Representative Pierick rose to speak in opposition to the measure, stating:

"In opposition. This bill would establish a working group to forgive medical debt. That's a noble cause, I agree with the intent. However, the

medical community and the drug administrations, they sometimes charge exorbitant prices for their procedures. And so, to expect this private sector medical group to overcharge the people of Hawaii, and then we're expecting the taxpayers to pay for those bills, I disagree with that. So, I'm voting no."

"In opposition. This bill would allow for 14-year-olds to get certain kind of screenings and preventative care, including family planning, which could be like abortion services. I'm not in favor of 14-year-olds making these kinds of decisions without parental consent, and I believe this bill provides that. So, I'm voting no."

Representative Perruso rose to speak in support of the measure, stating:

"In support. The language of this measure actually just extends existing provisions of care for minors to identification of sexually transmitted diseases, which coming from a community that has the dubious distinction of having the highest rate of STDs in the state, I think is really important. And it also provides really important clarification and definitional work that medical providers around the state are already working on. So, this helps them with that codification. So, for those reasons, I support."

Representative Kong rose and asked that the Clerk record a no vote for him, and the Chair "so ordered."

Representative Garcia rose to speak in opposition to the measure, stating:

"In opposition. Just want to say, we are continuing this trend from this building, attacking parental rights. And I think children, of course, they should seek immediate healthcare services if they are in these situations. But why wouldn't we want parents to know? Why wouldn't we want their parents to know? I'm pretty sure their parents would want to know if their child, ages 14 through 17, is seeking any type of medical care. So, this is just continuing the trend of attacking parents' rights. No vote."
