to provide additional long-term funding to Hawaii's teaching hospitals to support and expand their physician residency training programs.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Primary Care Association, and Hawaii Medical Association. Your Committee received comments on this measure from the John A. Burns School of Medicine of the University of Hawai'i.

Your Committee finds that the State is experiencing a severe shortage of health care professionals in the workforce, particularly in rural areas. There is a reported statewide physician shortage of seven hundred seventy-six full-time equivalents, which is forty-four greater than the previous year. Your Committee further finds that over fifty percent of physicians who complete their residency training in Hawaii will stay to practice locally. The funding provided through this measure is one vehicle to promote physician workforce development and retention in the State.

Your Committee finds, however, that the restriction of requiring a one-to-one match in private funds may impair federal and other funding received for medical residency programs. Further, because the John A. Burns School of Medicine, and not the Department of Health, is the sponsoring entity for the medical residency programs in the State, it is more appropriate for the expending agency to be the School of Medicine.

Your Committee has amended this measure by:

- (1) Deleting the requirement of a one-to-one match in private funds;
- (2) Changing the expending agency from the Medical Education Council in cooperation with the Department of Health, to the John A. Burns School of Medicine of the University of Hawai'i;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 262, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 262, S.D. 1, H.D. 1, and be referred to your Committee on Health & Homelessness.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (Perruso, Quinlan, Garcia).

SCRep. 1277 Judiciary & Hawaiian Affairs on S.B. No. 485

The purpose of this measure is to establish an additional district court judgeship in the First Circuit.

Your Committee received testimony in support of this measure from the Judiciary, Department of the Prosecuting Attorney of the City and County of Honolulu, Hawaii State Bar Association, and Collection Law Section of the Hawaii State Bar Association.

Your Committee finds that the population and issues facing the City and County of Honolulu have significantly increased since the last District Court judge was authorized over forty years ago. Authorizing an additional District Court judge will allow the District Court to better manage court dockets, be more responsive to the needs of the community, increase capacity in the rural courts, and develop or expand specialized court calendars.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 485, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1278 Judiciary & Hawaiian Affairs on S.B. No. 57

The purpose of this measure is to appropriate funds to the Judiciary to support its 'Ōlelo Hawai'i Initiatives.

Your Committee received testimony in support of this measure from the Judiciary, Office of Hawaiian Affairs, and two individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that the 'Ōlelo Hawai'i program provides court interpretation, website translation, archival legal language research, and other services and resources for the public.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$300,000.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 57, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 57, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1279 Judiciary & Hawaiian Affairs on S.B. No. 687

The purpose of this measure is to increase the amount of malt beverages, wine, and alcohol that a small craft producer pub licensee may produce during the license year.

Your Committee received testimony in support of this measure from the Craft 'Ohana, Kauai Island Brewing Company, Honolulu BeerWorks, Kauai Beer Company, Waikiki Brewing Company, Big Island Brewhaus LLC, and Maui Wine Ltd. Your Committee received testimony in opposition to this measure from the Hawaii Liquor Wholesalers Association and one individual.

Your Committee finds that allowing small craft producer pub licensees to produce more liquor will support industry growth and promote economic development in the State through the creation of jobs and generation tax revenue.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 687, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Hashimoto, Kong).

SCRep. 1280 Judiciary & Hawaiian Affairs on S.B. No. 1447

The purpose of this measure is to:

- (1) Repeal existing state law that:
 - (A) Preempted local ordinances or regulations from regulating the sale of cigarettes, tobacco products, and electronic smoking devices; and
 - (B) Nullified and voided existing local laws and regulations that conflicted with the state law on smoking; and
- (2) Allow the counties to regulate the sale of cigarettes, tobacco products, and electronic smoking devices, as long as the ordinances do not directly conflict with and are more stringent than the state law on smoking.

Your Committee received testimony in support of this measure from the Department of Health; one member of the Hawai'i County Council; Hawaii State Teachers Association; Hawai'i State Association of Counties; Campaign for Tobacco-Free Kids; American Heart Association; American Lung Association; American Cancer Society Cancer Action Network; Hawaii COPD Coalition; Hawai'i Public Health Institute; Hawaii Primary Care Association; Papa Ola Lokahi; We Are One, Inc.; Hawaii Substance Abuse Coalition; Hawaii Association of Independent Schools; and seventeen individuals. Your Committee received testimony in opposition to this measure from the Consumer Choice Center, Aloha Petroleum, Minit Stop, Par Hawaii, Americans for Tax Reform, Hawaii Smokers Alliance, National Taxpayers Union, and eight individuals. Your Committee received comments on this measure from the Taxpayers Protection Alliance.

Your Committee finds that the counties are in the best position to quickly address emerging issues related tobacco use in their communities, including tobacco use among youth. This measure would amend existing state law to clarify how the counties may regulate the sale of cigarettes, tobacco products, and electronic smoking devices.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1447, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Hashimoto, Kong).

SCRep. 1281 Economic Development on S.B. No. 113

The purpose of this measure is to:

- (1) Clarify that the operating and overhead expenses incurred and spent within the State are included in any calculation to determine whether an item labeled "Hawaii Made" or "Made in Hawaii" has met the requirement that at least fifty-one percent of the wholesale value of the item is added by manufacture, processing, or production within the State; and
- (2) Appropriate funds to promote and develop the "Made in Hawaii" brand.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i Forest Industry Association; Hawaiian Host Group; Maui Chamber of Commerce; Hawaii Food+ Policy; and two individuals. Your Committee received comments on this measure from the Department of Agriculture and Retail Merchants of Hawaii.

Your Committee finds that this measure will allow businesses in Hawaii to have their products more easily meet the threshold of having its wholesale value of the product be fifty-one percent manufactured, processed, or produced within the State to be labeled as "Hawaii Made". Your Committee further finds that including the operating and overhead expenses incurred and spent within the State in any calculation in determining whether an item meets the statutory threshold to be labeled "Made in Hawaii" would allow substantially more businesses to have their items qualify to be labeled as "Made in Hawaii".

However, your Committee notes that the Measurement Standards Branch of the Department of Agriculture is tasked to provide enforcement for many programs that the Department manages. Your Committee believes that allowing for more businesses to have their items qualify to be labeled as "Made in Hawaii" would make it more challenging for the Measurement Standards Branch to adequately carry out its duties.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have included the operating and overhead expenses incurred and spent within the State in any calculation to determine whether an item labeled "Made in Hawaii" has met the requirement that at least fifty-one percent of the wholesale value of the item is added by manufacture, processing, or production within the State;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 113, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 113, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Hussey-Burdick, Kong).

SCRep. 1282 Economic Development on S.B. No. 667

The purpose of this measure is to clarify the application of the general excise tax law with regard to gross income derived from unrelated trade or business activities of nonprofit organizations.

Your Committee received testimony in support of this measure from the Kilinahe Foundation; Hawai'i Alliance of Nonprofit Organizations; North Shore EVP; Hawaiian Humane Society; East Hawaii Cultural Center; Samaritan Counseling Center Hawaii; Epic 'Ohana, Inc.; Hale Kipa, Inc.; Hawai'i Forest Industry Association; Imua Discovery Garden; Epilepsy Foundation; Hawai'i Youth Services Network; Coalition for a Drug-Free Hawaii; Grow Some Good;

Parents And Children Together; Ko'olau Foundation; Outrigger Duke Kahanamoku Foundation; American Cancer Society Cancer Action Network; The Nature Conservancy; Kua'āina Ulu 'Auamo; Catholic Charities Hawai'i; Big Brothers Big Sisters Hawai'i; Hawai'i Fetal Alcohol Spectrum Disorders FASD Action Group; Going Home Hawai'i; Family Promise of Hawai'i; Association of Fundraising Professionals Aloha Chapter; Ku'ikahi Mediation Center; Hawai'i Public Health Institute; Boy Scouts of America, Aloha Council; and three individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that nonprofit organizations are exempt from federal income taxation except on unrelated business activity not substantially related to their tax-exempt purpose. At the state level, the fraternal, religious, charitable, scientific, educational, communal, or social welfare activities of certain entities and the activities of hospitals, infirmaries, sanitariums, and potable water companies are exempt from state general excise taxation, but instead of exempting analogous unrelated business activities, the state general excise tax exempts "any activity the primary purpose of which is to produce income even though the income is to be used for or in furtherance of the exempt activities of such persons." One consequence of the differing provisions and interpretations of these federal and state laws is that income from certain activities, such as fundraising, of nonprofit organizations is exempt from the federal income tax but subject to the state general excise tax. This measure proposes to repeal the provision in the general excise tax law that exempts income from certain activities from the general excise tax exemption, while ensuring that gross income derived from unrelated trade or business, as defined in federal law and except for certain amounts relating to rents, remains subject to the general excise tax.

Your Committee notes the concerns raised by the Department of Taxation that this measure is similar to a bill vetoed in 2022 due to the then-Governor's determination that passage of the bill could result in undesirable consequences that go beyond the purpose of the bill, which is solely to exempt certain nonprofit organization fundraising income from the general excise tax. During the hearing, the Department indicated to your Committee that it does not believe this measure addresses the concerns of the previous Governor. Your Committee encourages the Department of Taxation and stakeholders of this measure to continue to work with your Committee to craft language that provides the intended exemption from the state general excise tax and minimizes the likelihood of this measure also being vetoed.

Your Committee has amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 667, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 667, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hussey-Burdick, Kong).

SCRep. 1283 Economic Development on S.B. No. 1577

The purpose of this measure is to:

- (1) Require the Department of Commerce and Consumer Affairs to make all business registration applications available online; and
- (2) Require all applications to contain certain contact information of the registering entity.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that making all business registration applications available online is a key component in streamlining the process of registering new businesses in Hawaii and making the registration process simpler and more accessible. Your Committee further finds that collecting certain contact information from registering entities will help departments and agencies expand their outreach to the business community and inform businesses of the services the State has to offer.

Your Committee has amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1577, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1577, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Hussey-Burdick, Kong).

SCRep. 1284 Health & Homelessness on S.B. No. 1018

The purpose of this measure is to specify, when a state of emergency or local state of emergency has been declared or during a health or pandemic emergency, that:

- (1) The Governor shall regulate medical facilities appropriately to ensure continuity of service; and
- (2) Any hospital may suspend elective surgeries to address the facility's bed capacity.

Your Committee received comments on this measure from the Healthcare Association of Hawaii.

Your Committee finds that the State's geographic isolation imposes high demands on the local health care system when an emergency occurs. This measure is intended to ensure that the State can maintain continuity of service in the health care system and hospitals can retain the flexibility necessary to adequately manage bed capacity during an emergency.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1018, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1018, S.D. 1, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1285 Health & Homelessness on S.B. No. 384

The purpose of this measure is to:

- (1) Authorize the counties to adopt ordinances for the enforcement of design and construction requirements for parking spaces for persons with disabilities required under the Americans with Disabilities Act of 1990 and any state laws or administrative rules; and
- (2) Authorize officials appointed by the counties to enter the property of a place of public accommodation to enforce violations of county ordinances.

Your Committee received testimony in support of this measure from the Hawaii State Council on Developmental Disabilities, Disability and Communication Access Board, Hawaii Disability Rights Center, and one individual.

Your Committee finds that parking spaces reserved for persons with disabilities must comply with the Americans with Disabilities Act and any applicable state regulations. Your Committee further finds that although state law imposes a statutory penalty on private entities who fail to comply with state or federal regulations, the law does not designate a government authority to impose or collect a penalty for noncompliance. This measure is intended to ensure persons with disabilities have safe access to buildings and services in their communities by authorizing the counties to adopt and enforce ordinances related to designated accessible parking spaces in places of public accommodation.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 384, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 384, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1286 Health & Homelessness on S.B. No. 612

The purpose of this measure is to require sellers or providers of emotional support animals, and sellers and providers of certificates, identifications, tags, vests, leashes, or harnesses that identify an animal as an emotional support animal, to provide certain written disclaimers to buyers or recipients of an emotional support animal or item.

Your Committee received testimony in support of this measure from the Department of Human Services, Disability and Communication Access Board, and three individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii. Your Committee received comments on this measure from the Hawai'i Civil Rights Commission.

Your Committee finds that there is often confusion about the definitions for different types of assistance animals. Many people do not understand the difference between a service animal, which is individually trained to do work or perform tasks for the benefit of an individual with a disability, and an emotional support animal, which provides comfort or emotional support to its owner and is not qualified as a service animal under the Americans with Disabilities Act.

Your Committee further finds that federal and state civil rights laws provide for the right of persons with disabilities to reasonable accommodation. The use of a service animal is the reasonable accommodation for a person with a disability, whereas emotional support animals cannot be used as a form of reasonable accommodation. Requiring a written disclaimer when a person purchases or receives an emotional support animal or certain items for emotional support animals will help reduce confusion surrounding the differing treatment of these animals.

Your Committee finds that the companion to this measure, H.B. No. 871, H.D. 1 (Regular Session of 2023), was previously passed by your Committee.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 871, H.D. 1, a measure that:

- (1) Requires sellers or providers of emotional support animals to provide a written disclaimer regarding the emotional support animal, including that the animal does not qualify as or have the same rights and privileges as a service animal and that knowingly misrepresenting an emotional support animal may be a violation;
- (2) Requires sellers or providers of certificates and identification tags for emotional support animals to provide a written disclaimer that the item does not entitle an emotional support animal to the same rights and privileges as a service animal and that knowingly misrepresenting an emotional support animal may be a violation;
- (3) Establishes penalties for violation of the written disclaimer requirements; and
- (4) Includes an effective date of June 30, 3000.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 612, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 612, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, 1 (Garcia). Excused, 1 (Kobayashi).

SCRep. 1287 Health & Homelessness on S.B. No. 1418

The purpose of this measure is to:

- (1) Expand the standards for determining if a noise is unreasonable for the purposes of the offense of disorderly conduct to include conduct that produces, or causes to be produced, noise exceeding a certain decibel level between the hours of 10:00 p.m. and 6:00 a.m. in an area zoned as residential or mixed-use residential; and
- (2) Appropriate funds to the Department of Health for enforcement activities.

Your Committee received testimony in support of this measure from the Department of Health, Waikiki Neighborhood Board No. 9, Citizens Against Noise, Free Access Coalition, and seven individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department, UNITE HERE Local 5, and one individual. Your Committee received comments on this measure from three individuals.

Your Committee finds that excessive noise pollution poses serious public health concerns. Studies show a direct link between excessive noise and health issues, such as stress-related illnesses, high blood pressure, speech interference, hearing loss, sleep disruption, and lost productivity. Your Committee further finds that there are many challenges to adequately enforcing the State's current noise regulations, including a lack of adequate staff and a lack of sound monitoring devices. This measure is intended to improve the health and well-being of the State's residents by regulating excessive noise in residential areas of the State.

Your Committee has amended this measure by:

- (1) Changing the noise restriction time period to the hours between 9:00 p.m. and 6:00 a.m.;
- (2) Changing the effective date to December 31, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1418, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1418, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Garcia). Excused, 1 (Kobayashi).

SCRep. 1288 Health & Homelessness on S.B. No. 64

The purpose of this measure is to:

- (1) Require issuers of Medicare Supplement Insurance to accept an eligible individual's application for coverage at any time throughout the year; and
- (2) Prohibit issuers of Medicare Supplement Insurance from denying or conditioning the issuance or effectiveness of a policy or certificate or making any premium rate distinctions due to health status, claims experience, receipt of health care, or medical condition.

Your Committee received testimony in support of this measure from the Leukemia & Lymphoma Society, Hawaii Medical Association, Kūpuna Caucus of the Democratic Party of Hawai'i, and two individuals. Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs and Hawaii Association of Health Plans. Your Committee received comments on this measure from the Hawaii Medical Service Association.

Your Committee finds that eligible individuals are able to purchase Medicare Supplement Insurance, also known as Medigap, on a guaranteed-issue basis only during the six-month open enrollment period that begins when an individual is enrolled for benefits under Medicare Part B. Your Committee further finds that it is extremely difficult for individuals whose health conditions or financial situations may have changed after their open enrollment period to switch to a more suitable Medigap plan. Your Committee recognizes that permitting individuals to change insurance plans multiple times during a twelve-month period may encourage forum shopping and lead to increased prices for consumers.

Accordingly, your Committee has amended this measure by:

- (1) Requiring the Insurance Commissioner to adopt rules to establish an annual open enrollment period for beneficiaries who have been enrolled in a Medigap policy for a minimum of twelve months;
- (2) Requiring issuers of Medicare Supplement Insurance to accept an eligible individual's application for coverage during the annual open enrollment period;
- (3) Deleting language requiring issuers of Medicare Supplement Insurance to accept an eligible individual's application for coverage at any time throughout the year;
- (4) Deleting the severability clause;
- (5) Changing the effective date to December 31, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 64, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 64, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1289 Human Services on S.B. No. 235

The purpose of this measure is to:

- (1) Establish a statewide Human Trafficking Prevention Program; and
- (2) Require the Department of the Attorney General to report to the Legislature on the State's efforts to address the commercial sexual exploitation of children and human trafficking.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Human Services, Catholic Charities Hawai'i, Zonta Club of Hilo, Imua Alliance, and four individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that children in the State are vulnerable to sex trafficking and commercial sexual exploitation, particularly children who belong to vulnerable groups such as foster children, runaways, LGBTQ+ youth, immigrants, undocumented workers, and youth suffering from mental health and substance use issues. Over the last decade, the commercial sexual exploitation of children has garnered greater attention in Hawaii and throughout the United States. However, because child sex trafficking is covert, it is difficult to accurately measure the scope of the problem. This measure provides a robust and comprehensive statewide framework for the Department of the Attorney General to make efforts to prevent human trafficking, provide increased support and assistance to victims, educate the public, prosecute offenders, and collect data.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee grants prior concurrence on this measure to your Committee on Judiciary & Hawaiian Affairs to make any amendments it deems necessary.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 235, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 235, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1290 Transportation on S.B. No. 1400

The purpose of this measure is to provide the Department of Transportation with greater flexibility in executing capital advancement contracts for harbor improvements by:

- (1) Increasing the contract value of contracts the Department can execute without legislative approval from \$2,000,000 to \$5,000,000;
- (2) Repealing the requirement that capital advancement contracts having a value of more than \$2,000,000 receive legislative approval through a concurrent resolution; and
- (3) Increasing the total aggregate value of capital advancement contracts that the Department may enter in any fiscal year from \$5,000,000 to \$20,000,000.

Your Committee received testimony in support of this measure from the Department of Transportation; Hawaii Harbor Users Group; and Matson Navigation Company, Inc.

Your Committee finds that capital advancement contracts have proven effective in expediting project delivery, especially for projects that increase port resilience and operational efficiency; however, caps on contract amounts and legislative approval requirements in existing law limit the scope and type of work, as well as the number of projects that can be completed through these types of contracts. By increasing these caps, the Department of Transportation can accomplish more in improving harbor facilities. Your Committee further finds that the Department of Transportation anticipates escalating project costs due to inflation and rising costs of materials and labor. The increase in contract amounts provided for in this measure will help facilitate improved project delivery despite inflation and cost increases.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1400, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1400, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1291 Transportation on S.B. No. 1404

The purpose of this measure is to authorize the Department of Transportation Airports Division to:

- (1) Demand and collect reimbursement from any airport contractor, tenant, or user for the entire amount of fines and penalties levied for the violation of federal, state, or county laws related to environmental protection or the United States Department of Homeland Security; and
- (2) Enter into a capital advancement contract with a private party for public improvement or construction projects at State airports under certain circumstances.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that over the last three years, the Department of Transportation Airports Division was fined approximately \$150,000 for Transportation Security Administration violations caused by tenants and contractors at Hawaii airports. Your Committee further finds that this measure will help maximize the utilization of the Department of Transportation Airports Division funds for the betterment of the airport by authorizing the reimbursement of fines caused by airport tenants and contractors.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1404, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1404, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1292 Education on S.B. No. 1518

The purpose of this measure is to temporarily provide procurement exemptions for the Department of Education for certain goods, services, and construction.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received testimony in opposition to this measure from the State Procurement Office.

Your Committee finds that, as the largest department in the State with two hundred ninety-five schools and forty-two thousand salaried and part-time employees, the Department of Education must procure numerous goods, services, and construction to run its operations. However, the Hawaii public procurement code requires the Department of Education to comply with procurement laws for its purchases triggered by certain threshold amounts. Furthermore, the electronic procurement system places a heavy burden on school administrators and further strains their already limited time and resources because of the system's complicated and onerous nature. Your Committee believes that exempting the Department of Education from small purchase procurement requirements will help the Department timely procure necessary goods, services, and construction.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Labor & Government Operations, should it deliberate on this measure, to consider the concerns raised by the State Procurement Office in its written testimony.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1518, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1518, S.D. 2, H.D. 1, and be referred to your Committee on Labor & Government Operations.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Perruso, Quinlan).

SCRep. 1293 Education on S.B. No. 1044

The purpose of this measure is to appropriate funds to hire complex-based behavioral health specialists for rural public schools in the State.

Your Committee received testimony in support of this measure from the Department of Education, Opportunity Youth Action Hawai'i, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawai'i Association of School Psychologists.

Your Committee finds that suicide rates and suicide attempts are disproportionately high among Hawaii's youth. According to the Department of Health, between 2005 and 2013, up to twenty percent of high school-aged children in the State had suicidal ideation. Your Committee recognizes that these rates show the need for additional behavioral health specialists to provide mental health services in the State's rural schools.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Your Committee notes that the Department of Education, as highlighted in its testimony, is requesting funding for two behavioral health specialist positions for each of the following seven complex areas:

- (1) Hilo-Waiiaka Complex;
- (2) Kau-Keeau-Paho Complex;
- (3) Honokaa-Kealakehe-Kohala-Konawaena Complex;
- (4) Kapaa-Kauai-Waimea Complex;
- (5) Hana-Lahainaluna-Lanai-Molokai Complex;
- (6) Nanakuli-Waianae Complex; and
- (7) Baldwin-Kekaulike-Kulanihakoi-Maui Complex.

Your Committee respectfully request that your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$974,918.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1044, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1044, S.D. 2, H.D. 1, and be referred to your Committee on Health & Homelessness.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Garcia). Noes, none. Excused, 2 (Perruso, Quinlan).

SCRep. 1294 Housing on S.B. No. 763

The purpose of this measure is to temporarily exempt Hawaii Housing Finance and Development Corporation affordable housing projects from certain state and county fees and exactions when the units of the housing project are exclusively made available to certain qualified residents.

Your Committee received testimony in support of this measure from the Chief Housing Officer of the Office of the Governor, Hawaii Housing Finance and Development Corporation, Building Industry Association of Hawaii, and Land Use Research Foundation of Hawaii. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the incentivization to develop affordable housing is an ongoing issue. This measure hopes to reduce development costs and encourage more affordable housing units to be produced in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 763, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 763, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1295 Housing on S.B. No. 1352

The purpose of this measure is to:

- (1) Authorize the counties to promote certain labor standards through zoning ordinances;
- (2) Include off-site construction of a public work project under the State's prevailing wage requirements; and
- (3) Require all orders from the Governor to set aside public lands for the development of affordable housing projects to contain a provision that the construction of the development be subject to the State's prevailing wage requirements.

Your Committee received testimony in support of this measure from the Chief Housing Officer of the Office of the Governor, one member of the Hawai'i County Council, Operating Engineers Local Union No. 3, Pacific Resource Partnership, and Hawai'i State AFL-CIO. Your Committee received comments on this measure from the Department of Taxation, Department of the Attorney General, Tax Foundation of Hawaii, Building Industry Association of Hawaii, and Maui Chamber of Commerce.

Your Committee finds that the State has reached the tipping point of the housing shortage problem and this measure attempted to address this crisis. However, your Committee notes the concerns of the Department of the Attorney General that the S.D. 2 version of this measure may be outside the scope of the original purpose of this measure as introduced, and therefore may present a germaneness issue and require two additional readings in the Senate to comply with article III, section 15 of the Hawaii State Constitution. Your Committee recognizes these concerns and also believes that the content found in the S.D. 2 version of this measure may be better placed in another vehicle to help address the high costs associated with the development of affordable housing in the State.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting certain provisions from the S.D. 1 version, which:
 - (A) Amends the definition of "historic property";
 - (B) Temporarily allows the State Historic Preservation Division to contract out for third-party reviews of applications and notifications; and
 - (C) Establishes a sunset date of July 1, 2028;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1352, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1352, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1296 Housing on S.B. No. 1596

The purpose of this measure is to:

- (1) Establish and appropriate funds for a Maui Campus Housing Pilot Program under the School Facilities Authority to make housing available to employees at Lahainaluna and Kulanihako'i High Schools; and
- (2) Require the School Facilities Authority and Department of Education to submit reports to the Legislature.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, School Facilities Authority, one member of the Maui County Council, and Hawaii State Teachers Association.

Your Committee finds that the State continues to suffer from a shortage of licensed teachers, with over one thousand vacancies in the Department of Education each year. Your Committee believes that affordable options for teacher housing is one key strategy to recruit and retain experienced teachers, particularly when Hawaii's teacher salaries continue to trail behind the rest of the nation. This measure will lessen the financial burden on teachers by expanding the availability of affordable housing.

Your Committee has amended this measure by:

- (1) Expanding the Maui Campus Housing Pilot Program to be available to employees at schools in the Lahainaluna and Kulanihako'i complexes;
- (2) Clarifying that housing under the Maui Campus Housing Pilot Program may be located within a school campus or within a two-mile radius of a school campus in the Lahainaluna or Kulanihako'i complexes;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that although the appropriation in this measure is currently an unspecified amount, the initial cost for planning and design for the Maui Campus Housing Pilot Program is approximately \$200,000.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1596, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1596, S.D. 1, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1297 Housing on S.B. No. 866

The purpose of this measure is to:

- (1) Clarify that the eligibility for the general excise tax exemption for certain affordable rental housing projects includes the nonreceipt of financing from the Hawaii Housing Finance and Development Corporation;
- (2) Allow certain affordable rental housing projects that meet the State's prevailing wage requirement to receive a waiver from county property taxes and various county development fees; and
- (3) Specify that the tax exemption for development of certain certified or approved affordable rental housing projects is not restricted to construction only.

Your Committee received testimony in support of this measure from the Chief Housing Officer of the Office of the Governor, Hawaii Housing Finance and Development Corporation, and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from the Honolulu Board of Water Supply. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that supply chain issues, volatile market conditions, and inflation have contributed to the significant increase in construction costs, further exacerbating the already severe housing crisis in the State. Your Committee believes that the State and counties must make best efforts to reduce the costs associated with the development of affordable housing, which will ultimately increase the affordability of housing for Hawaii's residents.

Your Committee notes that this measure can appropriately serve as a vehicle to address labor standards and prevailing wages relating to the construction of affordable housing in the State.

Accordingly, your Committee has amended this measure by:

- (1) Inserting language that authorizes counties to promote certain labor standards through zoning ordinances for housing projects;
- (2) Including off-site construction of any public work project for purposes of the State's prevailing wage requirements;
- (3) Repealing the requirement that a qualified person or firm receive no other direct or indirect financing for the construction project from any other governmental contracting agency for purposes of the State's prevailing wage requirements for affordable housing projects;
- (4) Requiring that all orders from the Governor to set aside public lands for the development of affordable housing projects contain a provision that the construction of the development be subject to the State's prevailing wage requirements;
- (5) Changing the cap amount of the general excise tax and use tax exemptions the Hawaii Housing Finance and Development Corporation may approve or certify for an affordable rental housing project to an unspecified amount;
- (6) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 866, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 866, S.D. 1, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1298 Housing on S.B. No. 1206

The purpose of this measure is to authorize the Director of Finance to exempt a depository from the requirement to pay all deposits of public funds upon demand if the depository has provided loans with below-market interest rates and longer terms for housing projects where all dwelling units are exclusively reserved for certain owner-occupants.

Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Department of Budget and Finance.

Your Committee finds that existing law provides that depositories that hold public funds shall hold the funds at a one-to-one ratio to ensure the liquidity of public funds in times of a financial crisis or emergency. This measure intends to provide a limited exemption to this requirement in order to encourage the financing of affordable housing projects.

Your Committee has amended this measure by:

- (1) Removing the authorization of the Director of Finance to exempt a depository from the requirement to pay all deposits of public funds upon demand if the depository has provided loans with below-market interest rates and longer terms for housing projects where all dwelling units are exclusively reserved for certain owner-occupants;
- (2) Requiring the Director of Finance to consider, prior to the selection of a depository, the beneficial effects to the State of using depositories within the State, including but not limited to lending at favorable terms for the creation of certain affordable housing units;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1206, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1206, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1299 Housing on S.B. No. 1040

The purpose of this measure is to establish and appropriate funds for a Rent-with-Option-to-Purchase Pilot Program, under the Department of Hawaiian Home Lands, on the Leeward Coast of Oahu to provide native Hawaiian beneficiaries who are homeless, or on the verge of being homeless, with certain housing units and services.

Your Committee received testimony in support of this measure from the State Council on Mental Health, Opportunity Youth Action Hawai'i, and three individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands, Hawai'i Emergency Management Agency, and one individual.

Your Committee finds that homelessness is one of the State's most pressing issues and a persistent challenge, particularly among native Hawaiians. Native Hawaiians are disproportionately affected by homelessness at a higher rate than any other ethnicity in the State. Your Committee further finds that reducing the number of native Hawaiians experiencing, or on the verge of, homelessness may be more effective and help a greater number of beneficiaries if the focus is on offering temporary transitional housing instead of a rent-to-own option.

Accordingly, your Committee has amended this measure by:

- (1) Changing the Rent-with-Option-to-Purchase Pilot Program to the Native Hawaiian Supportive Housing Pilot Program to provide individual or shared micro housing units and services to certain native Hawaiian beneficiaries;
- (2) Deleting language that would have required the Department of Hawaiian Home Lands to establish any terms, conditions, and requirements to facilitate the transfer of ownership of a unit and the exercise of the option to purchase the unit;
- (3) Requiring the Department of Hawaiian Home Lands to create and make available financial education programs to participants in the Pilot Program;
- (4) Clarifying that the Pilot Program shall not be implemented with funds from any subsequent Act appropriating funds for the purposes of Act 279, Session Laws of Hawaii 2022;
- (5) Changing the effective date to June 30, 3000, to encourage further discussion; and

(6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1040, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1040, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1300 Housing on S.B. No. 393

The purpose of this measure is to:

- (1) Until December 31, 2024:
 - (A) Extend the period for a notice of termination of a rental agreement to fifteen calendar days;
 - (B) Require landlords to engage in mediation and delay filing an action for summary possession if a tenant schedules or attempts to schedule mediation; and
 - (C) Require landlords to include specific information in the notice provided to tenants and certain mediation centers;
- (2) Appropriate funds for the Pre-Litigation Mediation Program; and
- (3) Appropriates funds for and creates an Emergency Rent Relief Program to provide resources to help certain participants in pre-litigation mediation to avoid eviction and maintain stable tenancies.

Your Committee received comments on this measure from the Hawai'i Association of REALTORS and one individual.

Your Committee finds that when the coronavirus disease 2019 pandemic began, there were predictions that thousands of evictions would flood the court system. To avert this crisis, the Legislature enacted Act 57, Session Laws of Hawaii 2021 (Act 57), which modified the notice requirements for residential summary possession cases, mandated pre-filing mediation, and made funding available for pre-filing mediation services and rent relief. Your Committee further finds that under Act 57, eighty-five percent of cases mediated statewide settled without litigation and, in the First Circuit, eighty-five percent of these settlements resulted in tenants remaining in their homes. Act 57 was in effect until August 6, 2022, and demonstrated how the combination of a robust pre-litigation mediation process with rental relief led to significantly better outcomes for local families struggling to make ends meet. Your Committee therefore finds that establishing a rental assistance and early landlord-tenant mediation program will build upon the successes achieved under Act 57.

Your Committee notes that H.B. No. 1439, H.D. 2 (Regular Session of 2023), a substantially similar measure, was previously passed by the House. Your Committee believes that H.B. No. 1439, H.D. 2, is preferable because it sets parameters and provides more direction regarding the Pre-Litigation Mediation Program and Emergency Rent Relief Program.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1439, H.D. 2, a measure that:
 - (A) Establishes and appropriates funds for a Pre-Litigation Mediation Pilot Program under the Judiciary, beginning on September 1, 2023, which requires landlords to participate in mediation before filing an action for summary possession;
 - (B) Establishes and appropriates funds for an Emergency Rent Relief Program under the Hawaii Public Housing Authority;
 - (C) Contains a sunset date of June 30, 2025; and
 - (D) Contains an effective date of June 30, 3000;
- (2) Clarifying that eligible participants in the Emergency Rent Relief Program are limited to those participants in the Pre-Litigation Mediation Pilot Program with an income of no more than eighty percent of the area median income; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 393, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 393, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1301 Housing on S.B. No. 1462

The purpose of this measure is to establish an organizational, taxation, and regulatory framework for limited-profit housing associations, including the establishment of the Limited-Profit Housing Council to oversee and administer limited-profit housing associations in the State.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Taxation and Department of Business, Economic Development, and Tourism.

Your Committee finds that the limited-profit housing associations system has a significant and successful role in the Austrian housing market. These associations are unique in that they operate under a specific limited-profit governance, which is not profit-driven or state-owned. While there is merit in one day adopting a limited-profit housing association system in the State, your Committee believes it more prudent to first study the feasibility of implementing such a system in the State.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that established an organizational, taxation, and regulatory framework for limited-profit housing associations, including a Limited-Profit Housing Council;
- (2) Establishing a Limited-Profit Housing Associations Working Group to study the feasibility and applicability of adopting a limited-profit housing association system in the State and report to the Legislature;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1462, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1462, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1302 Housing on S.B. No. 729

The purpose of this measure is to:

- (1) Establish the Cooperative Housing Corporation Education Trust Fund and Planned Community Association Education Trust Fund;
- (2) Require cooperative housing corporations and planned community associations with five or more units to register with the Real Estate Commission and pay applicable fees;
- (3) Require members of boards of directors of cooperative housing corporations, planned community associations, and condominium associations to certify the receipt and review of certain corporation or association documents and relevant laws and rules and complete a board leader course approved by the Real Estate Commission;
- (4) Expand the duties of the Real Estate Commission to include approving and administering board leadership courses; and
- (5) Authorize monies in the Condominium Education Trust Fund to be used for the educational requirements for condominium association board members.

Your Committee received testimony in support of this measure from the Hawaii Council of Associations of Apartment Owners; Legislative Action Committee of the Community Associations Institute, Hawaii Chapter; Hui 'Oia'i'o; and six individuals. Your Committee received testimony in opposition to this measure from the Real Estate Commission; Honolulu Tower Association of Apartment Owners; Hawaii State Association of Parliamentarians; Law Offices of Mark K. McKellar, L.L.L.C.; Waikoloa Village; Princeville at Hanalei Community Association; and eleven individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that existing law is silent in regard to ensuring that members of the boards of directors for cooperative housing corporations, planned community associations, and condominium associations are knowledgeable about the corporation's or association's articles of incorporation, bylaws, rules, regulations, or other pertinent documents. Your Committee believes that members of boards of directors must have pertinent knowledge about their authority and duties to better serve the association or corporation they represent.

However, your Committee notes that before the State can mandate certain requirements across the board for cooperative housing corporations, planned community associations, and condominium associations, a comprehensive study on compiling the regulatory authority over these associations and corporations under one entity is needed.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have:
 - (A) Established the Cooperative Housing Corporation Education Trust Fund and Planned Community Association Education Trust Fund;
 - (B) Required cooperative housing corporations and planned community associations to register with the Real Estate Commission and pay applicable fees; and
 - (C) Required board members of cooperative housing corporations and planned community associations to certify the receipt and review of certain corporation or association documents and relevant laws and rules and complete a board leader course;
- (2) Clarifying that the board leadership courses the Real Estate Commission must approve and administer include online training courses;
- (3) Specifying that the written certification and board leader course completion requirements for board members take effect on July 1, 2024;
- (4) Specifying that all board members of a condominium association who are actively serving a term of office on a board before July 1, 2024, shall:
 - (A) Certify the receipt of certain laws and documents by September 29, 2024; and
 - (B) Complete a board leadership course by July 1, 2025;
- (5) Making completion of a board leadership course optional for board members for condominium projects or associations with fifty condominium units or less;
- (6) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 729, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 729, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1303 Health & Homelessness on S.B. No. 975

The purpose of this measure is to:

- (1) Establish the criminal offense of unlawful shipment of tobacco products;
- (2) Amend the definition of "tobacco products" as used in the State's cigarette tax and tobacco tax law to include e-liquids and electronic smoking devices;
- (3) Increase license fees for wholesalers or dealers of cigarettes or tobacco products;
- (4) Increase the retail tobacco permit fee for retailers of cigarettes or tobacco products;
- (5) Repeal the Electronic Smoking Device Retailer Registration Unit in the Department of the Attorney General; and
- (6) Repeal prohibitions on delivery sales of electronic smoking devices to persons under the age of twenty-one.

Your Committee received testimony in support of this measure from the Department of Health; Department of the Attorney General; one member of the Hawai'i County Council; Hawaii State Teachers Association; American Heart Association; Campaign for Tobacco-Free Kids; Hawaii Medical Service Association; American Lung Association in Hawai'i; Hawaii COPD Coalition; Hawai'i Primary Care Association; Hawai'i Public Health Association; Papa Ola Lokahi; We Are One, Inc.; Coalition for a Tobacco-Free Hawaii Youth Council; Hawaii Dental Association; Parents and Children Together; University of Hawai'i Student Health Advisory Council; University of Hawai'i John A. Burns School of Medicine; Hawaii Association of Independent Schools; Coalition for a Tobacco-Free Hawai'i; Hawaii Dental Hygienists' Association; and numerous individuals. Your Committee received testimony in opposition to this measure from the Cigar Association of America, Consumer Choice Center, Americans for Tax Reform, National Taxpayers Union, Premium Cigar Coalition, and four individuals. Your Committee received comments on this measure from the Department of Taxation, Taxpayers Protection Alliance, Reason Foundation, and Tax Foundation of Hawaii.

Your Committee finds that twenty states have adopted a reduced tax for vape products such as electronic smoking devices and e-liquids on the rationale that these products are a harm reduction tool, while ten states have enacted a tax on vape products at the same rate as their tax on other tobacco products. Your Committee further finds that an additional twenty states have not imposed any taxes on vape products.

Your Committee additionally finds that H.B. No. 537, H.D. 2 (Regular Session of 2023), a similar measure, was previously passed by the House.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 573, H.D. 2, a measure that:
 - (A) Includes electronic smoking devices and e-liquids under the definition of "tobacco products" for purposes of the cigarette tax and tobacco tax law;
 - (B) Repeals the Electronic Smoking Device Retailer Registration Unit in the Department of the Attorney General; and
 - (C) Contains an effective date of January 1, 3000;
- (2) Exempting electronic smoking devices and e-liquids from the excise tax of seventy percent of the wholesale price imposed on all tobacco products other than large cigars;
- (3) Imposing an excise tax of an unspecified amount on the wholesale price of each electronic smoking device or e-liquid sold, used, or possessed by a wholesaler or dealer on and after January 1, 2024; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 975, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 975, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1304 Health & Homelessness on S.B. No. 599

The purpose of this measure is to:

- (1) Authorize physician assistants to issue orders for respiratory therapy and plans of care; and
- (2) Expand the types of health care providers under whom respiratory therapists may practice respiratory care to include physician assistants and advance practice registered nurses.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Medical Board, Board of Nursing, Kaiser Permanente Hawai'i, Hawai'i State Center for Nursing, Hawai'i Pacific Health, Hawaii Society for Respiratory Care, Hawai'i Academy of Physician Assistants, Hawai'i Association of Professional Nurses, and Kūpuna Caucus of the Democratic Party of Hawai'i.

Your Committee finds that under existing law, respiratory therapists are only able to provide respiratory care when they are under the direction of a physician or an osteopathic physician. Your Committee further finds that physician assistants and advance practice registered nurses are qualified health care providers who possess the necessary skill and training to issue orders for respiratory therapy and oversee the provision of respiratory care by respiratory therapists. This measure will remove barriers to access to health care by expanding the class of health care providers who may order and supervise the provision of respiratory care to include physician assistants and advance practice registered nurses.

Your Committee has amended this measure by making it effective upon approval.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 599, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 599, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Kobayashi).

SCRep. 1305 Health & Homelessness on S.B. No. 63

The purpose of this measure is to:

- (1) Authorize the Board of Nursing to issue temporary permits to practical nurses and registered nurses who are licensed in another jurisdiction, under certain circumstances or hold a multistate license issued by another state, territory, or country, under certain circumstances;
- (2) Provide an exception from licensing requirements to nurses who are licensed in another state, territory, or country who are accompanying an out-of-state patient for less than two weeks and who are not employed or affiliated with a health care facility in the State; and
- (3) Appropriate funds to the Department of Commerce and Consumer Affairs for the temporary permit process.

Your Committee received testimony in support of this measure from the Hawai'i State Center for Nursing, Hawai'i Pacific Health, The Queen's Health System, Hawai'i Primary Care Association, Healthcare Association of Hawaii, The Kūpuna Caucus of the Democratic Party of Hawai'i, Hawaii Association of Health Plans, and one individual. Your Committee received comments on this measure from the Regulated Industries Complaint Office, Board of Nursing, and Grassroot Institute of Hawaii.

Your Committee finds that there is a severe shortage of health care professionals in every field, including nurses, which has impacted nearly every hospital in the State. Your Committee further finds that when a traveling nurse is hired by a health care facility, the nurse must apply for a temporary permit and full credentialing requirement before practicing in the State. However, there is a considerable lag time between the submission of an application for a temporary permit and its issuance, resulting in the nurse being unable to work and unable to help alleviate the State's nurse staffing shortage. This measure seeks to streamline the permitting process for temporary licensure for registered nurses and licensed practical nurses, which will expand and strengthen the State's critical health care workforce and improve access to care for Hawaii residents.

Your Committee has amended this measure by:

- (1) Clarifying certain requirements that must be met by an out-of-state licensed practical nurse or registered nurse before the Board of Nursing may issue a temporary permit, including deleting language requiring applicants for temporary permits to:
 - (A) Complete fingerprinting requirements for a criminal history record check; and
 - (B) Submit a certified copy of a self-query report from the National Practitioner Data Bank to the Board of Nursing;
- (2) Clarifying that an individual who currently holds a multistate license may also meet these same requirements for a temporary permit;
- (3) Deleting language permitting an out-of-state licensed practical nurse or registered nurse to simultaneously apply for a temporary permit and a license to practice;
- (4) Deleting language providing an exception to the six-month expiration date of the temporary permit for applicants who simultaneously file an application for a temporary permit and a license to practice;
- (5) Deleting language requiring the Board of Nursing to approve of an application within seven business days of the date the completed application was received;
- (6) Restoring statutory language permitting the practice of nursing under a nonrenewable permit by a graduate of a school of nursing who has submitted an application for license to practice and is awaiting the results of their licensing examination;
- (7) Changing the effective date to June 30, 2000, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 63, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 63, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1306 Health & Homelessness on S.B. No. 674

The purpose of this measure is to adopt the Interstate Medical Licensure Compact.

Your Committee received testimony in support of this measure from the Hawaii Medical Board, Hawai'i Pacific Health, The Queen's Health System, AlohaCare, Hawaii Medical Service Association, Hawai'i Primary Care Association, Healthcare Association of Hawaii, Hawaii Association of Health Plans, Kūpuna Caucus of the Democratic Party of Hawai'i, Hawai'i Psychiatric Medical Association, Hawaii Medical Association, and three individuals. Your Committee received comments on this measure from the Regulated Industries Complaints Office, Grassroot Institute of Hawaii, and Hawaii Association for Justice.

Your Committee finds that the Interstate Medical Licensure Compact creates a comprehensive process that complements the existing licensing and regulatory authority of state medical boards and provides a streamlined process that allows physicians to become licensed in multiple states. Your Committee further finds that adoption of the Interstate Medical Licensure Compact will help address the State's severe health care provider shortage by expediting the licensure requirements for physicians licensed in other states and increasing the ability for physicians to practice across participating jurisdictions.

Your Committee has amended this measure by:

- (1) Inserting language holding officers and employees of the Interstate Commission liable for any damage, loss, injury, or liability resulting from the officer's or employee's negligence or gross negligence;
- (2) Authorizing rather than requiring the Department of Commerce and Consumer Affairs to adopt administrative rules to implement and administer the Interstate Medical License Compact;
- (3) Authorizing the Department of Commerce and Consumer Affairs to conduct criminal history record checks on applicants seeking licensure under the Interstate Medical Licensure Compact; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 674, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 674, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1307 Health & Homelessness on S.B. No. 320

The purpose of this measure is to establish a working group to study the feasibility and effects of the State adopting the Psychology Interjurisdictional Compact.

Your Committee received testimony in support of this measure from the United States Department of Defense, AlohaCare, and Hawaii Association of Health Plans. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Board of Psychology, Grassroot Institute of Hawaii, and Hawai'i Psychological Association.

Your Committee finds that the State is facing a shortage of health care workers, including psychologists. Your Committee further finds that establishing a working group to study the benefits, implementation and administration, and economic feasibility of adopting the Psychology Interjurisdictional Compact will assist the State in making well-informed decisions regarding potential solutions to address the State's mental health provider shortages.

Your Committee has amended this measure by:

- (1) Clarifying the parameters of the study;
- (2) Adding as members of the working group one member of the Board of Psychology and a licensed psychologist or a representative of the Hawaii Psychological Association;
- (3) Specifying a dissolution date of July 1, 2024, for the working group;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 320, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 320, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, 1 (Garcia). Excused, 1 (Kobayashi).

SCRep. 1308 Health & Homelessness on S.B. No. 693

The purpose of this measure is to mandate reimbursement for services provided by pharmacists within their scope of practice by public and private health plans in the State.

Your Committee received testimony in support of this measure from the University of Hawai'i at Hilo, Board of Pharmacy, Hawai'i Pacific Health, AARP Hawai'i, Hawai'i Pharmacists Association, Hawai'i Primary Care Association, KTA Super Stores, Community First Hawai'i, Family Medicine Center, American Pharmacists Association, The Keto Prescription Clinic, Big Island Docs, and numerous individuals. Your Committee received comments on this measure from the Department of Human Services, Department of Commerce and Consumer Affairs, Hawaii Medical Service Association, Kaiser Permanente Hawai'i, The Queen's Health System, Hawaii Association of Health Plans, and AlohaCare.

Your Committee finds that the State is facing a severe shortage of health care providers, particularly in rural and underserved areas of the State. Your Committee further finds that pharmacists can bridge the gaps created by the State's physician shortage by educating patients on how and when to check blood sugar, ways to avoid and manage hypoglycemia, how to take their medications correctly to avoid adverse effects, and various medication utilization techniques. Pharmacists are also geographically dispersed throughout the community with extended hours of operation, making access to health care provided through pharmacies convenient for patients in each locality. Your Committee finds that providing reimbursement to pharmacists practicing within their scope of practice will enable pharmacies to remain open and ensure local pharmacists can continue providing vital care to their patients. Your Committee notes that pursuant to section 23-51, Hawaii Revised Statutes, it is necessary to request the Auditor by concurrent resolution to complete an assessment on the mandated health insurance coverage proposed by this measure.

Your Committee has amended this measure by:

- (1) Changing the date after which mandated reimbursement for services provided by pharmacists within their scope of practice by private and public health plans in the State takes effect to July 1, 2025;
- (2) Clarifying that the mandated reimbursement for services provided by pharmacists is limited to licensed pharmacists who are contracted with the insurer or mutual benefit society to provide services;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 693, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 693, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (Garcia). Noes, none. Excused, 1 (Kobayashi).

SCRep. 1309 Health & Homelessness on S.B. No. 673

The purpose of this measure is to authorize terminally ill patients to use medical cannabis in certain health care facilities, under certain conditions.

Your Committee received testimony in support of this measure from four individuals. Your Committee received comments on this measure from the Department of Public Safety, Department of Law Enforcement, Healthcare Association of Hawaii, and two individuals.

Your Committee finds that terminally ill patients often experience severe pain, loss of appetite, and nausea, which are all symptoms that can be treated or alleviated through the medical use of cannabis. However, in many jurisdictions where medical cannabis is legal, including Hawaii, terminally ill patients are currently unable to continue taking medical cannabis as part of their treatment plan while in the hospital, even if they possess a valid registration card.

Your Committee recognizes that in response to a need for terminally ill patients to have access to all appropriate medical treatments, California recently enacted the Compassionate Access to Medical Cannabis Act, or "Ryan's Law", which allows terminally ill patients to use medical cannabis for palliative relief while receiving in-patient care at certain specified types of health care facilities. Your Committee understands the merits behind California's law, which is the first of its kind in the country. However, your Committee finds that additional discussion of this topic is needed prior to enacting a similar law in Hawaii.

Accordingly, your Committee has amended this measure by:

- (1) Removing language that authorized terminally ill patients to use medical cannabis in certain health care facilities, under certain conditions;
- (2) Establishing a Terminally Ill Qualifying Patient Medical Cannabis Use Working Group to study the feasibility of permitting terminally ill qualifying patients to safely use medical cannabis within a health care facility and submit a report to the Legislature;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 673, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 673, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1310 Health & Homelessness on S.B. No. 465

The purpose of this measure is to authorize the interisland transportation of cannabis by qualifying patients and qualifying out-of-state patients for personal medical use; provided that no individual or entity shall be required to violate federal law with regard to the interstate transport of cannabis.

Your Committee received testimony in support of this measure from Akamai Cannabis Consulting and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health, Department of Transportation, and Department of the Attorney General.

Your Committee finds that permitting qualifying patients and qualifying out-of-state patients to transport cannabis on interisland flights will ensure these patients continue to have access to cannabis for their personal medical use.

Your Committee has amended this measure by:

- (1) Requiring the Department of Transportation to adopt rules for the interisland transport of controlled substances within the jurisdictional limits of the State, which extend twelve nautical miles from the perimeter of each island and connect Oahu, Maui, Molokai, Lanai, and Kahoolawe;
- (2) Clarifying that no individual or entity shall be required to violate federal law;
- (3) Specifying that state law and its protections do not affect federal law;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests the Department of Transportation to review the policies and airport procedures of the Oakland International Airport as a model for this measure.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 465, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 465, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1311 Health & Homelessness on S.B. No. 962

The purpose of this measure is to:

- (1) Add or clarify requirements for the Medical Cannabis Dispensary Program related to signage, types of permitted manufactured cannabis products, supervision of certain personnel who are onsite at a retail dispensing location or medical cannabis production center, annual reporting requirements for the Department of Health, and the continuing education and training program conducted by the Department of Health;
- (2) Establish annual reporting requirements for the Department of Health regarding the Medical Cannabis Patient Registry Program;
- (3) Require the Department of Business, Economic Development, and Tourism to submit a report to the Legislature analyzing aggregated de-identified information regarding the Medical Cannabis Patient Registry Program and Medical Cannabis Dispensary Program; and
- (4) Make various housekeeping amendments.

Your Committee received testimony in support of this measure from the Department of Health, Maui Grown Therapies, Cure Oahu, Hawai'i Cannabis Industry Association and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department Of Business, Economic Development, and Tourism; and Akamai Cannabis Consulting.

Your Committee finds that in addition to structural issues already impacting the cannabis industry nationwide, the medical cannabis market has, like many other industries, been subject to the recent impacts of inflation and labor shortage issues, both within business operations and with its vendors. Your Committee further finds that additional oversight of sites where cannabis is cultivated for medical use by qualifying patients or their primary caregivers is needed to ensure these sites are operating as intended by the Medical Cannabis Registry Program. Your Committee believes that additional amendments to this measure are necessary to improve patient access and education, transparency, and regulation of medical cannabis and medical cannabis dispensaries. These amendments will remove administrative barriers, assist medical cannabis dispensaries with streamlining operations and resources, and establish registration requirements and limitations for medical cannabis cultivation sites.

Accordingly, your Committee has amended this measure by:

- (1) Defining "waiting room" within a medical cannabis retail dispensing location and specifying who may have access to the waiting room;
- (2) Amending the medical cannabis dispensary licensing fee structure;
- (3) Permitting the use of lettering in colors approved by the Department of Health on the labels of cannabis and manufactured cannabis products;
- (4) Establishing a Medical Cannabis Cultivation Site Registry and registration fee for the owners or operators of medical cannabis cultivation sites where qualifying patients or their primary caregivers are cultivating cannabis for medical use and the site is not the residence of either the qualifying patient or their primary caregiver;
- (5) Amending the use of and sources of funding for the Medical Cannabis Registry and Regulation Special Fund by:
 - (A) Authorizing expenditures from the special fund for the regulation of medical cannabis collectives and cooperatives, medical cannabis dispensaries, and for the establishment and regulation of the Medical Cannabis Cultivation Site Registry;
 - (B) Authorizing the Office of Medical Cannabis Control and Regulation, in addition to the Director of Health, to expend monies deposited in the special fund for certain activities;
 - (C) Authorizing the deposit of fees from the Medical Cannabis Cultivation Site Registry into the special fund; and
 - (D) Deleting the Medical Cannabis Registry Program Sub-account and Medical Cannabis Dispensary Program Sub-account;

- (6) Prohibiting the cultivation, production, manufacture, possession, distribution, handling, or dispensation of medical cannabis except by qualifying patients, qualifying out-of-state patients, their authorized primary caregivers, or medical cannabis dispensaries;
- (7) Restricting the number of qualifying patients who may use a grow site to twenty, unless an exemption is obtained from the Department of Health and authorizing the Department to conduct inspections of grow sites to verify compliance;
- (8) Prohibiting the use or receipt of cannabis as compensation for acting as a primary caregiver to a qualifying patient;
- (9) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Consumer Protection & Commerce, should it deliberate on this measure, to consider whether a medical cannabis cultivation site registration fee should be imposed on a qualifying patient who is cultivating cannabis for medical use at a site that is not the residence of either the qualifying patient or their primary caregiver.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 962, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 962, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1312 Labor & Government Operations on S.B. No. 435

The purpose of this measure is to:

- (1) Order the person or firm found to be in violation of the state law governing wages and hours of employees on public works to be jointly and severally liable for the penalty, with the penalty increasing for repeat violations;
- (2) Require each notice of violation to contain the names of the person and the firm;
- (3) Define a "person" for purposes of violations of the state law governing wages and hours of employees on public works, and related penalties and suspension; and
- (4) Require the Director of Labor and Industrial Relations to suspend the person and firm under specified conditions.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and Hawai'i State AFL-CIO. Your Committee received comments on this measure from the General Contractors Association of Hawaii and Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee.

Your Committee finds that this measure seeks to eliminate the circumvention of the state law governing wages and hours of employees on public works by entities that transfer key personnel to a separate company and continue business under a new name to avoid the suspension from work provision.

Your Committee has amended this measure by changing the definition of "person" to clarify that the contractors license, rather than the construction license, is the relevant document, and that the subordinate responsible managing employees who fall within the definition are those employed during the calendar period being investigated.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 435, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 435, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1313 Labor & Government Operations on S.B. No. 211

The purpose of this measure is to ensure that employment, work, and pay eligible for the purpose of computing retirement benefits include retroactive reinstatement, retroactive rescission of suspension, retroactive pay differentials, and back pay that are restored to an employee as part of an administrative, arbitral, or judicial proceeding, subject to certification by the Employees' Retirement System.

Your Committee received testimony in support of this measure from the Department of Human Resources of the City and County of Honolulu; State of Hawaii Organization of Police Officers; Hawaii Fire Fighters' Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii State Teachers Association; University of Hawaii Professional Assembly; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received comments on this measure from the Employees' Retirement System.

Your Committee finds that when employees or their unions avail themselves of their right to challenge employee suspensions, terminations, or compensation through the judicial, administrative, or arbitral process, the issues are frequently resolved with awards or settlements. These awards and settlements may require that the employee be "made whole".

Your Committee further finds that, according to the City and County of Honolulu, in such cases the employer remits its employer contribution and the employee contribution, which is deducted from the back pay, to the Employees' Retirement System, with the understanding that the Employees' Retirement System would include the employee's retroactive service as creditable service and the back pay as compensation for the purpose of determining the employee's pension eligibility and benefits. On December 17, 2021, the Employees' Retirement System issued a memorandum advising the state and county employers that "ERS benefit eligibility determinations and calculations may not be made, and ERS benefits may not otherwise be provided, pursuant to awards and settlement agreements that resolve claims between employees and employers". This measure is intended to amend the law to specifically accommodate the crediting of awards and settlements for service credits and benefits determination purposes in a way that is acceptable to the Employees' Retirement System and state and county employers and preserves the Employees' Retirement System's tax-exempt status.

Your Committee notes that it considered several amendments proposed by the Employees' Retirement System in its written testimony, but had concerns that the City and County of Honolulu's Department of Human Resources and other state and county departments had not had the chance to adequately review and opine on these proposed amendments. At the time this committee report was filed, the Employees' Retirement System also did not provide sufficient justification for its claims that these amendments were necessary under Internal Revenue Service rules and regulations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it deliberate on this measure, to consider language to:

- (1) Include settlement agreements made in good faith without any kind of final adjudication by a court of competent jurisdiction; and
- (2) Allow second or third good faith opportunities, if correct information is not included in the court order or settlement agreement, to conform to the requirements of the Employees' Retirement System.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 211, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 211, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1314 Water & Land on S.B. No. 81

The purpose of this measure is to clarify that all powers and duties of the Board of Land and Natural Resources and the Department of Land and Natural Resources pursuant to chapters 183C and 171, Hawaii Revised Statutes, pertaining to areas designated under the state conservation district on lands identified and defined as "Mauna Kea lands" will be retained and will not be transferred to the Mauna Kea Stewardship and Oversight Authority upon the expiration of the five-year transition period pursuant to Act 255, Session Laws of Hawaii 2022.

Your Committee received testimony in support of this measure from the Department of Law Enforcement and one individual. Your Committee received testimony in opposition to this measure from the Mauna Kea Stewardship and Oversight Authority and three individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee notes the testimony of the Mauna Kea Stewardship and Oversight Authority indicating the Authority's desire to review Act 255, Session Laws of Hawaii 2022, in its totality and make comprehensive recommendations to the Legislature on matters that may require further clarification or changes.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 81, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1315 Water & Land on S.B. No. 833

The purpose of this measure is to:

- (1) Authorize and appropriate funds to the Department of Agriculture, Department of Land and Natural Resources, and Agribusiness Development Corporation to acquire the Wahiawa Irrigation System, on terms negotiated and agreed upon by the Office of the Governor, and to purchase, repair, and maintain the associated spillway; and
- (2) Appropriate funds for the establishment of four full-time equivalent positions for the Department of Land and Natural Resources to manage and maintain its acquired portion of the Wahiawa Irrigation System.

Your Committee received testimony in support of this measure from the Department of Agriculture, Agribusiness Development Corporation, Ulupono Initiative, Land Use Research Foundation of Hawaii, Hawai'i Farm Bureau, ILWU Local 142, Dole Food Company Hawaii, and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Wahiawa Irrigation System is a critical irrigation system that supplies water to farmers in Waialua and Haleiwa on Oahu. Your Committee notes that Dole Food Company, Inc., has listed the Wahiawa Irrigation System for sale. Your Committee believes that the acquisition, maintenance, and preservation of the Wahiawa Irrigation System and the associated spillway is essential to agricultural irrigation for farmers in central and northern Oahu.

Your Committee has amended this measure by:

- (1) Authorizing the Agribusiness Development Corporation, rather than the Department of Land and Natural Resources, to acquire from Wahiawa Water Company, Inc.; Dole Food Company, Inc.; or Sustainable Hawaii, LLC; the fee simple interest of certain parcels in the Wahiawa Irrigation System;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider the following appropriation amounts:

- (1) \$21,000,000 for the Department of Agriculture to repair and expand the spillway and bring it into compliance with all relevant dam safety requirements;
- (2) \$5,000,000 for the Department of Agriculture to acquire a fee simple interest in the spillway;
- (3) \$800,000 for the Agribusiness Development Corporation to manage and maintain its acquired portion of the Wahiawa Irrigation System; and
- (4) \$500,000 for the establishment of four full-time equivalent positions for the Department of Land and Natural Resources to manage and maintain its acquired portion of the Wahiawa Irrigation System.

Your Committee also notes the Department of Land and Natural Resources' testimony that due to significant ongoing challenges to manage its portion of the Wahiawa Irrigation System, even the four additional positions may be insufficient staff resources to adequately manage the area. The Department indicated that additional officers from its Division of Conservation and Resources Enforcement will be required to respond to homeless and other enforcement issues in the area and that it will inform your Committee of the Department's estimated needs for this purpose.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 833, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 833, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1316 Water & Land on S.B. No. 1064

The purpose of this measure is to facilitate the improvement or removal of deficient dams and appurtenances by:

- (1) Establishing and appropriating monies for a Dam and Appurtenance Improvement or Removal Grant Program to provide the owners of private dams and appurtenances with funds for plans, design, construction, and equipment to improve or remove deficient dams and appurtenances, as determined by the Department of Land and Natural Resources; and
- (2) Appropriating monies for certain operating expenses and the establishment of two full-time equivalent (2.0 FTE) permanent positions in the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Land Use Research Foundation of Hawaii, and Hawai'i Farm Bureau.

Your Committee finds that while the owners of private dams are responsible for maintaining their dams, there are potential hazards associated with deficient dams. This measure would assist private dam owners to finance the repair, removal, or rehabilitation of their dams to meet proper safety standards.

Your Committee has amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that your Committee on Finance, should it choose to deliberate on this measure, to consider appropriating:

- (1) \$220,000 in recurring funds for the two full-time equivalent (2.0 FTE) permanent positions in the Department of Land and Natural Resources; and
- (2) \$15,000,000 in one-time seed funding for the Dam and Appurtenance Improvement or Removal Grant Program.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1064, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1064, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1317 Water & Land on S.B. No. 1254

The purpose of this measure is to:

- (1) Establish certain lands within the Kaiwi State Scenic Shoreline as the Kaiwi Coast State Park;
- (2) Require the land within the Kaiwi Coast State Park to be preserved in perpetuity primarily in its wild and natural state;
- (3) Establish positions within the Department of Land and Natural Resources to support proper land and parks management at the Kaiwi Coast and other surrounding areas; and
- (4) Appropriate monies for the establishment, planning, and design of the Kaiwi Coast State Park and Maunaloa-Makapuu Scenic Byway improvements.

Your Committee received testimony in support of this measure from the Friends of Hanauma Bay, Hawaii Reef and Ocean Coalition, Livable Hawaii Kai Hui, Hawai'i Bicycling League, Surfrider Foundation – Hawai'i Region, Ka Iwi Coalition, Sierra Club of Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that this measure would enhance the Maunaloa-Makapuu Scenic Byway and protect and preserve the lands of the Kaiwi Coast in perpetuity for future generations.

Your Committee has amended this measure by:

- (1) Requiring the Department of Land and Natural Resources to petition the Board of Land and Natural Resources to designate certain lands as the "Kaiwi Coast State Park", instead of codifying the establishment of the Kaiwi Coast State Park in statute and establishing positions to support land and parks management along the Kaiwi Coast and other surrounding areas;
- (2) Requiring the Department of Land and Natural Resources to administer the lands in paragraph (1) that have been designated by the Board of Land and Natural Resources as a state park;
- (3) Requiring that all conditions and obligations related to federal funds previously expended on lands in paragraph (1) be observed unless otherwise authorized by the federal government;
- (4) Including the Department of Land and Natural Resources and City and County of Honolulu in the planning and design of the Kaiwi Coast State Park and Maunaloa-Makapuu Scenic Byway improvements;
- (5) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1254, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1254, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1318 Water & Land/Energy & Environmental Protection on S.B. No. 1066

The purpose of this measure is to establish within the Commission on Water Resource Management a Water Security Working Group to study and recommend, for legislative consideration and approval, priority capital improvement projects, including funding and financing strategies for each project, that leverage public-private investment to increase Hawaii's water security.

Your Committees received testimony in support of this measure from the Honolulu Board of Water Supply, Land Use Research Foundation of Hawaii, Ulupono Initiative, and four individuals. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that as demonstrated by recent events, such as the fuel contamination caused by the Red Hill Bulk Fuel Storage Facility as well as longer-term trends such as declining rainfall over the last twenty years due to climate change, there is a greater need than ever before to protect and enhance Hawaii's fresh water resources.

Your Committees have amended this measure by:

- (1) Requiring the Water Security Working Group to also consider projects that increase the supply of fresh water;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request your Committee on Finance, should it choose to deliberate on this measure, to consider appropriating \$50,000 for the Water Security Working Group.

As affirmed by the records of votes of the members of your Committees on Water & Land and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1066, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1066, S.D. 2, H.D. 1, and be referred to your Committee on Economic Development.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 8. Noes, none. Excused, none.

Energy & Environmental Protection: Ayes, 5. Noes, none. Excused, 2 (Gates, Perruso).

SCRep. 1319 Housing on S.B. No. 764

The purpose of this measure is to:

- (1) Allow a bank to invest, in aggregate, up to two percent of the bank's total assets in limited partnerships, limited liability partnerships, limited liability companies, and corporations formed to invest in affordable housing properties; and
- (2) Require approval from the Commissioner of Financial Institutions to exceed that amount.

Your Committee received testimony in support of this measure from Central Pacific Bank; Housing Hawai'i's Future; Chamber of Commerce Hawaii; NAIOP Hawaii; HPM Building Supply; EAH Housing; Ahe Group; Catholic Charities Hawai'i; Hunt Development Group, LLC; Hunt Capital Partners, LLC; Holomua Collaborative; Title Guaranty of Hawai'i; Roman Catholic Church in the State of Hawai'i; Maui Chamber of Commerce; and Avalon Development Company LLC. Your Committee received testimony in opposition to this measure from the Hawaii Bankers Association. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Hawaii Credit Union League.

Your Committee finds that existing law allows a bank to invest its own assets in limited partnerships, limited liability partnerships, limited liability companies, or corporations formed to invest in residential properties that qualify for the federal Low Income Housing Tax Credit. This measure will encourage banks to invest into more affordable housing projects, thereby helping with the housing shortage in the State.

Your Committee has amended this measure by:

- (1) Allowing a bank to invest, in aggregate, up to fifteen percent of the bank's capital and surplus without the approval of the Commissioner of Financial Institutions;
- (2) Authorizing a bank to apply to the Commissioner of Financial Institutions for approval for the bank to invest up to twenty percent, in aggregate, of the bank's capital and surplus and specifying that the application shall be deemed approved if the Commissioner does not render a decision within twenty days;
- (3) Specifying that a bank shall not invest more than twenty percent, in aggregate, of the bank's capital and surplus;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 764, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 764, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1320 Tourism/Economic Development on S.B. No. 1522

The purpose of this measure is to:

- (1) Establish the Office of Tourism and Destination Management, including its powers, duties, and responsibilities; and
- (2) Repeal the Hawaii Tourism Authority.

Your Committees received testimony in support of this measure from four individuals. Your Committees received testimony in opposition to this measure from two individuals. Your Committees received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; Hawai'i Tourism Authority; Kohala Coast Resort Association; Hawai'i Lodging & Tourism Association; Maui Hotel & Lodging Association; Maui Chamber of Commerce; and one individual.

Your Committees find that the managing agency of the State's top economic driver is in need of an overhaul as public discourse and perception have grown more critical of the increasing number of visitors to the State and their impact on the State's environment resources and infrastructure. While your Committees appreciate the efforts and success of the existing agency, your Committees believe it is now time to focus on destination management and regenerative tourism. This measure will address public concerns by establishing a new agency that focuses on managing tourism rather than marketing tourism.

Your Committees have amended this measure by:

- (1) Amending the purpose section;
- (2) Changing the Office of Tourism and Destination Management to the Office of Destination Management;
- (3) Exempting the appointment of members of the Board of Directors of the Office of Destination Management from the advice and consent of the Senate;
- (4) Clarifying that the \$3,000,000 of Transient Accommodations Tax revenues allocated to the Special Land and Development Fund shall be expended in accordance with the Office of Destination Management strategic plan, rather than the Hawaii Tourism Authority's 2020-2025 strategic plan;

- (5) Changing the appropriation amount for the establishment, administration, operation, and positions of the Office of Destination Management from \$50,000,000 to \$100,000,000;
- (6) Adding multiple positions for the Office of Destination Management;
- (7) Establishing and appropriating an unspecified amount for a Tourism Liaison Officer within the Office of the Governor;
- (8) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Tourism and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1522, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1522, S.D. 2, H.D. 1, and be referred to your Committee on Water & Land.

Signed by the Chairs on behalf of the Committees.

Tourism: Ayes, 6. Noes, 1 (Pierick). Excused, 1 (Kong).

Economic Development: Ayes, 6. Noes, 1 (Pierick). Excused, 1 (Kong).

SCRep. 1321 Energy & Environmental Protection on S.B. No. 504

The purpose of this measure is to, beginning on December 31, 2026, prohibit the manufacture, sale, offer for sale, distribution for sale, and distribution for use of any food packaging, food service ware, cosmetic, or personal care product that contains perfluoroalkyl and polyfluoroalkyl substances.

Your Committee received testimony in support of this measure from the Department of Health, Department of Environmental Management of the County of Hawai'i, Honolulu Board of Water Supply, Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34, Hawai'i Reef and Ocean Coalition, Climate Protectors Hawai'i, Life of the Land, Friends of Hanauma Bay, Environmental Caucus of the Democratic Party of Hawai'i, Sierra Club of Hawai'i, Iron Workers Stabilization Fund, and seven individuals. Your Committee received testimony in opposition to this measure from the Personal Care Products Council, Consumer Brands Association, Retail Merchants of Hawaii, American Chemistry Council, and one individual. Your Committee received comments on this measure from the Maui Chamber of Commerce.

Your Committee finds that perfluoroalkyl and polyfluoroalkyl substances (PFAS) have multiple adverse health effects on humans, despite being utilized in a broad range of products, including clothing, textiles, food packaging, and cosmetic products. Although PFAS in certain types of food packaging and firefighting foam will be prohibited in the State at the end of 2024, this measure will further protect residents against toxic chemicals by subjecting additional PFAS-containing consumer products to the prohibition.

Your Committee has amended this measure by:

- (1) Adding certain exceptions from the prohibition of PFAS-containing consumer products;
- (2) Inserting definitions for "cosmetic", "food service ware", "ingredient", "manufacturer", "perfluoroalkyl and polyfluoroalkyl substances" or "PFAS", and "personal care product";
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the repeal of section 321-602, Hawaii Revised Statutes, in section 3 of this measure is not intended to take effect until January 1, 2027, after the more comprehensive prohibitions proposed by this measure are intended to take effect.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 504, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 504, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Perruso).

SCRep. 1322 Energy & Environmental Protection/Water & Land on S.B. No. 285

The purpose of this measure is to:

- (1) Establish and appropriate funds to implement a three-year new wastewater system demonstration pilot program within the University of Hawaii Water Resources Research Center to review, examine, and demonstrate new wastewater technology systems; implement those technologies in wastewater system demonstration projects; and establish a ranking system similar to the Hawaii cesspool prioritization tool for the islands of Molokai, Lanai, and Niihau; and
- (2) Appropriate funds for two full-time equivalent (2.0 FTE) positions within the Department of Health's Wastewater Branch.

Your Committees received testimony in support of this measure from the Department of Health, Department of Hawaiian Home Lands, University of Hawai'i Water Resources Research Center and Sea Grant College Program, Hawai'i Association of REALTORS, Environmental Caucus of the Democratic Party of Hawai'i, Hawai'i Reef and Ocean Coalition, Public Access to SunScreens, Ulupono Initiative, Coral Reef Alliance, WAI: Wastewater Alternatives & Innovations, and two individuals.

Your Committees find that cesspool pollution poses a significant danger to the State's ground water, streams, drinking water, and coastal ecosystems. Your Committees further find that to address cesspool pollution, the State established a requirement that all cesspools in the State be upgraded, converted, or connected by 2050. This measure encourages the review and implementation of new and innovative technologies in wastewater management that could be critical for diverting sewage at scale.

Your Committees have amended this measure by:

- (1) Inserting language that creates a new Cesspool Conversion Section within the Department of Health's Wastewater Branch that is dedicated to facilitating the conversion of cesspools within the State;
- (2) Inserting language that establishes and appropriates funds for three full-time equivalent (3.0 FTE) permanent positions within the Cesspool Conversion Section for fiscal years 2023-2024 and 2024-2025;
- (3) Inserting language that establishes and appropriates funds for three additional full-time equivalent (3.0 FTE) permanent positions within the Cesspool Conversion Section for fiscal year 2024-2025;

- (4) Deleting language that would have appropriated funds for two full-time equivalent (2.0 FTE) positions for the Department of Health's Wastewater Branch;
- (5) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 285, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 285, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 5. Noes, none. Excused, 2 (Gates, Perruso).

Water & Land: Ayes, 8. Noes, none. Excused, none.

SCRep. 1323 Energy & Environmental Protection/Water & Land on S.B. No. 426

The purpose of this measure is to implement the recommendation of the Cesspool Conversion Working Group to accelerate the dates for required upgrades, conversions, or connections of priority level 1 cesspools and priority level 2 cesspools by requiring:

- (1) Priority level 1 cesspools to be upgraded, converted, or connected before January 1, 2030; and
- (2) Priority level 2 cesspools to be upgraded, converted, or connected before January 1, 2035.

Your Committees received testimony in support of this measure from the Department of Health; Department of Land and Natural Resources; Hawaii Green Infrastructure Authority; Hawai'i Climate Change Mitigation & Adaptation Commission; University of Hawai'i Sea Grant College Program and Water Resources Research Center; Environmental Caucus of the Democratic Party of Hawai'i; Surfrider Foundation, Hawai'i Region; Public Access to SunScreens; Hawai'i Reef and Ocean Coalition; Ulupono Initiative; Coral Reef Alliance; WAI: Wastewater Alternatives & Innovations; and eight individuals. Your Committees received testimony in opposition to this measure from seven individuals. Your Committees received comments on this measure from the Hawai'i Association of REALTORS.

Your Committees find that cesspool pollution damages public health; pollutes drinking water; and lowers water quality in streams, ground water, nearshore marine areas, and the ocean. Your Committees further find that the Cesspool Conversion Working Group, when tasked with developing a long-range, comprehensive plan for conversion of cesspools statewide by 2050, recommended staggering the upgrades of cesspools based on their environmental impact. This measure implements the recommendation of the Cesspool Conversion Working Group to more timely protect the health of Hawai'i's waters and marine ecosystems.

Your Committees have amended this measure by:

- (1) Including a planned development of sewerage upgrades to an area as a legitimate reason for an exemption from upgrading, converting, or connecting a cesspool;
- (2) Authorizing the Department of Health to grant extensions of up to five years at a time for cesspool upgrades, conversions, or connections based on demonstration of financial inability to pay or finance a cesspool upgrade, conversion, or connection and to adopt rules necessary to grant those extensions;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 426, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 426, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 5; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Gates, Perruso).

Water & Land: Ayes, 8. Noes, none. Excused, none.

SCRep. 1324 Energy & Environmental Protection/Water & Land on S.B. No. 777

The purpose of this measure is to provide a temporary income tax credit for the cost of upgrading or converting a qualified cesspool to a wastewater system approved by the Director of Health or connecting to a sewerage system.

Your Committees received testimony in support of this measure from the Department of Health, Hawai'i Climate Change Mitigation & Adaptation Commission, University of Hawai'i Sea Grant College Program and Water Resources Research Center, Environmental Caucus of the Democratic Party of Hawai'i, Public Access to SunScreens, WAI: Wastewater Alternatives & Innovations, and five individuals. Your Committees received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committees find that the State has more than eighty thousand cesspools that release more than fifty million gallons of raw sewage into the State's groundwater and surface waters every day. While the State established a requirement for the upgrade, conversion, or connection of all cesspools in the State by 2050, further mechanisms, such as tax credits, will assist households who may struggle with the associated financial costs.

Your Committees have amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request your Committee on Finance, should it deliberate on this measure, to consider an individual tax credit cap amount of \$10,000.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 777, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 777, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 5. Noes, none. Excused, 2 (Gates, Perruso).

Water & Land: Ayes, 8. Noes, none. Excused, none.

SCRep. 1325 Energy & Environmental Protection/Water & Land on S.B. No. 428

The purpose of this measure is to require each county to develop a comprehensive integrated wastewater management plan and financial strategy and submit its respective plan and financial strategy to the Legislature.

Your Committees received testimony in support of this measure from the Department of Health, University of Hawai'i Sea Grant College Program and Water Resources Research Center, Hawai'i Association of REALTORS, Environmental Caucus of the Democratic Party of Hawai'i, Public Access to SunScreens, Ulupono Initiative, Hawai'i Reef and Ocean Coalition, WAI: Wastewater Alternatives & Innovations, and four individuals. Your Committees received comments on this measure from the Grassroot Institute of Hawaii.

Your Committees find that because thousands of cesspools will need to be converted by 2050, proper planning and administration across various stakeholders and governmental agencies are essential. This measure ensures that each county identifies its respective infrastructure requirements and improves planning and outreach efforts for conversions, upgrades, and connections.

Your Committees have amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 428, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 428, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 5. Noes, none. Excused, 2 (Gates, Perruso).

Water & Land: Ayes, 8. Noes, none. Excused, none.

SCRep. 1326 Energy & Environmental Protection/Water & Land on S.B. No. 781

The purpose of this measure is to require government entities in the State that issue building permits to:

- (1) Implement SolarAPP+ or a functionally equivalent online automated permitting platform that verifies code compliance and issues permits to licensed contractors for solar distributed energy resource systems in real time by January 1, 2024; and
- (2) Adopt self-certification for solar distributed energy resource systems that are not SolarAPP+ compatible, under certain conditions.

Your Committees received testimony in support of this measure from the Hawaii Green Infrastructure Authority; Citizens' Climate Lobby Hawaii; Sierra Club of Hawai'i; Hawaii Environmental Change Agents' Decarbonization of Buildings Task Force; Hawaii Food Industry Association; Hawaii Unified Industries, LLC; Photonworks Engineering LLP; Alternate Energy Hawaii; Independent Energy Hawaii; Green Power Projects LLC; Solar Services Hawaii LLP; Grand Solar, Inc.; Our Revolution Hawaii; Ulupono Initiative; 350Hawaii.org; Climate Protectors Hawai'i; Sunnova; Hawaii Energy Connection, LLC; Sunrun; Hawaii Solar Energy Association; Hawai'i Energy; Tesla; Malama Solar; Kauai Climate Action Coalition; Fortress Power; Pacific Resource Partnership; Blue Planet Foundation; and numerous individuals. Your Committees received comments on this measure from the Hawaii Regional Council of Carpenters.

Your Committees find that in order to transition the State away from imported fossil fuels and toward locally available renewable energy sources, the administrative barriers that constrain deployment of residential and commercial-scale distributed energy resources must be lowered. This measure encourages the adoption of online permitting tools to help meet the State's clean energy, reliability, and resilience needs.

Your Committees have amended this measure by:

- (1) Specifying that applicable government entities in the State may promote the use of certain labor standards in issuing building permits for solar distributed energy resource systems;
- (2) Clarifying that the self-certification process established by applicable government entities applies to residential and commercial on-site solar distributed energy resource systems;
- (3) Specifying that for permit application approval under the self-certification process, a duly licensed architect, duly licensed engineer, or duly licensed plumber is required to notify the applicable government entity in the State that issues building permits that the solar distributed energy resource system complies with all applicable codes and laws;
- (4) Adding a definition for "residential distributed energy resource system";
- (5) Inserting language that makes the professional engineers, architects, surveyors, and landscape architects licensure law inapplicable to work with respect to residential distributed energy resource systems;
- (6) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 781, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 781, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 5. Noes, none. Excused, 2 (Gates, Perruso).

Water & Land: Ayes, 8. Noes, none. Excused, none.

SCRep. 1327 Energy & Environmental Protection/Water & Land on S.B. No. 458

The purpose of this measure is to:

- (1) Establish the Renewable Energy Resources Development Special Fund; and

- (2) Require geothermal royalties to be paid as follows: ten percent to the county where the geothermal mining operations are situated, fifty percent to the Department of Land and Natural Resources, twenty percent to the Office of Hawaiian Affairs, and twenty percent to be deposited into the Renewable Energy Resources Development Special Fund.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Hawaii State Energy Office, Servco Pacific Inc., and Ulupono Initiative. Your Committees received testimony in opposition to this measure from the County of Hawai'i Planning Department, two members of the Hawai'i County Council, and five individuals. Your Committees received comments on this measure from the Department of Budget and Finance, Sustainable Energy Hawai'i, DaRubbahSlippahGroup, Hawaii Ground Water and Geothermal Resource Center, and two individuals.

Your Committees find that geothermal technology facilitates the generation of power from heat and energy found below the Earth's surface. Additionally, the development of geothermal resources will be important for achieving the State's goal of transitioning to one hundred percent renewable energy generation statewide. Designating the royalties to further advance geothermal energy resources development will play a significant role in achieving one hundred percent renewable energy generation statewide.

Your Committees have amended this measure by:

- (1) Changing references to the "Renewable Energy Resources Development Special Fund" to "Geothermal Energy Resources Development Special Fund";
- (2) Clarifying that the Geothermal Energy Resources Development Special Fund may be used to support projects that promote and advance geothermal energy resources development;
- (3) Increasing the allocation of geothermal royalties paid to the county where the geothermal mining operations are situated to twenty percent, or \$450,000, whichever is greater;
- (4) Requiring that the geothermal royalties paid to the county be used for relocation funding and community benefits in areas directly surrounding the geothermal project that is paying the royalties;
- (5) Requiring that the county receiving geothermal royalties submit a detailed annual report to the Legislature outlining how the funds are expended;
- (6) Ensuring that the portion of geothermal royalties paid to the Office of Hawaiian Affairs is consistent with existing law regarding payment of ceded land revenues to the Office of Hawaiian Affairs;
- (7) Decreasing the percentage of annual geothermal royalties to be deposited into the Geothermal Energy Resources Development Special Fund from twenty percent to ten percent;
- (8) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 458, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 458, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 5; Ayes with Reservations (Cochran, Kahaloa, Ward). Noes, none. Excused, 2 (Gates, Perruso).

Water & Land: Ayes, 7; Ayes with Reservations (Souza). Noes, 1 (Ganaden). Excused, none.

SCRep. 1328 Corrections, Military & Veterans on S.B. No. 710

The purpose of this measure is to:

- (1) Require the McKinley Community School for Adults to work with Hawaii Friends of Restorative Justice to provide counseling services for incarcerated women participating in the education and reentry program for incarcerated women;
- (2) Appropriate monies as a grant for the University of Hawaii Windward Community College education and reentry program for incarcerated women; and
- (3) Authorize the University of Hawaii Windward Community College to award grants to private entities.

Your Committee received testimony in support of this measure from the Department of Public Safety, Department of Education, University of Hawai'i System, McKinley Community School for Adults, Community Alliance on Prisons, Women's Prison Project, Hawai'i Friends of Restorative Justice, and six individuals.

Your Committee finds that the first year of the education and reentry program for incarcerated women that was administered by Hawaii Friends of Restorative Justice proved to be successful in training incarcerated women to be general education development tutors for their peers, offering college correspondence courses, and providing reentry and transition services for women who wish to continue their education after release from incarceration. This measure helps incarcerated women achieve their educational goals and provides them with a gateway to social and economic mobility.

Your Committee has amended this measure by:

- (1) Deleting language that would have required the McKinley Community School for Adults to work with Hawaii Friends of Restorative Justice to provide counseling services for incarcerated women participating in the education and reentry program for incarcerated women;
- (2) Deleting language that would have appropriated monies to Hawaii Friends of Restorative Justice as a grant pursuant to chapter 42F, Hawaii Revised Statutes;
- (3) Inserting language that appropriates monies for an education and reentry program for incarcerated women to be administered by the University of Hawaii Windward Community College;
- (4) Deleting language that would have authorized the University of Hawaii Windward Community College to award grants to private entities to administer the education and reentry program for incarcerated women;
- (5) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$250,000.

As affirmed by the record of votes of the members of your Committee on Corrections, Military & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 710, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 710, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1329 Corrections, Military & Veterans on S.B. No. 711

The purpose of this measure is to appropriate funds to the Hawaii Friends of Restorative Justice as a grant to conduct a study of programming offered to persons incarcerated at correctional facilities and convene a group of incarcerated women for the purpose of identifying gaps in programming offered to female inmates.

Your Committee received testimony in support of this measure from the Department of Public Safety, Women's Prison Project, Stonewall Caucus of the Democratic Party of Hawai'i, Rainbow Family 808, and Hawai'i Psychological Association.

Your Committee finds that although existing state laws require equal access to programming for incarcerated women and men in the State's correctional facilities, parity does not appear to exist in the availability and quality of programming currently available. This measure would help to identify the inequalities in programming offered to persons incarcerated at correctional facilities and address these discrepancies offered to female inmates.

Your Committee has amended this measure by:

- (1) Extending the deadline that the Hawaii Friends of Restorative Justice is required to submit its study to the Legislature to June 30, 2024;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$100,000.

As affirmed by the record of votes of the members of your Committee on Corrections, Military & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 711, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 711, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1330 Corrections, Military & Veterans on S.B. No. 712

The purpose of this measure is to appropriate funds to the University of Hawaii Windward Community College to support a level I trauma-informed certification program for adult corrections officers in the State.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience of the Office of the Governor; Judiciary; University of Hawai'i System; Department of Public Safety; Department of Health; Hawaii Correctional System Oversight Commission; State Council on Mental Health; United Public Workers, AFSCME Local 646, AFL-CIO; Women's Prison Project; Hawai'i Friends of Restorative Justice; Hawaii Substance Abuse Coalition; Opportunity Youth Action Hawai'i; University of Hawaii Professional Assembly; Hawai'i Psychological Association; and three individuals.

Your Committee finds that training in trauma-informed care for corrections professionals allows them to better connect with incarcerated individuals who have experienced trauma, which often results in improved rehabilitation outcomes and reduced recidivism rates. Therefore, this measure supports the establishment of a level I trauma-informed certification program to help corrections professionals identify and recognize the signs and symptoms of trauma.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$100,000.

As affirmed by the record of votes of the members of your Committee on Corrections, Military & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 712, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 712, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1331 Corrections, Military & Veterans on S.B. No. 1163

The purpose of this measure is to appropriate funds for civilian auxiliary aviation services performed by the Civil Air Patrol.

Your Committee received testimony in support of this measure from the Hawai'i Emergency Management Agency and one individual.

Your Committee finds that the Civil Air Patrol has assisted emergency management agencies throughout the nation with response and recovery efforts during and after a disaster. Your Committee further finds that the Civil Air Patrol conducted aerial reconnaissance of the State after the severe weather incident in December 2021 and the photographs were instrumental in documenting the damage to roadways on the island of Maui and were included in the State's application for a federal disaster declaration. This measure ensures that critical auxiliary aviation services continue to be available in the State in the event of an emergency or disaster.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military & Veterans that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1163, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1163, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1332 Judiciary & Hawaiian Affairs on S.B. No. 16

The purpose of this measure is to require that the Hawaiian version of a law be held binding if the law in question was originally drafted in Hawaiian and then translated into English.

Your Committee received testimony in support of this measure from the Judiciary, Office of Hawaiian Affairs, Department of Land and Natural Resources, and two individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General and Center for Hawaiian Sovereignty Studies.

Your Committee finds that in 2007, the United Nations adopted the United Nations Declaration on the Rights of Indigenous Peoples and this measure would contribute to the growing international movement for the protection of the rights of the world's indigenous peoples.

Your Committee has amended this measure by:

- (1) Specifying that the Hawaiian version of a law shall be binding if:
 - (A) The law was originally drafted in Hawaiian and the English version was translated based on the Hawaiian version; and
 - (B) The law has not been subsequently amended, codified, recodified, or reenacted in English; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 16, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 16, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1333 Judiciary & Hawaiian Affairs on S.B. No. 1074

The purpose of this measure is to propose amendments to Article VI, Section 3, of the Hawaii State Constitution to:

- (1) Change the required time frame from thirty to forty-five days for certain processes to appoint and consent to a justice's or judge's appointment; and
- (2) Mirror the appointment and Senate consent procedure for District Court judges with the appointment and Senate consent procedure for Hawaii Supreme Court justices and Intermediate Court of Appeals and Circuit Court judges.

Your Committee received no written testimony on this measure.

Your Committee finds that the existing Senate consent process for District Court judges, whereby a District Court appointee is automatically considered rejected if not consented to by the Senate within thirty days of receipt of the appointment, is inefficient. The Hawaii State Legislature is a part-time legislature, which means that the Senate must convene special sessions throughout the year for the sole purpose of consenting to District Court appointments. Your Committee believes that it would be more fiscally prudent and efficient for District Court appointments to be automatically considered consented to if the Senate fails to reject the appointment within forty-five days.

Your Committee has amended this measure by:

- (1) Clarifying the question to be printed on the ballot to provide greater context to the electorate of the constitutional amendments; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1074, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1074, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1334 Judiciary & Hawaiian Affairs on S.B. No. 917

The purpose of this measure is to propose an amendment to Article I, section 4, of the Constitution of the State of Hawaii to provide that freedom of speech protections under the state constitution do not include the expenditure of money to influence elections.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Rainbow Family 808, and three individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that the United States Supreme Court's decision in Citizens United v. Federal Election Commission, 558 U.S. 310 (2010), has had a significant impact on elections in the United States. By reversing centuries-old campaign finance restrictions and designating corporate spending on elections as free speech protected under the First Amendment of the Constitution of the United States, the Supreme Court has enabled corporations to expand their already outsized political influence on election outcomes and policy decisions. Your Committee believes that it is important for the people of Hawaii to affirmatively declare that the freedom of speech enshrined in the Hawaii State Constitution does not include the expenditure of money to influence elections.

Your Committee has amended this measure by deleting language from the ballot question specifying that the constitutional amendment would take effect if the Supreme Court of the United States overturns, Congress overrides, or an amendment to the United States Constitution invalidates Citizens United.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 917, S.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 917, S.D. 3, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1335 Judiciary & Hawaiian Affairs on S.B. No. 1295

The purpose of this measure is to propose amendments to the Constitution of the State of Hawaii to expressly provide that the Legislature may authorize political subdivisions, such as counties, to issue tax increment bonds and to exclude tax increment bonds in calculating the debt limit of the political subdivisions.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Transportation; Office of Planning and Sustainable Development; and Hawai'i Community Development Authority. Your Committee received comments on this measure from the Department of the Attorney General, Tax Foundation of Hawaii, and Grassroot Institute of Hawaii.

Your Committee finds that tax increment financing allows a portion of property taxes in excess of a base assessed value to be dedicated to finance the costs of a project through the issuance of bonds. Although statutory law permits the counties to provide for tax increment financing and issue tax increment bonds, tax increment bonds are not clearly listed in the types of bonds that the counties may issue under the Hawaii State Constitution. This measure would clearly authorize this method of financing for public works, public improvements, and other actions by the counties within the tax increment districts.

Your Committee has amended this measure by:

- (1) Clarifying the question to be printed on the ballot to provide greater context to the electorate of the constitutional amendments; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1295, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1295, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1336 Judiciary & Hawaiian Affairs on S.B. No. 1490

The purpose of this measure is to:

- (1) Require the Attorney General to defend professionally licensed or certified state employees in civil actions or proceedings when the employee was acting within the scope of their employment and was not grossly negligent or wanton; and
- (2) Establish filing and hearing requirements for when the Attorney General refuses to defend any state or county employee in civil actions or proceedings on certain grounds.

Your Committee received testimony in support of this measure from the Hawaii Association for Justice and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of the Attorney General and Department of Human Services.

Your Committee finds that this measure would further strengthen the legal protections for governmental employees when exercising their professional judgment, which will enable the State to attract and retain qualified employees who may otherwise fear that they would be held personally and financially liable.

Your Committee has amended this measure by:

- (1) Deleting references to county employees; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1490, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1490, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Hashimoto, Kong).

SCRep. 1337 Judiciary & Hawaiian Affairs on S.B. No. 1166

The purpose of this measure is to authorize the renewal of driver's licenses online through electronic or digital means.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of Customer Services of the City and County of Honolulu, and three individuals.

Your Committee finds that this measure would make the driver's license renewal process easier and more efficient for persons who hold certain categories of driver's licenses.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 2025; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1166, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1166, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Hashimoto, Kong).

SCRep. 1338 Judiciary & Hawaiian Affairs on S.B. No. 35

The purpose of this measure is to appropriate funds for the Judiciary to purchase civil legal services for low- and moderate-income persons.

Your Committee received testimony in support of this measure from the Judiciary, Department of Human Services, Hawai'i Access to Justice Commission, The Legal Clinic, Domestic Violence Action Center, Hawaii Friends of Civil Rights, Legal Aid Society of Hawai'i, Volunteer Legal Services Hawai'i, Hawai'i Coalition for Immigrant Rights, and two individuals.

Your Committee finds that legal services can be prohibitively expensive for low- and moderate-income persons. Your Committee further finds that there are several nonprofit and volunteer organizations in the State that provide quality legal services to these persons. This measure helps to ensure that legal services are available to persons who need them but lack the resources to pay for them.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,200,000.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 35, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Hashimoto, Kong).

SCRep. 1339 Judiciary & Hawaiian Affairs on S.B. No. 1527

The purpose of this measure is to:

- (1) Change the governmental entity responsible for the administration of the Address Confidentiality Program from the Office of the Lieutenant Governor to the Department of Law Enforcement;
- (2) Authorize the Department of Law Enforcement to contract the services of a third party for the mail forwarding and acceptance of service of legal process aspects of the Address Confidentiality Program; and
- (3) Appropriate funds for the Address Confidentiality Program.

Your Committee received testimony in support of this measure from the Office of the Lieutenant Governor, Department of Law Enforcement, Crime Victim Compensation Commission, Hawai'i State Coalition Against Domestic Violence, and two individuals.

Your Committee finds that establishing the Address Confidentiality Program within the Department of Law Enforcement, instead of the Office of the Lieutenant Governor, will provide a measure of safety, security, and relief for survivors of domestic abuse, sexual offenses, and stalking.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$280,000 for two full-time equivalent (2.0 FTE) positions, operating costs, and equipment.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1527, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Hashimoto, Kong).

SCRep. 1340 Culture, Arts & International Affairs on S.B. No. 449

The purpose of this measure is to appropriate funds to the Department of Business, Economic Development, and Tourism for the Commission on the Thirteenth Festival of Pacific Arts and Culture to plan for the Festival of Pacific Arts and Culture to be held in Honolulu from June 6 to June 16, 2024.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i Tourism Authority; Commission on the 13th Festival of Pacific Arts and Culture; Hawai'i Lodging & Tourism Association, Halau Mohala I'lima; and one individual.

Your Committee finds that this festival is an important venue for indigenous cultures from throughout the Pacific region to be celebrated and perpetuated through the sharing and passing of cultural traditions from one generation to the next. Your Committee further finds that the festival is expected to generate up to \$27,000,000 in direct visitor spending, resulting in approximately \$3,200,000 of state tax revenues.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$5,000,000.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 449, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 449, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1341 Agriculture & Food Systems on S.B. No. 1486

The purpose of this measure is to require the Department of Agriculture, in collaboration and consultation with other entities, to develop and implement a plan to expand the meat processing and distribution capacity in the State to allow for meat from axis deer and other wild game to be processed for distribution by nonprofit food distribution services.

Your Committee received testimony in support of this measure from the Department of Health; Office of the Mayor of the County of Maui; Hawai'i Farm Bureau; Hawai'i Forest Industry Association; Maui County Farm Bureau; Maui Chamber of Commerce; Hawaii Cattlemen's Council, Inc.; Hawai'i Farmers Union United; Hawaii Food+ Policy; Aina Ho'okupu o Kilauea; and four individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that expanding the meat processing and distribution capacity in Hawaii to allow for the donation of axis deer and other wild game to feed the hungry provides a productive way to remove invasive species, such as deer, goat, and pigs, and protect the environment.

Your Committee has amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1486, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1486, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1342 Agriculture & Food Systems on S.B. No. 99

The purpose of this measure is to require the Department of Agriculture to establish, implement, and administer a meat and poultry inspection program.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Maui; Land Use Research Foundation of Hawaii; Hawaii'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Hawaii'i Farmers Union United; Maui Chamber of Commerce; and one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that this measure could help increase the capacity to process meat and poultry, diversify processing options, reduce processing impediments, reduce transportation time and costs, and support producers' ability to donate locally produced meat to food banks.

Your Committee has amended this measure by changing its effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 99, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 99, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6; Ayes with Reservations (Ward). Noes, none. Excused, 1 (Perruso).

SCRep. 1343 Culture, Arts & International Affairs on S.B. No. 731

The purpose of this measure is to designate November 28 of each year as La Kuokoa, Hawaiian Independence Day, to celebrate the historical recognition of the independence of the Kingdom of Hawaii.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services and one individual. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that Hawaii's special heritage and various holidays distinguish Hawaii from other states. La Kuokoa commemorates the date of November 28, 1843, during the reign of Kamehameha III when Great Britain and France recognized the independence of the Hawaiian Kingdom through the signing of the Anglo-French Declaration, making it known to the world that the Hawaiian islands were one sovereign political unit under the complete and exclusive control of the Hawaiian Kingdom. Your Committee further finds that La Kuokoa was first recognized as a holiday in Hawaii in 1847 as an official holiday of the Republic of Hawaii in 1896, and continued to be celebrated by the Territory of Hawaii. Your Committee believes that the State's acknowledgment of La Kuokoa, or Hawaiian Independence Day, is an appropriate and meaningful way to celebrate the recognition of Hawaii's independence and its rich, diverse culture and history.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 731 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1344 Human Services on S.B. No. 313

The purpose of this measure is to:

- (1) Reduce the number of members on the State Rehabilitation Council from twenty-one to fifteen; and
- (2) Authorize the State Rehabilitation Council to establish quorum and conduct business without regard to vacancies.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Health, Disability and Communication Access Board, Hawaii State Rehabilitation Council, Hawaii Disability Rights Center, National Coalition of State Rehabilitation Councils, and National Disability Rights Network.

Your Committee finds that section 105 of the Rehabilitation Act of 1973, as amended, requires consumers, advocates, and other representatives of individuals with disabilities to participate in the administration and oversight of a state's Vocational Rehabilitation program. Under federal regulations, each State Rehabilitation Council must consist of at least fifteen members. Your Committee further finds that the Hawaii State Rehabilitation Council is statutorily required to have twenty-one members and has had difficulties recruiting and filling all twenty-one seats, resulting in difficulties meeting quorum requirements and hindering decision-making. This measure will allow the State Rehabilitation Council to fulfill its mission and retain federal Vocational Rehabilitation funding by reducing the number of statutorily required members from twenty-one to fifteen.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 313 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1345 Human Services on S.B. No. 1592

The purpose of this measure is to appropriate funds to establish three full-time equivalent positions within the Executive Office on Aging for the State's Senior Medicare Patrol Program.

Your Committee received testimony in support of this measure from the Executive Office on Aging, Disability and Communication Access Board, Policy Advisory Board for Elder Affairs, AARP Hawai'i, Hawaii Family Caregiver Coalition, and two individuals.

Your Committee finds that the State's Senior Medicare Patrol Program was established in 1997 to educate, protect, and advocate for the State's seniors and has operated with only two full-time staff to recruit, train, and retain a cohort of volunteers statewide. As the State's baby boomer generation continues to age, the number of people eligible for Medicare will continue to grow, increasing the number of people serviced by the Senior Medicare Patrol Program. This measure will expand the Executive Office on Aging's personnel capacity to meet the demands for timely, accurate, and reliable services to kupuna, their families, and caregivers in need.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1592, S.D. 2, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1346 Human Services on S.B. No. 460

The purpose of this measure is to appropriate funds for the purchase, storage, and transportation costs of food for distribution to food banks in the State.

Your Committee received testimony in support of this measure from the Department of Human Services, Office of Community Services, one member of the Kaua'i County Council, St. Elizabeth's Church, Hawai'i Public Health Institute, Hawaii Primary Care Association, Ulupono Initiative, Hawai'i Farm Bureau, The Food Basket Inc., Maui Food Bank, Hawai'i Foodbank, Hawaii Food Industry Association, Hawai'i Hunger Action Network, Hawaii Medical Service Association, Hawai'i Children's Action Network Speaks!, and three individuals.

Your Committee finds that food security is one of the greatest challenges facing the State's residents, with one in six Hawaii residents facing food insecurity, including nearly one in four children. Your Committee further finds that the State's food banks and their partners provide a critical safety net in response to ongoing food security in Hawaii caused by natural disasters, economic pressures, and the State's high cost of living. However, due to rising inflation driving up food prices over the past three years, the State's food banks are experiencing decreased purchasing power at a time of growing demand for their services.

Your Committee notes that since March 2020, the federally-funded Supplemental Nutrition Assistance Program (SNAP) has provided recipient households with additional monthly SNAP benefits authorized by the federal Families First Coronavirus Response Act, known as the Supplemental Emergency Allotment. The last Supplemental Emergency Allotment payment will be in March 2023 and the end of these benefits will directly impact approximately eighty-seven thousand households statewide. This measure provides the Office of Community Services additional funds with which to purchase and distribute food, which will enable the State's food banks to continue to meet the needs of individuals and families facing food insecurity.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 460, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 460, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1347 Transportation on S.B. No. 989

The purpose of this measure is to prohibit trespass with an unmanned aircraft system.

Your Committee received testimony in support of this measure from the Honolulu Tower AOA and one individual. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that usage of unmanned aircraft systems, commonly known as drones, has become increasingly popular across the State. Drones have approached private property, hovering nearby at various times throughout the day. However, there is presently a lack of regulation regarding drone usage and enforcement in private areas. Your Committee further finds this measure addresses the concerns of residents across the State, while also establishing enforcement measures to promote responsible drone usage.

Your Committee has amended this measure by:

- (1) Clarifying that the offense is committed when a person intentionally causes an unmanned aircraft system to cross the property line of another, rather than enter the property;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Judiciary & Hawaiian Affairs, should it deliberate on this measure, to consider whether the offense of trespassing with an unmanned aircraft system should be broadened to include crossing the property line of another specifically to take photos of or spy on another person. Which may not necessarily fall within the scope of coercion, intimidation, or harassment.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 989, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 989, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1348 Transportation on S.B. No. 1173

The purpose of this measure is to:

- (1) Prohibit a person from causing a diesel or gas-powered vehicle to discharge clearly visible smoke, soot, or other exhaust emissions onto another person or motor vehicle; and
- (2) Establish a \$500 fine for violators.

Your Committee received testimony in support of this measure from Hawaii Bicycling League. Your Committee received testimony in opposition to this measure from 808 Street Chevy Street Trucks and 808 Street Rods, Polynesian Adventure Tours, Hawaii Transportation Association, Hawaii Logistic Services, and one individual. Your Committee received comments on this measure from Oahu Motorsports Association.

Your Committee finds that the practice of intentional discharge of diesel exhaust, also known as "rolling coal", poses a threat to the environment and public health. While advances in emission technology have improved to capture and burn soot with diesel particulate filter systems, the intentional modification of such systems creates a public annoyance and further environmental harm. Your Committee further finds that this measure protects public health and safety while also reducing the concentration of air pollutants.

Your Committee has amended this measure by:

- (1) Clarifying what constitutes the intentional release of exhaust emissions;

- (2) Inserting language to exempt certain drag racing events, military events, community events, and parade events;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1173, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1173, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1349 Transportation on S.B. No. 1505

The purpose of this measure is to authorize the Department of Transportation to restrict vessels that have been reported to have engaged in specific unlawful, unpermitted, or unlicensed activities from entering or departing ports in the State's commercial harbor system.

Your Committee received testimony in support of this measure from the Department of Transportation and Benioff Ocean Science Laboratory. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure limits undersea mining that is harmful to undersea ecosystems and trafficking illegal commodities sourced from these mining activities. Your Committee further finds that this measure gives the Department of Transportation authority to take action upon receipt of notice from a federal agency or law enforcement agency that a vessel or crew has engaged in specified unlawful activities.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1505, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1505, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1350 Judiciary & Hawaiian Affairs on S.B. No. 1078

The purpose of this measure is to:

- (1) Establish a Statewide Electronic Citation Program within the Judiciary and require the Judiciary to adopt procedures to implement the Program; and
- (2) Appropriate funds for the Statewide Electronic Citation Program.

Your Committee received testimony in support of this measure from the Judiciary, Department of Transportation, Honolulu Police Department, and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that a Statewide Electronic Citation Program will streamline and modernize the issuance and processing of citations, which will allow law enforcement to spend less time on paperwork and data entry and more time on responding to calls and community concerns. Your Committee further finds that the Statewide Electronic Citation Program will assist the Judiciary in reducing clerical issues, processing delays, and citation dismissals.

Your Committee has amended this measure by:

- (1) Placing the Statewide Electronic Citation Program in a more appropriate statutory chapter;
- (2) Amending the definition "electronic citation" to include reference to petty misdemeanor citations; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$370,000 for full integration of electronic citations with the Judiciary Information Management System; \$25,000 per each fiscal year for the annual recurring cost for the licenses of the Judiciary document management system; and \$68,556 for one permanent full-time equivalent project specialist position.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1078, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1078, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8; Ayes with Reservations (Ganaden). Noes, none. Excused, 2 (Hashimoto, Kong).

SCRep. 1351 Judiciary & Hawaiian Affairs on S.B. No. 1411

The purpose of this measure is to:

- (1) Specify that monies in the State Highway Fund may be expended for the cost of establishing and maintaining a Drug and Alcohol Toxicology Testing Laboratory;
- (2) Rename the State Drug and Alcohol Toxicology Testing Laboratory, and its special fund, to remove the word "State";
- (3) Specify that monies in the Drug and Alcohol Toxicology Testing Laboratory Special Fund shall be administered and expended by the Department of Transportation or appropriated as a grant-in-aid to the emergency services department of a county with a population of five hundred thousand or more;
- (4) Delay the repeal date of provisions related to the Drug and Alcohol Toxicology Testing Laboratory and its special fund; and
- (5) Appropriate funds for the Drug and Alcohol Toxicology Testing Laboratory.

Your Committee received testimony in support of this measure from the Department of Transportation and Hawai'i Public Health Institute.

Your Committee finds that the Department of Health cannot fulfill the immediate and urgent need for blood alcohol testing at this time. However, the City and County of Honolulu Emergency Services Department can fulfill these services if provided the necessary funding. This measure would authorize monies

in the Drug and Alcohol Toxicology Testing Laboratory Special Fund to be appropriated to the City and County of Honolulu Emergency Services Department to support a Drug and Alcohol Toxicology Testing Laboratory.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1411, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1411, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Hashimoto, Kong).

SCRep. 1352 Judiciary & Hawaiian Affairs on S.B. No. 1609

The purpose of this measure is to:

- (1) Appropriate funds to the Department of Business, Economic Development, and Tourism and Department of Land and Natural Resources to provide grants to tax-exempt nonprofit organizations that have experience and expertise in supporting and advancing Native Hawaiian communities; and
- (2) Amend Act 195, Session Laws of Hawaii 2022, to include additional grant requirements.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Mayor of the County of Maui, Council for Native Hawaiian Advancement, Kapolei Chamber of Commerce, and three individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Department of the Attorney General, and Department of Budget and Finance.

Your Committee finds that this measure supports Native Hawaiian communities and culture by tailoring assistance programs to benefit these communities, while capitalizing on organizations with experience providing assistance and support to Native Hawaiian communities.

Your Committee has amended this measure by deleting its contents and inserting the contents of its companion measure, H.B. No. 1508, H.D. 1, which previously passed the House, and which appropriates funds to the Department of Business, Economic Development, and Tourism and Department of Land and Natural Resources to improve Native Hawaiian communities and culture through various assistance services. Your Committee has further amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1609, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1609, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1353 Judiciary & Hawaiian Affairs on S.B. No. 753

The purpose of this measure is to require any retail establishment with an employee-only restroom to permit a customer suffering from an eligible medical condition to use that restroom during normal business hours under certain condition.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, Disability and Communication Access Board, Big Island Ostomy Group, and one individual. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii and ABC Stores. Your Committee received comments on this measure from the Hawaii Association for Justice.

Your Committee finds that many individuals with medical conditions that require frequent or urgent access to a restroom feel housebound or limited in their daily activities due to the need to be near a restroom. This measure would allow these individuals to live more freely, increase business for smaller retailers, and promote awareness of disabilities and the need for access.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 753, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 753, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Hashimoto, Kong).

SCRep. 1354 Judiciary & Hawaiian Affairs on S.B. No. 738

The purpose of this measure is to authorize the Department of Hawaiian Home Lands to:

- (1) Administer a lease award program for beneficiaries on the waiting list who are at least sixty years old or terminally ill and provide those beneficiaries with an option to designate a qualified successor; and
- (2) Grant posthumous lease awards directly to qualified successors of beneficiaries who were on the waiting list; provided that the successors file a claim for a lease award within four years of the effective date of this measure.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai'i, Hydroponics Alternatives LLC, and eleven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that this measure will provide an avenue for certain beneficiaries awaiting a homestead lease to receive lease awards and allow these beneficiaries to designate a qualified successor.

Your Committee has amended this measure by:

- (1) Clarifying that the posthumous lease awards are for qualified successors of beneficiaries who, at the time death, were:
 - (A) At least sixty years old or terminally ill; and
 - (B) On the waiting list;
- (2) Defining the term "terminally ill"; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider providing the Department of Hawaiian Home Lands with two years to effectuate this measure.

Your Committee notes that, if necessary, this measure may require consultation with the United States Department of the Interior and approval by Congress.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 738, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 738, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1355 Judiciary & Hawaiian Affairs on S.B. No. 813

The purpose of this measure is to require the Judiciary to increase the hourly fees, reimbursement rate, and commuter-time compensation rate for court interpreters to reflect the significant increase in the cost of living in Hawaii.

Your Committee received testimony in support of this measure from the Judiciary, Supreme Court Committee on Court Interpreters and Language Access; Subcommittee on Interpreter Fees, Office of Language Access, Office of the Prosecuting Attorney of the County of Hawai'i, The Legal Clinic, Hawai'i Coalition for Immigrant Rights, and numerous individuals. Your Committee received comments on this measure from one individual.

Your Committee finds court interpreters provide essential language services to ensure access to justice for court users with limited English proficiency. Your Committee believes that court interpreters should be paid fairly for their highly specialized field of work.

Your Committee has amended this measure by:

- (1) Beginning in 2026 and every three years thereafter, requiring the Judiciary to conduct a study on interpreter fees, including the impact of changes to the State's consumer price index and recommendations on adjustments to the fee rates, and submit its findings and recommendations to the Chief Justice for consideration;
- (2) Clarifying that the mileage reimbursement rate be adjusted based on the Internal Revenue Service standard mileage rate on January 1 of each year; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that this measure provides for an annual increase of the interpreter hourly fees reflecting the increase in the consumer price index. Your Committee further notes, however, that the Judiciary will need a corresponding appropriation each year to fulfill those annual increases.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$300,000.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 813, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 813, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Hashimoto, Kong).

SCRep. 1356 Judiciary & Hawaiian Affairs on S.B. No. 297

The purpose of this measure is to require organizations to obtain legislative approval before the disposition of land that was acquired using state grants, but only if the land was acquired after the effective date of this measure.

Your Committee received testimony in support of this measure from the Office of Community Services.

Your Committee finds that under existing law, land acquired by a nonprofit organization with state grant funds has a recorded encumbrance on the property that requires the nonprofit organization to negotiate with the expending agency for a repayment of state grant funds used when the organization wishes to dispose of the land.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 297, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 297, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1357 Judiciary & Hawaiian Affairs on S.B. No. 221

The purpose of this measure is to appropriate funds to the Department of the Prosecuting Attorney of the City and County of Honolulu as a grant-in-aid for its Victim Witness Assistance Program, also known as the Victim Witness Kokua Services Unit.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, and one individual.

Your Committee finds that the funding provided by this measure will help guide victims, witnesses, and surviving family members through the criminal justice system.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$736,785.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 221, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 221, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1358 Judiciary & Hawaiian Affairs on S.B. No. 222

The purpose of this measure is to appropriate funds to the Department of the Prosecuting Attorney of the City and County of Honolulu as a grant-in-aid for the Career Criminal Prosecution Unit.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of the Prosecuting Attorney of the City and County of Honolulu, Retail Merchants of Hawaii, and one individual.

Your Committee finds that the Career Criminal Prosecution Unit was created because a disproportionate number of serious crimes are committed against the public by a relatively small number of individuals who are multiple and repeat felony offenders. This measure will help support the prosecution of these career criminals.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$708,806.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 222, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 222, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1359 Judiciary & Hawaiian Affairs on S.B. No. 483

The purpose of this measure is to update the Uniform Probate Code to reflect Hawaii law and practice.

Your Committee received testimony in support of this measure from the Judiciary and Commission to Promote Uniform Laws. Your Committee received comments on this measure from one individual.

Your Committee finds that the Uniform Probate Code is a national codification of law that provides clarity and uniformity in probate law and interpretation. Your Committee further finds that it has been nearly thirty years since the Uniform Probate Code was last updated in Hawaii. This measure would provide necessary updates to adjust for inflation, provide additional clarity, resolve issues that have arisen in probate practice, and address societal changes in familial relations.

Your Committee has amended this measure by:

- (1) Defining "probate proceeding" under the Uniform Probate Code;
- (2) Deleting language that would have allowed a supervised administration seeking an adjudication of intestacy to be commenced under certain conditions and circumstances if there had been a prior probate proceeding;
- (3) Clarifying that the authenticated copy of a will probated, filed, deposited, or lodged in another jurisdiction that may accompany an application for informal probate of a will must be an authenticated copy of an original will; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 483, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 483, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Hashimoto, Kong).

SCRep. 1360 Culture, Arts & International Affairs on S.B. No. 1504

The purpose of this measure is to:

- (1) Establish the Museum of Modern Hawaii History;
- (2) Convene a task force within the State Foundation on Culture and the Arts to develop plans for the establishment, construction, and operations of the Museum; and
- (3) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; State Foundation on Culture and the Arts; King Kamehameha V Judiciary History Center; Ukulele Friend, LLC; and two individuals.

Your Committee finds that Hawaii has contributed significantly to national and global events and progress. Your Committee further finds that the establishment of the Museum of Modern Hawaii History will allow the State to highlight these contributions and provide a location to properly exhibit the vast collection of historical documents and artifacts currently within the possession of the Hawaii State Archives.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1504, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1504, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7; Ayes with Reservations (Kapela). Noes, none. Excused, none.

SCRep. 1361 Health & Homelessness on S.B. No. 164

The purpose of this measure is to appropriate funds for the Hawaii State Loan Repayment Program to provide loan repayment for health care professionals who commit to work in a federally-designated health professional shortage area in the State.

Your Committee received testimony in support of this measure from the Department of Health, Department of Labor and Industrial Relations, University of Hawai'i at Mānoa John A. Burns School of Medicine, Hawai'i State Center for Nursing, Kaiser Permanente Hawai'i, Hawai'i Pacific Health, AlohaCare, Hawai'i Primary Care Association, Hawaii Medical Association, Hawaii Substance Abuse Coalition, Hawaii Dental Association, Healthcare Association of Hawaii, Kūpuna Caucus of the Democratic Party of Hawai'i, The Queen's Health System, Hawai'i Psychological Association, The Hawaiian Islands Association for Marriage and Family Therapy, National Association of Social Workers – Hawaii Chapter, Hawaii Friends of Civil Rights, Hawaii Medical Service Association, and one individual.

Your Committee finds that the Hawaii State Loan Repayment Program, which is administered by the John A. Burns School of Medicine, has achieved considerable success in educating, training, and recruiting health care professionals to work in underserved areas. This program leverages public funds and private donations to access matching federal funds through the State Loan Repayment Program of the National Health Service Corps Branch of the United States Department of Health and Human Services. Since September 2012, the loan repayment program has supported seventy-six recipients in exchange for work commitments in underserved geographic practice areas in Hawaii, eighty percent of whom have remained in the State to practice after graduation. The state matching funds appropriated by this measure will enable the John A. Burns School of Medicine to draw down as much federal money as possible and allow the program to provide loan repayment to more health care professionals, which will help in the ongoing efforts to alleviate the health care professional shortages in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the name of the federal program that underwrites the Hawaii State Loan Repayment Program is the National Health Service Corps Branch State Loan Repayment Program; and
- (2) Changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 164, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 164, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1362 Health & Homelessness on S.B. No. 346

The purpose of this measure is to provide flexibility in the use of sirens by authorized emergency vehicles in certain circumstances.

Your Committee received testimony in support of this measure from the Waikiki Neighborhood Board No. 9, Liliuokalani Gardens AOA, Citizens Against Noise, State of Hawaii Organization of Police Officers, and nine individuals.

Your Committee finds that there is some confusion about whether the use of a siren by an emergency vehicle is mandatory in all circumstances. This measure seeks to resolve that confusion by providing flexibility in the use of sirens by authorized emergency vehicles.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 346, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 1363 Health & Homelessness on S.B. No. 1370

The purpose of this measure is to:

- (1) Establish standard and short-term licenses and license fees to solemnize marriages; and
- (2) Specify in what amount and into which fund license fees shall be deposited.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that Act 221, Session Laws of Hawaii 2021, established a mechanism for the issuance of a civil license to solemnize a marriage, including the establishment of a fee structure for the issuance of the civil license. Your Committee further finds that this fee structure has created an unintentional imbalance, as there are currently no fees for religious or judicial licenses to solemnize marriage. This measure is intended to establish parity between all types of officiants by establishing an across-the-board fee for persons wishing to solemnize marriages of any kind.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1370, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 1364 Health & Homelessness on S.B. No. 390

The purpose of this measure is to repeal the sunset date of section 2 of Act 119, Session Laws of Hawaii 2021, and make permanent the ability of the Hawaii Medical Board to issue licenses for emergency medical responders and other emergency ambulance personnel, based on certain requirements.

Your Committee received testimony in support of this measure from the Hawaii Medical Board. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that Act 119, Session Laws of Hawaii 2021, as amended by Act 65, Session Laws of Hawaii 2022, temporarily established a licensure category for emergency medical technicians who only have a National Registry of Emergency Medical Technician certification. These emergency medical technicians provide life-saving care with minimal equipment to critical care patients. This measure makes permanent the requirement that the Hawaii Medical Board issue licenses in four levels of emergency response practice and the establishment of an additional licensure category for emergency medical technicians who are certified at a higher practice level than emergency medical technicians but do not provide ambulance services.

Your Committee further finds that the development of an emergency medical response workforce is critical to the resilience and peace of mind of the State's residents. Part of the development of an adequate emergency medical response is ensuring the availability of appropriate emergency medical response vehicles, including air ambulances.

Accordingly, your Committee has amended this measure by:

- (1) Appropriating an unspecified sum to increase the predictability and stability of the State's air ambulance services for all islands; provided that all funds be matched on a dollar-for-dollar basis by the counties;
- (2) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 390, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 390, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 1365 Education on S.B. No. 7

The purpose of this measure is to make necessary housekeeping amendments to clarify certain references to the School Facilities Authority used in section 302A-1151.1, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the School Facilities Authority.

Your Committee finds that Act 217, Session Laws of Hawaii 2021 (Act 217), replaced the terms "Department", "Board", or "Board of Education" with "School Facilities Authority" in section 302A-1151.1, Hawaii Revised Statutes. The amended statute currently contains redundant and confusing references to the School Facilities Authority that need clarification. This measure will clarify certain references to "School Facilities Authority" and ensure that Act 217's intended purpose is properly effectuated.

Your Committee has amended this measure by changing the effective date to June 30, 3000.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 7, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 7, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Perruso, Quinlan).

SCRep. 1366 Education on S.B. No. 107

The purpose of this measure is to:

- (1) Require a majority of the members of the Board of Education, rather than the Governor, to elect a chairperson from among the members of the Board;
- (2) Authorize the members of the Board of Education to annually elect a chairperson upon the start of the next confirmed term for Board members; and
- (3) Repeal the requirement that the chairperson of the Board be an at-large member.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Board of Education.

Your Committee finds that existing law requires the Governor to select the Chairperson of the Board of Education from among the at-large members of the Board. Your Committee further finds that a delay in the appointment of a Chairperson of the Board of Education may occur during periods of transition between administrations. Your Committee believes that authorizing the members of the Board of Education to elect a chairperson from among the members of the Board will provide stability in the Board's leadership, especially in periods of transition between administrations.

Your Committee has amended this measure by changing the effective date to June 30, 3000.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 107, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 107, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Perruso, Quinlan).

SCRep. 1367 Education on S.B. No. 531

The purpose of this measure is to require the Executive Director of the School Facilities Authority to be appointed by the School Facilities Authority Board, rather than by the Governor.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the Executive Director of the School Facilities Authority is currently appointed by the Governor, with the advice and consent of the Senate. Your Committee further finds that other agencies administratively attached to the Department of Education, including the Executive Office on Early Learning, State Public Charter School Commission, and the State Library System, require their respective boards to appoint their agency's executive director. This measure will promote uniformity between agencies that are administratively attached to the Department of Education by authorizing the School Facilities Authority Board to appoint the Executive Director of the School Facilities Authority.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 531, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 531, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Perruso, Quinlan).

SCRep. 1368 Education on S.B. No. 154

The purpose of this measure is to require and appropriate funds for the Department of Education to develop and implement a School Meal Subsidy Program to provide school lunch subsidies to children whose families do not otherwise qualify for free lunch under the federal Free and Reduced Price Lunch Program, subject to income eligibility.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii State Council on Developmental Disabilities, Hawai'i Public Health Institute, Hawaii Appleseed Center for Law & Economic Justice, Hawaii State Teachers Association, Hawai'i Children's Action Network Speaks!, Hawai'i Alliance for Progressive Action, Democratic Party of Hawai'i Education Caucus, Hawai'i Hunger Action Network, Hawai'i Farmers Union United, Malama Kaua'i, and three individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education and Executive Office on Early Learning.

Your Committee finds that the National School Lunch Program is a federally assisted meal program for schools that provides daily low-cost or free meals to children from households making a certain income. Your Committee further finds that the Department of Education estimates that up to fifteen thousand children each year from gap groups do not qualify for the National School Lunch Program. Your Committee believes that providing equal access to food services for students ensures that all public school students are provided quality education and school meals.

Your Committee has amended this measure by:

- (1) Changing the effective date to March 30, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 154, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 154, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Garcia). Excused, 2 (Perruso, Quinlan).

SCRep. 1369 Education on S.B. No. 156

The purpose of this measure is to require the Board of Education to:

- (1) Hold no less than six community forums annually, with at least one community forum in each county;
- (2) Include an open forum for public comments on non-agenda items; and
- (3) Report to the Legislature on implementing the open forums.

Your Committee received testimony in support of this measure from the Office of Information Practices and one individual. Your Committee received comments on this measure from the Board of Education.

Your Committee finds that community forums held by the Board of Education will improve the public's access to the Board and allow the public to provide the Board with more information to help with decision-making and priority setting. Your Committee further finds that greater access to the Board of Education for communities in each county across the State through community forums will allow the Board to hear from additional community stakeholders.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 156, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 156, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Perruso, Quinlan).

SCRep. 1370 Education on S.B. No. 971

The purpose of this measure is to:

- (1) Require the Department of Education to collect certain data on county bus pass usage for public high school and charter school students and report annually to the Legislature on the Department's findings and data collected; and
- (2) Appropriate funds to the Department of Education to provide bus passes for all public high school and charter school students.

Your Committee received testimony in support of this measure from the Department of Education, State Public Charter School Commission, Hawai'i Climate Change Mitigation and Adaptation Commission, Department of Transportation Services of the City and County of Honolulu, Ulupono Initiative, Democratic Party of Hawai'i Education Caucus, and two individuals. Your Committee received comments on this measure from the Department of Attorney General.

Your Committee finds that, although the Department of Education is authorized to provide transportation to and from school for students, a bus driver shortage has led to significant lapses in transportation services. At the beginning of the 2021-2022 academic school year, the Department of Education had a shortage of one hundred bus drivers, leading to disruptions to timing and schedule consistency, consolidations, and cancellations of school bus routes. Your Committee notes that other cities in the United States offer student free-fare transportation, which reduced student excused absences and increased academic growth.

Your Committee further finds that the Department of Education currently distributes an average of six hundred bus passes per month. However, for students to qualify for a bus pass, they must meet strict demographic eligibility requirements. Your Committee believes that offering student transportation through a

county bus pass for all public high school and charter school students will increase reliable transportation options and alleviate the need for additional school bus drivers.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 971, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 971, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Perruso, Quinlan).

SCRep. 1371 Education on S.B. No. 1022

The purpose of this measure is to:

- (1) Establish general qualifications for members of the Early Learning Board appointed by the Governor; and
- (2) Amend the composition of the voting members of the Early Learning Board to consist of individuals from each county, rather than from particular entities or types of providers.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Early Learning Board.

Your Committee finds that establishing general qualifications for members of the Early Learning Board will ensure that nominees have substantial leadership experience and understand the expectations of participating on the Board. Your Committee further finds that amending the composition of the Early Learning Board to consist of individuals from each county will allow the Board to formulate statewide policy relating to early learning that directly addresses each county's diverse needs.

Your Committee has amended this measure by:

- (1) Clarifying the minimum qualifications that each nominee to the Early Learning Board shall meet to require each nominee to:
 - (A) Have an understanding of early learning governance or be willing to be trained in early learning governance rather than in best practices; and
 - (B) Have an understanding of the Board's responsibility in developing and promoting a clear, long-term strategic vision for early learning and systems building;
- (2) Amending the qualifications that each nominee to the Early Learning Board shall ideally meet to:
 - (A) Clarify that each nominee demonstrate a deep and abiding interest in early childhood and a dedication to the social, academic, and healthy development of children; and
 - (B) Require that each nominee bring an expertise in one or more professional disciplines of education, health, human services, business, workforce development, family engagement, early childhood development, or brain development;
- (3) Changing the composition of the Early Learning Board to:
 - (A) Reduce the number of voting members from the City and County of Honolulu from three voting members to one voting member;
 - (B) Add one voting member who is a representative of Hawaiian medium early learning providers; and
 - (C) Add one voting member who is a pediatrician with child development focus;
- (4) Requiring the Early Learning Board to create an Early Learning Stakeholder Advisory Council to advise the Board, which shall meet at least four times a year and whose members may serve on Board subcommittees;
- (5) Changing the effective date to June 30, 3000; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1022, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1022, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Perruso, Quinlan).

SCRep. 1372 Education on S.B. No. 830

The purpose of this measure is to:

- (1) Require each Department of Education school to establish a critical emergency response team and procedures to respond immediately to critical emergencies; and
- (2) Appropriate funds for Department of Education schools to implement the critical emergency response teams.

Your Committee received testimony in support of this measure from seven individuals. Your Committee received testimony in support of the intent of this measure from the Department of Education. Your Committee received comments on this measure from the Hawaii Association for Justice and two individuals.

Your Committee finds that H.B. 942, H.D. 1 (Regular Session of 2023), the companion to this measure, was previously passed by the House.

Your Committee has amended this measure by:

- (1) Inserting language from H.B. No. 942, H.D. 1, (Regular Session of 2023), that:
 - (A) Removed the establishment of procedures for the critical emergency response teams;
 - (B) Requires each public charter school to establish a critical emergency response team;

- (C) Appropriates an unspecified amount of funds to the State Public Charter School Commission for critical emergency teams at the charter schools;
- (D) Updates its purpose; and
- (E) Changes the effective date to June 30, 3000; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 830, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 830, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Perruso, Quinlan).

SCRep. 1373 Labor & Government Operations on S.B. No. 193

The purpose of this measure is to add to the membership of the State Fire Council and identify additional advisory committee representatives that the State Fire Council may appoint.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, State Fire Council, Honolulu Fire Department, and one individual.

Your Committee finds that the Division of Forestry and Wildlife of the Department of Land and Natural Resources is the primary responder for wildfires on twenty-six percent of the land area in Hawaii and has approximately one hundred fifty staff trained to respond. The Hawaii State Aircraft Rescue Fire Fighting Unit and the Division of Forestry and Wildlife communicate and collaborate with the county fire departments on a regular basis during emergency incidents and non-emergency administrative matters.

Your Committee further finds that these two agencies provide specialty expertise and equipment in emergent and non-emergent environments which the county fire departments do not possess due to training, funding, or mission requirements. Your Committee finds that enlisting representatives from the Hawaii State Aircraft Rescue Fire Fighting Unit and the Division of Forestry and Wildlife as members of the State Fire Council would promote further engagement with county fire departments on core issues affecting natural resources and public safety.

Your Committee notes that this measure contains an effective date of upon approval.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 193, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1374 Labor & Government Operations on S.B. No. 811

The purpose of this measure is to:

- (1) Require any state agency, board, or commission that collects demographic data regarding ancestry or ethnic origin to use specific collection categories and tabulations and include that data in specified demographic reports;
- (2) Require certain departments to compile and share with the Office of Hawaiian Affairs, Office of Health Equity of the Department of Health, and general public their disaggregated data on Native Hawaiians, Pacific Islanders, and Asians; and
- (3) Establish a Task Force on Twenty-first Century Data Governance to assess current demographic data collection, processing, retention, and sharing procedures used and the needs of and challenges faced by all state agencies and report to the Legislature on its findings and recommendations.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Coalition for Immigrant Rights, Papa Ola Lokahi, Hawai'i Friends of Civil Rights, and one individual. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, Department of Human Services, University of Hawai'i System, and one individual.

Your Committee finds that Asian Americans, Native Hawaiians, and other Pacific Islanders represent 46.5 percent of the State's population. Given the diversity of languages and cultures, separating data for these ethnic groups and making that data accessible is critical to an understanding of the needs of these communities. In particular, the State has unique trust responsibilities with respect to Native Hawaiians that involve a variety of state agencies. The uniform collection and sharing of data specific to Native Hawaiians will allow the State to more effectively address community initiatives and programs.

Your Committee has amended this measure by:

- (1) Clarifying that state agencies, boards, or commissions shall not be required to publicly report data if prevented from doing so by federal or state law, but that these entities shall make a good faith effort to redact information that is not available for disclosure so that the rest of the data can be made public; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 811, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 811, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1375 Labor & Government Operations on S.B. No. 1082

The purpose of this measure is to:

- (1) Effective January 1, 2025, require all state- and privately-owned parking lots in the State that contain public paid parking spaces to accept payment of parking fees by credit card and debit card;
- (2) Require all state- and privately-owned parking meters in the State that collect parking fees for any public paid parking space to be maintained in working order to accept payment by credit card and debit card;

- (3) Define motor vehicle, parking meter, and public parking space for these purposes; and
- (4) Require the Department of Accounting and General Services and the counties to submit reports to the Legislature on the status of implementation of these requirements.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Department of Transportation Services of the City and County of Honolulu, and one individual.

Your Committee finds that the Department of Accounting and General Services has already begun the conversion to allow for the acceptance of payment by credit card and debit card at eight of the twelve parking facilities on Oahu that the Department manages and is currently working on upgrading eight facilities on the neighbor islands. Your Committee further finds that options to pay by credit or debit card will offer greater convenience for much of the driving public.

Your Committee has amended this measure by:

- (1) Limiting the application of these requirements to state- and county-owned parking lots only;
- (2) Allowing the State and counties to choose to stop accepting cash at any parking lot they own at their discretion;
- (3) Clarifying that the annual reports to the Legislature on the status of implementation of these requirements shall cease once the requirements have been implemented; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1082, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1082, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1376 Labor & Government Operations on S.B. No. 1135

The purpose of this measure is to require cash or protest bonds to be returned to the initiating parties, minus administrative costs, except in cases where the appeal was frivolous or made in bad faith.

Your Committee received testimony in support of this measure from S & M Sakamoto, Inc.; Ralph S. Inouye Co., Ltd.; Healy Tibbitts Builders, Inc.; General Contractors Association of Hawaii; Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee; and Alan Shintani, Inc. Your Committee received testimony in opposition to this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu.

Your Committee finds that allowing for the return of cash or protest bonds, unless the appeal is found to be frivolous or in bad faith, ensures a balance that deters frivolous appeals without also deterring legitimate appeals on large projects.

Your Committee has amended this measure by having twice the amount of the administrative costs incurred on appeal, as determined by the Office of Administrative Hearings of the Department of Commerce and Consumer Affairs, deducted from the cash or protest bond returned to the initiating party, where the appeal is not found to be frivolous or made in bad faith.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1135, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1135, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1377 Consumer Protection & Commerce on S.B. No. 855

The purpose of this measure is to:

- (1) Authorize a condominium association to provide a summary of the required information in its budget;
- (2) Authorize a condominium association's reserve study to forecast a loan or special assessment to fund life safety equipment or installations for buildings located in a county with a population greater than five hundred thousand;
- (3) Authorize a condominium association to use an independent reserve study preparer to conduct a reserve study on behalf of the condominium; and
- (4) Clarify the information to be included in the explanation of how the estimated replacement reserves contributions for an association are computed.

Your Committee received testimony in support of this measure from the Hawaii Council of Associations of Apartment Owners; Palehua Townhouse Association; Community Associations Institute, Hawaii Chapter; and five individuals. Your Committee received comments on this measure from Hui 'Oia'i'o.

Your Committee finds that automatic fire sprinkler systems provide valuable protection to persons and their homes, especially in condominium buildings. Your Committee further finds it is cost prohibitive to retrofit a condominium building for the installation of an automatic fire sprinkler system. As an alternative, condominium associations may install fire prevention and fire safety systems to reduce the risk of injury and death to residents and fire fighters. To take into account an association's efforts to install such systems, those costs should be included in the association's budget. This measure promotes transparency in an association's budget when accounting for necessary installation of fire prevention and fire safety systems and will clarify and expand reserve requirements to ensure that condominium projects will continue to remain structurally sound.

Your Committee has amended this measure by:

- (1) Changing all references from "replacement reserves contributions" to "replacement reserves assessments"; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 855, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 855, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1378 Consumer Protection & Commerce on S.B. No. 434

The purpose of this measure is to:

- (1) Require sponsored captive insurance companies to maintain separate protected cells for separate participant contracts;
- (2) Authorize captive insurance companies to apply for a certificate of exemption from examination from the Insurance Commissioner; provided that certain conditions are met;
- (3) Require protected cells established by sponsored captive insurance companies to be approved by the Insurance Commissioner;
- (4) Authorize sponsored captive insurance companies to establish and maintain protected cells to insure risks of parties unaffiliated with a participant under certain circumstances; and
- (5) Require a participant, through a sponsored captive insurance company, to insure only risks approved by the Insurance Commissioner.

Your Committee received testimony in support of this measure from the Hawaii Captive Insurance Council; Brown & Brown; Accuity LLP; Freeman Decorating Co.; Cooperative of American Physicians Insurance Company, Inc.; CPN Insurance Corporation; Paramount Insurance, Inc.; Webcor, L.P.; WTW; Aon Insurance Managers (USA) Inc.; and two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the State is home to a robust captive insurance market, as the State is the fifth largest captive domicile in the United States and the eighth largest domicile worldwide. This measure provides flexibility to captive insurance companies and allows the regulatory environment to be responsive and efficient.

Your Committee has amended this measure by:

- (1) Deleting from the list of conditions for obtaining a certificate of exemption that the applicant demonstrate other good cause for the exemption; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 434, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 434, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1379 Consumer Protection & Commerce on S.B. No. 945

The purpose of this measure is to:

- (1) Beginning January 1, 2025, establish a program for the licensure, regulation, and oversight of special purpose digital currency companies in the State; and
- (2) Allow any company participating in the Digital Currency Innovation Lab on June 30, 2023, to continue operations if a complete licensure application is submitted to the Division of Financial Institutions of the Department of Commerce and Consumer Affairs by March 1, 2025.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawaii Technology Development Corporation, The Cryptokeniken Project, and one individual. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committee finds that the Division of Financial Institutions of the Department of Commerce and Consumer Affairs and Hawaii Technology Development Corporation have been conducting research on digital currencies through their joint study in the Digital Currency Innovation Lab. The Innovation Lab currently consists of eleven digital currency companies and has allowed participation from more than 105,000 Hawaii customers transacting hundreds of millions of dollars each quarter. Since its inception in 2020, the Innovation Lab has received only forty-five complaints from Hawaii customers.

Your Committee further finds that through the research conducted in the Innovation Lab, the Division learned that the existing regulatory scheme of the money transmitter laws do not comport with the activities conducted by digital currency companies. Your Committee additionally finds that the collapses of various digital currency exchanges in 2022 underscore the significant need for government regulation of digital currencies for consumer protection. This measure applies information gained from the Innovation Lab to establish a new licensing framework for digital currency companies in the State and would allow any company participating in the Innovation Lab on June 30, 2023, to continue operations if a complete licensure application is submitted to the Division of Financial Institutions by a certain date.

Your Committee additionally finds that H.B. 1261, H.D. 1 (Regular Session of 2023), a substantially similar measure, was previously passed by your Committee.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. 1261, H.D. 1, a measure that:
 - (A) Beginning January 1, 2024, establishes a program for the licensure, regulation, and oversight of special purpose digital currency companies in the State;
 - (B) Allows any company participating in the Digital Currency Innovation Lab on June 30, 2023, to continue operations if a complete licensure application is submitted to the Division of Financial Institutions of the Department of Commerce and Consumer Affairs by March 1, 2024;
 - (C) Allows the Department of Commerce and Consumer Affairs to hire three full-time equivalent (3.0 FTE) positions for examiners and appropriates funds for those positions; and
 - (D) Takes effect on July 1, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 945, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 945, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Belatti, Hussey-Burdick, Tam).

SCRep. 1380 Consumer Protection & Commerce on S.B. No. 1468

The purpose of this measure is to establish a right of entry for a professional land surveyor and any assistant under the direct supervision of the land surveyor to conduct a survey of real property and any adjoining lands.

Your Committee received testimony in support of this measure from the Department of Design and Construction of the City and County of Honolulu, Hawaii Land Surveyors Association, and eight individuals. Your Committee received comments on this measure from the Hawai'i Association of REALTORS and Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

Your Committee finds that there is a public interest in maintaining a sound and uniform real property system by surveying common property boundaries. Your Committee notes that to properly conduct their surveys, professional land surveyors need access to abutting lands to record boundary lines, recover or reestablish boundary monuments or survey controls, and locate rights-of-way or improvements with positional discrepancies. This measure balances a surveyor's important task of completing surveys with a landowner's private property rights by establishing a mechanism for the land surveyor and landowner to negotiate a mutually agreed upon time and date for a survey, if required.

Your Committee has amended this measure by:

- (1) Specifying that the right to enter does not extend to buildings, structures, residences, or vehicles;
- (2) Combining the two separate notices into a single written notice that:
 - (A) Is to be provided no less than ten days before the proposed date of entry;
 - (B) Includes information on when the entry is to occur, the scope of work, and how objections and notifications of disruptions or interferences may be raised; and
 - (C) Is to be sent to the landowner, or person with an interest in, the real property to be surveyed and the landowner or occupier of adjoining lands;
- (3) Requiring that objections by landowners be expressly communicated no later than seventy-two hours before the date the survey work is to be performed;
- (4) Clarifying that the professional land surveyor or professional land surveyor's assistant is to carry the required identification and documents;
- (5) Expanding the shield for professional land surveyors and professional land surveyor assistants from trespass laws for accidental trespasses;
- (6) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1468, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1468, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Pierick). Excused, 3 (Belatti, Hussey-Burdick, Tam).

SCRep. 1381 Consumer Protection & Commerce on S.B. No. 410

The purpose of this measure is to:

- (1) Require the Judiciary and Examiners of Drivers to exclude dismissed traffic citations from a person's record, including the traffic abstract and the Judiciary's publicly accessible electronic database; and
- (2) Require the court to automatically seal or remove from the Judiciary's publicly accessible electronic database any information relevant to the arrest or case of a person for whom an expungement order has been entered.

Your Committee received testimony in support of this measure from the Office of the Public Defender and Community Alliance on Prisons. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that under existing law, in order to have judiciary records and other information pertaining to an arrest or case sealed or removed from the Judiciary's publicly accessible electronic database, an individual, for whom an expungement order was already granted, is required to petition the court to remove the relevant matters from the database. This additional petition takes time and resources, further impeding an individual's ability to fully participate in society. This measure will streamline the process for persons granted expungements.

Your Committee has amended this measure by:

- (1) Clarifying that, for purposes of sealing or otherwise removing information from the Judiciary's publicly accessible electronic databases, the expungement order must list the court case number and be transmitted to the court;
- (2) Changing the effective date to July 1, 2025; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the Judiciary estimated, in its written testimony submitted to your Committee, that the costs for updating the Judiciary's databases to accomplish the goals of this measure would be \$70,000. Your Committee respectfully requests that the Judiciary submit an appropriation request for this cost for the next Regular Session, as this measure is not referred to your Committee on Finance.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 410, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 410, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Belatti, Hussey-Burdick, Tam).

SCRep. 1382 Consumer Protection & Commerce on S.B. No. 438

The purpose of this measure is to amend the time frame and criteria for deeming an application as abandoned under the Professional and Vocational Licensing Act.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and Board of Nursing.

Your Committee finds that the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs is experiencing a high backlog of certain health care license applications. The backlog is mainly technical in nature, existing primarily as a result of the fact that since the COVID-19 pandemic began, many traveling health care professionals initiated applications, but did not move forward with completing the application due to the temporary nature of their employment under emergency proclamations. The applications are essentially abandoned, but existing law keeps an application open for two years. This measure would reduce the time frame an application is considered open from two years to one year and require the timely submission of relevant supporting documentation and the timely completion of the required examination.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 438 and recommends that it pass Second Reading and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1383 Consumer Protection & Commerce on S.B. No. 921

The purpose of this measure is to clarify that the tolling provision regarding actions by a condominium association against a developer applies to the statute of repose.

Your Committee received testimony in support of this measure from the Hawaii Council for Associations of Apartment Owners and three individuals.

Your Committee finds that under existing law, the period to bring an action against a developer is tolled for the period the developer retains control of the condominium project. This is necessary to prevent a developer from avoiding responsibility for design or construction defects simply by maintaining control of an association until after the statute of limitations period expires.

However, your Committee further finds that existing law does not expressly address the effect of the statute of repose applicable to construction to improve real property. This measure ensures that the statute of repose shall not affect an association's right of action against a developer sooner than two years after the period of developer control terminates.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 921 and recommends that it pass Second Reading and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Belatti, Hussey-Burdick, Tam).

SCRep. 1384 Consumer Protection & Commerce on S.B. No. 1327

The purpose of this measure is to authorize the electronic filing of documents by and with the Public Utilities Commission.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and Hawaiian Telcom. Your Committee received comments on this measure from the Disability and Communication Access Board.

Your Committee finds that Act 72, Session Laws of Hawaii 2021 (Act 72), authorized the Public Utilities Commission to use certain electronic filing processes along with certain electronic service of documents. However, your Committee further finds that Act 72 did not address all areas under the jurisdiction of the Public Utilities Commission. As such, certain provisions in the statutory chapters for utilities, motor carriers, and water carriers still do not allow for electronic filing or electronic service. This measure makes various housekeeping amendments to fully authorize electronic filing and accompanying electronic transmission of service of process by the Public Utilities Commission and parties within its jurisdiction.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1327, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1327, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Belatti, Hussey-Burdick, Tam).

SCRep. 1385 Judiciary & Hawaiian Affairs on S.B. No. 182

The purpose of this measure is to amend:

- (1) The filing deadline for disclosures of financial interest by candidates for state elective office or the constitutional convention;
- (2) The penalty for the unauthorized release of confidential financial disclosure information; and
- (3) The fines imposed and administrative procedures relating to disclosures of financial interests.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission and three individuals.

Your Committee finds that the current collection process for assessing ethics fines is unnecessarily complex and expensive. This measure would modernize the administrative process by allowing the fine to be assessed through a notice and order.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 182, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 182, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1386 Judiciary & Hawaiian Affairs on S.B. No. 1076

The purpose of this measure is to:

- (1) Require the Office of Elections to:
 - (A) Prepare a digital voter information guide;
 - (B) Post the guide on its website in compliance with certain accessibility standards; and
 - (C) Mail each ballot with a notice that states a voter information guide may be found on its website; and
- (2) Require the Attorney General and county corporation counsels to translate explanations of ballot questions into certain languages for purposes of the digital voter information guide.

Your Committee received testimony in support of this measure from the Commission to Improve Standards of Conduct, Disability and Communications Access Board, League of Women Voters of Hawaii, and five individuals. Your Committee received comments on this measure from the Office of Elections.

Your Committee finds that providing a digital voter information guide to registered voters of the State will create a more informed voting public and increase voter participation in elections.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$171,248.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1076, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1076, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1387 Judiciary & Hawaiian Affairs on S.B. No. 51

The purpose of this measure is to increase the fine that may be assessed for a violation of:

- (1) An organizational report requirement by a noncandidate committee;
- (2) Advertisement disclosure requirements by a noncandidate committee; and
- (3) The requirement that certain top contributors to noncandidate committees making only independent expenditures be identified in advertisements.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, League of Women Voters of Hawaii, and two individuals.

Your Committee finds that the candid disclosure of the source of financing for candidate advertisements can help to inform the electorate, frame the debate, and rebuild public trust in the process. Reporting and disclosure requirements for advertising about candidates are critical to evaluating the content and message being aired and meaningful fines are one way to enforce those requirements.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 51, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 51, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1388 Judiciary & Hawaiian Affairs on S.B. No. 494

The purpose of this measure is to:

- (1) Require each county to establish an expedited procedure for approvals of demolition permits for vacant residential properties; and
- (2) Allow the Department of Taxation to seek nonjudicial foreclosure sales of vacant and abandoned residential properties with outstanding recorded state tax liens.

Your Committee received testimony in support of this measure from two members of the Honolulu City Council, Department of Planning and Permitting of the City and County of Honolulu, Makiki/Lower Punchbowl/Tantalus Neighborhood Board No. 10, and one individual. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that it is in the public interest to encourage the use of residential properties and reduce the number of vacant and abandoned homes in Hawaii, which may become hazardous and sites for criminal activity.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the affected agencies are requesting a delayed effective date to enable them to adopt rules.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 494, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 494, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1389 Judiciary & Hawaiian Affairs on S.B. No. 1538

The purpose of this measure is to appropriate funds to the Judiciary for capital improvement projects for the fiscal biennium beginning July 1, 2023, and ending June 30, 2025.

Your Committee received testimony in support of this measure from the Judiciary.

Your Committee finds that the appropriations made by this measure will assist the Judiciary in its efforts to fulfill its constitutional, statutory, and public service duties for the 2023-2025 fiscal biennium.

Your Committee has amended this measure by:

- (1) Increasing the appropriation for the Kaahumanu Hale elevator systems upgrades and modernization project from \$4,505,000 to \$5,000,000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1538, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1538, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1390 Judiciary & Hawaiian Affairs on S.B. No. 682

The purpose of this measure is to prohibit the trade of certain animal fur products in the State.

Your Committee received testimony in support of this measure from the Humane Society of the United States, Hawaiian Humane Society, Maui Humane Society, Humane Society Veterinary Medical Association, Animal Legal Defense Fund, Animal Rights Initiative, FOUR PAWS USA, Collective Fashion Justice, People for the Ethical Treatment of Animals, Last Chance for Animals, Healthy Pets United, Animal Defenders International, and numerous individuals. Your Committee received testimony in opposition to this measure from the Fur Commission USA; International Fur Federation; American Fur Council; Fur Takers of America; ANAMODA, Inc.; Retail Merchants of Hawaii; and five individuals.

Your Committee finds that existing laws provide relatively little oversight of the fur trading industries. Your Committee further finds that prohibiting the sale, offer for sale, display for sale, trade, or distribution of certain animal fur products in Hawaii will foster a more humane environment in the State.

Your Committee has amended this measure by:

- (1) Deleting the preamble;
- (2) Clarifying that the measure does not affect proceedings that were begun before its effective date, rather than proceedings that were done; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 682, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 682, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Kong). Excused, 1 (Holt).

SCRep. 1391 Judiciary & Hawaiian Affairs on S.B. No. 821

The purpose of this measure is to establish the Illegal Fireworks Task Force within the Department of Law Enforcement to plan, coordinate, and engage in law enforcement operations.

Your Committee received testimony in support of this measure from the Department of Law Enforcement, Department of Transportation, Makiki/Lower Punchbowl/Tantalus Neighborhood Board No. 10, Pearl City Neighborhood Board No. 21, Hawaiian Humane Society, and eleven individuals. Your Committee received testimony in opposition to this measure from four individuals. Your Committee received comments on this measure from the Hawaii Harbor Users Group; Matson Navigation Company, Inc.; and Young Brothers, LLC.

Your Committee finds that the Fireworks Control Law and its associated penalties have proven to be an inadequate deterrent for the illegal use of fireworks in the State. This measure will convene a task force to develop a strategy to address these inadequacies.

Your Committee has amended this measure by:

- (1) Amending the list of federal agencies whose representatives must be invited to serve as members of the Illegal Fireworks Task Force to:
 - (A) Delete the United States Drug Enforcement Administration; and
 - (B) Include the Office of Homeland Security Investigations of the Department of Homeland Security; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee believes that the Illegal Fireworks Task Force should consult with the Hawaii Harbors Users Group in the formation of its plan.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 821, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 821, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1392 Judiciary & Hawaiian Affairs on S.B. No. 1277

The purpose of this measure is to satisfy several claims against the State, its officers, or its employees.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Education, and Department of Transportation.

Your Committee finds that the Department of the Attorney General testified that it has advised its client agencies on how to avoid claims such as those included in this measure.

Your Committee has amended this measure by:

- (1) Appropriating:
 - (A) \$406.00 in general funds for a claim by Garry A. Harsanyi and Kimberly M. Harsanyi;
 - (B) \$3,078,145.74 in general funds for a claim by Interval International Inc.;
 - (C) \$2,019.71 in general funds for a claim by Kailua Local Cab Inc.;
 - (D) \$902.00 in general funds for a claim by Michael Shiira;
 - (E) \$1,464.22 in general funds for a claim by Tamura Enterprises, Inc.;
 - (F) \$275,000.00 in general funds for a settlement in the case of Frances Kaluhiwa v. State of Hawaii;
 - (G) \$830,000.00 in general funds for a settlement in the case of Mary Chang, et al. v. State of Hawaii, et al.;
 - (H) \$37,500.00 in general funds for a settlement in the case of Eric Yoshioka v. State of Hawaii; and
 - (I) \$58,000.00 in general funds for a settlement in the case of Beth Bulgeron v. The Hawaii State Public Charter School Commission, et al.; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1277, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1277, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1393 Judiciary & Hawaiian Affairs on S.B. No. 151

The purpose of this measure is to:

- (1) Require any department or agency employing a law enforcement officer to maintain a publicly available policy that provides a minimum standard on the use of force;
- (2) Allow a department or agency's use of force policies and training to be introduced as evidence in proceedings involving a law enforcement officer's use of force;
- (3) Require a law enforcement officer to report the use of excessive force by another law enforcement; and
- (4) Require that law enforcement officers receive training designed to minimize the use of force.

Your Committee received testimony in support of this measure from the Honolulu Police Department, Policing Project of the New York University School of Law, and four individuals. Your Committee received testimony in opposition to this measure from the State of Hawaii Organization of Police Officers. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that this measure will promote law enforcement accountability and public safety by establishing certain standards relating to the use of force by law enforcement officers.

Your Committee has amended this measure by:

- (1) Clarifying that an observing law enforcement officer's belief that the force used by another law enforcement officer is beyond that which is necessary must be based upon the totality of information actually known to the observing law enforcement officer;
- (2) Requiring a division head to complete the investigation on the use of excessive force by a law enforcement officer as soon as practicable after receiving written notification of the use of excessive force;
- (3) Clarifying the reporting and investigation requirements for situations where the department head or division head is the subject of the use of excessive force report;
- (4) Clarifying that discriminatory, disciplinary, or retaliatory actions may not be taken against any reporting law enforcement officer for any information given or disclosed in good faith;
- (5) Clarifying the definition of "department head" to include the chief of police;
- (6) Defining "excessive force" for purposes of reporting the use of excessive force by law enforcement officers; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 151, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 151, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1394 Judiciary & Hawaiian Affairs on S.B. No. 627

The purpose of this measure is to allow candidates seeking election to use campaign funds for child care and vital household dependent care costs under certain conditions.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Vote Mama Foundation, AAUW of Hawaii, Hawai'i Children's Action Network Speaks!, Hawaii State Democratic Women's Caucus, and two individuals.

Your Committee finds that this measure would allow for all parents to have support for child care while campaigning and as a result strengthen access to democracy for everyday parents and caregivers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 627, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 627, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1395 Transportation on S.B. No. 1086

The purpose of this measure is to amend the composition and duties of the State Highway Safety Council.

Your Committee received testimony in support of this measure from the Department of Transportation, AARP Hawaii, Ulupono Initiative, Hawaii Bicycling League, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Alliance for Automotive Innovation.

Your Committee finds that this measure allows the State Highway Safety Council to meaningfully address Hawaii's rising fatalities and injuries by amending its composition and duties.

Your Committee has amended this measure by:

- (1) Removing a representative of the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources;
- (2) Adding a member from an organization representing the automobile manufacturing industry;
- (3) Reducing the number of members based on interest in transportation safety and related state goals from three to two;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1086, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1086, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1396 Housing on S.B. No. 395

The purpose of this measure is to require a seller or seller's agent in a residential real property transaction to disclose to prospective buyers that the United States Postal Service is unable to deliver mail or packages to the location of the residential real property being offered for sale.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Hawai'i Association of REALTORS.

Your Committee finds that existing law does not specify that the inability to receive mail or packages from the United States Postal Service is a material fact that must be disclosed to a buyer of residential real property. Your Committee believes that this information is necessary to ensure that buyers make informed decisions when purchasing residential real property.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 395, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 395, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Onishi). Noes, none. Excused, 1 (Kila).

SCRep. 1397 Housing on S.B. No. 1357

The purpose of this measure is to make permanent the issuance of county affordable housing credits to the department of Hawaiian home lands.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands and Dowling Company, Inc.

Your Committee finds that there is a severe lack of affordable housing available for residents, particularly for native Hawaiian beneficiaries. Affordable housing credits have provided the Department of Hawaiian Home Lands greater opportunities to gain resources to develop homesteads for native Hawaiian beneficiaries. However, your Committee notes that despite the importance and success of the affordable housing credit program, it is set to expire on July 1, 2024. This measure ensures that the Department of Hawaiian Home Lands can continue to provide affordable housing to native Hawaiian beneficiaries and reduce the number of beneficiaries on the homestead waitlist.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1357, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1357, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1398 Housing on S.B. No. 930

The purpose of this measure is to:

- (1) Allow a landlord or their agent to charge an application screening fee at the time a rental application is processed for residential property;
- (2) Cap the amount of the application screening fee;
- (3) Require the landlord or their agent to provide a receipt for payment of the application screening fee and a copy of any report obtained, if requested; and

(4) Require the landlord or their agent to return any unauthorized fee amounts to the applicant.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and Legal Aid Society of Hawai'i. Your Committee received testimony in opposition to this measure from Hawaii Dream Reality LLC. Your Committee received comments on this measure from the Hawai'i Association of REALTORS and one individual.

Your Committee finds that there are numerous barriers to accessing affordable housing for low-income households and people experiencing homelessness. Your Committee recognizes that there are costs associated with screening prospective tenants, including application screening fees for personal reference checks and credit reports; however, the costs of application screening fees vary and can exceed the actual cost of screening. Furthermore, the costs of multiple application screening fees for prospective tenants can result in significant economic hardship, especially in a tight housing market. Addressing the assessment of application screening fees is one way to address impediments to securing affordable rental housing in the State.

Your Committee further finds that the companion to this measure, H.B. No. 644, H.D. 1 (Regular Session of 2023), was previously passed by your Committee.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 644, H.D. 1, a measure that:

- (1) Allows a landlord or landlord's agent to charge an application screening fee at the time a rental application is processed for residential property for applicants eighteen years of age or older whose income is being used to meet financial qualifications;
- (2) Requires the landlord or landlord's agent to provide a receipt for payment of the application screening fee and a breakdown of costs covered by the fee;
- (3) Requires the landlord or landlord's agent to return any unauthorized fee amounts to the applicant;
- (4) Requires, beginning May 1, 2024, that the Office of Consumer Protection produce and make available informational materials and publicize requirements regarding application fees and related rights and obligations; and
- (5) Contains an effective date of June 30, 3000.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 930, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 930, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1399 Housing on S.B. No. 1442

The purpose of this measure is to:

- (1) Establish one position in the Office of the Governor to oversee the administration of this measure; and
- (2) Appropriate funds and authorize the issuance of general obligation bonds for the Ohana Zones Pilot Program.

Your Committee received testimony in support of this measure from the Governor's Coordinator on Homelessness, Department of Human Services, State Council on Mental Health, AARP Hawai'i, Partners In Care, Family Promise of Hawai'i, Opportunity Youth Action Hawai'i, and five individuals.

Your Committee finds that the Ohana Zones Pilot Program provides an essential source of funding for innovative approaches to serve and house people experiencing homelessness and to fill gaps in homeless housing and services that cannot be done with other sources of funding. Your Committee believes that more funding is needed to continue providing necessary services under the Ohana Zones Pilot Program to reduce the number of residents experiencing, or who are on the verge of, homelessness. However, your Committee wants to ensure that certain funds provided under this measure are for the development of new units under the pilot program.

Your Committee has amended this measure by:

- (1) Clarifying that the position in the Office of the Governor is a one-full time equivalent (1.0 FTE) position and may be transferred to a designated executive branch department or agency;
- (2) Changing the means of financing for the construction of Ohana Zones facilities from general obligation bonds to general revenues;
- (3) Making the Ohana Zones Pilot Program a government assistance program for purposes of a general excise tax exemption for the development of affordable housing, under certain circumstances;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1442, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1442, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1400 Housing on S.B. No. 898

The purpose of this measure is to:

- (1) Temporarily expand the State Rent Supplement Program to specifically target qualified individuals who are sixty-two years of age or older and are homeless or at imminent risk of becoming homeless;
- (2) Require the Hawaii Public Housing Authority to submit annual reports regarding the State Rent Supplement Program for Kupuna to the Legislature; and
- (3) Appropriate funds for the State Rent Supplement Program for Kupuna.

Your Committee received testimony in support of this measure from the Executive Office on Aging, Hawaii Public Housing Authority, Disability and Communication Access Board, Rainbow Family 808, AARP Hawai'i, Catholic Charities Hawai'i, Kūpuna Caucus of the Democratic Party of Hawai'i, and nine individuals.

Your Committee finds that homelessness among Hawaii's kupuna is a central part of the affordable housing needs in the State. The high cost of living in the State, fixed income and complex health needs of older adults, rapidly rising rents, and declining availability of affordable housing make rental assistance for older adults a necessity. Your Committee further finds that there is a critical need to help the most vulnerable elders in the State access housing. Providing rent supplements to these individuals is an important part of the overall solution to address Hawaii's housing and homelessness issues.

Your Committee has amended this measure by:

- (1) Exempting the Hawaii Public Housing Authority from the Hawaii Public Procurement Code when selecting a qualified non-profit organization to administer the State Rent Supplement Program for Kupuna;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 898, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 898, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1401 Housing on S.B. No. 340

The purpose of this measure is to appropriate funds to the Hawaii Public Housing Authority for the rehabilitation, remodeling, renovation, and repair of public housing units.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, AARP Hawai'i, Catholic Charities Hawai'i, Kūpuna Caucus of the Democratic Party of Hawai'i, Partners in Care, and four individuals.

Your Committee finds that the State's current public housing inventory is dated, with multiple properties that were built over fifty years ago, and the Hawaii Public Housing Authority is facing capital improvement needs that backlog to approximately \$800,000,000. Your Committee further finds that additional funding is needed to keep these public housing units in safe, suitable, and sanitary condition.

Your Committee notes that the number of units under the Hawaii Public Housing Authority that need to be repaired continues to increase. Currently, there are roughly two hundred sixty-two units that need repairs; however, this number may change at any given time. Your Committee believes specifying a number of units in this measure may inhibit the Hawaii Public Housing Authority's ability to successfully rehabilitate and modernize its supply of public housing units. Your Committee further notes that the cost to rehabilitate, remodel, renovate, or repair public housing units will be approximately \$85,000 per unit.

Accordingly, your Committee has amended this measure by:

- (1) Deleting the reference to the specific number of public housing units that would have been covered by the appropriation; and
- (2) Changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 340, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 340, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1402 Human Services on S.B. No. 45

The purpose of this measure is to allow a school counselor, domestic violence victim advocate, or other mental health professional licensed by the State to petition for an order for protection on a minor's behalf when the minor's parent or guardian is unable to submit a petition.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Rainbow Family 808, Hawai'i State Coalition Against Domestic Violence, and six individuals. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that approximately one in twelve high school students experience sexual dating violence. Your Committee further finds that it is not uncommon for adolescents who have entered into a romantic relationship without their parent's approval to be reluctant to approach their parents for help when that relationship turns abusive. However, under existing law, a petition for an order for protection on behalf of a minor can only be made by a family member or state agency. Your Committee further finds that minors should have the right to seek relief from domestic abuse through a protective order without having to demonstrate that their parents or legal guardians are unwilling or unable to do so on their behalf.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have allowed a school counselor, domestic violence victim advocate, or other mental health professional licensed by the State to petition for a domestic abuse protective order on a minor's behalf, and instead allowing any minor sixteen years of age or older, on their own behalf without the consent of a parent or legal guardian, or emancipated minor to petition for a domestic abuse protective order;
- (2) Changing the effective date to June 30, 2023; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee grants prior concurrence on this measure to your Committee on Judiciary & Hawaiian Affairs to make any amendments it deems necessary.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 45, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 45, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Garcia). Excused, 1 (Kobayashi).

SCRep. 1403 Human Services on S.B. No. 129

The purpose of this measure is to:

- (1) Require providers of no-cost emergency shelter and related services to maintain separation for unrelated adults and minor children; and
- (2) Make permanent the definition of "provider" as it relates to entities eligible to provide no cost emergency shelter and related services to consenting minors, as amended by Act 23, Session Laws of Hawaii 2021.

Your Committee received testimony in support of this measure from the Hawai'i Youth Services Network, Residential Youth Services & Empowerment, Opportunity Youth Action Hawai'i, Stonewall Caucus of the Democratic Party of Hawai'i, and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that youth experiencing homelessness often have exposure to a variety of adverse childhood experiences, including physical, emotional, or sexual abuse. Your Committee further finds that a quarter of homeless youth in the State have reported physical abuse or parental substance abuse as the reason for their becoming homeless. Act 23, Session Laws of Hawaii 2021 (Act 23), established a means to allow unaccompanied youth experiencing homelessness, to receive short-term no cost housing and other services without the need to obtain consent from a parent or guardian. Act 23 is currently scheduled to sunset on June 30, 2023. This measure repeals the sunset date of Act 23, which will ensure that vulnerable youth experiencing homelessness continue to have safe and secure refuges to stabilize, heal, and access resources.

Your Committee notes the concern raised in testimony by the Department of Human Services that "license" has been omitted from the definition of "provider" for the purposes of providing no-cost emergency shelter and other related services to youth. Your Committee recognizes the concern raised by the Department that without a licensure framework, there is no means by which an emergency youth shelter may be regulated, other than through the Department of Health.

Your Committee has amended this measure by:

- (1) Requiring a provider who renders no-cost emergency shelter and related services to a minor to take steps to ensure that pertinent youth obtain and receive services from the juvenile justice or child welfare systems, as applicable, as required by the federal Runaway and Homeless Youth Act; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee grants prior concurrence on this measure to your Committee on Judiciary & Hawaiian Affairs to make any amendments it deems necessary.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 129, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 129, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1404 Human Services on S.B. No. 398

The purpose of this measure is to:

- (1) Require the Department of Human Services to collect and analyze data to determine the impact of expanding post-permanency services to families receiving benefits from the adoption assistance program and report its findings to the Legislature; and
- (2) Appropriate funds for the procurement of contracted services to provide additional support, resources, and monitoring of families receiving benefits from the State's Adoption Assistance Program.

Your Committee received testimony in support of this measure from the Department of Human Services. Your Committee received testimony in opposition to this measure from the Hawaii Coalition for Child Protective Reform and two individuals.

Your Committee finds that additional research is needed to better understand and prepare for an expansion of post-permanency services to families receiving benefits from the State Adoption Assistance Program. Your Committee further finds that this measure will provide funding for the Department of Human Services to assist in family strengthening and the maintenance of a safe home environment for adopted children.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$8,000,000.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 398, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 398, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Garcia). Excused, 1 (Kobayashi).

SCRep. 1405 Human Services on S.B. No. 406

The purpose of this measure is to:

- (1) Allow the court to award reasonable visitation rights to a petitioning grandparent of a minor child when the child's parent is unable to exercise parental visitation due to death or incarceration and denial of reasonable grandparent visitation rights would cause significant harm to the child;
- (2) Require the court to follow the same procedures, considerations, and standards for the granting of grandparent visitation rights as are used when awarding other visitation rights; and
- (3) Specify that persons violating an order awarding reasonable grandparent visitation rights are subject to sanctions.

Your Committee received testimony in support of this measure from Grandparents Rights Hawaii Campaign and seven individuals.

Your Committee finds that many grandparents in Hawaii desire to maintain their relationship with or assist in caring for their minor grandchildren when the grandchild's parent cannot otherwise exercise parental visitation of the minor child due to death or incarceration. This measure will allow grandparents to petition for and be awarded reasonable grandparent visitation rights in these limited circumstances, while preserving the fundamental right of parents to make decisions concerning the care, custody, and control of their children, by setting a rebuttable presumption that a parent's or custodian's decision regarding visitation is in the best interest of the child.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 2023; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Your Committee grants prior concurrence on this measure to your Committee on Judiciary & Hawaiian Affairs to make any amendments it deems necessary.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 406, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 406, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1406 Health & Homelessness on S.B. No. 106

The purpose of this measure is to:

- (1) Authorize the Department of Health to require the Department of Education to report COVID-19 potential outbreaks and other related information in a manner most appropriate to public health and safety, as determined by the Department of Health; and
- (2) Repeal the requirement that the report be published on a weekly basis on the Department of Education's website.

Your Committee received testimony in support of this measure from the Department of Health, Department of Education, and Office of Hawaiian Affairs. Your Committee received testimony in opposition to this measure from seventeen individuals.

Your Committee finds that because the widespread availability of the COVID-19 vaccine and other mitigation strategies have proven effective in controlling the spread of COVID-19 in schools, it would be more administratively efficient for the Department of Health to exercise discretion in the requirement for the Department of Education to report weekly COVID-19 information.

Your Committee has amended this measure by specifying that the Department of Health may require the Department of Education to report on other public health emergencies, in addition to COVID-19 potential outbreaks.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 106, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 106, S.D. 2, H.D. 1, and be referred to your Committee on Education.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 1407 Health & Homelessness on S.B. No. 1378

The purpose of this measure is to:

- (1) Clarify who is prohibited from knowingly referring or transferring patients to an uncertified or unlicensed care facility; and
- (2) Repeal the provision that a landlord, under specified conditions, shall not be deemed to be providing home care services or operating a care facility that requires a license.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from sixteen individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the prevalence of unlicensed care homes and facilities in the State continues to pose significant health and consumer protection issues for Hawaii's elderly and vulnerable populations. Although to date, the Department of Health has conducted over two hundred investigations and closed ten unlicensed care homes or facilities, licensed care home operators and other persons continue to refer or transfer patients to unlicensed facilities. This measure aims to provide additional safeguards for the public by protecting aged and vulnerable persons and ensuring quality of care by clarifying the types of persons or entities who are prohibited from knowingly referring patients to uncertified or unlicensed care facilities.

This measure also repeals an exclusion that has allowed bad actors to operate care homes without a license. Without the repeal proposed by this measure, caregivers at unlicensed care homes cannot be checked for credentials to provide proper care or confirmed as having complete background checks. This substantially increases the risk of substandard quality of care or living conditions on the State's vulnerable population.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1378, S.D. 1, and recommends that it pass Second Reading and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 1408 Health & Homelessness on S.B. No. 162

The purpose of this measure is to expand access to dental care by:

- (1) Adding community health centers to the list of eligible organizations at which those with a community service license may practice;
- (2) Allowing dental hygiene and dental college graduates who have graduated from educational programs with a reciprocal agreement with the American Dental Association Commission on Dental Accreditation to apply for temporary or community service licenses;
- (3) Expanding eligibility for a community service licensee to practice dentistry to those candidates who have passed the Integrated National Board Dental Examination within five years of the date of request; and
- (4) Allowing an applicant for licensure to practice dentistry to submit evidence to the Board of Dentistry that the applicant passed the Integrated National Board Dental Examination.

Your Committee received testimony in support of this measure from the Department of Health; AlohaCare; Hawai'i Oral Health Coalition; Hawaii Dental Service; We Are One, Inc.; Hawai'i Children's Action Network Speaks!; Ho'ola Lahui Hawaii; Hawaii Dental Hygienists' Association; and six individuals. Your Committee received comments on this measure from the Board of Dentistry, Hawaii Dental Association, and Grassroot Institute of Hawaii.

Your Committee finds that there is a significant shortage of public oral health providers who serve the State's most underserved and vulnerable populations, including Medicaid recipients. Currently, there are only three hundred thirty-nine active Medicaid dentists in the State serving a population of more than 288,000. With the reinstatement of dental benefits for adults insured through Medicaid in 2022, demand for providers will only increase. This measure is intended to address the State's workforce shortages in the public dental sector and increase access to dental care on the neighbor islands and in rural areas by broadening the pool of individuals who may be eligible for a community service license.

Your Committee has amended this measure by:

- (1) Including rural health clinics and mobile dental outreach programs to the list of eligible organizations at which those with a community service license may practice;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 162, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 162, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 1409 Agriculture & Food Systems on S.B. No. 782

The purpose of this measure is to establish in the Department of Agriculture a grant program to assist taro farmers in meeting the costs of cultivating taro for consumption.

Your Committee received testimony in support of this measure from the Department of Agriculture, Office of the Mayor of the County of Maui, Hawai'i Farm Bureau, Hawai'i Alliance for Progressive Action, Hawai'i Farmers Union United, Hawaii Food+ Policy, and twelve individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee recognizes taro's importance in Hawaii's cultural identity and role in local food security and finds that this measure would assist taro farmers in their efforts to increase their production and viability.

Your Committee has amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 782, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 782, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1410 Agriculture & Food Systems on S.B. No. 1104

The purpose of this measure is to:

- (1) Amend the definition of "cannabis" to include cannabis propagules, cuttings, and seeds;
- (2) Define "cannabis cutting" and "cannabis propagule";
- (3) Allow qualifying patients and primary caregivers who are authorized to cultivate cannabis for medical use to purchase cannabis propagules, cuttings, and seeds from licensed dispensaries in the State under certain conditions;
- (4) Establish quantity limits and quality requirements for the dispensing of cannabis propagules, cuttings, and seeds; and
- (5) Require the Department of Health to adopt rules regarding the dispensing of cannabis propagules, cuttings, and seeds.

Your Committee received testimony in support of this measure from three individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that existing state law allows qualifying patients and primary caregivers to cultivate cannabis for medical use at a registered grow site. However, there are no legal means for obtaining safe, laboratory-tested genetic material from which to propagate cannabis. This forces qualifying patients or their primary caregivers to obtain cannabis genetic material from the illicit market. This measure amends the definition of "cannabis" to include cannabis propagules, cuttings, and seeds and establishes a regulatory system for the dispensing of cannabis propagules, cuttings, and seeds to allow licensed dispensaries to distribute cannabis propagative material that is safe for use.

Your Committee has amended this measure by:

- (1) Clarifying that qualifying patients, primary caregivers, qualifying out-of-state patients, and caregivers of qualifying out-of-state patients may purchase cannabis propagules, cuttings, and seeds from licensed dispensaries in the State;
- (2) Requiring a licensed dispensary's computer software tracking system to allow:
 - (A) The licensed dispensary's production center to submit to the Department of Health an inventory of cannabis propagules, cuttings, and seeds in possession of that dispensary; and
 - (B) The licensed dispensary's retail dispensing location to submit to the Department of Health the total amount of cannabis propagules, cuttings, and seeds purchased by a qualifying patient, primary caregiver, qualifying out-of-state patient, and caregiver of a qualifying out-of-state patient;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1104, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1104, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1411 Agriculture & Food Systems on S.B. No. 1588

The purpose of this measure is to appropriate funds to the Department of Agriculture for the establishment and implementation of a GroupGAP food safety training and certification program.

Your Committee received testimony in support of this measure from the Department of Agriculture; Department of Education; University of Hawai'i System; Office of the Mayor of the County of Maui; Hawai'i Farm Bureau; Hawaii Food Industry Association; Hawaii Cattlemen's Council, Inc.; Ohana Hui Ventures; North Shore Economic Vitality Partnership; MetroGrow Hawaii; Hāmākua Institute; and ten individuals.

Your Committee finds that GroupGAP is the only comprehensive farm food-safety training program in Hawaii that results in United States Department of Agriculture harmonized Good Agricultural Practices certification, the standard most closely aligned with the United States Food and Drug Administration's food-safety guidelines. Your Committee further finds that a GroupGAP program would increase the number of food-safety-certified farmers in the State, thereby enhancing Hawaii residents' access to safe, locally produced food.

Your Committee has amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1588, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1588, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1412 Agriculture & Food Systems on S.B. No. 516

The purpose of this measure is to require a producer of any hemp product to include in the identity statement used for labeling or advertising any hemp product:

- (1) The percentage of Hawaii-grown hemp in the hemp product; and
- (2) For any hemp product not from Hawaii, the origin of the hemp and percentage of the hemp from the origin.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, Rancho Aloha Coffee, Hawai'i Farmers Union United, Hawai'i Hemp Farmers Association, Hawai'i Sustainable Farms, and eight individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that Hawaii-branded products often garner more attention and can command higher prices in the marketplace and ensuring that hemp labeled as Hawaii-grown is accurately represented is one way for Hawaii hemp farmers to remain competitive and protect the integrity of the Hawaii brand.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 516, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 516, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1413 Agriculture & Food Systems on S.B. No. 1268

The purpose of this measure is to make technical changes to the definitions of "agricultural enterprise lands" and "non-agricultural park lands" that apply to chapters 141 and 166E, Hawaii Revised Statutes, respectively, for clarification and consistency purposes.

Your Committee received testimony in support of this measure from the Department of Agriculture and Hawai'i Farm Bureau.

Your Committee finds that this measure will resolve an inconsistency between the definition of "agricultural enterprise lands" established by Act 221, Session Laws of Hawaii 2022, and the definition of "non-agricultural park lands" in chapter 166E, Hawaii Revised Statutes.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1268, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1268, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1414 Agriculture & Food Systems on S.B. No. 637

The purpose of this measure is to require persons applying to register as hemp processors to include with their application form documentation that the indoor facility and planned hemp processing operation:

- (1) Does not include heat or volatile compounds or gases under pressure, such as cold-water extraction; and
- (2) Is exempt from building permit and building code requirements pursuant to section 46-88, Hawaii Revised Statutes, or is in a food hub or agricultural park.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Hawai'i Farmers Union United, Hawai'i Hemp Farmers Association, Hawai'i Sustainable Farms, Ho'ola Veteran Services, and eight individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Health.

Your Committee finds that Act 14, Session Laws of Hawaii 2022, required hemp and hemp products to be processed within an enclosed indoor facility secured to prevent unauthorized entry. Before this law was enacted, your Committee understands that some hemp producers processed small batches of hemp on their farms in structures that were exempt from certain building permit and building code requirements with no adverse consequences. To assist Hawaii's nascent hemp industry, your Committee finds that hemp producers should again enjoy similar flexibility in the types of facilities in which they may process hemp.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 637, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 637, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1415 Agriculture & Food Systems on S.B. No. 660

The purpose of this measure is to establish the Healthy Soils Program within the Department of Agriculture and appropriate funds for this purpose.

Your Committee received testimony in support of this measure from the Hawai'i Forest Industry Association; Kona Coffee Farmers Association; Down to Earth; Hawai'i Food+ Policy; 350Hawaii.org; Synergistic Hawai'i Agriculture Council; Hawai'i Alliance for Progressive Action; Hawai'i Farmers Union United; Kanalani Ohana Farm; Kuaiwi Farm; Kona Restoration Farm; Kona Bae Farm; Ho'ōla Farms; Chamber of Sustainable Commerce; Bea's Knees Farm, LLC; Beyond Organic Consulting, Inc.; Tinyville Farm; and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, CropLife America, and Hawaii Crop Improvement Association. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that healthy soils are the baseline requirement for agricultural success and a foundation for sustainable agribusinesses. The State cannot increase its food self-sufficiency if it does not understand and protect its soil ecosystems. Healthy soils translate to healthy plants that are more resistant to disease. Your Committee further finds that empowering the Department of Agriculture to establish a Healthy Soils Program is a necessary first step to bring Hawaii in line with cutting-edge agriculture states, such as California, New Mexico, and Washington.

Your Committee has amended this measure by:

- (1) Modifying some of the functions of the Healthy Soils Program, including removing the establishment of standards to phase out the use of petrochemical synthetic fertilizers;
- (2) Establishing standards for the grant program;
- (3) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 660, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 660, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1416 Agriculture & Food Systems on S.B. No. 655

The purpose of this measure is to authorize the Department of Agriculture to align state hemp production administrative rules with any federal law exemptions for fiber, fuel, and seed grain hemp crops.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, Hawai'i Farmers Union United, Hawai'i Hemp Farmers Association, Ho'ōla Farms, and eight individuals. Your Committee received comments on this measure from Hawai'i Sustainable Farms.

Your Committee finds that the growth of the hemp industry in the State could provide numerous economic opportunities. However, regulatory barriers have hindered this potential growth, resulting in a slow down of the development and production of hemp-based products. Your Committee further finds that the United States Congress will be amending federal hemp cultivation laws to allow for exemptions with industrial hemp crops that are grown for fiber, fuel, or grain for food. This measure provides the Department of Agriculture with the authority to amend its hemp production rules to align with federal law when the changes occur.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 655, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 655, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1417 Agriculture & Food Systems on S.B. No. 420

The purpose of this measure is to establish within the Department of Agriculture a Sustainable Food Systems Working Group to develop an Interagency Food Systems Plan.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; University of Hawai'i at Mānoa's College of Tropical Agriculture and Human Resources; Hawai'i Tourism Authority; Hawai'i Farm Bureau; Hawai'i Food+ Policy; Hawaii Cattlemen's Council, Inc.; North Shore

Economic Vitality Partnership; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; Hawai'i Alliance for Progressive Action; Hawai'i Farmers Union United; Hawaii Food Industry Association; Chamber of Sustainable Commerce; Hawai'i Foodbank; Sierra Club of Hawai'i; and nineteen individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that as a place especially vulnerable to natural and human disasters that may adversely affect its food security, Hawaii needs to encourage the development of local, sustainable food systems. The establishment of a Sustainable Food Systems Working Group to develop an Interagency Food Systems Plan is an important step in that direction.

Your Committee has amended this measure by:

- (1) Modifying the composition of the Sustainable Food Systems Working Group;
- (2) Requiring each county's food access plans to be incorporated into the Interagency Food Systems Plan;
- (3) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 420, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 420, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1418 Agriculture & Food Systems on S.B. No. 746

The purpose of this measure is to support Hawaii's coffee growers by:

- (1) Expanding the coffee labeling and advertising requirements to include ready-to-drink coffee beverages and inner packages and inner wrapping labels given to customers;
- (2) Requiring disclosure on the label of coffee blends of the respective geographic and regional origins and per cent by weight of the blended coffees; and
- (3) Prohibiting use of the term "All Hawaiian" in labeling or advertising for roasted coffee or instant coffee not produced entirely from green coffee beans grown and processed in Hawaii.

Your Committee received testimony in support of this measure from the Department of Agriculture, three members of the Hawai'i County Council, Hawai'i Farm Bureau, Chamber of Sustainable Commerce, Cyanotech Corporation, Kanalani Ohana Farm, Rancho Aloha Coffee Farm, Hawaii Forest Stewards, Lions Gate Farms, Hawai'i Alliance for Progressive Action, Institute for Agriculture & Trade Policy, Consumer Federation of America, Kuwale Ridge Farms, Kona Bae Farm, Maalahi Farm LLC, Maui Brewing Co., Hawai'i Farmers Union United, Kona Coffee Farmers Association, Absolute Palate LLC, and thirteen individuals.

Your Committee finds that Hawaii-grown coffee is globally recognized for its high quality and aromatic flavor. Hawaii-grown coffee is one of the most expensive coffees in the world and one of Hawaii's signature crops. Your Committee further finds that this measure would protect consumers from intentionally misleading packaging that degrades the premium Hawaii brand and undermines the work and investment of coffee farmers in Hawaii.

Your Committee has amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 746, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 746, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 1419 Culture, Arts & International Affairs on S.B. No. 844

The purpose of this measure is to allow the counties to issue special number plates, better known as special license plates, to commemorate Malama Puuloa.

Your Committee received testimony in support of this measure from Hui O Ho'ohouua dba Mālama Pu'uloa, Ali'i Pauahi Hawaiian Civic Club, and six individuals.

Your Committee finds that the issuance of a special number plate commemorating Malama Puuloa is an appropriate way to support the organization's mission to restore Keawalau o Puuloa, also known as Puuloa or Pearl Harbor.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 844, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 844, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1420 Culture, Arts & International Affairs on S.B. No. 1532

The purpose of this measure is to establish the Hawaii Leadership Awards Program to recognize persons from Hawaii who have made outstanding contributions to the State and who serve as an inspiration to others.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts.

Your Committee finds that the program proposed by this measure would allow the State to recognize and celebrate persons who have made considerable, outstanding contributions to Hawaii and inspired others in a number of sectors of culture and the arts.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1532, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1532, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1421 Energy & Environmental Protection on S.B. No. 691

The purpose of this measure is to:

- (1) Authorize the Chief Energy Officer of the Hawaii State Energy Office, rather than the Director of Business, Economic Development, and Tourism, to enforce minimum efficiency standards and adopt or amend efficiency standards; and
- (2) Set minimum efficiency standards for air purifiers, electric vehicle supply equipment, portable electric spas, residential ventilating fans, toilets, urinals, and water coolers.

Your Committee received testimony in support of this measure from the Honolulu Board of Water Supply, Climate Protectors Hawai'i, Ulupono Initiative, Hawai'i Energy, Blue Planet Foundation, and five individuals. Your Committee received testimony in opposition to this measure from the Association of Home Appliance Manufacturers. Your Committee received comments on this measure from the Hawaii State Energy Office, Home Ventilating Institute, and Appliance Standards Awareness Project.

Your Committee finds that adopting policies that promote and encourage energy efficiency can provide relief for families and businesses faced with high utility bills. While the Legislature has taken steps to establish minimum energy and water efficiency standards for certain products sold, leased, or rented in the State, this measure expands the list of products with minimum efficiency standards to ensure that Hawaii residents and businesses do not miss out on potential utility bill savings and reduce air pollutants and greenhouse gas emissions.

Your Committee has amended this measure by:

- (1) Deleting definitions for "air purifier", "electric vehicle supply equipment", and "industrial air purifier";
- (2) Removing air purifiers and electric vehicle supply equipment from products that must meet certain minimum efficiency standards;
- (3) Clarifying the minimum efficiency standards for water coolers;
- (4) Allowing manufacturers to utilize the Home Ventilating Institute's Certified Products Directory Certification Program to meet certain standards;
- (5) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 691, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 691, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Perruso).

SCRep. 1422 Water & Land on S.B. No. 75

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources' State Historic Preservation Division to expedite development of a comprehensive inventory of historic properties and burial sites located in the State, including conducting relevant archaeological surveys necessary to compile the inventory.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Historic Hawai'i Foundation, Niu Valley Community Association, Society for Hawaiian Archaeology, Maui Chamber of Commerce, and four individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that historic property inventories and surveys are a crucial step in the historic preservation process. The context studies and inventories provide research; evaluation; and examples of patterns, themes, and trends in which a building, structure, site, object, or district is understood. The contexts provide information on meaning as well as the necessary background to understand why a given resource may be historically significant. The inventories then provide information on specific properties and features that convey that significance and are important to the cultural heritage of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the means of financing for the appropriation to the Hawaii Historic Preservation Special Fund and inserting an appropriation of general revenues in an unspecified amount into the Hawaii Historic Preservation Special Fund;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate on this measure, to consider an appropriation amount of \$2,250,000 to be appropriated into and out of the Hawaii Historic Preservation Special Fund, to be allocated as follows:

- (1) \$750,000 for state-of-the-art archaeological surface surveys utilizing remote sensing, aerial, and satellite imagery;
- (2) \$750,000 for the collection of data regarding the locations of burial sites; and
- (3) \$750,000 for the development of an inventory of historic buildings, structures, and other properties.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 75, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 75, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1423 Water & Land on S.B. No. 94

The purpose of this measure is to require the Department of Land and Natural Resources to approve or deny an application for a special activity permit for scientific, educational, management, or propagation purposes within ninety days from the date that it was submitted.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and For the Fishes.

Your Committee recognizes that the lengthy review process for special activity permits may pose a hardship on applicants and finds that this measure would help to reduce the amount of time that it takes for the Department of Land and Natural Resources to approve or deny an application.

Your Committee has amended this measure by changing its effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 94, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 94, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1424 Water & Land on S.B. No. 730

The purpose of this measure is to appropriate funds to support the Department of Land and Natural Resources in restoring and restocking fishponds.

Your Committee received testimony in support of this measure from Kua'āina Ulu 'Auamo, Hawaii Food+ Policy, Hawai'i Alliance for Progressive Action, Maunaloa Fishpond Heritage Center, and seven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Office of Hawaiian Affairs.

Your Committee finds that fishponds were and continue to be essential components of sustainable food systems in Hawaii, providing food security and community resilience.

Your Committee has amended this measure by:

- (1) Requiring the Department of Land and Natural Resources to consult with relevant Native Hawaiian communities and organizations as it restores and restocks fishponds;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 730, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 730, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1425 Water & Land on S.B. No. 735

The purpose of this measure is to establish that the public auction requirement for the disposition of water rights is not required for a lease of water for commercial kalo cultivation.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Farmers Union United, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that exempting water leases for commercial taro cultivation from public auction, as proposed in this measure, would reduce the uncertainty for applicants of water leases while allowing oversight by the Board of Land and Natural Resources for the use of the water.

Your Committee has amended this measure by changing its effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 735, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 735, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1426 Water & Land on S.B. No. 1068

The purpose of this measure is to include in the State's objectives and policies for the physical environment under section 226-11, Hawaii Revised Statutes, of the Hawaii State Planning Act:

- (1) The promotion of statewide beach assessments and beach and shoreline restoration and conservation; and
- (2) The pursuit of compatible relationships among activities, facilities, Native Hawaiian traditional practices mauka to makai, and natural resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Office of Planning and Sustainable Development, University of Hawai'i Sea Grant College Program and Climate Resilience Collaborative, and one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that this measure would help to protect the State's natural resources, including beaches and other shorelines.

Your Committee has amended this measure by:

- (1) Adding beach and shoreline adaptation as part of the State's objectives and policies for the physical environment under section 226-11, Hawaii Revised Statutes, of the Hawaii State Planning Act;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that it is unclear whether the inclusion of "Native Hawaiian traditional practices mauka and makai" in this measure falls within the scope of its title.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1068, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1068, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1427 Water & Land on S.B. No. 1291

The purpose of this measure is to require the Office of Planning and Sustainable Development, in consultation with state agencies having operational responsibilities over facilities owned and managed by the State, to develop a standardized process for assessing the vulnerability of facilities owned and managed by the State to sea level rise in order to ensure that sea level rise planning and adaptation implementation is carried out in a consistent and comprehensive manner across state agencies' capital planning projects.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Department of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; Climate Change Mitigation and Adaptation Commission; University of Hawai'i Sea Grant College Program and Climate Resilience Collaborative; Environmental Caucus of the Democratic Party of Hawai'i; Imua Alliance; and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure continues state agencies' efforts to understand their facilities' vulnerability to sea level rise and to plan and adapt appropriately.

Your Committee has amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate on this measure, to consider an appropriation amount of \$400,000.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1291, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1291, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1428 Human Services on S.B. No. 295

The purpose of this measure is to:

- (1) Establish the Malama Ohana Working Group within the Office of Wellness and Resilience to seek, design, and recommend transformative changes to the State's existing child welfare system; and
- (2) Appropriate funds for the Malama Ohana Working Group.

Your Committee received testimony in support of this measure from Department of Human Services; Office of Hawaiian Affairs; Office of Wellness and Resilience; Stonewall Caucus of the Democratic Party of Hawai'i; Hawai'i Youth Services Network; Catholic Charities Hawai'i; Hawai'i State Coalition Against Domestic Violence; Hale Kipa; Rainbow Family 808; Hawaii Coalition for Child Protective Reform; EPIC 'Ohana, Inc.; Family Programs Hawaii; Nā Kama a Hāloa; Hawai'i Community Foundation; and seventeen individuals.

Your Committee finds that the problems faced by children and families in the State's child welfare system are extremely complex. Addressing the needs of the State's families and children, particularly the needs of Native Hawaiian families and children, requires collaboration between the Department of Human Services and community stakeholders. Your Committee further finds that the Office of Wellness and Resilience, established by Act 291, Session Laws of Hawaii 2022, is uniquely situated to address the various barriers that impact the physical, social, and emotional well-being of all people in the State. The Malama Ohana Working Group established by this measure is intended to improve outcomes for all children and families in the State's child welfare system by collaboratively working with the community to protect children in and out of the child welfare system.

Your Committee has amended this measure by:

- (1) Amending the composition and membership of the Malama Ohana Working Group; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 295, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 295, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, 1 (Garcia). Excused, 1 (Kobayashi).

SCRep. 1429 Health & Homelessness on S.B. No. 473

The purpose of this measure is to exempt manufacturers, wholesale distributors, and third-party logistics providers of home dialysate drugs or devices from the license, registration, and permit requirements for pharmacies, under certain conditions.

Your Committee received testimony in support of this measure from the Environmental Caucus of the Democratic Party of Hawai‘i and Liberty Dialysis-Hawaii. Your Committee received comments on this measure from the Board of Pharmacy.

Your Committee finds that home dialysis provides greater schedule flexibility, fewer food restrictions, and better outcomes. Additionally, home dialysis treatments can be done longer and more frequently, placing less strain on the patient's body. This measure is intended to improve the health outcomes of patients with kidney disease by facilitating the use of home dialysis.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 473, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 473, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 1430 Health & Homelessness on S.B. No. 668

The purpose of this measure is to:

- (1) Adopt the Physical Therapy Compact;
- (2) Require the Department of Commerce and Consumer Affairs to adopt rules for the implementation and administration of the Physical Therapy Compact; and
- (3) Require physical therapist and physical therapist assistant applicants to submit a full set of electronic fingerprints for criminal history record checks and authorize the Department of Commerce and Consumer Affairs to conduct these criminal history record checks.

Your Committee received testimony in support of this measure from the United States Department of Defense, Physical Therapy Compact Commission, Hawaii Chapter of the American Physical Therapy Association, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Regulated Industries Complaints Office, Board of Physical Therapy, Grassroot Institute of Hawaii, and Hawaii Association for Justice.

Your Committee finds that there is a chronic shortage of physical therapists in Hawaii owing in part to, until recently, the absence of an academic program in Hawaii. This shortage has impacted the delivery of proper rehabilitation services to the spectrum of the State's population, especially on the neighbor islands. This measure allows the Governor to enter Hawaii into the Physical Therapy Compact. Your Committee further finds that the purpose of the Physical Therapy Compact is to increase consumer access to physical therapy services by reducing regulatory barriers to interstate mobility and cross-state practice while maintaining the high standards of qualifications for physical therapy providers. Your Committee also finds that thirty-three states and the District of Columbia are currently members of the Physical Therapy Compact.

Your Committee notes the request raised in testimony by the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs that adoption of the Physical Therapy Compact be delayed for two years to allow the Division time to allocate sufficient resources to process and support Physical Therapy Compact related licenses.

Your Committee has amended this measure by:

- (1) Inserting language holding members, officers, executive directors, employees, and representatives of the Interstate Commission liable for any damage, loss, injury, or liability resulting from the officer's or employee's negligence or gross negligence;
- (2) Appropriating funds in an unspecified amount for the establishment of one position and internal database updates to allow the Professional and Vocational Licensing Division to process Physical Therapy Compact related licenses;
- (3) Changing the implementation date of the Physical Therapy Compact to July 1, 3025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Consumer Protection & Commerce, should it deliberate on this measure, to consider an appropriation amount of \$142,876.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 668, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 668, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Kobayashi).

SCRep. 1431 Health & Homelessness on S.B. No. 759

The purpose of this measure is to:

- (1) Require the Office of Primary Care and Rural Health to oversee and support community efforts to address health and wellness needs in rural and underserved areas and develop plans that align with appropriate providers' goals and objectives;
- (2) Require the Office of Primary Care and Rural Health to provide a one-time summary of community plans as part of the Primary Health Care Incentive Program annual report to the Legislature prior to the Regular Session of 2024; and
- (3) Appropriate funds for the development of community plans, including the establishment of one position.

Your Committee received testimony in support of this measure from the Department of Health, Office of Hawaiian Affairs, Hawaii State Youth Commission, HOPE Services Hawai‘i, and two individuals. Your Committee received testimony in opposition to this measure from seventeen individuals.

Your Committee finds that access and delays in health care delivery are the greatest obstacle to care for the State's rural residents. Your Committee further finds that coordinated efforts are necessary at all levels to examine social determinants that impact a community's access to health care resources and improve public health. This measure seeks to ensure health equity by developing and coordinating comprehensive plans to align health care priorities with existing resources.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 759, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 759, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 1432 Health & Homelessness on S.B. No. 900

The purpose of this measure is to:

- (1) Require the Executive Office on Aging to submit an annual progress report to the Legislature on the Hawaii State Health Insurance Assistance Program; and
- (2) Appropriate funds for the Hawaii State Health Insurance Assistance Program for the establishment of additional positions within the Executive Office on Aging.

Your Committee received testimony in support of this measure from the Executive Office on Aging, Disability and Communication Access Board, Policy Advisory Board for Elder Affairs, AARP Hawai'i, Catholic Charities Hawai'i, Hawai'i Family Caregiver Coalition, and fifteen individuals.

Your Committee finds that the Hawaii State Health Insurance Program was established in 1992 to assist and educate Medicare beneficiaries on a variety of topics, including making informed health choices based on the beneficiary's needs and budget, Medicare enrollment periods, and access to health and wellness programs. Your Committee further finds that the Hawaii State Health Insurance Program currently serves over eight thousand individuals, or approximately three percent of the State's Medicare population. The federal Administration for Community Living considers serving approximately eight percent of the Medicare population as acceptable performance and justification for continued funding. This measure is intended to assist the State's Medicare population and meet the Administration for Community Living's annual goal of 23,191 people served, by providing additional staffing resources to the Hawaii State Health Insurance Program.

Your Committee has amended this measure by:

- (1) Clarifying the content of the progress reports to be submitted to the Legislature by the Hawaii State Health Insurance Program;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$229,000 for the three full-time equivalent positions established by this measure.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 900, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 900, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 1433 Labor & Government Operations on S.B. No. 576

The purpose of this measure is to require public access to travel reports for individual representatives of state departments and agencies, including the Judiciary and University of Hawaii, acting in an official capacity on behalf of the State.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services. Your Committee received testimony in opposition to this measure from the Civil Beat Law Center for the Public Interest and League of Women Voters of Hawaii. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee finds that the reporting requirements in this measure seek to promote open government, transparency, and accountability by improving access to travel data. Your Committee further finds that the intention of the exception to disclosure was that sensitive personal information be capable of being withheld.

Your Committee has amended this measure by:

- (1) Clarifying that the exception to public disclosure shall be for "sensitive personal information" rather than "personally identifiable information" and defining the term "sensitive personal information";
- (2) Authorizing limited disclosure of portions of certain sensitive personal information by the state department or agency when required;
- (3) Placing the burden on the state department or agency to make a good faith effort to redact sensitive personal information; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 576, S.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 576, S.D. 3, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1434 Judiciary & Hawaiian Affairs on S.B. No. 1543

The purpose of this measure is to:

- (1) Establish a comprehensive system of public financing for all candidates seeking election to state and county public offices in the State, to begin with the 2026 general election;

- (2) Appropriate funds to the Hawaii Election Campaign Fund; and
- (3) Appropriate funds from the Hawaii Election Campaign Fund to the Campaign Spending Commission.

Your Committee received testimony in support of this measure from the Commission to Improve Standards of Conduct; Campaign Spending Commission; League of Women Voters of Hawaii; HULI PAC; Our Hawai'i; Clean Elections Hawai'i Coalition; Hope Services Hawai'i, Inc.; Holomua Collaborative; Habitat for Humanity Hawaii Island, Inc.; Common Cause Hawaii; Kauai Women's Caucus; Malama Makua; 350Hawaii.org; Free Access Coalition; Hawai'i Alliance for Progressive Action; Sierra Club of Hawai'i; Pono Hawaii Initiative; Americans for Democratic Action Hawai'i; Democratic Party of Hawai'i Education Caucus; Imua Alliance; Chamber of Sustainable Commerce; Indivisible Hawaii; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from two individuals.

Your Committee finds that establishing a comprehensive system of public financing will bolster the State's publicly-funded elections thereby relieving candidates of the need to rely upon the support of private funds from special interest groups or wealthy donors.

Your Committee has amended this measure by:

- (1) Amending the minimum number of qualifying contributions for:
 - (A) The office of state senator to four hundred qualifying contributions; and
 - (B) The office of state representative, Office of Hawaiian Affairs, and offices of prosecuting attorney and county council of counties with a population of less than five hundred thousand to two hundred qualifying contributions; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1543, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1543, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1435 Judiciary & Hawaiian Affairs on S.B. No. 1179

The purpose of this measure is to:

- (1) Prohibit political spending by foreign nationals, foreign corporations, and foreign-influenced business entities;
- (2) Require every business entity that contributes or expends funds in an election to file a statement of certification regarding its limited foreign influence; and
- (3) Require noncandidate committees making only independent expenditures to obtain a statement of certification from each top contributor required to be listed in an advertisement.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, League of Women Voters of Hawaii, Free Speech For People, Center for American Progress, and four individuals.

Your Committee finds that the State has a compelling interest in securing its democratic self-governance from foreign influence. This measure will protect the integrity of Hawaii's elections and boost public trust in elected representatives.

Your Committee has amended this measure by:

- (1) Clarifying when a business entity is considered a "foreign investor";
- (2) Prohibiting contributions or donations to any person by a foreign national, foreign corporation, or foreign-influenced business entity if the contribution or donation is earmarked for the recipient to make a campaign finance expenditure;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1179, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1179, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1436 Judiciary & Hawaiian Affairs on S.B. No. 201

The purpose of this measure is to expand the prohibition on campaign contributions from state and county contractors to include grantees of the State, and the officers and immediate family of the government contractor or state grantee.

Your Committee received testimony in support of this measure from the Commission to Improve Standards of Conduct, Campaign Spending Commission, and four individuals.

Your Committee finds that the Commission to Improve Standards of Conduct established by the House of Representatives in House Resolution No. 9, Regular Session of 2022, recommended prohibiting state and county grantees and the owners, officers, and immediate family members of a state or county contractor or grantee from making campaign contributions to candidate committees and noncandidate.

Accordingly, your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 724, a substantially similar measure, which previously passed the House, and which amends the prohibition against contributions to a candidate committee or noncandidate committee by state and county contractors to include state and county grantees and the owners, officers, and immediate family members of a state or county contractor or grantee; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 201, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 201, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1437 Judiciary & Hawaiian Affairs on S.B. No. 197

The purpose of this measure is to:

- (1) Increase the fine for campaign spending law violations that may be assessed against a noncandidate committee that makes only independent expenditures and has received at least one contribution of more than \$10,000 or spent more than \$10,000 in the aggregate in an election period; and
- (2) Authorize the Campaign Spending Commission to order that the fine, or any portion of the fine, assessed against a noncandidate committee be paid from the personal funds of the noncandidate committee or if the noncandidate committee cannot pay, the personal funds of the candidate or officers of the noncandidate committee.

Your Committee received testimony in support of this measure from the Commission to Improve Standards of Conduct, Campaign Spending Commission, League of Women Voters of Hawaii, and three individuals.

Your Committee finds that this measure implements one of the recommendations made by the Commission to Improve Standards of Conduct established by the House of Representatives in House Resolution No. 9, Regular Session of 2022. This measure attempts to reduce the influence of money in determining political outcomes at the state level by increasing the fine imposed for campaign spending law violations by certain noncandidate committees and allowing officers of a noncandidate committee to be held personally liable for fines assessed against noncandidate committees.

Your Committee has amended this measure by:

- (1) Clarifying when the Campaign Spending Commission may order an administrative fine, or any portion of the fine, assessed against a noncandidate committee be paid from personal funds;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 197, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 197, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1438 Health & Homelessness/Higher Education & Technology on S.B. No. 62

The purpose of this measure is to:

- (1) Reestablish the Hawaii Medical Education Special Fund; and
- (2) Appropriate funds to the John A. Burns School of Medicine for graduate medical education and training programs, expansion of medical residency and training, and medical residency and training opportunities in partnership with the United States Department of Veterans Affairs.

Your Committees received testimony in support of this measure from the University of Hawai'i at Mānoa John A. Burns School of Medicine, Hawai'i Primary Care Association, Hawaii Medical Association, 'Ahahui o nā Kauka, The Queen's Health System, Hawai'i Pacific Health, Hawaii Medical Service Association, and Kaiser Permanente Hawai'i. Your Committees received comments on this measure from the Department of Budget and Finance and Department of the Attorney General.

Your Committees find that many Hawaii residents are unable to obtain timely and appropriate health care due to shortages of health care providers in the State. In particular, the State's neighbor islands, which have been designated by the federal government as medically underserved areas, have been disproportionately impacted by shortages of physicians in all practice areas.

Your Committees further find that eighty percent of graduates of the John A. Burns School of Medicine who complete their medical school and residency in the State, also known as their graduate medical education, remain in Hawaii to practice. Additionally, medical residents who train on the neighbor islands are more likely to remain and subsequently practice there. Your Committees also find that ongoing funding of medical education is a matter of statewide concern and is vital to address the physician shortage in the State.

Your Committees have amended this measure by:

- (1) Clarifying that the funds appropriated shall be appropriated into and out of the Hawaii Medical Education Special Fund;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health & Homelessness and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 62, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 62, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Health & Homelessness: Ayes, 5. Noes, none. Excused, 3 (Ilagan, Mizuno, Garcia).

Higher Education & Technology: Ayes, 7. Noes, none. Excused, 4 (Quinlan, Todd, Woodson, Garcia).

SCRep. 1439 Labor & Government Operations on S.B. No. 306

The purpose of this measure is to:

- (1) Require all state agencies to make available on the Office of the Lieutenant Governor's website in a digitally accessible and searchable format:
 - (A) The full text of the rules of the agency; and

- (B) If adopting, amending, or repealing rules, the full text of the agency's proposed rules;
- (2) Require the Office of the Lieutenant Governor to submit a report on the implementation of the above requirement and plans for cross-referencing and centralizing the full text of the Hawaii Administrative Rules on the Office of the Lieutenant Governor's website; and
- (3) Appropriate funds for two positions in the Office of the Lieutenant Governor for implementation and maintenance of the rules centralization project.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers. Your Committee received comments on this measure from the Office of the Lieutenant Governor and Disability and Communication Access Board.

Your Committee finds that this measure will increase transparency in rulemaking for members of the public and stakeholders and optimize their ability to provide meaningful input in the process.

Your Committee notes that H.B. No. 572, H.D. 1 (Regular Session of 2023), a similar measure, was previously passed by the House. Your Committee believes that H.B. No. 572, H.D. 1, is preferable because it requires proposed rule changes to be reflected in Ramseyer format, making the changes more readily understandable for the reader; and contains specific requirements for the timing, content, and means of notice about the proposed rules.

Accordingly, your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 572, H.D. 1.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 306, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 306, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Martinez, Alcos).

SCRep. 1440 Labor & Government Operations on S.B. No. 415

The purpose of this measure is to make a general contractor entering into or operating under a contract in the State for the erection, construction, alteration, or repair of a building, structure, or other private work liable for the debt incurred by subcontractors for wages due to claimants, including interest owed, for performance of labor in the contract between the general contractor and the owner.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Operating Engineers Local Union No. 3, Hawaii Regional Council of Carpenters, and Pacific Resource Partnership. Your Committee received testimony in opposition to this measure from the Building Industry Association of Hawaii. Your Committee received comments on this measure from the General Contractors Association of Hawaii.

Your Committee finds that this measure provides a mechanism for laborers who do not receive the wages they are due from a subcontractor to receive recourse from the general contractor on the project. This places the onus on the general contractor to perform the requisite due diligence at the outset, requires the subcontractor to provide payroll records, limits the general contractor's liability to unpaid wages and interest owed, and specifies who may bring the enforcement action.

Your Committee has amended this measure by:

- (1) Clarifying that the private work for which the general contractor bears liability for wages is private construction work;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 415, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 415, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Martinez, Alcos).

SCRep. 1441 Labor & Government Operations on S.B. No. 814

The purpose of this measure is to:

- (1) Require the Office of Enterprise Technology Services, in consultation with the Office of Language Access and a working group, to develop and publish, and periodically review and update, electronic information technology standards for multilingual accessibility to be implemented by all state entities; and
- (2) Appropriate funds for one program manager position in the Office of Enterprise Technology Services.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawai'i Children's Action Network Speaks!, Hawai'i Coalition for Immigrant Rights, Hawai'i Friends of Civil Rights, AlohaCare, and one individual. Your Committee received comments on this measure from the Office of Language Access and Disability and Communication Access Board.

Your Committee finds that many state agencies use their websites, portals, and digital platforms to provide information and services to residents, accept applications for services and benefits, and access and manage online accounts. Providing persons with limited English proficiency with easy-to-find government digital information would encourage their participation in government services, programs, and activities. Establishing electronic information technology multilingual accessibility standards will provide a critical link to communication and make government services more accessible.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 814, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 814, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Martinez, Alcos).

SCRep. 1442 Labor & Government Operations on S.B. No. 1129

The purpose of this measure is to raise the procurement threshold for small purchases to \$50,000 and require that small purchase procurements for construction comply with certain competitive sealed bidding requirements.

Your Committee received testimony in support of this measure from the Hawai'i State Public Library System. Your Committee received testimony in opposition to this measure from the State Procurement Office and University of Hawai'i System.

Your Committee finds that this threshold for small purchases has not been amended since 1997 when, by Act 352, Session Laws of Hawaii 1997, it was increased from \$10,000 to \$25,000. In the intervening period, the cost of supplies, equipment, construction materials and services has risen and the existing procurement threshold hinders the efficient management of the volume and diversity of state and county purchases.

Your Committee further finds that the requirement that small purchases comply with the competitive sealed bidding requirements of section 103D-302(b), Hawaii Revised Statutes, effectively negates the utility of a transaction qualifying as a small purchase, unnecessarily complicates the procurement, and should be removed.

Your Committee has amended this measure by:

- (1) Deleting the requirement that small purchases comply with section 103D-302(b), Hawaii Revised Statutes, relating to competitive sealed bidding; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1129, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1129, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Martinez, Alcos).

SCRep. 1443 Labor & Government Operations on S.B. No. 1138

The purpose of this measure is to:

- (1) Prohibit a procurement officer from disclosing a competing offeror's proposal or evaluation score during a debriefing requested by a non-selected offeror; and
- (2) Allow the disclosure of a competing offeror's proposal or evaluation score after a protest is resolved and the contract is executed.

Your Committee received testimony in support of this measure from the Department of Transportation and State Procurement Office.

Your Committee finds that this measure will assist purchasing agencies by providing them with clear guidance on the documents and information that shall not be disclosed during a debriefing and prior to the resolution of a protest.

Your Committee has amended this measure by allowing for the disclosure of a summary of scores during the debriefing of a non-selected offeror to enable the non-selected offeror to have an indication of where the non-selected offeror stands in the overall process.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1138, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1138, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Martinez, Alcos).

SCRep. 1444 Labor & Government Operations on S.B. No. 1383

The purpose of this measure is to:

- (1) Establish an Unemployment Insurance Technology Special Fund to be used for operating expenses associated with the Department of Labor and Industrial Relations' information technology infrastructure; and
- (2) Authorize an unemployment insurance technology assessment to support the information technology operating and maintenance expenses for the payment of benefits and contributions under the Hawaii Employment Security Law.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations. Your Committee received testimony in opposition to this measure from Maui Paradise Properties, Maui Chamber of Commerce, and one individual.

Your Committee finds that, because the Unemployment Insurance program is one hundred percent federally funded, the federal funds received are used to cover costs associated with administering the program. A permanent funding mechanism is needed to support ongoing expenses to maintain the Unemployment Insurance Division's information technology infrastructure.

Your Committee has amended this measure by:

- (1) Including section 383-69, Hawaii Revised Statutes, in those sections from which the unemployment insurance technology assessment shall be separate and not included;
- (2) Changing the unemployment insurance technology assessment to an unspecified percentage of taxable wages; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider a rate of .01 percent of taxable wages in setting the unemployment insurance technology assessment.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1383, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1383, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Martinez, Alcos).

SCRep. 1445 Water & Land/Energy & Environmental Protection on S.B. No. 409

The purpose of this measure is to support fire prevention efforts in Hawaii by:

- (1) Appropriating funds to the Department of Land and Natural Resources for the Division of Forestry and Wildlife's Community Fuels Reduction Project to support wildlife prevention and hazardous fuel reduction measures; and

- (2) Beginning with fiscal year 2025-2026 and each fiscal year thereafter, requiring the Department of Land and Natural Resources to establish the Community Fuels Reduction Project as a separate line item within the department's budget.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Hawaii State Fire Council, Honolulu Fire Department, Big Island Invasive Species Committee, Pu'uana'hulu Firewise Committee, Mahanalua Nui Homeowners Association, Hydroponics Alternatives LLC, and six individuals.

Your Committees find that with land-use and climate changes in Hawaii, wildfires have become a significant and growing hazard to many places across the State. This measure provides funds in the short term for the Community Fuels Reduction Project and seeks to ensure resources are available for the Project over the long term.

Your Committees have amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 409, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 409, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 8. Noes, none. Excused, none.

Energy & Environmental Protection: Ayes, 5. Noes, none. Excused, 2 (Gates, Perruso).

SCRep. 1446 Agriculture & Food Systems on S.B. No. 430

The purpose of this measure is to:

- (1) Establish the Hawaii Farm to Food Bank Program; and
- (2) Establish and appropriate funds into and out of the Hawaii Food Assistance Program Special Fund for uses consistent with the purposes of the Special Fund.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Department of Agriculture; Office of Community Services; Maui County Council; Hawai'i Farm Bureau; Hawai'i Primary Care Association; Hawai'i Food+ Policy; Hawaii Cattlemen's Council, Inc.; Hawai'i Children's Action Network Speaks!; Hawai'i Hunger Action Network; 350Hawaii.org; Hawai'i Farmers Union United; Obesity Prevention Task Force of the Hawai'i Public Health Institute; Hawai'i Foodbank; The Food Basket Inc.; and five individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that Hawaii's food banks have provided food to those in need throughout the years, including when many Hawaii residents experienced food insecurity due to the coronavirus disease 2019 (COVID-19) pandemic. Food banks were able to meet this increased need during the height of the COVID-19 pandemic due to a major increase in federal funds and philanthropy. However, funding from these sources has declined considerably, and Hawaii's food banks will need additional support in order to continue to meet the needs of Hawaii residents. This measure supports the efforts of Hawaii's food banks as they continue to serve residents, while providing local food producers with a market to support their operations.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$3,000,000 into and out of the Hawaii Food Assistance Program Special Fund for uses consistent with the purposes of the Special Fund.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 430, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 430, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1447 Agriculture & Food Systems on S.B. No. 520

The purpose of this measure is to support the preservation and growth of the State's agricultural industry by establishing within the University of Hawaii's Leeward Community College a five-year Farm Succession Pilot Program to further the knowledge and technical skills of young farmers.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Hawai'i Food+ Policy; Hawaii Cattlemen's Council, Inc.; Hawai'i Farmers Union United; Hawai'i Alliance for Progressive Action; Hawai'i Foodbank; and four individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs, University of Hawai'i System, Hawai'i Food Hub Hui, and KL Felicitas Foundation.

Your Committee finds that the future of farming in Hawaii depends on the ability of existing farmers to pass on their knowledge, land, and resources to the next generation of farmers. However, the barriers to entry and the complexities of running a farm business can be overwhelming, especially for those who are just beginning. This measure would help new farmers meet these challenges.

Your Committee has amended this measure by:

- (1) Establishing the Farm Succession Pilot Program within Leeward Community College in collaboration with the University of Hawaii College of Tropical Agriculture and Human Resources;
- (2) Requiring the Farm Succession Pilot Program to:
 - (A) Offer and fund programs that provide education and training to socially disadvantaged farmers and ranchers; and
 - (B) Encourage and advance Native Hawaiian participation in farming and ranching through partnerships with the Office of Hawaiian Affairs;
- (3) Adding the Office of Hawaiian Affairs to the public or private entities with which Leeward Community College may consult to carry out its duties under the Farm Succession Pilot Program;

- (4) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 520, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 520, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1448 Agriculture & Food Systems on S.B. No. 86

The purpose of this measure is to require the Department of Agriculture, in coordination with the Office of Planning and Sustainable Development, to update the state agricultural functional plan to include other agricultural economic updates that expand the State's priority on increasing local food self-sufficiency and exports.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawai'i Farm Bureau; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.; Hawai'i Farmers Union United; and three individuals. Your Committee received comments on this measure from the Office of Planning and Sustainable Development and one individual.

Your Committee finds that the State's agricultural functional plan was last updated in 1991. Since then, Hawaii's agricultural industry has transitioned from plantation agriculture to a more diversified agriculture sector, including flowers and nursery products, vegetables, fruits, macadamia nuts, cattle, milk, poultry, eggs, forest products, hogs, coffee, taro, ulu, cacao, other livestock, and aquaculture. Your Committee further finds that updating the state agricultural functional plan would provide guidance for further agricultural development in Hawaii that takes into consideration how the industry has changed over the past thirty-two years.

Your Committee has amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 86, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 86, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1449 Agriculture & Food Systems on S.B. No. 511

The purpose of this measure is to benefit farmers and ranchers in the State by appropriating funds to the Department of Agriculture to establish a pilot program to identify and purchase the outer shell of foreign agriculture small equipment tractors and attempt to retrofit engines to comply with Environmental Protection Agency standards.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, Hawaii Floriculture and Nursery Association, Land Use Research Foundation of Hawaii, Hawaii Crop Improvement Association, and one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that this pilot program would help identify suitable small equipment and develop solutions to allow Hawaii farmers, especially those working smaller farms, to import foreign equipment that can be retrofitted with engines that comply with Environmental Protection Agency standards.

Your Committee has amended this measure by:

- (1) Changing the expending agency and purpose of the appropriation to the University of Hawaii to establish the Foreign Agriculture Small Equipment Pilot Program at a community college selected by the University of Hawaii to identify and purchase foreign agricultural technology, including small equipment tractors, and retrofit engines to comply with the United States Environmental Protection Agency's emission standards for small engines;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 511, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 511, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Woodson).

SCRep. 1450 Higher Education & Technology on S.B. No. 302

The purpose of this measure is to:

- (1) Temporarily reinstate the technology infrastructure renovation tax credit; and
- (2) Expand the definition of "technology-enabled infrastructure" to include data servers.

Your Committee received testimony in support of this measure from the Hawai'i Technology Development Corporation, Servpac, and Charter Communications. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and Hawaiian Telcom.

Your Committee finds that data centers and fiber optic networks are driving forces that support the creation and growth of the high-tech industry in the State. These facilities in turn promote high-paying jobs in the technology sector and contribute to the diversification of the State's economy. By reinstating the technology infrastructure renovation tax credit with an expanded definition, this measure is intended to provide an incentive to grow technology capabilities in the State.

Your Committee further finds that amendments requested by certain telecommunications carriers were introduced late in the process, may have substantive impacts on the tax credit that are difficult to quantify at this stage, and require additional public scrutiny. Accordingly, your Committee finds it prudent to seek an analysis of the tax implications of the requested amendments from the Department of Taxation prior to the next legislative session.

Your Committee has amended this measure by:

- (1) Requiring a report from the Department of Taxation, no later than twenty days prior to the convening of the Regular Session of 2024, analyzing the tax implications of specified exemptions;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 302, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 302, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Woodson, Garcia).

SCRep. 1451 Higher Education & Technology on S.B. No. 281

The purpose of this measure is to provide a state income tax deduction for Hawaii taxpayers making contributions to any college savings program established under section 529 of the Internal Revenue Code.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Securities Industry Association of Hawaii, and five individuals. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, Tax Foundation of Hawaii, and one individual.

Your Committee finds that, as the cost of higher education continues to rise, it is appropriate for the State to provide an incentive to Hawaii taxpayers to participate in college savings programs, thereby helping Hawaii families save for college instead of having to assume educational loans.

Your Committee has amended this measure by:

- (1) Limiting the scope of the deduction to contributions made to college savings programs established under chapter 256, Hawaii Revised Statutes;
- (2) Changing the definition of "qualified taxpayer" based on income levels that qualify for contribution to a Roth individual retirement account;
- (3) Refining the circumstances under which contributions to a college savings program shall be subject to recapture and penalties;
- (4) Changing the name of the program under chapter 235, Hawaii Revised Statutes, to Hawaii's College and ABLE Savings Program;
- (5) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 281, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 281, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Garcia).

SCRep. 1452 Higher Education & Technology on S.B. No. 391

The purpose of this measure is to use the University of Hawaii's community colleges as a channel to assist in stimulating and revitalizing Hawaii's economic recovery by appropriating funds for the administration, training, personnel, and student support of the colleges' workforce development programs, especially for students who are enrolled in public high schools in the State.

Your Committee received testimony in support of this measure from the Department of Education, University of Hawai'i System, Office of Hawaiian Affairs, State Council on Developmental Disabilities, ACT, University of Hawaii Professional Assembly, Maui Hotel & Lodging Association, and Maui Chamber of Commerce.

Your Committee finds that workforce training opportunities offered by the University of Hawaii's community colleges have provided high school students with the knowledge and skills necessary for employment. Priorities for workforce training for those seeking employment immediately after high school are in high-demand areas and entry-level employment with opportunities to advance to high-wage jobs. Additional funding will increase access to these programs and opportunities.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 391, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 391, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Garcia).

SCRep. 1453 Higher Education & Technology on S.B. No. 500

The purpose of this measure is to appropriate funds for the University of Hawaii at Manoa to establish three additional permanent mental health practitioner positions within the Division of Student Success' Counseling and Student Development Center.

Your Committee received testimony in support of this measure from the University of Hawai'i System and two individuals.

Your Committee finds that, according to reports highlighted by the University of Hawaii:

- (1) During the 2020-2021 school year, more than sixty percent of college students met the criteria for at least one mental health problem;
- (2) Almost three-quarters of students reported moderate or severe psychological distress;
- (3) The most frequent presenting concerns were anxiety (sixty-one percent), stress (forty-seven percent), and depression (forty-four percent); and
- (4) Approximately eleven percent of counseling center clients reported suicidal thoughts.

Your Committee further finds that the Counseling and Student Development Center has a ratio of one mental health professional per 3,815 students, while the nationally recommended minimum ratio is one per 1,500 students. Adding three mental health professionals would bring the ratio to one per 2,384 students.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 500, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 500, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Garcia).

SCRep. 1454 Higher Education & Technology on S.B. No. 478

The purpose of this measure is to repeal chapter 440J, Hawaii Revised Statutes, relating to telecommunications and cable industry information reporting requirements for broadband service providers.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, and Tourism; Charter Communications; CTIA; Hawaiian Telcom; and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from AARP Hawai'i.

Your Committee finds that accurately pinpointing unserved and underserved areas where broadband infrastructure is needed continues to be critical to access federal funding to provide service to all residents. The Federal Communications Commission (FCC) created the recently launched FCC National Broadband Map that displays where internet services are available on a location-by-location basis across the nation. The National Broadband Map and data are publicly available, allowing open access to this location-specific information. Your Committee further finds that the collection of broadband coverage data under chapter 440J, Hawaii Revised Statutes, has effectively been replaced by the more comprehensive and granular data collection provided by the FCC and, therefore, chapter 440J, Hawaii Revised Statutes, is no longer needed.

Your Committee has amended this measure by:

- (1) Deleting part II, section 5, which unnecessarily removes previous privacy protections upon which the agreement to share information was based;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 478, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 478, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Martinez, Garcia).

SCRep. 1455 Higher Education & Technology on S.B. No. 752

The purpose of this measure is to:

- (1) Require the Comptroller to identify state office buildings that can provide equitable telecommunication access to allow residents on the neighbor islands and rural areas of Oahu and residents with disabilities to participate remotely in legislative hearings; and
- (2) Require a report to the Legislature.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, State Council on Developmental Disabilities, and one individual. Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee finds that providing designated locations on the neighbor islands and in rural Oahu where residents can participate remotely in the state legislative process will help to address the rural-urban digital divide and the resulting financial burden of participation. This measure will also facilitate the inclusion of individuals with disabilities by providing additional alternatives for remote participation.

Your Committee notes the written testimony received from the Comptroller, that existing libraries may already have the requisite infrastructure, resources, and support to accomplish the telecommunication access goals of this measure. Your Committee further notes that existing public schools, within a community school model, may also offer potential sites for telecommunication access for those wishing to participate remotely in the legislative process.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 752, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 752, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Garcia).

SCRep. 1456 Higher Education & Technology on S.B. No. 1317

The purpose of this measure is to:

- (1) Transfer the Hawaii Broadband and Digital Equity Office from the Department of Business, Economic Development, and Tourism to the Office of the Lieutenant Governor on a temporary, four-year basis;
- (2) Provide the matching funds required to receive federal funds for state broadband initiatives; and
- (3) Require the Office of the Lieutenant Governor to convene and chair the working group established pursuant to Act 231, Session Laws of Hawaii 2022.

Your Committee received testimony in support of this measure from the Office of the Lieutenant Governor; Department of Business, Economic Development, and Tourism; University of Hawai'i System; Department of Budget and Finance; AARP Hawai'i; Broadband Hui; Hawaiian Telcom; AlohaCare; and Maui Chamber of Commerce.

Your Committee finds that the coronavirus disease 2019 pandemic revealed how important reliable, high-speed internet access is for remote learning, remote work, telehealth services, commerce, and an ability to stay connected to the world. The Office of the Lieutenant Governor has been tasked by the Governor with overseeing initiatives to modernize the State's broadband infrastructure and ensure access to high quality connectivity, particularly in rural areas. Accordingly, placement of the Hawaii Broadband and Digital Equity Office in the Office of the Lieutenant Governor on a temporary basis will ensure the appropriate implementation, operation, and maintenance of broadband infrastructure development in the State.

Your Committee further finds that equitable access to high-speed broadband internet is a pressing challenge for the State. Because there is a significant amount of federal funds available to support state broadband initiatives that require matching funds from the State, this measure provides additional support for those initiatives to ensure greater access to broadband for the State's residents.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1317, S.D. 3, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1317, S.D. 3, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Garcia).

SCRep. 1457 Higher Education & Technology on S.B. No. 1478

The purpose of this measure is to:

- (1) Establish an Offensive Cybersecurity Program within the Office of Enterprise Technology Services to analyze and evaluate cybersecurity threats and increase cybersecurity awareness and education;
- (2) Establish a goal for all state and county agencies to identify and address cybersecurity vulnerabilities having a threshold benchmark score;
- (3) Appropriate funds and authorize positions; and
- (4) Require reports to the Legislature.

Your Committee received testimony in support of this measure from the Judiciary.

Your Committee finds that the escalation of cybersecurity threats and speed at which cybersecurity criminals target government entities require dedicated resources with a specialized focus on protecting government information and data communication infrastructure. Your Committee further finds that a centralized resource to combat these threats, which have the capacity to infect and disable government operations, would benefit the government and the public it serves.

Your Committee has amended this measure by:

- (1) Clarifying that references to agencies are intended to encompass state and county agencies;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1478, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1478, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Garcia).

SCRep. 1458 Higher Education & Technology on S.B. No. 155

The purpose of this measure is to:

- (1) Establish and appropriate funds for a Network Improvement Community Task Force to develop a pilot K-12 science, technology, engineering, and mathematics teacher education program, to be coordinated through the University of Hawaii Maui College campus;
- (2) Appropriate funds for a science, technology, engineering, and mathematics entrepreneur-resident at the University of Hawaii Maui College; and
- (3) Appropriate funds for the University of Hawaii Maui College's Office of International and Regional Partnerships' study abroad programs.

Your Committee received testimony in support of this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that the work of the proposed task force described in part I of this measure overlaps with the charge of the Teacher Education Coordinating Committee established under section 304A-1202, Hawaii Revised Statutes, and should be deleted.

Your Committee also finds that extending study abroad opportunities available through the University of Hawaii Maui College's Office of International and Regional Partnerships will help students gain foreign language skills and cross-cultural competence and promotes economic and educational relationships between the County of Maui and the world.

Your Committee has amended this measure by:

- (1) Deleting part I, which established and appropriated funds for a network improvement community task force and appropriated funds for a science, technology, engineering, and mathematics entrepreneur-resident at the University of Hawaii Maui College;
- (2) Clarifying that the purpose of the appropriation to the University of Hawaii is to subsidize travel expenses and tuition for students to study abroad;
- (3) Requiring reports to the Legislature on the opportunities afforded by the expenditure of funds for students to study abroad;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 155, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 155, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Garcia).

SCRep. 1459 Health & Homelessness on S.B. No. 1215

The purpose of this measure is to:

- (1) Improve accessibility for providers to receive income tax credits for acting as preceptors;
- (2) Add licensed dietitians, physician assistants, and social workers to the list of preceptors and expand tax credit eligibility by allowing any recognized preceptor to train any eligible students;
- (3) Include dietitian students, physician assistant students, and social worker students in the definition of "eligible student"; and
- (4) Revise the membership of the Preceptor Credit Assurance Committee to include the Director of Health.

Your Committee received testimony in support of this measure from the Department of Health, University of Hawai'i System, Hawai'i State Center for Nursing, Hawai'i Primary Care Association, Hawai'i Academy of Physician Assistants, Hawai'i Association of Professional Nurses, Hawaii Medical Association, Hawai'i Pacific Health, Kaiser Permanente Hawai'i, The Queen's Health System, and three individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that there is a shortage of primary care providers in the State. Your Committee further finds that the healthcare preceptor income tax credit is intended to incentivize volunteer preceptors to offer professional instruction, training, and supervision to students and residents seeking careers as health care providers. However, only a small subset of providers meet the credit's eligibility requirements each year. Additionally, some classes of health care providers, such as licensed dietitians, physician assistants, and social workers, are statutorily ineligible for the tax credit. This measure is intended to increase eligibility for the tax credit by clarifying compensation limits for volunteer-based supervised clinical training rotations and expanding the definition of "preceptor" to include additional medical specialties.

Your Committee has amended this measure by:

- (1) Changing the effective date to December 31, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1215, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1215, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 1460 Health & Homelessness on S.B. No. 755

The purpose of this measure is to require the State Council on Developmental Disabilities to study the health disparities experienced by persons in the State with developmental or intellectual disabilities.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, State Council on Developmental Disabilities, Disability and Communication Access Board, University of Hawai'i College of Social Sciences, Hawaii Disability Rights Center, Alzheimer's Association – Hawaii, Hawai'i Primary Care Association, Epilepsy Foundation of Hawaii, and five individuals.

Your Committee finds that when compared with their non-disabled peers, persons with disabilities are more likely to experience fair or poor health, obesity, and diabetes. Your Committee further finds that there are troubling gaps in data regarding the health disparities experienced by persons with developmental or intellectual disabilities and their social determinants of health. This measure is intended to bridge that gap by requiring the State Council on Developmental Disabilities to investigate and report to the Legislature on the health disparities experienced by persons in the State with developmental or intellectual disabilities, with a focus on population-level differences in health indicators and social determinants of health.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$500,000.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 755, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 755, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 1461 Economic Development/Labor & Government Operations on S.B. No. 1057

The purpose of this measure is to:

- (1) Require certain job listings to disclose the hourly rate or salary range that reasonably reflects the actual expected compensation; and
- (2) Prohibit an employer from discriminating between employees because of any protected category established under state law by paying wages to employees in an establishment at a rate less than the rate at which the employer pays wages to other employees in the establishment for substantially similar work.

Your Committees received testimony in support of this measure from the Hawai'i Civil Rights Commission, Hawaii Appleseed Center for Law & Economic Justice, American Association of University Women of Hawaii, Hawaii State Democratic Women's Caucus, and numerous individuals. Your Committees received testimony in opposition to this measure from the Retail Merchants of Hawaii, Chamber of Commerce Hawaii, Society of Human Resource Management, National Federation of Independent Business Hawaii Chapter, Hawai'i Restaurant Association, and Maui Chamber of Commerce.

Your Committees find that several states, including California and Colorado, have recently enacted laws requiring job advertisements to include pay. These laws have helped reduce pay inequalities and have been beneficial for employers, current employees, and prospective employees. Employers and employees can spend less time in job interviews because prospective employees will not apply to jobs with a pay level that they feel is too low, and current employees can seek higher wages because they are able to see the salaries of new employees. Your Committees believe that requiring employers to include the hourly rate or salary range as part of a job advertisement will help increase pay transparency and equal pay for all employees. Your Committees also believe that, to ensure pay equality, employees in protected categories that do substantially similar work as other employees should be paid at the same rate.

Your Committees have amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request your Committee on Judiciary & Hawaiian Affairs, should it deliberate on this measure, to consider whether job performance should also be a factor in a job's pay rate.

As affirmed by the records of votes of the members of your Committees on Economic Development and Labor & Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1057, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1057, S.D. 2, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Economic Development: Ayes, 5. Noes, 2 (Kong, Pierick). Excused, 1 (Quinlan).

Labor & Government Operations: Ayes, 5. Noes, none. Excused, 2 (Tam, Alcos).

SCRep. 1462 Transportation on S.B. No. 809

The purpose of this measure is to expand the scope of the electric bicycle and electric moped rebate program to include electric micro-mobility devices.

Your Committee received testimony in support of this measure from the Department of Transportation; Hawaii State Energy Office; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Maui Metropolitan Planning Organization; Ulupono Initiative; Hawaii Bicycling League; and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that this measure supports the proliferation of low-emission transportation options, including micro-mobility options which can reduce transportation emissions. For Hawaii to meet its statutory target to sequester more greenhouse gases than emitted as soon as practicable but no later than 2045, significant reductions in emissions from ground transportation will need to be made. Your Committee further finds that this measure may be particularly impactful in reducing fossil-fuel powered vehicle miles traveled and related transportation emissions.

Your Committee has amended this measure by:

- (1) Placing the appropriation sections in a new part for clarity;
- (2) Reducing the rebate amount that an eligible purchaser shall receive to twenty percent of the retail cost of the electric bicycle, electric moped, or electric micro-mobility device or \$250, whichever amount is lower;
- (3) Reducing the total rebate amount an eligible purchaser may receive during each fiscal year from \$500 to \$250;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes the concerns raised during the hearing regarding safety issues. Therefore, your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to pursue a definition of "electric micro-mobility devices" from the Department of Transportation for purposes of the Statewide Traffic Code, as it relates to user and pedestrian safety and determine whether these types of devices should be permitted to be used on sidewalks. Your Committee further notes that under section 291-145(g), HRS, no person shall ride a bicycle equipped with a motor on any sidewalk.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, consider whether the appropriations for fiscal year 2022-2023 are necessary and if so, to insert the appropriate constitutional language relating to emergency appropriations.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 809, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 809, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1463 Transportation on S.B. No. 1506

The purpose of this measure is to:

- (1) Establish within the Department of Transportation for administrative purposes a Safe Routes for People Implementation Program and Safe Routes for People Implementation Committee;
- (2) Clarifies the responsibilities of various entities in relation to the Safe Routes to School Program;
- (3) Renames the Safe Routes to School Program Special Fund as the Safe Routes for People Special Fund and clarifies the funds to be deposited into, and authorized uses of the funds in the special fund; and
- (4) Appropriate funds to the Department of Transportation to improve bicycle and pedestrian safety for kupuna and keiki.

Your Committee received testimony in support of this measure from the Department of Transportation; Department of Health; State Council on Developmental Disabilities; Hawai'i Climate Change Mitigation & Adaptation Commission; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Department of Transportation Services of the City and County of Honolulu; Honolulu Police Department; Kaiser Permanente; AARP Hawai'i; Hawai'i Public Health Institute; Malama Kaua'i; Get Fit Kauai; We Are One, Inc.; Ulupono Initiative; Maui Metropolitan Planning Organization; Hawaii Bicycling League; Hawai'i Children's Action Network Speaks!; and seventeen individuals. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the companion to this measure, H.B. No. 1418, H.D. 1 (Regular Session of 2023), was previously passed by the House.

Your Committee has amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1418, H.D. 1, a measure that makes an appropriation of an unspecified amount for the 2023-2025 fiscal biennium to the Department of Transportation for bicycle and pedestrian safety; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider providing clarity on the use of the words keiki and kupuna in the previous versions of this measure as bicycle and pedestrian safety should be inclusive of everyone.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1506, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1506, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1464 Transportation on S.B. No. 588

The purpose of this measure is to require and appropriate funds for the Department of Transportation, in conjunction with any county having a population greater than five hundred thousand, to develop a pilot program to use noise detection traffic cameras to address excessive traffic noise in urban areas of each participating county.

Your Committee received testimony in support of this measure from the Department of Transportation, Waikiki Neighborhood Board, and numerous individuals. Your Committee received testimony in opposition to this measure from five individuals.

Your Committee finds that excessive noise is a quality of life issue and that there is technology available to detect vehicle noise emissions. Roadside sound meters and cameras can provide evidence of vehicles emitting excessive noise. Your Committee further finds once the preset noise threshold is triggered, the camera can capture video of the vehicle emitting the excessive noise, which will help law enforcement to take necessary actions.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 588, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 588, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Kila). Excused, none.

SCRep. 1465 Education on S.B. No. 832

The purpose of this measure is to:

- (1) Authorize the School Facilities Authority to:
 - (A) Acquire real property from a county;
 - (B) Adopt administrative rules that supersede all other inconsistent ordinances and rules relating to the zoning of land and construction;
 - (C) Engage in commercial enterprise activities; and
 - (D) Contract to manage the leasing and property management of housing projects;
- (2) Exempt the School Facilities Authority from county assessments and state taxes;
- (3) Authorize state and county agencies to render services to the School Facilities Authority upon request of the Authority; and
- (4) Establish a deadline for the transfer of properties from the City and County of Honolulu to the Department of Education pursuant to Act 206, Session Laws of Hawaii 2017, as amended by Act 272, Session Laws of Hawaii 2019.

Your Committee received testimony in support of this measure from the School Facilities Authority. Your Committee received comments on this measure from the Department of Budget and Finance and Department of Land Management of the City and County of Honolulu.

Your Committee finds that the additional authority given by this measure to the School Facilities Authority will allow the Authority to partner with other state and county agencies to carry out its work in developing facilities that will be of benefit for Hawaii's education system.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 832, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kapela, Quinlan).

SCRep. 1466 Education on S.B. No. 1232

The purpose of this measure is to temporarily authorize the State Librarian to:

- (1) Impose and collect rates, rents, fees, fines, and charges for the use of state library facilities and revise the rates, rents, and fees with approval of the Board of Education; and
- (2) Prescribe procedures relating to certain costs, fines, and fees without regard to chapter 91, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Hawaii State Public Library System. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that allowing the State Librarian to collect fees for the use of state library facilities will provide additional funds to support public library services for communities across the State. Your Committee notes that currently, to update the schedule of fees for the use of state library facilities, the Hawaii State Public Library System is required to follow the administrative rule process pursuant to chapter 91, Hawaii Revised Statutes, which can be a long process. Your Committee believes this measure will provide the public library system with the flexibility it needs to adjust services to meet changing community needs.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1232, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1232, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Kapela, Quinlan).

SCRep. 1467 Education on S.B. No. 1596

The purpose of this measure is to:

- (1) Establish and appropriate funds for a Maui Campus Housing Pilot Program under the School Facilities Authority to make housing available to employees at schools in the Lahainaluna and Kulanihakoī complexes; and
- (2) Require the School Facilities Authority and Department of Education to submit reports to the Legislature on the Pilot Program.

Your Committee received testimony in support of this measure from the School Facilities Authority, one member of the Maui County Council, Hawaii State Teachers Association, and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that Hawaii must seek new opportunities to attract and retain quality school teachers, specialized staff, and administrators. Your Committee further finds that employee housing that is affordable will increase recruitment and retention of school employees. Your Committee notes that many school campuses, particularly those in rural areas and on the neighbor islands, offer an opportunity to provide on-campus housing for school employees. This measure establishes a pilot program to plan, design, and construct housing for employees of schools in the Lahainaluna and Kulanihakoī complexes to explore the possibilities of housing school employees in all public school campuses.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1596, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Kapela, Quinlan).

SCRep. 1468 Education on S.B. No. 1344

The purpose of this measure is to:

- (1) Replace statutory references to school health aides with school health assistants to reflect updated job titles; and
- (2) Authorize school health assistants to administer medication at school with the approval of a health care professional within the Department of Education, the Department of Health, or a health care service pursuant to a written agreement with the Department of Education.

Your Committee received testimony in support of this measure from the Department of Education, Department of Health, University of Hawai'i at Manoa Nancy Atmospera-Walch School of Nursing, Epilepsy Foundation of Hawaii, and Hawai'i State Center for Nursing. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that all medication requests to be administered by a school health assistant are currently reviewed and must be approved by the Department of Health. Your Committee notes that some schools currently have a registered nurse, advanced practice registered nurse, or other specialized health care provider on campus through written agreements with the Department of Education. Your Committee believes that enabling school-based licensed healthcare staff, pursuant to a written agreement with the Department of Education, to approve the administration of medication by school health assistants will allow for more efficient, accessible, and safe student care.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1344, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1344, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 9; Ayes with Reservations (Garcia). Noes, none. Excused, 2 (Kapela, Quinlan).

SCRep. 1469 Education on S.B. No. 1023

The purpose of this measure is to:

- (1) Appropriate funds for the Preschool Open Doors program to expand access to preschool and to implement program changes required by previous acts;
- (2) Expand the types of entities from which Preschool Open Doors service providers may obtain accreditation;
- (3) Clarify the ages of children who can participate in the Preschool Open Doors program, including the priority with which they should be served; and
- (4) Authorize the Preschool Open Doors Special Fund to accept federal funds.

Your Committee received testimony in support of this measure from the Office of the Lieutenant Governor, Department of Human Services, Early Learning Board, Executive Office on Early Learning, University of Hawai'i System, Hawaii Association of Independent Schools, Hawaii Council of Private Schools, Hawai'i Children's Action Network Speaks!, Stonewall Caucus of the Democratic Party of Hawaii, Early Childhood Action Strategy, Rainbow Family 808, Commit to Keiki, Kamehameha Schools, The Samuel N. and Mary Castle Foundation, and Parents and Children Together. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that providing children access to high-quality preschools will better prepare them for success in the future. Your Committee further finds that the Executive Office on Early Learning implemented the Public Prekindergarten Program to meet the education needs of young children. Your Committee also finds that child care subsidies and tuition assistance programs, such as the Preschool Open Doors Program, help alleviate the financial burden many families face when attempting to access early learning opportunities. This measure expands both programs and will provide more families with increased access to affordable high-quality early learning opportunities.

Your Committee has amended this measure by:

- (1) Clarifying that the criteria to prioritize applications for the Public Prekindergarten Program shall include consideration for three-year-old children;
- (2) Requiring the Department of Human Services to:
 - (A) Provide reimbursements to providers participating in the Preschool Open Doors Program, irrespective of the provider's tuition rate for a child; and
 - (B) Adjust the reimbursement rates for providers at least once every two years based on either a true cost of care or cost estimation model;
- (3) Changing the effective date to June 30, 3000; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1023, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1023, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Garcia). Noes, none. Excused, 2 (Kapela, Quinlan).

SCRep. 1470 Housing/Education on S.B. No. 941

The purpose of this measure is to:

- (1) Authorize the School Facilities Authority to partner with public and private agencies to develop teacher and educator housing and classrooms; and
- (2) Appropriate funds for the construction of teacher and educator housing and classrooms and authorize, with the approval of the Governor, the School Facilities Authority to transfer its implementation authority to other state agencies.

Your Committees received testimony in support of this measure from the School Facilities Authority, Nānākuli-Wai'anae Interim Complex Area Superintendent, Hawaii State Teachers Association, Hydroponics Alternatives LLC, and three individuals. Your Committees received comments on this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committees find that Hawaii is facing a shortage of qualified teachers, which is further exacerbated by the lack of affordable housing. Your Committees further find that many teachers are leaving the State or the teaching profession in search of better pay and cheaper cost of living. Your Committees believe that financial incentives, such as improving classrooms and providing affordable housing, are a key strategy for the recruitment and retention of teachers.

Your Committees have amended this measure by:

- (1) Clarifying that the types of housing the School Facilities Authority may partner with public and private development agencies to develop housing includes workforce housing and housing for teachers, educators, and staff;
- (2) Changing the appropriation and allocations to unspecified amounts;
- (3) Reinserting an allocation in an unspecified amount to Waipahu High School;
- (4) Specifying that the housing projects developed pursuant to this measure shall be within certain school campuses or within a two-mile radius of certain school campuses and shall be reserved for teachers, educators, and staff employed at a school in the Mililani, Nanakuli, and Waipahu complexes;
- (5) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$185,000,000 and to allocate the funds as follows:

- (1) \$65,000,000 for Mililani High School;
- (2) \$65,000,000 for Nanakuli High & Intermediate School; and
- (3) \$60,000,000 for Waipahu High School.

As affirmed by the records of votes of the members of your Committees on Housing and Education that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 941, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 941, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.
 Housing: Ayes, 9. Noes, none. Excused, none.
 Education: Ayes, 9. Noes, none. Excused, 2 (Kapela, Quinlan).

SCRep. 1471 Water & Land on S.B. No. 93

The purpose of this measure is to require that any nonpotable water users or developers of real property located within an unspecified number of miles of a wastewater treatment plant use R-1 water for nonpotable water usage.

Your Committee received testimony in support of this measure from the Honolulu Board of Water Supply. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Health, Department of Land and Natural Resources, and Department of the Attorney General.

Your Committee finds that recycled water is a drought-proof, renewable source of water that is a safe, smart way to extend the life of Hawaii's finite water supply.

Your Committee has amended this measure by:

- (1) Deleting the requirement that any nonpotable water users or developers of real property located within an unspecified number of miles of a wastewater treatment plant must use R-1 water for nonpotable water usage;
- (2) Deleting the definition of "R-1 water";
- (3) Requiring any county agencies producing recycled water to establish water reuse zones within their service areas by January 1, 2024;
- (4) Adding a definition of "water reuse zone";
- (5) Modifying the purpose of an appropriation to be used to enforce the water reuse zones requirement;
- (6) Deleting the appropriation to establish an unspecified number of full-time equivalent positions within the Commission on Water Resource Management;
- (7) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 93, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 93, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
 Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1472 Water & Land on S.B. No. 1018

The purpose of this measure is to specify, when a state of emergency or local state of emergency has been declared or when the State is the subject of a health or pandemic emergency, that:

- (1) The Governor shall regulate medical facilities appropriately to ensure continuity of service; and
- (2) Any hospital may suspend elective surgeries to address the hospital's bed capacity.

Your Committee received testimony in support of this measure from the Hawai'i Emergency Management Agency. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Healthcare Association of Hawaii.

Your Committee finds that the COVID-19 pandemic illustrated the importance of maintaining adequate capacity in the State's health care system during an emergency. This measure is intended to ensure that the State can maintain continuity of service in the health care system and grant hospitals the flexibility to adequately respond to health or pandemic emergencies.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1018, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
 Ayes, 8. Noes, none. Excused, none.

SCRep. 1473 Water & Land on S.B. No. 1136

The purpose of this measure is to preserve and protect Makena State Park in the County of Maui by appropriating monies for the Department of Land and Natural Resources to conduct a carrying capacity study for the park.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Maui, Maui Tomorrow Foundation, and three individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources.

Your Committee finds that a carrying capacity study for Makena State Park is necessary to protect the park's environmental and cultural resources. Without such a study, Makena State Park risks losing its sense of place due to the impacts of overtourism on the ecosystem and landscape.

Your Committee has amended this measure by:

- (1) Directing the Office of Planning and Sustainable Development, rather than the Department of Land and Natural Resources, to conduct the carrying capacity study for Makena State Park;
- (2) Requiring the Office of Planning and Sustainable Development to submit its report to the Legislature by July 1, 2024;
- (3) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1136, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1136, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1474 Water & Land on S.B. No. 1264

The purpose of this measure is to authorize the Department of Land and Natural Resources to establish limited-entry commercial fisheries for fisheries not subject to federal fisheries regulations, when appropriate or necessary to ensure sustainable fisheries.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.

Your Committee finds that this measure seeks to strike a balance between ensuring that certain commercial fisheries throughout Hawaii remain healthy and sustainable and recognizing the important economic role of commercial fisheries in the State.

Your Committee has amended this measure by:

- (1) Limiting the establishment of limited-entry commercial fisheries to two species – uhu and kala – on a temporary basis;
- (2) Requiring the Department of Land and Natural Resources to report annually to the Legislature and consult regularly with stakeholders regarding the temporary limited-entry commercial fisheries for uhu and kala;
- (3) Repealing it on June 30, 2028;
- (4) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1264, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1264, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Hashem).

SCRep. 1475 Water & Land on S.B. No. 1332

The purpose of this measure is to improve the State's and counties' ability to respond to emergency situations in Hawaii by:

- (1) Clarifying the scope of the Comprehensive Emergency Management Plan;
- (2) Specifying the status and allowable uses of Major Disaster Fund monies, including increasing the amount of additional funds that may be made available for the purpose of matching federal disaster relief funds from \$5,000,000 to \$10,000,000;
- (3) Shortening the duration of price control periods from ninety-six hours to seventy-two hours; and
- (4) Defining the term "severe warning" to recognize that entities other than the National Weather Service issue warnings that may require the activation of the emergency management system.

Your Committee received testimony in support of this measure from the state Department of Defense; Hawai'i Emergency Management Agency; Office of Climate Change, Sustainability and Resiliency of the City and County of Honolulu; Retail Merchants of Hawaii; and Chamber of Commerce Hawaii. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure clarifies the scope of the State's Comprehensive Emergency Management Plan to address not only how Hawaii responds to emergencies and disasters but also how it prepares for, mitigates against, and recovers from them. Your Committee further finds that the other statutory modifications proposed in this measure would better enable the state Department of Defense and Hawaii Emergency Management Agency to fulfill their mission of protecting the people of Hawaii.

Your Committee has amended this measure by:

- (1) Clarifying that the Governor's or mayors' emergency management powers under chapter 127A, Hawaii Revised Statutes, must be consistent with the Hawaii State Constitution;
- (2) Clarifying the powers of the Governor and mayors to extend or terminate a state of emergency or local state of emergency, respectively;
- (3) To provide greater flexibility, deleting the exact location at which the new Hawaii Emergency Management Agency facility will be built;
- (4) Changing the appropriation to an unspecified amount;
- (5) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate on this measure, to consider appropriating \$12,000,000 for each year of fiscal biennium 2023-2025 for the planning and design of a new Hawaii Emergency Management Agency facility.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1332, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1332, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1476 Water & Land on S.B. No. 1417

The purpose of this measure is to require the Hawaii Community Development Authority to consider the impacts of climate change, sea level rise, and climate-resilient development in the design and siting of buildings in the Kakaako and Kalaehoa community development districts.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, Hawai'i Community Development Authority, University of Hawai'i Climate Resilience Collaborative and Sea Grant College Program, Wild Kids, and four individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that Kakaako will be significantly affected by the effects of climate change, including sea level rise and heavy rainfall, while the lack of drainage infrastructure in Kalaeloa makes the area extremely vulnerable to the effects of climate change.

Your Committee has amended this measure by:

- (1) Removing as a development guidance policy of the Hawaii Community Development Authority's actions in the Kakaako and Kalaeloa community development districts the requirement to implement design standards for new construction that require the lowest finished floor to elevate a minimum of two feet above the flood insurance rate map base flood elevation or 5.8 feet above mean higher high water, whichever is higher, based on the latest guidance from the Climate Change Commission of the City and County of Honolulu;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1417, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1417, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1477 Water & Land on S.B. No. 1598

The purpose of this measure is to fund and staff a water testing laboratory at the University of Hawaii Maui College.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

Your Committee finds that the University of Hawaii Maui College has been performing water quality testing through funding from a federal grant, which will end soon. This measure would ensure the continuation of water quality testing capabilities at University of Hawaii Maui College, along with the continued training of students in the program.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1598, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1478 Water & Land/Housing on S.B. No. 1573

The purpose of this measure is to establish within the Office of the Governor a working group to ascertain and address state watershed management to enable the development and construction of affordable housing projects across the State.

Your Committees received testimony in support of this measure from the Chief Housing Officer of the Office of the Governor, Hawaii Housing Finance and Development Corporation, Natural Energy Laboratory of Hawaii Authority, Honolulu Board of Water Supply, one member of the Hawai'i County Council, County of Hawai'i Planning Department, Hawai'i County Office of Housing and Community Development, and Hawai'i Association of REALTORS. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Department of Land and Natural Resources.

Your Committees find that water resources and infrastructure are one of the major challenges in the development of affordable housing in the State. Your Committees further find that the working group proposed in this measure will be key to supporting affordable-housing initiatives while providing proper management of water resources.

Your Committees have amended this measure by:

- (1) Adding:
 - (A) Increasing water efficiency, reuse, and recycling for affordable housing projects and developments; and
 - (B) Quantitatively balancing water use with water recharge and replenishment within the impacted watershed,
 as matters for the working group to address and make recommendations on;
- (2) Allowing the chairperson of the working group to invite additional individuals and organizations to participate on the working group, as needed;
- (3) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Housing that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1573, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1573, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 8. Noes, none. Excused, none.

Housing: Ayes, 8. Noes, none. Excused, 1 (Kila).

SCRep. 1479 Culture, Arts & International Affairs on S.B. No. 403

The purpose of this measure is to repeal the designation of black coral as the official gem of the State.

Your Committee received testimony in opposition to this measure from Maui Divers of Hawaii. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that Hawaii's coral reefs are vital to marine ecosystems and are home to many endemic and native species. Designated as the official gem of the State by Act 9, Session Laws of Hawaii 1987, black coral played a significant role in marketing campaigns showcasing Hawaii's beauty. However, the long-term promotion of Hawaii and its natural resources, including black coral, has led to increased commercial use of coral, contributing to the decline and degradation of coral reefs. Your Committee further finds that this measure would help preserve the State's prized natural resources to ensure longevity and revitalization of coral reefs and marine ecosystems across the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 403, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 403, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1480 Culture, Arts & International Affairs on S.B. No. 732

The purpose of this measure is to:

- (1) Designate the second Monday in October of each year as Indigenous Peoples' Day, a state holiday; and
- (2) Repeal the designation of election days as state holidays.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawaii, Volcano School of Arts & Sciences, and two individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Department of Budget and Finance, Office of Collective Bargaining, and Department of Human Resources of the City and County of Honolulu.

Your Committee finds that efforts to replace Columbus Day with Indigenous Peoples' Day or Native American Day began in 1992 and have spread to seventeen states and the District of Columbia. In 2021 and 2022, President Biden issued a proclamation recognizing Indigenous Peoples' Day on the second Monday of October, honoring the sovereignty, resilience, and immense contributions that Native Americans have made to the world. Your Committee further finds that observing Indigenous Peoples' Day in Hawaii would recognize the resilience of indigenous peoples around the world, including Native Hawaiians, and honor those who first inhabited the Hawaiian islands.

Your Committee has amended this measure by:

- (1) Changing the establishment of Indigenous Peoples' Day to an observed day, rather than a state holiday;
- (2) Retaining the designation of election days as state holidays;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 732, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 732, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1481 Housing/Water & Land on S.B. No. 865

The purpose of this measure is to establish and appropriate funds for the ALOHA Homes Program under the Hawaii Public Housing Authority to develop low-cost homes on state- and county-owned lands in urban redevelopment sites.

Your Committees received testimony in support of this measure from the Hawaii Public Housing Authority, Church of the Crossroads, Building Industry Association of Hawaii, HI Econ, Hawai'i YIMBY, and eight individuals. Your Committees received testimony in opposition to this measure from the Office of Hawaiian Affairs, Sierra Club of Hawai'i, and one individual. Your Committees received comments on this measure from the Department of Budget and Finance, Department of Land and Natural Resources, Disability and Communication Access Board, and Grassroot Institute of Hawaii.

Your Committees find that the State has a severe lack of affordable housing, resulting in residents leaving Hawaii in hopes of cheaper living conditions. Your Committees further find that there are significant barriers to the development of affordable housing in Hawaii, such as geographic limitations, lack of major infrastructure, construction cost, and government regulation. Your Committees believe that the State needs innovative solutions to address the housing crisis and keep families in Hawaii.

Your Committees have amended this measure by:

- (1) Changing the program from the ALOHA Homes Program to the Ninety-Nine Year Leasehold Pilot Program (Pilot Program) under the Hawaii Community Development Authority rather than the Hawaii Public Housing Authority;
- (2) Requiring the Pilot Program to be limited to one development on non-ceded land within an urban redevelopment site and requiring the Hawaii Community Development Authority to select the development;
- (3) Deleting language that would have:
 - (A) Required the Pilot Program to seek to produce enough housing to meet housing demand; and
 - (B) Authorized the Hawaii Community Development Authority to sell certain infrastructure capacity to private sectors;
- (4) Specifying that rules adopted for the sale of leasehold homes within an urban redevelopment site shall require that at least fifty percent of the homes be sold to an individual or household with an income of up to one hundred forty percent of the area median income;
- (5) Deleting language that would have established enforcement provisions for the owner-occupancy requirement;
- (6) Expanding the requirements of the annual report to the Legislature;
- (7) Deleting language that would have appropriated funds for certain positions within the Hawaii Public Housing Authority;
- (8) Amending its purpose section;
- (9) Changing the sunset date to June 30, 2030;

(10) Changing the effective date to June 30, 3000, to encourage further discussion; and

(11) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 865, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 865, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 8; Ayes with Reservations (Onishi). Noes, none. Excused, 1 (Kila).

Water & Land: Ayes, 8; Ayes with Reservations (Souza). Noes, none. Excused, none.

SCRep. 1482 Housing/Water & Land on S.B. No. 139

The purpose of this measure is to require and appropriate funds for the Hawaii Public Housing Authority to conduct a study identifying certain state-owned lands located within a one-half mile radius of any rail mass transit station that are most suitable for constructing at least one hundred thousand housing units.

Your Committees received testimony in support of this measure from the Hawaii Public Housing Authority, Hawai'i YIMBY, and one individual. Your Committees received comments on this measure from the Department of Hawaiian Home Lands and Office of Hawaiian Affairs.

Your Committees find that the State faces an affordable housing crisis so severe that residents are moving outside the State to search for housing that is affordable. Those who remain in Hawaii often find themselves living paycheck to paycheck just to cover the cost of housing, leaving them with barely any expendable income for other necessities. With the introduction of the Honolulu rail transit system, your Committees believe that the State has an opportunity to efficiently use state-owned lands to provide affordable housing to residents, thereby keeping families in Hawaii.

Your Committees have amended this measure by:

(1) Including lands owned by the Office of Hawaiian Affairs in the study of certain state-owned lands;

(2) Changing the effective date to June 30, 3000, to encourage further discussion; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 139, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 139, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 8. Noes, none. Excused, 1 (Kila).

Water & Land: Ayes, 8. Noes, none. Excused, none.

SCRep. 1483 Housing/Water & Land on S.B. No. 1191

The purpose of this measure is to appropriate funds to the Hawaii Community Development Authority for statewide planning, designing, and constructing of various transit-oriented development projects identified in the State Strategic Plan for Transit-Oriented Development.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii State Energy Office; Hawaii Housing Finance and Development Corporation; Office of Planning and Sustainable Development; Hawaii Community Development Authority; Office of the Mayor of the City and County of Honolulu; Maui Metropolitan Planning Organization; AARP Hawai'i; Oahu Metropolitan Planning Organization; Land Use Research Foundation of Hawaii; Hunt Development Group, LLC; Hawaii Military Affairs Council; Gentry Homes; Hawaiian Electric; Kapolei Chamber of Commerce; and five individuals. Your Committees received comments on this measure from the University of Hawai'i System, Department of Accounting and General Services, and one individual.

Your Committees find that the promotion of mixed-use development and affordable housing within transit-oriented development areas in the State is one of the most viable means for addressing the need for affordable housing. Since the establishment of the Hawaii Interagency Council for Transit-Oriented Development, the State has appropriated capital improvement project funds to support planning of transit-oriented development projects in all four counties. This measure further maintains and enhances the capacity to support planning of state and county transit-oriented development projects, including infrastructure assessments, mixed-use development, and affordable housing.

Your Committees note that the counties have a stake in many of the projects under this measure and believe there should be a shared responsibility in implementing and financing some of these projects. Your Committees further believe that it would be prudent for the Hawaii Community Development Authority to work with the counties in implementing this measure.

Your Committees have amended this measure by:

(1) Clarifying that the project for the University of Hawaii West Oahu is for on-site infrastructure for a twenty-acre parcel;

(2) Deleting the reference to the library for the Kahului Civic Center Project;

(3) Correcting the name of the Kapaa: Samuel Mahelona Memorial Hospital and clarifying that the project is for a master plan for on- and off-site infrastructure;

(4) Authorizing the Hawaii Community Development Authority, with the approval of the Governor, to delegate to other state departments or agencies the implementation of projects, including the transfer of funds for those projects;

(5) Changing the effective date to June 30, 3000, to encourage further discussion; and

(6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Housing and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1191, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1191, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Housing: Ayes, 8. Noes, none. Excused, 1 (Kila).

Water & Land: Ayes, 8. Noes, none. Excused, none.

SCRep. 1484 Human Services/Health & Homelessness on S.B. No. 404

The purpose of this measure is to preserve access to health care for Medicaid recipients and strengthen the Hospital Sustainability Program by:

- (1) Amending the definition of "private hospital";
- (2) Clarifying the uses of the Hospital Sustainability Program Special Fund;
- (3) Increasing the Hospital Sustainability Fee cap for various facilities;
- (4) Requiring the Department of Human Services to consult and negotiate with the hospital trade association in Hawaii regarding Hospital Sustainability Fee participation and rates;
- (5) Clarifying the circumstances under which the Hospital Sustainability Fee shall be discontinued and the distribution of remaining funds;
- (6) Repealing the sunset dates of Act 217, Session Laws of Hawaii 2012, and Act 123, Session Laws of Hawaii 2014, thereby making the Hospital Sustainability Program permanent and permanently exempting the Hospital Sustainability Program from the central service and administrative expenses assessments; and
- (7) Appropriating funds out of the Hospital Sustainability Program Special Fund.

Your Committees received testimony in support of this measure from the Department of Human Services, Hawai'i Primary Care Association, Hawai'i Pacific Health, The Queen's Health System, Healthcare Association of Hawaii, Kaiser Permanente Hawai'i, and two individuals.

Your Committees find that the Hospital Sustainability Program (Program) began over ten years ago and has been highly successful in helping support hospitals' ability to continue to provide services to Medicaid recipients. The Hospital Sustainability Program Special Fund receives money from the Hospital Sustainability Fee, which is then used to match with federal Medicaid matching funds. In turn, these monies are used to increase reimbursements to hospitals and payments for performance to the hospitals, which ensures that hospitals in Hawaii can continue to be a critical part of the safety net. The Program has proven successful for providers, beneficiaries, and the State, given that it uses no state general funds. Your Committees believe that the Program has contributed to the overall sustainability of the health care system in Hawaii and should therefore be continued permanently.

Accordingly, this measure ensures the continued success of the Program by repealing the sunset dates of Act 217, Session Laws of Hawaii 2012, and Act 123, Session Laws of Hawaii 2014, thereby making the Program permanent. Repealing the sunset dates also permanently exempts the Program from the central service and administrative expenses assessments, which are estimated to save around \$5,000,000 in central services expenses assessments and \$1,000,000 in administrative expenses each year.

Your Committees have amended this measure by:

- (1) Reverting to existing statutory language that requires no less than ninety percent of monies in the Hospital Sustainability Program Special Fund to be used to match federal Medicaid funds; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Human Services and Health & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 404, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 404, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Human Services: Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

Health & Homelessness: Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1485 Human Services/Health & Homelessness on S.B. No. 1351

The purpose of this measure is to create and appropriate funds for an Infant and Early Childhood Mental Health Program to provide support and mental health services for children from birth to age five.

Your Committees received testimony in support of this measure from the Office of the Governor, Department of Human Services, Department of Health, Executive Office on Early Learning, Disability and Communication Access Board, Office of Wellness and Resilience, 'Epic Ohana, Parents and Children Together, Early Childhood Action Strategy, Family Hui Hawaii, Hawaii Association for Infant Mental Health, Hawai'i Children's Action Network Speaks!, Commit to Keiki, Hawai'i Community Foundation, Family Support Hawaii, and eleven individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Judiciary.

Your Committees find that approximately twenty-nine thousand children in Hawaii have mental health needs due to biological or developmental special needs at birth, exposure to intimate partner violence, parental substance abuse, housing insecurity, and poverty. These unmet childhood mental health needs were exacerbated by the COVID-19 pandemic, with babies born in the first year of the pandemic scoring lower on developmental screening tests at the age of six months than babies born just before the pandemic. Your Committees further find that interventions at an early stage in life can reduce future needs for special education and mental health treatment, and reduce the risk of the child becoming involved with the juvenile and adult justice systems. This measure is intended to improve accessibility, capacity, and quality of services by establishing an overall coordinator to work across the various agencies and with relevant nonprofit organizations to address the unmet mental health needs of the State's children.

Your Committees note the comments raised by the Judiciary in testimony that, through child abuse and neglect cases and the Zero to Three specialty court, the Judiciary has seen that the actions of adults toward children can have a lasting impact on their mental health. Your Committees additionally note that, according to the Centers for Disease Control and Prevention, adverse childhood experiences can have lasting and lifelong effects on the health and wellbeing of children.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Human Services and Health & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1351, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1351, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Human Services: Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

Health & Homelessness: Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1486 Human Services/Health & Homelessness on S.B. No. 397

The purpose of this measure is to appropriate funds to increase Medicaid reimbursements to eligible health care professionals by up to one hundred percent of the current Medicare fee schedule rates.

Your Committees received testimony in support of this measure from the Department of Human Services, University of Hawai'i System, Hawai'i State Center for Nursing, AARP Hawai'i, AlohaCare, Hawaii Substance Abuse Coalition, Big Island Docs, Hawai'i Pacific Health, Hawai'i Public Health Institute, Kauai Community Health Alliance, Hawaii Provider Shortage Crisis Task Force, Kaiser Permanente Hawai'i, Central Oahu Speech, Hawaii Speech-Language-Hearing Association, Hawai'i Association of Professional Nurses, The Queen's Health System, Hawaii Medical Association, Hawaii Association of Health Plans, Healthcare Association of Hawaii, Hawaii Medical Service Association, Three Little Ducks Hawaii, Hawaii Independent Physicians Association, and numerous individuals. Your Committees received comments on this measure from two individuals.

Your Committees find that nearly one-third of the State's residents are enrolled in Medicaid and that since the start of the COVID-19 pandemic, enrollment in Medicaid has increased by forty percent. With this significant number of residents covered by Medicaid, health care providers who care for the State's Medicaid enrollees are receiving less reimbursement than they would if the residents were covered by private health insurance. Your Committees further find that the rate increase proposed by this measure may encourage more health care providers to provide care to Medicaid recipients and would assist providers in meeting the cost of care.

Your Committees have amended this measure by:

- (1) Amending the preamble;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$30,000,000, which will draw down approximately \$43,000,000 in available federal matching funds.

As affirmed by the records of votes of the members of your Committees on Human Services and Health & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 397, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 397, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Human Services: Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

Health & Homelessness: Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1487 Human Services/Health & Homelessness on S.B. No. 894

The purpose of this measure is to:

- (1) Extend the sunset date of the Trauma-Informed Care Task Force established by Act 209, Session Laws of Hawaii 2021, to June 30, 2025, and require it to serve as an advisory board to the Office of Wellness and Resilience; and
- (2) Beginning July 1, 2025, transfer the Office of Wellness and Resilience from the Office of the Governor to the Department of Human Services and formalize the Trauma-Informed Care Task Force as an advisory committee within the Office of Wellness and Resilience, to be known as the Wellness and Resilience Advisory Board.

Your Committees received testimony in support of this measure from the Department of Public Safety, Department of Human Services, Department of Health, Executive Office on Early Learning, Office of Wellness and Resilience, State Council on Mental Health, Kamehameha Schools, Hawai'i Youth Services Network, Parents and Children Together, Hawai'i Primary Care Association, HawaiiKidsCAN, Epic 'Ohana, Hawai'i Children's Action Network Speaks!, Hawai'i Community Foundation, Hawai'i Health & Harm Reduction Center, and six individuals.

Your Committees find that Act 209, Session Laws of Hawaii 2021, established a Trauma-Informed Care Task Force to address early adverse childhood experiences that can negatively impact the development in children through the development of a statewide framework for trauma-informed care. Your Committees further find that there is an ongoing need to provide comprehensive, coordinated, and culturally sensitive services to address the disproportionate health and economic impacts on low-income families, children, and youth caused by the COVID-19 pandemic. Formalizing the Trauma-Informed Care Task Force within the Office of Wellness and Resilience will allow committee members and community stakeholders to help guide the Office of Wellness and Resilience and ensure that state agencies move toward a collaboration, shared purpose of trauma-informed care system reform.

Your Committees have amended this measure by:

- (1) Requiring the Trauma-Informed Task Force to serve as an advocacy board, rather than an advisory board, to the Office of Wellness and Resilience, and after the transition to the Department of Human Services, as the Wellness and Resilience Advocacy Board; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees note that the Department of Health, in its testimony before your Committees, requested a transition date for the new advocacy board within the Office of Wellness and Resilience prior to June 30, 2024, as this could help with the establishment of the Office and potentially provide assistance during the Office's initial formative years.

Your Committees respectfully request that the Department of Health provide your Committee on Finance with a date certain for this transition. Your Committees further request that the Department of Health, Department of Human Services, and Office of Wellness and Resilience work with interested stakeholders on specific language for this measure and provide this consensus draft to your Committee on Finance, should it choose to deliberate on this measure further.

Your Committees grant prior concurrence on this measure to your Committee on Finance to make any amendments it deems necessary.

As affirmed by the records of votes of the members of your Committees on Human Services and Health & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 894, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 894, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Human Services: Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

Health & Homelessness: Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1488 Human Services/Health & Homelessness on S.B. No. 1473

The purpose of this measure is to:

- (1) Require and appropriate funds for the Department of Health and Department of Human Services to develop and adopt rules, polices, and plan amendments necessary to ensure the State's Medicaid program covers medically necessary services, including applied behavioral therapy, for persons twenty-one years of age or older with neurodevelopmental disorders, including autism spectrum disorder; and
- (2) Require the Department of Health and Department of Human Services to apply for any necessary approvals from the Centers for Medicare and Medicaid Services to amend the Hawaii Medicaid State Plan to provide reimbursements for these services.

Your Committees received testimony in support of this measure from the Hawaii State Council on Developmental Disabilities, Disability and Communication Access Board, Hawaii Disability Rights Center, Hawai'i Fetal Alcohol Spectrum Disorders FASD Action Group, Hawai'i Association for Behavioral Analysis, BAYADA Behavioral Analysis, The Council of Autism Service Providers, and numerous individuals. Your Committees received comments on this measure from the Department of Health, Department of Human Services, and one individual.

Your Committees find that there is currently a gap group of individuals with intellectual or developmental disabilities who do not qualify for services under the Department of Health's Developmental Disabilities Division and are above the age of twenty-one. If these individuals only have Med-QUEST coverage, they are unable to receive needed behavioral analysis services. Your Committees recognize that generally, applied behavioral analysis is most effective when begun at an early age. However, there is a growing body of research that supports its continued value for individuals with neurodevelopmental disabilities beyond the age of twenty-one. Your Committees also acknowledge that additional discussion into this matter is required at this time.

Accordingly, your Committees have amended this measure by:

- (1) Deleting language requiring the Department of Health and Department of Human Services to develop and adopt rules, polices, and plan amendments regarding Medicaid coverage of certain services for persons twenty-one years of age or older with neurodevelopmental disorders and seek associated approvals from the Centers for Medicare and Medicaid Services;
- (2) Inserting language requiring the Departments of Health, Human Services, and Education to research what rules, policies, and plan amendments are necessary to ensure medically necessary services, including applied behavior analysis services, for individuals twenty-six years of age or younger with neurodevelopmental disorders, including autism spectrum disorder and fetal alcohol spectrum disorders are covered under the following:
 - (A) The Early and Periodic Screening, Diagnostic, and Treatment benefit under the State's Medicaid program;
 - (B) Any applicable state special education services and programs; and
 - (C) The Medicaid Section 1915I Home and Community Based Waiver for Individuals with Intellectual and Developmental Disabilities;
- (3) Changing the appropriation to be for Fiscal Year 2023-2024 only, rather than the Fiscal Biennium 2023-2025, and amending its purpose;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Human Services and Health & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1473, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1473, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Human Services: Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

Health & Homelessness: Ayes, 7. Noes, none. Excused, 1 (Nishimoto).

SCRep. 1489 Energy & Environmental Protection on S.B. No. 54

The purpose of this measure is to:

- (1) Prohibit the operation of gasoline-powered leaf blowers in any urban land use districts;
- (2) Increase the fines for violations of leaf blower restrictions and provide for the forfeiture of gasoline-powered leaf blowers upon a third violation; and
- (3) Remove the exemption on leaf blower restrictions for government agencies and their agents.

Your Committee received testimony in support of this measure from the Department of Transportation and fifteen individuals. Your Committee received testimony in opposition to this measure from the Department of the Attorney General, Department of Facility Maintenance and Department of Parks and Recreation of the City and County of Honolulu, Outdoor Power Equipment Institute, Retail Merchants of Hawaii, and two individuals. Your Committee received comments on this measure from the Department of Health and Department of Education.

Your Committee finds that gasoline-powered leaf blowers have harmful impacts on health and the environment, as they produce noise that often interferes with human activities at home, work, and public spaces. Your Committee further finds that there are viable, quieter alternatives to gasoline-powered leaf blowers. This measure promotes these alternatives by restricting the use of gasoline-powered leaf blowers, ensuring a healthy environment for the State's residents.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "gasoline-powered leaf blower";
- (2) Inserting a savings clause;
- (3) Inserting a severability clause;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 54, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 54, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Ward).

SCRep. 1490 Energy & Environmental Protection on S.B. No. 70

The purpose of this measure is to require and appropriate funds for the Department of Land and Natural Resources to pursue and obtain accreditation for the Conservation and Resources Enforcement Program from the Commission on Accreditation for Law Enforcement Agencies, Inc.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that the Conservation and Resources Enforcement Program of the Department of Land and Natural Resources is responsible for enforcing laws on public lands and waters of the State to ensure public peace and safety. Your Committee further finds that the Conservation and Resources Enforcement Program was previously required to obtain accreditation from the Commission on Accreditation for Law Enforcement Agencies, Inc., but the requirement was inadvertently repealed. This measure ensures that the law enforcement officers of the Conservation and Resources Enforcement Program are properly trained and equipped to fulfill their responsibilities in protecting the State's natural resources and environment.

Your Committee has amended this measure by:

- (1) Extending the deadline for the Department of Land and Natural Resources to pursue and obtain accreditation for the Conservation and Resources Enforcement Program to June 30, 2029; and
- (2) Changing the effective date to June 30, 3000, to encourage further discussion.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,000,000.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 70, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 70, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Ward).

SCRep. 1491 Energy & Environmental Protection on S.B. No. 966

The purpose of this measure is to subject to forfeiture any vehicle used in the commission of felony disposal of solid waste or petty misdemeanor disposal of solid waste.

Your Committee received testimony in support of this measure from the Department of Health, Environmental Caucus of the Democratic Party of Hawai'i, Climate Protectors Hawai'i, Hawai'i Reef and Ocean Coalition, and four individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Kauai Climate Action Coalition.

Your Committee finds that environmental crimes, such as illegal dumping, harm the environment and have serious consequences for human health, wildlife, and the ecosystem. Because vehicles are often involved in illegal dumping, forfeiture of any vehicle used in the illegal dumping of solid waste, as proposed by this measure, is an appropriate response to curtail this criminal activity.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 966, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 966, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Gates, Ward).

SCRep. 1492 Energy & Environmental Protection/Water & Land on S.B. No. 388

The purpose of this measure is to prohibit the construction, modification, or expansion of any waste or disposal facility for hazardous waste or solid waste on land that is near or above a significant aquifer.

Your Committees received testimony in support of this measure from the Honolulu Board of Water Supply, Environmental Caucus of the Democratic Party of Hawai'i, Hawai'i Farm Bureau, Hawai'i Reef and Ocean Coalition, Hawaii Fire Fighters Association, International Brotherhood of Electrical Workers Local Union 1186, Kapolei Chamber of Commerce, and five individuals. Your Committees received comments on this measure from the Department of Health and Department of Environmental Services of the City and County of Honolulu.

Your Committees find that protecting the State's valuable aquifers is a high priority, as the water system serves Hawaii's residents and visitors. Your Committees further find that to ensure the protection and preservation of the State's fresh water aquifers, waste and disposal facilities are prohibited under existing law from being in a conservation district, except in emergency circumstances. This measure adds further protections to prevent the construction, modification, or expansion of a waste or disposal facility for solid waste or hazardous waste on land that is near or above a significant aquifer.

Your Committees have amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Water & Land that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 388, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 388, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 5. Noes, none. Excused, 2 (Gates, Perruso).

Water & Land: Ayes, 8. Noes, none. Excused, none.

SCRep. 1493 Energy & Environmental Protection/Higher Education & Technology on S.B. No. 1520

The purpose of this measure is to:

- (1) Require the Department of Business, Economic Development, and Tourism to work with the University of Hawaii on workforce development activities that support the development of the Hawaii Pacific Hydrogen Hub and other related aspects of the State's hydrogen energy industry; and
- (2) Appropriate funds for the Hawaii Pacific Hydrogen Hub.

Your Committees received testimony in support of this measure from the University of Hawai'i System; Department of Business, Economic Development, and Tourism; Hawaii State Energy Office; Servco Pacific Inc.; Hawai'i Gas; and two individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that as the State strives to reach its renewable energy goals, it is critical to fully evaluate the potential for hydrogen to contribute to Hawaii's energy needs. Your Committees further find that the State has a unique opportunity to receive federal funding in the production, processing, delivery, storage, and end-use of clean hydrogen through the United States Department of Energy Regional Clean Hydrogen Hubs Program. This measure supports the growth of the clean energy industry in the State and provides alternative energy solutions for Hawaii residents and visitors.

Your Committees have amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1520, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1520, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, none.

Higher Education & Technology: Ayes, 9. Noes, none. Excused, 2 (Quinlan, Garcia).

SCRep. 1494 Higher Education & Technology on S.B. No. 1151

The purpose of this measure is to exempt University of Hawaii Community College students who are enrolled in certificate programs from the requirement to complete the Free Application for Federal Student Aid (FAFSA) each academic year to be considered eligible for the Hawaii Community College Promise Program.

Your Committee received testimony in support of this measure from the University of Hawai'i System, State Council on Developmental Disabilities, Disability and Communication Access Board, University of Hawaii Professional Assembly, and two individuals.

Your Committee finds that the requirement of completing the FAFSA to be considered eligible for the Hawaii Community College Promise Program scholarship may be a barrier for some students interested in pursuing a certificate program at the University of Hawaii Community Colleges, including students with developmental disabilities. Your Committee further finds that the Hawaii Community College Promise Program is an important tool directly benefiting Hawaii's families who are otherwise least able to afford higher education.

According to the University of Hawaii System, it is committed to creating an application form for students exempted from completing the FAFSA and using the Hawaii Community College Promise Program scholarship to cover full direct costs, as there would otherwise be no vehicle to determine unmet need.

Your Committee has amended this measure by:

- (1) Clarifying that, because certificate program students will not be completing a FAFSA, the unmet direct cost need for certificate program students will be based on another suitable instrument;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1151, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1151, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Quinlan, Todd, Woodson, Garcia).

SCRep. 1495 Higher Education & Technology on S.B. No. 1413

The purpose of this measure is to require the University of Hawaii to grant resident tuition fees for enrollment at any University of Hawaii campus to individuals who have graduated from a Hawaii high school and are enrolling in an undergraduate degree program.

Your Committee received testimony in support of this measure from the Department of Education, Board of Regents of the University of Hawai'i, University of Hawai'i System, Hawai'i P-20, and one individual. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee finds that providing Hawaii's residents with increased opportunities to pursue post-secondary education and training is in the best interest of the State. This measure seeks to streamline the process for determining whether a student qualifies for in-state tuition at the University of Hawaii by allowing graduates of a Hawaii high school to be classified as residents for this purpose, under certain conditions.

Your Committee has amended this measure by:

- (1) Adding a finding that this measure, which facilitates postsecondary education and training for all interested high school graduates, addresses a matter of statewide concern;
- (2) Restructuring the amendments to the resident tuition requirements to ensure the stated purpose of this measure is properly effectuated;
- (3) Expanding the timeframe within which a student has graduated from high school in the State to ten years, rather than two years, to qualify for resident tuition;
- (4) Deleting the requirement that the adult or minor student shall not have claimed resident status of another state or submitted an application to another state's institution of higher learning as a resident of that state within two years preceding the student's first day of officially scheduled instruction, for purposes of qualifying a graduate of a Hawaii high school for resident tuition;
- (5) Changing the effective date to June 30, 3000, to encourage further discussion; and

(6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1413, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1413, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Quinlan, Todd, Woodson, Garcia).

SCRep. 1496 Higher Education & Technology on S.B. No. 1415

The purpose of this measure is to require the University of Hawaii to submit annual reports of all University of Hawaii employees who performed work from a location outside of the State during the applicable year to the Legislature no later than December 31 of that year.

Your Committee received testimony in support of this measure from numerous individuals.

Your Committee finds that as opportunities and technological capabilities for remote work increase, the cost of living in the State continues to rise, and the local unemployment rate remains low, more workers at the University of Hawaii may be working from out-of-state locations. Your Committee further finds that the data sought by this measure will promote an understanding of the type of work being filled elsewhere; opportunities for education, research, and training that might allow the positions to be filled locally; and the extent to which the State's workforce is capable of meeting the employment needs of the State's higher education system.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1415, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1415, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (La Chica). Noes, none. Excused, 4 (Quinlan, Todd, Woodson, Garcia).

SCRep. 1497 Higher Education & Technology on S.B. No. 1586

The purpose of this measure is to appropriate funds to the University of Hawaii to establish five full-time equivalent extension specialist agent positions at the College of Tropical Agriculture and Human Resources.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Hawaii Cattlemen's Council, Inc.; Kualoa Ranch; Ulupono Initiative; Puna Flower Power; Hawaii Floriculture and Nursery Association; University of Hawaii Professional Assembly; Hawai'i Farm Bureau; and nineteen individuals.

Your Committee finds that funding for these positions will support the Cooperative Extension programs at the College of Tropical Agriculture and Human Resources locations in Hilo and Manoa and the counties of Kauai and Maui. Each extension specialist or extension agent would focus on a specific area, designated in the measure as entomology, livestock, or farm and consumer food safety. Your Committee acknowledges that agricultural producers from around the State have expressed the importance of these positions as essential to the health and well-being of Hawaii's agricultural producers and consumers.

Your Committee further finds that describing the five positions as extension specialist agents does not sufficiently distinguish the types of work performed for the Cooperative Extension programs by extension specialists and extension agents and believes it is prudent to provide greater specificity for these positions.

Your Committee has amended this measure by:

- (1) Differentiating whether each position is for an extension specialist or an extension agent;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1586, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1586, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1498 Higher Education & Technology on S.B. No. 1488

The purpose of this measure is to:

- (1) Require the University of Hawaii College of Tropical Agriculture and Human Resources, in consultation with livestock industry stakeholders, to conduct a study to assess the effects of heat stress on beef cattle during interisland ocean transport;
- (2) Require the University of Hawaii College of Tropical Agriculture and Human Resources to report to the Legislature on its findings and recommendations prior to the Regular Session of 2025; and
- (3) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Agriculture; University of Hawai'i College of Tropical Agriculture and Human Resources; Hawaii Cattlemen's Council, Inc.; Animal Welfare Institute; Kualoa Ranch; Hawai'i Farm Bureau; and nine individuals.

Your Committee finds that an objective study is needed to analyze the effects of interisland ocean transport on livestock, including the effects of heat stress and environmental conditions inside shipping devices. A study will help to provide guidance on optimum processes for the animals and the livestock industry and inform potential future legislation.

Your Committee has amended this measure by:

- (1) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1488, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1488, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1499 Economic Development on S.B. No. 951

The purpose of this measure is to:

- (1) Establish a \$1,500,000 maximum amount on the tax credit for research activities that a taxpayer and its related entities may be eligible for;
- (2) Require every qualified high technology business to be registered to do business in the State;
- (3) Consolidate the survey and certification requirements for the tax credit for research activities;
- (4) Change the annual aggregate amount of the tax credit for research activities from \$5,000,000 to \$15,000,000;
- (5) Require certification of the tax credit for research activities on a first-come, first-served basis to be based on the date that a complete application is received, subject to certain conditions; and
- (6) Extend the repeal date of the tax credit for research activities for an additional five years.

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation; Oceanit; and Makai Ocean Engineering, Inc. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the tax credit for research activities was highly sought after, as the entire \$5,000,000 amount of the tax credit was claimed in the first twenty-three seconds after online applications for the tax credit opened. Your Committee believes that establishing a maximum amount of tax credits that a taxpayer and its related entities may be eligible for and increasing the annual aggregate cap amount of tax credits allowed in a calendar year will allow more technology companies to apply for and claim the tax credit for research activities.

Your Committee further finds that certain procedures relating to the collection of information and approval of applications for the tax credit for research activities can be improved. Your Committee additionally finds that collecting the survey information at the time of applying for certification of credits ensures that all surveys will be completed and an accurate report based on the surveys can be generated. Your Committee also finds that certifying tax credits on a first-come, first-served basis, based on the date that a complete application is received by the Department of Business, Economic Development, and Tourism, will clearly indicate which business may claim the tax credit.

Your Committee has amended this measure by:

- (1) Increasing the annual aggregate amount of the tax credit for research activities from \$15,000,000 to \$25,000,000;
- (2) Requiring every qualified high technology business to be a small business in order to be eligible for the tax credit;
- (3) Deleting language that would have required complete applications for the tax credit received on the same date to be certified on a pro rata basis; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 951, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 951, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (La Chica).

SCRep. 1500 Economic Development on S.B. No. 1296

The purpose of this measure is to:

- (1) Establish the Hawaii Economic Development District Planning Organization to implement the United States Economic Development Administration-approved comprehensive economic development strategy;
- (2) Establish temporary full-time equivalent positions to support the Organization; and
- (3) Appropriate funds for the Organization and hiring of necessary staff.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; and Office of Economic Revitalization of the City and County of Honolulu. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that being designated as an economic development district by the United States Economic Development Administration provides opportunities to work comprehensively to achieve locally developed goals that leverage and build upon interrelated community assets. An economic development district also advances a long-term established relationship with the United States Economic Development Administration that includes annual federal funding to support the development and implementation of the Hawaii Comprehensive Economic Development Strategy.

Your Committee notes that for a region to be designated as an economic development district by the United States Economic Development Administration, the region must meet several requirements, including having an approved comprehensive economic development strategy, approval by the affected state and the United States Economic Development Administration Assistant Secretary, commitments from a majority of counties within the proposed district, and a district organization that meets federal requirements. This measure will establish a Hawaii Economic Development District Planning Organization to serve as the district organization required for the State to be eligible for the substantial benefits of a United States Economic Development Administration-designated economic development district.

Your Committee has amended this measure by:

- (1) Increasing the number of full-time equivalent temporary economic development planning analyst positions to be established from two to four;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1296, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1296, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, 1 (Pierick). Excused, 1 (La Chica).

SCRep. 1501 Economic Development on S.B. No. 1437

The purpose of this measure is to allow certain entities to elect to pay Hawaii income tax at the entity level through pass-through entities.

Your Committee received testimony in support of this measure from Pacific Rim Land, Inc.; Craft 'Ohana; Pas de Deux Hawai'i; Ocean Tourism Coalition; and Kapolei Chamber of Commerce. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and Grassroot Institute of Hawaii.

Your Committee finds that in 2017, the federal government capped the deduction of state and local income taxes to \$10,000 per year through the Tax Cuts and Jobs Act. Your Committee further finds that in 2020, the Internal Revenue Service announced in Notice 2020-75 that the \$10,000 cap on deductions claimed by pass-through entities would not apply if the state income tax was imposed directly on the entity, instead of the individual members of the entities. Your Committee notes that, currently, thirty states have enacted legislation to allow pass-through entities to take full advantage of the federal deduction by allowing the entities to pay state taxes directly. This measure will help Hawaii's small businesses receive a higher deduction on their federal income tax returns by aligning Hawaii with the majority of other states that already permit similar elections by pass-through entities to pay state income taxes.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1437, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1437, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (La Chica).

SCRep. 1502 Economic Development on S.B. No. 795

The purpose of this measure is to:

- (1) Require productions to provide evidence of reasonable efforts to comply, rather than actually comply, with all applicable requirements under title 14, Hawaii Revised Statutes, relating to taxation, to qualify for the motion picture, digital media, and film production income tax credit; and
- (2) Require taxpayers to be given notice of and an opportunity to cure any failure to meet the requirements for the motion picture, digital media, and film production income tax credit.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; IATSE Local 665; Motion Picture Association; Island Film Group; and one individual. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that the motion picture, digital media, and film production income tax credit program is a critical tool for developing the State's film industry. Since its inception in 2006, the program has helped the film industry grow from a \$100,000,000-a-year industry to an over-\$400,000,000-a-year economic driver and brings 4,000 direct and induced jobs annually. Your Committee notes that Act 217, Session Laws of Hawaii 2022, enacted amendments to the motion picture, digital media, and film production income tax credit, including new requirements regarding an employer's responsibility to withhold and remit general excise taxes for payments made to loan-out corporations for services performed in the State. Failure to comply with these requirements could disqualify a production from qualifying for the tax credit. This measure will allow employers to make reasonable efforts to comply with and have an opportunity to correct any compliance issues to meet the requirements for eligibility for the motion picture, digital media, and film production income tax credit.

Your Committee has amended this measure by:

- (1) Requiring taxpayers to cure any failure to meet the requirements for the motion picture, digital media, and film production income tax credit within thirty days of receiving the notice to cure; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 795, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 795, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (La Chica).

SCRep. 1503 Economic Development on S.B. No. 801

The purpose of this measure is to:

- (1) Establish a qualified internship income tax credit for employers of qualified interns;
- (2) Require qualified internships to fulfill requirements of a Department of Education-approved or University of Hawaii-approved work-based learning program;
- (3) Establish an application and certification process for the tax credit to be administered by the Department of Labor and Industrial Relations;
- (4) Require reports to the Legislature from the Department of Taxation and Department of Labor and Industrial Relations on the administration of the qualified internship tax credit; and
- (5) Appropriate funds to the Department of Taxation to establish and implement the tax credit.

Your Committee received testimony in support of this measure from the Hawaii Business Roundtable; HawaiiKidsCAN; Chamber of Commerce Hawaii; Hawaii Accounting LLC; Hawaii Health Care Inc.; DemandHR; Hawai'i Restaurant Association; Kapolei Chamber of Commerce; Hawaii Work-Based Learning Policy Hui; KAI Hawaii, Inc.; Retail Merchants of Hawaii; Pilina Education Alliance, LLC; Hawaiian Telcom; Young Brothers, LLC; Kaiser Permanente Hawai'i; HPM Building Supply; and two individuals. Your Committee received comments on this measure from the Department of Education, Department of Labor and Industrial Relations, Department of Taxation, University of Hawai'i System, and Tax Foundation of Hawaii.

Your Committee finds that Hawaii's youth will face an affordability crisis if they want to remain in the State. Your Committee further finds that work-based learning opportunities, including internships in skilled fields, will give students the chance to learn on the job and gain experience that will help them stand out in the job market and obtain high-paying careers. This measure will encourage more employers to offer paid internships for students by offering financial incentives through a qualified internship tax credit.

Your Committee has amended this measure by:

- (1) Requiring the Department of Labor and Industrial Relations to verify that applicants for the tax credit provide certain documentation, rather than requiring the application for the tax credit to include the documentation, and amending the documentation requirements;
- (2) Deleting language that would have:
 - (A) Denied the application of a taxpayer for failure to fulfill the requirements set forth by the Department of Education or University of Hawaii to qualify as a work-based learning program; and
 - (B) Required a taxpayer to certify to the Department of Labor and Industrial Relations certain information in the taxpayer's application;
- (3) Amending the definition of "qualified intern";
- (4) Requiring the Department of Taxation to include in its report to the Legislature any recommendations, including proposed legislation, to continue the qualified internship tax credit or instead establish it as a grant program for qualified internships;
- (5) Clarifying that the qualified internship tax credit shall apply to taxable years beginning after December 31, 2023;
- (6) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 801, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 801, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (La Chica).

SCRep. 1504 Economic Development on S.B. No. 924

The purpose of this measure is to eliminate the home mortgage interest deduction for second homes under the state income tax law.

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Association of REALTORS and one individual. Your Committee received comments on this measure from the Department of Taxation, Department of Budget and Finance, and Tax Foundation of Hawaii.

Your Committee finds that the State is currently experiencing a housing shortage crisis. Your Committee further finds that the elimination of the home mortgage interest deduction for second homes will deter ownership of a second home and increase the opportunity for first-time home purchasers in the State.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 924, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, 2 (Kong, Pierick). Excused, 1 (La Chica).

SCRep. 1505 Judiciary & Hawaiian Affairs on S.B. No. 1286

The purpose of this measure is to provide additional means to increase the supply of housing in Hawaii by allowing the Hawaii Community Development Authority to conduct a pilot program to lease real property on one parcel in the Kakaako Community Development District for a term of ninety-nine years.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Hawai'i Community Development Authority. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that leasehold housing units are generally more affordable than fee simple housing units. This measure is intended to make home ownership more attainable for Hawaii's residents who may be unable to afford fee simple housing.

Your Committee has amended this measure by:

- (1) Clarifying that the pilot program is for the leasing of all or any portion of the real property constituting only one redevelopment project for one project in the Kakaako Community Development District;
- (2) Clarifying that sales under the pilot program are related to the sale of the leasehold interest; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1286, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1286, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1506 Judiciary & Hawaiian Affairs on S.B. No. 435

The purpose of this measure is to:

- (1) Order the person or firm found to be in violation of the Wages and Hours of Employees on Public Works Law to be jointly and severally liable for the penalty, with the penalty increasing for repeat violations;
- (2) Require each notice of violation to contain the names of the person and firm;
- (3) Define a "person" for purposes of violations of the Wages and Hours of Employees on Public Works Law, and related penalties and suspension; and
- (4) Require the Director of Labor and Industrial Relations to suspend the person and firm under specified conditions.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee. Your Committee received testimony in opposition to this measure from the Subcontractors Association of Hawaii. Your Committee received comments on this measure from the General Contractors Association of Hawaii.

Your Committee finds that when firms violate chapter 104, Hawaii Revised Statutes, the Wages and Hours of Employees on Public Works Law, these actions not only harm the employees who perform their duties but the actions also detract from the intent of the law, which is to protect the standards of workers on state and county public works construction projects and ensure the payment of prevailing wages and overtime to laborers and mechanics working on projects. This measure would impose penalties on the person and firm for violations of the state law, thereby ensuring compliance with the law.

Your Committee has amended this measure by:

- (1) Clarifying that the Department of Labor and Industrial Relations must assess the penalties for second and subsequent violations of the Wages and Hours of Employees on Public Works Law;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider:

- (1) Clarifying that the definition of "person" applies to a sole proprietor and the principal responsible managing employee for the project being investigated and holders of the contractor's license as provided under chapter 444, Hawaii Revised Statutes; and
- (2) Deleting language that would have included subordinate managing employees for the purposes of suspension and penalties and proper notice.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 435, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 435, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1507 Judiciary & Hawaiian Affairs on S.B. No. 389

The purpose of this measure is to:

- (1) Require all places of public accommodation constructed after December 31, 2023, and state building construction projects bid after June 30, 2024, to provide one or more universal changing accommodations at each family restroom; provided that state building construction projects shall only be required to provide universal changing accommodations where feasible and cost effective;
- (2) Provide for exemptions for hardship;
- (3) Make a violation of the universal changing accommodations requirement an unlawful discriminatory practice; and
- (4) Create a private cause of action for a violation, with defined remedies.

Your Committee received testimony in support of this measure from the Hawai'i State Public Library System, State Council on Developmental Disabilities, Disability and Communication Access Board, Hawaii Disability Rights Center, Epilepsy Foundation of Hawaii, Hawai'i Family Caregiver Coalition, and five individuals. Your Committee received comments on this measure from the Hawai'i Civil Rights Commission.

Your Committee finds that this measure will improve access to public spaces, which will allow people with disabilities to more fully participate in daily activities.

Your Committee has amended this measure by:

- (1) Adding a severability clause;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 389, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 389, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1508 Judiciary & Hawaiian Affairs on S.B. No. 1391

The purpose of this measure is to authorize the Board of Land and Natural Resources to place a lien on property for noncompliance with administrative enforcement actions for encroachments upon public lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Surfrider Foundation Hawai'i Region.

Your Committee finds that this measure will aid the Department of Land and Natural Resources and the counties in resolving encroaching structures that are largely unpermitted or remain under an expired permit.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1391, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1391, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1509 Judiciary & Hawaiian Affairs on S.B. No. 1254

The purpose of this measure is to enhance the Maunaloa-Makapuu scenic byway and protect and preserve the lands of the Kaiwi Coast in perpetuity by requiring certain lands to be petitioned to be designated as the Kaiwi Coast State Park so the area can be properly protected and managed for the benefit of residents and future generations.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Friends of Hanauma Bay, Hawaii Bicycling League, Ka Iwi Coalition, Livable Hawaii Kai Hui, and two individuals.

Your Committee finds that the lands and surrounding open spaces within the Kaiwi Coast offer tremendous intrinsic value to residents and visitors and complement the adjacent scenic vistas of the Maunaloa-Makapuu scenic byway. This measure would ensure that the Kaiwi Coast lands are protected as conservation lands and preserved in perpetuity in its wild and natural state.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,000,000 for planning and design.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1254, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1254, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1510 Judiciary & Hawaiian Affairs on S.B. No. 833

The purpose of this measure is to authorize the Department of Agriculture, Department of Land and Natural Resources, and Agribusiness Development Corporation to acquire the Wahiawa irrigation system, on terms negotiated and agreed upon by the Office of the Governor, and to purchase, repair, and maintain the associated spillway.

Your Committee received testimony in support of this measure from the Department of Agriculture, Agribusiness Development Corporation, North Shore Neighborhood Board No. 27, Ulupono Initiative, Hawai'i Farm Bureau, Dole Food Company Hawaii, and Land Use Research Foundation of Hawaii. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Wahiawa irrigation system is a complex system that serves numerous purposes that have evolved over time. Currently, the system continues to provide irrigation to farmers on a significantly reduced scale.

Your Committee has amended this measure by:

- (1) Requiring the Office of the Governor to negotiate with Sustainable Hawaii, LLC, or other appropriate owner for the State's fee simple acquisition of the Wahiawa irrigation system;
- (2) Clarifying that the appropriation for the Agribusiness Development Corporation to manage and maintain its acquired portion of the Wahiawa irrigation system also includes the requirement that the Corporation manage and maintain the spillway and dam acquired by the Department of Agriculture; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of:

- (1) \$21,000,000 for the Department of Agriculture to repair and expand the spillway associated with the Wahiawa irrigation system and to bring the spillway into compliance with all relevant dam safety requirements;
- (2) \$5,000,000 for the Department of Agriculture to acquire a fee simple interest in the spillway associated with the Wahiawa irrigation system;
- (3) \$800,000 for the Agribusiness Development Corporation to manage and maintain its acquired portion of the Wahiawa irrigation system and the spillway and dam acquired by the department of agriculture; and
- (4) \$500,000 for the Department of Land and Natural Resources to manage and maintain its acquired portion of the Wahiawa irrigation system and for the establishment of four full-time equivalent (4.0 FTE) positions to effectuate these purposes.

Your Committee also respectfully requests your Committee on Finance, should it deliberate on this measure, to consider whether this measure is an appropriate use of public funds.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 833, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 833, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1511 Judiciary & Hawaiian Affairs on S.B. No. 211

The purpose of this measure is to ensure that employment, work, and pay eligibility for the purpose of calculating retirement benefits include retroactive reinstatement, retroactive rescission of suspension, retroactive pay differentials, and back pay that are restored to an employee as part of an administrative, arbitral, or judicial proceeding, subject to certification by the Employees' Retirement System.

Your Committee received testimony in support of this measure from the Department of Human Resources of the City and County of Honolulu; Hawaii Fire Fighters' Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii State Teachers Association; State of Hawaii Organization of Police Officers; University of Hawaii Professional Assembly; and United Public Workers. Your Committee received comments on this measure from the Employees' Retirement System.

Your Committee finds that this measure will codify and authorize the long-standing past practice of the Employees' Retirement System of crediting awards and settlement agreements for service credits and benefits determination purposes.

Your Committee has amended this measure by:

- (1) Amending how retroactive reinstatement, retroactive rescission of suspension, and retroactive payments provided to an employee pursuant the final resolution of claims are considered service, compensation, or both for purposes of calculating retirement benefits;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 211, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 211, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1512 Judiciary & Hawaiian Affairs on S.B. No. 786

The purpose of this measure is to require government entities to seek reimbursement for all or a portion of search or rescue expenses for persons who require rescue after leaving a hiking trail to enter an area closed to the public or hiking on a trail closed to the public, with a sign giving notice of the closure.

Your Committee received testimony in support of this measure from the Department of Law Enforcement; Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; and three individuals. Your Committee received testimony in opposition to this measure from the Honolulu Police Department and one individual. Your Committee received comments on this measure from the Department of Labor and Industrial Relations, State Fire Council, Maui Fire Department, and Honolulu Fire Department.

Your Committee finds that searching for and rescuing hikers who enter property or trails closed to the public is a costly and dangerous undertaking for governmental entities. Your Committee believes that these governmental entities should be reimbursed for at least half the cost of the search and rescue expenses.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee strongly urges the Department of Law Enforcement, State Fire Council, and Hawaii Firefighters Association to work collaboratively to develop a plan to address this issue and report back to the Legislature prior to the convening of the Regular Session of 2024.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 786, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 786, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1513 Judiciary & Hawaiian Affairs on S.B. No. 384

The purpose of this measure is to:

- (1) Authorize the counties to adopt ordinances for the enforcement of design and construction requirements for parking spaces for persons with disabilities required under the Americans with Disabilities Act of 1990 and any state laws or administrative rules; and
- (2) Authorize officials appointed by the counties to enter the property of a place of public accommodation to enforce violations of county ordinances.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Disability and Communication Access Board, Hawaii Disability Rights Center, and two individuals.

Your Committee finds that although state law imposes a statutory penalty on private entities who fail to comply with state or federal regulations regarding the provision of parking spaces reserved for persons with disabilities, the law does not designate a government authority to impose or collect a penalty for noncompliance.

Your Committee has amended this measure by:

- (1) Deleting references to the Americans with Disabilities Act of 1990; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 384, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 384, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, none.

SCRep. 1514 Judiciary & Hawaiian Affairs on S.B. No. 445

The purpose of this measure is to:

- (1) Increase civil penalties for the violation of various pollution provisions; and
- (2) Establish and appropriate funds for one full-time equivalent (1.0 FTE) permanent environmental health specialist position within the Clean Water Branch of the Department of Health.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that the increased penalties established in this measure would deter pollution violations and remove any economic benefit gained by violating the law.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 445, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1515 Judiciary & Hawaiian Affairs on S.B. No. 1040

The purpose of this measure is to:

- (1) Establish under the Department of Hawaiian Home Lands a Native Hawaiian Supportive Housing Pilot Program on the Leeward Coast of Oahu to provide housing and services to native Hawaiian beneficiaries, who are homeless, or threatened with homelessness, and on the Department of Hawaiian Home Lands waiting list; and
- (2) Appropriate funds to support the establishment of a Native Hawaiian Supportive Housing Pilot Program on the Leeward Coast of Oahu.

Your Committee received testimony in support of this measure from the State Council on Mental Health, Malama Makua, Environmental Caucus of the Democratic Party of Hawai'i, Opportunity Youth Action Hawai'i, and five individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that the Hawaiian Homes Commission Act, 1920, as amended, was enacted nearly one hundred years ago to provide for the rehabilitation of the native Hawaiian people through a government-sponsored homesteading program. Yet, Native Hawaiians remain disproportionately affected by the State's housing crisis and homelessness. This measure would prioritize housing for native Hawaiian beneficiaries who are homeless, or threatened with homelessness, on the Leeward coast of Oahu.

Your Committee has amended this measure by:

- (1) Deleting the unspecified number of individual or shared micro housing units the Department of Hawaiian Home Lands may construct;
- (2) Clarifying that the Department of Hawaiian Home Lands, rather than communities, may allow for off-the-grid technologies that can provide water, electricity, and process sewage without existing infrastructure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1040, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1040, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1516 Judiciary & Hawaiian Affairs on S.B. No. 784

The purpose of this measure is to establish and appropriate funds for a two-year Airline Subsidy Pilot Program at Molokai airport to assist airlines in offsetting the costs of operation.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from the Department of the Attorney General.

Your Committee finds that for the past two years, Molokai residents have had to rely upon one passenger airline for air travel out of Molokai airport. Although the airline has been accommodating Molokai passengers to some extent, the cost of plane tickets remains high. This measure is intended to offset the cost of passenger tickets while encouraging more airlines to operate at Molokai airport.

Your Committee has amended this measure by:

- (1) Establishing standards for the Airline Subsidy Pilot Program; and
- (2) Requiring the Pilot Program to cease to exist on July 1, 2025.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 784, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 784, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1517 Judiciary & Hawaiian Affairs on S.B. No. 763

The purpose of this measure is to temporarily exempt Hawaii Housing Finance and Development Corporation affordable housing projects from certain state and county fees and exactions when the units of the housing project are exclusively made available to certain qualified residents.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Building Industry Association of Hawaii.

Your Committee finds that this measure would reduce development costs and encourage the production of more affordable housing units for Hawaii residents.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 763, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 763, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1518 Judiciary & Hawaiian Affairs on S.B. No. 1418

The purpose of this measure is to protect the health and improve the quality of life of residents who must coexist closely in the State's urban areas by:

- (1) Establishing that a person's conduct that produces, or causes to be produced, noise exceeding a certain level during the hours between 9:00 p.m. and 6:00 a.m. in any area zoned as residential or mixed-use residential, as unreasonable noise that constitutes the offense of disorderly conduct; and

(2) Appropriating funds for enforcement.

Your Committee received testimony in support of this measure from the Department of Health, Citizens Against Noise, and numerous individuals. Your Committee received testimony in opposition to this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, and one individual.

Your Committee finds that noise control is a serious issue for residents and businesses that must coexist closely in the State's urban areas. Although the quality of life for residents can be enhanced through improved monitoring and enforcement of applicable noise regulations, enforcement of noise control rules has been challenging for various reasons. This measure enhances the Department of Health's enforcement efforts for community noise control rules and protects the public from excessive noise.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the Department of Health's testimony indicated that the one full-time equivalent (1.0 FTE) position should be an Environmental Health Specialist IV position with a cost of approximately \$75,000-\$104,000, including fringe benefits; purchasing the sound level meters would cost approximately \$43,350, with annual calibration costs of \$595 per sound level meter and calibrator; and implementing a training program for law enforcement officers would cost approximately \$150,000 for fiscal year 2023-2024 and \$110,000 for fiscal year 2024-2025, and every year thereafter if deemed appropriate.

Your Committee additionally notes that the police departments may not be able to implement this measure because of the challenges of measuring decibel levels in the field at the time when there is a potential violation that is occurring.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1418, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1418, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Kong). Noes, 1 (Ganaden). Excused, 2 (Holt, Mizuno).

SCRep. 1519 Transportation/Energy & Environmental Protection on S.B. No. 1024

The purpose of this measure is to:

- (1) Establish long-term goals for zero-emission transportation in Hawaii and abroad to reduce and eliminate transportation emissions;
- (2) Establish the Clean Ground Transportation Working Group and Clean Interisland and Transpacific Transportation Working Group; and
- (3) Require annual reports to the Hawai'i Climate Change Mitigation and Adaptation Commission and the Legislature.

Your Committees received testimony in support of this measure from the Department of Transportation, Hawai'i Climate Change Mitigation and Adaptation Commission, Office of Planning and Sustainable Development, Hawai'i State Energy Office, Blue Planet Foundation, Climate Protectors Hawai'i, Big Island Electric Vehicle Association, Ulupono Initiative, Hawaii Electric Vehicle Association, Aero X Ventures, Hawaiian Airlines, Oahu Metropolitan Planning Organization, Elemental Excelerator, Alliance for Automotive Innovation, Kauai Climate Action Coalition, Hawaiian Electric, and fourteen individuals. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that greenhouse gas emissions from transportation account for the largest share of energy sector greenhouse gas emissions in the State. Your Committees further find that this measure establishes working groups to develop plans and recommendations to achieve clean energy goals and establishes long-term goals for zero-emissions transportation in the State.

Your Committees have amended this measure by:

- (1) Deleting references to transpacific transportation;
- (2) Moving the establishment of Hawaii clean transportation initiative to section 225P-7, Hawaii Revised Statutes;
- (3) Clarifying that for the Clean Ground Transportation Working Group, the Chairpersons of the Senate and House of Representatives standing committees having primary jurisdiction over transportation may name a designee to serve in their place;
- (4) Requiring the working groups to consider:
 - (A) Reducing vehicle miles travelled and demand management; and
 - (B) Equity concerns, including economic and accessibility impacts to low-income communities;
- (5) Amending the number of transportation hubs that the Clean Interisland and Transpacific Transportation Working Group must identify and clarifying that the working group identify at least one transportation hub on each island;
- (6) Establish both working groups in session law rather than in statute;
- (7) Amending the reporting requirements to require interim reports to the Hawaii Climate Change Mitigation and Adaptation Commission prior to the 2024, 2025, and 2026 Regular Sessions and a final report to the Legislature prior to the 2027 session;
- (8) Terminating the working groups on January 1, 2027;
- (9) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Transportation and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1024, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1024, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 9. Noes, none. Excused, none.

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, none.

SCRep. 1520 Transportation/Energy & Environmental Protection on S.B. No. 965

The purpose of this measure is to establish:

- (1) A green infrastructure objectives and policies for transportation systems, infrastructure, and projects; and
- (2) The Green Transportation Infrastructure Task Force to examine, evaluate, and develop policies for the design, implementation, and maintenance of green transportation infrastructure.

Your Committees received testimony in support of this measure from the Department of Transportation; Department of Land and Natural Resources; Office of Planning and Sustainable Development; Hawai'i Climate Change Mitigation and Adaptation Commission; University of Hawai'i System; Outdoor Circle; Maui Metropolitan Planning Organization; International Union of Painters and Allied Trades, District Council 50; Environmental Caucus of The Democratic Party of Hawai'i; Kauai Climate Action Coalition; Hawai'i Reef and Ocean Coalition; Climate Protectors Hawai'i; Trees for Honolulu's Future; Painting Industry of Hawaii Labor Management Cooperation Trust Fund; Hawaii Tapers Market Recovery Trust Fund; Hawaii Glaziers, Architectural Metal Glassworkers Local Union 1889 AFL-CIO Stabilization Trust Fund; Carpet, Linoleum and Soft Tile Local Union 1926 Market Recovery Trust Fund; and seven individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committees find that the companion to this measure, H.B. No. 1278, H.D. 1 (Regular Session of 2023), a substantially similar measure, was previously passed by the House.

Your Committees have amended this measure by:

- (1) Deleting its contents and inserting the contents of H.B. No. 1278, H.D. 1, which:
 - (A) Further clarifying that the standards for tree care may include best practice standards appropriate for Hawaii;
 - (B) Removing the authority of the Director of Transportation to grant exemptions for certain projects in instances in which safety is a concern or is deemed necessary;
 - (C) Moving the definition of "green infrastructure" to section 264-141, Hawaii Revised Statutes, for clarity and consistency; and
 - (D) Adding a representative from the Office of Hawaiian Affairs on the Green Transportation Infrastructure Task Force; and
- (2) Condensing the preamble for purposes of clarity and consistency; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Transportation and Energy & Environmental Protection that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 965, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 965, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 9. Noes, none. Excused, none.

Energy & Environmental Protection: Ayes, 7. Noes, none. Excused, none.

SCRep. 1521 Transportation/Labor & Government Operations on S.B. No. 968

The purpose of this measure is to require:

- (1) The Department of Accounting and General Services to enable parking stall sharing among public employees, ensure new parking stalls for public employees can accommodate electric vehicle charging stations, and provide bicycle storage lockers at facilities where parking is made available to public employees; and
- (2) All new public housing developments to have bicycle storage lockers and parking stalls that can accommodate electric vehicle charging stations.

Your Committees received testimony in support of this measure from the Department of Transportation, Chamber of Sustainable Commerce, Hawai'i Climate Change Mitigation & Adaptation Commission, 350Hawaii.org, Big Island Electric Vehicle Association, Ulupono Initiative, Hawaii Electric Vehicle Association, Hawaii Bicycling League, Climate Protectors Hawai'i, Kauai Climate Action Coalition, and numerous individuals. Your Committees received comments on this measure from the Department of Accounting and General Services and Hawai'i State Energy Office.

Your Committees find that as the use of electric vehicles increases in the State, there may be a need for increased infrastructure for charging these electric vehicles at state employee parking facilities, as many of these facilities currently do not have the capacity. Your Committees further find that more information is needed to determine the actual demand for electric vehicle charging stations, as well as the feasibility and costs of installing electric vehicle charging stations at state employee parking facilities.

Your Committees have amended this measure by:

- (1) Removing the requirement that:
 - (A) The Department of Accounting and General Services ensure new parking stalls for public employees can accommodate electric vehicle charging stations and provide bicycle storage lockers at facilities where parking is made available to public employees; and
 - (B) All new public housing developments to have bicycle storage lockers and parking stalls that can accommodate electric vehicle charging stations;
- (2) Requiring the Department of Accounting and General Services to conduct a study to determine the demand for, and feasibility and costs of, installing electric vehicle charging stations at newly constructed state employee and public parking facilities and retrofitting existing state employee and public parking facilities to accommodate electric vehicle charging stations;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Transportation and Labor & Government Operations that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 968, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 968, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 9. Noes, none. Excused, none.

Labor & Government Operations: Ayes, 4. Noes, none. Excused, 3 (Sayama, Tam, Alcos).

SCRep. 1522 Transportation on S.B. No. 824

The purpose of this measure is to require that the securing of mooring lines from vessels requiring tug assistance be performed by a stevedoring company that is registered to do business in the State and authorized to secure mooring lines.

Your Committee received testimony in support of this measure from the International Longshore & Warehouse Union Local 142; International Longshore & Warehouse Union Local 100; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawai'i State AFL-CIO; and numerous individuals. Your Committee received testimony in opposition to this measure from Island Plastic Bags, Inc.; Island Energy Services, LLC; and Par Hawaii. Your Committee received comments on this measure from the Public Utilities Commission, Young Brothers, Hawaiian Cement, General Contractors Association of Hawaii, Hawaii Gas, and American Marine Corporation.

Your Committee finds that there is no existing requirement for out-of-state companies to utilize trained longshore linespersons to secure vessels to the commercial docks, wharves, piers, quays, bulkheads, and landings in the State. Your Committee further finds that this measure will ensure the safe securing of mooring lines from vessels requiring tug assistance to the various marine vessel landings in the State.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

Your Committee notes the comments of the Public Utilities Commission that this measure could force regulated water carriers, as defined under section 271G-5, Hawaii Revised Statutes, to also retain additional services via a separate union labor contract above and beyond its current union labor contract. This could result in increased costs for that water carrier which could then ultimately be passed on to ratepayers or customers. Therefore, your Committee requests that your Committee on Consumer Protection & Commerce, should it choose to deliberate on this measure, consider amending this measure to exempt regulated water carriers.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 824, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 824, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Onishi). Noes, 1 (Marten). Excused, none.

SCRep. 1523 Health & Homelessness on S.B. No. 318

The purpose of this measure is to:

- (1) Require the Department of Health to establish and administer a five-year pilot program to implement a co-management system of care for the diagnosis and treatment of individuals with fetal alcohol spectrum disorders; and
- (2) Appropriate funds for the establishment and administration of the pilot program.

Your Committee received testimony in support of this measure from the Department of Health, State Council on Developmental Disabilities, Disability and Communication Access Board, Hawaii Substance Abuse Coalition, Hawaii Fetal Alcohol Spectrum Disorders Action Group, Hawaii Disability Rights Center, and ten individuals.

Your Committee finds that of the nearly seventeen thousand babies born annually in the State, as many as eight hundred forty are estimated to have fetal alcohol spectrum disorders. Your Committee further finds that even using best practices, few children in the State are diagnosed with fetal alcohol spectrum disorders, or are misdiagnosed with other developmental disorders, resulting in delays in appropriate treatment. This measure is intended to improve outcomes for individuals with fetal alcohol spectrum disorders and promote health equity by establishing a pilot program for a multidisciplinary co-management system of care for individuals with fetal alcohol spectrum disorders.

Your Committee has amended this measure by:

- (1) Changing the length of the pilot program from five years to three years;
- (2) Clarifying that the pilot program has a primary and secondary prevention component and tertiary prevention component that implements a co-management system of care for persons with a fetal alcohol spectrum disorder;
- (3) Specifying that the appropriation for the establishment and administration of the pilot program shall not lapse at the end of the fiscal biennium but shall lapse on June 30, 2026;
- (4) Inserting an appropriation of an unspecified amount for the establishment of an annual public awareness campaign on preventing fetal alcohol spectrum disorder;
- (5) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$35,000 for an annual public awareness campaign on preventing fetal alcohol spectrum disorder.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 318, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 318, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1524 Health & Homelessness on S.B. No. 944

The purpose of this measure is to establish a task force to recommend amendments to update existing parentage laws.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Hawaii Women Lawyers, Rainbow Family 808, and nine individuals. Your Committee received testimony in opposition to this measure from Moms for Liberty Honolulu County and numerous individuals. Your Committee received comments on this measure from the Judiciary and four individuals.

Your Committee finds that since the original enactment of the Uniform Parentage Act of 1973, there have been significant changes in society, law, and medical technology. Your Committee further finds that House Bill No. 1096, Regular Session of 2021 (H.B. No. 1096), was originally introduced to address issues of inequitable parentage for LGBTQ+ parents by replacing the word "paternity" with "parentage" in section 584-3.5, Hawaii Revised Statutes. The

intent of H.B. 1096 was to allow for the expedited establishment of parentage for all unwed parents of any gender identity. However, based upon concerns raised by the Department of the Attorney General and Department of Health that replacing the legal concept of "paternity" with "parentage" may have unintended consequences, particularly with respect to public assistance programs, the Legislature ultimately amended and passed H.B. 1096 as Act 201, Session Laws of Hawaii 2021 (Act 201), which required the Department of Health to convene a task force to address inequitable parentage rights for LGBTQ+ parents.

In its report, the task force noted that the original language of H.B. 1096 would only benefit couples with a partner capable of gestating and delivering a child, excluding a number of family groups. Recognizing this limitation, the task force briefly discussed expanding the scope of the task force to include surrogacy issues. However, because of time constraints, the task force was unable to adequately address these and other issues.

Based on the task force's findings, your Committee finds that reconvening the task force to address parentage issues for adopted children and children born via surrogacy or through the use of other assistive reproductive technology will ensure that any updates to the State's parentage laws will benefit as many families as possible.

Accordingly, your Committee has amended this measure by:

- (1) Requiring the Department of the Attorney General, rather than the Department of Health, to convene the task force;
- (2) Amending the composition of the task force;
- (3) Requiring the task force to submit an interim report to the Legislature no later than twenty days prior to the Regular Session of 2024;
- (4) Changing the effective date to July 1, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 944, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 944, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, 1 (Garcia). Excused, none.

SCRep. 1525 Health & Homelessness on S.B. No. 1016

The purpose of this measure is to:

- (1) Amend the definition of "private entity" for the purposes of a public-private partnership for the delivery of health care services at Maui Regional System facilities to include licensed community hospitals or licensed hospitals serving a rural population; and
- (2) Beginning January 1, 2024, require the Chief Executive Officer of the Hawaii Health Systems Corporation to provide written comments to the Governor before the State enters into a new agreement with a private entity or modifies or terminates an existing agreement to transfer the right to manage, operate, or otherwise provide health care services at one or more facilities in the Maui Regional System.

Your Committee received comments on this measure from the Hawaii Health Systems Corporation.

Your Committee finds that expanding the types of entities who may enter into a public-private partnership with the State for the provision of medical services in the Maui Regional System will ensure the continued provision of public health services on all three islands in Maui County.

Your Committee notes that the first ten-year extension of the current public-private partnership for the Maui Regional System will occur on or about 2047, with the second ten-year extension in 2057. Your Committee further notes that the partnership involves a major hospital system and affects all three islands in Maui county.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1016, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1016, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1526 Health & Homelessness on S.B. No. 1381

The purpose of this measure is to repeal section 328-106, Hawaii Revised Statutes, which requires the Department of Health to regulate business practices between private entities engaged in the selling, billing, and reimbursement of pharmaceuticals.

Your Committee received testimony in support of this measure from the Department of Health.

Your Committee finds that under existing law, the Department of Health is required to oversee an appeals process for pharmacies that dispense prescription medications pursuant to a contract with a health plan based on the "maximum allowable charge" payment model. This regulatory oversight, intended as a price control function, is outside of the Department of Health's expertise and offers no realistic or substantive relief to the State's pharmacies from the volatile price fluctuations of the prescription drug market. Your Committee further finds that regulation of the insurance industry's process for reimbursement to pharmacies of prescription drug costs, and of the contractual relationship between pharmacy benefit managers and pharmacies, is likely more effectively achieved by other means.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1381, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1381, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1527 Consumer Protection & Commerce on S.B. No. 674

The purpose of this measure is to adopt the Interstate Medical Licensure Compact.

Your Committee received testimony in support of this measure from the Hawaii Medical Board, The Queen's Health System, AlohaCare, Hawaii Primary Care Association, Hawai'i Psychiatric Medical Association, Hawai'i Pacific Health, Healthcare Association of Hawaii, Hawaii Medical Service Association, Hawaii Association of Health Plans, Hawaii Medical Association, and one individual. Your Committee received comments on this measure from the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Grassroot Institute of Hawaii, and Hawaii Association for Justice.

Your Committee finds that the Interstate Medical Licensure Compact is a pathway for expedited medical licensure that will expand access to care, streamline the licensing process for physicians, and facilitate multi-state practice and telemedicine. Your Committee further finds that the Interstate Medical Licensure Compact has been adopted by thirty-seven states, the District of Columbia, and Guam. This measure will add Hawaii to the list of jurisdictions that are parties to the compact and allow for the portability of a medical license across jurisdictions.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 674, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1528 Consumer Protection & Commerce on S.B. No. 696

The purpose of this measure is to:

- (1) Authorize the wages of other employees in comparable employment to be considered when computing the average weekly wages of an injured public board member, reserve police officer, police chaplain, reserve public safety law enforcement officer, sheriffs' chaplain, volunteer firefighter, volunteer boating enforcement officer, or volunteer conservation and resources enforcement officer; and
- (2) Clarify the computation of average weekly wages of an injured volunteer firefighter for workers' compensation benefits purposes.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee finds that under existing law, for various volunteer positions, including volunteer firefighters, volunteer boating enforcement officers, and reserve police officers, the Department of Labor and Industrial Relations is prohibited from considering the wages of other employees in comparable employment when computing the average weekly wages. This results in those positions not being afforded all the benefits available to similar non-volunteer positions. This measure corrects that discrepancy in treatment, thereby ensuring those who volunteer are fairly compensated for their work.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 696, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Hashem, Gates, Tam).

SCRep. 1529 Consumer Protection & Commerce on S.B. No. 599

The purpose of this measure is to:

- (1) Authorize physician assistants to issue orders for respiratory therapy and plans of care; and
- (2) Expand the types of health care providers under whom respiratory therapists may practice respiratory care to include physician assistants and advance practice registered nurses.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Board of Nursing, Hawaii Medical Board, Hawai'i State Center for Nursing, Kaiser Permanente Hawai'i, Hawai'i Academy of Physician Assistants, Hawaii Society for Respiratory Care, Hawai'i Pacific Health, Hawai'i Association of Professional Nurses, and Hawai'i Public Health Association.

Your Committee finds that respiratory therapy is the health care discipline specializing in the promotion of optimum cardiopulmonary function, health, and wellness. Your Committee further finds that respiratory therapists in the State must practice under the direction of a licensed physician. This requirement, in conjunction with the health care provider shortage in the State, has severely limited the ability for residents to access respiratory therapy, especially in rural and underserved areas. This measure reduces barriers to respiratory care by authorizing respiratory therapists to practice under the order and direction of health care providers other than physicians.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 599, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1530 Consumer Protection & Commerce on S.B. No. 459

The purpose of this measure is to appropriate funds out of the Hydrogen Fueling System Subaccount within the Public Utilities Commission Special Fund for the Zero-Emission Vehicle Fueling System Rebate Program.

Your Committee received testimony in support of this measure from the Public Utilities Commission, Servco Pacific Inc., and Alliance for Automotive Innovation.

Your Committee finds that zero-emission vehicles play an integral role in Hawaii's clean energy future. To promote the adoption of zero-emission vehicles, Act 241, Session Laws of Hawaii 2022, established the Zero-Emission Vehicle Fueling System Rebate Program that distributes rebates for the installation of hydrogen fueling systems. This measure provides the necessary funds to facilitate that rebate program.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 459, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Amato). Noes, none. Excused, none.

SCRep. 1531 Consumer Protection & Commerce on S.B. No. 426

The purpose of this measure is to implement the recommendation of the Cesspool Conversion Working Group to accelerate the dates for required upgrades, conversions, or connections of priority level 1 cesspools and priority level 2 cesspools by requiring:

- (1) Priority level 1 cesspools to be upgraded, converted, or connected before January 1, 2030, with certain exceptions; and
- (2) Priority level 2 cesspools to be upgraded, converted, or connected before January 1, 2035.

Your Committee received testimony in support of this measure from the Department of Health; Department of Land and Natural Resources; Hawaii Green Infrastructure Authority; University of Hawai'i Water Resources Research Center; University of Hawai'i Sea Grant College Program; Friends of Hanauma Bay; Hawai'i Reef and Ocean Coalition; Environmental Caucus of the Democratic Party of Hawai'i; Coral Reef Alliance; Ulupono Initiative; WAI: Wastewater Alternatives & Innovations; Surfrider Foundation, Hawai'i Region; and five individuals. Your Committee received testimony in opposition to this measure from the Waianae Coast Neighborhood Board No. 24 and seven individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Hawai'i Association of REALTORS, and two individuals.

Your Committee finds that cesspools are a major source of pollution to Hawaii's waters. Cesspools discharge untreated sewage, which may reach the groundwater and flow into drinking water sources, streams, and the ocean. Since a significant portion of drinking water in the State comes from groundwater sources, these discharges pose a serious risk of harm to public health and the environment.

Your Committee further finds that the Legislature, through Act 125, Session Laws of Hawaii 2017, mandated the upgrade or conversion of all cesspools in the State to certain wastewater management systems or connection to a sewerage system by 2050. The Cesspool Conversion Working Group, established by Act 132, Session Laws of Hawaii 2018, then recommended an accelerated conversion for those cesspools that pose greater environmental risk. However, your Committee is concerned that the accelerated timelines for required upgrades, conversions, or connections may place substantial financial burdens on residents of the State, especially residents on fixed or limited income.

Accordingly, your Committee has amended this measure by:

- (1) Delaying the deadlines to January 1, 2035, for priority level 1 cesspools, with certain exceptions, and January 1, 2040, for priority level 2 cesspools;
- (2) Specifying that no penalty or other assessment for any violation of these accelerated deadlines shall constitute a lien on the real property and no seizure of real property shall be authorized for any violation; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests that your Committee on Finance, should it deliberate on this measure, to examine the financial implications of this measure.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 426, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 426, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Amato). Noes, 1 (Pierick). Excused, none.

SCRep. 1532 Consumer Protection & Commerce on S.B. No. 504

The purpose of this measure is to, beginning December 31, 2026, prohibit the manufacture, sale, offer for sale, distribution for sale, and distribution for use of any food packaging, food service ware, cosmetic, or personal care product that contains perfluoroalkyl and polyfluoroalkyl substances, with certain exceptions.

Your Committee received testimony in support of this measure from the Department of Health, Honolulu Board of Water Supply, Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34, Hawai'i Reef and Ocean Coalition, Kauai Climate Action Coalition, Sierra Club of Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, Friends of Hanauma Bay, Wild Kids, Iron Workers Stabilization Fund, and seven individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii, American Chemistry Council, Personal Care Products Council, Consumer Brands Association, Hawaii Food Manufacturers Association, and one individual. Your Committee received comments on this measure from the Chamber of Commerce Hawaii and Maui Chamber of Commerce.

Your Committee finds that Act 152, Session Laws of Hawaii 2022, prohibits, beginning July 1, 2024, the manufacture, sale, and distribution of food packaging and class B firefighting foam containing intentionally introduced perfluoroalkyl and polyfluoroalkyl substances, also known as PFAS or forever chemicals. However, in light of the November 2022 spill of approximately one thousand three hundred gallons of firefighting foam containing PFAS at the Red Hill Bulk Fuel Storage Facility, your Committee believes that further action is needed to prevent future releases of these substances into the environment and drinking water sources. This measure will further protect residents against toxic chemicals by expanding the range of PFAS-containing consumer products subject to the prohibition.

Your Committee has amended this measure by:

- (1) Clarifying that the prohibition applies to products that contain intentionally added PFAS;
- (2) Changing the effective date to December 31, 2026; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 504, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 504, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Onishi). Noes, 1 (Pierick). Excused, none.

SCRep. 1533 Consumer Protection & Commerce on S.B. No. 1027

The purpose of this measure is to replace the existing Mixed Martial Arts Program with a new regulatory framework under the authority a Combat Sports Commission of Hawaii.

Your Committee received testimony in support of this measure from one member of the City Council of the City and County of Honolulu and four individuals. Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that mixed martial arts allow for the use of striking and grappling techniques; standing and on-the-ground combat; and blend boxing, wrestling, Brazilian jiu-jitsu, Muay Thai, kickboxing, karate, judo, and other combat styles. Your Committee further finds that a regulatory commission specializing in combat sports may further promote the State's ability to attract major combat sports events.

Your Committee has amended this measure by:

- (1) Specifying that the Combat Sports Commission of Hawaii is to be placed within the Department of Commerce and Consumer Affairs for administrative purposes;
- (2) Requiring that members of the Combat Sports Commission of Hawaii have experience in combat sports contests as a contestant or in the promotion or administration of such contests;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1027, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1027, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Pierick). Noes, none. Excused, none.

SCRep. 1534 Consumer Protection & Commerce on S.B. No. 764

The purpose of this measure is to:

- (1) Increase the allowable amount a bank may invest, in aggregate, in limited partnerships, limited liability partnerships, limited liability companies, and corporations formed to invest in affordable housing properties to fifteen percent of the bank's capital and surplus;
- (2) Require approval from the Commissioner of Financial Institutions for the bank to invest up to twenty percent of its capital and surplus; and
- (3) Cap the allowable aggregate amount invested at twenty percent.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Holomua Collaborative; Central Pacific Bank; Hunt Development Group, LLC; Hunt Capital Partners, LLC; Catholic Charities Hawai'i; Hawaii Bankers Association; HPM Building Supply; Chamber of Commerce Hawaii; Hawaiian Host Group; JN Group; Title Guaranty of Hawai'i; Maui Chamber of Commerce; and Housing Hawaii's Future.

Your Committee finds that a housing crisis exists in the State. Your Committee further finds that existing law limits the amount a bank may invest in entities formed to invest in residential properties that qualify for the federal Low-Income Housing Tax Credit. This measure increases the existing statutory limit, which will encourage banks to invest more into affordable housing projects.

Your Committee has amended this measure by:

- (1) Specifying that banks may invest, in aggregate, in limited partnerships, limited liability partnerships, limited liability companies, and corporations formed to invest in affordable housing properties with the approval of the Commissioner of Financial Institutions;
- (2) Deleting language that required the Commissioner of Financial Institutions to render a decision on an application within twenty days or the application would be deemed approved;
- (3) Inserting after-the-fact notice requirements that outline when a bank may invest its own assets without prior notification to or approval by the Commissioner of Financial Institutions;
- (4) Inserting language that outlines the procedure for a bank to submit an investment proposal for consideration by the Commissioner of Financial Institutions; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 764, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 764, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1535 Consumer Protection & Commerce on S.B. No. 729

The purpose of this measure is to:

- (1) Authorize the Real Estate Commission to approve and administer board leadership courses for board members of a condominium association;
- (2) Expand the uses of funds in the Condominium Education Trust Fund to include educational requirements for board members;
- (3) For condominium associations with more than fifty units, require board members to complete a board leadership course within one year of election to the board;
- (4) Require a board member to certify that the member has received and reviewed the association's articles of incorporation, bylaws, rules and regulations, and the provisions of the Condominium Property Act within ninety days of election to the board; and
- (5) Establish deadlines for board members who are actively serving a term of office on a board on or before July 1, 2024, to fulfill these requirements.

Your Committee received testimony in support of this measure from the Hawaii Council of Associations of Apartment Owners, Hui 'Oia'i'o, and thirteen individuals. Your Committee received testimony in opposition to this measure from the Hawai'i Real Estate Commission; Honolulu Tower AOA; Hawai'i State Association of Parliamentarians; Legislative Action Committee of the Community Associations Institute, Hawaii Chapter; and thirteen individuals. Your Committee received comments on this measure from two individuals.

Your Committee finds that members of condominium association boards of directors have significant responsibility and oversight over association affairs. Your Committee further finds that newly elected members may better perform their duties if they have pertinent knowledge of their authority and duties. However, your Committee notes that members of condominium association boards of directors are not subject to regulation and this measure may impose new regulatory controls. As such, further consideration must be given to identify possible unintended consequences.

Accordingly, your Committee has amended this measure by:

- (1) Deleting provisions that required existing and newly elected board members of condominium associations with more than fifty units to complete a board leadership course within specified time frames;
- (2) Deleting provisions that required existing and newly elected board members of condominium associations to certify the receipt and review of certain documents within specified time frames;
- (3) Deleting provisions that expanded the uses of funds in the Condominium Education Trust Fund to include educational requirements for board members;
- (4) Requiring the Auditor to conduct an analysis on probable effects of the H.D. 1 version of this measure, assess whether the enactment of the H.D. 1 version would be consistent with the policies stated in the Hawaii Regulatory Licensing Reform Act, and report to the Legislature prior to the Regular Session of 2024;
- (5) Requiring the Real Estate Commission to develop a curriculum on relevant condominium association documents, condominium laws, and leadership training to be made available to members of boards of directors of condominium associations, rather than requiring the Real Estate Commission to approve and administer board leadership courses, and submit a progress report to the Legislature; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 729, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 729, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, 1 (Pierick). Excused, none.

SCRep. 1536 Consumer Protection & Commerce on S.B. No. 693

The purpose of this measure is to mandate reimbursement for services provided by pharmacists within their scope of practice by public and private health plans in the State.

Your Committee received testimony in support of this measure from the Board of Pharmacy, University of Hawai'i at Hilo, Hawaii Primary Care Association, The Family Medicine Center, American Pharmacists Association, Hawai'i Pacific Health, AARP Hawai'i, Big Island Docs, Walgreen Co., Hawai'i Pharmacists Association, Community First Hawai'i, Hawaii Medical Association, Maika'i Health Corporation, and numerous individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Department of Human Services, The Queen's Health System, Hawaii Association of Health Plans, Hawaii Medical Service Association, and AlohaCare.

Your Committee finds that there are thirty-one areas in the State that are designated as health professional shortage areas. Your Committee further finds that there were over 2,600 pharmacists in the State who provided high level health care services during the COVID-19 pandemic. Your Committee also finds that there is a significant return on investment and long-term cost savings when pharmacists are more involved in the provision of patient care. However, your Committee finds it prudent to conduct an assessment of the social and financial impacts of mandating health insurance reimbursement for services provided by pharmacists.

Accordingly, your Committee has amended this measure by:

- (1) Deleting provisions relating to mandatory reimbursement for services provided by pharmacists within their scope of practice by public and private health plans in the State;
- (2) Requiring the Auditor to conduct an impact assessment report on the social and financial impacts of mandating reimbursement for services provided by pharmacists within their scope of practice by public and private health plans in the State and submit the report to the Legislature prior to the Regular Session of 2024;
- (3) Inserting an appropriation for an unspecified amount for the Auditor to conduct the required impact assessment report; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 693, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 693, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1537 Consumer Protection & Commerce on S.B. No. 393

The purpose of this measure is to establish, until June 30, 2025, the Pre-Litigation Mediation Pilot Program and Emergency Rent Relief Program.

Your Committee received testimony in support of this measure from the Legal Aid Society of Hawai'i; Catholic Charities Hawai'i; Mediation Center of the Pacific, Inc.; Ku'ikahi Mediation Center; Family Promise of Hawai'i; and Hawai'i Appleseed Center for Law & Economic Justice. Your Committee received comments on this measure from the Department of Human Services and Hawai'i Association of REALTORS.

Your Committee finds that the economic downturn as a result of the COVID-19 pandemic threatened the housing status of many tenants who became unable to afford rent. Your Committee further finds that Act 57, Session Laws of Hawaii 2021 (Act 57), through the combination of a robust pre-litigation mediation process with rental relief, effectively stymied the predicted wave of evictions and achieved better outcomes for local families struggling to make ends meet. Because of Act 57's intervention, eighty-five percent of cases mediated settled without litigation and, within the First Circuit, eighty-five percent of settlements resulted in tenants remaining in the dwelling. This measure continues the most effective provisions of Act 57 to stabilize the housing status of tenants and provides funds for an Emergency Rent Relief Program, which will help families who are again struggling to pay rent now that the federal pandemic rental subsidies have ended.

Your Committee has amended this measure by:

- (1) Clarifying that mediation may take place by means of remote communication, including two-way video communication, or in person, or both;
- (2) Removing the income qualification for persons to participate in the Emergency Rent Relief Program; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 393, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 393, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 1 (Pierick). Excused, none.

SCRep. 1538 Consumer Protection & Commerce on S.B. No. 1502

The purpose of this measure is to:

- (1) Authorize the Department of Transportation and counties to regulate the parking of shared cars at state parking lots and on highways under the jurisdiction of the counties, respectively; and
- (2) Establish mandatory minimum insurance coverage requirements for hourly peer-to-peer car-sharing programs that are separate from the mandatory minimum insurance coverage required of other peer-to-peer car-sharing programs.

Your Committee received testimony in opposition to this measure from the Office of Consumer Protection of the Department of Commerce and Consumer Affairs, Hawaii Association for Justice, and Hawaii Insurers Council. Your Committee received comments on this measure from the Insurance Division of the Department of Commerce and Consumer Affairs and Turo.

Your Committee finds that peer-to-peer car sharing allows for vehicle owners to share their vehicle with others through online platforms. Your Committee further finds that the increasing popularity of peer-to-peer car-sharing programs and the accompanying concerns over whether drivers and passengers were adequately covered by insurance prompted the Legislature to pass Act 56, Session Laws of Hawaii 2022 (Act 56). Act 56 established minimum insurance coverage requirements for shared cars made available through peer-to-peer car-sharing programs, and is set to sunset June 30, 2025. However, your Committee is concerned with the bifurcation in the treatment of different types of peer-to-peer car-sharing programs as proposed in this measure.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that established mandatory minimum insurance coverage requirements for hourly peer-to-peer car-sharing programs;
- (2) Amending the minimum insurance coverage amount for shared cars available and used through a peer-to-peer car-sharing program from \$750,000 to four times the minimum coverage amounts for other vehicles; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1502, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1502, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, none.

SCRep. 1539 Consumer Protection & Commerce on S.B. No. 781

The purpose of this measure is to:

- (1) Require government entities in the State that issue building permits to:
 - (A) Implement, by January 1, 2024, SolarAPP+ or a functionally equivalent online automated permitting platform that verifies code compliance and issues permits to licensed contractors for solar distributed energy resource systems in real time; and
 - (B) Adopt self-certification for residential and commercial on-site solar distributed energy resource systems, if the territory is served by an investor-owned electric utility; and
- (2) Exempt work with respect to residential distributed energy resource systems from the professional engineers, architects, surveyors, and landscape architects licensure law.

Your Committee received testimony in support of this measure from the Hawai'i Green Infrastructure Authority; Pacific Resource Partnership; Blue Planet Foundation; Climate Protectors Hawai'i; 350Hawaii.org; Hawaii Environmental Change Agents' Decarbonization of Buildings Task Force; Our Revolution Hawaii; Hawaii Solar Energy Association; Capture the Carbon; Climate Future Forum; Kauai Climate Action Coalition; Environmental Caucus of the Democratic Party of Hawai'i; Hawaii Unified Industries, LLC; Hawai'i Energy; Sunrun; Sierra Club of Hawai'i; Ulupono Initiative; Green Power Projects LLC; Grand Solar, Inc.; Solar Services Hawaii LLP; Hawaii Energy Connection, LLC; Alternate Energy Inc.; Sunnova; Alternate Energy Hawaii; Elemental Excelsior; Hawaii Regional Council of Carpenters; and numerous individuals. Your Committee received testimony in opposition to this measure from the American Institute of Architects Hawaii Council; International Brotherhood of Electrical Workers, Local Union No. 1186, AFL-CIO; and one individual. Your Committee received comments on this measure from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects; Electrical Contractors Association of Hawai'i; and Associated Builders and Contractors, Hawaii Chapter.

Your Committee finds that the State's continued dependence on fossil fuels contributes to the climate crisis and subjects residents and businesses to the ever-increasing cost of fossil fuels. Your Committee further finds that the State's dependence on a centralized grid can render residents and businesses vulnerable to power outages caused by extreme weather or other events that compromise centralized energy producing facilities. This measure streamlines the permitting process for distributed solar projects, which can reduce the time, cost, and risk in realizing the benefits of greater distributed renewable energy infrastructure in the State.

Your Committee has amended this measure by:

- (1) Specifying that duly licensed electricians are among the list of licensed professionals who must notify the applicable government entity; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 781, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 781, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, 1 (Onishi). Excused, none.

SCRep. 1540 Consumer Protection & Commerce on S.B. No. 285

The purpose of this measure is to:

- (1) Establish within the Department of Health's Wastewater Branch a Cesspool Conversion Section dedicated to facilitating the conversion of cesspools within the State, including the establishment and funding of positions; and
- (2) Establish and appropriate funds for a three-year New Wastewater System Demonstration Pilot Program within the University of Hawaii's Waste Resources Research Center.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands; Department of Health; University of Hawai'i Water Resources Research Center; University of Hawai'i Sea Grant College Program; Hawai'i Association of REALTORS; Coral Reef Alliance; Hawai'i Reef and Ocean Coalition; Environmental Caucus of the Democratic Party of Hawai'i; Surfriider Foundation, Hawai'i Region; Ulupono Initiative; WAL: Wastewater Alternatives & Innovations; and five individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that cesspools are a major source of pollution to Hawaii's waters. Cesspools discharge untreated sewage, which may reach the groundwater and flow into drinking water sources, streams, and the ocean. Since a significant portion of drinking water in the State comes from groundwater sources, these discharges pose a serious risk of harm to public health and the environment.

Your Committee further finds that the Legislature, through Act 125, Session Laws of Hawaii 2017, mandated the upgrade or conversion of all cesspools in the State to certain wastewater management systems or connection to a sewerage system by 2050. To accomplish this mandate, further support is necessary to facilitate the transition of cesspools to approved wastewater systems or connection to municipal sewer systems. This measure establishes a dedicated unit in the Department of Health to provide this essential support.

Your Committee has amended this measure by:

- (1) Appropriating funds out of general funds, rather than the Water Pollution Control Revolving Fund, for three specific positions within the Cesspool Conversion Section; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 285, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 285, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1541 Consumer Protection & Commerce on S.B. No. 962

The purpose of this measure is to amend the State's medical use of cannabis law and medical cannabis dispensary program law by:

- (1) Defining "waiting room" within a medical cannabis retail dispensing location and clarifying public access to the waiting room;
- (2) Amending the Medical Cannabis Dispensary Program licensing fee structure;
- (3) Adding or clarifying requirements for the Medical Cannabis Dispensary Program related to signage, types of permitted manufactured cannabis products, standards for packaging of cannabis and manufactured cannabis products, supervision of certain personnel who are onsite at a retail dispensing location or medical cannabis production center, annual reporting requirements for the Department of Health, and the continuing education and training program conducted by the Department of Health;
- (4) Establishing the Medical Cannabis Cultivation Site Registry and imposing fees;
- (5) Amending the uses of the Medical Cannabis Registry and Regulation Special Fund;
- (6) Prohibiting the cultivation, production, manufacture, possession, distribution, handling, or dispensation of medical cannabis except by specific persons or entities;
- (7) Restricting the number of qualifying patients who may use a grow site to twenty, unless an exemption is obtained from the Department of Health;
- (8) Prohibiting the use or receipt of cannabis as compensation for acting as a primary caregiver to a qualifying patient;
- (9) Establishing annual reporting requirements for the Department of Health regarding the Medical Cannabis Patient Registry Program;
- (10) Requiring the Department of Business, Economic Development, and Tourism to submit a report to the Legislature analyzing aggregated de-identified information regarding the Medical Cannabis Patient Registry Program and Medical Cannabis Dispensary Program; and
- (11) Making various housekeeping amendments.

Your Committee received testimony in support of this measure from Aloha Green Holdings Inc., Cure Oahu, and one individual. Your Committee received testimony in opposition to this measure from Care Waialua, Kauai Farm Planning, Malie Cannabis Clinic, and fifteen individuals. Your Committee received comments on this measure from the Department of Health; Department of Business, Economic Development, and Tourism; Akamai Cannabis Consulting; and one individual.

Your Committee finds that in addition to structural issues already impacting the cannabis industry nationwide, the medical cannabis market has, like many other industries, been subject to the recent impacts of inflation and labor shortage issues, both within business operations and with its vendors. Your Committee further finds there are gaps under existing law that allow controversial practices in Hawaii's medical cannabis industry. Additional oversight of sites where cannabis is cultivated for medical use by qualifying patients or their primary caregivers is needed to ensure these sites are operating as intended by the Medical Cannabis Registry Program.

This measure is intended to remove administrative barriers, increase patient access through the establishment of waiting rooms, assist medical cannabis dispensaries with streamlining operations and resources, and establish registration requirements and limitations for medical cannabis cultivation sites.

Your Committee has amended this measure by:

- (1) Deleting language amending the fee structure for medical cannabis dispensaries;
- (2) Deleting language establishing security requirements and restrictions for waiting rooms; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 962, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 962, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 11; Ayes with Reservations (Amato, Hussey-Burdick). Noes, none. Excused, none.

SCRep. 1542 Consumer Protection & Commerce on S.B. No. 1447

The purpose of this measure is to:

- (1) Repeal existing state law that:
 - (A) Preempted local ordinances or regulations from regulating the sale of cigarettes, tobacco products, and electronic smoking devices; and
 - (B) Nullified and voided existing local laws and regulations that conflicted with the state law on smoking; and
- (2) Allow the counties to regulate the sale of cigarettes, tobacco products, and electronic smoking devices, as long as the ordinances do not directly conflict with and are more stringent than the state law on smoking.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii State Teachers Association, Hawai'i State Association of Counties, American Heart Association, American Cancer Society Cancer Action Network, Coalition for a Tobacco-Free Hawaii's Youth Council, Hawaii Association of Independent Schools, Hawai'i Primary Care Association, Hawaii Substance Abuse Coalition, Hawaii COPD Coalition, Papa Ola Lokahi, Coalition for a Tobacco-Free Hawai'i, Campaign for Tobacco-Free Kids, American Lung Association, Hawaii Medical Service Association, and numerous individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii; Kimura General Store; VOLCANO Vape Shops; Consumer Choice Center; Americans for Tax Reform; Cigar Association of America, Inc.; Aloha Petroleum; Minit Stop; Par Hawaii; National Taxpayers Union; Hi Supply Smoke Shop; Hawaii Smokers' Alliance; and numerous individuals. Your Committee received comments on this measure from the Taxpayers Protection Alliance.

Your Committee finds that geographic tobacco-related disparities are a serious public health problem in the State and innovative, community-based solutions are needed. As such, local communities may have innovative solutions to address this serious public health problem. This measure returns authority to the counties to regulate the sale of cigarettes, tobacco products, and electronic smoking devices.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1447, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1447, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Tam).

SCRep. 1543 Consumer Protection & Commerce on S.B. No. 1534

The purpose of this measure is to:

- (1) Create a mileage-based road usage charge to replace state motor fuel taxes for electric vehicles, to be developed by the Department of Transportation;
- (2) Eliminate the annual state vehicle registration surcharge for electric vehicles;
- (3) Allow electric vehicle owners a choice of paying a registration surcharge or a per-mile road usage charge until June 30, 2028;
- (4) Amend certain requirements for motor vehicle registration applications and certificates of inspection; and
- (5) Appropriate funds for the initial implementation of the mileage-based road usage charge.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawai'i State Energy Office, Big Island Electric Vehicle Association, Ulupono Initiative, and five individuals. Your Committee received comments on this measure from the Hawai'i Automobile Dealers Association and Tax Foundation of Hawaii.

Your Committee finds that the majority of the funding for the State's maintenance and improvements to roadways derives from the fuel tax. However, because of increasing vehicle fuel efficiency and the increasing adoption of electric vehicles, fuel tax revenue has trended downward and is expected to continue to decline in the coming years. This measure provides a mechanism to require vehicles that do not contribute to the fuel tax revenues to contribute to the maintenance of the roadways in the State.

Your Committee has amended this measure by:

- (1) Placing a cap of \$50 on the state mileage-based road usage charge;
- (2) Clarifying that the funding source for the appropriation is the State Highway Fund; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$1,300,000 and an effective date of June 30, 2025, for all provisions in this measure, except for the appropriation.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1534, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1534, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Tam).

SCRep. 1544 Education/Health & Homelessness on S.B. No. 1340

The purpose of this measure is to:

- (1) Expand the exemption from the behavior analyst licensing requirements for certain teachers working in collaboration with a licensed behavior analyst or licensed psychologist;
- (2) Repeal the exemption from the behavior analyst licensing requirements for direct support workers; and
- (3) Allow a registered behavior technician who is under the direction of a licensed psychologist to implement applied behavior analysis services.

Your Committees received testimony in support of this measure from the Department of Education, Developmental Disabilities Division of the Department of Health, Hawaii State Council on Developmental Disabilities, Special Education Advisory Council, and Hawaii State Teachers Association. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the Hawai'i Association for Behavior Analysis.

Your Committees find that the Department of Education is experiencing difficulty attracting and retaining qualified licensed behavior analysts for public schools, leading to students not obtaining adequate support in their education. Your Committees further find that a large portion of the services provided by licensed behavior analysts must be contracted through a statewide contract at a high cost. Your Committees believe that the Department of Education requires additional options to utilize qualified and competent personnel that may be able to implement applied behavior analysis services, in direct collaboration with a licensed behavior analyst or licensed psychologist, to be able to continue providing adequate support to public school students.

Your Committees have amended this measure by:

- (1) Permanently exempting individuals who implement applied behavior analysis services to participants in the federal Medicaid Home and Community-based Service Waiver Program;
- (2) Requiring the Department of Education to report to the Legislature by February 1, 2024, on the status of implementing Medicaid reimbursements for applied behavior analysis services;
- (3) Providing that the expansion of the exemption from the behavior analyst licensing requirements for certain teachers working in collaboration with a licensed behavior analyst or licensed psychologist; repeal of the exemption from the behavior analyst licensing requirements for direct support workers; and authorization of registered behavior technicians who are under the direction of a licensed psychologist to implement applied behavior analysis services shall take effect on August 1, 2024;
- (4) Changing the effective date to June 30, 3000; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Education and Health & Homelessness that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1340, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1340, S.D. 2, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Education: Ayes, 9. Noes, none. Excused, 2 (Kapela, Quinlan).

Health & Homelessness: Ayes, 6. Noes, none. Excused, 2 (Ilagan, Mizuno).

SCRep. 1545 Agriculture & Food Systems on S.B. No. 744

The purpose of this measure is to require the Hawaii Invasive Species Council to:

- (1) Amend its administrative rules to classify the fungal pathogen that causes coffee leaf rust as an invasive species; and
- (2) Expend any available monies for mitigation efforts, research, and prevention or control actions with respect to coffee leaf rust.

Your Committee received testimony in support of this measure from the Department of Agriculture, Department of Research and Development of the County of Hawaii, two members of the Hawai'i County Council, Hawaii Coffee Growers Association, Hawai'i Farm Bureau, Synergistic Hawai'i Agriculture Council, Rancho Aloha Coffee Farm, Ma'alaha Farm, Kona Coffee Farmers Association, Hawaii Coffee Association, and four individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that efforts to control coffee leaf rust are critical to sustaining the State's coffee industry. The long-term impact of a coffee leaf rust outbreak could cause a significant loss of Hawaii's annual coffee yield if not properly treated. Classifying coffee leaf rust as an invasive species will allow the use of available funds for coffee leaf rust mitigation and prevention efforts.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 744, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 744, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Perruso). Noes, none. Excused, none.

SCRep. 1546 Agriculture & Food Systems on S.B. No. 646

The purpose of this measure is to appropriate funds to the University of Hawaii for statewide research into ornamental ginger pathogens, prevention of the spread of ornamental ginger pathogens, production and distribution of pathogen-free ornamental ginger plants, and outreach to ornamental ginger producers.

Your Committee received testimony in support of this measure from the Department of Agriculture, University of Hawai'i, Hawai'i Farm Bureau, Land Use Research Foundation of Hawaii, East Oahu County Farm Bureau, and two individuals.

Your Committee finds that this measure's multi-faceted approach to addressing existing and emerging plant pathogens affecting the commercial production of ornamental ginger will help to control and prevent the spread of these pathogens and thus protect the health of ornamental ginger plants and their long-term sustainability as a floriculture product.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 646, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 646, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1547 Agriculture & Food Systems on S.B. No. 316

The purpose of this measure is to establish additional penalties for dog owners whose dog injures or destroys property of another while on private property zoned for agricultural use without consent of the owner of the property.

Your Committee received testimony in support of this measure from the Hawaii Cattlemen's Council, Inc.

Your Committee finds that establishing an additional penalty for injuries or damages to animals or other property on land zoned for agricultural use that a dog owner is responsible for will deter dog owners from entering private property without consent and motivate them to take stronger precautions in securing their dogs to prevent harm to others' property.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 316, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 316, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1548 Agriculture & Food Systems on S.B. No. 831

The purpose of this measure is to grant the Department of Agriculture the statutory power to own real, personal, or mixed property for immediate or future use.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Farm Bureau, and two individuals.

Your Committee finds that this measure complements existing agricultural land, irrigation, and agricultural enterprise programs of the Department of Agriculture that are meant to increase agricultural production by providing stable tenure and access to agricultural resources for commercial agricultural producers.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 831, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 831, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1549 Agriculture & Food Systems on S.B. No. 1552

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources to support the Hawaii Ant Lab in mitigating the effects of little fire ants in the State.

Your Committee received testimony in support of this measure from the Department of Agriculture, Department of Land and Natural Resources, Hawai'i Farm Bureau, Synergistic Hawai'i Agriculture Council, Hawaii Pest Control Association, Daifukuji Soto Mission, and seven individuals.

Your Committee finds that little fire ants are an invasive species that are spreading rapidly throughout the State. Your Committee further finds that the Hawaii Ant Lab was established in 2009 to address the overwhelming need for research, advice, and technical assistance to address and eradicate rapidly spreading little fire ant infestations. However, reductions in funding for the Hawaii Ant Lab over the years have significantly impacted the Hawaii Ant Lab's research and effectiveness. This measure provides additional support to the Hawaii Ant Lab in mitigating the effects of little fire ants in the State.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1552, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1552, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1550 Labor & Government Operations on S.B. No. 292

The purpose of this measure is to require the Governor to ensure that the Governor's variance reports accurately reflect the current responsibilities of certain state programs, address the current and future needs of the State, and align with budget-related submittals.

Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the requirements imposed by this measure will increase the reliability and usefulness of these variance reports, and enhance the budget review process.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 292, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 292, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Martinez, Tam).

SCRep. 1551 Labor & Government Operations on S.B. No. 293

The purpose of this measure is to require the Governor to ensure that the Governor's program memoranda accurately reflect the current responsibilities of certain state programs, address the current and future needs of the State, and align with budget-related submittals.

Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the requirements imposed by this measure will increase the reliability and usefulness of the Governor's program memoranda and enhance the budget review process.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 293, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 293, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Martinez, Tam).

SCRep. 1552 Labor & Government Operations on S.B. No. 722

The purpose of this measure is to:

- (1) Establish the Workforce Safety and Health Special Fund; and
- (2) Direct certain fees and penalties to be deposited into the special fund.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations. Your Committee received testimony in opposition to this measure from the Subcontractors Association of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that, according to the Department of Labor and Industrial Relations, the Department could use the fees collected pursuant to section 396-5.1, Hawaii Revised Statutes, to cover costs associated with permits, certificates, and licenses not covered by a federal grant, as federal grant conditions do not allow the State to use penalties collected to operate the enforcement program. Your Committee further finds that reallocating specified fees that would otherwise have gone to the general fund could support staff development and training and assist with staff retention efforts.

Your Committee has amended this measure by:

- (1) Limiting the authorized uses of the Workforce Safety and Health Special Fund to expenses of the Hawaii Occupational Safety and Health Division, except for expenses prohibited by state law, federal law, or federal grant agreements; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 722, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 722, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Martinez, Tam).

SCRep. 1553 Labor & Government Operations on S.B. No. 1196

The purpose of this measure is to clarify that the authorization for board and commission holdover members to continue in office until a successor is nominated and appointed, but not beyond the end of the second regular legislative session following the expiration of the member's term of office, takes precedence over all conflicting statutes concerning holdover members.

Your Committee did not receive written testimony on this measure.

Your Committee finds that existing law provides that a holdover member of a board or commission shall not hold office beyond the end of the second regular legislative session following the expiration of the member's term of office. By affirmatively providing that this prohibition takes precedence over all conflicting statutes concerning holdover members, this measure will resolve any potential argument that a holdover member may continue to occupy office beyond that time.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1196, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1196, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Martinez, Tam).

SCRep. 1554 Labor & Government Operations on S.B. No. 1509

The purpose of this measure is to:

- (1) Explicitly authorize the State Archives Preservation and Long-term Access Special Fund to be used to preserve and provide long-term access to other materials preserved at the State Archives, in addition to government records; and

- (2) Establish additional funding sources for, and authorize additional expenditures of monies from, the State Archives Preservation and Long-term Access Special Fund.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services; University of Hawai'i System; Royal Order of Kamehameha I, Hawaii Chapter I; and one individual.

Your Committee finds that there is cultural and historical value in placing more of Hawaii's unique and irreplaceable documentary heritage records, historic photographic collections, Hawaiian phonographic music, and audio-video collections online for unrestricted and perpetual public access. The explicit authorization to use the State Archives Preservation and Long-term Access Special Fund for these types of materials, in addition to government records, provides the fund with greater flexibility, while the additional funding provided through this measure will support that work.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1509, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1509, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Martinez, Tam).

SCRep. 1555 Labor & Government Operations on S.B. No. 291

The purpose of this measure is to require the Governor to ensure that the Governor's program memoranda and variance reports accurately reflect the current responsibilities of certain state programs, address the current and future needs of the State, and align with budget-related submittals.

Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the requirements imposed by this measure will increase the reliability and usefulness of the Governor's program memoranda and variance reports and enhance the budget review process.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 291, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 291, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Martinez, Tam).

SCRep. 1556 Labor & Government Operations on S.B. No. 299

The purpose of this measure is to:

- (1) Authorize the Legislature to specify the form in which the proposed budgets of the Executive Branch, Judicial Branch, and Office of Hawaiian Affairs are submitted to the Legislature; and
- (2) Require the Executive Branch, Judicial Branch, and Office of Hawaiian Affairs to conform to these requirements no later than December 1, 2023.

Your Committee received comments on this measure from the Department of Budget and Finance.

Your Committee finds that the process of transcribing the proposed budgets of the Executive Branch, Judicial Branch, and Office of Hawaiian Affairs into a form that is presentable to the public is time-consuming and onerous for legislative staff and may result in errors that belie budgetary intentions. Your Committee further finds that receiving the budgets in a prescribed form will ease this burden and allow the time typically spent on such transcription tasks to be better spent analyzing and contextualizing budgetary requests.

Your Committee has amended this measure by:

- (1) Clarifying that the forms shall be prescribed upon the agreement of form by the Speaker of the House of Representatives and the President of the Senate;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider the appropriate timing of when the form of proposed budgets shall be agreed upon by the Speaker of the House of Representatives and President of the Senate and submitted to the Department of Budget of Finance.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 299, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 299, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Martinez, Tam).

SCRep. 1557 Labor & Government Operations on S.B. No. 725

The purpose of this measure is to:

- (1) Require the Department of Human Resources Development to submit an annual report to the Legislature on the telework policies of the Executive Branch; and
- (2) Appropriate funds.

Your Committee received testimony in support of this measure from the Department of Human Resources Development, Department of Human Services, and Transform Hawai'i Government. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Office of Information Practices.

Your Committee finds that the coronavirus disease 2019 pandemic led to the widespread use of telework. Upgrades in technology have made it possible for more people to telework and the Department of Human Resources Development is in the process of adopting a teleworking framework for the State's executive branch agencies. This measure would ensure that measures and metrics are in place to help assess the effectiveness of the Executive Branch's telework program.

Your Committee has amended this measure by:

- (1) Adding or amending certain other metrics to be included in the annual report;
- (2) Requiring the Department of Human Resources Development to purchase and implement a pilot telework monitoring system to assess the productivity of telework employees within up to three state departments, or portions of departments, and specifying certain features to be included in the telework monitoring system;
- (3) Deleting the full-time equivalent position in the Department of Human Resources Development to support preparation of the annual report;
- (4) Adding a full-time equivalent position in the Department of Human Resources Development to manage the pilot telework monitoring system;
- (5) Adding an appropriation for the Department of Human Resources Development to train managers to effectively manage teleworking and hybrid employees' progress and performance on tasks; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee recognizes that teleworking and policies relating to the monitoring of state employees who telework may be issues that require negotiation through the collective bargaining process. Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider these issues.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 725, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 725, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Garrett). Noes, none. Excused, 2 (Martinez, Tam).

SCRep. 1558 Labor & Government Operations on S.B. No. 1518

The purpose of this measure is to:

- (1) Provide procurement exemptions for the Department of Education for certain goods, services, and construction; and
- (2) Repeal these procurement exemptions on June 30, 2026.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received testimony in opposition to this measure from the State Procurement Office.

Your Committee finds that the Hawaii Public Procurement Code and electronic procurement system place a heavy burden on school administrators seeking to address requirements for two hundred ninety-five schools and a backlog of repair and maintenance issues. Exempting the Department of Education from certain small purchase procurement requirements will help the Department to timely procure necessary goods, services, and construction, while dealing with inflationary pressures that have increased their costs. Your Committee further finds that providing for the repeal of these exemptions in two years will enable the Legislature to evaluate how these procurement exemptions are being handled and whether the Department of Education has managed to maintain fairness, a level playing field, and transparency in their procurement practices despite their use.

Your Committee further finds that the electronic procurement system maintained by the State Procurement Office promotes transparency and efficiency, the use of which will only provide greater benefits to the Department of Education.

Accordingly, your Committee has amended this measure by:

- (1) Limiting the exemptions established in this measure to a county with a population of less than five hundred thousand;
- (2) Requiring the Department of Education to transition to the Executive Branch's electronic procurement system no later than June 30, 2025;
- (3) Changing the sunset date to June 30, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1518, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1518, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Martinez, Tam).

SCRep. 1559 Labor & Government Operations/Education on S.B. No. 1141

The purpose of this measure is to:

- (1) Transfer workers' compensation for the Hawaii State Public Library System and its employees from the Department of Education to the Department of Human Resources Development;
- (2) Establish a position within the Department of Human Resources Development for the management and administration of workers' compensation for the Hawaii State Public Library System and its employees; and
- (3) Appropriate funds for the workers' compensation costs of the Hawaii State Public Library System and its employees.

Your Committees received testimony in support of this measure from the Department of Human Resources Development and Hawaii State Public Library System.

Your Committees find that, pursuant to section 26-5, Hawaii Revised Statutes, the Department of Human Resources Development is responsible for the administration of the State's self-insured and centralized workers' compensation program for all employees of the Executive Branch and its agencies, the public charter schools, the Hawaii Public Housing Authority, and the Legislature. Your Committees further find that this measure would clarify Act 61, Session Laws of Hawaii 2012, and designate the Department of Human Resources Development as the administrator of workers' compensation claims for the Hawaii State Public Library System while providing appropriate resources to carry out those responsibilities.

Your Committees acknowledge that, according to the Department of Human Resources Development, the Department has been managing the Hawaii State Public Library System's workers' compensation claims since 2012 through a memorandum of agreement and the use of a loaned position. With the added position and appropriate funding, the Department will be able to absorb the continued responsibility for managing the Hawaii Public Library System's workers' compensation claims without disruption.

Your Committees have amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request your Committee on Finance, should it deliberate on this measure, to consider the Hawaii State Public Library System's request that at least \$50,000 remain in the System's budget to ensure that the System can continue to process workers' compensation claims for current employees through the state payroll system.

As affirmed by the records of votes of the members of your Committees on Labor & Government Operations and Education that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1141, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1141, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Labor & Government Operations: Ayes, 4. Noes, none. Excused, 3 (Martinez, Sayama, Tam).

Education: Ayes, 8. Noes, none. Excused, 3 (Martinez, Quinlan, Garcia).

SCRep. 1560 Labor & Government Operations/Higher Education & Technology on S.B. No. 284

The purpose of this measure is to:

- (1) Require the Technology Services Consolidation Working Group to decommission the Office of Enterprise Technology Services' data center located in the Kalanimoku Building;
- (2) Relocate the entire Office of Enterprise Technology Services data center to an interim primary, secure, and resilient facility;
- (3) Implement the use of cloud computing and other considerations for all consolidated state information technology data;
- (4) Extend the dissolution date of the Technology Services Consolidation Working Group to June 30, 2028; and
- (5) Establish requirements for procurement contracts for information technology related projects.

Your Committees received testimony in support of this measure from the Judiciary, Department of Labor and Industrial Relations, State Procurement Office, Office of Enterprise Technology Services, Transform Hawai'i Government, and Servpac. Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that the State's electronic data should be secured at a data center that is resilient and not susceptible to flooding and that the data center at the Kalanimoku Building should be decommissioned and relocated to a standalone facility. According to the Office of Enterprise Technology Services, it has moved almost all of the State's critical servers from the Kalanimoku data center to other locations and has been moving some systems into the public cloud for over twelve years. The Office of Enterprise Technology Services further acknowledged that in many cases the best cloud services were not available in Hawaii.

Your Committees further find that the Technology Services Consolidation Working Group is the appropriate body to assist with many of the tasks involved in this measure and that extending their dissolution is, therefore, necessary.

Your Committees have amended this measure by:

- (1) Clarifying that the documentation and written certifications requirements for procurement of information technology-related projects applies only to bidders who seek or receive a preference;
- (2) Deleting the requirement that cloud computing be used at the Office of Enterprise Technology Services' data center to allow the use of major cloud providers and software-as-a-service solutions outside the State, such as Microsoft Azure, Oracle, Amazon web services, and Google, among others;
- (3) Clarifying the cloud storage requirements the working group shall comply with by June 30, 2026; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Labor & Government Operations and Higher Education & Technology that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 284, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 284, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Labor & Government Operations: Ayes, 5. Noes, none. Excused, 2 (Sayama, Tam).

Higher Education & Technology: Ayes, 9. Noes, none. Excused, 2 (Quinlan, Garcia).

SCRep. 1561 Legislative Management on S.B. No. 699

The purpose of this measure is to establish within the Public Access Room of the Legislative Reference Bureau a State Capitol Tours Program.

Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that providing tours of the State Capitol would help visitors to the building gain a better appreciation and understanding of its architecture and symbolism and the democratic process.

Your Committee has amended this measure by:

- (1) Establishing the State Capitol Tours Program within the Office of the Governor, rather than the Public Access Room;

- (2) Amending the blank appropriation in this measure to:
- (A) Establish two full-time equivalent (2.0 FTE) positions within the Office of the Governor to provide Capitol tours and requiring that fluency in the Hawaiian language be a qualification for one of the positions; and
 - (B) Appropriate funds for the procurement, cleaning, operation, and maintenance of individual audio systems for self-guided tours and the production of tour materials and signage available in English and non-English languages;
- (3) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 699, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 699, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Kitagawa).

SCRep. 1562 Legislative Management on S.B. No. 296

The purpose of this measure is to clarify the submission deadline for various reports that state agencies are required to submit to the Legislature.

Your Committee did not receive any testimony on this measure.

Your Committee finds that state agencies are required to submit hundreds of reports to the Legislature each year. However, there is currently no uniform deadline by which agencies must submit these reports and there is no deadline specified in statute at all for certain reports.

Your Committee further finds that the State, like many employers, is facing an unprecedented worker shortage. Because the preparation of reports requires a significant investment of time and resources by agencies, your Committee believes that it is an ideal time to review the necessity of statutorily required annual reports with a view to streamline reporting requirements to allow for the more efficient and effective use of state resources. The resources saved through this process may be redirected to focus on core agency functions, especially services that directly benefit citizens of the State.

Accordingly, your Committee has amended this measure by:

- (1) Deleting language that would have specified the submission deadline for various reports that state agencies are required to submit to the Legislature;
- (2) Requiring each principal state department to examine the existing statutory reporting requirements for the department and its attached agencies and make recommendations to the Governor no later than October 1, 2023, regarding a uniform submission deadline for that department's required reports; any reports that should not be subject to the uniform deadline and the reasons why; and any proposed legislation;
- (3) Requiring the Governor to submit a report to the Legislature no later than November 1, 2023, that includes:
 - (A) A recommended uniform date by which statutorily required reports must be submitted to the Legislature;
 - (B) Identification of any reports that should not be subject to this uniform submission deadline, and the reasons for their exclusion;
 - (C) Identification of any duplicative, obsolete, or extraneous reporting requirements that should be repealed; and
 - (D) Separate proposed legislation for each principal department and its attached agencies, which shall be included as part of the Governor's legislative package for the Regular Session of 2024;
- (4) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Legislative Management that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 296, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 296, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 1 (Kitagawa).

SCRep. 1563 Agriculture & Food Systems on S.B. No. 652

The purpose of this measure is to appropriate funds to the Department of Agriculture to:

- (1) Mitigate and control infestations of the two-lined spittlebug and undertake recovery efforts for lands damaged by the two-lined spittlebug; and
- (2) Establish a five-year pilot program to mitigate and control the significant increase in the population of feral chickens, including roosters, and pigs throughout the State.

Your Committee received testimony in support of this measure from the Department of Agriculture, Department of Land and Natural Resources, Hawai'i Farm Bureau, Hawaii Cattlemen's Council, Land Use Research Foundation of Hawaii, Hawaii Sustainable Beef Enterprises, PonoHolo Ranch Limited, Ulupono Initiative, Hawai'i Forest Industry Association, and fourteen individuals. Your Committee received comments on this measure from the Department of the Attorney General; Larry Jefts Farms, LLC.; and McCandless Ranch.

Your Committee finds that the two-lined spittlebug is severely damaging to kikuyu grass pastures, which is the dominant grazing forage for the State's cattle industry. Your Committee further finds that feral chickens and pigs also pose significant threats to agricultural crops. The effective management of these invasive species is necessary for local food production in the State.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate on this measure, to consider the issue of whether feral chickens and pigs should be included in this measure.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 652, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 652, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1564 Agriculture & Food Systems on S.B. No. 743

The purpose of this measure is to support and protect Hawaii's coffee industry by responding effectively to ongoing and severe threats posed by coffee pests by:

- (1) Extending the sunset date of the Department of Agriculture's coffee berry borer and coffee leaf rust pesticide subsidy program to June 30, 2025; and
- (2) Extending the Department of Agriculture's pesticide subsidy program manager position until June 30, 2026.

Your Committee received testimony in support of this measure from the Department of Agriculture, one member of the Hawai'i County Council, Hawai'i Farm Bureau, Kona Coffee Farmers Association, Hawaii Coffee Association, Hawaii Coffee Growers Association, Kanalani Ohana Farm, Rancho Aloha Coffee Farm, Synergistic Hawai'i Agriculture Council, Ma'alaha Farm, Mai Mahealani Farm, Bayview Farm, Kuaiwi Farm, and four individuals.

Your Committee finds that the extension of the coffee berry borer and coffee leaf rust pesticide subsidy program and the inclusion of coffee leaf rust in the program should be viewed as a modest investment in one of Hawaii's signature and most lucrative agricultural commodities.

Your Committee has amended this measure by:

- (1) Broadening the scope of the subsidy program, including the subsidy program manager position, to include fertilizer and renaming the program and position as the Pesticide and Fertilizer Subsidy Program and Pesticide and Fertilizer Subsidy Program Manager respectively;
- (2) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 743, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 743, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1565 Consumer Protection & Commerce on S.B. No. 667

The purpose of this measure is to amend, until December 31, 2028, the application of the general excise tax law with regard to gross income derived from unrelated trade or business activities of nonprofit organizations.

Your Committee received testimony in support of this measure from the American Heart Association; Partners in Care; Parents and Children Together; Family Promise of Hawai'i; American Cancer Society Cancer Action Network; Hawai'i Children's Action Network Speaks!; Hawai'i Public Health Institute; Kilinahe Foundation; Nā Hale O Maui; Hawai'i Bicycling League; Pacific American Foundation; W.M. Keck Observatory; YMCA of Honolulu; Domestic Violence Action Center; Catholic Charities Hawai'i; When We Shine Foundation; Ku'ikahi Mediation Center; Hawai'i State Coalition Against Domestic Violence; Hawai'i Forest Industry Association; After-School All-Stars Hawaii; Hawaiian Humane Society; Big Brothers Big Sisters Hawaii; Hawaii Substance Abuse Coalition; The Success Factory; Zonta Club of Hilo Foundation; Hale Kipa, Inc.; Ma'i Movement Hawai'i; Grow Some Good; Lanakila Pacific; Hawai'i Health & Harm Reduction Center; Hawaii Fetal Alcohol Spectrum Disorders Action Group; Epilepsy Foundation of Hawaii; Coalition for a Drug-Free Hawaii; Samaritan Counseling Center Hawaii; The Mediation Center of the Pacific, Inc.; Goodwill Hawaii; The Nature Conservancy; Aloha United Way; Child & Family Service; Association of Fundraising Professionals Aloha Chapter; Hawai'i Foodbank; Hawai'i Youth Services Network; Windward Choral Society; Hawai'i Alliance of Nonprofit Organizations; Residential Youth Services & Empowerment; and eight individuals. Your Committee received testimony in opposition to this measure from the Volcano Art Center. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

Your Committee finds that this measure will align the state general excise tax law with the federal income tax code by exempting from the State's general excise tax the income generated by a nonprofit organization for any activity considered an "unrelated trade or business", as defined by the federal Internal Revenue Code. Your Committee further finds that clarifying the state general excise tax law in this manner will relieve the additional burden on nonprofit organizations having to account for income in disparate ways.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 667, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Lowen).

SCRep. 1566 Consumer Protection & Commerce on S.B. No. 745

The purpose of this measure is to:

- (1) Extend the offense of false labeling of Hawai'i-grown coffee to include roasted coffee;
- (2) Impose a mandatory \$10,000 fine for each separate offense of false labeling of Hawai'i-grown coffee; and
- (3) Establish a measurements standards inspector position within the Department of Agriculture for enforcement.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Coffee Company, Rancho Aloha Coffee Farm, Hawai'i Alliance for Progressive Action, Hawai'i Farm Bureau, and Hawai'i Farmers Union United.

Your Committee finds that fraudulent representations as to a coffee's geographic origin diminishes the value of that geographic identifier by harming its reputation. Your Committee further finds that the State's coffee industry is susceptible to coffee counterfeiting. This measure enhances the associated penalties with the offense of false labeling of Hawai'i-grown coffee to deter further coffee counterfeiting.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 745, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 745, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Hashem, Tam).

SCRep. 1567 Consumer Protection & Commerce on S.B. No. 458

The purpose of this measure is to:

- (1) Establish the Geothermal Energy Resources Development Special Fund to be used by the Hawaii State Energy Office to support projects that promote and advance geothermal energy resources development; and
- (2) Amend the distribution of geothermal royalties to be distributed among counties for specific purposes and to the Geothermal Energy Resources Development Special Fund, Department of Land and Natural Resources, and Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from Ulupono Initiative and Servco Pacific Inc. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, Office of Hawaiian Affairs, Department of Research and Development of the County of Hawai'i, and one member of the Hawai'i County Council. Your Committee received comments on this measure from the Department of Budget and Finance and one individual.

Your Committee finds that geothermal exploration, performed in a responsible manner, is an essential part of the State's strategy for a diversified renewable energy portfolio and is necessary to fully understand the developable resource potential of geothermal energy on each island. This measure dedicates funds to better understand the State's geothermal resource potential for the public benefit.

Your Committee has amended this measure by amending the distribution of geothermal royalties as follows:

- (1) Thirty percent to the county where the geothermal mining operations are situated;
- (2) Twenty percent to the Geothermal Energy Resources Development Special Fund;
- (3) Thirty percent to the Department of Land and Natural Resources; and
- (4) Twenty percent to the Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 458, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 458, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9; Ayes with Reservations (Pierick). Noes, none. Excused, 2 (Hashem, Tam).

SCRep. 1568 Consumer Protection & Commerce on S.B. No. 463

The purpose of this measure is to:

- (1) Require each county to adopt, no later than June 30, 2024, ordinances applicable to subdivisions not approved by July 1, 2024, requiring as a condition of approval, the subdivider or developer to obtain a street address and install a mailbox for lots, parcels, structures, or units of a structure within the subdivision before the sale or lease thereof;
- (2) Require condominium maps recorded in the Bureau of Conveyances or registered in the Land Court after June 30, 2024, to include a mailbox plan for the condominium property regime, showing the location of all mailboxes for all units in the regime; and
- (3) Require, prior to the sale of residential real property, the disclosure as to the existence of a United States Postal Service deliverable mailbox for the property.

Your Committee received testimony in opposition to this measure from one member of the Maui County Council. Your Committee received comments on this measure from the Real Estate Commission, Department of Planning and Permitting of the City and County of Honolulu, and Hawai'i Association of REALTORS.

Your Committee finds that United States Post Offices in certain areas cannot meet the demands of those areas. This measure requires a developer to adequately plan for mail service and requires notice to potential buyers of real property of the lack of mail service for a particular property.

Your Committee notes the concerns raised by the Department of Planning and Permitting of the City and County of Honolulu regarding the unintended consequences of this measure and the potential jurisdictional issue regarding the erection and installation of mailboxes without the input of the United States Postal Service.

Accordingly, your Committee has amended this measure by:

- (1) Specifying that the mandatory mailbox requirement under this measure applies to subdivisions comprising ten or more lots or condominium projects comprising ten or more dwelling or lodging units;
- (2) Requiring, before the sale or least of any lot, parcel, structure, or unit of a structure located within the subdivision, that the subdivider or developer obtain the United States Postal Service's approval to erect and install a mailbox;
- (3) Deleting the severability clause; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 463, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 463, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, 1 (Pierick). Excused, 2 (Hashem, Tam).

SCRep. 1569 Consumer Protection & Commerce on S.B. No. 239

The purpose of this measure is to:

- (1) Require the Department of Human Services to establish a Child Care Accreditation Program to support accreditation of licensed and registered child care providers;
- (2) Delay the deadlines for existing Preschool Open Doors Program service providers to commence the accreditation process and obtain accreditation;
- (3) Appropriate funds for the Child Care Accreditation Program; and
- (4) Appropriate funds into and out of the Child Care Grant Program Special Fund for Child Care Accreditation Program grants.

Your Committee received testimony in support of this measure from the Department of Human Services, Executive Office on Early Learning, Hawai'i Children's Action Network Speaks!, Hawaii Association of Independent Schools, Hawaii Council of Private Schools, Early Childhood Action Strategy, Hawai'i Association of School Psychologists, and six individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the State requires service providers wishing to participate in the State's Preschool Open Doors Program to obtain accreditation from a national early learning accreditation organization. Service providers that have not obtained accreditation by July 1, 2022, must begin the process by no later than July 1, 2024, and obtain accreditation no later than July 1, 2029. Your Committee further finds that the Department of Human Services is required to provide operational and financial support to assist these service providers to obtain accreditation. This measure establishes a Child Care Accreditation Program within the Department of Human Services, extends accreditation process deadlines for the Preschool Open Doors Program, and appropriates funds to assist with the accreditation process, which will ensure that more service providers are able to offer high-quality, exceptional levels of care for young children in the State.

Your Committee has amended this measure by:

- (1) Including the Hawaii Association of Independent Schools as an authorized accrediting organization for the Preschool Open Doors Program; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 239, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 239, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Pierick). Excused, 2 (Hashem, Tam).

SCRep. 1570 Consumer Protection & Commerce on S.B. No. 63

The purpose of this measure is to:

- (1) Authorize the Board of Nursing to issue temporary permits valid for out-of-state licensed practical nurses, out-of-state licensed registered nurses, and nurses holding multistate licenses, as long as those nurses have been appointed or accepted employment with certain health care facilities;
- (2) Exempt out-of-state nurses who accompany out-of-state patients in the State for a temporary time period from the nurse licensure laws;
- (3) Allow the Department of Commerce and Consumer Affairs to:
 - (A) Establish fees through interim rules for the temporary permits; and
 - (B) Employ personnel without regard to the civil service law for managing the temporary permits; and
- (4) Appropriate funds to implement the temporary permitting requirements.

Your Committee received testimony in support of this measure from the Board of Nursing, Hawai'i State Center for Nursing, The Queen's Health System, Kaiser Permanente Hawai'i, Healthcare Association of Hawaii, Hawaii Primary Care Association, Hawai'i – American Nurses Association, and Hawaii Association of Health Plans. Your Committee received comments on this measure from Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, Hawai'i Pacific Health, and Grassroot Institute of Hawaii.

Your Committee finds that the existing nursing shortage is expected to reach one thousand vacant positions statewide. Your Committee further finds that many health care facilities employ out-of-state nurses to fill their staffing needs. However, there is considerable lag time between the submission of an application for a temporary permit and its issuance. This measure will streamline the process and alleviate the nursing shortage in the State.

Your Committee has amended this measure by:

- (1) Specifying that an applicant for a temporary permit provide proof of a valid license or multistate license in another state, rather than a valid and unencumbered license or multistate license;
- (2) Including in the requirements to obtain a temporary permit that the Board of Nursing determine no disciplinary action has been taken or is pending with a nursing authority;
- (3) Requiring the Board of Nursing to issue a temporary permit within ten business days of the date the completed application for a temporary permit is received by the Board;
- (4) Clarifying the exemption from licensing requirements for graduates of, or applicants who have completed the entire educational curriculum from, an accredited school is not subject to the issuance of a nonrenewable permit; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 63, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 63, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Tam).

SCRep. 1571 Consumer Protection & Commerce on S.B. No. 839

The purpose of this measure is to:

- (1) Establish the Hawaii Electricity Reliability Surcharge Special Fund and Subaccount;
- (2) Require the Public Utilities Commission to:
 - (A) Establish reliability standards and interconnection requirements for all electric utilities and all users, owners, or operators of the Hawaii Electric System and determine the responsible party to bear any associated costs;
 - (B) Distinguish between interconnection facilities and utility network upgrades;
 - (C) Ensure that the cost of interconnection facilities is the responsibility of the interconnection customer;
 - (D) Ensure certain costs of utility network upgrades are the sole responsibility of the utility transmission provider;
 - (E) Open an investigation into the cost of past project delays and determine, as appropriate, if electric utilities should be penalized or ratepayers should be compensated; and
 - (F) Submit a report and assessment of the Hawaii Electricity Reliability Administrator to the Legislature;
- (3) Require the Public Utilities Commission to establish a timeline and requirements for interconnection procedures for certain utility-scale renewable energy projects;
- (4) Make the Public Utilities Commission's contracting for the Hawaii Electric Reliability Administrator mandatory rather than discretionary; and
- (5) Beginning January 1, 2024, require the Hawaii Electricity Reliability Administrator Surcharge to be imposed on the bills of customers of investor-owned electric utility companies to cover the complete cost of the Hawaii Electricity Reliability Administrator and deposited into the Hawaii Electricity Reliability Surcharge Special Fund.

Your Committee received testimony in support of this measure from the Hawaii Clean Power Alliance. Your Committee received testimony in opposition to this measure from Hawaiian Electric, Citizens' Caucus, Building Industry Association of Hawaii, and Retail Merchants of Hawaii. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, Kaua'i Island Utility Cooperative, Hawaii Solar Energy Association, and Ulupono Initiative.

Your Committee finds that Act 201, Session Laws of Hawaii 2022, directed the Public Utilities Commission to conduct a study related to interconnection practices of electric utilities (Act 201 Study). The Act 201 Study addresses certain concerns attempting to be addressed by this measure. Furthermore, the phase II part of the Act 201 Study is expected to be reported to the Legislature before the Regular Session of 2024. As such, certain provisions of this measure are unnecessary.

Accordingly, your Committee has amended this measure by:

- (1) Renaming the Hawaii Electricity Reliability Surcharge Special Fund as the Hawaii Electricity Reliability Administrator Special Fund to be funded by annual transfers from the Public Utilities Commission Special Fund;
- (2) Increasing the carryover balance of the Public Utilities Commission Special Fund and specifying that a portion of the balance be transferred to the Hawaii Electricity Reliability Administrator Special Fund;
- (3) Clarifying that the appropriation in this measure is for funds appropriated into and out of the Hawaii Electricity Reliability Administrator Special Fund;
- (4) Deleting all other provisions in this measure, including provisions regarding reliability standards, interconnection requirements and facilities, costs of utility network upgrades, investigations, establishment of a timeline and requirements for interconnection procedures, mandatory contracting, and a surcharge on customer bills;
- (5) Updating the preamble to reflect this measure's amended purpose; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 839, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 839, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9; Ayes with Reservations (Amato, Hussey-Burdick, Pierick). Noes, none. Excused, 2 (Hashem, Tam).

SCRep. 1572 Judiciary & Hawaiian Affairs on S.B. No. 975

The purpose of this measure is to:

- (1) Include electronic smoking devices and e-liquids under the definition of "tobacco products" for purposes of the cigarette tax and tobacco tax law;
- (2) Exempt electronic smoking devices and e-liquids from the excise tax on all tobacco products other than large cigars;
- (3) Beginning January 1, 2024, impose an excise tax on each electronic smoking device or e-liquid sold, used, or possessed by a wholesaler or dealer; and
- (4) Repeal the Electronic Smoking Device Retailer Registration Unit under the Department of the Attorney General.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Health, John A. Burns School of Medicine, one member of the Hawai'i County Council, Hawaii State Teachers Association, Hawaii COPD Coalition, Hawai'i Public Health Institute, Papa Ola Lokahi, Hawaii Medical Service Association, Hawai'i State Youth Commission, Hawaii Association of Independent Schools, Hawai'i Primary Care Association, Parents and Children Together, Hawai'i Public Health Association, Hawaii Dental Association, Hawaii Medical Association, Coalition for a Tobacco-Free Hawai'i Youth Council, Hawai'i Children's Action Network Speaks!, and numerous individuals. Your Committee received testimony in opposition to this measure from the Americans for Tax Reform, Retail Merchants of Hawaii, Consumer Choice Center, Hawaii Smokers' Alliance, and thirteen individuals. Your Committee received comments on this measure from the Department of Taxation, American Heart Association, Tax Foundation of Hawaii, Reason Foundation, Taxpayers Protection Alliance, and Campaign for Tobacco-Free Kids.

Your Committee finds that the use of electronic smoking devices among youth and young adults in the State is a public health concern. Hawaii has the third highest electronic smoking device usage rate in the nation with one in three public high school students and more than one in six public middle school students reporting that they are regularly vaping. Establishing a stringent tax on electronic smoking devices and e-liquid products will disincentivize vaping, particularly among the youth and young adults in the State.

Your Committee has amended this measure by:

- (1) Establishing the offense of unlawful shipment of tobacco products;
- (2) Deleting language that would have exempted electronic smoking devices and e-liquids from the excise tax on all tobacco products other than large cigars;
- (3) Increasing the license and permit fees for wholesalers, dealers, and retailers of cigarettes and tobacco products;
- (4) Requiring retail tobacco permits to include information on whether the place of business sells electronic smoking devices, e-liquids, or both;
- (5) Repealing provisions governing delivery sales of electronic smoking devices;
- (6) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider changing the effective date to January 1, 2025.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 975, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 975, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Kong). Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1573 Judiciary & Hawaiian Affairs on S.B. No. 1005

The purpose of this measure is to establish and make certain administrative changes for presidential preference primary elections.

Your Committee received testimony in support of this measure from the Democratic Party of Hawai'i and numerous individuals. Your Committee received testimony in opposition to this measure from the Stonewall Caucus of the Democratic Party of Hawai'i and one individual. Your Committee received comments on this measure from the Office of Elections, Office of the City Clerk of the City and County of Honolulu, Office of the County Clerk of the County of Hawai'i, Democratic Party of Hawaii Labor Caucus, and League of Women Voters of Hawaii.

Your Committee finds that Hawaii is one of six states where state and county agencies do not conduct the presidential primary elections. This measure would establish a secure, convenient, and verifiable voting system for Hawaii residents to vote in the presidential nominating process.

Your Committee has amended this measure by:

- (1) Requiring political parties to file their petition for qualification no later than the ninetieth day before the close of filing of presidential nomination papers in order to qualify for a presidential preference primary election;
- (2) Clarifying the procedure for contests for cause as it relates to presidential candidates;
- (3) Changing the date of the presidential preference primary election to the first Tuesday after the first Monday in April;
- (4) Deleting language that would have allowed parties to opt out of the presidential preference primary election;
- (5) Requiring nomination papers for a presidential preference primary election to be made available no later than one hundred forty-five days before the presidential preference primary election;
- (6) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$3,395,703 for the Office of Elections; \$775,000 for the Office of the City Clerk of the City and County of Honolulu; \$258,075 for the Office of the County Clerk of the County of Hawaii; \$147,500 for the Office of the County Clerk of the County of Kauai; and \$600,000 for the Office of the County Clerk of the County of Maui.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1005, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1005, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1574 Judiciary & Hawaiian Affairs on S.B. No. 44

The purpose of this measure is to strengthen the State Water Code by:

- (1) Adding a minimum penalty of \$50 per violation and a maximum penalty of \$60,000 per violation of the State Water Code and making each day that a violation exists or continues to exist a separate offense;
- (2) Requiring the Commission on Water Resource Management to determine the amount of the penalty based on the circumstances of the violation; and
- (3) Appropriating funds for two full-time equivalent positions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources.

Your Committee finds that this measure clarifies what constitutes a violation of the State Water Code and how a penalty amount for a violation is determined.

Your Committee has amended this measure by:

- (1) Clarifying that the appropriation is for the establishment of two full-time equivalent (2.0 FTE) general professional positions within the Commission on Water Resource Management to enforce compliance with the State Water Code; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 44, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 44, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1575 Judiciary & Hawaiian Affairs on S.B. No. 1230

The purpose of this measure is to clarify, revise, and reframe Hawaii's firearms laws to mitigate the serious hazards to public health, safety, and welfare associated with firearms and gun violence, while respecting and protecting the lawful exercise of individual rights.

Your Committee received testimony in support of this measure from the Department of the Attorney General; Department of Business, Economic Development, and Tourism; Department of Transportation; University of Hawai'i System; Office of Planning and Sustainable Development; Hawai'i State Public Library System; Department of Transportation Services of the City and County of Honolulu; one member of the Hawai'i County Council; Stonewall Caucus of the Democratic Party of Hawaii; Brady Hawaii; Hale Ola Spa & Apothecary; Everytown for Gun Safety; Moms Demand Action; Moms Demand Action Hawaii Chapter; Students Demand Action; Hawaii Bankers Association; Hawai'i State Coalition Against Domestic Violence; Hawai'i Public Health Institute; Institute for Human Services; Hawaii Credit Union League; Hawai'i Children's Action Network Speaks!; Indivisible Hawaii; Church of the Crossroads; Healthcare Association of Hawaii; Building Owners and Managers Association of Hawai'i; Assistive Technology Resource Centers of Hawaii; and numerous individuals. Your Committee received testimony in opposition to this measure from the National Rifle Association in Hawaii, Pu'uloa Rifle and Pistol Club, Hawaii Federation of Republican Women, and numerous individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Honolulu Police Department, Citizen's Caucus, and sixteen individuals.

Your Committee finds that the United States Supreme Court held under *New York State Rifle & Pistol Ass'n, Inc. v. Bruen*, 142 S.Ct. 2111 (2022) that the Second Amendment provides for an individual right to keep and bear arms for lawful purposes. However, your Committee further finds that this ruling is not a regulatory straitjacket and allows states to enact firearms regulations, such as prohibiting carrying firearms in sensitive locations and requiring those who carry firearms be law-abiding, responsible citizens. Your Committee believes extensive amendments are needed to the State's existing firearms laws to ensure the safety and welfare of citizens as a result of *Bruen*.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 984, H.D. 2, a substantially similar measure, which previously passed the House, and which clarifies, revises, and updates Hawaii's firearms laws by:

- (1) Prohibiting firearms in certain locations and premises and providing for enhanced sentencing;
- (2) Requiring possession and disclosure of a license to carry;
- (3) Prohibiting an unsecured and unattended firearm in a vehicle;
- (4) Prohibiting consuming or being under the influence of alcohol, an intoxicating liquor, or a controlled substance when carrying a firearm;
- (5) Prohibiting carrying or possessing firearms on certain private property open to the public without express authorization;
- (6) Requiring annual reports from the Department of the Attorney General on carry licenses;
- (7) Amending the requirements for obtaining, and revocation of, firearms permits and licenses;
- (8) Amending the disqualification of persons from owning, possessing, or controlling a firearm; and
- (9) Expanding the qualified immunity for health care providers who provide information on firearms applicants to include physician assistants and advanced practice registered nurses.

Your Committee has further amended this measure by:

- (1) Amending the applicability of the prohibition against carrying or possessing a firearm in certain locations and premises;
- (2) Providing that county ordinances establishing locations where the carrying of firearms is prohibited are void if the ordinance is inconsistent with state law;
- (3) Amending the documentation required to be kept in a licensee's immediate possession while carrying a firearm;
- (4) Changing the penalty for the offense of leaving an unsecured firearm in a vehicle unattended from a misdemeanor to a petty misdemeanor;
- (5) Making the offense of consuming or being under the influence of alcohol or an intoxicating liquor while carrying a firearm a petty misdemeanor, instead of a misdemeanor;
- (6) Requiring the Department of the Attorney General's annual report to include:
 - (A) Information on the applicant's or licensee's gender, instead of sex; and
 - (B) The number of violations of sensitive location restrictions;
- (7) Deleting language that would have established enhanced sentencing for carrying or possessing a firearm in certain locations and premises;
- (8) Establishing the offense of failure to conceal a firearm by a concealed carry licensee;
- (9) Clarifying that the criminal offenses included under the definition of "criminal offense relating firearms" are those punishable as misdemeanors;
- (10) Including the offense of endangering the welfare of an incompetent person under the definition of "crime of violence";
- (11) Prohibiting persons who illegally distribute drugs from owning, possessing, or controlling any firearm or ammunition;
- (12) Providing that a firearms instructor may not submit a certification signed by the instructor for the instructor's own license application;
- (13) Requiring an issuing authority to waive license application fees upon a showing of financial hardship by the applicant;
- (14) Deleting language that required carry licenses to include the licensee's signature;
- (15) Deleting language that prohibited individuals from carrying concealed or unconcealed pistols or revolvers without being licensed or authorized to do so;
- (16) Deleting language that would have prohibited persons carrying a firearm in accordance with the Law Enforcement Officers Safety Act from intentionally, knowingly, or recklessly carrying more than one firearm on the licensee's person at one time;
- (17) Changing the penalty for licensees who carry more than one firearm on the licensee's person from a misdemeanor to a petty misdemeanor;

(18) Clarifying that the enhanced penalty for committing the offense of terroristic threatening in the first degree with a firearm applies regardless of whether the firearm was loaded or operable; and

(19) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1230, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1230, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, 2 (Kong, Souza). Excused, none.

SCRep. 1576 Health & Homelessness/Economic Development on S.B. No. 1035

The purpose of this measure is to exempt amounts received by a hospital, infirmary, medical clinic, health care facility, pharmacy, or medical practitioner for health care related goods or services purchased under Medicare, Medicaid, or TRICARE from the general excise tax.

Your Committees received testimony in support of this measure from the University of Hawai'i System; AARP Hawai'i; Hawaii Federation of Republican Women; Hawai'i Association of Professional Nurses; 'Ahahui o nā Kauka; Hawaii Substance Abuse Coalition; Hawai'i Family Caregiver Coalition; Free Access Coalition; Kahala Children's Medical Group; Hawaii County Medical Society; Kauai Community Health Alliance; Hawaii Provider Shortage Crisis Task Force; Hilo and Kea'au Urgent Care; Hawaii Medical Association; Hawaii Association of Health Plans; Hawaii Independent Physicians Association; The Kūpuna Caucus of the Democratic Party of Hawai'i; Oahu Kidney Care; VFW Hawaii; Children's Doctors LLC; Joyful Living, LLC; PJ Huonker MD Corp; American Veterans Hawaii; HI Econ; Hawaii Radiological Society; Hawai'i Speech-Language Hearing Association; Maui Orthopedic Institute; and numerous individuals. Your Committees received comments on this measure from the Department of Taxation, Grassroot Institute of Hawaii, and Tax Foundation of Hawaii.

Your Committees find that medical services rendered at a nonprofit hospital, infirmary, or sanitarium are exempt from the general excise tax, but those same services are fully taxable if rendered by individual or group practices or clinics. Your Committees further find that Medicare, Medicaid, and TRICARE do not compensate for the difference created by the general excise tax, which leads to some inconsistency in the impact to health care providers and causes some providers not to accept this group of patients. This measure would eliminate the disparity in compensation and help ease the financial burden of caring for patients with Medicare, Medicaid, or TRICARE.

Your Committees have amended this measure by:

- (1) Exempting amounts received by a dental practitioner for health care related goods or services purchased under the Medicaid, Medicare, or TRICARE programs from the general excise tax;
- (2) Removing its sunset date;
- (3) Making it applicable to taxable years beginning after December 31, 2023;
- (4) Inserting an effective date of June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Health & Homelessness and Economic Development that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1035, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1035, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.
Health & Homelessness: Ayes, 8. Noes, none. Excused, none.
Economic Development: Ayes, 7. Noes, none. Excused, 1 (Hussey-Burdick).

SCRep. 1577 Health & Homelessness on S.B. No. 1472

The purpose of this measure is to appropriate funds to accommodate the increase in the volume of calls received by the Hawaii Coordinated Access Resource Entry System crisis helpline and ensure that individuals who access the crisis helpline are provided with appropriate crisis intervention services and crisis care coordination.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Medical Association, Hawaii Substance Abuse Coalition, Hawaii Disability Rights Center, and four individuals.

Your Committee finds that the Hawaii Coordinated Access Resource Entry System (Hawaii CARES) is a coordinated statewide network of service providers focused on crisis intervention, substance use disorder treatment, mental health, and other behavioral health services. Through its crisis helpline, Hawaii CARES connects the State's residents who are experiencing a mental health crisis with appropriate service providers to reduce unnecessary hospitalizations and arrests, and provides continual care by staying in touch with the individual and providers throughout the duration of treatment. Your Committee further finds that Hawaii CARES also serves as the State's local crisis center for the National Suicide Prevention Lifeline, now known as the 988 Suicide and Crisis Lifeline. This measure is intended to accommodate the increase in call volume for the Hawaii CARES 988 call center and ensure that the mental health crisis response telephonic call center can continue to operate twenty-four hours a day, seven days a week.

Your Committee has amended this measure by:

- (1) Amending the preamble;
- (2) Amending the appropriation for crisis mobile outreach services provided through contracted service providers to include on-call remote real-time consultation with certain health care providers;
- (3) Including an appropriation of an unspecified amount for nineteen full-time equivalent (19.0 FTE) positions to support the operations of Certified Community Behavioral Health Clinics on Kauai, Maui, and Hawaii Islands;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of:

- (1) \$3,202,000 for the expansion and enhancement of the suicide crisis hotline through the Hawaii CARES crisis helpline;

- (2) \$2,961,892 for the expansion and enhancement of the crisis mobile outreach services provided through the Hawaii CARES crisis helpline, to be allocated as follows:
- (A) \$1,256,792 for providing crisis mobile outreach teams access to certain health care professionals for on-call remote real time consultation;
 - (B) \$5,100 for on-call remote real-time consultation to be used by certain health care professionals for real-time consultation with crisis mobile outreach teams; and
 - (C) \$1,700,000 for the establishment of preventive youth crisis teams;
- (3) \$1,900,000 for the expansion of licensed crisis residential shelter services provided through the Hawaii CARES crisis helpline;
- (4) \$8,205,200 for the expansion of bed stabilization services; and
- (5) \$1,072,000 for nineteen full-time equivalent (19.0 FTE) positions to support the operations of Certified Community Behavioral Health Clinics on Kauai, Maui, and Hawaii Islands.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1472, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1472, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1578 Health & Homelessness on S.B. No. 1492

The purpose of this measure is to:

- (1) Require and appropriate funds for the Department of Health to track and publicly report data relating to crisis reports, emergency mental health transports, and court-ordered treatments;
- (2) Require the Department of Health to respond to reports about persons having severe mental illnesses who need assistance; assess whether the person may fulfill the criteria for assisted community treatment; and, if so, initiate the process for an assisted community treatment order;
- (3) Establish that a court's denial of a petition for involuntary commitment shall serve as notification to the Department of Health that the person should be evaluated for assisted community treatment; and
- (4) Require the Department of the Attorney General to assist with the preparation and filing of assisted community treatment petitions and related court proceedings for private petitioners, unless the petitioner declines the assistance.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Health; Judiciary; Hawaii Substance Abuse Coalition; and Institute for Human Services, Inc. Your Committee received comments on this measure from the Department of the Attorney General and Hawaii Disability Rights Center.

Your Committee finds that assisted community treatment is a valuable tool for providing timely and necessary treatment for some individuals experiencing a mental health crisis. Your Committee further finds that improvements are needed to the State's assisted community treatment program and other methods used by the State to treat individuals suffering from untreated mental illness. This measure is intended to complement existing programs by granting the Department of Health and the judicial system additional tools to ensure that individuals struggling with mental health issues receive appropriate treatment.

Your Committee has amended this measure by:

- (1) Clarifying who must provide reports to the Department of Health on persons experiencing a mental health crisis;
- (2) Requiring the Department of Health to coordinate the process for an assisted community treatment petition with other departments or private providers as necessary, rather than requiring the Department to file the petition for assisted community treatment and specifying the requirements for coordinating this process;
- (3) Authorizing the Department of Health to contract with a service provider to coordinate the completion of an assisted community treatment petition;
- (4) Requiring the court to notify the Department of Health within twenty-four hours of a denial of a petition for involuntary commitment;
- (5) Changing the appropriation for the procurement of software and preparation of the Department of Health's website to be for Fiscal Biennium 2023-2025, rather than Fiscal Year 2023-2024 only, and amending its purpose to include the establishment of three full-time equivalent (3.0 FTE) positions;
- (6) Appropriating an unspecified sum to the Department of Health for the development and implementation of statewide media, education, and training activities for policies related to emergency examination and hospitalization and assisted community treatment for those in need of mental health intervention;
- (7) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$4,000,000 for the procurement of software and preparation of the Department of Health's website for data collection and publication and the establishment of three full-time equivalent positions and \$200,000 for the development and implementation of statewide media, education, and training activities for policies related to emergency examination and hospitalization and assisted community treatment for those in need of mental health intervention.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1492, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1492, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1579 Health & Homelessness on S.B. No. 1594

The purpose of this measure is to:

- (1) Establish a Crisis Intervention and Diversion Program within the Department of Health to divert persons in crisis from the criminal justice system to the health care system; and

(2) Appropriate funds to support crisis intervention efforts.

Your Committee received testimony in support of this measure from the Department of Health; State Council on Mental Health; Disability and Communication Access Board; Honolulu Police Department; Hawaii Substance Abuse Coalition; Hawaii Disability Rights Center; The Institute for Human Services, Inc.; and six individuals.

Your Committee finds that thousands of people in the State are arrested each year for offenses such as drinking liquor in public, loitering in public parks after hours, and camping in restricted areas such as on sidewalks or beaches. Your Committee further finds that many of these people suffer from issues relating to drugs, alcohol, or mental illness and would be better served by being diverted from the criminal justice system and into the health care system, where they can receive appropriate health care services. This measure is intended to address a gap in the State's continuum of care by expanding the State's existing crisis intervention and diversion programs to ensure individuals with mental illnesses receive appropriate care.

Your Committee has amended this measure by:

- (1) Clarifying that the intent and purpose of the measure is for the expansion of existing crisis intervention and diversion activities within the Department of Health and requiring the Department to collaborate with relevant parties to execute and implement these activities;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider an appropriation amount of \$11,407,200 for the expansion of existing crisis intervention and diversion activities and \$150,000 for the certification of law enforcement officers in mental health first aid and the crisis intervention team model.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1594, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1594, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1580 Health & Homelessness on S.B. No. 1044

The purpose of this measure is to appropriate funds to hire complex-based behavioral health specialists for the State's rural public schools.

Your Committee received testimony in support of this measure from the Department of Education, Opportunity Youth Action Hawai'i, and one individual. Your Committee received comments on this measure from the Hawai'i Association of School Psychologists.

Your Committee finds that suicide is the fourth leading cause of death for children between the ages of ten and fourteen, and the leading cause of death for young people between the ages of fifteen and twenty-four. According to the Department of Health, between 2005 and 2013 up to twenty percent of all high school-aged children in the State had suicidal ideation. Your Committee recognizes that these rates demonstrate the need for funding to hire additional specialists to provide mental health services in the State's rural schools.

Your Committee has amended this measure by clarifying that the behavioral health specialists hired by school complexes must be licensed behavioral health specialists.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1044, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1044, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1581 Water & Land/Agriculture & Food Systems on S.B. No. 287

The purpose of this measure is to authorize, for condominium projects located in agricultural districts, counties to require their approval of subdivisions of land greater than ten acres before the effective date of the condominium property regime.

Your Committees received testimony in support of this measure from the Department of Agriculture, Office of Planning and Sustainable Development, Department of Planning and Permitting of the City and County of Honolulu, Hawai'i Farmers Union United. Your Committees received testimony in opposition to this measure from the Real Estate Commission. Your Committees received comments on this measure from the Department of the Attorney General.

Your Committees find that it is in the best interest of the public to further strengthen the counties' ability to enforce their zoning laws and permitted uses in agricultural districts.

Your Committees have amended this measure by:

- (1) More appropriately placing language authorizing counties, for projects in agricultural districts that are greater than ten acres, to require their approval prior to the creation of the condominium property regime in the statutory section governing the creation of condominium property regimes, rather than the section governing the application for registration of a condominium property regime;
- (2) Deleting references to the subdivision of land;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Water & Land and Agriculture & Food Systems that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 287, S.D. 1, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 287, S.D. 1, H.D. 1, and be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 8. Noes, none. Excused, none.

Agriculture & Food Systems: Ayes, 6. Noes, none. Excused, 1 (Lowen).

SCRep. 1582 Water & Land/Agriculture & Food Systems on S.B. No. 1521

The purpose of this measure is to require the Office of Planning and Sustainable Development to develop an integrated land use study that incorporates various studies to serve as a guide for planning and decision making on the use of agricultural lands.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Land Use Commission, Office of Planning and Sustainable Development, Hawaii State Energy Office, Hawai'i Farmers Union United, Hawaii Gas, Hawaiian Electric, Ulupono Initiative, and Hawai'i Farm Bureau. Your Committees received comments on this measure from the Department of Agriculture and Ka Ohana O Na Pua.

Your Committees find that a comprehensive land use analysis is needed to review and incorporate the State's twenty-first century climate and sustainability targets and housing targets into future land use proposals.

Your Committees have amended this measure by:

- (1) Changing the appropriation to an unspecified amount;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committees respectfully request your Committee on Finance, should it choose to deliberate on this measure, to consider an appropriation amount of:

- (1) \$700,000 for the establishment of six full-time equivalent (6.0 FTE) positions in the Office of Planning and Sustainable Development to develop definitive data and submit a report and related expenses;
- (2) \$750,000 for the update of various state functional plans of the Hawaii State Energy Office, Department of Agriculture, Department of Land and Natural Resources, Department of Transportation, and Hawaii Tourism Authority, to be allocated equally among the five agencies; and
- (3) \$1,215,000 for the establishment of seven full-time equivalent (7.0 FTE) positions in the Office of Planning and Sustainable Development and related expenses.

As affirmed by the records of votes of the members of your Committees on Water & Land and Agriculture & Food Systems that are attached to this report, your Committees are in accord with the intent and purpose of S.B. No. 1521, S.D. 2, as amended herein, and recommend that it pass Second Reading in the form attached hereto as S.B. No. 1521, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Water & Land: Ayes, 8. Noes, none. Excused, none.

Agriculture & Food Systems: Ayes, 6; Ayes with Reservations (Perruso). Noes, none. Excused, 1 (Lowen).

SCRep. 1583 Water & Land on S.B. No. 300

The purpose of this measure is to prohibit expenditures of public monies for improvements of lands not owned or leased by the State, subject to certain exceptions.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that public funds should be used for public purposes and for the public good. Placing certain limitations on the expenditure of those monies would increase oversight of and accountability for taxpayer dollars.

Your Committee has amended this measure by:

- (1) Requiring the expending agency to approve a restrictive covenant that acknowledges the State's right to receive compensation for its expenditure if an improvement to land not owned or leased by the State is abandoned or not completed, if the source of funding for the improvement is:
 - (A) An appropriation of monies to be expended for a natural resource management project or cultural resource management project; or
 - (B) A state grant, including any grant made pursuant to chapter 42F, Hawaii Revised Statutes;
- (2) Requiring the recipient of the appropriation or grant to file and execute the restrictive covenant;
- (3) Adding definitions for the terms "cultural resource management" and "natural resource management";
- (4) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 300, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 300, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 3 (Chun, Ganaden, Hashem).

SCRep. 1584 Water & Land on S.B. No. 376

The purpose of this measure is to prohibit:

- (1) The mining, extraction, and removal of minerals from the seabed in all state marine waters; and
- (2) The issuance of any permit for or in connection with the development or operation of any facility or infrastructure associated with the mining, extraction, or removal of minerals from the seabed within state marine waters.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs; Hawai'i State Youth Commission; Friends of Hanauma Bay; Wild Kids; Surfrider Foundation, Hawai'i Region; Sustainable Ocean Alliance Hawai'i; Parley for the Oceans, Hawai'i; Sierra Club of Hawai'i; Hawai'i Youth Climate Coalition; Hawai'i Wildlife Fund; Kauai Women's Caucus; Mālama Pūpūkea-Waimea; Hawai'i's Thousand Friends; Hawai'i Reef and Ocean Coalition; Sustainable Coastlines Hawai'i; Deep Sea Mining Campaign; National Parks Conservation Association; 350Hawaii.org; Oceanic Preservation Society; Environmental Caucus of the Democratic Party of Hawai'i; Rev Ocean; Blue Climate Initiative; Tetiaroa Society; Benioff Ocean Science Laboratory; The Conservationist Collective; The Marine Mammal Center; Marine Conservation Institute; The Ocean Foundation; Greenpeace USA; HULIPAC; Te Ipukarea Society; Animal Welfare Institute; For the Fishes; and fifteen individuals.

Your Committee finds that the State's marine waters contain globally significant ecosystems that are rich in biodiversity. Your Committee further finds that seabed mining poses an unacceptably high risk of damage and disruption to the marine environment of the State. This measure ensures the protection and preservation of the State's valuable marine waters by prohibiting seabed mining and related activities.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 376, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1585 Water & Land on S.B. No. 775

The purpose of this measure is to require hunting guides to:

- (1) Obtain written permission from the owners of private lands before taking their clients to hunt on the private land; and
- (2) Submit the location of each guided hunt and a copy of the written permission to the Department of Land and Natural Resources as part of their annual reports.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Cattlemen's Council, Inc.; and one individual.

Your Committee finds that guided hunting tours help manage game populations, provide a living wage for hunting guides, and help drive the State's economy. However, instances of hunting tours traversing private land without permission have led to concerning and potentially dangerous scenarios. This measure seeks to prevent the occurrence of these perilous situations.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 775, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 775, S.D. 1, H.D. 1, and be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1586 Water & Land on S.B. No. 948

The purpose of this measure is to appropriate funds for the Division of Forestry and Wildlife of the Department of Land and Natural Resources to coordinate the removal of hazardous albizia trees that potentially threaten public safety and the environment.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Emergency Management Agency, Wild Kids, Hawaiian Electric, Hawai'i Forest Industry Association, and two individuals.

Your Committee finds that invasive albizia trees grow very quickly and are hazardous to natural areas, property, and infrastructure. This measure provides a means to proactively mitigate and remove invasive albizia trees from priority areas.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 948, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 948, S.D. 1, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1587 Water & Land on S.B. No. 1153

The purpose of this measure is to support the conservation of Honolua Bay on the island of Maui by:

- (1) Establishing a Honolua Bay Advisory Board to administer the Honolua Bay Special Fund and oversee the conservation of Honolua Bay;
- (2) Establishing the Honolua Bay Special Fund for conservation purposes and for the upkeep and maintenance of Lipoa Point; and
- (3) Requiring the Department of Land and Natural Resources to create, maintain, and operate an online reservation system to limit public access to Honolua Bay or include and incorporate Honolua Bay into any online reservation system used by the Division of State Parks.

Your Committee received testimony in support of this measure from Office of the Mayor of the County of Maui and two individuals. Your Committee received testimony in opposition to this measure from the Department of Land and Natural Resources, Ocean Tourism Coalition, Sea Maui, Hula Girl Sailing, Gemini Sailing Charters, Quicksilver Charters, Trilogy Excursions, Teralani Sailing Adventures, and numerous individuals. Your Committee received comments on this measure from the Department of Budget and Finance; Kapalua Kai Sailing, Inc.; and Crystal Seahorse, Ltd.

Your Committee finds that Honolua Bay and Lipoa Point are important natural areas on the island of Maui and must be preserved for future generations.

Your Committee has amended this measure by:

- (1) Deleting the:
 - (A) Honolua Bay Advisory Board;
 - (B) Honolua Bay Special Fund; and
 - (C) Requirement that the Department of Land and Natural Resources create, maintain, and operate an online reservation system to limit public access to Honolua Bay or include and incorporate Honolua Bay into any online reservation system used by the Division of State Parks;
- (2) Directing the Department of Land and Natural Resources to create a Honolua Bay and Lipoa Point Subaccount within the Special Land and Development Fund under section 171-19, Hawaii Revised Statutes, to hold all funds appropriated specifically for Honolua Bay and Lipoa Point;

- (3) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate on this measure, to consider making appropriations:

- (1) For two additional full-time equivalent (2.0 FTE) positions for Division of Conservation and Resources Enforcement officers for Maui;
- (2) In the amount of \$270,000 for equipment for the two additional full-time equivalent (2.0 FTE) positions for Division of Conservation and Resources Enforcement officers for Maui;
- (3) For one full-time equivalent (1.0 FTE) position for the Division of State Parks;
- (4) For one full-time equivalent (1.0 FTE) position for the Division of Forestry and Wildlife;
- (5) For additional costs for equipment and vehicles to equip these new positions; and
- (6) Due to the remote location of this parcel of property, for a small departmental base yard for the secure storage of equipment.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1153, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1153, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1588 Water & Land on S.B. No. 1352

The purpose of this measure is to temporarily:

- (1) Amend the definition of "historic property" used in the State's Historic Preservation Program to mean certain structures or sites over one hundred years old, rather than fifty years old; and
- (2) Allow the Department of Land and Natural Resources to contract its review of proposed state projects, projects on privately owned historic property, and projects affecting historic properties to third-party consultants if the Department is unable to complete a timely review, subject to certain conditions.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation, Building Industry Association of Hawaii, Hawai'i Association of REALTORS, and NAIOP Hawaii. Your Committee received testimony in opposition to this measure from the Historic Hawai'i Foundation. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of the Attorney General.

Your Committee finds that the preservation of the historic and cultural heritage of the State is in the public interest. However, your Committee further finds that the existing process for reviewing projects has faced a severe backlog, and the amended process proposed by this measure would alleviate that backlog by allowing a third-party consultant to complete timely reviews when the State Historic Preservation Division is unable to do so.

Your Committee has amended this measure by:

- (1) Further amending the definition of "historic property" and adding a definition for "affordable housing";
- (2) Specifying that the Department of Land and Natural Resources' authority to contract its historic reviews to third-party consultants applies only to projects undertaken to provide affordable housing and is conditioned upon the project proponent paying the Department the funds needed to contract the third-party consultant; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1352, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1352, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1589 Water & Land on S.B. No. 304

The purpose of this measure is to:

- (1) Establish a Visitor Impact Fee Program within the Department of Land and Natural Resources to collect a fee for a license to visit a state park, forest, hiking trail, or other state natural area;
- (2) Establish and appropriate funds into and out of the Visitor Impact Special Fund for the Visitor Impact Fee Strategic Plan; and
- (3) Appropriate funds for positions to administer the Visitor Impact Fee Program.

Your Committee received testimony in support of this measure from the Office of the Governor, Department of the Attorney General, Department of Land and Natural Resources, Hawai'i Tourism Authority, Hawai'i Climate Change Mitigation and Adaptation Commission, Office of Planning and Sustainable Development, Friends of Hanauma Bay, Coral Reef Alliance, Kua'āina Ulu 'Auamo, Hawaii State Youth Commission, Kohala Coast Resort Association, Hawai'i Reef and Ocean Coalition, Climate Protectors Hawai'i; Kauai Climate Action Coalition, Trust for Public Land, Imua Alliance, Maui Hotel & Lodging Association, Mālama Learning Center, Kupu, The Nature Conservancy, Hawai'i Alliance for Progressive Action, Resources Legacy Fund, Mālama Pūpūkea-Waimea, Elemental Excelsior, Pacific Whale Foundation, Maui Ocean Center, Conservation International, Kanu Hawai'i, Surfrider Foundation Hawai'i, Hawai'i Alliance for Community-Based Economic Development, Sustainable Coastlines Hawai'i, Blue Planet Foundation, Hawai'i Forest & Trail, Hawai'i Youth Climate Coalition, Wastewater Alternatives & Innovations, National Tropical Botanical Garden, Young Progressives Demanding Action, The Conservationist Collective, Pono Hawai'i Initiative, Wild Kids, Parley for the Oceans, Reuse Hawai'i, Hawai'i Land Trust, Papahānaumokuākea Marine Debris Project, Kuleana Coral Restoration, Zero Waste Hawai'i Island, Travel2Change, Mālama Maunaloa, Kailua Beach Adventures, Good Food Movement, Care About Climate, Protea Zero Waste Store, Agripelago, Native Ecosystem Services, Delphi Cinema, Keep it Simple Honolulu, North Shore Community Land Trust, Hawai'i Wildlife Fund, Kingdom Pathways, Kokonut Coalition, Excurinsure, Kokua Foundation, and numerous individuals. Your Committee received testimony in opposition to this measure from four individuals. Your Committee received comments on this measure from the Tax Foundation of Hawaii, Grassroot Institute of Hawaii, and one individual.

Your Committee finds that there is a critical need for additional and scaled revenue to protect, restore, and enhance the State's irreplaceable natural resources. While visitors play a substantial role in the State's economy, they also take a heavy toll on the State's natural resources that cannot be ignored. These resources are invaluable to the livelihoods of the State's residents and an integral driver of the State's economy. The establishment of a visitor impact fee, as intended by this measure, will enable the State to fund land and water protection and stewardship projects as well as provide a pathway to sustainable environmental and economic resilience for the visitor industry.

Your Committee has amended this measure by:

- (1) Delaying the implementation of the Visitor Impact Fee Program, except for the establishment of the Visitor Impact Fee Special Fund, to July 1, 2025;
- (2) Requiring the Department of Land and Natural Resources to provide a report to the Legislature on the creation and implementation of the Visitor Impact Fee Strategic Plan, including the timetable of how the objectives of the Visitor Impact Fee Program will be pursued and implemented, no later than December 1, 2023; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 304, S.D. 2, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 304, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1590 Water & Land on S.B. No. 818

The purpose of this measure is to transfer the Aquaculture Program from the Department of Agriculture to the Agribusiness Development Corporation.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation. Your Committee received testimony in opposition to this measure from the Hawaii Aquaculture and Aquaponics Association, Aquaculture Planning & Advocacy LLC, Blue Ocean Mariculture, and three individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee received testimony from the aquaculture industry expressing strong concerns about the potential impacts of moving the entire Aquaculture Program from the Department of Agriculture to the Agribusiness Development Corporation. The transfer of the Aquaculture Disease Diagnostic Lab and Aquaculture Veterinarian and lab staff out of the Department of Agriculture may result in the loss of synergy that currently exists within the Department.

Your Committee further finds that Hawaii's rapidly growing aquaculture industry is valued at over \$78,000,000 annually, which places it among the top ten states in the nation. In order to continue the discussion on how to best support and promote this industry, your Committee finds that the Department of Agriculture should continue to regulate and provide assistance to aquaculture operations, but additional resources and authority should also be given to the Agribusiness Development Corporation to further promote and expand aquaculture in the State.

Your Committee has amended this measure by:

- (1) Transferring only the business, processing, distribution, and marketing functions of the Aquaculture Program from the Department of Agriculture to the Agribusiness Development Corporation;
- (2) Deleting the appropriations for the establishment of the:
 - (A) Wilikina Hatchery and Education Center; and
 - (B) Mokuleia Aquaculture Innovation Center;
- (3) Making an appropriation for the aquaculture program under the Agribusiness Development Corporation and development of an aquaculture park; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 818, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 818, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1591 Water & Land on S.B. No. 1522

The purpose of this measure is to:

- (1) Establish the Office of Destination Management, including its powers, duties, and responsibilities;
- (2) Repeal the Hawaii Tourism Authority; and
- (3) Establish the Tourism Liaison Officer within the Office of the Governor.

Your Committee received testimony in opposition to this measure from Fair Wind Cruises and one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; Hawai'i Tourism Authority; Kohala Coast Resort Association; Maui Hotel & Lodging Association; and Grassroot Institute of Hawaii.

Your Committee finds that the success of the Hawaii Tourism Authority has brought a surplus of visitors to the State. While this has stimulated economic growth, your Committee notes that residents' concerns regarding the impacts of over tourism on the State's infrastructure and natural resources continue to grow. Your Committee emphasizes the importance of shifting efforts and resources away from marketing the State as a tourist destination and toward balanced destination management to address the concerns of residents while encouraging a high-quality experience for visitors as they enjoy the natural resources of the State.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1522, S.D. 2, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1592 Water & Land on S.B. No. 1535

The purpose of this measure is to authorize the Director of Transportation to exempt certain ground transportation facility plans from historic preservation requirements and the environmental impact statement law, subject to certain conditions.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of Land and Natural Resources, Department of Transportation Services of the City and County of Honolulu, and Hawai'i Bicycling League. Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

Your Committee finds that Hawaii's roads are reportedly the most dangerous in the nation for pedestrians aged sixty-five and over. Your Committee further finds that simple traffic safety fixes often take five to seven years to implement. This measure enables critical safety projects to be implemented faster to reduce traffic-related fatalities and improve road and transportation safety.

Your Committee notes the Office of Planning and Sustainable Development's testimony indicating that the activities contemplated by this measure may already qualify for existing exemptions available under chapter 343, Hawaii Revised Statutes, and its rules from the requirement to prepare an environmental assessment, so long as the exemptions are documented and reported to the public.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1535, S.D. 1, H.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1593 Water & Land on S.B. No. 362

The purpose of this measure is to:

- (1) Increase the conveyance tax rate for condominiums and single family residences for which the purchaser is ineligible for a county homeowner's exemption with a value of at least \$2,000,000;
- (2) Exempt from the conveyance tax documents and instruments conveying real property:
 - (A) For the development or acquisition of affordable housing subject to a government assistance program qualified by the Hawaii Housing Finance and Development Corporation; and
 - (B) To owner-occupants or renter-occupants who own no other real property; and
- (3) Eliminate the cap on the amount of conveyance tax collections allocated to the Rental Housing Revolving Fund each fiscal year.

Your Committee received testimony in support of this measure from EAH Housing; Catholic Charities Hawai'i; Hawai'i Appleseed Center for Law & Economic Justice; Partners In Care; Hawai'i Children's Action Network Speaks!; Hope Services Hawai'i; Permanently Affordable Living Kaua'i; Hawai'i Housing Affordability Coalition; Hawaii Clubhouse Advocacy Coalition; Democratic Party of Hawai'i Education Caucus; Imua Alliance; Ka Po'e o Kaka'ako, Inc.; Hawaii Community Lending and Hawaiian Community Assets; Hawai'i YIMBY; Housing Hawai'i's Future; and nineteen individuals. Your Committee received testimony in opposition to this measure from the Land Use Research Foundation of Hawaii and Hawai'i Association of REALTORS. Your Committee received comments on this measure from the Department of Taxation; Department of Land and Natural Resources; Hawaii Housing Finance and Development Corporation; Tax Foundation of Hawaii; Coastal Planners, LLC; and two individuals.

Your Committee finds that additional state revenues are sorely needed to address Hawaii's affordable-housing crisis and to end homelessness.

Your Committee has amended this measure by:

- (1) Establishing a Homeless Services Fund;
- (2) Further adjusting the conveyance tax rates to have the rates apply to and be increased for certain properties;
- (3) Removing the conveyance tax exemption for documents and instruments conveying real property for the development or acquisition of affordable housing subject to a government assistance program qualified by the Hawaii Housing Finance and Development Corporation;
- (4) Adding a conveyance tax exemption for documents and instruments conveying real property to a nonprofit organization that will hold the property in an undeveloped state and for conservation purposes in perpetuity;
- (5) Eliminating the cap on the amount of conveyance tax collections allocated to the Land Conservation Fund;
- (6) Allocating ten percent of conveyance tax collections to the Homeless Services Fund;
- (7) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 362, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 362, S.D. 2, H.D. 1, and be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1594 Water & Land on S.B. No. 1498

The purpose of this measure is to improve protections for wetland taro lands and ancient wetland agricultural structures on undeveloped state-owned or -acquired lands.

Your Committee received testimony in support of this measure from the Land Use Commission, Wild Kids, Hawai'i Farmers Union United, Hawai'i Alliance for Progressive Action, Hawai'i Food+ Policy, and three individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs and one individual.

Your Committee finds that there is a compelling state interest in conserving state agricultural lands. Your Committee further finds that Act 211, Session Laws of Hawaii 2008, as amended by Act 196, Session Laws of Hawaii 2010, established a Taro Security and Purity Task Force (Task Force). As part of its duties, the Task Force was responsible for developing guidelines, protocols, and recommendations for taro policy. In 2009, the Task Force recommended improved protections for taro-growing lands, including loi (wet fields and terraces), mala (dry fields and terraces), kuana or paepae pohaku (stone walls), and

auwai (irrigation ditches). The Task Force also found that these key structural elements for viable wetland taro production were being destroyed, severed, and built upon by private and public development due to gaps in land use, historic preservation, and planning laws and policies. This measure seeks to fill in those gaps to support taro farmers and ensure the continued cultivation of taro in Hawaii.

Your Committee has amended this measure by:

- (1) Including lands in dryland taro cultivation and certain lands that retain structural evidence of mala within the protections proposed by this measure and amending the definition of "taro land" accordingly;
- (2) Clarifying that the protections proposed by this measure apply to lands and infrastructure used in wetland or dryland taro cultivation before statehood or currently in use for taro cultivation;
- (3) Deleting references to the high productivity determination of certain lands;
- (4) Requiring, instead of authorizing, the Land Use Commission to create an inventory of taro lands, pursuant to chapter 91, Hawaii Revised Statutes, and submit the inventory to the Board of Land and Natural Resources for approval;
- (5) Appropriating an unspecified amount for one full-time equivalent (1.0 FTE) geographic information systems specialist position in the Land Use Commission; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it choose to deliberate on this measure, to consider an appropriation amount of \$40,000 for the geographic information systems specialist position in the Land Use Commission.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1498, S.D. 1, H.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.B. No. 1498, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1595 Human Services on H.R. No. 72

The purpose of this measure is for The Office of Youth Services to develop a list and inventory of programs that work with Pacific Islander youth and their families.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Office of Youth Services, and Hawaii Youth Services.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 72 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 1596 Human Services on H.C.R. No. 71

The purpose of this measure is for The Office of Youth Services to develop a list and inventory of programs that work with Pacific Islander youth and their families.

Your Committee received comments on this measure from the Office of Youth Services, and Hawaii Youth Services Network.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 71 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 1597 Human Services on H.R. No. 73

The purpose of this measure is to have The Office of Youth Services and the Family Court of the First Judicial Circuit to collaborate in identifying processes, procedures, and strategies for partnering with community organizations to maximize rehabilitation and minimize recidivism for juvenile offenders.

Your Committee received testimony in support of this measure from Hawaii Youth Services, and one individual. Your Committee received comments on this measure from the Judiciary of the State of Hawaii.

Your Committee has amended this measure by:

- (1) deleting all references to "District Family Court of the First Judicial Circuit" in the title and body of this resolution and replacing them with "Family Court of the First Judicial Circuit."

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 73, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 73, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 1598 Human Services on H.C.R. No. 72

The purpose of this measure is to urge the Office of Youth Services and the Family Court of the First Judicial Circuit to collaborate in identifying processes, procedures, and strategies for partnering with community organizations to maximize rehabilitation and minimize recidivism for juvenile offenders.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network. Your Committee received comments on this measure from the Office of Youth Services, and The Judiciary of the State of Hawaii.

Your Committee amended this measure by:

(1) deleting all references to "District Family Court of the First Judicial Circuit" in the title and body of this resolution and replacing them with "Family Court of the First Judicial Circuit."

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 72, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 72, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 1599 Human Services on H.R. No. 131

The purpose of this measure is to request the Office of Wellness and Resilience to establish The Malama Ohana Working Group to identify, design, and recommend transformative changes to the Child Welfare System.

Your Committee received testimony in support of this measure from Hawaii Youth Services Network, Catholic Charities of Hawaii, and one individual.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 131 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 1600 Human Services on H.C.R. No. 130

The purpose of this measure is to request the Office of Wellness and Resilience establish the Malama Ohana Working Group to identify, design, and recommend transformative changes to the Child Welfare System.

Your Committee received testimony in support of this measure from the Hawaii Youth Services Network, Catholic Charities of Hawaii, Na Kama a Haloa Network, and eight individuals.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 130 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Takenouchi, Garcia).

SCRep. 1601 Human Services on H.R. No. 203

The purpose of this measure Request the Department of Human Services to study providing certain health insurance coverage for all children and pregnant persons who would otherwise qualify for coverage if not for their immigration status.

Your Committee received testimony in support of this measure from the Hawaii Coalition for Human Rights, Hawaii Children's Action Network Speaks!, Hawaii Friends of Civil Rights, and three individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Changing the due date of the report to be submitted to the Legislature from no later than October 31, 2023 to no later than December 15, 2023.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 203, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 203, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Garcia).

SCRep. 1602 Human Services on H.C.R. No. 199

The purpose of this measure is to request the Department of Human Services to study providing certain health insurance coverage for all children and pregnant persons who would otherwise qualify for coverage if not for their immigration status.

Your Committee received testimony in support of this measure from Hawaii Coalition for Immigration Rights, Hawaii Children's Action Network Speaks!, Hawaii ACOG, Hawaii Friends of Civil Rights, and two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Changing the due date of the report to be submitted to the Legislature from no later than October 31, 2023 to no later than December 15, 2023.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 199, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 199, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Garcia).

SCRep. 1603 Human Services on H.R. No. 207

The purpose of this measure is to request The Department of Human Services' Med-Quest Division to take steps necessary to ensure that adequate provider rates are established for Applied Behavior Analysis services.

Your Committee received testimony in support of this measure from Behavior Analysis No Ka Oi, Inc., Hawaii Association of Behavior Analysis, BAYADA, Council of Autism Providers, and eleven individuals. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 207 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Garcia).

SCRep. 1604 Human Services on H.C.R. No. 203

The purpose of this measure is to request The Department of Human Services' Med-Quest Division to take steps necessary to ensure that adequate provider rates are established for Applied Behavior Analysis services.

Your Committee received testimony in support of this measure from The Hawaii Disability Rights Center, Behavior Analysis No Ka Oi, Inc., Pakolea Support Services, the Hawaii Association for Behavioral Analysis, Bayada and thirty-three individuals. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 203 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Garcia).

SCRep. 1605 Housing on H.R. No. 184

The purpose of this measure is to reaffirm the commitment to increase the State's affordable housing stock by not allocating special purpose revenue bonds and discouraging the use of special purpose revenue bonds.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that special purpose revenue bonds allow non-governmental entities serving a public purpose to use the name of the State to sell bonds whose interests are exempt from federal and state taxation. Your Committee further finds that while there is no aggregate ceiling on the amount of special purposes revenue bonds that the State can issue, private activity bonds, which are used in conjunction with the Low-Income Housing Tax Credits Program, have a volume cap that is determined by the Internal Revenue Service each year. Your Committee notes that even though special purpose revenue bonds have no cap, some are subject to the private activity bond volume cap, hindering the State's ability to build affordable housing. In recognition that certain special purpose revenue bonds can divert much needed private activity bonds that can address the State's housing crisis, the Legislature enacted Act 182, Session Laws of Hawaii 2022, which, among other things, established a moratorium on the issuance of special purpose revenue bonds unless requested by the Governor. Your Committee believes that it is important to reaffirm the State's commitment to build more affordable housing by not issuing special purposes revenue bonds as a reminder of the severe housing crisis the State is experiencing.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 184 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1606 Housing on H.C.R. No. 179

The purpose of this measure is to reaffirm the commitment to increase the State's affordable housing stock by not allocating special purpose revenue bonds and discouraging the use of special purpose revenue bonds.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that special purpose revenue bonds allow non-governmental entities serving a public purpose to use the name of the State to sell bonds whose interests are exempt from federal and state taxation. Your Committee further finds that while there is no aggregate ceiling on the amount of special purposes revenue bonds that the State can issue, private activity bonds, which are used in conjunction with the Low-Income Housing Tax Credits Program, have a volume cap that is determined by the Internal Revenue Service each year. Your Committee notes that even though special purpose revenue bonds have no cap, some are subject to the private activity bond volume cap, hindering the State's ability to build affordable housing. In recognition that certain special purpose revenue bonds can divert much needed private activity bonds that can address the State's housing crisis, the Legislature enacted Act 182, Session Laws of Hawaii 2022, which, among other things, established a moratorium on the issuance of special purpose revenue bonds unless requested by the Governor. Your Committee believes that it is important to reaffirm the State's commitment to build more affordable housing by not issuing special purposes revenue bonds as a reminder of the severe housing crisis the State is experiencing.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 179 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1607 Housing on H.R. No. 183

The purpose of this measure is to request a feasibility study on redeveloping lands situated at TMK (1)2-8-015:001 into workforce housing and other affiliated uses.

Your Committee received testimony in support of this measure from the University of Hawai'i System and Hawaii Housing Finance and Development Corporation.

Your Committee finds that there is a severe lack of affordable housing in the State, and it is estimated that Hawaii will need approximately twenty-six thousand to forty-seven thousand new housing units before 2030. Your Committee believes that state agencies have an opportunity to help address the housing crisis by providing suitable lands currently available for the development of affordable housing, including workforce housing.

Your Committee notes that the land situated at TMK (1)2-8-015:001 is currently owned by the University of Hawaii and it would be more appropriate to request the University of Hawaii to conduct the study under this measure.

Accordingly, your Committee has amended this measure by:

- (1) Inserting more background information regarding the land that is the subject of this measure and owned by the University of Hawaii;
- (2) Requesting the University of Hawaii to consult with the Hawaii Housing Finance and Development Corporation to conduct the study and report to the Legislature;
- (3) Changing the certified copy recipients; and

(4) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 183, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 183, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1608 Housing on H.C.R. No. 178

The purpose of this measure is to request a feasibility study on redeveloping lands situated at TMK (1)2-8-015:001 into workforce housing and other affiliated uses.

Your Committee received testimony in support of this measure from the University of Hawai'i System and Hawaii Housing Finance and Development Corporation.

Your Committee finds that there is a severe lack of affordable housing in the State, and it is estimated that Hawaii will need approximately twenty-six thousand to forty-seven thousand new housing units before 2030. Your Committee believes that state agencies have an opportunity to help address the housing crisis by providing suitable lands currently available for the development of affordable housing, including workforce housing.

Your Committee notes that the land situated at TMK (1)2-8-015:001 is currently owned by the University of Hawaii and it would be more appropriate to request the University of Hawaii to conduct the study under this measure.

Accordingly, your Committee has amended this measure by:

- (1) Inserting more background information regarding the land that is the subject of this measure and owned by the University of Hawaii;
- (2) Requesting the University of Hawaii to consult with the Hawaii Housing Finance and Development Corporation to conduct the study and report to the Legislature;
- (3) Changing the certified copy recipients; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 178, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 178, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1609 Human Services on H.R. No. 141

The purpose of this measure is to urge Hawaii's Congressional Delegation to introduce and support legislation to amend title IV-A of the Social Security Act to allow Temporary Assistance for Needy Families funds to be used by states to build transitional supportive housing and affordable rental housing.

Your Committee received testimony in support of this measure from the Department of Business – Economic Development & Tourism – Hawaii Housing Finance and Development Corporation, Hawaii Health and Harm Reduction Center, AARP Hawaii, The Institute for Human Services and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Inserting a first BE IT FURTHER RESOLVED clause requesting the Hawaii Congressional delegation to consider redirecting unspent TANF funds to the Departments of Housing and Urban Development to be used in the State where the unspent TANF funds originated for the purpose of developing affordable housing; and

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 141, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 141, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Garcia).

SCRep. 1610 Human Services on H.C.R. No. 139

The purpose of this measure is to urge Hawaii's Congressional Delegation to introduce and support legislation to amend title IV-A of the Social Security Act to allow Temporary Assistance for Needy Families funds to be used by states to build transitional supportive housing and affordable rental housing.

Your Committee received testimony in support of this measure from the Department of Business Economic Development & Tourism – Hawaii Housing Finance and Development Corporation, Hawaii Health and Harm Reduction Center, AARP Hawaii, The Institute for Human Services and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Inserting a first BE IT FURTHER RESOLVED clause requesting the Hawaii Congressional delegation to consider redirecting unspent TANF funds to the United States Department of Housing and Urban Development to be used in the State where the unspent TANF funds originated for the purpose of developing affordable; and

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 139, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 139, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Garcia).

SCRep. 1611 Education on S.B. No. 105

The purpose of this measure is to change the Department of Education's mandated quarterly report on autism spectrum disorder to an annual report.

Your Committee received testimony in support of this measure from the Department of Education. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Act 205, Session Laws of Hawaii 2018, requires the Department of Education to report quarterly about students with autism spectrum disorder, as well as related staffing requirements and Medicaid reimbursements. Your Committee further finds that because there are few changes made between each quarterly report, the quarterly reporting requirement is burdensome for the Department of Education. Your Committee believes that requiring the report to be submitted annually to the Legislature will reduce the additional workload on the Department of Education while still requiring accurate data to be reported.

Your Committee has amended this measure by changing the effective date to June 30, 3000.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 105, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 105, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Kapela, Quinlan).

SCRep. 1612 Judiciary & Hawaiian Affairs on S.B. No. 933

The purpose of this measure is to allow petitioners to attend temporary restraining order hearings remotely when domestic abuse is alleged.

Your Committee received testimony in support of this measure from the Hawai'i State Coalition Against Domestic Violence, Domestic Violence Action Center, Restraining Orders Without Borders, and nine individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that this measure will promote greater safety, economic justice, and equitable access to the courts for victims of domestic abuse.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 352, H.D. 1, a substantially similar measure, which previously passed the House, and which:

- (1) Authorizes the family courts to allow petitioners to attend temporary restraining order hearings remotely upon request;
- (2) Requires the family courts to consider certain factors when approving a request for remote attendance;
- (3) Requires the family courts to allow petitioners who allege domestic abuse to attend temporary restraining order hearings remotely; and
- (4) Takes effect on June 30, 3000.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 933, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 933, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1613 Judiciary & Hawaiian Affairs on S.B. No. 1267

The purpose of this measure is to allow nonresidents to apply for a temporary restraining order or order for protection in cases of domestic abuse and an injunction from further harassment.

Your Committee received testimony in support of this measure from the Hawai'i State Coalition Against Domestic Violence, Restraining Orders Without Borders, Rise, and six individuals. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that there is a significant gap under existing law as out-of-state victims are prohibited from filing restraining order petitions, even if the offense occurred in the State. This measure closes this gap to ensure that all persons have access to justice. Your Committee notes that the Judiciary requested in their written testimony a delayed effective date of September 1, 2023, in order to implement the operational changes required in this measure.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1267, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1267, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1614 Judiciary & Hawaiian Affairs on S.B. No. 739

The purpose of this measure is to increase protection of the State's cultural and historic resources and facilitate enforcement of state law prohibiting acts of desecration by:

- (1) Reducing the requisite state of mind for the criminal offense of desecration from "intentionally" to "knowingly"; and
- (2) Simplifying the definition of "desecrate".

Your Committee received testimony in support of this measure from the Council for Native Hawaiian Advancement, Kua'āina Ulu 'Auamo, and four individuals. Your Committee received comments on this measure from the Office of the Public Defender.

Your Committee finds that recent acts of desecration at sacred cultural and historic sites in Hawaii demonstrate the need for greater protection of Hawaii's resources. This measure would make it easier to prosecute acts of desecration involving Hawaii's cultural and historic resources.

Your Committee has amended this measure by:

- (1) Retaining the existing requisite state of mind of "intentionally" for the criminal offense of desecration; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 739, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 739, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1615 Judiciary & Hawaiian Affairs on S.B. No. 911

The purpose of this measure is to clarify that a prospective juror is disqualified to serve as a juror if they have been convicted of a felony and have not been finally discharged, in addition to not being pardoned.

Your Committee received testimony in support of this measure from the Office of the Public Defender and Community Alliance on Prisons. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that existing law prohibits persons convicted of felonies from jury service unless they are pardoned. Your Committee believes that allowing persons who have completed their sentences for felony convictions to serve on juries will enhance diversity and representation on juries in the State.

Your Committee has amended this measure by:

- (1) Amending the definition of "finally discharged" to mean the person has received or is eligible to receive a certificate of discharge; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 911, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 911, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, none.

SCRep. 1616 Judiciary & Hawaiian Affairs on S.B. No. 1079

The purpose of this measure is to require courts to, upon written request, expunge records of convictions for first-time offenses involving:

- (1) Operating a vehicle after consuming a measurable amount of alcohol while under the age of twenty-one; and
- (2) Certain property offenses, if the sentencing occurred before 1998.

Your Committee received testimony in support of this measure from the Office of the Public Defender. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that this measure will assist many individuals who were sentenced for the offense of operating a vehicle after consuming a measurable amount of alcohol while under the age of twenty-one or committed certain property offenses prior to 1998 in finding better employment and improving their all-around quality of life.

Your Committee notes that the Judiciary requested in its written testimony that this measure take effect on July 1, 2025, to allow system changes to be made to accommodate the requirements of this measure.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1079, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1079, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1617 Judiciary & Hawaiian Affairs on S.B. No. 372

The purpose of this measure is to:

- (1) Require that a law enforcement officer has a duty to intervene if the law enforcement officer reasonably believes that another law enforcement officer is using unnecessary or excessive force on an arrestee;
- (2) Require the law enforcement officer to report the incident to the other law enforcement officer's supervisor; and
- (3) Require relevant departments to submit annual reports to the Legislature.

Your Committee received testimony in support of this measure from the Honolulu Police Department, American Civil Liberties Union of Hawai'i, Policing Project at NYU School of Law, and seven individuals. Your Committee received testimony in opposition to this measure from the State of Hawaii Organization of Police Officers.

Your Committee finds that this measure will reduce the number of violent and even fatal interactions between police and community members, keep law enforcement officers accountable, and help improve public confidence and trust in law enforcement.

Your Committee has amended this measure by:

- (1) Making it effective upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 372, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 372, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1618 Judiciary & Hawaiian Affairs on S.B. No. 926

The purpose of this measure is to allow pedestrians to act contrary to the statewide traffic code when a reasonably careful pedestrian would determine that there is no immediate danger of a collision with a moving vehicle.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Hawai'i State Council on Developmental Disabilities, Hawai'i Public Health Institute, Get Fit Kauai, and eight individuals. Your Committee received testimony in opposition to this measure from the Department of Transportation and Honolulu Police Department. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committee finds that, in many situations, a pedestrian's perception and judgment can be more effective in mitigating injuries than traffic lights or street markings. Your Committee further finds that this measure will give pedestrians more freedom in using their judgment to determine the safety conditions when facing vehicular traffic.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 926, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 926, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, 1 (Souza). Excused, 1 (Holt).

SCRep. 1619 Judiciary & Hawaiian Affairs on S.B. No. 141

The purpose of this measure is to:

- (1) Require presidential electors to take a pledge that they will vote for their party's nominee;
- (2) Provide for a process of invalidating the vote and removing any faithless elector and procedures for their replacement; and
- (3) Update rules for certification of electors and their votes to be in full compliance with federal law.

Your Committee received testimony in support of this measure from the Commission to Promote Uniform Legislation, Stonewall Caucus of the Democratic Party of Hawaii, League of Women Voters of Hawaii, and five individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the United States Supreme Court has upheld legislation that provided states with the authority to bind their electors to the candidates they have pledged to support. This measure is intended to address the rare but historically recent problem of presidential electors who do not adhere to their obligation to vote faithfully for their parties' candidates.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 141, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 141, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1620 Judiciary & Hawaiian Affairs on S.B. No. 19

The purpose of this measure is to guarantee the vote of eligible voters who cast their ballot and then subsequently die or otherwise become ineligible before election day.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii and Stonewall Caucus of the Democratic Party of Hawaii. Your Committee received testimony in opposition to this measure from the Hawaii Federation of Republican Women and twelve individuals.

Your Committee finds that the State's transition to vote by mail inadvertently did not account for a procedure for validating mail-in ballots cast by eligible voters who thereafter became ineligible, including those who became ineligible by death. This measure ensures that eligible voters who casted their ballot but subsequently become ineligible to vote due to valid reasons will still have their vote counted.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 19, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 19, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1621 Judiciary & Hawaiian Affairs on S.B. No. 228

The purpose of this measure is to:

- (1) Establish a general fraud statute that is intended to cover schemes to obtain financial or other gains by means of false statements, misrepresentations, concealment of important information, or deception;
- (2) Establish the offense of making a false, fictitious, or fraudulent claim against the State or any county; and

(3) Prohibit the use of false statements or entries in matters within the jurisdiction of the executive, legislative, or judicial branches of the State.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Commission to Improve Standards of Conduct, Department of the Prosecuting Attorney of the City and County of Honolulu, Honolulu Police Department, and one individual.

Your Committee finds that this measure implements one of the recommendations made by the Commission to Improve Standards of Conduct established pursuant to House Resolution No. 9, Regular Session of 2022. If enacted, this measure would increase public trust in state government and the level of transparency in its operations and accountability of individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 228, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 228, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1622 Judiciary & Hawaiian Affairs on S.B. No. 1541

The purpose of this measure is to clarify the law by expressly prohibiting voters from casting more than one vote during any election, even if one of those votes is in a state or territory of the United States other than Hawaii.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from Hawaii Federation of Republican Women and eleven individuals. Your Committee received comments on this measure from one individual.

Your Committee finds that although existing law prohibits a person from voting again after having already voted, it does not expressly address the possibility that a person could cast a vote in Hawaii and an additional vote in another state or territory of the United States. Your Committee believes this measure is necessary to clarify the State's election fraud laws and strengthen voter protection.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1541, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1541, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1623 Judiciary & Hawaiian Affairs on S.B. No. 1189

The purpose of this measure is to require candidates or the treasurer of their candidate committee to file a preliminary report on February 28 of the year of a general election.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Campaign Spending Commission.

Your Committee finds that reporting requirements are important aspects of democracy as it ensures transparency and allows voters to make better informed decisions on certain candidates. This measure will enhance transparency by requiring an additional reporting date for a preliminary report.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1189, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1189, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8; Ayes with Reservations (Kong). Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1624 Judiciary & Hawaiian Affairs on S.B. No. 671

The purpose of this measure is to specify that testing products utilized in determining whether a controlled substance contains chemicals, toxic substances, or hazardous compounds in quantities that can cause physical harm or death, including fentanyl test strips are excluded from the definition of drug paraphernalia.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Health & Harm Reduction Center, and thirteen individuals.

Your Committee finds that the Centers for Disease Control and Prevention and the Substance Abuse and Mental Health Services Administration encourage the use of federal funds to purchase fentanyl test strips to curb the dramatic spike in drug overdose deaths from the use of synthetic opioids that include illicitly manufactured fentanyl. Your Committee further finds that the Department of Health reported that there were seventy-four fatal opioid poisonings in Hawaii in 2021, fifty of which came from synthetic opioids that included fentanyl. This measure improves the prevention and reduction of drug overdoses in the State by allowing fentanyl test strips to be utilized as a valuable public health tool.

Your Committee has amended this measure by:

- (1) By deleting language that excluded testing products, other than fentanyl strips, that are used to determine if a controlled substance contains chemicals, toxic substances, or hazardous compounds in quantities that can cause physical harm or death from the definition of "drug paraphernalia";
- (2) Making the measure effective upon approval; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 671, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 671, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1625 Judiciary & Hawaiian Affairs on S.B. No. 47

The purpose of this measure is to require:

- (1) That any new contract entered into by the Office of Elections for equipment or services relating to preparing ballots or counting votes include the capability to randomize the names of candidates appearing on the ballot if technologically possible;
- (2) Candidate names to be randomized on individual ballots and randomly rotated across precincts; and
- (3) The Office of Elections to inform voters and candidates, by a method suited for the voting system, that the names of candidates may not be in alphabetical order.

Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Office of Elections and League of Women Voters of Hawaii.

Your Committee finds that research has shown that there is a positional advantage for candidates who appear first on ballots. This measure intends to address the positional advantage under existing law, which requires candidates' names to appear in alphabetical order.

Your Committee has amended this measure by:

- (1) Requiring candidate names to be randomized on ballots to the greatest extent possible, rather than randomized on individual ballots and randomly rotated across precincts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 47, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 47, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1626 Judiciary & Hawaiian Affairs on S.B. No. 1493

The purpose of this measure is to prohibit during, shortly before, and shortly after legislative sessions any lobbyist contributions and expenditures and promises of contributions or expenditures to any elected official, candidate, candidate committee, or individual who is required to file an organizational report with the Campaign Spending Commission.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission, Campaign Spending Commission, and one individual. Your Committee received comments on this measure from one individual.

Your Committee finds that this measure would reduce the negative perception surrounding the timing of contributions and expenditures to public officials from individuals or organizations that have an interest in matters pending before the Legislature during session.

Your Committee has amended this measure by:

- (1) Requiring that any prohibited lobbyist contribution escheat to the Hawaii Election Campaign Fund;
- (2) Amending the definition of "lobbyist" as it relates to prohibited contributions and expenditures to mean any person actively registered as a lobbyist with a state or county ethics board or commission;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1493, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1493, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1627 Judiciary & Hawaiian Affairs on S.B. No. 203

The purpose of this measure is to:

- (1) Authorize the Campaign Spending Commission to treat a respondent's failure to explain or otherwise respond to a complaint alleging a violation of campaign spending laws as a presumption that a violation has occurred; and
- (2) Provide that the respondent shall have thirty days from the mailing of the complaint to respond before the presumption takes effect.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Commission to Improve Standards of Conduct, League of Women Voters of Hawaii, and one individual.

Your Committee finds that this measure implements one of the recommendations made by the Commission to Improve Standards of Conduct established by the House of Representatives in House Resolution No. 9, Regular Session of 2022. This measure would allow the Campaign Spending Commission to timely and efficiently address campaign finance violations, which is especially critical in election years.

Your Committee has amended this measure by:

- (1) Specifying that the Campaign Spending Commission may treat a respondent's failure to explain or otherwise respond to a complaint alleging a violation of campaign spending laws as a rebuttable presumption, rather than as a presumption;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 203, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 203, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1628 Judiciary & Hawaiian Affairs on S.B. No. 214

The purpose of this measure is to establish the offense of interference with the operation of a public transit vehicle.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, Honolulu Police Department, and Department of Transportation Services of the City and County of Honolulu. Your Committee received comments on this measure from the Department of the Attorney General and Office of the Public Defender.

Your Committee finds that many Hawaii residents and visitors rely on public transportation for education, employment, health care, housing, and community purposes. This measure will serve as a deterrent against acts that interfere with the safe and timely operation of public transit vehicles.

Your Committee has amended this measure by:

- (1) Clarifying the definition of "public transit vehicle";
- (2) Changing the penalty for the offense of interference with the operation of a public transit vehicle that does not result in serious bodily injury to, or death of, any person from a misdemeanor to a violation;
- (3) Making clarifying and conforming amendments to the existing offense of interference with the operator of a public transit vehicle;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 214, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 214, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, 1 (Ganaden). Excused, 2 (Holt, Mizuno).

SCRep. 1629 Judiciary & Hawaiian Affairs on S.B. No. 210

The purpose of this measure is to establish the Criminal Justice Data Sharing Working Group to make recommendations for a statewide repository to facilitate sharing of criminal justice data among state and county agencies.

Your Committee received testimony in support of this measure from the Department of the Attorney General, Department of Public Safety, Hawaii Correctional Oversight Commission, Crime Victim Compensation Commission, Office of the Mayor of the City and County of Honolulu, Department of the Prosecuting Attorney of the City and County of Honolulu, and one individual. Your Committee received comments on this measure from the Judiciary, Criminal Justice Research Institute, Legislative Reference Bureau, and Civil Beat Law Center for the Public Interest.

Your Committee finds that all state and county criminal justice agencies plan, design, procure, implement, and operate their own separate information systems. Since there is no common repository used by the state and county criminal justice agencies for tracking data between each separate information system, data sharing is difficult and is often solved through one-off solutions. This measure would establish a working group to make recommendations on a statewide criminal justice data repository to increase efficiency, support criminal justice, and improve operations.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the Criminal Justice Data Sharing Working Group should also address concerns related to public access of information as it relates to transparency and confidentiality.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 210, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 210, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 1 (Holt).

SCRep. 1630 Judiciary & Hawaiian Affairs on S.B. No. 869

The purpose of this measure is to clarify that a majority of the members appointed to the Youth Commission constitutes a quorum to do business.

Your Committee received testimony in support of this measure from the Office of Youth Services, Hawai'i State Youth Commission, Hawai'i Youth Services Network, and two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that over the past year, the Youth Commission has struggled with membership and has often not had the ability to establish quorum and conduct official business. This change to the definition of quorum for the Youth Commission will enhance its ability to maintain quorum and take action despite this challenge.

Your Committee has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 869, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 869, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Ilagan, Kong).

SCRep. 1631 Judiciary & Hawaiian Affairs on S.B. No. 9

The purpose of this measure is to:

- (1) Require members of each board of registration be a registered voter in the respective county of the board to which the member is appointed and remain a registered voter in that county for their term of office; and
- (2) Establish methods for determining and verifying a board member's political party membership.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii and one individual.

Your Committee finds that board of registration volunteers play an important role in maintaining election integrity by reviewing and deciding appeals that arise from a voter challenge or a clerk's decision regarding voter registration. Your Committee further finds that establishing a method for determining and verifying a board member's party affiliation will ensure each board of registration avoids overt bias and maintains the ability to make fair decisions concerning voter appeals and a clerk's decision.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 9, S.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1632 Judiciary & Hawaiian Affairs on S.B. No. 1513

The purpose of this measure is to require a public agency board to report any discussion or final action taken during an executive meeting; provided that the disclosure is not inconsistent with the purpose of convening the executive meeting and giving the Board discretion to maintain confidentiality.

Your Committee received testimony in support of this measure from the Office of Information Practices.

Your Committee finds that the Sunshine Law, part I of chapter 92, Hawaii Revised Statutes, allows government boards to go into a closed executive session for a limited list of purposes, but the minutes of an executive session can only be withheld to the extent necessary to protect the purpose of convening the executive session. This measure would promote public access without undermining a board's ability to use executive sessions when authorized to do so.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1513 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1633 Judiciary & Hawaiian Affairs on S.B. No. 487

The purpose of this measure is to update the Hawaii Revised Statutes (HRS) by correcting errors and references, clarifying language, and deleting obsolete or unnecessary provisions.

Your Committee received testimony in support of this measure from the Legislative Reference Bureau.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure, prepared and submitted by the Legislative Reference Bureau pursuant to the Bureau's statute revision functions under Chapter 23G, HRS, is necessary to improve the clarity, consistency, and accuracy of the HRS.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 487 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1634 Judiciary & Hawaiian Affairs on S.B. No. 179

The purpose of this measure is to:

- (1) Rename the statewide and county-level voters with special needs advisory committees to elections accessibility needs advisory committees; and
- (2) Recognize that voting accessibility needs may arise from disabilities other than those of a physical nature.

Your Committee received testimony in support of this measure from the Office of Elections, State Council on Developmental Disabilities, Disability and Communication Access Board, Hawaii Disability Rights Center, Voters with Special Needs Advisory Committee, and one individual.

Your Committee finds that the purpose of the voters with special needs advisory committees is to represent and advise on behalf of voters with accessibility needs, regardless of whether the disabilities are of a physical nature. However, under existing law, members must identify as voters with physical disabilities. This measure amends the membership of the committees allowing for the inclusion of persons with disabilities that are not of a physical nature, which allows the committees to be more representative of the group on whose behalf the committees advocate.

Your Committee further finds that language is the basis of thoughts and attitudes. While standards for appropriate terminology continually evolve, your Committee recognizes that the use of "special needs" is patronizing and distancing by persons with disabilities. Accordingly, this measure renames the committees to be more inclusive and appropriate.

Furthermore, your Committee notes that there are several provisions in the Hawaii Revised Statutes that continue to use the term "special needs" when referencing persons with disabilities. These references warrant equal scrutiny and should be similarly amended. However, your Committee acknowledges that the title of this measure prevents your Committee from carrying-out those appropriate amendments.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 179 and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1635 Consumer Protection & Commerce on S.B. No. 1372

The purpose of this measure is to amend certain definitions to ensure care recipients, caregivers, and employed caregivers have access to necessary services and supports available under the Kupuna Care Program.

Your Committee received testimony in support of this measure from the Executive Office on Aging.

Your Committee finds that Act 160, Session Laws of 2022, was enacted to fold the Kupuna Caregivers Program into the Kupuna Care Program. Currently, the definitions for "caregiver support services" and "respite care" under the Kupuna Care Program only apply to employed caregivers. This measure will allow for all caregivers, whether or not employed, to receive caregiver supports and services. This measure also amends the definition for "kupuna care services" to ensure that these services are available to all care recipients, caregivers, and employed caregivers.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1372, S.D. 1, and recommends that it pass Second Reading and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, none.

SCRep. 1636 Education on S.B. No. 106

The purpose of this measure is to:

- (1) Authorize the Department of Health to require the Department of Education to report on COVID-19 potential outbreaks or other public health emergencies and other related information in a manner most appropriate to public health and safety, as determined by the Department of Health; and
- (2) Repeal the requirement that the report be published on a weekly basis on the Department of Education's website.

Your Committee received testimony in support of this measure from the Department of Education, Department of Health, and Office of Hawaiian Affairs. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that the COVID-19 pandemic affected the operations of schools and required the establishment of additional processes and procedures to ensure the safety of children and prevent them from getting or spreading COVID-19. Your Committee further finds that pursuant to Act 4, Special Session Laws of Hawaii 2021, the Department of Education is required to publish a report weekly on schools that have a student, staff member, or affiliated individual who has tested positive for COVID-19. Your Committee notes that, due to the widespread availability of COVID-19 vaccines and other prevention and mitigation efforts, the weekly COVID-19 reporting requirement may no longer be necessary. Your Committee believes that giving the Department of Health discretion in requiring the Department of Education to report on COVID-19 potential outbreaks and other public health emergencies will ensure that the State can respond to health emergencies in schools while reducing the administrative workload of the Department of Education.

Your Committee has amended this measure by changing the effective date to June 30, 3000.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 106, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 106, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1637 Judiciary & Hawaiian Affairs on S.B. No. 406

The purpose of this measure is to:

- (1) Allow the court to award reasonable visitation rights to a petitioning grandparent of a minor child when the child's parent is unable to exercise parental visitation due to incarceration or death and denial of reasonable grandparent visitation rights would cause significant harm to the child;
- (2) Require the court to follow the same standards, considerations, and procedures, for the granting of grandparent visitation rights as are used when awarding other visitation rights; and
- (3) Specify that persons violating an order awarding reasonable grandparent visitation rights are subject to sanctions.

Your Committee received testimony in support of this measure from the Grandparents Rights Hawaii Campaign, Hawaii Coalition for Child Protective Reform, and seven individuals.

Your Committee finds that ties created between a child and a grandparent are crucial to ensuring a sense of safety and security among children, especially for those who may have experienced traumatic life changes like losing a parent. Grandparents often act as caregivers for grandchildren, but do not have access to sufficient judicial remedies to ensure visitation rights. This measure clarifies guidelines for family courts in the State when considering whether to award visitation rights to grandparents.

Your Committee has amended this measure by making it effective upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 406, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 406, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ilagan, Kong).

SCRep. 1638 Judiciary & Hawaiian Affairs on S.B. No. 1505

The purpose of this measure is to authorize the Department of Transportation to restrict vessels that have been reported to have engaged in specific unlawful, unpermitted, or unlicensed activities from entering or departing ports in the State's commercial harbor system.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawai'i Reef and Ocean Coalition, Benioff Ocean Science Laboratory, The Ocean Foundation, and Greenpeace.

Your Committee finds that marine resources are a vital source of income, foreign exchange, employment, and nutrition for the State. However, your Committee further finds that illicit activities on ocean waters, such as illegal extraction and collection of these valuable resources, are increasing. This measure will protect the State's marine resources by providing the Department of Transportation the authority to delay or deny approval for port entry for any vessel that has violated federal, state, or county laws.

Your Committee has amended this measure by making it effective upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1505, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1505, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Ilagan, Kong).

SCRep. 1639 Judiciary & Hawaiian Affairs on S.B. No. 989

The purpose of this measure is to establish the misdemeanor offense of trespass with an unmanned aircraft system.

Your Committee received testimony in support of this measure from the Association of Apartment Owners of Honolulu Tower and two individuals.

Your Committee finds that the proliferation of unmanned aircraft systems, commonly called drones, has led to privacy and public safety concerns for individuals, especially when the drones are flown over their property. Your Committee further finds that existing state laws do not adequately address these situations and that some states have enacted laws that prohibit trespassing on private property with a drone. Your Committee believes that Hawaii should similarly address property owners' concerns through the enactment of this measure.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 989, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 989, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Ilagan, Kong).

SCRep. 1640 Judiciary & Hawaiian Affairs on S.B. No. 45

The purpose of this measure is to allow minors sixteen years of age or older and emancipated minors to petition for domestic abuse protective orders.

Your Committee received testimony in support of this measure from the Hawai'i Youth Services Network and Hawai'i State Coalition Against Domestic Violence. Your Committee received testimony in opposition to this measure from the Hawaii Coalition for Child Protective Reform and one individual.

Your Committee finds that several other states and jurisdictions allow minors of various ages to petition for a protective order without a parent or legal guardian's consent. Your Committee believes that Hawaii should similarly allow certain minors to petition for relief from domestic abuse through a protection order without a parent or legal guardian's consent.

Your Committee has amended this measure by:

- (1) Making it effective upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 45, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 45, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Ilagan, Kong).

SCRep. 1641 Housing on H.R. No. 189

The purpose of this measure is to urge the Hawaii Housing Finance and Development Corporation to revise the prioritization and evaluation and ranking criteria for its allocation for Low-Income Housing Tax Credits and awards from the Rental Housing Revolving Fund.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the Hawaii Housing Finance and Development Corporation is the designated state agency responsible for the administration of the federal and state Low-Income Housing Tax Credit Program. The Low-Income Housing Tax Credit Program uses a point system to facilitate project rankings based on established evaluation criteria, which states have discretion over. Your Committee believes it is in the best interest of the State to modify the evaluation criteria for the Low-Income Housing Tax Credit Program to prioritize the allocation of credits to state-owned development projects and award additional points to developers obligated to use all financial surpluses generated by the projects to construct more housing to help the State meet its existing and future housing supply demands.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 189 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1642 Housing on H.C.R. No. 184

The purpose of this measure is to urge the Hawaii Housing Finance and Development Corporation to revise the prioritization and evaluation and ranking criteria for its allocation for Low-Income Housing Tax Credits and awards from the Rental Housing Revolving Fund.

Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that the Hawaii Housing Finance and Development Corporation is the designated state agency responsible for the administration of the federal and state Low-Income Housing Tax Credit Program. The Low-Income Housing Tax Credit Program uses a point system to facilitate project rankings based on established evaluation criteria, which states have discretion over. Your Committee believes it is in the best interest of the State to modify the evaluation criteria for the Low-Income Housing Tax Credit Program to prioritize the allocation of credits to state-owned development projects and award

additional points to developers obligated to use all financial surpluses generated by the projects to construct more housing to help the State meet its existing and future housing supply demands.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 184 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1643 Culture, Arts & International Affairs on H.R. No. 41

The purpose of this measure is to request the Comptroller, in consultation with the Director of Finance, to submit a report to the Legislature on the process and procedures for the transfer of funds to the Works of Art Special Fund.

Your Committee received comments on this measure from the Department of Accounting and General Services and State Foundation on Culture and the Arts.

Your Committee finds that this measure will clarify the existing process and procedures on calculating the one percent to be transferred to the Works of Art Special Fund in a more efficient, accurate, and timely manner.

Your Committee has amended this measure by:

- (1) Adding the Attorney General and Executive Director of the State Foundation on Culture and the Arts as additional individuals to be consulted by the Comptroller for purposes of submitting a report to the Legislature;
- (2) Requiring the report to also include:
 - (A) An identification of qualifying construction and renovation projects that have not calculated and transferred the correct amount to the Works of Art Special Fund; and
 - (B) A description of a process established within the Department of Budget and Finance for the Comptroller to ensure correct calculations are transferred pursuant to section 103-8.5, Hawaii Revised Statutes;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 41, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 41, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1644 Culture, Arts & International Affairs on H.C.R. No. 37

The purpose of this measure is to request the Comptroller, in consultation with the Director of Finance, to submit a report to the Legislature on the process and procedures for the transfer of funds to the Works of Art Special Fund.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Accounting and General Services and State Foundation on Culture and the Arts.

Your Committee finds that this measure will clarify the existing process and procedures on calculating the one percent to be transferred to the Works of Art Special Fund in a more efficient, accurate, and timely manner.

Your Committee has amended this measure by:

- (1) Adding the Attorney General and Executive Director of the State Foundation on Culture and the Arts as additional individuals to be consulted by the Comptroller for purposes of submitting a report to the Legislature;
- (2) Requiring the report to also include:
 - (A) An identification of qualifying construction and renovation projects that have not calculated and transferred the correct amount to the Works of Art Special Fund; and
 - (B) A description of a process established within the Department of Budget and Finance for the Comptroller to ensure correct calculations are transferred pursuant to section 103-8.5, Hawaii Revised Statutes;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 37, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 37, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1645 Health & Homelessness on H.R. No. 191

The purpose of this measure is to request the Department of Health's Office of Language Access to establish an American Sign Language Interpreter Workforce Working Group to promote increasing the number of American Sign Language interpreters in the State.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board. Your Committee received comments on this measure from the Office of Language Access.

Your Committee finds that American Sign Language interpreters provide a critical service by facilitating the effective communication between the State's deaf, hard of hearing, or deaf-blind residents and hearing individuals and public agencies in the State in a variety of settings and circumstances. Your Committee further finds that there is an increased need statewide for the services of American Sign Language interpreters. This measure is intended to promote

the development of a robust American Sign Language interpreter workforce and provide greater accessibility for individuals receiving American Sign Language interpretation.

Your Committee has amended this measure by:

- (1) Requesting the Disability and Communication Access Board, rather than the Office of Language Access, to convene the American Sign Language Interpreter Workforce Working Group;
- (2) Amending the composition of the working group;
- (3) Amending the recipients of certified copies of this measure;
- (4) Amending the title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 191, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 191, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1646 Health & Homelessness on H.C.R. No. 186

The purpose of this measure is to request the Department of Health's Office of Language Access to establish an American Sign Language Interpreter Workforce Working Group to promote increasing the number of American Sign Language interpreters in the State.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board and Hawaii Disability Rights Center. Your Committee received comments on this measure from the Office of Language Access.

Your Committee finds that American Sign Language interpreters provide a critical service by facilitating the effective communication between the State's deaf, hard of hearing, or deaf-blind residents and hearing individuals and public agencies in the State in a variety of settings and circumstances. Your Committee further finds that there is an increased need statewide for the services of American Sign Language interpreters. This measure is intended to promote the development of a robust American Sign Language interpreter workforce and provide greater accessibility for individuals receiving American Sign Language interpretation.

Your Committee has amended this measure by:

- (1) Requesting the Disability and Communication Access Board, rather than the Office of Language Access, to convene the American Sign Language Interpreter Workforce Working Group;
- (2) Amending the composition of the working group;
- (3) Amending the recipients of certified copies of this measure;
- (4) Amending the title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 186, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 186, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1647 Health & Homelessness on H.R. No. 192

The purpose of this measure is to urge the Hawaii Emergency Management Agency to include an on-screen interpreter disseminating the emergency information in American Sign Language.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 192 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1648 Health & Homelessness on H.C.R. No. 187

The purpose of this measure is to urge the Hawaii Emergency Management Agency to include an on-screen interpreter disseminating the emergency information in American Sign Language.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 187 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1649 Health & Homelessness on H.R. No. 211

The purpose of this measure is to request the Department of Health to convene an early lung cancer screening working group to continue the efforts of the early lung cancer screening task force established pursuant to Act 162, session laws of Hawaii 2022.

Your Committee received testimony in support of this measure from the Hawaii Public Health Institute, Hawaii Public Health Association, and one individuals.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 211 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1650 Health & Homelessness on H.C.R. No. 207

The purpose of this measure is to request the Department of Health to convene an early lung cancer screening working group to continue the efforts of the early lung cancer screening task force established pursuant to Act 162, session laws of Hawaii 2022.

Your Committee received testimony in support of this measure from the Department of Health, Hawaii Medical Association, Hawaii Public Health Institute, Hawaii Public Health Association, and two individuals.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 207 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1651 Health & Homelessness on H.R. No. 33

The purpose of this measure is to convene an oral health task force to review information on the status of oral health in the state and make recommendation to improve oral health infrastructure in Hawaii.

Your Committee received testimony in support of this measure from the Hawaii Dental Association. Your Committee received testimony offering comments on this measure from the Respiratory and Environmental Disabilities Association of Hawaii, and one Individual.

Your Committee has amended this measure by:

- (1) Amending the composition of the task force;
- (2) Requesting the task force to submit an interim report to the Legislature no later than December 1, 2024;
- (3) Requesting the Department of Health to submit a final report to the Legislature no later than December 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes the testimony submitted by the Hawaii Dental Association that recommends the membership of the task force include more dentists and that at least one dentist from each county should be invited to serve on the Oral Health Task Force.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 33, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 33, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1652 Health & Homelessness on H.C.R. No. 32

The purpose of this measure is to convene an oral health task force to review information on the status of oral health in the state and make recommendation to improve oral health infrastructure in Hawaii.

Your Committee received testimony in support of this measure from Disability and Communication Access Board, the Hawaii Dental Association. Your Committee received testimony offering comments on this measure from the Department of Health, Department of Education, Hawaii Oral Health Coalition, Respiratory and Environmental Disabilities Association of Hawaii, and one Individual.

Your Committee has amended this measure by:

- (1) Amending the composition of the task force;
- (2) Requesting the task force to submit an interim report to the Legislature no later than December 1, 2024;
- (3) Requesting the Department of Health to submit a final report to the Legislature no later than December 1, 2025; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes the testimony submitted by the Hawaii Dental Association that recommends the membership of the task force include more dentists and that at least one dentist from each county should be invited to serve on the Oral Health Task Force.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 32, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 32, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1653 Health & Homelessness on H.R. No. 35

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study on the adequacy of elder care on Molokai and Lanai, and in East Maui.

Your Committee received testimony in support of this measure from State Council on Developmental Disabilities. Your Committee received testimony offering comments on this measure from the Legislative Reference Bureau.

Your Committee has amended this measure by:

- (1) Requesting the Executive Office on Aging (EOA), rather than the Legislative Reference Bureau (LRB), to conduct the study on the adequacy of elder care on Molokai and Lanai and in East Maui; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 35, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 35, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1654 Health & Homelessness on H.C.R. No. 34

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study on the adequacy of elder care on Molokai and Lanai, and in East Maui.

Your Committee received testimony in support of this measure from State Council on Developmental Disabilities and three individuals. Your Committee received testimony offering comments on this measure from the Legislative Reference Bureau.

Your Committee has amended this measure by:

- (1) Requesting the Executive Office on Aging (EOA), rather than the Legislative Reference Bureau (LRB), to conduct the study on the adequacy of elder care on Molokai and Lanai and in East Maui; and
- (2) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 34, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 34, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1655 Health & Homelessness on H.R. No. 49

The purpose of this measure is to request the Governor's coordination on homelessness to conduct a study on the cost of programs and services need to end homelessness.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 49 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1656 Health & Homelessness on H.C.R. No. 45

The purpose of this measure is to request the Governor's coordination on homelessness to conduct a study on the cost of programs and services need to end homelessness.

Your Committee received testimony in support of this measure from two Individuals.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 45 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1657 Health & Homelessness on H.R. No. 173

The purpose of this measure is to request the Department of Human Services to perform a study on the Homeless Programs Office to determine if it is allocating adequate funding for each region of Oahu for homeless services.

Your Committee received testimony in support of this measure from Catholic Charities Hawai'i. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that funding for homeless services has stagnated over the years, raising concerns about the sustainability of existing homeless service programs. Your Committee further finds that although the Homeless Programs Office in the Department of Human Services administers contracts on Oahu for shelter, rapid rehousing, permanent supportive housing, and homeless outreach, it is not the only source of State funding for homeless services. Your Committee believes that the time is ripe for a study to determine if the State as a whole is adequately allocating resources to each region on Oahu for homeless services.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Department of Human Services to conduct a study to determine if the government as a whole, rather than just the Homeless Programs Office, is adequately allocating resources to each region on Oahu for homeless services;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 173, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 173, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1658 Health & Homelessness on H.C.R. No. 168

The purpose of this measure is to request the Department of Human Services to perform a study on the Homeless Programs Office to determine if it is allocating adequate funding for each region of Oahu for homeless services.

Your Committee received testimony in support of this measure from Catholic Charities Hawai'i. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that funding for homeless services has stagnated over the years, raising concerns about the sustainability of existing homeless service programs. Your Committee further finds that although the Homeless Programs Office in the Department of Human Services administers contracts on Oahu for shelter, rapid rehousing, permanent supportive housing, and homeless outreach, it is not the only source of State funding for homeless services. Your Committee believes that the time is ripe for a study to determine if the State as a whole is adequately allocating resources to each region on Oahu for homeless services.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Department of Human Services to conduct a study to determine if the government as a whole, rather than just the Homeless Programs Office, is adequately allocating resources to each region on Oahu for homeless services;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 168, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 168, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1659 Housing on H.R. No. 11

The purpose of this measure is to request the Hawaii Housing Finance and Development Corporation to:

- (1) Lower affordable unit income eligibility thresholds; and
- (2) Study increasing the minimum percentage of affordable housing units required in housing projects and cap allowable zoning exemptions for those projects.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that state law authorizes the Hawaii Housing Finance and Development Corporation to develop affordable housing projects that are exempt from all statutes, ordinances, charter provisions, and rules relating to various planning, zoning, and construction standards under certain conditions. The affordable housing programs under the Hawaii Housing Finance and Development Corporation have income requirements and require a certain percentage of units to be affordable. Your Committee notes that the City and County of Honolulu requires at least fifty-one percent of the units in projects with more than thirty units to be set at rents or sale prices at amounts affordable for low- and moderate-income households that meet specific area median income requirements. Your Committee believes there is merit in studying the viability of increasing the minimum percentage of units in a project that must be set aside for certain households in order to qualify for an exemption under chapter 201H, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Deleting language that would have requested the Hawaii Housing Finance and Development Corporation to:
 - (A) Lower the maximum income levels to qualify for affordable rentals under the Corporation's affordable housing programs to reflect qualifications that mirror those of the City and County of Honolulu; and
 - (B) Study the viability of developing a mechanism to cap or limit the number of exemptions an eligible project under the Corporation's affordable housing programs may be granted through zoning;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 11, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 11, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1660 Housing on H.C.R. No. 12

The purpose of this measure is to request the Hawaii Housing Finance and Development Corporation to:

- (1) Lower affordable unit income eligibility thresholds; and
- (2) Study increasing the minimum percentage of affordable housing units required in housing projects and cap allowable zoning exemptions for those projects.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that state law authorizes the Hawaii Housing Finance and Development Corporation to develop affordable housing projects that are exempt from all statutes, ordinances, charter provisions, and rules relating to various planning, zoning, and construction standards under certain conditions. The affordable housing programs under the Hawaii Housing Finance and Development Corporation have income requirements and require a certain percentage of units to be affordable. Your Committee notes that the City and County of Honolulu requires at least fifty-one percent of the units in projects with more than thirty units to be set at rents or sale prices at amounts affordable for low- and moderate-income households that meet specific area median income requirements. Your Committee believes there is merit in studying the viability of increasing the minimum percentage of units in a project that must be set aside for certain households in order to qualify for an exemption under chapter 201H, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Deleting language that would have requested the Hawaii Housing Finance and Development Corporation to:

- (A) Lower the maximum income levels to qualify for affordable rentals under the Corporation's affordable housing programs to reflect qualifications that mirror those of the City and County of Honolulu; and
- (B) Study the viability of developing a mechanism to cap or limit the number of exemptions an eligible project under the Corporation's affordable housing programs may be granted through zoning;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 12, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 12, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1661 Housing on H.R. No. 140

The purpose of this measure is to urge the Hawaii Housing Finance and Development Corporation to promote supportive housing in the State's Low-Income Housing Tax Credit Program.

Your Committee received testimony in support of this measure from Catholic Charities Hawai'i, Hawaii Substance Abuse Coalition, AARP Hawai'i, Pacific Housing Assistance Corporation, and one individual. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that supportive housing combines affordable housing with access to services to help the special needs community live more stable and productive lives. Supportive housing has been demonstrated to decrease high use of emergency services and public systems, ultimately generating significant cost savings to taxpayers.

Your Committee further finds that the Low-Income Housing Tax Credit Program is a major financing tool for the construction or rehabilitation of low-income rental units. The Hawaii Housing Finance and Development Corporation is the administrator for the State of the Low-Income Housing Tax Credit Program and developed a Qualified Allocation Plan that sets forth criteria to evaluate and allocate the Low-Income Housing Tax Credit to certain projects. Your Committee believes it is in the best interest of the State to promote the development of supportive housing under the State's Low-Income Housing Tax Credit Program through an amendment to the Qualified Allocation Plan.

Your Committee notes that the Hawaii Housing Finance and Development Corporation indicated in its testimony that it is too late to amend the 2023-2024 Qualified Allocation Plan. The Corporation also noted it convened a working group in January 2023 to consider changes for the 2024-2025 Qualified Allocation Plan, which is to be approved some time in August 2023. As such, the next opportunity to amend the Qualified Allocation Plan will be in January 2025.

Accordingly, your Committee has amended this measure by:

- (1) Urging the Hawaii Housing Finance and Development Corporation to amend the 2025-2026, rather than the 2023-2024, Qualified Allocation Plan for the Low-Income Housing Tax Credit Program to facilitate supportive Housing; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 140, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 140, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1662 Housing on H.C.R. No. 138

The purpose of this measure is to urge the Hawaii Housing Finance and Development Corporation to promote supportive housing in the State's Low-Income Housing Tax Credit Program.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition, Catholic Charities Hawai'i, AARP Hawai'i, and four individuals. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that supportive housing combines affordable housing with access to services to help the special needs community live more stable and productive lives. Supportive housing has been demonstrated to decrease high use of emergency services and public systems, ultimately generating significant cost savings to taxpayers.

Your Committee further finds that the Low-Income Housing Tax Credit Program is a major financing tool for the construction or rehabilitation of low-income rental units. The Hawaii Housing Finance and Development Corporation is the administrator for the State of the Low-Income Housing Tax Credit Program and developed a Qualified Allocation Plan that sets forth criteria to evaluate and allocate the Low-Income Housing Tax Credit to certain projects. Your Committee believes it is in the best interest of the State to promote the development of supportive housing under the State's Low-Income Housing Tax Credit Program through an amendment to the Qualified Allocation Plan.

Your Committee notes that the Hawaii Housing Finance and Development Corporation indicated in its testimony that it is too late to amend the 2023-2024 Qualified Allocation Plan. The Corporation also noted it convened a working group in January 2023 to consider changes for the 2024-2025 Qualified Allocation Plan, which is to be approved some time in August 2023. As such, the next opportunity to amend the Qualified Allocation Plan will be in January 2025.

Accordingly, your Committee has amended this measure by:

- (1) Urging the Hawaii Housing Finance and Development Corporation to amend the 2025-2026, rather than the 2023-2024, Qualified Allocation Plan for the Low-Income Housing Tax Credit Program to facilitate supportive Housing; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 138, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 138, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1663 Health & Homelessness on H.R. No. 209

The purpose of this measure recognizes and supports ongoing collaborative efforts by state agencies and private organizations to implement the "hep free 2030" statewide strategy to eliminate viral hepatitis types a, b, and c in Hawaii.

Your Committee received testimony in support of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 209 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1664 Health & Homelessness on H.C.R. No. 205

The purpose of this measure recognizes and supports ongoing collaborative efforts by state agencies and private organizations to implement the "hep free 2030" statewide strategy to eliminate viral hepatitis types a, b, and c in Hawaii.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Harm Reduction Center, HepFree Hawaii and eight individuals.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 205 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1665 Health & Homelessness on H.R. No. 108

The purpose of this measure is to request the Department of Health to convene a working group to review and update the relevant chapters of the Hawaii Revised Statutes that relate to mental health and involuntary transport, examination, hospitalization, and treatment, including assisted community treatment.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received comments on this measure from Legislative Reference Bureau.

Your Committee has amended this measure by:

- (1) Replacing the leadership role from Legislative Reference Bureau to Department of Health; and
- (2) Amending the date report due date to 20 days before the opening of the 2024 Legislative Session; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 108, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 108, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1666 Health & Homelessness on H.C.R. No. 101

The purpose of this measure is to request the Department of Health to convene a working group to review and update the relevant chapters of the Hawaii Revised Statutes that relate to mental health and involuntary transport, examination, hospitalization, and treatment, including assisted community treatment.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received comments on this measure from Legislative Reference Bureau.

Your Committee has amended this measure by:

- (1) Replacing the leadership role from Legislative Reference Bureau to Department of Health; and
- (2) Amending the date report due date to 20 days before the opening of the 2024 Legislative Session; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 101, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 101, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1667 Energy & Environmental Protection on H.R. No. 197

The purpose of this measure is to urge the Hawaii Climate Change Mitigation and Adaptation Commission to develop a proactive and comprehensive communication strategy to educate Hawaii's residents about the health impacts of the climate crisis.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Hawaii remains particularly vulnerable to the effects of climate change, thereby endangering the health, safety, and welfare of its people and warranting preemptive and protective action. This measure requests the Hawaii Climate Change Mitigation and Adaptation Commission to develop a comprehensive communication strategy to inform the public of the full spectrum of public health risks posed by the climate crisis.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 197 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1668 Energy & Environmental Protection on H.C.R. No. 192

The purpose of this measure is to urge the Hawaii Climate Change Mitigation and Adaptation Commission to develop a proactive and comprehensive communication strategy to educate Hawaii's residents about the health impacts of the climate crisis.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Climate Change Mitigation & Adaptation Commission, and Blue Planet Foundation. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Hawaii remains particularly vulnerable to the effects of climate change, thereby endangering the health, safety, and welfare of its people and warranting preemptive and protective action. This measure requests the Hawaii Climate Change Mitigation and Adaptation Commission to develop a comprehensive communication strategy to inform the public of the full spectrum of public health risks posed by the climate crisis.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 192 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1669 Energy & Environmental Protection on H.R. No. 37

The purpose of this measure is to support the Hawaii State Energy Office in the establishment of an integrated Hawaii Pacific Hydrogen Hub.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawai'i System; Hawaii State Energy Office; Servco Pacific Inc.; and Hawai'i Gas.

Your Committee finds that the Infrastructure Investment and Jobs Act includes funding to establish six to ten regional clean hydrogen hubs across the United States to be a central driver in helping communities benefit from clean energy investments, good-paying jobs, and improved energy security. Your Committee further finds that the State was encouraged to proceed to a full application for its integrated Hawaii Pacific Hydrogen Hub for the United States Department of Energy Regional Clean Hydrogen Hubs funding opportunity. This measure supports the efforts of the Hawaii State Energy Office to establish a Hawaii Pacific Hydrogen Hub to provide economic vitality and greater energy security for the people of Hawaii and the Pacific region.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 37 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1670 Energy & Environmental Protection on H.C.R. No. 35

The purpose of this measure is to support the Hawaii State Energy Office in the establishment of an integrated Hawaii Pacific Hydrogen Hub.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawai'i System; Hawaii State Energy Office; Servco Pacific Inc.; Hawai'i Gas; and one individual.

Your Committee finds that the Infrastructure Investment and Jobs Act includes funding to establish six to ten regional clean hydrogen hubs across the United States to be a central driver in helping communities benefit from clean energy investments, good-paying jobs, and improved energy security. Your Committee further finds that the State was encouraged to proceed to a full application for its integrated Hawaii Pacific Hydrogen Hub for the United States Department of Energy Regional Clean Hydrogen Hubs funding opportunity. This measure supports the efforts of the Hawaii State Energy Office to establish a Hawaii Pacific Hydrogen Hub to provide economic vitality and greater energy security for the people of Hawaii and the Pacific region.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 35 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1671 Energy & Environmental Protection on H.R. No. 20

The purpose of this measure is to request the Hawaii State Energy Office to engage the United States Department of Energy to establish a permanent presence within the State of Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs; Hawaii State Energy Office; and Hawaiian Electric.

Your Committee finds that Hawaii has established itself as a global leader on energy policy by committing to certain clean energy and climate change-related goals. Your Committee further finds that the United States Department of Energy has a long-established presence in Hawaii through collaboration among its various offices and national laboratories with state and county agencies, the private sector, and local communities. This measure would continue to transform Hawaii's energy system through collaboration by promoting clean energy in the State and throughout the Indo-Pacific region.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 20 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1672 Energy & Environmental Protection on H.C.R. No. 17

The purpose of this measure is to request the Hawaii State Energy Office to engage the United States Department of Energy to establish a permanent presence within the State of Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of Commerce and Consumer Affairs; Hawaii State Energy Office; and Hawaiian Electric.

Your Committee finds that Hawaii has established itself as a global leader on energy policy by committing to certain clean energy and climate change-related goals. Your Committee further finds that the United States Department of Energy has a long-established presence in Hawaii through collaboration among its various offices and national laboratories with state and county agencies, the private sector, and local communities. As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 17 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1673 Energy & Environmental Protection on H.R. No. 122

The purpose of this measure is to urge the counties to include townhomes in the residential permitting process for the installation of solar panels.

Your Committee received testimony in support of this measure from 350Hawaii.org, Hawaii Solar Energy Association, and Kauai Climate Action Coalition.

Your Committee finds that commercial permits are required for solar panel installations for townhomes, while these installations for single-family homes require only a residential permit. This policy prevents thousands of townhome owners from contributing to Hawaii's renewable energy goals, which jeopardizes the State's energy security and its goal of reaching one hundred percent clean energy by 2045. Allowing more residents to install solar panels would contribute to the stabilization of Hawaii's energy grid and the provision of alternate means of power in the event of an emergency.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 122 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1674 Energy & Environmental Protection on H.C.R. No. 117

The purpose of this measure is to urge the counties to include townhomes in the residential permitting process for the installation of solar panels.

Your Committee received testimony in support of this measure from 350Hawaii.org, Hawaii Solar Energy Association, and one individual.

Your Committee finds that commercial permits are required for solar panel installations for townhomes, while these installations for single-family homes require only a residential permit. This policy prevents thousands of townhome owners from contributing to Hawaii's renewable energy goals, which jeopardizes the State's energy security and its goal of reaching one hundred percent clean energy by 2045. Allowing more residents to install solar panels would contribute to the stabilization of Hawaii's energy grid and the provision of alternate means of power in the event of an emergency.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 117 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1675 Energy & Environmental Protection on H.R. No. 125

The purpose of this measure is to urge the United States Congress to pass national carbon fee and dividend legislation.

Your Committee received testimony in support of this measure from the Youth Action Team of the Hawai'i Citizens' Climate Lobby, Kauai Climate Action Coalition, Citizens' Climate Lobby – Hawaii, Carbon Cashback Task Force, and numerous individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that carbon dioxide is a major greenhouse gas and its concentration in the atmosphere has been increasing rapidly for more than sixty years. Your Committee further finds that many climate change impacts are anticipated for the State, including increases in ocean and air temperatures, sea level rise, droughts, severe weather patterns, ocean acidification, and more frequent and severe wildfires. Imposing a tax on the burning of fossil fuels and returning the revenues to households as a carbon fee and dividend is an effective and equitable way to substantially reduce greenhouse gas emissions and their effects on climate change.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 125 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1676 Energy & Environmental Protection on H.C.R. No. 124

The purpose of this measure is to urge the United States Congress to pass national carbon fee and dividend legislation.

Your Committee received testimony in support of this measure from the Youth Action Team of the Hawai'i Citizens' Climate Lobby, Kauai Climate Action Coalition, Citizens' Climate Lobby – Hawaii, Carbon Cashback Task Force, and numerous individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that carbon dioxide is a major greenhouse gas and its concentration in the atmosphere has been increasing rapidly for more than sixty years. Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1677 Energy & Environmental Protection on H.R. No. 201

The purpose of this measure is to urge the Government of Japan to halt its plans to dump wastewater from the Fukushima-Daiichi Nuclear Power Plant into the Pacific Ocean.

Your Committee received testimony in support of this measure from Friends of Hanauma Bay, Animal Welfare Institute, For the Fishes, Hawai'i Reef and Ocean Coalition, Hawai'i Public Health Association, SGI-USA, and numerous individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that on March 11, 2011, Japan experienced the strongest earthquake in its recorded history, triggering a tsunami in the Tohoku region that impacted the lives of hundreds of thousands of people and caused the meltdown of three nuclear reactors at the Fukushima-Daiichi Nuclear Power Plant. Efforts to mitigate the effects of the impacted nuclear reactors have resulted in thousands of tanks of nuclear wastewater. In 2021, Japan decided to release the treated nuclear wastewater into the ocean, a process that had been scheduled to begin in early 2022 but has been postponed and, if commenced, is expected to continue over the course of forty years. However, the impacts of that release of nuclear wastewater could have detrimental environmental and health effects. This measure urges Japan to halt its plans to release the wastewater and consider other alternatives.

Your Committee has amended this measure by:

- (1) Deleting provisions that expressed disappointment in Japan's decision to release the nuclear wastewater into the Pacific Ocean; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 201, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 201, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1678 Energy & Environmental Protection on H.C.R. No. 196

The purpose of this measure is to urge the Government of Japan to halt its plans to dump wastewater from the Fukushima-Daiichi Nuclear Power Plant into the Pacific Ocean.

Your Committee received testimony in support of this measure from Friends of Hanauma Bay, Animal Welfare Institute, For the Fishes, Hawai'i Reef and Ocean Coalition, Hawai'i Public Health Association, and nine individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that on March 11, 2011, Japan experienced the strongest earthquake in its recorded history, triggering a tsunami in the Tohoku region that impacted the lives of hundreds of thousands of people and caused the meltdown of three nuclear reactors at the Fukushima-Daiichi Nuclear Power Plant. Efforts to mitigate the effects of the impacted nuclear reactors have resulted in thousands of tanks of nuclear wastewater. In 2021, Japan decided to release the treated nuclear wastewater into the ocean, a process that had been scheduled to begin in early 2022 but has been postponed and, if commenced, is expected to continue over the course of forty years. However, the impacts of that release of nuclear wastewater could have detrimental environmental and health effects. This measure urges Japan to halt its plans to release the wastewater and consider other alternatives.

Your Committee has amended this measure by:

- (1) Deleting provisions that expressed disappointment in Japan's decision to release the nuclear wastewater into the Pacific Ocean; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 196, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 196, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1679 Energy & Environmental Protection on H.R. No. 115

The purpose of this measure is to request the Department of Health's Solid Waste Section to develop a plan of initiatives for improved waste diversion by working with the counties to address each county's unique needs according to its geography, population, and industry make-up.

Your Committee received testimony in support of this measure from the Iron Workers Stabilization Fund and International Association of Bridge, Structural, Ornamental, and Reinforcing Iron Workers, Local Union No. 625, AFL-CIO.

Your Committee finds that each county's solid waste management agency has autonomy within its county to negotiate, collect, recycle, reuse, or dispose of waste within the county in a manner that reflects that county's unique needs. Additionally, many of the counties' waste management plans and strategies may have statewide applications. This measure explores whether the State's landfill waste diversion initiatives may be more effective if each county's goals were to be incorporated into combined goals for all levels of government.

Your Committee has amended this measure by:

- (1) Clarifying and deleting certain findings;
- (2) Requesting that the Department of Health's Solid Waste Section, subject to the availability of funding, to investigate strategies, rather than develop a plan of initiatives, for improved waste diversion in its work with the counties;
- (3) Clarifying preliminary reporting requirements;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 115, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 115, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1680 Energy & Environmental Protection on H.C.R. No. 109

The purpose of this measure is to request the Department of Health's Solid Waste Section to develop a plan of initiatives for improved waste diversion by working with the counties to address each county's unique needs according to its geography, population, and industry make-up.

Your Committee received testimony in support of this measure from the Iron Workers Stabilization Fund and International Association of Bridge, Structural, Ornamental, and Reinforcing Iron Workers, Local Union No. 625, AFL-CIO. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that each county's solid waste management agency has autonomy within its county to negotiate, collect, recycle, reuse, or dispose of waste within the county in a manner that reflects that county's unique needs. Additionally, many of the counties' waste management plans and strategies may have statewide applications. This measure explores whether the State's landfill waste diversion initiatives may be more effective if each county's goals were to be incorporated into combined goals for all levels of government.

Your Committee has amended this measure by:

- (1) Clarifying and deleting certain findings;
- (2) Requesting that the Department of Health's Solid Waste Section, subject to the availability of funding, to investigate strategies, rather than develop a plan of initiatives, for improved waste diversion in its work with the counties;
- (3) Clarifying preliminary reporting requirements;
- (4) Amending its title in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 109, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 109, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1681 Energy & Environmental Protection on H.R. No. 198

The purpose of this measure is to urge the Governor and state departments to investigate opportunities provided by the direct pay provision in the Inflation Reduction Act that allows for direct payment of clean energy incentives to state government entities for the cost of installing solar energy systems in state facilities.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Hawaii State Energy Office, 350Hawaii.org, and Hawaii Solar Energy Association.

Your Committee finds that installing solar energy systems on state facilities would lower energy use, save money for the State and taxpayers in the long term, and reduce the State's contributions to carbon emissions. Your Committee further finds that the Inflation Reduction Act includes a provision allowing direct payment of clean energy incentives to tax-exempt entities who cannot take advantage of federal tax credits for clean energy, such as states and counties, for activities such as installing solar energy systems, including batteries, on state facilities. This measure encourages state entities to pursue this opportunity and maximize the use of federal funds to reduce the costs of installing renewable energy systems on state facilities.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 198 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1682 Energy & Environmental Protection on H.C.R. No. 193

The purpose of this measure is to urge the Governor and state departments to investigate opportunities provided by the direct pay provision in the Inflation Reduction Act that allows for direct payment of clean energy incentives to state government entities for the cost of installing solar energy systems in state facilities.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Hawaii State Energy Office, Hawaii Green Infrastructure Authority, Hawai'i Climate Change Mitigation & Adaptation Commission, 350Hawaii.org, Blue Planet Foundation, and Hawaii Solar Energy Association.

Your Committee finds that installing solar energy systems on state facilities would lower energy use, save money for the State and taxpayers in the long term, and reduce the State's contributions to carbon emissions. Your Committee further finds that the Inflation Reduction Act includes a provision allowing direct payment of clean energy incentives to tax-exempt entities who cannot take advantage of federal tax credits for clean energy, such as states and counties, for activities such as installing solar energy systems, including batteries, on state facilities. This measure encourages state entities to pursue this opportunity and maximize the use of federal funds to reduce the costs of installing renewable energy systems on state facilities.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 193 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1683 Education on H.R. No. 121

The purpose of this measure is to request a review of the weighted student formula to consider greater allocations for small and remote rural schools.

Your Committee received comments on this measure from the Department of Education and testimony in support of this measure from four individuals.

Your Committee finds that the way schools are funded through the weighted student formula creates a disparity for schools that have small populations and are remote. These schools may struggle to meet the minimum staffing needs for their students. As demographics change across the State your Committee finds it appropriate for the Committee on Weights to reevaluate the consideration given to small and remote schools as requested in this measure.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 121 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1684 Education on H.C.R. No. 116

The purpose of this measure is to request a review of the weighted student formula to consider greater allocations for small and remote rural schools.

Your Committee received comments on this measure from the Department of Education and testimony in support of this measure from Waiahole Elementary School, Pacific American Foundation and seven individuals.

Your Committee finds that the way schools are funded through the weighted student formula creates a disparity for schools that have small populations and are remote. These schools may struggle to meet the minimum staffing needs for their students. As demographics change across the State your Committee finds it appropriate for the Committee on Weights to reevaluate the consideration given to small and remote schools as requested in this measure.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 116 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1685 Education on H.R. No. 124

The purpose of this measure is to request the Board of Education and Department of Education to integrate into the middle and intermediate school curriculum a component that involves the documentary film "Waterman".

Your Committee received testimony in support of this measure from five individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the people of Hawaii descend from a long and storied path of heroes who embody strength, courage, integrity, determination, and humility and have survived tremendous trials by adhering to long-held values of aloha, perseverance, and teamwork. Your Committee further finds that the youth of today have become increasingly unfamiliar with these lessons as they drift farther from the ancient stories and traditional storylines and are instead inundated with modern distractions, such as social media and smartphones, that affect their physical and mental health and cause a shift in whom they idolize and admire.

Your Committee recognizes that a contemporary Hawaiian legend, Duke Paoa Kahinu Mokoe Hulikohola Kahanamoku, was a five-time Olympic medalist in swimming, a pioneer in surfing, and the true Hawaiian ambassador of aloha, serving as a role model from which children should derive value. Your Committee notes that the documentary film entitled "Waterman" highlights the life, times, and challenges of Duke Kahanamoku as a young Native Hawaiian immersed in the western world while faithfully retaining his qualities of aloha. Your Committee finds that integrating the film "Waterman" into the middle and intermediate school curriculum and showing the film to students will provide the students with a strong role model and improve their local self-perception, self-esteem, self-worth, and self-respect.

Your Committee further notes that viewing the film in a theater may result in this initiative failing because of logistical difficulties, expense, and the time that it will take students away from their classroom studies. Your Committee believes that the means of viewing the film should be left up to each school. Your Committee recognizes that the producers of the film will provide the film for free on YouTube.

Accordingly, your Committee has amended this measure by:

- (1) Urging the Department of Education to coordinate with the necessary agencies and stakeholders to provide free access to the film "Waterman" in a format that is accessible to each school, rather than to provide students with transportation to movie theaters to experience the film;
- (2) Deleting certain findings; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 124, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 124, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1686 Education on H.C.R. No. 123

The purpose of this measure is to request the Board of Education and Department of Education to integrate into the middle and intermediate school curriculum a component that involves the documentary film "Waterman".

Your Committee received testimony in support of this measure from the Department of Education and five individuals.

Your Committee finds that the people of Hawaii descend from a long and storied path of heroes who embody strength, courage, integrity, determination, and humility and have survived tremendous trials by adhering to long-held values of aloha, perseverance, and teamwork. Your Committee further finds that the youth of today have become increasingly unfamiliar with these lessons as they drift farther from the ancient stories and traditional storylines and are instead inundated with modern distractions, such as social media and smartphones, that affect their physical and mental health and cause a shift in whom they idolize and admire.

Your Committee recognizes that a contemporary Hawaiian legend, Duke Paoa Kahinu Mokoe Hulikohola Kahanamoku, was a five-time Olympic medalist in swimming, a pioneer in surfing, and the true Hawaiian ambassador of aloha, serving as a role model from which children should derive value. Your Committee notes that the documentary film entitled "Waterman" highlights the life, times, and challenges of Duke Kahanamoku as a young Native Hawaiian immersed in the western world while faithfully retaining his qualities of aloha. Your Committee finds that integrating the film "Waterman" into the middle and intermediate school curriculum and showing the film to students will provide the students with a strong role model and improve their local self-perception, self-esteem, self-worth, and self-respect.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 123, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 123, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1687 Education on H.R. No. 123

The purpose of this measure is to develop a written plan for every public elementary, middle, and high school to provide a unit of instruction in Asian American and Pacific Islander history as part of each school's required curriculum.

Your Committee received testimony with comments on this measure from the Department of Education.

Your Committee finds that teaching students about the contributions of Asian American and Pacific Islander communities to the economic, cultural, social, and political development of the United States could be greatly beneficial and would allow students to feel empowered and to understand their ethnic identities. This measure asks for the incorporation of these histories in the curriculum at different levels of education and will be useful for the Department of Education to review what is already in the curriculum and what might be added.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 123 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1688 Education on H.C.R. No. 122

The purpose of this measure is to develop a written plan for every public elementary, middle, and high school to provide a unit of instruction in Asian American and Pacific Islander history as part of each school's required curriculum.

Your Committee received testimony with comments on this measure from the Department of Education and testimony in support of this measure from one individual.

Your Committee finds that teaching students about the contributions of Asian American and Pacific Islander communities to the economic, cultural, social, and political development of the United States could be greatly beneficial and would allow students to feel empowered and to understand their ethnic identities. This measure asks for the incorporation of these histories in the curriculum at different levels of education and will be useful for the Department of Education to review what is already in the curriculum and what might be added.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 122 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1689 Education on H.R. No. 159

The purpose and intent of this measure is to create a report to use as the basis for increasing access to tutoring 17 services within and outside of Hawaii's K-12 public schools.

Your Committee received testimony in support of this measure from the HawaiiKidsCAN and two individuals.

Your Committee finds that there were deficits in learning due to the COVID-19 pandemic. Your Committee finds that research consistently shows that high dosage tutoring is one of the most effective ways to increase student achievement. Your Committee further finds that there are Federal COVID Relief funds that might be used to provide more high dosage tutoring in our State. Your Committee finds that it is timely to assess what funds are left that might be used for this purpose and to examine how they could be used most effectively to meet the greatest needs as requested in this measure.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 159 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1690 Education on H.C.R. No. 158

The purpose and intent of this measure is to create a report to use as the basis for increasing access to tutoring 17 services within and outside of Hawaii's K-12 public schools.

Your Committee received testimony in support of this measure from the HawaiiKidsCAN, Air Tutors and one individual.

Your Committee finds that there were deficits in learning due to the COVID-19 pandemic. Your Committee finds that research consistently shows that high dosage tutoring is one of the most effective ways to increase student achievement. Your Committee further finds that there are Federal COVID Relief funds that might be used to provide more high dosage tutoring in our State. Your Committee finds that it is timely to assess what funds are left that might be used for this purpose and to examine how they could be used most effectively to meet the greatest needs as requested in this measure.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1691 Education on H.R. No. 145

The purpose of this measure is to develop a measurable plan to increase Hawaiian language education in every complex

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Hawaii State Teachers Association, 'Aha Kauleo and six individuals.

Your Committee finds that after prohibiting the use of 'Olelo Hawai'i in public schools, the State of Hawaii recognized that error and enacted policies to support the use and teaching of the Hawaiian language, including Hawaii Board of Education Policy 105.7, which provides for the integration of Hawaiian language and culture into the curriculum and educational programs of public schools. Your Committee finds that despite progress made, there is still a need to increase the accessibility of Hawaiian language education in every complex throughout the State. Your Committee finds that this measure will help formulate a plan, and importantly, will make this plan stronger by including teachers, educators, and community members who are passionate about this issue.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 145 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1692 Education on H.C.R. No. 143

The purpose of this measure is to develop a measurable plan to increase Hawaiian language education in every complex

Your Committee received testimony in support of this measure from the Department of Education, University of Hawaii, Hawaii State Teachers Association, 'Aha Kauleo and five individuals.

Your Committee finds that after prohibiting the use of 'Olelo Hawai'i in public schools, the State of Hawaii recognized that error and enacted policies to support the use and teaching of the Hawaiian language, including Hawaii Board of Education Policy 105.7, which provides for the integration of Hawaiian language and culture into the curriculum and educational programs of public schools. Your Committee finds that despite progress made, there is still a need to increase the accessibility of Hawaiian language education in every complex throughout the State. Your Committee finds that this measure will help formulate a plan, and importantly, will make this plan stronger by including teachers, educators, and community members who are passionate about this issue.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 143 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1693 Education on H.R. No. 210

The purpose of this measure is to request the Department of Education to report to the Legislature on the feasibility of stocking bronchodilators for emergency use during respiratory distress and authorizing Department of Education employees to volunteer to administer bronchodilators.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Public Health Institute, Hawai'i Children's Action Network Speaks!, Hawaii Medical Association, Hawai'i State Center for Nursing, American Lung Association in Hawaii, and four individuals.

Your Committee finds that, according to the Department of Health, more than one hundred ten thousand residents are living with asthma and approximately one-third of those residents are children. Your Committee further finds that short-acting bronchodilators, commonly referred to as albuterol inhalers, can be life-saving, are easy to administer, inexpensive, and very safe that can be easily administered by non-medical personnel who have adequate training on its use. Your Committee believes that evaluating the feasibility of stocking bronchodilators in schools and allowing Department of Education employees to volunteer to administer bronchodilators is needed to ensure that children with asthma can properly access the medication they need in a school setting.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 210, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 210, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1694 Education on H.C.R. No. 206

The purpose of this measure is to request the Department of Education to report to the Legislature on the feasibility of stocking bronchodilators for emergency use during respiratory distress and authorizing Department of Education employees to volunteer to administer bronchodilators.

Your Committee received testimony in support of this measure from the Department of Education, Hawai'i Public Health Institute, Hawai'i Children's Action Network Speaks!, Hawaii Medical Association, Hawai'i State Center for Nursing, American Lung Association in Hawaii, and three individuals.

Your Committee finds that, according to the Department of Health, more than one hundred ten thousand residents are living with asthma and approximately one-third of those residents are children. Your Committee further finds that short-acting bronchodilators, commonly referred to as albuterol inhalers, can be life-saving, are easy to administer, inexpensive, and very safe that can be easily administered by non-medical personnel who have adequate training on its use. Your Committee believes that evaluating the feasibility of stocking bronchodilators in schools and allowing Department of Education employees to volunteer to administer bronchodilators is needed to ensure that children with asthma can properly access the medication they need in a school setting.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 206, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 206, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1695 Education on H.R. No. 185

The purpose of this measure is requesting the Board of Education to report on ways to increase access to extended learning opportunities or course credits for non-traditional and external learning experiences

Your committee received testimony in support from Hawaii KidsCAN, Leaders for Hawaii's Future, and 2 individuals.

Your committee finds that both student who struggle with a traditional model of learning as well as those that succeed in it can benefit from learning opportunities outside of school such as internships, apprenticeships, capstones, independent study, online coursework, community service, and work-based learning programs. Your committee finds there is already an Alternative Learning Programs Branch at the Department of Education which provides statewide support for at-promise students, for whom the traditional model of education has not worked. This measure lays the groundwork for expanding opportunities for credit-bearing alternative learning for all students across the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 185 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1696 Education on H.C.R. No. 180

The purpose of this measure is requesting the Board of Education to report on ways to increase access to extended learning opportunities or course credits for non-traditional and external learning experiences

Your committee received testimony from Hawaii KidsCAN and 1 individual in support.

Your committee finds that both student who struggle with a traditional model of learning as well as those that succeed in it can benefit from learning opportunities outside of school such as internships, apprenticeships, capstones, independent study, online coursework, community service, and work-based learning programs. Your committee finds there is already an Alternative Learning Programs Branch at the Department of Education which provides statewide support for at-promise students, for whom the traditional model of education has not worked. This measure lays the groundwork for expanding opportunities for credit-bearing alternative learning for all students across the State.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 180 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1697 Tourism on H.R. No. 177

The purpose of this measure is to urge the Hawai'i Tourism Authority, in consultation with the Office of Enterprise Technology Services, to conduct a study on the social and safety impacts of geotagging.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that geotagging allows an individual to share the location where a video or picture was taken or where the user of a device or application is currently located. While geotagging has many consumer and marketing benefits, there are many unintended social and safety impacts of the use of geotagging. Geotagging is one of the many factors contributing to overtourism in the State and to the increase in safety concerns as locations that do not have the infrastructure to support thousands of visitors on a daily basis are beginning to see a significant increase in traffic. Your Committee believes that the social and safety impacts of geotagging must be studied in depth to get a better understanding of any further unintended consequences.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 177 and recommends that it be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Nakamura, Pierick).

SCRep. 1698 Tourism on H.C.R. No. 172

The purpose of this measure is to urge the Hawai'i Tourism Authority, in consultation with the Office of Enterprise Technology Services, to conduct a study on the social and safety impacts of geotagging.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that geotagging allows an individual to share the location where a video or picture was taken or where the user of a device or application is currently located. While geotagging has many consumer and marketing benefits, there are many unintended social and safety impacts of the use of geotagging. Geotagging is one of the many factors contributing to overtourism in the State and to the increase in safety concerns as locations that do not have the infrastructure to support thousands of visitors on a daily basis are beginning to see a significant increase in traffic. Your Committee believes that the social and safety impacts of geotagging must be studied in depth to get a better understanding of any further unintended consequences.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 172 and recommends that it be referred to your Committee on Higher Education & Technology.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 2 (Nakamura, Pierick).

SCRep. 1699 Judiciary & Hawaiian Affairs on H.R. No. 65

The purpose of this measure is to request the Attorney General to convene a task force to research the laws, ordinances, and rules prohibiting conduct on or near school grounds, or for the general protection of children attending school, and to distribute a summary of those laws to State and County buildings for public display.

Your Committee received testimony in support from five individuals.

Your Committee has amended this measure by replacing the Attorney General with the Legislative Reference Bureau. Your Committee has also amended this measure by deleting the references to convening a task force and asking the Legislative Reference Bureau instead solely to conduct research.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 65, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 65, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1700 Judiciary & Hawaiian Affairs on H.C.R. No. 63

The purpose of this measure is to request the Attorney General to convene a task force to research the laws, ordinances, and rules prohibiting conduct on or near school grounds, or for the general protection of children attending school, and to distribute a summary of those laws to State and County buildings for public display.

Your Committee received testimony in support from five individuals. Your Committee received testimony in opposition from the Attorney General.

Your Committee has amended this measure by replacing the Attorney General with the Legislative Reference Bureau. Your Committee has also amended this measure by deleting the references to convening a task force and asking the Legislative Reference Bureau instead solely to conduct research.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 63, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 63, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1701 Higher Education & Technology on H.R. No. 77

The purpose of this measure is to urge the University of Hawaii to establish a Restorative Justice Research Institute, or Hookaulike, at the William S. Richardson School of Law.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

Your Committee finds that the criminal justice system in Hawaii has a disparate impact on Native Hawaiians, Pacific Islanders, and other persons of color. The collaborative efforts contemplated by this measure are an acknowledgment of the complexity of challenges often confronting people involved in the criminal legal system and a step toward progress in shifting to a focus on restoration and healing.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 77 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1702 Higher Education & Technology on H.C.R. No. 76

The purpose of this measure is to urge the University of Hawaii to establish a Restorative Justice Research Institute, or Hookaulike, at the William S. Richardson School of Law.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Hawaii Correctional System Oversight Commission, and one individual.

Your Committee finds that the criminal justice system in Hawaii has a disparate impact on Native Hawaiians, Pacific Islanders, and other persons of color. The collaborative efforts contemplated by this measure are an acknowledgment of the complexity of challenges often confronting people involved in the criminal legal system and a step toward progress in shifting to a focus on restoration and healing.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 76 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1703 Higher Education & Technology on H.R. No. 144

The purpose of this measure is to request the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to convene a working group to evaluate updating its extension sites.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

Your Committee finds that modern agricultural research, extension, and education facilities provide the foundation for cutting-edge research and applied science solutions that address climate change, agricultural profitability, food safety, biosecurity, nutrition, and food security. Despite the recognized importance of these facilities and the work they pursue, the College of Tropical Agriculture and Human Resources is facing unprecedented infrastructure challenges due to years of underinvestment and deferred maintenance. Your Committee further finds that convening a working group to evaluate updating the college's extension sites will help to identify investments that will in turn spur new economic opportunities and innovations for farmers, ranchers, and producers across the State.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 144 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1704 Higher Education & Technology on H.C.R. No. 142

The purpose of this measure is to request the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to convene a working group to evaluate updating its extension sites.

Your Committee received testimony in support of this measure from the University of Hawai'i System.

Your Committee finds that modern agricultural research, extension, and education facilities provide the foundation for cutting-edge research and applied science solutions that address climate change, agricultural profitability, food safety, biosecurity, nutrition, and food security. Despite the recognized importance of these facilities and the work they pursue, the College of Tropical Agriculture and Human Resources is facing unprecedented infrastructure challenges due to years of underinvestment and deferred maintenance. Your Committee further finds that convening a working group to evaluate updating the college's extension sites will help to identify investments that will in turn spur new economic opportunities and innovations for farmers, ranchers, and producers across the State.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 142 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1705 Higher Education & Technology on H.R. No. 143

The purpose of this measure is to urge the University of Hawaii to convene a working group to create a plan for the establishment of a maritime college and establish a maritime college.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Inlandboatmen's Union of the Pacific – Hawaii Region; Hawai'i State AFL-CIO; International Longshore & Warehouse Union Local 142; and one individual.

Your Committee finds that the maritime industry is an important part of the State's critical supply chain and building capacity in the port, maritime, and marine workforce will bring added stability to resources the State depends upon. There is no maritime college in the State and maritime workers must leave the State for training in licensed and unlicensed maritime career pathways.

Your Committee further finds that the University of Hawaii has emerged as a leader in ocean-based education and research and adding an ocean-based workforce development program is a practical addition to this work. The establishment of a maritime college as part of the University of Hawaii System would encourage the development of a local workforce in maritime and related marine industries.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 143 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1706 Higher Education & Technology on H.C.R. No. 141

The purpose of this measure is to urge the University of Hawaii to convene a working group to create a plan for the establishment of a maritime college and establish a maritime college.

Your Committee received testimony in support of this measure from the University of Hawai'i System; Inlandboatmen's Union of the Pacific – Hawaii Region; Hawai'i State AFL-CIO; and International Longshore & Warehouse Union Local 142. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the maritime industry is an important part of the State's critical supply chain and building capacity in the port, maritime, and marine workforce will bring added stability to resources the State depends upon. There is no maritime college in the State and maritime workers must leave the State for training in licensed and unlicensed maritime career pathways.

Your Committee further finds that the University of Hawaii has emerged as a leader in ocean-based education and research and adding an ocean-based workforce development program is a practical addition to this work. The establishment of a maritime college as part of the University of Hawaii System would encourage the development of a local workforce in maritime and related marine industries.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 141 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1707 Agriculture & Food Systems on H.R. No. 180

The purpose of this measure is to request the Department of Agriculture to:

- (1) Study organic pesticides that are currently licensed or authorized for use in the State; and
- (2) Find organic pesticides that are not currently licensed or authorized for use, or otherwise prohibited, in the State, and test those organic pesticides for authorized use in the State.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that in recent years, organic pesticides have emerged as a popular alternative to conventional synthetic pesticides. Your Committee further finds that identifying additional organic pesticides that can be authorized for use in the State would bolster Hawaii's agricultural sustainability while minimizing lasting environmental effects.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 180 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1708 Agriculture & Food Systems on H.C.R. No. 175

The purpose of this measure is to request the Department of Agriculture to:

- (1) Study organic pesticides that are currently licensed or authorized for use in the State; and

- (2) Find organic pesticides that are not currently licensed or authorized for use, or otherwise prohibited, in the State, and test those organic pesticides for authorized use in the State.

Your Committee received testimony in support of this measure from numerous individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Agriculture and one individual.

Your Committee finds that in recent years, organic pesticides have emerged as a popular alternative to conventional synthetic pesticides. Your Committee further finds that identifying additional organic pesticides that can be authorized for use in the State would bolster Hawaii's agricultural sustainability while minimizing lasting environmental effects.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 175 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1709 Agriculture & Food Systems on H.R. No. 132

The purpose of this measure is to request the Department of Agriculture to conduct a study to recommend appropriate labeling requirements for Hawaii-grown tea.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau and one individual. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee acknowledges that the leaves of tea grown in the State's volcanic soil can embody a distinct and unique flavor of citrus and a subtle honey-like sweetness. These unique qualities of taste create the potential for Hawaii-grown tea to become a premium agricultural commodity. Your Committee further finds that labeling requirements for Hawaii-grown tea would help to protect and promote the viability of the budding tea industry in the State and that the Department of Agriculture is well suited to study and recommend such requirements.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 132 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1710 Agriculture & Food Systems on H.C.R. No. 131

The purpose of this measure is to request the Department of Agriculture to conduct a study to recommend appropriate labeling requirements for Hawaii-grown tea.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau and Hawaii Volcanic Tea LP. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee acknowledges that the leaves of tea grown in the State's volcanic soil can embody a distinct and unique flavor of citrus and a subtle honey-like sweetness. These unique qualities of taste create the potential for Hawaii-grown tea to become a premium agricultural commodity. Your Committee further finds that labeling requirements for Hawaii-grown tea would help to protect and promote the viability of the budding tea industry in the State and that the Department of Agriculture is well suited to study and recommend such requirements.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 131 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1711 Water & Land on H.R. No. 27

The purpose of this measure is to request the Auditor to conduct a performance audit of the operations and management of the Department of Land and Natural Resources' Division of Boating and Ocean Recreation.

Your Committee received testimony in support of this measure from the Wailoa River and Reeds Bay Boating and Users Association and twelve individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that community members have expressed numerous concerns about the Division of Boating and Ocean Recreation, particularly its lack of effective communication with the boating community, an inconsistent approach to interpreting and enforcing administrative rules, and issues of employee misconduct complaints and ethics violations. The Office of the Auditor previously conducted a management audit of state boating facilities operations from July 1, 1998, to June 30, 2000, and in April 2001 issued a report finding that mismanagement of state boating facilities has been a recurring problem. Given these long-standing, persistent concerns, your Committee further finds it is in the public interest for the Auditor to conduct a performance audit of the current operations and management of the Division.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 27 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1712 Water & Land on H.C.R. No. 25

The purpose of this measure is to request the Auditor to conduct a performance audit of the operations and management of the Department of Land and Natural Resources' Division of Boating and Ocean Recreation.

Your Committee received testimony in support of this measure from the Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that community members have expressed numerous concerns about the Division of Boating and Ocean Recreation, particularly its lack of effective communication with the boating community, an inconsistent approach to interpreting and enforcing administrative rules, and issues of employee misconduct complaints and ethics violations. The Office of the Auditor previously conducted a management audit of state boating facilities

operations from July 1, 1998, to June 30, 2000, and in April 2001 issued a report finding that mismanagement of state boating facilities has been a recurring problem. Given these long-standing, persistent concerns, your Committee further finds it is in the public interest for the Auditor to conduct a performance audit of the current operations and management of the Division.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 25 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1713 Water & Land on H.R. No. 30

The purpose of this measure is to request the Legislative Reference Bureau to study potential solutions for the legal and physical situation at Sunset Memorial Park in Pearl City, Oahu, and make recommendations for a long-term management plan.

Your Committee received testimony in support of this measure from the Pearl City Neighborhood Board No. 21. Your Committee received comments on this measure from the Legislative Reference Bureau.

Your Committee finds that the company that owned Sunset Memorial Park involuntarily dissolved in 2006 and the company's owner passed away in 2011, leaving the property in legal limbo. As a result, Sunset Memorial Park has been in a state of disrepair and deterioration for many years, with little to no relief for the loved ones of those buried there.

Your Committee has amended this measure by:

- (1) Requesting the Department of Commerce and Consumer Affairs, rather than the Legislative Reference Bureau, to study potential solutions and make recommendations for a long-term management plan for Sunset Memorial Park; and
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 30, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 30, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1714 Water & Land on H.C.R. No. 29

The purpose of this measure is to request the Legislative Reference Bureau to study potential solutions for the legal and physical situation at Sunset Memorial Park in Pearl City, Oahu, and make recommendations for a long-term management plan.

Your Committee received testimony in support of this measure from the Pearl City Neighborhood Board No. 21 and nine individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Legislative Reference Bureau.

Your Committee finds that the company that owned Sunset Memorial Park involuntarily dissolved in 2006 and the company's owner passed away in 2011, leaving the property in legal limbo. As a result, Sunset Memorial Park has been in a state of disrepair and deterioration for many years, with little to no relief for the loved ones of those buried there.

Your Committee has amended this measure by:

- (1) Requesting the Department of Commerce and Consumer Affairs, rather than the Legislative Reference Bureau, to study potential solutions and make recommendations for a long-term management plan for Sunset Memorial Park; and
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 29, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 29, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1715 Water & Land on H.R. No. 44

The purpose of this measure is to request the Hawaii Emergency Management Agency, in conjunction with the Harbors Division of the Department of Transportation, to establish a two-year task force to address the key findings of the July 2022 Resiliency Assessment report of the Hawaii Maritime Transportation Regional Resiliency Assessment Program Project and plan for related resiliency enhancements.

Your Committee received testimony in support of this measure from the Hawaii Emergency Management Agency; Hawaii Harbor Users Group; and Matson Navigation Company, Inc.

Your Committee finds that the Port of Honolulu is a vital link in Hawaii's statewide supply chain, accounting for roughly ninety percent of imported and exported goods and serving as a transfer hub for nearly all goods bound for the neighbor islands. Your Committee further finds that, although Pearl Harbor and Daniel K. Inouye International Airport provide some supply-chain capacity, a natural disaster such as a hurricane that makes landfall and damages the Port of Honolulu would likely also damage those nearby alternate sites.

Your Committee supports robust planning for port enhancements, alternate supply chain configurations, and other improvements to protect the people and property of Hawaii and, through measures such as this, the resiliency of the State's maritime transportation industry.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 44 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1716 Water & Land on H.C.R. No. 40

The purpose of this measure is to request the Hawaii Emergency Management Agency, in conjunction with the Harbors Division of the Department of Transportation, to establish a two-year task force to address the key findings of the July 2022 Resiliency Assessment report of the Hawaii Maritime Transportation Regional Resiliency Assessment Program Project and plan for related resiliency enhancements.

Your Committee received testimony in support of this measure from the Hawaii Emergency Management Agency; Hawaii Harbor Users Group; and Matson Navigation Company, Inc.

Your Committee finds that the Port of Honolulu is a vital link in Hawaii's statewide supply chain, accounting for roughly ninety percent of imported and exported goods and serving as a transfer hub for nearly all goods bound for the neighbor islands. Your Committee further finds that, although Pearl Harbor and Daniel K. Inouye International Airport provide some supply-chain capacity, a natural disaster such as a hurricane that makes landfall and damages the Port of Honolulu would likely also damage those nearby alternate sites.

Your Committee supports robust planning for port enhancements, alternate supply chain configurations, and other improvements to protect the people and property of Hawaii and, through measures such as this, the resiliency of the State's maritime transportation industry.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 40 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1717 Water & Land on H.R. No. 71

The purpose of this measure is to request collaboration between various agencies to update chapter 343, Hawaii Revised Statutes, to reflect all factors that shall be considered for the environmental impact statement process, and request public forums be held on the future use of state lands currently leased to the military.

Your Committee received testimony in support of this measure from the University of Hawai'i System. Your Committee received comments on this measure from the Department of Land and Natural Resources, Office of Planning and Sustainable Development, and State Environmental Advisory Council.

Your Committee finds that the United States Army's sixty-five-year lease of approximately twenty-three thousand acres on Hawaii Island is scheduled to expire in August 2029. Before a new military lease can be issued for these lands, an environmental impact statement and public review of the proposed use must be completed. Your Committee further finds that there is a concern that private entities contracted with the United States Army to prepare the necessary study and documents may be incentivized to find that the proposed use of the land would have "no significant impact" as such a finding would encourage the United States Army to use the services of the private entity in the future. This measure is intended to ensure that the environmental impact of any proposed use of state lands by the United States Army or other military branches are accurately assessed by requesting the Department of Land and Natural Resources, Office of Planning and Sustainable Development, Environmental Advisory Council, and University of Hawai'i to collaborate to develop and recommend amendments to chapter 343, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Requesting the Office of Planning and Sustainable Development, rather than the Department of Land and Natural Resources, to post the report and proposed amendments to its website;
- (2) Requesting the Environmental Advisory Council, Office of Planning and Sustainable Development, and Department of Land and Natural Resources to convene public forums in communities near state lands that are currently leased to the military by December 31, 2024;
- (3) Changing its title to make technical amendments; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 71, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 71, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1718 Water & Land on H.C.R. No. 70

The purpose of this measure is to request collaboration between various agencies to update chapter 343, Hawaii Revised Statutes, to reflect all factors that shall be considered for the environmental impact statement process, and request public forums be held on the future use of state lands currently leased to the military.

Your Committee received testimony in support of this measure from the University of Hawai'i System and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources, Office of Planning and Sustainable Development, and State Environmental Advisory Council.

Your Committee finds that the United States Army's sixty-five-year lease of approximately twenty-three thousand acres on Hawaii Island is scheduled to expire in August 2029. Before a new military lease can be issued for these lands, an environmental impact statement and public review of the proposed use must be completed. Your Committee further finds that there is a concern that private entities contracted with the United States Army to prepare the necessary study and documents may be incentivized to find that the proposed use of the land would have "no significant impact" as such a finding would encourage the United States Army to use the services of the private entity in the future. This measure is intended to ensure that the environmental impact of any proposed use of state lands by the United States Army or other military branches are accurately assessed by requesting the Department of Land and Natural Resources, Office of Planning and Sustainable Development, Environmental Advisory Council, and University of Hawai'i to collaborate to develop and recommend amendments to chapter 343, Hawaii Revised Statutes.

Your Committee has amended this measure by:

- (1) Requesting the Office of Planning and Sustainable Development, rather than the Department of Land and Natural Resources, to post the report and proposed amendments to its website;
- (2) Requesting the Environmental Advisory Council, Office of Planning and Sustainable Development, and Department of Land and Natural Resources to convene public forums in communities near state lands that are currently leased to the military by December 31, 2024;

- (3) Changing its title to make technical amendments; and

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 70, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.C.R. No. 70, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1719 Water & Land on H.R. No. 110

The purpose of this measure is to request the Department of Land and Natural Resources to identify all state and county roads, landmarks, monuments, and public parks that use the name "Diamond Head" and identify the process for renaming these roads, landmarks, monuments, and public parks from "Diamond Head" to "Lē'ahi".

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that due to the rich cultural history surrounding Lē'ahi and the renewed state interest in encouraging the appropriate use of the Hawaiian language, it is fitting to properly reference roads, landmarks, monuments, and public parks that currently use the name "Diamond Head" by their Hawaiian name instead.

Your Committee has amended this measure by:

- (1) Adding the City and County of Honolulu as an entity requested to independently identify the roads, monuments, landmarks, and public parks within its jurisdiction that use the name "Diamond Head" and identify the process for renaming them from "Diamond Head" to "Lē'ahi";
- (2) Limiting the Department of Land and Natural Resources' responsibility for identifying roads, monuments, landmarks, and public parks that use the name "Diamond Head" to those within the State's jurisdiction;
- (3) Requesting the City and County of Honolulu to also submit a report of its findings and recommendations, including any proposed legislation, to the Legislature;
- (4) Changing its title to make technical amendments; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 110, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 110, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1720 Water & Land on H.C.R. No. 104

The purpose of this measure is to request the Department of Land and Natural Resources to identify all state and county roads, landmarks, monuments, and public parks that use the name "Diamond Head" and identify the process for renaming these roads, landmarks, monuments, and public parks from "Diamond Head" to "Lē'ahi".

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that due to the rich cultural history surrounding Lē'ahi and the renewed state interest in encouraging the appropriate use of the Hawaiian language, it is fitting to properly reference roads, landmarks, monuments, and public parks that currently use the name "Diamond Head" by their Hawaiian name instead.

Your Committee has amended this measure by:

- (1) Adding the City and County of Honolulu as an entity requested to independently identify the roads, monuments, landmarks, and public parks within its jurisdiction that use the name "Diamond Head" and identify the process for renaming them from "Diamond Head" to "Lē'ahi";
- (2) Limiting the Department of Land and Natural Resources' responsibility for identifying roads, monuments, landmarks, and public parks that use the name "Diamond Head" to those within the State's jurisdiction;
- (3) Requesting the City and County of Honolulu to also submit a report of its findings and recommendations, including any proposed legislation, to the Legislature;
- (4) Changing its title to make technical amendments; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 104, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 104, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1721 Water & Land on H.R. No. 113

The purpose of this measure is to urge the City and County of Honolulu to exempt from real property tax property owners of residential units within one-half mile of an active municipal solid waste landfill or construction and demolition landfill.

Your Committee received testimony in support of this measure from the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers; Iron Workers Stabilization Fund; and four individuals.

Your Committee finds that the scientific consensus is that landfills, specifically construction and demolition landfills, have negative health impacts for those who live, work, and play in close proximity. Your Committee further finds that residents within one-half mile of an active operation of municipal solid waste landfills or construction and demolition landfills are disproportionately burdened and could apply savings from a property tax exemption to address their individual health and safety needs.

Your Committee has amended this measure by:

- (1) Inserting additional information regarding the significant health impacts for individuals who live near an active landfill;
- (2) Additionally urging the City and County of Honolulu to exempt from real property tax owners of residential units outside one-half mile of an active landfill but within neighborhoods that are deemed by the City and County of Honolulu to have been impacted by an active landfill to a degree that would warrant such an exemption;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 113, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 113, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1722 Water & Land on H.C.R. No. 107

The purpose of this measure is to urge the City and County of Honolulu to exempt from real property tax property owners of residential units within one-half mile of an active municipal solid waste landfill or construction and demolition landfill.

Your Committee received testimony in support of this measure from the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers; Iron Workers Stabilization Fund; and four individuals. Your Committee received testimony in opposition to this measure from the Department of Budget and Fiscal Services of the City and County of Honolulu.

Your Committee finds that the scientific consensus is that landfills, specifically construction and demolition landfills, have negative health impacts for those who live, work, and play in close proximity. Your Committee further finds that residents within one-half mile of an active operation of municipal solid waste landfills or construction and demolition landfills are disproportionately burdened and could apply savings from a property tax exemption to address their individual health and safety needs.

Your Committee has amended this measure by:

- (1) Inserting additional information regarding the significant health impacts for individuals who live near an active landfill;
- (2) Additionally urging the City and County of Honolulu to exempt from real property tax owners of residential units outside one-half mile of an active landfill but within neighborhoods that are deemed by the City and County of Honolulu to have been impacted by an active landfill to a degree that would warrant such an exemption;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 107, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 107, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1723 Water & Land on H.R. No. 154

The purpose of this measure is to request the Department of Hawaiian Home Lands to conduct a study that evaluates possible methods of flood remediation and flood aversion for areas on the island of Molokai populated by beneficiaries of the Hawaiian Homes Commission Act, 1920, as amended.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that flooding on the island of Molokai has become increasingly dangerous and has significantly affected the lives of residents, whose homes have been repeatedly impacted by runoff and mud.

Your Committee has amended this measure by:

- (1) Modifying the scope of the study to the areas of Kalama'ula, Kapa'akea, Kamiloloa, and Makakupa'ia on the island of Molokai; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 154, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 154, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1724 Water & Land on H.C.R. No. 153

The purpose of this measure is to request the Department of Hawaiian Home Lands to conduct a study that evaluates possible methods of flood remediation and flood aversion for areas on the island of Molokai populated by beneficiaries of the Hawaiian Homes Commission Act, 1920, as amended.

Your Committee received comments on this measure from the Department of Hawaiian Home Lands.

Your Committee finds that flooding on the island of Molokai has become increasingly dangerous and has significantly affected the lives of residents, whose homes have been repeatedly impacted by runoff and mud.

Your Committee has amended this measure by:

- (1) Modifying the scope of the study to the areas of Kalama'ula, Kapa'akea, Kamiloloa, and Makakupa'ia on the island of Molokai; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 153, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 153, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1725 Water & Land on H.R. No. 175

The purpose of this measure is to urge the Board of Land and Natural Resources to establish a task force to prepare a feasibility plan for the transition of the management of the Makua Military Reservation to the State from the United States Army upon the expiration of General Lease No. S-3848.

Your Committee received testimony in support of this measure from two individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Makua Military Reservation contains approximately one hundred sites that are eligible for listing on the National Register of Historic Places, including Hawaiian temples, shrines, and petroglyphs. Your Committee further finds that although the United States Army agreed to clear unexploded ordnance, with a focus on providing access to cultural sites in Makua, access to cultural sites was halted in 2015 after contractors were injured when unexploded ordnance was set off. With the general lease of Makua Valley to the United States Army set to expire on August 16, 2029, this measure would assist with the transition of the management of the Makua Military Reservation to the State through a feasibility plan.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes the Department of Land and Natural Resources' request of \$300,000 annually for the costs associated with the task force requested in this measure, including the need for one full-time equivalent (1.0 FTE) position in the Chairperson's Office to perform support duties related to this measure.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 175, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 175, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1726 Water & Land on H.C.R. No. 170

The purpose of this measure is to urge the Board of Land and Natural Resources to establish a task force to prepare a feasibility plan for the transition of the management of the Makua Military Reservation to the State from the United States Army upon the expiration of General Lease No. S-3848.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the Makua Military Reservation contains approximately one hundred sites that are eligible for listing on the National Register of Historic Places, including Hawaiian temples, shrines, and petroglyphs. Your Committee further finds that although the United States Army agreed to clear unexploded ordnance, with a focus on providing access to cultural sites in Makua, access to cultural sites was halted in 2015 after contractors were injured when unexploded ordnance was set off. With the general lease of Makua Valley to the United States Army set to expire on August 16, 2029, this measure would assist with the transition of the management of the Makua Military Reservation to the State through a feasibility plan.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes the Department of Land and Natural Resources' request of \$300,000 annually for the costs associated with the task force requested in this measure, including the need for one full-time equivalent (1.0 FTE) position in the Chairperson's Office to perform support duties related to this measure.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 170, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 170, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, none.

SCRep. 1727 Water & Land on H.C.R. No. 115

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of state submerged lands at Kaneohe, Koolaupoko, Oahu, for the existing boat ramp and concrete wall, and for use, repair, and maintenance of the existing improvements constructed thereon pursuant to section 171-53, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and four individuals.

Your Committee finds that portions of the existing boat ramp and concrete wall fronting the property identified as Tax Map Key: (1) 4-5-047: seaward of 051, Kaneohe, Koolaupoko, Oahu, were placed upon state submerged land. Your Committee further finds that the Department of Land and Natural Resources' Office of Conservation and Coastal Lands worked with the private property owner to resolve the encroachments. Your Committee also finds that the Board of Land and Natural Resources has approved the issuance of a twenty-five year non-exclusive easement to resolve the boat ramp and concrete wall encroachments to run with the land and to inure to the benefit of the abutting real property.

Your Committee notes that section 171-53, Hawaii Revised Statutes, requires the Board of Land and Natural Resources to obtain proper authorization from the Legislature and prior approval of the Governor to dispose of state submerged lands. This measure expresses the requisite legislative approval for disposition of these lands.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 115 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1728 Education on H.R. No. 61

The purpose of this measure is to urge the department of education to prioritize funding for the English Learner Program in public Schools

Your committee received testimony in support from The Department of Education.

Your Committee finds that there are currently 17,000 English learners enrolled in public schools and by 2025 it is estimated that one in four students will be an English learner. This measure highlights the important of devoting attention and resources to meeting the needs of this student population.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 61 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1729 Education on H.C.R. No. 59

The purpose of this measure to urge the department of education to prioritize funding for the English Learner Program in public Schools

Your committee received testimony in support from the department of education.

Your Committee finds that there are currently 17,000 English learners enrolled in public schools and by 2025 it is estimated that one in four students will be an English learner. This measure highlights the important of devoting attention and resources to meeting the needs of this student population.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 59 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1730 Education on H.R. No. 76

The purpose of this measure is to request the Department of Education to contract with a qualified nonprofit organization to establish an aquatic safety education program for elementary school students.

Your Committee received testimony in support of this measure from Hawaii Aquatics Foundation and two individuals.

Your Committee finds that drowning was the leading cause of injury-related mortality for Hawaii's children between 2014 and 2018, with more children dying by drowning than in motor vehicle and pedestrian accidents combined, and an alarmingly large proportion of those child drownings being among resident children. Your Committee believes that many drowning deaths can be prevented through aquatic safety education programs.

Your Committee recognizes that establishing aquatic safety education programs for all elementary school students will require additional personnel and resources to support the management and execution of a contract with a nonprofit organization. However, your Committee notes that the Kaimuki-McKinley-Roosevelt Complex Area, Kapaa-Kauai-Waimea Complex Area, and Honokaa-Kealakehe-Kohala-Konawaena Complex Area are interested in conducting aquatic safety education programs at this time and have established relationships with a qualified nonprofit organization to establish the programs.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Department of Education to contract with a qualified nonprofit organization to establish aquatic safety education programs in schools that wish to participate and for which funding is available;
- (2) Requesting the Department of Education to conduct a statewide needs assessment in preparation for establishing an aquatic safety education program in all Department of Education elementary schools to be contracted with one or more qualified nonprofit organizations during regular school hours; and
- (3) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 76, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 76, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1731 Education on H.C.R. No. 75

The purpose of this measure is to request the Department of Education to contract with a qualified nonprofit organization to establish an aquatic safety education program for elementary school students.

Your Committee received testimony in support of this measure from the Outrigger Duke Kahanamoku Foundation, Hawaii Aquatics Foundation, and two individuals. Your Committee received comments on this measure from the Department of Education.

Your Committee finds that drowning was the leading cause of injury-related mortality for Hawaii's children between 2014 and 2018, with more children dying by drowning than in motor vehicle and pedestrian accidents combined, and an alarmingly large proportion of those child drownings being among resident children. Your Committee believes that many drowning deaths can be prevented through aquatic safety education programs.

Your Committee recognizes that establishing aquatic safety education programs for all elementary school students will require additional personnel and resources to support the management and execution of a contract with a nonprofit organization. However, your Committee notes that the Kaimuki-McKinley-Roosevelt Complex Area, Kapaa-Kauai-Waimea Complex Area, and Honokaa-Kealakehe-Kohala-Konawaena Complex Area are interested in conducting aquatic safety education programs at this time and have established relationships with a qualified nonprofit organization to establish the programs.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Department of Education to contract with a qualified nonprofit organization to establish aquatic safety education programs in schools that wish to participate and for which funding is available;

- (2) Requesting the Department of Education to conduct a statewide needs assessment in preparation for establishing an aquatic safety education program in all Department of Education elementary schools to be contracted with one or more qualified nonprofit organizations during regular school hours; and
- (3) Amending its title in accordance with its amended purpose.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 75, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 75, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1732 Education on H.R. No. 55

The purpose of this measure is urging the Department of Education to create a priority list for repairing public schools fire alarm systems

Your committee received testimony in support from The Department of Education.

Your Committee finds that the DOE reports that 80% of fire alarm systems are working well and 12% are not working at all and are in urgent need of replacement in order to keep our school community safe. Many systems are old and there are no replacement parts. Your Committee finds that new systems that utilize broadband are able to incorporate PA systems, security systems and other features along with the fire alarm system. If the DOE were able to use emergency procurement to replace these non-functioning systems at an estimated cost of \$70 million, they estimate they could replace them within a matter of months. This measure focuses attention on this important safety issue.

Your Committee also requested of the DOE and received a commitment to provide the following:

A list of the 100 playgrounds the DOE plans to replace,

A list of the 12% of schools that don't have working fire alarms,

A list of schools without a working sprinkler system, and

An estimated budget to replace fire alarms and sprinkler systems that are not working.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 55 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1733 Education on H.C.R. No. 53

The purpose of this measure is urging the Department of Education to create a priority list for repairing public schools fire alarm systems.

Your committee received testimony in support from The Department of Education.

Your Committee finds that the DOE reports that 80% of fire alarm systems are working well and 12% are not working at all and are in urgent need of replacement in order to keep our school community safe. Many systems are old and there are no replacement parts. Your Committee finds that new systems that utilize broadband are able to incorporate PA systems, security systems and other features along with the fire alarm system. If the DOE were able to use emergency procurement to replace these non-functioning systems at an estimated cost of \$70 million, they estimate they could replace them within a matter of months. A list of the 12% of schools that don't have working fire alarms,

A list of schools without a working sprinkler system, and

An estimated budget to replace fire alarms and sprinkler systems that are not working.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 53 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1734 Tourism on H.R. No. 24

The purpose of this measure is to urge the City and County of Honolulu and Honolulu Police Department to increase police presence in Haleiwa due to an increase in homeless individuals and crime in the area.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that there has been an increase in criminal activity in Haleiwa, particularly because of the high number of visitors to the area who are often victims of theft and other crimes. Your Committee further finds that there is also a growing concern about violent crimes committed by unsheltered individuals in Haleiwa. Your Committee believes that an increase in law enforcement presence in Haleiwa would help deter crime and increase safety in the area for visitors and residents.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 24 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nakamura, Pierick).

SCRep. 1735 Tourism on H.C.R. No. 22

The purpose of this measure is to urge the City and County of Honolulu and Honolulu Police Department to increase police presence in Haleiwa due to an increase in homeless individuals and crime in the area.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that there has been an increase in criminal activity in Haleiwa, particularly because of the high number of visitors to the area who are often victims of theft and other crimes. Your Committee further finds that there is also a growing concern about violent crimes committed by unsheltered individuals in Haleiwa. Your Committee believes that an increase in law enforcement presence in Haleiwa would help deter crime and increase safety in the area for visitors and residents.

As affirmed by the record of votes of the members of your Committee on Tourism that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 22 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nakamura, Pierick).

SCRep. 1736 Housing on H.R. No. 188

The purpose of this measure is to request the Office of Planning and Sustainable Development to convene a multiagency working group to identify sites that have the collective capacity to accommodate ten thousand new homes per year for the next fifty years.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Office of Planning and Sustainable Development.

Your Committee finds that there is a severe shortage of affordable housing in the State. The Hawaii State Planning Act states that the planning for housing shall be directed toward providing greater opportunities for Hawaii's people to secure safe, sanitary, and livable homes in a suitable location and at a reasonable price. Your Committee further finds that the Hawaii Housing Finance and Development Corporation, Hawaii Community Development Authority, Hawaii Public Housing Authority, and Office of Planning and Sustainable Development work closely to coordinate the provision of housing. This measure seeks to achieve the Hawaii State Planning Act's goal for housing by requesting a collaborative study to identify sites that can accommodate a large number of new homes.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 188 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1737 Housing on H.C.R. No. 183

The purpose of this measure is to request the Office of Planning and Sustainable Development to convene a multiagency working group to identify sites that have the collective capacity to accommodate ten thousand new homes per year for the next fifty years.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Office of Planning and Sustainable Development.

Your Committee finds that there is a severe shortage of affordable housing in the State. The Hawaii State Planning Act states that the planning for housing shall be directed toward providing greater opportunities for Hawaii's people to secure safe, sanitary, and livable homes in a suitable location and at a reasonable price. This measure seeks to achieve the Hawaii State Planning Act's goal for housing by requesting a collaborative study to identify sites that can accommodate a large number of new homes.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 183 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 2 (Kitagawa, Todd).

SCRep. 1738 Education on H.R. No. 147

The purpose of this measure is to develop and enforce non-sex segregated dress codes for public school formal events to create a positive and safe space for all students.

Your Committee received testimony in support of this measure from the non-profit SOAR, and from one individual.

Your Committee finds that current public school sex-segregated dress codes need to be updated to align with Hawaii State laws prohibiting discrimination on the basis of sex, gender identity, and expression. Your Committee further finds that these outdated dress codes exclude students from attending school events such as graduation or proms. Your Committee appreciates the work and initiative of High School students for authoring this measure to make school events safe spaces for all students.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 147 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1739 Education on H.C.R. No. 145

The purpose of this measure is to develop and enforce non-sex segregated dress codes for public school formal events to create a positive and safe space for all students.

Your Committee received testimony in support of this measure from the non-profit SOAR, from seven individuals and from a group of Students and Educators of Hawaii which submitted a letter with over 100 signatures.

Your Committee finds that current public school sex-segregated dress codes need to be updated to align with Hawaii State laws prohibiting discrimination on the basis of sex, gender identity, and expression. Your Committee further finds that these outdated dress codes exclude students from attending school events such as graduation or proms. Your Committee appreciates the work and initiative of High School students for authoring this measure to make school events safe spaces for all students.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 145 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Martinez, Todd, Garcia).

SCRep. 1740 Culture, Arts & International Affairs on H.R. No. 19

The purpose of this measure is to proclaim February 24, 2023, as "Remember Ukraine Day in Hawaii."

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that on February 24, 2022, Russia's military forces attacked Ukraine to destabilize the freedom of the Ukrainian people and overthrow global movements for democracy. Russia's invasion of Ukraine will likely have far-reaching implications on how aggressive regimes that are at odds with freedom or democracy treat other nations. Your Committee further finds that there are concerns of possible new conflicts, escalations, and crises in the Indo-Pacific region that may result if weakness is perceived in the Western world's response to the Russian invasion of Ukraine. Your Committee additionally finds that the people of the State of Hawaii must stand in solidarity with the people of Ukraine against Russian aggression.

Your Committee has amended this measure by:

- (1) Changing its title to make technical amendments; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 19, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 19, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1741 Culture, Arts & International Affairs on H.C.R. No. 16

The purpose of this measure is to proclaim February 24, 2023, as "Remember Ukraine Day in Hawaii."

Your Committee received testimony in support of this measure from two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that on February 24, 2022, Russia's military forces attacked Ukraine to destabilize the freedom of the Ukrainian people and overthrow global movements for democracy. As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 16, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 16, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1742 Culture, Arts & International Affairs on H.R. No. 34

The purpose of this measure is to designate November 22, 2023, as "Kimchi Day" in Hawaii.

Your Committee received testimony in support of this measure from the Korean American Coalition of Hawaii.

Your Committee finds that 2023 is the one hundred twentieth anniversary of the arrival of the first Korean immigrant workers in Hawaii who, together with their descendants and the approximately fifty thousand residents in Hawaii who consider themselves ethnically Korean, have greatly contributed to the vibrant culture of the State. Your Committee further finds that kimchi is a traditional Korean dish with a long, rich history; health benefits; and traditional preparation process that has been recognized as an intangible cultural heritage of humanity by the United Nations Educational, Scientific and Cultural Organization. Your Committee additionally finds that November 22 represents the eleven major ingredients in kimchi and the twenty-two health benefits of the food and that Hawaii should join other jurisdictions, including South Korea, California, and Virginia, in celebrating "National Kimchi Day".

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 34 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1743 Culture, Arts & International Affairs on H.C.R. No. 33

The purpose of this measure is to designate November 22, 2023, as "Kimchi Day" in Hawaii.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 33 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1744 Culture, Arts & International Affairs on H.R. No. 68

The purpose of this measure is to urge the Hawaii Sister-State Committee to recommend the initiation of a sister-state relationship between Hawaii and Fujian Province.

Your Committee received comments on this measure from the Department of Business, Economic Development, & Tourism.

Your Committee finds that Hawaii already has sister-state relations with entities in the Greater China region, including Guangdong and Hainan. Your Committee further finds that on October 21, 2021, the mayors of Honolulu and Fuzhou, the capital city of Fujian province, established a sister-city relationship. Your Committee therefore finds that this measure seeks to encourage the next steps in establishing sister-state relations between Hawaii and Fujian Province.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 68 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1745 Culture, Arts & International Affairs on H.C.R. No. 67

The purpose of this measure is to urge the Hawaii Sister-State Committee to recommend the initiation of a sister-state relationship between Hawaii and Fujian Province.

Your Committee received comments on this measure from the Department of Business, Economic Development, & Tourism.

Your Committee finds that Hawaii already has sister-state relations with entities in the Greater China region, including Guangdong and Hainan. Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1746 Culture, Arts & International Affairs on H.R. No. 69

The purpose of this measure is to urge:

- (1) The United States to support Taiwan's participation in international organizations, including the World Health Organization, International Criminal Police Organization, United Nations Framework Convention on Climate Change, and International Civil Aviation Organization; and
- (2) International organizations to grant Taiwan membership, observer, or other appropriate status.

Your Committee received testimony in support of this measure from the Taipei Economic and Cultural Office.

Your Committee finds that Taiwan has full membership in forty intergovernmental organizations or their subsidiary bodies, including the World Trade Organization, Asia-Pacific Economic Cooperation, and Central American Bank for Economic Integration. Your Committee further finds that despite those memberships and statuses, Taiwan is not a member of the World Health Organization, International Criminal Police Organization, United Nations Framework Convention on Climate Change, or International Civil Aviation Organization. This measure supports Taiwan's participation in additional international organizations to greatly benefit these organizations and share experiences with them, as Taiwan is a successful democracy; a hub of travel, culture, and education; an economic leader with the twenty-first largest economy in the world; and the first nation in Asia to establish a single-payer national health insurance system.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 69 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, none.

SCRep. 1747 Culture, Arts & International Affairs on H.C.R. No. 68

The purpose of this measure is to urge:

- (1) The United States to support Taiwan's participation in international organizations, including the World Health Organization, International Criminal Police Organization, United Nations Framework Convention on Climate Change, and International Civil Aviation Organization; and
- (2) International organizations to grant Taiwan membership, observer, or other appropriate status.

Your Committee received testimony in support of this measure from the Taipei Economic and Cultural Office.

Your Committee finds that Taiwan has full membership in forty intergovernmental organizations or their subsidiary bodies, including the World Trade Organization, Asia-Pacific Economic Cooperation, and Central American Bank for Economic Integration. Your Committee further finds that despite those memberships and statuses, Taiwan is not a member of the World Health Organization, International Criminal Police Organization, United Nations Framework Convention on Climate Change, or International Civil Aviation Organization. This measure supports Taiwan's participation in additional international organizations to greatly benefit these organizations and share experiences with them, as Taiwan is a successful democracy; a hub of travel, culture, and education; an economic leader with the twenty-first largest economy in the world; and the first nation in Asia to establish a single-payer national health insurance system.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 68 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1748 Culture, Arts & International Affairs on H.C.R. No. 66

The purpose of this measure is to request the establishment of a Hawaii-Taiwan Friendship Taskforce to explore ways to strengthen, improve, and expand economic, cultural, and educational relations between Hawaii and Taiwan.

Your Committee received testimony in support of this measure from the Taipei Economic and Cultural Office.

Your Committee finds that Taiwan and Hawaii have enjoyed a sister-state relationship since 1993 and sister-city and sister-county relationships between Honolulu and Kaohsiung City, Maui County and Pingtung County, Hawaii County and Hualien County, and Kauai County and Penghu County. The State of Hawaii Office in Taipei and the Taipei Economic and Cultural Office in Honolulu have worked together to promote cooperation and exchanges in tourism, agriculture, culture, education, and trade. Your Committee further finds in 2021, Taiwan was Hawaii's tenth-largest trade partner, with exports to Hawaii totaling \$54,000,000 and imports from Hawaii totaling \$13,000,000. Your Committee additionally finds that this measure will help explore ways to strengthen, improve, and expand economic, cultural, and educational relations between Hawaii and Taiwan.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 66 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1749 Culture, Arts & International Affairs on H.R. No. 74

The purpose of this measure is to request the formation of a working group to create a plan regarding the return of cultural artifacts.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that cultural artifacts are an important part of the history of Native Hawaiians and many of Hawaii's cultural artifacts have been transported out of State, as have many cultural artifacts that belong to other nations found their way into the State. Your Committee further finds this measure will help in returning cultural artifacts to the right people and nations.

Your Committee has amended this measure by adding a definition of cultural artifact that excludes human remains and funerary objects.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 74, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 74, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1750 Culture, Arts & International Affairs on H.C.R. No. 73

The purpose of this measure is to request the formation of a working group to create a plan regarding the return of cultural artifacts.

Your Committee received testimony in support of this measure from Hui Iwi Kuamo'o and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that cultural artifacts are an important part of the history of Native Hawaiians and many of Hawaii's cultural artifacts have been transported out of State, as have many cultural artifacts that belong to other nations found their way into the State. Your Committee further finds this measure will help in returning cultural artifacts to the right people and nations.

Your Committee has amended this measure by adding a definition of cultural artifact that excludes human remains and funerary objects.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 73, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 73, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1751 Culture, Arts & International Affairs on H.R. No. 137

The purpose of this measure is to recognize October 2 through October 6, 2023, and October 7 through October 11, 2024, as digital inclusion week in Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received comments on this measure from the Disability and Communication Access Board.

Your Committee finds that broadband access has helped deliver public health information to vulnerable Hawaii residents who experience socioeconomic disparities and those who live in underserved communities. Your Committee further finds many rural, agricultural, and lower-income communities throughout the State lack access to reliable and affordable broadband due to the lack of infrastructure; discrimination in investment in delivering technology to specific areas; or barriers derived from socioeconomic status, education, literacy, language, or disabilities. Your Committee therefore finds that this measure will raise awareness of the need for digital equity and will promote digital inclusion.

Your Committee has amended this measure by:

- (1) Removing recognition of October 7 through October 11, 2024, as Digital Inclusion Week, in order to limit application of this measure to a one-year period;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 137, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 137, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1752 Culture, Arts & International Affairs on H.C.R. No. 136

The purpose of this measure is to recognize October 2 through October 6, 2023, and October 7 through October 11, 2024, as digital inclusion week in Hawaii.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism. Your Committee received comments on this measure from the Disability and Communication Access Board.

Your Committee finds that broadband access has helped deliver public health information to vulnerable Hawaii residents who experience socioeconomic disparities and those who live in underserved communities. Your Committee further finds many rural, agricultural, and lower-income communities throughout the State lack access to reliable and affordable broadband due to the lack of infrastructure; discrimination in investment in delivering technology to specific areas; or barriers derived from socioeconomic status, education, literacy, language, or disabilities. Your Committee therefore finds that this measure will raise awareness of the need for digital equity and will promote digital inclusion.

Your Committee has amended this measure by:

- (1) Removing recognition of October 7 through October 11, 2024, as Digital Inclusion Week, in order to limit application of this measure to a one-year period;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 136, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 136, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, none.

SCRep. 1753 Energy & Environmental Protection/Corrections, Military & Veterans on H.R. No. 109

The purpose of this measure is to urge all branches of the United States military operating in Hawaii to implement changes in their policies to reduce, to the extent possible, the use of products containing perfluoroalkyl and polyfluoroalkyl substances.

Your Committees received testimony in support of this measure from the Hawaii Military Affairs Council, Hawai'i Reef and Ocean Coalition, Climate Protectors Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, Americans for Democratic Action – Hawai'i, and three individuals. Your Committees received comments on this measure from the American Chemistry Council and one individual.

Your Committees find that perfluoroalkyl and polyfluoroalkyl substances (PFAS) are persistent, toxic substances that can contaminate drinking water, bioaccumulate in fish and wildlife, and have multiple adverse health effects on humans. Additionally, some of the highest concentrations of PFAS in the country have been found at and around military bases, in large part because of the military's longtime reliance on the firefighting foam known as aqueous film-forming foam, a product containing PFAS.

Your Committees further find that various PFAS have been detected in soil and groundwater samples across the State that in some samples show levels that may pose a public health concern. This measure urges all branches of the United States military operating in the State to reduce, to the extent possible, the use of products containing PFAS, which will lower the risks associated with PFAS contamination of the groundwater and drinking water supply in Hawaii.

Your Committees have amended this measure by:

- (1) Updating certain findings; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Corrections, Military & Veterans that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 109, as amended herein, and recommend its adoption in the form attached hereto as H.R. No. 109, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 5. Noes, none. Excused, 2 (Gates, Ward).

Corrections, Military & Veterans: Ayes, 8. Noes, none. Excused, none.

SCRep. 1754 Energy & Environmental Protection/Corrections, Military & Veterans on H.C.R. No. 103

The purpose of this measure is to urge all branches of the United States military operating in Hawaii to implement changes in their policies to reduce, to the extent possible, the use of products containing perfluoroalkyl and polyfluoroalkyl substances.

Your Committees received testimony in support of this measure from the Department of Health, Hawaii Military Affairs Council, Hawai'i Reef and Ocean Coalition, Climate Protectors Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, and one individual. Your Committees received comments on this measure from the American Chemistry Council and two individuals.

Your Committees find that perfluoroalkyl and polyfluoroalkyl substances (PFAS) are persistent, toxic substances that can contaminate drinking water, bioaccumulate in fish and wildlife, and have multiple adverse health effects on humans. Additionally, some of the highest concentrations of PFAS in the country have been found at and around military bases, in large part because of the military's longtime reliance on the firefighting foam known as aqueous film-forming foam, a product containing PFAS.

Your Committees further find that various PFAS have been detected in soil and groundwater samples across the State that in some samples show levels that may pose a public health concern. This measure urges all branches of the United States military operating in the State to reduce, to the extent possible, the use of products containing PFAS, which will lower the risks associated with PFAS contamination of the groundwater and drinking water supply in Hawaii.

Your Committees have amended this measure by:

- (1) Updating certain findings; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Energy & Environmental Protection and Corrections, Military & Veterans that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 103, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 103, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Energy & Environmental Protection: Ayes, 5. Noes, none. Excused, 2 (Gates, Ward).

Corrections, Military & Veterans: Ayes, 8. Noes, none. Excused, none.

SCRep. 1755 Energy & Environmental Protection on H.R. No. 212

The purpose of this measure is to request each county to develop a comprehensive integrated wastewater management plan and financial strategy to upgrade, convert, or connect cesspools located within its respective jurisdiction by 2050.

Your Committee received testimony in support of this measure from the Hawai'i Reef and Ocean Coalition. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committee finds that the State has approximately eighty-three thousand cesspools that release more than fifty million gallons of raw sewage into the State's groundwater and surface waters every day. While the State established a requirement for the upgrade, conversion, or connection of all cesspools in the State by 2050, coordination among various stakeholders and governmental agencies is critical. This measure requests the counties to develop a comprehensive plan and financial strategy to ensure that the counties' infrastructure allows for easy upgrade, conversion, or connection of cesspools to sewer systems.

Your Committee has amended this measure by:

- (1) Changing its title to make technical amendments; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 212, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 212, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Woodson, Ward).

SCRep. 1756 Energy & Environmental Protection on H.C.R. No. 208

The purpose of this measure is to request each county to develop a comprehensive integrated wastewater management plan and financial strategy to upgrade, convert, or connect cesspools located within its respective jurisdiction by 2050.

Your Committee received testimony in support of this measure from the Hawai'i Association of REALTORS and Hawai'i Reef and Ocean Coalition. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committee finds that the State has approximately eighty-three thousand cesspools that release more than fifty million gallons of raw sewage into the State's groundwater and surface waters every day. While the State established a requirement for the upgrade, conversion, or connection of all cesspools in the State by 2050, coordination among various stakeholders and governmental agencies is critical. This measure requests the counties to develop a comprehensive plan and financial strategy to ensure that the counties' infrastructure allows for easy upgrade, conversion, or connection of cesspools to sewer systems.

Your Committee has amended this measure by:

- (1) Changing its title to make technical amendments; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 208, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 208, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Woodson, Ward).

SCRep. 1757 Energy & Environmental Protection on H.R. No. 26

The purpose of this measure is to urge the Department of Land and Natural Resources to prohibit mining of the seabed within Hawaii state waters.

Your Committee received testimony in support of this measure from the Benioff Ocean Science Laboratory, Ocean Tourism Coalition, Hawai'i Reef and Ocean Coalition, Climate Protectors Hawai'i, and five individuals.

Your Committee finds that the ocean is of significant economic, environmental, and cultural importance to the State. Your Committee further finds that seabed mining could negatively impact the State's marine waters and ecosystems. This measure would ensure that the State takes a precautionary approach to the potential harms of seabed mining.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 26 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Gates, Woodson, Ward).

SCRep. 1758 Energy & Environmental Protection on H.C.R. No. 24

The purpose of this measure is to urge the Department of Land and Natural Resources to prohibit mining of the seabed within Hawaii state waters.

Your Committee received testimony in support of this measure from the Benioff Ocean Science Laboratory, Ocean Tourism Coalition, Hawai'i Reef and Ocean Coalition, Climate Protectors Hawai'i, and two individuals.

Your Committee finds that the ocean is of significant economic, environmental, and cultural importance to the State. Your Committee further finds that seabed mining could negatively impact the State's marine waters and ecosystems. This measure would ensure that the State takes a precautionary approach to the potential harms of seabed mining.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 24 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Gates, Woodson, Ward).

SCRep. 1759 Higher Education & Technology on H.R. No. 58

The purpose of this measure is to request the Hawaii Broadband and Digital Equity Office to increase access to wi-fi in public parks throughout the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Disability and Communication Access Board; and one individual.

Your Committee finds that the State has identified strengthening digital equity as a strategic imperative in the development of a modern economy and public parks are a convenient and appropriate venue to accommodate digital access.

Your Committee has amended this measure by:

- (1) Adding language requesting that the Hawaii Broadband and Digital Equity Office work with the Department of Land and Natural Resources and the counties to assess the current level of internet access in public parks; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 58, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 58, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1760 Higher Education & Technology on H.C.R. No. 56

The purpose of this measure is to request the Hawaii Broadband and Digital Equity Office to increase access to wi-fi in public parks throughout the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and Disability and Communication Access Board.

Your Committee finds that the State has identified strengthening digital equity as a strategic imperative in the development of a modern economy and public parks are a convenient and appropriate venue to accommodate digital access.

Your Committee has amended this measure by:

- (1) Adding language requesting that the Hawaii Broadband and Digital Equity Office work with the Department of Land and Natural Resources and the counties to assess the current level of internet access in public parks; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 56, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 56, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1761 Higher Education & Technology on H.R. No. 142

The purpose of this measure is to urge the University of Hawaii to strengthen the Center for Labor Education and Research at the University of Hawaii West Oahu by establishing a working group to develop a community-driven vision for the Center's programs.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; University of Hawai'i – West Oahu; United Public Workers, AFSCME Local 646, AFL-CIO; Hawai'i State AFL-CIO; International Brotherhood of Electrical Workers Local Union 1186; Hawai'i State Teachers Association; Sailors Union of the Pacific; UNITE HERE Local 5; Hawaii Laborers & Employers Cooperation and Education Trust; and three individuals.

Your Committee finds that the Center for Labor Education and Research at the University of Hawaii West Oahu was established in 1976 and provides labor education, research and labor-related programs to workers, their organizations, university students, and the public through credit and non-credit classes, seminars, workshops, publications, and public media. Your Committee further finds that the University invests resources in degree-granting programs to provide advanced degrees to employers, human resource managers, and business administrators, and recently approved, through its Board of Regents, a Labor Studies Certificate program at the West Oahu campus for those interested in pursuing an academic labor studies program. A working group to develop a community-driven vision for the Center's programs will support the Center's multi-faceted work and help to ensure it continues to address community needs.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 142 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1762 Higher Education & Technology on H.C.R. No. 140

The purpose of this measure is to urge the University of Hawaii to strengthen the Center for Labor Education and Research at the University of Hawaii West Oahu by establishing a working group to develop a community-driven vision for the Center's programs.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; University of Hawai'i – West Oahu; United Public Workers, AFSCME Local 646, AFL-CIO; Hawai'i State AFL-CIO; International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts of the United States, Its Territories and Canada, AFL-CIO, CLC, Local 665; International Brotherhood of Electrical Workers Local Union 1186; Hawai'i State Teachers Association; Hawai'i Workers Center; Hawaii Laborers & Employers Cooperation and Education Trust; UNITE HERE Local 5; and six individuals.

Your Committee finds that the Center for Labor Education and Research at the University of Hawaii West Oahu was established in 1976 and provides labor education, research and labor-related programs to workers, their organizations, university students, and the public through credit and non-credit classes,

seminars, workshops, publications, and public media. Your Committee further finds that the University invests resources in degree-granting programs to provide advanced degrees to employers, human resource managers, and business administrators, and recently approved, through its Board of Regents, a Labor Studies Certificate program at the West Oahu campus for those interested in pursuing an academic labor studies program. A working group to develop a community-driven vision for the Center's programs will support the Center's multi-faceted work and help to ensure it continues to address community needs.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 140 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Quinlan, Woodson, Garcia).

SCRep. 1763 Water & Land on H.R. No. 85

The purpose of this measure is to designate Hawaii's coral reefs as critical natural infrastructure and convey the strong support for nature-based solutions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; The Nature Conservancy; Hawai'i Reef and Ocean Coalition; Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc; and one individual.

Your Committee finds that Hawaii's environmental resources include coral reefs, which can help mitigate the risks and related loss and damage from floods and the effects of climate change and natural disasters if the coral reefs are healthy, effectively managed, and functioning. Your Committee further finds that the health of the State's coral reefs are threatened by global stressors related to climate change and by local stressors from land-based sources of pollution, unsustainable fishing practices, and invasive species.

Your Committee notes that the Federal Emergency Management Agency provides financial assistance to all states, territories, and federally recognized tribal governments of the United States through its Hazard Mitigation Assistance programs, including the Building Resilient Infrastructure and Communities program, which directs spending toward research-supported, proactive investment in community resilience. Your Committee believes that legislative recognition of coral reefs as critical natural infrastructure will demonstrate political support for nature-based solutions and will highlight the State's commitment to nature-based solutions to the Federal Emergency Management Agency.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 85 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1764 Water & Land on H.C.R. No. 80

The purpose of this measure is to designate Hawaii's coral reefs as critical natural infrastructure and convey strong support for nature-based solutions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; The Nature Conservancy; Hawai'i Reef and Ocean Coalition; and Hawai'i Fishermen's Alliance for Conservation and Tradition, Inc.

Your Committee finds that Hawaii's environmental resources include coral reefs, which can help mitigate the risks and related loss and damage from floods and the effects of climate change and natural disasters if the coral reefs are healthy, effectively managed, and functioning. Your Committee further finds that the health of the State's coral reefs are threatened by global stressors related to climate change and by local stressors from land-based sources of pollution, unsustainable fishing practices, and invasive species.

Your Committee notes that the Federal Emergency Management Agency provides financial assistance to all states, territories, and federally recognized tribal governments of the United States through its Hazard Mitigation Assistance programs, including the Building Resilient Infrastructure and Communities program, which directs spending toward research-supported, proactive investment in community resilience. Your Committee believes that legislative recognition of coral reefs as critical natural infrastructure will demonstrate political support for nature-based solutions and will highlight the State's commitment to nature-based solutions to the Federal Emergency Management Agency.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 80 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1765 Water & Land on H.R. No. 101

The purpose of this measure is to:

- (1) Request the Department of Health to prioritize testing and research of beach sand contamination levels at Pokai Bay; and
- (2) Request the City and County of Honolulu's Department of Parks and Recreation to prioritize renovations of the restroom facilities at Pokai Bay.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that over the last decade, beach goers and community members have reported the presence of health and environmental hazards at Pokai Bay, stemming from industrial pollutants washed from local surface streets, parking lots, and sidewalks. Your Committee further finds that a 2015 study conducted by the University of Hawai'i at Manoa's Department of Civil and Environmental Engineering found that Pokai Bay's beach sand holds more fecal indicator bacteria than seawater, indicating that the beach sand at Pokai Bay may be retaining pollutants from the area's restroom facilities. This measure is intended to improve the health and safety of beach goers at Pokai Bay by requesting the Department of Health to prioritize testing and research of fecal indicator bacteria levels and any other pollutants of the beach sand at Pokai Bay.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 101 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1766 Water & Land on H.C.R. No. 94

The purpose of this measure is to:

- (1) Request the Department of Health to prioritize testing and research of beach sand contamination levels at Pokai Bay; and

(2) Request the City and County of Honolulu's Department of Parks and Recreation to prioritize renovations of the restroom facilities at Pokai Bay.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that over the last decade, beach goers and community members have reported the presence of health and environmental hazards at Pokai Bay, stemming from industrial pollutants washed from local surface streets, parking lots, and sidewalks. Your Committee further finds that a 2015 study conducted by the University of Hawai'i at Manoa's Department of Civil and Environmental Engineering found that Pokai Bay's beach sand holds more fecal indicator bacteria than seawater, indicating that the beach sand at Pokai Bay may be retaining pollutants from the area's restroom facilities. This measure is intended to improve the health and safety of beach goers at Pokai Bay by requesting the Department of Health to prioritize testing and research of fecal indicator bacteria levels and any other pollutants of the beach sand at Pokai Bay.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 94 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1767 Water & Land on H.R. No. 139

The purpose of this measure is to request the Wastewater Branch of the Environmental Management Division of the Department of Health to conduct a feasibility study on the use of organic biodegradable water clarifiers for cesspool water remediation.

Your Committee received testimony in support of this measure from PJY Global Consultants. Your Committee received comments on this measure from the Hawai'i Reef and Ocean Coalition.

Your Committee finds that a feasibility study on new technologies that can remediate cesspool water is warranted. Your Committee further finds, however, that the University of Hawaii Water Resources Research Center, instead of the Wastewater Branch of the Environmental Management Division of the Department of Health, is a more appropriate agency to perform the feasibility study. In addition, your Committee finds that the scope of the study should not be limited solely to organic biodegradable water clarifiers.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the University of Hawaii Water Resources Research Center, rather than the Wastewater Branch of the Environmental Management Division of the Department of Health, to conduct the feasibility study;
- (2) Broadening the scope of the feasibility study to encompass new technologies related to cesspool water remediation, which may include organic biodegradable water clarifiers;
- (3) Amending its title in accordance with its amended purpose;
- (4) Modifying the recipient of a certified copy of the measure in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 139, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 139, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1768 Water & Land on H.C.R. No. 102

The purpose of this measure is to request the Wastewater Branch of the Environmental Management Division of the Department of Health to conduct a feasibility study on the use of organic biodegradable water clarifiers for cesspool water remediation.

Your Committee received testimony in support of this measure from PJY Global Consultants. Your Committee received comments on this measure from the Department of Health and Hawai'i Reef and Ocean Coalition.

Your Committee finds that a feasibility study on new technologies that can remediate cesspool water is warranted. Your Committee further finds, however, that the University of Hawaii Water Resources Research Center, instead of the Wastewater Branch of the Environmental Management Division of the Department of Health, is a more appropriate agency to perform the feasibility study. In addition, your Committee finds that the scope of the study should not be limited solely to organic biodegradable water clarifiers.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the University of Hawaii Water Resources Research Center, rather than the Wastewater Branch of the Environmental Management Division of the Department of Health, to conduct the feasibility study;
- (2) Broadening the scope of the feasibility study to encompass new technologies related to cesspool water remediation, which may include organic biodegradable water clarifiers;
- (3) Amending its title in accordance with its amended purpose;
- (4) Modifying the recipient of a certified copy of the measure in accordance with its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 102, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 102, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1769 Water & Land on H.R. No. 112

The purpose of this measure is to:

- (1) Request the Department of Facility Maintenance of the City and County of Honolulu to dredge and clean the Ulehawa Stream and Canal;

- (2) Request the Department of Health to complete water quality testing of the Ulehawa Stream and Canal quarterly every two years, at a minimum;
- (3) Urge the Army Corps of Engineers to work with the Department of Facility Maintenance of the City and County of Honolulu to create a permanent solution to mitigate against the rapid accumulation of sediment and debris at the Ulehawa Stream and Canal; and
- (4) Request Hawaii's congressional delegation to make finding a permanent solution for the Ulehawa Stream and Canal a top priority and assist the State and City and County of Honolulu in obtaining federal funding for this purpose.

Your Committee received testimony in support of this measure from the Iron Workers Stabilization Fund; International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers Local Union Number 625; and four individuals.

Your Committee finds that the Ulehawa Stream to the north of Nanakuli runs along the border of Oahu's sole construction and demolition landfill, owned by PVT Land Company Ltd., which took in approximately forty percent of the island's total waste stream as of 2020. Hundreds of residents live alongside the main Ulehawa Canal and its two wing canals.

Your Committee further finds that the Ulehawa Stream is typically blocked by beach sand due to an absence of a fringing reef, while complaints of the Ulehawa Canal being backed up with silt and sand have been made for over two decades, and in the past two years, the Ulehawa's wing canals have been completely blocked and littered with silt, vegetation, and trash, including shopping carts, beds, and construction debris. Your Committee also finds that without regular dredging, the Ulehawa Stream and Canal remain stagnant and reports have been made of residents living on both sides of the Canal becoming sick. Through this measure, your Committee seeks actions and information to address this environmental and potential public health and safety issue.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 112 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1770 Water & Land on H.C.R. No. 106

The purpose of this measure is to:

- (1) Request the Department of Facility Maintenance of the City and County of Honolulu to dredge and clean the Ulehawa Stream and Canal;
- (2) Request the Department of Health to complete water quality testing of the Ulehawa Stream and Canal quarterly every two years, at a minimum;
- (3) Urge the Army Corps of Engineers to work with the Department of Facility Maintenance of the City and County of Honolulu to create a permanent solution to mitigate against the rapid accumulation of sediment and debris at the Ulehawa Stream and Canal; and
- (4) Request Hawaii's congressional delegation to make finding a permanent solution for the Ulehawa Stream and Canal a top priority and assist the State and City and County of Honolulu in obtaining federal funding for this purpose.

Your Committee received testimony in support of this measure from the Iron Workers Stabilization Fund; International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers Local Union Number 625; and four individuals.

Your Committee finds that the Ulehawa Stream to the north of Nanakuli runs along the border of Oahu's sole construction and demolition landfill, owned by PVT Land Company Ltd., which took in approximately forty percent of the island's total waste stream as of 2020. Hundreds of residents live alongside the main Ulehawa Canal and its two wing canals.

Your Committee further finds that the Ulehawa Stream is typically blocked by beach sand due to an absence of a fringing reef, while complaints of the Ulehawa Canal being backed up with silt and sand have been made for over two decades, and in the past two years, the Ulehawa's wing canals have been completely blocked and littered with silt, vegetation, and trash, including shopping carts, beds, and construction debris. Your Committee also finds that without regular dredging, the Ulehawa Stream and Canal remain stagnant and reports have been made of residents living on both sides of the Canal becoming sick. Through this measure, your Committee seeks actions and information to address this environmental and potential public health and safety issue.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 106 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1771 Water & Land on H.R. No. 127

The purpose of this measure is to urge the Department of Health to take certain actions regarding fugitive dust.

Your Committee received testimony in opposition to this measure from the Hawai'i Farm Bureau.

Your Committee finds that many acres of former agricultural land in Hawaii have become vacant and during windy conditions, large dust storms arise from these lands, causing damage to the environment and harming the health of residents who live downwind. Your Committee further finds, however, that the United States Department of Agriculture Natural Resources Conservation Service, instead of the Department of Health, may be better suited to perform the actions proposed in this measure.

Accordingly, your Committee has amended this measure by:

- (1) Urging the United States Department of Agriculture Natural Resources Conservation Service, rather than the Department of Health, to take certain actions regarding fugitive dust, including reviewing calculations for dust impacts during fallow periods of crop production and recommending best practices to minimize impacts to downwind communities;
- (2) Amending its title in accordance with its amended purpose;
- (3) Modifying the list of recipients of certified copies of the measure in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 127, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 127, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1772 Water & Land on H.C.R. No. 126

The purpose of this measure is to urge the Department of Health to take certain actions regarding fugitive dust.

Your Committee received testimony in opposition to this measure from the Department of Health, Hawai'i Farm Bureau, and one individual.

Your Committee finds that many acres of former agricultural land in Hawaii have become vacant and during windy conditions, large dust storms arise from these lands, causing damage to the environment and harming the health of residents who live downwind. Your Committee further finds, however, that the United States Department of Agriculture Natural Resources Conservation Service, instead of the Department of Health, may be better suited to perform the actions proposed in this measure.

Accordingly, your Committee has amended this measure by:

- (1) Urging the United States Department of Agriculture Natural Resources Conservation Service, rather than the Department of Health, to take certain actions regarding fugitive dust, including reviewing calculations for dust impacts during fallow periods of crop production and recommending best practices to minimize impacts to downwind communities;
- (2) Amending its title in accordance with its amended purpose;
- (3) Modifying the list of recipients of certified copies of the measure in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 126, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 126, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1773 Water & Land on H.R. No. 136

The purpose of this measure is to request the Department of Facility Maintenance of the City and County of Honolulu to clean certain streams and canals in Waipahu, namely:

- (1) Waikele Stream;
- (2) The canal adjacent to Bill Balfour Jr. Waipahu District Park that intersects Paiwa Street; and
- (3) The canal along Honowai Park and Honowai Elementary.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that the lack of stream and canal maintenance often leads to clogged, overgrown, or debris-filled streams and canals that function poorly and can result in local flooding and other safety hazards. Your Committee further finds that the Waikele Stream and the canals listed above suffer from these issues, which increase siltation and impair water flow. Your Committee also finds that the assistance of the Department of Facility Management in cleaning the Waikele Stream and identified canals is critical to their proper functioning.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 136 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1774 Water & Land on H.C.R. No. 135

The purpose of this measure is to request the Department of Facility Maintenance of the City and County of Honolulu to clean certain streams and canals in Waipahu, namely:

- (1) Waikele Stream;
- (2) The canal adjacent to Bill Balfour Jr. Waipahu District Park that intersects Paiwa Street; and
- (3) The canal along Honowai Park and Honowai Elementary.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that the lack of stream and canal maintenance often leads to clogged, overgrown, or debris-filled streams and canals that function poorly and can result in local flooding and other safety hazards. Your Committee further finds that the Waikele Stream and the canals listed above suffer from these issues, which increase siltation and impair water flow. Your Committee also finds that the assistance of the Department of Facility Management in cleaning the Waikele Stream and identified canals is critical to their proper functioning.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 135 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1775 Water & Land on H.R. No. 23

The purpose of this measure is to urge the City and County of Honolulu to remove the Ocean Safety and Lifeguard Services Division from the Emergency Services Department and establish it as a new, separate department.

Your Committee received testimony in support of this measure from the Outrigger Duke Kahanamoku Foundation and eighteen individuals.

Your Committee finds that the Ocean Safety and Lifeguard Services Division is the primary responder for emergencies arising on the beach and in the nearshore waters of Oahu, which extend one mile from the shoreline, and is one of four divisions or branches that comprise the Honolulu Emergency Services Department. Your Committee further finds that increased levels of ocean activities have challenged the Ocean Safety and Lifeguard Services Division to maintain service levels and that the Division's growing responsibilities and scope of duties warrant its establishment as a separate department.

Your Committee has amended this measure by also urging the Mayor of the City and County of Honolulu and Honolulu City Council to work together to establish the new department pursuant to section 4-202 of the Revised Charter of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 23, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 23, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1776 Water & Land on H.C.R. No. 21

The purpose of this measure is to urge the City and County of Honolulu to remove the Ocean Safety and Lifeguard Services Division from the Emergency Services Department and establish it as a new, separate department.

Your Committee received testimony in support of this measure from the Outrigger Duke Kahanamoku Foundation, Ocean Safety 'Ohana, and one individual.

Your Committee finds that the Ocean Safety and Lifeguard Services Division is the primary responder for emergencies arising on the beach and in the nearshore waters of Oahu, which extend one mile from the shoreline, and is one of four divisions or branches that comprise the Honolulu Emergency Services Department. Your Committee further finds that increased levels of ocean activities have challenged the Ocean Safety and Lifeguard Services Division to maintain service levels and that the Division's growing responsibilities and scope of duties warrant its establishment as a separate department.

Your Committee has amended this measure by also urging the Mayor of the City and County of Honolulu and Honolulu City Council to work together to establish the new department pursuant to section 4-202 of the Revised Charter of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 21, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 21, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1777 Water & Land on H.R. No. 56

The purpose of this measure is to request the Hawaii County Department of Water Supply to convene a working group to examine opportunities for increasing water access and strengthening water infrastructure for underserved communities on Hawaii Island.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that many communities located on the southwestern side of Hawaii Island lack access to county water infrastructure, posing a glaring example of structural inequality for that part of the island, which ranks below the state average in household income, educational attainment, and other key social and economic indicators. Your Committee further finds that lack of access to a consistent water supply prevents the development of basic infrastructure in rural and remote areas, including the establishment of public schools, medical and community health centers, grocery stores, and financial institutions. The working group contemplated by this measure would evaluate ways to address this water access inequity and involve key stakeholders in the process.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 56 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1778 Water & Land on H.C.R. No. 54

The purpose of this measure is to request the Hawaii County Department of Water Supply to convene a working group to examine opportunities for increasing water access and strengthening water infrastructure for underserved communities on Hawaii Island.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that many communities located on the southwestern side of Hawaii Island lack access to county water infrastructure, posing a glaring example of structural inequality for that part of the island, which ranks below the state average in household income, educational attainment, and other key social and economic indicators. Your Committee further finds that lack of access to a consistent water supply prevents the development of basic infrastructure in rural and remote areas, including the establishment of public schools, medical and community health centers, grocery stores, and financial institutions. The working group contemplated by this measure would evaluate ways to address this water access inequity and involve key stakeholders in the process.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 54 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1779 Water & Land on H.R. No. 64

The purpose of this measure is to request the Department of Parks and Recreation of the City and County of Honolulu to restore the field of Maunawili Valley Neighborhood Park and develop a plan to restore the entire Park to be usable and safe for the community.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that various environmental changes, including the encroachment of invasive grass, have left Maunawili Valley Neighborhood Park's field unsuitable to safely host sports events and activities, and the entire park area needs to be restored in order to enable residents and visitors to safely recreate there. Your Committee acknowledges that area residents have recently described over half of the field as "an overgrown swamp". Through this measure, your Committee seeks the assistance of the City and County of Honolulu's Department of Parks and Recreation to restore the field and overall Park to a usable condition and provide the public with a place they can enjoy.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 64 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1780 Water & Land on H.C.R. No. 62

The purpose of this measure is to request the Department of Parks and Recreation of the City and County of Honolulu to restore the field of Maunawili Valley Neighborhood Park and develop a plan to restore the entire Park to be usable and safe for the community.

Your Committee received testimony in support of this measure from four individuals.

Your Committee finds that various environmental changes, including the encroachment of invasive grass, have left Maunawili Valley Neighborhood Park's field unsuitable to safely host sports events and activities, and the entire park area needs to be restored in order to enable residents and visitors to safely recreate there. Your Committee acknowledges that area residents have recently described over half of the field as "an overgrown swamp". As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 62 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1781 Water & Land on H.R. No. 82

The purpose of this measure is to urge the Department of Facility Maintenance of the City and County of Honolulu to conduct an assessment and prepare and execute a plan to maintain Manoa Stream.

Your Committee received testimony in support of this measure from seven individuals.

Your Committee finds that the periodic maintenance activities necessary to adequately address flood mitigation at Manoa Stream have not been regularly performed despite the history of flood events involving the stream, with the most recent extensive flood event in October 2004 causing over \$80,000,000 in damage to thirty-two buildings on the University of Hawaii at Manoa campus. Your Committee further finds that an assessment of maintenance of Manoa Stream is needed before an appropriate plan to maintain the stream to prevent future flooding can be prepared and implemented.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 82 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1782 Water & Land on H.C.R. No. 78

The purpose of this measure is to urge the Department of Facility Maintenance of the City and County of Honolulu to conduct an assessment and prepare and execute a plan to maintain Manoa Stream.

Your Committee received testimony in support of this measure from seven individuals.

Your Committee finds that the periodic maintenance activities necessary to adequately address flood mitigation at Manoa Stream have not been regularly performed despite the history of flood events involving the stream, with the most recent extensive flood event in October 2004 causing over \$80,000,000 in damage to thirty-two buildings on the University of Hawaii at Manoa campus. Your Committee further finds that an assessment of maintenance of Manoa Stream is needed before an appropriate plan to maintain the stream to prevent future flooding can be prepared and implemented.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 78 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1783 Water & Land on H.C.R. No. 50

The purpose of this measure is to request the Department of Land and Natural Resources to provide updated statistics and facts relating to the decline of palila on Mauna Kea and investigate the factors causing the decline of the palila population.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that the palila bird is a rare and critically endangered species of honeycreeper that can only be found on certain slopes of Mauna Kea and that at last count in 2021, had an estimated population of only three hundred despite several efforts over the past forty years to recover the population.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 50 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1784 Judiciary & Hawaiian Affairs on S.B. No. 109

The purpose of this measure is to replace gender-specific terminology used in certain parental and marital matters with gender-neutral terminology.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Rainbow Family 808, and eleven individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that existing parental and marriage laws reflect outdated, cisheteronormative concepts of families, parenthood, parental rights, and relationships. Statutory amendments are needed to address society's evolving understanding of these concepts.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that additional amendments may be necessary to conform the gender-neutral terminology used in this measure with other measures before the Legislature, including H.B. No. 384, H.D. 2, S.D. 1, Regular Session of 2023, which implements certain portions of the Uniform Parentage Act of 2017.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 109, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 109, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1785 Judiciary & Hawaiian Affairs on S.B. No. 110

The purpose of this measure is to require gender-specific terminology used in adoption and annulment, divorce, and separation matters to be construed in a gender-neutral manner.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Rainbow Family 808, and nine individuals. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that existing adoption and annulment, divorce, and separation laws reflect outdated, cisheteronormative concepts of families, parental rights, and relationships. Statutory amendments are needed to address society's evolving understanding of these concepts.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that additional amendments may be necessary to conform this measure with other measures before the Legislature, including H.B. No. 384, H.D. 2, S.D. 1, Regular Session of 2023, which implements certain portions of the Uniform Parentage Act of 2017.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 110, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 110, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Hashimoto, Ilagan).

SCRep. 1786 Judiciary & Hawaiian Affairs on S.B. No. 497

The purpose of this measure is to:

- (1) Prohibit certain commercial vehicles weighing ten thousand pounds or more from driving in the left lane on all roadways with:
 - (A) Two lanes unless the commercial vehicle is able to maintain speed with existing traffic flow and is in the process of overtaking and passing another vehicle; and
 - (B) Three or more lanes;
- (2) Provide exceptions for commercial vehicles turning left or exiting, or preparing to turn left or exit; and
- (3) Exempt buses and van pools operated by the counties.

Your Committee received testimony in support of this measure from the Department of Transportation, Department of Transportation Services of the City and County of Honolulu, Hydroponics Alternatives LLC, and two individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure has the potential to improve traffic flow and increase highway safety by limiting lane flexibility for certain large commercial passenger vehicles and providing exceptions where warranted.

Your Committee has amended this measure by:

- (1) Deleting language that would have prohibited certain commercial vehicles weighing ten thousand pounds or more from driving in the left lane on all roadways with two lanes unless the commercial vehicle is able to maintain speed with existing traffic flow and is in the process of overtaking and passing another vehicle;
- (2) Clarifying that certain commercial vehicles weighing ten thousand pounds or more are prohibited from driving in the far left lane on roadways with three or more lanes of traffic moving in the same direction;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 497, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 497, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Ilagan, Kong).

SCRep. 1787 Judiciary & Hawaiian Affairs on S.B. No. 224

The purpose of this measure is to:

- (1) Allow for noise control infractions to be processed under the traffic and emergency period infractions adjudication process; and
- (2) Grant the District Court concurrent jurisdiction over noise control infractions committed by minors.

Your Committee received testimony in support of this measure from the Department of the Prosecuting Attorney of the City and County of Honolulu and Honolulu Police Department. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Judiciary.

Your Committee finds that the City and County of Honolulu would like to enact and enforce noise control infractions to respond to legitimate noise complaints across the island of Oahu. This measure would provide an expedited, less resource-intensive enforcement mechanism for noise control enforcement.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the Judiciary has requested an effective date of January 1, 2024, to allow the Judiciary time to prepare the necessary changes to the Judiciary Information Management System which will be required to design, code, and test a new type of infraction.

Your Committee urges the City and County of Honolulu to work with the Judiciary to determine how the designation of noise control ordinances will impact the courts and how the process should be created.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 224, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 224, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Mizuno).

SCRep. 1788 Judiciary & Hawaiian Affairs on S.B. No. 587

The purpose of this measure is to enhance the existing noisy exhaust pipe and muffler laws by:

- (1) Increasing the fines that may be issued for violation of noisy exhaust pipe and muffler laws; and
- (2) Authorizing enforcement officers to conduct examinations and inspections if the officer has probable cause to believe that a vehicle's excessively noisy muffler is evidence of a violation.

Your Committee received testimony in support of this measure from ten individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that noisy exhaust pipes and mufflers on motorcycles, mopeds, and motor vehicles cause unnecessary disturbance to the public. This measure seeks to address excessive noise emitted by exhaust pipes and mufflers, in violation of existing laws, through the increased deterrent of higher fines and increased enforcement mechanisms.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 587, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 587, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, 3 (Ganaden, Holt, Souza). Excused, 2 (Ilagan, Kong).

SCRep. 1789 Judiciary & Hawaiian Affairs on S.B. No. 313

The purpose of this measure is to:

- (1) Reduce the number of members on the State Rehabilitation Council from twenty-one to fifteen;
- (2) Clarify that the member representing the Client Assistance Program on the State Rehabilitation Council is not subject to term limits; and
- (3) Authorize the State Rehabilitation Council to establish quorum and conduct business without regard to vacancies.

Your Committee received testimony in support of this measure from the Department of Human Services, Department of Health, Disability and Communication Access Board, and Hawaii Disability Rights Center.

Your Committee finds that this measure will allow the State Rehabilitation Council to operate more efficiently, helping it to fulfill its mission.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 313 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Ilagan, Kong).

SCRep. 1790 Judiciary & Hawaiian Affairs on S.B. No. 346

The purpose of this measure is to provide flexibility in the use of sirens by authorized emergency vehicles in certain circumstances.

Your Committee received testimony in support of this measure from the State of Hawaii Organization of Police Officers and two individuals.

Your Committee finds that while the use of sirens by emergency vehicles is vital to respond to emergencies, the use of sirens is not always mandatory or necessary. However, your Committee further finds that existing law does not provide emergency responders flexibility as to when sirens should be used. Your Committee believes that allowing emergency responders to use their discretion as to whether or not the use of sirens is necessary will alleviate noise pollution and reduce any unnecessary disturbance of residents and visitors of the State.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 346, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Ilagan, Kong).

SCRep. 1791 Judiciary & Hawaiian Affairs on S.B. No. 1173

The purpose of this measure is to prohibit a person from causing a diesel- or gas-powered vehicle to discharge clearly visible smoke, soot, or other exhaust emissions onto another person or motor vehicle, subject to certain exemptions.

Your Committee received testimony in support of this measure from Hawaii Transportation Association, Hawaii Bicycling League, Hydroponics Alternatives LLC, and three individuals. Your Committee received testimony in opposition to this measure from two individuals.

Your Committee finds that this measure is intended to address the act of "coal rolling", where a vehicle's exhaust has been modified and the vehicle discharges a large amount of smoke, soot, or other emissions onto another person or vehicle. Making this act a traffic violation protects others who share the road and the environment.

Your Committee has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1173, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1173, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Ilagan, Kong).

SCRep. 1792 Judiciary & Hawaiian Affairs on S.B. No. 129

The purpose of this measure is to:

- (1) Require providers of no cost emergency shelter and related services to:
 - (A) Take steps to ensure pertinent minors obtain and receive services from the juvenile justice or child welfare systems, as required by the federal Runaway and Homeless Youth Act; and
 - (B) Maintain separation for unrelated adults and minor children; and
- (2) Make permanent the definition of "provider" as it relates to entities eligible to provide no cost emergency shelter and related services to consenting minors, as amended by Act 23, Session Laws of Hawaii 2021.

Your Committee received testimony in support of this measure from Opportunity Youth Action Hawai'i and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Human Services and Residential Youth Services & Empowerment.

Your Committee finds that minors experiencing housing instability and homelessness need safe places to seek shelter and receive assistance. To address this, the Legislature enacted Act 23, Session Laws of Hawaii 2021 (Act 23), which established a means to provide shelter to unaccompanied youth experiencing homelessness without the need to obtain consent from a parent or guardian. Your Committee notes that despite the importance and success of Act 23, it is set to sunset on June 30, 2023. This measure will ensure youth experiencing homelessness will continue to have the safe and secure shelter needed to stabilize, heal, and access resources.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 129, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 129, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 3 (Ilagan, Kong, Souza).

SCRep. 1793 Judiciary & Hawaiian Affairs on S.B. No. 1086

The purpose of this measure is to amend the composition and duties of the State Highway Safety Council.

Your Committee received testimony in support of this measure from the Department of Transportation, Alliance for Automotive Innovation, and Ulupono Initiative.

Your Committee finds that this measure diversifies the composition of the State Highway Safety Council and adds specific duties that enlarge the council's role. These duties are geared toward improving safety in ground transportation, and oversight, transparency, and evaluative tools to track and report on the Department of Transportation's progress. Your Committee further finds that, as the State's transportation needs become increasingly complex, it is vital to involve not only a wider array of governmental officials, but also stakeholders who represent different sectors of the community and can contribute their unique perspectives to ground transportation issues and solutions.

Your Committee has amended this measure by:

- (1) Requiring the State Highway Safety Council to be chaired on an annually rotating basis by a member appointed by the President of the Senate and a member appointed by the Speaker of the House of Representatives, rather than the chairpersons of the respective committees of the Senate and House of Representatives having jurisdiction over transportation or their designees; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1086, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1086, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Ilagan, Kong).

SCRep. 1794 Judiciary & Hawaiian Affairs on S.B. No. 67

The purpose of this measure is to:

- (1) Prohibit commercial vendors from presetting commercial beach equipment on certain public beaches under the jurisdiction of the Department of Land and Natural Resources, unless the customer is physically present;

- (2) Require commercial vendors to expeditiously remove commercial beach equipment after the customer has finished using it;
- (3) Allow the Department of Land and Natural Resources to grant exemptions through rules; and
- (4) Establish administrative fines for violations.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Tourism Authority, and two individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

Your Committee finds that the lack of a clear definition of "presetting" has allowed issues related to the presetting of commercial beach equipment on Hawaii beaches to persist. The Department of Land and Natural Resources has received numerous complaints about the presetting of equipment on state beaches and dedicated a substantial amount of time to advising commercial operators that presetting is not allowed. The Department's Division of Conservation and Resources Enforcement officers also issued citations to commercial operators who preset equipment; however, those violations were dismissed in court based on the concessionaire's argument that customers had prior reservations and the equipment was merely being set up in advance of their arrival. This measure will help the Department better address complaints regarding presetting.

Your Committee has amended this measure by:

- (1) Expanding the applicability of the prohibition on certain commercial activities to include any beach under the jurisdiction of the Department of Land and Natural Resources, including private beaches in which the State has an easement or other property interest, and located within counties with certain population sizes; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 67, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 67, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Kong, Souza).

SCRep. 1795 Water & Land on S.B. No. 193

The purpose of this measure is to add representatives of the Hawaii State Aircraft Rescue Fire Fighting Unit and the Division of Forestry and Wildlife of the Department of Land and Natural Resources to the membership of the State Fire Council and to the membership of advisory committees that the State Fire Council may appoint.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Hawaii State Fire Council.

Your Committee finds that the Hawaii State Aircraft Rescue Fire Fighting Unit and the Division of Forestry and Wildlife of the Department of Land and Natural Resources communicate and collaborate with the county fire departments on a regular basis during emergency incidents and non-emergency administrative matters and may provide a unique perspective to the State Fire Council. This measure will assist the State Fire Council in accomplishing its functions.

Your Committee has amended this measure by:

- (1) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 193, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 193, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1796 Consumer Protection & Commerce/Legislative Management on H.R. No. 107

The purpose of this measure is to request that the Legislative Reference Bureau conduct an analysis regarding the scope and practice for Advanced Practice Registered Nurses and Physician Assistants

The Office of the Auditor offered comments. The Board of Nursing offered comments. The Hawaii Medical Board Offered Comments. 2 individuals testified in opposition.

Your committee has amended the measure by changing the Office of the Auditor to the Legislative Reference Bureau.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 107, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as H.R. No. 107, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 9; Ayes with Reservations (Hussey-Burdick). Noes, none. Excused, 2 (Belatti, Lowen).

Legislative Management: Ayes, 3. Noes, none. Excused, 2 (Ilagan, Matsumoto).

SCRep. 1797 Consumer Protection & Commerce/Legislative Management on H.C.R. No. 100

The purpose of this measure is to request that the Legislative Reference Bureau conduct an analysis regarding the scope and practice for Advanced Practice Registered Nurses and Physician Assistants

The Board of Nursing offered comments. The Hawaii Medical Board offered comments. The Office of the Auditor offered comments. The Hawaii State Center for Nursing offered comments. The Hawaii Association of Professional Nurses testified in opposition. The Hawaii Chapter of the American Nurses Association offered comments. The Hawaii Academy of Physician Assistants offered comments. 3 individuals testified in opposition.

Your committee has amended the measure by changing the Office of the Auditor to the Legislative Reference Bureau.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 100, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as H.C.R. No. 100, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 9; Ayes with Reservations (Hussey-Burdick). Noes, none. Excused, 2 (Belatti, Lowen).

Legislative Management: Ayes, 3. Noes, none. Excused, 2 (Ilagan, Matsumoto).

SCRep. 1798 Consumer Protection & Commerce/Legislative Management on H.R. No. 186

The purpose of this measure is to request that the Department of Health conduct a social and financial assessment of the proposed mandatory health insurance coverage for weight management medication

HMSA offered comments.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 186 and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 9. Noes, none. Excused, 2 (Belatti, Lowen).

Legislative Management: Ayes, 3. Noes, none. Excused, 2 (Ilagan, Matsumoto).

SCRep. 1799 Consumer Protection & Commerce/Legislative Management on H.C.R. No. 181

The purpose of this measure is to request the Department of Health to conduct a social and financial assessment of proposed mandatory health insurance coverage for weight management medication

HMSA offered comments.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 181 and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 9. Noes, none. Excused, 2 (Belatti, Lowen).

Legislative Management: Ayes, 3. Noes, none. Excused, 2 (Ilagan, Matsumoto).

SCRep. 1800 Consumer Protection & Commerce/Legislative Management on H.R. No. 118

The purpose of this measure is to request that the Auditor conduct a social and financial assessment of proposed mandatory health insurance coverage for various sexual and reproductive health care services.

The Office of the Auditor offered comments. HMSA offered comments.

Your committee amended the measure by deleting references to HB 1179.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 118, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as H.R. No. 118, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 9. Noes, none. Excused, 2 (Belatti, Lowen).

Legislative Management: Ayes, 3. Noes, none. Excused, 2 (Ilagan, Matsumoto).

SCRep. 1801 Consumer Protection & Commerce/Legislative Management on H.C.R. No. 112

The purpose of this measure is to request that the Auditor conduct a social and financial assessment of proposed mandatory health insurance coverage for various sexual and reproductive health care services.

The Office of the Auditor offered comments. Planned Parenthood testified in support. HMSA offered comments.

Your committee has amended the measure by deleting references to HB 1179.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 112, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as H.C.R. No. 112, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 9. Noes, none. Excused, 2 (Belatti, Lowen).

Legislative Management: Ayes, 3. Noes, none. Excused, 2 (Ilagan, Matsumoto).

SCRep. 1802 Consumer Protection & Commerce/Legislative Management on H.R. No. 205

The purpose of this measure is to request the auditor to conduct a sunrise analysis on mandating parity in vitro fertilization health insurance coverage

The Office of the Auditor offered comments. HMSA offered comments.

Your committees amended the measures by adding SB 993 as the reference legislation.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 205, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as H.R. No. 205, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 9. Noes, none. Excused, 2 (Belatti, Lowen).

Legislative Management: Ayes, 3. Noes, none. Excused, 2 (Ilagan, Matsumoto).

SCRep. 1803 Consumer Protection & Commerce/Legislative Management on H.C.R. No. 201

The purpose of this measure is to request that the Auditor conduct a sunrise analysis on mandating parity in vitro fertilization health insurance coverage.

The Office of Auditor offered comments. The Stonewall Caucus of the Democratic Party of Hawaii testified in support. HMSA offered comments.

Your committee amended the measure by adding SB 993 to references for legislation.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 201, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as H.C.R. No. 201, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 9. Noes, none. Excused, 2 (Belatti, Lowen).

Legislative Management: Ayes, 3. Noes, none. Excused, 2 (Ilagan, Matsumoto).

SCRep. 1804 Consumer Protection & Commerce on H.R. No. 208

The purpose of this measure is to request the Hawai'i State Center for Nursing to convene a working group to study the potential impacts to the State of joining the multi-state Nurse Licensure Compact.

The Queen's Health System, Hawaii Government Employees Association, Healthcare Association of Hawaii, Hawaii Medical Service Association, and several individuals testified in support. The Board of Nursing, Hawai'i State Center for Nursing, Hawai'i-American Nurses Association, Hawaii Association of Health Plans, and Grassroot Institute of Hawaii offered comments.

Your Committee has amended this measure by changing the due date of the report to no later than twenty days prior to the convening of the Regular Session of 2025.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 208, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 208, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hussey-Burdick, Lowen).

SCRep. 1805 Consumer Protection & Commerce on H.C.R. No. 204

The purpose of this measure is to request the Hawai'i State Center for Nursing to convene a working group to study the potential impacts to the State of joining the multi-state Nurse Licensure Compact.

The Queen's Health System, Hawaii Government Employees Association, Healthcare Association of Hawaii, Hawaii Medical Service Association, and an individual testified in support. The Board of Nursing, Hawai'i State Center for Nursing, Hawai'i-American Nurses Association, Hawaii Association of Health Plans, and Grassroot Institute of Hawaii offered comments.

Your Committee has amended this measure by changing the due date of the report to no later than twenty days prior to the convening of the Regular Session of 2025.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 204, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 204, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hussey-Burdick, Lowen).

SCRep. 1806 Consumer Protection & Commerce on H.R. No. 43

The purpose of this measure is to request that the Governor convene a task to examine and make recommendations on the existing procedures for the adoption of the State Building Code.

The Chief Housing Officer, Subcontractors Association of Hawaii, BIA-Hawaii, and two individuals supported this measure. An individual opposed this measure.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 43 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Lowen).

SCRep. 1807 Consumer Protection & Commerce on H.C.R. No. 39

The purpose of this measure is to request that the Governor convene a task to examine and make recommendations on the existing procedures for the adoption of the State Building Code.

The Chief Housing Officer, Subcontractors Association of Hawaii, BIA-Hawaii, and several individuals supported this measure. An individual submitted comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 39 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Lowen).

SCRep. 1808 Consumer Protection & Commerce on H.C.R. No. 49

The purpose of this measure is to request the establishment of a telehealth working group to examine the impact of widespread telehealth adoption during the COVID-19 pandemic and identify public policy initiatives at the federal and state level to optimize telehealth utilization as the State transitions out of the COVID-19 pandemic.

The Department of Health, University of Hawaii System, Hawaii Medical Service Association, Hawaii Primary Care Association, Hawaii Substance Abuse Coalition, The Queen's Health System, Healthcare Association of Hawaii, National Association of Social Workers-Hawai'i, Hawai'i Psychological Association, and Hawaiian Islands Association for Marriage and Family Therapy supported this measure. Hawaii Association of Health Plans offered comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 49 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hussey-Burdick, Lowen).

SCRep. 1809 Transportation on H.R. No. 134

The purpose of this measure is to urge the Department of Transportation to conduct a study to establish safe routes to school.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that transforming Hawaii's transportation systems and infrastructure to prioritize walking, rolling, bicycling, and public transit use is part of the State's commitments to public health, safety, economic vitality, and environmental sustainability. Barriers include a lack of complete, safe, and comfortable bike and pedestrian networks, complicated funding mechanisms for safe routes to school programs, and a lack of a state safe routes to school plan. Your Committee therefore finds that this measure will help facilitate establishing a safe routes to school program to provide students with a safe means of biking or walking to school.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 134 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1810 Transportation on H.C.R. No. 133

The purpose of this measure is to urge the Department of Transportation to conduct a study to establish safe routes to school.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that transforming Hawaii's transportation systems and infrastructure to prioritize walking, rolling, bicycling, and public transit use is part of the State's commitments to public health, safety, economic vitality, and environmental sustainability. Barriers include a lack of complete, safe, and comfortable bike and pedestrian networks, complicated funding mechanisms for safe routes to school programs, and a lack of a state safe routes to school plan. Your Committee therefore finds that this measure will help facilitate establishing a safe routes to school program to provide students with a safe means of biking or walking to school.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 133 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1811 Transportation on H.R. No. 179

The purpose of this measure is to urge the State of Hawaii, City and County of Honolulu, federal entities, and private land owners to work together to immediately open the section of the Waianae Coast Emergency Access Road extending Paakea Road out to Lualualei Naval Road for public use on a permanent basis.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that Farrington Highway is the main route of travel for communities of the Leeward Coast of Oahu and it is the only public highway that leads into and out of the region. Farrington Highway has experienced lane closures or complete shutdowns on numerous occasions due to traffic accidents, severe weather, and construction work. Your Committee further finds that the system of roads known as the Waianae Coast Emergency Access Road consists of gated roads and can be opened when deemed necessary or when requested by the Honolulu Police Department. Your Committee therefore finds that it is critical for this alternate route to be opened permanently to alleviate traffic and improve public safety.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 179 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1812 Transportation on H.C.R. No. 174

The purpose of this measure is to urge the State of Hawaii, City and County of Honolulu, federal entities, and private land owners to work together to immediately open the section of the Waianae Coast Emergency Access Road extending Paakea Road out to Lualualei Naval Road for public use on a permanent basis.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that Farrington Highway is the main route of travel for communities of the Leeward Coast of Oahu and it is the only public highway that leads into and out of the region. Farrington Highway has experienced lane closures or complete shutdowns on numerous occasions due to traffic accidents, severe weather, and construction work. Your Committee further finds that the system of roads known as the Waianae Coast Emergency Access Road consists of gated roads and can be opened when deemed necessary or when requested by the Honolulu Police Department. Your Committee therefore finds that it is critical for this alternate route to be opened permanently to alleviate traffic and improve public safety.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1813 Transportation on H.R. No. 162

The purpose of this measure is to urge the Department of Transportation and Department of Transportation Services of the City and County of Honolulu to construct elevated crosswalks along Meheula Parkway near Mililani High School.

Your Committee received testimony in support of this measure from the Department of Transportation and State Council on Developmental Disabilities.

Your Committee finds that there are several high-traffic roadways around Mililani High School that pose a significant risk to students who walk to and from school. Your Committee further finds that raised crosswalks help make pedestrians more visible to drivers and can reduce crashes by forty-five percent.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 162 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Matsumoto).

SCRep. 1814 Transportation on H.C.R. No. 161

The purpose of this measure is to urge the Department of Transportation and Department of Transportation Services of the City and County of Honolulu to construct elevated crosswalks along Meheula Parkway near Mililani High School.

Your Committee received testimony in support of this measure from the Department of Transportation and State Council on Developmental Disabilities.

Your Committee finds that there are several high-traffic roadways around Mililani High School that pose a significant risk to students who walk to and from school. Your Committee further finds that raised crosswalks help make pedestrians more visible to drivers and can reduce crashes by forty-five percent.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 1 (Matsumoto).

SCRep. 1815 Transportation/Legislative Management on H.R. No. 138

The purpose of this measure is to request the Auditor to conduct an audit on the Department of Transportation's Pali Highway resurfacing project.

Your Committees received testimony in support of this measure from five individuals. Your Committees received comments on this measure from the Office of the Auditor.

Your Committees find that the Pali Highway resurfacing project began in May 2017, and was anticipated to be completed in December 2020, however the project is only approximately seventy-five percent completed. Your Committees further find that commuters on Pali Highway are still experiencing lane closures and uneven lanes. Your Committees therefore find that requesting the Auditor to conduct an audit on the Department of Transportation and report its findings and recommendations will help to provide residents with timely information on the status of this project.

Your Committees note the questions raised during the hearing regarding whether the Office of the Auditor is the appropriate agency to help address the issues with the Department of Transportation's Pali Highway resurfacing project or whether another legislative agency or the Department of Transportation itself should work with the Legislature. Your Committees respectfully request your Committee on Finance, should it deliberate on this measure, to consider addressing these concerns.

As affirmed by the records of votes of the members of your Committees on Transportation and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 138 and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 9; Ayes with Reservations (Hashimoto, Onishi). Noes, none. Excused, none.

Legislative Management: Ayes, 3. Noes, none. Excused, 2 (Morikawa, Matsumoto).

SCRep. 1816 Transportation/Legislative Management on H.C.R. No. 137

The purpose of this measure is to request the Auditor to conduct an audit on the Department of Transportation's Pali Highway resurfacing project.

Your Committees received testimony in support of this measure from three individuals. Your Committees received comments on this measure from the Office of the Auditor and one individual.

Your Committees find that the Pali Highway resurfacing project began in May 2017, and was anticipated to be completed in December 2020, however the project is only approximately seventy-five percent completed. Your Committees further find that commuters on Pali Highway are still experiencing lane closures and uneven lanes. Your Committees therefore find that requesting the Auditor to conduct an audit on the Department of Transportation and report its findings and recommendations will help to provide residents with timely information on the status of this project.

Your Committees note the questions raised during the hearing regarding whether the Office of the Auditor is the appropriate agency to help address the issues with the Department of Transportation's Pali Highway resurfacing project or whether another legislative agency or the Department of Transportation itself should work with the Legislature. As affirmed by the records of votes of the members of your Committees on Transportation and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 137 and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Transportation: Ayes, 9; Ayes with Reservations (Hashimoto, Onishi). Noes, none. Excused, none.

Legislative Management: Ayes, 5. Noes, none. Excused, none.

SCRep. 1817 Labor & Government Operations on H.R. No. 48

The purpose of this measure is to request the Department of Labor and Industrial Relations to convene a working group to design a social insurance family leave program for the State.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Hawai'i Children's Action Network Speaks!; American Association of University Women of Hawaii; Imua Alliance; Democratic Party of Hawai'i Education Caucus; Hawai'i State Teachers

Association; Hawaii Appleseed Center for Law & Economic Justice; Democratic Party of Hawaii Labor Caucus; Hawai'i State Democratic Women's Caucus; International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts of the United States, Its Territories and Canada, AFL-CIO, CLC, Local 665; and nine individuals.

Your Committee finds that enacting a comprehensive family leave program would allow employees whose family members are impacted by serious health conditions to provide adequate care for their loved ones without sacrificing their financial security. Your Committee believes that the Department of Labor and Industrial Relations is the appropriate department to spearhead a working group to design a family leave program for the State, that the program should be a paid family leave program, and that the working group would benefit from broader representation.

Your Committee has amended this measure by:

- (1) Changing the program from a social insurance family leave program to a paid family leave program;
- (2) Broadening the working group to include:
 - (A) A representative from an organization that represents business groups;
 - (B) A member of the House of Representatives, appointed by the Speaker of the House of Representatives;
 - (C) A member of the Senate, appointed by the President of the Senate; and
 - (D) Any other members the Director of Labor and Industrial Relations or the Director's designee deems necessary; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider adding an appropriation to an appropriate measure to support the working group.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 48, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 48, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1818 Labor & Government Operations on H.C.R. No. 44

The purpose of this measure is to request the Department of Labor and Industrial Relations to convene a working group to design a social insurance family leave program for the State.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations; Hawai'i Children's Action Network Speaks!; American Association of University Women of Hawaii; Stonewall Caucus of the Democratic Party Of Hawai'i; Imua Alliance; Democratic Party of Hawai'i Education Caucus; Hawai'i State Teachers Association; Hawaii Appleseed Center for Law & Economic Justice; Hawai'i Workers Center; Democratic Party of Hawaii Labor Caucus; Hawaii Nurses' Association – OPEIU Local 50; Hawai'i State Democratic Women's Caucus; International Alliance of Theatrical Stage Employees, Moving Picture Technicians, Artists and Allied Crafts of the United States, Its Territories and Canada, AFL-CIO, CLC, Local 665; and fourteen individuals.

Your Committee finds that enacting a comprehensive family leave program would allow employees whose family members are impacted by serious health conditions to provide adequate care for their loved ones without sacrificing their financial security. Your Committee believes that the Department of Labor and Industrial Relations is the appropriate department to spearhead a working group to design a family leave program for the State, that the program should be a paid family leave program, and that the working group would benefit from broader representation.

Your Committee has amended this measure by:

- (1) Changing the program from a social insurance family leave program to a paid family leave program;
- (2) Broadening the working group to include:
 - (A) A representative from an organization that represents business groups;
 - (B) A member of the House of Representatives, appointed by the Speaker of the House of Representatives;
 - (C) A member of the Senate, appointed by the President of the Senate; and
 - (D) Any other members the Director of Labor and Industrial Relations or the Director's designee deems necessary; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider adding an appropriation to an appropriate measure to support the working group.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 44, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 44, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1819 Labor & Government Operations on H.R. No. 60

The purpose of this measure is to request the Department of Labor and Industrial Relations to complete a comparative study of its policies on youth employment and federal requirements for youth employment under the Fair Labor Standards Act.

Your Committee received testimony in support of this measure from Chamber of Commerce, Hawaii Work-Based Learning Policy Hui and HawaiiKidsCAN. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 60 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1820 Labor & Government Operations on H.C.R. No. 58

The purpose of this measure is to request the Department of Labor and Industrial Relations to complete a comparative study of its policies on youth employment and federal requirements for youth employment under the Fair Labor Standards Act.

Your Committee received testimony in support of this measure from the Chamber of Commerce, Hawaii Work-Based Learning Policy Hui and HawaiiKidsCAN. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 58 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1821 Labor & Government Operations on H.R. No. 87

The purpose of this measure is to request the Department of Labor and Industrial Relations to provide and produce updated actuarial studies regarding the lifespan probabilities of surviving dependent beneficiaries for the purpose of applying Hawaii's workers' compensation law.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 87 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1822 Labor & Government Operations on H.C.R. No. 82

The purpose of this measure is to request the Department of Labor and Industrial Relations to provide and produce updated actuarial studies regarding the lifespan probabilities of surviving dependent beneficiaries for the purpose of applying Hawaii's workers' compensation Law.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 82 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1823 Labor & Government Operations on H.R. No. 146

The purpose of this measure is to urge the Department of Human Resources Development to establish a working group to examine issues and opportunities for improvement in recruitment and retention of public employees.

Your Committee received testimony in support of this measure from the United Public Workers.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 146 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1824 Labor & Government Operations on H.C.R. No. 144

The purpose of this measure is to urge the Department of Human Resources Development to establish a working group to examine issues and opportunities for improvement in recruitment and retention of public employees.

Your Committee received testimony in support of this measure from the United Public Workers.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 144 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1825 Agriculture & Food Systems/Higher Education & Technology on H.R. No. 182

The purpose of this measure is to urge the University of Hawaii Community Colleges to establish baccalaureate degree programs in agricultural technology, food science, and education at Leeward Community College.

Your Committees received testimony in support of this measure from two individuals. Your Committees received testimony in opposition to this measure from one individual. Your Committees received comments on this measure from the University of Hawai'i System.

Your Committees find that by expanding its degree offerings, the University of Hawaii would better provide its students with the tools they need to thrive in the twenty-first century job market while also supporting the growth and development of Hawaii's economy.

Your Committees have amended this measure by:

- (1) Adding the Chairperson of the Board of Regents of the University of Hawaii as a recipient of a certified copy; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Agriculture & Food Systems and Higher Education & Technology that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 182, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as H.R. No. 182, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Agriculture & Food Systems: Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.
Higher Education & Technology: Ayes, 8. Noes, none. Excused, 3 (Marten, Martinez, Quinlan).

SCRep. 1826 Agriculture & Food Systems/Higher Education & Technology on H.C.R. No. 177

The purpose of this measure is to urge the University of Hawaii Community Colleges to establish baccalaureate degree programs in agricultural technology, food science, and education at Leeward Community College.

Your Committees received comments on this measure from the University of Hawai'i System.

Your Committees find that by expanding its degree offerings, the University of Hawaii would better provide its students with the tools they need to thrive in the twenty-first century job market while also supporting the growth and development of Hawaii's economy.

Your Committees have amended this measure by:

- (1) Adding the Chairperson of the Board of Regents of the University of Hawaii as a recipient of a certified copy; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Agriculture & Food Systems and Higher Education & Technology that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 177, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as H.C.R. No. 177, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Agriculture & Food Systems: Ayes, 7; Ayes with Reservations (Ward). Noes, none. Excused, none.
Higher Education & Technology: Ayes, 8. Noes, none. Excused, 3 (Marten, Martinez, Quinlan).

SCRep. 1827 Agriculture & Food Systems on H.R. No. 174

The purpose of this measure is to request the Department of Agriculture to examine existing laws related to the sugar and pineapple industries and determine whether updates should be made for the utilization of diversified crops.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that the downsizing of the sugar and pineapple industries presents an opportunity to transform agriculture into a dynamic, diversified growth industry. Therefore, your Committee further finds that an examination of laws and a determination regarding updates, as proposed in this measure, are logical and prudent.

Your Committee has amended this measure by:

- (1) Requesting the Department of Agriculture to consult with the Agribusiness Development Corporation in examining existing laws related to the sugar and pineapple industries and determining whether updates should be made for the utilization of diversified crops;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 174, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 174, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1828 Agriculture & Food Systems on H.C.R. No. 169

The purpose of this measure is to request the Department of Agriculture to examine existing laws related to the sugar and pineapple industries and determine whether updates should be made for the utilization of diversified crops.

Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that the downsizing of the sugar and pineapple industries presents an opportunity to transform agriculture into a dynamic, diversified growth industry. Therefore, your Committee further finds that an examination of laws and a determination regarding updates, as proposed in this measure, are logical and prudent.

Your Committee has amended this measure by:

- (1) Requesting the Department of Agriculture to consult with the Agribusiness Development Corporation in examining existing laws related to the sugar and pineapple industries and determining whether updates should be made for the utilization of diversified crops;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 169, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 169, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1829 Agriculture & Food Systems on H.R. No. 47

The purpose of this measure is to urge the Department of Land and Natural Resources, in consultation with the Hawaii Invasive Species Council, to develop a comprehensive strategy for managing the invasive rose-ringed parakeet population.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that rose-ringed parakeets, which cause harm to native species and agricultural crops, must be managed through a comprehensive strategy. Your Committee further finds that the Hawaii Invasive Species Council, which is co-chaired by the Chairpersons of the Board of Land and Natural Resources and Board of Agriculture, is the appropriate entity to develop policy-level direction, coordination, and planning statewide regarding the rose-ringed parakeet.

Your Committee has amended this measure by:

- (1) Urging the Hawaii Invasive Species Council, rather than the Department of Land and Natural Resources, to develop and submit the comprehensive strategy;
- (2) Urging the Hawaii Invasive Species Council to consult with the Department of Agriculture in developing the comprehensive strategy;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 47, as amended herein, and recommends that it be referred to your Committee on Water & Land in the form attached hereto as H.R. No. 47, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1830 Agriculture & Food Systems on H.C.R. No. 43

The purpose of this measure is to urge the Department of Land and Natural Resources, in consultation with the Hawaii Invasive Species Council, to develop a comprehensive strategy for managing the invasive rose-ringed parakeet population.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau. Your Committee received testimony in opposition to this measure from Animal Rights Hawai'i. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that rose-ringed parakeets, which cause harm to native species and agricultural crops, must be managed through a comprehensive strategy. Your Committee further finds that the Hawaii Invasive Species Council, which is co-chaired by the Chairpersons of the Board of Land and Natural Resources and Board of Agriculture, is the appropriate entity to develop policy-level direction, coordination, and planning statewide regarding the rose-ringed parakeet.

Your Committee has amended this measure by:

- (1) Urging the Hawaii Invasive Species Council, rather than the Department of Land and Natural Resources, to develop and submit the comprehensive strategy;
- (2) Urging the Hawaii Invasive Species Council to consult with the Department of Agriculture in developing the comprehensive strategy;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 43, as amended herein, and recommends that it be referred to your Committee on Water & Land in the form attached hereto as H.C.R. No. 43, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1831 Agriculture & Food Systems on H.R. No. 181

The purpose of this measure is to urge the Department of Agriculture to:

- (1) Designate Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor; and
- (2) Establish a list prioritizing potential agricultural infrastructure improvement projects that would provide the most value to the State when considering certain factors.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau and Hawaii Crop Improvement Association. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that creating the Central Oahu Agricultural Corridor and prioritizing infrastructure improvement projects would have positive short-term and long-term impacts and could be valuable steps toward the State's goal to double local food production by 2030.

Your Committee has amended this measure by:

- (1) Urging the Department of Agriculture to consult with the Agribusiness Development Corporation in designating the Central Oahu Agricultural Corridor and establishing the prioritization list;
- (2) Adding the Executive Director of the Agribusiness Development Corporation as a recipient of a certified copy of this measure;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 181, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 181, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1832 Agriculture & Food Systems on H.C.R. No. 176

The purpose of this measure is to urge the Department of Agriculture to:

- (1) Designate Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor; and
- (2) Establish a list prioritizing potential agricultural infrastructure improvement projects that would provide the most value to the State when considering certain factors.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau and Hawaii Crop Improvement Association. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee finds that creating the Central Oahu Agricultural Corridor and prioritizing infrastructure improvement projects would have positive short-term and long-term impacts and could be valuable steps toward the State's goal to double local food production by 2030.

Your Committee has amended this measure by:

- (1) Urging the Department of Agriculture to consult with the Agribusiness Development Corporation in designating the Central Oahu Agricultural Corridor and establishing the prioritization list;
- (2) Adding the Executive Director of the Agribusiness Development Corporation as a recipient of a certified copy of this measure;
- (3) Amending its title in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 176, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 176, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1833 Labor & Government Operations on H.R. No. 133

The purpose of this measure is to request the Department of Accounting and General Services to provide menstrual products at no cost in state buildings under the jurisdiction of the Department of Accounting and General Services that are open to the public and contain public restrooms.

Your Committee received testimony in support of the measure from Hawaii County Council, Ma'i Movement Hawai'i, Hawaii Women's Coalition, and numerous individuals. Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee has amended this measure by adding language to require signage in all restrooms of those covered public buildings, indicating the location of free menstrual products.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider adding an appropriation to an appropriate measure to fund this initiative.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 133, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 133, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Alcos). Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1834 Labor & Government Operations on H.C.R. No. 132

The purpose of this measure is to request the Department of Accounting and General Services to provide menstrual products at no cost in state buildings under the jurisdiction of the Department of Accounting and General Services that are open to the public and contain public restrooms.

Your Committee received testimony in support of the measure from Hawaii County Council, Alliance for Period Supplies, Planned Parenthood Alliance Advocates, Ma'i Movement Hawai'i, Hawaii Women's Coalition, 'Ahaui o na Kauka Association of Native Hawaiian Physicians, and numerous individuals. Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee has amended this measure by adding language to require signage in all restrooms of those covered public buildings, indicating the location of free menstrual products.

Your Committee respectfully requests your Committee on Finance, should it deliberate on this measure, to consider adding an appropriation to an appropriate measure to fund this initiative.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 132, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 132, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5; Ayes with Reservations (Alcos). Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1835 Agriculture & Food Systems on H.R. No. 116

The purpose of this measure is to request the Department of Agriculture, Department of Land and Natural Resources, Department of Health, City and County of Honolulu, and County of Hawaii to collaborate to establish and implement a five-year pilot program to mitigate and control the significant increase in the population of feral chickens and roosters.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau. Your Committee received testimony in opposition to this measure from the Department of Health and one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the population of feral chickens, which present numerous hazards and nuisances to urban and suburban communities, must be controlled. Your Committee further finds, however, that the Hawaii Invasive Species Council is better suited to undertake this pilot program.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Hawaii Invasive Species Council:

- (A) In coordination and collaboration with the City and County of Honolulu and County of Hawaii, to establish and implement the five-year pilot program; and
 - (B) To submit the interim and final reports to the Legislature;
- (2) Amending its title in accordance with its amended purpose;
 - (3) Modifying the list of recipients who receive certified copies in accordance with its amended purpose; and
 - (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 116, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.R. No. 116, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1836 Agriculture & Food Systems on H.C.R. No. 110

The purpose of this measure is to request the Department of Agriculture, Department of Land and Natural Resources, Department of Health, City and County of Honolulu, and County of Hawaii to collaborate to establish and implement a five-year pilot program to mitigate and control the significant increase in the population of feral chickens and roosters.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau. Your Committee received testimony in opposition to this measure from the Department of Agriculture and Department of Health. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the population of feral chickens, which present numerous hazards and nuisances to urban and suburban communities, must be controlled. Your Committee further finds, however, that the Hawaii Invasive Species Council is better suited to undertake this pilot program.

Accordingly, your Committee has amended this measure by:

- (1) Requesting the Hawaii Invasive Species Council:
 - (A) In coordination and collaboration with the City and County of Honolulu and County of Hawaii, to establish and implement the five-year pilot program; and
 - (B) To submit the interim and final reports to the Legislature;
- (2) Amending its title in accordance with its amended purpose;
- (3) Modifying the list of recipients who receive certified copies in accordance with its amended purpose; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 110, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as H.C.R. No. 110, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1837 Agriculture & Food Systems on H.R. No. 111

The purpose of this measure is to request the Department of Education to develop a strategic plan to meet the locally sourced food goals established in Acts 175 and 176, Session Laws of Hawaii 2021.

Your Committee received testimony in support of this measure from the County of Hawai'i, Ulupono Initiative, Hawai'i Appleseed Center for Law & Economic Justice, and one individual.

Your Committee finds that the State's objective to increase locally produced food in the Department of Education's school meal program is a worthy endeavor. Your Committee further finds, however, that additional data and systemic, structural changes are needed for the State to achieve its goal.

Accordingly, your Committee has amended this measure by:

- (1) Modifying the components of the strategic plan that the Department of Education is requested to develop; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 111, as amended herein, and recommends that it be referred to your Committee on Education in the form attached hereto as H.R. No. 111, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1838 Agriculture & Food Systems on H.C.R. No. 105

The purpose of this measure is to request the Department of Education to develop a strategic plan to meet the locally sourced food goals established in Acts 175 and 176, Session Laws of Hawaii 2021.

Your Committee received testimony in support of this measure from the Ulupono Initiative, Hawai'i Appleseed Center for Law & Economic Justice, and one individual. Your Committee received testimony in opposition to this measure from the Department of Education.

Your Committee finds that the State's objective to increase locally produced food in the Department of Education's school meal program is a worthy endeavor. Your Committee further finds, however, that additional data and systemic, structural changes are needed for the State to achieve its goal.

Accordingly, your Committee has amended this measure by:

- (1) Modifying the components of the strategic plan that the Department of Education is requested to develop; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 105, as amended herein, and recommends that it be referred to your Committee on Education in the form attached hereto as H.C.R. No. 105, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1839 Higher Education & Technology on H.R. No. 57

The purpose of this measure is to urge the University of Hawaii at Manoa John A. Burns School of Medicine to prioritize efforts to strengthen Hawaii's reproductive care workforce, particularly for rural and remote areas of the State.

Your Committee received testimony in support of this measure from the Democratic Party of Hawai'i Education Caucus, Imua Alliance, Democratic Party of Hawaii Labor Caucus, Planned Parenthood Alliance Advocates, and four individuals.

Your Committee finds that as of 2022, only a few abortion providers host reproductive care clinics in the State, which are generally found only in Honolulu, on Maui, and in the Hilo area of Hawaii island. Your Committee recognizes that preserving access to safe and legal reproductive care is a vital public health objective. In the *Dobbs v. Jackson Women's Health Organization* decision overturning *Roe v. Wade*, the Supreme Court of the United States erased nearly fifty years of legal precedent supporting the fundamental right to reproductive freedom, leading to a wave of abortion restrictions enacted by state legislatures across the country. This decision disproportionately harms people of color, for whom access to health care and economic opportunities has historically been impeded.

Your Committee further finds that the State must act to uphold Hawaii's legacy as a leader in advancing reproductive care and enact policies to strengthen reproductive rights in the State. Your Committee believes that a pathway to strengthening reproductive care in Hawaii is by strengthening the reproductive care workforce and seeks the John A. Burns School of Medicine's assistance in prioritizing these efforts.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 57 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Matayoshi, Quinlan, Todd, Garcia).

SCRep. 1840 Higher Education & Technology on H.C.R. No. 55

The purpose of this measure is to urge the University of Hawaii at Manoa John A. Burns School of Medicine to prioritize efforts to strengthen Hawaii's reproductive care workforce, particularly for rural and remote areas of the State.

Your Committee received testimony in support of this measure from the Democratic Party of Hawai'i Education Caucus, Imua Alliance, Rainbow Family 808, IATSE Local 665, Democratic Party of Hawaii Labor Caucus, Planned Parenthood Alliance Advocates, and nine individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that as of 2022, only a few abortion providers host reproductive care clinics in the State, which are generally found only in Honolulu, on Maui, and in the Hilo area of Hawaii island. Your Committee recognizes that preserving access to safe and legal reproductive care is a vital public health objective. In the *Dobbs v. Jackson Women's Health Organization* decision overturning *Roe v. Wade*, the Supreme Court of the United States erased nearly fifty years of legal precedent supporting the fundamental right to reproductive freedom, leading to a wave of abortion restrictions enacted by state legislatures across the country. This decision disproportionately harms people of color, for whom access to health care and economic opportunities has historically been impeded.

Your Committee further finds that the State must act to uphold Hawaii's legacy as a leader in advancing reproductive care and enact policies to strengthen reproductive rights in the State. Your Committee believes that a pathway to strengthening reproductive care in Hawaii is by strengthening the reproductive care workforce and seeks the John A. Burns School of Medicine's assistance in prioritizing these efforts.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 55 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 4 (Matayoshi, Quinlan, Todd, Garcia).

SCRep. 1841 Economic Development/Higher Education & Technology on H.R. No. 88

The purpose of this measure is to urge Microsoft to consider building a data center in Hawaii.

Your Committees received testimony in opposition to this measure from one individual.

Your Committees find that Microsoft has demonstrated its deep commitment to the State through the employment of over sixty-five employees, making cash and in-kind donations to six hundred sixty-three nonprofits, and providing grants to the Hawai'i Community College. Your Committees further find that Microsoft announced plans to build fifty to one hundred new data centers across the globe each year. Data centers serve as facilities that centralize an organization's information and technology operations and equipment to store, process, and disseminate data and applications. Your Committees believe that establishing a Microsoft data center in Hawaii would have a positive impact on the State's economy and would further Microsoft's long standing commitment to the State.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Economic Development and Higher Education & Technology that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 88, as amended herein, and recommend its adoption in the form attached hereto as H.R. No. 88, H.D. 1.

Signed by the Chairs on behalf of the Committees.
Economic Development: Ayes, 8. Noes, none. Excused, none.
Higher Education & Technology: Ayes, 7. Noes, none. Excused, 4 (Marten, Martinez, Matayoshi, Garcia).

SCRep. 1842 Economic Development/Higher Education & Technology on H.C.R. No. 83

The purpose of this measure is to urge Microsoft to consider building a data center in Hawaii.

Your Committees received testimony in opposition to this measure from two individuals. Your Committees received comments on this measure from one individual.

Your Committees find that Microsoft has demonstrated its deep commitment to the State through the employment of over sixty-five employees, making cash and in-kind donations to six hundred sixty-three nonprofits, and providing grants to the Hawai'i Community College. Your Committees further find that Microsoft announced plans to build fifty to one hundred new data centers across the globe each year. Data centers serve as facilities that centralize an organization's information and technology operations and equipment to store, process, and disseminate data and applications. Your Committees believe that establishing a Microsoft data center in Hawaii would have a positive impact on the State's economy and would further Microsoft's long standing commitment to the State.

Your Committees have amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the records of votes of the members of your Committees on Economic Development and Higher Education & Technology that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 83, as amended herein, and recommend its adoption in the form attached hereto as H.C.R. No. 83, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Economic Development: Ayes, 8. Noes, none. Excused, none.

Higher Education & Technology: Ayes, 7. Noes, none. Excused, 4 (Marten, Martinez, Matayoshi, Garcia).

SCRep. 1843 Economic Development on H.R. No. 161

The purpose of this measure is to urge the Mayors and Councils of the City and County of Honolulu, County of Maui, County of Hawaii, and County of Kauai to establish business improvement districts within their respective counties.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii.

Your Committee finds that special improvement districts, also known as business improvement districts, are economic development organizations that bring public services to certain neighborhoods to provide governmental public services. Business improvement districts are approved by state legislation, funded by assessment fees paid by merchants and property owners within the district, and are managed by public or nonprofit boards, which include local business, area resident, and local government representation. Your Committee notes that the State has business improvement districts in Chinatown, Fort Street Mall, and Waikiki on Oahu and Hilo and Kailua-Kona on Hawaii Island, which have improved services that are provided by the municipality and increased the quality and efficiency of outcomes usually required of businesses. Your Committee believes that the establishment of additional business improvement districts throughout the State can increase the vitality and attractiveness of the communities they serve.

Your Committee has amended this measure by:

- (1) Clarifying that the Mayors and Councils of the City and County of Honolulu, County of Maui, County of Hawaii, and County of Kauai are urged to establish business improvement districts as special improvement districts within their respective counties;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 161, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 161, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1844 Economic Development on H.C.R. No. 160

The purpose of this measure is to urge the Mayors and Councils of the City and County of Honolulu, County of Maui, County of Hawaii, and County of Kauai to establish business improvement districts within their respective counties.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that special improvement districts, also known as business improvement districts, are economic development organizations that bring public services to certain neighborhoods to provide governmental public services. Business improvement districts are approved by state legislation, funded by assessment fees paid by merchants and property owners within the district, and are managed by public or nonprofit boards, which include local business, area resident, and local government representation. Your Committee notes that the State has business improvement districts in Chinatown, Fort Street Mall, and Waikiki on Oahu and Hilo and Kailua-Kona on Hawaii Island, which have improved services that are provided by the municipality and increased the quality and efficiency of outcomes usually required of businesses. Your Committee believes that the establishment of additional business improvement districts throughout the State can increase the vitality and attractiveness of the communities they serve.

Your Committee has amended this measure by:

- (1) Clarifying that the Mayors and Councils of the City and County of Honolulu, County of Maui, County of Hawaii, and County of Kauai are urged to establish business improvement districts as special improvement districts within their respective counties;
- (2) Amending its title in accordance with its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Economic Development that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 160, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 160, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, none.

SCRep. 1845 Agriculture & Food Systems on H.R. No. 42

The purpose of this measure is to urge the National Institute of Food and Agriculture of the United States Department of Agriculture to issue additional funding for the Gus Schumacher Nutrition Incentive Program to provide matching funds for the expansion of the state Double Up Food Bucks Program to all approved Supplemental Nutrition Assistance Program retail outlets throughout the State.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, 350Hawaii.org, and Ulupono Initiative. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the state Double Up Food Bucks Program provides a "win-win" scenario by supporting local farmers and ranchers with an increased customer base and helping low-income families receive double the purchasing power for fresh, locally grown fruits, vegetables, and protein.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 42 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1846 Agriculture & Food Systems on H.C.R. No. 38

The purpose of this measure is to urge the National Institute of Food and Agriculture of the United States Department of Agriculture to issue additional funding for the Gus Schumacher Nutrition Incentive Program to provide matching funds for the expansion of the state Double Up Food Bucks Program to all approved Supplemental Nutrition Assistance Program retail outlets throughout the State.

Your Committee received testimony in support of this measure from the Hawai'i Farm Bureau, 350Hawaii.org, Ulupono Initiative, and one individual.

Your Committee finds that the state Double Up Food Bucks Program provides a "win-win" scenario by supporting local farmers and ranchers with an increased customer base and helping low-income families receive double the purchasing power for fresh, locally grown fruits, vegetables, and protein.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 38 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 1847 Transportation on H.R. No. 21

The purpose of this measure is to urge the counties to implement and enforce regulations that ensure car sharing services and operations do not negatively impact the traffic, parking, and character of residential neighborhoods.

Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from Turo Inc.

Your Committee finds that it is important to ensure that car sharing operations do not negatively impact residential neighborhoods, that residents' rights are protected, and that these operations comply with local zoning and business ordinances.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 21 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1848 Transportation on H.C.R. No. 18

The purpose of this measure is to urge the counties to implement and enforce regulations that ensure car sharing services and operations do not negatively impact the traffic, parking, and character of residential neighborhoods.

Your Committee received comments on this measure from Turo Inc.

Your Committee finds that it is important to ensure that car sharing operations do not negatively impact residential neighborhoods, that residents' rights are protected, and that these operations comply with local zoning and business ordinances.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 18 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1849 Transportation on H.R. No. 22

The purpose of this measure is to urge the Department of Transportation Services of the City and County of Honolulu to conduct a feasibility study of widening the portion of University Avenue between Maile Way and Oahu Avenue.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Manoa Valley has a population of 46,865 and is also home to the University of Hawaii at Manoa, Mid-Pacific Institute, Noelani and Manoa elementary schools, four private schools, sixty-three general businesses, eighteen clubs, twenty-five community service entities, eighteen faith-based organizations, fourteen health care centers, fourteen nonprofit organizations, and nine kupuna care centers. Manoa Valley ingress and egress is very limited on Manoa Road and University Avenue. Your Committee therefore finds that there exists an immediate need to improve traffic safety throughout Manoa Valley and one possible way is by widening the portion of University Avenue between Maile Way and Oahu Avenue.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 22 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1850 Transportation on H.C.R. No. 19

The purpose of this measure is to urge the Department of Transportation Services of the City and County of Honolulu to conduct a feasibility study of widening the portion of University Avenue between Maile Way and Oahu Avenue.

Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Manoa Valley has a population of 46,865 and is also home to the University of Hawaii at Manoa, Mid-Pacific Institute, Noelani and Manoa elementary schools, four private schools, sixty-three general businesses, eighteen clubs, twenty-five community service entities, eighteen faith-based organizations, fourteen health care centers, fourteen nonprofit organizations, and nine kupuna care centers. Manoa Valley ingress and egress is very limited on Manoa Road and University Avenue. Your Committee therefore finds that there exists an immediate need to improve traffic safety throughout Manoa Valley and one possible way is by widening the portion of University Avenue between Maile Way and Oahu Avenue.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 19 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1851 Transportation on H.R. No. 32

The purpose of this measure is to urge the Department of Transportation to construct an all-way crosswalk along the cross-streets of Kahualii Street, Waipio Point Access Road, and Farrington Highway.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that pedestrian safety is an important issue for all communities in Hawaii and the crosswalk adjacent to Waipahu High School is of particular concern because of the many students who walk to and from school. The area surrounding Waipahu High School is heavily congested with pedestrians who are overflowing the pedestrian island in the morning when school begins and, in the afternoon, when school ends. Your Committee further finds that the construction of an all-way crosswalk or pedestrian scramble is an effective method of reducing the chance of vehicles and pedestrians colliding.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 32 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1852 Transportation on H.C.R. No. 31

The purpose of this measure is to urge the Department of Transportation to construct an all-way crosswalk along the cross-streets of Kahualii Street, Waipio Point Access Road, and Farrington Highway.

Your Committee received testimony in support of this measure from the Department of Education and two individuals.

Your Committee finds that pedestrian safety is an important issue for all communities in Hawaii and the crosswalk adjacent to Waipahu High School is of particular concern because of the many students who walk to and from school. The area surrounding Waipahu High School is heavily congested with pedestrians who are overflowing the pedestrian island in the morning when school begins and, in the afternoon, when school ends. Your Committee further finds that the construction of an all-way crosswalk or pedestrian scramble is an effective method of reducing the chance of vehicles and pedestrians colliding.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 31 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1853 Transportation on H.R. No. 97

The purpose of this measure is to request the Department of Transportation, in coordination with the Department of Transportation Services of the City and County of Honolulu, to install speed bumps and other traffic calming structures on Ala Aolani Street in Moanalua Valley and other surrounding streets deemed appropriate to deter speeding.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that Moanalua Valley is a residential area that is home to several thousand residents and also includes a golf course, neighborhood park, hiking trail, and nearby entrance and exit to Interstate H-201. Ala Aolani Street is the main roadway in the area and is utilized and shared by pedestrians, bicyclists, and drivers. Recently many people have expressed concerns about speeding on this street. Your Committee therefore finds that the installation of traffic calming methods will help regulate speeding in this area.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 97 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, none.

SCRep. 1854 Transportation on H.C.R. No. 90

The purpose of this measure is to request the Department of Transportation, in coordination with the Department of Transportation Services of the City and County of Honolulu, to install speed bumps and other traffic calming structures on Ala Aolani Street in Moanalua Valley and other surrounding streets deemed appropriate to deter speeding.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that Moanalua Valley is a residential area that is home to several thousand residents and also includes a golf course, neighborhood park, hiking trail, and nearby entrance and exit to Interstate H-201. Ala Aolani Street is the main roadway in the area and is utilized and shared by pedestrians, bicyclists, and drivers. Recently many people have expressed concerns about speeding on this street. Your Committee therefore finds that the installation of traffic calming methods will help regulate speeding in this area.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 90 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1855 Transportation on H.R. No. 151

The purpose of this measure is to request that the Department of Transportation establish an air service task force to provide recommendations for improving commercial air travel to and from Molokai.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that only one commercial airline currently provides air transport services to Molokai. Due to transportation services becoming increasingly unreliable with flights frequently being cancelled at the last minute, residents of Molokai lack sufficient access to emergency medical care. Your Committee therefore finds that the establishment of a task force to provide recommendations related to this issue will help in establishing more reliable and frequent air travel for these residents.

Your Committee further finds that residents of Lana'i face the same barriers to air travel as those in Molokai and would benefit from Lana'i being included in the recommendations of the task force.

Accordingly, your Committee has amended this measure by:

- (1) Adding Lana'i as an additional location for which the task force is requested to provide recommendations and adding additional findings related to Lana'i;
- (2) Clarifying that the task force may consult with and invite to serve as members of the task force, representatives from any relevant agencies and organizations, and any resource persons;
- (3) Removing the President of Molokai General Hospital from the list of persons to whom this measure is to be transmitted;
- (4) Changing its title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 151, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 151, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1856 Transportation on H.C.R. No. 150

The purpose of this measure is to request that the Department of Transportation establish an air service task force to provide recommendations for improving commercial air travel to and from Molokai.

Your Committee received testimony in support of this measure from the Department of Transportation and one individual.

Your Committee finds that only one commercial airline currently provides air transport services to Molokai. Due to transportation services becoming increasingly unreliable with flights frequently being cancelled at the last minute, residents of Molokai lack sufficient access to emergency medical care. Your Committee therefore finds that the establishment of a task force to provide recommendations related to this issue will help in establishing more reliable and frequent air travel for these residents.

Your Committee further finds that residents of Lana'i face the same barriers to air travel as those in Molokai and would benefit from Lana'i being included in the recommendations of the task force.

Accordingly, your Committee has amended this measure by:

- (1) Adding Lana'i as an additional location for which the task force is requested to provide recommendations and adding additional findings related to Lana'i;
- (2) Clarifying that the task force may consult with and invite to serve as members of the task force, representatives from any relevant agencies and organizations, and any resource persons;
- (3) Removing the President of Molokai General Hospital from the list of persons to whom this measure is to be transmitted;
- (4) Changing its title to reflect its amended purpose; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 150, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 150, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1857 Transportation on H.R. No. 152

The purpose of this measure is to urge the Federal Aviation Administration and Hawaii's Congressional Delegation to take any actions necessary to establish an air traffic control tower at Lanai airport.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that as general aviation and commercial aircraft traffic increase concurrently, managing and separating air traffic flows becomes increasingly important. Despite serving one hundred thousand passengers during 2022, Lanai Airport lacks an air traffic control tower. Your Committee therefore finds that the establishment of an air traffic control tower at Lanai Airport is necessary to ensure the safe, orderly, and efficient flow of air traffic on and around the airport.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 152 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1858 Transportation on H.C.R. No. 151

The purpose of this measure is to urge the Federal Aviation Administration and Hawaii's Congressional Delegation to take any actions necessary to establish an air traffic control tower at Lanai airport.

Your Committee received testimony in support of this measure from the Department of Transportation and two individuals.

Your Committee finds that as general aviation and commercial aircraft traffic increase concurrently, managing and separating air traffic flows becomes increasingly important. Despite serving one hundred thousand passengers during 2022, Lanai Airport lacks an air traffic control tower. Your Committee therefore finds that the establishment of an air traffic control tower at Lanai Airport is necessary to ensure the safe, orderly, and efficient flow of air traffic on and around the airport.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 151 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1859 Transportation on H.R. No. 36

The purpose of this measure is to request the Department of Transportation to evaluate certain Aiea roadways and identify opportunities for improvement of traffic conditions and pedestrian safety.

Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that drivers who perform illegal U-turns at the intersection of Moanalua Road and Kaimakani Street, endanger oncoming traffic and pedestrian safety. While enforcement is one issue, there may be opportunities to find ways to improve traffic conditions in this area.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 36 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, none.

SCRep. 1860 Judiciary & Hawaiian Affairs on S.B. No. 586

The purpose of this measure is to:

- (1) Condition the issuance of a certificate of inspection upon a vehicle not being equipped with a noisy muffler or exhaust system;
- (2) Require rules regarding safety check inspections to ensure that a motorcycle, moped, or motor vehicle is not equipped with a noisy muffler or exhaust system;
- (3) Suspend, revoke, or refuse renewal of a permit for an official inspection station upon a third or subsequent wilful violation of any rule regarding inspecting a noisy muffler or exhaust system;
- (4) Make violating the noisy muffler and exhaust system laws a petty misdemeanor; and
- (5) Include repairing or installing a noisy muffler or exhaust system as a prohibited practice for motor vehicle repair laws.

Your Committee received testimony in support of this measure from the Canterbury Place Association of Apartment Owners and four individuals. Your Committee received testimony in opposition to this measure from four individuals.

Your Committee finds that the aftermarket for noisy mufflers and exhaust systems causes unnecessary disturbance to the public. This measure proposes a multi-prong enforcement approach to address excessive noise emitted by aftermarket mufflers and exhaust systems.

Your Committee has amended this measure by:

- (1) Deleting language that would have made violating the noisy muffler and exhaust system laws a petty misdemeanor and instead increasing the maximum fine to \$500;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 586, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 586, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 8; Ayes with Reservations (Ganaden). Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1861 Judiciary & Hawaiian Affairs on S.B. No. 1268

The purpose of this measure is to make technical changes to the definitions of "agricultural enterprise lands" and "non-agricultural park lands" for clarification and consistency.

Your Committee received testimony in support of this measure from the Department of Agriculture and Hawai'i Farm Bureau.

Your Committee finds that this measure will resolve an inconsistency between the definition of "agricultural enterprise lands" established by Act 221, Session Laws of Hawaii 2022, and the definition of "non-agricultural park lands" in chapter 166E, Hawaii Revised Statutes.

Your Committee has amended this measure by making it effective upon approval.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1268, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1268, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1862 Judiciary & Hawaiian Affairs on S.B. No. 775

The purpose of this measure is to require hunting guides to:

- (1) Obtain written permission from the owners, occupiers, holders, or duly appointed agents of private lands before taking their clients to hunt on the private land; and
- (2) Submit the location of each guided hunt, a copy of the written permission, and other required information to the Department of Land and Natural Resources as part of their annual reports.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Hawaii Cattlemen's Council, Inc; and one individual.

Your Committee finds that unauthorized hunting on private land is dangerous for landowners. Requiring hunting guides to obtain written permission before hunting on private lands will promote the safety of persons and property and avoid unnecessary litigation.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 775, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 775, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1863 Judiciary & Hawaiian Affairs on S.B. No. 415

The purpose of this measure is to make a general contractor entering into or operating under a contract in the State for the erection, construction, alteration, or repair of a building, structure, or other private construction work liable for the debt incurred by subcontractors for wages due to claimants, including interest owed, for performance of labor in the contract between the general contractor and the owner.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Pacific Resource Partnership, and Hawaii Regional Council of Carpenters. Your Committee received testimony in opposition to this measure from the Building Industry Association of Hawaii and one individual. Your Committee received comments on this measure from Subcontractors Association of Hawaii, General Contractors Association of Hawaii, and Plumbing and Mechanical Contractors Association of Hawaii.

Your Committee finds that under existing law, general contractors are not held accountable for the unfair labor practices of their subcontractors, which includes the nonpayment of wages. As a result, general contractors may accrue financial benefits from the unfair labor practices of their subcontractors without repercussions. This measure encourages general contractors to perform their due diligence before hiring subcontractors and provides the authority to general contractors to obtain a subcontractor's employee payroll records and project award information to ensure their subcontractors are complying with the law.

Your Committee has amended this measure by:

- (1) Making it effective upon approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 415, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 415, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1864 Judiciary & Hawaiian Affairs on S.B. No. 316

The purpose of this measure is to establish additional penalties for dog owners whose dog injures or destroys property of another while on private property zoned for agricultural use without consent of the owner of the property.

Your Committee received testimony in support of this measure from the Hawaii Cattlemen's Council, Inc.; and one individual.

Your Committee finds that establishing an enhanced monetary penalty for owners whose dogs injure or destroy property on agricultural lands will incentivize dog owners to take more initiative in securing their dogs and preventing loss of property.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 316, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 316, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1865 Judiciary & Hawaiian Affairs on S.B. No. 735

The purpose of this measure is to exempt the lease of water for commercial kalo cultivation from the public auction requirement for the disposition of water rights.

Your Committee received testimony in support of this measure from the Hawaii Food+ Policy, Kua'āina Ulu 'Auamo, Hawai'i Farmers Union United, and four individuals. Your Committee received comments on this measure from the Department of Hawaiian Home Lands, Office of Hawaiian Affairs, Earthjustice, Council for Native Hawaiian Advancement, and one individual.

Your Committee finds that the existing water leasing process can be burdensome for certain applicants, including kalo cultivators. However, your Committee does not want traditional and customary kalo cultivation practices to be undermined by commercial interests that may stifle the advancement of Native Hawaiian culture.

Accordingly, your Committee has amended this measure by:

- (1) Exempting the instream use of water for commercial kalo cultivation conducted in a manner consistent with traditional and customary Native Hawaiian practices and on traditional kalo lands from the existing process for the disposition of water rights;
- (2) Deleting language that would have exempted the lease of water for commercial kalo cultivation from the public auction requirement for the disposition of water rights; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 735, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 735, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1866 Judiciary & Hawaiian Affairs on S.B. No. 410

The purpose of this measure is to require:

- (1) The Director of Transportation, Judiciary, and Examiners of Drivers to exclude dismissed traffic citations from a person's record, including the traffic abstract, and the Judiciary's publicly accessible electronic databases; and
- (2) The court to automatically seal or remove from the Judiciary's publicly accessible electronic databases any information relevant to the arrest or case of a person for whom an expungement order has been entered and transmitted to the court.

Your Committee received testimony in support of this measure from the Office of the Public Defender, Community Alliance on Prisons, American Civil Liberties Union of Hawai'i, Hawai'i Workers Center, and one individual. Your Committee received comments on this measure from the Judiciary and Department of the Prosecuting Attorney of the City and County of Honolulu.

Your Committee finds that information related to arrests and cases that have been dismissed or expunged should not appear on an individual's record or publicly available government databases. Streamlining the removal of this information can improve an individual's quality of life by removing potential barriers to employment, housing, financial lending, and education.

Your Committee has amended this measure by:

- (1) Amending the preamble to clarify that all law enforcement agencies will continue to have access to information regarding dismissed and expunged cases, regardless of whether those agencies utilize publicly accessible or other types of electronic databases;
- (2) Deleting language that would have prohibited:
 - (A) The inclusion of information relating to dismissed traffic citations in the Judiciary's publicly accessible electronic databases; and
 - (B) The Judiciary and Examiner of Drivers from including dismissed traffic citations in a driver's record provided to certain users or their agents for enforcement purposes; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that the Judiciary is requesting a one-time appropriation of \$70,000 for software code changes.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 410, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 410, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1867 Judiciary & Hawaiian Affairs on S.B. No. 1468

The purpose of this measure is to establish a right of entry for professional land surveyors and any assistants under the direct supervision of the professional land surveyors to conduct a survey that protects the real property interests of property owners and the public interest in maintaining the integrity of a sound uniform real property system.

Your Committee received testimony in support of this measure from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects; Department of Design and Construction of the City and County of Honolulu; Hawai'i Association of REALTORS; Hawaii Land Surveyors Association; Akamai Land Surveying, Inc.; and eight individuals.

Your Committee finds that there is a public interest in maintaining a sound and uniform real property system by surveying common property boundaries. Your Committee notes that to properly conduct their surveys, professional land surveyors need access to adjoining lands to record boundary lines, recover or reestablish boundary monuments or survey controls, and locate rights-of-way or improvements with positional discrepancies. This measure balances a surveyor's important task of completing surveys against a landowner's private property rights by establishing a mechanism for the land surveyor and landowner to negotiate a mutually agreed upon time and date for a survey, if required.

Your Committee has amended this measure by:

- (1) Clarifying that any assistant under the direct supervision of a professional land surveyor is not authorized to enter the private property of an objecting landowner;
- (2) Authorizing a professional land surveyor, and any assistant under the direct supervision of the professional land surveyor, to enter the private property of a landowner who does not make a timely objection; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1468, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1468, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1868 Judiciary & Hawaiian Affairs on S.B. No. 1057

The purpose of this measure is to:

- (1) Require certain job listings to disclose the hourly rate or salary range that reasonably reflects the actual expected compensation; and
- (2) Prohibit an employer from discriminating between employees because of any protected category established under state law by paying wages to employees in an establishment at a rate less than the rate at which the employer pays wages to other employees in the establishment for substantially similar work.

Your Committee received testimony in support of this measure from the Hawai'i Civil Rights Commission, American Association of University Women of Hawaii, American Civil Liberties Union of Hawai'i, Women's Caucus of the Democratic Party of Hawai'i, Hawaii Appleseed Center for Law & Economic Justice, and fourteen individuals. Your Committee received testimony in opposition to this measure from the Chamber of Commerce Hawaii, Retail Merchants of Hawaii, National Federation of Independent Business Hawaii Chapter, Society of Human Resource Management Hawaii, and Maui Chamber of Commerce. Your Committee received comments on this measure from one individual.

Your Committee finds that requiring employers to disclose the hourly rate or salary range in a job listing and pay employees in protected categories that do substantially similar work as other employees at the same rate will help reduce pay inequalities.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1057, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1057, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, 1 (Kong). Excused, 2 (Holt, Ilagan).

SCRep. 1869 Judiciary & Hawaiian Affairs on S.B. No. 944

The purpose of this measure is to establish a task force to recommend amendments to update existing parentage laws.

Your Committee received testimony in support of this measure from three individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Judiciary, Department of Human Services, Stonewall Caucus of the Democratic Party of Hawai'i, and one individual.

Your Committee finds that existing parentage laws reflect outdated, cisheteronormative concepts of families, parenthood, and parental rights. Statutory amendments are needed to address society's evolving understanding of these concepts.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 944, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 944, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1870 Consumer Protection & Commerce on S.B. No. 717

The purpose of this measure is to:

- (1) Expand the definition of "beer" under the liquor regulatory laws to mean any alcoholic beverage containing no less than 0.5 percent alcohol by volume obtained by fermentation of any infusion or decoction of malt or any substitute, including alcohol seltzer beverages and excluding sake, cooler beverages, and other distilled products; and
- (2) Authorize brewpubs to sell beer manufactured by the brewpub, or beer manufactured on their premises, subject to certain conditions.

Your Committee received testimony in support of this measure from Lanikai Brewing Company LLC, Waikiki Brewing Co., Maui Brewing Co., Beer Lab HI, Kauai Beer Company, and one individual. Your Committee received comments on this measure from Anheuser-Busch.

Your Committee finds that the existing statutory definition of "beer" follows the traditional basic ingredients used in historical beer manufacturing. However, this definition does not adequately reflect the expansion of the craft beer manufacturing sector and is not in alignment with the federal definition. This measure will alleviate these inconsistencies.

Your Committee has amended this measure by:

- (1) Amending the definition for "beer" under the Liquor Tax Law to mirror the amended definition for "beer" in this measure;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 717, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 717, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Hashem, Tam).

SCRep. 1871 Consumer Protection & Commerce on S.B. No. 477

The purpose of this measure is to require the Public Utilities Commission to complete its review and issue a decision on an application seeking approval for a merger, consolidation, acquisition, or other change of control:

- (1) Within nine months from the date that a public utility, other than an investor-owned electric utility company, files its completed application; and
- (2) Within twelve months from the date that an investor-owned electric utility company files its completed application.

Your Committee received testimony in support of this measure from Hawaiian Telcom. Your Committee received testimony in opposition to this measure from Blue Planet Foundation. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Public Utilities Commission.

Your Committee finds that under existing law, proposed mergers, consolidations, acquisitions, and other changes of control of a public utility must be approved by the Public Utilities Commission. This measure expedites the review process for these transactions.

Your Committee has amended this measure by:

- (1) Specifying that the nine-month period or twelve-month period, as applicable, begins only after a completed application has been filed with the Public Utilities Commission;
- (2) Requiring the Public Utilities Commission to establish standards for when an application may be deemed complete and specifying the process for objections and amendments to submitted applications;
- (3) Allowing for the waiver or extension of the nine-month period or twelve-month period, as applicable;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 477, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 477, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Amato). Noes, 1 (Lowen). Excused, none.

SCRep. 1872 Judiciary & Hawaiian Affairs on S.B. No. 921

The purpose of this measure is to clarify that the tolling provision regarding actions by a condominium association against a developer applies to the statute of repose.

Your Committee received testimony in support of this measure from the Hawaii Council of Association of Apartment Owners and three individuals. Your Committee received testimony in opposition to this measure from the Building Industry Association of Hawaii and NAOIP Hawaii.

Your Committee finds that expressly addressing the impact of the tolling provision regarding actions by a condominium association against a developer on the statute of repose is needed to prevent developers from avoiding responsibility for a design or construction defect by maintaining control of an association until the statute of repose expires.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 921 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1873 Judiciary & Hawaiian Affairs on S.B. No. 1196

The purpose of this measure is to clarify that under section 26-34, Hawaii Revised Statutes, the authorization for board and commission holdover members to continue in office until a successor is nominated and appointed, but not beyond the end of the second regular legislative session following the expiration of the member's term of office, takes precedence over all conflicting statutes concerning holdover members.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that this measure, which makes clear that any conflicting statutes concerning holdover members must yield to it, will resolve any potential argument that a holdover member may continue to occupy office beyond the end of the second regular legislative session following the expiration of the member's term.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1196, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1874 Judiciary & Hawaiian Affairs on S.B. No. 966

The purpose of this measure is to subject to forfeiture any vehicle used in the commission of felony disposal of solid waste or petty misdemeanor disposal of solid waste.

Your Committee received testimony in support of this measure from the Department of Health and Environmental Caucus of the Democratic Party of Hawai'i. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that vehicles are usually involved in the illegal dumping of solid waste. Your Committee further finds that this measure will provide additional opportunities for penalties to deter such criminal activity by subjecting any vehicle used in illegal dumping to forfeiture.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 966, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1875 Judiciary & Hawaiian Affairs on S.B. No. 731

The purpose of this measure is to designate November 28 of each year as La Kuokoa, Hawaiian Independence Day, to celebrate the historical recognition of the independence of the Kingdom of Hawaii.

Your Committee received testimony in support of this measure from the Department of Accounting and General Services, Office of Hawaiian Affairs, and six individuals. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies.

Your Committee finds that La Kuokoa honors the pivotal moment in Hawaiian history when the independence of the Kingdom of Hawaii was formally recognized by England and France through the signing of the Anglo-Franco Proclamation. Your Committee believes that recognizing this historical event will provide a unique opportunity for the people of Hawaii to reflect upon their history and the prominent position Hawaii has held on the world stage for over two centuries.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 731 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1876 Judiciary & Hawaiian Affairs on S.B. No. 1417

The purpose of this measure is to require the Hawaii Community Development Authority to consider the impacts of climate change, sea level rise, and climate-resilient development in the design and siting of buildings in the Kakaako and Kalaeloa community development districts.

Your Committee received testimony in support of this measure from the Office of Planning and Sustainable Development, Hawai'i Development Authority, University of Hawai'i Climate Resilience Collaborative and Sea Grant College Program, and six individuals. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that this measure will ensure that climate resiliency is considered in the development of the Kakaako and Kalaeloa community development districts to reduce vulnerability from the impacts of climate change and sea level rise.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1417, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1877 Consumer Protection & Commerce on S.B. No. 1381

The purpose of this measure is to repeal section 328-106, Hawaii Revised Statutes, which requires the Department of Health to regulate business practices between private entities engaged in the selling, billing, and reimbursement of pharmaceuticals.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that section 328-106, Hawaii Revised Statutes, created a parallel but ineffective and unenforceable regulatory mechanism for pharmacy benefit managers. Your Committee notes that chapter 431S, Hawaii Revised Statutes, offers a more appropriate regulatory framework for pharmacy benefit managers, including clearer definitions and rule making authority.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1381, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Belatti).

SCRep. 1878 Consumer Protection & Commerce on S.B. No. 798

The purpose of this measure is to:

- (1) Require, as part of a time share plan developer's application for registration or annexation:
 - (A) A list of the projects containing time share units included in the application that are located outside of the State; and
 - (B) A statement by the developer that it has verified that such time share units are in compliance with or not prohibited by the zoning and land use laws and regulations of the jurisdiction where the time share units are located; and
- (2) Specify that the developer is not required to submit any other evidence of this compliance to register in the State.

Your Committee received testimony in support of this measure from the American Resort Development Association – Hawaii, Marriott Vacations Worldwide Corporation, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that for time share plans located out-of-state, the Department of Commerce and Consumer Affairs requires evidence that the out-of-state time share units comply with the applicable jurisdiction's zoning requirements. However, this has been difficult for developers to comply with as jurisdictions are not uniform in their zoning regulations and governmental processes, particularly for out-of-state properties located in foreign countries. This requirement has made the registration review of time share projects in the State slower, more expensive, and in some cases, nearly impossible to achieve. This measure will make the registration process of time share projects more efficient and less costly while also maintaining the proper level of consumer protection.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 798, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Lowen, Onishi).

SCRep. 1879 Consumer Protection & Commerce on S.B. No. 478

The purpose of this measure is to repeal the telecommunications and cable industry information reporting requirements for broadband service providers and mobile radio service providers.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs; Department of Business, Economic Development, and Tourism; CTIA; Charter Communications; Hawaiian Telcom; and Maui Chamber of Commerce. Your Committee received testimony in opposition to this measure from AARP Hawai'i.

Your Committee finds that the accurate pinpointing of unserved and underserved areas where broadband infrastructure is needed continues to be critical to determine where the expansion of service is most needed in the State. To assist in this effort, Act 259, Session Laws of Hawaii 2012 (Act 259), was enacted to collect broadband data at the census-block level.

Your Committee further finds that with the enactment of the Broadband DATA Act, P.L. 116-130, in 2020, the Federal Communications Commission (FCC) was tasked with collecting granular service availability data from wired, fixed wireless, and satellite broadband providers. The FCC also launched the FCC National Broadband Map that publicly displays where internet services are available on a location-by-location basis, which is more precise than the data required to be collected under existing state law. Accordingly, this measure repeals the provisions established by Act 259 that have been rendered unnecessary under the Broadband DATA Act.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 478, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 10; Ayes with Reservations (Amato). Noes, none. Excused, 1 (Belatti).

SCRep. 1880 Judiciary & Hawaiian Affairs on S.B. No. 655

The purpose of this measure is to authorize the Department of Agriculture to align state hemp production administrative rules with any federal law exemptions for fiber, fuel, and seed grain hemp crops.

Your Committee received testimony in support of this measure from the Department of Agriculture, Hawai'i Hemp Farmers Association, Hawai'i Farm Bureau, Hawai'i Farmers Union United, Hawaii Farmers Union United – Haleakala Chapter, Hawaii Sustainable Farms LLC, Ma'alahi Farm, and numerous individuals.

Your Committee finds that Congress is expected to amend federal hemp cultivation laws to allow exemptions for industrial hemp crops that are grown for fiber, fuel, or grain for food. This measure would give the Department of Agriculture the explicit authority to amend hemp production rules to align with those federal hemp exemptions.

Your Committee has amended this measure by:

- (1) Amending the preamble to clarify that the purpose of the measure is for the Department of Agriculture to amend its rules to align with the United States Department of Agriculture rules, including any federal exemptions for hemp fiber, fuel, and food grain; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 655, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 655, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 2 (Holt, Ilagan).

SCRep. 1881 Consumer Protection & Commerce on S.B. No. 162

The purpose of this measure is to expand access to dental care by:

- (1) Adding community health centers, rural health clinics, and mobile dental outreach programs to the list of eligible organizations at which those with a community service license may practice;
- (2) Allowing dental hygiene and dental college graduates who have graduated from educational programs with a reciprocal agreement with the American Dental Association Commission on Dental Accreditation to apply for temporary or community service licenses;
- (3) Expanding eligibility for a community service license to practice dentistry to those candidates who have passed the Integrated National Board Dental Examination within five years of the date of request; and
- (4) Allowing an applicant for licensure to practice dentistry to submit evidence to the Board of Dentistry that the applicant passed the Integrated National Board Dental Examination.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Oral Health Coalition, Hawaii Dental Association, AlohaCare, Hawai'i Children's Action Network Speaks!, and four individuals. Your Committee received comments on this measure from the University of Hawai'i at Mānoa, University of Hawai'i at Mānoa Nancy Atmospera-Walch School of Nursing, Board of Dentistry, and Grassroot Institute of Hawaii.

Your Committee finds that oral health is essential to the overall physical, psychological, social, and economic well-being of the residents of the State. However, your Committee further finds that low-income families, intellectually and developmentally disabled individuals, elderly individuals, Native Hawaiian and Pacific Islander populations, and neighbor island residents are disproportionately impacted by poor oral health. Your Committee notes that there are only two hundred forty federally qualified health center and general practice dentists who are active in Medicaid in the State, an unknown number of whom are currently accepting new patients. This measure promotes access to dental care to the underserved and vulnerable populations in the State, which is especially important given the recent reinstatement of dental benefits for adults insured through Medicaid.

Your Committee has amended this measure by:

- (1) Clarifying that the temporary license to practice dentistry for post-doctoral dental residents is available to graduates from a dental college accredited by, or that has a reciprocal agreement with, the American Dental Association Commission on Dental Accreditation that is recognized and approved by the Board of Dentistry; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 162, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 162, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Lowen, Onishi).

SCRep. 1882 Consumer Protection & Commerce on S.B. No. 930

The purpose of this measure is to regulate the practice of application screening fees under the Residential Landlord-Tenant Code by:

- (1) Specifying that a landlord may only charge an application screening fee for an applicant eighteen years of age or older and whose income is being used to meet financial qualifications for the rental application process;
- (2) Requiring, upon request by an applicant, the landlord or the landlord's agent to provide a receipt of payment and a breakdown of the costs associated with the application screening fee;
- (3) Requiring the landlord or landlord's agent to return any amount of the application screening fee not used within thirty days after the landlord has submitted screening requests; and
- (4) Requiring the Office of Consumer Protection of the Department of Commerce and Consumer Affairs to provide landlords with notice of these new obligations and publicize the new application screening fee requirements.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs and Catholic Charities Hawai'i. Your Committee received comments on this measure from the Hawai'i Association of REALTORS.

Your Committee finds that rental application fees can be a barrier to individuals and families when trying to find housing. There is significant competition for rental units in the State, with landlords often receiving multiple applications per unit. Individuals and families must often apply to as many open rentals as possible, which can result in hundreds of dollars spent merely applying for a rental unit. Your Committee further finds that existing law does not specifically regulate the nature and amount of application fees that landlords may charge prospective tenants. This measure would help prevent landlords from taking unfair advantage of prospective tenants, while still enabling landlords and their agents to complete reference checks, tenant reports, and credit reports on applicants.

Your Committee has amended this measure by:

- (1) Deleting language that specified an application screening fee could only be charged for an applicant whose income is being used to meet financial qualifications for the rental application process;
- (2) Specifying that an application screening fee may be charged for an applicant who is an emancipated minor;
- (3) Including criminal background checks as part of the information into which a landlord or landlord's agent may inquire;
- (4) Deleting language that required, upon request by an applicant, the landlord or the landlord's agent to provide a receipt of payment and a breakdown of the costs associated with the application screening fee; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 930, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 930, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Lowen, Onishi).

SCRep. 1883 Consumer Protection & Commerce on S.B. No. 390

The purpose of this measure is to:

- (1) Repeal the sunset date of section 2 of Act 119, Session Laws of Hawaii 2021, and make permanent the ability of the Hawaii Medical Board to issue licenses for emergency medical responders and other emergency ambulance personnel, based on certain requirements; and
- (2) Appropriate funds to the Department of Health, to be matched on a dollar-for-dollar basis by the counties, to increase the predictability and stability of the State's air ambulance services for all islands.

Your Committee received testimony in support of this measure from the Hawaii Medical Board. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that the purpose of Act 119, Session Laws of Hawaii 2021 (Act 119), was to establish a licensure category in the City and County of Honolulu for emergency medical technicians who only have a certification from the National Registry of Emergency Medical Technicians. These emergency medical technicians provide life-saving care with minimal equipment to critical care patients. Your Committee further finds that Act 65, Session Laws of Hawaii 2022, expanded the new licensure category established by Act 119 to all counties. Your Committee also finds that this new licensure category ensures that residents of the State have the appropriate care and, therefore, the new licensure category should be made permanent. This measure carries out this intent.

Your Committee has amended this measure by:

- (1) Deleting the appropriation;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 390, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 390, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Lowen, Onishi).

SCRep. 1884 Consumer Protection & Commerce on S.B. No. 473

The purpose of this measure is to exempt manufacturers, wholesale distributors, and third-party logistics providers of home dialysate drugs or devices from the license, registration, and permit requirements for pharmacies, under certain conditions.

Your Committee received testimony in support of this measure from Liberty Dialysis – Hawaii and Environmental Caucus of the Democratic Party of Hawai'i. Your Committee received comments on this measure from the Board of Pharmacy.

Your Committee finds that patients who need dialysis may have the option of treating in the comfort of their own home rather than at an outpatient dialysis center. Your Committee further finds that home dialysis may be the best option for treating kidney failure, as home dialysis can provide greater scheduling flexibility, fewer food restrictions, and better outcomes. This measure facilitates expanded access to home dialysate drugs and devices to allow for more home dialysis treatments.

Your Committee has amended this measure by:

- (1) Expanding the exemption to manufacturers engaged in the direct distribution to qualified persons;
- (2) Clarifying that the dialysate drugs or devices may be delivered pursuant to an order issued by a physician assistant or an advanced practice registered nurse with prescriptive authority, in addition to a physician; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 473, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 473, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Lowen, Onishi).

SCRep. 1885 Consumer Protection & Commerce on S.B. No. 799

The purpose of this measure is to:

- (1) Require, for time share plans that use a title holding trust, the developer to submit a title report evidencing that the title is vested in the trustee;
- (2) Require, for time share plans that use a notice of time share plan, the recordation of the notice and its submission; and
- (3) Require, for time share plans that use alternative arrangements, the recordation of any alternative arrangement documents.

Your Committee received testimony in support of this measure from the American Resort Development Association – Hawaii, Marriott Vacations Worldwide Corporation, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that, under existing law, an escrow for a sale of a time share interest in a time share use plan may close only if the purchasers are protected from blanket liens either through the conveyance to a trust, by providing notice that is recorded, or via alternative arrangements accepted by the Director of Commerce and Consumer Affairs. Your Committee further finds that title reports are required upon registration and each subsequent renewal of registration. However, once a title report has sufficiently evidenced one of the aforementioned methods of protection, further evidence of conveyance is not needed as the purchasers are already sufficiently protected. This measure removes the unnecessary regulatory burden of requiring further title reports if a method of protecting purchasers is satisfied.

Your Committee has amended this measure by clarifying that the Director of Commerce and Consumer Affairs may require the submission of title reports for purposes other than to evidence protection against future blanket liens.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 799, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 799, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Lowen, Onishi).

SCRep. 1886 Consumer Protection & Commerce on S.B. No. 797

The purpose of this measure is to:

- (1) Specify that the public disclosure statement of a time share plan include:
 - (A) A list of primary plan documents;
 - (B) A brief description of pertinent provisions of condominium project instruments, if the purchaser will be a direct owner of a condominium unit;
 - (C) Notice of material liens, title defects, or encumbrances on or affecting the title to the units or plan and any other lien, title defect, or encumbrance impacting a purchaser's utilization of the property, as the Director of Commerce and Consumer Affairs may require; and
 - (D) Notice of any other liens, title defects, or encumbrances, either as a list or by reference to a website; and
- (2) Require the contracted private consultant to accept a certification from the developer that:
 - (A) The time share interest being sold is free and clear of blanket liens or other material encumbrances that may materially and adversely impact utilization of the property; or
 - (B) Identifies the blanket liens or other material encumbrances and specifies the manner in which those encumbrances will be addressed or their impact to the purchaser.

Your Committee received testimony in support of this measure from Marriott Vacations Worldwide Corporation, American Resort Development Association – Hawaii, and one individual. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the existing disclosure statement requirements for a time share plan were initially adopted in 1980. At that time, most time share plans were confined to a single site and listing the encumbrances was a simple addition to the disclosure statement. In contrast, modern time share plans frequently involve hundreds of units at dozens of sites. Your Committee further finds that the information currently required in a disclosure statement is a burden to consumers, due to the overwhelming number of encumbrances that are listed in a disclosure statement. Your Committee is concerned that if a disclosure statement becomes too long, consumers may not thoroughly review the disclosure statement, or may not read it at all. This measure is intended to reduce the burden on consumers and enhance the efficiency of reviewing disclosure statements and filings for time share plans by updating disclosure statement requirements to include only key information.

Your Committee has amended this measure by:

- (1) Reinserting the definition for "supplementary plan documents" in prior versions of the measure, which clarifies when documents that are not explicitly listed within the definition of "primary plan documents" would constitute and be deemed to be primary plan documents that are subject to disclosure;
- (2) Clarifying that the developer certification to the contracted private consultant states that the developer has reviewed all encumbrances on title and has determined that the time share interest being sold is free and clear of blanket liens or other material encumbrances that may directly, substantially, and adversely impact utilization of the property by a purchaser; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 797, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 797, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Lowen, Onishi).

SCRep. 1887 Consumer Protection & Commerce on S.B. No. 637

The purpose of this measure is to require persons applying to register as hemp processors to include with their application form documentation that the indoor facility and planned hemp processing operation:

- (1) Does not include heat or volatile compounds or gases under pressure, such as cold-water extraction; and
- (2) Is exempt from building permit and building code requirements pursuant to section 46-88, Hawaii Revised Statutes, or is in a food hub or agricultural park.

Your Committee received testimony in support of this measure from the Hawai'i Farmers Union United, Hawai'i Farm Bureau, Hawai'i Sustainable Farms, 'Ai Pohaku-The Stone Eaters, Hawai'i Hemp Farmers Association, and nine individuals. Your Committee received comments on this measure from the Department of Agriculture and Department of Health.

Your Committee finds that hemp is a versatile agricultural product with medicinal and industrial purposes. Your Committee further finds that before 2021, hemp producers processed small batches of hemp on their farms in structures that were exempt from certain building permit and building code requirements with no adverse consequences. However, with the enactment of Act 14, Session Laws of Hawaii 2022, hemp and hemp products must be processed within an enclosed indoor facility secured to prevent unauthorized entry. This measure allows hemp processors to provide clarification as to their operations on an application for registration.

Your Committee has amended this measure by:

- (1) Clarifying that, for persons applying to register as hemp processors, the documentation required in the application may be:
 - (A) Documentation that the processing does not include heat or volatile compounds or gases under pressure, such as cold water extraction and is in an enclosed indoor facility that is exempt from building permit and building code requirements pursuant to section 46-88, Hawaii Revised Statutes; or
 - (B) Documentation that the planned hemp processing operation is in an enclosed indoor facility in a food hub as described in section 205-2, Hawaii Revised Statutes, or an agricultural park; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 637, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 637, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Belatti).

SCRep. 1888 Consumer Protection & Commerce on S.B. No. 1340

The purpose of this measure is to:

- (1) Beginning August 1, 2024:
 - (A) Reinstate the exemption from behavior analyst licensing requirements for teachers working in collaboration with a licensed behavior analyst or licensed psychologist; and
 - (B) Expand the exemption for registered behavior technicians to implement applied behavior analysis services under the direction of a licensed psychologist;
- (2) Make permanent the exemption for individuals who design applied behavior analysis services to participants in the Medicaid Home and Community-Based Services Waiver Program; and
- (3) Require the Department of Education to report to the Legislature on the state of implementing Medicaid reimbursements for applied behavior analysis services.

Your Committee received testimony in support of this measure from the Department of Health, Department of Education, State Council on Developmental Disabilities, Hawaii State Teachers Association, Special Education Advisory Council, and Full Life. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Hawai'i Association for Behavior Analysis.

Your Committee finds that the Department of Education has a shortage of qualified individuals who can offer applied behavioral analysis plans and implementation services to youth with autism. Your Committee further finds that special education teachers are qualified and, while not licensed as behavior analysts, are able to implement applied behavioral analysis plans. This measure addresses the much-needed gap in services by making permanent the exemption from the behavior analyst licensure laws that allows such teachers to implement applied behavioral analysis plans under the supervision of a licensed behavior analyst or a licensed psychologist.

Your Committee also finds that due to the statewide workforce shortage, providers under the Medicaid Home and Community-Based Services Waiver Program (Section 1915I Medicaid Waiver) who implement the behavioral plan developed by a licensed behavior analyst have not been able to obtain the training necessary for certification as a registered behavior technician from the Behavior Analyst Certification Board. This measure permanently exempts

these Section 1915I Medicaid Waiver providers from the licensing requirements for behavior analysts, which will expand the pool of individuals who can implement timely interventions while maintaining the safeguard of having licensed behavior analysts and psychologists conduct behavioral assessments and design student behavior plans.

Your Committee has amended this measure by:

- (1) Making all amendments to the exemptions from the behavior analyst licensing requirements take effect on August 1, 2024;
- (2) Specifying that the exemption regarding applied behavior analysis services to participants in the Medicaid Home and Community-Based Services Waiver Program applies to individuals who implement, rather than design, applied behavior analysis services; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1340, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1340, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Belatti).

SCRep. 1889 Consumer Protection & Commerce on S.B. No. 1378

The purpose of this measure is to:

- (1) Clarify who is prohibited from knowingly referring or transferring patients to an uncertified or unlicensed care facility; and
- (2) Repeal the provision that a landlord, under specified conditions, shall not be deemed to be providing home care services or operating a care facility that requires a license.

Your Committee received testimony in support of this measure from the Department of Health and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee finds that the prevalence of unlicensed care homes and facilities in the State continues to pose significant health and consumer protection issues for Hawaii's elderly and vulnerable populations. The Department of Health continues to take enforcement actions to protect the public, which are critical components of the State's regulatory efforts for consumer protection. This measure aims to provide additional safeguards for the public, protect aged and vulnerable persons, and ensure quality of care by expanding the Department of Health's ability to more thoroughly investigate complaints and enforce the requirement that all residential care homes and other health care facilities, agencies, and organizations be licensed.

Your Committee has amended this measure by:

- (1) Specifying that the legal standard for the unlawful act of referring or transferring patients to an uncertified or unlicensed care facility is negligence, rather than requiring an intent of knowingly for such unlawful acts;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1378, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1378, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Belatti).

SCRep. 1890 Consumer Protection & Commerce on S.B. No. 691

The purpose of this measure is to:

- (1) Authorize the Chief Energy Officer of the Hawaii State Energy Office, rather than the Director of Business, Economic Development, and Tourism, to enforce minimum efficiency standards for certain products and adopt or amend efficiency standards in certain situations; and
- (2) Set minimum efficiency standards for portable electric spas, residential ventilating fans, toilets, urinals, and water coolers.

Your Committee received testimony in support of this measure from the Honolulu Board of Water Supply, Blue Planet Foundation, Hawai'i Energy, Elemental Excelerator, Chamber of Commerce Hawai'i, Hawai'i Public Health Institute, Ulupono Initiative, Architects Hawai'i, Hawai'i Appleseed Center for Law & Economic Justice, Appliance Standards Awareness Project, Shifted Energy, The Hawai'i Youth Climate Coalition, 350Hawaii.org, Our Revolution Hawai'i, Sierra Club of Hawai'i, Climate Protectors Hawai'i, Trinity United Methodist Church, Blue Planet Energy, Wild Kids, and ten individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii. Your Committee received comments on this measure from the Hawaii State Energy Office.

Your Committee finds that Hawaii businesses and consumers pay the highest electricity rates in the nation. Your Committee further finds that water conservation is significant priority as the increased incidence of drought conditions and recent environmental incidents have threatened significant portions of the State's drinking water supply. Efficiency standards ensure that the products purchased for use in the State use less energy and water, while maintaining quality, affordability, and progress toward the State's clean energy and climate goals.

Your Committee has amended this measure by:

- (1) Deleting a reference to air purifiers and electric vehicle supply equipment; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 691, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 691, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, 1 (Pierick). Excused, 1 (Belatti).

SCRep. 1891 Culture, Arts & International Affairs/Water & Land on H.R. No. 86

The purpose of this measure is to recognize August 8, 2023, as Hawaiian Honeycreepers Celebration Day.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Nature Conservancy, American Bird Conservancy, Le Jardin Academy Kindergarten & 2nd Grade, Coordinating Groups on Alien Pest Species, Kanuikapono Public Charter School, Manoa Elementary School Grade 5, 'Iolani School, Moanalua Middle School, Kalaheo Elementary School STEM, Highlands Intermediate School, Mililani High School, Grow with Us, and numerous individuals.

Your Committees find that Hawaii is experiencing a bird extinction crisis, with ninety-five of its one hundred forty-two endemic manu (bird) species having become extinct and the remaining forty-seven species facing critical threats. Your Committees therefore find that this measure will deepen the pilina with native manu and strengthen support for conservation efforts to restore native birds to abundance.

As affirmed by the records of votes of the members of your Committees on Culture, Arts & International Affairs and Water & Land that are attached to this report, your Committees concur with the intent and purpose of H.R. No. 86 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Culture, Arts & International Affairs: Ayes, 5. Noes, none. Excused, 2 (Sayama, Alcos).

Water & Land: Ayes, 7. Noes, none. Excused, 1 (Takayama).

SCRep. 1892 Culture, Arts & International Affairs/Water & Land on H.C.R. No. 81

The purpose of this measure is to recognize August 8, 2023, as Hawaiian Honeycreepers Celebration Day.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Nature Conservancy, American Bird Conservancy, Le Jardin Academy Kindergarten & 2nd Grade, Coordinating Group on Alien Pest Species, Volcano School of Art & Sciences, Manoa Elementary School Grade 5, Moanalua Middle School, Highlands Intermediate School, Hawaii Technology Academy, Kanuikapono Public Charter School, Wai'anae Mountains Watershed Partnership, Kalaheo Elementary School STEM, 'Iolani School, Mililani High School, and numerous individuals.

Your Committees find that Hawaii is experiencing a bird extinction crisis, with ninety-five of its one hundred forty-two endemic manu (bird) species having become extinct and the remaining forty-seven species facing critical threats. Your Committees therefore find that this measure will deepen the pilina with native manu and strengthen support for conservation efforts to restore native birds to abundance.

As affirmed by the records of votes of the members of your Committees on Culture, Arts & International Affairs and Water & Land that are attached to this report, your Committees concur with the intent and purpose of H.C.R. No. 81 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.

Culture, Arts & International Affairs: Ayes, 5. Noes, none. Excused, 2 (Sayama, Alcos).

Water & Land: Ayes, 7. Noes, none. Excused, 1 (Takayama).

SCRep. 1893 Labor & Government Operations on H.R. No. 156

The purpose of this measure is to request the Hawai'i Tobacco Quitline to make permanently visible on each page of its website information pertaining to the availability of translation services upon request.

Your Committee received testimony in support of this measure from the Office of Language Access.

Your Committee finds that the Hawaiian islands are home to a large number of immigrants and their children, many of whom speak languages other than English or Spanish. Your Committee further finds that making information about the availability of interpretation services permanently visible on the Hawai'i Tobacco Hotline's website and accessible in Ilocano, Tagalog, Japanese, Korean, Cantonese, Mandarin, and 'Ōlelo Hawai'i will benefit the many ethnic groups residing in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the language services being requested are interpretation services, rather than translation services; and
- (2) Requesting that the Hawaii Tobacco Quitline consider providing hyperlinks to translated notices of availability of free interpretation services in a conspicuous location of each page of its website.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 156, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 156, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1894 Labor & Government Operations on H.C.R. No. 155

The purpose of this measure is to request the Hawai'i Tobacco Quitline to make permanently visible on each page of its website information pertaining to the availability of translation services upon request.

Your Committee received testimony in support of this measure from the Department of Health and the Office of Language Access.

Your Committee finds that the Hawaiian islands are home to a large number of immigrants and their children, many of whom speak languages other than English or Spanish. Your Committee further finds that making information about the availability of interpretation services permanently visible on the Hawai'i Tobacco Hotline's website and accessible in Ilocano, Tagalog, Japanese, Korean, Cantonese, Mandarin, and 'Ōlelo Hawai'i will benefit the many ethnic groups residing in the State.

Your Committee has amended this measure by:

- (1) Clarifying that the language services being requested are interpretation services, rather than translation services; and
- (2) Requesting that the Hawaii Tobacco Quitline consider providing hyperlinks to translated notices of availability of free interpretation services in a conspicuous location of each page of its website.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 155, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 155, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1895 Labor & Government Operations on H.R. No. 158

The purpose of this measure is to request the Department of Labor and Industrial Relations to continue to recognize and accept the right of a provider of service to assign the right to participate in a workers' compensation billing dispute to a billing company.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 158 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1896 Labor & Government Operations on H.C.R. No. 157

The purpose of this measure is to request the Department of Labor and Industrial Relations to continue to recognize and accept the right of a provider of service to assign the right to participate in a workers' compensation billing dispute to a billing company.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Vintage Medical and Billing, LLC, Hawaii Injured Workers Association and one individual.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 157 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1897 Labor & Government Operations on H.R. No. 63

The purpose of this measure is to request the Office of Collective Bargaining to establish objective standards and criteria for splitting off a group of state workers into a new bargaining unit

Your Committee received comments on this measure from the Office of Collective Bargaining and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that the Legislature continues to consider measures requesting that additional bargaining units be established but lacks objective standards and criteria to evaluate whether a new bargaining unit is appropriate. Your Committee believes that the protection of fair working conditions and workers' rights are important topics that should not be addressed in a haphazard manner but with the benefit of standards and criteria that can be applied without bias.

Your Committee has amended this measure by:

- (1) Requesting the Hawaii Labor Relations Board establish the objective standards and criteria for splitting off a group of state workers into a new bargaining unit, instead of the Office of Collective Bargaining;
- (2) Changing its title to make technical amendments; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 63, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 63, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1898 Labor & Government Operations on H.C.R. No. 61

The purpose of this measure is to request the Office of Collective Bargaining to establish objective standards and criteria for splitting off a group of state workers into a new bargaining unit.

Your Committee received testimony in support of this measure from one individual. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Office of Collective Bargaining and United Public Workers, AFSCME Local 646, AFL-CIO.

Your Committee finds that the Legislature continues to consider measures requesting that additional bargaining units be established but lacks objective standards and criteria to evaluate whether a new bargaining unit is appropriate. Your Committee believes that the protection of fair working conditions and workers' rights are important topics that should not be addressed in a haphazard manner but with the benefit of standards and criteria that can be applied without bias.

Your Committee has amended this measure by:

- (1) Requesting the Hawaii Labor Relations Board establish the objective standards and criteria for splitting off a group of state workers into a new bargaining unit, instead of the Office of Collective Bargaining;
- (2) Changing its title to make technical amendments; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 61, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 61, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Kapela, Martinez).

SCRep. 1899 Judiciary & Hawaiian Affairs on H.R. No. 93

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study on systems of firearms insurance and other financial responsibility requirements pertaining to firearms.

Your Committee received testimony in support from the Attorney General. Your Committee received testimony in opposition from two individuals.

Your Committee has amended this measure by replacing reference to conducting a study with the word 'report' throughout the Resolution. Additionally, this measure has been amended by adopting suggestions from the Legislative Reference Bureau that they compile a summary of other jurisdictions that have mandatory insurance laws that have been enacted or may be enacted soon and any other current laws that impose other financial responsibilities on firearms. This measure has also been amended to ask the Insurance Commissioner to provide an analysis of the feasibility and costs of firearms insurance and other financial responsibility requirements and to examine how these systems may be implemented in the State of Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 93, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 93, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Souza). Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1900 Judiciary & Hawaiian Affairs on H.C.R. No. 86

The purpose of this measure is to request the Legislative Reference Bureau to conduct a study on systems of firearms insurance and other financial responsibility requirements pertaining to firearms.

Your Committee received testimony in support from the Attorney General. Your Committee received testimony in opposition from one individual. Your Committee received testimony in written comments from the Legislative Reference Bureau.

Your Committee has amended this measure by replacing reference to conducting a study with the word 'report' throughout the Resolution. Additionally, this measure has been amended by adopting suggestions from the Legislative Reference Bureau that they compile a summary of other jurisdictions that have mandatory insurance laws that have been enacted or may be enacted soon and any other current laws that impose other financial responsibilities on firearms. This measure has also been amended to ask the Insurance Commissioner to provide an analysis of the feasibility and costs of firearms insurance and other financial responsibility requirements and to examine how these systems may be implemented in the State of Hawaii.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 86, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 86, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Souza). Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1901 Judiciary & Hawaiian Affairs on H.R. No. 53

The purpose of this measure is to urge the Governor to initiate a clemency program for individuals who have been prosecuted for cannabis-related offenses.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawaii; Aloha Green Holdings Inc; Last Prisoner Project; Hawaii Cannabis Industry Association; Marijuana Policy Project; and two individuals.

Your Committee finds that the prosecution of cannabis-related offenses has had detrimental consequences across society, and despite similar usage rates across racial groups and other communities, the prosecution and penalization of these offenses has been disproportionate and inequitable. Your Committee further finds that President Biden has pardoned thousands of persons convicted of federal charges of cannabis possession. Your Committee finds that granting clemency to those convicted of cannabis-related offenses, would facilitate social justice and reintegration for those convicted.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 53, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 53, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1902 Judiciary & Hawaiian Affairs on H.C.R. No. 51

The purpose of this measure is to urge the Governor to initiate a clemency program for individuals who have been prosecuted for cannabis-related offenses.

Your Committee received testimony in support of this measure from the American Civil Liberties Union of Hawaii; Aloha Green Holdings Inc; Last Prisoner Project; Hawaii Cannabis Industry Association; Marijuana Policy Project; and two individuals.

Your Committee finds that the prosecution of cannabis-related offenses has had detrimental consequences across society, and despite similar usage rates across racial groups and other communities, the prosecution and penalization of these offenses has been disproportionate and inequitable. Your Committee further finds that President Biden has pardoned thousands of people convicted of federal charges of cannabis possession. Your Committee finds that granting clemency to those convicted of cannabis-related offenses, would facilitate social justice and reintegration for those convicted.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 51, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 51, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1903 Judiciary & Hawaiian Affairs on H.R. No. 25

The purpose of this measure is requesting the Judiciary to convene a task force to examine and make recommendations regarding existing procedures of the Hawaii Paroling Authority setting the minimum terms of imprisonment.

Your Committee received testimony in support from the Office of the Public Defender

Your Committee has amended this measure by:

- (1) Naming the Hawaii Correctional System Oversight Commission Chair or designee as the chairperson of this task force, replacing the Judiciary, but retaining the Judiciary as a member of the task force; and
- (2) Adding the Crime Victim Compensation Commission as a member of the task force; and
- (3) Requiring a report from the task force by October 21, 2024; and
- (4) Requiring that the task force work with the Hawaii Criminal Justice Data Center under the Attorney General and the Criminal Justice Research Institute and the Judiciary in compiling the report; and
- (5) Amending its title in accordance with the mentioned changes.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 25, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 25, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1904 Judiciary & Hawaiian Affairs on H.C.R. No. 23

The purpose of this measure is requesting the Judiciary to convene a task force to examine and make recommendations regarding existing procedures of the Hawaii Paroling Authority setting the minimum terms of imprisonment.

Your Committee received testimony in support from the Hawaii State Judiciary, Hawaii Paroling Authority, Office of the Public Defender, the State of Hawaii Crime Victim Compensation Commission, the Hawaii Correctional System Oversight Commission, Community Alliance on Prisons and Mothers Against Drunk Driving. Your Committee received written comments from the Legislative Reference Bureau and one individual.

Your Committee has amended this measure by:

- (1) Naming the Hawaii Correctional System Oversight Commission Chair or designee as the chairperson of this task force, replacing the Judiciary, but retaining the Judiciary as a member of the task force; and
- (2) Adding the Crime Victim Compensation Commission as a member of the task force; and
- (3) Requiring a report from the task force by October 21, 2024; and
- (4) Requiring that the task force work with the Hawaii Criminal Justice Data Center under the Attorney General and the Criminal Justice Research Institute and the Judiciary in compiling the report; and
- (5) Amending its title in accordance with the mentioned changes.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 23, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 23, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1905 Consumer Protection & Commerce on H.R. No. 6

The purpose of this measure is to request that the Department of Human Services Med-QUEST Division, in collaboration with the Department of Commerce and Consumer Affairs, expand the types of qualified providers allowed to provide lactation consultant services for the Medicaid population in the State.

The Academy of Lactation Policy and Practice, Hawaii Medical Service Association, Hawaii Maternal & Infant Health Collaborative, and two individuals supported this measure. The Department of Human Services and Department of Commerce and Consumer Affairs submitted comments.

Your Committee has amended this measure by clarifying that the Department of Human Services Med-QUEST Division is requested to take any steps necessary to obtain necessary approvals, create internal processes, and expand access to appropriate providers who have obtained International Board of Lactation Consultant Examiners certification.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 6, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 6, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Lowen).

SCRep. 1906 Consumer Protection & Commerce on H.C.R. No. 7

The purpose of this measure is to request that the Department of Human Services Med-QUEST Division, in collaboration with the Department of Commerce and Consumer Affairs, expand the types of qualified providers allowed to provide lactation consultant services for the Medicaid population in the State.

The Academy of Lactation Policy and Practice, Hawaii Medical Service Association, Hawaii Maternal & Infant Health Collaborative, and two individuals supported this measure. The Department of Human Services and Department of Commerce and Consumer Affairs submitted comments.

Your Committee has amended this measure by clarifying that the Department of Human Services Med-QUEST Division is requested to take any steps necessary to obtain necessary approvals, create internal processes, and expand access to appropriate providers who have obtained International Board of Lactation Consultant Examiners certification.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 7, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 7, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Lowen).

SCRep. 1907 Consumer Protection & Commerce on H.R. No. 106

The purpose of this measure is to urge the Real Estate Commission to develop policies and programs to inform and educate condominium association owners and board members of certain matters to promote the efficient administration of condominium associations.

The Real Estate Commission, Hawaii Council of Associations of Apartment Owners, Hui 'Oia'i'o, and several individuals testified in support.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 106 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Lowen).

SCRep. 1908 Consumer Protection & Commerce on H.C.R. No. 99

The purpose of this measure is to urge the Real Estate Commission to develop policies and programs to inform and educate condominium association owners and board members of certain matters to promote the efficient administration of condominium associations.

The Real Estate Commission, Hawaii Council of Associations of Apartment Owners, Hui 'Oia'i'o, and several individuals testified in support. One individual offered comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 99 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Lowen).

SCRep. 1909 Consumer Protection & Commerce on H.R. No. 45

The purpose of this measure is to urge the Public Utilities Commission to reevaluate and adopt administrative rules relating to the removal of abandoned or double utility poles, lines, and equipment.

The Department of Commerce and Consumer Affairs, Public Utilities Commission, Hawaiian Electric, and Hawaiian Telcom offered comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 45 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Lowen).

SCRep. 1910 Consumer Protection & Commerce on H.C.R. No. 41

The purpose of this measure is to urge the Public Utilities Commission to reevaluate and adopt administrative rules relating to the removal of abandoned or double utility poles, lines, and equipment.

The Department of Commerce and Consumer Affairs, Public Utilities Commission, Hawaiian Electric, and Hawaiian Telcom offered comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 41 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Lowen).

SCRep. 1911 Consumer Protection & Commerce on H.R. No. 46

The purpose of this measure is to request the Department of Human Services to immediately cease intercepting Social Security payments for children in foster care and to deposit these Social Security payments into savings accounts that may be accessed by foster children when they return to their families, are adopted, or age out of foster care.

The Department of Human Services offered comments.

Your Committee notes that the Department of Human Services uses a foster child's Social Security payments to help pay for foster care expenses of the child. The Department indicated that general fund appropriations will be required to meet the expenses of the State's foster care program should the State forego using Social Security benefits to reimburse foster board costs. Your Committee supports continued efforts to examine these fiscal concerns as this measure moves through the legislative process.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 46 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Lowen).

SCRep. 1912 Consumer Protection & Commerce on H.C.R. No. 42

The purpose of this measure is to request the Department of Human Services to immediately cease intercepting Social Security payments for children in foster care and to deposit these Social Security payments into savings accounts that may be accessed by foster children when they return to their families, are adopted, or age out of foster care.

The Department of Human Services offered comments.

Your Committee notes that the Department of Human Services uses a foster child's Social Security payments to help pay for foster care expenses of the child. The Department indicated that general fund appropriations will be required to meet the expenses of the State's foster care program should the State forego using Social Security benefits to reimburse foster board costs. Your Committee supports continued efforts to examine these fiscal concerns as this measure moves through the legislative process.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 42 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 10. Noes, none. Excused, 1 (Lowen).

SCRep. 1913 Finance on S.B. No. 296

The purpose of this measure is to require:

- (1) The Governor and state agencies to recommend a date by which statutorily required reports must be submitted to the Legislature and identify any reports that should not be subject to that uniform date and the reasons thereof; and
- (2) The Governor to propose legislation to implement the proposed deadline and streamline existing reporting requirements by repealing or consolidating any duplicative, obsolete, or extraneous reports.

Your Committee did not receive any testimony on this measure.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 296, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1914 Finance on S.B. No. 699

The purpose of this measure is to:

- (1) Establish a State Capitol Tours Program;
- (2) Establish two full-time equivalent positions within the Office of the Governor to provide Capitol tours; and
- (3) Appropriate funds for the two positions, individual audio systems for self-guided tours, and production of tour materials and signage.

Your Committee did not receive any written testimony on this measure.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 699, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1915 Finance on S.B. No. 438

The purpose of this measure is to amend the time frame and criteria for deeming an application for licensure or examination abandoned under the Professional and Vocational Licensing Act.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs. Your Committee received comments on this measure from the Board of Nursing.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 438 and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1916 Finance on S.B. No. 1027

The purpose of this measure is to:

- (1) Replace the existing Mixed Martial Arts Program with a new regulatory framework under the authority of a Combat Sports Commission of Hawaii; and
- (2) Appropriate funds for positions for the Combat Sports Commission of Hawaii.

Your Committee received testimony in support of this measure from five individuals. Your Committee received testimony in opposition to this measure from the Department of Commerce and Consumer Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1027, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1917 Finance on S.B. No. 1327

The purpose of this measure is to authorize the Public Utilities Commission to use electronic filing processes, including electronic service of documents, under the statutory chapters regulating public utilities, motor carriers, and water carriers.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Public Utilities Commission, and Hawaiian Telcom.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1327, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1918 Finance on S.B. No. 710

The purpose of this measure is to appropriate funds for an education and reentry program for incarcerated women, to be administered by the University of Hawaii Windward Community College.

Your Committee received testimony in support of this measure from the Department of Education, Department of Public Safety, Community Alliance on Prisons, Hawai'i Friends of Restorative Justice, Women's Prison Project, and ten individuals. Your Committee received comments on this measure from the Department of the Attorney General and University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 710, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1919 Finance on S.B. No. 712

The purpose of this measure is to appropriate funds for the University of Hawaii Windward Community College to support a level I trauma-informed certification program for adult corrections officers in the State.

Your Committee received testimony in support of this measure from the Judiciary; Department of Public Safety; Department of Health; Hawaii Correctional System Oversight Commission; State Council on Mental Health; Office of Wellness and Resilience of the Office of the Governor; United Public Workers, AFSCME Local 646, AFL-CIO; Hawai'i Friends of Restorative Justice; Women's Prison Project; Hawaii Substance Abuse Coalition; Opportunity Youth Action Hawai'i; and eleven individuals. Your Committee received comments on this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 712, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1920 Finance on S.B. No. 1163

The purpose of this measure is to appropriate funds for civilian auxiliary aviation services performed by the Civil Air Patrol.

Your Committee received testimony in support of this measure from the Hawai'i Emergency Management Agency.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1163, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1921 Finance on S.B. No. 732

The purpose of this measure is to establish the second Monday in October of each year as Indigenous Peoples' Day.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Rainbow Family 808, Stonewall Caucus of the Democratic Party of Hawai'i, Volcano School of Arts & Sciences, and one individual. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the Department of Human Resources of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 732, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1922 Finance on S.B. No. 844

The purpose of this measure is to authorize the issuance of special number plates to recognize and honor Mālama Pu'uloa.

Your Committee received testimony in support of this measure from Hui O Ho'ohouua dba Mālama Pu'uloa and two individuals. Your Committee received comments on this measure from the Ali'i Pauahi Hawaiian Civic Club.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 844, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1923 Finance on S.B. No. 1532

The purpose of this measure is to:

- (1) Establish the Hawaii Leadership Awards Program to honor persons who have made considerable and outstanding contributions to the State in their respective fields and who serve as an inspiration to others;
- (2) Establish the Hawaii Leadership Awards Selection Committee to select awardees; and
- (3) Appropriate funds to establish and administer the Hawaii Leadership Awards Program, to be expended by the State Foundation on Culture and the Arts.

Your Committee received testimony in support of this measure from the State Foundation on Culture and the Arts.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1532, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1924 Finance on S.B. No. 7

The purpose of this measure is to make housekeeping amendments to clarify certain references to the School Facilities Authority used in section 302A-1151.1, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the School Facilities Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 7, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1925 Finance on S.B. No. 107

The purpose of this measure is to:

- (1) Require a majority of the members of the Board of Education, rather than the Governor, to elect a chairperson from among the members of the Board;
- (2) Authorize the members of the Board of Education to annually elect a chairperson upon the start of the next confirmed term for Board members; and
- (3) Repeal the requirement that the chairperson of the Board of Education be an at-large member.

Your Committee received comments on this measure from the Board of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 107, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1926 Finance on S.B. No. 156

The purpose of this measure is to require the Board of Education to:

- (1) Hold no less than six community forums annually, with at least one community forum in each county;
- (2) Include an open forum for public comments on non-agenda items; and
- (3) Report to the Legislature on implementing the open forums.

Your Committee received comments on this measure from the Board of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 156, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1927 Finance on S.B. No. 531

The purpose of this measure is to require the Executive Director of the School Facilities Authority to be appointed by the School Facilities Authority Board, rather than by the Governor.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of the Attorney General.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 531, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1928 Finance on S.B. No. 830

The purpose of this measure is to require each Department of Education school and public charter school to establish a critical emergency response team.

Your Committee received testimony in support of this measure from seven individuals. Your Committee received comments on this measure from the Department of the Attorney General, Department of Education, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 830, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1929 Finance on S.B. No. 1022

The purpose of this measure is to:

- (1) Amend the composition and qualifications of the Early Learning Board;
- (2) Establish general qualifications for the members of the Early Learning Board appointed by the Governor; and
- (3) Require the Early Learning Board to establish an Early Learning Stakeholder Advisory Council.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of the Attorney General and Early Learning Board.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1022, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1930 Finance on S.B. No. 1232

The purpose of this measure is to temporarily authorize the State Librarian to:

- (1) Impose and collect rates, rents, fees, fines, and charges for the use of state library facilities and revise the rates, rents, and fees with approval of the Board of Education; and

(2) Prescribe procedures relating to certain costs, fines, and fees without regard to chapter 91, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the Hawaii State Public Library System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1232, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1931 Finance on S.B. No. 155

The purpose of this measure is to appropriate funds for the University of Hawaii Maui College's Office of International and Regional Partnerships to subsidize travel expenses and tuition for students to study abroad.

Your Committee received comments on this measure from the University of Hawaii System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 155, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1932 Finance on S.B. No. 281

The purpose of this measure is to establish a state income tax deduction for eligible contributions made to a college savings program established under chapter 256, Hawaii Revised Statutes.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities. Your Committee received testimony in opposition to this measure from the Securities Industry and Financial Markets Association and Securities Industry Association of Hawaii. Your Committee received comments on this measure from the Department of Budget and Finance, Department of Taxation, Hawaii Association of Independent Schools, Hawaii Council of Private Schools, Tax Foundation of Hawaii, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 281, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1933 Finance on S.B. No. 1317

The purpose of this measure is to:

- (1) Transfer the Hawaii Broadband and Digital Equity Office from the Department of Business, Economic Development, and Tourism to the Office of the Lieutenant Governor on a temporary, four-year basis;
- (2) Provide the matching funds required to receive federal funds for state broadband initiatives; and
- (3) Require the Office of the Lieutenant Governor to convene and chair the working group established pursuant to Act 231, Session Laws of Hawaii 2022.

Your Committee received testimony in support of this measure from the Office of the Lieutenant Governor; Department of Business, Economic Development, and Tourism; Department of Education; University of Hawai'i System; State Council on Developmental Disabilities; Vibrant Hawai'i; Hawaii Broadband Hui; AARP Hawai'i; AlohaCare; and Maui Chamber of Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1317, S.D. 3, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1934 Finance on S.B. No. 1413

The purpose of this measure is to require the University of Hawaii to grant resident tuition fees for enrollment at any University of Hawaii campus to individuals who have graduated from a Hawaii high school and are enrolling in an undergraduate degree program, under certain conditions.

Your Committee received testimony in support of this measure from the Department of Education and University of Hawai'i System. Your Committee received comments on this measure from the Board of Regents of the University of Hawai'i.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1413, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1935 Finance on S.B. No. 968

The purpose of this measure is to require the Department of Accounting and General Services to:

- (1) In collaboration with the Department of Transportation, develop, implement, administer, and manage separate programs to allow two or more public employees to share the cost of a parking stall and allow multiple cars to use that stall;
- (2) In collaboration with identified state agencies, conduct a study to determine the demand for, and feasibility and costs of, installing electric vehicle charging stations at newly constructed state employee and public parking facilities and retrofitting existing state employee and public parking facilities to accommodate electric vehicle charging stations; and
- (3) Submit a report to the Legislature prior to the Regular Session of 2024.

Your Committee received testimony in support of this measure from the Department of Transportation, Climate Protectors Hawai'i, Kauai Climate ACTION Coalition, and six individuals. Your Committee received comments on this measure from the Department of Accounting and General Services, Hawai'i

Climate Change Mitigation & Adaptation Commission, Hawai'i State Energy Office, Hawai'i Bicycling League, Big Island Electric Vehicle Association, 350Hawaii.org, Ulupono Initiative, Our Revolution Hawaii, and seven individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 968, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1936 Finance on S.B. No. 1024

The purpose of this measure is to:

- (1) Establish long-term goals for zero-emissions transportation in Hawaii to reduce and eliminate transportation emissions;
- (2) Establish the Clean Ground Transportation Working Group and Interisland Clean Transportation Working Group;
- (3) Require the working groups to submit annual reports to the Hawaii Climate Change Mitigation and Adaptation Commission and the Legislature; and
- (4) Require the Department of Transportation, Office of Planning and Sustainable Development, and Hawaii State Energy Office to develop electric charging capacity plans in coordination with the working groups and allow continued access to high-occupancy vehicle lanes, and develop and implement other zero-emissions transportation options.

Your Committee received testimony in support of this measure from the Hawai'i State Energy Office, Hawai'i Climate Change Mitigation and Adaptation Commission, Oahu Metropolitan Planning Organization, Climate Protectors Hawai'i, Big Island Electric Vehicle Association, Hawaiian Airlines, Kauai Climate Action Coalition, Blue Planet Foundation, Alliance for Automotive Innovation, Ulupono Initiative, and eleven individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Transportation, Office of Planning and Sustainable Development, and Hawaii Automobile Dealers' Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1024, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1937 Finance on S.B. No. 1535

The purpose of this measure is to allow the Director of Transportation to exempt certain ground transportation facility projects from historic preservation review and the environmental impact statement law, subject to certain conditions.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Department of Transportation, Department of Transportation Services of the City and County of Honolulu, and Hawai'i Bicycling League. Your Committee received comments on this measure from the Office of Planning and Sustainable Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1535, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1938 Finance on S.B. No. 86

The purpose of this measure is to require:

- (1) The Department of Agriculture, in coordination with the Office of Planning and Sustainable Development, to update the State Agriculture Functional Plan to include other agricultural economic updates that expand the State's priority on food by increasing local food self-sufficiency and exports; and
- (2) The Governor to submit the updated plan to the Legislature prior to the Regular Session of 2026.

Your Committee received testimony in support of this measure from the Wailoa River and Reeds Bay Boating and Users Association, HFACT, Kauai Climate Action Coalition, Hawai'i Farm Bureau, and two individuals. Your Committee received comments on this measure from the Department of Agriculture, Office of Planning and Sustainable Development, Hawai'i Farmers Union United, Environmental Caucus of the Democratic Party of Hawai'i, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 86, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1939 Finance on S.B. No. 430

The purpose of this measure is to establish the Hawaii Farm to Food Bank Program to relieve food shortages by providing financial support for the distribution of fresh, locally grown or locally produced food to residents, including low-income and unemployed families and individuals, and appropriate funds for the program.

Your Committee received testimony in support of this measure from the Department of Agriculture; Maui County Council; Hawaii Food+ Policy; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; Hawai'i Children's Action Network Speaks!; Obesity Prevention Task Force of the Hawai'i Public Health Institute; 350Hawaii.org; Hawai'i Farmers Union United; Hawai'i Hunger Action Network; Ulupono Initiative; and four individuals. Your Committee received comments on this measure from the Department of Budget and Finance, Office of Hawaiian Affairs, Office of Community Services, Hawai'i Food Bank, and Hawai'i Primary Care Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 430, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1940 Finance on S.B. No. 652

The purpose of this measure is to require and appropriate funds to the Department of Agriculture to:

- (1) Mitigate and control infestations of the two-lined spittlebug, take measures to reduce the population of two-lined spittlebugs, and undertake recovery efforts for lands damaged by the two-lined spittlebug; and
- (2) Establish a five-year pilot program to mitigate and control the significant increase in the population of feral chickens and pigs throughout the State.

Your Committee received testimony in support of this measure from Puna Flower Power; Hawai'i Farm Bureau; Land Use Research Foundation of Hawaii; Kualoa Ranch; Ulupono Initiative; Volcano Isle Fruit Co, Inc.; and seven individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources; University of Hawai'i System; Department of Agriculture; McCandless Ranch; Ponoholo Ranch; Kealia Ranch; Larry Jefts Farms, LLC; Hawaii Cattleman's Council; Big Island Invasive Special Committee; and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 652, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1941 Finance on S.B. No. 743

The purpose of this measure is to:

- (1) Broaden the scope of the subsidy program for pesticides to combat coffee berry borer and coffee leaf rust to include fertilizers and rename the program and manager position as the Pesticide and Fertilizer Subsidy Program and Pesticide and Fertilizer Subsidy Program Manager, respectively;
- (2) Extend the sunset date for the Pesticide and Fertilizer Subsidy Program to June 30, 2025, and the Program Manager position, including the position's civil service and collective bargaining laws exemption, to June 30, 2026; and
- (3) Appropriate funds for the operation and implementation of the Pesticide and Fertilizer Subsidy Program.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council; Ma'alahi Farm; Kona Bae Farm; Synergistic Hawai'i Agriculture Council; Hawai'i Farm Bureau; Huahua Farm; Mai Mahealani Farm; Kanalani Ohana Farm; Hawaii Coffee Growers Association; Kona Coffee Farmers Association; The Four Sens, LLC; Hawaii Coffee Association; and three individuals. Your Committee received comments on this measure from the Department of Agriculture and University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 743, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1942 Finance on S.B. No. 744

The purpose of this measure is to direct the Hawaii Invasive Species Council to amend its administrative rules to classify the fungal pathogen that causes Coffee Leaf Rust as an invasive species and to expend any available funding for mitigation efforts, research, and prevention or control actions for Coffee Leaf Rust.

Your Committee received testimony in support of this measure from one member of the Hawai'i County Council; Ma'alahi Farm; Kona Bae Farm; Synergistic Hawaii Agriculture Council; Hawai'i Farm Bureau; Huahua Farm; Hawaii Coffee Growers Association; Kona Coffee Farmers Association; Volcano Isle Fruit Co, Inc.; Hawaii Coffee Association; and four individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Department of Agriculture.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 744, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1943 Finance on S.B. No. 782

The purpose of this measure is to establish a grant program within the Department of Agriculture to provide grants to taro farmers to meet the costs of cultivating taro for consumption and appropriate funds for the Department to provide grants under the program.

Your Committee received testimony in support of this measure from the Department of Agriculture, Office of the Mayor of the County of Maui, Hawai'i Food+ Policy, Hawai'i Farm Bureau, Hawai'i Farmers Union United, Hawai'i Alliance for Progressive Action, and one individual. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 782, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1944 Finance on S.B. No. 818

The purpose of this measure is to:

- (1) Transfer the business, processing, distribution, and marketing functions of the Aquaculture Program from the Department of Agriculture to the Agribusiness Development Corporation; and
- (2) Appropriate funds to the Agribusiness Development Corporation for the Aquaculture Program and development of an aquaculture park.

Your Committee received testimony in support of this measure from the Agribusiness Development Corporation. Your Committee received testimony in opposition to this measure from the Department of Agriculture and two individuals. Your Committee received comments on this measure from the Hawaii Aquaculture & Aquaponics Association, Pacific Hybreed Inc., Aquaculture Planning & Advocacy LLC, Hiplan, and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 818, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1945 Finance on S.B. No. 1552

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources to support the Hawaii Ant Lab in mitigating the effects of little fire ants in the State.

Your Committee received testimony in support of this measure from the Department of Agriculture; Hawaii Ant Lab; Puna Flower Power; Ma'alahi Farm; Kona Bae Farm; Synergistic Hawaii Agriculture Council; Hawai'i Farm Bureau; Huahua Farm; Big Island Invasive Species Committee; Kona Coffee Farmers Association; Daifukuji Soto Mission; The Four Sens, LLC; Volcano Isle Fruit Co., Inc.; Stop LFA Kōhala; and eight individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1552, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1946 Finance on S.B. No. 629

The purpose of this measure is to require contracts entered into by the Hawaii Tourism Authority for management of the Hawai'i Convention Center facility to include marketing for all uses of the facility.

Your Committee received testimony in opposition to this measure from the Marriot International, Hawaii Market. Your Committee received comments on this measure from the Hawai'i Tourism Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 629, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1947 Finance on S.B. No. 945

The purpose of this measure is to:

- (1) Establish a Special Purpose Digital Currency License Program to replace the Digital Currency Innovation Lab; and
- (2) Allow, for six months, any company participating in the Digital Currency Innovation Lab on June 30, 2023, to continue operations if a complete application for licensure is submitted to the Division of Financial Institutions by March 1, 2024.

Your Committee received testimony in support of this measure from the Hawaii Technology Development Corporation and two individuals. Your Committee received testimony in opposition to this measure from eight individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Grassroot Institute of Hawaii, and Cryptokenikeneni Project.

Your Committee has amended this measure by:

- (1) Changing the appropriation out of the Compliance Resolution Fund to an unspecified amount;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 945, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 945, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Ward). Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1948 Finance on S.B. No. 1502

The purpose of this measure is to:

- (1) Authorize the Department of Transportation to regulate the parking of shared cars at state airports;
- (2) Authorize the counties to regulate the parking of shared cars on highways under their jurisdiction; and
- (3) Amend the required coverage for shared cars that are made available through a peer-to-peer car sharing program.

Your Committee received testimony in support of this measure from Getaround, Turo, and one individual. Your Committee received testimony in opposition to this measure from the Hawaii Association for Justice. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Office of Consumer Protection.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1502, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1502, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Alcos). Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1949 Consumer Protection & Commerce on S.B. No. 746

The purpose of this measure is to support Hawaii's coffee growers by:

- (1) Expanding the coffee labeling and advertising requirements to include ready-to-drink coffee beverages and inner packages and inner wrapping labels given to customers;
- (2) Requiring disclosure on the label of coffee blends of the respective geographic and regional origins and percent by weight of the blended coffees; and
- (3) Prohibiting use of the term "All Hawaiian" in labeling or advertising for roasted coffee or instant coffee not produced entirely from green coffee beans grown and processed in Hawaii.

Your Committee received testimony in support of this measure from the Department of Agriculture; two members of the Hawai'i County Council; Hawai'i Alliance for Progressive Action; Kanalani Ohana Farm; Ma'alaha Farm; Kona Bae Farm; Rancho Aloha Coffee Farm; Hawaii Island Forest Stewards; Kahili Kona Farm; Hawai'i Farm Bureau; Hawai'i Farmers Union United; Synergistic Hawai'i Agriculture Council; The Four Sens, LLC; Kona Coffee Farmers Association; Hawaii's Thousand Friends; Absolute Palate LLC; Chamber of Sustainable Commerce; Cyanotech Corporation; Hawaii Coffee Association; Kona-Kohala Chamber of Commerce; and eight individuals.

Your Committee finds that fraudulent representations as to a product's geographic origin produces a two-fold harm. First, the fraudulent representation injures the consumer by undermining the consumer's choice, including the consumer's loyalty to or perceived quality of the geographic origin. Second, the fraudulent representation harms the producers by diminishing the value of that geographic identifier and harming its reputation. Your Committee further finds that while existing law provides protections from fraudulent representations on the labeling or advertising of instant or roasted coffee, these same protections do not extend to the ever-growing and very popular market of ready-to-drink coffee beverages. This measure bolsters the protections of geographic indicators of coffee grown in the State, thereby protecting consumers from fraud and deception in coffee labeling and advertising and preserving the integrity and reputation of Hawaii-grown coffee.

Your Committee notes that while the coffee labeling law allows for the use of "All Hawaiian" for certain coffee products in which one hundred percent by weight of the coffee in the coffee product is grown and processed in the State, the coffee products that do not meet this criteria continue to be eligible for the "Made in Hawaii" designation under section 486-119, Hawaii Revised Statutes, as long as those products meet the requirements for that designation.

Your Committee has amended this measure by:

- (1) Specifying that the labeling and advertising requirements apply if the applicable products are produced in whole or in part from Hawaii-grown and Hawaii-processed green coffee beans;
- (2) Clarifying that the application of the labeling and advertising requirements to the inner packages and inner wrapping labels are specific to the inner packages and inner wrapping labels of roasted coffee, instant coffee, and ready-to-drink coffee beverages;
- (3) Specifying that the application of the labeling and advertising requirements to ready-to-drink coffee beverages does not extend to made-to-order beverages; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 746, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 746, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Belatti).

SCRep. 1950 Consumer Protection & Commerce on S.B. No. 516

The purpose of this measure is to require a producer of any hemp product to include the following in the identity statement used for labeling or advertising any hemp product:

- (1) The percentage of Hawaii-grown hemp in the hemp product; and
- (2) For any hemp product not from Hawaii, the origin of the hemp and percentage of the hemp from the origin outside Hawaii.

Your Committee received testimony in support of this measure from the Department of Agriculture, Kanalani Ohana Farm, Hawai'i Farmers Union United, Hawai'i Farm Bureau, Hawai'i Sustainable Farms, 'Ai Pohaku-The Stone Eaters, Hawai'i Hemp Farmers Association, and ten individuals. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that fraudulent representations as to a product's geographic origin produces a two-fold harm. First, the fraudulent representation injures the consumer by undermining the consumer's choice, including the consumer's loyalty to or perceived quality of the geographic origin. Second, the fraudulent representation harms the producers by diminishing the value of that geographic identifier and harming its reputation. Your Committee further finds that hemp is a versatile agricultural product with potential to diversify the State's economy and, as such, is deserving of protection as to any geographic identifier. This measure protects consumers and producers by ensuring that hemp grown in the State is labeled as such and hemp grown outside the State is labeled with an appropriate origin.

Your Committee has amended this measure by:

- (1) Clarifying that the requirements on an identity statement used for labeling or advertising hemp products apply to Hawaii-grown and Hawaii-processed hemp;
- (2) Clarifying that for purposes of identifying an origin other than the State, that the identity statement must identify the country or state of origin;
- (3) Specifying that, for a hemp product in which one hundred percent of the hemp is grown and processed in the State, the identity statement for labeling or advertising may contain the term "All Hawaiian"; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

Your Committee notes that while this measure provides for the use of "All Hawaiian" for hemp products in which one hundred percent of the hemp is grown and processed in the State, hemp products that do not meet this criteria continue to be eligible for the "Made in Hawaii" designation under section 486-119, Hawaii Revised Statutes, as long as those products meet the requirements for that designation.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 516, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 516, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 10. Noes, none. Excused, 1 (Belatti).

SCRep. 1951 Finance on S.B. No. 1488

The purpose of this measure is to require and appropriate funds for the University of Hawaii College of Tropical Agriculture and Human Resources, in consultation with livestock industry stakeholders, to conduct a study to assess the effects of heat stress on beef cattle during interisland ocean transport and to inform potential future legislation relating to beef cattle interisland ocean transport and the safety of people, animals, and the environment.

Your Committee received testimony in support of this measure from the Department of Agriculture, University of Hawai'i College of Tropical Agriculture and Human Resources, Hawai'i Farm Bureau, Ponoholo Ranch, Kealia Ranch, Hawaii Cattlemen's Council, Animal Welfare Institute, and four individuals. Your Committee received comments on this measure from Animal Rights Hawai'i and one individual.

Your Committee has amended this measure by:

- (1) Changing the appropriation to an unspecified amount; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1488, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1488, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1952 Finance on S.B. No. 500

The purpose of this measure is to appropriate funds for the University of Hawaii at Manoa to establish three additional permanent full-time equivalent mental health practitioner positions within the Division of Student Success' Counseling and Student Development Center.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Associated Students of the University of Hawai'i, and three individuals.

Your Committee has amended this measure by leaving the number of full-time equivalent positions unspecified.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 500, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 500, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1953 Finance on S.B. No. 1586

The purpose of this measure is to appropriate funds to the University of Hawaii to establish five full-time equivalent positions at the College of Tropical Agriculture and Human Resources.

Your Committee received testimony in support of this measure from Puna Flower Power; Ulupono Initiative; Hawai'i Farm Bureau; Hawaii Cattlemen's Council, Inc.; University of Hawaii Professional Assembly; Associated Students of the University of Hawai'i; and eight individuals. Your Committee received comments on this measure from the University of Hawai'i System.

Your Committee has amended this measure by changing the number of full-time equivalent (FTE) positions to unspecified numbers.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1586, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1586, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1954 Finance on S.B. No. 971

The purpose of this measure is to:

- (1) Require the Department of Education to collect certain data on county bus pass usage for public high school and charter school students and report annually to the Legislature on the Department's findings and data collected; and
- (2) Appropriate funds to the Department of Education to provide bus passes for all public high school and charter school students.

Your Committee received testimony in support of this measure from the State Public Charter School Commission, Department of Transportation Services of the City and County of Honolulu, Ulupono Initiative, Democratic Party of Hawai'i Education Caucus, and one individual. Your Committee received comments on this measure from the Department of the Attorney General and Department of Education.

Your Committee has amended this measure by:

- (1) Clarifying that this measure applies to charter high school students rather than all charter school students;
- (2) Requiring the State Public Charter School Commission to collect certain data on county bus pass usage for charter high school students and report annually to the Legislature;
- (3) Inserting an appropriation of an unspecified amount for the State Public Charter School Commission to provide bus passes for all charter high school students; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 971, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 971, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 1955 Finance on S.B. No. 1534

The purpose of this measure is to:

- (1) Create a mileage-based road usage charge to replace state motor fuel taxes beginning on July 1, 2025, for electric vehicles;
- (2) Eliminate the \$50 annual state vehicle registration surcharge for electric vehicles;
- (3) Allow electric vehicle owners the option to pay a registration surcharge or a per-mile road usage fee until June 30, 2028;
- (4) Require certificates of inspection to note the odometer reading of vehicles;
- (5) Require motor vehicle registration applications to specify whether the type of fuel for which the vehicle is adapted is electricity;
- (6) Require the Department of Transportation to plan for the deployment of a state mileage-based road user charge program by 2033 and submit a report to the Legislature before the Regular Session of 2026; and
- (7) Appropriate funds for the initial implementation of the state mileage-based road user charge.

Your Committee received testimony in support of this measure from six individuals. Your Committee received comments on this measure from the Department of Transportation, Hawai'i State Energy Office, Tax Foundation of Hawaii, Big Island Electric Vehicle Association, Kauai Climate Action Coalition, Ulupono Initiative, Hawai'i Automobile Dealers' Association, and two individuals.

Your Committee has amended this measure by:

- (1) Changing the cents per mile traveled calculation for the state mileage-based road usage charge to an unspecified amount;
- (2) Changing the cap of the state mileage-based road usage charge to an unspecified amount;
- (3) Changing the registration surcharge that may be paid in lieu of the state mileage-based road usage charge for electric vehicle owners to an unspecified amount; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1534, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1534, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, 2 (Alcos, Ward). Excused, none.

SCRep. 1956 Finance on S.B. No. 304

The purpose of this measure is to:

- (1) Beginning July 1, 2025, establish a Visitor Impact Fee Program within the Department of Land and Natural Resources to collect a fee for a license to visit a state park, forest, hiking trail, or other state natural area;
- (2) Establish and appropriate funds into and out of the Visitor Impact Special Fund for the Visitor Impact Fee Strategic Plan;
- (3) Require the Department of Land and Natural Resources to report to the Legislature on the creation and implementation of the Visitor Impact Fee Strategic Plan; and
- (4) Appropriate funds for positions to administer the Visitor Impact Fee Program.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of the Attorney General; Office of Planning and Sustainable Development; Hawai'i Climate Change Mitigation & Adaptation Commission; Hawai'i Tourism Authority; He'eia National Estuarine Research Reserve; Surfrider Foundation, Maui Chapter; Hui Maka'āinana o Makana; Kohola Film Project; Kauai Women's Caucus; Kauai Farm Planning; Surfrider Foundation, O'ahu Chapter; Kauai Climate Action Coalition; Pacific Whale Foundation; Hawai'i Lodging & Tourism Association; Imua Alliance; Maui Hotel & Lodging Association; Climate Protectors Hawai'i; Maui Chamber of Commerce; and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources, Kohala Coast Resort Association, Conservation International, Kanu Hawai'i, Kua'āina Ulu 'Auamo, Kupu, Surfrider Foundation Hawai'i, The Nature Conservancy, Hawai'i Alliance for Community-Based Economic Development, Sustainable Coastlines Hawai'i, Blue Planet Foundation, Hawai'i Reef and Ocean Coalition, Hawai'i Forest & Trail, Trust for Public Land, Hawai'i Alliance for Progressive Action, Hawai'i Youth Climate Coalition, Wastewater Alternatives & Innovations, National Tropical Botanical Garden, Young Progressives Demanding Action, The Conservationist Collective, Pono Hawai'i Initiative, Wild Kids, Parley for the Oceans, Reuse Hawai'i, Resources Legacy Fund, Mālama Pupuokea-Waimea, Hawai'i Land Trust, Papahānaumokuākea Marine Debris Project, Kuleana Coral Restoration, Zero Waste Hawai'i Island, Travel2Change, Mālama Maunaloa, Kailua Beach Adventures, Good Food Movement, Care About Climate, Protea Zero Waste Store, Agripelago, Native Ecosystem Services, Delphi Cinema, Keep it Simple Honolulu, North Shore Community Land Trust, Hawai'i Wildlife Fund, Kingdom Pathways, Kokonut Coalition, Excursionsure, Kokua Foundation, Tax Foundation of Hawaii, FM3 Research, Grassroot Institute of Hawaii, and one individual.

Your Committee has amended this measure by changing the visitor impact fee to an unspecified amount.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 304, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 304, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Kila, Nishimoto).

SCRep. 1957 Corrections, Military & Veterans on H.R. No. 104

The purpose of this measure is to request that all live fire training and aviation activities be relocated away from the Pu'uloa Range Training Facility.

Your Committee received testimony in support of this measure from the Ewa Neighborhood Board, Hui o Ho'ohonua, Sierra Club of Hawai'i, and ten individuals. Your Committee received testimony in opposition to this measure from the Hawaii Firearms Coalition, Pu'uloa Rifle and Pistol Club, and two individuals. Your Committee received comments on this measure from the United States Marine Corps.

Your Committee finds that the Pu'uloa Range Training Facility located near the Ewa Beach and Iroquois Point communities serves as a small-arms training facility for the United States Marine Corps. Due to the incessant noise pollution from the firing of weapons throughout the day and the risk of stray bullet impact to nearby schools and homes, many community members have expressed concerns about the Pu'uloa Range Training Facility and its impact on the community and environment. To address community safety and environmental impact concerns, this measure requests that all live fire training and aviation activities at the Pu'uloa Range Training Facility be relocated to a more suitable location.

Your Committee has amended this measure by:

- (1) Clarifying the recipients of the resolution to ensure copies are received by the appropriate military commands and higher headquarters; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Corrections, Military & Veterans that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 104, as amended herein, and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs in the form attached hereto as H.R. No. 104, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ichiyama).

SCRep. 1958 Judiciary & Hawaiian Affairs on H.C.R. No. 8

The purpose of this measure is to urge the County Governments to review their respective government structure to identify organizational risks of corruption and ethical violations and to develop systematic improvements to such risks.

Your Committee received testimony in support from the Commission to Improve Standards of Conduct, the Hawaii State Ethics Commission, and one individual.

Your Committee finds that in order to implement the recommendations of the Commission to Improve Standards of Conduct, a review of each county's government structure, including identifying problems and developing systematic improvements that will prevent future situations involving corruption and ethical violations, is needed to help restore the public's trust in government.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 8 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1959 Judiciary & Hawaiian Affairs on H.R. No. 8

The purpose of this measure is to urge the counties to devote sufficient funding to their respective county ethics boards or commissions.

Your Committee received testimony in support from Holomua Collaborative.

Your Committee finds that many of the county ethics boards or commissions lack the necessary resources to adequately meet their constitutionally mandated obligations and that limited or no staffing prevents these county ethics boards or commissions from sufficiently investigating complaints, providing advice to current county employees, or offering trainings on how to follow the pertinent code of ethics.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 8 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1960 Judiciary & Hawaiian Affairs on H.C.R. No. 11

The purpose of this measure is to urge the counties to devote sufficient funding to their respective county ethics boards or commissions.

Your Committee received testimony in support from the Commission to Improve Standards of Conduct, the Hawaii State Ethics Commission, and Holomua Collaborative.

Your Committee finds that many of the county ethics boards or commissions lack the necessary resources to adequately meet their constitutionally mandated obligations and that limited or no staffing prevents these county ethics boards or commissions from sufficiently investigating complaints, providing advice to current county employees, or offering trainings on how to follow the pertinent code of ethics.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 11 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1961 Judiciary & Hawaiian Affairs on H.R. No. 75

The purpose of this measure is to encourage the facilitation of a path to citizenship for immigrants from parties to the Compacts of Free Association

Your Committee received testimony in support from the Hawaii Civil Rights Commission.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 75 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1962 Judiciary & Hawaiian Affairs on H.C.R. No. 74

The purpose of this measure is to encourage the facilitation of a path to citizenship for immigrants from parties to the Compacts of Free Association.

Your Committee received testimony in support from the Hawaii Civil Rights Commission and one individual.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 74 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1963 Judiciary & Hawaiian Affairs on H.R. No. 94

The purpose of this measure is to request the Office of Elections to prepare and submit a proposal to the Legislature on the cost and personnel required to prepare and distribute a voter information guide.

Your Committee received testimony in opposition from one individual.

Your Committee finds that one of the recommendations made by the Commission to Improve Standards of Conduct was to require the Office of Elections to prepare a voter information guide that includes candidate statements and statements on ballot questions and concurs with their recommendation.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 94 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1964 Judiciary & Hawaiian Affairs on H.C.R. No. 87

The purpose of this measure is to request the Office of Elections to prepare and submit a proposal to the Legislature on the cost and personnel required to prepare and distribute a voter information guide.

Your Committee received testimony with comments from the Office of Elections.

Your Committee finds that one of the recommendations made by the Commission to Improve Standards of Conduct was to require the Office of Elections to prepare a voter information guide that includes candidate statements and statements on ballot questions and concurs with their recommendation.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 87 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1965 Judiciary & Hawaiian Affairs on H.R. No. 95

The purpose of this measure is requesting the Judiciary to prepare a master development plan, including a capital improvement project request, to upgrade the South Kohala District Court.

Your Committee received testimony in support of this measure from the Hawaii State Judiciary, the Hawaii State Bar Association, and the Hawaii County Bar Association.

Your Committee finds that the serious lack of judiciary facilities in South Kohala can only be remedied by an objective evaluation of the demand for these facilities and a determination of how these needs can be met and that this evaluation and analysis would provide the necessary information to prepare a master development plan to upgrade the South Kohala District Court complex.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 95 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1966 Judiciary & Hawaiian Affairs on H.C.R. No. 88

The purpose of this measure is requesting the Judiciary to prepare a master development plan, including a capital improvement project request, to upgrade the South Kohala District Court.

Your Committee received testimony in support of this measure from the Hawaii State Judiciary, the Hawaii State Bar Association, and the Hawaii County Bar Association.

Your Committee finds that the serious lack of judiciary facilities in South Kohala can only be remedied by an objective evaluation of the demand for these facilities and a determination of how these needs can be met and that this evaluation and analysis would provide the necessary information to prepare a master development plan to upgrade the South Kohala District Court complex.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 88 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1967 Judiciary & Hawaiian Affairs on H.R. No. 126

The purpose of this measure is to request the Department of Hawaiian Home Lands to identify resources needed to execute a plan to repair homes for safe habitation.

Your Committee received testimony on this measure with comments from the Department of Hawaiian Home Lands. Your Committee received testimony in support from one individual.

Your Committee finds that properties in already-developed communities may be unoccupied for various reasons, including a pending transfer or the inability of lessees to afford to maintain the home, thereby rendering the home unlivable or unsafe. Unoccupied properties, if repaired, have the potential to house the existing lessees or new lessees of the Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 126 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ganaden). Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1968 Judiciary & Hawaiian Affairs on H.C.R. No. 125

The purpose of this measure is to request the Department of Hawaiian Home Lands to identify resources needed to execute a plan to repair homes for safe habitation.

Your Committee received testimony on this measure with comments from the Department of Hawaiian Home Lands. Your Committee received testimony in support from one individual.

Your Committee finds that properties in already-developed communities may be unoccupied for various reasons, including a pending transfer or the inability of lessees to afford to maintain the home, thereby rendering the home unlivable or unsafe. Unoccupied properties, if repaired, have the potential to house the existing lessees or new lessees of the Department of Hawaiian Home Lands.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 125 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ganaden). Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1969 Judiciary & Hawaiian Affairs on H.R. No. 150

The purpose of this measure is to request the Department of the Attorney General to investigate, review, and pursue all applicable civil claims and criminal charges against the owner and commercial operator of the yacht "Nakoa".

Your Committee received testimony on this measure with comments from the Department of Land and Natural Resources. Your Committee received testimony in support from two Councilmembers of the Maui County Council, the Save Honolua Coalition, and from twenty-six individuals.

Your Committee finds that the preservation of access to Honolua Bay and protection of the greater Honolua-Mokuleia Bay Marine Life Conservation District require timely and consistent enforcement of all applicable state laws and administrative rules governing the use of these areas.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 150 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ganaden, Souza). Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1970 Judiciary & Hawaiian Affairs on H.C.R. No. 148

The purpose of this measure is to request the Department of the Attorney General to investigate, review, and pursue all applicable civil claims and criminal charges against the owner and commercial operator of the yacht "Nakoa".

Your Committee received testimony on this measure with comments from the Department of Land and Natural Resources. Your Committee received testimony in support from two Councilmembers of the Maui County Council, the Save Honolua Coalition, and from twenty-six individuals.

Your Committee finds that the preservation of access to Honolua Bay and protection of the greater Honolua-Mokuleia Bay Marine Life Conservation District require timely and consistent enforcement of all applicable state laws and administrative rules governing the use of these areas.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 148 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7; Ayes with Reservations (Ganaden, Souza). Noes, none. Excused, 3 (Holt, Ichiyama, Kong).

SCRep. 1971 Finance on S.B. No. 303

The purpose of this measure is to appropriate operating and capital improvement grants for fiscal year 2023-2024.

Your Committee received testimony in support of this measure from the Epilepsy Foundation; Catholic Charities Hawai'i; Hawaii Primary Care Association of Hawai'i; Parents and Children Together; Boy Scouts of America, Aloha Council; National Guard Conference Corporation of Hawaii; and one individual. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

Your Committee recognizes the great need in the State for services provided by non-governmental groups and nonprofit agencies. This measure provides grants-in-aid to help assist these organizations in better serving the community.

Your Committee has amended this measure by:

- (1) Inserting boilerplate tables to identify specific grant recipients as provided by the Department of Budget and Finance;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 303, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 303, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1972 Finance on S.B. No. 1314

The purpose of this measure is to exclude Medicare Part B premium reimbursement by the State and counties for the spouses of retired employees hired after June 30, 2023.

Your Committee received testimony in support of this measure from the Department of Budget and Finance. Your Committee received testimony in opposition to this measure from the State of Hawaii Organization of Police Officers and one individual. Your Committee received comments on this measure from the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the State and counties reimburse retirees and their spouses for Medicare Part B premiums, including spouses of retirees hired after June 30, 2001. The Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees estimates that eliminating Medicare Part B premium reimbursements for spouses of employees hired on or after July 1, 2023, will reduce the State's future annual required contributions by \$1,200,000,000 over a thirty-year period. Retirees, vested employees, terminated employees, and current employees hired prior to July 1, 2023, will not be impacted by this measure.

Your Committee has amended this measure by changing the effective date to July 1, 2023.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1314, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1314, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Ward).

SCRep. 1973 Finance on S.B. No. 1315

The purpose of this measure is to eliminate the reimbursements for income-related monthly adjustment amounts for new hires on or after July 1, 2023, and their spouses.

Your Committee received testimony in support of this measure from the Department of Budget and Finance. Your Committee received testimony in opposition to this measure from the State of Hawaii Organization of Police Officers. Your Committee received comments on this measure from the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

Your Committee finds that the State and counties reimburse retirees and their spouses for Medicare Part B premiums, including income-related monthly adjustment amounts. An income-related monthly adjustment amount is added to the monthly Medicare Part B standard premium amount if the retiree's annual federal tax return income two years prior was over a certain threshold. The income-related monthly adjustment amount is assessed on retirees with 2020 federal tax return modified adjusted gross income of greater than \$91,000 and \$182,000 for single and joint filers, respectively, with the threshold adjusted annually.

Your Committee further finds that the State's approximate annual Medicare Part B premium reimbursement is \$98,000,000, of which approximately \$8,500,000 is the income-related monthly adjustment amount. The Hawaii Employer-Union Health Benefits Trust Fund estimates elimination of reimbursement of the income-related monthly adjustment amount for new hires on or after July 1, 2023, and their spouses, will reduce future state annual required contributions by \$400,000,000 over a thirty-year period.

Your Committee has amended this measure by changing the effective date to July 1, 2023.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1315, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1315, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1974 Finance on S.B. No. 1373

The purpose of this measure is to clarify the allowable revenues to be deposited into the Executive Office on Aging Administrative Claiming Special Fund and the uses for which the special fund may be expended.

Your Committee received testimony in support of this measure from the Executive Office on Aging.

Your Committee finds that programs within the Executive Office on Aging are eligible to receive Medicaid administrative claiming funds. However, the existing statutory language and framework are narrow and unintentionally restrict the use of funds. This measure allows for monies within the Executive Office on Aging Administrative Claiming Special Fund to be used for programs within the Executive Office on Aging, thereby allowing the Office to provide broader services to more clients.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1373, S.D. 1, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 1373, S.D. 1, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1975 Judiciary & Hawaiian Affairs on H.R. No. 73

The purpose of this measure is to urge the Office of Youth Services and Family Court of the First Judicial Circuit to collaborate in identifying processes, procedures, and strategies for partnering with community organizations to maximize rehabilitation and minimize recidivism for juvenile offenders.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs and Hawaii Youth Services. Your Committee received testimony with comments from the Department of Human Services and the Office of Youth Services.

Your Committee finds that studies have shown that youth who are connected to their culture and community are more successful and less likely to become involved in the juvenile justice system and that partnerships with community organizations may be an appropriate practice for the family court to be more culturally responsive to maximize rehabilitation and reduce recidivism.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 73, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Kong, Mizuno).

SCRep. 1976 Judiciary & Hawaiian Affairs on H.C.R. No. 72

The purpose of this measure is to urge the Office of Youth Services and Family Court of the First Judicial Circuit to collaborate in identifying processes, procedures, and strategies for partnering with community organizations to maximize rehabilitation and minimize recidivism for juvenile offenders.

Your Committee received testimony in support of this measure from the Hawaii State Judiciary, Office of Hawaiian Affairs, Hawaii Your Services Network, Debt Free Justice, Adult Friends for Youth, Opportunity Youth Action Hawaii, and two individuals. Your Committee received testimony with comments from the Department of Human Services and the Office of Youth Services.

Your Committee finds that studies have shown that youth who are connected to their culture and community are more successful and less likely to become involved in the juvenile justice system and that partnerships with community organizations may be an appropriate practice for the family court to be more culturally responsive to maximize rehabilitation and reduce recidivism.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 72, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Kong, Mizuno).

SCRep. 1977 Judiciary & Hawaiian Affairs on H.R. No. 114

The purpose of this measure is to urge for the establishment of a Native Hawaiian Intellectual Property Working Group to discuss policies and legislation with respect to Native Hawaiian Intellectual Property.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, the Department of Business, Economic Development and Tourism (DBEDT), Kahuli Leo Le'a, Maui Council of the Association of Hawaiian Civic Clubs, Hydroponics Alternatives LLC, and fifteen individuals.

Your Committee finds that the laws of the State recognize the traditional customary rights of Native Hawaiians but do not expressly recognize and protect the collective intellectual property rights of the Native Hawaiian peoples, thus necessitating the establishment of a Native Hawaiian Intellectual Property Working Group.

Your Committee has amended this measure by:

- (1) Incorporating the suggested amendment of numerous testifiers to add following items beginning on page 2, line 31:
 - (A) WHEREAS, on October 3-5, 2003, the Paoakalani Declaration was compiled at the Native Hawaiian Intellectual Property Rights Conference to express Native Hawaiians' "collective right of self-determination to perpetuate our culture under threat of theft and commercialization of the traditional knowledge of Kanaka Maoli, our wahi pana and nā mea Hawai'i."
 - (B) WHEREAS, on August 21-22, 2021, the international coalition of kumu hula, Huamakahikina, convened to form and ratify the Huamakahikina Declaration on the Integrity, Stewardship, and Protection of Hula which states "There is insufficient protection for Kanaka Maoli culture and knowledge maintained, and embodied by, Hula. This includes infringement of the intellectual property rights to which Kumu Hula are entitled with respect to the Hula resources they steward and create."
- (2) Incorporating the suggested amendment of numerous testifiers to add the following item beginning on page 3, line 29:
 - (A) BE IT FURTHER RESOLVED, that the members of the Native Hawaiian Intellectual Property Working Group and the named organizations and entities will have the authority to include additional Native Hawaiian organizations and entities through consensus at their discretion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 114, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 114, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Kong, Mizuno).

SCRep. 1978 Judiciary & Hawaiian Affairs on H.C.R. No. 108

The purpose of this measure is to urge for the establishment of a Native Hawaiian Intellectual Property Working Group to discuss policies and legislation with respect to Native Hawaiian Intellectual Property.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, the Department of Business, Economic Development and Tourism (DBEDT), Kahuli Leo Le'a, Maui Council of the Association of Hawaiian Civic Clubs, Hydroponics Alternatives LLC, and fifteen individuals.

Your Committee finds that the laws of the State recognize the traditional customary rights of Native Hawaiians but do not expressly recognize and protect the collective intellectual property rights of the Native Hawaiian peoples, thus necessitating the establishment of a Native Hawaiian Intellectual Property Working Group.

Your Committee has amended this measure by:

- (1) Incorporating the suggested amendment of numerous testifiers to add following items beginning on page 2, line 32:
 - (A) WHEREAS, on October 3-5, 2003, the Paoakalani Declaration was compiled at the Native Hawaiian Intellectual Property Rights Conference to express Native Hawaiians' "collective right of self-determination to perpetuate our culture under threat of theft and commercialization of the traditional knowledge of Kanaka Maoli, our wahi pana and nā mea Hawai'i."
 - (B) WHEREAS, on August 21-22, 2021, the international coalition of kumu hula, Huamakahikina, convened to form and ratify the Huamakahikina Declaration on the Integrity, Stewardship, and Protection of Hula which states "There is insufficient protection for Kanaka Maoli culture and knowledge maintained, and embodied by, Hula. This includes infringement of the intellectual property rights to which Kumu Hula are entitled with respect to the Hula resources they steward and create."
- (2) Incorporating the suggested amendment of numerous testifiers to add the following item beginning on page 3, line 30:

(A) BE IT FURTHER RESOLVED, that the members of the Native Hawaiian Intellectual Property Working Group and the named organizations and entities will have the authority to include additional Native Hawaiian organizations and entities through consensus at their discretion.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 108, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 108, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Kong, Mizuno).

SCRep. 1979 Judiciary & Hawaiian Affairs on H.R. No. 204

The purpose of this measure is to urge the President of the United States to publish the Equal Rights Amendment as the Twenty-eighth Amendment to the Constitution of the United States.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that the Equal Rights Amendment now meets the strict requirements of Article V of the Constitution of the United States and should be added as the Twenty-eighth Amendment.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 204 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Kong, Mizuno).

SCRep. 1980 Judiciary & Hawaiian Affairs on H.C.R. No. 200

The purpose of this measure is to urge the President of the United States to publish the Equal Rights Amendment as the Twenty-eighth Amendment to the Constitution of the United States.

Your Committee received testimony in support of this measure from three individuals.

Your Committee finds that the Equal Rights Amendment now meets the strict requirements of Article V of the Constitution of the United States and should be added as the Twenty-eighth Amendment.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 200 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Ilagan, Kong, Mizuno).

SCRep. 1981 Finance on H.R. No. 31

The purpose of this measure is to request that the Department of Taxation create a simplified N-11 form for use by individuals without taxable income that is subject to state income tax.

Your Committee received comments on this measure from the Department of Taxation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 31 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1982 Finance on H.C.R. No. 30

The purpose of this measure is to request that the Department of Taxation create a simplified N-11 form for use by individuals without taxable income that is subject to state income tax.

Your Committee received comments on this measure from the Department of Taxation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 30 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1983 Finance on H.R. No. 27

The purpose of this measure is to request the Auditor to conduct a performance audit of the operations and management of the Department of Land and Natural Resources' Division of Boating and Ocean Recreation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 27 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1984 Finance on H.C.R. No. 25

The purpose of this measure is to request the Auditor to conduct a performance audit of the operations and management of the Department of Land and Natural Resources' Division of Boating and Ocean Recreation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 25 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1985 Finance on H.R. No. 30

The purpose of this measure is to request the Department of Commerce and Consumer Affairs to study potential solutions and make recommendations for a long-term management plan for Sunset Memorial Park.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 30, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1986 Finance on H.C.R. No. 29

The purpose of this measure to request the Department of Commerce and Consumer Affairs to study potential solutions and make recommendations for a long-term management plan for Sunset Memorial Park.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 29, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1987 Finance on H.R. No. 35

The purpose of this measure is to request the Executive Office of Aging to conduct a study on the adequacy of elder care on Molokai and Lanai, and in East Maui.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 35, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1988 Finance on H.C.R. No. 34

The purpose of this measure is to request the Executive Office of Aging to conduct a study on the adequacy of elder care on Molokai and Lanai, and in East Maui.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 34, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1989 Finance on H.R. No. 41

The purpose of this measure is to request the Comptroller, in consultation with other state officials, to submit a report on the process and procedures for the transfer of funds to the Works of Art Special Fund.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 41, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1990 Finance on H.C.R. No. 37

The purpose of this measure is to request the Comptroller, in consultation with other state officials, to submit a report on the process and procedures for the transfer of funds to the Works of Art Special Fund.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 37, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1991 Finance on H.C.R. No. 96

The purpose of this measure is to request the Auditor to assess the social and financial effects of mandatory health insurance coverage for fertility preservation procedures for certain persons who have been diagnosed with cancer and whose cancer or cancer treatment may adversely affect their fertility.

Your Committee received testimony in support of this measure from Hawaii Society of Clinical Oncology, American Cancer Society, and Stonewall Caucus of the Democratic Party of Hawai'i. Your Committee received comments on this measure from Hawaii Medical Service Association.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 96 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 1992 Finance on H.C.R. No. 115

The purpose of this measure is to authorize the issuance of a term, non-exclusive easement covering a portion of State submerged lands at Kaneohe, Koolaupoko, Oahu, for the existing boat ramp and concrete wall, and for use, repair, and maintenance of the existing improvements constructed thereon.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 115, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1993 Finance on H.R. No. 110

The purpose of this measure is to request the Department of Land and Natural Resources and City and County of Honolulu to independently identify the roads, monuments, landmarks, and public parks within their respective jurisdictions that use the name "Diamond Head" and identify the process for renaming these roads, monuments, landmarks, and public parks from "Diamond Head" to "Lē'ahi".

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 110, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1994 Finance on H.C.R. No. 104

The purpose of this measure is to request the Department of Land and Natural Resources and City and County of Honolulu to independently identify the roads, monuments, landmarks, and public parks within their respective jurisdictions that use the name "Diamond Head" and identify the process for renaming these roads, monuments, landmarks, and public parks from "Diamond Head" to "Lē'ahi".

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 104, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1995 Finance on H.R. No. 113

The purpose of this measure is to urge the City and County of Honolulu to exempt from real property tax those property owners of residential units within one-half mile of an active municipal solid waste landfill or construction and demolition landfill or deemed to have been impacted by an active landfill to a degree that warrants such an exemption.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 113, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1996 Finance on H.C.R. No. 107

The purpose of this measure is to urge the City and County of Honolulu to exempt from real property tax those property owners of residential units within one-half mile of an active municipal solid waste landfill or construction and demolition landfill or deemed to have been impacted by an active landfill to a degree that warrants such an exemption.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 107, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1997 Finance on H.R. No. 115

The purpose of this measure is to request the Department of Health's solid waste section, subject to the availability of funding, to investigate strategies for improved waste diversion by working with the Counties to address each County's unique needs according to its geography, population, and industry make-up.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 115, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1998 Finance on H.C.R. No. 109

The purpose of this measure is to request the Department of Health's Solid Waste Section, subject to the availability of funding, to investigate strategies for improved waste diversion by working with the Counties to address each County's unique needs according to its geography, population, and industry make-up.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 109, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 1999 Finance on H.R. No. 118

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage for various sexual and reproductive health care services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 118, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2000 Finance on H.C.R. No. 112

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage for various sexual and reproductive health care services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 112, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2001 Finance on H.R. No. 107

The purpose of this measure is to request the Legislative Reference Bureau to conduct an analysis regarding the scope of practice for Advanced Practice Registered Nurses and Physician Assistants.

Your Committee has amended this measure by specifying a request for the analysis to include a comparative study of how Hawaii differs from other states regarding the scope of practice for advance practice registered nurses and physician assistants.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 107, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 107, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Alcos, Ward). Noes, none. Excused, none.

SCRep. 2002 Finance on H.C.R. No. 100

The purpose of this measure is to request the Legislative Reference Bureau to conduct an analysis regarding the scope of practice for Advanced Practice Registered Nurses and Physician Assistants.

Your Committee has amended this measure by specifying a request for the analysis to include a comparative study of how Hawaii differs from other states regarding the scope of practice for advance practice registered nurses and physician assistants.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 100, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 100, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Alcos, Ward). Noes, none. Excused, none.

SCRep. 2003 Finance on H.R. No. 44

The purpose of this measure is to request that the Hawaii Emergency Management Agency establish a two-year task force to address key findings validated by the 2022 Resiliency Assessment Report of the Hawaii Maritime Transportation Regional Resiliency Assessment Program Project and plan resiliency enhancements.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 44 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2004 Finance on H.C.R. No. 40

The purpose of this measure is to request that the Hawaii Emergency Management Agency establish a two-year task force to address key findings validated by the 2022 Resiliency Assessment Report of the Hawaii Maritime Transportation Regional Resiliency Assessment Program Project and plan resiliency enhancements.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 40 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2005 Finance on H.R. No. 60

The purpose of this measure is to request the Department of Labor and Industrial Relations to complete a comparative study of its policies on youth employment and federal requirements for youth employment under the Fair Labor Standards Act.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 60 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2006 Finance on H.C.R. No. 58

The purpose of this measure is to request the Department of Labor and Industrial Relations to complete a comparative study of its policies on youth employment and federal requirements for youth employment under the Fair Labor Standards Act.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 58 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2007 Finance on H.R. No. 65

The purpose of this measure is to request the Legislative Reference Bureau to research the laws, ordinances, and rules prohibiting conduct on or near school grounds, or for the general protection of children attending school, and to distribute a summary of those laws to State and County buildings for public display.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 65, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2008 Finance on H.C.R. No. 63

The purpose of this measure is to request the Legislative Reference Bureau to research the laws, ordinances, and rules prohibiting conduct on or near school grounds, or for the general protection of children attending school, and to distribute a summary of those laws to State and County buildings for public display.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 63, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2009 Finance on H.R. No. 87

The purpose of this measure is to request the Department of Labor and Industrial Relations to provide and produce updated actuarial studies regarding the lifespan probabilities of surviving dependent beneficiaries for the purpose of applying Hawaii's Workers' Compensation Law.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 87 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2010 Finance on H.C.R. No. 82

The purpose of this measure is to request the Department of Labor and Industrial Relations to provide and produce updated actuarial studies regarding the lifespan probabilities of surviving dependent beneficiaries for the purpose of applying Hawaii's Workers' Compensation Law.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 82 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2011 Finance on H.R. No. 121

The purpose of this measure is to urge the Committee on Weights to recommend, and the Board of Education to adopt, a weighted student formula that gives greater consideration to small and remote schools.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 121, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2012 Finance on H.C.R. No. 116

The purpose of this measure is to urge the Committee on Weights to recommend, and the Board of Education to adopt, a weighted student formula that gives greater consideration to small and remote schools.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 116, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2013 Finance on H.R. No. 134

The purpose of this measure is to urge the Department of Transportation to conduct a study to establish safe routes to school.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 134, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2014 Finance on H.C.R. No. 133

The purpose of this measure is to urge the Department of Transportation to conduct a study to establish safe routes to school.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 133, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2015 Finance on H.R. No. 143

The purpose of this measure is to urge the University of Hawaii to convene a working group to create a plan for the establishment of a Maritime College and to establish a Maritime College.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 143, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2016 Finance on H.C.R. No. 141

The purpose of this measure is to urge the University of Hawaii to convene a working group to create a plan for the establishment of a Maritime College and to establish a Maritime College.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 141, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2017 Finance on H.R. No. 144

The purpose of this measure is to request the University of Hawaii at Manoa, College of Tropical Agriculture and Human Resources, to convene a working group to evaluate updating its extension sites.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 144, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2018 Finance on H.C.R. No. 142

The purpose of this measure is to request the University of Hawaii at Manoa, College of Tropical Agriculture and Human Resources, to convene a working group to evaluate updating its extension sites.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 142, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2019 Finance on H.R. No. 154

The purpose of this measure is to request the Department of Hawaiian Home Lands to conduct a study that evaluates possible methods of flood remediation and flood aversion for certain areas of the island of Molokai.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 154, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2020 Finance on H.C.R. No. 153

The purpose of this measure is to request the Department of Hawaiian Home Lands to conduct a study that evaluates possible methods of flood remediation and flood aversion for certain areas of the island of Molokai.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 153, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2021 Finance on H.R. No. 159

The purpose of this measure is to request the Board of Education, in partnership with the Department of Education, to produce a report on increasing access to tutoring services within and outside of Hawaii's K-12 public schools.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 159, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2022 Finance on H.C.R. No. 158

The purpose of this measure is to request the Board of Education, in partnership with the Department of Education, to produce a report on increasing access to tutoring services within and outside of Hawaii's K-12 public schools.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 158, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2023 Finance on H.R. No. 173

The purpose of this measure is to request the Department of Human Services to perform a study to determine if the government as a whole is adequately allocating funding for each region of Oahu for homeless services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 173, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2024 Finance on H.C.R. No. 168

The purpose of this measure is to request the Department of Human Services to perform a study to determine if the government as a whole is adequately allocating funding for each region of Oahu for homeless services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 168, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2025 Finance on H.R. No. 175

The purpose of this measure is to urge the Board of Land and Natural Resources to establish a task force to prepare a feasibility plan for the transition of the management of the Makua Military Reservation to the State from the United States Army upon the expiration of General Lease Number S-3848.

Your Committee has amended this measure by:

Changing one member of the Legislature to one member from the House of Representatives appointed by the Speaker of the House, and one member of The Senate appointed by the Senate President, to give the task force equal representation from both chambers.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 175, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 175, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2026 Finance on H.C.R. No. 170

The purpose of this measure is to urge the Board of Land and Natural Resources to establish a task force to prepare a feasibility plan for the transition of the management of the Makua Military Reservation to the State from the United States Army upon the expiration of General Lease Number S-3848.

Your Committee has amended this measure by:

Changing one member of the Legislature to one member from the House of Representatives appointed by the Speaker of the House, and one member of The Senate appointed by the Senate President, to give the task force equal representation from both chambers.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 170, H.D. 1, as amended herein, and recommends its adoption in the form attached hereto as H.C.R. No. 170, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2027 Finance on H.R. No. 179

The purpose of this measure is to urge the State of Hawaii, City and County of Honolulu, federal entities, and private land owners to work together to immediately open the section of the Waianae Coast Emergency Access Road extending Paakea Road out to Lualualei Naval Road for public use on a permanent basis.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 179 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2028 Finance on H.C.R. No. 174

The purpose of this measure is to urge the State of Hawaii, City and County of Honolulu, federal entities, and private land owners to work together to immediately open the section of the Waianae Coast Emergency Access Road extending Paakea Road out to Lualualei Naval Road for public use on a permanent basis.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 174 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2029 Finance on H.R. No. 132

The purpose of this measure is to request the Department of Agriculture to conduct a study to recommend appropriate labeling requirements for Hawaii-grown tea.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 132, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2030 Finance on H.C.R. No. 131

The purpose of this measure is to request the Department of Agriculture to conduct a study to recommend appropriate labeling requirements for Hawai'i-grown tea.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 131, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2031 Finance on H.R. No. 191

The purpose of this measure is to request the Disability and Communication Access Board to establish an American Sign Language Interpreter Workforce Working Group to promote increasing the number of American Sign Language interpreters in the State.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 191, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2032 Finance on H.C.R. No. 186

The purpose of this measure is to request the Disability and Communication Access Board to establish an American Sign Language Interpreter Workforce working group to promote increasing the number of American Sign Language interpreters in the State.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 186, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2033 Finance on H.R. No. 192

The purpose of this measure is to urge the Hawaii Emergency Management Agency to include in all live and recorded emergency alert system video broadcasts, an on-screen interpreter disseminating the emergency information in American Sign Language at all times, including during graphic presentations.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 192 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2034 Finance on H.C.R. No. 187

The purpose of this measure is to urge the Hawaii Emergency Management Agency to include in all live and recorded emergency alert system video broadcasts, an on-screen interpreter disseminating the emergency information in American Sign Language at all times, including during graphic presentations.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 187 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2035 Finance on H.R. No. 198

The purpose of this measure is to urge the Governor and state departments to investigate opportunities provided by the Direct Pay Provision in the Inflation Reduction Act that allows for direct payment of clean energy incentives to state government entities for the cost of installing solar energy systems in state facilities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 198 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2036 Finance on H.C.R. No. 193

The purpose of this measure is to urge the Governor and state departments to investigate opportunities provided by the Direct Pay Provision in the Inflation Reduction Act that allows for direct payment of clean energy incentives to state government entities for the cost of installing solar energy systems in state facilities.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 193 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2037 Finance on H.R. No. 207

The purpose of this measure is to request the Department of Human Services' Med-Quest Division to take steps necessary to ensure that adequate provider rates are established for applied behavior analysis services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 207 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2038 Finance on H.C.R. No. 203

The purpose of this measure is to request the Department of Human Services' Med-Quest Division to take steps necessary to ensure that adequate provider rates are established for applied behavior analysis services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 203 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2039 Finance on H.R. No. 211

The purpose of this measure is to request the Department of Health to convene an Early Lung Cancer Screening Working Group to continue the efforts of the Early Lung Cancer Screening Task Force established pursuant to Act 162, Session Laws of Hawaii 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 211 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2040 Finance on H.C.R. No. 207

The purpose of this measure is to request the Department of Health to convene an Early Lung Cancer Screening Working Group to continue the efforts of the Early Lung Cancer Screening Task Force established pursuant to Act 162, Session Laws of Hawaii 2022.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 207 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2041 Finance on H.R. No. 182

The purpose of this measure is to urge the University of Hawaii Community Colleges to establish baccalaureate degree programs in agricultural technology, food science, and education at Leeward Community College.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 182, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2042 Finance on H.C.R. No. 177

The purpose of this measure is to urge the University of Hawaii Community Colleges to establish baccalaureate degree programs in agricultural technology, food science, and education at Leeward Community College.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 177, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2043 Finance on H.R. No. 183

The purpose of this measure is to request a feasibility study on redeveloping lands situated at TMK (1) 2-8-015:001 into workforce housing and other affiliated uses.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 183, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2044 Finance on H.C.R. No. 178

The purpose of this measure is to request a feasibility study on redeveloping lands situated at TMK (1) 2-8-015:001 into workforce housing and other affiliated uses.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 178, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2045 Finance on H.R. No. 184

The purpose of this measure is to reaffirm the commitment to increase the State's affordable housing stock by not allocating special purpose revenue bonds and discouraging the use of special purpose revenue bonds.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 184 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2046 Finance on H.C.R. No. 179

The purpose of this measure is to reaffirm the commitment to increase the State's affordable housing stock by not allocating special purpose revenue bonds and discouraging the use of special purpose revenue bonds.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 179 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2047 Finance on H.R. No. 185

The purpose of this measure is to request the Board of Education to report on ways to increase access to extended learning opportunities or course credits for non-traditional and external learning experiences.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 185 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2048 Finance on H.C.R. No. 180

The purpose of this measure is to request the Board of Education to report on ways to increase access to extended learning opportunities or course credits for non-traditional and external learning experiences.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 180 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2049 Finance on H.R. No. 186

The purpose of this measure is to request the Department of Health to conduct a social and financial assessment of proposed mandatory health insurance coverage for weight management medication.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 186 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2050 Finance on H.C.R. No. 181

The purpose of this measure is to request the Department of Health to conduct a social and financial assessment of proposed mandatory health insurance coverage for weight management medication.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.C.R. No. 181 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2051 Consumer Protection & Commerce on S.B. No. 602

The purpose of this measure is to:

- (1) Require pharmacists to obtain a permit and complete appropriate training to order or perform the collection of specimens for certain diagnostic-related tests and tests waived pursuant to the federal Clinical Laboratory Improvement Amendments of 1988; and
- (2) Amend the scope of practice of pharmacy to authorize pharmacists to order or perform the collection of specimens for such tests described in paragraph (1).

Your Committee received testimony in support of this measure from the University of Hawai'i at Hilo, Board of Pharmacy, Walgreen Co., CVS Health, Hawai'i Pharmacists Association, and seven individuals. Your Committee received testimony in opposition to this measure from the Hawaii Medical Association and Clinical Laboratories of Hawaii. Your Committee received comments on this measure from the Department of Health.

Your Committee finds that, as a result of the COVID-19 pandemic, the federal Public Readiness and Emergency Preparedness Act (PREP Act) granted pharmacists the independent authority to order and collect Clinical Laboratory Improvement Amendments (CLIA) waived tests, such as PCR tests for COVID-19 testing. Pharmacists have been performing these tests pursuant to the PREP Act and, as a result, have the skill, experience, and training to perform these tests. However, the authorization granted by the PREP Act is set to expire in 2024.

Your Committee further finds that CLIA-waived tests are simple, easy to use tests that are non-technical in nature and are meant to be performed by lay persons in a non-clinical setting. CLIA-waived tests pose little to no risk to patients experiencing adverse health effects from these tests and they can easily be performed at home or in a pharmacy setting. This measure ensures that pharmacists in the State continue to be empowered to perform CLIA-waived tests.

Your Committee has amended this measure by:

- (1) Deleting the authority for pharmacists to perform certain diagnostic-related tests;
- (2) Explicitly specifying the CLIA-waived tests for which pharmacists may order, perform, and report the results;
- (3) Requiring pharmacists to report test results to an adult patient's primary care physician or a minor patient's pediatrician;
- (4) Requiring pharmacists to follow all applicable state laws and rules regarding the reporting of communicable diseases;

- (5) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 602, S.D. 2, as amended herein, and recommends that it pass Second Reading in the form attached hereto as S.B. No. 602, S.D. 2, H.D. 1, and be placed on the calendar for Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Hashem, Hussey-Burdick, Gates, Lowen).

SCRep. 2052 Finance on S.B. No. 211

The purpose of this measure is to ensure that employment, work, and pay eligibility for the purpose of calculating retirement benefits includes retroactive reinstatement, retroactive rescission of suspension, and retroactive payments that are restored to an employee as part of a judicial, administrative, or arbitral proceeding, or pursuant to a settlement of claims.

Your Committee received testimony in support of this measure from the Hawaii Fire Fighters' Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; Hawaii State Teachers Association; State of Hawaii Organization of Police Officers; University of Hawaii Professional Assembly; and United Public Workers, AFSCME Local 646, AFL-CIO. Your Committee received comments on this measure from the Employees' Retirement System Board of Trustees and Department of Human Resources of the City and County of Honolulu.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 211, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2053 Finance on S.B. No. 291

The purpose of this measure is to require the Governor to ensure that the Governor's program memoranda and variance reports accurately reflect the current responsibilities of certain state programs, address the current and future needs of the State, and align with budget-related submittals.

Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 291, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2054 Finance on S.B. No. 299

The purpose of this measure is to:

- (1) Authorize the Legislature, upon the agreement by the Speaker of the House of Representatives and President of the Senate, to specify the form in which the proposed budgets of the Executive Branch, Judicial Branch, and Office of Hawaiian Affairs are submitted to the Legislature; and
- (2) Require the Executive Branch, Judicial Branch, and Office of Hawaiian Affairs to conform no later than December 1, 2023.

Your Committee received comments on this measure from the Department of Budget and Finance.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 299, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2055 Finance on S.B. No. 306

The purpose of this measure is to:

- (1) Require that prior to the adoption, amendment, or repeal of an administrative rule, electronic notice of the proposed rulemaking be provided to all persons who have made a timely written request and provided a valid working email address to the adopting agency for advance notice of its rulemaking proceedings; and
- (2) Require that alterations to administrative rules be displayed in Ramseyer format and the full text of rules be made available in a digitally accessible and searchable format.

Your Committee received comments on this measure from the Office of the Lieutenant Governor.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 306, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2056 Finance on S.B. No. 435

The purpose of this measure is to:

- (1) Order the person or firm found to be in violation of the state law governing wages and hours of employees on public works to be jointly and severally liable for the penalty, with the penalty increasing for repeat violations;
- (2) Require each notice of violation to contain the names of the person and firm;
- (3) Define a "person" for purposes of violations of the state law governing wages and hours of employees on public works, and related penalties and suspension; and
- (4) Require the Director of Labor and Industrial Relations to suspend the person and firm under specified conditions.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations and Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee. Your Committee received testimony in opposition to this measure from the Subcontractors Association of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 435, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2057 Finance on S.B. No. 696

The purpose of this measure is to:

- (1) Authorize the wages of other employees in comparable employment to be considered when computing the average weekly wages of an injured public board member, reserve police officer, police chaplain, reserve public safety law enforcement officer, sheriffs' chaplain, volunteer firefighter, volunteer boating enforcement officer, or volunteer conservation and resources enforcement officer; and
- (2) Clarify the computation of average weekly wages of an injured volunteer firefighter for workers' compensation benefits purposes.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 696, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2058 Finance on S.B. No. 726

The purpose of this measure is to:

- (1) Repeal the administrative assistant position within the Department of Human Resources Development; and
- (2) Reassign the responsibilities for the administrative assistant to the Director of Human Resources Development.

Your Committee received testimony in support of this measure from the Department of Human Resources Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 726, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2059 Finance on S.B. No. 1311

The purpose of this measure is to repeal Act 192, Session Laws of Hawaii 2007, which requires the Employees' Retirement System to divest itself of investments in companies that provide support for genocide in Darfur, Sudan, and provide annual reports to the Legislature on the status of divestment.

Your Committee received testimony in support of this measure from the Employees' Retirement System Board of Trustees.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1311, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2060 Finance on S.B. No. 1313

The purpose of this measure is to enable the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees to establish appropriate salaries for the Administrator and Chief Investment Officer of the Trust Fund.

Your Committee received testimony in support of this measure from the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1313, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2061 Finance on S.B. No. 1383

The purpose of this measure is to establish the Unemployment Insurance Technology Special Fund to be funded by an unemployment technology assessment of an unspecified percentage of taxable wages to support the information technology operating and maintenance expenses for the payment of benefits and contributions under Hawaii's employment security law.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1383, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2062 Finance on S.B. No. 75

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources' State Historic Preservation Division to expedite development of a comprehensive inventory of historic properties and burial sites located in the State, including conducting relevant archaeological surveys necessary to compile the inventory.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Maui Chamber of Commerce, and three individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 75, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2063 Finance on S.B. No. 786

The purpose of this measure is to require government entities to seek reimbursement for all or a portion of search or rescue expenses for persons who require rescue after leaving a hiking trail to enter an area closed to the public or hiking on a trail closed to the public, with a sign giving notice of the closure.

Your Committee received testimony in support of this measure from the Hawaii Fire Fighters Association, Local 1463, IAFF, AFL-CIO; and one individual. Your Committee received testimony in opposition to this measure from the Honolulu Police Department and one individual. Your Committee received comments on this measure from the State Fire Council and Maui Fire Department.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 786, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Garrett). Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2064 Finance on S.B. No. 1068

The purpose of this measure is to include in the State's objectives and policies for the physical environment under section 226-11, Hawaii Revised Statutes, of the Hawaii State Planning Act:

- (1) The promotion of statewide beach assessments and beach and shoreline adaptation, restoration, and conservation; and
- (2) The pursuit of compatible relationships among activities, facilities, Native Hawaiian traditional practices mauka and makai, and natural resources.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, University of Hawai'i Sea Grant College Program and Climate Resilience Collaborative, Wild Kids, and one individual. Your Committee received comments on this measure from the Office of Hawaiian Affairs and Office of Planning and Sustainable Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1068, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2065 Finance on S.B. No. 1291

The purpose of this measure is to require the Office of Planning and Sustainable Development, in consultation with state agencies having operational responsibilities over facilities owned and managed by the State, to develop a standardized process for assessing the vulnerability of facilities owned and managed by the State to sea level rise in order to ensure that sea level rise planning and adaptation implementation is carried out in a consistent and comprehensive manner across state agencies' capital planning projects.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources; Department Of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; University of Hawai'i Sea Grant College Program and Climate Resilience Collaborative; Surfrider Foundation, Hawai'i Region; Environmental Caucus of the Democratic Party of Hawai'i; Hawaii Reef and Ocean Coalition; Climate Protectors Hawaii; Wild Kids; Hawaii's Thousand Friends; and four individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1291, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2066 Finance on S.B. No. 1391

The purpose of this measure is to authorize the Board of Land and Natural Resources to place a lien on property for noncompliance with administrative enforcement actions for encroachments upon public lands.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Surfrider Foundation, Hawai'i Region.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1391, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2067 Finance on S.B. No. 422

The purpose of this measure is to make a housekeeping amendment to section 341-6, Hawaii Revised Statutes, to delete a reference to a repealed section.

Your Committee received testimony in support of this measure from the State Environmental Advisory Council and Office of Planning and Sustainable Development. Your Committee received testimony in opposition to this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 422, S.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2068 Finance on S.B. No. 781

The purpose of this measure is to:

- (1) Require government entities in the State that issue building permits to:
 - (A) Implement, by January 1, 2024, SolarAPP+ or a functionally equivalent online automated permitting platform that verifies code compliance and issues permits to licensed contractors for solar distributed energy resource systems in real time; and
 - (B) Adopt self-certification for residential and commercial on-site solar distributed energy resource systems, if the territory is served by an investor-owned electric utility; and
- (2) Exempt work with respect to residential distributed energy resource systems from the professional engineers, architects, surveyors, and landscape architects licensure law.

Your Committee received testimony in support of this measure from the Hawaii Green Infrastructure Authority; School of Ocean and Earth Science and Technology at the University of Hawai'i at Manoa; Kauai Climate Action Coalition; Clean the Pacific; Environmental Caucus of the Democratic Party of Hawai'i; Sierra Club of Hawai'i; Our Revolution Hawaii; Climate Protectors Hawai'i; Ulupono Initiative; Hawaii Unified Industries, LLC; Independent Energy Hawaii; Photonworks Engineering; Elemental Excelerator; Hawai'i Energy; Sunrun; Alternate Energy Hawaii; Hawaii Environmental Change Agents' Decarbonization of Buildings Task Force; Hawaiian Electric; Hawaii Food Industry Association; Malama Solar; 350Hawaii.org; Fortress Power; Hawaii Solar Energy Association; Pacific Resource Partnership; Sunspare Energy LLC; Blue Planet Foundation; Green Power Projects LLC; Solar Services Hawaii LLP; Grand Solar Inc.; Hawai'i Executive Collaborative Climate Coalition; Alexander & Baldwin; Bowers + Kubota; Merriman's; Goldwings Supply Service, Inc.; Zephyr Insurance Company, Inc.; and numerous individuals. Your Committee received testimony in opposition to this measure from the American Institute of Architects, Hawaii State Council; International Brotherhood of Electrical Workers Local Union No. 1186, AFL-CIO; and two individuals. Your Committee received comments on this measure from the Board of Professional Engineers, Architects, Surveyors, and Landscape Architects.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 781, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2069 Finance on S.B. No. 62

The purpose of this measure is to:

- (1) Reestablish the Hawaii Medical Education Special Fund; and
- (2) Appropriate funds to the John A. Burns School of Medicine for:
 - (A) Graduate medical education and training programs;
 - (B) Expansion of medical residency and training; and
 - (C) Medical residency and training opportunities in partnership with the United States Department of Veterans Affairs.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association, 'Ahahui o nā Kauka, Hawai'i Pacific Health, Kaiser Permanente Hawai'i, Hawaii Medical Association, Kūpuna Caucus of the Democratic Party of Hawai'i, Hawaii Medical Service Association, and two individuals. Your Committee received comments on this measure from the Department of Budget and Finance; University of Hawai'i John A. Burns School of Medicine; and Hawai'i Residency Programs, Inc.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 62, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2070 Finance on S.B. No. 164

The purpose of this measure is to appropriate matching funds for the Hawaii State Loan Repayment Program through the John A. Burns School of Medicine of the University of Hawai'i at Manoa to provide loan repayment for health care professionals who commit to work in a federally-designated health professional shortage area in the State.

Your Committee received testimony in support of this measure from the Department of Health, University of Hawai'i John A. Burns School of Medicine, Hawaii Primary Care Association, Hawaii Substance Abuse Coalition, Hawaii Psychological Association, Hawai'i - American Nurses Association, Hawai'i State Center for Nursing, Healthcare Association of Hawaii, Hawai'i Pacific Health, Kaiser Permanente Hawai'i, The Queen's Health System, AlohaCare, Hawaii Medical Association, The Kūpuna Caucus of the Democratic Party of Hawai'i, National Association of Social Workers - Hawai'i Chapter, Hawaii Medical Service Association, Hawaiian Islands Association for Marriage and Family Therapy, National Union of Healthcare Workers, and four individuals. Your Committee received comments on this measure from the Department of Labor and Industrial Relations.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 164, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2071 Finance on S.B. No. 318

The purpose of this measure is to:

- (1) Require the Department of Health to establish and administer a three-year pilot program to implement a co-management system of care for the diagnosis and treatment of persons with fetal alcohol spectrum disorders; and
- (2) Appropriate funds for:
 - (A) The establishment and administration of the pilot program; and
 - (B) An annual public awareness campaign on preventing fetal alcohol spectrum disorder.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Hawaii Substance Abuse Coalition, Hawaii Disability Rights Center, Coalition for a Drug-Free Hawaii, Hawaii Fetal Alcohol Spectrum Disorders (FASD) Action Group, Coalition for a Drug-Free Hawaii, and nine individuals. Your Committee received comments on this measure from the Department of Health and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 318, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2072 Finance on S.B. No. 384

The purpose of this measure is to authorize:

- (1) Each county to adopt ordinances to enforce the design and construction requirements for the provision of accessible parking spaces, including the establishment of penalties for failure to comply with the ordinance; and
- (2) Officials appointed by a county to enter the property of places of public accommodation to enforce violations of the county ordinances.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, State Council on Developmental Disabilities, and Hawaii Disability Rights Center.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 384, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2073 Finance on S.B. No. 693

The purpose of this measure is to require and appropriate funds for the Auditor to conduct a social and financial assessment of proposed reimbursement coverage for care provided by participating registered pharmacists practicing within the scope of their license.

Your Committee received testimony in support of this measure from the University of Hawai'i at Hilo, Board of Pharmacy, Hawai'i Primary Care Association, Walgreen Co., East Hawaii Independent Physicians Association, Community First Hawai'i, Hawai'i Pacific Health, The Family Medicine Center, AlohaCare, and numerous individuals. Your Committee received comments on this measure from the Office of the Auditor, American Pharmacists Association, Hawaii Association of Health Plans, The Queen's Health System, Hawaii Medical Service Association, Hawai'i Pharmacists Association, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 693, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2074 Finance on S.B. No. 1016

The purpose of this measure is to:

- (1) Amend the definition of "private entity" for the purposes of a public-private partnership for the delivery of health care services at Maui Regional System facilities to include licensed community hospitals or licensed hospitals serving a rural population; and
- (2) Beginning January 1, 2024, require the Chief Executive Officer of the Hawaii Health Systems Corporation to provide written comments to the Governor before the State enters into a new agreement with a private entity or modifies or terminates an existing agreement to transfer the right to manage, operate, or otherwise provide health care services at one or more facilities in the Maui Regional System.

Your Committee received comments on this measure from the Hawaii Health Systems Corporation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1016, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2075 Finance on S.B. No. 1594

The purpose of this measure is to:

- (1) Establish an expanded Crisis Intervention and Diversion Activities Program within the Department of Health to expand existing crisis intervention and diversion activities to divert persons in crisis from the criminal justice system to the health care system; and
- (2) Appropriate funds to support crisis intervention efforts.

Your Committee received testimony in support of this measure from the State Council on Mental Health, Hawaii Substance Abuse Coalition, and three individuals. Your Committee received comments on this measure from the Department of Health.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1594, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2076 Finance on S.B. No. 667

The purpose of this measure is to amend, until December 31, 2028, the application of the general excise tax law with regard to gross income derived from unrelated trade or business activities of nonprofit organizations.

Your Committee received testimony in support of this measure from the Hawaiian Humane Society; Kilinahe Foundation; Catholic Charities Hawai'i; Hawai'i State Coalition Against Domestic Violence; Hawaii Substance Abuse Coalition; American Heart Association; Domestic Violence Action Center; Hawai'i Alliance of Nonprofit Organizations; Hale Kipa; American Cancer Society Cancer Action Network; Parents and Children Together; Kua'āina Ulu 'Auamo; The Nature Conservancy - Hawai'i and Palmyra; Grow Some Good; Volcano Art Center; Lanakila Pacific; Ku'ikahi Mediation Center; Zonta Club of Hilo Foundation; Epilepsy Foundation of Hawaii; Big Brothers Big Sisters Hawaii; Epic 'Ohana, Inc.; Partners In Care; Hawai'i Public Health Institute; Samaritan Counseling Center Hawaii; Pacific & Asian Affairs Council; Nā Hale O Maui, a Community Land Trust; Habitat for Humanity Hawaii Island; Child & Family Service; Pacific Whale Foundation; Family Promise of Hawai'i; Association of Fundraising Professionals Aloha Chapter; Coalition for a Drug-Free Hawaii; Hope Services Hawai'i; Ma'i Movement Hawai'i; W.M. Keck Observatory; and six individuals. Your Committee received comments on this measure from the Department of Taxation and Tax Foundation of Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 667, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2077 Finance on S.B. No. 795

The purpose of this measure is to require:

- (1) Productions to provide evidence of reasonable efforts to comply with all applicable requirements to qualify for the Motion Picture, Digital Media, and Film Production Income Tax Credit; and
- (2) Taxpayers be given notice of and an opportunity to cure requirements for the Motion Picture, Digital Media, and Film Production Income Tax Credit within thirty days of receiving the notice.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Honolulu Film Office; and Motion Picture Association. Your Committee received comments on this measure from the Department of Taxation, Tax Foundation of Hawaii, and Island Film Group.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 795, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2078 Finance on S.B. No. 588

The purpose of this measure is to require and appropriate funds for the Department of Transportation, in conjunction with any county having a population greater than five hundred thousand, to develop and implement a pilot program to use noise detection traffic cameras to address excessive traffic noise in urban areas in each participating county.

Your Committee received testimony in support of this measure from one member of the City Council of the City and County of Honolulu, Foster Tower, and numerous individuals. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from the Department of Transportation.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 588, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 2 (Kila, Lamosao). Excused, 2 (Poepoe, Alcos).

SCRep. 2079 Finance on S.B. No. 1588

The purpose of this measure is to appropriate funds to the Department of Agriculture to establish and implement a GroupGAP Food Safety Training and Certification Program.

Your Committee received testimony in support of this measure from the Department of Education; University of Hawai'i System; Office of the Mayor of the County of Maui; North Shore Economic Vitality Partnership; Ohana Hui Ventures, Inc.; Ulupono Initiative; Hawai'i Farm Bureau; MetroGrow Hawaii; Hawaii Food Industry Association; Hawaii Fish Company; Hāmākua Institute; Lanakila Pacific; Hawaii Public Health Institute; and ten individuals. Your Committee received comments on this measure from the Department of Agriculture.

Your Committee has amended this measure by:

- (1) Requiring the University of Hawaii College of Tropical Agriculture and Human Resources, rather than the Department of Agriculture, to establish and implement a GroupGAP Food Safety Training and Certification Program;
- (2) Changing the appropriation expending agency to the University of Hawaii; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1588, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1588, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2080 Finance on S.B. No. 449

The purpose of this measure is to appropriate funds for the Commission on the Thirteenth Festival of Pacific Arts and Culture to plan for the Festival of Pacific Arts and Culture to be held in 2024, subject to certain expenditure reporting requirements.

Your Committee received testimony in support of this measure from the Office of the Governor; Department of Business, Economic Development, and Tourism; Hawai'i Tourism Authority; Hawai'i Lodging & Tourism Association; Commission on the 13th Festival of Pacific Arts & Culture; and one individual.

Your Committee has amended this measure by:

- (1) Specifying that the appropriation is only for fiscal year 2023-2024 and for the Governor to plan and coordinate the Festival of Pacific Arts and Culture;
- (2) Dissolving the temporary Commission on the Thirteenth Festival of Pacific Arts;
- (3) Assigning the duties and responsibilities of the temporary Commission on the Thirteenth Festival of Pacific Arts to the Governor; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 449, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 449, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2081 Finance on S.B. No. 855

The purpose of this measure is to:

- (1) Authorize a condominium association to provide a summary of the required information in its budget;
- (2) Authorize a condominium association's reserve study to forecast a loan or special assessment to fund life safety equipment or installations for buildings located in a county with a population greater than five hundred thousand;
- (3) Authorize a condominium association to use an independent reserve study preparer to conduct a reserve study on behalf of the condominium; and
- (4) Clarify the information to be included in the explanation of how the estimated replacement reserves assessments for an association are computed.

Your Committee received testimony in support of this measure from the Hawaii Council of Associations of Apartment Owners; Community Associations Institute Legislative Action Committee, Hawaii Chapter; and six individuals. Your Committee received comments on this measure from Hui 'Oia'i'o and two individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 855, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 855, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2082 Finance on S.B. No. 1437

The purpose of this measure is to allow certain entities to elect to pay Hawaii income tax at the entity level through pass-through entities.

Your Committee received testimony in support of this measure from the Chamber of Commerce Hawaii, Ocean Tourism Coalition, General Contractors Association of Hawaii, Pas de Deux Hawaii, Kapolei Chamber of Commerce, Maui Chamber of Commerce, Craft 'Ohana, and one individual. Your Committee received comments on this measure from the Department of Taxation; Grassroot Institute of Hawaii; Pacific Rim Land, Inc.; and Tax Foundation of Hawaii.

Your Committee finds that the companion to this measure, H.B. 1362, H.D. 2 (Regular Session of 2023), a substantially similar measure, was previously passed by the House. Your Committee further finds that H.B. No. 1362, H.D. 2, is preferable to this measure as it:

- (1) Clarifies that an election of a partnership or S corporation to be taxed as an electing pass-through entity in a tax year shall be irrevocable for that tax year and shall be binding on all partners, shareholders, and members of the electing pass-through entity; and
- (2) Specifies that distributive shares and guaranteed payments of members who are corporations are not included in determining the basis of the tax imposed on an electing pass-through entity.

Your Committee has amended this measure by deleting its contents and inserting the contents of H.B. No. 1362, H.D. 2.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1437, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1437, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2083 Finance on S.B. No. 1518

The purpose of this measure is to:

- (1) Provide, until June 30, 2025, procurement exemptions for the Department of Education in counties with a population of less than five hundred thousand; and
- (2) Require the Department of Education to transition to the Electronic Procurement System maintained by the State Procurement Office no later than June 30, 2025.

Your Committee received comments on this measure from the Department of Education and State Procurement Office.

Your Committee has amended this measure by:

- (1) Changing all dollar amounts related to the procurement exemptions to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1518, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1518, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2084 Consumer Protection & Commerce on S.B. No. 1344

The purpose of this measure is to:

- (1) Replace statutory references to school health aides with school health assistants to reflect updated job titles; and
- (2) Allow school health assistants to administer medication at school with the approval of a health care professional within the Department of Education, Department of Health, or a health care service pursuant to a written agreement with the Department of Education.

Your Committee received testimony in support of this measure from the Department of Health, Department of Education, University of Hawai'i at Mānoa, University of Hawai'i at Mānoa Nancy Atmospera-Walch School of Nursing, Hawai'i State Center for Nursing, Epilepsy Foundation of Hawaii, Hawai'i State Youth Commission, and one individual. Your Committee received testimony in opposition to this measure from one individual.

Your Committee finds that the Department of Education has expanded access to health care on campus. Many schools have a registered nurse, advanced practice registered nurse, or other specialized health care provider on campus through written agreements with the Department of Education, such as school-based health centers from federally qualified health centers and the University of Hawaii at Manoa School of Nursing. This measure will provide flexibility to Department of Education staff and enable the provision of more efficient, accessible, and safe care to students by removing the requirement that school health assistants solely seek Department of Health approval for the administration of medications.

Your Committee has amended this measure by:

- (1) Deleting the list of specific examples of health conditions and medications that may be administered by school health assistants;
- (2) Reverting to existing statutory language that specified the exemption for school health assistants from the nursing licensure laws is limited to the administration of medication in schools; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1344, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1344, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Pierick). Noes, none. Excused, 5 (Belatti, Hashem, Hussey-Burdick, Gates, Lowen).

SCRep. 2085 Finance on S.B. No. 1151

The purpose of this measure is to ensure access to Hawaii Community College Promise Program funding by exempting certificate program students from the requirement to complete the Free Application for Federal Student Aid each academic year to be considered eligible for the Hawaii Community College Promise Program.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Special Education Advisory Council, and University of Hawaii Professional Assembly. Your Committee received comments on this measure from the University of Hawai'i System.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1151, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2086 Finance on S.B. No. 674

The purpose of this measure is to:

- (1) Adopt the Interstate Medical Licensure Compact; and
- (2) Appropriate funds for the Hawaii Medical Board's implementation of the Interstate Medical Licensure Compact.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association, National Organization for Rare Disorders, EveryLife Foundation for Rare Diseases, Hawaii Association of Health Plans, Healthcare Association of Hawaii, Hawai'i Pacific Health, The Queen's Health System, AlohaCare, Kaiser Permanente Hawai'i, American Veterans Hawaii, Hawaii Medical Association, Hawaii Medical Service Association, Hawai'i Psychiatric Medical Association, and four individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Hawaii Medical Board, and Grassroot Institute of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the funding source of the appropriation from general funds to the Compliance Resolution Fund; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 674, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 674, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2087 Finance on S.B. No. 975

The purpose of this measure is to:

- (1) Establish the offense of unlawful shipment of tobacco products;
- (2) Include electronic smoking devices and e-liquids under the definition of "tobacco products" for purposes of the cigarette tax and tobacco tax law;
- (3) Beginning January 1, 2024, impose an excise tax on each electronic smoking device or e-liquid sold, used, or possessed by a wholesaler or dealer;

- (4) Increase the license and permit fees for wholesalers, dealers, and retailers;
- (5) Repeal the electronic smoking device retailer registration unit under the Department of the Attorney General; and
- (6) Repeal provisions governing delivery sales of electronic smoking devices.

Your Committee received testimony in support of this measure from the Department of the Attorney General, University of Hawai'i John A. Burns School of Medicine, one member of the Hawai'i County Council, University of Hawai'i Student Health Advisory Council, Hawai'i Primary Care Association, Hawaii Substance Abuse Coalition, Hawai'i Association of Independent Schools, AlohaCare, Hawaii Medical Association, Hawaii Dental Association, Hawaii Medical Service Association, Hawai'i Public Health Association, and numerous individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii; Americans for Tax Reform; Hawaii Smokers Alliance; Cigar Association of America, Inc.; VOLCANO Vape Shops; ABC Stores; Consumer Choice Center; and numerous individuals. Your Committee received comments on this measure from the Department of Health, Department of Taxation, Coalition for a Tobacco-Free Hawai'i, American Lung Association in Hawai'i, Hawaii State Teachers Association, Parents and Children Together, Papa Ola Lokahi, Hawai'i State Youth Commission, American Heart Association, Campaign for Tobacco-Free Kids, Coalition for a Tobacco-Free Hawai'i's Youth Council, Tax Foundation of Hawaii, and numerous individuals.

Your Committee has amended this measure by:

- (1) Changing the license and permit fees for wholesalers, dealers, and retailers to unspecified amounts; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 975, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 975, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2088 Finance on S.B. No. 63

The purpose of this measure is to:

- (1) Authorize the Board of Nursing to issue temporary permits for six-month periods to out-of-state licensed practical nurses and registered nurses or who hold a multistate license issued by another state, territory, or foreign country, under certain circumstances;
- (2) Provide an exception from licensing requirements to nurses who are licensed in another state, territory, or foreign country and accompanying a patient from out-of-state for a period of less than two weeks and who are not employed or affiliated with a health care entity in the State;
- (3) Allow the Department of Commerce and Consumer Affairs to:
 - (A) Establish fees through interim rules for the temporary permits; and
 - (B) Employ personnel without regard to the civil service law for managing the temporary permits; and
- (4) Appropriate funds to implement the temporary permitting requirements.

Your Committee received testimony in support of this measure from the Hawaii Primary Care Association, Hawai'i State Center for Nursing, Board of Nursing, Hawai'i - American Nurses Association, Hawaii Association of Health Plans, Healthcare Association of Hawaii, Hawai'i Pacific Health, The Queen's Health System, Kaiser Permanente Hawai'i, and two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs and Grassroot Institute of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the number of permanent office assistant positions that the Department of Commerce and Consumer Affairs may employ to an unspecified number;
- (2) Removing the general fund appropriation into the Compliance Resolution Fund; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 63, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 63, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2089 Finance on S.B. No. 599

The purpose of this measure is to:

- (1) Authorize physician assistants to issue orders for respiratory therapy and plans of care; and
- (2) Expand the types of health care providers under whom respiratory therapists may practice respiratory care to include physician assistants and advanced practice registered nurses.

Your Committee received testimony in support of this measure from the Department of Commerce and Consumer Affairs, Hawai'i State Center for Nursing, Hawaii Medical Board, Board of Nursing, Kaiser Permanente Hawai'i, Hawai'i Academy of Physician Assistants, Hawai'i Association of Professional Nurses, Hawai'i - American Nurses Association, Hawai'i Pacific Health, The Kūpuna Caucus of the Democratic Party of Hawai'i, and two individuals. Your Committee received comments on this measure from one individual.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 599, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 599, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2090 Finance on S.B. No. 759

The purpose of this measure is to:

- (1) Require the Office of Primary Care and Rural Health to:
 - (A) Oversee and support community efforts to address health and wellness needs in rural and underserved areas and develop plans that align with appropriate providers' goals and objectives; and
 - (B) Provide a one-time summary of community plans as part of the Primary Health Care Incentive Program annual report to the Legislature prior to the Regular Session of 2024; and
- (2) Appropriate funds for the development of community plans, including the establishment of one position.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs, Department of Health, Hawai'i Island Community Health Center, Big Island One Stop Center for Micronesians, Community First Hawai'i, COFA Alliance National Network, and one individual.

Your Committee has amended this measure by:

- (1) Changing the number of permanent full-time equivalent program specialist IV positions to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 759, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 759, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2091 Finance on S.B. No. 900

The purpose of this measure is to:

- (1) Require the Executive Office on Aging to submit an annual progress report to the Legislature on the Hawaii State Health Insurance Assistance Program; and
- (2) Appropriate funds for the Hawaii State Health Insurance Assistance Program for the establishment of additional positions within the Executive Office on Aging.

Your Committee received testimony in support of this measure from the Policy Advisory Board for Elder Affairs, Catholic Charities Hawai'i, Hawai'i Family Caregiver Coalition, AARP Hawai'i, Kūpuna Caucus of the Democratic Party of Hawai'i, Hydroponics Alternatives LLC, and eighteen individuals. Your Committee received comments on this measure from the Executive Office on Aging.

Your Committee has amended this measure by:

- (1) Changing the number of positions to unspecified numbers; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 900, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 900, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2092 Finance on S.B. No. 1370

The purpose of this measure is to:

- (1) Establish standard and short-term licenses and license fees to solemnize marriages; and
- (2) Specify in what amount and into which fund license fees shall be deposited.

Your Committee received testimony in support of this measure from the Department of Health. Your Committee received testimony in opposition to this measure from one individual.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1370, S.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1370, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2093 Finance on S.B. No. 1492

The purpose of this measure is to:

- (1) Require and appropriate funds for the Department of Health to track and publicly report data relating to crisis reports, emergency mental health transports, and court-ordered treatments;
- (2) Require the Department of Health, or a contracted service provider, to review reports about persons having severe mental illnesses who need assistance; assess whether the person may fulfill the criteria for assisted community treatment; and, if the person meets the criteria, coordinate the process for an assisted community treatment order;

- (3) Establish that a court's denial of a petition for involuntary commitment shall serve as notification to the Department of Health that the person should be evaluated for assisted community treatment;
- (4) Require the Department of the Attorney General to assist with the preparation and filing of assisted community treatment petitions and related court proceedings for private petitioners, unless the petitioner declines the assistance; and
- (5) Appropriate funds to the Department of Health to develop and implement statewide media, education, and training activities for policies related to emergency examination and hospitalization and assisted community treatment for those in need of mental health intervention.

Your Committee received testimony in support of this measure from the Office of the Governor, Judiciary, Hawaii Substance Abuse Coalition, and one individual. Your Committee received comments on this measure from the Department of Health.

Your Committee has amended this measure by:

- (1) Changing the number of full-time equivalent positions established by this measure to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1492, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1492, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2094 Finance on S.B. No. 397

The purpose of this measure is to appropriate funds to increase Medicaid reimbursements to eligible health care professionals by up to one hundred percent of the current Medicare fee schedule rates.

Your Committee received testimony in support of this measure from the University of Hawai'i System; AARP Hawai'i; Hawaii Substance Abuse Coalition; Kauai Community Health Alliance; Kaiser Permanente Hawai'i; Maui Orthopedic Institute; Hawaii Medical Association; Hilo Urgent Care Clinic; Keaau Urgent Care Clinic; Hawai'i Section of the American College of Obstetricians and Gynecologists; Hawaii Association of Health Plans; The Queen's Health System; AlohaCare; Hawai'i State Center for Nursing; Healthcare Association of Hawaii; The Kupuna Caucus of the Democratic Party of Hawai'i; East Hawaii Independent Physicians Association, dba Big Island Docs; Hawaii Medical Service Association; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services and Hawai'i Association of Professional Nurses.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 397, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2095 Finance on S.B. No. 239

The purpose of this measure is to:

- (1) Require the Department of Human Services to establish a Child Care Accreditation Program to support accreditation of licensed and registered child care providers;
- (2) Delay the deadlines for existing Preschool Open Doors Program service providers to commence the accreditation process and obtain accreditation;
- (3) Appropriate funds for the Child Care Accreditation Program; and
- (4) Appropriate funds into and out of the Child Care Grant Program Special Fund for Child Care Accreditation Program grants.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning, Parents and Children Together, American Association of University Women of Hawaii, Hawai'i Association of Independent Schools, Hawaii Council of Private Schools, Early Childhood Action Strategy, and five individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Human Services, Early Learning Board, Hawai'i Children's Action Network Speaks!, and three individuals.

Your Committee has amended this measure by:

- (1) Changing the number of positions established for the Child Care Accreditation Program to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 239, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 239, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2096 Finance on S.B. No. 295

The purpose of this measure is to establish and appropriate funds for the Malama Ohana Working Group within the Office of Wellness and Resilience to seek, design, and recommend transformative changes to the State's existing child welfare system.

Your Committee received testimony in support of this measure from the Office of Wellness and Resilience, Office of the Governor; Hawai'i Youth Services Network; Stonewall Caucus of the Democratic Party of Hawai'i; Hale Kipa; Catholic Charities Hawai'i; Nā Kama a Hāloa Network; EPIC 'Ohana, Inc.; Hale Naau Pono-Waianae Neighborhood Place; Family Programs Hawaii; Hawai'i State Coalition Against Domestic Violence; Hawai'i Children's Action Network Speaks!; Opportunity Youth Action Hawai'i; 'Ekolu Mea Nui; and numerous individuals. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and

(2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 295, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 295, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2097 Finance on S.B. No. 404

The purpose of this measure is to preserve access to health care for Medicaid recipients and strengthen the Hospital Sustainability Program by:

- (1) Amending the definition of "private hospital";
- (2) Clarifying the uses of the Hospital Sustainability Program Special Fund;
- (3) Increasing the Hospital Sustainability Fee cap for various facilities;
- (4) Requiring the Department of Human Services to consult and negotiate with the hospital trade association in the State regarding Hospital Sustainability Fee participation and rates;
- (5) Clarifying the circumstances under which the Hospital Sustainability Fee shall be discontinued and the distribution of remaining funds;
- (6) Making the Hospital Sustainability Program permanent and permanently exempting the Hospital Sustainability Program from the central service and administrative expenses assessments; and
- (7) Appropriating funds out of the Hospital Sustainability Program Special Fund.

Your Committee received testimony in support of this measure from the Hawai'i Primary Care Association, Kaiser Permanente Hawai'i, The Queen's Health System, Hawai'i Pacific Health, and Healthcare Association of Hawaii. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 404, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 404, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2098 Finance on S.B. No. 1351

The purpose of this measure is to create and appropriate funds for an Infant and Early Childhood Mental Health Program to provide support and mental health services for children from birth to age five.

Your Committee received testimony in support of this measure from the Office of the Governor, Hawaii Association for Infant Mental Health, Catholic Charities Hawai'i, Parents and Children Together, Hawai'i Children's Action Network Speaks!, Commit to Keiki, Family Hui Hawai'i, Early Childhood Action Strategy, Rainbow Schools, Hawai'i Community Foundation, Epic Ohana, Samuel N. & Mary Castle Foundation, and five individuals. Your Committee has amended this measure by:

- (1) Changing the number of full-time equivalent positions to an unspecified number;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1351, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1351, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2099 Finance on S.B. No. 1473

The purpose of this measure is to require the Departments of Health, Human Services, and Education to research what rules, policies, and plan amendments are necessary to ensure medically necessary services, including applied behavior analysis services, for individuals twenty-six years of age or younger with neurodevelopmental disorders, including autism spectrum disorder and fetal alcohol spectrum disorders, are covered under the following:

- (1) The Early and Periodic Screening, Diagnostic, and Treatment benefit under the State's Medicaid program;
- (2) Any applicable state special education services and programs; and
- (3) The Medicaid Section 1915(c) Home and Community Based Waiver for Individuals with Intellectual and Developmental Disabilities.

Your Committee received testimony in support of this measure from the State Council on Developmental Disabilities, Hawaii Disability Rights Center, Hawaii Fetal Alcohol Spectrum Disorders FASD Action Group, Hawaii Substance Abuse Coalition, Hawai'i Association for Behavior Analysis, and five individuals. Your Committee received comments on this measure from the Department of Human Services and Department of Health.

Your Committee has amended this measure by making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1473, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1473, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2100 Finance on S.B. No. 1592

The purpose of this measure is to appropriate funds to establish three full-time equivalent positions within the Executive Office on Aging for the State's Senior Medicare Patrol Program.

Your Committee received testimony in support of this measure from AARP Hawai'i, Hawai'i Family Caregiver Coalition, Policy Advisory Board for Elder Affairs, The Kupuna Caucus of the Democratic Party of Hawai'i, and sixteen individuals. Your Committee received comments on this measure from the Executive Office on Aging.

Your Committee has amended this measure by:

- (1) Changing the number of positions established by this measure to an unspecified number;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1592, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1592, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2101 Finance on S.B. No. 57

The purpose of this measure is to appropriate funds to support the Judiciary's 'Ōlelo Hawai'i initiatives.

Your Committee received testimony in support of this measure from the Office of Hawaiian Affairs. Your Committee received testimony in opposition to this measure from the Center for Hawaiian Sovereignty Studies. Your Committee received comments on this measure from the Judiciary.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 57, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 57, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2102 Finance on S.B. No. 151

The purpose of this measure is to:

- (1) Require any department or agency employing a law enforcement officer to maintain a publicly available policy that provides a minimum standard on the use of force;
- (2) Allow a department or agency's use of force policies and training to be introduced as evidence in proceedings involving a law enforcement officer's use of force;
- (3) Require a law enforcement officer to report the use of excessive force by another law enforcement officer; and
- (4) Require that law enforcement officers receive training designed to minimize the use of force.

Your Committee received testimony in support of this measure from the Honolulu Police Department and six individuals. Your Committee received testimony in opposition to this measure from the State of Hawaii Organization of Police Officers.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 151, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 151, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Ward). Noes, none. Excused, none.

SCRep. 2103 Finance on S.B. No. 813

The purpose of this measure is to require the Judiciary to:

- (1) Conduct a study of interpreter fees and submit its findings and recommendations to the Chief Justice beginning in 2026 and every three years thereafter; and
- (2) Increase the hourly fees, mileage reimbursement rate, and commuter-time compensation rate for court interpreters.

Your Committee received testimony in support of this measure from the Supreme Court Committee on Court Interpreters and Language Access: Subcommittee on Interpreter Fees; Hawai'i Coalition for Immigrant Rights; and three individuals. Your Committee received comments on this measure from the Judiciary, Office of Language Access, and four individuals.

Your Committee has amended this measure by:

- (1) Changing the increased hourly fees for court interpreters to unspecified amounts;
- (2) Removing the State's consumer price index as a consideration in increasing the hourly fees for court interpreters;
- (3) Changing its effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 813, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 813, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2104 Finance on S.B. No. 821

The purpose of this measure is to establish the Illegal Fireworks Task Force within the Department of Law Enforcement to plan, coordinate, and engage in law enforcement operations to interdict illegal fireworks; develop a comprehensive strategic plan to stop the importation of illegal fireworks and explosives into the State; promote compliance with the state fireworks control laws; and ensure the safety and security of the airports, harbors, and other facilities and institutions against the discharge of illegal fireworks and explosives.

Your Committee received testimony in support of this measure from the Department of Transportation, Makiki/Lower Punchbowl/Tantalus Neighborhood Board No. 10, and six individuals. Your Committee received testimony in opposition to this measure from three individuals. Your Committee received comments on this measure from the Department of Law Enforcement; Matson Navigation Company, Inc.; and Hawaii Harbor Users Group.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 821, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 821, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16; Ayes with Reservations (Alcos). Noes, none. Excused, none.

SCRep. 2105 Finance on S.B. No. 1166

The purpose of this measure is to allow for the renewal of driver's licenses by electronic or digital means, in addition to by mail.

Your Committee received testimony in support of this measure from the Department of Transportation, City and County of Honolulu Department of Customer Services, and one individual.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1166, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1166, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2106 Finance on S.B. No. 1490

The purpose of this measure is to:

- (1) Require the Attorney General to defend professionally licensed or certified state employees from civil actions or proceedings, subject to certain circumstances; and
- (2) Require the State, if it refuses to defend a state employee from civil actions on certain grounds, to file a motion to be heard with the court.

Your Committee received testimony in support of this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO. Your Committee received comments on this measure from the Department of Human Services and Department of the Attorney General.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1490, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1490, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2107 Finance on S.B. No. 1527

The purpose of this measure is to:

- (1) Change the governmental entity responsible for the administration of the Address Confidentiality Program from the Office of the Lieutenant Governor to the Department of Law Enforcement;
- (2) Authorize the Department of Law Enforcement to contract the services of a third party for the mail forwarding and acceptance of service of legal process aspects of the Address Confidentiality Program; and
- (3) Appropriate funds for the Address Confidentiality Program.

Your Committee received testimony in support of this measure from the Office of the Lieutenant Governor and Hawai'i State Coalition Against Domestic Violence. Your Committee received comments on this measure from the Department of Law Enforcement.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1527, S.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1527, S.D. 2, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2108 Finance on S.B. No. 297

The purpose of this measure is to require organizations to obtain legislative approval before the disposition of land that was acquired using state grants, but only if the land was acquired after the effective date of this measure.

Your Committee did not receive any written testimony on this measure.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 297, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2109 Finance on S.B. No. 811

The purpose of this measure is to:

- (1) Require state agencies to disaggregate data consistent with federal standards and require publication of the data; and
- (2) Establish a task force to assess and submit a report to the Legislature on demographic data collection, processing, retention, and sharing procedures, needs, and challenges.

Your Committee received testimony in support of this measure from the Hawai'i Friends of Civil Rights, 'Ahahui o nā Kauka, Native Hawaiian and Pacific Islander Response Recovery Resilience Team, Papa Ola Lokahi, Hawai'i Coalition for Immigrant Rights, Hawai'i Workers Center, and six individuals. Your Committee received comments on this measure from the Department of Education, Department of Human Services, Department of Health, Department of Labor and Industrial Relations, and University of Hawai'i System.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 811, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 811, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 13. Noes, 1 (Kobayashi). Excused, 2 (Poepoe, Alcos).

SCRep. 2110 Finance on S.B. No. 814

The purpose of this measure is to:

- (1) Require the Office of Enterprise Technology Services, in consultation with the Office of Language Access and a working group, to develop and publish, and periodically review and update, electronic information technology standards for multilingual accessibility to be implemented by all state entities; and
- (2) Appropriate funds for one program manager position in the Office of Enterprise Technology Services.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawai'i Coalition for Immigrant Rights, AlohaCare, and one individual. Your Committee received comments on this measure from the Office of Language Access.

Your Committee has amended this measure by changing the number of positions established to an unspecified number.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 814, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 814, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2111 Finance on S.B. No. 1129

The purpose of this measure is to raise the procurement threshold for small purchases to \$50,000.

Your Committee received testimony in support of this measure from the Hawai'i State Public Library System. Your Committee received testimony in opposition to this measure from the State Procurement Office.

Your Committee has amended this measure by:

- (1) Changing the procurement threshold for small purchases to an unspecified amount; and
- (2) Changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1129, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1129, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2112 Finance on S.B. No. 1135

The purpose of this measure is to require a cash or protest bond to be returned to the initiating party, less twice the amount of the administrative costs, except in cases where the appeal was frivolous or made in bad faith.

Your Committee received testimony in support of this measure from the General Contractors Association of Hawaii; Hawaii Operating Engineers Industry Stabilization Fund Political Action Committee; S & M Sakamoto, Inc.; Ralph S. Inouye Co., Ltd.; Jas. W. Glover, Ltd.; Healy Tibbitts Builders, Inc.; and Tom Sofos Insurance & Bonding, Inc.; Jayar Construction, Inc.; Royal Contracting Co., Ltd.; and Damon Key Leong Kupchak Hastert.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1135, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1135, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2113 Finance on S.B. No. 1138

The purpose of this measure is to:

- (1) Prohibit a procurement officer from disclosing a competing offeror's proposal or evaluation score, except the summary of scores, during a debriefing requested by a non-selected offeror; and
- (2) Authorize the disclosure of a competing offeror's proposal or evaluation score after a protest is resolved and the contract is executed.

Your Committee received testimony in support of this measure from the State Procurement Office.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1138, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1138, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2114 Finance on S.B. No. 1141

The purpose of this measure is to:

- (1) Transfer the rights, powers, functions, duties, and resources of the Department of Education relating to workers' compensation for the Hawaii State Public Library System and its employees to the Department of Human Resources Development;
- (2) Establish one full-time equivalent position within the Department of Human Resources Development for the management and administration of workers' compensation for the Hawaii State Public Library System and its employees; and
- (3) Appropriate funds for the workers' compensation costs of the Hawaii State Public Library System and its employees.

Your Committee received testimony in support of this measure from the Hawai'i State Public Library System.

Your Committee has amended this measure by:

- (1) Changing the number of positions to be established to an unspecified number;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1141, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1141, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2115 Finance on S.B. No. 1384

The purpose of this measure is to:

- (1) Amend chapter 202, Hawaii Revised Statutes, to be consistent with the General Appropriations Act of 2021, Act 88, Session Laws of Hawaii 2021;
- (2) Rename the Workforce Development Council as the "Hawaii Workforce Development Board", and the county workforce development board as the local workforce development board;
- (3) Require the Hawaii Workforce Development Board and local workforce development boards to develop written conflict of interest policies consistent with federal law and regulations;
- (4) Require the Governor to select the chairperson of the Hawaii Workforce Development Board from among the private sector members appointed to the Board; and

- (5) Repeal the requirement for the Department of Labor and Industrial Relations to submit an annual report to the Legislature on the activities of the K-12 Agriculture Workforce Development Pipeline Initiative, as it is no longer necessary.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1384, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1384, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2116 Finance on S.B. No. 1254

The purpose of this measure is to enhance the Maunaloa-Makapuu Scenic Byway and protect and preserve the lands of the Kaiwi Coast in perpetuity by requiring certain lands to be petitioned to be designated as the Kaiwi Coast State Park so the area can be properly protected and managed for the benefit of residents and future generations.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources, Friends of Hanauma Bay, Hawaii Reef and Ocean Coalition, Livable Hawaii Kai Hui, Sierra Club of Hawai'i, Hawai'i Bicycling League, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1254, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2117 Finance on S.B. No. 1286

The purpose of this measure is to allow the Hawaii Community Development Authority to conduct a pilot program to lease real property of one redevelopment project in the Kakaako Community Development District for a term of ninety-nine years.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Hawai'i Community Development Authority; and Land Use Research Foundation of Hawaii. Your Committee received comments on this measure from the Office of Hawaiian Affairs.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1286, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2118 Finance on S.B. No. 44

The purpose of this measure is to strengthen the State Water Code by:

- (1) Adding a minimum penalty of \$50 per violation and a maximum penalty of \$60,000 per violation of the State Water Code and making each day that a violation exists or continues to exist a separate offense;
- (2) Requiring the Commission on Water Resource Management to determine the amount of the penalty based on the circumstances of the violation; and
- (3) Appropriating funds for two full-time equivalent positions within the Commission on Water Resource Management.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and Hawai'i Reef and Ocean Coalition. Your Committee received testimony in opposition to this measure from one individual.

Your Committee has amended this measure by:

- (1) Changing the number of full-time equivalent positions funded by this measure to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 44, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 44, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2119 Finance on S.B. No. 1064

The purpose of this measure is to facilitate the improvement or removal of deficient dams and appurtenances by:

- (1) Establishing and appropriating funds for a Dam and Appurtenance Improvement or Removal Grant Program to provide the owners of private dams and appurtenances with funds for plans, design, construction, and equipment to improve or remove deficient dams and appurtenances, as determined by the Department of Land and Natural Resources; and
- (2) Appropriating funds for certain operating expenses and the establishment of two full-time equivalent permanent positions in the Department of Land and Natural Resources.

Your Committee received testimony in support of this measure from the Land Use Research Foundation of Hawaii and Hawai'i Farm Bureau. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee has amended this measure by:

- (1) Changing the positions to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1064, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1064, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2120 Finance on S.B. No. 1332

The purpose of this measure is to improve the State's and counties' ability to respond to emergency situations in Hawaii by:

- (1) Clarifying that the Governor's or mayors' emergency management powers must be consistent with the Hawaii State Constitution and clarifying the power of the Governor or mayors to extend or terminate a state of emergency;
- (2) Clarifying the scope of the Comprehensive Emergency Management Plan;
- (3) Specifying the status and allowable uses of Major Disaster Fund monies;
- (4) Shortening the duration of price control periods from ninety-six hours to seventy-two hours; and
- (5) Defining the term "severe warning" to recognize that entities other than the National Weather Service issue warnings that may require the activation of the emergency management system.

Your Committee received testimony in support of this measure from the Department of Defense, Hawai'i Emergency Management Agency, Hawai'i Community Development Authority, and Chamber of Commerce Hawaii. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committee has amended this measure by:

- (1) Changing the amount of additional funds that may be made available solely for the purpose of matching federal disaster relief funds when funds become available to the State following a federal disaster declaration to an unspecified amount;
- (2) Removing the status of certain Major Disaster Fund monies as trust funds to be deposited into a trust account of the Hawaii Emergency Management Agency;
- (3) Removing the appropriation for the planning and design of a new Hawaii Emergency Management Agency facility; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1332, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1332, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2121 Finance on S.B. No. 1296

The purpose of this measure is to:

- (1) Establish the Hawaii Economic Development District Planning Organization to implement the United States Economic Development Administration-approved comprehensive economic development strategy;
- (2) Establish temporary full-time equivalent positions to support the Organization; and
- (3) Appropriate funds for the Organization and hiring of necessary staff.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Office of Planning and Sustainable Development; and Hawai'i Island Economic Development Board Inc. Your Committee received comments on this measure from the Maui Chamber of Commerce.

Your Committee has amended this measure by:

- (1) Changing the number of positions to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1296, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1296, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2122 Finance on S.B. No. 419

The purpose of this measure is to appropriate funds for the Hawaii Carbon Smart Land Management Assistance Pilot Program.

Your Committee received testimony in support of this measure from the Hawai'i Climate Change Mitigation and Adaptation Commission; The Nature Conservancy, Hawai'i and Palmyra; Citizens' Climate Lobby of Hawaii; Climate Protectors Hawaii; Hawaii Reef and Ocean Coalition; 350Hawaii.org; Hawai'i Farmers Union United; Kauai Climate Action Coalition - Capture the Carbon; and eight individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Agriculture and Department of Land and Natural Resources.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 419, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2123 Finance on S.B. No. 459

The purpose of this measure is to appropriate funds out of the Hydrogen Fueling System Subaccount within the Public Utilities Commission Special Fund for the Zero-Emission Vehicle Fueling System Rebate Program.

Your Committee received testimony in support of this measure from Servco Pacific Inc., Alliance for Automotive Innovation, and one individual. Your Committee received comments on this measure from the Public Utilities Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 459, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2124 Finance on S.B. No. 1520

The purpose of this measure is to:

- (1) Require the Department Of Business, Economic Development, and Tourism to work with the University of Hawaii on workforce development activities that support the development of the Hawaii Pacific Hydrogen Hub and other related aspects of the State's hydrogen energy industry; and
- (2) Appropriate funds for the development of the Hawaii Pacific Hydrogen Hub.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Servco Pacific Inc.; Sustainable Energy Hawai'i; Hawaii Gas; and two individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the University of Hawai'i System and Hawaii State Energy Office.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1520, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2125 Finance on S.B. No. 445

The purpose of this measure is to:

- (1) Increase civil penalties for violation of various pollution provisions; and
- (2) Establish and appropriate funds for one full-time equivalent permanent environmental health specialist position within the Clean Water Branch of the Department of Health.

Your Committee received testimony in support of this measure from the Department of Health, Hawai'i Reef and Ocean Coalition, and Wild Kids.

Your Committee has amended this measure by:

- (1) Changing the number of permanent environmental health positions established and funded to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 445, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 445, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Poepoe, Alcos).

SCRep. 2126 Finance on S.B. No. 458

The purpose of this measure is to:

- (1) Establish the Geothermal Energy Resources Development Special Fund to be used by the Hawaii State Energy Office to support projects that promote and advance geothermal energy resources development; and
- (2) Redistribute geothermal royalties to the counties for specific purposes, Geothermal Energy Resources Development Special Fund, Department of Land and Natural Resources, and Office of Hawaiian Affairs.

Your Committee received testimony in support of this measure from the Department of Research & Development of the County of Hawaii, one member of the Hawai'i County Council, Servco Pacific Inc., and Ulupono Initiative. Your Committee received testimony in opposition to this measure from the Office of Hawaiian Affairs. Your Committee received comments on this measure from the Department of Budget and Finance; Department of Land and Natural Resources; Department of Business, Economic Development, and Tourism; University of Hawai'i System; Hawaii State Energy Office; DaRubbahSlippahGroup; Sustainable Energy Hawai'i; and four individuals.

Your Committee has amended this measure by changing the percentage of geothermal royalties to be distributed among the counties for specific purposes and to the Geothermal Energy Resources Development Special Fund, Department of Land and Natural Resources, and Office of Hawaiian Affairs to unspecified percentages.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 458, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 458, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 16. Noes, none. Excused, none.

SCRep. 2127 Finance on S.B. No. 504

The purpose of this measure is to, beginning December 31, 2026, prohibit the manufacture, sale, offer for sale, distribution for sale, and distribution for use of any food packaging, food service ware, cosmetic, or personal care product that contains perfluoroalkyl and polyfluoroalkyl substances, with certain exceptions.

Your Committee received testimony in support of this measure from the Department of Health, Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34, Clean the Pacific, Iron Workers Stabilization Fund, Wild Kids, and numerous individuals. Your Committee received testimony in opposition to this measure from the Retail Merchants of Hawaii, Hawaii Food Manufacturers Association, and one individual. Your Committee received comments on this measure from the Chamber of Commerce Hawaii, Hawai'i Reef and Ocean Coalition, Climate Protectors Hawai'i, Hawai'i Sustainable Farms, Environmental Caucus of the Democratic Party of Hawai'i, Maui Chamber of Commerce, and four individuals.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 504, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 504, S.D. 1, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 16; Ayes with Reservations (Aiu, Kila, Lamosao, Alcos, Ward). Noes, none. Excused, none.

SCRep. 2128 Finance on S.B. No. 393

The purpose of this measure is to establish, until June 30, 2025, the Pre-Litigation Mediation Pilot Program and Emergency Rent Relief Program.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, Hawai'i Children's Action Network Speaks!, Kūpuna Caucus of the Democratic Party of Hawai'i, and six individuals. Your Committee received comments on this measure from the Department of Human Services; Catholic Charities Hawai'i; Chamber of Sustainable Commerce; Hawai'i Association of REALTORS; Hawaii Appleseed Center for Law & Economic Justice; Ku'ikahi Mediation Center; and Mediation Center of the Pacific, Inc.

Your Committee has amended this measure by:

- (1) Changing the individual benefit amount, distribution amounts, and the aggregate maximum under the Emergency Rent Relief Program to unspecified amounts; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 393, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 393, S.D. 1, H.D. 3.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2129 Finance on S.B. No. 1442

The purpose of this measure is to:

- (1) Establish one position in the Office of the Governor to oversee the deployment of capital improvement funds appropriated by this measure;
- (2) Appropriate funds for the Ohana Zones Pilot Program; and
- (3) Make the Ohana Zones Pilot Program a government assistance program for the purposes of a general excise tax exemption for the development of affordable housing, under certain circumstances.

Your Committee received testimony in support of this measure from the Department of Human Services, Hawaii Housing Finance and Development Corporation, State Council on Mental Health, one member of the Kaua'i County Council, Partners in Care, and one individual. Your Committee received comments on this measure from the Governor's Coordinator on Homelessness.

Your Committee has amended this measure by:

- (1) Changing the number of positions to oversee the deployment of capital improvement funds appropriated by this measure to an unspecified number; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1442, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1442, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2130 Finance on S.B. No. 729

The purpose of this measure is to:

- (1) Require the Auditor to conduct a sunrise analysis on proposed regulatory controls for members of condominium association boards of directors; and
- (2) Require the Real Estate Commission to develop a curriculum to be made available to board members of a condominium association and submit a report to the Legislature on the progress on the development of the curriculum.

Your Committee received testimony in support of this measure from the Palahua Townhouse Association, Hawaii Council of Associations of Apartment Owners, Hui 'Oia'i'o, and three individuals. Your Committee received testimony in opposition to this measure from the Honolulu Tower Association of Apartment Owners Board of Directors and two individuals. Your Committee received comments on this measure from the Office of the Auditor; Hawai'i

Real Estate Commission; Chamber of Sustainable Commerce; AOA Lakeview Sands; Legislative Action Committee of the Community Associations Institute, Hawaii Chapter; and nine individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 729, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2131 Finance on S.B. No. 865

The purpose of this measure is to establish and appropriate funds for the Ninety-Nine Year Leasehold Pilot Program to develop low-cost homes on state-owned land in urban redevelopment sites to be sold in leasehold by the Hawaii Community Development Authority to qualified residents.

Your Committee received testimony in support of this measure from the Church of the Crossroads and four individuals. Your Committee received comments on this measure from the Office of Hawaiian Affairs, Department of Land and Natural Resources, and Hawai'i Community Development Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 865, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, 2 (Cochran, Kobayashi). Excused, 2 (Nishimoto, Ward).

SCRep. 2132 Finance on S.B. No. 898

The purpose of this measure is to:

- (1) Temporarily expand the State Rent Supplement Program to specifically target qualified individuals who are sixty-two years of age or older and are homeless or at imminent risk of becoming homeless;
- (2) Require the Hawaii Public Housing Authority to submit annual reports regarding the State Rent Supplemental Program for Kupuna to the Legislature; and
- (3) Appropriate funds for the State Rent Supplement Program for Kupuna.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority, Executive Office on Aging, AARP Hawai'i, Partners in Care, Catholic Charities Hawai'i, Hawai'i Association of REALTORS, Kupuna Caucus of the Democratic Party of Hawai'i, and fifteen individuals. Your Committee received comments on this measure from the State Procurement Office and Chamber of Sustainable Commerce.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 898, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2133 Finance on S.B. No. 1357

The purpose of this measure is to make permanent the issuance of county affordable housing credits to the Department of Hawaiian Home Lands.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, Hydroponics Alternatives LLC, Maui Chamber of Commerce, and one individual. Your Committee received comments on this measure from the Office of Housing and Community Development of the County of Hawai'i.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1357, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2134 Finance on S.B. No. 1596

The purpose of this measure is to:

- (1) Establish and appropriate funds for a Maui Campus Housing Pilot Program under the School Facilities Authority to make housing available to employees at schools in the Lahainaluna and Kulanihako'i complexes; and
- (2) Require the School Facilities Authority and Department of Education to submit reports to the Legislature on the Pilot Program.

Your Committee received testimony in support of this measure from the Hawaii Public Housing Authority; one member of the Maui County Council; Hawaii State Teachers Association; and Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1596, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2135 Finance on S.B. No. 833

The purpose of this measure is to:

- (1) Authorize the Department of Agriculture, Department of Land and Natural Resources, and Agribusiness Development Corporation to acquire the Wahiawa Irrigation System, on terms negotiated and agreed upon by the Office of the Governor, and to purchase, repair, and maintain the associated spillway; and
- (2) Appropriate funds for:
 - (A) The Department of Agriculture to acquire a fee simple interest in the spillway associated with the Wahiawa Irrigation System;

- (B) The Department of Agriculture to repair and expand the spillway associated with the Wahiawa Irrigation System and to bring the spillway into compliance with all relevant dam safety requirements;
- (C) The Agribusiness Development Corporation to manage and maintain its acquired portion of the Wahiawa Irrigation System and the spillway and dam acquired by the Department of Agriculture; and
- (D) The Department of Land and Natural Resources to manage and maintain its acquired portion of the Wahiawa Irrigation System and the establishment of four full-time positions.

Your Committee received testimony in support of this measure from the Department of Agriculture; Honolulu Board of Water Supply; Land Use Research Foundation of Hawaii; North Shore Neighborhood Board No. 27; Hawai'i Farm Bureau; Sustainable Hawaii, LLC; Ulupono Initiative; Dole Food Company Hawaii; International Longshore & Warehouse Union Local 142; and numerous individuals. Your Committee received comments on this measure from the Department of Land and Natural Resources and Agribusiness Development Corporation.

Your Committee has amended this measure by:

- (1) Changing the number of positions to an unspecified number; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 833, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 833, S.D. 2, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2136 Finance on S.B. No. 1136

The purpose of this measure is to preserve and protect Makena State Park in the County of Maui by appropriating funds to the Office of Planning and Sustainable Development to conduct a carrying capacity study.

Your Committee received testimony in support of this measure from the Office of the Mayor of the County of Maui; Kihei Community Association; Sierra Club Maui; Maui Tomorrow Foundation, Inc.; and fifteen individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Department of Land and Natural Resources and Office of Planning and Sustainable Development.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1136, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2137 Finance on S.B. No. 784

The purpose of this measure is to:

- (1) Require the Department of Transportation to establish and implement a two-year Airline Subsidy Pilot Program at Molokai Airport to assist airlines that operate in and out of Molokai Airport in offsetting their costs of operation;
- (2) Require the Department of Transportation to submit a report of its findings and recommendations to the Legislature; and
- (3) Appropriate funds for the Airline Subsidy Pilot Program.

Your Committee received testimony in support of this measure from the Department of Transportation, Ko'olau Foundation, Venture Physical Therapy LLC, and numerous individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Hawai'i Tourism Authority, Maui Chamber of Commerce, and two individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 784, S.D. 1, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.
Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2138 Finance on S.B. No. 398

The purpose of this measure is to:

- (1) Require the Department of Human Services to collect and analyze data to determine the impact of expanding post-permanency services to families receiving benefits from the State's Adoption Assistance Program and report its findings and recommendations to the Legislature; and
- (2) Appropriate funds to the Department of Human Services for the procurement of contracted services to provide additional support, resources, and monitoring of families receiving benefits from the Adoption Assistance Program for the purpose of assisting with family strengthening and maintenance of a safe home environment for adopted children.

Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Changing the number of full-time equivalent planner or project specialist positions established by this measure to an unspecified number;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 398, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 398, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2139 Finance on S.B. No. 894

The purpose of this measure is to:

- (1) Extend the sunset date of the Trauma-Informed Care Task Force established by Act 209, Session Laws of Hawaii 2021, to June 30, 2025, and require it to serve as an advocacy board to the Office of Wellness and Resilience; and
- (2) Beginning July 1, 2025, transfer the Office of Wellness and Resilience from the Office of the Governor to the Department of Human Services and formalize the Trauma-Informed Care Task Force as an advocacy board to the Office of Wellness and Resilience, to be known as the Wellness and Resilience Advocacy Board.

Your Committee received testimony in support of this measure from the Department of Public Safety, Executive Office on Early Learning, Office of Wellness and Resilience, Hawaii Primary Care Association, Opportunity Youth Action Hawai'i, HawaiiKidsCAN, Hawai'i Community Foundation, Parents and Children Together, Kamehameha Schools, EPIC 'Ohana, Hawai'i Children's Action Network Speaks!, and three individuals.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 894, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 894, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2140 Finance on S.B. No. 941

The purpose of this measure is to:

- (1) Authorize the School Facilities Authority to partner with public and private agencies to develop:
 - (A) Housing, including workforce housing, for teachers, educators, and staff; and
 - (B) Classrooms;
- (2) Authorize the School Facilities Authority to delegate authority to other state or county agencies to develop housing and classrooms, under certain conditions; and
- (3) Appropriate funds to the School Facilities Authority for the construction of housing and classrooms at Mililani High School, Nanakuli High & Intermediate School, and Waipahu High School, with housing location and tenant requirements.

Your Committee received testimony in support of this measure from the Executive Office on Early Learning; Nānākuli-Wai'anae Interim Complex Area Superintendent; Hawaii State Teachers Association; Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and two individuals. Your Committee received comments on this measure from the School Facilities Authority.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 941, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2141 Finance on S.B. No. 1044

The purpose of this measure is to appropriate funds to hire complex-based licensed behavioral health specialists for Hawaii's rural public schools.

Your Committee received comments on this measure from the Department of Education.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1044, S.D. 2, H.D. 2, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2142 Finance on S.B. No. 764

The purpose of this measure is to:

- (1) Allow a bank to invest, in aggregate, up to fifteen percent of the bank's capital and surplus in limited partnerships, limited liability partnerships, limited liability companies, and corporations formed to invest in affordable housing residential properties with the approval of the Commissioner of Financial Institutions (Commissioner);
- (2) Authorize a bank to apply to the Commissioner to invest an additional five percent of the bank's capital and surplus for an aggregate of up to twenty percent in the aforementioned investments;
- (3) Specify the circumstances in which a bank may make an investment with an after-the-fact notice and when a bank must submit an investment proposal to the Commissioner; and
- (4) Allow eligible banks to make certain investments without prior notification to or approval of the Commissioner if they comply with after-the-fact notice procedures.

Your Committee received testimony in support of this measure from Hunt Development Group, LLC; Hunt Capital Partners, LLC; Catholic Charities Hawai'i; Housing Hawai'i's Future; EAH Housing; NAIOP Hawaii; HPM Building Supply; General Contractors Association of Hawaii; Ahe Group; Title Guaranty Hawaii; Hawai'i Gas; Building Industry Association of Hawaii; and two individuals. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs, Central Pacific Bank, Holomua Collaborative, Avalon Group, and Maui Chamber of Commerce.

Your Committee has amended this measure by:

- (1) Clarifying that a bank may invest an aggregate amount of up to fifteen percent of the bank's capital and surplus without the prior approval of the Commissioner or any after-the-fact notice;
- (2) Specifying that an eligible bank may either:
 - (A) Apply to the Commissioner for approval to invest an aggregate amount that exceeds fifteen percent but no more than twenty percent of the bank's capital and surplus; or
 - (B) Make an investment that exceeds fifteen percent but no more than twenty percent of the bank's capital and surplus without prior notification or approval by the Commissioner if the bank submits an after-the-fact notice to the Commissioner;
- (3) Removing the circumstances under which a non-eligible bank may make an investment that exceeds fifteen percent of the bank's capital and surplus with an after-the-fact notice or submit an investment proposal to the Commissioner; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 764, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 764, S.D. 1, H.D. 3.

Signed by the Chair on behalf of the Committee.
Ayes, 14. Noes, none. Excused, 2 (Nishimoto, Ward).

SCRep. 2143 Finance on S.B. No. 725

The purpose of this measure is to:

- (1) Require and appropriate monies for the Department of Human Resources Development to:
 - (A) Submit an annual report to the Legislature on the telework policies of the Executive Branch and various metrics on the adoption, usage, and productivity of teleworking by each department in the Executive Branch;
 - (B) Purchase and implement a pilot telework monitoring system to assess the productivity of telework employees within up to three state departments or portions of departments; and
 - (C) Also apply the pilot telework monitoring system to in-office employees in the selected departments to compare productivity levels of in-office versus teleworking employees; and
- (2) Appropriate funds for the annual report, pilot telework monitoring system, one position to manage the pilot telework monitoring system, and manager training.

Your Committee received testimony in support of this measure from the Department of Human Resources Development. Your Committee received testimony in opposition to this measure from the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO; and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Changing the number of positions established to an unspecified number;
- (2) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 725, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 725, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.
Ayes, 15; Ayes with Reservations (Aiu, Chun, Garrett, Kahaloa, Kila, Lamosao, Poepoe, Takenouchi, Alcos). Noes, none. Excused, 1 (Nishimoto).

SCRep. 2144 Finance on S.B. No. 1522

The purpose of this measure is to:

- (1) Establish an Office of Destination Management within the Department of Business, Economic Development, and Tourism;
- (2) Require the Office of Destination Management to implement certain county destination management action plans;
- (3) Repeal the Hawaii Tourism Authority;
- (4) Appropriate funds to the Department of Business, Economic Development, and Tourism to support the Office of Destination Management and fund positions; and
- (5) Establish and appropriate funds for a tourism liaison officer within the Office of the Governor.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, and Tourism; Department of Taxation; Hawai'i Tourism Authority; Grassroot Institute of Hawaii; Maui Hotel & Lodging Association; and Maui Chamber of Commerce.

Your Committee has amended this measure by:

- (1) Changing the appropriations to unspecified amounts;
- (2) Changing the number of positions established by this measure to unspecified numbers; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1522, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1522, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2145 Finance on S.B. No. 483

The purpose of this measure is to update the Uniform Probate Code to adjust for inflation, provide additional clarity, resolve issues that have arisen in practice, and address societal changes.

Your Committee received testimony in support of this measure from the Judiciary's Committee on the Uniform Probate Code and Probate Court Practices. Your Committee received comments on this measure from one individual.

Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 483, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 483, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2146 Finance on S.B. No. 627

The purpose of this measure is to allow an election candidate, treasurer, or candidate committee to use campaign funds for the candidate's child care or vital household dependent care costs under certain conditions.

Your Committee received testimony in support of this measure from the Campaign Spending Commission, Vote Mama Foundation, Hawai'i Children's Action Network Speaks!, Hawaii State Democratic Women's Caucus, American Association of University Women of Hawaii, and three individuals.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 627, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 627, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2147 Finance on S.B. No. 682

The purpose of this measure is to prohibit the sale, offer for sale, display for sale, trade, or distribution of certain animal fur products in the State.

Your Committee received testimony in support of this measure from the Humane Society of the United States, Last Chance for Animals, Animal Rights Hawai'i, Animal Legal Defense Fund, People for the Ethical Treatment of Animals, Maui Humane Society, Humane Society Veterinary Medical Association, Animal Defenders International, Kaua'i Humane Society, Hawaiian Humane Society, Animal Rights Initiative, and numerous individuals. Your Committee has amended this measure by:

- (1) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 682, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 682, S.D. 1, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Alcos, Ward). Noes, none. Excused, 1 (Nishimoto).

SCRep. 2148 Finance on S.B. No. 1076

The purpose of this measure is to:

- (1) Require the Office of Elections to prepare a digital voter information guide; post the guide on its website in compliance with certain accessibility standards; and mail each ballot with a notice that states a voter information guide may be found on its website;
- (2) Require the Attorney General and each county corporation counsel to draft explanations of proposed constitutional or charter amendment ballot questions and translate them into certain languages for purposes of the digital voter information guide; and
- (3) Appropriate funds.

Your Committee received testimony in support of this measure from the Stonewall Caucus of the Democratic Party of Hawai'i, Community Alliance on Prisons, League of Women Voters of Hawaii, Commission to Improve Standards of Conduct, and eight individuals. Your Committee received testimony in opposition to this measure from one individual. Your Committee received comments on this measure from the Office of Elections.

Your Committee has amended this measure by changing the effective date to June 30, 3000, to encourage further discussion.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1076, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1076, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2149 Finance on S.B. No. 1277

The purpose of this measure is to appropriate funds and approve payments for claims against the State, its officers, and its employees.

Your Committee received testimony in support of this measure from the Department of Transportation. Your Committee received comments on this measure from the Department of the Attorney General.

Your Committee has amended this measure by:

- (1) Inserting four additional settled claims as provided by the Department of the Attorney General;
- (2) Clarifying that certain judgments or settlements shall be paid from funds previously appropriated to and expended by the respective agency subject to the judgment or settlement;
- (3) Including a necessary declaration of procedures for making an appropriation in excess of the general fund expenditure ceiling for fiscal year 2022-2023 pursuant to section 9 of article VII of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (4) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1277, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1277, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 16. Noes, none. Excused, none.

SCRep. 2150 Finance on S.B. No. 1543

The purpose of this measure is to:

- (1) Establish a comprehensive system of public financing for all candidates seeking election to state and county public offices in the State, to begin with the 2026 general election year;
- (2) Require the Campaign Spending Commission to submit a progress report and final report to the Legislature; and
- (3) Appropriate funds.

Your Committee received testimony in support of this measure from the Commission to Improve Standards of Conduct, one member of the Hawai'i County Council, Sierra Club of Hawai'i, Hope Services Hawai'i, Common Cause Hawaii, Holomua Collaborative, Our Revolution Hawaii, HULI PAC, 350Hawaii.org, Kanalani Ohana Farm, Hawai'i Alliance for Progressive Action, Our Hawaii, Pono Hawaii Initiative, Indivisible Hawaii, Stonewall Caucus of the Democratic Party of Hawai'i, Kūpuna for the Mo'opuna, Hawai'i Workers Center, League of Women Voters of Hawaii, Maui Peace Action, Kauai Women's Caucus, and numerous individuals. Your Committee received comments on this measure from the Campaign Spending Commission, Chamber of Sustainable Commerce, and six individuals.

Your Committee has amended this measure by:

- (1) Changing the minimum amount of funds that must be in the Hawaii Election Campaign Fund to provide funding for the Comprehensive Public Funding Program to an unspecified amount;
- (2) Changing the number of temporary positions funded by this measure to an unspecified number;
- (3) Changing the effective date to June 30, 3000, to encourage further discussion; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1543, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Third Reading in the form attached hereto as S.B. No. 1543, S.D. 2, H.D. 2.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Alcos, Ward). Noes, none. Excused, 1 (Nishimoto).

SCRep. 2151 Finance on S.B. No. 51

The purpose of this measure is to increase the amount of fines that may be assessed against noncandidate committees for violations of organizational report and advertisement disclosure requirements.

Your Committee received testimony in support of this measure from the League of Women Voters of Hawaii and one individual. Your Committee received comments on this measure from the Campaign Spending Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 51, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2152 Finance on S.B. No. 182

The purpose of this measure is to:

- (1) Amend the filing deadline for disclosures of financial interests by candidates for state elective office or the constitutional convention;
- (2) Amend the penalty for the unauthorized release of confidential financial disclosure statement information; and
- (3) Amend the fines imposed and procedures relating to disclosures of financial interests.

Your Committee received testimony in support of this measure from the Hawai'i State Ethics Commission.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 182, S.D. 1, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15. Noes, none. Excused, 1 (Nishimoto).

SCRep. 2153 Finance on S.B. No. 1005

The purpose of this measure is to:

- (1) Establish presidential preference primary elections; and
- (2) Appropriate funds to the Office of Elections for the administration of the presidential preference primary election.

Your Committee received testimony in support of this measure from Indivisible Hawaii, Democratic Party of Hawai'i, and numerous individuals. Your Committee received testimony in opposition to this measure from the Stonewall Caucus of the Democratic Party of Hawai'i and one individual. Your Committee received comments on this measure from the Office of Elections, Office of the County Clerk of the County of Maui, Office of the City Clerk of the City and County of Honolulu, Office of the County Clerk of the County of Hawai'i, Office of the County Clerk of the County of Kaua'i, Democratic Party of Hawai'i Labor Caucus, and one individual.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1005, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 15; Ayes with Reservations (Alcos, Ward). Noes, none. Excused, 1 (Nishimoto).

SCRep. 2154 Finance on S.B. No. 1230

The purpose of this measure is to:

- (1) Prohibit the carrying or possessing of firearms in certain locations and premises;
- (2) Require possession and disclosure of a license to carry;
- (3) Prohibit leaving an unsecured firearm in a vehicle unattended;
- (4) Prohibit consuming or being under the influence of alcohol, an intoxicating liquor, or a controlled substance when carrying a firearm;
- (5) Prohibit carrying or possessing firearms on certain private property open to the public without express authorization;
- (6) Require annual reports from the Department of the Attorney General on licenses to carry;
- (7) Prohibit the failure to conceal a firearm by a concealed carry licensee where the failure to conceal results in alarm to another person;
- (8) Amend the requirements for, and revocation of, firearms permits and licenses;
- (9) Amend the criteria for disqualification of persons from owning, possessing, or controlling a firearm; and
- (10) Expand the qualified immunity for health care providers who provide information on firearms applicants to include physician assistants and advanced practice registered nurses.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; Department of the Attorney General; Department of Transportation; Office of Planning and Sustainable Development; one member of the Hawai'i County Council; Department of Transportation Services of the City and County of Honolulu; Brady Hawaii; Stonewall Caucus of the Democratic Party of Hawai'i; Hawai'i State Coalition Against Domestic Violence; Building Owners and Managers Association of Hawai'i; Hawaii Psychological Association; Everytown for Gun Safety; Moms Demand Action for Gun Sense in America; Students Demand Action for Gun Sense in America; Healthcare Association of Hawai'i; Indivisible Hawaii; League of Women Voters of Hawai'i; Hale Ola Spa & Apothecary; Hawaii Bankers Association; and numerous individuals. Your Committee received comments on this measure from the University of Hawai'i System, Honolulu Police Department, Hawaii State Association of Parliamentarians, and ten individuals.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee is in accord with the intent and purpose of S.B. No. 1230, S.D. 2, H.D. 1, and recommends that it pass Third Reading.

Signed by the Chair on behalf of the Committee.

Ayes, 14; Ayes with Reservations (Lamosao, Alcos, Ward). Noes, 1 (Kila). Excused, 1 (Nishimoto).

SCRep. 2155 Judiciary & Hawaiian Affairs on S.C.R. No. 104

The purpose of this measure is to urge the United States Congress to pass the Hawaiian Home Lands Preservation Act to lower the required minimum blood quantum for certain Department of Hawaiian Home Lands successor lessee beneficiaries from one-quarter native Hawaiian blood to one thirty-second.

Your Committee received testimony in support of this measure from the Department of Hawaiian Home Lands, the Office of Hawaiian Affairs, the Democratic Party of Hawaii, Kupuna for the Mo'opuna, Waimea Hawaiian Civic Club, ILWU Local 142, Kailapa Community Association, and nineteen individuals. Your Committee received testimony in opposition to this measure from two individuals. Your Committee received comments on this measure from the United States Department of the Interior – Office of the Solicitor.

Your Committee finds that the Hawaiian Homes Commission Act of 1920, as amended, is meant for the rehabilitation of the native Hawaiian people through a government-led homesteading program. However, in the near future, the minimum blood quantum requirement of one-half native Hawaiian blood will essentially bar all new applicants and thus frustrate the purpose and intent of the Hawaiian Homes Commission Act of 1920, as amended. In realizing the dilutive effect of interracial marriages on the blood quantum, the State reduced the minimum blood quantum requirement of certain lessees' successors from one-quarter to one thirty-second by enacting Act 80, Session Laws of Hawaii 2017 (Act 80). Your Committee believes that the passage of the Hawaiian Home Lands Preservation Act will align the federal minimum blood quantum requirement with that established by Act 80 and satisfy the legal requirement that Act 80 receives the consent of the United States Congress to become effective. This measure will help to ensure that future successor lessees can continue to qualify as beneficiaries of the Hawaiian Homes Commission Act of 1920.

Your Committee has amended this measure by:

- (1) Incorporating the suggestion of the Department of Hawaiian Home Lands that the second WHEREAS clause be amended to read:
 - (A) WHEREAS, the Hawaiian Homes Commission Act of 1920, as amended, provides benefits to native Hawaiians such as the offering of ninety-nine-year homestead leases at an annual rent of one dollar; and
- (2) Incorporating the suggestion of the Department of Hawaiian Home Lands that the fifth WHEREAS clause be amended to read:

(A) WHEREAS, Congress and the State lowered the minimum blood quantum requirement for certain qualified lessee successors to one-quarter native Hawaiian blood; the State further reduced the minimum blood quantum requirement of certain lessee successors from one-quarter to one thirty-second by enacting Act 80, Session Laws of Hawaii 2017; and

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 104, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 104, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 3 (Hashimoto, Ichiyama, Ilagan).

SCRep. 2156 Consumer Protection & Commerce on S.C.R. No. 91

The purpose of this measure is to request the Governor to convene a task force to examine and make recommendations on the existing procedures for the adoption of the State Building Code.

The Subcontractors Association of Hawaii, BIA Hawaii, RMA Sales, Hawaii Gas, D.R. Horton-Hawaii Division, Engineered Systems Inc., Pacific Home and Appliance Distribution, Allen's Plumbing, and 1 individual testified in support. IBEW Local 1185 offered comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 91, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

SCRep. 2157 Consumer Protection & Commerce on S.C.R. No. 131

The purpose of this measure is to request that the Regulated Industries Complaints Office report the itemized total amount of fines or judgements collected and uncollected each year and to include that information in the Director of Commerce and Consumer Affairs' Annual Compliance Resolution Fund Report.

The Regulated Industries Complaints Office offered comments.

Your Committee amended this measure by removing the 1983-present timeframe.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 131, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 131, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

SCRep. 2158 Consumer Protection & Commerce on S.C.R. No. 147

The purpose of this measure is to request that the Public Utilities Commission evaluate current rate structures and consider additional benefits for those communities that host renewable energy projects.

The Department of Commerce and Consumer Affairs, Division of Consumer Advocacy, Hawaii Public Utilities Commission, and Hawaiian Electric offered comments

Your Committee amended this measure by changing the words "revise" to "evaluate" and "provide" to "consider".

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 147, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 147, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

SCRep. 2159 Consumer Protection & Commerce on S.C.R. No. 183

The purpose of this measure is to request the Department of Human Services to study providing certain health insurance coverage for all children and pregnant persons who would otherwise qualify for coverage if not for their immigration status.

The Hawaii Children's Action Network Speaks, and one individual testified in support. One individual testified in opposition. The Department of Human Services offered comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 183, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Pierick). Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

SCRep. 2160 Consumer Protection & Commerce on S.C.R. No. 188

The purpose of this measure is to urge the Department of Human Services' Med-Quest Division to advocate that the state increase Medicaid Reimbursements to dentists and, upon an increase approval, to proactively inform both dental service providers and Medicaid beneficiaries of new rate plans.

The Hawaii Dental Association, Hawaii Oral Health Coalition, and one individual testified in support. The Department of Human Services offered comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 188 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

SCRep. 2161 Consumer Protection & Commerce/Legislative Management on S.C.R. No. 4

The purpose of this measure is to request that the Legislative Reference Bureau conduct an analysis of the regulation and licensure of Associate Physicians. The Hawaii Medical Board testified in support. The office of the Auditor offered comments.

Your Committees amended this measure by changing the Office of the Auditor to the Legislative Reference Bureau. Your committees also deleted references to section 26H-6 Hawaii Revised Statutes related to conducting a Sunrise Analysis as the measure no longer requests such analysis.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 4, S.D. 1, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as S.C.R. No. 4, S.D. 1, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 7. Noes, none. Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

Legislative Management: Ayes, 5. Noes, none. Excused, none.

SCRep. 2162 Consumer Protection & Commerce/Legislative Management on S.C.R. No. 15

The purpose of this measure is to request the Auditor to assess both the social and financial effects of proposed mandated health insurance coverage for a percentage of the costs of Ketamine Therapy to treat depression.

Beyond Mental Health, Kahala Clinic for Children and Family, and one individual testified in support. The Office of the Auditor offered comments.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 15, S.D. 1, and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 7. Noes, none. Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

Legislative Management: Ayes, 5. Noes, none. Excused, none.

SCRep. 2163 Consumer Protection & Commerce/Legislative Management on S.C.R. No. 17

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage for services provided by Pharmacists.

The Board of Pharmacy, University of Hawaii, Hawaii Primary Care Association, KTA Superstores, The Hawaii Pharmacists Association, KTA Puainako Pharmacy, HMSA and 21 individuals testified in support. One individual testified in opposition. The Office of the Auditor offered comments.

Your Committees amended this measure by changing the referred Senate Bill to SB 165.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 17, S.D. 1, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as S.C.R. No. 17, S.D. 1, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 7. Noes, none. Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

Legislative Management: Ayes, 5. Noes, none. Excused, none.

SCRep. 2164 Consumer Protection & Commerce/Legislative Management on S.C.R. No. 18

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage for various sexual and reproductive health care services.

The Stonewall Caucus of the Democratic Party of Hawaii, Rainbow Family 808, HMSA, Planned Parenthood Alliance Advocates, and one individual testified in support.

Your committees have amended the measure by omitting all references to HB 1180.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 18, S.D. 1, as amended herein, and recommend that it be referred to your Committee on Finance, in the form attached hereto as S.C.R. No. 18, S.D. 1, H.D. 1.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 6. Noes, 1 (Pierick). Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

Legislative Management: Ayes, 5; Ayes with Reservations (Matsumoto). Noes, none. Excused, none.

SCRep. 2165 Consumer Protection & Commerce/Legislative Management on S.C.R. No. 202

The purpose of this measure is to request the auditor to conduct a social and financial assessment of mandating parity in vitro fertilization health insurance coverage.

The Stonewall Caucus of the Democratic Party of Hawaii, Rainbow Family 808, and one individual testified in support. HMSA offered comments.

As affirmed by the records of votes of the members of your Committees on Consumer Protection & Commerce and Legislative Management that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 202, S.D. 1, and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.

Consumer Protection & Commerce: Ayes, 6. Noes, 1 (Pierick). Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

Legislative Management: Ayes, 5; Ayes with Reservations (Matsumoto). Noes, none. Excused, none.

SCRep. 2166 Higher Education & Technology on S.C.R. No. 27

The purpose of this measure is to urge the University of Hawaii System to provide menstrual products, free of charge, to students at all of its university, community college, and education center campuses as part of a public health and education equity strategy that addresses economic disparities.

Your Committee received testimony in support of this measure from the University of Hawai'i System, Ma'i Movement Hawai'i, PERIOD., and twelve individuals.

Your Committee finds that menstruating students unable to access menstrual products face a significant barrier to education that biologically male students do not, as a lack of access to menstrual products can limit full educational participation and negatively impact a student's access to learning. Your Committee believes that providing menstrual products free of charge to students attending University of Hawaii System campuses is part of an appropriate public health and education equity strategy that addresses economic disparities.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 27, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, 1 (Garcia). Excused, 2 (Quinlan, Todd).

SCRep. 2167 Higher Education & Technology on S.C.R. No. 79

The purpose of this measure is to urge the University of Hawaii to convene a working group to create a plan for the establishment of a maritime college and to establish a maritime college.

Your Committee received testimony in support of this measure from the Inlandboatmen's Union of the Pacific Hawaii Region and International Longshore & Warehouse Union Local 142. Your Committee received comments on this measure from the University of Hawaii'i System.

Your Committee finds that the maritime industry is an important part of the State's critical supply chain and building capacity in the port, maritime, and marine workforce will bring added stability to resources the State depends upon. There is no maritime college in the State and maritime workers must leave the State for training in licensed and unlicensed maritime career pathways.

Your Committee further finds that the University of Hawaii has emerged as a leader in ocean-based education and research and adding an ocean-based workforce development program is a practical addition to this work. The establishment of a maritime college as part of the University of Hawaii System would encourage the development of a local workforce in maritime and related marine industries.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 79, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Quinlan, Todd).

SCRep. 2168 Higher Education & Technology on S.C.R. No. 137

The purpose of this measure is to request the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to convene a working group to evaluate updating its cooperative extension sites and to submit a report to the Legislature regarding its work.

Your Committee received testimony in support of this measure from the University of Hawaii'i at Mānoa College of Tropical Agriculture and Human Resources and Hawaii'i Farm Bureau.

Your Committee finds that modern agricultural research, extension, and education facilities provide the foundation for cutting-edge research and applied science solutions that address climate change, agricultural profitability, food safety, biosecurity, nutrition, and food security. Despite the recognized importance of these facilities and the work they pursue, the College of Tropical Agriculture and Human Resources is facing unprecedented infrastructure challenges due to years of underinvestment and deferred maintenance. Your Committee further finds that convening a working group to evaluate updating the college's extension sites will help to identify investments that will in turn spur new economic opportunities and innovations for farmers, ranchers, and producers across the State.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 137, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Quinlan, Todd).

SCRep. 2169 Higher Education & Technology on S.C.R. No. 179

The purpose of this measure is to urge Congress to begin a discussion considering the benefits and risks of artificial intelligence technologies.

Your Committee received testimony in support of this measure from one individual.

Your Committee finds that artificial intelligence has the potential to revolutionize the way individuals live, work, and interact with each other. Rapid advancements in artificial intelligence technology mean machines are becoming smarter and more autonomous. Potential dangers of artificial intelligence include the potential loss of jobs due to automation, the risk of bias and discrimination being perpetuated based on programming decisions, privacy and security concerns, and the risk of unintended consequences. Your Committee further finds that it would be prudent for Congress to begin an analysis of the risks and benefits associated with artificial intelligence technology and its use in the public sector.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 179 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 9. Noes, none. Excused, 2 (Quinlan, Todd).

SCRep. 2170 Higher Education & Technology on S.C.R. No. 185

The purpose of this measure is to urge the Executive Office on Aging to work with the Hawaii Broadband and Digital Equity Office, Hawaii Broadband Hui, and AARP Hawaii'i to develop a standard training workshop for kupuna and caregivers on how to select and purchase appropriate broadband connectivity equipment and audiovisual equipment to access telehealth services.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; and State Council on Developmental Disabilities. Your Committee received comments on this measure from the Executive Office on Aging.

Your Committee finds that telehealth and online doctor visits can increase access to health care for vulnerable populations. However, technologies to increase health care access are limited in rural areas of the State and for kupuna who lack familiarity with digital access options. A standard training workshop for kupuna and caregivers on selecting, purchasing, and operating equipment to enhance connectivity would enhance the availability of telehealth services to those most in need.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 185, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Quinlan, Todd).

SCRep. 2171 Transportation on S.C.R. No. 98

The purpose of this measure is to urge the Department of Transportation, Department of Accounting and General Services, and Hawaii State Energy Office to collaborate to develop, implement, administer, and manage various transportation system programs at public facilities that include but are not limited to construction or conversion of parking stalls to accommodate electric vehicle charging, secure bicycle storage lockers, and parking stall sharing between public employees.

Your Committee received testimony in support of this measure from the Department of Transportation, Climate Protectors Hawai'i, and Hawaii Bicycling League. Your Committee received comments on this measure from the Department of Accounting and General Services and Hawaii State Energy Office.

Your Committee finds that Hawaii residents pay among the highest cost to commute in the country due to increasingly expensive fossil fuels and lack of cheaper transit options. Your Committee therefore finds that ensuring future access to electric vehicle charging stations and secure bicycle storage in public facilities will encourage the use of electric vehicles and bicycles, thereby reducing the cost of transportation for public employees and residents of public housing.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 98, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2172 Transportation on S.C.R. No. 62

The purpose of this measure is to request the Department of Transportation to create a second access point from Whitmore Village via Saipan Drive to Kamehameha Highway to alleviate traffic on Whitmore Avenue.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that the population of Whitmore Village has increased by almost one thousand residents between 2000 and 2020. Further, Whitmore Village is also the site of the Naval Computer and Telecommunications Area Master Station Pacific and National Security Agency Hawaii, in addition to agricultural lands that are being developed for food production. Despite the increase of economic activity in the area, there is only one ingress and egress from Whitmore Village to Kamehameha Highway, creating traffic congestion within Whitmore Village. Your Committee therefore finds that if the Department of Transportation creates a second access point from Whitmore Village, this will help to alleviate traffic congestion and provide additional relief and traffic mitigation for those who work and reside there.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 62, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2173 Transportation on S.C.R. No. 170

The purpose of this measure is to urge the Department of Transportation to establish a working group to evaluate options that provide additional air service to remote and underserved communities across the State.

Your Committee received testimony in support of this measure from the Department of Transportation, Hawaii Tourism Authority, State Council on Developmental Disabilities, and Arc of Maui County.

Your Committee finds that as an island state, Hawaii is reliant upon air travel to ensure residents and tourists have timely transportation options to navigate between islands. However, since January 2021, only one passenger airline has provided service to the general public out of Molokai Airport. Your Committee further finds that the limited service between Molokai Airport and other destinations has led to costly ticket prices and limited flights, leaving many residents who travel for essential reasons such as work, medical appointments, and family stranded without a way to and from Molokai. Your Committee therefore finds that this measure seeks to find ways to address ongoing limited air travel issues in underserved and rural communities across the State and provide residents with affordable, consistent options.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 170 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2174 Transportation on S.C.R. No. 73

The purpose of this measure is to request the Department of Transportation to conduct an assessment report to evaluate the feasibility and practicality of implementing higher levels of commercial general liability insurance for the general aviation industry and helicopter operations at airports in the State.

Your Committee received testimony in support of this measure from the United States Congressman Ed Case, Blue Hawaiian Helicopters, and AeroPlex Group Partners. Your Committee received comments on this measure from the Department of Transportation.

Your Committee finds that the general aviation industry and operation of helicopters in a safe manner is of paramount importance to the State. Your Committee further finds that higher levels of required commercial general liability insurance may be associated with increased private sector incentives to adopt national or worldwide best practices. Your Committee therefore finds that this measure provides an opportunity for the Department of Transportation to collect valuable data to ensure the general aviation industry, particularly helicopters, hold sufficient levels of general liability insurance for the safety of operators and passengers.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 73 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2175 Transportation on S.C.R. No. 31

The purpose of this measure is to urge the Department of Transportation to construct an all-way crosswalk along the cross-streets of Kahualii Street, Waipio Point Access Road, and Farrington Highway.

Your Committee received testimony in support of this measure from the Department of Education, Department of Transportation, Ulupono Initiative, and five individuals.

Your Committee finds that pedestrian safety is an important issue for all communities in Hawaii and the crosswalk adjacent to Waipahu High School is of particular concern because of the many students who walk to and from school. The area surrounding Waipahu High School is heavily congested with pedestrians who are overflowing the pedestrian island in the morning when school begins and, in the afternoon, when school ends. Your Committee further finds that the construction of an all-way crosswalk or pedestrian scramble is an effective method of reducing the chance of vehicles and pedestrians colliding.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 31 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2176 Transportation on S.C.R. No. 106

The purpose of this measure is to urge the Department of Transportation and Department of Transportation Services of the City and County of Honolulu to construct elevated crosswalks along Meheula Parkway near Mililani High School.

Your Committee received testimony in support of this measure from the Department of Transportation and Ulupono Initiative.

Your Committee finds that there are several high-traffic roadways around Mililani High School that pose a significant risk to students who walk to and from school. Your Committee further finds that raised crosswalks help make pedestrians more visible to drivers and can reduce the likelihood of vehicular collisions.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 106 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2177 Transportation on S.C.R. No. 93

The purpose of this measure is to request the Department of Transportation, in coordination with the Department of Transportation Services of the City and County of Honolulu, to install speed bumps and other traffic calming structures on Ala Aolani Street in Moanalua Valley and other surrounding streets deemed appropriate to deter speeding.

Your Committee received testimony in support of this measure from the Department of Transportation.

Your Committee finds that Moanalua Valley is a residential area that is home to several thousand residents and also includes a golf course, neighborhood park, hiking trail, and nearby entrance and exit to Interstate H-201. Ala Aolani Street is the main roadway in the area and is utilized and shared by pedestrians, bicyclists, and drivers. Recently many people have expressed concerns about speeding on this street. Your Committee therefore finds that the installation of traffic calming methods will help regulate speeding in this area.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 93 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2178 Transportation on S.C.R. No. 150

The purpose of this measure is to request the counties to update the design and format of vehicle registration plates in response to growing electric vehicle and hybrid vehicle sales.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that electric vehicle adoption is growing exponentially, with many major car manufacturers phasing out gasoline-powered cars completely by 2035. Additionally, hybrid vehicle sales have been increasing as consumers view these vehicles as a convenient middle ground between conventional gasoline-powered vehicles and electric vehicles. At the current pace of electric vehicle sales, the existing electric vehicle license plate scheme will last for only five years. Your Committee further finds that updating the present license plate schemes is necessary to accommodate shifting trends toward electric, hybrid, and gasoline-powered vehicle sales in the State. Your Committee therefore finds that this measure will allow the State to effectively manage the distribution and circulation of license plates as consumer trends in the automotive industry rapidly change.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 150 and recommends that it be referred to your Committee on Judiciary & Hawaiian Affairs.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2179 Transportation on S.C.R. No. 59

The purpose of this measure is to urge the State of Hawaii, City and County of Honolulu, federal entities, and private land owners to work together to immediately open the section of the Waianae Coast Emergency Access Road extending Paakea Road out to Lualualei Naval Road for public use on a permanent basis.

Your Committee received testimony in support of this measure from the Department of Transportation and five individuals.

Your Committee finds that Farrington Highway is the main route of travel for communities of the Leeward Coast of Oahu and it is the only public highway that leads into and out of the region. Farrington Highway has experienced lane closures or complete shutdowns on numerous occasions due to traffic accidents,

severe weather, and construction work. Your Committee further finds that the system of roads known as the Waianae Coast Emergency Access Road consists of gated roads and can be opened when deemed necessary or when requested by the Honolulu Police Department. Your Committee therefore finds that it is critical for this alternate route to be opened permanently to alleviate traffic and improve public safety.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 59 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2180 Transportation on S.C.R. No. 145

The purpose of this measure is to request the Department of Transportation to study the feasibility and advisability of eliminating the State's safety inspection requirements for motor vehicles.

Your Committee received testimony in support of this measure from the Department of Transportation and two individuals. Your Committee received comments on this measure from the Grassroot Institute of Hawaii.

Your Committee finds that motor vehicle safety inspections are a tool designed to ensure all motor vehicles meet minimum safety standards. Currently, it is unclear whether the costs of overseeing and enforcing motor vehicle safety inspections are justified by the benefits of inspection, as vehicle component failure is a factor in a very small percentage of motor vehicle accidents in the State and nationally. Other factors, such as alcohol, speed, and distracted driving, are the leading causes of fatal traffic accidents in the State. Your Committee therefore finds that a study should be conducted to determine the feasibility of eliminating the State's safety inspection requirements while also looking at alternatives to ensure the safety of all roadway users.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 145, S.D. 1, and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2181 Water & Land on S.C.R. No. 52

The purpose of this measure is to request the convening of a Sunset Memorial Park Working Group to:

- (1) Study potential solutions for the legal and physical situation at Sunset Memorial Park and make recommendations for a long-term management plan; and
- (2) Follow up with the Department of Commerce and Consumer Affairs on any developments since the enactment of Act 193, Session Laws of Hawaii 2018, regarding the development of short-term and long-term strategies for the upkeep, repair, and maintenance of Sunset Memorial Park.

Your Committee received testimony in support of this measure from Pearl City Neighborhood Board No. 21. Your Committee received comments on this measure from the Department of Commerce and Consumer Affairs.

Your Committee finds that the company that owned Sunset Memorial Park involuntarily dissolved in 2006 and the company's owner passed away in 2011, leaving the property in legal limbo. As a result, Sunset Memorial Park has been in a state of disrepair and deterioration for many years, with little to no relief for the loved ones of those buried there.

Your Committee has amended this measure by:

- (1) Requesting the Department of Commerce and Consumer Affairs to prepare the report of the Sunset Memorial Park Working Group to be submitted to the Legislature and provide any necessary administrative support to the Working Group; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 52, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 52, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Ganaden).

SCRep. 2182 Human Services on S.C.R. No. 6

The purpose of this measure is to request that the Department of Human Services Med-QUEST Division expand the types of qualified providers allowed to provide lactation consultant services for the Medicaid population of the State.

Your Committee received testimony in support of this measure from Lactation Access Transforming Communities in Hawai'i, Hawai'i Public Health Institute, The Academy of Lactation Policy and Practice, Hawai'i Medical Service Association, and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) P2 Line 24-25 remove "expand the types of qualified providers,;"
P2 line 28 remove "credential" and replace with "expand access to" and;
P2 Line 29-30 delete "or Certified Lactation Counselor certification"

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 6, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Consumer Protection & Commerce in the form attached hereto as S.C.R. No. 6, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 3 (Belatti, Nishimoto, Garcia).

SCRep. 2183 Human Services on S.C.R. No. 51

The purpose of this measure is to request the Department of Human Services to immediately cease intercepting Social Security payments for children in foster care and to deposit these Social Security payments into savings accounts that may be accessed by foster children when they return to their families, are adopted, or age out of foster care.

Your Committee received testimony in support of this measure from Children's Advocacy Institute, and one individual. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 51 and recommends that it be referred as is to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 2184 Human Services on S.C.R. No. 88

The purpose of this measure is to request the Office of Wellness and Resilience establish the Malama Ohana Working Group to identify, design, and recommend transformative changes to the Child Welfare System.

Your Committee received testimony in support of this measure from Hawai'i Youth Services Network and the Office of Wellness and Resilience. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 88 and recommends that it be referred as is to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 2185 Human Services on S.C.R. No. 132

The purpose of this measure is to request The Department of Human Services' Med-Quest Division to take steps necessary to ensure that adequate provider rates are established for Applied Behavior Analysis services.

Your Committee received testimony in support of this measure from Behavior Analysis No Ka Oi, Inc., Maui Learning Academy, Hawai'i Association for Behavior Analysis, BAYADA, Council of Autism Service Providers, and twenty-eight individuals. Your Committee received comments on this measure from the Department of Human Services.

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 132 and recommends that it be referred as is to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 2186 Energy & Environmental Protection on S.C.R. No. 135

The purpose of this measure is to request the Legislature to convene a working group with representation from all levels of government to develop a program to phase out the use of perfluoroalkyl and polyfluoroalkyl substances in the State.

Your Committee received testimony in support of this measure from the Makakilo/Kapolei/Honokai Hale Neighborhood Board No. 34, Hawai'i Reef and Ocean Coalition, Climate Protectors Hawai'i, Environmental Caucus of the Democratic Party of Hawai'i, and five individuals. Your Committee received comments on this measure from the Department of Health; Island Energy Services, LLC; and one individual.

Your Committee finds that perfluoroalkyl and polyfluoroalkyl substances (PFAS) are a group of chemicals used to make fluoropolymer coatings and products that resist heat, oil, stains, grease, and water. These "forever chemicals" do not break down in the environment, can move through soils and contaminate drinking water sources, and can bioaccumulate in fish and wildlife.

Your Committee further finds that various PFAS have been detected in soil and groundwater samples across the State that in some samples show levels that may pose a public health concern. While the State's efforts to minimize exposure to PFAS have been focused on locations where PFAS may be concentrated, including military bases, airports, landfills, and wastewater systems, this measure further protects the health and safety of the residents of Hawaii by looking to expand the gradual phasing out of the use of PFAS in all areas in the State.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 135 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 2187 Energy & Environmental Protection on S.C.R. No. 64

The purpose of this measure is to request the Department of Health's Solid Waste Section to investigate strategies for improved waste diversion by working with the counties to address each county's unique needs according to its geography, population, and industry make-up.

Your Committee received testimony in support of this measure from the International Association of Bridge, Structural, Ornamental, and Reinforcing Iron Workers Local Union No. 625; Iron Workers Stabilization Fund; and three individuals. Your Committee received comments on this measure from the Department of Health, Hawai'i Reef and Ocean Coalition, and Climate Protectors Hawai'i.

Your Committee finds that each county has autonomy in negotiating, collecting, recycling, reusing, or disposing of waste within the county in a manner that reflects the county's unique needs. Additionally, the State's role in waste processing is to integrate the counties' goals and provide a framework for what counties should accomplish, as well as to recognize challenges that each county faces. This measure encourages further collaborative efforts to reduce landfill waste in the State.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 64, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 2188 Energy & Environmental Protection on S.C.R. No. 77

The purpose of this measure is to request the Hawaii State Energy Office to conduct a study to determine the extent to which owners of multiple properties that are places of public accommodation within the State aggregate their required electric vehicle charging parking spaces and choose to designate and provide electrified parking spaces in a county that is not the same county where the majority of their parking spaces are located.

Your Committee received testimony in support of this measure from three individuals. Your Committee received comments on this measure from the Hawaii State Energy Office and Retail Merchants of Hawaii.

Your Committee finds that existing law requires that places of public accommodation with at least one hundred parking spaces have at least one parking space fitted with an electric vehicle charging system. Additionally, the law provides owners of multiple parking facilities within the State the option to aggregate the required spaces to a single location. This measure ensures a more equitable adoption of electric vehicle infrastructure for each county and reduces a major barrier to potential owners of electric vehicles across the State.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 77 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 2189 Labor & Government Operations on S.C.R. No. 87

The purpose of this measure is to request the Department of Accounting and General Services to provide menstrual products at no cost in state buildings under the jurisdiction of the Department of Accounting and General Services that are open to the public and contain public restrooms.

Your Committee received testimony in support of this measure from the Judiciary, State Council on Developmental Disabilities, PERIOD., Ma'i Movement Hawai'i, 'Ahahui o nā Kauka, and twelve individuals. Your Committee received comments on this measure from the Department of Accounting and General Services.

Your Committee finds that, as used in this measure, period poverty refers to individuals who are unable to buy and access menstrual products due to factors such as financial constraints, lack of menstrual health education, feelings of societal shame or stigma surrounding menstruation, and inadequate access to clean facilities to maintain property hygiene. Your Committee further finds that this measure is intended to address period poverty by helping members of the public access essential hygiene products that they may not otherwise have, thereby providing equitable access to public facilities and reducing barriers at state buildings.

Your Committee has amended this measure by:

- (1) Requesting that the Department of Accounting and General Services maintain signage in all restrooms of those covered public buildings without a gender-neutral restroom where free menstrual products are provided in at least one men's restroom, indicating the location of free menstrual products; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 87, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 87, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Matayoshi, Sayama, Alcos).

SCRep. 2190 Labor & Government Operations on S.C.R. No. 117

The purpose of this measure is to request the Department of Labor and Industrial Relations to conduct a study of the exemptions to Hawaii's minimum wage law.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Democratic Party of Hawaii Labor Caucus, Imua Alliance, Democratic Party of Hawai'i Education Caucus, and one individual.

Your Committee finds that the exemptions to Hawaii's minimum wage law, including the exemptions from the definition of "employee" in section 387-1, Hawaii Revised Statutes, should be evaluated to determine if modifications are appropriate to ensure that working families are able to meet their basic needs as Hawaii's high cost of living continues to increase.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 117 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Matayoshi, Sayama, Alcos).

SCRep. 2191 Labor & Government Operations on S.C.R. No. 120

The purpose of this measure is to request the Department of Labor and Industrial Relations, in collaboration with the Department of Business, Economic Development, and Tourism and University of Hawaii, to collect data relating to the Development of an information technology workforce in Hawaii, evaluate the collected data, and develop a strategy to provide better information technology training.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations. Your Committee received comments on this measure from the University of Hawaii.

Your Committee finds that the information technology industry is crucial to the State of Hawaii's economic growth and diversifying our workforce to better suit the global economy. Moreover, the demand for such employees exceeds the supply as the information technology sector is needed in a wide range of industries. Your Committee recognizes that one of the drivers in building a robust workforce is to first have up to date data to highlight the areas where the State needs to improve programs and education. This measure would help the State to improve the workforce development program to allow for a thriving information technology industry pool of employees.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 120, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 4. Noes, none. Excused, 3 (Matayoshi, Sayama, Alcos).

SCRep. 2192 Agriculture & Food Systems on S.C.R. No. 46

The purpose of this measure is to request the Department of Agriculture to convene a Feral Game Mammal Working Group to find, solicit, and distribute grants for the control of feral game mammals to address the environmental, health, and safety concerns that they pose in the State.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that feral game mammals threaten the integrity and health of Hawaii's fragile environment. Feral goats, sheep, pigs, and axis deer accelerate erosion, spread weeds and diseases, and uproot native plants and agricultural crops.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 46 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 2193 Agriculture & Food Systems on S.C.R. No. 92

The purpose of this measure is to request the Department of Agriculture, Department of Land and Natural Resources, Department of Health, City and County of Honolulu, and County of Hawaii to collaborate to establish and implement a five-year pilot program to mitigate and control the significant increase in the population of feral chickens, roosters, and pigs.

Your Committee did not receive any written testimony on this measure.

Your Committee finds the populations of feral chickens and pigs, which present numerous hazards and nuisances to communities and farms across Hawaii, must be controlled.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 92 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 2194 Agriculture & Food Systems on S.C.R. No. 109

The purpose of this measure is to urge the Department of Agriculture to:

- (1) Designate Kunia, Leilehua Plateau, and Poamoho as the Central Oahu Agricultural Corridor; and
- (2) Establish a list prioritizing potential agricultural infrastructure improvement projects that would provide the most value to the State when considering certain factors.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that creating the Central Oahu Agricultural Corridor and prioritizing infrastructure improvement projects would have positive short-term and long-term impacts and could be valuable steps toward the State's goal to double local food production by 2030.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 109 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 2195 Agriculture & Food Systems on S.C.R. No. 110

The purpose of this measure is to urge the University of Hawaii West Oahu to establish baccalaureate degree programs in agricultural technology, food science, and education.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that by expanding its degree offerings, the University of Hawaii West Oahu would better provide its students with the tools they need to thrive in the twenty-first century job market while also supporting the growth and development of Hawaii's agricultural economy and food systems.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 110, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 2196 Agriculture & Food Systems on S.C.R. No. 138

The purpose of this measure is to request the Department of Agriculture to:

- (1) Study organic pesticides that are currently licensed or authorized for use in the State; and
- (2) Find organic pesticides that are not currently licensed or authorized for use, or otherwise prohibited, in the State, and test those organic pesticides for authorized use in the State.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that in recent years, organic pesticides have emerged as a popular alternative to conventional synthetic pesticides. Your Committee further finds that organic pesticides bolster Hawaii's agricultural sustainability while minimizing lasting environmental effects.

As affirmed by the record of votes of the members of your Committee on Agriculture & Food Systems that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 138 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Perruso).

SCRep. 2197 Health & Homelessness on S.C.R. No. 112

The purpose of this measure is to request the Hawaii State Center for Nursing to convene a working group to study the feasibility and impact of the state adopting the nurse licensure compact.

Your Committee received testimony in support of this measure from The Queen's Health System, the Hawaii Medical Service Association, and the Healthcare Association of Hawaii. Your Committee received testimony offering comments on this measure from the Board of Nursing, Hawaii State Center for Nursing, Grassroot Institute of Hawaii, and one individual.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 112 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

SCRep. 2198 Health & Homelessness on S.C.R. No. 42

The purpose of this measure is to request the Blood Bank of Hawaii to expedite the process of removing the deferral for individuals previously considered to be exposed to Creutzfeldt-Jakob Disease and variant Creutzfeldt-Jakob Disease.

Your Committee received testimony in support of this measure from one individual.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 42 and recommends that it be referred to your Committee on Consumer Protection & Commerce.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

SCRep. 2199 Health & Homelessness on S.C.R. No. 32

The purpose of this measure is to request the Disability and Communication Access Board to convene an American Sign Language interpreter workforce working group.

Your Committee received testimony in support of this measure from the Department of Education, the Office of Language Access, and the Hawaii Disability Rights Center. Your Committee received testimony offering comments on this measure from the Disability and Communication Access Board.

Your committee recommends that when the working group is convened, the Disability and Communication Access Board invite the Office of Language Access to participate as a member.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 32, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

SCRep. 2200 Health & Homelessness on S.C.R. No. 44

The purpose of this measure is to urge the Hawaii Emergency Management Agency to include all live and recorded emergency alert system video broadcasts, an on-screen interpreter disseminating the emergency information in American Sign Language at all times.

Your Committee received testimony in support of this measure from the Hawaii Disability Rights Center and one individual.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 44, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

SCRep. 2201 Culture, Arts & International Affairs on S.C.R. No. 148

The purpose of this measure is to request the State Foundation on Culture and the Arts to establish a Museum of Modern Hawaii History Task Force.

Your Committee received testimony in support of this measure from the Judiciary, Department of Accounting and General Services, and State Foundation on Culture and the Arts.

Your Committee finds that the State has made national and global impact with groundbreaking public policy. Your Committee further finds that other institutions in the State share the histories and stories of Hawaii's history before the modern era, such as the Bernice Pauahi Bishop Museum, Iolani Palace, King Kamehameha V Judiciary History Center, and State Archives. Your Committee therefore finds that as history serves as a dialogue between past and present, this measure provides an additional opportunity for the State to share its history and story of the modern era with the world.

Your Committee has amended this measure by:

- (1) Changing the dissolution date of the task force to at will; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 148, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 148, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Sayama).

SCRep. 2202 Culture, Arts & International Affairs on S.C.R. No. 175

The purpose of this measure is to encourage the State to build a partnership with the Kingdom of the Netherlands and collaborate on similar, shared challenges and goals.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, & Tourism.

Your Committee finds that the Netherlands is a northwestern European country notable for its economic, cultural, and ecological contributions to world history. The Netherlands serve as a model for the State in promoting local farms by its innovative and productive agricultural practices, as well as pioneering transportation solutions that have reduced costs, curbed emissions, and improved safety. Your Committee therefore finds that this measure encourages the creation of a partnership with the Netherlands to provide a foundation for cross-cultural exchange, opportunities to learn, and collaborative partnerships.

Your Committee has amended this measure by:

- (1) Adding the Governor as a recipient of a certified copy; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 175, S.D. 1, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 175, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Sayama).

SCRep. 2203 Culture, Arts & International Affairs on S.C.R. No. 100

The purpose of this measure is to request the State Foundation on Culture and the Arts to collaborate with the Office of Veterans' Services to plan and construct memorials to honor the sacrifices and contributions of veterans from Hawaii.

Your Committee received testimony in support of this measure from the Department of Defense, Hawaii Air National Guard, Office of Veterans' Services, Hawai'i Army National Guard, and one individual. Your Committee received comments on this measure from the State Foundation on Culture and the Arts.

Your Committee finds that the freedom and security that United States citizens enjoy today are direct results of the sacrifices and continued vigilance of the United States armed forces over the course of the nation's history. Your Committee further finds that public memorials are an important form of recognition for veterans and military personnel. Your Committee therefore finds that this measure recognizes the sacrifices of veterans from Hawaii who have dedicated their lives to the freedom and security of the United States.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 100, as amended herein, and recommends that it be referred to your Committee on Finance in the form attached hereto as S.C.R. No. 100, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 5. Noes, none. Excused, 2 (Sayama, Alcos).

SCRep. 2204 Culture, Arts & International Affairs on S.C.R. No. 178

The purpose of this measure is to encourage local companies and industry partners to participate in the 2023 Asia-Pacific Economic Cooperation Events in Seattle and San Francisco.

Your Committee received testimony in support of this measure from one individual. Your Committee received comments on this measure from the Department of Business, Economic Development, & Tourism.

Your Committee finds that the Asia-Pacific Economic Cooperation (APEC) is a regional economic forum established in 1989 that aims to create greater prosperity by promoting sustainable, innovative, and secure growth and accelerating regional economic integration. For 2023, APEC events will be held in Seattle, Washington, to host the APEC Ministerial and United States Senior Official Meetings, and in San Francisco, California, to host the summit meetings. Your Committee further finds that the participation of local companies and industry partners in the 2023 APEC Events will expand Hawaii's international ties and further develop connections in the Asia-Pacific region to provide economic prosperity for Hawaii's people.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 178, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.
Ayes, 6. Noes, none. Excused, 1 (Sayama).

SCRep. 2205 Culture, Arts & International Affairs/Energy & Environmental Protection on S.C.R. No. 176

The purpose of this measure is to encourage the State's collaboration with sister-states on global environmental leadership.

Your Committees received testimony in support of this measure from the Department of Business, Economic Development, & Tourism; Blue Planet Foundation; Hawai'i Reef and Ocean Coalition; and Climate Protectors Hawai'i. Your Committees, received testimony in opposition to this measure from one individual.

Your Committees find that Act 97, Session Laws of Hawaii 2015, set a goal for the State to achieve one hundred percent renewable energy by 2045; and Act 15, Session Laws of Hawaii 2018, established a zero emissions clean economy target to sequester more carbon emissions than are produced annually by 2045. Your Committees additionally find that under other agreements such as the Under2 Coalition Memorandum of Understanding, United States Climate Alliance, and Paris Agreement, the State has further committed to its clean energy and sustainability goals. This measure encourages the State to also collaborate with sister-states on global environmental leadership and global meetings to learn about innovative solutions for climate change, build a clean economy, and expand environmental protections.

As affirmed by the records of votes of the members of your Committees on Culture, Arts & International Affairs and Energy & Environmental Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 176, S.D. 1, and recommend that it be referred to your Committee on Finance.

Signed by the Chairs on behalf of the Committees.
Culture, Arts & International Affairs: Ayes, 6. Noes, none. Excused, 1 (Sayama).
Energy & Environmental Protection: Ayes, 4. Noes, none. Excused, 3 (Gates, Perruso, Ward).

SCRep. 2206 Education on S.C.R. No. 40

The purpose of this measure is to request the Department of Education, in collaboration with the Honolulu Police Department, to establish and operate a Junior Police Pilot Program.

Your committee received comments from the Department of Education and testimony in support from two individuals.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 40, S.D. 1, and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Kapela, Perruso). Noes, none. Excused, 3 (Matayoshi, Quinlan, Todd).

SCRep. 2207 Education on S.C.R. No. 56

The purpose of this measure is to request the Board of Education to review various programs and subject matter areas for implementation in public schools.

Your committee received testimony in support from one individual.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 56 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 8; Ayes with Reservations (Garcia). Noes, none. Excused, 3 (Matayoshi, Quinlan, Todd).

SCRep. 2208 Housing on S.C.R. No. 30

The purpose of this measure is to request each county to adopt an ordinance requiring, as a condition of its approval of a subdivision or issuance of a building permit for any new structure or unit within a structure, the subdivider or developer to obtain assurance of mail delivery to each parcel.

Your Committee did not receive any written testimony on this measure.

Your Committee finds that certain property development projects in the State lack a sufficient number of post office boxes and cluster box units to serve all residents in rural areas. This causes residents to have to drive over an hour to retrieve their mail from family or friends residing within the United States Postal Service's service area. Your Committee further finds that existing county ordinances do not require subdividers or developers to ensure that each lot, parcel, structure, or unit of a structure located within a subdivision or development project has a street address and mailbox. This measure seeks to ensure that all residents are able to receive mail at their place of residence rather than through other, inconvenient means.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 30, S.D. 1, and recommends that it be referred to your Committee on Water & Land.

Signed by the Chair on behalf of the Committee.

Ayes, 4; Ayes with Reservations (Kila). Noes, 2 (Evslin, Onishi). Excused, 3 (Marten, Todd, Matsumoto).

SCRep. 2209 Housing on S.C.R. No. 151

The purpose of this measure is to reaffirm the commitment to increase the State's affordable housing stock by not allocating special purpose revenue bonds and discouraging the use of special purpose revenue bonds.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that special purpose revenue bonds allow non-governmental entities serving a public purpose to use the name of the State to sell bonds whose interests are exempt from federal and state taxation. Your Committee further finds that while there is no aggregate ceiling on the amount of special purposes revenue bonds that the State can issue, private activity bonds, which are used in conjunction with the Low-Income Housing Tax Credit Program, have a volume cap that is determined by the Internal Revenue Service each year. Your Committee notes that even though special purpose revenue bonds have no cap, some are subject to the private activity bond volume cap, hindering the State's ability to build affordable housing. In recognition that certain special purpose revenue bonds can divert much needed private activity bonds that can address the State's housing crisis, the Legislature enacted Act 182, Session Laws of Hawaii 2022, which, among other things, established a moratorium on the issuance of special purpose revenue bonds unless requested by the Governor. Your Committee believes that it is important to reaffirm the State's commitment to build more affordable housing by not issuing special purposes revenue bonds, as a reminder of the severe housing crisis the State is experiencing.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 151 and recommends that it be referred to your Committee on Finance.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Marten, Todd, Matsumoto).

SCRep. 2210 Human Services on S.C.R. No. 55

The purpose of this measure is to urge Hawaii's Congressional Delegation to introduce and support legislation to amend title IV-A of the Social Security Act to allow Temporary Assistance for Needy Families funds to be used by states to build transitional supportive housing and affordable rental housing.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development & Tourism-Hawai'i Housing Finance and Development Corporation, AARP Hawai'i, Hawai'i Substance Abuse Coalition, and one individual. Your Committee received comments on this measure from the Department of Human Services.

Your Committee has amended this measure by:

- (1) Page 2 Line 14 " funds to be used" to be stricken and replaced with, "funds to be redirected to the Department of Housing and Urban Development to be used".

As affirmed by the record of votes of the members of your Committee on Human Services that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 55, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 55, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Nishimoto, Garcia).

SCRep. 2211 Higher Education & Technology on S.C.R. No. 74

The purpose of this measure is to request the Hawaii Broadband and Digital Equity Office to increase access to wi-fi in public parks throughout the State.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism.

Your Committee finds that the State has identified strengthening digital equity as a critical strategy in the development of a modern economy and public parks are a convenient and appropriate venue to accommodate digital access.

As affirmed by the record of votes of the members of your Committee on Higher Education & Technology that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 74 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 9. Noes, none. Excused, 2 (Quinlan, Todd).

SCRep. 2212 Transportation on S.C.R. No. 7

The purpose of this measure is to urge the City and County of Honolulu to improve access of TheBus in Oahu's rural communities.

Your Committee received testimony in support of this measure from the Disability and Communication Access Board, Malama Makua, and two individuals.

Your Committee finds that many people with disabilities rely on accessible public transit to participate in education, employment, health care, housing, and community life. Lack of accessible transportation is a significant barrier to community participation for many people with disabilities. Your Committee further finds that people living in rural areas face additional transportation barriers, such as longer travel distances and limited public transit options. Your Committee therefore finds that this measure focuses on improving public transit in Oahu's rural communities.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 7 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2213 Transportation on S.C.R. No. 33

The purpose of this measure is to urge the counties to implement and enforce regulations that ensure car sharing services and operations do not negatively impact the traffic, parking, and character of residential neighborhoods.

Your Committee received comments on this measure from Turo Inc.

Your Committee finds that it is important to ensure that car sharing operations do not negatively impact residential neighborhoods, that residents' rights are protected, and that these operations comply with local zoning and business ordinances. Your Committee further finds that persons utilizing car sharing platforms may conduct business from their personal residence, creating traffic, noise, and safety concerns within neighborhoods. Your Committee therefore finds that this measure urges greater accountability and oversight of car sharing platforms to preserve the character of residential neighborhoods.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 33, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2214 Transportation on S.C.R. No. 193

The purpose of this measure is to request the City and County of Honolulu to relocate the bus turnaround off Makau Street to Keaau Beach Park or the surrounding area.

Your Committee received testimony in support of this measure from numerous individuals.

Your Committee finds that Makau Street is located in a residentially zoned neighborhood in Waianae, Oahu, situated between the world famous Makaha Beach Park to the south and Keaau Beach Park to the north. Currently two public bus routes that service the area pass through Makau Street, a narrow, unmarked two-way street encompassed by curbside parking on both sides, which can require pedestrians to enter the street to bypass parked cars. Your Committee further finds that in addition to near accidents from speeding buses, Makau Street experienced approximately thirteen water main breaks. Your Committee therefore finds that this measure seeks to address safety and infrastructure concerns near Makau Street and alleviate ongoing issues in the area.

As affirmed by the record of votes of the members of your Committee on Transportation that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 193, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 8. Noes, none. Excused, 1 (Todd).

SCRep. 2215 Judiciary & Hawaiian Affairs on S.C.R. No. 204

The purpose of this measure is to strongly urge the Supreme Court of the United States to adopt a formal ethics code for the Justices.

Your Committee received testimony in support of this measure from two individuals.

Your Committee finds that in *Caperton v. A. T. Massey Coal Co.*, 556 U.S. 868 (2009), Justice Kennedy, writing for the court, stated that, "[judicial] codes of conduct serve to maintain the integrity of the judiciary and the rule of law". The code of conduct for United States judges is a set of ethical principles and guidelines adopted by the Judicial Conference of the United States and includes specific rules about ethics, integrity, and appearances of impropriety relating to outside business and political activities and the acceptance of gifts. The Judicial Conference, which promulgated the code of conduct, does not have the authority to bind the Supreme Court of the United States. Therefore, the nine justices of the Supreme Court of the United States are not bound by any code of conduct. This measure urges the Supreme Court of the United States to adopt a code of conduct, which will promote openness, transparency, and trust in the judicial system.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 204 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 3 (Hashimoto, Ichiyama, Ilagan).

SCRep. 2216 Energy & Environmental Protection on S.C.R. No. 82

The purpose of this measure is to support the Hawaii State Energy Office in establishing an integrated Hawaii Pacific Hydrogen Hub.

Your Committee received testimony in support of this measure from the Department of Business, Economic Development, and Tourism; University of Hawai'i System; Hawaii State Energy Office; Hawaii Technology Development Corporation; Servco Pacific Inc.; Hawai'i Gas; International Brotherhood of Electrical Workers Local 1260; and two individuals.

Your Committee finds that hydrogen energy has potential to serve as a source of clean, firm, dispatchable power and a method of energy storage, offering another pathway for decarbonization of the industrial sector and enabling energy security for critical infrastructure. This measure supports the efforts of the Hawaii State Energy Office in pursuing the establishment of a Hawaii Pacific Hydrogen Hub, which could provide greater energy security for the residents of Hawaii through the local production, processing, transport, storage, and use of clean hydrogen.

As affirmed by the record of votes of the members of your Committee on Energy & Environmental Protection that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 82, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Ward).

SCRep. 2217 Labor & Government Operations on S.C.R. No. 121

The purpose of this measure is to urge the Department of Labor and Industrial Relations to identify state job classifications for which a degree or career and technical education certificate from a community college may substitute for an associate of arts degree.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Hawai'i State Teachers Association and Hawai'i P-20 Partnerships for Education.

Your Committee finds that a Career and Technical Education (CTE) Certificate not only provides academic and technical skills but training that allows for success in future careers; Additionally, a CTE very closely resembles an Associate of Arts (AA) degree and that community college CTE programs are beneficial options for individuals who are from economically disadvantaged families, individuals experiencing homelessness and others who might otherwise be underemployed or unemployed. This measure supports and buoys these individuals and offers another avenue of education and thus future job positions.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 121, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Matayoshi, Sayama, Alcos).

SCRep. 2218 Labor & Government Operations on S.C.R. No. 134

The purpose of this measure is to request the Department of Labor and Industrial Relations to continue to recognize and accept the right of a provider of service to assign the right to participate in a workers' compensation billing dispute to a billing company; review the workers' compensation law for proposed amendments to ensure that service providers may assign the right to negotiate a bill dispute to a billing company; and include the proposed amendments in a report to the Legislature prior to the regular session of 2024.

Your Committee received testimony in support of this measure from the Department of Labor and Industrial Relations, Work Injury Medical Association of Hawaii and one individual.

Your Committee finds that the State has established a precedent of allowing assigned billing review companies to participate in workers' compensation billing disputes regarding prescription medical claims on behalf of the service providers. Your Committee further finds that attempts by service providers to participate in said billing disputes have been denied whereby having adverse results such as refusal to pay legitimate claims, delaying the reasonable return of injured employees to work and a backlog in workers' compensation billing disputes. Your Committee concludes that the State's Workers' Compensation Law are in need of amending to ensure that service providers have the legal right to assign their rights to negotiate a bill dispute to their billing agencies.

As affirmed by the record of votes of the members of your Committee on Labor & Government Operations that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 134, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 4. Noes, none. Excused, 3 (Matayoshi, Sayama, Alcos).

SCRep. 2219 Housing on S.C.R. No. 54

The purpose of this measure is to urge the Hawaii Housing Finance and Development Corporation to promote supportive housing in the State's Low-Income Housing Tax Credit Program.

Your Committee received testimony in support of this measure from the Hawaii Substance Abuse Coalition, Catholic Charities Hawai'i, and one individual. Your Committee received comments on this measure from the Hawaii Housing Finance and Development Corporation.

Your Committee finds that supportive housing combines affordable housing with access to services to help the special needs community live more stable and productive lives. Supportive housing has been demonstrated to decrease high use of emergency services and public systems, ultimately generating significant cost savings to taxpayers.

Your Committee further finds that the Low-Income Housing Tax Credit Program is a major financing tool for the construction or rehabilitation of low-income rental units. The Hawaii Housing Finance and Development Corporation is the administrator for the State of the Low-Income Housing Tax Credit Program and developed a Qualified Allocation Plan that sets forth criteria to evaluate and allocate the Low-Income Housing Tax Credit to certain projects. Your Committee believes it is in the best interest of the State to promote the development of supportive housing under the State's Low-Income Housing Tax Credit Program through an amendment to the Qualified Allocation Plan.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 54 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Marten, Todd, Matsumoto).

SCRep. 2220 Housing on S.C.R. No. 162

The purpose of this measure is to request the Office of Planning and Sustainable Development to convene a multiagency working group to identify sites that have the collective capacity to accommodate ten thousand new homes per year for the next fifty years.

Your Committee received testimony in support of this measure from the Hawaii Housing Finance and Development Corporation and Office of Planning and Sustainable Development.

Your Committee finds that there is a severe shortage of affordable housing in the State. The Hawaii State Planning Act states that the planning for housing shall be directed toward providing greater opportunities for Hawaii's people to secure safe, sanitary, and livable homes in a suitable location and a reasonable price. Your Committee further finds that the Hawaii Housing Finance and Development Corporation, Hawaii Community Development Authority, Hawaii Public Housing Authority, and Office of Planning and Sustainable Development work closely to coordinate the provision of housing. This measure seeks to achieve the Hawaii State Planning Act's goal for housing by requesting a collaborative working group to identify sites that can accommodate a large number of new homes.

As affirmed by the record of votes of the members of your Committee on Housing that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 162, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 3 (Marten, Todd, Matsumoto).

SCRep. 2221 Education on S.C.R. No. 186

The purpose of this measure is to urge the Department of Education and Hawaii Association of Independent Schools to expand the revitalization of the Future Farmers of America and 4-H youth programs to support pathways to agriculture careers in Hawaii.

Your committee received comments from the Department of Education, and testimony in support from Hawaii Food Industry Association, Hawaii Association of Independent Schools, Hawaii Farm Bureau, and one individual.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 186 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Matayoshi, Quinlan, Todd).

SCRep. 2222 Education on S.C.R. No. 34

The purpose of this measure is to urge the Department of Education to create a priority list for repairing public school fire alarm systems.

Your committee received testimony in support from the Department of Education and one individual.

As affirmed by the record of votes of the members of your Committee on Education that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 34, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 8. Noes, none. Excused, 3 (Matayoshi, Quinlan, Todd).

SCRep. 2223 Health & Homelessness on S.C.R. No. 94

The purpose of this measure is to urge retail stores and pharmacies doing business in the state to adopt a policy on a national and local level guaranteeing an individual's unhindered access to all United States Food and Drug Administration approved contraceptives.

Your Committee received testimony in support of this measure from AlohaCare, Planned Parenthood Alliance Advocates, and two individuals. Your Committee received testimony offering comments on this measure from Retail Merchants of Hawaii.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 94, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, 1 (Garcia). Excused, 1 (Mizuno).

SCRep. 2224 Health & Homelessness on S.C.R. No. 107

The purpose of this measure is to urge the City and County of Honolulu's Crisis Outreach Response and Engagement Program to provide regular care and services to individuals experiencing homelessness in the Central Oahu, North Shore, Leeward, and Windward regions of Oahu on a regular rotating schedule.

Your Committee received testimony in support of this measure from two individuals.

As affirmed by the record of votes of the members of your Committee on Health & Homelessness that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 107 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Mizuno).

SCRep. 2225 Consumer Protection & Commerce on S.C.R. No. 28

The purpose of this measure is designate the month of March as Hawaii Kidney Awareness Month.

The Department of Health, Queen's Health System, Chronic Disease Coalition, US Renal Care, Health Association of Hawaii, Hawaii Medical Association, Hawaii Pacific Health, and 2 individuals testified in support.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 28 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

SCRep. 2226 Consumer Protection & Commerce on S.C.R. No. 48

The purpose of this measure is to request that the Department of Commerce and Consumer Affairs compile pertinent data to determine the appropriate scope of a study analyzing whether implementation in this state of laws similar to captive insurance laws of Massachusetts would address this state's residential condominium property insurance needs.

The Department of Commerce and Consumer Affairs, and 4 individuals testified in support. 3 individuals offered comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 48, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

SCRep. 2227 Consumer Protection & Commerce on S.C.R. No. 124

The purpose of this measure is to urge the Real Estate Commission to develop policies and programs to inform and educate condominium association owners and board members of certain matters to promote the efficient administration of condominium associations

The Real Estate Commission and 2 individuals testified in support.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 124 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Belatti, Hussey-Burdick, Gates, Lowen).

SCRep. 2228 Water & Land on S.C.R. No. 35

The purpose of this measure is to request the Hawaii County Department of Water Supply to convene a working group to examine opportunities for increasing water access and strengthening water infrastructure for underserved communities on Hawaii Island.

Your Committee received comments on this measure from Ku Pono Aloha Farms, LLC.

Your Committee finds that many communities located on the southwestern side of Hawaii Island lack access to county water infrastructure, posing a glaring example of structural inequality for that part of the island, which ranks below the state average in household income, educational attainment, and other key social and economic indicators. Your Committee further finds that lack of access to a consistent water supply prevents the development of basic infrastructure in rural and remote areas, including the establishment of public schools, medical and community health centers, grocery stores, and financial institutions. The working group contemplated by this measure would evaluate ways to address this water access inequity and involve key stakeholders in the process.

Your Committee has amended this measure by specifically requesting that the Hawaii County Department of Water Supply invite Native Hawaiian cultural practitioners and members of the Native Hawaiian community to participate in the working group.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 35, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 35, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 2 (Ganaden, Hashem).

SCRep. 2229 Water & Land on S.C.R. No. 219

The purpose of this measure is to request the Department of Land and Natural Resources to adopt administrative rules regulating vessel speeds near humpback whales.

Your Committee received testimony in support of this measure from Animal Rights Hawai'i and one individual. Your Committee received testimony in opposition to this measure from the Ocean Tourism Coalition. Your Committee received comments on this measure from the Department of Land and Natural Resources.

Your Committee finds that the majestic and much-loved humpback whale is not only an endangered species but the official marine mammal of the State. However, as humpback whale populations have slowly recovered, their increasing numbers have led to more frequent collisions with vessels. In response, in 2022, representatives from the Pacific Whale Foundation, National Oceanic and Atmospheric Administration, State of Hawaii, tour operators, private boaters, fishers, and other community members collaborated to develop a set of voluntary recommendations intended to keep whales and whale watchers safe. This measure, which requests the Department of Land and Natural Resources to adopt those voluntary recommendations as administrative rules, reaffirms the State's commitment to protecting the humpback whale.

Your Committee has amended this measure by:

- (1) Modifying some of the administrative rules requested to be adopted, including linking them to humpback whale season; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 219, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 219, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 1 (Ganaden).

SCRep. 2230 Water & Land on S.C.R. No. 227

The purpose of this measure is to request the Department of Land and Natural Resources to implement an immediate fine for grounded vessels that have reasonably caused damage to the environment or created a material burden on the State for their removal.

Your Committee received testimony in support of this measure from the Department of Land and Natural Resources and one individual.

Your Committee finds that an immediate fine for grounded vessels could serve as a deterrent to irresponsible vessel owners and also provide a partial reimbursement to the State for the costs of removing the vessels.

Your Committee notes the suggestion of the Department of Land and Natural Resources that an exception be included for an unpredictable weather event akin to an "act of God" and that any fines collected should be deposited into the Boating Special Fund, which is the fund that the Department uses to remove vessels when necessary.

As affirmed by the record of votes of the members of your Committee on Water & Land that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 227, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 7. Noes, none. Excused, 1 (Ganaden).

SCRep. 2231 Water & Land/Energy & Environmental Protection on S.C.R. No. 41

The purpose of this measure is to designate Hawaii's coral reefs as critical natural infrastructure and strongly support nature-based solutions, such as coral reef restoration, for risk reduction.

Your Committees received testimony in support of this measure from the Office of Hawaiian Affairs; Department of Land and Natural Resources; Hawai'i Reef and Ocean Coalition; Friends of Hanauma Bay; The Nature Conservancy, Hawai'i and Palmyra; Animal Rights Hawai'i; Big Island Reef Keepers Hui; and eleven individuals.

Your Committees find that Hawaii's environmental resources include coral reefs, which can help mitigate the risks and related loss and damage from floods and the effects of climate change and natural disasters if the coral reefs are healthy, effectively managed, and functioning. Your Committees further find that the health of the State's coral reefs is threatened by global stressors related to climate change and by local stressors from land-based sources of pollution, unsustainable fishing practices, and invasive species. Designating Hawaii's coral reefs as critical natural infrastructure through this measure would demonstrate the Legislature's support for nature-based solutions to combat climate change impacts and increase the likelihood of the State receiving federal funding for coral reef protection and restoration.

As affirmed by the records of votes of the members of your Committees on Water & Land and Energy & Environmental Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 41 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Water & Land: Ayes, 6. Noes, none. Excused, 2 (Ganaden, Hashem).
Energy & Environmental Protection: Ayes, 4. Noes, none. Excused, 3 (Gates, Woodson, Ward).

SCRep. 2232 Water & Land/Energy & Environmental Protection on S.C.R. No. 57

The purpose of this measure is to urge the City and County of Honolulu to exempt from real property tax those property owners of residential units within one-half mile of an active municipal solid waste landfill or construction and demolition landfill or deemed to have been impacted by an active landfill to a degree that warrants such an exemption.

Your Committees received testimony in support of this measure from the Iron Workers Stabilization Fund, Hydroponics Alternatives LLC, and seven individuals.

Your Committees find that the scientific consensus is that landfills, specifically construction and demolition landfills, have adverse health effects for those who live, work, and play in close proximity. Your Committees further find that residents who live within one-half mile of an active operation of municipal solid waste landfills or construction and demolition landfills and some residents who live outside of the one-half-mile radius are disproportionately burdened and could apply savings from a property tax exemption to address their individual health and safety needs.

As affirmed by the records of votes of the members of your Committees on Water & Land and Energy & Environmental Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 57, S.D. 1, and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Water & Land: Ayes, 6. Noes, none. Excused, 2 (Ganaden, Hashem).
Energy & Environmental Protection: Ayes, 4. Noes, none. Excused, 3 (Gates, Woodson, Ward).

SCRep. 2233 Water & Land/Energy & Environmental Protection on S.C.R. No. 113

The purpose of this measure is to urge the Department of Land and Natural Resources to determine priority locations around the State where minimizing human interaction immediately after cauliflower coral spawning may contribute to greater coral reef formation.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Hawai'i Reef and Ocean Coalition, Friends of Hanauma Bay, Big Island Reef Keepers Hui, and five individuals.

Your Committees find that cauliflower coral is a major reef-building coral that protects Hawaii's shorelines and provides habitats for fish and crab. Your Committees further find that efforts in Kahululu Bay and Waiakea Bay State Park to minimize human interference for several days after a spawning event have successfully increased the amount of juvenile corals in these areas. This measure requests the Department of Land and Natural Resources to expand on this success and take certain actions to support healthier coral reefs in Hawaii.

As affirmed by the records of votes of the members of your Committees on Water & Land and Energy & Environmental Protection that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 113 and recommend its adoption.

Signed by the Chairs on behalf of the Committees.
Water & Land: Ayes, 6. Noes, none. Excused, 2 (Ganaden, Hashem).
Energy & Environmental Protection: Ayes, 4. Noes, none. Excused, 3 (Gates, Woodson, Ward).

SCRep. 2234 Culture, Arts & International Affairs on S.C.R. No. 72

The purpose of this measure is to request the establishment of a Hawaii-Taiwan Friendship Task Force to explore ways to strengthen, improve, and expand economic, cultural, and educational relations between Hawaii and Taiwan.

Your Committee received testimony in support of this measure from the Taipei Economic and Cultural Office and two individuals.

Your Committee finds that Taiwan and Hawaii have enjoyed a sister-state relationship since 1993 and sister-city and sister-county relationships between Honolulu and Kaohsiung City, Maui County and Pingtung County, Hawaii County and Hualien County, and Kauai County and Penghu County. The State of Hawaii Office in Taipei and the Taipei Economic and Cultural Office in Honolulu have worked together to promote cooperation and exchanges in tourism, agriculture, culture, education, and trade. Your Committee further finds in 2021, Taiwan was Hawaii's tenth-largest trade partner, with exports to Hawaii

totaling \$54,000,000 and imports from Hawaii totaling \$13,000,000. Your Committee additionally finds that this measure will help explore ways to strengthen, improve, and expand economic, cultural, and educational relations between Hawaii and Taiwan.

As affirmed by the record of votes of the members of your Committee on Culture, Arts & International Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 72 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 1 (Sayama).

SCRep. 2235 Consumer Protection & Commerce on S.C.R. No. 112

The purpose of this measure is to request that the Hawaii State Center for Nursing convene a working group to study the feasibility and impact of the state adopting the Nurse Licensure Compact.

The Queen's Health System, Healthcare Association of Hawaii, and HMSA testified in support. One individual testified in opposition. The Board of Nursing, Grassroot Institute of Hawaii, and Hawaii State Center for Nursing offered comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 112 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Nakashima, Belatti, Hussey-Burdick, Gates).

SCRep. 2236 Consumer Protection & Commerce on S.C.R. No. 6

The purpose of this measure is to request that the Department of Human Services Med-Quest Division, in collaboration with the Department of Commerce and Consumer Affairs, expand the types of qualified providers allowed to provide lactation consultant services for the Medicaid population in the state.

The Academy of Lactation Policy and Practice, HMSA, and one individual testified in support. One individual testified in opposition. The Department of Commerce and Consumer Affairs-Professional and Vocational Licensing offered comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 6, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Nakashima, Belatti, Hussey-Burdick, Gates).

SCRep. 2237 Consumer Protection & Commerce on S.C.R. No. 42

The purpose of this measure is to request that the Blood Bank of Hawaii expedite the process of removing the deferral for individuals previously considered to be exposed to Creutzfeldt-Jakob Disease and variant Creutzfeldt-Jakob Disease to assist with the urgent demand for blood in the state.

One individual testified in opposition.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 42 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Nakashima, Belatti, Hussey-Burdick, Gates).

SCRep. 2238 Consumer Protection & Commerce on S.C.R. No. 73

The purpose of this measure is to request that the Department of Transportation conduct an Assessment Report to evaluate the feasibility and practicality of implementing higher levels of Commercial General Liability Insurance for the General Aviation Industry and Helicopter Operations at airports in the state.

Congressman Ed Case, and Blue Hawaiian Helicopters testified in support.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 73 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 7. Noes, none. Excused, 4 (Nakashima, Belatti, Hussey-Burdick, Gates).

SCRep. 2239 Consumer Protection & Commerce on S.C.R. No. 145

The purpose of this measure is to request that the Department of Transportation study the feasibility and advisability of eliminating the state's Safety Inspection Requirements for motor vehicles.

The Department of Transportation, and two individuals testified in support. The Grassroot Institute of Hawaii offered comments.

As affirmed by the record of votes of the members of your Committee on Consumer Protection & Commerce that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 145, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6; Ayes with Reservations (Onishi, Tam). Noes, 1 (Pierick). Excused, 4 (Nakashima, Belatti, Hussey-Burdick, Gates).

SCRep. 2240 Finance on H.R. No. 43

The purpose of this measure is to request the Governor to convene a task force to examine and make recommendations on the existing procedures for the adoption of the State Building Code.

Your Committee has amended this measure by:

- (1) Adding one representative from the International Brotherhood of Electrical Workers and one representative from the Plumber and Fitters to the task force; and
- (2) Requesting the task force to review educational programs for stakeholders on the impact of building code changes.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 43, as amended herein, and recommends its adoption in the form attached hereto as H.R. No. 43, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 11. Noes, none. Excused, 5 (Kila, Kobayashi, Nishimoto, Alcos, Ward).

SCRep. 2241 Finance on S.C.R. No. 179

The purpose of this measure is to urge Congress to begin a discussion considering the benefits and risks of artificial intelligence technologies.

Your Committee has amended this measure by making a technical, nonsubstantive amendment for clarity.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 179, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 179, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2242 Finance on S.C.R. No. 132

The purpose of this measure is to request the Department of Human Services' Med-Quest Division to take steps necessary to ensure that adequate provider rates are established for applied behavior analysis services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 132 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2243 Finance on S.C.R. No. 104

The purpose of this measure is to urge Hawaii's Congressional delegation to re-introduce and support the passage of the Hawaiian Home Lands Preservation Act, H.R. Res. 9614, 117th Cong. (2nd Sess. 2022), to lower the required minimum blood quantum for certain Department of Hawaiian Home Lands successor lessee beneficiaries from one-quarter Native Hawaiian blood to one thirty-second.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 104, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2244 Finance on S.C.R. No. 92

The purpose of this measure is to request the Department of Agriculture, Department of Land and Natural Resources, Department of Health, and the City and County of Honolulu, to create a working group to mitigate and control the significant increase in the population of feral chickens and roosters.

Your Committee has amended this measure by:

- (1) Changing the five-year pilot program to a working group, and removing language associated with the pilot program; and
- (2) Requesting that, should funding become available, an interim program be created to provide traps to capture feral chickens and roosters, as was the focus of the previous version's pilot program; and
- (3) Removing all references to feral pigs, since addressing the issue of feral pigs requires a very different approach than feral chickens and roosters and should be addressed in a separate resolution; and
- (4) Removing all references to the County of Hawai'i and Puna, since each county's challenges with feral chickens and roosters are unique to that county, and working groups should be created for each county to determine the best methods to address their specific issues; and
- (5) Removing the interim report request, and changing the requested submittal date for the final report from no later than twenty days prior to the convening of the Regular Session of 2028 to no later than thirty days prior to the convening of the Regular Session of 2024; and
- (6) Amending the measure title and report title to conform to the modified purpose of the resolution; and
- (7) Including technical and nonsubstantive amendments for consistency and clarity.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 92, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 92, H.D. 1.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2245 Finance on S.C.R. No. 176

The purpose of this measure is to encourage the State's collaboration with sister-states on global environmental leadership.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 176, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2246 Finance on S.C.R. No. 100

The purpose of this measure is to request the State Foundation on Culture and the Arts to collaborate with the Office of Veterans' Services to plan and construct memorials to honor the sacrifices and contributions of veterans from Hawaii.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 100, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2247 Finance on S.C.R. No. 44

The purpose of this measure is to urge the Hawaii Emergency Management Agency to include in all live and recorded emergency alert system video broadcasts, an on-screen interpreter disseminating the emergency information in American Sign Language at all times, including during graphic presentations.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 44, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2248 Finance on S.C.R. No. 64

The purpose of this measure is to request the Department of Health's Solid Waste Section to develop a plan of initiatives for improved waste diversion by working with the counties to address each county's unique needs according to its geography, population, and industry make-up.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 64, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2249 Finance on S.C.R. No. 56

The purpose of this measure is to request the Board of Education to review various programs and subject matter areas for implementation in public schools.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 56 and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2250 Finance on S.C.R. No. 40

The purpose of this measure is to request the Honolulu Police Department, in conjunction with the Department of Education, to establish and operate a Junior Police Program at Department of Education high schools.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 40, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2251 Finance on S.C.R. No. 17

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage for services provided by pharmacists.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 17, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2252 Finance on S.C.R. No. 91

The purpose of this measure is to request the Governor to convene a task force to examine and make recommendations on the existing procedures for the adoption of the State Building Code.

Your Committee has amended this measure by:

- (1) Adding one representative from the International Brotherhood of Electrical Workers and one representative from the Plumber and Fitters to the task force; and
- (2) Requesting the task force to review educational programs for stakeholders on the impact of building code changes.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 91, S.D. 1, as amended herein, and recommends its adoption in the form attached hereto as S.C.R. No. 91, S.D. 1, H.D. 1.

Signed by the Chair on behalf of the Committee.
Ayes, 11. Noes, none. Excused, 5 (Kila, Kobayashi, Nishimoto, Alcos, Ward).

SCRep. 2253 Finance on S.C.R. No. 183

The purpose of this measure is to request the Department of Human Services to study providing certain health insurance coverage for all children and pregnant persons who would otherwise qualify for coverage if not for their immigration status.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 183, S.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.
Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2254 Finance on S.C.R. No. 18

The purpose of this measure is to request the Auditor to conduct a social and financial assessment of proposed mandatory health insurance coverage for various sexual and reproductive health care services.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 18, S.D. 1, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2255 Finance on S.C.R. No. 106

The purpose of this measure is to urge the Department of Transportation and the Department of Transportation Services of the City and County of Honolulu to construct elevated crosswalks along Meheula Parkway near Mililani High School.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 106 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2256 Finance on S.C.R. No. 170

The purpose of this measure is to urge the Department of Transportation to establish a working group to evaluate options that provide additional air service to remote and underserved communities across the State.

As affirmed by the record of votes of the members of your Committee on Finance that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 170 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 12. Noes, none. Excused, 4 (Kila, Kobayashi, Nishimoto, Ward).

SCRep. 2257 Judiciary & Hawaiian Affairs on S.C.R. No. 150

The purpose of this measure is to request the counties to update the design and format of vehicle registration plates in response to growing electric vehicle and hybrid vehicle sales.

Your Committee received testimony with comments from one individual.

Your Committee finds that electric vehicle adoption is growing exponentially, with many major car manufacturers phasing out gasoline-powered cars completely by 2035. Additionally, hybrid vehicle sales have been increasing as consumers view these vehicles as a convenient middle ground between conventional gasoline-powered vehicles and electric vehicles. At the current pace of electric vehicle sales, the existing electric vehicle license plate scheme will last for only five years. Your Committee further finds that updating the present license plate schemes is necessary to accommodate shifting trends toward electric, hybrid, and gasoline-powered vehicle sales in the State. Your Committee therefore finds that this measure will allow the State to effectively manage the distribution and circulation of license plates as consumer trends in the automotive industry rapidly change.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 150 and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Holt, Ichiyama, Ilagan, Mizuno).

SCRep. 2258 Judiciary & Hawaiian Affairs on H.R. No. 104

The purpose of this measure is requesting the relocation of all live fire training and aviation activities away from the Pu'uloa Range Training Facility.

Your Committee received testimony in support of this measure from the 'Ewa Neighborhood Board, Hui o Ho'ohonua, Surfrider Foundation, Sierra Club of Hawai'i, Ulu A'e Learning Center, and eleven individuals. Your Committee received testimony in opposition to this measure from the United States Marine Corps and the Pu'uloa Rifle and Pistol Club. Your Committee received comments on this measure from CARES and one individual.

Your Committee finds that the Pu'uloa Range Training Facility located near the 'Ewa Beach and Iroquois Point communities serves as a small-arms training facility for the United States Marine Corps. Due to the incessant noise pollution from the firing of weapons throughout the day and the risk of stray bullet impact to nearby schools and homes, many community members have expressed concerns about the Pu'uloa Range Training Facility and its impact on the community and environment. To address community safety and environmental impact concerns, this measure requests that all live fire training and aviation activities at the Pu'uloa Range Training Facility be relocated to a more suitable location.

As affirmed by the record of votes of the members of your Committee on Judiciary & Hawaiian Affairs that is attached to this report, your Committee concurs with the intent and purpose of H.R. No. 104, H.D. 1, and recommends its adoption.

Signed by the Chair on behalf of the Committee.

Ayes, 6. Noes, none. Excused, 4 (Holt, Ichiyama, Ilagan, Mizuno).

Conf. Com. Rep. 1 on S.B. No. 228

The purpose of this measure is to:

- (1) Establish the offense of fraud as a class B felony;
- (2) Establish the offense of making a false, fictitious, or fraudulent claim against the State or a county as a class C felony; and
- (3) Establish the offense of the use of false statements or entries in matters within the jurisdiction of the executive, legislative, or judicial branches of the State as a class C felony.

Your Committee on Conference finds that it is of utmost importance to restore public trust in state government and increase the level of transparency in government operations and accountability of individuals. Your Committee on Conference also recognizes that to improve the standard of conduct within government, and to more effectively combat fraud, waste, and corruption, it is necessary to establish criminal offenses and penalties.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 228, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 228, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Gabbard and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 2 on S.B. No. 1381

The purpose of this measure is to repeal section 328-106, Hawaii Revised Statutes, which requires the Department of Health to regulate business practices between private entities engaged in the selling, billing, and reimbursement of pharmaceuticals.

Your Committee on Conference finds that section 328-106, Hawaii Revised Statutes, requires the Department of Health to police contractual relationships between pharmacy benefit managers and pharmacies. This regulatory burden is outside the scope of the Department of Health's purview, expertise, and mission to protect public health, and other existing state laws offer more appropriate regulatory frameworks for pharmacy benefit managers. Thus, repealing section 328-106, Hawaii Revised Statutes is appropriate.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1381, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1381, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Sayama and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Keohokalole, San Buenaventura and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 3 on S.B. No. 109

The purpose of this measure is to replace gender-specific terminology used in certain parental and marital matters with gender-neutral terminology.

Your Committee on Conference finds that existing parental and marriage laws reflect outdated, cisheteronormative concepts of families, parenthood, parental rights, and relationships. Adopting gender neutral terminology is a necessary update to keep existing laws relevant to all marriages, divorces, and adoptions.

Your Committee on Conference has amended this measure by making it effective on January 1, 2024.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 109, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 109, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama, Tam and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Elefante and San Buenaventura.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (San Buenaventura).

Conf. Com. Rep. 4 on S.B. No. 110

The purpose of this measure is to require gender-specific terminology used in adoption and annulment, divorce, and separation matters to be construed in a gender-neutral manner.

Your Committee on Conference finds that existing laws maintain gender-specific terminology that is not only exclusionary, but also erases the experiences and identities of individuals who do not fit into the gender binary. This measure will ensure that all individuals are recognized and respected in the legal system regardless of their gender identity.

Your Committee on Conference has amended this measure by making it effective on January 1, 2024.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 110, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 110, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama, Tam and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Elefante and San Buenaventura.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 5 on S.B. No. 203

The purpose of this measure is to:

- (1) Allow the Campaign Spending Commission to treat a respondent's failure to explain or otherwise respond to a complaint alleging a violation of campaign spending laws as a rebuttable presumption that a violation has occurred; and
- (2) Provide the respondent with thirty days from the mailing of the complaint to explain or otherwise respond before the rebuttable presumption takes effect.

Your Committee on Conference finds that the Campaign Spending Commission is required to make repeated attempts to communicate with a respondent regarding a complaint alleging a violation of campaign spending laws before putting the matter on a meeting agenda for action. This measure will save the Campaign Spending Commission time and resources by allowing the Campaign Spending Commission to process complaints in cases where the Campaign Spending Commission has given notice of a complaint to the respondent and the respondent fails to respond.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 203, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 203, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Elefante and Gabbard.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 6 on S.B. No. 1189

The purpose of this measure is to require candidates, or the treasurer of their candidate committee, to file a preliminary campaign finance report on February 28 of the year of a general election.

Your Committee on Conference finds that campaign finance reporting requirements are an essential safeguard to prevent undue influence and allow voters to be better equipped to make informed decisions about who they choose to elect to public office. This measure will increase transparency by requiring an additional reporting date for a preliminary report.

Your Committee on Conference has amended this measure by making it effective on January 1, 2026.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1189, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1189, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Gabbard and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 7 on S.B. No. 1086

The purpose of this measure is to amend the composition and duties of the State Highway Safety Council.

Your Committee on Conference finds that the State Highway Safety Council provides valuable insight and advises the State on matters relating to highway safety and transportation infrastructure. As the State incorporates long-term goals such as zero emissions vehicles and clean transportation infrastructure, the scope, responsibilities, and membership of the State Highway Safety Council must also reflect these objectives. This measure amends the name, composition, and duties of the State Highway Safety Council to ensure that the Council provides effective guidance to help achieve state transportation goals and outcomes.

Your Committee on Conference has amended this measure by:

- (1) Renaming the State Highway Safety Council to the State Highway Safety and Modernization Council;

- (2) Adding two additional members to the Council to be appointed by the President of the Senate and Speaker of the House of Representatives, respectively;
- (3) Removing the State Public Charter School Commission Chairperson from the Council;
- (4) Inserting an effective date of July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1086, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1086, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Todd, Tarnas, Evslin, Kila and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Lee, Elefante and Keohokalole.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 8 on H.B. No. 986

The purpose of this measure is to establish the class C felony offense of official misconduct to prohibit a person, in the person's official capacity, from acting or refraining from performing an official duty with the intent to obtain a benefit other than the person's lawful compensation, or submitting or inviting reliance on any false statement, document, or record.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 986, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 986, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 9 on H.B. No. 494

The purpose of this measure is to deem an organization that receives a motor vehicle as a charitable donation, upon receipt of the motor vehicle, to be a transferee of title or interest, subject to certain rights, responsibilities, and liabilities.

Your Committee on Conference has amended this measure by changing the effective date to July 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 494, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 494, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Lamosao, Takayama and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Gabbard and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 10 on H.B. No. 710

The purpose of this measure is to:

- (1) Establish the class B felony offense of obstruction of justice to include intentionally influencing; obstructing; impeding; or endeavoring to influence, obstruct, or impede, the due administration of justice by means of force, threat of force, coercion, fraud, or deception; and
- (2) Prohibit a person charged with the class B felony offense of obstruction of justice from being eligible for a deferred acceptance of guilty plea or nolo contendere plea.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have prohibited a person charged with the class B felony offense of obstruction of justice from being eligible for a deferred acceptance of guilty plea or nolo contendere plea;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 710, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 710, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators McKelvey, Rhoads, Wakai and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 11 on H.B. No. 884

The purpose of this measure is to provide an exemption from state physician licensure requirements for out-of-state traveling team physicians who accompany a sports team to Hawaii, under certain conditions.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 884, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 884, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Nakashima, Amato, Sayama and Pierick.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Elefante and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 12 on H.B. No. 192

The purpose of this measure is to prohibit the sale of certain fluorescent lamps as a new manufactured product, with certain exemptions.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the prohibition on the sale of a screw or bayonet base type compact fluorescent lamp and a pin-base type compact fluorescent lamp or linear fluorescent lamp as a new manufactured product shall begin on January 1, 2025, and January 1, 2026, respectively; and
- (2) Changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 192, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 192, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Nakashima, Amato, Cochran, Hussey-Burdick and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (Ward).

Senators DeCoite, Keohokalole and Fukunaga.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 13 on H.B. No. 777

The purpose of this measure is to authorize the Department of Human Services to conduct background checks on current and prospective employees, volunteers, contractors and their employees and volunteers, and subcontractors and their employees and volunteers whose position places or would place them in close proximity to certain minors, young adults, or vulnerable adults.

Your Committee on Conference has amended this measure by:

- (1) Inserting language clarifying that any state law permitting a more extensive inquiry into an individual's criminal history by the State and any of its branches, political subdivisions, agencies, or semi-autonomous public bodies corporate and politic will prevail over conflicting conviction record inquiries under the State's employment practices law;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 777, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 777, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Tarnas, Amato, Ilagan and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Aquino, Moriwaki and Elefante.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 14 on H.B. No. 541

The purpose of this measure is to require:

- (1) Vehicle safety inspections to include inspections for compliance with proper head lamp requirements and specifications; and
- (2) The Department of Transportation to amend its administrative rules to allow motor vehicle owners whose motor vehicle registration and safety inspection are both expired to obtain a motor vehicle safety inspection without evidence of the motor vehicle registration before registering the motor vehicle.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 541, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 541, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Todd, Nakashima, Evslin, Hussey-Burdick, Kila and Matsumoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Lee, Keohokalole and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 15 on H.B. No. 704

The purpose of this measure is to:

- (1) Exempt flatbed trucks from the registration requirements for motor carrier vehicles when the flatbed trucks are used as marine terminal equipment temporarily moving in or between certain terminals; and
- (2) Adding new terminal locales and roadways covered under the exemption.

Your Committee on Conference has amended this measure by changing the effective date to July 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 704, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 704, H.D. 1, S.D. 1, C.D. 1.

Senators Gabbard, Wakai, Rhoads and Richards.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 19 on S.B. No. 497

The purpose of this measure is to prohibit certain oversized commercial vehicles from driving in the far left lane on roadways with three or more lanes for traffic moving in the same direction, subject to certain exceptions.

Your Committee on Conference finds that solutions to traffic congestion across the State will allow all roadway users to commute to and from their destinations in a safe manner. By improving traffic flow on state roadways, including the left lane on roadways, there is a reduced likelihood of motor vehicle collisions that cause serious injuries or death. This measure limits the usage of left lanes by large commercial vehicles to address traffic flow and safety concerns.

Your Committee on Conference has amended this measure by:

- (1) Inserting language to allow a commercial vehicle to be driven in the far left lane if:
 - (A) The commercial vehicle is able to maintain speed with existing traffic flow; and
 - (B) The commercial vehicle is in the process of overtaking and passing another vehicle proceeding in the same direction;
- (2) Inserting an effective date of January 1, 2024; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 497, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 497, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama and Souza.
Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 20 on S.B. No. 214

The purpose of this measure is to:

- (1) Establish the offense of interference with the operation of a public transit vehicle; and
- (2) Make clarifying and conforming amendments to the offense of interference with the operator of a public transit vehicle.

Your Committee on Conference finds that public transit vehicles provide essential transportation services to thousands of residents and visitors across the State. While existing law establishes the offense of interference with an operator of a public transit vehicle, which includes injuries or threats to the operator, conduct that interferes with the public transit system is not similarly addressed. This measure establishes the offense of interference with the operation of a public transit vehicle to provide accountability and safer transportation for all users.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 214, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 214, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Kong, Takayama and Souza.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Lee, Rhoads and Elefante.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 21 on S.B. No. 746

The purpose of this measure is to:

- (1) Expand coffee labeling and advertising requirements to include ready-to-drink coffee beverages and the inner packages and inner wrapping labels of roasted coffee, instant coffee, and ready-to-drink coffee beverages;
- (2) Specify that the coffee labeling and advertising requirements apply if the applicable products are produced in whole or in part from Hawaii-grown and Hawaii-processed green coffee beans;
- (3) Require disclosure on the label of coffee blends of the respective geographic and regional origins and percent by weight of the blended coffees; and
- (4) Prohibit use of the term "All Hawaiian" in labeling or advertising for roasted coffee or instant coffee not produced entirely from green coffee beans grown and processed in Hawaii.

Your Committee on Conference finds that while existing law provides marketplace protections from fraudulent representations of the labeling or advertising of certain coffee products in the State, these protections require updates due to swiftly changing market conditions and emerging popularized new coffee products. Furthermore, Hawaii is the only coffee producing region where local laws allow for just ten percent of regional coffee content to qualify the product to be "locally produced". These products often contain up to ninety percent foreign-grown coffee bean of lower quality and production cost to benefit distributors and producers at the expense of local and out-of-state consumers. Therefore, this measure expands and requires additional labeling requirements to better inform consumers of locally grown and processed coffee product options and prohibits the term "All Hawaiian" in products that do not completely contain coffee beans grown and processed entirely in Hawaii.

Your Committee on Conference also finds that the results of the coffee labeling economic impact study of Act 222, Session Laws of Hawaii 2022, should be produced and its results shared with the Legislature before this measure is implemented. Accordingly, your Committee on Conference has amended this measure by inserting an effective date of July 1, 2024.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 746, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 746, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Nakashima, Kahaloa and Ward.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Keohokalole and Richards.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 22 on S.B. No. 516

The purpose of this measure is to:

- (1) Require that the identity statement used for labeling or advertising hemp products identify the percentage of Hawaii-grown and Hawaii-processed hemp and hemp of other origins contained in hemp products; and
- (2) Allow the use of the term "All Hawaiian" for hemp products in which one hundred percent of the hemp is grown and processed in the State.

Your Committee on Conference finds that there is no existing law that requires hemp producers to disclose the origin of the hemp in their products. While hemp in Hawaii is recognized as a versatile agricultural commodity with the potential to diversify the State's economy, hemp farming and production has proliferated across the nation and the State's hemp farmers faces fierce competition from out-of-state growers and producers. Therefore, this measure requires that hemp products advertise the percentage of Hawaii-grown and Hawaii-processed hemp as well as hemp of other origins. Furthermore, this measure allows for the use of the term "All Hawaiian" for hemp products that contain one hundred percent of hemp grown and processed in the State. This measure will enhance the appeal of products that contain Hawaii hemp by increasing transparency for consumers that are interested in supporting local businesses.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 516, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 516, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Nakashima, Onishi and Ward.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Keohokalole and Richards.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 23 on S.B. No. 1378

The purpose of this measure is to:

- (1) Clarify that it shall be unlawful for any person, corporation, or entity to negligently refer or transfer patients to an uncertified or unlicensed care facility; and
- (2) Repeal the provision that a landlord, under specified conditions, shall not be deemed to be providing home care services or operating a care facility that requires a license.

Your Committee on Conference finds that that unlicensed care homes endanger the health and safety of Hawaii's most vulnerable populations, including kupuna. Despite the dangers these care homes pose, licensed care operators and other persons continue to refer or transfer patients to care homes that, unbeknownst to the patient, are unlicensed. In addition, an existing statutory provision that waives the requirement for licensure for certain landlords that would otherwise qualify as providing home care services or operating a care facility prevents the Department of Health from regulating these unlicensed care providers. Further safeguards are therefore necessary to ensure quality care for, and to protect the welfare of, Hawaii's vulnerable populations.

Your Committee on Conference has amended this measure by:

- (1) Specifying that it shall be unlawful for any person, corporation, or entity to knowingly, rather than negligently, refer or transfer patients to an uncertified or unlicensed care facility;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Inserting an effective date of July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1378, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1378, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Nakashima, Kobayashi, Lamosao and Pierick.
Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Aquino, Keohokalole and Rhoads.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 24 on S.B. No. 798

The purpose of this measure is to:

- (1) Require, as part of a developer's application for time share unit registration or annexation:
 - (A) A list of projects containing out-of-state time share units; and
 - (B) A statement that the developer has verified that those units are in compliance or not prohibited under the laws of the jurisdiction where the units are located; and
- (2) Clarify that a developer is not required to submit any other evidence of such compliance to register in the State.

Your Committee on Conference finds that the 1980 Hawaii Time Share Act's broad language has had the unintended consequence of causing the Department of Commerce and Consumer Affairs to require time share developers to provide evidence that its time share units located outside the State are compliant with the zoning and land use laws and regulations of the jurisdiction where the time share units are located. Therefore, this measure clarifies the intent of the existing law, preempts the Department's current practice, and instead requires only that a developer submit to the Department a list of projects containing out-of-state time share units and a statement that it has complied with the zoning and land use laws and regulations of the jurisdiction where its time share units are located.

Accordingly, your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 798, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 798, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Quinlan, Nakashima, Kong, Sayama and Pierick.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, 2 (Kong, Pierick).

Senators Inouye, Keohokalole and Rhoads.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 25 on S.B. No. 691

The purpose of this measure is to:

- (1) Authorize the Chief Energy Officer of the Hawaii State Energy Office, instead of the Director of Business, Economic Development, and Tourism, to adopt rules to enforce minimum efficiency standards for certain products and adopt or amend minimum energy standards in certain situations; and
- (2) Regulate the minimum efficiency standards for portable electric spas, residential ventilating fans, toilets, urinals, and water coolers.

Your Committee on Conference finds that the State's consumers could save millions of dollars each year on utility bills by expanding the list of products requiring minimum efficiency standards. Efficiency standards require that products use less energy and water, while maintaining product quality, and are consistent with the State's clean energy and climate goals. This measure will benefit consumers in the State by reducing utility bill costs, closing any gaps left in federal standards, and preventing manufacturers from sending appliances that do not comply with other states' efficiency standards to Hawaii.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to June 30, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 691, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 691, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Nakashima, Cochran, Hussey-Burdick and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Ward).

Senators DeCoite, Keohokalole and Kanuha.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Kanuha).

Conf. Com. Rep. 26 on S.B. No. 162

The purpose of this measure is to:

- (1) Add community health centers, rural health clinics, and mobile dental outreach programs to the list of eligible organizations at which persons with community service licenses may practice dental hygiene;
- (2) Allow dental hygiene and dental college graduates from educational programs that have a reciprocal agreement with the American Dental Association Commission on Dental Accreditation to apply for temporary or community service licenses; and
- (3) Expand eligibility for a community service license to practice dentistry to those candidates who have passed the Integrated National Board Dental Examination within five years of the date of request.

Your Committee on Conference finds that there is a critical need to address the significant shortage of health care professionals in the State, including dentists and dental hygienists. Your Committee on Conference further finds that it is especially crucial to increase the number of public health dentists and dental hygienists who primarily treat the State's underserved and vulnerable populations, including Medicaid recipients. This measure will improve access to dental care for these populations and alleviate the State's oral health disparities.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 162, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 162, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Nakashima, Sayama, Takenouchi and Pierick.

Managers on the part of the House.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 27 on S.B. No. 602

The purpose of this measure is to:

- (1) Authorize pharmacists to order, perform, and report the results of certain Clinical Laboratory Improvement Amendments of 1988 (CLIA)-waived tests; and
- (2) Specify educational and permitting requirements for the ordering, performance, and reporting the results of certain CLIA-waived tests.

Your Committee on Conference finds that the coronavirus disease 2019 pandemic highlighted the critical need for improving access to health care testing. Your Committee on Conference further finds that while pharmacists possess the skills and knowledge necessary to perform CLIA-waived tests, which are simple tests that are non-technical and present a low risk for erroneous results, the scope of practice for pharmacists under existing state law does not explicitly authorize performance of these tests. This measure amends the definition of "practice of pharmacy" under state law to specify that pharmacists may order, perform, and report the results of certain CLIA-waived tests to improve access to health care across the State.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that, for any CLIA-waived tests performed, pharmacists shall follow all applicable state laws and rules regarding the reporting of all diseases, rather than just communicable diseases; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 602, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 602, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Sayama and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators San Buenaventura, Keohokalole and Aquino.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Aquino).

Conf. Com. Rep. 28 on S.B. No. 473

The purpose of this measure is to exempt manufacturers, wholesale distributors, manufacturers engaged in direct distribution to qualified persons, and third-party logistics providers of home dialysate drugs or devices from the license, registration, and permit requirements for pharmacies, under certain conditions.

Your Committee on Conference finds that home dialysis is the best option for treating kidney failure whenever possible, due to its greater scheduling flexibility, fewer food restrictions, and better outcomes. Due to its isolated location, it is crucial for the State to have a supply chain with sufficient and immediate inventory within the State to ensure that home dialysis patients receive timely delivery of needed drugs, medical devices, and other supplies. This measure will promote greater access to home dialysate drugs and devices for patients in the State.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 473, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 473, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Nakashima, Takenouchi and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Shimabukuro, Keohokalole and Moriwaki.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Moriwaki).

Conf. Com. Rep. 29 on S.B. No. 1344

The purpose of this measure is to:

- (1) Replace the term "school health aides" with "school health assistants" to reflect recent changes to the job title; and
- (2) Authorize the administration of medication to public school students by health assistants with the approval of a health care professional within the Department of Education, Department of Health, or a health care service pursuant to a written agreement with the Department of Education.

Your Committee on Conference finds that the current procedure for administration of medication in public schools involves extensive oversight. While certain schools may have a medical professional such as a registered nurse, advanced practice registered nurse, or other specialized health care provider on campus, existing law prevents these health care professionals from performing the function of approving the administration of medication. This measure ensures the safety of students while also streamlining the process to administer medication.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1344, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1344, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Sayama, La Chica and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Keohokalole and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 30 on S.B. No. 1468

The purpose of this measure is to:

- (1) Authorize professional land surveyors, and any assistant under the direct supervision of a professional land surveyor, to enter onto private property to perform land surveying, subject to certain provisions regarding notice, objections, and identification; and
- (2) Shield professional land surveyors and their assistants from prosecution under criminal trespass laws when performing their duties.

Your Committee on Conference finds that professional land surveyors often require the right to access private property for the purposes of producing a thorough and complete land survey. However, without a right of entry, a professional land surveyor conducting a land survey is subject to trespass laws. In order to ensure the public's interest in maintaining a sound and uniform real property system, this measure seeks to mitigate certain risks while balancing property rights and protecting land surveying professionals.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1468, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1468, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Tarnas, Hussey-Burdick, Ichiyama and Pierick.
Managers on the part of the House.
Ayes, 4; Ayes with Reservations (Hussey-Burdick). Noes, 1 (Pierick). Excused, none.

Senators Keohokalole, Rhoads and Richards.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 31 on S.B. No. 478

The purpose and intent of this measure is to repeal the telecommunications and cable industry information reporting requirements for broadband service providers and mobile radio service providers.

Your Committee on Conference finds that chapter 440J, Hawaii Revised Statutes (HRS), was enacted to meet a Federal Communications Commission (FCC) reporting requirement to determine the broadband service ability within each state. Specifically, chapter 440J, HRS, requires broadband service providers to annually report the percentage of each census block that does not have access to broadband service to the Department of Commerce and Consumer Affairs. Your Committee on Conference further finds that, not only does the FCC no longer require reporting of broadband service availability by census block, but now requires reporting broadband service availability by locations based on addresses and geographic coordinates. This housekeeping measure therefore repeals chapter 440J, HRS, as it is no longer necessary, and additionally reduces the administrative burdens of broadband service providers in the State.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Making conforming amendments to certain definitions rather than incorporating them by reference to section 206R-1, Hawaii Revised Statutes; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 478, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 478, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Perruso, Sayama, Evslin, Kapela and Pierick.
Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Moriwaki, Keohokalole, Rhoads and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 32 on S.B. No. 1079

The purpose of this measure is to require courts to, upon application to the court, expunge records of convictions for first-time offenses involving:

- (1) Operating a vehicle after consuming a measurable amount of alcohol while under the age of twenty-one years; and
- (2) Certain property offenses,

if the sentencing occurred before 1998.

Your Committee on Conference finds that any individual who has committed the offense of operating a vehicle after consuming a measurable amount of alcohol while under the age of twenty-one before 1998 or committed certain property offenses before 1998, is now in a different place in their life. While the offenses occurred over twenty-five years ago, these individuals are otherwise forced to continue to suffer the harsh consequences of being burdened with a criminal record when engaging in common activities, such as finding employment, having educational opportunities, or being provided housing options. This measure will assist many people by improving their overall quality of life.

Your Committee on Conference has amended the measure by making it effective on July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1079, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1079, S.D. 1, H.D. 1, C.D. 1.

Conf. Com. Rep. 33 on S.B. No. 51

The purpose of this measure is to increase the amount of fines that may be assessed against noncandidate committees for violations of organizational report and advertisement disclosure requirements.

Your Committee on Conference finds that campaign spending and disclosure requirements are important to the electoral process. Increasing fines for violations of reporting laws will increase compliance with these laws. This measure will help restore public trust in the state government.

Your Committee on Conference has amended this measure by making it effective on July 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 51, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 51, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto, Takayama and Alcos.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Elefante and Awa.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 34 on S.B. No. 1493

The purpose of this measure is to prohibit, during legislative sessions and shortly before and after, lobbyist contributions and expenditures, and promises of contributions or expenditures, to any elected official, candidate, candidate committee, or individual who is required to file an organizational report with the Campaign Spending Commission.

Your Committee on Conference finds that contributions made during legislative sessions, including extended sessions or special sessions, can create the perception that the contribution has the intent or effect of influencing decisions being taken on pending legislation. Restricting lobbyists from donating to an elected official during a legislative session will further the goal of reducing undue influence and its appearance.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1493, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1493, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama and Souza.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Elefante and Awa.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 35 on S.B. No. 19

The purpose of this measure is to guarantee the vote of eligible voters who cast their ballot and then subsequently die or otherwise become ineligible before election day.

Your Committee on Conference finds that the State's vote by mail process does not have procedures for validating mail-in ballots cast by eligible voters who thereafter became ineligible. This measure ensures that voters who are eligible to vote and cast their ballot, then subsequently become ineligible to vote due to valid reasons, have their vote counted.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 19, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 19, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Holt, Kong, Takayama and Souza.

Ayes, 4. Noes, 1 (Holt). Excused, none.

Senators Rhoads, Elefante and San Buenaventura.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 36 on S.B. No. 141

The purpose of this measure is to:

- (1) Update rules for certification of electors and their votes to be in full compliance with federal law;
- (2) Provide procedures for the replacement of electors;
- (3) Require presidential electors to take a pledge that they will vote for their party's nominee;
- (4) Invalidate the vote of any faithless elector; and
- (5) Remove any faithless elector from the position of elector.

Your Committee on Conference finds that electors who do not cast votes for the candidates they were elected to vote for, thereby acting faithlessly, are acting in violation of democratic values by subverting the will of the people. This measure will protect the choices for president and vice president made by the people of the State during a presidential general election.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 141, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 141, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama and Souza.
Managers on the part of the House.

Senators Rhoads, Elefante and Gabbard.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 37 on S.B. No. 390

The purpose of this measure is to repeal the sunset date of section 2 of Act 119, Session Laws of Hawaii 2021 (Act 119), thereby making permanent:

- (1) The requirement that the Hawaii Medical Board issue licenses in four levels of emergency response practice in counties with a population of five hundred thousand or greater; and
- (2) The creation of an additional licensure category for Emergency Medical Technicians 1, who are certified at a higher practice level than Emergency Medical Technicians but do not provide ambulance services.

Your Committee on Conference finds that Emergency Medical Technicians certified by the National Registry of Emergency Medical Technicians provide on-the-scene, lifesaving care to critical care patients. However, until the enactment of Act 119, state law relating to the licensing or certification of emergency medical personnel contained no licensure category for Emergency Medical Technicians whose sole certification is that from the National Registry of Emergency Medical Technicians. Act 119, which temporarily established an additional licensure category for these Emergency Medical Technicians, is scheduled to sunset on July 1, 2027. This measure repeals this sunset date, thereby making permanent the authority given to the Hawaii Medical Board to license Emergency Medical Technicians, in recognition of their vital role in the comprehensive emergency medical system.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 390, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 390, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Sayama, Hussey-Burdick and Pierick.

Conf. Com. Rep. 38 on S.B. No. 799

The purpose of this measure is to:

- (1) For time share plans that use title holding trusts, require the developer to submit a title report evidencing that the title is vested in the trustee;
- (2) For time share plans that use a notice of time share plan, require the recordation of the notice and its submission; and
- (3) For time share plans that use alternative arrangements, require the recordation of any alternative arrangement documents.

Your Committee on Conference finds that under existing law, a developer's application for registration of a time share plan is required to include a title report or other evidence of title. The State's law governing time sharing plans requires that the rights of time share owners be protected from blanket liens, such as mortgages, that could deprive the time share owners of the use of the time share units in the event of a foreclosure. Accordingly, the time share industry has implemented various means to ensure that a time share owner's right to use the time share is protected, such as title-holding trusts, notice of time share plan, and other alternative arrangements. In these cases, developers are required to submit an update to the title report; however, once a title report has sufficiently evidenced blanket protections are in place, further evidence of conveyance is not needed. This measure removes unnecessary regulatory burdens if a method of protecting buyers is satisfied.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have authorized the Director of Commerce and Consumer Affairs to require the submission of title reports for purposes other than to evidence protection against future blanket liens and replacing it with language that clarifies a time share developer shall not thereafter be required to submit additional title reports that meet certain requirements unless otherwise required by other sections of chapter 514E, Hawaii Revised Statutes; and
- (2) Changing the effective date to upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 799, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 799, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, McKelvey and Awa.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (McKelvey).

Conf. Com. Rep. 39 on S.B. No. 930

The purpose of this measure is to:

- (1) Allow a landlord or landlord's agent to charge an application screening fee for certain applicants at the time a rental application is processed for a dwelling unit;
- (2) Require the landlord or landlord's agent to return any unauthorized fee amounts to the applicant; and

- (3) Beginning May 1, 2024, require the Office of Consumer Protection to produce and make available informational materials and publicize requirements regarding application fees and related rights and obligations.

Your Committee on Conference finds that existing law does not regulate the nature and amount of application fees that landlords may charge prospective tenants. The absence of such regulation has led to abuses by landlords who charge applicants more than the cost of an application screening fee. This measure will deter this deleterious conduct by directly addressing this inequity, while still enabling landlords and their agents to complete reference checks, tenant reports, and credit reports on applicants.

Your Committee on Conference has amended this measure by:

- (1) Inserting language that requires the landlord or the landlord's agent, upon request by an applicant, to provide a receipt of payment and a breakdown of the costs associated with the application screening fee;
- (2) Inserting an effective date of July 1, 2023; provided that section 1 of this measure shall take effect on May 1, 2024; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 930, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 930, S.D. 1, H.D. 2, C.D. 1.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 40 on H.B. No. 11

The purpose of this measure is to:

- (1) Clarify when the disclosure of pertinent provisions of condominium project instruments must occur;
- (2) Specify that primary plan documents be listed in the public disclosure statement of a time share plan; and
- (3) Provide that a consultant's review of encumbrances shall be waived upon the certification from the developer that the time share interest is free and clear of blanket liens or that identifies all blanket liens.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 11, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 11, H.D. 2, S.D. 1, C.D. 1.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 41 on H.B. No. 1091

The purpose of this measure is to require disclosure of all permitted and unpermitted erosion control structures on the parcel, expiration dates of any permitted structures, any notices of alleged violation associated with the parcel, any fines for expired permits or unpermitted structures associated with the parcel, and the annual coastal erosion rate for the zoning lot in real estate transactions when residential real property lies adjacent to the shoreline.

Your Committee on Conference has amended this measure by:

- (1) Removing the disclosure requirement for the annual coastal erosion rate for the zoning lot; and
- (2) Changing its effective date to November 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1091, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1091, H.D. 2, S.D. 2, C.D. 1.

Conf. Com. Rep. 42 on H.B. No. 1088

The purpose of this measure is to amend the conditions, manner, and areas in which the Commission on Water Resource Management (Commission) of the Department of Land and Natural Resources can declare water shortages and emergencies.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the Commission may declare an emergency if the Commission determines, in consultation with the appropriate county and the Department of Health, that there is an absence of sufficient quantity and quality of water in any area, whether within or outside of a water management area, that immediately threatens the public health, safety, and welfare;
- (2) Providing that an emergency order of the Commission expires no later than one year after it has been issued by the Commission, unless extended by a separate or supplementary order;
- (3) Changing its effective date to upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1088, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1088, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 43 on H.B. No. 717

The purpose of this measure is to prohibit, under certain circumstances, state employees from taking or participating in certain actions related to the public employment of, or award of contracts to, relatives or household members.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that an employee cannot participate in an interview or discussion regarding the retention of a relative or household member;
- (2) Excluding employees or agencies of the legislative or judicial branch of the State from the prohibition; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 717, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 717, H.D. 1, S.D. 2, C.D. 1.

Conf. Com. Rep. 45 on H.B. No. 1294

The purpose of this measure is to require all candidates for public office in the State to use their legal name for election purposes.

Your Committee on Conference has amended this measure by:

- (1) Deleting its contents and inserting language that requires the Office of Elections and Campaign Spending Commission to include a candidate's legal name wherever the name requested to be printed on the ballot is used, except on the ballot;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1294, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1294, H.D. 1, S.D. 1, C.D. 1.

Representatives Tarnas, Takayama and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, San Buenaventura and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 47 on H.B. No. 1027

The purpose of this measure is to align the State's Money Transmitters Modernization Act with the provisions of the Model Money Transmission Modernization Act to enable the State to work within a network of states to license, supervise, and examine transglobal money transmission companies as a multi-state system of financial regulation.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to July 1, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1027, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1027, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Holt, Nakashima, Kong, Lamosao, Sayama and Pierick.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Keohokalole, Fukunaga and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, 1 (Awa). Excused, none.

Conf. Com. Rep. 48 on H.B. No. 1509

The purpose of this measure is to:

- (1) Establish a Planned Community Association Oversight Task Force to examine the rights afforded to owners in condominium property regimes and determine the feasibility of extending any of those rights to members of planned community associations; and
- (2) Establish a Condominium Property Regime Task Force to examine and evaluate issues regarding condominium property regimes and conduct an assessment of the existing alternative dispute resolution systems for condominiums.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1509, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1509, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Tam, Aiu, Onishi, Sayama and Matsumoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Keohokalole, McKelvey and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 49 on H.B. No. 217

The purpose of this measure is to:

- (1) Update the cost valuations of work on certain residences to allow the work to qualify for an exemption from the requirement that plans and specifications for construction projects be prepared by a licensed engineer or architect; and
- (2) Clarify the types of work that are not exempt from the requirement that plans be prepared by a licensed engineer or architect.

Your Committee on Conference has amended this measure by:

- (1) Increasing the cost valuations to qualify for an exemption from the requirement that plans and specifications for construction projects be prepared by a licensed engineer or architect for privately owned or privately controlled one-storied residences and two-storied residences to \$180,000 and \$162,000, respectively;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 217, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 217, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Sayama, Aiu, Evslin, Hussey-Burdick and Matsumoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Chang, Keohokalole and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 50 on H.B. No. 781

The purpose of this measure is to require that when an officer has custody of a child under eighteen years of age for an alleged violation of law, the child shall have contact with legal counsel and, to the extent practicable, a parent, guardian, or legal custodian before the child waives any constitutional rights and before any custodial interrogation.

Your Committee on Conference has amended this measure by:

- (1) Amending its preamble; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 781, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 781, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Tarnas, Amato, Ilagan and Garcia.

Managers on the part of the House.

Ayes, 5; Ayes with Reservations (Garcia). Noes, none. Excused, none.

Senators Aquino, Rhoads and Shimabukuro.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 51 on H.B. No. 1045

The purpose of this measure is to:

- (1) Adjust the responsibility of producing a certificate of release when transferring schools from the minor student to the student's parent or legal guardian, unless the student is an emancipated minor; and
- (2) Exempt students eligible for assistance provided under the federal McKinney-Vento Homeless Assistance Act of 1987 from producing required student records when transferring schools.

Your Committee on Conference has amended this measure by changing the effective date to January 1, 2024.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1045, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1045, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Tarnas, La Chica, Marten and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Elefante and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 52 on H.B. No. 218

The purpose of this measure is to require:

- (1) Dispensing pharmacies to provide accessible prescription drug label information to individuals who have difficulty seeing or reading labels on prescription drug containers;
- (2) Dispensing pharmacies to make sustained, periodic, and reasonable efforts to inform the public that prescription drug label information is available in alternative accessible formats; and
- (3) The Board of Pharmacy to adopt rules by December 31, 2024, to carry out the purposes of this measure.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to July 1, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 218, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 218, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Nakashima, Amato and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Pierick).

Senators Shimabukuro, Keohokalole and Aquino.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 53 on H.B. No. 950

The purpose of this measure is to:

- (1) Extend the time period that the Family Court may order continued assisted community treatment; and
- (2) Reduce the time period that the Family Court needs to determine whether assisted community treatment should continue from one hundred eighty days to one hundred days.

Your Committee on Conference has amended this measure by:

- (1) Authorizing psychiatrists or advanced practice registered nurses, after examination of a person for assisted community treatment indication, to request assistance from the Attorney General to file an assisted community treatment petition;
- (2) Requiring the Family Court to set any subsequent hearing dates for an assisted community treatment petition as soon as possible;
- (3) Authorizing the Family Court to use online hearings for assisted community treatment petitions;
- (4) Extending the time period that the Family Court may order continued assisted community treatment to two years;
- (5) Clarifying provision of notice requirements for assisted community treatment petitions;
- (6) Authorizing any interested party to request assistance from the Attorney General to file a petition for an extension of assisted community treatment;
- (7) Changing the effective date to July 1, 2023; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 950, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 950, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Tarnas, Lamosao and Garcia.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Lamosao).

Senators San Buenaventura, Rhoads and Shimabukuro.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 54 on S.B. No. 105

The purpose of this measure is to change the Department of Education's required quarterly report on autism spectrum disorder to an annual report.

Your Committee on Conference finds that Act 205, Session Laws of Hawaii 2018, mandates that the Department of Education create a quarterly report that includes information on students with autism spectrum disorder, staffing requirements, and Medicaid reimbursements. However, few changes are reflected between each period. This measure provides for a streamlined data reporting process to create a single comprehensive annual report.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 105, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 105, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Tarnas, La Chica, Marten and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Elefante and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 55 on S.B. No. 410

The purpose of this measure is to:

- (1) Prohibit the Director of Transportation and Traffic and Emergency Period Violations Bureaus of the District Courts from furnishing information related to dismissed traffic citations; and
- (2) Require the court to automatically seal or remove from the Judiciary's publicly accessible databases any information relevant to the arrest or case of a person for whom an expungement order has been entered and transmitted to the court.

Your Committee on Conference finds that court records that have been expunged from a person's record may still be accessed by others. Such information should not appear on an individual's record as they can be regarded negatively and have a significant and long-lasting impact on a person's future. However, there is no process currently available to request traffic citations that have been expunged to be excluded from a person's record. This measure will streamline the process for people who need their records to be expunged.

Your Committee on Conference has amended this measure by:

- (1) Removing language that would have prohibited the Director of Transportation and Traffic and Emergency Period Violations Bureaus of the District Courts from furnishing information related to dismissed traffic citations;
- (2) Amending section 1 to reflect its amended purpose; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 410, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 410, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Tarnas, Hussey-Burdick, Takayama and Pierick.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, San Buenaventura and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 56 on S.B. No. 933

The purpose of this measure is to:

- (1) Authorize the family courts to allow petitioners to attend temporary restraining order (TRO) hearings remotely upon request;
- (2) Require the courts to consider certain factors; and
- (3) Require the courts to allow petitioners who allege domestic abuse to attend TRO hearings remotely.

Your Committee on Conference finds that though TRO petitions are initially acted upon by a family court judge without a court hearing, a mandatory hearing is held within fifteen days of a TRO being granted in order to determine whether the TRO should remain in effect. The adversarial nature of the legal system requires petitioners who have received TROs to face their alleged abusers in court during these hearings. Your Committee on Conference also finds that, notwithstanding the safety protocols that the Judiciary takes to protect parties during in-person TRO hearings, the physical presence of the parties within the same room may allow for respondents to intimidate petitioners through words or body language. This measure allows petitioners who allege domestic abuse to attend TRO hearings remotely, which will promote greater safety, economic justice, and equitable access to the courts for victims of domestic abuse.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the court shall allow the petitioner to attend the hearing remotely if the petitioner's allegations include at least one allegation of domestic abuse as defined in section 586-1, Hawaii Revised Statutes; and in cases where the petitioner's allegations do not include at least one allegation of domestic abuse, the court may allow the petitioner to attend the hearing remotely, with consideration of factors such as the petitioner's lack of transportation, child care, and paid time off, as well as the petitioner's fear of the respondent's presence; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 933, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 933, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Takayama and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Gabbard and Awa.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 57 on S.B. No. 944

The purpose of this measure is to:

- (1) Require the Department of the Attorney General to convene a task force to recommend amendments to update existing parentage laws that reflect cisheteronormative concepts of families, parenthood, and parental rights; and
- (2) Require an interim and final report to the Legislature.

Your Committee on Conference finds that existing parentage laws reflect outdated concepts of families, parenthood, conception and gestation, and parental rights. This measure establishes a new task force that builds upon the work of the task force previously established by Act 201, Session Laws of Hawaii 2021, to recommend amendments that update existing paternity laws, which will provide a more certain path and inclusion under the law for same sex couples, single parents, and children born through assisted reproductive technology and surrogacy.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the Department of the Attorney General shall convene a task force to recommend amendments to the Hawaii Revised Statutes to update existing parentage laws that reflect outdated concepts of families, parenthood, conception and gestation, and parental rights;
- (2) Adding to the task force an individual with personal knowledge of surrogacy; and
- (3) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 944, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 944, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Tarnas and Matsumoto.
Managers on the part of the House.
Ayes, 3; Ayes with Reservations (Matsumoto). Noes, none. Excused, none.

Senators Rhoads, Elefante and San Buenaventura.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 58 on S.B. No. 1340

The purpose of this measure is to:

- (1) Beginning August 1, 2024:
 - (A) Reinstate and make permanent the exemption from the behavior analyst licensing requirements for certain teachers working in collaboration with a licensed behavior analyst or licensed psychologist;
 - (B) Expand the exemption for registered behavior technicians to implement applied behavior analysis services under the direction of a licensed psychologist; and
 - (C) Reinstate and make permanent the exemption from the behavior analyst licensing requirements for individuals who implement applied behavior analysis services to participants in the Medicaid Home and Community-Based Services Waiver Program; and
- (2) Require the Department of Education to report to the Legislature on the status of implementing Medicaid reimbursements for applied behavior analysis services.

Your Committee on Conference finds that the Department of Education is experiencing a shortage of licensed behavior analysts to provide adequate support to students in the public school system. This measure increases student access to applied behavior analysis services by expanding the types of individuals who may implement applied behavior analysis services in the State without obtaining a behavior analyst license under certain conditions.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have made the amendments to existing law that governs exemptions from the behavior analyst licensing requirements effective August 1, 2024;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1340, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1340, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Belatti, Sayama, La Chica and Pierick.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, 1 (La Chica).

Senators San Buenaventura, Keohokalole and Shimabukuro.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Shimabukuro).

Conf. Com. Rep. 59 on S.B. No. 1057

The purpose of this measure is to:

- (1) Require certain job listings to disclose the hourly rate or salary range that reasonably reflects the actual expected compensation; and
- (2) Prohibit an employer from discriminating between employees because of any protected category established under state law by paying wages to employees in an establishment at a rate less than the rate at which the employer pays wages to other employees in the establishment for substantially similar work.

Your Committee on Conference finds that many employment listings are not transparent about the pay or salary to be offered to the prospective employee. Secrecy around compensation perpetuates the continued discrimination against all workers, and especially for women and people of color. Although requiring employers to disclose the hourly rate or salary range in a job listing would help reduce pay inequalities between employees in protected categories who perform substantially similar work as other employees, your Committee on Conference notes concerns that requiring pay rates in job listings may put smaller and local employers at a significant recruiting disadvantage.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Clarifying that the requirement to disclose the hourly rate or salary range that reasonably reflects the actual expected compensation does not apply to job listings for positions with employers having fewer than fifty employees; and
- (2) Making it effective on January 1, 2024.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1057, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1057, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Holt, Matayoshi, Tamas, Lamosao and Alcos.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Moriwaki, Keohokalole and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 60 on S.B. No. 966

The purpose of this measure is to subject to forfeiture any vehicle used in the commission of felony disposal of solid waste or petty misdemeanor disposal of solid waste.

Your Committee on Conference finds that vehicles are typically involved and required in the illegal dumping and transport of solid waste. Illegal and improper dumping, especially of hazardous materials and construction and demolition waste, can pollute the environment, thereby harming human health and incurring economic consequences. This measure therefore authorizes the forfeiture of any vehicle owned and operated by a person in the commission of an illegal dumping offense to curb, deter, and prevent further illegal dumping operations in the State.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 966, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 966, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Tamas, Cochran, Takayama and Ward.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Gabbard, Rhoads and DeCoite.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (DeCoite).

Conf. Com. Rep. 61 on S.B. No. 655

The purpose of this measure is to authorize the Department of Agriculture to align state hemp production administrative rules with federal exemptions for fiber, fuel, and seed grain hemp crops.

Your Committee on Conference finds that the hemp industry in Hawaii is overburdened by federal and state regulations that stifle growth and production, the extent to which consumers and retailers often resort to purchasing more readily available and affordable hemp overseas. Your Committee on Conference further recognizes that hemp is a viable and resourceful crop with a myriad of valuable uses and therefore, seeks to reduce the regulatory burdens that undermine the success of Hawaii's hemp industry. Therefore, this measure authorizes the Department of Agriculture to align state hemp production administrative rules with federal rules to reduce the regulation that burdens the industry in Hawaii.

Your Committee on Conference has amended this measure by:

- (1) Specifying that hemp shall not be grown within three hundred feet of a pre-existing playground, child care facility, or school;
- (2) Specifying that hemp shall not be grown within one hundred feet of a pre-existing house, dwelling unit, residential apartment, or other residential structure not owned by the grower; and
- (3) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 655, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 655, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Tarnas, Chun, Kahaloha and Ward.
Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Gabbard, Wakai, Rhoads and Richards.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 62 on S.B. No. 637

The purpose of this measure is to require persons applying to register as hemp processors to include with their application documentation that the processing does not include heat or volatile compounds or gases under pressure, such as cold-water extraction and is exempt from certain building permit and building code requirements, or documentation that the planned hemp processing operation is in a food hub or agricultural park.

Your Committee on Conference finds that prior to 2021, hemp producers in the State processed small batches of hemp on their farms in structures that were exempt from certain building permit and building code requirements without adverse consequence. However, Act 14, Session Laws of Hawaii 2022, required hemp and hemp products to be processed within an enclosed indoor facility to prevent unauthorized entry, requiring hemp farmers to rely on off-site hemp processing, which has created additional processing and shipping costs while diminishing the overall quality of transported hemp crops. Therefore, the intent of this measure is to allow licensed hemp farmers to once again process hemp on their farms in agricultural structures and in food hubs and agricultural parks.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 637, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 637, S.D. 1, H.D. 2, C.D. 1.

Conf. Com. Rep. 64 on H.B. No. 978

The purpose of this measure is to amend the procurement laws relating to the purchase of health and human services by:

- (1) Clarifying the requirements for health and human services treatment services purchased by the State;
- (2) Transferring certain duties from the Administrator of the State Procurement Office to the heads of health and human services purchasing agencies; and
- (3) Changing the small purchase threshold for health and human services from less than \$25,000 to an amount less than the threshold established in section 103D-305(a), Hawaii Revised Statutes, for goods and services.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 978, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 978, H.D. 2, S.D. 2, C.D. 1.

Conf. Com. Rep. 65 on H.B. No. 369

The purpose of this measure is to exempt a public utility and water carrier from obtaining the required Public Utilities Commission authorization when the public utility or water carrier is:

- (1) Disposing of a fully depreciated asset or property with a zero net book value that is no longer used or useful, with certain conditions; or
- (2) Donating a fully depreciated asset or property with zero net book value to a charitable or nonprofit organization.

Your Committee on Conference has amended this measure by:

- (1) Deleting the condition that the fully depreciated asset or property be no longer used or useful when a public utility or water carrier disposes of the asset or property;
- (2) Changing the effective date to upon approval; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 369, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 369, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Hashem, Onishi and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Keohokalole, Fukunaga and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 66 on S.B. No. 193

The purpose of this measure is to add to the membership of the State Fire Council, and to the membership of advisory committees that the Council may appoint, representatives from the Hawaii State Aircraft Fire Fighting Unit and the Division of Forestry and Wildlife of the Department of Land and Natural Resources to reflect all non-federal fire fighting agencies in the State.

Your Committee on Conference finds that the Hawaii State Aircraft Firefighting Unit and the Department of Land and Natural Resources Division of Forestry and Wildlife cooperate and communicate with the county fire departments on a regular basis, providing specialty expertise and equipment in emergent and non-emergent environments. This measure will benefit the State Fire Council by allowing the Hawaii State Aircraft Firefighting Unit and the Department of Land and Natural Resources Division of Forestry and Wildlife to provide unique perspectives and greater insight into the protection of persons and property against fire in the State.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon its approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 193, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 193, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Poepoe, Garrett, Tam and Alcos.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Wakai, Inouye, Shimabukuro and Elefante.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 67 on S.B. No. 732

The purpose of this measure is to designate the second Monday in October of each year as Indigenous Peoples' Day.

Your Committee on Conference finds that efforts to replace Columbus Day with Indigenous Peoples' Day or Native American Day began in 1990 and have since spread to seventeen states and the District of Columbia. Presently, Hawaii does not celebrate Columbus Day, but instead observes Discoverers' Day "in recognition of the Polynesian discoverers of the Hawaiian islands". Your Committee on Conference finds that by observing Indigenous Peoples' Day in Hawaii, the State can continue to recognize and celebrate the contributions made by the original inhabitants of Hawaii, honor the various cultures that form Hawaii today, and join in solidarity with the global community to honor indigenous peoples around the world.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 732, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 732, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tam, Kila, Kahaloa, Kapela, Poepoe and Alcos.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Shimabukuro, Kanuha, Ihara and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Ihara).

Conf. Com. Rep. 68 on S.B. No. 182

The purpose of this measure is to:

- (1) Amend the filing deadline for disclosures of financial interests by certain candidates;
- (2) Amend the penalty for the unauthorized release of confidential financial disclosure information; and
- (3) Amend the fines imposed and procedures relating to disclosures of financial interests.

Your Committee on Conference finds that the failure of certain public officials, employees, and candidate to submit a financial disclosure results in administrative fines. However, collection of those fines is a lengthy process that can become cumbersome if there are multiple outstanding unfiled financial disclosures. This measure streamlines the enforcement process for financial disclosure penalties.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 182, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 182, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto, Takayama and Souza.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Elefante and Awa.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 69 on H.B. No. 349

The purpose of this measure is to:

- (1) Expand the original jurisdiction of the Family Court to include proceedings concerning the emancipation of minors;
- (2) Specify the rights of an emancipated minor; and
- (3) Establishing procedures for the emancipation of minors.

Your Committee on Conference has amended this measure by:

- (1) Requiring any state agency, rather than a youth service organization recognized by the Department of Human Services, to file a petition on behalf of a minor seeking emancipation;
- (2) Removing the requirement that the Family Court require a minor petitioning for emancipation to undergo a mental health evaluation;
- (3) Removing the requirement that the minor or the minor's parents or guardian pay for the court-ordered mental health evaluation;
- (4) Changing the effective date to January 1, 2024; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 349, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 349, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Tarnas, Takenouchi, Amato and Garcia.
Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, San Buenaventura and Awa.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 70 on H.B. No. 1184

The purpose of this measure is to provide a process by which agencies may procure professional services when fewer than three qualified persons respond to an additional solicitation.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the process when fewer than three qualified persons respond;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1184, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1184, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Garrett, Kitagawa and Alcos.
Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Kitagawa).

Senators McKelvey, Moriwaki and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 71 on S.B. No. 1151

The purpose of this measure is to exempt University of Hawaii community college students enrolled in certificate programs from the requirement to complete the Free Application for Federal Student Aid (FAFSA) each academic year to be considered eligible for the Hawaii Community College Promise Program.

Your Committee on Conference finds that the Hawaii Community College Promise Program increases access to the University of Hawaii for individuals otherwise unable to afford higher education. Currently, students must complete the FAFSA to qualify for the program. This requirement can present a challenge for students enrolled in certificate programs, including students with developmental disabilities. This measure therefore removes this barrier to accessing financial assistance to allow low-income students to pursue higher education.

Your Committee on Conference has amended this measure by:

- (1) Inserting an effective date of July 1, 2023; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1151, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1151, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Perruso, Kobayashi, Evslin, Kapela and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kim, Kanuha, Kidani and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Kidani).

Conf. Com. Rep. 72 on S.B. No. 151

The purpose of this measure is to:

- (1) Require any department or agency employing a law enforcement officer to maintain a publicly available policy that provides a minimum standard on the use of force;
- (2) Allow use of force policies and training to be considered in legal proceedings involving a law enforcement officer's use of force;
- (3) Require a law enforcement officer who observes the use of force by another law enforcement officer to report the use of force; and
- (4) Require that law enforcement officers receive training designed to minimize the use of force.

Your Committee on Conference finds that ensuring that the force used by officers in the performance of duties is proper, lawful, and necessary is critical to maintain the trust of the public and for public safety. This measure will promote public trust in law enforcement and improve public safety by increasing accountability and transparency in law enforcement services.

Your Committee on Conference has amended this measure by inserting an effective date of January 1, 2024.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 151, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 151, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto and Souza.

Managers on the part of the House.

Ayes, 3; Ayes with Reservations (Souza). Noes, none. Excused, none.

Senators Wakai, Rhoads and Elefante.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 73 on H.B. No. 1033

The purpose of this measure is to add to the State Building Code Council one member who represents the Hawaii Emergency Management Agency, to be appointed by the Director of Hawaii Emergency Management.

Your Committee on Conference has amended this measure by changing the effective date to July 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1033, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1033, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Kitagawa, Hussey-Burdick and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Inouye and Elefante.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 74 on H.B. No. 660

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist Hawaii Pacific Health and one or more of its nonprofit affiliates in financing the costs of the construction of, improvement to, and equipping of its health care facilities at Straub Medical Center.

Your Committee on Conference has amended this measure by:

- (1) Changing the special purpose revenue bond authorization from an unspecified amount to \$240,000,000; and
- (2) Changing the effective date to July 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 660, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 660, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Kitagawa and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Aquino, Keith-Agaran and Moriwaki.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 75 on H.B. No. 339

The purpose of this measure is to permanently exempt nine positions in the Department of Human Services from civil service.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 339, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 339, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Garrett, Kobayashi, Amato and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Garrett).

Senators Moriwaki, Aquino, Shimabukuro and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 76 on H.B. No. 961

The purpose of this measure is to:

- (1) Appropriate funds into and out of the Preschool Open Doors Special Fund for the Preschool Open Doors Program and Executive Office on Early Learning to expand access to preschool and implement program changes required by law;
- (2) Expand the types of entities from which a Preschool Open Doors service provider may obtain accreditation;
- (3) Expand the Preschool Open Doors Program application process to eligible three-year-old children; and
- (4) Authorize the Preschool Open Doors Special Fund to accept federal funds.

Your Committee on Conference has amended this measure by:

- (1) Deleting language which would have:

(A) Appropriated funds for the Preschool Open Doors Program and Executive Office on Early Learning; and

(B) Authorized the Preschool Open Doors Special Fund to accept federal funds; and

- (2) Changing the effective date to upon approval; provided that the provisions expanding the Preschool Open Doors Program application process to eligible three-year-old children shall take effect on January 1, 2024.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 961, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 961, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Woodson, Kitagawa, Amato, Marten and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (Marten).

Senators Kidani, Wakai and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 77 on H.B. No. 992

The purpose of this measure is to clarify that certain funds appropriated pursuant to Act 88, Session Laws of Hawaii 2021, as amended by Act 248, Session Laws of Hawaii 2022, shall be deposited into the Affordable Homeownership Revolving Fund for the purposes for which the revolving fund was established.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and

(2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 992, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 992, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Aiu, Onishi and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Chang, Keith-Agaran and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 78 on H.B. No. 674

The purpose of this measure is to repeal the percentage requirements for the Hawaii Public Housing Authority related to the admission of applicants, with or without preferences, into federal and state low-income public housing units.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 674, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 674, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Aiu, Marten and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Chang, Wakai and Kanuha.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Kanuha).

Conf. Com. Rep. 79 on H.B. No. 675

The purpose of this measure is to require, if sufficient funding is available, the Hawaii Housing Finance and Development Corporation to open at minimum two application periods each year for the receipt of applications for affordable housing financing from the Low-Income Housing Tax Credit Program, Hula Mae Multi-Family Revenue Bond Program, Rental Housing Revolving Fund Program, and Dwelling Unit Revolving Fund Program.

Your Conference on Committee has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 675, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 675, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Aiu, Onishi and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Chang, Moriwaki and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 80 on H.B. No. 1000

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2023-2025 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (1) and their excluded counterparts.

Your Committee on Conference has amended this measure by:

- (1) Adding cost items for the members of collective bargaining unit (10) and their excluded counterparts;
- (2) Inserting the appropriate figures for fiscal biennium 2023-2025 based upon the ratified collective bargaining agreement for collective bargaining units (1) and (10) as indicated in Governor's Message No. 11, 2023;
- (3) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes; and
- (4) Changing the effective date to July 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1000, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1000, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Garrett and Alcos.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Moriwaki, Keith-Agaran and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 81 on H.B. No. 1001

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2023-2025 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (2) and their excluded counterparts.

Your Committee on Conference has amended this measure by:

- (1) Adding cost items for the members of collective bargaining units (3), (4), (6), (8), (9), (13), and (14) and their excluded counterparts;
- (2) Inserting the appropriate figures for fiscal biennium 2023-2025 based upon the tentative agreement reached for collective bargaining units (2), (3), (4), (6), (8), (9), (13), and (14) as indicated in Governor's Message No. 10, 2023, and the subsequent notification of ratification received for these bargaining units in Governor's Message No. 13, 2023;
- (3) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes; and
- (4) Changing the effective date to July 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1001, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1001, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Garrett and Alcos.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Moriwaki, Keith-Agaran and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 82 on H.B. No. 1004

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2023-2025 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (5) and their excluded counterparts.

Your Committee on Conference has amended this measure by:

- (1) Inserting the appropriate figures for fiscal biennium 2023-2025 based upon the tentative agreement reached for collective bargaining unit (5) as indicated in Governor's Message No. 9, 2023, and the subsequent notification of ratification received for the bargaining unit in Governor's Message No. 14, 2023;
- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1004, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1004, H.D. 1, S.D. 1, C.D. 1.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 84 on H.B. No. 1010

The purpose of this measure is to appropriate or authorize funds for fiscal biennium 2023-2025 for collective bargaining cost items, including salary and other cost adjustments, for the members of collective bargaining unit (11) and their excluded counterparts.

Your Committee on Conference has amended this measure by:

- (1) Inserting the appropriate figures for fiscal biennium 2023-2025 based upon the agreement reached for collective bargaining unit (11) as indicated in Governor's Message No. 7, 2023;
- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1010, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1010, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Garrett and Alcos.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Moriwaki, Keith-Agaran and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 85 on H.B. No. 1329

The purpose of this measure is to:

- (1) Require the Department of Education to work with certain organizations to develop and implement an active shooter training program in all public and charter schools; and
- (2) Allow public and charter school students to decline to participate in the active shooter training program.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1329, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1329, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Tarnas, Nishimoto, Marten and Garcia.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Tarnas, Garcia).

Senators Kidani, DeCoite and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 86 on H.B. No. 503

The purpose of this measure is to:

- (1) Require the Board of Education to work with the Department of Education to conduct an analysis on the need, impact, and feasibility of making computer science a graduation requirement;
- (2) Require the Board of Education to determine whether making computer science a graduation requirement would be in the best interests of public school students and the public and submit a report to the Legislature of its findings and recommendations; and
- (3) Appropriate funds for teacher professional development in computer science.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the Board of Education is required to work with the Department of Education to conduct an analysis on the necessary timeline and appropriate process for implementation of making computer science a graduation requirement by no later than the 2030-2031 school year;
- (2) Requiring the Board of Education to make a determination on how students could be allowed to complete computer science courses as a substitute for core academic courses to satisfy graduation credit requirements, beginning with the 2024-2025 school year;
- (3) Deleting language which would have appropriated funds for teacher professional development in computer science;
- (4) Changing the effective date to July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 503, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 503, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Perruso, Morikawa, Kapela and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Wakai and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 87 on S.B. No. 1166

The purpose of this measure is to authorize the renewal of driver's licenses online in addition to by mail.

Your Committee on Conference finds that driver's license renewals have become a tedious process for many Hawaii drivers. The current process for driver's license renewals requires individuals to be in-person at a driver's licensing center, a process that can take a considerable amount of time if there are many customers. This measure will make driver's license renewals more convenient and efficient while also reducing wait times and backlogs for certain drivers.

Your Committee on Conference has amended this measure by inserting an effective date of July 1, 2025.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1166, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1166, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto, Takayama and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, Kim and Elefante.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 88 on S.B. No. 1437

The purpose of this measure is to authorize certain pass-through entities to elect to pay Hawaii income tax at the entity level.

Your Committee on Conference finds that the federal Tax Cuts and Jobs Act of 2017 capped the state and local tax deduction for individuals at \$10,000 for the 2018-2025 taxable years, which deprived individual taxpayers of significant federal tax benefits. Your Committee on Conference also finds that, in response, several states have enacted laws to authorize certain pass-through entities to elect to pay state income tax at the entity level, thus bypassing the \$10,000 cap amount. Your Committee on Conference believes that this measure will help Hawaii's small businesses by allowing taxpayers to deduct Hawaii state income taxes paid on their federal income tax returns.

Your Committee on Conference has amended this measure by changing the effective date to January 1, 2024, and specifying that the measure shall apply to taxable years beginning after December 31, 2022.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1437, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1437, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Holt, Yamashita, Lamosao and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Keith-Agaran, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Kanuha).

Conf. Com. Rep. 89 on S.B. No. 712

The purpose of this measure is to appropriate funds to Windward Community College to support a level I trauma-informed certification program for adult corrections officers in the State.

Your Committee on Conference finds that a large number of the individuals in the corrections and rehabilitation system have experienced significant trauma during their lifetimes. Your Committee on Conference further finds that training in trauma-informed care for corrections professionals allows them to better connect with incarcerated individuals who have experienced trauma, which often results in improved rehabilitation outcomes and reduced recidivism rates. This measure will improve the rehabilitation of incarcerated individuals that have gone through traumatic experiences.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have appropriated funds to support a level I trauma-informed certification program at the University of Hawaii Windward Community College for adult corrections officers;
- (2) Establishing a trauma-informed certification program at the Windward Community College campus of the University of Hawaii for adult corrections officers;
- (3) Requiring the Department of Public Safety to collaborate and provide support to the University of Hawaii in establishing a trauma-informed certification program at Windward Community College;

- (4) Allowing the Department of Public Safety, as the designated expending agency for moneys appropriated for a level I trauma-informed certification program to be funded by operating funds authorized during the Regular Session of 2023, to delegate to the University of Hawaii Windward Community College projects related or similar to the level I trauma-informed certification program;
- (5) Clarifying the legislative findings to indicate that the need for the certification program is a matter of statewide concern;
- (6) Making it effective upon its approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 712, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 712, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Chun, Ichiyama, Morikawa and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Wakai, Kim, Moriwaki and Elefante.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Kim).

Conf. Com. Rep. 90 on S.B. No. 210

The purpose of this measure is to establish a criminal justice data sharing working group to make recommendations for a statewide criminal justice data repository to:

- (1) Facilitate collaborative decision-making, coordinated planning, and cooperative implementation among criminal justice agencies and relevant partners;
- (2) Support the fair, efficient, and effective operation of the criminal justice system;
- (3) Promote interoperability through the use of common elements;
- (4) Allow agencies to securely and efficiently share appropriate information; and
- (5) Support criminal justice and other purposes, including improved public safety and homeland security, while respecting the privacy of citizens.

Your Committee on Conference finds that the State lacks a common repository for tracking data related to the criminal justice system. Your Committee on Conference further finds that all state and county criminal justice agencies plan, design, procure, implement, and operate their own separate information systems. As such, data sharing frequently consists of one-off solutions and often requires grants and outside contractors. The working group established by this measure will improve the timely sharing of information between police, prosecutors, attorneys, and the courts.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 210, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 210, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto, Takayama and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Rhoads, Kidani and Elefante.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 91 on S.B. No. 759

The purpose of this measure is to:

- (1) Require the Office of Primary Care and Rural Health to oversee and support community efforts to collaboratively address the health and wellness needs of the State's most underserved rural residents and develop plans that align with appropriate providers' goals and objectives; and
- (2) Appropriate funds for the establishment of permanent full-time equivalent positions within the Department of Health's Family Health Services Division.

Your Committee on Conference finds that rural residents often face barriers to accessing health care. To address these barriers, comprehensive health care coordination across preventative and primary health care, specialty care, and urgent and emergency care is necessary in medically underserved areas. To facilitate this coordination and the development of a strong health network, this measure provides governmental support to existing community efforts to respond to the health care needs of rural residents.

Your Committee on Conference has amended this measure by:

- (1) Removing language that would have appropriated funds for an unspecified number of permanent full-time equivalent Program Specialist IV positions within the Department of Health's Family Health Services Division;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 759, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 759, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Takenouchi, Amato, Morikawa and Garcia.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, 1 (Morikawa).

Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Aquino).

Conf. Com. Rep. 92 on S.B. No. 1357

The purpose of this measure is to:

- (1) Make permanent Act 141, Session Laws of Hawaii 2009, as amended (Act 141), which requires the counties to issue affordable housing credits to the Department of Hawaiian Home Lands upon request; and
- (2) Make permanent Act 98, Session Laws of Hawaii 2012, as amended (Act 98), which requires the counties to issue affordable housing credits for each residential unit developed by the Department of Hawaiian Home Lands.

Your Committee on Conference finds that the affordable housing credit programs pursuant to Act 141 and Act 98 have enabled the Department of Hawaiian Home Lands to attract more developer-financed projects. Through these projects, the Department has been able to award and deliver homesteads to beneficiaries more affordably and at an accelerated rate. Your Committee on Conference finds that despite the success of Act 141 and Act 98, they are both set to sunset in 2024. Therefore, this measure extends the affordable housing credit programs pursuant to Act 141 and Act 98 for the Department of Hawaiian Home Lands.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Extending the sunset dates for Act 141 and Act 98 to July 1, 2030, rather than making them permanent;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1357, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1357, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Conf. Com. Rep. 93 on H.B. No. 278

The purpose of this measure is to appropriate funds for the Executive Office on Aging to create an Alzheimer's disease and related dementias public health campaign.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$1,000,000 for the Alzheimer's disease and related dementias public health campaign;
- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 278, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 278, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Kila, Chun, Kobayashi and Garcia.
Managers on the part of the House.

Senators Aquino, Kanuha and Moriwaki.
Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Moriwaki).

Conf. Com. Rep. 94 on H.B. No. 1255

The purpose of this measure is to authorize the issuance of special purpose revenue bonds to assist West Maui Hospital Foundation, Inc., in the construction of West Maui Hospital and Medical Center, including any necessary infrastructure.

Your Committee on Conference has amended this measure by:

- (1) Deleting the requirement that the County of Maui serve as a guarantor of any debt service on the special purpose revenue bonds;
- (2) Changing the effective date to July 1, 2023; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1255, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1255, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Cochran, Amato and Garcia.

Managers on the part of the House.

Senators Aquino, Kanuha and Moriwaki.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Moriwaki).

Conf. Com. Rep. 95 on H.B. No. 451

The purpose of this measure is to:

- (1) Amend Act 125, Session Laws of Hawaii 2022, to extend the time to expend appropriations for the establishment of a pilot visitation and family resource center at Waiawa Correctional Facility on Oahu;
- (2) Make conforming amendments related to the establishment of the Department of Corrections and Rehabilitation; and
- (3) Appropriate additional funds to implement the pilot visitation and family resource center at Waiawa Correctional Facility.

Your Committee on Conference has amended this measure by:

- (1) Restoring the appropriation amounts of \$305,000 and \$115,000, respectively, in Act 125, Session Laws of Hawaii 2022;
- (2) Deleting language that would have appropriated funds to operate the pilot visitation and family resource center at Waiawa Correctional Facility;
- (3) Deleting language that would have appropriated funds for additional improvements required by the pilot visitation and family resource center at Waiawa Correctional Facility;
- (4) Changing the effective date to June 29, 2023; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 451, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 451, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 97 on H.B. No. 153

The purpose of this measure is to:

- (1) Amend the penalty amount per violation of the State Water Code, with the Commission on Water Resource Management to determine the amount of the penalty based on the circumstances of the violation; and
- (2) Appropriate funds for two full-time equivalent general professional positions within the Commission on Water Resource Management.

Your Committee on Conference has amended this measure by:

- (1) Deleting the appropriation of funds for positions within the Commission on Water Resource Management;
- (2) Changing the effective date to July 1, 2023; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 153, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 153, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 99 on S.B. No. 1391

The purpose of this measure is to authorize the Board of Land and Natural Resources to place a lien on a property for noncompliance with certain administrative enforcement actions related to land use violations and for certain unauthorized structures encroaching on public lands.

Your Committee on Conference finds that the Department of Land and Natural Resources has struggled to resolve problems related to encroaching erosion control structures that are typically unpermitted or have remained under an expired permit far beyond their allotted authorization. Therefore, this measure serves to aid the Department in addressing noncompliant and potentially hazardous structures by allowing the Board of Land and Natural Resources to attach a lien on an owner's property.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1391, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1391, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Tarnas, Poepoe, Evslin and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Evslin).

Senators Inouye, Gabbard, Moriwaki and Elefante.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Gabbard).

Conf. Com. Rep. 100 on S.B. No. 764

The purpose and intent of this measure is to:

- (1) Allow a bank to invest, in aggregate, up to fifteen per cent of the bank's capital and surplus in limited partnerships, limited liability partnerships, limited liability companies, and corporations formed to invest in affordable housing residential properties without the prior approval of the Commissioner of Financial Institutions (Commissioner) or an after-the-fact notice; and
- (2) Authorize an eligible bank to either:
 - (A) Apply to the Commissioner to allow the aggregate amount invested to exceed fifteen percent, but not more than twenty percent, of the bank's capital and surplus; or
 - (B) Make an investment exceeding fifteen percent, but not exceeding twenty percent, of the bank's capital and surplus without prior notification to, or approval by, the Commissioner if the eligible bank submits an after-the-fact notice.

Your Committee on Conference finds that the State is presently facing a housing shortage and is in need of creative options to promote investment in the development of low-income affordable housing rental units. Existing law limits the amount that a bank may invest in entities formed to invest in residential

properties that qualify for federal Low-Income Housing Tax Credits. This measure encourages the financing of affordable residential housing projects by increasing the low-income housing tax credit investment limit for local banks to a level already permitted by the federal government.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have authorized an eligible bank to apply to the Commissioner to allow the aggregate amount invested to exceed fifteen percent, but not more than twenty percent, of the bank's capital and surplus;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 764, S.D. 1, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 764, S.D. 1, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Nakashima, Yamashita, Aiu and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Nakashima).

Senators Chang, Keohokalole and Aquino.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 101 on S.B. No. 1502

The purpose of this measure is to:

- (1) Authorize the Department of Transportation to regulate the parking of shared cars at state airports;
- (2) Authorize the counties to regulate the parking of shared cars on highways under their jurisdiction; and
- (3) Amend the required coverage for shared cars that are made available through a peer-to-peer car-sharing program during the car-sharing period.

Your Committee on Conference finds that the growing popularity of shared cars provides additional transportation options for residents and visitors. However, with the proliferation of shared cars across the State, there is a growing need for additional protections for consumers and drivers. This measure establishes additional insurance protections for shared cars.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that the Department of Transportation may regulate parking utilized by peer-to-peer car sharing at state airports;
- (2) Clarifying that the counties are authorized to, by ordinance, regulate parking utilized by shared cars;
- (3) Repealing the sunset date of June 30, 2025, thereby making permanent Act 56, Session Laws of Hawaii 2022, relating to peer-to-peer car sharing insurance requirements;
- (4) Inserting an effective date of January 1, 2024; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1502, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1502, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Kitagawa and Ward.

Managers on the part of the House.

Ayes, 2. Noes, none. Excused, 1 (Ward).

Senators Lee, Keohokalole and Inouye.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 102 on S.B. No. 1373

The purpose of this measure is to clarify the allowable revenues to be deposited into the Executive Office on Aging Administrative Claiming Special Fund and the purposes for which the fund may be used.

Your Committee on Conference finds that Executive Office on Aging programs are authorized to use Medicaid administrative claiming funds. Despite this authorization, existing state law prevents the Executive Office on Aging from utilizing Medicaid administrative claiming funds other than for the operation of aging and disability resource centers. This measure removes this restriction to support the continued operation of the Executive Office on Aging's many beneficial programs.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1373, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1373, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Kitagawa, Chun, Garrett and Alcos.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Garrett).

Senators Moriwaki, Inouye and Shimabukuro.

Managers on the part of the Senate.
Ayes, 2. Noes, none. Excused, 1 (Shimabukuro).

Conf. Com. Rep. 103 on S.B. No. 696

The purpose of this measure is to:

- (1) Authorize the wages of other employees in comparable employment to be considered when computing the average weekly wages of an injured public board member, reserve police officer, police chaplain, reserve public safety law enforcement officer, sheriffs' chaplain, volunteer firefighter, volunteer boating enforcement officer, or volunteer conservation and resources enforcement officer; and
- (2) Clarify the computation of average weekly wages of an injured volunteer firefighter for workers' compensation benefits purposes.

Your Committee on Conference finds that under existing law, the Department of Labor and Industrial Relations is prohibited from considering the wages of other employees in comparable employment when computing the average weekly wages of various volunteer positions, including reserve police officers, volunteer firefighters, and volunteer boating enforcement officers. Your Committee on Conference recognizes that the work performed by these volunteers is both vital and potentially dangerous and further finds that it is appropriate for any of these volunteers who sustain injuries in the line of duty to be afforded equitable workers' compensation benefits. This measure ensures those who volunteer in certain volunteer positions are fairly compensated with sufficient coverage under workers' compensation laws for the services they perform.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 696, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 696, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Sayama, Garrett, Martinez and Alcos.

Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Moriwaki, Wakai, Lee and Fevella.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 104 on S.B. No. 1383

The purpose of this measure is to

- (1) Institute an unemployment insurance technology assessment to be imposed on employers at an unspecified rate of taxable wages;
- (2) Establish the Unemployment Insurance Technology Special Fund into which the assessment shall be deposited, and which shall be used to defray the costs of information technology infrastructure for the Unemployment Insurance Program; and
- (3) Clarify the order of priority to apply collections from delinquent employers to delinquent amounts under Hawaii's Employment Security Law.

Your Committee on Conference finds that federal funds are currently available for the infrastructure and equipment necessary to modernize the Unemployment Insurance Program, and the costs of operating and maintaining the information technology systems are not covered by federal funds. This measure would provide a permanent funding mechanism to support the necessary continued maintenance of the Unemployment Insurance Division's information technology infrastructure.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the unemployment insurance technology assessment be at a rate of .01 percent of taxable wages as specified in section 383-61, Hawaii Revised Statutes; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1383, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1383, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Garrett, Martinez and Alcos.

Managers on the part of the House.
Ayes, 3. Noes, none. Excused, 1 (Alcos).

Senators Moriwaki, Shimabukuro and Fevella.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 105 on H.B. No. 478

The purpose of this measure is to:

- (1) Establish qualifications for membership on the State Foundation on Culture and the Arts Commission; and
- (2) Appropriate funds to the State Foundation on Culture and the Arts to award one-time fellowships to promising artists.

Your Committee on Conference has amended this measure by:

- (1) Adding as ex officio, nonvoting members to the State Foundation on Culture and the Arts Commission the chair of the Senate and House of Representatives standing committees with primary jurisdiction over culture and the arts;
- (2) Removing the appropriation of funds to the State Foundation on Culture and the Arts to award one-time fellowships to promising artists;
- (3) Changing the effective date to July 1, 2023; and

(4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 478, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 478, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tam, Kila, Garrett, Kapela and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Garrett).

Senators Lee, Kim and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 106 on H.B. No. 475

The purpose of this measure is to establish and appropriate funds for the Art in Private Places and Performing Arts Committee, within the State Foundation on Culture and the Arts, to establish and administer the Art in Private Places and Performing Arts Pilot Programs.

Your Committee on Conference has amended this measure by:

- (1) Deleting the establishment of the Art in Private Places and Performing Arts Committee and Performing Arts Pilot Program;
- (2) Establishing the Art in Private Places Pilot Program, which allows the Executive Director of the State Foundation on Culture and the Arts to loan state-owned art to non-state individuals, businesses, or entities for reasonable financial consideration;
- (3) Renaming the Performing Arts Special Account to the Art in Private Places Special Account and amending the funds that may be deposited into the special account;
- (4) Removing the appropriation;
- (5) Changing the effective date to July 1, 2023, with a sunset date of June 30, 2026; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 475, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 475, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tam, Yamashita, Garrett, Martinez and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Alcos).

Senators Lee, Wakai and Inouye.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 107 on H.B. No. 848

The purpose of this measure is to appropriate funds to establish new permanent support staff positions which are critical to sustaining daily operations for the initiatives at the Hawaii Institute of Marine Biology.

Your Committee on Conference has amended this measure by:

- (1) Inserting appropriation amounts for each position;
- (2) Clarifying that the full-time equivalent positions to be established are administrative, professional, and technical positions;
- (3) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (4) Changing the effective date to July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 848, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 848, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Perruso, Kitagawa, Kapela, Marten and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kim, Kanuha, Fukunaga and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fukunaga).

Conf. Com. Rep. 108 on H.B. No. 933

The purpose of this measure is to appropriate funds to the Public Utilities Commission to provide free telecommunications access to certain information for individuals with a print disability.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$150,000 to provide free telecommunications access to certain information for persons with a print disability;
- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2023; and
- (4) Making a technical, nonsubstantive amendment for clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 933, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 933, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Perruso, Sayama, Kobayashi, Kapela and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Pierick).

Senators Keohokalole, Lee and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 109 on H.B. No. 1200

The purpose of this measure is to:

- (1) Require and appropriate funds for the Department of Land and Natural Resources to establish an Unmanned Aircraft Systems Program that is compliant with federal and state laws;
- (2) Authorize the use of unmanned aircraft systems to monitor, investigate, and obtain admissible evidence of natural and cultural resource violations; and
- (3) Beginning January 1, 2026, require an annual report to the Legislature on the Unmanned Aircraft Systems Program.

Your Committee on Conference has amended this measure by:

- (1) Authorizing, rather than requiring, the Department of Land and Natural Resources to adopt rules related to the Unmanned Aircraft Systems Program;
- (2) Inserting an appropriation amount of \$125,000 for the Unmanned Aircraft Systems Program for fiscal year 2023-2024;
- (3) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (4) Changing the effective date to July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1200, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1200, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Lowen, Tarnas, Cochran and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Tarnas).

Senators Inouye, Shimabukuro and Gabbard.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Gabbard).

Conf. Com. Rep. 110 on S.B. No. 1254

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to petition the Board of Land and Natural Resources to designate certain lands as the "Kaiwi Coast State Park";
- (2) Establish certain conditions for the Kaiwi Coast State Park; and
- (3) Appropriate funds for the Kaiwi Coast State Park and Maunaloa-Makapuu Scenic Byway improvements.

Your Committee on Conference finds that the lands of the Kaiwi coast are an invaluable resource for the people of the State and its natural beauty should be preserved in perpetuity for the public benefit. Therefore, this measure helps kickstart the process of conserving those lands in their natural state by requiring the Department of Land of Natural Resources to petition for their designation as a state park.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Eliminating the appropriation for the establishment, planning, and design of the Kaiwi Coast State Park and Maunaloa-Makapuu Scenic Byway improvements;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1254, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1254, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Tarnas, Nishimoto and Souza.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Inouye, Lee and Elefante.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 111 on S.B. No. 1232

The purpose of this measure is to:

- (1) Authorize the State Librarian, with approval from the Board of Education, to impose and collect rates, rents, fees, fines and charges for the use of state library facilities and revise rates, rents, fees, and charges as necessary without regard to chapter 91, Hawaii Revised Statutes; and
- (2) Sunset on June 30, 2028.

Your Committee on Conference finds that the State Public Library System provides thousands of residents in the State with free, convenient access to library materials. However, the current process to collect fees is cumbersome, requiring updates of fee schedules to follow the administrative rule process pursuant to chapter 91, Hawaii Revised Statutes. This measure provides the State Librarian with greater flexibility to collect fees that will provide additional funding to support and continue library services across the State.

Your Committee on Conference has amended this measure by:

- (1) Making it effective upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1232, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1232, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Morikawa, Evslin, La Chica, Marten and Garcia.
Managers on the part of the House.
Ayes, 4. Noes, 1 (Garcia). Excused, 1 (Evslin).

Senators Kidani, Shimabukuro and Richards.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 112 on S.B. No. 483

The purpose of this measure is to update articles I through IV of the Uniform Probate Code to adjust for inflation, provide additional clarity, resolve issues that have arisen in probate practice, and address societal changes in familial relations.

Your Committee on Conference finds that it is necessary to update the Uniform Probate Code with appropriate amendments to reflect Hawai'i law and practice where relevant. The last update to the Uniform Probate Code was in 1996. This measure makes appropriate and necessary updates to the Uniform Probate Code.

Your Committee on Conference has amended this measure by making it effective upon its approval; provided that the section relating to the Uniform Estate Tax Apportionment Act shall take effect on July 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 483, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 483, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto and Souza.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Rhoads, Elefante and San Buenaventura.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 113 on S.B. No. 211

The purpose of this measure is to ensure that employment, work, and pay eligibility for the purpose of calculating retirement benefits includes retroactive reinstatement, retroactive rescission of suspension, and retroactive payments that are restored to an employee as part of a judicial, administrative, or arbitral proceeding, or pursuant to a settlement of claims.

Your Committee on Conference finds that this measure seeks to codify the long-standing practice of the Employees' Retirement System of crediting a public employee's retroactive reinstatement, retroactive rescission of suspension, and retroactive payments for service credits and retirement benefits determination purposes. This measure will help to avoid potential uncertainties in the calculations of these amounts.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that made the definition of "final resolution of claims" apply to actions that became final on or after the effective date of this measure; and
- (2) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 211, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 211, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Tamas, Garrett and Alcos.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Moriwaki, Keith-Agaran, Rhoads and Ihara.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 114 on S.B. No. 1313

The purpose of this measure is to enable the Hawaii Employer-Union Health Benefits Trust Fund Board of Trustees (Board) to establish appropriate salaries for the Administrator and Chief Investment Officer of the Trust Fund.

Your Committee on Conference finds that authorizing the Board to set an appropriate salary for its upper-management personnel, such as the Chief Investment Officer, will lead to an increase in the recruitment and retention of qualified individuals to administer the day-to-day activities of the Trust Fund.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1313, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1313, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Garrett and Alcos.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Moriwaki, Kim and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 115 on H.B. No. 972

The purpose of this measure is to:

- (1) Add revenue generated by the State Veterinary Laboratory and Animal Disease Control Branch as sources for the Animal Industry Special Fund; and
- (2) Clarify that the funds from the Animal Industry Special Fund may be expended to make laboratory improvements.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 972, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 972, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Kahaloa, Cochran and Ward.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Aquino and Richards.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 116 on H.B. No. 306

The purpose of this measure is to appropriate funds to the University of Hawaii for statewide research into ornamental ginger pathogens, prevention of the spread of ornamental ginger pathogens, production and distribution of pathogen-free ornamental ginger plants, and outreach to ornamental ginger producers.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$125,000 for fiscal year 2023-2024 for statewide research regarding ornamental ginger pathogens and deleting the appropriation of the same sum for fiscal year 2024-2025;
- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 306, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 306, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Lamosao and Alcos.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators Gabbard, Kim, Aquino and Richards.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Kim).

Conf. Com. Rep. 117 on H.B. No. 307

The purpose of this measure is to authorize the Department of Agriculture to extend the agricultural park lease of any lessee who holds a lease with a remaining term of fifteen years or less as long as the land covered by the lease is twenty-five acres or less and located in a county with a population of less than five hundred thousand.

Your Committee on Conference has amended this measure by changing the effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 307, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 307, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Ichiyama, Nakashima, Kahaloa, Hussey-Burdick and Ward.

Managers on the part of the House.

Ayes, 6; Ayes with Reservations (Hussey-Burdick). Noes, none. Excused, none.

Senators Gabbard, Aquino and Richards.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 118 on H.B. No. 133

The purpose of this measure is to appropriate funds for the operating costs of the Office of Hawaiian Affairs for the fiscal biennium beginning July 1, 2023, and ending June 30, 2025.

Your Committee on Conference has amended this measure by:

- (1) Appropriating \$3,000,000 for fiscal biennium 2023-2025 for the Office of Hawaiian Affairs;
- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 133, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 133, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Yamashita, Kitagawa, Takayama and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Shimabukuro, Kidani and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 119 on H.B. No. 1113

The purpose of this measure is to:

- (1) Allow monies in the State Highway Fund to be expended for the cost of maintaining a Drug and Alcohol Toxicology Testing Laboratory;
- (2) Require monies in the Drug and Alcohol Toxicology Testing Laboratory Special Fund to be administered and expended by the Department of Transportation or appropriated as a grant-in-aid to the emergency services department of a county with a population of five hundred thousand or more to support a Drug and Alcohol Toxicology Testing Laboratory;
- (3) Change the name of the State Drug and Alcohol Toxicology Testing Laboratory, and its special fund, to repeal reference to the "State" to reflect its expanded scope;
- (4) Appropriate funds from the State Highway Fund to the Drug and Alcohol Toxicology Testing Laboratory Special Fund;
- (5) Appropriate funds out of the Drug and Alcohol Toxicology Testing Laboratory Special Fund for the establishment and maintenance of a Drug and Alcohol Toxicology Testing Laboratory; and
- (6) Require reports to the Legislature on expenditures made from the Drug and Alcohol Toxicology Testing Laboratory Special Fund.

Your Committee on Conference has amended this measure by:

- (1) Appropriating \$2,000,000 for fiscal year 2023-2024 and \$400,000 for fiscal year 2024-2025 for the establishment and maintenance of a Drug and Alcohol Toxicology Testing Laboratory, including the costs of laboratory instrumentation, facility renovation and security upgrades, office furniture and supplies, laboratory equipment, and other purposes that support a Drug and Alcohol Toxicology Testing Laboratory;
- (2) Changing the effective date to July 1, 2023; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1113, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1113, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto, Takayama and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.
 Senators Lee, Kanuha and Gabbard.
 Managers on the part of the Senate.
 Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 120 on H.B. No. 960

The purpose of this measure is to:

- (1) Include the development and construction of prekindergarten facilities among the powers of the School Facilities Authority;
- (2) Transfer general funds previously appropriated to the School Facilities Authority of the Department of Education to the School Facilities Special Fund for fiscal year 2023-2024; and
- (3) Appropriate funds out of the School Facilities Special Fund for the School Facilities Authority to construct new school facilities and renovate, improve, and expand existing school facilities to increase prekindergarten student capacity.

Your Committee on Conference has amended this measure by:

- (1) Appropriating \$200,000,000 out of the School Facilities Special Fund for the School Facilities Authority to construct new school facilities and renovate, improve, and expand existing school facilities to increase prekindergarten student capacity;
- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 960, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 960, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Kitagawa, Kapela, Marten and Garcia.
 Managers on the part of the House.
 Ayes, 4. Noes, none. Excused, 1 (Garcia).
 Senators Kidani, DeCoite and Fevella.
 Managers on the part of the Senate.
 Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 121 on H.B. No. 1101

The purpose of this measure is to:

- (1) Prohibit the counties from charging against or collecting user fees for stormwater management systems or infrastructure from the Department of Transportation in excess of \$1,500,000 in the aggregate per year; and
- (2) Specify that no services shall be denied to the Department of Transportation by reason of nonpayment of the user fees for stormwater management systems or infrastructure.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon approval; and
- (2) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1101, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1101, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Yamashita, Kitagawa, Poepoe and Souza.
 Managers on the part of the House.
 Ayes, 4. Noes, none. Excused, 1 (Kitagawa).
 Senators Inouye, Gabbard, Rhoads, Lee and Elefante.
 Managers on the part of the Senate.
 Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 122 on H.B. No. 1090

The purpose of this measure is to specify the methods by which the Department of Land and Natural Resources can issue new ocean recreation commercial permits and renew existing ocean recreation commercial permits.

Your Committee on Conference has amended this measure by changing its effective date to upon approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1090, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1090, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Nishimoto, Ilagan, Poepoe and Souza.
 Managers on the part of the House.
 Ayes, 4. Noes, none. Excused, 1 (Ilagan).

Senators Inouye, Gabbard, DeCoite and Elefante.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 123 on H.B. No. 1134

The purpose of this measure is to:

- (1) Prohibit commercial ocean use activities within Kaneohe Bay waters without a permit and the advertising of those unpermitted activities; and
- (2) Establish enforcement mechanisms for the prohibitions.

Your Committee on Conference has amended this measure by:

- (1) Removing the proposed requirement for the Department of Land and Natural Resources to adopt rules to prescribe any other procedures determined by the Department in its experience and discretion to effectuate the intent of the Boating Law under chapter 200, Hawaii Revised Statutes, and the Kaneohe Bay Master Plan;
- (2) Clarifying that no person can advertise or otherwise offer any equipment for a commercial ocean use activity without a permit from the Department of Land and Natural Resources;
- (3) Removing from the definition of "commercial ocean use activity" the transportation of customers for hire from any location on Oahu, including but not limited to Heeia Kea, the Kaneohe Yacht Club, or any private residence, to Kaneohe Bay;
- (4) Changing its effective date to July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1134, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1134, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Tarnas, Kitagawa, Poepoe and Souza.
Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Inouye, Keohokalole and Lee.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 124 on H.B. No. 1079

The purpose of this measure is to amend sections in chapter 342D, Hawaii Revised Statutes (HRS), relating to water pollution, to:

- (1) Conform to definitions and civil penalty amounts pursuant to federal regulations and laws, including the Clean Water Act;
- (2) Consolidate separate water quality certification statutes into one section of law for clarity;
- (3) Clarify the authority of the Department of Health to conduct water quality certifications; and
- (4) Revise civil penalty amounts to ensure consistency within the Department of Health.

Your Committee on Conference has amended this measure by:

- (1) Adding a definition of "territorial seas";
- (2) Raising the maximum fine for any person who violates chapter 342D, HRS, any rule, or any term or condition of a permit, water quality certification, or variance issued pursuant to chapter 342D, HRS, to \$60,000 for each separate offense;
- (3) Raising the maximum fine for any person who denies, obstructs, or hampers the entrance or inspection by any duly authorized officer or employee of the Department of Health of any building, place, or vehicle that the officer or employee is authorized to enter and inspect to \$25,000 for each day of denial, obstruction, or hampering;
- (4) Changing its effective date to upon approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1079, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1079, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Lowen, Kitagawa, Evslin, Poepoe and Souza.
Managers on the part of the House.
Ayes, 6. Noes, none. Excused, none.

Senators Inouye, Gabbard, Moriwaki and Elefante.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 125 on S.B. No. 968

The purpose of this measure is to:

- (1) Require the Department of Accounting and General Services to collaborate with the Department of Transportation to develop, implement, administer, and manage programs to enable parking stall sharing among public employees of the State;

- (2) Require the Department of Accounting and General Services to conduct a study to determine the demand for, and feasibility and costs of, installing electric vehicle charging stations at newly constructed state employee and public parking facilities and retrofitting existing state employee and public parking facilities to accommodate electric vehicle charging stations.

Your Committee on Conference finds that many public employees are opting for more environmentally friendly methods of commuting to work, such as carpooling. However, public employees who carpool to work together are prohibited from sharing the cost of a single stall by registering multiple vehicles to the same stall. Additionally, infrastructure for securely storing bicycles does not exist. This measure requires the Department of Accounting and General Services to develop solutions to accommodate and encourage carpooling and environmentally friendly commuting options.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have required the Department of Accounting and General Services to conduct a study regarding the installation of electric vehicle charging stations at state employee and public parking facilities;
- (2) Inserting language that requires the Department of Accounting and General Services to develop, implement, administer, and manage a pilot program to provide enclosed bicycle storage lockers at state employee and public parking facilities;
- (3) Amending section 1 to reflect its amended purpose;
- (4) Changing the effective date to upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 968, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 968, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Todd, Matayoshi, Kila and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators McKelvey, Lee, Inouye, Elefante and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 2 (Lee, Fevella).

Conf. Com. Rep. 126 on S.B. No. 894

The purpose of this measure is to:

- (1) Transfer the Office of Wellness and Resilience from the Office of the Governor to the Department of Human Services on July 1, 2025;
- (2) Extend the Trauma-Informed Care Task Force dissolution date to June 30, 2025, and establish the Task Force as an advocacy board to the Office of Wellness and Resilience until its dissolution; and
- (3) Reconstitute the membership of the Trauma-Informed Care Task Force into a permanent advocacy board to the Office of Wellness and Resilience to be called the Wellness and Resilience Advocacy Board.

Your Committee on Conference finds that Act 291, Session Laws of Hawaii 2022, established the Office of Wellness and Resilience, the first of its kind in the nation, to be temporarily placed within the Office of the Governor. The Office was created to support and implement the statewide framework developed by the Trauma-Informed Care Task Force. Together, the Office and Task Force seeks to implement trauma-informed wellness and resilience policies to assist individuals and communities impacted by trauma and thereby reduce crime, substance abuse, suicide, and homelessness. Your Committee on Conference recognizes the continued need for the State to support children, families, and survivors of trauma and this measure reaffirms the State's commitments by permanently establishing the Office of Wellness and Resilience within the Department of Human Services and ensuring that the Task Force will continue its important work in an advisory capacity as the Wellness and Resilience Advisory Board.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Clarifying that the Trauma-Informed Care Task Force will serve as an "advisory board" to the current Office of Wellness and Resilience, as opposed to serving as an "advocacy board";
- (2) Replacing the Director of Public Safety with the Director of Corrections and Rehabilitation to serve on the Trauma-Informed Care Task Force, effective January 1, 2024;
- (3) Renaming the "Wellness and Resilience Advocacy Board", which will be established within the Department of Human Services on July 1, 2025, as the "Wellness and Resilience Advisory Board";
- (4) Replacing the Director of Public Safety with the Director of Corrections and Rehabilitation to serve on the Wellness and Resilience Advisory Board;
- (5) Inserting an effective date of January 1, 2024; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 894, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 894, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Belatti, Kobayashi, Amato and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Belatti).

Senators McKelvey, Shimabukuro, Kidani, Aquino and Awa.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 127 on S.B. No. 811

The purpose of this measure is to:

- (1) Require state agencies to disaggregate data consistent with federal standards and to publish the data; and
- (2) Establish a task force to assess demographic data collection, processing, retention, and sharing procedures, needs, and challenges.

Your Committee on Conference finds that Asian Americans, Native Hawaiians, and other Pacific Islanders are often misrepresented as a homogeneous group, despite having ethnicities from over thirty different countries. Your Committee on Conference further finds that because not all state agencies keep, or make accessible to the public, demographic data in a standard or uniform manner that comports with the prevailing federal standards, requiring state agencies to disaggregate race data for collection, analysis, evaluation, access, and dissemination can aid in shaping programs and policies to advance more equitable outcomes for all communities in the State. Therefore, this measure establishes a Task Force on Twenty-First Century Data Governance to assess how the State currently collects demographic data and requires the Task Force to submit a report of its findings and recommendations to the Legislature.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Deleting the creation of a new section under chapter 27, Hawaii Revised Statutes, requiring state agencies, boards, or commissions to collect and disaggregate certain demographic data for Asian American, Native Hawaiian, and other Pacific Islander Groups consistent with federal standards and to publish the data;
- (2) Amending section 1 to reflect its amended purpose;
- (3) Making it effective upon its approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 811, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 811, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Garrett and Alcos.
Managers on the part of the House.
Ayes, 3. Noes, none. Excused, none.

Senators McKelvey, Inouye and Fevella.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 128 on S.B. No. 1230

The purpose of this measure is to:

- (1) Prohibit the carrying or possessing of firearms in certain locations and premises;
- (2) Require possession and disclosure of a license to carry;
- (3) Prohibit leaving an unsecured firearm in a vehicle unattended;
- (4) Prohibit consuming or being under the influence of alcohol, an intoxicating liquor, or a controlled substance when carrying a firearm;
- (5) Prohibit carrying or possessing firearms on certain private property open to the public without express authorization;
- (6) Require annual reports from the Department of the Attorney General on licenses to carry;
- (7) Prohibit the failure to conceal a firearm by a concealed carry licensee where the failure to conceal results in alarm to another person;
- (8) Amend the requirements for, and revocation of, firearms permits and licenses;
- (9) Amend the criteria for disqualification of persons from owning, possessing, or controlling a firearm; and
- (10) Expand the qualified immunity for health care providers who provide information on firearms applicants to include physician assistants and advanced practice registered nurses.

Your Committee on Conference finds that although the United States Supreme court held in *New York State Rifle and Pistol Association V. Bruen*, 142 S. Ct. 2111 (2022), that licenses to carry a firearm shall be granted unless there is an objective statutory basis requiring denial, states still retain the authority to enact a variety of gun regulations, such as prohibiting the carrying of firearms in sensitive locations and adopting laws to ensure that those who carry firearms are law-abiding, responsible citizens. This measure will update the State's existing firearms laws to ensure the safety and welfare of citizens as a result of *Bruen*.

Your Committee on Conference has amended this measure by:

- (1) Including tennis courts, golf courses, swimming pools, or other recreation areas or facilities under control, maintenance, and management of the State or a county as locations where carrying or possessing a firearm is prohibited;
- (2) Deleting language that would have included any space within one thousand feet from a public gathering, public assembly, or special event from being included as locations where carrying or possessing a firearm is prohibited;
- (3) Including the following as affirmative defenses to the crime of carrying or possessing a firearm in certain locations and premises:
 - (A) Walking through a public gathering, public assembly, or special event if necessary to access the person's residence, place of business, or vehicle; and
 - (B) Carrying a concealed firearm in accordance with title 18 United States Code section 926B or 926C in a location or premises within the State that is not a state or county property, installation, building, base, or park, and not a location or premises where a private person or entity has prohibited or restricted the possession of concealed firearms on their property;
- (4) Clarifying that any ordinance of any county establishing locations where the carrying of firearms is prohibited is inconsistent with state law, the ordinance shall be void to the extent of the inconsistency;

- (5) Requiring a person legally carrying a firearm to have government-issued photo identification in the person's immediate possession and present the identification to a law enforcement officer upon request;
- (6) Clarifying that the prohibition against unlawful conduct while carrying a firearm applies to any person carrying a firearm;
- (7) Amending the offense of carrying or possessing a firearm on private property open to the public without authorization to the offense of carrying or possessing a firearm on private property of another person without authorization;
- (8) Clarifying that express authorization to carry or possess a firearm on private property shall be signified by unambiguous written or verbal authorization or the posting of clear and conspicuous signage at the entrance of the building or on the premises by the owner, lessee, operator, or manager of the property, or agent thereof;
- (9) Inserting definitions for "private entity", "private property", and "private property of another person";
- (10) Clarifying that the Department of the Attorney General is required to publish certain data relating to firearms on its website only if the data is available to the Department;
- (11) Clarifying that the offense of failure to conceal a firearm by a concealed carry licensee applies to persons carrying a firearm pursuant to a license issued under section 134-9(a), Hawaii Revised Statutes;
- (12) Specifying that harassment as a "crime of violence" includes harassment under section 711-1106(1)(a), Hawaii Revised Statutes;
- (13) Specifying that certain amendments to the requirements for, and revocation of, firearms permits and licenses shall take effect on January 1, 2024;
- (14) Clarifying that a license to carry a firearm does not constitute a government-issued photo identification document under federal or state law;
- (15) Clarifying that a license issued by the chief of police of a county within the State to carry a pistol or revolver and ammunition concealed on the licensee's person is valid for use in each county within the State; and
- (16) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1230, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1230, S.D. 2, H.D. 1, C.D. 1.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 129 on S.B. No. 7

The purpose of this measure is to make necessary amendments to clarify certain references to the School Facilities Authority used in section 302A-1151.1, Hawaii Revised Statutes.

Your Committee on Conference finds that Act 217, Session Laws of Hawaii 2021 (Act 217), replaced the terms "Department", "Board", or "Board of Education" with "School Facilities Authority" in section 302A-1151.1, Hawaii Revised Statutes. However, amendments made by Act 217 inadvertently contain redundant and confusing references that need clarification. This measure clarifies existing statutory language to effectuate Act 217's intended purpose.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 7, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 7, H.D. 1, C.D. 1.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 131 on H.B. No. 948

The purpose of this measure is to:

- (1) Establish a two-year Child and Adolescent Crisis Mobile Outreach Team Pilot Program to provide additional support and expansion of services for existing crisis response services, with one team to be located on Oahu and the other to be located at a site on a neighbor island; and
- (2) Appropriate funds for the pilot program, including the hiring and training of mental health professionals.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$3,500,000 for fiscal years 2023-2024 and 2024-2025 for the Department of Health to establish the Crisis Mobile Outreach Team Pilot Program;
- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2023; and
- (4) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 948, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 948, H.D. 2, S.D. 2, C.D. 1.

Conf. Com. Rep. 132 on H.B. No. 1363

The purpose of this measure is to:

- (1) Extend the period within which a county may adopt a surcharge on state tax, under certain conditions, from March 31, 2019, to December 31, 2023;
- (2) Authorize, in certain instances, the use of county surcharge revenues for housing infrastructure in counties having a population of 500,000 or less; and
- (3) Temporarily authorize counties that have previously adopted a surcharge on state tax to amend the uses of the surcharge.

Your Committee on Conference has amended this measure by:

- (1) Restoring "pedestrian paths or sidewalks on a county road near or around a public school," to the definition of "housing infrastructure" and removing the same language from section 46-16.8(g)(1)(E), Hawaii Revised Statutes, where it had previously been moved;
- (2) Adding water reuse to the definition of "housing infrastructure";
- (3) Changing the effective date to upon approval; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1363, H.D. 3, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1363, H.D. 3, S.D. 2, C.D. 1.

Conf. Com. Rep. 133 on H.B. No. 968

The purpose of this measure is to appropriate funds for the University of Hawaii Pamantasan Council.

Your Committee on Conference has amended this measure by:

- (1) Specifying an appropriation amount of \$310,000;
- (2) Specifying that the appropriation is for one full-time equivalent faculty position at Leeward Community College, one full-time equivalent faculty position at the University of Hawaii Maui College, and one full-time equivalent academic, professional, and technical position at the University of Hawaii at Manoa;
- (3) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (4) Changing the effective date to July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 968, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 968, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 134 on H.B. No. 68

The purpose of this measure is to:

- (1) Require that ongoing staff support for the centralized statewide criminal pretrial justice data reporting and collection system be conducted by the Criminal Justice Research Institute's staff and not be contracted to another entity;
- (2) Require the Criminal Justice Research Institute to protect any information and data that may be shared;
- (3) Require the Criminal Justice Research Institute to submit an annual report regarding the creation of the centralized statewide criminal pretrial justice data reporting and collection system to the Legislature for two years; and
- (4) Appropriate funds to establish a centralized statewide criminal pretrial justice data reporting and collection system pursuant to state law.

Your Committee on Conference has amended this measure by:

- (1) Appropriating \$1,372,864 for fiscal year 2023-2024 and \$1,030,868 for fiscal year 2024-2025 to establish a centralized statewide criminal pretrial justice data reporting and collection system;
- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 68, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 68, H.D. 1, S.D. 1, C.D. 1.

Conf. Com. Rep. 135 on H.B. No. 954

The purpose of this measure is to:

- (1) Increase the amounts for the income tax brackets and personal exemption and standard deduction amounts for tax year 2023;
- (2) Adjust annually for tax years beginning after December 31, 2023, the income tax brackets and personal exemption, and standard deduction amounts by a cost-of-living adjustment factor; and
- (3) Amend the taxable income brackets and income tax rates for each filing status for taxable years beginning after December 31, 2022.

Your Committee on Conference has amended this measure by:

- (1) Deleting language which would have:
 - (A) Defined cost-of-living adjustment factor;
 - (B) Increased the amounts for the income tax brackets and personal exemption and standard deduction amounts;
 - (C) Adjusted annually the income tax brackets and personal exemption, and standard deduction amounts by a cost-of-living adjustment factor; and
 - (D) Amended the taxable income brackets and income tax rates for each filing status;
- (2) Inserting language which:
 - (A) Increases the household and dependent care services tax credit;
 - (B) Increases the refundable earned income tax credit; and
 - (C) Increases the income thresholds and credit amounts of the refundable food/excise tax credit;
- (3) Inserting a sunset date of December 31, 2027; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 954, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 954, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Holt, Yamashita, Evslin, Ilagan, Kitagawa, Lamosao, Morikawa, Nakamura, Nishimoto and Pierick.

Managers on the part of the House.

Ayes, 7. Noes, none. Excused, 3 (Kitagawa, Nishimoto, Pierick).

Senators Dela Cruz, Keith-Agaran and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 136 on H.B. No. 999

The purpose of this measure is to:

- (1) Establish state goals for economic growth fueled by innovation and technology;
- (2) Appropriate funds to the Hawaii Technology Development Corporation to implement specific projects that address the state goals;
- (3) Require the Hawaii Technology Development Corporation to submit annual reports to the Legislature on the progress, outcomes, and effectiveness of the projects;
- (4) Temporarily establish the Hawaii Office of Naval Research Grant Program to provide matching grants to Hawaii awardees of alternative energy research grants from the Department of Defense Office of Naval Research;
- (5) Establish the Alternative Energy Research and Development Revolving Fund and appropriate funds into and out of the Revolving Fund for the Hawaii Office of Naval Research Grant Program; and
- (6) Appropriate funds to establish one full-time equivalent asset manager position and one full-time equivalent aerospace development coordinator for the Hawaii Technology Development Corporation.

Your Committee on Conference has amended this measure by:

- (1) Amending the composition of the Hawaii Technology Development Corporation Board of Directors to include the Chairperson of the Board of Regents of the University of Hawaii, unless the Chairperson, with the approval of the Board of Regents and subject to quorum and majority requirements, designates another Regent to serve;
- (2) Inserting an appropriation amount of \$6,000,000 for fiscal years 2023-2024 and 2024-2025 for the purpose of economic diversification;
- (3) Clarifying that of the \$6,000,000 appropriated for the purpose of economic diversification, \$2,000,000 shall be used to support economic development opportunities with the defense sector, including aerospace, and to support companies conducting small business innovation research through matching grants;
- (4) Deleting language which would have appropriated funds:
 - (A) For the operations, administration, and award of grants by the Hawaii Small Business Innovation Research Program;
 - (B) For the operations, administration, and award of grants by the Manufacturing Assistance Program; and
 - (C) To reduce and mitigate climate change through renewable energy technology demonstration projects;
- (5) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (6) Deleting language which would have:
 - (A) Temporarily established the Hawaii Office of Naval Research Grant Program;
 - (B) Established the Alternative Energy Research and Development Revolving Fund and appropriated funds into and out of the Revolving Fund; and
 - (C) Appropriated funds to establish one full-time equivalent asset manager position and one full-time equivalent aerospace development coordinator;
- (7) Changing the effective date to July 1, 2023; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 999, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 999, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Holt, Lamosao, Chun, Hussey-Burdick, Onishi and Pierick.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (Hussey-Burdick).

Senators DeCoite, Kidani, Fukunaga and Wakai.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Fukunaga).

Conf. Com. Rep. 137 on H.B. No. 1366

The purpose of this measure is to:

- (1) Require the Department of Human Services to establish and coordinate a voluntary three-year Return-to-Home Pilot Program (Pilot Program) to assist eligible homeless individuals in reuniting with families and relatives in their home states;
- (2) Appropriate funds for the implementation of the pilot program and require the funds to be matched on a dollar-for-dollar basis by a nonprofit organization, for-profit organization, or private foundation; and
- (3) Appropriate funds to establish an unspecified number of planner positions within the Department of Human Services to oversee the Pilot Program.

Your Committee on Conference has amended this measure by:

- (1) Authorizing the Governor's Coordinator on Homelessness to assist with the implementation of the Pilot Program;
- (2) Inserting a sunset date of January 1, 2026, for the Pilot Program;
- (3) Inserting an appropriation amount of \$100,000 to implement the Pilot Program and deleting the dollar-for-dollar matching funds requirement;
- (4) Deleting the appropriation for planner positions;
- (5) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (6) Updating the purpose section;
- (7) Changing the effective date to July 1, 2023; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1366, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1366, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Belatti, Kobayashi, Amato and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Moriwaki, Lee and Shimabukuro.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 138 on H.B. No. 870

The purpose of this measure is to:

- (1) Require the Department of Human Services to:
 - (A) Establish a Neighbor Islands Blind and Visually Impaired Service Pilot Program (Pilot Program) to supplement existing statewide services;
 - (B) Establish a Neighbor Islands Blind and Visually Impaired Service Pilot Program Working Group (Working Group) to develop a pilot program implementation plan; and
 - (C) Report to the Legislature on the implementation plan and Pilot Program; and
- (2) Appropriate funds for the establishment and operation of the Pilot Program and Working Group.

Your Committee on Conference has amended this measure by:

- (1) Exempting contracts entered into by the Department of Human Services to fulfill the purposes of the Pilot Program from the requirements of the Hawaii Public Procurement Code and State requirements for the purchase of health and human services;
- (2) Exempting the Working Group from public agency open meeting requirements;
- (3) Requiring the Pilot Program to begin no later than January 1, 2024;
- (4) Sunsetting the Pilot Program on July 30, 2029, rather than July 30, 2027, and requiring the Department of Human Services to submit a report to the Legislature prior to the convening of the Regular Session of 2029, rather than 2027;
- (5) Inserting an appropriation amount of \$93,000 and clarifying that the appropriation may be used to contract for services to coordinate the convening of the Working Group and implementation of the Pilot Program;
- (6) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (7) Changing the effective date to July 1, 2023, and the sunset date to June 30, 2029; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 870, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 870, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Kobayashi, Amato and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, DeCoite and Shimabukuro.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 139 on H.B. No. 1369

The purpose of this measure is to preserve access to health care for Medicaid recipients and strengthen the Nursing Facility Sustainability Program by:

- (1) Repealing the sunset dates of Act 156, Session Laws of Hawaii 2012, and Act 124, Session Laws of Hawaii 2014, thereby making the Nursing Facility Sustainability Program permanent and permanently exempting the Nursing Sustainability Program Special Fund from the central service and administrative expenses assessments;
- (2) Making various amendments to the Nursing Facility Sustainability Program;
- (3) Repealing the Nursing Facility Tax; and

(4) Appropriating funds out of the Nursing Facility Sustainability Program Special Fund.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$27,000,000 out of the Nursing Facility Sustainability Program Special Fund for fiscal years 2023-2024 and 2024-2025 for the purposes of the Special Fund;
- (2) Changing the effective date to upon approval; provided that sections 14 and 15 shall take effect on July 1, 2023; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1369, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1369, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Belatti, Morikawa and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Lee and Aquino.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 140 on H.B. No. 953

The purpose of this measure is to:

- (1) Require the Department of Land and Natural Resources to develop and publish a website that includes the application processes for a permit, license, or reservation needed to conduct recreational and commercial activity in the State regulated by or under the jurisdiction of the Department;
- (2) Require the Department of Land and Natural Resources to convert existing application processes into a digital format to be used on the website; and
- (3) Appropriate funds for the establishment of the website.

Your Committee on Conference has amended this measure by:

- (1) Removing the deadline for the Department of Land and Natural Resources to develop and publish a website including all online application processes;
- (2) Requiring the Department of Land and Natural Resources to develop and publish a mobile application accompanying the website and include a means of collecting any fee through the website and mobile application;
- (3) Expanding the list of online application processes to be available on the website and mobile application to include licenses to visit a state-owned park, beach, forest, hiking trail, or other natural area on state land, as designated by rule by the Board Of Land And Natural Resources;
- (4) Deleting language that would have required the Department of Land and Natural Resources to submit a report regarding its implementation of the website to the Legislature;
- (5) Requiring the website and mobile application to be accessible to people with disabilities and available in multiple languages;
- (6) Inserting an appropriation amount of \$1,000,000 for the establishment of a website and mobile application for fiscal year 2023-2024 and deleting the appropriation for fiscal year 2024-2025;
- (7) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (8) Changing the effective date to July 1, 2023; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 953, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 953, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Quinlan, Morikawa, Chun, Poepoe and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (Quinlan).

Senators Inouye, Keith-Agaran and Elefante.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 141 on H.B. No. 923

The purpose of this measure is to:

- (1) Require counties with a private activity bond issuance program to exhaust their allotment of private activity bonds before applying to the State for a state allocation;
- (2) Require the State, if it receives a county allocation of private activity bonds, to award the amount of the county allocation to projects in that county before awarding the allocation to projects in other counties;
- (3) Require a project seeking private activity bond financing to first apply to the county in which the project is located for a portion of the county's allocation, if that county has a private activity bond issuance program, before applying to the State; and
- (4) Require the Director of Finance of each county to report to the Department of Budget and Finance and Hawaii Housing Finance and Development Corporation the amount of the county's unused or unassigned allocation of private activity bonds.

Your Committee on Conference has amended this measure by:

- (1) Clarifying that private activity bond allocations may be awarded to projects located in other counties pursuant to a cooperative agreement with the Department of Budget and Finance and Hawaii Housing Finance and Development Corporation;
- (2) Authorizing the Department of Budget and Finance and Hawaii Housing Finance and Development Corporation to enter into a cooperative agreement, which shall be exempt from all state and county laws and rules relating to the award of private activity bonds and Low-Income Housing Tax Credits, with a county to coordinate the award of private activity bonds and Low-Income Housing Tax Credits for new rental housing projects;
- (3) Deleting language that would have required a project seeking private activity bond financing to first apply to the county in which the project is located for a portion of the county's allocation, if that county has a private activity bond issuance program, before applying to the State;
- (4) Specifying that no special purpose revenue bonds requiring an allocation of annual state ceiling shall be authorized after June 30, 2023, and before December 31, 2028;
- (5) Changing the effective date to July 1, 2023; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 923, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 923, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Yamashita, Aiu, Evslin and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Evslin).

Senators Chang, Keith-Agaran and Aquino.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 142 on H.B. No. 677

The purpose of this measure is to:

- (1) Change the computation of interest that a purchaser of certain real property is required to pay the Hawaii Housing Finance and Development Corporation upon the purchaser's sale or assignment of the real property after a specified period of time;
- (2) Require the Hawaii Housing Finance and Development Corporation to establish a five-year Dwelling Unit Revolving Fund Equity Pilot Program (Pilot Program) to address the high, unmet demand of for-sale units by certain residents;
- (3) Establish and appropriate funds for one full-time equivalent (1.00 FTE) Housing Development Specialist III position; and
- (4) Appropriate funds into and out of the Dwelling Unit Revolving Fund for the Pilot Program.

Your Committee on Conference has amended this measure by:

- (1) Authorizing, rather than requiring, the Hawaii Housing Finance and Development Corporation to:
 - (A) Establish the Pilot Program;
 - (B) Purchase equity in for-sale housing development projects;
 - (C) Establish rules for the Pilot Program; and
 - (D) Establish criteria for the prioritization of eligible buyers based on state goals and policies and submit a report on the criteria to the Legislature;
- (2) Clarifying that the Pilot Program shall be funded by the Dwelling Unit Revolving Fund;
- (3) Establishing new qualification requirements for residents to be eligible to participate in the Pilot Program;
- (4) Deleting appropriations for the Pilot Program and the establishment and hiring of the housing specialist;
- (5) Authorizing the Hawaii Housing Finance and Development Corporation to spend up to \$10,000,000 for fiscal year 2023-2024 from the Dwelling Unit Revolving Fund for the Pilot Program;
- (6) Changing the effective date to July 1, 2023; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 677, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 677, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Aiu, Evslin and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Chang, Keith-Agaran and Aquino.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 143 on H.B. No. 676

The purpose of this measure is to authorize the appropriate county land use decision-making authority to determine district boundary amendments involving land areas over fifteen acres but not over thirty acres, except for certain lands, without consideration by the Land Use Commission, if the county adopts an ordinance that meets certain requirements.

Your Committee on Conference has amended this measure by:

- (1) Specifying that an appropriate county land use decision-making authority may determine district boundary amendments as authorized by law;
- (2) Increasing the maximum acreage of certain lands for which a county land use decision-making authority may determine district boundary amendments from thirty acres to one hundred acres;
- (3) Authorizing an appropriate county land use decision-making authority to determine district boundary amendments wholly contained within a county-owned land area that is not greater than one hundred acres without approval by the Land Use Commission, under certain circumstances;
- (4) Requiring each county land-use decision making authority whose county has adopted a pertinent ordinance to submit a report on the effects of this measure to the Legislature prior to the convening of the Regular Session of 2028;
- (5) Changing the effective date to July 1, 2023; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 676, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 676, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Ichiyama, Tamas, Yamashita, Aiu, Evslin and Matsumoto.

Managers on the part of the House.

Ayes, 7. Noes, none. Excused, none.

Senators Inouye, McKelvey, Rhoads and Elefante.

Managers on the part of the Senate.

Ayes, 3; Ayes with Reservations (Rhoads). Noes, 1 (McKelvey). Excused, none.

Conf. Com. Rep. 144 on H.B. No. 1397

The purpose of this measure is to provide supportive housing to certain vulnerable populations impacted by the State's ongoing homelessness crisis and housing shortage.

More specifically, the measure:

- (1) Establishes within the Statewide Office on Homelessness and Housing Solutions a supportive housing pilot program to provide and maintain affordable, permanent housing and services for individuals and families having special needs;
- (2) Requires the Hawaii Housing Finance and Development Corporation to assist in the development of rental housing that is targeted to special needs individuals or families who require supportive services and have household incomes at or below thirty percent of the area median income;
- (3) Requires the Hawaii Public Housing Authority to implement project-based rent supplement payments to assist project owners in maintaining rents at levels affordable to eligible households having incomes at or below thirty per cent of the area median income;
- (4) Requires the Statewide Office on Homelessness and Housing Solutions to administer payments for supportive services that assist residents participating in the pilot program and to develop an information system for the standardized collection of program data;
- (5) Requires interim and final reports to the Legislature; and
- (6) Appropriates funds to the Hawaii Housing Finance and Development Corporation, Hawaii Public Housing Authority, and Statewide Office on Homelessness and Housing Solutions for implementation of the pilot program.

Your Committee on Conference finds that a supportive housing pilot program will help the State determine the impacts of supportive housing for vulnerable populations and provide urgently needed housing during the State's ongoing homelessness crisis and housing shortage.

Your Committee on Conference also finds that the measure's granting to certain state agencies exemptions from Chapters 103D and 103F, Hawaii Revised Statutes (HRS), in selecting qualified nonprofit organizations having expertise in delivering specific services with a public purpose to administer components of the pilot program, is advantageous to the State and ensures an expeditious use of state funds to mitigate this critical problem.

Your Committee on Conference has amended the measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, HRS;
- (2) Authorizing, rather than requiring, the Hawaii Housing Finance and Development Corporation to assist in the development of rental housing, and deleting language that would have authorized the Corporation to establish rules and qualification criteria for the award of supportive housing projects without regard to the requirements of Chapter 91, HRS;
- (3) Authorizing, rather than requiring, the Hawaii Public Housing Authority to implement project-based rent supplement payments and clarifying that the payments are to assist owners of supportive housing projects;
- (4) Specifying that the first supportive housing project to be developed under the pilot program shall be located in a county having a population of more than five hundred thousand;
- (5) Deleting language that would have deposited general fund moneys into the rental housing revolving fund and appropriated moneys out of the rental housing revolving fund for expenditure by the Hawaii Housing Finance and Development Corporation;
- (6) Replacing the measure's previously unspecified appropriation amounts with specific appropriation amounts, and deleting certain nonlapsing provisions from the appropriation sections;
- (7) Changing the effective date from July 1, 2050, to July 1, 2023;
- (8) Specifying that the pilot program shall be repealed on June 30, 2025; and
- (9) Making technical nonsubstantive amendments for purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1397, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1397, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Belatti, Aiu and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Chang, Moriwaki and Wakai.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 145 on H.B. No. 600

The purpose of this measure is to:

- (1) Establish the Safe Routes to School Advisory Committee (Committee);
- (2) Require the Committee to develop a Safe Routes to School Plan;
- (3) Amend the responsibilities of the Safe Routes to School Program;
- (4) Deposit an unspecified amount of monies into the Safe Routes to School Special Fund; and
- (5) Appropriate an unspecified amount of monies out of the Safe Routes to School Special Fund.

Your Committee on Conference has amended this measure by:

- (1) Further clarifying the duties of the Committee, including specifying that the Committee need only review project proposals and select priority projects within one mile of any school or place of learning;
- (2) Further clarifying the responsibilities of the Safe Routes to School Program;
- (3) Inserting an appropriation amount of \$10,000,000 out of the State Highway Fund to be deposited into the Safe Routes to School Special Fund;
- (4) Inserting an appropriation amount of \$10,000,000 to be appropriated out of the Safe Routes to School Special Fund;
- (5) Changing the effective date to July 1, 2023; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 600, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 600, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Todd, Woodson, Kila, Evslin, Ganaden and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (Ganaden).

Senators Lee, Keith-Agaran and Keohokalole.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 146 on H.B. No. 964

The purpose of this measure is to:

- (1) Establish a fee, to be assessed by the Lieutenant Governor, for the issuance of apostilles or non-apostille certifications;
- (2) Establish the Apostilles and Certifications Special Fund; and
- (3) Appropriate monies from the general fund into the Apostilles and Certifications Special Fund and authorize an appropriation out of the Apostilles and Certifications Special Fund for operational expenses.

Your Committee on Conference has amended this measure by:

- (1) Inserting a general fund appropriation of \$10,000 to the Apostilles and Certifications Special Fund for fiscal year 2023-2024;
- (2) Removing the appropriation for an unspecified amount out of the Apostilles and Certifications Special Fund;
- (3) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (4) Changing the effective date to January 1, 2024; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 964, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 964, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Garrett, Martinez and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators McKelvey, Keith-Agaran and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 147 on H.B. No. 579

The purpose of this measure is to require the Department of the Attorney General to:

- (1) Establish a statewide Human Trafficking Prevention Program; and
- (2) Report to the Legislature on the State's efforts to address human trafficking and the commercial sexual exploitation of children.

Your Committee on Conference has amended this measure by:

- (1) Requiring the statewide strategies developed by the Department of the Attorney General to address offender accountability for child enticement, human trafficking, and commercial sexual exploitation;
- (2) Deleting the requirement that the statewide strategies address pimping;
- (3) Amending the types of data specific to the commercial exploitation of children that the Department of the Attorney General must analyze and report to the Legislature;
- (4) Amending its preamble;
- (5) Changing the effective date to upon approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 579, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 579, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Tarnas, Kitagawa, Amato, Ichiyama and Garcia.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators San Buenaventura, Rhoads and Kidani.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 148 on H.B. No. 554

The purpose of this measure is to:

- (1) Require that the University of Hawaii ensure that any individual who participates in implementing the University's disciplinary process has training or experience in handling sexual misconduct complaints and the University's disciplinary process;
- (2) Require that the University of Hawaii provide mandatory annual trauma-informed, gender-inclusive, LGBTQ+-inclusive sexual misconduct primary prevention and awareness programming for students and employees of the University;
- (3) Prohibit the University from taking certain disciplinary action against individuals reporting sexual misconduct unless certain exceptions apply; and
- (4) Establish positions and appropriate funds.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$1,000,000 for fiscal year 2023-2024 and fiscal year 2024-2025 for the four full-time equivalent positions;
- (2) Clarifying that the positions being established are administrative, professional, and technical positions;
- (3) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (4) Changing the effective date to upon approval, with the appropriation to take effect on July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 554, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 554, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Perruso, Tarnas, Kobayashi, Kapela, La Chica and Souza.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Kim, Keith-Agaran, San Buenaventura, Fukunaga and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 2 (Fukunaga, Fevella).

Conf. Com. Rep. 149 on H.B. No. 353

The purpose of this measure is to appropriate funds for the expansion of the Certified Nurse Aide to Practical Nurse Bridge Program at the University of Hawaii Maui College, including funding for instructional costs and student aid.

Your Committee on Conference has amended this measure by:

- (1) Inserting appropriation amounts for instructional costs for, and student aid to participants in, the Certified Nurse Aide to Practical Nurse Bridge Program at the University of Hawaii Maui College;

- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 353, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 353, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Perruso, Poepoe, La Chica, Martinez and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Martinez).

Senators Kim, Aquino, Keith-Agaran and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, 1 (Aquino).

Conf. Com. Rep. 150 on S.B. No. 1022

The purpose of this measure is to:

- (1) Amend the composition and qualifications of the Early Learning Board;
- (2) Establish general qualifications for the members of the Early Learning Board appointed by the Governor; and
- (3) Require the Early Learning Board to establish an Early Learning Stakeholder Advisory Council.

Your Committee on Conference finds that the Early Learning Board is comprised of industry experts and professionals that advise the State on early childhood education matters, including programs, inter-agency collaboration, and direction of policy. Representatives of the Early Learning Board reflect a diversity of professions, experiences, and leadership skills from across the education, human services, and early childhood care sectors. This measure continues to address the dire need for early childhood education while also ensuring effective leadership on education policy.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the minimum and ideal qualifications of nominees for the Early Learning Board;
- (2) Deleting language that would have added a member who is a representative of Hawaiian medium early learning providers and a member who is a pediatrician with a child development focus;
- (3) Adding three members from the City and County of Honolulu, rather than one member;
- (4) Deleting language that would have created an Early Learning Stakeholder Advisory Council;
- (5) Making it effective upon its approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1022, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1022, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Kitagawa, Marten and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Kidani, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 151 on S.B. No. 588

The purpose of this measure is to:

- (1) Require the Department of Transportation, in conjunction with counties having a population greater than 500,000, to develop and implement a pilot program until December 31, 2025, that uses noise detection traffic cameras to address excessive traffic noise in urban areas in each participating county;
- (2) Require the Department of Transportation to submit a report to the Legislature; and
- (3) Appropriate funds.

Your Committee on Conference finds that the rapid proliferation of noise pollution, especially in urban areas, can be detrimental to the overall health of Hawaii's people. As a prevalent issue in many neighborhoods, noise pollution can attribute to short- and long-term health impacts. This measure establishes a noise detection traffic camera pilot program to assist in reducing noise pollution across the State.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$2,500,000 for FY 2023-2024 and FY 2024-2025 from the State Highway Fund for the implementation of the noise detection camera pilot program; and
- (2) Inserting an effective date of July 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 588, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 588, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Todd, Chun, Aiu and Matsumoto.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Aiu).

Senators Lee, Kim and Moriwaki.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 152 on S.B. No. 814

The purpose of this measure is to:

- (1) Require the Office of Enterprise Technology Services, in consultation with the Office of Language Access and a working group comprising stakeholders, to develop and publish, and periodically review and update, electronic information technology multilingual accessibility standards to be implemented by all state entities; and
- (2) Appropriate funds for an unspecified number of positions.

Your Committee on Conference finds that developing statewide electronic information technology accessibility standards to assist persons having limited English proficiency will help residents navigate government programs and improve residents' engagement with public services. This measure establishes electronic information technology and multilingual accessibility standards, provides a critical link to communication, and makes government services accessible for all individuals regardless of their language proficiency.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Inserting an appropriation amount of \$100,000 for fiscal year 2023-2024 for one full-time equivalent (1.00 FTE) position;
- (3) Inserting an effective date of July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 814, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 814, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Garrett, Martinez and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators McKelvey, Aquino and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 153 on S.B. No. 855

The purpose of this measure is to:

- (1) Authorize a condominium association to provide a summary of the required information in its budget;
- (2) Authorize a condominium association's reserve study to forecast a loan or special assessment to fund life safety equipment or installations for any building located in a county with a population greater than five hundred thousand;
- (3) Authorize a condominium association to use a third party to conduct a reserves study on behalf of the condominium; and
- (4) Clarify the information to be included in the description of how the estimated replacement reserves assessments are computed.

Your Committee on Conference finds that certain condominiums are required to make fire safety upgrades. These upgrades can cost a condominium association millions of dollars, resulting in the condominium association drastically increasing its maintenance fees. This measure requires a condominium association to update its annual operating budget and reserve study to ensure that it provides complete and accurate information on required expenditures to allow association members to plan accordingly.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 855, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 855, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Nakashima, Kitagawa, Hussey-Burdick, Tam and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, 1 (Tam).

Senators Keohokalole, Fukunaga and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 154 on S.B. No. 1518

The purpose of this measure is to:

- (1) Provide procurement exemptions for the Department of Education for certain goods, services, and construction;
- (2) Require the Department of Education to transition to the electronic procurement system maintained by the State Procurement Office no later than June 30, 2025; and
- (3) Sunset on July 30, 2025.

Your Committee on Conference finds that the Department of Education procures numerous goods, services, and construction to maintain effective daily operations. However, the Department of Education is mandated to adhere to the Hawaii Public Procurement Code for its purchases triggered by certain threshold amounts. Additionally, the Department of Education is also mandated to utilize the electronic procurement system, creating further delays and limitations to school administrators who urgently need to address campus-specific issues. This measure exempts the Department of Education from certain procurement requirements to allow for the timely purchasing and streamlined operations of the Department of Education.

Your Committee on Conference has amended this measure by:

- (1) Inserting language from the S.D. 2 version of this measure that authorizes the Department of Education to procure goods and services and construction below certain dollar amounts without using an electronic procurement system under certain conditions;
- (2) Deleting language that would have limited the exemption from the requirement to use an electronic procurement system for the procurement of certain goods and services and construction in a county having a population of less than five hundred thousand;
- (3) Clarifying that contracts for Department of Education educational materials shall be exempt from the Hawaii Procurement Code;
- (4) Inserting a sunset date of June 30, 2026;
- (5) Making it effective upon its approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1518, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1518, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Matayoshi, Kitagawa, La Chica and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Keith-Agaran and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 155 on H.B. No. 1382

The purpose of this measure is to:

- (1) Allow for the donation of wild game meat, under certain circumstances; and
- (2) Establish a Meat Processing Task Force to develop and implement a plan to expand the meat processing capacity in the State.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$50,000 for fiscal year 2023-2024 for the Meat Processing Task Force to develop and implement a master plan to expand the meat processing capacity in the State;
- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (3) Changing the effective date to July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1382, H.D. 2, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1382, H.D. 2, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Nakashima, Kitagawa and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Aquino and Richards.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 156 on H.B. No. 1359

The purpose of this measure is to amend the existing regulatory framework for hemp production in the State by:

- (1) Repealing redundant regulations;
- (2) Amending the hemp law in a manner that recognizes the unique constraints of Hawaii farmers, while protecting human health;
- (3) Allowing licensed hemp producers to sell hemp biomass;

- (4) Requiring transparency in labeling of hemp products to identify the percentage of Hawaii-grown hemp or hemp from outside the State in all hemp products;
- (5) Requiring and appropriating funds for the Department of Health to hire or consult a toxicologist or consultant familiar with hemp industry standards for the purpose of setting defined action limits or exposure levels for different types of hemp products;
- (6) Requiring the Department of Agriculture and Department of Health to jointly convene a Hawaii Hemp Task Force to gather data and information to understand industry needs and inform strategies and actions that support agriculture and a robust hemp industry in the State;
- (7) Requiring and appropriating funds for the Department of Agriculture to hire a third-party consultant to identify the infrastructure needs of Hawaii hemp farmers and the hemp industry on each island; and
- (8) Extending the State's hemp processor law through July 1, 2027.

Your Committee on Conference has amended this measure by:

- (1) Prohibiting hemp from being grown within three hundred feet, rather than five hundred feet, of pre-existing real property comprising a playground, childcare facility, or school, except for an individual or entity licensed to grow hemp in those areas under the state industrial hemp pilot program before August 27, 2020;
- (2) Prohibiting hemp from being grown within one hundred feet, rather than five hundred feet, of any pre-existing house, dwelling unit, residential apartment, or other residential structure that is not owned or controlled by the license holder, except for an individual or entity licensed to grow hemp in those areas under the state industrial hemp pilot program before August 27, 2020;
- (3) Amending the types of documentation that a person who applies to operate as a hemp processor must provide;
- (4) Further clarifying the labeling requirements to identify the percentage of Hawaii-grown hemp or hemp from outside the State in all hemp products;
- (5) Requiring the Hawaii Hemp Task Force to work with the Narcotics Enforcement Division of the Department of Public Safety or Department of Law Enforcement, as applicable, to streamline and harmonize definitions and regulations relating to hemp;
- (6) Inserting an appropriation amount of \$50,000 each for the hiring of the toxicologist or consultant to set defined action limits or exposure levels for different types of hemp products and for the hiring of the third-party consultant to identify the infrastructure needs of Hawaii hemp farmers and the hemp industry on each island;
- (7) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (8) Changing the effective date to July 1, 2023; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1359, H.D. 2, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1359, H.D. 2, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Belatti, Nakashima, Morikawa and Ward.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, 1 (Belatti).

Senators Gabbard, Keohokalole, Aquino and Rhoads.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, 1 (Rhoads).

Conf. Com. Rep. 157 on H.B. No. 1082

The purpose of this measure is to:

- (1) Authorize the Department of Health to allow written certifications for a qualifying patient with a chronic condition to be valid for three years;
- (2) Remove the requirement that a certifying physician or advanced practice registered nurse have a bona fide physician-patient or advanced practice registered nurse-patient relationship with a qualifying patient;
- (3) Define "waiting room" within a medical cannabis retail dispensing location and specifying who may have access to the waiting room;
- (4) Clarify the types of manufactured cannabis products that may be manufactured and distributed by medical cannabis dispensaries;
- (5) Clarify the Department of Health's rulemaking authority;
- (6) Authorize selling dispensaries to transport more than eight hundred ounces of cannabis or manufactured cannabis products to a purchasing dispensary with prior approval from the Department of Health;
- (7) Clarify that each day a violation of the medical cannabis dispensary program law occurs constitutes a separate violation;
- (8) Require medical cannabis dispensaries, in conjunction with certifying physicians and advanced practice registered nurses, to conduct the continuing education and training program for medical cannabis dispensaries, rather than the Department of Health; and
- (9) Establish the Medical and Adult Use Cannabis Working Group.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have removed the existing statutory requirement for bona fide physician-patient or advanced practice registered nurse-patient relationships;
- (2) Amending the medical cannabis dispensary program licensing fee structure;
- (3) Adding or clarifying requirements for the dispensary program related to signage, packaging, and supervision of certain personnel while onsite at retail dispensing locations or medical cannabis production centers;

- (4) Requiring the Department of Health to work in conjunction with medical cannabis dispensaries and certifying physicians and advanced practice registered nurses to conduct the continuing education and training program;
- (5) Deleting the Medical and Adult Use Cannabis Working Group;
- (6) Inserting a savings clause;
- (7) Changing the effective date to July 1, 2023; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1082, H.D. 3, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1082, H.D. 3, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Nakashima, Kitagawa and Pierick.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 158 on H.B. No. 388

The purpose of this measure is to:

- (1) Adopt the National Instructional Materials Accessibility Standard; and
- (2) Require the Department of Education to follow certain procedures to ensure that eligible students obtain instructional materials in an appropriate and accessible format.

Your Committee on Conference has amended this measure by:

- (1) Requiring an individualized education program for an eligible student to specify the supplementary aids and services the program reasonably anticipates the student will need to receive for the duration of the program for reasonable access to classroom materials and media that were not previously identified by the program;
- (2) Changing the effective date to upon approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 388, H.D. 1, S.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 388, H.D. 1, S.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Morikawa, Marten and Garcia.

Managers on the part of the House.

Ayes, 4; Ayes with Reservations (Garcia). Noes, none. Excused, none.

Senators Kidani, Lee and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 159 on S.B. No. 1076

The purpose of this measure is to:

- (1) Require the Office of Elections to prepare a digital voter information guide, post the guide on its website in compliance with certain accessibility standards, and mail each ballot with a notice that states a voter information guide may be found on its website;
- (2) Require the Attorney General and county corporation counsels to draft explanations of proposed constitutional or charter amendment ballot questions and translate them into certain languages for purposes of the digital voter information guide; and
- (3) Appropriate funds.

Your Committee on Conference finds that some states provide valuable information to registered voters such as candidate information or background information on constitutional amendments or ballot measures. This measure will provide for a digital voter information guide to registered voters of the State with similar information, which will create a more informed voting public and increase voter participation in elections.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Inserting an appropriation amount of \$171,248 for fiscal year 2023-2024; and
- (3) Making the effective date July 1, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1076, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1076, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto and Souza.

Managers on the part of the House.

Senators Rhoads, Lee and Gabbard.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 160 on S.B. No. 726

The purpose of this measure is to:

- (1) Repeal the administrative assistant position within the Department of Human Resources Development; and
- (2) Reassign the responsibilities for the administrative assistant to the Director of Human Resources Development.

Your Committee on Conference finds that although an Administrative Assistant position within the Department of Human Resources Development (DHRD) was statutorily created through Act 57, Session Laws of Hawaii 2019, this position is currently unbudgeted and unauthorized. Your Committee on Conference further finds that the Administrative Assistant VI position within DHRD was authorized through Act 248, Session Laws of Hawaii 2022, which has since been established and filled as of November 1, 2022. This measure would repeal the administrative assistant position referenced in section 26-5(f), Hawaii Revised Statutes, and reassign those critical responsibilities to the Director of Human Resources Development.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 726, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 726, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Garrett and Alcos.

Managers on the part of the House.

Senators Moriwaki, Kidani and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 161 on S.B. No. 1163

The purpose of this measure is to appropriate funds for civilian auxiliary aviation operations of the type performed by the Civil Air Patrol.

Your Committee on Conference finds that Civil Air Patrol personnel regularly serve in the Hawaii Emergency Management Agency Emergency Operations Center during emergency and disaster incident responses, and they assist in the field by spreading warnings in remote areas before an incident, providing pre-assessment aerial reconnaissance, and assessing the damages and impacts afterward. Your Committee on Conference believes that the Civil Air Patrol is critical to state emergency management. This measure ensures that critical auxiliary aviation services continue to be available to the State in the event of a disaster or emergency.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Inserting an appropriation amount of \$150,000 for FY 2023-2024 for civilian auxiliary aviation services;
- (3) Inserting an effective date of July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1163, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1163, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashem, Chun, Ichiyama and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Keith-Agaran and Elefante.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 162 on S.B. No. 1527

The purpose of this measure is to:

- (1) Change the governmental entity responsible for the administration of the Address Confidentiality Program from the Office of the Lieutenant Governor to the Department of Law Enforcement;
- (2) Authorize the Department of Law Enforcement to contract the services of a third party for the mail forwarding and acceptance of service of legal process aspects of the Address Confidentiality Program; and
- (3) Appropriate funds for the Address Confidentiality Program.

Your Committee on Conference finds that the Address Confidentiality Program is currently housed within the Office of the Lieutenant Governor; however, the open nature of the Office of the Lieutenant Governor and the State Capitol creates safety concerns. This measure will improve the security, safety, and relief for survivors of domestic abuse, sexual offenses, and stalking.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Inserting an appropriation amount of \$170,000 for FY 2023-2024 and FY 2024-2025 for two full-time equivalent (2.0 FTE) positions, operating costs, and equipment to support the Address Confidentiality Program pursuant to chapter 801G, Hawaii Revised Statutes;
- (3) Inserting an effective date of January 1, 2024; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1527, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1527, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto, Ichiyama and Souza.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Wakai, San Buenaventura, Inouye and Elefante.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 163 on S.B. No. 821

The purpose of this measure is to establish an Illegal Fireworks Task Force to plan, coordinate, and engage in law enforcement operations to interdict illegal fireworks; develop a comprehensive strategic plan to stop the importation of illegal fireworks and explosives into the State; promote compliance with the state fireworks control laws; and ensure the safety and security of the airports, harbors, and other facilities and institutions in the State against the discharge of illegal fireworks and explosives.

Your Committee on Conference finds that the Fireworks Control Law and its associated penalties have proven to be an inadequate deterrent for the illegal use of fireworks in the State, with the use of illegal fireworks in the State increasing in recent years and fireworks going off in certain neighborhoods for months at a time. This measure will reduce the usage of illegal fireworks in the State and address the inadequacies of the Fireworks Control Law.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Inserting an appropriation amount of \$1,250,000 for FY 2023-2024 for the Illegal Fireworks Task Force;
- (3) Inserting an effective date of July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 821, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 821, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto, Takayama and Souza.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Wakai, Kidani and Elefante.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 164 on S.B. No. 941

The purpose of this measure is to:

- (1) Authorize the School Facilities Authority to partner with public and private agencies to develop housing, including workforce housing, for teachers, educators, and staff and develop classrooms;
- (2) Authorize the School Facilities Authority to transfer appropriated funds to partner state agencies for the development of housing and classrooms;
- (3) Appropriate funds to the School Facilities Authority for the construction of housing and classrooms; and
- (4) Specify Nanakuli High School, Waipahu High School, and Mililani High School as initial locations for the construction with location and tenant requirements.

Your Committee on Conference finds that Hawaii continues to suffer from a chronic shortage of licensed teachers. Providing financial incentives and affordable options for teacher housing are key strategies for teacher recruitment and retention. This measure aims to address the ongoing teacher shortage by constructing workforce housing for teachers, educators, and staff at certain Department of Education schools.

Your Committee on Conference has amended this measure by:

- (1) Inserting language authorizing the School Facilities Authority to:
 - (A) Subdivide real, personal, or mixed property;
 - (B) Partner with public and private development agencies to develop housing on or off campus;
 - (C) Request any state or county agency to render services to the Authority; and
 - (D) Transfer property to another public agency or contract to manage the leasing and property management of housing projects;
- (2) Deleting language that would have appropriated general revenues of the State of Hawaii into the School Facilities Special Fund;

- (3) Specifying that the general fund appropriation for the School Facilities Authority for fiscal year 2023-2024 for teacher housing in H.B. No. 300, H.D. 1, S.D. 1, C.D. 1 (2023), shall be deposited into the School Facilities Special Fund;
- (4) Inserting an appropriation amount of \$170,000,000 out of the School Facilities Special Fund for:
 - (A) The construction of housing prioritized for teachers, educators, and staff; and
 - (B) Other related expenses as deemed appropriate;
- (5) Deleting language that would have allocated the appropriation out of the School Facilities Special Fund for housing and classrooms at certain sites;
- (6) Authorizing the School Facilities Authority to adopt rules pursuant to chapter 91, Hawaii Revised Statutes, with respect to leasing housing developed by the School Facilities Authority;
- (7) Inserting an effective date of July 1, 2023; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 941, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 941, S.D. 2, H.D. 1, C.D. 1.

Representatives Hashimoto, Woodson, Kitagawa, Aiu, Marten and Matsumoto.

Managers on the part of the House.

Ayes, 6. Noes, none. Excused, none.

Senators Kidani, Wakai and Kanuha.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 165 on S.B. No. 1327

The purpose of this measure is to authorize the Public Utilities Commission to use electronic filing processes, including electronic service of documents, under the statutory chapters regulating public utilities, motor carriers, and water carriers.

Your Committee on Conference finds that under existing law, public utilities, motor carriers, and water carriers must file or serve hard copies of documents with the Public Utilities Commission (PUC). These filings can often exceed ten thousand pages and fill ten to fifteen boxes. During the coronavirus disease 2019 pandemic, electronic filings to the PUC were temporarily allowed, dramatically streamlining the filing process. This measure makes those operational improvements permanent, thus enhancing the regulatory process for the PUC and its staff, as well as stakeholders, regulated utilities, and the public.

Your Committee on Conference has amended this measure by:

- (1) Changing the effective date to upon its approval; and
- (2) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1327, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1327, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Onishi, Kitagawa, Hussey-Burdick, Sayama and Pierick.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Keohokalole, Richards and Awa.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Awa).

Conf. Com. Rep. 166 on S.B. No. 1586

The purpose of this measure is to appropriate funds for the University of Hawaii at Manoa College of Tropical Agriculture and Human Resources to establish full-time equivalent (FTE) positions.

Your Committee on Conference finds that Hawaii's agricultural ranchers and growers rely on the research, outreach, and education of the University of Hawaii College of Tropical Agriculture and Human Resources' Cooperative Extension. To serve the many and evolving needs of the State's local producers, the Extension requires additional staff. This measure expands the capacity of the Extension to address entomological, livestock, and farm and consumer food safety needs across the islands.

Your Committee on Conference has amended this measure by:

- (1) Specifying that the funds shall be appropriated out of the University of Hawaii Tuition and Fees Special Fund;
- (2) Inserting an appropriation amount of \$500,000 for fiscal year 2023-2024 and the same sum for fiscal year 2024-2025 for five administrative, professional, and technical full-time equivalent (5.0 APT FTE) positions;
- (3) Inserting an effective date of July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1586, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1586, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Perruso, Kobayashi, Kapela, La Chica and Garcia.

Managers on the part of the House.
Ayes, 5. Noes, none. Excused, none.

Senators Kim, Gabbard, Kanuha, Fukunaga and Fevella.
Managers on the part of the Senate.
Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 167 on S.B. No. 1024

The purpose of this measure is to:

- (1) Establish long-term goals for zero-emissions transportation in Hawaii to reduce and eliminate transportation emissions;
- (2) Establish the Clean Ground Transportation Working Group and the Interisland Clean Transportation Working Group; and
- (3) Require reports to the Hawaii Climate Change Mitigation and Adaptation Commission and the Legislature.

Your Committee on Conference finds that transportation accounts for the majority of the State's greenhouse gas emissions. As the growing popularity of zero emissions vehicles gains traction, identifying and planning for transportation infrastructure utilizing electricity or zero emissions may provide increased support for the State's population. This measure brings expert stakeholders together and allows each department to adopt rules to achieve zero emissions transportation, and positions the State to be a leader in innovative zero emissions transportation infrastructure and technology.

Your Committee on Conference has amended this measure by:

- (1) Establishing a new section, rather than amending existing statutory language, that creates zero emissions transportation goals that include a reduction of greenhouse gas emissions and achievement of zero emissions across all transportation modes in the State, including ground transportation and sea and air interisland transportation;
- (2) Placing certain requirements of the Department of Transportation, Office of Planning and Sustainable Development, and Hawaii State Energy Office in the Hawaii Revised Statutes, rather than session law;
- (3) Clarifying that the Clean Ground Transportation Working Group shall also include the Zero Emissions Clean Economy Target in the Working Group's scope;
- (4) Requiring the Clean Ground Transportation Working Group to submit annual interim reports to the Climate Change Mitigation and Adaptation Commission from 2024 to 2034, rather than from 2024 to 2026;
- (5) Requiring the Clean Ground Transportation Working Group to submit a final report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2035;
- (6) Dissolving the Clean Ground Transportation Working Group on January 1, 2035;
- (7) Requiring the Interisland Clean Transportation Working Group to identify not less than fifteen possible transportation hubs throughout the State with at least two in each county to support innovative point-to-point or island-to-island transportation options;
- (8) Clarifying that the Interisland Clean Transportation Working Group shall also include the Zero Emissions Clean Economy Target in the Working Group's scope;
- (9) Requiring the Interisland Clean Transportation Working Group to submit annual interim reports to the Climate Change Mitigation and Adaptation Commission from 2024 to 2034, rather than from 2024 to 2026;
- (10) Requiring the Interisland Clean Transportation Working Group to submit a final report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2035;
- (11) Dissolving the Interisland Clean Transportation Working Group on January 1, 2035;
- (12) Inserting an effective date of July 1, 2023; and
- (13) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1024, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1024, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Todd, Lowen, Kila and Matsumoto.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Lee, Gabbard and Inouye.
Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 168 on S.B. No. 945

The purpose of this measure is to:

- (1) Beginning January 1, 2024, establish a program for the licensure, regulation, and oversight of special purpose digital currency companies;
- (2) Extend operations of companies in the digital currency innovation lab under certain circumstances; and
- (3) Appropriate funds from the Compliance Resolution Fund for three full-time equivalent (3.0 FTE) permanent examiners.

Your Committee on Conference finds that digital currency is an asset that is primarily managed or stored electronically. Although digital currency has grown in popularity and acceptance worldwide, there is little regulation of the digital currency industry in the United States. The Division of Financial Institutions of the Department of Commerce and Consumer Affairs and the Hawaii Technology Development Corporation confirmed that a new regulatory framework for digital currency transactions is appropriate. This measure establishes a program for the licensure, regulation, and oversight of digital currency companies.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$500,000 for three full-time equivalent (3.0 FTE) permanent examiners;
- (2) Inserting an effective date of July 1, 2023; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 945, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 945, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Sayama, Kitagawa, Chun, Hussey-Burdick and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Hussey-Burdick, Pierick).

Senators Keohokalole, Wakai and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 169 on S.B. No. 531

The purpose of this measure is to authorize the School Facilities Authority Board to appoint an Executive Director of the School Facilities Authority.

Your Committee on Conference finds that the School Facilities Authority is tasked with a mission to develop, plan, and construct all public schools in the State. Presently, other administratively attached agencies of the Department of Education, such as the Executive Office on Early Learning, State Public Charter School System, and State Library System, require their respective boards to appoint their Executive Director. However, the School Facilities Authority Executive Director is appointed by the Governor with the advice and consent of the Senate. This measure promotes uniformity and consistency among the administratively attached agencies of the Department of Education.

Your Committee on Conference has amended this measure by:

- (1) Inserting the language that requires the School Facilities Authority Board to appoint an Executive Director of the School Facilities Authority into section 302A-1704, Hawaii Revised Statutes, rather than section 302A-1702, Hawaii Revised Statutes;
- (2) Making it effective upon its approval; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 531, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 531, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Woodson, Kitagawa, La Chica, Marten and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Kidani, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Fevella).

Conf. Com. Rep. 170 on S.B. No. 599

The purpose of this measure is to:

- (1) Allow certain physician assistants to sign orders for respiratory therapy and plans of care; and
- (2) Expand the class of health care providers under whom respiratory therapists may practice respiratory care to include physician assistants and advanced practice registered nurses.

Your Committee on Conference finds that patient access to high quality health care depends upon health care providers' scopes of practice reflecting the full extent of providers' training and capabilities. Although physician assistants and advanced practice registered nurses possess the necessary skills and training to issue orders for respiratory therapy and oversee the provision of respiratory care by respiratory therapists, and are allowed to do so under federal regulations, existing state law prohibits them from prescribing, ordering, or directing respiratory care services. This measure aligns state law with federal standards to provide greater access to respiratory health care services for the State's residents.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 599, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 599, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Nakashima, Takenouchi and Pierick.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Nakashima).

Senators San Buenaventura, Keohokalole and Shimabukuro.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 171 on S.B. No. 729

The purpose of this measure is to:

- (1) Require the Auditor to conduct a sunrise analysis on the proposed regulatory controls for members of condominium association boards of directors (board members); and
- (2) Require the Real Estate Commission to develop a curriculum to be made available to board members.

Your Committee on Conference finds that existing law imposes a level of care and loyalty on board members to their associations to the level and extent required of an officer or director of a corporation. However, board members are volunteers who often do not have the proper training or education regarding their authority and duties. This measure takes important steps to ensuring that board members understand their authorities and duties to improve as leaders of their condominium associations.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that would have required the Auditor to conduct a sunrise analysis on the proposed regulatory controls for board members;
- (2) Clarifying that the Real Estate Commission shall develop a curriculum for leadership training for condominium boards of directors, including pertinent provisions of chapter 514B, Hawaii Revised Statutes; association governing documents; and the fiduciary duties of board members;
- (3) Inserting an effective date of July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 729, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 729, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Nakashima, Kitagawa, Aiu, Tam and Matsumoto.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, 1 (Nakashima).

Senators Keohokalole, Fukunaga and McKelvey.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 172 on S.B. No. 295

The purpose of this measure is to:

- (1) Establish within the Office of Wellness and Resilience the Malama Ohana Working Group to seek, design, and recommend transformative changes to the State's existing child welfare system;
- (2) Allow the Office of Wellness and Resilience to contract with an administrative facilitator to provide necessary support for the Malama Ohana Working Group;
- (3) Require the Malama Ohana Working Group to report to the Legislature before the Regular Session of 2025; and
- (4) Appropriate funds for the Malama Ohana Working Group.

Your Committee on Conference finds that the problems faced by children and families in the State's child welfare system are extremely complex and cannot be resolved by the Department of Human Services alone. To address and resolve these diverse and multi-faceted problems, it is essential that the State work with the community and various stakeholders to determine solutions. This measure establishes a working group comprised of community members and stakeholders to develop recommendations to establish a child welfare system that is trauma-informed and responsive to the needs of children and families in the system and community.

Your Committee on Conference has amended this measure by:

- (1) Amending the composition, membership, and co-chairs of the Malama Ohana Working Group;
- (2) Removing language that would have appropriated funds for the Malama Ohana Working Group;
- (3) Amending section 1 to reflect its amended purpose;
- (4) Making it effective upon its approval; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 295, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 295, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Kobayashi and Alcos.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 173 on S.B. No. 1592

The purpose of this measure is to appropriate funds for the establishment of additional program specialist positions within the Executive Office on Aging for the State's Senior Medicare Patrol Program.

Your Committee on Conference finds that the State's Senior Medicare Patrol Program, established in 1997, educates, assists, and protects Hawaii's most vulnerable population by providing one-on-one counseling, conducting community outreach, and working with other service providers to build a "help net" to assist kupuna statewide. While originally established to protect kupuna from Medicare fraud, the scope of the program's services has expanded to assist kupuna triage other health-related and non-health related fraud cases. Your Committee on Conference further finds that despite the significant expansion of its services

and increase in the reported number of fraudulent activities targeting the State's kupuna, the program continues to operate with just two full-time staff positions, relying on volunteers to provide the needed services. This measure will allow the program to retain additional staff to effectively meet the rising demand for its services for the State's kupuna.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Appropriating \$186,288 for fiscal year 2023-2024 and \$192,408 for fiscal year 2024-2025 for the establishment of one full-time equivalent (1.0 FTE) Program Specialist III position, one full-time equivalent (1.0 FTE) Program Specialist IV position, and one full-time equivalent (1.0 FTE) Program Specialist V position within the Executive Office on Aging for the State's Senior Medicare Patrol Program;
- (3) Inserting an effective date of July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1592, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1592, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Kobayashi, Amato and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Aquino, Moriwaki and Shimabukuro.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 174 on S.B. No. 67

The purpose of this measure is to:

- (1) Prohibit commercial vendors from presetting commercial beach equipment on certain beaches under the jurisdiction of the Department of Land and Natural Resources, unless the customer is physically present;
- (2) Require commercial vendors to expeditiously remove commercial beach equipment after the customer has finished using it;
- (3) Allow the Department of Land and Natural Resources to grant exemptions through rules; and
- (4) Establish administrative fines for violations.

Your Committee on Conference finds that the presetting of commercial beach umbrellas, chairs, and other beach equipment on beaches has been a long-standing issue that has generated many complaints. While officers of the Division of Conservation and Resources Enforcement have issued many citations to offenders, courts have often dismissed them due to concessionaires stating that they were setting up equipment for customers with prior reservations. Therefore, this measure seeks to strike a balance between the public's ability to freely enjoy Hawaii's beaches and the visitor industry's desire to provide amenities to their guests.

Accordingly, your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 67, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 67, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Tarnas, Nishimoto, Morikawa and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Inouye, Keohokalole and Keith-Agaran.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 175 on S.B. No. 1370

The purpose of this measure is to:

- (1) Establish a standard license to solemnize marriages, valid for one year from the date of issuance;
- (2) Establish a short-term license to solemnize marriages, valid for sixty days from the date of issuance;
- (3) Establish a fee of \$100 per year for the issuance of a standard license;
- (4) Establish a fee of \$25 per sixty-day period for a short-term license; and
- (5) Specify in what amount and to which fund the collected license fees shall be deposited.

Your Committee on Conference finds that prior to Act 211, Session Laws of Hawaii 2021 (Act 211), only individuals with religious affiliations or judicial appointments could obtain a license to solemnize marriages. While Act 211 authorized the issuance of civil licenses to solemnize marriages, it also established a fee for civil licenses. In contrast, no fee was established to obtain a religious or judicial license. This measure addresses this difference in fees to ensure equity among all persons licensed to solemnize marriages in the State.

Your Committee on Conference has amended this measure by:

- (1) Amending section 1 to clarify the purpose of this measure;
- (2) Inserting an effective date of July 1, 2023; and

(3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1370, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1370, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Takenouchi, Tam and Garcia.

Managers on the part of the House.

Ayes, 2. Noes, 1 (Garcia). Excused, 1 (Tam).

Senators Aquino, Keohokalole and Moriwaki.

Managers on the part of the Senate.

Ayes, 2. Noes, none. Excused, 1 (Moriwaki).

Conf. Com. Rep. 176 on S.B. No. 404

The purpose of this measure is to:

- (1) Make various updates to the Hospital Sustainability Program, including:
 - (A) Amending the definition of "private hospital";
 - (B) Clarifying the uses of the Hospital Sustainability Program Special Fund;
 - (C) Increasing various hospital sustainability fee caps;
 - (D) Requiring the Department of Human Services to consult and negotiate with the hospital trade association regarding fee participation and rates; and
 - (E) Clarifying when the hospital sustainability fee shall be discontinued and the method by which any remaining moneys in the Hospital Sustainability Program Special Fund shall be distributed;
- (2) Repeal the sunset dates of Act 217, Session Laws of Hawaii 2012, and Act 123, Session Laws of Hawaii 2014, to make the program permanent and permanently exempt the program from the central service and administrative expenses assessments; and
- (3) Appropriate funds out of the Hospital Sustainability Program Special Fund for the purposes of the Hospital Sustainability Program.

Your Committee on Conference finds that the Hospital Sustainability Program and Hospital Sustainability Program Special Fund, established in 2012, have played a major role in protecting hospital access for Medicaid beneficiaries by assessing hospital sustainability fees on the hospitals, using the fee revenues to obtain matching federal funds, and returning more moneys to the hospitals than were assessed in fees, which are then used to supplement the cost of providing services for Medicaid recipients. Your Committee on Conference further finds that the Hospital Sustainability Program is scheduled to be repealed on December 31, 2023, with funding provisions scheduled to be repealed on June 30, 2024. This measure will enhance and make the program permanent, thereby preserving and improving access to quality health care for Medicaid recipients in the State.

Your Committee on Conference has amended this measure by:

- (1) Inserting an appropriation amount of \$173,000,000 out of the Hospital Sustainability Program Special Fund for fiscal year 2023-2024 and the same sum for fiscal year 2024-2025 for the Hospital Sustainability Program;
- (2) Making it effective upon approval; provided that the appropriation shall take effect on July 1, 2023; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 404, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 404, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Belatti, Morikawa, Amato and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators San Buenaventura, Inouye and Aquino.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 177 on S.B. No. 1534

The purpose of this measure is to:

- (1) Create a mileage-based road usage charge to replace state motor fuel taxes beginning on July 1, 2025, for electric vehicles;
- (2) Eliminate the \$50 annual state vehicle registration surcharge for electric vehicles;
- (3) Authorize electric vehicle owners to pay a registration surcharge or a per-mile road usage fee until June 30, 2028;
- (4) Require certificates of inspection to state the odometer reading of vehicles;
- (5) Require motor vehicle registration applications to specify whether the type of fuel for which the vehicle is adapted is battery electricity;
- (6) Require the Department of Transportation to plan for the deployment of a state mileage-based road user charge program by 2033 and submit a report to the Legislature; and
- (7) Appropriate funds.

Your Committee on Conference finds that state fuel tax revenues are declining, creating a smaller source of revenue for transportation infrastructure improvements and maintenance. However, the establishment of a state mileage-based road usage charge for certain fuel-efficient and zero emissions motor vehicles can be incorporated into existing motor vehicle safety inspections, creating a sustainable source of revenue to support roadway maintenance costs.

This measure establishes a state mileage-based road usage charge to reduce overall vehicle miles traveled while incentivizing motor vehicles that are fuel-efficient and zero emissions.

Your Committee on Conference has amended this measure by:

- (1) Inserting a rate of 0.8 cents per mile traveled to be used in the calculation of the state mileage-based road usage charge;
- (2) Limiting the state mileage-based road usage charge to not more than \$50 per year;
- (3) Assessing the first registration renewal at \$50 for new motor vehicles that do not require a certificate of inspection;
- (4) Authorizing owners of electric vehicles to be offered a choice to pay a \$50 registration surcharge in lieu of the state mileage-based road usage charge until June 30, 2028;
- (5) Requiring the Department of Transportation to also include in the implementation plan recommendations for ensuring:
 - (A) Compatibility with the deployment of a mileage-based road usage charge by any county; and
 - (B) Broad implementation continues to account for and incentivize fuel-efficient vehicles;
- (6) Inserting an appropriation amount of \$1,300,000 for FY 2023-2024 from the State Highway Fund for the initial implementation of the state mileage-based road user charge;
- (7) Inserting an effective date of July 1, 2023;
- (8) Providing that sections 3, 4, and 5 shall not take effect until July 1, 2025; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1534, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1534, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Todd, Sayama, Kila and Matsumoto.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Lee, DeCoite and Keohokalole.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 178 on S.B. No. 900

The purpose of this measure is to:

- (1) Require the Executive Office on Aging to submit annual progress reports to the Legislature on the Hawaii State Health Insurance Assistance Program; and
- (2) Appropriate funds for the establishment of full-time equivalent Program Specialist positions within the Executive Office on Aging for the Hawaii State Health Insurance Assistance Program.

Your Committee on Conference finds that the Hawaii State Health Insurance Assistance Program helps individuals, especially kupuna, understand and access Medicare benefits. As the State's Medicare population continues to grow, so too does the need and demand for the program's services. This measure increases the capacity of the Hawaii State Health Insurance Program to ensure all individuals receive the support they need to access health insurance.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Appropriating \$186,288 for fiscal year 2023-2024 for the establishment of one full-time equivalent (1.0 FTE) Program Specialist III position, one full-time equivalent (1.0 FTE) Program Specialist IV position, and one full-time equivalent (1.0 FTE) Program Specialist V position within the Executive Office on Aging for the Hawaii State Health Insurance Assistance Program;
- (3) Inserting an effective date of July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 900, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 900, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Takenouchi, Kobayashi and Garcia.

Managers on the part of the House.

Senators San Buenaventura, Moriwaki and Aquino.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 179 on S.B. No. 674

The purpose of this measure is to:

- (1) Adopt the Interstate Medical Licensure Compact;
- (2) Allow the Department of Commerce and Consumer Affairs to adopt rules to implement and administer the Compact;

- (3) Allow the Department of Commerce and Consumer Affairs to conduct criminal history record checks on applicants for physician licensure under the Compact; and
- (4) Appropriate funds for the Hawaii Medical Board's implementation of the Compact.

Your Committee on Conference finds that the State faces a significant shortage in the number of health care professionals, especially in neighbor islands and rural areas. Your Committee on Conference further finds that the Interstate Medical Licensure Compact creates a comprehensive process that complements the existing licensing and regulatory authority of state medical boards and provides a streamlined process that allows physicians to become licensed in multiple states. This measure will increase access to health care for individuals in rural and medically underserved areas of the State and alleviate the State's health disparities by authorizing the Governor to enter into the Interstate Medical Licensure Compact on behalf of the State.

Your Committee on Conference has amended this measure by:

- (1) Deleting language that is not in the model Compact language, which would have excluded from the immunity granted to the Interstate Commission's officers and employees, suit or liability for damage, loss, injury, or liability caused by negligence or gross negligence of such person;
- (2) Requiring, rather than allowing, the Department of Commerce and Consumer Affairs to adopt rules for the purpose of implementing and administering the Compact;
- (3) Deleting section 2 of the measure, which would have allowed the Department of Commerce and Consumer Affairs to conduct criminal history record checks on physician licensure applicants through the Interstate Medical Licensure Compact;
- (4) Deleting section 3 of the measure, which would have appropriated funds out of the Compliance Resolution Fund for the Hawaii Medical Board's implementation of the Interstate Medical Licensure Compact;
- (5) Making it effective upon its approval; provided that section 1 of the measure, which adds a new chapter to the Hawaii Revised Statutes governing the Interstate Medical Licensure Compact, shall take effect on January 1, 2025; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 674, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 674, S.D. 1, H.D. 2, C.D. 1.

Conf. Com. Rep. 180 on S.B. No. 865

The purpose of this measure is to establish and appropriate funds for the Ninety-Nine Year Leasehold Pilot Program to develop low-cost homes on state-owned and county-owned land in urban redevelopment sites to be sold in leasehold by the Hawaii Community Development Authority (HCDA) to qualified residents.

Your Committee on Conference finds that the State has a severe lack of affordable housing, resulting in residents leaving Hawaii in hopes of cheaper living conditions. Your Committee on Conference further finds that there are significant barriers to the development of affordable housing in Hawaii and that the State needs innovative solutions to address the housing crisis and keep families in Hawaii. This measure is intended to increase homeownership and the affordability of leasehold housing units by increasing the term of the lease of certain state lands for a term of ninety-nine years.

Your Committee on Conference has amended this measure by:

- (1) Making the Ninety-Nine Year Leasehold Pilot Program a Ninety-Nine Year Leasehold Program;
- (2) Deleting:
 - (A) The definitions for "commercial project", "pilot program", "public agency", "public facilities", "redevelopment project", and "residential project";
 - (B) Language that would have required HCDA to:
 - (i) Adopt certain administrative rules;
 - (ii) Consider certain general principles regarding actions on urban redevelopment sites;
 - (iii) Recoup expenses through the sales of the leasehold interest of homes within an urban redevelopment site and other revenue sources;
 - (iv) Establish a waitlist for eligible buyers; and
 - (v) Use the price at which the owner purchased the home as the cost basis to determine the buyback price; and
 - (C) Language that would have created a tax exemption for the sale of leasehold interest for homes within an urban redevelopment site;
- (3) Inserting:
 - (A) The requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes; and
 - (B) Language that:
 - (i) Requires that development be revenue-neutral to the greatest extent possible;
 - (ii) Requires urban redevelopment sites to maximize walkability; and
 - (iii) Allows HCDA to establish administrative rules that authorize the Executive Director to waive compliance with respect to the occupancy and residency requirements established in this measure;

- (4) Authorizing, rather than mandating, HCDA to require that at least fifty per cent of the residential condominium units be sold to an individual or household with an income of up to one hundred forty per cent of the area median income;
- (5) Amending:
 - (A) References to "home" or "homes" to "residential condominium unit" or "residential condominium units"; and
 - (B) A reference to "multipurpose project" to "mixed-use project"; and
 - (C) The definitions of "project" and "public transit station";
- (6) Clarifying that HCDA:
 - (A) Has the right of first refusal to purchase residential condominium units for a certain period of time and for a buyback price to be determined by HCDA; and
 - (B) May lease all or any portion of the real or personal property constituting a commercial project without recourse to the Hawaii Public Procurement Code; and
- (7) Inserting the following appropriation amounts:
 - (A) \$1,500,000 for fiscal year 2023-2024 for HCDA to adopt rules, engage the community, and conduct site and predevelopment planning for the Ninety-Nine Year Leasehold Program; and
 - (B) \$190,000 for fiscal year 2023-2024 and the same sum for fiscal year 2024-2025 for the establishment of two full-time equivalent (2.0 FTE) positions within HCDA;
- (8) Amending section 2 to reflect its amended purpose;
- (9) Inserting an effective date of July 1, 2023; and
- (10) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 865, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 865, S.D. 2, H.D. 1, C.D. 1.

Conf. Com. Rep. 181 on S.B. No. 1064

The purpose of this measure is to establish the Dam and Appurtenance Improvement or Removal Grant Program to provide the owners of private dams and appurtenances with funds for plans, design, construction, and equipment to improve or remove deficient dams and appurtenances.

Your Committee on Conference finds that many privately owned dams and appurtenances — often constructed during the plantation era — have not been properly maintained and may be hazardous to public health and safety. Your Committee on Conference further finds that because the costs to improve or remove these deficient dams and appurtenances are often prohibitive, a grant program to provide funding for these costs could provide a viable solution for both owners and the public. Therefore, this measure establishes the Dam and Appurtenance Improvement or Removal Grant Program.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Deleting the provision that would require grants awarded under the Dam and Appurtenance Improvement or Removal Grant Program to not exceed an unspecified amount;
- (3) Deleting the unspecified appropriation for fiscal year 2023-2024 and fiscal year 2024-2025 for the purposes of the Dam and Appurtenance Improvement or Removal Grant Program;
- (4) Inserting an appropriation in the amount of \$10,000,000 for fiscal year 2023-2024 as one-time seed funding for the Dam and Appurtenance Improvement or Removal Grant Program;
- (5) Inserting an appropriation in the amount of \$220,000 for fiscal year 2023-2024 and fiscal year 2024-2025 for operating expenses and the establishment of two full—time equivalent (2.0 FTE) permanent positions within the Department of Land and Natural Resources;
- (6) Inserting an effective date of July 1, 2023; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1064, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1064, S.D. 2, H.D. 2, C.D. 1.

Conf. Com. Rep. 182 on S.B. No. 813

The purpose of this measure is to:

- (1) Beginning in 2026 and every three years thereafter, require the Judiciary to conduct a study on interpreter fees;
- (2) Require the Judiciary to increase the hourly fees, mileage reimbursement rate, and commuter-time compensation rate for court interpreters; and
- (3) Appropriate funds.

Your Committee on Conference finds that court interpreters are independent contractors of the Judiciary, who play an integral role in the administration of justice and provide critical language access in the State's courts. The compensation for court interpreters has remained unchanged for the most part since it was established in 2007. This measure will help determine whether to increase the fees and rates for court interpreters.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Removing language that would have required the Judiciary to increase the hourly fees, mileage reimbursement rate, and commuter-time compensation rate for court interpreters;
- (3) Inserting an appropriation amount of \$20,000 for fiscal year 2023-2024 to fund the study for annual adjustments of fees for court interpreters;
- (4) Amending section 2 to reflect its amended purpose;
- (5) Making it effective on July 1, 2023; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 813, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 813, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto, Ganaden and Souza.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Ganaden).

Conf. Com. Rep. 183 on S.B. No. 898

The purpose of this measure is to:

- (1) Establish the State Rent Supplement Program for Kupuna, which temporarily expands the State Rent Supplement Program to provide state rent supplement assistance and other services to qualified persons who are sixty-two years of age or older and are homeless or at imminent risk of becoming homeless;
- (2) Require the Hawaii Public Housing Authority to submit annual reports to the Legislature regarding State Rent Supplement Program for Kupuna; and
- (3) Appropriate funds for the State Rent Supplement Program for Kupuna; provided that the appropriated funds shall be in addition to the Hawaii Public Housing Authority's base budget for the State Rent Supplement Program.

Your Committee on Conference finds that as housing costs and inflation rise, kupuna who rely on retirement income from Social Security or are on fixed incomes are struggling to pay for basic necessities, thereby being forced to cut back on essential expenses, such as food, transportation, and medication. This measure will provide vulnerable kupuna with state rent supplement assistance and other services, thereby preventing them from being displaced from their residence and becoming homeless.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Deleting language that would have required a person who qualifies for the State Rent Supplement Program for Kupuna to participate in the continuum of care coordinated entry system for homeless services;
- (3) Clarifying that under the State Rent Supplement Program for Kupuna, the Hawaii Public Housing Authority shall:
 - (A) Provide housing counseling to assist qualified kupuna in obtaining or retaining permanent housing; and
 - (B) Coordinate with mental health services providers and other supportive services providers to assist qualified kupuna;
- (4) Deleting language that would have exempted the Hawaii Public Housing Authority from chapter 103D, Hawaii Revised Statutes, in selecting an organization to administer the program;
- (5) Inserting an appropriation amount of \$1,000,000 for fiscal year 2023-2024 for the State Rent Supplement Program for Kupuna;
- (6) Deleting language that would have allowed the appropriated funds to be used for an unspecified number of full-time equivalent (FTE) Public Housing Specialist positions within the Hawaii Public Housing Authority;
- (7) Inserting an effective date of July 1, 2023; and
- (8) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 898, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 898, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Hashimoto, Aiu, Kila and Matsumoto.
Managers on the part of the House.

Conf. Com. Rep. 184 on S.B. No. 1141

The purpose of this measure is to:

- (1) Transfer the rights, powers, functions, duties, and resources of the Department of Education relating to workers' compensation for the Hawaii State Public Library System and its employees to the Department of Human Resources Development (DHRD);
- (2) Establish an unspecified number of positions within the DHRD for the management and administration of workers' compensation for the Hawaii State Public Library System and its employees; and
- (3) Appropriate an unspecified amount of funds for the workers' compensation costs of the Hawaii State Public Library System and its employees.

Your Committee on Conference finds that the Legislature enacted Act 51, Session Laws of Hawaii 2004, which, in part, transferred certain functions of executive branch agencies that pertained to education personnel to the Department of Education (DOE). Your Committee on Conference further finds that the Legislature enacted Act 61, Session Laws of Hawaii 2012, to clarify that when it passed Act 51 (2004), it had not intended to include the personnel of the Hawaii State Public Library System (HSPLS). Your Committee on Conference recognizes that although DHRD has been managing and administering the workers' compensation claims of HSPLS employees since 2012 through memoranda of agreement and the use of a loaned position, DHRD has not received any additional staff or funding to address its increased administrative responsibilities to HSPLS and its employees. This measure transfers the appropriate resources necessary to officially designate DHRD as the administrator of workers' compensation claims for HSPLS. Your Committee on Conference notes that funds for the workers' compensation costs of the HSPLS and its employees have been appropriated to the DHRD through H.B. 300, H.D. 1, S.D. 1 (2023). Your Committee on Conference further notes that there are a number of permanent positions within HSPLS that are currently vacant.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Deleting:
 - (A) The establishment of an unspecified number of positions within the DHRD for the management and administration of workers' compensation for the Hawaii State Public Library System and its employees; and
 - (B) An appropriation of an unspecified amount of funds for the workers' compensation costs of the Hawaii State Public Library System and its employees;
- (3) Transferring one permanent position and the individual budget of the Hawaii State Public Library System relating to workers' compensation for its employees to the DHRD;
- (4) Inserting an appropriation amount of \$80,000 for fiscal year 2023-2024 for the salary and benefits of one full-time equivalent human specialist position to the DHRD;
- (5) Amending section 2 to reflect its amended purpose;
- (6) Making it effective on July 1, 2023; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1141, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1141, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Woodson, Garrett, Marten and Alcos.
Managers on the part of the House.

Managers on the part of the Senate.
Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 185 on S.B. No. 830

The purpose of this measure is to:

- (1) Require each Department of Education school and public charter school to establish a critical emergency response team; and
- (2) Appropriate funds.

Your Committee on Conference finds that timely, effective intervention in critical medical emergencies can save lives and reduce the severity of injuries. Presently, the Department of Education has basic emergency response guidance, but there is a gap between the guidance and training provided to ensure faculty and staff are prepared for critical medical emergencies. This measure supplements current Department of Education policy to ensure proper response protocols while also keeping students, faculty, and staff at Department of Education and charter schools safe.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9 of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;

- (2) Deleting language that would have required each department school to establish a critical emergency response team in chapter 302A, Hawaii Revised Statutes, and inserting language establishing a one-year Critical Emergency Response Pilot Program within the Department of Education to establish a critical emergency response team for each department school located in central Oahu selected by the Department to participate in the Pilot Program;
- (3) Deleting language that would have required each public charter school to establish a critical emergency response team in chapter 302D, Hawaii Revised Statutes, and inserting language establishing a one-year Critical Emergency Response Pilot Program within the State Public Charter School Commission to establish a critical emergency response team for each public charter school selected by the Commission to participate in the Pilot Program;
- (4) Inserting language that grants immunity from civil or criminal liability for any critical emergency response team member, except where the individual's conduct would constitute gross negligence, wilful and wanton misconduct, or intentional misconduct;
- (5) Inserting language that requires each department school and public charter school participating in their respective pilot programs to develop a known, practiced, and maintained communication method to active the school's critical emergency response team members;
- (6) Inserting language that requires each department school and public charter school participating in their respective pilot programs to run not less than two critical emergency drills during the 2023-2024 school year with a drill response time goal of less than three minutes;
- (7) Requiring reports to the Legislature before the Regular Session of 2024;
- (8) Inserting an appropriation amount of \$350,000 for fiscal year 2023-2024 for the Department of Education to implement the Critical Emergency Response Pilot Program at selected schools;
- (9) Inserting an appropriation amount of \$150,000 for fiscal year 2023-2024 for the State public Charter School Commission to implement the Critical Emergency Response Pilot Program at selected schools;
- (10) Amending section 2 to reflect its amended purpose;
- (11) Inserting an effective date of July 1, 2023; and
- (12) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 830, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 830, S.D. 2, H.D. 1, C.D. 1.

Ayes, 2. Noes, none. Excused, 1 (Kanuha).

Conf. Com. Rep. 186 on S.B. No. 1417

The purpose of this measure is to require the Hawaii Community Development Authority to consider the impacts of climate change, sea level rise, and climate-resilient development in the design and siting of buildings in the Kakaako and Kalaeloa community development districts.

Your Committee on Conference finds that climate change and sea level rise pose significant, dangerous, and imminent threats to the State. Furthermore, the Kakaako Community Development District and Kalaeloa Community Development District are particularly threatened by the effects of climate change, including sea level rise, king tides, heavy rainfall, and other climate change-related events. Therefore, this measure requires the Hawaii Community Development Authority to consider the impacts of climate change in the design and construction of buildings in the Kaka'ako and Kalaeloa Community Development Districts.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1417, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1417, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Tarnas, Poepoe and Souza.
Managers on the part of the House.
Ayes, 4. Noes, none. Excused, none.

Senators Gabbard, Inouye, Aquino and DeCoite.
Managers on the part of the Senate.
Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 187 on S.B. No. 1588

The purpose of this measure is to appropriate funds to the University of Hawaii College of Tropical Agriculture and Human Resources to establish and implement a GroupGAP food safety training and certification program.

Your Committee on Conference finds that the GroupGAP program was created by the United States Department of Agriculture in 2015 to assist small farms with attaining the Good Agricultural Practices certification, which verifies that sound food safety practices have been utilized. Specifically, the GroupGAP program provides training and assistance in food safety to limit the spread of disease and other food-borne illnesses. The Legislature recently passed Act 136, Session Laws of Hawaii 2022, which required the Department of Agriculture to partner with the agricultural sector to establish a GroupGAP food safety certification program in the State. However, the funds appropriated were directed to the University of Hawaii College of Tropical Agriculture and Human Resources which does not have a GroupGAP food safety program. Therefore, a new appropriation is necessary.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Changing the agency responsible for the establishment of a GroupGAP food safety training and certification program from the University of Hawaii College of Tropical Agriculture and Human Resources to the Department of Agriculture;
- (3) Changing the expending agency of appropriated funds from the University of Hawaii College of Tropical Agriculture and Human Resources to the Department of Agriculture;
- (4) Inserting an appropriation amount of \$1,000,000 for fiscal year 2023-2024 to fund the establishment of the program;
- (5) Amending section 2 to reflect its amended purpose;
- (6) Making it effective on July 1, 2023; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1588, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1588, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Kahaloa, Kapela, La Chica and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 2 (Kapela, La Chica).

Senators Gabbard, Aquino and Richards.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 188 on S.B. No. 1552

The purpose of this measure is to appropriate funds to the Department of Land and Natural Resources to support the Hawaii Ant Lab in mitigating the effects of little fire ants in the State.

Your Committee on Conference finds that the little fire ant is an invasive pest that is difficult to manage and is spreading throughout the islands of Hawaii. The little fire ant is particularly concerning because of their bite, which can cause an irritating burning sensation and welts and marks on the skin. Furthermore, the bite of little fire ants has been correlated with blindness in cats and dogs, which is causing concern amongst pet owners and residents across the State. Therefore, this measure appropriates funds to support and enhance the efficacy of the Hawaii Ant Lab at the Department of Land and Natural Resources to mitigate and contain the effects of the little fire ant in Hawaii.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Inserting an appropriation amount of \$500,000 for fiscal year 2023-2024;
- (3) Making it effective on July 1, 2023; and
- (4) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1552, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1552, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Gates, Kahaloa, La Chica and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (La Chica).

Ayes, 2. Noes, none. Excused, 1 (DeCoite).

Conf. Com. Rep. 189 on S.B. No. 743

The purpose of this measure is to:

- (1) Extend the Coffee Berry Borer and Coffee Leaf Rust Pesticide Subsidy Program to June 30, 2025, and to reestablish it as the Pesticide and Fertilizer Subsidy Program to encompass fertilizers in addition to pesticides;
- (2) Extend the program manager position, including the position's civil service and collective bargaining laws exemption, to June 30, 2026;
- (3) Require the Department of Agriculture to report to the Legislature; and
- (4) Appropriate funds for the operation and implementation of the Pesticide and Fertilizer Subsidy Program.

Your Committee on Conference finds that the Coffee Berry Borer Pesticide Subsidy Program was established by Act 105, Session Laws of Hawaii 2014 (Act 105), and has since undergone several legislative updates, continuations, and improvements to combat the effects of coffee berry borer as well as coffee leaf rust that threaten the coffee plant in Hawaii. Therefore, this measure further extends and improves upon the ongoing statewide coffee disease control and mitigation effort by appropriating funds for protection of the threatened coffee plant in Hawaii and extending funding for the program positions related to this effort.

Your Committee on Conference have amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;

- (2) Reverting the Pesticide and Fertilizer Subsidy Program to the program's preexisting name, the Pesticide Subsidy Program;
- (3) Removing references to fertilizer from the measure;
- (4) Inserting an appropriation amount of \$150,000 for fiscal year 2023-2024 into and out of the Pesticide Use Revolving Fund for the Pesticide Subsidy Program;
- (5) Amending section 2 to reflect its amended purpose;
- (6) Making it effective upon its approval; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 743, S.D. 1, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 743, S.D. 1, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Senators Gabbard, Aquino and Richards.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 190 on H.B. No. 300

PART I. OVERVIEW

This measure, as received, includes:

- (1) The base budget from Act 248, Session Laws of Hawaii (SLH) 2022;
- (2) The addition of previously appropriated collective bargaining amounts in prior acts;
- (3) The adjustment amounts necessary to fulfill the Employees' Retirement System, Employer-Union Health Benefits Trust Fund, debt service, and Medicaid requirements for the 2023-2025 fiscal biennium; and
- (4) The reduction of non-recurring amounts identified in the 2022 executive budget worksheets issued by the Legislature; and
- (5) Various reductions for critical government services.

Your Committee on Conference has amended this measure to include:

- (1) The approved executive requests for trade-offs, transfers, changes to means of financing, conversions of positions from temporary to permanent, ceiling increases or decreases, and reductions; and
- (2) Additional funding for critical government services.

	Fiscal Year 2023-2024		Fiscal Year 2024-2025	
	All Funds	General Funds	All Funds	General Funds
Executive Budget Act 248, SLH 2022	\$16,753,577,848	\$8,670,830,979	\$16,753,577,848	\$8,670,830,979
Executive Budget Request	\$18,930,379,945	\$10,623,131,684	\$18,678,595,479	\$10,389,732,977
Net Change in Conference Draft	\$651,066,521	\$668,154,413	\$60,803,094	\$39,271,576
Total Appropriation	\$19,581,446,466	\$11,291,286,097	\$18,739,398,573	\$10,429,004,553

PART II. GENERAL FUND REVENUES AND ECONOMY

The Council on Revenues forecasted significant net decreases in its general fund tax revenue projection for fiscal year 2023 at its January 2023 and March 2023 meetings.

The Council reduced the estimated growth in revenues from 6.5% to 5.5% in January 2023 and from 5.5% to 2.0% in March 2023. The forecasts meant a reduction in revenues by \$334 million in fiscal year 2023. The estimated reduction in revenues is primarily due to a one-time Constitutional Refund of either \$100 or \$300 per qualifying exemption for Hawaii residents.

The Council noted that lower capital gains income due to poor performance in the stock market and a cooling real estate market are likely causes of lower estimated tax payments. The Council also noted that inflation had dropped nationally and in Hawaii.

General excise tax and transient accommodation tax collections remain robust due to the recovery of tourist arrivals, renewed consumer spending, and additional tax collections due to inflation. Risks that may inhibit the economic recovery include new variants of the COVID-19 virus, inflation and an aggressive monetary policy response from the Federal Reserve, high oil and commodity prices, severe labor shortages, supply chain disruptions, sustained travel hesitancy from Asian markets due to the Pandemic, and the reduction in Federal stimulus spending. Due to the recent strength of the U.S. dollar compared to foreign currencies.

Hawaii also faces strong competition from international travel destinations, such as Europe. Tourists from Japan might be especially less likely to travel to Hawaii due to extremely weak foreign currency exchange rates for the yen to the U.S. dollar compared to pre-pandemic levels.

The new forecasts for the state general fund tax revenues for fiscal year 2023 through fiscal year 2029 are shown in the table below.

General Fund Tax Revenues		
Fiscal Year	Amount (in Thousands of Dollars)	Growth From Previous Year
2023	\$9,546,025	2.0%
2024	\$9,927,866	4.0%
2025	\$10,275,341	3.5%
2026	\$10,634,978	3.5%

2027	\$11,007,202	3.5%
2028	\$11,392,454	3.5%
2029	\$11,791,190	3.5%

PART III. COMMITTEE'S PRIORITIES

Your Committee on Conference has worked diligently to create a responsible financial plan that includes a budget that continues to fund critical services and programs. The Committee on Conference's approach to balancing the budget entails considering the Council on Revenues' General Fund Forecast and creating a fiscally responsible financial plan that will infuse unprecedented appropriations to implement priorities that include those named by Governor Green.

These priorities will:

- Address homelessness and the housing crisis
- Contribute more to the Emergency and Budget Reserve Fund (EBRF), or "Rainy Day Fund"
- Increase access to Early Childhood Education
- Address the backlog of deferred maintenance for State facilities
- Mitigate and adapt to Climate Change
- Increase Health and Wellness across the State.

The Conference Draft of the executive budget includes the following major adjustments:

Department of Agriculture

- Adding \$2,500,000 in FY24 for Coconut Rhinoceros Beetle control.
- Adding 2.00 permanent positions and \$255,792 in FY24 and \$228,004 in FY25 to continue Bovine Tuberculosis operations on Molokai.
- Increasing the ceiling by \$6,000,000 for federal grants for agricultural development.
- Increasing the Revolving Fund ceiling by \$600,000 in FY24 and \$350,000 in FY25 for pesticide drift monitoring.
- Adding \$5 million for Mitigation and Population Control of Feral Animals.

Department of Accounting and General Services

- Adding 7.00 permanent positions and \$907,190 in FY24 and \$994,772 in FY25 for cloud-based financial systems.
- Adding \$590,000 in FY24 for the Hawaii Information Portal system.
- Adding 2.00 permanent positions and \$185,000 for the Office of Information Practices.
- Adding \$192,696 for Office of Information Practices salary differentials.
- Adding 2.00 permanent positions and \$259,280 in FY24 and \$319,592 in FY25 for the digitization of Government records (Act 178 2022).
- Transferring \$3,342,309 to the Department of Taxation for the Tax System Modernization Project.
- Adding \$746,623 in FY24 and \$1,555,006 in FY25 for Microsoft licenses.
- Adding 13.00 permanent positions and \$1,044,400 in FY24 and \$1,040,400 in FY25 for the cloud-based financial systems in the Office of Enterprise Technology Services.
- Adding \$5,000,000 in FY24 for planning for relocation of the Kalanimoku data center.
- Adding \$17,000,000 in FY24 for insurance policy premiums.
- Adding \$2,000,000 in FY24 for Capitol Building renovations.
- Adding \$5,000,000 for agricultural warehouses.
- Adding 2.00 permanent positions and \$170,200 in FY24 and \$160,244 in FY25 for procurement (Act 176 2022).
- Adding \$1,050,000 in FY24 for proof of concept and master planning.
- Adding \$500,000 in FY24 for the relocation of the Mapunapuna Baseyard.
- Adding 1.00 temporary position and \$259,000 in FY24 and \$251,250 in FY25 for the Small Business Assistance Initiative (Act 168 2022).
- Adding \$13,500 for the procurement Past Performance Database (Act 188 2021).
- Adding 1.00 permanent position and \$107,311 in FY24 and \$115,581 in FY25 for neighbor island school R&M.
- Adding \$3,718,308 in FY24 for voter system contracts.
- Increasing the ceiling by \$700,000 in trust funds for public funding.
- Increasing the ceiling by \$1,987,142 in special funds to update the Emergency Next Generation 911 Hardware and Software.

Department of the Attorney General

- Adding \$409,546 in FY24 and \$426,484 in FY25 for full-year funding for 11.00 positions.
- Adding \$470,000 to the Litigation Fund.
- Adding \$365,000 in FY24 and \$94,000 in FY25 for the Grants Management System.
- Adding 7.00 Special Agents and reducing 6.50 Investigators, while adding \$396,782 in FY24 and \$364,246 in FY25 for the Special Investigations and Prosecution Division.

Department of Business, Economic Development, and Tourism

- Adding \$2,500,000 in FY24 for programming of professional master classes for culinary.
- Adding \$50,000 in FY24 for the Kamaaina Connect Pilot Program.
- Adding \$5,000,000 in FY24 for the Pacific Arts and Cultural Festival.
- Adding \$500,000 in FY24 for international programs and art programming.
- Adding \$64,000,000 in FY24 for convention center's roof repairs.
- Increasing the ceiling by \$30,000 in special funds for energy software.
- Adding \$94,200 in general funds and increasing the ceiling by \$166,911 in federal funds for labor research.
- Adding \$2,994,167 in FY24 and \$3,382,618 in FY25 for tourism research.
- Adding 3.00 temporary positions and \$360,000 for broadband.
- Adding \$58,704 for the administrative services officer.
- Adding 1.00 permanent position and \$90,000 for the Aerospace Development Coordinator.
- Adding \$50,000,000 for infrastructure improvements for regional economic development.
- Adding \$500,000 for statewide coastal zone management.
- Adding \$25,060 for Land Use Commission travel.
- Adding \$800,000 in FY24 for Waikiki adaptation and resilience plan phase II.
- Adding \$400,000 in FY24 for standardized vulnerability assessment.

- Adding 1.00 temporary position and \$72,901 in FY24 and \$143,152 in FY25 for the Land Use Commission.
- Adding \$2,000,000 in FY24 for east Kapolei infrastructure implementation master plan.
- Adding \$18,500,000 in FY24 for Kakaako Street upgrades.
- Adding \$47,000,000 in FY24 for Kalaeloa electrical upgrades.
- Adding \$12,125,000 in FY24 for Saratoga Avenue electrical upgrades.
- Adding \$86,000,000 in FY24 for Iwilei-Kapalama infrastructure upgrades.
- Adding \$35,000,000 in FY24 for UH West Oahu infrastructure.
- Adding 3.00 temporary positions and \$90,200 in FY24 and \$186,877 in FY25 for the Hawaii Housing Finance and Development Corporation.
- Adding \$336,684 in FY24 and \$515,543 in FY25 for HHFDC salary differentials.
- Adding \$100,000,000 in FY24 and \$180,000,000 in FY25 for a cash infusion into the Rental Housing Revolving Fund.
- Adding \$50,000,000 for a cash infusion into the Dwelling Unit Revolving Fund.
- Adding 1.00 permanent position and \$90,000 for the Agribusiness Development Corporation (Act 219 SLH 2022).
- Adding \$93,800,000 in FY24 for water and irrigation system infrastructure and land acquisition.
- Adding \$10,000,000 in FY24 for planning for the Food and Product Innovation Network.
- Adding \$832,876 in FY25 to adjust for 3-year USDOE State Energy program grant.
- Adding \$1,000,000 for FY25 for the Hawaii Defense Alliance Program.
- Adding \$100,000,000 for the Hawaii Green Infrastructure Authority.

Department of Budget and Finance

- Adding \$310,776 in FY24 and \$331,872 in FY25 for full-year funding for 8.00 positions.
- Adding \$200,000,000 for deferred maintenance statewide.
- Adding \$33,000,000 in both fiscal years for Broadband Federal Matching.
- Adding \$500,000,000 to the Emergency and Budget Reserve Fund in both FY24 and FY25.
- Adding \$32,347,533 in FY24 and \$63,643,240 in FY25 for Retirement Benefits.

Department of Commerce and Consumer Affairs

- Increasing the ceiling by \$75,000 in special funds for the central services assessment.
- Increasing the ceiling by \$300,000 in special funds for the licensing database.
- Increasing the ceiling by \$7,560,000 in special funds and \$2,940,000 in general funds for the historic King Kalakaua Building's roof.
- Increasing the ceiling by \$398,569 in FY24 and \$142,821 in FY25 in special funds for fringe benefits.
- Increasing the ceiling by \$750,000 in special funds for the electric vehicle charging rebate program.
- Increasing the ceiling by \$750,000 in special funds for the hydrogen fueling rebate program.

Department of Defense

- Adding \$1,000,000 for repairs and maintenance.
- Adding \$166,750 in general funds and \$500,250 increasing the ceiling by in federal funds for student meals at the National Guard's Youth Challenge Academy in Hilo and Kapolei.
- Adding \$125,000 in FY24 to replace the ceiling at the Youth Challenge Academy in Hilo.
- Adding 1.00 permanent Military Real Property Program Manager, and increasing the ceiling by \$62,682 in FY24, and \$121,563 in FY25 in federal funds for the National Guard.
- Adding 1.00 permanent Program Analyst, \$48,050 in FY24, and \$92,299 in FY25 in federal funds for the National Guard.
- Adding \$2,522,860 in general funds for grant matching of \$4,500,000 in federal funds in FY24 for the Hawaii Emergency Management Agency (HI-EMA) to deal with hazards.
- Increasing the ceiling by \$500,000 for HI-EMA's Hazard Mitigation Special Fund (Act 249 2022).
- Adding \$145,000 in general funds in FY24 for HI-EMA for a bucket truck to repair sirens on Oahu.
- Adding \$12,000,000 in general funds in FY24 for HI-EMA's new headquarters.

Department of Education

- Adding \$7,000,000 for the Hawaii Keiki: Healthy and Ready to Learn initiative.
- Adding \$10,000,000 in FY24 for Worker's Compensation.
- Adding 20.00 permanent positions and \$1,474,000 for distance learning.
- Adding 13.00 permanent positions and \$643,504 for bilingual school-home assistants.
- Adding \$200,000 in FY24 and \$100,000 in FY25 for cyber security pathways.
- Adding \$2,500,000 in FY24 for Career and Technical Education teacher differentials.
- Adding \$5,000,000 in FY24 for Campbell High School athletic stadium improvements.
- Adding \$3,600,000 in FY24 for workforce development to assist special education students.
- Adding \$12,010,000 in FY24 and \$12,000,000 in FY25 for contracted skilled nursing services.
- Adding 92.00 permanent positions for applied behavior analysis (Act 205 2018).
- Adding \$898,560 for after-school care for students with disabilities.
- Adding 2.00 permanent positions and adding \$1,000,600 in FY24 and FY25 for positions to help administer Youth Suicide Awareness and Prevention protocol in complex areas and Charter Schools.
- Adding \$350,000 for Title IX training (Act 242 2022).
- Adding 1.00 permanent position and \$110,136 for school gardens (Act 258 2022).
- Adding 1.00 permanent position and \$110,136 for summer learning (Act 259 2022).
- Adding \$1,700,000 for a health referral management system.
- Adding 4.00 permanent positions and \$300,768 for the Hawaii Teachers' Standards Board.
- Adding \$4,000,000 in FY24 for nighttime security.
- Adding \$13,000,000 in FY24 for electricity.
- Adding \$207,000 in FY24 and \$179,000 in FY25 for kindergarten entry assessments (Act 46 2020).
- Adding \$170,000,000 in FY24 for teacher housing (SB941).
- Adding \$2,000,000 in FY24 and \$3,218,236 in FY25 to restore salaries for unfunded library positions.
- Adding \$100,000 for digital literacy programs (Act 232 2022).
- Increasing the ceiling by \$11,500,000 in revolving funds for after-school programs.
- Adding 3.00 permanent positions for the School Facilities Authority.

- Adding 5.00 permanent positions and \$396,192 for teacher housing positions.
- Adding 60.00 permanent positions and \$5,130,000 in FY25 for Charter School early learning (Act 257 2022).
- Adding \$30,000 in FY24 to support traditional native speakers of Hawaiian.
- Adding \$1,510,610 in FY25 for Hawaii Keiki Program.
- Adding \$660,000 for the Early Childhood Educator Stipend program (Act 210 2021).
- Adding \$15,000,000 in FY24 and \$10,000,000 in FY25 to supply ABA services to students with significant behavioral and/or social-communication deficits.
- Adding 36.00 permanent positions and \$3,949,425 in FY24 and 126.00 permanent positions and \$7,641,383 in FY25 for early learning classrooms (Act 257 2022).
- Adding \$5,000,000 for FY24 and FY25 to offer mental health services for public school students.
- Adding \$10,000,000 to replace aging equipment and address soil contamination at multiple schools.

Office of the Governor

- Adding 6.00 permanent positions and \$894,528 for the Office of Wellness and Resilience (Act 29 2022).
- Adding 1.00 permanent position and \$130,000 for Chief Negotiator position.

Department of Health

- Adding a total of \$152,476,000 in both fiscal years to Hawaii Health Systems Corporation – Regions for operating subsidy.
- Adding \$22,000,000 in FY24 for Maui Health System’s operating subsidy.
- Adding a total of \$20,189,000 in FY24 and \$23,372,000 in FY25 for Hawaii Health Systems Corporation – Oahu Regional Health Care System's operating subsidy.
- Adding 121.00 permanent FTE positions and \$3,349,728 in FY24 and \$6,699,456 in FY25 for Psychiatric Technicians, Advanced Practice Registered Nurses, and Security Guards at the Hawaii State Hospital.
- Adding \$15,700,000 in FY24 and \$20,400,000 in FY25 for the Medicaid Home and Community-Based Service Waiver for individuals with intellectual and developmental disabilities.
- Funding \$230,508 in FY24, and \$239,412 in FY25 for 3.00 Food Safety Specialists and 1.00 Secretary in the Food and Drug Branch.
- Adding \$47,630,145 in FY24 and \$43,629,646 in FY25 for Emergency Medical Services across the State.
- Adding \$1,600,000 in both fiscal years for emergency medical services on the island of Molokai.
- Adding 2.00 permanent positions and \$73,644 in FY24 and \$153,156 in FY25 for 1.00 Environmental Management Program Manager, and 1.00 Secretary II for the Environmental Planning Office.
- Adding 4.00 permanent positions, \$263,604 in FY24, and \$273,804 in FY25 for 2.00 Public Health Supervisors, 1.00 Public Health Educator, and 1.00 Secretary in the Hawaii District Health Office.
- Adding 4.00 permanent positions, \$249,564 in FY24, and \$259,086 in FY25 for 2.00 Public Health Supervisors, 1.00 Public Health Educator, and 1.00 Office Assistant in the Maui District Health Office.
- Adding 3.00 permanent positions, \$181,008 in FY24, and \$188,052 in FY25 for 1.00 Public Health Supervisor, 1.00 Public Health Educator, and 1.00 Office Assistant in the Kauai District Health Office.
- Adding 4.00 permanent positions, \$114,354 in FY24, and \$237,456 in FY25 for 3.00 Epidemiological Specialists and 1.00 Statistics Clerk in the Hawaii District Health Office.
- Adding 3.00 permanent positions, \$95,190 in FY24, and \$197,208 in FY25 for 3.00 Epidemiological Specialists in the Maui District Health Office.
- Adding 3.00 permanent positions, \$95,190 in FY24, and \$197,208 in FY25 for 3.00 Epidemiological Specialists in the Kauai District Health Office.
- Adding \$10,000,000 in FY24 and \$20,000,000 in FY25 for the Hawaii State Loan Repayment Program for Healthcare Professionals.

Department of Human Resources Development

- Adding \$200,000 in general funds in FY24 and FY25 for soil and water conservation districts.
- Adding \$25,000,000 in general funds in FY24 for Forestry Resource Management and Development for operating costs and renovations.
- Adding \$14,790,000 in general funds in FY24 for the Ecosystem Protection and Restoration resources.
- Adding \$1,500,000 for the Hawaii Invasive Species Council.
- Adding 4.00 permanent positions and \$117,210 in FY24 and \$234,393 in FY25 for Navy's Red Hill Contamination.
- Adding 2.00 permanent positions and \$58,596 in FY24 and \$117,192 in FY25 for water resources and permitting.
- Adding 4.00 permanent positions and \$4,684,997 in FY24 and 29.00 permanent positions and \$4,372,099 in FY25 for the enforcement of environmental conservation and protection.
- Adding \$6,100,000 in general funds in FY24 and FY25 for Maui Axis Deer Program.
- Increasing the ceiling by \$3,849,034 in special funds for repairs and maintenance for the Division of Boating and Ocean Recreation.
- Adding 1.00 permanent position and \$28,856 in FY24 and \$57,712 in FY25 for DOBOR administrative support.
- Adding \$50,000,000 in general funds in FY24 for Parks Administration and Operations for renovations and improvements.
- Adding \$2,000,000 for trail maintenance and restoration.
- Increasing the ceiling by \$10,000,000 in FY24 and \$8,000,000 in FY25 in special funds for State parks repairs and maintenance.
- Adding \$1,000,000 for the carbon smart land management assistance pilot program (SB419).
- Adding 1.00 temporary position and \$83,064 to coordinate merchandising strategies.
- Adding \$400,000 for the Kahoolawe Island Reserve Commission.
- Adding 6.00 temporary positions and \$14,000,000 for the Mauna Kea Stewardship and Oversight Authority (Act 255 2022).

Department of Law Enforcement

- Adding 1.00 Program Specialist and 10.00 Deputy Sheriffs (including 4.00 for Executive Protection), \$1,190,694 in FY24, and \$1,136,610 in FY25.
- Adding 4.00 Deputy Sheriffs, and \$176,748 in FY24, and \$289,584 in FY25.
- Adding \$152,420 for drug monitoring for narcotics enforcement.
- Adding \$312,120 in FY24 and \$270,000 in FY25 for body-worn cameras.
- Adding \$36,000 for the live scan system for identification.
- Adding \$37,500 for ballistic protective vests.
- Adding 8.00 training positions, \$435,001 in FY24, and \$733,435 in FY25.
- Adding \$45,000,000 in FY24 for the IT software project.
- Adding \$2,015,383 in FY24 for full-year funding of 50.00 positions.
- Adding 5.00 Investigators, \$304,722 in FY24, and \$500,678 in FY25 for the Office of Homeland Security.
- Adding 1.00 Cybersecurity, Economic, Education, and Infrastructure Security Coordinator, with \$78,993 in FY24, and \$157,986 in FY25 for the Office of Homeland Security.
- Adding \$5,000,000 in FY24 for a new training center.
- Adding \$5,603,750 in FY24 and \$4,802,857 in FY25 in inter-departmental transfers for the State and Local Cybersecurity Grant Program.

Office of the Lieutenant Governor

- Adding 3.00 permanent positions and \$520,000 for policy areas.
- Adding 2.00 permanent positions and \$187,608 to support the office's statutory responsibilities.
- Adding \$528,505 in FY24 and \$540,505 in FY25 for other current expenses.

Department of Public Safety

- Adding \$1,302,141 for full-year funding to support new housing at the Hawaii Community Correctional Center.
- Adding \$1,103,018 in FY25 for 6-month funding to support new housing at the Maui Community Correctional Center.
- Adding \$4,513,782 in FY25 for full-year funding to support new housing at the Women's Community Correctional Center.
- Trading off \$450,432 to restore 8.00 Substance Abuse Specialists.
- Adding \$450,000 in FY24 and \$500,000 in FY25 to purchase more local agricultural products for food (Act 144 2022).
- Adding \$970,176 for 24-hour health care at facilities on neighbor islands and Oahu.
- Adding 4.00 nurses, \$286,645 in FY24, and \$525,969 in FY25 for the new Infection Prevention and Control Unit.
- Adding 1.00 Dentist Manager and \$144,415 in FY24, and \$276,999 in FY25.
- Adding 8.00 permanent positions, \$381,826 in FY24, and \$669,012 in FY25 for Internal Affairs, and Training and Staff Development Offices.
- Adding \$2,000,000 to expand the community work furlough program from Oahu to statewide.
- Adding \$521,899 in FY24 for utility shortfalls at the Halawa Correctional Facility, Waiawa Correctional Facility, and Oahu Community Correctional Center.
- Adding \$3,000,000 in FY24 and \$2,000,000 in FY25 to relocate the Kauai Community Correctional Center due to climate change.

Department of Taxation

- Adding 2.00 permanent positions and \$160,368 in FY24 and \$166,128 in FY25 to fund newly established positions in the Oahu Field Audit Branch.
- Adding \$8,016,617 in FY24 and over \$3,855,721 million in FY25 to fund the Tax System Modernization Project.
- Adding 5.00 permanent positions and \$544,028 in FY24 and \$567,171 in FY25 to fund newly established positions for the Taxation Board of Review.

Department of Transportation

- Increasing ceiling by \$56,726,547 in FY24 and \$61,722,000 in FY25 in special funds for Airports Special Maintenance Statewide.
- Increasing ceiling by \$21,220,500 million in FY24 and \$22,281,525 in FY25 in special funds to increase CONRAC tram and shuttle service management and operational expenses.
- Increasing ceiling by \$22,800,000 in FY24 & FY25 in special funds for Engineering and Architectural Services

- Increasing ceiling by \$1,190,000 million in FY24 and \$1,638,000 million in FY25 in special funds to increase funding for routine maintenance and repairs.
- Increasing ceiling by \$30,625,000 million in FY24 and \$33,625,000 in FY25 for Harbors Administration.
- Increasing ceiling by \$2,737,000 in special funds for Highway's traffic control on Oahu.
- Increasing ceiling by \$50,000,000 in FY24 and \$40,000,000 in FY25 in special funds for Highways Special Maintenance Program.
- Increasing ceiling by \$1,375,000 in special funds for the Highways Google Safety Analytics Program.

University of Hawaii

- Adding \$17,526,848 in FY24 to restore reductions from COVID.
- Adding \$3,200,000 in FY24 for UH Manoa women's athletics.
- Adding \$85,000 for the Hawaii Institute of Marine Biology.
- Adding 7.00 permanent positions and \$228,500 in FY24 and \$457,000 in FY25 for the Thompson School of Social Work and Public Health.
- Adding 10.00 permanent positions and \$1,900,000 for Space Science and Engineering.
- Increasing the ceiling by \$205,000 in special funds for the Physician Workforce Assessment Special Fund (Act 151 2021).
- Adding \$400,000 in FY24 for UH Hilo athletics.
- Adding 3.00 permanent positions and \$98,500 in FY24 and \$200,250 in FY25 for Maui College's health center.
- Adding \$3,700,000 in FY24 to continue the Promise Program for Community Colleges.
- Adding 31.00 permanent positions and \$693,780 in FY24 and \$1,456,938 in FY25 for Community College Security Officers.
- Adding \$578,240 for non-credit workforce development.
- Adding 2.00 permanent positions and \$84,167 in FY24 and \$174,750 in FY25 for the early college program.

PART IV. CAPITAL IMPROVEMENTS PROGRAM BUDGET

Your Committee on Conference finds an opportunity to invest in the State's infrastructure while remaining fiscally prudent.

Your Committee on Conference has amended this budget to appropriate the following in capital improvement funds:

	Fiscal Year 2023-2024		Fiscal Year 2024-2025	
	All Funds	General Funds	All Funds	General Funds
Total Appropriation	\$2,933,046,000	\$384,265,000	\$1,354,190,000	\$254,877,000

The projects funded are for critical infrastructure throughout the State. The Conference Draft invests a substantial amount in projects improving public school and university facilities, highways and bridges, airports, harbors, state office facilities, critical agricultural infrastructure including irrigation systems, environmental protection, and public safety infrastructure throughout the State.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 300, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 300, H.D. 1, S.D. 1, C.D. 1

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Aiu, Chun, Cochran, Garrett, Kahaloa, Kila, Kitagawa, Kobayashi, Lamosao, Morikawa, Nishimoto, Poepoe, Takenouchi, Alcos and Ward.

Managers on the part of the House.

Ayes, 16. Noes, none. Excused, none.

Senators Dela Cruz, Keith-Agaran, Aquino, DeCoite, Inouye, Kanuha, Kidani, Kim, Lee, Morikawa, Shimabukuro, Wakai and Fevella.

Managers on the part of the Senate.

Ayes, 13. Noes, none. Excused, none.

Conf. Com. Rep. 191 on H.B. No. 33

The purpose of this measure is to authorize the issuance of general obligation bonds and to make the constitutionally-required findings that the bond issuance will not cause the state debt limit to be exceeded.

Your Committee on Conference finds that article VII, section 13, of the Constitution of the State of Hawaii requires the Legislature to include a declaration of findings in every general law authorizing the issuance of general obligation bonds, which shall declare that the issuance of state bonds authorized will not cause the debt limit to be exceeded at the time of issuance. Your Committee on Conference further finds that the proceeds generated from the general obligation bonds authorized to be issued under this measure will be used to finance the fulfillment of important state objectives.

Your Committee on Conference has amended this measure by:

- (1) Inserting the appropriate dollar amounts throughout the measure as provided by the Department of Budget and Finance;
- (2) Updating the dates and measure numbers cited in the measure; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 33, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 33, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Nishimoto and Alcos.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Dela Cruz, Keith-Agaran and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 192 on H.B. No. 28

The purpose of this measure is to provide a vehicle for statutory provisions and appropriations that may be necessary to include in the General Appropriations Act of 2023.

Your Committee on Conference has amended this measure by:

- (1) Appropriating funds to the Department of Taxation to upgrade software and computer systems;
- (2) Requiring the Department of Business, Economic Development, and Tourism to work with the University of Hawaii on workforce development activities that support the development of the Hawaii Pacific Hydrogen Hub;
- (3) Appropriating funds to the Department of Business, Economic Development, and Tourism for the Hawaii Pacific Hydrogen Hub;
- (4) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (5) Changing the effective date to July 1, 2023; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 28, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 28, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Kitagawa and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Dela Cruz, Keith-Agaran and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 193 on H.B. No. 1018

The purpose of this measure is to:

- (1) Reduce the potential for federal maintenance of effort enforcement actions against the State by delaying the encumbrance and expenditure of various large general fund appropriations made in the 2022 legislative regular session until or beyond July 1, 2023, so they are no longer part of the fiscal year 2022-2023 maintenance of effort calculation; and
- (2) Appropriate funds to establish one temporary federal funds advisor position and two temporary senior special assistant positions.

Your Committee on Conference has amended this measure by:

- (1) Removing the appropriation that established one temporary federal funds advisor position and two temporary senior special assistant positions;
- (2) Restoring the amounts for certain appropriations that were made in Acts 115, 236, 248, and 296, Session Laws of Hawaii 2022; and
- (3) Changing the effective date to June 29, 2023.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1018, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1018, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Kitagawa, Nishimoto and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Dela Cruz, Keith-Agaran and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 194 on H.B. No. 1020

The purpose of this measure is to increase the amount of funds that can be carried over on June 30 of each fiscal year in the Unclaimed Property Trust Fund.

Your Committee on Conference has amended this measure by:

- (1) Changing the amount of funds that can be carried over at June 30 of each fiscal year to \$3,000,000;
- (2) Making it take effect on June 29, 2023; and
- (3) Making a technical, nonsubstantive amendment for the purposes of clarity, consistency, and style.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1020, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1020, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Chun, Kitagawa and Ward.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Keith-Agaran, Kanuha and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 195 on H.B. No. 1022

The purpose of this measure is to appropriate funds to various programs to cover anticipated operating shortfalls due to the limited ability of a department to transfer funds between programs of that department.

Your Committee on Conference has amended this measure by making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 1022, H.D. 1, S.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 1022, H.D. 1, S.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Yamashita, Kitagawa and Ward.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, none.

Senators Dela Cruz, Keith-Agaran and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 196 on S.B. No. 975

The purpose of this measure is to:

- (1) Establish the offense of unlawful shipment of tobacco products;
- (2) Include electronic smoking devices and e-liquids under the definition of "tobacco products" for purposes of the Cigarette Tax and Tobacco Tax Law;
- (3) Amend the license and permit fees for wholesalers, dealers, and retailers;
- (4) Beginning January 1, 2024, impose an excise tax on each electronic smoking device or e-liquid sold, used, or possessed by a wholesaler or dealer;
- (5) Repeal the Electronic Smoking Device Retailer Registration Unit under the Department of the Attorney General; and
- (6) Repeal provisions in the Hawaii Revised Statutes governing delivery sales of electronic smoking devices.

Your Committee on Conference finds that tobacco use is the single most preventable cause of disease, disability, and death in the United States. Your Committee on Conference further finds that the use of electronic smoking devices and e-liquids has grown rapidly, particularly in Hawaii, which has led to a youth vaping epidemic. This measure will provide additional layers of protection against the rapid growth of the use of electronic smoking devices, including financial disincentives to purchase these products, for consumers in the State, especially for youth and young adults.

Your Committee on Conference has amended this measure by:

- (1) Clarifying the definition of "electronic smoking device";
- (2) Inserting a tobacco license fee of \$250;
- (3) Inserting a retail tobacco permit fee of \$50;
- (4) Inserting an excise tax of seventy percent of the wholesale price of each electronic smoking device or e—liquid sold, used, or possessed by a wholesaler or dealer on and after January 1, 2024;
- (5) Clarifying that this measure does not affect rights and duties that matured, penalties that were incurred, and proceedings that were begun before its effective date;
- (6) Inserting an effective date of July 1, 2023; and
- (7) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 975, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 975, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Tarnas, Yamashita, La Chica and Garcia.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators San Buenaventura, Keohokalole, Aquino, Rhoads and Shimabukuro.

Managers on the part of the Senate.

Ayes, 5. Noes, none. Excused, none.

Conf. Com. Rep. 197 on S.B. No. 239

The purpose of this measure is to:

- (1) Require the Department of Human Services to establish a Child Care Accreditation Program to assist licensed and registered child care providers obtain accreditation;
- (2) Authorize the use of the Child Care Grant Program Special Fund for Child Care Accreditation Program grants;
- (3) Extend the deadlines by which existing Preschool Open Doors Program service providers are required to commence the accreditation process and obtain accreditation, and includes the Hawaii Association of Independent Schools to the list of accrediting organizations;
- (4) Appropriate funds for the Child Care Accreditation Program, including funds to establish an unspecified number of positions for the program; and
- (5) Appropriate funds into and out of the Child Care Grant Special Fund for Child Care Accreditation Program grants.

Your Committee on Conference finds that the Preschool Open Doors Program is the State's school readiness program that serves low- to moderate-income families whose children will be eligible for kindergarten in the following school year. To ensure that children participating in the program are receiving certain levels of care, existing law requires program service providers who have not obtained accreditation from a national early learning accrediting organization by July 1, 2022, to commence the accreditation process no later than July 1, 2024, and be accredited by July 1, 2029. However, the effects of the coronavirus disease 2019 pandemic have delayed this process for many child care providers. This measure will provide the additional time and funds needed for child care providers to obtain the necessary accreditation.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Requiring each child care provider who receives grant funds from the Department of Human Services to obtain accreditation and continue to provide child care for three years after receiving accreditation;
- (3) Extending the deadline by which existing unaccredited Preschool Open Doors Program must commence the accreditation process to July 1, 2029, and the deadline by which they must obtain accreditation to July 1, 2034;
- (4) Deleting language that would have included the Hawaii Association of Independent Schools to the list of national early learning accrediting organization from which accreditation can be obtained;
- (5) Appropriating \$2,102,100 for fiscal year 2023-2024 for the Child Care Accreditation Program, including the establishment of one full-time equivalent (1.0 FTE) permanent position;
- (6) Deleting language that would have appropriated funds into and out of the Child Care Grant Special Fund for Child Care Accreditation Program grants;
- (7) Amending section 2 to clarify its purpose;
- (8) Inserting an effective date of July 1, 2023; and
- (9) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 239, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 239, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Mizuno, Nakashima, Kitagawa and Garcia.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators San Buenaventura, Kidani and Aquino.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 198 on S.B. No. 833

The purpose of this measure is to:

- (1) Require the Office of the Governor to negotiate the State's fee simple acquisition of the Wahiawa Irrigation System on the island of Oahu;
- (2) Authorize and appropriate funds for the Department of Agriculture, Agribusiness Development Corporation, and Department of Land and Natural Resources to purchase, repair, and maintain the Wahiawa Irrigation System and the associated spillway; and
- (3) Appropriate funds for positions in the Department of Land and Natural Resources.

Your Committee on Conference finds that the Wahiawa Irrigation System is a vital piece of agricultural infrastructure that supplies water to farmers in Wahiawa, Waiialua, and Haleiwa. Your Committee on Conference further finds that the listing for sale of the Wahiawa Irrigation System by Dole Food Company, Inc., warrants the State to take steps to acquire this essential irrigation system in the interest of the public. Therefore, this measure provides the necessary funding for the State to acquire, repair, manage, and maintain the Wahiawa Irrigation System and the associated spillway.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Requiring that all users of water associated with the Wahiawa Irrigation System pay such rates sufficient to operate and maintain the irrigation system as prescribed by the Agribusiness Development Corporation;
- (3) Allowing the State to exercise eminent domain to acquire the Wahiawa dam and the spillway and ditch system associated with the Wahiawa Irrigation System, including all parcels in this measure, if negotiations for the acquisition of the property are unsuccessful;
- (4) Inserting an appropriation in the amount of \$5,000,000 for the Department of Agriculture to acquire a fee simple interest in the spillway associated with the Wahiawa Irrigation System; provided that if negotiations for the acquisition are unsuccessful, the appropriation shall be used for an eminent domain action to acquire the property and for associated costs;
- (5) Inserting an appropriation in the amount of \$21,000,000 for the Department of Agriculture to repair and expand the spillway associated with the Wahiawa Irrigation System and to bring the spillway into compliance with all relevant dam safety requirements, contingent upon the State's acquisition of the property;
- (6) Deleting the unspecified appropriation for the Agribusiness Development Corporation to manage and maintain its acquired portion of the Wahiawa Irrigation System and the spillway and dam acquired by the Department of Agriculture;
- (7) Deleting the unspecified appropriation for the Department of Land and Natural Resources to manage and maintain its acquired portion of the Wahiawa Irrigation System and for the establishment of an unspecified number of full-time equivalent (FTE) positions;
- (8) Inserting language that provides for the repeal of the Act effective July 1, 2026, as a condition subsequent to the State's failure to file or record the transfers of all the properties authorized to be acquired by this measure with the Bureau of Conveyances by June 30, 2026;

- (9) Inserting a lapse provision for moneys unexpended or encumbered on June 30, 2026; provided that the State successfully files and records the transfers of all the properties authorized to be acquired by this measure with the Bureau of Conveyances by June 30, 2026;
- (10) Inserting an effective date of July 1, 2023; and
- (11) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 833, S.D. 2, H.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 833, S.D. 2, H.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Ichiyama, Tarnas, Yamashita and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Inouye, Gabbard, Keith-Agaran and Elefante.

Managers on the part of the Senate.

Ayes, 4. Noes, none. Excused, none.

Conf. Com. Rep. 199 on S.B. No. 318

The purpose of this measure is to:

- (1) Require the Department of Health to establish and administer a three-year pilot program to implement a co-management system of care for the diagnosis and treatment of individuals with fetal alcohol spectrum disorders; and
- (2) Appropriate funds for the pilot program and an annual public awareness campaign on preventing fetal alcohol spectrum disorder.

Your Committee on Conference finds that individuals who are prenatally exposed to alcohol may develop lifelong physical, developmental, behavioral, and intellectual conditions, which are diagnosed as fetal alcohol spectrum disorders (FASDs). While individuals with FASDs share many of the same behavioral characteristics and related mental health diagnoses as those with autism spectrum disorders, individuals with FASDs face unique challenges. This measure establishes a pilot program to determine the feasibility of implementing a co-management system of care to support individuals with FASDs.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Appropriating \$450,000 for fiscal year 2023-2024 for the establishment and administration of a three-year pilot program to implement a co-management system of care for the diagnosis and treatment of individuals with FASDs;
- (3) Appropriating \$35,000 for fiscal year 2023-2024 for the establishment of an annual public awareness campaign on preventing FASDs;
- (4) Inserting an effective date of July 1, 2023; and
- (5) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 318, S.D. 2, H.D. 1, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 318, S.D. 2, H.D. 1, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Belatti, Takenouchi, Mizuno and Garcia.

Managers on the part of the House.

Ayes, 3. Noes, none. Excused, 1 (Mizuno).

Senators San Buenaventura, Moriwaki and Aquino.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 200 on S.B. No. 435

The purpose of this measure is to:

- (1) Order the person or firm found to be in violation of the state law governing wages and hours of employees on public works to be jointly and severally liable for the penalty, with the penalty increasing for repeat violations;
- (2) Require each notice of violation to contain the names of the person and firm;
- (3) Define a "person" for purposes of violations of the state law governing wages and hours of employees on public works, and related penalties and suspension; and
- (4) Require the Director of Labor and Industrial Relations to suspend the person and firm under specified conditions.

Your Committee on Conference finds that this measure is intended to prevent persons and firms that violate chapter 104, Hawaii Revised Statutes (HRS), relating to the prevailing wage and hours of employees for public work projects, from circumventing the three-year suspension from work provision of the chapter by transferring key personnel to a separate company and continuing business under a new name. Your Committee on Conference notes that this measure is not meant to cause unintended consequences to persons who are connected to the firm but are not responsible for the violations of chapter 104, HRS.

Accordingly, your Committee on Conference has amended this measure by:

- (1) Inserting a definition of "firm", which includes a corporation, limited liability company, partnership, and limited partnership;
- (2) Removing subordinate responsible managing employees from the definition of "person"; and
- (3) Making it effective upon its approval.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 435, S.D. 1, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 435, S.D. 1, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Matayoshi, Tarnas, Garrett and Alcos.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Moriwaki, Rhoads and Fevella.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 201 on S.B. No. 1277

The purpose of this measure is to make appropriations and approve payments for claims against the State, its officers, and its employees.

Your Committee on Conference finds that this measure serves as a vehicle by which payments of claims against the State are authorized and funded and that timely passage of this measure will minimize the State's obligation to pay interest that accrues on the claim amounts.

Your Committee on Conference has amended this measure by:

- (1) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes;
- (2) Adding the judgment or settlement of five additional miscellaneous claims against the State;
- (3) Adding two judgments against the Department of Public Safety;
- (4) Inserting program identification numbers for each of the affected departments;
- (5) Making it effective upon its approval; and
- (6) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of S.B. No. 1277, S.D. 2, H.D. 2, as amended herein, and recommends that it pass Final Reading in the form attached hereto as S.B. No. 1277, S.D. 2, H.D. 2, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Nishimoto, Takayama and Souza.

Managers on the part of the House.

Ayes, 4. Noes, none. Excused, none.

Senators Rhoads, Inouye and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.

Conf. Com. Rep. 202 on H.B. No. 382

The purpose of this measure is to appropriate funds for the operating and capital improvement costs of the Judiciary for the fiscal biennium beginning on July 1, 2023, and ending on June 30, 2025.

Your Committee on Conference has amended this measure by:

- (1) Inserting appropriate operating and capital improvement amounts for fiscal biennium 2023-2025; and
- (2) Adding the requisite information for making an appropriation in excess of the general fund expenditure ceiling pursuant to article VII, section 9, of the Hawaii State Constitution and sections 37-91 and 37-93, Hawaii Revised Statutes.

Specifically, this budget measure appropriates operating totals of:

	FY 2023-2024	FY 2024-2025
General Funds	\$185,148,711	\$189,015,776
All Means of Financing	\$197,865,224	\$201,861,529

Additionally, this budget measure appropriates capital improvement totals of:

	FY 2023-2024	FY 2024-2025
General Funds	\$3,000,000	0
All Means of Financing	\$20,995,000	0

As affirmed by the record of votes of the managers of your Committee on Conference that is attached to this report, your Committee on Conference is in accord with the intent and purpose of H.B. No. 382, H.D. 1, S.D. 3, as amended herein, and recommends that it pass Final Reading in the form attached hereto as H.B. No. 382, H.D. 1, S.D. 3, C.D. 1.

Signed by the Chairs on behalf of the Committee.

Representatives Tarnas, Yamashita, Kitagawa, Takayama and Souza.

Managers on the part of the House.

Ayes, 5. Noes, none. Excused, none.

Senators Rhoads, Dela Cruz and Awa.

Managers on the part of the Senate.

Ayes, 3. Noes, none. Excused, none.
