## ORDER OF THE DAY

## REPORTS OF STANDING COMMITTEES

Representative Yamashita, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 739-24) recommending that H.B. No. 1801 pass Second Reading and be placed on the calendar for Third Reading.

On motion by Representative Nakamura, seconded by Representative Morikawa and carried, the report of the Committee was adopted and H.B. No. 1801, entitled: "A BILL FOR AN ACT RELATING TO STATE BONDS," passed Second Reading and was placed on the calendar for Third Reading, with Representatives Cochran, Ichiyama, Matayoshi, Quinlan, and Woodson being excused.

Representative Yamashita, for the Committee on Finance, presented a report (Stand. Com. Rep. No. 740-24) recommending that H.B. No. 1660, as amended in HD 1, pass Second Reading and be placed on the calendar for Third Reading.

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 1660, HD 1 pass Second Reading and be placed on the calendar for Third Reading, seconded by Representative Morikawa.

Representative Garcia rose to speak in opposition to the measure, stating:

"In opposition. Thank you, Mr. Speaker. HB 1660, I think I mentioned before the statistic that there are more Native Hawaiians who are living on the U.S. continent than here in Hawai'i, but specifically because of stuff like this, increasing taxes, our economy right now, the cost of living right now. And here we are increasing taxes. It's just, it's very unfortunate. And I don't know how we can continue voting yes on tax increases in 2024. No vote."

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. This bill, as the former representative mentioned, will increase taxes, specifically capital gains taxes for our residents. That's not a good thing. This would de-incentivize investors. And a lot of our elders rely on capital gains for their income. So, I'm voting no."

Representative Kong rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Alcos rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Matsumoto rose in support of the measure with reservations and asked that her written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Matsumoto's written remarks are as follows:

"As Hawai'i's economy struggles to experience meaningful growth, the Legislature continues to create economically unfriendly pieces of legislation that have significant consequences for our state. Raising capital gains tax discourages investment into our state's economy, thus slowing economic growth and activity as a whole. Also, it should be noted that this increase will also impact our *kūpuna*, who often rely on converting their assets to spendable income during retirement.

"Raising the tax on capital gains adds to the ever-growing tax burden that weighs down on entrepreneurship and investment in our state's already stagnant economy. The Legislature must keep in mind the economic implications behind measures such as this one that threaten economic growth, investment, and the movement of capital within our state. For these reasons, I vote with reservations on this measure."

Representative Ward rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Kapela rose to speak in support of the measure, stating:

"Mr. Speaker, in support, strong support, please. Fiscal austerity harms working families. This year we've heard many concerns about our state budget. The Maui wildfires have taken a toll on our fiscal surplus. The Department of Budget and Finance has even proposed across the board budget cuts of 10% to 15% for every state agency, which would be a devastating blow for public services.

"We cannot cut our way back to prosperity. Hawai'i saddles low-income neighbors with a heavy state and local tax burden. On average, the lowest income 20% of taxpayers face a state and local tax rate that's nearly 60% higher than the top 1% of households. Hawai'i is also one of only nine states that taxes all capital gains. These are profits from the sales of stocks, bonds, investment properties, art, and antiques, at a lower rate than ordinary income. This tax loophole almost entirely benefits high income taxpayers, including nonresidents who profit from investing in local real estate.

"Some taxes, not all, should be raised. If Hawai'i were to tax capital gains at the same rate as ordinary income, we would bring in between \$130 million to \$180 million per year, this is according to our State Department of Taxation, 97% of which would be paid by the top 5% of income earners in

our state. The bottom 80%, that's most working families, that's almost every single person on this floor, would pay nothing at all. For those who earn more than \$400,000 per year, long-term capital gains constitute about one third of the total taxable income for residents and nearly half for nonresidents.

"As Hawai'i Children's Action Network pointed out in their testimony, long-term capital gains constitutes 4.5% of total taxable income in the state. That's nearly \$7 billion. We need this revenue to fund our future. So rather than cutting essential services and positions, let's close the tax loopholes that benefit the most economically privileged at the expense of everyone else. Thank you."

Representative Holt rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Ward rose to respond, stating:

"Mr. Speaker, in opposition with a brief comment, given the former comment of the good representative from the Big Island. Part of our problem, Mr. Speaker, is that we don't grow the pie. We have a pie that's so small that a lot of people can't afford a roof over their head, or food on the table. I'm talking about the ALICE families. But the other difficulty is we keep slicing the pie thinner and thinner, and we got to give from this group to that group. We're already the highest taxed in the nation, Mr. Speaker.

"Until this body commits itself to diversifying the economy and getting high paying jobs, all of the comments that we've just heard from the Big Island are going to be continually of class warfare type of comment, and it's not good for the health of it. Because our responsibility is to provide for all the people, not taking away from one to give to the other. We've got to be fair, of course, but we've got to get an economy that works for all of the people of Hawai'i. It doesn't do that. And, Mr. Speaker, I think we're derelict in our duty."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. Representative Ward rose to speak in opposition to the measure, stating:

"Mr. Speaker, I rise in opposition, strong opposition, to 753. This is the stadium bill that shifts the Hālawala Valley to Mānoa. Mr. Speaker, we know that all bills should be logical, should be factual, should be scientific, should be based upon good reasoning, not for short, but also long range. This is a very short range, myopic bill. And not only am I opposed to it, so is DBEDT, so is DAGS, so is the Stadium Authority. And the unkindest cut of all, if you will, the most important cut is that UH doesn't want it.

"This bill is pushing the Stadium Authority, instead of being where it is now, back to Mānoa. Mr. Speaker, that, because of the contractual obligations, is going to cost us an arm and a leg and waste of millions of dollars in state funding for actions that have already been taken to date. UH admits that it doesn't know how to build stadiums. In fact, they say, the only thing we need is a place to play football. And they don't make any money because their stadium is going to be smaller and if we look at how the stadium at Hālawala made money, it was because of concerts. We don't have a super juggernaut of a football team that's going to attract a lot of people to be able to make money. But we've got concerts and we bring people in.

"The challenge is, do we want to do what seems very illogical and against the will of the university itself? Or do what is the right thing, to continue with what we're doing instead of switching horses in the middle of the stream.

"The bottom line, Mr. Speaker, why are we forcing this down UH's throat. I'd love to hear the sponsor's reason why this is financially viable as well as strategically objective. Thank you, Mr. Speaker."

Representative Kapela rose and asked that the Clerk record a no vote for her, and the Chair "so ordered."

Representative Perruso rose to speak in opposition to the measure, stating:

"Same request, and with a brief comment. So, I think that in light of our current fiscal situation, it's exactly this kind of project that I think we should consider imposing a moratorium on. Not just the transfer to UH, but also the stadium project writ large. And I think that we should go through all of our projects and identify those projects that can be paused while we deal with the fiscal situation from the Maui wildfires. And for that reason, I am voting no."

Representative Garcia rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. I want to commend the chair of Education and the committee for amending the bill. And this is a similar bill to one that came across this floor about two years ago, House Bill 2125, which was a blatant attack against parents. And it was regarding harassment of educational workers. And the word was used in there, annoy. If someone feels annoyed, that would be considered harassment. I want to thank the chair for removing the word annoyed and taking the amendments proposed by the AG."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1651, HD 2, entitled: "A BILL FOR AN ACT RELATING TO THE SAFETY OF EDUCATIONAL WORKERS," passed Third Reading by a vote of 48 ayes, with Representatives Cochran, Quinlan, and Woodson being excused.

Representative Nakamura moved that the report of the Committee be adopted, and that H.B. No. 1775, HD 1 pass Third Reading, seconded by Representative Morikawa.

Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. This bill would basically use the taxpayer money of people from around the State of Hawai'i to pay for the breakfasts and the lunches of all students in the Department of Education. Currently, those with financial needs get breakfast or lunch. This bill would give it to everybody. Currently in the State of Hawai'i we're ranked number 17 with regards to a state budget line iteming funds for the Department of Education. I believe that comes out to be about \$18,000 per student. So, I think there's a lot of funds already for this. I don't think we should be giving more funds to this. Thank you."

Representative Todd rose to speak in support of the measure, stating:

"Thank you. In support. I just wanted to note that currently, a very large percentage of students already receive free and reduced lunch. My daughter benefits from this even though we would not personally qualify, because a certain percentage of students at our school do qualify. She therefore does qualify. So, in a way it is an anti-class warfare bill. Thank you."

Representative Kapela rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. Can I adopt the words of the representative from Hilo. I would also just like to say that students can't learn if they're hungry, and this bill fixes that," and the Chair "so ordered." (By reference only.)

Representative Kahaloa rose in support of the measure and asked that the remarks of Representative Todd be entered into the Journal as her own, and the Chair "so ordered." (By reference only.)

Representative Tam rose to speak in support of the measure, stating:

"Thank you. In strong support, same request," and the Chair "so ordered." (By reference only.)

Representative Souza rose to speak in support of the measure, stating:

"In strong support, same request. Thank you," and the Chair "so ordered." (By reference only.)

Representative Garcia rose to speak in opposition to the measure, stating:

"In opposition. As someone who was raised, as I said before, in this category that qualifies for free breakfasts and school lunch, I'm opposing this bill because parents need to learn how to parent. And I'm not saying this in a sarcastic way. It's the truth. For children who are in families that don't meet a certain income limit or criteria, they already qualify for free school lunch. So, kids who are hungry, who can't afford it, like me growing up, we

qualified for free school lunch. And we already have those programs for families who need it. So, this is just free food for everyone. Not a good idea. No vote."

Representative La Chica rose to speak in support of the measure, stating:

"Mr. Speaker, in strong support. This measure aims to protect all those who can't necessarily fulfill their student account. So, too often, and especially during committee, we heard from several dozen students who shared with us that this is their only meal of the day. They often get turned away at the lunch line for simply not having money in their school lunch account. So, no child should have to be hungry. And for many of them, whether it's a lapse or their parents forget, or because some of these kids actually even have to take on jobs, this will help fulfill their nutritional requirement and help them because, as they mentioned, it is their only meal of the day. So, for these reasons, I'm in strong support."

Representative Gates rose to speak in support of the measure, stating:

"In strong support. May I adopt the words of the Transportation chair as if they were my own. And just a brief comment. With our high cost of living, our residents deserve any break they can get. *Mahalo*," and the Chair "so ordered." (By reference only.)

Representative Amato rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I would like to please adopt the words of the Transportation chair as if they were my own. Also, I would like to say this bill is really a unifier and removes the stigma that many students face when they get to the lunch line and they're told that they cannot have lunch, yet they have to sit in the cafeteria with all the other students who are. Thank you."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. I'm between with reservations and support. And because of this, because I think this has been a driver the DOE themselves has been responsible for this, regardless of the economic arguments that we've heard on the floor. We heard in our testimony in the Finance Committee that if you are a student who doesn't qualify or your account has gone down, you are personally, publicly, and openly yanked out of the line. And I said to the DOE, don't you have any prescreening before you get to the cashier that you can save face a little bit for these people? So, I see entirely the motivation for this. Why are they doing that? Because they don't have a system, which to me is leadership and management rather than the economics of which we pleaded various poverty concessions.

"So, I say part of this bill is DOE's doing. And because they're not doing their job in terms of managing and leading, they should never have students belittled in front of a cashier because they can't afford it. When kids want to wear Fila shirts and Chanel and all other kinds of name recognition stuff, being turned down at a lunch line is totally unacceptable. I would think DOE should be a little bit more sensitive to their needs. Thank you, Mr. Speaker."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 1775, HD 1, entitled: "A BILL FOR AN ACT RELATING TO EDUCATION," passed Third Reading by a vote of 46 ayes to 2 noes, with Representative Ward voting aye with reservations, with Representatives Garcia and Pierick voting no, and with Representatives Cochran, Quinlan, and Woodson being excused.

Representative Kila rose to speak in support of the measure, stating:

"Mr. Speaker, strong support. This bill has the intention to possibly address and ratify our school bus driver shortage epidemic right now. As a school bus driver, you're assigned one school bus route and you're expected to complete that in a period of 2.5 hours. As we look through across the state when we're talking about traffic issues, the idea to stagger our school schedules may have a larger impact, not just on school bus drivers, but our communities as well. If we can move to a staggered school bus schedule, it would also address the needs that older students need a little bit more rest to be qualified to receive the education that they're getting. But ultimately, if we can keep our school bus drivers on the road for just an hour or two more, their jobs now become competitive and we may be able to address the school bus shortage. So, for those reasons, I stand in support."

So, people all across the State of Hawai'i, they work hard, maybe with non-college jobs. Their tax earned money would go toward students going to college. We can increase economic mobility without university education. There's lots of people who do really well without a college degree. I don't think non-college degree people should be taxed for someone else's college."

Representative Ward rose to speak in support of the measure with reservations, stating:

"Mr. Speaker, I rise with a few comments with reservations. I don't know how to express the pain that a lot of people in Maui are going through, and

the representatives and the senators from those areas know better than I. But I do know that the notion of governance is important about who's in charge, what is supposed to be done, roles and responsibilities assigned accordingly. This is probably good in the sense that it allows another voice in another group of people. But, Mr. Speaker, I'm confused by the layers of governance of which we are going to rebuild Maui. It's almost like the Abbott and Costello, who's on first? We've got to get leadership, and, I'm going to give an example, when 911 came, the mayor of New York said, you're going to do this, you're going to do that, and we coordinated it in a very cohesive way, and it was very effective.

"My fear is that we've got overlapping layers of governance of which some people are on all of them, some people are not on all of them, some people are on some of them, some people are not on some of them. Mr. Speaker, we've got to get clarity because the people of Maui, and again I'm not the best source of it, but from what I've heard, we are slow in responding and getting the people of Maui back onto their feet, restored economically, housing wise and otherwise. So, if we keep putting layers of democracy in the way rather than getting on with getting the job done, we're going through the motions, but we're not getting anywhere.

"For those reasons, Mr. Speaker, I hope this adds something to the mix of governance. But let's get on with it, with leadership, and with precision on what should be done to make the people of Maui whole, the way we did in 1992 when Iniki hit Kaua'i, they knew what they wanted, we gave them the money, and they did it and they survived. I think it's a great model, but with this layers of governance, I'm not sure that we're heading in that same direction. Thank you."

No. 2696, HD 1, entitled: "A BILL FOR AN ACT RELATING TO LAHAINA WILDFIRE RECOVERY," passed Third Reading by a vote of 48 ayes, with Representative Ward voting aye with reservations, and with Representatives Cochran, Quinlan, and Woodson being excused.

These are one of the measures that came out of the working group. So, as we look forward to replanting and restoring the areas that were scarred, it is important that we reforest them and replant them with native plants to allow the soil to stabilize, but to also reassure that Hawai'i plants have a place here in our state. *Mahalo.*"

Representative Kahaloa rose to speak in opposition to the measure, stating:

"Mr. Speaker, no vote, please, with a brief comment. I support the intention of this bill, to support small boat harbors and starting a pilot program to create a public private partnership. The challenge with the bill is that the state boat harbor is not identified. So, it's confusing and it causes a lot of concern for small boat harbors across the state, because they don't know if they're subject to this legislation if it were to pass. So, for that reason, I'm in opposition."

Representative Morikawa rose to speak in support of the measure with reservations, stating:

"Thank you, Mr. Speaker. Strong reservations and comments. Public private partnerships of our small boat harbors is not a good idea. Granted, the Department of Land and Natural Resources Division of Boating and Ocean Recreation was given the running of these small boat harbors from the Department of Transportation many years ago with very little personnel and resources, it should not be the reason we need to suddenly try to go in this direction. What happens with the current government personnel? How much will the harbor users need to pay to use the harbor? The bottom line is the bottom line, profits.

"Government was meant to provide a service for the health and safety of the public. Small boat harbors allow users to access the ocean, which Hawai'i is surrounded by, for food sustenance, recreation, and business. All of this helps to boost the economy of our communities. We cannot lose our free access to small boat harbors. DOBOR has a history of being mismanaged, but if they were provided the necessary guidance and resources, we would not be having this discussion today. These sudden legislative initiatives has led to many stresses from businesses who have spent so many years to build their business.

"There is a better way to help small boat harbors survive, and that would be with everyone coming together to develop a plan that will assure that ocean use does not impact the environment, and the public does not lose access to this important facility. Thank you, Mr. Speaker."

"In opposition, brief comment. I share the concerns of the State Fire Council and the Maui Fire Department, which stated in testimony that this bill may cause hikers to hesitate or not request assistance from first responder agencies. "Mr. Speaker, strong reservations. There was a lot of opposition to this bill throughout the hearings, but thank you to the chair of Water & Land, amendments were made that were well received. However, in Finance, you could sense that there was still a lot of mistrust from harbor users about how the Division of Boating and Ocean Recreation has been running the small boat harbors. The intent of this bill is good, but there still needs to be more input from all stakeholders, where most everyone is confident that this is what we need to do. And I think that would promote the confidence and trust we need from the public. What we have done on Kaua'i at the Kikiaola Small Boat Harbor is working. Through community involvement with residents, fishermen, tour boat operators, we have been able to work the partnerships necessary to help this harbor to become more sustainable. Thank you, Mr. Speaker."

Representative Alcos rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Todd rose to speak in support of the measure, stating:

"In strong support. This is an issue that's been growing, particularly in rural areas. And right now, there is very little recourse whatsoever, even with increased penalties, on the Big Island side at the county level. It puts prosecutors in a very weird situation. I can only speak to the Big Island on this, where you have something really, truly horrific, including a death happening, and their recourse is to charge something like a petty misdemeanor, which almost seems like an insult. So, I'm for providing the prosecuting attorney's offices with more flexibility, which this would do. So, in strong support."

Representative Ward rose to speak in support of the measure, stating:

"Mr. Speaker, may I have the remarks from the gentleman from Hilo as my own and I add a brief comment in support. I think he was rather strongly in support, and I'm strongly in support. If you were in the Finance Committee and you heard the women who said their father got killed by a dog and he was outside the purview of the police and any law, it was sad to think that, as advanced as we are in terms of statutes and regulations, that we have nothing when a dog basically becomes a murderer.

"Mr. Speaker, this is a serious area which we've either been blindsided to, or we've never paid attention to, or we've never heard enough of these anecdotes in this building to act upon it. So, this bill is very serious and very necessary. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. Representative Kong rose and asked that the Clerk record an aye vote with reservations for him, and the Chair "so ordered."

Representative Pierick rose to speak in support of the measure, stating:

"In opposition. Thank you. This bill would basically use taxpayer money to buy guns. In different countries, governments make efforts to procure the citizens guns, and those efforts usually end up in an infringement of freedoms and a decreasing of freedoms. If the government says something and the people rise up against it, if they don't have firearms, there's usually less bravery in the people to speak up when they don't have firearms. This bill doesn't require people to sell their guns to the government, but it does require tax dollars to be used to purchase those guns. Thank you."

Representative Tam rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support. Mr. Speaker, back in November 2023, there was a successful gun buyback program where we collected, on O'ahu, nearly 500 firearms. This allows individuals who no longer want to own guns to safely trade it in anonymously. This provides individuals who currently have guns free gun locks and supports safe storage. The reason why I'm supporting this is because I really support the idea of safely selling their guns to the government rather than selling it on the black market where it can end up back on our streets."

Representative Ganaden rose to speak in support of the measure, stating:

"Mr. Speaker, in support. As the previous representative noted, there was over 500 guns submitted when this program was enacted here on O'ahu. Many of those guns, several dozen, were illegal. Several were threaded for silencers, there were several sawed off shotguns, the officers believe that a few of them might have been connected to homicides. All of those firearms by law are destroyed. So, if anybody is listening in the

public and they're wondering what happens to these guns, they are destroyed.

"What we also heard from law enforcement was that many of these guns are the result of somebody who passed away and they've just been collecting dust in a closet somewhere, and they pose a danger to young people and to other family members, they don't know what to do with them. So, people turn them in with heavy hearts, for pennies on the dollar, really. And it's another opportunity to promote public safety in our community. For that reason, I support law enforcement on all islands in their ability to make our communities safer. Thank you."

Representative Garcia rose to speak in opposition to the measure, stating:

"In opposition. I just want to say that our freedoms are worth a lot more than Foodland gift cards. Thank you."

Representative Souza rose to speak in opposition to the measure, stating:

"Thank you, Mr. Speaker. In opposition. I can understand the value of the sentiment of this measure and the detrimental effects that litigation could have on domestic violence victims. But this measure presents a slippery slope, because I have engaged with litigants on the other side of this coin who may be penalized by this measure when trying to bring legitimate causes of action before the court.

"We need to preserve access to the courts, and I am worried about the unintended consequences of this bill. This bill makes sure that litigants and family law matters do not weaponize the courts. But in some cases, what this bill seeks to do could suppress legitimate litigation, even if this measure seemingly provides a rational framework to deter abusive litigants. Measures passed in other states like Washington and Texas are still in its infancy in regards to abusive litigation, and we haven't seen the full effects of its implementation. Thank you."

The motion was put to vote by the Chair and carried, and the report of the Committee was adopted and H.B. No. 2657, HD 1, entitled: "A BILL FOR AN ACT RELATING TO ABUSIVE LITIGATION," passed Third Reading by a vote of 47 ayes to 1 no, with Representative Souza voting no, and with Representatives Cochran, Quinlan, and Woodson being excused.

"In opposition. This would change the timeline for affordable housing projects to be looked at from a 45-day window to 60-day window. This is basically adding red tape or adding an elongation process into the government. We need a swift government that serves the people, not a slow government. So, I'm voting no."
