"Mr. Speaker, I rise in support for this wildfire AI. I want to start by saying this is Representative Gene Ward, the representative from Hawai'i Kai. This is not an AI. This is not an artificial voice. This is myself. My point is this. This AI ideally should have been before August 8th. And why should we have to have a mother, may I to do this? We should be using AI with only one particular caveat, and that is source it out. Like when you use something or plagiarize something, or if you don't source it out, you're plagiarizing. And I think we have to treat AI the same way we treat academic kernels of knowledge and wisdom. The point is, this is long overdue, and I hope every time that AI is used for policemen to catch a thief, we don't have to pass a bill to do that. My point is, Mr. Speaker, we need to use AI while it's readily available for problems that we have as a society. Just source it out like I did at the beginning of my speech. This is Representative Gene Ward, the real person. Thank you."

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 2232, HD 1 pass Second Reading and be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Ganaden rose to speak in support of the measure, stating:

"Mr. Speaker, many of us have been troubled by recent incidences in our community in which firearms have been used by individuals after a domestic violence incident. The Cachuela case comes to mind. It happened just prior to Christmas. The petitioner, Ms. Cachuela, requested a protective order which was issued to her on a Wednesday. The incident happened on a Friday.

"In 2021, this body changed the law regarding protective orders and mandated that respondents who have a protective order ordered against them have to submit their firearms. What we're finding out is there is some communication issues between the Judiciary and the various county police departments and the newly created state office. So, we're hoping that this bill will help us craft better policy in the future and assist our various state agencies and county agencies in communicating to get firearms from people that don't need them. Thank you. In support."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2232, HD 1, entitled: "A BILL FOR AN ACT RELATING TO WEAPONS," passed Second Reading and was referred to the Committee on Finance, with Representatives Matayoshi, Takayama, and Todd being excused.

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 2611, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2611, HD 2, entitled: "A BILL FOR AN ACT RELATING TO ADMINISTRATIVE FEES," was referred to the Committee on Finance, with Representative Garcia voting no, and with Representatives Matayoshi, Takayama, and Todd being excused.

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 2722, HD 2 be referred to the Committee on Finance, seconded by Representative Morikawa.

Representative Quinlan rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Garcia rose to speak in opposition to the measure, stating:

"In opposition. Thank you, Mr. Speaker. This bill prohibits the assessment of any fees, fines, or court costs against a person who was adjudicated for an offense committed during the person's minority. In other words, if you're under the age of minority. Once again, this is sending a wrong message, a bad message, to Hawai'i's children and families that when you break the law, there is no penalty whatsoever. And I think it's important to note that the Judiciary has a system already in place where if families cannot afford the fees imposed, they can work it out through community service. So, this is a bad bill. No vote."

Representative Chun rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose to speak in opposition to the measure, stating:

"No vote, brief comment, please. Mr. Speaker, this bill tends to negate the notion that historically, academically, has been called cause and effect. Something causes something has an effect. Stimulus response. This turns science on its head in saying, hey, if there's no consequences, why not just continue doing it? Just like if there's only \$900, you can, if you steal under \$900 and we know this is going wild on the mainland, Mr. Speaker, that you're going to get out of jail free.

"So, I think this is a goody two shoes kind of thing. Like, hey, because you're young, we don't want to teach you a lesson, because Pavlov's dog, and all these other stimulus response, cause and effect. All those are old principles. We want to do new things. You can do whatever you want and get away with it. We're not going to charge you or punish you at all.

"Mr. Speaker, we're turning ourselves into anti-intellectuals with bills like this. This is not the way to go. People have to learn by their mistakes. The school of hard knocks, unfortunately, is being thrown out the window with a bill like this. For that it's bad policy, sends the wrong message, as my colleague just stated. Thank you."

Representative Matsumoto rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Alcos rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Perruso rose to speak in support of the measure, stating:

"In strong support. Mr. Speaker, youth who cannot pay for fines and fees face extended probation, additional court visits, loss of or an inability to obtain a driver's license, and even incarceration. The debt keeps them trapped in the system and can have lifelong negative consequences. Fines and fees increase recidivism, the data shows, undermine the rehabilitative aims of the juvenile justice system, and threaten community safety and stability. For those reasons, I'm in strong support."

Representative Kila rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Holt rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Kapela rose to speak in support of the measure, stating:

"In strong support. Can I just adopt the words of the chair of Higher Education & Technology and to the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Pierick rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Gates rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Lamosao rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Kong rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Aiu rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative La Chica rose and asked that the Clerk record an aye vote with reservations for her, and the Chair "so ordered."

Representative Amato rose to speak in support of the measure, stating:

"In strong support and I'd like to request to adopt the words of the representative from Wahiawa into the Journal as if they were my own," and the Chair "so ordered." (By reference only.)

Representative Tam rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ganaden rose to speak in support of the measure, stating:

"In support, Mr. Speaker. In 2012, the state embarked on a bunch of ambitious measures to change the way we deal with juveniles in the criminal justice system. There have been many successes in that long road. Just last year, we celebrated for the first time in the history of the State of Hawai'i, no young women who were incarcerated.

"There have been many changes to juvenile justice done by the Judiciary, Department of Human Services, schools, parents. We've all learned to communicate. One of the big lessons that we've learned is that fines don't do anything but traumatize kids and don't prepare them to be better adults. We've learned to work with kids and develop their skills and prepare them to be functioning members of society. The Judiciary testified that they have essentially stopped fining children. It does no good. So, to provide some uniformity throughout the state, I stand in strong support. Thank you."

Representative Garcia rose to respond, stating:

"Still in opposition, strong opposition. I don't know what data was referred to in science and studies and all this stuff that shows certain things. But being someone who was raised in an environment where lots of my friends and family were involved in the court systems, I think fines are very important. It teaches people a lesson, when you break the law, there's a penalty to pay. And if you can't pay it, work it out. But this whole notion of soft on crime, not enforcing the law, is ridiculous. And you look around all these other cities across the country who have adopted these liberal policies, their crime is just soaring through the roof. And we don't want that happening here in Hawai'i. A no vote."

Representative Tarnas rose to speak in support of the measure, stating:

"In support. Just to make it clear that while this measure says that minors shall not be levied any fines, there's still consequences for the offense. They still can be ordered to do community service as long as it doesn't interfere with their school or work. They still can be compelled to participate in accountability programs that are offered by the Judiciary. They still have to clean up the graffiti, if that was their offense, and their guardians or parents need to work with them. They still can be compelled to go to alcohol or drug abuse counseling services and programs.

"So, there is accountability here. It's just that we're not going to be using fines as a way to do it. We're going to try to help rehabilitate these youngsters so that they can become productive members of our community. So, I urge all members to support this. Thank you, Mr. Speaker."

Representative Ward rose to respond, stating:

"Mr. Speaker, second time, no vote and another brief comment. Mr. Speaker, if we have longitudinal studies that say when we don't give them a penalty or something that says this is wrong that you're doing, I would agree with my two colleagues who just said, hey, this doesn't work. Penalizing people, punishing them, having them do the time if they do the crime, it doesn't work. Give me a longitudinal study and I'll show it. This is quick instant science that we're having quotations.

"Just like we said, hey, we shouldn't put people in prison. And behind that motive was, hey, we don't want to pay \$258 a day for people, we want to save money, so we let these guys out on the street.

"The point is, the lessons that's going on in the mainland that have done these things, hey, the thing is backfiring. Even Portland is saying this fentanyl-free stuff, it's a bunch of crap. This thing about any drugs can go, mushrooms, *et cetera*, a bunch of crap we're going to pull down and pull, but we're going to defund the free druggie stuff. This is Portland I'm quoting, not Honolulu. If you disagree, it's not a point of order."

Representative Perruso rose to a point of order, stating:

"Point of order. This is not relevant. I am not necessarily disagreeing, but I am saying that the content of his oration is not relevant."

The Chair addressed Representative Ward, stating:

"Thank you. Could you please stick to the measure, Representative Ward."

Representative Ward: "Come on Mr. Speaker, letting that be as an interruption is an insult to the democratic process. I have the floor. If someone disagrees, they can stand up and argue, not sort of get a point of order."

Vice Speaker Ilagan: "Representative Ward, let's talk about the measure. Thank you."

Representative Ward continued, stating:

"The bottom line is this, we need to have longitudinal studies to prove what otherwise this bill is trying to do that's saying there's no cause and effect, you don't catch kids when they're young to straighten them out. And in fact, the data says they have even a profile of people who don't have a father in the family, they have done no schooling, you can almost predict people who are going to go to prison. And this thing even adds to the opposite effect of that. That, hey, just leave them alone. Which, to me, Mr. Speaker, we're turning science on its head.

"But if what has been said on this floor is true, show me the longitudinal studies when we let these guys go scot-free, that they come and they become nice, very productive adult citizens. That is la la land. And as I cited early, before I was interrupted, Portland and these other liberal cities have said anything goes, they're pulling back now, saying let's get back to reality. You can't have drug free places. The businesses are leaving. People in the neighborhoods are saying, hey guys, we don't want to walk over feces and drug laden homeless people in our community. And thank God we don't have it in Hawai'i, but if we keep on this liberal path that anything goes, Mr. Speaker, let us not be surprised that this body initiated, ushered, and otherwise was a co-conspirator in that process."

Representative Souza rose to speak in support of the measure, stating:

"In support, Mr. Speaker. And just a point of clarification, it's my understanding that Republican-run red states are leading the charge in reducing or eliminating youth fines. Thank you."

Representative Ganaden rose to respond, stating:

"Mr. Speaker, second time, in response to the words from the representative from District 18. In support. The State of Hawai'i actually has these really wonderful longitudinal studies. Longitudinal is kind of the buzzword that I really enjoyed for a few years when I was working with youth every day. It's where you track data over a long period of time, usually human resources data.

"There's a famous study, started in 1955, called the Kauai Longitudinal Youth Study, if the representative would like to look it up, that discusses the impact of, basically, poverty on growing up here in the islands. It's cited by many nonprofits throughout the state for the reasons for supporting afterschool programs, sports programs, those kinds of things. We have an evolving conversation across the world really about adverse childhood effects. We use the acronym ACES, so we now have, like, a way to score the ways that individuals have trauma growing up and the ways to reduce those traumas.

"I'd like to commend the many members here that are in young people's lives. One of the big findings from the Kauai Youth Longitudinal Study, started in 1955, was that one of the biggest ways to keep a child out of poverty and out of crime is to just be a person in their lives. You only need one, you only need one consistent adult in your life to turn your life around. And one of the other things they found is fines and continuous interactions with the court, they do nothing but add to trauma. Thank you."
