"Mr. Speaker, strong support. This reso introduces the support for Taiwan. Who, by the way, my colleague is now in Taiwan and that's why he's absent and excused for a good reason. Taiwan, like Japan, is a strong ally. And this reso acknowledges that, even though they're not a full member of the United Nations because of the difficulty with now what is China, it says let them have their observing status. Which they have been observing status, this kind of reaffirms that, maybe expands it to a small degree. But, as we know, and I mentioned earlier, Xi Jinping has got his eyes on Taiwan. And if Xi Jinping goes towards Taiwan, I think all of us in the Pacific are going to be greatly stressed, in trouble, if not upset violently. And our economy and everything is going down the tube. So, anything we can do for Taiwan, like a reso like this, keep them into the international community, don't make them second class citizens the way they are now. They're treated very, very poorly. And we've got to keep our eyes on what Xi Jinping is possibly doing with Taiwan. Thank you, Mr. Speaker."

Representative Amato rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Alcos rose to speak in support of the measure, stating:

"In strong support. Putting the landfill out at the Waipi'o Complex, it's actually a level ground area by Pearl Harbor. All that waste is going to be leaking into the ocean. What's happening to Red Hill right now with all that gas going into the ocean, all the pollution going into the ocean. After it goes into Pearl Harbor, it goes through the coastline of 'Ewa district, and then goes to Campbell Industrial district and hits Wai'anae coast and then the water goes out to the Pacific Ocean. It doesn't really flow all the way to the west coast. But all that pollution that is going out, and it's not getting filtered by the land, it's going straight into the ocean from really close at that Pearl Harbor level. And having a dump site right in that area, you might as well just throw that rubbish right into the ocean, into Pearl Harbor. That is really going to be a bad place to put a rubbish dump.

"I understand that we need a rubbish dump someplace else, but to take away the soccer complex that we already have for thousands of people using them on the weekend, and still not enough sports complex that we shortage of in our community, I just feel this location is really in need for these kids and it's a bad area where we're thinking of putting the rubbish. It's a big challenge that we face, but strongly support that we try to look for someplace else. Thank you."

Representative Chun rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Chun's written remarks are as follows:

"Mr. Speaker, I stand in support of HR 77, HD 1, which strongly urges the City and County of Honolulu to reconsider using the Waipi'o Soccer Complex as its next landfill.

"The Waipahu community has shouldered the burden of hosting a landfill site. According to Hawai'i State Department of Health data, from 1943 to 1972, the Waipahu Incinerator Ash Landfill and Dump took in municipal solid waste. Despite stopping the disposal of municipal solid waste in 1972, the site continued to take industrial waste, ash, sewage, and sludge until November of 1991. The Department of Health Landfill Report also lists the 'Ewa Sugar Mill/O'ahu Sugar Company - Waipi'o Peninsula, as having a landfill and dump site there although the exact dates are unknown. Not only has Waipahu shared the burden of having a landfill in its community, but the site of the proposed landfill at the Waipi'o Soccer Complex on the Waipi'o Peninsula has already been used in this manner.

"The Waipi'o Soccer Complex is also a prized gem for Hawai'i's soccer community. Many youth tournaments are held throughout the year at the park, also attracting major teams and events from other states and countries. Even the United States Women's Soccer Team utilized the facility for practice when visiting Hawai'i in 2015 after winning the World Cup earlier that year. The Hawai'i High School Athletic Association also uses the facility for state high school tournaments.

"Mr. Speaker, the Waipi'o Soccer Complex is also located next to the Puhala Marsh Wildlife Sanctuary that shares the same coastline in West Loch. This 70-acre wetland marsh was identified by the United States Fish and Wildlife Service as a 'wetland of critical concern' due to the habitat and wildlife within that area. Having a municipal waste landfill that is so close to a protected wildlife sanctuary raises concerns for the animals and habitat in that area.

"For these reasons, I support HR 77, House Draft 1, and encourage the City and County of Honolulu to look at all options before selecting the Waipi'o Soccer Complex as the next landfill. Thank you, Mr. Speaker."

Representative Lamosao rose to speak in support of the measure, stating:

"Strong support, permission to submit written comments as well. Thank you."

Representative Lamosao's written remarks are as follows:

"The Waipi'o Soccer Complex is a prized gem for Hawai'i's soccer community. Many youth tournaments are held throughout the year at the park, also attracting major teams and events from other states and countries. Even the United States Women's Soccer Team utilized the facility for practice when visiting Hawai'i in 2015 after winning the World Cup. It is a win for our community that we can preserve this space for Hawai'i's athletes to practice and thrive."

Representative La Chica rose to speak in support of the measure, stating:

"Strong support, permission to also insert written comments."

Representative La Chica's written remarks are as follows:

"In strong support of HR 77. As the state representative for Waipi'o, I am deeply concerned about the proposal to turn the Waipi'o Soccer Complex into a landfill. This complex is a lifeline for our community. 30,000 O'ahu soccer players, including many of our *keiki* and their families, rely on these fields for exercise, recreation, and team spirit. We can't simply displace them.

"There are also serious questions about logistics. The Navy controls the land and has plans for it already. Let's be clear: this proposal disrupts not just our community but also critical military projects.

"There must be a better solution for our waste disposal needs. I urge the city council to explore all options and find a way to protect both our environment and the recreational spaces our families depend on."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.R. No. 77, HD 1, entitled: "HOUSE RESOLUTION STRONGLY URGING THE CITY AND COUNTY OF HONOLULU TO RECONSIDER USING THE WAIPIŌ SOCCER COMPLEX AS ITS NEXT LANDFILL SITE," was adopted, Representatives Amato, Gates, and Kila voting no, and with Representatives Cochran, Ganaden, Garcia, Hashem, Holt, and Poepoe being excused.

**MEMORANDUM**

TO: All House Members  
FROM: Speaker Scott K. Saiki /s/ Saiki  
SUBJECT: **Conference Procedures - Announcement of Final Conference Drafts**

Effectively immediately, when a conference committee is set to vote upon a bill in conference committee, the lead House chair is required to clearly summarize the purpose and content of the bill before the vote is taken. This applies even where the agreement only consists of an amended effective date (in other words, it is not sufficient to merely explain, for example, that "the conferees agree to the Senate amendments" or "the conferees have agreed to change the effective date to January 1, 2025"). The summary is not meant to be exhaustive; rather, it must only include a general explanation of the purpose and context of the bill and the amendments that have been agreed upon.

This disclosure requirement applies to House lead chairs and applies to both House and Senate bills. If the Senate lead chair does not summarize the content of an agreed-upon Senate bill prior to the vote, then the House lead chair must do so. This requirement also applies where the House conferees meet without the Senate in order to agree to a draft.

The purpose of this new procedure is to reasonably inform the conference committee conferees and the general public of the content of the measure that is being voted upon. An explanation is particularly helpful where no written proposed conference draft has been made available and conferees are requested to vote upon provisions that are only verbally announced. In those situations, an explanation will also assist staff who are drafting the final version of the conference draft.

Please note that because amendments to the Executive operating budget will be announced on a day-by-day basis, the Finance Chair is not required to restate amendments to the budget bill prior to the conference committee vote. Similarly, this requirement does not apply if written lists of CIP and GIA grantees are made available to the House conferees prior to the vote.

Thank you for your assistance with this matter. Please contact my office if you have any questions.
