Representative Ward rose to speak in opposition to both measures, stating:

"Mr. Speaker, same request and a brief comment. Mr. Speaker, as I noted last week, we tend to be bumping up against federal issues. And I know certain parties in this room have been accused of wanting to kill Social Security, cut Social Security, take Social Security around. This kind of raises its head, kind of like a red herring of sorts. For those reasons, I think, why don't we just stay out of national politics and stick to our knitting here that we have in the State of Hawaii. We've got enough problems as it is.

"But this is another thing for divisiveness and what otherwise, people should know that old people are the ones who vote, are the ones who keep people in office. And no way is Social Security ever going to be cut. No way is Social Security ever going to be killed. No way is Social Security ever going to be modified to where it's not benefitting the people who are 62, 65, and above.

"For those reasons, Mr. Speaker, this is a little bit of a tangential leaning into the political season. And for those reasons, I don't think it's a tasteful resolution. Even though Social Security is meant to do good things, I think

in the context of where we are in November 2024, it's one of those electrifying pieces of legislation. For those reasons, I vote no. Thank you."

The motion was put to vote by the Chair and carried, and the reports of the Committee were adopted and H.R. "In opposition. This bill, in some way would support gambling in the State of Hawaii. I have a relative who has become addicted to gambling, lost his marriage this way. This is not a good idea for our community. It hurts people when they start basically letting their bank account savings go towards some sort of hope where they can make it big, but they don't make it big because the gambling structures are set up to where the people arbiting the gambling structure, they're winning, not the actual gamblers."

Representative Perruso rose to speak in opposition to both measures, stating:

"With different reasoning, but no vote."

Representative Kapela rose and asked that the Clerk record a no vote for her on both measures, and the Chair "so ordered."

Representative Ward rose to speak in opposition to both measures, stating:

"Mr. Speaker, no vote and a different reasoning in addition to what has been said. I just learned this morning that gambling is proliferated throughout the nation. It's sexy. It's kind of like legalizing marijuana, hey, we're going to make a windfall. But what, in that report that I heard this morning they said, now, not only are they betting on teams, but they're betting on players. I can bet on you as a basketball player, how many points you're going to make and how many points you're not going to make. If you got big money on that, are you going to throw the game and miss your layups and miss your other things? Because you know you've got a really big stake in winning or losing that game.

"Mr. Speaker, this is on the road to corruption. Look, I'm not a goodie two shoes guy, but you know when the nose of the camel is in the tent, it's going to get worse. So, you go from betting on teams to betting on players. We're corrupting the human mind. Look, we're all tempted to do things that are not right. We're now structuring it so sports become, my God, did they really win that based upon merit, based upon their skills, based upon their integrity? Versus, hey look, somebody made a lot of money. And for those reasons, Mr. Speaker, this is not the best way to go. And we and Utah are the only places that don't have gambling as a legal entity in the state. So, why do we want to put the camel's nose in the tent and make it smell like this? Thank you."

Representative Marten rose and asked that the Clerk record a no vote for her on both measures, and the Chair "so ordered."

Representative Todd rose to speak in support of both measures, stating:

"Strong support. I've actually floated over the years a number of sports gambling measures. And very similar to cannabis and in a few other areas, it's already happening, it's already everywhere within our state. It's easily accessible more than ever because you can do it on your phone. I have a very large number of friends and acquaintances that are already doing this. The problem is that they're doing it and we're not collecting any of that revenue and it's gone completely unregulated. It's instantly accessible at any time, 24/7, 365. We'd be better off creating some sort of regulatory structure, or at the very least, providing some sort of comprehensive analysis on what that would look like so that we can make an informed decision. And I don't think that it's a thing of pride that we're one of only two states that have not found a way to legalize gambling in some capacity. I think it's kind of embarrassing sometimes, but I realize that everyone would disagree, well not everyone, but some would disagree. But looking forward to that comprehensive analysis and at least allowing us to make an informed decision down the road. Thank you."

Representative Matayoshi rose to speak in support of both measures with reservations, stating:

"Reservations. Good speech. I'm not a no anymore."

Representative Souza rose and asked that the Clerk record an aye vote with reservations for her on both measures, and the Chair "so ordered."

Representative Ward rose to respond, stating:

"Mr. Speaker, I mentioned one important point from the data. In opposition. The data, the literature clearly says the studies of those who lose

the money in gambling are the ones who can least afford it. We've got 63% of the Hawaiian families who are in ALICE category, 42% of the whole state is ALICE families. The ones most prone to gamble are going to be those people who can least afford it. And that's not me talking, that's the data, that's the literature, that's time and again. And then to try to rehabilitate habitual gamblers, you think it's hard with methamphetamines, *et cetera*. Getting a gambling habit to change is really a tough proposition. But the point is, we are punishing the poor of the State of Hawaii if we want to get into gambling. Regardless of, oh we're going to make a lot of money, I think that's a fantasy. Thank you, Chair."

Representative Holt rose to speak in support of both measures, stating:

"Thank you, Mr. Speaker. I appreciate the previous speaker's vigorous support of Native Hawaiians. In support. And I'd just like to note that it is federally been legal for a few years now. It would bring in extra revenue generation for our state. And I look forward to the results of this study. Thank you."
